PLEASE NOTE THAT ALL BCC MEETINGS ARE RECORDED AND TELEVISED

AGENDA
Board of County Commissioners
Regular Meeting – August 6, 2020 – 5:30 p.m.
Ernie Lee Magaha Government Building – First Floor

1. Call to Order.

   Please turn your cell phone to the vibrate, silence, or off setting.

   The Board of County Commissioners allows any person to speak regarding an item on the Agenda. The speaker is limited to three (3) minutes, unless otherwise determined by the Chairman, to allow sufficient time for all speakers. Speakers shall refrain from abusive or profane remarks, disruptive outbursts, protests, or other conduct which interferes with the orderly conduct of the meeting. Upon completion of the Public comment period, discussion is limited to Board members and questions raised by the Board.

2. Invocation – Commissioner Barry.

3. Pledge of Allegiance to the Flag.

4. Are there any items to be added to the agenda?

   Recommendation: That the Board adopt the agenda as prepared **(or duly amended).**

5. Commissioners' Forum.

6. Proclamations.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation commending and congratulating Natalie Jackson, a Senior Office Support Assistant in the Facilities Management Department, on her selection as the "Employee of the Month" for August 2020;

B. Adopt the Proclamation commending and congratulating Charles B. Ward on his retirement, and expressing appreciation for 35 years of faithful and dedicated service to Escambia County; and

C. Ratify the Proclamation dated July 30, 2020, honoring and congratulating Mrs. Mattie Lee Price on reaching the age of 100 and extending best wishes to her for continued good health and happiness.

7. Written Communication

July 22, 2020, communication from Howard J. Reddy, Vice President, Division of University Advancement, regarding the University of West Florida Reopening Campus Plan, for Fall 2020.

8. Did the Clerk's Office receive the proofs of publication for the Public Hearing(s) on the agenda and the Board's Weekly Meeting Schedule?

Recommendation: That the Board waive the reading of the legal advertisement(s) and accept, for filing with the Board's Minutes, the certified affidavit(s) establishing proof of publication for the Public Hearing(s) on the agenda, and the Board of County Commissioners – Escambia County, Florida, Meeting Schedule.

9. 5:31 p.m. Public Hearing for Consideration of Adopting an Ordinance Creating Volume 1, Chapter 94, Article 1, Section 94-9 relating to Micromobility Devices and Motorized Scooters on Pensacola Beach.

Recommendation: That the Board adopt and authorize the Chairman to sign the Ordinance regulating the operation of micromobility devices and motorized scooters on Pensacola Beach.

10. 5:33 p.m. Public Hearing for Consideration of the Fiscal Year 2020 Proposed Grant Application for Mass Transit Projects.

Recommendation: That the Board take the following action concerning the Fiscal Year 2020 Grant Application for Federal Transit Administration (FTA), Section 5339 Funds, for capital expenses:

A. Conduct a Public Hearing for the purpose of receiving comments from the general public on the Grant Application by the Mass Transit Department, for $1,612,050 in Federal Assistance, for Capital expenses;

B. Approve, or amend and approve, the Grant Application after receiving comments at the Public Hearing;

C. Adopt the Resolution authorizing the Chairman to execute all appropriate documents for the processing and receipt of federal funds from the Federal Transit Administration; and

D. Authorize the Mass Transit Department Director to file the Grant Application via the Federal Transportation Award Management System (TrAMS)

Mass Transit staff recommends that Escambia County Board of County Commissioners apply for the apportionment by approving an Application for the below program of projects:

BUDGET CATEGORY	**DEFINITION**	**PROJECT COST**
Shop Equipment	Bus Vacuum Cleaner	$300,000
Shop Equipment	Parts Washer, Hydraulic Press, Drill Press, Exhaust Fans for Shop	$82,050
Software	Operations Dispatching / Route Software	$980,000
Software	Passenger Information Software	$250,000
	TOTAL	**$1,612,050**

[Funding: The Grant Application is for a total of $1,612,050. Capital assistance requires a 20% local match of $403,013. The local match is covered by Federal Highway Toll Revenue Credits.]

11. 5:34 p.m. Public Hearing Concerning the Adoption of an Ordinance Establishing an Economic Development Ad Valorem Tax Exemption for the Navy Federal Credit Union Expansion.

Recommendation: That the Board adopt an Ordinance to establish an Economic Development Ad Valorem Tax Exemption (EDATE) for the Navy Federal Credit Union Expansion.

12. Reports:

CLERK & COMPTROLLER'S REPORT

Backup Not Included With The Clerk's Report Is Available For Review In The Office Of The Clerk To The Board
Ernie Lee Magaha Government Building, Suite 110

I. Consent Agenda

1. Recommendation Concerning Acceptance of TDT Collection Data for the May 2020 Returns Received in June 2020

That the Board accept, for filing with the Board's Minutes, the Tourist Development Tax (TDT) Collections Data for the May 2020 returns received in the month of June 2020, as prepared by the Finance Department of the Clerk and Comptroller's Office; this is the ninth month of collections for the fiscal year 2020; total collections for the month of May 2020 returns was $716,975.67; this is a 43.48% decrease from May 2019 returns; total collections year to date are 24.37% less than the comparable time frame in Fiscal Year 2019.

2. Recommendation Concerning Acceptance of the June 30, 2020 Investment Report.

That the Board accept, for filing with the Board's Minutes, the Investment Portfolio Summary Report for the month ended June 30, 2020, as required by Ordinance Number 95-13. On June 30, 2020, the portfolio market value was $329,548,157 and portfolio earnings totaled $353,411 for the month. The short term portfolio achieved a yield of 0.97%. The long-term CORE portfolio achieved a yield of 0.27%.

3. Recommendation Concerning Notice of Intent by the Escambia County Clerk of Court to Initiate Forfeiture Against Unclaimed Monies

That the Board accept, for filing with the Board's Minutes, the certified proof of publication of the advertisement of the Notice of Intent by the Escambia County Clerk of Court to initiate forfeiture by September 1, 2020, against unclaimed monies held by the Office of the Clerk of the Circuit Court and Comptroller, as published in the Escambia Sun Press on July 16, 2020.

4. Recommendation Concerning Minutes and Reports Prepared by the Clerk to the Board's Office

That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's office:

A. Accept, for filing with the Board's Minutes, the Report of the Committee of the Whole Budget Workshop held July 14, 2020;

B. Accept, for filing with the Board's Minutes, the Report of the Gary Sansing Public Forum held July 16, 2020; and

C. Approve the Minutes of the Regular Board Meeting held July 16, 2020.

GROWTH MANAGEMENT REPORT

I. Public Hearing

Speakers:	Tom Hammond, Anthony Baraco, Sherrie Baraco, Patsy Kee, Ramona Taylor, Ernestine Geci, Wade Geci, Michelle Warren, Douglas Cecil, Sandy Griner, Robert Jernigan, Brenda Presley, Mark Edwards, Frank Koskie, Jordan Walls, Harry Huelsbeck, Tammy Koskie, Thomas Warren, Brian Barr, Barbara Albrecht, Nancy Barr, Charles Hamilton, Mary Strawbridge, Thomas Hatch, Jennifer Rathbun, EG Presley, Edward Lance Presley, Shane Wood, Richard Hawkins, Paul Hawkins, Ellen Rostin, Thomas Haines, Emily Smith, Angela Windham, Katelyn Mines, Thomas Hix, Alexis Mines, Elliot Bawden, Veronica Bawden, Kimberly Birthright, Lupe Birthright, Robert Johnson, Jennifer Johnson, Rex Jenson, Raymond Bowne, Patricia Cornish, Steve Cornish, Mark Frances, Phillip Kittell, Lisa Kirkman, Namrata Advani, Tammy Dyess, Michael Dyess, Rosemary "Jana" Graves, Karrie Galvano, Christine Schuster, Janet Struck

2. 5:45 p.m. A Public Hearing for Consideration for Adopting an Ordinance Amending the Official Zoning Map

   That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning cases heard by the Planning Board on July 6, 2020, and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

3. 5:46 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map - SSA-2020-02

   That the Board review and recommend to the Board of County Commissioners (BCC) for adoption, an Ordinance amending the Future Land Use (FLU) Map for a Small Scale Amendment, SSA-2020-02, changing the Future Land Use category of a parcel within Section 34, Township 2S, Range 30W, Parcel # 0061-000-002, totaling 7.5 (+/-) acres, located on Westover Street, from Commercial (C) to Mixed-Use Suburban (MU-S).

4. 5:47 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map; SSA-2020-03

   That the Board review and recommend to the Board of County Commissioners (BCC) for action, an ordinance amending the Future Land Use Map (FLUM) of the Comprehensive Plan by Small-Scale Amendment SSA-2020-03, changing the Future Land Use category of a parcel within Section 50, Township 2S, Range 30W, Parcel # 1000-000-001, totaling 8.44 (+/-) acres, located on Old Corry Field Road, from Commercial (C) to Mixed-Use Urban (MU-U).

5. 5:48 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending Chapter 6, Definitions, Section 6-0.3 Terms Defined

   That the Board review and recommend to the Board of County Commissioners (BCC) for adoption, an Ordinance to the Land Development Code (LDC) amending Section 6-0.3 Terms Defined, to change the effective date for a lot of record from February 8, 1996, to April 16, 2015.

6. 5:49 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending Chapter 7, Policy FLU 1.1.1 and FLU 5.1 to Provide for an Amendment to the 2030 Future Land Use Map Named LSA-2020-02

   That the Board review and recommend to the Board of County Commissioners (BCC) for transmittal to DEO, an Ordinance amending the Comprehensive Plan, Chapter 7, 2030 FLU map, for the specific parcel 25-2S-31-1303-000-000, located on Dog Track Road, requesting to change the existing FLUM designation from Commercial (C) to Mixed-Use Urban (MU-U) of 88.24 (+/-) acres.

   This hearing serves as the first of two required public hearings.

7. Recommendation Concerning the Review of the Rezoning Case Heard by the Planning Board on June 1, 2020

That the Board take the following action concerning the rezoning case heard by the Planning Board on June 1, 2020:

A. Review and either adopt, modify, or overturn the Planning Board's recommendation for Rezoning Case Z-2020-03 or remand the case back to the Planning Board; and

B. Authorize the Chairman to sign the Order of the Escambia County Board of County Commissioners for the rezoning case that were reviewed.

1. Case No.:	***Z-2020-03***
Address:	5250 Blue Angel Parkway
Property Reference No.:	36-2S-31-1007-000-000
Property Size:	7.66 (+/-) acres
From:	LDR, Low Density Residential district (four du/acre)
To:	MDR, Medium Density Residential district (10 du/acre)
FLU Category:	MU-S, Mixed-Use Suburban
Commissioner District:	1
Requested by:	Tom Hammond, Agent for Forrest Homes and Steele Construction Inc., Owner
Planning Board Recommendation:	Approval
Speakers:	Tom Hammond, Robert Michelson, Clair Sowers, Larry Downs, Jr.

8. 5:50 p.m. A Public Hearing for Consideration for Adopting an Ordinance Amending the Official Zoning Map

That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning case heard by the Planning Board on June 1, 2020, and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

9. 5:51 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map, LSA-2019-05

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Comprehensive Plan, Chapter 7, 2030 Future Land Use (FLU) map, LSA-2019-05, changing the FLU category for two parcels located on Pine Forest Road, Parcel Number 24-1S-31-4230-000-020, totaling 10.28 (+/-) acres, and Parcel Number 24-1S-31-3140-000-000, totaling 3.66 (+/-) acres, from Commercial (C) to Mixed-Use Urban (MU-U).

This serves as the first of two public hearings.

II. Action Item

1. Recommendation Concerning the Review of the Comprehensive Plan Annual Report 2018/2019

   That the Board of County Commissioners (BCC) review and approve the 2018/2019 Comprehensive Plan Annual Report.

2. Recommendation Concerning a Hold Harmless Agreement for a Shore Protection Structure

   That the Board review and approve a hold harmless agreement with Triple R Holdings, LLC, for construction of a seawall at 5940 Red Cedar Street, Parcel I.D. # 15-3S-32-2001-013-005. The agreement will serve to hold the county, its officers and employees harmless from any damages to persons or property that may result from authorized construction.

3. Recommendation Concerning Final Plat Admiral's Quarters, Phase 1, Permit FP# 20051796PSD-FP

That the Board take the following action concerning recording of Admiral's Quarters, Phase 1 (a-60 lot subdivision with public residential townhome residences) located in the Pine Forest Community, lying south off W. Nine Mile Road (U.S. Alternate Highway 90) and west of Ashland Avenue. Owned and developed by D.R. Horton, Incorporated and owner SNS Stefani, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the Final Plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the final plat for recording;

B. Approve the street names "Iroquois Court," "Brigade Trail," "Battalion Cove," and "Farragut Way";

C. Accept all public easements, pond, and drainage improvements within public easements as depicted upon the final plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU);

D. Authorize the Chairman or Vice Chairman to execute a Two-Year Warranty Agreement without Surety for Streets and Drainage improvements; and

E. Authorize the Chairman or Vice Chairman to execute a Temporary Access Easement. **This attachment will be provided under separate cover.**

III. Consent Agenda

1. Recommendation Concerning the Scheduling of Public Hearings

That the Board authorize the scheduling of the following Public Hearings:

September 3, 2020

A. 5:45 p.m. - A Public Hearing - An Ordinance amending the Land Development Code (LDC), Chapter 4, to expand the use of recreational vehicles as living quarters, establish related use standards, and modify related provisions

Summary: Although recreational vehicles are not dwelling units, they can provide useful temporary living quarters beyond their primary recreational, camping, and travel uses. However, any such use of recreational vehicles outside of duly licensed campgrounds, recreational vehicle parks, or mobile home parks requires land use standards to protect the public health, safety, and general welfare.

B. 5:46 p.m. - A Public Hearing - An Ordinance to the Land Development Code (LDC) Chapter 3, Section 3-1.3 “Zoning and Future Land Use,” Subsection (G) “Future Land Use Designations,” and Subsection (I) “Zoning Implementation of FLU,” to add the Future Land Use Category of Agriculture Residential; amending Sections 3-2.2 “Agricultural District (AGR),” and 3-2.3 “Rural Residential district (RR)” to provide for AGR and RR Zoning districts in the AR Future Land Use category

Summary: Escambia County Board of County Commissioners found that the current Comprehensive Plan Section FLU 3.1.5 restricted the ability of a person or entity to obtain approval of a comprehensive plan amendment to the Rural Community (RC) future land use category. The Board of County Commissioners determined that FLU 3.1.5 unduly limited the Board’s ability to manage growth and development within the County; the Board found that an amendment to its Comprehensive Plan was necessary and appropriate based on the Goals and Policies of the Escambia County Comprehensive Plan.

C. 5:47 p.m. - A Public Hearing - An Ordinance amending the Comprehensive Plan: amending Chapter 3, Section 3.04, Definitions; amending OBJ FLU 1.3 Future Land Use Map designations; and amending OBJ FLU 3.1 Rural Development - CPA-2020-1 (first of two public hearings)

Summary: Escambia County Board of County Commissioners finds that the current Comprehensive Plan Section FLU 3.1.5 restricts the ability of a person or entity to obtain approval of a comprehensive plan amendment to the Rural Community (RC) future land use category; the Board has determined that FLU

3.1.5 unduly limits the Board's ability to manage growth and development within the County and should be amended.

COUNTY ADMINISTRATOR'S REPORT

I. Technical/Public Service Consent Agenda

1. Recommendation Concerning Amending the Residential Rehab Grant Program - Clara Long, Neighborhood & Human Services Department Director

That the Board ratify the following August 6, 2020, actions of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program for the Community Redevelopment Agency (CRA):

OLD VERSION	Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR ONE YEAR LIEN	Applicants are allowed funding for six eligible improvements, one-time per property.
PROPOSED VERSION	Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR TWO YEAR LIEN	Applicants are allowed funding for six eligible improvements, one-time per property.
OLD VERSION	Non-Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR ONE YEAR LIEN	Applicants are allowed funding for six eligible improvements, one-time per property.
PROPOSED VERSION	Non-Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR TWO YEAR LIEN	Applicants are allowed funding for sanitary sewer connections only.

2. Recommendation Concerning Community Redevelopment Agency Meeting Minutes, July 2, 2020 - Clara Long, Neighborhood & Human Services Department Director

   That the Board accept for filing with the Board's Minutes, the July 2, 2020, Community Redevelopment Agency's (CRA) Meeting Minutes, prepared by Sherry Duffey, CRA Development Program Manager.

3. Recommendation Concerning the Request for Disposition of Property for the Office of the Clerk of Court and Comptroller - Pam Childers, Clerk of the Circuit Court and Comptroller

   That the Board approve the Request for Disposition of Property Form for the Office of the Clerk of Court and Comptroller, for property which is to be auctioned or properly disposed of, all which is described and listed on the Form with the Agency and reason stated.

4. Recommendation Concerning the Permission to Enter Property - Non-Source Agreement with State of Florida, Department of Environmental Protection, for the Former Omni-Vest Landfill - J. Taylor "Chips" Kirschenfeld, Director, Department of Natural Resources Management

   That the Board approve and authorize the Chairman to sign the Permission to Enter Property - Non-Source Agreement with the State of Florida, Department of Environmental Protection (FDEP), to locate contamination, determine contamination levels, and when necessary, remove and remediate contamination which may be performed by the FDEP and its contractor. Specifically, to improve the existing road including one existing box culvert and one bridge, and construct a temporary culvert bridge over the Clark Sand Pond outfall to allow truck access for regrading and capping the Former Omni-Vest Landfill, per FEDP's Remedial Action Plan.

5. Recommendation Concerning Traffic Restrictions - Parking Prohibition on Perdido Key Drive - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the filing of new traffic restrictions - parking prohibition - per the requirements of Ordinance Number 2003-26, which authorizes the County Engineer to place restrictions on the movement of traffic on County roadways and streets:

A. Adopt the Resolution establishing the parking prohibition on Perdido Key Drive from Theo Baars Bridge to Alabama State Line; and

B. Authorize the Chairman to sign the Resolution.

Fund 175	Transportation Trust Fund	211201	53401	Sign Installations

Perdido Key Drive is located in Commission District 2.

6. Recommendation Concerning an Appointment to the Escambia County Housing Finance Authority - Janice P. Gilley, County Administrator

That the Board take the following action concerning appointments to the Escambia County Housing Finance Authority:

A. Waive the Board's Policy, Section I, Part B.1. (D), Appointment Policy and Procedures; and

B. Reappoint Robert Ward to serve another four-year term, effective August 1, 2020, through July 31, 2024, as requested by Patricia D. Lott, Executive Director of the Escambia County Housing Finance Authority.

A General Alert was posted on the County's website from July 1, 2020, to July 15, 2020, seeking Escambia County residents interested in volunteering to be considered for an appointment to the Authority. No Resumes' from citizens interested in serving on the Authority were received.

7. Recommendation Concerning the Approval of the Amended and Restated Interlocal Agreement Between Escambia County, Santa Rosa County, and the City of Pensacola - Jason Rogers, Public Safety Department Director

That the Board take the following action concerning the Amended and Restated Interlocal Agreement between Escambia County, Santa Rosa County, and the City of Pensacola. Santa Rosa County agrees to pay an annual service fee of $118,717.42, which is equal to 31% of the annual recurring maintenance and system upgrade fees. The City of Pensacola agrees to pay an annual service fee of $53,614.31, which is equal to 14% of the annual recurring maintenance and system upgrade fees. Each party's proportionate share will be subject to review every three years, and the annual service fees may be adjusted by written amendment to this Interlocal Agreement:

A. Approve the Agreement commencing October 1, 2020, and expiring on September 30, 2021, with automatic renewals for successive 12-month terms beginning on October 1st of each fiscal year until terminated by either party; and

B. Authorize the Chairman to sign the Agreement.

8. Recommendation Concerning the Approval of the Amended and Restated Interlocal Agreement Between Escambia County, Florida, and the University of West Florida - Jason Rogers, Public Safety Department Director

That the Board take the following action concerning the Amended and Restated Interlocal Agreement between Escambia County, Florida, and the University of West Florida:

A. Approve the Interlocal Agreement commencing October 1, 2020, and expiring on September 30, 2021, with automatic renewals for successive twelve-month terms beginning on October 1st of each fiscal year until terminated by either party; and

B. Authorize the Chairman to sign the Agreement.

[Funding: N/A]

9. Recommendation Concerning the Scheduling of a Public Hearing to Consider the Vacation of the Alleyway Located in Block 28 of Englewood Heights - Joy Jones, P.E., Engineering Department Director

That the Board schedule a Public Hearing for September 3, 2020, at 5:32 p.m., to consider the Petition to Vacate the Alleyway Located in Block 28 of Englewood Heights (0.14 acres, more or less), as petitioned by the School District of Escambia County, represented by its Agent, Nicholas King, P.E.:

A. Authorize the scheduling of a Public Hearing for September 3, 2020, at 5:32 p.m., to consider the Petition to Vacate the Alleyway Located in Block 28 of Englewood Heights (0.14 acres, more or less), as petitioned by the School District of Escambia County, represented by its Agent, Nicholas King, P.E.; and

B. Require the Petitioner to notify all property owners within a 1,500 feet radius.

The real property mentioned in this Petition to Vacate is located in Commission District 3.

II. Budget/Finance Consent Agenda

1. Recommendation Concerning the Contract Award for SHIP Housing Rehabilitation Services for 7750 Fiesta Road - Clara Long, Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for State Housing Initiatives Partnership (SHIP) Program Housing Rehabilitation Services for 7750 Fiesta Road:

A. Authorize the County Administrator to sign the SHIP Housing Rehabilitation Services Program Agreement between Escambia County, Florida; David H. Griffin Enterprises, LLC, Contractor; and Miranda Yelder, Owner; per the terms and conditions of NED S-R-2020-10, NED SHIP Housing Repair for 7750 Fiesta Road, for a bid of $29,000; and

[Funding Source: Fund 408, Emergency Medical Services, Cost Center 330302, EMS]

7. Recommendation Concerning the Issuance of Fiscal Year 2019/2020 Purchase Order to Deere & Company, for the Public Safety Department - Jason Rogers, Public Safety Department Director

That the Board, for Fiscal Year 2019/2020, approve the issuance of an individual Purchase Order to Deere & Company, based upon previously-awarded Contracts, Contractual Agreements or annual requirements, for the Public Safety Department:

Vendor/Contractor	Amount	Contract Number
Deere & Company Vendor #: 100304 Fund 353, LOST IV, Public Safety Cost Center: 330434 Project: 20PS1294	$14,415.03	National Purchasing Partners (NPP) UVs PS18010 (PG 8Z CG 70)

[Funding Source: Fund 353, LOST IV, Cost Center 330434, Public Safety LOST]

This project is located in Commission 4 District.

8. Recommendation Concerning an Agreement for Radio System Upgrade, Maintenance, and Extended Microwave Warranty with Motorola Solutions, Inc., for the County's P25 Digital UHF Radio & Microwave Systems -Jason Rogers, Public Safety Department Director

That the Board take the following action concerning the Agreement with Motorola Solutions, Inc.:

A. Approve and authorize the County Administrator to sign the Agreement and any subsequent related documents without further action by the Board; and

B. Authorize the issuance of an annual Purchase Order.

[Funding Source: Fund 353, LOST IV, Cost Center 330434, $4,240,935 and Fund 001, General Fund, Cost Center 330403, $5,114,081]

9. Recommendation Concerning a Change Order for Emergency Systems Services, Inc. - Jason Rogers, Public Safety Director

That the Board approve and authorize the County Administrator or designee to execute Change Order #1 to Purchase Order #200177, to Emergency Systems Services, Inc., for unscheduled generator maintenance for the Communications Division.

Department:	Public Safety	Funding Source: 001, General Fund; Cost Center 330403, Object Code 54601
Division:	Communications	
Type:	Addition	
Amount:	$4,000	
Vendor:	Emergency Systems Services, Inc.	
Purchase Order:	200177	
Change Order:	1	
Original Award Amount	$28,980	
Cumulation Amount of Change Orders Through This Change Order:	$4,000	
New Purchase Order Total:	$32,980	

10. Recommendation Concerning the State-Funded Grant Agreement to Update the Hazardous Materials Facility Analysis Data - Jason Rogers, Public Safety Department Director

That the Board take the following action regarding the State-Funded Grant Agreement between the State of Florida, Division of Emergency Management and Escambia County, providing performance-based funding to the Escambia County Division of Emergency Management in the amount of $11,681 to update the Hazardous Materials Facility Analysis Data for the period ending June 30, 2021:

A. Approve the State-Funded Grant Agreement between the State of Florida, Division of Emergency Management and Escambia County;

B. Authorize the Chairman or Vice Chairman to execute the Grant Agreement; and

C. Authorize the Manager of the Division of Emergency Management to execute and certify each Grant quarterly report, reimbursement request, Grant close-out report, and any subsequent documents as appropriate to implement this Grant.

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement:

Section (21) Mandated Conditions, Subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."

[Funding: Fund 110, Other Grants and Project Funds, Cost Center 330323]

11. Recommendation Concerning Acceptance of the Fiscal Year 2019/2020 Escambia County Expenditure Comparison Summary Reports and Community Partners Reports for the 3rd Quarter, Which Ended 6/30/2020 - Sharon Harrell, Interim Budget Manager, Management and Budget Services

That the Board accept for the record the Fiscal Year 2019/2020 Escambia County Expenditure Comparison Summary by Fund, Expenditure Comparison Summary by Division/Cost Center, and Community Partner Reports for the third quarter, which ended June 30, 2020.

As of June 30, 2020, Escambia County Expenditure Comparison by fund total percent of budget utilized is at 43%; the Fiscal Year 2019 percent of budget utilized was 44%. Total expenditures as of June 30, 2020, are $349 million, while total expenditures, as of June 30, 2019, were $382 million. Current encumbrances of $78.6 million are noted, but not included in the calculation as they impact future expenditures.

The Board of County Commissioners, on September 23, 2019, agreed that all community partners receiving funds from Escambia County would be required to provide a goals and metrics Scorecard. The goals and metrics scorecard is designed to allow the recipient to provide information stating how the funding received is being used.

12. Recommendation Concerning Pensacola Developmental Center Request for Deferring July Lease Payment due to COVID-19 - Sharon Harrell, Interim Budget Manager, Management and Budget Services

That the Board approve the request of Pensacola Developmental Center, located at 1 Villa Drive, Pensacola, FL 32506, to defer the July lease payment until August, at which time both July and August lease payments will be made.

13. Recommendation Concerning Supplemental Budget Amendment #175, Sheriff's Department, Henrique Dias, Chief Financial Officer - Sharon Harrell, Interim Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #175, General Fund (001), in the amount of $17,015, to recognize the Sheriff's off-duty officer reimbursements, miscellaneous fees, auto repairs, public records and investigation costs, and to appropriate these funds back into the Sheriff's Administrative Budget, to offset operational expenses associated with providing law enforcement services in Escambia County.

- Original Agreement - Blue Arbor
- Original Agreement - JJW Services d/b/a Accustaff, Inc.

35. Recommendation Concerning Termination of Contract with Safe Lawn, Inc. - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board, per the terms and conditions of PD 19-20.016, Escambia County Parks and Recreation Grounds Mowing and Trimming for Athletic Parks, Zone 4:

A. Terminate the Contract with Safe Lawn, Inc. (Zone 4) effective August 6, 2020. The firm provided notice requesting termination of Agreement on July 6, 2020; and

B. Approve and award Escambia County Parks and Recreation Grounds Mowing and Trimming for Athletic Parks, Zone 4, to Gulf Coast Environmental Contractors, Inc., for the remaining term of the term of the Agreement (year one expires on February 19, 2021).

Vendor/Contractor	Funding	Amount	Contract Number
Gulf Coast Environmental Contractors, Inc.	Fund 353, LOST IV; Cost Center 350221, Parks Capital Projects; Object Code 53401, Other Contractual Services, Project #: 19PR819	$28,350	PD 19-20.017

36. Recommendation Concerning the Discretionary Allocation for County Employee Morale and "Thank You" Events - Robert Bender, County Commissioner, District 4

That the Board approve funding $3,000 from Commissioner Robert Bender's discretionary funds that he can use toward County Employee Morale and "Thank You" events during Fiscal Year 2019/2020 and Fiscal Year 2020/2021.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

37. Recommendation Concerning the Coronavirus Relief Fund Rent, Mortgage, and Utility Assistance Program - Clara Long, Neighborhood & Human Services Department Director

That the Board approve the Coronavirus Relief Fund (CRF) Rent, Mortgage, and Utility Assistance Program to assist income qualifying tenants and homeowners affected by COVID-19.

[Funding: Fund 110/CARES-CRF-FHFC Housing, Cost Center 370239]

III. For Discussion

1. Recommendation Concerning State Law Enforcement Trust Fund - Henrique Dias, Chief Financial Officer, Escambia County Sheriff's Office Finance Division

That the Board approve the following allocation for Mr. Robbins Neighborhood, in the amount of $10,000 of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5) for Outside Agency partners in Escambia County for Fiscal Year 2019/2020:

Upon approval of this funding allocation, the Sheriff's Office will process all appropriate paperwork and submit for payment from LET Funds to the Escambia County Clerk of the Circuit Court and Comptroller.

[Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

2. Recommendation Concerning the Escambia CARES Act Conceptual Plan and Implementation - Janice P. Gilley, County Administrator

That the Board:

A. Discuss and approve the Escambia CARES Act Conceptual Plan;

B. Authorize the County Administrator to serve as the Authorized Agent for the CARES Act Funding Agreement and any subsequent Agreements or documents requested by the grantor;

C. Approve the Contract with a professional consultant to provide CARES Act Strategic Services for grant eligibility requirements, fraud detection, and the leveraging of funding to Escambia County; and

D. Due to the urgency and grant expenditure deadline of December 30, 2020, authorize the County Administrator to implement inter-program transfers of CARES Act funds as needed, and authorize the waiving of competitive requirements for eligible expenditures of CARES Act funds.

BACKUP TO BE DISTRIBUTED UNDER SEPARATE COVER.

COUNTY ATTORNEY'S REPORT

I. For Action

1. Recommendation Concerning Escambia County State of Local Emergency.

That the Board take the following actions:

A. Ratification of Escambia County State of Local Emergency Resolution R2020-94 and R2020-95; and

B. Extension of Escambia County State of Local Emergency.

2. Recommendation Concerning FDEP vs. Chavers Construction Inc. and Escambia County.

That the Board take the following actions:

A. Authorize the County Administrator to execute the FDEP Consent Order; and

B. Authorize payment of the administrative fine or the development of an in-kind project to satisfy the requirements of the Consent Order without further action by the Board; and

C. Accept for information that the required remediation is incomplete and the County remains jointly responsible for the outcome until complete and accepted by FDEP.

[Funding: Fund 001, Cost Center 110201, Object Code 54901]

II. For Information

1. Recommendation Concerning Brad Crain v. Escambia County, Office of Environmental Enforcement, First District Court of Appeal Case No. 1D19-2494.

   That the Board be made aware that the Petition for Writ of Certiorari filed by Mr. Brad Crain in the First District Court of Appeal, State of Florida, has been denied.

13. Items added to the agenda.

14. Announcements.

15. Adjournment.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18252 **Proclamations 6.**
BCC Regular Meeting
Meeting Date: 08/06/2020
Issue: Adoption/Ratification of Proclamations
From: Janice Gilley, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:
Proclamations.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation commending and congratulating Natalie Jackson, a Senior Office Support Assistant in the Facilities Management Department, on her selection as the "Employee of the Month" for August 2020;

B. Adopt the Proclamation commending and congratulating Charles B. Ward on his retirement, and expressing appreciation for 35 years of faithful and dedicated service to Escambia County; and

C. Ratify the Proclamation dated July 30, 2020, honoring and congratulating Mrs. Mattie Lee Price on reaching the age of 100 and extending best wishes to her for continued good health and happiness.

BACKGROUND:
On March 21, 2013, the Board approved the "Employee of the Month and Employee of the Year Awards Program." Each Department will submit one employee to be nominated as the "Employee of the Month." The County Administrator will then select one employee from the nominations. The employee who is selected will receive a check in the amount of $250, a Proclamation, and a plaque that will hang in the lobby of the Ernie Lee Magaha Government Building for that month.

Various departments, outside agencies, special interest groups, civic and religious organizations in recognition of specific events, occasions, people, etc., request Proclamations.

Information provided on the Proclamation is furnished by the requesting party and placed in the proper acceptable format for BCC approval by the County Administration staff.

Board approval is required by Board Policy Section I, A (6).

BUDGETARY IMPACT:

The Employee of the Month Award Program will cost $250 per month; the Employee of the Year Award Program will cost $500 per year. Funding is available through Fund 001, General Fund, Cost Center 150101, Object code 55201.

Natalie Jackson, Employee of the Month, August 2020

Charles B. Ward Retirement Proclamation

Mattie Lee Price Centenarian Proclamation

PROCLAMATION

***WHEREAS**, Escambia County has established an "Employee of the Month Program" to recognize one employee to represent the various departments; and*

***WHEREAS**, Natalie Jackson, a Senior Office Support Assistant, in the Facilities Management Department, is selected as "Employee of the Month" for August 2020, for the standards of excellence that she has displayed in the performance of her duties; and*

***WHEREAS**, Ms. Jackson began her employment with the County on October 25, 1999, and provides excellent service to the citizens of Escambia County through all assigned duties; and*

***WHEREAS**, as the Senior Office Support Assistant assigned to Facilities Management's Maintenance Request Center (MRC), Ms. Jackson receives trouble calls for maintenance concerns by telephone, email, or through the Computer Maintenance Management System, Lucity's Work Requestor. With her knowledge and experience, she determines the urgency of the request and takes the proper action to ensure the issue is addressed and reviews work orders for accuracy and completeness. Ms. Jackson also places service requests for pest control and elevator problems; and*

***WHEREAS**, if a catastrophic event, such as a hurricane, tornado, terrorist attack, etc., should strike Escambia County, Ms. Jackson works in our Maintenance Request Center (MRC), receiving calls on building issues and/or could be assigned to a County-sponsored Distribution Center, where she would assist in handing out food and water to citizens in need; and*

***WHEREAS**, Ms. Jackson's duties and responsibilities bring her into daily contact with other BCC Department personnel and the personnel of other Escambia County elected officials. She displays a positive attitude and professional expertise when carrying out her daily responsibilities. She works hard to develop an excellent working relationship with all her customers; and*

***WHEREAS**, Ms. Jackson was nominated and selected by her fellow employees as their Facilities Management Employee of the Month for June 2020 for "Performance Versatility." She has earned a reputation for dedication and a determination to meet or exceed her customers' expectations. This acknowledgement by her peers is just one of the many demonstrating that Ms. Jackson is an invaluable asset to the Department and to the citizens of Escambia County.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners of Escambia County, Florida, commends and congratulates Ms. Natalie Jackson on her selection as the "Employee of the Month" for August 2020.*

Adopted: August 6, 2020

PROCLAMATION

***WHEREAS**, Charles B. Ward began his career with Escambia County in January of 1985, with Escambia County Board of County Commissioners' Public Works Department, Roads Division, as a Maintenance Worker, and will retire as a Lead Maintenance Technician, with Escambia County Board of County Commissioners' Parks and Recreation Department, with 35 years of service with Escambia County; and*

***WHEREAS**, Mr. Ward has been an integral member of the Parks and Recreation Department as a Lead Maintenance Technician; and*

***WHEREAS**, Mr. Ward consistently provided excellent service to the citizens of Escambia County through all his assigned duties, mainly leading and operating large equipment and projects throughout the park inventory; and*

***WHEREAS**, Mr. Ward is to be commended for his professional and personal dedication and service to the Parks Department and Escambia County as a whole.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners, on behalf of the citizens of Escambia County and fellow employees, commends and congratulates Charles B. Ward on his retirement.*

***BE IT FURTHER PROCLAIMED**, that the Board of County Commissioners expresses its appreciation to Charles B. Ward for 35 years of faithful and dedicated service to Escambia County.*

_____
Deputy Clerk

Adopted: August 6, 2020

PROCLAMATION

WHEREAS, *the Board of County Commissioners recognizes that a Centenarian is a person who has attained the age of 100 years or more of life, and the community is enriched by Centenarians. Centenarians are among the fastest-growing segment of our population and create a link to our history. It is a great distinction for Mrs. Mattie Lee Price to celebrate 100 years of life; and*

WHEREAS, *Mrs. Price was born on August 2, 1920, in Evergreen, Alabama, the oldest of six children; and*

WHEREAS, *Mrs. Price moved to Pensacola in 1940 to pursue a career in domestic engineering; and*

WHEREAS, *Mrs. Price married George Collins and they had three children, Sara, Willie, and Phyllis; and*

WHEREAS, *Mrs. Price later married Robert Price and they purchased their first home on Bobe Street in 1965 in the Englewood Community Redevelopment Area, where she still resides; and*

WHEREAS, *Mrs. Price is a member of Talbot Chapel A.M.E. Zion Church and has served faithfully as a member of the Usher Board, President of the Christian Education Department, as well as in the Kitchen Ministry; and*

WHEREAS, *Mrs. Price relishes activities such as cooking and baking for her family and community, as well as playing bingo and relaxing on her porch; and*

WHEREAS, *Mrs. Mattie Lee Price creates a link to our history; she lauds the spirit, inspiration, and endurance represented by one of our oldest residents and is a valued member of our community.*

NOW, THEREFORE, BE IT PROCLAIMED, *that the Board of County Commissioners of Escambia County, Florida, honors and congratulates Mrs. Mattie Lee Price on reaching the age of 100 and extends best wishes to her for continued good health and happiness.*

UWF Reopening Plan

UNIVERSITY of WEST FLORIDA

University of West Florida Reopening Campus Plan

FALL 2020

Introduction

"When patterns are broken, new worlds emerge." —Tuli Kupferberg

The switch to all-remote course delivery in March 2020 went smoothly at the University of West Florida because of prior preparation and the heroic efforts of faculty and staff. We had previously created Canvas shells for every course offered at the University. Faculty had only to activate the shells to launch their online courses. As a result, UWF students were able to complete the spring academic term safely and successfully.

Many acts of generosity and creativity have inspired us over the past few months. We owe a debt of gratitude to a myriad of Argo alumni, community members and friends of the University who stepped up to provide needed financial support for our students in their time of need.

As we prepare for the reopening of our campuses for Fall 2020, we do so with four primary intentions:

- To provide the safest possible resumption of University operations for all.
- To preserve the highest standards of quality in our teaching and research.
- To keep any additional disruptions to a minimum.
- To build on lessons learned from these unprecedented events.

TABLE OF CONTENTS

Introduction	1	Healthy Community Environment	8	Academic Program Development	13
Executive Summary	2	COVID-19 Virus Testing	9	Compliance	19
Healthy Campus Environment	4	Contact Tracing and Surveillance	10	Appendices	i

Executive Summary

The University of West Florida developed this COVID-19 Reopening Campus Plan while keeping the safety, security and well-being of students and employees at the forefront of every decision.

This plan is a living document and is subject to change based upon federal, state or local guidance. Actions outlined in this plan may not happen sequentially as described, but instead will be implemented in relation to the ever-changing situation and conditions. In the event of a second wave of COVID-19 infections, re-implementation and mitigation procedures will be quickly executed.

The plan maintains focus on the University's mission to ensure the continuity of academic instruction, research and service while safeguarding students' continued progression in their courses of study.

To form a thorough Fall 2020 Return to Campus Plan, UWF President Martha Saunders established a Return to Campus Task Force and five subcommittees to focus on the below specific key areas that align with the reopening blueprint provided by the Florida Board of Governors. The task force, which includes representatives from all areas of the institution, addresses and monitors the repopulation framework during weekly meetings.

Healthy Campus Environment

The University will deploy strategies for a healthier campus environment, including providing face coverings, hand sanitizer, mandatory training modules and educational materials, among other resources, to students, employees and visitors. A significant number of events and services will be offered remotely. All facilities will adhere to CDC guidelines and safety protocols for on-campus residents will be enhanced.

Healthy Community Environment

UWF will engage with area business and civic leaders to promote a healthier and safer community. The University will identify venues that practice social distancing measures and cross-promote with these establishments.

COVID-19 Virus Testing

UWF will implement a comprehensive pre-screen and testing program as students and employees return to campus.

Contact Tracing and Surveillance

UWF will conduct initial contact tracking for the COVID-19 virus for the safety and well-being of students and employees. Any student or employee who reports that they have received a lab-confirmed positive COVID-19 test will be contacted by a contact tracker to evaluate potential exposure within the UWF community. The information gained during the contact tracking will be provided to the local Department of Health contact as deemed necessary to protect the health and welfare of the campus and the community.

Academic Program Development

The University will expand its course delivery options for students to ensure they receive the top-rate education they expect from UWF while maintaining health and safety protocols. Classroom facilities will be thoroughly cleaned and include signage that indicates student seating based on social distancing guidelines. UWF will work collaboratively with employers of students on maximizing the safety of each employer's worksites and internship sites. The University will also continue enhancing its faculty training and professional development to support new technologies for remote instruction.

PHASED EMPLOYEE RETURN TO CAMPUS

The UWF Return to Campus Task Force developed and began implementation of a three-phased approach for employees returning to campus. Each phase is directed by guiding principles as established by the University. The safety, security and well-being of the University community will remain of the utmost importance during this process. The plan strives to minimize potential exposure of returning students and employees to the virus and reduce opportunities for community transmission.

Phase 1 — Initial Resumption of Core On-Campus Operations permits up to 25% of employees in a department area to return to the work location simultaneously, as approved by department heads, with remote work continuing as the primary work arrangement for employees.

Phase 2 — Return to Limited Normal Operations with Ongoing Restrictions permits up to 50% of employees in a department area to return to the work location simultaneously, as approved by department heads.

Phase 3 — Return to Normal Operations with Long-Term Adjustments permits all employees to return to campus.

Healthy Campus Environment

Developing a healthier and safer UWF community is a shared responsibility between the University and the individual. The University will provide face coverings and hand sanitizer to students, employees and visitors. Training will be required for faculty, staff and students and a variety of educational materials and resources will be provided. A significant number of events and services will be offered remotely. All facilities will adhere to CDC guidelines and safety protocols for on-campus residents will be enhanced.

HEALTH, WELLNESS AND PREVENTION

Personal Protective Equipment Kit

UWF will provide one reusable cloth face covering and a bottle of hand sanitizer for every student, employee and visitor. Face coverings will be required in ALL UWF locations. Exceptions include private office settings, as well as outdoor work and areas separated from others by at least six feet. A person not wearing a face covering will be asked to put one on or leave the area.

Anyone with a disability that prevents them from wearing face coverings will be directed to Student Accessibility Resources (students), Human Resources (employees) or Visitors Center (visitors) and accommodations will be made.

TRAINING AND EDUCATION

Mandatory COVID-19 Training Module

- Students: All students returning to campus are required to participate in the COVID-19 Student Training.
- Employees: All employees returning to their work location are required to participate in the COVID-19 Employee Training Module.

Educational Materials

The University has developed a variety of health, wellness and prevention promotional materials that will be displayed throughout campus. These posters and flyers include topics such as handwashing and when to wear a facial covering, among other prevention tips. Materials also direct the campus community to visit UWF's coronavirus website, which houses all the University's information on COVID-19.

FACILITIES

All facilities will adhere to CDC guidelines, as well as University established guidelines for providing a safer environment. UWF has increased its scheduled custodial cleaning of facilities on campus and taken extra measures to disinfect frequently touched areas like doorknobs, stair rails, elevator buttons and other surfaces (such as exercise equipment and classroom AV equipment). UWF purchased free-standing plexiglass customer service windows for reception desks and similar workstations where employees come in direct contact with other

students, employees or visitors. Furniture and equipment will be rearranged or closed off to ensure proper social distancing, and the number of available computer terminals will be reduced. Hours of operation for buildings with reduced hours will be adjusted monthly per established guidelines.

STUDENT LIFE

STUDENT ACTIVITIES AND CAMPUS CULTURE

Student Organizations and Events

UWF plans to resume events and activities as appropriate, given the health environment of the campus and the local community.

- Student organization procedures and support programs will be delivered virtually through September.
- Events will be limited to fewer than 50 attendees until phase 3 of the UWF Return to Campus Plan begins.
- Events with an expected attendance of 250 or more will be cancelled or conducted virtually for the Fall 2020 semester.
- All other events will adhere to the state and University established guidelines.

Fraternity and Sorority Life

UWF plans to resume Fraternity and Sorority Life operations and events as appropriate.

- FSL procedures and operations will be delivered virtually through September via chapter liaison meetings, officer workshops and FSL info sessions.
- FSL procedures and operations delivery methods for October through the end of the semester will be adjusted as appropriate, given the health environment of the campus community.
- Events will be limited to fewer than 50 attendees until phase 3 of the UWF Return to Campus Plan begins.
- Events with more than 250 attendees will be cancelled for the entire semester.
- All meetings and gatherings, including recruitment activities, must be conducted in adherence to University established guidelines.
- Council and chapter plans regarding recruitment and new member processes will be updated regularly on the FSL website at **uwf.edu/fsl**.

Education Research Center for Child Development

The ERCCD will open in a phased approach with reduced hours and reduced enrollment capacity. Staff will return in early to mid-July to begin training and preparation. A soft opening will begin in late July/early August for children. Children of students will return first, followed by children of employees and alumni.

HOUSING AND RESIDENCE LIFE

UWF will continue honoring housing contracts for the fall semester. HRL staff will focus on one-on-one interaction with residents for support and resources, as well as virtual programming.

Isolation Protocol

UWF will reserve spaces for COVID-19 isolation, as needed. A student who tests positive will be moved immediately to an isolation/quarantine space. If someone comes in personal contact with that student in their living space, that unit will be quarantined until test results are available. If the student comes in contact with someone outside their living unit, that individual will be moved to an isolation/quarantine space. Anyone moved to an isolation/quarantine space will be provided with food, counseling and other services as needed. HRL is also working with local hotel partners to provide alternative options for student housing, if needed.

Staff and Resident Assistant Training

HRL will provide COVID-19 related training to all staff and use a virtual meeting to educate all residents on safety and the new policies and guidelines.

Extensive email communication will be sent to students and parents highlighting the new policies, guidelines and move-in plans. Residents will be asked to sign a COVID-19 liability waiver/disclaimer before moving in to make sure they understand their personal responsibility for health and safety.

Safety Protocols for Residents

UWF will enhance student health and safety measures for residents through the following protocols:

- Move-in Day will be expanded to a full week, during which a drive-through move-in process will be established.
- Residents will be provided with welcome back kits that include a cloth face covering, thermometer and hand sanitizer.
- Residence hall common areas will be cleaned several times a day in compliance with enhanced CDC cleaning protocols.
- Barriers will be installed and hold 36 spaces for quarantine and isolation.
- The number of residents in the lounges and other common spaces will be limited to no more than 10 people.
- The number of guests a resident may have at any given time will be limited to one person.
- Health, wellness and prevention promotional materials will be posted throughout each residence hall.

STUDENT SERVICES

Counseling Services

Counseling and Psychological Services will provide services remotely to students. Crisis intervention and evaluation for Baker Acts will be provided on campus, as clinically appropriate. Crisis intervention services will be available remotely to all students 24/7. A virtual online peer-to-peer support community will be available to students 24/7.

Health Services

Student Health Services will provide services using both telehealth and face-to-face office visits. SHS will reserve two hours each day to provide COVID-19 testing to students. SHS will work with Recreation and Wellness Services to promote increased participation in flu vaccination among students.

Recreation

The Health, Leisure, and Sports facility will be reopened and will operate on modified hours based on peak usage times, allowing time for additional cleaning. Physical distancing of six feet will be practiced in all areas and capacity limitations will be enforced. Touchless transactions will be utilized for entry to the facility and for point-of-sale. Increased sanitization of all equipment will occur and be the shared responsibility of the user and the HLS staff.

The use of personal storage lockers, towel service and shower access will be discontinued. Water fountains will be discontinued, but water filling stations will remain operational. Equipment checkout will be limited and returned equipment will be removed from the rotation for 24 hours after return. Outdoor Adventure and Intramural activities will be offered within the University's established guidelines. The UWF Aquatic Center will operate with limited programming and reduced capacity.

Modifications to UWF Recreation's operations are guided by the following organizations: the CDC; Climbing Wall Association; Association of Outdoor Recreation and Education; American Industrial Hygiene Association; Florida Department of Business and Professional Regulation; National Intramural, Recreation and Sports Association; National Federation of State High School Associations; Starfish Aquatics Institute; Occupational Safety and Health Act; and the USA Swimming organization.

Dining Services

Dining Services, including the Nautilus Market and most retail operations, will open and follow social distancing guidelines, including reduced occupancy. To-go dining options will be available. All meals will be served by dining staff. The tables will be cleaned after every use. Employees will conduct personal safety checks before reporting to work.

UWF John C. Pace Library

The UWF John C. Pace Library will reopen with reduced hours and reduced access to certain spaces. The University Archives department will be by appointment only; the third and fourth floors of the library will be closed; study carrels and group study rooms will be closed; and the 3D printing lab in SkyLab will be closed, but printing may be requested. Library instruction will be conducted virtually and reference consultations will be by video appointment. The Reference Desk will be accessible through open online office hours.

Furniture will be spaced appropriately and cleaning supplies will be available for students to wipe study tables down before and after use. Returned equipment and materials will be quarantined and then cleaned before returning to circulation. Late fees will continue to be waived until the library is fully operational.

The UWF Library will follow the Council of State University Libraries' Guiding Principles for Reopening University Libraries and the CDC guidelines.

INTERCOLLEGIATE ATHLETICS

University Athletics will comply with the UWF, NCAA and Gulf South Conference standards to return employees and student-athletes.

General Guidelines:

- UWF Athletics will follow the University and state guidelines for screening, testing and tracking of its student-athletes and staff.
- UWF Athletics will follow the Gulf South Conference and NCAA guidelines and provide an adequate acclimatization period for student-athletes to get back into game shape.
- UWF Athletics will promote and support appropriate adherence by student-athletes and the Athletics staff to applicable health and hygiene recommendations.

VENDORS, VISITORS AND VOLUNTEERS

UWF will ensure visitors are aware of protocols that promote a safer and healthier campus. The University will require guests comply with the same requirements as students and employees, including wearing personal face coverings. If protocols are not followed, guests will be asked to leave the premises immediately. A limited supply of disposable face coverings will be provided in high traffic areas (e.g., Visitors Center, University Commons, Recreation). Signage detailing guidelines will be posted at the Visitors Center and throughout the University.

Healthy Community Environment

UWF will engage with area businesses, organizations and civic leaders to promote a healthier and safer community. The University will identify venues that practice social distancing measures and cross-promote with these establishments.

Engaging the Community in Shared Responsibility

UWF will contact the Greater Pensacola Chamber of Commerce, Pensacola Downtown Improvement Board and the Fort Walton Beach Chamber of Commerce leadership to secure written acknowledgment of a shared responsibility to protect the health and well-being of the community. The University will also work with the organizations to develop a database of businesses that are adhering to social distancing measures.

UWF will share its plan for a healthier and safer University community with city and county leadership, request a public endorsement from civic leaders and work with identified organizations on promoting the adoption of guidelines by their members.

COVID-19 Virus Testing

UWF is implementing a comprehensive pre-screen and testing program to return students and employees to campus.

STUDENT PRE-SCREENING

All students visiting campus are required to take the **Daily COVID-19 Return to Campus Pre-screening** every day before coming to a University location or leaving their residence hall room. Students without access to technology will be asked to contact Student Health Services or the Dean of Students Office by telephone to complete the screening over the phone.

The pre-screening will include a question on recent travel. If travel restrictions are imposed by the state, any student will be required to abide by those restrictions.

Student Health Services will be notified if a student answers “yes” to a question in the pre-screening and will assist the student in testing. Housing and Residence Life will quarantine students immediately if they live on campus.

STUDENT TESTING

Student Health Services will procure and administer a rapid test kit for COVID-19 that allows preliminary results within several minutes. The test will also be sent to a laboratory for final confirmation of COVID-19 within two-to-three days. The preliminary rapid test kit results will allow SHS personnel to quickly identify and respond to any hot spot locations on campus in coordination with the UWF Contact Trackers (listed below). SHS will reserve two hours each day to provide COVID-19 testing to students at the Student Health Clinic.

SHS also plans to establish mini mobile testing locations around campus; the specific locations and schedule will be determined by August 1, 2020. If a student would like to take the COVID-19 test on their own, they may visit an official testing site or contact their health care provider.

SHS will work in concert with the Recreation Department and the Counseling and Wellness Services Department to promote increased participation in flu vaccination among students.

EMPLOYEE PRE-SCREENING

All employees directed to return to their work location by their supervisors are required to take the **Daily COVID-19 Return to Campus Pre-screening** before arriving on campus each day. If a department has employees unable to access a computer or mobile device before work, the pre-screening must be completed via the official paper form before entering a UWF building. Each employee will be provided direction based on their answers to the questions.

Any employees hired from out-of-state will be required to adhere to the current travel restrictions imposed by the state at their time of hire.

EMPLOYEE TESTING

If an employee is presumed to have contracted COVID-19, the employee must notify Human Resources immediately. Testing will be conducted and provided through a local health care facility, as needed. If employees would like to take the COVID-19 test on their own, they may visit an official testing site or contact their health care provider.

Contact Tracing and Surveillance

For the purpose of this plan and communications, "contact tracing and surveillance" is referred to as contact tracking, as only the Department of Health is authorized to use the term "Contact Tracing." UWF will conduct initial contact tracking for COVID-19 for the safety and well-being of students and employees. Once students or employees report that they have received a lab-confirmed positive COVID-19 test, they will be contacted by an official COVID-19 Contact Tracker to evaluate potential exposure within the UWF community.

The information gained during the contact tracking will be provided to the local Department of Health contact as deemed necessary to protect the health and welfare of the campus and the community. The only personal information that will be provided to DOH will be a name and phone number unless otherwise directed by DOH. Upholding the individual privacy of students and employees will be held to the highest standards.

ONE-ON-ONE CONTACT

DOH requires anyone identified as having close 1:1 contact with an infected person to self-isolate for 14 calendar days. DOH requires a COVID-19 positive person to self-isolate for 14 calendar days from the date of a positive test.

Examples of what **IS** considered 1:1 contact include:

- Individuals who have made physical contact with a person who is COVID-19 positive.
- Individuals who have made physical contact with others while they were infectious during their illness and/or two days before COVID-19 symptom onset.
- Individuals without a face covering who interacted with others within six feet for more than 10 to 30 minutes.
- Individuals who made proximity contact more than six feet but in the same room for an extended period of time without any protective measures used such as wearing a face covering, washing hands and using hand sanitizer.

Examples of what **IS NOT** considered 1:1 contact include:

- Individuals who have not had direct contact with a person who is COVID-19 positive.
- Individuals who were more than six feet away and anyone who was wearing a face covering.

UWF COVID-19 contact trackers will conduct and assist in identifying potential 1:1 contacts with other students and/or employees. General public contacts will be identified and traced by the DOH. 1:1 contact information will be submitted to the FDOH Senior Community Health Nurse—epidemiology or the FDOH Community Health Nurse as soon as possible.

UWF COVID-19 CONTACT TRACKERS

UWF COVID-19 Contact Trackers are required to successfully complete the Johns Hopkins Contact Tracing course. Documentation of course completion must be sent to the Environmental Health and Safety Director.

- Student contact trackers will be assigned by the Assistant Dean, Case Management and are listed below:
    - Assistant Dean, Case Management
    - Director, Housing
    - Athletics Staff
    - Faculty/Staff from Usha Kundu, MD College of Health
- Employee contact trackers will be assigned by AVP HR and are listed below:
    - AVP Human Resources
    - EHS Director
    - Additional Human Resources personnel

STUDENT CONTACT TRACKING

Student contact tracking will begin if a student answers "Yes" to one of the daily COVID-19 pre-screening survey questions and Student Health Services is notified or if student contacts SHS and/or Student Affairs directly notifying them that the student tested positive for COVID-19 from an external testing source.

If a student tests positive through on-campus testing locations provided by SHS, an SHS representative will contact the patient with the student's test results and notify the DOH with any COVID-19 positive results as required by the State regulations.

The Assistant Dean, Case Management will assign the case to one of the identified COVID-19 contact trackers listed above. The designated contact tracker will contact the student and discuss information to include:

- Class attendance and location
    - Building and room numbers
- On-campus residency
    - Resident location
    - Identification of roommates

If a student is identified as an on-campus resident, the assigned contact tracker will notify the Housing Director immediately. The Housing Director will work with the student(s) who may need isolation rooms; designated isolation rooms will be set aside in each residence hall.

Locations the student may have been on campus for an extended period of time must be determined and disclosed. If locations of concern are identified, the Director of Buildings & Grounds Services and the EHS Director must be contacted as soon as possible for potential deep cleaning. Areas will be evaluated on a case-by-case basis for the best cleaning method.

Other information to consider:

- Is the student a UWF student-athlete who has attended training and/or an athletic event within five days before testing positive? If this is affirmed, the Athletic Director or the Senior Associate Director would be notified as soon as possible.

The assigned contact tracker will work in cooperation with SHS to set up and/or provide resources for COVID-19 testing via Student Health Services or an alternate location, as well as provide assistance with student needs and/or information about supportive resources (**campus and community resources**).

EMPLOYEE CONTACT TRACKING

Employee contact tracking will begin if an employee answers "Yes" to one of the daily COVID-19 pre-screening survey questions and Human Resources is notified or if an employee contacts HR directly notifying them that the employee tested positive for COVID-19 from an external testing source.

The employee's supervisor will be required to contact Human Resources. A Human Resources representative will contact the employee and discuss information including potential 1:1 contact with other employees and/or students. If names from the general public are recorded, those names will be referred to the DOH for follow-up. Locations the employee may have been on campus five days before notification of positive COVID-19 test must be determined and disclosed.

Once employee(s) have been identified as having 1:1 contact, Human Resources will notify each employee by email with the following **COVID-19 employee notification letter**. Human Resources will assist with the set up and/or provide the employee(s) with COVID-19 testing via a local health care facility. An appropriate time for the employee(s) to get tested within 3-5 days from contact or onset of any symptoms will be determined.

Departments will require employees who test positive for COVID-19 to isolate for 14 calendar days from the date of their positive test. Employees will not be allowed to return to work until after the 14 calendar day isolation period concludes. Departments will also provide the employees with the **self-monitoring form** and resources/ assistance with needs.

- **https://uwf.edu/offices/human-resources/i-am-a/employee/benefits/perks/**

If a student is identified as having 1:1 contact with an employee, the Student Affairs Assistant Dean, Case Management, will be notified with the student information as soon as possible.

MONITORING CASES AND IMPACT TO UWF

The UWF Contact Tracking subcommittee will meet regularly or on an as-needed basis depending upon the need. A report will be provided to the Recovery Taskforce and the President's Cabinet on a weekly basis to address the summary of contact tracking numbers and information, starting the week of June 15, 2020.

Should the numbers increase at a rapid rate, the President's Cabinet will be notified immediately to discuss further actions needed by UWF. If necessary, additional measures will be taken in consultation with the President's Cabinet, as well as internal, local and state health officials.

Academic Program Development

As early adopters of online learning nearly 20 years ago, UWF is an established leader in online learning, delivering high-quality instruction through various platforms. The University is expanding its course delivery options for students to ensure they receive the top-rate education they expect from UWF while maintaining health and safety protocols. Classroom facilities will be thoroughly cleaned and include signage that indicates where students can sit based on social distancing guidelines. The University will also continue to enhance its faculty training and professional development to support new technologies for remote instruction.

This plan allows flexibility and may need to be altered throughout the semester in reaction to the evolving health conditions in the community.

COURSE DELIVERY FRAMEWORK

The course delivery framework was developed by college deans with input from stakeholders, including department chairs and faculty members. Department chairs are working with faculty members to review and restructure course delivery modalities as appropriate.

The framework is intended to:

- Provide a general framework that informs but not prescribes.
- Encourage safety, quality, flexibility and creativity.
- Provide some structure for developing the Fall 2020 course offering modalities.
- Encourage an iterative process that includes input from the academic community for successful course delivery.
- Allow faculty members to deliver courses that address the dynamic environment that is expected for Fall 2020.

Faculty members falling into specific categories will be made aware of their option to teach remotely if preferred. These categories include:

- Individuals with serious illness.
- Older adults.
- Individuals of any age with serious underlying conditions who may be at higher risk for severe illness from COVID-19.
- Individuals whose availability for face-to-face instruction is impacted by an enhanced need to provide home care for young children or the elderly.

For students, UWF is providing a safer environment primarily through a variety of delivery modalities in courses with multiple sections (see below). Additionally, students identified as falling into one of the risk groups outlined in bullet points above will be directed to academic advisors who will be able to:

- Place students in remote learning sections of necessary courses.
- Adjust student schedules to avoid the immediate need for courses offered only in a face-to-face modality.
- Work with faculty members, department chairs and college deans to arrange remote directed study sections of required courses.
- Work with faculty members, department chairs and college deans to locate appropriate course substitutions for those courses that cannot be addressed through any of the other methods.

The framework below was designed to build UWF course deliveries to:

- Prioritize groups of students who would benefit most from having face-to-face interactions in courses.
- Offer courses identified as experiential (requiring face-to-face time) with face-to-face components.
- Provide UWF faculty some choice concerning the type of course delivery.
- Provide UWF students some choice concerning the type of course participation.
- Conclude all face-to-face classroom instruction immediately before Thanksgiving break and arrange courses so that instruction, review and final exams are delivered remotely after Thanksgiving.

Lower Division Courses will be delivered with face-to-face components unless:

- The department/faculty opts to teach online and can do so effectively.
- A course has multiple sections and the department offers some sections online.
- The department opts to teach online to accommodate more space for experiential courses.
- The course was historically offered online.

Upper Division Courses generally will be delivered remotely except in the following cases:

- Courses identified by department and faculty as experiential.
- Courses paired (by department and faculty) with an experiential course.
- Capstone courses with significant face-to-face components.
- Clinical/internship courses that require faculty supervision and/or lead to certification or licensure.
- Courses that serve as practicum experiences.
- Courses that traditionally end with a public performance or presentation (as long as there is the possibility to effectively teach the course while observing social distancing guidelines). In semesters when culminating public performances are unlikely, preference will be to teach these courses remotely.
- Courses in which 50% or more of instructional time is devoted to personal interaction/skill development between faculty and individual students (e.g., art, music, theatre courses). Preference will be to teach these courses via remote instruction when possible.

Graduate Courses will be delivered with face-to-face components unless:

- The course is part of an online program.
- Students are enrolled in synchronous online instruction offered as part of a face-to-face course.

INSTRUCTIONAL STRATEGIES TO BE DETERMINED BY INSTRUCTOR

Preference will be given to teaching upper division courses via remote instruction when possible. Courses identified as having face-to-face components will be taught in accordance with the most current and accurate clinical information related to contamination resulting from face-to-face activities, as determined by Student Health Services and Environmental Health and Safety and guidance from the CDC.

Strategies for courses with no online component (designated as “Primarily Classroom” in Classmate) include:

- Offer the course in a space that will accommodate all students under social distancing guidelines.
- Deliver live content via WebEx using multiple classrooms.
- Split laboratory courses into two sections. If 50% of students can be accommodated in one space, offer split sections concurrently and use teaching assistants/adjuncts to help instructors of record float between two spaces.

Strategies for courses with both face-to-face and online components (designated as “Hybrid” with 50-79% of direct instruction delivered by technology, or “Primarily Distance Learning Course” with 80-99% of direct instruction online) include:

- Deliver live content via WebEx with small cohorts of students rotating for classroom attendance.
- Flipped classroom: Deliver content through recorded lectures via Panopto with additional live Q&A sessions either in person or via WebEx.

- Divide course into two groups and alternate online and face-to-face components.
- Begin with an online component, then allow students to complete face-to-face components in the same semester or the semester immediately following the online component.

INTERNSHIPS

UWF will work with employers at worksite and internship sites to ensure compliance with University health and safety guidelines.

- A protocol will be developed for which students can report unsafe working conditions. Students completing internships for academic credit should work with academic departments to discuss guidelines and protocols for health and safety.
- UWF will inform students that they should follow the health and safety guidelines of the internship host site and actively promote virtual employment and internship opportunities.
- The UWF **internship agreement template** will be updated to include requirements by facilities to provide documentation of safe working protocols.

CLASSROOMS AND FACILITIES

Classroom Capacity

General Purpose Classrooms (110)

As part of the examination of the existing classrooms spaces, the UWF Classroom Review Board reviewed and updated its current list of the 63 general purpose, or 110, classrooms on campus to update the maximum room capacity based on the square footage of the space, with an allowance of 36 square feet per person based on the current CDC guidelines. The CRB will also walk through the spaces with a capacity of at least 20 students to consider additional factors like seating arrangements and location of the faculty podium to determine if the capacities need to be further adjusted. The CRB has shared the updated classroom capacity with the college deans for review as they continue to update fall course delivery. The CRB will conduct walkthroughs to prioritize the available spaces based on the condition of the furnishings/fixtures/equipment, overall condition of the building and the size of the common areas in the building.

Based on the initial review of the currently available spaces, UWF should strive to schedule face-to-face or hybrid classes with fewer than 50 students maximum given the space capacity in UWF's 110 classrooms.

Department Scheduled Classrooms (210)

The CRB will work with the colleges to examine the 210 classrooms to determine maximum capacity for the rooms based on the CDC guidelines. These 210 classroom spaces are primarily used for lab, studio and performance classes. The Registrar's Office will work with the colleges to open some 210 classroom spaces to be used for large lectures.

Faculty Walkthrough of Classrooms

After the classroom capacities and locations are updated, the CRB will schedule walkthroughs of the spaces with the faculty who are scheduled to teach in these rooms to ensure that the updated spacing will work for the needs of the class and faculty member.

Non-Traditional Spaces

The University Commons will provide its large meeting spaces to be used for classrooms, if needed. These spaces will be used only if there are not sufficient classrooms available, as these spaces are not maintained by ITS or Facilities Management. The priority remains to use the 110 and 210 classrooms.

Several existing outdoor spaces are being considered for possible classroom meetings. Classes will not be permanently scheduled for these spaces, but faculty may consider using them.

Building Density Considerations

Following guidance from the CDC, UWF will consider the capacity and density of the buildings where classes will be scheduled. The University will work to ensure that buildings do not have too many classes at the same meeting times that would lead to crowding in hallways, common areas and restrooms in the building. These concerns can also be alleviated by utilizing more days of the week and more times of the day for class meetings.

Facilities Management

As much as possible, UWF will schedule classes in spaces that will allow for the most efficient use of limited UWF Facilities Management resources. Since spaces will require more regular cleaning protocols in accordance with CDC guidelines, it will be important to focus on maintaining fewer classroom buildings. UWF will work to ensure that some classrooms are taken out of the rotation in a way that maximizes the safe and efficient use of resources.

Technology

ITS is working to ensure all classrooms in use in the fall semester will have webcams that may be used for webcasting the classroom lecture for those students who cannot attend the class in person. ITS will also host its eClassroom training for all faculty before the fall semester begins so faculty can be familiar with using the technology for webcasting and recording lectures if needed.

ITS acknowledges that the delivery of some equipment for the classroom technology refresh has been delayed as a result of the pandemic, so the summer refresh project has been delayed as a result. After the determination of which classrooms will be in use for fall, ITS will prioritize the refresh process.

Signage in Classrooms and Buildings

All classrooms in use for Fall 2020 will have signage showing where students can sit based on social distancing guidelines. Buildings will also have signs that include information related to social distancing. These signs have been designed by UWF Institutional Communications. Please see appendices.

ACADEMIC CONTINUITY

The Center for Global Online Learning and Development will increase options for faculty training and professional development to ensure quality academic program delivery as part of the reopening plan for Fall 2020. The Academic Continuity for Teaching plan was developed to provide enhanced training and support for new online technologies and non-traditional modes of delivery of instruction. Below is a brief highlight of training options that will be available to prepare faculty at various levels of technical instruction experience:

1. Repository of On-demand Videos.
2. Essentials in Digital Instruction Canvas Course.
    a. Basic Canvas Modules (1-2 hours to complete the course):
        i. Academic Continuity Template
        ii. Accessibility—short videos
        iii. Tech Tools—short videos
        iv. Online Pedagogy
3. Designing a Quality Online Course—self-paced/open enrollment.

In preparation for the fall semester, the Center for Global Online Learning and Development will:

- Host discipline-based assessment meetings to determine online proctoring needs.
- Attend department chair/faculty listening sessions to assess discipline-specific training needs.
- Develop the schedule of targeted webinars.
- Develop a best practices guide for blended synchronous instruction (e.g., using a webcam in the classroom and ADA compliance in the social distancing classroom setting).
- Showcase faculty best practices.

COURSE SCHEDULING

Deans will work with the department chairs, who will then work with faculty to determine course schedules and formats and provide them to the Provost for review.

After approval from the Provost, the Registrar will provide a template to deans for course meeting times and/or location changes. The faculty and department chairs will review the final list of changes and provide them to deans, who will then provide a finalized list to the Registrar in the form of a spreadsheet. The Registrar will update the course components as necessary.

The Registrar will update the course meeting times and/or locations as needed to accommodate traffic flow, staggered class start times and room capacity.

Students will be notified of course changes via email by July 1, 2020.

ACADEMIC CALENDAR

The Fall 2020 semester is currently scheduled for 8/24/2020 – 12/12/2020, with final exams scheduled for 12/7/2020 – 12/12/2020 and three scheduled holidays:

Labor Day	Veterans Day	Thanksgiving
9/7/2020	11/11/2020	11/26/2020 – 11/27/2020

After the Thanksgiving holiday, all courses will shift to remote instruction through the rest of the semester.

Compliance

UWF is focused on creating a healthier and safer environment for all members of the campus community, including students, employees and visitors. The University established compliance guidelines that address social distancing and wearing face coverings among other safety measures. The health and safety on its campus is a shared responsibility for all involved.

STUDENT COMPLIANCE

UWF will utilize a shared responsibility and accountability model that establishes and implements procedures to check that students comply with safety measures, pre-screening and training.

Pre-Screening: All students visiting campus are required to take the Daily COVID-19 Return to Campus Pre-screening every day before coming to a University location or leaving their residence hall room.

Training: All students returning to campus are required to participate in the mandatory COVID-19 Student Training before the first day of the semester.

Students are to maintain social distancing at all times while on campus. Specifically, they should:

- Stay six feet (about two arms' length) from other people.
- Avoid gathering in groups.
- Stay out of crowded places.
- Avoid mass gatherings.

A disposable or cloth face covering will be required everywhere on campus and other UWF locations except when separated by six feet from others or in an outdoor area separated by at least six feet from others. If a student is not using a disposable or cloth face covering, the student will be asked to put one on or leave the area to help maintain the health of UWF employees and students.

If a student is feeling sick, they should stay home. The student should consult their health care provider, if necessary. Students can also contact Case Management

Services in the Dean of Students Office at casemanagement@uwf.edu if they need assistance in navigating class absences and or other challenges due to being sick.

Failure to comply with the safety measures, including requests to wear face coverings and social distancing, may result in accountability measures and student conduct and/or disciplinary repercussions for students.

- Students who do not comply will be asked to leave campus immediately and referred to the Dean of Students Office for consolation and follow up. This may result in potential charges under the provisions outlined in the UWF Student Code of Conduct.
- Students are responsible for knowing and observing University regulations and policies as dictated in official University publications including, but not limited to, the UWF Housing Handbook (which is incorporated herein by reference) and the UWF Student Code of Conduct.
    - The University reserves the right to add other regulations and policies as necessary. The Student agrees to abide by all additional regulations and policies that are adopted. Violations may result in sanctions up to and including removal from University Housing and expulsion from the University. A Student removed from University Housing for violations of University regulations and policies will be held to the full financial terms of this Contract.
- Any disorderly or disruptive non-compliance will be reported to the appropriate authorities, if necessary.

If a student comes to campus knowingly infected with COVID-19 or if a resident student refuses to maintain isolation, they will be referred to the Dean of Students for disciplinary action under the provisions outlined in the UWF Student Code of Conduct.

Faculty will not be responsible for ensuring that all students practice social distancing while in class. It is each individual student's responsibility.

EMPLOYEE COMPLIANCE

Pre-Screening

Employees are not authorized to return to their work location until the employee completes the **Daily COVID-19 Return to Campus Pre-screening** each day. If an employee does not complete the daily pre-screening survey for any reason and is required to return to their work location for work, the supervisor or department head shall immediately instruct the employee to complete the pre-screening survey. If an employee returns to their work location for work without first completing the pre-screening survey, the employee will be at their work location without authorization. If an employee refuses for any reason to complete the Daily COVID-19 Return to Campus Pre-screening survey each day before returning to their work location, the employee shall be placed on administrative leave without pay until the pre-screening survey is completed. Any employee who returns to their work location without first completing the pre-screening survey or who refuses to complete the pre-screening survey may also be subject to disciplinary action including, but not limited to, dismissal. Disciplinary action for employees covered by a collective bargaining agreement will be governed in accordance with the respective terms of the collective bargaining agreement governing their conduct.

Mandatory Training

Employees are not authorized to return to their work location for work unless or until they complete the **COVID-19 Employee Training**. If an employee does not complete the COVID-19 Employee Training and returns to their work location, the supervisor or department head shall immediately instruct the employee to complete the COVID-19 Employee Training as soon as possible. If an employee returns to campus without first completing the COVID-19 Employee Training or otherwise refuses to complete the COVID-19 Employee Training, then the employee will be at their work location without authorization. If the employee refuses to complete the COVID-19 Employee Training or fails to complete the training as soon as possible, then the employee shall be placed on administrative leave without pay until the training is completed. If an employee returns to their work location before completing the COVID-19 Employee Training, the employee shall be subject to disciplinary action, up to and including dismissal. Disciplinary action for employees covered by a collective bargaining agreement will be governed in accordance with the respective terms of the collective bargaining agreement governing their conduct.

Employee Responsibility for Working Safely

The University is supplying each employee as they return to work with one reusable face covering, a bottle of hand sanitizer and a bottle of sanitizing wipes.

A disposable or cloth face covering will be required everywhere on campus and other UWF locations except when in a private office, a work area separated by six feet from others or in an outdoor area separated by at least six feet from others. If a person is not using a disposable or cloth face covering, the person will be asked to put one on or leave the area to help maintain the health of UWF employees and students. While face coverings may provide the wearer with some protection, their primary purpose is to decrease the risk of spreading viruses and other respiratory diseases by protecting people exposed to the wearer, as the wearer may not be showing outward signs of infection.

Employees are to maintain social distancing at all times while conducting business at their work locations. Specifically, they should:

- Stay six feet (about two arms' length) from other people.
- Avoid gathering in groups.
- Stay out of crowded places.
- Avoid mass gatherings.

Washing hands aids in keeping employees healthy and preventing the spread of COVID-19 to coworkers. All employees must adhere to the following CDC recommendations for washing hands:

- Wash hands often with soap and water for at least 20 seconds especially after they have been in a public place, or after blowing their nose, coughing or sneezing.
- If soap and water are not readily available, they are to use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of their hands and rub them until they feel dry.
- Avoid touching their eyes, nose and mouth with unwashed hands.

If an employee is feeling sick, they must stay home until better. The employee should consult their health care provider if necessary.

Employees should stay home and immediately contact their supervisor and Human Resources at **hr@uwf.edu** if they answer "Yes" to any of the questions below:

- Do you have any signs of respiratory infection—cough, shortness of breath?
- Do you have any signs of illness—fever, chills, repeated shaking with chills, muscle pain, headache, sore throat, the new loss of taste or smell?
- Have you had any contact with any person(s) known to be infected with COVID-19 within the past 14 days that you have not reported to your supervisor or Human Resources?
- Have you been tested due to symptoms of COVID-19 or tested positive for COVID-19 and NOT reported to your supervisor or Human Resources?
- Have you traveled outside the United States in the past 14 days?

If an employee does not comply with a directive for wearing an appropriate face covering in their work area, does not follow social distancing requirements or otherwise does not comply with work safety requirements, the supervisor will direct the person to leave the work location immediately and contact Human Resources for consultation. If the employee refuses to leave the work area, the supervisor will contact the UWF Police Department to escort the employee from the work location. The employee's behavior may be considered disruptive under the UWF HR-22.00-2004/07 Standards of Conduct policy.

When an employee exhibits signs of illness at work, they will be sent home by the supervisor. If the employee does not comply with the directive to leave the work location, the supervisor should contact Human Resources for consultation. If the employee refuses to leave the work area, the supervisor should contact the Police Department to escort the employee from the work location. An employee who fails to comply with the working safety requirements is subject to counseling or disciplinary action, up to and including dismissal. Disciplinary action for employees covered by a collective bargaining agreement will be governed in accordance with the respective terms of the collective bargaining agreement governing their conduct.

Faculty

Faculty are encouraged to include a statement regarding health, wellness and prevention safety measures in their syllabi.

VENDOR, VISITOR AND VOLUNTEER COMPLIANCE

All vendors, visitors, and volunteers at UWF will be required to abide by University guidelines and protocols that promote a safer and healthier campus. Vendors, visitors and volunteers on campus who refuse to adhere to University health and safety policies will be asked to leave the premises immediately.

Appendix A

HEALTH, WELLNESS AND PREVENTION RESOURCES

The below health, wellness and prevention resources are available for individual departments and units to purchase or print, as needed.

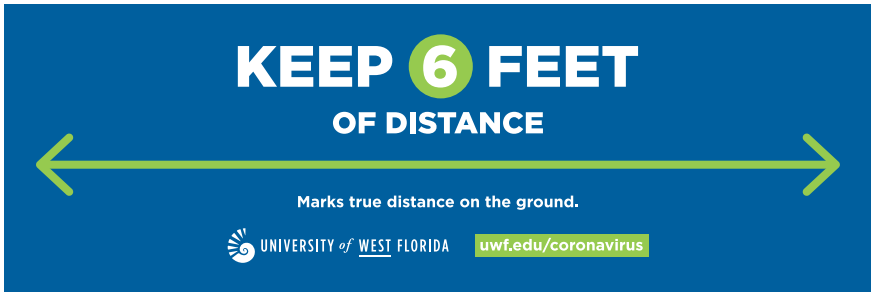
Floor Decals

Floor decals can be used to mark where to stand or which direction to travel to ensure six feet of social distancing is maintained in high traffic areas.

"Stand Here" Circles [12"]

Directional Arrows [6" x 12"]

"Keep 6 Feet" [6' x 2']



Posters

Informational posters are available for the campus to download with files prepared for professional or in-house printing.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18246 **Public Hearings 9.**
BCC Regular Meeting
Meeting Date: 08/06/2020
Issue: 5:31 p.m. Public Hearing to Adopt an Ordinance Creating Volume 1, Chapter 94, Article 1, Section 94-9 Relating to Motorized Scooters
From: MATTHEW SHAUD, Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:
5:31 p.m. Public Hearing for Consideration of Adopting an Ordinance Creating Volume 1, Chapter 94, Article 1, Section 94-9 relating to Micromobility Devices and Motorized Scooters on Pensacola Beach.

Recommendation: That the Board adopt and authorize the Chairman to sign the Ordinance regulating the operation of micromobility devices and motorized scooters on Pensacola Beach.

BACKGROUND:
Recent changes to the Florida Uniform Traffic Control Law allow Counties to enact Ordinances to permit, control, or regulate the operation of vehicles, golf carts, mopeds, motorized scooters, and other mobility devices on sidewalks or sidewalk areas, so long as certain requirements are met. The Santa Rosa Island Authority requested the Board of County Commissioners enact an Ordinance governing the use and operation of micromobility devices and motorized scooters on Pensacola Beach. County Attorney staff drafted this Ordinance, which regulates the operation of such devices on Pensacola Beach. This Ordinance was presented, discussed, and approved during Santa Rosa Island Authority Committee and Board meetings in May and June 2020. Subsection 2.(6)c. regarding geofencing was added after the Santa Rosa Island Authority approved the proposed Ordinance.

BUDGETARY IMPACT:
N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

The proposed Ordinance was drafted by Matthew R. Shaud, Assistant County Attorney, and was advertised in the Pensacola News Journal on Saturday, July 25, 2020.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal to ensure the health, safety, and welfare of the citizens of Escambia County.

IMPLEMENTATION/COORDINATION:

Upon Board approval, the County Attorney's Office will work with the Clerk of the Circuit Court's Office to ensure the Ordinance is filed with the State.

ORDINANCE NUMBER 2020-____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, CREATING VOLUME 1, CHAPTER 94, ARTICLE I, SECTION 94-9 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO MICROMOBILITY DEVICES AND MOTORIZED SCOOTERS ON PENSACOLA BEACH; PROVIDING FOR SEVERABILITY AND CONFLICTS; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Florida Uniform Traffic Control Law allows counties to enact ordinances to permit, control, or regulate the operation of vehicles, golf carts, mopeds, motorized scooters, and electric personal assistive mobility devices on sidewalks or sidewalk areas when such use is permissible under federal law, so long as such vehicles or devices are restricted to a maximum speed of 15 miles per hour. *Section 316.008(7)(a)*, *Florida Statutes*; and

WHEREAS, Section 316.008, Florida Statutes, with respect to streets and highways, allows counties to regulate or prohibit stopping, standing, or parking, restrict the use of streets, and regulate or prohibit the use of heavily traveled streets by any class or kind of traffic found to be incompatible with the normal and safe movement of traffic; and

WHEREAS, the Santa Rosa Island Authority was created by special act to provide oversight of Santa Rosa Island for such purposes as it shall deem to be in the public interests; and

WHEREAS, the Santa Rosa Island Authority has asked the Board of County Commissioners to enact an ordinance relative to micromobility devices; and

WHEREAS, the Santa Rosa Island Authority strives to keep the County rights-of-way compliant with the Americans with Disabilities Act (ADA), and other federal and state

DRAFT

regulations, and is committed to keeping Pensacola Beach accessible for the mobility-challenged; and

WHEREAS, dockless shared micromobility devices and motorized scooters left unattended and parked, leaned on walls, or left on sidewalks creates a hazard to pedestrians and individuals needing access and maneuverability for ADA mobility devices; and

WHEREAS, the Santa Rosa Island Authority has a significant interest in ensuring public safety and order in promoting the free flow of pedestrian traffic on streets, sidewalks, and sidewalk areas.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. Recitals. The foregoing recitals are true and correct and are incorporated herein by reference.

Section 2. Creation. Chapter 94, Article 1, Section 94-9 of the Code of Ordinances of Escambia County, Florida is hereby created as follows:

Section 94-9. Pensacola Beach Micromobility Device and Motorized Scooter Ordinance.

(1) Title. This section shall be known as "The Pensacola Beach Micromobility Device and Motorized Scooter Ordinance," and may be cited as such, and will be referred to herein as "this Section."

(2) Legislative Findings.

a. The purpose of this Section is to permit and regulate Dockless Shared Micromobility Devices and Motorized Scooters on Pensacola Beach.

DRAFT

b. The provisions of this Section shall apply to commercial Dockless Shared Micromobility Devices and private Micromobility Devices and Motorized Scooters on Pensacola Beach.

c. For the purpose of this Section 94-9, all Commercial Master Lessees and sublessees of any Commercial Master Lessees operating a business for the sale or rental of Micromobility Devices and Motorized Scooters on Santa Rosa Island and any owner of Micromobility Devices and Motorized Scooters operating Micromobility Devices and Motorized Scooters on Santa Rosa Island for commercial use or private use shall be liable for complying with the provisions of this Section.

(3) Definitions. For the purpose of this Section, the following words and phrases, when used in this Section, shall have the meanings respectively ascribed to them in this subsection. The definitions in Chapter 316, Florida Statutes, as amended, apply to this Section and are hereby incorporated by reference.

a. *Commercial Master Lessee* means any individual, partnership, firm, organization, corporation, association, or any other legal entity, whether singular or plural, who has a lease directly with the SRIA for the possession and use of realty and the improvements thereto used for nonresidential, commercial, governmental, or industrial purposes, and either for itself or through a sublessee of the Commercial Master Lessee owns, operates, redistributes, or rebalances Dockless Shared Micromobility Devices (DSMDs), or operates a Dockless Shared Micromobility Device (DSMD) System on or within Pensacola Beach.

b. *Commercial Core Area of Pensacola Beach* means the predominately commercial district of Pensacola Beach more particularly described as beginning at a point

DRAFT

on the Northerly R/W line of Ft. Pickens Rd. and the Southeast Corner of Block "C", La Caribe, being a subdivision recorded in Plat Book 15, Page 10 of the Public Records of Escambia County, Florida; thence depart said Northerly R/W line and run Northerly along the Easterly Boundary line of La Caribe Subdivision to the water's edge of Little Sabine Bay, thence run Northeasterly, Northerly and Northwesterly along the meanderings of said water's edge of Little Sabine Bay to the Bulkhead of the Bob Sikes Bridge at Pensacola Beach Blvd.; thence continue Easterly along said Bulkhead to the Southerly water's edge of Santa Rosa Sound; thence run Northeasterly, Southwesterly, Southerly, Southeasterly and Easterly along the meanderings of said water's edge of Santa Rosa Sound to a point lying on the extension of the Western Boundary of Lot 3, Block 3, Villa Primera, being a Subdivision recorded in Plat Book 2, Page 78 of the Public Records of Escambia County, Florida; thence Southerly along said Western Boundary of Lot 3 to the Southwest Corner of said Lot 3, Block 3, Villa Primera; thence Easterly along the Southern Boundary of said Lot 3, Block 3, a distance of 35 Ft. to the Northeast Corner of Lot 14, Block 3, Villa Primera Subdivision; thence Southerly along the Eastern Boundary of Lot 14, Block 3, a distance of 93.88 Ft. to the Northerly R/W line of Via De Luna Drive; thence Westerly along said Northerly R/W line of Via De Luna Dr. to a point of intersection with the Northerly extension of the Westerly R/W line of Avenida 10; thence Southerly along said Westerly extension, West R/W line and Southerly extension of Westerly R/W line to the water's edge of the Gulf of Mexico; thence Southwesterly along said water's edge of the Gulf of Mexico to a point of intersection with the Westerly Boundary line of Block H, First Addition to Villa Sabine, being a Subdivision recorded in Plat Book 5, Page 75 of the Public Records of Escambia County, Florida; thence Northwesterly along said Boundary line of Block H to the Northerly R/W of Fort Pickens Rd.; thence Northeasterly along said R/W to the Southeast Corner of Lot 1, Block A, Spanish Landing Subdivision, being a subdivision recorded in Plat Book 8, Page 24 of the Public Records of Escambia County, Florida; thence Northwesterly along the Easterly Boundary line of said Lot 1, Block A, Spanish Landing to the Southerly water's edge of Little Sabine

DRAFT

Bay; thence Northeasterly and Easterly along the Southerly shoreline of said Little Sabine Bay to a point of intersection of the water's edge and the Westerly Boundary line of Deep Water Cove Condominium Phase I; thence Southeasterly along said Westerly Boundary line to the Northerly R/W line of Fort Pickens Rd.; thence Northeasterly along the Northerly R/W line of Fort Pickens Rd. to the Point of beginning. This area is comprised of 222.6 acres, and is generally depicted in the following map:

c. *Customer* means a person who uses a Dockless Shared Micromobility Device (DSMD).

d. *Dockless Shared Micromobility Device* (hereinafter "DSMD") means a Micromobility Device or Motorized Scooter made available for shared use or rent to individuals on a short-term basis for a price or fee.

e. *Dockless Shared Micromobility Device (DSMD) System* means a system generally, in which Dockless Shared Micromobility Devices (DSMDs) are made available for shared use or rent to individuals on a short-term basis for a price or fee.

f. *Geofencing* means the use of GPS (Global Positioning System) or RFID (Radio-Frequency Identification) technology to create a virtual geographic boundary, enabling software to trigger a response when a DSMD enters or leaves a particular geographic area.

g. *Micromobility Device* shall have the same meaning as ascribed in Section 316.003, Florida Statutes, as amended. Micromobility Device is further defined as a vehicle that is powered by a motor with or without a seat or saddle for the use of the rider, which is designed to travel on not more than three wheels, and which is not capable of propelling the vehicle at a speed greater than 20 miles per hour on level ground.

h. *Motorized Scooter* means any vehicle or Micromobility Device that is powered by a motor with or without a seat or saddle for the use of the rider, which is designed to travel on not more than three wheels, and which is not capable of propelling the vehicle at a speed greater than 20 miles per hour on level ground.

i. *Pedestrian* means any person utilizing Sidewalks, Sidewalk Areas, or Rights-of-way on foot, and shall include people using wheelchairs or other ADA-compliant devices.

DRAFT

j. *Rebalancing* means the process by which DSMDs are redistributed geographically to ensure their availability throughout a service area and to prevent excessive buildup of DSMDs in a particular geographic area.

k. *Relocate or Relocating* means the process by which DSMDs are relocated and secured at locations or distribution points approved by the SRIA.

l. *Residential Leasehold* means an improved leasehold under a direct lease with the SRIA which is used as a dwelling.

m. *Right(s)-of-way* means the surface and space above and below any real property in which the County has an interest in law or equity, devoted to, associated with, or required for use as a transportation facility, including streets, easements, and sidewalks, but excluding parks.

n. *Santa Rosa Island Authority (SRIA)* means that board created and appointed by the county commissioners of Escambia County to provide oversight of Santa Rosa Island for such purposes as it shall deem to be in the public interests, pursuant to Chapter 24500, Laws of Florida, Special Acts 1947, as amended.

o. *Service Area* means the geographical area approved by the SRIA on or within Pensacola Beach where a Commercial Master Lessee or sublessee of a Commercial Master Lessee or their respective Customers are authorized to operate a DSMD.

p. *Sidewalk* means that portion of a street between the curb line, or the lateral line, of a roadway and the adjacent property lines, intended for use by pedestrians.

q. *Sidewalk Area(s)* include trail in the area of a sidewalk, as well as the sidewalk, and may be a median strip or a strip of vegetation, grass, bushes, trees, street

DRAFT

furniture, or a combination of these between the curb line of the roadway and the adjacent property.

(4) Prohibition.

a. It shall be a violation of this Section to operate a Micromobility Device or Motorized Scooter in the Commercial Core Area of Pensacola Beach.

b. It shall be a violation of this Section to operate a Micromobility Device or Motorized Scooter on any street or roadway which has a posted speed limit greater than 25 miles per hour.

(5) Dockless Shared Micromobility Devices (DSMDs) and Motorized Scooters on Pensacola Beach Public Rights-of-Way Outside of Prohibited Area; Criteria.

a. DSMDs shall not be operated on Pensacola Beach unless a Commercial Master Lessee has received SRIA approval and has entered into a fully executed lease amendment for the operation of DSMDs on Pensacola Beach, or a sublessee has received SRIA approval and has entered into a fully executed sublease with a Commercial Master Lessee.

b. DSMDs are not available for shared use or rent from a Residential Leasehold on Pensacola Beach.

c. If two or more DSMDs from a Commercial Master Lessee are found at a distance of three (3) feet or less from one another on or within Pensacola Beach, it will be presumed that such DSMDs have been deployed by that Commercial Master Lessee, and it will be presumed that the Commercial Master Lessee is in violation of this Section, and the DSMDs are subject to impoundment per subsection 2.(8) herein.

DRAFT

d. To operate DSMDs on Pensacola Beach, a Commercial Master Lessee shall submit an application for such operation with the SRIA using such forms approved by the SRIA, along with a fee of $500.00, which shall be used to assist with offsetting costs to the SRIA related to any administration and enforcement of this Section, as well as a fee in the amount of $100.00 per DSMD proposed to be deployed. Such fees will be refunded if the prospective Commercial Master Lessee or the sublessee of a Commercial Master Lessee is not approved to operate DSMDs. If the SRIA authorizes fewer DSMDs to be deployed than the number proposed, the SRIA shall refund the fees for each DSMD not authorized for deployment.

e. The SRIA approval of a Commercial Master Lessee to operate DSMDs shall include: (i) determination of the terms and conditions of such operation by Commercial Master Lessee, including but not limited to percentage lease fees; and (ii) determination of the total number of DSMDs which may operate on Pensacola Beach.

f. The total number of DSMDs shall be distributed among Commercial Master Lessees approved to operate DSMDs as determined by the SRIA. DSMDs that are impounded shall count towards the maximum permitted DSMDs authorized on or within Pensacola Beach.

g. To the extent allowed by law, the SRIA may from time to time adopt further regulations and policies pertaining to DSMDs which may be necessary to implement this Section and facilitate the safe operation of such devices on Pensacola Beach.

DRAFT

(6) Operation of a Dockless Shared Micromobility Device (DSMD) System; Commercial Master Lessee's Responsibilities and Obligations; Dockless Micromobility Device Specifications.

a. The Commercial Master Lessee or sublessee of a Commercial Master Lessee of a DSMD System is responsible for maintenance of each DSMD.

b. The DSMD shall be restricted to a maximum speed of 15 miles per hour on or within authorized geographic areas of operation on Pensacola Beach.

c. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall establish and enforce a geofence perimeter around the Commercial Core Area and other prohibited areas, such that its DSMDs are not capable of being operated within the Commercial Core Area or any other prohibited area. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall also include language in an amendment to the master lease or in the sublease that requires creation and enforcement of such geofence perimeters.

d. Each DSMD shall predominantly display the Commercial Master Lessee's or sublessee's name and contact information, which may be satisfied by printing the Commercial Master Lessee's or sublessee's Uniform Resource Locator (URL) or providing a code to download the Commercial Master Lessee's or sublessee's mobile application, if any.

e. Commercial Master Lessees or sublessees of a Commercial Master Lessees must comply with all applicable local, state, and federal regulations and laws.

f. As part of the application submitted to the SRIA, Commercial Master Lessees or sublessees of a Commercial Master Lessee must provide to the SRIA an

DRAFT

emergency preparedness plan acceptable to the SRIA that details where the DSMDs will be located and the amount of time it will take to secure all DSMDs once a tropical storm or hurricane watch or warning has been issued by the National Weather Service for Pensacola Beach, or once the SRIA or Escambia County has declared any other safety emergency declared by the Board of County Commissioners or the County Administrator.

g. Commercial Master Lessees or sublessees of a Commercial Master Lessee must obtain approval from SRIA, or its designee, regarding when, and where, it is safe to redistribute the DSMDs on or within Pensacola Beach when there is no longer a declared emergency as referenced in subsection 2.(6)e. herein.

h. DSMDs that are inoperable or damaged, improperly parked, blocking ADA accessibility, or do not comply with this Section must be removed by the Commercial Master Lessees or sublessee of a Commercial Master Lessee within one (1) hour upon receipt of a complaint.

    1. An inoperable or damaged DSMD is one that has non-functioning features or is missing components.
    2. A DSMD that is not removed within this timeframe is subject to impoundment and any applicable impoundment fees, code enforcement fees, or penalties per subsections 2.(8) and 2.(10) herein.

i. Commercial Master Lessees or sublessees of a Commercial Master Lessee must provide details on how Customers can utilize the DSMD without a smartphone.

j. Commercial Master Lessees or sublessees of a Commercial Master Lessee must Rebalance the DSMDs daily, unless otherwise agreed in writing with the SRIA.

DRAFT

k. The Commercial Master Lessees', or their respective sublessees', or their respective designees' mobile application and website must inform Customers how to safely and legally ride a DSMD.

l. The Commercial Master Lessees', or their respective sublessees', or their respective designees' mobile application must clearly direct Customers to customer support mechanisms, including but not limited to phone numbers or websites. Commercial Master Lessees, or their respective sublessees, or their respective designees must provide a staffed, toll-free Customer Service line which must provide support 24 hours per day, 365 days per year.

m. Commercial Master Lessees or sublessees of a Commercial Master Lessee must provide a direct customer service or operations staff contact to SRIA staff.

n. All DSMDs shall comply with the lighting standards set forth in Section 316.2065(7), Florida Statutes, as may be amended or revised, which requires a reflective white light visible from a distance of at least 500 feet and a reflective rear red light visible from a distance of at least 600 feet.

o. All DSMDs shall be equipped with GPS, cell phone, or a comparable technology for the purpose of tracking.

p. All DSMDs must include a kickstand capable of keeping the unit upright when not in use.

q. The only signage allowed on a DSMD is that which identifies the Commercial Master Lessees or sublessees of a Commercial Master Lessee. Third-party advertising is not allowed on any DSMD.

DRAFT

r. DSMDs shall be parked in the same areas authorized for bicycles within the Service Area.

(7) Operation and Parking of Dockless Shared Micromobility Devices (DSMDs) and Motorized Scooters.

a. The riding and operating of DSMDs is permissible upon all Sidewalks, Sidewalk Areas, and other areas a bicycle may legally travel, located on or within Pensacola Beach limits, except the areas listed below:

1. DSMDs and Motorized Scooters are prohibited from operating or parking, at all times, on Streets, Sidewalks, bike paths, Sidewalk Areas, or Rights-of-way within the Commercial Core Area of Pensacola Beach.
2. Micromobility Devices and Motorized Scooters are prohibited from operating or parking, at all times, on any street or roadway, which has a posted speed limit greater than 25 miles per hour, or on any Sidewalks, bike paths, Sidewalk Areas, or Rights-of-way adjacent to any street or roadway, which has a posted speed limit greater than 25 miles per hour.

b. A Customer of a DSMD or Motorized Scooter has all the rights and duties applicable to the rider of a bicycle under Section 316.2065, Florida Statutes, as amended.

c. DSMDs and Motorized Scooters shall be restricted to a maximum speed of 15 miles per hour.

d. A Customer operating a DSMD upon and along a Sidewalk, Sidewalk Area, or across a roadway upon and along a crosswalk, has all the rights and duties applicable to a bicyclist under the same circumstances, and shall yield the right-

DRAFT

of-way to any Pedestrian and shall give an audible signal before overtaking and passing such Pedestrian.

e. A Customer operating a DSMD must comply with all applicable local, state, and federal laws.

f. Use of public sidewalks for parking DSMDs or Motorized Scooters shall not:

1. Adversely affect the use of streets or sidewalks;
2. Inhibit pedestrian movement;
3. Inhibit the ingress and egress of vehicles parked on-street or off-street;
4. Create conditions which are a threat to public safety or security;
5. Prevent a minimum four (4) foot pedestrian clear path;
6. Impede access to existing docking stations, if applicable;
7. Impede loading zones, handicap accessible parking zones, or other facilities specifically designated for handicap accessibility, on-street parking spots, curb ramps, business or residential entryways, driveways, travel lanes, bicycle lanes, or be within 15 feet of a fire hydrant; or
8. Violate Americans with Disabilities Act (ADA) accessibility requirements.

g. To the extent Escambia County, the Escambia County Sheriff, and/or the SRIA collect sufficient data, any such party may, but is not required to, request the Board of County Commissioners amend this Section so as to provide for the safety of citizens and visitors. Such data may include, but is not limited to:

1. Number and type of traffic and pedestrian accidents involving DSMDs;
2. Number and type of injuries sustained by riders and non-riders of DSMDs;

DRAFT

3. Number and type of criminal complaints issued (e.g., private property damage or trespass upon private property) involving DSMDs;
4. Number and type of traffic stops made involving DSMDs; and
5. Total amount of resources used to regulate DSMDs and enforce this Section.

(8) Impoundment, Removal, or Relocating.

a. Any Shared Micromobility Device that is inoperable or damaged, improperly parked, blocking ADA accessibility, does not comply with this Section, or is left unattended on public property, including Sidewalks, Sidewalk Areas, Rights-of-way, and parks, may be impounded, removed, or relocated by Escambia County staff, persons under contract with Escambia County, any law enforcement officer, or lifeguard.
    1. Unattended or abandoned DSMDs in violation of this Section are a public nuisance.
    2. A DSMD is not considered unattended if it is secured in a designated parking area, rack (if applicable), parked correctly, or in another location or device intended for the purpose of securing such device.
b. Any DSMD that is displayed, offered, or made available for rent on or within Pensacola Beach by any person or entity, including but not limited to Commercial Master Lessees or sublessees of a Commercial Master Lessee, without approval by the SRIA is subject to impoundment or Removal, and will be subject to applicable impoundment fees or removal fines as specified in this Section.

DRAFT

c. Escambia County staff, persons under contract with Escambia County, any law enforcement officer, or lifeguard may, but are not obligated to, remove or relocate any DSMD that is in violation of this Section.

1. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall pay to the agency responsible for impounding or removing a DSMD, a $100.00 fee per device that is removed or relocated, in order to retrieve the impounded or removed DSMD, in additional to any other costs, expenses, and/or towing fees incurred pursuant to this Section.

d. Impoundment shall occur in accordance with Section 713.78, Florida Statutes, as amended. The Commercial Master Lessee or sublessee of a Commercial Master Lessee shall be solely responsible for all expenses, towing fees, and costs required by the towing company to retrieve any impounded Micromobility Device(s). The Commercial Master Lessee or sublessee of a Commercial Master Lessee of a Micromobility Device impounded under this Section will be subject to all liens and terms described under Section 713.78, in addition to payment of all applicable penalties, costs, fines, or fees that are due in accordance with this Section and applicable local, state, and federal law.

(9) High Impact Event on Santa Rosa Island.

a. *High impact event* means an event or gathering on beach property in Escambia County or on Santa Rosa Island or Pensacola Beach during which one (1) or more of the following occur:

1. An event, activity, or period of time that generates a significant spike in social media conversations, increasing audience impressions, and attention

DRAFT

to the County, Santa Rosa Island, or Pensacola Beach, which is expected to generate attendance by more than five thousand (5,000) people for an area of beach property;

2. An event is held pursuant to a special permit which is expected to result in attendance by more than twenty-five thousand (25,000) people on beach property;
3. A maintenance of traffic plan would be required, or is required (e.g., including, but not limited to, street closures, lane closures, shuttle service) based upon the high impact event or pursuant to a special event permit;
4. Hotel occupancy levels are anticipated to be greater than eighty-five (85) percent on Santa Rosa Island or Pensacola Beach; or
5. Law enforcement mutual aid or other assistance from outside law enforcement agencies is required to provide for the safety and well-being of residents and visitors to the beach property.

b. Whenever the County Administrator, or his or her designee, determines that a high impact event on beach property will occur, or is in progress, he or she may prohibit or limit the use of DSMDs, Motorized Scooters, and/or the DSMD Systems on or within Pensacola Beach.

c. In the event the County Administrator, or his or her designee, prohibits or limits use of DSMDs, Motorized Scooters, and/or the DSMD System during a high impact event, notice of such action and duration shall be filed with the Clerk of Court and delivered to all appropriate news and social media for publication and to local radio and television stations for broadcast. If practicable, signs may be posted in the

DRAFT

impacted area(s) advising of the prohibition or limitation during the duration of such action by Escambia County.

d. Any refusal to comply with the action(s) taken during a high impact event shall be prosecuted in the same manner as misdemeanors are prosecuted and shall be punished by a fine not to exceed $500.00 or by imprisonment in the county jail not to exceed 60 days or by both such fine and imprisonment, as provided for in Section 1-17 of this Code, or as otherwise allowed by state law.

(10) Enforcement, Fees, Fines, and Penalties.

a. Violations of this Section shall be punished by a fine not to exceed $500.00 or by imprisonment in the county jail not to exceed 60 days or by both such fine and imprisonment, as provided for in Section 1-17 of this Code, or as otherwise allowed by state law.

b. The SRIA reserves the right to suspend any prior Commercial Master Lessee's or sublessee of a Commercial Master Lessee's approval, if there is a violation of this Section, public health, safety or general welfare, or for other good and sufficient cause as determined by the SRIA in its sole discretion, in addition to any other remedies available to the SRIA, including but not limited to lease termination for a default under the master lease between the SRIA and the Commercial Master Lessee.

c. Violations of Operating a DSMD System without SRIA approval shall be fined $250.00 per day for an initial offense, and $500.00 per day for any repeat offenses within thirty (30) days of the last offense by the same Commercial Master Lessee

DRAFT

or sublessee of a Commercial Master Lessee. Each day of non-compliance shall constitute a separate offense.

d. The following fees, costs, and fines shall apply to Commercial Master Lessees or sublessees of a Commercial Master Lessee:

Commercial Master Lessee or sublessee of a Commercial Master Lessee Fee	$500.00; non-refundable
One time per unit fee	$100.00 per unit; non-refundable
Removal or Relocation	$100.00 per device
Operating without SRIA approval	$250.00 per day; $500.00 per day for repeat offense

e. At the discretion of the SRIA Executive Director, a Commercial Master Lessee or sublessee of a Commercial Master Lessee is subject to a fleet size reduction or operation approval revocation should the following occur:

1. If the violations of the regulations set forth in this Section are not addressed by the Commercial Master Lessee or its sublessee in a timely manner as defined under the master lease, as amended, between the SRIA and the Commercial Master Lessee; or
2. Fifteen (15) unaddressed violations of the regulations set forth in this Section within a 30-day period; or
3. Submission of inaccurate or fraudulent data by the Commercial Master Lessee or sublessee of a Commercial Master Lessee.

DRAFT

f. In the event of fines being assessed as specified herein or operation approval revocation, the SRIA or County shall provide written notice of the fines or revocation via certified mail informing the Commercial Master Lessee or sublessee of a Commercial Master Lessee of the violations, fines, or revocation.

(11) Data Sharing.

a. All permitted Commercial Master Lessees or sublessees of a Commercial Master Lessee shall provide the County Administrator, or his or her designee, with the following data on a monthly basis in PDF format:

1. Number of DSMDs in circulation;
2. Number of daily, weekly, and monthly Customers;
3. Total number of miles traveled by Customers (daily, weekly, monthly, quarterly, and annually);
4. Average amount of time each DSMD is available (not in use);
5. Number of rides per Customer per day;
6. Number of rides per DSMD per day;
7. Duration of rides per Customer per day;
8. Average duration of Customer per day of the week;
9. Monthly summary of DSMD distribution and GPS-based natural movement in heat map format;
10. Summary of fleet numbers of DSMDs lost to theft and/or vandalism;
11. Summary of Customer comments and complaints, resolution to, and time required to resolve each complaint;
12. Summary of repairs per DSMD per month.

DRAFT

b. Such data shall be provided to the County Administrator, or his or her designee, within the first five (5) business days of each month. Failure to comply will result in a suspension of a Commercial Master Lessee's or sublessee of a Commercial Master Lessee's approval to operate DSMDs.

(12) Indemnification and Insurance.

a. As a condition of Commercial Master Lessee or sublessee of a Commercial Master Lessee approval by the SRIA, the Commercial Master Lessee or sublessee of a Commercial Master Lessee agrees to indemnify, hold harmless, and defend the SRIA and the County, its representatives, employees, and elected and appointed officials, from and against all ADA accessibility claims and any and all liability, claims, damages, suits, losses, and expenses of any kind, including reasonable attorney's fees and costs for appeal, associated with or arising out of the use of right-of-way or county-owned property for DSMD operations, or arising from any negligent act, omission, or error of the Commercial Master Lessee or sublessee of a Commercial Master Lessee, its agents or employees, or from failure of the Commercial Master Lessee or sublessee of a Commercial Master Lessee, its agents, or employees, to comply with each and every requirement of this Ordinance, or with any other federal, state, or local traffic law or any combination of the same.

b. Prior to commencing DSMD operation on Pensacola Beach, the Commercial Master Lessee or sublessee of a Commercial Master Lessee shall provide and maintain such liability insurance, property damage insurance, and any other specified coverages in amounts and types as determined by the SRIA, necessary

DRAFT

to protect the SRIA and the County, its representatives, employees, and elected and appointed officials, from all claims and damage to property or bodily injury, including death, which may arise from any aspect of DSMD operation.

c. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall include language in an amendment to the master lease or in the sublease that requires, to the fullest extent permitted by law, the Customer to fully release, indemnify, and hold harmless the SRIA and the County.

d. The Commercial Master Lessee or sublessee of a Commercial Master Lessee shall provide proof of all required insurance prior to receiving SRIA approval to operate DSMDs.

Section 3. Severability. If any section, sentence, clause, or phrase of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 4. Conflict with Other Ordinances and Codes. All ordinances or parts of ordinances of Escambia County in conflict with the provisions of this Ordinance are hereby repealed to the extent of such conflict.

Section 5. Inclusion in the Code. It is the intention of the Board of County Commissioners that the provisions of this ordinance shall be codified as required by Section 125.68, Florida Statutes, and the sections, subsections and other provisions of this ordinance may be renumbered or re-lettered and the word “ordinance” may be changed to “section,” “article,” or such other appropriate word or phrase in order to accomplish such intentions.

ORDINANCE NUMBER 2020-____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, CREATING VOLUME 1, CHAPTER 94, ARTICLE I, SECTION 94-9 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO MICROMOBILITY DEVICES AND MOTORIZED SCOOTERS ON PENSACOLA BEACH; PROVIDING FOR SEVERABILITY AND CONFLICTS; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Florida Uniform Traffic Control Law allows counties to enact ordinances to permit, control, or regulate the operation of vehicles, golf carts, mopeds, motorized scooters, and electric personal assistive mobility devices on sidewalks or sidewalk areas when such use is permissible under federal law, so long as such vehicles or devices are restricted to a maximum speed of 15 miles per hour. *Section 316.008(7)(a)*, *Florida Statutes*; and

WHEREAS, Section 316.008, Florida Statutes, with respect to streets and highways, allows counties to regulate or prohibit stopping, standing, or parking, restrict the use of streets, and regulate or prohibit the use of heavily traveled streets by any class or kind of traffic found to be incompatible with the normal and safe movement of traffic; and

WHEREAS, the Santa Rosa Island Authority was created by special act to provide oversight of Santa Rosa Island for such purposes as it shall deem to be in the public interests; and

WHEREAS, the Santa Rosa Island Authority has asked the Board of County Commissioners to enact an ordinance relative to micromobility devices; and

WHEREAS, the Santa Rosa Island Authority strives to keep the County rights-of-way compliant with the Americans with Disabilities Act (ADA), and other federal and state regulations, and is committed to keeping Pensacola Beach accessible for the mobility-challenged; and

WHEREAS, dockless shared micromobility devices and motorized scooters left unattended and parked, leaned on walls, or left on sidewalks creates a hazard to pedestrians and individuals needing access and maneuverability for ADA mobility devices; and

WHEREAS, the Santa Rosa Island Authority has a significant interest in ensuring public safety and order in promoting the free flow of pedestrian traffic on streets, sidewalks, and sidewalk areas.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. Recitals. The foregoing recitals are true and correct and are incorporated herein by reference.

Section 2. Creation. Chapter 94, Article 1, Section 94-9 of the Code of Ordinances of Escambia County, Florida is hereby created as follows:

Section 94-9. Pensacola Beach Micromobility Device and Motorized Scooter Ordinance.

(1) Title. This section shall be known as "The Pensacola Beach Micromobility Device and Motorized Scooter Ordinance," and may be cited as such, and will be referred to herein as "this Section."

(2) Legislative Findings.

a. The purpose of this Section is to permit and regulate Dockless Shared Micromobility Devices and Motorized Scooters on Pensacola Beach.

b. The provisions of this Section shall apply to commercial Dockless Shared Micromobility Devices and private Micromobility Devices and Motorized Scooters on Pensacola Beach.

c. For the purpose of this Section 94-9, all Commercial Master Lessees and sublessees of any Commercial Master Lessees operating a business for the sale or rental of Micromobility Devices and Motorized Scooters on Santa Rosa Island and any owner of Micromobility Devices and Motorized Scooters operating Micromobility Devices and Motorized Scooters on Santa Rosa Island for commercial use or private use shall be liable for complying with the provisions of this Section.

(3) Definitions. For the purpose of this Section, the following words and phrases, when used in this Section, shall have the meanings respectively ascribed to them in this subsection. The definitions in Chapter 316, Florida Statutes, as amended, apply to this Section and are hereby incorporated by reference.

a. *Commercial Master Lessee* means any individual, partnership, firm, organization, corporation, association, or any other legal entity, whether singular or plural, who has a lease directly with the SRIA for the possession and use of realty and the improvements thereto used for nonresidential, commercial, governmental, or industrial purposes, and either for itself or through a sublessee of the Commercial Master Lessee owns, operates,

redistributes, or rebalances Dockless Shared Micromobility Devices (DSMDs), or operates a Dockless Shared Micromobility Device (DSMD) System on or within Pensacola Beach.

b. *Commercial Core Area of Pensacola Beach* means the predominately commercial district of Pensacola Beach more particularly described as beginning at a point on the Northerly R/W line of Ft. Pickens Rd. and the Southeast Corner of Block "C", La Caribe, being a subdivision recorded in Plat Book 15, Page 10 of the Public Records of Escambia County, Florida; thence depart said Northerly R/W line and run Northerly along the Easterly Boundary line of La Caribe Subdivision to the water's edge of Little Sabine Bay, thence run Northeasterly, Northerly and Northwesterly along the meanderings of said water's edge of Little Sabine Bay to the Bulkhead of the Bob Sikes Bridge at Pensacola Beach Blvd.; thence continue Easterly along said Bulkhead to the Southerly water's edge of Santa Rosa Sound; thence run Northeasterly, Southwesterly, Southerly, Southeasterly and Easterly along the meanderings of said water's edge of Santa Rosa Sound to a point lying on the extension of the Western Boundary of Lot 3, Block 3, Villa Primera, being a Subdivision recorded in Plat Book 2, Page 78 of the Public Records of Escambia County, Florida; thence Southerly along said Western Boundary of Lot 3 to the Southwest Corner of said Lot 3, Block 3, Villa Primera; thence Easterly along the Southern Boundary of said Lot 3, Block 3, a distance of 35 Ft. to the Northeast Corner of Lot 14, Block 3, Villa Primera Subdivision; thence Southerly along the Eastern Boundary of Lot 14, Block 3, a distance of 93.88 Ft. to the Northerly R/W line of Via De Luna Drive; thence Westerly along said Northerly R/W line of Via De Luna Dr. to a point of intersection with the Northerly extension of the Westerly R/W line of Avenida 10; thence Southerly along said Westerly extension, West R/W line and Southerly extension of Westerly R/W line to the water's edge of the Gulf of Mexico; thence Southwesterly along said water's edge of the Gulf of Mexico to a point of intersection with the Westerly Boundary line of Block H, First Addition to Villa Sabine, being a Subdivision recorded in Plat Book 5, Page 75 of the Public Records of Escambia County, Florida; thence Northwesterly along said Boundary line of Block H to the Northerly R/W of Fort Pickens Rd.; thence Northeasterly along said R/W to the Southeast Corner of Lot 1, Block A, Spanish Landing Subdivision, being a subdivision recorded in Plat Book 8, Page 24 of the Public Records of Escambia County, Florida; thence Northwesterly along the Easterly Boundary line of said Lot 1, Block A, Spanish Landing to the Southerly water's edge of Little Sabine Bay; thence Northeasterly and Easterly along the Southerly shoreline of said Little Sabine Bay to a point of intersection of the water's edge and the Westerly Boundary line of Deep Water Cove Condominium Phase I; thence Southeasterly along said Westerly Boundary line to the Northerly R/W line of Fort Pickens Rd.; thence Northeasterly along the Northerly R/W line of Fort Pickens Rd. to the

Point of beginning. This area is comprised of 222.6 acres, and is generally depicted in the following map:

c. *Customer* means a person who uses a Dockless Shared Micromobility Device (DSMD).

d. *Dockless Shared Micromobility Device* (hereinafter "DSMD") means a Micromobility Device or Motorized Scooter made available for shared use or rent to individuals on a short-term basis for a price or fee.

e. *Dockless Shared Micromobility Device (DSMD) System* means a system generally, in which Dockless Shared Micromobility Devices (DSMDs) are made available for shared use or rent to individuals on a short-term basis for a price or fee.

f. *Geofencing* means the use of GPS (Global Positioning System) or RFID (Radio-Frequency Identification) technology to create a virtual geographic

boundary, enabling software to trigger a response when a DSMD enters or leaves a particular geographic area.

g. *Micromobility Device* shall have the same meaning as ascribed in Section 316.003, Florida Statutes, as amended. Micromobility Device is further defined as a vehicle that is powered by a motor with or without a seat or saddle for the use of the rider, which is designed to travel on not more than three wheels, and which is not capable of propelling the vehicle at a speed greater than 20 miles per hour on level ground.

h. *Motorized Scooter* means any vehicle or Micromobility Device that is powered by a motor with or without a seat or saddle for the use of the rider, which is designed to travel on not more than three wheels, and which is not capable of propelling the vehicle at a speed greater than 20 miles per hour on level ground.

i. *Pedestrian* means any person utilizing Sidewalks, Sidewalk Areas, or Rights-of-way on foot, and shall include people using wheelchairs or other ADA-compliant devices.

j. *Rebalancing* means the process by which DSMDs are redistributed geographically to ensure their availability throughout a service area and to prevent excessive buildup of DSMDs in a particular geographic area.

k. *Relocate or Relocating* means the process by which DSMDs are relocated and secured at locations or distribution points approved by the SRIA.

l. *Residential Leasehold* means an improved leasehold under a direct lease with the SRIA which is used as a dwelling.

m. *Right(s)-of-way* means the surface and space above and below any real property in which the County has an interest in law or equity, devoted to, associated with, or required for use as a transportation facility, including streets, easements, and sidewalks, but excluding parks.

n. *Santa Rosa Island Authority (SRIA)* means that board created and appointed by the county commissioners of Escambia County to provide oversight of Santa Rosa Island for such purposes as it shall deem to be in the public interests, pursuant to Chapter 24500, Laws of Florida, Special Acts 1947, as amended.

o. *Service Area* means the geographical area approved by the SRIA on or within Pensacola Beach where a Commercial Master Lessee or sublessee of a Commercial Master Lessee or their respective Customers are authorized to operate a DSMD.

p. *Sidewalk* means that portion of a street between the curb line, or the lateral line, of a roadway and the adjacent property lines, intended for use by pedestrians.

q. *Sidewalk Area(s)* include trail in the area of a sidewalk, as well as the sidewalk, and may be a median strip or a strip of vegetation, grass, bushes, trees, street furniture, or a combination of these between the curb line of the roadway and the adjacent property.

(4) Prohibition.

a. It shall be a violation of this Section to operate a Micromobility Device or Motorized Scooter in the Commercial Core Area of Pensacola Beach.

b. It shall be a violation of this Section to operate a Micromobility Device or Motorized Scooter on any street or roadway which has a posted speed limit greater than 25 miles per hour.

