Proclamations

PROCLAMATION

WHEREAS, Dr. Michael Redmond, a local pediatric ophthalmologist, has served our community on the School Health Advisory Council (SHAC) for over 30 years, in collaboration with the School District of Escambia County and the Escambia County Health Department; and

WHEREAS, Dr. Redmond served as the Chairman of SHAC for over 25 of those 30 years. During his leadership, he understood the many pressures and challenges of today's public schools; and

WHEREAS, under Dr. Redmond's guidance, SHAC wrote a position paper in August 2000 that stated the belief that the ability to learn at school is directly related to a student's health and that all children have the right to have health needs safely met while in the school setting; and

WHEREAS, thanks to community leaders like Dr. Redmond, Escambia County currently averages one registered nurse to every 750 students as endorsed by the National Association of School Nurses and Healthy People 2020; and

WHEREAS, Dr. Redmond is keenly knowledgeable about healthcare legislative issues impacting Escambia County school children and has been recognized for his advocacy for school children; and

WHEREAS, Dr. Redmond keeps a close watch on any issues that impact children's health and encourages SHAC members to keep legislators aware of local issues; and

WHEREAS, Dr. Redmond served as a consultant for the School District of Escambia County's guidelines for vision screening and has been the County's primary ophthalmology resource for children with impaired vision. Many of Escambia County's school children have been evaluated and subsequently qualified for the Visually Impaired Program for Students. His intervention and compassion has greatly benefitted these children; and

WHEREAS, Dr. Redmond is a kind, caring man of high character, who exemplifies the highest level of service to our community through his medical practice, medical expertise, and consultation. His quiet, unassuming and efficient leadership and dedication to children will continue to impact Escambia County, Florida, for many years to come.

NOW, THEREFORE, BE IT PROCLAIMED, that the Board of County Commissioners of Escambia County, Florida, commends and extends its sincere gratitude to Dr. Michael Redman for his many years of dedicated service to the Escambia County community through his caring efforts on behalf of our children.

PROCLAMATION

WHEREAS, the first time black history was celebrated was for one week in February 1926; and

WHEREAS, "Black History Month" takes place throughout the month of February and is intended to be a showcase of the historic and notable contributions of the African-American community, from scientists and scholars to musicians and politicians; and

WHEREAS, February 2011 marks the 35th anniversary of the existence of "Black History Month". This event is observed annually to recognize citizens in our community who give of themselves to make a difference in the lives of others; and

WHEREAS, the Alumni of Pensacola High School would like to recognize one of their own, Mr. David Maurice Williams, the Principal of Pensacola High School; and

WHEREAS, Mr. Williams is a 1977 graduate of Pensacola High School. He attended Southern University College in Baton Rouge, Louisiana, and in 1986, he became a teacher and a coach at Pensacola High School; and

WHEREAS, Mr. Williams was selected as the 2004 "Teacher of the Year", and in 2005 he accepted the position of Assistant Principal at Pensacola High School. In 2009, Mr. Williams became the Principal of Pensacola High School where he continues to serve today.

NOW, THEREFORE, BE IT PROCLAIMED, that the Board of County Commissioners of Escambia County, Florida, in observance of "Black History Month" joins the Alumni of Pensacola High School in recognizing and honoring Mr. David Maurice Williams, as an educator in our community who continues to give of himself to make a difference in the lives of others.

GROWTH MANAGEMENT REPORT March 3, 2011

1. Review of the Rezoning Case heard by the Planning Board on February 7, 2011 **RECOMMENDATION:**

That the Board take the following action concerning the rezoning case heard by the Planning Board on February 7, 2011:

A. Review and either adopt, modify, or overturn the Planning Board's recommendation for Rezoning Case Z-2011- 02 or remand the case back to the Planning Board; and

B. Authorize the Chairman to sign the Orders of the Escambia County Board of County Commissioners for the rezoning case that was reviewed.

Case No.: Z-2011-02 Location: 5890 Hwy 99

Property Reference No.: 05-3N-32-1310-000-000

Property Size: 25.73 (+/-) acres

From: VAG-1, Villages Agriculture District

(5 du/acre on one acre parcels)

To: VAG-2, Villages Agriculture District

(1 du/acre)

FLU Category: AG, Agriculture

Commissioner District: 5

Requested by: Micheal E. and Kristi Y. Black, Owners

Planning Board Approval

Recommendation:

Speakers: Michael E. Black, Owner

Howard D. Maines

I. PUBLIC HEARING

1. 5:45 p.m. - Public Hearing - Amendment to the Official Zoning Map

RECOMMENDATION:

That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning case heard by the Planning Board on February 7, 2011 and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

 5:46 p.m.– Public Hearing – LDC Ordinance – Articles 3, 6 & 9 "Single Family Living" <u>RECOMMENDATION:</u>

That the Board review an Ordinance to the Land Development Code (LDC) amending Article 3 "Definitions," to amend the definition of "dwelling, single-family" and defining "family" and "fraternity/sorority house"; amending Article 6 "Zoning Districts," creating Section 6.04.18 to restrict occupancies in designated residential zoning districts to families; amending Article 9 "Nonconforming Uses and Noncomplying Structures", creating Section 9.08.00 to terminate nonconforming uses in violation of this Ordinance.

This hearing serves as the first of two required Public Hearings before the Board of County Commissioners as set forth in LDC Section 2.08.04(b) and F.S. 125.66(4)(b).

II. ACTION ITEM

1. Action Item – Fiddler's Walk Final Plat Permit # 05101590

RECOMMENDATION:

That the Board take the following actions concerning the recording of the Final Plat of Fiddler's Walk, (a 47 lot single family residential subdivision), located in the Cantonment Community on West Roberts Road, and lying west of U.S. Highway 29. Fiddler's Walk subdivison is owned and developed by J. Taylor Homes, Inc. Prior to recording, the County Engineer, County Surveyor, Development Services Bureau Chief and the Clerk of the Circuit Court must sign the Final Plat, as set forth in Section 4.02.07.E, of the Escambia County Land Development Code. Also, prior to recording, the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statutes;

- A. Approve the final plat for recording;
- B. Approve the street name "Fiddlers Circle";
- C. Accept all public easements, drainage improvements within public easements/public parcels, Parcel "A" Detention/ Retention Pond (1.74 acres) as depicted upon the final plat for permanent County maintenance subject to the transfer of the stormwater system to operation and maintenance phase through the water management district. The cost of maintenance for drainage improvements are to be funded through the establishment of a stormwater management MSBU (Municipal Services Benefit Unit); and
- D. Authorize the Chairman or Vice-Chairman to execute a Two Year Warranty Agreement.

III. CONSENT AGENDA

Schedule Public Hearing

RECOMMENDATION:

That the Board authorize the scheduling of the following Public Hearing(s):

Thursday, April 7, 2011

1. 5:45 p.m. - A Public Hearing to amend the Official Zoning Map to include the following Rezoning Cases to be heard by the Planning Board on March 7, 2011.

RECOMMENDATION:

That the Board take the following action concerning the rezoning case heard by the Planning Board on February 7, 2011:

A. Review and either adopt, modify, or overturn the Planning Board's recommendation for Rezoning Case Z-2011- 02 or remand the case back to the Planning Board; and

B. Authorize the Chairman to sign the Orders of the Escambia County Board of County Commissioners for the rezoning case that was reviewed.

Case No.: Z-2011-02 Location: 5890 Hwy 99

D 1 D 1 N 05 01 00 1010

Property Reference No.: 05-3N-32-1310-000-000

Property Size: 25.73 (+/-) acres

From: VAG-1, Villages Agriculture District

(5 du/acre on one acre parcels)

To: VAG-2, Villages Agriculture District

(1 du/acre)

FLU Category: AG, Agriculture

Commissioner District: 5

Requested by: Micheal E. and Kristi Y. Black, Owners

Planning Board Approval

Recommendation:

Speakers: Michael E. Black, Owner

Howard D. Maines

BACKGROUND:

The above case was owner initiated and heard at the February 7, 2011 Planning Board meeting. Under the Land Development Code (LDC) 2.08.00.E.1., "the Board of County Commissioners shall review the record and the recommendation of the Planning Board and either adopt the recommended order, modify the recommended order as set forth therein, reject the recommended order, or remand the matter back to the Planning Board for additional facts or clarification. Findings of fact or findings regarding legitimate public purpose may not be rejected or modified unless they are clearly erroneous or unsupported by the record. When rejecting or

modifying conclusions of law, the Board of County Commissioners must state with particularity its reasons for rejecting or modifying the recommended conclusion of law and must make a finding that its substituted conclusion of law is as or more reasonable than the conclusion that was rejected or modified. However, the Board of County Commissioners may not modify the recommendation to a more intensive use than recommended by the Planning Board; rather the matter shall be remanded with instructions. The review shall be limited to the record below. Only a party of record to the proceedings before the Planning Board or representative shall be afforded the right to address the Board of County Commissioners and only as to the correctness of the findings of fact or conclusions of law as based on the record. The Board of County Commissioners shall not hear testimony."

To further the County's policy of "decreasing response time from notification of citizen needs to ultimate resolution," the Board is acting on both the approval of the Planning Board recommended order and the LDC Map Amendment for this month's rezoning cases. This report item addresses only the review and upholding of the Planning Board's recommendation. The next report item will address the Public Hearing for the LDC Zoning Map Amendment.

BUDGETARY IMPACT:

This action may increase the ad valorem tax base for Escambia County.

LEGAL CONSIDERATIONS/SIGN-OFF:

The recommended order is the result of deliberations by the Planning Board based on staff analysis, public testimony, and knowledge of the Comprehensive Plan and Land Development Code as well as case law and Florida Statutes.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The Chairman will need to sign the Order of the Escambia County Board of County Commissioners either denying or approving the rezoning request.

IMPLEMENTATION/COORDINATION:

The cases under review are presented to the Planning Board for collection of evidence. The Planning Board conducts a quasi-judicial public hearing and issues a recommended order to the Board.

1	PROCEEDINGS
2	MR. BRISKE: Good morning. We have several
	things on the agenda. Before we get started with
	the quasi-judicial hearing for rezoning, I'll ask
	Mr. Wingate to give us the Invocation and lead us in
	the Pledge. Please stand.
	(Pledge of Allegiance and Invocation.)
	MR. BRISKE: Thank you, Mr. Wingate. All right. I hereby call to order the Escambia County
	Planning Board meeting for February 7th. We do have
	six members here so we do have a quorum. I would
	like to ask staff do we have proof of publication?
	MS. SPITSBERGEN: Yes, sir. We do. The
14	meeting was advertised in the January 21st, 2011
15	Pensacola News Journal.
16	MR. BRISKE: Did that publication meet all of
17	the legal requirements?
18	MS. SPITSBERGEN: Yes, sir, it did.
19	MR. BRISKE: The Chair will entertain a motion
08:40 20	to waive the reading of the legal.
21	MS. SINDEL: So moved.
22	MS. DAVIS: Second.
23	MR. BRISKE: A motion and a second. All those
24	in favor say aye.
25	(Aye.)
	4
1	MR. BRISKE: The motion passes unanimously.
2	(Motion passed unanimously.)
3	MR. BRISKE: At this hearing the Planning Board
4	will act under its authority to hear and make
5	recommendations to the Board of County Commissioners
6	on rezoning applications. These hearings are
	quasi-judicial in nature. Quasi-judicial hearings
	are like evidentiary hearings in a court of law,
	however, they are less formal.
	All testimony will be given under oath and
	anyone testifying before the Planning Board may be subject to cross-examination.
	All documents and exhibits that the Planning
14	Board considers will be entered into evidence and
	made part of the record.
16	Opinion testimony will be limited to experts
17	and closing arguments will be limited to the
18	evidence in the record.
19	Before making a decision the Planning Board
08:41 20	will consider the relevant testimony, the exhibits
21	entered and the applicable law.
22	Each individual who wishes to address the
	Each individual who wishes to address the Planning Board must complete a speaker request form,
22	
22 23	Planning Board must complete a speaker request form,
22 23 24	Planning Board must complete a speaker request form, which are located at the rear of the chambers. You

PLANNING BOARD REZONING HEARINGS - FEBRUARY 7, 2011				
	13		15	
1	but the three that I kind of disagree with, that's	1	MS. DAVIS: So moved.	
2	the main ones that I would like to talk about, if	2	MR. BRISKE: A motion. Do we have a second?	
3	that's all right with you.	3	MS. SINDEL: Second.	
4	MR. BRISKE: Yes, sir. You can accept the	4	MR. BRISKE: All those in favor say aye.	
5	staff's findings. Like I said, it is your burden to	5	(Board members vote.)	
6	prove your case. So on each of the ones you wish to	6	MR. BRISKE: Opposed?	
7	dispute, we'll have you go one at a time and there	7	(None.)	
8	may be questions from the Board. Go ahead and start	8	MR. BRISKE: It passes unanimously.	
9	and just direct us to which criterion you're going	9	(The motion passed unanimously.)	
08:51 10	to address first.	08:54 10	MR. BRISKE: Sir, if you would, please hand it	
11	MR. BLACK: I would like to say this is kind of	11	to one of our staff members here so they can let the	
12	new to us so forgive me if I don't know the lingo,	12	Board look at it. Let's have that marked as	
13	some of the terms that's used and all.	13	Applicant's Exhibit A for the record.	
14	MR. BRISKE: That's fine, sir.	14	(Applicant's Exhibit A, Map, was identified and	
15	MR. BLACK: On the first criterion I said	15	admitted.)	
16	according to the policy I agree with the staff that	16	MR. BRISKE: All right, sir. Go ahead. Is	
17	the VAG-2 zoning is compatible with the intent and	17	this the same map that appears on the screen right	
18	purpose of the Future Land Use category. All right	18	now? Okay.	
19	that's the part that they said was okay.	19	MR. BLACK: This Criterion (6) says it's	
08:52 20	And I said as far as CPP 7.A.4.3 and 4.7, I	08:54 20	about development patterns whether and the extent	
21	don't really see us in an urban sprawl situation. I	21	to which the proposed amendment would result in a	
22	know that it talks about the density being changed,	22	logical and orderly development pattern.	
23	but I said that the density for VAG-2 allows one	23	And I said the proposed amendment would result	
24 25	dwelling unit per five acres, which is the lowest other than the VAG-1.	24 25	in a logical and orderly development pattern for the rural agricultural area of the county. Though the

	14		16	
1	And I said also it states under CCP 7.A.4.3	1	proposed amendment would result in spot zoning	
2	that higher densities will be discouraged. It	2	within the typical 500-foot impact area, this radius	
3	didn't say that they would be denied.	3	is not logical within the northern portion of the	
4	So that's pretty much it on that.	4	county. And the property is located along a County	
5	MR. BRISKE: Board members, any questions on	5	road, 99-A, within a mile of many existing small	
6	Criterion (1)?	6	residential parcels. It's along 99-A.	
7	Staff, any questions of the applicant on this	7	And, also, according to the Comprehensive Plan	
8	criterion?	8	Implementation Annual Report 2008, 2009, there are	
9	MR. FORTE: No, sir.	9	still over 700 dwelling units available of the 3,200	
08:53 10	THE COURT: Go ahead, sir. Please proceed.	08:55 10	dwelling units allocated to the Agricultural	
11	MR. BLACK: Criterion (2) was just take the	11	category, CPP 7.A.4.9.	
12	staff's findings on that.	12	MR. BRISKE: All right, sir. If we could,	
13	Criterion (3), what I said on that, I noticed	13	let's go back to your exhibit that you wanted	
14	that y'all had maps, but I have a map that was	14	entered into evidence, which is on the screen right	
15	provided by the County. And I said this: Using the	15	now. Did you wish to point anything out in	
16	zoning map provided by the County it shows that	16	particular on this map now that we have it all in	
17	there are properties with a VAG-2 status less than a	17	front of us here?	
18 19	mile away. Since the County informed me that the 500-foot radius is broadened in rural areas, our	18 19	MR. BLACK: Yes, sir. What I'm talking about	
08:53 20	property should comply.	08:55 20	is the blue circle, the first blue circle. It hits on the VAG-2 thing and then just a little bit	
08:53 20	MR. BRISKE: Do you wish to submit that as	08:55 20	further out. That's less than a mile. And then the	
22	evidence into your case?	22	next circle out encompasses the VAG-2 parcels.	
23	MR. BLACK: Yes.	23	MR. BRISKE: Okay. Any questions from the	
24	MR. BRISKE: The Chair will entertain a motion	24	Board members on the map?	
25	to accept as evidence.	25	MR. BLACK: I don't know if I can say this or	
	TAYLOR REPORTING SERVICES, INCORPORATED		TAYLOR REPORTING SERVICES, INCORPORATED	

19 1 not, but it was -- it's not our plan to come in 1 MR. FORTE: Yes, sir. 2 and -- the way I see urban sprawl, is if you're 2 Staff's Findings-of-Fact for Z-2011-02. 3 3 trying to get as many parcels as you can on my piece Criterion (1), consistent with the 4 of land and I'm just trying to break it up like Comprehensive Plan. The findings: The proposed 5 5 three times, in three different pieces, which would amendment is not consistent with the Comprehensive 6 be about seven acres a piece and the intent is to Plan. The Villages VAG-2 zoning district is make it more affordable for somebody to come in 7 compatible with the intent and purpose of the Future 8 there and own a piece of property out in the Land Use category Agriculture; however, rezoning 9 country, because right now the way that it is, 9 from Villages Agriculture One, VAG-1, to VAG-2 is 08:56 **10** 08:59 10 not consistent with Comprehensive Plan Policy unless somebody is given a piece of land, you know, 11 and they're young, probably 30 years of age and 11 7.A.4.3 and 7.A.4.7.a which state that rezoning to 12 younger, they will not be able to afford a place out 12 categories allowing higher densities will be 13 in the country unless it's given to them by their 13 discouraged. 14 family members or something. We have tried to sell 14 Criterion (2), consistency with the code. The 15 the property for two years and people can't afford 15 proposed amendment is consistent with the intent and 16 it really and so -- and we've had a good price on 16 purpose of the code. The proposed amendment to 17 the property, but we've just not had any bites on it 17 VAG-2 meets the intent of LDC Section 6.05.22 in 18 and people have told us, you know, if you can break 18 that the proposed property is an 19 it down some to where we could afford it, we 19 agriculturally-assessed parcel held for agricultural 08:57 **20** probably would do it. 08:59 20 production. However, if the amendment is granted 21 MR. BRISKE: Well, the Planning Board as far as 21 the parcel would potentially allow for increase in 22 rezoning requests, we don't consider the specific 22 residential density resulting in the premature 23 use of the property because it can be used for 23 conversion of prime farmland acreage to 24 24 anything that's permissible if the request is nonagricultural uses. 25 granted in VAG-2 so that's the way we have to look 25 When applicable, further review from the TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 18 20 1 at it, but certainly your comments are on the 1 Development Review Committee will be needed to 2 record. ensure the buffering requirements and other 3 3 Let's move on to Criterion (6), which was performance standards have been met should this 4 4 covered. Were there any questions on Criterion (6)? amendment to VAG-2 be granted. 5 5 Staff, any questions of the applicant? Criterion (3), compatible with surrounding 6 MR. FORTE: No, sir. 6 uses. The proposed amendment is not compatible with 7 7 MR. BRISKE: Okay. All right, sir. Did you the surrounding existing uses in the area. 8 Using aerial photographs, the County property 8 have anything else that you wanted to add at this 9 point? 9 Appraiser's Website and conducting a site visit, 08:58 10 MR. BLACK: No, sir. 09:00 10 staff observed a total of 13 parcels including the 11 MR. BRISKE: You'll have a chance to speak 11 subject parcel within the 500-foot radius impact 12 12 again. You will have a chance to guestion the area. All parcels are zoned VAG-1 and consist of 13 staff, as well. What we'll do at this time is we'll 13 six parcels used for timber or agriculture, three 14 14 go ahead and move on to the staff's presentation and parcels used for agriculture, with one single-family 15 then you will have an opportunity to cross-examine 15 dwelling on each, and four small vacant parcels that 16 them and to redirect. 16 are too small for agriculture or residential use. 17 17 Criterion (4), changed conditions. Staff found David, are you going to be presenting? 18 18 MR. FORTE: Yes, sir. no changed conditions that would impact the 19 (Sworn testimony by David Forte.) 19 amendment or property. 08:58 20 MR. BRISKE: Please state your name and 09:00 20 Criterion (5), effect on the natural 21 position for the record, David. 21 environment. According to the National Wetland 22 MR. PLANNING BOARD REZONING HEARINGS - FEBRUARY 7, 2011 23 1 further review during the Development Review 1 distance from the property that wasn't in the 2 Committee process will be necessary to determine if 2 500-foot radius and that one was approved to go 3 3 there would be any significant adverse impact on the along with the rezoning. 4 4 natural environment. MR. BRISKE: That's good information. However, 5 5 Criterion (6), development patterns. The we can't consider precedents that are set on other 6 6 proposed amendment would not result in a logical and cases. We have to take each case individually and 7 orderly development pattern for the rural 7 based on the six criterion. 8 8 agricultural area of the county. The proposed MR. BLACK: You mean you don't base any of your 9 9 amendment to VAG-2 is not compatible with the findings on what y'all have been doing in the past? 09:01 **10** 09:04 10 existing and proposed uses in the area. With the MR. BRISKE: We are not allowed to consider --11 exception of the four small vacant parcels, the 11 Lloyd, you may want to speak on this, too. State 12 surrounding parcels consist of large parcels that 12 your name for the record and position, please. 13 13 MR. KERR: Lloyd Kerr. I'm the bureau chief are viable for agricultural operations. The 14 proposed amendment could potentially result in the 14 for Development Services. And that is correct, Mr. 15 premature conversion of prime farmland acreage to 15 Black, each case is considered on its own merit and 16 16 what the -- whatever the conditions or whatever nonagricultural uses. 17 That concludes staff's Findings-of-Fact. 17 situation was on the case that you've referenced 18 MR. BRISKE: Board members, any questions of 18 should really have no bearing on the decision that's 19 David on the staff's findings? 19 made in this case. And the only evidence that can 09:01 20 MS. DAVIS: Just one question. What are we 09:04 20 be considered would be that that you would bring 21 talking about, about how many acres, around 25, 21 forward in relation to your petition to zone your 22 somewhere in there? 22 particular piece of property. 23 MR. FORTE: I believe it's 23. 23 MR. BLACK: My answer to that is, if there's --24 MR. BLACK: It's 25. 24 if there's discrepancies in how that -- that you do 25 MR. FORTE: Twenty-five acres. 25 for one case and then the next case is very similar, TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 24 22

and then you decide to do something else, what do we

MR. BRISKE: Well, I think the fact that you

addressed the criterion where you believe that you

disagree with the staff is the key point, because I

don't remember the case that you're talking about

it's possible that the reason the Board voted that

criterion met the criteria and they disagreed with

the staff and so they went with it. That's why it's

and like I said we really can't consider it, but

way is because they felt that the applicant's

come back to the microphone. Thank you, sir. We have -- what Bible do we have, so to speak, that we can be all on the same page together is what my

2

11 MR. BRISKE: Okay. Other questions of staff?

12 Mr. Black, you have an opportunity to do a

13 direct examination of staff. Obviously, there's

14 some differences in the criterion. Did you wish to

15 ask questions or restate anything?

MR. BLACK: No, sir, not really. It's just

17 according to what I said, my differences with them

18 is basically stated.

19 But I did -- a case that y'all had last year,

09:03 **20** which was -- hold on a second. It was Z-2010-10.

21 Y'all had a case that was real similar to mine and

22 the property was located in Rural Parks and the

23 findings were real similar. But they approved this

one to rezone. And it's -- the findings -- in other 24

words, there were properties that were out a certain TAYLOR REPORTING SERVICES, INCORPORATED

02/17/2011 08:56:36 AM

14 the applicant's burden to basically prove their 15 case. 16 Now, certainly you have as much time as you 17 need if you would like to, you know, reiterate or 18 add anything to the case on the criterion. You 19 heard the staff's findings and the Board, of course, 09:06 20 will consider what your findings are versus what the 21 staff's are and make a decision. Like I said, you

22 have the opportunity to directly examine or present

23 more information, if you like. 24

We do have one speaker that has signed up to speak from the public on the case, so once you have TAYLOR REPORTING SERVICES, INCORPORATED

27 1 your direct examination and your presentation, they 1 (Sworn Testimony by Howard Maines.) 2 will speak. You will have an opportunity to come 2 MR. BRISKE: Yes, sir, please proceed. Would 3 3 back and direct examine that person and then do you state your name and address. 4 4 closing arguments, so to speak, as well. So I'll MR. MAINES: Good morning, everybody. My name 5 5 give you some latitude in how you want to proceed. is Howard Maines and I don't know Mr. Black. I've 6 6 MR. BLACK: I don't really have anything else looked at his property before. I have 20 acres just 7 7 right now. east of his property. It's the next 20 acres over 8 8 MR. BRISKE: Yes, sir, Mr. Wingate. that adjoins his property. 9 MR. WINGATE: Mr. Black, I was looking in 9 A couple of things I think you ought to 09:06 10 09:09 10 Criterion (2) here and then my thought that came to consider is, one, about three or four years ago when 11 me is governing and looking at 25-acre parcels out 11 I bought my 20 acres I was required to put a full 12 in the agricultural land, what was your main purpose 12 county road in to get to my 20 acres. Well, by 13 that you planned on -- I think you mentioned 13 putting in a full county road that meant I had to 14 something about subdividing. Do you plan on living 14 give up some of my land and had to get a lot of 15 on the land? Do you plan on creating mini farms? 15 other people to agree to that. So that tells me 16 16 MR. BRISKE: Mr. Wingate, I would remind you that Escambia County must have anticipated possible 17 that we're not allowed to consider the use of the 17 rezoning in the future because they required me to 18 property. We can only consider what potentially the 18 put this big county road in and that's what they 19 19 property could be used for in the VAG-2, if we were told me at the little small building a couple of 09:07 **20** to grant the zoning, because his particular use 09:10 20 years ago. 21 could change if he sells the property to another 21 So I have no objection with what Mr. Black is 22 22 owner, which they would then be entitled to all the doing. I've got 20 acres. And he's right. There's 23 benefits of a VAG-2. So Mr. Black, you can answer 23 possibly no way you can sell 20 acres or 25 acres. 24 the question if you like, but I don't think it's 24 I don't anticipate selling mine in the near future. 25 relevant to what we have to consider, to be honest 25 But I did want to bring out that fact that you've TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 26 28 1 with you. 1 got a county road just south of his property that adjoins mine that's fully in place. 2 MR. BLACK: Okay. No comment, then. 3 3 MR. BRISKE: Any other question? Let's go I've also talked to the owner on the east side 4 4 ahead and move on to the member of the public that of me who might not be here today, Mr. Creighton, 5 5 wishes to speak and then we can come back and have a and he agrees that there would be nothing wrong with 6 6 changing the zoning to two. So I just wanted to discussion on it. 7 7 Now we're going to open the public comment give you that for my opinion. Let me see if there's session of the meeting and for those members of the 8 8 anything else here. But that's the only point I 9 9 public who wish to speak on this matter, please note wanted to make, nobody mentioned the county road 09:08 10 that the Planning Board bases its decision only on 09:11 10 that's just south of the property. 11 the criteria and the exceptions described in Section 11 MR. FORTE: I believe it's a private road. 12 12 2.08.02.D of the Escambia County Land Development MR. MAINES: No, it's not. 13 Code. During its deliberations, the Planning Board 13 MS. DAVIS: Where is it on here? 14 14 will not consider general statements of support or MR. KERR: Mr. Chairman, if I may? 15 15 opposition. Accordingly, please limit your MR. BRISKE: Yes, sir. 16 testimony to the criteria and the exceptions 16 MR. KERR: The existence of the road may have 17 described in Section 2.08.02.D. 17 come about for any number of reasons. It could be 18 Please also note that only those individuals 18 that this property had been subdivided out of his 19 here today giving testimony on the record before the 19 parent parcel to a point that it had to have -- that 09:08 **20** 09:11 **20** Planning Board will be allowed to speak at the there may have been some landlocked property there. 21 subsequent hearing before the Board of County 21 There may be a lot of reasons. Although what the 22 Commissioners. 22 County required on that, we don't have all the facts 23 23 We do have one speaker signed up at this point. on that particular issue, so the fact that there is 24 Mr. Howard Maines. Yes, sir. Please come forward 24 a road there is simply that, there is a road there 25 and we'll have the staff reporter swear you in. but we don't know what the requirements were or why TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED

1 the road was put into place. 1 difference between county maintained and neighbors 2 MR. BRISKE: Does the subject property border 2 have access to it and that type of thing. 3 3 that road, the road in question? MR. KERR: Without having all of the 4 4 MR. MAINES: Yes. documentation, we really would not be able to 5 5 MR. KERR: I'm looking at the aerial. It does determine that. What we have is a legal description 6 6 appear to border that. Mr. Howard stated it is a that identifies it as a private drive. Beyond that 7 public road and it appears that our information says 7 we've not done any research to determine whether it 8 it's a private road. And regardless of that, we can was a private or a public road. We don't know 9 recognize that it is, that there is a road there. 9 whether there's a maintenance agreement on it and 09:12 **10** And according to the description here, the legal 09:14 10 don't know whether the County has done any 11 description, it calls it out as a private drive, 66 11 maintenance on the road. 12 foot wide private drive, a distance of 672 feet. So 12 MR. BRISKE: However, we should point out that 13 it appears at least on the deed that it's being 13 the parcel also has access to Highway 99, direct 14 called out as a private road but I don't know what 14 access. So the question of access is eliminated 15 bearing that might have on this petition. 15 because it has access from Highway 99 regardless if 16 MR. MAINES: That's all I have. I'm in favor 16 this is a private drive or not, so. 17 of the change. 17 Thank you, Mr. Maines. MR. BRISKE: Mr. Black, did you have any 18 18 Staff, anything further at this point? 19 19 questions for this witness? He's indicated no, that MR. FORTE: Nothing. 09:15 20 09:13 20 he doesn't have any questions. Thank you, sir. MR. BRISKE: Mr. Black, do you wish to add 21 Is there anyone else that wishes to speak from 21 anything else to the case? 22 the public on this matter? All right, hearing none, 22 MR. BLACK: No. 23 I'll hereby close the public comment section of the 23 MR. BRISKE: At this time I'll open it up for Board discussion and motion if anyone is prepared to 24 meeting. 25 Board members, at this time do you have any 25 make one. TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 30 32 1 questions of the applicant, staff or members of the 1 MR. BARRY: I don't know if you want to take kind of the temperature from one end to the other. 3 MR. BARRY: Is all the other input closed or is 3 I think Mr. Black presented substantial competent 4 there more discussion? 4 evidence. In my opinion, you know, it's still MR. BRISKE: We're going to go back and give 5 5 staying as a very -- it's only going up one level in 6 both the staff and the applicant a chance for their 6 density. Still one per five acres is not raping and 7 7 pillaging the community, I don't believe. closing arguments. 8 8 MR. GOODLOE: Mr. Chairman, I have a question. MR. TATE: Mr. Chairman, I feel like I've been 9 9 When was this road put into place, the road we just discouraged, but I don't have a problem with the 09:13 **10** discussed, what year? 09:16 **10** VAG-2. I have more of a problem with being 11 MR. BLACK: He's probably got the exact date. 11 discouraged, you know, that the reading of the 12 MR. BRISKE: Sir, please come forward to the 12 technical terms here discourage this type as opposed 13 microphone because we're recording this on the 13 to we can or cannot. 14 14 I did have a question for staff about the public record. 15 MR. MAINES: I think it was about four or 15 500-foot radius. I know we say that in a rural area 16 five years. I can't remember how long ago it was. 16 that that's not as typical. What is the radius that 17 17 would be used would you typically say? He's probably got it right there. 18 THE COURT: Just for the record that's 18 MR. KERR: Well, 500 feet is what we have in 19 Mr. Maines speaking. Staff, do we have that? 19 the ordinance, although we do take a look out at 09:14 **20** MR. MAINES: I was told it was a public road. 09:16 **20** that one and two mile radius. What you're reviewing 21 MR. KERR: Everything that we have indicates 21 is the impacts within 500 feet. There's no policy. 22 it's a private road but we've not verified that 22 There's an informal policy that says to look at it 23 23 at the one and two mile radius, but there's nothing against county inventory. 24 MR. TATE: Does this just mean it's not county 24 in the ordinance that requires that, other than what we have for the 500 feet. maintained? You know what I'm saying, the

33 MR. TATE: Thank you. the reasons that the zoning to higher densities in 1 1 2 MR. BRISKE: Ms. Stephanie Oram from the Navy, 2 agricultural is discouraged is because of the fact 3 do you have anything to add to this case? Ms. Oram 3 that once the smaller acre tracts are permitted, 4 4 is not a voting member, however, she is our Navy rezoned to that, then it does require that the 5 representative for the case. 5 provisional services be expanded and instead of 6 6 MS. ORAM: No, sir, I don't. This, possibly serving either no residences down an fortunately, does not impact the Airfield Influence 7 agricultural tract, then there is a possibility of 7 8 Planning Districts, so I'll go with the Board. having a number of residents there that would demand 9 MR. BRISKE: Mr. Goodloe, anything you would 9 that certain services be provided. 09:17 **10** 09:20 10 like to add? In addition to that, there is also the 11 MR. GOODLOE: No, sir. 11 Comprehensive Plan policy about converting farmland 12 MR. BRISKE: Ms. Davis, anything you would like 12 to -- there is a concern about converting farmland 13 to add? 13 to a residential use or uses that are not 14 MS. DAVIS: No, I have no problem with moving 14 agricultural or silviculture. So it's not purely 15 it to a different zoning. 15 the discourage issue. There are other issues that 16 MR. BRISKE: Mr. Wingate? 16 are related to that, as well. 17 MR. WINGATE: Yes. I could go along with the 17 MR. TATE: I don't consider a 25-acre lot a 18 staff's findings. It looks like there should be a 18 large farm and I feel that you may have five people 19 19 possibility of a person being able to live in the and three of those might just decide they want to 09:18 20 country in agricultural and, you know, like they do 09:21 **20** live on five acres and two of them might want to 21 in other places, but, you know, the rules are the 21 have their own little family farm that could be more 22 rules. 22 productive than we have this 25-acre lot being used 23 MR. BRISKE: Thank you, sir. 23 for currently. I don't see that there's a lower use 24 Ms. Sindel? 24 of the property. If this was a thousand acre tract, 25 MS. SINDEL: Nothing to add. that type of thing, my perspective would be a lot TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 34 36 1 MR. WEST: Mr. Chair? different on it. But, you know, somebody else 2 MR. BRISKE: Yes. hasn't gobbled this up and hasn't enlarged their own 3 3 MR. WEST: I just wanted to remind the Board tract. It's basically just a lot that's sitting 4 that if you make a motion to approve the request 4 there. I'm not sure if it's used currently or not, if somebody is farming it. But, you know, to say it 5 that you will need to submit alternate findings on 5 6 Criterion (1), (3) and (6), so there's three 6 still can't be used -- and the issue of services, if 7 7 different criterion you need to have different there's already homes in the area, would we have to 8 factual findings on. 8 grant that there's services available. I'm not 9 9 MR. TATE: Mr. Chairman, can I just say this? saying that there's concurrency, but just that there 09:18 **10** With developing this, just my thoughts on Criterion 09:22 10 is service to some extent available in the area. 11 (1) which is where staff has found it's not MR. KERR: Certainly we can assume that there 12 consistent with the Comprehensive Plan, but 12 is probably provisional water and power and possibly 13 Criterion (2), where it is consistent with the code, 13 gas. But even beyond that, I mean there is the fire 14 14 I don't know that we should be in a position where protection, there's police protection that's 15 we have a not consistent with the comp plan but 15 required, all of those things that go along with the 16 consistent with the code because of discouragement. 16 addition of residences or businesses or whatever 17 MR. BRISKE: Well, we've had issue with 17 these folks may decide to use the property for, so. 18 particular words in there in the past and 18 And again, that's the argument on urban sprawl. 19 discouragement or encourage and things like that are 19 It's not necessarily that it's a five acre -- a five 09:19 **20** always challenging because to be quite honestly that 09:22 20 acre lot is a large lot here and in most places it 21 really doesn't mean anything. It's either you can 21 is, but it is the consideration that 25 acres could 22 do it or you can't do it, because it just doesn't 22 be five residences that would need to have some type 23 make sense to have that word in there. 23 of services, so. 24 MR. KERR: Mr. Chairman, if I may, the other 24 And based on the way the land is laid out, it 25 issue, too, is the issue of urban sprawl. One of appears to me there would have to be some kind of a

