BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12230 **County Administrator's Report 12. 19.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: Lake Stone Campground Facility Management Agreement
From: Michael Rhodes, Dept Director
Organization: Parks and Recreation
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Lake Stone Campground Facility Management Agreement - Michael Rhodes, Parks & Recreation Department Director

That the Board approve the Agreement between Escambia County Board of County Commissioners and Dennis Keith Cole for the Management of the Lake Stone Campground Facility and authorize the County Administrator to sign the Agreement.

[Funding Source: Fund 001, General Fund, Lake Stone, Cost Center 350204, in the amount of $11,400, paid via 12 equal monthly installments of $950, with housing and utilities provided. This amount is currently allocated in the Fiscal Year 2017 Budget and will be budgeted in Fiscal Year 2018]

BACKGROUND:

The Lake Stone Campground is located at 801 W. Highway 4, Century, Florida. Since the inception of the Lake Stone Campground, the BCC has entered into an Agreement for onsite caretaker/management services at the facility. Dennis Keith Cole has served as the caretaker since June 2013.

BUDGETARY IMPACT:

The funding source for the Agreement is General Fund 001, Lake Stone Cost Center 350204, in the amount of $11,400, paid via 12 equal monthly installments of $950, with housing and utilities provided. This amount is currently allocated in the Fiscal Year 2017 budget and will be budgeted in Fiscal Year 2018.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office has approved the Agreement as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires the approval of all such agreements concerning County property and facilities.

IMPLEMENTATION/COORDINATION:

The Parks & Recreation Department is responsible for coordination of all aspects of the Agreement for caretaker/management services at Lake Stone Campground.

Attachments

Agreement

AGREEMENT BETWEEN ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AND DENNIS KEITH COLE FOR THE MANAGEMENT OF THE LAKE STONE CAMPGROUND FACILITY

THIS AGREEMENT is made and entered into by and between Escambia County, a political subdivision of the State of Florida, by and through its Board of County Commissioners (hereinafter referred to as "County") and Dennis Keith Cole, as an independent contractor (hereinafter referred to as "Contractor").

WITNESSETH:

WHEREAS, Escambia County, Florida, by and through its Board of County Commissioners, operates and maintains that certain recreational property known as Lake Stone Campground for the use and benefit of the general public; and

WHEREAS, supervision is required to properly and adequately render services to the public utilizing the facilities of said property; and

WHEREAS, the duties, obligations, operation, and responsibilities for same may be performed through the employment by the County of an independent contractor.

NOW, THEREFORE, in consideration of the mutual terms and conditions contained herein and other good and valuable consideration, the County and Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. This Agreement shall commence on June 1, 2017, and shall be for a period of one (1) year ending on May 31, 2018, unless earlier terminated in accordance with paragraph 8. This Agreement may be extended for an additional term of one (1) year upon written agreement of the parties provided no less than thirty (30) days prior to the expiration date of the Agreement.

Unless otherwise agreed to by the parties, the Contractor shall vacate the premises immediately upon the expiration date of the Agreement. Contractor shall forfeit ownership of any items that remain on the premises.

3. Scope of Work. Contractor shall furnish labor, service, and maintenance to the area known and designated as Lake Stone Campground. This work shall consist of the hereinafter designated contractual duties:

A. The Contractor shall maintain the grounds of the Lake Stone Campground, carry out janitorial cleaning of the restrooms and bathhouse area at the campground, the janitorial cleaning of the restrooms at the boat ramp, the janitorial cleaning and setup of the group pavilion, and the keeping of the campground area, the bathhouse, and all restroom areas clean and free of litter.

B. The Contractor shall operate and maintain the concession sales on the premises. The Contractor shall sell soft drinks, snacks, fish bait, fishing tackle, and other campground related items. The Contractor shall not sell beer, wine or alcoholic beverages. All revenue derived from the sale of such concession items shall be

retained by the Contractor as part of his compensation package.

C. The Contractor shall collect user fees as established by the Board of County Commissioners and shall maintain records of the fees in accordance with the terms of this Agreement. All user fees shall be deposited as Escambia County revenues for the Lake Stone Campground account.

D. The Contractor shall adhere to and enforce all policy regulations established by the Board of County Commissioners.

E. The Contractor shall have an individual on the premises at all times during the regular business hours to render services to the public. The Contractor will be responsible for taking reservations, collecting fees, and assigning campsites.

F. The Contractor shall police the grounds for trash and debris, including the road along the north side of the lake. The Contractor also shall remove any fallen limbs and other debris from the campground area.

4. Compensation. In exchange for the provision of the scope of work pursuant to this agreement, County shall pay Contractor an annual management fee in the amount of $11,400.00 with payments made in twelve (12) equal monthly installments of $950.00. Contractor shall also receive 100% of all concession sales at Lake Stone Campground.

As non-monetary compensation valued in the amount of $1,200.00, County shall provide Contractor with a caretaker dwelling on the premises with payment of utilities and telephone service to the dwelling, except for personal long distance telephone calls.

5. County's Responsibilities. The County shall furnish the following items and services for the operation of Lake Stone Campground:

A. All utility services used in the operation of the campground facilities.

B. All materials for the cleaning and upkeep of the bathhouse, restrooms, pavilion, and campground.

C. Garbage dumpster service for the campground.

D. Materials, equipment, and labor for any improvements and repairs on the grounds and all facilities, including the Contractor's dwelling.

E. A caretaker dwelling for the Contractor with payment of utilities and telephone service to the dwelling, except for personal long distance telephone calls. The contractor is responsible for insuring any and all personal belongings on the premises.

F. All gasoline, oils, and grease for the operation of equipment used on or about the campground.

G. A "golf cart" as a means of transportation for use in upkeep of the grounds around the campground.

H. A power mower for maintenance of the campground.

6. Records. The Contractor shall keep in good order and to the County's standards, records of pertinent books, documents, receipts, expenditures, and other papers involving transactions relating to this Agreement or any extensions thereof so that the County's authorized representatives can regularly audit these records. The Contractor shall also keep procurement and supply records to include requisitions for materials, maintenance work orders, and equipment use and status reports.

The authorized representatives of the County shall have access to and the right to examine, audit, excerpt and transcribe pertinent books, documents, papers, and records of the Contractor involving transactions relating to this Agreement or any extensions thereof. Such materials must be submitted to the County upon the completion of each fiscal year in which records were created. The retention time shall be calculated from the end of the fiscal year in which final entry was made in the records retained.

7. Insurance. The Contractor shall provide the following insurance coverage:

A. Commercial general liability insurance with $1,000,000.00 limits per occurrence/$2,000,000.00 aggregate, including coverage parts of bodily injury, broad from property damage, personal injury, and contractual liability, independent contractors, and products and completed operations;

B. Personal Auto Insurance with $300,000.00 combined single limits, on all personal vehicles that will be operating on County premises; and

C. Renters Insurance, Form HO-4 with minimum limits of $50,000.00. The required limit is a minimum amount. Consideration should be taken to ensure the coverage limit purchased is adequate to sufficiently protect the Caretaker's personal property in the event of a covered loss. Renters Insurance does not protect from loss by FLOOD. Optional Flood insurance must be purchased separately to insure against loss caused by FLOOD.

The Board of County Commissioners and Escambia County shall be named as an "additional insured" on all liability policies. All coverages shall be secured through an insurance carrier admitted in the State of Florida with an "A" rating and a minimum financial size category of "VII", according to the most current A.M. Best Company Key Rating Guide.

Escambia County shall be provided with said certificates of insurance which reflect the Board of County Commissioners and Escambia County, Post Office Box 1591, Pensacola, Florida 32597-1591, as an "additional insured" and the certificate holder. Certificates also shall reflect a thirty (30) day notice of cancellation and non-renewal clauses. Certificates of insurance shall be satisfactory to the County with all succeeding coverages and carriers to be consecutive to prior coverages.

8. Termination. This Agreement may be terminated by either party for cause, or by the County for convenience, upon thirty (30) days written notice by the terminating party to the other party of such termination in which event the Contractor shall be paid compensation for services performed through the termination date. In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages.

If the Agreement is terminated by the Contractor or the County for convenience, the Contractor shall vacate the premises on or before the expiration of the thirty (30) day notice period. If the Agreement is terminated for cause by the County, the Contractor shall be required to vacate the premises immediately. Contractor shall forfeit ownership of any items that remain on the premises.

9. Indemnification. The Contractor agrees to save harmless, indemnify, and defend County and its agents, officers and employees from any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of any kind, losses, penalties, interest, demands, judgments, and cost of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly, on account of or in connection with the Contractor's negligent, reckless, or intentional wrongful misconduct in the performance of this Agreement or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Contractor or by anyone for whom the Contractor is legally liable. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

10. Compliance with Laws. The Contractor shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, the Contractor shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

11. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

12. Subcontractors. The County approves the use of subcontractors by the Contractor. In the event the Contractor, during the course of the work under this Agreement, requires the services of any subcontractor or other associates in connection with services covered by this Agreement, the Contractor must secure the prior written approval of the County for employment of such subcontractors. Workers' compensation insurance will be required if the Contractor hires employees such that worker's compensation insurance is required by the State of Florida.

13. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State or Florida, and the parties stipulate that venue for any matter, which is a subject of this Agreement, shall be in the County of Escambia.

14. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Contractor
Attention: Dennis K. Cole
801 West Highway 4
Pensacola, Florida 32535

To: Escambia County Parks Department
Attention: Michael Rhodes
1651 East Nine Mile Road
Pensacola, Florida 32514

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract. In such case, the Contractor shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Contractor (excluding monies owed the Contractor for subcontractor work).

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Assignment. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Contractor, without the prior written

consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

17. Survival. All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

18. Interpretation. For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Contractor discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Contractor shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

19. Severability. The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

20. Further Documents. The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provisions of this Agreement.

21. No Waiver. The failure of the Contractor or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12150 **County Administrator's Report 12. 20.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: TRIP Application - Longleaf Drive Roadway Widening Project
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Transportation Regional Incentive Program Application for the Longleaf Drive Roadway Capacity Project - Joy D. Blackmon, P.E., Public Works Department Director

That the Board take the following action concerning the Transportation Regional Incentive Program TRIP Application for the Longleaf Drive Roadway Capacity Project:

A. Authorize staff to submit an Application for TRIP funds to the Florida Department of Transportation (FDOT) to request Grant funding for the Right-of-Way Phase for the Longleaf Drive Roadway Capacity Project; and

B. Authorize the Chairman to sign the Application and any other documents related to the request for TRIP funds, subject to Legal review and sign-off, without further action of the Board, if applicable.

[Funding: Local Option Sales Tax III (LOST III), Cost Center 210107, Project 08EN0078]

BACKGROUND:

The Transportation Regional Incentive Program (TRIP) was created to improve regionally significant transportation facilities in "regional transportation areas". State funds are available throughout Florida to provide incentives for local governments and the private sector to help pay for critically needed projects that benefit regional travel and commerce. FDOT will pay up to 50% of project costs for public transportation facility projects which are selected for funding. Projects must "serve national, statewide, or regional functions and function as part of an integrated regional transportation system."

The project intends to widen Longleaf Drive from the existing 2-lane cross section to a 4-lane cross section between the project limits of SR 297 (Pine Forest Road) to Kemp Road. The project limits fall within Commission District 1; however, Commission District 3 abuts immediately to the east of Kemp Road.

Following multiple recent discussions with FDOT District 3 Staff about the overall Pinestead-Longleaf Capacity Project, and several issues that have delayed the project schedule, FDOT staff recommends that the County submit a TRIP Application in order to provide a revised, clarified project plan.

If approved for TRIP funding, a formal TRIP Agreement detailing the project, funding contributions, terms, etc., would be executed between the County and FDOT. Execution of this TRIP Agreement does not bind the County to any additional project phases outside of the Right-of-Way Phase.

The approximate cost estimate for the Right-of-Way Phase is $3,000,000; however, the County has held some preliminary discussions with the Escambia County School District on possible right-of-way partnership for pond sites, and is hopeful that the final cost will be drastically less. Currently in the Florida-Alabama Transportation Planning Organization (FL-AL TPO) Transportation Improvement Program and FDOT 5 Year Work Program, there is $2,029,206 programmed for the Construction Phase for Longleaf Drive, with the intent of the costs being split 50/50 between FDOT and the County. With the 50% local match, the County would be responsible for approximately $1,014,603. The funding for approved TRIP projects is expected to be available in FDOT FY 22.

BUDGETARY IMPACT:

Funds are available in Local Option Sales Tax III (LOST III), Cost Center 210107, Project 08EN0078.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Application has been reviewed and approved for Legal Sufficiency by Assistant County Attorney, Kristin Hual.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

N/A

IMPLEMENTATION/COORDINATION:

Upon approval, Public Works staff will prepare the package and submit to FDOT District 3, and will then coordinate with FDOT District 3 and TPO staff.

Transportation Regional Incentive Program (TRIP)
Candidate Project Submittal Form

Project Name Longleaf Drive Roadway Capacity Project

TRIP was created to improve regionally significant transportation facilities in "regional transportation areas." State funds are available throughout Florida to provide incentives for local governments and the private sector to help pay for critically needed projects that benefit regional travel and commerce.

If selected for funding, the Florida Department of Transportation (FDOT) will pay up to 50 percent of project costs for public transportation facility projects. Projects must "Serve national, statewide, or regional functions and function as part of an integrated regional transportation system".

While there is no rigid application procedure, the District has created this form for Implementing Agencies and Regional Transportation Authorities to facilitate the assembly of pertinent project information related to candidate TRIP projects. The goal of this document is to provide a framework to project sponsors.

Project Improvement Information:

Facility: Longleaf Drive

Project Limits: Longleaf Drive - SR297 (Pine Forest Road) to Kemp Road

Work to be performed:

Per the Florida-Alabama Transportation Planning Organization (TPO) Long Range Transportation Plan - Cost Feasible Plan, the project proposes to widen the roadway from its existing 2-lane cross section to a 4-lane cross section between the abovementioned limits.

Describe the project and what it will accomplish:

As stated above, the project proposes to widen Longlead Drive from Pine Forest Road to Kemp Road from the existing 2-lane cross section to a 4-lane cross section. The widening will allow for additional capacity to the roadway, and help offset the rapid growth occurring within the community and surrounding areas. The widening project will provide safety improvements, replace the bridge east of Wymart Road on Longleaf Drive, offer improved bicycle and pedestrian amenities, potentially allow the expansion for mass transit, along with other benefits to the public. The project will also greatly benefit the Escambia County School District as there are three (3) active schools on the north side of Longleaf Drive.

Describe how the project will improve regional mobility within the Regional Transportation Area:

Longleaf Drive's AADT is approximately 8,170, with the adopted AADT for this segment is 14,800. So this segment of Pine Forest is currently functioning at LOS D. This project would provide for a safer and higher capacity facility, providing improved mobility for all modes including school bus and freight. Pine Forest Rd. south of I-10 is a SIS facility and the improvement to Longleaf Drive would provide some traffic relief to Pine Forest and an SIS facility.

Attachment A: Project location map and support data for regional mobility, as appropriate.

Describe how the project reflects the statutory guidelines under which the District will prioritize and select candidate projects for funding[2]:

√	*Provide connectivity to the SIS,*
	Support economic development and goods movement in Rural Areas of Opportunity,
√	*Are subject to local ordinances that establish corridor management techniques,*
	Improve connectivity between military installations and the Strategic Highway Network (STRAHNET) or the Strategic Rail Corridor Network (STRACNET)

The project reflects the intent of Florida Statutes 339.2819 and 163.3177, Escambia County Comprehensive Plan (Mobility Element, Chapter 8), Other Chapters reviewed for Compliance: General Requirements Element, Future Land Use Element, Coastal Management Element, Capital Improvement Element. This project is in the major growth area of Escambia County with the continued growth of the Navy Federal Credit Union campus (10,000 employees), a new elementary school and possible new 640 acre commerce park just 4+/- miles away.

Detail expected future funding requirements for the following phases of this project, if applicable:

PDE:		R/W:	$3,000,000.00	Design:	$450,000	Construction:	$13,000,000

Detail requested funding, including the source and type of asset(s) available as a match:

Amount(s) Requested	Total Project Cost (specify phase if needed)	Local Commitment(s) ("match")	Source(s) of Match	Type of Match (cash, in-kind)
$1,014,603.00	$2,029,206.00	$1,014,603.00	Local Option Sales Tax	Cash

Is the Implementing Agency eligible for a reduction or waiver of the 50% financial match requirement?[3]	**Yes/No**	No
What is the percent of match requirement to be waived (note:100% equals 50% of Total Project Costs)?		N/A
Does this project include an Environmental Study?	**Yes/No**	Yes
If Federal funding is to be requested for any phase of this project, an Environmental Study must be completed in accordance with the National Environmental Policy Act.		
Does this project have design plans available?	**Yes/No**	No
Attachment B: Environmental Study and/or Design plans, if available		

Has other funding been requested for any part of this project (SCRAP, SCOP, CIGP, HSIP, SRTS, TA, etc.)? No

How will TRIP funding accelerate this project's implementation?

The TIP and FDOT 5 Yr. Work Program shows the construction phase for Longleaf Drive from Pine Forest Road to Wymart Drive in FY18; however, due to the April 2014 Flood Event and the subsequent County Jail Explosion, project priorities shifted tremendously and funding of certain projects became very difficult. Due to the aforementioned issues, the County needed to put this project "on hold" until such time the ability to dedicate the necessary resources to proceed was available. The County is now ready to proceed with the project, but the project was placed on hold when at 60% design. The County is needing to complete the design phase, and right-of-way phase prior to beginning the construction phase. The County is seeking TRIP funds for the Right-of-Way Phase. The County plans to seek TRIP funds during the next cycle for the Construction Phase.

Attachment C: *The planned project construction schedule.*

Regional Transportation Area[4]:

Describe the regional coordinating entity responsible for the prioritization of the candidate project and how the entity qualifies for TRIP funding as a Regional Transportation Area:

The Northwest Florida Regional TPO was established with 8 members each from the Florida-Alabama TPO and the Okaloosa-Walton TPO. Being a two TPO regional entity qualifies them for TRIP funding. Longleaf Drive is also on the Federal Functional Classifications Map.

Is there an interlocal agreement that addresses the following requirements[5]? **Yes/No** YES

√	*Identifies the entity that will coordinate the development of the regional transportation plan;*
√	*Delineates the boundaries of the regional transportation area;*
√	*Provides the duration of the agreement and specifies how the agreement may be terminated, modified, or rescinded;*
√	*Describes the process by which the regional transportation plan will be developed;*
√	*Provides how members of the entity will resolve disagreements regarding interpretation of the interlocal agreement or disputes relating to the development or content of the regional transportation plan.*

If no, please explain:

Attachment D: *The authorizing interlocal agreement and any supporting documentation (update signatures where appropriate, include map and priority list)*

Is there a Regional Transportation Plan that demonstrates the completion of the following?

√	*Adopted system map or listing of facilities, showing that the facility to be improved has been identified by the Regional Transportation Area as part of an integrated regionally significant transportation system.*
√	*The prioritized list of regionally significant projects developed by the Regional Transportation Area*

If no, please explain:

Attachment E: *Documentation demonstrating successful completion of a qualified Regional Transportation Plan*

Project Qualification Information:

Does the candidate improvement appear in the capital improvement schedule of the local Comprehensive Plan? Yes/No: Yes

If no, explain:

Attachment F: *If available, add documentation that the candidate improvement appears in the capital improvement schedule of the local comprehensive plan.* [6]

Attachment G: *Document that level-of-service standards for the facility to be improved have been adopted by the local government with jurisdiction and are consistent with the level-of-service standards adopted by FDOT if the project is on a Strategic Intermodal System .* [7]

Attachment H: *Document that the candidate project meets the following TRIP statutory eligibility requirements.* [8]

√	Support facilities that serve national, statewide or regional functions and function as an integrated transportation system,
√	Be identified in appropriate local government capital improvements program(s) or long term concurrency management system(s) that are in compliance with state comprehensive plan requirements,
	Be consistent with the Strategic Intermodal System (SIS),
√	Be in compliance with local corridor management policies, and
√	Have commitment of local, regional or private matching funds (if no waiver).

This application is a good faith commitment from the applicant that matching funds will be available. As such, the Department requires that the Chairman of the Governing Board of the Municipality/Authority committing the funds review and sign this application (electronic signature accepted):

Signature:

Supporting Narrative:

Due to the many reasons stated above, the County is requesting a TRIP Agreement be executed between the two agencies in order to advance production of the roadway widening of Longleaf Drive from Pine Forest Road to Kemp Road. The County greatly respects and appreciates its working relationship with the Department, and is hopeful for a favorable response to the TRIP request.

Florida Department of Transportation

Escambia County, Florida Project No:	PD 05-06.078
Financial Project Number:	421014-1-28-01
Federal Project Number:	N/A
ETDM Number:	9270

Pinestead Road – Longleaf Drive Corridor, From Pine Forest Road to U.S. Highway 29, Escambia County, Florida

The Proposed Action includes approximately 3.1 miles of widening the Pinestead Road – Longleaf Drive Corridor in Escambia County, Florida. The existing two lanes will be widened to four lanes with medians and improved intersections. The existing Bayou Marcus Creek Bridge will be replaced to raise the crossing out of the floodway. The project will complete the roadway loop around the Pensacola Metropolitan Area by providing a connection between the Blue Angel Corridor on the west, and the Burgess - Creighton Corridor on the east.