(5) Dockless Shared Micromobility Devices (DSMDs) and Motorized Scooters on Pensacola Beach Public Rights-of-Way Outside of Prohibited Area; Criteria.

a. DSMDs shall not be operated on Pensacola Beach unless a Commercial Master Lessee has received SRIA approval and has entered into a fully executed lease amendment for the operation of DSMDs on Pensacola Beach, or a sublessee has received SRIA approval and has entered into a fully executed sublease with a Commercial Master Lessee.

b. DSMDs are not available for shared use or rent from a Residential Leasehold on Pensacola Beach.

c. If two or more DSMDs from a Commercial Master Lessee are found at a distance of three (3) feet or less from one another on or within Pensacola Beach, it will be presumed that such DSMDs have been deployed by that Commercial Master Lessee, and it will be presumed that the Commercial Master Lessee is in violation of this Section, and the DSMDs are subject to impoundment per subsection 2.(8) herein.

d. To operate DSMDs on Pensacola Beach, a Commercial Master Lessee shall submit an application for such operation with the SRIA using such forms approved by the SRIA, along with a fee of $500.00, which shall be used to assist with offsetting costs to the SRIA related to any administration and enforcement of this Section, as well as a fee in the amount of $100.00 per DSMD proposed to be deployed. Such fees will be refunded if the prospective Commercial Master Lessee or the sublessee of a Commercial Master Lessee is not approved to operate DSMDs. If the SRIA authorizes fewer DSMDs to be

deployed than the number proposed, the SRIA shall refund the fees for each DSMD not authorized for deployment.

e. The SRIA approval of a Commercial Master Lessee to operate DSMDs shall include: (i) determination of the terms and conditions of such operation by Commercial Master Lessee, including but not limited to percentage lease fees; and (ii) determination of the total number of DSMDs which may operate on Pensacola Beach.

f. The total number of DSMDs shall be distributed among Commercial Master Lessees approved to operate DSMDs as determined by the SRIA. DSMDs that are impounded shall count towards the maximum permitted DSMDs authorized on or within Pensacola Beach.

g. To the extent allowed by law, the SRIA may from time to time adopt further regulations and policies pertaining to DSMDs which may be necessary to implement this Section and facilitate the safe operation of such devices on Pensacola Beach.

(6) Operation of a Dockless Shared Micromobility Device (DSMD) System; Commercial Master Lessee's Responsibilities and Obligations; Dockless Micromobility Device Specifications.

a. The Commercial Master Lessee or sublessee of a Commercial Master Lessee of a DSMD System is responsible for maintenance of each DSMD.

b. The DSMD shall be restricted to a maximum speed of 15 miles per hour on or within authorized geographic areas of operation on Pensacola Beach.

c. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall establish and enforce a geofence perimeter around the Commercial Core Area and other prohibited areas, such that its DSMDs are not capable of being operated within the Commercial Core Area or any other prohibited area. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall also include language in an amendment to the master lease or in the sublease that requires creation and enforcement of such geofence perimeters.

d. Each DSMD shall predominantly display the Commercial Master Lessee's or sublessee's name and contact information, which may be satisfied by printing the Commercial Master Lessee's or sublessee's Uniform Resource Locator (URL) or providing a code to download the Commercial Master Lessee's or sublessee's mobile application, if any.

e. Commercial Master Lessees or sublessees of a Commercial Master Lessees must comply with all applicable local, state, and federal regulations and laws.

f. As part of the application submitted to the SRIA, Commercial Master Lessees or sublessees of a Commercial Master Lessee must provide to the SRIA an emergency preparedness plan acceptable to the SRIA that details where the DSMDs will be located and the amount of time it will take to secure all DSMDs once a tropical storm or hurricane watch or warning has been issued by the National Weather Service for Pensacola Beach, or once the SRIA or Escambia County has declared any other safety emergency declared by the Board of County Commissioners or the County Administrator.

g. Commercial Master Lessees or sublessees of a Commercial Master Lessee must obtain approval from SRIA, or its designee, regarding when, and where, it is safe to redistribute the DSMDs on or within Pensacola Beach when there is no longer a declared emergency as referenced in subsection 2.(6)e. herein.

h. DSMDs that are inoperable or damaged, improperly parked, blocking ADA accessibility, or do not comply with this Section must be removed by the Commercial Master Lessees or sublessee of a Commercial Master Lessee within one (1) hour upon receipt of a complaint.

    1. An inoperable or damaged DSMD is one that has non-functioning features or is missing components.

    2. A DSMD that is not removed within this timeframe is subject to impoundment and any applicable impoundment fees, code enforcement fees, or penalties per subsections 2.(8) and 2.(10) herein.

i. Commercial Master Lessees or sublessees of a Commercial Master Lessee must provide details on how Customers can utilize the DSMD without a smartphone.

j. Commercial Master Lessees or sublessees of a Commercial Master Lessee must Rebalance the DSMDs daily, unless otherwise agreed in writing with the SRIA.

k. The Commercial Master Lessees', or their respective sublessees', or their respective designees' mobile application and website must inform Customers how to safely and legally ride a DSMD.

l. The Commercial Master Lessees', or their respective sublessees', or their respective designees' mobile application must clearly direct Customers to customer support mechanisms, including but not limited to phone numbers or websites. Commercial Master Lessees, or their respective sublessees, or their respective designees must provide a staffed, toll-free Customer Service line which must provide support 24 hours per day, 365 days per year.

m. Commercial Master Lessees or sublessees of a Commercial Master Lessee must provide a direct customer service or operations staff contact to SRIA staff.

n. All DSMDs shall comply with the lighting standards set forth in Section 316.2065(7), Florida Statutes, as may be amended or revised, which requires a reflective white light visible from a distance of at least 500 feet and a reflective rear red light visible from a distance of at least 600 feet.

o. All DSMDs shall be equipped with GPS, cell phone, or a comparable technology for the purpose of tracking.

p. All DSMDs must include a kickstand capable of keeping the unit upright when not in use.

q. The only signage allowed on a DSMD is that which identifies the Commercial Master Lessees or sublessees of a Commercial Master Lessee. Third-party advertising is not allowed on any DSMD.

r. DSMDs shall be parked in the same areas authorized for bicycles within the Service Area.

(7) Operation and Parking of Dockless Shared Micromobility Devices (DSMDs) and Motorized Scooters.

a. The riding and operating of DSMDs is permissible upon all Sidewalks, Sidewalk Areas, and other areas a bicycle may legally travel, located on or within Pensacola Beach limits, except the areas listed below:

    1. DSMDs and Motorized Scooters are prohibited from operating or parking, at all times, on Streets, Sidewalks, bike paths, Sidewalk Areas, or Rights-of-way within the Commercial Core Area of Pensacola Beach.

    2. Micromobility Devices and Motorized Scooters are prohibited from operating or parking, at all times, on any street or roadway, which has a posted speed limit greater than 25 miles per hour, or on any Sidewalks, bike paths, Sidewalk Areas, or Rights-of-way adjacent to any street or roadway, which has a posted speed limit greater than 25 miles per hour.

b. A Customer of a DSMD or Motorized Scooter has all the rights and duties applicable to the rider of a bicycle under Section 316.2065, Florida Statutes, as amended.

c. DSMDs and Motorized Scooters shall be restricted to a maximum speed of 15 miles per hour.

d. A Customer operating a DSMD upon and along a Sidewalk, Sidewalk Area, or across a roadway upon and along a crosswalk, has all the rights and duties applicable to a bicyclist under the same circumstances, and shall yield the right-of-way to any Pedestrian and shall give an audible signal before overtaking and passing such Pedestrian.

e. A Customer operating a DSMD must comply with all applicable local, state, and federal laws.

f. Use of public sidewalks for parking DSMDs or Motorized Scooters shall not:

    1. Adversely affect the use of streets or sidewalks;

    2. Inhibit pedestrian movement;

    3. Inhibit the ingress and egress of vehicles parked on-street or off-street;

    4. Create conditions which are a threat to public safety or security;

    5. Prevent a minimum four (4) foot pedestrian clear path;

    6. Impede access to existing docking stations, if applicable;

    7. Impede loading zones, handicap accessible parking zones, or other facilities specifically designated for handicap accessibility, on-street parking spots, curb ramps, business or residential entryways, driveways, travel lanes, bicycle lanes, or be within 15 feet of a fire hydrant; or

    8. Violate Americans with Disabilities Act (ADA) accessibility requirements.

g. To the extent Escambia County, the Escambia County Sheriff, and/or the SRIA collect sufficient data, any such party may, but is not required to, request the Board of County Commissioners amend this Section so as to provide for the safety of citizens and visitors. Such data may include, but is not limited to:

    1. Number and type of traffic and pedestrian accidents involving DSMDs;

    2. Number and type of injuries sustained by riders and non-riders of DSMDs;

    3. Number and type of criminal complaints issued (e.g., private property damage or trespass upon private property) involving DSMDs;

4. Number and type of traffic stops made involving DSMDs; and

5. Total amount of resources used to regulate DSMDs and enforce this Section.

(8) Impoundment, Removal, or Relocating.

a. Any Shared Micromobility Device that is inoperable or damaged, improperly parked, blocking ADA accessibility, does not comply with this Section, or is left unattended on public property, including Sidewalks, Sidewalk Areas, Rights-of-way, and parks, may be impounded, removed, or relocated by Escambia County staff, persons under contract with Escambia County, any law enforcement officer, or lifeguard.

    1. Unattended or abandoned DSMDs in violation of this Section are a public nuisance.

    2. A DSMD is not considered unattended if it is secured in a designated parking area, rack (if applicable), parked correctly, or in another location or device intended for the purpose of securing such device.

b. Any DSMD that is displayed, offered, or made available for rent on or within Pensacola Beach by any person or entity, including but not limited to Commercial Master Lessees or sublessees of a Commercial Master Lessee, without approval by the SRIA is subject to impoundment or Removal, and will be subject to applicable impoundment fees or removal fines as specified in this Section.

c. Escambia County staff, persons under contract with Escambia County, any law enforcement officer, or lifeguard may, but are not obligated to, remove or relocate any DSMD that is in violation of this Section.

    1. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall pay to the agency responsible for impounding or removing a DSMD, a $100.00 fee per device that is removed or relocated, in order to retrieve the impounded or removed DSMD, in additional to any other costs, expenses, and/or towing fees incurred pursuant to this Section.

d. Impoundment shall occur in accordance with Section 713.78, Florida Statutes, as amended. The Commercial Master Lessee or sublessee of a Commercial Master Lessee shall be solely responsible for all expenses, towing fees, and costs required by the towing company to retrieve any impounded Micromobility Device(s). The Commercial Master Lessee or sublessee of a Commercial Master Lessee of a Micromobility Device impounded under this Section will be

subject to all liens and terms described under Section 713.78, in addition to payment of all applicable penalties, costs, fines, or fees that are due in accordance with this Section and applicable local, state, and federal law.

(9) High Impact Event on Santa Rosa Island.

a. *High impact event* means an event or gathering on beach property in Escambia County or on Santa Rosa Island or Pensacola Beach during which one (1) or more of the following occur:

1. An event, activity, or period of time that generates a significant spike in social media conversations, increasing audience impressions, and attention to the County, Santa Rosa Island, or Pensacola Beach, which is expected to generate attendance by more than five thousand (5,000) people for an area of beach property;

2. An event is held pursuant to a special permit which is expected to result in attendance by more than twenty-five thousand (25,000) people on beach property;

3. A maintenance of traffic plan would be required, or is required (e.g., including, but not limited to, street closures, lane closures, shuttle service) based upon the high impact event or pursuant to a special event permit;

4. Hotel occupancy levels are anticipated to be greater than eighty-five (85) percent on Santa Rosa Island or Pensacola Beach; or

5. Law enforcement mutual aid or other assistance from outside law enforcement agencies is required to provide for the safety and well-being of residents and visitors to the beach property.

b. Whenever the County Administrator, or his or her designee, determines that a high impact event on beach property will occur, or is in progress, he or she may prohibit or limit the use of DSMDs, Motorized Scooters, and/or the DSMD Systems on or within Pensacola Beach.

c. In the event the County Administrator, or his or her designee, prohibits or limits use of DSMDs, Motorized Scooters, and/or the DSMD System during a high impact event, notice of such action and duration shall be filed with the Clerk of Court and delivered to all appropriate news and social media for publication and to local radio and television stations for broadcast. If practicable, signs may be posted in the impacted area(s) advising of the prohibition or limitation during the duration of such action by Escambia County.

d. Any refusal to comply with the action(s) taken during a high impact event shall be prosecuted in the same manner as misdemeanors are prosecuted and shall be punished by a fine not to exceed $500.00 or by imprisonment in the county jail not to exceed 60 days or by both such fine and imprisonment, as provided for in Section 1-17 of this Code, or as otherwise allowed by state law.

(10) Enforcement, Fees, Fines, and Penalties.

a. Violations of this Section shall be punished by a fine not to exceed $500.00 or by imprisonment in the county jail not to exceed 60 days or by both such fine and imprisonment, as provided for in Section 1-17 of this Code, or as otherwise allowed by state law.

b. The SRIA reserves the right to suspend any prior Commercial Master Lessee's or sublessee of a Commercial Master Lessee's approval, if there is a violation of this Section, public health, safety or general welfare, or for other good and sufficient cause as determined by the SRIA in its sole discretion, in addition to any other remedies available to the SRIA, including but not limited to lease termination for a default under the master lease between the SRIA and the Commercial Master Lessee.

c. Violations of Operating a DSMD System without SRIA approval shall be fined $250.00 per day for an initial offense, and $500.00 per day for any repeat offenses within thirty (30) days of the last offense by the same Commercial Master Lessee or sublessee of a Commercial Master Lessee. Each day of non-compliance shall constitute a separate offense.

d. The following fees, costs, and fines shall apply to Commercial Master Lessees or sublessees of a Commercial Master Lessee:

Commercial Master Lessee or sublessee of a Commercial Master Lessee Fee	$500.00; non-refundable
One time per unit fee	$100.00 per unit; non-refundable
Removal or Relocation	$100.00 per device
Operating without SRIA approval	$250.00 per day; $500.00 per day for repeat offense

e. At the discretion of the SRIA Executive Director, a Commercial Master Lessee or sublessee of a Commercial Master Lessee is subject to a fleet size reduction or operation approval revocation should the following occur:

1. If the violations of the regulations set forth in this Section are not addressed by the Commercial Master Lessee or its sublessee in a timely manner as defined under the master lease, as amended, between the SRIA and the Commercial Master Lessee; or

2. Fifteen (15) unaddressed violations of the regulations set forth in this Section within a 30-day period; or

3. Submission of inaccurate or fraudulent data by the Commercial Master Lessee or sublessee of a Commercial Master Lessee.

f. In the event of fines being assessed as specified herein or operation approval revocation, the SRIA or County shall provide written notice of the fines or revocation via certified mail informing the Commercial Master Lessee or sublessee of a Commercial Master Lessee of the violations, fines, or revocation.

(11) Data Sharing.

a. All permitted Commercial Master Lessees or sublessees of a Commercial Master Lessee shall provide the County Administrator, or his or her designee, with the following data on a monthly basis in PDF format:

1. Number of DSMDs in circulation;

2. Number of daily, weekly, and monthly Customers;

3. Total number of miles traveled by Customers (daily, weekly, monthly, quarterly, and annually);

4. Average amount of time each DSMD is available (not in use);

5. Number of rides per Customer per day;

6. Number of rides per DSMD per day;

7. Duration of rides per Customer per day;

8. Average duration of Customer per day of the week;

9. Monthly summary of DSMD distribution and GPS-based natural movement in heat map format;

10. Summary of fleet numbers of DSMDs lost to theft and/or vandalism;

11. Summary of Customer comments and complaints, resolution to, and time required to resolve each complaint;

12. Summary of repairs per DSMD per month.

b. Such data shall be provided to the County Administrator, or his or her designee, within the first five (5) business days of each month. Failure to comply will result in a suspension of a Commercial Master Lessee's or sublessee of a Commercial Master Lessee's approval to operate DSMDs.

(12) Indemnification and Insurance.

a. As a condition of Commercial Master Lessee or sublessee of a Commercial Master Lessee approval by the SRIA, the Commercial Master Lessee or sublessee of a Commercial Master Lessee agrees to indemnify, hold harmless, and defend the SRIA and the County, its representatives, employees, and elected and appointed officials, from and against all ADA accessibility claims and any and all liability, claims, damages, suits, losses, and expenses of any kind, including reasonable attorney's fees and costs for appeal, associated with or arising out of the use of right-of-way or county-owned property for DSMD operations, or arising from any negligent act, omission, or error of the Commercial Master Lessee or sublessee of a Commercial Master Lessee, its agents or employees, or from failure of the Commercial Master Lessee or sublessee of a Commercial Master Lessee, its agents, or employees, to comply with each and every requirement of this Ordinance, or with any other federal, state, or local traffic law or any combination of the same.

b. Prior to commencing DSMD operation on Pensacola Beach, the Commercial Master Lessee or sublessee of a Commercial Master Lessee shall provide and maintain such liability insurance, property damage insurance, and any other specified coverages in amounts and types as determined by the SRIA, necessary to protect the SRIA and the County, its representatives, employees, and elected and appointed officials, from all claims and damage to property or bodily injury, including death, which may arise from any aspect of DSMD operation.

c. A Commercial Master Lessee or sublessee of a Commercial Master Lessee shall include language in an amendment to the master lease or in the sublease that requires, to the fullest extent permitted by law, the Customer to fully release, indemnify, and hold harmless the SRIA and the County.

d. The Commercial Master Lessee or sublessee of a Commercial Master Lessee shall provide proof of all required insurance prior to receiving SRIA approval to operate DSMDs.

Section 3. Severability. If any section, sentence, clause, or phrase of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 4. Conflict with Other Ordinances and Codes. All ordinances or parts of ordinances of Escambia County in conflict with the provisions of this Ordinance are hereby repealed to the extent of such conflict.

Section 5. Inclusion in the Code. It is the intention of the Board of County Commissioners that the provisions of this ordinance shall be codified as required by Section 125.68, Florida Statutes, and the sections, subsections and other provisions of this ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 6. Effective Date. This Ordinance shall become effective upon filing with the Department of State.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18188 **Public Hearings 10.**
BCC Regular Meeting
Meeting Date: 08/06/2020
Issue: 5:33 p.m. Public Hearing Concerning Proposed Grant Application for Federal Transit Administration (FTA) 5339 Funding for Capital
From: TONYA ELLIS, Director, Mass Transit
Organization: Mass Transit
CAO Approval:

RECOMMENDATION:

5:33 p.m. Public Hearing for Consideration of the Fiscal Year 2020 Proposed Grant Application for Mass Transit Projects.

Recommendation: That the Board take the following action concerning the Fiscal Year 2020 Grant Application for Federal Transit Administration (FTA), Section 5339 Funds, for capital expenses:

A. Conduct a Public Hearing for the purpose of receiving comments from the general public on the Grant Application by the Mass Transit Department, for $1,612,050 in Federal Assistance, for Capital expenses;

B. Approve, or amend and approve, the Grant Application after receiving comments at the Public Hearing;

C. Adopt the Resolution authorizing the Chairman to execute all appropriate documents for the processing and receipt of federal funds from the Federal Transit Administration; and

D. Authorize the Mass Transit Department Director to file the Grant Application via the Federal Transportation Award Management System (TrAMS)

Mass Transit staff recommends that Escambia County Board of County Commissioners apply for the apportionment by approving an Application for the below program of projects:

BUDGET	DEFINITION	PROJECT

CATEGORY		COST
Shop Equipment	Bus Vacuum Cleaner	$300,000
Shop Equipment	Parts Washer, Hydraulic Press, Drill Press, Exhaust Fans for Shop	$82,050
Software	Operations Dispatching / Route Software	$980,000
Software	Passenger Information Software	$250,000
	TOTAL	**$1,612,050**

[Funding: The Grant Application is for a total of $1,612,050. Capital assistance requires a 20% local match of $403,013. The local match is covered by Federal Highway Toll Revenue Credits.]

BACKGROUND:

FTA guidelines require that all Applications for financial assistance from FTA be submitted after a public hearing is held for the purpose of receiving comments from the public concerning the Grant Program of Projects. Effective January 1, 2016, Grant Applications, Execution, and Grant Administration Progress Reports must be submitted electronically via the Transportation Award Management System (TrAMS).

The Grants for Buses and Bus Facilities program (49 U.S.C. 5339) makes Federal resources available to States and designated recipients to replace, rehabilitate and purchase buses and related equipment and to construct bus related facilities including technological changes or innovations to modify low or no emission vehicles or facilities. Funding is provided through formula allocations and competitive Grants. The funding provided in this application were allocated through formula allocations.

FTA publishes the apportionment annually. The funding in this Application covers Financial Year 2017 through Financial Year 2020. The Mass Transit department has prepared previous projects for these funds. However, due to various changes in priorities, these Applications were not finalized. This Application applies for all allocations of section 5339 funding currently available to Escambia County.

Mass Transit staff recommend that Escambia County Board of County Commissioners apply for the apportionment by approving an Application for the below program of projects:

BUDGET CATEGORY	DEFINITION	PROJECT COST
Shop Equipment	Bus Vacuum Cleaner	$300,000

Shop Equipment	Parts Washer, Hydraulic Press, Drill Press, Exhaust Fans for Shop	$82,050
Software	Operations Dispatching / Route Software	$980,000
Software	Passenger Information Software	$250,000
	TOTAL	**$1,612,050**

BUDGETARY IMPACT:

The Grant Application is for a total of $1,612,050. Capital assistance requires a 20% local match of $403,013. The local match is covered by Federal Highway Toll Revenue Credits.

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Senior Assistant County Attorney has reviewed as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Competitive Grant Application Policy, Section II; A.6.

IMPLEMENTATION/COORDINATION:

Upon Board approval, Mass Transit will coordinate with the FTA to process the Application.

Resolution

Application Section 5339

RESOLUTION NUMBER R2020-___

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AUTHORIZING ESCAMBIA COUNTY TO APPLY FOR AND ACCEPT CERTAIN GRANT AWARDS MADE BY THE UNITED STATES DEPARTMENT OF TRANSPORTATION FOR FEDERAL TRANSPORTATION ASSISTANCE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to 49 U.S.C. §5339, the Secretary of Transportation of the U.S. Department of Transportation ("USDOT") is authorized to award formula program grants to eligible recipients to assist in the financing of buses and bus facility capital projects, including replacing, rehabilitating, purchasing, or leasing buses or related equipment and rehabilitating, purchasing, constructing, or leasing bus-related facilities; and

WHEREAS, the recipient of federal financial assistance from the USDOT shall comply with the requirements of Title VI of the Civil Rights Act of 1964 and 49 U.S.C. §5332 relating to nondiscrimination.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AS FOLLOWS:

Section 1. The above stated recitals are true and correct and incorporated herein by reference.

Section 2. The Escambia County Board of County Commissioners hereby approves the submission of an application, along with any supporting documentation and assurances required by the USDOT, and the acceptance of an award for formula program grant funding pursuant to 49 U.S.C. §5339.

Section 3. The Chairman of the Board of County Commissioners is hereby authorized to execute the grant application and any supporting documentation as required by the USDOT for the application and acceptance of an award for formula program grant funding pursuant to 49 U.S.C. §5339.

Section 4. The Chairman is authorized to execute and file with the grant application an assurance or any other document required by the USDOT effectuating the purpose of Title VI of the Civil Rights Act of 1964 and 49 U.S.C. §5332 relating to nondiscrimination.

Section 5. The Mass Transit Director is hereby authorized to file the grant application and any other documents as required by the USDOT for the application and acceptance of an award for formula program grant funding pursuant to 49 U.S.C. §5339 utilizing the Federal Transportation Award Management System (TrAMS).

Section 6. This Resolution shall take effect immediately upon adoption by the Board of County Commissioners.

ADOPTED THIS ____ DAY OF _____, 2020.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18343 **Public Hearings 11.**
BCC Regular Meeting
Meeting Date: 08/06/2020
Issue: 5:34 p.m. Public Hearing to Consider Adopting an Ordinance to establish an EDATE for Navy Federal Credit Union Expansion
From: Janice Gilley, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:
5:34 p.m. Public Hearing Concerning the Adoption of an Ordinance Establishing an Economic Development Ad Valorem Tax Exemption for the Navy Federal Credit Union Expansion.

Recommendation: That the Board adopt an Ordinance to establish an Economic Development Ad Valorem Tax Exemption (EDATE) for the Navy Federal Credit Union Expansion.

BACKGROUND:
In accordance with Section 3, Article VII of the Florida Constitution and in accordance with Chapters 125, 163, 192, and 214, Florida Statutes, and Chapter 12D-7, Florida Administrative Code, Escambia County previously enacted an ordinance relating to economic development ad valorem tax exemptions (EDATE's) whereby certain new and expanding businesses may be exempted from ad valorem taxation as provided for in F. S. 196.1995.

Exemptions may be granted to eligible new businesses for up to 100% of the assessed value value of all improvements to real property made by or for the use of the new business and tangible personal property of such business for a period of up to 10 years. Applications for exemptions shall be considered by the Board on a case-by-case basis for each Application, after consideration of the Property Appraiser's report on that Application.

Navy Federal Credit Union (NFCU) has applied for an EDATE as an expanding business, specifically with the construction of Building 7, Amenities, and Parking Deck 3 at their compound on Beulah Road. The Board adopted a Resolution

supporting the expansion and subsequent, anticipated EDATE request from NFCU on June 10, 2013. The Property Appraiser Office has favorably reviewed the EDATE Application and signed on July 2, 2020.

Based on the criteria established in the County's EDATE ordinance, the project scores 13 out of a possible 13 points, and qualifies for a 100% exemption for 10 Years. The Board retains discretion as to whether to grant, in whole or in part, or deny any request for exemption. Provided with this Recommendation is a copy of the draft Ordinance, the Phase II Application and the Rating Points Tally for Building 7.

BUDGETARY IMPACT:

Estimate of County revenue which would be lost during the current fiscal year if the exemption were granted to the property at issue had the property otherwise been subject to taxation is $2,877,424.

LEGAL CONSIDERATIONS/SIGN-OFF:

The draft Ordinance was prepared by Senior Assistant County Attorney Kristin Hual and was advertised in the Pensacola News Journal on Wednesday, July 29, 2020.

ORDINANCE NUMBER 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA ESTABLISHING AN ECONOMIC DEVELOPMENT AD VALOREM TAX EXEMPTION FOR NAVY FEDERAL CREDIT UNION, AN EXPANDING BUSINESS, PURSUANT TO §196.1995, FLORIDA STATUTES; PROVIDING A TITLE; PROVIDING FOR THE GRANTING OF AND LEGISLATIVE INTENT FOR AN EXEMPTION; PROVIDING FOR CERTAIN AD VALOREM TAX REVENUE INFORMATION RELATING TO THE GRANTING OF SUCH EXEMPTION; PROVIDING AN EXPIRATION DATE FOR SUCH EXEMPTION; PROVIDING A FINDING OF FACT THAT NAVY FEDERAL CREDIT UNION MEETS THE DEFINITION OF THE EXPANSION OF AN EXISTING BUSINESS; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING AN EFFECTIVE DATE.

WHEREAS, §196.1995, Florida Statutes, and Chapter 90, Article IV, Division 2, Sections 90-146 through 90-153, Escambia County Code of Ordinances, authorize Escambia County to grant an economic development ad valorem tax exemption ("EDATE") for an expanding business established in the County meeting certain statutory requirements; and

WHEREAS, Navy Federal Credit Union, an expanding business, filed an application for an EDATE for the assessed value of certain improvements to real property and of tangible personal property located at 3101 Navy Federal Way, Pensacola, Florida; and

WHEREAS, the Board of County Commissioners finds that the granting of this EDATE to Navy Federal Credit Union is in the best interest of the health, safety, and welfare of the citizens of Escambia County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. **Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.

Section 2. **Grant and Legislative Intent.** After consideration of the report of the Escambia County Property Appraiser and the request of Navy Federal Credit Union filed with the Board of County Commissioners on June 29, 2020, and in accordance with the procedures set forth in Chapter 90, Article IV, Division 2, Sections 90-146 through 90-153, Escambia County Code of Ordinances, the Board of County Commissioners hereby grants and establishes for a period of ten (10) years, effective for calendar year 2020, an exemption from County ad valorem taxation as provided for in §196.1995(11), Florida Statutes, of one hundred percent (100%) of the assessed value of certain improvements to real property and to the tangible personal property of Navy Federal Credit Union located at 3101 Navy Federal Way, Pensacola, Florida (Parcel Reference No. 041S311101000000) more particularly described in "**Exhibit A**" attached hereto and incorporated by reference.

It is the intent of this ordinance that this exemption shall be given for express purpose of facilitating the expansion of an existing business, as defined in §196.012(15), Florida Statutes. It is the further the intent of this ordinance that the exemption hereby granted to Navy Federal Credit Union shall be solely on the account of and for the use and benefit of said business.

Section 3. **Ad Valorem Tax Revenues.**

Pursuant to §196.1995(9), Florida Statutes, the following has been determined by the Property Appraiser:

a. Total Revenue available to the County for the current fiscal year from ad valorem tax sources is $141,658,285.00.

b. Revenue lost to the County for the current fiscal year by virtue of exemptions previously granted under this section is $1,387,423.00.

c. Estimate of revenue which would be lost to the County during the current fiscal year if the exemption were granted had the property for which the exemption is requested otherwise been subject to taxation is $2,877,424.00.

d. Estimate of the taxable value lost to the County if the exemption applied for were granted:

(1) Improvements to real property $329,802,271.00.
(2) Tangible personal property $45,816,031.00.

Section 4. **Expiration Date.** The EDATE granted to Navy Federal Credit Union, an expanding business, shall be for a period of ten (10) years and shall expire on December 31, 2029, at 12:01 a.m.

Section 5. **Finding of Fact.** The Board of County Commissioners of Escambia County, Florida finds that Navy Federal Credit Union qualifies as an expansion of an existing business as defined by Sec. 90-148, Escambia County Code of Ordinances, and §196.012(15), Florida Statutes.

Section 6. **Rating.** The Board of County Commissioners of Escambia County, Florida finds that Navy Federal Credit Union qualifies for a 100% County ad valorem tax exemption for ten (10) years based upon receiving thirteen (13) out of thirteen (13) points under the criteria found in Sec. 90-147, Escambia County Code of Ordinances. Navy Federal Credit Union accumulated five (5) points under the "Capital Investment" category, five (5) points under the "Number of Employees" category, and three (3) points under the "Wage Rate" category for a total of thirteen (13) points. As a result, pursuant to Sec. 90-147(4), Escambia County Code of Ordinances, Navy Federal Credit Union shall receive a 100% ad valorem tax exemption for a period of ten (10) years.

Section 7. **Severability.** If any section, subsection, paragraph, sentence, clause, phrase, or portion of this Ordinance is for any reason found void, invalid, unlawful, or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, independent, and severable provision and such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 8. **Inclusion in the Code.** It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code; and that the sections of this ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.

Section 9. **Effective Date.** This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED this __ day of _____, 2020.

EXHIBIT "A"

4H Property Legal Description

The Northeast Quarter lying Southwesterly of the right of way for Interstate 10 as described in Deeds recorded in O.R. Book 160, page 688 and O.R. Book 166, page 211, the Southeast Quarter of the Northwest Quarter, the Southeast Quarter and the East Half of the Southwest Quarter of Section 4, Township 1 South, Range 31 West, Escambia County, Florida, less road right of way.

LESS AND EXCEPT that portion conveyed to the State of Florida by Deed recorded in O.R. Book 2906, Page 129, being more particularly described as follows:
A parcel of land situate, lying and being in the East one half of Section 4, Township 1 South, Range 31 West, being more particularly described as follows: Begin on the East line of said Section 4, at a point 2599.30 feet South 01 degree 07 minutes 27 seconds West of a one inch iron pipe on the Northeast corner of said Section 4, said point being on the existing Southerly Limited Access right of way line of State Road 8 (I-10); thence run North 51 degrees 46 minutes 50 seconds West 1042.04 feet along said Southerly right of way line; thence South 38 degrees 13 minutes 10 seconds West 40.0 feet; thence North 51 degrees 46 minutes 50 seconds West 575.0 feet; thence North 38 degrees 13 minutes 10 seconds East 40.0 feet; thence North 51 degrees 46 minutes 50 seconds West 572.57 feet; thence run South 01 degree 43 minutes 12 seconds West 430.25 feet; thence North 88 degrees 16 minutes 48 seconds West 310.31 feet; thence South 38 degrees 13 minutes 10 seconds West 69.56 feet; thence South 51 degrees 46 minutes 50 seconds East 2636.84 feet to a point on the East line of said Section 4, said point being 752.23 feet South 01 degree 07 minutes 27 seconds West of the Point of Beginning; thence North 01 degree 07 minutes 27 seconds East 752.23 feet along said East line of Section 4 to the Point of Beginning.

ALSO LESS AND EXCEPT that portion thereof previously conveyed to Escambia County by Deed recorded in O.R. Book 4711, page 1015, being more particularly described as follows:
Commence at the Southwest corner of Section 4, Township 1 South, Range 31 West, Escambia County, Florida; thence proceed North 02 degrees 19 minutes 44 seconds East along the West line of said Section 4 a distance of 110.48 feet to a point on the North right of way line of U.S. Highway Alternate 90 (200 foot right of way); thence proceed South 87 degrees 11 minutes 00 seconds East along said North right of way line a distance of 1326.07 feet to the Point of Beginning; thence continue South 87 degrees 11 minutes 00 seconds East along said right of way line a distance of 1964.00 feet; thence departing said right of way line, proceed North 02 degrees 22 minutes 32 seconds East a distance of 331.12 feet; thence proceed North 29 degrees 03 minutes 52 seconds East a distance of 655.67 feet to a point on the water's edge of an existing lake; thence meander Northwesterly along said water's edge a distance of 833 feet, more or less (chord bearing and distance of North 39 degrees 11 minutes 36 seconds West, 647.11 feet); thence departing said water's edge proceed North 87 degrees 11 minutes 00 seconds West a distance of 1829.12 feet to a point on the West line of the East half of the Southwest Quarter of said Section; thence proceed South 02 degrees 22 minutes 32 seconds West along said West line a distance of 1400.04 feet to the Point of Beginning, lying in Section 4, Township 1 South, Range 31 West, Escambia County, Florida.

ALSO LESS AND EXCEPT any portion lying within the right of way of U.S. Highway Alt 90, Nine Mile Road, 200' R/W.

LESS AND EXCEPT THE ATTACHED CONSERVATION EASEMENT DESCRIPTION PARCELS:

General Information

Ad Valorem property tax exemptions can be granted to new and expanding businesses only after the voters of a city and/or county vote in a referendum to allow that city or county to grant exemptions . Section 196.1995, Florida Statutes, requires that a referendum be held if: (1) The Board of County Commissioners or governing authority of a municipality (city or county commission) votes to hold such a referendum, or (2) if the county or city commission receives a petition signed by ten percent of the registered voters of the county or city. This referendum question can then be placed before the voters of a city or county at any regular election or special election called for voting on the tax incentive referendum or for any other purpose.

If the voters authorize exemptions, a company must first meet the definitions of a new or expanding business as stated in s. 196.012 (15) and (16), F.S.

The expansion must be on the same or a colocated site of the business current operations.

If a business meets one of the above definitions as a new or expanding business, it must then file this application with the county or city commission or both.

After the city or county commission receives this application, it must submit the application to the county property appraiser for review. After the property appraiser makes the report as to the fiscal impact of granting the exemption, the county or city commission shall then adopt an ordinance in the usual manner granting the exemption, if it chooses to do so.

A business cannot receive exemption from school taxes or water management district taxes. Also a business must pay taxes that were voted by the voters of a city or county to pay for bond issues and other special tax levies authorized by the voters of a city or county.

The exemption can only be for the improvements to the real property and for tangible personal property. The land on which the new or expanding business is to be located will still be taxed and taxes must be paid on it.

The action taken by a city or county commission can only exempt the taxes paid to that governmental body. A city can only exempt its taxes; a county can only exempt its taxes. All other taxes must be paid.

Statutory Definitions

Section 196.011 Annual application required for exemption .—

(1)(a) Every person or organization who, on January 1, has the legal title to real or personal property, except inventory, which is entitled by law to exemption from taxation as a result of its ownership and use shall, on or before March 1 of each year, file an application for exemption with the county property appraiser, listing and describing the property for which exemption is claimed and certifying its ownership and use. The Department of Revenue shall prescribe the forms upon which the application is made. Failure to make application, when required, on or before March 1 of any year shall constitute a waiver of the exemption privilege for that year, except as provided in subsection (7) or subsection (8).

Section 196.012(15) and (16), Florida Statutes

(15) "New business" means:

(a)1. A business establishing 10 or more jobs to employ 10 or more full-time employees in this state, which manufactures, processes, compounds, fabricates, or produces for sale items of tangible personal property at a fixed location and which comprises an industrial or manufacturing plant;

2. A business establishing 25 or more jobs to employ 25 or more full-time employees in this state, the sales factor of which, as defined by s.220.15(5), for the facility with respect to which it requests an economic development ad valorem tax exemption is less than 0.50 for each year the exemption is claimed; or

3. An office space in this state owned and used by a corporation newly domiciled in this state; provided such office space houses 50 or more full-time employees of such corporation; provided that such business or office first begins operation on a site clearly separate from any other commercial or industrial operation owned by the same business.

(b) Any business located in an enterprise zone that first begins operation on a site clearly separate from any other commercial or industrial operation owned by the same business.

(c) A new business that is situated on property annexed into a municipality and that, at the time of annexation, is receiving an economic development ad valorem tax exemption from the county under s. 196.1995.

(16) "Expansion of an existing business" means:

(a)1. A business establishing 10 or more jobs to employ 10 or more full-time employees in this state, which manufactures, processes, compounds, fabricates, or produces for sale items of tangible personal property at a fixed location and which comprises an industrial or manufacturing plant; or

2. A business establishing 25 or more jobs to employ 25 or more full-time employees in this state, the sales factor of which, as defined by s. 220.15(5), for the facility with respect to which it requests an economic development ad valorem tax exemption is less than 0.50 for each year the exemption is claimed; provided that such business increases operation on a site colocated with a commercial or industrial operation owned by the same business, resulting in a net increase in employment of not less than 10 percent or an increase in productive output of not less than 10 percent.

(b) Any business located in an enterprise zone that increases operations on a site colocated with a commercial or industrial operation owned by the same business.

Section 196.1995 Economic development ad valorem tax exemption.-

(6) With respect to a new business as defined by s. 196.012(15)(c), the municipality annexing the property on which the business is situated may grant an economic development ad valorem tax exemption under this section to that business for a period that will expire upon the expiration of the exemption granted by the county. If the county renews the exemption under subsection (7), the municipality may also extend its exemption. A municipal economic development ad valorem tax exemption granted under this subsection may not extend beyond the duration of the county exemption.

Section 220.15(5), Florida Statutes.

(5) The sales factor is a fraction the numerator of which is the total sales of the taxpayer in this state during the taxable year or period and the denominator of which is the total sales of the taxpayer everywhere during the taxable year or period.

(a) As used in this subsection, the term "sales" means all gross receipts of the taxpayer except interest, dividends, rents, royalties, and gross receipts from the sale, exchange, maturity, redemption, or other disposition of securities. However:

1. Rental income is included in the term if a significant portion of the taxpayer's business consists of leasing or renting real or tangible personal property; and

2. Royalty income is included in the term if a significant portion of the taxpayer's business consists of dealing in or with the production, exploration, or development of minerals.

(b)1. Sales of tangible personal property occur in this state if the property is delivered or shipped to a purchaser within this state, regardless of the f.o.b. point, other conditions of the sale, or ultimate destination of the property, unless shipment is made via a common or contract carrier.

2. When citrus fruit is delivered by a cooperative for a grower-member, by a grower-member to a cooperative, or by a grower-participant to a Florida processor, the sales factor for the growers for such citrus fruit delivered to such processor shall be the same as the sales factor for the most recent taxable year of that processor. That sales factor, expressed only as a percentage and not in terms of the dollar volume of sales, so as to protect the confidentiality of the sales of the processor, shall be furnished on the request of such a grower promptly after it has been determined for that taxable year.

3. Reimbursement of expenses under an agency contract between a cooperative, a grower-member of a cooperative, or a grower and a processor is not a sale within this state.

(c) Sales of a financial organization, including, but not limited to, banking and savings institutions, investment companies, real estate investment trust, and brokerage companies, occur in this state if derived from:

1. Fees, commissions, or other compensation for financial services rendered within this state;

2. Gross profits from trading in stocks, bonds, or other securities managed within this state;

3. Interest received within this state, other than interest from loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located in this state, and dividends received within this state;

4. Interest charged to customers at places of business maintained within this state for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts;

5. Interest, fees, commissions, or other charges or gains from loans secured by mortgages, deeds of trust or other liens upon real or tangible personal property located in this state or from installment sale agreements originally executed by a taxpayer or the taxpayer's agent to sell real or tangible personal property located in this state;

6. Rents from real or tangible personal property located in this state; or

7. Any other gross income, including other interest, resulting from the operation as a financial organization within this state.

In computing the amounts under this paragraph, any amount received by a member of an affiliated group (determined under s. 1504(a) of the Internal Revenue code, but without reference to whether any such corporation is an "includable corporation" under s. 1504(b) of the Internal Revenue code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

10/9/2014 CAT I-2

RESOLUTION NUMBER R2014-117

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA EXPRESSING ITS SUPPORT FOR ECONOMIC DEVELOPMENT PROSPECT "PROJECT REVOLUTION" AS A QUALIFIED ECONOMIC DEVELOPMENT AD VALOREM TAX EXEMPTION (EDATE) APPLICANT SUBJECT TO THE REQUIREMENTS OF §196.1995, FLORIDA STATUTES; PROVIDING THAT UPON APPROVAL OF ITS APPLICATION, THE BOARD OF COUNTY COMMISSIONERS MAY GRANT AN EDATE FOR THE EXPANSION OF AN EXISTING BUSINESS; EXPRESSING ITS SUPPORT FOR ECONOMIC DEVELOPMENT PROSPECT "PROJECT REVOLUTION" AS AN ECONOMIC DEVELOPMENT INCENTIVE FUND PROGRAM RECIPIENT SUBJECT TO THE REQUIREMENTS OF §§78-309-315 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES; PROVIDING THAT UPON APPROVAL OF ITS APPLICATION AND CORRESPONDING GRANT AGREEMENT, THE BOARD MAY AWARD AN ECONOMIC DEVELOPMENT INCENTIVE FUND PROGRAM GRANT; PROVIDING FOR AN EFFECTIVE DATE.

Date: 10/10/2014 Verified By: [signature]

WHEREAS, the prospective business under consideration for a Economic Development Ad Valorem Property Tax Exemption (EDATE) by the Board of County Commissioners is an expanding business that is considering Escambia County as the location for a major capital investment; and

WHEREAS, this prospective business expansion, currently identified as "Project Revolution," will increase the total number of full time jobs by approximately 140% with an average annual salary of at least $49,500.00 per year; and

WHEREAS, this prospective business expansion, Project Revolution, will include a capital investment of approximately three hundred and fifty million dollars ($350,000,000.00) to expand and equip the existing production facility; and

WHEREAS, this prospective business expansion, Project Revolution has announced its determination to apply for an Economic Development Ad Valorem Property Tax Exemption (EDATE) from the Board of County Commissioners; and

WHEREAS, this prospective business expansion, Project Revolution has also announced its determination to apply for an Economic Development Incentive Fund Program Grant from the Board of County Commissioners.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AS FOLLOWS:

Section 1. That the above recitals are true and correct and incorporated herein by reference.

Section 2. That the Board of County Commissioners hereby supports and commends Project Revolution's efforts as a qualified expanding business EDATE applicant under §196.1995, Florida Statutes.

Section 3. That upon approval of its application, the Board of County Commissioners may grant an EDATE to this prospective business expansion, Project Revolution.

Section 4. That the Board of County Commissioners hereby supports and commends Project Revolution's efforts as a qualified expanding business applicant for an Economic Development Incentive Fund Program Grant pursuant to §§78-309-315 of the Escambia County Code of Ordinances.

Section 5. That upon approval of its application and corresponding grant agreement, the Board of County Commissioners may award an Economic Development Incentive Fund Program Grant to this prospective business expansion, Project Revolution, with an incentive of up to $1,000.00 for each new job in an amount not to exceed $500,000.00 per year.

Section 6. That this Resolution shall take effect immediately upon its adoption by the Board of County Commissioners.

ADOPTED this 9 day of October, 2014.

Approved as to form and legal sufficiency.

ADDENDUM #1
CAT I-2
10-9-2014 BCC

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

BCC Regular Meeting

Meeting Date:	October 9, 2014
Issue:	Resolution of Support for Economic Development Project "Project Revolution"
From:	Kristin D. Hual KH
Through:	Alison P. Rogers, County Attorney APR
Organization:	County Attorney's Office
CAO Approval:	

RECOMMENDATION: That the Board That the Board take the following action:

A. Adopt a Resolution expressing the Board's support for economic development prospect "Project Revolution" as a qualified Economic Development Ad Valorem Tax Exemption (EDATE) applicant and an economic development incentive fund program recipient; providing that upon approval of the requisite applications and corresponding grant agreement, the Board may grant an EDATE and award an economic development incentive fund program grant to Project Revolution.

B. Authorize the Chairman to execute the Resolution.

BACKGROUND: As provided in the Resolution, the prospective business expansion, "Project Revolution" will increase the total number of full time jobs by approximately 140% with an average annual salary of at least $49,500.00 per year and include a capital investment of approximately three hundred and fifty million dollars ($350,000,000.00) to expand the existing operation.

BUDGETARY IMPACT: N/A

LEGAL CONSIDERATIONS/SIGN-OFF: This Resolution was prepared by Assistant County Attorney, Kristin D. Hual.

PERSONNEL: N/A

IMPLEMENTATION/COORDINATION: A copy of the Economic Development Ad Valorem Tax Exemption Resolution will be filed with the Escambia County Property Appraiser's Office.

Issue: Recommendation Concerning Notice of Intent by the Escambia County Clerk of Court to Initiate Forfeiture Against Unclaimed Monies
From: Pam Childers, Clerk of the Circuit Court & Comptroller
Organization: Clerk & Comptroller's Office

Recommendation:

Recommendation Concerning Notice of Intent by the Escambia County Clerk of Court to Initiate Forfeiture Against Unclaimed Monies

That the Board accept, for filing with the Board's Minutes, the certified proof of publication of the advertisement of the Notice of Intent by the Escambia County Clerk of Court to initiate forfeiture by September 1, 2020, against unclaimed monies held by the Office of the Clerk of the Circuit Court and Comptroller, as published in the Escambia Sun Press on July 16, 2020.

SunPress Unclaimed Money Proof

Escambia
Sun Press
PUBLISHED WEEKLY SINCE 1948
(Warrington) Pensacola, Escambia County, Florida

STATE OF FLORIDA

County of Escambia

Before the undersigned authority personally appeared Michael P. Driver who is personally known to me and who on oath says that he is Publisher of The Escambia Sun Press, a weekly newspaper published at (Warrington) Pensacola in Escambia County, Florida; that the attached copy of advertisement, being a NOTICE **in the matter of** UNCLAIMED MONIES

CLAIM BY SEPTEMBER 1, 2020

in the _____ **Court was published in said newspaper in the issues of**

JULY 16, 2020

Affiant further says that the said Escambia Sun-Press is a newspaper published at (Warrington) Pensacola, in said Escambia County, Florida, and that the said newspaper has heretofore been continuously published in said Escambia County, Florida each week and has been entered as second class mail matter at the post office in Pensacola, in said Escambia County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN THAT THE ESCAMBIA COUNTY CLERK OF THE CIRCUIT COURT AND COMPTROLLER'S OFFICE INTENDS TO INITIATE FORFEITURE PROCEEDINGS PURSUANT TO SECTION 116.21 FLORIDA STATUTES AGAINST UNCLAIMED MONIES. PERSONS HAVING OR CLAIMING ANY INTEREST IN SAID FUNDS OR ANY PORTION OF THEM, SHALL FILE THEIR WRITTEN CLAIMS WITH THE CLERK OF ESCAMBIA COUNTY, FLORIDA, HAVING CUSTODY OF SUCH FUNDS BY SEPTEMBER 1, 2020. SUFFICIENT PROOF SHALL BE SUBMITTED TO SAID CLERK OF OWNERSHIP AND UPON DOING SO SHALL BE ENTITLED TO RECEIVE SAID FUNDS. IF UNCLAIMED, THESE FUNDS SHALL BE DECLARED FORFEITED TO THE ESCAMBIA COUNTY CLERK'S FINE AND FORFEITURE FUND AND ALL CLAIMS SHALL BE FOREVER BARRED.

Report prepared by: DeLana Allen-Busbee

AGENDA NUMBER

1. Call to Order

   Chairman Barry called the Budget Committee of the Whole (C/W) Workshop to order on July 14, 2020, at 9:00 a.m.

   Chairman Barry called the Budget Committee of the Whole (C/W) Workshop to order on July 15, 2020, at 9:02 a.m.

2. Was the Meeting Properly Advertised?

   The Board was advised by DeLana Allen-Busbee, Administrative Specialist, Clerk and Comptroller's Office, that the Budget Workshops were advertised in the *Pensacola News Journal* on July 11, 2020, in the Board's weekly meeting schedule.

   The Board held a brief Commissioners' Forum on both Workshop days.

FOR INFORMATION: County Administrator Janice Gilley presented the County's proposed unified balanced budget for Fiscal Year (FY) 2020/2021 in the amount of $573,009,020 and provided the following update concerning the budget:

A. The County's Budget is higher than previous budgets as staff has placed expenditures in this budget versus waiting for the roll forward in November;

B. Staff does not anticipate as large of a roll forward this year and is hopeful that unencumbered expenses have been captured so that departments can begin to expend the funds in October;

C. The major budget increases are the Bellview Library, the new jail construction, LOST (Local Option Sales Tax) III, and the Bob Sikes Toll Bridge Repair and Maintenance;

D. There is $4.8 million in the Budget for payments to the City for Tax Increment Financing Districts; this is an increase of $430,000 over the prior year's estimate;

E. The Constitutional Officers' Budgets have increased slightly, this is the final year of the Mediation Agreement with the Sheriff's Office and is $2.9 million, and the total increase for the Constitutional Officers' Budgets is $3.1 million;

F. There is no millage rate increase, which means the County-wide millage remains at 6.6165, the Library MSTU (Municipal Services Taxing Unit) is .3590, the Sheriff's MSTU is .6850. The Budget currently anticipates no other significant changes in tax levies;

G. There is no change in the Fire Assessment rates included in the proposed fiscal year (Residential - $125.33 per dwelling unit, Commercial at .0526 per square foot with a minimum assessment of $125, and Unimproved at $15.03 per parcel, plus $.03 per acre);

H. The June 1st taxable value certification is 5.82% above the July 1st certification of the previous year, resulting in about $8.036 million, of which the County may appropriate 95%, but most of those funds have been placed in reserves; and

I. The changes between the June 1st and July 1st taxable value are not included in the Proposed FY 20/21 Budget of $573,009,020.

3. Constitutional Officers

The C/W heard an overview concerning the Proposed Fiscal Year (FY) 2020-2021 Budgets for Constitutional Officers, as follows:

A. Chief Deputy Chip Simmons and Henrique Dias, Chief Financial Officer, addressed the proposed Sheriff's budget and advised that it is based on the Mediated Settlement Agreement and briefly discussed, upon inquiry from Commissioner Underhill, the training range and evidence locker;

B. Chief Deputy Appraiser Gary "Bubba" Peters addressed the proposed budget for the Property Appraiser's Office and advised that the budget includes a 3% salary increase, some rate increases due to retirement, and otherwise everything else remained largely the same;

C. The Honorable Scott Lunsford addressed the proposed budget for the Tax Collector and advised that the budget remains relatively unchanged, the Tax Collector's office did not budget for a raise, the biggest change will be that the commission for collecting taxes for the County is going to be $5,176,000 this year based on the State's formula, and that the office is trying to be cautious in the current climate;

D. Sonya Daniel, Deputy Supervisor of Elections, addressed the proposed budget for the Supervisor of Elections Office and advised that the bottom line of the budget is slightly down and the office is trying to be as careful and cautious as possible; and

E. The Honorable Pam Childers addressed the proposed budget for the Clerk of the Circuit Court and Comptroller and advised that the budget is relatively the same, recording fees are down around 30% and are projected to remain at that level which accounts for the increase in budget, across the board raises are not done, but instead raises are only by individual merit, a new payroll system is needed along with the new HR system, and there have been two layoffs in the Tourist Development Tax area as those revenues have plummeted.

4. Judicial Services

   The C/W heard an overview concerning the Proposed Fiscal Year (FY) 2020-2021 Budgets for Judicial Services, as follows:

   A. The State Attorney's Office budget was not addressed;

   B. The Public Defender's Office budget was not addressed;

   C. County Administrator Gilley advised that there is an increase in cost for the Medical Examiner and there has not currently been a candidate chosen to replace Dr. Minyard; and

   D. Robin Wright, Trial Court Administrator, advised that there were very few changes to the Court Administration side of the budget.

5. BCC Departments

   The C/W reviewed the proposed FY20/21 budgets for County Departments, was advised by County Administrator Gilley of added and eliminated positions, mandated expenses, and:

   A. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for the Board of County Commissioners and Non-Departmental from County Administrator Gilley, and made no change;

   B. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for the County Attorney's Office from County Attorney Rogers, and made no change;

   C. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for County Administration from County Administrator Gilley, and made no change;

   D. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Human Resources and Risk Management from County Administrator Gilley, and made no change;

   E. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Information Technology from County Administrator Gilley, discussed software licensing issues with IT Director Bart Siders, and made no change;

(Continued on Page 5)

5. Continued…

F. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Extension Services from County Administrator Gilley, and made no change;

G. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Public Safety from Assistant County Administrator Debbie Bowers, discussed smoke detectors with Public Safety Director Jason Rogers, and made no change;

H. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Corrections from Assistant County Administrator Bowers, and made no change;

I. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Waste Services from Assistant County Administrator Bowers, discussed the loss of inmate road crews and the potential need to contract help for waste pickup with Waste Services Director Pat Johnson, and made no change;

J. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Public Works from Assistant County Administrator Bowers, and made no change;

K. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Engineering from Assistant County Administrator Bowers, was advised that the real estate employees currently working in the Engineering Department will be consolidated into the Facilities Department, discussed the funding needed to resurface roads and repair and maintain bridges with County Engineer Joy Jones, and made no change;

L. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Development Services from Assistant County Administrator Bowers, and made no change;

M. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Facilities Management from Assistant County Administrator Bowers, and made no change;

(Continued on Page 6)

5. Continued…

N. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Building Services from Assistant County Administrator Bowers, and made no change;

O. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Office of Management and Budget and Purchasing from Assistant County Administrator Wesley Hall, discussed Vendor Registry and the need for ensuring minorities and small businesses are able to access the opportunities for County contracts with Purchasing Director Paul Nobles and Mr. Hall, and made no change;

P. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Neighborhood and Human Services from Assistant County Administrator Hall, and made no change;

Q. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Library Services from Assistant County Administrator Hall, and made no change;

R. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Mass Transit from Assistant County Administrator Hall, discussed new route software with Mass Transit Director Tonya Ellis, and made no change;

S. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Natural Resources Management from Assistant County Administrator Hall, discussed the increase in staff, which is due to air quality monitoring and the estuary program, with Environmental Programs Manager Tim Day, and made no change;

T. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Animal Services from Assistant County Administrator Hall, and made no change; and

U. Heard an overview of revenue sources, number of employees, departmental accomplishments, and funding priorities for Parks and Recreation from Assistant County Administrator Hall, and made no change.

FOR INFORMATION: County Administrator Gilley advised the Board that there are currently 240 available positions and that the ventilator data is now on the County's COVID-19 dashboard.

6. Community Partners General Fund

The C/W heard funding requests from Community Partners for the Proposed Fiscal Year (FY) 2020-2021 Budget, and:

A. Discussed funding General Fund Community Partners, as follows:

(1) BRACE (Be Ready Alliance Coordinating for Emergencies) – $100,000 requested – Made no change;

(2) Gulf Coast Kid's House – $145,700 requested – Made no change;

(3) Legal Services of North Florida, Inc. – $39,188 requested – Discussed splitting the funding with Northwest Florida Legal Services and made no change;

(4) Northwest Florida Legal Services – $19,594 requested – This request was not discussed;

(5) Community Health of Northwest Florida – $455,160 requested – Made no change;

(6) Pathways for Change – $343,750 requested – Made no change;

(7) Lakeview – $51,000 requested – Made no change;

(8) Human Relations Commission – $84,265 requested – Made no change;

(9) United Way – $90,725 requested – Made no change;

(10) United Way 211 Program – $35,000 requested – Made no change;

(11) ACTS (Another Chance Transitional Services) – $25,000 requested – Made no change;

(12) Council on Aging – $45,000 requested – Made no change;

(13) Gulf Coast Veterans Advocacy Council – $25,000 requested – Made no change;

(14) James B. Washington Education and Sports – $35,000 requested – Made no change;

(Continued on Page 8)

6. Continued…

   A. Continued…

      (15) New World Believers – $38,000 requested – This request was not discussed;

      (16) Pensacola Caring Hearts – $50,000 requested – Made no change;

      (17) Pensacola's Promise/Chain Reaction – $19,000 requested – Made no change;

      (18) Wildlife Sanctuary of Northwest Florida – $41,000 requested – Made no change;

      (19) Center for Independent Living of NWFL, Inc. – $60,000 requested – Made no change;

      (20) Health and Hope Clinic – $100,250 requested – Made no change;

      (21) Project Empower of NWFL, Inc. – $5,000 requested – Made no change; and

      (22) Re-Entry Alliance of Pensacola, Inc. – $100,000 requested – Discussed bringing back letters of support from judiciary and law enforcement as part of the request packet and made no change;

   B. Discussed the unified budget (Visit Pensacola, Pensacola Sports Association, and ACE [Arts, Culture, and Entertainment]) funding request from Visit Pensacola, which was updated to a request for 65% of Tourist Development Tax Collections from the Third Cent Tourist Development Tax, whether unexpended funds allocated to events could be rolled forward into the next year, and made no change;

(Continued on Page 9)

6. Continued…

   C. Discussed funding requests from the Fourth Cent Tourist Development Tax, as follows:

      (1) Visit Pensacola (Fourth Cent Projects) – This request was addressed as part of the unified budget discussion;

      (2) African American Heritage Society – $30,000 – This request was not discussed;

      (3) Naval Aviation Museum Foundation – $100,000 – Made no change;

      (4) West Florida Historic Preservation Board, Inc. – $225,000 – Discussed plans to celebrate the 200th birthday of Escambia County and made no change;

      (5) General Daniel Chappie James Flight Academy – $14,000 – Discussed whether this request could be funded from a different source and made no change; and

      (6) Five Flags Sertoma – This request was not discussed;

   D. Discussed funding Local Option Sales Tax Allocations, as follows:

      (1) PEDC (Pensacola-Escambia Development Commission) – $600,000 requested – Made no change;

      (2) Gulf Coast Minority Chamber of Commerce – $60,000 requested – Made no change; and

      (3) Escambia County School Readiness Coalition – $238,875 requested – Made no change; and

(Continued on Page 10)

6. Continued…

   E. Discussed the Solid Waste Management Fund, the $51,804 request from Keep Pensacola Beautiful, Inc., and made no change.

Disposition: Carried 4-0, with Commissioner May temporarily out of Board Chambers
Speaker(s): None

CLERK & COMPTROLLER'S REPORT – Honorable Pam Childers, Clerk of the Circuit Court and Comptroller

I. CONSENT AGENDA

1. Recommendation: That the Board accept, for filing with the Board's Minutes, the Investment Portfolio Summary Report for the month ended May 31, 2020, as required by Ordinance Number 95-13. On May 31, 2020, the portfolio market value was $309,102,744 and portfolio earnings totaled $508,094 for the month. The short term portfolio achieved a yield of 1.13%. The long-term CORE portfolio achieved a yield of 0.29%.

Motion: Move the Clerk's Report items 1 and 2
Made by: Commissioner Underhill **Seconded by:** Commissioner Bender
Disposition: Carried 4-0, with Commissioner May temporarily out of Board Chambers

2. Recommendation: That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's office:

   A. Approve the Amended Minutes of the Regular Board Meeting held April 4, 2019 (the Minutes were amended to correct the second from Commissioner Bender to Commissioner Barry on the vote on the balance of the Budget/Finance Consent Agenda);

   B. Accept, for filing with the Board's Minutes, the Reports of the Agenda Work Session and the Gary Sansing Public Forum held July 2, 2020; and

   C. Approve the Minutes of the Regular Board Meeting held July 2, 2020.

Motion: Move the Clerk's Report items 1 and 2
Made by: Commissioner Underhill **Seconded by:** Commissioner Bender
Disposition: Carried 4-0, with Commissioner May temporarily out of Board Chambers

COUNTY ADMINISTRATOR'S REPORT – Janice Gilley, County Administrator

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA

1. Recommendation: That the Board approve the revised Escambia Consortium Citizen Participation Plan for HUD Programs for purposes of incorporating updated language regarding the Affirmatively Furthering Fair Housing Rule, including provisions relative to waivers provided under the CARES Act, and making minor edits to align with 24 CFR § 91.105.

Motion: Move the Technical/Public Service Consent Agenda
Made by: Commissioner Bergosh **Seconded by:** Commissioner Underhill
Disposition: Carried 4-0, with Commissioner May temporarily out of Board Chambers

2. Recommendation: That the Board take the following action concerning the U.S. Department of Housing and Urban Development (HUD) Environmental Reviews for Continuum of Care Programs:

   A. Authorize the County to be the responsible entity for select HUD Environmental Reviews for Continuum of Care Programs; and

   B. Ratify the County Administrator's signature on the HUD Environmental Reviews for Continuum of Care Project, "Housing First," sponsored by Lakeview Center, Inc., and "Project 90-2019," sponsored by 90Works.

   [Funding: N/A]

Motion: Move the Technical/Public Service Consent Agenda
Made by: Commissioner Bergosh **Seconded by:** Commissioner Underhill
Disposition: Carried 4-0, with Commissioner May temporarily out of Board Chambers

3. Recommendation: That the Board take the following action concerning the conveyance of parcels of real property and easements to the Florida Department of Transportation (FDOT) for their improvement project on State Road (SR) 10 (US 90A/Nine Mile Road):

(Continued on Page 7)

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

3. Continued…

A. Adopt the Resolutions authorizing the conveyance of a parcel of real property and temporary easement to FDOT for their planned improvement project on SR 10 (US 90A/Nine Mile Road);

- Resolution 1100 - deed(s) conveying private property acquired by FDOT on behalf of Escambia County [R2020-82]
- Resolution 702.1 - County rights-of-way to be used temporarily by FDOT [R2020-83]
- Resolution 100.3R - deed conveying County interest to FDOT [R2020-84]

B. Approve the Quit Claim Deed (100.3R) and the Temporary Easement (702.1) to FDOT, for their planned improvement project on SR 10 (US 90A/Nine Mile Road); and

C. Authorize the Chairman to execute the Deed, the Temporary Easement, and the Resolutions related to these conveyances without further action of the Board.

The areas of interest are located in Commission District 1.

Motion: Move the Technical/Public Service Consent Agenda
Made by: Commissioner Bergosh **Seconded by:** Commissioner Underhill
Disposition: Carried 4-0, with Commissioner May temporarily out of Board Chambers

4. Recommendation: That the Board schedule a Public Hearing for August 6, 2020, at 5:32 p.m., to consider the Petition to Vacate the Alleyway Located in Block "28" of Englewood Heights (0.14 acres, more or less), as petitioned by the School District of Escambia County, represented by its Agent, Nicholas King, P.E.:

A. Authorize the scheduling of a Public Hearing for August 6, 2020, at 5:32 p.m., to consider the Petition to Vacate the Alleyway Located in Block "28" of Englewood Heights (0.14 acres, more or less), as petitioned by the School District of Escambia County, represented by its Agent, Nicholas King, P.E., and

9. Recommendation: That the Board take the following action concerning the certification of millage rates and the scheduling of public hearings for the Fiscal Year 2020/2021 Budget:

(Continued on Page 16)

II. BUDGET/FINANCE CONSENT AGENDA – Continued

9. Continued…

A. Certify the millage rates for Fiscal Year 2020/2021 as follows:

County-wide Operating - 6.6165
Law Enforcement/Sheriff's MSTU (Municipal Services Taxing Unit) - .685 Library MSTU - .359

Once the millage rates listed above have been certified, the millage rate cannot be increased without re-first class noticing the public; the millage rates must be certified by August 4, 2020.

The millage rates for the County-wide Operating, Sheriff's MSTU, and the Library MSTU are unchanged from the previous Fiscal Year 2019/2020;

B. Certify the proposed millage rates at 4.40% above the aggregate rolled back rate;

C. Affirm the Board's intent to maintain the current revenue allocation rate at the 75.0% increment within the Community Redevelopment Agency Tax Increment Financing (CRA TIF) Districts for Fiscal Year 2020/2021;

D. Schedule a Public Hearing on the Fiscal Year 2020/2021 Budget for September 8, 2020, at 5:31 p.m., to be held in the Chambers of the Board of County Commissioners of Escambia County, Florida, located on the first floor of the Ernie Lee Magaha Government Building, 221 Palafox Place, Pensacola, Florida;

E. Schedule a Public Hearing to adopt the Fiscal Year 2020/2021 non-ad valorem special assessment roll at 5:32 p.m., on September 8, 2020, to be held in the Chambers of the Board of County Commissioners of Escambia County, Florida, located on the first floor of the Ernie Lee Magaha Government Building, 221 Palafox Place, Pensacola Florida; and

F. Schedule a Public Hearing to adopt the Fiscal Year 2020/2021 County-wide Budget at 5:31 p.m. on September 22, 2020, to be held in the Chambers of the Board of County Commissioners of Escambia County, Florida, located on the first floor of the Ernie Lee Magaha Government Building, 221 Palafox Place, Pensacola, Florida.

Motion: Move the item as amended **For information:** The amendment in the motion refers to the replacement recommendation which was distributed for this item.
Made by: Commissioner Underhill **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

10. Recommendation: That the Board , for Fiscal Year 2019/2020, approve the issuance of an individual Purchase Order, in excess of $25,000, based upon quotes obtained via Vendor Registry, for the Public Safety Department, as follows:

Vendor/Contractor	Amount	Contract Number
Ten-8 Fire Equipment Vendor #: 200935 Fire Hose Tester Fund 352, LOST III Cost Center: 330228 Fire Services Capital Project	$25,609.60	N/A Quotes were obtained via Vendor Registry

[Funding Source: Fund 352, LOST III, Cost Center 330228, Fire Services Capital Project]

A request for quotations for a gas powered fire hose tester was posted on Vendor Registry, to receive quotes for a Fire Hose Tester System. NFPA recommends annual hose testing. This provides an opportunity to determine hose condition and if failure is likely, it will occur during this testing period opposed to during firefighting operations. A catastrophic hose failure during firefighting operations could mean the difference between life and death. The hose line is the firefighter's “lifeline” in more ways than one. The failure during operations could also mean additional damage from fire growth until another hose line can be put in place. Historically, testing has been done by internal staff utilizing the fire apparatus. It has been the experience of staff that immediately following the testing process, we would start to have pump failures and leakage. The purchase of the testing equipment will prevent any unnecessary damage to the pump. The price to replace a pump ranges from $1,100 to $6,500 and $6,500 to $22,000 to replace the transfer case and/or pump shaft. The purchase of the system will reduce the need to subject the fire apparatus to the additional stress of testing the hoses.

This request for quotations was emailed to 70 registrants in Vendor Registry. 18 firms opened and viewed the request for quotations. At closing on April 10, 2020, 3:00 p.m., one quotation had been received. Paul Nobles, Purchasing Manager, was notified of the one response and has advised that we could proceed with the purchase because an attempt was made to include all known vendors.

10. Continued…

Motion: Move the item in the affirmative
Made by: Commissioner Underhill **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

11. Recommendation: That the Board take the following action to approve and authorize the County Administrator to execute a Change Order to Roads, Inc. of NWF, on Contract PD 19-20.033, Fiscal Year 2019-2020 Road Resurfacing, for $344,024.75 and approve funds and a reallocation to the project to fund this Change Order. An additional 20 contract days will be needed to complete this work:

A. Approve the reallocation of funds from the Muscogee Road Project and use of LOST III and LOST IV resurfacing funds as indicated below to the Fiscal Year 2019-2020 Resurfacing Project:

Fund	Cost Center	Project Number	Project Name	Amount
Fund 352, LOST III	210107	09EN0115	Muscogee Road Reallocation	$262,222.00
Fund 352, LOST III	210107	08EN0208	Resurfacing	$58,566.00
Fund 353, LOST IV	210106	18EN0238	FY 17-18 Resurfacing	$23,236.75
			Total	$344,024.75

B. Approve and authorize the County Administrator to execute the following Change Order to Roads, Inc. of NWF, on Contract PD 19-20.033, Fiscal Year 2019-2020 Road Resurfacing Project. This Change Order will add 10 Mile Road from Palafox to Chemstrand Road, Baggett Court from "P" Street to the cul-de-sac, and additional graded aggregate base and subgrade stabilization for Stillbridge Road:

13. Recommendation: That the Board authorize the County Administrator to sign a Purchase Order to ALS Group USA Corp./ALS Environmental, in the amount of $41,000. ALS Group USA Corp./ALS Environmental submitted a quote, in the amount of $35,674.50, and was found to be the lowest responsive vendor. This Purchase Order is for general laboratory analysis of the FDEP required collection of water samples by the Escambia County Water Quality Laboratory, which supports the Waste Services Department monitoring program.

The amount of the Purchase Order represents testing for both Fall 2020 and Spring 2021 testing events and also includes funding for re-testing of samples, if needed, due to possible sampling issues (i.e. contamination, re-sampling to confirm results, etc.).

Vendor/Contractor	Amount	Contract
ALS Group USA, Corp./ALS Environmental **Fund 401, Solid Waste Fund** Cost Center 230304, Environmental Quality; Object Code 53401, Other Contractual Services - $18,400 Cost Center 230309, Solid Waste Closed Landfills: Object Code 53401, Other Contractual Services - $21,500 Cost Center 230316, Solid Waste Recycling Object Code 53401, Other Contractual Services - $1,100	$41,000	Vendor Registry Request for Quotes

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

15. Recommendation: That the Board approve and authorize the County Administrator to execute Change Order #4 to Southern Tires, adding funds for the Purchase of Tires for the Mass Transit Fleet.

Department:	Mass Transit
Division:	Fleet Maintenance
Type:	Addition
Amount:	$40,000
Vendor:	Southern Tires
Project Name:	N/A
Contract:	25172500-19-ACS
Purchase Order #:	201026
Original Award Amount:	$10,000
Change Order # 1:	$20,000
Change Order # 2:	$10,000
Change Order # 3:	$7,563.40
Change Order # 4 (This Request):	$40,000
Total:	$87,563.40

On October 3, 2019, the Board authorized the issuance of Purchase Orders to Southern Tires up to $75,000 (split over multiple Mass Transit Cost Centers). It has been determined that $75,000 will not be enough to cover Tire Purchases to finish out Fiscal Year 2019/2020.

[Funding: Funds are available in Fund 104, Mass Transit, Cost Center 320401, Mass Transit Operations]

"By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements, and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal Award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812)."

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement:

Section (18) Mandated Conditions and Other Laws, Subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."

[Funding: Fund 110, Other Grants and Projects, Cost Center 330485]

Motion: Move the item in the affirmative A, B, and C
Made by: Commissioner Underhill **Seconded by:** Commissioner Bergosh
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

22. Recommendation: That the Board take the following action:

A. Approve and authorize the County Administrator to sign the Agreement between Escambia County, Florida, and Thalle Construction Company, Inc., per the terms and conditions of PD 18-19.107, Perdido Landfill, Phase 2, Landfill Mining, in the amount of $7,612,711; and

B. Approve the remaining budget of $387,289, for contingency funding for similar and/or related tasks.

Florida Department of Environmental Protection (FDEP) requires an annual lifespan/cell capacity analysis be conducted (see Attachment A). This analysis is based on disposal rate, annual population growth rate, waste density and volume of active cell life remaining. The most recent analysis, conducted December 2019, indicated the end of life for existing Cell 1A to be January 2024. The future rate of increased waste generation will affect this timeline.

Design and construction of Cell 1B will take approximately 24 months. If the Agreement with Thalle Construction Company, Inc., (Thalle) for mining is approved, the design/construction timeline is extended by six months. Barring any unforeseen circumstances, the schedule to complete Cell 1B allows for a nine to 15-month contingency, to have Cell 1B in operation prior to the end of the estimated life span of Cell 1A. To ensure timely construction of Cell 1B, the design Contract is an item on this agenda for the Escambia County Board of County Commissioners (Board) consideration today.

A Request for Proposals for PD 18-19.107, Perdido Landfill, Phase 2, Landfill Mining was publicly noticed to 146 firms via Vendor Registry on November 19, 2019. The solicitation was viewed by 51 firms. Technical Proposals were received from three firms on January 2, 2020, and fee proposals on January 24, 2020. Thalle Construction Company, Inc., was deemed to be the most qualified and responsible firm with the lowest total cost.

Vendor/Contractor	Amount	Contract Number
Thalle Construction Company, Inc. Fund 401, Solid Waste Fund; Cost Center 230315, Solid Waste Projects; Object Code 56301, Improvements Other Than Buildings	$7,612,711	PD 18-19.107

25. Recommendation: That the Board take the following action:

A. Approve the first of two possible one-year renewals for an Indefinite Quantity, Indefinite Delivery, Multiple Awards Contract for PD 18-19.041, Inmate Goods and Cleaning Supplies, for a term of 12 months, effective August 1, 2020, for the Agreements between Escambia County and the following firms that did not request a price increase:

- Charm-Tex;
- Dees Paper Company, Inc.;
- Hill Manufacturing Company, Inc.;
- Supreme Paper Supplies, LLC.

B. Approve the first of two possible one-year renewals for an Indefinite Quantity, Indefinite Delivery, Multiple Awards Contract for PD 18-19.041, Inmate Goods and Cleaning Supplies, for a term of 12 months, effective August 1, 2020, for the Agreements between Escambia County and the following firms that requested price increases for some of the 374 items on the price list. These increases were reviewed and approved by the Corrections Department:

- Bob Barker Company, Inc., asked for changes to 255 items which, if all items were ordered from Bob Barker, would result in an estimated increase in pricing of 4.2% ($2,119.10);
- Charles Neely Corporation d/b/a PR Chemical and Paper Supply, asked for price changes on just three items which, if all three were ordered from this firm would result in an increase of 1.8% ($486.60);
- Interboro Packaging Corporation requested a price increase for three items which, if all three items were ordered from this firm would result in an increase of 14.9% but is only $113.11; and
- Merchants Paper Company, Inc., requested a price increase for nine items which, if all nine were ordered from this firm would result in an increase of 1.9% ($249.59).

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18257 **Growth Management Report 12. 1.**
BCC Regular Meeting
Meeting Date: 08/06/2020
Issue: Review of Rezoning Cases Heard by the Planning Board on July 6, 2020
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning the Review of the Rezoning Cases Heard by the Planning Board on July 6, 2020

That the Board take the following action concerning the rezoning cases heard by the Planning Board on July 6, 2020:

A. Review and either adopt, modify, or overturn the Planning Board's recommendations for Rezoning Cases Z-2020-05, and Z-2020-06 or remand the cases back to the Planning Board; and

B. Authorize the Chairman to sign the Orders of the Escambia County Board of County Commissioners for the rezoning cases that were reviewed.

1. Case No.: **Z-2020-05**

Address:	8838 Fowler Avenue
Property Reference No.:	10-1S-30-1101-081-001
Property Size:	2.4 (+/-) acres
From:	HDMU, High Density Mixed Use district (25 du/acre)
To:	HC/LI-NA, Heavy Commercial Light Industrial district, prohibiting the subsequent establishment of any microbreweries, microdistilleries, microbreweries, bars, nightclubs, or adult entertainment uses (25 du/acre)
FLU Category:	MU-U, Mixed-Use Urban
Commissioner District:	3
Requested by:	William Joseph, Agent for Patrick Neville, Owner

Planning Board Recommendation:	Deny
Speakers:	William Joseph, Patrick Neville, Ronald Fowler, Margaret Conner

2. Case No.: Z-2020-06

Address:	Halcyon Circle
Property Reference:	26-2S-31-1000-004-001
Property Size:	9.99 (+/-) acres
From:	MDR, Medium Density Residential district (10 du/acre)
To:	Com, Commercial district (25 du/acre)
FLU Category:	MU-S, Mixed-Use Suburban
Commissioner District:	1
Requested by:	Tom Hammond, Agent for Anthony Baroco, Owner
Planning Board Recommendation:	Deny
Speakers:	Tom Hammond, Anthony Baraco, Sherrie Baraco, Patsy Kee, Ramona Taylor, Ernestine Geci, Wade Geci, Michelle Warren, Douglas Cecil, Sandy Griner, Robert Jernigan, Brenda Presley, Mark Edwards, Frank Koskie, Jordan Walls, Harry Huelsbeck, Tammy Koskie, Thomas Warren, Brian Barr, Barbara Albrecht, Nancy Barr, Charles Hamilton, Mary Strawbridge, Thomas Hatch, Jennifer Rathbun, EG Presley, Edward Lance Presley, Shane Wood, Richard Hawkins, Paul Hawkins, Ellen Rostin, Thomas Haines, Emily Smith, Angela Windham, Katelyn Mines, Thomas Hix, Alexis Mines, Elliot Bawden, Veronica Bawden, Kimberly Birthright, Lupe Birthright, Robert Johnson, Jennifer Johnson, Rex Jenson, Raymond Bowne, Patricia Cornish, Steve Cornish, Mark Frances, Phillip Kittell, Lisa Kirkman, Namrata Advani, Tammy Dyess, Michael Dyess, Rosemary "Jana" Graves, Karrie Galvano, Christine Schuster, Janet Struck

BACKGROUND:

The above cases were owner initiated and heard at the July 6, 2020, Planning Board Meeting. Under the Land Development Code (LDC) Chapter 2, Article 7, “the Board of County Commissioners, at its scheduled hearing shall adopt, modify, or reject the recommendation of the Planning Board or SRIA or return the rezoning case to the board with instructions for additional facts or clarification. The staff of the recommending board shall inform the board of all formal actions taken by the BCC on the rezoning request.

To further the County’s policy of “decreasing response time from notification of citizen needs to ultimate resolution,” the Board is acting on both the approval of the Planning Board recommended order and the LDC Map Amendment for this

month's rezoning cases. This report item addresses only the review and upholding of the Planning Board's recommendation. The next report item will address the Public Hearing for the LDC Zoning Map Amendment.

BUDGETARY IMPACT:

This action may increase the ad valorem tax base for Escambia County.

LEGAL CONSIDERATIONS/SIGN-OFF:

The recommended order is the result of deliberations by the Planning Board based the applicants presentation of competent substantial evidence for each of the approval conditions, on staff analysis, public testimony, and knowledge of the Comprehensive Plan and Land Development Code as well as case law and Florida Statutes.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The Chairman will need to sign the Orders of the Escambia County Board of County Commissioners either denying or approving the rezoning requests.

IMPLEMENTATION/COORDINATION:

The cases under review are presented to the Planning Board for collection of evidence. The Planning Board conducts a quasi-judicial public hearing and issues a recommended order to the Board of County Commissioners.

P R O C E E D I N G S

THE CHAIRMAN: Good morning, everyone.

I hereby call to order the Escambia County Planning Board Quasi-Judicial hearing for July 6th.

We have four members, so we do have a quorum. I would ask each of you to turn off your electric devices or noisemakers so we don't interfere with the meeting, or at least put them on silent.

At this time I'm going to ask everyone to please stand for the Pledge of Allegiance.

(Pledge of Allegiance recited.)

THE CHAIRMAN: Thank you.

I'd like to ask our staff members: Do we have proof of publication of the meeting?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Did that publication meet all of the legal requirements?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. The Chair will entertain a motion to waive the reading of that legal advertisement.

MR. SAMMONS: So moved.

THE CHAIRMAN: Okay. Motion.
MR. INGWELL: Second.
THE CHAIRMAN: Second.
All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: Motion carries.
Board members, you've been previously provided the rezoning meeting minutes from the previous meeting.
Are there any additions, deletions, or corrections to those meeting minutes?
(No response.)
THE CHAIRMAN: Hearing none, the Chair will entertain a motion to accept into evidence.
MR. PYLE: So moved.
THE CHAIRMAN: Motion.
Second.
MR. INGWELL: Second.
THE CHAIRMAN: Second.
All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)

THE CHAIRMAN: All right.
Board members, the rezoning hearing package for July 6, 2020, and the findings of facts have previously been provided to you.
The Chair will now entertain a motion to accept that rezoning hearing package with the findings of facts and the legal advertisement into evidence.
MR. PYLE: So moved.
THE CHAIRMAN: Second?
MR. SAMMONS: Second.
THE CHAIRMAN: Second.
All those in favor?
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: Motion carries.
Please note the rezoning hearing package with the findings of facts and the legal advertisement will be marked and included in the record for all of today's cases.
At this time we will ask our court reporter to please swear in the members of staff that will be testifying.
(All staff members were duly sworn.)

THE CHAIRMAN: Okay. Thank you.
And I guess Horace has stepped out of the room. We'll make sure we get him to swear in when he comes back in.
Okay. The Board has previously qualified members of the staff to offer expert testimony in the area of land use and planning.
Do any of you have any questions regarding their qualifications or their ability to offer this expert testimony?
(No response.)
THE CHAIRMAN: Hearing none, the Chair will admit the staff members as considered experts in the area of land use and planning.
I'm now going to read into the record an important statement, which is about what a quasi-judicial hearing is. And it's a little long and lengthy, so just bear with me here.
At this hearing, the Planning Board is acting under its authority to hear and make recommendations to the Board of County Commissioners on rezoning applications. These hearings are quasi-judicial in nature. Quasi-judicial hearings are like evidentiary hearings in a court of law. However, they are

less formal.
All testimony will be given under oath, and anyone testifying before the Planning Board may be subject to cross-examination. All documents and exhibits that the Planning Board considers will be entered into evidence and made part of the record.
Opinion testimony will be limited to experts, and closing arguments will be limited to the evidence in the record.
Before making a decision, the Planning Board will consider the relevant testimony, the exhibits entered into evidence, and the applicable laws.
Each individual who wishes to address the Planning Board must complete a speaker request form. They are located at the back of our chambers. You will not be allowed to speak unless we have a speaker request form.
Please note that only individuals who speak today and give testimony on the record before this Planning Board will be allowed to speak at the subsequent Board of County Commission meeting.
There is no new evidence can be presented

to the Board of County Commission meeting. Therefore, all testimony and evidence must be presented today.

The Planning Board will provide a recommendation for each rezoning request to the Board of County Commissioners. They will review that testimony, the documents, exhibits, and consider the closing arguments. They will make a final decision.

All decisions by the BCC are final. Anyone who wishes to seek judicial review of that decision must do so in a court of competent jurisdiction within 30 days that the BCC either approves or rejects the recommended order of the Planning Board.

All written or oral communications outside of this hearing with members of the Planning Board regarding any cases today is considered ex parte communication.

Ex parte communications are presumed prejudicial under Florida law and must be disclosed as provided in Board of County Commission Resolution 96-13.

As each case is heard, I will ask the board members if you had been involved in any ex

parte communication to identify themselves and describe the communication.

If you would, please bring up the criteria on the board at this point.

As required by Section 2-7.2 of the Escambia County Land Development Code, the Planning Board's recommendation to the Board of County Commissioners shall include consideration of the following approval conditions.

(Approval conditions recited.)

THE CHAIRMAN: At the beginning of each case, as long as there are no objections from the applicant, the staff will present the location and zoning maps and photography of the property.

Then we will hear from the applicant and any witnesses that they may wish to call. Then we will hear from the staff and any witnesses they wish to call. Finally, we will allow everyone who has completed a speaker request form to speak on the matter.

Before we go into the cases, I would like to remind everybody of something. These conditions that are listed on the board are the criteria that we must consider. These are the

only criteria that we can consider, according to the rules. So this is what we're going to be looking at, is A through E.

Now, you may have other concerns, things such as traffic, stormwater. A lot of topics come up in these meetings. Just understand that that is not what this board votes on. We vote on these criteria.

There is another process, the Development Review Committee, which reviews everything, stormwater, access, emergency access, traffic, all kinds of things like that.

You're welcome to say what you want on the record. We're not going to tell you what you can and can't say, but I'm just telling you, these -- A through E -- are what we must consider for the case. Okay. So that's sometimes a little confusing because it's not real simple to understand exactly what they're saying.

But I think the best way to approach it is when you come up to speak, if you'll just say, "I'm going to speak on item D" and then start speaking. And that way we know what your concern is on each subject.

Yes. Question from the back?

UNIDENTIFIED VOICE FROM THE AUDIENCE: I just wonder if you have that in a printed form that we can see, that A through E. Is that the --

MR. JONES: It will be, yes, sir.

THE CHAIRMAN: Do you have it printed for -- in the back of the room?

MR. JONES: I think there's some printed copies back there.

MS. LINDSAY: No. The criteria should be in here.

MR. JONES: We'll get you some.

MS. LINDSAY: It's on the back of the pink form.

MR. JONES: I promise you I'll get everyone one. So, please, if you focus on the Chairman, I will get everyone one.

THE CHAIRMAN: All right. Thank you, Horace. Horace is going to get copies of that so you'll know what the criteria are.

Okay. At this point, we have two cases for our quasi-judicial hearing today. And we have such a large crowd, we're going to just jump right into them.

The first rezoning application for consideration today is Case Z-2020-05. The applicant is William Joseph, who is the agent for Patrick Neville, the owner, 8838 Fowler Avenue.

And this is a requested change from HDMU, which is high-density mixed-use to HC/LI-NA, heavy-commercial light-industrial district, prohibiting the subsequent establishment of microbreweries, microdistilleries, microbrewery bars, night clubs or adult entertainment uses.

Members of the Board, at this time I'm going to ask: Has there been any ex parte communication between you, the applicants, agents, attorneys, witnesses or fellow Planning Board members?

I'll also ask if you have visited the subject property. And please disclose if you are a relative or business associate to any of the parties.

Mr. Sammons.

MR. SAMMONS: No to all.

THE CHAIRMAN: Thank you.

MR. PYLE: No to all, but I know where the property is.

THE CHAIRMAN: Okay. Chairman, no to all.

MR. INGWELL: No to all.

THE CHAIRMAN: Okay. I guess that's it for right now. Okay.

Staff, on this case, was notice of the hearing sent to all interested parties?

MR. HOLMER: Yes, it was.

THE CHAIRMAN: Thank you. And was that posting also posted properly on the subject property?

MR. HOLMER: Yes, it was.

THE CHAIRMAN: Okay. I'll now ask Mr. William Joseph, do you have any objections to maps or photography on the property?

MR. JOSEPH: The photography is, when it says it's looking east, from staff, it's actually west. And then the one west --

THE CHAIRMAN: Okay. Sir, we record everything in here because it's verbatim. So just yes or no. Are you okay with them presenting it?

MR. JOSEPH: Yes. Yes.

THE CHAIRMAN: I'll give you an opportunity --

MR. JOSEPH: Yes.

THE CHAIRMAN: -- to correct what they've done wrong.

MR. JOSEPH: Yes. Yes, sir. I'm for it.

THE CHAIRMAN: He's indicated he's okay with the maps and photography.

So, Drew, are you taking the lead?

MR. HOLMER: Now.

THE CHAIRMAN: Okay. Announce your name and position, please.

MR. HOLMER: Oh. Sorry.

Andrew Holmer, Escambia County Development Services.

So the first map we have up here is our location map. As you can see, the property is on the east side of Fowler, south of Nine Mile, and north of Detroit.

The zoning map, showing the 500-foot radius. The zoning on site is currently HDMU. You can see to the north and south of it is HDMU, and MDR is across the street.

Future land use map for the site. It's mixed-use urban. Existing land uses surrounding the area.

This is a aerial map with the parcel in question highlighted in red.

This is the public hearing sign that's posted on site.

And this is actually, yes, looking west from the parcel in question if you're looking across Fowler.

This is, once again, looking west across Fowler.

This is looking north on Fowler.

And looking south on Fowler.

And then this is looking from Fowler into the site. It's looking east into the parcel. I'll come back to the zoning.

THE CHAIRMAN: Okay. So everything?

MR. HOLMER: Yes, sir.

THE CHAIRMAN: All right. Board members, any questions about the maps or photography?

(No response.)

THE CHAIRMAN: All right. So, Horace, I think you were out of the room when the staff was sworn in. Would you please be sworn in in case you're testifying today, please?

HORACE JONES, Director of Development Services, was duly affirmed.

THE CHAIRMAN: Thank you, sir.
One other quick note. When you come up to the microphone, please make sure that you speak clear and concisely because it is being recorded.
Also, if you feel comfortable, please pull down your mask. We have a couple board members that may have a little trouble hearing, so it helps if they can kind of read your lips a little while you're speaking, so . . . if you feel comfortable. If you don't feel comfortable taking the mask down, we'll just do the best we can to understand you.
Okay. At this time we'll ask the applicant to please come forward, Mr. William Joseph.
Good morning sir. If you'll please be sworn in.

WILLIAM JOSEPH, Agent for Patrick Neville, Owner, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Thank you, sir. If you'll please state your full name and address for the

record.
MR. JOSEPH: William Joseph, 2791 Glen Eden Drive, Pensacola, Florida 32514.
THE CHAIRMAN: Thank you, sir.
Have you received a copy of the staff's rezoning hearing package and the findings of fact?
MR. JOSEPH: I've obtained it offline. I did not receive one from staff.
THE CHAIRMAN: Okay. But you had an opportunity to review the hearing package and the findings --
MR. JOSEPH: As of this past weekend. I feel like I'm a little ill-prepared because of the short time I've had to review the findings.
THE CHAIRMAN: Okay. In that case, are you asking for an extension, or do you feel like you're appropriately prepared?
MR. JOSEPH: I say we address it.
THE CHAIRMAN: Okay. All right. We don't --
MR. JOSEPH: I understand.
THE CHAIRMAN: -- want you to feel --
MR. JOSEPH: I understand. I appreciate your consideration. I do, absolutely.

THE CHAIRMAN: Yes, sir. Okay.
And do you understand that you have the burden of providing substantial, competent evidence that the proposed rezoning is consistent with the Comprehensive Plan, furthers the goals, objectives and policies of that plan, and is not in conflict with any portion of the Land Development Code?
MR. JOSEPH: Yes, sir, I do.
THE CHAIRMAN: Now, just one other note about procedure in quasi-judicial. The staff has presented their findings of facts which they'll cover in a little bit.
If you are in disagreement with those findings, it's your responsibility to present an alternate finding that it meets the criteria or doesn't, just based on whatever you're presenting. Okay?
MR. JOSEPH: Yes, sir.
THE CHAIRMAN: Because when we vote on it, we have to have each criterion outlined.
MR. JOSEPH: I understand.
THE CHAIRMAN: Please proceed, sir.
MR. JOSEPH: Mr. Chairman, board members, I'd like to thank you for the opportunity to

speak in front of you. I'm sure there's places in this country that do not have an avenue to pursue these kind of requests. So I'd like to start by saying that.
I hold a lot of knowledge, personal knowledge, about this particular request, combined with being a 20-year veteran of Escambia County engineering. I hope that makes me knowledgeable enough to address this board today in an appropriate manner.
THE CHAIRMAN: Okay, sir. Are you going to ask to be qualified as an expert in engineering or plan use -- excuse me, land use and planning?
MR. JOSEPH: I -- I could. Is that . . .
THE CHAIRMAN: It's up to you.
MR. JOSEPH: Yeah.
THE CHAIRMAN: It's your case to prove, so --
MR. JOSEPH: I understand.
THE CHAIRMAN: If you do, we would need you to explain your background, any certificates or licenses that you may --
MR. JOSEPH: I think at this point we just move forward.

THE CHAIRMAN: Okay. All right.
MR. JOSEPH: Like, I'll reiterate with respect to the findings. I did not receive a notice or a copy or a link to go to.
I happen to be somewhat familiar with the agendas online and -- and actually researched that this weekend to become familiar with those.
I did speak to staff on site when the on-site sign was being posted. I was led to believe that everything was compatible, so I didn't put a whole lot of weight into those -- those findings. I thought it was going to be compatible and it was going to be favorable decisions rendered by staff, only to review them this past weekend and find out a number of negative comments.
The current density for the property, just to speak about the current zoning and the density, allows 60 dwelling units on that property. It allows a 35,000 square foot retail sales business. And I say that to make the point that our use that's on this property is much less intense than those uses that are currently allowed.
So with that being said, the finding of

fact consistency with the future land use, MU-U was confirmed compatible.
The only condition that we did not meet was a arterial collector road. And if I could refer to the package -- or excuse me -- the letter from -- interoffice memo from the Traffic Division, the only criterion we did not meet on that -- on -- under their criteria for considering a road to be an alternative road was the 22 foot of paving.
The 35-mile-an-hour speed limit was posted. A signalized intersection within the distance required in both directions or alternative roads that are required.
We did traffic counts that were -- that had to be 1500 trips per day. We achieved 2992 and 2672 trips per day respectively.
Those are somewhat diminished, from my understanding, because of the pandemic, and there's not a lot of people out these days. They consider them to be diminished 15 or 20 percent, by the individuals that performed that traffic count.
It does say, you know, 22 foot right in front of the property. Then it's only 21 feet

350 feet south -- or 350 feet north of the property.
And I would just have to question the method of measurement. You know, maybe -- maybe would it kick the grass back enough to find that six inches on either side of the roadway? Or something to that effect?
And it's just my observation of reading this, so . . .
THE CHAIRMAN: Mr. Joseph, if you --
MR. JOSEPH: Yes. Yes, sir.
THE CHAIRMAN: -- just pause for just a moment, I just wanted to let the record reflect that Mr. Reid Rushing, another board member, has joined the meeting at this point.
Mr. Rushing, I need to ask you the ex parte questions on this case. We are on case Z-2020-05, 8838 Fowler Avenue.
And have you had any ex parte communication between you, the applicant, agents, attorneys, witnesses, fellow Planning Board members or anyone from the general public? Have you visited the subject site? And if you are a relative or business associate of any of the parties.

MR. RUSHING: No, to all.
THE CHAIRMAN: No to all. Okay. Thank you, sir.
All right, Mr. Joseph, go ahead, sir.
MR. JOSEPH: I did want to mention that this does not contribute to or promote a strip commercial development. Some of these things in here, that -- the criteria I'm attempting to meet today.
And in each one of the findings at the end of the statement, it says, "compatibility analysis was not provided."
And I know that staff had originally adamantly requested me to have that on a separate piece of paper. And I contend that I was addressing it in each one of these criteria, so that is my compatibility analysis, the information, the narratives that I've given to each of these criteria, to attempt to show you the factual surroundings, compatibility, and other issues.
Like I said, I thought I was provided a compatibility analysis, so I guess I should have put it on a different sheet of paper.
The intent is to bring the property into

Page 25

compliance. And with respect, we are currently zoned to do what we do. We're lacking a little bit of outside storage, but this would be the first step in bringing this property in compliance with respect to stormwater, building codes or whatever it may be.

And, actually, we have had some long-term ongoing permit issues on the property. And this is one attempt to get that ball rolling. We fully intend to go back to the Development Review, submit packages, stormwater.

We have one sitting on our desk ready to submit today, as a matter of fact. So that's the intent of this property.

We're not trying to increase the intensity. We're just trying to get a little bit of outside storage, and then take this and run it through the review process and see where we're at with some of these structures that were discovered in the past of not being permitted, basically.

So the findings also -- and some of this is menial. Sites such as a towing company across the street from us. It's actually a repossession company.

Page 26

And not to . . . well, I guess it goes without saying. They got a huge amount of outside storage on that property. And that is into the -- into the MDR across the street.

We are separated by a 50-foot right-of-way from MDR. We feel like we're contiguous with current zoning.

It was stated that in the current zoning, in the 500-foot radius, that there was not a type of zoning that we're requiring. And there is to the east of the property, as on staff's map, as well on the maps that I provided.

HCLE [sic] is separated by a retention pond that's owned by the county. And I would present that -- I haven't done any research, but I'd present to you that that easement was probably given by this property owner at one time. I would have to do some research to that fact.

So, again, I just wanted to point out, with these -- these inconsistencies in facts -- the findings from staff leaves you a little bit concerned.

Again, findings stated that the property to the south has a single-family dwelling. It's

Page 27

on the maps. It's not. It's an accessory structure is all it is.

It just -- and these things might be menial, but when misstated -- and items raised concern over other inconsistencies. Where are all these inconsistencies?

You know, we're looking east and west. To me, that would be important. I would want to know that I've been presented a package that tells me I'm looking in the right direction, and all the surrounding criteria that exists.

I will say a favorable vote today, again, would start the ball rolling or -- or cause us to continue to bring the property into compliance.

No real anticipations of expansion or anything. Our business is from morning to evening. There was nobody on the property here today. We stripe roadways. We go out there.

We're good neighbors. We keep a clean, tight, high-and-tight situation, so our residential neighbors have never complained to the north of us.

There's a couple of properties that are still owned by the original owner of Coastline

Page 28

Striping from 2004, so we don't really have any large impacts there.

But with that being said, I thank you guys for allowing me to have some of the Board's -- just of its time this morning. And I really appreciate the opportunity to speak in front of you.

THE CHAIRMAN: Thank you, sir.

I did have one question.

MR. JOSEPH: Yes, sir.

THE CHAIRMAN: Okay. Horace, you want to make an announcement?

MR. JONES: Thank you, Mr. Briske.

THE CHAIRMAN: Just stay close, Mr. Joseph.

MR. JONES: There have been some statements made about that he did not -- was aware -- not trying to discredit anyone, but for the record, you know that these things become very controversial and they can be challenged, or you're making statements that could be challenged.

So I want to make sure, for the record. On Tuesday, June 30, 2020, Ms. Kayla Meador, our administrative supervisor . . . she sent an

email to williamjoseph@ecstriping.com, and as well as pneville@ecstriping.com.

So it's for the record that there was an email with the link, which staff did furnish them the information about his findings of fact.

That was stated twice. So for the record, I want to make sure that the record is clear. So I would like to include this as evidence.

THE CHAIRMAN: Okay. Horace, if you would, please, state your name and position for the record.

MR. JONES: Yes. Sorry. Sorry.

My name is Horace Jones. I am the Development Services Director for Escambia County.

THE CHAIRMAN: Okay.

MR. JONES: I just want to make it clear for the record.

MR. SAMMONS: Mr. Jones, is that time-stamped?

MR. JONES: Yes, sir. It's at 2:12 p.m.

MR. SAMMONS: Okay. Thank you.

THE CHAIRMAN: It's at the pleasure of the board to accept Mr. Jones' email into evidence.

Mr. Jones, is that a true and accurate

copy of the email that one of your staff members sent?

MR. JONES: Yes, sir.

THE CHAIRMAN: Okay. Board members?

MR. JONES: It's part of the county records.

THE CHAIRMAN: I think we should make a motion.

MR. PYLE: I make a motion to accept this into evidence as Exhibit A.

THE CHAIRMAN: Okay. Do we have a second?

MR. RUSHING: Second.

THE CHAIRMAN: Second.

All those in favor say "aye."

(Chorus of "ayes.")

THE CHAIRMAN: Opposed?

(No response.)

THE CHAIRMAN: All right. Please label that as Staff Exhibit A for the case, 2020-05.

(Document received in evidence as Staff Exhibit A.)

THE CHAIRMAN: All right. Mr. Joseph, if you'll come back forward, please, I think myself and a couple board members may have a few questions.

MR. JOSEPH: Yes, sir.

THE CHAIRMAN: Sir, I was unsure if you had -- you talked about a compatibility analysis. And I thought you said you submitted. Did you submit a compatibility analysis?

MR. JOSEPH: I did with respect to -- as part of the package, with respect to addressing each of those issues individually. I did not put it on a separate sheet of paper.

And as you go down to each criterion under the application, I give a narrative on each and every one of those as to why we consider it to be compatible, whereas, you know, staff is saying not.

And I was pointing to the wrong stuff, but mine's pretty obvious. It's on the application. And then under each of those criterion, underlined, in bold would be my narrative to support us complying with each of those criterion.

And I did that down each and every one pretty -- pretty herculean effort there I too -- I might would have had. So there's a ton of information in there.

I haven't regurgitated it. I know you

guys are probably familiar with it and have seen it and maybe perused it. But certainly specific questions I'm prepared to -- to answer those, by all means.

THE CHAIRMAN: So basically it's your testimony that your compatibility analysis was included in the response where you wrote back to the county. It wasn't a separate document.

MR. JOSEPH: That is correct.

THE CHAIRMAN: Okay.

MR. JOSEPH: And, again, I will say that was against staff's recommendation to me.

THE CHAIRMAN: Okay. And one other comment that you made. You thought that the measurement was inaccurate that the staff was using.

If you'll elaborate on that for --

MR. JOSEPH: Well, I will just say, in front of our building it specifically says it's 22 feet. And 350 feet either side of us, it goes to 21 feet.

And I know how there's overburden on the edges of road. And I just don't know how a man with a Stanley lock tape measure can go out there and kick that dirt off of that roadway and

get an accurate measurement. Maybe he has. But I would -- I would either like to participate or do it with a GPS or whatever the case may be, if -- if that's the only criteria we're missing to become an arterial road that allows this zoning.

THE CHAIRMAN: Okay. We'll ask the staff members to address the measurements during the findings of facts presentation and how you came up with that.

So if the gentleman has more questions on it, we'll get to the bottom of this.

MR. JOSEPH: Yes, sir.

THE CHAIRMAN: Board members, other questions for Mr. Joseph at this point?

MR. PYLE: Yes. Mr. Joseph, I want to -- for the record, you are the owner of the property?

MR. JOSEPH: No, sir. I'm the agent. Pat Neville is the owner. And he is here today, sir.

MR. PYLE: All right. And he is also the owner of the business; is that correct?

MR. JOSEPH: That's correct.

MR. PYLE: That was my first question.

And just briefly, could you elaborate -- you stated that this will bring it in compliance with the current zoning so that you can, therefore -- I think you're implying that you maybe have some drainage issues on site, and would like to add some storage.

And in order to do so, you're going to have to go through the process of permitting, and --

MR. JOSEPH: Yes, sir. I think --

MR. PYLE: -- just wanted to clarify that.

MR. JOSEPH: What was happening -- what happened is, in the past we attempted to acquire a permit.

There's some confusion. It was two properties at one time. And it was combined for tax purposes for the ease of tax purposes. And it became 38 -- 38 -- or 8838 and 8840.

And so we came in. And this well predates me, now. I did some -- I did some digging to find out actually what transpired in the past and how this came about.

And it's like, well, there is no 8840, and where's the original permits?

8838 comes up because Chris Jones uses

that address. We continued to use 8840. So there's a little bit of mix-up right there.

But once we got that straightened out, it became obvious that there were some structures -- pole barns, I guess I should say to be more specific, that had not been permitted.

And we're prepared today to carry that back through a development review after the fact and get it in compliance, whatever that may be, so -- so we can better the property.

We're more apt to be able to not impact these adjacent uses if we're able to pull permits for irrigation, lighting, the fencing, whatever it may be.

And right now, we have honored that red flag on this piece of property. And we have not attempted to do anything beyond that day that we were made aware of that situation.

MR. PYLE: All right. Thank you, sir. And I appreciate -- I did read your responses. I wanted you to know that, just because you -- because of the effort.

We get this stuff. And I did -- I got it, exactly what you said.

MR. JOSEPH: Yes, sir.

MR. PYLE: That would be your version of the compatibility analysis, although the staff is probably leading you in the right direction to have a separate one.

MR. JOSEPH: Yes, sir. Yes, sir.

MR. PYLE: But I get what you're saying.

MR. JOSEPH: Yes, sir.

MR. PYLE: And I appreciate the --

MR. JOSEPH: And I appreciate those comments as well.

THE CHAIRMAN: Okay. Board members, any other questions?

(No response.)

THE CHAIRMAN: Do you have any witnesses that you want to call at this point?

MR. JOSEPH: No, sir.

THE CHAIRMAN: Okay.

Mr. Neville, the owner, do you have anything you'd like to add at this point? We'll give you an opportunity to have closing comments afterwards, but just wanted to give you the opportunity.

MR. NEVILLE: I'll wait for the closing comments.

Page 37

THE CHAIRMAN: Thank you, sir. All right.
At this point, we'll have the staff presentation and the findings of fact.
MR. HOLMER: Yes, sir. This is rezoning case Z-2020-05.
THE CHAIRMAN: Drew, state your name and position, please.
MR. HOLMER: Oh. Sorry. Andrew Holmer, Escambia County Development Services Department.
THE CHAIRMAN: Thank you.
MR. HOLMER: And just to clarify here at the Planning Board -- not the BOA -- here at the Planning Board, staff does address the criteria.
This board is the body that makes the recommendation. We simply address the criteria. Each case is up to the applicant to prove. It's not up to the county staff to prove their case for them.
As to the first criterion, first criterion is consistency with the Comprehensive Plan.
The proposed amendment to heavy commercial, light industrial is consistent with the intent and purpose of future land-use category mixed-use urban, as stated in Comprehensive Plan FLU 1.3.1.

Page 38

Based on the applicant's history of the parcel since 2004, it was previously used as an operational pavement striping business. A listed use under the light industrial services of MU-U Flu category.
Redevelopment of this property will promote the efficient use of utilities and infrastructure, and redevelopment of an underutilized property, making the proposed use compatible with the intent of Comp Plan Flu 1.5.1.
Criterion B. This is consistency with the Land Development Code. The proposed amendment is not consistent with the intent and purpose of the Land Development Code.
All new, nonresidential uses proposed within the heavy commercial, light industrial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy the location criteria requirements.
Fowler Avenue is a local street, which does not meet the location criteria within the heavy commercial, light industrial district.
If the rezoning is approved, it would

Page 39

encourage nonresidential uses and more intense uses than allowed in the commercial district.
Please see additional comments in review from transportation and traffic operations. So that was discussed, the measurement of the road. That transportation and traffic operations took care of that. And those are their findings, so to speak on the width of the road and condition of the road.
It's not a request to take this road to an arterial. It would simply -- for it to be -- be for it to be classified as a collector street instead of a local street.
Once again, planning staff isn't the ones out there measuring the roadway. We rely on what is submitted to us.
THE CHAIRMAN: Drew, when you finish the criteria, if you would come back, and let's go over --
MR. HOLMER: Yeah, we'll pull that up.
THE CHAIRMAN: -- that information, please.
MR. HOLMER: Sounds good.
Criterion C, compatible with surrounding uses.

Page 40

The proposed amendment is not compatible with the surrounding existing uses in the area. Adjacent parcels are zoned high-density, mixed-use residential.
Within the 500-foot radius, there are properties with zoning districts medium residential, residential, high-density mixed-use and conservation.
Car-towing business across Fowler Avenue to the west, one vacant residential parcel, three single-family residences, two parcels with multifamily apartments. Zoned high-density mixed-use. The applicant did not provide a separate compatibility analysis for review.
Criterion D, appropriate if spot zoning.
The proposed zoning will create spot zoning based on the LDC definition in Chapter 6.
As requested, HC/LI zoning is different from the zoning of all contiguous land. Site visit reveals the parcel's location about midway between Detroit and Nine Mile, with the northern portion of Fowler near Nine Mile and the southerly portion near Detroit, being more commercially developed towards those major intersections.

The proposed zoning request would not create a logical transition between the high-density mixed-use districts and other existing districts in the adjacent area.

Changed conditions. The land-use or development conditions within the area surrounding the property have not changed.

Based on the applicant, current commercial uses have existed since 2004. The site is located midway between Detroit Avenue and Nine Mile Road in an area that is currently developed.

Allowing a commercial zoning for the property would contribute to commercial development sprawl. The applicant, once again, did not provide a separate compatibility analysis for review.

THE CHAIRMAN: Drew, refer back to that last one just for a moment there. You have "have" or "have not" changed in there? Your testimony is have not changed?

MR. HOLMER: Have not.

THE CHAIRMAN: Okay. So is that a staff amendment to the findings?

MR. HOLMER: Yes, sir.

THE CHAIRMAN: Okay. Please note for the record that the word "have or" will be removed from the county's findings.

MR. HOLMER: Correct.

THE CHAIRMAN: To read "rezoning have not changed."

All right. Thank you, sir.

MR. HOLMER: Okay. Mr. Chairman, we have the memo from transportation and traffic operations that was discussed, if you will scroll.

THE CHAIRMAN: So if I read this correctly, they're measuring the actual width of the pavement.

MR. HOLMER: That is my understanding.

MR. PYLE: And the only difference -- excuse me, Mr. Chair. The only difference, from what I gather, is if it were 21 or 22 would be whether you called it collector versus a local road; is that correct?

MR. HOLMER: I believe what they refer to as a functional collector.

We do have quite a few of these parcels in the county that were -- have had uses that predated. And many times they predated zoning

and changed to other ones.

And quite a few of those roads going between are major roads, have existed -- you know, preexisting uses along there that would be more commercial in nature.

THE CHAIRMAN: Okay. Horace, did you have something?

MR. JONES: Yes, sir. Yes, sir.

Again, Horace Jones.

And if you -- if you look at the third paragraph, it states that the staff of Department of Transportation of the county, they are stating that this is a local road.

Those criterion -- it must meet all of them in order for them to be -- function as a collector functioning -- local road -- function as a collector road.

And because it did not meet those -- all of those criteria, they are stating that it is a local road. So, therefore, it must meet the compatibility analysis for that -- look at when you go into these higher-up end zonings. And because of that, it does not, based upon what they stated.

MR. PYLE: May I ask while you're up

there, Horace --

MR. JONES: Yes, sir.

MR. PYLE: I'm sorry. I'm sorry.

THE CHAIRMAN: Okay.

MR. JONES: Yes, sir.

MR. PYLE: Just being pragmatic here, I mean, I understand staff's job.

MR. JONES: Mm-hmm.

MR. PYLE: I understand it's to . . . when you say there's potential commercial sprawl. . .

MR. JONES: Mm-hmm.

MR. PYLE: . . . I find that hard to swallow, when they've been there since -- as long as they've been there.

Now, it may be naive of me to think that this owner may not do something differently, and next -- you know, tomorrow they're going to sell it and have a massive nuclear facility or, you know, a concrete plant near there. I get it.

But is there anything that they mentioned in their, like they're -- standing down on: Irrigation, pole barn, outside storage, that they are prohibited currently under this -- and if so, what is it that would prevent them from coming to the county, pulling a permit and

getting that squared away under the current zoning?

MR. JONES: Under the current zoning, under the current Land Development Code requirement as HDMU, this use -- if this use was actually going into that zoning today, it would not go there.

Reason being . . . the reason being because HDMU does not allow for outside storage at all.

Also, too, currently with all of those -- they made a statement that 35,000 square foot -- that's not accurate.

The required -- size requirement for HDMU was basically: HDMU is OR-6, neighborhood commercial-type uses, doctors' offices, lawyer offices, something that would not have such a huge impact on the neighborhood.

The size for that use is 6,000 square feet. Now, if they want to go above that, they would have not to come to this board. There's another governing board that they have to go to through, the BOA. And they have to meet certain criteria.

But all of those buildings that's over

that site, this zoning, if they came in today, it would not allow for it.

And with them going to a -- now, if they grandfathered in, they can stay in. The use can stay there, but there may be some challenges with all of the outside storage that they may have to do something with.

And with them going to a higher zoning category, those uses would definitely have a severe impact because if you know the area, and -- and the area is a residential area.

Yes, it's sort of -- it's an older area, but it is a residential area. And so to bring in -- to bring in more intense uses, it will have a adverse impact on -- it's a subdivision not too far from it.

We've got to look at it. We do have to look at the future. And that's the -- we have to look at the potential uses that will have an impact as well.

And with Fowler Road being a -- I know it's well traversed, but it's still classified as a local road. And that business today, today as is, it would not be allowed to go in a high-density mixed-use zoning. It would not be

considered neighborhood-type zoning. And that's what HDMU allows for.

MR. PYLE: But as it stands, it's been a business in operation, nonconforming, I guess to your -- for quite some time.

MR. JONES: Let me put it this way -- let me put it this way: that is what they are alleging. I cannot -- I cannot -- that's what they're stating for the facts.

MR. PYLE: So, I mean -- all right. I mean, I'm thinking the applicant -- they're aware that's been a business since --

MR. JONES: Absolutely.

MR. PYLE: -- forever.

MR. JONES: Absolutely.

MR. PYLE: And I would also argue, you know, the guy across the street is doing repo. There is some -- quite a bit of storage, but I guess specifically, is there a size that they would come in tomorrow and say, hey, I want to put a pole up on the property --

MR. JONES: 6,000 square feet.

MR. PYLE: -- as it stands?

MR. JONES: 6,000 square feet.

MR. PYLE: They can put one up and permit

it legally, and life is good.

MR. JONES: Now, again, they would have to go through all of the requirements.

The Land Development Code in HDMU, there is a size requirement. Now, you can go higher through another board, but it's 6,000 square feet. Doctors' offices, lawyers' offices. Everything inside that would not have such an adverse impact.

Yes, they have been there, according to what is being stated. They continue to stay there. But all of that outside other storage and going to a higher zoning, our code does not allow to basically create a much more of a nonconforming use that would impact that entire area. That's what the code -- I know it may be practical, but the code is what we have to work with today.

MR. PYLE: No. And I understand, sir.

I just -- I want to find out if there's some -- I mean, because there's not a whole lot of lawyer offices and doctor offices in that area. I'm just, you know, being real.

So . . . and whether that's more intense or less than the current business, given that

they're off property, on site, that's up for debate as well. So that's all conjecture. I get it. We've got to deal with what it could potentially be --

MR. JONES: Yes, sir.

MR. PYLE: -- under the new code. But I'm also trying to keep a foot in the world and say, hey, if there's something you really are after, can it be achieved under the current, you know, code? So I --

MR. JONES: If you want to -- if there's some things that maybe we can work with.

MR. PYLE: And that's not -- that's not my business. That's the owner.

MR. JONES: Yeah.

MR. PYLE: He can do with his property what he wants. I just want to ask that question. I'm done.

THE CHAIRMAN: I think Mr. Ingwell has a question.

MR. INGWELL: I have a question for Horace.

MR. JONES: Yes, sir.

MR. INGWELL: Are these limited to one 6,000-foot structure or multiple?

MR. JONES: Can I -- if you could pull up the Land -- I was going to get my book, but we can pull it up on the screen.

THE CHAIRMAN: While he's doing that -- we'll get that question answered, Horace. You can just keep us moving here by answering.

MR. JONES: Yes, sir.

THE CHAIRMAN: In the case of the county having legal nonconforming uses, does the county in any cases go back and put additional requirements for screening or landscape buffers or any of the things we see in the higher densities on those legal nonconforming, or is that just doesn't happen?

MR. JONES: It could happen, but I -- since my tenure being with the county for 20 years, I have never ever seen that. Now, just -- unless there's some other type of special review process that they go through.

But just by my authorizing that, there has got to be some other -- another process that would lead to that. I have -- I have never ever seen that.

THE CHAIRMAN: I just -- I just didn't know, since it's a legal nonconforming, you

know, if there was concerns from neighbors, and things like that, if the county had ever done anything like that to, you know, mitigate concerns of the neighbors with screening or anything like that.

MR. JONES: Now, if they -- if they -- if they want to come in and want to . . . you really -- you can't expand. You can not increase an area nonconforming.

When you're nonconforming, you're almost stuck with what you got. If you want to do some other stuff, adding, increasing, making it -- you're almost stuck with it. The laws of nonconforming is very, very different.

THE CHAIRMAN: Okay. I think Drew has pulled up there the question that Mr. Ingwell had.

MR. JONES: So if you see high-density mixed-use, retail sales, if you got it across the screen, small-scale. These are uses.

And groceries, 6,000 square feet or less for retail sales. And then, if you look at the uses, I'm speaking even with -- with what they are prescribing as being -- as being there, it's really not a permitted use there, but because

they're grandfathered in -- I keep on going according to what is being told.

But those uses in that area, what he's doing, it would not be allowed in HDMU, based upon the uses and the -- and the size requirements.

THE CHAIRMAN: Okay. Board members, additional questions?

(No response.)

THE CHAIRMAN: Mr. Joseph, did you want to come back up and ask any questions or state anything before we go into the public comment portion?

MR. JOSEPH: Yes, sir, I would like to.

THE CHAIRMAN: Thank you.

MR. JOSEPH: William Joseph, Coastline Striping.

I would just like to check that email address that that went to. It is a wjoseph@ecstriping -- one "p" -- .com.

MS. MEADOR: @ecstriping.com?

MR. JOSEPH: Not two "p's." A lot of times -- we're not stripping.

MS. MEADOR: No. It was one "p."

MR. JOSEPH: Okay. I'm just trying to

Page 53

verify that that came through.
So I'm really -- really attentive to my email, so -- but with that being said, I did provide a couple of use maps. One was actual uses in color-coded green, and actual uses in commercial, orange.
And then I provided a map that shows the entire roadway zoning. And this intensity, the zoning we're requesting is either side of us, you know, maybe 350 to 900 feet. And I get very specific with that in my -- in my comments to each one of these criterion.
THE CHAIRMAN: Can you pull up the information the gentleman is speaking about?
MR. JOSEPH: And it should be on your sidebar I believe I saw it. It -- it -- it's a color-coded map. It comes out. It's on 11-by-17s. Those right there.
That particular one does show the actual zoning of the property. I've -- I've taken a pin drop at our property.
So this HCL -- heavy commercial and light industrial is within whatever footage that is. And I did state that in -- in these comments I made.

Page 54

And then in our -- what we would consider our adjacent or adjoining property that has our proposed zoning is to the east of us, only separated by the drainage ditch that Escambia County owns.
And, you know, I'll leave it -- I'll defer to you guys if, you know, that meets that criteria of adjacent properties.
But if we can go to the next one -- the one below that, please -- the green is a residential use and the orange is commercial uses.
The west side of the road is MDL, which -- and then the east side of the roadway has commercial zoning. In my mind's eye, whenever that was developed, the intent was to develop the west side in residential and the east side in commercial.
And you can see how -- and if you guys are familiar, that is a Home Depot and Lowe's. They recently built a rehabilitation center on the corner. And as you get down toward Detroit -- and I -- actually on the zoning map, I go into Nine Mile and Detroit to show those patterns continuing on those roadways.