TAYLOR REPORTING SERVICES, INCORPORATED

TAYLOR REPORTING SERVICES, INCORPORATED

1 road in there possibly. If there were a road then, 1 five. 2 obviously, at some point in the future there would 2 MR. KERR: Possibly. There are some other, I 3 3 have to be some type of county maintenance on that believe, agricultural related commercial activities 4 4 road, as well. Again, that's one of the that they could do on the property, as well. 5 5 considerations in urban sprawl is the cost of MS. DAVIS: Thank you. 6 6 providing service or maintenance in the future. MR. BRISKE: That would require that it would 7 7 have to go through the DRC process in order to do So again, those are all considerations that 8 8 this Board would have in deciding whether or not to that. 9 9 recommend the zoning. MR. KERR: That's correct. 09:23 10 09:26 10 MR. BARRY: Mr. Chairman, I don't know that MR. BRISKE: Mr. Barry? 11 11 VAG-2 is urban sprawl, in my opinion. I'm ready to (Motion by Mr. Barry.) 12 craft a motion with perhaps the help of Mr. West. 12 MR. BARRY: I move to recommend approval of the 13 MR. BRISKE: If you would hold for just one 13 rezoning application to the BCC and adopt the 14 second Mr. Barry. 14 staff's Findings-of-Fact for Criterion (2), (4) and 15 Lloyd, I would ask it does appear that the 15 (5). 16 Board is leaning towards moving forward with this. 16 In Criterion (1),(3) and (6) reject the 17 I would ask that you just briefly get on the record 17 Findings-of-Fact. I move that evidence has 18 so that Mr. Black understands as far as if he's 18 presented that it is consistent with the Comp Plan, 19 going to intend to divide this into smaller parcels 19 that it is compatible with the surrounding uses and 09:24 **20** what may be necessary. Obviously, we're not 09:26 20 that it would result in logical and orderly 21 considering the end use here, but just for 21 development. 22 22 MR. TATE: Second. informational purposes for him. 23 MR. KERR: Generally speaking, I don't know 23 MR. BRISKE: A motion and a second. 24 whether this is a -- this particular parcel is a lot 24 Discussion? 25 of record. However, if you do subdivide the 25 Mr. West, for legality, do you think that meets TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 40 38 1 property, there would be a platting process that 1 the criteria? Mr. Steve West, our Board attorney. MR. WEST: I would always recommend that you 2 they would have to go through to get a plat 2 3 3 approved. If they were to divide the property, the include as much factual specifics to support the 4 4 need for a roadway, whether a public or private conclusions with respect to (1), (3) and (6). So if 5 5 roadway, then there would be the consideration of I were to phrase the motion, I would say with 6 that, as well. Plus, if there are stormwater issues 6 respect to Criterion (1), it is consistent with the 7 7 that may be on the property, there's hydric soils Comp Plan because and then you would have to go into there, there are also it may be -- I'm just going 8 some factual finding, the same thing for Criterion 8 9 9 off some of the comments. It could be that there (3) and also (6). 09:25 **10** may even be some type of wetlands issues that are at 09:27 10 MR. TATE: Mr. Barry, can I? 11 least near or possibly on the property. So there's 11 MR. BARRY: Sure, we're in discussion. 12 12 a number of considerations there. But it MR. TATE: On Criterion (1) where we all 13 definitely, if it were subdivided, it would appear 13 disagree with the staff's Findings-of-Fact, I might 14 14 that he would have to go through DRC, Development word it something to the effect that the Review Committee review to make sure all the 15 15 Comprehensive Plan is the broad perspective, the 16 questions are answered as far as access, appropriate 16 code is the specific, and if we're finding that the 17 17 code and the staff is finding that the code is lot size, roadway drainage, all those things. 18 MR. BRISKE: Okay, thank you. 18 consistent, we have to follow that the Comp Plan 19 Any other questions from the Board? 19 thereby -- the code, number two, cannot be 09:25 **20** 09:28 20 MS. DAVIS: Yes, just one more. Mr. Kerr, the consistent if the Comp Plan is not consistent. 21 allowances is already for one house on this lot; is 21 MS. DAVIS: If I may suggest one other thing, 22 that right, on this piece of property. 22 how about using the one to two mile radius also? 23 23 MR. BARRY: I would think that I referenced MR. KERR: That's correct. MS. DAVIS: So we're really basically talking when I alluded to the evidence that's been presented 24 24 25 about four new families that would be allowed, not by the applicant that relates to not just Future TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED

Land Use, but also the larger radius for the rural 1 1 answer certain questions but she couldn't get too in 2 area. You know, in one instance we're using a rule 2 depth with it. And that's what I'm saying. There 3 of thumb, which the verbiage discouraged is simply a 3 ought to be somebody that can help us out when it 4 4 rule of thumb to find it not in compliance with the comes to matters like this. 5 MR. BRISKE: In many cases people hire agents 5 Comp Plan, but the other rule of thumb that is not 6 necessarily a policy but has been a practice of or attorneys to do it for them because the staff using the larger radius of not including it where it 7 does have to remain independent because they have a 7 position on it and that's their side of it. You 8 benefits the applicant in that way. I kind of think 9 all that is covered in the evidence when I say due 9 know, it's almost like in a court where they're the 09:29 10 to the evidence provided by the applicant. 09:31 10 plaintiff and you're the defendant or vice versus, 11 MR. BRISKE: So you don't wish to amend your 11 however you want to look at it. So I don't think 12 motion? 12 they can legally really give you the advice that you 13 13 may look for because it would kind of taint their MR. BARRY: No. 14 MR. BRISKE: The motion stands. We do have a 14 side of the story so to speak. second. I'm going to call the question if there's 15 MR. KERR: That's correct, Mr. Chairman. 16 no other discussion. All those in favor, please say 16 Because of the fact that we review each case and 17 aye. 17 present the Board with findings, it's inappropriate 18 (Board members vote.) 18 for us to act as your champion, if you will. We can 19 MR. BRISKE: Opposed? 19 answer general questions about what the use is and 09:29 **20** (None.) 09:31 20 we can give you general advice of whether or not --21 MR. BRISKE: It passes unanimously. 21 what the difficulties might be, but really arguing 22 (The motion passed unanimously.) 22 whether or not this is an appropriate amendment or 23 MR. BRISKE: Sir, it's been granted. And like 23 not is really the burden on the property owner. And 24 I said, if you wish to go forward with the property 24 as Mr. Briske said, some people use an agent, some 25 you will need to get with County staff to go through 25 people do just as you all did and present your TAYLOR REPORTING SERVICES, INCORPORATED TAYLOR REPORTING SERVICES, INCORPORATED 44 so they can explain to you what may be needed in the argument on your own, but staff has to remain development review process. Before you begin fairly -- has to really remain neutral in this so 3 3 marketing those as available lots, you'll have to go that we can give the Board our findings and then 4 through some other steps. 4 ultimately the Board of County Commissioners without 5 MR. FORTE: He still has to go before the BCC 5 tainting the whole process. And again, it would be 6 6 inappropriate for us to advise you or to present next month. 7 7 MR. BRISKE: Yes, I'm sorry. That's correct. arguments for you to use and then review those 8 8 Before the BCC and if that's approved subsequently, arguments against the code. 9 9 then you will have to go through that process. MR. BLACK: I'm not necessarily saying staff, 09:29 10 MR. FORTE: March 3rd is the BCC date. 09:32 10 I'm just saying somebody with the County ought to be 11 MR. BRISKE: March 3rd. 11 able to help us, not necessarily fight our case for 12 MR. BLACK: Can I say one more thing? 12 us, but any questions that we have. I mean, you 13 MR. BRISKE: Yes, sir. 13 have to pay an extra amount. Fifteen hundred is a 14 14 MR. BLACK: I just believe, guys, that if -- we pretty good amount to have to pay for this and you 15 are part of the county, everybody is a part of the 15 shouldn't have to pay anymore to have somebody else 16 county. And all this talk of ex parte' 16 to come and help you with these matters. That's all 17 communication, I understand why you have to have it. 17 I have. Thank you. 18 18 Okay? But there ought to be one person that y'all MR. BRISKE: Yes, sir. Duly noted. Thank you. 19 set aside that could help us with any question that 19 At this point that's our only rezoning --09:30 **20** we have when it comes down to these findings. You 09:33 20 Yes, sir, come forward, Mr. Maines. 21 know, I feel like that I had to do a lot of this and 21 MR. MAINES: Just one final statement in 22 stated that that's the way that y'all had it set 22 conjunction with Mr. Black there, I would just like 23 23 forth. I guess that's the rulings. But I just the Board to know it took me over two years to buy 24 don't understand why we can't have somebody -- I 24 my 20 acres and that's really a long time to buy

mean, I had the planner, I had Lynette and she could TAYLOR REPORTING SERVICES, INCORPORATED

20 acres of land. Now, that was four or five years

TAYLOR REPORTING SERVICES, INCORPORATED

ago. There's something wrong. I agree with Mr. Black, there ought to be someplace where you can kind of get, not a fast track, but at least some track where you can get the job done because time is money and I'm sure that's what he's interested in, too. Thank you.

MR. BRISKE: Yes, sir. I would feel comfortable in saying many of the Board members that are up here agree to serve on this board because of very similar reasons. We wanted to try to help improve the process. I know Lloyd and his staff are constantly looking at ways to try to improve things. The only thing we could do is I would recommend talking to your County Commissioners when you have areas of concern because really they're the ones that run the County and they can make the big changes for us, but we do appreciate the comments.

At this time, we'll close the quasi-judicial hearing. We're going to take probably about a five-minute break to allow our court reporter to finish up and be on her way. Thank you everyone and we're going to take a five-minute break and come back at about 9:34 it looks like.

(The quasi-judicial proceedings concluded at 9:30 a.m.)

i. Subi	MISSION	N DATA:
---------	---------	---------

BY: Michael E. and Kristi Y. Black,

Owners

PROPERTY REFERENCE NO.: 05-3N-32-1310-000-000

PROJECT ADDRESS: 5890 Hwy 99

FUTURE LAND USE: AG, Agriculture

COMMISSIONER DISTRICT: 5

BCC MEETING DATE: March 3, 2011

II. REQUESTED ACTION: REZONE

FROM: VAG-1, Villages Agriculture Districts

(5 du/100 acres on one acre parcels)

TO: VAG-2, Villages Agriculture Districts

(1 du/ 5 acres)

III. RELEVANT AUTHORITY:

- (1) Escambia County Comprehensive Plan
- (2) Escambia County Land Development Code
- (3) <u>Board of County Commissioners of Brevard County v. Snyder,</u> 627 So. 2d 469 (Fla. 1993)
- (4) Resolution 96-34 (Quasi-judicial Proceedings)
- (5) Resolution 96-13 (Ex-parte Communications)

Findings-of-Fact – Z-2011-02 February 7, 2011 Planning Board Hearing Page 2 of 4

CRITERION (1)

Consistent with the Comprehensive Plan.

Whether the proposed amendment is consistent with the Comprehensive Plan.

Comprehensive Plan Policy (CPP) 7.A.4.7.a. The Agriculture category states that "Uses within this category include routine agricultural and silvicultural activities, residential uses as herein described and commercial activities limited to those commercial endeavors ancillary to agricultural or silvicultural pursuits or in support of agricultural activities such as seed, feed and food outlets, farm equipment and repair and the like. Also, recreational uses, public utilities and facilities, facilities of religious organizations, educational facilities, medical facilities and other similar uses designed to provide for the needs of the rural, agrarian community are allowed." "Rezonings and future land use map amendments to categories allowing higher densities will be discouraged consistent with Policy 7.A.4.3."

CPP 7.A.4.3 Urban Sprawl To promote compact development and discourage urban sprawl, residential rezonings and future land use map amendments to categories allowing higher densities will be discouraged within the Agricultural Future Land Use Category.

CPP 7.A.4.8. Rural Densities Table 7-1 establishes density of residential uses in the agriculture, rural and activity areas (nodes) of the county. Residential densities, lot sizes, clustering and size of proposed new subdivisions shall be governed by the table based upon the location of a proposed development site and its relationship to an activity node.

FINDINGS

The proposed amendment is **not consistent** with the Comprehensive Plan. The Villages Agriculture-2 (VAG-2) zoning district is compatible with the intent and purpose of the Future Land Use category Agriculture; however, rezoning from Villages Agriculture-1 (VAG-1) to VAG-2 is not consistent with **CPPs 7.A.4.3 and 7.A.4.7.a.** which state that rezoning to categories allowing higher densities will be discouraged.

CRITERION (2)

Consistent with this Code.

Whether the proposed amendment is in conflict with any portion of this Code, and is consistent with the stated purpose and intent of this Code.

Land Development Code (LDC) 6.05.22 VAG Villages Agriculture Districts. The villages agricultural districts are typically characterized by agriculturally-assessed parcels held for agricultural production and very low density residential development in agricultural communities. Single-family residential and rural community uses that directly support agricultural activities are allowed. Home occupations are considered permitted uses. Mobile homes are allowed as single-family dwellings. Residential density bonuses are available for clustering residential lots outside areas of prime farmland. When residential lots are created, small lot sizes are encouraged in order to protect viable farm production activities and curb premature conversion of prime farmland acreage to nonagriculture uses.

LDC 6.05.22.A.1. Intent and purpose of VAG 1 district. This district is characterized by land resources necessary or used to support large farming operations. The objective of this district is to keep large parcels of land from being broken into smaller tracts of multiple

Findings-of-Fact – Z-2011-02 February 7, 2011 Planning Board Hearing Page 3 of 4

ownership making it difficult to assemble enough acreage for efficient agricultural operations.

LDC 6.05.22.A.2. Intent and purpose of VAG 2 district. This district is characterized by the following types of agricultural lands:

- (a) Small rural land areas of highly productive agricultural soils that may not be economically viable in a mainstream fanning operation due to their size, and changes being undertaken in the surrounding area; or
- (b) Rural land areas with a mix of small farm operations and a typical rural residential density of one unit per four acres. The soils of these areas are least valuable for agricultural production and most suitable for future conversion out of the rural land market: or
- (c) Rural land areas which are not being used to support large farming operations, and that are characterized by a mix of natural resources and soils typically unsuitable for urban residential densities or other urban uses unless sewered.

FINDINGS

The proposed amendment **is consistent** with the intent and purpose of the Code. The proposed amendment to VAG-2 meets the intent of **LDC 6.05.22** in that the proposed property is an agriculturally-assessed parcel held for agricultural production. However, if the amendment is granted, the parcel would potentially allow for an increase in residential density resulting in the premature conversion of prime farmland acreage to nonagricultural uses.

When applicable, further review from the Development Review Committee (DRC) will be needed to ensure the buffering requirements and other performance standards have been met, should this amendment to VAG-2 be granted.

CRITERION (3)

Compatible with surrounding uses.

Whether and the extent to which the proposed amendment is compatible with existing and proposed uses in the area of the subject property(s).

FINDINGS

The proposed amendment **is not compatible** with surrounding existing uses in the area.

Using aerial photographs, the County Property Appraiser's website and conducting a site visit, staff observed a total of 13 parcels including the subject parcel within the 500' radius impact area. All parcels are zoned VAG-1 and consist of six parcels used for timber or agriculture, three parcels used for agriculture with one single family dwelling on each, and four small vacant parcels that are too small for agriculture or residential use.

Findings-of-Fact – Z-2011-02 February 7, 2011 Planning Board Hearing Page 4 of 4

CRITERION (4)

Changed conditions.

Whether and the extent to which there are any changed conditions that impact the amendment or property(s).

FINDINGS

Staff found **no changed** conditions that would impact the amendment or property(s).

CRITERION (5)

Effect on natural environment.

Whether and the extent to which the proposed amendment would result in significant adverse impacts on the natural environment.

FINDINGS

According to the National Wetland Inventory, wetlands **are not** indicated on the subject property; although, the Soil Survey of Escambia County, indicated hydric soils (grady loam, drained) **are** on the subject property. When applicable, further review during the Development Review Committee (DRC) process will be necessary to determine if there would be any significant adverse impact on the natural environment.

CRITERION (6)

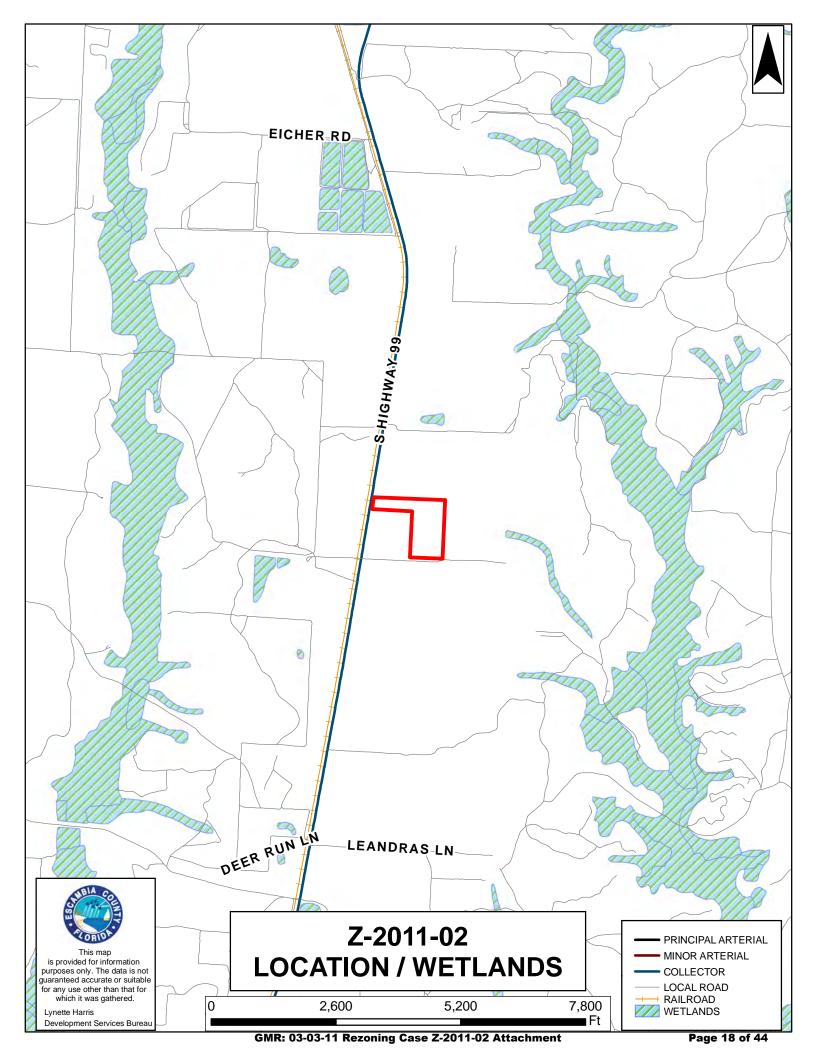

Development patterns.

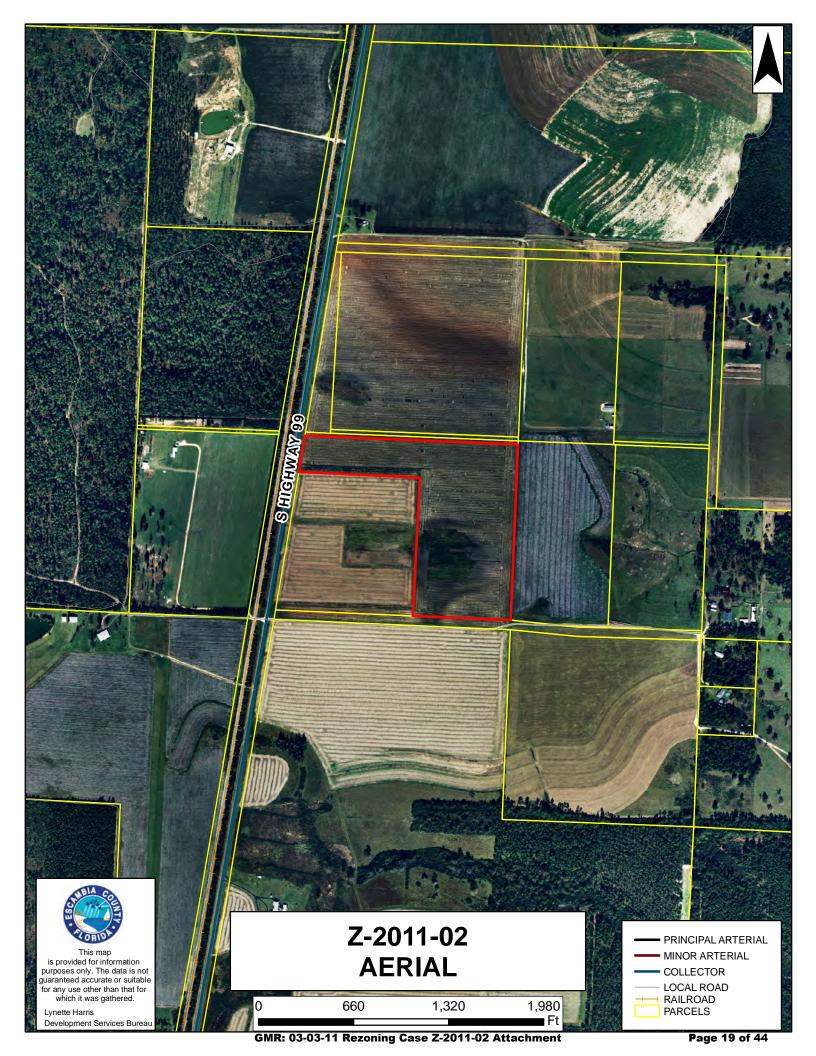

Whether and the extent to which the proposed amendment would result in a logical and orderly development pattern.

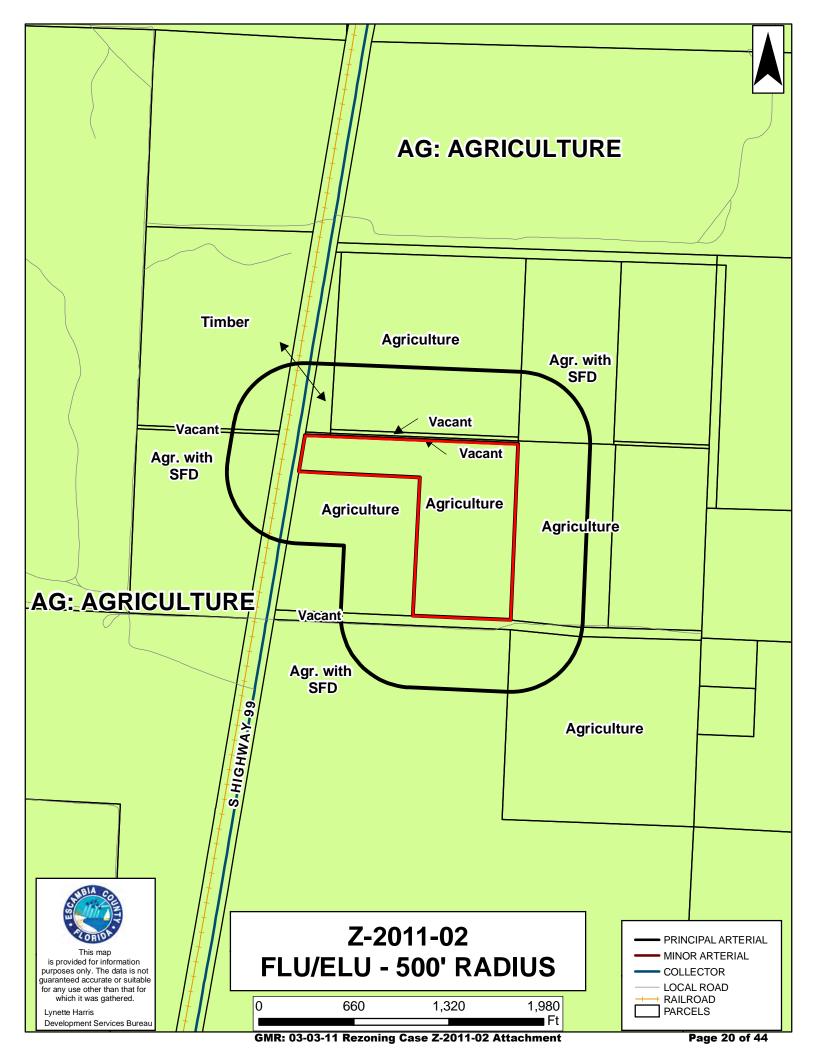

FINDINGS

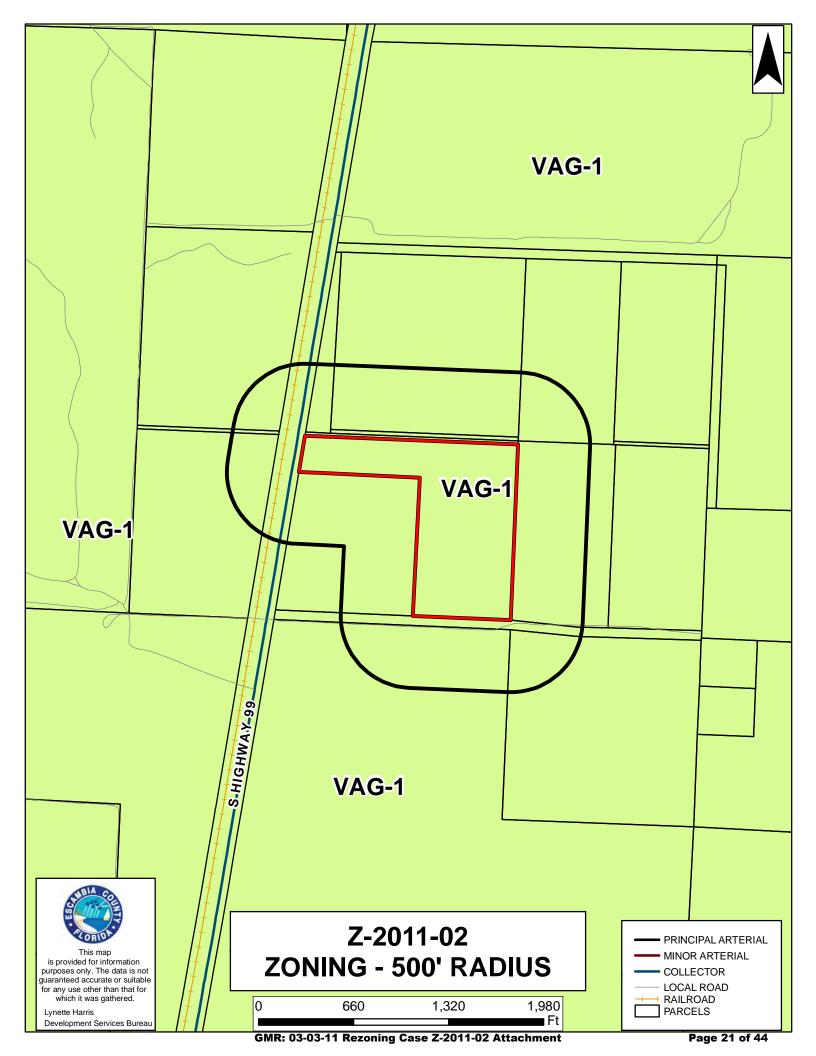

The proposed amendment **would not** result in a logical and orderly development pattern for the rural agricultural area of the County. The proposed amendment to VAG-2 is not compatible with the existing and proposed uses in the area. With the exception of the four small vacant parcels, the surrounding parcels consist of large parcels that are viable for agricultural operations. The proposed amendment could potentially result in the premature conversion of prime farmland acreage to nonagricultural uses.

Note: The above technical comments and conclusion are based upon the information available to Staff prior to the public hearing; the public hearing testimony may reveal additional technical information.

CONCURRENCY DETERMINATION ACKNOWLEDGMENT

Project name (if applicable):	
Property Reference Number(s): 05-3N-32-1310-000-000	
Project Address: 5890 S. HWY 99, Walnut Hill, 32568	

I/We acknowledge and agree that no future development for which concurrency of required facilities and services must be certified shall be approved for the subject parcel(s) without the issuance of a certificate of concurrency for the de velopment bas ed on the actual densities and intensities proposed in the future de velopment's per mit application.

I/We also acknowledge and agree that approval of a zoning district amendment (rezoning) or Future Land Use Map amendment does not certify, vest, or otherwise guarantee that concurrency of required facilities and services is, or will be, available for any future development of the subject parcels.

I/We further ac knowledge and agree t hat no de velopment for which concurrency must be contified shall be approved unless at least one of the following minimum conditions of the Comprehensive Plan will be met for each facility and service of the County's concurrency management system prior to development approval:

- a. The necessary facilities or services are in place at the time a development permit is issued.
- b. A development permit is issued subject to the condition that the necessary facilities and services will be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.
- c. For parks and r ecreation facilities and roads, the necessary facilities are under construction at the time the development permit is issued.
- d. For parks and recreation facilities, the necessary facilities are the subject of a binding executed contract for the construction of the facilities at the time the development permit is issued and the agreement requires that facility construction must commence within one year of the issuance of the development permit.
- e. The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.3220, F.S., or as amended, or an agreement or development order issued pursuant to Chapter 380, F.S., or as amended. For transportation facilities, all in-kind improvements detailed in a proportionate fair share agreement must be completed in compliance with the requirements of Section 5.13.00 of the LDC. For wastewater, s olid waste, pot able water, and s tormwater facilities, any s uch agreement will g uarantee the necessary facilities and services to be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.
- f. For roads, the necessary facilities needed to serve the development are included in the first three years of the applicable Five-Year Florida Department of Transportation (FDOT) Work Program or are in place or under actual construction no more than three years after the issuance of a County development order or permit.

WARRANTY DEED (Statutory Form-Section 689.02, F.S.)

This Indenture, Made this 26 day of October, 2006, between JOSEPHINE JANTZ, an unremarried widow, whose address is 95 26th Avenue, Moundridge, Kansas, 67107, Grantor, and MICHAEL E. BLACK and KRISTI Y. BLACK, husband and wife, whose address is 748 Pinebrook Circle, Cantonment, Florida 32533, Grantee,

WITNESSETH, That said Grantor, for and in consideration of the sum of Ten and 00/100 (\$10.00) Dollars, and other good and valuable considerations to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to said Grantee, and Grantee's heirs and assigns forever, the following described land, situate, lying and being in Escambia County, Florida, to wit:

SEE EXHIBIT "A" ATTACHED HERETO AND BY THIS REFERENCE MADE A PART HEREOF.

The above described property is vacant land and not the constitutional homestead of the Grantor who resides in Kansas.

Subject to zoning and other requirements imposed by governmental authorities; restrictions and matters appearing on the plat, if there is a recorded plat, or otherwise common to the subdivision, if the property is located within a subdivision; valid easements and mineral reservations of record affecting the property, if any, which are not hereby reimposed; and taxes for the current and subsequent years.

Grantor does hereby fully warrant the title to said land, and will defend the same against the lawful claims of all persons whomsoever.

"Grantor" and "Grantee" are used for singular or plural, as context requires.

IN WITNESS WHEREOF, Grantor has hereunto set Grantor's hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

Growth Management Report

Date: 03/03/2011

Issue: 5:45 p.m. - Public Hearing - Amendment to the Official Zoning Map

From: T. Lloyd Kerr, AICP

Organization: Development Services

RECOMMENDATION:

That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning case heard by the Planning Board on February 7, 2011 and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

BACKGROUND:

Rezoning case Z-2011-02 was heard by the Planning Board on February 7, 2011. Under the Land Development Code (LDC), the Board of County Commissioners reviews the record and the recommended order of the Planning Board and conducts a Public Hearing for adoption of the LDC Zoning Map Amendment.

As a means of achieving the Board's goal of "decreasing response time from notification of citizen needs to ultimate resolution", the Board is acting on both the approval of the Planning Board's recommendation and the LDC Map Amendment for this month's rezoning cases. The previous report item addresses the Board's determination regarding the Planning Board's recommendation. This report item addresses only the Public Hearing and adoption of the Ordinance amending the LDC Official Zoning Map.

BUDGETARY IMPACT:

No budgetary impacts are expected as a result of the recommended Board action.

LEGAL CONSIDERATIONS/SIGN-OFF:

A copy of the standardized Ordinance has initially been provided to the County Attorney's office for review regarding compliance with rezoning requirements in Florida Statutes and the Land Development Code.

PERSONNEL:

No additional personnel are anticipated for the implementation of this recommended Board action.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Board Chairman will need to sign the Ordinance to amend the Official Zoning Map.

IMPLEMENTATION/COORDINATION:

This Ordinance, amending the Land Development Code Official Zoning Map, will be filed with the Department of State following adoption by the Board.

This Ordinance is coordinated with the County Attorney's Office, the Development Services Bureau and interested citizens. The Development Services Bureau will ensure proper advertisement.

Draft Map Ordinance

ORDINANCE NUMBER 2011-____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART III OF THE ESCAMBIA COUNTY CODE OF ORDINANCES (1999), THE LAND DEVELOPMENT CODE OF ESCAMBIA COUNTY, FLORIDA, AS AMENDED; AMENDING ARTICLE 6, SECTION 6.02.00, THE OFFICIAL ZONING MAP; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. Purpose and Intent.

The Official Zoning Map of Escambia County, Florida, as adopted by reference and codified in Part III of the Escambia County Code of Ordinances (1999), the Land Development Code of Escambia County, Florida, as amended: Article 6, Section 6.02.00, and all notations, references and information shown thereon as it relates to the following described real property in Escambia County, Florida, is hereby amended as follows.

Case No.: Z-2011-02 Location: 5890 Hwy 99

Property Reference No.: 05-3N-32-1310-000-000

Property Size: 25.73 (+/-) acres

From: VAG-1, Villages Agriculture District

(5 du/100 acres on one acre parcels)

To: VAG-2, Villages Agriculture District

(1 du/ 5 acres)

FLU Category: AG, Agriculture

Section 2. Severability.

If any section, sentence, clause or phrase of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this Ordinance.

Section 3. Inclusion in Code.

It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall be codified as required by F.S. § 125.68 (2010); and that the sections, subsections and other provisions of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section," "article," or such other appropriate word or phrase in order to accomplish such intentions.

Section 4. Effective Date.	
This Ordinance shall become effective upon f	iling with the Department of State.
DONE AND ENACTED by the Board of Cour	ty Commissioners of
Escambia County Florida, thisday	of, 2011.

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Public Hearing Item #: 2.

Growth Management Report

Date: 03/03/2011

Issue: 5:46 p.m.– Public Hearing – LDC Ordinance – Articles 3, 6 & 9 "Single Family

Living"

From: T. Lloyd Kerr, AICP
Organization: Development Services

RECOMMENDATION:

That the Board review an Ordinance to the Land Development Code (LDC) amending Article 3 "Definitions," to amend the definition of "dwelling, single-family" and defining "family" and "fraternity/sorority house"; amending Article 6 "Zoning Districts," creating Section 6.04.18 to restrict occupancies in designated residential zoning districts to families; amending Article 9 "Nonconforming Uses and Noncomplying Structures", creating Section 9.08.00 to terminate nonconforming uses in violation of this Ordinance.

This hearing serves as the first of two required Public Hearings before the Board of County Commissioners as set forth in LDC Section 2.08.04(b) and F.S. 125.66(4)(b).

BACKGROUND:

The Board of County Commissioners has established certain lower density residential zoning districts that are intended to promote single-family occupancies. However, in many instances, the owners of parcels within these zoning districts rent, lease, or otherwise permit occupancies greater than single family units. These occupancies may include multiple unrelated individuals in the same single-family dwelling, such as unsanctioned "frat houses" and unregulated boarding houses. Such occupancies frequently result in greater noise, congestion, motor vehicle traffic, and otherwise disturb the peace and quiet enjoyed by families residing in lower density residential zoning districts. To combat this problem, the Board of County Commissioners has requested an ordinance limiting occupancies of single-family dwellings to single family units in designated residential zoning districts.

The Planning Board reviewed and recommended approval of the Ordinance at the February 7, 2011 meeting.

BUDGETARY IMPACT:

No budgetary impact is anticipated by the adoption of this Ordinance.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached Ordinance was reviewed and approved for legal sufficiency by Ryan Ross, Assistant County Attorney. Any suggested legal comments are attached herein with the respective Ordinance to which they pertain.

PERSONNEL:

No additional personnel are required for implementation of this Ordinance.

POLICY/REQUIREMENT FOR BOARD ACTION:

The proposed Ordinance is consistent with the Board's goal "to increase citizen involvement in, access to, and approval of, County government activities."

IMPLEMENTATION/COORDINATION:

Implementation of this Ordinance will consist of an amendment to the LDC and distribution of a copy of the adopted Ordinance to interested citizens and staff.

The proposed Ordinance was prepared in cooperation with the Development Services Bureau, the County Attorney's Office and all interested citizens. The Development Services Bureau will ensure proper advertisement.

Ordinance Draft 4A

RE: Art. 3, 6 & 9 "Single Family Living"

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AMENDING PART III OF THE ESCAMBIA COUNTY CODE OF ORDINANCES (1999). THE LAND DEVELOPMENT CODE OF ESCAMBIA COUNTY, FLORIDA, AS AMENDED; PROVIDING FOR LEGISLATIVE FINDINGS; AMENDING ARTICLE 3, SECTION 3.02.00, TO AMEND THE DEFINITION OF "DWELLING. SINGLE-FAMILY" AND DEFINING "FAMILY" AND "FRATERNITY/SORORITY HOUSE": CREATING ARTICLE 6, SECTION RESTRICT 6.04.18. TO **OCCUPANCIES** IN DESIGNATED RESIDENTIAL ZONING DISTRICTS TO FAMILIES; UNITS; CREATING ARTICLE 9, SECTION 9.08.00, TO TERMINATE NONCONFORMING USES IN VIOLATION OF THIS ORDINANCE; PROVIDING FOR SEVERABILITY: PROVIDING FOR INCLUSION IN THE CODE: PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, through its land development code, the Escambia County Board of County Commissioners has designated zoning districts and established lists of permitted, conditional, and prohibited uses consistent with the intent and purpose of each zoning district; and

WHEREAS, the Board of County Commissioners has established certain lower density residential zoning districts that are intended to promote single-family occupancies; and

WHEREAS, in many instances, the owners of parcels within these zoning districts rent, lease, or otherwise permit occupancies greater than single family units: and

WHEREAS, these occupancies may include multiple unrelated individuals in the same single-family dwelling; and

WHEREAS, the Board of County Commissioners finds that such occupancies frequently result in greater noise, congestion, motor vehicle traffic, and otherwise disturb the peace and guiet enjoyed by families residing in lower density residential zoning districts; and

WHEREAS, the Board of County Commissioners accordingly finds that limiting occupancies to single families in lower density residential zoning districts advances the public health, safety, and welfare.