Submitted pursuant to 42 U.S.C. 4332 (2) (c)

8-20-12
Date

for Buddy Cunill
Division Administrator
Federal Highway Administration

The implementation of the Proposed Action will benefit the public by providing access for the projected population and employment growth, as well as improving safety in residential neighborhoods by eliminating traffic from residential streets, which were unintended for through-traffic use. The proposed action will require an additional right-of-way to construct the project. It has been determined that the project will have no adverse effect on cultural resources, recreational parks, pollution, wetlands, flood plains, or water quality. This finding has been substantiated by in-depth analyses of the anticipated social, economic, and environmental impacts as documented in the Environmental Assessment (EA).

Attachment C - Planned Project Schedule

From: Keith Guthrie
To: David V. Forte
Subject: Longleaf- Pinestead
Date: Wednesday, May 10, 2017 8:47:47 AM
Attachments: AcquisitionHandbookEnglish.pdf

David,

Per our telephone conversation yesterday, here is a rough timeline for Pinestead Road-Longleaf Drive Roadway Improvements (West Phase) based on a June 2017 start date. Currently we are not engaged for any R/W acquisition activities. The timeframe for R/W acquisition is just my best estimate at this time given the information available. I have included a copy of the FDOT Acquisition Handbook for your information as I understand the County may have to follow FDOT procedures. Our design time frame is based on the latest scope of services provided.

Design – 18 months	June 2017 – January 2019
R/W Acquisition – 24 months	October 2018 – October 2020
Construction- 30 months	January 2021 – July 2024

Please keep in mind these time frames are rough estimates and changes in scope and other outside influences could affect the schedule.
Hope this satisfies your need.

Thanks

Keith P Guthrie, PE

The Florida Senate

2016 Florida Statutes

Title XXVI PUBLIC TRANSPORTATION	Chapter 339 TRANSPORTATION FINANCE AND PLANNING **Entire Chapter**	**SECTION 2819** **Transportation Regional Incentive** Program.

339.2819 **Transportation Regional Incentive Program.**—

(1) There is created within the Department of Transportation a Transportation Regional Incentive Program for the purpose of providing funds to improve regionally significant transportation facilities in regional transportation areas created pursuant to s. 339.155(4).

(2) The percentage of matching funds provided from the Transportation Regional Incentive Program shall be up to 50 percent of project costs.

(3) The department shall allocate funding available for the Transportation Regional Incentive Program to the districts based on a factor derived from equal parts of population and motor fuel collections for eligible counties in regional transportation areas created pursuant to s. 339.155(4).

(4)(a) Projects to be funded with Transportation Regional Incentive Program funds shall, at a minimum:

1. Serve national, statewide, or regional functions and function as part of an integrated regional transportation system.

2. Be identified in the capital improvements element of a comprehensive plan that has been determined to be in compliance with part II of chapter 163, after July 1, 2005. Further, the project shall be in compliance with local government comprehensive plan policies relative to corridor management.

3. Be consistent with the Strategic Intermodal System Plan developed under s. 339.64.

4. Have a commitment for local, regional, or private financial matching funds as a percentage of the overall project cost.

(b) Projects funded under this section shall be included in the department's work program developed pursuant to s. 339.135. The department may not program a project to be funded under this section unless the project meets the requirements of this section.

(c) The department shall give priority to projects that:

1. Provide connectivity to the Strategic Intermodal System developed under s. 339.64.

2. Support economic development and the movement of goods in rural areas of opportunity designated under s. 288.0656(7).

3. Are subject to a local ordinance that establishes corridor management techniques, including access management strategies, right-of-way acquisition and protection measures, appropriate land use strategies, zoning, and setback requirements for adjacent land uses.

4. Improve connectivity between military installations and the Strategic Highway Network or the Strategic Rail Corridor Network.

The department shall also consider the extent to which local matching funds are available to be committed to the project.

(5) Funds paid into the State Transportation Trust Fund pursuant to s. 201.15 for the purposes of the Transportation Regional Incentive Program are hereby annually appropriated for expenditure to support that program.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12151 **County Administrator's Report 12. 21.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: United States Department of Homeland Security, Federal Emergency Management Agency, Hazard Mitigation Grant Program
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the United States Department of Homeland Security, Federal Emergency Management Agency, Hazard Mitigation Grant Program - Joy D. Blackmon, P.E., Public Works Department Director

That the Board take the following action concerning additional Hazard Mitigation Grant Program (HMGP) funding for Hurricane Matthew DR-4283 from the United States Department of Homeland Security (USDHS), Federal Emergency Management Agency (FEMA), for the Bristol Creek/Bristol Park/Ashbury Hills Area Flood Plain Management in the 11 Mile Creek Basin:

A. Authorize submittal of the following project and approve funding of the 25% match as available in Fund 352, “Local Option Sales Tax,” (LOST) III:

Bristol Creek/Bristol Park/Ashbury Hills Area Flood Plain Management in the 11 Mile Creek Basin - Property Acquisition Plan:

The general intent of the mitigation project is to provide submittal of an HMGP grant application for Hurricane Matthew DR-4283 to supplement the Bristol Creek/Bristol Park/Ashbury Hills Area project that flooded as a result of the storm event which occurred April 29-30, 2014. The flood resulted in a negative impact to both public and private infrastructure, including approximately 160 homes and private properties. This area has flooded repeatedly during several previous severe storm events, since the development of the area started in 1988, as this area is located along and within the FEMA flood hazard zone of 11 Mile Creek.

Staff’s intent has always been to apply to multiple grant sources to secure additional funding for this project, utilizing LOST funds as the required matching funds.

Estimated Cost: 25% of $4,434,744 ($1,108,686)

B. Approve and authorize the Chairman to sign the FEMA HMGP Application DR-4283 for the Bristol Park Area Acquisitions;

C. Authorize the Chairman to execute, subject to legal review and sign-off, any subsequent Agreements and program-related documents for this project that do not alter the finite terms of funding amounts or budgets;

D. Authorize the County Administrator or his designee, subject to legal review and sign-off, to execute subsequent grant applications for this project; and

E. Accept, subject to legal review and sign-off, Agreements, Easements, Hold Harmless Agreements, and other documents of conveyance as may be required from property owners of Escambia County whose properties are designated as HMGP sites.

[Funding: Funding for the 25% match is available in Fund 352, LOST III, Project #12EN1763, "Delano Avenue Drainage Improvements Project"]

BACKGROUND:

The April 2014 storms produced floodwaters throughout Escambia County. Swollen streams caused excessive flooding and erosion that damaged many roadways, dams, culverts, and bridges. The work associated with these grant applications will assist the County in acquiring funding to mitigate flooding of waterway structures, associated roadways and properties, and to improve stormwater management systems within three separate drainage areas.

Since the time of the April 2014 storm event, Escambia County staff has been working to restore, among other areas, this area of Bristol Creek/Bristol Park/Ashbury Hills. As part of this project, staff has submitted recommendations to the BCC at several regularly-scheduled meetings, including February 19, 2015, June 16, 2016, and December 8, 2016, regarding HMGP grants submittals and property acquisitions in the project area.

A Purchase Order was issued to Mott MacDonald on February 24, 2017, for the Bristol Creek/Bristol Park/Ashbury Hills Area in the 11 Mile Creek Basin Project for Property Acquisition and Design Services. That scope of work includes providing this HMGP grant application for additional funding from Florida Department of Emergency Management (FDEM) for Hurricane Matthew DR-4283.

The HMGP program reimburses 75% of the actual eligible construction costs, in addition to 75% of eligible design and property acquisition costs. Our obligation for this additional funding for Bristol Park from the Hurricane Matthew DR-4283 storm event is estimated at 25% of $4,434,744 ($1,108,686).

BUDGETARY IMPACT:

Funding for the 25% match is available in Fund 352, LOST III, Project #12EN1763 "Delano Avenue Drainage Improvements Project."

LEGAL CONSIDERATIONS/SIGN-OFF:

All documents requiring legal sign-off, including the Grant Applications, Grant Agreements, Easements, Hold Harmless Agreements, and other documents of conveyance as may be required from property owners of Escambia County whose properties are designated as HMGP sites will be delivered to the County Attorney's Office for signature prior to signatory approval by the County Administrator or Chairman, as specified in this recommendation.

PERSONNEL:

Public Works Department Engineering Division staff will manage this grant.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy Section 11.A requires Board approval of grants.

IMPLEMENTATION/COORDINATION:

Public Works Department Engineering Division staff will administer the grant, as required by the contract agreement.

LMS Prioritization Worksheet

Escambia County LMS Mitigation Project Application and Submission Packet

July 2016

WELCOME OR WELCOME BACK TO THE ESCAMBIA COUNTY LOCAL MITIGATION STRATEGY

The Escambia County Local Mitigation Strategy (LMS) has developed this *LMS Mitigation Project Information Submission Packet* to provide project applicants with an understanding of the LMS project submission, review, and ranking process with identified responsibilities and authorities of both the applicant and the LMS for those funding source programs that require mitigation projects to be coordinated through the local LMS.

This packet will contain six sections as follows:

I. Frequently Asked Questions and Answers
II. LMS Prioritization Considerations and Understandings
III. Project Submission Requirements and Process
IV. Project Scoring Criteria Explanation
V. LMS Mitigation Project Proposal Form
VI. Project Completion Summary Report

Any questions with regard to the information contained within this packet or any of the LMS processes may be forwarded to the LMS Coordinator or LMS Board Members.

Section I

Frequently Asked Questions and Answers

1. What is the LMS?

The primary purpose of the LMS is to establish an ongoing process that will make hazard mitigation part of the entire community's thought processes and activities. To look beyond one fiscal year, one political term, and take a proactive approach to hazard mitigation and the education of the benefits of implementing hazard mitigation activities long term. The LMS process assess its vulnerabilities to all types of hazards, identify a comprehensive list of goals, objectives, plans, programs and projects in an effort to decrease or eliminate the effects of those vulnerabilities and then prioritized the implementation of those initiatives.

A secondary purpose of the LMS is to satisfy the minimum FEMA (FEMA) Region IV local mitigation plan standards of acceptability to remain eligible for federal and state disaster and non-disaster mitigation grant funding opportunities.

- The LMS is a community-based organization, representing all political and geographical jurisdictions and all private for-profit and non-profit organizations in the community providing guidance in mitigating the community against hazards that threaten the community.
- The LMS is not a capital improvement program.
- The LMS has no budget and is not a funding source for project implementation.
- The LMS is NOT regulatory agency.

2. Who can submit a project to the Escambia County LMS?

- Any organization that is required to have support of the LMS for their project as a requirement of that funding or grant program and is also an eligible applicant for that funding or grant program.
- Any organization that is a government agency, recognized tribal organization or non-profit organization seeking a funding source that may not have yet been identified.
- Individual or business property owners must identify a government agency, recognized tribal organization, or non-profit organization that will sponsor and submit their project as the project applicant.

3. What types of projects are eligible to be included in the local LMS plan?

Generally, projects that mitigate against natural or man-made hazards, with an emphasis on natural disaster mitigation projects are likely eligible depending upon the grant or funding source being pursued. A list of hazards can be found within the LMS plan located at this website link:

http://myescambia.com/business/ds/local-mitigation-strategy

Mitigation type projects could include, but not be limited to:

- Acquisition and relocation of real property in hazard areas
- Acquisition and demolition of real property in hazard area
- Mitigation reconstruction
- Elevation
- Wind retrofitting of existing buildings and facilities

- Flood retrofitting (dry/wet) of existing buildings and facilities (elevation, flood proofing, static openings, etc)
- Infrastructure protection/mitigation (not repair or maintenance)
- Stormwater mitigation
- Flood control projects
- Relocation of structures from hazard areas
- Tornado safe rooms
- Generators/quick connects for critical facilities
- Generators as an integral part of an eligible project
- Sewer/water/gas/ system mitigation
- Planning

Ultimately, eligible types of projects will be identified by the specific funding or grant program opportunities project applicants may pursue and are not limited to the list provided.

4. How often do projects on the LMS need to be validated to remain on the LMS list?

Each year by December, each organization that has a project on the LMS project list, and wishes it to remain on the list, will be required to contact the LMS coordinator to re-validate each project that is desired to remain on the LMS project list. If no contact is made, the project may be removed from the LMS list as the LMS board may decide at this annual review date. The LMS may conduct outreach to validate projects on the LMS project list, but it will remain the responsibility of the project applicant to make sure their projects remain on the LMS project list as desired.

Section II

LMS Project Prioritization Considerations and Understandings

In general, the LMS is focused on mitigating the community against all natural and man-made hazards. However, part of the LMS mission is to identify a local community prioritized mitigation project list from which various funding sources may utilize to fund projects based upon that identified scoring priority. The LMS has worked hard to create as objective of a project scoring process and system as possible, to eliminate any appearance of favoritism to any one organization, while also trying to create a scoring criteria that will be able to prioritize projects based upon the various hazards, the potential impacts of those hazards, how proactive or reactive a community or organization may be in mitigating the community, and other considerations. However, subjectivity in determining project scores and prioritization does remain in the project review and ranking process

In creating the project scoring criteria, ultimately, one project must be prioritized over another, with the hopes of developing objective scoring criteria with an objective and subjective prioritization process. The scoring criteria were developed based upon general questions that weigh project benefits and impacts to the community with a few broad guiding questions:

a. Does the LMS wish to prioritize the projects based upon the hazard they mitigate? And what are those hazard priorities?
b. Is the community, and thus the project sponsoring organization(s), taking a proactive approach to mitigating the community and how shall those actions be taken into account within the scoring and prioritization process?
c. How are the projects leveraging the benefits across the community, through other community programs, etc?
d. How does the score consider direct and potential project impacts?
e. How do projects impact community health and safety?
f. What criteria should be developed to prioritize one project over another as objectively as possible?

Some of the data and information utilized in developing the project scoring criteria and addressing the broad questions above, include the following, but are not all-inclusive:

Per FEMA
https://www.floodsmart.gov/floodsmart/pages/flooding_flood_risks/defining_flood_risks.jsp;

a. In high risk areas, there is a 1 in 4 chance of flooding during a 30-yr mortgage.
b. 20% of NFIP claims and 1/3 of disaster assistance are for properties located in moderate to low risk areas (outside 100-yr flood zone).
c. 1% chance of being flooded in any given year if you live in a NFIP designated flood zone.
d. .02% chance of being flooded in any given year outside of the NFIP designated flood zone.

Per *Stafford Act Declarations 1953-2011: Trends and Analysis, and Implications for Congress.* Bruce R. Lindsay, Francis X. McCarthy. August 31, 2012 (https://www.fas.org/sgp/crs/homesec/R42702.pdf)

1. (Nationwide) "Most emergency declarations are for hurricanes, followed by snow-related events, droughts, and severe storms."
2. Nation-wide (Top 10 **Emergency** Declarations by Incident, 1953-2014) Florida had 12
    a. Hurricanes 27.8%
    b. Snow 26.2%
    c. Drought 9.9%

d. Severe storms 8%
e. Other 4.7%
f. Tornado 4.4%
g. Severe Ice storm 2.2
h. Flood 7.7%
i. Coastal storm 2.2

3. Nation-wide (Top 10 major disaster declarations by type of incident 1953-2014) Florida had 67
   a. Severe storms 37.1%
   b. Flood 32.8%
   c. Hurricane 9.3%
   d. Tornado 6.5%
   e. Snow 2.6%
   f. Typhoon 2.5%
   g. Fire 2.3%
   h. Severe Ice storm 2%
   i. Earthquake 1.3%
   j. Freezing .8%

Per Escambia County LMS Plan **www.myescambia.com/business/ds/local-mitigation-strategy**

HAZARD IDENTIFICATION AND VULNERBILITY ASSESSMENT								
	POTENTIAL HAZARD RISK TO LOCALITY*				POTENTIAL IMPACT TO LOCALITY***			
HAZARD	ESCAMBIA COUNTY	CITY OF PENSACOLA	SANTA ROSA ISLAND AUTHORITY	TOWN OF CENTURY	ESCAMBIA COUNTY	CITY OF PENSACOLA	SANTA ROSA ISLAND AUTHORITY	TOWN OF CENTURY

PANDEMIC INCIDENT	LOW	LOW	LOW	LOW	MODERATE	MODERATE	MODERATE	MODERATE
COASTAL OIL SPILL	LOW	LOW	LOW	N/A	LOW	LOW	LOW	LOW

Potential Hazard Risk to Locality-the liklihood of an incident to occur in any given year. (Subjective analysis)

***LOW**-unlikely to occur in any given year*

***MODERATE**-possible to occur in any given year*

***HIGH**-likely to occur in any given year*

****Potential Impact to Locality-Criteria as identified in the Escambia County Local Mitigation Strategy Plan (2010)***

***LOW**-special portions of the population affected; day to day operations not affected, minor cosmetic damage to structure possible.*

***MODERATE**-approximately 50% of population affected, mobile homes, and poorly built or maintained structures impacted.*

***HIGH**-significant portions of the population impacted, major damage to old, poorly maintained mobile home structures, some damage to newer structure built to recent code.*

Per National Weather Service http://www.srh.noaa.gov/tadd/

Except for heat related fatalities, more deaths occur from flooding than any other hazard. National average for flood related deaths is 99 per year. Compared with 61 deaths for lightning, 54 for tornadoes, and 49 for hurricanes.

Top ten most expensive disasters
https://www.trustedchoice.com/insurance-articles/weather-nature/most-expensive-disasters/

- Hurricanes-5 (This would include flood/storm surge and winds)
- Drought/Heat 3
- Earthquake-1
- Flood-1

Per the National Weather Service http://www.srh.noaa.gov

Tropical Cyclone Deaths (1970-1999)

Cause	Percent
Freshwater Flooding	59%
Wind	12%
Surf	11%
Offshore	11%
Tornadoes	4%
Storm Surge	1%
Other	2%

Per the LMS; Hazard Risk Maps Available **www.myescambia.com/business/ds/local-mitigation-strategy**

Wind Zones (Local Building Official)	These are wind load building code requirement zones based upon Florida Wind-Borne Debris zone maps.
Earthquake	scientific/study based

Project Community Benefits

Some of the programs that project benefits may impact include:

- CRS/NFIP programs (community-wide flood insurance rate discounts)
- Dam Safety Program (part of the CRS program)
- Impacts to CRA areas (social and economic)

LMS Prioritization of Hazards

As a result of the data and information (sample above) available, discussions within the LMS, the LMS board has identified some basic parameters from which scoring criteria were developed.

The risk and hazards threatening our community were prioritized which will weigh projects that address the higher risk and vulnerability of hazards to our community more heavily. That prioritization is as follows:

Hazards:

1. Flooding/Storm Surge (includes tropical event flooding)
2. Tropical storms/hurricanes (wind)
3. Severe weather/tornadoes
4. Wildfires
5. Drought
6. Earthquakes
7. Tsunami, freeze, sink holes, landslide/erosion, lightning
8. Hazardous materials, domestic security, structure fires, pandemic, dam breach, coastal oil spill, mass immigration/civil disturbance, radiation hazard, nuclear attack. (Man-made disasters are not a priority for the LMS and thus lumped together and no questions will be derived at this time to prioritize man-made disaster mitigation projects)

Section III

Project Submission Requirements and Process

A. Primary Eligibility for Project Submission to the LMS:

For a project to be considered by the LMS for review, scoring, and prioritization, a project applicant must meet and provide the five minimum requirements as appropriate:

- The *LMS Project Proposal Form* and scoring criteria, included in this packet, must be completed and submitted to the LMS in a timely manner based upon deadlines and timelines set by the LMS, which may be disaster or funding source specific.

- Grant program or funding source applications must be completed and submitted as part of the project submission to the LMS.

- Cost benefit analysis must be completed and submitted as part of the project submission to the LMS as the grant program or funding source may require.

- LMS attendance and Technical Support Group participation requirements must be met at the time of project submission by the eligible applicant agency or organization. The LMS plan identifies the minimum attendance and participation requirements for organizations. http://www.myescambia.com/business/ds/local-mitigation-strategy

- A commitment from each project applicant, that **regardless of funding source**, if the LMS board accepted and ranked a project on the LMS project prioritization list, that once the project is complete, a simple project report be completed and provided to the LMS board as historical documentation to support successful mitigation project implementation in the community.

B. These are the project submission guidelines that must be followed:

- The LMS Board will establish project submittal deadlines and timelines that must be met by all project applicants for the project to be considered by the LMS. Only the LMS board may allow exceptions.

- Only one project per LMS proposal form may be submitted.

- All completed *LMS Project Proposal Form*, scoring sheets, required supporting documentation, grant funding source applications and benefit cost analysis, must be submitted electronically to the LMS coordinator within all LMS identified deadlines and timelines.

- The establishment of the date of submission for a project submission to the LMS only occurs when all of the required primary documents are submitted; Completed *LMS Project Proposal Form* and scoring worksheet, grant application, benefit-cost analysis, verification that the attendance requirements have been met. This submission date is utilized to determine if the project was submitted by the appropriate deadlines and timelines established by the LMS and as may be referenced in the project scoring criteria.

- All required documentation must be submitted together in one package at one time. Applications that are not complete will not be reviewed by the LMS. Piecemealed submissions will not be accepted. It is understood that file size limits of email may require multiple emails to submit project applications and

documentation; however, the limitation is designed to limit project submissions that may be piecemealed over multiple days and weeks.

- The project applicant must complete the LMS scoring criteria and score their own project as they believe it should be scored utilizing the scoring criteria explanation section of this packet to guide the score selections and based upon the supporting documentation for each criterion justifying the project applicants score.

- Where the *LMS Project Proposal Form* and/or the scoring criteria worksheet require, and where the scoring guidance clearly references, supporting and additional documentation to justify and validate scoring **MUST** be provided or the project risks receiving no points for a given scoring criterion. Verbal justification from a project applicant will not necessarily be accepted.

- The LMS DOES NOT AND WILL NOT determine project eligibility for any grant program and other funding source. Eligibility requirements for grant programs and other funding sources will remain the responsibility of the project applicant.