Page 55

We do currently have 6,800 square foot of structure on our property, which consists of an accessory structure that's very minimum, so we're right at that threshold of the 6,000, you know, counting every bit of our structures.
And the criteria to meet -- and I'm not going to try to cite the verse and chapter. I'm going to try to do this for sake of time -- is that it does speak to stronger mitigation efforts in these areas to prevent -- it even talks about dumpsters being on the -- on the property away from any residential or unlike uses. It even speaks to that.
We have 2.4 acres there. And it offers us a huge opportunity to take these stronger mitigation efforts, whatever that may be, like, say, with a peak fencing or whatever it may be, you know, that -- that -- that would be more compatible with the surrounding uses. I did just want to point that out. And that comes straight out of the criteria that we're attempting to meet.
THE CHAIRMAN: Okay. Any additional questions?
You'll have an opportunity, once everyone

Page 56

speaks, to summarize your case.
MR. JOSEPH: All right. Thank you.
THE CHAIRMAN: Okay. At this point, we're going to go into the public comment portion of the hearing.
For those members of you who wish to speak, please note that the Planning Board bases its decisions on approval conditions and exceptions described in 2-7.2.
And, Drew, if we could bring those back up on the board to make sure everyone tries to keep their comments concise.
Please limit your testimony to the approval and conditions described and shown on the screen. And please also note that only those individuals who are here today and give testimony on the record will be allowed to speak at the subsequent hearing before the BCC.
If you wish to speak on this and you haven't turned in a speaker request form, please get that to one of our staff members.
At this time our first speaker is going to be Margaret Conner.
Good morning, ma'am. If you'll please be sworn in, and then state your name and address

Page 57

for the record.

MARGARET CONNER, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Thank you. Good morning, ma'am.

MS. CONNER: Good morning.

I'm Margaret Conner. I live at Sagebrush, right around . . . opposite, at 1060 Sagebrush. I've been there 50 years.

I am opposed to this rezoning. That's all I have to say.

THE CHAIRMAN: Okay.

MS. CONNER: Thank you.

THE CHAIRMAN: Thank you.

Mr. Ronald Fowler.

Good morning, sir. Be sworn in, and please state your name and address for the record.

RONALD FOWLER, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Thank you, sir. Good

Page 58

morning.

MR. FOWLER: Good morning.

Name is Ronald Fowler.

THE CHAIRMAN: Address.

MR. FOWLER: I don't -- I don't live on the property, but I'm a friend of Mrs. Conner, and I live with her.

THE CHAIRMAN: Okay.

MR. FOWLER: And I just want to say that I'm against the rezoning because I don't know what kind of business is going to be put there.

Right now we have a junkyard right across the street. And I'm just afraid that that's what they're going to do on this property, put in another junkyard.

And in several places along Fowler -- this one place was a automobile repair shop, and it's become a junkyard.

And it's just -- you know, this should be a residential district. It's time to clean up Fowler Avenue and not just let everybody come in there and pile their junk on top of us.

There's one lady . . . well, Mrs. Conner. She lives right across the street from this junkyard that's on the west side of this

Page 59

property. And there's about 75 junk cars in there. And it's already . . . we talked to somebody on the Planning Board. What was his name, Peggy?

VOICE IN THE AUDIENCE: I don't know. Chris Mopley . . . I don't know offhand.

MR. FOWLER: Anyhow, he came out and looked at the property and said that there shouldn't be a junkyard there.

They weren't permitted to put junk cars in there, and that they were probably going to have to move them. But there's never been any action taken on that at all. He's still bringing in more cars, and . . .

THE CHAIRMAN: Okay. Sir, just clarification on your comment about that it was a Planning Board member that attended.

Could it have been a code enforcement officer?

MR. FOWLER: Yes, it was.

THE CHAIRMAN: Okay. Because the Planning Board members don't typically go out and interact with the public on the cases because we know that we have to disclose, you know, any of that in the quasi-judicial hearing. So I just

Page 60

wanted to clarify that you think it might have been a code enforcement person?

MR. FOWLER: Just a minute. I'll find out.

Peggy, what's the man's name that . . .

The man's name is Chris Moody.

THE CHAIRMAN: Okay.

MR. FOWLER: You're familiar with him?

MR. HOLMER: Code enforcement officer.

MR. FOWLER: Code enforcement.

THE CHAIRMAN: Okay. All right. That's good.

We just wanted to clarify it because, because we are quasi-judicial, if one of the Planning Board members had gone out and met with anyone or went to the property --

MR. HOLMER: Right.

THE CHAIRMAN: -- we would really need to make a note of that on the record. But since it's a code enforcement officer --

MR. FOWLER: Yeah. He did. He came out, and he talked to several of the residents that were right next to that junkyard, yes.

THE CHAIRMAN: And you're in the right area. When things like that have to be

Page 61

addressed, that is the Code Enforcement Department that handles those kind of things?
MR. FOWLER: Yes.
THE CHAIRMAN: So . . .
MR. FOWLER: Could you tell me what kind of business is going to go on this property that we're talking about now?
THE CHAIRMAN: Well, one of the unique things about this quasi-judicial process is, is that we don't ask what business is going on there because if it's approved, anything that is within that zoning district would be allowed, just as anything that is in the current zoning is allowed. Anything that -- so if it changes, we would have to bring up the zoning for that category, and anything in that category would be allowed.
So we don't ever specifically ask because we know that if we approve something, they can do any of those uses with it.
Is this the proposed?
MS. MEADOR: Yes.
THE CHAIRMAN: Okay. So on the board right now, sir, we have the proposed zoning, and that shows what could potentially go in there.

Page 62

As part of our process, we typically don't because the zoning is the underlying level, and then it would go through the development review process if they were going to do a specific business there, so . . .
MR. FOWLER: Okay. Thank you.
THE CHAIRMAN: I know it's confusing, but --
MR. FOWLER: Yeah.
THE CHAIRMAN: That's why I said this board can only consider those five criteria.
MR. FOWLER: Mm-hmm.
THE CHAIRMAN: And we don't look at these individual items, so . . .
MR. FOWLER: Thank you.
THE CHAIRMAN: Thank you, sir.
Okay. I only had two speaker request forms. And I know there were more people that wanted to speak on this one.
Anyone else that wishes to speak on 2020-05 before we close public comment?
MR. JONES: If I may while you're checking that. And we do want to understand --
THE CHAIRMAN: Horace.
MR. JONES: Yes, sir.

Page 63

THE CHAIRMAN: State your name.
MR. JONES: Horace Jones.
THE CHAIRMAN: And speak into the microphone.
MR. JONES: I forget that.
One thing that we do want to try to understand, one of the -- one of the things that you do mention very, very well . . . yes, those commercial uses, they're along Nine Mile Road, yes.
But we've got to make sure that we don't have commercial intrusion or commercial creeping going further up in those residential areas. That's what staff looks at per the code, to try to prevent additional commercial creeping in those residential areas.
He mentioned about the junkyard. Yes, those uses -- they could be there, but they could be nonconforming, and which it is.
If a junkyard is there, it's nonconforming. So we have to make sure that we try to protect from commercial creeping or further commercial intrusion in those residential development areas.
THE CHAIRMAN: Okay. Thank you. And that

Page 64

was Horace Jones, Director.
MR. JONES: And we do have the traffic person, if you need to go into that. She just came in, if you want to talk to her, Mr. Chairman.
THE CHAIRMAN: Okay. Pleasure of the Board? Questions for the traffic department? We may have some in a few minutes, but at this point I don't think we do.
TRAFFIC PERSON: Okay.
THE CHAIRMAN: Okay. Anyone else who wishes to speak on Case Z-2020-05. This is going to be last call for Case 2020-05.
(No response.)
THE CHAIRMAN: All right. Hearing none, we will hereby close the public comment portion of the meeting.
And Mr. Joseph, if you'd like to come back forward. And you can make a closing summary or present additional information, based on what you've heard.
MR. JOSEPH: Yes, sir. More of a closing statement.
As I'm hearing the opposition come up here, it kind of jobs my memory with respect to

Page 65

any code enforcement issues. We have not had any.

We had a DEP site inspection, an unannounced site inspection. After producing everything that they required, we were found to have no violations.

I guess what I'm trying to do is point out the fact that we're a good neighbor. And we're going to continue to be a good neighbor as time progresses.

It's not a new use. I know that in the criteria it says, hey, if it's a new commercial use. This is existing. So I think that should have some weight on the decision to be -- that's made today.

And absolutely the repo's an issue. And that would certainly make my level of paranoia go a little bit deeper as well if I lived in this area as well. So I do understand that, which is not affiliated with us in any shape or form.

And we've eliminated any real undesirable uses by asking for the NA, no alcohol, no bars, adult entertainment, and all those things. And we did that consciously. Intentionally we did

Page 66

that, to ease some of that burden of those type of uses being allowed that are allowed in that heavy commercial and light industrial.

With that being said, again, I just really feel privileged to be up here to be able to present my case to you guys today.

Thank you for your attention and taking your time out to do this. I genuinely appreciate it. Thank you.

THE CHAIRMAN: Thank you, sir.

Mr. Neville, did you wish to come testify?

MR. NEVILLE: Yes.

THE CHAIRMAN: All right, sir.

If you'll please come forward and be sworn in, and then state your name and address for the record.

PATRICK NEVILLE, upon being duly sworn, was examined and testified as follows:

MR. NEVILLE: My name is Patrick Neville. I am the owner of Emerald Coast Striping, partner in it, and also the owner and partner of Emerald Coast Property Investments, which owns the property.

Page 67

Emerald Coast Striping started in 2006 in Panama City, Florida. Our purpose of purchasing Coastline Striping in 2015 was to expand into the Pensacola area, up until which time we were sending crews over, staying overnight.

We've also expanded into Tallahassee and soon to be Central Florida.

Our purpose with the property -- and I do appreciate your concerns -- is not to expand. Our purpose is to make sure we properly permit, whether we need drainage or electricity or whatever it may be.

And that permitting process requires us to go through this process that we're doing today. To be a good neighbor, to be a good business person within the community, we want to follow all the city requirements. And that's why we're going through this process. Not for expansion. Not to improve the property, add buildings, et cetera, but to improve the property in a way that's conducive to the community.

I do take your concerns very seriously. And if you look at the front of our building, we've taken all the equipment. And it's behind it. You can't see it from the road. We

Page 68

purposely have done that.

And we will continue to be a good neighbor in the future, with your help.

I appreciate the opportunity to speak to you-all. And I do take your concerns very seriously. Thank you very much.

THE CHAIRMAN: Thank you, sir.

Any questions for Mr. Neville?

(No response.)

THE CHAIRMAN: I have a question.

Horace, if you'll come back up here.

Okay. We've just heard the testimony of the owner and what his intent is.

What avenue does he have to do what he's saying without having to go through this rezoning? Because it sounds like everything that he intends to do is would be positive for the property.

However, he's required to ask for this increased zoning to become compliant, I guess, or conforming. What opportunity would he have outside of that?

MR. JONES: There's always a possibility where he could . . . let's have a site plan review process.

The outside storage is going to be an issue because the zoning does not allow for that.

Now, there's a possibility if you want to put a bigger building, conditional-use approval, to get the size -- to put everything on the inside of a building, and -- because the use is already there. Put everything on the inside of a building. That's a possibility.

But we would have to really look at that. It's -- yes, I believe everything that he's saying. But when you start with that high -- heavy commercial, light industrial zoning, those are the things that . . . because you can decide to sell. And then the neighborhood is stuck with something that may have an adverse impact because of the potential zoning.

But if you want to basically take a look at it and see, and we can work with him within the parameters of what he already has with the existing uses, that's something that we would have to get with him and discuss. But the upzoning is yet problematic.

THE CHAIRMAN: Thank you, sir.

MR. PYLE: I was going to ask Horace as

well as our attorney -- not failure to mention this -- but, you know, if I'm the owner, I hear you say this would never be approved in this category today.

I would be a little uneasy, as a property owner, like, well, gee whiz. What's to stop them from coming out and booting me from the property and saying you cannot operate here? And I know that's not --

MR. JONES: No, you can't do that.

MR. PYLE: -- the historical norm for the county, especially since we've gone through a change in our code.

What -- and I guess for the owner's comfort level, what has been our -- historically as we have upzoned or -- you know, we've had a lot of nonconforming businesses, a great deal of them. A lot of them in my district, I know in my area, all over the place.

What's the comfort level for the owner that they're not going to have the rug pulled out -- like, they're holding onto this property that, eh, you shouldn't feel too comfortable about it because who knows what they're going to do?

MR. JONES: I can tell you right now, from my -- from my previous experience, with existing businesses that are what we classify as legal nonconforming, they're still there.

There is a substantial amount of case law that protects legal, nonconforming businesses.

I had to go -- I had to -- I had to deal with that a few years ago about a particular business. And the business is still there because of the case law.

Now, they couldn't start doing a whole bunch of expansion, but the business is still there. I'm not going to call the name of the business, but they're still there because they met the rules of case law.

So staff is constantly working with attorneys about these nonconforming businesses. And they do know they can stay there, as long as they abide by the rules.

You can't just go and take their property. That's a violation of even Constitutional rights.

THE CHAIRMAN: And, Horace, when it's a -- in this case, a legal, nonconforming use at this point . . . a lot of folks are familiar with the

term "grandfathered in." That's kind of a general term for it.

MR. JONES: Right.

THE CHAIRMAN: But in a case where, you know, the individual wants to continue to operate the business, they want to be a good neighbor, it's because they would be being granted additional rights on the property if you were to allow for the outdoor storage. And that's where the issue comes in.

Because by the county taking some action to approve screening or additional landscaping or something that we see in some of the commercial zoning districts, we'd be granting additional rights to the property; is that correct?

MR. JONES: That . . . and another thing. There are certain types of improvements that can be done. There are certain types of improvements that can be done on that property.

And I would have to look at those. Screening and buffering . . . basically I will have to look at that. That may not be that much of a minimum -- of a maximum impact.

But there are certain types of

Page 73

improvements that can be done in the area of nonconforming. Screening, protection, preventing adverse impacts. There is -- there is some latitude there. Clearly. There is some latitude with protecting the adjoining uses with screening and buffering, improving stormwater issues. That's not -- there are some things that we could look at that as well.

THE CHAIRMAN: So you mentioned in this case that one of the big issues was the outdoor storage; is that correct?

MR. JONES: Yes, sir. Yes, sir. And there is some -- there is some discretion that we could -- we could do with that.

Everything's got to be -- everything's got to be within a building. And we can look at those things like that, but we have to -- we would have to work and see what the code says.

THE CHAIRMAN: I guess what I'm getting at is, if there was -- if it's a legal, nonconforming use right now and they already have outdoor storage there, are they not grandfathered in under the legal, nonconforming use that --

MR. JONES: That's a very good question

Page 74

Mr. Briske.

We would look at the length of time they've been there. We would ask them to help us make their burden of proof.

And if they can show where they, since they started -- now, whether they -- hopefully, they've got the proper permits. That's another thing.

Now, legal, nonconforming means that basically you've got some permits to be able to be doing what you're doing. But things change.

THE CHAIRMAN: Right.

MR. JONES: So -- so, if their burden of proof is that they can prove that they've been there, with trucks and trucks and outside storage, and . . . that's favorable. It's their burden of proof, that we can look at that. Clearly. Which we -- we have done that in previous cases just this year.

THE CHAIRMAN: Okay.

MR. INGWELL: Can the staff attorney weigh in?

MR. WEST: Yes. Generally, if the property --

THE CHAIRMAN: Steve, if you would just

Page 75

say your name --

MR. WEST: Oh.

THE CHAIRMAN: -- for the record. Position, please. Thank you.

MR. WEST: Steve West, County Attorney's Office.

Generally, if the property has on it a legal nonconforming use, that it can continue to remain. It just can't be expanded or be made more intense with that use.

So if they can stay within those parameters, you know, they can continue to operate, but they can't expand or make the business more intense.

It's really not this board's role to solve their problem. They need to get with staff and -- and, you know, discuss, you know, proposals on what they can and can't do within the county zoning.

Staff will advise them whether they need a rezoning, upzoning, or there's some other mechanism that can be used to accomplish their objectives.

MR. JONES: Absolutely.

THE CHAIRMAN: And I follow that train of

Page 76

thought.

And I guess my next follow-up question is, it was suggested that they could potentially have indoor storage to solve the problem.

Would adding an additional building not increase the current use on it? So would they be prohibited from doing that?

MR. WEST: Again, it's just going to have to be something that the staff will have to consider once they have a proposal.

They really need to get with a qualified planner who -- you know, probably out in the private sector, who can help them work through that and bring something back to staff.

THE CHAIRMAN: Okay. Thank you, sir.

MR. PYLE: Chair, if I may ask, I concur with the attorney that it's not our job to solve the problem of the owner, but I also think if that were the case, then they shouldn't be here because they're under the impression, apparently, that they have to be here in order to be compliant.

I would ask if we could pull this to -- pull this -- just pull it and let the owner talk with staff to try to come to terms.

And the reason I would say pull it, it's not that I have any problem. We can -- we can put it to a vote now. And I think I know which way it may go, but in order to protect the owner, pull it.

And then he can decide at a later point, if they can't come to terms, that he needs to bring it up again before the board to be voted on yea or nay.

And I do that so that he's not in jeopardy of spending the money to go through the process again if we -- if we pull the trigger on this.

It seems like -- I concur -- if there's some communication indication between staff and the owner, or we're not getting the whole story. And, again, it's not our -- it's not our role to judge that.

I'm just wondering if we can pull it, a, if the owner wishes to, then the reboot; or if they want to call for a vote, we can do that as well.

MR. JONES: And if I may -- and -- and this is the thing. When they come in to us, we can only advise, but we can't -- we can't make them do that.

If they -- if they say they want a rezoning, I have to take it in and to apply. I've got do.

But, Mr. Pyle, I hear what you're saying, and I'd be glad to do that with them, if -- if -- if they decide to.

THE CHAIRMAN: And, Mr. West, correct me if I'm wrong, but that's driven by the applicant's wishes. If they wish for us to proceed, then we will make a vote, a recommendation. If they wish to withdraw or postpone, they have that opportunity as well.

MR. WEST: That's correct.

THE CHAIRMAN: Okay. Gentlemen, you've heard all of this. I think what Mr. Pyle was doing was trying to give you an opportunity to maybe discuss more with staff some options to do this, because at this point four of the five criteria presented by staff are not compliant.

And so we would have to offer alternative options for those, which a Board member may be ready to do. I don't know what they're thinking, but we just wanted to give that opportunity to you before we go to a vote?

MR. JOSEPH: I clearly understand the

position.

And my understanding is, I'd have to go to the Board of Adjustments and get a conditional use to go to a 35 -- or 35,000-square-foot building. That would be what? $75,000 or 100,000 or something for us?

MR. JONES: No, sir.

MR. JOSEPH: Well, you know the cost of a structure for us to put our materials in? I'm just saying, you're thrusting us into an economic down-spiral.

THE CHAIRMAN: No, sir. We're not -- we're not putting you in a --

MR. JOSEPH: What I -- I don't mean to -- I don't mean to say it that way, but, you know, I just . . . I mean, it seems like this is your opportunity to straighten this out.

And if we -- if we table it -- and I respect that, because we could get -- I already know that we have to go to the Board of Adjustment.

I already know that -- you know, those square footages. And I know that -- those things. And if we don't get the rezoning, and we were to go through those, we still don't have

the ability to pull an irrigation permit, a fencing permit, an electrical permit to keep the safety of our men in those daylight hours that the sun's not up yet. You know, it eliminates that possibility for us.

And with that being said, I just think I would call for the vote today. I just . . .

THE CHAIRMAN: Yes, sir. Yes, sir. We just wanted to give that option to you.

MR. JOSEPH: I understand. Thank you.

THE CHAIRMAN: Okay. Board members, any other questions of staff or the applicant?

(No response.)

THE CHAIRMAN: If you're making a motion, either you're going to accept the staff's findings and rely on the criteria they have presented.

If you are making a motion to recommend approval, you would need to present alternate findings for B, C, D and E, as the staff's findings do not show they're consistent.

So Chair will open for motions.

MR. INGWELL: I'd like to make a comment on criterion D, the spot zoning.

I think it could be argued that it --

potentially it is contiguous, what they have between them and the property to the . . . to the east is -- it looks like a retention pond, which is essentially a buffer.

I know it's the entire property and it's owned by the county, but I would -- I would argue that the spot zoning . . . it could be argued that it's not spot zoning. So I just wanted to get that on the record.

THE CHAIRMAN: Okay. And I think when the staff writes the findings, it's the true meaning of the word.

MR. JONES: Yes, sir.

And that's not the definition. The code is the code. We offer our intent. We know what we'd like it to say, but we don't have that choice. It does not meet the definition of contiguous, per the Land Development Code. And this is what we've got to go by.

THE CHAIRMAN: Understand. Good point.

Okay. Board members, any other comments? Questions?

Chair will entertain a motion on 2020-05.

MR. INGWELL: I want to make a motion recommending denial, based on criteria B, C and

E.

THE CHAIRMAN: Okay. Accepting the staff's findings of fact in those areas, and replacing D, that you feel like it potentially is not spot zoning; is that correct?

MR. INGWELL: That is correct.

THE CHAIRMAN: All right. Make sure we have it on the record.

All right. Motion on the floor to deny, based on the staff's findings in three of the criteria.

Do we have a second?

MR. PYLE: I second.

THE CHAIRMAN: Second.

Any further discussion?

(No response.)

THE CHAIRMAN: All those in favor for denial, say "aye."

(Chorus of "ayes.")

THE CHAIRMAN: Opposed?

(No response.)

THE CHAIRMAN: All right. So it's unanimous, recommendation for denial of the rezoning request to the Board of County Commissioners.

You do have an opportunity to present your case to the Board of County Commissioners, sir. And they can change the decision of the Planning Board if they see fit. That's their right.

And then if it doesn't go your way there, you would have the opportunity to go to a court of competent jurisdiction for an appeal after that, if you decide to go to that point.

So your next step would be the County Commissioners, so . . . All right. Good luck to you, gentlemen.

(Hearing concluded at 10:00 a.m.)

CERTIFICATE OF REPORTER

Planning Board-Rezoning **7. A.**

Meeting Date: 07/06/2020
CASE : Z-2020-05
APPLICANT: William Joseph, Agent for Patrick Neville, Owner
ADDRESS: 8838 & 8840 Fowler Ave
PROPERTY REF. NO.: 10-1S-30-1101-081-001
FUTURE LAND USE: MU-U, Mixed Use Urban
DISTRICT: 3
OVERLAY DISTRICT: N/A
BCC MEETING DATE: 08/06/2020

SUBMISSION DATA:
REQUESTED REZONING:

FROM: HDMU, High Density Mixed Use district (25 du/acre)

TO: HC/LI-NA, Heavy Commercial Light Industrial district, prohibiting the subsequent establishment of any microbreweries, microdistilleries, microbreweries, bars, nightclubs, or adult entertainment uses (25 du/acre)

RELEVANT AUTHORITY:

(1) Escambia County Comprehensive Plan
(2) Escambia County Land Development Code
(3) Board of County Commissioners of Brevard County v. Snyder, 627 So. 2d 469 (Fla. 1993)
(4) Resolution 96-34 (Quasi-judicial Proceedings)
(5) Resolution 96-13 (Ex-parte Communications)

APPROVAL CONDITIONS

Criterion a., LDC Sec. 2-7.2(b)(4)
Consistent with Comprehensive Plan The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.
CPP FLU 1.3.1 Future Land Use Categories. The MU-U category is ntended for

an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole. Range of Allowable Uses:Residential, retail and services, professional office, light industrial, recreational facilities, public and civic, limited agriculture.

CPP FLU 1.5.1 New Development and Redevelopment in Built Areas. To promote the efficient use of existing public roads, utilities, and service infrastructure, the County will encourage the redevelopment in under utilized properties to maximize development densities and intensities located in the MU-S,MU-U, Commercial, and Industrial Future Land Use categories (with the exception of residential development).

FINDINGS

The proposed amendment to Heavy Commercial/ Light Industrial **is consistent** with the intent and purpose of Future Land Use category MU-U, as stated in CPP FLU 1.3.1. Based on the applicants history of the parcel since 2004, it was previously used as an operational pavement striping business, a listed use under the light industrial services of the MU-U FLU category. Redevelopment of this property will promote the efficient use of utilities and infrastructure and redevelopment of an under-utilized property making the proposed use compatible with the intent of CPP FLU 1.5.1.

Criterion b., LDC Sec. 2-7.2(b)(4)

Consistent with The Land Development Code

The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

(e) Location criteria. All new non-residential uses proposed within the HC/LI district that are not part of a planned unit development or not identified as exempt by district regulations shall be on parcels that satisfy at least one of the following location criteria:

(1) Proximity to intersection. Along an arterial street and within one-quarter mile of its intersection with an arterial street.

(2) Site design. Along an arterial street, no more than one-half mile from its intersection with an arterial street, and all of the following site design conditions:

a. Not abutting a RR, LDR or MDR zoning district

b. Any intrusion into a recorded residential subdivision is limited to a corner lot

c. A system of service roads or shared access is provided to the maximum extent feasible given the lot area, lot shape, ownership patterns, and site and street characteristics.

d. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

e. Location in an area where already established non-residential uses are otherwise consistent with the HC/LI, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding

parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.
(3) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria, and the proposed use will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:
a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.
b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

FINDINGS

The proposed amendment **is not** consistent with the intent and purpose of the Land Development Code. All new non-residential uses proposed within the Heavy Commercial/Light Industrial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy the location criteria requirements. Fowler Ave is local street which does not meet the location criteria within the Heavy Commercial/Light Industrial district. If the rezoning is approved, it would encourage non-residential uses and more intense uses than allowed in the commercial district. (Please see additional comments and review from Transportation & Traffic Operations(TTO). The applicant did not provide a compatibility analysis for review.

Criterion c., LDC Sec. 2-7.2(b)(4)

Compatible with surrounding uses

All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

FINDINGS

The proposed amendment **is not compatible** with surrounding existing uses in the area. Adjacent parcels are zoned high density mixed use residential. Within the 500 foot radius, there are properties with zoning districts Medium-Density Residential, High Density Mixed Use and Conservation. A car towing business across Fowler Ave to the west, one vacant residential parcel, three single-family residences, two parcels with multi-family/ apartments, zoned high density mixed use. The applicant did not provide a compatibility analysis for review.

Criterion d., LDC Sec. 2-7.2(b)(4)

Appropriate if spot zoning. Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

FINDINGS

The proposed zoning **will create spot zoning**, based on the LDC definition in Chapter 6, as the requested Heavy Commercial/Light Industrial zoning is different from the zoning of all contiguous land. Site visit reveals the parcel's location about midway between Detroit and Nine Mile Rd, with the northern portion of Fowler near Nine Mile and the southernly portion near Detroit being more commercially developed towards both major intersection. The proposed zoning request would not create a logical zoning transition between the High Density Mixed Use districts and other existing zoning districts in the adjacent area.

Criterion e., LDC Sec. 2-7.2(b)(4)

Appropriate with changed or changing conditions.

If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

FINDINGS

The land uses or development conditions within the area surrounding the property of rezoning **have or have** not changed. Based on the applicant, the current commercial uses have existed since 2004. The site is located midway between Detroit Ave and Nine Mile Rd in an area that is currently developed. Allowing a commercial zoning for the property would contribute to commercial development sprawl. The applicant did not provide a compatibility analysis for review.

Rezoning Application

FOR OFFICE USE ONLY – Case Number Z-2020-05 Accepted by: JC PB Meeting TBD

1. **Contact Information:**

   A. **Property Owner/Applicant:** Patrick Neville

   Mailing Address: 1901 North East Avenue Panama City, FL 32405

   Business Phone: (850) 215-4875 Cell: (850) 8114-0620

   Email: pneville@ecstriping.com

   B. **Authorized Agent (if Applicable):** William Joseph

   Mailing Address: 2791 Glen Eden Drive Pensacola, FL 32514

   Business Phone: (850) 477-4484 Cell: (850) 450-1978

   Email: wjoseph@ecstriping.com

   Note: *Owner must complete the attached Agent Affidavit. If there is more tan one owner, each owner must complete an Agent Affidavit. Application will be voided if changes to this application are found.*

2. **Property Information:**

   A. Existing Street Address: 8838 & 8840 Fowler Avenue Pensacola, FL 32534
   Parcel ID (s): 10-1S-30 1101-081-001

   B. Total acreage of the subject property: 2.4

   C. Existing Zoning: HDMU

   Proposed Zoning: HC/LI-NA ; explain why necessary and/or appropriate

   In 2004 Coastline Striping Inc. was established and began operating as a pavement striping company on the subject parcel. A 2009 buyout changed the property ownership to Emerald Coast Striping and likewise occupied the property as a pavement marking company. Another buyout in 2017 changed the property occupant to Ozark Striping Company for 15 months. As of January 1, 2020, Emerald Coast Stripping is the occupant and owner of subject parcel. With this 16-year history the property use has always been compatible with adjacent

uses as so well described in **Sec. 3-1.6 Compatibility** "we have always been able to" **(a) General**. "maintain the necessary balance between the need and interest of different land uses, allowing neighboring uses to coexist successfully in a stable fashion over time, protecting the investments in each". Furthermore the property meets and exceeds the **3-2.11 (e.) Location criteria (2) Site Design a.** Separated from MDR by a 66' right of way, **b.** no intrusion into a recorded reidental subdivision **c.** road frontage access consist of dual drive with fencing well behind the right of way providing the maximum extent feasible given the lot area **d.** The 2.4 acer lot size offers the ability to manage more intensive elements of the use in a way to create the least impact as possible to our adjacent uses. **e.** this area has established non-residential uses consistent with he HC/LI-NA zoning classification as described below. Emerald Coast Striping's owner sees this as an opportunity to resolve any conflict with zoning and move onto complete compliance with all Federal, State, and County regulations as it pertains to property development. This compliance will include but not be limited to achieving concurrency with Escambia County's development plan, storm water compliance, building compliance, etc. The resolution to these issues will promote a much more compatible use in that permits may be issued for the property. Allowing for enclosing existing pole barns, irrigation, lighting, etc. This rezoning will trigger the above referenced chain of events. The proximity to HC/LI zoning (225' east, 940' south, 1,058 north) combined with the fact the property is currently zoned allowing a much more intensive use than Emerald Coast Striping's activities on the property **(Sec. 3-2.9 High Density Mixed-use (HDMU) (b) Permitted Uses (2) Retail sales** "gross floor area no greater than 35,000 sq. ft.). With only 6,835 sq. ft. of buildings on subject property with no expectations of further developing.

FLU Category: MU/Urban

D. Is the subject Property developed (if Yes, explain): The property has a total of 6,835 sq. ft. of structures. A double wide manufacture office, two pole barns (with one being closed in on three sides), and a utility shed. When we are successful with this rezoning request, we are prepared to submit a commercial package to Escambia County Development Review Committee to correct any compliance issues that may be outstanding. This rezoning is a big part of bringing this property into compliance. There are no plans to increase the use intensity or develop the property further.

E. Sanitary Sewer _____ Septic ___x___

3. Amendment Request

Approval condition. The applicant has the burden of presenting competent substantial evidence to the reviewing board establishing that the requested zoning district would contribute to or result in a logical and orderly development pattern. The appropriate surrounding area within which uses and conditions must be considered may vary with Those uses and conditions and is not necessarily the same area required for mailed notification. A logical and orderly pattern shall require demonstration of each of the following conditions:

Please address ALL the following approval conditions for your rezoning request. (use supplemental sheets as needed)

a. **Consistent with Comprehensive Plan.** The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.
According to Section 3-1.3 (i) "Zoning and Future Land Use" "Table of General Distribution and Extent of Use" chart the Future Land Use category of Mixed Use-Urban (MU-U) allows the for current zoning of HDMU and requested zonings of HC/LI-NA. The FLU classification specifically restricts the proposed zoning of HC/LI to a maximum dwelling units per acre of 25.

b. **Consistent with zoning district Provisions:** The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3
The primary intent of the district HC/LI is to allow light manufacturing, large-scale wholesale and retail uses, **major services**, and other **more intense uses** than allowed in the Commercial district. This classification being limited by the compatibility with surrounding uses is reflected in Attachment "A" use map reflecting uses regardless of zoning classification. With actual zoning classifications for the roadway reflected on Attachment "B". Subject parcel roadway is approximately 5,226' long running south off Nine Mile Road to Detroit Blvd. The majority (4,326') of the west side of the roadway is zoned MDR separated by a 66' Right of Way. The east side of the road way has (2,760') Heavy Commercial and Light Industrial (HC/LI) and the remaining 2,466' has a High Density Mixed-use (HDMU) zoning designation making the entire east side of roadway having a commercial zoning classification and Mixed Use Future Land Use Classification. The property use is consistent with proposed zoning. The proposed zoning use definition in Section 3-2.11 **Heavy Commercial and Light Industrial HC/LI (8) Other Uses b.** Building or **construction trades shop** and warehouse, including on-site outside storage. This property is within 940' of HC/LI zoning to the south, 1,058' from HC/LI to the north, 225' from HC/LI to the east and separated by a 50' County right of way from MDR to the west. The parcel complies with **Sec. 3-2.11 Heavy Commercial and Light Industrial (HC/LI-NA) (e) Locational Criteria (2) Site Distance** Subject parcel is 2,328', 312' less than the required half mile, from a signalized intersection of an arterial street (Nine Mile Road).

c. **Compatible with surroundings.** All the permitted uses of the proposed zoning, not just anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the

compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.
The Fowler Street corridor consist of a mixed use of residential and commercial zonings and uses (as depicted on Attachment "A" Property Use Map & "B" Zoning Classifications Map). The corridor between Nine Mile Road and Detroit Blvd. on the east side of Fowler Avenue consist of HDMU & HC/LI zoning combined with the Future Land Use Classification of Mixed Use/Urban allowing for commercial uses. Lots along Fowler Avenue are large which aids in being compatible with surroundings by strategically performing activities away from adjacent uses that otherwise may be impactful. With an approval for this requested zoning would only aid further in keeping the surroundings compatible by allowing for improvements that would further mitigate any impacts to an adjacent use. A permit application will be submitted to the Escambia County Development review Committee when all aspects of compatibility will be investigated by County Staff. Some of the measures may be more stringent than typical requirements.

d. **Appropriate if spot zoning.** Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining district, or the difference with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site-specific balancing of interest between the isolated district and adjoining lands.

As per LDC Chapter , Spot Zoning is: Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, will contribute to or result in logical and orderly development.

The property is currently zoned HDMU like 47% of the east side of roadway with the other 53% having a HC/LI zoning. The adjacent property to the east is currently zoned HC/LI only being separated by an Escambia County retention pond of 200' in width (designated in light blue on both Attachment "A the Use map and Attachment "B" zoning Classification map). It obviously shows an intent is to develop the east side of Fowler Ave. commercially and the west side residentially. The zoning even creates a corridor on either intersecting roadways on the north and south end (Detroit Blvd. to the south and Nine Mile Road to the north) by caring a HC/LI zoning down both side one lot deep. Again, obviously creating a corridor for commercial development as reflected on Attachment "A".

e. **Appropriate with changes or changing condition**
The area is expanding rapidly due to the influx of Navy Federal personnel coming to the area combine with the up grade to Nine Mile Road into a four-lane roadway. All properties for sale on the roadway are being marketed as commercial. The subject parcel is **not creating a new use** just merely bringing an

existing use, since 2004, into compliance. This will pave the way to submit to the Escambia County Development Review Committee to achieve compliance with all other Federal, State, and County regulations. Also considering the dimensions referenced above in **b. Consistent with zoning provisions.** The property is 2.4 acres providing the ability for additional mitigation steps insuring the use remains compatible with adjacent uses. Currently residential to the north, that the previous owner developed and remains owner of one of the two residential structures. To the south vacant property with an "accessory" structure.

4. **Please complete the following Forms: Concurrency Determination Acknowledgement and Affidavit of Owner/Limited Power of Attorney (if applicable).**

CONCURRENCY DETERMINATION ACKNOWLEDGMENT

Property Reference Number(s): 10-1S-30 1101-081-001

Property Address: 8838 Fowler Avenue Pensacola, FL 32534

I/We acknowledge and agree that no future development for which concurrency of required facilities and services must be certified shall be approved for the subject parcel(s) without the issuance of a certificate of concurrency for the development based on the actual densities and intensities proposed in the future development's permit application.

I/We also acknowledge and agree that approval of a zoning district amendment (rezoning) or Future Land Use Map amendment does not certify, vest, or otherwise guarantee that concurrency of required facilities and services is, or will be, available for any future development of the subject parcels.

I/We further acknowledge and agree that no development for which concurrency must be certified shall be approved unless at least one of the following minimum conditions of the Comprehensive Plan will be met for each facility and service of the County's concurrency management system prior to development approval:

a. The necessary facilities or services are in place at the time a development permit is issued.

b. A development permit is issued subject to the condition that the necessary facilities and services will be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

c. For parks and recreation facilities and roads, the necessary facilities are under construction at the time the development permit is issued.

d. For parks and recreation facilities, the necessary facilities are the subject of a binding executed contract for the construction of the facilities at the time the development permit is issued and the agreement requires that facility construction must commence within one year of the issuance of the development permit.

e. The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.3220, F.S., or as amended, or an agreement or development order issued pursuant to Chapter 380, F.S., or as amended. For wastewater, solid waste, potable water, and stormwater facilities, any such agreement will guarantee the necessary facilities and services to be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

f. For roads, the necessary facilities needed to serve the development are included in the first three years of the applicable Five-Year Florida Department of Transportation (FDOT) Work Program or are in place or under actual construction no more than three years after the issuance of a County development order or permit.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 11th DAY OF April, YEAR OF 2020

Signature of Property Owner	Patrick Neville Printed Name of Property Owner	4/11/2020 Date
Signature of Property Owner	Printed Name of Property Owner	Date

AFFIDAVIT OF OWNER AND LIMITED POWER OF ATTORNEY

(if applicable)

As owner of the property located at 8838 Fowler Avenue Pensacola, FL 32534 _____, Florida, property reference number(s) 10-1S-30 1101-081-001 _____ I hereby designate William Joseph _____ for the sole purpose of completing this application and making a presentation to the Planning Board and the Board of County Commissioners to request a rezoning on the above referenced property. This Limited Power of Attorney is granted on this 11th day of April the year of, 2020, and is effective until the Board of County Commissioners or the Board of Adjustment has rendered a decision on this request and any appeal period has expired. The owner reserves the right to rescind this Limited Power of Attorney at any time with a written, notarized notice to the Development Services Bureau.

5. **Submittal Requirements**

A. X Completed application: All applicable areas of the application shall be filled in and submitted to the Planning and Zoning Department, 3363 West Park Place, Pensacola, FL 32505.

B. X Application Fees: To view fees visit the website: http://myescambia.com/business/ds/planning-board or contact us at 595-3547

Note: Application fees include a $5 technical fee. Cost of the public notice mailing is to be borne by the applicant. Payments must be submitted prior to 3 pm of the closing date of acceptance of application. Please make checks payable to Escambia County. MasterCard and Visa are also accepted (a 3% fee will be added for credit card payments).

C. X Legal Proof of Ownership (ex: copy of Tax Notice or Warranty Deed) **AND** a Certified Boundary Survey (Include Corporation/LLC documentation if applicable.)

D. X Compatibility Analysis (if applicable): If the subject property does not meet the roadway requirements of Locational Criteria, a compatibility analysis prepared by the applicant is required to provide substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria. (See "Documented Compatibility" within the request zoning district of the LDC.)

E. X Signed and Notarized Affidavit of Owner/Limited Power of Attorney AND Concurrency Determination Acknowledgement (pages 4 and 5).

By my signature, I hereby certify that:

1) I am duly qualified as owner(s) or authorized agent to make such application, this application is of my own choosing, and staff has explained all procedures relating to this request; and

2) All information given is accurate to the best of my knowledge and belief, and I understand that deliberate misrepresentation of such information will be grounds for denial or reversal of this application and/or revocation of any approval based upon this application; and

3) I understand that there are no guarantees as to the outcome of this request, and that the application fee is non-refundable; and

4) *I authorize County staff to enter upon the property referenced herein at any reasonable time for purposes* of site inspection and authorize placement of a public notice sign(s) on the property referenced herein at a location(s) to be determined by County staff; and

5) I am aware that Public Hearing notices (legal ad and/or postcards) for the request shall be provided by the Development Services Bureau.

LEGAL DESCRIPTION:

(PREPARED BY UNDERSIGNED AT CLIENTS REQUEST)

The North Half of the South Half of the Southwest Quarter of the Southeast Quarter of the Northeast Quarter of Section 10, township 1 South, Range 30 West, Escambia County, Florida, less one-half of the right-of-way for 30 foot road way on Quarter Section lines. being Lot 8 of Block 1 of a subdivision of Section 10, according to the Plat recorded in Deed Book 89, Page 369, of the Public Records of Escambia County, Florida.

PARENT PARCEL

LEGAL DESCRIPTION: (O.R. BOOK 7471, PAGE 1315)

The North Half of the South Half of the Southwest Quarter of the Southeast Quarter of the Northeast Quarter of Section 10, Township 1 South, Range 30 West, Escambia County, Florida, less one-half of the right-of-way for 30 foot road way on Quarter Section lines and less the East 330.00 feet, being Lot 8 of Block 1 of a subdivision of Section 10, according to the Plat recorded in Deed Book 89, Page 369, of the Public Records of Escambia County, Florida.

SURVEYOR'S REPORT:

1. ELEVATION FOR TEMPORARY BENCHMARKS AND TOPOGRAPHIC SURVEY REFERENCED TO A TEMPORARY BENCHMARK, BEING AN "X" CUT IN THE NORTH BONNET BOLT OF THE FIRE HYDRANT LOCATED AT THE SOUTHEAST CORNER OF THE INTERSECTION OF FOWLER AVENUE AND HAWKINS STREET. ELEVATION: 110.60' NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD 88)

2. BENCHMARKS(B.M.):
   A. T.B.M. 174/24B IS A SET COTTON SPINDLE IN THE WEST FACE OF A POWER POLE LOCATED APPROXIMATELY 5 FEET WEST OF NORTHWEST PROPERTY CORNER OF SUBJECT PARCEL.
   ELEVATION: 104.73' (NAVD 88)
   B. T.B.M. 174/24C IS A COTTON SPINDLE IN THE NORTH FACE OF A POWER POLE LOCATED APPROXIMATELY 5 FEET WEST AND 12 FEET NORTH OF SOUTHWEST PROPERTY CORNER OF SUBJECT PARCEL.
   ELEVATION: 103.53' (NAVD '88)

3. THE UNDERGROUND UTILITIES SHOWN HAVE BEEN LOCATED FROM FIELD SURVEY INFORMATION AND EXISTING DRAWINGS. THE SURVEYOR HAS NOT PHYSICALLY LOCATED THE UNDERGROUND UTILITIES. THE SURVEYOR DOES NOT CERTIFY THAT THE UNDERGROUND UTILITIES SHOWN ARE IN THE EXACT LOCATION AS INDICATED, OR THE UNDERGROUND UTILITIES COMPRISE ALL SUCH UTILITIES.

4. THIS SURVEY DOES NOT REFLECT OR DETERMINE OWNERSHIP.

5. TO ASSURE THE CONTRACTOR IS ON THE SAME VERTICAL AND HORIZONTAL DATUM AS THIS SURVEY, IT IS STRONGLY RECOMMENDED THAT VERTICAL CHECKS BE MADE BETWEEN TWO BENCH MARKS AND THAT HORIZONTAL CHECKS BE MADE BETWEEN THREE CONTROL POINTS OR PROPERTY CORNERS.

6. CALL SUNSHINE ONE UTILITY LOCATERS AT (800) 432-4770 BEFORE DIGGING.

7. THERE IS A WATER METER 3.2' WEST OF THE SOUTHWEST PROPERTY CORNER.

THE UNDERSIGNED CLIENT(S) ACKNOWLEDGE RECEIPT AND ACCEPTANCE OF THIS SURVEY:

CHRIS FOREHAND

THE PURPOSE OF THIS SURVEY IS FOR TITLE TRANSACTION AND ITS ACCOMPANYING MORTGAGE. THIS MAP IS CERTIFIED AS MEETING THE FLORIDA STANDARDS OF PRACTICE TO THE FOLLOWING AND IS FOR THE BENEFIT OF ONLY THE FOLLOWING LISTED CLIENT(S), AGENT(S) AND COMPANIES:

BOARD OF COUNTY COMMISSIONERS
ESCAMBIA COUNTY, FLORIDA

INTEROFFICE MEMORANDUM

TO: **Andrew Holmer, Division Manager**
Development Services Department

FROM: **Terri V. Malone, AICP, Transportation Planner**
Transportation & Traffic Operations Division

DATE: **June 23, 2020**

RE: **Transportation & Traffic Operations (TTO) Comments – Z-2020-5**

TTO Staff has reviewed the Rezoning Case Z-2020-5 8838 Fowler Avenue (HDMU to LI-NA), agenda item for the Planning Board meeting scheduled for July 2, 2020. Please see the below comments.

Fowler Avenue is a 2-lane roadway without paved shoulders. Near the parcel in question, the traveling roadway width varies from 21 to 22 feet. The right-of-way width is 50 feet.

Fowler Avenue is a classified as a local road and is not included in the Florida-Alabama TPO's Congestion Management Process Plan. According to the Land Development Code and for locational purposes only, the County Engineer may designate a local roadway as a collector if all five criteria are met. Fowler Avenue was not designated as a collector street because all five criteria were not met. The five criteria are listed below.

1. *Twenty-two-foot width of pavement (two lanes) or more**. (The measured width directly in front of the applicant's address, 8838 Fowler Avenue was 22 feet. However, the roadway width was measured at 21 feet less than 350 feet on either side of the driveway. Therefore, the roadway width criterion is not met)***
2. *Posted speed limit of 35 mph or more. **(35MPH posted)***
3. *Signalized intersection on the segment or at its termini**. (signal at the Nine Mile intersection)***
4. *Connection to a collector or arterial street. **(Nine Mile to the north – Arterial and Detroit to the south – Collector)***
5. *Average annual daily traffic at least 1,500 vehicles. **(24-hour traffic counts were per formed on 5/19/2020 and 5/20/2020 and resulted in daily traffic counts of 2,992 and 2,672, respectively.)***

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

Staff-1 Transportation and Traffic Division interoffice memo....131

PROCEEDINGS

THE CHAIRMAN: All right. I'm going to hereby call back to order the quasi-judicial hearing for July 6, 2020.

We're going to move into our next case. Obviously, most of you are here to speak on this case. We have well over 50 speakers for the case. We're going to try to be as expeditious as we can.

We do ask you to please keep in mind there are certain criteria that we have to consider. You have to address one of those -- if we could bring them up, Kayla -- these criteria.

If you start talking about traffic, stormwater, those are important issues to you, but they are not what is handled by this Board. Those are done through the Development Review process, which would be a subsequent process if it makes it through this rezoning request. Okay?

So we're not saying they're not valid concerns. It's just something that we can't vote on. We can only vote on these items that are on the Board. Okay?

So that will help us stay concise if you keep your comments to one of these criteria, because that's what we're voting on.

And those other processes, the Development Review Committee is a public hearing as well. Members of the public can give input to those processes as well.

And, of course, as you've heard me say several times, you must speak here before you can speak at the County Commission meeting. They won't take new speakers at that meeting, so it's kind of you have to speak here and get your comments on the record.

If someone has said pretty much what you want to say, you can just say, in summary, I want to say what the person ahead of me said. I still want to reserve my spot at the Board of County Commissioners. And, then, that way we don't have to hear the same exact thing multiple times. Okay?

So at this point we're going to go into the case. This is case Z-2020-06. Tom Hammond is acting as the agent for Anthony Baroco, the owner. It's on Halcyon Circle, 9.99 plus-minus acres, from MDR, which is medium-density residential to commercial.

Members of the Board, at this time I'm going to ask if there's been any ex parte communication between you, the applicant, agents, attorneys, witnesses, Planning Board members or anyone from the general public.

Also please disclose if you have visited the subject property or if you are a relative or business associate to any of the parties in the case.

And we'll start with you, Mr. Sammons.

MR. SAMMONS: No to all.

MR. PYLE: No to all. I'm familiar with the location of the property.

THE CHAIRMAN: All right. Chairman, no to all.

MR. INGWELL: No to all.

MR. RUSHING: No to all.

THE CHAIRMAN: All right. Staff, was notice of this hearing sent to all interested parties?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. And was it also correctly posted on the subject property?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. At this time, Mr. Hammond, do you have any objection to the maps or photography being presented?

MR. HAMMOND: No, sir.

THE CHAIRMAN: Okay. He's indicated no, so we'll have the staff do those for us.

MS. LINDSAY: Good morning. Allyson Lindsay, Development Services.

This is the location map showing the location outlined in red.

And this is the current MDR zoning.

This is the future land use, showing mixed-use suburban. Future land use.

And this is the existing land-use map, showing what's around the subject property.

This is the aerial photo of the site.

And this is our public hearing sign that we posted on the site.

And this is looking into the subject property from Lillian Highway.

This is just another -- looking across Lillian Highway from another portion of the property.

This is looking west from the property on Lillian Highway.

This is looking east along Lillian Highway from the subject property.

This is another view looking onto the property from the commerce park that's across Lillian Highway.

This is looking at the commerce park from the western portion of the subject property.

This is just another view of the commercial development that's along Lillian Highway.

This is looking west toward the traffic light at Lillian and Bauer.

This is looking into a residential parcel that's on Lillian Highway, kind of like in the middle of the . . . the subject property kind of surrounds this parcel.

This is looking down the eastern entrance of the Halcyon Circle toward a dead end.

And this is just another view taken right around Halcyon Circle or left.

This is looking west along the back side of Halcyon.

This is looking into the subject property from Halcyon Circle.

Looking south toward Lillian Highway on

the western entrance of Halcyon Circle, which comes almost right out at the light at Bauer and Lillian.

And this is just some other pictures. This is looking at the church that's on Lillian Highway across from Halcyon Circle.

That's all the maps and photography.

THE CHAIRMAN: Okay. Thank you.

Board members, any questions on the maps or photography?

MR. RUSHING: I have just one question.

THE CHAIRMAN: Yes, sir.

MR. RUSHING: I saw there's only one sign posted; is that correct?

MS. LINDSAY: Yes, sir.

MR. RUSHING: We've talked numerous times in the past, that when you hit multiple streets, to have at least two signs.

I know it's been very well publicized because of the number of people here, but it's just, why didn't we put a sign on the back side of Halcyon?

MS. LINDSAY: I don't know why the sign wasn't posted on the back. It was just residential road on the back.

And I guess because the property was mainly -- the address was on Halcyon, which is at the -- almost at the entrance of Halcyon and Lillian. So we just put it on the main thoroughfare of Lillian.

MR. RUSHING: I just -- you know, we've talked about the number of times before that when you have multiple -- multiple streets, to try to put it on more than just one location. And this is -- you know, so just . . .

MS. LINDSAY: And I think that our understanding was that if it was a large -- larger parcel that had a long distance between one side and the other, but we'll take that in consideration for the next case.

MR. RUSHING: Thank you.

THE CHAIRMAN: Thank you.

Any other requests on maps or photography?

(No response.)

THE CHAIRMAN: Okay. Mr. Hammond, come forward and be sworn in, sir.

TOM HAMMOND, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Sir, if you'll please state your name and address for the record.

MR. HAMMOND: Tom Hammond, Hammond Engineering, 3802 North S Street.

Good morning.

THE CHAIRMAN: Good morning.

Sir, have you received a copy of the rezoning hearing package of the staff's findings of fact?

MR. HAMMOND: Yes, sir.

THE CHAIRMAN: Okay. And do you understand that it is your burden to provide substantial, competent evidence that the proposed rezoning is consistent with the Comprehensive Plan, furthers the goals, objectives, and policies of that plan, and is not in conflict with any portion of the Land Development Code?

MR. HAMMOND: Yes, sir.

THE CHAIRMAN: Okay. Is it your wish to be qualified as an expert witness?

MR. HAMMOND: It is.

THE CHAIRMAN: All right. Members of the Board, you've previously qualified Mr. Hammond as both an engineer and an expert in land use

and planning.

Do any of you have any questions concerning his qualifications or ability to offer that expert testimony?

(No response.)

THE CHAIRMAN: Okay. The Chair will entertain a motion to accept him as an expert in engineering and land use and planning.

MR. PYLE: So moved.

MR. RUSHING: Second.

THE CHAIRMAN: Okay. All those in favor say "aye."

(Chorus of "ayes.")

THE CHAIRMAN: Opposed?

(No response.)

THE CHAIRMAN: Okay. The record will reflect expertise in land use and planning, as well as engineering, sir.

MR. HAMMOND: Thank you very much.

The parcel in question is located at the intersection of Bauer Road -- 300 foot from the intersection of Bauer Road and Highway 98, DOT signalized, DOT signalized intersection.

Let's go through the criteria. Consistency with the Comp Plan. The parcel is

located in a mixed-use suburban future land-use district, which allows for commercial and residential uses, as stated in the Comp Plan, Chapter 7.

If you read down in there, you'll see that nonresidential uses, retail service -- 30 to 50 percent of that area is to be for retail service; office, 25 to 50 percent in areas beyond a quarter mile of an arterial roadway or intersection. There's zero commercial, what is happening.

So this is exactly where commercial development is supposed to happen, according to the Comp Plan and the Land Development Code.

Consistency with the Land Development Code. Rezoning to commercial. This is straight from LDC, Article 2, Section 3-2.10 (f). Rezoning to commercial.

Commercial zoning may be established only within a mixed-use suburban and mixed-use urban or commercial future land use.

The district is appropriate to provide transitions between areas zoned or used as high-density mixed-use areas or used as heavy -- and used as heavy commercial or industrial.

Rezoning to commercial is subject to the same locational criteria as new, nonresidential use proposed within that district.

We meet two, if not three, of the locational criteria.

The one being "B" under locational criteria talks about a traffic generator. If you're within . . . let's see what the exact distance is.

We're 360 foot from a 34,000 square-foot Greer's Cash Service Market. The ITE code H-64 page 1690 out of a trip-generation manual, discount supermarkets generate 90.86 trips per thousand square foot per day.

In this case, Greer's generates 3,089 trips per day. That's five times what your limit is to meet the locational criteria. So we meet the locational criteria for rezoning this to commercial.

Compatibility with surroundings. We're sitting at an intersection, DOT signalized intersection, that has a Hardee's, a Waffle House, a Tom Thumb, a Greer's Liquor and Grocery Store and a Dollar General store.

We do have residential uses around us.

Fortunately for this site, unfortunately for my owner, there are large wetlands. If you put the survey up there for me, there's a large wetland complex on the north side of the property.

Furthermore, you're going to hear from their findings, which I hope I get a chance to respond to after they make them . . .

THE CHAIRMAN: Absolutely.

MR. HAMMOND: You're going to find that even though their findings say commercial traffic will be accessing Halcyon, it is strictly prohibited in the design standard manual.

And I'm going to read it directly. Commercial traffic, residential areas. No permit, development order or other approval shall be issued for any proposed commercial use which requests primary, secondary or limited access onto a local street if that local street is fronted by more than 50 percent residential zoning in the following districts: LDR, LDR-PK, MDR -- which is what that zoning is -- measured in linear feet along the centerline of the road impacted by the proposed district.

So 50 percent residential zoning. It's

all -- it's all MDR all the way around it. So when we go to give a development order on that piece of property, we will be prohibited from accessing Halcyon.

Appropriate -- On "D, appropriate if spot zoning."

Well, we know spot zoning isn't the shade on the map. It's what the uses are. And we're adjoining an HDMU-zoned piece of property, which allows for . . . I can read them all off . . . retail sales, bed and breakfast inns -- it's boring. I mean, I could go on and on. Restaurants, repair services, professional services. You can do that today on the piece of property we're adjoining to the west.

In criteria -- the last criteria is -- any changes. I don't know of any.

So with that, I'd ask that you adopt my findings of fact and send this to the BCC with a recommendation of approval.

THE CHAIRMAN: Mr. Hammond, would you elaborate a little bit more on the locational criteria again?

MR. HAMMOND: Yes, sir.

THE CHAIRMAN: I heard what you said, but

I just want to make sure I understand . . .

MR. HAMMOND: Okay.

THE CHAIRMAN: . . . what you're saying as far as meeting that.

MR. HAMMOND: I'm going to read straight from the commercial zoning chapter of whatever it is.

And this is "E," locational criteria when you're rezoning to commercial. All new nonresidential uses proposed within the commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following locational criteria:

Proximity to an intersection. We don't meet that because both of those roads are not arterial.

Number two, proximity to a traffic generator. If you're located along an arterial road, Highway 98, within one-quarter mile of an individual traffic generator of more than 600 daily trips, such as an apartment complex, military base, college campus, hospital, shopping mall or similar generator, you meet

locational criteria.

THE CHAIRMAN: Okay.

I'd ask the staff, when doing their presentation, to please address why we believe that one is not consistent, based on the criteria that Mr. Hammond has just read.

All right, sir. Anything else?

MR. HAMMOND: No, sir.

THE CHAIRMAN: All right. Questions.

We'll give you plenty of opportunity to come back.

Any questions at this point?

(No response.)

THE CHAIRMAN: Okay. Let's go ahead and hear the staff's findings of fact presentation.

Who's presenting for the staff?

Allyson, if you'll state your name and position, please.

MS. LINDSAY: Allyson Lindsay, urban planner, Development Services.

This is the rezoning for Halcyon Circle from MDR, medium-density residential, to commercial.

The Criterion A, consistency with the Comprehensive Plan.

The Comprehensive Plan . . . it is consistent with the intent and purpose of mixed-use suburban. Does allow for a mix of residential and nonresidential uses.

And, then, the buffering will be required to protect any of the residential uses in the area.

Criterion B, consistency with the Land Development Code.

The proposed amendment is not consistent with the intent and purpose of the Land Development Code.

The requested zoning to commercial would allow uses ranging from neighborhood commercial to light industrial. And the intent of the MDR zoning is to allow for residential neighborhood development limited to single-family and two-family developments.

Furthermore, the site and building requirements for the commercial would be a substantial increase in the density from 10 dwelling units to 25 dwelling units an acre.

The property is addressed -- has an address -- has an address street frontage along Halcyon, which is a local road, with the

Page 21

southern portion of the property facing Lillian Highway, which is an arterial road.

If the requested commercial is approved, this would allow more intense commercial activity to ingress and egress off the local road currently utilized by an existing residential neighborhood.

And at this point, because it has an address street frontage off Halcyon, we at this point do not know if they intend to change the address or have it accessing off of Lillian, so we just went by the address street frontage.

The majority of the parcel is -- adjacent and around the subject properties are zoned MDR. There are four commercially zoned parcels and two parcels of HDMU located across Lillian. There are four -- there are four HDMU parcels adjacent to the subject property and the resident property.

There's the Crown Pointe, which is a residential subdivision, to the east. It is zoned HC/LI. And vacant parcels would not count toward the infill, as their subject -- as their uses are subject to the zoning designations.

There isn't enough commercial developments

Page 22

in the area to consider the change to be infill, and the commercial use would not be similar in intensity or density to the surrounding residential uses. Therefore, it would contribute to strip commercial development and as well as create adverse impacts into the residential area.

THE CHAIRMAN: Allyson, before you go on to the next finding -- I know it's a little out of the ordinary, but would you address Mr. Hammond's testimony that it meets the second two -- excuse me -- the second one out of the three locational criteria because of the trips generated?

MS. LINDSAY: Proximity to the traffic generator?

THE CHAIRMAN: Yes.

MS. LINDSAY: So, yes, he did read from the code that it had to be along an arterial collector road and within a quarter mile of an individual traffic generator of more than 600 trips a day. And it mentions the apartment complex, military, college, hospital, shopping centers.

We, as staff in planning, don't really

Page 23

have an avenue to know the trip generation. We try to look at what the development is for -- as he said, there was a Tom Thumb. There was a Hardee's, and there was a grocery story. While that --

THE CHAIRMAN: Is that determination not available from the traffic division?

MS. LINDSAY: The traffic division didn't give any of that information. They did provide a letter, but I don't believe they gave the exact numbers or trips for that segment of road.

The traffic person was here. I mean, I think they're still available if we can go -- if we need to find them for any testimony.

THE CHAIRMAN: Well, Horace, correct me if I'm wrong, but I think this is a pretty important issue.

MR. JONES: Yes.

THE CHAIRMAN: The gentleman has testified that that's what he's relying on to meet the locational criteria, but we don't have data in the package here to back up what trips are being generated there.

So do we have that information readily available?

Page 24

MR. JONES: It appears -- it appears that the information is not readily available, so -- but hopefully we would get staff to take a look at that.

Only thing we have to look at -- Now, we've got to look at what he presented, and basically -- and if the Board wants to -- wants to take that as evidence -- he presented it -- it's his burden of proof. And staff would have to work with that.

Now, understanding that compatibility has more than just to meet with -- he may meet that locational criteria, but the meeting of the location is only one part of the compatibility analysis.

It's only one part of the term of what it -- of meeting compatibility. That's only one tool in the toolshed. So, yes, he may meet that one.

But those other things about compatibility with the surrounding areas, commercial intrusion, strip commercial development, all of those things have to be looked at in totality, not just that one item, if he's contending that he meets that. So compatibility involves the

Page 25

whole spectrum. That's per the Land Development Code.
THE CHAIRMAN: And what you're saying is would be Criterion C, the compatibility portion.
And I'm talking about more of the locational --
MR. JONES: Yes.
THE CHAIRMAN: -- criteria in B.
MR. JONES: Yes.
THE CHAIRMAN: Okay.
MS. LINDSAY: And I'm not sure the applicant actually in his packet provided any information regarding the numbers or the trip generations at the time of review.
THE CHAIRMAN: Okay.
MR. JONES: Tom, did you have -- was that included?
MR. HAMMOND: It's right there. I'm looking at it.
THE CHAIRMAN: All right, guys. We can't have sidebars because we're recording everything. And we've got to have comments at the microphone. So if you're going to ask a question, Horace, of Tom, we'll have to bring him up to the podium.

Page 26

MR. JONES: Yes. Yes, Tom. We want to know, what you presented today, that doesn't appear --
MS. LINDSAY: That's my criteria.
MR. JONES: -- to be in what you -- in what you presented today doesn't appear to be what staff looked at to make their -- to make our review.
MR. HAMMOND: Well, I mean, it's in the package I submitted. It was a ITE code straight from -- it's right from the code, copy of that page. And then I took an aerial photograph and measured the size of the shopping center. You saw it.
THE CHAIRMAN: Okay. So let's pull up what Mr. Hammond submitted so he can take a look at what he submitted.
MR. PYLE: And, Mr. Speaker, I want to be clear: There's two of the things that Mr. Hammond stated that the criteria is based upon one of the following.
And then Mr. Horace Jones said that that wasn't part of the picture. I think he was talking about C, where Mr. Hammond was still addressing B. I just want to --

Page 27

MR. JONES: Right. Yes, sir. Yes, sir. You are right. You are right.
MR. PYLE: Okay.
THE CHAIRMAN: Okay. So as far as -- let's just stay with B at this point and whether or not we've met one of the locational criteria with the number of trips.
MR. JONES: Yes, sir.
THE CHAIRMAN: Okay.
MR. JONES: Yes, sir. It appears -- it bears from -- from what he has offered, it appears to state what he has offered.
Staff has not had an opportunity to confirm that. He did meet that, but that's just only one part of the spectrum in the total analysis of staff. Want to be clear for the record.
THE CHAIRMAN: Okay. Would it be your testimony that he has met Criterion B, that it is consistent with the locational criteria, then? I'm not talking about C, just B.
MR. JONES: Yes. Now? With -- Well, now, it says proximity -- a lone and arterial or collector street.
Now, if he's indicating -- and I know

Page 28

Lillian is a -- is an arterial road.
So if he's indicating that -- that all of the traffic inflow will be coming from Lillian and not from Halcyon -- because it's -- it's two street frontages, Halcyon, which is a local street and Lillian.
So it appears that, based upon what he presented, it appears that he may be meeting -- he may meet that one part of E. He may meet that, based upon what he presented, unless staff would have time to review about traffic.
THE CHAIRMAN: Criterion B.
MR. JONES: Criterion B, yes.
THE CHAIRMAN: Okay.
MR. JONES: Yes.
THE CHAIRMAN: Okay. Anything else you wanted to add, Mr. Hammond?
MR. HAMMOND: No, sir.
THE CHAIRMAN: Questions on this issue before we continue.
(No response.)
THE CHAIRMAN: Okay. Please keep that in mind when you get to the point of making a motion. Staff's findings are different than the applicant.

Page 29

Allyson, go ahead.
MS. LINDSAY: Okay. So for Criterion C, compatible with the surrounding uses, the proposed amendment isn't compatible with the surrounding existing uses.
Within the 500-foot radius, there were districts MDR, HDMU, commercial and HC/LI. There's single-family, there's a church, a commerce park, which is the one consisting of the Greer's and the Hardee's and the Tom Thumb for retail services and sales, and vacant parcels in the area and the HC/LI parcel to the east. It's actually a residential in the form of a platted subdivision.
The request to commercial would be a substantial upzoning that will impact the well established residential development, being that the surrounding uses are primarily residential.
Changing the subject property to commercial would not be compatible to the current zoning of medium-density residential.
THE CHAIRMAN: Allyson, if you'd bring up your findings while you're going through them, please.
THE CHAIRMAN: Thank you.

Page 30

MS. LINDSAY: So appropriate with -- Criterion D, appropriate if spot zoning. The request to change the zoning to commercial -- it is spot zoning, due to the fact the adjacent parcels are currently zoned medium-density residential and HDMU, with the only commercial zoning across Lillian Highway to the south and the subdivision to the west.
A request to change the zoning to commercial would substantially increase the density more than the adjacent properties and would not be transitional in character.
Commercial zoning provides transitions between areas that are used as high-density, mixed-use, heavy commercial or industrial, which is not dominant in the area.
Commercial zoning would allow more intense uses not allowed by parcels of residential zoning. Therefore, the request to commercial would not contribute to a logical and orderly development.
Criterion E, appropriate with changed or changing conditions. And there have not been any changes or additions in the land uses or in the area surrounding the subject property.

Page 31

And allowing the request to commercial would also allow more intense development for the surrounding residential uses, contributing to urban sprawl.
MR. SAMMONS: Can you scroll up?
MS. LINDSAY: Hmm?
THE CHAIRMAN: Scroll up.
MS. LINDSAY: Oh.
MR. SAMMONS: Slowly.
MS. LINDSAY: Okay. And that's the end of the findings.
Now, if you want to go back to the locational criteria, I will say that I did see where Mr. Hammond was on his locational criteria for his daily trips.
But like Mr. Jones says, there are -- that's just part of the locational criteria that has to be met for rezoning.
THE CHAIRMAN: But if those trips are accurate, verified by the county planning --
MR. JONES: Yes.
THE CHAIRMAN: -- I mean traffic, would that be consistent with Criterion D, then?
MS. LINDSAY: I would say if the traffic department does agree with those, yes, then they

Page 32

would meet that because it's one of the following. At least one of the locational criteria, which would also be the proximity to traffic generator.
MR. JONES: Right. Yes.
And I would like to add, Criterion B -- that's what you're concerned about, right?
It says, the proposed zoning is not consistent with the purpose and intent with any other zoning establishment.
Now, part one of the provisions inside the Land Development Code is the locational criteria. That's one part of the code that we do look at.
Now, yes, he can meet that locational criteria. But there's some other things within that Land Development Code that talk about is not consistent with the purpose and intent.
And I think what Ms. Allyson stated is very, very accurate. Yes, the request for zoning would allow uses ranging from neighborhood . . . the uses would -- that would be a substantial upzoning.
He can meet the locational criteria. And I think if the traffic -- if our department

Page 33

agreed, stating that he has met that. But that is a substantial upzoning from MDR all the way to 25 dwellings per acre -- area, that's substantial.

Then it says, further, the site and building requirements. All those things are other parts of meeting Criterion B, the locational criteria. It appears that he has met that, if the Board wants to conclude that, too.

But there's some other things that go along with Criterion B that Allyson stated in her facts and findings as well in totality.

THE CHAIRMAN: Okay. Pretty clear. Yes, sir.

MR. RUSHING: I guess I didn't follow that because in looking at it, it says -- location criteria. The sentence says, all nonresidential uses proposed with commercial district are not part of a planned unit development or identified shall satisfy at least one --

MR. JONES: Yes.

MR. RUSHING: -- of the following location criteria.

So all you've got to do is meet one, two, three or four. And it doesn't matter anything

Page 34

other than that, according to this documentation. So if it meets number 2, then I don't understand how --

MR. JONES: Because, see, it says -- the locational criteria is only one tool that we look at.

MR. RUSHING: Right.

MR. JONES: Only one tool. Only one tool.

Now, it says, the proposed zoning is not consistent with the purpose and intent of the zoning district.

So all of those other things, other provisions besides the locational criteria that we have always looked at --

MR. RUSHING: Okay.

MR. JONES: -- and the locational criteria is only one of the area.

Basically, if you'll -- so that can add to -- add to it. But there's some other things, just looking at this -- the rest of the provisions inside Criterion B, it still does not meet it, according to what the staff is looking at, those provisions.

Now, it can meet that. I want to be clear. But there's some other things that we

Page 35

have to look at as well, Mr. Reid -- Mr. Rushing. I'm sorry.

THE CHAIRMAN: Okay. So it's your testimony that for that one portion of Criterion B, it meets the locational criteria, but there are other things that it's not meeting for that entire criterion --

MR. JONES: Yes, sir.

THE CHAIRMAN: -- to be considered consistent.

MR. JONES: You have it. You have it, Mr. Chairman.

THE CHAIRMAN: Okay. Thank you.

Any other questions on that one?

Mr. Hammond, did you wish to comment on that?

MR. HAMMOND: Yes, sir. So I'd like to kind of parse the -- their findings compared with what my findings are.

So since we agree on A, we'll go to B. This is their findings. The requested zoning to commercial would allow uses ranging from neighborhood commercial to light industrial. And the intent of MDR zoning is to allow for residential neighborhood development limited to

Page 36

single-family and two-family dwellings. So that's just a -- it's just a statement. It's not really argument for or against.

THE CHAIRMAN: Allyson, can you bring up the criteria and let us follow along as he's going through the staff's findings?

MR. HAMMOND: Further down it says -- states, if the request to commercial is approved, this would allow for intense commercial activity, ingress and egress the local road.

Well, I addressed that. Will not happen, if you follow your own code. So there's another problem with their findings on B.

They make a statement here, vacant parcels would not count towards infill, as their uses are subject to their zoning designation.

I looked up the definition of infill in the Land Development Code. And this is what the Land Development Code says. Infill development. The development of new housing or other land uses on vacant or underutilized land in existing developed areas, focusing on the reuse and renovation of obsolete or underutilized buildings and sites.

Page 37

I believe it would be infill development all day, based on what the Land Development Code says. So there's -- there's another little hiccup on findings -- their findings on B.

They also state there isn't enough commercial developments in the area to consider the change of the infill, as listed in the criteria, which I'm not going to read what that criteria is, but . . . I don't know. You can stand there and see Dollar General, Waffle House, Greer's, Greer's Liquor Store, Tom Thumb, Hardee's. I don't know. They seem to ignore the commercial development that's there. I mean, it is a DOT signalized intersection. It makes sense.

And then they say, a commercial use would not be similar intensity or density to the surrounding residential parcels. No, it wouldn't.

Contributing to strip commercial development. Now, find me a definition of strip commercial development that's at an intersection of collector and arterial. I'm pretty sure nobody here thinks that's where strip development happens.

Page 38

I looked. I can't find it. Strip development -- commercial development is along an arterial collector where there's no intersection, no traffic generators.

So that that's why I would ask you to adopt my findings of B.

Let's go to C, compatible with the surrounding uses. I'm not going to read off the businesses there again.

I'm just -- just -- you just basically got to ignore it. Being -- I'm reading from theirs. Being -- down toward the bottom. Being the surrounding uses are primarily residential, changing the subject property to commercial would not be compatible with the current zoning of MDR. That's why we're rezoning it.

Somewhere in here they mention urban sprawl. Urban sprawl does not happen at arterial and collector intersections.

It's a good code word. So I believe it is compatible. I mean, it's right where you want it.

When you go back to locational criteria, we meet number 2 -- 3. That's infill. So . . . I love these guys. I don't want to sit here and

Page 39

argue with them about it. But the bottom line is it's compatible.

This is where you'd want a commercial development to be. If I lived there, I might not like it. At least we got a wetland buffer that's going to block most of the people adjoining this.

It's going to be there forever, a forested wetland. We're not going to get on that local road. That sliver over that that's on the corner of Halcyon and 98, there can't really be anything there because it's going to be too close to the intersection to get a DOT access over there. Can't access Halcyon.

I'd ask that y'all adopt my findings of fact and recommend approval, please. Thank you.

THE CHAIRMAN: Mr. Ingwell.

MR. INGWELL: Mr. Hammond, you mentioned wetlands.

Could staff pull up the wetland overlay? I know he submitted a depiction, but I'd like to see the overlay or the GIS.

MS. LINDSAY: I'd have to get online to go to the GIS. It may take me a few.

MR. INGWELL: That's fine.

Page 40

THE CHAIRMAN: If you would, go ahead and research that.

And I have a question for Horace.

MR. JONES: Yes, sir.

THE CHAIRMAN: Horace, it notates in the staff's findings that it does not meet the standard for infill development for a vacant property.

Would you explain why that's so?

MR. JONES: Yes, sir. And -- and I've been working with Tom a good while. No disrespect to him. It's just sometimes we have to disagree graciously.

I disagree with him on that. And in any planning principle, any sound planning principle talks about infill development.

Now, if you look at -- want to be more specific, look at the locational criteria on 3 with the definition of infill. It says, along -- along there's an area where already established -- established -- nonresidential uses are otherwise consistent. And that is the typical planning definition that's been around planning for a long time.

Infill based -- Okay. I've got uses right

here, and I've got a vacant lot. I'm going to bring in a use that's similar or compatible with the rest of the uses. I can infill it. I can put it right there.

That's standard, simple planning language across the Board. And that's what that definition basically -- it says -- it is underutilized, it's vacant, but you've got residential all around it, in front of it, on the side of it.

So what you want, a block, just commercial right there, when you have a house and a big business. That's infill. Again, business, business. Then that would be nonresidential use. That would -- basically that is what infill, what all sound planning and smart growth principles apply to.

THE CHAIRMAN: So it's not necessarily that infill relates to the parcel being vacant. It is you're saying that it has to do with the uses of the property.

MR. JONES: Yes, sir. Yes, sir. Absolutely.

You are infilling that lot with a similar compatible use that's already existing. Next to

or close proximity to it. Yes, sir.

THE CHAIRMAN: Okay. Allyson.

MS. LINDSAY: And this is the map from the county Web site that GIS showed, and the parcel outlined in red. And it doesn't show any wetlands on this particular map.

Now, he may have a wetlands inventory or survey done showing wetlands, but this one doesn't show wetlands.

THE CHAIRMAN: Okay. Mr. Hammond, do you have a wetlands delineation for the property?

MR. HAMMOND: Yes, sir.

When this started, we did try to lay it out as MDR residential subdivision. There's a large wetland complex.

All those parcels -- all the parts that front on Halcyon that run east-west over to -- the easternmost one, that's all wet. That pipe under the road there, that's kind of where a positive discharge would be. I mean, it's a large wetland complex.

THE CHAIRMAN: Okay. All right.

We have quite a few folks from the public that are here to speak.

So Board members, unless you have some

questions, let's hear from the public on their questions and concerns.

MR. JONES: And if I may, Chairman, because there is a large -- and we like to have citizens show up, but there's some people on the outside as well.

So if possible, could we request, Chairman, that we do give a time limit so that if -- when a person speaks, that they can basically go out so somebody else can come in, and -- or however.

You've got speakers on the outside as well that are included in the packet. So I just want to make you aware. However you want to handle that. That's your discretion. But I do want to make you aware of that, so . . .

THE CHAIRMAN: This Board has adopted a three-minute speaker limit when we have large cases like this. So just, again, please be concise. And we will call for folks out there.

I first want to hear if the owner, Anthony Baroco, would like to speak.

Okay. Sir, please come forward. And this is going to be for everybody so I don't say it every time and waste time.

When you come up, be sworn in, then state your name and address for the record, please.

- - -

ANTHONY BAROCO, upon being duly sworn, was examined and testified as follows:

- - -

MR. BAROCO: My name is Anthony Baroco. I'm the owner of the property on Halcyon that we're trying to have rezoned.

And I would like to -- pretty much what Mr. Hammond said I believe to be true. I believe that the conditions have been -- have been met, that it is consistent with the Comprehensive Plan and the district zoning provisions.

As far as C, compatible with surroundings, I mean, you have however many commercial developments, the Tom Thumb, the dollar store, the new Waffle House, and the Greer's food store and liquor store. And that is an arterial area, the intersection is. Highway 98 and Bauer Road is a major corridor.

I did -- I did try to pursue a residential development originally, and -- and was -- it was -- it was not feasible.

Therefore, I have taken -- taken this -- this route. And I believe that -- that we've met the conditions. And I would humbly ask you to consider my request.

And thank you for your time.

THE CHAIRMAN: Thank you, sir.

Sherrie Baroco.

SHERRIE BAROCO, upon being duly sworn, was examined and testified as follows:

MS. BAROCO: Hello. My name is Sherrie Baroco.

And I just wanted to say that I am -- everything that Anthony Baroco said, I just concur with it. And thank you for your consideration.

I know there's a lot of people here, but we did try to do a residential, and it just didn't work out. So just thank you for your consideration.

THE CHAIRMAN: Thank you, ma'am.

VOICE IN THE AUDIENCE: May we ask why?

THE CHAIRMAN: Patsy Kee.

VOICE IN THE AUDIENCE: I'm sorry. May we

ask why the residential didn't work out?

THE CHAIRMAN: When you come up to the microphone for your time to speak, we do record everything, so we have to have everything spoken into the microphone. And our court reporter records verbatim what's going on.

PATSY KEE, upon being duly sworn, was examined and testified as follows:

MS. KEE: Thank you very much.

My name is Patsy Kee, K-e-e.

I presently own 801 Halcyon Circle. I am opposed. Not consistent with the Land Development Code, and also not compatible with surrounding uses.

I grew up in this neighborhood. It means everything. In fact, several of us grew up in this neighborhood. We know each other. And, you know, any thought concerning this, we would really appreciate it. Thank you.

THE CHAIRMAN: Okay. Thank you.

Ramona Taylor.

RAMONA TAYLOR, upon being duly sworn, was examined and testified as follows:

MR. JONES: Good morning, Ms. Taylor.

MS. TAYLOR: Good morning. My name is Ramona Taylor. I live at 8006 Mossy Creek, Pensacola, Florida 32526.

I grew up at 801 Halcyon Circle. Still have family. Still have friends that I consider family living there.

My reasons for opposing this is that they are not consistent with the Land Development Code, and they are not compatible with the surrounding uses.

Yes, there are commercial buildings across the street, but there are no commercial buildings or otherwise on Halcyon. They are across the street closer to Bauer Road.

Therefore, we feel that the traffic, everything else about putting an apartment complex in there would ruin the integrity of our neighborhood.

And we strongly oppose it and hope that you will see our side. Thank you.

THE CHAIRMAN: Thank you, ma'am.

Jeffrey Chambers.

And, Horace, it's going to be Cheryl Chambers right behind him.

MR. JONES: Not here.

Let's move forward.

THE CHAIRMAN: Neither one of them?

MR. JONES: No, sir.

THE CHAIRMAN: Okay. Ernestine Geci. Good morning, ma'am.

ERNESTINE GECI, upon being duly sworn, was examined and testified as follows:

MS. GECI: My name is Ernestine Geci, and I live at 650 Halcyon Circle, and I oppose it.

It's just the perfect neighborhood. It's perfect to live, and I don't want to move.

But I do have a problem with this because I've got -- my driveway is -- the drainage is under my driveway that goes to the bay. So I don't want anything to happen there.

Thank you.

THE CHAIRMAN: Thank you, ma'am.

Wade Geci.

WADE GECI, upon being duly sworn, was examined and testified as follows:

MR. GECI: I'm Wade Geci. I live at 12500 Lillian Highway.

I'm opposed to the current use -- or to the rezoning of -- because it doesn't meet current use.

Thank you.

THE CHAIRMAN: Thank you, sir.

Michelle Warren.

MICHELLE WARREN, upon being duly sworn, was examined and testified as follows:

MS. WARREN: My name is Michelle Warren. Good morning. I live at 800 Halcyon.

And I concur with my neighbors, that this proposed increased density to 25 dwelling units per acre is totally not compatible with the existing surrounding use.

I strenuously am opposed.

THE CHAIRMAN: Thank you, ma'am.

MS. WARREN: Thank you.

Robert Knight.

MR. JONES: They stated that he left.

THE CHAIRMAN: Okay.

Douglas Cecil.

DOUGLAS CECIL, upon being duly sworn, was examined and testified as follows:

MR. CECIL: I agree with -- Oh, I am Doug Cecil at 12201 Halcyon Drive.

And I oppose this movement. Also, I concur with the last speaker.

THE CHAIRMAN: Okay. Thank you, sir.

Sandy Griner.

SANDY GRINER, upon being duly sworn, was examined and testified as follows:

MS. GRINER: Thank you. Good morning.

Thanks for an opportunity for us to come and share our concerns with you this morning.

And I live at -- my name is Sandra Griner. I live at 770 Halcyon Circle.

And I am against changing from MDR to commercial. I think that changing to commercial would cause numerous negative impacts on our community. And I just hope that you guys agree with us.

Thank you very much.

THE CHAIRMAN: Thank you.

Robert Jernigan.

ROBERT JERNIGAN, upon being duly sworn, was examined and testified as follows:

MR. JERNIGAN: Hello. I'm Robert Jernigan. I'm at 770 Halcyon.

And I'm against changing this from MDR to commercial property.

THE CHAIRMAN: Okay. Thank you.

Brenda Presley.

BRENDA PRESLEY, upon being duly sworn, was examined and testified as follows:

MS. PRESLEY: Good morning. My name is Brenda Presley. I live at 760 Halcyon Circle.

I'm opposed and opposed on many levels, some we can't speak about today. But by putting something like this in, it's going to change

everything in our neighborhood.

We have all single-family dwellings there, all single-family homes, not dual. The only townhouses are like four miles away.

I would call this a low-density area that's already been stressed out by having Greer's across the street, as well as Hardee's.

I know we can't speak about the traffic, but what this is going to cause, with all these people coming in, the traffic -- I mean, that's -- but anyway, having all this happen is going to cause more stress to an already stressed community. And that's not to mention all the other things that will come along with this.

I am strongly opposed, and I'm strongly opposed that our natural environment is going to be messed up. The wildlife is going to be messed up. The noise. The whole integrity of our neighborhood.

I am so against this, and I hope that you will see it as well.

I don't know how they passed on one. They should have failed on all five. And as far as the signage is concerned, there might have been

a sign there. I never saw that tall, red sign. I saw a little one, but it kept going down. Now why that happened, I don't know.

But a lot of our neighbors didn't know until just recently. There's so many people that are opposed to this. This is not good use of that land. If it's across Lillian, maybe, but not on our side.

Thank you very much.

THE CHAIRMAN: Thank you.

MS. LINDSAY: I will say, as far as the sign goes, I did go out there twice and put the sign back up. It had fallen over, whether it be the weather or the wind, but, you know, we try to keep it up. I did go back and put it up twice.

THE CHAIRMAN: Thank you.

And as Ms. Presley just did, you know, please try to tell us which criterion.

I think in her case it might have been compatibility with surroundings.

But just try to get that on the record because that is what we consider, one of these criterion. And that's what the Commissioners will be looking at as well, is whether it's

consistent with these criterion, so . . .

Mark Edwards.

MARK EDWARDS, upon being duly sworn, was examined and testified as follows:

MR. EDWARDS: Thank you for hearing us.

THE CHAIRMAN: Just state your name and address for the record.

MR. EDWARDS: Mark Edwards, 630 Halcyon.

Opposed to this significant upzoning. It's not consistent with the purpose and the intent of the Land Development Code. It's not compatible with the surrounding uses.

A few of the things that have been mentioned today that I agree with, but we'll leave that for later on.

Thank you for -- again.

THE CHAIRMAN: Thank you, sir.

Sheila Edwards.

MR. EDWARDS: She had to leave.

THE CHAIRMAN: Okay.

Frank Koskie.

FRANK KOSKIE, upon being duly sworn, was examined and testified as follows:

MR. KOSKIE: Good morning, gentlemen. My name's Frank Koskie. I live at 640 Halcyon Circle.

As with the rest of my neighbors, I strongly concur that it -- putting in apartment complexes in this area is just going to . . . it -- I think it's going to cause a lot more problems, and it's going to ruin the flavor of the neighborhood, if you will, from single families and to massive apartment complexes.

And I don't think this street can handle the influx of kids and people and everything that comes along with it. So along with my neighbors, I think it's a bad idea.

Thank you.

THE CHAIRMAN: Thank you, sir.

Jordan Walls.

JORDAN WALLS, upon being duly sworn, was examined and testified as follows:

MR. WALLS: Good morning. Jordan Walls. I live at 8084 Castle Pointe Way. I live in Crown Pointe.

I am opposed to this building. It doesn't . . . it doesn't . . . it's not consistent with the Land Development Code, and is not compatible with the surrounding uses.

Thank you very much.

THE CHAIRMAN: Thank you, sir.

Harry Huelsbeck. Pronounce that right?

MR. HUELSBECK: Close enough.

HARRY HUELSBECK, upon being duly sworn, was examined and testified as follows:

MR. HUELSBECK: Harry Huelsbeck, 1017 Jamie Drive.

I'm in the adjacent neighborhood of Crown Pointe. That's where I live.

I don't believe this is compatible with the surroundings. There's a stress center commercially already. The higher density will cause more problems.

And I think the support you see from the neighborhoods surrounding is probably something

Page 57

to more look at. Excuse me. I've had this mask on.

The numbers they was using for the . . . for the feeder count for the grocery store, I'd like to see some study from the county to support that as well, either through your traffic count studies or anything you could pull to support that and validate it before we move forward.

And thank you for your time. Thank you.

THE CHAIRMAN: Thank you, sir.

Tammy Koskie.

TAMMY KOSKIE, upon being duly sworn, was examined and testified as follows:

MS. KOSKIE: Hi. I'm Tammy Koskie. I'm at 640 Halcyon, and I'm against this.

THE CHAIRMAN: Thank you.

MS. KOSKIE: Thank you.

THE CHAIRMAN: Thomas Warren.

THOMAS WARREN, upon being duly sworn, was examined and testified as follows:

Page 58

MR. WARREN: Good morning. My name is Thomas Warren. I live at 800 Halcyon Circle.

And like all of my neighbors that are well represented today, I'm opposed to the idea, due to the incompatibility with the surrounding uses. And it's not consistent with the Land Development Code, and many other areas that we can take up at a later date.

Thank you for your time.

THE CHAIRMAN: Thank you, sir.

Brian Barr.

BRIAN BARR, upon being duly sworn, was examined and testified as follows:

MR. BARR: Hi. My name is Brian Barr, 762 Halcyon Circle.

I just want to say that I'm opposed.

I'd also like to mention -- I think I heard that the -- it was mentioned several times that there's a traffic light at that intersection. It is at Bauer at Lillian, but not with Halcyon.

Thank you very much.

THE CHAIRMAN: All right. Thank you.

Page 59

All right. This looks like Barbara Albrecht.

Come forward.

BARBARA ALBRECHT, upon being duly sworn, was examined and testified as follows:

MS. ALBRECHT: Gentlemen, thank you for taking a moment for me.

THE CHAIRMAN: State your name and address, please, for the record.

MS. ALBRECHT: Barbara Albrecht, 1528 East Brainerd Street.

THE CHAIRMAN: Thank you.

MS. ALBRECHT: So, I'd like to speak do the fact that this is not compatible with the surroundings.

They are going from a rural, natural area to a high-density urban development.

I'd like to point out that despite the fact that we shouldn't talk about traffic, sewer or drainage, these are things that I work with, water quality.

So to foster effective environmental decision-making and analysis, much like what Mr.

Page 60

Horace Jones does with staff -- thank you -- we need to promote sustainability through stewardship and proper development. So landscape-scale, community-based conservation.

In this particular case, you do have a lot of wetlands. I'm surprised that your county overlay doesn't reflect that. That is a definite negative there.

Quality of life. Everyone around this community will be impacted. This county prior to your being established on this Board does not have a very good track record in development.

And I point to the Sector Plan that took six years of citizen input, $1 million of taxpayer . . . to develop a plan that could not be maintained. So community distrust is very high.

Not saying anything towards this Board, but saying to the staff and this Board that we need to bolster and support each other so that we have compatible use as we become more crowded.

Water quality. Perdido Bay is impaired. Adding this type of feature into a riparian zone that drains directly into that bay will add and

Page 61

compound the problem.
Thank you.
THE CHAIRMAN: Thank you, ma'am.
David Cook.
(No response.)
THE CHAIRMAN: David Cook.
(No response.)
THE CHAIRMAN: Is there anybody still out in the lobby out there?
VOICE IN THE AUDIENCE: I chose not to speak. It was checked there.
THE CHAIRMAN: Okay. Okay. Mr. Cook, if you do not speak, you will not have the opportunity to speak at the Board of County Commissioners' meeting. So I just want to clarify that you're aware of that.
VOICE IN THE AUDIENCE: Yes.
THE CHAIRMAN: Okay.
Nancy Barr.

- - -

NANCY BARR, upon being duly sworn, was examined and testified as follows:

- - -

MS. BARR: Good morning. I'm Nancy Barr. I've lived at 762 Halcyon Circle for 18 years.

Page 62

I've lived in Pensacola for close to 25.
I am interested on how this county runs -- runs things.
I'm from California, and it feels sloppy. I just have to state that, but I'm sorry.
I want to say that I oppose the rezoning request to commercial, primarily due to the compatibility.
If someone could pull up that map, aerial map. Yeah. Thank you.
All . . . all of the surrounding houses, single-family houses on both sides -- on the upper part of the bay, and then the other side of Lillian Highway -- they're single-family homes.
Lillian -- I feel as if Lillian Highway is not being mentioned in the rebuttal for increasing . . . increasing the zoning.
It infringes so much on Halcyon Circle, which is residential. It's -- I -- I feel as if the description of the property being used changes addresses from Lillian Highway to Halcyon Circle, dependent on what the benefit is.
But I will like to say that I agree with

Page 63

the findings of the county. I agree with the staff.
And I thank you for your due diligence and for standing up for the citizens of my neighborhood. I appreciate that.
Thank you very much.
THE CHAIRMAN: Thank you, ma'am.
Charles Hamilton.

- - -

CHARLES HAMILTON, upon being duly sworn, was examined and testified as follows:

- - -

MR. HAMILTON: My name is Charles Hamilton. I live at 1932 Crown Pointe in the Crown Pointe Preserve.
First, as a past city planner in Gulf Shores, Alabama many years ago, I want to compliment the staff. I fully concur with all their comments.
And I stand opposed to this development. The traffic on Highway 98, Lillian, is bad now. You can hardly get out. This -- if -- any serious, intense commercial multidevelopment in there is going to put a lot of traffic out there and is going to make it almost impossible to get

Page 64

out on that road anyway.
The residents have spoken to something I was going to say in summary. It's the close proximity to all those residents on Halcyon Circle makes that, to me, an incompatible development, which I think the staff has already stated.
The wetlands are another consideration that needs to be looked at. I think Mr. Baroco spoke about the fact that it was unfeasible to do anything other than residential, but he's got 10 units per acre in there.
And I don't understand personally how 10 units per acre would not be commercially viable -- or would be viable from the standpoint of -- of finance.
The light industrial that -- the com zone, c-o-m zone would bring would obviously not be compatible with any of that area around there.
And I want to speak to the com zone, the commercial zoning across the street, the Greer's, the Waffle House, and the Hardee's. Those, actually in many ways, complement the neighborhood. They're very small. That zoning area is -- that zoning district is small there.

And that works -- in my view, that works for the surrounding community.

You've got a grocery store there. You've got a fast food store. I use it all the time. And you've got a Waffle House. I use that as well. So to me, that's compatible.

And that's all I've got. Again, I'm opposed to this development.

THE CHAIRMAN: Thank you, sir.

Mary Strawbridge.

MARY STRAWBRIDGE, upon being duly sworn, was examined and testified as follows:

MS. STRAWBRIDGE: Mary Strawbridge, 2009 Crown Pointe Boulevard.

I would like to know how the traffic count is done because that's a major thoroughfare between Alabama and those residents getting to the Navy base, to Pensacola.

The traffic is undeniably terrible. And they're not all going to that commercial area. So they're bypassing the commercial area to get to further areas east of that area.

The other thing is, is I would like to

know why a residential area was not feasible. If it has to do with money or it has to do with some kind of profit, then this 250-unit is unseeming for the rest of us.

I agree wholeheartedly with Mr. Horace Jones and his staff and all the reasons they brought up.

And I concur completely with Charles Hamilton.

Thank you very much.

And earlier, I'm sorry if I stood up. I couldn't hear what you were saying. I thought you were asking if there's any questions.

THE CHAIRMAN: Okay.

MS. STRAWBRIDGE: Thank you.

THE CHAIRMAN: Thank you, ma'am.

MR. JONES: Thank you.

THE CHAIRMAN: Deborah Tatum.

(No response.)

THE CHAIRMAN: Ms. Deborah Tatum.

(No response.)

THE CHAIRMAN: Is there anybody left out there, Horace?

MR. JONES: No, sir.

THE CHAIRMAN: They're all in here now?

MR. JONES: Yes, sir.

THE CHAIRMAN: Okay.

Thomas Hatch.

THOMAS HATCH, upon being duly sworn, was examined and testified as follows:

MR. HATCH: Thomas Hatch, 1965 Crown Pointe Boulevard.

And I'm opposed to the rezoning. And I'd like to address Criterion C, as most people have already.

Could you put up the last . . . the last -- the plot, the plat of the property?

MR. JONES: The area map?

MR. HATCH: No. The one that actually is -- it's number 79 on the -- on the agenda. It's the one that shows the wetlands, and . . .

THE CHAIRMAN: Number 79.

MR. HATCH: 79.

THE CHAIRMAN: 79?

MR. HATCH: Yes.

UNIDENTIFIED VOICE: It's the client survey.

MR. HATCH: It's the very last one.

THE CHAIRMAN: 79.

MR. HATCH: No. It's the last one. That's it. You got it.

Now you have to get it so that we can see it. That's good enough. Thank you.

Yes. I want to address Mr. Hammond's saying that there's a nice buffer on the west part of this property that they're interested in.

And I'm sure it's practically impossible for anybody to see, but the busy work at the north end of that plat is wetlands.

It's an all-season creek with water in it. And it goes from the top part, under Halcyon Road, across three other properties that are residential.

I don't believe that is a buffer, a correct buffer. That whole other area that we're talking about in the 9.9 acres is basically a catchment for water. It gets absorbed.

Anything that increases large amounts of houses or parking lots, that water is going to go into that creek. And it's going to endanger those houses that abut them. Also the ones

Page 69

across the street in Halcyon and the ones further on by Perdido Bay.

Thank you.

THE CHAIRMAN: Thank you, sir.

Jennifer Rathbun.

JENNIFER RATHBUN, upon being duly sworn, was examined and testified as follows:

MS. RATHBUN: My name is Jennifer Rathbun. I live at 12075 Lillian Highway.

I am against this proposed change. And many of the things that everybody has already said is -- is -- is good.

Thank you.

THE CHAIRMAN: Okay. Thank you.

E.G. Presley.

E.G. PRESLEY, upon being duly sworn, was examined and testified as follows:

MR. E.G. PRESLEY: I'm Gary Presley. And I live at 12190 Halcyon Drive.

And I stand opposed. And I concur with my neighbors.

Page 70

THE CHAIRMAN: Okay.

MR. E.G. PRESLEY: Thank you.

THE CHAIRMAN: Thank you, sir.

Edward Lance Presley.

EDWARD LANCE PRESLEY, upon being duly sworn, was examined and testified as follows:

MR. EDWARD LANCE PRESLEY: My name is Edward Lance Presley. I live at 9906 Klondike Road, but I grew up on Halcyon Drive, and I currently am a property owner out there.

As a kid, I used to go back there. And there's springs and wetlands back there. And we used to catch all kinds of diverse wildlife; you know, crawfish, strange-looking turtles, and all kinds of stuff.

And so I just -- I wanted to say that all that is -- it's all wetlands. And, you know, I feel like it needs to be preserved.

And I agree with . . . I'm in agreement with everybody else here. Just against this. Thank you.

THE CHAIRMAN: Thank you, sir.

Donna Wood.

Page 71

Don't want to speak? Okay.

Shane Wood also? Decide to speak. Okay.

MS. LINDSAY: Mr. Chairman, while he's on the way up, we do have the staff from the traffic, if you had any questions.

THE CHAIRMAN: Okay. We will get that report after we go through public comment. We're probably going to take a few-minute break after public comment, and then go into finalizing everything.

All right. Mr. Shane Wood.

SHANE WOOD, upon being duly sworn, was examined and testified as follows:

MR. WOOD: Shane Wood. Live at 896 Sterling Way.

And I'm opposed to rezoning. Agreeing with the findings of the staff that it is not consistent with current usage.

I agree the idea of infill is not -- it's not filling light with light. You're putting in something that's totally different and not compatible with the surrounding environment.

Thank you for your time.

Page 72

THE CHAIRMAN: Thank you.

Richard Hawkins.

RICHARD HAWKINS, upon being duly sworn, was examined and testified as follows:

MR. HAWKINS: Richard Hawkins, 950 Joaquin Road.

I had a big, long list, but I -- I threw it out the window.

Couple simple questions. Number one, in this complex, is there going to be just one single entrance or entrance and an egress? I believe that in certain areas you have to have an entrance and an egress with it.

And second question is: Why did the residents -- or why did the residential proposal not go? Why was that not feasible?

You know, these are -- these are some things we'd like to see from him, because if there are two egresses required, then that would put one of the egresses back on Halcyon Boulevard.

THE CHAIRMAN: Okay. Thank you, sir.

And just to remind everybody, we don't

receive a site plan or anything like that when we go through rezoning. That's why we stick to just these five criteria because we don't review the site or any of the accesses. That happens at a DRC process, which is also a public meeting.

Mr. Hammond can choose to respond or not. It's up to him in making his case, but he heard the question here.

Norma Hawkins.

VOICE IN THE AUDIENCE: She's not going to speak.

THE CHAIRMAN: Not speaking. Okay.

Paul Hawkins.

PAUL HAWKINS, upon being duly sworn, was examined and testified as follows:

MR. HAWKINS: Paul Hawkins, 931 Joaquin Way.

And I oppose, on the grounds of meeting criteria.

THE CHAIRMAN: Thank you, sir.

Ellen Rostin.

VOICE IN THE AUDIENCE: I do not wish to

speak today.

THE CHAIRMAN: Okay. I just want to give you the opportunity because if you don't speak here, you can't speak at the Commission chambers.

VOICE IN THE AUDIENCE: All right. Okay. I'll speak, then.

THE CHAIRMAN: Okay. That's why we give you the opportunity, even if you checked the little box.

VOICE IN THE AUDIENCE: Okay.

ELLEN ROSTIN, upon being duly sworn, was examined and testified as follows:

MS. ROSTIN: Hi. I'm Ellen Rostin. I live at 1952 Crown Pointe Boulevard.

And I'm very much opposed to this. This is a nice, residential community. We do not need an apartment building.

Thank you.

THE CHAIRMAN: Thank you.

John Robert.

(No response.)

THE CHAIRMAN: Second call. John Robert.

Okay.

Thomas Haines.

THOMAS HAINES, upon being duly sworn, was examined and testified as follows:

MR. HAINES: Good morning. Thanks for taking the time to allow us to speak.

My name is Thomas Haines. And I live at 730 Halcyon Circle, which is pretty much right across the street from the northern end of this.

And I am opposed to the significant upzoning of this property from MDR. It is not consistent with the purpose and intent of the Land Development Code, and it's not compatible with the surrounding uses.

And I appreciate your time. Thank you.

THE CHAIRMAN: Thank you.

Emily Smith.

EMILY SMITH, upon being duly sworn, was examined and testified as follows:

MS. SMITH: Good morning.

THE CHAIRMAN: Good morning.

MS. SMITH: My name is Emily Smith. I am a mother of five children, ages 5 to 10, 10, 11 and 18. Three of my children are on the autism spectrum.

When my family and I were looking for a place to build our home, we chose Halcyon Circle because we valued the close-knit community and the quietness of the street.

After speaking with some residents, we knew the people of Halcyon Circle would welcome us and provide us with support and a safe place to live. This has proven to be true.

Raising three children with special needs is a privilege and a gift my husband and I have been given. But I am sure you can understand and agree with me that it comes with many challenges.

Our family very much needs a community that gives us a quiet refuge and a place to raise our kids safely.

We have enjoyed these benefits, including my children being able to play and safely ride their bicycles up and down our street without fear of high traffic volume putting them at risk.

Because of this, my family strongly opposes the proposal to rezone the 10 acres attached to our street to commercial property, with the possibility of building an apartment complex or commercial businesses.

Not only does it go against the character of our neighborhood, but it would also create a great safety risk for my children.

The amount of traffic this would bring to our street would decrease the ability for my children to play safely. It would also remove the quiet refuge we so desperately need for our family.

Changing the zoning for the property in question would make it possible for a 25 dwelling -- for 25 dwelling units per acre or 250 units for the 10 acres in question to be built on this property. This may not be the intent of the owners, but it does make it possible.

This is not compatible at all with its surroundings. We are an area -- we are an area dominated by single-family homes.

The possibility to flood our neighborhood with hundreds of people in a concentrated area

does not prove compatible with the character of our neighborhoods.

In addition, our zoned schools, Blue Angel Elementary and Jim Bailey Middle are already at capacity, and this will place more burden, higher class sizes and crowding in an already full school district.

I also would like to respectfully disagree with Mr. Hammond's statement that this area is already set up to expand commercially.

When you drive through our area, it is clearly residential, with a small commercial area concentrated to the west around the intersection of Bauer and Highway 98.

To expand that commercial usage eastward, backing up to and across from the residential neighborhoods would significantly change the character of our area.

The current infrastructure of our neighborhood simply cannot bear the addition of higher concentration of commercial properties.

And I ask you to uphold the character of my neighborhood and protect the safety of my children by voting against this rezoning proposal.

Thank you.

THE CHAIRMAN: Thank you, ma'am.

Michelle Anne Quigley.

(No response.)

THE CHAIRMAN: Second call on Michelle Anne Quigley.

(No response.)

MR. PYLE: Are they aware of it outside?

THE CHAIRMAN: I don't know if these speakers go out there or not.

Okay. Angela Windham.

- - -

ANGELA WINDHAM, upon being duly sworn, was examined and testified as follows:

- - -

MS. WINDHAM: My name is Angela Windham. I live at 8076 Castle Pointe Way.

My husband lives and works in Iraq. He's been there 10 years.

I grew up in this area, within a one-mile radius. I bought my house in Crown Pointe to feel safe. My parents live across the street. Most of my family members live around here.

And living in that neighborhood is my

safety net because my husband's overseas.

And so I agree with everything that everybody has said about having this apartment complex or anything come into our neighborhood and put my risk -- my life at risk, as it already is safe right now. I live in a safe neighborhood with no problems. And I want to keep it that way.

Thank you.

THE CHAIRMAN: Thank you.

And I have a note here from Barbara Lynn that she did not wish to speak. However, knowing that you can't speak at the County Commission unless you speak here, I will give her an opportunity.

Barbara Lynn.

(No response.)

MR. JONES: I think she left.

THE CHAIRMAN: She left?

MR. JONES: Yes, sir.

THE CHAIRMAN: Okay. I just want to make sure we give everybody a chance.

Katelyn Mines.

KATELYN MINES, upon being duly sworn, was examined and testified as follows:

MS. MINES: Good morning.

My name is Katelyn Mines. I live at 898 Miramar Drive. I just recently bought that house a few months ago.

Just want to address two little things that have already kind of been spoken on. When they were talking about the commercial area, which is like Greer's and other places already established, I don't know if they're taking into consideration that, yes, they have access to Lillian Highway.

But also, all of those establishments, such as Tom Thumb, Dollar General, and Greer's, and everybody over there has access to Bauer Road also, which is not a residential road, which I think that probably helps with the traffic issues.

Also, as a previous person has also mentioned, the school district in our area is already very much overpopulated.

And I'm a fourth grade teacher. And I can

tell you right now, when you do have those smaller class sizes, it's just so much better.

And I feel like having so many families, it might be a good thing. But at the same time, it's just going to put so much more pressure not only on traffic but on teachers up the road by having to have these larger classes. And I'm just against it.

Thank you.

THE CHAIRMAN: Thank you.

Thank you for serving as a teacher. That's an important job.

Thomas Hix.

THOMAS HIX, upon being duly sworn, was examined and testified as follows:

MR. HIX: Good morning. My name is Thomas Hix. I reside at 898 Miramar Drive.

I oppose this case, due to the fact that it is not compatible with the surrounding area.

I haven't been here very long, but I've seen that the entire area is just single-dwelling housing.

And I grew up in an area with just

apartment complexes all over the place. And the population it attracts, the people you see, just the overall quality of the area around it just degrades rapidly. And that's not something I want to see for a beautiful neighborhood like Halcyon or Crown Pointe.

And being that I'm going to be transferring to a new command here in October, the traffic is already a worry I have to worry about for my girlfriend and our dog.

I've almost been hit by the traffic, as well as my dog. And that's one concern. And I've seen the people that you get in apartment complexes, especially that dense.

And I am not -- it's not comforting knowing that I'm going to be leaving my dog and my girlfriend here with potentially that population.

So, again, I oppose this, that it is not compatible with the type of population we already have there. And it's a traffic and safety concern as well.

Thank you for your time.

THE CHAIRMAN: Thank you, sir.

Alexis . . . Raine?

VOICE IN THE AUDIENCE: Mines.

THE CHAIRMAN: I'm sorry. I couldn't tell if that was an "R" or what it is, but thank you.

VOICE IN THE AUDIENCE: I'm a sloppy writer.

ALEXIS MINES, upon being duly sworn, was examined and testified as follows:

MS. MINES: My name is Alexis Mines. I live at 1051 Spanish Moss Drive.

I've been here since second grade. I went to Myrtle Grove, Escambia High, Little Flower. This is my home and my area.

And I understand that people own the property and want to develop the property. It's a business. And they're going to make money, but -- and there's nothing wrong with that.

But there are ways to do it without changing the compatibility with the neighborhood because this is not compatible with the surrounding areas.

The businesses across the way all can exit onto Bauer Road, which is totally different than possibly putting them onto Halcyon.

And as you can see, a lot of people here feel very strongly about this. And we're the people who are going to be living with the overcrowded schools, the traffic.

And there's a lot of people turning out. And we do feel very strongly. And I think Mr. Jones has made some very good points about that it's just not compatible.

Thank you.

THE CHAIRMAN: Thank you.

Elliot Bawden.

ELLIOT BAWDEN, upon being duly sworn, was examined and testified as follows:

MR. BAWDEN: Elliot Bawden. I live at 876 Miramar Drive.

I oppose this plan. It basically doesn't conform with the Land Development Code and does not conform to the surrounding area.

You're bringing in a large apartment complex, which means more people will be coming in, obviously. They're going to have multiple visitors there in the house. We don't know who these people are, which will . . . and then

also, with apartment complexes, they usually degrade over time.

People don't have an investment in an apartment. They have an investment in a home or land, but they don't have an investment in an apartment. They're just in and out within a year or two.

So that would degrade -- that degradation of the community around the -- around the complex is going to increase crime. It's going to increase homicides, robberies, aggravated assaults, and other heinous acts.

And then people are going to defend themselves against these people, so more things are going to occur because of these -- or worse things are going to occur because of an apartment complex coming in. So that's -- that's a few of the reasons why I oppose this plan.

And then when you look at the area, it's all residential. It's all single-family homes.

When we look at commercial -- when we look at the commercial side, yeah, Greer's and all that is further down the road. It's not -- it's close but it's not so close that we're . . . I

don't know how to say it, but it's close to us but at the same time, it's not close enough to distort the image of the neighborhood or the surrounding area. So that's why I oppose the plan.

THE CHAIRMAN: Thank you, sir.

Veronica Bawden.

VERONICA BAWDEN, upon being duly sworn, was examined and testified as follows:

MS. BAWDEN: Hello. My name is Veronica Bawden. I live on 876 Miramar Drive in Crown Pointe.

I am opposed. This is not consistent with the development code and not compatible with surrounding uses.

Thank you.

THE CHAIRMAN: Thank you.

Kim Birthright.

KIMBERLY BIRTHRIGHT, upon being duly sworn, was examined and testified as follows:

MS. BIRTHRIGHT: Hi. Good morning.

THE CHAIRMAN: Good morning.

MS. BIRTHRIGHT: My name is Kimberly Birthright. I live at 751 Halcyon Circle.

MR. JONES: Let me help you with the microphone.

MS. BIRTHRIGHT: Thank you.

Sorry. I'm a bit nervous. I don't speak in front of people.

Like I said, I live at 751 Halcyon, which this monstrous build surrounds my home where I have two children that play so nicely outside right now with no worries.

I strongly oppose this for so many reasons that we won't go into today. We'll do that later. It is not consistent with the Land Development Code. It is not compatible with the surrounding area.

I understand and recognize that they bought the land and they want to put something there. I'm okay with putting something there, but not five-story-high apartments, which may possibly -- may or may not happen.

Is it possible that it could be put there? I'm looking at what could -- what could come into my back yard.

Thank you.
THE CHAIRMAN: Thank you so much.
Lupe Birthright.

LUPE BIRTHRIGHT, upon being duly sworn, was examined and testified as follows:

MR. BIRTHRIGHT: Good morning, almost afternoon.
My name is Lupe Birthright. I live at 751 Halcyon Circle in the home I have been or a family member of mine has been in since I was eight years old. I'll be 50 this year. I grew up in that neighborhood.
I strongly oppose the rezoning of this. It does not -- it is not compatible with the current surrounding uses.
The gentleman here -- I'm sorry. I'm bad with names, but the gentleman mentioned the commercial area, and the Greer's traffic, and the Hardee's traffic, and the Waffle House traffic.
In my opinion, that is not additional traffic to Highway 98. That is traffic -- those are stopping points for local -- our local

community. That is a stopping point for the beachgoers going to Perdido Key. That is not additional traffic. Those -- those places don't bring in people.
This is going to potentially bring in 250 more families.
And I do have a question about the trips.
MR. JONES: Mm-hmm.
MR. BIRTHRIGHT: Is it under 600? Above 600? What was that? I was trying to keep up with that. What was . . .
UNIDENTIFIED VOICE: Over 600.
MR. BIRTHRIGHT: Over 600?
UNIDENTIFIED VOICE: Are you talking about meeting the criteria?
MR. BIRTHRIGHT: Clearly. So it has to be under or over?
THE COURT REPORTER: I can't really hear you, ma'am.
UNIDENTIFIED VOICE: It has to be under 600.
MR. JONES: Talking about this.
MR. BIRTHRIGHT: The criteria is to try to be under 600?
THE CHAIRMAN: Okay. Hold on just a

moment, sir.
MR. BIRTHRIGHT: Okay.
THE CHAIRMAN: First of all, was this staff member sworn in at the beginning of the meeting?
MR. JONES: No, she was not.
THE CHAIRMAN: Okay. We'll go ahead and have you sworn in, since you're giving testimony.

TERRI MALONE, upon being duly sworn, was examined and testified as follows:

MS. MALONE: My name is Terri Malone.
THE CHAIRMAN: And your position, Terri, with the county?
MS. MALONE: I am the transportation planner.
THE CHAIRMAN: Okay. All right. Thank you.
Now, sir, go ahead.
MR. BIRTHRIGHT: So it should be under 600?
MS. MALONE: The locational criteria is, if it's under -- it needs to be under 600 for it

to remain and meets locational criteria. It's over 600 [sic].
MR. BIRTHRIGHT: Okay. So it's leaving the complex one trip and coming back one trip?
MS. MALONE: Yes.
MR. BIRTHRIGHT: Okay. So my easy math, 250 places. Everybody's got to go to work. Everybody's got to go to school. That's 500 every day right there. They only have 100 more trips for the day. That's it. That's my easy math, sir, my easy math.
THE CHAIRMAN: Sir, in order to qualify for the criteria, if it exceeds the 600 number, then it qualifies as a traffic generator. Is that what we call it?
MR. JONES: Yes. Yes, sir. Yes, sir. It will meet -- if it meets -- according -- it says proximity to a traffic generator. That will be designated basically as a traffic generator.
Again, meeting that is only one portion of the requirement --
MR. BIRTHRIGHT: Okay. One portion.
MR. JONES: -- for the --
MR. BIRTHRIGHT: Okay.
MR. JONES: Only one portion.

Page 93

MR. BIRTHRIGHT: I was -- it's a -- we're looking for that to be under 600 as a neighborhood, correct?

MS. MALONE: You're talking about supermarket?

MR. BIRTHRIGHT: I mean, for this rezoning, it . . .

THE CHAIRMAN: If he wants to use that as meeting the criteria, it would have to be exceeding the 600.

MR. BIRTHRIGHT: 600. Okay.

THE CHAIRMAN: But I think you may be confused. This is not --

MR. BIRTHRIGHT: I . . .

THE CHAIRMAN: -- the capacity of the roadway.

MR. BIRTHRIGHT: Okay. I understand.

THE CHAIRMAN: That's not what we're talking about.

That comes during the DRC process. They'll look at roadway --

MR. BIRTHRIGHT: Okay.

THE CHAIRMAN: -- capacity, number of trips. This is a technical term that's in that provision that allows businesses to be

Page 94

located --

MR. BIRTHRIGHT: Okay.

THE CHAIRMAN: -- that's why we call it a locational criteria -- near these key elements. And because there's a traffic generator there that is already creating traffic more than 600 trips per day, the gentleman is presenting that he meets the locational criteria because there's already traffic --

MR. BIRTHRIGHT: Right.

THE CHAIRMAN: -- being generated from the --

MR. BIRTHRIGHT: Okay. I just -- I wasn't clear on that.

THE CHAIRMAN: Right.

MR. BIRTHRIGHT: So I just wanted to know as a -- because I know he -- they mentioned Greer's and being additional traffic.

My opinion is, they aren't. It's -- because it's the local community, that doesn't generate additional traffic.

THE CHAIRMAN: Right.

And that's the capacity.

MR. BIRTHRIGHT: Yeah.

THE CHAIRMAN: And, Horace, that's handled

Page 95

through the DRC process; is that right?

MR. JONES: You are correct.

THE CHAIRMAN: Okay.

MR. BIRTHRIGHT: Okay. So -- and then also, as my wife just said, this is going to sit in my back yard. I'm going to be staring at this possible complex every single day. Going to have to do whatever I need to do to maintain our privacy.

And I also have a concern about the gentleman in the green polo mentioned the wetlands.

I already have flooding issues in my back yard because that stream runs right through my back yard, and we already have flooding issues.

So if they started dropping pavement all over the place and creating that, it's just going to increase the issue we already have in our backyard today, so . . .

THE CHAIRMAN: Okay.

MR. BIRTHRIGHT: Yes.

THE CHAIRMAN: Thank you, sir.

And just to address that, in case any of you are thinking about addressing stormwater, again, that is a different process. And they do

Page 96

address stormwater as part of the development review process.

And a project must control their own water on their own property. That's part of the standard, so . . .

MR. JONES: Absolutely.

THE CHAIRMAN: . . . you know, that's -- that's not here. Again, we can only look at these five criteria, so . . .

All right. Robert Johnson.

- - -

ROBERT JOHNSON, upon being duly sworn, was examined and testified as follows:

- - -

MR. JOHNSON: Robert Johnson, 805 Miramar Drive, the owner there of the property.

I just want to go on the record I agree with your staff with B, C, D and E being inconsistent.

I disagree with your staff on A being consistent. If it is consistent with the Comprehensive Plan, I don't believe it's much of a plan.

I guess I would ask a question. There's been a lot of talk here about the 250-unit

Page 97

apartment complex. On the mygovernment.com, I was able to look at the previous proposal, which was a 35- or 38-unit single-family homes that were going in there.

And in terms of this, I can't see any proposal. Is this strictly a zoning issue? So there's no current proposal on the table? Is that --

THE CHAIRMAN: When it comes for zoning, we do not consider any specific use.

MR. JOHNSON: Proposal?

THE CHAIRMAN: Because if it gets approved, anything that can go in that zoning district is approved.

So, I mean, they could come in here and say, I want to do X. If zoning gets approved, once it's approved, anything can go in there.

MR. JOHNSON: Right.

THE CHAIRMAN: So it could change. So that's why we don't --

MR. JOHNSON: Yeah. So --

THE CHAIRMAN: -- move with the actual --

MR. JOHNSON: Yeah. So I guess at this point, there's a lot of -- there's speculation. There's a lot of talk of this 250-unit complex.

Page 98

So I guess the fear is, if it becomes zoned commercial, there is potential that it could go to a 25-density unit per acre, therefore getting up to a 250-unit complex. Is that a true statement, that . . .

THE CHAIRMAN: Well, it would change the zoning to that number of units.

Now, can you feasibly get that on the ground, with all the other requirements that it takes . . .

MR. JOHNSON: Right.

THE CHAIRMAN: . . . to develop the property?

We'd have to see a full site plan and everything --

MR. JOHNSON: Right.

THE CHAIRMAN: -- like that, which we don't review, but --

MR. JOHNSON: Which -- which -- let's say it potentially couldn't get up to 250, but it could if it was supported by the infrastructure that was there or if you get to 180 or whatever the infrastructure is, but you could go maximum density if it went to commercial.

THE CHAIRMAN: This would be the allowable

Page 99

density --

MR. JOHNSON: Right.

THE CHAIRMAN: -- yes.

MR. JONES: Yes.

MR. JOHNSON: Okay. I guess it appears Mr. Hammond made some headway with B in the -- let me get my computer back up just so I can read it -- made some headway with the approximated traffic generator.

The LDC 3.2-1 location criteria. They were trying to meet one of the criteria. And he made it with the proximity to traffic generator.

My argument or my comment on that would be, that may be true. And I think I may agree with that. Without hearing the testimony, I may agree that there's a traffic generator beside that.

However, the very first sentence of that criteria says, "All new nonresidential uses."

So, therefore, I guess I would argue if he's going to use that to try to get this zoning changed, that that would not enable him to put in any type of residential.

So he would not be able to put in a housing complex or apartment complex in there.

Page 100

Is that a correct statement?

THE CHAIRMAN: Horace, I'd like you to respond to that technical . . .

MR. JONES: No, sir.

MR. JOHNSON: No?

MR. JONES: No, sir.

MR. JOHNSON: So the definition of residential is wrong, in my mind.

MR. JONES: Well, apartments -- in our code, apartments are considered residential. If you've got the right zoning and the right future land-use category. So if it is --

MR. JOHNSON: So you're saying apartment complex is residential.

MR. JONES: Yes, sir.

MR. JOHNSON: Okay. So what I'm saying is, the first sentence here in the LDC 3.2-1, location criteria, "All new nonresidential uses proposed within the commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following."

So we're agreeing that he's satisfied one of the following.

Page 101

I'm just merely saying that the very first part of that sentence says, "All new nonresidential."

MR. PYLE: That aren't part of --

MR. JONES: Let me -- let me -- let me provide some clarification on that.