NOW, THEREFORE BE IT ORDAINED BY THE BOARD OF COUNTY **COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:**

Section 1. Legislative findings.

The aforementioned recitals are hereby incorporated into this ordinance as legislative findings rendered by the Board of County Commissioners in support of this ordinance.

<u>Section 2.</u> Part III of the Escambia County Code of Ordinances, the Land Development Code of Escambia County, Article 3, Section 3.02.00, is hereby amended as follows:

Dwelling, Single-family. A detached building designed as a single dwelling unit. In all single-family zoning districts as designated by Article 6 of the land development code, this shall mean a single residential building consisting of one dwelling unit that is arranged, intended or designed for one family.

Family. One person, or a group of two or more persons living together occupying the whole or part of a single-family dwelling as a single housekeeping unit; however, "family" shall not include the following:

A. Any group of five (5) or more persons who are each not related by blood, marriage or adoption, guardianship, or other duly authorized custodial relationship, unless such group is operating as a group home or community residential home as defined by this code or is otherwise protected by the Fair Housing Act.

B. A fraternity, sorority, or other association, club, or team consisting of students affiliated with a social, honorary, or professional organization, whether or not recognized by a college or university, including occupancies of off-campus single-family dwellings, whether or not formally regulated by the college or university. Evidence of such occupancies may include, but is not limited to, conspicuous display of group insignias or logos, recurring meetings, and parties or other social events. Nothing in this section shall be deemed to impose liability for any college or university for violations of this section unless the college or university owns, possesses, or otherwise controls the property being used as a single-family dwelling.

C. Any group of individuals who are in a group living arrangement as a result of criminal offenses, unless otherwise required by state or federal law.

Fraternity/sorority house. See "Family."

<u>Section 3.</u> Part III of the Escambia County Code of Ordinances, the Land Development Code of Escambia County, Article 6, Section 6.04.18., is hereby created to read as follows:

42 <u>6.04.18. Single-family dwellings.</u> In all single-family zoning districts, exclusive of those zoning districts established under Article 13 of the land development code, the occupancy of single-family dwellings is limited to one family as defined under Section

BCC 03-03-11

RE: Art. 3, 6 & 9 "Single Family Living"

	DRAFT
1	3.02.00 of this code. However, nothing in this section shall be construed to limit or
2	restrict any occupancy otherwise authorized or licensed by state or federal law.

SAMPLE DEFINITIONS FOR "FAMILY" AND "FRATERNITY/SORORITY HOUSES" IN VARIOUS FLORIDA COUNTIES

BROWARD COUNTY

Municipalities: Fort Lauderdale, Hollywood, Coral Springs

Population: 1,766,476

Education: Florida International, Florida Atlantic, Nova Southeastern

Family: Any number of persons living together as a single housekeeping unit, whether legally related to each other or not. The persons constituting a family may include gratuitous guests and domestic servants, but shall not include paying guests.

ORANGE COUNTY

Municipalities: Orlando, Apopka, Winter Park

Population: 1,086,480

Education: University of Central Florida, Rollins College

Family: An individual; or two (2) or more persons related by blood, marriage or adoption, exclusive of household servants, occupying a dwelling and living as a single nonprofit housekeeping unit; or four (4) or fewer persons, not related by blood, marriage or adoption, exclusive of household servants, occupying a dwelling and living as a single nonprofit housekeeping unit, in either case as distinguished from persons occupying a boardinghouse, lodging house, rooming house or hotel, as herein defined.

Club (redirected from "Fraternity"): Buildings, facilities and property owned and operated by a corporation or association of persons for social or recreational purposes, including those organized chiefly to promote friendship and welfare among its members, but not operated primarily for profit or to render a service which is customarily carried on as a business.

LEE COUNTY

Municipalities: Cape Coral, Fort Myers, Bonita Springs

Population: 586,908

Education: Florida Gulf Coast, Barry University

Family: One or more persons occupying a dwelling unit and living as a single, nonprofit housekeeping unit, provided that a group of five or more adults who are not related by blood, marriage or adoption shall not be deemed to constitute a family. The term "family" shall not be construed to mean a fraternity, sorority, club, monastery, convent, or institutional group.

Fraternity house: A dwelling used and occupied by a fraternity or sorority composed of college or university students and containing and providing domestic and social facilities and services thereto

SEMINOLE COUNTY

Municipalities: Sanford, Altamonte Springs, Oviedo

Population: 413,204

Education: Seminole State College

Family: One (1) or more persons living as a single housekeeping unit, as distinguished from a group occupying as hotel, club, fraternity, sorority, or institutional group.

SARASOTA COUNTY

Municipalities: Sarasota, Venice, Longboat Key

Population: 369,765

Education: New College of Florida, USF-Sarasota/Manatee

Family: One or more persons occupying a single dwelling unit, provided that, unless all members are related by law, blood, adoption, marriage, or are under a judicial order for foster care, no such family over four persons, except in the RMF (Residential Multifamily) District where no such family shall contain more than six persons. A family consisting of individuals protected by the Fair Housing Act shall not contain over six persons in any district. Domestic servants employed on the premises may be housed on the premises without being counted as a separate or additional family or families. The term "family" shall not be construed to mean a fraternity, sorority, club, monastery or convent, or institutional group.

Commentary: "Family" is a term used to regulate types of housing protected by the Fair Housing Act, which includes a requirement that homes providing care for the disabled and similar functions with six or fewer individuals must be treated the same way as single-family residences. However, many other uses are regulated by this ordinance – see community residential home, group home, and social service institution, for example.

MARION COUNTY

Municipalities: Ocala, Belleview, Dunnellon

Population: 328.547

Education: College of Central Florida

Family: One or more persons occupying the whole or part of a dwelling unit and living as a single housekeeping unit; provided that a group of four or more who are not within the second

degree of kinship shall not be deemed to constitute a family, except as set forth in Title VIII of the Civil Rights Act of 1968 and as subsequently amended by the Fair Housing Amendments Act of 1968

LEON COUNTY

Municipalities: Tallahassee Population: 265,714

Education: Florida State University, Florida A&M, Tallahassee Community College

Family: One person, or a group of two or more persons living together occupying the whole or part of a dwelling as a single housekeeping unit.

Fraternity or sorority houses: A dwelling or combination of dwellings on a single lot occupied by and maintained exclusively for college students who are affiliated with a social, honorary, or professional organization recognized by the college or university.

ALACHUA COUNTY

Municipalities: Gainesville, High Springs, Waldo

Population: 243,574

Education: University of Florida, Santa Fe Community College

Family: One or more persons occupying a living unit as a single, nonprofit housekeeping unit.

Fraternity or sorority house: A structure used as group living quarters for students of an educational facility who are members of a fraternity or sorority that has been officially recognized by the educational facility.

SANTA ROSA COUNTY

Municipalities: Milton, Gulf Breeze, Jay

Population: 151,759

Education: University of West Florida

Family: Two (2) or more individuals related by blood, marriage or adoption and not more than four (4) unrelated persons living together as a single housekeeping unit and doing their cooking on the premises, as distinguished from a group occupying a boarding house, lodging house or hotel, as herein defined.

CITY OF PENSACOLA

Population: 53,248

Education: University of West Florida, Pensacola State College, Pensacola Christian

College

Family: One or more persons occupying a dwelling unit and using common utility services, provided that unless all members are related by blood or marriage, no such family shall contain over four (4) persons.

Fraternity house, sorority house, or student cooperative: A building occupied by and maintained exclusively for students affiliated with an academic or professional college or university or other recognized institution of higher learning regulated by such institution.

Note: Population based on 2009 U.S. Census estimates. As a comparison, the 2009 estimate for Escambia County's population was 303,343.

Subject:

Fraternity House/Zoning Issues

Hello Commissioners

It has come to my attention that you are going to address the above issue at the Committee of the Whole meeting tomorrow, December 16, 2010.

I live at 10019 which is just off of Hillview Road not far from the two homes that are in question as to the zoning.

I have done some research on single family zoning and found two cases that I think you need to read in considering this issue.

The first is from a New York State case where they addressed the definition of single family in the zoning law and building codes.

The second is from Macomb, llinois where the city adopted an ordinance on single family definition into their code.

In both cases, they list what R-1,R-2 Single Family residential zoning does not include which is

- 1. Any society;,club,fraternity,sorority, association,lodge. combine,federation,coterie or like organizations.
- 2. Any group of individuals whose association to each other is temporary and /or seasonal in nature.
- 3. Any group of individuals who are in a group living arrangement as a result of criminal offenses.

It is my belief that you need to adopt language such as this above into our Zoning code to protect the rights of the home owners in our county to the enjoyment of a nice place to live with their families to preserve the neighborhood character and ensure peace and quite.

I am asking you to take this information into consideration when you discuss this issue tomorrow.

I will be there along with some of my neighbors and would love the opportunity to address this issue.

Thank you for your consideration of my suggestions.

Respectfully,

Alexis Bolin 10019 Autumn Lane Pensacola, FL 32514

Cell- 850-777-0275

The Final Ordinance on Single Family Definition as Adopted by the City of Macomb.

AN ORDINANCE TO REVISE CERTAIN PROVISIONS OF CHAPTER 17 OF THE MUNICIPAL CODE OF MACOMB, ILLINOIS CONCERNING THE DEFINITION OF FAMILY AS USED IN ZONING.

Preamble

- A. On November 18, 1997, the City Council of the City of Macomb, McDonough County, Illinois (the Council and City respectively) adopted Ordinance No. 2750 adopting a unified development code for the City (the "Unified Development Code")
- B. Since the adoption of the Unified Development Code, the **Project HANDS** (Homeowners and Neighborhood Defense Strategy), (the "Project HANDS") a citizen's group has identified certain definition revision which would improve the operation of the Unified Development Code.
- C. On October 8, 2001, notice of public hearing was published in the Macomb Journal, a secular newspaper of general circulation in the City, concerning a public hearing by the City Planning Commission to consider revisions to the Unified Development Code consistent with the request made by Project HANDS recommendations.
- D. On October 24, 2001, at 5:15 p.m., the Planning Commission conducted a public hearing at the Wesley United Methodist Church, 1212 West Calhoun Street, Macomb, Illinois to consider the proposed change to the Unified Development Code.
- E. The Planning Commission considered the recommended revisions to the Unified Development Substantial objections to the revision were heard as well as substantial support of the revision and the Planning Commission voted unanimously on November 28, 2001 to recommend the revision to the Council for adoption.

1

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MACOMB, McDONOUGH COUNTY, ILLINOIS AS FOLLOWS:

Section 1. Revision of Article II, Section 2 of the Unified Development Code Article II, Section 2 of the Unified Development Code is amended by deleting the words and figures in brackets and by adding the words and figures underlined as follows:

Section 2. Definitions Family In R-1 and R-2, single family residential zoning districts, a family may consist of a person living alone, or any of the following groups living together as a single housekeeping unit (see also definition of "Single Housekeeping Unit") and sharing common living, sleeping, cooking and eating facilities:

- (1) Any number of people related by blood, marriage, adoption, guardianship or other duly-authorized custodial relationship;
- (2) Two (2) unrelated people;
- (3) Two (2) unrelated people and any children related to either of them;
- (4) An individual or group of two (2) or more persons related by blood, marriage or legal adoption, together with not more than six (6) minor children operating as a foster family home or group home which is licensed by the State of Illinois;
- (5) A group home for the disabled as defined in Article Two, Chapter One, Section Two of the Unified Development Code for the City of Macomb;
- (6) Three (3) or more people who are granted a Special Use Permit as a "Functional Family Unit" as defined by the Unified Development Code of the City of Macomb.

In R-1 and R-2, single family residential zoning districts, a family does not include:

- (1) Any society, club, fraternity, sorority, association, lodge, combine, federation, coterie or like organizations;
- (2) Any group of individual whose association to each other is temporary and/or seasonal in nature;
- (3) Any group of individuals who are in a group living arrangement as a result of criminal offenses.

In R-3, two family residential zoning district and R-4, multiple family residential zoning district, a family may consist of any of the following living together as a single house keeping unit (see also definition of Single Housekeeping Unit) within a dwelling unit: { See also Single Housekeeping Unit. A family may consist of any of the following living together as a single housekeeping unit within a dwelling unit:}

- (1) An individual or group of two (2) or more persons related by blood marriage or legal adoption, together with not more than three (3) additional persons not related by blood, marriage or adoption:
- (2) An individual or group of two or more persons related by blood, marriage or legal adoption, together with not more than six (6) minor children operating as a foster family home or group home which is licensed by the State of Illinois. (Ord. No. 1403, § 1, 8/20/73)

Functional Family Unit

In R-1 and R-2, single family residential zoning districts, a functional family unit shall consist of a group of individuals living together in a single dwelling unit and functioning as a family with respect to those characteristics that are consistent with the purposes of zoning restrictions in single family residential neighborhoods. In determining whether or not a group of unrelated individuals is a functional family unit under this definition, the following criteria must be used.

- (1) The occupants must share the entire dwelling unit. A unit in which the various occupants act as separate roomers cannot be deemed to be occupied by a functional family unit.
- (2) The following factors shall be considered in determining whether a functional family unit exists:
- (a) The presence of minor dependent children regularly residing in the household;
- (b) Proof of the sharing of expenses for food, rent or ownership costs, utilities and other household expenses and sharing in the preparation, storage and consumption of food;
- (c) Whether or not different members of the household have the same address for the purposes of voter registrations, drivers' licenses, motor vehicle registrations, summer or other residences and the filing of taxes;
- (d) Common ownership of furniture and appliances among the members of the household:
- (e) Enrollment of dependent children in local schools;
- (f) Employment of the householders in the local area;
- (g) A showing that the household has been living together as a unit for a year or more, whether in the current dwelling unit or other dwelling units;
- (h) Any other factor reasonably related to whether or not the group or persons in the functional equivalent of a family.

NY State Legal Memorandum -DEFINITION OF "FAMILY" IN ZONING LAW AND BUILDING CODES

An appropriate definition of "family" is basic to density and use prescriptions of zoning laws and to the applicability of building code laws. This memorandum discusses the definition in the context of such laws.

ZONING

Any successful zoning scheme which purports to create and attain a single-family zoning district must contain a definition of family. Dating back to 1974, the U.S. Supreme Court and many state courts, including our New York Court of Appeals, have examined the question of the definition of family, both in enforcement proceedings and in declaratory judgment actions.

This line of family definition cases has followed a very traditional path of analysis. Courts have carefully looked for some reasonable relationship between the zoning regulation and the goals sought to be achieved by the regulation. Generally, they first examine the goal sought to be achieved to see if it furthers a legitimate governmental objective. They then proceed to scrutinize whether the means designed to reach that end — in this case a definition of family—are reasonable.

Courts have regularly found a legitimate purpose in zoning regulations which are aimed at achieving a homogeneous, traditional single-family neighborhood. "A quiet place where yards are wide, people few, and motor vehicles restricted are legitimate guidelines in a land-use project addressed to family needs," according to the U.S. Supreme Court in Village of Belle Terre v. Boraas, 416 U.S. 1, 9, 94 S Ct 1536, 39 L Ed 2d 797 (1974), a case which upheld, as constitutional, a zoning definition of family against a challenge that it violated the equal protection clause.

To preserve this quiet neighborhood character, many municipalities have enacted definitions of "family" to exclude groups of individuals who, it is perceived, degrade the single family district. For example, in college towns or resort areas, municipalities are often concerned about fraternities and other groups of unrelated college students living together in crowded conditions in single family areas. Such living conditions can cause parking, noise, litter and congestion problems. Many local governments, therefore, have enacted restrictive definitions of family within their zoning and building codes, and enforce these provisions against groups who do not meet the "family" definition, in an effort to keep out those who would otherwise cause or contribute to unwanted neighborhood impacts.

SUMMARY OF THE ESCAMBIA COUNTY PLANNING BOARD HELD ON FEBRUARY 7, 2011

ESCAMBIA COUNTY CENTRAL OFFICE COMPLEX 3363 WEST PARK PLACE, FIRST FLOOR PENSACOLA, FLORIDA

(8:32 A.M. - 12:41 P.M.)

MEMBERS PRESENT: Wayne Briske, Chairman

Tim Tate, Vice Chair

Steven Barry (arrived at 8:35 a.m.)

Dorothy Davis Vann Goodloe Karen Sindel Alvin Wingate

Stephanie Oram, Navy Representative (non-voting)

MEMBERS ABSENT: Patty Hightower, School Board Representative (non-voting)

STAFF PRESENT: Stephen West, Assistant County Attorney

Ryan Ross, Assistant County Attorney

T. Lloyd Kerr, Bureau Chief, Development Services Horace Jones, Division Manager, Development Review Andrew Holmer, Senior Planner, Development Review

Allyson Cain, Planner II, Development Review

David Forte, Planner I, Projects & Comprehensive Planning

Lynette Harris, Urban Planner I, Projects & Comprehensive Planning

Karen Spitsbergen, Board Clerk, Development Review

8:32 AM Quasi-Judicial Meeting Convened

1. The meeting was called to order at 8:32 a.m. with 7 voting members present.

Invocation and pledge was given by Wingate.

3. Proof of Publication was given by the Board Clerk.

4. Rezoning Public Hearings

A. Case No.: Z-2011-02

Location: 5890 Hwy 99 (05-3N-32-1310-000-000)

From: VAG-1, Villages Agriculture District (5 du/100

acres on one acre parcels)

To: VAG-2, Villages Agriculture District (1 du/ 5

acres)

Requested by: Michael E. Black, Owner

PB Meeting Summary February 7, 2011 Page 2 of 5

Speakers: Michael E Black, Owner

David Forte

Howard D. Maines

Motion was made by Barry to accept staff's findings of fact for criterion 2, 4, and 5 and amended staff's criterion 1 to reflect consistency with CPP 7.A.4.3 states "higher densities will be discouraged" and cannot be intended as a basis for denial of this rezoning; criterion 3 surrounding uses are compatible with the requested zoning; and criterion 6 would result in a logical and orderly development pattern; and recommend approval of the VAG-2 request, seconded by Tate and passed unanimously (7-0).

9:30 AM Quasi-Judicial Meeting Adjourned 9:35 AM JLUS IOC Meeting Convened

- 1. The meeting was called to order at 9:35 a.m.
- Stephanie Oram, Navy Representative gave a brief synopsis of the upcoming revisions to the AICUZ zones. There will be some changes to the noise contours and the AIPD zones. The Wind turbine ordinance will have no impact on the mission of the Navy at this time; however, should in the future a wind farm be suggested there may be some comments from the Navy depending on the location of the farm.

9:40 AM JLUS IOC Meeting Adjourned 9:41 AM Regular Meeting Convened

- 1. The meeting was called to order at 9:41 a.m. with 7 voting members present.
- 2. Proof of publication was given by the Board Clerk.
- 3. Board Minutes
 - A. **RECOMMENDATION:** That the Planning Board review and approve the Meeting Summary Minutes of the January 19, 2011 Planning Board Meeting.

Motion was made by Davis to approve the meeting minutes, seconded by Barry and passed unanimously (7-0).

- B. Planning Board Monthly Action Follow-up Report for February 2011.
- C. Planning Board 6-Month Outlook for February 2011.
- 4. Public Hearings
 - A. LDC Ordinance Article 3, 6 & 9 "Single Family Living"; presented by T. Lloyd Kerr, Bureau Chief, Development Services

RECOMMENDATION:

That the Planning Board review and recommend approval to the Board of County Commissioners (BCC) for adoption, an Ordinance to the Land Development Code (LDC) amending Article 3 "Definitions," to amend the definition of "dwelling, single-family" and define "family"; amending Article 6 "Zoning Districts," creating Section 6.04.18 to restrict occupancies in designated residential zoning districts to single family units; amending Article 9 "Nonconforming Uses and Noncomplying Structures", creating Section 9.08.00.

Speakers:

Elisabeth Barber Dorothy Dubuisson

Alexis Bolin
Steve Warner
Eva Peterson

Jim Hunt
Dave Thomas
Steve Littlejohn

Commissioner Robertson

After public input and discussion, the Board adopted the ordinance with the following changes to Draft 3B of the ordinance:

- 1. Changing the language on page 2, line 9 through 10, to read "In all single family zoning districts,"
- 2. Strike the language at the end of line 12 and 13 and end the paragraph as "that is arranged, intended or designed for one family."
- 3. Include on lines 24 and 26, "whether or not" where specified.
- 4. Strike Section 2 Item C related to temporary guests from the ordinance.
- 5. Include the definition of "fraternity/sorority house" to say see "family."
- 5. Section 3: to be consistent with the definition of single family dwelling throughout the ordinance.
- 6. Section 4: strike all proposed language and insert language "The provisions of this Article shall not apply to any nonconforming uses in violation of Section 6.04.18. Such uses shall cease as of the effective date of the ordinance establishing 6.04.18. Nothing in this section shall impair or terminate any lawful contract or lease in existence prior to the effective date of the ordinance establishing Section 6.04.18."

Motion was made by Tate to approve with the changes mentioned to the ordinance and forward to the BCC, seconded by Barry and passed (6-1) with Sindel opposed.

B. LDC Ordinance – Articles 3, 6 & 7 "Outdoor Storage & Outdoor Screening": presented by T. Lloyd Kerr, Bureau Chief, Development Services

RECOMMENDATION:

That the Planning Board review and recommend approval to the Board of County Commissioners (BCC) for adoption, an Ordinance to the Land Development Code (LDC) amending Article 3 "Definitions," to define "outdoor sales" and redefine "outdoor storage"; amending Article 6 "Zoning Districts," to create Section 6.04.18 to add tables for outdoor storage categories and outdoor standards and amending Sections 6.05.14 and 6.05.16 to establish the zoning districts where outdoor sales are permitted; and amending Article 7 "Performance Standards" to clarify screening for outdoor storage.

Motion was made by Tate to recommend approval of the ordinance and forward to the BCC, seconded by Goodloe, and passed unanimously (7-0).

- 5. Action/Discussion/Info Reports
 - A. Discussion Item Proposed LDC Ordinance Storage of Hazardous Material in Industrial Zoning Districts

Board recommended staff to get clear direction regarding this issue from the BCC.

B. Discussion Item – Planning Board Mission, Assignments & Projects for FY 2010/11

No Action taken

C. Information Report – CPA – EAR Based Amendments - Remedial Amendments: Revisions made to Ordinance No. 2010-16

Staff informed Board about Notice of Intent issued February 7, 2011 from DCA.

6. Bureau Chief's Report

No report.

7. County Attorney's Report

No report.

PB Meeting Summary February 7, 2011 Page 5 of 5

8. Announcements/Communications

No announcement/communications made.

- 9. Scheduling of Future Meetings
 - A. The next Regular Planning Board meeting is scheduled for **Monday, March 7, 2011** at 8:30 a.m., in the Escambia County Central Office Complex, Board Meeting Room, Room 104, 3363 West Park Place, Pensacola, Florida.
- 10. Adjournment

12:41 PM - Regular Board Meeting Adjourned

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Action Item #: 1.

Growth Management Report

Date: 03/03/2011

Issue: Action Item – Fiddler's Walk Final Plat Permit # 05101590

From: T. Lloyd Kerr, AICP

Organization: Development Services

RECOMMENDATION:

That the Board take the following actions concerning the recording of the Final Plat of Fiddler's Walk, (a 47 lot single family residential subdivision), located in the Cantonment Community on West Roberts Road, and lying west of U.S. Highway 29. Fiddler's Walk subdivison is owned and developed by J. Taylor Homes, Inc. Prior to recording, the County Engineer, County Surveyor, Development Services Bureau Chief and the Clerk of the Circuit Court must sign the Final Plat, as set forth in Section 4.02.07.E, of the Escambia County Land Development Code. Also, prior to recording, the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statutes;

- A. Approve the final plat for recording;
- B. Approve the street name "Fiddlers Circle";
- C. Accept all public easements, drainage improvements within public easements/public parcels, Parcel "A" Detention/ Retention Pond (1.74 acres) as depicted upon the final plat for permanent County maintenance subject to the transfer of the stormwater system to operation and maintenance phase through the water management district.

The cost of maintenance for drainage improvements are to be funded through the establishment of a stormwater management MSBU (Municipal Services Benefit Unit); and

D. Authorize the Chairman or Vice-Chairman to execute a Two Year Warranty Agreement.

BACKGROUND:

The preliminary plat was approved on February 15, 2006. Construction Plans were approved on February 11, 2010. The Escambia County Department of Public Safety approved the street name "Fiddler's Circle" on February 15, 2006. Development Services Bureau inspected the improvements on February 15, 2011 and found improvements substantially complete and in accordance with applicable County requirements. An executed Two Year Warranty Agreement will be recorded with the final plat. Staff has reviewed the final plat.

BUDGETARY IMPACT:

There will be indirect staff costs associated with the review of the final plat, inspections and preparation of this recommendation. The Road Department is being copied to ensure all future maintenance requirements can be accommodated in upcoming budgets.

LEGAL CONSIDERATIONS/SIGN-OFF:

This recommendation is consistent with previous practices of the County Attorney's Office. The Two Year Warranty Agreement was reviewed and approved by Stephen West on February 11, 2011.

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required. Future Road Department budgets will reflect additional cost to maintain these improvements.

POLICY/REQUIREMENT FOR BOARD ACTION:

Based on the County Land Development Code – providing procurement for surety to warrant subdivision improvements (Ord. #2002-9) and the Florida State Plat Act - Chapter 177.

IMPLEMENTATION/COORDINATION:

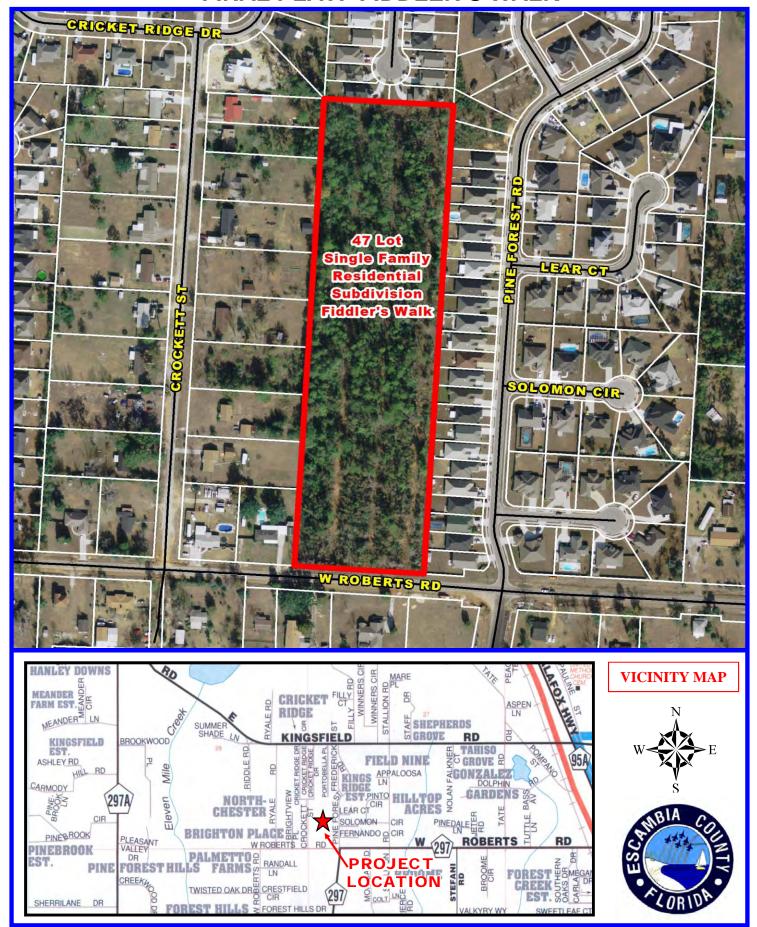

Once the final plat has been approved by the Board and final sign-offs given by the County Engineer, County Surveyor and Development Services Bureau Chief, it will be transmitted to the Clerk of Court's Office for recording in the public records of Escambia County, Florida.

Staff has been in contact with the developer's engineer/surveyor, County Road Department, County Building Inspections and Development Services Bureau.

FINAL PLAT: FIDDLER'S WALK

Prepared by:	
Geci & Associates, Inc.	
2950 N 12th Avenue	
Pensacola, FL 32503	

Pensacola, FL 32503
TWO-YEAR WARRANTY AGREEMENT FOR STREETS AND DRAINAGE IMPROVEMENTS WITH SURETY/FINANCIAL SECURITY (Corporation)
This Two-Year Warranty Agreement (Agreement) is entered by and between J. Taylor Homes , a corporation organized under the laws of the State of Florida whose address is 1050 Urban Drive, Cantonment, FL 32533 (Developer) and Escambia County, a political subdivision of the State of Florida, whose address is Post Office Box, 1591, 221 Palafox Place, Pensacola, Florida 32591 (County).
WITNESSETH:
WHEREAS, Developer has undertaken to develop and construct certain streets and drainage improvements in and for Fiddler's Walk Subdivision Development, more particularly described as follows:
See Exhibit A (Legal Description) for Fiddler's Walk PB PG; and
WHEREAS, Developer wishes to have the streets and drainage improvements dedicated to the public and accepted for maintenance by the County; and
WHEREAS, the streets and drainage improvements have been built and approved in accordance with County standards; and
WHEREAS, a condition of the County accepting the streets and drainage improvements is the Developer's agreement to provide a warranty for the improvements in accordance with Section 4.03.03.C., Escambia County Land Development Code;
NOW, THEREFORE, in consideration of the County accepting the streets and drainage improvements, and for other good and sufficient consideration, the receipt of which is acknowledged, Developer and the County agree as follows:
1. The foregoing recitals are incorporated in this Agreement by reference.
2. Developer warrants that it shall, at its sole expense, for a period of two years from the date of the County's acceptance of the above-referenced streets and drainage improvements (Warranty Period):
a. repair all defects due to design, construction, materials or workmanship that may be

discovered during the Warranty Period; and

- b. take every reasonable precaution during the course of any repairs to protect the work from damage by the elements and provide and maintain suitable barricades and signs, which shall remain lighted from sunset to sunrise; and
- c. indemnify, pay on behalf of, protect, defend, and hold harmless the County, or its officers, agents, and employees from and against any demand, claim, suit, loss, expense or damage that may be asserted against any of them by reason of any alleged damage to property or injury to or death of any person arising out of or in any way related to a defect in streets and drainage improvements or Developer's obligations under this Agreement.
- During the Warranty Period, if in the judgment of the County Engineer or her designee repairs to the 3. streets and drainage improvements become necessary due to any defect in the design, construction, materials, or workmanship, then upon notice from the County, Developer shall, at its sole expense, remove and replace all defective materials, repair any defects, and otherwise bring the improvements into compliance with the construction drawings and specifications approved by the Escambia County Development Review Committee. Developer shall correct any defect within thirty (30) calendar days, or, if the defect cannot reasonably be corrected within that period, commence corrective action within thirty (30) calendar days and thereafter diligently pursue the corrective action to completion. The County Engineer, in her sole discretion, may require the Developer to fulfill its obligations within a shorter period of time in order to comply with federal, state or local regulations or to protect the public health, safety, or welfare. Should the Developer fail to fulfill its obligations, the County may perform the repairs necessary to correct the defect, and the Developer shall be responsible for the costs of any such repairs, even if the County performs the repairs after the expiration of the Warranty Period. If the Developer fails to pay the costs incurred by the County within thirty (30) days of County's written demand, then the County may pursue collection of such costs in a court of competent jurisdiction.
- 4. In any judicial action brought by the County to enforce the provisions of this Agreement, Developer agrees to pay the costs, including reasonable attorney's fees through appeal, that the County may incur. Venue for any judicial action shall lie in Escambia County, Florida.
- 5. The parties shall execute the original Agreement with all attached exhibits. The Developer shall record the executed Agreement in the public records and provide a certified copy of the recorded Agreement to the County's Engineering Department.
- 6. During the Warranty Period, Developer shall advise the County in writing of any change in address, contact information or corporate status.
- 7. Developer's obligations under this Agreement shall include, but not be limited to, those minor infrastructure deficiencies listed in Section 4.03.03.C, Escambia County Land Development Code.
- 8. Developer's failure to perform its obligations under this Agreement may result in the denial of building permits and certificates of occupancy in accordance with Section 4.03.02.A, Escambia County Land Development Code.
- 9. In order to ensure completion of streets and drainage improvements, Developer provides as a security deposit a <u>cash escrow</u> (attached as Exhibit B) in the amount of \$1,927.00 , which is based

on a certified cost estimate prepared and sealed by Developer's Engineer, subject to approval by the County Engineer. A copy of the cost estimate is attached as Exhibit C. The estimate shall list acceptable improvements and any minor documented deficiencies to be evaluated by the County Engineer at a future date prior to release of warranty, including, if applicable, any proposed or required sidewalks. If cash is provided as a security deposit, the County will deposit it in an escrow account with withdrawals conditioned upon the approval of the County Engineer; unused funds shall be released to the Developer upon satisfactory completion of the punch list items. If an irrevocable letter of credit is provided as a security deposit, the original letter of credit shall be returned to the Developer, and the County Administrator shall execute a waiver of the County's right to draw funds on the letter of credit upon satisfactory completion of the Warranty Period.

IN WITNESS THEREOF, the parties have executed this Agreement on the dates shown below.

County Administrator's Report

COUNTY ADMINISTRATOR'S REPORT March 3, 2011

- I. <u>Technical/Public Service Consent Agenda</u>
- 1. Recommendation Concerning the Request for Disposition of Property for the Community & Environment Bureau Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board approve the Request for Disposition of Property concerning a Dell Latitude D620 laptop computer, Property Number 55811, currently assigned to the Extension Office, to be auctioned as surplus or properly disposed of, as described on the Disposition Form.

2. Recommendation Concerning Request for Disposition of Property for the County Administrator's Office - Charles R. "Randy" Oliver, CPA PE, County Administrator

That the Board approve the Request for Disposition of Property for a Dell CPU, Property Identification Number 54766, and a Dell computer laptop, Property Identification Number 53522.

3. Recommendation Concerning the Request for Disposition of County Property for the Community Services Division - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board approve the Request for Disposition of Property for property which is described and listed on the form, with reason for disposition stated; the items are to be auctioned as surplus or properly disposed of.

4. Recommendation Concerning the Requests for Disposition of Property for the Office of Purchasing - Amy Lovoy, Management and Budget Services

Bureau Chief

That the Board approve the three Requests for Disposition of Property for seven computers and one fax machine for the Office of Purchasing, for property which is described and listed on the Disposition Forms with Bureau and reason stated (obsolescence).

II. Budget/Finance Consent Agenda

Recommendation Concerning the State of Florida, Division of Emergency
 Management Modification #1 to Grant Agreement, Contract
 Number 11-BG-05-01-27-01-136 - Michael D. Weaver, Public Safety Bureau
 Chief

That the Board take the following action concerning the State of Florida, Division of Emergency Management Modification #1 to Grant Agreement:

- A. Approve the Modification #1 to Grant Agreement, amending Paragraph 19 (j) of Contract Number 11-BG-05-01-27-01-136, to allow for the use of travel reimbursement rates established by the Escambia County Board of County Commissioners' Policy; and
- B. Authorize the Chairman to execute the Modification #1 to Grant Agreement and all related documents required to implement this Grant Agreement.

[Funding: Fund 110, Other Grants and Projects, Cost Center 330405]

Recommendation Concerning the State of Florida, Division of Emergency
 Management Modification #1 to Grant Agreement, Contract

 Number 11-FG-7W-01-27-01-036 - Michael D. Weaver, Public Safety Bureau Chief

That the Board take the following action concerning the State of Florida, Division of Emergency Management Modification #1 to Grant Agreement:

- A. Approve the Modification #1 to Grant Agreement, amending Paragraph 19 (j) of Contract Number 11-FG-7W-01-27-01-036, to allow for the use of travel reimbursement rates established by the Escambia County Board of County Commissioners' Policy; and
- B. Authorize the Chairman to execute the Modification #1 to Grant Agreement and all related documents required to implement this Grant Agreement.

[Funding: Fund 110, Other Grants and Projects, Cost Center 330409]

3. Recommendation Concerning Supplemental Budget Amendment #118 - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board adopt the Resolution approving Supplemental Budget Amendment #118, Other Grants and Projects Fund (110) in the amount of \$2,678, to recognize additional proceeds from an Agreement between Workforce Escarosa, Inc., and the Escambia County Board of County Commissioners, and to appropriate these funds for the Non-Custodial Parent Placement Program (NCPPP).

