Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

Should the project not be complete on or before September 30th 2019, vendor must assume maintenance, monitoring, and 24/7 emergency maintenance response of current system on October 1st, 2019.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statue 287.087 hereby certifies that _____ does:

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph One (1).

4. In the statement specified in Paragraph One (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or please of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, FL 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.043, "VESTA 9-1-1 Upgrade & Maintenance", Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service (FedEx, Airborne, UPS, etc.) you must mark the air-bill and envelope or box with the Specification number and project name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The Following Policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the proposals are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/Disqualification of Submittal,

2) Termination of Contract; or

3) Suspension or Debarment as Provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

2. Questions

Questions regarding this Request for Proposal shall be directed to Paul R. Nobles, Purchasing Manager, prnobles@myescambia.com. Last day for questions is April 30, 2019 at 5:00 p.m. CST.

3. Liquidated Damages

Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

Should the project not be complete on or before September 30th 2019, vendor must assume maintenance, monitoring, and 24/7 emergency maintenance response of current system on October 1st, 2019.

4. Documentation upon Completion

Two complete sets of as-built network drawings are required.
A backroom cabinet/rack diagram shall be included in as-built documentation.

5. Compliance with Occupational Safety and Health

Offeror certifies that all material, equipment, etc., contained in their offer meets all Occupational Safety and Health Administration (OSHA) requirements.

Offeror further certifies that, if he is the awarded vendor, and the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirement in effect on date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the vendor.

6. Codes and Regulations

The awarded vendor shall strictly comply with all federal, state and local safety codes.

7. Payment

Partial billing will not be accepted. Escambia County will pay 100% of the contract price after all items have been delivered and accepted. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 South Palafox Place
Pensacola, FL 32502

8. Warranty

System Warranty periods for all hardware and software shall begin upon final acceptance of the system. A complete listing of all warranties detailing what is included and what is not included shall be furnished. This system warranty shall take precedence over any conflict in the vendor's warranty agreement.

9. Assembly and/or Placement

All items shall be completely assembled when delivered to Escambia County.

All items shall be completely assembled by the awarded vendor prior to acceptance by Escambia County. Space will be provided by the County for on-site assembly by the awarded vendor. It will be the responsibility of the awarded vendor to supply the necessary labor and materials for the placement of all equipment as specified herein. Equipment is to be set-up, serviced, tested and demonstrated at no charge to Escambia County.

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

12. Insurance Requirements

Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. **Excess or Umbrella Liability Coverage** (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. **Evidence/Certificates of Insurance**

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Paul R. Nobles, Purchasing Manager
   Office of Purchasing, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32591-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

13. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PD 18-19.043
VESTA 9-1-1 Upgrade & Maintenance
Request for Proposal

PART A SUMMARY

Escambia County Public Safety, Communications Division is soliciting proposals for a dedicated, private, fully redundant, Wide Area Network (WAN) between its 9-1-1 host servers and 9-1-1 PSAP's.

PART I GENERAL INFORMATION

1-1 PURPOSE

~~The Board of County Commissioners of Escambia County is seeking the Professional Services of a qualified contractor to ugrade and maintain a dedicated, private, fully redundant, Wide Area Network (WAN) between its 9-1-1 host servers and 9-1-1 PSAP's.~~

Escambia County utilizes a geo-diverse Motorola VESTA 9-1-1 system (V6.0) with a total of 31 call taking positions. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) with nine positions and the Escambia County Sheriff's Office (ESO) with 14 positions. The Pensacola Police Department (PPD) with 8 positions operates as a remote site and is the Primary PSAP for calls originating in the City of Pensacola.

These PSAPs provide emergency 9-1-1 service to a resident population of approximately 314,000 and receive approximately 233,000 9-1-1 calls annually and 619,500 non-emergency calls annually. Call routing, delivery, network services, database services, and CPE maintenance are currently provided by AT&T.

1-2 OBJECTIVE

The Primary objective of The RFP is the selection of the most qualified and experienced Contractor to perform the scope of work that is most advantageous to the County.

1-3 ISSUING OFFICER

The project Director shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Andrew Hamilton CPM, ENP, Communications Chief, Escambia County Public Safety. The contracting agency shall be the Escambia County Board of Commissioners, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida, 32597-1591.

1-4 CONTRACT CONSIDERATION

It is expected that the contract shall be a **lump sum for upgrading the system and monthly based maintenance agreement** after negotiation.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Request for Proposal shall be directed to Paul R. Nobles, Purchasing Manager, prnobles@myescambia.com. Last day for questions is April 30, 2019 at 5:00 p.m. CST.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

A.	Mailing date of proposals	**April 15, 2019**
B.	Last day for questions	**April 30, 2019 at 5:00 p.m. CST**
D.	Receipt of proposals	**May ~~8~~15, 2019 at 2:00 p.m., CST**
E.	Review of proposals	**May ~~15~~22, 2019 at 9:00 a.m., CST**
F.	Discussions/Ranking, if required	**May ~~21~~28, 2019**
G.	1st Negotiations, if required	**May ~~23~~30, 2019**
H.	2nd Negotiations, if required	**~~May 27~~June 1, 2019**
I.	Board of County Commissioners approval	**June 13, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

One original of the proposal shall be required with all copies having been signed by a company official with the power to bind the company in its proposal, one CD or flash drive containing the entire proposal, and shall be completely responsive to the RFP for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the RFP requirements. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational.

~~Proposals require submittal of a detailed Project Plan. The detailed Project Plan will include identification of key personnel (with reef construction/deployment experience), identification and description of deployment vessel(s) (name/Doc. #, size, propulsion, capacity (tonnage), navigation equipment, etc. Detailed Project Plan will include deployment capacity/capability and deployment rate. Detailed Project Plan will also include deployment techniques/ procedures and means of providing documentation of reef placement (orientation/placement coordinates/condition on the seafloor).~~

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this RFP shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

1-14 DELAYS

The Project Director reserves the right to delay scheduled due dates if it is to the advantage of the project.

1-15 WORK PLAN CONTROL

Control of the work plan to be developed under the RFP shall remain totally with the Escambia County Board of Commissioners.

1-16 METHOD OF PAYMENT

Payment schedule and basis of payment shall be negotiated.

PART II INFORMATION REQUIRED FROM CONTRACTORS

ALL PROPOSALS SHALL INCLUDE THE FOLLOWING: TECHNICAL AND COST PROPOSAL

2-1 PROPOSAL FORMAT AND CONTENT

The County discourages overly lengthy and costly proposals, however, in order for the County to evaluate proposals fairly and completely, proposers should follow the format set out herein and provide all of the information requested.

2-2 INTRODUCTION

Proposals shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the proposal.

Proposals shall confirm that the firm will comply with all of the provisions in this RFP; and, if applicable, provide notice that the firm qualifies as a County proposer. Proposals shall be signed by a company officer empowered to bind the company. A proposer's failure to include these items in their proposals may cause their proposal to be determined to be non-responsive and the proposal may be rejected.

2-3 UNDERSTANDING OF THE PROJECT

Proposers shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.

2-4 METHODOLOGY USED FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet the County's project schedule.

2-5 MANAGEMENT PLAN FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.

2-6 EXPERIENCE AND QUALIFICATIONS

Provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Provide a narrative description of the organization of the project team.

Provide a personnel roster that identifies each person who will actually work on the contract and provide the following information about each person listed;

[a] title,
[b] resume,
[c] location(s) where work will be performed,
[d] itemize the total cost and the number of estimated hours for each individual named above.
[e] Provide reference names and phone numbers for similar projects your firm has completed

2-7 ~~INFRASTRUCTURE~~ Contents of Vendor's Proposal

~~**Vendor that has highest percentage of usage of their own infrastructure**~~

~~Provide a detailed description of the usage of provider's own infrastructure in relation to the servicing of each individual facilities listed in Appendix A. This is infrastructure that is wholly owned by said provider and not leased, under an IRU, bartered or any other form of trade or purchase from a 3rd party provider.~~

~~For example, we are looking for the vendor that can reach as close to 100% of each facility listed in Appendix A using their own infrastructure as described above.~~

Vendor's proposal must contain a detailed description of whether, and to what extent it meets the description of needs and preferences contained in this document. At minimum, it must include:

1. Complete Scope of Work including description of hardware, software, and support included in the solution.
2. Detailed response to Company Requirements.
3. Certification the solution meets or exceeds applicable NENA i3 standards.
4. Documentation the solution can operate in a NextGen 9-1-1 environment, capable of full interoperability and data sharing on a regional or statewide ESInet. (Explain whether this capability is inherent to the delivered system or would require upgrades.)
5. Detailed visual drawing of equipment racks with servers labeled by name and purpose.
6. List of components (if any) proposed to be reused.
7. Written plan for preventative maintenance. Describe what is included and when.
8. Detailed description and capability of monitoring solution.
9. Description of training and background of 9-1-1 technicians.
10. Statement of lead time necessary before installation of customer equipment can begin.
11. Written installation and testing plan with projected timeline.
12. Written training plan with projected timeline.
13. Pricing in attached format.
14. Clear description of any and all needs County must provide Vendor to implement this project.
15. List of any and all cost (Recurring and Non-Recurring) not covered in the proposal.

2-8 COST PROPOSAL

~~Proposer's cost proposals shall include an itemized list of all direct and indirect costs associated with the performance of this contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit.~~

~~Provide a cost proposal detailing the monthly cost of the wide area network services identified in Appendix A and a monthly total for the three locations based on the contract periods listed below:~~

~~1. 36 months~~
2. ~~60 months~~

Submit - SOLICITATION, OFFER AND PROPOSAL FORM

~~**2-9 Ability to meet our schedule**~~

~~Provide a transition plan for meeting a full implementation cutover on or before September 15, 2019.~~

~~**2-10 Vendor that has the most innovative solutions or offerings**~~

~~Describe any innovative offerings that the County could take advantage of throughout the life of the contract.~~

PART III CRITERIA FOR SELECTION

The proposal will be initiated through a Selection Review Committee. Based on the decision of the Committee, a recommendation will be taken to the Escambia County Board of County Commissioners for discussion and award of the agreement. Final selection shall be determined to be in the best interest of Escambia County. Escambia County reserves the right to accept or reject any part of the entire proposal from the responsible proposer determined to be in the best interest of Escambia County.

The criteria used to determine the best value to the County are as follows:

Criteria	Points
~~Vendor that has the highest percentage of usage of their own infrastructure~~ **Cost**: Upgrade cost and Total Cost of Ownership will be considered.	~~20~~ 50
~~Cost~~ **Performance**: Performance on contracts with Escambia County and other agencies with respect to quality of work and responsiveness to needs will be considered.	~~40~~ 20
~~Ability to meet our schedule~~ **Experience**: Years, level of experience, and number of positions/PSAPs maintained will be considered.	~~20~~ 10
~~Vendor that has the most innovative solutions or offerings~~ **Product Offering**: Ability to meet all requirements and preferences of the customer will be considered.	~~20~~ 10
Vendor Proposal: Completeness and clarity of the Vendor Proposal will be considered.	10
Total Possible Score	100

PART IV SCOPE OF WORK

~~Escambia County Public Safety, Communications Division is soliciting proposals for a dedicated, private, fully redundant, Wide Area Network (WAN) between its 9-1-1 host servers and 9-1-1 PSAP's.~~

4.1 Description of Current Operations

~~Escambia County utilizes a geo-diverse Motorola VESTA 9-1-1 system. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) and the Escambia County Sheriff's Office (ESO). The Pensacola Police Department (PPD) operates as a remote site.~~

Escambia County utilizes a geo-diverse Motorola VESTA 9-1-1 system (V6.0) with a total of 31 call taking positions. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) with nine positions and the Escambia County Sheriff's Office (ESO) with 14 positions. The Pensacola Police Department (PPD) with 8 positions operates as a remote site and is the Primary PSAP for calls originating in the City of Pensacola.

These PSAPs provide emergency 9-1-1 service to a resident population of approximately 314,000 and receive approximately 233,000 9-1-1 calls annually and 619,500 non-emergency calls annually. Call routing, delivery, network services, database services, and CPE maintenance are currently provided by AT&T.

Trunk / Line Data Sheet attached.

4.2 Proposed Project

~~The vendor shall provide, manage, and monitor a dedicated, private, fully redundant, fiber network and associated equipment between the 9-1-1 host servers and 9-1-1 PSAP's with a 99.999% reliability. The network shall be a private (nonshared) Wide Area Network (WAN) specifically consisting of a fiber-connected metro-area layer 2 backbone. The task will include full installation and cutover working with the Motorola Vesta team.~~

A list of addresses appear in "Appendix A" of this RFP.

~~It is required that this network be:~~

- ~~Scalable~~
- ~~Highly Secure~~
- ~~Cost-effective~~
- ~~Highly reliable~~
  - ~~100 percent redundant with no single point of failure for facility hardware or software; and will have an Availability Factor of 99.999% or higher.~~
- ~~Monitored and managed on a "24X7X365" basis~~
  - ~~With alarm, reporting, and audit capabilities that allow the agency to assess conformance to contract requirements.~~

1. A turnkey hardware and software upgrade of the **Motorola Vesta 9-1-1** system effective October 1st 2019 for Escambia County PSAPs with first year maintenance included; subject to the following budget limits:

   a. Host PSAP/A & B $674,537.00
   b. Remote PSAP $155,497.00
   Total **$830,034.00***

   ***Proposals that cannot meet the budget limits may be submitted but should include a detailed description of what equipment or services are being offered that require exceeding said limits.**

2. Complete system maintenance and monitoring for years two (2) through five (5).

The task will include a complete refresh of system hardware and software including servers, routers, firewalls, call console workstations, etc. and update of the mapping software. The upgrade must include the latest version of each software application. All equipment and services will make us of, or interconnect with, the existing 9-1-1-network connecting the PSAPs.

4.3 Company Requirements

~~Respondents shall demonstrate to the BCC's satisfaction that both the respondent and the manufacturer(s) of the proposed systems are financially sound and are likely to remain strongly committed to the data communications field and the Escambia County area for the next ten (10) years. Respondents must submit, with the proposal, a copy of their most recent annual financial report. If Vendor is not a public corporation or has no annual report available, verifiable financial information of a comparable nature to an annual report must be provided.~~

~~Respondent shall provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.~~

~~The respondent must clearly describe and demonstrate experience in the following areas and identify to which system this experience applies:~~

- ~~System design & implementation~~
- ~~Network design, implementation & performance~~
- ~~Software~~
- ~~Hardware~~
- ~~Gateways~~
- ~~Interfaces~~
- ~~Call congestion & control~~
- ~~Security~~
- ~~Quality of Service~~
- ~~Scalable Bandwidth~~
- ~~Disaster recovery~~
- ~~24X7X365 Maintenance & Support~~

- ~~Documentation~~

The vendor must demonstrate a proven track record of providing reliable 9-1-1 equipment and support services.

1. Provide an overview of the company's history and background in the 9-1-1 arena.

2. State the number and location of 9-1-1 positions the vendor currently maintains in the United States on the Vesta platform.

3. Detail the company's participation in industry organizations and the roles the company plays in these organizations.

4. Provide the company name, contact person, telephone number and cutover date for at least five installed and maintained E9-1-1 systems of the same type proposed.

5. Provide an overview of the vendors complete 9-1-1 call product offering and the percentage of the company's revenue specifically from selling, servicing and supporting of 9-1-1 call taking systems.

6. Provide the number and average years of experience of company employees dedicated to E9-1-1 systems.

7. Provide an overview of the financial health and available resources the company has available to meet requirements of this proposal.

4.4 General Requirements

~~Proposers shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.~~

~~Proposers shall provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet the County's project schedule.~~

~~Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.~~

- ~~Customer desires on-line portal for reporting, modifying, and closing trouble tickets.~~
- ~~**Diverse circuit connectivity with no single point of failure.**~~
- ~~Redundancy within the system. All vital system modules and network connectivity shall be protected to ensure there is no single point of failure.~~
- ~~The system shall be engineered such that if a component or software service fails it may be replaced or corrected without loss of call taking operations. Such unscheduled outages will not interrupt call taking operations.~~

- ~~All components shall be connected to an Uninterruptable Power Supply (UPS).~~
- ~~Vendor will be responsible for testing and all coordination with local telco and/or Vesta provider to ensure implementation goes smoothly.~~
- ~~The Vendor must thoroughly test the entire system prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.~~
- ~~The Vendor shall have personnel on-site for the system cutover and for at least the first 12 hours following cut-over for transitional support.~~
- ~~Vendor shall remove and dispose of applicable equipment after receiving signature approval of Communications Chief or designee for each component(s)removed from PSAPs.~~
- ~~Vendor is responsible for removing any unused cabling and labeling new cabling.~~

This upgrade must ensure the 9-1-1 system hardware is 100% reliable and that the software remains up to date with features and security.

1. All equipment must meet or exceed current/applicable NENA i3 standards and be fully capable of migrating to a NG9-1-1 call taking solution.

2. All customer premise equipment, including, but not limited to work stations, software, clock, headset, recording equipment, uninterruptable power supply, records management system and related connections, must be able to operate in a NextGen 9-1-1 environment, capable of full interoperability and data sharing on a regional or statewide ESInet. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

3. System shall have the ability to handle calls originating from all sources including multimedia information such as text, data, photos, and video in compliance with NextGen 9-1-1 standards. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

4. Redundant data links to the ALI database provider.

5. Geo-diverse Core Routers and associated hardware with full interconnection between the sites.

6. ACD functionality shall be available and configured to customer needs.

7. Solution must provide full interoperability among all PSAPs so that calls can fail over to another PSAP with voice, ANI and ALI data included.

8. An ADA compliant TDD/TTY solution must be provided with the ability to move to a fully integrated Text to 9-1-1 solution, integrating the text interface into the call taker's screen. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

9. Customer desires integration of RapidSoS. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

10. Vendor shall provide a comprehensive MIS solution. Solution must provide dynamic 9-1-1 reporting. ECats is preferred. MIS service and maintenance is to be included in the proposed upgrade for year 1 and additionally in the maintenance quote for years 2 -5.

11. Customer desire on-line portal for reporting, modifying, and closing trouble tickets. (Explain whether this capability is inherent to the delivered system).

12. All software must be installed in the latest version with available updates installed at no additional charge.

13. Automated Abandoned Callback

14. VESTA Local mapping

15. 4 CommandPost modules for portable answering of 9-1-1 calls during emergency relocation or disaster recovery operations.

16. Ability to detect and provide information on abandoned/silent calls with location and call back information.

17. **Diverse circuit connectivity with no single point of failure.**

18. Connectivity to current 9-1-1 recording system. (VPI)

19. Ability to integrate with Compute Aided Dispatch via industry standards.

20. NetClock hardware and connectivity for both cores.

21. Redundancy within the system. All vital system modules and network connectivity shall be protected to ensure there is no single point of failure. Further, under no circumstances shall a failure in any vital system module disable more than 50% of the calltaking positions within a PSAP.

22. The system shall be engineered such that if a component or software service fails it may be replaced or corrected without loss of call taking operations. Such unscheduled outages will not interrupt call taking operations.

23. All components shall be connected to UPS.

24. Vendor will be responsible for testing and all coordination with local telco to ensure implementation goes smoothly.

25. The Vendor must thoroughly test the entire system prior to cutover and must ring-talk test each trunk & line at least twice prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.

26. The Vendor shall have personnel on-site for the system cutover and for at least the first 24 hours following cut-over for transitional support.

27. The upgrade shall meet or exceed all current capabilities of the 9-1-1 system design and configuration.

28. It is understood that an upgrade may make expedient use of some components already owned by the customer. Any components proposed to be reused must be clearly identified in the proposal.

29. Vendor shall remove and dispose of old equipment after receiving signature approval of Communications Chief or designee for each component(s)removed from PSAPs.

30. Vendor is responsible for removing any unused cabling and labeling new cabling.

31. All unused USB access points shall be internally or externally disabled to prevent unauthorized access. Propose how this will be accomplished.

4.4 Vendor Responsibilities

- ~~Full-time monitoring of equipment and system functionality, and proactive notifications of issues provided 24x7. Ability to perform both remote diagnostics and on-site maintenance support.~~
- ~~A single point of contact for all issues.~~
- ~~A pre-determined escalation plan for addressing network problems.~~
- ~~A consolidated billing function that includes all charges on one monthly statement.~~
- ~~Complete installation and testing managed by a dedicated project manager who provides updates to the Escambia County Communication Chief or designee until installation is fully accepted.~~
- ~~Systems walk through of all PSAP's once cutover is complete with Communications Chief or designee.~~

1. Full-time monitoring of equipment and system functionality, and proactive notifications of issues provided 24x7. Ability to perform both remote diagnostics and on-site maintenance support.
2. Ongoing, robust security monitoring, virus protection, OS patches, and firewalls needed for security.
3. A single point of contact for all 9-1-1 issues.
4. A pre-determined escalation plan for addressing PSAP problems.
5. Provisioning of non-CAMA trunks with Communications Chief or designee. This may require provisioning outside current design.
6. Provisioning of 9-1-1 failover routing with Communications Chief or designee. This may require provisioning outside current design.
7. A consolidated billing function that includes all charges for all PSAPs on one monthly statement.
8. Complete installation and testing managed by a dedicated project manager who provides weekly updates to the Escambia County Communication Chief or designee until installation is fully accepted.
9. Complete, interactive (not pre-recorded) training for all new features by a trainer certified by the equipment manufacture. Trainer must be made available to accommodate morning, afternoon, or evening training as determined by the Escambia County Communications Chief or designee. (**Train the trainer format**)

10. Systems walk through of all PSAP's once cutover is complete with Communications Chief or designee.

4.5 System Acceptance

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

4.6 Warranty

System Warranty periods for all hardware and software shall begin upon final acceptance of the system. A complete listing of all warranties detailing what is included and what is not included shall be furnished. This system warranty shall take precedence over any conflict in the vendor's warranty agreement.

4.~~5~~7 Maintenance

Vendor shall provide maintenance 24 hours per day, seven days per week, 365 day per year.

The vendor shall provide a minimum of three (3) technicians employed directly by the vendor, located in the Escambia County region, trained and certified in the network platform and service.

- **Routine Maintenance** - Maintenance that does not affect the performance of the system and does not affect the ability to quickly and efficiently process 9-1-1 calls, but still requires attention.
    - The vendors **maximum response time is not to exceed two business days from the time the report is received.**
    - All maintenance performed shall be reported to the Communications Chief or designee upon completion.

- **Non-Critical Maintenance** - Problems of minor nature that do not affect the overall performance of the system and do not affect the ability to quickly and efficiently process 9-1-1 calls, but still require attention.
    - **The vendors maximum response time is not to exceed 24 hours from the time the complaint is received.** All maintenance performed shall be reported to the Communications Chief or designee upon completion.

- **Critical Maintenance** - Problems that jeopardize or degrade any part of the system and affect the ability to quickly and efficiently process 9-1-1 calls**.**

    - **The Vendors maximum physical on site response is 2 hours, on a twenty – four (24) hour basis, to include weekends and holidays.** For an outage event, remote support shall be addressing the issue within 10 minutes. All maintenance performed shall be reported to the Communications Chief or designee upon completion.

- **Preventative Maintenance** – Maintenance of a preventive nature that ensures uptime and longevity of equipment.

    - Vendor shall provide a written plan for preventative maintenance. Describe what is included and when.

- Failure to meet SLA's for Non-Critical and Critical Maintenance issues shall result in a credit penalty of $200.00 per hour until maintenance personnel show proven contact with the system or system representative.

- Vendor shall guarantee the availability of service assistance, repairs, and spare parts for a minimum of five (5) years after system acceptance. Critical spares shall be kept on-site. Describe what critical spares are included.

- Vendor shall be responsible for providing all equipment and parts during the service period.

- Service shall be performed with the system fully operational 99.999% of the time. The system shall not be rendered inoperable for the purpose of routine maintenance or hardware additions.

- The vendor shall describe what System Software/Firmware, Operating System and Security upgrades, patches, and updates are included (and not included) in the maintenance agreement. Vendor shall be responsible for the installation of any upgrades, patches and updates. No unplanned system downtime shall be acceptable for upgrades, patches and updates.

4.~~6~~8 Monitoring

The Vendor shall provide a robust monitoring solution that includes active system monitoring and reporting 24 hours a day, 7 days a week, 365 days a year to quickly detect, report, diagnose, and solve solution performance problems and outages. A customer portal with monthly monitoring and diagnostic reports is preferred.

Describe in detail proposed monitoring solution.

4.~~7~~9 Documentation upon Completion

Two complete sets of as-built network drawings are required.

A backroom cabinet/rack diagram shall be included in as-built documentation.

4.8 Ability to meet our schedule

Provide a transition plan for meeting a full implementation cutover on or before September 15, 2019.

4.9 Vendor that has the most innovative solutions or offerings

Describe any innovative offerings that the County could take advantage of throughout the life of the contract.

4.10 WAN REQUIREMENTS

Service shall meet or exceed Bandwidth estimates in **Appendix B** and must be capable of delivering full duplex using Layer 2 Ethernet protocol over fiber to each site.

Vendor shall provide pricing for:

- 25 mbps
- 50 mbps
- 75 mbps
- 100 mpbs

Vendor shall adhere to VESTA networking requirements as presented in **Appendix C.**

Customer desires the ability to vary bandwidth in the future to meet demand. Proposals may include rates for higher bandwidth connections and should describe the vendor's ability to scale the proposed solution to meet greater bandwidth demands.

Customer is open to considering innovative alternatives to meeting our general requirements in the most cost-effective manner possible.

The Contractor/Carrier shall deliver the requested CIR at full bandwidth at each facility on a full availability basis, 24/7.

The vendor will provide all necessary hardware and software required. As part of the proposal, the vendor will make known the space requirements for installed equipment at all sites. Network outage resolution will be coordinated with Emergency Communications Chief or designee.

The vendor must provide easy access to help desk and repair services. A clear, documented procedure must be defined for severe problem escalation with appropriate response times delineated in the proposal.

The vendor will provide critical alerts to the Emergency Communications Chief or designee via Email and/or telephone call, and notification of service outages via telephone to the Emergency Communications Chief or designee along with status

~~and estimated time of restoral (ETR). This alert service will be maintained for the duration of the contract.~~

~~The circuits shall be capable of carrying multiple protocols such as IP Data, Voice over IP (VoIP) telephony, streaming digital video, teleconferencing, etc. Jitter and latency shall be within industry accepted limits for typical service of these types. The WAN must support the transmission of QoS ("Quality of Service") and VLAN tags implemented by Escambia County between endpoints.~~

~~All equipment including but not limited to switches, cabling, connectors, etc. necessary to provide this connectivity shall be provided by the vendor. All installed equipment shall operate with the electrical capacity provided by a dedicated 20 AMP service per equipment rack. Each endpoint must be capable of operating for a minimum of 30 minutes in the event of local power failure. Specifically, the equipment providing the WAN handoff at each site must be protected by a suitably sized uninterruptable power supply (UPS).~~

~~Currently the PSAPs have either four-post or two-post racks in each location with a minimum of 3U available space for vendor equipment. Vendor is responsible for providing any additional racks or hardware for mounting vendor equipment.~~

~~The network must be fully operational once implemented. The term "fully operational" is defined as error free network connectivity at the specified CIRs, delivered to all sites without failures for at least 72 hours. Vendor must provide certification reports of CIR, jitter, latency, and interface error metrics for each endpoint.~~

April 27, 2019

To: All Known Prospective Bidders

ADDENDUM NUMBER 1:

Re: PD 18-19.043, VESTA 9-1-1 Upgrade & Maintenance

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification.

This Addendum Number 1 provides for:

1. **Revised Opening Date**

   From: RESPONSES WILL BE RECEIVED UNTIL: ~~2:00 p.m. CST, May 8, 2019~~
   To: RESPONSES WILL BE RECEIVED UNTIL: 2:00 p.m. CST, May 15, 2019

2. **Revised Soliciation Document**

   PD 18-19.043, VESTA 9-1-1 Upgrade & Maintenance Revised 04_07_19.pdf

This Addendum Number 1 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Paul R. Nobles
Purchasing Manager

SPECIAL ACCOMMODATIONS:
Any person requiring special accommodations to attend or participate, pursuant to the Americans with Disabilities Act, should call the Office of Purchasing, (850) 595-4980 at least five (5) working days prior to the solicitation opening.

Notice

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

ESCAMBIA COUNTY, FLORIDA
REQUEST FOR PROPOSALS
PROPOSER'S CHECKLIST
VESTA 9-1-1 Upgrade & Maintenance
Specification Number PD 18-19.043

HOW TO SUBMIT YOUR PROPOSAL:
Please review this document carefully. Offers that are accepted by the County are binding contracts. **Incomplete proposals are not acceptable.** All documents and submittals shall be received by the Office of Purchasing on or before the date and hour specified for receipt. Late proposals will be returned unopened.

* *Documents submitted with Proposals are to be on the forms provided in the Request for Proposals and photocopies of other required documents.*

THE FOLLOWING DOCUMENTS SHALL BE RETURNED WITH THE BID:
- Proposal Documents to include, Solicitation, Offer, and Proposal Form. The Proposal Form must contain an original signature in indelible ink. Proposals with photocopies or scanned signatures will not be accepted.
- One CD or Flash Drive containing the entire Proposal

THE FOLLOWING DOCUMENTS SHOULD BE RETURNED WITH THE BID:
- Sworn Statement Pursuant to Section 287.133(3)(A), Florida Statutes on Entity Crimes.
- Drug-Free Workplace Form.
- Information Sheet for Transactions and Conveyances Corporate Identification.
- Certificate of Authority to do Business from the State of Florida.
- Occupational License.
- Florida Department of Business and Professional Regulation – License(s), Certification(s), and/or Registration(s).
- Certificate of Enrollment in E-Verify

BEFORE YOU SUBMIT YOUR BID, HAVE YOU:
- Placed your proposal with all required submittal items in a sealed envelope, clearly marked for specification number, project name, name of proposer, and due date and time of proposal receipt?

THE FOLLOWING DOCUMENTS ARE REQUIRED UPON NOTICE OF AWARD:
- Certificate of Insurance

HOW TO SUBMIT A NO PROPOSAL:
- If you do not wish to submit a proposal at this time, please remove the Solicitation, Offer and Proposal Form from the Proposal Solicitation Package and enter No Proposal in the "Reason for No Proposal" block, your company's name, address, signature, and return the Solicitation, Offer and Proposal Form in a sealed envelope.

This form is for your convenience to assist in filling out your proposal.
Do not return this form with your proposal.

Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

Should the project not be complete on or before September 30th 2019, vendor must assume maintenance, monitoring, and 24/7 emergency maintenance response of current system on October 1st, 2019.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statue 287.087 hereby certifies that _____ does:

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph One (1).

4. In the statement specified in Paragraph One (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or please of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, FL 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.043, "VESTA 9-1-1 Upgrade & Maintenance", Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service (FedEx, Airborne, UPS, etc.) you must mark the air-bill and envelope or box with the Specification number and project name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The Following Policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the proposals are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/Disqualification of Submittal,

2) Termination of Contract; or

3) Suspension or Debarment as Provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

2. Questions

Questions regarding this Request for Proposal shall be directed to Paul R. Nobles, Purchasing Manager, prnobles@myescambia.com. Last day for questions is April 30, 2019 at 5:00 p.m. CST.

3. Liquidated Damages

Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

Should the project not be complete on or before September 30th 2019, vendor must assume maintenance, monitoring, and 24/7 emergency maintenance response of current system on October 1st, 2019.

4. Documentation upon Completion

Two complete sets of as-built network drawings are required.
A backroom cabinet/rack diagram shall be included in as-built documentation.

5. Compliance with Occupational Safety and Health

Offeror certifies that all material, equipment, etc., contained in their offer meets all Occupational Safety and Health Administration (OSHA) requirements.

Offeror further certifies that, if he is the awarded vendor, and the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirement in effect on date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the vendor.

6. Codes and Regulations

The awarded vendor shall strictly comply with all federal, state and local safety codes.

7. Payment

Partial billing will not be accepted. Escambia County will pay 100% of the contract price after all items have been delivered and accepted. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 South Palafox Place
Pensacola, FL 32502

8. Warranty

System Warranty periods for all hardware and software shall begin upon final acceptance of the system. A complete listing of all warranties detailing what is included and what is not included shall be furnished. This system warranty shall take precedence over any conflict in the vendor's warranty agreement.

9. Assembly and/or Placement

All items shall be completely assembled when delivered to Escambia County.

All items shall be completely assembled by the awarded vendor prior to acceptance by Escambia County. Space will be provided by the County for on-site assembly by the awarded vendor. It will be the responsibility of the awarded vendor to supply the necessary labor and materials for the placement of all equipment as specified herein. Equipment is to be set-up, serviced, tested and demonstrated at no charge to Escambia County.

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

12. Insurance Requirements

Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. **Excess or Umbrella Liability Coverage** (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. **Evidence/Certificates of Insurance**

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Paul R. Nobles, Purchasing Manager
   Office of Purchasing, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32591-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

13. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PD 18-19.043
VESTA 9-1-1 Upgrade & Maintenance
Request for Proposal

PART A SUMMARY

Escambia County Public Safety, Communications Division is soliciting proposals for a dedicated, private, fully redundant, Wide Area Network (WAN) between its 9-1-1 host servers and 9-1-1 PSAP's.

PART I GENERAL INFORMATION

1-1 PURPOSE

~~The Board of County Commissioners of Escambia County is seeking the Professional Services of a qualified contractor to ugrade and maintain a dedicated, private, fully redundant, Wide Area Network (WAN) between its 9-1-1 host servers and 9-1-1 PSAP's.~~

Escambia County utilizes a geo-diverse Motorola VESTA 9-1-1 system (V6.0) with a total of 31 call taking positions. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) with nine positions and the Escambia County Sheriff's Office (ESO) with 14 positions. The Pensacola Police Department (PPD) with 8 positions operates as a remote site and is the Primary PSAP for calls originating in the City of Pensacola.

These PSAPs provide emergency 9-1-1 service to a resident population of approximately 314,000 and receive approximately 233,000 9-1-1 calls annually and 619,500 non-emergency calls annually. Call routing, delivery, network services, database services, and CPE maintenance are currently provided by AT&T.

1-2 OBJECTIVE

The Primary objective of The RFP is the selection of the most qualified and experienced Contractor to perform the scope of work that is most advantageous to the County.

1-3 ISSUING OFFICER

The project Director shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Andrew Hamilton CPM, ENP, Communications Chief, Escambia County Public Safety. The contracting agency shall be the Escambia County Board of Commissioners, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida, 32597-1591.

1-4 CONTRACT CONSIDERATION

It is expected that the contract shall be a **lump sum for upgrading the system and monthly based maintenance agreement** after negotiation.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Request for Proposal shall be directed to Paul R. Nobles, Purchasing Manager, prnobles@myescambia.com. Last day for questions is April 30, 2019 at 5:00 p.m. CST.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

A.	Mailing date of proposals	**April 15, 2019**
B.	Last day for questions	**April 30, 2019 at 5:00 p.m. CST**
D.	Receipt of proposals	**May ~~8~~15, 2019 at 2:00 p.m., CST**
E.	Review of proposals	**May ~~15~~22, 2019 at 9:00 a.m., CST**
F.	Discussions/Ranking, if required	**May ~~21~~28, 2019**
G.	1st Negotiations, if required	**May ~~23~~30, 2019**
H.	2nd Negotiations, if required	**~~May 27~~June 1, 2019**
I.	Board of County Commissioners approval	**June 13, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

One original of the proposal shall be required with all copies having been signed by a company official with the power to bind the company in its proposal, one CD or flash drive containing the entire proposal, and shall be completely responsive to the RFP for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the RFP requirements. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational.

~~Proposals require submittal of a detailed Project Plan. The detailed Project Plan will include identification of key personnel (with reef construction/deployment experience), identification and description of deployment vessel(s) (name/Doc. #, size, propulsion, capacity (tonnage), navigation equipment, etc. Detailed Project Plan will include deployment capacity/capability and deployment rate. Detailed Project Plan will also include deployment techniques/ procedures and means of providing documentation of reef placement (orientation/placement coordinates/condition on the seafloor).~~

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this RFP shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

1-14 DELAYS

The Project Director reserves the right to delay scheduled due dates if it is to the advantage of the project.

1-15 WORK PLAN CONTROL

Control of the work plan to be developed under the RFP shall remain totally with the Escambia County Board of Commissioners.

1-16 METHOD OF PAYMENT

Payment schedule and basis of payment shall be negotiated.

PART II INFORMATION REQUIRED FROM CONTRACTORS

ALL PROPOSALS SHALL INCLUDE THE FOLLOWING: TECHNICAL AND COST PROPOSAL

2-1 PROPOSAL FORMAT AND CONTENT

The County discourages overly lengthy and costly proposals, however, in order for the County to evaluate proposals fairly and completely, proposers should follow the format set out herein and provide all of the information requested.

2-2 INTRODUCTION

Proposals shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the proposal.

Proposals shall confirm that the firm will comply with all of the provisions in this RFP; and, if applicable, provide notice that the firm qualifies as a County proposer. Proposals shall be signed by a company officer empowered to bind the company. A proposer's failure to include these items in their proposals may cause their proposal to be determined to be non-responsive and the proposal may be rejected.

2-3 UNDERSTANDING OF THE PROJECT

Proposers shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.

2-4 METHODOLOGY USED FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet the County's project schedule.

2-5 MANAGEMENT PLAN FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.

2-6 EXPERIENCE AND QUALIFICATIONS

Provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Provide a narrative description of the organization of the project team.

Provide a personnel roster that identifies each person who will actually work on the contract and provide the following information about each person listed;

[a] title,
[b] resume,
[c] location(s) where work will be performed,
[d] itemize the total cost and the number of estimated hours for each individual named above.
[e] Provide reference names and phone numbers for similar projects your firm has completed

2-7 ~~INFRASTRUCTURE~~ Contents of Vendor's Proposal

~~**Vendor that has highest percentage of usage of their own infrastructure**~~

~~Provide a detailed description of the usage of provider's own infrastructure in relation to the servicing of each individual facilities listed in Appendix A. This is infrastructure that is wholly owned by said provider and not leased, under an IRU, bartered or any other form of trade or purchase from a 3rd party provider.~~

~~For example, we are looking for the vendor that can reach as close to 100% of each facility listed in Appendix A using their own infrastructure as described above.~~

Vendor's proposal must contain a detailed description of whether, and to what extent it meets the description of needs and preferences contained in this document. At minimum, it must include:

1. Complete Scope of Work including description of hardware, software, and support included in the solution.
2. Detailed response to Company Requirements.
3. Certification the solution meets or exceeds applicable NENA i3 standards.
4. Documentation the solution can operate in a NextGen 9-1-1 environment, capable of full interoperability and data sharing on a regional or statewide ESInet. (Explain whether this capability is inherent to the delivered system or would require upgrades.)
5. Detailed visual drawing of equipment racks with servers labeled by name and purpose.
6. List of components (if any) proposed to be reused.
7. Written plan for preventative maintenance. Describe what is included and when.
8. Detailed description and capability of monitoring solution.
9. Description of training and background of 9-1-1 technicians.
10. Statement of lead time necessary before installation of customer equipment can begin.
11. Written installation and testing plan with projected timeline.
12. Written training plan with projected timeline.
13. Pricing in attached format.
14. Clear description of any and all needs County must provide Vendor to implement this project.
15. List of any and all cost (Recurring and Non-Recurring) not covered in the proposal.

2-8 COST PROPOSAL

~~Proposer's cost proposals shall include an itemized list of all direct and indirect costs associated with the performance of this contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit.~~

~~Provide a cost proposal detailing the monthly cost of the wide area network services identified in Appendix A and a monthly total for the three locations based on the contract periods listed below:~~

~~1. 36 months~~
2. ~~60 months~~

Submit - SOLICITATION, OFFER AND PROPOSAL FORM

~~**2-9 Ability to meet our schedule**~~

~~Provide a transition plan for meeting a full implementation cutover on or before September 15, 2019.~~

~~**2-10 Vendor that has the most innovative solutions or offerings**~~

~~Describe any innovative offerings that the County could take advantage of throughout the life of the contract.~~

PART III CRITERIA FOR SELECTION

The proposal will be initiated through a Selection Review Committee. Based on the decision of the Committee, a recommendation will be taken to the Escambia County Board of County Commissioners for discussion and award of the agreement. Final selection shall be determined to be in the best interest of Escambia County. Escambia County reserves the right to accept or reject any part of the entire proposal from the responsible proposer determined to be in the best interest of Escambia County.

The criteria used to determine the best value to the County are as follows:

Criteria	Points
~~Vendor that has the highest percentage of usage of their own infrastructure~~ **Cost**: Upgrade cost and Total Cost of Ownership will be considered.	~~20~~ 50
~~Cost~~ **Performance**: Performance on contracts with Escambia County and other agencies with respect to quality of work and responsiveness to needs will be considered.	~~40~~ 20
~~Ability to meet our schedule~~ **Experience**: Years, level of experience, and number of positions/PSAPs maintained will be considered.	~~20~~ 10
~~Vendor that has the most innovative solutions or offerings~~ **Product Offering**: Ability to meet all requirements and preferences of the customer will be considered.	~~20~~ 10
Vendor Proposal: Completeness and clarity of the Vendor Proposal will be considered.	10
Total Possible Score	100

PART IV SCOPE OF WORK

~~Escambia County Public Safety, Communications Division is soliciting proposals for a dedicated, private, fully redundant, Wide Area Network (WAN) between its 9-1-1 host servers and 9-1-1 PSAP's.~~

4.1 Description of Current Operations

~~Escambia County utilizes a geo-diverse Motorola VESTA 9-1-1 system. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) and the Escambia County Sheriff's Office (ESO). The Pensacola Police Department (PPD) operates as a remote site.~~

Escambia County utilizes a geo-diverse Motorola VESTA 9-1-1 system (V6.0) with a total of 31 call taking positions. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) with nine positions and the Escambia County Sheriff's Office (ESO) with 14 positions. The Pensacola Police Department (PPD) with 8 positions operates as a remote site and is the Primary PSAP for calls originating in the City of Pensacola.

These PSAPs provide emergency 9-1-1 service to a resident population of approximately 314,000 and receive approximately 233,000 9-1-1 calls annually and 619,500 non-emergency calls annually. Call routing, delivery, network services, database services, and CPE maintenance are currently provided by AT&T.

Trunk / Line Data Sheet attached.

4.2 Proposed Project

~~The vendor shall provide, manage, and monitor a dedicated, private, fully redundant, fiber network and associated equipment between the 9-1-1 host servers and 9-1-1 PSAP's with a 99.999% reliability. The network shall be a private (nonshared) Wide Area Network (WAN) specifically consisting of a fiber-connected metro-area layer 2 backbone. The task will include full installation and cutover working with the Motorola Vesta team.~~

A list of addresses appear in "Appendix A" of this RFP.

~~It is required that this network be:~~

- ~~Scalable~~
- ~~Highly Secure~~
- ~~Cost-effective~~
- ~~Highly reliable~~
  - ~~100 percent redundant with no single point of failure for facility hardware or software; and will have an Availability Factor of 99.999% or higher.~~
- ~~Monitored and managed on a "24X7X365" basis~~
  - ~~With alarm, reporting, and audit capabilities that allow the agency to assess conformance to contract requirements.~~

1. A turnkey hardware and software upgrade of the **Motorola Vesta 9-1-1** system effective October 1st 2019 for Escambia County PSAPs with first year maintenance included; subject to the following budget limits:

   a. Host PSAP/A & B $674,537.00
   b. Remote PSAP $155,497.00
   Total **$830,034.00***

   ***Proposals that cannot meet the budget limits may be submitted but should include a detailed description of what equipment or services are being offered that require exceeding said limits.**

2. Complete system maintenance and monitoring for years two (2) through five (5).

The task will include a complete refresh of system hardware and software including servers, routers, firewalls, call console workstations, etc. and update of the mapping software. The upgrade must include the latest version of each software application. All equipment and services will make us of, or interconnect with, the existing 9-1-1-network connecting the PSAPs.

4.3 Company Requirements

~~Respondents shall demonstrate to the BCC's satisfaction that both the respondent and the manufacturer(s) of the proposed systems are financially sound and are likely to remain strongly committed to the data communications field and the Escambia County area for the next ten (10) years. Respondents must submit, with the proposal, a copy of their most recent annual financial report. If Vendor is not a public corporation or has no annual report available, verifiable financial information of a comparable nature to an annual report must be provided.~~

~~Respondent shall provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.~~

~~The respondent must clearly describe and demonstrate experience in the following areas and identify to which system this experience applies:~~

- ~~System design & implementation~~
- ~~Network design, implementation & performance~~
- ~~Software~~
- ~~Hardware~~
- ~~Gateways~~
- ~~Interfaces~~
- ~~Call congestion & control~~
- ~~Security~~
- ~~Quality of Service~~
- ~~Scalable Bandwidth~~
- ~~Disaster recovery~~
- ~~24X7X365 Maintenance & Support~~

- ~~Documentation~~

The vendor must demonstrate a proven track record of providing reliable 9-1-1 equipment and support services.

1. Provide an overview of the company's history and background in the 9-1-1 arena.

2. State the number and location of 9-1-1 positions the vendor currently maintains in the United States on the Vesta platform.

3. Detail the company's participation in industry organizations and the roles the company plays in these organizations.

4. Provide the company name, contact person, telephone number and cutover date for at least five installed and maintained E9-1-1 systems of the same type proposed.

5. Provide an overview of the vendors complete 9-1-1 call product offering and the percentage of the company's revenue specifically from selling, servicing and supporting of 9-1-1 call taking systems.

6. Provide the number and average years of experience of company employees dedicated to E9-1-1 systems.

7. Provide an overview of the financial health and available resources the company has available to meet requirements of this proposal.

4.4 General Requirements

~~Proposers shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.~~

~~Proposers shall provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet the County's project schedule.~~

~~Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.~~

- ~~Customer desires on-line portal for reporting, modifying, and closing trouble tickets.~~
- ~~**Diverse circuit connectivity with no single point of failure.**~~
- ~~Redundancy within the system. All vital system modules and network connectivity shall be protected to ensure there is no single point of failure.~~
- ~~The system shall be engineered such that if a component or software service fails it may be replaced or corrected without loss of call taking operations. Such unscheduled outages will not interrupt call taking operations.~~

- ~~All components shall be connected to an Uninterruptable Power Supply (UPS).~~
- ~~Vendor will be responsible for testing and all coordination with local telco and/or Vesta provider to ensure implementation goes smoothly.~~
- ~~The Vendor must thoroughly test the entire system prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.~~
- ~~The Vendor shall have personnel on-site for the system cutover and for at least the first 12 hours following cut-over for transitional support.~~
- ~~Vendor shall remove and dispose of applicable equipment after receiving signature approval of Communications Chief or designee for each component(s)removed from PSAPs.~~
- ~~Vendor is responsible for removing any unused cabling and labeling new cabling.~~

This upgrade must ensure the 9-1-1 system hardware is 100% reliable and that the software remains up to date with features and security.

1. All equipment must meet or exceed current/applicable NENA i3 standards and be fully capable of migrating to a NG9-1-1 call taking solution.

2. All customer premise equipment, including, but not limited to work stations, software, clock, headset, recording equipment, uninterruptable power supply, records management system and related connections, must be able to operate in a NextGen 9-1-1 environment, capable of full interoperability and data sharing on a regional or statewide ESInet. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

3. System shall have the ability to handle calls originating from all sources including multimedia information such as text, data, photos, and video in compliance with NextGen 9-1-1 standards. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

4. Redundant data links to the ALI database provider.

5. Geo-diverse Core Routers and associated hardware with full interconnection between the sites.

6. ACD functionality shall be available and configured to customer needs.

7. Solution must provide full interoperability among all PSAPs so that calls can fail over to another PSAP with voice, ANI and ALI data included.

8. An ADA compliant TDD/TTY solution must be provided with the ability to move to a fully integrated Text to 9-1-1 solution, integrating the text interface into the call taker's screen. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

9. Customer desires integration of RapidSoS. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

10. Vendor shall provide a comprehensive MIS solution. Solution must provide dynamic 9-1-1 reporting. ECats is preferred. MIS service and maintenance is to be included in the proposed upgrade for year 1 and additionally in the maintenance quote for years 2 -5.

11. Customer desire on-line portal for reporting, modifying, and closing trouble tickets. (Explain whether this capability is inherent to the delivered system).

12. All software must be installed in the latest version with available updates installed at no additional charge.

13. Automated Abandoned Callback

14. VESTA Local mapping

15. 4 CommandPost modules for portable answering of 9-1-1 calls during emergency relocation or disaster recovery operations.

16. Ability to detect and provide information on abandoned/silent calls with location and call back information.

17. **Diverse circuit connectivity with no single point of failure.**

18. Connectivity to current 9-1-1 recording system. (VPI)

19. Ability to integrate with Compute Aided Dispatch via industry standards.

20. NetClock hardware and connectivity for both cores.

21. Redundancy within the system. All vital system modules and network connectivity shall be protected to ensure there is no single point of failure. Further, under no circumstances shall a failure in any vital system module disable more than 50% of the calltaking positions within a PSAP.

22. The system shall be engineered such that if a component or software service fails it may be replaced or corrected without loss of call taking operations. Such unscheduled outages will not interrupt call taking operations.

23. All components shall be connected to UPS.

24. Vendor will be responsible for testing and all coordination with local telco to ensure implementation goes smoothly.

25. The Vendor must thoroughly test the entire system prior to cutover and must ring-talk test each trunk & line at least twice prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.

26. The Vendor shall have personnel on-site for the system cutover and for at least the first 24 hours following cut-over for transitional support.

27. The upgrade shall meet or exceed all current capabilities of the 9-1-1 system design and configuration.

28. It is understood that an upgrade may make expedient use of some components already owned by the customer. Any components proposed to be reused must be clearly identified in the proposal.

29. Vendor shall remove and dispose of old equipment after receiving signature approval of Communications Chief or designee for each component(s)removed from PSAPs.

30. Vendor is responsible for removing any unused cabling and labeling new cabling.

31. All unused USB access points shall be internally or externally disabled to prevent unauthorized access. Propose how this will be accomplished.

4.4 Vendor Responsibilities

- ~~Full-time monitoring of equipment and system functionality, and proactive notifications of issues provided 24x7. Ability to perform both remote diagnostics and on-site maintenance support.~~
- ~~A single point of contact for all issues.~~
- ~~A pre-determined escalation plan for addressing network problems.~~
- ~~A consolidated billing function that includes all charges on one monthly statement.~~
- ~~Complete installation and testing managed by a dedicated project manager who provides updates to the Escambia County Communication Chief or designee until installation is fully accepted.~~
- ~~Systems walk through of all PSAP's once cutover is complete with Communications Chief or designee.~~

1. Full-time monitoring of equipment and system functionality, and proactive notifications of issues provided 24x7. Ability to perform both remote diagnostics and on-site maintenance support.
2. Ongoing, robust security monitoring, virus protection, OS patches, and firewalls needed for security.
3. A single point of contact for all 9-1-1 issues.
4. A pre-determined escalation plan for addressing PSAP problems.
5. Provisioning of non-CAMA trunks with Communications Chief or designee. This may require provisioning outside current design.
6. Provisioning of 9-1-1 failover routing with Communications Chief or designee. This may require provisioning outside current design.
7. A consolidated billing function that includes all charges for all PSAPs on one monthly statement.
8. Complete installation and testing managed by a dedicated project manager who provides weekly updates to the Escambia County Communication Chief or designee until installation is fully accepted.
9. Complete, interactive (not pre-recorded) training for all new features by a trainer certified by the equipment manufacture. Trainer must be made available to accommodate morning, afternoon, or evening training as determined by the Escambia County Communications Chief or designee. (**Train the trainer format**)

10. Systems walk through of all PSAP's once cutover is complete with Communications Chief or designee.

4.5 System Acceptance

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

4.6 Warranty

System Warranty periods for all hardware and software shall begin upon final acceptance of the system. A complete listing of all warranties detailing what is included and what is not included shall be furnished. This system warranty shall take precedence over any conflict in the vendor's warranty agreement.

4.~~5~~7 Maintenance

Vendor shall provide maintenance 24 hours per day, seven days per week, 365 day per year.

The vendor shall provide a minimum of three (3) technicians employed directly by the vendor, located in the Escambia County region, trained and certified in the network platform and service.

- **Routine Maintenance** - Maintenance that does not affect the performance of the system and does not affect the ability to quickly and efficiently process 9-1-1 calls, but still requires attention.
    - The vendors **maximum response time is not to exceed two business days from the time the report is received.**
    - All maintenance performed shall be reported to the Communications Chief or designee upon completion.

- **Non-Critical Maintenance** - Problems of minor nature that do not affect the overall performance of the system and do not affect the ability to quickly and efficiently process 9-1-1 calls, but still require attention.
    - **The vendors maximum response time is not to exceed 24 hours from the time the complaint is received.** All maintenance performed shall be reported to the Communications Chief or designee upon completion.

- **Critical Maintenance** - Problems that jeopardize or degrade any part of the system and affect the ability to quickly and efficiently process 9-1-1 calls**.**

    - **The Vendors maximum physical on site response is 2 hours, on a twenty – four (24) hour basis, to include weekends and holidays.** For an outage event, remote support shall be addressing the issue within 10 minutes. All maintenance performed shall be reported to the Communications Chief or designee upon completion.

- **Preventative Maintenance** – Maintenance of a preventive nature that ensures uptime and longevity of equipment.

    - Vendor shall provide a written plan for preventative maintenance. Describe what is included and when.

- Failure to meet SLA's for Non-Critical and Critical Maintenance issues shall result in a credit penalty of $200.00 per hour until maintenance personnel show proven contact with the system or system representative.

- Vendor shall guarantee the availability of service assistance, repairs, and spare parts for a minimum of five (5) years after system acceptance. Critical spares shall be kept on-site. Describe what critical spares are included.

- Vendor shall be responsible for providing all equipment and parts during the service period.

- Service shall be performed with the system fully operational 99.999% of the time. The system shall not be rendered inoperable for the purpose of routine maintenance or hardware additions.

- The vendor shall describe what System Software/Firmware, Operating System and Security upgrades, patches, and updates are included (and not included) in the maintenance agreement. Vendor shall be responsible for the installation of any upgrades, patches and updates. No unplanned system downtime shall be acceptable for upgrades, patches and updates.

4.~~6~~8 Monitoring

The Vendor shall provide a robust monitoring solution that includes active system monitoring and reporting 24 hours a day, 7 days a week, 365 days a year to quickly detect, report, diagnose, and solve solution performance problems and outages. A customer portal with monthly monitoring and diagnostic reports is preferred.

Describe in detail proposed monitoring solution.

4.~~7~~9 Documentation upon Completion

Two complete sets of as-built network drawings are required.

A backroom cabinet/rack diagram shall be included in as-built documentation.

4.8 Ability to meet our schedule

Provide a transition plan for meeting a full implementation cutover on or before September 15, 2019.

4.9 Vendor that has the most innovative solutions or offerings

Describe any innovative offerings that the County could take advantage of throughout the life of the contract.

4.10 WAN REQUIREMENTS

Service shall meet or exceed Bandwidth estimates in **Appendix B** and must be capable of delivering full duplex using Layer 2 Ethernet protocol over fiber to each site.

Vendor shall provide pricing for:

- 25 mbps
- 50 mbps
- 75 mbps
- 100 mpbs

Vendor shall adhere to VESTA networking requirements as presented in **Appendix C.**

Customer desires the ability to vary bandwidth in the future to meet demand. Proposals may include rates for higher bandwidth connections and should describe the vendor's ability to scale the proposed solution to meet greater bandwidth demands.

Customer is open to considering innovative alternatives to meeting our general requirements in the most cost-effective manner possible.

The Contractor/Carrier shall deliver the requested CIR at full bandwidth at each facility on a full availability basis, 24/7.

The vendor will provide all necessary hardware and software required. As part of the proposal, the vendor will make known the space requirements for installed equipment at all sites. Network outage resolution will be coordinated with Emergency Communications Chief or designee.

The vendor must provide easy access to help desk and repair services. A clear, documented procedure must be defined for severe problem escalation with appropriate response times delineated in the proposal.

The vendor will provide critical alerts to the Emergency Communications Chief or designee via Email and/or telephone call, and notification of service outages via telephone to the Emergency Communications Chief or designee along with status

~~and estimated time of restoral (ETR). This alert service will be maintained for the duration of the contract.~~

~~The circuits shall be capable of carrying multiple protocols such as IP Data, Voice over IP (VoIP) telephony, streaming digital video, teleconferencing, etc. Jitter and latency shall be within industry accepted limits for typical service of these types. The WAN must support the transmission of QoS ("Quality of Service") and VLAN tags implemented by Escambia County between endpoints.~~

~~All equipment including but not limited to switches, cabling, connectors, etc. necessary to provide this connectivity shall be provided by the vendor. All installed equipment shall operate with the electrical capacity provided by a dedicated 20 AMP service per equipment rack. Each endpoint must be capable of operating for a minimum of 30 minutes in the event of local power failure. Specifically, the equipment providing the WAN handoff at each site must be protected by a suitably sized uninterruptable power supply (UPS).~~

~~Currently the PSAPs have either four-post or two-post racks in each location with a minimum of 3U available space for vendor equipment. Vendor is responsible for providing any additional racks or hardware for mounting vendor equipment.~~

~~The network must be fully operational once implemented. The term "fully operational" is defined as error free network connectivity at the specified CIRs, delivered to all sites without failures for at least 72 hours. Vendor must provide certification reports of CIR, jitter, latency, and interface error metrics for each endpoint.~~

ADDENDUM NUMBER 2:

Re: PD 18-19.043, VESTA 9-1-1 Upgrade & Maintenance

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification.

This Addendum Number 2 provides for:

Revised Opening Date

From: RESPONSES WILL BE RECEIVED UNTIL: ~~2:00 p.m. CST, May 15, 2019~~
To: RESPONSES WILL BE RECEIVED UNTIL: 2:00 p.m. CST, May 29, 2019

This Addendum Number 2 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Paul R. Nobles
Purchasing Manager

ADDENDUM NUMBER 3:

Re: PD 18-19.043, VESTA 9-1-1 Upgrade & Maintenance

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification.

This Addendum Number 3 provides for:

Clarifications

1. Requirement states: Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

    - Will the agency please define or clarify what is meant by "Delivery"? Substantial Completion of Upgrade of VESTA 9-1-1 system. This entails that the system is fully functional for its intended usage.

2. Is Escambia planning to order new CAMA and ANI/ALI circuitry from the LEC to support the new system at each host location or is the expectation to use the existing? The existing will be used.

3. Section 4.4 General requirements
    - Line 4: Redundant data links to the ALI database provider. - Please explain what this requirement is calling for. The system will use the existing redundant ANI/ALI links.
    - Line 5: Geo-diverse Core Routers and associated hardware with full interconnection between the sites. - Is this calling for network routers (typically provided by the WAN provider) for the main & remote sites? Network routers will be provided by the WAN provider.
    - Line 17: Diverse circuit connectivity with no single point of failure. - Please explain what this requirement is calling for. Ensure circuits are diverse between the two nodes. This is how it is currently configured.

- Line 23: All components shall be connected to UPS. - Is the County providing the UPS for the backroom and workstation equipment? UPS will be provided. Vendor to ensure components are connected.

4. Vendor will be responsible for testing and all coordination with local telco to ensure implementation goes smoothly.

    - Is Escambia planning to provide a Letter of Authorization to the Vendor to work directly with their Telco? Yes

5. The Vendor must thoroughly test the entire system prior to cutover and must ring-talk test each trunk & line at least twice prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.

    - Is Escambia planning to order new CAMA and ANI/ALI circuitry from the LEC to support the new system at each host location or is the expectation take the existing trunks and lines for testing on the new system? Existing trunks to be moved "in stages" and tested after the move.

This Addendum Number 3 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Paul R. Nobles
Purchasing Manager

COVER LETTER

Motorola Solutions, Inc.
3131 Elliott Ave, Suite 200
Seattle, WA 98121
USA

Telephone: 1 206 316 9190
Fax + 1 206 812 0737

May 29, 2019

Paul Nobles, Purchasing Manager
Office of Purchasing, 2nd Floor, Room 11.101
213 Palafox Place
Pensacola, FL 32502

Dear Mr. Nobles:

Motorola Solutions Inc. is pleased to have the opportunity to provide a proposal in response to the Request for Proposal for an NG9-1-1 Phone System Replacement for Escambia County Florida. The Motorola Solutions project team has taken great care to propose a solution to address your needs and provide exceptional value.

The VESTA NG9-1-1 solution includes a combination of hardware, software, and services. Specifically, this solution provides:

- NG9-1-1 Hardware and Software
- Professional Services
- System Support and Onsite Maintenance

Motorola Solutions' proposal is subject to the enclosed responses, including any clarifications or exceptions, and the terms and conditions of Motorola's Communications System and Services Agreement and is valid for one hundred twenty (120) days from the date hereof. Motorola Solutions will be pleased to address any concerns Escambia County Florida may have regarding the proposal. Any questions can be directed to Dan Bornstein, Senior Account Manager, at 951-401-1744.

We thank you for the opportunity to furnish Escambia County Florida with this Next Generation 9-1-1 solution and we hope to strengthen our relationship by implementing this project. Our goal is to provide you with the best products and services available in the communications industry.

Sincerely,

Raj Iyer
Area Sales Manager

ADDENDUM NUMBER 3:

Re: PD 18-19.043, VESTA 9-1-1 Upgrade & Maintenance

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification.

This Addendum Number 3 provides for:

Clarifications

1. Requirement states: Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

    - Will the agency please define or clarify what is meant by "Delivery"? Substantial Completion of Upgrade of VESTA 9-1-1 system. This entails that the system is fully functional for its intended usage.

2. Is Escambia planning to order new CAMA and ANI/ALI circuitry from the LEC to support the new system at each host location or is the expectation to use the existing? The existing will be used.

3. Section 4.4 General requirements
    - Line 4: Redundant data links to the ALI database provider. - Please explain what this requirement is calling for. The system will use the existing redundant ANI/ALI links.
    - Line 5: Geo-diverse Core Routers and associated hardware with full interconnection between the sites. - Is this calling for network routers (typically provided by the WAN provider) for the main & remote sites? Network routers will be provided by the WAN provider.
    - Line 17: Diverse circuit connectivity with no single point of failure. - Please explain what this requirement is calling for. Ensure circuits are diverse between the two nodes. This is how it is currently configured.

- Line 23: All components shall be connected to UPS. - Is the County providing the UPS for the backroom and workstation equipment? UPS will be provided. Vendor to ensure components are connected.

4. Vendor will be responsible for testing and all coordination with local telco to ensure implementation goes smoothly.

    - Is Escambia planning to provide a Letter of Authorization to the Vendor to work directly with their Telco? Yes

5. The Vendor must thoroughly test the entire system prior to cutover and must ring-talk test each trunk & line at least twice prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.

    - Is Escambia planning to order new CAMA and ANI/ALI circuitry from the LEC to support the new system at each host location or is the expectation take the existing trunks and lines for testing on the new system? Existing trunks to be moved "in stages" and tested after the move.

This Addendum Number 3 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Paul R. Nobles
Purchasing Manager

3.2 SWORN STATEMENT PURSUANT TO SECTION 287.133(3) (A), FLORIDA STATUTES, ON ENTITY CRIMES

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to Escambia County, FL
(Print Name of Public Entity)

By Raj Iyer
(Print Individual's Name and Title)

For Motorola Solutions, Inc.
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:
500 W Monroe Street, Suite 4400, Chicago, IL 60661

And (if applicable) its Federal Employer Identification Number (FEIN) is:
36-1115800

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: N/A

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

__X__ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

3.5 CERTIFICATE OF ENROLLMENT IN E-VERIFY

Motorola Solutions did not receive an E-verify form; however, we willing to review and sign a certification form once provided by Escambia.

SECTION 4

VESTA -1-1 UPGRADE & MAINTENANCE PROPOSAL

4.1 OBJECTIVE

The objective of this proposal to Escambia County is to provide the latest and greatest NG9-1-1 solution. Motorola is the most qualified and experienced vendor in the market. We serve over 3000 PSAPs and 22,000 positions in the U.S.

Within the information flowing between citizens, responders, and agencies is the intelligence that builds a safer city. Motorola Solutions can help you collect more of it, make it actionable, and securely distribute it across mission-critical devices and easy-to-manage networks. It's the technology and expertise that turns noise into information, information into intelligence, and intelligence into safety. And it's how to do the absolute most with less — build safer cities, counties and states, and communities that thrive.

VESTA® 9-1-1 for Powerful Functionality to Improve Productivity

- Tools like Automatic Abandoned Callback help PSAPs save valuable time and manage resources more effectively
- Data integration like text-to-9-1-1 and analytics makes it easy to manage voice and text calls and increase efficiency
- With advanced ACD capability like ACD Readiness, PSAP supervisors can quickly determine why a Calltaker is not available to take calls
- Enhanced Data Window delivers a simple, predictable way to implement i3 content
- Feature rich, customized user interface allows Calltakers to make it their own, down to the color

Use or disclosure of this proposal is subject to the restrictions on the cover page.

4.2 INTRODUCTION

Dan Bornstein
Senior Account Manager
Command Center Software
Next Generation 9-1-1 Solutions
dan.bornstein@motorolasolutions.com
M: 951-401-1744

Motorola Solutions, Inc.
500 W Monroe Street, Suite 4400
Chicago, IL 60661-3781

4.3 UNDERSTANDING OF THE PROJECT

4.3.1 Background

Escambia County, Florida utilizes a geo-diverse Motorola VESTA 9-1-1 system (Release 6.0) with a total of 31 call taking positions. VESTA geo-diverse cores are housed between the Escambia County Emergency Communications Center (ECC) with nine positions and the Escambia County Sheriff's Office (ESO) with 14 positions. The Pensacola Police Department (PPD) with eight positions operates as a remote site and is the Primary PSAP for calls originating in the City of Pensacola.

These PSAPs provide emergency 9-1-1 service to a resident population of approximately 314,000 and receive approximately 233,000 9-1-1 calls annually and 619,500 non-emergency calls annually. Call routing, delivery, network services, database services, and CPE maintenance are currently provided by AT&T.