If -- if this was a residential project, by right he would not need to meet the locational criteria because residential uses --

MR. JOHNSON: Okay. I see --

MR. JONES: Yes, sir. That's the --

MR. JOHNSON: I see -- I see what you're saying.

MR. JONES: Yes.

MR. JOHNSON: Okay. I see what you're saying. Okay.

I guess that being said . . . I apologize. You know, most of the -- the residents here are definitely concerned about this.

And I'm sure Mr. Hammond knew that he had to prove A through E. The residents only had to find out that we had to fight A through E this morning, so we're kind of doing that on the fly.

I would also like to mention that I do have some concerns about the notification

Page 102

process. And I'm not saying it necessarily wasn't followed, but I think it needs to be improved.

I agree that it needs to be on multiple streets. It seems like I did see a picture that the sign was up. However, how long that sign stood standing and how it was knocked down, we have no idea. But the notification process was lacking.

Once the community was notified, you can see that they definitely tried to mobilize to get people out here today.

So once again, opposed to the rezoning. Thank you.

THE CHAIRMAN: Thank you, sir.

Any comments?

(No response.)

THE CHAIRMAN: I thought we were going to be able to get through all of the public comment before we took another break here, but I just -- out of respect to the Board members and our court reporter, we're going to have to take a little short break.

Now, we're to going to only take five minutes, so please come back to your seats. In

Page 103

five minutes we're going to get started again.

(Brief recess.)

THE CHAIRMAN: Call back to order for the quasi-judicial hearing for July 6, 2020. And all of our members are back, so we have a quorum.

Our next public speaker is Jennifer Lee Johnson.

- - -

JENNIFER LEE JOHNSON, upon being duly sworn, was examined and testified as follows:

- - -

MS. JOHNSON: Good morning. My name is Jennifer Johnson. I live at 805 Miramar Drive. I do oppose this rezoning.

I agree with everybody that's already spoken, and I'm also going to speak about the Section C, compatibility with the existing environment.

I feel like it is not compatible. All of the aforementioned and existing commercial properties are across the street in a very localized area, not within a neighborhood surrounding it directly.

So if they put that commercial area right

Page 104

in an existing neighborhood, it's going to change the entire environment of the area.

Thank you.

THE CHAIRMAN: Thank you.

This next form says "Rex Jenson for Lisa Palmieri."

Sir, you can only speak on behalf of yourself. You can't speak for someone else. We'll be happy to hear from you, but you can't speak for someone who's not here, so . . .

MR. JENSON: Just for the record -- for the record --

THE COURT REPORTER: Would you like to be sworn first, sir?

MR. JENSON: Absolutely.

- - -

REX JENSON, upon being duly sworn, was examined and testified as follows:

- - -

MR. JENSON: I appreciate that. That was indicated because if there was any reference to the property, I don't show as the owner of that property. However, it's my residence. Lisa is my wife.

THE CHAIRMAN: Okay. That's fine.

MR. JENSON: But I just want to -- that was the clarity.

THE CHAIRMAN: Okay. That's fine. So you're speaking on behalf of yourself?

MR. JENSON: On behalf of me, but believe me, she agrees with what I'm saying.

THE CHAIRMAN: Yes, sir. All right. Okay, sir.

MR. JENSON: I think. She's out working.

I do appreciate the opportunity --

THE CHAIRMAN: Name and address.

MR. JENSON: Sir?

THE CHAIRMAN: Name and address.

MR. JENSON: Oh, I beg your pardon.

My name is Rex, R-e-x. Last name Jenson, J-e-n-s-o-n. And my address is 10860 Silver Creek.

THE CHAIRMAN: Go ahead, sir.

MR. JENSON: I'm going to -- I'm going to agree with the findings that's been made so far. I've heard all the people talking about Greer's, and the traffic, and things like that. I agree with all those statements.

I do want to just indicate on record that -- and just for everybody that -- that I

grew up in California. Apparently there's two of us in the building, maybe three.

But I grew up in California. And the home that I grew up in, I'd love be able to go back and visit that house. Love to.

But a freeway went through it. You can see an embankment. We're about halway through the embankment now. That's where I used to live. Six months old when we moved -- six weeks old when we moved in there. That was 73 years ago.

I think that this is a good process we're going through. We need to be paying attention. Traffic counts are important.

And just for everybody here, pay attention to what they're doing at the dog track, everybody or trying to do.

I thank you for your time. I will stand down now. And I appreciate it.

What I'm really looking forward to is a chance to talk to the Commissioners to get this mess straightened out. Not this one particular one, but this -- this Board and the changing of the zoning to a more intense use before anything else starts to happen makes no sense to me.

Somebody -- I was talking to Mr. Baroco. He doesn't want to build an apartment complex. That's news to me about an apartment complex. And it was news to him, too.

Thank you very much.

THE CHAIRMAN: Thank you, sir.

Trust me: As members of the Board, we've often wondered why the process is done in the order it is as well, but that's the rules at this point.

MR. JENSON: We as voters need to get that fixed, don't we?

THE CHAIRMAN: I think that's a state issue, is it not, Horace?

MR. JENSON: I don't know.

MR. JONES: Yes.

THE CHAIRMAN: A state issue.

MR. JENSON: We as voters need to get that fixed.

THE CHAIRMAN: Raymond Bowne.

- - -

RAYMOND BOWNE, upon being duly sworn, was examined and testified as follows:

- - -

MR. BOWNE: Good morning. My name is Ray

Bowne. I reside at 7928 Amethyst Drive in Crown Pointe Subdivision.

Thank you for the opportunity to share my thoughts this morning.

I am opposed to the rezoning from MDR to commercial. I believe that the area -- or the proposal is not consistent with the Land Development Code or compatible with the surroundings.

Thank you so much.

THE CHAIRMAN: Thank you, sir.

Patricia Cornish.

- - -

PATRICIA CORNISH, upon being duly sworn, was examined and testified as follows:

- - -

MS. CORNISH: Good morning. My name is Patricia Cornish. I live at 765 Miramar Drive.

And I am very much opposed to this rezoning. It is definitely not compatible with the surroundings.

The only commercial is across the street way down, way away. The surrounding area is just definitely residential. There's absolutely no commercial in our area.

And if they did put it in our almost rural area where kids play, people walk their dogs, they jog, and they would not be able to do that anymore. The roads are too -- too narrow. There's no sidewalk. It would just totally change the whole area completely.

Thank you.

THE CHAIRMAN: Thank you.

Steve Cornish.

STEVE CORNISH, upon being duly sworn, was examined and testified as follows:

MR. CORNISH: Hi. My name is Steve Cornish. I live at 765 Miramar Drive.

And I am opposed to the rezoning, based on the criteria of B, C, D and E, as per the recommendation of your staff.

THE CHAIRMAN: Thank you, sir.

Mark Francis.

MARK FRANCIS, upon being duly sworn, was examined and testified as follows:

MR. FRANCIS: Hi. I'm Mark Francis. I

reside at 775 Miramar Drive.

I oppose, based on B, consistent with zoning district provisions, and C, compatibility with surroundings. Thank you.

THE CHAIRMAN: Thank you, sir.

Phillip Kittell.

PHILLIP KITTELL, upon being duly sworn, was examined and testified as follows:

MR. KITTELL: Phillip Kittell, 12230 Halcyon.

A lot's been said this morning which I agree with. Basically, it does not meet the code.

It's a quiet neighborhood, and I . . . I've been on both sides of these issues before, so I understand the landowner's grief.

But I do oppose this.

Thank you for your time.

THE CHAIRMAN: Okay. Thank you, sir.

MR. KITTELL: And thank you for your staff.

THE CHAIRMAN: Lisa Kirkman.

LISA KIRKMAN, upon being duly sworn, was examined and testified as follows:

MS. KIRKMAN: Lisa Kirkman, 12230 Halcyon Drive.

First off, I would like to thank you about the signage issue. I also put the sign up myself after it was mentioned that it was down.

And I would also like to just make a comment that although the code that they're wanting to get the zoning upgraded to is commercial, the slash -- the 25 dwelling units per acre is the sticking point for a lot of people, because it is so diametrically opposed to one thing, commercial versus very high-density dwelling. And so I wish it were two different codes because then we could address you in a very different way.

Mr. Baroco is indicating, from the looks of it, that perhaps not apartments. But if this is passed and he's able to sell the property to someone else, then they have that right automatically. And that is the concern of the people here.

I would like to say that I agree with the points that Allyson made that it's noncompliant. And it is not consistent with the character of our neighborhood.

Thank you.

THE CHAIRMAN: Thank you.

Namrata Advani. Maybe. Did I get close? Sorry.

MS. ADVANI: I get it all the time.

NAMRATA ADVANI, upon being duly sworn, was examined and testified as follows:

MS. ADVANI: My name is Namrata Advani.

THE CHAIRMAN: Thank you.

MS. ADVANI: Very close.

I just wanted to say that I live on 775 Miramar Drive.

And I agree with many of our neighbors here. I'm opposed to this rezoning.

Thank you.

THE CHAIRMAN: Thank you.

Tammy Dyess.

TAMMY DYESS, upon being duly sworn, was examined and testified as follows:

MS. DYESS: Hi. I'm Tammy Dyess. I live at 671 Halcyon Circle.

If you can pull up slide 76. As you can see, our property has a large area that we would be sharing a boundary with us.

And I'm actually in favor for it. My neighbors are all going to hate me.

Something's going to go in there sooner or later. The land's going to get developed. It -- it's got to. So I -- I don't see an issue with it.

I agree with them on the traffic. There is tons of traffic going to Greer's and to Hardee's and to Dollar General.

It is a very populous area. So there is already other traffic there. And I -- I think it will be compatible with the neighborhood if it's done right. So I'm in favor of it.

Thank you.

THE CHAIRMAN: Okay. Thank you.

Michael Dyess.

MR. DYESS: Can you pull up slide 47 for me?

MICHAEL DYESS, upon being duly sworn, was examined and testified as follows:

MR. DYESS: Michael Dyess, 671 Halcyon Circle.

Is that slide 47?

Can you go down one? 48?

Well, no, that -- 47 does it.

Commercial property on the right-hand side, the church, is commercial. That's been completely overlooked.

MS. LINDSAY: HDMU.

MR. DYESS: Isn't that commercial?

MS. LINDSAY: Commercial down there, but the church is up on the other side of Halcyon.

MR. DYESS: Yeah. Same side, next to our property.

MS. LINDSAY: HDMU.

MR. DYESS: We're in the top right corner of that property.

Like my wife said, it's going to get developed. Something's going to happen. We

don't know what's going in there. Everybody's made the assumption they're doing apartments.

I don't like the house behind me. So something's going in. We got to deal with it. We're for it.

My question is: What is going to happen with the properties adjoining this property? If it goes commercial, what's going to happen to mine? Does it stay residential, or can it get in and be commercial also?

MR. JONES: Your property will stay --

VOICE IN THE AUDIENCE: It doesn't affect --

MR. JONES: -- what it is now.

VOICE IN THE AUDIENCE: -- zoning.

UNIDENTIFIED VOICE: Which property is yours?

MR. DYESS: 671.

UNIDENTIFIED VOICE: It doesn't give me a house number. Which one is --

MR. DYESS: It doesn't. That's why I stated northeast corner.

UNIDENTIFIED VOICE: Northeast corner?

MR. JONES: This is a question for --

THE CHAIRMAN: Hold on. Hold on.

THE COURT REPORTER: We can't have everybody talking all at once.

THE CHAIRMAN: We only can have one speaker at a time.

The gentleman's indicated he's in the north --

MR. DYESS: Northeast corner.

THE CHAIRMAN: -- northeast corner.

MR. DYESS: Halcyon Circle --

THE CHAIRMAN: Can you use the pointer, Allyson, and maybe get close to where he's talking about?

MS. LINDSAY: Northeast is this?

MR. DYESS: Go up. Right there. Right there on the corner.

So my question is: If he goes commercial, what am I? Am I stuck residential?

MS. LINDSAY: You are still MDR. The only thing that they're doing today is rezoning that outlined red parcel that I'm pointing --

MR. DYESS: Okay.

MS. LINDSAY: -- from MDR to commercial.

MR. DYESS: Okay. Now, I will say it's a beautiful road, beautiful neighborhood, beautiful people.

Page 117

Stuff changes. That's where I'm at. Appreciate y'all's time.
THE CHAIRMAN: Okay. Thank you.
Jana Graves.

ROSEMARY "JANA" A. GRAVES, upon being duly sworn, was examined and testified as follows:

MS. GRAVES: Hello. My name is Jana Graves. I live at 740 Halcyon Circle.
I've lived there for 22 years. And to me, it's a little spot of heaven. It's wonderful. Great neighborhood. Great people. It's quiet. It's hidden away. Most people don't even know where it is.
I grew up in Warrington, so I'm familiar with Pensacola as a whole. I like the west side of town. It's quiet. It's not overdeveloped.
And this change in zoning is most upsetting to me, very upsetting to my husband. And I totally oppose it because it's not consistent with the Land Development Code or compatible with the surrounding uses.
And I do hope that you will find a way not to change the zoning.

Page 118

Thank you for your time. I appreciate it.
THE CHAIRMAN: Thank you, ma'am.
Karrie Galvano.

KARRIE GALVANO, upon being duly sworn, was examined and testified as follows:

MS. GALVANO: Hi. My name is Karrie Galvano, and I live at 750 Halcyon Circle.
And I oppose the rezoning of this property. I believe on B that it is not consistent with the rezoning district provisions. And I believe that on C, it is not compatible with the surrounding uses.
We have a very nice residential street with single-family homes on it. And you rezone that to commercial, it opens us up to all different possibilities going into our quiet neighborhood.
So I appreciate all the work that the committee did.
And I oppose this
THE CHAIRMAN: Thank you.
Jacob Wagner.
VOICE IN THE AUDIENCE: He had to leave early. But he is against it.
THE CHAIRMAN: Christine M. Schuster.

CHRISTINE M. SCHUSTER, upon being duly sworn, was examined and testified as follows:

MS. SCHUSTER: Hi. I'm Christine Schuster. I live at 12019 Lillian Highway, which is known as Crown Pointe Phase I. So we're the ones that are forgotten, but we are the ones who, when we get up in the morning and look out the front door, are going to see an apartment complex.
And it's very disconcerting. I have petitions here from everyone in my neighborhood, and all the people who were at last Friday's meeting, if anybody would care to take these.
THE CHAIRMAN: Well, we cannot accept petitions from someone who's not attending the meeting because we are in quasi-judicial. So they have to testify on the record.
I'll ask our Board attorney: Are there any exceptions to that, Steve?
MR. WEST: No. You should recognize that petitions are not competent evidence.

Page 119

Page 120

So if you are inclined to receive it, at least just make it part of the record, just recognize that it doesn't have any evidentiary value, nor do general statements of support or opposition.
MS. SCHUSTER: Okay. There's over 40 signatures here.
THE CHAIRMAN: Okay. I'm going to allow the Board to --
MS. SCHUSTER: I mean 80. Sorry.
THE CHAIRMAN: Pleasure of the Board to accept --
MS. SCHUSTER: Can I give this to you?
THE CHAIRMAN: -- based on the advice of the attorney.
Does anyone want to make a motion to accept, or . . .
MR. RUSHING: I move we accept it.
THE CHAIRMAN: Okay.
MR. INGWELL: Second.
THE CHAIRMAN: Motion and a second.
All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
MR. RUSHING: Nay.

MR. PYLE: Nay.
THE CHAIRMAN: Okay. That's two, Mr. Rushing and Mr. Pyle.
Okay. So it still passes.
We'll allow it to be entered. As the attorney indicated, it's not evidentiary. When the folks aren't here to speak for themselves, it's --
MS. SCHUSTER: I have --
THE CHAIRMAN: We'll accept it based on those standards.
MS. SCHUSTER: Our subdivision is only 14 people -- 14 families. Okay. We have 14 families on one-acre-plus lots. Okay. So that's more land than what this apartment complex is going to be dealing with.
And I cannot picture 250 apartment units in our -- our -- our one location. That's a heck of a lot of families living, parking spots, all of that; congestion, confusion, and everything else.
And I consider apartments more of a transient kind of living condition than people who are established in a home that they own. Okay?

That's my own personal feeling. Most people have already discussed all of the different things that I wanted to discuss.
No one's mentioned -- we don't have fire protection. We learned that last Friday. Lillian Fire Company is supposed to be answering fire calls where we live, but they sort of neglected to answer a few. So that's already a severe problem for anybody who lives in our area.
But the one person who spoke here earlier said everything I wanted to say, the mother of the five children. I've lived in Crown Pointe now almost 24 years.
And I've never ever drove down Halcyon. So I made a purposeful little trip in my car down to Halcyon. I turned down there. And I thought, gosh, this place is gorgeous. It is absolutely lovely.
You've got the trees overhead. Everything is so nice. And I'm driving slowly down the street. And here come three adorable little kids riding their bicycles with their helmets on their heads.
And they're waving to me. So of course I

waved back, drove to the end of the street, turned around, and started to go back. And the same three little kids are there waving to me.
And I thought, how nice. What a lovely place to live in where you can let your kids ride their bicycles down the street, not have to worry about them getting hurt. It was really, really . . . I don't know. Made me feel good.
I came home. And the first thing, I started to think about those little kids. And I'm going, who in the world dislikes these people so much that they want to ruin their neighborhood? That's what went through my mind.
Everything else basically that I've had to say -- because I've got lots of things from the people I live with -- have already been addressed.
I think the only thing I want to ask is -- Mr. Hammond here, his traffic study from an aerial view, with one snapshot -- when I was in college, I did traffic studies as part of one of my courses.
And it depends on time of day, day of the week, and what's exactly happening in the area as to why you have so much traffic or so little

traffic. He never said when his snapshot was taken.
If it was on a Friday afternoon or a Friday night when everyone's heading down to Perdido Key to their weekend getaway, you're going to have a lot more people stopping at Greer's picking up groceries for the weekend.
THE CHAIRMAN: Ms. Schuster, your time has expired. I'm going to ask you to wrap up your comments here.
MS. SCHUSTER: Okay. That's basically what I wanted to say. If you're going to do a traffic survey, you've got to do it over a time period so that you know what time what took place because traffic varies.
THE CHAIRMAN: Yes, ma'am.
MS. SCHUSTER: And I've never seen 3,000 people at Greer's in one day.
(Laughter.)
MS. SCHUSTER: Thank you for your time.
THE CHAIRMAN: Thank you for your comments. We appreciate it.
Janet Struck.

Page 125

JANET STRUCK, upon being duly sworn, was examined and testified as follows:

MS. STRUCK: I'm Janet Struck, at 845 Miramar Drive.

And their traffic count -- I hope they're not doing it during the Covid-19 because traffic has been down somewhat. So I hope they wait till that's over to do another.

And we never have heard why the residential did not make it. And if they are going to put in 250 apartments, I . . . either way, I'm against this.

But my property is probably the only way to Perdido Bay, is they would have to come through my property to get into the water.

And that water out there, I've been there for -- at that location 30 years. And Perdido Bay is actually cleaning up some right now. And I'd hate to see it go back to what it was a few years ago.

So that's all I've got to say.

THE CHAIRMAN: Thank you.

Karen Penn.

Page 126

(No response.)

THE CHAIRMAN: Second call Karen Penn.

Nancy Lopez.

(No response.)

THE CHAIRMAN: Nancy Lopez.

(No response.)

THE CHAIRMAN: Okay. All right. Those are all of the signed-up speakers.

Is there anyone who has not spoken yet who would like to speak on this case?

(No response.)

THE CHAIRMAN: All right. Hearing none, we will hereby close the public comment portion of the meeting.

And, Mr. Hammond, if you'll come forward, you'll have an opportunity to discuss some of the issues and close your case.

MR. HAMMOND: Okay. Let me just remind the room that one of us is an expert witness and the rest of them aren't.

VOICE IN THE AUDIENCE: Oh, my God.

DIFFERENT VOICE IN THE AUDIENCE: Geez.

DIFFERENT VOICE IN THE AUDIENCE: Wow.

MR. HAMMOND: Well, you started talking about traffic. So I didn't say I did a traffic

Page 127

count.

I said I looked at the Institute of Traffic Engineers manual where studies have -- they're created over years, of studies about what kind of establishments generate what kind of trips in a day or in a peak hour.

I measured the building. And I applied it to that traffic engineering manual, and came up with a shopping center of that size generates over 3,000 trips per day. That's what happened.

VOICE IN THE AUDIENCE: That's not what you said.

DIFFERENT VOICE IN THE AUDIENCE: No.

THE CHAIRMAN: Okay. Order. We can't have people outbursting. I'm sorry. If you disagree, you just have to keep it to yourself. The gentleman has the floor.

Go ahead, sir.

MR. HAMMOND: It's kind of disturbing how people who live in apartments kind of got vilified also.

Nobody's proposed apartments. We're trying to change the zoning to commercial so it can be -- more likely be purchased. My client's not a developer.

Page 128

They asked about the residential. The site is encumbered by a very odd shape geometrically and wetlands.

The allowable zoning is 10 units per acre. It's 9 acres. 90 lots. Right?

No? What did I turn in? When we turned it in pre-app, 30-something lots. That's because that's all that will fit on it and meet all the other requirements. I'm answering their question is what I'm doing here. Okay?

THE CHAIRMAN: This is concerning why it didn't go --

MR. HAMMOND: Why it didn't work out --

THE CHAIRMAN: -- for a residential subdivision.

MR. HAMMOND: -- right.

So just like they say 250 units, you'd think I'd have got 90 lots on there. But there's all these other rules and regulations that control a development. So you can't get 250 units on it if you want to.

But that is not what we're proposing. We'd like to propose to rezone it to commercial. And it's in a hub where y'all zoned -- the Land Development Code wants these kind of

developments to go.
It's not strip commercial development. It's not the urban sprawl. It's where everything -- that code in the Comprehensive Plan would say put a commercial development.
That's what we're asking for. I'd ask that you accept my findings of fact, and let the chips -- I'll let the chips fall where they fall.
Thank you very much.
THE CHAIRMAN: Allyson, do you have anything additional?
MS. LINDSAY: Yes, sir. I do have Terri Malone here from the Transportation and Traffic Division, and I do have her interoffice memo.
And I would like to see if the Board would accept this into evidence so we could add this to the packet.
THE CHAIRMAN: Okay. Could you describe what the communication is and what it's about, please?
MS. LINDSAY: It's Transportation and Traffic comments for the Z-2020-06.
Do you want me to go ahead and read it?
THE CHAIRMAN: These were comments that

were specifically made for this case by --
MR. JONES: Yes.
THE CHAIRMAN: -- the traffic department --
MR. JONES: Yes, sir.
THE CHAIRMAN: -- indicating -- Okay.
MR. JONES: Yes, sir.
THE CHAIRMAN: I think it would be important to put the key elements in here, yes.
MS. LINDSAY: Okay. So the memo states that Halcyon Circle is a two-lane roadway without paved shoulders. The roadway is approximately 21-feet wide. The right-of-way length is 50 feet.
Halcyon Circle is classified as a local road and is not included in the Florida-Alabama TPO Management Process Plan.
The property in question has frontage on Lillian Highway, which has -- which has 219 daily trips, counts of 20,000 -- as of 2019 daily trip count of 20,000.
The project meets the locational criteria associated with its nearby generator C compatibility and surrounding the Greer's of 600 trips or more.

And that's basically all of the memo. But I do have Terri if you have questions regarding that count.
THE CHAIRMAN: Okay. Let's take care of bringing it into evidence.
The staff is wanting to bring that in as additional evidence in the case. We do have the author here of the memo so if there are questions, if you have any.
The Chair will entertain a motion to accept in as Staff's Exhibit 1, we'll call it.
MR. RUSHING: So moved.
THE CHAIRMAN: Okay. Motion.
Do we have a second?
MR. INGWELL: Second.
THE CHAIRMAN: Any discussion?
(No response.)
THE CHAIRMAN: All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
(Document received in evidence as Staff Exhibit No. 1.)
THE CHAIRMAN: Okay. Do any of you have

any questions concerning that memo, since we have the author here? I think we covered in depth . . .
MR. JONES: Yes.
THE CHAIRMAN: Criterion B. And it's the county's position that a portion of the locational criteria may have been met but not all of it.
Is that still your position?
MR. JONES: Yes, sir.
THE CHAIRMAN: Okay.
MS. LINDSAY: But, sir, because my findings on there said that it did not meet that traffic generator, I would like to revise my comments, due to the fact of the staff letter or memo to file, and then also for the engineer's information.
THE CHAIRMAN: Okay.
MR. JONES: And we will say something like, with the exception of meeting the locational criterion, staff still makes the determination that Criterion B, based upon the full spectrum, does not meet the full spectrum of Criterion B.
But it does meet . . . it does meet the

Page 133

locational criterion portion of the Land Development Code on that E only. I just want to be clear with what it will say.

THE CHAIRMAN: Okay. So the finding will still remain not consistent . . .

MR. JONES: Yes, sir.

THE CHAIRMAN: . . . in clarifying that a portion of it is consistent, based on that information.

MR. JONES: Yes, sir.

THE CHAIRMAN: Okay. Board members, any questions or comments on that?

Mr. Sammons?

MR. SAMMONS: I'd like to understand specifically what it is that it's not meeting.

MR. JONES: Okay. If we can look at it again.

THE CHAIRMAN: Let's bring up the -- what you're looking at there, Horace.

MR. JONES: Yes, sir. It's Criterion B. Criterion B. It says, "The proposed zoning is not consistent with the purpose and intent and with any other zoning establishment provision prescribed by the proposed district in Chapter 3."

Page 134

We already stated that it does meet one portion of your locational criteria. But if you look at the findings -- if you look at the findings, there are other provisions stated inside the Land Development Code per the code -- this is not Horace's opinion -- per the code.

One thing is that -- is that MDR, the intent of MDR is single-family residential uses only. Only. It is limited to single-family residential uses. Okay?

And you are surrounded by MDR zoning. So -- and when you have -- when you have such -- when you have such an up -- substantial upzoning from MDR to commercial, those uses per the -- as Allyson stated, the uses are much more adverse and much more substantial than what is allowed by MDR.

One of the criteria in the Land Development Code is that you want to preserve the -- preserve the establishment of a residential existing neighborhood.

So -- so for what the code does, the code is against -- basically saying that is a violation of zoning principles of B. The code does mention about urban sprawl.

Page 135

So all of those things, with the exception of the locational criterion, which is only one part of it, staff is still making the determination that it does not meet that criterion as well, with the exception of the locational criterion, which is only a portion of it.

THE CHAIRMAN: Is that sufficient? Do you still have questions on it?

MR. SAMMONS: I'll hold it.

THE CHAIRMAN: Okay.

MR. JONES: Yes, sir.

THE CHAIRMAN: Any other questions?

Mr. Hammond, I'll give you the opportunity to rebut any other comments or add additional information, if you like.

MR. HAMMOND: I'm good.

THE CHAIRMAN: Okay.

MR. HAMMOND: Thank you.

THE CHAIRMAN: Okay. Open for discussion, or if someone is ready to make a motion, Chair will entertain.

MR. PYLE: Well, personally, the staff, I think, did a . . . and I respect all the work you put in this. I just think Mr. Hammond had a

Page 136

better case, except for one item. And that's the compatible with surroundings.

I looked at a recent . . . I wouldn't say similar but a recent rezoning that we did. And it was almost the flip opposite; whereas, the commercial on that side of the road would be -- I mean, the residential on that side of the road was commercial. And there was a small pocket of residential.

This is all residential on that one side of the road, but I will tell you that Mr. Hammond has made it very difficult.

But I would . . . like I said, based on item C alone, I would vote on denying Z-2020-06.

THE CHAIRMAN: Okay. Is that a formal motion?

MR. PYLE: Yes, it is.

THE CHAIRMAN: All right. Thank you for providing all the staff's findings of fact. And you specifically mentioned C.

All right. Is there a second for the motion to deny?

(No response.)

THE CHAIRMAN: Call again for a second for motion to deny.

MR. RUSHING: I'll second the motion.
THE CHAIRMAN: Okay. Any further discussion?
(No response.)
THE CHAIRMAN: All those in favor of denial, say "aye."
(Three "ayes.")
THE CHAIRMAN: Opposed?
(Two "ayes.")
THE CHAIRMAN: So was that three?
MR. JONES: Can we do a show of hands? Because when you were speaking, we heard noise in the background.
Can we have a show of hands, please?
THE CHAIRMAN: In favor of the motion to deny?
(Mr. Pyle, Mr. Ingwell and Mr. Briske.)
THE CHAIRMAN: And opposed?
(Mr. Sammons and Mr. Rushing.)
THE CHAIRMAN: Okay. Motion carries for denial.
Mr. Hammond, I know you know the process. You have opportunity to go in front of the Commissioners and state your case.
I would like to say I'm with Mr. Pyle. I

think the locational criteria was my hangup on the case. So compatibility with the surrounding uses. I'm sorry. I said locational criteria.
MR. JONES: Compatibility.
THE CHAIRMAN: Compatibility with the surrounding uses.
MR. JONES: Yes.
THE CHAIRMAN: All right. With that, that concludes the case. All of you -- when will this go to the County Commission?
MS. LINDSAY: August 6th.
THE CHAIRMAN: Okay. August 6th, folks.
The Commission has the right and the opportunity to change the recommended order of the Planning Board. So just because a motion was made here, that's a recommended order. The County Commissioners have the final say.
And I would recommend that any of you that spoke either in favor of or against attend that meeting. It would be important for the Commissioners to hear your position.
All right. With that, we will hereby close the quasi-judicial portion of our meeting today.
(Hearing concluded at 12:30 p.m.)

Planning Board-Rezoning **7. B.**

Meeting Date: 07/06/2020
CASE : Z-2020-06
APPLICANT: Tom Hammond, Agent for Anthony Baroco, Owner
ADDRESS: Halcyon Circle
PROPERTY REF. NO.: 26-2S-31-1000-004-001
FUTURE LAND USE: MU-S, Mixed Use Suburban
DISTRICT: 1
OVERLAY DISTRICT: N/A
BCC MEETING DATE: 08/06/2020

SUBMISSION DATA:
REQUESTED REZONING:

FROM: MDR, Medium Density Residential district (ten du/acre)

TO: Com, Commercial (25 du/acre)

RELEVANT AUTHORITY:

(1) Escambia County Comprehensive Plan
(2) Escambia County Land Development Code
(3) Board of County Commissioners of Brevard County v. Snyder, 627 So. 2d 469 (Fla. 1993)
(4) Resolution 96-34 (Quasi-judicial Proceedings)
(5) Resolution 96-13 (Ex-parte Communications)

APPROVAL CONDITIONS

Criterion a., LDC Sec. 2-7.2(b)(4)
Consistent with Comprehensive Plan
The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

CPP FLU 1.3.1 Future Land Use Categories. The Mixed-Use Suburban (MU-S)

Future Land Use (FLU) category is intended for a mix of residential and nonresidential uses while promoting compatible infill development and the separation of urban and suburban land uses. Range of allowable uses include: Residential, Retail and Services, Professional Office, Recreational Facilities, Public and Civic. The maximum residential density is twenty five dwelling units per acre.

FLU 1.1.9 Buffering. In the LDC, Escambia County shall ensure the compatibility of adjacent land uses by requiring buffers designed to protect lower intensity uses from more intensive uses, such as residential from commercial. Buffers shall also be used to protect agricultural activities from the disruptive impacts of nonagricultural land uses and protect nonagricultural uses from normal agricultural activities.

FINDINGS

The proposed amendment to Com **is consistent** with the intent and purpose of Future Land Use category MU-S as stated in CPP FLU 1.3.1 which allowes a mix of residential and non-residential uses. Buffering will be required to protect the residential uses from the more intense commercial activites, which will be reviewed during the site plan review process.

Criterion b., LDC Sec. 2-7.2(b)(4)

Consistent with The Land Development Code

The proposed zoning **is not** consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

Sec. 3-2.7 Medium Density Residential district (MDR).

(a) Purpose. The Medium Density Residential (MDR) district establishes appropriate areas and land use regulations for residential uses at medium densities within suburban or urban areas. The primary intent of the district is to provide for residential neighborhood development in an efficient urban pattern of well-connected streets and at greater dwelling unit density than the Low Density Residential district. Residential uses within the MDR district are limited to single-family and two-family dwellings. The district allows non-residential uses that are compatible with suburban and urban residential neighborhoods.

LDC Sect. 3-2.10 Com

(a) Purpose. The Commercial (Com) district establishes appropriate areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. To maintain compatibility with surrounding uses, all commercial operations within the Commercial district are limited to the confines of buildings and not allowed to produce undesirable effects on surrounding property. To retain adequate area for commercial activities, new and expanded residential development within the district is limited, consistent with the Commercial (C) future land use category

LDC 3-2.10 Location criteria. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following location criteria:
(1) Proximity to intersection. Along an arterial or collector street and within one-quarter mile of its intersection with an arterial street.
(2) Proximity to traffic generator. Along an arterial or collector street and within a one-quarter mile radius of an individual traffic generator of more than 600 daily trips, such as an apartment complex, military base, college campus, hospital, shopping mall or similar generator.
(3) Infill development. Along an arterial or collector street, in an area where already established non-residential uses are otherwise consistent with the Commercial district, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.
(4) Site design. Along an arterial or collector street, no more than one-half mile from its intersection with an arterial or collector street, not abutting a single-familyresidential zoning district (RR, LDR or MDR), and all of the following site design
conditions:
a. Any Intrusion into a recorded subdivision is limited to a corner lot.
b. A system of service roads or shared access is provided to the maximum extent made feasible by lot area, shape, ownership patterns, and site and street characteristics.
c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

FINDINGS
The proposed amendment **is not** consistent with the intent and purpose of the Land Development Code due to the following reasons below.
The requested zoning to commercial would allow uses ranging from neighborhood commercial to light industrial and the intent of the MDR zoning is to allow for residential neighborhood development limited to single-family and two-family dwellings.
Further more, the site and building requirements for Commercial will be a substantial increase in density from 10 dwelling units per acre to 25 dwelling units per acre.
The property has addressed street frontage along Halcyon, a local roadway with the southern portion of the property facing Lillian highway, an arterial roadway. Although the property is within one quarter mile of its intersection with Bauer road, the roadway classification for Bauer is a collector not arterial as noted in LDC 3-2.10(e)(1). If the request to commercial is approved, this would allow for intense commercial activity to ingress/egress the local road currently utilized by an

existing residential neighborhood. The majority of parcels adjacent to and around the subject property are zoned MDR. There are four commercially zoned parcels and two parcels of HDMU located across Lillian, there are four HDMU parcels adjacent to and to the west of the property. There is Crown Pointe, a residential subdivision to the east, zoned HC/LI. Vacant parcels would not count towards infill, as their uses are subject to their zoning designation.
There isn't enough commercial developments in the area to consider the change to be infill as listed in the criteria in 3-2.10(e)(3). It is however within proximity to a traffic generator as stated in the memo from Transportation and Traffic Operations Department, however it is not consistent with the intent and purpose and other provisions listed in the Land Development Code .
A commercial use would not be similar in intensity or density to the surrounding residential parcels, contributing to strip commercial development and create adverse impacts on the residence in this area.

Criterion c., LDC Sec. 2-7.2(b)(4)

Compatible with surrounding uses

All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

FINDINGS

The proposed amendment **is not** compatible with surrounding existing uses in the area.
Within the 500 radius impact area, staff observed properties with zoning districts MDR, HDMU, Com, and HC/LI. There are single-family, a church, a commerce park consisting of retail sales and services. and vacant parcels in the area of the subject property. While there are HC/LI zoned parcels to the east, the use is residential in the form of a platted subdivision. The request to commercial would be a substantial upzoning that will impact the well established residential development. Being that the surrounding uses are primarily residential, changing the subjet property to commercial would not be compatible to the current zoning of MDR.

Criterion d., LDC Sec. 2-7.2(b)(4)

Appropriate if spot zoning. Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an

appropriate site specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

FINDINGS

The request to change the zoning to Commercial **is** spot zoning due to the fact adjacent parcels are currently zoned MDR and HDMU, with the only commercial zoning across Lillian Highway to the south. A request to change the zoning to commercial would substantially increase the density more than the adjacent properties and would not be transitional in character. Commercial zoning provides transitions between areas zoned or used as high density mixed-use, heavy commercial , or industrial, which is not dominate in the area. Commercial zoning would allow more intense uses not allowed by parcels of residential zoning, therefore the request to commercial **would not contribute** to a logical and orderly development.

Criterion e., LDC Sec. 2-7.2(b)(4)

Appropriate with changed or changing conditions.

If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

FINDINGS

There has been **no change** or additions to the land uses or in the area surrounding the the subject property and allowing the request to Commercial will allow more intense development for the surrounding residential uses, contributing to urban sprawl.

HEI Project No. 19-030

Dear Allyson:

The above referenced parcels currently have a zoning of MDR and has not been developed. The parcel is located between Hwy 98 and Halcyon Circle just east of the Hwy 98/Bauer Road intersection in Escambia County, FL. We request the parcels be re-zoned to COM.

We have attached all of the required items listed on the re-zoning application. Please review these items and provide the county's findings at your earliest convenience. Should you have questions or comments, please give us a call.

Sincerely,

HAMMOND ENGINEERING, INC.

D. Is the subject property developed (if yes, explain): vacant & undeveloped

E. Sanitary Sewer: X Septic: _____

3. Amendment Request

Approval conditions. The applicant has the burden of presenting competent substantial evidence to the reviewing board establishing that the requested zoning district would contribute to or result in a logical and orderly development pattern. The appropriate surrounding area within which uses and conditions must be considered may vary with those uses and conditions and is not necessarily the same area required for mailed notification. A logical and orderly pattern shall require demonstration of each of the following conditions:

Please address *ALL* the following approval conditions for your rezoning request. (use supplement sheets as needed)

a. Consistent with Comprehensive Plan. The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

PLEASE SEE ATTACHED

b. Consistent with zoning district provisions. The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3

PLEASE SEE ATTACHED

c. **Compatible with surroundings.** All of the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

PLEASE SEE ATTACHED

d. **Appropriate if spot zoning.** Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site-specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

PLEASE SEE ATTACHED

e. **Appropriate with changed or changing conditions.** If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

PLEASE SEE ATTACHED

4. Please complete the following Forms: Concurrency Determination Acknowledgement and Affidavit of Owner/Limited Power of Attorney (if applicable).

CONCURRENCY DETERMINATION ACKNOWLEDGMENT

Property Reference Number(s): 26-2S-31-1000-004-001

Property Address: HALCYON CIRCLE

I/We acknowledge and agree that no future development for which concurrency of required facilities and services must be certified shall be approved for the subject parcel(s) without the issuance of a certificate of concurrency for the development based on the actual densities and intensities proposed in the future development's permit application.

I/We also acknowledge and agree that approval of a zoning district amendment (rezoning) or Future Land Use Map amendment does not certify, vest, or otherwise guarantee that concurrency of required facilities and services is, or will be, available for any future development of the subject parcels.

I/We further acknowledge and agree that no development for which concurrency must be certified shall be approved unless at least one of the following minimum conditions of the Comprehensive Plan will be met for each facility and service of the County's concurrency management system prior to development approval:

a. The necessary facilities or services are in place at the time a development permit is issued.

b. A development permit is issued subject to the condition that the necessary facilities and services will be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

c. For parks and recreation facilities and roads, the necessary facilities are under construction at the time the development permit is issued.

d. For parks and recreation facilities, the necessary facilities are the subject of a binding executed contract for the construction of the facilities at the time the development permit is issued and the agreement requires that facility construction must commence within one year of the issuance of the development permit.

e. The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.3220, F.S., or as amended, or an agreement or development order issued pursuant to Chapter 380, F.S., or as amended. For wastewater, solid waste, potable water, and stormwater facilities, any such agreement will guarantee the necessary facilities and services to be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

f. For roads, the necessary facilities needed to serve the development are included in the first three years of the applicable Five-Year Florida Department of Transportation (FDOT) Work Program or are in place or under actual construction no more than three years after the issuance of a County development order or permit.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 1st DAY OF MAY, YEAR OF 2020.

5. Submittal Requirements

A. _____ Completed application: All applicable areas of the application shall be filled in and submitted to the Planning and Zoning Department, 3363 West Park Place, Pensacola, FL 32505.

B. _____ Application Fees: To view fees visit the website: http://myescambia.com/business/ds/planning-board or contact us at 595-3547

Note: Application fees include a $5 technical fee. Cost of the public notice mailing is to be borne by the applicant. Payments must be submitted prior to 3 pm of the closing date of acceptance of application. Please make checks payable to Escambia County. MasterCard and Visa are also accepted (a 3% fee will be added for credit card payments).

C. _____ Legal Proof of Ownership (ex: copy of Tax Notice or Warranty Deed) **AND** a Certified Boundary Survey (Include Corporation/LLC documentation if applicable.)

D. _____ Compatibility Analysis (if applicable): If the subject property does not meet the roadway requirements of Locational Criteria, a compatibility analysis prepared by the applicant is required to provide substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria. (See "Documented Compatibility" within the request zoning district of the LDC.)

E. _____ Signed and Notarized Affidavit of Owner/Limited Power of Attorney AND Concurrency Determination Acknowledgement (pages 4 and 5).

By my signature, I hereby certify that:

1) I am duly qualified as owner(s) or authorized agent to make such application, this application is of my own choosing, and staff has explained all procedures relating to this request; and

2) All information given is accurate to the best of my knowledge and belief, and I understand that deliberate misrepresentation of such information will be grounds for denial or reversal of this application and/or revocation of any approval based upon this application; and

3) I understand that there are no guarantees as to the outcome of this request, and that the application fee is non-refundable; and

4) I authorize County staff to enter upon the property referenced herein at any reasonable time for purposes of site inspection and authorize placement of a public notice sign(s) on the property referenced herein at a location(s) to be determined by County staff; and

5) I am aware that Public Hearing notices (legal ad and/or postcards) for the request shall be provided by the Development Services Bureau.

Re-zoning Criteria

A. Consistency with the Comprehensive Plan

The parcel is located in the Mixed Use- Suburban (MU-S) Future Land Use District which allows for commercial and residential uses as stated in the Comprehensive Plan, Chapter 7, FLU 1.3.1
FLUM Mixed-Use Suburban (MU-S)
General Description: Intended for a mix of residential and non-residential uses While promoting compatible infill development and the separation of urban and suburban land uses.
Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture.
Standards:
Residential Maximum Density: 25 du/acre
Non-Residential Minimum Intensity: None
Maximum Intensity: 1.0 Floor Area Ratio (FAR)
Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:
a) Residential 8% to 25%
b) Public/Rec/Inst. 5% to 20%
c)Non-Residential:
Retail Service-30% to 50%
Office-25% to 50%
In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:
a) Residential 70% to 85%
b) Public/Rec/Inst. 10% to 25%
c)Non-Residential 5% to 10%

The proposed re-zoning is consistent with the Comprehensive Plan.

B. Consistency with Zoning District provisions

The proposed re-zoning of the subject parcel to COM (Commercial) meets the LDC, Article 2, Section 3-2.10 (f):

Rezoning to commercial. Commercial zoning may be established only within the mixed-use suburban (MU-S) mixed-use urban (MU-U), or commercial (C) future land use categories. The district is appropriate to provide transitions between areas zoned or used as high density mixed-use and areas zoned or used as heavy commercial or industrial. Rezoning to commercial is subject to the same location criteria as any new nonresidential use proposed within the commercial district.

The proposed re-zoning is consistent with the Land Development Code.

C. Compatibility with surroundings

The parcel is bordered by MDR & HDMU zoned parcels. Most of the adjoining parcels are developed as single-family residential homes and one of the parcels is not developed. The parcels southwest property corner is 360' from the centerline intersection of Bauer Road (collector) and Hwy 98 (arterial).

The subject parcel is directly across the street from a 34,000 + sf Greer's Cash Saver Market. According to the ITE Trip Generation Manual 9th Edition, Code 864, Page 1690, Discount Supermarkets generate 90.86 trips per 1000 sf per day. In this case, Greer's generates 3,089 trips per day. According to LDC, Article 2, Section 3-2.10 (e) (2), commercial developments meet locational criteria if the parcel is along an arterial road within a ¼ mile of a traffic generator of 600 daily trips or more. The proposed rezoning meets locational criteria for commercial zoning. Please see attached.

There is also a Hardees fast food restaurant, a Tom Thumb convenience store, and a Dollar General store located in close proximity and all centered around the Hwy 98 and Bauer Road intersection.

The parcel is encumbered by a large area of jurisdictional wetlands along the northern boundaries. These areas are to remain and will provide substantial buffering between existing residential uses and proposed commercial uses on the subject parcel.

The proposed re-zoning is compatible with the surrounding uses.

D. Appropriate if Spot Zoning

The proposed rezoning would result in spot zoning as defined in chapter 6 of the LDC because all of the commercial zoned parcels are across the street and are not "contiguous" to the subject parcel.

However as demonstrated above, the parcel is located along an arterial road, within ¼ mile intersection with a collector road, across the street from a traffic generator, and in close proximity to other commercial developments. The parcel meets the county locational criteria requirements for commercial development.

The subject parcel is located in the exact type location Escambia County requires for commercial development

Proposed re-zoning would create an appropriate "spot zoning" situation.

E. Appropriate with changed or changing conditions

We are not aware of any known or changed conditions that would affect the proposed rezoning request.

Chamber Rules

1. All who wish to speak will be heard.
2. You must sign up to speak. This form must be filled out and given to the Clerk in order to be heard.
3. When the Chairman calls you to speak, come to the podium, adjust the microphone so you can be heard, then state your NAME and ADDRESS for the record.
4. Please keep your remarks BRIEF and FACTUAL.
5. Everyone will be granted uniform time to speak (normally 3 - 5 minutes).
6. Should there be a need for information to be presented to the Board, please provide 13 copies for distribution. The Board will determine whether to accept the information into evidence. Once accepted, copies are given to the Clerk for Board distribution.
7. During quasi-judicial hearings (i.e., rezonings), conduct is very formal and regulated by Supreme Court decisions. Verbal reaction or applause is not appropriate.

Chamber Rules

1. All who wish to speak will be heard.
2. You must sign up to speak. This form must be filled out and given to the Clerk in order to be heard.
3. When the Chairman calls you to speak, come to the podium, adjust the microphone so you can be heard, then state your NAME and ADDRESS for the record.
4. Please keep your remarks BRIEF and FACTUAL.
5. Everyone will be granted uniform time to speak (normally 3 - 5 minutes).
6. Should there be a need for information to be presented to the Board, please provide 13 copies for distribution. The Board will determine whether to accept the information into evidence. Once accepted, copies are given to the Clerk for Board distribution.
7. During quasi-judicial hearings (i.e., rezonings), conduct is very formal and regulated by Supreme Court decisions. Verbal reaction or applause is not appropriate.

☑ would like to be notified of any further action related to the public hearing item.

☐ do not wish to speak but would like to be notified of any further action related to the public hearing item.

*All items with an asterisk * are required.*

****

Chamber Rules

1. All who wish to speak will be heard.
2. You must sign up to speak. This form must be filled out and given to the Clerk in order to be heard.
3. When the Chairman calls you to speak, come to the podium, adjust the microphone so you can be heard, then state your NAME and ADDRESS for the record.
4. Please keep your remarks BRIEF and FACTUAL.
5. Everyone will be granted uniform time to speak (normally 3 - 5 minutes).
6. Should there be a need for information to be presented to the Board, please provide 13 copies for distribution. The Board will determine whether to accept the information into evidence. Once accepted, copies are given to the Clerk for Board distribution.
7. During quasi-judicial hearings (i.e., rezonings), conduct is very formal and regulated by Supreme Court decisions. Verbal reaction or applause is not appropriate.

Chamber Rules

1. All who wish to speak will be heard.
2. You must sign up to speak. This form must be filled out and given to the Clerk in order to be heard.
3. When the Chairman calls you to speak, come to the podium, adjust the microphone so you can be heard, then state your NAME and ADDRESS for the record.
4. Please keep your remarks BRIEF and FACTUAL.
5. Everyone will be granted uniform time to speak (normally 3 - 5 minutes).
6. Should there be a need for information to be presented to the Board, please provide 13 copies for distribution. The Board will determine whether to accept the information into evidence. Once accepted, copies are given to the Clerk for Board distribution.
7. During quasi-judicial hearings (i.e., rezonings), conduct is very formal and regulated by Supreme Court decisions. Verbal reaction or applause is not appropriate.

BOARD OF COUNTY COMMISSIONERS
ESCAMBIA COUNTY, FLORIDA

INTEROFFICE MEMORANDUM

TO: **Andrew Holmer, Division Manager**
Development Services Department

FROM: **Terri V. Malone, AICP, Transportation Planner**
Transportation & Traffic Operations Division

DATE: **June 29, 2020**

RE: **Transportation & Traffic Operations (TTO) Comments – Z-2020-6**

TTO Staff has reviewed the Rezoning Case Z-2020-6 Halcyon Circle (MDR to COM), agenda item for the Planning Board meeting scheduled for July 2, 2020. Please see the below comments.

Halcyon Circle is a 2-lane roadway without paved shoulders. The roadway is approximately 21 feet wide. The right-of-way width is 50 feet.

Halcyon Circle is classified as a local road and is not included in the Florida-Alabama TPO's Congestion Management Process Plan. The property in question has some frontage on Lillian Highway which has 2019 daily traffic count of 20,000.

The project meets the locational criteria associated with a nearby generator - C. Compatibility with Surroundings (Greer's) of 600 daily trips or more.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18258 **Growth Management Report 12. 2.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 08/06/2020
Issue: 5:45 p.m. - Amendment to the Official Zoning Map
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:45 p.m. A Public Hearing for Consideration for Adopting an Ordinance Amending the Official Zoning Map

That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning cases heard by the Planning Board on July 6, 2020, and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

BACKGROUND:

Rezoning cases Z-2020-05 and Z-2020-06 were heard by the Planning Board on July 6, 2020. Under the Land Development Code (LDC), the Board of County Commissioners reviews the record and the recommended order of the Planning Board and conducts a Public Hearing for adoption of the LDC Zoning Map Amendment.

As a means of achieving the Board's goal of "decreasing response time from notification of citizen needs to ultimate resolution," the Board is acting on both the approval of the Planning Board's recommendation and the LDC Map Amendment for this month's rezoning cases.

The previous report item addresses the Board's determination regarding the Planning Board's recommendation. This report item addresses only the Public Hearing and adoption of the Ordinance amending the LDC Official Zoning Map.

BUDGETARY IMPACT:

No budgetary impacts are expected as a result of the recommended Board action.

LEGAL CONSIDERATIONS/SIGN-OFF:

A copy of the standardized Ordinance has initially been provided to the County Attorney's office for review regarding compliance with rezoning requirements in Florida Statutes and the Land Development Code.

PERSONNEL:

No additional personnel are anticipated for the implementation of this recommended Board action.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board Chairman will need to sign the Ordinance to amend the Official Zoning Map.

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the Land Development Code Official Zoning Map, will be filed with the Department of State following adoption by the Board.

This proposed Ordinance was prepared by the Development Services Department in coordination with the County Attorney's Office, and interested citizens. The Development Services Department will ensure proper advertisement.

Draft Ordinance

ORDINANCE NUMBER 2020-_____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART III OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE LAND DEVELOPMENT CODE OF ESCAMBIA COUNTY, FLORIDA, AS AMENDED; AMENDING CHAPTER 3, ARTICLE 1, SECTION 3-1.3(b), THE OFFICIAL ZONING MAP; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. Purpose and Intent.

The Official Zoning Map of Escambia County, Florida, as adopted by reference and codified in Part III of the Escambia County Code of Ordinances, the Land Development Code of Escambia County, Florida, as amended: Chapter 3, Article 1, Section 3-1.3(b), and all notations, references and information shown thereon as it relates to the following described real property in Escambia County, Florida, is hereby amended, as follows.

Case No.:	**Z-2020-05**
Address:	8838 Fowler Avenue
Property Reference No.:	10-1S-30-1101-081-001
Property Size:	2.40 (+/-) acres
From:	HDMU, High Density Mixed-use district (25 du/acre)
To:	HC/LI-NA, Heavy Commercial and Light Industrial district, prohibiting the subsequent establishment of any microbreweries, microdistilleries, microbreweries, bars, nightclubs, or adult entertainment uses (25 du/acre)

Case No.:	**Z-2020-06**
Address:	Halcyon Circle
Property Reference No.:	26-2S-31-1000-004-001
Property Size:	9.99 (+/-) acres
From:	MDR, Medium Density Residential district (10 du/acre)
To:	Com, Commercial district (25 du/acre)

DRAFT

Section 2. Severability.

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 3. Inclusion in Code.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by F.S. § 125.68; and that the sections, subsections and other provisions of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 4. Effective Date.

This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED by the Board of County Commissioners of

Escambia County Florida, this _____day of _____, 2020.

RECOMMENDATION:

5:46 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map - SSA-2020-02

That the Board review and recommend to the Board of County Commissioners (BCC) for adoption, an Ordinance amending the Future Land Use (FLU) Map for a Small Scale Amendment, SSA-2020-02, changing the Future Land Use category of a parcel within Section 34, Township 2S, Range 30W, Parcel # 0061-000-002, totaling 7.5 (+/-) acres, located on Westover Street, from Commercial (C) to Mixed-Use Suburban (MU-S).

BACKGROUND:

The small-scale amendment to the Future Land Use (FLU) map of the County proposes to change the FLU category of a parcel on a 7.5 (+/-) acres from commercial (C) to Mixed-Use Suburban.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

This Ordinance amending the FLUM of the Comprehensive Plan will be filed with the Department of State following adoption by the BCC. Implementation of this Ordinance will consist of an amendment to the FLUM and distribution of a copy of the adopted Ordinance to staff and interested citizens. The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Re: Future Land Use Map Amendment Request
Westover Street
Our Project Number 2004

Development Services:

Please accept this letter as our request for a map amendment for the referenced parcel.

The Owner is:

Area Housing Commission
1920 W. Garden Street
Pensacola, FL 32502
(850) 438-8561

The reason for the request: Currently the parcel's Future Land Use is Commercial. The Owner wants to build affordable housing on the parcel. It is adjacent to a similar parcel with affordable housing owned by the Area Housing Commission. Commercial is not the appropriate FLU, as the envision project is for housing only. The density for COM is 25 units per acre.

The requested FLU category is MU-S. Mixed-Use Suburban. The density is 25 units per acre. The project will not contain any retail elements.

I will act as the Owner's agent:

Parcel # 34-2S-30-0061-000-002

Project Address: Westover Street

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 31st **DAY OF** March **, 20** 20

Data and Analysis

Westover Site

1. Existing Infrastructure

A. Sanitary Sewer – letter of availability by ECUA attached

B. Solid Waste Disposal – solid waste disposal is available through private carriers

C. Potable Water – letter from ECUA attached

D. Stormwater management – the site was formerly used by FEMA trailers. It has a stormwater permit from the County and the Water Management District. Even though the trailers have been removed, the stormwater system remains. We estimate that the proposed project will not increase the amount of impervious cover on the site, as the FEMA trailers were located on an asphalt pad covering almost the entire site.

E. Traffic – This site is located on Westover Avenue adjacent to Mobile Highway and the New Warrington Spur. Westover Avenue is an existing local roadway that connects directly to a Principal Arterial (Mobile Highway). The existing Average Annual Daily Traffic (AADT) is 4,498 (two- way). Generally, this volume is considered low and would provide an uninterrupted level of service. The proposed FLU Amendment would not increase the proposed existing residential density of 25 du/acre. The trip generation extrapolated from the ITE Manual, based upon maximum density considerations, would be approximately 1232 trips/day with a peak hour rate of 108 trips/hour. This existing transportation infrastructure has sufficient capacity to accommodate this proposed FLU Amendment. The existing traffic count map is attached.

F. Recreation and Open Space – The project will include a children's playground.

G. Schools – Letter from the Escambia County School Board is attached.

2. Proximity and impact on the following:

A. Wellheads – the site is within the 20-year time of travel calculation for the Lilian Well, located near the intersection of Lilian Hwy and Mobile Highway. See the attached screen scan. The proposed use, MU-S, does not propose any use that would be prohibited from the 20-year time-of-travel radius.

B. Historically significant sites – see the attached report. No historically significant sites were found to be located on this previously developed site.

DEVELOPMENT SERVICES, LLC
SITE - CIVIL ENGINEERS

1550 Creighton Rd Suite 1
Pensacola, FL. 32504
850-332-6288

C. Natural resources – no wetlands are located on the site. It has an existing stormwater permit that would have described any on-site wetlands.

3. Consistency with the Existing Escambia County Comprehensive Plan

The request is to change the FLUM from Commercial to Mixed-Use Suburban. See the two paragraphs below, describing the two designations and their criteria.

The reason for the request pivots on the wording that is intended for Commercial FLU to be primarily commercial uses, but at the same time allows housing at the same density as Mixed-Use Suburban. The request (MU-S) is less intensive than the current designation (COM). See the two descriptions, below:

FLUM Mixed-Use Suburban (MU-S) General Description: Intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses. Range of Allowable Uses: Residential, retail services, professional office, recreational facilities, public and civic. Standards: Residential Minimum Density: 2 du/acre Maximum Density: 25 du/acre Non-Residential Minimum Intensity: None CP7:4 Maximum Intensity: 1.0 Floor Area Ratio (FAR) Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:

a) Residential 8% to 25%

b) Public/Rec/Inst. 5% to 20%

c) Non-Residential: Retail Service-30% to 50% Office-25% to 50%

FLUM Commercial (C) General Description: Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development. Range of Allowable Uses: Residential, retail and services, professional office, light industrial, recreational facilities, public and civic.

Standards:

Residential Minimum Density: None

Maximum Density: 25 du/acre

Non-Residential Minimum Intensity: None Maximum Intensity: 1.0 Floor Area Ratio (FAR)

The site is adjacent to the west to an existing housing facility owned by the Area Housing Commission. To the north is a Walgreens and other retail. Across Mobile Highway to the east is retail, and to the south is a single-family subdivision separated from this property by a buffer of large trees.

THE ABOVE DESCRIBED PARCEL OF LAND IS SITUATED IN SECTION 34, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA AND CONTAINS 6.262 ACRES.

PARCEL "C":
COMMENCE AT A CONCRETE MONUMENT AT THE NORTHEAST CORNER OF FAIRFIELD SUBDIVISION, ACCORDING TO PLAT FILED IN PLAT BOOK 4, AT PAGE 20, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE GO NORTH 75 DEGREES 28 MINUTES 05 SECONDS EAST ALONG THE SOUTHERLY RIGHT-OF-WAY LINE OF FAIRFIELD DRIVE (70' R/W) A DISTANCE OF 464.83 FEET; THENCE GO SOUTH 14 DEGREES 18 MINUTES 06 SECONDS EAST A DISTANCE OF 1072.08 FEET TO THE POINT OF BEGINNING; THENCE GO SOUTH 88 DEGREES 08 MINUTES 40 SECONDS EAST A DISTANCE OF 282.00 FEET TO A POINT OF INTERSECTION WITH THE WEST LINE OF WESTOVER HEIGHTS SUBDIVISION AS RECORDED IN PLAT BOOK 1 AT PAGE 58 OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE GO SOUTH 01 DEGREES 51 MINUTES 20 SECONDS WEST ALONG THE WEST LINE OF THE AFORESAID WESTOVER HEIGHTS SUBDIVISION A DISTANCE OF 237.25 FEET TO A POINT OF INTERSECTION WITH THE NORTH LINE OF THE FIRST ADDITION TO PEN HAVEN SUBDIVISION AS RECORDED IN PLAT BOOK 3 AT PAGE 14 OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE GO NORTH 88 DEGREES 08 MINUTES 40 SECONDS WEST ALONG THE AFORESAID NORTH LINE OF THE FIRST ADDITION TO PEN HAVEN SUBDIVISION OF 213.27 FEET; THENCE GO NORTH 14 DEGREES 18 MINUTES 06 SECONDS WEST A DISTANCE OF 247.01 FEET TO THE POINT OF BEGINNING.
THE ABOVE DESCRIBED PARCEL OF LAND IS SITUATED IN SECTION 34, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA AND CONTAINS 1.349 ACRES.

Surveyor's Notes:

1. THIS DRAWING IS NOT VALID WITHOUT THE SIGNATURE AND THE RAISED SEAL OF A FLORIDA LICENSED SURVEYOR AND MAPPER.
2. UNDERGROUND IMPROVEMENTS AND/OR ENCROACHMENTS HAVE NOT BEEN LOCATED OR SHOWN HEREON.
3. THIS DRAWING DOES NOT PURPORT TO DELINEATE THE REGULATORY JURISDICTION OF ANY FEDERAL, STATE OR LOCAL AGENCY.
4. BEARINGS SHOWN HEREON ARE BASED ON THE NORTH LINE OF CARLISLE UNIT NO. 1 (PLAT BOOK 9, PAGE 14), ESCAMBIA COUNTY, FLORIDA, AS BEING N 82°38'05"W.
5. JURISDICTIONAL WETLANDS AND/OR HAZARDOUS WASTE SITES, IF ANY, ARE NOT LOCATED OR SHOWN.
6. INTERIOR FENCES, DITCHES NOT LOCATED AS PART OF THIS SURVEY.
7. THIS SURVEY WAS PERFORMED WITHOUT THE BENEFIT OF A TITLE COMMITMENT AND/OR ABSTRACT OF TITLE. THEREFORE, THERE MAY BE MATTERS OF PUBLIC RECORD THAT AFFECT THE SUBJECT PROPERTY THAT ARE NOT DEPICTED HEREON.
8. PROPERTY LIES WITHIN FLOOD ZONE X ACCORDING TO FLOOD INSURANCE RATE MAP NO. 12033C 0315F, DATED 02/23/2000.
9. FIXED IMPROVEMENTS DO NOT EXIST.
10. OWNERS NAME AND PREVIOUS BOUNDARY AND TOPOGRAPHIC SURVEY (HARD COPY AND DISK) WERE PROVIDED TO WILSONMILLER, INC.
11. ELEVATIONS SHOWN HEREON ARE REFERENCED TO NAVD 88.

Surveyor's Certification:

WE HEREBY CERTIFY TO THE BEST OF OUR KNOWLEDGE AND BELIEF THAT
THIS DRAWING IS A TRUE AND CORRECT REPRESENTATION OF THE BOUNDARY SURVEY OF THE REAL PROPERTY DESCRIBED HEREON. WE FURTHER CERTIFY THAT THIS SURVEY WAS PREPARED IN ACCORDANCE WITH THE APPLICABLE PROVISIONS OF CHAPTER 61G17-6, FLORIDA ADMINISTRATIVE CODE.

Letter of Capacity Reservation

Dear Mr. Hemphill:

ECUA is in receipt of your inquiry concerning the availability of ECUA service/s for the above-referenced project. ECUA provides Potable Water Production Well and/or Wastewater Treatment Plant Capacity Letters exclusively to assist with your permitting efforts through Escambia County's development and concurrency review process. The administration of the concurrency review process is the sole responsibility of Escambia County, and ECUA plays no role in it.

For the purpose of concurrency review only, ECUA anticipates no problems in potable water production well capacity or wastewater treatment plant capacity for the flow rates indicated on your inquiry/request form. This letter is valid for a period not to exceed one (1) year from the date of issuance.

This letter does not guarantee that ECUA's existing water distribution or sanitary sewer collection infrastructure (mains, lift stations, etc.) in the area of your project are sufficient to serve your project; instead, this letter solely addresses potable water production well capacity and/or wastewater treatment plant capacity. Therefore, the project referenced above may require various extensions, additions, upgrades, and/or modifications to the existing ECUA water and/or sewer infrastructure that you, as the Developer, may be required to pay for and install as part of your project.

All extensions, additions, upgrades, and/or modifications to the potable water or sewer collection systems to serve this project must be designed, approved and constructed in accordance with ECUA's policies, procedures, and all applicable permitting requirements. Please submit your project to ECUA Engineering so we can work with your Engineer of Record to evaluate your project's potable water distribution and sanitary sewer collection system needs.

Sincerely,

Stacy N. Hayden, PE
Director of Engineering/ECUA

Comprehensive Plan
Small-Scale Future Land Use Map Amendment
Staff Analysis

General Data

Project Name:	SSA-2020-02
Location:	Westover Street
Parcel #:	34-2S-30-0061-000-002
Acreage:	7.5 acres±
FLU Request:	From Commercial (C) to Mixed-Use Suburban (MU-S)
Applicant:	Dave Hemphill, KG Development, Agent for Area Housing Commission, Owner
Meeting Dates:	Planning Board, July 6, 2020
	BCC, August 6, 2020

Summary of Proposed Amendment:

The small-scale amendment to the future land use (FLU) map of Escambia County proposes to change the FLU category of a vacant 7.5 (+/-) acre parcel from Commercial (C) to Mixed-Use Suburban (MU-S). The property is a split zoned parcel of commercial and HDMU and is divided by a local road, Westover Street.

A FLU change to MU-S will allow residential development within the existing commercial zoning district regardless of a primary commercial component as currently required by the existing Commercial FLU. Both the future land use categories are described in Comprehensive Plan Policy FLU 1.3.1 and summarized as follows:

Commercial. "Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development." The range of allowable uses is "residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 1.0.

Mixed-Use Suburban. "Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses." The range of allowable uses is "residential, retail and services, professional office, recreational facilities, public and civic, limited agriculture." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 1.0.

Land Development Code FLU map amendment requirements

Sec. 2-7.3 (e) Comprehensive Plan map amendments

(3) Compliance review.

a. General amendment conditions. *All amendments to the Comprehensive Plan shall demonstrate the following general conditions, allowing that where an amendment is imposed by a state or federal requirement it need only demonstrate the conditions to the greatest extent practicable under that requirement:*

1. Need and benefit. *There is an identified land use need particular to the scope and function of the Comprehensive Plan for which an amendment is clearly warranted.*

Analysis:

The provision of affordable housing is consistent with Comprehensive Plan objective OBJ HOU 1.2, Affordable Housing, to "assure the provision of safe, sanitary and affordable housing for moderate, low, and very low-income residents." Affordable housing is defined as "housing with costs, including monthly rents or mortgage payments, taxes, insurance, and utilities, not exceeding 30 percent of the median adjusted gross annual income for the households [defined] in Florida Statutes as amended."

The requested FLU change would remove the Commercial FLU-based restriction on the subject parcel that allows residential development only when secondary to commercial development.

Although county housing officials confirm there is a county-wide shortage of below market rate or subsidized residential development, the application did not appear to reference any specific definition or need of affordable housing.

2. Professional practices. *The proposed amendment applies contemporary planning principles, engineering standards, and other professional practices to provide an effective and efficient remedy for the identified land use problem or need.*

Analysis: Accepting affordable housing as the identified need, the amendment proposes a replacement FLU that most easily maximizes the residential density of the existing Com and HDMU zoning at 25 du/acre while remaining consistent with surrounding property. The proposed change to MU-S would be compatible to the existing affordable housing development on the residential to the west and south.

Although the parcel's Com zoning is shared with most surrounding parcels, the proposed land use change to mixed use suburban for a multi-family residential use would generally be in keeping with the MU-S to the west of the area.

b. FLUM amendment conditions. *In addition to the general amendment conditions, a future land use map amendment shall be based upon analyses [required] by Florida Statute.*

Analysis: The proposed amendment complies with all three conditions

established by Florida Statutes, §163.3187(1), for the adoption of any small-scale comprehensive plan amendment:

(a)The subject 7.5(+/-) acre parcel is a use of 10 acres or fewer.

(b)The proposed amendment does not involve a text change to the Comprehensive Plan, but only proposes a land use change to the Future Land Use Map for a site-specific small-scale development activity.

(c)The property that is the subject of the proposed amendment is not within a designated area of critical state concern.

Other applicable Comprehensive Plan objectives and policies

1. Housing

Policy HOU 1.1.1 Residential Areas. *The Escambia County FLUM and zoning maps will identify areas suitable for residential development and/or redevelopment.*

Analysis: The portion that is Commercial zoning is primarily intended to allow more diverse and intense commercial uses than the portion zoned HDMU, mixed-use district, but residential use is currently allowed in the commercial portion as long as development is a predominately commercial development. The proposed Mixed-Use Suburban will allow site development to easily achieve the maximum residential density.

2. Future Land Use

OBJ FLU 1.3 Future Land Use Map Designations

Designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas.

Analysis: Although the site-specific requirement for residential development to be secondary to commercial would be lost in the proposed FLU change, MU-S would otherwise promote mixed use development generally within the urban area around the subject parcel.

3. Infrastructure

Policy HOU 1.1.4 Adequate infrastructure*. To assure the sustainability of residential communities, Escambia County will require new residential development to locate where adequate infrastructure is available.*

GOAL CMS 1 Concurrency Management System
Escambia County will adopt a Concurrency Management System to ensure that facilities and services needed to support development are available concurrent with the impacts of such development. The Concurrency Management System will be determined by the provisions of the LDC.

a. Potable Water.

Policy INF 4.1.6 Developer Responsibility*. The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

Policy INF 4.1.7 Level of Service (LOS) Standards*. The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

Analysis: The application included documentation confirming available potable water source, treatment, pumping, and distribution to the proposed development from the Peoples Water Service Company system. Development of the subject parcel would be an efficient use of the available water infrastructure.

b. Sanitary Sewer.

Policy INF 1.1.7 Level of Service (LOS) Standards*. Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

Policy INF 1.1.11 Required New Service Connection*. All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The application included documentation confirming available sanitary sewer to the proposed development from the ECUA system at the county's adopted LOS. Development of the parcel would be an efficient use of the available sewer infrastructure.

c. Solid Waste Disposal.

Policy INF 2.1.2 Perdido Landfill Operation*. Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

Policy INF 2.1.4 Level of Service (LOS) Standards*. The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste LOS analysis that the current build-out for disposal at the Perdido Landfill

will provide solid waste disposal capacity through 2045.

d. Stormwater Management.

Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

Analysis: *Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.*

e. Transportation and Mobility.

Policy MOB 1.1.2 On-site Facilities*. All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.*

Policy MOB 1.1.7 Access Management. Escambia County will promote access management by limiting the number of conflict points that a motorist experiences during travel, separating conflict points as much as possible when they cannot be eliminated, and controlling the turning movements to facilitate traffic flow on affected roadways.

Analysis: Compliance with adopted on-site traffic flow and access management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use. The subject parcel is adjacent to commercial and across from existing residential and development of the parcel would be compatible with the existing residential development as well as an efficient use of the available transportation infrastructure.

4. **Protected Resources.**

a. Wellheads.

Policy CON 1.4.1 Wellhead Protection*. Escambia County shall provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions shall establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.*

Analysis: The applicant provided information that the subject parcel is within the 20-year wellhead protection area. The proposed use of multi-family would be no different than a single-family subdivision and at the time of development, this would be reviewed for compliance with all regulations in the Land Development Code.

b. Historically Significant Sites.

Policy FLU 1.2.1 State Assistance*. Escambia County shall utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archaeological and/or historic sites or structures within the County. The County will utilize guidance, direction and technical assistance received from this agency to develop provisions and regulations for the preservation and protection of such sites and structures. In addition, the County will utilize assistance from this agency together with other sources, such as the University of West Florida, in identifying newly discovered historic or archaeological resources. The identification will include an analysis to determine the significance of the resource.*

Analysis: The applicant indicated the lack of any historical impact and has provided data from the Florida Master Site File, Division of Historical Resources.

c. Wetlands and Habitat.

Policy CON 1.1.2 Wetland and Habitat Indicators*. Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

Analysis: The subject parcel is within the X flood zone. This would be reviewed and confirmed prior to any site development plan approval, and an elevation certificate may be needed.

d. Urban Forest.

Policy CON 1.6.4 Urban Forest Management*. Escambia County will, through LDC provisions and other measures, sustain and promote the urban forest.*

Analysis: Compliance with adopted tree protection and landscaping provisions that implement this policy would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.

Meeting Date: 7-6-2020

Rezoning Quasi-judicial Hearing OR **Regular Planning Board Meeting**

Rezoning Case #: SSA 2020-02 **Agenda Item Number/Description:** _____

_____ In Favor ___L___ Against

*Name: John Thomas

*Address: 52 Pen Haven *City, State, Zip: Pens. FL 32506

Email Address: _____ Phone: 850-221-8692

How did you hear about the rezoning case: ☑ Mail ☐ Internet ☐ Sign

Please indicate if you:

☑ would like to be notified of any further action related to the public hearing item.

☐ do not wish to speak but would like to be notified of any further action related to the public hearing item.

*All items with an asterisk * are required.*

****

Chamber Rules

1. All who wish to speak will be heard.
2. You must sign up to speak. This form must be filled out and given to the Clerk in order to be heard.
3. When the Chairman calls you to speak, come to the podium, adjust the microphone so you can be heard, then state your NAME and ADDRESS for the record.
4. Please keep your remarks BRIEF and FACTUAL.
5. Everyone will be granted uniform time to speak (normally 3 - 5 minutes).
6. Should there be a need for information to be presented to the Board, please provide 13 copies for distribution. The Board will determine whether to accept the information into evidence. Once accepted, copies are given to the Clerk for Board distribution.
7. During quasi-judicial hearings (i.e., rezonings), conduct is very formal and regulated by Supreme Court decisions. Verbal reaction or applause is not appropriate.

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; AMENDING CHAPTER 7, "THE FUTURE LAND USE ELEMENT," POLICY FLU 1.1.1, TO PROVIDE FOR AN AMENDMENT TO THE 2030 FUTURE LAND USE MAP, CHANGING THE FUTURE LAND USE CATEGORY OF A PARCEL WITHIN SECTION 34, TOWNSHIP 2S, RANGE 30W, PARCEL NUMBER 0061-000-002, TOTALING 7.5 (+/-) ACRES, LOCATED ON WESTOVER STREET, FROM COMMERCIAL (C) TO MIXED USE SUBURBAN (MU-S) PROVIDING FOR A TITLE; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Chapter 163, Part II, Florida Statutes, Escambia County adopted its Comprehensive Plan on April 29, 2014; and

WHEREAS, Chapter 125, Florida Statutes, empowers the Board of County Commissioners of Escambia County, Florida to prepare, amend and enforce comprehensive plans for the development of the County; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the Comprehensive Plan; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this amendment is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and to exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

Section 2. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Small Scale Amendment 2020-02."

Section 3. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

> A parcel within Section 34, Township 2S, Range 30W, parcel number 0061-000-002, totaling 7.5 (+/-) acres, located on Westover Street, as more particularly described in the Boundary Survey description produced by WilsonMiller, Professional Surveying, dated 10/26/2004, attached as Exhibit A, from Commercial (C) to Mixed-Use Suburban (MU-S).

Section 4. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 5. Inclusion in the Code

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by Section 125.68, Florida Statutes, and that the sections, subsections and other provisions of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

INTENTIONALLY LEFT BLANK

Section 6. Effective Date

Pursuant to Section 163.3184(3)(c), Florida Statutes, this Ordinance shall not become effective until 31 days after adoption. If challenged within 30 days after adoption, this Ordinance shall not become effective until the State Planning Agency or the Administration Commission enters a final order determining the Ordinance to be in compliance.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18263 **Growth Management Report 12. 4.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 08/06/2020
Issue: 5:47 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map; SSA-2020-03
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:47 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map; SSA-2020-03

That the Board review and recommend to the Board of County Commissioners (BCC) for action, an ordinance amending the Future Land Use Map (FLUM) of the Comprehensive Plan by Small-Scale Amendment SSA-2020-03, changing the Future Land Use category of a parcel within Section 50, Township 2S, Range 30W, Parcel # 1000-000-001, totaling 8.44 (+/-) acres, located on Old Corry Field Road, from Commercial (C) to Mixed-Use Urban (MU-U).

BACKGROUND:

The small-scale amendment to the Future Land Use (FLU) map of Escambia County proposes to change the FLU category of a 8.44(+/-) acre parcel from Commercial (C) to Mixed-Use Urban (MU-U). The parcel is currently vacant and surrounded by non-residential uses and Commercial zoning. The amendment is proposed to eliminate the Commercial FLU-based restriction that allows residential development only when secondary to commercial development and allow for residential development.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is required by Comprehensive Plan policies to designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas. Amendment of the FLU Map to designate such land uses requires public hearing review and recommendation by the Board prior to approval by the BCC.

IMPLEMENTATION/COORDINATION:

This Ordinance amending the FLUM of the Comprehensive Plan will be filed with the Department of State following adoption by the BCC. Implementation of this Ordinance will consist of an amendment to the FLUM and distribution of a copy of the adopted Ordinance to staff and interested citizens. The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Re: Future Land Use Map Amendment Request
South Old Corry Road
Our Project Number 2004

Development Services:

Please accept this letter as our request for a map amendment for the referenced parcel.

The Owner is:

Area Housing Commission
1920 W. Garden Street
Pensacola, FL 32502
(850) 438-8561

The reason for the request: Currently the parcel's Future Land Use is Commercial. The Owner wants to build affordable housing on the parcel. It is adjacent to a similar parcel with affordable housing owned by the Area Housing Commission. Commercial is not the appropriate FLU, as the envision project is for housing only. The density for COM is 25 units per acre.

The requested FLU category is MU-U. Mixed-Use Urban. The density is 25 units per acre. The project will not contain any retail elements.

I will act as the Owner's agent:

AFFIDAVIT OF OWNERSHIP AND LIMITED POWER OF ATTORNEY

As owner of the property located at 901 Old Corry Field Rd, Pensacola, Florida, Property Reference Number(s) 50-25-30-1000-000-001, I hereby designate David K. Hemphill for the sole purpose of completing this application and making a presentation to the Planning Board, sitting as the Local Planning Agency, and the Board of County Commissioners, to request a change in the Future Land Use on the above referenced property.

This Limited Power of Attorney is granted on this 31st day of March, the year of 2020, and is effective until the Board of County Commissioners has rendered a decision on this request and any appeal period has expired. The owner reserves the right to rescind this Limited Power of Attorney at any time with a written, notarized notice to the Planning and Zoning Department.

Project Address: 901 Old Corry Field Rd

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 31st DAY OF March, 2020

Pensacola, FL 32505

SUBJECT: FUTURE LAND USE MAP AMENDMENT REQUEST FOR THE FOLLOWING PARCEL #50-2S-30-1000-000-001 FROM COMMERCIAL to MU-U
ADDRESS: 901 Old Corry Field Rd

Horace,

I have reviewed the Future Land Use Map Amendment Request package for the abovementioned location and my comments are below:

The 2010 update to the Warrington Redevelopment Plan serves as the CRA's guiding document for the Warrington Redevelopment Area. Chapter 3 of the redevelopment plan identifies redevelopment objectives and strategies.

The following is an excerpt from the Area Wide Strategy for Housing (pg. 23)

Objective

While many housing needs have been addressed in the Warrington area, there continues to be vacant, underutilized parcels and pockets of substandard housing in the area. The community's close proximity to the water also presents a unique set of storm mitigation issues.

Action Strategies

The CRA in conjunction with Neighborhood Enterprise Division must continue to target housing rehabilitation programs and hurricane mitigation programs to the Warrington area. Infill new construction, homeownership programs, and rehabilitation programs should continue to be targeted to the area. The county will continue to work with developers willing to undertake new subdivisions and rental complexes in the area such as the Wynn Oaks development south of Patton Drive and the Pines at Warrington located on West Navy Boulevard.

The following is an excerpt from the Area Wide Strategy for Zoning (pg. 25)

> Retention of the predominantly C-1 Commercial zoning along the arterial highways is particularly important. This has been the practice since the original plan was adopted in 1995 and has supported the redevelopment of the area.

Based on the identified need for infill new construction for homeownership programs and rental complexes, CRA staff support the proposed development of the subject vacant commercial property into affordable housing. It should be noted the subject property is not located on an arterial roadway. This circumstance might make this property more desirable for affordable housing rather than commercial development.

Thank you for the opportunity to comment. If you have any questions or concerns please contact Max Rogers, AICP at 595-3499.

Sincerely,

Clara Long, Interim Director
Neighborhood & Human Services Department

DEVELOPMENT SERVICES, LLC
SITE-CIVIL ENGINEERS

1550 Creighton Rd Suite 1
Pensacola, FL 32504

Data and Analysis

901 South Old Corry Road

1. Existing Infrastructure

A. Sanitary Sewer – letter of availability by ECUA attached

B. Solid Waste Disposal – solid waste disposal is readily available from private carriers

C. Potable Water – letter from Peoples Water is attached

D. Stormwater management – the site has no jurisdictional wetlands; it is adjacent to Jones Creek. The project will provide stormwater provisions consistent with both Escambia County and the Northwest Florida Water Management District requirements.

E. Traffic – This site is located on South Old Corry Field Road. South Old Corry Field Road is a two-lane collector road classified by Escambia County as a major rural collector road. South Old Corry Field Road connects to a Principal Arterial (W. Navy Boulevard) to the north and a Minor Arterial (Barrancas) to the south. The current average annual daily traffic (AADT) on South Old Corry Field Road is 6,100 (two-way). As a generalized approach, this AADT would indicate that this roadway is functioning in an uninterrupted manner at a Level of Service (LOS) better than B (8,600 AADT), which is far below the standard LOS D (24,200 AADT). This proposed FLU Amendment would not increase the existing residential density of 25 du/acre. Currently, elderly housing is envisioned at this location and the trip generation extrapolated from the ITE manual based on this maximum density is 720 trips/day, with a peak hour rate 33 trips/hour. The existing transportation infrastructure has sufficient capacity to accommodate this proposed Future Land Use amendment. The existing Traffic count map is attached.

F. Recreation and Open Space – The project will include a children's playground.

G. Schools – Letter from the Escambia County School Board is attached.

2. Proximity and impact on the following:

A. Wellheads – there are no wellhead impacts – either 7-year or 20-year time of travel, that impact this site.

B. Historically significant sites – see the attached report. No historically significant sites were found to be located on this previously developed site.

1550 Creighton Rd Suite 1
Pensacola, FL. 32504
850-332-6288

C. Natural resources – no wetlands are located on the site. See the attached map from information provided through the Florida Department of Environmental Protection, National Wetlands Inventory.

3. Consistency with the Existing Escambia County Comprehensive Plan

The request is to change the FLUM from Commercial to Mixed-Use Urban. See the two paragraphs below, describing the two designations and their criteria.

The reason for the request to change the FLUM pivots on the wording of the Commercial designation. The Commercial FLU is intended to be primarily commercial uses, but at the same time allows housing at the same density as Mixed-Use Urban. The request (MU-U) is less intensive than the current designation (COM).

FLUM Commercial (C) General Description: Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development. Range of Allowable Uses: Residential, retail and services, professional office, light industrial, recreational facilities, public and civic.

Standards:

Residential Minimum Density: None

Maximum Density: 25 du/acre

Non-Residential Minimum Intensity: None Maximum Intensity: 1.0 Floor Area Ratio (FAR)

FLUM Mixed-Use Urban (MU-U) General Description: Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole. Range of Allowable Uses: Residential, retail and services, professional office, light industrial, recreational facilities, public and civic. Standards: Residential Minimum Density: 3.5 du/acre Maximum Density: 25 du/acre Non-Residential Minimum Intensity: 0.25 Floor Area Ration (FAR) Maximum Intensity: 2.0 Floor Area Ratio (FAR) Escambia County intends to achieve the following mix of land uses for new development within a ¼ mile of arterial roadways or transit corridors by 2030:

a) Residential 8% to 25%

b) Public/Rec/Inst. 5% to 20%

c) Non-Residential: Retail/Service 30% to 50% Office 25% to 50% Light Industrial 5% to 10%

DEVELOPMENT SERVICES, LLC
SITE-CIVIL ENGINEERS

1550 Creighton Rd Suite 1
Pensacola, FL. 32504
850-332-6288

Jones Creek is located adjacent and to the north of the site. Across the creek to the north is the former Warrington Treatment Plant, now a wet-weather storage facility that pumps to ECUA's Central Water Reclamation Facility. It is no longer a treatment plant.

To the south is a self-storage facility. And south of that is the Warrington Post Office.

West of the site is a wide band of large trees, separating the site from the retail/restaurants on New Warrington Road.

East of the site is Lexington Terrace, an affordable housing facility operated by the same organization proposing this request: The Area Housing Commission.

RE: Old Corry Field Road Housing
901 South Corry Field Road
Pensacola, Florida 32504
Letter of Capacity Reservation

Dear Mr. Hemphill:

ECUA is in receipt of your inquiry concerning the availability of ECUA service/s for the above-referenced project. ECUA provides Potable Water Production Well and/or Wastewater Treatment Plant Capacity Letters exclusively to assist with your permitting efforts through Escambia County's development and concurrency review process. The administration of the concurrency review process is the sole responsibility of Escambia County, and ECUA plays no role in it.

For the purpose of concurrency review only, ECUA anticipates no problems in potable water production well capacity or wastewater treatment plant capacity for the flow rates indicated on your inquiry/request form. This letter is valid for a period not to exceed one (1) year from the date of issuance.

This letter does not guarantee that ECUA's existing water distribution or sanitary sewer collection infrastructure (mains, lift stations, etc.) in the area of your project are sufficient to serve your project; instead, this letter solely addresses potable water production well capacity and/or wastewater treatment plant capacity. Therefore, the project referenced above may require various extensions, additions, upgrades, and/or modifications to the existing ECUA water and/or sewer infrastructure that you, as the Developer, may be required to pay for and install as part of your project.

All extensions, additions, upgrades, and/or modifications to the potable water or sewer collection systems to serve this project must be designed, approved and constructed in accordance with ECUA's policies, procedures, and all applicable permitting requirements. Please submit your project to ECUA Engineering so we can work with your Engineer of Record to evaluate your project's potable water distribution and sanitary sewer collection system needs.

Sincerely,

Stacy N. Hayden, PE
Director of Engineering/ECUA

RE: Potable Water Availability at 901 South Corry Field Road Pensacola, FL

To Whom It May Concern:

Please be informed that the property located at 901 South Corry Field Road is located within Peoples Water Service Company of Florida Inc.'s Florida Public Service Commission certificated service area. Our utility has the source, treatment, pumping, and water distribution system capacity to serve potable water to this property.

Water service will be provided under our normal rules and regulations as specified in the Florida Public Service Commission Tariff.

If I can be of any further assistance, please feel free to contact me at (850) 455-8552 or by email at TheoDeleon@PeoplesWaterService.Com .

Respectfully,

Theo Deleon

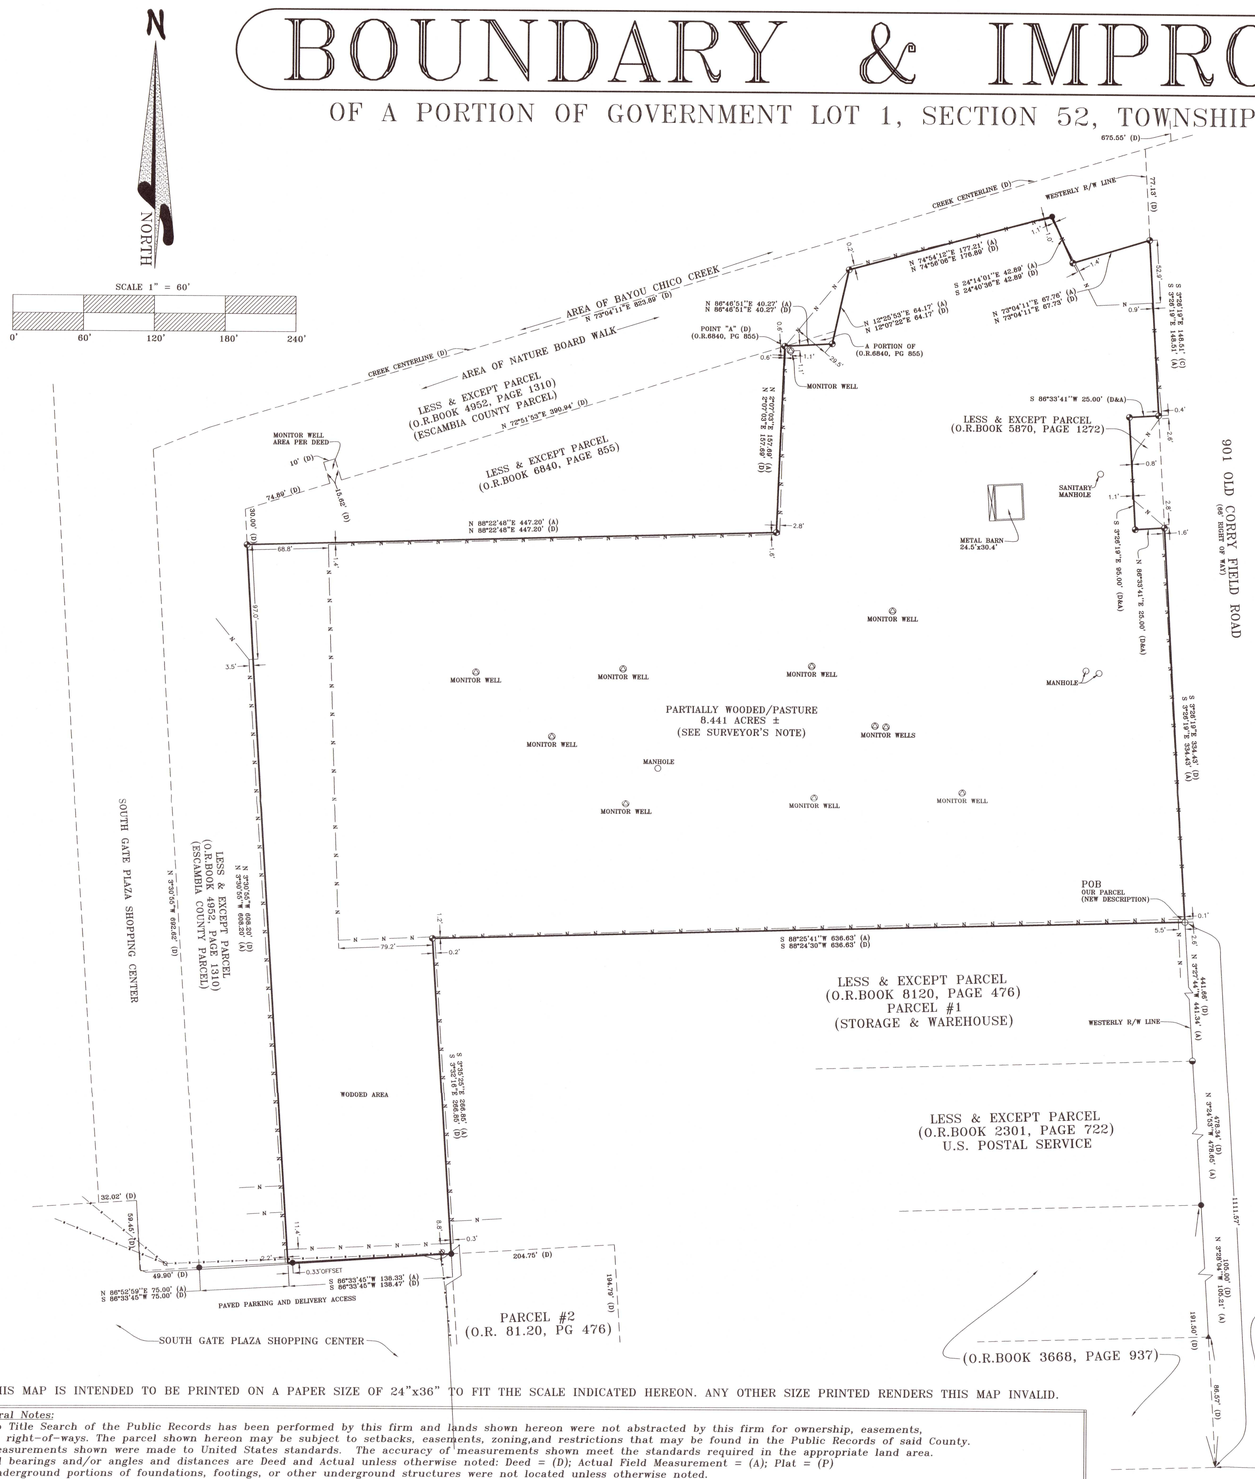
BOUNDARY & IMPROVEMENTS SURVEY

OF A PORTION OF GOVERNMENT LOT 1, SECTION 52, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA.



THIS MAP IS INTENDED TO BE PRINTED ON A PAPER SIZE OF 24"x36" TO FIT THE SCALE INDICATED HEREON. ANY OTHER SIZE PRINTED RENDERS THIS MAP INVALID.

General Notes:

1. *No Title Search of the Public Records has been performed by this firm and lands shown hereon were not abstracted by this firm for ownership, easements, or right-of-ways. The parcel shown hereon may be subject to setbacks, easements, zoning,and restrictions that may be found in the Public Records of said County.*
2. *Measurements shown were made to United States standards. The accuracy of measurements shown meet the standards required in the appropriate land area.*
3. *All bearings and/or angles and distances are Deed and Actual unless otherwise noted: Deed = (D); Actual Field Measurement = (A); Plat = (P)*
4. *Underground portions of foundations, footings, or other underground structures were not located unless otherwise noted.*
5. *Eves and soffits of building structures or overhead utilities were not located unless otherwise noted.*
6. *Fence locations as shown are exaggerated and are not to scale for clarity purposes.*
7. *The setback lines and/or easements shown hereon, if any, are per information found in the recorded plat of said subdivisions or are as provided by the client, designer, builder, title company, county or S.R.I.A. and should be verified with appropriate entities.*

SURVEYORS NOTE:

THE FOLLOWING IS A DESCRIPTION OF THE LANDS REMAINING FROM THAT CERTAIN PARCEL WITH A TAX ID # 50-2S-30-1000-000-001, ESCAMBIA COUNTY. THE PARCEL HAS AN ADDRESS LABELED AS 901 OLD CORRY FIELD ROAD ON THE PROPERTY APPRAISER'S WEB SITE. THE BEARING DATUM USED MATCHES SEVERAL OF THE "LESS AND EXCEPT" NEIGHBORING PARCELS MENTIONED ON THE PROPERTY APPRAISER'S ABBREVIATED DESCRIPTION AND ALSO MATCHED WITH THE G.P.S. BEARINGS CALCULATED USING THE FLORIDA STATE PLANE COORDINATES. THE NEIGHBORING PARCELS O.R. BOOK AND PAGE DESCRIPTIONS, USED AS A REFERENCE, ARE LABELED ON THE SURVEY MAP.

DESCRIPTION (AS PREPARED BY LANDS END SURVEYING, INC.)

COMMENCE AT THE PERMANENT REFERENCE MONUMENT LOCATED AT THE SOUTHEAST CORNER OF BLOCK NINE (9) AS SHOWN ON THE RECORDED PLAT OF CORRY SUBDIVISION , A SUBDIVISION OF A PORTION OF SECTION 50, TOWNSHIP 2 SOUTH, RANGE 30 WEST , ESCAMBIA COUNTY, FLORIDA, AS RECORDED IN PLAT BOOK 01, PAGE 55 OF THE PUBLIC RECORDS OF SAID COUNTY; THENCE GO NORTH 03° 26' 19" WEST ALONG THE WESTERLY RIGHT-OF-WAY LINE OF OLD CORRY FIELD ROAD (66' R/W) FOR A DISTANCE OF 1111.57 FEET TO NORTHEAST CORNER OF THAT CERTAIN PARCEL AS RECORDED IN O.R. BOOK 8120, AT PAGE 476 OF THE AFORESAID PUBLIC RECORDS, SAID CORNER ALSO BEING THE POINT OF BEGINNING;
THENCE DEPARTING SAID WESTERLY RIGHT-OF-WAY, GO SOUTH 88° 25' 41"WEST ALONG THE NORTH BOUNDARY OF SAID PARCEL AS RECORDED IN O.R. BOOK 8120, PAGE 476, FOR A DISTANCE OF 636.63 FEET TO THE NORTHWEST CORNER OF SAID PARCEL; THENCE GO SOUTH 03° 35' 25" EAST ALONG THE WESTERLY BOUNDARY OF THE AFORESAID PARCEL AS DESCRIBED IN O.R. BOOK 8120, PAGE 476 FOR A DISTANCE OF 266.85 FEET; THENCE GO SOUTH 86° 33' 45" WEST FOR A DISTANCE OF 138.33 TO THE SOUTHEASTERLY CORNER OF THAT CERTAIN PARCEL AS RECORDED IN O.R. BOOK 4952, PAGE 1310 OF THE PUBLIC RECORDS OF SAID COUNTY; THENCE GO NORTH 03° 30' 55" WEST ALONG THE EASTERLY BOUNDARY OF SAID PARCEL FOR A DISTANCE OF 608.20 FEET TO THE INTERSECTION WITH THE SOUTHERLY BOUNDARY OF THAT CERTAIN PARCEL AS DESCRIBED IN O.R. BOOK 6840, PAGE 855 OF THE AFORESAID PUBLIC RECORDS; THENCE GO NORTH 88° 22' 48" EAST ALONG SAID SOUTHERLY BOUNDARY FOR A DISTANCE OF 447.20 FEET; THENCE GO NORTH 02° 07' 03" EAST FOR A DISTANCE OF 157.69 FEET; THENCE GO NORTH 86° 46' 51" EAST FOR A DISTANCE OF 40.27 FEET; THENCE GO NORTH 12° 25' 53" EAST ALONG THE SAME BOUNDARY COMMON WITH THE AFORESAID O.R. BOOK 4952, PAGE 1310 FOR A DISTANCE OF 64.17 FEET; THENCE GO NORTH 74° 54' 12" EAST ALONG THE BOUNDARY COMMON WITH THE SAME AFORESAID PARCEL FOR A DISTANCE OF 177.21 FEET TO THE CORNER COMMON WITH THE SAME AFORESAID PARCEL; THENCE GO SOUTH 24° 14' 01" EAST ALONG THE BOUNDARY COMMON WITH THE SAME AFORESAID PARCEL FOR A DISTANCE OF 42.89 FEET; THENCE GO NORTH 73° 04' 11" EAST FOR A DISTANCE OF 67.73 FEET TO THE WESTERLY RIGHT-OF-WAY LINE OF THE AFORESAID OLD CORRY FIELD ROAD; THENCE GO SOUTH 03° 26' 19" EAST ALONG SAID RIGHT-OF-WAY LINE FOR A DISTANCE OF 148.51 FEET; THENCE DEPARTING SAID RIGHT-OF-WAY GO SOUTH 86° 33' 41" WEST FOR A DISTANCE OF 25.00 FEET; THENCE GO SOUTH 03° 26' 19" EAST FOR A DISTANCE OF 95.00 FEET; THENCE GO NORTH 86° 33' 41" EAST FOR A DISTANCE OF 25.00 FEET TO THE AFORESAID WESTERLY RIGHT-OF-WAY LINE; THENCE GO SOUTH 03° 26' 19" EAST ALONG SAID WESTERLY RIGHT-OF-WAY LINE FOR A DISTANCE OF 334.43 FEET TO THE POINT OF BEGINNING.
THE ABOVE DESCRIBED PARCEL CONTAINS 8.441 ACRES, MORE OR LESS.

Comprehensive Plan
Small-Scale Future Land Use Map Amendment
Staff Analysis

General Data

Project Name:	SSA-2020-03
Location:	901 S Old Corry Field Rd
Parcel #:	50-2S-30-1000-000-001
Acreage:	8.44 (+/-) acres
Redevelopment Area:	Warrington
FLU Request:	From Commercial (C) to Mixed-Use Urban (MU-U)
Applicant:	KG Development, Agent for Area Housing Commission, Owner
Meeting Dates:	Planning Board, July 6, 2020 BCC, August 6, 2020

Summary of Proposed Amendment:

The small-scale amendment to the future land use (FLU) map of Escambia County proposes to change the FLU category of a vacant 8.44 (+/-) acre parcel from Commercial (C) to Mixed-Use Urban (MU-U). The parcel fronts Old Corry Field Road, a collector roadway with the zoning designation of Commercial (Com) and is in the Warrington Overlay (Warr-OL). A letter from the Community Redevelopment (CRA) is included in the packet.

A FLU change to MU-U will allow residential development within the existing zoning district regardless of a primary commercial component as currently required by the existing Commercial FLU. The existing and proposed future land use categories are described in Comprehensive Plan Policy FLU 1.3.1 and summarized as follows:

Commercial. "Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development." The range of allowable uses is "residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 1.0.

Mixed-Use Urban. "Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole." The range of allowable uses is "residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential

density of 25 du/acre and a maximum floor area ratio (FAR) of 2.0.

Warrington Overlay District. "District establishes supplemental land use regulations to support the objectives of the adopted Warrington area community redevelopment plan. The intent of the additional land use controls is to enhance the character of an area undergoing revitalization, especially along those commercial corridors that provide primary access or gateways to the adjoining military installations within the Warrington area. CRA has provided comments regarding the overlay area.

Land Development Code FLU map amendment requirements

Sec. 2-7.3 (e) Comprehensive Plan map amendments

(3) Compliance review.

a. General amendment conditions. *All amendments to the Comprehensive Plan shall demonstrate the following general conditions, allowing that where an amendment is imposed by a state or federal requirement it need only demonstrate the conditions to the greatest extent practicable under that requirement:*

1. Need and benefit. *There is an identified land use need particular to the scope and function of the Comprehensive Plan for which an amendment is clearly warranted.*

Analysis:

The provision of affordable housing is consistent with Comprehensive Plan objective OBJ HOU 1.2, Affordable Housing, to "assure the provision of safe, sanitary and affordable housing for moderate, low, and very low-income residents." Affordable housing is defined as "housing with costs, including monthly rents or mortgage payments, taxes, insurance, and utilities, not exceeding 30 percent of the median adjusted gross annual income for the households [defined] in Florida Statutes as amended."

The requested FLU change would remove the Commercial FLU-based restriction on the subject parcel that allows residential development only when secondary to commercial development.

Although county housing officials confirm there is a county-wide shortage of below market rate or subsidized residential development, the application did not appear to reference any specific definition of affordable housing.

2. Professional practices. *The proposed amendment applies contemporary planning principles, engineering standards, and other professional practices to provide an effective and efficient remedy for the identified land use problem or need.*

Analysis: The proposed change to MU-U would be compatible to the existing affordable housing development on the east side of Old Corry Field Rd.

Although the parcel's Com zoning is shared with most surrounding parcels, the proposed multi-family residential use of the parcel would generally be in keeping with the intended category-wide mixed use of MU-U and the general revitalization intent of the Warrington overlay. CRA provided a letter, included in the packet, stating this parcel would be a suitable for residential rather than a commercial development and have no additional comments at this time.

b. FLUM amendment conditions. *In addition to the general amendment conditions, a future land use map amendment shall be based upon analyses [required] by Florida Statute.*

Analysis: The proposed amendment complies with all three conditions established by Florida Statutes, §163.3187(1), for the adoption of any small-scale comprehensive plan amendment:

(a) The subject 8.27(+/-) acre parcel is a use of 10 acres or fewer.
(b) The proposed amendment does not involve a text change to the Comprehensive Plan, but only proposes a land use change to the Future Land Use Map for a site-specific small-scale development activity.
(c) The property that is the subject of the proposed amendment is not within a designated area of critical state concern.

Other applicable Comprehensive Plan objectives and policies

1. Housing

Policy HOU 1.1.1 Residential Areas. *The Escambia County FLUM and zoning maps will identify areas suitable for residential development and/or redevelopment.*

Analysis: The proposed MU-U replacement of the existing Commercial FLU will allow site development to achieve the maximum residential density more easily. The existing Commercial zoning is intended to allow more diverse and intense commercial uses than the residential or neighborhood commercial districts, but residential use is allowed.

2. Future Land Use

OBJ FLU 1.3 Future Land Use Map Designations

Designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas.

Analysis: Although the site-specific requirement for residential development to be secondary to commercial would be lost in the proposed FLU change, MU-U would otherwise promote mixed use development generally within the urban area around the subject parcel.

3. Infrastructure

Policy HOU 1.1.4 Adequate infrastructure*. To assure the sustainability of*

residential communities, Escambia County will require new residential development to locate where adequate infrastructure is available.

GOAL CMS 1 Concurrency Management System
Escambia County will adopt a Concurrency Management System to ensure that facilities and services needed to support development are available concurrent with the impacts of such development. The Concurrency Management System will be determined by the provisions of the LDC.

a. Potable Water.

***Policy INF 4.1.6 Developer Responsibility**. The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

***Policy INF 4.1.7 Level of Service (LOS) Standards**. The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

Analysis: The application included documentation confirming available potable water source, treatment, pumping, and distribution to the proposed development from the Peoples Water Service Company system. Development of the subject parcel would be an efficient use of the available water infrastructure.

b. Sanitary Sewer.

***Policy INF 1.1.7 Level of Service (LOS) Standards**. Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

***Policy INF 1.1.11 Required New Service Connection**. All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The application included documentation confirming available sanitary sewer to the proposed development from the ECUA system at the county's adopted LOS. Development of the parcel would be an efficient use of the available sewer infrastructure.

c. Solid Waste Disposal.

Policy INF 2.1.2 Perdido Landfill Operation*. Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

Policy INF 2.1.4 Level of Service (LOS) Standards*. The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste LOS analysis that the current build-out for disposal at the Perdido Landfill will provide solid waste disposal capacity through 2045.

d. Stormwater Management.

Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

Analysis: *Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.*

e. Transportation and Mobility.

Policy MOB 1.1.2 On-site Facilities*. All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.*

Policy MOB 1.1.7 Access Management. Escambia County will promote access management by limiting the number of conflict points that a motorist experiences during travel, separating conflict points as much as possible when they cannot be eliminated, and controlling the turning movements to facilitate traffic flow on affected roadways.

Analysis: Any redevelopment of the subject parcel is required to comply with the current onsite parking, access management provisions and other applicable development standards of the LDC. These policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use. The subject parcel is located along an existing paved arterial street and residential development of the parcel would be an efficient use of the available transportation infrastructure.

4. **Protected Resources.**

a. Wellheads.

Policy CON 1.4.1 Wellhead Protection*. Escambia County shall provide comprehensive wellhead protection from potential adverse impacts to current*

and future public water supplies. The provisions shall establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.

Analysis: The applicant provided information that the subject parcel is not within any of the wellhead areas.

b. Historically Significant Sites.

***Policy FLU 1.2.1 State Assistance**. Escambia County shall utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archaeological and/or historic sites or structures within the County. The County will utilize guidance, direction and technical assistance received from this agency to develop provisions and regulations for the preservation and protection of such sites and structures. In addition, the County will utilize assistance from this agency together with other sources, such as the University of West Florida, in identifying newly discovered historic or archaeological resources. The identification will include an analysis to determine the significance of the resource.*

Analysis: The applicant indicated the lack of any historical impact and has provided data from the Florida Master Site File, Division of Historical Resources.

c. Wetlands and Habitat.

***Policy CON 1.1.2 Wetland and Habitat Indicators**. Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

Analysis: The subject parcel is within the X flood zone, and according to the Escambia County Soil Survey, hydric soils where shown on the northern portion of the parcel. Hydric soils are an indicator of possible wetlands and this will need to be reviewed as a part of any future development.

d. Urban Forest.

***Policy CON 1.6.4 Urban Forest Management**. Escambia County will, through LDC provisions and other measures, sustain and promote the urban forest.*

Analysis: Compliance with adopted tree protection and landscaping provisions that implement this policy would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; AMENDING CHAPTER 7, "THE FUTURE LAND USE ELEMENT," POLICY FLU 1.1.1, TO PROVIDE FOR AN AMENDMENT TO THE 2030 FUTURE LAND USE MAP, CHANGING THE FUTURE LAND USE CATEGORY OF A PARCEL WITHIN SECTION 50, TOWNSHIP 2S, RANGE 30W, PARCEL NUMBERS 1000-000-001, TOTALING 8.44 (+/-) ACRES, LOCATED ON OLD CORRY FIELD ROAD, FROM COMMERCIAL (C) TO MIXED USE URBAN (MU-U); PROVIDING FOR A TITLE; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Chapter 163, Part II, Florida Statutes, Escambia County adopted its Comprehensive Plan on April 29, 2014; and

WHEREAS, Chapter 125, Florida Statutes, empowers the Board of County Commissioners of Escambia County, Florida to prepare, amend and enforce comprehensive plans for the development of the County; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the Comprehensive Plan; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this amendment is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and to exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

Section 2. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Small Scale Amendment 2020-03."

Section 3. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

> A parcel within Section 50, Township 2S, Range 30W, parcel number 1000-000-001, totaling 8.44 (+/-) acres, located on Old Corry Field Road, as more particularly described in the Boundary Survey description produced by Lands End Surveying, registered land surveyor Larry E. Stegall dated 4/27/2020, attached as Exhibit A, from Commercial (C) to Mixed-Use Urban (MU-U).

Section 4. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 5. Inclusion in the Code

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by Section 125.68, Florida Statutes, and that the sections, subsections and other provisions of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

INTENTIONALLY LEFT BLANK

Section 6. Effective Date

Pursuant to Section 163.3184(3)(c), Florida Statutes, this Ordinance shall not become effective until 31 days after adoption. If challenged within 30 days after adoption, this Ordinance shall not become effective until the State Planning Agency or the Administration Commission enters a final order determining the Ordinance to be in compliance.

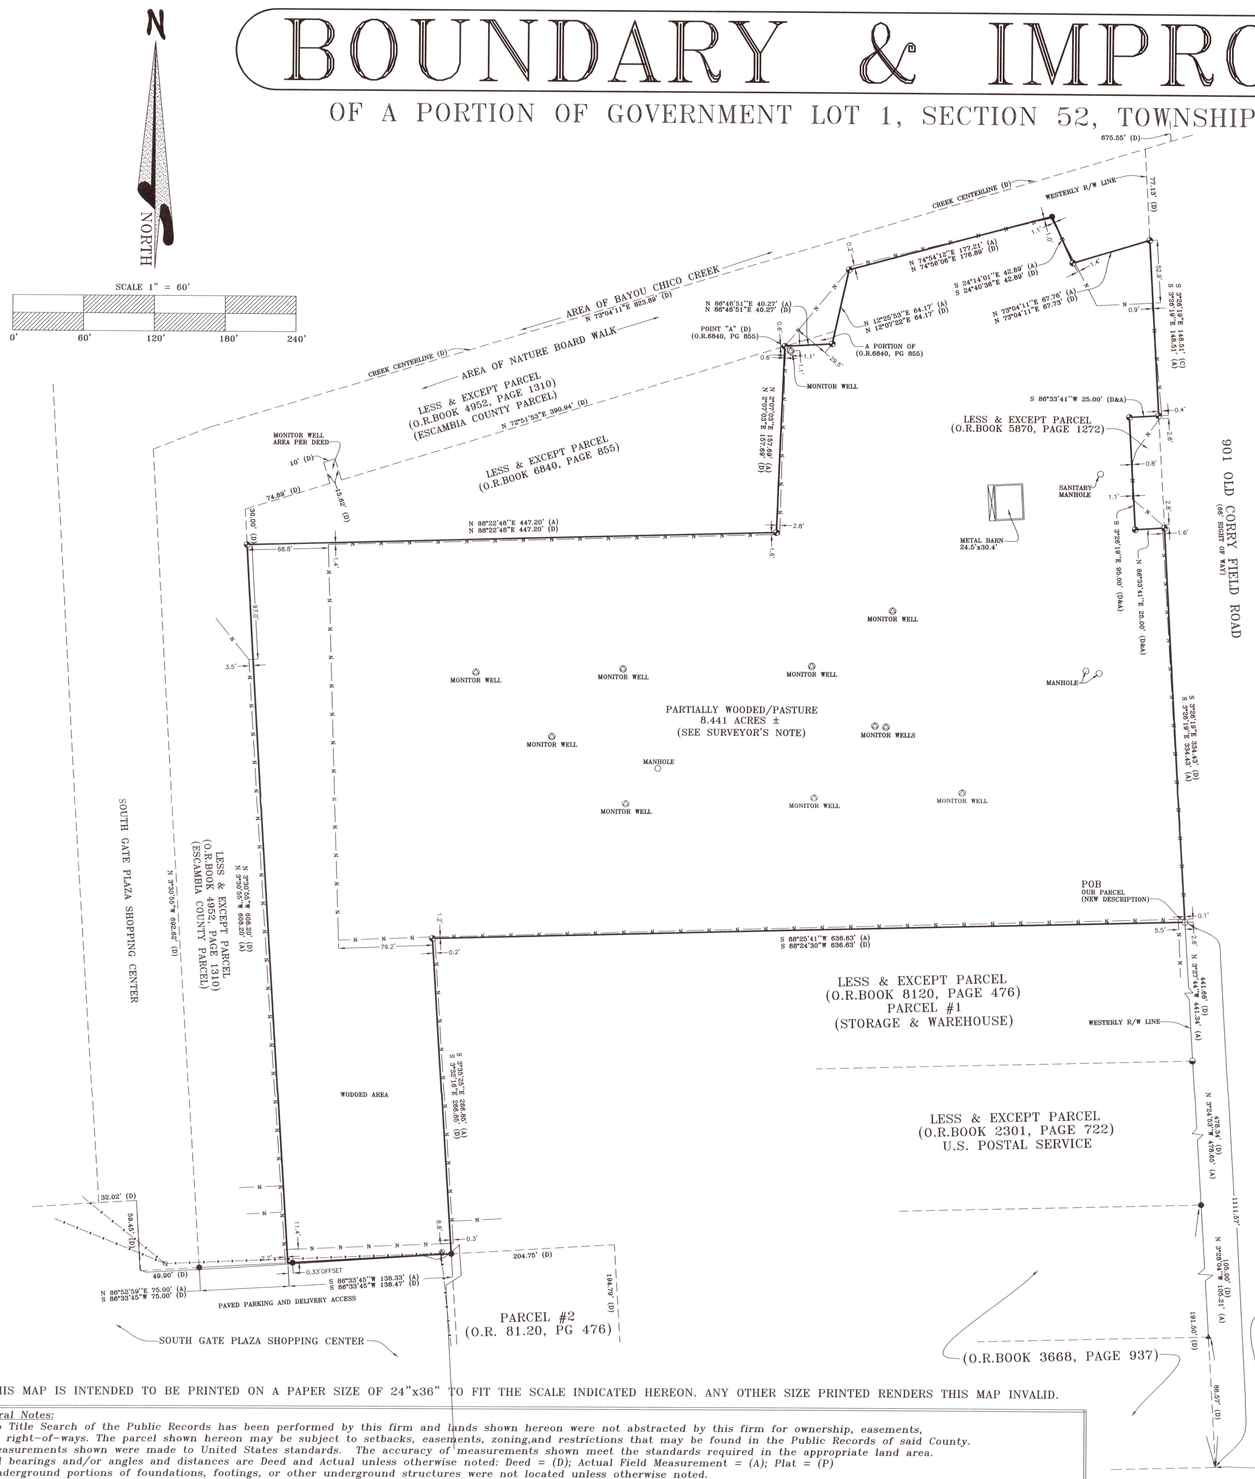
BOUNDARY & IMPROVEMENTS SURVEY

OF A PORTION OF GOVERNMENT LOT 1, SECTION 52, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA.



THIS MAP IS INTENDED TO BE PRINTED ON A PAPER SIZE OF 24"x36" TO FIT THE SCALE INDICATED HEREON. ANY OTHER SIZE PRINTED RENDERS THIS MAP INVALID.

General Notes:

1. *No Title Search of the Public Records has been performed by this firm and lands shown hereon were not abstracted by this firm for ownership, easements, or right-of-ways. The parcel shown hereon may be subject to setbacks, easements, zoning,and restrictions that may be found in the Public Records of said County.*
2. *Measurements shown were made to United States standards. The accuracy of measurements shown meet the standards required in the appropriate land area.*
3. *All bearings and/or angles and distances are Deed and Actual unless otherwise noted: Deed = (D); Actual Field Measurement = (A); Plat = (P)*
4. *Underground portions of foundations, footings, or other underground structures were not located unless otherwise noted.*
5. *Eves and soffits of building structures or overhead utilities were not located unless otherwise noted.*
6. *Fence locations as shown are exaggerated and are not to scale for clarity purposes.*
7. *The setback lines and/or easements shown hereon, if any, are per information found in the recorded plat of said subdivisions or are as provided by the client, designer, builder, title company, county or S.R.I.A. and should be verified with appropriate entities.*

SURVEYORS NOTE:

THE FOLLOWING IS A DESCRIPTION OF THE LANDS REMAINING FROM THAT CERTAIN PARCEL WITH A TAX ID # 50-2S-30-1000-000-001, ESCAMBIA COUNTY. THE PARCEL HAS AN ADDRESS LABELED AS 901 OLD CORRY FIELD ROAD ON THE PROPERTY APPRAISER'S WEB SITE. THE BEARING DATUM USED MATCHES SEVERAL OF THE "LESS AND EXCEPT" NEIGHBORING PARCELS MENTIONED ON THE PROPERTY APPRAISER'S ABBREVIATED DESCRIPTION AND ALSO MATCHED WITH THE G.P.S. BEARINGS CALCULATED USING THE FLORIDA STATE PLANE COORDINATES. THE NEIGHBORING PARCELS O.R. BOOK AND PAGE DESCRIPTIONS, USED AS A REFERENCE, ARE LABELED ON THE SURVEY MAP.

DESCRIPTION (AS PREPARED BY LANDS END SURVEYING, INC.)