C. The process, once a Project has been submitted to the LMS by a project applicant

Once all of the required documentation is submitted to the LMS coordinator the process for review, scoring, and prioritizations will be generally as follows:

- The LMS coordinator will make an initial cursory review of the documentation provided to make sure the four primary elements have been submitted/met. If all of the documentation is provided, the date of submission will be noted.

- The LMS coordinator will make available or provide electronic copies of the project submission to all of the LMS members, the LMS *Project Review and Ranking Technical Support Group* (PRRTSG), and the LMS Board as appropriate.

- The *PRRTSG* chair will coordinate with the LMS Chair to set a local LMS meeting schedule that will allow both the *PRRTSG* and the LMS Board to meet concurrently for project presentations by the applicants and allow an open question and answer session and discussion period on the projects. The number of these scheduled open and public meetings will depend upon the number of projects submitted or anticipated to be submitted. Because of grant program or funding source deadlines, meetings may be scheduled with short notice.

- Presentations are not required, but project applicants will be provided the opportunity to make project presentations.

- Project applicant presentations will be **limited to 5 minutes**, with a questions and answer and discussion session to follow. Discussion may last as long as it is productive and may be cut-off as the *PRRTSG* Chair may feel there is enough information to review and score a project.

    - This Q&A and discussion session is designed to discuss the merits and potential impacts and benefits of the project, and in some cases differentiating characteristics between the various projects being submitted to the LMS.

    - Presentations may include any media tools the applicant may desire. If there is any technical support needed (projectors, screens, etc.) prior coordination with the LMS coordinator is required.

- Presentation material should be provided to the LMS electronically in advance of the meeting for dissemination to the LMS board, technical support groups, membership, and participants as appropriate.

- The *PRRTSG* members will review all of the project documentation submitted in the following manner:
  - Prior to the project presentation meeting, *PRRTSG* members will
    - Review and validate that projects and project applicants have met the four primary requirements identified in section A.
    - Will review all of the documentation submitted to be familiar with, and understand the proposed project prior to any project presentation meetings.
    - Will review the scoring criteria and scores presented by the project applicant to identify any scoring criteria discussions where differences may occur.
  - In the project presentation meeting, the *PRRTSG* will:
    - Review one project at a time.
    - Individually call upon each project applicant and provide the option and opportunity for them to provide no more than a 5 minute presentation on the first of their projects.
    - Allow for anyone in attendance at the meeting to ask questions and make comment about the project as may be appropriate to gather a full understanding of the project and the impacts to the community. Discussion may either support or oppose the project.
    - Review each project scoring criterion and accept the score as provided by the project applicant, or discuss any changes to the score as the *PRRTSG* may suggest or recommend is more appropriate based upon the scoring criterion, the narrative parameters set for each criterion as provided in this packet, as well as, any required supporting documentation to validate any claims or statements made about the project. If there is no documentation to validate any claims, statistics, or statements about the project in relation to the criterion, the individual criterion runs the risk of zero points for that scoring criterion. The discussion about the point value that should be assigned for any given criterion will be open to anyone wishing to provide comment. Verbal justification for points where supporting documentation may or may not be accepted on face value, so it is important that if a statement is made, there is a document supporting the data or information desired for consideration.
    - As a *TSG*, decide on the final score to be presented to the LMS board for each individual project submission.
    - Will present the final score for all projects to the LMS board for their acceptance to the LMS prioritized project list.

- The LMS board will:

    - Accept the project and project score from the *PRRTSG* and to include the project on the LMS project list in prioritized order based upon the project score from highest to lowest.

    - Allow any project applicant the opportunity to question and challenge the *PRRTSG* project review and score and allow any further discussion, justification, or comment from which the LMS board will have the authority and option to either rescore and/or reprioritize a project based upon any scoring changes or subjective consideration as it may relate to the project itself.

    - Justification documentation may be submitted at a later date in certain circumstance, but the timeliness of submission may not risk the meeting of deadlines and timelines. The LMS Board may decide exceptions at their discretion.

    - Once the score has been determined by the *PRRTSG*, the information will be presented by the *PRRSTG* to the LMS Board for the board's acceptance and approval. **Prior to the LMS board approval, each project applicant, and anyone else in attendance, will have the additional opportunity to question, appeal, or challenge the scoring and justification identified by the *PRRTSG* and plead to the LMS board for consideration for any scoring changes or reprioritization exceptions, as they may feel appropriate.** During this appeals process, the meeting will be open for any new or reiterated discussion, support, opposition, and/or comments from anyone in attendance desiring to provide input to the process. The LMS board will have the full discretion to rescore and/or reprioritize any project based upon a more subjective approach as they may desire for whatever reason. This may include consideration for other community priorities not captured within the scoring criteria, continued evaluation for the interpretation of scoring criterion, or any other objective or subjective issues.

- Should a project applicant desire to try and improve their project score from the initial LMS board project acceptance and approval, the applicant may decide to identify additional documentable information or data that may justify additional project points for any given criterion. Should a project applicant desire to improve their project score in this manner, the LMS board will need to identify if they will accept application modifications, and may be required to go through the project review process again. All additional documentation must be submitted prior to any deadlines identified by the LMS board, allow enough time for the LMS board to provide required and appropriate information and data to the grant program or funding source by those required deadlines.

- Once all of the projects have been accepted and approved by the LMS board, the LMS board will generate a programmatic prioritized list of projects for review by the LMS members and participants. At this point, there are a couple of additional options that a project applicant may exercise, pending LMS board approval, to adjust the final list of prioritized projects for any individual grant program or funding source submission. They are:

    - In a situation where a project applicant may have several consecutively prioritized projects on the project list for a specific funding program based upon the final project scores, a project applicant may request that those sequentially prioritize projects be funded in an order preferred by the project applicant. For instance, if a project applicant has three projects list in priority order as projects # 7, 8, & 9, those projects may be reprioritized at their desire, as long as the reprioritization does not impact the funding order of projects for other project applicants. Projects ranked as #3 and #7 will not be allowed to be reprioritized as project costs would likely impact other project applicants in the list. However, this option is only allowed consideration as the list

of projects is generated for a specific project funding submission. Otherwise, projects will remain on the permanent LMS project list in the order from which they were originally scored.

- In a situation where different project applicants may negotiate with each other to reprioritize their projects that may be consecutively prioritized on the project list for a specific funding program based upon the final project scores, these project applicants may request that those sequentially prioritize projects be funded in an order preferred by the project applicant. For instance, if applicant #1 had a project ranked #4, and applicant #2 had a project ranked #5, they may negotiate to reprioritize those two projects, as long as the reprioritization does not impact the funding order of projects for other project applicants. Projects ranked as #3 and #7 from two different applicants will not be allowed to be reprioritized as project costs would likely impact other project applicants in the list. However, this option is only allowed consideration as the list of projects is generated for a specific project funding submission. Otherwise, projects will remain on the permanent LMS project list in the order from which they were originally scored.

- Once all project review and ranking processes are complete, the LMS board will generate any required certification letter and prioritized project list as a funding program may require both to the individual project applicants and to the funding program directly as may be appropriate and/or required.

- Upon completion of any LMS listed project, **regardless of funding source**, the LMS requires that each applicant prepare a simple project completion summary report to measure mitigation successes in our community for historical purposes. The project completion summary report is included with this packet.

- For any project already on the LMS project list prior to any funding announcements, those projects that were previously reviewed, evaluated and scored will **NOT** be required, and may not be allowed by the LMS board, to go through the new project submission process again. As an applicant may desire to "take the project off the shelf" and submit it in subsequent funding opportunities, the original score of the project will stand as originally scored, plus any one-time bonus points as the criteria may offer. Should the applicant desire to alter the scope of work of a project, or have new data and information that may impact the scoring of the project, then that project will return to the LMS project review, evaluation, and scoring process as if it were a new project submission. Any alterations to the scope of work of project will be considered a new project submission, and those alteration submission dates and timelines will define a new project submission date as it may impact the scoring criteria.

- Any projects on the LMS list that were scored by older versions of the current LMS scoring criteria, will require the applicant to resubmit the project to the LMS for review, evaluation, and ranking as if it was a new project submission, so the project can fairly be ranked based upon the same criteria all other projects were evaluated. As long as the scope of work has not significantly been altered, all old project submission dates and timelines will apply as it may impact the scoring criteria.

D. Important Program and Process Notes:

- Project submission to the LMS does not constitute project submissions to the various funding programs the applicant is seeking to apply. The LMS is merely a community ranking and prioritization process. THE LMS DOES NOT AND WILL NOT SUBMIT ANY ORGANIZATION'S APPLICATION TO ANY FUNDING PROGRAM. ALL PROJECT SUBMISSIONS AND PROGRAM REQUIREMENTS FALL UPON THE APPLICANT DIRECTLY AND ALL PROJECT SUBMISSIONS MUST BE DONE DIRETLY FROM THE PROJECT APPLICANT TO THE FUNDING PROGRAMS IN ACCORDANCE WITH THEIR PROGRAM RULES, GUIDELINES, TIMELINES, AND DEADLINES. The LMS takes no responsibility for any project submissions to funding programs.

- The LMS does not determine project eligibility for or on behalf of any funding program.
- The LMS does not award, fund, finance, or manage projects or project implementation. The LMS makes no funding eligibility determinations.
- The LMS ONLY provides a project funding priority list to the program for funding allocation.
- **A quorum of the LMS board has full discretion, as identified in the LMS plan, approved by the LMS members, whether directly or by default, to make discretionary decisions to adjust or change any steps in the processes, procedures, practices, project scores, or prioritizations by a majority vote.**

Section IV

Project Scoring Criteria Explanation

This section provides an explanation and/or parameters for each scoring criteria. Please utilize this section as you score your projects. Each project applicant is required to score each of the projects and provide the scoring criteria as part of your project submission to the LMS.

Purpose of Scoring Questions

The purpose of the LMS prioritization criteria is to create as objectively as possible; scoring a criterion that prioritizes projects based upon the risk and vulnerability of projects from natural or man-made hazards. The questions are designed to favor those projects that are in high risk geographical areas, favor hazards that potentially create greater risk to larger numbers of people, and can provide benefits that mitigate against those factors. The questions are also designed to be simple, straight-forward, and minimal to reduce as much subjectivity as possible and not to be burdensome to the project applicants.

Project Prioritization Criteria

This document supplements the LMS Mitigation Initiative Proposal Form and provides a more detailed explanation of how to score a project using the scoring worksheet. The Proposal and the scoring is to be completed by the applicant, one form for each project, and for any project the applicant wishes to submit to the LMS for consideration.

The process for each submission will be as follows:

1. A LMS project proposal must be completed for each project, to include the project applicant completing the project scoring. The proposal must be electronically submitted with supporting documentation, justifications, and explanations included.
2. To be eligible, an applicant must have met the LMS attendance/participation requirements as identified in the LMS plan, or as the LMS board may provide exception.
3. The applicable grant program or funding source application must be completed with all supporting documentation electronically.
4. The FEMA Benefit Cost Analysis must be completed and submitted with all supporting documentation electronically.

It will be the responsibility of the project applicant to provide any reasonable and required documentation to support any claims for points as is appropriate and referenced. Technical Support Group members may not have the expertise in some technical areas to be able to readily accept broad statements as truth, so for each criterion, it is required that supporting documentation be provided to support scoring claims. This documentation can come from a variety of resources such as engineers, environmentalists, plans, procedures, models, or other official and/or appropriate data/informational resource.

It will be the responsibility of project applicants to also justify/document that each project submitted will be independent projects that can be completed without the benefit of other phases or elements and provides the benefits the project applicant indicates independently once completed.

Once submitted to the LMS Board, the LMS Board and Project Review Technical Support Group will review the project at the next scheduled LMS meeting for inclusion into the LMS Project list. All projects will be scored based upon the percentile of points earned. Both the Technical Support Group and the LMS Board will meet and allow an

applicant to participate in the review process, being available for questions, and to defend the various discussions points for project scoring points. A meaningful exchange of information will take place in relation to the project submission. The project review schedule will be provided to the applicants and the LMS group for anyone's comments and input. The review process will be a public meeting and open to all interested parties and individuals.

The scoring criteria are divided into two sections, the Base Score Criteria and the Bonus Score Criteria. The base score criteria are permanent criteria that will define the base score of a project, and will be the score utilized by the LMS to rank a project on the LMS list for the long term as appropriate. The Bonus Score Criteria have been created for projects that are managed proactively with the LMS and offer one-time bonus points to projects based upon the current funding program cycle that LMS projects may be competing. All new projects submitted to the LMS for a current funding cycle will be evaluated and scored in relation to these bonus points, and all projects already on the LMS project list seeking competitive funding for a current funding cycle will also be reevaluated for these bonus points. For those projects already on the LMS project list, the LMS WILL NOT be reviewing the base scoring criteria for projects, unless new relevant data and information is being provided for consideration, and only bonus points will be considered for equitable competition with the new project submissions. As the bonus points suggest, they are providing a reward for applicants that engage the LMS prior to any funding announcements, which is intended to reduce the volume of project reviews within short deadline timeframes and allow the community to take a more proactive approach to identifying important mitigation projects.

Only scores that are identified in the scoring criteria can be acquired. There are no "partial" or "half way between" points for any criterion. Either the project meets the scoring criterion or it does not.

Please use this narrative guide to assist you with an understanding and level of expectation for each of the scoring criterion as you complete the score for your project(s).

Base Scoring Criteria:

1. **What type of organization is proposing the project?**

   Basically, who is the project applicant?
   - Local Government agency=20 pts.
   - Indian Tribes/Government (must be federally recognized)=18 pts.
   - Local non-profit=15 pts.
   - Eligible local applicant applying on behalf of non-eligible entity or individual.=10 pts. (this may be a project on private property for a business or individual.)
   - State Government=5 pts.
   - Federal Government=2 pts.
   - Other applicant=1 pt.

*ECUA has been identified as a local government agency by the LMS Board (7/12/16)

2. **What type of hazard does the project propose to mitigate against?**

   If the project mitigates several different hazards, then the hazard with the highest score will be applied.
   - Rainfall or tropical event flooding/storm surge=20 pts.
   - Tropical storms/hurricane (wind)=18 pts.
   - Severe weather/tornadoes (wind, lightning)=15 pts.
   - Wildfires=10pts.
   - Drought=5pts.
   - Earthquakes=4pts.

- Tsunami, freeze, sink holes, landslide/erosion=3pts.
- Man-made: hazardous materials, domestic security, structure fires, pandemic, dam breach, coastal oil spills, mass migration, civil disturbance, radiation hazard, nuclear attack.=1 pt.

3. Does the project eliminate or reduce the hazard threat?

- If the project guarantees that there will never be any impacts or damages in the future as a result of implementing the project, then the project will earn the highest points=10 pts.

- If the project merely reduces the threat, cannot guarantee there will be no impacts or damages in the future, then the project will earn=5 pts.

DOCUMENTATION FROM AN APPROPRIATE AND/OR CERTIFIED/LICENSED PROFESSIONAL WILL BE REQUIRED TO DOCUMENT CLAIMS.

4. Is the project found in any current Escambia County, City, Town, private, public, non-profit organizational or community planning document, capital improvement plan, budget, or similar document? The plan reference must be a plan from within our County boundaries.

Basically, the LMS is looking for a reference of your project in any planning document within any organization or agency either specifically or as an accomplishment of a goal, objective, or task of a plan. The LMS wants to know that the project is not a random effort and that plans put in place are being accomplished toward a comprehensive end and is not a "knee-jerk" reaction to a disaster incident. Any plan referenced must be a plan that relates to an organization or agency within the geographical boundaries of Escambia County and a project that will benefit the jurisdiction from which the project is referenced from that plan. A project that meets an objective in a plan found in Hillsborough County is not necessarily accomplishing the plans and goals of this community.

THE LMS PLAN IS NOT A PLAN THAT CAN BE REFERENCED FOR THIS CRITERION TO RECEIVE POINTS.

Points will be scored in this category as follows:

- 10 points awarded for a project that is specifically referenced in a local plan by title, by location, has a scope of work that is the same as the one being referenced in the plan, etc. An example would be a drainage capital improvement project specifically referenced by a street or neighborhood in the County's capital improvement plan.

- 8 points awarded for a project that is not specifically referenced, but accomplishes a specific goal identified in a local plan. An example would be a plan that wants to implement a shutter program for homeowners, and the LMS project submission is for a homeowner shutter project. The project address is not specifically listed, but the project accomplishes the specific goal referenced in the plan.

- 7 points awarded for a project that generally falls under a goal. An example of this would be goal in a plan that states that mitigation will be a primary goal of every agency, and a project submitted to the LMS is for shutters. This would be a project that generally falls under a broad and general goal in that plan.

- 5 points for a project that does not fall under any of the previous categories, and is not specifically or generally in conflict with any plan. This item will typically be a default score for projects submitted

- Minus 5 points for a project specifically or generally in conflict with a plan. The LMS expects that no project submitted to the LMS will be in conflict with any local plan, for instance, if a plan states that no drainage projects will be implemented in a specific neighborhood, and the project submitted to the LMS is for a drainage project in that banned neighborhood, then the project submission will lose 5 points.

DOCUMENTATION OF PLAN REFERENCE MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY

5. Is the project considered a critical facility/infrastructure by the LMS?

The State of Florida and Escambia County have used definitions of critical facility for several years, and continue to do so. For the purposes of the LMS, the LMS Board will **NOT** utilize the definition of critical facility to determine if a structure or system will be considered a critical facility. The definitions used by various agencies are very subjective themselves, and the LMS Board has decided that each applicant seeking points under this category will merely justify their argument for or against their project being a critical facility, structure, or system. Justification can include whether people will be staying in a building before, during, or after a hurricane/weather event, whether the services provided from that facility are critical in nature as they relate to life safety issues such as communications, networks, electrical grids, etc. Or any other topics of debate that the applicant wishes to provide in support of the argument.

- First responder facility (i.e. fire, EMS, law enforcement)=10 pts.
- Infrastructure facilities (i.e. drainage systems, lift stations, fire hydrants, sewage system, water systems, electrical grid, IT/network)=8 pts.
- Secondary emergency services organization facilities (i.e. Red Cross, United Way, Salvation Army)=6 pts.
- General use buildings/facilities from which infrastructure personnel work (i.e. Central Office Complex, ECUA offices)=4 pts.
- Programs, studies, data collection, GIS, and work to improve data related to risk and vulnerability assessments, mitigation educational outreach programs, etc.=2 pts.
- Not considered a critical facility or program=0 pts.

A WRITTEN EXPLANATION/JUSTIFICATION IS REQUIRED TO SCORE POINTS IN THIS CATEGORY.

6. For the facility/infrastructure the project proposes to mitigate, within the existing state/condition of the infrastructure, will future impacts negatively affect the level of service that the facility/infrastructure typically supports?

In essence, if the facility/infrastructure is damaged in the future, will the lack or use or limited use of that infrastructure reduce or eliminate the level of service that facility/infrastructure provides on a daily bases. (i.e. If a fire station became unusable, would the level of service from the fire station be diminished or eliminated?)

- Complete shutdown of services=10 pts.
- Impacted/reduced services=5 pts.
- No reduction in the level of service= 0 pts.

PROVIDE APPROPRIATE WRITTEN DOCUMENTATION/JUSTIFICATION FOR THE POINTS SCORED.

7. Community Rating System (CRS): Is the project an activity that will earn credit points in one or all of the local community CRS programs?

Currently, Escambia County, the City of Pensacola, and the Santa Rosa Island Authority participate in the Community Rating System, a program within the National Flood Insurance Program. If the proposed project benefits the CRS program and provides credit toward that effort, then the project can earn points under this category. However, the program is very specific on what activities points can be earned. For instance, education and outreach programs in general does not earn CRS points, however, if that public outreach had very specific information it was providing, then it could earn points. Most projects will not earn points under this category, but to review eligible activities in the CRS program, please visit the NFIP/CRS website at this link: http://training.fema.gov/EMIWeb/CRS/

CRS points for Flood Damage Reduction, CRS Activity 500= 10 points
CRS points for Flood Preparedness, CRS Activity 600= 8 points
CRS points for Mapping and Regulatory, CRS Activity 400= 6 points
CRS points for Public Information, CRS activity 300= 4 points
No CRS points/not applicable=0 pts.

Points will only be awarded if the activity can actually earn the community points in the CRS program, not for projects that just address the criteria of the CRS as the title may imply.

If the proposed project does not facilitate the objective of providing points toward improving the respective municipalities' CRS classification, then a score of 0 points shall be awarded.

PROVIDE APPROPRIATE WRITTEN DOCUMENTATION (LETTER, EMAIL, ETC.) FROM THE COMMUNITY'S CRS COORDINATOR TO VERIFY THE PROJECT'S ABILITY TO EARN CRS CREDIT POINTS IN THE CRS PROGRAM.

8. Population DIRECTLY benefited

The estimated population that will **DIRECTLY** receive benefits from the proposed mitigation project. Education, legislative, and planning studies will typically score higher in this category than site-specific structural projects. This may be in terms of how many people are directly serviced by a facility/infrastructure. This **DOES NOT** include a population that MAY be impacted "downstream" or "upstream" through a potential "domino effect" of facility or system failures.

- ≤1,000= 12 pts.
- 1,001 to 50,000-14 pts.
- 50,001 to 100,000=16 pts.
- 100,0001 to 200,000=18 pts.
- >200,000=20 pts.

DOCUMENTATION AND JUSTIFICATION WILL BE REQUIRED TO SCORE POINTS IN THIS CATEGORY.

9. Population that will POTENTIALLY/INDIRECTLY benefit.

The estimated population that will **POTENTIALLY/INDIRECTLY** benefit from the implementation of the project. This population count WILL NOT include those that are directly benefitting and can include those people who may **REASONABLY** (do not stretch this beyond reasonable) and potentially/indirectly may benefit through what could be considered potential/possible "domino effect".