4. Recommendation Concerning Supplemental Budget Amendment #119 - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board adopt the Resolution approving Supplemental Budget Amendment #119, Transportation Trust Fund (175) in the amount of \$277,500, to recognize the estimated proceeds from the sale of Public Works Bureau equipment, and to appropriate these funds for purchasing replacement equipment.

5. Recommendation Concerning Budget Amendment #120 - Amy Lovoy,
Management and Budget Services Bureau Chief

That the Board approve Budget Amendment #120, General Fund (001) in the amount of \$1,500,000, moving funds from the Santa Rosa Island (SRI) Drainage Project to Reserves, as a result of the recent legal ruling in favor of the residential plaintiffs on the Portofino taxation and valuation lawsuit against the Escambia County Tax Collector and Property Appraiser.

6. Recommendation Concerning Vending Machine Services - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board extend the Contract for Vending Machine Services, PD 09-10.047, to R & R Vending for one year, effective date April 8, 2011, at the current vending prices, with the snack vending commissions remaining at 20% and the 20-ounce bottles commission reduced from 35% to 25%.

7. Recommendation Concerning Pest and Rodent Control Services Contract Extension - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board approve the Pest and Rodent Control Services Contract extension for a 24-month period, according to the terms and conditions of the original Contract, PD 07-08.056, for an annual estimated amount of \$23,842.

[Funding: Fund 001, General Fund, Object Code 53401, Cost Center 210602]

8. Recommendation Concerning Purchase Order for Accela Land Records

Management Software Maintenance - T. Lloyd Kerr, AICP, Development Services

Bureau Chief

That the Board approve and authorize a Purchase Order, in the amount of \$117,719, to Accela, Inc., for proprietary annual software maintenance for Escambia County.

[Funding: Fund 001, General Fund, Cost Center 140101, Information Systems - \$58,859.50 and Fund 406, Building Inspections Fund, Cost Center 250101, Permitting - \$58,859.50]

9. Recommendation Concerning the Purchase of Real Property Located at 11800 and 11860 Mobile Highway from Gregory and Linda English - Joy D. Blackmon, P.E., Bureau Chief

That the Board take the following action regarding the purchase of two parcels of real property located at 11800 and 10860 Mobile Highway (Parcel #4 = 1.68 acres / Parcel #5 = 2.63 acres / Total acreage = 4.31) from Gregory and Linda English:

- A. Authorize the purchase of two parcels of real property (Parcel # 4 = 1.68 acres / Parcel # 5 = 2.63 acres / Total acreage = 4.31) from Gregory and Linda English for \$888,500, which is the average of two appraisals, in accordance with the terms and conditions contained in the Contract for Sale and Purchase; and
- B. Authorize the County Attorney to prepare and the Chairman or Vice Chairman to execute any documents necessary to complete the purchase, subject to Legal review and sign-off, without further action of the Board.

The property will be used as the first major, public, boat-ramp site on the lower Perdido River.

[Funding Source: Fund 352, Lost III, Account 220102/56101, Project 08NE0018 "Boat Ramps"; and Fund 110, Other Grants and Projects, Account 220807/56101, Vessel Registration Fees]

10. Recommendation Concerning a Change Order for Aero Training & Rental, Inc., for Landfill Mining, Perdido Landfill - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board approve and authorize the County Administrator to execute the following Change Order:

Bureau:	Community & Environment	
Division:	Solid Waste Management	
Type:	Addition	
Amount:	\$900,000	
Vendor:	Aero Training & Rental, Inc.	
Project Name:	Landfill Mining, Perdido Landfill	
PO#	291660	
CO#	2	
Original Award Amount:		\$4,623,981.97
Original P.O. Amount:		2,200,000.00
Cumulative Amount of Change Orders thru CO #2		900,000.00
New P.O. Amount		\$3,100,000.00

[Funding: Fund 401, Solid Waste Enterprise Fund, Cost Center 220605, Object Code 56301]

11. Recommendation Concerning the Acquisition of Easements in the Olive
Road/University Parkway Area and Acceptance of Funds for Pipe Material Costs
from Olive Baptist Church, Inc. - Joy D. Blackmon, P.E., Public Works
Bureau Chief

That the Board take the following action concerning the acquisition of Easements, by donation, in the Olive Road/ University Parkway area and acceptance of funds for pipe material costs from Olive Baptist Church, Inc.:

- A. Authorize staff to negotiate and resolve any matters related to or associated with the acquisition of property, by donation, for drainage Easements in the Olive Road/University Parkway area, to gather information, and to conduct inspections as needed to allow the Board's acceptance of the real property;
- B. Authorize the payment of documentary stamps because the property is being acquired for governmental use, which is for Easements, and the County benefits from these acquisitions because they facilitate the installation of stormwater drainage improvements, resulting in a more efficient stormwater drainage system and the enhancement of the quality of life for the citizens of Escambia County;
- C. Authorize the payment of incidental expenditures associated with the acquisition of these properties, including but not limited to a title search and recording of documents;
- D. Authorize the acceptance of funds from Olive Baptist Church, Inc., in the amount of \$13,437.50, for the cost of the pipe material;
- E. Authorize staff to proceed with the project upon receipt of funds and the required Easement; and
- F. Authorize staff to prepare and the Chairman or Vice Chairman to accept the Easements as of the day of delivery of the Easements to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to acknowledge the Board's acceptance at that time, subject to Legal review and sign-off.

The area lying northwest of Olive Road and University Parkway has a history of stormwater drainage issues. Olive Baptist Church, Inc., plans to implement site improvements and is working with the County to minimize future impact to the drainage system in the area. The County has identified an area of need for a drainage Easement along the northern boundary of a portion of the Olive Baptist Church, Inc., property. Olive Baptist Church, Inc., has agreed to convey an Easement to the County and provide \$13,437.50 for the pipe material. [Funding Source: Fund 181, "Master Drainage Basin VII", Account 210725/56301]

12. Recommendation Concerning the Operation of the Pensacola Transfer Station - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board take the following action concerning the Pensacola Transfer Station:

- A. Authorize the County Administrator to approve the Escambia County Solid Waste Management Division to continue to operate the Pensacola Transfer Station upon culmination of the Legal Settlement Agreement between Allied Waste Services of North America, LLC, and Escambia County, effective April 15, 2011;
- B. Reject all bids received on February 8, 2011, for PD 10-11.012, Palafox Street Transfer Station Operations; and
- C. Authorize the County to Piggyback off the National Joint Powers Alliance (NJPA) Contract, IFB# 092409, in accordance with the Escambia County Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Award approval and threshold authority, for the purpose of awarding a Purchase Order to Thompson Tractor Company, Inc., for the acquisition of one Caterpillar 966H Wheel Loader, in the total amount of \$391,814.15, for Solid Waste Management.

[Fund 401, Solid Waste Enterprise, Cost Center 220612, Object Code (Multiple)] [Fund 401, Solid Waste Enterprise, Cost Center 220612, Object Code 56401 - \$391,814.15]

III. For Discussion

1. Recommendation Concerning Federal Lobbying Services for Escambia County - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board take the following action concerning Federal Lobbying Services for Escambia County:

- A. Authorize the engagement of a firm to provide Federal Lobbying Services for Escambia County Board of Commissioners for the period of 12 months, beginning March 3, 2011, for an amount not to exceed \$84,000; and
- B. Approve the ranking, as follows, and authorize the County Administrator to execute an Agreement with the firm which ranked #1 for the Request for Proposal PD 10-11.001:
- 1. The MWW Group
- 2. Alcalde & Faye
- 3. Blank & Rome Government Relations, LLC

[Funding: Fund 102, Economic Development Fund, Cost Center 360704]

Technical/Public Service Consent Item #: 1.

County Administrator's Report

Date: 03/03/2011

Issue: Request for Disposition of Property

From: Keith Wilkins, REP, Interim Bureau Chief

Organization: Community & Environment

CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Request for Disposition of Property for the Community & Environment Bureau - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board approve the Request for Disposition of Property concerning a Dell Latitude D620 laptop computer, Property Number 55811, currently assigned to the Extension Office, to be auctioned as surplus or properly disposed of, as described on the Disposition Form.

BACKGROUND:

The Dell Latitude D620 laptop computer, PN 55811, was received at the Extension Office in April 2007. In May/June 2010 the laptop quit working. The University of Florida IT Expert determined that the motherboard had gone bad in the unit. Several months later, this was confirmed by the County's IT tech. Extension was notified by County IT that the laptop would cost more to repair rather than replace. This action is to officially remove it from Extension's property asset list. The Extension Office is currently awaiting a replacement laptop computer from County IT.

County Administrator's Report

Date: 03/03/2011

Issue: Request for Disposition of Property

From: Keith Wilkins, REP, Interim Bureau Chief

Organization: Community & Environment

CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Request for Disposition of County Property for the Community Services Division - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board approve the Request for Disposition of Property for property which is described and listed on the form, with reason for disposition stated; the items are to be auctioned as surplus or properly disposed of.

BACKGROUND:

The property at issue are asset #43741, an air conditioning/heating unit purchased in 1996 for a since-renovated community center; asset #48704, a fax machine purchased in 2000 with grant funds from the Non-Custodial Parent Placement Program (NCPPP) grant; and asset #48705, a multifunction printer/copier also purchased in 2000 with the same funds as the previous asset. With the termination of the NCPPP grant in June 2010, assets #48704 and #48705 reverted back to the State of Florida as the issuer of the grant, and are no longer County property.

County Administrator's Report

Date: 03/03/2011

Issue: State of Florida, Division of Emergency Management Modification #1 to

Grant Agreement, Contract Number 11-BG-05-01-27-01-136

From: Mike Weaver Organization: Public Safety

CAO Approval:

RECOMMENDATION:

Recommendation Concerning the State of Florida, Division of Emergency Management Modification #1 to Grant Agreement, Contract Number 11-BG-05-01-27-01-136 - Michael D. Weaver, Public Safety Bureau Chief

That the Board take the following action concerning the State of Florida, Division of Emergency Management Modification #1 to Grant Agreement:

A. Approve the Modification #1 to Grant Agreement, amending Paragraph 19 (j) of Contract Number 11-BG-05-01-27-01-136, to allow for the use of travel reimbursement rates established by the Escambia County Board of County Commissioners' Policy; and

B. Authorize the Chairman to execute the Modification #1 to Grant Agreement and all related documents required to implement this Grant Agreement.

[Funding: Fund 110, Other Grants and Projects, Cost Center 330405]

BACKGROUND:

Section 112.061, <u>Fla. Stat.</u> has recently been re-interpreted by the State of Florida, Division of Emergency Management Attorney rendering locally approved travel reimbursement rates, specifically GSA rates, ineligible for reimbursement within the grant. As a result, the State requires a modification to the contract to allow travel reimbursement rates, as established by Escambia County Board of County Commissioners policy, to be eligible within the grant.

BUDGETARY IMPACT:

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Assistant County Attorney, has reviewed the agreement and approved it as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board of County Commissioners' policies require grant agreements be approved by it.

IMPLEMENTATION/COORDINATION:

This grant is being coordinated with the State of Florida, Division of Emergency Management.

Mod. #1 Agreement

Contract Number:

11-BG-05-01-27-01-136

CSFA: 52.008

MODIFICATION #1 TO GRANT AGREEMENT

This Modification is made and entered into by and between the State of Florida, Division of Emergency Management, ("the Division"), and the Escambia County ("the Recipient) to modify the Division's Contract Number 11-BG-05-01-27-01-136 dated November 19, 2010, ("the agreement").

WHEREAS, the Division and the Recipient have entered into the Agreement, pursuant to which the Division has provided a sub grant of \$77,043 to Recipient; and

WHEREAS, the Agreement expires on June 30, 2011; and

WHEREAS, the Division and the Recipient desire to modify the Agreement by amending Paragraph 19 (j) to allow the Recipient to utilize their own travel reimbursement policies;

NOW, THEREFORE, in consideration of the mutual promises of the parties contained herein, the parties agree as follows:

- 1. Paragraph 19 (j), page 13 which states: "Any bills for any travel expenses shall be submitted in accordance with Section 112.061, Fla. Stat" is hereby deleted in its entirety.
- Paragraph 19(j) shall now read as follows: "Any bills for travel expenses shall be submitted in accordance with Section 112.061, <u>Fla. Stat</u>. The provisions of any special or local law, present or future, shall prevail over any conflicting provisions in this section, but only to the extent of the conflict."
- All provisions not in conflict with this Modification remain in full force and effect, and are to be performed at the level specified in the Agreement.
- 4. All provisions of the Agreement being modified and any attachments thereto in conflict with this Modification shall be and are hereby changed to conform with this Modification, effective as of the date of the last execution of this Modification by both parties.

IN WITNESS WHEREOF, the parties hereto have executed this document as of the dates set out herein.

County Administrator's Report

Date: 03/03/2011

Issue: Supplemental Budget Amendment #118 - Non-Custodial Parent

Placement (NCPPP) Grant Agreement

From: Amy Lovoy

Organization: Management and Budget Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Supplemental Budget Amendment #118 - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board adopt the Resolution approving Supplemental Budget Amendment #118, Other Grants and Projects Fund (110) in the amount of \$2,678, to recognize additional proceeds from an Agreement between Workforce Escarosa, Inc., and the Escambia County Board of County Commissioners, and to appropriate these funds for the Non-Custodial Parent Placement Program (NCPPP).

BACKGROUND:

The Non-Custodial Parent Placement Program helps individuals that are court ordered to pay child support with job placement and/or placement in higher paying jobs if they are currently employed. This grant-funded program is housed under the Community & Environment Bureau.

BUDGETARY IMPACT:

This amendment will increase Fund 110 by \$2,678.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

Issue: Supplemental Budget Amendment #119 – Equipment Sale Proceeds

From: Amy Lovoy

Organization: Management and Budget Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Supplemental Budget Amendment #119 - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board adopt the Resolution approving Supplemental Budget Amendment #119, Transportation Trust Fund (175) in the amount of \$277,500, to recognize the estimated proceeds from the sale of Public Works Bureau equipment, and to appropriate these funds for purchasing replacement equipment.

BACKGROUND:

The Escambia County Public Works Bureau will be auctioning old equipment and replacing it with new equipment. Sale proceeds are expected to be \$277,500 and these funds are being appropriated back to Public Works to help cover the cost of the replacement equipment.

BUDGETARY IMPACT:

This amendment will increase Fund 175 by \$277,500.

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Budget/Finance Consent Item #: 5.

County Administrator's Report

Date: 03/03/2011

Issue: Budget Amendment #120 - SRI Drainage Funds

From: Amy Lovoy

Organization: Management and Budget Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Budget Amendment #120 - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board approve Budget Amendment #120, General Fund (001) in the amount of \$1,500,000, moving funds from the Santa Rosa Island (SRI) Drainage Project to Reserves, as a result of the recent legal ruling in favor of the residential plaintiffs on the Portofino taxation and valuation lawsuit against the Escambia County Tax Collector and Property Appraiser.

BACKGROUND:

Recently the courts ruled in favor of the residential plaintiffs on the Portofino lawsuit. As a result, approximately \$1,500,000 in Ad-Valorem funds may have to be refunded to the plaintiffs. These funds will be set aside in a reserve account pending the final outcome of the case. The Escambia County Tax Collector and Property Appraiser have appealed this ruling currently, a date for the re-hearing has not been set at this time.

BUDGETARY IMPACT:

This amendment transfers funds from from the SRI Drainage Improvments to Reserves pending the final outcome of the appeal of the Portofino Residential Lawsuit.

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Budget/Finance Consent Item #: 6.

County Administrator's Report

Date: 03/03/2011

Issue: Vending Machine Services PD 09-10.047

From: Amy Lovoy

Organization: Management and Budget Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Vending Machine Services - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board extend the Contract for Vending Machine Services, PD 09-10.047, to R & R Vending for one year, effective date April 8, 2011, at the current vending prices, with the snack vending commissions remaining at 20% and the 20-ounce bottles commission reduced from 35% to 25%.

BACKGROUND:

Discussions were held with employee, contractor and purchasing representatives to discuss a request for an increase in prices for vending machine products from the contractor. It was the consensus of the employee representatives they prefer the current vending prices remain the same and accept the reduction from 35% to 25% in the 20 ounce bottle commissions with the understanding it will reduce the amount of dollars going into the Employee Appreciation Fund. Snack commissions remain the same at 20%.

Issue: Pest and Rodent Control Services Contract Extension, PD 07-08.056

From: Amy Lovoy

Organization: Management and Budget Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Pest and Rodent Control Services Contract Extension - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board approve the Pest and Rodent Control Services Contract extension for a 24-month period, according to the terms and conditions of the original Contract, PD 07-08.056, for an annual estimated amount of \$23,842.

[Funding: Fund 001, General Fund, Object Code 53401, Cost Center 210602]

BACKGROUND:

An Invitation to Bid was advertised in the Pensacola News Journal on March 9, 2008, and mailed on March 10, 2008, for Pest and Rodent Control Services, PD 07-08.056. The terms of the Contract are 36 months with 2-12 month extensions. The solicitation was sent to 20 vendors and 1 bid was received and opened on April 9, 2008.

Budget/Finance Consent Item #: 8.

County Administrator's Report

Date: 03/03/2011

Issue: Purchase Order for Accela Land Records Management Software

Maintenance

From: T. Lloyd Kerr, AICP

Organization: Development Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Purchase Order for Accela Land Records Management Software Maintenance - T. Lloyd Kerr, AICP, Development Services Bureau Chief

That the Board approve and authorize a Purchase Order, in the amount of \$117,719, to Accela, Inc., for proprietary annual software maintenance for Escambia County.

[Funding: Fund 001, General Fund, Cost Center 140101, Information Systems - \$58,859.50 and Fund 406, Building Inspections Fund, Cost Center 250101, Permitting - \$58,859.50]

BACKGROUND:

Each year, the Development Services Bureau, Building Inspections Division, and Management and Budget Services Bureau, Information Technology Division, share equally in the cost of the annual Accela land records management software maintenance fees for all users in Escambia County. The Maintenance Agreement with Accela, Inc. covers all upgrades and software improvements and releases related to its software. County staff has carefully examined the Maintenance Agreement and determined that it will be beneficial to Escambia County to renew the Maintenance Agreement for all users.

BUDGETARY IMPACT:

Funds are available in Fund 001 General Fund, Cost Center 140101 Information Systems, and Fund 406 Building Inspections Fund, Cost Center 250101 Permitting.

Hi Gerald!

Great to hear from you. I'm sorry, I no longer work in IT. I work in Community & Environment Bureau now, but I've copied David Musselwhite on this, so hopefully you'll be hearing from him soon regarding this Accela maintenance renewal. For what it's worth, that's the right cost center, but he'll still need to approve the usage. Thanks!

Deana

Subject: Accela Maintenance Agreement invoice

Good morning Deana!

Dale Baker asked me to proceed with the payment of the invoice to Accela for the annual maintenance of the Accela Software. The invoice amount is for \$117,719.00 and BID budgeted 50% at \$58,860 from Fund 406.

Last year I used Cost Center 140101 in Fund 001 to pay IT's portion. Please let me know if it is ok for me to use this same cost center, or if I need to use another one.

Once I hear from you I will begin with the recommendation since this will exceed the \$50K threshold.

Thanks, Gerald

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Budget/Finance Consent Item #: 9.

County Administrator's Report

Date: 03/03/2011

Issue: Purchase of Real Property Located at 11800 and 11860 Mobile

Highway from Gregory and Linda English

From: Joy D. Blackmon, P.E., Bureau Chief

Organization: Public Works-Infrastructure Branch

CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Purchase of Real Property Located at 11800 and 11860 Mobile Highway from Gregory and Linda English - Joy D. Blackmon, P.E., Bureau Chief

That the Board take the following action regarding the purchase of two parcels of real property located at 11800 and 10860 Mobile Highway (Parcel #4 = 1.68 acres / Parcel #5 = 2.63 acres / Total acreage = 4.31) from Gregory and Linda English:

- A. Authorize the purchase of two parcels of real property (Parcel # 4 = 1.68 acres / Parcel # 5 = 2.63 acres / Total acreage = 4.31) from Gregory and Linda English for \$888,500, which is the average of two appraisals, in accordance with the terms and conditions contained in the Contract for Sale and Purchase; and
- B. Authorize the County Attorney to prepare and the Chairman or Vice Chairman to execute any documents necessary to complete the purchase, subject to Legal review and sign-off, without further action of the Board.

The property will be used as the first major, public, boat-ramp site on the lower Perdido River.

[Funding Source: Fund 352, Lost III, Account 220102/56101, Project 08NE0018 "Boat Ramps"; and Fund 110, Other Grants and Projects, Account 220807/56101, Vessel Registration Fees]

BACKGROUND:

Meeting in regular session on January 7, 2010, the Board approved a recommendation (which had been presented to the Committee of the Whole on December 17, 2009), authorizing staff to initiate the purchase process for two parcels of property located at 11800 and 11860 Mobile Highway, owned by Gregory and Linda English (Parcel # 4 consists of 1.68 acres with residential structures and Parcel # 5 consists of 2.63 acres with residential structures for a total acreage of 4.31 acres.) The property will be used as the first major public boat ramp site on the lower Perdido River.

Two appraisals were obtained, one by Staff, which placed a total value of \$665,000 for both parcels; and one by Gregory and Linda English, which placed a total value of \$1,112,000 for both parcels. The property owners indicated that they are amendable to the average of the two appraisals (\$888,500.) Meeting in regular session on February 18, 2010, the Board authorized staff to make an offer to purchase this property for the average of the two appraisals in the amount of \$888,500. The property owners agreed to the offer and the terms and conditions contained in the Contract for Sale and Purchase. Staff is requesting Board authorization to proceed with this acquisition. Any offer approved by the Board shall include that the property owners will be responsible for the payment of closing costs of documentary stamps and that the property owners respond within 30 days from the date of the offer.

BUDGETARY IMPACT:

Funds for this project are available in Fund 352, Lost III, Account 220102/56101, Project 08NE0018 "Boat Ramps", and Fund 110, Other Grants and Projects, Account 220807/56101, Vessel Registration Fees.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office will prepare the closing documents and conduct the closing for the purchase of this property.

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

These actions are consistent with the provisions of Section 46-139, Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, Staff will maintain compliance with Section 46-139, Escambia County Code of Ordinances.

CONTRACT FOR SALE AND PURCHASE

This is a Contract for Sale and Purchase ("Contract"), between GREGORY S. ENGLISH, and LINDA J. ENGLISH, husband and wife, whose address is 8828 Klondike Road, Pensacola, Florida 32526 ("Sellers"), and ESCAMBIA COUNTY, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose address is 221 Palafox Place, Pensacola, Florida 32502 ("Buyer").

1.	AGREEMENT. Sellers agree to sell and Buyer agrees to buy the real property and
improvements	described in Exhibit A (the "Property") upon the terms and conditions stated in this
Contract. Au	thorization for this purchase was obtained during a duly advertised meeting of the
Board of Cour	nty Commissioners held on

- 2. PURCHASE PRICE; PAYMENT. The purchase price is Eight Hundred and Eighty Eight Thousand and Five Hundred Dollars (\$888,500.00), payable to Sellers at closing.
- 3. TIME FOR ACCEPTANCE; EFFECTIVE DATE; FACSIMILE. If the Contract is not executed by and delivered to all parties, or fact of execution communicated in writing between the parties, the Contract will be null and void. A facsimile copy of the Contract and any signatures on the Contract will be considered for all purposes as originals. The effective date ("Effective Date") of the Contract is the date when the last party signs the Contract.
- 4. TITLE EVIDENCE. Within thirty (30) days from the Effective Date of this Contract, Buyer shall examine title to the Property. If the title is found to be defective in Buyer's opinion, Buyer shall notify Sellers in writing specifying the defects, and Sellers shall have one hundred twenty (120) days from receipt of notice within which to cure the defects and the date for closing shall be accordingly extended. If Sellers are unsuccessful in removing the defects within that time to Buyer's reasonable satisfaction, Buyer shall have the option of either (i) accepting title as it then is, including the title defect, or (ii) terminating this Contract, whereupon Buyer and Sellers shall be released for all obligations under the Contract.
- 5. SELLERS' AFFIDAVITS AS TO UNRECORDED MATTERS, POSSESSION AND MECHANIC'S LIENS. Subject to any provisions in the Contract to the contrary, Sellers must furnish to Buyer at closing affidavits in a form acceptable to the Buyer and sufficient to remove standard printed exceptions to title in an owner's policy of title insurance regarding (i) unrecorded matters (except for taxes not yet due and payable and special assessments not shown by the public records), (ii) parties in possession, except for the rights of tenants, if any, as tenants only, in possession and occupancy of the Property under written leases which have been furnished to Buyer by Sellers and accepted by Buyer in writing, and (iii) mechanic's liens. Sellers represent to Buyer that there are and at closing there will be no tenants or lessees occupying the Property or any portion of the Property. The Sellers' Affidavits must contain information required for completion of Internal Revenue Service 1099 Form and a FIRPTA disclosure.
- 6. COSTS AND EXPENSES. Sellers and Buyer will pay costs and expenses as follows: prorated ad valorem taxes and assessments (Sellers); Deed Documentary Stamp Tax (Sellers);

Survey (Sellers); Title Insurance (Buyer); Recording of Deed (Buyer); Buyer's Attorney's Fees (Buyer); Sellers' Attorney's Fees (Sellers); Environmental Assessment (Buyer), costs to cure title defects and encumbrances on title (Sellers).

- 7. BROKERS. Neither Buyer nor Sellers have utilized the services of, or for any other reason owes compensation to, a licensed real estate broker.
- 8. TAXES AND ASSESSMENTS. All real estate taxes and assessments which are or which may become a lien against the Property must be satisfied by Sellers at closing. In the event the closing occurs between January 1 and November 1, Sellers must, in accordance with Section 196.295, Florida Statutes, place in escrow with the county tax collector an amount equal to the current taxes prorated to the date of transfer, based upon the current assessment and millage rates on the Property. In the event the closing occurs on or after November 1, Sellers must pay to the tax collector an amount equal to the taxes that are determined to be legally due and payable.
- 9. CONVEYANCE AND TRANSFER OF TITLE. Sellers shall convey title to the Property by Warranty Deed.
- 10. CLOSING. This transaction will be closed and the Warranty Deed and other closing documents prepared by the Office of the County Attorney, 221 Palafox Place, Suite 430, Pensacola, Florida 32502. Closing shall occur on or before thirty (30) days from the Effective Date of this Contract unless the date for closing is extended by mutual agreement of the parties or as otherwise provided in this Contract.
- 11. CLOSING PROCEDURE; DISBURSEMENT OF PROCEEDS OF SALE. At closing, Sellers shall deliver the Warranty Deed and the proceeds of the sale will be disbursed to Sellers in accordance with a settlement statement signed by both parties.
- 12. FAILURE OF PERFORMANCE. If Buyer fails or refuses to perform the Contract and Sellers are not in default under this Contract, Sellers will receive the deposit/earnest money, if any, plus all interest accrued, and other reasonable costs incurred by the Sellers in reliance on the Contract, to be paid by Buyer as liquidated damages, consideration for the execution of the Contract and in full settlement of any claims for damages and as Sellers' sole remedy under the Contract and Sellers have no right of specific performance. If Sellers fail or refuse to perform the Contract for any reason and Buyer is not in default under the Contract, (i) Buyer may proceed in law or in equity to enforce Buyer's rights under the Contract, or (ii) Buyer may elect to terminate the Contract and to receive the return of Buyer's deposit, plus interest earned, and reimbursement from Sellers for all costs and expenses Buyer incurred with regard to the Contract in full settlement of any claims for damages.
- 13. ATTORNEYS' FEES; COSTS. Each party shall be responsible for their own attorneys' fees and costs in connection with any litigation or other dispute resolution proceeding.
- 14. SURVIVAL. All representations and warranties contained in the Contract and any provision of the Contract which by their nature and effect are required to be observed, kept or

performed after closing, (i) survive closing and the delivery of the Warranty Deed, and (ii) remain binding upon and for the benefit of the parties to the Contract, their respective successors and assigns, until fully observed, kept or performed.

- 15. ASSIGNABILITY. Buyer and Sellers cannot assign the Contract or rights under the Contract without the express written consent of the other.
- 16. RISK OF LOSS. The risk of loss to the Property is the responsibility of Sellers until closing.
- 17. RADON GAS. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from the Escambia County public health unit.
- 18. OTHER AGREEMENTS. No prior or present agreements or representations are binding upon Buyer or Sellers unless included in the Contract. No modification or change in the Contract are valid or binding upon the parties unless in writing and executed by the parties to be bound.
- 19. NOTICES. Any notice or demand to be given or that may be given under this Contract must be in writing and delivered by hand or delivered through the United States mail to:

TO BUYER:

Office of the County Engineer Real Estate Division 3363 West Park Place Pensacola, Florida 32505

TO SELLERS:

Gregory S. English and Linda J. English 8828 Klondike Road Pensacola, FL 32526

WITH A COPY TO:

Escambia County Attorney's Office 221 Palafox Place, Suite 430 Pensacola, Florida 32502

- 20. COUNTERPARTS. The Contract will be executed in duplicate counterparts, both of which taken together constitute one and the same instrument and any party or signatory may execute the Contact by signing a counterpart.
- 21. THIRD PARTY LEASES AND CONTRACTS. Sellers shall at closing furnish to Buyer releases from any mortgage or existing leases.

- 22. SURVEY. Buyer may obtain a survey at its own expense. If Buyer prepares a survey and objectionable items are disclosed, objectionable matters will be viewed as title defects and the provisions of Paragraph 4 shall apply.
- 23. INSPECTION OF PROPERTY. Upon reasonable notice and without disruption of Sellers' current use of the Property, Buyer may have subsurface investigations and environmental audits of the Property made by qualified geotechnical and environmental engineers sufficient in the judgment of the inspecting engineer to ascertain whether or not the Property meets the standards acceptable to Buyer. In the event that the report indicates that the Property does not meet Buyer's standards, Buyer, by notice to Sellers on or before 10 days prior to closing, has the option of terminating the Contract and Sellers agree to return any deposit paid by Buyer. Sellers warrant that there are no facts known to Sellers materially affecting the value of the Property, which are not readily observable by Buyer or which have not been disclosed to Buyer.
- 24. ACCESS. Upon prior notice to Sellers, Buyer and Buyer's agents and representatives shall have the right to access the Property at any reasonable time prior to closing for the purpose of making the investigations, environmental audits, inspections and surveys authorized by the Contract, provided neither Buyer nor its agents interfere with the use of the Property by Sellers or its employees or customers.
- 25. OCCUPANCY AND POSSESSION. Sellers warrant delivery of possession of the Property to Buyer at closing.
- 26. CONDEMNATION. Sellers convey by sale the Property for public use and waive any right to compensation for the Property other than as provided for in the Contract. If at any time prior to closing, the Property or any portion of the Property is taken by the exercise of eminent domain by another entity possessing those powers or if any preliminary steps in any taking by eminent domain of all or any portion of the Property occurs prior to closing, Buyer may, at Buyer's option, within 10 days after notice of this fact from Sellers, rescind the Contract and Sellers must return any deposit paid under the Contract to Buyer. Upon refund of the deposit, plus any interest earned, Buyer and Sellers are released, as to one another, of all further obligations under the Contract. Sellers shall notify Buyer of any taking by eminent domain and all steps preliminary to any taking immediately upon Sellers's knowledge of the occurrence. If Buyer does not exercise Buyer's option to rescind under this Paragraph, the Contract remains in full force and effect. In this event Sellers, (i) shall pay to Buyer at closing all proceeds previously received by Sellers from the condemning authority, and (ii) shall assign to Buyer at closing all proceeds to be paid by the condemning authority after closing by an instrument of assignment in a form reasonably acceptable to Buyer.
- 27. FOREIGN INVESTMENT AND REAL PROPERTY TAX ACT (FIRPTA) AFFIDAVIT. Sellers agree to furnish to Buyer at closing a transferor's certification disclosing under penalty of perjury Sellers' foreign or non-foreign status and Sellers' United States federal identification number. ESCAMBIA COUNTY, FLORIDA BOARD OF COUNTY COMMISSIONERS

David W. Wheeler, CFM Deputy Bureau Chief

PUBLIC WORKS BUREAU FACILITIES MANAGEMENT BRANCH

100 E. Blount Street Pensacola, FL 32501

MEMORANDUM

Date:

12/06/10

FMM-010-030

To:

David Wheeler, Deputy Bureau Chief, Facilities Management

12/06/10

From:

William M. Turner, Division Manager, Facilities Management

Re:

Inspection of the Properties located at 11800 and 11860 Mobile Highway

Pensacola, FL

On November 30, 2010, I performed an inspection of the properties located at 11800 and 11860 Mobile Highway. Although the addresses are on Mobile Highway, you must turn right on Ruby's Camp Road. Then, left on residential Mobile Highway, which is a side road paralleling Highway 90. Pictures are attached.

11800 Mobile Highway:

The structure is a unique design. It resembles a flatten "V" with one leg longer than the other. The main living area is located in the center with a vaulted circular exposed beam ceiling inside. Giving this area a "Witches Hat" appearance from the outside.

The entire structure sits on wood pilings with red brick skirting. Alternating bricks have been left out to allow flood water to pass through. A concrete floor has been poured under the house and around the pilings. One of the floor joists under the Master bedroom is cracked.

There is a large wood deck sitting on brick covered pilings on the east side. The handrails are too low, by today's code. A set of stairs is located on the deck's northwest side, which provides access to the ground without having to go into the house. The air condensing unit sits on its own elevated wood deck. However, the air handler and ductwork are mounted under the house. Several floor joists have been replaced or repaired. The metal brackets are rusted. This deck is in fair condition.

The front westside of the building has much smaller covered wood deck and stairs, which serves as the main entrance. The deck and stairs are in fair condition.

TELEPHONE: (850) 595-3190 FAX: (850) 595-3192

11800 Mobile Highway (Continued):

The vinyl siding has been installed on the exterior walls. The siding appears to be in good condition, with the exception of a couple of holes. The exterior needs to be pressure washed to remove dirt and mildew.

The center living area had a large fireplace, which was converted into an entertainment center for the east side living room. A galley type kitchen is located on the west side, with a dining area on the south side. The appliances are worn, but usable. The cabinets and countertop are in good condition.

Most interior walls are wood paneled and are in good condition. The carpet is worn but serviceable. The bathrooms are in good condition. All the faucets worked and didn't leak. The p-traps were leak free, also.

The overall condition of the house is considered to be good.

11860 Mobile Highway:

This property has several buildings located on it: a 2- story house, a large garage, a pump house, a damaged carport, and an old boat house. (There is a large metal storage building next to the garage, which will be removed, if the property is sold.)

2- Story House:

The house is in the process of being renovated. All the windows have been replaced. The main living area, with the kitchen, dining room, living room with a sun porch, and bedrooms, is located on the 2nd floor, and has been renovated.

The 1st floor is still being renovated. It has a family room, additional bedrooms and bathroom, and mechanical room.

There is a set of wood stairs on the east side, which provides access to the back yard.

The house has a red brick facade. The mortar joints are in poor condition, in many areas. The metal brick ties are exposed to the weather in places, and are rusting.

The front entrance door's side windows have some rotten wood and need painting.

The overall condition of the house is considered to be good.

11860 Mobile Highway (Continued):

Garage:

The garage has 2- roll up doors on the west side of the building. The north roll up door is higher, which allows access for taller objects into the garage.

The personnel door is located on the east side of the structure. The door trim is missing.

The overall condition of the garage is considered to be good.

Old Carport:

There is a double carport located to the west of the garage. The roof was damaged by Hurricane Dennis, and has not been replaced.

Pump House:

In front of the house is a man-made pond, which is filled by pumping water from the Perdido River into it. A small Pump House is located on the eastside of the property close to the Perdido River to house the pump.

The Pump House is considered to be in poor condition.

The roof structure is twisted.

The wood floor is badly rotted, and is not considered to be safe to walk on.

Old Boat House:

There is an old Boat House, which is considered to be non-useable. The boat area is silted in to the point of requiring dredging to be useable. The soffit is approximately 5 feet from the ground. There are wood braces along the sides, which would have to be crawled under to gain access to a boat.

July 23, 2009

Mr. Larry Goodwin, Real Estate Acquisition Supervisor Escambia County Engineering Department 1190 West Leonard Street Pensacola, Florida 32504

> Re: Summary appraisal report of a singlefamily residential home located at 11800-A Mobile Highway in Beulah, Escambia County, Florida

Dear Mr. Goodwin:

At your request, we have inspected the above referenced property for the purpose of estimating the market value of the property as of July 17, 2009, the date of inspection.

The subject property consists of a $\pm 2,273$ SF single-family residence situated upon ± 1.68 acres of land, located along the north side of "old" Mobile Highway and along the eastern shoreline of the Perdido River, and having a mailing address of 11800-A Mobile Highway, in the Community of Beulah, Escambia County, Florida. The property rights appraised are fee simple.

By reason of our inspection and analysis, which is described in the accompanying summary report, we are of the opinion that the market value of the above referenced subject property as of July 17, 2009, is:

MARKET VALUE ESTIMATE TWO HUNDRED TWENTY FIVE THOUSAND DOLLARS (\$225,000)

Allocated as:

Land \$85,000 Improvements \$140,000

The above value estimate is subject to the limiting conditions and assumptions as reported herein, and the following special limiting conditions:

 The subject property was difficult to measure because of many odd angles, which may affect the precision of our living area calculation. Building plans were not available to us. We assume the property contains the area stated herein.