COMMENCE AT THE PERMANENT REFERENCE MONUMENT LOCATED AT THE SOUTHEAST CORNER OF BLOCK NINE (9) AS SHOWN ON THE RECORDED PLAT OF CORRY SUBDIVISION , A SUBDIVISION OF A PORTION OF SECTION 50, TOWNSHIP 2 SOUTH, RANGE 30 WEST , ESCAMBIA COUNTY, FLORIDA, AS RECORDED IN PLAT BOOK 01, PAGE 55 OF THE PUBLIC RECORDS OF SAID COUNTY; THENCE GO NORTH 03° 26' 19" WEST ALONG THE WESTERLY RIGHT-OF-WAY LINE OF OLD CORRY FIELD ROAD (66' R/W) FOR A DISTANCE OF 1111.57 FEET TO NORTHEAST CORNER OF THAT CERTAIN PARCEL AS RECORDED IN O.R. BOOK 8120, AT PAGE 476 OF THE AFORESAID PUBLIC RECORDS, SAID CORNER ALSO BEING THE POINT OF BEGINNING;
THENCE DEPARTING SAID WESTERLY RIGHT-OF-WAY, GO SOUTH 88° 25' 41"WEST ALONG THE NORTH BOUNDARY OF SAID PARCEL AS RECORDED IN O.R. BOOK 8120, PAGE 476, FOR A DISTANCE OF 636.63 FEET TO THE NORTHWEST CORNER OF SAID PARCEL; THENCE GO SOUTH 03° 35' 25" EAST ALONG THE WESTERLY BOUNDARY OF THE AFORESAID PARCEL AS DESCRIBED IN O.R. BOOK 8120, PAGE 476 FOR A DISTANCE OF 266.85 FEET; THENCE GO SOUTH 86° 33' 45" WEST FOR A DISTANCE OF 138.33 TO THE SOUTHEASTERLY CORNER OF THAT CERTAIN PARCEL AS RECORDED IN O.R. BOOK 4952, PAGE 1310 OF THE PUBLIC RECORDS OF SAID COUNTY; THENCE GO NORTH 03° 30' 55" WEST ALONG THE EASTERLY BOUNDARY OF SAID PARCEL FOR A DISTANCE OF 608.20 FEET TO THE INTERSECTION WITH THE SOUTHERLY BOUNDARY OF THAT CERTAIN PARCEL AS DESCRIBED IN O.R. BOOK 6840, PAGE 855 OF THE AFORESAID PUBLIC RECORDS; THENCE GO NORTH 88° 22' 48" EAST ALONG SAID SOUTHERLY BOUNDARY FOR A DISTANCE OF 447.20 FEET; THENCE GO NORTH 02° 07' 03" EAST FOR A DISTANCE OF 157.69 FEET; THENCE GO NORTH 86° 46' 51" EAST FOR A DISTANCE OF 40.27 FEET; THENCE GO NORTH 12° 25' 53" EAST ALONG THE SAME BOUNDARY COMMON WITH THE AFORESAID O.R. BOOK 4952, PAGE 1310 FOR A DISTANCE OF 64.17 FEET; THENCE GO NORTH 74° 54' 12" EAST ALONG THE BOUNDARY COMMON WITH THE SAME AFORESAID PARCEL FOR A DISTANCE OF 177.21 FEET TO THE CORNER COMMON WITH THE SAME AFORESAID PARCEL; THENCE GO SOUTH 24° 14' 01" EAST ALONG THE BOUNDARY COMMON WITH THE SAME AFORESAID PARCEL FOR A DISTANCE OF 42.89 FEET; THENCE GO NORTH 73° 04' 11" EAST FOR A DISTANCE OF 67.73 FEET TO THE WESTERLY RIGHT-OF-WAY LINE OF THE AFORESAID OLD CORRY FIELD ROAD; THENCE GO SOUTH 03° 26' 19" EAST ALONG SAID RIGHT-OF-WAY LINE FOR A DISTANCE OF 148.51 FEET; THENCE DEPARTING SAID RIGHT-OF-WAY GO SOUTH 86° 33' 41" WEST FOR A DISTANCE OF 25.00 FEET; THENCE GO SOUTH 03° 26' 19" EAST FOR A DISTANCE OF 95.00 FEET; THENCE GO NORTH 86° 33' 41" EAST FOR A DISTANCE OF 25.00 FEET TO THE AFORESAID WESTERLY RIGHT-OF-WAY LINE; THENCE GO SOUTH 03° 26' 19" EAST ALONG SAID WESTERLY RIGHT-OF-WAY LINE FOR A DISTANCE OF 334.43 FEET TO THE POINT OF BEGINNING.
THE ABOVE DESCRIBED PARCEL CONTAINS 8.441 ACRES, MORE OR LESS.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18265 **Growth Management Report 12. 5.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 08/06/2020
Issue: 5:48 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending Chapter 6, Definitions, Section 6-0.3 Terms Defined
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:48 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending Chapter 6, Definitions, Section 6-0.3 Terms Defined

That the Board review and recommend to the Board of County Commissioners (BCC) for adoption, an Ordinance to the Land Development Code (LDC) amending Section 6-0.3 Terms Defined, to change the effective date for a lot of record from February 8, 1996, to April 16, 2015.

BACKGROUND:

In 2007, the BCC adopted an ordinance bringing the Lot of Record date to February 8, 1996, the date the original LDC became effective with the State. In 2015, the current LDC was adopted with new, consolidated zoning districts, and the Property Appraiser's office began requiring zoning sign off to split or join existing parcels. These changes have effectively ended the creation of nonconforming parcels, but those created from 1996-2015 still exist.

Updating the Lot of Record date will remedy most of these nonconforming parcels and allow for analysis of data, something the current static Lot of Record maps cannot.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the LDC, will be filed with the Department of State following adoption by the board.

Implementation of this Ordinance will consist of an amendment to the LDC and distribution of a copy of the adopted Ordinance to interested citizens and staff.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

ORDINANCE NUMBER 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART III OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE LAND DEVELOPMENT CODE OF ESCAMBIA COUNTY, FLORIDA, AS AMENDED, AMENDING THE FOLLOWING SECTION TO CHANGE THE EFFECTIVE DATE FOR A LOT OF RECORD FROM FEBRUARY 8, 1996 TO APRIL 16, 2015: CHAPTER 6, DEFINITIONS, SECTION 6-0.3 "TERMS DEFINED"; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Legislature of the State of Florida has, in Chapter 125, Florida Statutes, conferred upon local governments the authority to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry; and

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County that the following regulation is hereby adopted.

Section 1. Part III of the Escambia County Code of Ordinances, the Land Development Code of Escambia County, Chapter 6 DEFINITIONS, Section 6-0.3 "TERMS DEFINED" is hereby amended as follows (words underlined are additions and words ~~stricken~~ are deletions):

Sec. 6-0.3 Terms defined.

Lot of record. A lot that is part of a subdivision that has been recorded in the official records of Escambia County, or a lot or parcel described by metes and bounds, and the description of which has been so recorded or accepted on or before ~~February 8, 1996~~ April 16, 2015. A lot of record does not include contiguous multiple lots under single ownership.

Section 2. Severability.

If any section, sentence, clause or phrase of this ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this ordinance.

Section 3. Inclusion in the code.

The Board of County Commissioners intends that the provisions of this ordinance will be codified as required by Section 125.68, Florida Statutes (2018), and that the

sections of this ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word of phrase in order to accomplish its intentions.

Section 4. Effective date.

This ordinance shall become effective upon filling with the Department of State.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18264 **Growth Management Report 12. 6.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 08/06/2020
Issue: 5:49 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending Chapter 7, Policy FLU 1.1.1, 2030 Future Land Use Map LSA-2020-02
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:49 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending Chapter 7, Policy FLU 1.1.1 and FLU 5.1 to Provide for an Amendment to the 2030 Future Land Use Map Named LSA-2020-02

That the Board review and recommend to the Board of County Commissioners (BCC) for transmittal to DEO, an Ordinance amending the Comprehensive Plan, Chapter 7, 2030 FLU map, for the specific parcel 25-2S-31-1303-000-000, located on Dog Track Road, requesting to change the existing FLUM designation from Commercial (C) to Mixed-Use Urban (MU-U) of 88.24 (+/-) acres.

This hearing serves as the first of two required public hearings.

BACKGROUND:

The applicant requests a Future Land Use (FLU) map amendment to change the FLU category of 88.24 (+/-) acres from Commercial to Mixed-Use (MU-U). The current zoning designation of the referenced parcels is Heavy Commercial Light Industrial (HC/LI). The FLU amendment proposed will remove the predominantly commercial development requiredment factor out and allow for a more mix-use development allowing for residential development.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance has been reviewed and approved for legal sufficiency by Kia M. Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the LDC, will be filed with the Department of State following adoption by the board.

Implementation of this Ordinance will consist of an amendment to the LDC and distribution of a copy of the adopted Ordinance to interested citizens and staff.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Project Address: 951 DOG TRACK RD

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 21 **DAY OF** May **, 20**20

ESCAMBIA COUNTY DEVELOPMENT SERVICES DEPARTMENT
3363 West Park Place, Pensacola, FL 32505 (850) 595-3475

DATA AND ANALYSIS REQUIREMENTS

1. A comparative analysis of the impact of both the current and the proposed future land use categories on the following items, presented in tabular format, based on data taken from professionally accepted existing sources, such as the US Census, State University System of Florida, National Wetland Inventory Maps, regional planning councils, water management districts, or existing technical studies. The data should show that the infrastructure is available to support the most intense development allowed under the requested Future Land Use category, regardless of what type of development is proposed.

    A. Sanitary Sewer

    B. Solid Waste Disposal

    C. Potable Water

    D. Stormwater Management

    E. Traffic

    F. Recreation and Open Space

    G. Schools

    The data and analysis should also support the requested future land use category by reflecting a need for that category. For example, a future land use request from Agricultural to Residential would need an analysis demonstrating the need for additional Residential acreage in the County.

2. Proximity to and impact on the following:

    A. Wellheads (indicate distance and location to nearest wellhead)

    B. Historically significant sites (available from Florida Master Site File, Division of Historical Resources; email sitefile@dos.state.fl.us) Request form attached.

    C. Natural Resources, including wetlands (a wetlands survey is highly recommended if wetlands are located on the property)

3. An analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein

RE: Letter of Request – Former Dog Track Site FLU Change

To Whom It May Concern:

We respectively request the property described herein be granted the change of Future Land Use to **MU-U** as depicted on the following page. The parcel previously held a Future Land use for C or Commercial, and was used as the location of the Pensacola Greyhound Park.

In light of the citizen's of Florida voting to cease greyhound racing throughout the state, and following current development trends in the area, the subject 88+/- acres property would be more appropriately used as a mixed used development consisting of a blend of multi-family residential, single family residential and commercial uses. With its proximity to Navy Federal Credit Union Campus on Nine Mile Road and Naval Air Station Pensacola, the development trends on the west side of Escambia County continue to show high demand for housing.

Thank you for consideration of our application and we trust you will find sufficient documentation supporting our request.

Sincerely,

Joe A. Rector, Jr.
Regional Vice President
Mullins LLC

Heron's Landing

MULLINS, LLC

Sec. 3-2.11 - Heavy commercial and light industrial district (HC/LI).

(a) *Purpose.* The heavy commercial and light industrial (HC/LI) district establishes appropriate areas and land use regulations for a complementary mix of industrial uses with a broad range of commercial activities. The primary intent of the district is to allow light manufacturing, large-scale wholesale and retail uses, major services, and other more intense uses than allowed in the commercial district. The variety and intensity of non-residential uses within the HC/LI district is limited by the applicable FLU and their compatibility with surrounding uses. All commercial and industrial operations are limited to the confines of buildings and not allowed to produce undesirable effects on other property. To retain adequate area for commercial and industrial activities, other uses within the district are limited.

(b) *Permitted uses.* Permitted uses within the HC/LI district are limited to the following:

(1) *Residential.* Any residential uses outside of the industrial (I) future land use category, but if within the commercial (C) future land use category (and not the principal single-family dwelling on an existing lot of record), only as part of a predominantly commercial development; and excluding new or expanded manufactured (mobile) home parks and subdivisions. See also conditional uses in this district.

(2) *Retail sales.* Retail sales including medical marijuana dispensing facilities, sales of alcoholic beverages, sales of automotive fuels, and sales of new and used automobiles, motorcycles, boats, manufactured (mobile) homes.

(3) *Retail services.*

a. Car washes, automatic or manual, full service or self-serve.

b. Child care facilities.

c. Hotels, motels and all other public lodging, including boarding and rooming houses.

d. Personal services, including those of beauty shops, health clubs, pet groomers, dry cleaners and tattoo parlors.

e. Professional services, including those of realtors, bankers, accountants, engineers, architects, dentists, physicians, and attorneys.

f. Rental of automobiles, trucks, utility trailers and recreational vehicles.

g. Repair services, including appliance repair, furniture refinishing and upholstery, watch and jewelry repair, small engine and motor services, and major motor vehicle and boat service and repair, but excluding outdoor work or storage.

h. Restaurants and brewpubs, including on-premises consumption of alcoholic beverages, drive-in and drive-through service, and brewpubs with the distribution of on-premises produced alcoholic beverages for off-site sales. The parcel boundary of any restaurant with drive-in or drive-through service shall be at least 200 feet from any LDR or MDR zoning district unless separated by a 50-foot or wider street right-of-way.

i. Taxi and limousine services.

See also conditional uses in this district.

(4) *Public and civic.*

a. Broadcast stations with satellite dishes and antennas, including towers.

b. Cemeteries, including family cemeteries.

c. Community service facilities, including auditoriums, libraries, museums, and neighborhood centers.

d. Educational facilities, including preschools, K-12, colleges, and vocational schools.

e. Emergency service facilities, including law enforcement, firefighting, and medical assistance.

f. Funeral establishments.

g. Homeless shelters.

h. Hospitals.

i. Offices for governmental agencies or public utilities.

j. Places of worship.

k. Public utility structures, including telecommunications towers, but excluding industrial uses not otherwise permitted.

See also conditional uses in this district.

(5) *Recreation and entertainment.*

a. Commercial entertainment facilities, indoor or outdoor, including movie theatres, amusement parks, and stadiums, but excluding motorsports facilities. Carnival-type amusements shall be at least 500 feet from any residential district. Bars, nightclubs, and adult entertainment are prohibited in areas with the zoning designation HC/LI-NA or areas zoned ID-CP or ID-1 prior to adoption of HC/LI zoning.

b. Commercial recreation facilities, passive or active, including those for walking, hiking, bicycling, camping, recreational vehicles, swimming, skateboarding, bowling, court games, field sports, and golf, but excluding off-highway vehicle uses and outdoor shooting ranges. Campgrounds and recreational vehicle parks require a minimum lot area of five acres.

c. Marinas, private and commercial.

d. Parks, with or without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) *Industrial and related.* The following industrial and related uses, except within MU-S:

a. Light industrial uses, including research and development, printing and binding, distribution and wholesale warehousing, and manufacturing, all completely within the confines of buildings and without adverse off-site impacts.

b. Marinas, industrial.

c. Microbreweries, microdistilleries, and microwineries, except in areas with the zoning designation HC/LI-NA.

See also conditional uses in this district.

(7) *Agricultural and related.*

a. Food produced primarily for personal consumption by the producer, but no farm animals.

b. Nurseries and garden centers, including adjoining outdoor storage or display of plants.

c. Veterinary clinics, excluding outside kennels.

See also conditional uses in this district.

(8) *Other uses.* Within MU-S, outside storage is permitted only when adequately screened per LDC regulations.

a. Billboards structures, excluding areas zoned ID-CP, GBD, or GID prior to adoption of HC/LI zoning.

b. Building or construction trades shops and warehouses, including on-site outside storage.

c. Bus leasing and rental facilities, not allowed within MU-S.

d. Deposit boxes for donation of used items when placed as an accessory structure on the site of a charitable organization.

e. Outdoor adjacent display of plants by garden shops and nurseries.

f. Outdoor sales.

g. Outdoor storage of trailered boats and operable recreational vehicles, excluding repair, overhaul or salvage activities.

h. Parking garages and lots, commercial, not allowed within MU-S.

i. Sales and outdoor display of prefabricated storage sheds.

j. Self-storage facilities, including vehicle rental as an accessory use.

(c) *Conditional uses.* Through the conditional use process prescribed in chapter 2, the BOA, or the BCC as noted, may conditionally allow the following uses within the HC/LI district:

(1) *Residential.* Caretaker residences not among the permitted uses of the district and for permitted non-residential uses.

(2) *Retail services.* Restaurants not among the permitted uses of the district.

(3) *Public and civic.* Cinerators.

(4) *Recreation and entertainment.*

a. Motorsports facilities on lots 20 acres or larger.

b. Off-highway vehicle commercial recreation facilities on lots 20 acres or larger.

c. Shooting ranges, outdoor.

(5) *Industrial and related.* The following industrial and related uses, except within MU-S:

a. Asphalt and concrete batch plants if within the industrial (I) future land use category and within areas zoned GID prior to adoption of HC/LI zoning.

b. Borrow pits and reclamation activities 20 acres minimum (subject to local permit and development review requirements per Escambia County Code of Ordinances, part I, chapter 42, article VIII, and land use regulations in part III, the land development code, chapter 4).

* Borrow pits are prohibited on land zoned GBD, GID, and WMU prior to the adoption of the HC/LI zoning.

c. Salvage yards not otherwise requiring approval as solid waste processing facilities.

d. Solid waste processing facilities, including solid waste collection points, solid waste transfer facilities, materials recovery facilities, recovered materials processing facilities, recycling facilities and operations, resource recovery facilities and operations, and volume reduction plants.

The conditional use determination for any of these solid waste facilities shall be made by the BCC in lieu of any hearing before the BOA. The applicant shall submit a site boundary survey, development plan, description of anticipated operations, and evidence that establishes each of the following conditions in addition to those prescribed in chapter 2:

1. Trucks have access to and from the site from adequately wide collector or arterial streets and do not use local residential streets.

2. The scale, intensity, and operation of the use will not generate unreasonable noise, traffic, objectionable odors, dust, or other potential nuisances or hazards to contiguous properties.

3. The processing of materials will be completely within enclosed buildings unless otherwise approved by the BCC.

4. The plan includes appropriate practices to protect adjacent land and resources, minimize erosion, and treat stormwater; landscaping and buffering for adjacent uses; hours of operation; methods to comply with maximum permissible noise levels; means of access control to prevent illegal dumping; and plans for materials storage.

(6) *Agricultural and related.* Kennels or animal shelters not interior to veterinary clinics.

(7) *Other uses.*

a. Structures of permitted uses exceeding the district structure height limit.

b. Heliports.

(d) *Site and building requirements.* The following site and building requirements apply to uses within the HC/LI district:

(1) *Density.* A maximum density of 25 dwelling units per acre. Lodging unit density is not limited by zoning.

(2) *Floor area ratio.* A maximum floor area ratio of 1.0 within the mixed-use suburban (MU-S), commercial (C) and industrial (I) future land use categories, and 2.0 within mixed-use urban (MU-U).

(3) *Structure height.* A maximum structure height of 150 feet above highest adjacent grade, except that for any parcel previously zoned GBD and within the MU-S future land use category the mean roof height (average of roof eave and peak heights) of a building shall not exceed 45 feet above average finished grade.

(4) *Lot area.* No minimum lot area unless prescribed by use.

(5) *Lot width.* No minimum lot width required by zoning

(6) *Lot coverage.* Minimum pervious lot coverage of 15 percent (85 percent maximum semi-impervious and impervious cover) for all uses. A maximum 75 percent of lot area occupied by principal and accessory buildings on lots of non-residential uses.

(7) *Structure setbacks.* For all principal structures, minimum setbacks are:

a. *Front and rear.* Fifteen feet in both front and rear.

b. *Sides.* On each side of a single-family detached dwelling, ten feet or ten percent of the lot width at the street right-of-way, whichever is less, but at least five feet. For all other structures, including any group of attached townhouses, ten feet on each side. For structures exceeding 35 feet above highest adjacent grade, an additional two feet for each additional ten feet in height.

(8) *Other requirements.*

a. *Access.* For any industrial use south of Well Line Road, site access shall be provided by curb cuts on an arterial or collector street. Alternatively, a private or public street may link the site to an arterial or collector, provided that the private or public street does not traverse a residential subdivision or predominantly residential neighborhood between the site and the arterial or collector street.

b. *Parcels within MU-S previously zoned GBD.* For any parcel previously zoned GBD and within the MU-S future land use category, additional requirements apply as mandated by the GBD performance standards and the site and building requirements in effect as of April 15, 2015, prior to the adoption of the current Land Development Code to ensure compatibility.

c. *Chapters 4 and 5.* Refer to chapters 4 and 5 for additional development regulations and standards.

(e) *Location criteria.* All new non-residential uses proposed within the HC/LI district that are not part of a planned unit development or not identified as exempt by district regulations shall be on parcels that satisfy at least one of the following location criteria:

(1) *Parcels along Hwy 29 or SR 95A.* Parcels previously zoned GBD and within the MU-S future land use category which are located along and directly fronting U.S. Highway 29 or State Road 95A.

(2) *Proximity to intersection.* Along an arterial street and within one-quarter mile of its intersection with an arterial street.

(3) *Site design.* Along an arterial street, no more than one-half mile from its intersection with an arterial street, and all of the following site design conditions:

a. Not abutting a RR, LDR or MDR zoning district.

b. Any intrusion into a recorded residential subdivision is limited to a corner lot.

c. A system of service roads or shared access is provided to the maximum extent feasible given the lot area, lot shape, ownership patterns, and site and street characteristics.

d. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

e. Location in an area where already established non-residential uses are otherwise consistent with the HC/LI, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.

(4) *Documented compatibility.* A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria, and the proposed use will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.

b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the community redevelopment agency (CRA).

(f) *Rezoning to HC/LI.*

(1) *Generally.* Heavy commercial and light industrial zoning may be established by rezoning only within the mixed-use urban (MU-U), commercial (C), or industrial (I) future land use categories. The district is appropriate to provide transitions between areas zoned or used for commercial and areas zoned or used for industrial. The district is suitable for areas able to receive bulk deliveries by truck in locations served by major transportation networks and able to avoid undesirable effects on nearby property and residential uses. Rezoning to HC/LI is subject to the same location criteria as any non-residential use proposed within the HC/LI district.

(2) *HC/LI-NA designation.* Any applicant for rezoning to the HC/LI zoning district may request a HC/LI-NA designation prohibiting the subsequent establishment of any microbreweries, microdistilleries, microbreweries, bars, nightclubs, or adult entertainment uses on the rezoned property. The request shall be in the form of a notarized affidavit that acknowledges this use restriction and affirms that it is a voluntary request. Once approved according to the rezoning process of chapter 2, the HC/LI-NA zoning designation and its prohibitions shall apply to the property, regardless of ownership, unless the parcel is rezoned.

Exhibit B
Escambia County, Florida

Subject to the Following Matters:

All recording references herein are to the records appearing in the Office of the Judge of Probate of Escambia County, Florida, unless otherwise indicated.

1. All liens for taxes, assessments and other governmental charges, including rollback taxes, not yet due and payable.

2. Oil, gas, and other minerals lying on, in, under or upon the Property, previously reserved by others, and any mineral leases or other documents concerning the oil, gas, and other mineral estate.

3. All rights, easements, and servitudes incident to and a part of the mineral estate underlying the Property and all oil, gas, saltwater or disposal wellsites and related agreements.

4. All public and private recorded rights of way, public roads, utility easements, utility rights of way, and pipeline rights of way now in existence in, on, under, over and across the surface of the Property.

5. Any matter affecting the Property that would be disclosed by an accurate and complete land survey of the Property.

6. Recorded easements and rights-of-way for existing roads (public or private), railroads, and public utility lines running through, over or across the Property.

7. That certain mortgage from Pensacola Greyhound Track, Inc., to the Poarch Band of Creek Indians, PCI Gaming Authority, filed of record 5/19/2009 in OR Book 6461, Page 335, in the original principal amount of $3,450,000.00, and the terms and conditions thereof.

8. UCC-1 (Financing Statement) from Pensacola Greyhound Track, Inc., a Florida Corporation, to the Poarch Band of Creek Indians, PCI Gaming Authority, recorded 5/19/2009 in OR Book 6461, Page 348.

9. Easement granted to Gulf Power Company by instrument recorded in OR Book 880, Page 62.

10. Easement granted to Escambia County Utilities Authority by instrument recorded in OR Book 2820, Page 504.

11. Easement granted to Southern Bell Telephone and Telegraph Company by instrument recorded in OR Book 3101, Page 944.

12. All matters recorded in the Official Records of Escambia County, Florida.

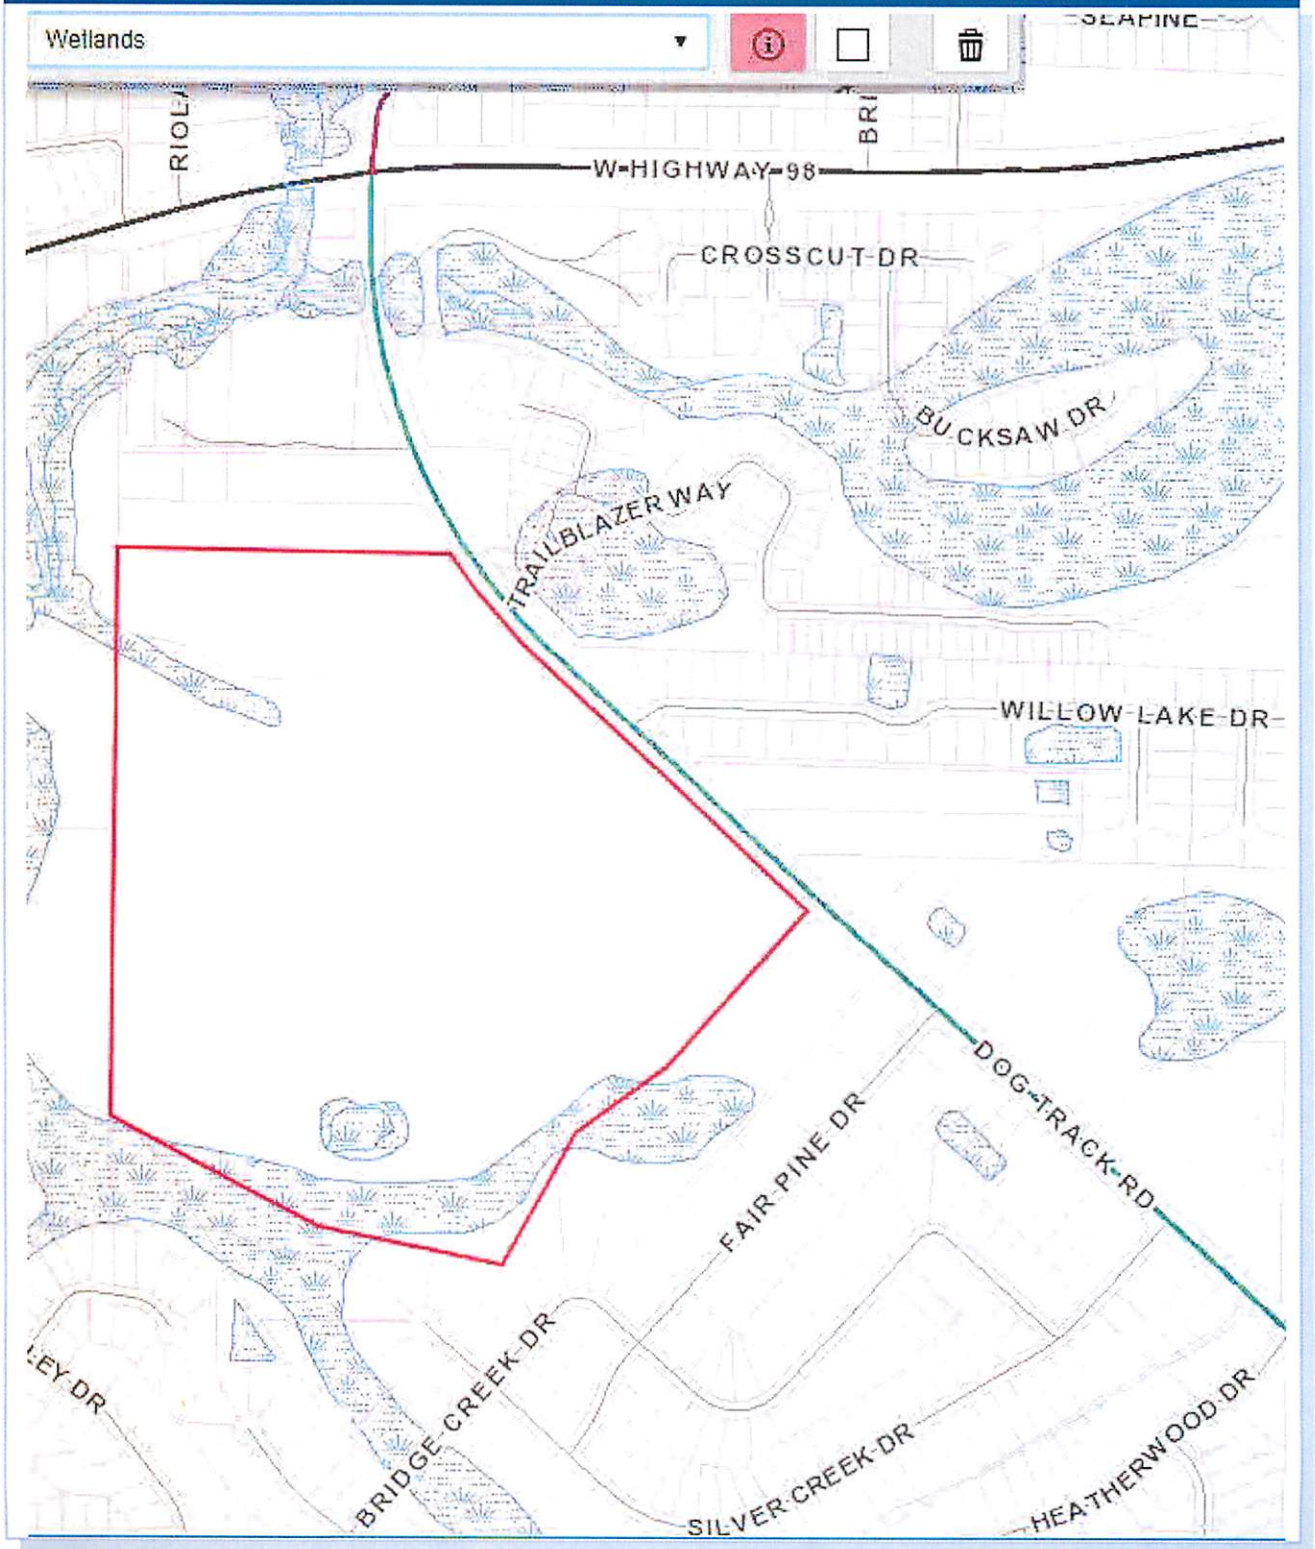
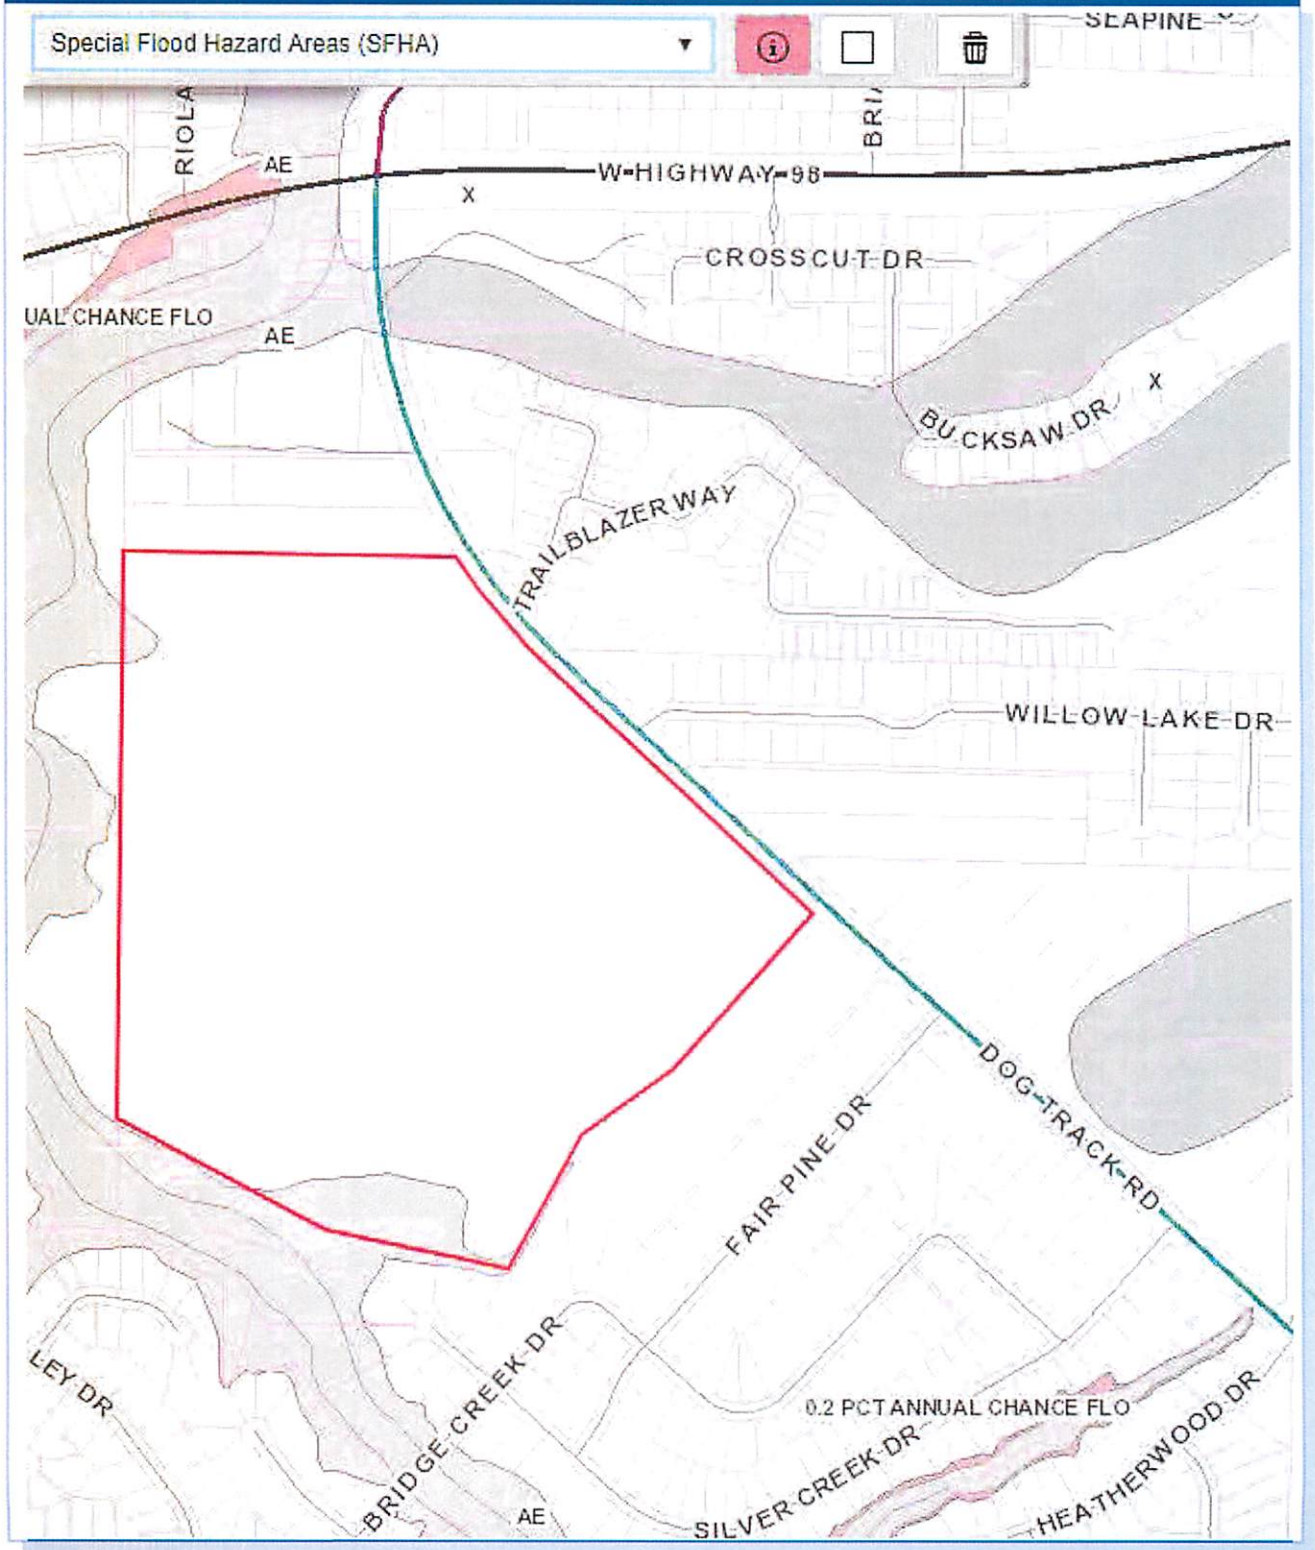
Heron's Landing



Heron's Landing

MULLINS, LLC



Data and Analysis

88 +/- Acre former Pensacola Greyhound Parcel

Mixed Used Development

Pensacola, Florida

The subject site is accessible from Dog Track Road, which is classified as a Major Urban Collector. The property is located ¼ mile south of the intersection with Highway 98 and Lilian Highway. The site is approximately 88+/- acres and was formerly home to the Pensacola Greyhound Park. Our proposal is for development of a mixed-use development consisting of a blend of multi-family residential, single family residential and commercial uses.

UTILITY IMPACTS: A letter identifying potential development impacts on utility capacities including water, sanitary sewer and garbage collection, has been requested and will be provided upon receipt, prior to public meeting. It is anticipated that an ECUA lift station will be required for this development.

STORMWATER MANAGEMENT Topographical features show that the site is higher on the east side. As shown on the attached site/contour map, the western and southerly end was found to have an elevation of 12 feet, while the easterly edge of the site had an 21 feet elevation contour. With a 8' downhill gradient, the existing stormwater drainage pattern is from east to west. This is similar to the existing stormwater drainage system within Woodridge Manor Subdivision, located to south of the property, as evidenced by the location of the existing drainage ponds.

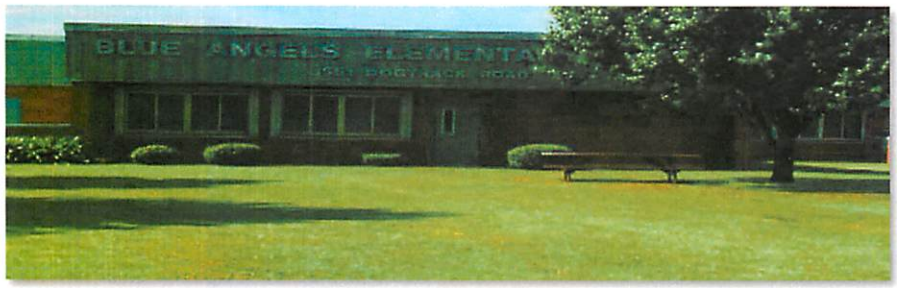
The proposed stormwater design for the 88 acre site will include the use of pipe, curb and gutter and swales, among others. The collected stormwater will be directed into several large ponds running along the edge of the existing wetland. The northern and easterly end of the site has been designed to avoid any construction activities within areas that could potentially be classified as jurisdictional wetlands. These areas have been flagged by environmental scientists to precisely identify any plants, wetlands and any other flora/fauna of concern. The proposed stormwater plan will then be designed and submitted for review and approval by all appropriate county, state and federal regulatory offices.

TRAFFIC: All Access to the site from the east will be from Dog Track Road. These connection points will be designed during the approval process to make necessary accommodations recommended in traffic study. The development's ingress/egress points will be similar to the attached concept plan. **(See Supplement)**

RECREATION AND OPEN SPACE: The site is located approximately2 miles from the Southwest Escambia Sports Complex as well as the Millview ~ Heron Bayou Public Boat Ramp. **(See Supplement)** It is anticipated that existing facilities have sufficient capacity to meet the recreation and open space needs of this proposed new development. Recreational amenities are planned as a part of this development.

SCHOOLS: A letter identifying potential development impacts on the area school facilities has been requested. Schools of potential impact include:

Elementary School Zone: **Blue Angels Elementary**



Middle School Zone: **Bailey Middle School**

High School Zone: **Escambia High School**

May 15, 2020

Consistency with Relevant Portions of the Escambia Comprehensive Plan

88 +/- Acre former Pensacola Greyhound Parcel

Mixed Used Development

Pensacola, Florida

OBJ FLU 1.1 Growth Strategies

Apply accepted planning principles and utilize innovative and flexible planning strategies to achieve orderly and balanced growth and development.

POLICIES

FLU 1.1.1 **Development Consistency**. New development and redevelopment in unincorporated Escambia County will be consistent with the Plan and the FLUM.

RESPONSE: If approved by the Escambia County Planning Board, this proposed development will be consistent with this policy.

OBJ FLU 1.3 Future Land Use Map Designations

Designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas.

POLICIES

FLU 1.3.1 **Future Land Use Categories**. General descriptions, range of allowable uses, and residential densities and non-residential intensities for all future land use categories in Escambia County are outlined in below.

FLUM Mixed-Use Urban (MU-U)

General Description:

Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole.

Range of Allowable Uses:

Residential, retail and services, professional office, light industrial, recreational facilities, public and civic, limited agriculture.

Standards:

Residential Maximum Density: 25 du/acre

Non-Residential Minimum Intensity: 0.25

Floor Area Ration (FAR) Maximum Intensity: 2.0 Floor Area Ratio (FAR)

Escambia County intends to achieve the following mix of land uses for new development within a ¼ mile of arterial roadways or transit corridors by 2030:

a) Residential 8% to 25%

b) Public/Rec/Inst. 5% to 20%

c) Non-Residential: Retail/Service 30% to 50% Office 25% to 50% Light Industrial 5% to 10%

In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:

a) Residential 70% to 85%

b) Public/Rec/Inst. 10% to 25%

c) Non-Residential 5% to 10%

RESPONSE: If approved by the Escambia County Planning Board, this proposed development will be consistent with this policy.

OBJ FLU 2.1 Urban Development

Direct growth toward those areas where infrastructure and services exist to support development at approved densities and intensities.

POLICIES

FLU 2.1.1 **Infrastructure Capacities.** Urban uses will be concentrated in the urbanized areas with the most intense development permitted in the Mixed-Use Urban (MU-U) areas and areas with sufficient central water and sewer system capacity to accommodate higher density development. Land use densities may be increased through Comprehensive Plan amendments. This policy is intended to direct higher density urban uses to those areas with infrastructure capacities sufficient to meet demands and to those areas with capacities in excess of current or projected demand. Septic systems remain allowed through Florida Health Department permits where central sewer is not available.

RESPONSE: A letter identifying potential development impacts on utility capacities including water, sanitary sewer and garbage collection, has been requested and will be provided upon receipt, prior to public meeting. It is anticipated that an ECUA lift station will be required for this development.

OBJ FLU 2.2 Provision of Public Services

Promote orderly and balanced growth and development as a fiscal management technique to provide cost-efficient public services and facilities.

POLICIES

FLU 2.2.3 **Right-of-way Dedication.** Escambia County will continue to require dedication of adequate rights-of-way as approved by the County.

RESPONSE: The development of this site would result in roadways that meet the Escambia County Engineering Manuals Specifications for Roadways of which the rights-of-ways would be dedicated to Escambia County.

OBJ MOB 1.1 Transportation System

Continue to provide a safe, convenient, efficient and cost-effective multimodal transportation system and roadway network for present and future residents.

POLICIES

MOB 1.1.1 **Level of Service (LOS) Standards.** Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for Strategic Intermodal System (SIS) facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.

Nothing in this policy shall be interpreted to preclude the County from requiring the development to pay all costs to the County associated with construction of any transportation improvement made necessary by the development.

RESPONSE: This proposed development will submit detailed site plans identifying required improvements all of which will be paid by the developer.

MOB 1.1.2 **On-site Facilities.** All new private development will be required to provide safe and convenient on-site traffic flow as indicated in the LDC.

RESPONSE: Preliminary internal circulation design shows the site will be accessible from the west, at two locations. These plans will be submitted to the County for review and approval. The plans will contain overall traffic circulation patterns and will comply with this element of the Comprehensive Plan.

OBJ MOB 1.4 Corridor Preservation

Provide for the protection of existing and future rights-of-way from encroachment by including appropriate regulations for standard right-of- way, setback regulations, density and intensity regulation, right-of-way, and scenic roadway designation within the provisions of the LDC.

POLICIES

MOB 1.4.1 **Proposed Transportation Corridors.** Escambia County will make efforts to inform the public about the location of proposed transportation corridors. Such proposed transportation corridors are to be initially designated in this section, the adopted TPO's Cost Feasible Plan, the proposed or adopted County Capital Improvement Plan, or in any proposed or adopted Development of Regional Impact (DRI) or development plan. Transportation corridor protection regulations will be incorporated in the LDC.

FY 2021 - FY 2025 Florida-Alabama TPO Project Priorities Table 5 - FY 21-25 Transportation Alternatives (TA) Project Priorities, Dog Track Road from Blue Angel Parkway to SR 30 (US 98) is listed as number six on

this list. This project calls for the installation of paved shoulders along both sides of Dog Track Rd (CR-297) in Escambia County.

RESPONSE: This proposed development is adjacent to the Dog Track Road. It is not anticipated that any additional right-of-way will be necessary additional right-of-way to accommodate this project. However, consideration will be given and final determination will occur during the development review stages of the project in accordance with the Escambia County Land Development Code.

OBJ INF 3.1 Provision of Stormwater Management

Ensure the safe and efficient provision of stormwater management through maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, and protection of natural resources.

POLICIES

INF 3.1.6 **Developer Responsibilities.** Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.

RESPONSE: Required stormwater management plan and facilities will be designed and installed at the developer's expense.

OBJ INF 4.1 Provision of Potable Water Service Ensure the safe and efficient provision of potable water services through coordination with service providers, maximized use of existing facilities, maintenance of appropriate levels of service, correction of existing deficiencies, water conservation, and protection of natural resources. POLICIES

INF 4.1.6 **Developer Responsibility**. The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.

RESPONSE: The developer will pay for all agreed costs associated with any required modifications to the water lines.

OBJ COA 1.1 General Hazard Mitigation

Reduce the exposure of people and property to natural hazards.

POLICIES

COA 1.1.3 **Flood Elevation.** Escambia County will, as supported by federal emergency management regulations (Title 44, Code of Federal Regulations (CFR) 60.1) and the County's experience of significant flood hazard events, require additional height above the base flood elevation to more effectively reduce the exposure of people and property to losses from flood hazards.

RESPONSE: Base finished floor elevations will be establish as necessary during the development review stages of the project in accordance with the Escambia County Land Development Code.

OBJ CON 1.1 General Resource Management

Effectively manage the natural resources of Escambia County through sound conservation principles.

POLICIES

CON 1.1.2 **Wetland and Habitat Indicators.** Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the FFWCC Land Satellite (LANDSAT) imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.

RESPONSE: Existing inventory maps indicate that an area in the northwestern portion of the site contain jurisdictional wetlands. This is verified in the Jurisdictional Wetland Assessment performed by BIOME Consulting Group, dated, April 7, 2020. Based on their wetland jurisdictional determination, they have determined that the site appears to have approximately 84.11-acres of uplands and 3.93-acres of wetlands and other jurisdictional waters. Their site visit documented the wetlands within the jurisdiction of the COE and WMD/FDEP. **(See Supplement)** As shown on the preliminary site layout, this area is being completely avoided and will remain in its natural state.

OBJ CON 1.3 Surface Water Resources

Protect and improve the quality, biological health, and natural function of all surface water systems to preserve their ecological and aesthetic values.

POLICIES

CON 1.3.1 **Stormwater Management.** Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater

RESPONSE: Plans depicting stormwater management and treatment will be submitted to Escambia County for review and approval to assure compliance with this requirement.

OTHER: The site is not located within any designated Area of Critical State Concern.

RECREATION AND OPEN SPACE

The Southwest Escambia Sports Complex is located at 2020 Bauer Rd, Pensacola, FL 32506 ½ south of Lilian Highway on Bauer Road.

This 17-field athletic complex is the home for all of Perdido Youth sports. Baseball, Softball, Soccer, and Football fields comprise the athletic fields, and the park also offers a playground and pavilions.

Re: Jurisdictional Wetland Assessment – Herons Landing, +/- 88.24 acres
Escambia County Parcel: 25-2S-31-1303-000-000

Dear Mr. Conner,

Biome Consulting Group, LLC (Biome) has completed a jurisdictional wetlands and waters assessment of the above referenced property. Our assessment included an analysis of vegetative cover and composition, wetland hydrology indicators and hydric soil indicators in accordance with state and federal procedural guidelines. The following is meant to be used as a brief summary of site results and the regulatory agencies' potential involvement with this property.

The site was found to contain approximately **84.11-acres of uplands and 3.93-acres of wetlands and other waters** within the jurisdiction of state and federal agencies. Please note that these calculations are based on an inspection boundary provided by the Escambia County property appraiser and an actual boundary survey may result in slightly different calculations. The jurisdictional boundaries were alphanumerically flagged with pink surveyor's tape, located via Trimble Geo7x GPS, and is depicted on the enclosed map using ArcMap 10.5 software. The following is a summary of our observations relating to the jurisdictional determination:

1. **General Observations:** The site is an 88.24-acre parcel that comprised the former Greyhound Race Track/Poker Room, which is currently closed. Remnants of the operation are still present;

2. **Vegetation:** The wetland area is dominated by slash pine, cypress, sweetbay magnolia, red maple, wax myrtle, cinnamon fern, pitcher plants, and bog buttons, and the upland area is dominated by longleaf pine, saw palmetto, live oak, blueberry, bracken fern, and gopher apple;

3. **Soils:** The soil survey indicates that the property is underlain by and Hurricane Sand (non-hydric), Foxworth (non-hydric), and Dorovan muck (hydric), which was confirmed by on-site soil pit excavation. Dark surface and redox were present in the wetland areas of the site;

4. **Hydrology:** Indicators of wetland hydrology include buttressing and multi-trunking.

FEDERAL JURISDICTION - U.S. ARMY CORPS OF ENGINEERS

The Federal agency responsible for regulating wetlands is the U.S. Army Corps of Engineers (COE). Technical guidelines outlined in the US Army Corps of Engineers Wetlands Delineation Manual (1987) were applied in the field for determining the presence and location of jurisdictional wetlands on the above referenced property.

Results: All parameters necessary for the COE to exert jurisdiction are present on the site. Please contact Biome for permitting guidance and suggestions.

Section 404 of the Clean Water Act (33 USC 1344) requires authorization from the Secretary of the Army, acting through the COE, for the discharge of dredged or fill material into all waters of the United States, including wetlands. Discharges of fill material generally include, without limitation: placement of fill that is necessary for the construction of any structure, or impoundment requiring rock, sand, dirt, or other material for its construction; site-development fills for recreational, industrial, commercial, residential, and other uses; causeways or road fills; dams and dikes; artificial islands; property protection or reclamation devices such as riprap, groins, seawalls, breakwaters, and revetments; beach nourishment; levees; fill for intake and outfall pipes and sub-aqueous utility lines; fill associated with the creation of ponds; and any other work involving the discharge of fill or dredged material. A COE permit is required whether the work is permanent or temporary.

The basic premise of the dredge and fill program is that no discharge of dredged or fill material may be permitted if: (1) a practicable alternative exists that is less damaging to the aquatic environment or (2) the nation's waters would be significantly degraded. What this means is when you apply for a permit, you must show that you have, to the extent practicable:

- Reasonably avoided all wetland impacts;
- Minimized potential impacts on wetlands; and
- Provide compensation for any remaining unavoidable impacts.

STATE JURISDICTION - STATE OF FLORIDA

The State agencies responsible for regulating wetlands are the Florida Department of Environmental Protection (FDEP) and Northwest Florida Water Management District (WMD).

Results: All parameters necessary for the FDEP/WMD to exert jurisdiction are present on the site. Please contact Biome for permitting guidance and suggestions.

Similar to COE requirements, dredge and/or fill activities waterward of State's limits will require a permit under the Environmental Resource Permitting (ERP) program, Section 373, F.S., Chapters 62-4, 62-340 and 62-330, F.A.C. There is a state application permitting fee (based on acreage) and mitigation is usually required for permanent wetland impacts. Typically, permits are issued within 90 days of complete application. Please contact Biome for permitting guidance and suggestions or visit http://www.biome.co/

CONCLUSION

Based on our wetland jurisdictional determination, we have determined that the site appears to have approximately **84.11-acres of uplands and 3.93-acres of wetlands and other jurisdictional waters**. Our site visit documented wetlands within the jurisdiction of the COE and WMD/FDEP. Any proposal to impact wetlands will require permits from the applicable agencies. Please contact Biome for permitting guidance and suggestions.

A wetland delineation performed by an ecological consultant represents the professional opinion of the scientist that performed the work. The results of this jurisdiction are based on the professional opinion and experience of an environmental consultant. This report is intended for the sole use by the above listed addressee. Its contents may not be relied upon by other parties without the written consent of Biome Consulting Group.

This concludes our assessment of the target property. If you require additional information, assistance, or clarification, please give us a call at 850.435.9367 or visit http://www.biome.co/. We look forward to assisting you in the future.

Sincerely,
Biome Consulting Group

Pensacola Greyhound Track discontinues live dog races

Kevin Robinson, Pensacola News Journal Published 1:32 p.m. CT Jan. 31, 2019

The Pensacola Greyhound Track & Poker Room is discontinuing its live greyhound racing. *(Photo: Getty Images/Flickr Select)*

There will be no more live dog races in Pensacola.

The Pensacola Greyhound Track & Poker Room's fall greyhound racing season ended Sept. 30, 2018, and races were supposed to resume Jan. 18, 2019. However, in November, Florida voters passed an amendment that will phase out live greyhound races statewide by 2021, so Pensacola track owner, PCI Gaming, has opted not to resume live races.

"The transition is complete and all team members impacted by the change were offered new job placement within the company," said an emailed statement from a PCI Gaming representative. "With the help of national partners, all greyhounds were successfully placed in good care."

Conclusion

88 +/- Acre former Pensacola Greyhound Parcel

Mixed Used Development

Pensacola, Florida

We believe the afore presented report sufficiently demonstrates that our request described herein be granted the change of Future Land Use to **MU-U**. We have provided the normal practices and normal standard of care in analyzing this criteria and addressed criteria set forth as follows:

1. Our comparative analysis of the impact of both the current and the proposed future land use categories on the following items adequately demonstrate consistency with the Comprehensive Plan for:
    A. Sanitary Sewer
    B. Solid Waste Disposal
    C. Potable Water
    D. Stormwater Management
    E. Traffic
    F. Recreation and Open Space
    G. Schools
2. The data and analysis also supports the requested future land use category by reflecting a need for that category. This is demonstrated by the closure of the previous use as the Pensacola Greyhound Park and converting to a mixed-use development consistent with the current development trends.
3. Proximity to and impact on the following:
    A. Wellheads (no wellhead locations within 2 miles of site).
    B. Historically significant sites (available from Florida Master Site File, Division of Historical Resources; email sitefile@dos.state.fl.us) Requested.
    C. Natural Resources, including wetlands **(See Supplement).**
4. Analysis of consistency with the Escambia County Comprehensive Plan included in this report.
5. Applicable sections referenced and addressed herein.

Thank you for consideration of our application and the documentation supporting our request.

RE: Heron's Landing
951 Dog Track Road
Pensacola, Florida 32506
Letter of Capacity Reservation

Dear Mr. Rector:

ECUA is in receipt of your inquiry concerning the availability of ECUA service/s for the above-referenced project. ECUA provides Potable Water Production Well and/or Wastewater Treatment Plant Capacity Letters exclusively to assist with your permitting efforts through Escambia County's development and concurrency review process. The administration of the concurrency review process is the sole responsibility of Escambia County, and ECUA plays no role in it.

For the purpose of concurrency review only, ECUA anticipates no problems in potable water production well capacity or wastewater treatment plant capacity for the flow rates indicated on your inquiry/request form. This letter is valid for a period not to exceed one (1) year from the date of issuance.

This letter does not guarantee that ECUA's existing water distribution or sanitary sewer collection infrastructure (mains, lift stations, etc.) in the area of your project are sufficient to serve your project; instead, this letter solely addresses potable water production well capacity and/or wastewater treatment plant capacity. Therefore, the project referenced above may require various extensions, additions, upgrades, and/or modifications to the existing ECUA water and/or sewer infrastructure that you, as the Developer, may be required to pay for and install as part of your project.

All extensions, additions, upgrades, and/or modifications to the potable water or sewer collection systems to serve this project must be designed, approved and constructed in accordance with ECUA's policies, procedures, and all applicable permitting requirements. Please submit your project to ECUA Engineering so we can work with your Engineer of Record to evaluate your project's potable water distribution and sanitary sewer collection system needs.

Sincerely,

Stacy N. Hayden, PE
Director of Engineering/ECUA

Comprehensive Plan
Large-Scale Future Land Use Map Amendment
Staff Analysis

General Data

Project Name:	LSA 2020-02– Amending the Comprehensive Plan, Chapter 7, 2030 FLU map.
Location:	951 Dog Track Road
Parcel #s:	25-2S-31-1303-000-000
Acreage:	88.24 (+/-) acres.
Request:	Commercial (C) to Mixed-Use Urban (MU-U).
Agent:	**Joe A. Rector, Jr. -VP Mullins LLC, Agent for** Pensacola Greyhound Racing LLP, Brent Pinkston.
Meeting Dates:	Planning Board, July 6, 2020 BCC August 6, 2020 (Transmittal)

Site Description and Summary of Proposed Amendment:

The parcel is located on the west side of Dog Track Road about .25 miles (+/-) south of the intersection West Highway 98/Lillian Highway and 1.5 miles (+/-) north of Blue Angle Parkway.

Commercial. "Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development." "Range of Allowable Uses: Residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 1.0.

Mixed-Use Urban. "Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole." The range of allowable uses is "residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 2.0.

Analysis of Availability of Facilities and Services:

The availability of public facilities and services for the site of a Future Land Use map amendment requires analysis of the general demands of its proposed use. All specific level of service (LOS) standards established by Escambia County are evaluated for

compliance during the review processes prescribed by the LDC for approval of proposed development.

Sanitary Sewer Service.

CP Policy INF 1.1.7 Level of Service (LOS) Standards. *Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection. *All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The subject property is within the service area of the Emerald Coast Utility Authority (ECUA) for sanitary sewer. The applicant provided in their application that an ECUA lift station will be required for the development. ECUA currently already provides water and sanitation to the existing structures on site. ECUA anticipates no problems in potable water production well capacity or wastewater treatment plant capacity for the flow rates. Any new proposed development will have a complete reviewed during the Development Review Process, as well must be designed, approved and constructed in accordance with ECUA's policies, procedures, and all applicable permitting requirements.

Solid Waste Disposal.

CP Policy INF 2.1.2 Perdido Landfill Operation. *Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

CP Policy INF 2.1.4 Level of Service (LOS) Standards. *The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste LOS analysis that the current build-out for disposal at the Perdido Landfill will provide solid waste disposal capacity through 2045.

Potable Water Service.

CP Policy INF 4.1.4 Concurrency Management. *Escambia County will ensure the provision of potable water facilities concurrent with the demand for such facilities but no later than the certificate of occupancy, as created by development or redevelopment through the implementation of the Concurrency Management System.*

CP Policy INF 4.1.6 Developer Responsibility. *The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

CP Policy INF 4.1.7 Level of Service (LOS) Standards. *The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

Analysis: Based on the applicant's documentation the parcel is under the ECUA service area; the applicant did submit a letter from ECUA assuring there is capacity reservation availability from ECUA. Any proposed development will submit for a complete review and obtain approval from the Development Review Committee.

Stormwater Management.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

CP Policy INF 3.1.7 Level of Service (LOS) Standards. *Stormwater management LOS will be monitored through the provisions in the LDC design standards.*

Analysis: Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.

Streets and Access.

CP Policy MOB 1.1.1 Level of Service (LOS) Standards. *Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for SIS facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.*

Analysis: The parcel fronts Dog Track Road which is a Escambia County maintained road, classified as a major collect roadway. Any new development will have to apply for review and approval thru the Development Review Committee.

Transportation & Traffic Operations (TTO) Comments – LSA-2020-01

TTO Staff has reviewed LSA-2020-02, 951 Dog Track Road. The requested Future land use change is from Commercial (C) to Mixed Use – Urban (MU-U) and is

scheduled for the July 6, 2020 Planning Board Meeting. Please see the below comments.

This segment of Dog Track Road has a two-lane typical section with two 12 foot travel lanes and a six foot wide path on the west side of the road. Dog Track Road has an approximate right-of-way width of 100 feet. The County does not have any proposed improvement projects scheduled for Dog Track Road in this area.

Per the Florida-Alabama TPO's Congestion Management Process Plan, Dog Track Road is classified as a major collector with a maximum LOS of D and a corresponding daily volume threshold of 17,700. Near the subject property, the daily volume on Dog Track Road for 2019 was recorded as 6,400.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

Facilities.

CP Policy ICE 1.3.1 Interlocal Agreement for Public School Facility Planning. *In cooperation with the School Board and the local governments within Escambia County, the County will implement the Interlocal Agreement for Public School Facility Planning (herein Interlocal Agreement) that establishes procedures for coordination and sharing of information, planning processes, and implementation.*

Analysis: Based on the public records of Escambia County, the assigned schools that service this area are Blue Angels Elementary, Bailey Middle School and Escambia High School. The applicant has requested a letter from the Escambia County School District Facilities Planning Director, stating that capacity for this project meets the School Level of Service requirements.

Analysis of Suitability of Amendment for Proposed Use:

The suitability of a Future Land Use map amendment for its proposed use requires an analysis of the characteristics of the site and its resources relative to Comprehensive Plan (CP) goals, objectives, and policies. For these purposes, suitability is the degree to which the existing characteristics and limitations of land and water are compatible with the proposed use or development. Compliance with specific regulations and standards established by Escambia County, including those for public facilities and services, are evaluated during the development review processes prescribed by the LDC for approval of proposed development.

Impact on Land Use.

CP Policy FLU 1.3.1 Future Land Use Categories. *General descriptions, range of allowable uses, and residential densities and non-residential intensities for all future land use categories in Escambia County are outlined in Table 1* [of the Escambia County Comprehensive Plan].

Analysis:

The referenced Comprehensive Plan table describes the current Commercial FLU as intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development. MU-U FLU as intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category. Residential density is limited to 25 dwelling units per acre. If the amendment is approved the proposed Future Land Use to MU-U would be consistent with the existing zoning; there would be a decrease on the intensity of the development, but it would potentially accommodate a proposed residential development and mixed-use development that would be compatible with the surrounding uses.

Impact on Wellheads.

CP Policy CON 1.4.1 Wellhead Protection. *Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.*

Analysis: Based on the GIS wellhead protection areas layer, there are no wellhead protection areas within the parcel. Any new development will have to submit for Development Review Process.

Impact on Historically Significant Sites.

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: The county did not receive a letter from the Historical Resources, Florida Master File. A request was made by the applicant. At the time of development review if any historic or archeological resources or structures are discovered, the county will request the appropriate guidance, direction, and technical assistance from the State, in accordance with current regulations.

Impact on the Natural Environment.

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses as indicated by the LDC:*

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

Analysis: The applicant stated that wetlands on-site have been identified and delineated. The applicant understands and will comply with the design and permitting processes requirements during the Site Plan Review process.

Urban Sprawl

CP Objective FLU 1.3 Future Land Use Map Designations. *Designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas.*"

Analysis: The proposed FLU amendment would promote mixed uses in the urban areas, with compatible development.

CP Policy FLU 2.2.1 Location. Public facilities and services will be located to minimize their cost and negative impacts on the natural environment and maximize their efficiency. Cost alternatives, impacts on the environment, and levels of efficiency will be discussed during the design phase and bid process utilized by the County to accomplish the installation or location of public facilities and/or services. In addition, the County will coordinate with the ECUA, other water and/or sewer providers, and state or federal agencies with facilities located in the County or with plans to expand existing facilities or create new facilities in the County. Among other things, it is the intent of this policy that public facilities and services are available to support the densities and intensities of uses provided by this Plan and the FLUM and that there is adequate and suitable land available for such utility facilities.

CP Policy FLU 2.2.4 Existing Facilities. Prior to embarking on the construction of new capital improvements, Escambia County will consider the feasibility of upgrading or rehabilitating existing facilities to determine if the rehabilitation of present facilities would be in the best interest of the County and its citizens.

Analysis: The applicant has stated the development of the site would result in roadways that meet the Escambia County Engineering Manuals Specifications for roadways of which the rights-of-ways would be dedicated to Escambia County. There were no capacity letters from supporting agencies addressing the availability of public services. Any new proposed project will be required to meet the current regulations, as

it relates to the availability of public services to support the requested densities and intensities.

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; AMENDING CHAPTER 7, "THE FUTURE LAND USE ELEMENT," POLICY FLU 1.1.1, TO PROVIDE FOR AN AMENDMENT TO THE 2030 FUTURE LAND USE MAP, CHANGING THE FUTURE LAND USE CATEGORY OF A PARCEL, WHICH IS LOCATED WITHIN SECTION 25, TOWNSHIP 2S, RANGE 31W, AND WHICH IS IDENTIFIED AS PARCEL ID NUMBER 25-2S-31-1303-000-000 TOTALING 88.24(+/-) ACRES, LOCATED ON DOG TRACK ROAD, FROM COMMERCIAL (C) TO MIXED USE URBAN (MU-U); PROVIDING FOR A TITLE; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Chapter 163, Part II, Florida Statutes, Escambia County adopted its Comprehensive Plan on April 29, 2014; and

WHEREAS, Chapter 125, Florida Statutes, empowers the Board of County Commissioners of Escambia County, Florida to prepare, amend and enforce comprehensive plans for the development of the County; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the Comprehensive Plan; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this amendment is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

Section 2. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Large Scale Amendment 2020-02."

Section 3. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

(A) A parcel of land which is located within Section 25, Township 2S, Range 31W, parcel number 25-2S-31-1303-000-000 and totaling 88.24 (+/-) acres, located on 951 Dog Track Road, as more particularly described in the Boundary Survey produced by Merrill Parker Shaw, Inc., E. Wayne Parker, a registered Florida land surveyor, dated 03/10/2010, attached as Exhibit A, from Commercial (C) to Mixed-Use Urban (MU-U).

Section 4. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 5. Inclusion in the Code

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by Section 125.68, Florida Statutes, and that the sections, subsections and other provisions of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

THIS SPACE INTENTIONALLY BLANK

Section 6. Effective Date

Pursuant to Section 163.3184(3)(c)(4), Florida Statutes, this Ordinance shall not become effective until 31 days after the Department of Economic Opportunity notifies Escambia County that the plan amendment package is complete. If timely challenged, this Ordinance shall not become effective until the Department of Economic Opportunity or the Administration Commission enters a final order determining the Ordinance to be in compliance.

THAT PORTION OF THE NORTH 1/2 OF THE NORTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 25, TOWNSHIP 2 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA, DESCRIBED AS FOLLOWS: BEGINNING AT A CONCRETE MONUMENT AT THE SOUTHWEST CORNER OF SAID NORTH 1/2; THENCE NORTH 00°05' WEST ALONG THE WEST LINE OF SAID NORTH 1/2 A DISTANCE OF 600.00 FEET TO A CONCRETE MONUMENT; THENCE SOUTH 88°32'30" EAST, 305.6 FEET TO A CONCRETE MONUMENT; THENCE SOUTH 00°05' EAST, 600.00 FEET TO A CONCRETE MONUMENT IN THE SOUTH LINE OF SAID NORTH 1/2; THENCE NORTH 88°32'30" WEST ALONG SAID SOUTH LINE, 305.6 FEET TO THE POINT OF BEGINNING.

EASEMENT NOTES:

1.) AN EASEMENT IN FAVOR OF GULF POWER COMPANY, AS RECORDED IN OFFICIAL RECORDS BOOK 880 AT PAGE 62 OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA, AFFECTS THE SUBJECT PROPERTY AND IS DEPICTED HEREON.

2.) AN EASEMENT IN FAVOR OF E.C.U.A., AS RECORDED IN OFFICIAL RECORDS BOOK 2820 AT PAGE 504 OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA, AFFECTS THE SUBJECT PROPERTY AND IS DEPICTED HEREON.

3.) AN EASEMENT IN FAVOR OF SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY, AS RECORDED IN OFFICIAL RECORDS BOOK 3101 AT PAGE 944 OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA, AFFECTS THE SUBJECT PROPERTY AND IS DEPICTED HEREON.

GENERAL NOTES:

1. THE BEARINGS AS SHOWN HEREON ARE REFERENCED TO THE ASSUMED BEARING OF NORTH 00 DEGREES 05 MINUTES 00 SECONDS WEST ALONG THE WEST LINE OF THE EAST 1/2 OF SECTION 25, TOWNSHIP-2-SOUTH, RANGE-31-WEST, ESCAMBIA COUNTY, FLORIDA, AS PER THE DESCRIPTION AS FURNISHED.

2. THE SURVEY DATUM AS SHOWN HEREON IS REFERENCED TO THE DESCRIPTION AS FURNISHED, DEEDS OF RECORD AND TO EXISTING FIELD MONUMENTATION.

3. A TITLE COMMITMENT WAS PROVIDED TO MERRILL PARKER SHAW, INC., FROM FIRST AMERICAN TITLE INSURANCE COMPANY, AGENT FILE NUMBER 09-0342, DATED MAY 8, 2009, FOR THE SUBJECT PROPERTY. THERE MAY BE UNRECORDED DEEDS, EASEMENTS, RIGHTS-OF-WAY, STATE AND/OR FEDERAL JURISDICTIONAL AREAS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE SUBJECT PROPERTY.

4. THIS SURVEY DOES NOT DETERMINE OWNERSHIP.

5. THIS SURVEY MEETS MINIMUM TECHNICAL STANDARDS AS SET FORTH BY THE FLORIDA BOARD OF PROFESSIONAL LAND SURVEYORS IN CHAPTER 5J-17.051 AND 5J-17.052 FLORIDA ADMINISTRATIVE CODE, PURSUANT TO SECTION 472.027, FLORIDA STATUTES, TO THE BEST OF MY KNOWLEDGE AND BELIEF.

6. THE MEASUREMENTS AS SHOWN HEREON WERE MADE TO UNITED STATES STANDARDS.

7. FEDERAL AND STATE COPYRIGHT ACTS PROTECT THIS MAP FROM UNAUTHORIZED USE. THIS MAP IS NOT TO BE COPIED OR REPRODUCED IN WHOLE OR PART AND IS NOT TO BE USED FOR ANY OTHER TRANSACTIONS. THIS DRAWING CANNOT BE USED FOR THE BENEFIT OF ANY OTHER PERSON, COMPANY OR FIRM WITHOUT PRIOR WRITTEN CONSENT OF THE COPYRIGHT OWNER AND IS TO BE RETURNED UPON REQUEST.

8. ONLY THE ABOVE GROUND VISIBLE ENCROACHMENTS AND IMPROVEMENTS WERE FIELD LOCATED AS SHOWN HEREON, UNLESS OTHERWISE NOTED. UNDER GROUND ENCROACHMENTS AND IMPROVEMENTS, IF ANY, WERE NOT FIELD LOCATED OR VERIFIED, UNLESS OTHERWISE NOTED.

9. THE DESCRIPTION AS FURNISHED OF PARCEL ONE DOES NOT MATHMATICLY CLOSE BY 1.39 FEET.

10. THE DESCRIPTION AS FURNISHED OF PARCEL TWO DOES NOT MATHMATICLY CLOSE BY 3.05 FEET.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18260 **Growth Management Report 12. 7.**
BCC Regular Meeting
Meeting Date: 08/06/2020
Issue: Review of Rezoning Case Heard by the Planning Board on June 1, 2020
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning the Review of the Rezoning Case Heard by the Planning Board on June 1, 2020

That the Board take the following action concerning the rezoning case heard by the Planning Board on June 1, 2020:

A. Review and either adopt, modify, or overturn the Planning Board's recommendation for Rezoning Case Z-2020-03 or remand the case back to the Planning Board; and

B. Authorize the Chairman to sign the Order of the Escambia County Board of County Commissioners for the rezoning case that were reviewed.

1. Case No.:	**Z-2020-03**
Address:	5250 Blue Angel Parkway
Property Reference No.:	36-2S-31-1007-000-000
Property Size:	7.66 (+/-) acres
From:	LDR, Low Density Residential district (four du/acre)
To:	MDR, Medium Density Residential district (10 du/acre)
FLU Category:	MU-S, Mixed-Use Suburban
Commissioner District:	1
Requested by:	Tom Hammond, Agent for Forrest Homes and Steele Construction Inc., Owner
Planning Board Recommendation:	Approval
Speakers:	Tom Hammond, Robert Michelson, Clair Sowers, Larry Downs, Jr.

BACKGROUND:

The above case was owner initiated and heard at the June 1, 2020, Planning Board Meeting. Under the Land Development Code (LDC) Chapter 2, Article 7, "the Board of County Commissioners, at its scheduled hearing shall adopt, modify, or reject the recommendation of the Planning Board or SRIA or return the rezoning case to the board with instructions for additional facts or clarification. The staff of the recommending board shall inform the board of all formal actions taken by the BCC on the rezoning request.

To further the County's policy of "decreasing response time from notification of citizen needs to ultimate resolution," the Board is acting on both the approval of the Planning Board recommended order and the LDC Map Amendment for this month's rezoning cases. This report item addresses only the review and upholding of the Planning Board's recommendation. The next report item will address the Public Hearing for the LDC Zoning Map Amendment.

BUDGETARY IMPACT:

This action may increase the ad valorem tax base for Escambia County.

LEGAL CONSIDERATIONS/SIGN-OFF:

The recommended order is the result of deliberations by the Planning Board based the applicants presentation of competent substantial evidence for each of the approval conditions, on staff analysis, public testimony, and knowledge of the Comprehensive Plan and Land Development Code as well as case law and Florida Statutes.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The Chairman will need to sign the Orders of the Escambia County Board of County Commissioners either denying or approving the rezoning request.

IMPLEMENTATION/COORDINATION:

The case under review was presented to the Planning Board for collection of evidence. The Planning Board conducts a quasi-judicial public hearing and issues a recommended order to the Board of County Commissioners.

PROCEEDINGS.....4

CERTIFICATE OF REPORTER.....61

P R O C E E D I N G S

THE CHAIRMAN: I will hereby call to order the Planning Board quasi-judicial hearing for June 1, 2020.

At this time, I d ask you to stand for the Pledge of Allegience.

Pledge of Allegience recited.

THE CHAIRMAN: Thank you.

Good morning, everyone. Obviously, just basing -- and the room facility here is set up for Covid-19 spread prevention. We appreciate the staff taking time to get us all set up here.

I would ask everyone at this time to please turn off electronic devices or at least put them on silent so we don t interrupt the meeting.

Staff members, at this time do we have proof of publication of the hearing?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. Did that publication meet all of the legal requirements?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. Chair will entertain a motion to waive the reading of the legal.

MR. FEARS: So moved.
MR. SAMMONS: Second.
THE CHAIRMAN: Motion and a second.
All those in favor, say "aye."
Chorus of "ayes."
THE CHAIRMAN: Opposed?
No response.
THE CHAIRMAN: Motion carries.
MR. JONES: Mr. Briske, I do want to let the public know . . .
THE CHAIRMAN: Turn your microphone on.
MR. JONES: . . . that if anyone -- if anyone of the public want a mask -- it s not required -- we do have masks available for those who may wish to have one during this. They are available, for the Covid, as well.
THE CHAIRMAN: Okay.
MR. JONES: And the Planning Board members.
THE CHAIRMAN: Okay. Another note is, typically these meetings are live-streamed, as well as recorded.
They re having some network issues today, so the meeting will not be live-streamed. However, it is being recorded, and it will be on

the county Web site later today, but it s not being live-streamed as it has been in some instances. Okay.
Let s go to approval of our previous minutes. The rezoning meeting minutes for the previous meeting have been provided to the board members.
Are there additions, deletions, or corrections?
MS. MEADOR: It was just on the regular.
THE CHAIRMAN: On the regular.
MS. MEADOR: Because there wasn t a rezoning.
THE CHAIRMAN: Okay. Hearing none, the Chair will entertain a motion to accept.
MR. SAMMONS: So moved.
THE CHAIRMAN: Motion.
Do we have a second?
MR. FEARS: Second.
THE CHAIRMAN: Second.
All those in favor say "aye."
Chorus of "ayes."
THE CHAIRMAN: Opposed?
No response.
THE CHAIRMAN: Motion carries.

The rezoning hearing package and the findings of facts have previously been provided to all Planning Board members.
The Chair will now entertain a motion to accept the rezoning hearing package with the findings of facts and the legal advertisements into evidence.
Do we have a motion?
MR. FEARS: So moved.
THE CHAIRMAN: Motion.
Second?
MR. SAMMONS: Second.
THE CHAIRMAN: Second.
All those in favor, say "aye."
Chorus of "ayes."
THE CHAIRMAN: Opposed?
No response.
THE CHAIRMAN: Motion carries.
Please note the rezoning hearing package with the findings of facts and the legal advertisements will be marked and included on the record for all of today s cases.
At this time we ll ask our court reporter Dave to please swear in the members of the staff that will be testifying.

All staff members were sworn.
THE CHAIRMAN: Thank you, sir.
Board members, you have previously qualified these staff members to offer expert testimony in the area of land use and planning.
Do any of you have questions regarding their qualifications or their ability to offer this expert testimony?
No response.
THE CHAIRMAN: Hearing none, the board will recognize these individuals as experts in the area of land use and planning.
At this hearing, the Planning Board is acting under its authority to hear and make recommendations to the Board of County Commissioners on rezoning applications.
These hearings are quasi-judicial in nature. Quasi-judicial hearings are like evidentiary hearings in a court of law. However, it is less formal.
All testimony will be given under oath. And anyone testifying before the Planning Board may be subject to cross-examination. All documents and exhibits that the Planning Board considers will be entered into evidence and made

part of the record.

Opinion testimony will be limited to experts, and closing arguments will be limited to the evidence in the records.

Before making a decision, the Planning Board will consider the relevant testimony, the exhibits entered into evidence, and the applicable laws.

Each individual who wishes to speak in front of the Planning Board must complete a speaker request form. They re located at the back of the chambers. You will not be allowed to speak unless you have completed one of these forms.

Please also note that only individuals who speak before the Planning Board will be allowed to speak at the subsequent hearing before the Board of County Commissioners. No new evidence can be presented to the BCC meeting. Therefore, all testimony and evidence must be presented today.

The Planning Board will provide a recommendation for each rezoning request to the BCC. They will then review the testimony, documents, exhibits, consider the closing

arguments, and make a final decision.

All decisions by the BCC are final. Anyone who wishes to seek judicial review of that decision must do so in a court of competent jurisdiction within 30 days of the date that the BCC either approves or rejects the recommended order from the Planning Board.

All written or oral communications outside of the hearing with members of the Planning Board is considered ex parte communications. Ex parte communications are presumed prejudicial under Florida law, and must be disclosed as provided in BCC resolution 96-13.

As each case is heard, the Chair will ask that the board member -- if you ve been involved in any ex parte communication, please identify yourself and describe the communication.

As required by Section 2-7.2 of the Escambia County Land Development Code, the Planning Board s recommendation to the BCC shall consider the following five approval conditions. These approval conditions, the applicant has the burden of providing substantial, competent evidence to the reviewing board that established that the requested zoning district would

contribute to or result in logical and orderly development patterns.

The appropriate surrounding area within which the the uses and conditions must be considered may vary with those uses and conditions and is not necessarily the same area required for the mailed notifications.

A logical and orderly pattern shall require demonstration of each of the following conditions.

The first one is, consistent with the Comprehensive Plan. The proposed zoning is consistent with the future land-use category as described in the Land Development Code Chapter 3 and with all other applicable goals, objectives, and policies of that Comprehensive Plan.

If the rezoning is required to properly enact a proposed FLU amendment, it must be transmitted to the state agency for review. The proposed zoning is consistent with the proposed FLU and conditional to its adoption.

Next one is, consistent with zoning district provisions. The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions

prescribed by the proposed district in the chapter.

Compatibility with surroundings. All of the permitted uses of the proposed zoning, not just those anticipated by the rezoning application, are compatible. This is defined in Chapter 6.

These uses of any surrounding, undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses.

Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residences or activities that are protected under fair housing laws.

Appropriate if spot zoning. Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts or the differences with those districts would be minor or sufficiently limited.

Page 13

The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balance of interest between the isolated district and the adjoining lands.

Appropriate with change or changing conditions. If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public s interest to allow new uses, densities or intensities throughout that area of the rezoning, and the permitted uses of the proposed district are appropriate and not premature for the area or likely to contribute to urban sprawl.

At the beginning of each case, as long as there are no objections from the applicant, we will allow the staff to briefly present location, zoning maps, and photographs of the property.

Next, we will hear from the applicant and any witnesses they may wish to call.

Then we will hear from the staff and any witnesses that they may wish to call.

Page 14

Finally, we will hear from anyone who has completed a speaker request form and wishes to speak on the case.

We have two cases on our agenda today. And we re going to just jump right into them.

The first case is Case 2020-03. Tom Hammond is the agent for Forrest Homes and Steele Construction, the owner, 5250 Blue Angel Parkway, 7.66 plus-minus acres, from low-density residential to medium-density residential.

Members of the Board, at this time I ll ask you if there s been any ex parte communication between you, the applicant, agents, attorneys, witnesses or fellow Planning Board members.

I ll also ask if you have visited the subject property. And please disclose if you are a relative or business associate to any of the parties. At this time, Patty, we ll start with you. Good morning.

MS. HIGHTOWER: No to all.

THE CHAIRMAN: All right.

MS. HIGHTOWER: I know the mic isn t on, but I don t need it. I m loud.

MR. FEARS: No to all.

Page 15

THE CHAIRMAN: All right.

Chairman, no to all.

MR. SAMMONS: No to all.

MR. WILSON: No to all.

THE CHAIRMAN: Thank you.

On this case, staff, was notice of the hearing sent to all interested parties?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. And was it also properly posted on the subject property?

MS. MEADOR: Yes, sir.

THE CHAIRMAN: Okay. Mr. Hammond, any objections to the maps and photography being presented first?

MR. HAMMOND: No, sir.

THE CHAIRMAN: Okay. He s indicated no. We ll ask the staff to present that information, please.

MS. LINDSAY: Good morning.

THE CHAIRMAN: Good morning.

MS. LINDSAY: Allyson Lindsay, Development Services Planner.

Okay. So this is the location map showing the location at 5220 Blue Angel.

This is the zoning map, showing the LDR

Page 16

and the surrounding parcels.

This is the future land-use mixed-use suburban with the surrounding of the same.

This is the existing land use of the property and the surrounding area of the properties.

This is the aerial photography of the site.

This is the public hearing sign posted on site.

This is looking into the subject property.

And this is another view into the property. I tried to get a little bit further back into the property to show the parcel.

This is looking across Blue Angel Parkway from the subject property, which I believe that is a mobile home park down that drive, and a single family right up front.

This is looking south along Blue Angel from the subject property.

This is looking north along Blue Angel from the subject property.

And that s the maps and photography.

THE CHAIRMAN: Okay. Thank you.

Board members, any questions on the maps

Page 17

or photography at this time?
No response.
THE CHAIRMAN: All right. Mr. Hammond, if you ll come forward, please, and be sworn in.

TOM HAMMOND, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Good morning, sir. If you ll please state your name and address for the record.
MR. HAMMOND: Good morning. My name is Tom Hammond, Hammond Engineering, 3802 North S Street.
THE CHAIRMAN: Thank you, sir.
Do you understand that you have the burden of providing substantial, competent evidence that the proposed rezoning is consistent with the Comprehensive Plan, furthers the goals, objectives, and policies of that plan, and is not in conflict with the county s Land Development Code?
MR. HAMMOND: Yes, sir.
THE CHAIRMAN: All right. Please proceed, sir.

Page 18

MR. HAMMOND: Okay. The wish is to develop this property into single-family residences subdivision.
We re requesting to go from LDR to MDR with this rezoning. Nothing else can be done in there, same as LDR.
As far as the findings, I m in total agreement with staff findings. So I can walk you through it, and then they can walk you through it, or I will just say, hey, we can listen to their findings. I agree with them 100 percent.
THE CHAIRMAN: Okay.
MR. HAMMOND: I know there s some people here who s going to have questions, and I ll be happy to answer them.
THE CHAIRMAN: Yes. Because we have speakers, we can t do an expedited.
MR. HAMMOND: Okay.
THE CHAIRMAN: You know.
MR. HAMMOND: All right.
THE CHAIRMAN: But if you re in agreement with their findings, you accept that, that s fine.
MR. HAMMOND: Okay.

Page 19

THE CHAIRMAN: Okay. All right. We ll let the staff present. And then you can come back up with additional statements.
MR. HAMMOND: Yes, sir.
THE CHAIRMAN: Okay.
MS. LINDSAY: Good morning.
THE CHAIRMAN: Good morning.
MS. LINDSAY: Okay. This is the rezoning Z-2020-03, 5250 Blue Angel Parkway, requesting rezoning from LDR to MDR.
So the first criteria, Comprehensive Plan, the proposed amendment to MDR. It is consistent with the intent and purpose of the mixed-use suburban. Mixed-used suburban does allow for residential and some nonresidential uses.
Criterion B, consistent with the Land Development Code. The subject property is consistent with the intent and purpose of the Land Development Code.
The site consisted of two parcels which have been combined by the property appraisers. And the request to create one property totaling 6 -- sorry -- 7.66 plus or minus acres.
The property is surrounded by low-density residential zoning, with MDR across Blue Angel

Page 20

into the west with individual lots, as well as there s subdivisions, Yorkshire Subdivision.
The medium-density zoning would allow for single-family dwellings, one per lot.
In this case, no multifamily apartments or retail sales or services are allowed, which states the allowances are permitted as the previous zoning if the previous zoning was R3 or V4 prior to the adoption of this and the previous zoning in question was RR. So it will only be single-family.
Compatible with the surrounding uses. The surrounding uses are residential. Whether they re going from LDR to MDR, they are still compatible with the existing residential in the area.
So with Criterion D, the request to MDR by definition would be spot zoning because they talk about the contiguous properties, but, however, due to the constraints of the previous zoning, the permitted uses for MDR would be very similar to the LDR.
The major differences are in the site and building requirements, the MDR zoning allows for 10 dwelling units per acre and the LDR 4

Page 21

dwelling units per acre. And there s a lot difference. The lot-width difference of 50 feet for MDR or single-family versus the 60 feet for LDR.

Criterion E, appropriate with changed conditions. The land uses or development conditions within the existing areas, they have not changed.

So we feel that the case does meet, as far as changing from the low-density residential to medium-density residential. It is staying pretty similar with the uses for all residential.

And that s all the staff findings.

THE CHAIRMAN: Okay. Board members, any questions on the staff s findings?

No response.

THE CHAIRMAN: Good morning.

MR. RUSHING: Good morning.

Okay, Reid. We are already into our first case here, Case Z-2020-03.

Let the record reflect that Reid Rushing has joined the meeting.

Mr. Rushing, have you had any ex parte communication with the applicants, agents,

Page 22

attorneys, witnesses, fellow Planning Board members? Have you visited the site, and are you a relative or business associate of any of the parties?

MR. RUSHING: No to all.

THE CHAIRMAN: All right. Thank you, sir.

Does that meet the standard, Kia, for bringing him into the meeting halfway through?

MS. JOHNSON: Yes, it does.

THE CHAIRMAN: Have you received a copy of the findings and reviewed them before the meeting?

MR. RUSHING: Yes, sir.

THE CHAIRMAN: Okay. Thank you, sir.

Okay. At this time, Mr. Hammond, did you have something you wanted to add before we go to public comment?

MR. HAMMOND: Yes, sir, please.

I want to just make a statement, clarification on zoning.

Yes, it says you can do 4 units per acre now and you can do 10 units per acre if you agree. That s a 250 percent increase.

But if you think about the math on the ground, a 60-foot lot I can put in now, go 300

Page 23

feet, it s 5 lots.

If you let me go to 50 foot, go 300 feet, 6 lots. That s a 20 percent increase, not 250 percent increase in density, that what you can actually build on the site.

THE CHAIRMAN: Yes, sir. Thanks for that clarification.

Members of the public who wish to speak on this matter, please note that the Planning Board bases its decision on the approval conditions as described in Section 2-7.2 of the Land Development Code.

During our deliberations, the Planning Board does not consider general statements of support or opposition. Accordingly, we ask you to please limit your testimony to the approval conditions and exceptions described in 2-7.2.

Please also note that only individuals who are here today and give testimony on the record will be allowed to speak at the subsequent BCC meeting.

And, Kayla, if you could bring up the conditions on the screen so that it gives everyone a guide to what we can consider.

Our first speaker is Robert Michelson.

Page 24

Good morning, sir. Can you come forward. If you ll be sworn in, and then please state your name and address for the record.

- - -

ROBERT MICHELSON, upon being duly sworn, was examined and testified as follows:

- - -

MR. MICHELSON: Name, Robert Michelson, M-i-c-h-e-l-s-o-n, 5706 Perkins Street 320 -- 32526.

THE CHAIRMAN: Thank you, sir. Good morning.

MR. MICHELSON: Good morning.

I just have a few questions about the -- if there s -- if this is going to have a through street from Blue Angel. And I don t know what -- if there s a street on the eastbound side, is it going to be a through street? And if so, what street is there that it would connect to?

THE CHAIRMAN: Okay.

MR. MICHELSON: Reason being is traffic on Blue Angel Parkway at certain times of the day is very -- very heavy. And if it s just landlocked, means all traffic would have to come

out onto Blue Angel Parkway. So I would like to know if there s another outlet on the other side of the existing property.

THE CHAIRMAN: Okay. Now, the applicant is certainly welcome to explain what his proposed plan is --

Mr. Ingwell is now present.

THE CHAIRMAN: I m sorry.

-- what his proposed plan is.

During this meeting we don t consider the actual site plan or the development process.

We ll let Horace explain the development review process. But let me go ahead and get Jay on here.

Good morning.

MR. INGWELL: Apologize.

THE CHAIRMAN: That s okay.

MR. INGWELL: Stuck in the entire line in the camp.

THE CHAIRMAN: All right. Jay, we have already started Case 2020-03. Agent is Tom Hammond for Forrest Homes and Steele.

And I would ask the ex parte questions. Have you had any ex parte communication with the agent, applicants, witnesses? Have you visited

the site, and are you a relative or business associate for any of the parties?

MR. INGWELL: No to all.

THE CHAIRMAN: All right. Thank you.

And you ve received a copy of the staff s findings prior to the meeting?

MR. INGWELL: I ve downloaded the case file.

THE CHAIRMAN: Okay. Just wanted to make sure you had the background information on it.

MR. INGWELL: Yes.

THE CHAIRMAN: Okay. This is our first speaker, Jay, Mr. Michelson, and he s asking some questions about the actual design of the property.

Horace, I d like for you to please explain the development review process and how that works.

MR. JONES: Yes, sir.

Thank you, Chairman. Good morning to all.

Yes, sir. This process, if it is approved, they make recommendation very quickly. The Planning Board makes a recommendation. The BCC, they have the final authority.

After that, there will be what we call a

development review process where we ll take their plans. And they ve got to come before my access management people, my stormwater people, planning, processing people. Everyone will look at what they re proposing. It can only be a subdivision only.

Now, as far as -- and the engineer of record is here. And he can correct me if I need to be corrected on some things.

As far as North Blue Angel Parkway, that is a state road. That s strictly controlled by FDOT, not us.

MR. MICHELSON: Right.

MR. JONES: So they will make a determination on entrances and turn lanes, if that s even required.

Now, it appears that from that parcel, if you look at that map, the map on the screen, it appears that the only access, ingress and egress, would be from North Blue Angel Parkway, because of the -- because of the configuration and the shape of the lot.

Now, you do see a little slither of like a little tail or something, a little leg off of Perkins.

I can tell you right now that more than likely I don t think they re going to propose any access through that because it s going to be very difficult for that to even be done, completely.

You see, it s adjacent to a house and coming through a subdivision. So I don t really think that they are going to propose that. That would be a -- that would be very, very constraining for them to do that.

So it appears that the only way in and out would be off of Blue Angel Parkway. But, again, that is strictly controlled by FDOT.

MR. MICHELSON: Right.

MR. JONES: And they will regulate that, about the regulations, to the engineer of record on what they need to do. So it appears to be --

MR. MICHELSON: Okay.

MR. JONES: -- that.

MR. MICHELSON: That answers the question, that there s no other outlet.

MR. JONES: Yes, sir. Yes, sir. Yeah. I don t think there s going to be any other access.

MR. MICHELSON: Because the street Muldoon

Page 29

runs somewhat parallel to Blue Angel Parkway at that particular area.
MR. JONES: Yes, sir.
MR. MICHELSON: Okay? And what I -- without -- on this map, it does not give any real definition --
MR. JONES: Yes.
MR. MICHELSON: -- except Blue Angel Parkway.
MR. JONES: Yes, sir.
MR. MICHELSON: And Perkins Street.
MR. JONES: Yes, sir.
MR. MICHELSON: And the lots, you know, that are -- the size of the lots on Perkins Street, including the ones on the east side, Blue Angel, and the west side are large. Okay?
And now they've just built some houses down near Muldoon -- on Muldoon. And those properties are so concise, they're so close together, that to me -- you know, the reason I moved into that particular area was size of the lot, you know, to have my room.
Okay. And if it goes from, say, 4 to 10, the multiplication of, let's say, two cars per household will be -- and if it's 10 units per

Page 30

acre, you're talking about 140 cars.
MR. JONES: Right.
MR. MICHELSON: You know?
MR. JONES: Yes, sir.
MR. MICHELSON: So not against any building. Okay? I'm not against that. The man's got a right to put houses on the property.
But to be inconsistent with the properties around it, you know, it kind of intensifies the whole area.
MR. JONES: Yes, sir.
MR. MICHELSON: Okay?
MR. JONES: And you're correct on that. There will be -- there will be potential for more traffic. Of course. Any type of subdivision, that's obvious, but --
MR. MICHELSON: Well, that is.
MR. JONES: Yes, sir. Yes, sir. But with the -- but with the constraint of the lot, and once you start putting in all of that infrastructure, the roads, the holding ponds, there's no way you're going to get that 10 there, that 10 dwelling units.
And as Mr. Hammond stated, basically it's probably going to be more just one lot more

Page 31

increase.
But all of those things would clearly be looked at as far as the site during the site plan review process.
I wish we -- again, we would -- we do not have any say-so or control when it comes to North Blue Angel. That's strictly FDOT.
MR. MICHELSON: Oh, that's understood.
MR. JONES: Yes, sir.
MR. MICHELSON: Okay?
MR. JONES: Yes, sir.
MR. MICHELSON: I understand that completely.
But, also, the assessment value of properties around that existing property, will it help increase? Will it stabilize or will it decrease other properties that are in that -- that area?
MR. JONES: All those things, they will be the concerns of the property assessor, their regulations, their rules and their procedures. And they will have to evaluate that when it comes time. We just don't have any -- any knowledge --
MR. MICHELSON: Yes.

Page 32

THE CHAIRMAN: -- on whether it will increase or decrease. That's strictly beyond our purview.
MR. MICHELSON: Right. Well, this -- I came to this meeting for information, basically --
MR. JONES: Yes, sir. Yes, sir.
MR. MICHELSON: -- to find out what direction this might go.
MR. JONES: Yes, sir.
MR. MICHELSON: And my concern would be the amount of traffic added to the traffic that's already in the area.
MR. JONES: Yes, sir.
MR. MICHELSON: Unless the state does something about Blue Angel, you know --
THE CHAIRMAN: Mr. Michelson --
MR. MICHELSON: -- which you have no control on.
THE CHAIRMAN: Those are very valid concerns.
MR. JONES: Yes, sir.
THE CHAIRMAN: And they will be looked at --
MR. JONES: Yes sir..

THE CHAIRMAN: -- when it comes to that step.

It s a little confusing the way this works, but this step that we re in now, the rezoning . . . Kayla, if you ll bring up those criteria that are on the board. We only are allowed to consider those criteria that s on the board.

MR. MICHELSON: Okay.

THE CHAIRMAN: The next committee that they go to, which would be the development review process, considers all those things that you re looking at, so -- and those meetings are available to the public as well. So . . .

MR. MICHELSON: Right.

The thing is, though, if you approve right here to go to a higher level of density, will that, you know, carry on through all the others? Will that be the -- let s say the law of what happens that goes through all the process?

THE CHAIRMAN: If the board --

MR. MICHELSON: If you make that decision here to go from 4 to 10 or anything in between, that will -- that can t change?

THE CHAIRMAN: That would be the zoning.

MR. MICHELSON: That would be the zoning.

THE CHAIRMAN: And then it would go -- they would have to present an actual --

MR. JONES: Site plan.

THE CHAIRMAN: -- site plan drawings from an engineer as to what they re proposing to build. And then the very in-depth process of traffic, stormwater, utilities, emergency access.

MR. MICHELSON: The infrastructure.

THE CHAIRMAN: All of that goes through the next step.

So, at this point, they show consistency with the criteria that we look at.

MR. MICHELSON: Mm-hmm.

THE CHAIRMAN: But there might be some requirements at the next level.

MR. JONES: Yes, sir.

And if I may, Mr. Briske, the subdivision review process is very, very, very complex. It s very complex. It s very detailed.

But our staff, along with the engineer of record, developer, we will look at those things heavily to try to minimize, if there would be any impacts, on the surrounding properties.

It s very, very detailed. Very, very complex.

And when you come in -- if you want to stay abreast on where we are in the process, we ll be glad to let you know -- once they submit some plans and things to us, preliminarily, all that is public record. You can be involved from that point on, if the board decides to approve this rezoning case.

But it does -- from my staff perspective, it does meet all of the criteria that we have to look at at this point in the game.

MR. MICHELSON: Okay. All right. That gives me --

MR. JONES: Yes, sir.

MR. MICHELSON: -- pretty much the basis of my concerns.

MR. JONES: Yes, sir.

MR. MICHELSON: Okay?

THE CHAIRMAN: Thank you, sir.

MR. MICHELSON: I thank you for your time.

THE CHAIRMAN: Thank you, sir.

And Mr. Michelson has indicated he would like to have follow-up mail on this subject, Horace, so it s noted on the form.

MR. JONES: Yes. Yes.

THE CHAIRMAN: Our next speaker is Claire Sowers.

Good morning. Please be sworn in.

- - -

CLAIR SOWERS, upon being duly sworn, was examined and testified as follows:

- - -

MR. SOWERS: My name is Clair Sowers. I m the co-owner of the property on the east end of the property proposed. And I own about four acres behind that there.

My driveway is that big red line coming off of Perkins Street coming back up to my front door.

THE CHAIRMAN: Bring the map back up so he can show us where he s at. I m sorry, sir.

MR. SOWERS: That double red line at the -- there, right there. That s my driveway coming into my house.

And that lot right next door is my neighbor back here, that one you got the arrow pointed at.

But my lot is these two big ones coming off the . . . come down some more. Right. All that right back in there is mine.

THE CHAIRMAN: Okay. So where that red strip is, is that a deeded easement into your property? Is that what it is?

MR. SOWERS: That s the deeded.

We have -- my father-in-law, which has passed away, he took that property over years ago. There used to be a dirt road through there 50, 60 years ago.

THE CHAIRMAN: Okay.

MR. SOWERS: And he bought that property back there. He used to farm it. And the reason why we ended up taking it is because of the low density, and, you know, the people that -- this side, they have animals and stuff. I got animals.

THE CHAIRMAN: Okay.

MR. SOWERS: But anyway, I was just concerned that my driveway is not going to be used for no exit or entry into that property.

THE CHAIRMAN: Okay.

MR. SOWERS: Because my front door is actually only about 20 feet from where that -- where the side of my garage is next to that -- that -- that small section of the red line where the driveway part ends, there s only about 200

feet there.

And my house is right up to where -- and all those big trees right there? Those are all big trees. And I m concerned about losing them because they shade my house.

And that was one of the reasons why I liked the property, too, because I keep my property well-groomed, and I don t want to lose those trees back in there.

So there s a few things that I m interested about that I want to be -- readdressed at the next meeting, that I don t have to keep repeating, because I know that s going to have to be answered later down the road.

I m just concerned about how far they re going to tuck up right behind it, because the back of that property would only be about 20 feet from my garage.

THE CHAIRMAN: And the agent can speak to this if he wishes to, but when it gets ready to go to the development process through the county . . .

MR. SOWERS: Mm-hmm.

THE CHAIRMAN: . . . they will have to

present drawings, engineered drawings --

MR. SOWERS: Okay.

THE CHAIRMAN: . . . of what they re proposing on the property. You ll have an opportunity to review it at that time and --

MR. SOWERS: Okay.

THE CHAIRMAN: -- have comments because that s a public process as well.

MR. SOWERS: Well, that was -- just confirming what the gentleman before me, you know, the density problem. You know, getting in and out of Blue Angel is a problem already.

Sometimes we gotta sit there six, seven minutes on Perkins Street to get out, you know, during the early morning? And the afternoon, it is a bear. So there s going to have to be some turning lanes put in there or a traffic light. But we ll talk about that at the next meeting, but . . .

THE CHAIRMAN: Yes, sir.

MR. SOWERS: . . . it s going to make it real difficult.

And we have a lot of accidents down there at Cerny Road where that curve breaks back through there. People trying to get out of

Cerny at that dip and the curve? So that needs to be looked at, too, so . . .

THE CHAIRMAN: Mr. Sowers, I think Mr. Sammons has a question.

MR. SAMMONS: I just want to clarify. You said your father-in-law -- I believe you said your father-in-law --

MR. SOWERS: Buddy Matheny.

MR. SAMMONS: -- took over that property?

MR. SOWERS: Buddy Matheny. He built that house that I bought from him.

THE CHAIRMAN: Okay. Now, are you saying he took over that piece of property that s in between those two red lines, or --

MR. SOWERS: That fence has been -- that fence between --

MR. SAMMONS: I mean, what does that mean, "took over the property"?

MR. SOWERS: It used to be -- yes. It was -- used to be a little dirt road through there years and years and years ago. And that fence has been up there for 50, 60 years.

Now, he s dead and gone. And I ve maintained this property for the last 30 years. I ve rented it before. And I actually rented it

Page 41

to own when we started renting it.
And we've been there since the early 90s. And so that's the reason why I purchased the property from him because it was -- it was low-density, and I've got animals, dogs. And my property is fenced completely in. And I keep any gates closed, and my dogs can't get out.
THE CHAIRMAN: Mr. Sowers, is that strip of property the only access to your parcel?
MR. SOWERS: That's the only access. I don't have no frontage at all, zero. I got a driveway.
THE CHAIRMAN: Okay.
MR. SOWERS: So I have to actually use my neighbor's front of her property so I can set my garbage cans out so that they can pick up. Then the garbage trucks pull in, and they back into my driveway to turn around a lot of times, which they do damage to some of my driveway stuff there when they turn around on ECUA trucks.
And, you know, I don't mind it. If they do damage, then I want to -- you know, I want them to repair or whatever, you know. But they got them big, heavy trucks with them dual wheels.

Page 42

And if they get off the side of the driveway, then they make ruts through there. And I've got water lines that's going through there. And my water meter is right there, and they come right close to it, but . . .
THE CHAIRMAN: Yes, sir. And, like I said --
MR. SAMMONS: I'm still --
THE CHAIRMAN: Go ahead.
MR. SAMMONS: I'm still confused. I need to understand. You do believe you own it.
MR. SOWERS: We own it.
MR. SAMMONS: Okay.
MR. SOWERS: We've had that fence up there -- it was before I even . . . it's been there -- Buddy Matheny put all that fence up all the way around that property, other than a section of fence which is on the south side.
THE CHAIRMAN: Okay. I think we're starting to get into some things that might be a deeded easement or prescribed easement across the property. I don't know that we're sticking to our criteria that we need to consider.
MR. SOWERS: Yeah.
THE CHAIRMAN: Do we have verification

Page 43

that the red outline is the actual parcel that the owner has?
MR. JONES: According to -- according to the Chris Jones Property Appraiser's Office, the boundary survey is saying that that little strip is owned by Forrest Homes and Steele Construction Company.
MR. SOWERS: You're talking about -- you're talking about this strip right here, which comes off of Perkins Street and down to here. This is my house right in -- right in there.
MR. JONES: Yes, sir.
MR. SOWERS: That is -- that my house right in there.
MR. JONES: Yes, sir. Yes, sir. Yes, sir. That is what the records are showing from -- from -- we get our information from the survey. That is what our records are definitely showing.
MR. SOWERS: That ain't their property.
Now, we're going to have a fight over that because I've been there for 30-some years. And Buddy Matheny owned that. When he built that house, it was 1960s. And that property was no

Page 44

longer -- when they -- when they closed off the old dirt road back there -- and I've got -- Mr. Cox that lives across from there, he had been there since the beginning of a lot of this.
And Jim's Tree Service used to own the lot that you're trying to rezone now. And, see, he was trying to get access through my property to come in the back side of that property for the last 10 or 15 years. That ain't going to happen.
MR. JONES: Understood.
THE CHAIRMAN: I'd like to ask a question of our board attorney, Kia. Good morning.
MS. JOHNSON: Good morning.
THE CHAIRMAN: Obviously, we have a disagreement of ownership of a portion of this property.
Does that play into our consideration for this hearing?
MS. JOHNSON: It does not, not for this hearing. We're going by what we usually go by, which is the Escambia County Property Appraiser records.
I mean, if there is a dispute as to the property, that would be a private civil action

Page 45

that I can t provide legal advice on.
But the current records as of today show that the construction company owns that tail of land.
THE CHAIRMAN: Okay.
MR. SOWERS: I ve maintained it for 30 years. And, you know, the neighbor -- my neighbor back there in the back, Dusty, she owns the house right next door to me. And that means that --
THE CHAIRMAN: Sir --
MR. SOWERS: -- if that ends up being traffic area there, that ain t going to work.
THE CHAIRMAN: We re certainly not saying -- giving you any kind of legal advice. You may have some rights under an easement, a deeded easement or prescribed easement or other to that property.
MR. SOWERS: Mm-hmm.
THE CHAIRMAN: According to the records that the county has, it s actually owned by this parcel.
But that doesn t always mean that you don t have the right to use it. There are deeded easements and prescribed easements.

Page 46

But I m not an attorney. I can t give you any legal advice, but that would be something that you would have to look into, as far as on your property deed what rights do you have, as far as to use adjoining properties and everything.
Now, if your parcel shows that you have ownership of that, then obviously we would need to know that, that it shows you have ownership, but --
MR. SOWERS: Well, you guys is --
THE CHAIRMAN: -- to be able to use something and ownership are two different issues in some cases, so . . .
MR. SOWERS: Right.
THE CHAIRMAN: Go ahead.
MR. SOWERS: I guess I m going to have to do some more research on it. And I guess I ll have to hire a lawyer to research all of this, I guess is what it sounds like because that s what it sounds like they re wanting to do is they want to make a loop through there is what it sounds like to me.
THE CHAIRMAN: Well, I don t know --
MR. SOWERS: But that s just my opinion.

Page 47

THE CHAIRMAN: -- that the agent has said that. We ll let him speak for himself.
MR. SOWERS: All right.
THE CHAIRMAN: He may be able to clarify this, you know, when he gets back up.
Tom, do you want to -- he ll give an explanation.
MR. SOWERS: And the other thing I was concerned about, too, is all of our properties back in there, Mr. Cease and all them down through, the Flowers, and all them, all the way up that street up there, those are all large lots.
And most of the properties are worth 200-plus thousand. I want to make sure that, you know, our property values ain t going to drop. And the owners on this -- this side over here on Cerny Road, they have cattle, horses, goats, and everything down that whole side of this -- of their property up to that -- up to that pit.
THE CHAIRMAN: Yes, sir.
MR. SOWERS: There s a big, deep pit back in there.
THE CHAIRMAN: And the valuation of the

Page 48

properties is not one of the criteria, plus or minus, that this board can review.
MR. SOWERS: All right.
THE CHAIRMAN: As I said, we have a very limited thing that we can look at, which is those five criteria.
MR. SOWERS: Yeah.
THE CHAIRMAN: If it s within those five criteria, then it goes to the next stage. And, obviously, if there s a dispute over the ownership of the land --
MR. SOWERS: Then I ll get -- I ll be able to get a copy of the records that --
THE CHAIRMAN: Absolutely.
MR. SOWERS: -- you talked about today?
THE CHAIRMAN: Yes, sir.
MR. JONES: Absolutely.
MR. SOWERS: That s the main thing, because I want to be able to have my two cents put in with it.
THE CHAIRMAN: It s being recorded verbatim and recorded both --
MR. SOWERS: Okay.
THE CHAIRMAN: -- video and audio of the meeting today, yes, sir.

Page 49

MR. SOWERS: All right.
MR. JONES: So, Mr. Briske, and if you want to copy everything that we have in our system, which is a copy of that survey, it s right there.
MR. SOWERS: Right. All right.
This thing came to us about three weeks ago is when we first got this.
And, you know, it doesn t really tell you much of anything, other than going from low density to medium density.
THE CHAIRMAN: Yes, sir.
MR. SOWERS: And all of us purchased back up in there on the -- in that -- there s probably only about 10 owners back in there on the Perkins side all together or within 500 feet of that lot.
And, you, know everybody s concerned about, you know, the traffic and the other. But we ll talk about that at the next meeting.
THE CHAIRMAN: Yes, sir. Yes, sir.
MR. SOWERS: But I guess that s it all for right now.
THE CHAIRMAN: Board members, any additional questions for Mr. Sowers?

Page 50

THE CHAIRMAN: Okay. The county will inform you of any upcoming events on the property, where you can stay involved. And I would recommend that you look at your ownership documents, and --
MR. SOWERS: Well, the thing is, sir, if -- if -- if I have to share that driveway, and if we got people coming in and out of there, then I m going to -- my -- my -- my garage faces right straight up in the end of that street there. And I ve got two or three big oak trees that ain t going to be cut down.
MR. JONES: Yes, sir.
MR. SOWERS: And so there s some other litigation there, but that s the main thing.
THE CHAIRMAN: Thank you.
MR. SOWERS: All right? Thank you all.
THE CHAIRMAN: Amelia Greenwalt.
MR. SOWERS: That s my better half.
MR. JONES: Mr. Briske, Tom wants to respond to him.
THE CHAIRMAN: Okay. Sure. Tom.
MR. HAMMOND: Well, that s the signed and sealed boundary survey. You can see the seal up at the top end. So if he has a problem with it,

Page 51

he needs to get his surveyor and deal with it. I m not a surveyor.
Now, on the ground, you gotta have 50 foot in Escambia County to build a road. And I don t think it s nowhere near 50 foot. I don t have a drawing. There s not a drawing that exists shows a road going through there.
So the only thing that might have would gone there was when we went to a pre-app with ECUA. They might have wanted us to loop a water line in there so you don t have a dead-end water line coming off the big main out at Blue Angel. They have a water line on Perkins, so ECUA said if there s enough room, maybe we want a water line down there. But we don t have any reason to use that property at all.
MR. JONES: Absolutely.
THE CHAIRMAN: Okay.
MR. HAMMOND: One more thing, if I may. DOT. We had a pre-app with DOT. We re putting in left and right turn lanes. One of the reasons we re trying to increase the density a little bit, so we can pay for a quarter-million-dollar turn lane.
THE CHAIRMAN: All right. So Amelia

Page 52

Greenwalt does not wish to speak?
MR. SOWERS: She didn t come with me today. That s my better half.
THE CHAIRMAN: Okay. So, sir, just so it s clear, if she does not speak here, she won t be allowed to speak at the Board of County Commission meeting --
MR. SOWERS: That s all right.
THE CHAIRMAN: -- when this comes up for review.
MR. SOWERS: I m here to represent us because she s at work.
THE CHAIRMAN: Thank you, sir.
MR. SOWERS: As long as I can speak, her and I will be in full agreement.
THE CHAIRMAN: Yes, sir.
Next speaker is Larry Downs, Jr.
- - -
LARRY DOWNS, JR., upon being duly sworn, was examined and testified as follows:
- - -
THE CHAIRMAN: Good morning, Larry.
MR. DOWNS: Good morning.
THE CHAIRMAN: Name and address for the record.

Page 53

MR. DOWNS: Larry Downs Jr., 12156 Havburg Drive, Pensacola, Florida.

And good morning. How do y all like this? Yep. All right.

Anyways, of course I m in agreement with this. I mean, it s something that s needed or they wouldn t do it.

It s viable or they wouldn t propose it. You know, the citizens need places to live. Y all know -- Y all know the whole drill. I mean, they need places to live, just like the school over on Blue Angel, you know. They need expansion on that school.

So regardless of which Commissioners oppose property rights, you know, y all s job is to put it before them. Let them make the decisions.

When in doubt, the default position should be to the property rights. So I m in agreement with this. I believe the staff has got this one right. And, of course, Tom Hammond s got it right. He always has it right. So . . . all right. Thank y all much.

And get to speak at the County Commission, so that s why I m up here.

Page 54

THE CHAIRMAN: Thank you.

Kayla, could you enlarge that map that you have there, please?

What is that area that s in white kind of to the south? Is that part of -- considered part of the roadway? Do we know what that is? It looks like not really part of the road. So do we know what that parcel is? It s owned by DOT?

MR. HOLMER: It s right-of-way, but I believe it s DOT. Sorry. Andrew Holmer, Development Services Department. That s my understanding.

THE CHAIRMAN: Okay.

MR. HOLMER: It s DOT right-of-way.

THE CHAIRMAN: So that s why it s included as kind of part of the roadway that --

MR. HOLMER: Correct.

THE CHAIRMAN: -- it s under ownership maybe of the state or something?

MR. HOLMER: General rule. If it doesn t have zoning on it, right-of way.

THE CHAIRMAN: Okay.

MR. HOLMER: That s with the new parcel-based layer.

Page 55

THE CHAIRMAN: Okay. Very good.

Okay. That s everyone I had signed up to speak. Other than the people who have already spoken, is there anyone else who wishes to speak on this matter?

No response.

THE CHAIRMAN: All right. Hearing none, we will hereby close the public comment portion of the hearing.

Mr. Hammond, any closing statements before the board opens it up for questions?

MR. HAMMOND: No, sir.

THE CHAIRMAN: All right. Thank you. Board members, any questions of the staff or the applicant?

No response.

THE CHAIRMAN: Hearing none, Chair will entertain a motion.

MR. INGWELL: I read through the packet this weekend, and --

MR. JONES: Jay, use the mic because of the recording in the back.

MR. INGWELL: I read through the packet this weekend, but I did miss staff s analysis this morning, or their explanation.

Page 56

Please bear with me, but could you please cover Criterion D for me, your findings?

MR. JONES: Allyson.

MS. LINDSAY: That s the spot zoning?

MR. INGWELL: That s correct..

MS. LINDSAY: Okay. Well, according -- by definition, it says, "Zoning applied to any area of land, regardless of its size, that is different from the zoning of all contiguous land."

So in this particular parcel -- you can put the zoning map up -- the zoning is LDR. All the contiguous land is LDR, so it is spot zoning in the regard of a designation of the zoning, but the use is residential.

And from LDR to MDR, you can do almost the exact same thing in one zoning to the other. No multifamily. Also because the prior zoning wouldn t allow it.

You can do single-family. The difference is the lot width, the amount of dwellings per acre.

MR. INGWELL: So the difference is 4 dwelling units per acre versus 10 dwelling units per acre. And a lot of the speakers, that was a

concern. And that is a big -- a big difference --

MS. LINDSAY: It is, but if you --

MR. INGWELL: -- between the two building categories.

MS. LINDSAY: Right. And it is, but you have to think of it -- once you put the infrastructure in, your utilities, any sidewalks, you know, you re not going to get your whole total 10 dwelling units per acre or even the 4 dwelling units per acre.

MR. JONES: Absolutely.

MS. LINDSAY: So because it is still in the realm of residential, the only two main issues were the density and the lot width.

MR. INGWELL: This is about 7.5 acres; is that correct?

MS. LINDSAY: Yeah, 7.66 something, yes.

MR. INGWELL: And is the majority of this buildable? It can be developed?

MS. LINDSAY: Yes.

MR. HAMMOND: Yes.

MR. INGWELL: That s all I have.

THE CHAIRMAN: Mr. Hammond.

MR. HAMMOND: Can I help address your

concern, please?

Okay. You got to think of spot zoning. And we look at shades on a map. But really what you re worried about is spot use; is that correct?

MR. JONES: Yes.

THE CHAIRMAN: Yes.

MR. HAMMOND: And so spot use, the use is the same because of the previous zoning.

And let s talk about your density. If you go every 300 feet -- and I got 60-foot lots -- you ve got five lots. I can only get one lot for every five lots. That s not two-and-a-half times, like going from 4 to 10. That s the reality. So it s really only -- instead of a 250 percent increase in density according to zoning, you only get a 20 percent, six divided by five.

MR. INGWELL: Can you explain that?

MR. HAMMOND: Yes.

MR. INGWELL: I m a little slow.

MR. HAMMOND: Okay. So 5 times 60 --

MR. INGWELL: No. I don t . . . No; I get it.

Simple math. 10 times 7.5 acres is 75,

potential for 75 units.

MR. HAMMOND: Right.

MR. INGWELL: Versus 4 times 7.5 would be 30.

MR. HAMMOND: Okay. But you re still stuck with -- you d have to worry about that if you were doing multifamily.

MR. INGWELL: So it s limited by the lot width.

MR. HAMMOND: Right, it s really the lot width and the fact you can t have a different use other than single-family detached housing.

MR. INGWELL: Right. Understood. Okay.

THE CHAIRMAN: Okay. Any additional questions?

No response.

THE CHAIRMAN: Chair will entertain a motion.

MR. FEARS: Based on staff findings, I make a motion that we approve Z-2020-03.

THE CHAIRMAN: Motion.

Do we have a second?

MR. WILSON: Second.

THE CHAIRMAN: Any further discussion?

No response.

THE CHAIRMAN: All those in favor, say "aye."

Chorus of "ayes."

THE CHAIRMAN: Opposed?

No response.

THE CHAIRMAN: Motion carries unanimously. All right. Thank you, Mr. Hammond.

MR. HAMMOND: Thank you.

Hearing concluded at 9:28 a.m.

CERTIFICATE OF REPORTER

STATE OF FLORIDA

COUNTY OF ESCAMBIA

I, DAVID A. DEIK, CP, CPE, Professional Court Reporter, certify that I was authorized to and did stenographically report the foregoing Planning Board proceedings; and that the transcript is a true record, to the best of my ability, of the proceedings contained herein.

I further certify that I am not a relative, employee, attorney, or counsel to any of the parties, nor am I a relative or employee of any of the parties attorney or counsel connected with the action, nor am I financially interested in the action.

DAVID A. DEIK, CP, CPE
Professional Court Reporter

Planning Board-Rezoning **7. A.**

Meeting Date:	06/01/2020
CASE :	Z-2020-03
APPLICANT:	Tom Hammond, Agent for Forrest Homes and Steele Construction Inc., Owner
ADDRESS:	5250 Blue Angel Parkway
PROPERTY REF. NO.:	36-2S-31-1007-000-000
FUTURE LAND USE:	MU-S, Mixed-Use Suburban
DISTRICT:	1
OVERLAY DISTRICT:	N/A
BCC MEETING DATE:	07/02/2020

SUBMISSION DATA:
REQUESTED REZONING:

FROM: LDR, Low Density Residential (4 du/acre)

TO: MDR, Medium Density Residential (10 du/acre)

RELEVANT AUTHORITY:

(1) Escambia County Comprehensive Plan
(2) Escambia County Land Development Code
(3) Board of County Commissioners of Brevard County v. Snyder, 627 So. 2d 469 (Fla. 1993)
(4) Resolution 96-34 (Quasi-judicial Proceedings)
(5) Resolution 96-13 (Ex-parte Communications)

APPROVAL CONDITIONS

Criterion a., LDC Sec. 2-7.2(b)(4)
Consistent with Comprehensive Plan
The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

CPP FLU 1.3.1 Future Land Use Categories. The Mixed-Use Suburban (MU-S) Future Land Use (FLU) category is intended for a mix of residential and nonresidential uses while promoting compatible infill development and the separation of urban and suburban land uses. Range of allowable uses include: Residential, Retail and Services, Professional Office, Recreational Facilities, Public and Civic. The maximum residential density is twenty five dwelling units per acre.