- $\leq$ 10,000= 2 pts.
- 10,001 to 75,000-4 pts.
- 75,001 to 150,000=6 pts.
- 150,0001 to 200,000=8 pts.
- >200,000=10 pts.

DOCUMENTATION AND JUSTIFICATION WILL BE REQUIRED TO SCORE POINTS IN THIS CATEGORY.

10. Environmental Considerations: Does the project provide DIRECT environmental benefit. If the project concerns and officially identified environmentally sensitive area, score will be multiplied by 1.5.

Almost all mitigation projects will impact the environment in some way. A project will need to be evaluated and documented for the points requested in this criterion.

The LMS expects that no projects will ever be submitted or pursued that have a negative impact on our environment, however, if the mitigation project will likely have a negative impact on the environment (after all mitigation measures that may be applied) = (minus 5 points)

If a project has no or minimal impact on the environment, then the project will earn 2 points. An example of a project that would earn two points would be a shutter project for a building.

If a project has a positive impact on the environment, then the project will earn 5 points. A potential project that could meet this may be a drainage project that reduces flooding in an area of constant flooding, which also reduces polluted runoff in an area or in an identified wetland.

When considering direct benefit, the project must consider the area the project serves DIRECTLY, and not "downstream" or "domino effect" possibilities or potential.

DOCUMENTATION FROM AN APPROPRIATE PROFESSIONAL, STUDY, OR PLAN WILL BE REQUIRED TO SCORE POINTS IN THIS CATEGORY.

In addition, if the project has the potential to affect (either positively or negatively) an environmentally sensitive area, as defined in the Escambia County Comprehensive Plan, then the score shall be multiplied by a factor of 1.5. For example, if a project negatively affects the sea grass in Santa Rosa Sound, the –5 points shall be multiplied by 1.5 to equal a score of –7.5 points or on the contrary, if the project has a positive effect on an environmentally sensitive area, then the project could earn 7.5 points.

Many different studies and documents exist, to include modelling, that could justify and identify environmentally sensitive areas. Some examples of documents could include, but is not limited, to the National Wetlands Inventory Map , Escambia County Soils Survey, FF&WCC-LANDSAT Imagery, the Escambia County Geographic Information System, or other professional document.

11. Environmental Considerations: Does the project provide POTENTIAL/POSSIBLE environmental benefit.

Consideration as an environmental project is the same as in number 10, however, as it may relate to **POTENTIAL/POSSIBLE** environmental benefits, this analysis will not include the DIRECT benefit area, but could include a **REASONABLE** expectation for **POTENTIAL/POSSIBLE** benefit "downstream" or as a domino effect.

- Positive Impact=5 pts.
- No or minimal impact=2 pts.
- Negative Impact=(-10) pts

DOCUMENTATION FROM AN APPROPRIATE PROFESSIONAL, STUDY, OR PLAN WILL BE REQUIRED TO SCORE POINTS IN THIS CATEGORY.

12. To what degree does the project have the potential for the immediate prevention of loss of life?

To what degree will the project provide protection against loss of life. Some projects will provide protection immediately, and some will not. Score your project accordingly and provide any justification or substantiation as appropriate.

Immediate prevention of loss of life=10points
Immediate will be DIRECT prevention. This will be for projects that are proposed wind or flood mitigation that will be found in the identified storm surge zones and v-zones as identified on Flood Insurance Rate Maps, or within the 1st mile from the coast as the building code requires window protection, etc. This could be for tornado safe rooms, or fire mitigation efforts where people WILL be required to put themselves in harm's way during an incident or disaster.

Significant prevention of loss of life=7 points
Significant will be less direct prevention than the immediate classification. These are projects that will occur in less destructive environments where people might or might not be present during an event or disaster. Those people outside the storm surge zone or V-zone, such as the A-zones on FIRM's, areas of frequent flooding from rising water, structures built to lower standards than today where people may stay at home or may evacuate during wind events, wind mitigation further inland in the County, etc. These projects have the potential to save lives, but no requirements for staying in the hazard are placed on individuals.

Moderate prevention of loss of life=5 points
This project provides even less potential for the protection of lives. This could be a drainage project that reduces flooding in a neighborhood, that typically is not a threat to lives, but the potential for someone getting trapped, isolated, and drowning is not out of the realm of possibility. This could be to shutter a facility not critical to operations, where people will likely NOT stay during a disaster event. The odds of providing protection to a life is unlikely but not out of the realm of possibility. These could be flood mitigation projects in the X-zone as identified in the local FIRM's.

No Prevention=0 points
This is a shutter project for a storage building where no one will ever stay during a disaster event, etc.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

13. What is the Life Expectancy of the Project?

The life expectancy of the project shall be established utilizing the Project Useful Life Summary, Appendix D as found in the *BCA Reference Guide*, June 2009, Federal Emergency Management Agency and reproduced below:

Appendix D from:
BCA Reference Guide, June 2009
Federal Emergency Management Agency

APPENDIX D
Project Useful Life Summary

Project Type	Useful Life (years)		Comment
	Standard Value	Acceptable Limits (documentation required)	
Acquisition/Relocation			
All Structures	100	100	
Elevation			
Residential Building	30	30–50	
Non-Residential Building	25	25–50	
Public Building	50	50–100	
Historic Buildings	50	50–100	
Structural/Non-Structural Building Project			
Residential Building Retrofit	30	30	
Non-Residential Building Retrofit	25	25–50	
Public Building Retrofit	50	50–100	
Historic Building Retrofit	50	50–100	
Roof Diaphragm Retrofit	30	30	Roof hardening and roof clips
Tornado Safe Room – Residential	30	30	
Tornado Safe Room – Community	30	30–50	Retrofit or small community safe room ≤ 16 people (30 yr), New (50 yr)
Non-Structural Building Elements	30	30	Ceilings, electrical cabinets, generators, parapet walls, or chimneys
Non-Structural Major Equipment	15	15–30	Elevators, HVAC, sprinklers
Non-Structural Minor Equipment	5	5–20	Generic contents, racks, shelves
Infrastructure Projects			
Major Infrastructure (minor localized flood reduction projects)	50	35–100	
Concrete Infrastructure, Flood Walls, Roads, Bridges, Major Drainage System	50	35–50	
Culverts (concrete, PVC, CMP, HDPE, etc.)	30	25–50	Culvert **with** end treatment (i.e., wing walls, end sections, head walls, etc.)
	10	5–20	Culvert **without** end treatment (i.e., wing walls, end sections, head walls, etc.)
Pump Stations, Substations, Wastewater Systems, or Equipment Such as Generators	50	50	Structures
	5	5–30	Equipment
Hurricane Storm Shutters	15	15–30	Depends on type of storm shutter
Utility Mitigation Projects	50	50–100	Major (power lines, cable, hardening gas, water, sewer lines, etc.)
	5	5–30	Minor (backflow values, downspout disconnect, etc.)

APPENDIX D
Project Useful Life Summary

Project Type	Useful Life (years)		Comment
	Standard Value	Acceptable Limits (documentation required)	
Miscellaneous Equipment Projects			
Equipment Purchases	2	2–10	Small, portable equipment (e.g., computer)
	30	5–30	Heavy equipment
Wildfire Mitigation Projects			
Defensible Space/Hazardous Fuels Reduction	4	2–4	Brush – Depends on drought conditions
Vegetation Management	1	1	Grass – Depends on geographic location and precipitation
	20	3–20	Forest canopy – Must be maintained every 3 years
Ignition-Resistant Construction	10	10–30	Depends on type of construction and materials used

- ≤ 10 years=2 pts.
- >10 to ≤20 years=4 pts.
- >30 to ≤40 years=8 pts.
- *>40 years=10 pts.*

If the applicant chooses to utilize the "Standard Value", no additional documentation is required as these are FEMA default values. If the "Acceptable Limits" values are identified, written justification from an appropriate professional will be required to be submitted with the project submission.

14. Does the project mitigate damages to a NFIP Repetitive Loss Structures

Repetitive loss structure is a term that is usually associated with the National Flood Insurance Program (NFIP). For Flood Mitigation Assistance (FMA) program purposes, this is a structure, covered by a contract of flood insurance under the NFIP, that has suffered flood damage on two or more occasions over a 10-year period ending on the date when a second claim is made, in which the cost to repair the flood damage, on average, equals or exceeds 25% of the market-value of the structure at the time of each flood loss event.

If the proposed mitigation project involves a government owned property repetitive claim, flood loss structure, as identified by the Federal Emergency Management Agency (FEMA), then it shall be awarded 10 points.

If the proposed mitigation project involves a privately owned property repetitive claim, flood loss structure, as identified by the Federal Emergency Management Agency (FEMA), then it shall be awarded 5 points.

If the proposed project does not involve a repetitive loss structure as defined by FEMA, the 0 points shall be awarded.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

15. Is the project in the mapped hazard area it proposes to mitigation against?

Is the project in the mapped hazard area for which the type of mitigation being proposed? There are several sources for various hazard area maps, but the ones identified in the LMS plan would be the primary reference and already recognized by the LMS They would include the FIRMS, environmentally sensitive area maps, wind hazard maps, storm surge maps, and others. It is important that projects are pursued and potentially prioritized in mapped hazards areas that depict increased risks to those hazards.

In essence, if the project is to implement flood mitigation, the project would get additional points if it was located in a mapped flood hazard area (FIRM). If the project submitted was to mitigate against wind hazards (i.e. shutters),the project would receive additional points for being located within the mapped wind hazard area?

The hazard maps can be found in the LMS strategy plan on-line at:
http://www.escambiaemergency.com/Local_Mitigation/strategy_update.htm

- Yes=10 pts.
- No=0 pts

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

16. Does this project mitigate a public health/safety issue?

If there is a potential and direct public health/safety issue that is being mitigated by the implementation of the project, then the project would earn points. Justification, explanation, and extrapolation of the impacts and justification must be **reasonable** and the impacts considered a direct result of the project implementation and should not include scenarios that are dependent upon other potential system failures and other potential impacts to reach an extended conclusion of health and safety benefits.

- Yes=10 pts.
- No=0 pts.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

17. Does this project mitigate a historical building(s), infrastructure, or system(s) that are historical or located within an official historical district or area?

Projects would be considered historical if they have been officially designated as historic, are located in an officially designated historic zone or area, or if it is a building that is 50 years or older.

- Yes=5 pts.
- No=0 pts.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

18. Is the project within an officially identified Enterprise Zone?

If the project is identified within an officially designated Enterprise Zone, the project would earn the points identified.

- Yes=5 pts.
- No=0 pts.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

19. Is the project within an officially designated Community Redevelopment District?

If the project is identified within an officially designated Community Redevelopment District, the project would earn the points identified.

- Yes=5 pts.

- No=0 pts.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

20. Does the project have documented repetitive/historical damages in dollars?

Has the project been damaged by the hazard being mitigated in the past? If so, how much were historical repair costs individually identified by year and/or incident.

- ≤$5,000=1 pt.
- $5,001 to $10,000= 2 pts.
- $10,001 to $25,000=4 pts.
- $25,001 to $50,000=6 pts.
- $50,001 to $100,000=8pts.
- >$100,000=10 pts.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

21. Does the project have documented frequent repetitive repetitive/historical damages in the previous 20 years?

How many times has the project been impacted in the past 20 years? Please identify by year.

- 1 incident=1 pt.
- 2 incidents=2 pts.
- 3 incidents=4 pts.
- 4 incidents=8 pts.
- >4 incidents=10 pts.

DOCUMENTATION/JUSTIFICATION MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

Bonus Scoring Criteria:

1. Was the project on the LMS project list prior to the declared disaster date or before the date of the Notice of Funding Availability for the grant program?

In an attempt to reward those organizations that are proactive within the LMS and the concept of mitigation, this criteria will provide extra points for those projects that are submitted and reviewed in advance of funding opportunities. For grant programs that are declared disaster driven, such as the Hazard Mitigation Grant Program, projects will receive the points if they were submitted and placed on the LMS list before a declared disaster impacts our community, specifically before the "date of declaration." Points will be awarded for projects that are on the LMS project list in advance of grant programs that are not disaster driven, such as the Flood Mitigation Grant Program or the Pre-Disaster Mitigation Grant Program based upon the date of Notice of Funding Availability (NOFA) for any given funding cycle.

If the project is on the LMS project list before a declared disaster date or before the funding notification, then 10 points will be awarded. If not, zero points will be awarded.

DOCUMENTATION/ REFERENCE MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

2. **If the funding is as a result of a federally declared disaster, does the project mitigate against the type of hazard that was declared for the current funding cycle?**

   As an example, if the declared incident was for forest fire, is the project a fire mitigation project. If yes, then the project will earn the points.

   - Yes=10 pts.
   - No=0 pts

3. **Is the project type or hazard type specifically referenced in the federal NOFA or state program guidance as a priority for either entity with respect to the specific funding source or program?**

   Should the project be specifically referenced by title or generally referenced by project or hazard type in the federal or state NOFA or funding announcement letters or documentation, then the project will earn the points.

   - Yes=10 pts.
   - No=0 pts

DOCUMENTATION/ REFERENCE MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.

Section V

Escambia County
LMS Mitigation Project Proposal Form

1. Project Applicant(s): Escambia County
2. Project is located within the:
   - ☑ Cantonment
   - ☐ Town of Century
   - ☐ Unincorporated County
3. Project Applicant Contact:
   - Name: Chris Curb
   - Agency/Department: Engineering Manager - Stormwater
   - Office phone: 850-595-3419
   - Cell Phone:
   - Email Address: CACurb@co.escambia.fl.us
4. Project costs:
   - Federal Share 75% $3,326,058.55
   - Non-Federal 25% $1,108,686.18
   - Total $4,434,744.73
5. Type of project:
   - ☐ Planning
   - ☑ Construction

6. Provide a brief description and location of the project:

The proposed project will include the acquisition and demolition of 15 residential properties in the Bristol Park area of Cantonment, Florida. The proposed project will eliminate historic flooding problems at these properties by acquisition of the property and conversion of the land to deed-restricted open space, allowing water to be naturally stored on the property. A benefit of this project is increased floodplain storage; due to the large number of property owners impacted by this project, an educational and public input workshop was conducted by the applicant.

7. Is there a pre-identified funding source for this project?
   - ☑ Hazard Mitigation Grant Program (HMGP)
   - ☐ Flood Mitigation Assistance Grant Program (FMA)
   - ☐ Pre-Disaster Mitigation Grant Program (PDM)
   - ☐ Other:_____

8. If required by the funding source, what is the benefit-cost value of this project:_____

Each applicant is required to score their own projects and submit the scoring as part of the project submission to the LMS.

Project Scoring:

Base Scoring Criteria

CRITERIA	INSTRUCTIONS	SCORE
1. What type of organization is proposing the project?	• Local Gov't=20 pts. • Indian tribes Gov't=18 pts. • Local non-profits=15 pts. • Eligible local applicant applying for non-eligible applicant (individuals, private business)=10 pts. • State Gov't=5 pts. • Federal Gov't=2 pts. • Other applicant=1 pt.	20
2. What type of hazard does the project propose to mitigate against?	• Rainfall or tropical event flooding/storm surge=20 pts. • Tropical storms/hurricane (wind)=18 pts. • Severe weather/tornadoes (wind, lightning)=15 pts. • Wildfires=10pts. • Drought=5pts. • Earthquakes=4pts. • Tsunami, freeze, sink holes, landslide/erosion=3pts. • Man-made: hazardous materials, domestic security, structure fires, pandemic, dam breach, coastal oil spills, mass migration, civil disturbance, radiation hazard, nuclear attack.=1 pt.	20
3. Does the project eliminate or reduce the hazard threat? **(Documentation from an appropriate and/or certified/licensed professional will be required to document claims)**	• Eliminate=10 pts. • Reduce=5 pts.	10
4. Is your project identified in any current Escambia County, City of Pensacola, Town of Century, or any other organizational, governmental, for-profit, non-profit, or other community planning document (i.e. capital improvement, budget, etc)? THE LMS PLAN IS NOT AN ELIGIBLE REFERENCE PLAN. **(Provide a copy of the section(s) of the referenced plan and justification for any claims)** Name of document:_____	• Is the project specifically cited in the plan= 10 pts. • Does the project accomplish a specific goal=8 pts. • Does the project generally fall under a goal referenced in a document/plan=7 pts. • Project is not in conflict with any plans=5 pts. • Is the project IN conflict with a plan=(-5 pts.)	8
5. Is the project considered a critical	• First responder facility (i.e. fire, EMS, law	

facility/Infrastructure by the LMS? (see explanation section) **(Documentation will be required where projects may not clearly fall into the scoring categories)**	enforcement)=10 pts. • Infrastructure facilities (i.e. drainage systems, lift stations, fire hydrants, sewage system, water systems, electrical grid, IT/network)=8 pts. • Secondary emergency services organization facilities (i.e. Red Cross, United Way, Salvation Army)=6 pts. • General use buildings/facilities from which infrastructure personnel work (i.e. Central Office Complex, ECUA offices)=4 pts. • Programs, studies, data collection, GIS, and work to improve data related to risk and vulnerability assessments, mitigation educational outreach programs, etc.=2 pts. • Not considered a critical facility or program=0 pts.	0
6. For the facility/infrastructure the project proposes to mitigate, within the existing state/condition of the infrastructure, will future impacts negatively affect the level of service that the facility/infrastructure typically supports? **(Provide justification for any points identified)**	• Complete shutdown of services=10 pts. • Impacted/reduced services=5 pts. • No reduction in the level of service= 0 pts.	0
7. Community Rating System (CRS): Is the project an activity that will earn credit points in one or all of the local community CRS programs? **(Documentation from the jurisdictional CRS coordinator validating point activity is required)**	• CRS points for Flood Damage Reduction=10 pts. • CRS points for Mapping and Regulatory=8 pts. • CRS points for Flood Preparedness=6 pts. • CRS points for Public Information=4 pts. • No CRS points/not applicable=0 pts.	10
8. Population **DIRECTLY** benefitted. **(Provide documentation to support the claim)**	• ≤1,000= 12 pts. • 1,001 to 50,000-14 pts. • 50,001 to 100,000=16 pts. • 100,0001 to 200,000=18 pts. • >200,000=20 pts.	12
9. Population that will **POTENTIALLY/INDIRECTLY** benefit. **(Provide documentation to support the claim.)**	• ≤ 10,000= 2 pts. • 10,001 to 75,000-4 pts. • 75,001 to 150,000=6 pts. • 150,0001 to 200,000=8 pts. • >200,000=10 pts.	2
10. Environmental Considerations: Does the project provide **DIRECT** environmental benefit. If the project concerns environmentally sensitive areas, score will be multiplied by 1.5. **(Documentation is required to substantiate claim)**	• Positive Impact=10 pts. • No or minimal impact=3 pts. • Negative Impact=(-5) pts.	15
11. Environmental Considerations: Does the project provide **POTENTIAL/POSSIBLE** environmental benefit. **(Documentation is required to substantiate claim)**	• Positive Impact=5 pts. • No or minimal impact=2 pts. • Negative Impact=(-10) pts.	5
12. To what degree does the project have the	• Immediate=10 pts.	

potential for the immediate prevention of loss of life? **(Please provide justification and documentation)**	• Significant=7 pts. • Moderate=5pts. • No prevention= 0 pts.	5
13. What is the life expectancy of the project? **(Utilize FEMA default values to justify points. If FEMA default values are not utilized, documentation to substantiate claim is required)**	• ≤ 10 years=2 pts. • >10 to ≤20 years=4 pts. • >30 to ≤40 years=8 pts. • >40 years=10 pts.	10
14. Does the project mitigate damages to a NFIP identified repetitive loss structure? **(Please provide justification and documentation)**	• Yes, public facility=10 pts. • Yes, Private facility=5 pts. • No=0 pts.	5
15. Is the project in the mapped hazard area it proposes to mitigate against? **(Please provide justification and documentation)**	• Yes=10 pts. • No=0 pts.	10
16. Does this project mitigate a public health/safety issue? **(Please provide justification or an explanation)**	• Yes=10 pts. • No=0 pts.	10
17. Does this project Mitigate a historical building(s), infrastructure, or system(s) that are historical or located within an official historical district or area? **(Please provide justification and documentation)**	• Yes=5 pts. • No=0 pts.	0
18. Is the project within an officially identified Enterprise Zone? **(Please provide justification and documentation)**	• Yes=5 pts. • No=0 pts.	0
19. Is the project within an officially designated Community Redevelopment District? **(Please provide justification and documentation)**	• Yes=5 pts. • No=0 pts.	0
20. Does the project have documented repetitive/historical damages in dollars? **(Please provide justification and documentation)**	• ≤$5,000=1 pt. • $5,001 to $10,000= 2 pts. • $10,001 to $25,000=4 pts. • $25,001 to $50,000=6 pts. • $50,001 to $100,000=8pts. • >$100,000=10 pts.	10
21. Does the project have documented frequent repetitive/historical damages in the previous 20 years? **(Please provide justification and documentation)**	• 1 incident=1 pts. • 2 incidents= 2pts. • 3 incidents=4 pts. • 4 incidents=8 pts. • >4 incidents=10 pts.	1
Base Score	Maximum points possible=215	153

One-Time Bonus Score

CRITERIA	INSTRUCTIONS	SCORE
1. Was the project on the LMS project list before the date of declaration for the disaster in which the project is applying? Or was the project on the LMS project list before the Notice of Funding Announcement (NOFA) was published? **DOCUMENTATION/ REFERENCE MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.**	• Yes=10 pts. • No=0 pts. The Bristol Park Area Acquisitions was reviewed and approved by the LMS in 2015 to submit under HMGP for DR-4177.	10
2. If the funding is as a result of a federally declared disaster, does the project mitigate against the type of hazard that was declared for the current funding cycle?	• Yes=10 pts. • No=0 pts	10
3. Is the project type or hazard type specifically referenced in the federal NOFA or state program guidance as a priority for either entity with respect to the specific funding source or program. **DOCUMENTATION/ REFERENCE MUST BE PROVIDED TO SCORE POINTS IN THIS CATEGORY.**	• Yes=10 pts. • No=0 pts	0
4.		
Bonus Score	Maximum points possible=30	20
Base Score	Maximum points possible=215	153
Total Score	Maximum points possible=245	173

Local Mitigation Strategy
Project Closeout Final Report

Project Title: _____

Project Applicant: _____

Project Contact:
Name: _____
Address: _____
Phone: _____
E-mail: _____

Type of Project: _____

Grant Contract Execution Date: _____

Date Project Started: _____

Date Project Completed: _____

Final (actual) Project Costs:		($)	Source of Funding (i.e. grants, general revenue, LOST, etc.)
Total:		_____	_____
Federal Share:		_____	_____
State Share:		_____	_____
Other Source:		_____	_____
Local Share	Cash:	_____	_____
	In-Kind:	_____	_____

Please provide description of project. Were the goals accomplished? Were the hazards mitigated? To what level of protection was the project implemented? Was the project a success?