Escambia County has issued an RFP requesting hardware refresh and upgrade to current release of the existing system while adding features in support of Next Gen 911 services.

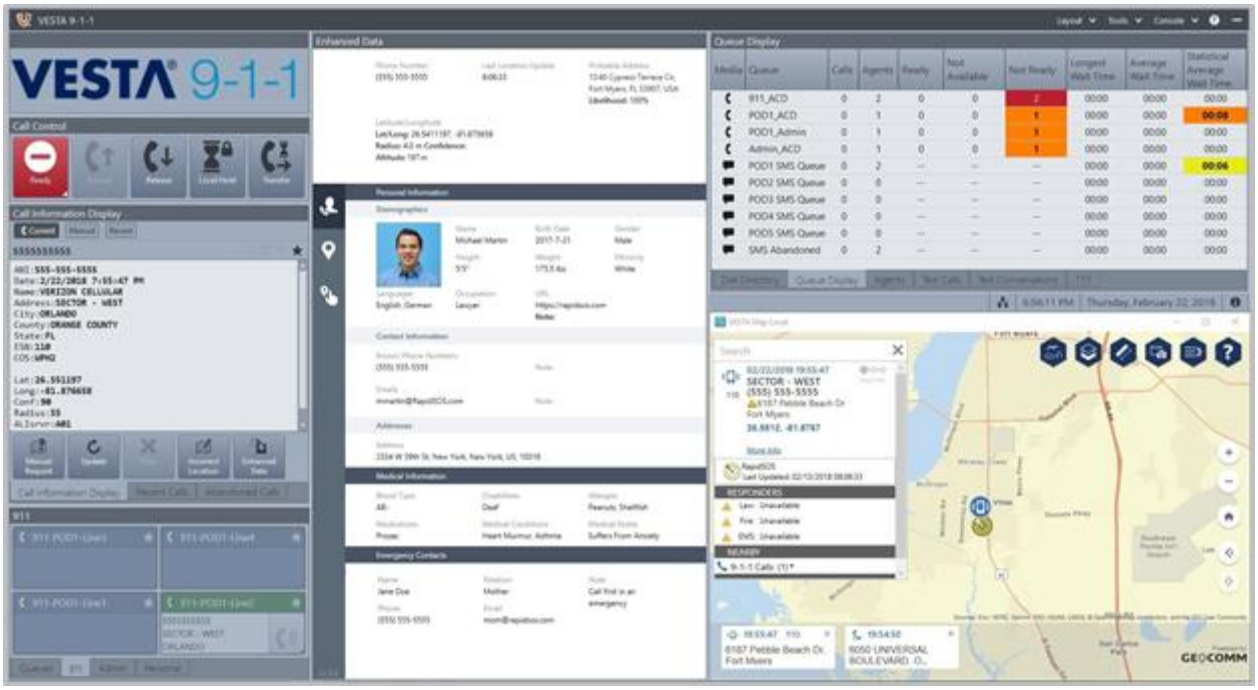
4.3.2 Solution Review

Motorola Solutions is responding to this RFP with upgrade solution that will leverage existing licensing investments where applicable and ensure Escambia County continues to be equipped to migrate to NG9-1-1 services.

Motorola Solutions will provide a complete hardware refresh to equipment utilizing existing licenses as well as provide the latest software release for all applicable equipment.

Specific requirements as noted in the RFP that are to be complied with are shown under section 4.2 - General Requirements.

4.3.3 VESTA 9-1-1 Solution



***Fully configurable** VESTA 9-1-1 solution - THE BENCHMARK FOR TEXT-TO-9-1-1*

Motorola Solutions will be proposing VESTA 9-1-1 Next Generation Call Handling Solution for Escambia County and other public and private safety organizations, and it offers redundancy PSAPs NextGen solution. The VESTA 9-1-1 robust call handling solution provides voice management and Location Information (LI) retrieval fully integrated with the Motorola Solutions IP-PBX. The VESTA 9-1-1 system is designed for critical call centers seeking advanced ACD as well as individual line appearances with geo-diverse reliability. It delivers rich fully integrated Location Information and wireless location of 9-1-1 callers, plus administrative call processing from a high-reliability platform.

The NextGen controller is a fully-featured, IP enabled incident response system addressing NextGen and PBX requirements of PSAPs and other public and private safety organizations, and it offers redundancy and flexibility with integrated call-handling, providing a full suite of Call Management features for NextGen and administrative calling.

The VESTA 9-1-1 call-taking solution is an engineered solution which supports both the VESTA 9-1-1 CTI application with a highly configurable user interface.

The VESTA 9-1-1 Telephony Server is the software-based call-processing component of the VESTA 9-1-1 solution. The VESTA Server software provides NextGen functionality to the VESTA 9-1-1 Workstations.

Use or disclosure of this proposal is subject
to the restrictions on the cover page.

4.3.4 Servers

4.3.4.1 Media Distribution Services (MDS)

The VESTA 9-1-1 MDS are the software-based call-processing component of the VESTA 9-1-1 solution. The software extends telephony features and functions to packet telephony network devices such as VESTA 9-1-1 Workstations and IP phones. MDS servers provide the following feature/functionality:

- Support for 9-1-1 and Admin queues
- ACD schemes (Longest idle, Ring all, Circular and Linear)
- Conferencing, transfer, and call overflow capabilities
- Administrative phone features and services
- Auto attendant features
- Voice mail

MDS servers are always implemented in pairs and operate in an Active/Standby mode.

4.3.4.2 Data Distribution Services (DDS)

The VESTA 9-1-1 DDS provides advanced 9-1-1 call data handling and system monitoring services. DDS servers provide the following feature/functionality:

- Retrieve and extract ALI from ALI databases, perform ALI rebids
- Interfaces to CAD (Computer Aided Dispatch) systems
- Manages the transfer of call details to remote agencies
- System activity events and logs for tracking, alarming and historical reporting
- Management of overall system resources
- A client applications software distribution mechanism for VESTA 9-1-1 workstations, VESTA Analytics MIS solution, and Activity View management application
- Real-time CDR (Call Detail Record) printing

DDS servers are always implemented in pairs and operate in an Active/Standby mode.

4.3.4.3 Advanced Services Node (ASN)

Advanced Services Nodes (ASN's) will be equipped to extend the functionality of the VESTA 9-1-1 system. These are deployed virtual machines on each server, which may be hosted on the System Hypervisor servers or on a separate pair of Hypervisor servers. The ASN's provide the following functionality:

- Support direct-connect capability for delivery of SMS/text calls utilizing MSRP protocol.
- Provide additional tools for training purposes. This includes simulators for:
  - Generating SMS/text calls
  - Generating simulated voice calls
- Provide additional tools for diagnostic and configuration of the ASN's

ASN's are always implemented in pairs and operate in an Active/Active mode.

4.3.4.4 Virtualized Servers

The MDS, DDS and other peripheral servers will be implemented as virtual machines (VM's) on physical servers. This approach reduces the amount of back-room equipment, lowers power consumption, and reduces thermal loading in the equipment room. VM's also provide greater flexibility for future software upgrades, since the operating system and client software are now independent of the server hardware.

The VESTA 9-1-1 call handling system uses the HP ProLiant DL380 G10 servers with Windows Server 2012 Enhanced OS.

The servers will be configured as follows (subject to change):

Medium Site Redundant

- Up to 1 Million calls per year
- Up to 80 IP Phones/Positions
- Up to 120 911/Admin phone lines
- Use ESXI 6.0 U3 Hypervisor License

4.3.5 Workstations

The VESTA 9-1-1 call taking system uses the HP 600 DeskPro.

Hewlett-Packard DeskPro features, Intel i5-6500T 2.5G 6M Processor, USB Keyboard and Mouse. 500GB 7200 RPM SATA Hard Drive, 8GB (1x8GB) RAM, and Two DisplayPort connections that support dual monitors.

4.3.6 Genovation Keypad

The ControlPad 683 is versatile, 24-key programmable keypad. The keys are relegendable, which means the keycaps are a two-piece keycap consisting of a clear removable over cap and a base, allowing the user to label them to fit a specific need. The non-volatile, programmable memory allows the keypad to connect to any USB port without installing resident software. The keypad is easy to program using the Windows compatible software provided. Assembled with high quality Cherry MX key switches, the keys are durable, yet light and easy to press -- a feature lacking on lesser quality keypads.

Keypad

4.3.7 CommandPost

The VESTA CommandPOST call processing solution is a portable call-taking position designed to allow a Calltaker to move to another location, reconnect to their host system, and begin taking 9-1-1 (with ANI/ALI) and administrative calls. All features of the traditional VESTA 9-1-1 position are persevered. In order to use Instant Recall Recording (IRR), the VESTA CommandPOST must be used with the SAM module. The VESTA Command Post call processing solution can connect to the host system via:

- Public Internet connection using VPN
- Private IP network with/without VPN connection
- IP satellite network with/without VPN connection

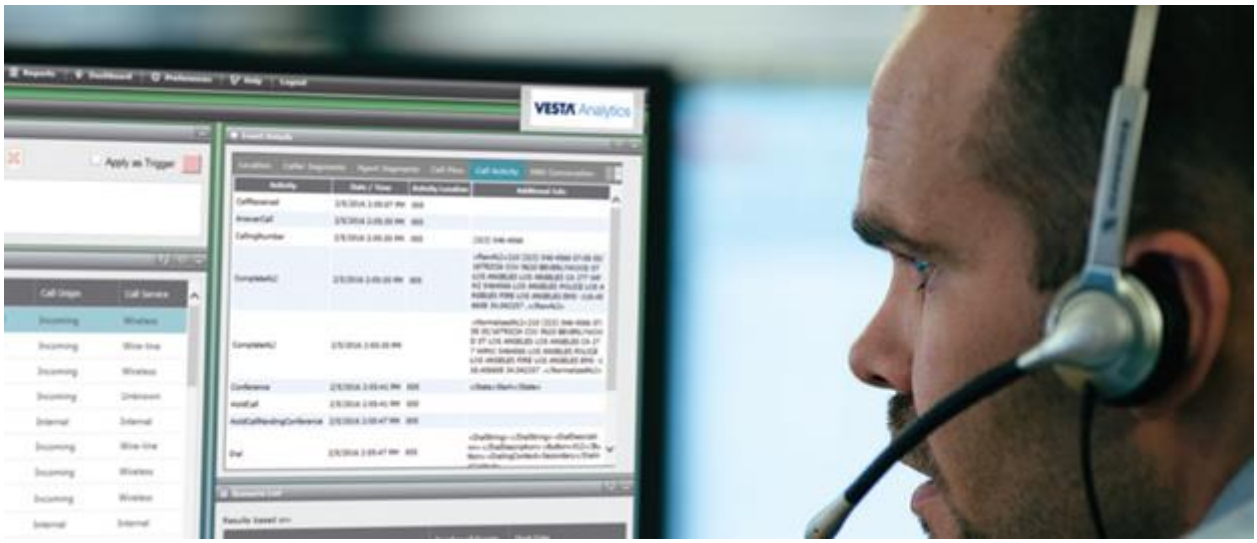
The VESTA CommandPOST typically consists of the following components:

- Hardened laptop computer (refer to hardware specification for latest model)

- SAM (Sound Arbitration Unit)
- All required cables
- Weather-resistant rolling case with cut foam liner
- Docking station (optional)
- Additional battery (optional)
- External monitor (optional)
- External mouse & keyboard (optional)

4.3.8 VESTA Analytics

Through use of the VESTA Analytics Advanced MIS Solution, PSAPs nationwide are experiencing greater efficiencies in information management, overall job performance, and standard operating procedures. These improvements are apparent as a result of the application's intuitive, easy-to-use reporting engine, enabling administrators to retrieve the exact data, right when they need it.



The reporting capabilities of the VESTA Analytics solution are highly robust, supplying a number of standard documents that provide facts on call counts, transfer averages, trunk and line utilization, etc., and can accommodate customization when needs are more specific. All can be scheduled and automatically distributed.

The VESTA Analytics solution will collect call events from the call handling platform for reporting. The data will be stored on the VESTA Analytics server located in Escambia County and may be accessed by any workstation attached to the VESTA 9-1-1 network.

The VESTA Analytics solution allows the call center management team to retrieve call information for incident analysis, identify trends to improve performance and improve crisis management capabilities through timely decision-making. The VESTA Analytics solution automatically associates related events, simplifying incident reconstruction, organization, searching and archiving.

VESTA Analytics Front End

The VESTA Analytics Front End uses a web-based user interface, like Internet Explorer to view data and run reports. This can be accessed from any position in the VESTA network. The licensing limits access to a quantity of concurrent connections.

4.3.9 LAN Network Solution

Core Switches

The VESTA 9-1-1 solution for Escambia County uses Cisco 2960X-Plus switches which may be deployed as both 24 port and/or 48 ports each.

Highlights

Cisco Catalyst 2960X-Plus Intelligent Ethernet Switch is a new family of fixed-configuration standalone devices that provide desktop Fast Ethernet and Gigabit Ethernet connectivity, enabling enhanced LAN services for entry-level enterprise, mid-market, and branch office networks. The Catalyst 2960X-Plus offers integrated security, including network admission control (NAC), advanced quality of service (QoS), and resiliency to deliver intelligent services for the network edge.

4.3.10 Miscellaneous Solutions

Firewalls

The Fortinet 60E firewall provides robust security for the solution. Firewalls are deployed as a redundant High Available (HA) Pair and support a variety of services such as SMS, ESInet, Managed Services, and RapidSOS.

Ethernet to Serial Devices

The Blackbox TS4 secure terminal servers are used to provide an analog serial handoff to the Data Sharers across an IP network. This allows a serial ALI spill to devices needing ALI data across an all IP network.

Data Sharers

The TL-601A Data sharer is used to provide a single common CAD output while two server interfaces are presenting data. These will be provided.

Data Broadcast

The TL-159A Data sharer is used to provide multiple CAD outputs (up to eight) coming off of the Data Sharer’s single output. This allows all the PSAPs to have multiple CAD outputs when needed.

4.3.11 Network Security Operations Center

Routine system monitoring, network connectivity issues, and ongoing cyber threats eat up valuable time and resources. At Motorola Solutions, we understand the complexities and challenges associated with maintaining communications integrity. It's why we proudly offer our Network Security Operations Center (NSOC), a best in class solution for 24/7 monitoring and 9-1-1 systems management.

We tailor our Service Delivery Plans to support the individual needs of our customers. We do this by leveraging our Service Delivery Management team who is focused on the servicing of your system so you can focus on the operations. Our Service Delivery Manager will maintain close communications with Escambia County to continually monitor and assess our services at all stages and adapt to meet your needs where necessary.

Our goal is to build a service relationship you can trust and count on to grow with your needs and the demands of Next Generation 9-1-1 emerging technologies.

Summary of Services and Support

Motorola Solutions catalog of services includes many service levels which can be leveraged by Escambia County. We have identified those services we feel best support Escambia County requirements, with additional services being available over the service life-cycle of your system.

- Motorola Solutions Field Installation Services
- VESTA Security Operations Center
- Real-time active monitoring of the system (Monitoring and Response)
- Security Management
- Antivirus

Use or disclosure of this proposal is subject to the restrictions on the cover page.

- Patch Management

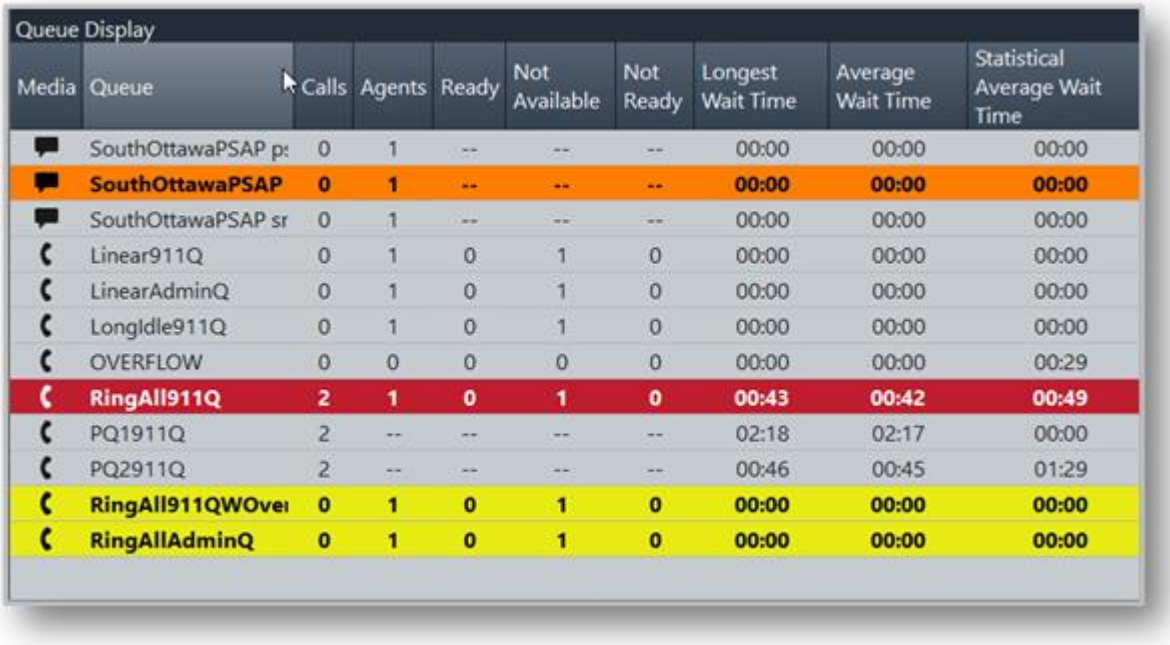
4.3.12 Additional features

4.3.12.1 Automatic Abandoned callback

The Automatic Abandoned Callback (AAC) feature allows the VESTA 9-1-1 system to automatically call back serviceable abandoned 9-1-1 voice calls and verify if the caller needs assistance or not. If a caller responds that emergency service is still needed, the system will automatically queue the call for the next available Calltaker. Otherwise, the call is marked as no further action required and released.

Multi queue display

The Multi Queue Display (MQD) window contains real-time statistics about voice call queues (ACD and priority) and text call queues, such as the number and waiting times of calls on the queues. Average wait times are calculated from a configured period. Each row in the tabular window contains information for a queue.



4.3.13 VESTA Map Local

VESTA Map Local is a Next Generation Map that runs locally on the workstation. VESTA Map Local is powered by GeoComm.

VESTA Map Local provides all of the following features:

- Provides a detailed, easy-to-use interface for viewing and managing incidents on digital maps

- Displays call types (wireline, Phase I and II, VoIP and Telematics) on the map using unique icons for a comprehensive view
- Supports internet delivery of online and third party data such as ArcGIS online, Rapid SOS, etc.
- Streamlines Call Handling processes by displaying 9-1-1 call type and location information as layers versus disparate system views. The Enhanced Data Window is an optional, fee-based service which allows the VESTA console to query third party data sources (such as RapidSOS, etc.) and display the resulting data for the Calltaker. The actual data displayed will vary by data provider. This service required an annual data service subscription and a full time Internet connection.

4.5 METHODOLOGY USED FOR THE PROJECT

The Motorola Solutions approach to implementation is focused on assembling a team of customer service-oriented employees who are recognized as the industry's best in class. From our expert workforce, select individuals will be assigned to the implementation team and ongoing support team for the Escambia County's solution. Motorola Solutions methodology will incorporate one primary goal: align the project with Escambia County's overall customer expectations as detailed in your RFP.

The Motorola Solutions team includes a tight knit group of system engineering and on-site support engineer resources who work as a well-oiled machine. This team covers service disciplines necessary to design, deploy, and support the VESTA solution for Escambia County.

Working with Escambia County directly, the Motorola Solutions PM will hold regularly scheduled meetings and use a combined MS Project Schedule and a Status Report to provide a consistent vehicle for communication, management, reporting of progress and detection of potential progress delays.

Our project management methodology is based upon the Project Management Institute's (PMI) Project Management Body of Knowledge (PMBOK). Our methodology will incorporate one primary goal: align the project with your overall expectations. The project management life cycle is usually broken down into four phases: initiation, planning, execution, and closure—these make up the path that takes your project from the beginning to the end. Motorola uses a very similar approach however we use the following phases to ensure a clearly defined process that is focused on the implementation of VESTA 9-1-1. Unless otherwise requested, Motorola Solutions will implement the project using the following "phased" process.

Our project process begins with the VESTA 9-1-1 Planning Phase activities. During this initial phase, our staff and Escambia County team members will review the County's network, system application and implementation requirements, refine the solution architecture, and finalize the plan for solution deployment.

Once the Planning Phase is completed, Motorola Solutions will order, install, configure, test, and train users on customer-facing solution components, as part of our efforts in the Implementation & Testing and Training Phases. Following successful implementation, testing, training, and cutover, the Project is closed and the Solution Maintenance begins.

PHASE I - PLANNING

Phase I is the period of time in which the project is formally launched, the project design is finalized, the schedule is finalized, all the data is gathered and resources are scheduled. Upon ***your*** Contract Award the Motorola Solutions PM coordinates Phase 1 activities with you to ensure that the project scope has been assessed, and that all deliverables have been captured in the Motorola Solutions Project Schedule. The Project Schedule will be the control document for Motorola Solutions deliverables for the implementation as will other critical dates or milestones that are integral to the project

The specific objectives of the planning phase include:

- Elaborate on specific strategies and project options
- Confirm NG9-1-1 project scope and finalize the solution design
- Determine cutover strategy
- Determine final System Acceptance Test Plan

PHASE II – INSTALLATION & TESTING

Phase II is the period of time in which site preparation, site installation and testing take place. The project's implementation is accomplished to the degree that is possible without actually going "live", while minimizing disruption of the sites' ongoing operations. The Motorola Solutions PM will coordinate the Phase II activities with you to minimize interference with other site activities, while ensuring that Motorola Solutions implementation and testing are completed as per the Project Plan and the Master Project Schedule. Implementation and Testing milestones and deliverables will be documented and managed via the Master Project Schedule.

Motorola Solutions will stage the Escambia County Geo-Diverse system equipment at our facilities in Temecula CA. All site equipment is assembled, configured, and burned in with the Escambia County 9-1-1 Central Dispatch Center's specific site information, including but not limited to, system software, IP addresses, machine names, and line and trunk data. The equipment is also quality-checked for any defects or errors, then packaged for shipping to site.

Motorola Solutions will provide qualified Field Engineering Personnel, working on site and remote, for the implementation, testing and cutover of the Escambia County VESTA 9-1-1 Solution. Motorola Solutions will install, configure, and connect the Host equipment to provide a fully-diverse VESTA 9-1-1 solution.

Testing is one of the major aspects of your VESTA 9-1-1 project and its success will require combined concentrated effort by you and Motorola Solutions. Upon contract award, Motorola Solutions PM will work closely with you to review your System Acceptance Test Plan and make mutual agreed upon changes to the Test Plan. At the completion of the implementation your designated participants and Motorola Solutions will execute the test plan that displays the system is functioning as designed and configured and document test results.

PHASE III – TRAINING

As a current user of the VESTA 9-1-1 solution Escambia County will require minimal training. As part of this project Motorola Solutions will provide E-Learning for VESTA SMS and VESTA Map Local.

The Motorola Solutions Project manager will obtain a list of student names and email addresses. This information will be used to create an account and enroll each user in the course. Once the student is enrolled he/she will receive an email inviting them to confirm their account and log into the Learning Management System.

DataHub for VESTA Map Local E-Learning course is designed for all Administrators of the VESTA Map Local solution. DataHub for VESTA Map Local E-Learning typically takes two (2) hours however the course will be available to each student for 365 days. During this time the student can access the course and brush up on any topics they desire.

VESTA Map Local Agent E-Learning typically takes two (2) hours however the course will be available to each student for 365 days. During this time the student can access the course and brush up on any topics they desire.

VESTA SMS E-Learning typically takes two (2) hours however the course will be available to each student for 365 days. During this time the student can access the course and brush up on any topics they desire.

Phase IV – Cutover

Cutover is the primary focus of your NG9-1-1 project, its success will require a methodical focus on planning, executing, and monitoring. The cutover plan includes the fallback process to restore the system to the pre-migration operation in the event of a catastrophic failure.

The Cutover Plan defines the sequenced procedures and steps that will occur in the Cutover Phase to bring new equipment to an operational state, as well as transition services from the current equipment to the new. Appropriate safeguards are built in to ensure a cutover with minimal operational impact.

The Cutover Phase is the major transition point for the project. Motorola Solutions provided systems are brought on line and site's operations shift from the old equipment to the new equipment. Motorola Solutions' PM will work with your team to minimize the disruption for Escambia County. To that end, during the Planning Phase the decision will be made for the cutover plan.

Final System Acceptance

System final acceptance testing confirms that the solution operates during day-to-day use in a live system environment when Escambia County has successfully completed final acceptance testing. The System Final Acceptance Testing period will be 30 day consecutive calendar days immediately after the Escambia County cutover. Contract deliverables must perform in compliance with all RFP and contract requirements throughout the testing period.

Phase V – Project Closure

Once all sites are operational and the post-cutover coverage is complete, the Project will move to closure phase. The project closure phase is the process of completing any open issues associated with the deployment of your project and to transition the project from Implementation to the Support. The Motorola Solutions PM will ensure all issues have been resolved or assigned for resolution. Any open issues at time of closure are to be transitioned to Motorola Solutions Technical Support.

4.6 MANAGEMENT PLAN FOR THE PROJECT

To serve you direct and provide a best-in-class end-to-end solution, we have assembled an outstanding team of experts. They will work side-by-side with Escambia County to provide the consulting, engineering, communications technology, implementation, and a comprehensive service plan for the transition to NG9-1-1. Our solution assures Escambia County an on-schedule implementation; and the highest standards of reliability.

Our technical team is specifically dedicated to the task of implementing and supporting 9-1-1 call delivery and processing solutions; it is our primary business, and we make it our top priority. Our team averages 16 years of experience with VESTA® 9-1-1 products and is uniquely positioned to meet and exceed the requirements of Escambia County. We are proud to service one of the largest clientele of repeat customers, all of which demonstrates Motorola Solution's level of commitment to product quality, fast problem resolution, and overall customer satisfaction.

From planning and designing to implementing and supporting, Escambia County has a Single Point of Contact (SPOC). For the implementation phase, the Motorola Solutions Project Manager (PM) will be the SPOC and lead the implementation for Escambia County. Once you have cutover your solution, your designated Service Manager is responsible for managing the overall customer service, maintenance, and escalated incidents. As the Service Manager, he/she maintains close communications with the Escambia County 9-1-1 Central Dispatch to continually monitor and assess our services at all stages and adapt to meet your needs where necessary. Our goal is to build a service relationship you can trust and count on to grow with your needs and the demands of NG9-1-1 emerging technologies.

The Escambia County Project Manager and Vesta Solutions' Project Manager will play an important role in this process by communicating with their teams what is working well and what needs improvement. The project will use a combined MS Project Schedule and Status Report that will provide a consistent vehicle for communication, management, reporting of progress and detection of potential progress delays.

Our standard project management methodology is also based upon the Project Management Institute's (PMI) Project Management Body of Knowledge (PMBOK). Our methodology will incorporate one primary goal: align the project with the Escambia County's overall expectations. Our process begins with the Post Sales Planning Phase activities. During this initial phase, Vesta Solutions team members will review the Escambia County's system application and implementation requirements, refine the solution architecture, and finalize the plan for solution deployment. Once the Post Sales Planning Phase is completed, we will order, stage, install, configure, test, and train users on the customer-facing solution, as part of the Implementation Phase. Following successful Implementation, we will transition to the new system during the cutover phase. The project will then go into closure phase and transitioned into the agreed upon Maintenance stage.

Our approach to implementation is focused on assembling a team of service-oriented employees. From our expert workforce, select individuals will be assigned to the implementation of the Escambia County's solution. Except in the most unavoidable of circumstances, the project team will retain member continuity throughout the life of the implementation. Vesta Solutions approach

also provides a cross-trained resource pool to assure that the loss of any one key individual will not jeopardize the quality or level of service Vesta Solutions will provide to the Escambia County.

The project manager provides oversight of the project, making sure that issues are identified and resolved, progress is measured and monitored, and that changes that affect project, cost, schedule, and quality are managed. Activities include:

- Measuring and recording project metrics
- Monitoring the progress of planned and unplanned work according to the Schedule Management
- Planning and Scheduling
- Providing data to support progress reporting and forecasting
- Monitoring implementation of approved changes per the Change Management Plan

4.7 EXPERIENCE AND QUALIFICATIONS

Our large VESTA services team is specifically dedicated to the task of implementing and supporting 9-1-1 call delivery and processing solutions; it is our primary business, and we make it our top priority. Our team averages 14 years of experience with Motorola Solutions 9-1-1 products and is uniquely positioned to meet and exceed the requirements of Escambia County. We are proud to service one of the largest clientele of repeat customers, all of which demonstrates Motorola Solutions level of commitment to product quality, fast problem resolution, and overall customer retention.

The Motorola Solutions approach to implementation is focused on assembling a team of customer service-oriented employees who are recognized as the industry's best in class. From our expert workforce, select individuals will be assigned to the implementation team and ongoing support team of the Escambia County's solution. Motorola Solutions methodology will incorporate one primary goal: align the project with Escambia County's overall customer expectations.

This team covers service disciplines necessary to design, deploy, and support the VESTA solution for Escambia County. In addition to specialized expertise from Motorola Solutions, we will engage engineers from our trusted subcontractors who possess extensive implementation experience in the area such as site readiness and cable installation.

Implementation Team

Please refer to the references and quote for details regarding itemized cost and similar projects.

- Project Manager: A project manager will be on site for major planning meetings, the start of implementation, for testing and cutover
- Field Engineers: We anticipate utilizing two (2) field engineers
- E-learning is provided for VESTA SMS and VESTA Map Local
- Solution Analyst: There will be one (1) solution analyst

4.8 ORGANIZATION CHART

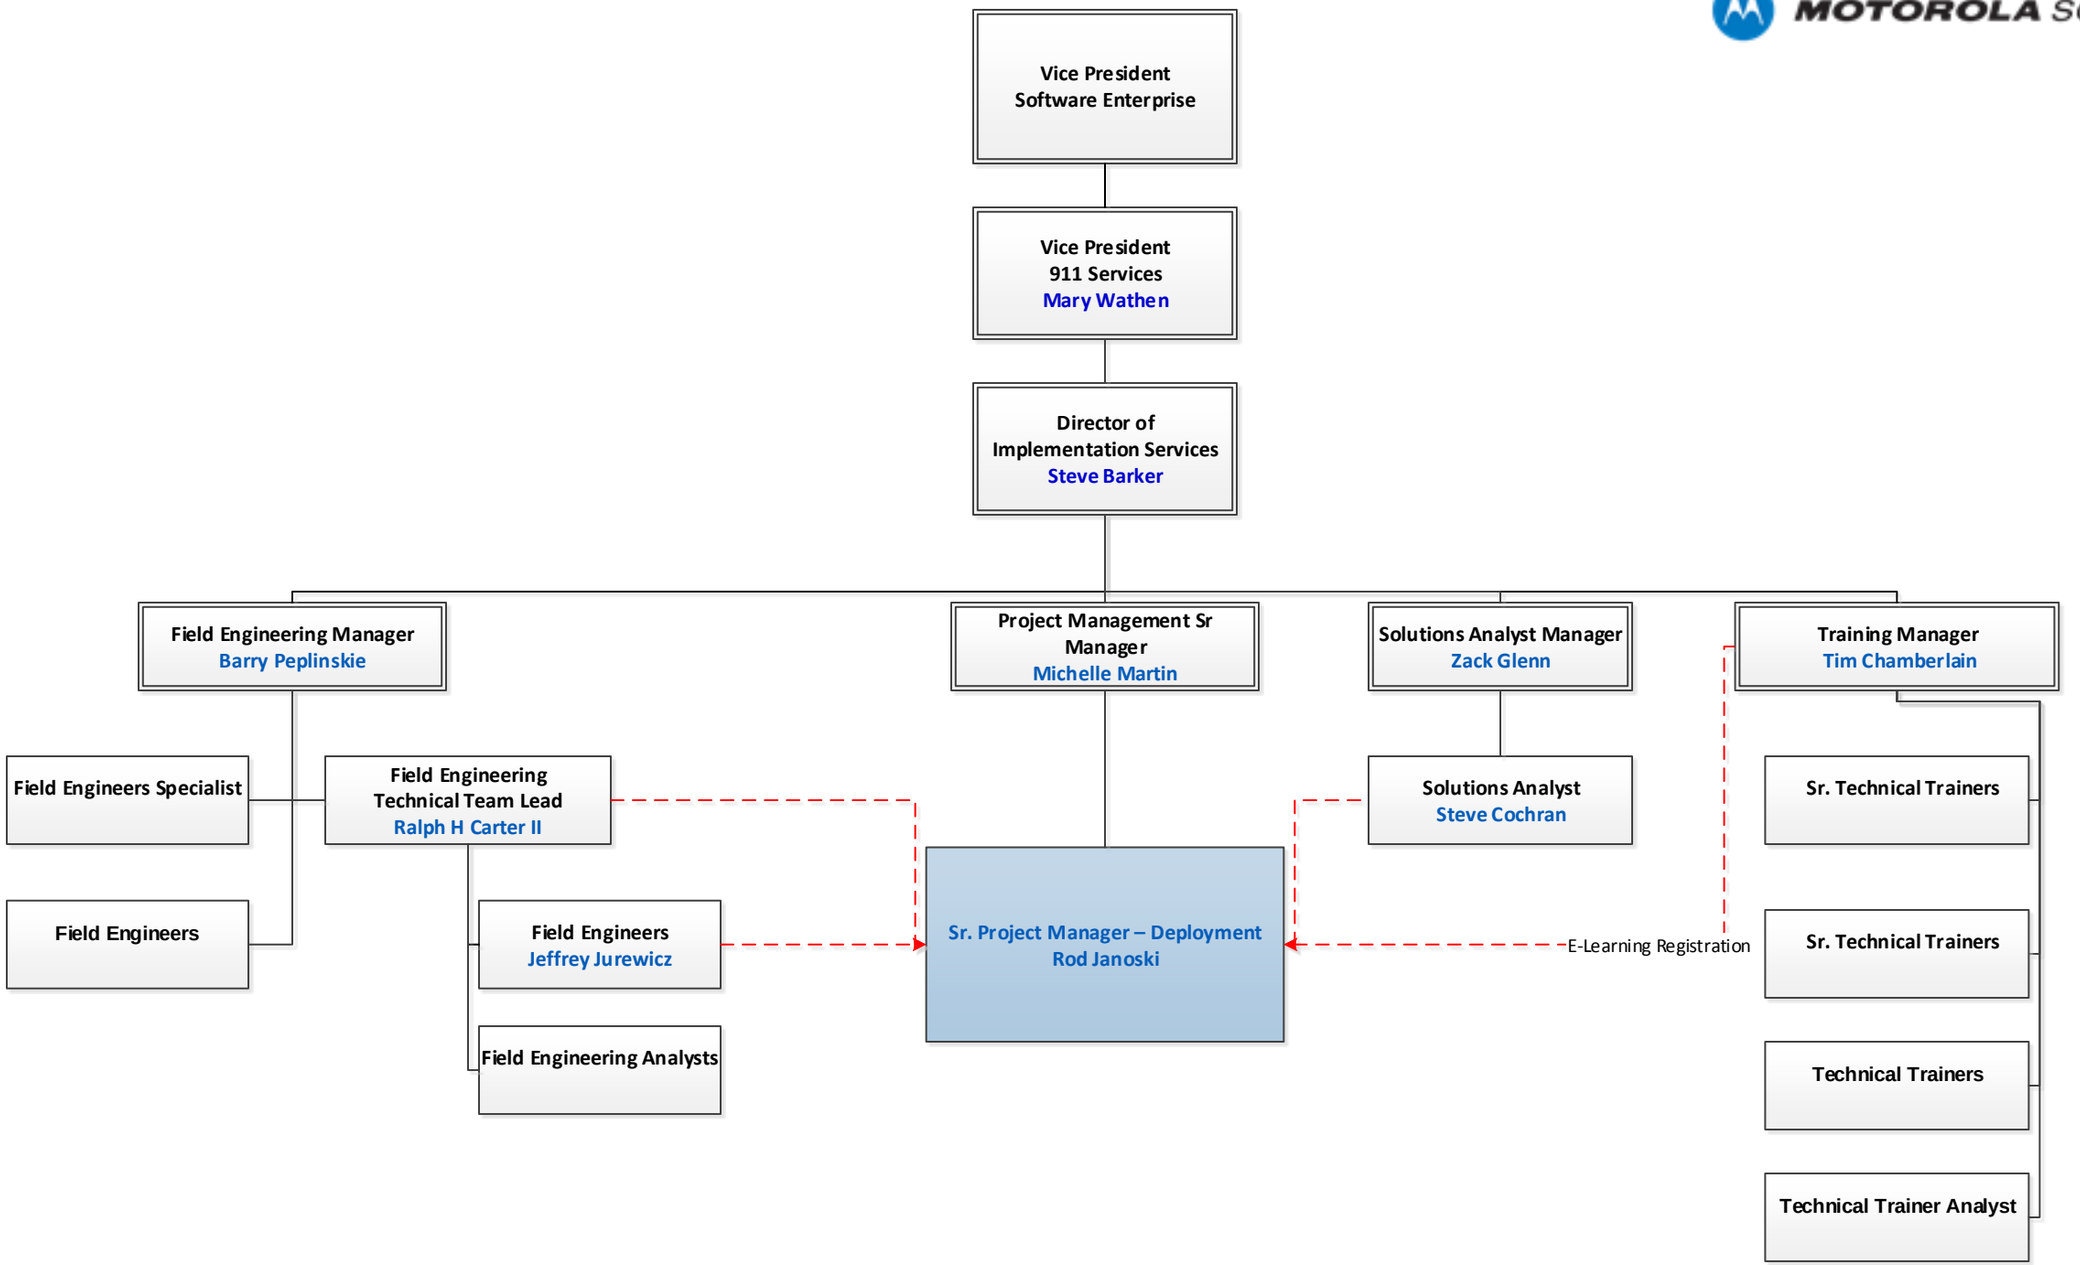
Implementation Services



4.9 RESUMES

Rod Janoski Sr. Project Manager
Overview
Rod Janoski has been employed by Motorola Solutions since 2013. During this time, Rod has been a Project Manager, directing some of the largest and most complex VESTA 9-1-1 projects at Motorola Solutions. Rod is responsible for establishing and maintaining direct customer contact from contract signing to project closure, overseeing and controlling the overall progress of assigned projects. He develops and maintains a project's Statement of Work, schedule, budget, and quality level ensuring the project delivery on time, in scope and on budget. Prior to joining Motorola Solutions, Rod was with Verizon for 31 years, 22 of those years were in the Government / Public Safety sector. Rod attended the Pennsylvania State University obtaining a Bachelor's Degree. He has a Master's Certificate from the University of Pennsylvania's Wharton Business School in Leadership and George Washington University in Project Management. He is certified in ITIL v3; which is a globally recognized collection of best practices for managing information technology. With more than 37 years of client relations and project management experience in leading edge technology implementation, he brings a wealth of experience to the Motorola Solutions team.

Jeff Jurewicz Field Engineer
Overview
Jeff has 30 years of experience working in the Emergency PSAP environment as a 2-way Radio Technician and Telecommunications Technician. Working with 911, and Radio console systems, and Recording, Video, and computer systems. During this time Jeff has operated in the capacity of Trainer and Field Engineer.
Key Projects
• Geauga County OH • Ontario County NY • Kennedy Space Center FL • Palm Beach County FL • Union County NJ • New Jersey State Police • City of Philadelphia Charles County MD • Monmouth County NJ • Allegheny County PA
Companies
• Motorola Solutions, Inc.
Education and Certifications
• CCINC ECS-1000 / Rescue-STAR I&M • CCINC Patriot I&M • CCINC Sentinel CM I&M • CCINC ORION DataSync I&M • CCINC ORION Vela I&M • CCINC Aurora I&M • Tonex SS7 Training • Telcordia Technologies Digital Technolgies

Ralph Carter Field Engineer
Overview
As a Field Engineer Specialist, Ralph Carter is primarily responsible for installing and supporting PlantCML's architectural framework for computers, networks, and telephony products at PlantCML customer sites. His primary responsibilities include traveling to customer sites to assist in defining specifications for product installation as well as coordinating and performing installation of product per customer requirements. Ralph has more than 15 years of experience in the communications and electronics fields including a four year tour in the Navy as an Avionics-Electronics Technician. He also has a background in micro-wave electronics as well as network design.
Key Projects
• Tarrant County, TX • BVCOG, TX • Westcore, PA • Hillsborough, FL • State of MN • State of AZ
Companies
• Motorola Solutions, Inc. • DynamicTechs, Inc • Scientel Wireless, LLC • Sprint • Arris (formally C-COR) • United States Navy
Education and Certifications
• US Navy Avionic Electronic School • Expert in Enhanced IP Telephony • Expert on VESTA 4.X/9-1-1 • Sentinel CM I&M • Sentinel ECS-1000 I&M • VESTA MIS Solutions • VESTA Mapping Solution

Stephen Cochran Configuration Engineer
Overview
Stephen Cochran (Steve) has worked in the telecommunications industry for over 31 years, including 17 years in Public Safety with Motorola. Steve was hired in 2001 for the rollout of the original VESTA Meridian system due to his extensive background with Nortel/Avaya Telecommunications and ACD Call Center Background. Since 2001, Steve has worked on some of the largest VESTA Meridian projects with Motorola nationwide, and is currently working as a Configuration and Field Engineer with an emphasis on the larger ACD customers implementing and/or transitioning from the legacy Meridian VESTA to the new VESTA platform. Steve brings a wealth of experience to projects with his Call Flow, ACD, Telco, and implementation expertise. Prior to working at Motorola, Steve worked for Bellsouth/Williams for 12 years as a Sr. System Design Specialist working on large Call Center projects as well as hospitals, universities (including UTMB 10,000 line system), airports, law firms and a variety of businesses, all involving a high percentage of travel. Steve's field experience at Bellsouth provided a smooth segue to the customer side of telecommunications, relocating to Florida and working for over two years at First USA Bank (now Chase) as a Sr Telecom Analyst. Here Steve was responsible for providing Telcom support and implementing new initiatives for an 800 seat call center in the Orlando area. While Steve was there, the center doubled in size with an additional 800 seat Call Center, in a new building adjacent to the current one. In addition to supporting the first site, Steve also assisted corporate and local vendors alike with the planning and implementation of the new site. Steve also traveled periodically to the other 5 ACD-networked sites scattered geographically thru the US on Call Center functionality, upgrades, and new program initiatives.
Key Projects
• Albuquerque • Baltimore • Boston • Charlotte • Dallas • Fairfax • Oklahoma City • Memphis • Nashville • Philadelphia • Washington DC • Multiple project sites in Florida, Illinois, Kansas, Kentucky, Maryland, Minnesota, Texas, Massachusetts, Oregon, Pennsylvania Virginia and other locations • Private Safety sites include The Pentagon, Washington DC Airport, and several military and Air National Guard sites, including a highly secure facility in the UK
Companies
• Motorola Solutions, Inc. • First USA Bank (now Chase) • Bellsouth Communications/Williams Communications
Education and Certifications
• BA, Business - Notre Dame of Maryland University • Various Certifications on Nortel/Avaya ACD/BARS/Admin/I&M

1. PURPOSE

The purpose of the Motorola Solutions Inc. VESTA® 9-1-1 Cutover and Test Plan is to provide you with a list of activities for the migration of the VESTA® 9-1-1 call taking and dispatch operations at your Sites from the legacy platform to the new VESTA 9-1-1 platform. This document captures the requirements for the Cutover and the systematic processes Motorola Solutions Inc. ("Motorola Solutions") will take to execute these cutover activities. This is a living document and is expected to be revised continuously to meet ever-changing requirements and project schedules.

2. EXECUTIVE SUMMARY / STRATEGY

The Cutover Plan defines the sequenced procedures and steps that will occur during your Cutover Phase to bring new equipment to an operational state, as well to transition services from the current equipment to the new. Appropriate safeguards are built in to ensure a cutover with minimal operational impact.

The Cutover Phase is the major transition point for the project. Motorola Solutions provided systems are brought on line and site's operations shift from the old equipment to the new equipment. Motorola Solutions' PM will work with your team to minimize the disruption for each PSAP. To that end, during the Planning Phase decisions will be made for your cutover. Cutover options as follows:

- **Flash Cut**: A flash cut requires a coordinated migration of 9-1-1 traffic to the PSAPs to the new VESTA Solution. The benefit of a flash cut is that the PSAP personnel do not require temporary relocation to another PSAP that might not have the same radio or Computer Aided Dispatch (CAD) system, resulting in less disruption.
- **Relocation Cut**: Sites may choose to vacate their PSAP and operate at the alternate PSAP, such as their backup center, while their PSAP is upgraded. Once the upgrade is finished, the PSAP personnel would systematically move to the new system in operation at their respective PSAP.

Cutover strategy development is a key planning activity for the VESTA 9-1-1 system that encompasses your various operations and systems, including E9-1-1 network, IT network infrastructure, integration with your logging recording systems, CAD systems, and integration with your radio console equipment.

Cutover is divided into three parts: Pre-Cutover, Main Cutover and Post-Cutover.

- The first part, Pre-Cutover, consists of various cutover preparation activities, including Pre-Cutover Verification Checks to prepare for Cutover.
- The second part, Main Cutover, consists of the transition of PSAPs to the VESTA 9-1-1 platform, the transition of call taker personnel to the VESTA platform, and the transition of dispatcher personnel to the VESTA platform.
- The third part, Post-Cutover, includes decommissioning, follow-up technical activities, and additional system Cutovers.

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

The Motorola Solutions Team will monitor and coordinate various planning, testing, and training activities leading to, during, and after the Cutover. Go/No-Go decision points will be developed and reviewed to provide management with decision-making information as well as to prioritize resources.

The day prior to your PSAPs Cutover, pre-Cutover activities will be centered on verifying that all Cutover and fallback procedures are in place and checking that all systems are performing as expected. Motorola Solutions, LEC and other teams will perform pre-Cutover Verification Checks to verify all systems and PSAP call taker and dispatch console positions are performing as expected. Prior to the Cutover, all Acceptance Tests and training activities will be completed.

3. PRE-CUTOVER

Pre-Cutover activities will be centered on verifying that all Cutover and fallback procedures are in place and checking that all parties involved in the Cutover are fully aware and prepared for the Cutover activities.

Pre-Cutover preparation starts prior to your 9-1-1 VESTA Cutover and Call Taker/ Dispatcher migration. The key activities include Pre Cutover position and system verification checks to verify all systems at your PSAPs, to include the call taker and dispatch console positions, are performing as expected.

One day prior to the Cutover, your team will confirm with Motorola Solutions that the 9-1-1 VESTA Cutover will commence as scheduled. To move forward with the cutover the mutually agreed upon key entrance criteria for the cutover must be met, all severity (Blocking and Urgent) issues must be resolved and systems are locked down. Lock down will ensure the PSAPs operating environments are ready for Cutover and all non-emergency changes and non-operational support changes to the operating environment are halted. Once confirmed, a Go decision is made for Cutover.

3.1 Motorola Solutions Tasks

- Final approval of Cutover plan by your PM and Motorola Solutions
- Coordinate closely with your team on the plan to ensure there is no interruption in service during cutover
- Establish Cutover time and distribute the Cutover plan to all key individuals
- Ensure all equipment is labeled
- Contact Local Exchange Provider (LEC) and open ticket for 9-1-1 PRI assistance during Cutover
- Verify ALI from (LEC)
- Test all administrative lines using admin line test procedure
- Test all circuits on System
- Test 9-1-1 wireline call
- Test wireless calls
- Test all queues
- Test TDD communications on test trunk
- Test System IRR

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

- Adjust audio for VESTA handsets on all positions
- Ensure Radio interfaces are ready for cut
- Execute System Verification Checklist - Accept system ready for cut
- Cutover Coaching Support
- Confirm CAD connectivity to VESTA system
- Confirm Logging Recorder connectivity to VESTA system
- Participate in Site Cutover System Testing
- Conduct the VESTA 9-1-1 Site Acceptance Test with your team
- Post Cutover Support Providers notified and ready

3.2 PSAP Tasks

- Every individual involved, in all disciplines, must be made fully aware of the cutover date and time when the switch over to the new systems will take place. This includes, but is not limited to:
  - Telco's
  - Third party venders
  - Other organizations/agencies that are participating in the cutover or are affected to some degree in the cutover
- Final approval of the Cutover Plan by PSAP authorized designee
- Identify PSAP contacts for the cutover
- Coordinate third party services and/or activities during the cutover that are not Motorola Solutions deliverables, but impact Motorola Solutions systems and/ or services
- Identify who will place 9-1-1 wireline and wireless test calls during Cutover for call processing verification
- Coordinate call taker presence in facility at the time of cut for both the legacy and new system
- Confirm no special activities are planned which could prevent/delay Cutover
- Participate in the VESTA 9-1-1 Site Acceptance Test with Motorola Solutions

4. CUTOVER

Cutover is the process of bringing the new systems into service. The cutover will consist of systematically transitioning 9-1-1 and Admin traffic from the legacy system to VESTA 9-1-1 system while assessing performance and conducting cutover testing. The transition sequence and steps are detailed in Appendix A.

Motorola Solutions proposes the following sequence for cutting over your sites:

Cutover Sequence
Site
Escambia County Sheriff's Office (ESO)

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

Escambia County Emergency Communications Center (ECC)
Pensacola Police Department (PPD)

5. POST CUTOVER

System verification checks will be performed immediately after each transition (9-1-1, Admin, Hotlines), which are included in this plan (Appendix A.) If no major issues have developed, the Cutover is a success. Regular support coverage of the system continues.

6. FALL BACK PROCEDURE

In the unlikely event that calls are not routing properly and issues cannot be resolved within this time frame, Motorola Solutions will be prepared to move traffic back. This will be based on Motorola Solutions consultation with your team. During the Cutover process your authorized designated personnel will have the ultimate authority to Hold, Suspend, or Cancel the Cutover. Your authorized personnel will confirm any status change decisions and notify the team for immediate action.

- **Hold** – An error occurs which can be repaired within the hour. All affected shift personnel are notified of the Hold.
- **Suspend** – Estimated time to repair exceeds one hour but is less than six hours (or a mutually agreed upon time). Based on Motorola Solutions consultation with your team a new cutover time is set, with the agreement of the other impacted system vendors (Motorola, CAD/Radio/Logging Recorder.) Once the decision is made, Motorola Solutions will confirm status change decisions and notify the team for immediate action.
- **Cancel** – If the time to repair exceeds six hours or significantly affects all previous testing, the Cutover should be cancelled.

In each case of HOLD, SUSPEND, or CANCEL, the Project Cutover Team will assemble at a designated Cutover Control Point to discuss the issues surrounding the error, as this will give the best opportunity for input regarding the seriousness of the event and any other vendor affected by the action.

SECTION 5

SCOPE OF WORK

5.1 COMPANY REQUIREMENTS

1. Provide an overview of the company's history and background in the 9-1-1 arena.

We began providing equipment and services to local governments in 1968 and have over 45 years of experience providing E9-1-1 Call Handling solutions. In March of 2007 Vesta Solutions Inc., acquired TCI (Tel Control, Inc.), a leading provider of networked and hosted E9-1-1 solutions. TCI was awarded a patent in June of 2004, which outlines a method for delivering Next Generation Voice-over-IP (VoIP) 9-1-1 calls in combination with ANI/ALI directly to the PSAP using Next Generation IP networks. This acquisition added another important element to Vesta Solutions Inc. portfolio of communications products, further solidifying its position as the country's leading vendor of emergency response management solutions. We work closely with public safety customers for improving our products from both a reliability and feature functionality perspective. This is not possible by testing in labs strictly: it is vital to listen to customers working in real 9-1-1 environments. This allows our engineers to produce the most efficient and fastest responding User Interface in the industry. In addition to these customer insights, we have increased the reliability of the VESTA 9-1-1 solution, yielding less down time and higher Calltaker availability. Our customer driven technology plays an important role in improving 9-1-1 emergency response.

2. State the number and location of 9-1-1 positions the vendor currently maintains in the United States on the Vesta platform.

More than 100,000 Calltakers interact with our 9-1-1 equipment every day to protect over 200 million people in the U.S. 24/7. VESTA solutions are in use in more than two-thirds of the most populous U.S. cities and by hundreds of Federal agencies and Department of Defense installations. This gives our team tremendous and unmatched industry experience in deploying and servicing large, complex systems. Over 60% of all 9-1-1 calls in the U.S. are received by our VESTA Call Handling solutions.

3. Detail the company's participation in industry organizations and the roles the company plays in these organizations.

The company participates as a 9-1-1 leader and innovator at industry organizations such as NENA and APCO.

4. Provide the company name, contact person, telephone number and cutover date for at least five installed and maintained E9-1-1 systems of the same type proposed.

Cutover: 9/2017

5. Provide an overview of the vendors complete 9-1-1 call product offering and the percentage of the company's revenue specifically from selling, servicing and supporting of 9-1-1 call taking systems.

We serve three prominent market segments including Mission Critical Call Center applications Notification solutions, Land Mobile Radio. VESTA generates 70% of its revenue from selling, servicing, and supporting public safety and mission critical applications. We offer a complete 9-1-1 suite of products such as the VESTA 9-1-1 Call Handling solution, VESTA Analytics MIS Reporting, VESTA Locate and VESTA Map GIS applications, VESTA Communicator, VESTA Alert, and VESTA Radio for P25 trunked radio solutions. Public Safety applications and systems are the primary business of Motorola Solutions.

6. Provide the number and average years of experience of company employees dedicated to E9-1-1 systems.

Motorola Solutions employs over 2000 employees at several offices throughout the United States, all of which are 9-1-1 specialists. Many of the employees come from Public Safety facilities, and bring a wealth of knowledge and 9-1-1 experience to the company. Motorola Solutions team fosters a "customer comes first" attitude that reflects in the industry's highest customer retention and repeat customer rates. By listening to employees with real world PSAP experience creates a

customer driven technology and team. Motorola Solutions also has one of the industry's longest employee retention rates, averaging fourteen (14) years.

7. Provide an overview of the financial health and available resources the company has available to meet requirements of this proposal.

2018 annual sales: $7.3 billion

- 2017 research and development spend: $637 million
- Customers: Over 100,000 in over 100 countries
- Employees: 16,000 in 60 countries
- Thousands of patents focused on mission-critical and wireless technologies

Motorola Solutions creates innovative, mission-critical communication solutions and services that help public safety and commercial customers build safer cities and thriving communities.

You can find our products at work in a variety of industries including law enforcement, fire, emergency medical services, national government security, utilities, mining, energy, manufacturing, hospitality, retail, transportation and logistics, education and public services.

Our communication solutions span infrastructure, devices, services, and software to help our public safety and commercial customers be more effective and efficient.

5.2 GENERAL REQUIREMENTS

1. All equipment must meet or exceed current/applicable NENA i3 standards and be fully capable of migrating to a NG9-1-1 call taking solution.

VESTA 9-1-1 is compliant with applicable NENA standards and NCRIC as they apply to our product offering. Motorola Solutions intends to remain COMPLIANT with future NENA NG9-1-1 i3 standards as they are ratified and commercial providers provide services, as they apply to our product offering.

2. All customer premise equipment, including, but not limited to work stations, software, clock, headset, recording equipment, uninterruptable power supply, records management system and related connections, must be able to operate in a NextGen 9-1-1 environment, capable of full interoperability and data sharing on a regional or statewide ESInet. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

The proposed VESTA 9-1-1 solution is aligned with current applicable NENA i3 standards as they relate to our solution and Motorola Solutions is committed to meet these requirements in a timely manner and in sync with the available services to PSAPs. The VESTA 9-1-1 call handling solution is engineered as a Next Generation 9-1-1, ESInet ready call handling solution. The VESTA 9-1-1 solution has been designed for graceful migration of PSAPs from E9-1-1 to i3 deployment and connection to the ESInet with the ESInet Interface Module (EIM). This transition will minimize hardware and software upgrades or replacement.

The system as delivered is fully capable of ESInet connection and utilization for EIM / I3 and SMS text service. As additional NENA components are ratified, VESTA 9-1-1 will continue to support in the future.

3. System shall have the ability to handle calls originating from all sources including multimedia information such as text, data, photos, and video in compliance with NextGen 9-1-1 standards. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

The VESTA 9-1-1 call processing solution which is a mission-critical call management and response solution that establishes the new benchmark for NG9-1-1 call processing. It combines Session Initiation Protocol (SIP) call handling with advanced call control technologies to support the emergency and administrative call taking needs of PSAPs with up to 250 positions. At the heart of the VESTA 9-1-1 solution is a fresh, highly configurable desktop user interface (UI), also a primary building block within Motorola's integrated, geospatial multimedia platform. Engineered to give your 9-1-1 Calltakers a better, richer, and increasingly intuitive user experience, the new UI accommodates multiple layouts and workflows, and includes an advanced dial directory, providing best-in-class contact management and dialing control. The VESTA 9-1-1 call processing solution supports all of the standard telephony interfaces to simplify integration into existing telephony networks.

Motorola Solutions seeks to deploy i3 standards based multimedia solution to deliver video and photo messages as a permanent not an interim solution. As multimedia (pictures and video) is not commercially available from service providers in an i3 deployment model at the time of this RFP response. This functionality will be available only after i3 standards are released and commercial providers deliver to those standards.

4. Redundant data links to the ALI database provider.

The VESTA 9-1-1 system supports dedicated, redundant data links to the ALI database provider, supporting NENA recommendations. Motorola Solutions assumes that the database provider includes modems and any hardware required to interconnect with the VESTA 9-1-1 system.

5. Geo-diverse Core Routers and associated hardware with full interconnection between the sites.

The proposed Geo-Diverse VESTA 9-1-1 solution servers are distributed across the Escambia County Emergency Communications Center and Escambia County Sheriff's Office locations to minimize the impact on 9-1-1 calls or other system applications should a geographic event (flood, power outage, fire, etc.) cause a failure or loss of functionality of the server infrastructure. Since all components within the VESTA 9-1-1 call processing system are fully redundant, and designed to be fault tolerant, deploying them in a geo-diverse fashion helps ensure availability of call-processing power to the greatest extent possible.

Use or disclosure of this proposal is subject to the restrictions on the cover page.

Motorola Solutions assumes that the County and the network provider includes routers and any other hardware required to interconnect the VESTA 9-1-1 host servers. For example, Motorola Solutions expects two redundant Layer 2 circuits between Host A and Host B servers.

6. ACD functionality shall be available and configured to customer needs.

The VESTA 9-1-1 solution fully supports priority Automatic Call Distribution (ACD) for both 9-1-1 and Administrative calls. The system facilitates the following ACD or call routing schemes:

- Longest Idle: The call is directed to the Calltaker who has been idle the longest
- Top Down: (Also called Priority) Calls are directed to Calltakers according to a list. The first Calltaker in the list has priority. If the first Calltaker is busy or unavailable, the call goes to the second Calltaker in the list, and so on
- Round Robin: (Also called Circular) Calls are directed to each Calltaker in turn. If one Calltaker is busy on a call, or unavailable to answer a call, the ACD queue offers the call to the following Calltaker
- Ring-all: The call is presented to all Calltakers at the same time. The first to press their answer button gets the call

Multiple ring tones are supported to differentiate call groups such as differentiation between 9-1-1 and administrative calls.

7. Solution must provide full interoperability among all PSAPs so that calls can fail over to another PSAP with voice, ANI and ALI data included.

The proposed VESTA 9-1-1 solution provides full interoperability between the ECC, ESO, and PPD locations. The call queues for each location can be designed to failover to a queue belonging to another location or within one of the communication centers. The Motorola Solutions' engineers will work closely with Escambia County's system administrators to configure the system to meet the desired operational needs. Note that the VESTA 9-1-1 system passes the ANI, ALI, and voice to calls that are overflowed to another queue/location.

8. An ADA compliant TDD/TTY solution must be provided with the ability to move to a fully integrated Text to 9-1-1 solution, integrating the text interface into the call taker's screen. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

Motorola Solutions proposal includes a TDD/TTY functionality as required by NENA. The VESTA 9-1-1 solution is equipped with an integrated TTY window. Each console position workstation includes Telecommunications Devices for the Deaf (TDD) detector ports. The system also provides this functionality without the requirement for additional external equipment at the workstation (i.e. special keyboards).

Also, the proposed VESTA 9-1-1 solution includes VESTA SMS (Integrated Text-to-9-1-1) feature functionality. The Text-to-9-1-1 functionality supports a direct IP connection to the TCC(s) or via an

i3 compliant ESInet utilizing SIP/MSRP and fully integrated into the application workflow. The Motorola Solutions proposal doesn't include TCC connectivity and monthly services charges.

9. Customer desires integration of RapidSoS. (Explain whether this capability is inherent to the delivered system or would require upgrades.)

VESTA 9-1-1 has the ability to display supplemental information from the RapidSOS NG9-1-1 Clearinghouse.

Through the Enhanced Data Window, Calltakers have access to new content to assist 9-1-1 callers. The window displays additional location information from the RapidSOS NG9-1-1 Clearinghouse, specifically additional location data based on the Advanced Mobile Location (AML) from mobile devices. The window allows to display content from selected content providers that integrate with VESTA 9-1-1.

There is no charge to the PSAP by RapidSOS to sign up and get access credentials to receive additional data provided in NG9-1-1 Clearinghouse. However, an advance data access subscription is needed in order to receive the additional location, pictures, and caller information in the Enhanced Data Window.

Additionally, VESTA 9-1-1 integrates the RapidSOS NG911 Clearinghouse data available from the VESTA Map Local solution. The NG911 Clearinghouse is automatically queried for location throughout the call (no need to rebid). This will plot on the VESTA Map Local solution as supplemental data in addition to the ALI (Phase 1 or Phase 2 location).

10. Vendor shall provide a comprehensive MIS solution. Solution must provide dynamic 9-1-1 reporting. ECats is preferred. MIS service and maintenance is to be included in the proposed upgrade for year 1 and additionally in the maintenance quote for years 2 -5.

The VESTA Analytics MIS system is Motorola Solutions' next generation MIS solution and will provide Escambia County with the advanced functionalities they are seeking. Our VESTA Analytics solution is a sophisticated emergency call center application for PSAP management, and is optimized for regional administrators and PSAP supervisors. The application supports all of the foregoing requirements.

The VESTA Analytics MIS solution provides a number of new capabilities not previously existing in 9-1-1 reporting solutions that play an important role in improving efficiencies in staffing, operations, and information management. The VESTA Analytics solution is built upon state-of-the-art technology, providing a foundation for future enhancements, and providing Next Generation capabilities.

The VESTA Analytics solution plays an important role in four key areas of each 9-1-1 call centers' operation:

- Enhanced Operational Management — improves the ability to gather, organize, data-mine, and report near real-time information. The VESTA Analytics solution incorporates an advanced data warehouse for improved performance for creating custom reports and searching for data
- Personnel Management— includes new 9-1-1 specific key performance indicators (KPIs) that help assess the performance within the call center for more informed decision-making regarding staffing
- Automated Evidence Organization — automatically associates related calls into the context of individual incidents. This approach simplifies the tasks involved with reconstructing, organizing, searching, and archiving historical incident information
- Crisis Management – assists the administrator in identifying trends and triggers to stay ahead of events as they unfold

The VESTA Analytics solution provides the following functionality and benefits:

- Displays a near real-time event list with automatic event association, plus a view of related detail information
- Offers advanced search and filtering capabilities for incident reconstruction and evidence organization
- Offers site statistics and key metrics
- Provides standard templates and advanced customization features for cross-tabular and ad hoc reporting
- Provides scheduled reports that can be distributed automatically
- Integrates with multiple types of call center systems
- Offers end-to-end call flow so you can see the number of times a call is transferred to various PSAPs within the system

Core architecture of VESTA Analytics includes the following:

- Microsoft® SQL® Writer and the VESTA Analytics solution data adaptors and processors to capture event data from various sources and normalize it for storage in the database
- Data Warehouse (hosted by Microsoft® SQL® Server) retains the event data using the PEI-DB database and SQL® Service Analysis Services (SSAS) cubes
- Front-end services (hosted by Microsoft® Internet Information Services [IIS]) access and transform the event data in the VESTA Analytics Data Warehouse to provide a browser-based user interface for monitoring and reporting

The reporting capabilities of the VESTA Analytics solution are highly robust, supplying a number of standard documents that provide facts on call counts, transfer averages, trunk and line utilization, etc., and can accommodate customization when needs are more specific. All reports can be scheduled and automatically distributed, or you may choose to create an ad hoc report. The VESTA Analytics MIS solution can automatically associate related events, which simplifies incident reconstruction, organization, searching and archiving.

When you first open the VESTA Analytics application, it displays the Home page with four to eight

tabs for accessing reporting functionality.

11. Customer desire on-line portal for reporting, modifying, and closing trouble tickets. (Explain whether this capability is inherent to the delivered system).

The existing Motorola Solutions Network and Security Operations Center (NSOC) customer web portal gives the end user customer the ability to open, review and close cases. Additionally, customers have the ability to approve requested changes.
Remote monitoring, a component of the Motorola Solutions NSOC product suite of services, is provided 7 days a week, 24 hours a day delivering near real-time, consolidated event management and historical performance metrics, which assists with quickly understanding issues within a complex network. General product and system alerts, as well as specific system performance thresholds established during service plan implementation, are continually monitored via a secure VPN connection. Any time an actionable alert event is detected or the system performance/environment exceeds a threshold limit, the remote monitoring team is automatically notified by the system. The NSOC Support Personnel review all alert notifications. An actionable alert event is one which the NSOC Support Personnel deems service affecting to the PSAP.