CPP FLU 1.5.1 New Development and Redevelopment in Built Areas. To promote the efficient use of existing public roads, utilities and service infrastructure, the County will encourage redevelopment in underutilized properties to maximize development densities and intensities located in the Mixed Use-Suburban, Mixed Use-Urban, Commercial and Industrial Future Land Use districts categories (with the exception of residential development).

FINDINGS

The proposed amendment to MDR is consistent with the intent and purpose of Future Land Use category MU-S as stated in CPP FLU 1.3.1. Mixed-Use Suburban allows for a mix of residential and non-residential uses and promote infill development. The parcel may utilize the existing public roads, utilities and infrastructure.

Criterion b., LDC Sec. 2-7.2(b)(4)

Consistent with The Land Development Code

The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

Sec. 3-2.5 Low Density Residential district (LDR).

(a) Purpose. The Low Density Residential (LDR) district establishes appropriate areas and land use regulations for residential uses at low densities within suburban areas. The primary intent of the district is to provide for large-lot suburban type residential neighborhood development that blends aspects of rural openness with the benefits of urban street connectivity, and at greater density than the Rural Residential district.

(b) Permitted uses. Permitted uses within the LDR district are limited to the following:

(1) Residential.

a. Manufactured (mobile) homes only within existing manufactured home parks or subdivisions, or on land zoned SDD prior to adoption of LDR zoning. No new or expanded manufactured home parks or subdivisions.

b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots two acres or larger. Attached single-family dwellings and zero lot line subdivision only on land zoned V-5 or SDD prior to adoption of LDR zoning.

c. Two-family dwellings and multi-family dwellings up to four units per dwelling (triplex and quadruplex) only on land zoned V-5 or SDD prior to adoption of LDR zoning.
See also conditional uses in this district.
(2) Retail sales. No retail sales.
(3) Retail services. No retail services.
(4) Public and civic.
a. Cemeteries, family only.
b. Public utility structures, excluding telecommunications towers.
See also conditional uses in this district.
(5) Recreation and entertainment.
a. Marinas, private only.
b. Parks without permanent restrooms or outdoor event lighting.
See also conditional uses in this district.
(6) Industrial and related. No industrial or related uses.
(7) Agricultural and related. On land not zoned SDD prior to adoption of LDR zoning, agricultural production and storage is limited to food primarily for personal consumption by the producer.

Sec. 3-2.7 MDR, Medium Density Residential.
(a) Purpose. The Medium Density Residential (MDR) district establishes appropriate areas and land use regulations for residential uses at medium appropriate areas and land use regulations for residential uses at medium densities within suburban or urban areas. The primary intent of the district is to provide for residential neighborhood development in an efficient urban pattern of well-connected streets and at greater dwelling unit density than the Low Density Residential district. Residential uses within the MDR district are limited to single-family and two-family dwellings. The district allows non-residential uses that are compatible with suburban and urban residential neighborhoods.
(b) Permitted uses. Permitted uses within the MDR district are limited to the following:
(1) Residential.
a. Manufactured (mobile) homes only within manufactured home parks or subdivisions. No new or expanded manufactured home parks, and new or expanded manufactured home subdivisions only on land zoned V-4 prior to adoption of MDR zoning.
b. Single-family dwellings (other than manufactured homes), detached and only one per lot, excluding accessory dwellings. Accessory dwellings only on lots one acre or larger. Attached single-family dwellings and zero lot line subdivisions only on land zoned R-3 or V-4 prior to adoption of MDR zoning.
c. Two-family dwellings only on land zoned R-3 or V-4 prior to adoption of MDR zoning, and multi-family dwellings up to four units per dwelling (quadruplex) only on land zoned V-4 prior to MDR zoning.
See also conditional uses in this district.

(2) Retail sales. No retail sales.
(3) Retail services. No retail services. See conditional uses in this district.
(4) Public and civic. Public utility structures, excluding telecommunications towers. See also conditional uses in this district.
(5) Recreation and entertainment.
a. Marinas, private.
b. Parks without permanent restrooms or outdoor event lighting.
See also conditional uses in this district.
(6) Industrial and related. No industrial or related uses.
(7) Agricultural and related. Agricultural production limited to food primarily for personal consumption by the producer, but no farm animals.
See also conditional uses in this district.

FINDINGS
The proposed amendment **is consistent** with the intent and purpose of the Land Development Code. The site consisted of two parcels which have been combined by the Property Appraiser at the applicants request to create one parcel totaling 7.66 (+/-) acres. The property is surrounded by LDR zoning with MDR across Blue Angel Parkway to the west with individual lots as well as the Yorkshire Estates Subdivision. The MDR zoning will allow for single family dwellings, one per lot. In this case, no multi-family, apartments or retail sales or services are allowed as per LDC 3-2.7(1)c, which states this allowance is permitted only if the previous zoning on the land was R-3 or V-4 prior to the adoption of the MDR zoning, and the previous zoning for the parcel in question was RR.

Criterion c., LDC Sec. 2-7.2(b)(4)
Compatible with surrounding uses
All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.
FINDINGS
The proposed amendment **is compatible** with surrounding existing uses in the area.
Within the 500 radius impact area, staff observed properties with zoning districts LDR and MDR. The nearby land uses are single family residential therefore the zoning request will be consistant with the surrounding uses.

Criterion d., LDC Sec. 2-7.2(b)(4)

Appropriate if spot zoning. Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

FINDINGS

The requested zoning of MDR would by definition be spot zoning for the fact that all contiguous land is zoned LDR, however due to the restraints of the previous zoning, the permitted uses in MDR will be sufficiently similar to the existing LDR zoning. The major difference is in the site and building requirements. MDR zoning would allow for 10 dwelling units per acre versus LDR's four dwellings per acre and a lot width difference of 50 feet for MDR versus 60 feet for LDR.

Criterion e., LDC Sec. 2-7.2(b)(4)

Appropriate with changed or changing conditions.

If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

FINDINGS

The land uses or development conditions within the area surrounding the property of rezoning **have not** changed.

HEI Project No. 19-024

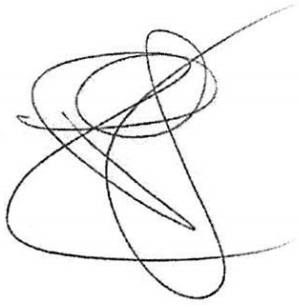
Dear Allyson:

The above referenced parcels currently have a zoning of LDR and has not been developed. The parcel is located at 5250 Blue Angel Parkway in Escambia County, FL. We request the parcels be re-zoned to MDR.

We have attached all of the required items listed on the re-zoning application. Please review these items and provide the county's findings at your earliest convenience. Should you have questions or comments, please give us a call.

Sincerely,

HAMMOND ENGINEERING, INC.



Thomas G. Hammond, Jr., PE.
President

Rezoning Application

FOR OFFICE USE ONLY - Case Number: Z-2020-03 Accepted by: A. Lindsey PB Meeting: 4/7/2020

1. **Contact Information:**

   A. Property Owner/Applicant: FORREST HOMES & STEEL CONSTRUCTION INC.

   Mailing Address: 10901 LILLIAN HWY PENSACOLA, FL 32506

   Business Phone: 850-572-4588 Cell: 850-572-4588

   Email: CLASSICC12@AOL.COM

   B. Authorized Agent (if applicable): Tom Hammond

   Mailing Address: 3802 North S Street, Pensacola, FL 32505

   Business Phone: 850-434-2603 Cell: 850-554-9389

   Email: tom@selanddesign.com

   Note: *Owner must complete the attached Agent Affidavit. If there is more than one owner, each owner must complete an Agent Affidavit. Application will be voided if changes to this application are found.*

2. **Property Information:**

   A. Existing Street Address: 5250 Blue Angel Parkway

   Parcel ID (s): 36-2S-31-1007-000-000 & 36-2S-31-1007-000-001

   B. Total acreage of the subject property: 7.51

   C. Existing Zoning: LDR

   Proposed Zoning: MDR; explain why necessary and/or appropriate appropriate due to existing MDR zoned properties and other urban type developments within 500' of the subject property and subject parcels are located along an arterial roadway where denser type residential development is preferred.

   FLU Category: MU-S

D. Is the subject property developed (if yes, explain): vacant & undeveloped

E. Sanitary Sewer: X Septic: _____

3. Amendment Request

Approval conditions. The applicant has the burden of presenting competent substantial evidence to the reviewing board establishing that the requested zoning district would contribute to or result in a logical and orderly development pattern. The appropriate surrounding area within which uses and conditions must be considered may vary with those uses and conditions and is not necessarily the same area required for mailed notification. A logical and orderly pattern shall require demonstration of each of the following conditions:

Please address *ALL* the following approval conditions for your rezoning request. (use supplement sheets as needed)

a. Consistent with Comprehensive Plan. The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

PLEASE SEE ATTACHED

b. Consistent with zoning district provisions. The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3

PLEASE SEE ATTACHED

c. **Compatible with surroundings.** All of the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

PLEASE SEE ATTACHED

d. **Appropriate if spot zoning.** Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site-specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

PLEASE SEE ATTACHED

e. **Appropriate with changed or changing conditions.** If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

PLEASE SEE ATTACHED

4. **Please complete the following Forms: Concurrency Determination Acknowledgement and Affidavit of Owner/Limited Power of Attorney (if applicable).**

CONCURRENCY DETERMINATION ACKNOWLEDGMENT

Property Reference Number(s): 36-2S-31-1007-000-001 & 36-2S-31-1007-000-000

Property Address: 5250 BLUE ANGEL PARKWAY

I/We acknowledge and agree that no future development for which concurrency of required facilities and services must be certified shall be approved for the subject parcel(s) without the issuance of a certificate of concurrency for the development based on the actual densities and intensities proposed in the future development's permit application.

I/We also acknowledge and agree that approval of a zoning district amendment (rezoning) or Future Land Use Map amendment does not certify, vest, or otherwise guarantee that concurrency of required facilities and services is, or will be, available for any future development of the subject parcels.

I/We further acknowledge and agree that no development for which concurrency must be certified shall be approved unless at least one of the following minimum conditions of the Comprehensive Plan will be met for each facility and service of the County's concurrency management system prior to development approval:

a. The necessary facilities or services are in place at the time a development permit is issued.

b. A development permit is issued subject to the condition that the necessary facilities and services will be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

c. For parks and recreation facilities and roads, the necessary facilities are under construction at the time the development permit is issued.

d. For parks and recreation facilities, the necessary facilities are the subject of a binding executed contract for the construction of the facilities at the time the development permit is issued and the agreement requires that facility construction must commence within one year of the issuance of the development permit.

e. The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.3220, F.S., or as amended, or an agreement or development order issued pursuant to Chapter 380, F.S., or as amended. For wastewater, solid waste, potable water, and stormwater facilities, any such agreement will guarantee the necessary facilities and services to be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

f. For roads, the necessary facilities needed to serve the development are included in the first three years of the applicable Five-Year Florida Department of Transportation (FDOT) Work Program or are in place or under actual construction no more than three years after the issuance of a County development order or permit.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 17 DAY OF January, YEAR OF 2020.

5. Submittal Requirements

A. _____ Completed application: All applicable areas of the application shall be filled in and submitted to the Planning and Zoning Department, 3363 West Park Place, Pensacola, FL 32505.

B. _____ Application Fees: To view fees visit the website: http://myescambia.com/business/ds/planning-board or contact us at 595-3547

Note: Application fees include a $5 technical fee. Cost of the public notice mailing is to be borne by the applicant. Payments must be submitted prior to 3 pm of the closing date of acceptance of application. Please make checks payable to Escambia County. MasterCard and Visa are also accepted (a 3% fee will be added for credit card payments).

C. _____ Legal Proof of Ownership (ex: copy of Tax Notice or Warranty Deed) **AND** a Certified Boundary Survey (Include Corporation/LLC documentation if applicable.)

D. _____ Compatibility Analysis (if applicable): If the subject property does not meet the roadway requirements of Locational Criteria, a compatibility analysis prepared by the applicant is required to provide substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria. (See "Documented Compatibility" within the request zoning district of the LDC.)

E. _____ Signed and Notarized Affidavit of Owner/Limited Power of Attorney AND Concurrency Determination Acknowledgement (pages 4 and 5).

By my signature, I hereby certify that:

1) I am duly qualified as owner(s) or authorized agent to make such application, this application is of my own choosing, and staff has explained all procedures relating to this request; and
2) All information given is accurate to the best of my knowledge and belief, and I understand that deliberate misrepresentation of such information will be grounds for denial or reversal of this application and/or revocation of any approval based upon this application; and
3) I understand that there are no guarantees as to the outcome of this request, and that the application fee is non-refundable; and
4) I authorize County staff to enter upon the property referenced herein at any reasonable time for purposes of site inspection and authorize placement of a public notice sign(s) on the property referenced herein at a location(s) to be determined by County staff; and
5) I am aware that Public Hearing notices (legal ad and/or postcards) for the request shall be provided by the Development Services Bureau.

Re-zoning Criteria

A. Consistency with the Comprehensive Plan

The parcel is located in the Mixed Use- Suburban (MU-S) Future Land Use District which allows for commercial and residential uses as stated in the Comprehensive Plan, Chapter 7, FLU 1.3.1
FLUM Mixed-Use Suburban (MU-S)
General Description: Intended for a mix of residential and non-residential uses While promoting compatible infill development and the separation of urban and suburban land uses.
Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture.
Standards:
Residential Maximum Density: 25 du/acre
Non-Residential Minimum Intensity: None
Maximum Intensity: 1.0 Floor Area Ratio (FAR)
Escambia County intends to achieve the following mix of land uses for new development within ¼ mile of arterial roadways or transit corridors by 2030:
a) Residential 8% to 25%
b) Public/Rec/Inst. 5% to 20%
c)Non-Residential:
Retail Service-30% to 50%
Office-25% to 50%
In areas beyond ¼ mile of arterial roadways or transit corridors, the following mix of land uses is anticipated:
a) Residential 70% to 85%
b) Public/Rec/Inst. 10% to 25%
c)Non-Residential 5% to 10%

The proposed re-zoning is consistent with the Comprehensive Plan.

B. Consistency with Zoning District provisions

The proposed re-zoning of the subject parcel to MDR (Medium Density Residential) meets the LDC, Article 1, Section 3-1.3 (h):

ZONING DISTRICT Specific distribution and extent of uses	FUTURE LAND USE (FLU) CATEGORY General distribution and extent of uses								
	AG max 1du/20ac max 0.25 FAR	RC max 2du/ac max 0.25 FAR	MU-S max 25du/ac max 1.0 FAR	MU-U max 25du/ac max 2.0 FAR	C Limited res max 25du/ac max 1.0 FAR	I No res allowed max 1.0 FAR	P No res allowed	REC No res allowed max 0.5 FAR	CON No res allowed
Agr max 1du/20ac	Yes	Yes	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses
RR max 1du/4ac	No, max density	Yes	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses
RMU max 2du/ac	No, max density	Yes	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses
LDR max 4du/ac	No, max density	No, max density	Yes	No, uses	No, uses	No, uses	No, uses	No, uses	No, uses
LDMU max 7du/ac	No, max density	No, max density	Yes	Yes	No, uses	No, uses	No, uses	No, uses	No, uses
MDR max 10du/ac	No, max density	No, max density	Yes	Yes	No, uses	No, uses	No, uses	No, uses	No, uses
HDR max 18du/ac	No, max density	No, max density	Yes	Yes	No, uses	No, uses	No, uses	No, uses	No, uses
HDMU max 25du/ac	No, max density	No, max density	Yes	Yes	Yes	No, uses	No, uses	No, uses	No, uses
Com max 25du/ac	No, max density	No, max density	Yes	Yes	Yes	No, res use	No, uses	No, uses	No, uses
HC/LI FLU-restricted max 25du/ac	No, uses	No, uses	No, uses	Yes	Yes	Yes	No, uses	No, uses	No, uses
Ind No res allowed	No, uses	No, uses	No, uses	No, uses	No, uses	Yes	No, uses	No, uses	No, uses
Rec No res allowed	Yes	Yes	Yes	Yes	Yes	No, uses	Yes	Yes	No, uses
Con No res allowed	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
Pub No res allowed	No, uses	No, uses	No, uses	No, uses	No, uses	Yes	Yes	No, uses	No, uses

For every combination of zoning district and FLU category represented by the table, "Yes" indicates the zoning is consistent with the FLU. "No" indicates zoning inconsistency with the FLU, primarily for the reason noted.

(Ord. No. 2015-56, § 1, 12-10-2015)

Supp 3

LDC 3:7

Also, LDC Chapter 3, Article 2, Section 3-2.7(f) states:
Rezoning to MDR.
Medium Density Residential zoning maybe established only within the Mixed-Use Suburban (MU-S) and Mixed-Use Urban (MU-U) future land use categories. The district is suitable for suburban or urban areas with central water and sewer and developed street networks. The district is appropriate to provide transitions between areas zoned or used for low density residential and areas zoned or used for high density residential or mixed-use.

The proposed re-zoning is consistent with the Land Development Code.

C. Compatibility with surroundings

The parcels are bordered by LDR zoned parcels on the north, south, and east boundary lines. There is MDR zone parcels across Blue Angel Parkway slightly south of the subject parcels.

The subject parcels are directly across the street from a mobile home park. Also, there is a convenience store across the street adjoining the mobile home park to the south. All the other surrounding parcels appear to be single family detached residential uses.

It is common planning practice to have more dense residential developments near commercial corridors/uses and less dense residential districts.

The proposed re-zoning is compatible with the surrounding uses.

D. Appropriate if Spot Zoning

The proposed rezoning would result in spot zoning as defined in chapter 6 of the LDC. However, the proposed zoning to MDR would be minor and sufficiently limited as follows:

> The proposed rezoning would allow for 50' wide single-family residential lots where the existing zoning allows for 60' wide single-family residential lots.
>
> There are NO uses allowed in the MDR zoning district that are not also allowed in the current LDR zoning district.

The proposed re-zoning would result in a logical and orderly development.

Proposed re-zoning would create an appropriate "spot zoning" situation.

E. Appropriate with changed or changing conditions

We are not aware of any known or changed conditions that would affect the proposed rezoning request.

Chris Jones, CFA

Escambia County Property Appraiser

IMPORTANT NOTICE

Pursuant to Florida Statute 197.192, the Property Appraiser's Office will not split or combine parcels until all taxes due have been paid to the Tax Collector's Office.

It should be noted that a Combination or Split request processed by the Property Appraiser's Office ***is for taxing purposes*** only and does not imply legality of the land division being requested, nor the legality for such parcel(s) to be conveyed via land title, nor the suitability for such parcel(s) to be developed. Applicants should contact the appropriate land development, zoning and planning agency within your jurisdiction for questions concerning current and future property development regulations.

EXEMPT and NON-EXEMPT PROPERTIES AFFECTED BY ASSESSMENT LIMITATION

[Note: If this section is not completed, the request will not be processed.]

I or We, understand that combining or splitting property may affect the property's capped value resulting in an increase in my/our property taxes.
If I or We desire to reverse the process in the future, the "cap value" will not be restored to its former value.

I or We, understand that combining additional lands to a parcel that is currently benefiting from a homestead or an institutional exemption ***will not decrease parcel value.*** The existing "cap" will remain on the parcel with the original exemption. According to Florida Statutes, the newly added parcel's cap will reset at full market value. This will result in taxes based on full market value.

I or We acknowledge that I/we have read the foregoing cautionary message and do hereby acknowledge I/we understand the requirements and consequences of this request by initialing and printing my/our names as designated below:

Zoning Review

*[Note: If this section is not completed by the appropriate agency, the request **will not** be processed.]*

As an agent of the appropriate jurisdictional agency where the parcel(s) exist in Escambia County Florida, I have reviewed this request from the parcel owner(s) and made the following determination:

☐ *The Split Request is consistent with current zoning for the affected parcel(s).*

☐ *The Split Request is **not** consistent with current zoning for affected parcels for the following reason(s):*

☒ *The Combination Request is consistent with current zoning for the affected parcel(s).*

☐ *The Combination Request is **not** consistent with current zoning for the affected parcels for the following reason(s):*

The information provided in this section does not constitute review or approval of any development or the confirmation of any development or land use rights for the affected parcels. Additional information on these issues may be obtained by contacting the County or City planning agencies at the addresses and telephone numbers below.

INTEROFFICE MEMORANDUM

TO: **Andrew Holmer, Division Manager**
Development Services Department

FROM: **Terri V. Malone, AICP, Transportation Planner**
Transportation Traffic Operations Division

DATE: **May 8, 2020**

RE: **Transportation Traffic Operations TTO Comments – Z-2020-3**

TTO Staff has reviewed the Rezoning Case Z-2020-3 5250 Blue Angel Parkway LDR to MDR , agenda item for the Planning Board meeting scheduled for June 2, 2020. Please see the below comments.

Blue Angel Parkway is a two-lane roadway with paved shoulders. Near the parcel in question, the traveling roadway width is approximately 23 feet with a right-of-way width of 86 feet.

FDOT has begun a feasibility study of this corridor to look at capacity issues on both Blue Angel Parkway and Pine Forest Road.

Per the Florida-Alabama TPO's Congestion Management Process Plan, Blue Angel Parkway is classified as a Minor Arterial with a Maximum LOS of D and a corresponding daily volume threshold of 17,700. The daily traffic on this road was recorded as 22,000 for year 2019.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18261 **Growth Management Report 12. 8.**
BCC Regular Meeting **Public Hearing**
Meeting Date: 08/06/2020
Issue: 5:50 p.m. - Amendment to the Official Zoning Map
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

5:50 p.m. A Public Hearing for Consideration for Adopting an Ordinance Amending the Official Zoning Map

That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning case heard by the Planning Board on June 1, 2020, and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

BACKGROUND:

Rezoning case Z-2020-03 was heard by the Planning Board on June 1, 2020. Under the Land Development Code (LDC), the Board of County Commissioners reviews the record and the recommended order of the Planning Board and conducts a Public Hearing for adoption of the LDC Zoning Map Amendment.

As a means of achieving the Board's goal of "decreasing response time from notification of citizen needs to ultimate resolution," the Board is acting on both the approval of the Planning Board's recommendation and the LDC Map Amendment for this month's rezoning case.

The previous report item addresses the Board's determination regarding the Planning Board's recommendation. This report item addresses only the Public Hearing and adoption of the Ordinance amending the LDC Official Zoning Map.

BUDGETARY IMPACT:

No budgetary impacts are expected as a result of the recommended Board action.

LEGAL CONSIDERATIONS/SIGN-OFF:

A copy of the standardized Ordinance has initially been provided to the County Attorney's office for review regarding compliance with rezoning requirements in Florida Statutes and the Land Development Code.

PERSONNEL:

No additional personnel are anticipated for the implementation of this recommended Board action.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board Chairman will need to sign the Ordinance to amend the Official Zoning Map.

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the Land Development Code Official Zoning Map, will be filed with the Department of State following adoption by the Board.

This proposed Ordinance was prepared by the Development Services Department in coordination with the County Attorney's Office, and interested citizens. The Development Services Department will ensure proper advertisement.

Draft Ordinance

ORDINANCE NUMBER 2020-_____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART III OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE LAND DEVELOPMENT CODE OF ESCAMBIA COUNTY, FLORIDA, AS AMENDED; AMENDING CHAPTER 3, ARTICLE 1, SECTION 3-1.3(b), THE OFFICIAL ZONING MAP; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. Purpose and Intent.

The Official Zoning Map of Escambia County, Florida, as adopted by reference and codified in Part III of the Escambia County Code of Ordinances, the Land Development Code of Escambia County, Florida, as amended: Chapter 3, Article 1, Section 3-1.3(b), and all notations, references and information shown thereon as it relates to the following described real property in Escambia County, Florida, is hereby amended, as follows.

Case No.:	**Z-2020-03**
Address:	5250 Blue Angel Parkway
Property Reference No.:	36-2S-31-1007-000-000
Property Size:	7.66 (+/-) acres
From:	LDR, Low Density Residential district (four du/acre)
To:	MDR, Medium Density Residential district (10 du/acre)

Section 2. Severability.

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 3. Inclusion in Code.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by F.S. § 125.68; and that the sections, subsections and other provisions of this Ordinance may be renumbered or re-lettered and the word “ordinance” may be changed to “section,” “article,” or such other appropriate word or phrase in order to accomplish such intentions.

DRAFT

Section 4. Effective Date.

This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED by the Board of County Commissioners of

Escambia County Florida, this _____day of _____, 2020.

RECOMMENDATION:
5:51 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map, LSA-2019-05

That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Comprehensive Plan, Chapter 7, 2030 Future Land Use (FLU) map, LSA-2019-05, changing the FLU category for two parcels located on Pine Forest Road, Parcel Number 24-1S-31-4230-000-020, totaling 10.28 (+/-) acres, and Parcel Number 24-1S-31-3140-000-000, totaling 3.66 (+/-) acres, from Commercial (C) to Mixed-Use Urban (MU-U).

This serves as the first of two public hearings.

BACKGROUND:
The applicant is requesting a Future Land Use Map change from Commercial (C) to Mixed-Use Urban (MU-U) in order to obtain an increase in residential development.

BUDGETARY IMPACT:
No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:
The attached Ordinance has been reviewed and approved for legal sufficiency by Kia Johnson, Assistant County Attorney. Any recommended legal comments are attached herein.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the Comprehensive Plan will be filed with the Department of State following adoption by the Board.

Implementation of this Ordinance will consist of an amendment to the Future Land Use Map and distribution of a copy of the adopted Ordinance to interested citizens and staff.

The proposed Ordinance was prepared by the Development Services Department, in cooperation with the County Attorney's Office and all interested citizens. The Development Services Department will ensure proper advertisement.

Letter of Request

We are requesting the Future Land Use (FLU) Amendment for these two parcels on Pine Forest in order to development residential properties. Currently, the present zonings under the current FLU of Commercial do not allow any residential uses outside of a predominately commercial development. Therefore, we are proposing a FLU Amendment to change the two parcels to FLU MU-U, which allows residential development without any such restriction.

Project Address: 7045 Pine Forest Road

I/We acknowledge and agree that no future development permit (other than a rezoning/reclassification) shall be approved for the subject parcel(s) prior to the issuance of a certificate of concurrency for such proposed development based on the densities and intensities contained within such future development permit application.

I/We also acknowledge and agree that no development permit or order (other than a rezoning /reclassification) will be issued at that time unless at least one of the concurrency management system standards is met as contained in the Escambia County Code of Ordinances, Part II, Section 6.04, namely:

(1) The necessary facilities and services are in place at the time a development permit is issued; or

(2) A development permit is issued subject to the condition that the necessary facilities and services will be in place when the impacts of the development occur; or

(3) The necessary facilities are under construction at the time a permit is issued; or

(4) The necessary facilities and services are the subject of a binding executed contract for the construction of the facilities or the provision of services at the time the development permit is issued. NOTE: This provision only relates to parks and recreation facilities and roads. The LDC will include a requirement that the provision or construction of the facility or service must commence within one (1) year of the Development Order or Permit; or

(5) The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.320, Florida Statutes or an agreement or development order issued pursuant to Chapter 380, Florida Statutes. Any such agreement shall include provisions pursuant to paragraphs 1, 2, or 3 above.

(6) The necessary facilities needed to serve new development are in place or under actual construction no more than three (3) years after issuance, by the County, of a certificate of occupancy or its functional equivalent. NOTE: This provision only relates to roads.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 8 DAY OF OCT., 2019

RESIDENTIAL SALES
ABUTTING ROADWAY MAINTENANCE DISCLOSURE

ATTENTION: Pursuant to Escambia County Code of Ordinances Chapter 1-29.2, Article V, seller of residential lots are required to disclose to buyers whether abutting roadways will be maintained by Escambia County. The disclosure must additionally provide that Escambia County does not accept roads for maintenance that have not been built or improved to meet county standards. Escambia County Code of Ordinances Chapter 1-29.2, Article V requires this disclosure be attached along with other attachments to the deed or other method of conveyance required to be made part of the public records of Escambia County, Florida. NOTE: Acceptance for filing by County employees of this disclosure shall in no way be construed as an acknowledgment by the county of the veracity of any disclosure statement.

NAME OF ROADWAY: PINE FOREST ROAD

LEGAL ADDRESS OF PROPERTY:
7055 PINE FOREST ROAD, PENSACOLA, Florida 32526

THE COUNTY HAS NOT ACCEPTED THE ABUTTING ROADWAY FOR MAINTENANCE. (STATE ROAD)

DESCRIPTION: (OFFICIAL RECORDS BOOK 2773, PAGE 473)

PARCEL 1:
COMMENCING AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE SOUTH 89°50'30" WEST ALONG THE NORTH LINE OF SAID SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 50.00 FEET TO THE WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD (150.00' R/W); THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE OF 63.00 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF MANDEVILLE LANE (R/W VARIES); THENCE SOUTH 89°50'30" WEST ALONG SAID SOUTH RIGHT-OF-WAY A DISTANCE OF 125.00 FEET FOR THE POINT OF BEGINNING; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE SOUTH 77°08'51" WEST A DISTANCE OF 145.96 FEET' THENCE SOUTH 00°19'10" WEST A DISTANCE OF 610.13 FEET; THENCE NORTH 89°50'28" EAST A DISTANCE OF 270.78 FEET TO SAID WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD; THENCE NORTH 00°19'10" WEST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE OF 275.00 FEET; THENCE SOUTH 89°50'30" WEST A DISTANCE OF 125.00 FEET; THENCE NORTH 00°19'10" EAST A DISTANCE OF 325.00 FEET TO THE POINT OF BEGINNING.

PARCEL 2:
COMMENCING AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE SOUTH 89°50'30" WEST ALONG THE NORTH LINE OF SAID SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 50.00 FEET TO THE WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD (150' R/W); THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE, A DISTANCE OF 63.00 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF MANDEVILLE LANE (R/W VARIES); THENCE SOUTH 89°50'30" WEST ALONG SAID SOUTH RIGHT-OF-WAY A DISTANCE OF 125.00 FEET; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE SOUTH 77°08'51" WEST A DISTANCE OF 145.76 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE ALONG THE SAME COURSE A DISTANCE OF 208.98 FEET; THENCE SOUTH 00°03'58" WEST A DISTANCE OF 15.00 FEET; THENCE NORTH 89°50'30" EAST A DISTANCE OF 59.76 FEET; THENCE SOUTH 00°03'58" WEST A DISTANCE OF 450.00 FEET; THENCE SOUTH 89°50'30" WEST A DISTANCE OF 450.00 FEET; THENCE SOUTH 00°03'58" WEST A DISTANCE OF 45.00 FEET; THENCE SOUTH 89°50'30" WEST A DISTANCE OF 420.00 FEET TO THE WEST LINE OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4; THENCE SOUTH 00°03'58" WEST ALONG SAID WEST LINE A DISTANCE OF 283.66 FEET; THENCE NORTH 89°45'27" EAST A DISTANCE OF 1277.33 FEET TO SAID WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD; THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE 4F 269.80 FEET; THENCE SOUTH 80°52'28" WEST A DISTANCE OF 270.78 FEET; THENCE NORTH 00°19'10" EAST A DISTANCE OF 610.13 FEET TO THE POINT OF BEGINNING.

AND (OFFICIAL RECORDS BOOK 3004, PAGE 240)

COMMENCE AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE SOUTH 89°50'30" WEST ALONG THE NORTH LINE OF SAID SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 50.00 FEET TO THE WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD (150' R/W); THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE OF 63.00 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF MANDEVILLE LANE (R/W VARIES); THENCE SOUTH 89°50'30" WEST ALONG SAID SOUTH RIGHT-OF-WAY A DISTANCE OF 125.00 FEET; THENCE SOUTH 00°19'10" WEST A DISTANCE OF 300.00' FOR THE POINT OF BEGINNING; THENCE CONTINUE ALONG SAME COURSE FOR A DISTANCE OF 25.00 FEET; THENCE NORTH 89°50'30" EAST FOR A DISTANCE OF 125.00'; THENCE NORTH 00°19'10" EAST FOR A DISTANCE OF 25.00 FEET; THENCE SOUTH 89°50'30" WEST FOR A DISTANCE OF 125.00 FEET TO THE POINT OF BEGINNING CONTAINING 0.07 ACRES MORE OR LESS.

AND (OFFICIAL RECORDS BOOK 7446, PAGE 869)

BEGIN AT THE NORTHEAST CORNER OF THE SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER, SOUTH 89 DEGREES 50 MINUTES 30 SECONDS WEST 50 FEET TO WEST R/W LINE OF PINE FOREST ROAD (150 FT R/W), NORTH 0 DEGREES 19 MINUTES 10 SECONDS EAST ALONG THE WEST R/W LINE 63 FEET TO SOUTH R/W OF MANDEVILLE LANE FOR POB, SOUTH 89 DEGREES 50 MINUTES 30 SECONDS WEST ALONG THE SOUTH R/W OF MANDEVILLE LANE 125 FEET, SOUTH 77 DEGREES 08 MINUTES 51 SECONDS WEST 87 FEET, SOUTH 16 DEGREES 30 MINUTES 12 SECONDS EAST 292.70 FEET, NORTH 89 DEGREES 50 MINUTES 30 SECONDS EAST 125 FEET TO WEST R/W OF PINE FOREST ROAD, NORTH ALONG THE WEST R/W OF ROAD 300 FEET TO POINT OF BEGINNING.

GENERAL NOTES:

1. NORTH AND THE SURVEY DATUM SHOWN HEREON IS REFERENCED TO THE GRID BEARING OF S 03°05'36" W ALONG THE WEST RIGHT OF WAY LINE OF PINE FOREST ROAD (STATE ROAD 297 – 150' R/W) AND IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM (FLORIDA NORTH ZONE), NORTH AMERICAN DATUM OF 1983 (NAD83)–(2011)–(EPOCH 2010.0000) AND WERE DERIVED UTILIZING A GLOBAL NAVIGATION SATELLITE SYSTEM (GNSS) TRIMBLE R2 DUAL FREQUENCY RECEIVER. THE RECEIVER WAS UTILIZED IN A REAL–TIME KINEMATIC (RTK) MODE UTILIZING THE FLORIDA DEPARTMENT OF TRANSPORTATION FLORIDA PERMANENT REFERENCE NETWORK (FPRN), FLORIDA'S GLOBAL NAVIGATION SATELLITE SYSTEM (GNSS) REFERENCE STATION NETWORK; A COPY OF FDOT RIGHT OF WAY MAP OF STATE ROAD 297, SECTION 48190–2501, SHEET 3 OF 6, DATED 6/21/1966; DEEDS OF RECORD AND EXISTING FIELD MONUMENTATION.
2. ELEVATIONS AS SHOWN HEREON ARE BASED ON THE NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD88) AND ARE REFERENCED TO THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) VERTICAL CONTROL NETWORK BENCH MARK NUMBER 48–00–D04HV HAVING A PUBLISHED ELEVATION OF 99.55 FEET
3. MEASUREMENTS AS SHOWN HEREON WERE MADE TO UNITED STATES STANDARDS AND ARE EXPRESSED IN DECIMAL OF FEET.
4. VISIBLE UTILITIES WITHIN THE SURVEY LIMITS ARE AS SHOWN HERON.
5. THE STRUCTURE DIMENSIONS DO NOT INCLUDE THE EAVE OVERHANG OR FOUNDATION FOOTINGS.
6. VISIBLE IMPROVEMENTS ARE AS SHOWN HEREON.
7. IT IS THE OPINION OF THE UNDERSIGNED SURVEYOR & MAPPER THAT THE PARCEL OF LAND SHOWN HEREON IS IN ZONE "X", AREAS DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOODPLAIN, BASED ON THE FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP FOR ESCAMBIA COUNTY, FLORIDA, COMMUNITY PANEL NUMBER 12033C0360G, EFFECTIVE DATE OF SEPTEMBER 29, 2006.
8. GRAPHIC SYMBOLISM FOR FEATURES SUCH AS MONUMENTATION, FENCES, TREES, TREE LINES, UTILITIES ETCETERA MAY BE EXAGGERATED IN SIZE FOR CLARITY PURPOSES. DIMENSIONS TO EXAGGERATED FEATURES WILL SUPERSEDE SCALED MEASUREMENTS.
9. NO TITLE SEARCH WAS PERFORMED BY NOR PROVIDED TO THIS FIRM FOR THE SUBJECT PROPERTY. THERE MAY BE DEEDS OF RECORD, UNRECORDED DEEDS, EASEMENTS, RIGHTS–OF–WAY, BUILDING SETBACKS, RESTRICTIVE COVENANTS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE BOUNDARIES OR USE OF THE SUBJECT PROPERTY.
10. THE SURVEYING BUSINESS CERTIFICATE OF AUTHORIZATION NUMBER FOR McKIM & CREED, INC. IS LB7917.
11. THE ENVIRONMENTAL JURISDICTIONAL WETLANDS LINES AS SHOWN HEREON ARE BASED ON INFORMATION PROVIDED BY BIOME CONSULTING GROUP, 1300 W GOVERNMENT ST., PENSACOLA, FLORIDA, 850 435–9367.
12. THIS SURVEY DOES NOT REPRESENT NOR GUARANTEE OWNERSHIP.

NELSON THAXTON.
NELSON THAXTON LAND SURVEYING
1005 PALISADE ROAD
PENSACOLA, FL 32504
(850) 474-1393

BOUNDARY SURVEY OF:
A PARCEL OF LAND IN SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST
ESCAMBIA COUNTY, FLORIDA
FOREST PINE FOREST R.W.

DESCRIPTION (AS FURNISHED)

PARCEL 1:
Commencing at the Northeast corner of the Southeast 1/4 of the Southwest 1/4 of Section 24, Township 1 South, Range 31 West, Escambia County, Florida; thence South 89°50'30" West along the North line of said Southeast 1/4 of the Southwest 1/4 a distance of 50.00 feet to the West right-of-way line of Pine Forest Road (150.00' R/W); thence North 00°19'10" East along said West right-of-way line a distance of 60.00 feet to the South right-of-way line of Mandeville Lane (R/W varies); thence South 89°50'30" West along said South right-of-way a distance of 125.00 feet for the POINT OF BEGINNING; thence continue along said right-of-way line South 77°08'51" West a distance of 145.96 feet; thence South 00°19'10" West a distance of 610.13 feet; thence North 80°52'28" East a distance of 270.78 feet to said West right-of-way line of Pine Forest Road; thence North 00°19'10" West along said West right-of-way line a distance of 275.00 feet; thence South 89°50'30" West a distance of 125.00 feet; thence North 00°19'10" East a distance of 323.00 feet to the POINT OF BEGINNING.

PARCEL 2:
Commencing at the Northeast corner of the Southeast 1/4 of the Southwest 1/4 of Section 24, Township 1 South, Range 31 West, Escambia County, Florida; thence South 89°50'30" West along the North line of said Southeast 1/4 of the Southwest 1/4 a distance of 50.00 feet to the West right-of-way line of Pine Forest Road (150' R/W); thence North 00°19'10" East along said West right-of-way line, a distance of 60.00 feet to the South right-of-way line of Mandeville Lane (R/W varies); thence South 89°50'30" West along said South right-of-way a distance of 125.00 feet; thence continue along said right-of-way line South 77°08'51" West a distance of 145.96 feet to the POINT OF BEGINNING; thence continue along the same course a distance of 200.00 feet; thence South 00°03'58" West a distance of 59.00 feet; thence North 89°50'30" East a distance of 59.76 feet; thence South 00°03'58" West a distance of 450.00 feet; thence South 89°50'30" West a distance of 450.00 feet; thence South 00°03'58" West a distance of 45.00 feet; thence South 89°50'30" West a distance of 420.00 feet to the West line of the Southeast 1/4 of the Southwest 1/4; thence South 00°03'58" West along said West line a distance of 283.66 feet; thence North 89°49'47" East a distance of 1277.33 feet to said West right-of-way line of Pine Forest Road; thence North 00°19'10" East along said West right-of-way line a distance of 269.80 feet; thence South 80°52'28" West a distance of 270.78 feet; thence North 00°19'10" East a distance of 610.13 feet to the POINT OF BEGINNING.

NOT VALID UNLESS EMBOSSED WITH RAISED SEAL

-This survey is not covered by professional liability insurance.
-The undersigned surveyor has not been provided a current title opinion or abstract of matters affecting the title or boundary of the subject property. It is possible there are deeds of record, unrecorded dated deeds, easements or other instruments which could affect the boundary as shown hereon.
-I hereby certify the survey shown hereon to: ERIC CLEATON

SHEET 2 OF 2

ESCAMBIA COUNTY DEVELOPMENT SERVICES DEPARTMENT
3363 West Park Place, Pensacola, FL 32505 (850) 595-3475

DATA AND ANALYSIS REQUIREMENTS

1. A comparative analysis of the impact of both the current and the proposed future land use categories on the following items, presented in tabular format, based on data taken from professionally accepted existing sources, such as the US Census, State University System of Florida, National Wetland Inventory Maps, regional planning councils, water management districts, or existing technical studies. The data should show that the infrastructure is available to support the most intense development allowed under the requested Future Land Use category, regardless of what type of development is proposed.

- Please note that there are no pending development request before the County regarding the property. Any development will proceed only after obtaining those appropriate and necessary County, State, and Federal approvals and permits.

A. Sanitary Sewer

ECUA has confirmed infrastructure and service available to service development under the requested FLU designations. See letters from ECUA attached.

B. Solid Waste Disposal

We will ensure provision of adequate solid waste disposal services during the ownership, development, or use of the property, in accordance with the requirements of the Escambia County LDC. Any solid waste disposal issues will be appropriately addressed at the County Development Review phase prior to any development of the property.

C. Potable Water

ECUA has confirmed infrastructure and service available to service development under the requested FLU designations. See letters from ECUA attached. Any issues will be appropriately addressed at the County Development Review phase prior to any development of the property.

D. Stormwater Management

Any development of the property will be done in a manner to meet all applicable stormwater management studies, regulations, and permitting requirements. Any stormwater issues will be appropriately addressed at the County Development Review phase prior to any development of the property.

E. Traffic

Access to the parcels will mainly be from Pine Forest, a median cut currently exists in front of 7045 Pine Forest road for our use. There is anticipated to be a rear entrance on Mandeville as well. Any access and traffic issues will be appropriately addressed at the County Development Review phase prior to any development of the property.

F. Recreation and Open Space

Any recreation and open space issues will be appropriately addressed at the County Development Review phase prior to any development of the property.

G. Schools

As we are proposing a FLU Amendment for residential purposes, the below schools will be affected:

1) Beulah Elementary School
2) Beulah Middle School
3) Pine Forest High School

H. Power

Gulf Power has confirmed infrastructure and service are available to the property to service development under the requested FLU categories. See letter from Gulf power attached as exhibit.

The data and analysis should also support the requested future land use category by reflecting a need for that category. For example, a future land use request from Agricultural to Residential would need an analysis demonstrating the need for additional Residential acreage in the County.

2. Proximity to and impact on the following:
A. Wellheads (indicate distance and location to nearest wellhead)

The nearest wellhead according to county GIS records is at the crossing of Dunaway Lane and Eight Mile Creek Road, approximately 6,300 feet away. The proposed two parcels are well outside the 7 and 20 year Well-head protection areas as indicated below:

B. Historically significant sites (available from Florida Master Site File, Division of Historical Resources; email sitefile@dos.state.fl.us) Request form attached.

Florida Master Site File, Division of Historical Resources, has indicated there are no previously recorded cultural or historical resources in the proposed Amendment area. Please see the attached letter as Exhibit.

C. Natural Resources, including wetland (a wetlands survey is highly recommended if wetlands are located on the property).

According to County GIS and US Fish and Wildlife Wetlands Mapper, there are no reported wetlands on either of the two parcels. No endangered species have been reported. Any Natural Resource issues will be appropriately addressed at the County Development Review phase prior to any development of the property.

3. An analysis of consistency with the Escambia County Comprehensive Plan, with reference to applicable sections therein.

The proposed Future Land Use Amendment Application is consistent with the overall plans contained within the Escambia County Comprehensive Plan 2030.

Mixed-Used Urban (MU-U) Future Land Use is consistent with many parcels along Pine Forest, which is comprised of a mix of Commercial and MU-U parcels directly on the road. Consistent with the residential element found along the roadway, with many homes laying directly off Pine Forest, we are looking to keep with the character that is currently there.

RE: Power availability
7045 & 7055 Pine Forest Rd.
Pensacola, FL 32526

Dear Mr. Spencer:

Gulf Power Company has three phase electric facilities available along the west side of Pine Forest Rd. at the property in question. There is sufficient capacity for three phase overhead or underground service and single phase service if required.

Though three phase power is available, there may be charges associated with service depending on qualifying load and type of service requested. The service voltage and point of attachment will be determined upon receipt of final plat and electrical panel schedules.

Depending on the loads and the decision to have overhead or underground there may be some additional cost.

If you have any questions, please contact me at paul.cazenavette@fpl.com 850-429-2818.

Sincerely,

Paul J. Cazenavette

In response to your inquiry of October 4, 2019, the Florida Master Site File lists no previously recorded cultural or historical resources found in the following section of Escambia County:

T01S, R31W, Section 24 with a 500 foot buffer as shown on the corresponding map.

When interpreting the results of our search, please consider the following information:

- **This search area may contain *unrecorded* archaeological sites, historical structures or other resources even if previously surveyed for cultural resources.**
- **Because vandalism and looting are common at Florida sites, we ask that you limit the distribution of location information on archaeological sites.**
- **While many of our records document historically significant resources, the documentation of a resource at the Florida Master Site File does not necessarily mean the resource is historically significant.**
- **Federal, state and local laws require formal environmental review for most projects. This search DOES NOT constitute such a review. If your project falls under these laws, you should contact the Compliance and Review Section of the Division of Historical Resources at 850-245-6333.**

Please do not hesitate to contact us if you have any questions regarding the results of this search.

Comprehensive Plan
Large-Scale Future Land Use Map Amendment
Staff Analysis

General Data

Project Name:	LSA 2019-05 – Amending the Comprehensive Plan, Chapter 7, 2030 FLU map.
Location:	7045 & 7055 Pine Forest Road
Parcel #s:	24-1S-31-4230-000-020, 24-1S-31-3140-000-000
Acreage:	10.28 (+/-) acres, 3.66 (+/-) acres.
Request:	Commercial (C) to Mixed-Use Urban (MU-U).
Agent:	Chris Thompson, Agent for Eric Gleaton, Owner
Meeting Dates:	Planning Board, December 5, 2019 BCC January 7, 2019 (Transmittal)

Site Description and Summary of Proposed Amendment:

The area includes parcels 24-1S-31-4230-000-020, 24-1S-31-3140-000-000, located on Pine Forest road just north of Blue Angel Parkway.

Mixed-Use Urban. "Intended for an intense mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole." The range of allowable uses is "residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 2.0.

Commercial. "Intended for professional office, retail, wholesale, service and general business trade. Residential development may be permitted only if secondary to a primary commercial development." "Range of Allowable Uses: Residential, retail and services, professional office, light industrial, recreational facilities, public and civic." The FLU has a maximum residential density of 25 du/acre and a maximum floor area ratio (FAR) of 1.0.

Analysis of Availability of Facilities and Services:

The availability of public facilities and services for the site of a Future Land Use map amendment requires analysis of the general demands of its proposed use. All specific level of service (LOS) standards established by Escambia County are evaluated for compliance during the review processes prescribed by the LDC for approval of proposed development.

Sanitary Sewer Service.

CP Policy INF 1.1.7 Level of Service (LOS) Standards. *Average LOS standard for wastewater service is 210 gallons per residential connection per day, and the peak LOS will be 350 gallons per residential connection per day. For nonresidential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC), as may be recalculated by the service provider from time to time, and on the size of the nonresidential water meter. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.*

CP Policy INF 1.1.11 Required New Service Connection. *All new structures intended for human occupancy will connect to the ECUA wastewater system unless ECUA has determined that it is not feasible to provide wastewater service to the proposed structures. Those structures not required to connect to the ECUA wastewater system will not be issued a building permit until the applicant has obtained the appropriate permit from the Health Department.*

Analysis: The subject property is within the service area of the Emerald Coast Utility Authority (ECUA) for sanitary sewer. The applicant provided a letter from ECUA stating services for water and sanitation are provided by ECUA. Any new proposed development will have a complete reviewed during the Development Review Process.

Solid Waste Disposal.

CP Policy INF 2.1.2 Perdido Landfill Operation. *Escambia County will provide and operate the Perdido Landfill so as to accommodate the municipal solid waste disposal needs of the entire County.*

CP Policy INF 2.1.4 Level of Service (LOS) Standards. *The LOS standard for solid waste disposal will be 6 pounds per capita per day.*

Analysis: Escambia County continues to maintain its adopted solid waste LOS commitments. The Department of Waste Services reported in its 2018 solid waste LOS analysis that the current build-out for disposal at the Perdido Landfill will provide solid waste disposal capacity through 2045.

Potable Water Service.

CP Policy INF 4.1.4 Concurrency Management. *Escambia County will ensure the provision of potable water facilities concurrent with the demand for such facilities but no later than the certificate of occupancy, as created by development or redevelopment through the implementation of the Concurrency Management System.*

CP Policy INF 4.1.6 Developer Responsibility. *The cost of water line extensions made necessary by new development will be the responsibility of the developer unless otherwise funded by the service provider.*

CP Policy INF 4.1.7 Level of Service (LOS) Standards. *The LOS standard for potable water service within Escambia County will be 250 gallons per residential connection per day. For non-residential uses, the LOS requirements will be based upon an Equivalent Residential Connection (ERC) to be calculated by the service provider at the time of*

application. Escambia County will continue to work with the water providers to ensure that adequate capacity is available.

Analysis: Based on Escambia County Property Appraiser records, the parcels are within the service area of ECUA for potable water and meets the adopted level of services standards in the Comprehensive Plan. Any new proposed development will have a complete review during the Development Review Process.

Stormwater Management.

CP Policy INF 3.1.5 Concurrency Management. *Escambia County will ensure the provision of stormwater management facilities concurrent with the demand for such facilities as created by development or redevelopment through implementation of the Concurrency Management System.*

CP Policy INF 3.1.6 Developer Responsibilities. *Installation of stormwater management facilities made necessary by new development will be the responsibility of the developer.*

CP Policy INF 3.1.7 Level of Service (LOS) Standards. *Stormwater management LOS will be monitored through the provisions in the LDC design standards.*

Analysis: Compliance with adopted stormwater management provisions that implement these policies would be reviewed and confirmed prior to any site development plan approval, regardless of the proposed FLU change or use.

Streets and Access.

CP Policy MOB 1.1.1 Level of Service (LOS) Standards. *Levels of Service (LOS) will be used to evaluate facility capacity. Escambia County will adopt LOS standards for all roadways as indicated in the LDC. The standards for SIS facilities may be revised based on changes to the federal classification of these roadways. These standards are not regulatory but provide a basis by which the County may monitor congestion and coordinate needed improvements with FDOT.*

Analysis: The parcel fronts Pine Forest Road, which is a FDOT road, classified as an arterial roadway. Any new development will have to submit an application for Development Review Process.

Transportation & Traffic Operations (TTO) Comments – LSA-2019-05

TTO Staff has reviewed the LSA-2019-05 7045 & 7055 Pine Forest Road (C to MU-U), agenda item for the Planning Board meeting scheduled for December 3, 2019. Please see the below comments.

Pine Forest Road is a four-lane divided roadway with a right-of-way of 100 feet. The County does not have any proposed improvement projects scheduled for Pine Forest Road in this area. In addition, FDOT does not have any construction scheduled.

Per the Florida-Alabama TPO's Congestion Management Process Plan, Pine Forest Road is classified as a minor arterial with a maximum LOS of D and a

corresponding daily volume threshold of 39,800. Near Louisiana Drive, the daily volume on Pine Forest Road for 2018 was recorded as 32,000.

TTO's review is solely based off the application submittal packet, so the comments above hold no bearing on any future TTO comments during the Development Review process.

Public School Facilities.

CP Policy ICE 1.3.1 Interlocal Agreement for Public School Facility Planning. *In cooperation with the School Board and the local governments within Escambia County, the County will implement the Interlocal Agreement for Public School Facility Planning (herein Interlocal Agreement) that establishes procedures for coordination and sharing of information, planning processes, and implementation.*

Analysis: Based on the public records of Escambia County, the assigned schools that service this area are: Beulah Elementary, Beulah Middle, and Pine Forest High. An increase of residential dwellings may influence student population projections, requiring the plan to be reviewed and approved through the Site Plan Review process.

Analysis of Suitability of Amendment for Proposed Use:

The suitability of a Future Land Use map amendment for its proposed use requires an analysis of the characteristics of the site and its resources relative to Comprehensive Plan (CP) goals, objectives, and policies. For these purposes, suitability is the degree to which the existing characteristics and limitations of land and water are compatible with the proposed use or development. Compliance with specific regulations and standards established by Escambia County, including those for public facilities and services, are evaluated during the development review processes prescribed by the LDC for approval of proposed development.

Impact on Land Use.

CP Policy FLU 1.3.1 Future Land Use Categories. *General descriptions, range of allowable uses, and residential densities and non-residential intensities for all future land use categories in Escambia County are outlined in Table 1* [of the Escambia County Comprehensive Plan].

Analysis:

Approval of the amendment would allow for the proposed Future Land Use to be consistent with the existing zoning and allow more residential density which will be compatible with the surrounding residential uses.

Impact on Wellheads.

CP Policy CON 1.4.1 Wellhead Protection. *Escambia County will provide comprehensive wellhead protection from potential adverse impacts to current and future public water supplies. The provisions will establish specific wellhead protection areas and address incompatible land uses, including prohibited activities and materials, within those areas.*

Analysis: Based on the GIS wellhead protection areas layer, there are wellhead protection areas to the north of this site, however, this property is not located in a wellhead protection area, and will not impact the wellhead area. Any new development will have to submit for Development Review Process.

Impact on Historically Significant Sites.

CP Policy FLU 1.2.1 State Assistance. *Escambia County will utilize all available resources of the Florida Department of State, Division of Historical Resources in the identification of archeological and/or historic sites or structures within the County and will utilize guidance, direction, and technical assistance received from this agency.*

Analysis: A letter from the Historical Resources was provided which states no historical resources were found to be on site. At the time of development review if any historic or archeological resources or structures are discovered, the county will request the appropriate guidance, direction and technical assistance from the State.

Impact on the Natural Environment.

CP Policy CON 1.1.2 Wetland and Habitat Indicators. *Escambia County has adopted and will use the National Wetlands Inventory Map, the Escambia County Soils Survey, and the Florida Fish and Wildlife Conservation Commission's (FFWCC) LANDSAT imagery as indicators of the potential presence of wetlands or listed wildlife habitat in the review of applications for development approval.*

CP Policy CON 1.1.6 Habitat Protection. *Escambia County will coordinate with the FDEP, FFWCC, and other state or federal agencies so as to provide the fullest protection to marine or wildlife habitats that may be impacted by existing or proposed development within the County.*

CP Policy CON 1.3.1 Stormwater Management. *Escambia County will protect surface water quality by implementing the stormwater management policies of the Infrastructure Element to improve existing stormwater management systems and ensure the provision of stormwater management facilities concurrent with the demand for such facilities.*

CP Policy CON 1.3.6 Wetland Development Provisions. *Development in wetlands will not be allowed unless sufficient uplands do not exist to avoid a taking. In this case, development in wetlands will be restricted to allow residential density uses as indicated by the LDC:*

CP Policy CON 1.6.3 Tree Protection. *Escambia County will protect trees through LDC provisions.*

Analysis: The proposed FLU amendment will not have an impact beyond existing development at this time. Any natural resource issues will be appropriately addressed at the county Development Review process at the time of development. Any proposed development will be reviewed for impacts on the natural resources during the Site Plan Review process.

Urban Sprawl

CP Objective FLU 1.3 Future Land Use Map Designations. *Designate land uses on the FLUM to discourage urban sprawl, promote mixed use, compact development in urban areas, and support development compatible with the protection and preservation of rural areas.*"

Analysis: The proposed FLU amendment would promote mixed uses in the urban areas, with compatible infill development.

CP Policy FLU 2.2.1 Location. Public facilities and services will be located to minimize their cost and negative impacts on the natural environment and maximize their efficiency. Cost alternatives, impacts on the environment, and levels of efficiency will be discussed during the design phase and bid process utilized by the County to accomplish the installation or location of public facilities and/or services. In addition, the County will coordinate with the ECUA, other water and/or sewer providers, and state or federal agencies with facilities located in the County or with plans to expand existing facilities or create new facilities in the County. Among other things, it is the intent of this policy that public facilities and services are available to support the densities and intensities of uses provided by this Plan and the FLUM and that there is adequate and suitable land available for such utility facilities.

CP Policy FLU 2.2.4 Existing Facilities. Prior to embarking on the construction of new capital improvements, Escambia County will consider the feasibility of upgrading or rehabilitating existing facilities to determine if the rehabilitation of present facilities would be in the best interest of the County and its citizens.

Analysis: There are multiple residential and commercial developments along Pine Forest Rd. Any new proposed project will be required to meet the current regulations, as it relates to the availability of public services to support the requested densities and intensities.

LSA-2019-05

REZONING HEARING

FUTURE LAND USE 12/3/19 EAH

Opposition point of view

Skip Hardaway
2837 Mandeville Lane, Pensacola FL
850-255-6002 or email taaj33a@msn.com

INTRODUCTION

Residents in the Pine Forest area became aware of a request for rezoning of the 14,35 Ac. property to the right of Mandeville Lane as it enters the major arterial road Pine Forest (State Route 297).

The rezoning request would change zoning from C to MU-U and substantially change the character of the established community of homes distant from Pine Forrest Road, such as Mandeville Lane, by allowing a much higher density of people and structures.

FLU 12/3/19 (CC)

It is my intuition that the change in ~~zoning~~ request is insufficiently worded to convey the true impacts. The Letter of Request reads in part:

"We are requesting the Future Land Use (FLU) amendment for these two parcels on Pine Forrest in order to development [sic] residential properties. Currently, the present zoning under the current FLU of Commercial do not allow any residential use outside of a predominately commercial development. Therefore, we are proposing a FLU Amendment to change the two parcels to FLU MU-U, which allows residential development without any such restriction."

This request gives the impression that the 14+Ac will eventually be developed as a sub-division of residential homes, the impacts of which would blend into the existing quality of life standard we enjoy without much adjustment or impact due to the continuation of a moderate density of dwellings.

However, I have been informed that there are various commercial interests that have been approached in relation to the construction of an apartment complex on this site following its' rezoning. This 14+ Ac apartment complex (funded from Louisiana I am told) of however many multiple floors, people, and cars will present huge problems and have a serious impact on personal safety due to traffic congestion and uncontrolled intersections, property damage due to inadequate drainage, and negative impacts on existing truly residential home values.

In the following pages I hope to present a compelling against this rezoning request.

Traffic Concerns

The poor pictures implying Pine Forest is a low volume roadway are extremely misleading. Pine Forrest Road, Route 297, is a major arterial roadway.

1) *To illustrate this please consider that Nine Mile Road is considered a major roadway and is being rebuilt to improve traffic issues. Its traffic count was estimated to be 19,000 drivers per day. This compares to 24,500 traffic count on Pine Forrest north of I-35. Little of that volume is lost as traffic from Navy Federal and others continues to all South bound locations. Much of this traffic compressed into morning and afternoon rush hours with very dense traffic patterns.*
2) *The filing makes reference to two Cross-over cuts across Pine Forest which facilitate turns into the property. These Turn Arounds are inadequate even now as they are only wide enough to handle 1 car at a time.*
    a. *There is no room for stacking in a "Left turn" lane and*
    b. *This forces the 2nd car desiring to turn to continue to the next (and only nearby) Cut or to slow down / stop in the moving passing lane of traffic.*
    c. *Two cars in the crossover block turns from opposing direction drivers.*
    d. *In heavy high speed bumper to bumper morning and afternoon rush hours it will be VERY hazardous for drivers of large numbers of new cars turning Right into traffic.*
    e. *It will be many multiples of danger higher trying to make a Left Hand turn, shooting the 2 lane gap to the "Cut" where it must again wait for a gap to turn Left. Heaven forbid any 2nd car trying to piggyback into the Gap. They will not fit*

Letter of Request

We are requesting the Future Land Use (FLU) Amendment for these two parcels on Pine Forest in order to development residential properties. Currently, the present zonings under the current FLU of Commercial do not allow any residential uses outside of a predominately commercial development. Therefore, we are proposing a FLU Amendment to change the two parcels to FLU MU-U, which allows residential development without any such restriction.

12/3/19

IF THE FUTURE LAND USE ~~REZONING~~ ALLOWS THE BUILDING OF A LARGE APARTMENT COMPLEX, THEN THIS WORDING IS VERY MISLEADING FOR YOU.

and oncoming cars will not be able to change lanes or stop to avoid a collision.

f. *The cross-over Gap North of Mandeville Lane, where North bound cars will make a "U" turn back to Mandeville (where a rear entrance is mentioned to be built) is also very dangerous. There is only a small patch of pavement on the far Right to use to slow down as you enter Mandeville. It WILL NOT handle multiple cars stacking to turn onto Mandeville Lane and will present oncoming cars with impossible rush hour choices as they will often be unable to break or change lanes due to heavy traffic behind them.*
g. *The preferred entry to Pine Forrest will be from Mandeville as it will have "1st pick" of any of the few safe available gaps in rush hour traffic. That, in turn, will frustrate any driver leaving from the Southern Main entrance as it will seem to be NO Gaps available in rush hours. They will however make dangerous mistakes as they push into traffic.*
h. *Accidents which occur on Pine Forest Road are often violent and deadly due to the high speeds many vehicles maintain.*

Drainage

Please consider that this 14+ Ac. Sits on some of the highest land in the area. The Eastern section is relatively flat but then slopes rapidly to the South where the primary drainage must occur. This drainage route will go through several truly residential areas where the "Creek" is shallow and creek bed is not maintained to promote rapid handling of water runoff.

The other route is to drain down Mandeville Lane where there has already been a large drainage remedial project to prevent drainage, from the newly paved Mandeville Lane years ago, from entering a

home located at a low point in the road. This low point will be where upland drainage will gravitate. At best the drainage will make its way in to the lake behind the house and then overflow into creek North of its earthen dam. The condition of that dam is unknown and its adequacy to be placed into service during high rates of rainfall is also an unknown. However to place all this into a more immediately understandable framework consider this:

1) *If the 14+ Ac were true homes there would be yards and large green areas which would help absorb runoff. If the construction is apartments there will be little to absorb runoff as everything will be buildings and parking.*
2) *If rainfall is not readily absorbed almost all will flow downhill, maybe "Controlled" but downhill all the same. QUICK CALCULATTIONS SHOW THAT 14+Ac. WILL RUNOFF 336,000 GALLONS OF WATER FOR EACH 1 INCH OF RAINFALL. This water will cause others in the watershed problems to include flooding during the periods of heavy rainfall we have from time to time. The drainage to the South creeks cannot be reliably maintained and will back up. The more reliable Mandeville Road slough off will present a flood hazard to the low lying home and should the pond dam fail may cause other unknown damages.*
3) *The Zoning change requestor has letters from local and state agencies confirming the capacity to solve these problems. However the budget and therefore the adequacy of their solutions is unknown but should be known before zoning actions are approved.*

Other Builders in Play?

FLU 12/3/19 (E)

All of the ~~rezoning~~ requests affect the properties at the East end of Mandeville Lane. However, there is a recent flurry of activity at the West dead end of Mandeville Lane. There someone has attempted to clear a large area of land, apparently with the intention to build something of significant size. They had not pulled the proper

paperwork to continue and their clearing of the land stopped for the moment. At this time their intentions are not clear but two things seem reasonable:

KCO 12/3/19

1) *The ~~zoning~~ board must consider that the use of this parcel of land may come to them soon. This may compound any complications caused by this present zoning request. So, any approval of rezoning now may require a future denial of permits in the future for this other property.*
2) *It may be prudent to learn what this other property owner has in mind before approving the present rezoning request.*

Adverse effects on property values

The increases in automobile traffic with its attached increases in accident hazards and delays, plus the increase in population density will likely erode property values in the immediate area. I will be directly across the street on Mandeville. Any "Public good" to be had will come at my expense as I had planned to have home equity as a significant part of my retirement buffer. Seems unreasonable to have a dramatic change in property use which reduces home values. It would seem to me that a reduction of home values would be a reasonable and reliable indication that the change was not for the good of the established property owners but rather a transfer tax to in favor of large developers.

Thank you for your diligence in this regard,

Edward Hardaway

Florida Department of TRANSPORTATION

Northwest Florida Roads

TRAFFIC

US 90A (9 Mile Rd) from SR 297 to US29

Project Details

FDOT has awarded two construction contracts totaling $46 million to improve Nine Mile Road. Due to specific project requirements, the construction along Nine Mile Road has been divided into three segments, which will be referred to as the "project corridor."

Improvements along the project corridor include: (1) Widening Nine Mile Road from two to four lanes between Beulah Road and US 29. (2) Constructing a new bridge over Eleven Mile Creek. (3) Constructing new sidewalks and stormwater retention ponds. (4) Signalization improvements. (5) Drainage upgrades. (6) Adding buffered bike lanes.

SR 10 (US 90A) Nine Mile Road from SR 297 (Pine Forest Road) to SR 95 (US 29)

Photos | Map | Video

The planned construction work will enhance safety, improve mobility, and reduce congestion for the estimated 19,000 drivers who travel the roadway daily. In addition, the improvements underway support future economic development opportunities for Escambia County and Northwest Florida.

COMPARES TO ~~32,000~~ 24,500 ON PINE FOREST

Traffic Impacts

Construction activities are weather dependent and may be rescheduled in the event of inclement weather.

Note: All information is preliminary and subject to change without notice.

Project Overview

Project Number: 218605-3
Work Type: Add Lanes & Reconstruct
Status: UNDER CONSTRUCTION
Project Limits:
From SR 297 (Pine Forest Road) To SR 95 (US29)
Project Length: 2.411 miles
Estimated Completion: Fall 2020
Est. Construction Cost: $16.7 M
Project Manager: Dominic Richar

ORDINANCE NUMBER 2020-___

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART II OF THE ESCAMBIA COUNTY CODE OF ORDINANCES, THE ESCAMBIA COUNTY COMPREHENSIVE PLAN: 2030, AS AMENDED; AMENDING CHAPTER 7, "THE FUTURE LAND USE ELEMENT," POLICY FLU 1.1.1, TO PROVIDE FOR AN AMENDMENT TO THE 2030 FUTURE LAND USE MAP, CHANGING THE FUTURE LAND USE CATEGORY OF A PARCEL, WHICH IS LOCATED WITHIN SECTION 24, TOWNSHIP 1S, RANGE 31W, AND WHICH IS IDENTIFIED AS PARCEL ID NUMBER 24-1S-31-4230-000-020 TOTALING 10.28(+/-) ACRES, LOCATED ON PINE FOREST ROAD, FROM COMMERCIAL (C) TO MIXED USE URBAN (MU-U); CHANGING A PARCEL WITHIN SECTION 24, TOWNSHIP 1S, RANGE 31W, AND WHICH IS IDENTIFIED AS PARCEL ID NUMBER 24-1S-31-3140-000-000 TOTALING 3.66(+/-) ACRES, LOCATED ON PINE FOREST ROAD, FROM COMMERCIAL (C) TO MIXED USE URBAN (MU-U); PROVIDING FOR A TITLE; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Chapter 163, Part II, Florida Statutes, Escambia County adopted its Comprehensive Plan on April 29, 2014; and

WHEREAS, Chapter 125, Florida Statutes, empowers the Board of County Commissioners of Escambia County, Florida to prepare, amend and enforce comprehensive plans for the development of the County; and

WHEREAS, the Escambia County Planning Board conducted a public hearing and forwarded a recommendation to the Board of County Commissioners to consider changes (amendments) to the Comprehensive Plan; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida finds that the adoption of this amendment is in the best interest of the County and its citizens;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Escambia County, Florida, as follows:

Section 1. Purpose and Intent

This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set out in, the Community Planning Act, Sections 163.3161 through 163.3215, Florida Statutes.

DRAFT

Section 2. Title of Comprehensive Plan Amendment

This Comprehensive Plan amendment shall be entitled – "Large Scale Amendment 2019-05."

Section 3. Changes to the 2030 Future Land Use Map

The 2030 Future Land Use Map, as adopted by reference and codified in Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; Chapter 7, "Future Land Use Element," Policy FLU 1.1.1; and all notations, references and information shown thereon, is further amended to include the following future land use changes:

(A) A parcel of land which is located within Section 24, Township 1S, Range 31W, parcel number 24-1S-31-4230-000-020 and totaling 10.28 (+/-) acres, located on Pine Forest Road, as more particularly described in the Boundary Survey produced by Gary Rutan, a registered land surveyor with McKim and Creed, dated 11/21/2019, attached as Exhibit A, from Commercial (C) to Mixed-Use Urban (MU-U).

(B) A parcel of land which is located within Section 24, Township 1S, Range 31W, parcel number 24-1S-31-3140-000-000 and totaling 3.66 (+/-) acres, located at Pine Forest Road, as more particularly described in the Boundary Survey produced by Gary Rutan, a registered land surveyor with McKim and Creed, dated 11/21/2019, attached as Exhibit A, from Commercial (C) to Mixed-Use Urban (MU-U).

Section 4. Severability

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any Court of competent jurisdiction, the holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 5. Inclusion in the Code

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by Section 125.68, Florida Statutes, and that the sections, subsections and other provisions of this Ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

DRAFT

Section 6. Effective Date

Pursuant to Section 163.3184(3)(c)(4), Florida Statutes, this Ordinance shall not become effective until 31 days after the Department of Economic Opportunity notifies Escambia County that the plan amendment package is complete. If timely challenged, this Ordinance shall not become effective until the Department of Economic Opportunity or the Administration Commission enters a final order determining the Ordinance to be in compliance.

DESCRIPTION: (OFFICIAL RECORDS BOOK 2773, PAGE 473)

PARCEL 1:
COMMENCING AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE SOUTH 89°50'30" WEST ALONG THE NORTH LINE OF SAID SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 50.00 FEET TO THE WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD (150.00' R/W); THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE OF 63.00 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF MANDEVILLE LANE (R/W VARIES); THENCE SOUTH 89°50'30" WEST ALONG SAID SOUTH RIGHT-OF-WAY A DISTANCE OF 125.00 FEET FOR THE POINT OF BEGINNING; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE SOUTH 77°08'51" WEST A DISTANCE OF 145.96 FEET' THENCE SOUTH 00°19'10" WEST A DISTANCE OF 610.13 FEET; THENCE NORTH 89°50'28" EAST A DISTANCE OF 270.78 FEET TO SAID WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD; THENCE NORTH 00°19'10" WEST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE OF 275.00 FEET; THENCE SOUTH 89°50'30" WEST A DISTANCE OF 125.00 FEET; THENCE NORTH 00°19'10" EAST A DISTANCE OF 325.00 FEET TO THE POINT OF BEGINNING.

PARCEL 2:
COMMENCING AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE SOUTH 89°50'30" WEST ALONG THE NORTH LINE OF SAID SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 50.00 FEET TO THE WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD (150' R/W); THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE, A DISTANCE OF 63.00 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF MANDEVILLE LANE (R/W VARIES); THENCE SOUTH 89°50'30" WEST ALONG SAID SOUTH RIGHT-OF-WAY A DISTANCE OF 125.00 FEET; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE SOUTH 77°08'51" WEST A DISTANCE OF 145.76 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE ALONG THE SAME COURSE A DISTANCE OF 208.98 FEET; THENCE SOUTH 00°03'58" WEST A DISTANCE OF 15.00 FEET; THENCE NORTH 89°50'30" EAST A DISTANCE OF 59.76 FEET; THENCE SOUTH 00°03'58" WEST A DISTANCE OF 450.00 FEET; THENCE SOUTH 89°50'30" WEST A DISTANCE OF 450.00 FEET; THENCE SOUTH 00°03'58" WEST A DISTANCE OF 45.00 FEET; THENCE SOUTH 89°50'30" WEST A DISTANCE OF 420.00 FEET TO THE WEST LINE OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4; THENCE SOUTH 00°03'58" WEST ALONG SAID WEST LINE A DISTANCE OF 283.66 FEET; THENCE NORTH 89°45'27" EAST A DISTANCE OF 1277.33 FEET TO SAID WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD; THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE 4F 269.80 FEET; THENCE SOUTH 80°52'28" WEST A DISTANCE OF 270.78 FEET; THENCE NORTH 00°19'10" EAST A DISTANCE OF 610.13 FEET TO THE POINT OF BEGINNING.

AND (OFFICIAL RECORDS BOOK 3004, PAGE 240)

COMMENCE AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE SOUTH 89°50'30" WEST ALONG THE NORTH LINE OF SAID SOUTHEAST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 50.00 FEET TO THE WEST RIGHT-OF-WAY LINE OF PINE FOREST ROAD (150' R/W); THENCE NORTH 00°19'10" EAST ALONG SAID WEST RIGHT-OF-WAY LINE A DISTANCE OF 63.00 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF MANDEVILLE LANE (R/W VARIES); THENCE SOUTH 89°50'30" WEST ALONG SAID SOUTH RIGHT-OF-WAY A DISTANCE OF 125.00 FEET; THENCE SOUTH 00°19'10" WEST A DISTANCE OF 300.00' FOR THE POINT OF BEGINNING; THENCE CONTINUE ALONG SAME COURSE FOR A DISTANCE OF 25.00 FEET; THENCE NORTH 89°50'30" EAST FOR A DISTANCE OF 125.00'; THENCE NORTH 00°19'10" EAST FOR A DISTANCE OF 25.00 FEET; THENCE SOUTH 89°50'30" WEST FOR A DISTANCE OF 125.00 FEET TO THE POINT OF BEGINNING CONTAINING 0.07 ACRES MORE OR LESS.

AND (OFFICIAL RECORDS BOOK 7446, PAGE 869)

BEGIN AT THE NORTHEAST CORNER OF THE SOUTHEAST QUARTER OF THE SOUTHWEST QUARTER, SOUTH 89 DEGREES 50 MINUTES 30 SECONDS WEST 50 FEET TO WEST R/W LINE OF PINE FOREST ROAD (150 FT R/W), NORTH 0 DEGREES 19 MINUTES 10 SECONDS EAST ALONG THE WEST R/W LINE 63 FEET TO SOUTH R/W OF MANDEVILLE LANE FOR POB, SOUTH 89 DEGREES 50 MINUTES 30 SECONDS WEST ALONG THE SOUTH R/W OF MANDEVILLE LANE 125 FEET, SOUTH 77 DEGREES 08 MINUTES 51 SECONDS WEST 87 FEET, SOUTH 16 DEGREES 30 MINUTES 12 SECONDS EAST 292.70 FEET, NORTH 89 DEGREES 50 MINUTES 30 SECONDS EAST 125 FEET TO WEST R/W OF PINE FOREST ROAD, NORTH ALONG THE WEST R/W OF ROAD 300 FEET TO POINT OF BEGINNING.

GENERAL NOTES:

1. NORTH AND THE SURVEY DATUM SHOWN HEREON IS REFERENCED TO THE GRID BEARING OF S 03°05'36" W ALONG THE WEST RIGHT OF WAY LINE OF PINE FOREST ROAD (STATE ROAD 297 – 150' R/W) AND IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM (FLORIDA NORTH ZONE), NORTH AMERICAN DATUM OF 1983 (NAD83)–(2011)–(EPOCH 2010.0000) AND WERE DERIVED UTILIZING A GLOBAL NAVIGATION SATELLITE SYSTEM (GNSS) TRIMBLE R2 DUAL FREQUENCY RECEIVER. THE RECEIVER WAS UTILIZED IN A REAL–TIME KINEMATIC (RTK) MODE UTILIZING THE FLORIDA DEPARTMENT OF TRANSPORTATION FLORIDA PERMANENT REFERENCE NETWORK (FPRN), FLORIDA'S GLOBAL NAVIGATION SATELLITE SYSTEM (GNSS) REFERENCE STATION NETWORK; A COPY OF FDOT RIGHT OF WAY MAP OF STATE ROAD 297, SECTION 48190–2501, SHEET 3 OF 6, DATED 6/21/1966; DEEDS OF RECORD AND EXISTING FIELD MONUMENTATION.
2. ELEVATIONS AS SHOWN HEREON ARE BASED ON THE NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD88) AND ARE REFERENCED TO THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) VERTICAL CONTROL NETWORK BENCH MARK NUMBER 48–00–D04HV HAVING A PUBLISHED ELEVATION OF 99.55 FEET
3. MEASUREMENTS AS SHOWN HEREON WERE MADE TO UNITED STATES STANDARDS AND ARE EXPRESSED IN DECIMAL OF FEET.
4. VISIBLE UTILITIES WITHIN THE SURVEY LIMITS ARE AS SHOWN HERON.
5. THE STRUCTURE DIMENSIONS DO NOT INCLUDE THE EAVE OVERHANG OR FOUNDATION FOOTINGS.
6. VISIBLE IMPROVEMENTS ARE AS SHOWN HEREON.
7. IT IS THE OPINION OF THE UNDERSIGNED SURVEYOR & MAPPER THAT THE PARCEL OF LAND SHOWN HEREON IS IN ZONE "X", AREAS DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOODPLAIN, BASED ON THE FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP FOR ESCAMBIA COUNTY, FLORIDA, COMMUNITY PANEL NUMBER 12033C0360G, EFFECTIVE DATE OF SEPTEMBER 29, 2006.
8. GRAPHIC SYMBOLISM FOR FEATURES SUCH AS MONUMENTATION, FENCES, TREES, TREE LINES, UTILITIES ETCETERA MAY BE EXAGGERATED IN SIZE FOR CLARITY PURPOSES. DIMENSIONS TO EXAGGERATED FEATURES WILL SUPERSEDE SCALED MEASUREMENTS.
9. NO TITLE SEARCH WAS PERFORMED BY NOR PROVIDED TO THIS FIRM FOR THE SUBJECT PROPERTY. THERE MAY BE DEEDS OF RECORD, UNRECORDED DEEDS, EASEMENTS, RIGHTS–OF–WAY, BUILDING SETBACKS, RESTRICTIVE COVENANTS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE BOUNDARIES OR USE OF THE SUBJECT PROPERTY.
10. THE SURVEYING BUSINESS CERTIFICATE OF AUTHORIZATION NUMBER FOR McKIM & CREED, INC. IS LB7917.
11. THE ENVIRONMENTAL JURISDICTIONAL WETLANDS LINES AS SHOWN HEREON ARE BASED ON INFORMATION PROVIDED BY BIOME CONSULTING GROUP, 1300 W GOVERNMENT ST., PENSACOLA, FLORIDA, 850 435–9367.
12. THIS SURVEY DOES NOT REPRESENT NOR GUARANTEE OWNERSHIP.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18266 **Growth Management Report** **12. 1.**
BCC Regular Meeting **Action**
Meeting Date: 08/06/2020
Issue: Recommendation Concerning the Review of the Comprehensive Plan Annual Report 2018/2019
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:
Recommendation Concerning the Review of the Comprehensive Plan Annual Report 2018/2019

That the Board of County Commissioners (BCC) review and approve the 2018/2019 Comprehensive Plan Annual Report.

BACKGROUND:
As required by the Comprehensive Plan Capital Improvement Element, the Comprehensive Plan Implementation Committee (CPIC) provides an annual report of the status of growth management activities and the Capital Improvement Program (CIP) to the Planning Board. The Planning Board reviews the report and makes recommendations to the BCC for use during its deliberations on the annual budget and CIP.

BUDGETARY IMPACT:
No budgetary impact is anticipated by the approval of this report.

LEGAL CONSIDERATIONS/SIGN-OFF:
N/A

PERSONNEL:
No additional personnel are required for implementation of this report.

POLICY/REQUIREMENT FOR BOARD ACTION:
This Annual Report is prepared in accordance with the requirements contained in various sections of the Escambia County Comprehensive Plan.

IMPLEMENTATION/COORDINATION:

The Development Services Department will distribute copies to all County Departments and make them available to interested citizens, after BCC approval.

Development Services Department staff has coordinated development of the Annual report with all CPIC members.

Comp Plan Annual Report 2018-2019

Escambia County Comprehensive Plan Implementation Annual Report 2018/2019

A Report of the Comprehensive Plan Implementation Committee and the Planning Board to the Escambia County Board of County Commissioners

June 22, 2020

EXECUTIVE SUMMARY

This Annual Report has been prepared in accordance with the requirements contained in various sections of the Escambia County Comprehensive Plan, which requires reporting of certain data and information related to growth on an annual basis.

The purpose and intent of the Annual Report is to provide a yearly planning tool for monitoring and evaluating future implementation of the Escambia County Comprehensive Plan. The Comprehensive Plan contains policies and objectives adopted by the Board of County Commissioners to provide for “orderly growth management” and to “maintain and improve the quality of life for all citizens of the county.”

The Board of County Commissioners (BCC) adopted the 2030 Comprehensive Plan on February 2015 and the Florida Legislature adopted changes to Chapter 163 Florida Administrative Code in July, 2011.

As a result of the adopted 2030 Comprehensive Plan the following elements were to be included within the Comprehensive Plan Annual Report for 2018/2019:

General Requirements- Mobility Element, Housing Element, Coastal Management Element and Intergovernmental Coordination.

This report was prepared by the Development Services Department.

COMPREHENSIVE PLAN IMPLEMENTATION COMMITTEE MEMBERS

JANICE P. GILLEY, *County Administrator*

WESLEY HALL, *Assistant County Administrator, (Community and Administrative)*

J. TAYLOR “CHIPS” KIRSCENFELD, *Deputy County Administrator, (Natural Resources Management Director)*

DEBBIE BOWERS, Assistant County Administrator, (Infrastructure and Public Safety)

WES MORENO, Deputy County Administrator, (Public Works/Road Department Director)

HORACE L. JONES, *Development Services Director*

JOY JONES, P.E., *Engineering Director*

SHARON HARRELL, Interim *Budget Manager, Budget Office*

JASON ROGERS, *Public Safety Director*

PAUL WILLIAMS, *Interim Fire Chief*

RICH POWELL, *Chief Corrections Officer/Director*

PAOLO GHIO, Executive Director/Director of Environmental and Developmental Services, *Santa Rosa Island Authority*

Annual Report Prepared By: Development Services Department

ALLYSON LINDSAY, *Urban Planner II*

CALEB MACCARTEE, *Urban Planner II*

JOHN FISHER, *Senior Planner*

JUAN LEMOS, Senior *Planner*

1.0 MOBILITY ELEMENT

MOB 4.2.3 Interlocal Agreement. *An interlocal agreement to determine the details of the coordination between the Navy and Escambia County shall include, but not be limited to, the individual responsibilities of the County and the Navy; the method by which the navy will appoint a Planning Board representative; the length of the term of appointment; the details of the coordination required to produce, receive and transmit any Navy comments to the State; establish who will be responsible for forwarding the comments; the method by which the Navy will apprise the County of any available grants and the details to be reported on the Annual Report on Comprehensive Plan Implementation. The Military Interlocal Agreement became effective September 2003*.

The Interlocal agreement was reviewed for compliance and approved by the County Administrator and current Board of County Commissioners in December 2015. All joint projects that will be addressed by the County and the Navy will meet the requirements of the Interlocal agreement. The Navy's representative continues to participate in the decision-making process of the Planning Board.

MOB 4.2.7 Infrastructure Impact Report*. A formal information exchange between the County, FDOT, Emerald Coast Utilities Authority (ECUA), and other utility service providers in the area will be established to explore the growth-inducing impacts of utility expansion and infrastructure improvements within the AIPD overlay areas in relation to the JLUS recommendations. Annual reporting of the status of the planned utility expansion and infrastructure improvements will be included in the Comprehensive Plan Implementation Annual Report.*

The calculations used during this reporting period with the AIPD Overlay Areas will be used as the baseline figures to track utility and infrastructure improvements in future reports.

MOB 4.2.8 Annual Assessment. *Pursuant to Florida Statutes and beginning in Fiscal Year 2004/2005, the County will conduct an annual assessment of the effectiveness of the criteria adopted pursuant to Florida Statutes, in achieving compatibility with military installations in areas designated as AIPDs. This assessment will be based on a compilation of data for the calendar year and will compare the current year's development with the previous years' development relevant to the following in each AIPD:*

a. Single-family residential building permits in each AIPD area based on the number of permits issued and broken down by APZ and AIPD area.

b. Number of residential units (high density) approved and permitted.

c. Extension of sewer and water lines in the AIPD Overlay areas as reported by ECUA (or relevant potable water distributors).

d. Number of units approved in preliminary and final subdivision plats.

e. Number of site plans for commercial projects approved.

f. Number of communication towers approved.

g. Number of variances and/or conditional use requests and approvals.

h. Number of rezoning requests/approvals.

i. Number of future land use amendments.

The intent is to measure the increase or decrease in residential development activity within the AIPDs to determine the effectiveness of the measures adopted to control residential density and encourage commercial development, as recommended by the JLUS. The County will review the collected data to ensure compliance with the intent of the JLUS recommendations. In addition, an analysis of the collected data over a period of time will assist in determining what future changes may be required to enhance or improve the County's efforts to control encroachment on the military installations. The reports will be included in the Annual Comprehensive Plan Implementation Report and will be further analyzed for inclusion in the Evaluation and Appraisal of the Comprehensive Plan required every seven years.

2.0 HOUSING ELEMENT

HOU 1.6.1 Program Information. *Escambia County will continue its housing outreach program to assure dissemination of housing information.*

HOU 1.6.5 State and Federal Assistance. *Escambia County will participate in affordable housing programs as made available by the state, federal, or other appropriate agencies.*

HOU 1.6.6 Neighborhood Enterprise Division. *Escambia County will provide affordable homeownership and home repair assistance opportunities for moderate, low, and very low-income homebuyers and homeowners.*

HOU 1.6.7 SHIP Fund Initiatives. *Escambia County will use State Housing Initiatives Partnership (SHIP) Program funds to expand and/or enhance ongoing activities designed to develop new affordable housing initiatives conforming to the statutory requirements of Florida*
Statutes.

Escambia County and the City of Pensacola jointly participate in the State Housing Initiatives Partnership Program under an interlocal agreement, and formation of the AHAC is mandatory under Section 420.9076, F.S. The SHIP Interlocal provides for the City of Pensacola to solicit and appoint a representative from the City of Pensacola Planning Board and a citizen that resides in the City of Pensacola. All other appointees will be solicited through the County. All appointments will be jointly approved by the BCC and PCC.

The Neighborhood Enterprise Division seeks to increase the supply of affordable housing through a variety of rental and homeownership programs for the community's low- and moderate-income residents, as well as encourage neighborhood and housing sustainability through the preservation and rehabilitation of existing housing stock.

NED provides the administrative, fiscal and technical support required to plan, design and deliver quality housing, community development and related services. The division is responsible for programs such as the Neighborhood Renewal Initiative Grant Program, Homebuyer Programs and Homeowner Repair Programs.

Escambia County and the city of Pensacola jointly administer the State Housing Initiatives Partnership, or SHIP, program. This program provides first-time homebuyers loans of up to $7,500 for income eligible borrowers for down payment and closing cost assistance. Assistance is provided in the form of a five-year forgivable loan, provided that the buyer does not sell, rent, or transfer within that time frame and retains the

property as principal residence. Maximum sales price is $189,000. Funding is available on a first qualified, first served basis. For more information, call 850-858-0350.

OBJ COA 1.3 Population Evacuation

COA 1.3.8 Development Impact Analysis. The Comprehensive Plan Implementation Annual Report will include an analysis of proposed and new developments' impact on hurricane evacuation times. The BCC, upon receipt of the report from the LPA, will address any deficiencies identified in the report and take corrective measures, as necessary. The report and recommendations will consider the actual development that has occurred during the evaluation period (preceding 12 months) as well as the projected development anticipated to be approved during the succeeding evaluation period. The needed corrective actions by the BCC will maintain or reduce the County's adopted roadway clearance time.

The Florida Division of Emergency Management, Division of Community Planning and Department of Transportation, in coordination with the WCRC, have developed the Florida Statewide Regional Evacuation Study Program for the West Florida Region. This report updates the region's evacuation population estimates, evacuation clearance times and public shelter demands. Originally released on October 5, 2010, the study covers Bay, Escambia, Holmes, Okaloosa, Santa Rosa, Walton and Washington counties and their respective municipalities, and is updated as needed. There is multiple County and State transportation projects that consider the State mandated evacuation times, as part of their development, based on the established regional evacuation modeling process. In coordination between Emergency Management, Traffic and Development Services departments, the County strives to maintain pre-established roadway clearing times for evacuation. A copy of the Evacuation Study can be viewed in its entirety at this location:
https://www.ecrc.org/programs/community_and_economic_development/emergency_planning/index.php

COA 1.4.6 Intergovernmental Task Force. *An Intergovernmental Task Force, as*

outlined in the Post Disaster Redevelopment Plan, will foster cooperation between local governments during pre-disaster planning, post-disaster mitigation analysis, and redevelopment. Additionally, the task force will be activated and mobilized for a minimum of 60 days following a disaster declaration. The task force will make recommendations concerning pre-disaster planning, post-disaster mitigation analysis, and redevelopment for inclusion in the Comprehensive Plan Implementation Annual Report of every fiscal year during which it was mobilized.

Projects related to the April 29, 2014 Flood Event Escambia County has worked on are as follows:

86 completed out of 86 - FEMA Projects (# Project Worksheets – Federal Emergency Management Agency); 1 FEMA project is still active.

1 of the 6 are ongoing- HMGP Projects (Hazard Mitigation Grant Program) were awarded by FDEM for FEMA grant are active ongoing projects.

Two (2) of the HMGP projects were withdrawn due to acquisition failure.

Two (2) of the HMGP projects are complete.

One (1) HMGP is a Global Match Project utilized to leverage as match funding is complete.

One (1) HMGP is awaiting grant approval to initiate the construction phase.

19 of 19 projects completed - FHWA/FDOT Projects (Florida Highway Administration / Florida Department of Transportation.

7 out of 7 completed- NRCS (Natural Resource Conservation Service) Emergency Watershed Protection Projects.

A drainage needs assessment list was also developed following the April 2014 storm event, of which currently includes 260 identified drainage projects, with 11 completed, 15 in design, and 2 under construction, as of May 2020.

OBJ COA 2.3 Beach and Dune Protection

COA 2.3.3 Beach and Shoreline Regulations. Escambia County will protect beach and shoreline systems. These regulating provisions will be reviewed annually for the Comprehensive Plan Implementation Annual Report and updated as necessary to address concerns and issues including, but not limited to, the following:

a. "White Sand" regulations.
b. Shoreline protection zone.
c. CCCL-related regulations.
d. Dune replenishment, enhancement, and re-vegetation programs.
e. Wetland and environmentally sensitive area regulations.

The regulating provisions have been reviewed by the environmental staff and no updates were necessary. The most recent update, in 2005, established the 1975 Costal Construction Control Line (CCCL) as Shoreline Protection Zone 1 for construction on the south side of the Barrier Islands, fronting the Gulf of Mexico. There are numerous beach and shoreline projects aimed at the protection and enhancement of our natural resources.

Chapter 5 General Requirements.

Section 5.06 Population projections.

This ordinance is based upon permanent and seasonal population estimates and projections, which must either be those provided by the University of Florida's Bureau of Economic and Business Research or generated by the local government based upon a professionally acceptable methodology. Population projections will be updated annually with the most current projections available.

2020–2045 Estimates for April 2019, Population 321,134

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18339 **Growth Management Report** **12. 2.**
BCC Regular Meeting **Action**
Meeting Date: 08/06/2020
Issue: Action Item - Hold Harmless Agreement for a Shore Protection Structure - 5940 Red Cedar Street
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning a Hold Harmless Agreement for a Shore Protection Structure

That the Board review and approve a hold harmless agreement with Triple R Holdings, LLC, for construction of a seawall at 5940 Red Cedar Street, Parcel I.D. # 15-3S-32-2001-013-005. The agreement will serve to hold the county, its officers and employees harmless from any damages to persons or property that may result from authorized construction.

BACKGROUND:

The Escambia County Land Development Code (LDC) allows for construction of rigid shore protection structures along estuarine shorelines in **Section 4-5.5 (b)(4)b**:

b. Armored shorelines. Because the use of rigid shore protection structures, including riprap and rock revetments, may cause significant environmental impacts, and erosion of neighboring properties such structures may only be permitted within the shoreline protection zone where vegetative or other natural methods of shoreline stabilization have been determined by the county to not be practical. Prior to the construction of any significant rigid shore protection structure the applicant shall submit the following to the county for review and approval:

1. Shoreline erosion statement. A description of the features of the site and adjacent area, and the proposed measures to be implemented for prevention of erosion and other adverse impacts to adjacent properties from the construction shall be provided.

2.Hold harmless agreement. An executed agreement, in a form approved by the

County Attorney, to hold the county, its officers and employees harmless from any damages to persons or property that may result from authorized construction.

BUDGETARY IMPACT:

No budgetary impact is anticipated by approving this agreement.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

No additional personnel are required for implementation of this agreement.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board Chairman will need to sign the hold harmless agreement.

IMPLEMENTATION/COORDINATION:

This agreement will allow for permitting of the requested seawall.

STATE OF FLORIDA
COUNTY OF ESCAMBIA

RELEASE OF CLAIMS FOR DAMAGES, HOLD HARMLESS, AND INDEMNIFICATION AGREEMENT
(Limited Liability Company)

THIS RELEASE OF CLAIMS FOR DAMAGES, HOLD HARMLESS, AND INDEMNIFICATION AGREEMENT (Agreement) is entered, by and between Triple R Holdings, LLC, a limited liability company organized under the laws of the State of Georgia, whose mailing address is 397 Biddy Road SE, Rome, GA 30161 (Property Owner) and Escambia County, a political subdivision of the State of Florida, whose address is 221 Palafox Place, Pensacola, Florida 32502 (County).

(Wherever used, the term "Property Owner" and "County" shall include singular and plural, masculine and feminine, heirs, legal representatives, successors and assigns, when the context so admits or requires.)

WITNESSETH

WHEREAS, the Property Owner is the owner of property (Property) located in Escambia County, Florida, more particularly described as:

Lot 13, Block E, Innerarity Shores Subdivision, Plat Book 13, Page 79, Official Record 8021, P16, Section 15, Township 3 South, Range 32 West, Escambia County, FL

WHEREAS, the Property Owner has applied to the County for a permit to construct a shore protection structure on the Property;

WHEREAS, Section 4-5.5, Escambia County Land Development Code, requires applicants who seek permits for construction of shore protection structures to provide certain protections to the County;

NOW, THEREFORE, in consideration of the foregoing, and other good and valuable consideration, the sufficiency and receipt of which is acknowledged, the Property Owner and the County agree as follows:

1. The above-recitals are true and correct and incorporated herein by reference.

2. The Property Owner shall release, indemnify, defend, and hold harmless the County, its elected and appointed officials, employees, representatives, agents, and volunteers from any and all claims, suits, actions, damages, penalties, interests, liabilities and expenses, including costs and attorneys' fees, incurred in connection with the loss of life, bodily or personal injury, environmental damage, property damage, including the loss of use thereof, zoning or like issues, directly or indirectly caused by, resulting from, arising out of, or occurring in connection with Property Owner's construction of a shore protection structure on the Property.

3. The Property Owner acknowledges that this Agreement constitutes an absolute bar to his recovery in any suit instituted on account of injury or damages to persons or the Property as a result of Property Owner's construction of a shore protection structure on the Property.

4. The Property Owner agrees to pay on behalf of the County a legal defense, which shall be done only if and when requested by the County, for all claims encompassed by this Agreement. Such payment on behalf of the County shall be in addition to any other legal remedies available to the County and shall not be considered its exclusive remedy.

5. The Property Owner warrants that he holds all right, title, and interest in the Property, and that no third-party joinder or consent is necessary to effectuate this Agreement as it relates to the Property.

6. This Agreement and the obligations contained herein shall run with the land and shall be binding on Property Owner's heirs, executors, administrators, successors, and assigns.

IN WITNESS WHEREOF, the undersigned has made and executed this Agreement this 25 day of February, 20 20.

WARRANTY DEED

THIS WARRANTY DEED, dated this 20th day of December, 2018, given by EDWARD M. ELLIOT AND PATRICIA A. ELLIOT, husband and wife, whose mailing address is 1708 Victoria Way, San Marcos, California 92069 (hereinafter called the Grantors) to TRIPLE R HOLDINGS, LLC, a Georgia limited liability company, whose mailing address is 397 Biddy Road SE, Rome, Georgia 30161 (hereinafter called the Grantee). (Wherever used herein the terms "Grantors" and "Grantee" include all parties to this instrument and the heirs, legal representatives and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the Grantors, for and in consideration of the sum of $10.00 and other valuable considerations, the receipt and sufficiency of which is hereby acknowledged, hereby grant, bargain, sell, alien, remise, release, convey and confirm unto the Grantee, all of that certain land situate in Escambia County, Florida, viz:

Lot 13, Block E, Innerarity Shores, according to the map or plat thereof as recorded in Plat Book 13, Page 79, Public Records of Escambia County, Florida.

SUBJECT TO covenants, conditions, restrictions, reservations, limitations, easements and agreements of record, if any; taxes and assessments for the current and subsequent years; and to all applicable zoning ordinances and/or restrictions and prohibitions imposed by governmental authorities, if any, which are not hereby reimposed.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

TO HAVE AND TO HOLD, the same in fee simple forever.

AND THE GRANTORS hereby covenant with said Grantee that except as above noted, the Grantors are lawfully seized of said land in fee simple; that the Grantors have good right and lawful authority to sell and convey said land; that the Grantors hereby fully warrant the title to said land and will defend the same against the lawful claims of all persons whomsoever.

Said property is not the homestead of the Grantor under the laws and constitution of the State of Florida in that neither Grantor nor any members of the household of Grantor resides thereon.

IN WITNESS WHEREOF, GRANTORS have signed and sealed these presents the date set forth above.

AI-18340 **Growth Management Report** **12. 3.**
BCC Regular Meeting **Action**
Meeting Date: 08/06/2020
Issue: Action Item - Admiral Quarters Phase 1 Final Plat
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning Final Plat Admiral's Quarters, Phase 1, Permit FP# 20051796PSD-FP

That the Board take the following action concerning recording of Admiral's Quarters, Phase 1 (a-60 lot subdivision with public residential townhome residences) located in the Pine Forest Community, lying south off W. Nine Mile Road (U.S. Alternate Highway 90) and west of Ashland Avenue. Owned and developed by D.R. Horton, Incorporated and owner SNS Stefani, LLC. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the Final Plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statute:

A. Approve the final plat for recording;

B. Approve the street names "Iroquois Court," "Brigade Trail," "Battalion Cove," and "Farragut Way";

C. Accept all public easements, pond, and drainage improvements within public easements as depicted upon the final plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU);

D. Authorize the Chairman or Vice Chairman to execute a Two-Year Warranty Agreement without Surety for Streets and Drainage improvements; and

E. Authorize the Chairman or Vice Chairman to execute a Temporary Access Easement. **This attachment will be provided under separate cover.**

BACKGROUND:

The preliminary plat and construction plans were approved on December 5, 2018. Construction plans revisions were approved on August 7, 2019, updating changes to the construction phases and boulevard entrance. The Escambia County Public Safety Department approved the street names “Iroquois Court”, “Brigade Trail”, “Battalion Cove” and “Farragut Way” on April 17, 2018. Development Services Department inspected the improvements on July 27, 2020, and found improvements substantially complete and in accordance with applicable County Requirements. An executed Two-Year Warranty Agreement without Surety and Temporary Access Easement will be recorded with the Final Plat. Staff has reviewed the final plat and associated documents.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney’s Office. The Two-Year Warranty Agreement without Surety was reviewed and approved by Kia Johnson on July 16, 2020. The Temporary Access Easement was reviewed and approved by Kia Johnson on xx/xx2020.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will reflect additional cost to maintain these improvements, if any.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on Escambia County Land Development Code – with regards to providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION REQUIREMENTS:

Once the final plat has been approved by the Board and final sign-off given by the County Surveyor, the plat shall be transmitted to the Clerk of Court’s Office for Clerk signatures and recording in the public records of Escambia County, Florida.

COORDINATION WITH OTHER AGENCIES/PERSONS:

Staff has been in contact with the developer, developer’s engineer and surveyor, County Engineer, County Surveyor, County Road Department, County Building Inspections and Development Services Department.

TWO-YEAR WARRANTY AGREEMENT
FOR STREETS AND DRAINAGE IMPROVEMENTS WITHOUT
SURETY/FINANCIAL SECURITY
(Corporation)

This Two-Year Warranty Agreement (Agreement) is entered by and between D.R. Horton, Inc., a corporation organized under the laws of the State of Delaware whose address is 25366 Profit Drive Daphne, Alabama 36526 (Developer) and

Escambia County, a political subdivision of the State of Florida, whose address is Post Office Box, 1591, 221 Palafox Place, Pensacola, Florida 32591 (County).

WITNESSETH:

WHEREAS, Developer has undertaken to develop and construct certain streets and drainage improvements in and for Admirals Quarters Phase 1 Development, more particularly described as follows:

See Exhibit A (Legal Description) for «Development» PB____PG_____; and

WHEREAS, Developer wishes to have the streets and drainage improvements dedicated to the public and accepted for maintenance by the County; and

WHEREAS, the streets and drainage improvements have been built and approved in accordance with County standards; and

WHEREAS, a condition of the County accepting the streets and drainage improvements is the Developer's agreement to provide a warranty for the improvements;

NOW, THEREFORE, in consideration of the County accepting the streets and drainage improvements, and for other good and sufficient consideration, the receipt of which is acknowledged, Developer and the County agree as follows:

1. The foregoing recitals are incorporated in this Agreement by reference.

2. Developer warrants that it shall, at its sole expense, for a period of two years from the date of the County's acceptance of the above-referenced streets and drainage improvements (Warranty Period):

   a. repair all defects due to design, construction, materials or workmanship that may be discovered during the Warranty Period; and

b. take every reasonable precaution during the course of any repairs to protect the work from damage by the elements and provide and maintain suitable barricades and signs, which shall remain lighted from sunset to sunrise; and

c. indemnify, pay on behalf of, protect, defend, and hold harmless the County, or its officers, agents, and employees from and against any demand, claim, suit, loss, expense or damage that may be asserted against any of them by reason of any alleged damage to property or injury to or death of any person arising out of or in any way related to a defect in streets and drainage improvements or Developer's obligations under this Agreement.

3. During the Warranty Period, if in the judgment of the County Engineer or her designee repairs to the streets and drainage improvements become necessary due to any defect in the design, construction, materials, or workmanship, then upon notice from the County, Developer shall, at its sole expense, remove and replace all defective materials, repair any defects, and otherwise bring the improvements into compliance with the construction drawings and specifications approved by the Escambia County Development Review Committee. Developer shall correct any defect within thirty (30) calendar days, or, if the defect cannot reasonably be corrected within that period, commence corrective action within thirty (30) calendar days and thereafter diligently pursue the corrective action to completion. The County Engineer, in her sole discretion, may require the Developer to fulfill its obligations within a shorter period of time in order to comply with federal, state or local regulations or to protect the public health, safety, or welfare. Should the Developer fail to fulfill its obligations, the County may perform the repairs necessary to correct the defect, and the Developer shall be responsible for the costs of any such repairs, even if the County performs the repairs after the expiration of the Warranty Period. If the Developer fails to pay the costs incurred by the County within thirty (30) days of County's written demand, then the County may pursue collection of such costs in a court of competent jurisdiction.

4. In any judicial action brought by the County to enforce the provisions of this Agreement, Developer agrees to pay the costs, including reasonable attorney's fees through appeal, that the County may incur. Venue for any judicial action shall lie in Escambia County, Florida.

5. The parties shall execute the original Agreement with all attached exhibits. The Developer shall record the executed Agreement in the public records and provide a certified copy of the recorded Agreement to the County's Engineering Department.

6. During the Warranty Period, Developer shall advise the County in writing of any change in address, contact information or corporate status.

7. Developer's obligations under this Agreement shall include, but not be limited to, the following infrastructure deficiencies: (i) cracked concrete and cracked curbing, (ii) minor ponding of water on the asphalt, (iii) minor settling of asphalt areas, (iv) minor deficiencies in storm pipe, (v) ponds recharging at a slow rate but still meeting regulatory requirements, and (vi) stabilization and erosion.

8. Developer's failure to perform its obligations under this Agreement may result in the denial of building permits and certificates of occupancy.

IN WITNESS THEREOF, the parties have executed this Agreement on the dates shown below.

ESCAMBIA COUNTY DRC PLAN REVIEW

DRC Chairman Signature: [signature] Date: 7/24/20

Printed Name: Jason Lynn
Development Services Director

This document has been reviewed in accordance with the requirements of applicable Escambia County Regulations and Ordinances, and does not in any way relieve the owner, architect, Engineer, Surveyor or other signatory from responsibility of details of design. Any permits or Order (DO) must be obtained through the Development Review Process prior to the commencement of construction. This DO approval does not constitute approval by any other agency. All additional state/federal permits shall be provided to the county prior to approval of final plat or the issuance of state/federal permits shall be provided to the county prior to approval of a final plat or the issuance of a building permit.

ADMIRAL'S QUARTERS, PHASE 1

A 60 LOT SUBDIVISION, A RE-PLAT OF A PORTION OF LOTS 11, 12, 13, 14, 15, AND 16, BLOCK 2, OF THE PENSACOLA FARM LAND COMPANY SUBDIVISION (DEED BOOK 67, PAGE 345), SECTION 12, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA.

AUGUST, 2020

DESCRIPTION: (AS PREPARED BY REBOL-BATTLE & ASSOCIATES)

A PORTION OF LOTS 11, 12, 13, 14, 15, AND 16, BLOCK 2, OF THE PENSACOLA FARM LAND COMPANY SUBDIVISION, BEING IN SECTION 12, TOWNSHIP 1 SOUTH, RANGE 31 WEST, AS RECORDED IN DEED BOOK 67, PAGE 345, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA.

BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE INTERSECTION OF THE SOUTHERLY RIGHT-OF-WAY (R/W) LINE OF STATE ROAD NO. 10 (AKA U.S. HIGHWAY 90 AND NINE MILE ROAD A 200' R/W) AND THE WEST LINE OF LOT 16, BLOCK 2, OF THE PENSACOLA FARM LAND COMPANY SUBDIVISION, BEING IN SECTION 12, TOWNSHIP 1 SOUTH, RANGE 31 WEST, AS RECORDED IN DEED BOOK 67, PAGE 345, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED SOUTH 87°23'04" EAST ALONG SAID SOUTHERLY R/W LINE FOR A DISTANCE OF 545.70 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE SOUTHERLY, SAID CURVE HAVING A RADIUS OF 171,787.34 FEET; THENCE PROCEED EASTERLY ALONG THE ARC OF SAID CURVED R/W LINE FOR AN ARC DISTANCE OF 56.61 FEET (DELTA ANGLE = 00°01'08", CHORD DISTANCE = 56.61 FEET, CHORD BEARING = SOUTH 87°22'59" EAST) TO THE POINT OF BEGINNING; THENCE CONTINUE EASTERLY ALONG SAID CURVED R/W LINE FOR AN ARC DISTANCE OF 40.00 FEET (DELTA ANGLE = 00°00'48", CHORD BEARING = SOUTH 87°22'01" EAST) TO THE WEST R/W LINE OF STEFANI ROAD (30' R/W, UNIMPROVED); THENCE DEPARTING SAID CURVED SOUTHERLY R/W LINE, PROCEED SOUTH 03°04'11" WEST ALONG SAID WEST R/W LINE FOR A DISTANCE OF 1865.55 FEET; THENCE DEPARTING SAID WEST R/W LINE PROCEED NORTH 86°55'49" WEST FOR A DISTANCE OF 10.00 FEET; THENCE PROCEED NORTH 03°45'51" WEST FOR A DISTANCE OF 93.22 FEET; THENCE PROCEED NORTH 06°05'56" WEST FOR A DISTANCE OF 110.97 FEET; THENCE PROCEED NORTH 31°54'38" WEST FOR A DISTANCE OF 122.57 FEET TO A NON-TANGENT POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE NORTHWESTERLY, SAID CURVE HAVING A RADIUS OF 75.00 FEET; THENCE PROCEED SOUTHWESTERLY ALONG THE ARC OF SAID CURVE FOR AN ARC DISTANCE OF 21.70 FEET (DELTA ANGLE = 16°34'43", CHORD DISTANCE = 21.63 FEET, CHORD BEARING = SOUTH 39°46'49" WEST) TO THE POINT OF TANGENCY; THENCE PROCEED SOUTH 48°04'11" WEST FOR A DISTANCE OF 54.99 FEET; THENCE PROCEED NORTH 41°55'49" WEST FOR A DISTANCE OF 50.00 FEET; THENCE PROCEED NORTH 37°38'23" WEST FOR A DISTANCE OF 254.99 FEET; THENCE PROCEED NORTH 24°46'03" WEST FOR A DISTANCE OF 60.80 FEET; THENCE PROCEED NORTH 31°21'43" WEST FOR A DISTANCE OF 51.46 FEET; THENCE PROCEED NORTH 86°55'49" WEST FOR A DISTANCE OF 18.50 FEET; THENCE PROCEED NORTH 35°37'24" WEST FOR A DISTANCE OF 206.17 FEET; THENCE PROCEED NORTH 29°29'06" WEST FOR A DISTANCE OF 136.28 FEET TO THE WEST LINE OF LOT 13, BLOCK 2 OF SAID SUBDIVISION; THENCE PROCEED NORTH 02°58'52" EAST ALONG SAID WEST LINE AND ALONG THE WEST LINE OF LOT 14, BLOCK 2 OF SAID SUBDIVISION FOR A DISTANCE OF 101.52 FEET; THENCE DEPARTING SAID WEST LINE PROCEED SOUTH 86°55'49" EAST FOR A DISTANCE OF 600.88 FEET; THENCE PROCEED NORTH 03°04'11" EAST FOR A DISTANCE OF 916.77 FEET TO THE POINT OF BEGINNING.

LYING IN AND BEING A PORTION OF SECTION 12, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA, AND CONTAINING 8.14 ACRES MORE OR LESS.

GENERAL NOTES:

1. NORTH AND THE SURVEY DATUM SHOWN HEREON IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM (FLORIDA NORTH ZONE), NORTH AMERICAN DATUM OF 1983 (NAD83)-(2011)-(EPOCH 2010.0000) AND WERE DERIVED UTILIZING A GLOBAL POSITIONING SYSTEM (GPS) TOPCON HIPER II GEODETIC DUAL FREQUENCY RECEIVER. THE RECEIVER WAS UTILIZED IN A REAL-TIME KINEMATIC (RTK) MODE UTILIZING THE FLORIDA DEPARTMENT OF TRANSPORTATION FLORIDA PERMANENT REFERENCE NETWORK (FPRN), FLORIDA'S GLOBAL NAVIGATION SATELLITE SYSTEM (GNSS) REFERENCE STATION NETWORK; COPY OF PREVIOUS SURVEY BY SAIN ASSOCIATES (PROVIDED); COPY OF RECORD PLAT OF PENSACOLA FARM LANDS COMPANY AS RECORDED IN DEED BOOK 67 AT PAGE 345, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; COPY OF RECORDED PLAT OF NEWCASTLE PLACE - UNIT 4 AS RECORDED IN PLAT BOOK 18 AT PAGE 51, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) RIGHT-OF-WAY (R/W) MAP (PROJECT 5532 RD 537, SECTION 4801-302) DATED SEPTEMBER 1942; DEEDS OF RECORD AND EXISTING FIELD MONUMENTATION.
2. THE BASIS OF BEARING REFERENCE: THE SOUTHERLY RIGHT-OF-WAY LINE OF STATE ROAD NO. 10 (AKA U.S. HIGHWAY 90 AND NINE MILE ROAD, 200' RIGHT-OF-WAY) HAVING A BEARING OF SOUTH 87°23'04" EAST.
3. A PROPERTY INFORMATION REPORT WAS FURNISHED AND USED IN THE PREPARATION OF THIS PLAT, ISSUED BY ALLIANT NATIONAL TITLE INSURANCE COMPANY, AND DATED JULY 29, 2020; FILE NUMBER 20001598.
4. THERE MAY BE ADDITIONAL RESTRICTIONS THAT ARE NOT RECORDED ON THIS PLAT THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.
5. ALL PLATTED UTILITY EASEMENTS AS SHOWN HEREON SHALL ALSO SERVE AS EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF CABLE TELEVISION SERVICES IN ACCORDANCE WITH AND SUBJECT TO THE PROVISIONS OF SECTION 177.091 (28) FLORIDA STATUTES.
6. ALL PLATTED UTILITY EASEMENTS AS SHOWN HEREON SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF ALL UTILITIES AS PROVIDED BY GULF POWER COMPANY, ENERGY SERVICES OF PENSACOLA, EMERALD COAST UTILITIES AUTHORITY, BELLSOUTH, COX COMMUNICATIONS OR OTHER APPLICABLE UTILITY COMPANIES SERVICING THIS AREA AND ALL SUCCESSORS AND ASSIGNS OF THE AFOREMENTIONED UTILITY PROVIDERS.
7. ALL LANDSCAPING, FENCING, RETAINING WALLS OR OTHER STRUCTURES MAINTAINED OR CONSTRUCTED WITHIN THE PRIVATE DRAINAGE EASEMENTS MUST NOT OBSTRUCT THE FLOW OF WATER ACROSS OR THROUGH SAID DRAINAGE EASEMENTS.
8. AS PER THE ESCAMBIA COUNTY LAND DEVELOPMENT CODE, DSM 2-1.3(D) SIGHT TRIANGLE REQUIREMENTS:
   - AT A MINIMUM, A SITE TRIANGLE SHALL BE PROVIDED 35' FROM EDGE OF PAVEMENT TO 35' EDGE OF PROPOSED ROAD OR DRIVEWAY.
9. ALL LOT LINES THAT ADJOIN A CURVED LINE ARE RADIAL UNLESS NOTED AS NON-RADIAL (NR).
10. FENCES OR OTHER STRUCTURES SHALL NOT BE INSTALLED IN PUBLIC OR PRIVATE DRAINAGE / ACCESS EASEMENTS. THESE EASEMENTS SHALL BE ACCESSIBLE AT ALL TIMES.
11. THERE ARE 10 FOOT PRIVATE DRAINAGE EASEMENTS ALONG EACH PROPERTY LINE, BEING 5 FEET ON EACH LOT. FENCES OR OTHER STRUCTURES IN THESE EASEMENTS SHALL NOT IMPEDE STORMWATER FLOW.
12. THERE IS NO SIGN PROPOSED FOR THIS SUBDIVISION.

CERTIFICATE OF ATTORNEY:

I,KEVIN D. OBOS, ESQUIRE, AS MEMBER OF THE FLORIDA BAR, AND ON BEHALF OF THE OWNER HEREBY CERTIFY THAT I HAVE EXAMINED THE PLAT HEREON AND THE ACCOMPANYING DOCUMENTS AND HAVE FOUND THEM TO BE IN PROPER LEGAL FORM AND TO MEET ALL THE REQUIREMENTS OF THE FLORIDA PLAT ACT AND THE ESCAMBIA COUNTY LAND DEVELOPMENT CODE, AS AMENDED.
SIGNED THIS_____ DAY OF_____, 2020.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18267 **Growth Management Report 12. 1.**
BCC Regular Meeting **Consent**
Meeting Date: 08/06/2020
Issue: Schedule of Public Hearings
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning the Scheduling of Public Hearings

That the Board authorize the scheduling of the following Public Hearings:

September 3, 2020

A. 5:45 p.m. - A Public Hearing - An Ordinance amending the Land Development Code (LDC), Chapter 4, to expand the use of recreational vehicles as living quarters, establish related use standards, and modify related provisions

Summary: Although recreational vehicles are not dwelling units, they can provide useful temporary living quarters beyond their primary recreational, camping, and travel uses. However, any such use of recreational vehicles outside of duly licensed campgrounds, recreational vehicle parks, or mobile home parks requires land use standards to protect the public health, safety, and general welfare.

B. 5:46 p.m. - A Public Hearing - An Ordinance to the Land Development Code (LDC) Chapter 3, Section 3-1.3 “Zoning and Future Land Use,” Subsection (G) “Future Land Use Designations,” and Subsection (I) “Zoning Implementation of FLU,” to add the Future Land Use Category of Agriculture Residential; amending Sections 3-2.2 “Agricultural District (AGR),” and 3-2.3 “Rural Residential district (RR)” to provide for AGR and RR Zoning districts in the AR Future Land Use category

Summary: Escambia County Board of County Commissioners found that the current Comprehensive Plan Section FLU 3.1.5 restricted the ability of a person or entity to obtain approval of a comprehensive plan amendment to the Rural Community (RC) future land use category. The Board of County Commissioners determined that FLU 3.1.5 unduly limited the Board’s ability to manage growth and development within the

County; the Board found that an amendment to its Comprehensive Plan was necessary and appropriate based on the Goals and Policies of the Escambia County Comprehensive Plan.

C. 5:47 p.m. - A Public Hearing - An Ordinance amending the Comprehensive Plan: amending Chapter 3, Section 3.04, Definitions; amending OBJ FLU 1.3 Future Land Use Map designations; and amending OBJ FLU 3.1 Rural Development - CPA-2020-1 (first of two public hearings)

Summary: Escambia County Board of County Commissioners finds that the current Comprehensive Plan Section FLU 3.1.5 restricts the ability of a person or entity to obtain approval of a comprehensive plan amendment to the Rural Community (RC) future land use category; the Board has determined that FLU 3.1.5 unduly limits the Board's ability to manage growth and development within the County and should be amended.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18284 **County Administrator's Report 12. 1.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Proposed Amendment to the Residential Rehab Grant Program
From: CLARA LONG, Department Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Amending the Residential Rehab Grant Program - Clara Long, Neighborhood & Human Services Department Director

That the Board ratify the following August 6, 2020, actions of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program for the Community Redevelopment Agency (CRA):

OLD VERSION	Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR ONE YEAR LIEN	Applicants are allowed funding for six eligible improvements, one-time per property.
PROPOSED VERSION	Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR TWO YEAR LIEN	Applicants are allowed funding for six eligible improvements, one-time per property.
OLD VERSION	Non-Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR ONE YEAR LIEN	Applicants are allowed funding for six eligible improvements, one-time per property.