Please provide/attach appropriate projects pictures of **before and after** that represent the project and project area as appropriate.

Federal Emergency Management Agency

HAZARD MITIGATION GRANT
PROGRAM APPLICATION DR-4283

Applicant Information

Applicant:	Escambia County, Florida
Project Title:	Bristol Park Area Acquisitions
Project Location:	Bristol Park Neighborhood, Cantonment, Florida 32533

State of Florida HMGP Application

STATE OF FLORIDA – HAZARD MITIGATION GRANT PROGRAM APPLICATION

THIS SECTION FOR STATE USE ONLY

FEMA- 4280-DR-FL

☒ **Standard HMGP** ☐ **Standard FMA** ☐ **5% Initiative Application** ☐ **Initial Submission or** ☐ **Application Complete** ☐ **Re- Submission**

Support Documents
- ☐ **Conforms w/ State 409 Plan**
- ☐ **In Declared Area**
- ☐ **Statewide**

Eligible Applicant

This application is for all Federal Emergency Management Agency (FEMA Region IV) Hazard Mitigation Grant Program (HMGP) proposals. Please complete ALL sections and provide the documents requested. If you require technical assistance with this application, please contact your State Emergency Management Division at ***(850) 922-5944.***

A. To Fill Out This Application: Complete all sections that correspond with the type of proposed project

***General Application Sections*:** *All* applicants must complete these sections
Environmental Review: *All* applicants must complete these sections
Maintenance Agreement: *Any* applications involving public property, public ownership, or management of property
Damage Frequency Assessment Worksheet: Acquisition, Elevation, Floodproofing (if FIS and H&H are unavailable) -- one worksheet per structure
Flood-Drainage Improvement Worksheet: Acquisition, Elevation, Floodproofing (if FIS and H&H are available) -- one worksheet per structure
Tornado Worksheet: Safe Room Projects only
Wind Retrofit Worksheet: Wind retrofit projects only -- one worksheet per structure
Request for Public Assistance Form: FEMA Form 90-49 (Request for Public Assistance): *All* applicants must complete, if applicable.
Acquisition Forms: If project type is Acquisition, these forms must be completed.
(Only one of the two *Notice of Voluntary Interest* forms is necessary.)
Model Statement of Assurances for Property Acquisition Projects
Declaration and Release
Notice of Voluntary Interest (Town Hall Version)
Notice of Voluntary Interest (Single Site Version)
Statement of Voluntary Participation
FEMA Model Deed Restriction Language
Application Completeness Checklist: All applicants are recommended to complete this checklist

B. Applicant Information

FEMA-4283 -DR-FL **DISASTER NAME: Florida Hurricane Matthew (DR-4283)**
Ex., FEMA-1609-DR-FL; Hurricane Wilma

Title / Brief Descriptive Project Summary: Bristol Park Area Acquisitions

1. Applicant (Organization): Escambia County
2. Applicant Type:
   ☒State or Local Government ☐Recognized Native American Tribe ☐Private Non-Profit

3. County: Escambia
4. State Legislative House District(s): 1 and 2 State Legislative Senate District(s): 2
   Congressional House District(s): 1
5. Federal Tax I.D. Number: 596000598
6. Data Universal Numbering System (DUNS): 075079673
7. FIPS Code*: 033
   (*if your FIPS code is not known, please fill out FEMA Form 90-49 (Request for Public Assistance) so that the Department may obtain a FIPS code for you)
8. National Flood Insurance Program (NFIP) Community Identification Number (this number can be obtained from the FIRM map for your area): 120080
9. NFIP Community Rating System Class Number (if available): 6
10. NFIP Last Community Assistance Visit Date (FMA ONLY): N/A
11. Attach proof of current Flood Insurance Policy (FMA ONLY): N/A

12. **Point of Contact**
    ☐Ms. ☒Mr. ☐Mrs. First Name: Chris Last Name: Curb
    Title: Engineering Manager - Stormwater
    Street Address: 3363 West Park Place
    City: Pensacola State: FL Zip Code: 32505
    Telephone: (850)595-3419 Fax: _____
    Email Address: cacurb@co.escambia.fl.us

13. **Application Prepared by**
    ☐Ms. ☒Mr. ☐Mrs. First Name: Frank Last Name: McColm
    Title: Planner Telephone: (850)895-4707 Fax: _____
    Email Address: frank.mccolm@arcadis-us.com

14. **Authorized Applicant Agent** ***(proof of authorization authority required)***
    ☐Ms. ☒Mr. ☐Mrs. First Name: Doug Last Name: Underhill
    Title: Escambia County BOCC Chairman Telephone: (850) 595-4920
    Fax: _____
    Street Address: 221 Palafox Place
    City: Pensacola State: FL Zip Code: 32502
    Email Address: district2@myescambia.com

    Signature:_____

    Date: _____

15. All proposed projects should be included in the county's Local Mitigation Strategy (LMS).
    Attached is a letter of endorsement for the project from the county's Local Mitigation Strategy Chairperson. ☒Yes ☐No

16. Has this project been submitted and/or funded under a previous disaster event? If so please provide the disaster number and project number if available. Yes, a portion of this project is funded with DR-4177 HMGP funds. The project number is 4177-08-R.

Section I. Project Description

A. Hazards to be Mitigated / Level of Protection

1. Select the type of hazards the proposed project will mitigate:
   ☒ Flood ☐ Wind ☐ Storm surge ☐ Other (list):

2. Identify the type of proposed project:
   ☐ Elevation and retrofitting of residential or non-residential structure
   ☐ Acquisition and relocation ☒ Acquisition and demolition
   ☐ Wind retrofit ☐ Minor drainage project that reduces localized flooding
   ☐ Other (please explain)

3. List the total number of persons that will be protected by the proposed project: The proposed project, if awarded, will acquire and demolish up to 15 properties in the Bristol Creek area in Escambia County. The US Census states that Escambia County has 2.75 persons per household. Using this information, it can be assumed that 41 individuals will be protected by the project.

4. Fill in the level of protection and the magnitude of event the proposed project will mitigate.
(e.g. 23 structures protected against the 100-year [1%] flood)

15 structure(s) protected against the 100 -year Flood (10, 25, 50, 100, or 500 year)

N/A structure(s) protected against N/A mile per hour (mph) winds

5. ***Engineered projects only*** (e.g. Drainage Improvements, Erosion Control or other special project types. [Other special project types include drainage and other engineered projects. These projects are unlike acquisition, elevation or wind retrofits/shutters.]) Attach to this page **ALL** engineering calculations and design plans used to determine the above level of protection.

6. Project will provide protection against the hazard(s) above for 100 years. (i.e., what is the useful life of the project?)

B. Project Description, Scope of Work, and Protection Provided (Must be Completed in Detail)

1. Describe, in detail, the existing problem, the proposed project, and the scope of work. Explain how the proposed project will ***solve*** the problem(s) and provide the level(s) of protection described in Part A. Also, if available, attach a vendor's estimate and/or a contractor's bid for the scope of work. ***Please ensure that each proposed project is mitigation and not maintenance***.

2. Description of the existing problems: In the Bristol Creek - Bristol Park - Ashbury Hills- Tara Circle study area of 11-Mile Creek, a tributary from the bridge crossing at Devine Farms Road joins with the main 11-Mile Creek channel south of the Bristol Creek/Park area and north of the Ashbury Hills subdivision. These merging creeks present a hydraulic and hydrological challenge in addressing a most serious flooding condition, resulting from the overall 22,000-acre basin that contributes to this portion of 11-Mile Creek. There are approximately 160 flood-damaged homes, several areas of infrastructure damage, several pond failures and roadway flooding damage in this area, most of which have expereinced repetitive flooding. The April 2014 flood event was a devastating storm event for Escambia County and many property owners. Several of the homes in the area are repetitive flood loss properties as defined by FEMA. Numerous residents had to be rescued quickly by boat during the 2014 event.

There are limited solutions to addressing the flood stage in this area of 11-Mile Creek; the subapplicant believes that acquisition of flood hazard property is the first step toward the overall solution. The ultimate intent of the applicant is to combine property acquisition with stream and flood plain restoration/ improvements over the course of many years. The applicant's ultimate goal is to increase flood plain storage to offset development impacts to the natural flood plain of 11-Mile Creek. For this grant application, however, only property acquisition and demolition is included in the scope of work.

3. Describe the type(s) of protection that the proposed project will provide: The acquisition and demolition of the residential structures at 15 addresses (see list below) will eliminate risk of further flood damage impacts on the properties. The proposed project will provide the space for stormwater management improvements in the future to protect additional residents and capital infrastructure.

4. Scope of Work (describe in detail what you are planning to do): Escambia County proposes to mitigate 15 single-family residences located in the community's 1% AE flood zone. Most of the structures were built in the early 1990's, have primarily slab-on-grade foundations, and have been repeatedly impacted by flooding. The majority of the structures have active insurance policies with the NFIP.

The 15 residential properties will be mitigated through acquisition/demolition projects, where Escambia County intends to acquire, demolish, and remove or decommission infrastructure on these properties. The proposed project will eliminate the historic flooding problems at these addresses by the acquisition of the property and conversion of the land

to deed-restricted open space, allowing flood water to be naturally stored on the property. Work will be done in accordance with all FEMA program requirements and as described in 44 CFR 206.434(e). The completed work shall comply with all federal, state, and local rules and regulations. All work will be completed in accordance with the Florida Building Code.

The proposed project is part of a comprehensive approach to mitigate flooding issues and restore the floodplain in the Bristol Creek, Bristol Park, and Ashbury Hills area. A benefit of this project is increased floodplain storage; due to the large number of property owners impacted by this project, an educational and public input workshop was conducted by the applicant.

5. Describe any other on-going or proposed projects in the area that may impact, positively or negatively, the proposed HMGP or FMA project: None known or identified at this point.

Section II. Project Location (Fully describe the location of the proposed project.)

A. Site

1. Describe the physical location of this project, including street numbers (or neighborhoods) and zip codes. If available, please provide precise longitude and latitude coordinates for the site utilizing a hand-held global positioning system (GPS) unit or the equivalent: Acquisition of 15 homes:

   10040 Bristol Park Rd, Cantonment, FL 32533; (30.544601, -87.335080)
   10060 Bristol Park Rd, Cantonment, FL 32533; (30.545019, -87.334666)
   10110 Bristol Park Rd, Cantonment, FL 32533; (30.545949, -87.332867)
   2701 Silhouette Dr, Cantonment, FL 32533 (30.546629,-87.331702)
   2703 Woodbreeze Dr, Cantonment, FL 32533; (30.325228, -87.195071)
   2705 Woodbreeze Dr, Cantonment, FL 32533; (30.547719, -87.331069)
   2705 Ashbury Ln, Cantonment, FL 32533; (30.546359,-87.330367)
   2707 Woodbreeze Dr, Cantonment, FL 32533; (30.547542, -87.331294)
   3012 Ashbury Ln, Cantonment, FL 32533; (30.544286, -87.200170)
   3016 Ashbury Ln, Cantonment, FL 32533; (30.323762, -87.195860)
   3020 Ashbury Ln, Cantonbment, FL 32533; (30.323571, -87.200214)
   3022 Ashbury Ln, Cantonment, FL 32533; (30.542972 -87.333955)
   3925 Bentwood Ln, Cantonment, FL 32533; (30.322915, -87.200958)
   9940 Bristol Park Rd, Cantonment, FL, 32533; (30.542456, -87.337190)
   2701 Woodbreeze Dr, Cantonment, FL 32533; (30.548059, -87.330636)

2. Title Holder:
10040 Bristol Park Rd, Cantonment, FL 32533; Labyer
10060 Bristol Park Rd, Cantonment, FL 32533; Ard
10110 Bristol Park Rd, Cantonment, FL 32533; Carlton
2701 Silhouette Dr, Cantonment, FL 32533; Garner
2703 Woodbreeze Dr, Cantonment, FL 32533; Neri, Michael A
2705 Woodbreeze, Cantonment, FL 32533; Sadur
2705 Ashbury Lm, Cantonment, FL 32533; Wheless
2707 Woodbreeze dr, Cantonment, FL 32533; Thacker
3012 Ashbury Ln, Cantonment, FL 32533; Braun
3016 Ashbury Lane, Cantonment, FL 32533; Gooden, Cornelia H
3020 Ashbury Ln, Cantonbment, FL 32533; Hutchins, Jacob T & Amber S
3022 Ashbury Ln, Cantonment, FL 32533; Wallace
3925 Bentwood Lane, Cantonment, FL 32533; Hintz, Patricia D
9940 Bristol Park Rd, Cantonment, FL, 32533; McKittrick
2701 Woodbreeze Dr, Cantonment, FL 32533; Altman

3. Is the project site seaward of the Coastal Construction Control Line (CCCL)? ☐YES ☒NO

4. Provide the number of each structure type (listed below) in the project area that will be affected by the project. That is, ***all*** structures in project area.
   ☒ Residential property: 15 ☐ Businesses/commercial property: _____

☐ Public buildings: _____ ☐ Schools/hospitals/houses of worship: _____
☐ Other:

B. Flood Insurance Rate Map (FIRM) showing Project Site

☒ Attach two (2) copies of the FIRM map, a copy of the panel information from the FIRM, and, if available, the Floodway Map. ***FIRM maps are required for this application (if published for your area). Also, all attached maps must have the project site and structures clearly marked on the map***. FIRMs are typically available from your local floodplain administrator who may be located in a planning, zoning, or engineering office. Maps can also be ordered from the Map Service Center at 1-800-358-9616. For more information about FIRMs, contact your local agencies or visit the FIRM site on the FEMA Web-page at https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelcomeView?storeId=10001&catalogId=10001&langId=-1

Using the FIRM, determine the flood zone(s) of the project site (Check all zones in the project area).

(See FIRM legend for flood zone explanations) (A Zone must be identified)

☐ VE or V 1-30	☒ AE or A 1-30
☐ AO or AH	☐ A (no base flood elevation given)
☒ B or X (shaded)	☐ C or X (unshaded)
☐ Floodway	

☐ Coastal Barrier Resource Act (CBRA) Zone (Federal regulations strictly limit Federal funding for projects in this zone. Please coordinate with your state agency before submitting an application for a CBRA Zone project).

☐ **If the FIRM Map for your area is not published**, please attach a copy of the Flood Hazard Boundary Map (FHBM) for your area, with the project site and structures clearly marked on the map.

☐ Attach a copy of a Special Flood Hazard Area Flood Insurance Assurance(s).

C. City or County Map with Project Site and Photographs

☒ Attach a copy of a city or county scale map (large enough to show the entire project area) with the project site and structures marked on the map.

☒ Attach a USGS TOPO map with project site ***clearly*** marked on the map.

☒ For **acquisition** or **elevation** projects, include copy of Parcel Map (Tax Map, Property Identification Map, etc.) showing each property to be acquired. The map should include the Tax ID numbers for each parcel, if possible.

☒ Attach photographs (a minimum of 2 photographs) for each project site per application. The photographs should be representative of the project area, including any relevant streams, creeks, rivers, etc., and drainage areas, which affect the project site or will be affected by the project. For each structure, please include the following angles: front, back and both sides.

Section III. Budget/Costs

In this section, provide details of all the estimated costs of the project. As this information is used for the Benefit-Cost Analysis, reasonable cost estimates are essential. **Do not** include contingency costs in the budget. ***Avoid the use of lump sum costs***.

Note: To be eligible for HMA funding, pre-award costs must be identified as separate line items in the cost estimate of the application. This must be done in addition to filling out the HMGP Pre-Award Cost Request Form. *Please mark each pre-award cost with an asterisk (*).*

A. Materials

Item	*Dimension*	*Quantity*	*Cost per Unit*	*Cost*
Market Value				$3,693,753.75
Demolition				$511,750.05

B. Labor (Include equipment costs. Please indicate all "soft" or in-kind matches. All in-kind match must be identified in the Section III. Budget/Costs of this application.)

Description	*Hours*	*Rate*	*Cost*

C. Fees Paid (Include any other costs associated with the project.)

Description of Task	*Hours*	*Rate*	*Cost*
Closing costs			$42,074.93
Permitting			$12,416.00
Grant Management			$174,750

Total Estimated Project Cost $ $4,434,744.73

D. Funding Sources (Round figures to the nearest dollar.)

The maximum FEMA share for HMGP projects is 75%. The other 25% can be made up of State and Local funds as well as in-kind services. The FMA program requires that the maximum in-kind match be no more than 12.5% of the total project costs. HMGP/FMA funds may be packaged with other Federal funds, but other Federal funds (except for Federal funds that lose their Federal identity at the State level such as CDBG and certain tribal funds) may not be used for the non-Federal share of the costs.

Estimated FEMA Share	$ 3,326,058.55	75 % of Total (maximum of 75%)
Non-Federal Share		
Estimated Local Share	$ 1,108,686.18	25 % of Total (Cash)
	$	% of Total (In-kind*)
	$	% of Total (Project Global Match**)
	Global Match Project Title:	
Other Agency Share	$	% of Total

(Identify Other Non-Federal Agency and availability date:)

Total Funding sources from above	$ 4,434,744.73	100 **Total %** (should equal 100%)

*Identify proposed eligible activities directly related to project to be considered for In-kind services. (Note on Section B)
**Separate project application must be submitted for each project (Global) Match project.

E. Project Milestones/Schedule of Work

List the major milestones in this project by providing an estimated time-line for the critical activities not to exceed a period of 3 years for performance, e.g. Designing, Engineering, Permitting, etc. These milestones should correspond with the scope of work and budget.

Milestone	*Number of Days to Complete*
[Example: Demolition of 6 structures and removal of debris	14 days]
State/Local Contracting Process	180 days
Property Transfer	
Appraisal	30 days
Offer	30 days
2nd Offer	30 days
Escrow	60 days
Demolition	
Contract Bid	90 days
Contract Execution (properties will be demolished within 90 days of purchase)	30 days
State Final Inspection	90 days
State Closeout Process	90 days
Weather Delays	60 days
Total:	690 days; 23 months

Section IV. Environmental Review and Historic Preservation Compliance

(NOTE: This application cannot be processed if this section is not completed.)

Because HMGP/FMA are federally funded programs, all projects are required to undergo an environmental and historic preservation review as part of the grant application process. Moreover, all projects must comply with the National Environmental Policy Act (NEPA) and associated Federal, State, Tribal, and Local statutes to obtain funding. **NO WORK can be done prior to the NEPA review process. If work is done on your proposed project before the NEPA review is completed, it will NOT be eligible for Federal funding.**

A. The following information is required for the Environmental and Historic Preservation review:

All projects must have adequate documentation to determine if the proposed project complies with NEPA and associated statutes. The State Environmental Staff provide comprehensive NEPA technical assistance for applicants, with their consent, to complete the NEPA review. The type and quantity of NEPA documents required to make this determination varies depending upon the project's size, location, and complexity. However, at a minimum, please provide the applicable documentation from this section to facilitate the NEPA compliance process.

☒ Detailed project description, scope of work, and budget/costs (Section I and Section III of this application).

☒ Project area maps with project site and staging area marked (Section II, part B & C of this application).

☒ Project area/structure photographs (Section II, part C of this application).

☐ Preliminary project plans.

☒ Project alternatives description and impacts (Section IV of this application).

☒ Please complete the applicable project worksheets. Dates of construction are required for all structures.

☒ Environmental Justice – Attach documents regarding evaluation (required) and satisfactory resolution (if necessary) of Environmental Justice issues (Highly Disproportionate, Adverse Impacts [effects] on Minority or Low Income Populations.) Documents can include public meeting records, media reports, letters from interested persons and groups, studies on population, ethnic groups, quality of life, housing, economics, transportation, public services, schools, public health, recreation, voting, etc.

☒ Provide any applicable information or documentation referenced on the *Information and Documentation Requirements by Project Type* (p. 10 of this application).

B. Executive Order 12898, Environmental Justice for Low Income and Minority Population

Are there low income or minority populations in the project area or adjacent to the project area? If yes, please describe any disproportionate and adverse effects to these populations.

Per the US 2010 Census, Escambia County minority populations include 22.8% Black/African Americans, 5.2% Hispanic/Latino, and approximately 1.9% for all other minorities combined. Persons living below the poverty level between 2009 and 2013 in Escambia County is 18.1%. Although there are low income and minority populations within the proposed project area, the project will present no adverse impact to these or any other persons. In fact, the project will positively impact such minority groups as it will reduce vulnerability to flood impacts.

To help evaluate the impact of the project, please indicate below any other information you are providing:

☐ Description of the population affected and the portion of the population that would be disproportionately and adversely affected. Please include specific efforts to address the adverse impacts in your proposal narrative and budget.