R. SHAWN BRANTLEY, MAI

- 2) We have not received a survey of the subject tract and are not surveyors. We have utilized a legal description provided by the Escambia County Property Appraiser Office and we have defined the parcel to the best of our ability, as described herein. We assume that the parcel exists as set forth in this appraisal.
- 3) We assume that "old" Mobile Highway is public right of way that will continue to provide access to the subject property.

This is a Summary Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. As such, it presents only summary discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The depth of discussion contained in this report is specific to the needs of the client and for the intended use. The appraiser is not responsible for unauthorized use of this report.

We appreciate the opportunity of doing this work for you. If there should be any questions, please do not hesitate to call.

Sincerely,

R. Shawn Brantley, MAI, CCIM State-Certified General Appraiser Florida RZ289

DATE OF VALUE ESTIMATE

July 17, 2009

PROPERTY RIGHTS TO BE APPRAISED

All present and future benefits and rights of the property in fee simple unencumbered title, free and clear of all leases, mortgage indebtedness other liens or special assessments against the property. Mineral, gas, and oil rights are not included in this appraisal.

PURPOSE OF THE APPRAISAL

The purpose of this appraisal is to estimate the market value of subject as of the date specified.

INTENDED USE OF APPRAISAL

It is our understanding that the client will use this appraisal for planning and acquisition purposes.

APPRAISAL PROBLEM

The appraisal problem is to estimate the market value of the subject property in fee simple. We believe the best solution to the land valuation problem is through the examination of the most similar sales data that we could obtain, augmented by adjustments to account for differences from the characteristics of the subject property.

SCOPE AND EXTENT OF COLLECTING, CONFIRMING AND REPORTING DATA

The scope of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use.

The Appraiser conducted a complete appraisal analysis. The conclusions of this analysis are reported in a summary format with all relative information included within this report.

Primary data concerning region, neighborhood and the property was obtained through research provided by the State of Florida and the local Chamber of Commerce; other information obtained from discussions with the city and county government officials, taxing authority, zoning authority, the Property Appraiser's Office and utility companies. Secondary data was obtained from the Northwest Regional Planning Council and Metro Market Trends (a data base company).

This firm has completed a number of appraisal assignments in the immediate area. The appraiser was able to identify the subject property utilizing information provided by the client. The appraiser then inspected subject property and surrounding locale. After inspecting the property, we have gathered the necessary information for use with the sales comparison approach to value. The appraiser gathered this information from public records, Pensacola Multiple Listing Service, and Metro Market

Trends (a data base company). The sales comparison method will involve physical comparison with similar undeveloped properties, which have sold recently. After obtaining a value indication from this approach, we reconcile to a final value estimate.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analyses. Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search was limited to a 40-mile radius around the subject property, with most emphasis placed on those areas most approximate or similar to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein.

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus.

"Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- a) buyer and seller are typically motivated;
- b) both parties are well informed or well advised, and each acting in what they consider their own best interest;
- c) a reasonable time is allowed for exposure in the open market;
- d) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- e) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."

____2

¹ Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Standards Board of the Appraisal Foundation (4/20/90).

EXPOSURE TIME

Reasonable exposure time is one of a series of conditions in most market value definitions. Exposure time is always presumed to precede the effective date of the appraisal. Exposure time may be defined as follows: The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based upon an analysis of past events assuming a competitive and open market.

Exposure time is different for various types of real estate and under various market conditions. It is noted that the overall concept of reasonable exposure encompasses not only adequate, sufficient and reasonable time but also adequate, sufficient and reasonable effort. This statement focuses on the time component. The fact that exposure time is always presumed to occur prior to the effective date of the appraisal is substantiated by related facts in the appraisal process: supply/demand conditions as of the effective date of the appraisal; the use of current cost information; the analysis of historical sales information (sold after exposure and after completion of negotiations between seller and buyer); and the analysis of future income expectancy estimated from the effective date of the appraisal.²

We estimate the exposure time for this property to be 6 to 12 months.

30

Standards of Professional Practice, Part A (USPAP), Appraisal Institute, Standard Rule 1-2, b. iii, Comment, January 6, 1993, pages 2-5 through 2-8.

MARKETING PERIOD

The reasonable marketing time is an estimate of the length of time it might take to sell the subject property at the above estimated market value level during the period immediately after the effective date of the appraisal. This marketing time has been estimated at six to twelve months for the subject property, based upon presently available market information.

PROPERTY IDENTIFICATION AND LEGAL DESCRIPTION

The property being appraised is approximately ±1.68 acres of improved land located along the north side of "old" Mobile Highway, and having a mailing address of 11800-A Mobile Highway in the Community of Beulah, in Escambia County, Florida. As we have not been provided a survey of the subject property, we rely on the records of the Escambia County Property Appraiser for the legal description of the subject property. A copy of said legal description can be found in the assessment records located in the addenda of this report.

TAXES AND ASSESSMENT

The subject property is identified by the Escambia County Property Appraiser's Office as parcel ld #10-1S-32-7004-000-023. Per the assessment records, the current owner of the parcel is listed as Gregory S. & Linda J. English, 8828 Klondike Road, Pensacola, Florida 32526. The total 2008 assessment is \$134,110, allocated as follows: \$25,855 attributed to the land and \$108,225 attributed to the improvements. The gross 2008 taxes are listed as \$2,143.71. A copy of the assessments records and tax records are located in the addenda of this report for the reader's review.

ZONING OF SUBJECT PROPERTY

According to the Escambia County Zoning Department the subject property is within the "R-R, Rural Residential District (cumulative) Low Density". This zoning district allows development at a density of two dwellings per one acre. A basic summary of the "R-R, Rural Residential District (cumulative) Low Density" classification is included below:

6.05.02. RR rural residential district (cumulative), low density.

- A. Intent and purpose of district. This district is intended to be a single-family residential area of low density in a semi-rural or rural environment. This district is intended to provide a transition from urban to rural densities and agricultural uses. The maximum density is two dwelling units per acre. Refer to article 11 for uses, heights and densities allowed in RR rural residential areas located in the Airport/Airfield Environs.
- B. Permitted uses.
- Reclamation of borrow pits that existed prior to September 16, 2004 (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, Article VIII, and performance standards in Part III, the Land Development Code, Article 7).
- Any use permitted in the preceding district except as noted below.
- C. Conditional uses.
- 1. Public riding stables.
- 2. Kennels.
- Animal hospitals and veterinary clinics.
- 4. Public buildings for general administrative, executive or studio functions, or for general warehousing or maintenance operations.
- 5. Home occupations with employees.
- 6. Shooting ranges, gun and rifle clubs, etc.
- Country clubs, golf courses and tennis clubs.
- 8. Any conditional use permitted in the preceding district, except antenna towers.
- 9. Guest residence for medical care.
- Borrow pits and reclamation activities thereof (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, Article VIII, and performance standards in Part III, the Land Development Code, Article 7).
- 11. Solid waste transfer stations, collection points, and/or processing facilities.

- D. Prohibited uses.
- 1. Any use prohibited in the AG district.
- 2. Commercial communication towers.
- 3. Junkyards, salvage yards, and waste tire processing facilities.
- E. Site and building requirements.
- 1. Lot area, minimum.

Single-family dwelling . . . 1/2 acre

Horses and private stables . . . 2 acres

Campgrounds . . . 5 acres

Place of worship . . . 1 acre

Educational facilities . . . 1 acre

Kennels . . . 2 acres

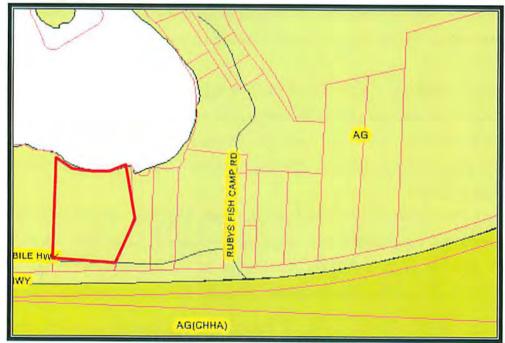

Keeping of farm animals . . . 2 acres

- 2. Lot coverage. At least 20 percent of each lot or parcel shall remain pervious (80 percent maximum impervious cover ratio).
- 3. Lot width. The minimum lot width at the front building line shall be 100 feet and 80 feet at the street right-of-way. Every cul-de-sac shall have a minimum of 40 feet at the street right-of-way.
- 4. Front yard. There shall be a front yard having a depth of not less than 40 feet.
- 5. Rear yard. The minimum rear yard shall not be less than 40 feet in depth. On property abutting an estuarine, riverine or creek system, the setback shall be in accordance with the marine/estuarine/riverine setback (MERS) provision (article 7) of this Code or 40 feet, whichever is greater.
- 6. Side yard. The minimum side yard on each side shall be ten percent of the lot width measured at the front building line, however, required side yards need not exceed 15 feet on each side. On property abutting an estuarine, riverine or creek system, the setback shall be in accordance with the marine/estuarine/riverine setback (MERS) provision (article 7) of this Code or 40 feet, whichever is greater.
- 7. Private stables or other structures for housing (sheltering) farm animals. No stables may be located less than 50 feet from any property line, nor less than 130 feet from any adjacent principal residential dwelling unit.
- F. Landscaping. See section 7.01.00.
- G. Signs. See article 8.

CURRENT ZONING MAP EXHIBIT

FUTURE LAND USE EXHIBIT

Subject Parcel is outlined in red

<u>Future Land Use</u> - The entire subject parcel is located in the "AG", agriculture future land use designation. This designation is consistent with the previously stated zoning classification.

HISTORY OF PROPERTY

Based on our review of the Escambia County public records, the most recent transaction related to the subject property is indicated on a Warranty Deed recorded at OR Book 6040, Page 1459. According to this deed, the subject property was conveyed to Gregory S. & Linda J. English (grantee) from A. L. Effinger (grantor) on November 30, 2006 for a total consideration of \$200,000. Mr. English verified that he purchased the property from Mr. Effinger, and that it was an arms length transaction, however stated that the actual purchase price for the subject was \$300,000. Mr. English advised that he paid \$100,000 in cash and that the owner financed the remaining \$200,000. This transaction is given little consideration, due to the inconsistency in the price stated by Mr. English and the price recorded in the Escambia County public records. A copy of this Warranty Deed can be found within the addenda of this report for the reader's review.

ANALYSIS OF SUBJECT NEIGHBORHOOD

The subject property is located approximately +/-15 miles northwest of the City of Pensacola, approximately +/-2.5 miles west of the Community of Beulah, and approximately +/-2.50 miles east of the Community of Seminole, Alabama. The subject property has frontage along the eastern shore of the Perdido River, which is also the Florida/Alabama State Line. The neighborhood boundaries consist of Muscogee Road to the north, Hurst Hammock Road to the south, Pine Forest Road to the east, and Greek Cemetery Road to the west. Primary access to the area is provided by U.S. Highway 90 (Mobile Highway), which travels westerly from the City of Pensacola to the City of Mobile, Alabama. Interstate 10, the primary interstate running an east/west route for the Gulf Coast, lies just +/-3.5 miles south, however the nearest access to the

interstate is provided via an interchange with U.S. Highway 90, which lies approximately +/-6.5 miles east of the subject property.

The general area is comprised of mostly low-density residential usage with some supportive commercial development along the major roadways, i.e., Mobile Highway (U.S. Highway 90) and Nine Mile Road. Generally, as one progresses west, densities decrease. The immediate area consists of low density residential use with the exception of Ruby's Fish Camp, which is a small commercial establishment that caters to river enthusiasts selling snacks, wine coolers, beer, bait, and providing an area where one can pay to launch a boat. The immediate area surrounding the subject has not been traditionally popular for residential purposes and consists primarily of older single-family dwellings and manufactured homes, most of which are situated on large sites. It has primarily been utilized by people desiring larger land tracts or areas that would permit mobile homes. The proliferation of mobile homes and low-income housing diminishes the attractiveness of the area for new residential subdivisions, however, we believe the characteristics of this area to be slowly changing.

As previously mentioned, the subject property is situated along the eastern shoreline of the Perdido River, approximately +/-8.5 river miles north of the Perdido Bay. The Perdido River is a navigable river however according to locals it is subject to log jams that often make navigation all the way too the Perdido Bay a difficult, and sometimes impossible, task. The Perdido River does offer opportunities for a variety of outdoor recreation. The Perdido River is popular for swimming, fishing, camping, and paddling. Additional recreation activities such as hiking, horseback riding, and other outdoor related activities are also immediately available; while dining, theater productions, Gulf fishing and swimming, et al, are proximate to the local population center of Pensacola. The Gulf of Mexico beaches are approximately 30 minutes south.

We conclude that the subject property is located in an environment that could be described as in gradual transition to a more densely populated suburban or bedroom community to Pensacola. The majority of the surrounding land remains in agricultural and timber usage, with residential development becoming more common.

The market conditions in the area are best described as declining. Marketing times are increasing, with an excessive number of active listings throughout the Pensacola area, and seller negotiations are becoming more typical.

SITE DATA

The subject site contains approximately +\-1.68 acres of waterfront land located along the north side of "old "Mobile Highway, and the eastern bank of the Perdido River, in Escambia County Florida.

The subject property benefits from approximately +/-250' of frontage along the eastern bank of the Perdido River, which parallels the northern boundary. From the natural shoreline of the northern boundary one is able to enjoy beautiful scenic views of the Perdido River both west and northeast. The shoreline at the subject property is partially wooded, with a bank that slopes approximately 1' to 1.5' into the water. The river appears to be slow flowing, and is an average of +/-125' wide in the general area of the subject property. The parcel is situated approximately +/-.20-mile, by river, to the concrete bridge extending along Mobile Highway from Escambia County Florida to Baldwin County Alabama, therefore the location and/or proximity of the bridge has little/no impact on the subject property.

The subject property has access via "old" Mobile Highway, which parallels the southern boundary of the subject property. The subject benefits from approximately +/- 170' of paved frontage along this road. Old Mobile Highway is a typical paved two-lane roadway.

Mobile Highway was improved, and moved, from its original location at some time in the past and "old" Mobile Highway was left in order to provide access to the seven properties situated along this road. This appraisal is based on the assumption that "old" Mobile Highway is public right of way. In the event that this roadway does not provide public right of way this report would be rendered invalid or subject to revision.

Utilities available at the subject's location include community water, and electric service. Sanitary sewer service is not available to the subject parcel and septic tank usage is prevalent in the area.

Per the Federal Emergency Management Agency Flood Insurance Rate Map, Community-Panel Number 12033C0265 G, it is indicated that the entire subject site is situated within an "A" flood zone, an area of the 100-year flood, where base flood elevations have not been determined. The reader is referred to the exhibits section of this report for a visual reference to the location of these areas on the parcel.

The subject site is primarily cleared with only a few remaining trees, which are located along/near the riverbank at the northern boundary. The topography of the subject property in general, is level to gently sloping. According to the applicable soil survey the entire parcel is comprised of Pickney Sand (#48 per soil map). This soil type is typical in the area and is described as somewhat poorly drained soil that is poorly suited to urban or recreational uses because of wetness and occasional flooding. During the site inspection the appraiser noted that there are currently residential uses on similar soils found in the immediate vicinity, which indicates that filling and/or

drainage systems would overcome any limitations due to soils. A copy of the applicable soil map was presented earlier in the exhibits section of this report.

The subject property also contains a +/-0.25-acre pond located along the western boundary. The pond is irregular in shape and appears to be somewhat shallow. Our perception is that this pond adds amenity to the property.

DESCRIPTION OF IMPROVEMENTS

<u>Site improvements</u> – Site improvements include partial fill, a gravel/concrete drive leading from Old Mobile Highway to the home, a pond, a concrete boat ramp, landscaping, painted wood fencing, septic tank, and utility connections.

Improvement Description - The subject site is improved with a highly irregular shaped one-story residential home that is constructed on pilings. The structure contains approximately ±2,273 SF of gross living area, and includes a front covered porch, and a large wooden deck. The exterior of the subject structure features vinyl siding with decorative brick that conceals the pilings and rafters, an asphalt shingle roof, exterior lighting, one glass sliding door entry/exit in the rear to the wooden deck, three separate entry/exit doors in the front that consists of two sliding glass doors and one wooden/glass door, all of which are located along the covered front porch. Access to the front porch from the ground level is gained via wooden stairs located at the end of the porch. Additional access is available to the rear wooden deck via stairs from the ground level.

The interior of the subject has an atypical configuration, and is of average quality construction. The improvement contains one master bedroom and master bath, two additional bedrooms with one additional full bath. The central living area is reminiscent of a lodge type setting due to its odd shape, and because the den and dining area are separated from the kitchen area via an oversized fireplace that is located in the center

of the room. This fireplace, although useable, was converted into an entertainment center with custom built book cases and an area for a television. The kitchen contains average cabinetry, a sink area, and all of the necessary appliances such as a large stove and oven, large refrigerator/freezer, dishwasher, etc. The den area allows access to the large wooden deck that extends north from the improvement all the way to the southern bank of the Perdido River. From the residence one is able to enjoy the beautiful picturesque views of the Perdido River both west and northeast.

The interior has primarily carpet flooring, with vinyl flooring in the bathrooms and kitchen area. The interior walls appear to be of a laminate wood panel material, similar to those found in a mobile home. The ceiling throughout the bedroom and bathroom areas consists of painted drywall. The ceiling in the oddly shaped central living area. which includes the den/dining/kitchen area, contains a high sloping ceiling with single tiles in a metal grid system. Lighting in the home is of residential fixtures with incandescent lighting and some ceiling fans.

According to the Escambia County Property Appraisers assessment information. the subject was constructed in 1979, and has an actual age of thirty years. We estimate an effective age for the subject of 15 years, as the subject appeared to be in average condition at the time of inspection, with no noticeable deferred maintenance.

Brief descriptions of the building specifications are as follows:

Foundation:

Platform on pilings

Exterior walls:

Vinyl siding over wood frame.

Roof:

Asphalt Shingle

Floor Cover:

Primarily carpet flooring, with vinyl flooring in the bathrooms

and kitchen area.

Interior Walls:

Primarily laminate panel with painted wood trim

Ceilina:

Ceiling throughout the bedroom and bathroom areas consists of painted drywall. The central living area contains

high ceilings with single tiles in a metal grid system.

Lighting:

Residential incandescent fixtures.

HVAC:

Central heat and air, with some ceiling fans.

Fenestration:

Double-pane glass windows in metal frames; primarily wood

doors.

Other:

Decorative brick concealing pilings and rafters, large

covered front porch, large rear wooden deck overlooking

Perdido River, etc.

Site Improvements:

Gravel drive leading from Old Mobile Highway to the home,

a pond, a concrete boat ramp, landscaping, painted wood

fencing, septic tank, and utility connections.

Age/Effective Age:

A-30/E 15

Remaining Economic Life: 45-years

HIGHEST AND BEST USE

The Highest and Best Use is defined as follows: "That reasonable and probable use that will support the highest present value, as defined, as of the effective date of the appraisal.

Alternately, that use, from among reasonable, probable and legal alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in highest land value."

In estimating highest and best use of the subject site, the following were taken into consideration:

- 1) The uses legally permissible at that site
- 2) The uses physically possible on the site
- 3) Financially feasible uses of the site
- 4) The most productive use of the property

The highest and best use of each appraised parcel will be identified in the appropriate valuation section of this report.

AS VACANT:

<u>Legally Possible Uses</u> - The subject property is within the "R-R, Rural Residential District (cumulative) Low Density". This zoning district allows development at a density of two dwellings per one acre.

Physically Possible Uses – As vacant, the subject property contains approximately +\-1.68 acres of waterfront land located along the northern right of way of "old" Mobile Highway, and the eastern bank of the Perdido River, in Escambia County Florida. The property benefits from approximately +/-250' of frontage along the eastern bank of the Perdido River, which parallels the western boundary.

The lopography of the subject property in general, is level to gently sloping. According to the applicable soil survey the entire parcel is comprised of Pickney Sand (#48 per soil map), which is described as poorly drained soil, however residential uses on similar soils in the immediate area indicate that any soil limitations can be overcome by filling and/or drainage systems.

The subject property has good access via "old" Mobile Highway, and benefits from approximately +/-170' of paved frontage along this roadway.

Financially Feasible Uses - Financially feasible uses are best exhibited by reviewing surrounding properties within the immediate area, but likewise by studying what uses might be anticipated for the foreseeable future. This is a rural area of average residential uses situated within relatively low-density residential settings. Most residents in this area are either long-term residents or people looking for more room and/or larger home sites. Development with a single-family residence would be the most reasonable expectation and would take advantage of the properties characteristics (size, topography, zoning, river frontage, road frontage, and rural setting). Single-family residential use is also the use, which is most prevalent in the immediate surroundings.

Maximally Productive Use - Considering the physically possible, legally permissible, and financially feasible uses, we are of the opinion that the highest and best use of the subject property "as vacant" is for single-family residential development.

"AS IMPROVED"

The subject site is improved with a highly irregular shaped one-story residential home constructed on pilings. This improvement was built in 1979 and has an actual age of 30 years, and an effective age of 15 years. It is the appraiser's opinion that the quality of construction is average. This opinion is supported by such things as the interior laminate panel walls, the average cabinetry, the ceiling in the central living area

that contains single tiles in a metal grid system, etc. The atypical shape of the central living area is reminiscent of a lodge type setting, which is exemplified by the placement of the large fireplace in the center of the oddly shaped room. The structure does conform to county zoning, however due to the atypical design of the residence it does not fit well within the subject neighborhood. The highest and best use of the subject property "as vacant" is for single-family residential development with a more typical structure that would be more compatible with the natural surroundings. We observe functional obsolescence in the subject structure due to its odd design, construction quality, and design characteristics that tend to clash with the natural surroundings.

APPROACHES TO VALUE USED AND EXCLUDED

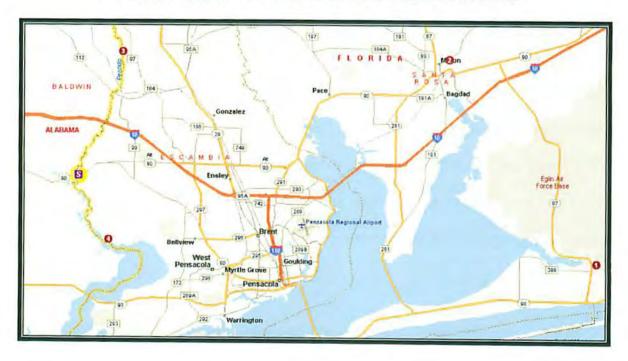

There are three approaches to value or techniques that are utilized in the appraisal of real property. The appraiser has given consideration to all three approaches, but has determined the Income Approach is inappropriate to the valuation of the subject property as this is a property type that is typically owner-occupied. The income approach to value lacks relevance to the valuation as it has minimal market support and is therefore excluded from our analysis. The sales comparison approach to value is the most valid indicator of value. The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the cost of acquiring a like property of equal utility. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of property before deciding to purchase a particular property.

We shall first employ the sales comparison approach to provide a value of the raw land, as though vacant and available for development to its highest and best use. Once this is accomplished, we shall use this information to develop our cost approach. We shall then use an additional sales comparison analysis to value the contribution of the land and improvements. A review of the separate indications will then be made in the final reconciliation of the market value.

LAND VALUATION

We have located several comparables that provide for a good comparison to the subject parcel. The land sales deemed the most comparable are described within the respective sale data sheets on the following pages. On a subsequent page is a Land Sales Comparison grid that summarizes characteristics of the subject site, the comparable sales and adjustments made by the appraiser to arrive at a value for the subject site. With this in mind, we proceed with the presentation of the sale data sheets for the selected comparable sales.

<u>Remarks</u>

This is a sale of approximately +/-1.784 acres of vacant waterfront land located along the southern bank of the East Bay River, near Navarre, Santa Rosa County Florida. The topography of the parcel in general is level to sloping. According to the applicable soil maps, approximately +/-60% of the parcel is comprised of soils that are described very poorly drained, however there are currently residential uses on similar soils found in the immediate vicinity which would indicate that filling and/or drainage systems would/could overcome any limitations due to soils. The remaining +/-40% of the parcel is comprised of upland soils that are well suited for urban development. All utilities are available to the parcel except sanitary sewer.

Front Footage 153 ft Perdido Lake lane (Dirt);230 ft Perdido River

Indicators

Sale Price/Gross Acre \$28,278 Sale Price/Gross SF \$0.65 Sale Price/WFF \$478

Remarks

This is a sale of approximately +/-3.89 acres of vacant land located along the eastern shoreline of the Perdido River. The topography of the parcel in general is level to steeply sloping. According to the applicable soil maps approximately 25% of the parcel is comprised of Lake Land Sand, approximately 70% is comprised of Bigbee-Garcon-Fluvaquents Complex, and the remaining +/-5% of the parcel is comprised of upland soils. Current residential uses on similar soils found in the immediate vicinity would indicate that filling and/or drainage systems would/could possibly overcome limitations due to soils. The parcel is subject to the V-5 zoning classification, which will allow development at a density of one unit per acre without the presence of sanitary sewer.

Indicators

Sale Price/Gross Acre \$317.955 Sale Price/Gross SF \$7.30 Sale Price/WFF \$1.865

Remarks

This is an active listing of a 0.44-acre vacant waterfront lot located along the west side of Hurst Hammock Road, in Pensacola Florida. The parcel was previously improved with a single family residence however this improvement was severely damaged during Hurricane Ivan, and has since been removed. The topography of the parcel in general is level. According to the applicable soil maps the entire parcel is comprised of hurricane and Albany soils identified on the soil map as unit #47. This soil is described as somewhat poorly drained soils that are poorly suited for urban development; however portions of the parcel where the previous improvement was placed appear to have been filled. Existing site improvements include an artesian well, a small yard building, and a boat slip that has been built in a natural cove that extends easterly approximately +/-150 into the parcel which provide natural protection from winds and rain. From the western boundary one has a view of the Perdido River to the west and north, as well as one of the widest portions of the Perdido River as it feeds into the Perdido Bay to the south.

Mr. Larry Goodwin, Real Estate Acquisition Supervisor Escambia County Engineering Department 1190 West Leonard Street Pensacola, Florida 32504

Re:\Summary appraisal report of a single-family residential home located at 11860 Mobile Highway in Beulah, Escambia County, Florida

Dear Mr. Goodwin:

At your request, we have inspected the above referenced property for the purpose of estimating the market value of the property as of July 17, 2009, the date of inspection.

The subject property consists of a $\pm 4,943$ SF single-family residence situated upon ± 2.63 acres of land, located along the north side of "old" Mobile Highway and along the eastern shoreline of the Perdido River, and having a mailing address of 11860 Mobile Highway, in the Community of Beulah, Escambia County, Florida. The property rights appraised are fee simple.

By reason of our inspection and analysis, which is described in the accompanying summary report, we are of the opinion that the market value of the above referenced subject property as of July 17, 2009, is:

FINAL VALUE ESTIMATE "AS IS" FOUR HUNDRED FORTY THOUSAND DOLLARS (\$440,000) Allocated as:

Land Improvements \$105,000 \$335,000

The above value estimate is subject to the limiting conditions and assumptions as reported herein, and the following special limiting conditions:

- We have not received a survey of the subject tract and are not surveyors. We have utilized
 a legal description provided by the Escambia County Property Appraiser Office and we
 have defined the parcel to the best of our ability, as described herein. We assume that the
 parcel exists as set forth in this appraisal.
- We assume that "old" Mobile Highway is public right of way that will continue to provide access to the subject property.

R. SHAWN BRANTLEY, MAI

This is a Summary Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. As such, it presents only summary discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The depth of discussion contained in this report is specific to the needs of the client and for the intended use. The appraiser is not responsible for unauthorized use of this report.

We appreciate the opportunity of doing this work for you. If there should be any questions, please do not hesitate to call.

Sincerely,

R. Shown Brustley, MAI

PROPERTY RIGHTS TO BE APPRAISED

All present and future benefits and rights of the property in fee simple unencumbered title, free and clear of all leases, mortgage indebtedness other liens or special assessments against the property. Mineral, gas, and oil rights are not included in this appraisal.

PURPOSE OF THE APPRAISAL

The purpose of this appraisal is to estimate the market value of subject as of the date specified.

INTENDED USE OF APPRAISAL

It is our understanding that the client will use this appraisal for planning and acquisition purposes.

APPRAISAL PROBLEM

The appraisal problem is to estimate the market value of the subject property in fee simple. We believe the best solution to the land valuation problem is through the examination of the most similar sales data that we could obtain, augmented by adjustments to account for differences from the characteristics of the subject property.

SCOPE AND EXTENT OF COLLECTING, CONFIRMING AND REPORTING DATA

The scope of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use.

The Appraiser conducted a complete appraisal analysis. The conclusions of this analysis are reported in a summary format with all relative information included within this report.

Primary data concerning region, neighborhood and the property was obtained through research provided by the State of Florida and the local Chamber of Commerce; other information obtained from discussions with the city and county government officials, taxing authority, zoning authority, the Property Appraiser's Office and utility companies. Secondary data was obtained from the Northwest Regional Planning Council and Metro Market Trends (a data base company).

This firm has completed a number of appraisal assignments in the immediate area. The appraiser was able to identify the subject property utilizing information provided by the client. The appraiser then inspected subject property and surrounding locale. After inspecting the property, we have gathered the necessary information for use with the sales comparison approach to value. The appraiser gathered this information from public records, Pensacola Multiple Listing Service, and Metro Market

Trends (a data base company). The sales comparison method will involve physical comparison with similar undeveloped properties, which have sold recently. After obtaining a value indication from this approach, we reconcile to a final value estimate.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analyses. Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search was limited to a 40-mile radius around the subject property, with most emphasis placed on those areas most approximate or similar to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein.

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus.

"Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- a) buyer and seller are typically motivated;
- b) both parties are well informed or well advised, and each acting in what they consider their own best interest;
- c) a reasonable time is allowed for exposure in the open market;
- d) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- e) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."

BRANTLEY & ASSOCIATES

¹ Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Standards Board of the Appraisal Foundation (4/20/90).

EXPOSURE TIME

Reasonable exposure time is one of a series of conditions in most market value definitions. Exposure time is always presumed to precede the effective date of the appraisal. Exposure time may be defined as follows: The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based upon an analysis of past events assuming a competitive and open market.

Exposure time is different for various types of real estate and under various market conditions. It is noted that the overall concept of reasonable exposure encompasses not only adequate, sufficient and reasonable time but also adequate, sufficient and reasonable effort. This statement focuses on the time component. The fact that exposure time is always presumed to occur prior to the effective date of the appraisal is substantiated by related facts in the appraisal process: supply/demand conditions as of the effective date of the appraisal; the use of current cost information; the analysis of historical sales information (sold after exposure and after completion of negotiations between seller and buyer); and the analysis of future income expectancy estimated from the effective date of the appraisal.²

We estimate the exposure time for this property to be 6 to 12 months.

² <u>Standards of Professional Practice. Part A (USPAP)</u>, Appraisal Institute, Standard Rule 1-2, b. iii, Comment, January 6, 1993, pages 2-5 through 2-8.

MARKETING PERIOD

The reasonable marketing time is an estimate of the length of time it might take to sell the subject property at the above estimated market value level during the period immediately after the effective date of the appraisal. This marketing time has been estimated at six to twelve months for the subject property, based upon presently available market information.

PROPERTY IDENTIFICATION AND LEGAL DESCRIPTION

The property being appraised is approximately ±2.63 acres of improved land located along the north side of "old" Mobile Highway, and having a mailing address of 11860 Mobile Highway in the Community of Beulah, in Escambia County, Florida. As we have not been provided a survey of the subject property, we rely on the records of the Escambia County Property Appraiser for the legal description of the subject property. A copy of said legal description can be found in the assessment records located in the addenda of this report.

TAXES AND ASSESSMENT

The subject property is identified by the Escambia County Property Appraiser's Office as parcel Id #10-1S-32-7001-000-000. Per the assessment records, the current owner of the parcel is listed as Gregory S. & Linda J. English, 8828 Klondike Road, Pensacola, Florida 32526. The total 2008 assessment is \$312,807, allocated as follows: \$52,093 attributed to the land and \$260,714 attributed to the improvements. The gross 2008 taxes are listed as \$4,900.21. A copy of the assessments records and tax records are located in the addenda of this report for the reader's review.

ZONING OF SUBJECT PROPERTY

According to the Escambia County Zoning Department the subject property is within the "R-R, Rural Residential District (cumulative) Low Density". This zoning district allows development at a density of two dwellings per one acre. A basic summary of the "R-R, Rural Residential District (cumulative) Low Density" classification is included below:

6.05.02. RR rural residential district (cumulative), low density.

- A. Intent and purpose of district. This district is intended to be a single-family residential area of low density in a semi-rural or rural environment. This district is intended to provide a transition from urban to rural densities and agricultural uses. The maximum density is two dwelling units per acre. Refer to article 11 for uses, heights and densities allowed in RR rural residential areas located in the Airport/Airfield Environs.
- B. Permitted uses.
- Reclamation of borrow pits that existed prior to September 16, 2004 (subject to local permit
 and development review requirements per Escambia County Code of Ordinances, Part I,
 Chapter 42, Article VIII, and performance standards in Part III, the Land Development
 Code, Article 7).
- 2. Any use permitted in the preceding district except as noted below.
- C. Conditional uses.
- 1. Public riding stables.
- 2. Kennels.
- 3. Animal hospitals and veterinary clinics.
- 4. Public buildings for general administrative, executive or studio functions, or for general warehousing or maintenance operations.
- 5. Home occupations with employees.
- 6. Shooting ranges, gun and rifle clubs, etc.
- 7. Country clubs, golf courses and tennis clubs.
- 8. Any conditional use permitted in the preceding district, except antenna towers.
- 9. Guest residence for medical care.
- 10. Borrow pits and reclamation activities thereof (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, Article VIII, and performance standards in Part III, the Land Development Code, Article 7).
- Solid waste transfer stations, collection points, and/or processing facilities.

- D. Prohibited uses.
- 1. Any use prohibited in the AG district.
- 2. Commercial communication towers.
- 3. Junkyards, salvage yards, and waste tire processing facilities.
- E. Site and building requirements.
- 1. Lot area, minimum.

Single-family dwelling . . . 1/2 acre

Horses and private stables . . . 2 acres

Campgrounds . . . 5 acres

Place of worship . . . 1 acre

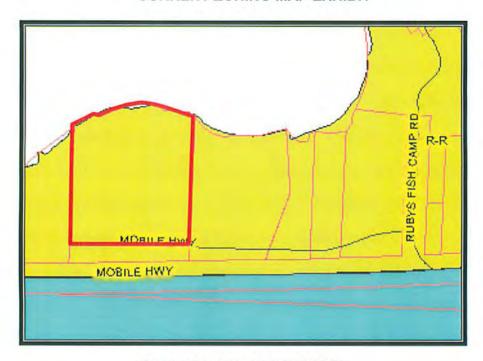

Educational facilities . . . 1 acre

Kennels . . . 2 acres

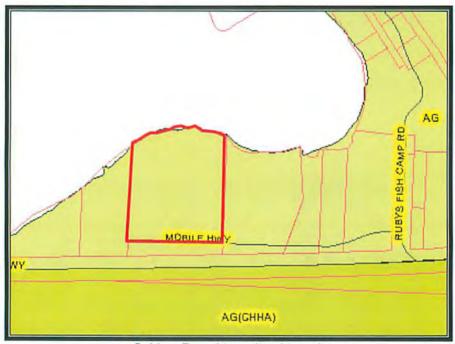

Keeping of farm animals . . . 2 acres

- 2. Lot coverage. At least 20 percent of each lot or parcel shall remain pervious (80 percent maximum impervious cover ratio).
- 3. Lot width. The minimum lot width at the front building line shall be 100 feet and 80 feet at the street right-of-way. Every cul-de-sac shall have a minimum of 40 feet at the street right-of-way.
- 4. Front yard. There shall be a front yard having a depth of not less than 40 feet.
- 5. Rear yard. The minimum rear yard shall not be less than 40 feet in depth. On property abutting an estuarine, riverine or creek system, the setback shall be in accordance with the marine/estuarine/riverine setback (MERS) provision (article 7) of this Code or 40 feet, whichever is greater.
- 6. Side yard. The minimum side yard on each side shall be ten percent of the lot width measured at the front building line, however, required side yards need not exceed 15 feet on each side. On property abutting an estuarine, riverine or creek system, the setback shall be in accordance with the marine/estuarine/riverine setback (MERS) provision (article 7) of this Code or 40 feet, whichever is greater.
- 7. Private stables or other structures for housing (sheltering) farm animals. No stables may be located less than 50 feet from any property line, nor less than 130 feet from any adjacent principal residential dwelling unit.
- F. Landscaping. See section 7.01.00.
- G. Signs. See article 8.

CURRENT ZONING MAP EXHIBIT

FUTURE LAND USE EXHIBIT

Subject Parcel is outlined in red

Future Land Use - The entire subject parcel is located in the "AG", agriculture future land use designation. This designation is consistent with the previously stated zoning classification.