PROPOSED VERSION	Non-Homesteaded Property	Eligible for 50% Match Reimbursement up to $6,000	INCUR TWO YEAR LIEN	Applicants are allowed funding for sanitary sewer connections only.

BACKGROUND:

On July 2, 2020, the CRA Board Meeting was held to review and approve various CRA agenda items. During the meeting, CRA Board requested staff to bring back options to amend the current policy and procedures regarding the CRA Residential Rehab Grant Program. Currently the Program offers residential property owners the opportunity to improve their homes through six eligible improvements such as total electrical re-wiring, conversion to central heat and air conditioning systems, connection to sanitary sewer from septic, replacement of roof, window replacements, and installation of storm shutters, up to $6,000 match reimbursement. Once Grants are submitted to the CRA and approved, property owners pay the full cost of the improvements and are reimbursed by the CRA a 50% match, up to $6,000. Currently, these Grants are eligible to both homesteaded and non-homesteaded property owners. CRA has presented a proposed layout of utilizing the Grant Program to help minimize homesteaded property owners making multiple repeats to the Grant Program, therefore extending their Lien time to two years instead of one year. Additional proposed change to Grant Program is to allow non-homesteaded property owners to submit Applications for sanitary sewer connections only.

BUDGETARY IMPACT:

No budgetary impact is anticipated.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board approval is recommended to amend any changes to policy and procedures and distribution of funds to outside agencies and individuals.

IMPLEMENTATION/COORDINATION:

Neighborhood & Human Services Department staff will implement any proposed changes to policy and procedures approved by the Board.

Draft Residential Rehab GrantCRA_Aug2020

Community Redevelopment Agency
Residential Rehab Grant Program

This program provides a 50% matching reimbursement grant, up to $6,000.

ELIGIBLE IMPROVEMENTS

❖ **Total Electrical Rewiring Upgrade**	❖ **Central heating and Air Conversion**	❖ **Replacement Roof**
❖ **Storm Shutter Installation**	❖ **Replacement Windows**	❖ **Sanitary Sewer Connection**

PROGRAM ELIGIBILITY GUIDELINES

- **Property must be located within an Escambia County designed Community Redevelopment District.** *Call (850) 595-3217 to verify location.*
- **Applicant(s) must be the property owner(s).**
- **Property must be zoned for residential use and used for residential purposes.**
- **Property must not have outstanding judgment liens, code violations, and/or delinquent ad valorem property taxes.**
- **Property must have current homeowner's insurance.**
- **Property must be homestead exempt. *Non-homestead exempt properties can receive grant assistance for sanitary sewer connection only*.**
- **Not intended for new construction.**

Project Commencement

Project must not have commenced until the final grant application and agreement(s) have been submitted to and approved by the Escambia County Community Redevelopment Agency (CRA), and Board of County Commissioners (BCC).

Applicant Match

Applicant must provide 100% of project costs upfront. The Community Redevelopment Agency will provide a 50% reimbursement, up to $6,000, for eligible improvements approved under this program upon project completion, and submittal of all required documentation.

Lien Requirement

Applicant(s) must agree to enter into a lien agreement with the Community Redevelopment Agency. A two (2) year lien is required. **The lien will be forgiven after two (2) years from the date the lien agreement is recorded in the public records provided that:**

- Improvements are not altered, modified, removed, demolished, sold, or transferred and/or;
- Property is not converted to 100% non-residential use.

*****If any of these activities should occur within the above-mentioned two (2) year period, and/or without prior approval, total funds granted will become due and must be repaid in full.**

DRAFT

Grant funding is based on availability. Grant funding is provided on a first come, first served basis, however, preference will be provided to first time applicants.

Application Submittal Instructions

NOTICE TO APPLICANT(S): FLORIDA PUBLIC RECORDS LAW, F.S. CHAPTER 119

CRA Form-Public Records Notice-2015-11

This is a notice to you regarding the State of Florida's Public Records Law, Florida Statutes (F.S.) Chapter 119: Public Records. Under F.S. Chapter 119, the law requires that any records made or received by public agencies in the course of official business must be made available for inspection by the general public, unless specifically exempted by the Florida Legislature, or deemed confidential or exempted under federal law. Please be advised that in the course of the release of public records, Escambia County may release personal information including home address, email address and phone number, unless specifically exempted under law. You are hereby notified, pursuant to F.S. Chapter 119, that disclosure of your social security number has been collected on this application for identification and financial verification purposes to determine eligibility under this program, and will not be utilized for any other purpose, and/or released to any other agency and/or person(s) except where required under law. Please refer to F.S. Chapter 119.071 for details on Florida Public Records Law general exemptions.

The Community Redevelopment Agency requests that you disclose any exemptions under F.S. Chapter 119.071 which may apply to any person or persons referenced on this application for assistance.

Please check a box below:

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18104 **County Administrator's Report 12. 4.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Permission to Enter Property (Non-Source) Agreement with Florida Department of Environmental Protection Relating to the Former Omni-Vest Landfill
From: Chips Kirschenfeld, Director
Organization: Natural Resources
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Permission to Enter Property - Non-Source Agreement with State of Florida, Department of Environmental Protection, for the Former Omni-Vest Landfill - J. Taylor "Chips" Kirschenfeld, Director, Department of Natural Resources Management

That the Board approve and authorize the Chairman to sign the Permission to Enter Property - Non-Source Agreement with the State of Florida, Department of Environmental Protection (FDEP), to locate contamination, determine contamination levels, and when necessary, remove and remediate contamination which may be performed by the FDEP and its contractor. Specifically, to improve the existing road including one existing box culvert and one bridge, and construct a temporary culvert bridge over the Clark Sand Pond outfall to allow truck access for regrading and capping the Former Omni-Vest Landfill, per FEDP's Remedial Action Plan.

BACKGROUND:

The former Omni-Vest Landfill (subject site), located at 4094 Idlewood Road, is a closed landfill with documented contamination as per Florida Department of Environmental Protection (FDEP) risk based corrective action criteria in Chapter 62-780, Florida Administrative Code (FAC), cleanup criteria in Chapter 62-777 FAC and landfill closure requirements Chapter 62-701 FAC, and FDEP's *Guidance For Disturbance and Use of Old Closed Landfills or Waste Disposal Areas in Florida* (May2001). The FDEP has now dedicated funds to conduct site remediation and is seeking permission to use the adjacent County property at Jackson Lakes to access the subject site during the construction period. The FDEP proposes to

improve the existing groundwork as well as construct road and bridge infrastructure to access the subject site as per the Draft Remedial Action Plan, dated May 1, 2008.

BUDGETARY IMPACT:

There is no budgetary impact associated with this recommendation.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Permission to Enter Property - Non-Source Agreement was reviewed and approved as to form and legal sufficiency by Stephen G. West, Senior Assistant County Attorney.

PERSONNEL:

There is no personnel impact associated with this Recommendation.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board Policy II.B.8.

IMPLEMENTATION/COORDINATION:

The Brownfield Coordinator and Department of Natural Resources Management staff will coordinate with applicable parties to implement the terms of the Agreement.

Draft Remedial Action Plan Omni-Vest

PERMISSION TO ENTER PROPERTY- *NON-SOURCE*

1. The Parties. The undersigned real property owner, Escambia County ("Owner"), hereby give(s) permission to the State of Florida, Department of Environmental Protection ("Department") and its Contractor, subcontractors, and vendors ("Contractor"), to enter the Owner's property ("the Property") (see next paragraph).

2. The Property. Owner owns the certain parcel(s) 342S300250007025 and 372S305001000000 of real property located off Wiggins Ave and Ehrmann St, Pensacola, Florida.

3. The Source: The suspected source of the contamination is located at the Former Omni-Vest Landfill, off Idlewood Drive, Pensacola, parcel number # 342S300260002001, 342S300250001025, 342S300260000001 and 342S300252000000. The FDEP Facility ID # is ERIC_3823.

4. Permissible Activities. This Permission to Enter Property ("Permission") is limited to activities which may be performed by the Department or its Contractors pursuant to Chapter 62-780 or 62-730, Florida Administrative Code, without cost to the Owner to locate contamination, determine contamination levels and, when necessary, remove and remediate contamination which may be performed by the Department and its Contractor. Specifically, to improve the existing road including one existing box culvert and one bridge, and construct a temporary culvert bridge over the Clark Sand Pond outfall to allow truck access for regrading and capping the Former Omni-Vest Landfall per the Department's Remedial Action Plan.

5. Work Performed during Business Hours. The Department and Contractor may enter the Property during normal business hours and may also make arrangements to enter the Property at other times after agreement from the Owner. Work will proceed for approximately 72 weeks from the begin date of the task assignment.

6. No Admission. The granting of this Permission by the Owner is not intended, nor should it be construed, as an admission of liability on the part of the Owner for any contamination discovered on the Property.

8. Activities Comply with Applicable Laws. The Department and Contractor agree that any and all work performed on the Property and in association with this Permission shall be done in a good, safe, workmanlike manner, and in accordance with applicable federal and state statutes, rules and regulations.

9. Equipment Ownership. The temporary bridge, and remedial equipment, if necessary, installed pursuant to this agreement are the property of the Department. Please contact the Contactor or the Department if you have any concerns or there are any problems with this equipment.

10. Property Restoration. The Department shall pay the reasonable costs of restoring the Property as nearly as practicable to the conditions which existed before activities associated with contamination assessment or remedial action were taken.

11. Injury to Department. The Owner shall not be liable for any injury, damage or loss on the Property suffered by the Department, Department employees or Contractors not caused by the negligence or intentional acts of the Owner's agents or employees.

12. Sovereign Immunity. The Department acknowledges and accepts its responsibility under applicable law (Section 768.28, Florida Statutes) for damages caused by the acts of its employees while on the Property.

13. Public Records. All documents created or received associated with the Permissible activities are a public record pursuant to Chapter 119, Florida Statutes. The Owner may retrieve any documents or other information related to the Permissible Activities online using the facility or project number referenced above in paragraph 4. http://depedms.dep.state.fl.us/Oculus/servlet/login?action=login

1. Introduction

ARCADIS is pleased to submit to the Florida Department of Environmental Protection (FDEP) this Remedial Action Plan (RAP) for the Omni-Vest Landfill, located at 4094 Idlewood Road, Pensacola, Escambia County, Florida (**Figure 1**). This RAP has been prepared in accordance with State risk-based corrective action criteria in Chapter 62-780 Florida Administrative Code (FAC), cleanup criteria in Chapter 62-777, FAC, landfill closure requirements Chapter 62-701 FAC, and FDEP's *Guidance For Disturbance and Use of Old Closed Landfills or Waste Disposal Areas in Florida* (May 2001). In addition, this RAP presents an overview of the site, a summary of the previous assessment activities and the design for the selected remedial alternatives.

1.1 Remedial Action Objectives

The objective of this RAP is to provide the design information necessary for closure of the landfill and identify post-closure monitoring activities.

Closure requirements for waste left in place are generally subject to the regulatory requirements at the time of landfill closure (FDEP 2001). At the time the landfill was closed, landfill closure requirements fell under Department of Environmental Regulation Chapter 17-7, "Resource and Management Part I: Solid Waste Facilities" May 25, 1979 which indicated the following closure requirements:

- No closure permit;
- Two feet of earth compacted in 6-inch layers with the top 6-inch layer loosely compacted to promote plant growth;
- Slopes no greater than 3:1;
- Site seeded or planted with grass or suitable vegetation;
- Site to be maintained until stabilized by controlling erosion, maintaining grass cover, prevention of ponding, and prevention of deposited wastes from hazard or nuisance; and
- Landfill to be monitored including collection and treatment of leachate, until the site is stabilized.

Based on these requirements, a closure strategy was developed and includes (1) clearing and grubbing of the entire landfill, (2) relocation of waste to stabilize the western and southwestern slopes, (3) placement of a 2-foot thick soil cover, and (4) construction of surface water control features. The post-closure activities include a free-phase product recovery program in conjunction with a monitoring plan for groundwater and subsurface vapor (methane) at the site. Groundwater quality will be monitored to determine if concentrations of constituents of concern (COC) remain below groundwater cleanup target levels (GCTLs) specified in Chapter 62-777 FAC.

1.2 Site Description

The subject site is located at 4094 Idlewood Road, Pensacola, Escambia County, Florida (**Figure 1**). The site is located within an area zoned residential (R-2) "Single – Family District, Low-Medium Density", which is characterized by predominantly residential land use. The landfill is approximately 5 acres and is located at latitude 30°24'57" North and longitude 87°15'55" West (ESE, 1985). The landfill property is bordered by the former Clark Sand Pond to the west/southwest; the St. Louis and San Francisco Railroad to the north; Idlewood Drive to the east; and a private residence (formerly the Stewart residence) to the southeast. Bayou Chico, a brackish tributary of Pensacola Bay is located approximately 500 feet south of the site (**Figure 2**).

Most of the landfill property is currently overgrown with thick vegetation. Access to the property is through a locked gate off Idlewood Drive on the eastern portion of the property. Site access is restricted by an 8-foot high, chain-link fence on the east, north and south property perimeters. A depression (onsite pond) in the western portion of the property appears to receive storm-water runoff from the western portion of the property. Stormwater runoff also enters the former Clark Sand Pond, located immediately west/southwest of the site (**Figure 2**).

Prior to 1972, the Omni-Vest site was an un-permitted commercial landfill known as the Newport Landfill or Bell's Landfill which accepted demolition debris, leaf litter, and household garbage (NUS, 1988). Omni-Vest, Inc. purchased the site in 1972 and reportedly contracted with Tenneco Chemicals, Inc. (later known as Reichold Chemicals, Inc.) of Pensacola for the disposal of "wood chips and wash sand" from its turpentine producing facility (NUS, 1988). Use of the landfill ceased sometime in 1977. The total volume of landfill waste material has been estimated at 190,000 cubic yards (ESE, 1985). According to previous reports, no liner exists beneath the Omni-Vest fill material to prevent downward migration of contaminants into the underlying aquifer (NUS, 1988).

The Omni-Vest Landfill permit expired in September 1980. In December 1980, the FDEP issued a Notice of Violation for disposal of wastes prohibited by the permit and for failure to close the landfill upon permit expiration. Several site assessment activities conducted between 1979 and 1998 indicated concentrations of metals, volatile organic compounds (VOCs) and polynuclear aromatic hydrocarbons (PAHs) in groundwater and sludge deposits at the site.

1.3 Site Lithology and Hydrogeology

Review of the United States Department of Agriculture (USDA) Soil Survey of Escambia County, revealed that the native near-surface soils at the site are of the Troup Series. Soils of the Troup Series are fine to loamy sand and sandy clay loam. The Troup soils are generally well drained and moderately permeable. The Omni-Vest site is located within a unit designated Pits. Pits in this area have typically had Troup soils removed to a depth of 5 to 35 feet (USDA, 1960).

Three hydro-stratigraphic zones exist in Escambia County: the sand and gravel aquifer, the intermediate confining unit, and the Floridan aquifer. The sand and gravel aquifer is estimated to extend to an approximate depth of 235 feet in the area of the landfill. Three permeability zones make up the sand and gravel aquifer and are known as the surficial zone, low permeability zone, and the main producing zone. Most of the major well fields in Escambia County obtain their water supply from the sand gravel beds of the main producing zone.

Based on information collected during February and April 2005, the apparent groundwater flow direction at the site is to the south. The water level measurements ranged between 3.14 and 46.18 feet below ground surface (ft bgs). The average horizontal hydraulic flow gradient was calculated at 0.0056 feet per feet (ft/ft).

Slug testing was performed at five monitor wells (screened between 22 and 63 ft bgs) to evaluate the hydraulic properties of the surficial aquifer (ESE, 1985). The results of the slug tests indicate the average hydraulic conductivity (K) is 26.84 feet per day (ft/day). Based on the horizontal gradient of 0.0056 ft/ft, K of 6.48 ft/day, and an assumed porosity of 30 percent (Driscoll, 1986), the average groundwater flow velocity is estimated at approximately 0.5 ft/day or 183 feet per year (ft/year).

1.4 Well Survey

ARCADIS had Escambia County Health Department (ECHD) and Northwest Florida Water Management District (NWFWMD) perform a database search for all permitted supply wells within 0.5 mile radius of the site (ARCADIS, 2005). ECHD and NWFWMD databases did not identify any public supply within a 0.5-mile radius of the site. The NWFWMD database identified 8 private supply wells within 0.5 mile of the site. During site assessment activities in February 2005, ARCADIS completed a windshield survey of property within 0.25 mile of the site and did not observe a private supply well.

The nearest public drinking water supply well is the Peoples Water Service Well No. 8, located approximately 2,800 feet southwest (downgradient) of the landfill. According to Peoples Water Service, Well No. 8 is 240 feet deep, cased to a depth of 190 ft bgs, and is pumped at a rate of 830 gallons per minute (gpm).

2. Summary of Previous Investigations

Prior assessment activities have included general site characterization in conjunction with soil, sediment, groundwater, and surface water sampling activities. Detailed information concerning site assessment activities can be found in the Revised Site Assessment Report (RSAR) (ARCADIS, 2005). In January 2006, ARCADIS completed supplemental site assessment activities including groundwater sampling and monitor well installation activities, combustible gas investigations, and signage posting. The results of these activities were summarized in the Supplemental Site Assessment Report (SSAR) submitted to the FDEP in April 2006 (ARCADIS, 2006a).

In late August/early September 2006, supplemental assessment of groundwater and subsurface combustible gas (methane) and the first semi-annual groundwater monitor event were performed. Assessment activities included installation of additional monitor wells and vapor wells; purging, sampling and analysis of groundwater and subsurface vapor samples; measurement of water-levels, product-checks, and field water quality. Surveying of the wells, land-clearing, and fence repairs were also performed. A report of the results was submitted to the FDEP in December 2006 (ARCADIS, 2006b).

In April 2007, ARCADIS submitted the Closure Strategy Report and Opinion of Probable Costs for the subject site. The report included a description of the assessment methodologies utilized to estimate cover thickness, the results of limited waste trenching, and sampling/testing results of overburden material and waste performed during field work completed from January 30 to February 1, 2007

(ARCADIS, 2007a). In June 2007, ARCADIS submitted the Second Semi-Annual Monitoring Report. This monitoring report included the results of groundwater and subsurface combustible gas monitoring activities performed on April 11 and 12, 2007 (ARCADIS, 2007b).

Assessment activities were conducted in accordance with the FDEP Standard Operating Procedures (DEP-SOP-001/01) for field activities dated February 1, 2004. The discussion below summarizes the major findings of previous assessment activities conducted at the site.

2.1 Soil Assessment Summary

The soils of the Omni-Vest Landfill have been assessed on different occasions since the early 1980s. A summary of soil assessment results from activities conducted at the landfill before February 2005 can be found in the RSAR (ARCADIS, 2005).

2.1.1 Surface Soil Summary – February 2005

- The surface soil (0 to 1 ft bgs) in the areas sampled inside the landfill and on the perimeter of the landfill do not contain VOCs, base-neutral/acid extractables (BNAs), metals, polychlorinated biphenyls (PCBs) and cyanide above Soil Cleanup Target Levels (SCTLs) specified in Chapter 62-777 FAC. Total petroleum hydrocarbons (TPH) were detected above the FDEP SCTLs for residential direct exposure and leachability in Sample SS-7 (612 micrograms per kilogram [mg/kg]) (**Figure 3**).

- Arsenic was reported above the FDEP SCTL for residential direct exposure, but below the commercial/industrial direct exposure SCTL in Sample SS-8 (3.44 mg/kg), located along the St. Louis and San Francisco Railroad to the north and outside the fenced portion of the landfill. Considering the sample location and the infrequency of arsenic in the other samples, the arsenic at this location is most likely unrelated to landfill operations (**Figure 3**).

2.1.2 Soil Assessment Summary – January 2007

To assess the soil type, consistency, and depth to waste (cover thickness), ARCADIS installed twenty (20) test pits at select locations within the site property boundary. Test pit locations are depicted on **Figure 4**. Test pits were installed to depths ranging from 4 ft bgs to 11 ft bgs using a backhoe. Three soil samples were collected from test pits

at discrete depths that were selected based on the high amount of terpene-related wastes encountered and submitted to a fixed-based laboratory for analysis of eight Resource Conservation and Recovery Act (RCRA) metals (arsenic, barium, cadmium, chromium, lead, mercury, selenium, and silver) by USEPA Test Methods 6010 and 7471; select VOCs by USEPA Test Method 8260; and PAHs by USEPA Test Method 8310.

Soil sample analytical results are summarized in **Table 1** and are illustrated in **Figures 5**, **6**, and **7**. Soil analytical results indicate the following:

- Laboratory analysis of soil samples for RCRA metals reported soil concentrations below their corresponding residential direct exposure FDEP SCTLs. Soil results from Test Pit 3 (4-5') contained chromium at 68.1 mg/kg, which is above the soil leachability FDEP SCTL (**Figure 5**);

- Laboratory analysis of soil samples for VOCs reported soil concentrations below their corresponding residential direct exposure FDEP SCTLs. Test Pit 3 (4-5') soil analytical results indicated ethylbenzene (4.09 mg/kg), methylene chloride (0.873 mg/kg), toluene (78 mg/kg), and xylenes (28.5 mg/kg) at concentrations exceeding their respective soil leachability FDEP SCTLs. Soil analytical results from Test Pit 18 (4-11') contained toluene concentrations (0.604 mg/kg) above the soil leachability FDEP SCTL (**Figure 6**); and

- Soil sample laboratory analysis of PAHs reported soil concentrations below their corresponding residential direct exposure FDEP SCTLs. Samples from Test Pit 3 (4-5') contained naphthalene (12.60 mg/kg), 1-methylnaphthalene (5.73 mg/kg), and 2-methylnaphthalene (16.5 mg/kg) at concentrations exceeding their respective soil leachability FDEP SCTLs (**Figure 7**).

2.1.3 Geotechnical Soil Assessment Summary – January 2007

In an effort to establish basic geotechnical parameters, six samples were collected from select test pits to obtain a comprehensive representation of materials that may be encountered during closure. Samples were submitted to a geotechnical laboratory for the analysis of moisture content by American Society for Testing and Materials (ASTM) 2216; sieve analysis by ASTM C136; and maximum soil density by modified proctor by ASTM D1557. Geotechnical results indicate the following:

- In general, the soil was described as poorly graded sand, with silt and/or clay at some locations. The soil was classified as SP to SP-SM/SP-SC using the Unified Soil Classification System (USCS);

- Moisture content analytical results ranged from 10.0% in Test Pit 9 (0-6') located in the central-northern portion of the site, to 14.0% in Test Pit 5 (0-6') located in western portion of the landfill;

- Results of the sieve analysis indicated samples with 2.3% to 12.0% (by weight) of fines passing the #200 screen; and

- Maximum soil density results ranged from 103.5 pounds per cubic foot (lbs/ft^3) in Test Pit 1 (6') located in the north-western portion of the site, to 114.0 lbs/ft^3 in Test Pit 4 (0-4') located central-eastern portion of the landfill.

2.2 Sediments and Surface Water Assessment Summary

In February 2005, ARCADIS completed sediment and surface water assessment activities. A summary of the analytical results above the laboratory method detection limits for sediment and surface water samples is presented in **Figures 8** and **9**, respectively. Analytical results indicated the following:

- Sediment samples SD-1 and SD-2 collected from the onsite pond and Sample SD-7 off the landfill contained constituents above the state toxic effect levels (TELs). The analytical results indicate concentrations of chromium, copper, lead, mercury, nickel, and zinc above the state TELs (**Figure 8**); and

- Analytical results for surface water samples SW-1 and SW-2 collected from the onsite pond indicate TPH and zinc concentrations above the state Freshwater Surface Water Cleanup Target Levels (CTLs) per Chapter 62-777 FAC. The results of the five offsite surface water samples (SW-3 – SW-7) indicate concentrations of constituents below FDEP Freshwater Surface Water CTLs (**Figure 9**).

2.3 Groundwater and Free-Phase Product Assessment Summary

Site groundwater is currently monitored by a network of twenty-six (26) groundwater monitoring wells. In addition, three (3) product recovery wells are located in the western portion of the site (**Figure 2**). Groundwater assessment activities have

included free-phase product checks, water levels measurements, and sampling and analysis of groundwater samples.

2.3.1 Product Checks, Water Level and Groundwater Flow

Well construction details, free-phase product check, and groundwater elevation data are summarized on **Table 2**. Free product has been observed in MW-5 (eastern portion of the site) and MW-4, RW-1, RW-2, and RW-3 (western portion of the site). Free-product thickness has historically ranged from approximately 0.2 to 9.30 feet. The product thickness in each well had been consistent since August 2006. The groundwater flow direction in the shallow (above -20 feet National Geodetic Vertical Datum [NGVD]) and the deeper (below -20 feet NGVD) groundwater has been generally toward the south-southwest toward Clark Sand Pond and Bayou Chico.

2.3.2 Groundwater Analytical Results

A summary of historical groundwater analytical results is presented in **Tables 3** and **4**. For comparison purposes, the FDEP GCTLs presented in Chapter 62-777 FAC are included in the tables. A plan view of the groundwater analytical results is shown on **Figure 10**. The main COCs associated with the site are TPH, naphthalene, and toluene. The results of the previous groundwater assessment indicate the following:

- Groundwater assessment activities conducted in February 2005 indicated that COC groundwater impacts above the FDEP GCTLs existed at the site;

- Groundwater assessment activities conducted in January 2006 indicated that groundwater COC concentrations above the FDEP GCTLs were present (**Figure 10**). However, the groundwater beneath the identified free-phase product was not impacted with the COC, indicating that the free-phase product is weathered and does not appear to be dissolving or migrating with the groundwater; Semi-Annual monitoring events conducted in August 2006 and April 2007 confirmed concentrations of TPH, naphthalene, and isopropylbenzene above their respective FDEP GCTLs in groundwater at the site (**Figure 10**); however, these values were below Natural Attenuation Default Concentrations (NADCs) specified in Chapter 62-777 FAC and were present in only a limited area of the site; and

- Groundwater is not impacted with metals that were detected in soils greater than the leachability SCTLs; therefore, soils do not appear to be a source to groundwater.

3. Supplemental Groundwater Assessment

On March 13 and 14, 2008, ARCADIS performed supplemental groundwater assessment activities to gather current data on site conditions. The methodologies used during assessment activities included free-phase product thickness measurements, water-level measurements, purging and sampling of 13 monitor wells, and analysis of groundwater samples collected at the site. Groundwater sampling activities were conducted in accordance with the FDEP SOP for Field Activities (DEP-SOP0001/01) dated February 1, 2004.

3.1 Supplemental Groundwater Assessment Methodologies

On March 13, 2008, free-phase product checks and water-level measurements were obtained from 26 monitor wells and 3 recovery wells (**Table 2**). Free-phase product and water-levels were measured using a Solinst® Oil/Water Interface Meter. The air/product interface measurement was measured on the way into the liquid, and the water/product interface on the way up.

On March 13 and 14, 2008, 13 of 29 wells (MW-3B, MW-11, MW-14, MW-15, MW016, MW017, MW018, MW019, MW020, MW021, MW022, MW023, and MW-E) were purged and sampled. Groundwater samples were delivered to a fixed-base National Environmental Laboratory Accreditation Conference (NELAC)-accredited laboratory (Xenco Laboratories) for analysis of VOCs plus naphthalene by USEPA Test Method 8260B and TPH by FL-PRO Method. Copies of field documentation including calibration logs, water-level measurements and groundwater sampling logs are presented in **Appendix A**.

3.2 Supplemental Groundwater Assessment Results

Groundwater analytical results were compared to the FDEP GCTLs provided in Chapter 62-777 FAC. The analytical summary of COC concentrations in groundwater is presented in **Tables 3** and **4**. A copy of the laboratory analytical report for the supplemental groundwater assessment activities is included in **Appendix B**. The results of the groundwater assessment activities performed at the Omni-Vest Landfill are described below.

3.2.1 Product Thickness, Water Level and Groundwater Flow

Well construction details, free-phase product thickness, and groundwater elevation data are summarized on **Table 2**. On March 13, 2008, a free-product thickness of 0.70 feet was measured in MW-5 located in the eastern portion of the site. In addition, free-phase product thickness ranges from 0.20 to 11.15 feet in MW-4, MW-8, RW-1, RW-2, and RW-3 located in the western portion of the site. With the exception of Monitor Well MW-8, product thickness measurements collected during the March 2008 sampling event were consistent with previous assessment results.

Groundwater elevations and groundwater flow direction for the March 2008 event were plotted for the shallow (above -10 feet NGVD), intermediate (-10 to -30 feet NGVD) and deeper (below -30 feet NGVD) zones and presented on **Figures 11, 12** and **13**, respectively. Based on these data, depth to water in the shallow zone ranges between 19.66 and 48.15 ft bgs; the apparent horizontal groundwater-flow direction is to the south-southwest at a horizontal gradient of 0.005 ft/ft (**Figure 11**). Depth to water in the intermediate zone ranges between 23.21 and 29.27 ft bgs; the apparent horizontal groundwater-flow direction is to the southwest at a horizontal gradient of 0.005 ft/ft (**Figure 12**). Depth to water in the deeper zone ranges between 22.90 and 27.74 ft bgs; the apparent horizontal groundwater-flow direction is to the southwest at a horizontal gradient of 0.0075 ft/ft (**Figure 13**).The groundwater flow direction is consistent with previous groundwater flow results.

An anomalous water-level measurement of 4.41 ft bgs was collected at Monitor Well MW-E. The depth to water in MW-E is assumed to be attributed to a perched water table in the western portion of the site, as the nearest well (MW-9) has a depth to water measurement of 27.92 ft bgs. It was also noted that there is a possible obstruction in MW-E, as the well depth is only 13.0 ft bgs. These shallow water-level measurements in MW-E have consistently been reported since February 2005.

3.2.2 Groundwater Analytical Results

It is apparent that there is an upward groundwater gradient across the site with more pronounced gradients near Clark Sand Pond on the western side of the site. On the eastern side of the side a slight vertical upward gradient of 0.02 feet was observed between shallow Monitor Well MW016 (mid-screen at 2.37 feet NGVD) and deeper Monitor Well MW017 (mid-screen at -40.44feet NGVD). On the western side of the site, vertical upward gradients were observed at two locations; 0.3 feet upward gradient between Monitor Well MW-18 (mid-screen at -24.88 feet NGVD) and Monitor Well

MW-19 (mid-screen at -44.89 feet NGVD) and 0.16 feet upward gradient at Monitor Well MW-20 (mid-screen at -23.53 feet NGVD) and Monitor Well MW-21 (mid-screen at -43.9 feet NGVD). Groundwater Analytical Results

The groundwater assessment analytical data is presented in **Figure 10**. The results of the March 2008 groundwater assessment indicate the following:

- USEPA Method 8260B analytical results indicated that VOC concentrations were detected below their respective FDEP GCTLs and/or laboratory method detection limits in groundwater samples collected at the site;

- FL-PRO analytical results indicated that TPH concentrations were detected below the FDEP GCTL and/or laboratory method detection limits in groundwater samples collected at the site;

- A comparison of the March 2008 sampling event to previous sampling events indicates that concentrations of VOCs, naphthalene, and TPH in groundwater samples collected at the site have decreased since initial assessment activities (**Tables 3** and **4**);

- The groundwater beneath the free-phase product is not impacted with COC concentrations above the FDEP GCTLs, indicating that the free-phase product is not dissolving into the groundwater; and

- TPH in soil greater than Leachability SCTL is not a continuing source to groundwater.

3.3 Quality Assurance/Quality Control

This section summarizes the quality assurance/quality control (QA/QC) procedures for samples collected in March 2008. One QA/QC sample (duplicate) was collected from Monitor Well MW017 and delivered to a fixed-based laboratory (Xenco Laboratories) for analysis of VOCs by USEPA Test Method 8260 during this event. The analytical data provided was reviewed for laboratory precision, accuracy, and completeness. The data were deemed acceptable based on the following information:

- Samples were prepared and analyzed within specified method holding times;

- The analytical results of the original sample (MW017) and duplicate sample (DUP001) were similar;
- Laboratory method blanks were analyzed for three selected TPH target compounds. The target compounds were reported below detection limits;
- Laboratory method blanks were analyzed for three selected VOC target compounds. The target compounds were reported below detection limits;
- Laboratory control sample (LCS) surrogate recoveries were low for TPH analysis. The control limits for percent recovery are 82 to 142% (o-Terphenyl), yet surrogates recoveries were reported as low as 50%. For most samples, one of the two surrogates was within acceptable ranges, which is the standard laboratory requirement; and
- LCS surrogate recoveries for VOC analysis were within control limits.

4. Combustible Gas Assessment

Combustible gas (methane) investigations were initiated during supplemental assessment activities conducted at the site by ARCADIS in January 2006. Five (5) methane monitoring wells (VM001 through VM005) have been installed on the eastern, southern, and southwestern boundaries of the site to determine if impacts, if present, are migrating offsite (**Figure 2**). The methane lower explosive limit (LEL) is 5% (50,000 parts per million [ppm]) by volume and the upper explosive limit (UEL) is 15% (150,000 ppm) by volume.

4.1 Vapor Monitor Well Sampling and Analysis

On March 14, 2008, vapor samples were collected from five wells in general accordance with Solid Waste Rules 62-7091.530 FAC. Vapor samples were delivered to a fixed-base laboratory (Microseeps, Inc.) for analysis of methane gas by USEPA Test Method AM20GAX.

4.2 Vapor Sample Results

The laboratory analytical results of the vapor samples are summarized in **Table 5**. The reported methane concentrations at VM001 through VM005 are shown in **Figure 14**. A copy of the laboratory analytical report for the combustible gas assessment activities

is included in **Appendix B**. The analytical results for the March 2008 vapor samples indicate the following:

- The methane concentration at VM003 was reported at 420% LEL, indicating that the waste in the vicinity of VM003 is producing methane. The production of methane is most likely the result of the anaerobic decomposition of organic material within the waste. This well as had the highest historical methane concentrations as compared to the other four vapor monitor wells, which have been less than 1% of LEL;

- Methane concentrations at VM001 (0.780 ppm by volume) and VM002 (0.960 ppm by volume) decreased compared to the April 2007 results. The methane concentrations in the southwestern portion of the landfill have been reported well below 1% of LEL since January 2006;

- Methane concentrations at WM004 and VM005 increased compared to the April 2007 vapor monitoring results. However, methane concentrations in the southeastern perimeter of the landfill have remained relatively stable and well below 1% of LEL since August 2006; and

- Based on methane concentrations reported in four vapor monitor wells located along the southwestern and southeastern perimeter of the landfill, offsite migration of gas emissions beyond the waste and/or the property perimeter is not apparent. The area of methane emissions is limited to the vicinity of VM003.

5. Closure Strategy Summary

In April 2007, ARCADIS submitted a closure strategy report to FDEP that identified the regulatory requirements to close the landfill and presented several alternatives for landfill closure. The landfill closure requirements that were identified are presented in the objectives section of this report (Section 1.1). The following sections summarize the work presented in the closure strategy report.

5.1 Current Site Setting

The landfill in its current state does not meet the minimum landfill closure requirements. Some locations of the landfill do not have two feet of earth cover over the waste and slopes along the southwestern, western, and northwestern portion of the

landfill are significantly steeper than 3 to 1 (ranging from 2.5:1 to 1:1). Portions of the slopes in the vicinity of Monitor Well MW-14 have failed and begun slumping toward Clark Sand Pond.

The landfill has not been maintained and includes areas of significant sloughing and erosion. In addition, ponded water currently exists on the landfill within the waste footprint, which greatly increases the potential for water infiltration and potential LNAPL migration.

5.2 Remedial Alternatives Evaluation

Using applicable regulatory considerations, FDEP's guidance documents and historical site data, ARCADIS developed three separate closure strategies for the Omni-Vest Landfill. The closure strategies were evaluated against threshold criteria (regulatory compliance, long-term effectiveness, implementability, and community acceptance). Construction costs were developed for each strategy. Consideration was also given to surrounding current/future land use and potential property end uses, such as parking lots, parks, ball fields, etc. for each closure option. Detailed information regarding the evaluation of potential closure options can be found in the Closure Strategy Report and Opinion of Probable Costs (ARCADIS, 2007a).

5.3 Selected Remedial Alternative

The closure strategy includes the clearing and grubbing of the entire landfill, relocation of waste to stabilize the western and southwestern slopes, placement of a 2-foot thick soil cover for the entire footprint of the waste, and construction of surface water control features. In addition, ARCADIS recommends the implementation of a free-phase product recovery program in conjunction with a groundwater and subsurface vapor (methane) monitoring plan. The design for the proposed remedial alternative is presented in the following section.

6. Remedial Action Design

A RAP summary form is included in **Appendix C**. A RAP checklist with the applicable sections completed is included in **Appendix D**. On April 3, 2008, ARCADIS and FDEP conducted a site meeting to address the scope of work, locations of work to be completed, remedial action details, and general construction issues. The grading, drainage, and sediment control plan associated with the selected remedial activities are presented in **Appendix E**.

6.1 Preparation of Work Plans

For implementation of the selected remedial action, Work Plans will be developed in accordance with State and Federal regulations. Preparation of Work Plans will consist of the Health and Safety Plan (HASP), Air Monitoring Plan (AMP), Stormwater Pollution Prevention Plan (SWPPP), Excavation and Materials Handling Plan (EMHP) and Construction Quality Assurance Plan (CQAP). These plans will be submitted to FDEP for review and approval following selection of an earthwork subcontractor and prior to the start of intrusive activities at the site.

6.1.1 Health and Safety Plan

A site specific HASP will be developed for identification and notification of chemical and physical hazards known to be associated with the remedial activities. The HASP will meet the requirements for health and safety protection and planning as required by the Occupational Safety and Health Administration (OSHA) requirements in Title 29 Code of Federal Regulations, Part 1910 and 1926 as applicable.

6.1.2 Air Monitoring Plan

The AMP will be completed for both worker safety and offsite protection. The AMP will include continuous air monitoring during waste relocation and slope stabilization of the landfill. Monitoring points will be established to protect excavation crews and nearby residences. Air monitoring program may include continuous VOC and dust monitoring. It is anticipated that air monitoring devices will be located on the northeast corner of the site (toward the closest residences).

6.1.3 Stormwater Management Plan

Stormwater runoff and erosion control measurements will be identified in the SWPPP. The SWPPP will include identification and selection of best management practices. Several erosion control measures are included in the design drawings (Appendix E). Silt fences will be installed around the site to prevent off-site movement of site soils. Temporary diversion berms and a sediment basin will be installed during construction to retain runoff and act as a sediment trap; overflow from the sediment basin will be directed to Clark Sand Pond. Riprap will be installed along the edge of Clark Sand Pond to prevent shore erosion along the pond. Erosion control matting will be installed on areas with slopes greater than 4:1 to minimize erosion while vegetation is established.

6.1.4 Excavation and Materials Handling Plan

Using the data collected during the trenching program conducted in February 2007, every attempt was made to limit relocation of the waste which contains free-phase product, in an effort to minimize exposure to potentially hazardous waste. However, when hazardous waste is encountered, it will require handling in accordance with State and Federal regulations. Consequently, an EMHP will be developed for the site. The Plan will also include the criteria and methodology for analysis of offsite soils to be use for soil cover and slope stabilization. FDEP has provided guidance regarding analytical requirements for backfill brought from off-site sources (**Appendix F**). Also included in the plan, the procedures for the decontamination of heavy equipment, trucks and support vehicles leaving the site.

6.1.5 Construction Quality Assurance Plan

The CQAP will be developed to assure that the construction activities are completed according to the design specifications. This plan will include such items as approval of backfill, compaction of relocated waste materials, compaction of the soil cover, installation of surface water control structure, and survey data.

6.2 Site Preparation

Site preparation will consist of several tasks that are necessary for the start of intrusive activities at the site. A description of various preparation activities are discussed below.

6.2.1 Site Access

The primary access route to the site is through Rose Street and Idlewood Drive located on the eastern side of the site. Because this is a residential area, there is some concern about this access route. Construction activities will require that heavy earthmoving equipment be brought on-site and approximately 1,430 dump trucks (10 cubic yard capacity) will be required to bring in landfill cover soils from off-site sources. It may be necessary to trim trees, relocate cable, telephone, and/or electrical power lines along Rose Street to allow sufficient clearance for the truck traffic. A community education and notification program is recommended.

Alternative access routes will be evaluated. One potential route is from the south through property owned by Escambia County and currently used by the Escambia

County Road Department. Some preliminary phone calls with Escambia County indicate that road improvements may be necessary to support truck traffic and Corps of Army Engineer permits may be required to cross the current Clark Sand Pond outfall structure (this outfall structure would need to be restored following the landfill construction activities). Clark Sand Pond was purchased by Escambia County to be used as a long-term for storage of dredging spoils from the Bayou Chico.

Another access alternative is to use the St. Louis and San Francisco Railroad to bring in backfill by rail and off-load near the site. ARCADIS will continue to identify alternative routes prior to the start of construction activities.

6.2.2 Property Access

The landfill is currently owned by several property owners. FDEP will coordinate with the various site owners to secure the necessary access agreements, as well as deed restrictions indicating that the new landfill cover should be maintained and not disturbed and prohibiting groundwater use at the site. In addition, FDEP will secure construction easements from the St. Louis and San Francisco Railroad to relocate the fence portion along the north property boundary.

6.2.3 Permits

ARCADIS has contacted Escambia County, the Northwest Florida Water Management District NWFWMD, and FDEP regarding potential permit requirements for this work. Identified permits include the following:

- Environmental Resource Permit – permit issued by FDEP (Submerged Lands Program located in the Northwest Office – Pensacola). This is an extensive permit application that details the erosion and stormwater pollution prevention plan for the site. Estimated time to secure permit is 4-6 months;

- Land Disturbance Permit – permit issue by Escambia County Building Department. Involves completion of a simplified form. Estimated time to secure permit is 1-2 days; and

- Modular Office Trailer Permit – permit issued by Escambia County Building Department. Involves completion of a form and submittal of engineered drawings for trailer anchoring and foundation. A permit is only required for trailers exceeding 32 feet in length. Estimated time to secure is one week.

- Use of Water From Clark Sand Pond For Dust Control – Escambia County owns Clark Sand Pond and permission to use the water from the pond is required. The NWFWMD was contacted regarding the need for a consumptive use permit to use the pond water; however, no permit is required.

6.2.4 Clearing

Clearing activities will include the cutting and chipping of existing trees and shrubs. Clearing will be expanded to the entire footprint of the landfill. To minimize trucked materials leaving the site, the vegetation will be chipped and left onsite and incorporated into the new cover system.

6.2.5 Well Abandonment

Due to the extensive clearing.grubbing and grading work that will be completed across the entire site, it will be necessary to abandon all the on-site wells. Therefore, prior to initiating the earthwork, a driller licensed in the State of Florida will mobilize to the site to properly abandon 25 monitor wells (MW-1B, MW-2, MW-3B, MW-4, MW-5, MW-6, MW-7, MW-8, MW-9, MW-10, MW-11, MW-12, MW-13, MW-14, MW-15, MW016, MW017, MW018, MW019, MW020, MW021, MW022, MW-A, MW-B, and MW-E), 3 recovery wells (RW-1, RW-2, and RW-3), and 5 vapor monitor wells (VM001 through VM005) located within the area of remedial activities (**Figure 15**). The wells will be abandoned using the tremie-pipe method (filling each well with grout starting at the bottom to the surface).

6.2.6 Dust Control Water

A temporary tank will be set-up on the site to contain water that will be used for dust control during earthmoving activities. The source of water used for dust control will be treated water from the on-site pond and water from the Clark Sand Pond. As noted in Section 6.2.3, the pond is owned by Escambia County and it will be necessary to request permission to use the pond water.

6.2.7 Construction Trailer

A construction trailer will be temporary installed to accommodate an office for workers. The trailer will be located on the Cole Property (former Stewart residence) and new fencing will be installed around the trailer for security purposes (**Figure 15**). The Cole house will remain and will not be razed.

6.3 Pond Water Management

It is anticipated that the water in the onsite pond would require removal prior to the re-grading of the site. Based on the site characterization data, the pond water contains TPH and zinc above SCTLs. It is anticipated that the zinc is associated with or adsorbed to suspended solids in the pond water. If so, the suspended solids and associated zinc can be removed by filtration. The pond water will be re-sampled prior to de-watering of the pond to evaluate the dissolved zinc concentrations to determine if other zinc treatment methods are required. At this time, it is assumed that the pond water can be treated by pumping through liquid-phase granular activated carbon (GAC) vessels. The GAC will act to filter suspended solids (and associated zinc) and will adsorb the organic compounds (TPH). Two 55-gallon GAC vessels (total of 400 pounds of GAC) will be used in parallel to provide sufficient treatment of the pond water. A calculation, provided in Appendix G, estimates the GAC requirement to be 126 pounds to remove the TPH. The treated liquids from the onsite pond will be then placed into a water storage tank that will be used for dust control during construction activities.

6.4 Surface Water Control Structures

Surface water control structures will be installed during construction activities for erosion and sediment control and are shown on the design drawings in **Appendix E**. Control structures include diversion berms, sediment trap, down drains and floating sediment barrier and were designed based on a 25-year, 24-hour storm event. Calculations and/or design guidance for some of these structure types is provided in **Appendix H**. Following is a description of the design rational used for each.

6.4.1 Diversion Berms

Diversion berms will be located within the property to direct water toward the proposed sediment trap located along the southern boundary of the property. The diversion berms are sized to handle the peak flow from the 25-year, 24-hour storm event.

6.4.2 Sediment Trap

A single sediment trap for the site is proposed along the southern boundary of the site. This sediment trap will be designed in accordance with the Best Management Practice for Sediment Traps found in the Florida Erosion and Sediment Control Inspector's Manual.

The pond is sized to have an initial storage capacity of at least 134 cy/acre. The outlet will be 24 inches and will have the upper 2/3 of the riser perforated with ½ inch diameter holes spaced 8 inches vertically and 10 to 12 inches horizontally.

Upon final stabilization of the site the sediment trap will be removed and regraded.

6.4.3 Down Drains

Down drains were sized based on the maximum anticipated flow to a single down drain inlet in the landfill for a 25-year storm. The down drain inlet was checked for inlet control so that the inlet capacity of the down drain exceeded the maximum anticipated flow. For this site, a 24-inch down drain inlet will handle the maximum anticipated flow.

Currently the only proposed down drain is the effluent pipe of the proposed sediment trap. Upon stabilization of the site, the sediment trap will be re-graded (filled in) and removed. The two diversion berms directing water to the sediment pond will be extended to a common headwall where the 24-inch down drain will be connected.

6.4.4 Floating Sediment Barrier

Clark Sand Pond is approximately 17 acres in size and was originally used as a soil (sand) mining operation. Currently, the pond is being used as a spoil site for dredged material from Bayou Chico through a joint project with the FDEP, Corps of Army Engineers, and Escambia County. The outlet of the pond is a weir structure that controls the flow (and pond level) to allow for settling of the dredged material.

As part of the cover improvements to the Omni-vest Landfill, a floating sediment barrier is proposed in Clark Sand Pond in the area immediately adjacent to the project area. The floating sediment barrier will be located approximately 40 feet from the shoreline in the project area. Anchors will be provided at approximately 100 feet intervals. The depth of the pond at the area is unknown. A 10 feet tall sediment curtain is proposed.

Upon stabilization of the project site, the floating sediment barrier will be removed; the sediment will not be removed as Clark Sand Pond is being utilized as a sediment pond for the dredging operations.

6.5 Waste Relocation and Slope Stabilization

To stabilize the side slopes along the southwestern, western, and northwestern portion of the landfill, approximately 14,000 cubic yards of existing waste and soil cover will be relocated on-site to achieve the desired slopes (**Appendix E**). Of the 14,000 cubic yards, approximately 1,000 to 2,000 cubic yards is expected to be waste materials. Based on the geotechnical data collected during the trenching activities and summarized in section 2.1.3, the sides slopes will be reduced to no steeper than 3 (horizontal):1 (vertical). The re-grading of the slopes will provide long-term stability, limited soil erosion, and minimize the infiltration of surface water. The subgrade contour drawing provided in **Appendix E** was developed such that no additional fill is required to be brought on-site to achieve the required slopes; that is the volume of cut soil and fill soils is balanced.

6.6 Soil Cover

The final cap for the entire footprint of the waste will consist of an 18-inch thick soil cap and 6 inches of topsoil. Compaction of the final cap will be performed in 6-inch lifts, using a vibratory roller, with the top 6 inches loosely compacted. Standard Proctor compaction test and in-place density test shall be performed on each lift to ensure proper placement of the fill material. Soil cover materials in the 18-inch thick base of the soil cover shall be placed at a moisture content that is within +/- 3% of the optimum moisture content and to 90 percent of the maximum dry density as determined by standard proctor (ASTM 698).

Soils for the soil cover will need to be brought on-site from off-site sources. These off-site soils will be analyzed and determined to be clean prior to use in accordance to FDEP guidance (**Appendix F**). The methodology for the analysis for the off-site sources will be implemented in accordance with the EMHP for the site.

After final grading of the cap, the cap will be seeded with Bahia Honda grass (or other similar slope stabilizing vegetation).

6.7 Access Roads, Fencing, and Signage

As part of the final grading, an access road will be extended across the property as shown in **Appendix E** to allow vehicle access across the site for ease of long-term maintenance and monitoring of the site. The road will be constructed with crushed shell.

Eight feet high chain-link fences (with 3 strands of barbed wire) will encompass the site. The fences will be inset approximately six feet from the property boundaries and on the outside of the waste limits to allow grass cutting on the outside of the fence to prevent vegetation from overgrowing the fences.

Signs will be posted and maintained on the landfill perimeter fences. The signs will identify the site as a landfill and the appropriate information will be posted (FDEP contact and phone number). The content of the signs and spacing of the signs will be discussed with FDEP.

6.8 Free-Phase Product Recovery and Monitoring Plan

Upon completion of the landfill closure activities, a new recovery well network will be installed and a free-phase product recovery program will be implemented to address the free-phase product present at the site.

6.8.1 Recovery Well Network

An active free-phase product recovery system was previously tested at the site and was not successful due to the high viscosity of the free-phase product. Because of this, a manual bailing program is proposed to remove free-phase product at the site in the area near Monitor Well MW-4. One large diameter recovery well (RW-4) will be installed to a depth of 40 ft bgs at the locations indicated on **Figure 16**. The recovery well will consist of 20 feet of 8-inch diameter, 0.030-inch continuous wire-wrapped stainless steel screen and 20 feet of 8-inch diameter flush-threaded carbon steel riser that will extend to 2 feet above land surface. The screened section of each well will be surrounded with peagravel to a depth of 1 foot above the screen, followed by a 0.5 foot section of 30/65 fine grain silica sand seal, followed by Type I Portland cement grout to land surface. Each recovery well will be completed with a stick-up, steel protective cover and concrete pad and locks will be provided on each wellhead cover. Bollards will be placed around the recovery wells to provide protection against vehicles and grass cutting equipment.

6.8.2 Free-Phase Product Recovery and Monitoring Plan

ARCADIS will conduct quarterly manual free-phase product recovery events to gauge and remove free product from recovery wells. Free-phase product will be recovered using the product bailing technique. Once the product thickness in the recovery wells

is reduced to 2 feet or less, the frequency of the recovery program will be adjusted to one event per year.

6.9 Groundwater Monitoring Plan

The monitor well network located at the site will be properly abandoned; therefore, replacement of pertinent monitor wells will be required. Upon completion of the landfill closure construction activities, a replacement groundwater monitor well network will be installed to address post-closure groundwater monitoring requirements and to determine the impact and effectiveness of the closure.

6.9.1 Monitor Well Network

The proposed monitor well network will consist of eleven ten monitor wells located around the perimeter of the landfill as shown on **Figure 16** and summarized below:

- Two monitor well pairs (4 wells) will be located along the southeastern perimeter of the landfill (well pair MW026 and MW027 and well pair MW028 and MW029);
- Two monitor well pairs (4 wells) will be located along the southwestern perimeter (well pair MW030 and MW031 and well pair MW032 and MW033);
- One background monitor well located along the northeastern perimeter (MW025): and
- One background well will be located along the northern perimeter of the landfill (MW024)

Each proposed monitor well pair will consist of one well extending to a depth of 40 ft bgs and one well extending to a depth of 55 ft bgs. The shallow monitor well will be screened from a depth of 30 ft bgs to 40 ft bgs, and the deep monitor well will be screened from 45 ft bgs to 55 ft bgs. The wells in the northeastern and northwestern portion of the site will be installed to a depth of 60 ft bgs and will be screened from 50 ft bgs to 60 ft bgs. Final well depths and screen intervals were selected to be consistent with the construction details of the original monitor wells.

The new monitor wells will be constructed of 2-inch diameter schedule 40 PVC with the lower 10 feet comprised of 0.010-inch slotted screen. A 20/30 silica sand pack will

extend to one foot above the screen, followed by a one-foot fine sand seal, then Type I Portland cement grout to land surface. The wells will be completed with a stick-up, steel protective cover and concrete pad and the top-of-PVC casing surveyed to the nearest 0.01 foot NGVD. Three bollards will be installed around each well to protect the wellhead from being damaged by grass cutting equipment.

6.9.2 Monitor Well Sampling and Analysis

The groundwater monitoring program will be conducted until it is demonstrated that the groundwater at the site is stable. The monitoring program will initially consist of sampling of replacement monitor wells on a annual basis to monitor impacts of closure construction activities on groundwater quality. Groundwater sampling activities will be performed per the FDEP SOP (DEP-SOP-001/01) dated February 2004. Depth-to-water measurements will be collected during sampling events. Groundwater samples will be analyzed for VOCs plus naphthalene by USEPA Test Method 8260B, TPH by FL-PRO Method, ammonia, and 8 RCRA metals. The analytical results will be compared to FDEP GCTLs specified in Chapter 62-777 FAC and the groundwater data provided in quarterly reports to determine the effectiveness of the remedial approach.

6.10 Combustible Gas Monitoring Plan

The vapor monitor well network located at the site will be properly abandoned; therefore, new vapor monitor wells will be required. Upon completion of the landfill closure construction activities, vapor monitor wells will be installed for post-closure combustible-gas (methane) monitoring.

6.10.1 Vapor Monitor Well Network

The new vapor monitor well network will consist of nine wells installed along the perimeter of the site (**Figure 16**). Each vapor monitor well will be constructed to a depth of 12 ft bgs (within the vadose zone). The wells will consist of 2-inch diameter schedule 40 PVC with the lower 10 feet comprised of 0.010-inch slotted screen and sealed at the surface. The wells will be completed with a stick-up, steel protective cover and concrete pad.

6.10.2 Vapor Monitor Well Sampling and Analysis

The combustible gas monitoring will initially be conducted on an annual basis to establish vapor concentrations trends/exposure risks/landfill stabilization. Vapor

sampling activities will be collected in general accordance with Solid Waste Rule 62-701.530 FAC. Vapor samples will be analyzed using a field methane meter.

6.11 Long-term Care of the Landfill

The landfill will require long-term care that will include maintenance of the soil cover including periodic grass cutting and prevention of any wooded vegetation (trees) from compromising the soil cover. The fences and signage will be inspected quarterly and repaired as needed. The site will be inspected to determine if any areas of the soil cover are eroding. Soil cover repairs will be completed as needed.

7. Reporting

Anticipated project deliverables for this remedial program will include the following:

- Construction Work Plans (as identified in section 6.1);
- Request For Bid Documents;
- Remedial Action Closure Report; and
- Post-Closure Monitoring Reports.

The Remedial Action Closure Report will include as-built construction drawings and a brief description of the landfill closure activities. A professional engineer registered in the State of Florida will sign and seal the report. The Post-Closure Monitoring Reports will include information specified in FDEP guidance documents (this is much too broad a statement – be specific). Conclusions and recommendations will be based on field and analytical data collected throughout the evaluated period.

8. Schedule

Coordination and preparation of the proposed remedial activities will be initiated following approval of this RAP. The schedule for implementation of the described activities is presented in **Table 6**.

9. Termination of Remedial Action

Remedial activities will be considered completed when the following criteria are achieved:

- Minimum regulatory requirements are met in accordance to criteria in Chapters 62-701 and 62-780, FAC, and FDEP's *Guidance for Disturbance and Use of Old Closed Landfill and Waste Disposal Areas in Florida*; and

- It is adequately demonstrated that concentrations of the COCs in site groundwater are consistently below FDEP GCTLs in Chapter 62-777 FAC and/or groundwater is not a risk to human health and the environment.

- Per Chapter 62-780, free product may remain within the property boundary provided source removal is not feasible and if required engineering controls are used to protect human health, public safety, and the environment.

When the post-closure monitoring results indicate site conditions are stable and remediation is complete, ARCADIS will prepare a Site Rehabilitation Completion Report (SRCR) including a request that a Site Rehabilitation Completion Order (SRCO) be issued. The SRCR will include a request for a No Further Action (NFA) or a Conditional NFA determination in accordance with site-specific conditions and risk-based closure options in Chapter 62-780 FAC.

10. Remedial Cost Estimate

The total estimated cost to implement the selected remedial alternative at this facility is $1,961,000. This cost estimate includes activities associated with the closure of the landfill and assumes four years of post-closure monitoring. **Table 7** presents a summary of the engineering cost estimate for proposed activities.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18254 **County Administrator's Report 12. 5.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Traffic Restrictions - Parking Prohibition - Perdido Key Drive
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Traffic Restrictions - Parking Prohibition on Perdido Key Drive - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the filing of new traffic restrictions - parking prohibition - per the requirements of Ordinance Number 2003-26, which authorizes the County Engineer to place restrictions on the movement of traffic on County roadways and streets:

A. Adopt the Resolution establishing the parking prohibition on Perdido Key Drive from Theo Baars Bridge to Alabama State Line; and

B. Authorize the Chairman to sign the Resolution.

Fund 175	Transportation Trust Fund	211201	53401	Sign Installations

Perdido Key Drive is located in Commission District 2.

BACKGROUND:

Prior to September 2019, Perdido Key Drive was a State Road (SR292). It is a two-lane facility located directly along the Gulf of Mexico that provides access to the beaches of Perdido Key, hosting residents and visitors. In 2016, the Perdido Key Master Plan was adopted with a goal to make the Perdido Key community safer and more inviting through improvements to the infrastructure on Perdido Key, with a goal of increased safety and walkability. An inventory of "No Parking" signs was performed on Perdido Key Drive at that time.

In September 2019, a Transfer Agreement with the State of Florida transferred

ownership and maintenance of Perdido Key Drive to Escambia County.

In May 2020, County staff received calls regarding vehicles parked along the roadway and shoulders of Perdido Key Drive, causing unsafe conditions for both vehicle and pedestrian travel due to restricted and compromised critical sight-lines. Also at issue was the potential damage to the natural landscape/protected habitat along the road edge.

The Board is authorized under Sections 316.006(3)(a)(b), 316.008(1)(j), and 316.555 of the Florida Statutes (2009), to establish regulation on County roadways and streets. Volume 1, Chapter 94, Articles I and II of the Escambia County Code of Ordinances (Ordinance No. 2003-26), authorizes the County Engineer to place restrictions on the movement of traffic, vehicles, and parking on County roadways and streets. This authorization requires the County Engineer to file quarterly, for Board ratification by Resolution, a list of all limitation orders established under this section.

In an effort to improve safety, County staff re-assessed the existing parking restriction signs along the corridor and recommended the installation of approximately 30 new signs to clearly demarcate No Parking zones along the shoulders of Perdido Key Drive.

BUDGETARY IMPACT:

Fund 175	Transportation Trust Fund	211201	53401	Sign Installations

LEGAL CONSIDERATIONS/SIGN-OFF:

Escambia County Attorney's Office has reviewed and approved the Resolution as to form and legal sufficiency.

PERSONNEL:

No additional personnel required.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board is authorized under Sections 316.006(3)(a)(b), 316.008(1)(j), and 316.555 of the Florida Statutes (2009), to establish regulation on County roadways and streets. Volume 1, Chapter 94, Articles I and II of the Escambia County Code of Ordinances (Ordinance No. 2003-26), authorizes the County Engineer to place restrictions on the movement of traffic, vehicles, and parking on County roadways and streets.

IMPLEMENTATION/COORDINATION:

The No Parking signs have been installed at all locations. Upon BCC approval, a copy of the Resolution will be forwarded to the Sheriff's Department and the Environmental Code Enforcement Division of the Escambia County Natural Resources Management Department.

RESOLUTION NUMBER R2020-_____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, IMPOSING A PARKING PROHIBITION ON PERDIDO KEY DRIVE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to §§316.006(3)(a)(b); 316.008(1)(j), and 316.555, Florida Statutes, the Board of County Commissioners ("Board") is authorized to establish restrictions on traffic, vehicles, and parking on certain roads for public safety and convenience; and

WHEREAS, the County Engineer, acting on behalf of the Board, is authorized under, Chapter 94, Articles I and II, Escambia County Code of Ordinances , to place restrictions on traffic, vehicles, and parking on certain roads and to erect signs conforming to the manual and specifications of the Department of Transportation; and

WHEREAS, the County Engineer is directed to file, quarterly, a list of all limitation orders (traffic restrictions/prohibitions) for Board ratification by resolution; and

WHEREAS, County staff conducted an evaluation and concluded a parking prohibition on Perdido Key Drive from the Theo Baars Bridge to the Alabama State Line is recommended to prevent parking along the right-of-way that causes destruction to natural habitat, creates sight distance deficiencies, and promotes unsafe pedestrian movement.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AS FOLLOWS:

SECTION 1. The above stated recitals are true and correct and incorporated herein by reference.

SECTION 2. The Board of County Commissioners has concluded it is in the best interest of the welfare of the citizens of Escambia County, Florida, particularly residents in the area affected hereby, to prohibit parking on Perdido Key Drive from the Theo Baars Bridge to the Alabama State Line.

SECTION 3. Transportation & Traffic Operations staff previously placed "No Parking" signs in conspicuous locations on Perdido Key Drive that reflect the limitations established herein.

SECTION 4. The aforementioned limitations shall take effect immediately upon adoption of this Resolution by the Board of County Commissioners of Escambia County, Florida.

ADOPTED this _____day of _____ 2020.

AI-18288 **County Administrator's Report 12. 6.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Appointee For Housing Finance Authority
From: Janice Gilley, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning an Appointment to the Escambia County Housing Finance Authority - Janice P. Gilley, County Administrator

That the Board take the following action concerning appointments to the Escambia County Housing Finance Authority:

A. Waive the Board's Policy, Section I, Part B.1. (D), Appointment Policy and Procedures; and

B. Reappoint Robert Ward to serve another four-year term, effective August 1, 2020, through July 31, 2024, as requested by Patricia D. Lott, Executive Director of the Escambia County Housing Finance Authority.

A General Alert was posted on the County's website from July 1, 2020, to July 15, 2020, seeking Escambia County residents interested in volunteering to be considered for an appointment to the Authority. No Resumes' from citizens interested in serving on the Authority were received.

BACKGROUND:

The Authority was established by the Board of County Commissioners through the adoption of Escambia County Ordinance 80-12, in accordance with the Florida Finance Authority Law, Chapter 78-89, Laws of Florida. The purpose of the Authority is to eliminate the shortage of adequate housing in Escambia County.

A Letter from Patricia D. Lott, Executive Director of the Escambia County Housing Finance Authority recommending Mr. Ward's reappointment is provided for review.

A General Alert was posted on the County's website from July 1, 2020, to July 15, 2020,

seeking Escambia County residents interested in volunteering to be considered for an appointment to the Authority. No Resumes' from citizens interested in serving on the Authority were received.

Re: Reappointment to the Escambia County Housing Finance Authority – Robert Ward

Dear Janice:

Mr. Robert Ward's appointment to the Escambia County Housing Finance Authority expires on July 31, 2020. Mr. Ward has expressed a desire to be reappointed to the Authority for an additional four-year term commencing August 1, 2020 through July 31, 2024. The members of the Authority would be pleased to retain Mr. Ward as he has considerable experience in land development and understands the housing needs of Escambia County residents. Mr. Ward has devoted a substantial amount of time and effort to understanding the operation and goals of this Authority and his continued service will be of great benefit to the Board.

Thank you for your consideration. If you have any questions, please feel free to contact me at (850) 432-7077.

Sincerely,

Patricia D. Lott

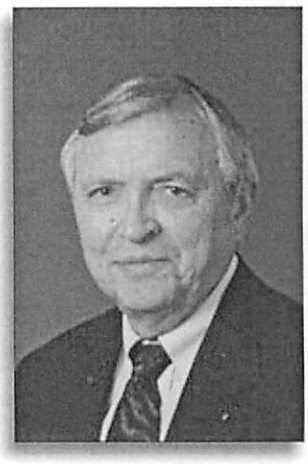
Robert Ward, Chairman
August 1, 2019 - July 31, 2020



Mr. Ward is a Civil Engineer with Southern Land Concept, a firm he founded in 1976. Mr. Ward attended Pensacola Junior College and the University of South Alabama earning a B.S. in Civil Engineering. He is a licensed engineer in Alabama, Mississippi and Florida as well as a licensed surveyor in Alabama and Florida. Mr. Ward was first appointed to the Authority for a two-year term from 1985-1987 and is currently serving his ninth term as an Authority member. He is a member of the National Association of Local Housing Finance Agencies, the Florida Association of Local Housing Finance Authorities, the Pensacola North Rotary Club, the Alabama Society of Professional Land Surveyors and the Alabama Pecan Growers Association. Mr. Ward is a native of Pensacola and has two children.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18291 **County Administrator's Report 12. 7.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Amended and Restated Interlocal Agreement between Escambia County, Santa Rosa County, and City of Pensacola for Shared Use of Comms Infrastructure
From: Jason Rogers, Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Approval of the Amended and Restated Interlocal Agreement Between Escambia County, Santa Rosa County, and the City of Pensacola - Jason Rogers, Public Safety Department Director

That the Board take the following action concerning the Amended and Restated Interlocal Agreement between Escambia County, Santa Rosa County, and the City of Pensacola. Santa Rosa County agrees to pay an annual service fee of $118,717.42, which is equal to 31% of the annual recurring maintenance and system upgrade fees. The City of Pensacola agrees to pay an annual service fee of $53,614.31, which is equal to 14% of the annual recurring maintenance and system upgrade fees. Each party's proportionate share will be subject to review every three years, and the annual service fees may be adjusted by written amendment to this Interlocal Agreement:

A. Approve the Agreement commencing October 1, 2020, and expiring on September 30, 2021, with automatic renewals for successive 12-month terms beginning on October 1st of each fiscal year until terminated by either party; and

B. Authorize the Chairman to sign the Agreement.

BACKGROUND:

Escambia County's P25 Digital UHF Radio System includes an integrated computer core which can support multiple system users. In 2015, Escambia County entered into an Interlocal Agreement with Santa Rosa County and the City of Pensacola that established a provision to allow these entities' public safety radio systems to reside on Escambia County's computer core in exchange for annual radio core maintenance cost.

On this agenda is an item which will have Escambia County execute a System Upgrade Agreement (SUA) with Motorola Solutions, Inc., which provides planned lifecycle upgrades over a 10-year term, if approved by the Escambia County Board of County Commissioners (BCC). This proposed Interlocal Agreement amends and restates the original Agreement and extends cost sharing to the radio core portion of the SUA.

In exchange for the use of Escambia County's P25 master core and existing user configuration server (UCS), Santa Rosa and the City of Pensacola will pay Escambia County a proportionate share of the annual maintenance and SUA cost associated with the P25 master core as determined by the number of registered radio subscribers using the core. Santa Rosa County agrees to pay an annual service fee of $118,717.42, which is equal to 31% of the annual recurring maintenance and system upgrade fees. The City of Pensacola agrees to pay an annual service fee of $53,614.31, which is equal to 14% of the annual recurring maintenance and system upgrade fees. Each party's proportionate share will be subject to review every three years, and the annual service fees may be adjusted by written amendment to this Interlocal Agreement. Payment will be due on or before October 31st of each year. This Interlocal Agreement allows each party to provide rack and antenna mounting space at their respective tower sites upon receiving written approval from the host agency's Communications representative. This Interlocal Agreement will:

- Provide $172,331.73 in annual revenue to Escambia County,
- Provide radio interoperability for Escambia County, Santa Rosa County, and City of Pensacola during mutual aid events, and
- Provide rack and antenna mounting space to increase area wide coverage and interoperability.

BUDGETARY IMPACT:

The County will receive revenue, in the amount of $172,331.73, as a result of the Interlocal Agreement.

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Senior Assistant County Attorney, approved the documentation as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Interlocal Agreements require approval by the Board of County Commissioners.

IMPLEMENTATION/COORDINATION:

Upon Board approval and proper execution, the Public Safety Business Operations Division Manager will ensure the appropriate originals are returned for file. The Public Safety Communications Division Manager will oversee implementation of the Interlocal Agreement and work in close cooperation with Santa Rosa County's and City of Pensacola's Communications representatives.

Attachments

Amended and Restated Interlocal Agreement

AMENDED AND RESTATED INTERLOCAL AGREEMENT FOR SHARED USE OF COMMUNICATIONS INFRASTRUCTURE

This Amended and Restated Interlocal Agreement (hereinafter "Agreement") is made and entered into by and between the **City of Pensacola**, a municipal corporation of the State of Florida, (hereinafter "City"), with an administrative address of P.O. Box 12910, Pensacola, Florida 32521, and **Santa Rosa County**, a political subdivision of the State of Florida, acting through its Board of County Commissioners (hereinafter "Santa Rosa"), with an administrative address of 6495 Caroline Street, Milton, Florida 32570, and **Escambia County**, a political subdivision of the State of Florida, acting through its Board of County Commissioners (hereinafter "Escambia"), with an administrative address of P.O. Box 1591, Pensacola, Florida 32597, (collectively referred to hereinafter as the "Parties").

WITNESSETH:

WHEREAS, the City, Escambia, and Santa Rosa have legal authority to perform general governmental services within their respective jurisdictions; and

WHEREAS, pursuant to §163.01, Florida Statutes, the City, Escambia, and Santa Rosa are authorized to enter into interlocal agreements and cooperatively utilize their powers and resources in the most efficient manner possible; and

WHEREAS, on or about July 23, 2015, the Parties entered into an Interlocal Agreement for Shared Use of Communications Infrastructure; and

WHEREAS, the City, Escambia, and Santa Rosa desire to enter into this Amended and Restated Interlocal Agreement setting forth the terms whereby the parties shall cooperatively utilize certain communications infrastructure owned by Escambia County for the purpose of supporting an interoperable P-25 public safety radio communications system; and

WHEREAS, this Interlocal Agreement is intended to supersede in its entirety the Interlocal Agreement for Shared Use of Communications Infrastructure dated July 23, 2015.

NOW THEREFORE, for and in consideration of the mutual covenants contained herein and the mutual benefits and for other good and valuable consideration, the Parties to this Amended and Restated Interlocal Agreement hereby agree as follows:

Section 1. Recitals. The recitals contained in the Preamble of this Agreement are declared to be true and correct and are incorporated into this Agreement.

Section 2. Purpose of the Agreement. Pursuant to §163.01, Florida Statutes, this Agreement establishes the conditions, extent, and mechanism whereby the Parties shall cooperatively utilize certain communications infrastructure owned by Escambia County for the purpose of supporting an interoperable P-25 public safety radio communications system.

Section 3. Definitions.

P-25 public safety radio communications system: The digital radio system that provides for communications to all Escambia County Public Safety entities, to include Emergency Communications Center, Escambia County Fire Rescue (ECFR), Escambia County Emergency Medical Services (EMS), and Escambia County Sheriff's Office (ECSO).

The P25 system hardware includes; computer servers, base station radios, mobile and portable radios, site routers, microwave towers, microwave radios and dishes, and transmit/receive antennas.

P25 Master Core: The Master Core is housed at the Escambia Public Safety Building located at 6575 North "W" Street. "Core" hardware includes servers, routers, and computer switches associated with processing, routing, and managing digital radio transmissions.

User Configuration Server (UCS): Database management server used for creating and managing radio "talk groups" within the communications system.

Section 4. Responsibilities of the Parties.

Escambia and Santa Rosa shall cooperatively establish a technical means whereby Santa Rosa may operate Motorola P-25 radio sites utilizing Escambia's P25 Master Core. Escambia's existing UCS will serve as the primary database server for all user configurations. Escambia shall provide authorized Santa Rosa staff reasonable access to the UCS for user and system configuration. Santa Rosa will provide a reliable network connection (microwave, fiber, wireless, common carrier and/or other means) between the Santa Rosa and Escambia network systems and shall, at all times, be responsible for maintaining network connectivity to the UCS.

Escambia and the City shall cooperatively establish a technical means whereby the City may operate Motorola P25 radio sites utilizing Escambia's P25 Master Core. Escambia's existing UCS will serve as the primary database server for all user configurations. Escambia shall provide authorized City staff reasonable access to the UCS for user and system configuration. The City will provide a reliable network connection (microwave, fiber, wireless, common carrier and/or other means) between the City and Escambia network systems and shall, at all times, be responsible for maintaining network connectivity to the UCS.

The Parties will provide component rack and antenna mounting space for network connectivity at their respective tower sites upon receiving written approval from the Communications Chief, or designee, of the host party.

The Parties shall take appropriate measures to prevent the programming of unauthorized radio communications within their respective jurisdictions.

The Parties shall cooperatively define and document preprogrammed interoperable talk groups within each jurisdiction in order to facilitate interoperability during disaster responses. Any other preprogrammed interoperable talk groups crossing jurisdictional boundaries shall require prior written authorization.

The Parties agree to work cooperatively to determine a mutually agreeable operational plan in the event of any system-wide upgrades relating to the P25 Master Core. Each Party will be solely responsible for any costs or expenses related to modification, repair, or replacement of their respective components that may be required to accommodate system-wide upgrades.

The Parties agree that technological upgrades to Escambia's P25 Public Safety Radio Communications System will be necessary to sustain the operability of the radio system infrastructure. System upgrades must be performed in order to ensure the system maintains an equivalent level of current software and hardware functionality, reliability, and security and to provide any technological advancements that are available at the time of the upgrade. System upgrades may be performed as a capital investment or as part of an ongoing contractual arrangement with a vendor pursuant to a System Upgrade Agreement.

The Parties shall at all times maintain their respective components in good working order. Each Party will be solely responsible for any maintenance costs or expenses related to repair or replacement requirements.

Section 5. Independence of Operations. The Parties hereto shall at all times maintain independent P-25 radio services within their respective jurisdictions.

Section 6. Escambia-Motorola Services Agreement. Escambia entered into a *Maintenance Support and SUAII Purchase Agreement* with Motorola Solutions, Inc. to provide maintenance support and software upgrade services for Escambia's P-25 public safety radio communications system. If said Agreement is terminated or modified for any reason, Escambia shall provide reasonable notice of such termination or modification to the City and Santa Rosa.

Section 7. Service Fee. In exchange for the use of Escambia's P25 Master Core and existing UCS, Santa Rosa and the City shall pay Escambia a proportionate share of the annual maintenance support and software upgrade service fee associated with the P25 Master Core as determined by the number of registered radio subscribers per party utilizing the P25 Master Core. Santa Rosa agrees to pay an annual service fee of $118,717.42 equal to 31% of the annual recurring maintenance support and software upgrade service fees associated with the P25 Master Core. The City agrees to pay an annual service fee of $53,614.31 equal to 14% of the annual recurring maintenance support and software upgrade service fees associated with the P25 Master Core. Each party's proportionate share shall be subject to review every three (3) years, and the annual service fees may be adjusted by written amendment to this Agreement.

Santa Rosa and the City shall tender payment to Escambia on or before October 31st of each year. In the event City or Santa Rosa should fail to timely remit payments due under this Agreement, Escambia shall furnish the defaulting party with written notice of default and provide fifteen (15) days opportunity to cure the default before the Agreement is terminated as to the defaulting party.

Section 8. Permits. The performance by any party under this Agreement shall be subject to and contingent upon receipt of all permits or other federal, state, or local governmental authorizations ("Permits") necessary for the use of the Facilities and Equipment, including, but not limited to, any building permits, zoning allowances, variances, special use permits or other permits.

Section 9. Compliance with Laws. The Parties agree to comply with all federal, state, and local laws, rules, policies, or guidelines related to the performance of this agreement now in effect or hereafter enacted as the same may apply to the use of the Facilities and Equipment, and shall obtain any necessary licenses, permits, and other approvals required of the use of said Facilities and Equipment. The Parties further agree to cooperate in obtaining such licenses, permits, and approvals. Each Party shall be responsible for compliance with all FCC and/or OSHA radio frequency rules and regulations as they pertain to each Party's respective components of the Facilities and Equipment.

Section 10. Effective Date. This Agreement, after being properly executed by the Parties, shall become effective upon its filing with the Offices of the Clerks of the Circuit Court of Escambia County and Santa Rosa County ("Effective Date"). Each County shall be responsible for filing this document with the Clerk in its respective jurisdiction.

Section 11. Term. The initial term of this Agreement will commence on October 1, 2020. Thereafter, the Agreement will automatically renew for successive twelve-month terms unless otherwise terminated as provided herein.

Section 12. Termination. Any Party may terminate its participation in the shared use of communications infrastructure pursuant to this Agreement with or without cause upon providing written notice to the non-terminating Parties no later than ninety (90) days prior to the annual renewal date of the term. The Parties also reserve the right to terminate this Agreement at any time in the event the *Maintenance Support and SUAII Purchase Agreement* is terminated or otherwise expires.

If City or Santa Rosa should fail to timely participate in any system upgrades, Escambia shall furnish the defaulting Party with written notice of default and provide thirty (30) days opportunity to cure the default. If the defaulting Party has not remedied and cured the default within thirty (30) calendar days after receipt of said notice, Escambia will immediately terminate the Agreement as to the defaulting Party. Upon the effective date of termination, the defaulting Party shall separate all network system configurations from Escambia's P25 Master Core as provided in Section 13 below.

Section 13. Removal/Separation. Within one hundred and eighty (180) days after the effective date of termination, the terminating Party or Parties shall separate all network system configurations. Each Party will be solely responsible for any costs or expenses related to modification, repair, or replacement of their respective facilities and equipment as may be necessitated by the system separation.

Section 14. Liability. Subject to any claim of sovereign immunity, each Party to this Agreement shall be fully liable for the acts and omissions of its respective employees and agents in the performance of this Agreement to the extent permitted by law.

Section 15. Records. The Parties acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. In the event a Party fails to abide by the provision of Chapter 119, Florida Statutes, any Party may, without prejudice to any right or remedy and after giving that party seven (7) days written notice, during which period the party fails to allow access to such documents, terminate this Agreement.

Section 16. Assignment. The agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Parties, without the prior written consent of the other party.

Section 17. Headings. Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

Section 18. Survival. All other provisions, which by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

Section 19. Interpretation.

(a) For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statutes or regulations referred to. Words

not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings.

(b) References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provision hereof.

Section 20. Severability. The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

Section 21. Further Documents. The Parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provision of this Agreement.

Section 22. Notices. All notices required to be given under this Agreement shall be in writing, and shall be sent by first class United States mail, unless some other form of notice is established by the Parties, to the respective parties as follows:

Escambia County
County Administrator
Escambia County
Post Office Box 1591
Pensacola, Florida 32591

Santa Rosa County
County Administrator

City Administrator
Post Office Box 12910
Pensacola, Florida 32521

with a copy to:
Director, Department of Innovation & Technology
Post Office Box 12910
Pensacola, Florida 32521

Section 23. Prior Agreements Superseded. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this

document. Accordingly, no deviations from the terms and conditions hereof shall be predicated upon any prior representations or agreements, whether oral or written.

It is further agreed that no modification, amendment, or alteration in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

Section 24. Governing Law. The Agreement shall be interpreted under and its performance governed by the laws of the State of Florida. The Parties agree that any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and therefore, each Party to this Agreement hereby waives the right to any change of venue.

Section 25. No Waiver. The failure of any party to enforce at any time or for any period of time any one or more of the provisions of the Agreement shall not be construed to be and shall not be a waiver of any such provision or provisions or of its right thereafter to enforce each and every such provision.

IN WITNESS WHEREOF, the parties hereto have made and executed this Amended and Restated Interlocal Agreement on the respective dates under each signature.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18304 **County Administrator's Report 12. 8.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Amended and Restated Interlocal Agreement between University of West Florida and Escambia County for Shared Use of Communications Infrastructure
From: Jason Rogers, Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Approval of the Amended and Restated Interlocal Agreement Between Escambia County, Florida, and the University of West Florida - Jason Rogers, Public Safety Department Director

That the Board take the following action concerning the Amended and Restated Interlocal Agreement between Escambia County, Florida, and the University of West Florida:

A. Approve the Interlocal Agreement commencing October 1, 2020, and expiring on September 30, 2021, with automatic renewals for successive twelve-month terms beginning on October 1st of each fiscal year until terminated by either party; and

B. Authorize the Chairman to sign the Agreement.

[Funding: N/A]

BACKGROUND:

Escambia County's P25 digital UHF radio system includes an integrated computer core which can support multiple system users. In December 2019, Escambia County entered into an Interlocal Agreement with the University of West Florida (University), that established a provision to allow the University's public safety radio system to reside on Escambia's core in exchange for annual radio core maintenance cost.

Escambia County has entered into a System Upgrade Agreement (SUA) with Motorola Solutions, Inc., which provides planned lifecycle upgrades over a 10-year term. This Interlocal Agreement amends and restates the original Agreement and extends cost sharing to the radio core portion of the SUA. Escambia County will use subscriber percentages to determine and apply the University's portion of the cost share. The University agrees to pay an annual service fee of $22,977.56, which is equal to 6% of the annual recurring maintenance and system upgrade fees. The University's proportionate share will be subject to review every three years, and the annual service fee may be adjusted by written amendment to this Interlocal Agreement. Payment will be due on or before October 31st of each year. This Interlocal Agreement will:

- Provide $22,977.56 in annual revenue to Escambia County, and
- Provide radio interoperability for Escambia County First Responders and University of West Florida Police during campus events.

BUDGETARY IMPACT:

As a result of the Interlocal Agreement, Escambia County will recieve $22,977.56 in annual revenue.

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristem Hual, Senior Assistant County Attorney, approved the documention as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Interlocal Agreements require approval by the Board of County Commissioners.

IMPLEMENTATION/COORDINATION:

Upon Board approval and proper execution, the Public Safety Business Operations Division Manager will ensure the appropriate originals are returned for file. The Public Safety Communications Division Manager will oversee implementation of the Agreement and work in close cooperation with the University's Communications representative.

Amended and Restated Interlocal Agreement

AMENDED AND RESTATED INTERLOCAL AGREEMENT BETWEEN THE UNIVERSITY OF WEST FLORIDA AND ESCAMBIA COUNTY, FLORIDA RELATING TO SHARED USE OF COMMUNICATIONS INFRASTRUCTURE

This Amended and Restated Interlocal Agreement (hereinafter "Agreement") is made and entered into by and between Escambia County, a political subdivision of the State of Florida (hereinafter "Escambia"), with an administrative address of 221 Palafox Place, Suite 420, Pensacola, Florida 32502, and the University of West Florida, for and on behalf of the University of West Florida Board of Trustees, a public body corporate (hereinafter "University"), with administrative offices located at 11000 University Parkway, Pensacola, Florida 32514 (collectively referred to hereinafter as the "parties").

WITNESSETH:

WHEREAS, pursuant to §163.01, Florida Statutes, the parties, as public agencies within the State of Florida, are authorized to enter into interlocal agreements and cooperatively utilize their powers and resources in the most efficient manner possible; and

WHEREAS, on or about December 5, 2019, the parties previously entered into an Interlocal Agreement relating to the shared use of communications infrastructure; and

WHEREAS, the parties desire to enter into this Amended and Restated Interlocal Agreement setting forth the terms whereby the parties shall cooperatively utilize certain communications infrastructure owned by Escambia County for the purpose of supporting an interoperable P-25 public safety radio communications system; and

WHEREAS, this Amended and Restated Interlocal Agreement is intended to supersede in its entirety the Interlocal Agreement relating to Shared Use of Communications Infrastructure dated December 5, 2019.

NOW THEREFORE, for and in consideration of the mutual covenants contained herein and the mutual benefits and for other good and valuable consideration, the parties to this Amended and Restated Interlocal Agreement hereby agree as follows:

Section 1. Recitals. The recitals contained in the Preamble of this Agreement are declared to be true and correct and are incorporated into this Agreement.

Section 2. Purpose of the Agreement. Pursuant to §163.01, Florida Statutes, this Agreement establishes the conditions, extent, and mechanism whereby the University may cooperatively utilize certain communications infrastructure owned by Escambia County for the purpose of supporting an interoperable P-25 public safety radio communications system.

Section 3. Definitions.

P-25 Public Safety Radio Communications System: The digital radio system that provides for communications to all Escambia County Public Safety entities, to include Emergency Communications Center, Escambia County Fire Rescue (ECFR), Escambia County Emergency Medical Services (EMS), and Escambia County Sheriff's Office (ECSO). The P-25 system hardware includes; computer servers, base station radios, mobile and portable radios, site routers, microwave towers, microwave radios and dishes, and transmit/receive antennas.

P-25 Master Core: The Master Core is housed at the Escambia Public Safety Building located at 6575 North "W" Street. "Core" hardware includes servers, routers, and computer switches associated with processing, routing, and managing digital radio transmissions.

User Configuration Server (UCS): Database management server used for creating and managing radio "talk groups" within the communications system.

University's P-25 Radio Site: University's public safety radio communications system radio site which is located on the University's campus and owned and operated by the University and which will utilize Escambia's P-25 Master Core and UCS as provided herein.

Section 4. Responsibilities of the Parties.

Escambia and the University will cooperatively, and in coordination with Motorola Solutions, Inc. ("Motorola"), establish a technical means whereby the University may operate its P-25 Radio Site utilizing Escambia's P-25 Master Core. Escambia's existing UCS will serve as the primary database server for all user configurations. The University has contracted with Motorola to effect user and system configuration, provide system interconnections between University's P-25 Radio Site and Escambia's P-25 Master Core and UCS, and maintain network connectivity. Escambia shall provide Motorola personnel reasonable access to its UCS for user and system configuration purposes. The University will provide a fiber connection between its P-25 Radio Site and Escambia's Master Core and UCS and shall at all times be responsible for maintaining its own network connectivity to the UCS.

The parties will take appropriate measures to prevent the programming of unauthorized radio communications. The parties will cooperatively define and document a preprogrammed interoperable talk group in order to facilitate interoperability during disaster responses.

Each party shall at all times maintain its system components in good working order and will be solely responsible for any maintenance and upgrade costs or expenses related to repair, modification, or replacement of its system components ("Facilities and Equipment").

The parties agree that technological upgrades to Escambia's P-25 Public Safety Radio Communications System ("System") will be necessary to sustain its operability. System upgrades must be performed in order to: ensure the System maintains an equivalent level of current software and hardware functionality, reliability, and security; and to provide any technological advancements that are available at the time of the upgrade. System upgrades may be performed as a capital investment or as part of an ongoing contractual arrangement with a vendor pursuant to a system upgrade agreement.

The parties agree to work cooperatively to determine a mutually agreeable operational plan and associated schedule for any System-wide upgrades relating to the Master Core. Each party will be solely responsible for any costs or expenses related to modification, repair, or replacement of its own Facilities and Equipment as may be required to accommodate such System-wide upgrades.

Section 5. Independence of Operations. The parties hereto shall at all times maintain independent P-25 radio services.

Section 6. Escambia-Motorola Services Agreement. Escambia entered into a *Maintenance Support and SUAII Purchase Agreement* with Motorola ("Escambia-Motorola Agreement") to provide maintenance support and software upgrade services for Escambia's P-25 Public Safety Radio Communications System. If the Escambia-Motorola Agreement is terminated or modified for any reason, Escambia shall notify the University in writing as soon as practicable. Escambia reserves the right to terminate this Agreement in the event the Escambia-Motorola Agreement is terminated for any reason, in which case the parties shall mutually agree on a termination date of this Agreement which may be no later than the date on which the Escambia-Motorola Agreement terminates.

Section 7. Service Fee. In exchange for the use of Escambia's P-25 Master Core and existing UCS, the University shall pay Escambia a proportionate share of the annual maintenance support and software upgrade service fee associated with the P25 Master Core as determined by the number of registered radio subscribers utilizing the P25 Master Core. The University agrees to pay Escambia an annual service fee of $22,977.56 equal to 6% of the annual recurring fee for maintenance support and software upgrade services associated with the P25 Master Core. Payment shall be due on or before October 31st of each year. The University's proportionate share shall be subject to review every three (3) years, and the annual service fee may be adjusted by written amendment to this Agreement.

Section 8. Permits. The performance of this Agreement shall be subject to and contingent upon receipt of all permits or other federal, State, or local governmental authorizations ("Permits") necessary for the operation and use of the radio communications systems' facilities, hardware, software, and all other Facilities and Equipment, including, but not limited to, any building permits, zoning allowances, variances, special use permits or other permits.

Section 9. Compliance with Laws. Each party shall comply with all applicable federal, State, local, and international laws, rules, regulations, and ordinances, including without limitation the prohibition on employment of undocumented aliens and compliance with nondiscrimination, civil rights, and similar mandates. The parties further agree to comply with all federal, State, and local laws, rules, policies, or guidelines related to the performance of this Agreement now in effect or hereafter enacted as the same may apply to the use of the Facilities and Equipment, and each party shall obtain all necessary licenses, permits, and other approvals required for the use of that party's Facilities and Equipment. The parties further agree to cooperate in obtaining such licenses, permits, and approvals. Each party shall be responsible for compliance with all FCC and/or OSHA radio frequency rules and regulations as they pertain to such party's Facilities and Equipment.

Section 10. Effective Date. This Agreement, after being properly executed by the parties named herein, shall become effective upon its filing with the Clerk of the Circuit Court of Escambia County, Florida. Escambia County shall be responsible for filing this document upon receipt of the executed Agreement.

Section 11. Term. The initial term of this Agreement shall commence on October 1, 2020. Thereafter, the Agreement shall automatically renew for successive twelve-month terms, each such twelve-month renewal term to begin on October 1st and end on September 30th.

Section 12. Termination. Either party may terminate this Agreement without cause and without penalty upon ninety (90) days' prior written notice to the non-terminating party. Either party may terminate this Agreement for cause upon the non-terminating party's default hereunder. The terminating party shall provide the defaulting party thirty (30) days to cure the default after receipt of written notice of default from the terminating party. If the defaulting party has not remedied and cured the default within thirty (30) calendar days after receipt of said notice, the terminating party may immediately terminate the Agreement. On the effective date of termination ("Termination Date"), University shall separate all network system configurations from Escambia's P-25 Master Core as provided in Section 13 below.

University's payment obligations hereunder shall cease when the University has removed all network system configurations from Escambia's P-25 Master Core as provided in Section 13 below ("Separation Date"). If the Separation Date is before September 30th, Escambia shall reimburse University for the prorated amount attributable to the number of days between the Separation Date and September 30th, which reimbursement amount shall be due and payable to University on or before the last day of the month following the month in which the Separation Date

occurs. If the Separation Date is after September 30th but before October 31st (or the date on which University remits payment to Escambia for the annual service fee, whichever occurs first), University shall pay Escambia for the prorated amount attributable to the number of days between October 1st and the Separation Date, which amount shall be due and payable to Escambia on or before November 30th.

Section 13. Removal/Separation. Within one hundred and eighty (180) days after the Termination Date, the University shall remove its network system configurations, including its Facilities and Equipment, from Escambia's Facilities and Equipment. Each party will be solely responsible for any costs or expenses related to modification, repair, or replacement of its own Facilities and Equipment as may be necessitated by such removal and/or System separation.

Section 14. Liability. Subject to any claim of sovereign immunity, each party to this Agreement shall be fully liable for its negligent acts and omissions and the negligent acts and omissions of its respective employees and agents while acting in the course and scope of their employment and agency in the performance of this Agreement to the extent permitted by law. Nothing herein shall be interpreted or construed as: 1) denying either party any remedy, defense, or protection available under Florida law; 2) either party's consent to be sued; or 3) a waiver of sovereign immunity by either party beyond the statutory waiver provided in section 768.28, Florida Statutes. In no event shall either party be liable in contract, tort, strict liability, or under any other legal theory for indirect, incidental, consequential, special, or punitive damages arising from or relating to the Agreement.

Section 15. Records. The parties acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. In the event a party fails to abide by the provisions of Chapter 119, Florida Statutes, the other party may terminate this Agreement without prejudice to any other right or remedy if such party fails to allow access to the records or documents after seven (7) days written notice from the other party.

Section 16. Assignment. The Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, without the prior written consent of the other party.

Section 17. Headings. Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

Section 18. Survival. All provisions, which by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

Section 19. Interpretation.

(a) For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statutes or regulations referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings.

(b) References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provision hereof.

Section 20. Severability. The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

Section 21. Further Documents. The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provision of this Agreement.

Section 22. Notices. All notices required to be given under this Agreement shall be in writing, and shall be sent by first class United States mail, unless some other form of notice is established by the parties, to the parties as follows:

Escambia County:
County Administrator
Escambia County
221 Palafox Place, Suite 420

finadmin@uwf.edu

Section 23. Prior Agreements Superseded. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, no deviations from the terms and conditions hereof shall be predicated upon any prior representations or agreements, whether oral or written. It is further agreed that no modification, amendment, or alteration in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

Section 24. Governing Law. The Agreement shall be interpreted under and its performance governed by the laws of the State of Florida. The parties agree that any action relating to this

Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and therefore, each party to this Agreement hereby waives the right to any change of venue.

Section 25. No Waiver. The failure of either party to enforce at any time or for any period of time any one or more of the provisions of the Agreement shall not be construed to be and shall not be a waiver of any such provision or provisions or of its right thereafter to enforce each and every such provision.

Section 26. Annual Appropriations. The University's performance and payment obligations under this Agreement are subject to and contingent upon the availability of funds appropriated by the Florida Legislature and lawfully expendable for the purposes of this Agreement. The University will give notice to Escambia of the non-availability of funds when the University has knowledge thereof. Escambia is entitled to payment only for those services provided and accepted by the University prior to the date such notice is received.

Section 27. Independent Contractor. As to the rights, obligations, and relationships established under this Agreement, each party is an independent contractor of the other. This Agreement shall not be construed as creating a relationship of employment, agency, partnership, joint venture, or any other form of legal association. This Agreement confirms no power on a party to bind the other party or to assume or create any obligation or responsibility on behalf of the other party or in the other party's name. Each party shall be responsible for hiring, supervising, and compensating its own employees and for withholding taxes and providing benefits, as applicable, for its employees.

Section 28. Force Majeure. Neither party shall be considered in default or breach in the performance of any obligation herein to the extent that such performance is prevented or delayed by fire, flood, strike, war, insurrection, embargo, government requirements, civil or military authority, or other Acts of God and similar events beyond the reasonable control of that party. The affected party shall take all reasonable action to minimize the effects of any such event.

Section 29. No Third-Party Beneficiaries. This Agreement is entered into for the sole benefit of Escambia and the University. Except as may be specifically set forth herein, nothing in this Agreement shall confer any right, remedy, or obligation upon any individual or entity other than the parties hereto.

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the parties hereto have made and executed this Amended and Restated Interlocal Agreement on the respective dates under each signature.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18296 **County Administrator's Report 12. 9.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 08/06/2020
Issue: Schedule a Public Hearing to Consider the Vacation of the Alleyway Located in Block 28 of Englewood Heights
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Scheduling of a Public Hearing to Consider the Vacation of the Alleyway Located in Block 28 of Englewood Heights - Joy Jones, P.E., Engineering Department Director

That the Board schedule a Public Hearing for September 3, 2020, at 5:32 p.m., to consider the Petition to Vacate the Alleyway Located in Block 28 of Englewood Heights (0.14 acres, more or less), as petitioned by the School District of Escambia County, represented by its Agent, Nicholas King, P.E.:

A. Authorize the scheduling of a Public Hearing for September 3, 2020, at 5:32 p.m., to consider the Petition to Vacate the Alleyway Located in Block 28 of Englewood Heights (0.14 acres, more or less), as petitioned by the School District of Escambia County, represented by its Agent, Nicholas King, P.E.; and

B. Require the Petitioner to notify all property owners within a 1,500 feet radius.

The real property mentioned in this Petition to Vacate is located in Commission District 3.

BACKGROUND:

The Petitioner has designed plans for the construction of tennis courts on the property that they own west of Pensacola High School. Approval of this Petition to Vacate will allow the Petitioner's property to be one continuous property for the development of the new tennis courts and parking area, with the exception of 2303 North "D" Street, which the School Board is trying to purchase.

County staff have reviewed this request and have no concerns.

The utility companies have been notified. There are no objections nor facilities in the area outlined by the Petition to Vacate.

BUDGETARY IMPACT:

Indirect staff cost associated with the preparation of documents and Recommendation.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on the Board's Vacating, Abandoning, and Closing Existing Public Streets, Rights-of-Way, Alleyways, Roads, Highways, Other Places Used for Travel or Other Lands Dedicated for Public Use or Purposes, or Any Portions Thereof to Renounce and Disclaim Any Right of the County and The Public In and To Said Lands policy for closing, vacating and abandoning County owned property – Section III and Florida Statutes, Chapter 336.

IMPLEMENTATION/COORDINATION:

Once the Public Hearing has been scheduled, the Petitioner will be notified, the date and time will be advertised, and all owners of property within 1,500 feet will be notified.

Petition to Vacate_Englewood Heights

Aerial Map_Englewood Heights

Site Plan_Englewood Heights

PETITION TO VACATE, ABANDON, AND CLOSE EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

Petitioner(s), hereby file this petition with the Board of County Commissioners of Escambia County, Florida, to vacate, abandon, close and disclaim any right of the County and the public in and to certain land delineated as a

A 20' wide X 300' long alleyway located in Block 28 of Englewood Heights.

in Escambia County, Florida, a copy of map thereto being attached hereto as Exhibit "A", and further states as follows:

1. That the Petitioner(s), The School District of Escambia County presently X own(s)_____do/does not own an interest in the real property, which adjoins said public road right-of-way, alleyway, or other land. Said public road rights-of-way, alleyway, or other land being more particularly described as follows:

A 20' wide X 300' long alleyway located between North "D" Street and North "E" Street, Block 28 of Englewood Heights, recorded in Deed Book 59, Page 107 of the Official Records of Escambia County.

2. That the Petitioner(s), The School District of Escambia County desire(s) that the Board of County Commissioners surrender, renounce and disclaim any right of the County and the public in and to that portion of the public road rights-of-

way, alleyway, or other land described above and lying and being in Section(s) 18 Township 2 South Range 30 West and recorded in Deed Book 59, Page 107 of the public records of Escambia County, Florida.

3. That the portion of public road rights-of-way, alleyway, or other lands sought to be vacated, abandoned, and closed herein, is no longer needed to fulfill a public purpose.

THEREFORE, Petitioner(s) request that the above described public road rights-of-way, alleyway, or other land be vacated, abandoned, and closed and that the Board of County Commissioners of Escambia County, Florida, surrender, renounce and disclaim any right of the County and the public in and to said public road rights-of-way, alleyway, or other land.

Petitioner acknowledges that:

Approval by the Board of County Commissioners of a petition to vacate, abandon, discontinue, close, renounce, or disclaim any right of the County or the public in any land does not operate to confirm the vesting or return of title to the land in the petitioner or any other interested party. Any interested party who wishes to verify the title to land or the effect of the approval of a petition to vacate, abandon, discontinue, close, renounce, or disclaim any right of the County or the public in any land should seek legal counsel.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18245 **County Administrator's Report 12. 1.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Contract Award for SHIP Housing Rehabilitation Services for 7750 Fiesta Road
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Contract Award for SHIP Housing Rehabilitation Services for 7750 Fiesta Road - Clara Long, Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for State Housing Initiatives Partnership (SHIP) Program Housing Rehabilitation Services for 7750 Fiesta Road:

A. Authorize the County Administrator to sign the SHIP Housing Rehabilitation Services Program Agreement between Escambia County, Florida; David H. Griffin Enterprises, LLC, Contractor; and Miranda Yelder, Owner; per the terms and conditions of NED S-R-2020-10, NED SHIP Housing Repair for 7750 Fiesta Road, for a bid of $29,000; and

B. Authorize the issuance of a Purchase Order.

Vendor/Contractor	Funding	Amount	Contract Number
David H. Griffin Enterprises, LLC	Fund 120/2020 SHIP, Cost Center 370207	$29,000	NED-S-R-2020-10

BACKGROUND:

An Invitation to Bid for project NED S-R-2020-10, NED SHIP Housing Repair for 7750 Fiesta Road was published on Vendor Registry on June 19, 2020 (Exhibit I), and accessed by 86 firms including construction resources such as the Construction Journal and Construction Bid Source. A mandatory pre-solicitation conference was held on June 26, 2020, at the property, which was attended by

five firms. Sealed bid was received from one firm by the July 3, 2020 deadline, with bids opened on July 6, 2020. David H. Griffin Enterprises, LLC, was the lowest, most responsive bidder (Exhibit II). The Program Agreement is provided as Exhibit III, which will award the Contract for the bid total of $29,000.

Repairs for this property will include replacement of water supply lines; installation of new plumbing fixtures; complete electrical rewire to include addition of smoke and carbon monoxide detectors, GFI receptacles, and lighting fixtures; installation of vented range hood; installation of bathroom ventilation; installation of new windows in bedrooms to meet egress requirements; replacement of two exterior doors; and associated interior sheetrock work due to code upgrades.

BUDGETARY IMPACT:

Vendor/Contractor	Funding	Amount	Contract Number
David H. Griffin Enterprises, LLC	Fund 120/2020 SHIP, Cost Center 370207	$29,000	NED-S-R-2020-10

LEGAL CONSIDERATIONS/SIGN-OFF:

The SHIP Housing Rehabilitation Services Program Agreement has been reviewed and approved by Kristin Hual, Senior Assistant County Attorney.

PERSONNEL:

All work associated with this Recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, FL 1999, Chapter 46, Finance, Article II, Purchases and Contracts. The project and Agreement are in compliance with the SHIP program requirements and the property owner meets all eligibility guidelines for assistance under this program.

IMPLEMENTATION/COORDINATION:

The Neighborhood Enterprise Division will submit the Purchase Order and will have administrative oversight of the project.

Bids Opened By: George Bell, NED
Bids Witnessed By: Sean Webster, NED; Shannon Erdwins, Clerk of Court (COC)

Neighborhood Enterprise Division recommends to the BOCC to award a contract to David H Griffin Enterprises, LLC for the base bid of $29,000.00.

Status: Under Review
BCC Meeting Date: 08/06/20

SHIP HOUSING REHABILITATION SERVICES PROGRAM AGREEMENT

THIS AGREEMENT is made and entered into by and between Miranda Yelder (hereinafter referred to as "Owner"), and David H. Griffin Enterprises, LLC (hereinafter referred to as "Contractor"), and Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County") for the purpose of implementing a State Housing Initiatives Partnership ("SHIP") Program Project.

W I T N E S S E T H:

WHEREAS, the County has been awarded State Housing Initiatives Partnership ("SHIP") Program Grant, CSFA #40.901, which provides for the development, establishment and administration of projects to meet the unmet housing needs of low and moderate income citizens of Escambia County; and

WHEREAS, the County, acting by and through the Neighborhood Enterprise Division (hereinafter referred to as "NED"), has established the **SHIP Housing Rehabilitation Services Program** (hereinafter referred to as the "Program") to provide loans to qualified income eligible property owners to fund repairs to homestead property; and

WHEREAS, the Owner submitted an application with the NED for a SHIP Housing Rehabilitation Services loan to fund certain repairs as provided herein; and

WHEREAS, the Contractor was selected by competitive bid to complete said repairs as provided herein; and

WHEREAS, the parties hereto wish to define their rights and responsibilities as it relates to the Program.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

Section 1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

Section 2. Scope of Work. The Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the renovation and rehabilitation of the subject property located at 7750 Fiesta Road, Pensacola, FL 32534 (hereinafter referred to as "Project"), in accordance with the *Scope of Work*, attached hereto as **Exhibit A**. In the event there is any conflict between the provisions of this Agreement and the provisions of any other contract documents, the provisions of this Agreement shall in all cases prevail.

Section 3. Contract Amount. In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of County, County agrees to

pay, or cause to be paid, to Contractor an amount not to exceed the total sum of $ 29,000.00 (hereinafter referred to as the "Contract Amount") for the completion of the Project in accordance with the Scope of Work referenced above.

Section 4. Method of Payment. If the Contract Amount is $15,000 or less then the County shall issue payment to the Contractor in a single lump sum upon satisfactory completion of the Project. If the Contract Amount exceeds $15,000 then the County shall issue two payments to Contractor as follows: 40% of the Contract Amount will be paid when 50% of the scope of work is certified complete by NED; the remaining 60% of the Contract Amount will be paid upon full completion of the scope of work and acceptance by NED.

Contractor may request payment from County by the submission of a properly executed original invoice. Invoices shall reflect the amount due and owing for the value of services rendered with appropriate supporting documentation. Invoices shall be submitted to:

Neighborhood Enterprise Division
221 Palafox Place, Suite 200
Pensacola, FL 32502

Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Local Government Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

Contractor's acceptance of payments hereunder shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final inspection.

The County may decline to approve payment(s), or portions thereof, to such extent as may be necessary in the County's opinion to protect it from loss due to: (a) defective work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the work by the Contractor; or (g) any other material breach of the Agreement.

Section 5. Bonds. If the Contract Amount exceeds $25,000, the Contractor shall provide *Performance and Payment Bonds*, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

Pursuant to §255.05, Florida Statutes, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

Section 6. Notice to Proceed. The County/NED shall issue a written Notice to Proceed to the Contractor within **thirty (30) calendar days** from the date of award. Contractor shall commence work within **seven (7) calendar days** from the Commencement Date specified in the Notice to Proceed. No work shall be performed at the Project site prior to the Commencement Date.

Section 7. Contract Time and Liquidated Damages. Time is of the essence in the performance of the work under this Agreement. The Project shall be substantially complete within **thirty (30) calendar days** from the Commencement Date specified in the Notice to Proceed. Should Contractor fail to substantially complete the Project within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$50.00** for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially complete on the date that the County/NED certifies in writing that the Project has been completed in accordance with the contract documents, so that the Project can be utilized for the purposes for which it is intended. Along with such certification, the County/NED shall compile a “punch list” of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final inspection and issuance of a final Certificate of Payment as provided in **Section 11** below.

Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the actual damages at the time of contracting if Contractor fails to substantially complete the Project in accordance with the progress schedule.

When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

Section 8. Delays. Should Contractor be obstructed or delayed in the performance or completion of the work as a result of the Owner’s unreasonable interference or other unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect,

including but not limited to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County/NED in writing within **forty-eight (48) hours** after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

Section 9. Change Orders. After the execution of this Agreement, no change in the scope, quantity, or quality of work will be undertaken without the prior written approval of the County/NED. Any changes requested by the Owner or Contractor must be submitted in writing to the County/NED and must detail all proposed work and cost. The Owner or Contractor's preference shall not be cause for a Change Order. Furthermore, the Contractor shall not be entitled to additional compensation as a result of the Contractor's failure to properly evaluate the extent of the work, as related to the work specifications.

The County/NED shall have the right at any time during the progress of the work to increase or decrease the work. After being notified of an authorized change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the work shall be made except upon written order of the County/NED, and the County/NED shall not be liable to the Contractor for any increased compensation without such written order.

A *Change Order*, in the form attached as **Exhibit C** to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor, Owner, and the County/NED concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as the County/NED, Owner, and Contractor shall mutually agree. The Owner shall execute a Modification of Mortgage and/or Lien, as appropriate, which coincides with any cost increase or decrease resulting from the Change Order.

Section 10. Project Site Protection. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the work. Upon the completion of the work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy.

Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery shall be protected by Contractor from damage during the prosecution of the work. Any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the work.

Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the work or adjacent property to stresses or pressures that will endanger it.

Section 11. **Final Completion.** The Contractor shall provide the County/NED with written notice that the Project is complete and ready for final inspection, and the County/NED shall promptly make such inspection.

After the Project is ready for final inspection by the County/NED, the Contractor shall submit to County: (1) a *Release and Affidavit* in the form attached as **Exhibit D;** (2) if requested by County/NED, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Agreement, to the extent and in such form as may be designated by County; and (3) Owner's Final Release and Warranty. County reserves the right to inspect the work and make an independent determination as to the work's acceptability.

If the County/NED finds the work acceptable and fully performed in accordance with the Contract Documents and upon receiving the documentation described above, the County/NED shall promptly issue a final *Certificate for Payment*, stating that, on the basis of observations and inspections, the work has been completed in accordance with the terms and conditions of the Agreement and that any remaining balance due the Contractor is due and payable. If Owner does not consent to sign Homeowner's Final Release and Warranty, the County/NED, after documentation of acceptable completion of work and reasonable effort to secure signoff from the Owner, shall cause final Certificate for Payment to be issued to the Contractor.

Section 12. **Tests and Inspections.** The County/NED, its respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the work, whether performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide County with timely notice of readiness of the work for all required inspections, tests or approvals.

If the Agreement or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefor, pay all costs in connection therewith and furnish County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

If any work that is to be inspected, tested or approved is covered without written concurrence

from the County, such work must, if requested by County, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given County timely notice of Contractor's intention to cover the same and County has not acted with reasonable promptness to respond to such notice. If any work is covered contrary to written directions from County, such work must, if requested by County, be uncovered for County's observation and be replaced at Contractor's sole expense.

The County/NED, or other County officials as may be duly authorized by the NED, reserves the right to place inspectors at the Project site in order to ensure proper expenditure of the funds provided under this Agreement. The County/NED does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the County/NED shall not act in a supervisory capacity during the course of the Project.

Section 13. Contract Documents. Contractor shall maintain at the Project site one copy of all documents related to the performance of this Agreement, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County. Said documents shall be maintained in good order and annotated to show all changes made during the course of the Project.

Contractor shall keep all records and supporting documentation which relate to the work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. The County, the Clerk of the Circuit Court/Finance Division, or any duly authorized agents or representatives of County, shall have the right to audit, inspect, and copy all such records and documentation relating to this Agreement as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 14. Defective Work. Work not conforming to the requirements of the Agreement shall be deemed "*defective work*." If required by County, Contractor shall either cure all defective work, whether or not fabricated, installed or completed, or, if the defective work has been rejected by County, remove it from the site and replace it. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

If the County considers it necessary or advisable that covered work be observed by County or inspected or tested by others, Contractor, at County's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County may require, that portion of the work in question, furnishing all necessary labor, material and equipment. If it is found that such work is defective work, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such work is not found to be defective, Contractor shall be allowed an

increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

If any portion of the work is defective work, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the work to conform to the requirements of the Agreement, County may order Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Contractor or any other party.

Should the County determine, at its sole opinion, it is in the County's best interest to accept defective work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective work, incorporating the necessary revisions in the Agreement and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective work after final payment, Contractor shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective work.

If Contractor fails, within a reasonable time after the written notice from County, to correct defective work or to remove and replace rejected defective work as required by County, or if Contractor fails to perform the work in accordance with the Agreement, or if Contractor fails to comply with any of the provisions of the Agreement, County may, after **seven (7) calendar days'** written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the work, and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Section. All direct, indirect and consequential costs of County in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Agreement, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the work attributable to the exercise by County of County's rights and remedies hereunder.

Section 15. Termination.

15.1 Termination for Contractor's Default. Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the

Agreement, in whole or in part, as further set forth in this Section, if Contractor: (a) fails to begin the work within the time specified herein; or (b) fails to properly and timely perform the work as directed by the County; or (c) performs the work unsuitably or neglects or refuses to remove materials or to correct or replace such work as may be rejected as unacceptable or unsuitable; or (d) discontinues the performance of the work; or (e) fails to resume work which has been suspended within a reasonable time after being notified to do so; or (f) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (g) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (h) makes an assignment for the benefit of creditors; or (i) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the work; or (j) materially breaches any other provision of the Agreement.

The County/NED shall notify Contractor in writing of Contractor's default(s). If County/NED determines that Contractor has not remedied and cured the default(s) within **seven (7) calendar days** following receipt by Contractor of said written notice of default, the County/NED may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the work hereunder.

If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below.

15.2 Termination for Owner's Default. The Owner shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, if the Owner: (a) cancels the Project after the Owner's Right to Rescind has expired; (b) fails to allow necessary ingress and egress on the subject property; (c) if applicable, fails to timely vacate the premises prior to the Project Commencement Date; (d) otherwise obstructs or delays the performance or completion of the work; or (e) materially breaches any other provision of the Agreement.

The County/NED shall notify Owner in writing of Owner's default. If County/NED determines that the Owner has not remedied and cured the default within **seven (7) calendar days** following receipt of said written notice of default then the Agreement may be terminated by the County/NED.

Any Project costs incurred prior to the date of termination or Project funding advanced to the Owner or paid on the Owner's behalf, including, but not limited to, temporary relocation payment, moving/storage payment, title search fee, procurement costs, permit fees, work completed by Contractor as of the date of termination, and costs incurred for special order materials, etc.) shall be repaid to the County by Owner. Within **thirty (30) calendar days** of receipt of the notice of termination, the Owner shall submit a cashier's check to the County for the total amount of any costs incurred and/or funds disbursed under this Agreement through the date of Owner's termination. If Owner fails to return such funds, the County shall place a lien against the subject property for the total amount expended.

15.3 Termination for Convenience. County shall have the right to terminate this Agreement without cause upon **seven (7) calendar days'** written notice of termination to Contractor and Owner. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.4 Termination for Lack of Funding. The parties acknowledge that this Agreement is based upon the availability of SHIP funds, and the County/NED reserves the right to cancel same upon providing **seven (7) calendar days'** written notice to Contractor and Owner should funding cease to be available. In the event of such termination for lack of funding, the Contractor will be paid for the work completed as of the contract termination date. The Owner shall not be liable for any Project costs incurred through the date of termination but shall return any unencumbered funds advanced to the Owner.

15.5 Notice of Suspension. County shall have the right to suspend all or any portions of the work upon providing Contractor **two (2) calendar days'** written notice of such suspension. If all or any portion of the work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Agreement. In no event shall the Contractor be entitled to any additional compensation or

damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the work which is subject to the ordered suspension.

Section 16. **Indemnification.** To the extent permitted by law, the Contractor and Owner covenant and agree to, and do hereby indemnify and hold harmless and defend the County, NED, the U. S. Department of Housing and Urban Development, and the State of Florida and their agents, directors, and employees, from and against any and all claims for injuries or damages to persons or property of whatsoever kind or character, whether real or asserted, arising out of this agreement or the work to be performed hereunder.

Section 17. **Insurance.** The Contractor and any subcontractors who may perform work in connection with this Project are required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Florida statutory Workers' Compensation or proof of exemption.

If the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least **thirty (30) calendar days'** notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, FL 32502.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Escambia County, 221 Palafox Place, Suite 200, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

Neither the Contractor nor any subcontractor shall commence work under this agreement until all insurance required under this section has been secured and such insurance has been approved by the County/NED.

Section 18. **Subcontracts.** The Contractor may subcontract work under this Agreement with the prior written consent of the County. Regardless of any subcontract, the Contractor shall

remain responsible for all work performed under this Agreement. The Contractor agrees to be responsible for the fulfillment of all work included in any subcontract and further agrees to be responsible for payment of all monies due to under any subcontract. It is understood and agreed that the County shall not be liable to any subcontractor for any expenses or liabilities incurred by Contractor under a subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

Section 19. **Independent Contractor Status.** In the performance of this Agreement hereunder, Contractor and Owner shall be independent contractors. Neither Contractor nor Owner shall hold itself out as an employee, agent or servant of the County; and neither Contractor nor Owner shall have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

Section 20. **Warranty.** Contractor hereby guarantees the improvements detailed in the Scope of Work, attached hereto as **Exhibit A**, for a period of one (1) calendar year from the date of final inspection and acceptance of all work performed pursuant to this Agreement. Should any defects arise during that period, the Owner shall provide written notice to the Contractor and County/NED.

It is further agreed that the Contractor will obtain and assign to the Owner, c/o the County/NED, all express warranties given to Contractor or any subcontractors by any materialmen supplying materials, equipment or fixtures to be incorporated into the Project.

Section 21. **Utilities [CHECK ONE]:**

☒ The Owner will permit the Contractor to use at no extra cost, existing utilities such as lights, electrical power, and water necessary to complete the Project.

☐ The Owner will permit the Contractor to use the water at no extra cost. The Contactor assumes all obligation/liability regarding the electrical power necessary to complete the Project.

Section 22. **Owner's Responsibilities.** The Owner shall at all times cooperate with the Contractor and County to facilitate the performance of the work, including the removal of rugs, draperies, wall coverings, and furniture, when necessary, prior to the commencement of the project. The Contractor is not responsible for removal of Owner's trash and/or discarded belongings or furnishings. The Owner is responsible for reinstallation of area rugs, draperies, wall coverings and/or furniture at project completion unless otherwise specified in the Project Scope of Work. The Owner shall allow and maintain a route of ingress and egress for Contractor's equipment on the subject property. If applicable, the Owner shall timely vacate the premises prior to the Commencement Date of the Project.

Section 23. Notice to Owner of Florida's Construction Lien Law & Recovery Fund.

ACCORDING TO FLORIDA'S CONSTRUCTION LIEN LAW (SECTIONS 713.001-713.37, FLORIDA STATUTES), THOSE WHO WORK ON YOUR PROPERTY OR PROVIDE MATERIALS AND SERVICES AND ARE NOT PAID IN FULL HAVE A RIGHT TO ENFORCE THEIR CLAIM FOR PAYMENT AGAINST YOUR PROPERTY. THIS CLAIM IS KNOWN AS A CONSTRUCTION LIEN. IF YOUR CONTRACTOR OR A SUBCONTRACTOR FAILS TO PAY SUBCONTRACTORS, SUB-SUBCONTRACTORS, OR MATERIAL SUPPLIERS, THOSE PEOPLE WHO ARE OWED MONEY MAY LOOK TO YOUR PROPERTY FOR PAYMENT, EVEN IF YOU HAVE ALREADY PAID YOUR CONTRACTOR IN FULL. IF YOU FAIL TO PAY YOUR CONTRACTOR, YOUR CONTRACTOR MAY ALSO HAVE A LIEN ON YOUR PROPERTY. THIS MEANS IF A LIEN IS FILED YOUR PROPERTY COULD BE SOLD AGAINST YOUR WILL TO PAY FOR LABOR, MATERIALS, OR OTHER SERVICES THAT YOUR CONTRACTOR OR A SUBCONTRACTOR MAY HAVE FAILED TO PAY. TO PROTECT YOURSELF, YOU SHOULD STIPULATE IN THIS CONTRACT THAT BEFORE ANY PAYMENT IS MADE, YOUR CONTRACTOR IS REQUIRED TO PROVIDE YOU WITH A WRITTEN RELEASE OF LIEN FROM ANY PERSON OR COMPANY THAT HAS PROVIDED TO YOU A "NOTICE TO OWNER." FLORIDA'S CONSTRUCTION LIEN LAW IS COMPLEX, AND IT IS RECOMMENDED THAT YOU CONSULT AN ATTORNEY.