When it is determined a response is required for an actionable alert or trend analysis detects a potential issue, the NSOC Support Engineer will diagnose and resolve the problem wherever possible. The support engineer will utilize performance monitoring and other diagnostic tools to enable the interrogation of the respective site's network, including routers, hubs, switches, workstations, servers, and other monitored devices. In many cases, this trouble resolution process will be conducted in concert with the authorized on-site support engineer. Where the problem cannot be resolved by the on-site support engineer, the case is escalated immediately to a product Subject Matter Expert (SME) for further analysis and trouble resolution.

In all cases, the trouble ticket is kept current and available for viewing via the Customer Web Portal. For critical and major events, which degrade or impact the ability to receive 9-1-1 calls, the Motorola Solutions team will call and notify designated personal at the PSAP. In addition, the Motorola Solutions Emergency Response Team will be engaged to address the critical or major event and provide updates, via phone, and/or email, to key stakeholders.

12. All software must be installed in the latest version with available updates installed at no additional charge.

The proposed VESTA 9-1-1 solution is deployed with the latest and general available software. All software upgrades are provided at no charge if customer is under a current maintenance contract.

13. Automated Abandoned Callback

The proposed VESTA 9-1-1 solution includes the Automated Abandoned Callback (AAC).
The Automated Abandoned Callback feature in VESTA automatically dials back an abandoned call to ascertain whether that call is a valid emergency or had been unintentionally placed—for example, a call that had been placed from a cell phone that was carried in a pocket (known as a

pocket dial) or a call that was placed by a child who had been playing with a phone. This saves time by decreasing call handling times and helps increase Calltaker efficiency and productivity.

The AAC feature will call back the emergency caller and present a list of voice prompts as well as a set of instructions to press a specific key for response. The caller can accept the call back or reject the emergency call back. If the call is accepted, the caller is placed into the emergency queue. If the caller rejects the call, the call is terminated and the abandoned call is removed from the VESTA 911 Abandoned Calls list.

In normal operation without the AAC feature, as soon as the ANI is received, the VESTA 9-1-1 performs an ALI lookup. The Calltakers' console can be configured to present abandoned calls to the In Calls Appearance in addition to ACD calls. Abandoned calls can have priority over ACD calls, appear on the console alternatively with ACD calls, or appear only when there are no ACD calls waiting. In addition, as an alternate, abandoned calls can be placed on a separate list (see Abandoned Call Window) for all Calltakers to see in the call center. As abandoned calls are handled, they are removed from the list indicating to other Calltakers that the call has been addressed.

14. VESTA Local mapping

The proposed VESTA Map Local solution provides PSAPs an intuitive and easy-to-use map display to help determine the precise location of 9-1-1 calls made from a variety of call devices. It enables the direct display of caller location overlay on indoor maps allowing for a more detailed location to be relayed to first responders.

This real-time decision making tool integrates emerging technologies, like Esri® ArcGIS Runtime Software Development Kit (SDK), bringing full capability of the ArcGIS platform to the VESTA Map Local solution. It checks the RapidSOS NG9-1-1 Clearinghouse for the caller's device-based hybrid location, a more accurate location, which it will add, if available. This means telecommunicators now have the potential to also have more accurate locations for indoor wireless calls.

The VESTA Map Local solution is part of our GIS commitment to offer an end-to-end i3 system that provides GIS display and data management tools for Next Generation Core Services (NGCS) elements.

The solution integrates with our VESTA 9-1-1 Release 7.0 or higher. Its streamlined processes and ease of use enable the Calltakers faster response in safeguarding their communities and saving lives making VESTA Map Local a smart investment for current and future Public Safety communications.

15. 4 CommandPost modules for portable answering of 9-1-1 calls during emergency relocation or disaster recovery operations.

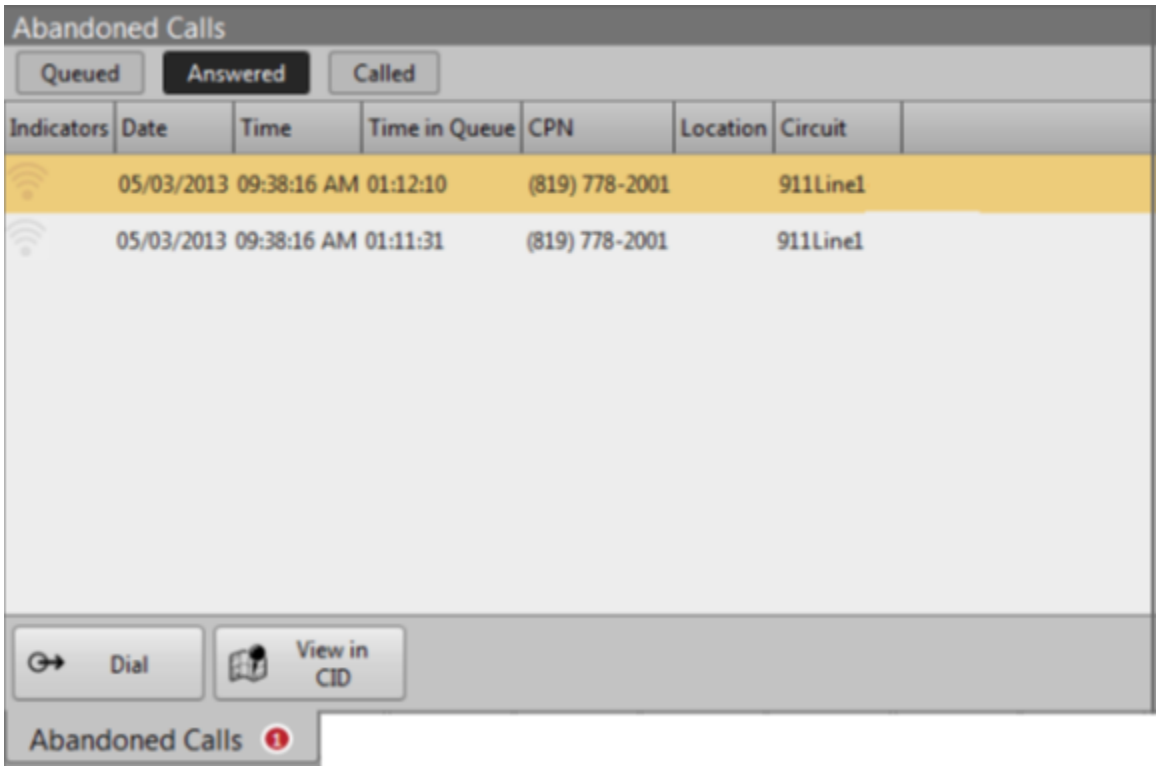
Four (4) CommandPost mobile positions with a docking station and full independent position hardware (SAM/Monitor/ keyboard and Genovation) are included with the proposal.

The CommandPOST product is a portable, on-location emergency call center solution. It provides fast, cost-effective portable or back-up 9-1-1 call-handling at temporary locations outside the PSAP, such as at the scene of a disaster. CommandPOST offers the exact same VESTA 9-1-1 desktop and operation as the PSAP call taking position. Packed in a watertight case with foam padding and able to be set up in minutes; CommandPOST includes laptop computer, cables and connectors, enabling call centers to operate remotely and quickly under the harshest of circumstances. The CommandPOST can also offer additional PSAP call taking positions at the main PSAP when used with its docking station. This gives PSAPs the flexibility to add call taking positions locally quickly and efficiently, and Calltakers use the same software they are familiar with. CommandPOST product also includes a complete set of enhanced security features, including use of a firewall, Virtual Private Network (VPN), and anti-virus software. The CommandPOST laptop weighs less than ten pounds, and each unit carries complete instructions to make setup as easy and quick as possible.

16. Ability to detect and provide information on abandoned/silent calls with location and call back information.

The proposed VESTA 9-1-1 solution displays all abandoned calls with a unique visual icon and color code on the Calltakers personal call appearance (PCA) for fast identification.
Additionally, all abandoned calls are displayed on a dedicated Abandoned Calls window. The ACD queue manager keeps only the oldest call for both ANI, and pANI for wireless callers. So the list will only contain unique numbers. The Abandoned Calls Window simplifies follow-up on abandoned calls by allowing the Calltaker to filter abandoned calls by queued, answered and calls and includes information such as date/time, CPN, and ESN.
The Abandoned Calls Window is illustrated below.

Use or disclosure of this proposal is subject to the restrictions on the cover page.



VESTA 9-1-1 also offers a separate Abandoned Call Queue. Abandoned calls are moved to this area of the screen, retaining ANI/ALI, thus allowing the agent to focus on incoming calls. The agent can return to the Abandon Call Queue for follow up as workflow permits.

17. Diverse circuit connectivity with no single point of failure.

The VESTA 9-1-1 solution is designed with redundant side A and side B server systems incorporating no shared components that process voice and data packets. The redundancy is designed at both hardware and software element levels. VESTA 9-1-1 is a fully redundant – non-shared component design. Full call taking capacity is maintained on each side of the system during scheduled or unscheduled outages.

The VESTA 9-1-1 applications reside on two redundant physical servers, in which the call center remains fully operable after the failure of one of the servers. The system also has dual switches and gateways for additional failover capacity. The system provides diverse circuit implementation at each Host location in order to increase the system's operational resiliency. For example, multiple CAMA trunks or Administrative phone circuits can be distributed between multiple telephony gateways at one location in order to minimize catastrophic failures. In addition to this, those phone circuits can also be distributed within the other Host location and the respective telephony gateways.

18. Connectivity to current 9-1-1 recording system. (VPI)

VESTA 9-1-1 is capable of interfacing to various digital logging solutions including VPI Loggers. There are three methods to interface VESTA 9-1-1 with digital logging solutions: 1) Analog output

at the station via the Sound Arbitration Module (SAM), 2) Trunk/Line side at the demarcation point on the MDF, or 3) IP via SPAN port at the Cisco switches.

19. Ability to integrate with Computer Aided Dispatch via industry standards.

The proposed VESTA 9-1-1 solution includes multiple NENA compliant RS-232 serial CAD outputs which can be interfaced with third party NENA compliant CAD and/or mapping applications.

20. NetClock hardware and connectivity for both cores.

The proposed VESTA 9-1-1 system servers and Calltaker workstations use the Ethernet interface to receive time synchronization from a master clock such as a Spectracom NetClock Model 9483. This requires an available NTP port on the Spectracom NetClock.

21. Redundancy within the system. All vital system modules and network connectivity shall be protected to ensure there is no single point of failure. Further, under no circumstances shall a failure in any vital system module disable more than 50% of the calltaking positions within a PSAP.

The VESTA 9-1-1 system is designed as a redundant system with no shared components between each side of the system. This permits full call taking operation from ingress to Calltaker position during both scheduled and unscheduled outages. The system can switchover from side A to side B as requirement without loss of call traffic or to “re-initialize” the system.

The VESTA 9-1-1 system contains redundant components to prevent single points of failure. The application servers, which are in an active/hot standby configuration, will automatically fail over should a module on the active server fail. Networking to workstations is handled with redundant network switches and the workstations are distributed between the switches to prevent more than 50% workstation failure. Additionally, the system design distributes the trunks over multiple gateways that are designed for the public safety environment.

22. The system shall be engineered such that if a component or software service fails it may be replaced or corrected without loss of call taking operations. Such unscheduled outages will not interrupt call taking operations.

VESTA 9-1-1 allows replacement of faulty components without impacting the call taking operations. The VESTA 9-1-1 architecture features no single point of failure, additionally VESTA 9-1-1 allows independent operation of the primary and redundant sides of this system. This allows an agency to continue full capacity call processing during unscheduled failures and outages.

23. All components shall be connected to UPS.

The proposed VESTA 9-1-1 solution can be powered via a UPS. Motorola Solutions assumes that the County has already in place UPS for the backroom and workstations.

24. Vendor will be responsible for testing and all coordination with local telco to ensure implementation goes smoothly.

Motorola Solutions will work with Escambia County and the telco during planning, implementation and cut over to ensure all phases of the project are well coordinated and proceed smoothly. If Escambia provide Motorola Solutions a Letter of Authorization ("LOA") to work with the Telco directly then Motorola Solutions will work with the Telco on Escambia's behalf.

25. The Vendor must thoroughly test the entire system prior to cutover and must ring-talk test each trunk & line at least twice prior to cutover. During the testing, the Vendor shall log all troubles found and make any necessary repairs or adjustments at their cost. These reports shall be submitted to the customer showing errors found and corrective action taken.

Our plan includes performing various required tests using your actual infrastructure, including trunk and lines, which is beneficial for the following reasons:

- Testing will be performed on the production solution – actual hardware
- Testing will be performed in the actual environment
- Testing will allow you to easily observe the process

Testing is one of the major aspects of your VESTA 9-1-1 project and its success will require combined concentrated effort by you, your vendors, and Motorola Solutions. A Draft System Acceptance Test Plan has been included as an attachment.

Upon contract award, Motorola Solutions PM will work closely with you to review the System Acceptance Test Plan and make mutual agreed upon changes to the Test Plan. At the completion of the implementation your designated participants and Motorola Solutions will execute the test plan that displays the system is functioning as designed and configured and document test results.

26. The Vendor shall have personnel on-site for the system cutover and for at least the first 24 hours following cut-over for transitional support.

The Motorola Solutions PM will coordinate assignment of appropriate Motorola Solutions technical staff to support the transition to the new VESTA 9-1-1 system, both remotely and on-site. Resource assignments will be planned and tracked via the Project Schedule.

- Pre-cut and Post-cut site testing will be performed in accordance with Motorola Solutions System Acceptance Test Plan that will be provided based on the type of system(s) purchased
- The Motorola Solutions PM will track Vesta Solutions Issues and/ or exceptions noted during the site cutover and report updates to your team for updates to the Issues Control Log
- The Cutover Phase will end when the project team agrees that all cutover objectives have been met. At the conclusion of the Cutover Phase, a meeting will be held with the project

team members to discuss the cutover, any remaining Vesta Solutions issues, and to review the Post-Cutover Support Plan
- Motorola Solutions will provide Field Engineering support to the sites at least 24 hours after cut-over

27. The upgrade shall meet or exceed all current capabilities of the 9-1-1 system design and configuration.

The proposed solution meets and/or exceeds all current capabilities of the 9-1-1 system design and configuration.

28. It is understood that an upgrade may make expedient use of some components already owned by the customer. Any components proposed to be reused must be clearly identified in the proposal.

It is our recommendation that all components are new and will be the current version is production. At this time, we are not proposing to reuse the existing components.

29. Vendor shall remove and dispose of old equipment after receiving signature approval of Communications Chief or designee for each component(s)removed from PSAPs.

Motorola Solutions will work with the PSAP's personnel to remove the old decommissioned Call Processing Equipment as identified during the project planning. Upon receiving signature approval of the PSAP Communications Chief or designee, which is expected within 30 days of the PSAP cutover, Motorola Solutions will remove the old decommissioned Call Processing Equipment that was replaced with Motorola Solutions Equipment. Motorola Solutions will not remove any infrastructure cabling.

30. Vendor is responsible for removing any unused cabling and labeling new cabling.

Motorola Solutions will ensure all VESTA installed cabling and connections are secure, tidy, and labeled. Motorola Solutions will remove any debris, cabling remnants and packing materials leaving the work keep areas clean of any Vesta Solutions trash and will remove from site any unused cabling. Motorola Solutions will not remove any infrastructure cabling.

31. All unused USB access points shall be internally or externally disabled to prevent unauthorized access. Propose how this will be accomplished.

The proposed VESTA 9-1-1 solution is deployed with all USB ports disabled at the workstation in order to prevent the introduction of software viruses in the system. Motorola Solutions' engineers will work closely with the County's system administrators to provide the best configuration to meet the County's operational needs.

5.3 VENDOR RESPONSIBILITIES

Routine system monitoring, network connectivity issues, and ongoing cyber threats eat up valuable time and resources. At Motorola Solutions, we understand the complexities and challenges associated with maintaining communications integrity. It's why we proudly offer our Network Security Operations Center (NSOC), a best-in-class solution for 24/7 monitoring and 9-1-1 systems management. Designed exclusively for Public Safety communications, the NSOC includes state-of-the-art technology, processes, and tools all provided by our highly trained, dedicated team. With connectivity to the NSOC, our advanced systems facilitate true Emergency Services-grade monitoring and management. This includes:

- Real-time monitoring of systems, devices and applications
- Advanced network monitoring (real-time and historical)
- Fault remediation, notification and escalation
- Advanced metadata-driven rules for incident correlation to simplify alarms and accelerate mediation
- Enterprise network management capabilities, including asset discovery and inventory, software distribution, automated patching, operating system deployment, power management and remote desktop control

Choose one or multiple services to help ensure communications integrity and ultimately, the safety of your community.

ADVANCED NETWORK MONITORING

- Provides secure, continuous monitoring of networking layer 2 and 3 infrastructure for network stability and continuity of operations
- Supplies active monitoring and alerting at the system, device and application levels, as well as passive collection of historical events
- Delivers on-demand & historical reporting, including monthly network performance reports (Jitter, Latency, Availability, and Packet Delivery Performance Statistics, SLA Compliance Metrics) and management reports on user activity, administrative changes and security alerts

HARDWARE & APPLICATION MONITORING

- Proactively monitors key systems to detect faults and mitigate risks to ensure highest possible system performance and availability
- Monitors each server, workstation and networking device for hardware alarms, software alarms and performance thresholds
- Minimizes risk and the possibility of service interruptions, predicting issues before they occur
- Alarms the NSOC for remediation, notification and escalation, with most alarms resolved remotely

VIRUS PROTECTION

- Delivers virus protection as a service, ensuring updates are tested and applied in a timely, efficient manner
- Provides a best-in-class antivirus solution, certified for the VESTA® platform and continuously updated to automatically detect and remove the latest viruses

PATCH MANAGEMENT

- Deploys Microsoft® updates and patches after validating they are compatible with the VESTA solution
- Helps ensure system integrity and security, especially when bundled with Virus Protection for comprehensive, hands-free care

DISASTER RECOVERY

- Creates automatic system backups and snapshots of critical systems to a separate backup system
- Enables operational continuity with minimal downtime, even in the event of a major failure, by quickly restoring workstations and servers, through partnership with a leading disaster recovery software provider
- Allows PSAPs to be proactive and minimize their risk as well as to that of their public's safety

5.4 PROJECT PLAN

1. DESCRIPTION

System Acceptance Test ("SAT") is defined as those test cases that are applicable to the components and functionality of the Escambia County VESTA® 9-1-1 system which are deployed at three PSAP locations. These test cases include those related to processing of emergency and non-emergency voice calls and text-to-9-1-1 sessions; call taker 'user experience', ring and alert sound policies; role-based call routing and permissions.

1.1 Prerequisites

1. All hardware and software associated with the VESTA 9-1-1 solution has been installed, configured, and made operable
2. All hardware and software configurations associated with the VESTA 9-1-1 solution have been tested and "locked-down" and are not subject to change unless approved by a documented Change Management process

1.2 Project Phase

The SAT will be conducted immediately prior to the training. Test cases executed will be based on the solution implemented (Regional Host System vs Individual Agency System.) Test cases that cannot be tested prior to cutover, such as wireless calls, will be conducted immediately following cutover.

1.3 Test Execution Team

Motorola Solutions will provide a list of the names of the testers that will participate in SAT. The basic test team will be comprised of the following staff:

- Motorola Solutions Subject Matter Expert/Tester: Primary person to execute the Site Acceptance test cases
- Motorola Solutions Project Manager: Present at the SAT to document all action items resulting from the test session; will also provide oversight responsibility and serve as the primary interface to the non-Motorola Solutions test observers/participants
- Remote Staff: Participate as needed in support of test cases that have a remote component
- Customer Participation: Customer will assign their observers for this testing
  - The names of the oversight staff will be provided to Motorola Solutions in advance of the scheduled test date so that sufficient notice can be provided to those individuals in the event of any last-minute changes to the test plan for that day.

2. TEST APPROACH

2.1 Test Goal

The goal of SAT is to validate that VESTA 9-1-1 is installed, operational, ready for cutover, and available for the proper operation and use in the PSAP.

2.2 Test Methodology

The following is a listing of administrative and procedural guidelines that will assist in the execution of SAT:

- Motorola Solutions will create one master System Acceptance Test document with corresponding supplemental reference documentation if required
- The master test document will also contain a sign-off sheet for execution by the Subject Matter Expert/Tester upon successful completion of Testing
- Test execution will not be delayed by the lack of attendance of any of the observers.
  - Upon successful completion of SAT the PSAP will be ready for training and cutover activities
  - Test cases that cannot be tested prior to cutover, such as wireless calls, will be conducted immediately after cutover
  - After 30 calendar days of operation at the site, SAT Report will be submitted to the Customer. The SAT Report will detail all tests executed and observed results during SAT along with a description of system function and operational statistics for the PSAP during the 30 day period of operation

2.3 Test Procedure

- Motorola Solutions Subject Matter Expert/Tester will execute each of the defined test cases and will subsequently document the successful completion of each test case
- Anomalies observed during SAT will be assessed and a decision made as to how each should be addressed. Every effort will be made to address anomalies and re-test, if necessary, in “real-time”. If needed resolution will interfere significantly with the execution of the test case, the resolution and re-test, if necessary, will be deferred to a later time
- All anomalies, whether resolved or deferred, will be documented by the Motorola Solutions observer
- Upon successful completion of all test cases the Motorola Solutions Subject Matter Expert/Tester will execute the SAT sign-off sheet attesting to the successful completion of the SAT and this sign off sheet will be included in the Cutover Acceptance Report

3. SITE ACCEPTANCE AND FINAL SYSTEM ACCEPTANCE

System final acceptance testing confirms that the solution operates during day-to-day use in a live system environment when all PSAPs have successfully completed PSAP final acceptance testing. The System Final Acceptance Testing period will be 30 consecutive calendar days immediately after each PSAP cutover.

Contract deliverables must perform in compliance with all Escambia County RFP and contract requirements throughout the testing period. If a failure to comply occurs:

1. Escambia County will provide a written notification to Motorola Solutions.
2. Motorola Solutions shall remedy the non-compliance per the Service Levels and Service Management Performance Standard section of the contract and provide written notification of the remedy to the Authority
3. The final acceptance testing period will restart upon Escambia County's written notification of acceptance of the remedy, or three (3) business days, whichever is less.
4. This procedure continues until compliance over the testing period is achieved. At which time the contract deliverables are deemed fully accepted and the acceptance notice (to be defined) will be mutually executed.
5. Escambia County will provide a Notice of System Final Acceptance once testing successfully completes.

5.6 WARRANTY

The VESTA 9-1-1 solution runs on COTS hardware with the only proprietary hardware being the Sound Arbitration Module (SAM). Upgrades to OS, bug fixes, patches and anti-virus updates are included as part of the Next Generation Software Support Policy, which is included for your review in supporting documents. Motorola Solutions software will be defined as Program Fix (bug fixes, repair), Updates (minor enhancements) and Upgrades (new features and functions). Updates are defined as minor product enhancements to an existing product feature and function set. Upgrades will include new product features/functions and major enhancements. Motorola Solutions provides notification of product updates and/or modifications to its distributors via a Product Change Notice (PCN), Technical Services Bulletin (TSB), or a New Product Announcement (NPA). Customer need is the basis for the software upgrade; distributors then consult with customers to determine if the update, modification or upgrade needs to be provided to the customer. In general, software upgrades are developed as needed by evolving standards, customer requirements, and the typical software service pack cycles (approximately two per year). Ongoing software bug fixes occur on irregular basis, they appear only as repair issues are identified, reported and repairs made. System upgrades and planned maintenance activities do not result in the system being taken out of service at any time.

This document is provided "AS IS" without warranty of any kind.

Vesta Solutions, Inc. (“Vesta Solutions”) offers application software and firmware support to purchasers of its proprietary application software and firmware products, in accordance with the terms and conditions of this Next Generation 9-1-1 Software Support Program (“Support Program”). A minimum one year term is required with all software license purchases. This Support Program does not apply to third party, non-proprietary application software, system software or ancillary software.

1. GENERAL

1.1 Definitions

“Customer” is defined as the party purchasing the Support Program from Vesta Solutions.

“End User” is defined as the user of the application software or firmware supported hereunder.

“Firmware” is defined as programs kept in semi-permanent storage, such as various types of read-only memory. Firmware contains software that is so constantly called upon by a computer or phone system that it is “burned” into a chip, thereby becoming firmware. Firmware is non-volatile; it will not be forgotten when the power is turned off. **“Software”** is defined as computer program instructions that facilitate functionality within hardware. There are three main types of software. System software (operating systems, i.e. Windows 7), which is not supported hereunder, controls the working of the computer. Ancillary software, which is not supported hereunder, includes database applications, back up products, and other third party software. Application software is designed to perform specific tasks. This Support Program applies to proprietary application software and firmware only.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided “AS IS” without warranty of any kind.

1.2 Term of the Support Program

The Support Program may be purchased in 1-year, 2-year, 3-year, 4-year or 5-year terms, unless the related software or firmware has reached a point in its lifecycle where only a shorter Support Program term is available. Any such limitation on Support Program terms will be communicated to the Customer at the time of purchase. In all cases, the term commences on the date the software or firmware is shipped from Vesta Solutions ("Support Program Effective Date"). In connection with the purchase of the Support Program for a term of any duration, or upon the expiration of the term of the Support Program, the Customer may purchase an extension of the term in one month increments provided that the one month increments are for the purpose of achieving a term coterminous with other active Support Programs or Managed Services Programs. The fee for each one month increment shall be equal to one-twelfth of the fee for a one year term of the applicable Support Program. In the event the Customer purchases new products or modules to add on to an existing system (see Section III A below), the new products or modules will be added to and covered by the Customer's applicable Support Program, and the incremental support fee shall be calculated based on the remaining term of the Customer's applicable Support Program. For example, if a new module is purchased and the Customer's applicable Support Program has a remaining term of 27 months, the Customer will be charged a support fee to cover the 27 months period.

1.3 Renewal of Support Program

1.3.1 Renewal

Vesta Solutions offers renewal terms in 1-year, 2-year, 3-year, 4-year or 5-year durations. The length of a renewal term may be limited if the related software or firmware has reached a point in its lifecycle where only a shorter support term is available. Any such limitation on Support Program terms will be communicated to the Customer at the time of purchase.

The renewal rate for all Support Programs offered by Vesta Solutions shall be the prevailing Support Program fee for the related application software or firmware at the time of renewal. In order to avoid a Support Program Reinstatement Fee, the Customer must renew the program prior to the expiration of the initial Support Program term or within the Vesta Solutions provided grace period. The applicable grace period within which to order and receive renewal of the initially purchased Support Program is 90 calendar days. Any ancillary or third party software or firmware support which the Customer may have purchased in addition to this Support Program terminates immediately upon its expiration. **Note**: To the extent a Customer has purchased support for ancillary or third party software or firmware, this Support Program does not apply to such ancillary or third party software or firmware and, therefore, no grace period is applicable to such support.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

1.3.2 Reinstatement Fee

If the Support Program is not renewed prior to expiration of the existing term or grace period, if applicable, then the Customer, in addition to being charged the applicable Support Program Renewal Fee, will also be subject to the prevailing Support Program Reinstatement Fee as set forth in the applicable price list upon Support Program renewal.

1.3.3 Software and Firmware Support Program Renewal Effective Date

The renewal term will commence on the first day of the month following the month in which the renewal order is received from the Customer and accepted by Vesta Solutions or on the date on which the prior term expired, whichever is later. The renewed Software and Firmware Support Program terminates upon expiration of the renewal term purchased. No grace period is provided when renewing a Support Program which previously has been renewed.

1.4 Cancellation of Support Program

1.4.1 Cancellation by the End User

The Customer may cancel the Support Program at any time and for any reason with written notice to Vesta Solutions. Cancellations will be effective upon the first day of the month following notification ("Customer Cancellation Date"). Any prepaid Support Program fee shall be refunded on a prorated basis from the Customer Cancellation Date through the end of the purchased term, less a cancellation fee equal to ten percent of the initial cost (or renewal cost as applicable) of the Support Program. Partial cancellations may be made for deactivation of a PSAP or positions. Cancellations may not be made on a component basis.

1.4.2 Cancellation by Vesta Solutions

Vesta Solutions may cancel the Support Program upon 30 calendar days' notice to the Customer ("Vesta Solutions Cancellation Date"), if the Customer is in material breach of its obligations hereunder. Vesta Solutions may also cancel the Support Program if Customer cannot or will not fulfill its operating environment responsibilities as described in Section G below, and/or as a result, the End User is not maintaining a software or firmware release that is a current version minus one (1), as required by Section F below. In the event of cancellation by Vesta Solutions, any prepaid Support Program fee shall be refunded on a prorated basis from the Vesta Solutions Cancellation Date, less a cancellation fee equal to ten percent of the initial cost (or renewal cost as applicable) of the Support Program.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

1.5 Vesta Solutions Software Versioning

Beginning with the release of VESTA 9-1-1 R6, Vesta Solutions will adopt a new software versioning system. It will move from an xx.yy scheme (such as VESTA Pallas 3.02) to an xx.yy.zz versioning system. For example, under the new versioning system, VESTA 9-1-1 R6 will be released as VESTA 9-1-1 06.00.00. Generally, a change to the zz portion of the version number will reflect a Fix (defined below). Therefore, a Fix to the VESTA 9-1-1 06.00.00, will be reflected as 06.00.01. A change to the yy portion of the version number will reflect an Update (defined below). Therefore, an Update to the VESTA 9-1-1 06.00.01 will be reflected as 06.01.01. A change to the xx portion of the version number will reflect an Upgrade (defined below) which may also include Updates and Fixes. Therefore, an Upgrade to the VESTA 9-1-1 06.01.01, will be reflected as 07.00.00. As part of the Support Program customers will receive Fixes, Updates and Upgrades at no additional charge as further defined below.

1.6 Conditions of the Support Program

1.6.1 Next Generation 9-1-1 Software Support Program

In order to keep the Support Program active, the Customer is required to:

1. Ensure that the End User maintains a Vesta Solutions application software and firmware release that is the current version or current version minus one Update (the yy portion of xx.yy.zz software version). In other words if, for example, the current version of VESTA 9-1-1 were 06.02.03, The End User may be on any version of 06.02.zz regardless of the “zz” number, or they may be on 06.01.zz regardless of the “zz” number. In this example, the End User would be out of compliance with this requirement if it were on VESTA 9-1-1 06.00.01 as the Update (yy number) would be older than current version minus one Update;
2. Pay all applicable Support Program Fees;
3. Comply with all terms and conditions of this Support Program

1.7 Customer’s Operating Environment Responsibilities

1.7.1 Hardware Operating Environment

It is the Customer’s responsibility to ensure that the hardware operating environment is fully functional and meets the Vesta Solutions and OEM minimum operating requirements. In the event a software or firmware Fix, Update or Upgrade is available hereunder and requires a hardware upgrade to implement, Customer is responsible for the cost of such hardware upgrade.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided “AS IS” without warranty of any kind.

1.7.2 Operating System and Ancillary Software and Firmware Environment

It is the Customer's responsibility to ensure that the operating system and ancillary software and firmware are fully functional, commercially available (except as otherwise agreed in writing by Vesta Solutions) and meet Vesta Solutions' minimum operating requirements for Vesta Solutions' software and firmware product(s). However, Vesta Solutions may provide fixes and/or updates for operating systems when applicable and available by the respective manufacturer. In the event a software or firmware Fix, Update or Upgrade provided hereunder requires an operating system and/or ancillary and/or third party software or firmware change to implement, the Customer is responsible for the cost of such operating system and/or ancillary and/or third party software or firmware change.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

2. SUPPORT SERVICES PROVIDED

2.1 Vesta Solutions' Technical Support Center

2.1.1 Telephone Support

As part of the Support Program, Vesta Solutions provides 7 day / 24 hour access to its Technical Support Center. This technical support is designed to support the Customer's technician who has been previously trained in the product about which they are calling. The Customer's technician is responsible for attempting to troubleshoot the problem prior to calling. In the event a Customer's technician is not adequately trained in the product about which he or she is calling, Vesta Solutions will request that additional Customer support be brought into the troubleshooting activity, and if the Customer is not able to provide additional support, Vesta Solutions may provide assistance at the prevailing Technical Support time and materials rates to Customers with an active Support Program. Vesta Solutions does not guarantee the provision of such services but may provide such at its discretion on a best efforts basis. Vesta Solutions will invoice Customer for such services following rendering and payment shall be due in accordance with Customer's contract with Vesta Solutions which governs the related software of firmware purchase.

2.1.2 Telephone Support Procedures

Accessing Vesta Solutions' Technical Support Center

Vesta Solutions' Technical Support Center may be accessed by the Customer's technician via our toll free number, 1-800-491-1734 or through email at TechSupport@VestaSolutions.com. With respect to any issue reported, the following information is requested:

- Caller's name
- Caller's company
- Call Center Name and Location
- Caller's contact number
- Severity of the problem
- Description of the problem
- When the problem first occurred
- If there were any recent changes to the system
- Operational impact of the problem
- How often the problem is occurring
- If the problem can be recreated
- What work was done thus far and the results of that work
- If the problem has been escalated within your company
- What other problems are occurring at the site
- If documentation is on-site and is it being used to resolve the problem

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

Upon contacting Vesta Solutions' Technical Support Center, the Customer's technician will receive a Case Number for tracking the service request. The Case Number will enable the Customer's technician to check the status of a case at any time by calling the Technical Support Center and selecting the applicable option.

2.1.3 Problem Diagnostics and Resolution

Vesta Solutions technical support personnel will assist the customer's technician in resolving the issue, but it is the Customer technician's responsibility to implement the solution. Because of the complexity of how the application interfaces with other devices and applications it is necessary that the Customer technician be able to understand the recommended solution and determine the applicability of the solution for the system being supported.

If the Customer technician is not able to resolve the issue it is expected the Customer bring in a second tier to support the effort. Vesta Solutions is not responsible for the actions of the Customer technician. If the problem is beyond the scope of the Vesta Solutions Technical Support Specialist, the problem will be escalated to a more senior Product Support Specialist and where necessary include development resources. Once the Customer resolves the problem, the Customer's technician will call the Technical Support Center to report resolution. The Vesta Solutions Technical Support Specialist will document the Customers repair activity into the case and then close the case.

2.2 Application Software and Firmware Program Fixes

Application software and firmware program Fixes are defined as resolutions to problems that result from a defect in the application software or firmware product or supplied documentation. Customers will be notified of the availability of program Fixes by a Vesta Solutions Product Change Notice. The Customer shall then contact Vesta Solutions' Order Management to order the program Fix at no additional charge provided that the Support Program is in effect. The program Fix will be available only within the current release of the product and subsequently will be incorporated into future software or firmware program updates. For the sake of accurate clarification as to the detected problem, the Customer is required to submit to Vesta Solutions a written description of the problem including date, time, position, any diagnostic data, and a general description of the problem. Such written description shall be sent to, or provided electronically to Vesta Solutions' Technical Support Center. Any change in the "zz" portion of the xx.yy.zz software version shall constitute an application software program Fix. For example a change from VESTA 9-1-1 06.01.02 to 06.01.03 represents an application software program Fix.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

2.3 Application Software and Firmware Program Updates

Application software and firmware program Updates are defined as minor enhancements to the already purchased product feature / functionality set. A product change is classified as minor, in the discretion of Vesta Solutions, based upon the impact of the change to the core functionality of the product. Customers will be notified by a Vesta Solutions Product Change Notice, of all application software and firmware program Updates, which occur within the term of the Support Program. The Customer shall then contact Vesta Solutions' Order Management to order the Update at no additional charge provided that the Support Program is in effect. Application software and firmware program Updates will roll into the existing Support Program, thereby not extending the term of the Support Program. Any change in the "yy" portion of the xx.yy.zz software version shall constitute an application software program Update. For example a change from VESTA 9-1-1 06.01.02 to 06.02.00 represents an application software program Update.

2.4 Application Software and Firmware Program Upgrades

Application software and firmware program Upgrades are defined as major enhancements to the already purchased product feature / functionality set or incremental new features or functionality. A product change is classified as an Upgrade in the discretion of Vesta Solutions. Customers will be notified by a Vesta Solutions Product Change Notice, of all application software and firmware program Upgrades, which occur within the term of the Support Program. The Customer may then contact Vesta Solutions' Order Management to order the Upgrade at no additional charge provided that the Support Program is in effect. Software and firmware program Upgrades will roll into the existing Support Program, thereby not extending the term of the Support Program. Any change in the numbers. Any change in the "xx" portion of the xx.yy.zz software version shall constitute an application software program Upgrade. For example a change from VESTA 9-1-1 06.01.02 to 07.00.00 represents an application software program Upgrade.

All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

3. SUPPORT SERVICES NOT PROVIDED

3.1 New Software and Firmware Modules Requiring Separate License

New software and firmware modules are defined as separate and significant functionality outside the already purchased feature set of the software and firmware products. New software and firmware modules are not included as part of this Support Program as they require a separate license. New software and firmware modules will be made available at a price to be determined upon their release. Examples of new products or modules include, but are not limited to the following: ESInet Interface Module (EIM), application protocol interfaces (API) such as an API for CAD, geodiversity, functionality to enable receipt and processing of pictures or images via MMS, fixed video files, social media, sensor data, video chat, DOT video cameras, security/border video cameras, streaming audio, and streaming video

3.2 On-site Installation or Project Management Support

On-site installation and/or project management services are not covered under this Support Program. Such services may be provided pursuant to a separate Statement of Work detailing the specific services to be rendered for a given project and the applicable price.

3.3 Training

Training is not covered under this Support Program. Training is available at Vesta Solutions' prevailing rates.

3.4 Remote Diagnostic and Resolution Services

Remote diagnostic and resolution services such as Managed Services and remote dial-in are not covered under this Support Program. Such services are available pursuant to Vesta Solutions' Managed Services Program at Vesta Solutions' prevailing rates.

3.5 Post Installation Support Limitations

Vesta Solutions' support obligations hereunder will not apply to any Vesta Solutions supported application software or firmware if correction of an error, adjustment, repair, or parts replacement is required because of:

- Accident, neglect, tampering, misuse, improper / insufficient grounding, failure of electric power, failure of the Customer, the End User and/or others to provide appropriate environmental conditions, relocation of hardware or software, or causes other than ordinary use.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

- Repair or alteration, or attempted repair or alteration of any Vesta Solutions supported product (hardware and/or software) by the Customer, the End User or others, unless otherwise approved in writing by Vesta Solutions.
- Connection of another machine, device, application or interface to Vesta Solutions supported equipment (hardware and/or software) by the Customer, the End User or others, which has caused damage to Vesta Solutions supported equipment.
- Damage or destruction caused by natural or man-made acts or disasters.
- Failure or degradation in performance of Vesta Solutions supported equipment (hardware and/or software) due to the installation of another machine, device, application or interface not specifically certified and approved by Vesta Solutions for use in the End User's environment.
- The operation of the software in a manner other than that currently specified by Vesta Solutions in its applicable Vesta Solutions product documentation.
- The failure of the Customer to provide suitable qualified and adequately trained operating and maintenance staff.
- Incompatible or faulty End User hardware and/or software interfaces.
- Modifications made without Vesta Solutions' written approval to the OS, network, hardware or software environment or software applications.

Further, support described herein does not include cosmetic repairs, refurbishment, furnishing consumables, supplies or accessories, making accessory changes, performance of preventive maintenance or system administration, or adding additional devices or software applications.

Vesta Solutions may provide assistance at the prevailing Technical Support time and materials rates to Customers with an active Support Program. Vesta Solutions does not guarantee the provision of such services but may provide such at its discretion on a best efforts basis. Vesta Solutions will invoice Customer for such services following rendering and payment shall be due in accordance with Customer's contract with Vesta Solutions which governs the related software and/or firmware purchase.

3.6 Other Services

Other services not specifically identified as being included in the support services provided hereunder are not included.

© 2018 Vesta Solutions, Inc. All rights reserved. This document is for informational purposes only. All trademarks, service marks, product names, brands, company names and logos appearing in this document are the property of their respective owners. This document is provided "AS IS" without warranty of any kind.

4. WARRANTY DISCLAIMER AND LIMITATION OF LIABILITY

This Support Program shall not be construed as providing a software or firmware warranty. Vesta Solutions' software and firmware warranty is set forth in its applicable End User License Agreement. In the event of a conflict between the language of this Article IV and the agreement pursuant to which Customer purchased the applicable Support Program, the terms of such agreement shall prevail.

WARRANTY DISCLAIMER:

THE WARRANTIES IN THIS AGREEMENT, IF ANY, ARE GIVEN IN LIEU OF AND EXPRESSLY EXCLUDE ALL OTHER WARRANTIES, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION (A) ANY WARRANTY THAT ANY SOFTWARE OR FIRMWARE IS ERROR-FREE, WILL OPERATE WITHOUT INTERRUPTION, OR IS COMPATIBLE WITH ALL EQUIPMENT, HARDWARE, FIRMWARE AND SOFTWARE CONFIGURATIONS; AND (B) ANY AND ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUALITY, OR ACCURACY OF INFORMATIONAL CONTENT.

LIMITATION OF LIABILITY:

IN NO EVENT SHALL VESTA SOLUTIONS, ITS SUPPLIERS OR SUBCONTRACTORS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES WHATSOEVER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF PROFITS OR ANY OTHER PECUNIARY LOSS ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE AND/OR FIRMWARE SUPPORTED HEREUNDER OR THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES, EVEN IF VESTA SOLUTIONS HAS BEEN ADVISED OF THE POSSIBLITY OF SUCH DAMAGES. IN NO EVENT SHALL VESTA SOLUTIONS' LIABILITY EXCEED THE AMOUNT PAID BY CUSTOMER FOR THIS SUPPORT PROGRAM.

1. SUPPORT PLAN SUMMARY

1.1 Introduction – Serving Our Customer's Needs

Motorola Solutions is committed to helping people be their best in the moments that matter. We appreciate the opportunity to propose this Support Plan which has been tailored to your specific needs. Our Service Delivery Team is focused on the health, system performance, and reliability of the VESTA® 9-1-1 solution. Your Service Manager maintains close and constant communications with you and will continually monitor and assess our service deliveries over the full lifecycle of the engagement. They will report to you in a fully transparent manner on our performance in meeting your specific needs and recommend any changes or adaptations where necessary.

Our goal is to build a service relationship you can trust and count on.

1.2 Service Management Overview – VESTA Services

Service Management and effective communication is the key to effective service delivery and relationship building. Our VESTA® Services program offers end-to-end Service Management and includes:

- Service Manager
- Service Desk
- Customer Web Portal
- Network Security Operations Center (NSOC)
- Technical Support Center
- Spares Management
- Originating Service Provider (OSP) Interface
- Support Engineers
- Preventive Maintenance

The Support Plan covers the following PSAP/Host locations.

Site ID	PSAP Name	Address	# of Positions

2. SERVICE MANAGEMENT

2.1 Service Manager

The Service Manager is assigned to work with you to support all aspects of your contracted services. Your Service Manager:

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

- Works with the NSOC, on-site engineers, Service Desk, Technical Support and Project Implementation teams, to oversee the delivery of services while ensuring agreed upon service levels are maintained.
- Works with you, the PSAPs, and the Service Team to establish and refine policies and procedures to ensure service performance is consistently delivered.
- Provides and reviews reports on service delivery and network performance metrics.
- Oversees the lifecycle of system & products supplying information regarding upgrades and updates.
- Serves as a point of escalation when service or support levels are not meeting expectations.
- Engages the appropriate resources, teams, and individuals to troubleshoot and facilitate the resolution of complex service issues.
- Serves as the liaison between you and our internal departments for escalated incidents.
- Provides timely and frequent informational updates about progress towards resolving incidents.

2.2 Service Desk

The Motorola Solutions Service Desk is the central point of contact to report VESTA® 9-1-1 incidents and submit change requests. Co-located with the Technical Support Center within the NSOC, the Service Desk maintains a holistic view of your service delivery environment.

The Service Desk can be reached 24/7 to assist with your service needs via:

- Telephone: 800.881.4245
- MyVESTA® Services web portal
- Email: VestaNSOC@MotorolaSolutions.com

NOTE: Critical and high priority incidents are not to be reported via email or the MyVESTA® Services web portal.

Product and system technical resources are ready to receive and take action on requests for service.

The Service Desk will:

- Open a case and categorize the reported issue or request
- Resolve incidents based on priority
- Perform analysis to assist in identifying a corrective action plan
- Escalate the incident/request to technical or service experts when required
- Engage the next level management to ensure timely problem resolution, when necessary
- Provide regular status updates for escalated incidents

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

2.2.1 Reporting Incidents

The Service Desk is staffed with trained technicians who remotely access your VESTA 9-1-1 solutions to begin troubleshooting. For accurate reporting and case tracking it is a requirement that all VESTA 9-1-1 issues are reported to the Service Desk.

At a minimum, when reporting an incident using the toll-free number above, the Service Desk will require:

- Customer name (Site)
- Caller's name
- Caller's contact number (supply alternate call back number)
- Description of the problem or request
- Operational impact of the problem (Severity)

Upon notification of the incident, the Service Desk will supply a case number for reference.

NOTE: For critical and high severities, the Service Desk will continue working with your personnel to begin troubleshooting. The Service Desk will notify the on-site technicians for engagement on the reported incident.

2.2.2 Severity Level and Response Definitions

For each reported or alert generated critical or high incident, the Service Desk will apply a Severity Level classification, which has an assigned target response time objective. This classification provides the means to manage the appropriate response and engagement processes.

Severity	Target Response Time	Description	Examples	Frequency
Critical 24/7	• Within 15 minutes notification will be provided via a phone call • Within two-hours support engineer will be on-site	The inability to receive or process 9-1-1 calls or loss of ALI	Reduction of 50% or more of system functionality regardless of the nature of the outage. Host Down – The back-room equipment of a multi-tenanted system is impacting the ability to process 9-1-1 calls at all sites PSAP / Site Down – A single site / PSAP / tenant who is unable to receive or process 9-1-1 calls. Calls cannot be presented, answered, or effectively transferred outside the affected site.	After the initial notification, hourly updates will be provided through restoral to a non-critical state.

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

Severity	Target Response Time	Description	Examples	Frequency
High 24/7	• Within 30 minutes, email notification will be provided • Within four-hours support engineer will be on-site • Within two-hours, notification will be made to designated personnel	The loss of critical functionality or multiple components. Examples of multiple components are: • No LTR audio logging • Loss of critical redundancy • Loss of multiple positions	Reduction of 10% or more of outgoing or incoming traffic in the system or the non-functioning of 9-1-1 call handling software features, recorders, interfaces, or other functions rendering the system less than 90% functional. Host Degraded – The back-room equipment of a multi-tenanted system is impaired so that it is not providing full redundancy PSAP / Site Degraded – A single site / PSAP tenant have an incident that impairs a feature of the system, but the site/PSAP is able to receive and process 9-1-1 calls.	Every two hours
Medium and Low 8/5/Next Business Day (Excluding Holidays)	• Within eight-hours of Medium/Low classification, the support engineer will address 7 a.m. to 5 p.m. local site time or next business day. • NOTE: All Critical and High severities will be prioritized over any Medium/Low severity.	The failure of a device/product that only impacts A single component or position	Minimal reduction of system operability or little to no effect on system operability and usability The loss of a single workstation or failure of a workstation component such as keyboard or monitor.	As needed

2.3 Customer Web Portal

The MyVESTA Services portal is your interface into our Incident Management system. The portal provides you access to your reported cases as seen by our NSOC, on-site engineers, and management.

The portal provides the ability to:

- Create new cases, obtain status updates on existing cases, or supply additional information 24/7
- Query statistical data or export to Excel, CSV, or PDF formats
- To filter and sort by State, PSAP, priority, and more
- Submit or obtain status on Requests for Change

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

- Identify scheduled events by viewing real-time status of delivery of scheduled events (e.g., change requests, service requests, and security patches).

2.4 Spare Parts

During the term of the Service and Support Plan, the customer should purchase and provide spare equipment to facilitate rapid restoration of services in the event of a hardware failure.

- An inventory of purchased spare components and parts necessary to keep the systems running properly for all PSAPs are kept in an agreed upon location to meet the designated service level objectives and to ensure there are no delays in obtaining replacement parts.
- Spares are used as needed and either repaired or replenished in accordance with the Motorola Solutions process.
- The spare inventory is reviewed quarterly to identify equipment and ensure the required stock is available.

2.5 Originating Service Provider

Acting as the single point of contact, Motorola Solutions will engage the Originating Service Provider (OSP), typically your Local Exchange Carrier, on your behalf and remain engaged with you and the OSP from incident inception through resolution.

- Through the use of a Letter of Authorization, Motorola Solutions will report service incidents on the network, 9-1-1 trunks or admin lines related to the functionality of the VESTA 9-1-1 solution to the OSP
- Motorola Solutions will coordinate with the OSP to ensure timely updates and resolution are provided

3. ON-SITE SERVICES

3.1 Motorola Solutions On-Site Services

Motorola Solutions will provide support engineers assigned to respond to your various PSAP locations.

- The Support Engineers are trained in the products and systems including, but not limited to, VESTA 9-1-1 and VESTA® Analytics
- For incidents that cannot be resolved remotely, Motorola Solutions will have local support engineers report onsite who will apply corrective measures to address any incidents
  - The support engineers will perform corrective actions and ensure break-fix requests are repaired in a timely and efficient manner
- The support engineer will perform preventative maintenance and any required on-site move, add, change requests
  - As part of routine maintenance, the support engineers will perform preventive maintenance tasks on the recommended scheduled interval as detailed below

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

- The local support resources will track and provide updates, via the Motorola Solutions ticketing system, on any requests made by onsite personnel
- Afterhours and on weekends our on-site support engineers will be available on an on-call basis for response to Critical and High incidents to meet response time requirements
- When necessary, the on-site support engineers will work with originating service providers (OSP) to correct reported incidents at the PSAP
- To the fullest extent possible, in the event of force majeure or other malicious acts, the Motorola Solutions on-site support engineers will perform the necessary actions to bring the system to full functionality. This includes access to management, tier 3 and 4 technicians as well as R&D resources when the need arises

3.2 Preventive Maintenance

As part of routine maintenance, the local support engineers will perform preventive maintenance checks based upon manufacturers' requirements at predetermined intervals.

- The schedule will be maintained by the Service Desk to ensure the VESTA 9-1-1 system is regularly maintained
- Monthly, Quarterly, or Annual preventive maintenance is completed based on manufacturers' recommendations to ensure optimal performance of the installed solution
- Documentation of completed Preventive Maintenance activities will be supplied for your records

Recommended routine maintenance at the host locations includes but is not limited to:

- Environmental – heat assessment and physical damage
- Hardware – physical review of equipment
- Software – review and update

3.3 Technical Support Center

The Technical Support Center is available 24/7 and can be reached via the Service Desk at 800.881.

Staffed with subject matter experts, the Tech Support Center:

- Investigates, troubleshoots, and in most cases, resolves incidents remotely
- Maintains a state-of-the-art lab to recreate reported issues
- Performs in-depth analysis
- Interfaces with R&D for escalated issues

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

3.4 On-Site Technicians Escalation Process

In the event of a technical concern or if you feel we are not meeting our on-site service obligations, outlined below is our escalation process.

Technical Escalation	Service Escalation
Dave Sullivan Technical Support Team Lead Dave.Sullivan@MotorolaSolutions.com Office: 951.719.2839	**Service Manger Name** Service Manager First.Last@MotorolaSolutions.com Office: Phone Number

4. NETWORK & SECURITY OPERATIONS CENTER

The NSOC monitors and provides on-going management of your system and works closely with the Service Desk.

The NSOC provides:

- Management of the full VESTA® Suite on a 24/7 basis
- Continuous remote monitoring of the performance and availability of the solution
- Virus protection and patch management
- Monitoring of throughput, latency, jitter and packet loss
- Creation of alerts based on thresholds and parameters and distributes notifications appropriately
- Monitoring of the environment at all data centers or points of presence where critical components are housed to ensure functionality
- Automatic notification emails to designated contacts for certain classifications of incidents
- Firewall and SBC Monitoring / Management - IP Packet Security on the Ingress and Egress portions of the solution
- Intrusion Detection - User and Environmental Behavioral Analysis (UEBA) looks at patterns of human (user) behavior, and then apply algorithms to detect meaningful anomalies from those patterns
- Authentication, Authorization and Accounting (AAA) leveraged to ensure only those allowed access, are able to access while logging what they were doing while connected
- Disaster Recovery through the buildout of Failure Domains and system Backups

4.1 Virus Protection

Motorola Solutions is able to mitigate risks to the system security by automatically distributing virus protection updates without involving personnel or compromising operations. We are able to accomplish this by using the installed high-speed secure (VPN) connection. Virus protection products are set to automatically detect and remove most viruses, Trojan horses, worms, and dangerous spyware providing additional assurance of system readiness and reliability.

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

4.2 Patch Management

Patch Management provides remote, schedulable delivery of critical (Motorola Solutions tested) Microsoft Security patches to monitored computers eliminating sneaker-net delivery of critical security patches. Installation of critical security patches is a crucial part of securing a PSAP against today's threats.

Through high-speed, secure remote connections, Motorola Solutions has the ability to automatically deploy new patches to remote sites. The actual deployment of the patch, including optimum installation time, acceptable reboot sequences, further 3rd Party testing, limited rollout, etc., is completely custom in nature (within the confines of the software and Motorola Solutions Patch Management Policy).

Each month, or during agreed upon customer requested timeframes, Motorola Solutions implements the latest Microsoft Security and Critical patches ensuring the VESTA 9-1-1 systems are up to date with the latest security and technical updates.

All Microsoft certified patches are put through Motorola Solutions test process to ensure optimal performance. To ensure timely installation, all patches are implemented following documented change management processes.

4.3 NSOC Escalation Process

In the event of a technical concern or if you feel we are not meeting our service obligations, outlined below is our escalation process.

Technical Escalation	Service Escalation
Dave Catron, NSOC Manager Dave.Catron@MotorolaSolutions.com Office: 951.719.2188	Service Manger Name, Service Manager First.Last@MotorolaSolutions.com Office: Phone Number

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

5. CHANGE REQUESTS

5.1 Moves, Adds, and Change Requests

The Moves, Adds, and Change (MAC) service change request is coordinated through the Service Desk. The change is initiated by completing a Request for Change (RFC). The RFC is used to document requested service changes. Motorola Solutions technical staff will assess and identify potential impact, risk, timeline, and any costs (if applicable) associated with the hardware, or component, integration to additional systems/networks, etc.

The change management process ensures that all service change requests are properly documented, reviewed, and approved by all stakeholders prior to implementation.

MAC requests require authorization by both Motorola Solutions and the PSAP.

The MAC process will be mutually agreed to but normally includes:

- Identification of the MAC changes requested by the PSAP.
- MAC requests will be completed using the defined change management process.
- Motorola Solutions will provide a clear statement of the requested scope of work, including responsible parties completing the request and the date and time the work has been coordinated with you or your designee.
- All MACs must be authorized by a representative of each engaged party prior to the MAC work being started.
- Motorola Solutions will prepare a quote for the proposed out of scope changes (e.g. work to be completed afterhours, additional hardware, relocation of VESTA 9-1-1 equipment outside of the current PSAP, additional software or licenses).
- A purchase order is to be issued for out of scope work prior to work commencing.
- The MAC process is not the same as a change order (e.g. system expansion or customer requested reconfiguration) and is not to be treated as such.

5.2 Change Management Process

Motorola Solutions utilizes a detailed, ITIL based change management process to ensure standardized methods and procedures are followed for efficient and prompt handling of all changes. The change management process allows Motorola Solutions to avoid/minimize the impact of change-related incidents on service delivery, and prevent any disruption to your day-to-day operations.

A service change request follows the Motorola Solutions Change Management Process which includes the following steps:

- Create Service Request for Change
- Review and Assess Service Request for Change
- Develop Implementation Plan
- Identify Rollback Plan
- Change Approval
- Implement Change
- Test the Change
- Close Change/Rollback

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

The Service Manager fulfills the role of Change Manager. Information about changes in requirements, network services, application patches, software updates, new service requests, or any other source of change is tracked in the Motorola Solutions change management system.

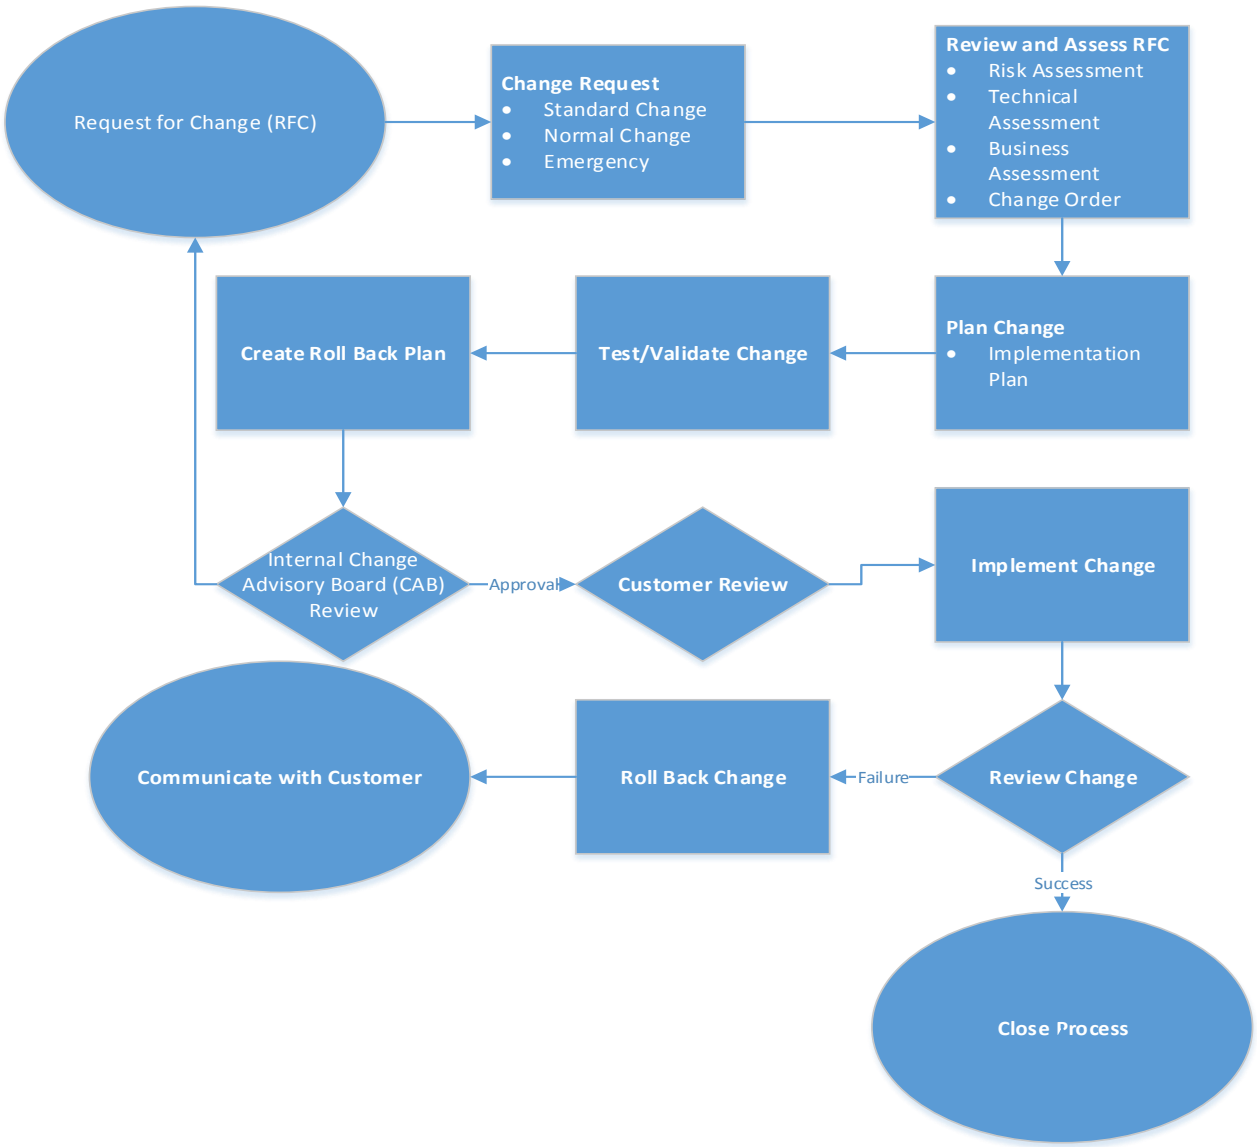

FIGURE 1 CHANGE MANAGEMENT PROCESS FLOW

6. SUMMARY

6.1 Summary

Our Support Plan includes the following key Services Elements:

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

- **Single point of contact.** A Service Manager who maintains close communication with you and serves as a point of escalation when service or support levels are not meeting expectations.
- **Service Desk.** One place to report incidents and place requests. Reported incidents are correlated with alerts received from the NSOC for reduced root cause determination.
- **MyVESTA ServicesCustomer Web Portal.** Enhanced access to case status and resolution details.
- **Preventive Maintenance.** Supporting optimal performance of the installed solution by performing periodic preventive maintenance reviews of the sites environment, hardware, and software.
- **Network Security Operations Center.** Continuous monitoring and response of the Motorola solution as well as providing notification of critical and high alerts.
- **Technical Support Center.** Staffed with subject matter experts to handle escalated cases.
- **Local Support Engineers.** Skilled and certified support engineers who will provide resolution to trouble requests and complete MAC changes.

6.2 Benefits to Your Agency

- **Maximize Performance.** Increase system uptime and quality of service through fast detection of service disruptions and restoration of services
- **Save Time.** Take back valuable minutes and better allocate resources with proactive monitoring that helps reduce truck rolls and IT support requests
- **Rely on Trusted Expertise.** Depend on our skilled team to be the first line of defense and have greater peace of mind
- **Reduce Risk.** Gain visibility, enhance performance and increase cyber security with our full suite of NSOC offerings.

7. CONDITIONS AND EXCLUSIONS

7.1 Conditions

Motorola Solutions services ensures the optimal performance of your 9-1-1 systems. In order to provide a consistent level of quality services, the following conditions and limitations apply:

- On-site intervention requires the PSAP personnel to provide site access.
- Remote monitoring, troubleshooting, and restoration require that the PSAP provides direct remote access to all locations and equipment and that you have the necessary equipment and connectivity available for the remote access session.
- The PSAP must operate hardware and software per its intended use per the Purchase Agreement between Motorola Solutions and the PSAP. Equipment may not be covered if exposed to misuse, damage, unauthorized modification or other abuse or used in a manner for which it was not designed.
- Equipment must be operated in a normal environment and protected from adverse conditions, which may impact performance and / or damage equipment.

7.2 Exclusions

Motorola Solutions service and support obligations hereunder will not apply to any Motorola Solutions supported software or hardware if correction of an error, adjustment, repair, or parts replacement is required because of:

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

- Accident, neglect, tampering, misuse, improper / insufficient grounding, failure of electric power, failure of the Customer and/or others to provide appropriate environmental conditions, relocation of hardware or software, or causes other than ordinary use.
- Repair or alteration, or attempted repair or alteration of any supported hardware and/or software by the Customer or others, unless otherwise approved in writing by Motorola Solutions.
- Connection of another machine, device, application, or interface to Motorola Solutions supported equipment (hardware and/or software) by the Customer or others, which has caused damage to Motorola Solutions supported equipment.
- Damage or destruction caused by natural or man-made acts or disasters.
- Failure or degradation in performance of Motorola Solutions supported equipment (hardware and/or software) due to the installation of another machine, device, application, or interface not specifically certified and approved by Motorola Solutions for use in the Customer's environment.
- The operation of the software in a manner other than that currently specified in applicable product documentation.
- Incompatible or faulty Customer hardware and/or software interfaces.
- Modifications made without Motorola Solutions written approval to the OS, network, hardware or software environment or software applications.

Further, support described herein does not include cosmetic repairs, furnishing consumables, supplies, or accessories, making accessory changes, system administration, or adding additional devices or non-approved Motorola Solutions software applications.

MOTOROLA, MOTO, MOTOROLA SOLUTIONS and the Stylized M Logo are trademarks or registered trademarks of Motorola Trademark Holdings, LLC and are used under license. All other trademarks are the property of their respective owners. © 2018 Motorola Solutions, Inc. All rights reserved.

5.8 MONITORING

Motorola Solutions is providing a robust monitoring solution that includes active system monitoring and reporting 24 hours a day, 7 days a week, 365 days a year to quickly detect, report, diagnose, and solve solution performance problems and outages. A customer portal that allows users to open cases and check on the status of cases is provided. Service Managers provide monthly.

The detailed description of the proposed monitoring solution has been provided in section 5.3.

5.9 DOCUMENTATION UPON COMPLETION

Motorola Solutions will provide two (2) complete sets of as-built network drawings upon award.

SECTION 6

TERMS AND CONDITIONS

6.1 COMMUNICATIONS SYSTEM AND SERVICES AGREEMENT

Use or disclosure of this proposal is subject to the restrictions on the cover page.

Motorola's proposal is based on the use of the below terms and conditions or a negotiated version thereof.

Communications System and Services Agreement

Motorola Solutions, Inc. ("Motorola") and _____ ("Customer") enter into this "Agreement," pursuant to which Customer will purchase and Motorola will sell the System and Services, as described below. Motorola and Customer may be referred to individually as a "Party" and collectively as the "Parties." For good and valuable consideration, the Parties agree as follows:

Section 1 ATTACHMENTS

1.1. EXHIBITS. The Exhibits listed below are exhibits related to the System sale and implementation. These Exhibits are incorporated into and made a part of this Agreement.

Exhibit A "Motorola Software License Agreement"
Exhibit B "Payment"
Exhibit C Technical and Implementation Documents
- C-1 "System Description" dated _____
- C-2 "Pricing Summary & Equipment List" dated _____
- C-3 "Implementation Statement of Work" dated _____
- C-4 "Acceptance Test Plan" or "ATP" dated _____
- C-5 "Performance Schedule" dated _____

Exhibit D "System Acceptance Certificate"

1.2. ADDENDUM (ADDENDA). Customer may elect to purchase professional or subscription services in addition to the System and related services. Any such services will be governed by the terms in the main body of the Agreement and an applicable Addendum containing terms specific to such service. Such Addenda will be labeled with the name of the service being purchased.