HISTORY OF PROPERTY

Based on our review of the Escambia County public records, the most recent transaction related to the subject property is indicated on a Warranty Deed recorded at OR Book 6007, Page 0090. According to this deed, the subject property was conveyed to Gregory S. & Linda J. English (grantee) from MLC LLC (grantor) on October 6, 2006 for a total consideration of \$400,000. Mr. English advised that the single family residence was in poor condition at the time of purchase and in need of substantial repair, and that he has spent approximately +/-\$200,000 in renovations and repairs. Mr. English verified that he purchased the property from MLC LLC and that the property was being foreclosed on at the time of purchase. Mr. English also advised that the consideration recorded in the Escambia County public records is not accurate and that the actual purchase price for the subject was \$550,000. This transaction is given little consideration, due to the inconsistency in the price stated by Mr. English and the price recorded in the Escambia County public records. A copy of this Warranty Deed can be found within the addenda of this report for the reader's review.

ANALYSIS OF SUBJECT NEIGHBORHOOD

The subject property is located approximately +/-15 miles northwest of the City of Pensacola, approximately +/-2.5 miles west of the Community of Beulah, and approximately +/-2.50 miles east of the Community of Seminole, Alabama. The subject property has frontage along the eastern shore of the Perdido River, which is also the Florida/Alabama State Line. The neighborhood boundaries consist of Muscogee Road to the north, Hurst Hammock Road to the south, Pine Forest Road to the east, and Greek Cemetery Road to the west. Primary access to the area is provided by U.S. Highway 90 (Mobile Highway), which travels westerly from the City of Pensacola to the City of Mobile, Alabama. Interstate 10, the primary interstate running an east/west route

for the Gulf Coast, lies just +/-3.5 miles south, however the nearest access to the interstate is provided via an interchange with U.S. Highway 90, which lies approximately +/-6.5 miles east of the subject property.

The general area is comprised of mostly low-density residential usage with some supportive commercial development along the major roadways, i.e., Mobile Highway (U.S. Highway 90) and Nine Mile Road. Generally, as one progresses west, densities decrease. The immediate area consists of low density residential use with the exception of Ruby's Fish Camp, which is a small commercial establishment that caters to river enthusiasts selling snacks, wine coolers, beer, bait, and providing an area where one can pay to launch a boat. The immediate area surrounding the subject has not been traditionally popular for residential purposes and consists primarily of older singlefamily dwellings and manufactured homes, most of which are situated on large sites. It has primarily been utilized by people desiring larger land tracts or areas that would permit mobile homes. The proliferation of mobile homes and low-income housing diminishes the attractiveness of the area for new residential subdivisions, however, we believe the characteristics of this area to be slowly changing.

As previously mentioned, the subject property is situated along the eastern shoreline of the Perdido River, approximately +/-8.5 river miles north of the Perdido Bay. The Perdido River is a navigable river however according to locals it is subject to log jams that often make navigation all the way too the Perdido Bay a difficult, and sometimes impossible, task. The Perdido River does offer opportunities for a variety of outdoor recreation. The Perdido River is popular for swimming, fishing, camping, and paddling. Additional recreation activities such as hiking, horseback riding, and other outdoor related activities are also immediately available; while dining, theater productions, Gulf fishing and swimming, et al, are proximate to the local population center of Pensacola. The Gulf of Mexico beaches are approximately 30 minutes south.

We conclude that the subject property is located in an environment that could be described as in gradual transition to a more densely populated suburban or bedroom community to Pensacola. The majority of the surrounding land remains in agricultural and timber usage, with residential development becoming more common.

The market conditions in the area are best described as declining. Marketing times are increasing, with an excessive number of active listings throughout the Pensacola area, and seller negotiations are becoming more typical.

SITE DATA

The subject site contains approximately +\-2.63 acres of waterfront land located along the north side of "old" Mobile Highway, and the eastern bank of the Perdido River, in Escambia County Florida.

The subject property benefits from approximately +/-320' of frontage along the eastern bank of the Perdido River, which parallels the northern boundary. From the natural shoreline of the northern boundary one is able to enjoy beautiful scenic views of the Perdido River both west and northeast. The shoreline at the subject property is partially wooded, with a bank that slopes approximately 1' to 1.5' into the water. The river appears to be slow flowing, and is an average of +/-125' wide in the general area of the subject property. The parcel is situated approximately +/-.15-mile, by river, northeast of the concrete bridge extending along Mobile Highway from Escambia County Florida to Baldwin County Alabama, therefore the location and/or proximity of the bridge has little/no impact on the subject property.

The subject property has access via "old" Mobile Highway, which parallels the southern boundary of the subject property. The subject benefits from approximately +/-320' of paved frontage along this road.

Mobile Highway was improved, and moved, from its original location at some time in the past and "old" Mobile Highway was left in order to provide access to the seven properties situated along this road. This appraisal is based on the assumption that "old" Mobile Highway is public right of way. In the event that this roadway does not provide public right of way this report would be rendered invalid or subject to revision.

Utilities available at the subject's location include community water, and electric service. Sanitary sewer service is not available to the subject parcel and septic tank usage is prevalent in the area.

Per the Federal Emergency Management Agency Flood Insurance Rate Map, Community-Panel Number 12033C0265 G, it is indicated that the entire subject site is situated within an "A" flood zone, an area of the 100-year flood, where base flood elevations have not been determined. The reader is referred to the exhibits section of this report for a visual reference to the location of these areas on the parcel.

The subject site is primarily cleared with only a few remaining trees, which are located along/near the river bank at the northern boundary. The topography of the subject property in general, is level to gently sloping. According to the applicable soil survey the entire parcel is comprised of Pickney Sand (#48 per soil map). This soil type is typical in the area and is described as somewhat to poorly drained soil that is poorly suited to urban or recreational uses because of wetness and occasional flooding. During the site inspection the appraiser noted that there are currently residential uses on similar soils found in the immediate vicinity which indicates that filling and/or drainage systems would overcome any limitations due to soils, and that the subject

parcel appears to have previously been filled. A copy of the applicable soil map was presented earlier in the exhibits section of this report.

The subject property also contains a +/-0.25-acre pond located along the southern boundary. The pond is rectangular in shape and appears to vary in depth. Our perception is that this pond adds amenity to the property.

DESCRIPTION OF IMPROVEMENTS

<u>Site improvements</u> – Site improvements include fill, a concrete drive leading from Old Mobile Highway to the home, a pond, an aeration system for the pond that utilizes water from the Perdido River, an artesian well, landscaping, brick and iron fencing, electric gate, a metal equipment building/barn, a garage/workshop, septic tank, and utility connections.

Improvement Description - The subject site is improved with a good quality colonial style two-story residential home that contains approximately ±4,943 SF of finished living area with five bedrooms and three full bathrooms. Additional rooms include a kitchen (2nd Floor), a large family room (1st Floor), a dining area (2nd Floor), a large den (2nd Floor), and an office (1st Floor). There are additional improvements such as a metal equipment building/barn, a garage/workshop, and a well house.

The exterior of the subject structure is brick, and contains an asphalt shingle roof, and exterior lighting. Entry/exit ways to the dwelling include; two glass sliding door entry/exits on the rear upper level covered porch, one wooden/glass entry/exit door located on the first floor along the northern side of the dwelling under the covered porch, two glass/wood French doors located on the first floor along the western side of the dwelling, and one wooden entry/exit door located in the front under the covered porch along the southern side of the dwelling. Access to the rear porch from the ground level is gained via wooden stairs from the ground level.

The interior of the subject is of good quality and provides a floor plan consistent with a modern single-family home. The improvement contains one master bedroom and master bath, four additional bedrooms, and two additional full baths. The central living area contains a den, dining area, and a kitchen. The kitchen contains new cabinetry, a sink area, and all of the necessary appliances such as a stove and oven, large refrigerator/freezer, dishwasher, etc. From the residence one is able to enjoy the picturesque views of the Perdido River, as well as a good and the rear yard area.

The residence appears to be in the process of being renovated/repaired. The interior contains a mixture of hard wood, tile, and exposed concrete flooring. The areas that contain exposed concrete flooring include two bedrooms (2nd Floor), 2 bedrooms (1st Floor), family room (1st Floor), office (1st Floor), and a hallway (1st Floor). The walls are primarily painted gypsum board with painted wood trim however there are areas that contain exposed brick and wood panel walls (family room 1st Floor). The ceiling throughout the residence consists of painted drywall. Lighting in the home is of residential fixtures with incandescent lighting and some ceiling fans. The appraiser noted that the majority of light switches, electrical outlets, phone jacks, etc. were in need of covers, that a light fixture needed to be hung in the office (1st Floor), that doors needed to be hung in several rooms, and that door knobs needed to be installed on several of the previously hung doors. The appraiser estimates that the repairs/renovations are approximately +/-90% complete.

As previously mentioned, the subject property does contain a 30.2 x 60.2 metal equipment building/barn. This building contains an unfinished concrete floor, and provides approximately +/-1,818 SF of storage area. It is constructed of painted metal over a steel/wood frame, with a metal roof. Interior lighting is via drop down halogen lighting. It has a large bay door entrance on its eastern end. Additionally the property is improved with a 30 x 40.4 garage/workshop. This building contains an unfinished concrete floor, and provides approximately +/-1,212 SF of storage area.

constructed of siding over a steel/wood frame, with a metal roof. Interior lighting is halogen track lighting. It has a large bay door entrance and an additional single car garage door entrance along its southern side, and a walk-in entrance on its northern side. The property also contains a 12 x 10 well house of wooden construction. The appraiser was unable to determine the exact age of these additional improvements however they appear to be in average/good condition with no notable deferred maintenance. Please refer to the exhibits section of this report for a visual reference of these improvements.

According to the Escambia County Property Appraisers assessment information, the subject dwelling was constructed in 1973, and has an actual age of 36 years. The residence has recently undergone recent renovations/repairs. We estimate an effective age for the subject of 15 years, as the subject appeared to be of good quality and in average condition at the time of inspection, with a cracked glass window in the Florida room being the only noticeable deferred maintenance.

Brief descriptions of the building specifications are as follows:

Foundation:

Slab on grade

Exterior walls:

Brick over wood frame.

Roof:

Asphalt Shingle

Floor Cover:

Wood, tile, and exposed concrete flooring.

Interior Walls:

Primarily painted gypsum board with painted wood trim

Ceiling:

Painted drywall throughout

Lighting:

Residential fixtures with incandescent lighting and some

ceiling fans

HVAC:

Central heat and air, with some ceiling fans.

Fenestration:

Double-pane glass windows in metal frames; primarily wood

doors.

Other:

large covered front porch, covered rear porch covered rear

patio, etc.

Site Improvements:

A concrete drive leading from Old Mobile Highway to the home, fill dirt, a pond, an aeration system for the pond that utilizes water from the Perdido River, an artesian well. landscaping, brick and iron fencing, electric gate, septic tank,

and utility connections.

Age/Effective Age:

A-36/E 15

Remaining Economic Life: 45-years

HIGHEST AND BEST USE

The Highest and Best Use is defined as follows: "That reasonable and probable use that will support the highest present value, as defined, as of the effective date of the appraisal.

Alternately, that use, from among reasonable, probable and legal alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in highest land value."

In estimating highest and best use of the subject site, the following were taken into consideration:

- 1) The uses legally permissible at that site
- 2) The uses physically possible on the site
- 3) Financially feasible uses of the site
- 4) The most productive use of the property

The highest and best use of each appraised parcel will be identified in the appropriate valuation section of this report.

<u>Legally Possible Uses</u> - The subject property is within the "R-R, Rural Residential District (cumulative) Low Density". This zoning district allows development at a density of two dwellings per one acre.

Physically Possible Uses — As vacant, the subject property contains approximately +\-2.63 acres of waterfront land located along the northern right of way of "old" Mobile Highway, and the eastern bank of the Perdido River, in Escambia County Florida. The property benefits from approximately +/-320' of frontage along the eastern bank of the Perdido River, which parallels the western boundary.

The topography of the subject property in general, is level to gently sloping. According to the applicable soil survey the entire parcel is comprised of Pickney Sand (#48 per soil map), which is described as poorly drained soil, however residential uses on similar soils in the immediate area indicate that any soil limitations can be overcome by filling and/or drainage systems. The appraiser noted during the inspection that the subject parcel appeared to have previously been filled, and that the entire parcel appeared to be dry.

The subject property has good access via "old" Mobile Highway and contains approximately +/-320' of paved frontage along this roadway.

Financially Feasible Uses - Financially feasible uses are best exhibited by reviewing surrounding properties within the immediate area, but likewise by studying what uses might be anticipated for the foreseeable future. This is a rural area of average residential uses situated within relatively low-density residential settings. Most residents in this area are either long-term residents or people looking for more room and/or larger home sites. Development with a single family residence would be the most reasonable expectation and would take advantage of the properties characteristics (size, topography, zoning, river frontage, road frontage, and rural setting). Single family residential use is also the use, which is most prevalent in the immediate surroundings.

<u>Maximally Productive Use</u> - Considering the physically possible, legally permissible, and financially feasible uses, we are of the opinion that the highest and best use of the subject property "as vacant" is for single-family residential development.

"AS IMPROVED"

The subject property presently contains a single-family home in average/good condition. This improvement was built in 1973 and has an actual age of 36 years, and an effective age of 15 years. The home appears to be in average/good condition and contributes to the value of the subject property. This structure conforms to Escambia County zoning. The highest and best use of the subject property "as vacant" is for single-family residential development, and we believe that the present use of the subject property is the highest and best use of the subject property "as improved".

APPROACHES TO VALUE USED AND EXCLUDED

There are three approaches to value or techniques that are utilized in the appraisal of real property. The appraiser has given consideration to all three approaches, but has determined the Income Approach is inappropriate to the valuation of the subject property as this is a property type that is typically owner-occupied. The income approach to value lacks relevance to the valuation as it has minimal market support and is therefore excluded from our analysis. The sales comparison approach to value is the most valid indicator of value. The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the cost of acquiring a like property of equal utility. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of property before deciding to purchase a particular property.

We shall first employ the sales comparison approach to provide a value of the raw land, as though vacant and available for development to its highest and best use. Once this is accomplished, we shall use this information to develop our cost approach. We shall then use an additional sales comparison analysis to value the contribution of the land and improvements. A review of the separate indications will then be made in the final reconciliation of the market value.

LAND VALUATION

We have located several comparables that provide for a good comparison to the subject parcel. The land sales deemed the most comparable are described within the respective sale data sheets on the following pages. On a subsequent page is a Land Sales Comparison grid that summarizes characteristics of the subject site, the comparable sales and adjustments made by the appraiser to arrive at a value for the subject site. With this in mind, we proceed with the presentation of the sale data sheets for the selected comparable sales.

Remarks

This is a sale of approximately +/-1.784 acres of vacant waterfront land located along the southern bank of the East Bay River, near Navarre, Santa Rosa County Florida. The topography of the parcel in general is level to sloping. According to the applicable soil maps, approximately +/-60% of the parcel is comprised of soils that are described as somewhat to very poorly drained. The remaining +/-40% of the parcel is comprised of upland soils that are well suited for urban development. All utilities are available to the parcel except sanitary sewer.

Land Sale No. 2 (Cont.)

Remarks

This is a sale of approximately +/-2.52 acres of waterfront land located along the west bank of the Black Water River, in Milton, Santa Rosa County Florida. The warranty Deeds that convey the interests owned to Norman P. Hill (Grantee) can be found recorded in the Santa Rosa County Records at Book 2901 Page 1884, Book 2901 Page 1882, and Book 2901 Page 1880.

At the time of sale the property was improved with 2 residential structures. One of the structures did not contribute to the value of the property and demo costs are estimated at approximately +/-\$10,000. The remaining structure did contribute approximately +/-\$40,000 to the value of the property. These totals combined indicate a contribution to the value of the parcel of approximately +/-\$30,000.

The topography of the parcel in general is level to sloping. According to the applicable soil maps, approximately +/-40% of the parcel is comprised of soils that are described as somewhat to very poorly drained. The remaining +/-60% of the parcel is comprised of upland soils that are suited for urban development. All utilities are available or proximate to the property.

Front Footage 250 ft Cooper Basin; 320 ft Cooper Basin Drive

Indicators

Sale Price/Gross Acre \$68,932 Sale Price/Gross SF \$1.58

Remarks

This is an active listing of approximately +/-2.602 acres of waterfront land located along the southern shoreline of Cooper Basin. The site is currently improved with a +/-1,075 SF residential structure, however no value is given to the structure in the listing price as it is quite aged, and in need of significant renovation and/or repairs. Demo and clean up costs are estimated at approximately \$5,375. Additional site improvements consist of a private well, septic tank, 2 heavy wooden docks, and a boat launch.

The topography of the parcel in general is level to gently sloping. According to the applicable soil maps approximately +/-25% of the parcel contains soils that are considered "wet", while the remaining +/-75% of the soils are conducive to urban development. The "wet" soils can be found along the shoreline proximate to Cooper Basin

ANALYSIS OF COMPARABLE SALES AND EXPLANATION OF ADJUSTMENTS

<u>Unit of Comparison</u> – A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per SF, price per acre, price per front foot, price per SF of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust comparables for size.

In this appraisal, and in the preceding grid, we have used the unit of comparison of "Price Per Lot". We have chosen this unit of comparison because we believe this is the manner in which a typical buyer or seller would most likely frame an acquisition or disposition decision. Adjustments are then applied to the calculated unit of comparison to account for observed differences between the subject property and the comparables. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. Following is a brief explanation of adjustments applied in the comparison grid.

<u>Property Rights</u> - To the best of the appraiser's knowledge, all of the comparable sales and the pending sale were of fee simple interest. Because the appraiser is estimating the value of the fee simple interest in the subject property, no adjustment is required for this element of comparison.

<u>Financing</u> - The appraisal is made in terms of cash or terms generally equivalent thereto. All of the comparables represent either a "cash to seller" arrangement or financing at market terms. For this reason, no adjustment is necessary in this category of comparison.

<u>Conditions of Sale</u> - To the best of the appraiser's knowledge, all of the comparable sales were found to be "arms length" transactions without evidence of any undue influence or duress. We have applied a negative adjustment to active listing 4 to allow for typical negotiation allowances.

<u>Buyer Expenditures</u> – The selected comparable sales did not involve any extraordinary buyer expenditures for demolition, rezoning and/or environmental considerations, thus, no adjustments were necessary for these comparables. An adjustment is applied to Sale 2 in order to account for the cost associated with demolishing one of the improvements and the value contributed by the remaining improvement. A positive adjustment is applied to Listing 4 in order to account for demo costs that will be incurred by a buyer.

<u>Time/Market Conditions</u> – The market is currently declining, therefore a negative time market adjustment is applied to Sale 3, which occurred during better market conditions.

<u>Location</u> – This category is to adjust for location differences. Sale 2 is considered superior to the subject being located in close proximity to services, therefore a negative adjustment is applied. Sale 3 is considered inferior to the subject being located further away from services, and on a much narrower part of the Perdido River, therefore a positive adjustment is applied. All other comparables are considered similar to the subject and no further adjustments are necessary.

<u>Site Area/Water Frontage</u> – The subject property is approximately <u>+</u>2.63 acres of waterfront land that benefits from approximately +/-320' ("R") of waterfront along the eastern shoreline of the Perdido River. Sale 1 is smaller in size and contains less water frontage therefore a positive adjustment is applied. Sale 2 and Listing 4 are slightly smaller in size and contain less water frontage therefore a positive adjustment is applied

to each. Sale 3 is larger in size however contains less water frontage therefore no adjustment was necessary.

<u>View</u> – The subject property is situated along the eastern bank of the Perdido River, which is an average of +/-125' wide in the general area of the subject property. All of the comparables, except Listing 4, benefit from similar river views and no adjustments are necessary. Listing 4 is considered superior to the subject benefiting from views of the much wider Cooper Basin; therefore a negative adjustment is applied.

Zoning – The subject parcel is subject to the R-R zoning district. This zoning allows development at a density of two units per one acre. All of the comparables, except Sale 3, have zoning designations that allow denser development therefore a negative adjustment is applied to each. Sale 3 is considered inferior to the subject designated with the V-5 zoning classification, which with out the presence of sewer may only be developed at a density of one unit per acre, therefore a positive adjustment is applied.

<u>Utilities</u> – The subject property possess access to all necessary utilities, with the exception of sewer service. This category takes into consideration the availability of utilities to the subject parcel. Sale 2 is considered superior to the subject having access to all of the necessary public utilities therefore a negative adjustment is applied. Sale 3 is considered inferior to the subject having access to only electric service therefore a positive adjustment is applied. All other comparables are considered similar to the subject and no other adjustments are necessary.

Topography – The topography of the subject property in general, is level to gently sloping. According to the applicable soil survey the entire parcel is comprised of Pickney Sand (#48 per soil map), which is described as poorly drained soil. During the site inspection the appraiser noted that there are currently residential uses on similar soils found in the immediate vicinity which indicates that filling and/or drainage systems

would overcome any limitations due to soils, and that the subject parcel appears to have previously been filled. This category of comparison considers the topography of the parcels and the impact that it has on them. All of the comparables are considered inferior to the subject containing more impaired soils therefore a positive adjustment is applied to each.

<u>Functional Utility</u> – The functional utility of the subject parcel is considered average. All of the comparables are considered similar to the subject property and no adjustments are necessary.

<u>Improvements</u> – Listing 4 is considered superior to the subject containing a private well, septic tank, 2 docks, and a boat launch., therefore a negative adjustment is applied. All of the other comparables are considered similar to the subject therefore no other adjustments are necessary.

<u>Encumbrances</u> – The subject property contains no encumbrances. All of the comparables are considered similar to the subject and no adjustments are warranted.

<u>Land Value Analysis</u> - We have an adjusted value range from \$100,500 to \$111,375, with a mean of \$108,036. With most weight applied to Sales 1 and 2, the most recent sales, we reconcile at \$105,000.

FINAL VALUE ESTIMATE

ONE HUNDRED FIVE THOUSAND DOLLARS

(\$105,000)

"LAND ONLY"

THE COST APPROACH

The Cost Approach has as its foundation the principle of substitution, which simply stated asserts that no person is justified in paying more for a property then the cost of acquiring a site and building a facility of equal utility to the property being appraised, assuming no costly delays. The first step in the Cost Approach is to estimate the value of the subject land, which was accomplished in the previous section. To this value the replacement-cost-new of the improvements is added, and finally deductions are made for loss of utility due to depreciation and obsolescence.

Replacement-Cost-New Estimate: We have utilized the Marshall Valuation Service in order to develop an estimate for replacement of the improvements with a facility of equal utility. This information is developed as follows:

Marshall Valuation Service				(Section 12, Page 25, August 2008)				
Single Family Residence, Good, Class D Masonry vaneer			Base Cost/SF: \$109					
Adjustments:								
Height Multiplier		1.000

professional fees, taxes, etc.,				say 1	0%	\$	38,166	
Replacement-Cost						\$	419,831	
Total-Replacement-Cost-New"Rounded	**					\$	420,000	

<u>Accrued Depreciation Estimate</u>

Physical Deterioration: Physical deterioration may be recognized as "curable" and "incurable". Curable items refer to repairs for which it is feasible to correct as of the date of the appraisal. Typical curable deterioration would be required painting, minor wood replacement or the like. As previously mentioned, the single-family residence appears to be in the process of being renovated/repaired. The appraiser estimates the renovation/repairs to be approximately +/-90% complete. The following items are in need of completion and/or repair: Floor covering for two bedrooms (2nd Floor), two bedrooms (1st Floor), family room (1st Floor), office (1st Floor), and a hallway (1st Floor). Covers for light switches, electrical outlets, phone jacks, need to be installed, and a light fixture needed to be hung in the office (1st Floor), interior and closet doors need to be hung in several rooms as well as the installation of door knobs in some of the doors. The majority of painted wood trim is in place, however the appraiser noticed small areas that appear to be missing wood trim. We estimate the total cost to cure at approximately +/-\$40,000. We were unable to find any significant deferred maintenance in the property.

Incurable physical deterioration refers to the gradual deterioration in structural items in the property that suffer a loss in value over time, even though it is not feasible or logical to replace them on the date of the appraisal. For example, a roof or some other component may have some deterioration that does not require immediate replacement on the date of the appraisal. Incurable physical deterioration is typically estimated as a function of the effective age of the structure and its total estimated economic life, as follows:

Replacement-Cost-New Less Curable Physical Deterioration Cost Subject to Incurable Physical Deterioration		\$420,000 40,000 380,000
Effective Age in Years Total Life in Years Depreciation Percentage (Age/Life)	15 60	25%
Total Incurable Physical Deterioration "R"		95,000

<u>Functional Obsolescence</u>: The subject property is well designed and is quite functional for its intended and highest and best use. We cite no charge of functional obsolescence against the property.

External Obsolescence: We cite no adverse external factors.

INDICATED VALUE BY COST APPROACH:

We have compiled the various components of our cost analysis and they are summarized in this section to arrive at a value indication for the subject property.

Replacement-Cost-New		\$420,000
Less Depreciation		
Physical	\$135,000	
Functional	\$0	
External	\$0	
Total Depreciation		\$135,000
Depreciated cost of building improvements		\$285,000
Depreciated value of site improvements **		\$75,000
Land Value Estimate		\$105,000
Indicated Value by Cost Approach		\$465,000
Indicated Value by Cost Approach "R"		\$465,000

^{**} Site improvements include fill, a concrete drive leading from Old Mobile Highway to the home, a pond, an aeration system for the pond that utilizes water from the Perdido River, an artesian well, landscaping, brick and iron fencing, electric gate, a metal equipment building/barn, a garage/workshop, septic tank, and utility connections.

VALUE OPINION VIA COST APPROACH: \$465,000 **AS IS**

SALES COMPARISON APPROACH

We have located several sales that provide for a good comparison to the improvements located on the subject property. The improved sales deemed the most comparable are described on a Sales Comparison grid that summarizes characteristics of the subject's improvements, the comparable sales, and adjustments made by the appraiser to arrive at an opinion of value for the subject property. With this in mind, we proceed with the presentation of the location map for the selected comparable sales.

EXPLANATION OF ADJUSTMENTS

The subject property is a +/-4,943 SF single-family residence of average quality construction that contains 5 bedrooms and 3 baths, located on the Perdido River. A negative adjustment is applied to comparable 2, which sold during better market conditions. A negative adjustment is applied to active listing 4 in order to account for typical negotiation allowances. A negative adjustment is applied to Sales 1 and 3 in order to account for their superior views of much larger water areas. Sale 3 and Listing 4 are adjusted negatively in order to account for their superior quality of construction. A negative adjustment was applied to Listing 4 as the interior was in superior condition. Additional adjustments were applied to the comparables, as necessary, in order to account for substantial differences in site area/WFF, age, number of baths, square footage, garage/parking space, additional buildings, property amenities, etc. The comparable sales produce a potential value range between \$463,795 and \$472,740. With most weight placed on Sale 1, the most recent sale, we reconcile at a rounded \$465,000. However, as previously mentioned in the Cost Approach, the renovations/repairs to the subject property are only +/-90% complete, therefore it is necessary for us to deduct the estimated cost to cure (\$40,000) from the value estimate (\$465,000) in order to arrive at the "AS IS" value of \$425,000

VALUE OPINION VIA THE SALES COMPARISON APPROACH: \$425,000

AS IS

RECONCILIATION AND FINAL VALUE ESTIMATE

The Approaches to Value indicate the following:

Cost Approach

\$465,000

Sales Comparison Approach

\$425,000

Income Approach

N/A

The cost approach produced an independent cost estimate utilizing the Marshall Valuation Service. The land value estimate has good support based on the availability of similar land sales, and the replacement cost estimate considers the specific type of construction. This approach receives some weight in the reconciliation, as the improvements are typical of the quality and type of constructions found on a property of this kind.

The Sales Comparison Approach is a good indicator because it is a very direct and straightforward valuation methodology, and we have a number of comparable sales with which to employ it. As this is a very direct approach to determining market value, we give the Sales Comparison approach the most weight in our reconciliation.

The income approach is not utilized in the valuation of the subject property, as this is an property typically owner-occupied.

Hence, with the most weight placed on the Sales Comparison Approach, we reconcile the market value for the subject property as follows:

FINAL VALUE ESTIMATE FOUR HUNDRED FORTY THOUSAND DOLLARS \$440,000

Allocated as:

Land

\$105,000

Improvements

\$335,000

AS IS

ASSUMPTIONS AND LIMITING CONDITIONS

- 1. This is a Summary Appraisal Report, which is intended to comply with the reporting requirements set forth under Standard Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. As such, it might not include full discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.
- 2. No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
- 3. The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.
- 4. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
- 5. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
- 6. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
- 7. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
- 8. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.
- 9. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
- 10. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
- 11. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.
- 12. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.

ASSUMPTIONS AND LIMITING CONDITIONS - CONT'D.

- 13. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.
- 14. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
- 15. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
- 16. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
- 17. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.
- 18. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

CERTIFICATION

We certify that, to the best of our knowledge and belief:

- 1. The statements contained in this appraisal report are true and correct.
- 2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are our personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- 3. We have no present or prospective interest in the property that is the subject of this report and we have no personal interest with respect to the parties involved.
- 4. We have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- 5. Our engagement in this assignment is not contingent upon developing or reporting predetermined results.
- 6. Our compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- 7. Our analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
- 8. We have made a personal inspection for the property that is the subject of this report.
- 9. No one provided significant professional assistance to the persons signing this certification.
- 10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
- 11. The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Appraisal Institute's Code of Professional Ethics and Standards of Professional Appraisal Practice, which include the Uniform Standards of Professional Appraisal Practice.
- 12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
- 13. As of the date of this report, R. Shawn Brantley, MAI, has completed the continuing education program of the Appraisal Institute.

EXPERIENCE:

Currently employed as a State Certified General Real Estate Appraiser with Brantley & Associates Real Estate Appraisal Corporation in Pensacola, Florida from April 2005.

AFFILIATIONS:

State Certified General Real Estate Appraiser State of Florida, #RZ3287

SCOPE OF CLIENTS (Brantley & Associates): Farm Credit of NW Florida, Suntrust Bank, Bank of Pensacola, Amsouth Bank, The Warrington Bank, Blue Sky Timber Properties, International Paper Company, area attorneys, individuals, accountants

GENERAL AREA ANALYSIS

The Pensacola Metropolitan Statistical Area (MSA) consists of the two westernmost counties in Northwest Florida, Escambia and Santa Rosa. The counties are situated along the Gulf of Mexico and the Intracoastal Waterway in the area dubbed as "The Western Gate to the Sunshine State". The area is strategically placed between various large southern cities. It is located approximately 60 miles from Mobile, Alabama; 200 miles from New Orleans, Louisiana; 200 miles from Tallahassee, Florida; and 325 miles from Atlanta, Georgia. Escambia County has approximately 661 square miles with Santa Rosa County encompassing 1,024 square miles. There is an additional 100 square miles of water area within the county boundaries. A delineation of the boundaries is shown on the map below:

There are four forces that have significant influence on property values in the region. They are listed as follows:

ECONOMIC FORCES

SOCIAL FORCES

GOVERNMENTAL FORCES

ENVIRONMENTAL FORCES

The interaction of these forces influence the value of real property in the market. The regional analysis is presented with these factors in mind.

<u>ECONOMIC FORCES</u>: The analysis of economic trends will be confined to the local economy as most applicable to the subject of the appraisal. This category will evaluate trends in employment and housing trends within the MSA.

Employment: Pensacola's regional economy continues to rely heavily upon governmental expenditures (primarily military); however, tourism, industry, health care and education make up the majority of its workforce and economy. At the present time, 36% of the work force is employed by the service industry, 16% by the retail trade industry, and 21% is employed by federal, state and local government. In an effort to diversify the past/existing labor trend, local government has intensified their efforts in securing new industry to the area. This effort commenced in the late 1980s and continues through the present time. According to the Haas Center for Business Research and Economic Development, over 1,900 new jobs were added from the first quarter of 2006 to the first quarter of 2007.

As stated, military personnel have had a profound effect upon the area's economy. Escambia and Santa Rosa Counties are host to numerous military installations including Naval Air Station Pensacola, Saufley Field, Corry Station and NAS Whiting Field. Known as the "Cradle of Naval Aviation", Naval Air Station Pensacola serves as the launching point for the flight training of every Naval Aviator, Naval Flight Officer (NFO), and enlisted aircrewman. In addition, approximately 32,000 aviation personnel in aeronautical technical phases of naval operations are trained here. The

Pensacola Naval Complex in Escambia and Santa Rosa counties employs more than 16,000 military and 7,400 civilian support personnel.³

The majority of Naval activities in the area are concentrated on the west side of the metropolitan area. The largest base is NAS Pensacola, which is located southwest of Pensacola's central business district at the entrance to Pensacola Bay. Additional military facilities, which are located outside the MSA, include Eglin Air Force Base and Hurlburt Field. These facilities are located in Okaloosa County but do provide some economic impact to Santa Rosa County, and to a lesser extent, Escambia County.

On August 27, 2005, the Defense Base Realignment and Closure Commission (BRAC) completed their final recommendations for base realignments and closures. Those recommendations affecting the Pensacola installations include the transfer of the Defense Finance and Accounting Services (400 jobs), the Officer Training Command (738 j0obs), the Naval Aeromedical Research Laboratory (40 jobs), and Space and Naval Warfare Systems (139 jobs). This will be a loss of approximately 1,317 jobs; however, this loss will be offset by BRAC's recommendation to transfer Randolf Air Force Base's undergraduate pilot and navigator training to NAS Pensacola. This transfer will be a gain of approximately 625 jobs, thus the net loss to NAS Pensacola will be approximately 692 jobs. These decisions were accepted by President Bush on September 15, 2005 and later approved by congress. In summary, the current outlook for the future of NAS Pensacola looks positive.

Other major employers in the region include:

Company Name	No. Emp.	Principal Business

Pensacola News Journal	520	Newspaper
DANA Coupled Products	350	Automobile Brake Systems
Armstrong World Industries	300	Acoustical Ceiling Products
General Electric	250	Wind Energy Systems

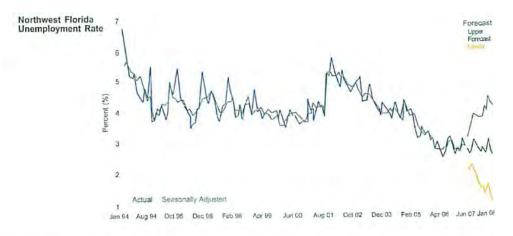

These employers represent a broad base of industries.

A significant number of jobs in the service sector are provided by the health care industry. Pensacola is a regional center for medical care in Northwest Florida and South Alabama, offering specialized health care services for people in a wide multi-state area. The three regional hospitals

include Baptist Hospital, Sacred Heart Hospital, and West Florida Hospital. The three centers have a total of 1,483 beds and feature a variety of medical specialties for the Southeast region.

In addition to the three regional hospitals, other chief healthcare facilities within this MSA include Gulf Breeze Hospital (associated with Baptist Hospital), Naval Hospital, Santa Rosa Medical Center, and Nemours Children's Clinic. Two new major health care facilities were recently completed in the area, which are a state-of-the-art Veterans Affairs/Department of Defense Joint Ambulatory Care Clinic to be located near Corry Station and a world-class multi-million dollar orthopedics and sports medicine center, the Andrews Institute (featuring celebrated orthopedic surgeon James R. Andrews) in Gulf Breeze.

<u>Unemployment</u>: The Northwest Florida region's unemployment rate for the first quarter of 2007 was 3%. This unemployment is lower than both the Florida unemployment rate (3.3%) and the nation as a whole (4.8%). Employment was extremely strong in the first part of 2006. Job creation matched increases in the area labor force and the unemployment rate remained consistently below 2005 levels. By year's end, the unemployment rate was identical to that of 2005. According to the Hass Center, Northwest Florida filled 17,919 jobs between first quarter 2006 and first quarter 2007. Notably, each county had an increase in labor force and number of jobs; however, the region still experienced an increase in its unemployment rate (2.5% in Escambia and Santa Rosa Counties) because the employment increases did not keep pace relative to the increased labor force.⁴ The following graph exhibits the current Regional, State and National trend in unemployment in recent years:

⁴ Northwest Florida Employment, A quarterly publication of the Haas Center for Business and Research Development at the University of Northwest Florida (Summer 2007)

SOURCE: Haas Center for Business & Economic Development

Though the above graph exhibits a slight increase from 2006, the gradual decrease from preceding years reveals a willing workforce with a strong local economy.

Housing: Both counties offer a wide variety of housing options ranging from affordable to luxury, waterfront, secluded or suburban residence. Growth within the housing market had been rapid in the past, and from 2004 to late 2005 it accelerated considerably due to housing shortages created by recent hurricanes. There was a great demand for residential property in the general market, and from 2004 through the third quarter of 2005, real estate values were rapidly increasing, and most land deals went down with multiple developers in the hunt.

Conversely, in late 2005, the demand for residential homes (single-family homes, townhomes, condominiums, etc.) began to take a downward turn. This has been attributed to several factors. Initially, recent hurricanes, and the extensive damage they produced, caused construction costs and insurance premiums to rise exponentially. This also created in the general public an awareness of the vulnerability of this hurricane prone area. Local Realtors subsequently began reporting a downward trend in residential sales.