Pursuant to §489.1425 (1), Florida Statute, regarding the FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND:

PAYMENT MAY BE AVAILABLE FROM THE FLORIDA HOMEOWNERS' CONSTRUCTION RECOVERY FUND IF YOU LOSE MONEY ON A PROJECT PERFORMED UNDER CONTRACT, WHERE THE LOSS RESULTS FROM SPECIFIED VIOLATIONS OF FLORIDA LAW BY A LICENSED CONTRACTOR. FOR INFORMATION ABOUT THE RECOVERY FUND AND FILING A CLAIM, CONTACT THE FLORIDA CONSTRUCTION INDUSTRY LICENSING BOARD AT THE FOLLOWING TELEPHONE NUMBER AND ADDRESS:

Division of Professions
Construction Industry Licensing Board
2601 Blair Stone Road
Tallahassee, FL 32399-2215
(850) 487-1395

Section 24. Dispute Resolution. Should a dispute arise between the Owner and the Contractor regarding work performed pursuant to this Agreement that cannot be satisfactorily resolved, the Owner and Contractor agree to participate in the Arbitration and Mediation Program provided by the Better Business Bureau (BBB) of Northwest Florida, Inc. to resolve the dispute. The decision of the BBB shall be considered final by the parties. However, this shall in no way prohibit the Owner and/or the Contractor from further appeal.

Section 25. Public Records. The Owner and Contractor acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents related to the performance of this Agreement may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. The Owner and Contractor shall maintain all

such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Owner and Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Owner and Contractor agree to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event that any party fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the parties, and surety, if any, seven calendar days' written notice, during which period the parties still fail to allow access to such documents, terminate this Agreement. In such case, the Owner and Contractor shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

IF THE OWNER OR CONTRACTOR HAVE QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE OWNER AND CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County/Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, FL 32502
850-595-4947

Section 26. **Entire Agreement.** This instrument constitutes the entire agreement between the parties and no written or oral agreement of any kind exists to change the provision hereof.

Section 27. **Permits.** The Contractor shall be responsible for obtaining all permits and licenses necessary for the Project. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the work, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary to perform the work.

Section 28. **Compliance with Laws.** Contractor agrees to comply, at its sole expense, with all federal, state, and local laws, codes, statutes, ordinances, rules, regulations and requirements related to the performance of this Agreement, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety.

Section 29. **Assignment.** This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor or Owner without the prior written consent of the County.

Section 30. **Notices.** Any notices shall be mailed to:

COUNTY:	OWNER:	CONTRACTOR:
Meredith Reeves	Miranda Yelder	David H. Griffin Enterprises, LLC
Neighborhood Enterprise Division	7750 Fiesta Road	2176 Bumpy Road
221 Palafox Place, Suite 200	Pensacola, FL 32534	Cantonment, FL 32533
Pensacola, FL 32502		

All notices shall be sent by certified mail, return receipt requested.

Section 31. **No Discrimination.** The Owner and Contractor shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

Section 32. **No Waiver.** This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

Section 33. **Governing Law.** This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

Section 34. **Severability.** If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

Section 35. **Headings.** The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

Section 36. **Authority**. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

FIRM PHONE NUMBER

BID OPENING DATE: _____

☐ ACCEPTED ☐ REJECTED

BID COMMITTEE REPRESENTATIVE

REQUIRED PERMITS AND INSPECTIONS: Plumbing, Electrical, Mechanical, Windows and Doors

All measurements are for reference only and should be confirmed by the bidder

<u>Mandatory on Site</u> Pre-Bid Conference: Friday, June 26, 2020 at 8:30 a.m.

INSTRUCTIONS TO BIDDERS

Complete and submit COVER SHEET AND ALL NUMBERED PAGES OF SPECIFICATIONS with signature of Contractor, bid price, and itemized pricing. Bid submissions will be accepted online via Vendor Registry. NO email or fax submissions will be accepted. All bids must be received by the published deadline.

The bids will be opened by the Bid Committee and bid will be awarded based upon the lowest eligible bidder with the most reasonable combined bid for the work specified. Bids $25,000 or over must be approved by the Board of County Commissioners prior to award of contract. Itemized pricing may be used for negotiation in the event of a change in the scope of work as described within the Specifications.

Labor, overhead, permits, insurance, and profit must be included into each itemized price and not listed as a separate itemized price or listed under “miscellaneous.” Non-compliance will result in rejection of bid.

All repair work performed must be inspected (rough and final) and conform to County Ordinances, State Laws, and Florida Building Code.

The Contractor is responsible for proper reattachment/hook-up of any/all of the following that apply: appliances, existing coaxial cable, telephone and interface, electric, water, and sewage.

HOMEOWNER’S RESPONSIBILITIES AND OBLIGATIONS

The Homeowner is responsible for maintaining existing utilities for the Contractor’s use during the rehabilitation period.

The Homeowner is responsible for the removal of all belongings/furnishings from the designated work areas prior to the start date. The Contractor is not responsible for removal of Homeowner’s trash and/or discarded belongings or furnishings.

PAYMENT SCHEDULE

Payment will be lump sum at project completion for bids $15,000.00 and under. For bids over $15,000.00, contractor will be eligible for a 40% draw once all required permit applications are in place and 50% of the work is completed as determined by the itemized costs for the job.

The Contractor will be eligible for Final Payment after the following conditions have been fulfilled:

Completion of Write-Up
Inspection/Sign-off by Building Inspections and/or Health Department
Acceptance by the Homeowner (Homeowner’s Release & Warranty)
Warranty Paper provided to the Homeowner
Premises free from all construction debris
Submission of RRP Checklist Form & Contractor’s Final Affidavit
Original Invoice from Contractor
Surety’s Consent to Final Payment if applicable

COMPLETION DATE

There is a THIRTY (30) day time limit on each rehabilitation job. For every day worked in excess of the THIRTY day contract period, a FIFTY DOLLAR ($50.00) per day penalty will be assessed.

ESCAMBIA COUNTY NEIGHBORHOOD ENTERPRISE DIVISION
HOUSING REPAIR PROGRAMS
CONTRACTOR REQUIREMENTS

If your firm is awarded the bid for housing repair (SHIP or HUD programs), the following items must be current and on file in order to issue a Purchase Order.

*Current W9 (less than one year old).
*County Vendor Information sheet (less than one year old).
*Worker's Compensation as required by State Law **OR** exemption form.
*Commercial General Liability ($1,000,000 coverage) listing Escambia County as Certificate Holder and additional insured.
*Automobile Liability ($1,000,000 coverage) listing Escambia County as Certificate Holder and additional insured.

GL and Auto Liability Certificates must state the following under the Additional Interest:

Escambia County
C/O Neighborhood Enterprise Division
221 Palafox Place
Suite 200
Pensacola, FL 32502-5844

All correspondence should be directed to Neighborhood Enterprise Division, 221 Palafox Place, Suite 200, Pensacola, FL 32502 for review.

***For jobs valued at $25,000 or higher, 100% Performance and Payment Bonds will be required.** Performance and Payment Bond format will be provided.
Contractor will be responsible for the recording of all bonds with Pam Childers, Clerk of The Circuit Court of Escambia County Florida.

Refer to BCC Office of Purchasing Risk Management Guidelines Procedure No: PP-180 (Performance and Payment Bonds) and PP-185 (Risk Management Guidelines) for further details.
[*http://www.myescambia.com/business/purchasing-policies-and-procedures]*

Additionally, Neighborhood Enterprise Division will maintain the following info in the Contractor's file:

*Contractor may not be federally debarred from participating in programs as per www.sam.gov
*State registered or State Certified Contractor License
*Escambia County Competency Board License
*Escambia County Business/Occupational License
*EPA RRP Renovator and Firm Certifications

Firms bidding on Lead Based Paint Abatement jobs must also submit proof of Lead Abatement firm certification.

All information must be current at time of award. IF INFORMATION CANNOT BE PRODUCED IN A TIMELY MANNER, THE COUNTY RESERVES THE RIGHT TO AWARD THE BID TO THE NEXT MOST RESPONSIVE BIDDER.

SHIP Housing Repair Program Specifications
Miranda Y. Yelder
Pensacola, FL 32534

GENERAL:
▪ The subject Housing Unit was built prior to 1978 and therefore is a “targeted property” under the EPA’s RRP Rule, as some painted surfaces may be disturbed. Therefore, the implementation of “safe work practices” is required along with submittal by the RRP Contractor of “Renovation Recordkeeping Checklist” form.
▪ There is no Federal Funding on this project.

PLUMBING:
Replace fresh water supply lines going to fixtures and appliances, also to include two ¼ turn sill cocks on exterior of home as required as per Escambia County Code.
Main supply line from meter to house is to be replaced if required with 160 psi PVC pipe.
Install new washer box as per Escambia County Code.
Install new ice maker line and box as per Escambia County Code.
Install 2 new Delta vanity sink faucets with pop up drain model 520-SSMPU-DST or equivalent.
Install 1 new Delta shower/tub faucet with valve model T13420-SS or equivalent with retro fit plate.
Install 1 new Delta shower faucet and valve model T13220-SS or equivalent.
Install a new Delta kitchen faucet with sprayer model 400-SS-DST-A or equivalent.
Install a new double bowl stainless steel sink with minimum 7” deep bowls.
Install new all metal Stainless steel sink baskets with strainers.
Install all new ¼ turn brass valves on fixtures as required per Escambia County Code.
Install all new drain assemblies from fixtures to waste.
Install new braided supply lines to toilets, vanities, and kitchen sink.
Repair drain at kitchen; this may require breaking of the slab and removal and re-installation of the sink cabinet and tops.
Repair slab, block work and drywall as required.
Repair ceramic shower wall at faucet in back bath.

ELECTRICAL:
Remove existing aluminum wiring and metal boxes. Re-wire house as required to conform to the national electrical code as per Escambia County Electrical Inspection Department. This may require additional switches and outlets to be added if existing space does not meet code requirements.
A new meter base/power pack and riser may be required. A new breaker panel will be required.
Install disconnects at equipment and appliances where required by Escambia County Code.
All smoke/co2 detectors shall be hardwired with battery back-up as required per Escambia County Code.
All receptacles, switches and cover plates shall be new devices.
All existing and new appliances will have new pigtails installed to match new outlets.
Unit shall have 2 exterior outlets, one on front and one on the back, consult homeowner for location. Storage area will require additional outlets to accommodate a freezer and a refrigerator.

Lighting Schedule is as follows, note that replacement fixtures are listed per area and remaining fixtures are to be reset in existing locations.
Bedrooms, Hampton Bay Glendale ceiling fan model AM212ORB.
Storage and laundry, Hampton Bay FZP8012A.
Hallway (front), Hampton Bay model FZP8012A.
Bathrooms, Volume Lighting model V1124-79.
Exterior entries, Newport Coastal model 7974-01B.
Exterior, 2 two bulb flood lights in existing locations on the east elevation.
In each light fixture install 60-watt equivalent led light bulbs.
Blocking for ceiling fans will be required and a separate switch is required to operate the fan and light kit at all locations where there are existing fans. If there are not any existing fans, the above-mentioned blocking and switches are to be installed in all bedrooms and living room.
Install a new doorbell with a new button at front door.

MECHANICAL:
Install a new exhaust fan rated at a minimum of 70 CFM and Energy Star Qualified in back bathroom vented to the atmosphere as per Escambia County code.
Install a new Broan 40000 series vented range hood or equivalent with duct chase and vented to atmosphere as per Escambia County Code. Color to match existing appliances.
Install a new dryer exhaust vented to the atmosphere as per Escambia County code.

WINDOWS AND EXTERIOR DOORS:
Windows in the bedrooms are to meet egress requirements as per Escambia County Code.
The egress window openings may require modifications that will include but not limited to opening size, drywall repair, masonry repairs with interior and exterior trim work.
Install new vinyl insulated (double glazed) sliding glass door unit complete with trim, low-e glass, screen and required hardware.
Replace laundry/storage room door with an outswing metal clad insulated 6 panel colonial door unit with no rot jambs, threshold, weather stripping and trim.
Replace south entry door unit with hurricane rated metal clad insulated 6 panel colonial door unit with no rot jambs, threshold, weather stripping and trim.
Install new dead bolt and lock sets that is keyed alike on new exterior door units.
Paint exterior of new door units and any new exterior trim work.

INTERIOR WALLS:
Repair all drywall surfaces that are damaged due to code up-grades and existing surfaces that are damaged or incomplete. Repaired areas are to match as close as possible to existing surrounding area.

INTERIOR CEILINGS:
Repair all ceiling surfaces that are damaged due to code up-grades and existing surfaces that are damaged or incomplete. Repaired areas are to match as close as possible to existing surrounding area.

PERFORMANCE AND PAYMENT BOND

BOND NO. _____

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS: That

_____

_____

(Insert name, address, and phone number of contractor), as Principal, and

_____

_____,

(Insert full name, home office address and phone number of surety) as Surety, are held and firmly bound unto the Board of County Commissioners for Escambia County, Florida, 221 Palafox Place, Pensacola, Florida 32597-1591, (850) 595-4900, as Obligee in the sum of

_____

Dollars ($_____), for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these present.

WHEREAS, Principal has entered into a contract dated as of the _____ day of_____, 20____, with Obligee for Contract No._____,_____

_____

_____

(Insert name of project, including legal description, street address of property and general description of improvement) in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs and attorneys' fees that Obligee sustains because of any default by Principal under the Contract; and

3. Performs the guarantee of all work and materials furnished under the Contract applicable to the work and materials, then this bond is void; otherwise it remains in full force; and

4. Principal understands and agrees that this bond shall remain in full force and effect throughout the ONE (1) year warranty period after substantial completion of the work.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penalty sum of this Performance Bond, regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20____, the name and corporate seal of each corporate party being hereto affixed and these premises duly signed by its undersigned representative, pursuant to authority of its governing body.

said Contract being made a part of this Bond by this reference.

NOW, THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Performs the contract dated _____, _____, between Principal and County for construction of _____, the contract being made a part of this bond by reference, at the times and in the manner prescribed in the contract; and

2. Promptly makes payments to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays County all loses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that the County sustains because of a default by Principal under the contract; and

4. Performs the guarantee of all work and materials furnished under the contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the County of any extension of time for the performance of the said Contract, or any other forbearance on the part of the County or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to Section 255.05, Florida Statutes.

THIS BOND DATED THE _____ DAY OF _____, 20____ (the date of issue by the Surety or by the Surety's agent and the date of such agents power-of-attorney).

FINAL RELEASE AND WARRANTY

SECTION 1: HOMEOWNER'S RELEASE

I, _____, as owner of the unit located at [**ADDRESS],** certify and accept all work as performed and contracted by, _____ as complete and satisfactory. I hereby authorize final payment to_____ for the work done on this residence**.**

SECTION 2: CONTRACTOR'S OBLIGATION AND WARRANTY

I, _____ as Contractor of record, for the rehabilitation of the above referenced residence, do issue a one (1) year limited labor and material warranty ending_____**.** The warranty covers defects in materials and workmanship, which occur during normal use. I, _____ **(owner)** acknowledge that routine homeowner maintenance and/or problems caused by neglect, abuse, or improper use are not covered by this warranty. Further, after the warranty expiration date, neither the County, nor the Contractor, shall be responsible for any further work related to this Contract.

SECTION 3: HOMEOWNER/ESCAMBIA COUNTY OBLIGATIONS

As the Contractor has completed his/her contract, the Homeowner, upon acceptance of same, now causes final payment to be made to the Contractor. The Homeowner fully understands that the Contractor is the sole responsible party for the one (1) year warranty as specified in Section 2 of this agreement. The Homeowner understands that it is his/her responsibility to contact the Contractor regarding necessary warranty work. Only after documented efforts by the Homeowner will Escambia County become involved with warranty issues/disputes. Failure of the Contractor to respond to legitimate warranty requests will cause Escambia County/NED to sanction said Contractor.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18332 **County Administrator's Report 12. 2.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Coronavirus Relief Fund Subrecipient Agreement with Florida Housing Finance Corporation
From: CLARA LONG, Department Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Coronavirus Relief Fund Subrecipient Agreement with Florida Housing Finance Corporation - Clara Long, Neighborhood & Human Services Department Director

That the Board take the following action concerning the Coronavirus Relief Fund Subrecipient Agreement with Florida Housing Finance Corporation:

A. Authorize the Chairman to sign the Coronavirus Relief Fund (CRF) Subrecipient Agreement with Florida Housing Finance Corporation in order to receive $903,834 in CRF funds;

B. Authorize the Chairman or County Administrator to sign any subsequent Amendments to the Agreement as required;

C. Approve the general activities of rent, mortgage, and utility assistance and emergency repair assistance in response to the COVID-19 pandemic as permitted under the funds; and

D. Authorize the County Administrator and/or Project Administrator, as appropriate, to execute documents relating to implementation and completion of the Agreement.

[Funding: Fund 110/CARES-CRF-FHFC Housing, Cost Center 370239]

BACKGROUND:

As part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the County will receive $903,834 in Coronavirus Relief Funds (CRF) from Florida Housing Finance Corporation (FHFC). FHFC is distributing the funds to State Housing Initiatives Partnership (SHIP) Program eligible local governments. Funds must be used specifically to assist housing needs of residents impacted by COVID-19 with incomes at or below 120% of area median income, to include rent, mortgage, and utility assistance, as well as emergency housing repairs. All funds must be expended by December 30, 2020. At least $155,459 of the funding must be utilized for households within the City of Pensacola limits.

BUDGETARY IMPACT:

The CRF allocation is $903,834. A separate Budget Amendment is being provided to the Board to recognize and appropriate funds. Funds will be advanced from the State after submission of the Subrecipient Agreement.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Subrecipient Agreement has been reviewed and approved by Alison Rogers, County Attorney.

PERSONNEL:

Activities undertaken with this funding will be overseen by Neighborhood & Human Services Department staff.

POLICY/REQUIREMENT FOR BOARD ACTION:

N/A

IMPLEMENTATION/COORDINATION:

Implementation of the CRF Agreement will be managed by the Neighborhood & Human Services Department/Neighborhood Enterprise Division (NED), including support from the City of Pensacola Housing Department.

FHFC CRF Agreement

CORONAVIRUS RELIEF FUND (CRF)
SUBRECIPIENT AGREEMENT

THIS FUNDING AGREEMENT ("Agreement") is entered into by and among ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS ("Subrecipient"), a local government that meets the State Housing Initiatives Partnership ("SHIP") Program eligibility requirements, and FLORIDA HOUSING FINANCE CORPORATION ("Florida Housing"), a public body corporate and politic duly created and existing under the laws of the State of Florida. Upon execution by both parties, this Contract shall become effective as of the date the last party signs ("Effective Date").

WITNESSETH:

WHEREAS, the Coronavirus (COVID-19) emergency has caused disruption in Florida's economy leading to high rates of unemployment and business closures;

WHEREAS, Many Floridians are in need of assistance with rental payments, mortgage payments and home repairs;

WHEREAS, the State of Florida has been awarded funds pursuant to, section 601(d) of the Social Security Act, as amended by section 5001 of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Pub. L. No. 116-136, div. A, Title V (Mar. 27, 2020);

WHEREAS, a portion of the CARES Act Funds (designated the "Coronavirus Relief Funds or CRF funds") will be distributed by Florida Housing to and administered by Eligible Local Governments (as defined herein) and expended only for purposes authorized by this Agreement;

WHEREAS, the Subrecipient and Florida Housing wish to enter into this Agreement which will govern the disbursement and expenditure of CRF funds;

NOW, THEREFORE, in consideration of the foregoing, the parties hereto agree as follows:

A. Recitals: The recitals stated above are true and correct, are incorporated herein, and form an integral part of this Agreement.

B. Definitions:

1. "Administrative Expenditures" means funds, not to exceed 10% of the allocation, expended by Subrecipient to carry out the activities of CRF. This expense may include salaries and benefits of staff, office supplies and equipment, required travel, advertising, recording costs.

2. "Annual income" means annual income as defined under the Section 8 housing assistance payments programs in 24 C.F.R. part 5; annual income as reported under the census long form for the recent available decennial census; or adjusted gross income as defined for purposes of reporting under Internal Revenue Service Form 1040 for individual federal annual income tax purposes..

3. "Eligible Housing" means any real and personal property located within the county or eligible municipality which is designed and intended for the primary purpose of providing decent,

safe, and sanitary residential units that are designed to meet the standards of the Florida Building Code or previous building codes adopted under Chapter 553, Fla. Stat., or manufactured housing constructed after June 1994 and installed in accordance with the installation standards for mobile or manufactured homes contained in rules of the Department of Highway Safety and Motor Vehicles, for home ownership or rental for Eligible Persons as designated by Subrecipient.

4. "Eligible Local Government" means a local government in Florida that meets the SHIP Program eligibility requirements.

5. "Eligible Persons" or "Households" means one or more natural persons or a family determined by Subrecipient to be earning not more than 120% of the area median income according to the income limits adjusted to family size published annually by Florida Housing.

6. "Eligible Sponsor" means a person or a private or public for-profit or not-for-profit entity that applies for an award under CRF for the purpose of providing Eligible Housing for Eligible Persons.

7. "Expended" means the affordable housing activity is complete.

8. "Program Income" means proceeds derived from interest earned on or investment of the funds, proceeds from loan repayments, recycled funds, and all other income derived from use of CRF funds.

9. "Project Delivery Costs" means those costs related to the delivery of housing related services to an eligible applicant that are not included as part of Administrative Expenditures.

10. "Sub-Grantee" means a person or organization contracted by a Subrecipient that is compensated with CRF funds to provide administration of any portion of the CRF.

C. Allocation and Use of Funds:

1. Amount of Funds Available to Subrecipient: The total funds made available to Subrecipient under this Agreement is: $903,834, of which $155,459 must be used in the City of Pensacola.

2. Disbursement of Funds to Eligible Subrecipients: The available funds will be disbursed to Subrecipient for activities described in Item C.4., below. Funds will be disbursed in up to two payments, the amount of each to be determined by Florida Housing. The first payment for the full amount In Item C.1. above will occur upon execution of this Agreement. Subject to the terms of this paragraph, a second payment may be disbursed no later than October 1, 2020. If Florida Housing determines that the Subrecipient has failed to make satisfactory progress in meeting the requirements of this Agreement or has otherwise failed to satisfactorily perform under the terms of this Agreement, the funds representing the second payment may be withheld by Florida Housing pending resolution of the issues giving rise to the lack of progress or failure to perform satisfactory to Florida Housing which may include a written plan to address the issues prepared by the Subrecipient and submitted to Florida Housing for approval.
3. Establishment of CRF Trust Fund: Subrecipient must establish and maintain a CRF trust fund

or a pooled account where CRF funds are clearly designated.

4. Expenditure of Funds by Subrecipient: CRF funds shall be Expended by Subrecipient for the following:
   a. Direct CRF Administrative Expenditures and Project Delivery Costs incurred on or after March 1, 2020 in an amount no more than a cumulative 10 percent of CRF funds incurred by Subrecipient, a consultant to Subrecipient, and/or a Sub-Grantee. CRF funds shall not be used to pay for Administrative Expenditures and Project Delivery Costs incurred prior to March 1, 2020.

   b. Housing counseling services, direct rental assistance, relocation costs and awards to assist Eligible Housing for Eligible Persons or Households or Eligible Sponsors.

   c. CRF funds may be used for the following pre-approved program purposes or activities:
      i. Rental assistance payments (including back rent, deposits and utility payments);
      ii. Mortgage payments and buydowns;
      iii. Emergency repair of housing;
      iv. Assistance to homeowners to pay insurance deductibles;
      v. Housing re-entry assistance, such as security deposits, utility deposits, and temporary storage of household furnishings;
      vi. Foreclosure or eviction prevention, including monthly rent and associated fees; and
      vii. Homeownership counseling.

      All other activities must be presented in writing to Florida Housing and approved in writing prior to implementation.

5. Term: The period of performance for this grant is March 1, 2020 – December 30, 2020. In executing this Agreement, Subrecipient is certifying that all CRF funds will be Expended by December 30, 2020. The term of this agreement will be from the Effective Date through March 31, 2021.

6. Advertisement of Availability of Funds: U CRF funding availability shall be advertised by Subrecipient in both a newspaper of general circulation and, where available, periodicals serving racially, ethnically and income diverse neighborhoods, at least 10 days before the beginning of the application period. This 10-day period does not prevent assistance to applicants that have already applied and been determined eligible prior to the application period. At a minimum, the advertisement shall contain:
   a. The amount of funds projected to be received from the state for the fiscal year(s).
   b. The beginning and ending date of the application period;
   c. The name of the contact person and other pertinent information where applicants may apply for assistance (phone number, address, email, and hours of operation);

7. Repayments:
   a. The Subrecipient shall only expend funding under this Agreement for allowable costs resulting from obligations incurred during the eligible period of performance. The Subrecipient shall ensure that its contractors, subcontractors, and consultants only

expend funding under this Agreement for allowable costs resulting from obligations incurred during the period of performance.

b. The Subrecipient shall refund to Florida Housing any unobligated funds which have been advanced or paid to the Subrecipient upon termination of this Agreement.

c. Any unexpended funds under this Agreement, including unexpended program income earned, must be returned to Florida Housing upon termination of this Agreement.

d. Upon termination of this Agreement, or upon any determination made indicating such, the Subrecipient shall refund to Florida Housing any funds paid in excess of the amount to which the Subrecipient or its contractors, subcontractors, or consultants are entitled under the terms and conditions of this Agreement.

e. The Subrecipient shall refund to Florida Housing any funds not spent in accordance with the conditions of this Agreement or applicable law. Such reimbursement shall be sent to Florida Housing within 30 calendar days from Subrecipient's receipt of notification of such non-compliance.

f. The Subrecipient's obligations under this section will survive the termination of the Agreement.

8. Performance under this Agreement is subject to 2 C.F.R Part 200, entitled "Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards."

9. Single Audit Act: Funds payments are considered to be federal financial assistance subject to the Single Audit Act (31 U.S.C. §§ 7501-7507) and the related provisions of the Uniform Guidance. The Subrecipient shall conduct a single or program-specific audit in accordance with the provisions of 2 C.F.R. Part 200 and the related provisions of the Uniform Guidance, if it expends more than $750,000 or more in Federal awards from all sources during its fiscal year. The Catalog of Federal Domestic Assistance (CFDA) number for these funds is 21.019.

D. Application for CRF Eligible Person or Household Assistance: Subrecipient shall establish criteria for CRF assistance and develop an application for CRF eligibility.

a. The application for assistance should contain all the necessary information to determine whether an applicant household is potentially eligible for CRF assistance. In accordance with the provisions of Sections 760.20-760.37, Fla. Stat., it is unlawful to discriminate on the basis of race, religion, color, sex, familial status, national origin, or handicap in the award application process for Eligible Housing.

b. At a minimum, an application for program assistance should contain the following items for each household members:

i. The number of people residing in the household including name, age, relationship to head of household, current address and home phone number;

ii. Name and address of employer(s), work phone number(s), position title and number of years on job with employer;

iii. Sources of annual income, including earned, unearned and asset income, and a statement signed by all of the adults who reside in the household consenting to the disclosure of information for the purpose of verifying income and assets for determining income eligibility for program assistance.

iv. A signed statement indicating that the applicant understands that all information provided is subject to Florida's public records laws.

v. A statement that it is a first-degree misdemeanor to falsify information for the purpose of obtaining assistance.

E. Allowable Rental Assistance (Subsidies): Assistance may be provided as direct rental assistance to Eligible Persons in any of the following manners:

1. Security and utility deposit assistance to secure temporary or permanent rental housing; or

2. Eviction prevention not to exceed 10 months' rent; or

3. A rent subsidy program for income eligible households that are displaced from rental units that are uninhabitable; or

F. Allowable Mortgage Payments: Mortgage payment assistance may be awarded to eligible applicants. This may include principle and interest, insurance, and homeowner association fees. Real Estate taxes paid to a government entity are not eligible.

G. Income Categories: All households assisted must be at or below 120% of the area median income.

H. CRF Eligible Person Award Terms: CRF funds awarded directly to Eligible Persons must be in the form of a grant, deferred loan or hard pay loan.

I. Reporting Requirements: The Subrecipient must provide Florida Housing with monthly reports beginning on October 1, 2020 and a closeout report by February 15, 2021. These funds must include the current status and progress of the expenditure of funds under this Agreement, in addition to any other information requested by Florida Housing. All funds must be accounted for on the CRF Data Upload Form as provided by Florida Housing. Quarterly reports are due to Florida Housing no later than 15 days after the end of each quarter. The first quarterly report due pursuant to this agreement is due for the quarter ending September 30, 2020.

J. Program Compliance

1. File Management and Record Retention relating to CRF Eligible Persons or Sponsors: Subrecipient must maintain a separate file for every applicant, Eligible Person, Sub-Grantee or Sponsor, regardless of whether the request was approved or denied.
   a. Contents of File: Each file must contain sufficient and legible documentation. Documents must be secured within the file and must be organized systematically.
   b. Record and File Retention: Local governments are required to retain records and other relevant documentation for each applicant, Eligible Person, Sub-Grantee or Sponsor for five fiscal years after funds have been expended or five years after the expiration of a use restriction agreement. and accounted for and/or satisfaction of loans, whichever is later, provided applicable audits have been released.
      i. The minimum requirements for documentation of award depend upon the type of assistance awarded and the funding sources. Every file should contain a section of notes and a file checklist, which tracks the efforts and progress of obtaining necessary documents. The checklist is a useful tool for all persons who must have access to the file. However, this checklist may be modified to accommodate a local government's need for additional documentation.

ii. Eligible Sponsors(developers) who are awarded funds have the responsibility for maintaining clear and accurate files on project recipients and activities. Subrecipient must monitor the Eligible Sponsors files on a regular basis to ensure that all information is collected that will be needed for reporting. Subrecipient's housing administrator must also review the file documentation to ensure that assistance is awarded to Eligible Persons and that all project activities conform to program requirements.

iii. In cases where a Sub-Grantee is used to administer CRF, Subrecipient is ultimately responsible for program compliance.

iv. All other records that document the award or expenditure of CRF funds must be retained for five fiscal years after the funds have been expended or five years after the expiration of a use restriction agreement and accounted for and/or satisfaction of loans, whichever is later, provided applicable audits have been released. This means that for cases that were assisted Subrecipient must retain all records no less than five years after the loan has been satisfied, provided audits have been released, whichever is later. Housing records of this type include, but are not limited to:

1) applications;
2) program and set-aside records;
3) housing agreements;
4) income verifications and
5) other records as required by Florida Housing or federal, state and local law or regulations.

v. Records must be retained in electronic form. The standards used must comply with the Florida Administrative Code. Local record retention requirements may be stricter than the State.

c. Access to Files: Florida Housing or any duly authorized representative shall be permitted to inspect any files relating to CRF Eligible Person or Sponsors including but not limited to advertisements, applications, income verifications and certifications, plan participation contracts, financial records, tracking system records, construction cost verification including receipts and contracts, rental development annual reviews, Eligible Sponsor reviews, Eligible Sponsor award lists, CRF fund recipient lists, and any other applicable documents at any reasonable time with or without notice. Such records shall be maintained within the participating county or eligible municipality at a place accessible to the Corporation staff or its designated monitoring agent.

2. <u>Files Management and Record Retention relating to Subrecipient and Administration of this Agreement</u>:

a. The Subrecipient shall maintain books, records, and documents in accordance with generally accepted accounting procedures and practices which sufficiently and properly reflect all expenditures of funds provided by Florida Housing under this Agreement.

b. Contents of the Files: Subrecipient must maintain files containing documentation to verify all compensation to Subrecipient in connection with this Agreement, as well as reports, records, documents, papers, letters, computer files, or other material received, generated, maintained or filed by Subrecipient in connection with this Agreement. Subrecipient must also keep files, records, computer files, and reports that reflect any compensation it receives or will receive in connection with this Agreement.

c. Record and File Retention: Subrecipient must maintain these files for five years after the end of the applicable fiscal year, except that, if any litigation, claim or audit is commenced with respect to the transactions documented by such files before the end of the aforementioned five-year period and extends beyond the expiration of the five-year period, these files must be retained until all litigation, claims, or audit findings involving the files have been resolved.
d. Access to the Files: As a condition of receiving state or federal financial assistance, and as required by sections 20.055(6) and 215.97(5), Fla. Stat., Florida Housing, the Chief Inspector General of the State of Florida, the Florida Auditor General, or any of their authorized representatives shall enjoy the right to access any documents, financial statements, papers, or other records of the Subrecipient that are pertinent to this Agreement, in order to make audits, examinations, excerpts, and transcripts. Upon reasonable notice, Subrecipient and its employees shall allow Florida Housing or its agent(s) access to its files and personnel for interview purposes during normal business hours, 9:00 a.m. to 5:00 p.m., Monday through Friday, provided such day is not a holiday.
e. Return of the Files: In the event this Agreement is terminated, all finished or unfinished documents, data, studies, computer files, correspondence, and other products prepared by or for Subrecipient under this Agreement must be submitted to Florida Housing within 15 days of such termination at the expense of Subrecipient.

3. Compliance Monitoring: Subrecipient must be subject to compliance monitoring during the period of performance in which funds are Expended and up to three years following the closeout of all funds. In order to assure that the program can be adequately monitored, the following is required of Subrecipient:
   a. Subrecipient must maintain a financial tracking system provided by Florida Housing that ensures that CRF funds are Expended in accordance with the set-aside requirements, deadlines, and other requirements in this agreement.
   b. Subrecipient must maintain records on all awards to Eligible Persons or Sponsors. These records must include, but are not limited to:
      i. Proof of income compliance;
      ii. Proof of homeownership;
      iii. Proof of use of FEMA proceeds;
      iv. Documentation of all required inspections including mold remediation and wood destroying organisms;
      v. Documentation of any required remediation;
      vi. Certificate of Occupancy;
      vii. Placed in Service documentation;
      viii. Proof of contract or eligibility;
      ix. Documentation of payments made on the award; and
      x. Documentation of the value/sales price of the unit, as applicable.

4. Cooperation with Inspector General: Subrecipient understands its duty, pursuant to Section 20.055(5), Fla. Stat., to cooperate with Florida Housing's Inspector General in any investigation, audit, inspection, review, or hearing. Subrecipient will comply with this duty and ensure that any contracts issued under this Agreement impose this requirement, in writing, on its subcontractors.

5. Technical Assistance: Training and technical assistance is available to Subrecipient to assist in the development and implementation of the CRF. This technical assistance shall be provided by Florida Housing staff and Florida Housing's Catalyst contractor.

6. Program Income: Program Income realized by Subrecipient prior to the final closeout of CRF must be deposited and used for eligible CRF activities. After final closeout of CRF, funds realized as Program Income must be returned to Florida Housing.

7. Recaptured Funds: Recaptured Funds realized by Subrecipient prior to the final closeout of CRF must be deposited and used for eligible CRF activities. After final closeout of CRF, Recaptured Funds must be returned to Florida Housing.

K. Contacts

E-mail: Contract.Admin@floridahousing.org

2. The Florida Housing program contact for this Contract is:
Robert Dearduff, Assistant Director of Special Programs
Florida Housing Finance Corporation
227 North Bronough St., Suite 5000
Tallahassee, Florida 32301-1329
Phone: 850.488.4197
E-mail: Robert.Dearduff@floridahousing.org
or the designated successor.

3. The Grantee's contract administrator for this Contract is:
Meredith Reeves, SHIP Administrator
221 Palafox Place, Suite 200
Pensacola, Florida 32502
Phone: 850.595.0022 x.3
E-mail: mareeves@myescambia.com
or the designated successor.

L. 2 CFR Appendix II to Part 200 - Contract Provisions for Non-Federal Entity Contracts Under Federal Awards - In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at $150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach

contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the

substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended - Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689) - A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) - Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See § 200.322 Procurement of recovered materials.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75888, Dec. 19, 2014]

M. Default and Remedies

1. If any of the events listed in subparagraph 2. of this section occur, all obligations on the part of Florida Housing to continue doing business with Subrecipient or assign any future transaction to Subrecipient shall, if Florida Housing so elects, terminate and Florida Housing may, at its option, exercise any of its remedies set forth herein, or as otherwise provided by law. However, Florida Housing may continue doing business with the Subrecipient as a participant after the happening of any event listed in subparagraph 2. of this section without waiving the right to exercise such remedies, without constituting a course of dealing, and without becoming liable to include the Subrecipient in the transaction or any future transaction.

2. The Events of Default shall include, but not be limited to, the following:

    a. If any report, information or representation provided by Subrecipient in this Contract is inaccurate, false or misleading in any respect;

b. If any warranty or representation made by Subrecipient in this Contract or any other outstanding agreement with Florida Housing is deemed by Florida Housing to be inaccurate, false or misleading in any respect;

c. If Subrecipient fails to keep, observe, or perform any of the terms or covenants contained in this Contract, or is unable or unwilling to meet its obligations as defined in this Contract;

d. If, in the sole discretion of Florida Housing, Subrecipient has failed to perform or complete any of the services identified in the attachments;

e. If Subrecipient has not complied with all Florida laws, federal laws, Florida Housing rules or Florida Housing policies applicable to the work;

f. If Subrecipient has discriminated on the grounds of race, color, religion, sex, national origin, or disability in performing any service identified in the attachments;

g. If Subrecipient does not comply with the terms and conditions set forth in Section 420.512(5), Fla. Stat.;

h. If Subrecipient commits fraud in the performance of its obligations under this Contract; or

i. If Subrecipient refuses to permit public access to any document, paper, letter, computer files, or other material subject to disclosure under Florida's Public Records Law.

Upon the occurrence of any Event of Default listed in subparagraph 2. above, Florida Housing will provide written notice of the Default detailing the grounds that constitute the Event of Default.

3. Upon the occurrence of any Event of Default listed in subparagraph 2. above, Florida Housing may provide Subrecipient a reasonable period of time to cure the Event of Default (Cure Period). If Florida Housing provides a Cure Period, Florida Housing will notify the Subrecipient of the length of the Cure Period in the Notice of Default.

4. If Florida Housing provides a Cure Period and if the Subrecipient is unable or unwilling to cure the Event of Default within the Cure Period, Florida Housing may exercise any remedy permitted by law. The pursuit of any one of the following remedies shall not preclude Florida Housing from pursuing any other remedies contained herein or otherwise provided at law or in equity. The remedies include, but are not limited to the following:

   a. Florida Housing may terminate the Contract on the 10th day after Subrecipient receives the Notice of Default or upon the conclusion of any applicable Cure Period, whichever is later;

   b. Florida Housing may commence an appropriate legal or equitable action to enforce performance of the terms and conditions of this Contract;

   c. Florida Housing may exercise any corrective or remedial actions including, but not limited to, requesting additional information from Subrecipient to determine the reasons for or

the extent of non-compliance or lack of performance, issuing a written warning to advise that more serious measures may be taken if the situation is not corrected, advising the Subrecipient to suspend, discontinue or refrain from incurring fees or costs for any activities in question or requiring the Subrecipient to reimburse Florida Housing for the amount of costs incurred; or

d. Florida Housing may exercise any other rights or remedies that may be otherwise available under law.

N. Termination

1. Florida Housing may terminate the Agreement, without cause, at any time upon 24-hour written notice delivered by courier service or electronic mail to the Subrecipient, from the date sent from Florida Housing.

2. The Subrecipient may terminate this Agreement, without cause, at any time upon 10 days written notice delivered by courier service or electronic mail to Florida Housing at the physical or electronic address, as applicable, of Florida Housing's Contract Administrator, Contract.Admin@floridahousing.org. The Subrecipient shall be responsible for all costs arising from the resignation of the Subrecipient.

3. Upon expiration or termination of this Agreement, the Subrecipient shall transfer to Florida Housing any CRF funds on hand at the time of expiration or termination, and any accounts receivable attributable to the use of CRF funds.

O. General Provisions

1. Compliance with all Applicable Laws and Regulations: Subrecipient must comply with all applicable federal, state and local laws, rules, regulations, and ordinances in administering CRF under this Agreement. Subrecipient acknowledges that this requirement includes, but is not limited to, compliance with all applicable federal, state, and local health and safety rules and regulations. Subrecipient further agrees to include this provision in all contracts with Eligible Persons, Sub-Grantees, Sponsors or subcontracts issued as a result of this Agreement. Subrecipient's failure to comply with any part of this provision is material and must be grounds for termination of this Agreement for cause by Florida Housing.

2. Indemnification: Nothing contained in this Agreement shall be construed to be a waiver by either party of any protections under sovereign immunity, Section 768.28 Florida Statutes, or any other similar provision of law. Nothing contained herein must be construed to be a consent by either party to be sued by third parties in any matter arising out of this Agreement or any other contract.

3. Insurance: Subrecipient agrees to carry liability and other appropriate forms of insurance. Florida Housing shall have no liability except as specifically provided in this Agreement.

4. Severability: If a court deems any provision of this Agreement void or unenforceable, that provision shall be enforced only to the extent that it is not in violation of law or is not otherwise unenforceable and all other provisions shall remain in full force and effect.

5. Entire Agreement: This Agreement, and all exhibits annexed hereto which are incorporated herein by reference, collectively represent the entire agreement of the parties and the same supersedes any and all previous agreements of any kind. Any alterations, variations, changes, modifications, or waivers of provisions of this Agreement shall be valid only if reduced to writing, duly signed by all of the parties hereto, and attached to the original of this Agreement.

6. Lobbying: In accordance with Section 216.347, Fla. Stat., Subrecipient is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency. Further, in accordance with Section 11.062, Fla. Stat., no state funds, exclusive of salaries, travel expenses, and per diem, appropriated to, or otherwise available for use by, any executive, judicial, or quasi-judicial department shall be used by any state employee or other person for lobbying purposes.

7. Files Subject to Florida's Public Records Law: Any file, report, record, document, paper, letter, or other material received, generated, maintained or sent by Subrecipient in connection with this agreement is subject to the provisions of Section 119.01-.15, Fla. Stat., as may be amended from time to time (Florida's Public Records Law). Subrecipient represents and acknowledges that it has read and understands Florida's Public Records Law and agrees to comply with Florida's Public Records Law.

If Subrecipient has questions regarding the application of Chapter 119, Florida Statutes, to Subrecipient's duty to provide public records relating to this contract, contact the Corporation Clerk at:
Corporation Clerk
227 N. Bronough Street, Suite 5000
Tallahassee, Florida 32301-1329
Phone: 850.488.4197
E-mail: Corporation.Clerk@floridahousing.org

8. Personally Identifiable Information (PII); Security:
   a. If Subrecipient or any of its subcontractors may or will create, receive, store or transmit PII under the terms of this Agreement, Subrecipient must provide for the security of such PII, in a form acceptable to Florida Housing, without limitation, non-disclosure, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, security inspections and audits. Subrecipient shall take full responsibility for the security of all data in its possession or in the possession of its subcontractors and shall hold Florida Housing harmless for any damages or liabilities resulting from the unauthorized disclosure of loss thereof.
   b. If Subrecipient or any of its subcontractors may or will create, receive, store or transmit PII under the terms of this Agreement, Subrecipient shall provide Florida Housing with insurance information for stand-alone cyber liability coverage, including the limits available and retention levels. If Subrecipient does not carry stand-alone cyber liability coverage, Subrecipient agrees to indemnify costs related to notification, legal fees,

judgments, settlements, forensic experts, public relations efforts, and loss of any business income related to this Agreement.

c. Subrecipient agrees to maintain written policies and procedures for PII and/or data classification. This plan must include disciplinary processes for employees that violate these guidelines.
d. Subrecipient agrees at all times to maintain reasonable network security that, at a minimum, includes a network firewall.
e. Subrecipient agrees to protect and maintain the security of data with protection security measures that include maintaining secure environments that are patched and up to date with all appropriate security updates as designated by a relevant authority (e.g. Microsoft notifications, Common Vulnerabilities and Exposures (CVE) database, etc.) Subrecipient agrees that PII shall be appropriately destroyed based on the format stored upon the expiration of any applicable retention schedules.
f. Subrecipient agrees that any and all transmission or exchange of system application data with Florida Housing and/or any other parties shall take place via secure Advanced Encryption Standards (AES), e.g. HTTPS, FTPS, SFTP or equivalent means. All data stored as a part of backup and recovery processes shall be encrypted, using AES.
g. If Subrecipient reasonably suspects that a cybersecurity event or breach of security has occurred, they must notify Florida Housing's Contract Administrator within 48 hours.
h. In the event of a breach of PII or other sensitive data, Subrecipient must abide by provisions set forth in Section 501.171, Fla. Stat. Additionally, Subrecipient must immediately notify Florida Housing in writing of the breach and any actions taken in response to such a breach. As the information becomes available the statement must include, at a minimum, the date(s) and number of records affected by unauthorized access, distribution, use, modification or disclosure of PII; Subrecipient's corrective action plan; and the timelines associated with the corrective action plan.

9. Other Provisions:
   a. This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall lie in Leon County.
   b. No waiver by Florida Housing of any right or remedy granted hereunder or failure to insist on strict performance by Subrecipient shall affect or extend or act as a waiver of any other right or remedy of Florida Housing hereunder or affect the subsequent exercise of the same right or remedy by Florida Housing for any further or subsequent default by Subrecipient. A waiver or release with reference to any one event shall not be construed as continuing or as constituting a course of dealing.
   c. Any power of approval or disapproval granted to Florida Housing under the terms of this Agreement shall survive the terms and life of this Agreement as a whole.
   d. The Agreement may be executed in any number of counterparts, any one of which may be taken as an original.

IN WITNESS WHEREOF, the parties have executed this Agreement Number 050-2020, each through a duly authorized representative, effective on the Effective Date.

ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18283 **County Administrator's Report 12. 3.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Residential Rehab Grant Program Funding and Lien Agreements
From: CLARA LONG, Department Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Residential Rehab Grant Program Funding and Lien Agreements - Clara Long, Neighborhood & Human Services Department Director

That the Board ratify the following August 6, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program Funding and Lien Agreements:

A. Approving the Residential Rehab Grant Program Funding and Lien Agreements between Escambia County CRA and Property Owner; and

Property Owner	Address	Fund	Cost Center	Improvement	Amount
Michelle S. Johnson	633 Lakewood Road	151	Barrancas-370116	Replacement Roof	$3,625

B. Authorizing the Chairman to sign the Funding and Lien Agreements and any related documents necessary to implement the Grant awards.

BACKGROUND:

The intent of the matching Grant program is to promote private investment which will upgrade the appearance, property values, and economic activity for residential properties within the designated CRA areas. A rendering of the project is provided.

On August 6, 2020, at 9:00 a.m., a CRA meeting was convened to consider approval of the various agenda items.

BUDGETARY IMPACT:

Funding for the Grants will be provided as follows:

Property Owner	Address	Fund	Cost Center	Improvement	Amount
Michelle S. Johnson	633 Lakewood Road	151	Barrancas-370116	Replacement Roof	$3,625

LEGAL CONSIDERATIONS/SIGN-OFF:

The Funding and Lien Agreements were reviewed and approved as to form and legal sufficiency by the County Attorney's Office.

PERSONNEL:

Neighborhood & Human Services/Community Redevelopment Agency (NHS/CRA) staff will handle these Grant awards.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board approval is required for disbursement of funds to all private individuals or outside agencies.

IMPLEMENTATION/COORDINATION:

NHS/CRA staff, in coordination with the property owner, handles all implementation tasks. NHS/CRA staff will monitor the work in progress and will be responsible for compiling the necessary documentation prior to the Grant award.

ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY
RESIDENTIAL REHAB GRANT PROGRAM FUNDING AGREEMENT

THIS FUNDING AGREEMENT is made and entered into this **6th** day of **August 2020,** by and between the ESCAMBIA COUNTY COMMUNITY REDEVELOPMENT AGENCY, (the "CRA"), 221 Palafox Place, Pensacola, Florida 32502 and **Michelle S. Johnson** (the "Recipient"), owner of residential property located at **633 Lakewood Road,** Pensacola, Florida, **32507**.

WITNESSETH:

WHEREAS, the CRA has established the **Residential Rehab Grant Program** (the "Program") to provide grants to qualified property owners for projects within the boundaries of the County's designated Community Redevelopment Areas; and

WHEREAS, the Recipient has applied for a grant to fund the project described in **EXHIBIT I** of this Agreement (the "Project"); and

WHEREAS, the parties wish to define their rights and obligations with respect to the Project and the Program grant to be provided to the Recipient.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, and other good and valuable consideration, the parties agree as follows:

1. Recitals: The above recitals are incorporated into this Agreement.

2. **Residential Rehab Grant Program:** The CRA awards to the Recipient a matching Grant in the maximum amount of **$3,625**, which, together with any matching funds provided by the Recipient, shall be expended solely for the construction and completion of the Project described in **EXHIBIT I**, which is hereby fully incorporated into this agreement.

3. In-Kind Match: The Recipient shall provide matching funds in the total amount of **$3,625** which shall be comprised of a cash contribution of **$3,625**.

4. Project: The Project funded by the grant is defined in **EXHIBIT I.** The Recipient shall supervise the work performed and ensure proper maintenance of the Project. The CRA will not be responsible in any manner for the selection of a contractor. Work on the Project shall not commence until the Recipient receives written notification from the CRA that the Project may proceed.

5. Term: The work to be performed for the Project shall commence after the **6th** day of **August 2020**, and the Project shall be complete on or before the **6th** day of **November 2020**, (the "Termination Date"). In the event that the Project will not be completed by the Termination Date, the Recipient shall submit a written request for an extension to the CRA at least (30) days prior to the Termination Date. The CRA, in its sole discretion, may grant the extension. However, the CRA's agreement to grant an extension shall not constitute a waiver of any of the other terms or provisions of this Agreement.

6. Applicable Laws: The Recipient must comply with all applicable federal, state, and local laws, and shall, at his expense, secure and pay for all permits and be responsible for all other fees or charges associated with the performance of the Project or any other activities under this Agreement.

7. Indemnification: The Recipient shall indemnify, defend, and hold harmless the CRA, including its elected officials, Board members, agents and employees, from and against all claims, suits, actions, damages, losses, and expenses, including but not limited to attorney's fees and costs, arising out of or resulting from this Agreement, the Project, or any other activities under this Agreement.

8. Termination: The CRA shall have the right to terminate this Agreement for convenience or in the event of a breach of any of its terms and provisions. A breach shall include, but not be limited to, failure to meet the match requirements described in paragraph 3; failure to begin work and progress along the schedule in the time and manner specified in paragraph 5; failure to obtain approval of any Project modifications; or failure to obtain Project time extensions. If a Project is terminated, and the Project is located on public property or right-of-way, the CRA reserves the right to remove or require the Recipient to remove any or all portions of the Project or claim as its own and use it deems fit, any improvements or materials remaining on the Project site.

9. Notice of Termination: Upon the CRA's determination that the Recipient has breached any term or provision of the Agreement, the CRA shall provide the Recipient with written notice of the breach and the required corrective action. This Agreement shall terminate automatically if the Recipient fails to remedy the breach to the CRA's satisfaction within fifteen (15) days of the Recipient's receipt of the written notice.

10. Subsequent to Termination: The CRA shall provide the Recipient a certified letter confirming termination of the Agreement. Within thirty (30) days of receipt of the termination letter, the Recipient shall submit a cashier's check to the County for the total amount of grant funds disbursed under this Agreement.

11. Property Owner(s) as Independent Contractor: The parties agree that the Recipient is an independent contractor and is not employee or agent of the CRA.

12. Inspector: The Escambia County CRA, or other County officials as may be duly authorized by the CRA, reserves the right to place inspectors at the work site in order to ensure proper expenditure of the grant funds provided under this Agreement. The CRA does not assume any liability for the quality of work performed or injuries incurred during the performance of the Project. Further, the CRA shall not act in a supervisory capacity during the course of the Project.

13. Payment Process: At Project completion, the CRA will reimburse the Recipient for pre-approved eligible Project costs that are incurred during the course of the Project. The Recipient accepts sole responsibility for ensuring that all Project expenses are reviewed and approved by the CRA prior to Recipient authorizing delivery of the goods, services, or equipment. The Recipient shall provide the CRA with a minimum of three written price quotes for each item to be purchased. The CRA shall not be obligated to disburse Grant funds for any unauthorized goods, services, or equipment, and the liability for payment in such instances shall be the responsibility of the Recipient. The CRA shall not be obligated to disburse Grant funds until the Recipient submits vendor invoices, copy of signed permit, proof of payment, and other documentation as may be required by the CRA. Final determination regarding the acceptability of supporting documentation shall rest with the Clerk of the Circuit Court/Finance Division. The Recipient shall provide the CRA with the names and signatures of all persons designated by Recipient to purchase goods, services, and equipment for the Project and the CRA shall not be obligated to disburse Grant funds to persons not previously designated by the Recipient.

14. Maintenance of Records: The Recipient shall maintain written records and accounts documenting all expenditures related to the Project. The Recipient shall maintain all documents

for a minimum period of three (3) years from the date of final completion of the Project, or until final resolution of matters involving any questioned costs, audit concerns, or related matters. The Recipient acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event that the Recipient fails to abide by the provisions of Chapter 119, Florida Statutes, the CRA may terminate this Agreement. In such case, the Recipient shall not be entitled to receive any further disbursement or benefit associated with this Agreement.

15. Audit: The County or the Clerk of the Circuit Court/Finance Division may audit or review any and all records or documents pertaining to this Agreement at any time.

16. Amendments: Any amendments to this Agreement shall be in writing executed by both parties with the same formalities as this Agreement.

17. Notice: Any notices to the County shall be mailed to:

County:
Sherry Duffey
Development Program Manager
Neighborhood and Human Services Dept.
Community Redevelopment Agency
221 Palafox Place
Pensacola, Florida 32502

Recipient:
Michelle S. Johnson
633 Lakewood Road
Pensacola, FL 32507

All notices shall be sent by certified mail, return receipt requested.

18. No Discrimination: The Recipient shall ensure that this Agreement is performed and executed in a non-discriminatory manner, consistent with state and federal civil rights legislation. All services and access shall be available without regard to race, creed, color, handicap, familial status, disability, religion, or national origin.

19. Entire Agreement: This Agreement contains the entire agreement between the parties and no representations, inducements, promises, or other agreements between the parties not contained in this Agreement will be of any force and effect.

20. No Waiver: This Agreement does not constitute a waiver of any local ordinances, codes, or regulations.

21. This Agreement is executed in Escambia County, Florida, and performance and interpretation of this Agreement shall be construed in accordance with the laws of Florida. Any action relating to this Agreement shall be instituted and prosecuted in the courts of Escambia County, Florida, and each party waives the right to change of venue.

22. If any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

23. The headings appearing in this Agreement have been inserted for the purpose of convenience and for ready reference. They do not purport to, and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they appertain.

24. If any date herein set forth for the performance of any obligations, or the delivery of any instrument, or for the giving of any notice by the parties such as herein provided, shall be on Saturday, Sunday, or legal holiday such compliance shall be deemed acceptable on the next business day following such Saturday, Sunday, or legal holiday.

25. Each individual executing this Agreement on behalf of a business or government entity represents and warrants that they are duly authorized to execute and deliver this Agreement on behalf of their respective principal, in accordance with duly adopted action or authority of the governing Board of each party, and that this Agreement is binding upon each party in accordance with its terms.

EXHIBIT I

RESIDENTIAL REHAB GRANT PROJECT

Property Owner(s): **Michelle S. Johnson**
Property Address: **633 Lakewood Road, Pensacola, Florida, 32507**

The "Project" includes the following improvement to the above referenced property:

Replacement Roof

Escambia County Community Redevelopment Agency
Residential Rehab Grant Program
Administered By: Escambia County Neighborhood and Human Services Department
Community Redevelopment Agency

Lien Agreement

Applicant Name	Address of Property	Property Reference No.
Michelle S. Johnson	**633 Lakewood Road**	**59-2S-30-1000-009-005**
A married woman	**Pensacola, FL 32507**	

Total Amount of Lien **$3,625**

I, the undersigned owner of the residential property referenced above, agree that the improved residential property will continue to be used for residential purposes for a period of not less than one (1) year from the date this lien agreement is recorded in the public records. I will not sell or transfer ownership or possession of the property to any other person, persons, corporation or other legal entity during this one (1) year period without the express written permission of the CRA. Such permission shall not be unreasonably withheld nor is this lien agreement intended to otherwise unreasonably prevent the alienation of the property.

The lien shall be due and payable in total for a period of one (1) year from the date this lien agreement is recorded in the public records. Upon documentation of compliance with the provisions of this lien agreement and the Escambia County **Residential Rehab Grant Program,** and one (1) year subsequent to the recording of the lien agreement in the public records, this lien shall depreciate to zero (0), and repayment shall be forgiven. I understand that this lien will not be subordinated without the prior approval of the CRA, and subordination shall be considered for approval only to enable the owner to secure financing required to complete further improvements to the subject property.

If the property is sold or if ownership or possession is otherwise transferred without the express written permission of the CRA to another party or parties or the funding agreement executed concurrently with this lien agreement is terminated prior to expiration of the one (1) year period referenced above, I agree that I or my heir(s) or assigns shall repay the total amount of grant funds disbursed by the CRA, up to and including the amount recited above.

Escambia County, Florida

AI-18282 **County Administrator's Report 12. 4.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Cancellation of Residential Rehab Grant Program Liens
From: CLARA LONG, Department Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Cancellation of Residential Rehab Grant Program Liens - Clara Long, Neighborhood & Human Services Department Director

That the Board ratify the following August 6, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the cancellation of the Residential Rehab Grant Program Liens:

A. Approving the following cancellations of five Residential Rehab Grant Program Liens, as the Grant recipients have met their one-year of compliance with the Residential Rehab Grant Program; and

Property Owners	Address	Amount
Lavanda Jean Walden	220 Betty Road	$4,462
Ronald F. and Joan P. Olmstead	17 Audusson Avenue	$4,133
Gary S. Holloway	6612 Flagler Drive	$2,950
Bert Thomas and Helen S. Black	6226 Vicksburg Drive	$6,000
James B. and Jill S. Amos	9016 Chemstrand Road	$4,347

B. Authorizing the Chairman to execute the Cancellation of Lien documents.

BACKGROUND:

The aforementioned property owners have satisfied their one-year compliance with the Residential Rehab Grant Program.

BUDGETARY IMPACT:

Property Owners	Address	Amount
Lavanda Jean Walden	220 Betty Road	$4,462
Ronald F. and Joan P. Olmstead	17 Audusson Avenue	$4,133
Gary S. Holloway	6612 Flagler Drive	$2,950
Bert Thomas and Helen S. Black	6226 Vicksburg Drive	$6,000
James B. and Jill S. Amos	9016 Chemstrand Road	$4,347

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Senior Assistant County Attorney, has reviewed and approved the Cancellation of Lien documents as to form and legal sufficiency.

PERSONNEL:

Neighborhood & Human Services/Community Redevelopment Agency (NHS/CRA) staff coordinates the Residential Rehab Grant Program and all associated administrative functions.

POLICY/REQUIREMENT FOR BOARD ACTION:

Current practice requires Board approval for Residential Rehab Grant Program lien cancellation.

IMPLEMENTATION/COORDINATION:

Upon obtaining the Chairman's signature, the Clerk of Court will record the Cancellation of Lien documents for the owners.

Applicant Name(s)	Address of Property	Property Reference No.
James B. and Jill S. Amos	**9016 Chemstrand Road Pensacola, FL 32514**	**12-1S-30-4101-009-003**

Total Amount of Lien **$4,347**

Verified By: [signature] Date: 5/1/2019

I, the undersigned owner of the residential property referenced above, agree that the improved residential property will continue to be used for residential purposes for a period of not less than one (1) year from the date this lien agreement is recorded in the public records. I will not sell or transfer ownership or possession of the property to any other person, persons, corporation or other legal entity during this one (1) year period without the express written permission of the CRA. Such permission shall not be unreasonably withheld nor is this lien agreement intended to otherwise unreasonably prevent the alienation of the property.

The lien shall be due and payable in total for a period of one (1) year from the date this lien agreement is recorded in the public records. Upon documentation of compliance with the provisions of this lien agreement and the Escambia County **Residential Rehab Grant Program,** and one (1) year subsequent to the recording of the lien agreement in the public records, this lien shall depreciate to zero (0), and repayment shall be forgiven. I understand that this lien will not be subordinated without the prior approval of the CRA, and subordination shall be considered for approval only to enable the owner to secure financing required to complete further improvements to the subject property.

If the property is sold or if ownership or possession is otherwise transferred without the express written permission of the CRA to another party or parties or the funding agreement executed concurrently with this lien agreement is terminated prior to expiration of the one (1) year period referenced above, I agree that I or my heir(s) or assigns shall repay the total amount of grant funds disbursed by the CRA, up to and including the amount recited above.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18270 **County Administrator's Report 12. 5.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Change Order Number 1 to Purchase Order 200909 to Blue Arbor, Inc.
From: CLARA LONG, Department Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Change Order #1 to Blue Arbor, Inc., for Community Center Workers - Clara Long, Neighborhood & Human Services Director

That the Board approve and authorize the County Administrator to execute Change Order #1 to Blue Arbor, Inc., for additional funds for NHS Brownsville and Ebonwood Community Center workers:

DEPARTMENT	NEIGHBORHOOD & HUMAN SERVICES
DIVISION	COMMUNITY CENTERS
TYPE-CHANGE ORDER	ADDITION
AMOUNT	$20,000
VENDOR	BLUE ARBOR, INC.
PROJECT NUMBER	19NH0389
CONTRACT NUMBER	PD 17-18.055
PURCHASE ORDER#	200909
ORIGINAL AWARD AMOUNT	$45,000
CHANGE ORDER #1	$20,000
TOTAL	$65,000

BACKGROUND:

On November 7, 2019, the Board authorized the issuance of Purchase Orders to Blue Arbor, Inc., at the original award amout of $45,000.

Due to COVID-19, the County's Neighborhood and Human Services Department provided feeding resources distribution when schools closed down and opened the centers to support the Summer Youth Employment Program and Summer Camp Programs, in keeping with the CDC guidelines and social distancing.

With new measures being implemented to both Brownsville and Ebonwood Centers as well as being the distribution sites to issue face masks, NHS had to hire additional Blue Arbor workers for both community centers.

BUDGETARY IMPACT:

Funds are available in Fund 353, NHS Community Centers, Cost Center 370107, LOST IV.

DEPARTMENT	NEIGHBORHOOD & HUMAN SERVICES
DIVISION	COMMUNITY CENTERS
TYPE-CHANGE ORDER	ADDITION
AMOUNT	$20,000
VENDOR	BLUE ARBOR, INC.
PROJECT NUMBER	19NH0389
CONTRACT NUMBER	PD 17-18.055
PURCHASE ORDER#	200909
ORIGINAL AWARD AMOUNT	$45,000
CHANGE ORDER #1	$20,000
TOTAL	$65,000

LEGAL CONSIDERATIONS/SIGN-OFF:

There is no legal consideration needed.

PERSONNEL:

NHS staff will implement this Program.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the provisions of the Code or Ordinances of Escambia County, Florida, Chapter 46, Finance, Article II, Purchases and Contracts.

IMPLEMENTATION/COORDINATION:

Upon approval of this Recommendation, a Change Order will be transmitted to the Office of Purchasing for processing.

BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Change Order Number 1 to Purchase Order 200685 to Key Ford LLC
From: Jason Rogers, Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Change Order #1 to Key Ford LLC, for the Public Safety Department's EMS Department - Jason Rogers, Public Safety Department Director

That the Board approve and authorize the County Administrator to execute Change Order #1 to Key Ford LLC, adding funds for the repair and maintenance needs of the EMS fleet vehicles:

Department:	Public Safety
Division:	EMS
Type:	Addition
Amount:	$15,000
Vendor:	Key Ford LLC
Project Name:	N/A
Contract:	N/A
Purchase Order #:	200685
Change Order #:	1
Original Award Amount:	$20,000
Change Order #1 as requested:	$15,000
Total:	$35,000

Due to unexpected repairs, aging EMS Fleet and preventative maintenance needs, additional funds in the amount of $15,000 are needed.

[Funding Source: Fund 408, Emergency Medical Services, Cost Center 330302, EMS]

BACKGROUND:

Upon review of the Purchase Order, it has been determined that an additional $15,000 is needed for the repair and maintenance needs of EMS. In order to continue the level of services needed by the Escambia County residents, the additional funds are required. The current Purchase Order funds have been exhausted.

BUDGETARY IMPACT:

Original Purchase Order

GENERAL TERMS AND CONDITIONS

1. **Acceptance, Entire Agreement**– By providing goods or services under the subject Purchase Order (PO), Contractor accepts the terms and conditions set forth herein. This PO, including all terms, specifications and drawings attached hereto or referenced herein, constitutes the entire agreement between the parties unless otherwise stated on the face of the PO. If additional terms are necessary, a formal written contract will be required, and to the extent of any conflict with the terms of this PO, the terms of the contract shall prevail. No modification or waiver of terms of this PO shall be binding, unless in writing, signed by a duly authorized representative of the buyer and confirmed by such a representative of the Contractor.
2. **Inspection**- All goods/services delivered hereunder shall be accepted subject to County's inspection and approval, and payment shall not constitute acceptance. All payment shall be subject to adjustment for shortage or rejection of goods. To the extent that a PO requires a series of performances by the Contractor, the County reserves the right to cancel the remainder of the PO if goods/services provided during the term of the PO are non-conforming or otherwise rejected.
3. **Delivery, Risk of Loss**- All goods are FOB destination, and risk of loss shall remain with the Contractor until delivery and acceptance by the County. Goods delivered that are damaged, defective, or otherwise fail to conform to the PO upon arrival may be rejected by County or held by County at the Contractor's risk and expense. County may charge Contractor for the cost of inspecting, unpacking, repacking, storing and reshipping any rejected goods. County shall receive a credit at the invoice price, or at the County's option, replacement of such goods, but in no event will such goods be replaced by the Contractor without County's written consent.
4. **Delivery of Excess Quantities**- If the Contractor delivers quantities of any item in excess of the quantity ordered then such excess will be treated as being delivered for the convenience of the Contractor. The County may retain such excess up to $100 in value without compensating the interests herein. Excess quantities exceeding $100 in value will either be returned at the Contractor's expense or retained and paid for by the County at the contract unit price.
5. **Time is of the Essence**- Time for delivery of goods and services under this PO is of the essence. Failure to meet delivery schedules or deliver within a reasonable time, as determined by County, shall entitle County to seek all remedies available at law or in equity. The County reserves the right to cancel any order and purchase elsewhere if delivery is not timely. Contractor further agrees to reimburse County for all costs incurred in enforcing its rights. Failure of County to exercise this option with respect to any delivery shall not be deemed a waiver with respect to future installments; if any.
6. **Delivery Tickets**- All deliveries under this PO shall be accompanied with delivery tickets, or sales slips, in triplicate, which shall contain the following: 1) Name of supplier; 2) Purchase order; 3) Date of call; 4) Call number; 5) Itemized list of supplies or services furnished; 6) Quantity, unit price and extension of each item less applicable discounts (unit price and extensions need not be shown when compatible with the use of automated systems provided that the invoice is itemized to show this information); and 7) Date of delivery or shipment. Upon delivery, the receiving office will retain one copy of the related delivery ticket and will sign the other two copies and return them to the supplier or his agent. One of these copies may subsequently be required to support the invoice.
7. **Material Safety Data Sheet**- At the time of delivery, Contractor agrees to provide County with a current MSD sheet of any hazardous chemical or toxic substance as required by law.
8. **Changes**- The Purchasing Manager may at any time, by a written order, and without notice to the surety, make changes, within the general scope of this PO, in (i) drawing, designs, or specifications where the supplies to be furnished are to be specially manufactured for the County in accordance therewith; (ii) method of shipment or packing; and (iii) place of delivery. If any such change causes an increase or decrease in the cost of, or the time required for, performance of this contract, whether changed or not changed by any such order, equitable adjustment shall be made by written modification of this PO. Any claim by Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change.
9. **Invoicing and Payment**- After delivery and acceptance of goods and submission of properly certified invoices, Contractor shall be paid at the prices stipulated on the PO at the time the order is placed, less deductions if any. Invoices shall contain the contract number, PO number and the contractor's Federal Employer Identification Number. An original and one (1) copy of the invoice shall be submitted. Failure to follow these instructions may result in a delay processing invoices for payment. All payments and interest on any late payments shall be made in compliance with the Local Government Prompt Payment Act, §§218.70, et seq., Fla. Stat.
10. **Taxes**– The County is exempt from Florida sales tax, federal taxes on transportation changes and any federal excise tax. Under no circumstances will the County reimburse Contractor for taxes paid.
11. **Government Regulations**- Contractor certifies that it has complied with all applicable laws and regulations of governmental authority relating to the production, sale and delivery of the goods and/or services specified herein, and Contractor shall indemnify and save County harmless from and against any liability or loss resulting from Contractor's failure to do so.
12. **Compliance with Laws**- In fulfilling the terms of the PO, Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the conduct of its business, including, but not limited to, all Occupational Safety and Health Administration (OSHA) requirements and the provisions of Chapter 442, Fla. Stat., the provisions of the Immigration Reform and Control Act of 1986 (8 U.S.C. §1324, et seq.) and regulations related thereto, and all prohibitions against discrimination on the basis of race, religion, sex, creed, national origin, handicap, marital status, or veteran status.
13. **Warranties**- In addition to all warranties, established by statute or common law, or set forth elsewhere in this PO, Contractor expressly warrants that all goods or services covered herein shall conform to all specifications, drawings, samples and descriptions furnished or adopted by the County, and shall be of best quality and fit and sufficient for the purpose for which purchased, if specified hereon, merchantable, of good material land workmanship and free from all patent and latent defects. The County's failure to give notice to Contractor of any breach of warranty shall not discharge the Contractor's liability. Without limiting the generality of the foregoing, the Contractor agrees to be responsible for all defects in design, workmanship and materials, which may become apparent within 12 months of receipt by County, unless otherwise specified.
14. **Warranty of Non-Infringement**- Contractor represents and warrants that all goods or services sold hereunder are in compliance with applicable laws, do not constitute unfair competition, and do not infringe any patent, copyright, trademark, or trade secret. Contractor shall indemnify and hold harmless County from and against any and all claims, judgments and expenses, including, but not limited to, attorneys' fees, arising from any claim, suit or proceeding alleging that County's use of the goods/services provided hereunder is inconsistent with Contractor's representations and warranties provided in this section. Contractor shall defend or settle at its own expense any proceeding brought against County for such infringement provided Contractor is notified promptly of the commencement of such proceeding and is given authority, information and assistance by the County for the defense or settlement thereof.
15. **Work on County Premises**- If this PO requires work of the Contractor's agents or employees on the County's premises, Contractor shall carry out said work at its own risk until fully completed and such agents or employees shall not thereby be deemed to be the agents or employees of the County. Such parties shall be subject to the County's safety rules and fire regulations. Contractor assumes full responsibility for their acts and omissions and agrees to hold harmless and indemnify the County from any claims arising therefrom and accept exclusive liability for payroll and other taxes imposed upon the employer by law.
16. **Liens**- All work performed by Contractor shall be accomplished in a manner that will not under any circumstances result in the imposition of any lien, claim or encumbrance against the County or County property. If any materialman or subcontractor of Contractor should file a lien on the property of the County or otherwise file a claim against the County, Contractor shall obtain a release and satisfaction of the lien/claim within ten days of its filing. Contractor shall be solely liable for any consequential damages to County resulting from the filing of any claim/lien.
17. **Indemnification**. Contractor hereby assumes all liability, to the maximum extent provided by law, for all damages, loss or injury of any kind or nature whatever to persons or property caused by or resulting from the goods or services provided hereunder. Contractor shall indemnify and hold harmless the County from all claims, suits, liabilities, expenses, losses or damages, including attorneys' fees and costs, which County may incur as a result of claims, demands, suits, or causes of action of any kind or nature arising from, caused by, or related to the provision of the goods or services furnished by Contractor, its officers, employees, agents, partners, principals, or subcontractors. If any suit or other proceeding is brought against the County at any time on account of or by reason of any act, action, neglect, omission or default of Contractor or any of its subcontractors, Contractor agrees to assume the defense thereof and defend the County at Contractor's sole expense and to pay any and all costs, attorneys' fees or other expenses, and all judgments that may be incurred or obtained against the County, and any judgment or lien that may be placed against the County's property as a result of such suit or proceeding. The Contractor's obligations hereunder shall not be limited by or to any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.
18. **Insurance**- Throughout the term of this PO, the Contractor, at its sole expense, shall maintain insurance coverage that is acceptable to the County.
19. **Contingent Fees**- The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon any agreement or understanding for a commission percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the County shall have the right to amend this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.
20. **Gratuities**- (a) The County may, by written notice to the Contractor, terminate the right of the Contractor to proceed under this contract if it is found after notice and hearing by the County's duly authorized representative, that gratuities (e.g. entertainment, gifts or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor to any officer or employee of the County with a view toward securing a contract or favorable treatment with respect to the awarding, amending, or making of a contract or any determinations with respect to the performance of such contract; (b) If this contract is terminated as provided in paragraph (a), the County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the contract by the Contractor, and as a penalty in addition to any other damages to which it may be entitled by law, to exemplary damages in an amount (as determined by the Board of County Commissioners or their duly authorized representative) which shall be not less than three nor more than ten times the costs incurred by the Contractor in providing any such gratuities to any such officer or employee; (c) The rights and remedies of the County provided in this clause shall not be conclusive and are in addition to any other rights and remedies provided by law or under the contract.
21. **Termination for Default**- The Purchasing Manager by written notice may terminate this PO, in whole or in part, for failure of the Contractor to perform any of the provisions hereof. In such event, the Contractor shall be liable for damages including the excess cost of re-procuring similar supplies or services; provided that if it is determined for any reason that the Contractor was not in default, the termination shall be deemed to be a termination for convenience as provided below.
22. **Termination for Convenience**- The Purchasing Manager by written notice, may terminate this PO, in whole or in part, when it is in the best interest of the County. If this PO is for supplies and is so terminated, the Contractor shall be compensated for goods delivered up to the date of termination at the discretion of the County. To the extent that this contract is for services and is so terminated, the County shall be liable only for payment in accordance with the payment provisions of this PO for services rendered prior to the effective date of termination.
23. **Force Majeure**- Neither party shall be liable for delays or defaults due to acts of God, government authority or public enemy, war, fires, floods, epidemics, strikes, labor troubles, freight embargoes or contingencies reasonably beyond its control. The party so affected upon prompt written notice to the other party shall be excused from making or taking deliveries hereunder to the extent of such prevention or restriction. At County's option, deliveries so omitted shall be made on notice thereof to the vendor, upon cessation of such contingency even though such might have been operative at the date of this order.
24. **Assignment**. Contractor may not assign this PO or any money due or to become due without the prior written consent of the County. Any assignment made without such consent shall be deemed void.
25. **Extent of Obligation** - The County is obligated hereunder only to the extent of authorized orders placed against this PO.
26. **Governing Law**- This agreement shall be interpreted in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in Escambia County.
27. **Annual Appropriations**. The County's performance and obligation to pay under this PO shall be contingent upon an annual appropriation of funds.
28. **Advertising**- Without the prior written consent of the County in each instance, Contractor shall not advertise the fact that it has contracted with the County for goods and/or services, or appropriate or make use of the County's name or identifying marks.
29. **Public Records**- The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Fla. Stat. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Fla. Stat., the County may, without prejudice to any other right or remedy and after giving the Contractor seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Approval to Issue Fiscal Year 2019-2020 to Deere & Company
From: Jason Rogers, Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Issuance of Fiscal Year 2019/2020 Purchase Order to Deere & Company, for the Public Safety Department - Jason Rogers, Public Safety Department Director

That the Board, for Fiscal Year 2019/2020, approve the issuance of an individual Purchase Order to Deere & Company, based upon previously-awarded Contracts, Contractual Agreements or annual requirements, for the Public Safety Department:

Vendor/Contractor	Amount	Contract Number
Deere & Company Vendor #: 100304 Fund 353, LOST IV, Public Safety Cost Center: 330434 Project: 20PS1294	$14,415.03	National Purchasing Partners (NPP) UVs PS18010 (PG 8Z CG 70)

[Funding Source: Fund 353, LOST IV, Cost Center 330434, Public Safety LOST]

This project is located in Commission 4 District.

BACKGROUND:

The issuance of this Purchase Order is necessary to ensure the continuity of services traditionally provided by Water Safety Lifeguards located at Pensacola Beach. The purchase would greatly enhance our ability to efficiently and effectively respond to water rescue calls outside the areas of the lifeguard towers.

When Gulf water conditions present life threatening rip currents, lifeguards patrol eight miles of County property to ensure the safety of the public. Some of this distance is congested and very limited beach sand to drive on. In the commercial core area, the beach hotels (Hampton Inn, Hilton, Holiday Inn) draw thousands of people. This area of beach is very narrow and congested. The need for a lifeguard to patrol the area in a low profile vehicle is necessary. The lifeguards establish a safety presence by patrolling this area continuously.

The ability to patrol this heavily congested area with a UTV greatly limits the liability issue that could arise if the vehicle operator has an accident.

The Public Safety Department worked with James Higdon, Division Manager with Public Works, for quotes and contract information.

BUDGETARY IMPACT:

Funds are available in Fund 353, LOST IV, Cost Center 330434, Public Safety LOST.

Vendor/Contractor	Amount	Contract Number
Deere & Company Vendor #: 100304 Fund 353, LOST IV, Public Safety Cost Center: 330434 Project: 20PS1294	$14,415.03	National Purchasing Partners (NPP) UVs PS18010 (PG 8Z CG 70)

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the provisions of the Code of Ordinances of Escambia County, Florida, Chapter 46, Finance, Article II, Purchases and Contracts. Per the guidance received at the October 3, 2019, Board meeting, all purchases over $25,000 must be approved by the Board.

IMPLEMENTATION/COORDINATION:

The Public Safety Department will work with the Purchasing Office staff to prepare Purchase Orders as needed.

NATIONAL PURCHASING PARTNERS – (NPP) – Utility Vehicles

Contract Number:	PS18010
Contract Period:	June 6, 2018 – June 5, 2021
Eligibility:	The contract allows for service to NPP Member agencies in all states. The following eligibility requirements must be met: • Entity must be a NPP Member. John Deere dealers must refer to DealerPath to verify membership before quoting. • Eligible NPP Members are state, city, county, municipal or local tax-supported governmental agencies, turnpikes, airports, housing authorities, electric cooperatives, water cooperatives, K-12 public school systems, public and private higher education facilities such as colleges and universities, public and volunteer fire departments, public or non-profit museums, libraries and zoos. • Eligible NPP member non-profit agencies are eligible to purchase John Deere equipment on the NPP contract. • **Charter Schools, Montessori Schools and K-12 private schools are required to pay in full (EFT, credit card or check) prior to receiving purchased equipment.** To become a NPP Member access this link: http://www.nppgovernment.com/ or call 877-329-8847 for more details. Also, if needed, the NPP customer service email address is customerservice@nppgovernment.com .

Quotes and Purchase Orders:

To obtain a quote, contact your local John Deere Dealer. Submit your purchase order to your dealer. The John Deere Dealer will submit the purchase order to John Deere's Government Sales office.

All purchase orders must show Deere & Company as the vendor and reference the contract number.

Contract Details

Quotes	Quotes are valid for 30 days from the creation date of the quote **OR** until the contract expires, whichever occurs first. All quotes created in JDQ2 have creation and expiration dates on the upper right hand corner of the first quote page for your convenience.
Allied - Non-John Deere Equipment	Allowed as long as the Allied equipment is compatible with the contract equipment being purchased. Items must be clearly labeled on the purchase order or quote as Allied. Allied equipment includes implements, attachments, accessories, bundles or parts requested by the customer to complete the equipment purchase.

Credit Cards	Only allowed for the types of schools listed in the **Eligibility** section above when they are paying in full upfront.
Demo	Not allowed on this contract.
Fees	An optional delivery charge of $4 per loaded mile is allowed for the delivering dealer. If charged, the fee must appear on the quote or purchase order. Use Google Maps to calculate the mileage. **State Fees:** **ProGators must be included in the tire fees for utility vehicles.** • California Tire Fee — Utility Vehicles — $1.75 per New Tire • **Also see Miscellaneous section below** • Louisiana Waste Tire Fee — Utility Vehicles — $2.25 per New Tire • Mississippi ATV Trauma Fee — Utility Vehicles — $50.00 per Vehicle **Fees must be clearly labeled on the purchase order or quote.**
Financing	Allowed. The John Deere Municipal Lease or a third-party type municipal lease (if applicable) is allowed. The low interest rate, low cost John Deere Municipal Lease, is a type of financing that is specifically designed for qualified state, government, and educational entities which allow full ownership at the end of the lease term.
Leasing	Municipal leases allowed (entity has full ownership at end of term).
Multiple Unit Discount	Multiple unit discounts are allowed. The contract discount plus the multiple unit discount equals the total discount. Discounts are based on the following schedule: 3-4 units – 1% 5-6 units – 2% 7-8 units – 3% 9 units or more – 4% Sales of 3 or more like self-propelled products sold on the same purchase order are eligible for the multi-unit discount. Self-propelled products, with the exception of our utility vehicles (provided UV's are on the contract) must be listed in the same tabbed price book section. Compatible implements sold with such products also qualify for the multi-unit discount, but do not count as a unit. Frontier Equipment is excluded from the Multiple Unit Discount.

Non-contract - John Deere Equipment	Allowed as long as the non-contract Deere equipment is compatible with the contract equipment being purchased. Items must be clearly labeled on the purchase order or quote as Non-contract. Non-contract Deere equipment includes implements, attachments, accessories, bundles, parts, Frontier and Order Zone items requested by the customer to complete the equipment purchase.
Rental	Not allowed on this contract.
Special Delivery Obligations	See Miscellaneous below.
Substitutions	Not allowed on this contract.
Trade-ins	Allowed. Items must be clearly labeled on the purchase order or quote as Trade-In. The agency and the dealer determine trade-in value.
Miscellaneous	**Shipping charges** **Alaska (AK) and Hawaii (HI): Shipping charges apply.** For deliveries to AK or HI, factory freight to the delivering dealer will be paid by the NPP member. Factory freight is known at the time of quoting and will be included on the quote to the NPP member. **Continental US**: For all other deliveries within the continental US (excludes AK & HI), the NPP member will NOT be charged factory freight to the delivering dealer. **Tire Fee (per tire)** **California:** All Purchase Orders submitted for the State of California to John Deere should now include a separate line stating "Tire Fee" and list it as a Non-Contract item on the Purchase Order. Please refer to the State of California's website for details on the tire fee. **Effective Date** as of 1/1/05 **Per New Tire** $1.75 Please review the California Tire Fee publication issued by the California Department of Tax and Fee Administration for more details.
Payment Remittance Information	Remit to Address: Deere & Company Ag & Turf CBD & Government Sales 21748 Network Place Chicago, IL 60673-1217

February 27, 2019 – Changed LA Tire Fee from $2 per tire to $2.25 per tire.

February 18, 2019 – Updated fee descriptions for CA Tire Fee, LA Tire Fee and MS ATV Trauma Fee.

September 7, 2018 – Added state fees.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-18290 **County Administrator's Report 12. 8.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 08/06/2020
Issue: Agreement with Motorola Solutions, Inc. for the County's P25 Digital UHF Radio and Microwave Systems
From: Jason Rogers, Director
Organization: Public Safety
CAO Approval:

RECOMMENDATION:

Recommendation Concerning an Agreement for Radio System Upgrade, Maintenance, and Extended Microwave Warranty with Motorola Solutions, Inc., for the County's P25 Digital UHF Radio & Microwave Systems -Jason Rogers, Public Safety Department Director

That the Board take the following action concerning the Agreement with Motorola Solutions, Inc.:

A. Approve and authorize the County Administrator to sign the Agreement and any subsequent related documents without further action by the Board; and

B. Authorize the issuance of an annual Purchase Order.

[Funding Source: Fund 353, LOST IV, Cost Center 330434, $4,240,935 and Fund 001, General Fund, Cost Center 330403, $5,114,081]

BACKGROUND:

System Upgrade Agreement, Maintenance, & Microwave

Escambia County's radio system is an IP based system in need of software and hardware upgrades. The system was purchased from Motorola Solutions, Inc. (Motorola), in 2011 and last updated in 2015. The hardware is nearing the end of its lifecycle and the software is nearing the end of the time in which Motorola will support it. Motorola offers mainstream software support for four years after the release of a software version. After four years, extended support is offered for two years as an interim solution before software transition. Escambia County entered

extended support in Fiscal Year 2019/2020. During extended support, maintenance cost increased 16% and Original Equipment Manufacturer third party software within the system has become unsupported which could cause potential security issues. This proposal upgrades the software and provides mainstream support for the life of the Agreement saving in overall maintenance cost.

Motorola is offering cost savings with a 10-year Agreement that bundles system upgrades, maintenance, and extended microwave system warranty (Agreement). The Agreement provides planned lifecycle upgrades over a 10-year term thus extending the life of the radio system until 2029. The Agreement provides both an initial upgrade of software and hardware along with ongoing upgrades over the term. This Agreement extends the full warranty coverage for the microwave system, which currently expires in 2022, through the end of the term of the SUA, 2029. The Agreement covers the period of 2020 to 2029 and the extended Microwave Maintenance Warranty covers the period of 2023 to 2029.

As the table below depicts, with the discounts applied for a 10-year Agreement versus annual Agreements and single instance upgrades, Escambia County will realize a cost savings of $3,970,066.

Bundled Cost Savings	List	10 Year Pricing	10 Year Savings
10 Year Maintenance	$6,769,344	$4,582,495	$2,186,849
10 Year SUA	$5,813,420	$4,240,935	$1,572,485
Microwave Warranty	$652,318	$441,586	$210,732
Totals	**$13,235,082**	**$9,265,016**	**$3,970,066**

Core Cost Sharing

The radio system core supports four entities: Escambia County, Santa Rosa County, City of Pensacola, and University of West Florida. These entities currently cost share the radio core maintenance. While operating on a shared core, all parties must upgrade their systems simultaneously. Each agency is seeking system upgrade Agreements with Motorola to upgrade their systems in concert with Escambia County. Upon approval of this Recommendation, cost sharing will extend to Escambia County's Agreement (radio core portion) with subscriber percentages used to determine each tenant agencies total cost share. These Interlocal Agreements will be submitted under a separate Recommendation.

Revenue estimate from radio core cost sharing is $1,953,092.90 over the 10-year term.

Cost Share	Annual Total

Revenue	Annual Total
Santa Rosa (31%)	$118,717.42
Pensacola (14%)	$53,614.31
UWF (6%)	$22,977.56
Annual Total	$195,309.29
10 year Total	**$1,953,092.90**

WSRE Tower Site Move

Pensacola State College (PSC) owns, maintains, and leases space on the radio tower located at 1403 West Fairfield Drive, which was used by WSRE for broadcasting. The land was leased from Escambia County in 1998 for a 40-year period. WSRE is moving its transmission to fiber and is seeking to either relinquish ownership of the tower or dismantle it. Per the Lease Agreement, PSC must remove the tower and return the premise to its original condition should Escambia County not take ownership of the tower. The tower has structural deficiencies which are costly to repair, and Escambia County's radio equipment shelter at the base of the tower has flooded several times; therefore, Escambia County is not interested in ownership and must move our equipment off the tower. A prior estimate to move Escambia County's equipment as a stand along project was $127,700. Motorola has agreed to move Escambia County's equipment for $90,000, if included in this proposed Agreement for a cost savings to the County of $37,700. PSC will maintain responsibility for the tower.

WSRE Tower Site Move	**Pricing**
Stand Alone Project	$127,700
Project Discount	($37,700)
Total	**$90,000**

BUDGETARY IMPACT:

Escambia County	Pricing
10 Year Maintenance Cost	$4,582,495
10 Year SUA Cost	$4,240,935
Microwave Warranty	$441,586
WSRE to Englewood Move	$90,000
TOTAL COST	**$9,335,016**
Estimated Revenue (Cost Share)	(1,953,092.90)
Estimated Expenditure	$7,401,923

Funding:
Fund 353, LOST IV, Cost Center 330434, $4,240,935
Fund 001, General Fund, Cost Center 330403, $5,114,081

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristen Hual, Senior Assistant County Attorney, reviewed the Agreement and approved it as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policies require Agreements and Purchase Orders in excess of $25,000 be approved by the Board.

IMPLEMENTATION/COORDINATION:

Upon Board approval and execution of the Agreement, the Public Safety Department will issue a purchase requisition for processing by the Office of Purchasing. The Escambia County Communications Division Manager will be responsible to monitor and implement the provisions of the Agreement.

SECTION 1

ADVANCED PLUS SERVICES

1.1 ADVANCED PLUS SERVICES OVERVIEW

In order to ensure the continuity of Escambia County's network and reduce system downtime Motorola Solutions proposes our Advanced Plus Services offering to Escambia County. Appropriate for customers who wish to leverage Motorola Solutions' experienced personnel to maintain mission-critical communications for their first responders, Advanced Plus Services focuses on monitoring the network on an ongoing basis, proactively mitigating potential functionality and security issues, and providing both remote and on-site support. The proposed offering consists of the following specific services:

- Service Desk.
- Technical Support.
- Network Event Monitoring.
- On-site Support.
- Annual Preventative Maintenance.
- Network Hardware Repair.
- Network Hardware Repair with Advanced Replacement.
- Remote Security Patch Installation.
- Network Updates.

These services will be delivered to Escambia Countythrough the combination of local service personnel either dedicated to the network or engaged as needed; a centralized team within our Solutions Support Center (SSC), which operates on a 24 x 7 x 365 basis; and our Repair Depot, which will ensure that equipment is repaired to the highest quality standards. The collaboration between these service resources, all of who are experienced in the maintenance of mission-critical networks, will enable a swift analysis of any network issues, an accurate diagnosis of root causes, and a timely resolution and return to normal network operation.

1.2 ADVANCED PLUS SERVICES DESCRIPTIONS

1.2.1 Centralized Service Delivery

Centralized support will be provided by Motorola Solutions' support staff, located at our Service Desk and Solutions Support Center (SSC). These experienced personnel will provide direct service and technical support through a combination of Service Desk telephone support, technical consultation and troubleshooting through the SSC, and ongoing network monitoring of Escambia County system.

Motorola Solutions will provide **Service Desk** response as a single point of contact for all support issues, including communications between Escambia County Police Department, third-party subcontractors and manufacturers, and Motorola Solutions. When Escambia County personnel call for support, the Service Desk will record, track, and update all Service Requests, Change Requests, Dispatch Requests, and Service Incidents using our Customer

Use or disclosure of this proposal is subject to the restrictions on the cover page.

Relationship Management (CRM) system. The Service Desk is responsible for documenting Escambia County inquiries, requests, concerns, and related tickets; tracking and resolving issues; and ensuring timely communications with all stakeholders based on the nature of the incident.

As tickets are opened by the Service Desk, issues that require specific technical expertise and support will be routed to our Solutions Support Center (SSC) system technologists for **Technical Support**, who will provide telephone consultation and troubleshooting capabilities to diagnose and resolve infrastructure performance and operational issues. Motorola Solutions' recording, escalating, and reporting process applies ISO 90001 and TL 9000-certified standards to the Technical Support calls from our contracted customers, reflecting our focus on maintaining mission-critical communications for the users of our systems.

The same SSC staff that provide direct telephone support to Escambia Countywill also provide **Network Event Monitoring** to Escambia Countynetwork in real-time, ensuring continuous management of the system's operational functionality. The SSC's technicians will utilize sophisticated tools to remotely monitor Escambia Countysystem, often identifying and resolving anomalous events before they might affect user communications.

1.2.2 Field Service Delivery

On-site repairs and network preventative maintenance will be provided by authorized local field services delivery personnel, who will be dispatched from and managed by the Solutions Support Center.

On-Site Support provides local, trained and qualified technicians who will arrive at Escambia County location upon a dispatch service call to diagnose and restore the communications network. This involves running diagnostics on the hardware or Field Replacement Unit (FRU) in order to identify defective elements, and replacing those elements with functioning ones. The system technician will respond to the Escambia County location in order to remedy equipment issues based on the impact of the issue to overall system function.

Annual Preventive Maintenance Service provides proactive, regularly scheduled operational testing and alignment of infrastructure and network components to ensure that they continually meet original manufacturer specifications. Certified field technicians perform hands-on examination and diagnostics of network equipment on a routine and prescribed basis.

1.2.3 Network Hardware Repair

Motorola Solutions' authorized Repair Depot will repair the equipment provided by Motorola Solutions, as well as select third-party infrastructure equipment supplied as part of the proposed solution. The Repair Depot will manage the logistics of equipment repair (including shipment and return of repaired equipment), repair Motorola Solutions equipment, and coordinate the repair of third-party solution components.

Motorola Solutions also proposes **Network Hardware Repair with Advanced Replacement** to the Escambia County Police Department. With this additional service, Motorola Solutions will exchange malfunctioning components and equipment with advanced replacement units or Field Replacement Units (FRUs) as they are available in the Repair

Depot's inventory. Malfunctioning equipment will be evaluated and repaired by the infrastructure repair depot and returned to the Repair Depot's FRU inventory upon repair completion. If Escambia Countyprefers to maintain their existing FRU inventory, Escambia Countywill be able to request a "loaner" FRU while their unit is being repaired.

1.2.4 Security Management Operations

The proposed **Remote Security Patch Installation Service** will provide Escambia County with pre-tested security updates, pre-tested and remotely installed by Motorola Solutions on Escambia County's system. When appropriate, Motorola Solutions will make these updates available to outside vendors in order to enable them to test each patch, and will incorporate the results of those third-party tests into the updates before installation on Escambia County's network. Once an update is fully tested and ready for deployment, Motorola Solutions will remotely install it onto Escambia County's system, and notify Escambia County that the patch has been successfully installed. If there are any recommended configuration changes, warnings, or workarounds, Motorola Solutions will provide detailed documentation along with the updates on the website.

1.2.5 Network Updates

With our proposed **Network Updates Service**, Motorola Solutions commits to sustain Escambia County's ASTRO 25 system through a program of software and hardware updates aligned with the ASTRO 25 platform lifecycle. This comprehensive approach to technology sustainment will ensure that Escambia County has access to the latest available standard features, as well as the opportunity to incorporate optional features through the purchase of hardware and/or software licenses. Updates and expansion of system components will optimize the availability of repair services, and will enable Escambia County to add RF sites, dispatch positions, data subsystems, network management positions, and other elements to increase capacity and processing capability. Motorola Solutions will minimize any interruption to system operation during each network update, with minimal reliance on Escambia County's personnel.

Additional details on Network Updates are included in Section 2.

1.3 MOTOROLA SOLUTIONS' SERVICES CAPABILITIES

Our focus on the needs of our public safety partners has led us to recognize that an integrated implementation and service delivery team that takes a new system from system installation, to acceptance, to warranty, and all the way through extended maintenance, is the best way to ensure that public safety communications systems meet the needs of first responders. Motorola Solutions' team of experts, have developed refined processes and sophisticated tools through our experience in delivering mission-critical communications.

1.3.1 On-Call Support through the Solutions Support Center (SSC)

The cornerstone of our customer care process, our Solution Support Center (SSC) is staffed 24x7x365 by experienced system technologists. This TL 9000/ISO 9001-certified center responds to over 5000 public safety, utility, and enterprise customers. With over 100,000 phone and email interactions with Motorola Solutions customers per month, the SSC provides our customers with a centralized contact point for service requests.

Use or disclosure of this proposal is subject to the restrictions on the cover page.

1.3.2 On-Site Service through a Field Service Team

On-site maintenance and repair of Escambia County system will be provided by Motorola Solutions' local team of service personnel. Motorola Solutions will provide Escambia County with a Customer Support Plan (CSP) that outlines the details of each service, provides escalation paths for special issues, and any other information specific to Escambia County service agreement. Some of these details will include items such as access to sites, response time requirements, severity level definitions, and parts department access information.

Local technicians will be dispatched for on-site service by the SSC, who will inform the technician of the reason for dispatch. This will enable the technician to determine if a certain component or Field Replacement Unit (FRU) will be needed from inventory to restore the system. Once on site, the field technician will notify the SSC and begin to work on the issue. The technician will review the case notes to determine the status of the issue, and begin the troubleshooting and restoration process. Once the system is restored to normal operation, the field technician will notify the SSC that the system is restored. The SSC, in turn, will notify Escambia County that the system is restored to normal operation and request approval to close the case.

1.3.3 Centralized Repair Management through Motorola Solutions' Repair Depot

Our repair management depot coordinates component repair through a central location, eliminating the need to send system equipment to multiple vendor locations for repair. Once equipment is at the depot, technicians will replicate Escambia County network configuration in our comprehensive test labs in order to reproduce and analyze the issue. Technicians will then restore the equipment to working order. After repairs are completed, equipment will be tested to its original performance specifications and, if appropriate, configured for return to use in Escambia County system. All components being repaired are tracked throughout the process, from shipment by Escambia County to return through a case management system where users can view the repair status of the equipment via a web portal.

1.3.4 Direct Access to System Information through MyView Portal

Supplementing Motorola Solutions' proposed services plan for Escambia County is access to MyView Portal, the Motorola Solutions' online system information tool (see the figure titled "MyView Portal"). MyView Portal provides our customers with real-time visibility to critical system and services information, all through an easy-to-use, graphical interface. With just a few clicks, Escambia County administrators will gain instant access to system and support compliance, case reporting, ability to update and create cases, have visibility to when the system will be updated, and receive pro-active notifications regarding system updates. Available 24x7x365 from any web-enabled device, the information provided by MyView will be based on your needs and user access permissions, ensuring that the information displayed is secure and pertinent to your operations.

Figure 1-1: MyView Portal offers real-time, role-based access to critical system and services information.

SECTION 2

SUA II STATEMENT OF WORK

2.1 SYSTEM UPGRADE AGREEMENT II (SUA II) SOW

2.1.1 Description of Service and Obligations

2.1.1.1 As system releases become available, Motorola agrees to provide the Customer with the software, hardware and implementation services required to execute up to one system infrastructure upgrade in a two-year period for their ASTRO 25 system.

2.1.1.2 The Customer has, at its option, the choice of upgrading in either Year 1 or Year 2 of the coverage period. To be eligible for the recurring ASTRO 25 SUA II, the ASTRO 25 system must be in the Standard Support Period.

2.1.1.3 ASTRO 25 system releases are intended to improve the system functionality and operation from previous releases and may include some minor feature enhancements. At Motorola's option, system releases may also include significant new feature enhancements that Motorola may offer for purchase. System release software and hardware shall be pre-tested and certified in Motorola's Systems Integration Test lab.

2.1.1.4 The price quoted for the SUA II requires the Customer to choose a certified system upgrade path from the system release upgrade chart referenced in Appendix A. Should the Customer elect an upgrade path other than one listed in Appendix A, the Customer agrees that additional costs will be incurred to complete the implementation of the system upgrade. In this case, Motorola agrees to provide a price quotation for any additional materials and services necessary.

2.1.1.5 ASTRO 25 SUA II entitles a Customer to past software versions for the purpose of downgrading product software to a compatible release version.

2.1.1.6 The following ASTRO 25 certified system release software for the following products are covered under this ASTRO 25 SUA II:

- 2.1.1.6.1 Servers
- 2.1.1.6.2 Workstations
- 2.1.1.6.3 Firewalls
- 2.1.1.6.4 Routers
- 2.1.1.6.5 LAN switches
- 2.1.1.6.6 MCC 7XXX Dispatch Consoles
- 2.1.1.6.7 CommandCentral AXS Dispatch Consoles
- 2.1.1.6.8 GTR8000 Base Stations
- 2.1.1.6.9 GCP8000 Site Controllers
- 2.1.1.6.10 GCM8000 Comparators
- 2.1.1.6.11 Motorola Solutions Logging Interface Equipment
- 2.1.1.6.12 PBX switches for Telephone Interconnect

2.1.1.6.13 NICE Logging Solution

2.1.1.7 ASTRO 25 SUA II makes available the subscriber radio software releases that are shipping from the factory during the SUA II coverage period. New subscriber radio options and features not previously purchased by the Customer are excluded from ASTRO 25 SUA II coverage. Additionally, subscriber software installation and reprogramming are excluded from the ASTRO 25 SUA II coverage.

2.1.1.8 Motorola will provide certified hardware version updates and/or replacements necessary to upgrade the system with an equivalent level of functionality up to once in a two-year period. Hardware will be upgraded and/or replaced if required to maintain the existing features and functionality. Any updates to hardware versions and/or replacement hardware required to support new features or those not specifically required to maintain existing functionality are not included. Unless otherwise stated, platform migrations such as, but not limited to, stations, consoles, backhaul, civil, network changes and additions, and managed services are not included.

2.1.1.9 The following hardware components, if originally provided by Motorola, are eligible for full product replacement when necessary per the system release upgrade:

2.1.1.9.1 Servers
2.1.1.9.2 Workstations
2.1.1.9.3 Routers
2.1.1.9.4 LAN Switches

2.1.1.10 The following hardware components, if originally provided by Motorola, are eligible for board-level replacement when necessary per the system release upgrade. A “board-level replacement” is defined as any Field Replaceable Unit (“FRU”) for the products listed below:

2.1.1.10.1 GTR 8000 Base Stations
2.1.1.10.2 GCP 8000 Site Controllers
2.1.1.10.3 GCM 8000 Comparators
2.1.1.10.4 MCC 7XXX Dispatch Consoles

2.1.1.11 The ASTRO 25 SUA II does not cover all products. Refer to section 3.0 for exclusions and limitations.

2.1.1.12 Motorola will provide implementation services necessary to upgrade the system to a future system release with an equivalent level of functionality up to once in a two-year period. Any implementation services that are not directly required to support the certified system upgrade are not included. Unless otherwise stated, implementation services necessary for system expansions, platform migrations, and/or new features or functionality that are implemented concurrent with the certified system upgrade are not included.

2.1.1.13 As system releases become available, Motorola will provide up to once in a two-year period the following software design and technical resources necessary to complete system release upgrades:

2.1.1.13.1 Review infrastructure system audit data as needed.
2.1.1.13.2 Identify additional system equipment needed to implement a system release, if

applicable.

2.1.1.13.3 Complete a proposal defining the system release, equipment requirements, installation plan, and impact to system users.

2.1.1.13.4 Advise Customer of probable impact to system users during the actual field upgrade implementation.

2.1.1.13.5 Program management support required to perform the certified system upgrade.

2.1.1.13.6 Field installation labor required to perform the certified system upgrade.

2.1.1.13.7 Upgrade operations engineering labor required to perform the certified system upgrade.

2.1.1.14 ASTRO 25 SUA II pricing is based on the system configuration outlined in Appendix C. This configuration is to be reviewed annually from the contract effective date. Any change in system configuration may require an ASTRO 25 SUA II price adjustment.

2.1.1.15 The ASTRO 25 SUA II applies only to system release upgrades within the ASTRO 25 7.x platform.

2.1.1.16 Motorola will issue Software Maintenance Agreement (“SMA”) bulletins on an annual basis and post them in soft copy on a designated extranet site for Customer access. Standard and optional features for a given ASTRO 25 system release are listed in the SMA bulletin.

2.1.2 Upgrade Elements and Corresponding Party Responsibilities

2.1.2.1 Upgrade Planning and Preparation: All items listed in this section are to be completed at least 6 months prior to a scheduled upgrade.

2.1.2.1.1 Motorola Responsibilities

2.1.2.1.1.1 Obtain and review infrastructure system audit data as needed.

2.1.2.1.1.2 Identify the backlog accumulation of security patches and antivirus updates needed to implement a system release. If applicable, provide a quote for the necessary labor, security patches and antivirus updates.

2.1.2.1.1.3 If applicable, identify additional system hardware needed to implement a system release and if the customer has added hardware that is not covered under this agreement.

2.1.2.1.1.4 Complete a proposal defining the system release, equipment requirements, installation plan, and impact to system users.

2.1.2.1.1.5 Advise Customer of probable impact to system users during the actual field upgrade implementation.

2.1.2.1.1.6 Inform Customer of high speed internet connection requirements.

2.1.2.1.1.7 Assign program management support required to perform the certified system upgrade.

2.1.2.1.1.8 Assign field installation labor required to perform the certified system upgrade.

2.1.2.1.1.9 Assign upgrade operations engineering labor required to perform the certified system upgrade.

2.1.2.1.1.10 Deliver release impact and change management training to the primary zone core owners, outlining the changes to their system as a result of the upgrade path elected. This training needs to be completed at least 12 weeks prior to the scheduled upgrade. This training will not be provided separately for user agencies who reside on a zone core owned by another entity. Unless specifically stated in this document, Motorola will provide this training only once per system.

2.1.2.1.2 Customer Responsibilities

2.1.2.1.2.1 Contact Motorola to schedule and engage the appropriate Motorola resources for a system release upgrade.

2.1.2.1.2.2 Purchase the security patches, antivirus updates and the labor necessary to address any security updates backlog accumulation identified in Section 2.1.1.2, if applicable. Unless otherwise agreed in writing between Motorola and Customer, the installation and implementation of accumulated backlog security patches and network updates is the responsibility of the Customer.

2.1.2.1.2.3 Provide high-speed internet connectivity at the zone core site(s) for use by Motorola to perform remote upgrades and diagnostics. Specifications for the high-speed connection are provided in Appendix B. High-speed internet connectivity must be provided at least 12 weeks prior to the scheduled upgrade. In the event access to a high-speed connection is unavailable, Customer may be billed additional costs to execute the system release upgrade.

2.1.2.1.2.4 Assist in site walks of the system during the system audit when necessary.

2.1.2.1.2.5 Provide a list of any FRUs and/or spare hardware to be included in the system release upgrade when applicable.

2.1.2.1.2.6 Purchase any additional software and hardware necessary to implement optional system release features or system expansions.

2.1.2.1.2.7 Provide or purchase labor to implement optional system release features or system expansions.

2.1.2.1.2.8 Participate in release impact training at least 12 weeks prior to the scheduled upgrade. This applies only to primary zone core owners. It is the zone core owner's responsibility to contact and include any user agencies that need to be trained or to act as a training agency for those users not included.

2.1.2.2 System Readiness Checkpoint: All items listed in this section must be completed at least 30 days prior to a scheduled upgrade.

2.1.2.2.1 Motorola Responsibilities

2.1.2.2.1.1 Perform appropriate system backups.

2.1.2.2.1.2 Work with the Customer to validate that all system maintenance is current.

2.1.2.2.1.3 Work with the Customer to validate that all available security patches and

antivirus updates have been updated on the customer's system.

2.1.2.2.1.3.1 Motorola reserves the right to charge the Customer for the security patches, antivirus updates and the labor necessary to address any security updates backlog accumulation, in the event that these are not completed by the Customer at the System Readiness Checkpoint.

2.1.2.2.2 Customer Responsibilities

2.1.2.2.2.1 Validate system maintenance is current.

2.1.2.2.2.2 Validate that all available security patches and antivirus updates to their system have been completed or contract Motorola to complete in time for the System Readiness Checkpoint.

2.1.2.3 System Upgrade

2.1.2.3.1 Motorola Responsibilities

2.1.2.3.1.1 Perform system infrastructure upgrade in accordance with the system elements outlined in this SOW.

2.1.2.3.2 Customer Responsibilities

2.1.2.3.2.1 Inform system users of software upgrade plans and scheduled system downtime.

2.1.2.3.2.2 Cooperate with Motorola and perform all acts that are reasonable or necessary to enable Motorola to provide software upgrade services.

2.1.2.4 Upgrade Completion

2.1.2.4.1 Motorola Responsibilities

2.1.2.4.1.1 Validate all certified system upgrade deliverables are complete as contractually required.

2.1.2.4.1.2 Deliver post upgrade implementation training to the customer as needed, up to once per system.

2.1.2.4.1.3 Obtain upgrade completion sign off from the customer.

2.1.2.4.2 Customer Responsibilities

2.1.2.4.2.1 Cooperate with Motorola in efforts to complete any post upgrade punch list items as needed.

2.1.2.4.2.2 Cooperate with Motorola to provide relevant post upgrade implementation training as needed. This applies only to primary zone core owners. It is the zone core owner's responsibility to contact and include any user agencies that need to be trained or to act as a training agency for those users not included.

2.1.2.4.2.3 Provide Motorola with upgrade completion sign off.

2.1.3 Exclusions and Limitations

2.1.3.1 The parties agree that Systems that have non-standard configurations that have not been certified by Motorola Systems Integration Testing are specifically excluded from the ASTRO 25 SUA II unless otherwise agreed in writing by Motorola and included in this SOW.

2.1.3.1.1 The parties acknowledge and agree that the ASTRO 25 SUA II does not cover the following products:

- MCC5500 Dispatch Consoles
- MIP5000 Dispatch Consoles
- Plant/E911 Systems
- MOTOBRIDGE Solutions
- ARC 4000 Systems
- Motorola Public Sector Applications Software (“PSA”)
- Custom SW, CAD, Records Management Software
- Data Radio Devices
- Mobile computing devices such as Laptops
- Non-Motorola two-way radio subscriber products
- Genesis Products
- Point-to-point products such as microwave terminals and association multiplex equipment.

2.1.3.2 ASTRO 25 SUA II does not cover any hardware or software supplied to the Customer when purchased directly from a third party, unless specifically included in this SOW.

2.1.3.3 ASTRO 25 SUA II services do not include repair or replacement of hardware or software that is necessary due to defects that are not corrected by the system release, nor does it include repair or replacement of defects resulting from any nonstandard, improper use or conditions; or from unauthorized installation of software.

2.1.3.4 ASTRO 25 SUA II does not cover or include deliverables included with the Security Update Service. This means that the SUA II does not include software support for virus attacks or other applications that are not part of the ASTRO 25 system or unauthorized modifications or other misuse of the covered software. Motorola is not responsible for management of anti-virus or other security applications, unless specifically contracted.

2.1.3.5 ASTRO 25 SUA II does not cover the backlog accumulation of security patches or antivirus updates. Additional fees may apply as outlined in Section 2.1.2.1.1.2.

2.1.3.6 Motorola will provide the latest applicable patches and antivirus updates when and if available, as a part of the system release upgrade. The upgrade may include 3rd party SW such as Microsoft Windows and Server OS, Red Hat Linux, and any Motorola software service packs that may be available. Motorola will only provide patch releases that have been analyzed, pre-tested, and certified in a dedicated ASTRO 25 test lab to ensure that they are compatible and do not interfere with the ASTRO 25 network functionality.

2.1.3.7 Upgrades for equipment add-ons or expansions during the term of this ASTRO 25 SUA II are not included in the coverage of this SOW unless otherwise agreed to in writing by Motorola.

2.1.4 Special Provisions

2.1.4.1 Customer acknowledges that if the System has a Special Product Feature, that it may be overwritten by the software update. Upon request, Motorola will determine whether a

Special Product Feature can be incorporated into a system release and whether additional engineering effort is required. If additional engineering is required Motorola will issue a change order for the change in scope and associated increase in the price for the ASTRO 25 SUA II.

2.1.4.2 Customer will only use the software (including any System Releases) in accordance with the applicable Software License Agreement.

2.1.4.3 ASTRO 25 SUA II coverage and the parties' responsibilities described in this Statement of Work will automatically terminate if Motorola no longer supports the ASTRO 25 7.x software version in the Customer's system or discontinues the ASTRO 25 SUA II program; in either case, Motorola will refund to Customer any prepaid fees for ASTRO 25 SUA II services applicable to the terminated period.

2.1.4.4 If Customer chooses to not have Motorola apply the security patches and antivirus updates as described in 2.1.1.2 and this delays or postpones the system software update, Motorola reserves the right to charge the Customer a fee equivalent to the costs incurred by the Motorola Solutions Upgrade Operations Team for the unplanned and additional time on site. Any additional fees to be provided in a quote or other writing.

2.1.4.5 If Customer cancels a scheduled upgrade within less than 12 weeks of the scheduled on site date, Motorola reserves the right to charge the Customer a cancellation fee equivalent to the cost of the pre-planning efforts completed by the Motorola Solutions Upgrade Operations Team.

2.1.4.6 The SUA II annualized price is based on the fulfillment of the two-year term. If Customer terminates, except if Motorola is the defaulting party, Customer will be required to pay for the balance of payments owed if a system release upgrade has been taken prior to the point of termination.

2.1.5 Appendix A - ASTRO 25 System Release Upgrade Paths

ASTRO System Release	Certified Upgrade Paths
Pre-7.15	Release in the Standard Support Period
7.15	7.17.X*
7.16	7.18
7.17.X*	A2019.2, A2020.1
7.18	A2021.1

* Includes planned incremental releases

- The information contained herein is provided for information purposes only and is intended only to outline Motorola's presently anticipated general technology direction. The information in the roadmap is not a commitment or an obligation to deliver any product, product feature or software functionality and Motorola reserves the right to make changes to the content and timing of any product, product feature or software release.
- The most current system release upgrade paths can be found in the most recent SMA bulletin.

2.1.6 Appendix B - High-Speed Connectivity Specifications

Connectivity Requirements

- The minimum supported link between the core and the zone is a full T1
- Any link must realize a sustained transfer rate of 175 kBps / 1.4 Mbps or better, bidirectional
- Interzone links must be fully operational when present
- Link reliability must satisfy these minimum QoS levels:
    - Port availability must meet or exceed 99.9% (three nines)
    - Round trip network delay must be 100 ms or less between the core and satellite (North America) and 400 ms or less for international links
    - Packet loss shall be no greater than 0.3%
    - Network jitter shall be no greater than 2 ms

Use or disclosure of this proposal is subject to the restrictions on the cover page.

2.1.7 Appendix C - System Pricing Configuration

This configuration is to be reviewed annually from the contract effective date. Any change in system configuration may require an ASTRO 25 SUA II price adjustment.

Master Site Configuration	
# of Master Sites	1
# of DSR Sites	1 *(If DSR option is purchased)*
System Level Features	
ISSI 8000 / CSSI 8000 - Total # of Servers (2 if redundant and/or DSR)	0
MOSCAD NFM RTU (typically 1 per site location)	1
MOSCAD NFM / SDM Clients	1
Network Management Clients	2
Unified Network Services (UNS) ex: POP25, Presence Notifier, Text Messaging, Outdoor Location, KMF/OTAR	0
Telephone Interconnect	0
InfoVista - Transport Network Performance Service (One per system)	0
Security Configuration	
Firewalls	1
Intrusion Detection Sensor (IDS)	1
Centralized Event Logging (SysLog)	0
Zone Core Protection (ZCP)	0
Radio Authentication	0
RF Site Configuration	
Simulcast Prime Sites (including co-located/redundant)	2
RF Sites (includes Simulcast sub-sites, ASR sites, HPD sites)	14
GTR 8000 Base Stations	148
HPD Base Stations	0
QUANTAR Base Stations	0
STR 3000 Base Stations	0
SmartX Site Converters	0
Dispatch Site Configuration	
# of Dispatch Sites	2
Gold Elite Consoles	0
MCC7500 Dispatch Consoles	20
MCC7100 Dispatch Consoles	0
MIP 5000 Dispatch Consoles	0
AIS	1
Conventional Channel Gateways (CCGWs)	22
Third Party Elements	
NICE Logging recorders (IP, Telephony, or Analog)	1
Verint Logging recorders (IP, Telephony, or Analog)	0
MACH Alert FSA	0
Genesis Applications	0

Use or disclosure of this proposal is subject to the restrictions on the cover page.

SECTION 3

STATEMENT OF WORK

Motorola Solutions will install and configure the proposed equipment. The following table describes the tasks involved with installation and configuration.

Tasks	Motorola Solutions	Escambia County, FL
PROJECT INITIATION		
Contract Finalization and Team Creation		
Execute contract and distribute contract documents.	X	X
Assign a Project Manager as a single point of contact.	X	X
Assign resources.	X	X
Schedule project kickoff meeting.	X	X
Deliverable: Signed contract, defined project team, and scheduled project kickoff meeting.		
Project Administration		
Ensure that project team members attend all meetings relevant to their role on the project.	X	X
Set up the project in the Motorola Solutions information system.	X	
Record and distribute project status meeting minutes.	X	
Maintain responsibility for third-party services contracted by Motorola Solutions.	X	
Complete assigned project tasks according to the project schedule.	X	X
Submit project milestone completion documents.	X	
Upon completion of tasks, approve project milestone completion documents.		X
Conduct all project work Monday thru Friday, 7:30 a.m. to 5:00 p.m.).	X	
Deliverable: Completed and approved project milestones throughout the project.		
Project Kickoff		
Introduce team, review roles, and decision authority.	X	X
Present project scope and objectives.	X	
Review SOW responsibilities and project schedule.	X	X
Schedule Design Review.	X	X
Deliverable: Completed project kickoff.		

Tasks	Motorola Solutions	Escambia County, FL
SITE DEVELOPMENT - ENGLEWOOD		
Site Engineering		
Perform National Environmental Policy Act (NEPA) Threshold Screening, including limited literature and records search and brief reporting, as necessary to identify sensitive natural and cultural features referenced in 47 Code of Federal Regulations (CFR) Chapter 1, subsection 1.1307 that may be potentially impacted by the proposed construction activity. This does not include the additional field investigations to document site conditions if it is determined that the proposed communication facility "may have a significant environmental impact" and thus require additional documentation, submittals, or work.	X	
Provide a structural engineering analysis for antenna support structure, if necessary, to support the proposed antenna system. If the tower structure fails the analysis, the cost of any site relocation or modifications to the tower required to support the antenna system will be the responsibility of Escambia County FL. NOTE: This task does not include structural measurement survey, materials testing, geotechnical investigation, and/or other field investigation to acquire the data. If applicable, these tasks will be noted separately in the SOW.	X	
Provide tower climbing and tower mapping services for towers up to collect information about structural members and existing equipment.	X	
Conduct site investigation necessary to develop structural analysis (cases where adequate as-built documentation is not provided).	X	
If required, prepare and submit Electromagnetic Energy (EME) plans for the site (as a licensee) to demonstrate compliance with FCC RF Exposure guidelines.		X
As applicable, coordinate, prepare, submit, and pay for all required permits and inspections for the work that is the Customer's responsibility.		X
Pay for the usage costs of power, leased lines and generator fueling both during the construction/installation effort and on an on-going basis.		X
Pay for application fees, taxes and recurring payments for lease/ownership of the property.		X
Provide personnel to observe construction progress and testing of site equipment according to the schedule provided by Motorola.		X
As applicable (based on local jurisdictional authority), Escambia County will be responsible for any installation or up-grades of the electrical system in order to comply with NFPA 70, Article 708.		X
Provide property deed or lease agreement, and boundary survey, along with existing as-built drawings of the site and site components to Motorola for conducting site engineering.		X
Provide a right of entry letter from the site owner for Motorola to conduct field investigations.		X

Tasks	Motorola Solutions	Escambia County, FL