1.3 ORDER OF PRECEDENCE. In interpreting this Agreement and resolving any ambiguities: 1) the main body of this Agreement takes precedence over the exhibits (unless otherwise specified in an exhibit), and any inconsistency between Exhibits A through D will be resolved in their listed order, and 2) The applicable service Addendum will take precedence over the main body of the Agreement and the Exhibits.

Section 2 DEFINITIONS

Capitalized terms used in this Agreement have the following meanings:

"Acceptance Tests" means those tests described in the Acceptance Test Plan.

"Addendum (Addenda)" is the title of the document(s) containing a specific set of terms and conditions applicable to a particular service or other offering beyond the Communication System and System implementation services. The terms in the Addendum are applicable only to the specific service or offering described therein.

"Administrative User Credentials" means an account that has total access over the operating system, files, end user accounts and passwords at either the System level or box level. Customer's personnel with access to the Administrative User Credentials may be referred to as the Administrative User.

"Beneficial Use" means when Customer first uses the System or a Subsystem for operational purposes (excluding training or testing).

"Confidential Information" means all information consistent with the fulfillment of this Agreement that is (i) disclosed under this Agreement in oral, written, graphic, machine recognizable, and/or sample form, being clearly designated, labeled or marked as confidential or its equivalent or (ii) obtained by examination, testing or analysis of any hardware, software or any component part thereof provided by discloser to recipient. The nature and existence of this Agreement are considered Confidential Information. Confidential Information that is disclosed orally must be identified as confidential at the time of disclosure and confirmed by the discloser by submitting a written document to the recipient within thirty (30) days after such disclosure. The written document must contain a summary of the Confidential Information disclosed with enough specificity for identification purpose and must be labeled or marked as confidential or its equivalent.

"Contract Price" means the price for the System and implementation Services, excluding applicable sales or similar taxes and freight charges. Further, unless otherwise stated in Exhibit B, "Payment" or the pricing pages of the proposal, recurring fees for maintenance, SUA, or subscription services are not included in the Contract Price.

"Deliverables" means all written information (such as reports, specifications, designs, plans, drawings, analytics, Solution Data, or other technical or business information) that Motorola prepares for Customer in the performance of the Services and is obligated to provide to Customer under this Agreement. The Deliverables, if any, are more fully described in the Statement of Work.

"**Derivative Proprietary Materials**" means derivatives of the Proprietary Materials that Motorola may from time to time, including during the course of providing the Services, develop and/or use and/or to which Motorola provides Customer access.

"Effective Date" means that date upon which the last Party executes this Agreement.

"Equipment" means the hardware components of the Solution that Customer purchases from Motorola under this Agreement. Equipment that is part of the System is described in the Equipment List.

"**Feedback"** means comments or information, in oral or written form, given to Motorola by Customer in connection with or relating to Equipment or Services, during the term of this Agreement.

"Force Majeure" means an event, circumstance, or act that is beyond a Party's reasonable control, such as an act of God, an act of the public enemy, an act of a government entity, strikes, other labor disturbances, supplier performance, hurricanes, earthquakes, fires, floods, epidemics, embargoes, war, riots, or any other similar cause.

"Motorola Software" means software that Motorola or its affiliated companies owns.

"Non-Motorola Software" means software that a party other than Motorola or its affiliated companies owns.

"Open Source Software" (also called "freeware" or "shareware") means software with either freely obtainable source code, license for modification, or permission for free distribution.

"Proprietary Materials" means certain software tools and/or other technical materials, including, but not limited to, data, modules, components, designs, utilities, subsets, objects, program listings, models, methodologies, programs, systems, analysis frameworks, leading practices and specifications which Motorola has developed prior to, or independently from, the provision of the Services and/or which Motorola licenses from third parties.

"Proprietary Rights" means the patents, patent applications, inventions, copyrights, trade secrets, trademarks, trade names, mask works, know-how, and other intellectual property rights in and to the

Equipment and Software, including those created or produced by Motorola under this Agreement and any corrections, bug fixes, enhancements, updates or modifications to or derivative works from the Software whether made by Motorola or another party.

"Services" means system implementation, maintenance, support, subscription, or other professional services provided under this Agreement, which may be further described in the applicable Addendum and/or SOW.

"Software" (i) means proprietary software in object code format, and adaptations, translations, de-compilations, disassemblies, emulations, or derivative works of such software; (ii) means any modifications, enhancements, new versions and new releases of the software provided by Motorola; and (iii) may contain one or more items of software owned by a third party supplier. The term "Software" does not include any third party software provided under separate license or third party software not licensable under the terms of this Agreement.

"Software License Agreement" means the Motorola Software License Agreement (Exhibit A).

"Software Support Policy" ("SwSP") means the policy set forth at http://www.motorolasolutions.com/softwarepolicy describing the specific technical support that will be provided to Customers under the Warranty Period and during any paid maintenance support period for Motorola Software. This policy may be modified from time to time at Motorola's discretion.

"Solution" means the combination of the System(s) and Services provided by Motorola under this Agreement.

"Solution Data" means Customer data that is transformed, altered, processed, aggregated, correlated or operated on by Motorola, its vendors or other data sources and data that has been manipulated or retrieved using Motorola know-how to produce value-added content to data consumers, including customers or citizens which is made available to Customer with the Solution and Services.

"Specifications" means the functionality and performance requirements that are described in the Technical and Implementation Documents.

"SUA" or "SUA II" means Motorola's Software Upgrade Agreement program.

"Subsystem" means a major part of the System that performs specific functions or operations. Subsystems are described in the Technical and Implementation Documents.

"System" means the Equipment, including incidental hardware and materials, Software, and design, installation and implementation services that are combined together into an integrated system; the System(s) is (are) described in the Technical and Implementation Documents.

"System Acceptance" means the Acceptance Tests have been successfully completed.

"**System Data**" means data created by, in connection with or in relation to Equipment or the performance of Services under this Agreement.

"Warranty Period" for System Hardware, Software, or services related to system implementation means one (1) year from the date of System Acceptance or Beneficial Use, whichever occurs first. Unless otherwise stated in the applicable Addendum, Warranty Period for other Services means ninety (90) days from performance of the Service.

Section 3 SCOPE OF AGREEMENT AND TERM

3.1. SCOPE OF WORK. Motorola will provide, install and test the System(s), and perform its other

contractual responsibilities to provide the Solution, all in accordance with this Agreement. Customer will perform its contractual responsibilities in accordance with this Agreement.

3.2. CHANGE ORDERS. Either Party may request changes within the general scope of this Agreement. If a requested change causes an increase or decrease in the cost or time required to perform this Agreement, the Parties will agree to an equitable adjustment of the Contract Price or applicable subscription fees, Performance Schedule, or both, and will reflect the adjustment in a change order or Addendum. Neither Party is obligated to perform requested changes unless both Parties execute a written change order.

3.3. TERM. Unless terminated in accordance with other provisions of this Agreement or extended by mutual agreement of the Parties, the term of this Agreement begins on the Effective Date and continues until the date of Final Project Acceptance or expiration of the Warranty Period, or completion of the Services, whichever occurs last. The term and the effective date of recurring Services will be set forth in the applicable Addendum.

3.4. ADDITIONAL EQUIPMENT OR SOFTWARE. For three (3) years after the expiration date of the Agreement, Customer may order additional Equipment or Software, if it is then available. Each purchase order must refer to this Agreement, the expiration date of the Agreement, and must specify the pricing and delivery terms. The Parties agree that, notwithstanding expiration of the Agreement, the applicable provisions of this Agreement (except for pricing, delivery, passage of title and risk of loss to Equipment, warranty commencement, and payment terms) will govern the purchase and sale of the additional Equipment or Software. Additional or contrary terms in the purchase order will be inapplicable, unless signed by both parties. Title and risk of loss to additional Equipment will pass at shipment, warranty will commence upon delivery, and payment is due within thirty (30) days after the invoice date. Motorola will send Customer an invoice as the additional Equipment is shipped or Software is licensed. Alternatively, Customer may register with and place orders through Motorola Online ("MOL"), and this Agreement will be the "Underlying Agreement" for those MOL transactions rather than the MOL On-Line Terms and Conditions of Sale. MOL registration and other information may be found at https://businessonline.motorolasolutions.com and the MOL telephone number is (800) 814-0601.

3.5. MOTOROLA SOFTWARE. Any Motorola Software, including subsequent releases, is licensed to Customer solely in accordance with the Software License Agreement. Customer hereby accepts and agrees to abide by all of the terms and restrictions of the Software License Agreement.

3.6. NON-MOTOROLA SOFTWARE. Any Non-Motorola Software is licensed to Customer in accordance with the standard license, terms, and restrictions of the copyright owner on the Effective Date unless the copyright owner has granted to Motorola the right to sublicense the Non-Motorola Software pursuant to the Software License Agreement, in which case it applies and the copyright owner will have all of Licensor's rights and protections under the Software License Agreement. Motorola makes no representations or warranties of any kind regarding Non-Motorola Software. Non-Motorola Software may include Open Source Software.

3.7. SUBSTITUTIONS. At no additional cost to Customer, Motorola may substitute any Equipment, Software, or services to be provided by Motorola, if the substitute meets or exceeds the Specifications and is of equivalent or better quality to the Customer. Any substitution will be reflected in a change order.

3.8. OPTIONAL EQUIPMENT OR SOFTWARE. This paragraph applies only if a "Priced Options" exhibit is shown in Section 1, or if the parties amend this Agreement to add a Priced Options exhibit. During the term of the option as stated in the Priced Options exhibit (or if no term is stated, then for one (1) year after the Effective Date), Customer has the right and option to purchase the equipment, software, and related services that are described in the Priced Options exhibit. Customer may exercise this option by giving written notice to Seller which must designate what equipment, software, and related services Customer is selecting (including quantities, if applicable). To the extent they apply, the terms and conditions of this Agreement will govern the transaction; however, the parties acknowledge that certain

provisions must be agreed upon, and they agree to negotiate those in good faith promptly after Customer delivers the option exercise notice. Examples of provisions that may need to be negotiated are: specific lists of deliverables, statements of work, acceptance test plans, delivery and implementation schedules, payment terms, maintenance and support provisions, additions to or modifications of the Software License Agreement, hosting terms, and modifications to the acceptance and warranty provisions.

Section 4 SERVICES

4.1. If Customer desires and Motorola agrees to continue Services beyond the Term, Customer's issuance and Motorola's acceptance of a purchase order for Services will serve as an automatic extension of the Agreement for purposes of the continuing Services. Only the terms and conditions applicable to the performance of Services will apply to the extended Agreement.

4.2. During the Warranty Period, in addition to warranty services, Motorola will provide maintenance Services for the Equipment and support for the Motorola Software pursuant to the applicable maintenance and support Statements of Work. Support for the Motorola Software will be in accordance with Motorola's established Software Support Policy. Copies of the SwSP can be found at http://www.motorolasolutions.com/softwarepolicy and will be sent by mail, email or fax to Customer upon written request. Maintenance Services and support during the Warranty Period are included in the Contract Price. Unless already included in the Contract Price, if Customer wishes to purchase 1) additional maintenance or software support services during the Warranty Period; or 2) continue or expand maintenance, software support, installation, and/or SUA services after the Warranty Period, Motorola will provide the description of and pricing for such services in a separate proposal document. Unless otherwise agreed by the parties in writing, the terms and conditions in this Agreement applicable to maintenance, support, installation, and/or SUA Services, will be included in the Maintenance and Support Addendum, SUA Addendum, the applicable Statements of Work, and the proposal, (if applicable). These collective terms will govern the provision of such Services.

To obtain any such additional Services, Customer will issue a purchase order referring to this Agreement and the separate proposal document. Omission of reference to this Agreement in Customer's purchase order will not affect the applicability of this Agreement. Motorola's proposal may include a cover page entitled "Service Agreement" or "Installation Agreement", as applicable, and other attachments. These cover pages and other attachments are incorporated into this Agreement by this reference

4.3. PROFESSIONAL AND SUBSCRIPTION SERVICES. If Customer purchases professional or subscription Services as part of the Solution, additional or different terms specific to such Service will be included in the applicable Addendum and will apply to those Services. Customer may purchase additional professional or subscription services by issuing a purchase order referencing this Agreement and Motorola's proposal for such additional services.

4.4. Any information in the form of specifications, drawings, reprints, technical information or otherwise furnished to Customer in providing Services under this Agreement or Motorola data viewed, accessed, will remain Motorola's property, will be deemed proprietary, Confidential Information. This Confidential Information will be promptly returned at Motorola's request.

4.5. TOOLS. All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of providing Services under this Agreement will be and remain the sole property of Motorola. Customer will safeguard all such property while it is in Customer's custody or control, be liable for any loss or damage to this property, and return it to Motorola upon request. This property will be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction. Upon termination of the contract for any reason, Customer shall return to Motorola all equipment delivered to Customer.

4.6. COVENANT NOT TO EMPLOY. During the term of this Agreement and continuing for a period of

two (2) years thereafter, Customer will not hire, engage on contract, solicit the employment of, or recommend employment to any third party of any employee of Motorola or its subcontractors without the prior written authorization of Motorola. This provision applies only to those employees of Motorola or its subcontractors who are responsible for rendering Services under this Agreement. If this provision is found to be overly broad under applicable law, it will be modified as necessary to conform to applicable law.

4.7. CUSTOMER OBLIGATIONS. If the applicable Statement of Work or Addendum contains assumptions that affect the Services or Deliverables, Customer will verify that they are accurate and complete. Any information that Customer provides to Motorola concerning the Services or Deliverables will be accurate and complete in all material respects. Customer will make timely decisions and obtain any required management approvals that are reasonably necessary for Motorola to perform the Services and its other duties under this Agreement. Unless the Statement of Work states the contrary, Motorola may rely upon and is not required to evaluate, confirm, reject, modify, or provide advice concerning any assumptions and Customer-provided information, decisions and approvals described in this paragraph.

4.8. ASSUMPTIONS. If any assumptions or conditions contained in this Agreement, applicable Addenda or Statements of Work prove to be incorrect or if Customer's obligations are not performed, Motorola's ability to perform under this Agreement may be impacted and changes to the Contract Price, subscription fees, project schedule, Deliverables, or other changes may be necessary.

4.9. NON-PRECLUSION. If, as a result of the Services performed under this Agreement, Motorola recommends that Customer purchase products or other services, nothing in this Agreement precludes Motorola from participating in a future competitive bidding process or otherwise offering or selling the recommended products or other services to Customer. Customer represents that this paragraph does not violate its procurement or other laws, regulations, or policies.

4.10. PROPRIETARY MATERIALS. Customer acknowledges that Motorola may use and/or provide Customer with access to Proprietary Materials and Derivative Proprietary Materials. The Proprietary Materials and the Derivative Proprietary Materials are the sole and exclusive property of Motorola and Motorola retains all right, title and interest in and to the Proprietary Materials and Derivative Proprietary Materials.

4.11. ADDITIONAL SERVICES. Any services performed by Motorola outside the scope of this Agreement at the direction of Customer will be considered to be additional Services which are subject to additional charges. Any agreement to perform additional Services will be reflected in a written and executed change order, Addendum or amendment to this Agreement.

Section 5 PERFORMANCE SCHEDULE

The Parties will perform their respective responsibilities in accordance with the Performance Schedule. By executing this Agreement, Customer authorizes Motorola to proceed with contract performance.

Section 6 CONTRACT PRICE, PAYMENT AND INVOICING

6.1. Customer affirms that a purchase order or notice to proceed is not required for contract performance or for subsequent years of service, if any, and that sufficient funds have been appropriated in accordance with applicable law. The Customer will pay all invoices as received from Motorola and any changes in scope will be subject to the change order process as described in this Agreement. At the time of execution of this Agreement, the Customer will provide all necessary reference information to include on invoices for payment in accordance with this Agreement.

6.2. CONTRACT PRICE. The Contract Price in U.S. dollars is $_____. If applicable, a pricing summary is included with the Payment schedule in Exhibit B. Motorola has priced

the Services, Software, and Equipment as an integrated System. A change in Software or Equipment quantities, or Services, may affect the overall Contract Price, including discounts if applicable. Fees for professional, SUA, and/or subscription services which are not included in the Contract Price may be listed in Exhibit B, the pricing pages of the proposal, or the applicable Addendum.

6.3. INVOICING AND PAYMENT. Motorola will submit invoices to Customer according to the Payment schedule in Exhibit B. Except for a payment that is due on the Effective Date, Customer will make payments to Motorola within thirty (30) days after the date of each invoice. Customer will make payments when due in the form of a wire transfer, check, or cashier's check from a U.S. financial institution. Overdue invoices will bear simple interest at the maximum allowable rate. For reference, the Federal Tax Identification Number for Motorola is 36-1115800.

6.4. FREIGHT, TITLE, AND RISK OF LOSS. Motorola will pre-pay and add all freight charges to the invoices. Title and risk of loss to the Equipment will pass to Customer upon shipment. Title to Software will not pass to Customer at any time. Motorola will pack and ship all Equipment in accordance with good commercial practices.

6.5. INVOICING AND SHIPPING ADDRESSES. Invoices will be sent to the Customer at the following address:
Name:_____
Address:_____
Phone:_____
Email:_____

The address which is the ultimate destination where the Equipment will be delivered to Customer is:
Name:_____
Address:_____

The Equipment will be shipped to the Customer at the following address (insert if this information is known):
Name:_____
Address:_____
Phone:_____

Customer may change this information by giving written notice to Motorola.

Section 7 SITES AND SITE CONDITIONS

7.1. ACCESS TO SITES. In addition to its responsibilities described elsewhere in this Agreement, Customer will provide a designated project manager; all necessary construction and building permits, zoning variances, licenses, and any other approvals that are necessary to develop or use the sites and mounting locations; and access to the worksites or vehicles identified in the Technical and Implementation Documents as reasonably requested by Motorola so that it may perform its duties in accordance with the Performance Schedule and Statement of Work. If the Statement of Work so indicates, Motorola may assist Customer in the local building permit process.

7.2. SITE CONDITIONS. Customer will ensure that all work sites it provides will be safe, secure, and in compliance with all applicable industry and OSHA standards. To the extent applicable and unless the Statement of Work states to the contrary, Customer will ensure that these work sites have adequate: physical space; air conditioning and other environmental conditions; adequate and appropriate electrical power outlets, distribution, equipment and connections; and adequate telephone or other communication lines (including modem access and adequate interfacing networking capabilities), all for the installation, use and maintenance of the System. Before installing the Equipment or Software at a work site, Motorola may inspect the work site and advise Customer of any apparent deficiencies or non-conformities with the requirements of this Section. This Agreement is predicated upon normal soil conditions as defined by the

version of E.I.A. standard RS-222 in effect on the Effective Date.

7.3. SITE ISSUES. If a Party determines that the sites identified in the Technical and Implementation Documents are no longer available or desired, or if subsurface, structural, adverse environmental or latent conditions at any site differ from those indicated in the Technical and Implementation Documents, the Parties will promptly investigate the conditions and will select replacement sites or adjust the installation plans and specifications as necessary. If change in sites or adjustment to the installation plans and specifications causes a change in the cost or time to perform, the Parties will equitably amend the Contract Price, Performance Schedule, or both, by a change order.

Section 8 TRAINING

Any training to be provided by Motorola to Customer will be described in the applicable Statement of Work. Customer will notify Motorola immediately if a date change for a scheduled training program is required. If Motorola incurs additional costs because Customer reschedules a training program less than thirty (30) days before its scheduled start date, Motorola may recover these additional costs.

Section 9 SYSTEM ACCEPTANCE

9.1. COMMENCEMENT OF ACCEPTANCE TESTING. Motorola will provide to Customer at least ten (10) days notice before the Acceptance Tests commence. System testing will occur only in accordance with the Acceptance Test Plan.

9.2. SYSTEM ACCEPTANCE. System Acceptance will occur upon successful completion of the Acceptance Tests. Upon System Acceptance, the Parties will memorialize this event by promptly executing a System Acceptance Certificate. If the Acceptance Test Plan includes separate tests for individual Subsystems or phases of the System, acceptance of the individual Subsystem or phase will occur upon the successful completion of the Acceptance Tests for the Subsystem or phase, and the Parties will promptly execute an acceptance certificate for the Subsystem or phase. If Customer believes the System has failed the completed Acceptance Tests, Customer will provide to Motorola a written notice that includes the specific details of the failure. If Customer does not provide to Motorola a failure notice within thirty (30) days after completion of the Acceptance Tests, System Acceptance will be deemed to have occurred as of the completion of the Acceptance Tests. Minor omissions or variances in the System that do not materially impair the operation of the System as a whole will not postpone System Acceptance or Subsystem acceptance, but will be corrected according to a mutually agreed schedule.

9.3. BENEFICIAL USE. Customer acknowledges that Motorola's ability to perform its implementation and testing responsibilities may be impeded if Customer begins using the System before System Acceptance. Therefore, Customer will not commence Beneficial Use before System Acceptance without Motorola's prior written authorization, which will not be unreasonably withheld. Motorola is not responsible for System performance deficiencies that occur during unauthorized Beneficial Use. Upon commencement of Beneficial Use, Customer assumes responsibility for the use and operation of the System.

9.4. FINAL PROJECT ACCEPTANCE. Final Project Acceptance will occur after System Acceptance when all deliverables and other work have been completed. When Final Project Acceptance occurs, the parties will promptly memorialize this final event by so indicating on the System Acceptance Certificate.

Section 10 REPRESENTATIONS AND WARRANTIES

10.1. SYSTEM FUNCTIONALITY. Motorola represents that the System will perform in accordance with the Specifications in all material respects. Upon System Acceptance or Beneficial Use, whichever occurs first, this System functionality representation is fulfilled. Motorola is not responsible for System performance deficiencies that are caused by ancillary equipment not furnished by Motorola which is attached to or used in connection with the System or for reasons or parties beyond Motorola's control,

such as natural causes; the construction of a building that adversely affects the microwave path reliability or radio frequency (RF) coverage; the addition of frequencies at System sites that cause RF interference or intermodulation; or Customer changes to load usage or configuration outside the Specifications.

10.2. EQUIPMENT WARRANTY. During the Warranty Period, Motorola warrants that the Equipment under normal use and service will be free from material defects in materials and workmanship. If System Acceptance is delayed beyond six (6) months after shipment of the Equipment by events or causes beyond Motorola's control, this warranty expires eighteen (18) months after the shipment of the Equipment.

10.3. SOFTWARE WARRANTY. Except as described in the SwSP and unless otherwise stated in the Software License Agreement, during the Warranty Period, Motorola warrants the Software in accordance with the warranty terms set forth in the Software License Agreement and the provisions of this Section that are applicable to the Software. If System Acceptance is delayed beyond six (6) months after shipment of the Motorola Software by events or causes beyond Motorola's control, this warranty expires eighteen (18) months after the shipment of the Motorola Software. **Nothing in this Warranty provision is intended to conflict or modify the Software Support Policy. In the event of an ambiguity or conflict between the Software Warranty and Software Support Policy, the Software Support Policy governs.**

10.4. EXCLUSIONS TO EQUIPMENT AND SOFTWARE WARRANTIES. These warranties do not apply to: (i) defects or damage resulting from: use of the Equipment or Software in other than its normal, customary, and authorized manner; accident, liquids, neglect, or acts of God; testing, maintenance, disassembly, repair, installation, alteration, modification, or adjustment not provided or authorized in writing by Motorola; Customer's failure to comply with all applicable industry and OSHA standards; (ii) breakage of or damage to antennas unless caused directly by defects in material or workmanship; (iii) Equipment that has had the serial number removed or made illegible; (iv) batteries (because they carry their own separate limited warranty) or consumables; (v) freight costs to ship Equipment to the repair depot; (vi) scratches or other cosmetic damage to Equipment surfaces that does not affect the operation of the Equipment; and (vii) normal or customary wear and tear.

10.5. SERVICE WARRANTY. During the Warranty Period, Motorola warrants that the Services will be provided in a good and workmanlike manner and will conform in all material respects to the applicable Statement of Work. Services will be free of defects in materials and workmanship for a period of ninety (90) days from the date the performance of the Services are completed. Customer acknowledges that the Deliverables may contain recommendations, suggestions or advice from Motorola to Customer (collectively, "recommendations"). Motorola makes no warranties concerning those recommendations, and Customer alone accepts responsibility for choosing whether and how to implement the recommendations and the results to be realized from implementing them.

10.6. WARRANTY CLAIMS. To assert a warranty claim, Customer must notify Motorola in writing of the claim before the expiration of the Warranty Period. Upon receipt of this notice, Motorola will investigate the warranty claim. If this investigation confirms a valid Equipment or Software warranty claim, Motorola will (at its option and at no additional charge to Customer) repair the defective Equipment or Motorola Software, replace it with the same or equivalent product, or refund the price of the defective Equipment or Motorola Software. These actions will be the full extent of Motorola's liability for the warranty claim. In the event of a valid Services warranty claim, Customer's sole remedy is to require Motorola to re-perform the non-conforming Service or to refund, on a pro-rata basis, the fees paid for the non-conforming Service. If this investigation indicates the warranty claim is not valid, then Motorola may invoice Customer for responding to the claim on a time and materials basis using Motorola's then current labor rates. Repaired or replaced product is warranted for the balance of the original applicable warranty period. All replaced products or parts will become the property of Motorola.

10.7. ORIGINAL END USER IS COVERED. These express limited warranties are extended by Motorola to the original user purchasing the System or Services for commercial, industrial, or

governmental use only, and are not assignable or transferable.

10.8. DISCLAIMER OF OTHER WARRANTIES. THESE WARRANTIES ARE THE COMPLETE WARRANTIES FOR THE EQUIPMENT AND MOTOROLA SOFTWARE PROVIDED UNDER THIS AGREEMENT AND ARE GIVEN IN LIEU OF ALL OTHER WARRANTIES. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

Section 11 DELAYS

11.1. FORCE MAJEURE. Neither Party will be liable for its non-performance or delayed performance if caused by a Force Majeure. A Party that becomes aware of a Force Majeure that will significantly delay performance will notify the other Party promptly (but in no event later than fifteen days) after it discovers the Force Majeure. If a Force Majeure occurs, the Parties will execute a change order to extend the Performance Schedule or applicable Addenda for a time period that is reasonable under the circumstances.

11.2. PERFORMANCE SCHEDULE DELAYS CAUSED BY CUSTOMER. If Customer (including its other contractors) delays the Performance Schedule, it will make the promised payments according to the Payment schedule as if no delay occurred; and the Parties will execute a change order to extend the Performance Schedule and, if requested, compensate Motorola for all reasonable charges incurred because of the delay. Delay charges may include costs incurred by Motorola or its subcontractors for additional freight, warehousing and handling of Equipment; extension of the warranties; travel; suspending and re-mobilizing the work; additional engineering, project management, and standby time calculated at then current rates; and preparing and implementing an alternative implementation plan.

Section 12 DISPUTES

The Parties will use the following procedure to address any dispute arising under this Agreement (a "Dispute").

12.1. GOVERNING LAW. This Agreement will be governed by and construed in accordance with the laws of the State in which the System is installed.

12.2. NEGOTIATION. Either Party may initiate the Dispute resolution procedures by sending a notice of Dispute ("Notice of Dispute"). The Parties will attempt to resolve the Dispute promptly through good faith negotiations including 1) timely escalation of the Dispute to executives who have authority to settle the Dispute and who are at a higher level of management than the persons with direct responsibility for the matter and 2) direct communication between the executives. If the Dispute has not been resolved within ten (10) days from the Notice of Dispute, the Parties will proceed to mediation.

12.3. MEDIATION. The Parties will choose an independent mediator within thirty (30) days of a notice to mediate from either Party ("Notice of Mediation"). Neither Party may unreasonably withhold consent to the selection of a mediator. If the Parties are unable to agree upon a mediator, either Party may request that American Arbitration Association nominate a mediator. Each Party will bear its own costs of mediation, but the Parties will share the cost of the mediator equally. Each Party will participate in the mediation in good faith and will be represented at the mediation by a business executive with authority to settle the Dispute.

12.4. LITIGATION, VENUE and JURISDICTION. If a Dispute remains unresolved for sixty (60) days after receipt of the Notice of Mediation, either Party may then submit the Dispute to a court of competent jurisdiction in the state in which the System is installed. Each Party irrevocably agrees to submit to the exclusive jurisdiction of the courts in such state over any claim or matter arising under or in connection with this Agreement.

12.5. CONFIDENTIALITY. All communications pursuant to subsections 12.2 and 12.3 will be treated as compromise and settlement negotiations for purposes of applicable rules of evidence and any additional confidentiality protections provided by applicable law. The use of these Dispute resolution procedures will not be construed under the doctrines of laches, waiver or estoppel to affect adversely the rights of either Party.

Section 13 DEFAULT AND TERMINATION

13.1. DEFAULT BY A PARTY. If either Party fails to perform a material obligation under this Agreement, the other Party may consider the non-performing Party to be in default (unless a Force Majeure causes the failure) and may assert a default claim by giving the non-performing Party a written and detailed notice of default. Except for a default by Customer for failing to pay any amount when due under this Agreement which must be cured immediately, the defaulting Party will have thirty (30) days after receipt of the notice of default to either cure the default or, if the default is not curable within thirty (30) days, provide a written cure plan. The defaulting Party will begin implementing the cure plan immediately after receipt of notice by the other Party that it approves the plan. If Customer is the defaulting Party, Motorola may stop work on the project until it approves the Customer's cure plan.

13.2. FAILURE TO CURE. If a defaulting Party fails to cure the default as provided above in Section 13.1, unless otherwise agreed in writing, the non-defaulting Party may terminate any unfulfilled portion of this Agreement. In the event of termination for default, the defaulting Party will promptly return to the non-defaulting Party any of its Confidential Information. If Customer is the non-defaulting Party, terminates this Agreement as permitted by this Section, and completes the System through a third Party, Customer may as its exclusive remedy recover from Motorola reasonable costs incurred to complete the System to a capability not exceeding that specified in this Agreement less the unpaid portion of the Contract Price. Customer will mitigate damages and provide Motorola with detailed invoices substantiating the charges. In the event Customer elects to terminate this Agreement for any reason other than default, Customer shall pay Motorola for the conforming Equipment and/or Software delivered and all services performed.

Section 14 INDEMNIFICATION

14.1. GENERAL INDEMNITY BY Motorola. Motorola will indemnify and hold Customer harmless from any and all liability, expense, judgment, suit, cause of action, or demand for personal injury, death, or direct damage to tangible property which may accrue against Customer to the extent it is caused by the negligence of Motorola, its subcontractors, or their employees or agents, while performing their duties under this Agreement, if Customer gives Motorola prompt, written notice of any claim or suit. Customer will cooperate with Motorola in its defense or settlement of the claim or suit. This Section sets forth the full extent of Motorola's general indemnification of Customer from liabilities that are in any way related to Motorola's performance under this Agreement.

14.2. GENERAL INDEMNITY BY CUSTOMER. Customer will indemnify and hold Motorola harmless from any and all liability, expense, judgment, suit, cause of action, or demand for personal injury, death, or direct damage to tangible property which may accrue against Motorola to the extent it is caused by the negligence of Customer, its other contractors, or their employees or agents, while performing their duties under this Agreement, if Motorola gives Customer prompt, written notice of any the claim or suit. Motorola will cooperate with Customer in its defense or settlement of the claim or suit. This Section sets forth the full extent of Customer's general indemnification of Motorola from liabilities that are in any way related to Customer's performance under this Agreement.

14.3. PATENT AND COPYRIGHT INFRINGEMENT.

14.3.1. Motorola will defend at its expense any suit brought against Customer to the extent it is based on a third-party claim alleging that the Equipment manufactured by Motorola or the Motorola Software ("Motorola Product") directly infringes a United States patent or copyright ("Infringement Claim").

Motorola's duties to defend and indemnify are conditioned upon: Customer promptly notifying Motorola in writing of the Infringement Claim; Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and Customer providing to Motorola cooperation and, if requested by Motorola, reasonable assistance in the defense of the Infringement Claim. In addition to Motorola's obligation to defend, and subject to the same conditions, Motorola will pay all damages finally awarded against Customer by a court of competent jurisdiction for an Infringement Claim or agreed to, in writing, by Motorola in settlement of an Infringement Claim.

14.3.2 If an Infringement Claim occurs, or in Motorola's opinion is likely to occur, Motorola may at its option and expense: (a) procure for Customer the right to continue using the Motorola Product; (b) replace or modify the Motorola Product so that it becomes non-infringing while providing functionally equivalent performance; or (c) accept the return of the Motorola Product and grant Customer a credit for the Motorola Product, less a reasonable charge for depreciation. The depreciation amount will be calculated based upon generally accepted accounting standards.

14.3.3 Motorola will have no duty to defend or indemnify for any Infringement Claim that is based upon: (a) the combination of the Motorola Product with any software, apparatus or device not furnished by Motorola; (b) the use of ancillary equipment or software not furnished by Motorola and that is attached to or used in connection with the Motorola Product; (c) Motorola Product designed or manufactured in accordance with Customer's designs, specifications, guidelines or instructions, if the alleged infringement would not have occurred without such designs, specifications, guidelines or instructions; (d) a modification of the Motorola Product by a party other than Motorola; (e) use of the Motorola Product in a manner for which the Motorola Product was not designed or that is inconsistent with the terms of this Agreement; or (f) the failure by Customer to install an enhancement release to the Motorola Software that is intended to correct the claimed infringement. In no event will Motorola's liability resulting from its indemnity obligation to Customer extend in any way to royalties payable on a per use basis or the Customer's revenues, or any royalty basis other than a reasonable royalty based upon revenue derived by Motorola from Customer from sales or license of the infringing Motorola Product.

14.3.4. This Section 14 provides Customer's sole and exclusive remedies and Motorola's entire liability in the event of an Infringement Claim. Customer has no right to recover and Motorola has no obligation to provide any other or further remedies, whether under another provision of this Agreement or any other legal theory or principle, in connection with an Infringement Claim. In addition, the rights and remedies provided in this Section 14 are subject to and limited by the restrictions set forth in Section 15.

Section 15 LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, indemnification, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of the Equipment, Software, or implementation and other one-time Services with respect to which losses or damages are claimed. With respect to all subscription or other ongoing Services and unless as otherwise provided under the applicable Addenda, Motorola's total liability will be limited to the direct damages recoverable under law, but not to exceed the price of twelve (12) months of Services preceding the incident giving rise to the claim. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS, INCONVENIENCE, LOSS OF USE, LOSS TIME, DATA, GOODWILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT, THE SALE OR USE OF THE EQUIPMENT OR SOFTWARE, OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. This limitation of liability provision survives the expiration or termination of the Agreement and applies notwithstanding any contrary provision. No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account.

Section 16 CONFIDENTIALITY AND PROPRIETARY RIGHTS

16.1. CONFIDENTIAL INFORMATION.

16.1.1. Each party is a disclosing party ("Discloser") and a receiving party ("Recipient") under this Agreement. All Deliverables will be deemed to be Motorola's Confidential Information. During the term of this Agreement and for a period of three (3) years from the expiration or termination of this Agreement, Recipient will (i) not disclose Confidential Information to any third party; (ii) restrict disclosure of Confidential Information to only those employees (including, but not limited to, employees of any wholly owned subsidiary, a parent company, any other wholly owned subsidiaries of the same parent company), agents or consultants who must be directly involved with the Confidential Information for the purpose and who are bound by confidentiality terms substantially similar to those in this Agreement; (iii) not copy, reproduce, reverse engineer, decompile, or disassemble any Confidential Information; (iv) use the same degree of care as for its own information of like importance, but at least use reasonable care, in safeguarding against disclosure of Confidential Information; (v) promptly notify Discloser upon discovery of any unauthorized use or disclosure of the Confidential Information and take reasonable steps to regain possession of the Confidential Information and prevent further unauthorized actions or other breach of this Agreement; and (vi) only use the Confidential Information as needed to fulfill this Agreement.

16.1.2. Recipient is not obligated to maintain as confidential, Confidential Information that Recipient can demonstrate by documentation (i) is now available or becomes available to the public without breach of this agreement; (ii) is explicitly approved for release by written authorization of Discloser; (iii) is lawfully obtained from a third party or parties without a duty of confidentiality; (iv) is known to the Recipient prior to such disclosure; or (v) is independently developed by Recipient without the use of any of Discloser's Confidential Information or any breach of this Agreement.

16.1.3. All Confidential Information remains the property of the Discloser and will not be copied or reproduced without the express written permission of the Discloser, except for copies that are absolutely necessary in order to fulfill this Agreement. Within ten (10) days of receipt of Discloser's written request, Recipient will return all Confidential Information to Discloser along with all copies and portions thereof, or certify in writing that all such Confidential Information has been destroyed. However, Recipient may retain one (1) archival copy of the Confidential Information that it may use only in case of a dispute concerning this Agreement. No license, express or implied, in the Confidential Information is granted other than to use the Confidential Information in the manner and to the extent authorized by this Agreement. The Discloser warrants that it is authorized to disclose any Confidential Information it discloses pursuant to this Agreement.

16.2. PRESERVATION OF MOTOROLA'S PROPRIETARY RIGHTS. Motorola, the third party manufacturer of any Equipment, and the copyright owner of any Non-Motorola Software own and retain all of their respective Proprietary Rights in the Equipment and Software, and nothing in this Agreement is intended to restrict their Proprietary Rights. All intellectual property developed, originated, or prepared by Motorola in connection with providing to Customer the Equipment, Software, or related services remain vested exclusively in Motorola, and this Agreement does not grant to Customer any shared development rights of intellectual property. Except as explicitly provided in the Software License Agreement, Motorola does not grant to Customer, either directly or by implication, estoppel, or otherwise, any right, title or interest in Motorola's Proprietary Rights. Customer will not modify, disassemble, peel components, decompile, otherwise reverse engineer or attempt to reverse engineer, derive source code or create derivative works from, adapt, translate, merge with other software, reproduce, distribute, sublicense, sell or export the Software, or permit or encourage any third party to do so. The preceding sentence does not apply to Open Source Software which is governed by the standard license of the copyright owner.

16.3 VOLUNTARY DISCLOSURE. Except as required to fulfill its obligations under this Agreement, Motorola will have no obligation to provide Customer with access to its Confidential Information and/or proprietary information. Under no circumstances will Motorola be required to provide any data related to

cost and pricing.

16.4 DATA AND FEEDBACK.

16.4.1 To the extent permitted by law, Customer owns all right, title and interest in System Data created solely by it or its agents (hereafter, "Customer Data"), and grants to Motorola the right to use, host, cache, store, reproduce, copy, modify, combine, analyze, create derivatives from, communicate, transmit, publish, display, and distribute such Customer Data.

16.4.2 Motorola owns all right, title and interest in data resulting from System Data that is or has been transformed, altered, processed, aggregated, correlated or operated on (hereafter, "Derivative Data").

16.4.3 Any Feedback given by Customer is and will be entirely voluntary and, even if designated as confidential, will not create any confidentiality obligation for Motorola. Motorola will be free to use, reproduce, license or otherwise distribute and exploit the Feedback without any obligation to Customer. Customer acknowledges that Motorola's receipt of the Feedback does not imply or create recognition by Motorola of either the novelty or originality of any idea. The parties further agree that all fixes, modifications and improvements made to Motorola products or services conceived of or made by Motorola that are based, either in whole or in part, on the Feedback are the exclusive property of Motorola and all right, title and interest in and to such fixes, modifications or improvements to the Motorola product or service will vest solely in Motorola.

Section 17 GENERAL

17.1. TAXES. The Contract Price does not include any excise, sales, lease, use, property, or other taxes, assessments or duties, all of which will be paid by Customer except as exempt by law. If Motorola is required to pay any of these taxes, Motorola will send an invoice to Customer and Customer will pay to Motorola the amount of the taxes (including any interest and penalties) within thirty (30) days after the date of the invoice. Customer will be solely responsible for reporting the Equipment for personal property tax purposes, and Motorola will be solely responsible for reporting taxes on its income or net worth.

17.2. ASSIGNABILITY AND SUBCONTRACTING. Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the necessary consent will be void. Notwithstanding the foregoing, Motorola may assign this Agreement to any of its affiliates or its right to receive payment without the prior consent of Customer. In addition, in the event Motorola separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), Motorola may, without the prior written consent of the other Party and at no additional cost to Motorola, assign this Agreement such that it will continue to benefit the Separated Business and its affiliates (and Motorola and its affiliates, to the extent applicable) following the Separation Event. Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.

17.3. WAIVER. Failure or delay by either Party to exercise a right or power under this Agreement will not be a waiver of the right or power. For a waiver of a right or power to be effective, it must be in a writing signed by the waiving Party. An effective waiver of a right or power will not be construed as either a future or continuing waiver of that same right or power, or the waiver of any other right or power.

17.4. SEVERABILITY. If a court of competent jurisdiction renders any part of this Agreement invalid or

unenforceable, that part will be severed and the remainder of this Agreement will continue in full force and effect.

17.5. INDEPENDENT CONTRACTORS. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership or formal business organization of any kind.

17.6. HEADINGS AND SECTION REFERENCES. The section headings in this Agreement are inserted only for convenience and are not to be construed as part of this Agreement or as a limitation of the scope of the particular section to which the heading refers. This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

17.7. NOTICES. Notices required under this Agreement to be given by one Party to the other must be in writing and either personally delivered or sent to the address provided by the other Party by certified mail, return receipt requested and postage prepaid (or by a recognized courier service, such as Federal Express, UPS, or DHL), or by facsimile with correct answerback received, and will be effective upon receipt.

17.8. COMPLIANCE WITH APPLICABLE LAWS. Each Party will comply with all applicable federal, state, and local laws, regulations and rules concerning the performance of this Agreement or use of the System. Customer will obtain and comply with all Federal Communications Commission ("FCC") licenses and authorizations required for the installation, operation and use of the System before the scheduled installation of the Equipment. Although Motorola might assist Customer in the preparation of its FCC license applications, neither Motorola nor any of its employees is an agent or representative of Customer in FCC or other matters.

17.9 FUTURE REGULATORY REQUIREMENTS. The Parties acknowledge and agree that this is an evolving technological area and therefore, laws and regulations regarding Services and use of Solution may change. Changes to existing Services or the Solution required to achieve regulatory compliance may be available for an additional fee. Any required changes may also impact the price for Services.

17.10. AUTHORITY TO EXECUTE AGREEMENT. Each Party represents that it has obtained all necessary approvals, consents and authorizations to enter into this Agreement and to perform its duties under this Agreement; the person executing this Agreement on its behalf has the authority to do so; upon execution and delivery of this Agreement by the Parties, it is a valid and binding contract, enforceable in accordance with its terms; and the execution, delivery, and performance of this Agreement does not violate any bylaw, charter, regulation, law or any other governing authority of the Party.

17.11. ADMINISTRATOR LEVEL ACCOUNT ACCESS. If applicable to the type of System purchased by Customer, Motorola will provide Customer with Administrative User Credentials. Customer agrees to only grant access to the Administrative User Credentials to those personnel with the training and experience to correctly use them. Customer is responsible for protecting Administrative User Credentials from disclosure and maintaining Credential validity by, among other things, updating passwords when required. Customer may be asked to provide valid Administrative User Credentials when in contact with Motorola System support personnel. Customer understands that changes made as the Administrative User can significantly impact the performance of the System. Customer agrees that it will be solely

responsible for any negative impact on the System or its users by any such changes. System issues occurring as a result of changes made using the Administrative User Credentials may impact Motorola's ability to perform Services or other obligations under the Agreement. In such cases, a revision to the appropriate provisions of the Agreement, including the Statement of Work, may be necessary. To the extent Motorola provides assistance to correct any issues caused by or arising out of the use of or failure to maintain Administrative User Credentials, Motorola will be entitled to bill Customer and Customer will pay Motorola on a time and materials basis for resolving the issue.

17.12. SURVIVAL OF TERMS. The following provisions will survive the expiration or termination of this Agreement for any reason: Section 3.5 (Motorola Software); Section 3.6 (Non-Motorola Software); if any payment obligations exist, Sections 6.2 and 6.3 (Contract Price and Invoicing and Payment); Subsection 10.8 (Disclaimer of Implied Warranties); Section 12 (Disputes); Section 15 (Limitation of Liability); and Section 16 (Confidentiality and Proprietary Rights); and all of the General provisions in Section 17.

17.13. ENTIRE AGREEMENT. This Agreement, including all Exhibits, constitutes the entire agreement of the Parties regarding the subject matter of the Agreement and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Agreement may be executed in multiple counterparts, and shall have the same legal force and effect as if the Parties had executed it as a single document. The Parties may sign in writing, or by electronic signature, including by email. An electronic signature, or a facsimile copy or computer image, such as a PDF or tiff image, of a signature, shall be treated as and shall have the same effect as an original signature. In addition, an electronic signature, a true and correct facsimile copy or computer image of this Agreement shall be treated as and shall have the same effect as an original signed copy of this document. This Agreement may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any Customer purchase or purchase order, acknowledgment or other form will not be considered an amendment or modification of this Agreement, even if a representative of each Party signs that document.

The Parties hereby enter into this Agreement as of the Effective Date.

Exhibit A

MOTOROLA SOFTWARE LICENSE AGREEMENT

This Exhibit A Motorola Software License Agreement ("Agreement") is between Motorola Solutions, Inc., ("Motorola"), and _____ ("Licensee").

For good and valuable consideration, the parties agree as follows:

Section 1 DEFINITIONS

1.1 “Designated Products” means products provided by Motorola to Licensee with which or for which the Software and Documentation is licensed for use.

1.2 “Documentation” means product and software documentation that specifies technical and performance features and capabilities, and the user, operation and training manuals for the Software (including all physical or electronic media upon which such information is provided).

1.3 “Open Source Software” means software with either freely obtainable source code, license for modification, or permission for free distribution.

1.4 “Open Source Software License” means the terms or conditions under which the Open Source Software is licensed.

1.5 “Primary Agreement” means the agreement to which this exhibit is attached.

1.6 “Security Vulnerability” means a flaw or weakness in system security procedures, design, implementation, or internal controls that could be exercised (accidentally triggered or intentionally exploited) and result in a security breach such that data is compromised, manipulated or stolen or the system damaged.

1.7 “Software” (i) means proprietary software in object code format, and adaptations, translations, de-compilations, disassemblies, emulations, or derivative works of such software; (ii) means any modifications, enhancements, new versions and new releases of the software provided by Motorola; and (iii) may contain one or more items of software owned by a third party supplier. The term "Software" does not include any third party software provided under separate license or third party software not licensable under the terms of this Agreement.

Section 2 SCOPE

Motorola and Licensee enter into this Agreement in connection with Motorola's delivery of certain proprietary software or products containing embedded or pre-loaded proprietary software, or both. This Agreement contains the terms and conditions of the license Motorola is providing to Licensee, and Licensee’s use of the proprietary software and affiliated documentation.

Section 3 GRANT OF LICENSE

3.1. Subject to the provisions of this Agreement and the payment of applicable license fees, Motorola grants to Licensee a personal, limited, non-transferable (except as permitted in Section 7) and non-exclusive license under Motorola’s copyrights and Confidential Information (as defined in the Primary Agreement) embodied in the Software to use the Software, in object code form, and the Documentation solely in connection with Licensee's use of the Designated Products. This Agreement does not grant any rights to source code.

3.2. If the Software licensed under this Agreement contains or is derived from Open Source Software, the terms and conditions governing the use of such Open Source Software are in the Open Source Software Licenses of the copyright owner and not this Agreement. If there is a conflict between the terms and conditions of this Agreement and the terms and conditions of the Open Source Software Licenses governing Licensee’s use of the Open Source Software, the terms and conditions of the license grant of the applicable Open Source Software Licenses will take precedence over the license grants in this Agreement. If requested by Licensee, Motorola will use commercially reasonable efforts to: (i) determine whether any Open Source Software is provided under this Agreement; and (ii) identify the Open Source Software (or specify where that license may be found).

3.3 TO THE EXTENT, IF ANY, THAT THERE IS A SEPARATE LICENSE AGREEMENT PACKAGED WITH, OR PROVIDED ELECTRONICALLY WITH, A PARTICULAR PRODUCT THAT BECOMES EFFECTIVE ON AN ACT OF ACCEPTANCE BY THE END USER, THEN THAT AGREEMENT SUPERSEDES THE SOFTWARE LICENSE AGREEMENT AS TO THE END USER OF EACH SUCH PRODUCT.

Section 4 LIMITATIONS ON USE

4.1. Licensee may use the Software only for Licensee's internal business purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Without limiting the general nature of these restrictions, Licensee will not make the Software available for use by third parties on a "time sharing," "application service provider," or "service bureau" basis or for any other similar commercial rental or sharing arrangement.

4.2. Licensee will not, and will not allow or enable any third party to: (i) reverse engineer, disassemble, peel components, decompile, reprogram or otherwise reduce the Software or any portion to a human perceptible form or otherwise attempt to recreate the source code; (ii) modify, adapt, create derivative works of, or merge the Software; (iii) copy, reproduce, distribute, lend, or lease the Software or Documentation to any third party, grant any sublicense or other rights in the Software or Documentation to any third party, or take any action that would cause the Software or Documentation to be placed in the public domain; (iv) remove, or in any way alter or obscure, any copyright notice or other notice of Motorola's proprietary rights; (v) provide, copy, transmit, disclose, divulge or make the Software or Documentation available to, or permit the use of the Software by any third party or on any machine except as expressly authorized by this Agreement; or (vi) use, or permit the use of, the Software in a manner that would result in the production of a copy of the Software solely by activating a machine containing the Software. Licensee may make one copy of Software to be used solely for archival, back-up, or disaster recovery purposes; *provided* that Licensee may not operate that copy of the Software at the same time as the original Software is being operated. Licensee may make as many copies of the Documentation as it may reasonably require for the internal use of the Software.

4.3. Unless otherwise authorized by Motorola in writing, Licensee will not, and will not enable or allow any third party to: (i) install a licensed copy of the Software on more than one unit of a Designated Product; or (ii) copy onto or transfer Software installed in one unit of a Designated Product onto one other device. Licensee may temporarily transfer Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Licensee provides written notice to Motorola of the temporary transfer and identifies the device on which the Software is transferred. Temporary transfer of the Software to another device must be discontinued when the original Designated Product is returned to operation and the Software must be removed from the other device. Licensee must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

4.4 Licensee will maintain, during the term of this Agreement and for a period of two years thereafter, accurate records relating to this license grant to verify compliance with this Agreement. Motorola or an independent third party (“Auditor”) may inspect Licensee’s premises, books and records, upon reasonable prior notice to Licensee, during Licensee’s normal business hours and subject to Licensee's facility and security regulations. Motorola is responsible for the payment of all expenses and costs of the Auditor. Any information obtained by Motorola and the Auditor will be kept in strict confidence by Motorola and the Auditor and used solely for the purpose of verifying Licensee's compliance with the terms of this Agreement.

Section 5 OWNERSHIP AND TITLE

Motorola, its licensors, and its suppliers retain all of their proprietary rights in any form in and to the Software and Documentation, including, but not limited to, all rights in patents, patent applications, inventions, copyrights, trademarks, trade secrets, trade names, and other proprietary rights in or relating to the Software and Documentation (including any corrections, bug fixes, enhancements, updates,

modifications, adaptations, translations, de-compilations, disassemblies, emulations to or derivative works from the Software or Documentation, whether made by Motorola or another party, or any improvements that result from Motorola's processes or, provision of information services). No rights are granted to Licensee under this Agreement by implication, estoppel or otherwise, except for those rights which are expressly granted to Licensee in this Agreement. All intellectual property developed, originated, or prepared by Motorola in connection with providing the Software, Designated Products, Documentation or related services, remains vested exclusively in Motorola, and Licensee will not have any shared development or other intellectual property rights.

Section 6 LIMITED WARRANTY; DISCLAIMER OF WARRANTY

6.1. Unless otherwise stated in the Primary Agreement, the commencement date and the term of the Software warranty will be a period of ninety (90) days from Motorola's shipment of the Software (the "Warranty Period"). If Licensee is not in breach of any of its obligations under this Agreement, Motorola warrants that the unmodified Software, when used properly and in accordance with the Documentation and this Agreement, will be free from a reproducible defect that eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the Software. Whether a defect occurs will be determined by Motorola solely with reference to the Documentation. Motorola does not warrant that Licensee's use of the Software or the Designated Products will be uninterrupted, error-free, completely free of Security Vulnerabilities, or that the Software or the Designated Products will meet Licensee's particular requirements. Motorola makes no representations or warranties with respect to any third party software included in the Software. Notwithstanding, any warranty provided by a copyright owner in its standard license terms will flow through to Licensee for third party software provided by Motorola.

6.2 Motorola's sole obligation to Licensee and Licensee's exclusive remedy under this warranty is to use reasonable efforts to remedy any material Software defect covered by this warranty. These efforts will involve either replacing the media or attempting to correct significant, demonstrable program or documentation errors or Security Vulnerabilities. If Motorola cannot correct the defect within a reasonable time, then at Motorola's option, Motorola will replace the defective Software with functionally-equivalent Software, license to Licensee substitute Software which will accomplish the same objective, or terminate the license and refund the Licensee's paid license fee.

6.3. Warranty claims are described in the Primary Agreement.

6.4. The express warranties set forth in this Section 6 are in lieu of, and Motorola disclaims, any and all other warranties (express or implied, oral or written) with respect to the Software or Documentation, including, without limitation, any and all implied warranties of condition, title, non-infringement, merchantability, or fitness for a particular purpose or use by Licensee (whether or not Motorola knows, has reason to know, has been advised, or is otherwise aware of any such purpose or use), whether arising by law, by reason of custom or usage of trade, or by course of dealing. In addition, Motorola disclaims any warranty to any person other than Licensee with respect to the Software or Documentation.

Section 7 TRANSFERS

Licensee will not transfer the Software or Documentation to any third party without Motorola's prior written consent. Motorola's consent may be withheld at its discretion and may be conditioned upon transferee paying all applicable license fees and agreeing to be bound by this Agreement. If the Designated Products are Motorola's radio products and Licensee transfers ownership of the Motorola radio products to a third party, Licensee may assign its right to use the Software (other than CPS and Motorola's FLASHport® software) which is embedded in or furnished for use with the radio products and the related Documentation; *provided* that Licensee transfers all copies of the Software and Documentation to the transferee, and Licensee and the transferee sign a transfer form to be provided by Motorola upon request, obligating the transferee to be bound by this Agreement.

Section 8 TERM AND TERMINATION

8.1 Licensee's right to use the Software and Documentation will begin when the Primary Agreement is signed by both parties and will continue for the life of the Designated Products with which or for which the Software and Documentation have been provided by Motorola, unless Licensee breaches this Agreement, in which case this Agreement and Licensee's right to use the Software and Documentation may be terminated immediately upon notice by Motorola.

8.2 Within thirty (30) days after termination of this Agreement, Licensee must certify in writing to Motorola that all copies of the Software have been removed or deleted from the Designated Products and that all copies of the Software and Documentation have been returned to Motorola or destroyed by Licensee and are no longer in use by Licensee.

8.3 Licensee acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Software and Documentation and that Licensee's breach of this Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, Motorola may terminate this Agreement and be entitled to all available remedies at law or in equity (including immediate injunctive relief and repossession of all non-embedded Software and associated Documentation unless Licensee is a Federal agency of the United States Government).

Section 9 Commercial Computer Software

9.1 *This Section 9 only applies to U.S. Government end users.* The Software, Documentation and updates are commercial items as that term is defined at 48 C.F.R. Part 2.101, consisting of "commercial computer software" and "computer software documentation" as such terms are defined in 48 C.F.R. Part 252.227-7014(a)(1) and 48 C.F.R. Part 252.227-7014(a)(5), and used in 48 C.F.R. Part 12.212 and 48 C.F.R. Part 227.7202, as applicable. Consistent with 48 C.F.R. Part 12.212, 48 C.F.R. Part 252.227-7015, 48 C.F.R. Part 227.7202-1 through 227.7202-4, 48 C.F.R. Part 52.227-19, and other relevant sections of the Code of Federal Regulations, as applicable, the Software, Documentation and Updates are distributed and licensed to U.S. Government end users: (i) only as commercial items, and (ii) with only those rights as are granted to all other end users pursuant to the terms and conditions contained herein.

9.2 If Licensee is licensing Software for end use by the United States Government or a United States Government agency, Licensee may transfer such Software license, but only if: (i) Licensee transfers all copies of such Software and Documentation to such United States Government entity or interim transferee, and (ii) Licensee has first obtained from the transferee (if applicable) and ultimate end user an enforceable end user license agreement containing restrictions substantially identical to the ones contained in this Agreement. Except as stated in the foregoing, Licensee and any transferee(s) authorized by this subsection 9.2 may not otherwise use or transfer or make available any Motorola software to any third party nor permit any party to do so.

Section 10 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Motorola's valuable proprietary and Confidential Information and are Motorola's trade secrets, and that the provisions in the Primary Agreement concerning Confidential Information apply.

Section 11 LIMITATION OF LIABILITY

The Limitation of Liability provision is described in the Primary Agreement.

Section 12 NOTICES

Notices are described in the Primary Agreement.

Section 13 GENERAL

13.1. COPYRIGHT NOTICES. The existence of a copyright notice on the Software will not be construed as an admission or presumption of publication of the Software or public disclosure of any trade secrets associated with the Software.

13.2. COMPLIANCE WITH LAWS. Licensee acknowledges that the Software is subject to the laws and regulations of the United States and Licensee will comply with all applicable laws and regulations, including export laws and regulations of the United States. Licensee will not, without the prior authorization of Motorola and the appropriate governmental authority of the United States, in any form export or re-export, sell or resell, ship or reship, or divert, through direct or indirect means, any item or technical data or direct or indirect products sold or otherwise furnished to any person within any territory for which the United States Government or any of its agencies at the time of the action, requires an export license or other governmental approval. Violation of this provision is a material breach of this Agreement.

13.3 FUTURE REGULATORY REQUIREMENTS. The Parties acknowledge and agree that this is an evolving technological area and therefore, laws and regulations regarding Services and use of Solution may change. Changes to existing Services or the Solution required to achieve regulatory compliance may be available for an additional fee. Any required changes may also impact the price for Services.

13.4. ASSIGNMENTS AND SUBCONTRACTING. Motorola may assign its rights or subcontract its obligations under this Agreement, or encumber or sell its rights in any Software, without prior notice to or consent of Licensee.

13.5. GOVERNING LAW. This Agreement is governed by the laws of the United States to the extent that they apply and otherwise by the internal substantive laws of the State to which the Software is shipped if Licensee is a sovereign government entity, or the internal substantive laws of the State of Illinois if Licensee is not a sovereign government entity. The terms of the U.N. Convention on Contracts for the International Sale of Goods do not apply. In the event that the Uniform Computer Information Transaction Act, any version of this Act, or a substantially similar law (collectively "UCITA") becomes applicable to a party's performance under this Agreement, UCITA does not govern any aspect of this Agreement or any license granted under this Agreement, or any of the parties' rights or obligations under this Agreement. The governing law will be that in effect prior to the applicability of UCITA.

13.6. THIRD PARTY BENEFICIARIES. This Agreement is entered into solely for the benefit of Motorola and Licensee. No third party has the right to make any claim or assert any right under this Agreement, and no third party is deemed a beneficiary of this Agreement. Notwithstanding the foregoing, any licensor or supplier of third party software included in the Software will be a direct and intended third party beneficiary of this Agreement.

13.7. SURVIVAL. Sections 4, 5, 6.4, 7, 8, 9, 10, 11 and 13 survive the termination of this Agreement.

13.8. ORDER OF PRECEDENCE. In the event of inconsistencies between this Exhibit and the Primary Agreement, the parties agree that this Exhibit prevails, only with respect to the specific subject matter of this Exhibit, and not the Primary Agreement or any other exhibit as it applies to any other subject matter.

13.9. SECURITY. Motorola uses reasonable means in the design and writing of its own Software and

the acquisition of third party Software to limit Security Vulnerabilities. While no software can be guaranteed to be free from Security Vulnerabilities, if a Security Vulnerability is discovered, Motorola will take the steps set forth in Section 6 of this Agreement.

Exhibit B

PAYMENT

Except for a payment that is due on the Effective Date, Customer will make payments to Motorola within thirty (30) days after the date of each invoice. Customer will make payments when due in the form of a check, cashier's check, or wire transfer drawn on a U.S. financial institution. If Customer has purchased additional Professional or Subscription services, payment will be in accordance with the applicable addenda. Payment for the System purchase will be in accordance with the following milestones.

System Purchase (excluding Subscribers, if applicable)

1. **25% of the Contract Price due upon contract execution (due upon effective date);**

2. **60% of the Contract Price due upon shipment of equipment from Staging;**

3. **10% of the Contract Price due upon installation of equipment; and**

4. **5% of the Contract Price due upon Final Acceptance.**

If Subscribers are purchased, 100% of the Subscriber Contract Price will be invoiced upon shipment (as shipped).

Motorola shall make partial shipments of equipment and will request payment upon shipment of such equipment. In addition, Motorola shall invoice for installations completed on a site-by-site basis or when professional services are completed, when applicable. The value of the equipment shipped/services performed will be determined by the value shipped/services performed as a percentage of the total milestone value. Unless otherwise specified, contract discounts are based upon all items proposed and overall system package. For invoicing purposes only, discounts will be applied proportionately to the FNE and Subscriber equipment values to total contract price. Overdue invoices will bear simple interest at the maximum allowable rate by state law.

For Lifecycle Support Plan and Subscription Based Services:
Motorola will invoice Customer annually in advance of each year of the plan.
The chart below outlines the hourly labor rates for Motorola System Integration resources to be used. The staffing requirements shall be multiplied by the appropriate rate per resource in the table below. The hourly labor rates are fully burdened. The hourly rates per resource type and level are listed in Table 1.

	Resource Types			
Levels	Project Management	System Engineering	System Technologist	Project Administration
4	$ 290.00	$ 300.00	$ 280.00	$ 200.00
3	$ 240.00	$ 250.00	$ 240.00	$ 180.00
2	$ 220.00	$ 220.00	$ 220.00	$ 170.00
1	$ 190.00	$ 210.00	$ 210.00	$ 160.00

Table 1 - Hourly Rates

These rates apply to ordinary days and times (Monday to Friday during the hours 8am to 5pm). Additional surcharges may apply to work done outside these timeframes. The minimum charge for any resource will be 4 hours. Travel expenses are not included in these rates and may be charged separately. The qualifications of each type and level of resource are defined in the tables found at https://www.motorolasolutions.com/content/dam/msi/secure/services/labor-rates-exhibit-160408.pdf. All Motorola System Integration personnel assigned to this project will be classified according these levels. Project Administrative roles are varied and their specific duties and qualifications will be determined by the complexity and requirements of each project.

EXHIBIT D

System Acceptance Certificate

Customer Name: _____

Project Name: _____

This System Acceptance Certificate memorializes the occurrence of System Acceptance. Motorola and Customer acknowledge that:

1. The Acceptance Tests set forth in the Acceptance Test Plan have been successfully completed.

2. The System is accepted.

- Placed your proposal with all required submittal items in a sealed envelope, clearly marked for specification number, project name, name of proposer, and due date and time of proposal receipt?

THE FOLLOWING DOCUMENTS ARE REQUIRED UPON CONTRACT EXECUTION:
- Certificate of Insurance. Evidence of insurance shall be provided upon contract execution.

HOW TO SUBMIT A NO PROPOSAL:
- If you do not wish to submit a proposal at this time, please remove the Solicitation, Offer and Proposal Form from the Proposal Solicitation Package and enter No Proposal in the "Reason for No Proposal" block, your company's name, address, signature, and return the Solicitation, Offer and Proposal Form in a sealed envelope.

This form is for your convenience to assist in filling out your proposal.
Do not return this form with your proposal.

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

12. Insurance Requirements

Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

~~A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract~~Evidence of Insurance shall be provided upon award of contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for ~~any or all~~ claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages similar ~~described herein~~ as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for ~~not less than~~ the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely ~~minimums~~what is required by this contract.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to ~~name~~ include Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its workers compensation insurance policy~~ies~~.

~~The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County.~~ The contractor is responsible for the amount of any deductible or self-insured retention. Motorola does not maintain any SIR's

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions (0413) of the commercial general liability and business auto policies of the insurance services office.

~~Minimum~~ limits of $1,000,000.00 per occurrence and $2,000,000 general aggregate for general liability; $1,000,000 combined single limit for automobile liability and $1,000,000 for employers liability for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for ~~a minimum of~~ three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured.

~~and~~Contractor shall provide for 30-day notification of cancellation.

F. **Excess or Umbrella Liability Coverage** (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. **Evidence/Certificates of Insurance**

Required insurance shall be documented in an Acord 25 certificates of insurance executed by duly authorized agent of insurance company. ~~If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance~~.

New certificates of insurance are to be provided to the County ~~at least 30 days~~ prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. ~~Disclose any self-insured retentions in excess of $1,000~~.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Paul R. Nobles, Purchasing Manager
   Office of Purchasing, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32591-1591
   Fax (850) 595-4806

5. ~~Indicate that the County shall be notified at least 30 days in advance of cancellation~~.

Receipt of certificates ~~or other documentation of insurance or policies or copies of policies~~ by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

~~If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.~~

~~For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.~~

13. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

D. Maintenance (Year 2-5) (October 1, 2020 – September 30, 2024)	$ 503,466.94
Motorola Response: Total 1 Year Cost of Ownership	$761,963.08
E. Total 5 Year Cost of Ownership	$ 1,265,430.02

CONTRACTOR REQUIREMENTS

Acknowledgment is hereby made of receipt of the following addenda issued during the proposal period:

Addendum No. 1 Date 4/27/2019 Addendum No. 3 Date 5/21/2019

Addendum No. 2 Date 5/8/2019 Addendum No. _____ Date _____

(PLEASE TYPE INFORMATION BELOW)

SEAL IF PROPOSAL IS BY CORPORTATION

State of Florida Department of State Certificate of Authority Document Number
830046

Occupational License # _____

Florida DBPR Contractor's License, Certification, and/or Registration #, if applicable

_____

Type of Contractor's License, Certification, and/or Registration, if applicable

_____

Expiration Date: _____

County Permits/Fees Required for this Project:
None Known

Person to Contact Concerning this Proposal:

Name: Dan Bornstein

Phone: 951-401-1744

E-Mail:dan.bornstein@motorolasolutions.com

Person to Contact for Emergency Service:

Name: Raj Iyer

Phone: 225-205-8499

E-Mail: raj.iyer@motorolasolutions.com

Delivery must be completed within 120 days of contract award. Failure to meet delivery will result in a penalty of $500.00 per day until complete. It is hereby understood and mutually agreed that the time of delivery is an essential condition of this contract.