☒ Attached materials or additional comments.

C. Information required for Tribal Consultations

Section 106 of the National Historic Preservation Act (NHPA) requires federal agencies to take into account the effect of their undertakings on historic properties. The NHPA requires that agencies must complete this process prior to the expenditure of any Federal funds on the undertaking. A Tribal Consultation is required for any project disturbing ground or moving soil, including but not limited to: drainage projects; demolition; construction; elevation; communication towers; tree removal; utility improvements.

1. Describe the current and future use of the project location. A land use map may be provided in lieu of a written description.
   Currently, the project locations are used as single family residences. If the proposed project is approved, the parcels to be acquired will be used to restore the floodplain.

2. Provide information on any known site work or historic uses for project location.
   On average, the structures proposed for acquisition were built in 1994. Before such construction, the properties were wooded, open space.

   ☒ Attach a copy of a city or county scale map (large enough to show the entire project area) with the horizontal limits (ft) and vertical depths (sq ft) of all anticipated ground disturbance.

D. Alternative Actions

The NEPA process requires that at least two alternative actions be considered that address the same problem/issue as the proposed project. In this section, list **two feasible** alternative projects to mitigate the hazards faced in the project area. One alternative is the "No Action Alternative."

1. **No Action Alternative**
   Discuss the impacts on the project area if no action is taken.
   If these properties are not acquired, these homes will continue to flood, and homeowners carrying NFIP flood insurance policies will continue to submit damage claims. Additionally, overall floodplain management, wetland restoration, and regional pond construction plans will continue to be delayed; this will cause the Bristol Creek and Ashbury Hills area to remain at a higher risk of flooding and associated impacts such as damaged homes, content loss, lost productivity, and even potential loss of life.

2. **Other Feasible Alternative**
   Discuss a feasible alternative to the proposed project. This could be an entirely different mitigation method or a significant modification to the design of the current proposed project. Complete *all* of parts **a-e** (below) and include engineering details (if applicable).

   a. **Project Description for the Alternative**
      Describe, in detail, the alternative project. Also, explain how the alternative project will solve the problem(s) and/or provide protection from the hazard(s).

The 11- Mile Creek Basin is approximately 22,000 acres, with a main channel and 56 contributing tributaries. The initial Master Drainage Plan for 11- Mile Creek Basin was completed in 1994. Due to several extreme storm events, the upper portions were re-evaluated in 1999 and again in 2008 to find solutions to the extensive flood conditions, main channel creek degradation, and water quality needs.

Escambia County could move forward with acquiring properties to implement 9 regional drainage ponds throughout the Bristol Creek area as an alternative to the proposed project, without restoring the stream and floodplain. The regional ponds will need to be developed in phases as well, as property is acquired and designs are completed. However, this solution alone will not address flooding in extreme storm events, nor is it likely to provide complete relief to homeowners that were severely impacted by the 2014 flood event who are willing to sell their property. The optimum solution to provide the most benefit to the public is a combination of stream restoration, regional ponds, and acquisition of properties within the floodplain.

b. **Project Location of the Alternative** (describe briefly)

☒Attach a map or diagram showing the alternative site in relation to the proposed project site

☐Photographs (2 copies) of alternative site

c. **Scope of Work for Alternative Project**

If the County were to move forward with implementation of 9 regional ponds in the Bristol Creek area, the plan will need to be implemented in phases based on funds available before designing and constructing the ponds.

Modeling would have to be conducted to determine the highest and best use of funds in terms of designing stormwater infrastructure. If such a model was determined to be effective in reducing the flood stage in the community, the properties would then be acquired. Any structures and capital infrastructure on the properties would be demolished and removed from the properties, and the appropriate drainage infrastructure would be implemented. Finally, the ponds would be graded and sodded. See attachment: "Bristol Creek 11 Mile Creek County Plan."

d. **Impacts of Alternative Project**

Below, discuss the impact of this alternative on the project area. Include comments on these issues as appropriate: Environmental Justice, Endangered Species, Wetlands, Hydrology (upstream and downstream surface water impacts), Floodplain/Floodway, Historic Preservation and Hazardous Materials.

The alternative project will not provide the level of environmental benefits that would result from the proposed project, including floodplain management and restoration, open space preservation, water quality improvement, and invasive exotic species eradication.

e. **Estimated Budget/Costs for Alternative Project**

In this section, provide details of all the estimated costs of the alternative project (round figures to the nearest dollar). A lump sum budget is acceptable.

1. Materials

Item	*Dimension*	*Quantity*	*Cost per Unit*	*Cost*
Acquisition of property for 9 regional ponds and associated				$22,000,000
infrastructure				

2. Labor (Include equipment costs. Please indicate all "soft" or in-kind matches.)

Description of Task	*Hours*	*Rate*	*Cost*

3. Fees Paid (Include any other costs associated with the project.)

Description of Task	*Hours*	*Rate*	*Cost*

Total Estimated Project Cost $$22,000,000

HMGP ENVIRONMENTAL REVIEW
Information and Documentation Requirements by Project Type

Retrofits to Existing Facilities/Structures ***Elevations*** ***Acquisitions with Demolition***
✓ Dates of Construction ✓ Concurrence from State Historic Preservation Officer if structure is 50 years or older, if work to be done is outside the existing footprint or if there is six (6) inches or more of ground disturbance.

Drainage Improvements
✓ Engineering plans/drawings ✓ Permit or Exemption letter to address any modifications to water bodies and wetlands o Department of Environmental Protection o Water Management District o U.S. Army Corps of Engineers ✓ Concurrence letter from State Historic Preservation Office addressing archeological impacts. Required if there is six (6) inches or more of ground disturbance. ✓ Concurrence from U.S. Fish and Wildlife addressing any impacts to wildlife, particularly endangered and threatened species and their habitats. ✓ If the project is in coastal area, attach a letter from the National Marine Fisheries Service addressing impacts to marine resources. ✓ Concurrence from Natural Resource Conservation Service if project is located outside city limits and may impact prime or unique farmland.

Note: This is a general guideline for most projects. However, there will be exceptions. Consult with environmental staff on project types not listed.

Section V. Maintenance Agreement

All applicants whose proposed project involves the retrofit or modification of existing public property or whose proposed project would result in the public ownership or management of property, structures, or facilities, must first sign the following agreement prior to submitting the application to FEMA.

(NOTE: Those applicants whose project only involves the retrofitting, elevation, or other modification to private property where the ownership will remain private after project completion DO NOT have to complete this form.)

The County of Escambia, State of Florida, hereby agrees that if it receives any Federal aid as a result of the attached project application, it will accept responsibility, at its own expense if necessary, for the ***routine*** maintenance of any real property, structures, or facilities acquired or constructed as a result of such Federal aid. Routine maintenance shall include, but not be limited to, such responsibilities as keeping vacant land clear of debris, garbage, and vermin; keeping stream channels, culverts, and storm drains clear of obstructions and debris; and keeping detention ponds free of debris, trees, and woody growth.

The purpose of this agreement is to make clear the Subgrantee's maintenance responsibilities following project award and to show the Subgrantee's acceptance of these responsibilities. It does not replace, supercede, or add to any other maintenance responsibilities imposed by Federal law or regulation and which are in force on the date of project award.

HMGP Application Completeness Checklist

HMGP Application Completeness Checklist

This checklist contains an explanation, example and/or reference for information requested in the application. Please use this checklist to assure your application is complete and includes the required information for HMGP projects. The appropriate documentation must also be attached. It is important to note that this checklist is similar to the form that will be used during the application sufficiency review by the HMGP staff.

Project Title**:** _Bristol Creek - Bristol Park - Ashbury Hills- Tara Circle Acquisition Project
_____

Applicant: _Escambia
County_____

Application Requirements	Explanation of Information Required	✓
Title/Brief Descriptive Project Summary	The project title should include: 1) Name of Applicant, 2) Name of Project, 3) Type of Project. (Example: City of Tallahassee City Hall Wind Retrofit)	✓
1. Applicant	Name of organization applying. Must be an eligible applicant.	✓
2. Applicant Type	State or local government, recognized Native American tribe, or private non-profit organization. If private non-profit, please attach documentation showing legal status as a 501(C). (Example: IRS letter, Tax Exempt Certificate)	✓
3. County	Indicate county in which the project is located.	✓
4. State Legislative & Congressional District(s)	Specify the appropriate State Senate, House and Congressional District code for the project site. For multiple sites, please list codes for each site. http://www.myfloridahouse.gov/sections/representatives/myrepresentative.aspx	✓
5. Federal Tax I.D. Number	List the FEIN number. May be obtained from your finance/accounting department.	✓
6. DUNS Number	Include DUNS number in appropriate location on application. If none, please refer to HMGP FAQ's in Application Reference Material for instructions on obtaining a DUNS number.	✓
7. FIPS Code	List the FIPS Code. May be obtained from your finance/accounting/grants department. If none, please submit FEMA Form 90-49.	✓
8. NFIP ID Number	List the NFIP number. You must be a participating NFIP member to be eligible for HMGP funding. Please make sure that the number is the same as the panel number on the FIRM provided with the application.	✓
9. Point of Contact	Please provide all pertinent information for the point of contact. If this information changes once the application is submitted, please contact the HMGP staff immediately.	✓

10. Application Prepared By	Please provide the preparer information. May be different from the point of contact (line 8) and/or the applicant's agent (line 10).	✓
11. Authorized Applicant Agent	An authorized agent must sign the application. *"An authorized agent is the chief elected official of a local government who has signature authority, so for a county it would be the Chairman of the Board of County Commissioners and for a municipality it would be the Mayor (the exact title sometimes varies). Any local government may delegate this authority to a subordinate official (like a City or county Manager) by resolution of the governing body (the Board of County Commissioners or Board of City Commissioners). If a local government delegates signature authority, a copy of the resolution by the governing body authorizing the signature authority for the individual signing must be provided."*	✓
12. LMS Letter	A letter of endorsement for the project and its priority number from the Local Mitigation Strategy must be included. Refer to **Sample LMS Letter**. Applications without a letter of endorsement will not be processed.	✓

Section I - Project Description

A. Hazards to be Mitigated/Level of Protection

1. Type of Hazards the Proposed Project will Mitigate	Identify the hazard(s) that the proposed project will mitigate. More than one hazard may be selected.	✓
2. Identify the Type of Proposed Project	Describe the mitigation project being proposed. (Example: drainage, wind retrofit, etc.)	✓
3. Number of Persons Protected	Explain how many people will be protected by or benefit from the proposed project.	✓
4. Level of Protection	Specify the level of protection and magnitude of the event the proposed project will mitigate. Attach support documentation that verifies the stated level of protection. (Example: In a wind retrofit project, the product specifications should include product test results or a signed and sealed letter from a professional engineer assuring the wind standard, missile impact, etc.)	✓
5. Engineered Projects Only (e.g. Drainage)	Include available engineering calculations, studies, and designs for the proposed project (*for engineered projects only*).	
6. Life of the project	Determine the useful life of this project. If FEMA's standard values are not used, please attach support documentation as a justification of the value entered. (Example: in a wind retrofit project, the product specifications should include product life.) FEMA's standard values are: infrastructure and major drainage, 50; elevations and minor drainage, 30; wind, 15; acquisition, 100.	✓

B. Project Description, Scope of Work, and Protection Provided **(Must be Completed in Detail)**

1. Existing Problem	Describe the existing problem, location, source of the hazard, and the history and extent of the damage. Include newspaper articles, insurance documentation, photographs, etc. If this project is eligible for PA (406) mitigation activities, please describe the 406 activities.	✓
2. Type of Protection	Determine how the funding will solve the existing problem and provide protection.	✓
3. Scope of Work: What the Project Proposes to Do	Determine the work to be done. The scope of work must meet eligibility based on HMGP regulations and guidance. Explain how the proposed problem will be solved. (NOTE: The proposed project must be a mitigation action, not maintenance.) *Does the proposed project solve a problem independently or constitute a functional part of a solution where there is assurance that the project as a whole will be completed (44 CFR 206.434[b][4])? Does the proposed project address a problem that has been repetitive or that poses a significant risk to public health and safety if left unresolved (44 CFR 206.434[b][5][i])?* **See Sample Scope of Work Language** in HMGP Application Reference Material. Generators should not be included in the scope of work unless said generator only powers the mitigation element or is for a critical facility.	✓
4. On-Going or Proposed Projects in the Area	Determine if other projects, zoning changes, etc. are planned (particularly in the same watershed if flooding is being addressed) that may negatively or positively impact the proposed project. If there is a drainage project or downstream issue elsewhere, it may eliminate the current flooding issue, erasing the need for the proposed project. Answer Yes/No or unknown with an explanation required if yes. Response applies to drainage and acquisition projects. N/A is appropriate in wind retrofit shutter projects only. If this project is also being considered under the Public Assistance Program (406), please describe in detail the 406 mitigation activities and/or services. Do not include project costs associated with the above referenced HMGP application.	✓

Section II - Project Location

A. Site

1. Physical Location	List the physical location of the project site(s) including the street number(s), zip code(s) and GPS coordinates (latitude/longitude). The physical address must correspond with the address locations specified on maps submitted with the application.	✓
2. Title Holder	Provide the titleholder's name.	✓

3. Project Seaward of the CCCL?	Determine if the project site is located seaward of the Coastal Construction Control Line.	✓
4. Number and Types of Structures Affected	Specify the number and type of properties affected by the project. (Example: Drainage project that affects 100 homes, 15 businesses and 2 schools.) What does the project protect? Should have a number next to the box that is checked. (See Section II, Item 4.)	✓

B. Flood Insurance Rate Map (FIRM) Showing Project Site

1. Copies of FIRM	Attach a copy (or copies) of the FIRM and clearly identify the project site. The FIRM Panel number must be included. To obtain a FIRM map, go to http://www.store.msc.fema.gov/. **See instructions on How to make a FIRMette.**	✓
2. Flood Zone Determination	Specify the flood zone(s) of the project site(s). **If project is located in a Special Flood Hazard Area, proof of flood insurance will need to be provided. Amount of coverage must be equal to or greater than the amount of Federal mitigation funding obligated to the project.**	✓
3. Flood Hazard Boundary Map (FHBM)	Not required if a copy of the FIRM is attached.	

Note: All maps must be linked to the application.

C. City or County Map with Project Site and Photographs

1. City/County Map with Project Site	The project site and staging location (if applicable) should be clearly marked on a legible City/County map. The map should be large enough to show the project site. More than one map may be required.	✓
2. USGS TOPO with Project Site	The project site should be clearly marked on a legible USGS 1:24,000 TOPO map. To obtain a TOPO map, go to http://www.Digital-Topo-Maps.com	✓
3. Parcel/Tax Map	A Parcel, Tax or Property Identification map is required only for acquisition and elevation projects. The location of the structure must be clearly identified.	✓
4. Site Photograph	At least two sets of photographs are required that clearly identify the project site. The photos must be representative of the project area, including any relevant streams, creeks, rivers, etc., and drainage areas, which affect the project site or will be affected by the project. The front, back and both side angles are required for each structure. For acquisition and elevation projects, a photo taken away from the structure (in front toward the street, and in back toward backyard) to show the area along with photographs of specific elements of the structure affected by the project (windows for shutters or window replacements) should also be provided. Please label photographs appropriately. In addition, CDs may be submitted.	✓

Note: All maps must be linked to the application.

Section III - Budget/Costs

Please make sure all calculations are correct. Provide a breakdown of materials, labor and fees paid for the proposed project. Support documentation must be attached, i.e. vendor's quote, professional estimate (from engineer, architect, local building official, etc.). The proposed budget line items should represent allowable costs associated with the scope of work. **Please make sure contingency costs are not included.** It is important to complete this section; it will be used for the Benefit-Cost Analysis (BCA). Costs should be accurate, complete and reasonable compared to industry standards. Make sure the total cost is correct on the entire application.

A. Materials	Describe the cost of materials.	
B. Labor	Provide a breakdown of description, hours, rate, and cost or lump sum labor cost. Can use "in-kind" contribution as part of the 25% match. (Attach support documentation for in-kind match to detail wages and salaries charged for any in-kind contribution. No overtime wages can be used to satisfy "in-kind" match contributions).	✓
C. Fees Paid	Provide a breakdown of associated fees i.e., consultants, studies, engineering, permits. Maintenance is not an allowable cost under HMGP. *Pre-award costs may be requested* **(See Pre-award Costs guidance).**	✓
Total Estimated Project Cost	Please make sure all calculations are correct. This figure should be the same as the figure for total funding.	✓

D. Funding Sources (round figures to the nearest dollar)

The proposed sources of non-federal matching funds must meet eligibility requirements. (Except as provided by Federal statute, a cost-sharing or matching requirement may not be met by costs borne by another Federal grant.) 44 CFR 13.24 (b)(1).

1. Estimated FEMA Share	The estimated FEMA share is generally 75%. If the FEMA share is not 75%, assure actual amount is entered. It could be 50% or 35%, etc. of the total dollar amount of project depending on county allocation and LMS priority. This figure cannot exceed 75%.	✓
2. Estimated Local Share	May include all 3 sources, i.e. cash, "in kind" and global match, as long as the total is a minimum of 25%. Match cannot be derived from a federal agency except Federal funds that lose their federal identity (e.g., CDBG funding and certain tribal funding).	✓
3. Total In-Kind	May use materials, personnel, equipment, and supplies owned, controlled and operated from within governing jurisdiction as an in-kind match. *Third party in-kind contributions would be volunteer services, employee services from other organizations furnished free of charge, donated supplies, and loaned equipment or space. The value placed on these resources must be at a fair market value and must be documented. If in-kind is claimed from outside the applicant jurisdiction, it must be cash only.*	
4. Total Project (Global) Match	Project (global) match must 1) meet all the eligibility requirements of HMGP; and 2) begin after FEMA's approval of the match project. A separate HMGP application must be submitted for global match projects. Indicate which	

	project(s) will be matched. *The global match is not required to be an identical project. Projects submitted as global match for another project must meet the same period of performance time constraints as the HMGP.*	
5. Total Funding	Total must represent (100%) of the total estimated project cost.	✓

E. Project Milestones/Schedule of Work

1. Milestones (Schedule)	Identify the major milestones in the proposed project and provide an estimated time-line *(e.g. Designing, Engineering – 3 months, Permitting – 6 months, Procurement – 30 days, Installation – 6 months, Contracting – 1 month, Delays, Project Implementation, Inspections, Closeout, etc. See* **Typical Project Milestones** *for estimated time-frames)* for the critical activities not to exceed a period of 3 years for performance. Milestones should not be grouped together but listed individually. Please allot for the appropriate amount of time.	✓

Section IV - Environmental Review & Historic Preservation Compliance

A. No work can begin prior to the completion of the environmental (NEPA) review. In order for the Environmental staff to conduct the NEPA review, all sections listed below must be completed.

1. Detailed Project Description, Scope of Work & Budget/Costs	Complete Sections I & III of the application.	✓
2. Project Area Maps	Complete Section II, part B & C of the application.	✓
3. Project Area/Structure Photographs	Complete Section II.	✓
4. Preliminary Project Plans	For shutters see the scope of work and for drainage & elevation see engineering drawings.	
5. Project Worksheets – Dates of Construction Required on All Projects	Dates of construction are required for all structures. See worksheets.	
6. Documentation Requirements by Project Type	Provide any of the required documentation as listed on page 9 in the Information and Documentation Requirements by Project Type that may have already been obtained.	