According to the Pensacola Association of Realtors' Multiple Listing Service the average number of monthly sales drastically decreased over 46% from October 2005 to September 2007. The average "days listed on the market" has increased from 68 days to 129 days over this same time period. The number of listings in October 2007 was 5,160 single family homes and 1,378 condominiums. Thus, the MLS statistics support what local Realtors and developers have been reporting in regards to a declining demand within the residential market, thus resulting in a similar decline in demand for residential land.

In addition to the abundance of listings for residential housing and minimal sales, we also observe falling median prices. The affordable housing market has been more resistant to decline in both cost and absorption; however, other sectors of the residential market have shown declining prices, especially along the waterfront. According to the Haas Center, even with median home prices decreasing, many residents are feeling the pinch from increased property taxes in addition to already

high insurance premiums. And although the housing affordability for Northwest Florida is improving with regard to lower interest rates and declining housing prices, the increases in insurance and property taxes coupled with minimal increases in median income will continue to make housing affordability a serious problem. Thus, we surmise that until the general area as a whole sees some kind of relief in regards to insurance costs and construction costs, and until the hurricane phobia subsides, demand for housing may remain somewhat stagnant into the foreseeable future.⁵

Building Permits: Due to the decline in real estate demand, permit activity is also down across the region, including Santa Rosa County. However, Escambia County has been the exception showing a tremendous increase in permit activity for multi-family units in 2007, as it did in the third and fourth quarters of 2006, with over 373 percent compared to 2006. Also, according to the Hass Center, in spite of the long decline in real estate activity, interest rates remain low and many experts believe that we may have bottomed out, or are very close to doing so. According to a recent survey done by the University of Florida's Bergstrom Center for Real Estate Studies an increasing number of real estate professionals believe that an equilibrium is being established between home prices and inflation, and that this suggests the market is stabilizing. Below is a chard exhibiting permit activity in Northwest Florida.

First Quarter 2007	Escambia County	Santa Rosa County	Okaloosa County (FI Walton Bch MSA)	Walton County	Bay County Panama City MSA)
Construction Value Single Family Units	\$76,158,137 313	\$30,586,117 190	\$77,950,000 191	\$118,223,232 190	\$46,430,000

Building activity is assisted somewhat by the fact that mortgage credit is readily available to qualified applicants throughout the MSA. There are a large number of banks, mortgage companies and S & L's, which are highly competitive in providing loans. Typically, loan-to-value ratios of seventy

⁵ Housing Affordability, A Quarterly Publication of the Haas Center for Business Research & Economic Development at the University of West Florida (Summer 2007).

to eighty percent are available at interest rates of approximately 6% to 10%. Amortization periods tend to vary with 10 to 30-year terms; however, balloon provisions are typical.

SOCIAL FORCES: This category is primarily concerned with population characteristics and demographics. A study of an area's population characteristics produces much information about the basic demand for real estate in that market. Following is regional and city data pertinent to that topic.

<u>Population</u>: Population growth in the Pensacola MSA (Escambia and Santa Rosa Counties) has continued at a steady pace since 1960. The table below shows the population changes in the Pensacola MSA from 2002 through 2006.⁷

<u>YEAR</u>	ESCAMBIA	SANTA ROSA	PENSACOLA MSA
2006	295,426	144,561	439,987
2005	295,624	142,442	438,066
2004	298,859	138,276	437,135
2003	297,035	132,266	429,301
2002	296,798	127,346	424,144

The largest segment of the population (63%) is 15 to 59 years old, and the median age is 37.9 years. Census estimates indicate there were 273,027 households in Escambia County in 2006, up from 110,921 households in 2000. The average household size is 2.31. There were 142,303 households in Santa Rosa County in 2006, up from 44,668 households in 2000; and the average household size was 2.90.

GOVERNMENTAL FORCES: This category addresses state and local government forces within the regional area.

Type of Government: Santa Rosa and Escambia Counties are governed by a board of commissioners. Specified districts with some "at large" seats elect the commissioners. The board in turn appoints a county manager who oversees the day-to-day operations of the respective governments.

Northwest Florida Real Estate Activity, A Quarterly Publication of the Haas Center for Business Research & Economic Development at the University of West Florida (Summer 2007).
 Population figures from the U.S. Bureau of Census

<u>Building Codes/Zoning</u>: The various cities of Pensacola, Gulf Breeze and Milton and the Santa Rosa and Escambia County governments all operate separate planning and zoning departments. The various departments are responsible for establishing and enforcing land use regulations. These departments are extremely helpful in deciphering land use regulations.

The City of Pensacola, Escambia County, the City of Milton, and Santa Rosa County also operate separate building inspection departments. This office is responsible for enforcing codes for building, electrical, mechanical, plumbing, and gas installations.

<u>Law Enforcement/Fire Department</u>: Escambia County and Santa Rosa County Sheriff Departments within the MSA and the respective City Police Departments provide adequate law enforcement within the immediate market area. Fire departments are staffed by volunteers in the County and paid employees in the City.

<u>Utilities</u>: Northwest Florida is served with electrical power by Gulf Power Company, which owns three modern generating stations. The Bell South Telephone Company provides telephone service throughout the MSA. The Emerald Coast Utilities Authority supplies water and sanitary sewage disposal service to Escambia County. It also disposes of trash within the unincorporated area of the County with Sanitation Services of Pensacola having jurisdiction within the city limits. Natural gas is available for most areas by Energy Services of Pensacola.

<u>Transportation</u>: Federal Highway Interstate 10 runs through the MSA in its course from Los Angeles, California to Jacksonville, Florida. Additionally, the MSA is dissected by an ample variety of State, County and local roads, providing access throughout the area. The Pensacola Regional Airport is a commercial airport served by American Eagle, Continental Airlines, Delta Airlines, Northwest Airlink, and US Airways with an average total of 90 flights per day. The City of Pensacola operates the Port of Pensacola, which can accommodate ocean-going vessels with drafts up to 33 feet.

<u>Taxes</u>: The State of Florida has no personal income tax. Additionally, there is no sales tax on food, medicine, packaging, boiler fuels or inventories. Sales taxes targeted toward tourism (retail sales, rentals, transient living accommodations) comprise 65% to 70% of Florida's tax revenue. There is a corporate state income tax of 5.5%. Ad valorem taxes are levied on property throughout the

county to provide operating revenue to local government. Escambia County sales tax is at \$0.075 on the dollar and Santa Rosa County is subject to \$0.065 on the dollar.

ENVIRONMENTAL FORCES: Environmental forces relate to the characteristics of a property's geographic location.

<u>Climate</u>: The MSA is located in a generally warm climate, typical of the region along the upper Gulf Coast. The average temperature in January is 52 degrees and in July is 83 degrees. High winds, tropical storms or hurricanes have occurred in late summer and in early fall.

<u>Topography/Soil</u>: The MSA is located on the Gulf Coastal Plain, which generally consists of level and flat land. The soils are mostly of the sandy loam nature and are generally well suited for buildings, roads and other common urban improvements.

Recreation: A wide variety of cultural activities such as music, art, theatrical productions and dance are located in the area. Canoeing, boating, fishing and other outdoor sporting activities are popular throughout the MSA.

<u>Transportation</u>: Escambia and Santa Rosa Counties are located along a sheltered 12 foot draft barge route which runs from Brownsville, Texas to Appalachicola, Florida. Amtrack and CSX Transportation provide rail service to and from Pensacola. Greyhound Lines, Inc. provides bus service to and from the Pensacola MSA.

Regional Resources: Agriculture has continued to be a major contribution to the economy. It remains one of the prime resources of the area for row crop and tree farming. There are also extensive petroleum deposits offshore in the Gulf of Mexico. However, at the current time, only exploratory drilling has been permitted. The future impact of this resource is questionable as the prospect of full production drilling is vehemently opposed by environmentalists and local and state government.

Perhaps the most recognized resource for the area is the sparkling white sandy beaches, which extends from Mobile Bay to peninsular Florida. The beaches in the Pensacola area remain a major tourist attraction.

<u>Hurricanes</u>: As Florida endures the majority of Atlantic hurricane landfalls, with statistics identifying Pensacola as having a 1 in 8 chance of being the target, hurricane damage and their

repercussions are major concerns for the Pensacola MSA. As described earlier in the Housing section, Hurricane Ivan was the initial onset of the current market decline for the Pensacola MSA.

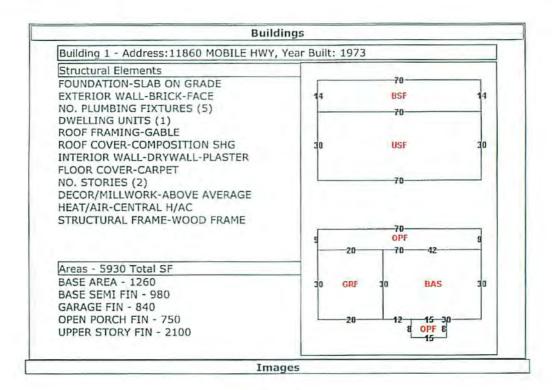

The Atlantic hurricane season extends from June to November. Within the past twelve years the Pensacola MSA has encountered six damaging and even deadly hurricanes, among multiple tropical depressions, tropical storms, and minor hurricanes. Following is a table briefly describing each:

MAJOR HURRICANES IN PENSACOLA MSA							
Name	ERIN	OPAL	GEORGES	IVAN	DENNIS	KATRINA	
Date	August-95	October-95	September-98	September-04	July-05	August-05	
Landfall	Pensacola, FL	Gulf Breeze, FL	Biloxi, MS	Gulf Shores, AL	Pensacola, FL	New Orleans, LA	
Category	1	3	2	3	3	3	
Winds	99 mph	116 mph	104 mph	120 mph	120 mph	175 mph	
Area Storm- Related Deaths	None	None	None	18	5	1,836	
Total U.S. Loss	\$700 Million	\$5.2 Million	\$2.96 Billion	\$12 - \$14 Billion	\$1.8 Billion	\$84 Billion	

These storms, along with several other 2004-2005 Florida hurricanes, created in the general public an awareness of the vulnerability of this hurricane prone area. Due to these natural disasters frequently targeting the Escambia and Santa Rosa County areas, multiple hurricane shelters, evacuation planning guides and assistance programs have been formed to support local residents in preparing for and dealing the outcomes of these storms.

SUMMARY: The Pensacola MSA remains an evolving metropolitan area, traditionally dependent on tourism and an extensive military presence. The intensification of efforts to secure other industries shows the willingness of local government officials and community leaders to achieve a diversified economy. The MSA also has natural resources, affordable housing, and a growing, young workforce, all of which provide a good foundation for future growth. We conclude that the MSA is an economically viable environment with demand levels for affordable housing within this general area sufficient for an operative market, but clearly slower than we have historically seen.

Sale #1 was a foreclosure sale by Fanny mae and of course it sold for considerably less upon resale, sale #2 sold for less last time than the most recent sale; however the seller may have done some upgrading prior to sale. Sale #3 sold so long ago that the previous sales price is irrelevant to todays market. Summary of Sales Comparison Approach Due to a paucity of sales in the vacinity of the subject it was necessary to expand the search area in order to locate meaningful comparables. The sales selected are believed to be good indicators for the subject's estimated value. Because the subject is located on a site having over 200 feet of river frontage; a large adjustment for site value was required for each sale. Other adjustments to the sale were for for construction quality, effective age, gross living area, garages and yard amenities. Gross living area was adjusted at \$40.00 per square foot for differences greater than 50 square feet. Indicated Value by Sales Comparison Approach S 352,000,00 Indicated Value by: Sales Comparison Approach \$ 352,000.00 Cost Approach (if developed) \$ 360,437 Income Approach (if developed) \$ Not reque Approximately equal weight was accorded each sale in the final estimate of value. File# C900909

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

File # C900909

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

File # C900909

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

CASE NO. -

DEAR MR. ENGLISH:

IN ACCORDANCE WITH YOUR REQUEST, I HAVE PREPARED AN APPRAISAL OF THE REAL PROPERTY LOCATED AT 11860 MOBILE HIGHWAY, PENSACOLA, FL.

THE PURPOSE OF THE APPRAISAL IS TO PROVIDE AN OPINION OF THE MARKET VALUE OF THE PROPERTY DESCRIBED IN THE BODY OF THIS REPORT.

ENCLOSED, PLEASE FIND THE SUMMARY REPORT WHICH DESCRIBES CERTAIN DATA GATHERED DURING OUR INVESTIGATION OF THE PROPERTY. THE METHODS OF APPROACH AND REASONING IN THE VALUATION OF THE VARIOUS PHYSICAL AND ECONOMIC FACTORS OF THE SUBJECT PROPERTY ARE CONTAINED IN THIS REPORT.

AN INSPECTION OF THE PROPERTY AND A STUDY OF PERTINENT FACTORS, INCLUDING VALUATION TRENDS AND AN ANALYSIS OF NEIGHBORHOOD DATA, LED THE APPRAISER TO THE CONCLUSION THAT THE MARKET VALUE, AS OF SEPT. 28, 2009 IS:

\$760,000

THE OPINION OF VALUE EXPRESSED IN THIS REPORT IS CONTINGENT UPON THE LIMITING CONDITIONS ATTACHED TO THIS REPORT.

IT HAS BEEN A PLEASURE TO ASSIST YOU. IF I MAY BE OF FURTHER SERVICE TO YOU IN THE FUTURE, PLEASE LET ME KNOW.

RESPECTFULLY SUBMITTED.

MCCALL REALTY & INVEST, INC.

Uniform Residential Appraisal Report

File# 096821R

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended user, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and cortifications. The appraisor must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. delians or in terms of financial arrangements comparable thereto; and (6) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable elines the seller pays these costs in virtually all cales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical deliar for deliar cost of the financing or concession but the deliar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraisor's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraisor will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraisor assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraisor has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimeny or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse onvironmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any angineering or testing that might be required to discover whether such conditions exist. Bacques the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or atterations on the assumption that the completion, repairs, or atterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

File # 0968216

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livubility, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, vorified, analyzed, and reported on any current agreement for sale for the subject property in the twelve menths prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the preximity of the subject property to adverse influences in the development of my epinlen of market value. I have noted in this appraisal report any adverse conditions (such as, but not timited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 16. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either participants or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prespective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(e) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

File # 096821R

- 21. The lender/client may disclose or distribute this appraisal report to: the berrower, another tender at the request of the berrower, the mortgages or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraisar's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, nows, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The betrower, another lender at the request of the betrower, the mortgages or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser contribes and agrees that:

- 1. I directly supervised the appraisor for this appraisor assignment, have read the appraisor report, and agree with the appraisor's analysis, opinions, statements, conclusions, and the appraisor's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisel report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "olectronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimite transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

NEIGHBORHOOD BOUNDARIES

AREA BOUNDED ON THE NORTH AND WEST BY THE FLORIDA/ALABAMA STATE LINE, ON THE EAST BY MOBILE HIGHWAY AND ON THE SOUTH BY THE PERDIDO RIVER

NEIGHBORHOOD DESCRIPTION

THE NEIGHBORHOOD CONSIST OF BRICK, STUCCO, VINYL & FRAME RESIDENCES WITH AVERAGE LANDSCAPING FEATURES & AVERAGE LOT SIZES. NO UNFAVORABLE FACTORS WERE FOUND.

ADDITIONAL FEATURES

FRONT PORCH, SMOKE ALARM, CEILING FANS, PATIO, FIREPLACE, FENCE, METAL BUILDING/BARN, GARAGE/WORKSHOP, WELL HOUSE, BOAT RAMP, HARDWOOD FLOORS, CERAMIC TILE FLOORS, STAIRS, CONCRETE DRIVEWAY AND WALKWAY

SALES COMPARISON APPROACH

THE APPRAISER HAD TROUBLE FINDING COMPARABLE SALES THAT WERE WITHIN THE ONE MILE LIMIT FOR FNMA GUIDELINES. THE SALES USED WERE THE BEST RECORDED SALES THAT WERE AVAILABLE THROUGH THE PUBLIC RECORDS AND MLS SERVICE. THE AREA AROUND THE SUBJECT HAS LARGE PARCELS THAT ARE NOT DEVELOPED AND THIS MEANS THAT THERE IS GREATER DISTANCES BETWEEN THE PROPERTIES, THEREFORE THERE IS A GREATER DISTANCE BETWEEN SALES IN THIS AREA.

THE APPRAISER ALSO HAD TO GO BEYOND THE SIX MONTH LIMIT OF SALES DATE. COMPARABLE # 3 WAS USED DUE TO THE SIMILARITY OF IT TO THE SUBJECT AND DUE TO LOCATION, SIZE, AGE AND FEATURES. THE THREE SALES WERE ALL WITHIN A YEAR OF THE APPRAISAL DATE.

THE APPRAISER ALSO HAD TO EXCEED THE FNMA GUIDELINES ON GROSS ADJUSTMENTS ON ALL THREE COMPARABLES, BUT THESE WERE THE BEST SALES WHEN LOOKING FOR LOCATION, DESIGN, APPEAL AND FEATURES.

THE APPRAISER DOES NOT FEEL THAT THESE SALES THAT EXCEEDED THE LIMITS WOULD HAVE A NEGATIVE EFFECT ON THE VALUE OF THE SUBJECT AND IN HIS GPINION WERE REFLECTIVE OF THE MARKET VALUE IN THE SUBJECT NEIGHBORHOOD.

MULTI-PURPOSE APPRAISAL ADDENDUM FOR FEDERALLY RELATED TRANSACTIONS

Borrower/Client	GREGORY & LINDA ENGLISH			
Property Address	11860 MOBILE HIGHWAY			
City PENSACOLA	County ESCAMBIA	State	FI,	Zip Code 32526-5236
Lender	GREGORY ENGLISH			

This Multi-Purpose Supplemental Addendum for Federally Related Transactions was designed to provide the appraiser with a convenient way to comply with the current appraisal standards and requirements of the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of Currency (OCC), The Office of Thrift Supervision (OTS), the Resolution Trust Corporation (RTC) and the Federal Reserve.

This Multi-Purpose Supplemental Addendum is for use with any appraisal. Only those statements which have been checked by the appraiser apply to the property being appraised.

	statements which have been checked by the appraiser apply to the property being appraised.									
x	PURPOSE & FUNCTION OF APPRAISAL									
The assist	The purpose of the appraisal is to estimate the market value of the subject property as defined herein. The function of the appraisal is to assist the above-named Lender in evaluating the subject property for lending purposes. This is a Federally related transaction.									
(X)	EXTENT OF APPRAISAL PROCESS									
(X)	The appraisal is based on the information gathered by the appraiser from public records, other identified sources, inspection of the subject property and neighborhood, and selection of comparable sales within the subject market area. The original source of the comparables is shown in the Data Source section of the market grid along with the source of confirmation, if available. The original source is presented first. The sources and data are considered reliable. When conflicting information was provided, the source deemed most reliable has been used. Data believed to be unreliable was not included in the report nor used as a basis for the value conclusion.									
(x)	The Reproduction Cost is based on MARSHALL-SWIFT VALUATION SERVICE									
x	supplemented by the appraiser's knowledge of the local market. Physical depreciation is based on the estimated effective age of the subject property. Functional and/or external depreciation, if present, is specifically addressed in the appraisal report or other addenda. In estimating the site value, the appraiser has relied on personal knowledge of the local market. This knowledge is based on prior and/or current analysis of site sales and/or abstraction of site values from sales of improved properties.									
X	The subject property is located in an area of primarily owner-occupied single family residences and the Income Approach is not considered to be meaningful. For this reason, the Income Approach was not used.									
x										
X	for income producing properties, actual rents, vacancies and expenses have been reported and analyzed. They have been used to pro- ect future rents, vacancies and expenses.									
X .	SUBJECT PROPERTY OFFERING INFORMATION									
8 ×	the subject property: LES NOT been offered for sale in the past 30 days. BE CULTERING SERVICE LES NOT BEEN OFFICE SUBJECT STORY LES NOTE OFFICE SUBJECT SU									
(X)	SALES HISTORY OF SUBJECT PROPERTY									
Acc.	ling to <u>ESCAMBIA COUNTY PUBLIC RECORDS</u> the subject property: the not transferred in the past thirty-six months. All prior sales which have occurred in the past thirty-six months are listed below and reconciled to the appraised value, either in the body of the report or in the addenda.									
L	ite Sales Price Document# Seller Buyer

(X)	FEMA FLOOD HAZARD DATA									
$\begin{bmatrix} \mathbf{x} \end{bmatrix}_{\mathbf{x}}$	The subject property is not located in a FEMA Special Flood Hazard Area. The subject property is located in a FEMA Special Flood Hazard Area.									
-	Zone FEMA Map/Panel # Map Date Name of Community									
<u> </u>	12033C 0265G 2006-09-29 UNINCORPORATED AREA									
X	The community does not participate in the National Flood Insurance Program. The community does participate in the National Flood Insurance Program. It is covered by a regular program. It is covered by an emergency program.									

x	CURRENT SALES CONTRACT								
	The subject property is currently not under contract. The contract and/or escrow instructions were not available for review. The unavailability of the contract is explained later in the addenda section. The contract and/or escrow instructions were reviewed. The following summarizes the contract:								
•	Contract Date Amendment Date Contract Price Seller								
	GREGORY & LINDA ENGLISH								
	The contract indicated that personal property was not included in the sale. The contract indicated that personal property was included. It consisted of Estimated contributory value is \$								
	Personal property was not included in the final value estimate. Personal property was included in the final value estimate. The contract indicated no financing concessions or other incentives. The contract indicated the following concessions or incentives:								
	If concessions or incentives exist, the comparables were checked for similar concessions and appropriate adjustments were made, if applicable, so that the final value conclusion is in compliance with the Market Value defined herein.								
x	MARKET OVERVIEW Include an explanation of current market conditions and trends.								
	3-6 months is considered a reasonable marketing period for the subject property based on THE APPRAISER'S OBSERVATION OF THE MARKETING TIME FOR LISTINGS AND SALES WITHIN THE IMMEDIATE AREA.								
\mathbf{x}	ADDITIONAL CERTIFICATION								
(1)	The Appraiser certifies and agrees that: The analyses, opinions and conclusions were developed, and this report was prepared, in conformity with the Uniform Standards of Professional Appraisal Practice ("USPAP"), except that the Departure Provision of the USPAP does not apply.								
(2) (3)	Their compensation is not contingent upon the reporting of predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result, or the occurrence of a subsequent event. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of a tean.								
x	ADDITIONAL (ENVIRONMENTAL) LIMITING CONDITIONS								
detris hazas prope condi by a	value estimated is based on the assumption that the property is not negatively affected by the existence of hazardous substances or mental environmental conditions unless otherwise stated in this report. The appraiser is not an expert in the identification of redous substances or detrimental environmental conditions. The appraiser's routine inspection of and inquiries about the subject erty did not develop any information that indicated any apparent significant hazardous substances or detrimental environmental itions which would affect the property negatively unless otherwise stated in this report. It is possible that tests and inspections made qualified hazardous substance and environmental expert would reveal the existence of hazardous substances or detrimental connental conditions on or around the property that would negatively affect its value.

Commitment To Insure

ALTA Commitment - 1970 Rev.

CA

OLD REPUBLIC NATIONAL TITLE INSURANCE COMPANY, a Minnesota corporation, herein called the Company, for a valuable consideration, hereby commits to issue its policy or policies of title insurance, as identified in Schedule A, in favor of the proposed insured named in Schedule A, as owner or mortgagee of the estate or interest covered hereby in the land described or referred to in Schedule A: upon payment of the premiums and charges therefor; all subject to the provisions of Schedule A and B and to the Conditions and Stipulations hereof.

This Commitment shall be effective only when the identity of the proposed Insured and the amount of the policy or policies committed for have been inserted in Schedule A hereof by the Company, either at the time of the issuance of this Commitment or by subsequent endorsement.

This Commitment is preliminary to the issuance of such policy or policies of title insurance and all liability and obligations hereunder shall cease and terminate six months after the effective date hereof or when the policy or policies committed for shall issue, whichever first occurs, provided that the failure to issue such policy or policies is not the fault of the Company.

IN WITNESS WHEREOF, Old Republic National Title Insurance Company has caused this Commitment to be signed and sealed as of the effective date of Commitment shown in Schedule A, the Commitment to become valid when countersigned by an authorized signatory.

CONDITIONS AND STIPULATIONS

- 1. The term "mortgage", when used herein, shall include deed of trust, trust deed, or other security instrument.
- 2. If the proposed Insured has or acquires actual knowledge of any defect, lien, encumbrance, adverse claim or other matter affecting the estate or interest or mortgage thereon covered by this Commitment other than those shown in Schedule B hereof, and shall fail to disclose such knowledge to the Company in writing, the Company shall be relieved from liability for any loss or damage resulting

from any act of reliance hereon to the extent the Company is prejudiced by failure to so disclose such knowledge. If the proposed Insured shall disclose such knowledge to the Company, or if the Company otherwise acquires actual knowledge of any such defect, lien, encumbrance, adverse claim or other matter, the Company at its option may amend Schedule B of this Commitment accordingly, but such amendment shall not relieve the Company from liability provingly incurred purposes to passesses 2 of these Conditions and Stigulations.

Company from liability previously incurred pursuant to paragraph 3 of these Conditions and Stipulations.

3. Liability of the Company under this Commitment shall be only to the named proposed Insured and such parties included under the definition of Insured in the form of policy or policies committed for and only for actual loss incurred in reliance hereon in undertaking in good faith (a) to comply with the requirements hereof or (b) to eliminate exceptions shown in Schedule B, or (c) to acquire or create the estate or interest or mortgage thereon covered by this Commitment. In no event shall such liability exceed the amount stated in Schedule A for the policy or policies committed for and such liability is subject to the insuring provisions and the Conditions and Stipulations and the Exclusions from Coverage of the form of policy or policies committed for in favor of the proposed Insured which are hereby incorporated by reference and made a part of this Commitment except as expressly modified herein.

4. Any action or actions or rights of action that the proposed Insured may have or may bring against the Company arising out of the status of the title to the estate or interest or the status of the mortgage thereon covered by this Commitment must be based on and are subject to the provisions of this Commitment.

NOTE: The policy committed for may be examined by inquiry at the office which issued the commitment, and a specimen copy of the policy form (or forms) referred to in this commitment will be furnished promptly upon request.

Delivered with and printed on this Commitment Jacket is the Closing Protection Letter promulgated under Rule 4-186.010, F.A.C.

ORT Form 3229 CA

Closing Protection Letter

The operation and scope of the following Closing Protection Letter ("Letter") is limited to the transaction which is the subject of the commitment to which this Letter is attached and is also directed to those person(s) and/or entity (ies) set forth in the Letter and identified as a proposed insured in the commitment.

RE: Issuing Agent: Agent countersigning the attached commitment.

- 1. Failure of said Issuing Agent to comply with your written closing instructions to the extent that they relate to (a) the status of the title to said interest in land or the validity, enforceability and priority of the lien of said mortgage on said interest in land, including the obtaining of documents and the disbursement of funds necessary to establish such status of title or lien, or (b) the obtaining of any other document, specifically required by you, but not to the extent that said instructions require a determination of the validity, enforceability or effectiveness of such other document, or (c) the collection and payment of funds due you,
- Fraud or dishonesty of said Issuing Agent in handling your funds or documents in connection with such closing.

If you are a lender protected under the foregoing paragraph, your borrower in connection with a loan secured by a mortgage on a one-to-four family dwelling shall be protected as if this letter were addressed to your borrower.

Conditions and Exclusions

- A. Old Republic National Title Insurance Company will not be liable to you for loss arising out of:
 - 1. Failure of said Issuing Agent to comply with your closing instructions which require title insurance protection inconsistent with that set forth in the title insurance binder or commitment issued by Old Republic National Title Insurance Company. Instructions which require the removal of specific exceptions to title or compliance with the requirements contained in said binder or commitment shall not be deemed to be inconsistent.
 - Loss or impairment of your funds in the course of collection or while on deposit with a bank due to bank failure, insolvency or suspension, except such as shall result from failure of said Issuing Agent to comply to your written closing instructions to deposit the funds in a bank which you designated by name.
 - 3. Mechanics' and materialmen's liens in connection with your purchase or lease or construction loan transactions, except to the extent that protection against such liens is afforded by a title insurance binder, commitment or policy of Old Republic National Title Insurance Company.
 - 4. The periodic disbursement of construction loan proceeds or funds furnished by the owner to pay for construction costs during the construction of improvements on the land to be insured, unless an officer of the company has specifically accepted the responsibility to you for such disbursement program in writing.
- B. When Old Republic National Title Insurance Company shall have reimbursed you pursuant to this letter, it shall be subrogated to all rights and remedies which you would have had against any person or property had you not been so reimbursed. Liability of Old Republic National Title Insurance Company for such reimbursement shall be reduced to the extent that you have knowingly and voluntarily impaired the value of such right of subrogation.
- C. Any liability of Old Republic National Title Insurance Company for loss incurred by you in connection with closings of real estate transactions by said Issuing Agent shall be limited to the protection provided by this letter. However, this letter shall not affect the protection afforded by a title insurance binder, commitment or policy of Old Republic National Title Insurance Company. The dollar amount of liability hereby incurred shall not be greater than the amount of the title insurance binder, commitment or policy of title insurance to be issued, and liability hereunder as to any particular loan transaction shall be coextensive with liability under the policy issued to you in connection with such transaction. Payment in accordance with the terms of this letter shall reduce by the same amount the liability under such policy and payment under such policy shall reduce by the same amount the company's liability under the terms of this letter.
- D. Claims of loss shall be made promptly to Old Republic National Title Insurance Company at its principal office at 400 Second Avenue South, Minneapolis, Minnesota 55401-2499. When the failure to give prompt notice shall prejudice Old Republic National Title Insurance Company then liability of Old Republic National Title Insurance Company, hereunder shall be reduced to the extent of such prejudice, Old Republic National Title Insurance Company shall not be liable hereunder unless notice of loss in writing is received by Old Republic National Title Insurance Company within ninety (90) days from the date of discovery of such loss.
- E. Nothing contained herein shall be construed as authorizing compliance by any issuing agent with any such closing instructions, compliance with which would constitute a violation of any applicable law, rule or regulation relating to the activity of title insurers, their issuing agents, and their failure to comply with any such closing instructions shall not create any liability under the terms of this letter.
- F. The protection herein offered will be effective until cancelled by written notice from Old Republic National Title Insurance Company. Any previous Insured Closing Service Letter or similar agreement is hereby cancelled, except as to closings of your real estate transactions regarding which you have previously sent (or within 30 days hereafter send) written closing instructions to said Issuing Agent.

٥.

SCHEDULE A

ELRC File No: 096310

1. Effective Date: 11/22//2010 at 8:00 A.M.

2. Policy or Policies to be issued: Amount: (a) ALTA Owners Policy \$288,500.00

Also included the following easement:

Commencing at the S.E. corner of Lot 7, Section 10, Township 1 South, Range 32 West, Escambia County, Florida; thence West along the South line of said Lot 7 for 820.43'; thence North for 94.32'; thence South 86°51'00" West along the North R/W line of State Road #10 for 200.00' and Point of Beginning of a non-exclusive easement for ingress and egress; thence continue south 86°51'00" West for 60.00'; thence North 15°08'16" East for 120.00'; thence Southeasterly to the Point of Beginning.

Schedule B -- Part 1

File No: 096310

REQUIREMENTS

The following are the requirements to be complied with:

- 1. Payment to or for the account of the Grantors or mortgagors of the full consideration for the estate or interest to be insured.
- 2. Instrument(s) necessary to create the estate or interest to be insured and other instruments which must be properly executed, delivered, and duly filed for record, and/or other matters which must by furnished to the company.
- 3. Secure and record Warranty Deed from Gregory S. English and Linda J. English, husband and wife to Escambia County, Florida.
- 4. Secure and Record Satisfaction of that certain mortgage from Gregory English and Linda J. English, husband and wife to A. L. Enfinger dated 11/30/06 recorded 12/01/06 in O.R. 6040 Page 1465 for \$200,000.00.
- 5. Require payment of taxes for 2010\$1,934.99 by 11/30/2010.

Schedule B -- Part II

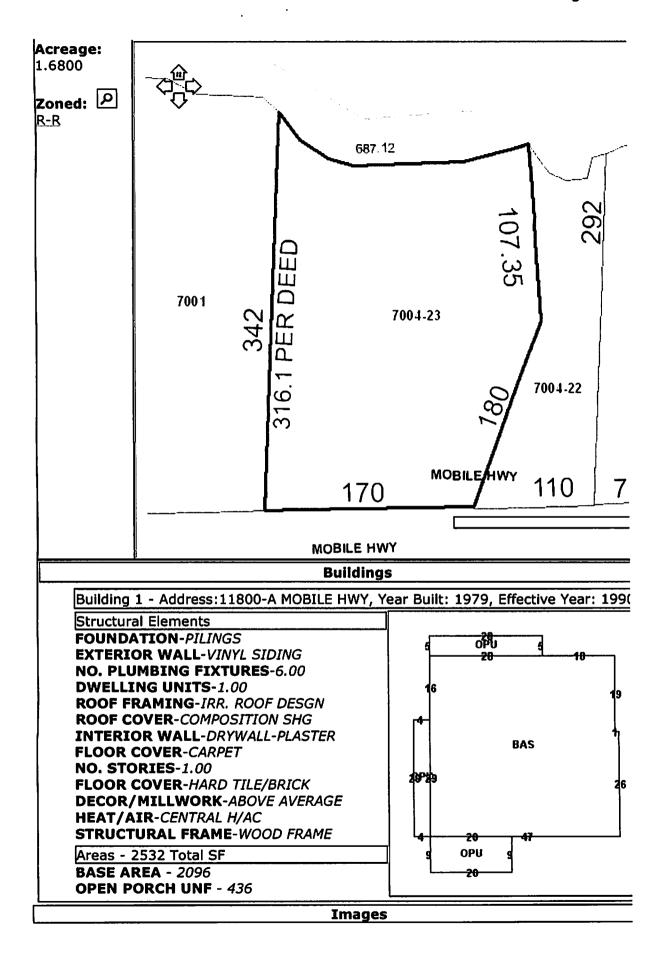

File No: 096310

EXCEPTIONS

The policy or policies to be issued will contain exception to the following unless the same are disposed of to the satisfaction of the Company.

- 1. Defects, liens, encumbrances, adverse claims or other matters, if any, first appearing in the public records or attaching subsequent to the effective date hereof but prior to the date the proposed insured acquires for value of record the estate or interest or mortgage thereon covered by this commitment.
- 2. Facts which would be disclosed by an accurate and comprehensive survey of the premises herein described.
- 3. Rights and claims of parties in possession.
- 4. Construction, Mechanic's, Contractor's or Materialmen's liens and lien claims, if any, where no notice thereof appears of record.
- 5. Easements or claims of easements not shown by the public records.
- 6. General or specific taxes and/or assessments required to be paid in the year 2011 and subsequent years. (Account #10-2455-000)
- 7. Anything to the contrary notwithstanding, this Policy does not attempt to set out the manner in which all the minerals in, on or under the property described in Schedule "A" are now vested, nor any right or easements in connection therewith.

RESIDENTIAL SALES ABUTTING ROADWAY MAINTENANCE DISCLOSURE

ATTENTION: Pursuant to Escambia County Code of Ordinances Chapter 1-29.2, Article V, sellers of residential lots are required to disclose to buyers whether abutting roadways will be maintained by Escambia County. The disclosure may additionally provide that Escambia County does not accept roads for maintenance that have not been built or improved to meet county standards. Escambia County Code of Ordinances Chapter 1-29.2, Article V, requires this disclosure be attached along with other attachments to the deed or other method of conveyance required to be made a part of the public records of Escambia County, Florida. Note: Acceptance for filing by County employees of this disclosure shall in no way by construed as an acknowledgement by the County of the veracity of any disclosure statement.

Name of Roadway: Mobile Highway
Legal Address of Property: 11800-A Mobile Highway, Cantonment, Florida 32526
The County () has accepted (x(State Highway)) has not accepted the abutting roadway for maintenance.

Pensacola, FL 32526
Parcel ID No: 10-18-32-7004000023

Dear Mr. Enfinger:

Environmental Health conducted an inspection of the Onsite Sewage Treatment and Disposal System (OSTDS) at the above referenced location November 14, 2006. Two Onsite Sewage Treatment and Disposal Systems (one septic tank and one pump tank) were located at the above referenced property. The condition(s) stated below outline the department's assessment of the OSTDS:

Status of Property:

The premise was vacant at the time of our inspection and no overflows were observed. Because there were no occupants living in the residence, no sewage flow was being generated; therefore, our ability to fully assess the functionality of the systems was limited.

Septic Tank Compartment:

The condition of the internal structure of the tank compartments could not be determined because the tanks were not opened for a visual inspection. However, a limited external inspection of each tank was conducted.

It was found that the OSTDS tank compartment lid for the pump tank was broken. The
lid will have to be reset and sealed waterlight to prevent dirt and debris from entering the
OSTDS tank compartment. We will not require that this issue be corrected prior to
closing; however, the buyer or lending institution may require corrective action prior to
closing.

Drainfield System:

The drainfield systems were probed and the soil adjacent to each drainfield was augured to assess the system's functionality.

- A sewage flow has not been generated for some time; therefore, the functionality of the systems could not be determined. No structural deficiencies were apparent at the time of our inspection.
- It was determined that the drainfield does not have the proper separation from the seasonal high water table based on Florida Administrative Code 64E-6. In the event a repair to the OSTDS is warranted in the future, the drainfield may need to be modified to meet the code requirements.