System acceptance will not be provided until all items on the test plan are met to the satisfaction of the customer. Punch list items may be agreed upon as a condition of acceptance. Escambia County shall not be deemed to have accepted any component or piece of equipment until such time, as said equipment has been installed, tested and is operating according to specifications contained herein.

Final acceptance is expected to commence upon system cutover and usage and proceed for thirty (30) consecutive Critical failure free days. If a critical failure occurs during the thirty (30) day period, the process will be stopped, and the failure(s) expediently fixed to customers satisfaction. The period of thirty (30) consecutive critical failure free days will restart the day after the repairs are affected.

Should the project not be complete on or before September 30th 2019, vendor must assume maintenance, monitoring, and 24/7 emergency maintenance response of current system on October 1st, 2019.

Names and addresses of proposed Subcontractors to be utilized for work on this project:

1. Team One Communications, 215 West Herman Street, Pensacola, FL 32505
2.
3.
4.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16496 **County Administrator's Report 12. 44.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 07/18/2019
Issue: Innerarity Island Sewer Material Purchase
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Purchase Order for PD 16-17.007, Innerarity Island Sewer Material Purchase - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve the issuance of, and authorize the County Administrator to sign, a Purchase Order to Morrow Water Technologies, Inc., in the amount of $154,690, for the purchase of 62 Grinder Pump Stations for the Innerarity Island Sewer Project, PD 16-17.007, at a unit cost of $2,495.

[Funding: Fund 352, "IIDC Grant," Cost Center 110211, Object Code 56301]

BACKGROUND:

The Invitation to Bid PD16-17.007, was advertised in the Pensacola News Journal on Monday, October 24, 2016. One bid was received on Tuesday, November 15, 2016.

These materials (grinder pump stations) are for the upgrade of the Innerarity Island sewer system. The Innerarity Island water and sewer system has been turned over to the County as the receiver of the system, as the Innerarity Point Development Corporation has gone bankrupt. Emerald Coast Utilities Authority (ECUA) has agreed to accept the water and sewer system after certain repairs are made as recommended by the their engineering consultant. These grinder pump stations have been identified by ECUA as materials which could be pre-purchased.

The materials are being pre-purchased ahead of a sewer construction project because we are trying to encumber an initial DEP Grant by the end of the calendar year. Our Grant consultant has advised us that this would allow securing a second Grant in the most expeditious manner. The next Grant will include a construction contract to make repairs to the sewer system.

100 Grinders were approved on December 8, 2016, CAR II-30.

BUDGETARY IMPACT:
Fund 352, "IIDC Grant ", Cost Center 110211, Object Code 56301

LEGAL CONSIDERATIONS/SIGN-OFF:
N/A

PERSONNEL:
N/A

POLICY/REQUIREMENT FOR BOARD ACTION:
This Recommendation is in compliance with Escambia County Code of Ordinances Chapter 46, Article II, Purchases and Contracts.

IMPLEMENTATION/COORDINATION:
The Office of Purchasing will issue the Purchase Order.

Permit	Cost
N/A	

Attached to bid you shall find a bid bond, cashier's check or certified check (circle one that applies) in the amount of (5%) of bid.

The grinder pump stations shall be delivered to the Escambia County Road Department on Highway 297A, Cantonment, Florida 32535 NO EARLIER THAN JULY 31, 2017 AND NO LATER THAN SEPTEMBER 30, 2017.

Liquidated damages of $500 each day will be assessed for each day that delivery of material is delayed. All work to be accomplished under this bid shall be the responsibility of Bidder and failure of subcontract Bidder of any liquidated damages. A Bid Bond in the amount of 5% of base bid is to be furnished by each Bidder. Bidder further acknowledges that all of the work outlined above may not be required at the discretion of Escambia County. The total will be subject to total funds available during the course of the work. However, it is the intent of Escambia County at this time to substantially complete the listed work.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity

crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THOROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 16-17.007, Innerarity Island Sewer Material Purchase Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number PD16-17.007 and Innerarity Island Sewer Material Purchase

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause

related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

General Summary

1. **Scope of Work;**

Materials are being pre-purchased to facilitate encumbering a FDEP $1,000,000 grant. Additional grant funding can be obtained once the initial grant funding has been encumbered. The initial grant scope includes both water and sewer projects. The water project including design will be encumbered by the end of December, 2016. While the sewer design and contract will be completed sometime in 2017, there are sufficient funds remaining in the initial grant to pre-purchase sewer materials ahead of the contract to install them. We have been working closely with ECUA to ensure the proper specifications and quantities are appropriate for the future sewer project.
Specifically, 125 grinder pump stations shall be purchased per the attached specification. The grinder pump station shall be delivered to the Escambia County Road Department on Highway 297A, Cantonment, Florida 32535. The grinder pump stations shall be delivered AFTER July 30, 2017 AND NO LATER THAN SEPTEMBER 30, 2017.
The grinder pump stations shall be as manufactured by Eone or equal.
Environment One Corporation
2773 Balltown Road
Niskayuna, NY 12309-1090
Voice: 518.346.6161 Fax: 518.346.6188
eone@eone.com

2. **Bid Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **5%** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s)

will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

3. **Bonds**

Performance and Payment Bonds – N/A

4. **Questions**

Questions may be directed Claudia Simmons, Manager. Phone: (850) 595-4987; Fax: (850) 595-4805, e-mail: casimmons@myescambia.com. Last day for questions 5:00 p.m. CDT, November 8, 2016

5. **Bid Forms**

This Solicitation contains a Solicitation, Offer and Award Form and Bid Form which shall be submitted in a sealed envelope, with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Pre-Solicitation Conference –N/A**

7. L**iquidated Damages**

Should the awarded vendor fail to complete the required services or make delivery of the commodities or equipment within the time(s) specified in the contract, or within such additional time(s) as may be granted by Escambia County, the County will suffer damage, the amount of which is difficult, if not impossible to ascertain therefore, the vendor shall pay to the County, as liquidated damages, the sum of **$500** for each calendar day of delay that actual completion extends beyond the time limit specified until such reasonable time as may be required for final completion of the work. Such sum is mutually agreed upon as a reasonable and proper amount of damages the County will sustain per diem by failure of the vendor to complete the services or make delivery within the specified time. The costs for liquidated damages shall not be construed as a penalty on the vendor.

1. **F.O.B. Point**

The F.O.B. point shall be destination within Escambia County. The prices offered shall include all costs of packaging, transporting, delivery and unloading **(this includes inside delivery if requested)** to designated point within Escambia County. Material is to be delivered to the Escambia County Road Department on Highway 297A, Cantonment, Florida 32535.

2. **Delivery**

Delivery shall be no EARLIER than July 31, 2017 AND NO LATER THAN SEPTEMBER 30, 2017. Offers submitted which fail to meet this requirement shall be cause for rejection.

Failure of the awarded vendor to meet this delivery requirement shall be result in default and immediate termination of the purchase order or contract.

It is hereby understood and mutually agreed to by and between parties hereto that the time of delivery is an essential condition of this contract.

8. **Safety Regulations**

Equipment shall meet all state and federal safety regulations for grounding of electrical equipment.

9. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

10. **Payment**

Payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

11. **Warranty**

The awarded vendor shall fully warrant all equipment furnished hereunder against defect in materials and/or workmanship for a period of two (2) years from date of delivery/acceptance by Escambia County.

Should any defect in materials or workmanship, except ordinary wear and tear, appear during the above stated warranty period, the awarded vendor shall repair or replace same at no cost to the County, immediately upon written notice from the Purchasing Manager.

3. 12. **Information and Descriptive Literature**

Offerors shall furnish all information requested and in the space provided on the bid form, if any. Furthermore, each offeror offering an alternate other than the brand(s) specified shall submit with his offer, descriptive literature and/or complete specifications covering the products offered. Reference to literature submitted with a previous offer will not satisfy this provision. Offers which do not comply with these requirements shall be subject to rejection.

4. **Brand/Manufacturer Referenced**

Reference manufacturer indicated. Products similar in design and equal in function and

performance may also be considered. Alternate offers shall include detailed specifications and/or descriptive literature. Failure to include such specifications or literature may be cause for disqualification of the offer.

5. **Equivalents/Samples**

Please note the clause "manufacturers' name and approved equivalents" in general conditions on the cover sheet. In addition to the equivalency requirement, vendors offering equivalent items shall meet the general design and style given for the "as specified" item.

Vendors offering equivalent to the "as specified" item(s) shall submit a sample detailed specifications to the Office of Purchasing for evaluation purposes 10 days prior to the solicitation opening. Each particular specification which the equivalent item does meet shall be listed along with detailed specification sheet. **All samples shall be identified by vendor name and solicitation number.**

6. **Samples/ Demonstrations**

Samples of any product or demonstrations shall be furnished upon request for a quality test or comparison without cost to the County. **All samples shall be identified by vendor name and solicitation number.**

7. **Equipment/Service**

All equipment shall be new, of current manufacturer in production at the time of solicitation opening and carry standard warranties. The awarded vendor shall service all equipment prior to delivery.

Offers will be considered only on equipment which can, on short notice, be serviced and maintained by the successful offeror. At the time of solicitation opening, the offeror shall be an authorized dealer, distributor, and/or representative of the manufacturer for the brand/model being offered. For the purposes of this solicitation, dealer, distributor, and/or representative means a firm or person that owns, operates, or maintains a store, warehouse, or other establishment in which materials, supplies, parts, articles, or equipment of the general character described in the specifications are bought, kept in stock and sold commercially or to the public in the usual course of business. The offeror shall maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with a minimum delay. Failure to meet these requirements, in the County's sole opinion, may be cause for rejection.

Offeror shall indicate the nearest available location for replacement parts, how long parts will be available on the market and the number of days to receive parts after receipt of order. The space for this information is included on the bid form.

8. **Manuals**

The following manuals, in the quantities indicated, shall be delivered with each piece of equipment:

Operation manual	2 copies
Parts manual	2 copies

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

14. **Permits**

The county and/or its contracted consultant(s) have conducted a review of required permits and fees required to be purchased by the contractor from the county permitting agencies for this specific project and they are listed on the bid/proposal form(s) to the best of our knowledge.

15. **Term of Offer**

An offer shall constitute an irrevocable offer for a period of ninety (90) days from the solicitation opening date or until the date of award, whichever is earlier, without forfeiting bid bond or check. In the event that an award is not made by the county within ninety (90) days from the solicitation opening date, the offeror may withdraw his offer or provide a written extension of his offer.

16. **Award**

Award shall be made on an "all-or-none total" basis.

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

17. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

18. **Termination (Services)**

The Contract Administrator shall notify the Office of Purchasing of unsatisfactory performance and/or deficiencies in service that remain unresolved or recurring. The Office of Purchasing shall notify the contractor, in writing, of such unresolved or recurring deficiencies within five (5) working days of notification by the Contract Administrator.

Upon the third such written notification of unsatisfactory performance and/or deficiencies to the contractor by the Office of Purchasing within a four (4) month period; or the sixth such

notification within any contract term, shall result in issuance of written notice of immediate contract termination to the contractor by the Office of Purchasing. Such termination may also result in suspension or debarment of the contractor.

19. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

20. **As Specified**

All items delivered shall meet the specifications herein. Items delivered not as specified will be returned at no expense by Escambia County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards.

Insurance Requirements

21. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employers liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30 day notification of cancellation.

Excess or Umbrella Liability Coverage (If utilized to achieve required policy limits)
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Paul R. Nobles CPPO, CPPB, FCN, FCCM, Senior Purchasing Coordinator
   Office of Purchasing, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32591-1591
   Fax (850) 595-4805

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

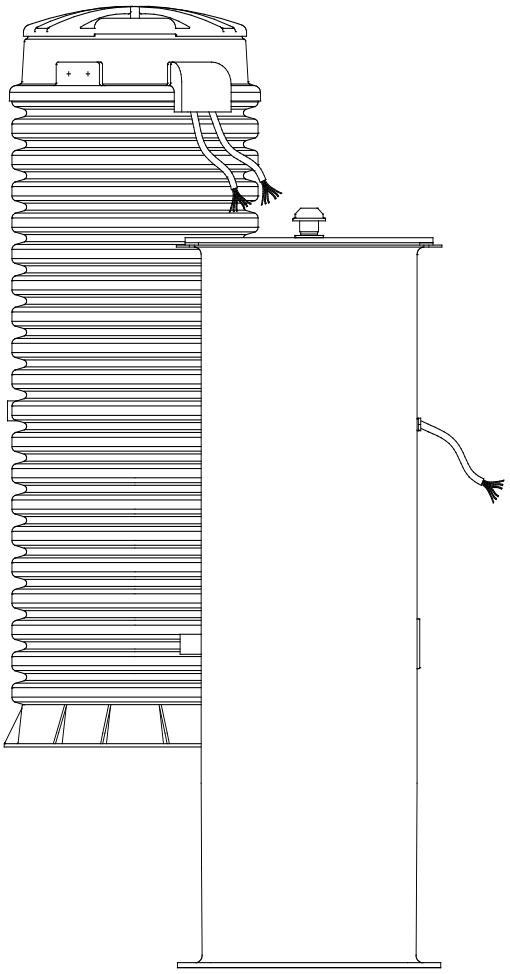
Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

23. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy



Wetwell Grinder Pump Station with Wired Level Sensor

Typical Specifications

Semi-Positive Displacement Type Grinder Pump Stations

SECTION: GRINDER PUMP STATIONS

1.0 General

1.01 GENERAL DESCRIPTION: The **MANUFACTURER** shall furnish complete factory-built and tested grinder pump unit(s), each consisting of a grinder pump core suitably mounted on an integral stand of stainless steel, tank, electrical quick disconnect (NEMA 6P), pump removal harness, discharge assembly/shut-off valve, anti-siphon valve/check valve assembly, electrical alarm assembly and all necessary internal wiring and controls. For ease of serviceability, all pump motor/grinder units shall be of like type and horsepower throughout the system.

1.02 SUBMITTALS: After receipt of notice to proceed, the **MANUFACTURER** shall furnish a minimum of six sets of shop drawings detailing the equipment to be furnished including dimensional data and materials of construction. The **ENGINEER** shall promptly review this data, and return two copies as accepted, or with requested modifications. Upon receipt of accepted shop drawings, the **MANUFACTURER** shall proceed immediately with fabrication of the equipment.

1.03 MANUFACTURER: Grinder pump stations, complete with all appurtenances, form an integral system, and as such, shall be supplied by one grinder pump station manufacturer. The **CONTRACTOR** shall be responsible for the satisfactory operation of the entire system. The equipment specified shall be a product of a company experienced in the design and manufacture of grinder pumps for specific use in low pressure sewage systems. The company shall submit detailed installation and user instructions for its product, submit evidence of an established service program including complete parts and service manuals, and be responsible for maintaining a continuing inventory of grinder pump replacement parts. The **MANUFACTURER** shall provide, upon request, a reference and contact list from ten of its largest contiguous grinder pump installations of the type of grinder pumps described within this specification.

Attention is directed to the fact that the drawings and overall system design are based on a particular piece of equipment from a particular manufacturer. These specifications are intended to provide guidelines for standard equipment of a recognized manufacturer who already meets all the requirements of this specification.

1.03a ALTERNATE EQUIPMENT: In the event that the **CONTRACTOR** or another supplier proposes an Alternate to the specified **MANUFACTURER**, the **ENGINEER** recognizes that it will be difficult to conform to certain details of this Specification due to different manufacturing techniques or grinder pump station designs. If proposing an Alternate, the **CONTRACTOR** (supplier) must submit, no less than 15 business days in advance of the bid date, a complete description of any changes that will be necessary to the system design, a complete submittal package as outlined in Section 1.02 SUBMITTALS, a system hydraulic analysis based on the proposed pump (including pipe sizes, flows, velocities, retention times and number and location of recommended valves and cleanouts, if any), a list of exceptions to this specification, and demonstration of compliance to Section 1.04 EXPERIENCE CLAUSE of this specification. The **CONTRACTOR** (supplier) must also complete the Manufacturer Disclosure Statement found at the end of this specification. This information must be submitted to the **ENGINEER** for pre-approval of the alternate equipment being proposed and determination of compliance with these Contract Documents. If the equipment differs materially or differs from the dimensions given on the Drawings, the **CONTRACTOR** (supplier) shall submit complete drawings showing elevations, dimensions, or any necessary changes to the Contract Documents for the proposed equipment and its installation. Pre-approval, if granted, will be provided in writing by the **ENGINEER** to the **CONTRACTOR** (supplier) at least five business days in advance of the bid date. If the **ENGINEER'S** approval is obtained for Alternate Equipment, the **CONTRACTOR** (supplier) must make any needed changes in the structures, system design, piping or electrical systems necessary to accommodate the proposed equipment at the expense of the **CONTRACTOR** (supplier).

1.04 EXPERIENCE CLAUSE: The equipment furnished hereunder shall be the product of a company experienced in the design and manufacture of grinder pumps specifically designed for use in low pressure systems. All manufacturers proposing equipment for this project shall have at least 10 years of

experience in the design and manufacture of units of identical size(s) and performance to the specified units. All manufacturers proposing equipment for this project must also have not less than 500 successful installations of low pressure sewer systems utilizing grinder pumps of like type to the grinder pumps specified herein. An installation is defined as a minimum of 25 pumps discharging into a common force main which forms a low pressure sewer system. The **CONTRACTOR** (supplier) proposing alternate equipment shall also submit, as part of the bid schedule, an installation list with contact person(s), phone number(s) and date(s) of at least 10 installations of the type of pump specified herein that have been in operation for at least 10 years.

In lieu of this experience clause, the **CONTRACTOR** (supplier) of alternate equipment will be required to submit a 5-year performance bond for 100 percent of the stipulated cost of the equipment as bid and as shown in the Bid Schedule. This performance bond will be used to guarantee the replacement of the equipment in the event that it fails within the bond period.

1.05 OPERATING CONDITIONS: The pumps shall be capable of delivering 15 GPM against a rated total dynamic head of 0 feet (0 PSIG), 11 GPM against a rated total dynamic head of 92 feet (40 PSIG), and 7.8 GPM against a rated total dynamic head of 185 feet (80 PSIG). The pump(s) must also be capable of operating at negative total dynamic head without overloading the motor(s). Under no conditions shall in-line piping or valving be allowed to create a false apparent head.

1.06 WARRANTY: The grinder pump **MANUFACTURER** shall provide a part(s) and labor warranty on the complete station and accessories, including, but not limited to, the panel for a period of 24 months after notice of **OWNER'S** acceptance, but no greater than 27 months after receipt of shipment. Any manufacturing defects found during the warranty period will be reported to the **MANUFACTURER** by the **OWNER** and will be corrected by the **MANUFACTURER** at no cost to the **OWNER**.

1.07 WARRANTY PERFORMANCE CERTIFICATION: As a bid certification requirement, each bidder shall provide with their bid schedule a Warranty Performance Certification statement executed by the most senior executive officer of the grinder pump **MANUFACTURER**, which certifies a minimum of a 24-month warranty. They must further detail any exclusions from the warranty or additional cost items required to maintain the equipment in warrantable condition, including all associated labor and shipping fees, and certify that the **MANUFACTURER** will bear **all** costs to correct any original equipment deficiency for the effective period of the warranty. All preventive maintenance type requirements shall be included in this form as exclusions. These requirements include, but are not limited to, unjamming of grinder mechanism, periodic motor maintenance, and periodic cleaning of liquid level controls. Should the **CONTRACTOR** (supplier) elect to submit a performance bond in lieu of the experience clause outlined above, this Warranty Performance Certification shall also be used as a criterion to evaluate the **CONTRACTOR'S** (supplier's) performance over the warranty period. A Warranty Performance Certification form is included with the bid schedule and must be completed and submitted as part of the bid package. Bids with incomplete forms or missing forms will be considered nonresponsive.

2.0 PRODUCT

2.01 PUMP: The pump shall be a custom designed, integral, vertical rotor, motor driven, solids handling pump of the **progressing cavity type** with a single mechanical seal. Double radial O-ring seals are required at all casting joints to minimize corrosion and create a protective barrier. All pump castings shall be cast iron, fully epoxy coated to 8-10 mil Nominal dry thickness, wet applied. The rotor shall be through-hardened, highly polished, precipitation hardened stainless steel. The stator shall be of a specifically compounded ethylene propylene synthetic elastomer. This material shall be suitable for domestic wastewater service. Its physical properties shall include high tear and abrasion resistance, grease resistance, water and detergent resistance, temperature stability, excellent aging properties, and outstanding wear resistance. Buna-N is not acceptable as a stator material because it does not exhibit the properties as outlined above and required for wastewater service.

2.02 GRINDER: The grinder shall be placed immediately below the pumping elements and shall be direct-driven by a single, one-piece motor shaft. The grinder impeller (cutter wheel) assembly shall be securely fastened to the pump motor shaft by means of a threaded connection attaching the grinder impeller to the motor shaft. Attachment by means of pins or keys will not be acceptable. The grinder impeller shall be a one-piece, 4140 cutter wheel of the rotating type with inductively hardened cutter

teeth. The cutter teeth shall be inductively hardened to Rockwell 50 – 60c for abrasion resistance. The shredder ring shall be of the stationary type and the material shall be white cast iron. The teeth shall be ground into the material to achieve effective grinding. The shredder ring shall have a staggered tooth pattern with only one edge engaged at a time, maximizing the cutting torque. These materials have been chosen for their capacity to perform in the intended environment as they are materials with wear and corrosive resistant properties.

This assembly shall be dynamically balanced and operate without objectionable noise or vibration over the entire range of recommended operating pressures. The grinder shall be constructed so as to minimize clogging and jamming under all normal operating conditions including starting. Sufficient vortex action shall be created to scour the tank free of deposits or sludge banks which would impair the operation of the pump. These requirements shall be accomplished by the following, in conjunction with the pump:

1. The grinder shall be positioned in such a way that solids are fed in an upward flow direction.

2. The maximum flow rate through the cutting mechanism must not exceed 4 feet per second. This is a critical design element to minimize jamming and as such must be adhered to.

3. The inlet shroud shall have a diameter of no less than 5 inches. Inlet shrouds that are less than 5 inches in diameter will not be accepted due to their inability to maintain the specified 4 feet per second maximum inlet velocity which by design prevents unnecessary jamming of the cutter mechanism and minimizes blinding of the pump by large objects that block the inlet shroud.

4. The impeller mechanism must rotate at a nominal speed of no greater than 1800 rpm.

The grinder shall be capable of reducing all components in normal domestic sewage, including a reasonable amount of “foreign objects,” such as paper, wood, plastic, glass, wipes, rubber and the like, to finely-divided particles which will pass freely through the passages of the pump and the 1-1/4" diameter stainless steel discharge piping.

2.03 ELECTRIC MOTOR: As a maximum, the motor shall be a 1 HP, 1725 RPM, 240 Volt 60 Hertz, 1 Phase, capacitor start, ball bearing, air-cooled induction type with Class F installation, low starting current not to exceed 30 amperes and high starting torque of 8.4 foot pounds. The motor shall be press-fit into the casting for better heat transfer and longer winding life. Inherent protection against running overloads or locked rotor conditions for the pump motor shall be provided by the use of an automatic-reset, integral thermal overload protector incorporated into the motor. This motor protector combination shall have been specifically investigated and listed by Underwriters Laboratories, Inc., for the application. Non-capacitor start motors or permanent split capacitor motors will not be accepted because of their reduced starting torque and consequent diminished grinding capability. The wet portion of the motor armature must be 300 Series stainless. To reduce the potential of environmental concerns, the expense of handling and disposing of oil, and the associated maintenance costs, oil-filled motors will not be accepted.

2.04 MECHANICAL SEAL: The pump/core shall be provided with a mechanical shaft seal to prevent leakage between the motor and pump. The seal shall have a stationary ceramic seat and carbon rotating surface with faces precision lapped and held in position by a stainless steel spring.

2.05 TANK: **High Density Polyethylene Construction (HDPE).** The tank shall be a wetwell design made of high density polyethylene of a grade selected for environmental stress cracking resistance. Corrugated sections are to be made of a double wall construction with the internal wall being generally smooth to promote scouring. Corrugations of the outside wall are to be of a minimum amplitude of 1-1/2" to provide necessary transverse stiffness. Any incidental sections of a single wall construction are to be a minimum .250 inch thick. All seams created during tank construction are to be thermally welded and factory tested for leak tightness. Tank wall and bottom must withstand the pressure exerted by saturated soil loading at maximum burial depth. All station components must function normally when exposed to maximum external soil and hydrostatic pressure.

The tank shall be furnished with a factory installed PVC inlet flange to accept a 4.50" OD (4" DWV or SCH 40) inlet pipe.

The tank shall include a lockable cover assembly providing low profile mounting and watertight capability. The cover shall be high density polyethylene, green in color, with a load rating of 150 lbs per square foot. The cover assembly shall also include an integral 2-inch vent to prevent sewage gases from accumulating in the tank. The accessway design and construction shall facilitate field adjustment of station height in increments of 3" or less without the use of any adhesives or sealants requiring cure time before installation can be completed.

The power and control cable shall connect to the pump by means of the provided NEMA 6P Electrical Quick Disconnect (EQD) and shall enter the tank through a factory installed watertight strain relief connector. An electrical junction box shall not be permitted in the tank.

Tank heights shall be as shown on the contract drawings.

The station shall have all necessary penetrations factory sealed and tested. No field penetrations shall be acceptable.

Fiberglass Construction. The tank shall be a wetwell design consisting of a single wall, laminated fiberglass construction. The resin used shall be of a commercial grade suitable for the environment. The reinforcing material shall be a commercial grade of glass fiber capable of bonding with the selected resin. The inner surface shall have a smooth finish and be free of cracks and crazing. The exterior tank surface shall be relatively smooth with no exposed fiber or sharp projections present.

The tank wall and bottom shall be of sufficient thickness and construction to withstand the imposed loading due to saturated soil at the specified burial depth for each available tank height. All station components must function normally when exposed to the external soil and hydrostatic pressures developed at the specified burial depth. The tank bottom shall be reinforced with a fiberglass plate extending beyond the tank walls to support concrete anchoring, as required, to prevent flotation.

The Fiberglass tank shall have a stainless steel discharge bulkhead which terminates outside the tank wall with a 1-1/4" female pipe thread. The discharge bulkhead shall be factory installed and warranted by the manufacturer to be watertight. The tank shall be furnished with a field installed EPDM grommet to accept a 4.50" OD (4" DWV or SCH 40) inlet pipe.

The power and control cable shall connect to the pump by means of the provided NEMA 6P Electrical Quick Disconnect (EQD) and shall enter the tank through a field installed watertight strain relief connector supplied by the manufacturer. An electrical junction box shall not be permitted in the tank. Installation of the inlet grommet and cable strain relief shall require field penetration of the tank wall by the installing party. The tank shall also be vented to prevent sewage gases from accumulating inside the tank by means of a factory-provided, field-installed mushroom vent. The station cover shall be factory drilled to accept the mushroom vent. The tank and stainless steel discharge bulkhead shall be factory-tested to be watertight.

Consult the contract drawings for station tank sizes (diameter and height).

2.06 DISCHARGE HOSE AND DISCONNECT/VALVE: All discharge fittings and piping shall be constructed of polypropylene, EPDM or PVC. The discharge hose assembly shall include a shut-off valve rated for 200 psi WOG and a quick disconnect feature to simplify installation and pump removal. The bulkhead penetration shall be factory installed and warranted by the manufacturer to be watertight.

2.07 ELECTRICAL QUICK DISCONNECT: The grinder pump core shall include a factory-installed NEMA 6P electrical quick disconnect (EQD) for all power and control functions. The EQD will be supplied with 32', 25' of useable, electrical supply cable (ESC) to connect to the alarm panel. The EQD shall require no tools for assembly, seal against water before the electrical connection is made, and include radial seals to assure a watertight seal regardless of tightening torque. Plug-type connections of the power cable onto the pump housing will not be acceptable due to the potential for leaks and electrical shorts.

Junction boxes are not acceptable due to the large number of potential leak points. The EQD shall be so designed to be conducive to field wiring as required.

2.08 CHECK VALVE: The pump discharge shall be equipped with a factory installed, gravity operated, flapper-type integral check valve built into the discharge piping. The check valve will provide a full-ported passageway when open, and shall introduce a friction loss of less than 6 inches of water at maximum rated flow. Moving parts will be made of a 300 Series stainless steel and fabric reinforced synthetic elastomer to ensure corrosion resistance, dimensional stability, and fatigue strength. A nonmetallic hinge shall be an integral part of the flapper assembly providing a maximum degree of freedom to assure seating even at a very low back-pressure. The valve body shall be an injection molded part made of an engineered thermoplastic resin. The valve shall be rated for continuous operating pressure of 235 psi. Ball-type check valves are unacceptable due to their limited sealing capacity in slurry applications.

2.09 ANTI-SIPHON VALVE: The pump discharge shall be equipped with a factory-installed, gravity-operated, flapper-type integral anti-siphon valve built into the discharge piping. Moving parts will be made of 300 Series stainless steel and fabric-reinforced synthetic elastomer to ensure corrosion resistance, dimensional stability, and fatigue strength. A nonmetallic hinge shall be an integral part of the flapper assembly, providing a maximum degree of freedom to ensure proper operation even at a very low pressure. The valve body shall be injection-molded from an engineered thermoplastic resin. Holes or ports in the discharge piping are not acceptable anti-siphon devices due to their tendency to clog from the solids in the slurry being pumped. The anti-siphon port diameter shall be no less than 60% of the inside diameter of the pump discharge piping.

2.10 CORE UNIT: The grinder pump station shall have an easily removable core assembly containing pump, motor, grinder, all motor controls, check valve, anti-siphon valve, electrical quick disconnect and wiring. The watertight integrity of the core unit shall be established by a 100% factory test at a minimum of 5 PSIG.

2.11 CONTROLS: All necessary motor starting controls shall be located in the cast iron enclosure of the core unit secured by stainless steel fasteners. Locating motor starting controls in a plastic enclosure is not acceptable. Wastewater level sensing controls shall be housed in a separate enclosure from motor starting controls. Level sensor housing must be sealed via a radial type seal; solvents or glues are not acceptable. Level sensing control housing must be integrally attached to pump assembly so that it may be removed from the station with the pump and in such a way as to minimize the potential for the accumulation of grease and debris accumulation, etc. Level sensing housing must be a high-impact thermoplastic copolymer over-molded with a thermo plastic elastomer. The use of PVC for the level sensing housing is not acceptable.

Non-fouling wastewater level controls for controlling pump operation shall be accomplished by monitoring the pressure changes in an integral air column connected to a pressure switch. The air column shall be integrally molded from a thermoplastic elastomer suitable for use in wastewater and with excellent impact resistance. The air column shall have only a single connection between the water level being monitored and the pressure switch. Any connections are to be radial sealed with redundant O-rings. The level detection device shall have no moving parts in direct contact with the wastewater and shall be integral to the pump core assembly in a single, readily-exchanged unit. Depressing the push to run button must operate the pump even with the level sensor housing removed from the pump.

All fasteners throughout the assembly shall be 300 Series stainless steel. High-level sensing will be accomplished in the manner detailed above by a separate air column sensor and pressure switch of the same type. Closure of the high-level sensing device will energize an alarm circuit as well as a redundant pump-on circuit. For increased reliability, pump ON/OFF and high-level alarm functions shall not be controlled by the same switch. Float switches of any kind, including float trees, will not be accepted due to the periodic need to maintain (rinsing, cleaning) such devices and their tendency to malfunction because of incorrect wiring, tangling, grease buildup, and mechanical cord fatigue. To assure reliable operation of the pressure switches, each core shall be equipped with a factory installed equalizer diaphragm that compensates for any atmospheric pressure or temperature changes. Tube or piping runs outside of the station tank or into tank-mounted junction boxes providing pressure switch equalization will not be permitted due to their susceptibility to condensation, kinking, pinching, and

insect infestation. The grinder pump will be furnished with a 6 conductor 14 gauge, type SJOW cable, pre-wired and watertight to meet UL requirements with a **FACTORY INSTALLED** NEMA 6P EQD half attached to it.

2.12 STAINLESS STEEL CURB STOP/CHECK VALVE ASSEMBLY (UNI-LATERAL): The curb stop shall be pressure-tight in both directions. The ball valve actuator shall include position stop features at the fully opened and closed positions. The curb stop/check valve assembly shall be designed to withstand a working pressure of 235 psi.

The stainless steel check valve shall be integral with the curb stop valve. The check valve will provide a full-ported 1-1/4" passageway and shall introduce minimal friction loss at maximum rated flow. The flapper hinge design shall provide a maximum degree of freedom and ensure seating at low back pressure.

Engineered Thermoplastic Fittings – All plastic fitting components are to be in compliance with applicable ASTM standards.

All pipe connections shall be made using compression fitting connections including a Buna-N O-ring for sealing to the outside diameter of the pipe. A split-collet locking device shall be integrated into all pipe connection fittings to securely restrain the pipe from hydraulic pressure and external loading caused by shifting and settling.

Curb Boxes – Curb boxes shall be constructed of ABS, conforming to ASTM-D 1788. Lid top casting shall be cast iron, conforming to ASTM A-48 Class 25, providing magnetic detectability, and be painted black. All components shall be inherently corrosion-resistant to ensure durability in the ground. Curb boxes shall provide height adjustment downward (shorter) from their nominal height.

High Density Polyethylene Pipe (Supplied by others) – Pipe shall be have a working pressure of 160 psi minimum and shall be classified SDR per ASTM D 3035.

Pipe Dimensions – The SDR (Standard Dimension Ratio) of the pipe supplied shall be as specified by the **SPECIFYING ENGINEER**. SDR 7, 9 and 11 fittings are available from the **MANUFACTURER**.

Factory Test – The stainless steel, combination curb stop/check valve component shall be 100 percent hydrostatically tested to 150 psi in the factory.

Construction Practices – Pipe shall be stored on clean, level ground to prevent undue scratching or gouging of the pipe. If the pipe must be stacked for storage, such stacking should be in accordance with the pipe manufacturer's recommendations. The pipe should be handled in such a manner that it is not damaged by being dragged over sharp objects or cut by chokers or lifting equipment.

Segments of pipe having cuts or gouges in excess of 10 percent of the wall thickness of the pipe shall be cut out and removed. The undamaged portions of the pipe shall be rejoined using the butt fusion joining method. Sections of polyethylene pipe should be joined into continuous lengths on the job site above ground. The joining method shall be the butt-fusion method and shall be performed in strict accordance with the pipe manufacturer's recommendations. The butt-fusion equipment used in the joining procedure shall be capable of meeting all conditions recommended by the pipe manufacturer, including, but not limited to, fusion temperature, alignment, and fusion pressure.

Fused segments of pipe shall be handled so as to avoid damage to the pipe. When lifting fused sections of pipe, chains or cable-type chokers should be avoided. Nylon slings are preferred. Spreader bars should be used when lifting long, fused sections. Care should be exercised to avoid cutting or gouging the pipe.

Installation – Assemble the compression fittings according to the fitting manufacturer's recommendations.

The trench and trench bottom should be constructed in accordance with ASTM D 2321. Embedment materials should be Class I, Class II or Class III materials as defined in ASTM D 2321. The use of Class

IV and/or Class V materials for embedment is not recommended and should be allowed only with the approval of the **SPECIFYING ENGINEER**. Bedding of the pipe should be performed in accordance with ASTM D 2321. Compaction should be as specified in ASTM D 2321. Deviations from the specified compaction shall be approved by the **SPECIFYING ENGINEER**.

Haunching and initial backfill should be as specified in ASTM D 2321 using Class I, Class II or Class III materials. Materials used and compaction shall be as specified by the **SPECIFYING ENGINEER**. In cases where a compaction of 85 percent Standard Proctor Density is not attainable, the **SPECIFYING ENGINEER** may wish to increase the SDR of the pipe to provide adequate stiffness. ASTM D 2321 sections titled “Minimum Cover for Load Application,” “Use of Compaction Equipment” and “Removal of Trench Protection” should apply unless directed otherwise by the **SPECIFYING ENGINEER**.

2.13 ALARM PANEL: Each grinder pump station shall include a NEMA 4X, UL-listed alarm panel suitable for wall or pole mounting. The NEMA 4X enclosure shall be manufactured of thermoplastic polyester to ensure corrosion resistance. The enclosure shall include a hinged, lockable cover with padlock, preventing access to electrical components, and creating a secured safety front to allow access only to authorized personnel. The enclosure shall not exceed 10.5" W x 14" H x 7" D, or 12.5" W x 16" H x 7.5" D if certain options are included.

The alarm panel shall contain one 15-amp, double-pole circuit breaker for the pump core’s power circuit and one 15-amp single-pole circuit breaker for the alarm circuit. The panel shall contain a push-to-run feature, an internal run indicator, and a complete alarm circuit. All circuit boards in the alarm panel are to be protected with a conformal coating on both sides and the AC power circuit shall include an auto resetting fuse.

The alarm panel shall include the following features: external audible and visual alarm; push-to-run switch; push-to-silence switch; redundant pump start; and high level alarm capability. The alarm sequence is to be as follows when the pump and alarm breakers are on:

1. When liquid level in the sewage wet-well rises above the alarm level, the contacts on the alarm pressure switch activate, audible and visual alarms are activated, and the redundant pump starting system is energized.

2. The audible alarm may be silenced by means of the externally mounted, push-to-silence button.

3. Visual alarm remains illuminated until the sewage level in the wet-well drops below the “off” setting of the alarm pressure switch.

The visual alarm lamp shall be inside a red, oblong lens at least 3.75" L x 2.38" W x 1.5" H. Visual alarm shall be mounted to the top of the enclosure in such a manner as to maintain NEMA 4X rating. The audible alarm shall be externally mounted on the bottom of the enclosure, capable of 93 dB @ 2 feet. The audible alarm shall be capable of being deactivated by depressing a push-type switch that is encapsulated in a weatherproof silicone boot and mounted on the bottom of the enclosure (push-to-silence button).

The entire alarm panel, as manufactured and including any of the following options shall be listed by Underwriters Laboratories, Inc.

(OPTIONAL) Alarm Contacts Package

- **Alarm Activated Dry Contacts** – Normally open relay contact closes upon alarm activation.

- **Alarm Activated Remote (Powered) Contacts** – Normally open contacts that close on alarm, providing 120V on high level alarm.

(OPTIONAL) Generator Receptacle and Auto Transfer – The alarm panel shall include a 20 amp, 250 VAC generator receptacle with a spring-loaded, gasketed cover suitably mounted to provide access for connection of an external generator while maintaining a NEMA 4X rating. An automatic transfer switch shall be provided, which automatically switches from AC power to generator power.

Power shall be provided to that alarm panel through the generator receptacle whenever power is present at the receptacle, allowing the audible and visual alarms to function normally in generator mode. When power is no longer applied to the generator receptacle, the panel is automatically switched back to the AC Mains power. (No manual switching within the panel enclosure is necessary to switch from generator power back to AC Mains, so the mode cannot be inadvertently left in the generator position after pumping down the station in generator mode as is the case with a manual transfer switch).

(OPTIONAL) Service Equipment/Main Service Disconnect Breaker – A separate, internal breaker rated and approved for use as "service equipment" and acts as a main service disconnect of the grinder pump station shall be provided.

(OPTIONAL) Remote Sentry Indoor Alarm Module – A separate, remote indoor alarm module shall be provided to indicate a high level alarm with or without AC power to the grinder pump station. The Remote Sentry indoor alarm module shall have an internal power source enabling its continued operation without AC power. The Remote Sentry shall have an audible alarm and a visual alarm, both of which shall automatically reset if the high level alarm condition is eliminated. The Remote Sentry indoor alarm module shall include a Silence button for the audible alarm and a Test button.

(OPTIONAL) Run-time/Hour Meter – A run-time or hour meter to display the total run-time or operation time for the pump core shall be provided.

(OPTIONAL) Event/Cycle Counter – An event or cycle counter to display the number of operations of the pump core shall be provided.

(OPTIONAL) SENTRY SIMPLEX PROTECT
Provides protection from the following operating conditions:

- **Low Voltage (Brownout) Protection** – A lockout cycle will prevent the motor from operating and will illuminate an LED if:
  - the incoming AC Mains voltage drops below a predetermined minimum, typically 12% of nameplate (211 volts for a 240 volt system) for 2 to 3 seconds, regardless of whether the motor is running
  - the lockout cycle will end if the incoming AC Mains voltage returns to a predetermined value, typically 10% of nameplate (216 volts for a 240 volt system)

  The system continues to retest the voltage every second indefinitely. If the lockout cycle has been initiated and the voltage comes back above the predetermined starting voltage, the system will function normally. The LED remains illuminated during a Brownout condition and remains latched until the pump breaker is turned off and then on again (reset). The audible and visual alarm will not be activated unless there is a high wastewater level in the tank.

- **Run Dry Protection** – A 20-minute lockout cycle will prevent the motor from operating and will illuminate an LED when the wastewater level in the tank is below the pump inlet level. The condition is rechecked every 20 minutes. If the lockout cycle has been initiated and the condition is satisfied, the pump is not allowed to cycle normally but the LED remains latched. The LED will remain latched until the pump breaker is turned off and then on again (reset). If the condition is not satisfied after 3 consecutive attempts, the visual alarm will be activated until the pump breaker is turned off and on (reset) or until there is one cycle of normal operation. If a high level condition is presented at any time, a pump run cycle will be activated.

- **High System Pressure Protection** – A 20-minute lockout cycle will prevent the motor from operating and will illuminate an LED when the pressure in the discharge line is atypically high (closed valve or abnormal line plug). The condition is rechecked every 20 minutes. If the condition is satisfied, the pump is allowed to cycle normally but the LED remains latched. If the condition is not satisfied after 3 consecutive attempts, the pump is locked out indefinitely until the condition is removed and power is reset. The LED will remain latched until the pump breaker is turned off and then on again (reset). The audible and visual alarm will be activated.

In all of the above cases, if more than one error condition is presented, the LED depicting the most

recent error condition will be displayed.

Other included features:

- Alarm Activated Dry Contacts – Normally open relay contact closes upon alarm activation.
- Includes Inner Door Dead Front
- Separate LED's for each condition

(OPTIONAL) SENTRY SIMPLEX PROTECT PLUS:

- All Sentry Protect features (as detailed above)
- High/Low Voltage monitoring with Trouble indication
- High/Low Wattage (wattage is used instead of current because it is a better indicator of pump performance) monitoring with Trouble indication
- Extended Run Time monitoring with Trouble indication
- Cycle/Event Counter
- Run Time Counter (Hour Meter)
- Run Time Limit (time adjustable, user selected options: 10 minutes (default) to 120 minutes in 1-minute intervals
- Power-up Delay (time adjustable, user selected options: None (default), to 300 minutes in 1-minute intervals
- Alarm Delay (time adjustable, user selected options: None (default) or adjustable in 1-minute intervals
- System self-test diagnostic
- User selectable Alarm latch
- User Selectable Protect Mode disable
- User selectable buzzer timer

Specific Protect PLUS indicators and programming features shall include:

- Ready LED to indicate AC power to the station is satisfactory
- Pump Run LED to indicate pump is operating
- Trouble LED indicator and predictive Visual Alarm notification ("blinking" alarm lamp; clears on Normal cycle)
- High Level Alarm LED indicator
- Manual Run switch to manually activate pump
- Menu-driven programmable controller with navigation overlay-type buttons (Enter, Scroll, Up, Down)
- Normal Operation LED and Mode button for Mode status
- Pump Performance menu LED with LCD Display of the following pump performance statistics:
    - Real-time Voltage
    - Real-time Amperage
    - Real-time Wattage
    - Minimum/Maximum/Average Voltage
    - Minimum/Maximum/Average Amperage
    - Minimum/Maximum/Average Wattage
    - Minimum/Maximum Run-time
    - Average Run-time
    - Last Run-time
    - Cycle/Event Counter
    - Run Time Counter (Hour Meter)
- Diagnostics Menu LED
- Initialize System Menu LED
- Run Limit Menu LED
- Alarm Delay Menu LED
- Power Delay Menu LED

DUPLEX STATIONS

MOD T260 DUPLEX:

Each grinder pump station shall include a NEMA 4X, UL-listed alarm panel suitable for wall or pole mounting. The NEMA 4X enclosure shall be manufactured of thermoplastic to ensure corrosion resistance. The enclosure shall include a hinged, lockable cover with padlock, preventing access to electrical components, and creating a secured safety front to allow access only to authorized personnel. The standard enclosure shall not exceed 12.5" W x 16" H x 7.5" D.

The panel shall contain one 15-amp single pole circuit breaker for the alarm circuit and one 15-amp double pole circuit breaker per core for the power circuit. The panel shall contain a push-to-run feature, an internal run indicator, and a complete alarm circuit. All circuit boards in the alarm panel are to be protected with a conformal coating on both sides and the AC power circuit shall include an auto resetting fuse.

The visual alarm lamp shall be inside a red, oblong lens at least 3.75" L x 2.38" W x 1.5" H. Visual alarm shall be mounted to the top of the enclosure in such a manner as to maintain NEMA 4X rating. The audible alarm shall be externally mounted on the bottom of the enclosure, capable of 93 dB @ 2 feet. The audible alarm shall be capable of being deactivated by depressing a push-type switch that is encapsulated in a weatherproof silicone boot and mounted on the bottom of the enclosure (push-to-silence button).

The high-level alarm system shall operate as follows:

1. The panel will go into alarm mode if either pump's alarm switch closes. During the initial alarm mode both pumps will run and the alarm light and buzzer will be delayed for a period of time based on user settings (default is 3-1/2 minutes). If the station is still in high-level alarm after the delay, the light and buzzer will be activated.
2. The audible alarm may be silenced by means of the externally mounted push-to-silence button.
3. The visual alarm remains illuminated until the sewage level in the wet well drops below the "off" setting of the alarm switch for both pumps.

The entire alarm panel, as manufactured and including any of the following options shall be listed by Underwriters Laboratories, Inc.

(OPTIONAL) Generator Receptacle and Auto Transfer – The alarm panel shall include a 20 amp, 250 VAC generator receptacle with a spring-loaded, gasketed cover suitably mounted to provide access for connection of an external generator while maintaining a NEMA 4X rating. An automatic transfer switch shall be provided, which automatically switches from AC power to generator power. Power shall be provided to the alarm panel through the generator receptacle whenever power is present at the receptacle, allowing the audible and visual alarms to function normally in generator mode. When power is no longer applied to the generator receptacle, the panel is automatically switched back to the AC Mains power. (No manual switching within the panel enclosure is necessary to switch from generator power back to AC Mains, so the mode cannot be inadvertently left in the generator position after pumping down the station in generator mode as is the case with a manual transfer switch).

(OPTIONAL) Service Equipment/Main Service Disconnect Breaker – A separate, internal breaker rated and approved for use as "service equipment" and acts as a main service disconnect of the grinder pump station shall be provided.

(OPTIONAL) Remote Sentry Indoor Alarm Module – A separate, remote indoor alarm module shall be provided to indicate a high level alarm with or without AC power to the grinder pump station. The Remote Sentry indoor alarm module shall have an internal power source enabling its continued operation without AC power. The Remote Sentry shall have an audible alarm and a visual alarm, both of which shall automatically reset if the high level alarm condition is eliminated. The Remote Sentry indoor alarm module shall include a Silence button for the audible alarm and a Test button.

(OPTIONAL) Run-time/Hour Meter – A run-time or hour meter to display the total run-time or operation time for the pump core shall be provided.

(OPTIONAL) Event/Cycle Counter – An event or cycle counter to display the number of operations of

the pump core shall be provided.

(OPTIONAL) External Autodialer –

- Four separate voice message alarm zones
- Calls up to 8 telephones, cell phones or pagers
- Built-in line seizure
- Remote Turn Off feature allows termination of activated channel
- EEPROM Memory retains program despite power loss
- Listen-in verification and communication
- Universal dial tone
- Built-in auxiliary output to drive external siren, strobe or relay
- Five optional settings for notifications of a power loss occurrence — instantaneous, 15 minutes, 2 hours, 12 hours or 24 hours.
- One channel for power-loss sensing, three hardwired channels for additional input
- Dialer senses loss of power and based on setting; will notify parties of loss condition only when specified time has elapsed
- If power restores before set time has elapsed, no call will be made
- Package includes battery backup and transformer

DUPLEX PROTECT PLUS:

Each grinder pump station shall include a NEMA 4X, UL-listed alarm panel suitable for wall or pole mounting. The NEMA 4X enclosure shall be manufactured of thermoplastic to ensure corrosion resistance. The enclosure shall include a hinged, lockable cover with padlock, preventing access to electrical components, and creating a secured safety front to allow access only to authorized personnel. The standard enclosure shall not exceed 12.5" W x 16" H x 7.5" D.

The panel shall contain one 15-amp single pole circuit breaker for the alarm circuit and one 15-amp double pole circuit breaker per core for the power circuit. The panel shall contain a push-to-run feature, an internal run indicator, and a complete alarm circuit. All circuit boards in the alarm panel are to be protected with a conformal coating on both sides and the AC power circuit shall include an auto resetting fuse.

The visual alarm lamp shall be inside a red, oblong lens at least 3.75" L x 2.38" W x 1.5" H. Visual alarm shall be mounted to the top of the enclosure in such a manner as to maintain NEMA 4X rating. The audible alarm shall be externally mounted on the bottom of the enclosure, capable of 93 dB @ 2 feet. The audible alarm shall be capable of being deactivated by depressing a push-type switch that is encapsulated in a weatherproof silicone boot and mounted on the bottom of the enclosure (push-to-silence button).

The high-level alarm system shall operate as follows:

1. The panel will go into alarm mode if either pump's alarm switch closes. During the initial alarm mode both pumps will run and the alarm light and buzzer will be delayed for a period of time based on user settings (default is 3-1/2 minutes). If the station is still in high-level alarm after the delay, the light and buzzer will be activated.
2. The audible alarm may be silenced by means of the externally mounted push-to-silence button.
3. The visual alarm remains illuminated until the sewage level in the wet well drops below the "off" setting of the alarm switch for both pumps.

The entire alarm panel, as manufactured and including any of the following options shall be listed by Underwriters Laboratories, Inc.

Contains the following features:

- **Alarm Activated Dry Contacts** – Normally open relay contact closes upon alarm activation.

- **Includes Inner Door Dead Front**

- **Separate LED's for each condition**

Provides protection from the following operating conditions:

- **Low Voltage (Brownout) Protection** – A lockout cycle will prevent the motor from operating and will illuminate the Trouble LED if:
  - the incoming AC Mains voltage drops below a predetermined minimum, typically 12% of nameplate (211 volts for a 240 volt system) for 2 to 3 seconds, regardless of whether the motor is running
  - the lockout cycle will end if the incoming AC Mains voltage returns to a predetermined value, typically 10% of nameplate (216 volts for a 240 volt system).

  The system continues to retest the voltage every second indefinitely. If the lockout cycle has been initiated and the voltage comes back above the predetermined starting voltage, the system will function normally. The Trouble LED remains illuminated during a Brownout condition and a corresponding Brownout message will be displayed on the LCD screen. The LED will turn off when the Brownout condition ends and the LCD message remains latched until the panel is reset. The audible and visual alarm will not be activated unless there is a high wastewater level in the tank.

- **Run Dry Protection** – A 20-minute lockout cycle will prevent the motor from operating and will illuminate the Trouble LED when the wastewater level in the tank is below the pump inlet shroud. A corresponding Run Dry message will be displayed on the LCD screen. The condition is rechecked every 20 minutes and the LCD message remains latched. If the condition is satisfied, the pump is allowed to cycle normally and the Trouble LED will go out, but the LCD message remains latched. The LCD message will remain latched until the panel is reset. If the condition is not satisfied after 3 consecutive attempts, the visual alarm will be activated until the panel is reset or until there is one cycle of normal operation. If a high level condition is presented at any time, a pump run cycle will be activated.

- **High System Pressure Protection** – A 20-minute lockout cycle will prevent the motor from operating and will illuminate the Trouble LED when the pressure in the discharge line is atypically high (closed valve or abnormal line plug). A corresponding Overpressure message will be displayed on the LCD screen. The condition is rechecked every 20 minutes. If the condition is satisfied, the pump is allowed to cycle normally and the Trouble LED will turn off, but the LCD message remains latched. The LCD message will remain latched until the panel is reset. If the condition is not satisfied after 3 consecutive attempts, the pump is locked out indefinitely and the audible and visual alarm will be activated. The LCD message and alarms will remain latched until the condition is removed and the panel is reset.

In all of the above cases, if more than one error condition is presented, the LCD message depicting the most recent error condition will be displayed.

PROTECT PLUS FEATURES:

- High/Low Voltage monitoring with Trouble indication
- High/Low Wattage (wattage is used instead of current because it is a better indicator of pump performance) monitoring with Trouble indication
- Extended Run Time monitoring with Trouble indication
- Cycle/Event Counter
- Run Time Counter (Hour Meter)
- Run Time Limit — time adjustable, user-selected options: 10 minutes (default) to 120 minutes in 1-minute intervals
- Power-up Delay — time adjustable, user-selected options: None (default), to 300 minutes in 1-minute intervals
- Alarm Delay — time adjustable, user-selected options: zero to 10 minutes in 30-second increments; 4 minutes is default

- System self-test diagnostic
- User-selectable Alarm latch
- User-selectable Protect Mode disable
- User-selectable buzzer timer

Specific Duplex Protect PLUS indicators and programming features shall include:

- Ready LED to indicate AC power to the station is satisfactory
- Pump Run LED to indicate pump is operating (LCD indicates which pump is running)
- Trouble LED indicator and predictive Visual Alarm notification ("blinking" alarm lamp; clears on Normal cycle)
- High Level Alarm LED indicator (LCD indicates which pump is in alarm)
- Manual Run switch to manually activate pumps
- Lead/Lag indication (LCD indicates which pump is lead)
- Menu-driven programmable controller with navigation overlay-type buttons (Enter, Scroll, Up, Down)
- Normal Operation LED and Mode button for Mode status
- Pump Performance menu LED with LCD display of the following pump performance statistics:
    - Real-time Voltage
    - Real-time Amperage
    - Real-time Wattage
    - Minimum/Maximum/Average Voltage
    - Minimum/Maximum/Average Amperage
    - Minimum/Maximum/Average Wattage
    - Minimum/Maximum Run-time
    - Average Run-time
    - Last Run-time
    - Cycle/Event Counter
    - Run Time Counter (Hour Meter)
- Diagnostics Menu LED
- Initialize System Menu LED
- Run Limit Menu LED
- Alarm Delay Menu LED
- Power Delay Menu LED
- Pump alternating options (no alternation, adjustable time based and test)
- Pump alternating time options — 24 hours to 72 hours in 12-hour increments

(OPTIONAL) Generator Receptacle and Auto Transfer – The alarm panel shall include a 20 amp, 250 VAC generator receptacle with a spring-loaded, gasketed cover suitably mounted to provide access for connection of an external generator while maintaining a NEMA 4X rating. An automatic transfer switch shall be provided, which automatically switches from AC power to generator power. Power shall be provided to the alarm panel through the generator receptacle whenever power is present at the receptacle, allowing the audible and visual alarms to function normally in generator mode. When power is no longer applied to the generator receptacle, the panel is automatically switched back to the AC Mains power. (No manual switching within the panel enclosure is necessary to switch from generator power back to AC Mains, so the mode cannot be inadvertently left in the generator position after pumping down the station in generator mode as is the case with a manual transfer switch).

(OPTIONAL) Service Equipment/Main Service Disconnect Breaker – A separate, internal breaker that is rated and approved for use as "service equipment" and acts as a main service disconnect of the grinder pump station shall be provided.

(OPTIONAL) Remote Sentry Indoor Alarm Module – A separate, remote indoor alarm module shall be provided to indicate a high level alarm with or without AC power to the grinder pump station. The Remote Sentry indoor alarm module shall have an internal power source enabling its continued operation without AC power. The Remote Sentry shall have an audible alarm and a visual alarm, both of which shall automatically reset if the high level alarm condition is eliminated. The Remote Sentry indoor alarm module shall include a Silence button for the audible alarm and a Test button.

(OPTIONAL) External Autodialer –

- Four separate voice message alarm zones
- Calls up to 8 telephones, cell phones or pagers
- Built-in line seizure
- Remote Turn Off feature allows termination of activated channel
- EEPROM Memory retains program despite power loss
- Listen-in verification and communication
- Universal dial tone
- Built-in auxiliary output to drive external siren, strobe or relay
- Five optional settings for notifications of a power loss occurrence — instantaneous, 15 minutes, 2 hours, 12 hours or 24 hours
- One channel for power-loss sensing, three hardwired channels for additional input
- Dialer senses loss of power and based on setting; will notify parties of loss condition only when specified time has elapsed
- If power restores before set time has elapsed, no call will be made
- Package includes battery backup and transformer

2.14 SERVICEABILITY: The grinder pump core, including level sensor assembly, shall have two lifting hooks complete with lift-out harness connected to its top housing to facilitate easy core removal when necessary. The level sensor assembly must be easily removed from the pump assembly for service or replacement. All mechanical and electrical connections must provide easy disconnect capability for core unit removal and installation. Each EQD half must include a water-tight cover to protect the internal electrical pins while the EQD is unplugged. A pump push-to-run feature will be provided for field trouble shooting. The push-to-run feature must operate the pump even if the level sensor assembly has been removed from the pump assembly. All motor control components shall be mounted on a readily replaceable bracket for ease of field service.

2.15 OSHA CONFINED SPACE: All maintenance tasks for the grinder pump station must be possible without entry into the grinder pump station (as per OSHA 1910.146 Permit-required confined spaces). *"Entry means the action by which a person passes through an opening into a permit-required confined space. Entry includes ensuing work activities in that space and is considered to have occurred as soon as any part of the entrant's body breaks the plane of an opening into the space."*

2.16 SAFETY: The grinder pump shall be free from electrical and fire hazards as required in a residential environment. As evidence of compliance with this requirement, the completely assembled and wired grinder pump station shall be listed by Underwriters Laboratories, Inc., to be safe and appropriate for the intended use. UL listing of components of the station, or third-party testing to UL standard are not acceptable.

The grinder pump shall meet accepted standards for plumbing equipment for use in or near residences, shall be free from noise, odor, or health hazards, and shall have been tested by an independent laboratory to certify its capability to perform as specified in either individual or low pressure sewer system applications. As evidence of compliance with this requirement, the grinder pump shall bear the seal of NSF International. Third-party testing to NSF standard is not acceptable.

3.0 EXECUTION

3.01 FACTORY TEST: Each grinder pump shall be submerged and operated for 1.5 minutes (minimum). Included in this procedure will be the testing of all ancillary components such as, the anti-siphon valve, check valve, discharge assembly and each unit's dedicated level controls and motor controls. All factory tests shall incorporate each of the above listed items. Actual appurtenances and controls which will be installed in the field shall be particular to the tested pump only. A common set of appurtenances and controls for all pumps is not acceptable. Certified test results shall be available upon request showing the operation of each grinder pump at two different points on its curve. Additional validation tests include: integral level control performance, continuity to ground and acoustic tests of the rotating components.

The **ENGINEER** reserves the right to inspect such testing procedures with representatives of the **OWNER,** at the **GRINDER PUMP MANUFACTURER'S** facility.

All HDPE basins shall be factory leak tested to assure the integrity of all joints, seams and penetrations. All necessary penetrations such as inlets, discharge fittings and cable connectors shall be included in this test along with their respective sealing means (grommets, gaskets etc.). Fiberglass basins with stainless steel discharge bulkhead shall be factory tested to be watertight.

3.02 CERTIFIED SERVICE PROGRAM: The grinder pump **MANUFACTURER** shall provide a program implemented by the **MANUFACTURER'S** personnel as described in this specification to certify the service company as an authorized serviced center. As evidence of this, the **MANUFACTURER** shall provide, when requested, sufficient evidence that they have maintained their own service department for a minimum of 30 years and currently employ a minimum of five employees specifically in the service department.

As part of this program, the **MANUFACTURER** shall evaluate the service technicians as well as the service organization annually. The service company will be authorized by the **MANUFACTURER** to make independent warranty judgments. The areas covered by the program shall include, as a minimum:

1. Pump Population Information — The service company will maintain a detailed database for the grinder pumps in the territory that tracks serial numbers by address.

2. Inventory Management — The service company must maintain an appropriate level of inventory (pumps, tanks, panels, service parts, etc.) including regular inventory review and proper inventory labeling. Service technicians will also maintain appropriate parts inventory and spare core(s) on service vehicles.

3. Service Personnel Certification — Service technicians will maintain their level-specific certification annually. The certifications are given in field troubleshooting, repair, and training.

4. Service Documentation and Records — Start up sheets, service call records, and customer feedback will be recorded by the service company.

5. Shop Organization — The service company will keep its service shop organized and pumps will be tagged with site information at all times. The shop will have all required equipment, a test tank, and cleaning tools necessary to service pumps properly.

3.03 DELIVERY: All grinder pump core units, including level controls, will be delivered to the job site 100 percent completely assembled, including testing, ready for installation. Grinder pump cores will be shipped separately from the tanks. Installing the cores and discharge piping/hose into the tanks is the only assembly step required and allowed due to the workmanship issues associated with other on-site assembly. Grinder pump cores must be boxed for ease of handling.

3.04 INSTALLATION: Earth excavation and backfill are specified under **SITE WORK**, but are also to be done as a part of the work under this section, including any necessary sheeting and bracing.

The **CONTRACTOR** shall be responsible for handling ground water to provide a firm, dry subgrade for the structure, and shall guard against flotation or other damage resulting from general water or flooding.

The grinder pump stations shall not be set into the excavation until the installation procedures and excavation have been approved by the **ENGINEER**.

Remove packing material. User instructions MUST be given to the **OWNER**. Hardware supplied with the unit, if required, will be used at installation. The basin will be supplied with a standard 4" inlet

grommet (4.50" OD) for connecting the incoming sewer line. Appropriate inlet piping must be used. The basin may not be dropped, rolled or laid on its side for any reason.

Installation shall be accomplished so that 1 inch to 4 inches of accessway, below the bottom of the lid, extends above the finished grade line. The finished grade shall slope away from the unit. The diameter of the excavated hole must be large enough to allow for the concrete anchor.

A 6" inch (minimum) layer of naturally rounded aggregate, clean and free flowing, with particle size of not less than 1/8" or more than 3/4" shall be used as bedding material under each unit.

A concrete anti-flotation collar, as detailed on the drawings, and sized according to the manufacturer's instructions, shall be required and shall be pre-cast to the grinder pump or poured in place. Each grinder pump station with its pre-cast anti-flotation collar shall have a minimum of three lifting eyes for loading and unloading purposes.

If the concrete is poured in place, the unit shall be leveled, and filled with water, to the bottom of the inlet, to help prevent the unit from shifting while the concrete is being poured. The concrete must be manually vibrated to ensure there are no voids. If it is necessary to pour the concrete to a level higher than the inlet piping, an 8" sleeve is required over the inlet prior to the concrete being poured.

The **CONTRACTOR** will provide and install a 4-foot piece of 4-inch SCH 40 PVC pipe with water tight cap, to stub-out the inlet for the property owners' installation contractor, as depicted on the contract drawings.

A lateral assembly or redundant check valve is required to be installed in the pipe lateral outside the home between the pump discharge and the street main on all installations.

The electrical enclosure shall be furnished, installed and wired to the grinder pump station by the **CONTRACTOR**. An alarm device is required on every installation, there shall be **NO EXCEPTIONS**. It will be the responsibility of the **CONTRACTOR** and the **ENGINEER** to coordinate with the individual property owner(s) to determine the optimum location for the alarm panel.

The **CONTRACTOR** shall mount the alarm device in a conspicuous location, as per national and local codes. The alarm panel will be connected to the grinder pump station by a length of 6-conductor type TC cable as shown on the contract drawings. The power and alarm circuits must be on separate power circuits. The grinder pump stations will be provided with 32 feet, 25 feet of useable, electrical supply cable to connect the station to the alarm panel. This cable shall be supplied with a **FACTORY INSTALLED** EQD half to connect to the mating EQD half on the core.

3.05 BACKFILL REQUIREMENTS: Proper backfill is essential to the long-term reliability of any underground structure. Several methods of backfill are available to produce favorable results with different native soil conditions. The most highly recommended method of backfilling is to surround the unit to grade using Class I or Class II backfill material as defined in ASTM 2321. Class 1A and Class 1B are recommended where frost heave is a concern; Class 1B is a better choice when the native soil is sand or if a high, fluctuating water table is expected. Class 1, angular crushed stone, offers an added benefit in that it doesn't need to be compacted.

Class II, naturally rounded stone, may require more compactive effort, or tamping, to achieve the proper density. If the native soil condition consists of clean compactible soil, with less than 12% fines, free of ice, rocks, roots and organic material, it may be an acceptable backfill. Soil must be compacted in lifts not to exceed one foot to reach a final Proctor Density of between 85% and 90%. Heavy, non-compactible clays and silts are not suitable backfill for this or any underground structure such as inlet or discharge lines.

If you are unsure of the consistency of the native soil, it is recommended that a geotechnical evaluation of the material is obtained before specifying backfill.

Another option is the use of a flowable fill (i.e., low slump concrete). This is particularly attractive when installing grinder pump stations in augured holes where tight clearances make it difficult to assure

proper backfilling and compaction with dry materials. Flowable fills should not be dropped more than four feet from the discharge to the bottom of the hole to avoid separation of the constituent materials.