B. Executive Order 12898, Environmental Justice for Low Income and Minority Population

1. Documentation of Environmental Justice	Determine the proportion of the population, in either the project zip code or city, characterized as having a minority background, and proportion of the population living below poverty level. Go to http://www.census.gov/. If yes, complete Section IV, part B.	✓

C. Information required for Tribal Consultation

1. Documentation for Tribal Consultation	For all projects with any ground disturbing activities, complete Section IV part C.	✓

D. Alternative Actions

1. No Action Alternative	Please discuss the impacts on the project area if no action is taken.	✓
2. Other Feasible Alternative Action	Has the proposed project been determined to be the most practical, effective and environmentally sound alternative after consideration of a range of options? (44 CFR 206.434[b][5][iii])	✓
a. Project Description for for the Alternative	NEPA requires that at least three alternatives must be presented to mitigate the problem. In addition to the proposed action and no action, one other **feasible** alternative must be provided. Describe how the alternative project will solve the problem and provide protection from the hazard.	✓
b. Project Location of the Alternative (describe briefly)		
c. Scope of Work for Alternative Project		
d. Impacts of the Alternative Project		

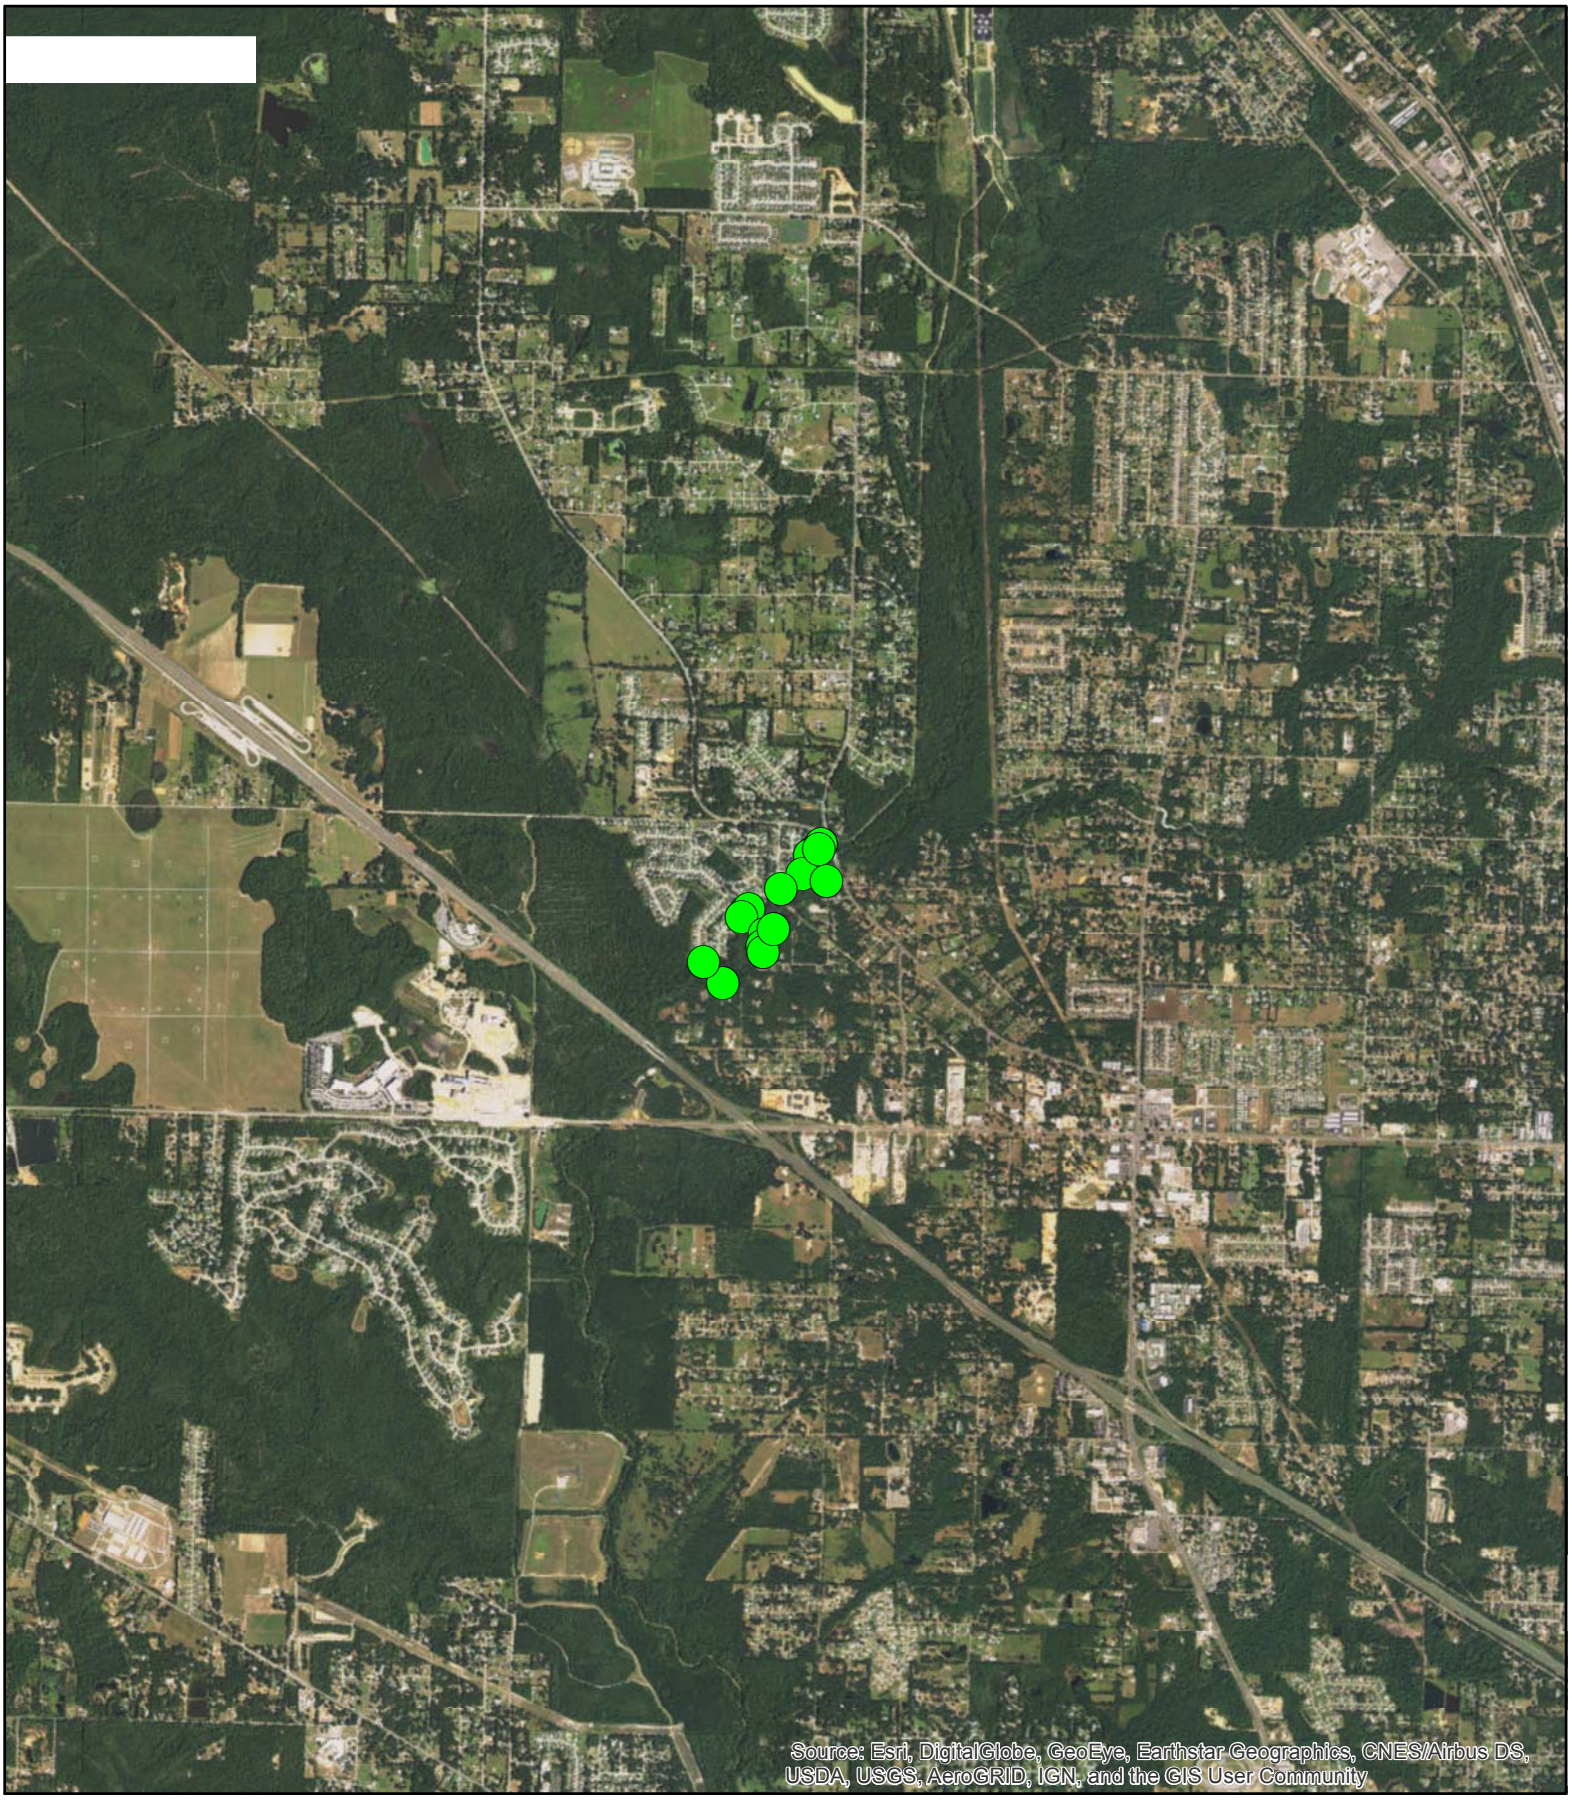
E. Estimated Budget/Costs for Alternative Project

1. Materials	Optional	
2. Labor	Optional	
3. Fee Paid	Optional	
Total Estimated Project Costs	Total cost is required. Vendor quote is not required. A lump sum budget may be submitted as justification to why this alternative was not chosen.	✓

Section V – Other Required Documentation

1. Maintenance Agreement	Please complete, sign and date the maintenance agreement. The maintenance agreement must be signed by an individual with signature authority, preferably the authorized agent.	✓
2. FFATA Form	Please complete, sign and date the FFATA Project File Form. Instructions are provided for your convenience.	✓
3. SFHA Acknowledgement of Conditions	Required for all projects in the Special Flood Hazard Area. Read and sign the SFHA Acknowledgement of Conditions document. This form must be notarized, signed by the local jurisdiction and the property owner.	✓
4. Pre-award Cost Form	If pre-award costs are being requested with your project, please be sure to identify all pre-award costs in the application budget per instructions. The pre-award cost form must be completed and submitted with your application.	✓
5. Request for Public Assistance Form	Applicable if no FIPS number is assigned to applicant/recipient.	
6. Model Statement of Assurances for Property Acquisition Projects	For Acquisition projects only.	✓
7. Declaration and Release	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	✓
8. Notice of Voluntary Interest	For Acquisition projects only. Two forms are included for your convenience. Please use the form that is most appropriate to your situation. Must be signed by all persons whose names are on the property deed.	✓
9. Statement of Voluntary Participation for Acquisition of Property for Purpose of Open Space	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	✓

Federal Emergency Management Agency



HAZARD MITIGATION GRANT PROGRAM APPLICATION DR-4283

Applicant Information

Applicant:	Escambia County, Florida
Project Title:	Bristol Park Area Acquisitions
Project Location:	Bristol Park Neighborhood, Cantonment, Florida 32533

Project Description, Location, and Budget Attachments

Project Type	Useful Life (years)		Comment
	Standard Value	Acceptable Limits (documentation required)	
Acquisition / Relocation			
All Structures	100	100	
Elevation			
Residential building	30	30-50	
Non-Residential Building	25	25-50	
Public Building	50	50-100	
Historic Buildings	50	50-100	
Structural / Non-Structural Building Project			
Residential Building Retrofit	30	30	
Non-Residential Building Retrofit	25	25-50	
Public Building Retrofit	50	50-100	
Historic Building Retrofit	50	50-100	
Roof Diaphragm Retrofit	30	30	Roof hardening and roof clips
Tornado Safe Room - Residential	30	30	
Tornado Safe Room - Community	30	30-50	Retrofit or Small Community safe room $\leq$ 16 people (30 yr), New (50 yr)
Non-Structural Building Elements	30	30	Ceilings, electrical cabinets, generators, parapet walls, or chimneys
Non-Structural Major Equipment	15	15-30	Elevators, HVAC, sprinklers
Non-Structural Minor Equipment	5	5-20	Generic contents, racks, shelves
Infrastructure Projects			
Major Infrastructure (dams, levees)	50	35-100	
Concrete infrastructure, flood walls, roads, bridges, major drainage system	50	35-50	
Culverts (concrete, PVC, CMP, HDPE, etc.)	30	25-50	Culvert **with** end treatment (i.e., wing walls, end sections, head walls, etc.)
	10	5-20	Culvert **without** end treatment (i.e., wing walls, end sections, head walls, etc.)
Pump stations, substations, wastewater systems, or equipment such as generators	50	50	Structures
	5	5-30	Equipment
Hurricane Storm Shutters	15	15-30	Depends on type of storm shutter
Utility Mitigation Projects	50	50-100	Major (power lines, cable, hardening gas, water, sewer lines, etc.)
	5	5-30	Minor (backflow values, downspout disconnect, etc.)
Miscellaneous Equipment Projects			
Equipment purchases	2	2-10	Small, portable equipment (e.g., computer)
	30	5-30	Heavy equipment
Wildfire Mitigation Projects			
Defensible Space/Hazardous Fuels Reduction	4	2-4	Brush - Depends on drought conditions
• Vegetation Management	1	1	Grass - Depends on geographic location and precipitation
	20	3-20	Forest Canopy - Must be maintained every 3 years
Ignition Resistant Construction	10	10-30	Depends on type of construction and materials used.

NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not necessarily identify all areas subject to flooding, particularly from local drainage sources of small size. The **community map repository** should be consulted for possible updated or additional flood hazard information.

To obtain more detailed information in areas where **Base Flood Elevations** (BFEs) and/or **floodways** have been determined, users are encouraged to consult the Flood Profiles and Floodway Data and/or Summary of Stillwater Elevations tables contained within the Flood Insurance Study (FIS) report that accompanies this FIRM. Users should be aware that BFEs shown on the FIRM represent rounded whole-foot elevations. These BFEs are intended for flood insurance rating purposes only and should not be used as the sole source of flood elevation information. Accordingly, flood elevation data presented in the FIS report should be utilized in conjunction with the FIRM for purposes of construction and/or floodplain management.

Coastal Base Flood Elevations shown on this map apply only landward of 0.0' North American Vertical Datum of 1988 (NAVD 88). Users of this FIRM should be aware that coastal flood elevations are also provided in the Summary of Stillwater Elevations tables in the Flood Insurance Study report for this jurisdiction. Elevations shown in the Summary of Stillwater Elevations tables should be used for construction and/or floodplain management purposes when they are higher than the elevations shown on this FIRM.

Boundaries of the **floodways** were computed at cross sections and interpolated between cross sections. The floodways were based on hydraulic considerations with regard to requirements of the National Flood Insurance Program. Floodway widths and other pertinent floodway data are provided in the Flood Insurance Study report for this jurisdiction.

Certain areas not in Special Flood Hazard Areas may be protected by **flood control structures**. Refer to Section 2.4 "Flood Protection Measures" of the Flood Insurance Study report for information on flood control structures for this jurisdiction.

The **projection** used in the preparation of this map was Florida State Plane HARN North zone. The **horizontal datum** was NAD 83. Differences in datum, spheroid, projection or State Plane zones used in the production of FIRMs for adjacent jurisdictions may result in slight positional differences in map features across jurisdiction boundaries. These differences do not affect the accuracy of this FIRM.

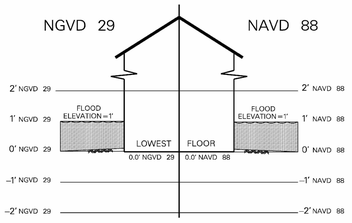
Flood elevations on this map are referenced to the North American Vertical Datum of 1988. These flood elevations must be compared to structure and ground elevations referenced to the same **vertical datum**. For information regarding conversion between the National Geodetic Vertical Datum of 1929 and the North American Vertical Datum of 1988, visit the National Geodetic Survey website at http://www.ngs.noaa.gov or contact the National Geodetic Survey at the following address:

Spatial Reference System Division
National Geodetic Survey, NOAA
Silver Spring Metro Center
1315 East-West Highway
Silver Spring, Maryland 20910
(301) 713-3191

To obtain current elevation, description, and/or location information for **bench marks** shown on this map, please contact the Information Services Branch of the National Geodetic Survey at **(301) 713-3242**, or visit its website at http://www.ngs.noaa.gov.

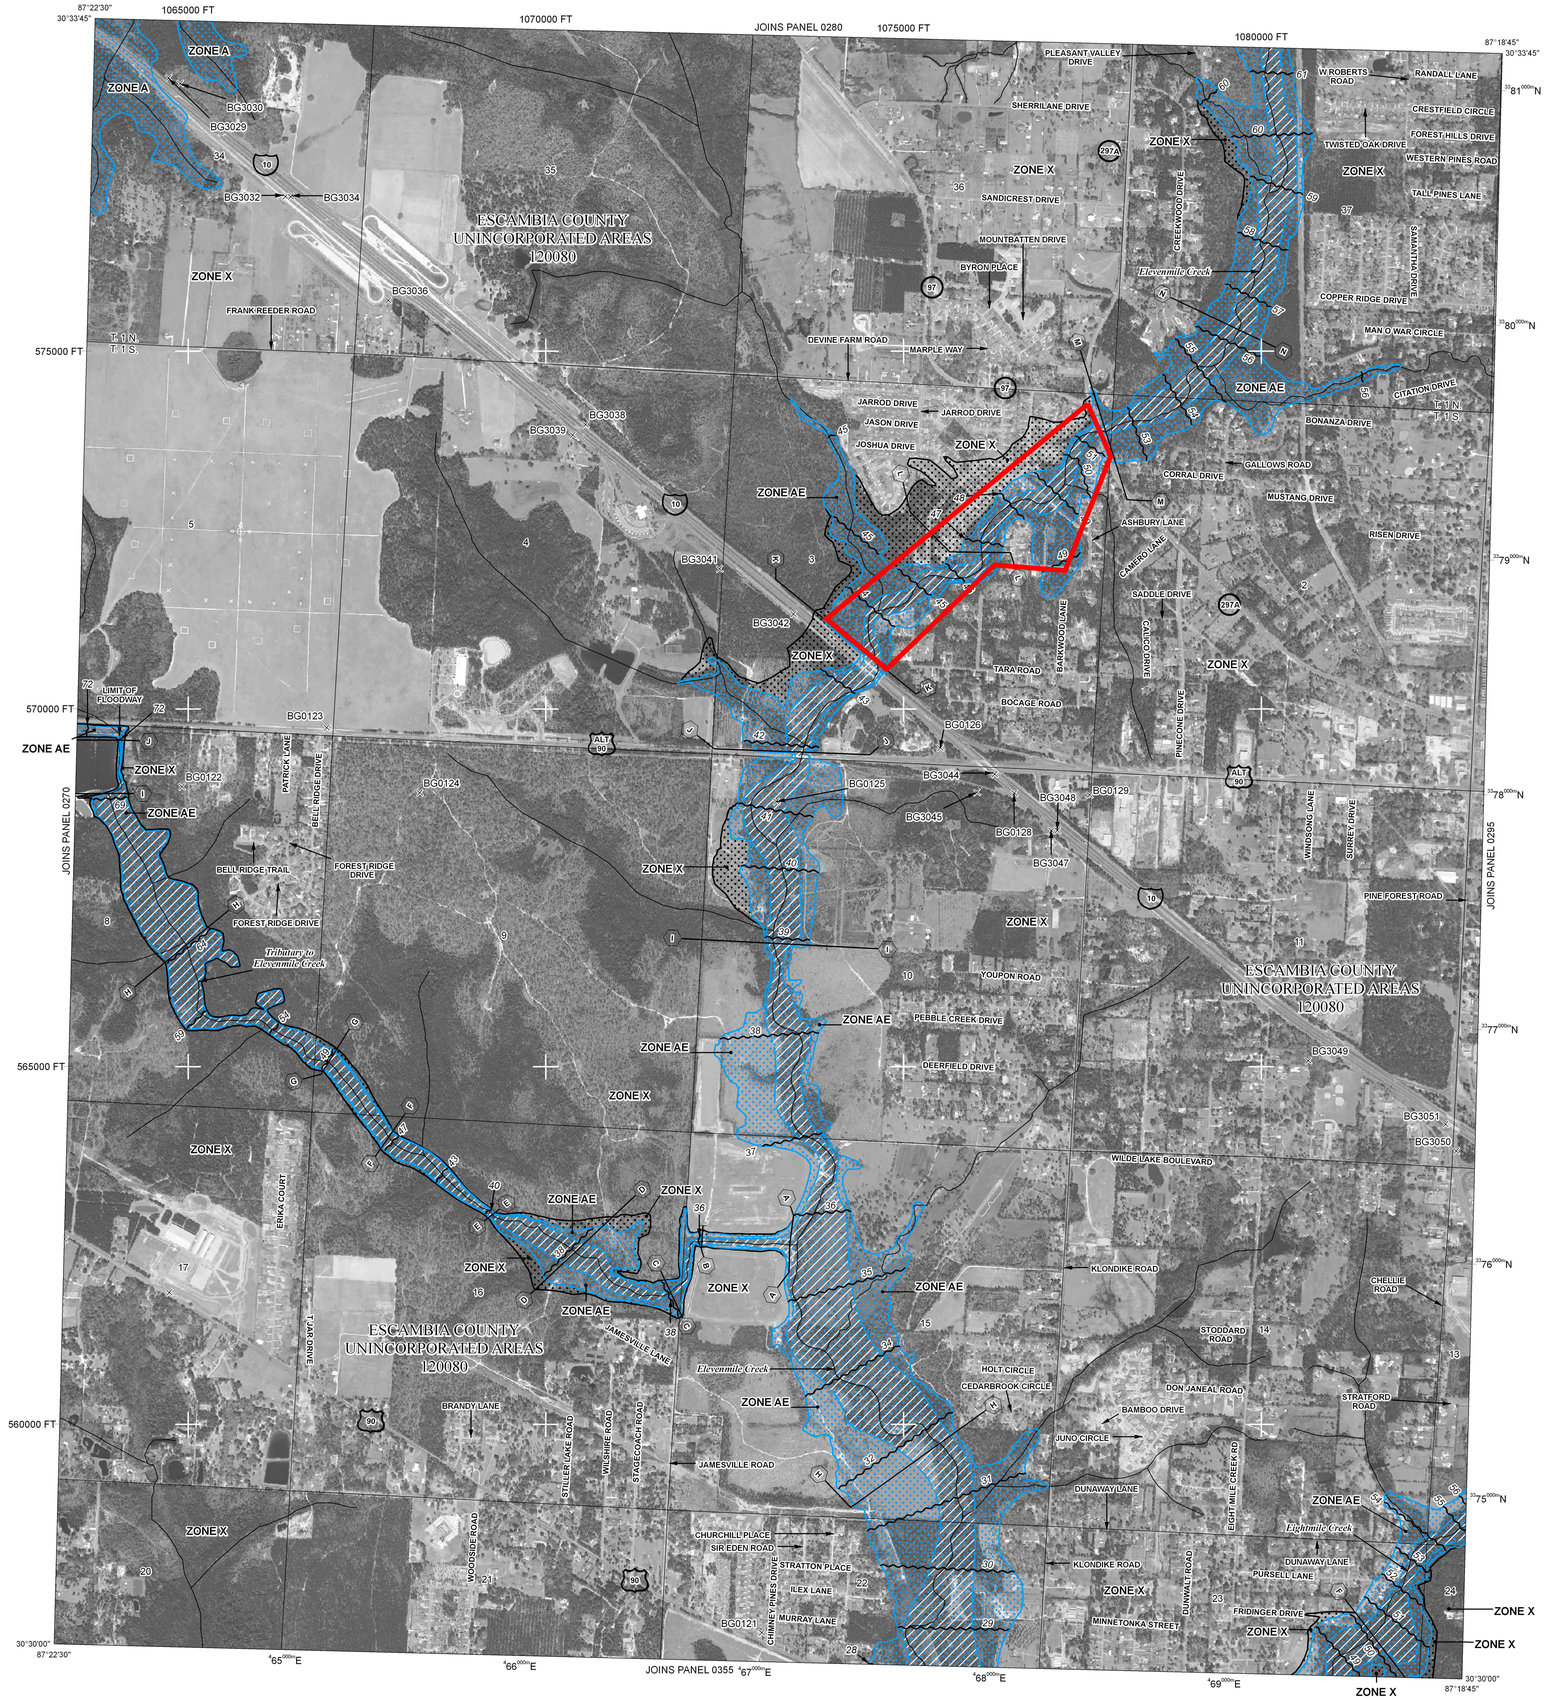
Base map information shown on this FIRM was derived from U.S. Geological Survey Digital Orthophoto Quadrangles produced at a scale of 1:12,000 from photography dated 2004.