Conclusion:

No action is required at this time. This letter does not imply that the systems will perform
optimally for a specific period of time. However, with the data available at the time of the
inspection, the systems were operating properly.

This inspection will be honored for a period of nine months. If we can be of further assistance, please do not hesitate to call us at (850) 595-6786.

Sincerely.

Phillip L. Davies

Return to: Mortgagee

MORTGAGE DEED

THIS MORTGAGE DEED, executed on November 30, 2006, by

Gregory English and Linda J. English, husband and wife

whose address is: 8828 Kiondike Road, Pensacola, FL 32526 hereinafter called the "Mortgagor", to

A. L. Enfinger

whose address is: 6450 Pensacola Boulevard, Pensacola, FL 32505 hereinafter called the "Mortgagee":

(Wherever used herein the terms "Mortgagor" and "Mortgagee" include all the parties to this instrument and the heirs, legal representatives and assigns of individuals, and the successors and assigns of corporations; and the term "Note" includes all the notes herein described if more than one.)

Witnesseth, that for good and valuable considerations and also in consideration of the aggregate sum named in the promissory note of even date herewith, hereinafter described, the Mortgagor hereby grants, bargains, sells, aliens, remises, conveys and confirms unto the Mortgagee all that certain land of which the Mortgagor is now selzed and in possession situate in Escambla County, Florida, viz:

Commence at the Southeast corner of Lot 7, Section 10, Township 1 South, Range 32 West, Escambla County, Florida; thence West along the South Ine of said Lot 7 for 820.43 feet; thence North for 94.32 feet; thence South 86°51'00" West along the North right of way line of State Road #10 for 260.00 feet and Point of Beginning; thence North 15°08'00" East for 180.00 feet to an iron rod and cap; thence North 08°33'49" West for 107.35 feet to the waters edge of "Perdido River" and point hereafter designated Point "A"; thence from the beginning point run South 86°51'00" West for 170.00 feet to an iron rod and cap; thence North 03°09'00" West for 316.10 feet to the waters edge of "Perdido River"; thence Easterly along the meanderings of said waters edge to Point "A" and the terminous of this description.

Also included the following easement:

Commencing at the Southeast corner of Lot 7, Section 10, Township 1 South, Range 32 West, Escambia County, Florida; thence West along the South line of said Lot 7 for 820.43 feet; thence North 94.32 feet; thence South 86°51'00" West along the North right of way line of State Road #10 for 200.00 feet and Point of Beginning of a non-exclusive easement for ingress and egress; thence continue South 86°51'00" West for 60.00 feet; thence North 15°08'16" East for 120.00 feet; thence Southeasterly to the Point of Beginning.

To have and to hold, the same, together with the tenements, hereditaments and appurtenances thereto belonging and the rents, issue and profits thereof, unto the Mortgagee, in fee simple.

And the Mortgagor covenants with the Mortgagee that the Mortgagor is indefeasibly seized of said land in fee simple; that the Mortgagor has good right and iawful authority to convey said land as aforesaid; that the Mortgagor will make such further assurances to perfect the fee simple title to said land in the Mortgagee as may reasonably be required; that the Mortgagor hereby fully warrants the title to said land, and will defend the same against the lawful claims of all persons whomsoever; and that said land is free and clear of all encumbrances, except taxes of the current year, and any prior mortgages and/or liens as stated elsewhere herein.

Provided always, that if said Mortgagor shall pay unto said Mortgagee all sums secured by the certain promissory note attached as Exhibit "A" hereto, and shall perform, comply with and abide by each and every agreement, stipulation, condition and covenant thereof, and of this mortgage, then this mortgage and the estate hereby created shall cease, determine and be null and void.

And the Mortgagor hereby further covenants and agrees to pay, promptly when due, the principal and interest and other sums of money provided for in said note and this mortgage, or either; to pay all and singular taxes, assessments, levies, ilabilities, obligations and encumbrances of every nature on said property; to permit, commit or suffer no waste, impairment or deterioration of said land or the improvements thereon at any time; to keep the buildings now or hereafter on said land fully insured in a sum of not less that full insurable value in a company or companies acceptable to the Mortgagee, the policy or policies to be held by, and payable to, said Mortgagee, and in the event any sum of money becomes payable by virtue of such insurance the Mortgagee shall have the right to receive and apply the same to the indebtedness hereby secured, accounting to the Mortgagor for any such surplus; to pay all costs, charges and expenses, including attorney's fees and title searches, reasonably incurred and paid by the Mortgagee because of the failure of the Mortgagor to promptly and fully comply with the agreements, stipulations, conditions and covenants of said note and this mortgage, or either; to perform, comply with and abide by each and every agreement, stipulation, condition and covenant set forth in said note and this mortgage or either. In the event the Mortgagor fails to pay, when due, any tax, assessment, insurance premium or other sum of money payable by virtue of said note and this mortgage, or either, the Mortgagee may pay the same, without walving or affecting the option to foreclose or any other right hereunder and all such payments shall bear interest from date thereof at the highest lawful rate then allowed by the laws of the State of Florida.

Mortgages may require, subject to applicable law, that Borrower/Mortgagor pay to Mortgagee on the day monthly payments are due under the note secured hereby, until said note is paid in full, a sum for (a) yearly taxes and assessments which may obtain priority over this security instrument; (b) hazard or property insurance; (c) flood insurance, and (d) for any other assessment or lien which may impair the lien or attain priority over this security instrument and the note secured hereby. These amounts shall be considered escrowed amounts. Walver by Mortgagee to collect said escrowed amounts at any time shall

MORTGAGE NOTE

\$ 200,000.00

November 30, 2006

FOR VALUE RECEIVED, the undersigned hereinafter Gregory English and Linda J. English, promise to pay to the order of A. L. Enfinger the principal sum of two hundred thousand and no/100 Dollars (\$200,000.00) with interest thereon at the rate of 8.000per centum per annum from date until maturity, said interest being payable as set forth below, both principal and interest being payable in lawful money of the United States of America at 6450 Pensacola Boulsvard,Pensacola, FL 32505, or at such other address as the holder from time to time may specify by written notice to the maker, said principal and interest to be paid on the date and in the manner following:

Payable in 180 consecutive monthly installments of 1911.30, including principal and interest commencing on January 1, 2007 and continuing on the First day of each month thereafter until the principal sum of \$ 200,000.00 and the interest accrued thereon has been paid. Said installment when so paid shall be applied first to the interest then accrued and the balance thereof to the reduction of the principal hereof.

This note is to be construed and enforced according to the laws of the State of Florida, and is secured by mortgage on real estate of even date herewith.

If default be made in the payment of any of said sums or interest or in the performance of any agreements contained herein or in the said mortgage, and if such default is not made good within 30 days, then, at the option of the holder of the same, the principal sum then remaining unpaid with accrued interest shall immediately become due and collectable without notice, time being the essence to this contract, and said principal sum and said accrued interest shall both bear interest at the maximum rate per annum allowed by law, from such time until paid.

Each maker and endorser waives presentment, protest, notice of protest and notice of dishonor and agrees to pay all costs, including a reasonable attorney's fee, whether suit be brought or not, if counsel shall, after maturity of this note of default, hereunder or under said mortgage, be employed to collect this note or to protect the security thereof.

Documentary Tax has been paid and proper stamps have been affixed to the Mortgage.

Commitment To Insure

ALTA Commitment - 1970 Rev.

CA

OLD REPUBLIC NATIONAL TITLE INSURANCE COMPANY, a Minnesota corporation, herein called the Company, for a valuable consideration, hereby commits to issue its policy or policies of title insurance, as identified in Schedule A, in favor of the proposed insured named in Schedule A, as owner or mortgagee of the estate or interest covered hereby in the land described or referred to in Schedule A: upon payment of the premiums and charges therefor; all subject to the provisions of Schedule A and B and to the Conditions and Stipulations hereof.

This Commitment shall be effective only when the identity of the proposed Insured and the amount of the policy or policies committed for have been inserted in Schedule A hereof by the Company, either at the time of the issuance of this Commitment or by subsequent endorsement.

This Commitment is preliminary to the issuance of such policy or policies of title insurance and all liability and obligations hereunder shall cease and terminate six months after the effective date hereof or when the policy or policies committed for shall issue, whichever first occurs, provided that the failure to issue such policy or policies is not the fault of the Company.

IN WITNESS WHEREOF, Old Republic National Title Insurance Company has caused this Commitment to be signed and sealed as of the effective date of Commitment shown in Schedule A, the Commitment to become valid when countersigned by an authorized signatory.

CONDITIONS AND STIPULATIONS

- 1. The term "mortgage", when used herein, shall include deed of trust, trust deed, or other security instrument.
- 2. If the proposed Insured has or acquires actual knowledge of any defect, lien, encumbrance, adverse claim or other matter affecting the estate or interest or mortgage thereon covered by this Commitment other than those shown in Schedule B hereof, and shall fail to disclose such knowledge to the Company in writing, the Company shall be relieved from liability for any loss or damage resulting from any act of reliance hereon to the extent the Company is prejudiced by failure to so disclose such knowledge. If the proposed Insured shall disclose such knowledge to the Company, or if the Company otherwise acquires actual knowledge of any such defect, lien, encumbrance, adverse claim or other matter, the Company at its option may amend Schedule B of this Commitment accordingly, but such amendment shall not relieve the

Company from liability previously incurred pursuant to paragraph 3 of these Conditions and Stipulations.

- 3. Liability of the Company under this Commitment shall be only to the named proposed Insured and such parties included under the definition of Insured in the form of policy or policies committed for and only for actual loss incurred in reliance hereon in undertaking in good faith (a) to comply with the requirements hereof or (b) to eliminate exceptions shown in Schedule B, or (c) to acquire or create the estate or interest or mortgage thereon covered by this Commitment. In no event shall such liability exceed the amount stated in Schedule A for the policy or policies committed for and such liability is subject to the insuring provisions and the Conditions and Stipulations and the Exclusions from Coverage of the form of policy or policies committed for in favor of the proposed Insured which are hereby incorporated by reference and made a part of this Commitment except as expressly modified herein.
- 4. Any action or actions or rights of action that the proposed Insured may have or may bring against the Company arising out of the status of the title to the estate or interest or the status of the mortgage thereon covered by this Commitment must be based on and are subject to the provisions of this Commitment.

NOTE: The policy committed for may be examined by inquiry at the office which issued the commitment, and a specimen copy of the policy form (or forms) referred to in this commitment will be furnished promptly upon request.

Delivered with and printed on this Commitment Jacket is the Closing Protection Letter promulgated under Rule 4-186.010, F.A.C.

ORT Form 3229 CA

Closing Protection Letter

The operation and scope of the following Closing Protection Letter ("Letter") is limited to the transaction which is the subject of the commitment to which this Letter is attached and is also directed to those person(s) and/or entity (ies) set forth in the Letter and identified as a proposed insured in the commitment.

RE: Issuing Agent: Agent countersigning the attached commitment.

- 1. Failure of said Issuing Agent to comply with your written closing instructions to the extent that they relate to (a) the status of the title to said interest in land or the validity, enforceability and priority of the lien of said mortgage on said interest in land, including the obtaining of documents and the disbursement of funds necessary to establish such status of title or lien, or (b) the obtaining of any other document, specifically required by you, but not to the extent that said instructions require a determination of the validity, enforceability or effectiveness of such other document, or (c) the collection and payment of funds due you,
- Fraud or dishonesty of said Issuing Agent in handling your funds or documents in connection with such closing.

If you are a lender protected under the foregoing paragraph, your borrower in connection with a loan secured by a mortgage on a one-to-four family dwelling shall be protected as if this letter were addressed to your borrower.

Conditions and Exclusions

A. Old Republic National Title Insurance Company will not be liable to you for loss arising out of:

- Failure of said Issuing Agent to comply with your closing instructions which require title insurance protection inconsistent with that
 set forth in the title insurance binder or commitment issued by Old Republic National Title Insurance Company. Instructions which
 require the removal of specific exceptions to title or compliance with the requirements contained in said binder or commitment shall
 not be deemed to be inconsistent.
- Loss or impairment of your funds in the course of collection or while on deposit with a bank due to bank failure, insolvency or suspension, except such as shall result from failure of said Issuing Agent to comply to your written closing instructions to deposit the funds in a bank which you designated by name.
- 3. Mechanics' and materialmen's liens in connection with your purchase or lease or construction loan transactions, except to the extent that protection against such liens is afforded by a title insurance binder, commitment or policy of Old Republic National Title Insurance Company.
- 4. The periodic disbursement of construction loan proceeds or funds furnished by the owner to pay for construction costs during the construction of improvements on the land to be insured, unless an officer of the company has specifically accepted the responsibility to you for such disbursement program in writing.
- B. When Old Republic National Title Insurance Company shall have reimbursed you pursuant to this letter, it shall be subrogated to all rights and remedies which you would have had against any person or property had you not been so reimbursed. Liability of Old Republic National Title Insurance Company for such reimbursement shall be reduced to the extent that you have knowingly and voluntarily impaired the value of such right of subrogation.
- C. Any liability of Old Republic National Title Insurance Company for loss incurred by you in connection with closings of real estate transactions by said Issuing Agent shall be limited to the protection provided by this letter. However, this letter shall not affect the protection afforded by a title insurance binder, commitment or policy of Old Republic National Title Insurance Company. The dollar amount of liability hereby incurred shall not be greater than the amount of the title insurance binder, commitment or policy of title insurance to be issued, and liability hereunder as to any particular loan transaction shall be coextensive with liability under the policy issued to you in connection with such transaction. Payment in accordance with the terms of this letter shall reduce by the same amount the liability under such policy and payment under such policy shall reduce by the same amount the company's liability under the terms of this letter.
- D. Claims of loss shall be made promptly to Old Republic National Title Insurance Company at its principal office at 400 Second Avenue South, Minneapolis, Minnesota 55401-2499. When the failure to give prompt notice shall prejudice Old Republic National Title Insurance Company then liability of Old Republic National Title Insurance Company, hereunder shall be reduced to the extent of such prejudice, Old Republic National Title Insurance Company shall not be liable hereunder unless notice of loss in writing is received by Old Republic National Title Insurance Company within ninety (90) days from the date of discovery of such loss.
- E. Nothing contained herein shall be construed as authorizing compliance by any issuing agent with any such closing instructions, compliance with which would constitute a violation of any applicable law, rule or regulation relating to the activity of title insurers, their issuing agents, and their failure to comply with any such closing instructions shall not create any liability under the terms of this letter.
- F. The protection herein offered will be effective until cancelled by written notice from Old Republic National Title Insurance Company. Any previous Insured Closing Service Letter or similar agreement is hereby cancelled, except as to closings of your real estate transactions regarding which you have previously sent (or within 30 days hereafter send) written closing instructions to said Issuing Agent.

This Mortgage prepared by:

Name: Tonya A. Johnson, Loan Processor Company: First Gulf Bant, N.A. Address: 2122 West Kine Mile Road, Pensacola, Fl. 32524

MORTGAGE

FOR USE WITH SECURED REVOLVING CREDIT AGREEMENT

MAXIMUM LIEN. The total amount of indebtedness secured by this Mortgage may decrease or increase from time to time, but the maximum amount of principal indebtedness which may be outstanding at any one time shall not exceed \$350,000.00, plus interest, and amounts expended or advanced by Lender for the payment of taxes, levies or insurance on the Property, and interest on such amounts.

THIS MORTGAGE dated April 27, 2007, is made and executed between Gregory S. English and Linda J. English; Husband and Wife (referred to below as "Grantor") and First Guif Bank, N.A., whose address is 2122 West Nins Mile Road, Pensacola, FL 32524 (referred to below as "Lender").

GRANT OF MORTGAGE. For valuable consideration, Grantor mortgages to Lender all of Grantor's right, title, and interest in and to the following described real property, together with all existing or subsequently erected or affixed buildings, improvements and fixtures; all essements, rights of way, and appurtenances; all water, water rights, watercourses and ditch rights (including stock in utilities with ditch or trigation rights); and all other rights, royetfiles and profile relating to the real property, including without intritation all interests, oil, gas, geothermal and similar matters, (the "Real Property") located in Escamble County, State of Florida:

See See Exhibit "A", which is attached to this Mortgage and made a part of this Mortgage as if fully set forth herein.

The Real Property or its address is commonly known as 11860 Mobils Highway, Pensacola, FL 32526.

REVOLVING LIKE OF CREDIT. This Mortgage secures the Indebtodness including, without limitation, a revolving line of credit under which, upon request by Borrower, Lander, within twenty (20) years from the date of this Mortgage, may make hiture advances to Borrower. Such future entrances, together with interest thereon, are secured by this Mortgage. Such advances may be made, repaid, and remade from time to time, subject to the limitation that the total outstanding belance owing at any one time, not including finance charges on such balance at a fixed or vertable rate or sum as provided in the Credit Agreement, any tamporary overages, other charges, and any amounts expanded or advanced as provided in their the Indebtodness paragraph or this paragraph, shall not second their credit furth as provided in the Credit Agreement. It is the intention of Grantor and Lender that this Mortgage secures the belance outstanding under the Credit Agreement from time to time from zero up to the Credit Limit as provided in the Credit Agreement and any intermediate balance.

Grantor presently essigns to Lender all of Grantor's right, title, and interest in and to all present and future leases of the Property and all Rents from the Property. In addition, Grantor grants to Lender a Uniform Commercial Code security Interest in the Personal Property and Rents.

This mortgage, including the assignment of rents and the security interest in the rents and personal property, is given to secure (a) payment of the kidestedness and (b) personance of each of grantor's agreements and obligations under the credit agreement with the credit limit of \$350,000.00, the related documents, and this mortgage. This mortgage is given and accepted on the following terms:

GRANTOR'S WAIVERS. Grantor waives all rights or defenses srising by reason of any "one action" or "anti-deficiency" law, or any other law which may prevent Lander from bringing any action against Grantor, including a claim for deficiency to the extent Lander is otherwise entitled to a claim for deficiency, before or after Lander's commencement or completion of any foreclosure action, either judicially or by exercise of a power of sale.

GRANTOR'S REPRESENTATIONS AND WARRANTIES. Grantor warrants that: (a) this Mortgage is executed at Borrower's request and not at the request of Lender; (b) Grantor has the full power, right, and authority to enter into this Mortgage and to hypothecate the Property; (c) the provisions of this Mortgage do not conflict with, or result in a default under any agreement or other instrument binding upon Grantor and do not result in a violation of any law, regulation, court decree or order applicable to Grantor; (d) Grantor has established adequate means of obtaining from Borrower on a continuing basis information about Borrower's financial condition; and (e) Lender has made no representation to Grantor about Borrower (including without limitation the creditworthiness of Borrower).

PAYMENT AND PERFORMANCE. Except as otherwise provided in this Mortgage, Borrower shall pay to Lender ell indebtedness secured by this Mortgage as it becomes due, and Borrower and Grantor shall strictly perform all Borrower's and Grantor's obligations under this Mortgage.

POSSESSION AND MAINTENANCE OF THE PROPERTY. Borrower and Grantor egree that Borrower's and Grantor's possession and use of the Property shall be governed by the following provisions:

Pessession and Use. Until Grantor's interest in any or all of the Property is foreclosed, Grantor may (1) remain in possession and control of the Property; (2) use, operate or manage the Property; and (3) collect the Rents from the Property.

Duty to Maintain. Grantor shall maintain the Property in good condition and promptly perform all repairs, replacements, and maintenance necessary to preserve its value.

Compliance With Environmental Laws. Grantor represents and warrants to Lender that: (1) During the period of Grantor's connership of the Property, there has been no use, generation, manufacture, storage, treatment, disposal, misses or threatened release of any Hazardous Substance by any person on, under, about or from the Property; (2) Grantor has no knowledge of, or reason to believe

MORTGAGE DEED (INDIVIDUAL BALLOON)

This MORTGAGE DEED executed, on 2/23/2004 by Hazel M. Nicholson and Elsie L. Landers, joint tenants with full rights of survivorship, both single women whose post office address is: 11860 Mobile Highway Pensacola FL 32526 hereinafter called the MORTGAGOR, to William W. Boesch whose post office address is: 9030 Woodrun Road, Pensacola, FL 32514 hereinafter called the MORTGAGEE:

(Wherever used herein the terms "MORTGAGOR" and "MORTGAGEE" include all the parties to this instrument and the heirs, legal representatives and assigns of individuals, and the successors and assigns of corporations; and the term "NOTE" includes all the notes herein described if more than one.) WITNESSETH, that for good and valuable considerations and also in consideration of the aggregate sum named in the promissory note of even date herewith, hereinafter described, the MORTGAGOR hereby grants, bargains, sells, aliens, remises, conveys and confirms unto the MORTGAGEE all the certain land of which the MORTGAGOR is now seized and in possession situate in Escambia County, Florida, viz:

Commencing at the Southeast corner of Lot Seven (7), Section Ten (10), Township One (1) South, Range Thirty Two (32) West, thence West along the South line of said Lot 7 a distance of 820.43 feet; thence North 3 deg 09' West a distance of 94.32 feet to the North right-of-way line of State Road No. 10; thence South 86 deg 51' West along State Road No. 10 a distance of 450 feet for the Point of beginning of this description; thence continue South 86 deg 51' West a distance of 150 feet; thence North 3 deg 09' West a distance of 354 feet to the Perdido River; thence Easterly along said River 150 feet, more or less, to a line that is North 3 deg 09' West from the point of beginning; thence South 3 deg 09' East a distance of 342 feet to the point of beginning, less the South 30 feet for road right of way. This property is described according to an unrecorded survey made by J.W. Cook, Registered Land Surveyor, dated May 22, 1961.

Commencing at the Southeast corner of Lot 7, Section 10, Township 1 South, Range 32 West, Escambia County, Florida, thence West along the South line of said Lot a distance of 820.43 feet, thence North 94.32 feet to the North right-of-way line of State Road 10, thence South 89 deg 51' West along said right-of-way line 600 feet to the point of beginning, thence continue South 89 deg 51' West a distance of 75 feet, thence North 3 deg 09' West a distance of 336 feet more or less to Perdido River, thence Easterly along said river to a point North 3 deg 9' West a distance of 354 feet more or less from point of beginning, thence South 3 deg 9' East a distance of 354 feet to point of beginning, being Lot 26 of an unrecorded subdivision known as Hudson Subdivision.

Commencing at the Southeast corner of Lot 7, Section 10, Township 1 South, Range 32 West, Escambia County, Florida; thence West along the South line of said lot a distance of 820.43 feet; thence North 94.32 feet to the North right of way line of State Road 10; thence South 89 degrees 51 minutes West along said right of way line 675 feet to point of beginning; thence continue South 89 degrees 51 minutes West a distance of 75 feet, thence North 3 deg 09' West a distance of 262 feet to Perdido River; thence Easterly along said river to a point North 3 degrees 09 minutes West a distance of 336 feet, more or less from point of beginning; thence South 3 degrees 09 minutes East a distance of 336 feet to point of beginning. Being Lot 27 of an unrecorded subdivision.

The Westerly 20 feet of the following described property:

Commence at the Southeast corner of Lot 7, Section 10, Township 1 South, Range 32 West, thence West along South line of said Lot 7 a distance of 820.43 feet; thence North a distance of 94.32'; thence South 86 deg 51' West along State Road No. 10 a distance of 150 feet to the Point of Beginning of this description; thence continue South 86 deg 51' West a distance of 300 feet; thence North 3 deg 09' West a distance of 342 feet to Perdido River; thence Easterly along said river to a line that is North 3 deg 09' West from the Point of Beginning; thence South 3 deg 09' East a distance of 292 feet to the Point of Beginning, all lying and being in Section 10, Township 1 South, Range 32 West, Escambia County, Florida.

ALSO KNOWN AS 11860 MOBILE HIGHWAY, PENSACOLA, FL 32526 SUBJECT PROPERTY IS NOT THE HOMESTEAD OF THE MORTGAGORS.

TO HAVE AND TO HOLD, the same, together with the tenements, hereditaments and appurtenances thereto belonging and the rents, issue and profits thereof, unto the MORTGAGEE, in fee simple.

File Number: 1-37199

MORTGAGE NOTE (INDIVIDUAL)

FOR VALUE RECEIVED, the undersigned, hereinafter "Maker", (jointly and severally, if more than one) promises to pay to

William W. Boesch

hereinafter "Holder" or "Payee", or order, in the manner hereinafter specified, the principal sum of

One Hundred Fifty Thousand and no/100

\$150,000.00 with interest from date at the rate of 13.9 percent per annum on the balance from time to time remaining unpaid. The said principal and interest shall be payable in lawful money of the United States of America at: 9030 Woodrun Road, Pensacola, FL 32514

or at such place as may hereafter be designated by written notice from the holder to the maker hereof, on the date and in the manner following:

59 payments of \$1,737.50, interest only, with the final balloon payment of \$150,000.00, together with accrued interest, if any, due on or before 2/23/2009. Late charges shall accrue at the rate of 10% per month, for any payment not received before 5 days late.

THIS NOTE with interest is secured by a mortgage on real estate, of even date herewith, made by the Maker hereof in favor of the said Payee and shall be construed and enforced according to the laws of the State of Florida. The terms of said mortgage are by this reference made a part hereof.

IF DEFAULT be made in the payment of any of the sums or interest mentioned herein or in said mortgage or in the performance of any of the agreements contained herein or in said mortgage, then the entire principal sum and accrued interest shall at the option of the Holder hereof become at once due and collectible without notice, time being of the essence; and said principal sum and accrued interest shall both bear interest from such time until paid at the highest rate allowable under the State of Florida. Failure to exercise this option shall not constitute a waiver of the right to exercise the same in the event of any subsequent default.

EACH PERSON liable herein whether Maker or Endorser, hereby waives presentment, protest, notice, notice of protest and notice of dishonor and agrees to pay all costs including a reasonable attorney's fee, whether suit be brought or not, if after maturity of this note or default hereunder or under said mortgage, counsel shall be employed to collect this note or to protect the security of said mortgage.

WHENEVER used herein the terms "Holder", "Maker" and "Payee" shall be construed in the singular or plural as the context may require or admit.

RECOMMENDATION:

Recommendation Concerning a Change Order for Aero Training & Rental, Inc., for Landfill Mining, Perdido Landfill - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board approve and authorize the County Administrator to execute the following Change Order:

Bureau:	Community & Environment	
Division:	Solid Waste Management	
Type:	Addition	
Amount:	\$900,000	
Vendor:	Aero Training & Rental, Inc.	
Project Name:	Landfill Mining, Perdido Landfill	
PO#	291660	
CO#	2	
Original Award Amount:		\$4,623,981.97
Original P.O. Amount:		2,200,000.00
Cumulative Amount of Change Orders thru CO #2		900,000.00
New P.O. Amount		\$3,100,000.00

[Funding: Fund 401, Solid Waste Enterprise Fund, Cost Center 220605, Object Code 56301]

BACKGROUND:

On August 6, 2009, the Board of County Commissioners awarded an Indefinite Quantity, Indefinite Delivery, Unit Price Contract to Aero Training & Rental, Inc., PD 08-09.052, Landfill Mining, Perdido Landfill, for a total amount of \$4,623,981.97. The Original P.O. was not opened for the total amount approved, but instead was opened in the amount of \$2,200,000.00, in September, 2009. The remaining award amount was not encumbered during the 2009 Fiscal Year and the first Change Order to provide new scheduled value, with reductions and two additions, required no change in budget. However, the contract was not placed on the Continuing Contract List for the next fiscal year. This Change Order request does not increase the award amount but instead adds an additional \$900,000.00 to the existing Purchase Order to allow for the continuance of necessary landfill mining.

BUDGETARY IMPACT:

Funds are available in Fund 401 Solid Waste Enterprise Fund; Cost Center 220605; Object Code 56301.

LEGAL CONSIDERATIONS/SIGN-OFF:

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation is in compliance with the provisions of the Code of Ordinances of Escambia County, Florida, 1999, Chapter 46, Finance, Article II Purchases and Contracts.

IMPLEMENTATION/COORDINATION:

Community & Environment Bureau/Solid Waste Management Division will prepare the necessary Change Order Request to be submitted to the Management and Budget Services Bureau/Purchasing Division, and has coordinated the same with Clerk Finance.

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Budget/Finance Consent Item #: 11.

County Administrator's Report

Date: 03/03/2011

Issue: Acquisition of Easements in the Olive Road/University Parkway Area,

and Acceptance of Funds for Pipe Material Costs from Olive Baptist

Church, Inc.

From: Joy D. Blackmon, P. E., Bureau Chief

Organization: Public Works-Infrastructure Branch

CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Acquisition of Easements in the Olive Road/University

Parkway Area and Acceptance of Funds for Pipe Material Costs from Olive Baptist

Church, Inc. - Joy D. Blackmon, P.E., Public Works Bureau Chief

That the Board take the following action concerning the acquisition of Easements, by donation, in the Olive Road/ University Parkway area and acceptance of funds for pipe material costs from Olive Baptist Church, Inc.:

- A. Authorize staff to negotiate and resolve any matters related to or associated with the acquisition of property, by donation, for drainage Easements in the Olive Road/University Parkway area, to gather information, and to conduct inspections as needed to allow the Board's acceptance of the real property;
- B. Authorize the payment of documentary stamps because the property is being acquired for governmental use, which is for Easements, and the County benefits from these acquisitions because they facilitate the installation of stormwater drainage improvements, resulting in a more efficient stormwater drainage system and the enhancement of the quality of life for the citizens of Escambia County;
- C. Authorize the payment of incidental expenditures associated with the acquisition of these properties, including but not limited to a title search and recording of documents;
- D. Authorize the acceptance of funds from Olive Baptist Church, Inc., in the amount of \$13,437.50, for the cost of the pipe material;
- E. Authorize staff to proceed with the project upon receipt of funds and the required Easement; and

F. Authorize staff to prepare and the Chairman or Vice Chairman to accept the Easements as of the day of delivery of the Easements to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to acknowledge the Board's acceptance at that time, subject to Legal review and sign-off.

The area lying northwest of Olive Road and University Parkway has a history of stormwater drainage issues. Olive Baptist Church, Inc., plans to implement site improvements and is working with the County to minimize future impact to the drainage system in the area. The County has identified an area of need for a drainage Easement along the northern boundary of a portion of the Olive Baptist Church, Inc., property. Olive Baptist Church, Inc., has agreed to convey an Easement to the County and provide \$13,437.50 for the pipe material. [Funding Source: Fund 181, "Master Drainage Basin VII", Account 210725/56301]

BACKGROUND:

The area lying northwest of Olive Road and University Parkway has a history of stormwater drainage issues. Olive Baptist Church, Inc., plans to implement site improvements and is working with the County to minimize future impact to the drainage system in the area. The County has identified an area of need for a drainage easement along the northern boundary of a portion of the Olive Baptist Church property. Olive Baptist Church has agreed to convey an easement to the County and provide \$13,437.50 for the pipe material.

Staff has reviewed this proposal and has no objection to the acceptance of the easement or the funds. Board approval is required to authorize the acceptance of the easement and the funds.

BUDGETARY IMPACT:

Funds for this project are available in Fund 181 "Master Drainage Basin VII", Account 210725/56301.

LEGAL CONSIDERATIONS/SIGN-OFF:

Easement forms to be used in the acquisition process have been previously approved by the County Attorney's Office.

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

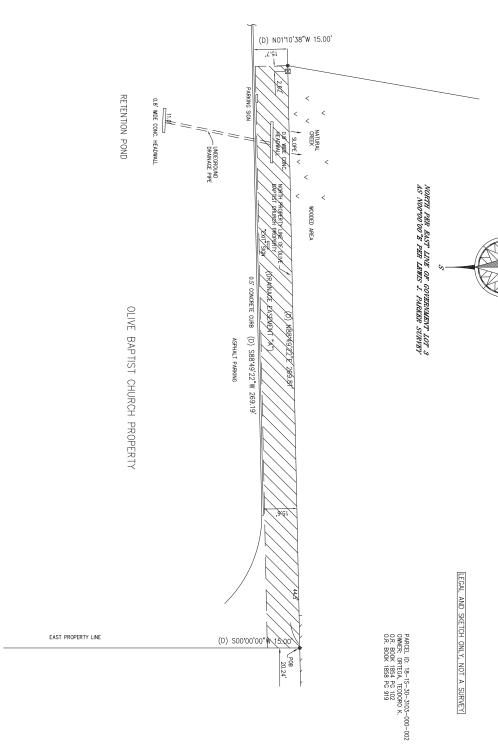

Upon Board approval to begin the acquisition process, County Staff will proceed in compliance with Section 46-139, Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, staff will proceed with the acquisition associated with this project.

County Administrator's Report

Date: 03/03/2011

Issue: Pensacola Transfer Station

From: Keith Wilkins, REP, Interim Bureau Chief

Organization: Community & Environment

CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Operation of the Pensacola Transfer Station - Keith Wilkins, REP, Community & Environment Interim Bureau Chief

That the Board take the following action concerning the Pensacola Transfer Station:

- A. Authorize the County Administrator to approve the Escambia County Solid Waste Management Division to continue to operate the Pensacola Transfer Station upon culmination of the Legal Settlement Agreement between Allied Waste Services of North America, LLC, and Escambia County, effective April 15, 2011;
- B. Reject all bids received on February 8, 2011, for PD 10-11.012, Palafox Street Transfer Station Operations; and
- C. Authorize the County to Piggyback off the National Joint Powers Alliance (NJPA) Contract, IFB# 092409, in accordance with the Escambia County Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Award approval and threshold authority, for the purpose of awarding a Purchase Order to Thompson Tractor Company, Inc., for the acquisition of one Caterpillar 966H Wheel Loader, in the total amount of \$391,814.15, for Solid Waste Management.

[Fund 401, Solid Waste Enterprise, Cost Center 220612, Object Code (Multiple)] [Fund 401, Solid Waste Enterprise, Cost Center 220612, Object Code 56401 - \$391,814.15]

BACKGROUND:

According to the terms of the Legal Settlement Agreement between Allied Waste Services of North America, LLC and Escambia County, the existing agreement will terminate on April 15, 2011 and Escambia County will be responsible for the day-to-day operation of the Pensacola Transfer Station. It was the County's choice to solicit bids to provide an operator for the facility. However, once bids were received, it was immediately apparent that the acceptance of the lowest bid received, given the scope of work necessary, could not be supported in the present budget. A cost analysis was then conducted, wherewith it was determined that with existing staff and the purchase of a front loader for the purpose of processing waste deposited at the facility, Solid Waste Management could perform the same scope of work more economically; thus, not exceeding the allotted budget.

BUDGETARY IMPACT:

The Office of Management and Budget has reviewed the recommendation and based upon the low cost bid, agrees that it is more economical for Solid Waste Management to operate the Transfer Station.

Funding for the operation of the Transfer Station will be allotted in Fund 401 Solid Waste Enterprise, Cost Center 220612, Object Code (Multiple).

Funding for the purchase of the Caterpillar 966H Wheel Loader is available in Fund 401 Solid Waste Enterprise, Cost Center 220612, Object Code 56401, (\$391,814.15).

LEGAL CONSIDERATIONS/SIGN-OFF:

The Legal Settlement Agreement will terminate on April 15, 2011.

PERSONNEL:

On February 17, 2011, the Board approved the reallocation of 2 positions in order to accommodate for the necessary staff in the Transfer Station Weigh Station.

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation is in accordance with the Escambia County Code of Ordinances, 1999, Chapter 46, Finance, Article II, Section 46-44 Application; Exemptions and Section 46-64 Award approval and threshold authority. Board approval is required for expenditures over \$50,000.

IMPLEMENTATION/COORDINATION:

This recommendation has been coordinated with the Office of Management and Budget/Purchasing Division.

BOARD OF COUNTY COMMISSIONERS Escambia County, Florida

Discussion Item #: 1.

County Administrator's Report

Date: 03/03/2011

Issue: Federal Lobbying Services for Escambia County

From: Amy Lovoy

Organization: Management and Budget Services

CAO Approval:

RECOMMENDATION:

Recommendation Concerning Federal Lobbying Services for Escambia County - Amy Lovoy, Management and Budget Services Bureau Chief

That the Board take the following action concerning Federal Lobbying Services for Escambia County:

A. Authorize the engagement of a firm to provide Federal Lobbying Services for Escambia County Board of Commissioners for the period of 12 months, beginning March 3, 2011, for an amount not to exceed \$84,000; and

- B. Approve the ranking, as follows, and authorize the County Administrator to execute an Agreement with the firm which ranked #1 for the Request for Proposal PD 10-11.001:
- 1. The MWW Group
- 2. Alcalde & Faye
- 3. Blank & Rome Government Relations, LLC

[Funding: Fund 102, Economic Development Fund, Cost Center 360704]

BACKGROUND:

The Office of Purchasing advertised the solicitation on October 1, 2010. 11 submittals were received on October 26, 2010. The final ranking was completed on January 25, 2011. The total fee includes:

A base fee of \$6,500 per month which covers all lobbying and advisory services as well as one trip by firm representatives to Escambia County for an in-depth consultation with County officials and reimbursable expenses capped at \$6,000 annually that will include a second trip by firm representatives to Escambia County as well as any extraordinary expenses incurred by the firm on behalf of County officials/representatives when visiting

Washington D.C. such as special transportation costs, special meeting or meal costs.