Backfill of clean, native earth, free of rocks, roots, and foreign objects, shall be thoroughly compacted in lifts not exceeding 12" to a final Proctor Density of not less than 85%. Improper backfilling may result in damaged accessways. The grinder pump station shall be installed at a minimum depth from grade to the top of the 1 1/4" discharge line, to assure maximum frost protection. The finish grade line shall be 1" to 4" below the bottom of the lid, and final grade shall slope away from the grinder pump station.

All restoration will be the responsibility of the **CONTRACTOR**. Per unit costs for this item shall be included in the **CONTRACTOR'S** bid price for the individual grinder pump station. The properties shall be restored to their original condition in all respects, including, but not limited to, curb and sidewalk replacement, landscaping, loaming and seeding, and restoration of the traveled ways, as directed by the **ENGINEER**.

3.06 START-UP AND FIELD TESTING: The **MANUFACTURER** shall provide the services of qualified factory trained technician(s) who shall inspect the placement and wiring of each station, perform field tests as specified herein, and instruct the **OWNER'S** personnel in the operation and maintenance of the equipment before the stations are accepted by the **OWNER**.

All equipment and materials necessary to perform testing shall be the responsibility of the **INSTALLING CONTRACTOR.** This includes, as a minimum, a portable generator and power cable (if temporary power is required), water in each basin (filled to a depth sufficient to verify the high level alarm is operating), and opening of all valves in the system. These steps shall be completed prior to the qualified factory trained technician(s) arrival on site.

The services of a trained, factory-authorized technician shall be provided at a rate of 40 hours for every 100 grinder pump stations supplied.

Upon completion of the installation, the authorized factory technician(s) will perform the following test on each station:

1. Make certain the discharge shut-off valve in the station is fully open.

2. Turn ON the alarm power circuit and verify the alarm is functioning properly.

3. Turn ON the pump power circuit. Initiate the pump operation to verify automatic "on/off" controls are operative. The pump should immediately turn ON.

4. Consult the Manufacturer's Service Manual for detailed start-up procedures.

Upon completion of the start-up and testing, the **MANUFACTURER** shall submit to the **ENGINEER** the start-up authorization form describing the results of the tests performed for each grinder pump station. Final acceptance of the system will not occur until authorization forms have been received for each pump station installed and any installation deficiencies corrected.

4.0 OPERATION AND MAINTENANCE

4.01 SPARE CORE: The **MANUFACTURER** will supply one spare grinder pump core for every 50 grinder pump stations installed or portion thereof, complete with all operational controls, level sensors, check valve, anti-siphon valve, pump/motor unit, and grinder.

4.02 MANUALS: The **MANUFACTURER** shall supply four copies of Operation and Maintenance Manuals to the **OWNER**, and one copy of the same to the **ENGINEER**.

END OF SECTION

WARRANTY PERFORMANCE CERTIFICATION

As a pre-bid certification requirement, each bidder shall provide a Warranty Performance Certification executed by the most senior executive officer, which certifies a minimum of a two (2) year warranty. They must further detail any exclusions from the warranty or additional cost items required to maintain the equipment in warrantable condition, including all associated labor and shipping fees, and certify that the manufacturer will bear **all** costs to correct original equipment deficiency for the effective period of the warranty.

I,_____, by and through my duly authorized signature below as its most senior operating executive, certify that _____ _____ will provide a two (2) year warranty on grinder pump equipment manufactured and supplied by _____ _____ for the _____ _____ project. I further certify that, other than failure to install equipment in accordance with manufacturer's instructions, no exclusions and/or cost items to maintain said equipment in warrantable condition, including labor, travel and shipping fees, exist except as detailed immediately below:

EXCLUSIONS: 1. _____
2. _____
3. _____

COST ITEMS TO MAINTAIN EQUIPMENT IN WARRANTABLE CONDITION:	Required Frequency (mos)	Avg. monthly cost ($) times warranty period
1. _____	_____	$ _____
2. _____	_____	$ _____
3. _____	_____	$ _____
4. _____	_____	$ _____
5. _____	_____	$ _____

Total labor/material cost to maintain equipment in warrantable condition for warranty period ($):

For any items not identified as exclusions or additional cost items above, OR for additional labor & material costs required to maintain equipment in warrantable condition that exceed the Avg. monthly cost ($) detailed above, _____ will bear all costs to correct such original equipment deficiency for the effective period of the warranty including all applicable labor, travel and shipping fees.

INNERARITY ISLAND SEWER MATERIAL PURCHASE

REQUIREMENTS FOR PROJECTS FUNDED BY FEDERAL AID

CERTIFICATION FOR DISCLOSURE OF LOBBYING ACTIVITIES ON FEDERAL-AID CONTRACTS

(Compliance with 49CFR, Section 20.100 (b))

The prospective participant certifies, by signing this certification, that to the best of his or her knowledge and belief:

(1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer of employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities", in accordance with its instructions. (Standard Form-LLL can be obtained from the Florida Department of Transportation's Professional Services Administrator or Procurement Office.)

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The prospective participant also agrees by submitting his or her proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR FEDERAL AID CONTRACTS

(Compliance with 49CFR, Section 29.510)
(Appendix B Certification]

It is certified that neither the below identified firm nor its principals are presently suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Name of Consultant:

Title:_____

Instructions for Certification

1. By signing and submitting this certification with the proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted. If at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms 'covered transaction', 'debarred', 'suspended', 'ineligible', 'lower tier covered transaction','participant', 'person', primary covered transaction', 'principal', 'proposal', and 'voluntarily excluded', as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the person to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Appendix B: Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction", without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant are not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Department may pursue available remedies, including suspension and/or debarment.

(a) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions, as defined in 49 CFR §29.110(a), by any Federal department or agency;

(b) has within a three-year period preceding this certification been convicted of or had a civil judgment rendered against him or her for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, State or local government transaction or public contract; violation of Federal or State antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

(c) is presently indicted for or otherwise criminally or civilly charged by a Federal, State or local governmental entity with commission of any of the offenses enumerated in paragraph 9(b) of this certification; and

(d) has within a three-year period preceding this certification had one or more Federal, State or local government public transactions terminated for cause or default.

10. I(We), certify that I(We), shall not knowingly enter into any transaction with any subcontractor, material supplier, or vendor who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this contract by any Federal Agency unless authorized by the Department.

Where I am unable to declare or certify as to any of the statements contained in the above stated paragraphs numbered (1) through (10), I have provided an explanation in the "Exceptions" portion below or by attached separate sheet.

EXCEPTIONS:

(Any exception listed above will not necessarily result in denial of award, but will be considered in determining bidder responsibility. For any exception noted, indicate to whom it applies, initiating agency and dates of agency action. Providing false information may result in criminal prosecution and/or administrative sanctions.)

I declare under penalty of perjury that the foregoing is true and correct.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-11224 **County Administrator's Report 12. 30.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 12/08/2016
Issue: Innerarity Island Sewer Material Purchase
From: Claudia Simmons, Purchasing Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:
Recommendation Concerning the Purchase Order for PD 16-17.007, Innerarity Island Sewer Material Purchase - Claudia Simmons, Manager, Office of Purchasing

That the Board approve the issuance of and authorize the County Administrator to sign a Purchase Order to Morrow Water Technologies, Inc., in the amount of $249,500, for the purchase of 100 Grinder Pump Stations for the Innerarity Island Sewer Project, PD 16-17.007, at a unit cost of $2,495.

[Funding: Fund 352, "IIDC Grant," Cost Center 110211, Object Code 56301]

BACKGROUND:
The Invitation to Bid PD16-17.007 advertised in the Pensacola News Journal on Monday, October 24. One bid was received on Tuesday, November 15, 2016.

These materials (grinder pump stations) are for the upgrade of the Innerarity Island sewer system. The Innerarity Island water and sewer system has been turned over to the County as the receiver of the system as the Innerarity Point Development Corporation has gone bankrupt. ECUA has agreed to accept the water and sewer system after certain repairs are made as recommend by the their engineering consultant. These grinder pump station have been identified by ECUA as materials which could be pre-purchased.

The materials are being pre-purchased ahead of a sewer construction project because we are trying to encumber an initial DEP grant by the end of the calendar year. Our grant consultant has advise us this would allow securing a second grant in the most expeditious manner. The next grant will include a construction contract to make repairs to the sewer system.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

BOND AMOUNT:
5% Five Percent of Amount Bid

PROJECT:
(Name, location or address, and Project number, if any)

Innerarity Island Sewer Material Purchase; Solicitation Number PD 16-17.007

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

MERCHANTS BONDING COMPANY

POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Alisa B Ferris; Evondia H Woessner; Jeffrey M Wilson; Mark W Edwards II; R E Daniels; Robert R Freel; Ronald B Giadrosich; Shelby E Daniels

their true and lawful Attorney(s)-in-Fact, to make, execute, seal and deliver on behalf of the Companies, as Surety, bonds, undertakings and other written obligations in the nature thereof, subject to the limitation that any such instrument shall not exceed the amount of:

EIGHT MILLION ($8,000,000.00) DOLLARS

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the following By-Laws adopted by the Board of Directors of Merchants Bonding Company (Mutual) on April 23, 2011 and adopted by the Board of Directors of Merchants National Bonding, Inc., on October 24, 2011.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner-Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 15th day of August , 2015 .

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that MORROW WATER TECHNOLOGIES does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

CERTIFICATION FOR DISCLOSURE OF LOBBYING ACTIVITIES ON FEDERAL-AID CONTRACTS
(Compliance with 49CFR, Section 20.100 (b))

The prospective participant certifies, by signing this certification, that to the best of his or her knowledge and belief:

(1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer of employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities", in accordance with its instructions. (Standard Form-LLL can be obtained from the Florida Department of Transportation's Professional Services Administrator or Procurement Office.)

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The prospective participant also agrees by submitting his or her proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such subrecipients shall certify and disclose accordingly.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR FEDERAL AID CONTRACTS
(Compliance with 49CFR, Section 29.510)
(Appendix B Certification]

It is certified that neither the below identified firm nor its principals are presently suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Name of Consultant:

By: TIM MALONEY Date: 11/15/2016
Authorized Signature

Title: MANAGER

Instructions for Certification

1. By signing and submitting this certification with the proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted. If at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms 'covered transaction', 'debarred', 'suspended', 'ineligible', 'lower tier covered transaction','participant', 'person', primary covered transaction', 'principal', 'proposal', and 'voluntarily excluded', as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the person to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Appendix B: Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction", without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant are not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Department may pursue available remedies, including suspension and/or debarment.

(a) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions, as defined in 49 CFR §29.110(a), by any Federal department or agency;

(b) has within a three-year period preceding this certification been convicted of or had a civil judgment rendered against him or her for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, State or local government transaction or public contract; violation of Federal or State antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

(c) is presently indicted for or otherwise criminally or civilly charged by a Federal, State or local governmental entity with commission of any of the offenses enumerated in paragraph 9(b) of this certification; and

(d) has within a three-year period preceding this certification had one or more Federal, State or local government public transactions terminated for cause or default.

10. I(We), certify that I(We), shall not knowingly enter into any transaction with any subcontractor, material supplier, or vendor who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this contract by any Federal Agency unless authorized by the Department.

Where I am unable to declare or certify as to any of the statements contained in the above stated paragraphs numbered (1) through (10), I have provided an explanation in the "Exceptions" portion below or by attached separate sheet.

EXCEPTIONS:

(Any exception listed above will not necessarily result in denial of award, but will be considered in determining bidder responsibility. For any exception noted, indicate to whom it applies, initiating agency and dates of agency action. Providing false information may result in criminal prosecution and/or administrative sanctions.)

I declare under penalty of perjury that the foregoing is true and correct.

FAILURE TO FULLY COMPLETE AND EXECUTE THIS DOCUMENT MAY RESULT IN THE BID BEING DECLARED NONRESPONSIVE

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to ESCAMBIA COUNTY
(print name of the public entity)

by TIM MALONEY - MANAGER
(print individual's name and title)

for MORROW WATER TECHNOLOGIES
(print name of entity submitting sworn statement)

whose business address is

7440 CAHABA VALLEY ROAD
BIRMINGHAM, AL 35242

and (if applicable) its Federal Employer Identification Number (FEIN) is:
63-1021834

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity

crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

✓ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THOROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

WARRANTY PERFORMANCE CERTIFICATION

As a pre-bid certification requirement, each bidder shall provide a Warranty Performance Certification executed by the most senior executive officer, which certifies a minimum of a two (2) year warranty. They must further detail any exclusions from the warranty or additional cost items required to maintain the equipment in warrantable condition, including all associated labor and shipping fees, and certify that the manufacturer will bear all costs to correct original equipment deficiency for the effective period of the warranty.

I, Eric LaCoppola, by and through my duly authorized signature below as its most senior operating executive, certify that Environment One Corp. (E/One) will provide a two (2) year warranty on grinder pump equipment manufactured and supplied by E/One for the Escambia County Florida - Innerarity Island Sewer Material Purchase - E/One Grinder Pump Station Supply project. I further certify that, other than failure to install equipment in accordance with manufacturer's instructions, no exclusions and/or cost items to maintain said equipment in warrantable condition, including labor, travel and shipping fees, exist except as detailed immediately below:

EXCLUSIONS: 1. None
2. _____
3. _____

COST ITEMS TO MAINTAIN EQUIPMENT IN WARRANTABLE CONDITION:	Required Frequency (mos)	Avg. monthly cost ($) times warranty period
1. None	N/A	$ 0.00
2.		$
3.		$
4.		$
5.		$

Total labor/material cost to maintain equipment in warrantable condition for warranty period ($): 0.00

For any items not identified as exclusions or additional cost items above, OR for additional labor & material costs required to maintain equipment in warrantable condition that exceed the Avg. monthly cost ($) detailed above, E/One will bear all costs to correct such original equipment deficiency for the effective period of the warranty including all applicable labor, travel and shipping fees.

☐ Individual/sole proprietor ☐ C Corporation ☑ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

☐ Other (see instructions) ▶

Exemptions (see instructions):
Exempt payee code (if any) 5
Exemption from FATCA reporting code (if any)

Address (number, street, and apt. or suite no.)
7440 Cahaba Valley Road

Requester's name and address (optional)

City, state, and ZIP code
Birmingham, AL 35242-6303

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below), and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Sign Here Signature of U.S. person ▶  Date ▶ 1/1/14

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16434 **County Administrator's Report 12. 1.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: State Law Enforcement Trust Fund Appropriation
From: Henrique Dias, Chief Financial Officer
Organization: Escambia County Sheriff's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning State Law Enforcement Trust Fund - Henrique Dias, Chief Financial Officer, Escambia County Sheriff's Office Finance Division

That the Board approve the following allocations of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5) for Outside Agency partners in Escambia County for Fiscal Year 2018/2019:

A. Junior Achievement of Northwest Florida, Inc., in the amount of $5,000;

B. Arc Gateway, Inc., in the amount of $20,000; and

C. Manna Food Bank, Inc., in the amount of $2,000.

Upon approval of these funding allocations, the Sheriff's Office will process all appropriate paperwork and submit for payment from LET Funds to the Escambia Clerk of the Circuit Court and Comptroller.

[Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

BACKGROUND:

Per F.S. 932.7055(5), certain law enforcement activities generate a revenue stream that must be appropriated into the Law Enforcement Trust to be expended by the Sheriff. These funds support various law enforcement related activities in Escambia County.

List of Agencies with amount (appropriate backup for each agency is attached):

Junior Achievement of Northwest Florida, Inc. - $5,000
The Arc Gateway, Inc. - $20,000
Manna Food Bank, Inc. - $2,000

BUDGETARY IMPACT:
N/A

LEGAL CONSIDERATIONS/SIGN-OFF:
N/A

PERSONNEL:
N/A

POLICY/REQUIREMENT FOR BOARD ACTION:
These funds may be expended upon request by the Sheriff to the Board of County Commissioners or by the Chief of Police to the governing body of the municipality, accompanied by a written certification that the request complies with the provisions of this subsection, and only upon appropriation to the Sheriff's Office or police department by the Board of County Commissioners or the governing body of the municipality.

July 1, 2019

Junior Achievement of Northwest Florida Inc.
Attn: Ildi Hosman
6677 N. Davis Highway Suite B, Pensacola FL 32504

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated June 26, 2019.

Dear Ildi Hosman,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Crime Prevention, Drug Prevention, or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $5000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

Junior Achievement of Northwest Florida, Inc.

Escambia County Sheriff's Department
SLET Grant Application 2019 | JUSTIFCATION (p. 2 SLET application narrative)

Junior Achievement of Northwest Florida (JA) requests continued partnership with the Escambia County Sheriff's Office to provide financial literacy and business education as a means to reduce crime and prevent drug use. With this request for funding, we also request encourage staff from the Escambia County Sheriff's Department to become JA volunteers to instruct the classes that would be sponsored by this grant.

Junior Achievement will provide educational programming that encourages youth to finish high school, think about getting a job, how to apply, how to manage income, and how to go about starting a business. These activities are shown to deter youth from engaging in risky behaviors, including criminal activity and drug use, by providing interactive education during regular instruction time in their classrooms. The Junior Achievement educational model brings innovative hands-on activities and technologically advanced programming that captures the attention of students and keeps it.

JA uses a mentorship teaching model that is based in role modeling. JA volunteers are trained to engage in local classrooms once per week for one hour for a minimum of five weeks (depends on the program chosen by the volunteer). If officers or staff are not available from the Sheriff's office, Junior Achievement has a dedicated base of volunteers from the local business community that can also be sent into the classroom to teach the classes that would be sponsored by the Sheriff's Office.

All Junior Achievement volunteers serve as positive role models for local school children. JA volunteers share their personal stories about their careers and education. These firsthand accounts coupled with world class empirically validated educational materials focused on jobs, money, and free enterprise, are proven to change youth attitudes.

Studies show that the Junior Achievement teaching model enhances self-efficacy with students and changes their perspective on their futures. 40% of JA alumni reported that JA gave them an idea for a career. And, a staggering 90% of JA alumni report they are confident in managing their finances.

Evaluation of Junior Achievement programming also shows that 20% of JA alumni choose a career field that is similar to that of their JA classroom volunteer. This further

evidences that JA programming is making a difference and that the teaching model is an effective one.

Locally, a few of our successes in the 2017-2018 school year were:

53% of students surveyed stated that their JA volunteer made them feel important.

60% of students reported that [the things they learned in] JA helped them stay out of trouble at school.

87% of students surveyed stated that the things they learned in JA will help them get a good job.

80% of students surveyed stated that JA connected what they learned in the classroom with real life.

90% of students surveyed stated that they learned what soft skills are and the value of them.

Junior Achievement enhances the education that kids receive in the traditional school setting and helps them to understand that education is the key to personal success.

The better educated a child is, the less likely they are to engage in criminal activity or to become lifelong criminals.

Junior Achievement provides a vehicle for students to explore possible career choices and express their future educational and employment goals and aspirations. Students who see that their future can be different than they imagined it would be or different than what they have seen in their home environments, are less likely to repeat the cycle they are used to.

JA shows children that self-confidence and education are what is necessary to become successful.

JA illustrates to students how to manage their personal finances by obtaining employment and by earning money to support themselves and their families.

JA volunteers are accomplished professionals who serve as valuable role models for our area's youth and shows them the value of applying themselves instead of engaging in criminal activity. JA empowers youth to believe in themselves and to feel confident they have a place in today's business world.

In Escambia County, JA deploys over 90 volunteers each year to teach critical skills in personal finance, entrepreneurship, economics, and workforce preparedness. The

program is available to all students Kindergarten through 12th grade and is free of charge to schools and students. Programs are taught as requested by school teachers.

With a $5,000 grant from the Escambia County Sheriff's Office, the JA/Sheriff's Department partnership will impact the lives of well over 200 under-served kids attending Title I schools in the County. (Every JA class taught costs $500.)

Junior Achievement of Northwest Florida is governed by a board of directors and is required to comply with the programming standards set forth by JA USA, a national non-profit 501c3 organization. JA programs are updated every two years to meet changing educational requirements and to adapt to advancing technology in the classroom.

Notable companies in Escambia County currently providing classroom volunteers to Junior Achievement of Northwest Florida include Gulf Power Company, ExxonMobil, Navy Federal Credit Union, Regions Bank, Hancock Bank, Cox Communications, IMS ExpertServices, Landrum-HR, Sonic, Harvesters Federal Credit Union, Innisfree Hotel Corporation, BBVA Compass Bank, and many other well-known local and national companies.

As mentioned earlier, the JA experience has been scientifically validated by extensive evaluation to influence positive behavioral outcomes. In 2016, an evaluation of JA alumni showed that students who were involved in a JA program have higher high school graduation rates than those of the general U.S. population (ed.gov/news, theatlantic.com/education/archive, nces.ed.gov/fastfacts).

Each year, thousands of underprepared young people enter the workforce candidate pool. Local businesses and economic development agencies in our area are reporting the absence of interviewing skills and essential workplace soft skills. Continued partnership between the Escambia County Sheriff's Department and Junior Achievement of Northwest Florida would help to mitigate these problems.

In closing, it's important to note that the Escambia County School District is not able to incorporate lessons on personal finance, economics, and workforce preparedness due to statewide testing preparation, lack of funding, and availability of training for teachers. There is no duplication of services with regard to JA programming.

When students complete JA programs, we generate more productive and self-sustaining young people as members of our community who avoid criminal activity.

Dear Taxpayer:

This is in response to your request dated May 31, 2018, for information about your tax-exempt status.

Our records indicate we issued a determination letter to you in January 1994, and you're currently exempt under Internal Revenue Code (IRC) Section 501(c)(3).

We also recognized the subordinates on the list you submitted as exempt from federal income tax under IRC Section 501(c)(3).

For federal income tax purposes, donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106 and 2522.

Please refer to www.irs.gov/charities for information about filing requirements. Specifically, IRC Section 6033(j) provides that, if you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

In addition, each subordinate organization is subject to automatic revocation if it doesn't file a required return or notice for three consecutive years. Subordinate organizations can file required returns or notices individually or as part of a group return.

For tax forms, instructions, and publications, visit www.irs.gov or call 1-800-TAX-FORM (1-800-829-3676).

If you have questions, call 1-877-829-5500 between 8 a.m. and 5 p.m., local time, Monday through Friday (Alaska and Hawaii follow Pacific Time).

JUNIOR ACHIEVEMENT OF NORTHWEST
FLORIDA
6677 N DAVIS HWY
PENSACOLA FL 32504-6386

is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased.

FLORIDA

Important Information for Exempt Organizations

DR-14
R. 10/15

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions regarding your exemption certificate, please contact the Exemption Unit of Account Management at 800-352-3671. From the available options, select "Registration of Taxes," then "Registration Information," and finally "Exemption Certificates and Nonprofit Entities." The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
☐☐☐ - ☐☐ - ☐☐☐☐

or

Employer identification number
59 - 0839555

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 6-26-19

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

LAW ENFORCEMENT

TRUST FUND APPLICATION

DATE

JUNE 2019

PROPOSED BY

MELISSA ROGERS
CHIEF EXECUTIVE OFFICER

CATHY LAUTERBACH
CHIEF OPERATING OFFICER

AGENCY OVERVIEW

MISSION

To provide the best possible life experiences for persons with intellectual and developmental disabilities.

Founded in 1954, The Arc Gateway provides services to over 800 adults and children with or at risk of intellectual and/or developmental disabilities.

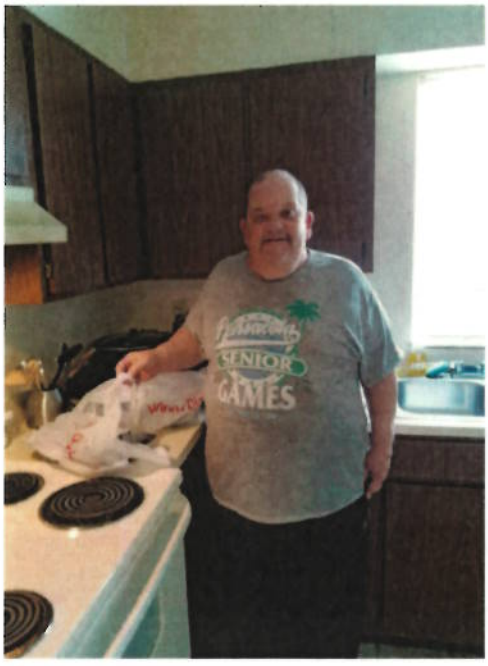
SERVICES

- Pediatric Therapy
- Developmental Instruction
- Adult Day Training
- Community Based Employment
- Supported Employment
- Group Homes
- Supported Living
- Post-Secondary Education
- Senior Adult Services/Retirement
- Recreational Activities
- Transportation

PROGRAM OVERVIEW

The Arc Gateway's Supported Living program began in 1989. This service helps people with developmental disabilities to live fully in the community. This includes living where any citizen in the community may live, developing relationships with people who do not have disabilities and are not paid staff, making daily decisions regarding how time will be spent, and having control over future plans. Supported living services are carried out amid the rhythms and routines of daily life. Our Supported Living program assists individuals by providing support in practical and familiar routines such as shopping, cooking, personal care, housekeeping, banking, socialization and recreation and public safety.

These individualized services make it possible for people to live in their own home in a completely integrated setting with the necessary supports and skill training provided within the context of daily life. People become part of their community, experience life in their neighborhood, make friends and contribute to their community through employment and other means.



SUPPORTED LIVING SUPPORT SERVICES

- Home & Personal Safety
- How/When to call Law Enforcement
- Navigating Neighborhoods Safely
- Drug Abuse Prevention
- Housing Management/Procurement
- Safety/Emergency Procedures
- Physical Exercise
- Nutrition Education
- Meal Planning/Preparation
- Shopping/Consumer Skills
- Clothing Care
- Medical/Dental
- Self- Medication
- Self-Care/Manners/Sexuality
- Money Management/Banking
- Third Party Benefits
- Time Management
- Community Integration
- Mobility/Travel Skills
- Civic Responsibilities
- Legal Assistance/Advocacy
- Interpersonal Communications
- Support Counseling
- 24-Hour Emergency Assistance

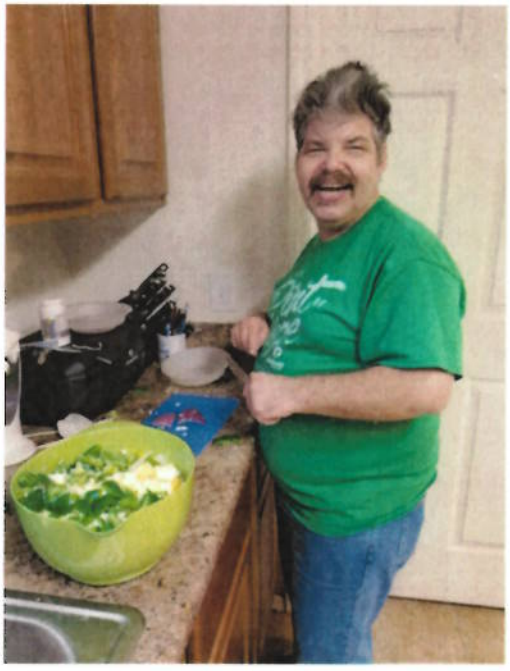
COMMUNITY IMPACT

Supported Living is a home and community-based waiver service that is federally approved by Medicaid and authorized by Title XIX of the Social Security Act, Section 1915(c). It provides a service in the home for persons who would otherwise require institutional care in a hospital, nursing facility or intermediate care facility.

Supported Living enables people to live fully integrated in the community while avoiding more expensive and restrictive residential settings such as group homes or institutions. It is the most cost effective residential service on this waiver.

The average annual cost per person for supported living services is $7,084. An average group home placement costs $43,566 per year while an institutional placement exceeds $100,000 per year.

In addition to these cost savings, people in supported living become valued citizens who are fully integrated in the community. Reliance on public assistance is reduced. People pay their own rent, buy their own food, ride our buses and support local businesses.



SUPPORTED LIVING PROGRAM STATS // 2018- 2019

Number of Program Participants	18
Average Age	52
Average Length in Service (years)	15
Average Service Hours per Month per Person	12
Average Annual Cost per Person	$7,084

PROGRAM BUDGET

The Agency for Persons with Disabilities reimburses for direct care services only. The projected number of service hours for this fiscal year is 2190. Total cost per service hour is $54.62 while the hourly reimbursement rate is $30.36. This leaves a difference of $24.26 for every hour of service provided resulting in a projected deficit of $53,129. Every effort has been made to reduce program expenses to alleviate the deficit including sharing management and staff reduction through attrition.

The money requested from the Law Enforcement Trust Fund will pay for almost 40% of the program deficit. The Arc Gateway, through sales to the public and fund raising efforts, will fund the balance.

COMMUNITY COLLABORATIONS

- Agency for Persons With Disabilities
- Department of Children and Families
- United Way 211
- City of Pensacola Housing Department (Section 8 & SHIP)
- Sheriff David Morgan & Escambia County Sheriff's Office
- Northwest Florida Legal Services
- Catholic Charities
- Pensacola State College Dental Services
- Escambia County Health Department
- Manna Food Bank
- Pensacola Bay Transportation
- Escambia County Area Transit
- "It's a Blessing" Food Program
- LIHEAP

Safety Check list

The supported living coach surveys each program participant's home on a quarterly basis. This housing survey identifies home environment concerns. Any problems are rectified with the help of the supported living coach helping program participants enjoy independent living while maintaining their home in a safe and acceptable manner. This survey also reviews practices that help the program participant increase their safety and reduce risk while at home and in the community.

The following information is reviewed at each quarterly meeting:

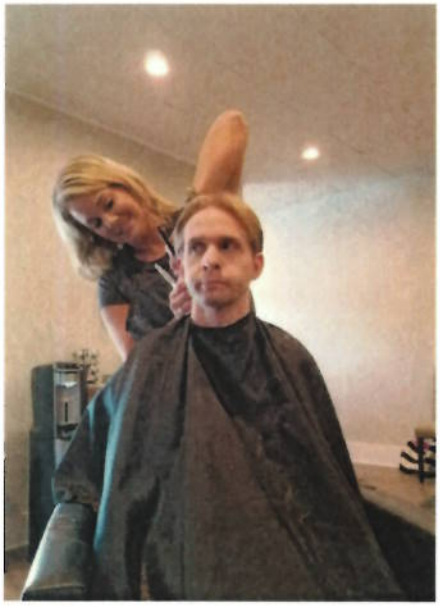
- 24 Hour Emergency Assistance
- Fire Evacuation
- Use of Fire Extinguisher
- FirstAid, Hurricane/Disaster Kits are complete
- Disaster plan and evacuation procedures
- Seasonal Weather Precautions
- Pedestrian Safety
- Bicycle Safety
- Medication Interactions
- Citizens Rights and Due Process
- What is abuse and how to contact the abuse registry

PROGRAM QUALITY

The Florida Statewide Quality Assurance Program (FSQAP) for the Developmental Disabilities Home and Community Based Services Waivers (HCBS) is conducted by Qlarant. Qlarant conducts two types of quality assurance reviews. One is called the Person Centered Review (PCR) which is a personal interview with individuals receiving services.

The other type of review done by Qlarant is the Provider Discovery Review.(PDR). The purpose of this review is to evaluate the provider's performance and compliance. Last year The Arc Gateway Supported Living Program received a score of 100% on both the PCR and PDR reviews.

The Arc Gateway's Residential Committee conducted client satisfaction surveys of the people recieving Supported Living coaching services. All of the people surveyed stated that they were satisfied with the Supported Living services they received. All persons served in Supported Living stated that they recieved adequate help from their coaches and are learning to do new things.



PROGRAM QUALITY IMPROVEMENT PLAN

The Arc Gateway is committed to delivering person-centered services that ensure individual rights, choices and desired outcomes are respected and incorporated into the provision of services and service planning. We solicit input from persons served through periodic implementation plan reviews and amendments, informal interviews, satisfaction surveys and quarterly record reviews. Persons served will continue to be trained on rights, abuse and grievance at least annually.

THE ARC GATEWAY

SUMMARY & PROGRAM EFFECTIVENESS

Supported Living services are defined by Florida Statute Chapter 393:

"a category of individually determined services designed and coordinated in such a manner as to provide assistance to adult clients who require ongoing supports to live as independently as possible in their own homes, to be integrated into the community, and to participate in community life to the fullest extent possible."

- Supported Living services allow people to live independently in the community at 17% of the cost of a more restrictive group home placement and less than 7% of an institutional setting.
- The Arc Gateway's Supported Living program participants have been in the program for more than 15 years on average.
- Program participants receive an average of 12 hours of service each month.
- 100% of our program participants are satisfied with the Supported Living services provided by The Arc Gateway.
- The Arc Gateway Supported Living received a 100% compliance score by the Florida Statewide Quality Assurance Program last year.
- Agency for Persons with Disabilities funds only 55%of the service.

Dear Taxpayer:

This is in response to your Mar. 10, 2011, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in April 2001.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section 509(a)(3).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

FLORIDA

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Pensacola, FL 32503

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
			–			–				

or

Employer identification number
5	9	–	3	6	7	2	7	8	6

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 3/14/19

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated July 1, 2019.

Dear Kerri Smayda,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Safe Neighborhood or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $2000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

REQUIRED INFORMATION

THIS APPLICATION CANNOT BE PROCESSED WITHOUT A JUSTIFICATION STATEMENT EXPLAINING YOUR PLANNED USE FOR FUNDING:

Be as specific as possible when describing how the monies will to be used in the effort to encourage Crime Prevention; Drug Education; Drug Prevention or Safe Neighborhoods.

YOU MAY PROVIDE ADDITIONAL PAGES WITH INFORMATION AS AN ATTACHMENT.

Begin Typing Here

Last year, Manna provided help to 13,533 people by distributing more than 338,350 pounds of food to 8,436 families. Manna receives zero government funding and is financially supported by contributions from local individuals and businesses. Manna's mission is to offer emergency food assistance, service the food-related needs of vulnerable populations, and engage the entire community in the fight against hunger. Food is a critical stabilizing factor for many of our clients and it reduces the likelihood that they will engage in risky behavior to obtain food. Supporting Manna will assist with meeting our neighbors' basic needs while contributing to the safety of our neighborhoods.

Food insecurity negatively affects approximately one out of six people (18%) in Escambia County (Feeding America's Map the Meal Gap Study 2016). The U.S. Department of Agriculture (USDA) defines food insecurity as the inability to consistently access enough nutritious food, which is necessary for a healthy life (USDA.gov). Members of low-income families face high levels of stress and struggle with poor mental health caused, in part, by the financial and emotional pressures of food insecurity (Food Research & Action Center). For people suffering from food insecurity, eating a consistent, healthy and balanced diet is too often unattainable. Their resource limitations frequently result in a dangerous cycle wherein hunger is complicated by factors such as a lack of access to healthy foods, low wages, lack of access to health care, inadequate transportation, poor housing or neighborhood violence.

For children, the impact of a poor diet contributes to delayed cognitive developments, higher rates of hospitalization, and psychosocial, behavioral, emotional and academic challenges (FeedingAmerica.org).

Manna is a direct service provider to the hungry and is the only pantry in the region that packs grocery bags using USDA Standards for a Healthy Diet. We value both the QUALITY and the QUANTITY of food we distribute.

JUSTIFICATION CONT.

A contribution from the Escambia County Sheriff's Office will directly support service to those in need. In an effort to educate our clients about how they can make their neighborhood safer, we would like to partner with the Sheriff's Office to: include a flyer with information provided by the Sheriff's Office in grocery bags for each family about tips on neighborhood safety; display posters about neighborhood safety in our Client Service delivery areas; and invite a Sheriff's Office representative to conduct a neighborhood safety training.

Dear TAXPAYER:

This is in response to your Oct. 06, 2010, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in DECEMBER 1982.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Michele M. Sullivan

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization which is not a private foundation until the expiration of your advance ruling period.

Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Internal Revenue Code, because you are an organization of the type described in section _____*_____. Your exempt status under section 501(c)(3) of the code is still in effect.

Grantors and contributors may rely on this determination until the Internal Revenue Service publishes notice to the contrary. However, a grantor or a contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section _____*_____ status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section _____*_____ organization.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

District Director

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Manna Food Bank, Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) ▶ 509 (a) (1) and 170 (b) (1) (A) (vi)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
3030 North E Street

Requester's name and address (optional)

6 City, state, and ZIP code
Pensacola, FL 32501

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
___ - ___ - ____

or

Employer identification number
59-2181031

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification Instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** ▶ [signature] **Date** ▶ 2-4-2019

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16461 **County Administrator's Report 12. 2.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: Request for Subordination of Mortgage for Gregory Street Rental Project
From: TONYA GREEN, Neighborhood & Human Services Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Request for Subordination of Mortgage for the Gregory Street Rental Project - Tonya Green, Neighborhood & Human Services Department Director

That the Board take the following action concerning the Request for Subordination of Mortgage between Escambia County, Florida, ServisFirst Bank, and Community Enterprise Investments, Inc., F/K/A Community Equity Investments, Inc., for the Gregory Street Rental Project:

A. Approve the Request for Subordination of Mortgage subject to Legal review and approval, for the HOME Investment Partnerships Program (HOME) and State Housing Initiatives Partnership (SHIP) Program assisted Caminitti Place Rental Project, owned by Community Enterprise Investments, Inc. (CEII); and

B. Authorize the Chairman or Vice Chairman to execute the Subordination Agreement and all related documents required to complete the Subordination Agreement, including any actions that may be required of the County Attorney's Office.

[Funding: N/A]

BACKGROUND:

On May 18, 2000, the Board approved a Rental Development Agreement with CEII for utilization of HOME Investment Partnerships Program (HOME) and State Housing Initiatives Partnership (SHIP) program funds to construct a 10 unit scattered site rental development for low income households (Exhibit I) named Gregory Street Rental Project. CEII developed the facility and has continued to operate the development for the intended purpose since initial occupancy in compliance with the original Agreement and Mortgage and Note related to the development (see **Exhibit I** for copy of recorded Mortgage).

CEII has submitted a request (Exhibit II) for the County to subordinate the County HOME/SHIP mortgage so they may get a loan for approximately $200,000, to pay off the balance of their first mortgage on this development and to make needed capital improvements, such as re-roofing, on this development as well as other workforce rental developments owned by CEII. $40,517 is still owed to the County on its second mortgage and the balance will expire in 2023, provided that CEII stays compliant with the HOME/SHIP Agreement, Mortgage, and Note requirements. The Gregory Street property was monitored by the Neighborhood Enterprise Division (NED) with a file review in December 2018, and physical inspections of five units in February 2019. There were minor findings which were resolved within 30 days. NED is not aware of any compliance issues with any other CEII developments.

BUDGETARY IMPACT:

No County expenditures are involved in this transaction. Any recording or property transfer fees that arise will be paid by CEII.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Agreement for Subordination of Mortgage is subject to Legal review and signoff.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Mortgage subordination requests must be reviewed and approved by the Board.

IMPLEMENTATION/COORDINATION:

Upon approval by the Board, Mortgage subordination will be coordinated with CEII. Neighborhood Enterprise Division (NED) will oversee the process with the assistance of the County Attorney's Office to the extent necessary. NED will continue with the monitoring of the Project for rents, income limits, and occupancy requirements.

INSTRUMENT 2001-844934

THIS INSTRUMENT PREPARED BY:
RANDY WILKERSON, EXECUTIVE DIRECTOR
NEIGHBORHOOD ENTERPRISE FOUNDATION, INC.
P.O. BOX 18178
PENSACOLA, FLORIDA 32523
(904) 458-0466

MORTGAGE AND SECURITY AGREEMENT

THIS MORTGAGE (hereinafter referred to as to "Mortgage"), is made and entered into this 21st day of May, 2001, between the Mortgagor, **COMMUNITY EQUITY INVESTMENTS, INC.**, a Florida not-for-profit corporation (herein sometimes "Borrower"), and the Mortgagee, **ESCAMBIA COUNTY**, a political subdivision of the State of Florida, 223 Palafox Place, Pensacola, Florida 32597, (hereafter referred to as "Mortgagee").

W I T N E S S E T H :

1.01 PREMISES. For and in consideration of an Indebtedness from Borrower to Lender in the principal sum of **Two Hundred Twenty Two Thousand Eight Hundred Fifty Seven Dollars and No Cents ($222,857.00), comprised of $172,548.77 in 1997 HOME Investment Partnership Act (HOME) Program funds and $50,308.23 in State Housing Initiatives Partnership ("SHIP") Program funds**, which Indebtedness is evidenced by Borrower's Note of even date herewith (herein "Note"). In order to secure the Indebtedness and other obligations of Borrower hereinafter set forth, Borrower does hereby grant, bargain, sell, convey, assign, transfer, pledge and set over unto Mortgagee and the successors, successors in title, and assigns of Mortgagee all of the following land and interest in land, estates, easements, rights, improvements, personal property, fixtures, equipment, furniture, furnishings, appliances, and appurtenances (herein referred to individually and collectively as the "Premises").

A. LAND. All those certain tracts, pieces or parcels of land (herein "Property") located in the County of Escambia, State of Florida, described as follows:

See Exhibit "A"

B. APPURTENANCES. All easements, rights-of-way, strips and gores of land, vaults, streets, ways, alleys and passages, sewer rights, water rights and powers, minerals, flowers, shrubs, trees and other emblements now or hereafter located on the land or under or above the same or any part of parcel thereof and all estates, rights, titles, interests, privileges, liberties, tenements, hereditaments and appurtenances, reversions and remainders, whatsoever, in any way belonging, relating or appertaining to the Premises or any part thereof, or which hereafter shall in any way belong, relate or be appurtenant thereto, whether now owned or hereafter acquired by Borrower (hereinafter sometimes referred to as "Appurtenances").

1.02 WARRANTIES OF TITLE. Borrower covenants that Borrower is lawfully seized and possessed of the Premises as aforesaid, and has a good right to convey the same, that the same are unencumbered, and that the Borrower does warrant and will forever defend the title thereto against the claims of all persons whomsoever.

1.03 INDEBTEDNESS. This Mortgage is given to secure the performance of all obligations set forth herein and the following described Indebtedness:

A. The debt evidenced by the Promissory Note referred to in Paragraph 1.01, together with any and all renewals, modifications, consolidations and extension of the Indebtedness evidenced by the Note;

B. Any and all additional advances made by Mortgagee to protect or preserve the Premises or the security interest created hereby on the Premises, or for taxes, assessments or insurance premiums as hereinafter provided or for performance of any of Borrower's obligations hereunder provided or for performance of any of Borrower's obligations hereunder or for any other purpose provided herein (whether or not Borrower remains the owner of the Premises at the time of such advances); and

Provided, always, and it is the true intent and meaning of the parties to these presents, that when Borrower, his successors or assigns, shall pay or cause to be paid to Mortgagee, his successors or assigns, the Indebtedness according to the conditions and agreements of the Note and of this Mortgage, and shall perform all of the obligations according to the true intent and meaning of the Note and this Mortgage and the conditions thereunder and hereunder, then this Mortgage shall cease, determine and be null and void; otherwise this Mortgage shall remain in full force and effect.

1.04 SUBORDINATION OF MORTGAGE. Mortgagee acknowledges that the property is subject to a first mortgage in favor of Whitney National Bank in the amount of $ 250,000, dated May 17, 2000, recorded on May 22, 2000, in Official Record Book 4560 at Page 1142; and a second mortgage in favor of N/A, dated _____, recorded on _____, 20___, in Official Record Book _____ at Page _____, all recording references being to the public records of Escambia County, Florida; and that this mortgage is subordinate and inferior to said mortgages (such mortgages shall be hereinafter referred to as the "first mortgage" and the "second mortgage"). **NOTE: Specific information concerning superior mortgages shall be completed at closing.**

COVENANTS AND AGREEMENTS

2.01 PAYMENT OF INDEBTEDNESS. Borrower shall pay the Note according to the tenure thereof and the remainder of the Indebtedness promptly as the same shall become due and payable in accordance with the terms of the Note.

2.02 **TAXES, LIENS AND OTHER CHARGES.**

A. Borrower shall pay, on or before the due date thereof, all taxes, assessments, levies, license fees, permit fees and other charges (in each case whether general or special, ordinary or extraordinary, foreseen or unforeseen) of every character whatsoever (including all penalties and interest thereon) now or hereafter levied, assessed, confirmed or imposed on, or in respect of, or which may be a lien upon, the Premises or any part thereof, or any estate, right or interest therein, or upon the rents, issues, income or profits thereof, and shall submit to Mortgagee such evidence of the due and punctual payment of all taxes, assessments and other fees and charges as Mortgagee may require.

B. Borrower shall pay, on or before the due date thereof, all taxes, assessments, charges, expenses, costs and fees which may now or hereafter be levied upon, or assessed or charged against, or incurred in connection with, the Note, the other Indebtedness, this Mortgage or any other instrument now or hereafter evidencing, securing or otherwise relating to the Indebtedness, and shall submit to Mortgagee such evidence of the due and punctual payment of all such taxes, assessments, charges, expenses, costs and fees as Mortgagee may require.

C. In the event of the passage of any state, federal, municipal or other governmental law, order, rule or regulation, subsequent to the date hereof, in any manner changing or modifying the law now in force governing the taxation of mortgages to secure debt or security agreements or debts secured thereby or the manner of collecting such taxes so as to adversely affect Borrower, Mortgagee will pay any such tax on or before the due date thereof.

D. Borrower will not permit or suffer any construction, mechanic's, materialmens, laborers or statutory or other liens to be filed of record or to remain outstanding against the Premises or any portion thereof.

2.03 **PRESERVATION AND MAINTENANCE OF PROPERTY.**

A. Borrower will keep the buildings, improvements, facilities, furnishings, landscaping, the Premises and other improvements of any kind now or hereafter erected on the Land or any part thereof in good repair and shall not commit waste or permit impairment or deterioration of the property. Borrower will do nothing which would or could increase the risk of fire or other hazard to the Premises or any part thereof or which would or could result in the cancellation of any insurance policy carried with respect to the Premises.

B. Borrower will not allow the removal, demolition or alteration of the structural character of any improvement located on the land, once the improvements are completed, without the written consent of Mortgagee. Borrower shall not remove or permit to be removed from the Land any item or items referred to in Paragraph 1.01(B) of this Mortgage

which are or may hereafter be in any way attached or affixed to the Land or any improvements thereof, except as may be required in the course of constructing improvements as approved by the Mortgagee.

C. If the Premises or any part thereof is damaged by fire or other cause, Borrower will give immediate written notice thereof to Mortgagee.

D. Mortgagee or its representative is hereby authorized to enter upon and inspect the Premises an any time during normal business hours.

E. Borrower will promptly comply with all present and future laws, ordinances, rules and regulations of any governmental authority affecting the Premises or any part thereof.

F. Violation of any of the foregoing provisions shall constitute a default.

2.04 LIMIT OF VALIDITY. If from any circumstances whatsoever, fulfillment of any provision of this Mortgage or the Note(s) which it secures, at the time performance of such provision shall be due, shall involve transcending the limit of validity presently prescribed by any applicable usury statute or any other applicable law, with regard to obligations of like character and amount, then, ipso facto, the obligation to be fulfilled shall be reduced to the limit of such validity, so that in no event shall any exaction be possible under this Mortgage or under the Note that is in excess of the current limit of such validity, but such obligation shall be fulfilled to the limit of such validity. The provisions of this paragraph shall control every other provision of this Mortgage and of the Note.

DEFAULT AND REMEDIES

3.01 DEFAULT. The terms "Default" or "Defaults", wherever used in this Mortgage, shall mean any one or more of the following events:

A. Failure by Borrower to pay as and when due and payable any portion of the Indebtedness as evidenced by the Mortgage; or

B. Failure by Borrower duly to observe or perform any other term, covenant, condition or agreement of the Mortgage; or

C. Failure by Borrower to pay as and when due and payable any portion of the Indebtedness; or

D. Failure by Borrower duly to observe or perform any other term, covenant, condition or agreement of this Mortgage; or

E. Failure by Borrower duly to observe or perform any term, covenant, condition, or agreement in any other agreement now or hereafter evidencing, securing or otherwise relating to the Notes or this Mortgage; or

F. Any representation or warranty of Borrower relating to the this Mortgage, the Note, or Borrower's Agreement with Escambia County dated MAY 18, 2000, providing terms and conditions for the provision of rental development assistance through the Escambia Consortium HOME Investment Partnerships Program ("HOME"), this Mortgage or the Indebtedness proves to be untrue or misleading in any material respect; or

G. Failure of Borrower to comply with long-term affordability requirements associated with the HOME Investment Partnerships Act, 24 CFR Part 92, specifically with regard to continuing occupancy of HOME assisted units by eligible low income families, compliance with monthly HOME maximum rent controls for families at 50% and at 65% of median income (as adjusted by HUD), provision for maintenance of HOME assisted rental units to ensure continuing conformity with HUD minimum Housing Quality Standards, and compliance with fair housing and equal access provisions of Federal Law. For a minimum HOME affordability period of twenty two (22) years from the date of execution of this Mortgage, Borrower unconditionally warrants that occupancy of the **ten (10) units** developed on the property described in **EXHIBIT "A"** and provided as surety for this mortgage shall at all times during the affordability period meet the requirements of 24 CFR Part 92.252 and 92.253. Borrower asserts that during the affordability period a minimum of **60%** of the rental units shall be occupied by families who have annual adjusted incomes that are at or below 50% of the Pensacola MSA median income (adjusted for family size) as promulgated by HUD. Such units shall have monthly rents which equal 30% of the monthly income for households at 50% of the Pensacola MSA median income minus any tenant paid utilities. The remaining units shall be occupied by families with incomes at or below 60% of the Pensacola MSA median income (adjusted for family size) as promulgated by HUD and further. Such units shall have monthly rents which are the lessor of either: the Section 8 Fair Market Rents (FMR) for existing housing minus any tenant paid utilities, or 30% of adjusted income for households at 65% of Pensacola MSA median income minus tenant paid utilities. Maximum monthly rents shall be in accord with low and high HOME rent levels, adjusted for tenant paid utilities, as promulgated and periodically updated by HUD.

H. The filing by Borrower (or any maker, endorser or guarantor of the Note of a voluntary petition in bankruptcy or the filing by Borrower (or such maker, endorser or guarantor) or any petition or answer seeking or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief for itself under any present or future federal, state or other laws or regulation relating to bankruptcy, insolvency or other relief for debtors, or Borrower (or any such makers, endorsers or guarantors seeking or consenting to or acquiescing in the appointment of any trustee, receiver or liquidator of Borrower (such maker, endorser or guarantor) or all or any substantial part of the Premises or of any other property or assets of Borrower (such *maker, endorser or guarantor) or of any or all of the income, rents, issues, profits or revenues thereof, or the making by Borrower (or any such maker, endorser or guarantor) of any general assignment for the benefit of creditors, or the admission in writing by Borrower (or for any such maker, endorser or guarantor) of its inability to pay its debts generally as they become due or the commission by Borrower (or any such maker, endorser or guarantor) of an act of bankruptcy; or

I. The filing of a petition against Borrower (or any maker, endorser or guarantor) of the Note, seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under any present or future federal, state or other law or regulation relating to bankruptcy, insolvency or other relief for debtors, or the appointment of any trustee, receiver or liquidator of Borrower (or any such maker, endorser or guarantor) or of all or any substantial part of the Premises or of any or all of the incomes, rents, issues, profits or revenues thereof unless such petition shall be dismissed within thirty (30) days after such filing, but in any event prior to the entry of an order, judgment or decree approving such petition; or

J. The Premises are subjected to actual or threatened waste, or any part thereof is removed, demolished or altered without the prior written consent of Mortgagee.

3.02 ACCELERATION OF MATURITY. If a default shall have occurred, then the entire Indebtedness shall accelerate, at the option of Mortgagee, immediately become due and payable in full without notice or demand, time being of the essence of the Note and of this Mortgage; and no omission on the part of Lender to exercise such option when entitled to do so shall be construed as a waiver of such right.

3.03 ENFORCEMENT.

A. If a Default shall have occurred, Mortgagee, at its option, may institute legal proceedings for the foreclosure of any or all of its rights under this Mortgage.

B. Mortgagee shall have the right from time to time to enforce any legal or equitable remedy against Borrower, including without limitation suing for any sums, whether interest, principal or any installment of either or both, taxes, penalties or any other sums required to be paid under the terms of this Mortgage, as the same become due, without regard to whether or not all of the Indebtedness shall then be due, and without prejudice to the right of Mortgagee thereafter to enforce any other remedy, including without limitation an action of foreclosure, whether or not such other remedy be based upon a Default which existed at the time of commencement of an earlier or pending action, and whether or not such remedy be based upon the same Default upon which an earlier or pending action is based.

3.04 ASSIGNMENT OF LEASES AND RENTS. As additional security for the payment of the indebtedness evidenced by the Note, interest thereon, insurance premiums, taxes and assessments, and all other sums required to be paid by Borrower, at the time and in the manner herein agreed, and for the performance of the covenants and agreements herein contained, Borrower does hereby sell, assign, transfer, and set over unto Mortgagee herein all the leases, lease agreements and lease arrangements, together with all rents, dues, profits or income under any written or oral leases of all or any part of the mortgaged premises whether such leases are now in existence or hereafter come into existence during the period this Mortgage

is in effect. This assignment of rents shall run with the land and be good and valid as against Borrower herein, or those claiming by, under or through Borrower, from the date of the recording of this instrument. This assignment shall continue to be operative during any foreclosure or any other proceedings taken to enforce this Mortgage, and the collection of rents by Mortgagee shall in no way waive the right of Mortgagee to foreclose the Mortgage in the event of any default by Borrower. In the event of a sale on foreclosure which shall result in a deficiency, this assignment shall stand as security for the payment of such deficiency. So long as Borrower is not in default, Borrower shall be entitled to collect said rents, in the manner provided in paragraph 1.04, above, without the necessity of Court appointment of a receiver.

3.05 APPOINTMENT OF RECEIVER. In the event that at the beginning of or at any time pending any action upon this Mortgage or to foreclose or reform it or to enforce payment of any claims under it, Mortgagee shall apply to the court having jurisdiction for the appointment of a receiver, the court forthwith shall appoint a receiver of the Premises and singular, including all and singular the income, profits, issues and revenues form whatever source derived, each and every one of which, it being expressly understood, is mortgaged by this instrument as if specifically set forth and described in its granting and habendum clauses, and the receiver shall have all the broad and effective functions and powers in anywise entrusted by a court to a receiver. The appointment shall be made by the court as an admitted equity and matter of absolute right to Mortgagee, without reference to the adequacy or inadequacy of the value of the property mortgaged or to the solvency or insolvency of Borrower or the defendant. All rents, profits, incomes, issues and revenues shall be applied by the receiver according to the lien or equity of Mortgagee and the practice of the court, and the appointment of the receiver shall be without notice to any obligor under this Mortgage.

3.06 WAIVER OF EXEMPTIONS. Borrower warrants that no portion of the Premises constitutes the "homestead" off any person whomsoever as defined by the laws and constitution of the State of Florida and hereby waives and renounces all exemption rights in and to the Premises as against the collection of the Indebtedness or any part thereof.

3.07 REMEDIES CUMULATIVE. No right, power or remedy conferred upon or reserved to Mortgagee by this Mortgage is intended to be exclusive or any other right, power or remedy, but each and every right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law, in equity or by statute.

3.08 WAIVER. Any forbearance by Mortgagee in exercising any right or remedy hereunder, or otherwise afforded by applicable law, shall not be a waiver of or preclude the exercise of any such right or remedy. The procurement of insurance or the payment of taxes or other liens or charges by Mortgagee shall not be a waiver of Mortgagee's rights to accelerate the maturity of the Indebtedness secured by this Mortgage.

3.09 SUITS TO PROTECT THE PREMISES. Mortgagee shall have the power to institute and maintain such suits and proceedings as it may deem expedient (i) to prevent any impairment of the Premises by any acts which may be unlawful or constitute a Default under this Mortgage, (ii) to preserve or protect its interest in the Premises and in the income, rents, issues, profits and revenues arising therefrom and (iii) to restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that be unconstitutional or otherwise invalid, if the enforcement of or compliance with such enactment, rule or order would impair the security hereunder or be prejudicial to the interest of Mortgagee. In any such action Mortgagee shall be entitled to receive from Borrower all costs and reasonable attorney's fees.

MISCELLANEOUS

4.01 SUCCESSORS AND ASSIGNS. This Mortgage shall inure to the benefit of and be binding upon Borrower and Mortgagee and their respective heirs, executors, legal representatives, successors, successors-in-title and assigns. Whenever a reference in this Mortgage is made to "Borrower" or "Mortgagee" such reference shall be deemed to include a reference to the heirs, executors, legal representatives, successors, successors-in-title and assigns of Borrower and Mortgagee, as the case may be. The foregoing shall not authorize the encumbrance, pledge, conveyance, transfer or assignment of all or any portion of Borrower's interest in the Premises without the prior written consent of Mortgagee.

4.02 SEVERABILITY. If any provision of this Mortgage or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Mortgage and the application of such provisions to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

4.03 APPLICABLE LAW. This instrument shall be governed by and construed in accordance with the laws of the State of Florida.

4.04 TIME OF THE ESSENCE. Time is of the essence with respect to each and every covenant, agreement and obligation of Borrower under this Mortgage, the Note and any and all other instruments now or hereafter evidencing, securing or otherwise relating to the Indebtedness.

4.05 ATTORNEY'S FEES. The enforcement of the Note, this Mortgage or any other obligation evidencing, securing or otherwise relating to the Indebtedness, Mortgagee shall be entitled to recover from Borrower all costs and reasonable attorney's fees. The meaning of the term "legal fees" or "attorney's fees" or other references to the fees of attorneys or counsel, wherever used in this Mortgage, shall be deemed to include, without limitation, all reasonable legal fees relating to litigation or appeals at any and all levels of courts and administrative tribunals.

IN WITNESS WHEREOF, Borrower has executed this Mortgage as of the date first above written.

Meredith Reeves, Division Manager
Neighborhood Enterprise Division
Neighborhood & Human Services Department
Escambia County
221 Palafox Place, Suite 200
Pensacola, FL 32502

Dear Ms. Reeves,

CEII is formally requesting a subordination by Escambia County on its forgivable HOME mortgage placed on the collective units known as Gregory Street Project, which consists of the following ten units: 113 North A Street units A – D; 619 W. Gregory Street units A & B; 621 W. Gregory Street units A & B; and 505 W. LaRua Street units A & B. CEII is seeking to refinance these units in order to generate additional working capital for improvements to several of the company's affordable rentals including the sixteen units at 501 N. DeVilliers Street (DeVilliers Gardens Apartments), the two units at 619 W. Gregory Street and one unit at 3417 W. Gadsden Street. All of these units are being re-roofed and other necessary improvements will be made as well. In addition, CEII will maintain a working capital account for development costs associated with the construction of new homes for first time homebuyers and additional affordable rental units.

The current balance of Escambia County's forgivable second mortgage is approximately $40,500. ServisFirst Bank is providing the financing in the amount of $200,000 and the current first mortgage balance (Hancock Bank) to be paid off is approximately $4,000. The tax-assessed value of the ten units is $459,779. Based on results of a current market valuation, all ten units may not be required as collateral for financing.

Background

Community Enterprise Investments, Inc. (CEII) is a local not for profit agency established in 1974 that has provided affordable housing for both homeownership and rentals since 1990. We are a small local developer that has developed over 200 affordable rental units in Escambia County. The majority of those units are small scattered site duplexes and triplexes that have been funded with private loans and supplemented with County/City HOME and/or SHIP funding. CEII

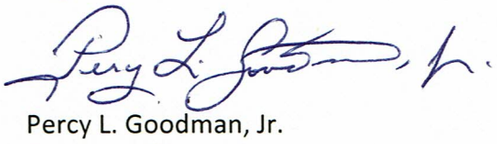
manages all rental developments in-house. As a condition of funding provided by the County, most of the developments have committed to affordability requirements for 22-30 years. In order to qualify for HUD HOME Community Housing Development Organization (CHDO) funding, CEII has to meet standards to qualify as a CHDO that are set by HUD. CEII is required to follow compliance guidelines as required for the HOME CHDO funding (not for profit status, affordable housing as agency purpose, capacity in staffing and financials, requirement for low income representation of at least 1/3 on its Board, documentation of community service, input from beneficiaries regarding design, management of development, etc..). This must be documented each and every time HOME funds are committed to a project.

Over the years, CEII has constructed workforce housing specifically targeted to be affordable for first-time homebuyers. We have developed and sold 50+ units over the years. When Santa Rosa County received special Neighborhood Stabilization Program (NSP) grant program funding in 2010-12 that was targeted toward foreclosed and blighted properties, CEII was one of three not-for- profits that acquired distressed properties in target areas and rehabbed those units as affordable rentals, completing 6 units.

CEII also is a HUD certified credit counseling agency--the only one that is present in Escambia County. We offer regular homebuyer education classes and one-on-one credit counseling at no charge to the community. Additionally, CEII operates the Small Business Administration's Microloan Program which provides small business loans of up to $50k to entrepreneurs who have been unable to obtain conventional bank financing.

Please feel free to contact me if you have any questions or need any additional information.

Regards,



Percy L. Goodman, Jr.
Executive Director

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16340 **County Administrator's Report 12. 3.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: Acquisition of Real Property for the Jackson Creek Restoration Project
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Acquisition of Real Property for the Jackson Creek Restoration Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action regarding the purchase of real property, located at 8 Beth Circle in Wesleyan Terrace 1st Addition Subdivision, owned by Alabama Baptist Children's Home and Family Ministries, for the Jackson Creek Restoration Project:

A. Authorize the purchase of 8 Beth Circle (approximately 0.23 acres), owned by Alabama Baptist Children's Home and Family Ministries, for the Jackson Creek Restoration Project, for the purchase price of $6,000;

B. Approve the Contract for Sale and Purchase for the acquisition of real property, located at 8 Beth Circle;

C. Accept, for information, the Public Disclosure of Interest Form provided by Alabama Baptist Children's Home and Family Ministries; and

D. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute, subject to Legal review and sign-off, any documents necessary to complete the acquisition of this property without further action of the Board.

This property is located within Commission District 2.

[Funding Source: Fund 352, Local Option Sales Tax III, Account 210107/56301, Project #13EN2382]

BACKGROUND:

In 2015, the National Fish and Wildlife Foundation (NFWF) officially awarded Escambia County over $11 million in Resources and Ecosystems Sustainability, Tourist Opportunities and Revived Economies (RESTORE) Act funding for construction of five projects within the Bayou Chico Watershed. Funds were awarded through NFWF to improve water quality and enhance wildlife habitat. These projects are located in three of the main freshwater tributaries to Bayou Chico, including a floodplain restoration/expansion project to be located along Jackson Creek, requiring the acquisition of properties.

Meeting in regular session on July 23, 2015, the Board authorized staff to begin the process of obtaining necessary easements, parcels, and permits to complete the NFWF-funded restoration projects. On August 17, 2017, the Board authorized staff to make offers, draft the Contract for Sale and Purchase for the acquistions of real properties located in Wesleyan Terrace 1st Addition Subdivision and bring the executed Contract back before the Board.

Natural Resources Management staff have completed an evaluation of potential project sites located along the creek, prioritizing properties according to the specified restoration goals and grant-related metrics. Wesleyan Terrace 1st Addition is one of the recommended projects (Item J provided - Jackson Creek Potential Projects.)

BUDGETARY IMPACT:

Funding for this project is available in Fund 352, Local Option Sales Tax III, Account 210107/56301, Project #13EN2382.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Contract for Sale and Purchase has been reviewed and approved by Stephen West, Senior Assistant County Attorney.

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

These actions are consistent with the provisions of Section 46-139 of the Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, staff will maintain compliance with Section 46-139 of the County Code of Ordinances.

CONTRACT FOR SALE AND PURCHASE

This is a Contract for Sale and Purchase ("Contract"), between Alabama Baptist Children's Home and Family Ministries, an Alabama not for Profit Corporation, whose address is 2681 Rocky Ridge Lane, Birmingham, Alabama 35216 ("Seller"), and ESCAMBIA COUNTY, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose address is 221 Palafox Place, Pensacola, Florida 32502 ("Buyer").

1. AGREEMENT. Seller agrees to sell and Buyer agrees to buy the real property and improvements described in Exhibit A (the "Property") upon the terms and conditions stated in this Contract. Authorization for this purchase was obtained during a duly advertised meeting of the Board of County Commissioners held on _____, 2019.

2. PURCHASE PRICE; PAYMENT. The purchase price is Six Thousand Dollars ($6,000.00), payable to Seller at closing.

3. TIME FOR ACCEPTANCE; EFFECTIVE DATE; FACSIMILE. If the Contract is not executed by and delivered to all parties, or fact of execution communicated in writing between the parties, the Contract will be null and void. A facsimile copy of the Contract and any signatures on the Contract will be considered for all purposes as originals. The effective date ("Effective Date") of the Contract is the date when the last party signs the Contract.

4. TITLE EVIDENCE. Within thirty (30) days from the Effective Date of this Contract, Buyer shall examine title to the Property. If the title is found to be defective in Buyer's opinion, Buyer shall notify Seller in writing specifying the defects, and Seller shall have one hundred twenty (120) days from receipt of notice within which to cure the defects and the date for closing shall be accordingly extended. If Seller is unsuccessful in removing the defects within that time to Buyer's reasonable satisfaction, Buyer shall have the option of either (i) accepting title as it then is, including the title defect, or (ii) terminating this Contract, whereupon Buyer and Seller shall be released for all obligations under the Contract.

5. SELLER'S AFFIDAVITS AS TO UNRECORDED MATTERS, POSSESSION AND MECHANIC'S LIENS. Subject to any provisions in the Contract to the contrary, Seller must furnish to Buyer at closing affidavits in a form acceptable to the Buyer and sufficient to remove standard printed exceptions to title in an owner's policy of title insurance regarding (i) unrecorded matters (except for taxes not yet due and payable and special assessments not shown by the public records), (ii) parties in possession, except for the rights of tenants, if any, as tenants only, in possession and occupancy of the Property under written leases which have been furnished to Buyer by Seller and accepted by Buyer in writing, and (iii) mechanic's liens. Seller represent to Buyer that there are and at closing there will be no tenants or lessees occupying the Property or any portion of the Property. The Seller's Affidavits must contain information required for completion of Internal Revenue Service 1099 Form and a FIRPTA disclosure.

6. COSTS AND EXPENSES. Seller and Buyer will pay costs and expenses as follows: prorated ad valorem taxes and assessments (Seller); Deed Documentary Stamp Tax (Seller); Survey

(Buyer); Title Insurance (Buyer); Recording of Deed (Buyer); Buyer's Attorney's Fees (Buyer); Seller's Attorney's Fees (Seller); Environmental Assessment (Buyer), costs to cure title defects and encumbrances on title (Seller).

7. BROKERS. Neither Buyer nor Seller have utilized the services of, or for any other reason owes compensation to, a licensed real estate broker.

8. TAXES AND ASSESSMENTS. All real estate taxes and assessments which are or which may become a lien against the Property must be satisfied by Seller at closing. In the event the closing occurs between January 1 and November 1, Seller must, in accordance with Section 196.295, Florida Statutes, place in escrow with the county tax collector an amount equal to the current taxes prorated to the date of transfer, based upon the current assessment and millage rates on the Property. In the event the closing occurs on or after November 1, Seller must pay to the tax collector an amount equal to the taxes that are determined to be legally due and payable.

9. CONVEYANCE AND TRANSFER OF TITLE. Seller shall convey title to the Property by Warranty Deed.

10. CLOSING. This transaction will be closed and the Warranty Deed and other closing documents prepared by the Office of the County Attorney, 221 Palafox Place, Suite 430, Pensacola, Florida 32502. Closing shall occur on or before thirty (30) days from the Effective Date of this Contract unless the date for closing is extended by mutual agreement of the parties or as otherwise provided in this Contract.

11. CLOSING PROCEDURE; DISBURSEMENT OF PROCEEDS OF SALE. At closing, Seller shall deliver the Warranty Deed and the proceeds of the sale will be disbursed to Seller in accordance with a settlement statement signed by both parties.

12. FAILURE OF PERFORMANCE. If Buyer fails or refuses to perform the Contract and Seller is not in default under this Contract, Seller will receive the deposit/earnest money, if any, plus all interest accrued, and other reasonable costs incurred by the Seller in reliance on the Contract, to be paid by Buyer as liquidated damages, consideration for the execution of the Contract and in full settlement of any claims for damages and as Seller's sole remedy under the Contract and Seller have no right of specific performance. If Seller fails or refuses to perform the Contract for any reason and Buyer is not in default under the Contract, (i) Buyer may proceed in law or in equity to enforce Buyer's rights under the Contract, or (ii) Buyer may elect to terminate the Contract and to receive the return of Buyer's deposit, plus interest earned, and reimbursement from Seller for all costs and expenses Buyer incurred with regard to the Contract in full settlement of any claims for damages.

13. ATTORNEYS' FEES; COSTS. Each party shall be responsible for their own attorneys' fees and costs in connection with any litigation or other dispute resolution proceeding.

14. SURVIVAL. All representations and warranties contained in the Contract and any provision of the Contract which by their nature and effect are required to be observed, kept or performed after closing, (i) survive closing and the delivery of the Warranty Deed, and (ii) remain

binding upon and for the benefit of the parties to the Contract, their respective successors and assigns, until fully observed, kept or performed.

15. ASSIGNABILITY. Buyer and Seller cannot assign the Contract or rights under the Contract without the express written consent of the other.

16. RISK OF LOSS. The risk of loss to the Property is the responsibility of Seller until closing.

17. RADON GAS. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from the Escambia County public health unit.

18. OTHER AGREEMENTS. No prior or present agreements or representations are binding upon Buyer or Seller unless included in the Contract. No modification or change in the Contract are valid or binding upon the parties unless in writing and executed by the parties to be bound.

19. NOTICES. Any notice or demand to be given or that may be given under this Contract must be in writing and delivered by hand or delivered through the United States mail to:

TO BUYER:
Office of the County Engineer
Real Estate Division
3363 West Park Place
Pensacola, Florida 32505

TO SELLER:
Alabama Baptist Children's Home and
Family Ministries
PO Box 91294
Mobile, AL 32506

WITH A COPY TO:
Escambia County Attorney's Office
221 Palafox Place, Suite 430
Pensacola, Florida 32502

20. COUNTERPARTS. The Contract will be executed in duplicate counterparts, both of which taken together constitute one and the same instrument and any party or signatory may execute the Contact by signing a counterpart.

21. THIRD PARTY LEASES AND CONTRACTS. Seller shall at closing furnish to Buyer releases from any mortgage or existing leases.

22. SURVEY. Buyer may obtain a survey at its own expense. If Buyer prepares a survey and objectionable items are disclosed, objectionable matters will be viewed as title defects and the provisions of Paragraph 4 shall apply.

23. INSPECTION OF PROPERTY. Upon reasonable notice and without disruption of Seller's current use of the Property, Buyer may have subsurface investigations and environmental audits of the Property made by qualified geotechnical and environmental engineers sufficient in the judgment of the inspecting engineer to ascertain whether or not the Property meets the standards acceptable to Buyer. In the event that the report indicates that the Property does not meet Buyer's standards, Buyer, by notice to Seller on or before 10 days prior to closing, has the option of terminating the Contract and Seller agree to return any deposit paid by Buyer. Seller warrant that there are no facts known to Seller materially affecting the value of the Property, which are not readily observable by Buyer or which have not been disclosed to Buyer.

24. ACCESS. Upon prior notice to Seller, Buyer and Buyer's agents and representatives shall have the right to access the Property at any reasonable time prior to closing for the purpose of making the investigations, environmental audits, inspections and surveys authorized by the Contract, provided neither Buyer nor its agents interfere with the use of the Property by Seller or its employees or customers.

25. OCCUPANCY AND POSSESSION. Seller warrants delivery of possession of the Property to Buyer at closing.

26. CONDEMNATION. Seller conveys by sale the Property for public use and waives any right to compensation for the Property other than as provided for in the Contract. If at any time prior to closing, the Property or any portion of the Property is taken by the exercise of eminent domain by another entity possessing those powers or if any preliminary steps in any taking by eminent domain of all or any portion of the Property occurs prior to closing, Buyer may, at Buyer's option, within 10 days after notice of this fact from Seller, rescind the Contract and Seller must return any deposit paid under the Contract to Buyer. Upon refund of the deposit, plus any interest earned, Buyer and Seller are released, as to one another, of all further obligations under the Contract. Seller shall notify Buyer of any taking by eminent domain and all steps preliminary to any taking immediately upon Seller's knowledge of the occurrence. If Buyer does not exercise Buyer's option to rescind under this Paragraph, the Contract remains in full force and effect. In this event Seller, (i) shall pay to Buyer at closing all proceeds previously received by Seller from the condemning authority, and (ii) shall assign to Buyer at closing all proceeds to be paid by the condemning authority after closing by an instrument of assignment in a form reasonably acceptable to Buyer.

27. FOREIGN INVESTMENT AND REAL PROPERTY TAX ACT (FIRPTA) AFFIDAVIT. Seller agrees to furnish to Buyer at closing a transferor's certification disclosing under penalty of perjury Seller's foreign or non-foreign status and Seller's United States federal identification number. The certification must be, (i) in a form acceptable to Buyer, and (ii) if Buyer has non-foreign status, in a form meeting the requirements of Section 1445(a) of the Internal Revenue Code of 1986, as amended, and the Regulations under Section 1445(a).

THIS CONTRACT IS INTENDED TO BE A LEGALLY BINDING CONTRACT. IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING.

THIS CONTRACT SHALL NOT BE EFFECTIVE UNLESS APPROVED BY THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AT A DULY NOTICED PUBLIC MEETING.

Jackson Creek Restoration

ESCAMBIA COUNTY
ENGINEERING DIVISION

KPJ 8/3/17 DISTRICT 2

Alabama Baptist Children's Homes and Family Ministries Property

A - North Branch Stabilization and Sediment Source Reduction

Project Description: The north branch of Jackson Creek is an ephemeral stream. The north branch watershed extends from Lillian Highway south under Jackson Street to intersection of Prieto Drive and Redwood Circle. Drainage is subject to over 50 feet of vertical fall from the top of watershed to Jackson Creek. North branch is substantial source of sediment into Jackson Creek and eventually Bayou Chico. Substantial grade control and bank stabilization structures are likely required to provide adequate stabilization to protect the area from erosion during storm flows. Project may include one or more sediment traps to improve removal efficiencies.

Pros: prevents substantial amount of sediment from entraining Jackson Creek/Bayou Chico; project may be able to be separated into manageable phases

Cons: cost; requires easements over, or acquisition of, dozens of individually owned parcels; inability to obtain access to key parcels may significantly limit effectiveness of the overall project;

Estimated Cost: >$1M

NFWF Grant Applicability: Project provides water quality benefits, but does not provide clear direct wildlife habitat enhancement. Project not recommended under this funding opportunity.

B - Corry Station Offline Wet Stormwater Retention System

Project Description: Headwaters of Jackson Creek currently flows across Corry Station through existing concrete ditch system. Project would construct a wet stormwater retention pond designed to capture and treat the first flush from the Twin Oaks neighborhood and Corry Station. Storm flows exceeding pond design capacity would bypass the system to Jackson Creek through existing concrete ditch. Project site is four acres. Drainage basin is approximately 260 acres. Project was initially discussed with Navy in 2012 as collaborative effort with Escambia County to implement the Bayou Chico BMAP; Navy continued to express interest in the project following April 2014 flood event.

Pros: design would provide treatment for first flush of stormwater runoff; provides water quality benefits necessary to address Bayou Chico fecal coliform BMAP and nutrient TMDL; provides limited flood attenuation

Cons: potential conflicts with future development plans for Corry Station; only provides treatment for a portion of typical storm events; does not restore historic Jackson Creek; numerous onsite construction constraints; requires future routine maintenance;

Estimate Cost: $500-$750K

NFWF Grant Applicability: Project provides water quality benefits, but does not provide clear direct wildlife habitat enhancement. Project not recommended under this funding opportunity.

C - Prieto Drive Floodplain Expansion

Project Description: Stream segment immediately west of Prieto Drive has become largely disconnected from the historic floodplain. Project would construct floodplain benches along both sides of the creek by excavating existing material. Floodplain areas created would be replanted with appropriate native vegetation. Project site is approximately one acre /250 linear feet.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization

Cons: numerous mature live oaks within excavation footprint; significant utility conflicts along stream;

Estimated Cost: $300K-$500K

NFWF Grant Applicability: Project reestablishes a limited amount of floodplain area. Loss of existing mature live oak canopy offsets project benefits. Project not recommended.

D - Gregory Street Floodplain Expansion (Recommended)

Project Description: This stream section was ditched in the 1950s. Ditch is largely disconnected from historic floodplain by mounded side cast material from dredging. High percentage of existing canopy and subcanopy is comprised of invasive exotic species. Project would relocate centerline of the creek north onto vacant property. Areas adjacent to the new creek channel would be excavated to create new floodplain wetlands. Floodplain areas created would be replanted with appropriate native vegetation. Project site is approximately two acres /400 linear feet.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization; restores creek to historic location; restores up to two acres of floodplain wetlands; improves water quality;

Cons: requires property acquisition; ability to create stable stream meander restricted by overall project length

Estimated Cost: $500-S750K (plus acquisition costs)

NFWF Grant Applicability: Project reestablishes historic floodplain along a portion of Jackson Creek. Wetland restoration will enhance wildlife utilization. Project is in-line with grant goals and objectives. Overall scope of project is significantly limited by the relatively small length/width ratio of the property. Project would greatly benefit by expanding restoration activities to areas further east. Project is recommended for this funding source.

E – Gregory Street Stormwater Retrofit

Project Description: An ephemeral stream extends south from West Jackson Street under Gregory Street to Jackson Creek. Final section south of Gregory Street is contained within a series of concrete ditches. Project would create new stormwater treatment south of Gregory Street on vacant property. Stormwater vaults could be added to the project to increase efficiency. Drainage basin is approximately 125 acres. Site is approximately 0.5 acres.

Pros: provides new stormwater treatment; provides limited flood attenuation;

Cons: project site is too small to provide adequate treatment for typical storm events; numerous constraints further limit extent of construction; requires property acquisition;

Estimated Cost: $300-$500K (plus acquisition costs)

NFWF Grant Applicability: Project provides water quality benefits, but does not provide clear direct wildlife habitat enhancement. Project would greatly benefit by expanding retrofit activities to areas further south. Project not recommended under this funding opportunity.

F – Mini Storage Wetland Restoration and Floodplain Expansion (Recommended)

Project Description: Existing commercial development is located within the historic floodplain of Jackson Creek. Existing creek is confided to an incised ditch. Project would demolish the existing mini storage facility and excavate associated fill material. Project would remove three acres of impervious surfaces from the watershed. Project would restore approximately 800 linear feet of Jackson Creek, and up to three acres of adjacent floodplain wetlands. Floodplain areas created would be replanted with appropriate native vegetation.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization; restores creek to historic location; removes three acres of untreated impervious surfaces from watershed; restores three acres of floodplain wetlands; stabilizes south stream bank without hardening; improves water quality; benefits other potential projects located to the north and west.

Cons: requires property acquisition; requires significant demolition; numerous onsite construction constraints;

Estimated Cost: $1M (plus acquisition costs)

NFWF Grant Applicability: Project reestablishes historic floodplain system along a portion of Jackson Creek. Wetland restoration will enhance wildlife utilization. Project is a great fit for the grant goals and objectives. Project is highly recommended for this funding source.

G – New Warrington Road Floodplain Expansion North

Project Description: Project site is located along the north bank of Jackson Creek between New Warrington Road and Old Corry Field Road. Project would expand floodplain area along the inside bend of the creek. Project would remove existing camp site and associated debris. High percentage of existing canopy and subcanopy is comprised of invasive exotic species. Site is approximately 0.3 acres.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization; improves water quality; lower risk of erosion along inside bend of stream; property currently for sale

Cons: floodplain expansion downstream of New Warrington Road bottleneck only provides limited flood attenuation; amount of excavation on site is limited; construction constraints associated with major road and utility crossings; western half of property is the site of previous concrete block stabilization project; relative small size of available restoration area

Estimated Cost: S300-$500K (plus acquisition costs)

NFWF Grant Applicability: Project reestablishes historic floodplain along a portion of Jackson Creek. Wetland restoration will remove significant debris and enhance wildlife utilization. Project is in-line with grant goals and objectives. Constraints limit project feasibility. Project is not recommended for this funding source.

H – New Warrington Road Floodplain Expansion South

Project Description: Project site is located along the south bank of Jackson Creek between New Warrington Road and Old Corry Field Road. Project would expand floodplain area along the outside bend of the creek. High percentage of existing canopy and subcanopy is comprised of invasive exotic species. Site is approximately 0.4 acres.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization; improves water quality;

Cons: numerous mature live oaks within excavation footprint; floodplain expansion downstream of New Warrington Road bottleneck only provides limited flood attenuation; amount of excavation on site limited; construction constraints associated with major road and utility crossings; excavation could potentially put existing private property at risk; relative small size of available restoration area

Estimated Cost: S300-$500K (plus acquisition costs)

NFWF Grant Applicability: Project reestablishes historic floodplain along a portion of Jackson Creek. Project is in-line with grant goals and objectives. Loss of existing mature live oak canopy offsets project benefits. Constraints limit project feasibility. Project is not recommended.

I – Old Corry Road Wetland Restoration and Floodplain Expansion

Project Description: Project site is located along the north bank of Jackson Creek immediately downstream of Old Corry Field Road. Areas adjacent to the creek would be excavated to create new floodplain wetlands. Floodplain areas created would be replanted with appropriate native vegetation. Project would expand floodplain area along the north bank of the creek. Site is approximately 0.4 acres / 100 linear feet.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization; improves water quality; no existing tree canopy; existing county parcel

Cons: location of previous concrete block stabilization project; floodplain expansion downstream of New Warrington Road bottleneck only provides limited flood attenuation; close proximity of Old Corry Field Road crossing; length/width ratio of property severely limits project feasibility

Estimated Cost: $300K

NFWF Grant Applicability: Project reestablishes historic floodplain along a portion of Jackson Creek. Project is in-line with grant goals and objectives. Construction constraints limit project feasibility. Site would be better suited as construction staging area for alternative project. Project is not recommended.

J – Wesleyan Terrace 1st Addition (Recommended)

Project Description: Project site is located along the north bank of Jackson Creek within the Wesleyan Terrace neighborhood. Project would acquire multiple vacant lots along the creek. High percentage of existing canopy and subcanopy is comprised of invasive exotic species. Parcels would be excavated to expand existing floodplain. Floodplain areas would be replanted with appropriate native vegetation. Site is approximately three acres / 800 linear feet.

Pros: expanded floodplain provides improved flood attenuation; enhances wildlife utilization; improves water quality; protects wetlands from future development; prevents future septic tank systems along Jackson Creek

Cons: project enhances existing floodplain areas rather than restoring historic areas; floodplain expansion downstream of New Warrington Road bottleneck only provides limited flood attenuation; likely requires property acquisition from multiple property owners; limited new floodplain potential from wettest lots; much of the site is existing wetlands

Estimated Cost: $750K - $1M

NFWF Grant Applicability: Project enhances historic floodplain along a portion of Jackson Creek. Project is in-line with grant goals and objectives. Floodplain expansion project would require acquisition of the least flood prone lots since lots more susceptible to flooding already provide floodplain functions. Project is only recommended on a portion of the overall project site.

K – Jackson Creek Breach Repair

Project Description: Project site is located along the south bank of Jackson Creek adjacent to the southwestern most of the Jackson Lakes. A breach has formed between the creek and adjacent lake. Project would repair the breach and reestablish flows within the creek.

Pros: reestablishes normal base flow within the creek; protects downstream box culvert from future damage during flood events; existing county parcel

Cons: project does not expand existing floodplain along Jackson Creek; project may actually increase flood risk; limited access;

Estimated Cost: $50K

NFWF Grant Applicability: Project reestablishes typical flows within this portion of Jackson Creek, but does not expand floodplain wetlands. Project is not recommended for this funding source.

L – Jackson Lakes Site Stream Restoration (Recommended)

Project Description: This stream section was ditched in the 1950s. Ditch is largely disconnected from historic floodplain. Project would construct floodplain benches along both sides of the creek by excavating existing material. Floodplain areas created would be replanted with appropriate native vegetation. Project site is approximately four acres /1,800 linear feet.

Pros: expanded floodplain provides limited flood attenuation; enhances wildlife utilization; restores historic floodplain; restores up to two acres of floodplain wetlands; improves water quality; existing county property

Cons: floodplain expansion downstream of New Warrington Road bottleneck only provides limited flood attenuation; may require a new steel bridge to be installed; may limit future use of the site;

Estimated Cost: $1M

NFWF Grant Applicability: Project reestablishes historic floodplain along a portion of Jackson Creek. Wetland restoration will enhance wildlife utilization. Project is in-line with grant goals and objectives. Project is recommended for this funding source.

M – Jackson Creek Priority One Restoration

Project Description: This stream section was ditched in the 1950s. Ditch is largely disconnected from historic floodplain. Project would redirect stream through the existing southeastern most lake. Lake would be filled to create floodplain area. Previous stream channel would be abandoned. This type of stream restoration is often referred as a "priority one" restoration. High percentage of existing canopy and subcanopy is comprised of invasive exotic species. Floodplain areas would be planted with appropriate native vegetation. Site is approximately ten acres / 1,400 linear feet.

Pros: expanded floodplain provides limited flood attenuation; enhances wildlife utilization; restores historic floodplain; restores up to ten acres of floodplain wetlands; improves water quality; existing county property

Cons: cost; substantial amount of fill required; floodplain expansion downstream of New Warrington Road bottleneck only provides limited flood attenuation for upstream locations; will limit future use of the site;

Estimated Cost: >>$1M

NFWF Grant Applicability: Project reestablishes historic floodplain along a portion of Jackson Creek. Wetland restoration will enhance wildlife utilization. Project is in-line with grant goals and objectives, but the scope of the project is far beyond the available grant budget and timeline. Project is not recommended for this funding source.

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

1-22. Approval of Various Consent Agenda Items – Continued

17. Taking the following action concerning the National Fish and Wildlife Foundation (NFWF) Project Funding Agreement for Bayou Chico Restoration Projects (Funding: this Grant will increase the Budget in Fund 118, Gulf Coast Restoration Fund, in the amount of $11,032,250; a matching contribution from Escambia County of $2,183,000.00 has been identified under a Florida Department of Environmental Protection 319 Grant [$750,000.00], which will be set up in Fund 110, Other Grants and Projects, and in Fund 352, Local Option Sales Tax III, Cost Center 210107, Transportation & Drainage, Project 08EN0272, Beach Haven [$1,433,000.00]):

A. Accepting and approving the National Fish and Wildlife Foundation Project Funding Agreement (NFWF Project ID #45910), in the amount of $11,032,250, for Bayou Chico Restoration Projects;

B. Authorizing the Chairman to sign the Project Funding Agreement and any subsequent Agreement-related documents, including no-cost extensions, pending Legal review and approval, without further action of the Board; and

C. Authorizing staff to begin the process of obtaining necessary easements, parcels, and permits to complete the Bayou Chico Restoration projects.

II. BUDGET/FINANCE CONSENT AGENDA – Continued

13. Acquisition of Two Real Properties in Wesleyan Terrace

Motion made by Commissioner Underhill, seconded by Commissioner Barry, and carried unanimously, taking the following action to give further direction regarding the acquisition of two real properties located in Wesleyan Terrace 1st Addition Subdivision for the Jackson Creek Restoration Project (Funding Source: Fund 352, "LOST [Local Option Sales Tax] III," Cost Center 210107, Object Code 56101, Project #13EN2382):

A. Authorizing staff to make an offer to the following property owners; Market Value amounts and verbal counter offers are indicated below, and amending the [verbal counter-offer for] the Shrader property at 5 Danbury Circle [from $10,000] to $5,000:

Parcel ID and Description	Property Owner	Address	Parcel Size	Market Value	Verbal Counter-Offer
37-2S-30-3400-029-002 Platted, wedge-shaped lot, potential flood hazard	William C. Schrader	5 Danbury Circle	0.27 acre +/- 11,761 sf	$4,234	$5,000
37-2S-30-3400-017-002 **(COMP PARCEL)** Platted, wedge-shaped lot, potential flood hazard = $0.36/sf / 40% adjustment	Pepper Trust	7 Beth Circle	0.25 acre +/- 11,086 sf	$4,000	N/A
37-2S-30-3400-016-002 Platted, rectangle-shaped lot, no potential flood hazard	Alabama Baptist Children's Home and Family Ministries	8 Beth Circle	0.24 acre +/- 10,000 sf	$6,000	N/A
37-2S-30-3400-028-002 **(COMP PARCEL)** Platted, rectangle-shaped lot, no potential flood hazard =$0.60/sf / no adjustment	Pepper Trust	Danbury Circle (Blk)	0.24 acre +/- 10,000 sf	$6,000	N/A

(Continued on Page 28)

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

13. Continued…

B. Authorizing staff to draft the Contract for Sale and Purchase for the acquisition of real property located in Wesleyan Terrace 1st Addition Subdivision and bring the executed Contract back before the Board; and

C. Authorizing the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute, subject to Legal review and sign-off, any documents necessary to complete the acquisition of these properties, without further action of the Board.

COMMISSIONER BERGOSH RELINQUISED THE CHAIR TO COMMISSIONER UNDERHILL

14. Issuance of a Purchase Order 

Motion made by Commissioner Barry, seconded by Commissioner May, and carried unanimously, approving to issue a Purchase Order, for a not-to-exceed amount of $241,325, to Ingram Signalization, Inc., on Contract PD 15-16.090, "Traffic Signal Construction," to perform signal upgrades, as per the ITS/ATMS (Intelligent Traffic System/Automated Traffic Management System), as amended to include the additional intersections of Highway 95-A (Old Palafox) at Ten Mile Road and Highway 95-A (Old Palafox) at Kingsfield Road; the list of intersections (14 total), description of proposed upgrades, and costs are provided (Funding Source: Fund 352, "LOST [Local Option Sales Tax] III," Cost Center 201017, Object Code 56301, Project #11EN1028 - totaling $241,325).

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16485 **County Administrator's Report 12. 4.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: SR292 (Sorrento Road) Capacity Project
From: Doug Underhill, Commissioner
Organization: Commissioner, District 2
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Funding for the Project Development & Environment Study Update and Preliminary Engineering Phase for the State Road 292 (Sorrento Road) Capacity Project - Commissioner Douglas Underhill, District 2

That the Board discuss the funding for the Project Development & Environment (PD&E) Study Update and Preliminary Engineering (PE) Phase for the State Road (SR) 292 (Sorrento Road) Capacity Project.

[Funding: Per the Florida Department of Transportation, $1,000,000 is needed to update and complete the PD&E Study, and $4,000,000 is needed to program the PE Phase to meet the federal planning consistency requirement.]

BACKGROUND:

The Sorrento Road Capacity Project, listed as the #22 Project Priority on the Florida-Alabama Transportation Planning Organization (TPO) Non-Strategic Intermodal System, is intended to widen the roadway from 2-lanes to 4-lanes, provide safety enhancements, relieve traffic congestion and increase capacity. The project limits span from Innerarity Point Road to SR 173 (Blue Angel Parkway) along Sorrento Road, and the original PD&E Study was conducted by Escambia County from 2006 to 2014.

After the required Public Hearing, the PD&E was assigned to Florida Department of Transportation (FDOT) in 2014; however, Escambia County was not able to provide the $17,000,000 local match when requested by FDOT in 2015. In order to meet National Environmental Policy Act requirements for planning consistency that requires at least the subsequent future phase funded, FDOT placed the Study on hold pending commitment of local funds to complete the PD&E and Preliminary Engineering. Based on the incomplete documentation and age of the study, FDOT will need to revise and update most of the critical PD&E documents, such as the traffic analysis, cultural resource assessment survey, noise study, natural resource evaluation, and final environmental document.

Per the Florida-Alabama TPO Congestion Management Process Plan (last updated in 2018), Sorrento Road is currently functioning beyond its allowable capacity. The Level-of-Service (LOS) for this segment of SR292 is max LOS D - 17,700 vehicles per day; however, the roadway functions at LOS F - experiencing over 18,000 vehicles per day. It is anticipated to exceed 20,000 vehicles per day by Year 2022, and 22,000 by Year 2027.

Per the FDOT, the estimate to update the PD&E Study is $1,000,000, and the estimate for the PE phase is $4,000,000. In order for the project to proceed, FDOT would need to secure the PD&E dollars of $1,000,000, and, at least enter into an Agreement with the County, for the future PE dollars of $4,000,000.

Per the Florida-Alabama TPO Long Range Transportation Plan, the estimate for the Right-of-Way Phase is $20,000,000, and estimate for the Construction Phase is $43,700,000.

BUDGETARY IMPACT:

[Funding: Per the Florida Department of Transportation, $1,000,000 is needed to update and complete the PD&E Study, and $4,000,000 is needed to program the PE Phase to meet the federal planning consistency requirement.]

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16489 **County Administrator's Report 12. 5.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: Bob Sikes Toll Booth Discussion
From: Robert Bender, District 4 Commissioner
Organization: Commissioner, District 4
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Bob Sikes Toll Booth - Commissioner Robert Bender, District 4

That the Board discuss the following items related to the Bob Sikes Toll Booth and provide direction/approval for each item:

A. Discuss options on how to handle peak weekend traffic, 9:30 a.m., until 7:30 p.m., on Saturday's and Sunday's, through the Labor Day weekend;

B. Grant approval for the Engineering Department to explore alternative methods for people to pay a toll using technology: a telephone app, license plate subscriptions, etc.; and

C. Grant approval for the Engineering Department to do a feasible study, in-house if possible, to determine if it is possible to create a third southbound lane from the Bob Sikes toll plaza to Fort Pickens Road that would become a dedicated right turn lane for people turning onto Fort Pickens Road.

[Funding: Fund 167, Bob Sikes Toll Plaza {If funding is required}]

BACKGROUND:

During the first seven months of 2019, January 1, 2019, through July 7, 2019, the Bob Sikes toll plaza had an increase of over 39,000 vehicles compared to the same time period in 2018. During the summer months, this increase creates traffic backups that affect the City of Gulf Breeze and their residents, visitors trying to enjoy their vacations, and our residents who simply want to enjoy a day at the beach with their families.

BUDGETARY IMPACT:

The impact on the budget depends on how much it costs to do the feasible study and explore alternative methods to pay tolls using technology.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16494 **County Administrator's Report 12. 6.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: Adopt a Resolution Supporting the Naming of the New Pensacola Bay Bridgeas the General Daniel “Chappie” James, Jr. Memorial Bridge
From: Robert Bender, District 4 Commissioner
Organization: Commissioner, District 4
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Adoption of a Resolution Supporting the Naming of the New Pensacola Bay Bridge "The General Daniel "Chappie" James, Jr., Memorial Bridge" - Commissioner Robert Bender, District 4

That the Board approve, adopt, and authorize the Chairman to sign the Resolution supporting the naming of the new Pensacola Bay Bridge "The General Daniel "Chappie" James, Jr. Memorial Bridge" as recommended by the Pensacola Bay Bridge Naming Committee with an unanimous vote and send a copy of the adopted Resolution to our local Legislative delegation.

BACKGROUND:

On February 21, 2019, the Board of County Commissioners created the Pensacola Bay Bridge Naming Committee. The Committee was tasked to hold public hearings in both Escambia and Santa Rosa Counties, then bring a Recommendation back to both the Board of County Commissioners and the Gulf Breeze City Council. After holding two public hearings, June 11, 2019, in Escambia County, and June 12, 2019, in Gulf Breeze, the Committee held a final meeting on July 9, 2019, and voted unanimously to submit "The General Daniel "Chappie" James, Jr. Memorial Bridge" name. The Pensacola Bay Bridge Committee consisted of: Frederick A. Davis, Jack P. Brown, Rear Admiral Peter Booth, Lawrence Powell, Rusty Branch, Gary Michaels, Edwin "Buz" Eddy, Timothy F. Burr, and Vic Bindi.

New Pensacola Bay Bridge Naming Resolution

RESOLUTION R2019-_____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, SUPPORTING THE NAMING OF THE NEW PENSACOLA BAY BRIDGE AS THE GENERAL DANIEL "CHAPPIE" JAMES, JR. MEMORIAL BRIDGE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, General Daniel "Chappie" James, Jr. was born in Pensacola, Florida on February 11, 1920; and

WHEREAS, as a young African American male growing up in Pensacola, the Cradle of Naval Aviation, he dreamed of one day flying and was encouraged by his mother, Lillie A. James to never give up on his dream; and

WHEREAS, following his graduation from Booker T. Washington High School, General Daniel "Chappie" James, Jr. attended Tuskegee Institute where he joined the Army Air Corps and was commissioned as a Second Lieutenant in the famed Tuskegee Airmen, the first African American pilots of the U.S Air Corps; and

WHEREAS, throughout his distinguished military career, where he flew 101 combat missions in the Korean Conflict, 78 combat missions over North Vietnam, and became the first African American four-star General in the United States Air Force, General Daniel "Chappie" James, Jr. never gave up his fight for equal rights and instilled in many young pilots patriotism, strong work ethics, and a desire of achievement through hard work and self-reliance; and

WHEREAS, by Board action on February 21, 2019, the Escambia County Board of County Commissioners enacted Resolution R2019-25 establishing a committee to consider a name for the new Pensacola Bay Bridge; and

WHEREAS, the Escambia County Pensacola Bay Bridge Naming Committee has recommended that the Escambia County Board of County Commissioners name the new Pensacola Bay Bridge the *General Daniel "Chappie" James, Jr. Memorial Bridge* in his honor.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AS FOLLOWS:

Section 1. The above stated recitals are true and correct and incorporated herein by reference.

Section 2. The Escambia County Board of County Commissioners hereby supports naming the new Pensacola Bay Bridge the *General Daniel "Chappie" James, Jr. Memorial Bridge*.

Section 3. This Resolution will take effect immediately upon adoption by the Board of County Commissioners.

ADOPTED this ____ of _____, 2019.

Issue: Pitney Bowes Postage Meter Lease - State of Florida Contract #44102100-17-1
From: ALISON ROGERS, County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Pitney Bowes Postage Meter Lease - State of Florida Contract #44102100-17-1.

That the Board approve and authorize the Chairman to sign the attached Lease Contract on the Pitney Bowes C200 Meter.

BACKGROUND:

The Board previously approved postage meter leases for the County Attorney's Office on March 6, 2008, February 16, 2012, and November 5, 2015. Using metered mail (Pitney Bowes) allows a cost savings of $.05 per letter versus using U.S. postage stamps.

Additionally, the Clerk of the Circuit Court requires that all outgoing mail be delivered to her office by 2:00 p.m. each day to be stamped and mailed the same day. The Clerk of this Circuit Court has been very cooperative, but due to the fact that a large volume of mail generated late in the afternoon cannot be mailed the following day would burden both the Clerk of the Circuit Court and the County Attorney's Office.

BUDGETARY IMPACT:

The lease payments will come out of the County Attorney's budget.

Shipping & Mailing

SendPro® C200

Make the smart sending choice every time.

Eliminate guesswork with our all-in-one solution.

The SendPro C200 is the simplest, all-in-one technology for office mailing and package shipping. It's a complete sending solution that makes it easy to process mail and send packages all from one place. You'll be able to:

- Process daily mail and print postage quickly and accurately.
- Access USPS® shipping rates which offer discounts of up to 39% off retail rates*.
- Compare options from three major carriers, like USPS and UPS®.
- Print shipping labels for three carriers right from the system.
- Track packages and costs across three major carriers in one consolidated report.

Plus, with the integrated scale you can accurately calculate postage and shipping charges for all of your letters, flats and packages. The C200 makes it easy for your office to consistently choose the ideal mailing or shipping option.

Save money and eliminate overspend.

Using a color touchscreen display, the C200 makes your selections of carrier, class and services simple and accurate. For letter mail, simply select the postal class and services you want, then seal and print postage in one easy step. For larger items, you can compare each carrier's shipping options and print a shipping label. Plus, the C200 is digitally connected so you'll always be up-to-date with automatic postal and carrier updates, low ink alerts, service warnings and diagnostic notifications.

*Actual savings may vary depending on weight, zone and services requested.

Make the confident choice, no matter what you send.

With the SendPro® C200, you can consistently choose the ideal carrier, class or service to get your items delivered—all at the best price for your needs. Just weigh the item to see your carrier's options with a cost and estimated delivery time. A common address book works across all three carriers and verifies the recipient addresses to ensure accurate delivery. Then, after selecting the ideal choice for your unique business needs, the C200 will print a shipping label from the attached label printer or your network printer.

Ship and track from anywhere.

Access C200's shipping and tracking capabilities away from your mail area with secure access from your desktop computer. You'll always have a consolidated view of your cost history and tracking information for carrier shipments. By having multiple information on a single platform, the C200 eliminates having to use multiple carriers' websites to process a package or track a shipment.

Maximize savings every time you send.

The C200 is designed to save you and your office staff time and money in many ways. You can get automatic ink replenishments at savings of 20% off the retail price when you enroll in the AutoInk™ program. When shipping, you immediately save with USPS® shipping discounts for Priority Mail and other package services. As a certified Ready Provider of UPS®, Pitney Bowes offers savings of 18% on UPS Next Day Air® and 9% off UPS Ground Commercial and Residential.

Specifications

User display	Color touchscreen
Envelope processing	Up to 40 letters per minute; semi-automatic feeding
Envelope moistener	Standard
Integrated scale	Standard: Up to 5 lbs.
External scale	Optional
USPS retail rates and extra services	Standard; No Presort rate option
Electronic return receipt	Not available—use standard USPS return receipt
USPS shipping (Commercial Base Pricing)	Standard
Multi-carrier shipping	Optional; Use existing business account (UPS and other carrier)
Multi-user access	Optional
Shipping label printer (4" x 6")	Optional; Compliant to USPS and alternate carriers
Label and report printing	Standard: Print to network printer Optional: Laser printer for reports
Cost accounting	Optional: 25 accounts, 100, 500 or more
Connectivity	Standard: LAN (wired) or Wi-Fi (wireless)
Envelope sizes	Up to 3/8" thickness. Media sizes: 3" x 5" up to 13" x 15"
Differential weighing	Optional
Electrical and approvals	100 – 120 VAC, 50/60 Hz, 1.0A
Dimensions	16 1/2" L x 15 1/2" D x 11 1/2" H (with integrated scale)

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16343 **County Attorney's Report 12. 2.**
BCC Regular Meeting **Action**
Meeting Date: 07/18/2019
Issue: Authorize Scheduling a Public Hearing to Review the Interlocal Agreement for Distribution of the Additional 4th-Cent Local Option Fuel Tax Proceeds
From: KRISTIN HUAL, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Authorizing the Scheduling of a Public Hearing to Review the Terms of the Interlocal Agreement for Distribution of the Additional 4th-Cent Local Option Fuel Tax Proceeds.

That the Board authorize scheduling a public hearing on Thursday, August 1, 2019, at 5:32 p.m. to review the terms of the Interlocal Agreement with the City of Pensacola relating to the distribution of the additional 4th-Cent local option fuel tax proceeds.

BACKGROUND:

On November 19, 2012, the Board enacted Ordinance Number 2012-41, establishing Section 90-207, Escambia County Code of Ordinances, to authorize the levy of an additional 4th-cent local option fuel tax with all monies received to be used solely to fund public transportation and mass transit systems and services in the County. The proceeds of the tax were to be distributed by the State Department of Revenue in accordance with the terms of an Interlocal Agreement entered into between the County and the City of Pensacola. The tax was imposed as of January 1, 2014, for an indefinite duration unless rescinded.

Thereafter, on April 2, 2013, the County and City entered into an Interlocal Agreement for the distribution of the additional 4th-cent local option fuel tax. As provided in the agreement, effective January 1, 2014, the County assumed fiscal responsibility for funding mass transit service within the jurisdictional boundaries of the City, and the City agreed to waive the City's share of the tax proceeds. Accordingly, the distribution formula distributed 100% of the tax proceeds to the County. The duration of the Interlocal Agreement runs concurrent with the levy of the tax.

Pursuant to paragraph 3.2 of the Interlocal Agreement, "[a] public hearing shall be held every five (5) years to review the terms of the agreement."

ORDINANCE NUMBER 2012-41

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA, ESTABLISHING ARTICLE V, SECTION 90-207, ET. SEQ., AND ADOPTING A FOUR (4) CENT LOCAL OPTION FUEL TAX ON MOTOR FUEL; PROVIDING FOR LEGISLATIVE FINDINGS; PROVIDING FOR IMPOSITION; PROVIDING FOR USE OF FUNDS; PROVIDING FOR DISTRIBUTION AMONG THE COUNTY GOVERNMENT AND ELIGIBLE MUNICIPALITIES BY INTERLOCAL AGREEMENT; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, to provide public transportation services to the residents of Escambia County, Florida, the Escambia County Board of County Commissioners has established, and maintains and operates, Escambia County Area Transit (ECAT); and

WHEREAS, the Board finds that ECAT provides a critical and essential service by acting as the sole conduit for many Escambia County residents to commute between home and work, to conduct business and make purchases, and to complete other daily activities which further the economic development and growth of Escambia County; and

WHEREAS, the Board further finds that operating ECAT alleviates traffic congestion and reduces stress and deterioration to existing roadways and traffic facilities; and

WHEREAS, for these reasons, the Board concludes that the continued operation of ECAT is necessary to reaching its goal of providing a safe, efficient, and financially feasible mass transit transportation system; and

WHEREAS, the Board presently funds ECAT through its general revenue fund and through other revenues collected from ECAT riders; and

WHEREAS, such funds are insufficient to maintain ECAT at its current level of service or to enhance and expand ECAT services; and

WHEREAS, pursuant to Section 336.025(1)(b), Florida Statutes (2012), the Board has the authority to levy a four (4) cent local option fuel tax to act as a dedicated funding service for ECAT; and

WHEREAS, for the aforementioned reasons, the Board finds that levying this local option fuel tax would allow the Board to continue operating ECAT and therefore significantly advances the public health, safety, and welfare of the residents of Escambia County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

SECTION 1. RECITALS.

The aforementioned recitals are hereby incorporated into this ordinance as a statement of the legislative intent of the Board of County Commissioners in enacting this ordinance.

SECTION 2. LEVY OF FOUR-CENT LOCAL OPTION FUEL TAX.

Chapter 90, Article V, Section 90-207 of the Escambia County Code of Ordinances is hereby created as follows:

Section 90-207. Additional Four-Cent Local Option Fuel Tax.

(a) *Legislative findings.* The Escambia County Board of County Commissioners hereby finds as follows in support of this adopting this section:

(1) The Board of County Commissioners finds that it has authority to adopt and levy a four (4) cent local option fuel tax pursuant to Section 336.025(1)(b), Florida Statutes, and that any such local option fuel tax is in addition to any other fuel taxes levied by the County under federal, state, or local law.

(2) The Board of County Commissioners further finds that using moneys received pursuant to this section as a public transportation funding source is necessary to meet the requirements of the capital improvements element and the mass transit element of the Escambia County Comprehensive Plan.

(3) The Board of County Commissioners further finds that using moneys received pursuant to this section as a public transportation funding source is necessary to meet immediate local transportation problems and for other transportation-related expenditures.

(b) *Imposition of local option fuel tax.* There is hereby imposed a $0.04 local option fuel tax upon every gallon of motor fuel sold in Escambia County and taxed under the provisions of part I of chapter 206, Florida Statutes (2012).

(c) *Use of funds.* All moneys received pursuant to this section shall be used solely to fund, provide, and operate public transportation and mass transit systems and services in Escambia County.

(d) *Distribution pursuant to interlocal agreement.* Proceeds of the tax hereby imposed shall be divided and distributed by the state department of revenue, in accordance with the terms of any applicable interlocal agreement entered into between Escambia County and one or more of the municipalities located within Escambia County and the City of Pensacola, the municipality representing a majority of the population of the incorporated area within Escambia County. The distribution formula in the interlocal agreement shall provide for distribution of the entire proceeds of the local option fuel tax among the county government and all eligible municipalities within Escambia County.

(e) *Duration.* The tax hereby imposed is effective from January 1, 2014 and is for an indefinite duration unless rescinded as provided for by Florida law.

SECTION 3. SEVERABILITY.

It is declared the intent of the Board of County Commissioners that if any subsection, clause, sentence, provision or phrase of this Ordinance is held to be invalid or unconstitutional by a Court of competent jurisdiction, such invalidity or unconstitutionality shall not be so construed as to render invalid or unconstitutional the remaining provisions of this Ordinance.

SECTION 4. INCLUSION IN THE CODE.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code; and that the sections of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

SECTION 5. EFFECTIVE DATE.

This Ordinance shall become effective upon its filing with the Department of State.

DONE AND ENACTED THIS 19th DAY OF November, 2012.

4/2/2013 CAT I-1

INTERLOCAL AGREEMENT FOR DISTRIBUTION OF THE ADDITIONAL FOUR (4) CENT LOCAL OPTION FUEL PROCEEDS

THIS AGREEMENT is made and entered into this 2nd of April, 2013, by and between Escambia County, a political subdivision of the State of Florida, (herein after the "County"), and the City of Pensacola, a municipal corporation of the State of Florida, (herein after the "City").

WHEREAS, section 206.41 (1)(e), Florida Statutes, authorizes a local option tax on motor fuel, excluding diesel fuel, which tax shall be levied and used as provided in Section 336.025, Florida Statutes; and

WHEREAS, section 336.025 (1)(b), Florida Statutes, allows the County, by ordinance to enact up to five (5) cents per gallon in local option fuel tax; and

WHEREAS, section 336.025 (1)(b), Florida Statutes, requires that the tax shall be levied by ordinance adopted by a majority plus one vote of the membership of the governing body of the County or by referendum; and

WHEREAS, on November 19, 2012 the Escambia County Board of County Commissioners enacted, by a four to one vote, an ordinance to impose a four (4) cent local option fuel tax, effective January 1, 2014; and

WHEREAS, section 336.025 (1)(b)(2), Florida Statutes, provides for an interlocal agreement between the County and one or more municipalities therein to provide for a distribution formula for dividing the entire proceeds of the tax prior to the levy of the tax; and

WHEREAS, pursuant to section 336.025(1)(b)(2), Florida Statutes, the municipality representing the majority of residents in the incorporated areas may agree to a distribution formula for the entire proceeds; and

WHEREAS, the City of Pensacola represents the majority of residents in the incorporated areas of Escambia County; and

WHEREAS, section 336.025 (7)(a), Florida Statutes, provides that transportation expenditures may include "public transportation operations and maintenance"; and

WHEREAS, the County has agreed to assume fiscal responsibility for funding mass transit if the City agrees to waive the municipalities' share of the additional four (4) cent local option fuel tax; and

WHEREAS, the City participates in mass transit via its appointee to the Mass Transit Advisory Committee and the County shall supply the City with an annual report regarding mass transit; and

WHEREAS, the County shall have exclusive authority over the management and control of the mass transit system.

Verified By: CHanna
Date: 4/3/2013

NOW THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the receipt and sufficiency of which is hereby acknowledged, County and City agree as follows:

ARTICLE 1
PURPOSE

1.1 This agreement is entered into pursuant to section 336.025, Florida Statutes (2012) for the purpose of determining the distribution among the county government and eligible municipalities of the proceeds of the additional four (4) cent Local Option Fuel Tax which the County intends to levy under the authority of section 336.025, Florida Statutes, beginning January 1, 2014, and every year thereafter. The City represents a majority of the population of the incorporated area, within the County. The recitals are hereby incorporated in this Agreement.

ARTICLE 2
DISTRIBUTION OF TAX PROCEEDS

2.1 Beginning January 1, 2014, the proceeds of the aforesaid tax shall be distributed as follows:

Escambia County	100.0%
City of Pensacola	0.0%
Town of Century	0.0%

2.2 It is the intent of the City to waive its rights to receive any proceeds of the aforesaid tax so long as the County retains fiscal responsibility for the local funding for the provision of public bus service in the County.

ARTICLE 3
TERMS OF AGREEMENT

3.1 The term of this agreement shall be concurrent with the levy of the tax: January 1, 2014 until rescinded.

3.2 A public hearing shall be held every five (5) years to review the terms of the agreement. These public hearings to review the terms of the agreement must be held prior to October 1, 2018 and every fifth year thereafter through the expiration of the tax.

ARTICLE 4
RIGHTS OF HOLDERS OF OUTSTANDING BONDS

4.1 It is the interest of the parties to this agreement that under no circumstances shall the Interlocal Agreement materially or adversely affect the rights of holders of outstanding bonds which are backed by taxes authorized by section 336.025, Florida Statutes (2012), nor shall the amounts distributed to the County Government and each municipality be reduced below the amount necessary for the payment of principal and

interest and reserves for principal and interest as required under the covenants of a bond resolution outstanding on the date of the establishment of this Agreement.

ARTICLE 5
NOTICES AND EFFECTIVE DATE

5.1 On or before October 1, 2013, the County shall provide to the State of Florida Department of Revenue certified copies of this Interlocal Agreement and any ordinance which the County adopts imposing the aforesaid tax.

5.2 This Agreement shall become effective when filed in the Office of the Clerk of the Circuit Court for Escambia County.

IN WITNESS WHEREOF, the County and the City have caused this Agreement to be executed by their authorized representatives on the day and year first written above.

Escambia County, Florida

AI-16466 **County Attorney's Report 12. 3.**
BCC Regular Meeting **Action**
Meeting Date: 07/18/2019
Issue: Basic Ordering Agreement with U.S. Immigration and Customs Enforcement
From: KRISTIN HUAL, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Basic Ordering Agreement with United States Immigration and Customs Enforcement.

That the Board take the following actions:

A. Approve the Basic Ordering Agreement with United States Immigration and Customs Enforcement, and

B. Authorize the County Administrator to execute the Agreement.

BACKGROUND:

Effective July 1, 2019, the Florida Legislature enacted §§908.101-109, Florida Statutes, entitled *Federal Immigration Enforcement*, which prohibits sanctuary jurisdictions and requires state and local entities to comply with federal immigration detainers. Pursuant to §908.106, Florida Statutes, each county correctional facility must enter into an agreement with a federal immigration agency for the temporary housing and reimbursement of costs for temporarily housing persons in the facility under an immigration detainer.

The *Basic Ordering Agreement* is the form agreement authorized by ICE that will satisfy the statutory requirement. Under the terms of the Agreement, the County will house detainees pursuant to the issuance and acceptance of valid immigration detainer documentation for no longer than 48 hours, and ICE will pay a fixed rate of $50 per detainee for up to 48 hours of detainment.

BOA General Terms and Conditions

GENERAL TERMS AND CONDITIONS

This Basic Ordering Agreement (BOA) is governed by the following terms and conditions:

The Service Provider shall provide U.S. Immigration and Customs Enforcement (ICE) with reasonable access to all detainees or inmates for purposes of interviewing such individuals for immigration enforcement related purposes.

SERVICES: The Service Provider shall house detainees pursuant to the issuance and acceptance of Form I-203 (Order to Detain or Release Alien) accompanied by Form I-247A (Immigration Detainer – Notice of Action) and either a Form I-200 (Warrant for Arrest of Alien) or Form I-205 (Warrant of Removal), consistent with Section 287.7(d) and (e) of Title 8 of the Code of Federal Regulations.

ORDERS: Only ICE purchase card holders have the authority to order against this BOA. Under no circumstance shall an order exceed $2,500.00.

COMMENCEMENT OF SERVICES: Services will commence at the time of the alien's scheduled release from State custody after issuance and acceptance of Form I-203 (Order to Detain or Release Alien) accompanied by Form I-247A (Immigration Detainer – Notice of Action) and Form I-200 (Warrant for Arrest of Alien) or Form I-205 (Warrant of Removal) issued by ICE. Services end when properly identified ICE personnel remove the alien from the Service Provider's facility or issue another Form I-203 (Order to Detain or Release Alien), or after 48 hours of detention, whichever occurs first.

RATES: For any order issued under this BOA, the rate will be fixed at $50.00 for up to 48 hours of detention. No payment will be made for any detention beyond 48 hours, and the Service Provider will not house the alien for longer than 48 hours under this BOA.

ALTERATIONS: Any changes to the terms and conditions of this BOA will be done by written modification and signed by the Contracting Officer. Changes or amendments to any orders issued pursuant to this BOA shall not be accepted.

PAYMENT: Payments shall be made by Purchase Card (P-Card). The Service Provider's Taxpayer Identification Number (TIN) and DUNS number must be registered in the Systems for Award Management (www.sam.gov) prior to issuance of an order.

PUBLIC DISCLOSURES: Information obtained or developed as a result of this BOA is under the control of ICE and is subject to public disclosure only pursuant to the provisions of applicable federal laws, regulations, policies, and executive orders or as ordered by a court. Insofar as any documents created by the Service Provider contain information developed or obtained as a result of this BOA, such documents shall be subject to public disclosure only pursuant to the provisions of applicable federal laws, regulations, policies, and executive orders or as ordered by a court. If the Service Provider receives a request for such information, including pursuant to state law, the Service Provider will refer the request to ICE for appropriate action. To the extent the Service Provider intends to release the BOA or any information relating to, or exchanged under, this BOA, the Service Provider agrees to coordinate with the ICE Contracting Officer prior to such release. The Service Provider may, at its discretion, communicate the substance of this BOA when requested. ICE

understands that this BOA will become a public document when presented to the Service Provider's governing body for approval if required.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16474 **County Attorney's Report 12. 4.**
BCC Regular Meeting **Action**
Meeting Date: 07/18/2019
Issue: Removal of Private Communications Tower Located on County Property at 391 90 & 9 Ranch Road
From: STEPHEN WEST, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Removal of Private Communications Tower Located on County Property at 391 90 & 9 Ranch Road.

That the Board authorize the County Attorney to initiate appropriate legal action to compel removal of a private communication tower owned by Crown Castle GT Company, LLC (Crown Castle), located on County property at 391 90 & 9 Ranch Road.

BACKGROUND:

The property at 391 90 & 9 Ranch Road was originally owned by 90 & 9 Boys' Ranch, Inc., a Florida non-profit corporation (Boys' Ranch). Pursuant to an Easement Agreement dated April 7, 1988, Boys' Ranch permitted Pensacola MSA Limited Partnership (Pensacola MSA) to construct and maintain a communications tower on the property. According to its terms, the Easement Agreement expired in 2013 unless Pensacola MSA paid an extension fee of $16,000 (adjusted for inflation). Title to the property passed through a series of non-profit corporations and was ultimately conveyed to the County by the Escambia Charter School, Inc. in 1998. Crown Castle is the successor to Pensacola MSA and has continued to own and operate the tower since 2000. However, it never paid the extension fee due in 2013 to allow the Easement Agreement to continue through its extended term.

At the request of the County Administrator, the County Attorney notified the attorney for Crown Castle that it would be required to dismantle and remove, within 30 days, the communciation antenna and all improvements from the easement area. Regrettably, Crown Castle has refused and continues to maintain its antenna on the County's property.

BUDGETARY IMPACT:

Funds for legal action will be paid from the County Attorney's Office budget (110601/53101).

LEGAL CONSIDERATIONS/SIGN-OFF:

Upon approval, the County Attorney's Office will initiate legal action.

PERSONNEL:

All work associated with this action will be performed by the County Attorney's Office.

Re: Crown Castle GT Company, LLC

Dear Mr. Traiser:

As we discussed, I forwarded your request on behalf of Crown Castle GT Company, LLC to the County Administrator. Regrettably, she is not willing to pursue a new agreement to allow Crown Castle's communication tower to remain on the County's property. As you know, the 1988 Easement Agreement required payment of an extension fee to continue beyond the original term, which ended in 2013. We have no evidence that the extension fee was ever paid.

The County Administrator has asked me to relate that she will require Crown Castle to dismantle and remove within thirty (30) days all improvements from the easement parcel, including, but not limited to, fences, anchors (to 3 feet below ground level), guy wires, and the communications tower. Please have Crown Castle coordinate the removal with the County's Facilities Management Director, Robert Dye (telephone (850) 595-4769) and the County's Park and Recreation Director, Michael Rhodes (telephone (850) 374-5220).

Very truly yours,

Stephen G. West

VIA FEDERAL EXPRESS
ITEM NUMBER: 775003566221

RE: Crown Castle Site 814860 – Gonzales
Property off of Old Chemstrand Road, Highway 749

Dear Mr. West,

This letter follows your correspondence dated April 5, 2019 related to Easement Agreement dated April 11, 1988 (hereinafter "**Agreement**") by and between Crown Castle GT Company, LLC (hereinafter "**Crown**"), successor in interest to Pensacola MSA Limited Partnership, and Escambia County, Florida (hereinafter "**Escambia County**"), successor in interest to The 90 and 9 Boy's Ranch, Inc. and the communications tower facility (hereinafter "**Tower**") located on the property commonly known as Parcel Number 131N303003001001 (hereinafter "**Property**").

Specifically, the Agreement grants and conveys to Crown an easement for the use of a portion of the Property for the placement of the Tower, together with rights of ingress, egress, and regress thereto. The original term of the Agreement was twenty five (25) years (hereinafter "**Easement Term**"), which term was subject to further extension for an additional term of ten (10) years (hereinafter "**Extension Term**") subject to the payment of money as calculated pursuant to the terms of the Agreement (such amount, the "**Extension Fee**"). Pursuant to the terms of the Agreement, the Extension Fee was due on or around April 11, 2013.

As pointed out in your correspondence, Crown is unable to locate proof of the payment of the Extension Fee at this time. It is possible that the payment was in fact made and delivered as required to the tenant operating on the Property. My understanding is that the Escambia Charter School commenced operations sometime in 1996 and did not cease using the Property as a school until 2018.

Regardless, the lack of such verification, without more, does not operate to automatically terminate its interest in the property or the Agreement. Common law includes an implied duty of good faith and fair dealing in each contract, which would include notice related to any claimed lack of payment or failure to abide by the terms of the agreement. It does not appear that the County or the school provided any notice, demand or request for the payment, and does not appear that the County has asserted the cancellation or termination of the Easement since the date the Extension Fee was due.

Moreover, the parties have operated and continue to operate under the terms of the Agreement since the 2013 date, as if the Agreement was extended. Escambia County's position now that the Agreement terminated roughly five years ago is significant change. Both Crown and Verizon have relied upon the

continuity of the Agreement and intend to continue using and operating the tower in the manner provided for in that document. In addition, other departments within the County have relied and continue to rely upon this structure as well. The facility provides invaluable services to the general public and supports the ability for individuals to communicate with police, fire and other emergency services.

In furtherance of these details, I have included with this correspondence a check in the amount of $46,865.96 representing the amount of the Extension Fee as calculated pursuant to the terms of the Agreement as of April of 2013 together with interest at the statutory rate since the first day of the Extension Term.

At most, any missing payment of the Extension Fee was a clerical oversight that has been rectified with the payment included with this correspondence. Escambia County's position now that the Agreement was expired over five years ago is a shift not supported by the facts or the actions of the parties since April of 2013, contradicts the intent of the Agreement, and is in violation of the implied covenant of good faith and fair dealing. Crown's position is that the Agreement and its interest in the Property remain in full force and effect.

If you have any questions, please feel free to contact me. I can be reached at 612-414-3322 or by email at Matthew.Traiser@gmail.com.

Sincerely,

Matthew J. Traiser, P.A.

STATE OF FLORIDA
COUNTY OF ESCAMBIA

EASEMENT AGREEMENT

This is an Easement Agreement made as of the date set forth below by and between The 90 & 9 Boys' Ranch, Inc., a Florida not for profit corporation (the "Boys' Ranch"), Pensacola MSA Limited Partnership, a Florida Limited Partnership ("Pensacola MSA"), and Escambia County, a political subdivision of the state of Florida ("Escambia County"), for the following uses and purposes:

Recitals:

1. Escambia County has previously conveyed to the Boys' Ranch certain real property lying and being in Escambia County, Florida, being more particularly described on Exhibit "A" attached hereto and made a part hereof (the "Property"), as evidenced by that certain Deed dated May 30, 1985 recorded in Official Records Book 2078, Page 173, public records of Escambia County, Florida (the "Deed").

2. The Boys' Ranch has agreed to grant to Pensacola MSA: (i) an easement for the construction, maintenance and repair of a low power radio communications tower (the "Communications Tower") upon a portion of the Property (the "Easement Parcel") being more particularly described on Exhibit "B" attached hereto and made a part hereof (the "Tower Easement"); and (ii) a non-exclusive easement for ingress and egress over any existing roads on the Property, and along a thirty (30) foot wide strip of the Property running along the Northern boundary line of the Property beginning at the Easement Parcel and ending at the nearest existing road, for the purpose of maintaining the Communications Tower throughout the term of the Tower Easement (the "Access Easement") (the Tower Easement and the Access Easement being collectively referred to as the "Easements").

3. Escambia County joins in the execution of this Easement Agreement for the purpose of waiving any and all rights of reversion or reverter it may have in and to the Easement Parcel under the Deed throughout the Easement Term, as that term is hereinafter defined, and any extension of the Easement Term pursuant to the terms of this Easement Agreement. Escambia County retains any and all rights of reversion

JOE A. FLOWERS, COMPTROLLER
BY: [illegible] D.C.
CERT. REQ. #95-2043328-27.01

or reverter it may have under the Deed as to the remainder of the Property.

Now, therefore, in consideration of $10.00 and other good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged by all parties, the parties hereto agree as follows:

1. The Boys' Ranch hereby grants and conveys to Pensacola MSA The Tower Easement, and the Access Easement.

2. The Easements shall commence on even date herewith and shall terminate on the twenty fifth anniversary date hereof (the "Easement Term") unless extended as provided in paragraph 3 below.

3. Pensacola MSA shall have the option of extending the Easements for an additional ten year period upon payment by Pensacola MSA to the Boys' Ranch of the Extension Fee, as hereinafter defined, at least three months, but no sooner than six months, prior to termination of the Easement Term. The Extension Fee shall be the sum of $16,000.00 and an amount equal to the product of $16,000.00 multiplied by the increase in the United States Department of Labor, Bureau of Labor Statistics, Consumer Price Index for All Urban Consumers, U.S. City average, All Items, or any successor or substitute index designated by the Boys Ranch appropriately adjusted (1967 = 100) (the "Index"). The change in the Index, if any, shall be calculated over the Easement Term. In no event shall the Extension Fee be decreased below $16,000.00.

4. Throughout the Easement Term, Pensacola MSA agrees to erect and maintain, around the base of the tower and guy points, a chain link fence of at least eight feet in height with at least three strands of barbed wire running along the top. Such fence shall have a gate which shall be kept locked and secure at all times.

5. Pensacola MSA agrees, as a part of the consideration for the Easements, that Pensacola MSA shall so maintain and operate the Communications Tower in such a manner that the operation thereof will in no way hinder or prevent the proper and reasonable use and enjoyment of the remaining portion of the Property. Pensacola MSA shall at all times, and from time to time, at its own cost and expense, maintain

and repair in proper, substantial and workmanlike manner the improvements located on the Easement Parcel.

6. Pensacola MSA hereby covenants and agrees to indemnify and hold harmless the Boys' Ranch and Escambia County from any and all loss, liability, cost, claims, demands, damages, actions, causes of action, or suits arising out of or in any manner related to the Easements or the construction, maintenance or operation of the Communications Tower.

7. Pensacola MSA agrees to operate the Communications Tower in such a manner that it does not interfere with the existing radio transmission coverage which Escambia County has established at the existing site. Pensacola MSA agrees to immediately correct any such interference and to indemnify the Boys' Ranch and Escambia County for any such interference with the existing radio transmission facilities.

8. This Easement Agreement and the application and interpretation hereof shall be governed exclusively by the laws of the State of Florida, and shall be binding upon and shall inure to the benefit of the parties hereto, their successors and assigns.

9. Should Pensacola MSA fail to comply with the covenants and conditions of this Easement Agreement, the Boys' Ranch shall have the right to (i) terminate this Easement Agreement upon ten days written notice to Pensacola MSA, in which event the provisions of Paragraph 10 of this Easement Agreement shall apply; and (ii) bring such action in law or in equity as the Boys' Ranch may deem necessary to enforce the terms and conditions hereof. The election by the Boys' Ranch to seek enforcement of the provisions hereof shall not be deemed a waiver of the Boys' Ranch's right to terminate this Easement Agreement.

10. Upon the termination of the Easements, Pensacola MSA shall promptly, but in no event more than 30 days after the termination of this Easement Agreement, dismantle and remove all improvements on the Easement Parcel, including, but not limited to, fences, anchors (to three feet below ground level), guy wires and the Communications Tower. In the event Pensacola MSA fails to so remove the improvements on the Easement Parcel, the Boys' Ranch shall be authorized to remove the improvements and Pensacola MSA agrees to reimburse the Boys' Ranch for

all costs and expenses incurred by the Boys' Ranch in so removing said improvements. In addition, Pensacola MSA agrees to pay to the Boys' Ranch rent for the Easement Property for each day the said improvements remain on the Easement Property after the termination of this Easement Agreement. Such rent shall be due and payable daily and shall be the sum of $100.00 and an amount equal to the product of $100.00 multiplied by the increase in the Index. The change in the Index, if any, shall be calculated over the Easement term. In no event shall the daily rental be decreased below $100.00. In the event the Easements are terminated for any reason all rights to the Easement Property shall revert to the then current fee simple owner of the Property.

11. Escambia County hereby consents to the granting of the Easements and agrees that the granting of the Easements, and the use of the Easement Parcel by Pensacola MSA as provided herein, shall not cause a reversion or reverter of the Property under the terms of the Deed. Escambia County waives any and all rights of reversion or reverter it may have under the Deed as to the Easement Parcel throughout the easement term and any extension thereof pursuant to the terms of this Easement Agreement. The parties hereto agree that Escambia County otherwise retains any and all rights of reversion or reverter it may have under the Deed as to the remainder of the Property. In the event of any reversion or reverter of the Property under the Deed to Escambia County, or in the event that the Boys' Ranch should cease to exist for the purpose of providing residence facilities for the care of children who have been found to have been delinquent, neglected or unwanted, Escambia County shall be entitled to all unencumbered proceeds received from the granting of the Easement Agreement or any extensions hereto. Additionally, Escambia County shall receive all the benefits of this Easement Agreement and shall assume all the duties and obligations of the Boys' Ranch under this Easement Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of this 7th day of April, 1988.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16479 **County Attorney's Report 12. 5.**
BCC Regular Meeting **Action**
Meeting Date: 07/18/2019
Issue: Legal Representation of County Employees
From: ALISON ROGERS, County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Legal Representation of County Employees.

That the Board amend its action of June 20, 2019 regarding the request for legal representation of County employees to allow payment of up to the $75,000 deductible on the County's EMS medical malpractice coverage to be used towards the legal representation of five County employees, with any amount over the deductible to be covered by County insurance.

BACKGROUND:

At its meeting on June 20, 2019, the Board authorized the retention of Attorney Ann Bittinger to represent multiple County employees facing investigation by the Florida Department of Health/Medical Quality Assurance. This amendment would shift the cost center and also accommodate an anticipated higher cost based on the more complex nature of the second case.

BUDGETARY IMPACT:

The County Attorney's professional services line item has paid $19,000 to date. This recommendation would allow future billing to be paid from the Risk Management reserve account 501/239898, until the insurance deductible is met. After the deductible has been met, the insurance company will pay any further legal fees and expenses, should it be necessary.

June 20, 2019 Board Action

COUNTY ATTORNEY'S REPORT – Alison Rogers, County Attorney

I. FOR ACTION

1. Recommendation: That the Board take the following action:

   A. Appoint Commissioner Robert Bender to serve as the Board's appointee on the 2019 Canvassing Board for the Presidential Preference Primary (March 17, 2020), the Primary Election (August 25, 2020), and the General Election (November 3, 2020); and

   B. Authorize the Chairman to sign the attached letter to Chief Judge Linda L. Nobles, respectfully requesting that she appoint to the 2019 Canvassing Board as Commissioner Bender's alternate: The Honorable Grover C. Robinson, IV, Mayor of the City of Pensacola.

Motion: Move the first Item, A and B
Made by: Commissioner Barry **Seconded by:** Commissioner Bender
Disposition: Carried 4-0, with Commissioner Underhill absent

2. Recommendation: That the Board take the following action:

   A. Ratify the retention of Attorney Ann Bittinger who will represent multiple individual County employees under investigation by the Florida Department of Health/Medical Quality Assurance;

   B. Waive the Board policy regarding Legal Representation for Commissioners and County Employees to allow a higher hourly rate due to the unique opportunity to allow outside counsel to represent all subject employees simultaneously; and

   C. Require any billing over $15,000.00 to be expressly authorized prospectively by the County Attorney in writing.

Motion: Move it forward
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0, with Commissioner Underhill absent

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16347 **County Attorney's Report 11. 2.**
BCC Regular Meeting **Action**
Meeting Date: 06/20/2019
Issue: Request for Legal Representation of County Employees
From: ALISON ROGERS, County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Ratifying the Engagement Letter for Representation of County Employees.

That the Board take the following action:

A. Ratify the retention of Attorney Ann Bittinger who will represent multiple individual County employees under investigation by the Florida Department of Health/Medical Quality Assurance; and

B. Waive the Board policy regarding Legal Representation for Commissioners and County Employees to allow a higher hourly rate due to the unique opportunity to allow outside counsel to represent all subject employees simultaneously; and

C. Require any billing over $15,000.00 to be expressly authorized prospectively by the County Attorney in writing.

BACKGROUND:

There are multiple individual County employees currently facing investigation by the Florida Department of Health/Medical Quality Assurance. Due to concerns about ethical conflicts, the County Attorney advises outside counsel should be retained to represent the interests of these individuals. The County's Legal Representation for Commissioners and County Employees Policy encourages prospective retention of counsel for its employees.

Ms. Bittinger bills at $500.00 per hour but provides a unique opportunity in that her experience and expertise allow her to represent all the subject employees, with the possibility of addressing multiple employees with similar filings. This efficiency more than justifies waiver of the policy's billing rate ceiling. The County Attorney's professional services line item will accommodate this expense.

BUDGETARY IMPACT:

The County Attorney's professional services line item will accommodate this expense.

LEGAL CONSIDERATIONS/SIGN-OFF:

In order to allow for prompt filings with the Florida Department of Health, the County Attorney executed the letter on June 11, 2019, and allowed the work to commence.

Board Policy - Legal Representation

Board of County Commissioners
Escambia County, Florida

Title:	Legal Representation for Commissioners and County Employees, Section II, Part C.35
Date Adopted:	May 15, 2014
Effective Date:	May 15, 2014
Reference:	
Policy Amended:	New Policy

A. Purpose:

Commissioners, County employees, Board appointees and County agents should be entitled to some assurance that in the performance of a public service they will not be encumbered by the expense of defending a civil, criminal, ethics, administrative or professional licensing action predicated upon their official acts and reports and should not fear such expenses that may result from reprisals. Further, the Board of County Commissioners finds that it is necessary to encourage the continued participation in County government by alleviating the potential liability of persons having to expend their own funds for the payment of reasonable attorney's fees and costs when such persons are named in a criminal, civil, ethics, administrative or professional licensing action. In following this policy, the Board may only incur or reimburse reasonable attorney's fees and costs as allowed by Florida law.

B. Definitions:

"Costs" shall mean actual and verifiable costs incurred in the provision of a defense for the subject commissioner, employee, appointee or agent of the County. Any travel expenses shall be as provided in section 112.061, Florida Statutes.

"Reasonable attorney's fees" shall mean fees earned by an attorney and/or attorneys licensed to practice law in the State of Florida, based on the customary rate, whether a flat fee or per hour, charged in Escambia County, Florida, for similar work performed by attorneys within the County, but in no event to exceed $250 per hour unless a higher amount is approved by the Board due to extraordinary circumstances.

"Successfully defend" or "prevail" shall apply to individual counts, charges and/or allegations, and shall mean dismissal, a finding of not guilty or a verdict of no liability in favor of the person covered herein as set forth below. In a civil case, a judgment of nominal damages or a judgment of 25% or less than a proposal for settlement served by the Commissioner or employee pursuant to Florida Statutes and the Florida Rules of Civil Procedure, which is entered against the Commissioner or employee may be considered as a successful defense or as prevailing as circumstances warrant. A failure to successfully defend or prevail against one or more counts, charges or allegations shall not necessarily affect the application of the policy to other counts, charges and/or allegations which were successfully defended or against which the

officer or employee prevailed.

C. Policy.

It is the Board's policy that for cases involving current and former County employees, Board appointees and County agents personally named in any civil, criminal, ethics, administrative or professional licensing action for any act within the scope of their duties and responsibilities, the County will prospectively provide legal representation or pay reasonable attorney's fees and costs if the procedures in this policy are followed and if allowed by Florida Law.

Cases involving current or former County Commissioners personally named in any civil, criminal, ethics, administrative or professional licensing case that arises out of and in connection with their scope of County function shall be addressed by the Board of County Commissioners on a case-by-case basis. Florida law shall be followed with regards to any payment or reimbursement of legal fees or prospective retention of legal representation. Any current or former County Commissioner personally named in a civil, criminal, ethics, administrative or professional licensing action and who desires the County pay for on an ongoing basis or reimburse legal fees shall follow the procedures set forth in this policy. For cases involving current or former County Commissioners, out of the Sunshine litigation strategy meetings set forth in section 286.011(8), Florida Statutes are discouraged but may be allowed by majority vote of the Board should circumstances warrant.

D. Procedures:

Any person who believes that he or she is allowed or entitled to payment or reimbursement of reasonable attorney's fees and costs or retention of legal representation shall, as a condition precedent to such payment, retention or reimbursement, notify the County through its County Attorney in writing within 10 days of their knowledge of a relevant action or within 10 days of retaining a private attorney, whichever is applicable. The request shall at a minimum set forth:

1. The name and current address of the person making the request;
2. A description of the entity conducting the investigation or proceeding;
3. The case number or file number of the investigation or proceeding, if known;
4. A description of each count, charge and/or allegation made or being investigated;
5. The dates(s) that the alleged wrongful incidents are alleged to have occurred;
6. The person's office or position of employment with the County on the dates described in (5.) above;
7. The reasons why it is believed that the attorney's fees and costs should be paid by the County;
8. The name(s), address, and telephone number of the attorney(s) representing such person against the counts, charges, and/or allegations described in (4.) above, if applicable;
9. A description of the fee arrangement or agreement between the person and his or her attorney(s); the amount of attorney's fees and costs paid to the date of the written request for attorney's fees and costs for defense against the

counts, charges and/or allegations described in (4.) above; and the total balance due, if any, of all attorney's fees and costs that have been incurred in defense against the counts, charges, and/or allegations described in (4.) above; and

10. Such other information as the Board of County Commissioners and/or the County Attorney's Office may reasonably require.

E. Board Action.

The County Attorney shall review all requests provided pursuant to section D of this policy and within a reasonable time shall prepare and present an agenda item for consideration by the Board. In any case where the County Attorney believes the matter can be ethically, legally and expeditiously handled in-house, the recommendation shall so state. In all other instances, the County Attorney shall make a recommendation on the applicability of this policy to the request for retention of legal representation or payment or reimbursement of reasonable attorney's fees and costs.

For a civil action, the recommendation shall support payment, reimbursement or retention of legal counsel unless there has been a finding or it appears clear from the relevant materials that the person is personally liable, acted outside the scope of employment, or in bad faith, with malicious purpose or wanton disregard of human rights, safety or property pursuant to section 111.07, Florida Statutes.

For other actions the recommendation shall support payment, reimbursement or retention of legal counsel so long as it appears the alleged misconduct arose out of or in connection with the performance of their official duties and while serving a public purpose pursuant to Florida case law.

For a recommendation regarding a criminal charge for violation of Florida's Sunshine law, the recommendation shall reflect that Florida law specifically authorizes reimbursement of reasonable attorney's fees and costs upon acquittal pursuant to section 286.011(7), Florida Statutes.

The Board may:

1. Request additional relevant information from the applicant or County Attorney; or
2. Continue the request to a date and time certain; or
3. Take action upon the written request and determine if the attorney's fees and costs shall be reimbursed or paid, and if so, in what amount; or
4. Allow the County Attorney to represent the applicant or other counsel to be retained; or
5. Deny the request and make appropriate findings.

F. Agreement.

In any event where the County has prospectively provided legal representation or is paying reasonable attorney's fees and costs prior to disposition of an action or claim,

the Board may require the individual to execute an agreement with the County which shall require reimbursement to the County in the following circumstances:

1. In a civil action where the individual did not prevail and was found personally liable, to have acted outside the scope of employment, or in bad faith, with malicious purpose or wanton disregard of human rights, safety or property; or
2. In any other action where upon disposition of the case the Board of County Commissioners determined the alleged misconduct did not arise out of or in connection with their official duties or the individual was not serving a public purpose; or
3. In any case where prevailing Florida law would not allow the County to cover the expenses of the legal representation.

Regardless of whether an agreement is entered or not, the Board may authorize legal action to recoup expenses in cases where reimbursement is due to the County based on application of either this policy or Florida law.

G. <u>Investigations and Grand Jury Investigations.</u>

Florida law may not allow payment or reimbursement of reasonable attorney's fees and costs or retention of outside counsel in cases involving solely an investigation or a grand jury investigation. In the event a person subject to this policy believes they are entitled to relief, he or she may bring the request to the County Attorney, as set forth in this policy, and the County Attorney will review it and take a recommendation to the Board of County Commissioners in a timely fashion.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16493 **County Attorney's Report 12. 6.**
BCC Regular Meeting **Action**
Meeting Date: 07/18/2019
Issue: First Amendment to Contract for Sale and Purchase with Navy Federal Credit Union
From: STEPHEN WEST, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning First Amendment to Contract for Sale and Purchase with Navy Federal Credit Union.

That the Board approve and authorize the Chairman to execute the First Amendment to Contract for Sale and Purchase with Navy Federal Credit Union.

BACKGROUND:

On May 16, 2019, the Board approved the Contract for Sale and Purchase with Navy Federal Credit Union (NFCU) for the sale and purchase of approximately 96 acres on the eastern portion of the NOLF-8. Section 4 of the contract allows NFCU a 60-day inspection period to conduct various tests, analyses, surveys and investigations to determine whether the property is suitable for NFCU's intended use. NFCU's environmental consultant, Terracon Consultants, Inc., recently discovered new RECs (Recognized Environmental Conditions) in the Phase I Environmental Site Assessment prepared for NFCU that were not included in Terracon's Environmental Baseline Survey, dated October 1, 2018, which was provided to the County in connection with the conveyance of the deed from the U.S. Navy. As such, NFCU requests to extend the inspection period through October 14, 2019 (75 days) to allow for further environmental review.

First Amendment to Contract with NFCU

Escambia County
Clerk's Original

5/16/2013 CAT I-4

CONTRACT FOR SALE AND PURCHASE

THIS CONTRACT FOR SALE AND PURCHASE (this "Contract') is entered into by and between **ESCAMBIA COUNTY,** a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners ("Seller"), and **NAVY FEDERAL CREDIT UNION**, a federally chartered credit union ("Purchaser").

The effective date of this Contract will be the date when the last one of Seller or Purchaser has signed and delivered this Contract to the other party (the "Effective Date").

RECITALS

WHEREAS, Seller owns certain property located in Escambia County, Florida which is more particularly described in this Contract;

WHEREAS, Seller now desires to sell and convey the Property (defined below) to Purchaser, and Purchaser desires to purchase and acquire that Property, in accordance with the terms and conditions of this Contract, and

WHEREAS, the Escambia County Board of County Commissioners has approved such sale of the Property.

AGREEMENT

NOW, THEREFORE, Seller and Purchaser do hereby covenant and agree as follows:

1. **Purchase and Sale**. Subject to the terms, covenants, and conditions contained in this Contract, Seller agrees to sell and convey to Purchaser, and Purchaser agrees to purchase and acquire from Seller, the following described property (collectively, the "Property"):

(a) **Real Property**. That certain real property consisting of approximately 96 acres located in Escambia County, Florida, as more particularly depicted and described in Exhibit "A" attached to and made a part of this Contract (the "Real Property");

(b) **Improvements**. All building, structures, and improvements situated on the Real Property, all fixtures, facilities, and other property attached to such buildings, structures, and improvements (collectively, the "Improvements");

(c) **Other Real Property Interests**. All right, title, and interest of Seller, if any, in and to any and all strips, gores, easements, privileges, choses in action, rents, issues, and profits, and other tenements, hereditaments, and appurtenances of or related to the Real Property; and

(d) **Intangible Personal Property**. All right, title, and interest of Seller, if any, in all development and other rights and all documents, technical matters, and work product related to the Real Property, including, without limitation, the following (collectively, the "Intangible Personal Property"):

(i) agreements, contracts, covenants, and restrictions related to or benefiting the Real Property and the Improvements, and any and all rights of Seller thereunder, including development rights, air rights, density rights, and drainage rights;

(ii) approvals, licenses, authorizations, permits, and applications with or from governmental authorities related to or benefiting the Real Property and the Improvements; and

(iii) documents and work product of all professionals in connection with the Real Property, including all environmental studies and water samplings, all soil or engineering tests, and all construction, engineering, architectural, landscaping, and other plans, drawings, renderings, photographs, specifications, surveys, maps, site plans, plats, and other graphics related to development of the Real Property and the construction of the Improvements

2. **Purchase Price**. The purchase price for the Property (the "Purchase Price") will be the sum of (a) the product of $47,500 multiplied by the acreage of that portion of the Real Property not identified as wetlands in the Survey (defined below) obtained pursuant to Section 3(a) hereof, and (b) the product of $1,500 multiplied by the acreage of that portion of the Real Property identified as wetlands in the Survey obtained pursuant to Section 3(a) hereof. It is anticipated that the Survey will reflect approximately 88 acres of uplands and eight acres of wetlands, leading to an anticipated Purchase Price of $4,192,000. Those acreage calculations and anticipated Purchase Price are subject to change, depending on the results of the Survey. The Purchase Price will be subject to prorations and adjustments described in this Contract and payable as follows:

(a) Within five business days after execution by all parties, Purchaser will deliver to Emmanuel, Sheppard and Condon ("Escrow Agent"), by cashier's check or wire transfer, the sum of $100,000, the proceeds of which will be held by Escrow Agent as an earnest money deposit (the "Deposit"). If the transaction contemplated by this Contract does not close, Escrow Agent must disburse the Deposit to the party entitled to the deposit as provided for in this Contract.

(b) On the Closing Date, as subsequently defined, Purchaser will pay or cause to be paid to Escrow Agent, in escrow, the balance of the Purchase Price subject to all adjustments, credits (whether for the Deposit or otherwise), setoffs, and prorations as provided in this Contract. The Deposit will be applied at Closing (defined below) as a credit against the balance of the Purchase Price due from Purchaser.

3. **Survey and Title Matters**.

(a) Survey. Purchaser shall obtain a new survey of the Real Property prepared and sealed, at Purchaser's expense, by a duly licensed land surveyor ("Survey"). The Survey shall meet the 2016 ALTA/NSPS minimum standard detail requirements, shall be certified to the parties and the Escrow Agent and Title Company, and shall show and locate all Exceptions (defined below). The Survey shall also contain a complete and accurate legal description of the

Real Property, and shall show all encroachments, visible easements, wetlands (including acreage calculations of Escambia County wetland delineation per Wetland Sciences, Incorporated, March 2019), and improvements on the Real Property.

(b) Title Commitment. Following the Effective Date, Purchaser shall obtain, (i) a title insurance commitment from Old Republic National Title Insurance Company ("Title Company"), showing the condition of Seller's title to the Real Property (the "Title Commitment"), and (ii) complete and legible copies of all recorded documents listed as Schedule B-1 matters or as special Schedule B-2 exceptions (the "Exceptions", and together with the Title Commitment, the "Title Documents").

(c) Objections. Purchaser shall have through the expiration of the Inspection Period (defined below) to examine the Survey and the Title Documents and to provide written objections to Seller of matters set forth in the Survey and/or the Title Documents (the "Objections"). In the event Purchaser gives timely written notice of its Objections, Seller shall have the right, but not the obligation, to attempt to remove, satisfy or otherwise cure the Objections. Within five days after receipt of Purchaser's notice of the Objections, Seller shall give written notice to Purchaser informing Purchaser of Seller's election with respect to the Objections.

(d) Seller's Election. If Seller elects not to attempt to cure one or more Objections, Purchaser's sole remedy under this Contract shall be to either: (i) elect to terminate this Contract by written notice to Seller, in which event the Deposit shall be returned to Purchaser, and the parties shall have no further right or obligation under this Contract (except for rights or obligations which expressly survive the termination of this Contract); or (ii) waive the Objections and continue the transactions contemplated by this Contract.

(e) Termination. To terminate this Contract pursuant to Section 3(d) of this Contract, Purchaser must give written notice to Seller of Purchaser's election to terminate not later than five days after receipt of written notice from Seller of Seller's election not to attempt to cure one or more Objections. If Purchaser fails to give timely notice of its election to terminate, Purchaser's right to terminate this Contract under Section 3(d) of this Contract shall expire and the Objections shall be deemed to be "Permitted Encumbrances." Moreover, any matter disclosed on the Survey or the Title Commitment to which Purchaser does not timely object or which are approved by Purchaser, and any Objection that is waived or deemed to have been waived by Purchaser, shall be deemed to be a Permitted Encumbrance. For the avoidance of doubt, no Seller Encumbrance (defined below) shall be or be deemed to be a Permitted Encumbrance.

(f) New Objections.

(i) In the event there are any updates or supplements to the Survey or the Title Documents first issued after Purchaser has given Seller written notice of its Objections and before the Closing, then Purchaser may notify Seller in writing of any objections to matters set forth in such an update or supplement (the "New Objections"). Purchaser must notify Seller of the New Objections within five business days after first being made aware of the existence of such matters. In the event Purchaser gives timely written notice of its New Objections, Seller shall have the right, but not the obligation, to attempt to remove, satisfy or otherwise cure the New Objections. Within five days after receipt of

Purchaser's notice of the New Objections, Seller shall give written notice to Purchaser informing Purchaser of Seller's election with respect to the New Objections.

(ii) If Seller elects not to attempt to cure one or more New Objections, Purchaser's sole remedy under this Contract shall be to either: (A) elect to terminate this Contract by written notice to Seller, in which event the Deposit shall be immediately returned to Purchaser, and the parties shall have no further right or obligation under this Contract (except for rights or obligations which survive the termination of this Contract); or (B) waive the New Objections and continue the transactions contemplated by this Contract.

(iii) To terminate this Contract pursuant to this Section 3(f), Purchaser must give written notice to Seller of Purchaser's election to terminate not later than five days after receipt of written notice from Seller of Seller's election not to attempt to cure one or more New Objections.

(iv) If Purchaser so notifies Seller of any New Objections pursuant to this Section 3(f), the date for Closing shall be automatically extended until the date that is five days after each of Purchaser and Seller is afforded its respective rights as required by the terms of this Section 3(f).

(g) Seller Encumbrances. Notwithstanding any provision in this Contract, all Seller Encumbrances must be satisfied, remedied and/or cured by Seller on or before the Closing Date (as defined below) or, if not so satisfied, remedied and/or cured, shall be satisfied at Closing out of the proceeds otherwise payable to Seller. As used herein, the term "Seller Encumbrance" shall mean (i) any mortgage, deed of trust, judgment lien, or other monetary lien encumbering the Property, and (ii) any mechanic's, materialmen's or other similar liens, but excluding any such liens caused by Purchaser or Purchaser's Agents.

4. **Inspection Period**.

(a) Purchaser shall have 60 days from the Effective Date to determine whether the Property is suitable, in Purchaser's sole and absolute discretion, for Purchaser's intended use of the Property (the "Inspection Period"). During the Inspection Period, Purchaser may, at Purchaser's expense, conduct any tests, analyses, surveys, and investigations ("Inspections") that Purchaser deems necessary to determine, to Purchaser's satisfaction and in its discretion, the Property's engineering, architectural, and environmental properties; zoning and zoning restrictions; flood zone status; subdivision regulations; soil and grade; availability of access to public roads, and water and other utilities; consistency with local, state, and regional growth management and comprehensive use plans; availability of permits, governmental approvals, and licenses; compliance with Americans with Disabilities Act; absence of asbestos, soil, and groundwater contamination; and any other inspections that Purchaser deems appropriate to determine the suitability of the Property for Purchaser's intended use and development. If the condition of the Property is not satisfactory to Purchaser in Purchaser's sole and exclusive judgment, or if Purchaser determines for any other reason not to purchase the Property, Purchaser will have the right to terminate this Contract by giving Seller written notice of such termination at any time before 5 p.m. CDT of the last day of the Inspection Period. Upon such termination, the Escrow Agent must return the Deposit to Purchaser, and the parties will thereupon be released

from further obligations under this Contract except as otherwise provided herein as to any provisions of this Contract that specifically survive termination of this Contract.

(b) If Purchaser terminates this Contract pursuant to this Section 4, Purchaser must pay in full the cost of all inspections, reports, surveys, and tests of any kind resulting from Purchaser's inspection so that no person, firm or entity will have the right to file a lien on the Real Property.

(c) Purchaser agrees to indemnify, defend (by counsel reasonably satisfactory to Seller), save, and hold harmless Seller from and against any and all losses, claims, damages, liabilities, or expenses (including reasonable attorneys' fees and costs through all appellate levels and post-judgment proceedings) related to, growing out of, or arising from the entry on or investigation of the Property by Purchaser. The provisions of this Section 4 will survive Closing or the termination of this Contract but only for a period of six months from Closing or earlier termination of this Contract.

5. **Approvals**.

(a) From and after the Effective Date, Purchaser may pursue, seek and/or apply for each and every rezoning, variance, special exception, conditional use permit, site plan approval, platting, and other zoning and/or land use approval from the appropriate governmental authority or authorities, which Purchaser may deem necessary or desirable to permit and provide for Purchaser's intended development, construction, ownership, operation, use and/or occupancy of the Property (collectively, the "Land Use Approvals").

(b) From and after the Effective Date, Purchaser may pursue, seek and/or apply for each and every other approval, consent, permit or other matter from, of or with the appropriate governmental authority or authorities, or other public or private body or person (including, without limitation, any public, quasi-public or private utility), which Purchaser may deem necessary or desirable to permit and provide for Purchaser's intended development, construction, ownership, operation, use and/or occupancy of the Property (collectively, the "Other Approvals").

(c) Within seven days following a written request from Purchaser, Seller shall (i) furnish Purchaser all documents and/or information which Purchaser may deem necessary or desirable, or which Purchaser may require, in order to obtain the Land Use Approvals and/or the Other Approvals; (ii) execute any and all applications for the Land Use Approvals and/or the Other Approvals, and any related documents (including, without limitation, any agreements, commitments, easements, or similar documents), which Purchaser may deem necessary or desirable, or which Purchaser may be required, to file with any governmental authority, or other public or private body or person, in order to obtain the Land Use Approvals and/or the Other Approvals; and (iii) otherwise use its best, good-faith efforts to assist Purchaser in obtaining the Land Use Approvals and the Other Approvals; provided, that Seller shall not be required to incur any material out-of-pocket cost or expense in connection therewith.

6. **Seller's Documents**. Seller has delivered before or simultaneously with the execution of this Contract, or will deliver to Purchaser within 10 days from the Effective Date of this Contract, copies

of the following items, which are true, correct, and complete copies of the originals of such items and which have not been amended or modified in any way, except as included in those copies:

(a) Instruments evidencing all existing leases, tenancies, licenses, and other rights of occupancy or use for any portion of the Property;

(b) All engineering, soil, environmental, technical, zoning, access, and similar reports or documents with respect to the Property prepared by or for Seller that are in Seller's possession or control, and all licenses, certificates of occupancy, use permits, and the like issued with respect to the Property or any portion of the Property;

(c) All recorded and unrecorded restrictive covenants, conditions, restrictions, and easements affecting title to or use of the Property; and

(d) All documents in Seller's possession related to any special use, nonconforming use, or zoning variance granted with respect to the Property.

7. **Seller's Representations and Covenants**. To induce Purchaser to enter into this Contract and to purchase the Property, Seller covenants with, and represents to, Purchaser as follows:

(a) During the term of this Contract, Seller will maintain and operate the Property in a manner consistent with Seller's maintenance and operation of the Property preceding the Effective Date, and will not, without the prior written consent of Purchaser in each instance, which consent must not be unreasonably withheld, undertake or commence any material or substantial renovations or alterations to the Property unless necessary to remedy violations, preserve or protect the Property, or comply with any obligation of Seller under the this Contract.

(b) Seller has no knowledge regarding, and has received no written notice of, violations of any law, ordinance, order, or regulation affecting the Property issued by any governmental or quasi-governmental authority having jurisdiction over the Property that has not been corrected; and before the Closing, Seller must promptly disclose to Purchaser any knowledge regarding, and furnish to Purchaser copies of any and all written notices of, violations that Seller receives between the Effective Date and the Closing Date from any governmental or quasi-governmental authorities having jurisdiction over the Property.

(c) Seller has not received a written summons, citation, directive, notice, complaint, or letter from the United States Environmental Protection Agency, the State of Florida Department of Environmental Protection, or other federal, state, or local governmental agency or authority specifying any alleged violation of any environmental law, rule, regulation, or order at or on the Property and, to the best of Seller's actual knowledge, information, and belief, without any investigation or due diligence, the Property is not currently under investigation for any such violation.

(d) Seller is not a "foreign person" within the meaning of the Foreign Investment in Real Property Tax Act (FIRPTA), as amended.

(e) At all times during the term of this Contract and as of the Closing, all of Seller's representations, and covenants in this Contract shall be true and correct.

(f) No representation by Seller contained in this Contract and no statement delivered or information supplied to Purchaser pursuant to this Contract contains any untrue statement of a material fact or omits a material fact necessary to make the statements or information contained in them or in this Contract not misleading.

(g) Seller (i) has full power and authority to enter into this Contract and to consummate the transaction contemplated by this Contract, and (ii) has taken all necessary action or actions to approve the transaction contemplated by this Contract.

8. **Purchaser's Conditions Precedent**.

(a) The following are express conditions precedent to Purchaser's obligation to proceed to Closing:

(i) the truth and correctness of all of Seller's representations and the fulfillment of all of Seller's covenants at all times during the term of this Contract and as of Closing, including, without limitation, the proper execution and delivery of all Seller's closing documents as provided in this Contract;

(ii) Purchaser shall have obtained full and final approval(s) as reasonably necessary to rezone the Real Property to a classification consistent with that of Purchaser's adjacent property (HC/LI) or as such other classification deemed necessary or desirable by Purchaser, in its sole discretion;

(iii) Purchaser shall have obtained full and final approval(s) as reasonably necessary to change the Future Land Use classification of the Real Property to a classification consistent with that of Purchaser's adjacent property (MU-U) or as other classification deemed necessary or desirable by Purchaser, in its sole discretion;

(iv) The Real Property shall have been legally subdivided from its parent parcel, to the extent required by law;

(v) Purchaser shall have obtained a Phase I Archaeological Survey of the Real Property confirming the absence of potentially significant archeological resources and being otherwise satisfactory to Purchaser in all respects;

(vi) The Florida Department of State Division of Historical Resources shall have provided Purchaser with its express written permission for Purchaser's development of the Property, as required by that certain Quit Claim Deed recorded in Book 8037, Page 1132 of the Official Records of Escambia County, Florida;

(vii) The satisfaction of all terms, conditions and requirements contained in that certain Quit Claim Deed recorded in Book 8037, Page 1132 of the Official Records of

Escambia County, Florida, as reasonably necessary to enable Purchaser's use and development of the Property;

(viii) Purchaser shall have obtained such other Land Use Approvals as necessary or desirable to permit and provide for Purchaser's intended development, construction, ownership, operation use and/or occupancy of the Property; and

(ix) there must have been no material change to the Property since the date of this Contract.

(b) For clarification and notwithstanding anything in this Contract to the contrary, Purchaser shall have no obligation to schedule or otherwise proceed to Closing until after each of the forgoing conditions precedent have been fully satisfied or waived in writing, whenever that may be. The failure of a condition precedent to Purchaser's obligation to proceed to Closing will entitle Purchaser to terminate this Contract by giving written notice to Seller. Upon such termination, the Escrow Agent must return the Deposit to Purchaser, and the parties will thereupon be released from further obligations under this Contract except as otherwise provided herein as to any provisions of this Contract that specifically survive termination of this Contract.

(c) Purchaser reserves the right to waive any of the terms and conditions of this Contract made for its benefit and to purchase the Property in accordance with the terms and conditions of this Contract that have not been so waived. Any such waiver must be in writing signed by Purchaser. No waiver by either party of any breach or default by the other of any provision of this Contract will be deemed or construed to be a waiver of any subsequent or continuing breach or default of the same or any other provision of this Contract; any forbearance by either party from the exercise of a remedy for any such breach or default after notice of it will not be deemed or construed to be a waiver by that party of any of its rights or remedies with respect to the breach or default.

9. **Seller's Condition Precedent**.

(a) The following is an express condition precedent to Seller's obligation to close the transaction contemplated by this Contract: at Closing, pursuant to a separate agreement between Purchaser and Seller, Purchaser will commit to creating 300 jobs. The forgoing agreement shall be in a form satisfactory to Purchaser and be consistent with the terms contained in Purchaser's Non-Binding Letter of Intent dated April 29, 2019.

(b) The failure of Seller's condition precedent to its obligation to proceed to Closing will entitle Seller to terminate this Contract by giving written notice to Purchaser. Upon such termination, the Escrow Agent must return the Deposit to Purchaser, and the parties will thereupon be released from further obligations under this Contract except as otherwise provided herein as to any provisions of this Contract that specifically survive termination of this Contract.

(c) Seller reserves the right to waive any of the terms and conditions of this Contract made for its benefit and to sell the Property in accordance with the terms and conditions of this Contract that have not been so waived. Any such waiver must be in writing signed by Seller.

10. **Default and Remedies**.

(a) **Purchaser's Default**. If Purchaser defaults in the performance of its obligations under this Contract, without fault on Seller's part and without failure of title or any conditions precedent to Purchaser's obligations under this Contract, and fails to cure within 10 days after receipt of written notice from Seller, Seller as Seller's sole and exclusive remedy, will have the right to terminate this Contract by giving notice to Purchaser, in which event Seller will be immediately entitled to receive the Deposit, together with all interest earned on it, as agreed upon liquidated damages and in full settlement of all claims of Seller against Purchaser arising from or related to this Contract. Seller and Purchaser specifically understand and agree that (i) the foregoing remedy is intended to operate as a liquidated damages clause and not as a penalty or forfeiture provision; (ii) the actual damages Seller may suffer if Purchaser defaults are impossible to ascertain precisely and, therefore, the Deposit represents the parties' reasonable estimate of such damages considering all of the circumstances existing on the date of this Contract; (iii) the Deposit is intended to fully compensate Seller for entering into this Contract and, therefore, Seller will not be entitled to bring any action at law or in equity against Purchaser for an alleged default under this Contract except such actions as are necessary to obtain the Deposit; and (iv) upon receipt by Seller of the Deposit, this Contract will cease and terminate and be of no further force and effect, and Seller will have no further claims against Purchaser under this Contract, except for any claims under any provisions of this Contract that specifically survive termination of this Contract. Seller hereby expressly waives all rights to seek damages other than the liquidated damages provided for in this Section 10(a).

(b) **Seller's Default**. If Seller defaults in the performance of its obligations under this Contract and Seller fails to cure such default within 10 days of receipt of written notice from Purchaser, Purchaser will have the right to terminate this Contract by giving notice to Seller, in which event the Deposit will be returned to Purchaser together with reimbursement from Seller of Purchaser's reasonable actual documented out-of-pocket expenditures and attorneys' fees incurred by Purchaser after the Effective Date in connection with its investigation of the Real Property and the Land Use Approvals contemplated in Section 5, but in no event shall the reimbursement exceed $10,000 in the aggregate, and this Contract will be deemed null and void with no party having any further rights or obligations under the Contract, except for those rights, obligations, and remedies that specifically survive the termination of this Contract. Except for those rights, obligations, and remedies that specifically survive the termination of this Contract, this is the sole and exclusive remedy of Purchaser.

11. **Closing**.

(a) **Closing Date**. Closing of the purchase and sale of the Property (the "Closing") shall occur at Emmanuel, Sheppard and Condon, within 30 days following the later to occur of (i) expiration of the Inspection Period, or (ii) satisfaction or Purchaser's written waiver of each of the conditions precedent outlined in Section 8(a), above (the "Closing Date");

(b) **Seller Closing Documents.** At the Closing, Seller shall deliver to Escrow Agent each of the following items, which must be acceptable to Purchaser, duly and properly executed, acknowledged, and in proper form for recording, if required, by the appropriate party, unless waived by Purchaser:

(i) A deed ("Deed") to be prepared by the County Attorney conveying to Purchaser fee simple title to the Real Estate and Improvements, subject to taxes and assessments for the current year and subsequent years; outstanding and unpaid taxes and assessments, if any, from previous years; conditions, easements, and restrictions of record, if any, but this reference shall not operate to reimpose them; zoning ordinances and other restrictions and prohibitions imposed by applicable governmental authorities; and further subject to all notice provisions, covenants, and other duties and obligations contained in the Quit Claim Deed from the United States of America to Escambia County recorded in Official Record Book 8037 at page 1132 of the public records of Escambia County, Florida. Additionally, the Deed shall expressly disclaim and waive any reservation of mineral (and related surface) rights available to Seller under Florida Statutes 270.11 or otherwise;

(ii) Originals or, if appropriate, copies of all Intangible Personal Property, together with an assignment of all Intangible Personal Property;

(iii) Any federal and state tax reporting forms required in connection with the transaction contemplated by this Contract;

(iv) The original, fully-executed minutes from the Escambia County Board of County Commissioners meeting confirming and authorizing the sale of the Property, together with such other documents and approvals as may reasonably be required by the Title Company;

(v) Closing statement prepared by the Escrow Agent and approved by Seller and Purchaser;

(vi) A certificate from Seller dated the date of Closing certifying that all of the representations of Seller set forth in this Contract are true, correct, and complete in all respects at and as of the Closing (subject to those limitations and qualifications stated in this Contract);

(vii) Corrective instruments or other instruments necessary to clear title;

(viii) Actual, exclusive physical possession of the Property;

(ix) All keys and other means of physical access to the Real Property and/or the Improvements; and

(x) Such additional documents as are customarily required of sellers in transactions of this type in Escambia County, Florida, or as reasonably may be necessary to consummate the purchase and sale of the Property, together with any other documents, instruments, or agreements called for under this Contract that have not been delivered previously.

(c) **Purchaser Closing Documents.** At the Closing, Purchaser shall deliver to Escrow Agent each of the following items duly and properly executed, acknowledged, and in proper form for recording, if required, by the appropriate party, unless waived by Seller:

(i) The balance of the Purchase Price as provided in Section 2 of this Contract, subject to prorations provided for in this Contract;

(ii) Closing statement; and

(iii) Such additional documents as are customarily required of purchasers in transactions of this type in Escambia County, Florida, or as may be reasonably necessary to consummate the purchase and sale of the Property, together with any other documents, instruments, or agreements called for under this Contract that have not been delivered previously.

(d) **Taxes, Fees and Charges**. Taxes, fees and charges will be paid as follows:

(i) Purchaser is responsible for all ad valorem taxes and assessments, if any, assessed against the Property. Any outstanding taxes or tax certificates or assessments encumbering the Property must be satisfied by the Purchaser at closing. Seller is immune from ad valorem taxes and will not pay ad valorem taxes on the Property.

(ii) All impact fees, permit fees, systems charges, and any other amounts charged or assessed as a result of, arising from, or necessary for Purchaser's proposed construction on, or development of, the Property will be paid solely by Purchaser.

(e) **Closing Costs**. Seller shall pay Seller's attorneys' fees and the cost to cure any Objections it elects to cure pursuant to Section 3. Purchaser shall pay all closing and other costs, including but not limited to Purchaser's attorneys' fees and expenses; all documentary stamp, intangible and other taxes payable in relation to the Deed, all escrow fees, recording fees and closing costs charged by the Title Company, the Title Company's premium for the title policy including all fees and costs for the related Commitment, search, and examination; the cost for any endorsements to the title policy; the cost of any lender's title insurance policy and endorsements; the cost of the Survey; all due diligence costs and expenses; all costs, including documentary stamp, intangible and other taxes, payable in relation to any of Purchaser's financing associated with the transactions contemplated by this Contract.

12. **Risk of Loss**. Seller will bear the risk of loss or damage to, or destruction of, the Property or any portion of the Property from any and all causes whatsoever (collectively, "Damage") up to and including the date and time of the Closing; the doctrine of equitable conversion will not apply to this transaction.

13. **Condemnation**. If, at or before the Closing, the Real Property and/or Improvements or any portion thereof will be condemned or taken pursuant to any power of eminent domain, or if any written notice of any taking or condemnation is issued, or if any proceedings are instituted or threatened by any governmental authority having the power of eminent domain, Seller must promptly give Purchaser written notice of the taking or condemnation, or any pending or threatened proceedings; if the

property condemned constitutes a material part of the Real Property and/or Improvements, as determined by Purchaser in its reasonable judgment, Purchaser will have the right to terminate this Contract by giving Seller written notice to that effect, within 30 days of receipt of Seller's notice, whereupon the Escrow Agent must promptly return the Deposit to Purchaser, and thereafter the parties will have no further obligation or liability under this Contract or with respect to the Property, at law or in equity; or, in the alternative, Purchaser may elect to proceed to Closing with no reduction in the Purchase Price and any condemnation award will be paid over to and will become the sole property of Purchaser. If those awards are not available at Closing, Seller must agree to assign over all such proceeds to Purchaser at Closing.

14. **Brokers**. Seller and Purchaser each represent and warrant to the other that it has not dealt with any broker, sales person, agent, or other intermediary in connection with any of the transactions contemplated by this Contract.

15. **Escrow Agent**.

(a) Escrow Agent undertakes to perform only such duties as are expressly set forth in this Contract and no implied duties or obligations will be read into this Contract against Escrow Agent. Escrow Agent is also the law firm representing Purchaser. In the event of a dispute between the parties, the parties consent to Escrow Agent continuing to represent Purchaser, notwithstanding the fact that it will also have the duties provided for in this Contract.

(b) Escrow Agent may act in reliance on any writing or instrument or signature that it, in good faith, believes to be genuine; may assume the validity and accuracy of any statement or assertion contained in such a writing or instrument; and may assume that any person purporting to give any writing, notice, advice, or instructions in connection with the provisions of this Contract has been duly authorized to do so. Escrow Agent will not be liable in any manner for the sufficiency or correctness as to form, manner, execution, or validity of any instrument deposited in escrow, or as to the identity, authority, or right of any person execution the same, and its duties under this Contract will be limited to those provided in this Contract.

(c) If the parties (including Escrow Agent) are in disagreement about the interpretation of this Contract or about their respective rights and obligations, or the propriety of any action contemplated by Escrow Agent, Escrow Agent may, but will not be required to, file an action in interpleader to resolve the disagreement.

(d) Escrow Agent may consult with counsel of its own choice and will have full and complete authorization and protection in accordance with the opinion of such counsel. Escrow Agent will otherwise not be liable for any mistakes of act or errors of judgment, or for any act or omission of any kind unless caused by its gross negligence or willful misconduct.

16. **Assignability**. Neither party will assign its rights under this Contract without the other party's prior written consent, which will not be unreasonably withheld, conditioned or delayed. No assignment, whether or not permitted under this Section, will relieve the assigning party of its obligations under this Contract.

17. **Radon Notice**. As required by Section 404.056(5), Florida Statutes, the following notification is made regarding radon gas:

> **RADON GAS: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.**

18. **General Provisions**.

(a) **Notices**. All notices which are required or permitted under this Contract must be in writing and shall be deemed to have been given, delivered or made, as the case may be (notwithstanding lack of actual receipt by the addressee), (i) when delivered by personal delivery, (ii) one business day after having been deposited with an expedited, overnight courier service, or (iii) when delivered by electronic mail, in each case addressed to the party to whom notice is intended to be given at the address set forth below:

If to Purchaser:

Name:	Navy Federal Credit Union
Address:	5550 Heritage Oaks Drive Pensacola, FL 32526-7855
Attention:	Kara Cardona, Senior Vice President, Greater Pensacola Operations
Facsimile:	_____
E-mail:	Kara_cardona@navyfederal.org

with copy to:

Name:	Navy Federal Credit Union

Facsimile :	850 434-6162
E-mail :	jwm@esclaw.com

or to such other address as any party may from time to time designate by notice in writing to the other. The refusal to accept delivery by any party or the inability to deliver any communication because of a changed address of which no notice has been given in accordance with this Section 18(a) shall constitute delivery.

(b) **Time of the Essence**. Time is of the essence with respect to each provision of this Contract.

(c) **Integration**. This Contract constitutes the entire agreement between the parties and supersedes all prior negotiations, writings, agreements, or other understandings between the parties with respect to the subject matter of this Contract.

(d) **Captions**. The captions of this Contract are for convenience only and are not to be construed as defining or limiting in any way the scope or intent of the provisions of this Contract.

(e) **Counterparts**. This Contract may be executed in one or more counterparts, each of which will be deemed to be an original, and all of which, taken together, will be deemed to constitute one agreement.

(f) **Interpretation**. This Contract and the exhibits or addenda to this Contract have been negotiated at arm's length by Seller and Purchaser, and the parties mutually agree that for the purpose of construing the terms of this Contract or exhibits or addenda, neither party will be deemed responsible for the drafting of this Contract.

(g) **Severability**. The unenforceability or invalidity of any one or more provisions of this Contract will not affect the validity or enforceability of any other provisions of this Contract.

(h) **Binding Effect**. This Contract will be binding on and will inure to the benefit of the parties and their respective devisees, legal representatives, successors, and permitted assigns.

(i) **Recording**. Neither Purchaser nor Seller will record this Contract or a memorandum of this Contract, and any violation of this Section will be a default under this Contract, except that this provision shall not be construed to preclude the Clerk of Court and Comptroller from recording this Contract in the public records pursuant to her official duties.

(j) **Further Assurances**. Purchaser and Seller each agree from time to time to execute and deliver such further and other transfers, assignments, and documents and to do all matters and things that are legally required or reasonably necessary to effectuate the intentions of this Contract. This provision will survive Closing and will not merge into the Deed.

(k) **Modification**. This Contract may not be modified orally or in any manner other than by an agreement in writing signed by the parties. Escrow Agent will not be required to join in the execution of any amendments unless its rights or obligations under this Contract are affected.

(l) **Gender and Case**. Wherever in this Contract the singular number is used, the same will include the plural, and the masculine gender will include the feminine and neuter genders, and vice versa, as the context will require.

(m) **Time Computation**. Any references in this Contract to time periods of less than six (6) days will, in the computation thereof, exclude Saturdays, Sundays and legal holidays; any time period provided for in this Contract that shall end on a Saturday, Sunday, or legal holiday shall extend to 5:00 p.m. of the next day that is not a Saturday, Sunday, or legal holiday.

(n) **Exhibit and Section References**. All references in this Contract to exhibits, schedules, paragraphs, subparagraphs, sections, and subsections refer to the respective subdivisions of this Contract unless the reference expressly identifies another document. The exhibits attached to this Contract are made a part of this Contract and incorporated into this Contract by this reference.

(o) **Typewritten or Handwritten Provisions**. Typewritten or handwritten provisions that are inserted in this Contract or attached to this Contract as addenda or riders will control over all printed or pre-typed provisions with which they may conflict.

(p) **Survival**. Unless otherwise expressly provided by this Contract, all covenants, agreements, representations, and warranties of Seller and of Purchaser in this Contract, all remedies related to them, and the provisions of this Section will survive Closing (and will not merge into the Deed) or the termination of this Contract.

(q) **Governing Law**. This Contract and all transactions contemplated by this Contract will be governed by and construed and enforced in accordance with the internal laws of Florida without regard to principles of conflicts of laws.

(r) **Wetlands**. It is Purchaser's intention to preserve and keep the wetlands that exist upon the Real Property in their natural state. Purchaser's existing intention should not be construed as creating a conservation easement or binding agreement or restriction of any kind or nature upon Purchaser or the Real Property.

(s) **Recreational Facilities**. It is Purchaser's intention to use a portion of the Real Property for construction of recreational facilities, the nature and location of which will be in Purchaser's discretion. It is Purchaser's further intention to allow public access to certain portions of the recreational facilities once constructed, as designated by Purchaser in its discretion and subject to Purchaser's reasonable conditions and limitations. Nothing herein shall be construed to create or require a dedication or public easement of any kind or nature relating to the Real Property.

(t) **Waiver of Jury Trial**. Seller and Purchaser mutually agree that they waive all rights to a trial by jury in the event of any dispute or court action arising from, growing out of, or related to this Contract. The parties acknowledge that this waiver is a significant consideration to, and a material inducement for Purchaser to enter into this Contract.

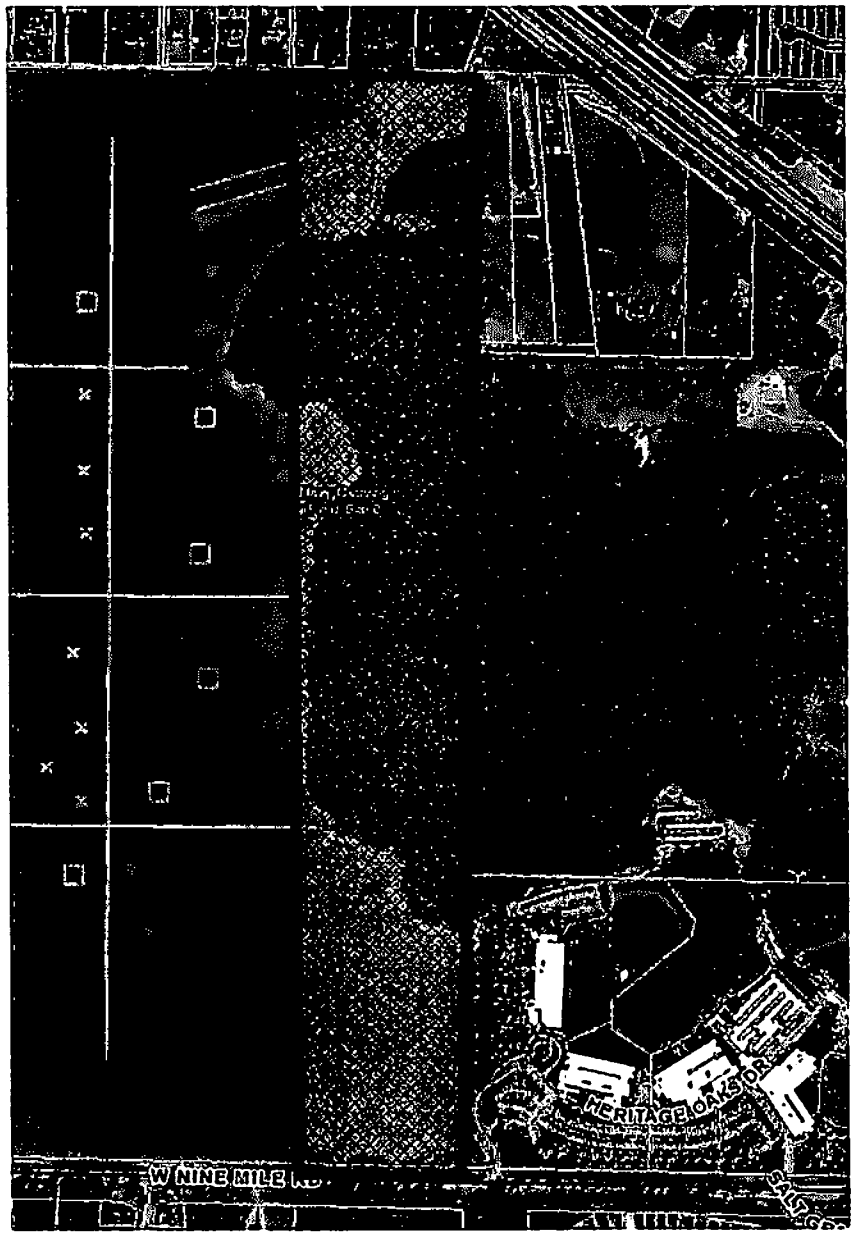
Contract for Sale and Purchase – signature page

EXHIBIT "A"

REAL PROPERTY



The easternmost approximately 96 acres of the real property conveyed by the United States of America to Seller in that certain Quit Claim Deed dated January 25, 2019 and recorded in Book 8037, Page 1132 of the Official Records of Escambia County, Florida.

[Legal description to be confirmed by Title Commitment and Survey.]

FIRST AMENDMENT TO CONTRACT FOR SALE AND PURCHASE

THIS FIRST AMENDMENT TO CONTRACT FOR SALE AND PURCHASE ("Amendment") is made effective the _____ day of July 2019, by and between ESCAMBIA COUNTY, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners ("Seller"), and NAVY FEDERAL CREDIT UNION, a federally chartered credit union ("Purchaser")

W I T N E S S E T H :

WHEREAS, Seller and Purchaser entered into that certain Contract for Sale and Purchase fully-executed on or about May 29, 2019, relating to approximately 96 acres located in Escambia County, Florida, as more particularly described therein, (the "Agreement"); and

WHEREAS, Seller and Purchaser wish to amend said Agreement as more particularly set forth below.

NOW, THEREFORE, in consideration of the forgoing and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. The Inspection Period shall expire on October 14, 2019.

2. This Amendment may be executed in several counterparts, by separate signature pages, and/or by either emailed (e.g. PDF) or facsimile signatures, each of which may be deemed an original, and all such counterparts, separate signature pages, and emailed or facsimile signatures together shall constitute one and the same Amendment

3. Capitalized terms not defined herein shall have the meaning ascribed to them in the Agreement.

4. Except as expressly modified herein, the terms of the Agreement remain unchanged and in full force and effect.

[A separate signature page follows.]

IN WITNESS WHEREOF, parties have executed this First Amendment to Contract for Sale and Purchase effective as of the date set forth above.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16476 **County Attorney's Report 12. 1.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: Legal Representation of Commissioner Doug Underhill
From: ALISON ROGERS, County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Legal Representation of Commissioner Doug Underhill.

At the request of Commissioner Doug Underhill, that the Board discuss:

A. Whether the Board will retain Attorney Ed Fleming and the McDonald, Fleming law firm to represent the Commissioner in a defamation lawsuit brought against him in Circuit Court case number 2019 CA 000931; and

B. If so, that the Board waive the Board's policy to allow billing not to exceed $350 per hour by McDonald, Fleming.

[Contingent on the Board's approval, funds will come from the General Fund 001, Cost Center 110201.]

BACKGROUND:

Circuit Court Case 2019 CA 000931 was filed on June 7, 2019 and served on Commissioner Underhill on June 17, 2019. A copy of the complaint, filings to date and the Board's Legal Representation for Commissioners and County Employees, Section II, Part C.35 are attached.

BUDGETARY IMPACT:

Contingent on the Board's approval, funds will come from the General Fund 001, Cost Center 110201.

LEGAL CONSIDERATIONS/SIGN-OFF:

To be discussed with the County Attorney; the Board policy is attached.

IN THE CIRCUIT COURT OF THE
FIRST JUDICIAL CIRCUIT, IN AND
FOR ESCAMBIA COUNTY, FLORIDA

CASE NO.
Division

SCOTT MILLER,

Plaintiff,

vs.

DOUGLAS UNDERHILL,

Defendant.
_____/

COMPLAINT

COMES NOW, the Plaintiff, SCOTT MILLER, by and through his undersigned counsel, and sues the Defendant, DOUGLAS UNDERHILL, and for his cause of action alleges as follows:

1. This is an action for damages in excess of $15,000.00, exclusive of interest, attorney's fees, and costs.

2. The Plaintiff, SCOTT MILLER, is a natural person residing in Escambia County, Florida.

3. The Defendant, DOUGLAS UNDERHILL, is a natural person residing in Escambia County, Florida.

4. The acts, events, and occurrences complained of herein occurred within Escambia County, Florida.

5. Prior to the publication of the defamatory material that is the subject of this lawsuit, the Plaintiff enjoyed a reputation for integrity, honesty, and fair dealing.

6. On or about April 25, 2019 on a Facebook social media website maintained by the Escambia Citizens Watch, the Defendant published the materials that are attached hereto as Exhibit "A." In pertinent part, those materials accuse the Plaintiff of engaging in:

(a) Acts of polluting the environment; and

(b) Planning and endeavoring to take undue advantage of minority individuals, by running them off their land, and subsequently purchasing the same at bargain prices.

(c) Causing the minority individuals to become sick and unable to defend their interests.

7. The publication of these statements were intended to cause aspersions upon the Plaintiff's conduct and character.

8. The statements made by the Defendant and the implications contained therein, are false, malicious (in law and fact), and defamatory.

9. The statements published by the Defendant were done so in complete disregard of their obviously harmful effect on the Plaintiff's reputation and good-standing in the community.

10. As a result of the publication of the various statements noted herein, the words and the implications which they carry have caused, and will continue to cause, the Plaintiff to be regarded with scorn, contempt, ridicule, and disrespect by the Plaintiff's contemporaries and the community at large. These effects will continue into the foreseeable future.

11. As a result of the publication of the defamatory statements, the Plaintiff has suffered, and will continue to suffer, damage.

12. Pursuant to Section 770.01, Florida Statutes, notice was given to the Defendant, DOUGLAS UNDERHILL, of the anticipated action for defamation specifying the article or broadcast of statements therein which the Plaintiff alleged to be false and defamatory. A copy of this notice is attached hereto as Exhibit "B," and incorporated by reference herein.

13. All conditions precedent, concurrent, and subsequent have occurred, failed to occur, or been excused, as appropriate.

WHEREFORE, the Plaintiff prays that this Honorable Court will enter judgment in his favor and against the Defendant for damages, together with awarding the Plaintiff his taxable costs in this matter.

Demand for Jury Trial

Pursuant to Rule 1.430, Florida Rules of Civil Procedure, the Plaintiff demands a trial by jury on all issues so triable.

DATED on this 7th day of June, 2019.

Do you think that if you are loud enough and mean enough that people will eventually be so scared of you that they'll just let you get your way out of fear?

The only thing that you were actually accomplishing is the creation of a progressively larger Coalition of people who are unwilling to consider any solution to any problem with you propose regardless of its merits.

How do you expect to be an effective representative of the people of district 2 when you can't get anyone to go along with your ideas?

Like · 1h 1

Douglas Underhill Scott Miller The folks at Kikers are west siders, they dont get butt-hurt from a FB post. They are not delusional, they know they are not the Beverly Wilshire and don't particularly want to be. They take pride in giving a good product for a good price and keeping their neighbors on the road. They don't particularly care what a Commissioner or a Downtown FanBoy thinks.

Escambia Citizens' Watch

RE: *Scott Miller v. Doug Underhill*

Dear Gentlemen:

This office represents Scott Miller. On or about April 25, 2019, Mr. Underhill posted on the Facebook page for Escambia Citizens' Watch, the following:

> Douglas Underhill Scott Miller I don't have to undermine your arguments. You are well known to the men who polluted Wedgewood with your Rolling Hills dump, which the people are now paying to close because you can't clean up your own mess. Now I know, you and Larry Newsome were gonna make a ton of money with the dump, run all the black folks off their land (Larry was allowed to resign instead of get fired because he was making backdoor offers to those poor people to buy their houses, once the dump made them sick enough they could not fight) Hey @Jim Little and @Coriss Nylander...dig into that one for some eye-openners! If only you could have kept Gene Valentino in office to prevent Lumon from getting a third vote to shut down your Pinestead Longleaf Connector Fantasy! Lets take a walk down memory lane: https://youtube/2GSUKDyW1pi

This letter is being sent to you pursuant to Section 770.01, Florida Statutes. My client intends to file a civil action against you for publication or broadcast on the medium of

Exhibit "B"

the internet (through the Escambia Citizens Watch Facebook Page), of a libel against him. The quoted portion noted above constitutes a libel on at least 3 grounds:

(a) Acts of polluting the environment -- "You are well known to the men who polluted Wedgewood with your Rolling Hills dump, which the people are now paying to close because you can't clean up your own mess."

(b) Planning and endeavoring to take undue advantage of minority individuals, by running them off their land, and subsequently purchasing the same at bargain prices -- "Now I know, you and Larry Newsome were gonna make a ton of money with the dump, run all the black folks off their land."

(c) Causing the minority individuals to become sick and unable to defend their interests -- "Larry was allowed to resign instead of get fired because he was making backdoor offers to those poor people to buy their houses, once the dump made them sick enough they could not fight."

My client contends that these statements, as referenced above, are false and defamatory and he is the subject of the same.

PLEASE GOVERN YOURSELF ACCORDINGLY.

Sincerely yours,

GREGORY D. SMITH

SCOTT MILLER,

Plaintiff,

v.

DOUGLAS UNDERHILL,

Defendant.

Case No. 2019 CA 000931

DEFENDANT DOUGLAS UNDERHILL'S MOTION FOR EXTENSION OF TIME TO ANSWER COMPLAINT

Defendant, DOUGLAS UNDERHILL ("Defendant"), requests the Court grant an order extending time in which to respond to Plaintiff's Complaint and in support thereof states as follows:

1. The Complaint in this matter was filed on June 7, 2019.

2. Defendant was served with Complaint with Exhibits on June 17, 2019.

3. The current deadline to answer the Complaint is Monday, July 8, 2019.

4. Counsel for Defendant entered a Notice of Limited Appearance in this matter on July 8, 2019.

5. Counsel for Defendant requests this additional time as Defendant will be requesting that Escambia County pay the costs of Defendant relating to his official duties as County Commissioner, and the County would have the right to select counsel.

6. Counsel for Defendant requests an extension of time to respond to the Complaint through and including August 7, 2019.

WHEREFORE, Defendant, DOUGLAS UNDERHILL, respectfully requests this Court grant its motion to extend time to respond to the Complaint to August 7, 2019, enter an Order granting said Motion, and for such other relief the Court deems just and proper.

Board of County Commissioners
Escambia County, Florida

Title:	Legal Representation for Commissioners and County Employees, Section II, Part C.35
Date Adopted:	May 15, 2014
Effective Date:	May 15, 2014
Reference:	
Policy Amended:	New Policy

A. Purpose:

Commissioners, County employees, Board appointees and County agents should be entitled to some assurance that in the performance of a public service they will not be encumbered by the expense of defending a civil, criminal, ethics, administrative or professional licensing action predicated upon their official acts and reports and should not fear such expenses that may result from reprisals. Further, the Board of County Commissioners finds that it is necessary to encourage the continued participation in County government by alleviating the potential liability of persons having to expend their own funds for the payment of reasonable attorney's fees and costs when such persons are named in a criminal, civil, ethics, administrative or professional licensing action. In following this policy, the Board may only incur or reimburse reasonable attorney's fees and costs as allowed by Florida law.

B. Definitions:

"Costs" shall mean actual and verifiable costs incurred in the provision of a defense for the subject commissioner, employee, appointee or agent of the County. Any travel expenses shall be as provided in section 112.061, Florida Statutes.

"Reasonable attorney's fees" shall mean fees earned by an attorney and/or attorneys licensed to practice law in the State of Florida, based on the customary rate, whether a flat fee or per hour, charged in Escambia County, Florida, for similar work performed by attorneys within the County, but in no event to exceed $250 per hour unless a higher amount is approved by the Board due to extraordinary circumstances.

"Successfully defend" or "prevail" shall apply to individual counts, charges and/or allegations, and shall mean dismissal, a finding of not guilty or a verdict of no liability in favor of the person covered herein as set forth below. In a civil case, a judgment of nominal damages or a judgment of 25% or less than a proposal for settlement served by the Commissioner or employee pursuant to Florida Statutes and the Florida Rules of Civil Procedure, which is entered against the Commissioner or employee may be considered as a successful defense or as prevailing as circumstances warrant. A failure to successfully defend or prevail against one or more counts, charges or allegations shall not necessarily affect the application of the policy to other counts, charges and/or allegations which were successfully defended or against which the

officer or employee prevailed.

C. Policy.

It is the Board's policy that for cases involving current and former County employees, Board appointees and County agents personally named in any civil, criminal, ethics, administrative or professional licensing action for any act within the scope of their duties and responsibilities, the County will prospectively provide legal representation or pay reasonable attorney's fees and costs if the procedures in this policy are followed and if allowed by Florida Law.

Cases involving current or former County Commissioners personally named in any civil, criminal, ethics, administrative or professional licensing case that arises out of and in connection with their scope of County function shall be addressed by the Board of County Commissioners on a case-by-case basis. Florida law shall be followed with regards to any payment or reimbursement of legal fees or prospective retention of legal representation. Any current or former County Commissioner personally named in a civil, criminal, ethics, administrative or professional licensing action and who desires the County pay for on an ongoing basis or reimburse legal fees shall follow the procedures set forth in this policy. For cases involving current or former County Commissioners, out of the Sunshine litigation strategy meetings set forth in section 286.011(8), Florida Statutes are discouraged but may be allowed by majority vote of the Board should circumstances warrant.

D. Procedures:

Any person who believes that he or she is allowed or entitled to payment or reimbursement of reasonable attorney's fees and costs or retention of legal representation shall, as a condition precedent to such payment, retention or reimbursement, notify the County through its County Attorney in writing within 10 days of their knowledge of a relevant action or within 10 days of retaining a private attorney, whichever is applicable. The request shall at a minimum set forth:

1. The name and current address of the person making the request;
2. A description of the entity conducting the investigation or proceeding;
3. The case number or file number of the investigation or proceeding, if known;
4. A description of each count, charge and/or allegation made or being investigated;
5. The dates(s) that the alleged wrongful incidents are alleged to have occurred;
6. The person's office or position of employment with the County on the dates described in (5.) above;
7. The reasons why it is believed that the attorney's fees and costs should be paid by the County;
8. The name(s), address, and telephone number of the attorney(s) representing such person against the counts, charges, and/or allegations described in (4.) above, if applicable;
9. A description of the fee arrangement or agreement between the person and his or her attorney(s); the amount of attorney's fees and costs paid to the date of the written request for attorney's fees and costs for defense against the

counts, charges and/or allegations described in (4.) above; and the total balance due, if any, of all attorney's fees and costs that have been incurred in defense against the counts, charges, and/or allegations described in (4.) above; and

10. Such other information as the Board of County Commissioners and/or the County Attorney's Office may reasonably require.

E. Board Action.

The County Attorney shall review all requests provided pursuant to section D of this policy and within a reasonable time shall prepare and present an agenda item for consideration by the Board. In any case where the County Attorney believes the matter can be ethically, legally and expeditiously handled in-house, the recommendation shall so state. In all other instances, the County Attorney shall make a recommendation on the applicability of this policy to the request for retention of legal representation or payment or reimbursement of reasonable attorney's fees and costs.

For a civil action, the recommendation shall support payment, reimbursement or retention of legal counsel unless there has been a finding or it appears clear from the relevant materials that the person is personally liable, acted outside the scope of employment, or in bad faith, with malicious purpose or wanton disregard of human rights, safety or property pursuant to section 111.07, Florida Statutes.

For other actions the recommendation shall support payment, reimbursement or retention of legal counsel so long as it appears the alleged misconduct arose out of or in connection with the performance of their official duties and while serving a public purpose pursuant to Florida case law.

For a recommendation regarding a criminal charge for violation of Florida's Sunshine law, the recommendation shall reflect that Florida law specifically authorizes reimbursement of reasonable attorney's fees and costs upon acquittal pursuant to section 286.011(7), Florida Statutes.

The Board may:

1. Request additional relevant information from the applicant or County Attorney; or
2. Continue the request to a date and time certain; or
3. Take action upon the written request and determine if the attorney's fees and costs shall be reimbursed or paid, and if so, in what amount; or
4. Allow the County Attorney to represent the applicant or other counsel to be retained; or
5. Deny the request and make appropriate findings.

F. Agreement.

In any event where the County has prospectively provided legal representation or is paying reasonable attorney's fees and costs prior to disposition of an action or claim,

the Board may require the individual to execute an agreement with the County which shall require reimbursement to the County in the following circumstances:

1. In a civil action where the individual did not prevail and was found personally liable, to have acted outside the scope of employment, or in bad faith, with malicious purpose or wanton disregard of human rights, safety or property; or
2. In any other action where upon disposition of the case the Board of County Commissioners determined the alleged misconduct did not arise out of or in connection with their official duties or the individual was not serving a public purpose; or
3. In any case where prevailing Florida law would not allow the County to cover the expenses of the legal representation.

Regardless of whether an agreement is entered or not, the Board may authorize legal action to recoup expenses in cases where reimbursement is due to the County based on application of either this policy or Florida law.

G. <u>Investigations and Grand Jury Investigations.</u>

Florida law may not allow payment or reimbursement of reasonable attorney's fees and costs or retention of outside counsel in cases involving solely an investigation or a grand jury investigation. In the event a person subject to this policy believes they are entitled to relief, he or she may bring the request to the County Attorney, as set forth in this policy, and the County Attorney will review it and take a recommendation to the Board of County Commissioners in a timely fashion.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16482 **County Attorney's Report 12. 2.**
BCC Regular Meeting **Discussion**
Meeting Date: 07/18/2019
Issue: ATU's Proposed Collective Bargaining Agreement
From: KRISTIN HUAL, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the ATU's Proposed Collective Bargaining Agreement.

That the Board consider the following options:

A. Approve the proposed Collective Bargaining Agreement with the Local 1395 of the Amalgamated Transit Union/AFL-CIO and authorize the County Administrator to execute the Agreement; or

B. Direct the County Administrator to resume negotiations with the designated bargaining agent of the ATU, Local 1395.

ATU, LOCAL 1395 PROPOSED LABOR AGREEMENT DISTRIBUTED UNDER SEPARATE COVER.

BACKGROUND:

The proposed collective bargaining agreement was delivered to the County Attorney's Office by a representative of the ATU, Local 1395 on Friday, June 21, 2019. The Union's representative has advised that the proposed agreement was ratified by the members of the ATU, Local 1395 bargaining unit on Sunday, May 5, 2019.