Based on updated topographic information, this map reflects more detailed and up-to-date **stream channel configurations and floodplain delineations** than those shown on the previous FIRM for this jurisdiction. As a result, the Flood Profiles and Floodway Data tables in the Flood Insurance Study Report (which contains authoritative hydraulic data) may reflect stream channel distances that differ from what is shown on this map. Also, the road to floodplain relationships for unrevised streams may differ from what is shown on previous maps.



Corporate limits shown on this map are based on the best data available at the time of publication. Because changes due to annexations or de-annexations may have occurred after this map was published, map users should contact appropriate community officials to verify current corporate limit locations.

Please refer to the separately printed **Map Index** for an overview map of the county showing the layout of map panels; community map repository addresses; and a Listing of Communities table containing National Flood Insurance Program dates for each community as well as a listing of the panels on which each community is located.



Contact the **FEMA Map Service Center** at 1-800-358-9616 for information on available products associated with this FIRM. Available products may include previously issued Letters of Map Change, a Flood Insurance Study report, and/or digital versions of this map. DATUM CONVERSION SCHEMATIC

This Flood Insurance Rate Map was developed in cooperation between Federal Emergency Management Agency and Northwest Florida Water Management District.

LEGEND

SPECIAL FLOOD HAZARD AREAS SUBJECT TO INUNDATION BY THE 1% ANNUAL CHANCE FLOOD

The 1% annual flood (100-year flood), also known as the base flood, is the flood that has a 1% chance of being equaled or exceeded in any given year. The Special Flood Hazard Area is the area subject to flooding by the 1% annual chance flood. Areas of Special Flood Hazard include Zones A, AE, AH, AO, AR, A99, V, and VE. The Base Flood Elevation is the water-surface elevation of the 1% annual chance flood.

ZONE A	No Base Flood Elevations determined.
ZONE AE	Base Flood Elevations determined.
ZONE AH	Flood depths of 1 to 3 feet (usually areas of ponding); Base Flood Elevations determined.
ZONE AO	Flood depths of 1 to 3 feet (usually sheet flow on sloping terrain); average depths determined. For areas of alluvial fan flooding, velocities also determined.
ZONE AR	Special Flood Hazard Area formerly protected from the 1% annual chance flood by a flood control system that was subsequently decertified. Zone AR indicates that the former flood control system is being restored to provide protection from the 1% annual chance or greater flood.
ZONE A99	Area to be protected from 1% annual chance flood by a Federal flood protection system under construction; no Base Flood Elevations determined.
ZONE V	Coastal flood zone with velocity hazard (wave action); no Base Flood Elevations determined.
ZONE VE	Coastal flood zone with velocity hazard (wave action); Base Flood Elevations determined.

FLOODWAY AREAS IN ZONE AE

The floodway is the channel of a stream plus any adjacent floodplain areas that must be kept free of encroachment so that the 1% annual chance flood can be carried without substantial increases in flood heights.

OTHER FLOOD AREAS

ZONE X	Areas of 0.2% annual chance flood; areas of 1% annual chance flood with average depths of less than 1 foot or with drainage areas less than 1 square mile; and areas protected by levees from 1% annual chance flood.

OTHER AREAS

ZONE X	Areas determined to be outside the 0.2% annual chance floodplain.
ZONE D	Areas in which flood hazards are undetermined, but possible.

COASTAL BARRIER RESOURCES SYSTEM (CBRS) AREAS

OTHERWISE PROTECTED AREAS (OPAs)

CBRS areas and OPAs are normally located within or adjacent to Special Flood Hazard Areas.

- 1% annual chance floodplain boundary
- 0.2% annual chance floodplain boundary
- Floodway boundary
- Zone D boundary
- CBRS and OPA boundary
- Boundary dividing Special Flood Hazard Area Zones and boundary dividing Special Flood Hazard Areas of different Base Flood Elevations, flood depths or flood velocities.
- 513 — Base Flood Elevation line and value; elevation in feet*
- (EL 987) — Base Flood Elevation value where uniform within zone; elevation in feet*

* Referenced to the North American Vertical Datum of 1988

- A–A — Cross section line
- 23–23 — Transect line
- 87°07'45", 32°22'30" — Geographic coordinates referenced to the North American Datum of 1983 (NAD 83), Western Hemisphere
- 3376000mN — 1000-meter Universal Transverse Mercator grid values, zone 16
- 600000 FT — 5000-foot grid ticks: Florida State Plane coordinate system, North zone (FIPSZONE 0903), Lambert Conformal Conic projection
- DX5510 × — Bench mark (see explanation in Notes to Users section of this FIRM panel)
- ●M1.5 — River Mile

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Luther and Elisabeth Labyer
Address of property adjoining 11-Mile Creek: 10040 Bristol Park Rd
Cantonment, FL 32533
Phone Number(s): 662-429-5203
Email address (optional): llabyer@juno.com
How many years have you lived at this location? 1 Yrs.

1. Are you current owner of the property? Yes: ☒ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☐ Home flooding: Depth of flooding: _____ feet _____ inches
   - ☐ Severe yard flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Severe street flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☒ Other: no significant flooding since we moved here in 11/2015. Depth of flooding: _____ feet _____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☒ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☒ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☐ No: ☒

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No X

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ Ø.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? No
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment? No
If so, how much ICC funds do you plan on receiving? _____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: Ø

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: Ø

Owner Name: Luther + Elisabeth LaByer Property Address: 10040 Bristol Park Rd. Cantonment, FL 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

DECLARATION AND RELEASE

O.M.B. No. 1660-0002
Expires August 31, 2013

DECLARATON AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

☒ I am a citizen or non-citizen national of the United States.

☐ I am a qualified alien of the United States.

☐ Print full name and age of minor child:I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information in an attempt to obtain disaster aid, it is a violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property/place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance; and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank financial or credit data service to release information to FEMA and/or the State upon request.

Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).

PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.

ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.

DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

Presley-McKenney & Associates, Inc.

Uniform Residential Appraisal Report

SEM
File No. 16160Z8

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 10040 Bristol Park Road | City Cantonment | State FL | Zip Code 32533
Borrower N/A | Owner of Public Record Luther & Elizabeth G. Labyer | County Escambia
Legal Description Lt 7, Blk C, Bristol Park, Unit II, PB 14, P 20, OR 7434, P 427
Assessor's Parcel # 03-1S-31-1500-007-003 | Tax Year 2015 | R.E. Taxes $ 2,225.93
Neighborhood Name Bristol Park | Map Reference Z8 | Census Tract 37860-12-033-0036.12
Occupant [X] Owner [ ] Tenant [ ] Vacant | Special Assessments $ None [ ] PUD | HOA $ 50.00 [X] per year [ ] per month
Property Rights Appraised [X] Fee Simple [ ] Leasehold [ ] Other (describe)
Assignment Type [ ] Purchase Transaction [ ] Refinance Transaction [X] Other (describe) Current market value determination
Lender/Client Escambia County, Engineering Dept | Address 3363 W. Park Place, Pensacola, FL 32505
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? [ ] Yes [X] No
Report data source(s) used, offering price(s), and date(s). Pensacola Association of Realtors Multiple Listing Service (PARMLS), public records.

CONTRACT

I [ ] did [X] did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed.
N/A

Contract Price $ N/A | Date of Contract N/A | Is the property seller the owner of public record? [ ] Yes [ ] No | Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? [ ] Yes [ ] No
If Yes, report the total dollar amount and describe the items to be paid.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends				One-Unit Housing		Present Land Use %	
Location	[ ] Urban	[X] Suburban	[ ] Rural	Property Values	[ ] Increasing	[X] Stable	[ ] Declining	PRICE	AGE	One-Unit	40 %
Built-Up	[ ] Over 75%	[X] 25-75%	[ ] Under 25%	Demand/Supply	[ ] Shortage	[X] In Balance	[ ] Over Supply	$(000)	(yrs)	2-4 Unit	5 %
Growth	[ ] Rapid	[X] Stable	[ ] Slow	Marketing Time	[ ] Under 3 mths	[X] 3-6 mths	[ ] Over 6 mths	60 Low	New	Multi-Family	5 %
Neighborhood Boundaries	Nine Mile Road to south, US Hwy 29 to east, Kingsfield Road to north, Beulah Road to west							500 High	55	Commercial	15 %
								190 Pred.	10-15	Other vacant	35 %

Neighborhood Description See Attached Addendum

Market Conditions (including support for the above conclusions) Following several years of declining residential real estate prices during the most recent recession of 2007-2012, market conditions for detached, single-family residences in the subject neighborhood have been stable to slightly increasing during the last 24 to 30 months. This is supported by per unit price indications from closed sales transactions.

SITE

Dimensions Undetermined | Area 0.6613 Acres | Shape Wedge | View Interior
Specific Zoning Classification MDR | Zoning Description Medium density residential, per Escambia County
Zoning Compliance [X] Legal [ ] Legal Nonconforming (Grandfathered Use) [ ] No Zoning [ ] Illegal (describe)
Is the highest and best use of the subject property as improved (or as proposed per plans and specifications) the present use? [X] Yes [ ] No If No, describe.

Utilities	Public	Other (describe)		Public	Other (describe)	Off-site Improvements—Type	Public	Private
Electricity	[X]	[ ]	Water	[X]	[ ]	Street Asphalt	[X]	[ ]
Gas	[X]	[ ]	Sanitary Sewer	[X]	[ ]	Alley None	[ ]	[ ]

FEMA Special Flood Hazard Area [ ] Yes [ ] No | FEMA Flood Zone undetermined | FEMA Map # 12033C0290G | FEMA Map Date 9/29/2006
Are the utilities and off-site improvements typical for the market area? [X] Yes [ ] No If No, describe.
Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)? [ ] Yes [X] No If Yes, describe. We are aware that there have been two flooding events in the subject neighborhood during the last 28 years. However, judging by the strength of the market in the subdivisions affected by these events, as evidenced by recent sales, it does not appear that the market recognizes any discounting associated with this history.

PUD INFORMATION

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? ☐ Yes ☐ No Unit type(s) ☐ Detached ☐ Attached

Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.

Legal name of project

Total number of phases Total number of units Total number of units sold

Total number of units rented Total number of units for sale Data source(s)

Was the project created by the conversion of an existing building(s) into a PUD? ☐ Yes ☐ No If Yes, date of conversion.

Does the project contain any multi-dwelling units? ☐ Yes ☐ No Data source(s)

Are the units, common elements, and recreation facilities complete? ☐ Yes ☐ No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

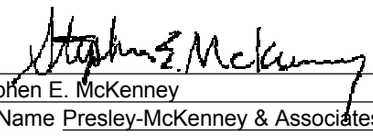
23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

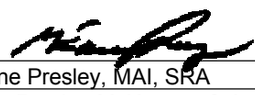
SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.



2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.



4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

ADDENDUM

Borrower: N/A		File No.: 16160Z8
Property Address: 10040 Bristol Park Road		Case No.: SEM
City: Cantonment	State: FL	Zip: 32533
Lender: Escambia County, Engineering Dept		

Neighborhood Description
The subject neighborhood is at the northern edge of suburban growth of the urbanized areas of the City of Pensacola. With physical barriers to urban growth of Pensacola on the south, east, and west, the northern edge is the default area where any future growth will occur. The subject neighborhood includes established commercial development along US Highway 29 and most of Nine Mile Road. Commercial development and uses are increasing along Nine Mile Road, extending to the west of its intersection with Pine Forest Road. This commercial growth is in response to increasing residential subdivision development in the area over the last 10 to 25 years. Most residential development in this former agricultural-oriented band of the metropolitan area has occurred as branches from Nine Mile Road, Kingsfield Road, and Pine Forest Road.

Additional Features
Unknown. Although numerous attempts were made to contact the owners of this property, we were never able to walk through the home and back yard. On October 25th, after knocking at the front door, a woman opened the door identifying herself as a visitor. She said that since she was a visitor, she could not let us in, but we did get a quick look at a portion of the interior of the home that was visible from the open door. What we could see appeared to be in a newly renovated condition similar to other homes in the subdivision that have been renovated within the last year or two.

This appraisal is made under the extraordinary assumption that the interior of the home is in a recently renovated condition. The room count is assumed to include 3 or 4 bedrooms and two bathrooms.

Comments on Sales Comparison
From our research of the market area, three sales have been selected to which to compare the subject. These sold properties bracket the subject for home size and are of similar quality of construction. With us only having a glimpse into the interior of the home, an important extraordinary assumption of this appraisal is that the subject property has had significant interior renovations within the last two years. Sales One and Three have had similar renovations. The subject has a similar effective age to Sale Two.

Each of the sales require adjustment for the subject having fewer bathrooms. Size adjustments have been applied to all sales with the subject being most similar to Sale Three for this characteristic. The subject is superior to each of the sales for size of garage. The subject has a screened over and around its pool. This is something that is lacking in the sales.

Following all adjustments, the sales show a range of market value for the subject property between $288,500 and $305,900. With weight to each, it is our opinion that the sales indicate a current market value of $295,000 for the subject property.

Final Reconciliation
Of the three approaches to value, the direct sales comparison approach is the most reliable in rendering an opinion of market value for the subject property. With the subject involving a recently renovated home of over 24 years old, development of the cost approach is not considered as reliable a method of determining current market value as the direct sales comparison approach. Development of the cost approach is most applicable with new construction located in areas where recent sales of similar vacant lots are abundant and the market area has a reasonable supply of newly built, speculative homes inventory. Development of the income approach is most reliable in markets where there are an abundance of rental properties; homes within the subject neighborhood are almost entirely owner-occupied. Based on the research and analysis, we estimate the current market value of the subject property as $295,000.

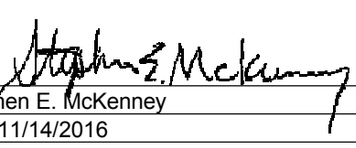
Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 90-180 days.

Exposure time is the estimated length of time that the proeprty interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. This is a retrospective opinion based on an analysis of past events that assumes a competitive and open market. The appraiser has determined that the subject property would have to be exposed for three to six months on the open market of the effective date of this appraisal, at the appraised market value.

Additional Certifications



[X] I have performed **NO** services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

[ ] I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

Additional Comments

Stephen McKenney, Florida State Registered Real Estate Trainee Appraiser #RI8246, provided significant real property appraisal assistance to the person signing this certification. This assistance included visiting the subject property with the appraiser; researching the market area, subject property, and market trends; analyzing the market and comparable properties; and reporting of descriptions, research, and analysis.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): MARK & CARA ARD
Address of property adjoining 11-Mile Creek: 10060 BRISTOL PARK ROAD CANTONMENT, FL. 32533
Phone Number(s): 850-777-0545
Email address (optional): MARK.ARD@IPAPER.COM
How many years have you lived at this location? 12 Yrs.

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☒ Home flooding: Depth of flooding: 4 feet 6 inches
   - ☒ Severe yard flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☒ Severe street flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☒ Other: 4' FLOODING IN BACKYARD IN 2017 Depth of flooding: _____ feet _____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☒ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☒ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☒ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No X

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ 260,000.00.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? NO
If so, how much ICC funds have you received? N/A
Do you plan on receiving ICC payment? N/A
If so, how much ICC funds do you plan on receiving? N/A

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: -0-

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: -0-

AUTHORITY: The Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).

PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.

ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.

DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Cost Estimate to Acquire and Demolish 10060 Bristol Park Road

Structure Data Summary			
Community			Escambia County
Address			10060 Bristol Park Road
Owner Name			Ard

Final Closing Costs			**$3,181.95**
Grant Management			$11,650.00
Sub-Total Cost for Acquisition and Demolition			**$414,249.40**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

Presley-McKenney & Associates, Inc.

Uniform Residential Appraisal Report

SEM
File No. 16153Z8

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 10060 Bristol Park Road | City Cantonment | State FL | Zip Code 32533
Borrower N/A | Owner of Public Record Mark E. & Cara L. Ard | County Escambia
Legal Description Lt 5, Blk C, Bristol Park, Unit II, PB 14, P 20, OR 5612, P 1984
Assessor's Parcel # 03-1S-31-1500-005-003 | Tax Year 2015 | R.E. Taxes $ 2,416.16
Neighborhood Name Bristol Park | Map Reference Z8 | Census Tract 37860-12-033-0036.12
Occupant [X] Owner [ ] Tenant [ ] Vacant | Special Assessments $ None [ ] PUD | HOA $ 50.00 [X] per year [ ] per month
Property Rights Appraised [X] Fee Simple [ ] Leasehold [ ] Other (describe)
Assignment Type [ ] Purchase Transaction [ ] Refinance Transaction [X] Other (describe) Current market value determination
Lender/Client Escambia County, Engineering Dept | Address 3363 W. Park Place, Pensacola, FL 32505
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? [ ] Yes [X] No
Report data source(s) used, offering price(s), and date(s). Pensacola Association or Realtor Multiple Listing Service (PARMLS)

CONTRACT

I [ ] did [X] did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed.
N/A

Contract Price $ N/A | Date of Contract N/A | Is the property seller the owner of public record? [ ] Yes [ ] No | Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? [ ] Yes [ ] No
If Yes, report the total dollar amount and describe the items to be paid.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends				One-Unit Housing		Present Land Use %	
Location	[ ] Urban	[X] Suburban	[ ] Rural	Property Values	[ ] Increasing	[X] Stable	[ ] Declining	PRICE	AGE	One-Unit	40 %
Built-Up	[ ] Over 75%	[X] 25-75%	[ ] Under 25%	Demand/Supply	[ ] Shortage	[X] In Balance	[ ] Over Supply	$(000)	(yrs)	2-4 Unit	5 %
Growth	[ ] Rapid	[X] Stable	[ ] Slow	Marketing Time	[ ] Under 3 mths	[X] 3-6 mths	[ ] Over 6 mths	60 Low	New	Multi-Family	5 %
Neighborhood Boundaries	Nine Mile Road to south, US Hwy 29 to east, Kingsfield Road to north,							500 High	55	Commercial	15 %
Beulah Road to west								190 Pred.	10-15	Other vacant	35 %

Neighborhood Description See Attached Addendum

Market Conditions (including support for the above conclusions) Following several years of declining residential real estate prices during the most recent recession of 2007-2012, market conditions for detached, single-family residences in the subject neighborhood have been stable to slightly increasing during the last 24 to 30 months. This is supported by per unit price indications from closed sales transactions.

SITE

Dimensions Undetermined | Area 0.674 Acres | Shape Wedge | View Interior
Specific Zoning Classification MDR | Zoning Description Medium density residential, per Escambia County
Zoning Compliance [X] Legal [ ] Legal Nonconforming (Grandfathered Use) [ ] No Zoning [ ] Illegal (describe)
Is the highest and best use of the subject property as improved (or as proposed per plans and specifications) the present use? [X] Yes [ ] No If No, describe.

Utilities	Public	Other (describe)		Public	Other (describe)	Off-site Improvements—Type	Public	Private
Electricity	[X]	[ ]	Water	[X]	[ ]	Street Asphalt	[X]	[ ]
Gas	[X]	[ ]	Sanitary Sewer	[X]	[ ]	Alley None	[ ]	[ ]

FEMA Special Flood Hazard Area [ ] Yes [ ] No | FEMA Flood Zone undetermined | FEMA Map # 12033C0290G | FEMA Map Date 9/29/2006
Are the utilities and off-site improvements typical for the market area? [X] Yes [ ] No If No, describe.
Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)? [ ] Yes [X] No If Yes, describe. We are aware that there have been two flooding events in the subject neighborhood during the last 28 years. However, judging by the strength of the market in the subdivisions affected by these events, as evidenced by recent sales, it does not appear that the market recognizes any discounting associated with this history.

PUD INFORMATION

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? ☐ Yes ☐ No Unit type(s) ☐ Detached ☐ Attached

Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.

Legal name of project

Total number of phases Total number of units Total number of units sold

Total number of units rented Total number of units for sale Data source(s)

Was the project created by the conversion of an existing building(s) into a PUD? ☐ Yes ☐ No If Yes, date of conversion.

Does the project contain any multi-dwelling units? ☐ Yes ☐ No Data source(s)

Are the units, common elements, and recreation facilities complete? ☐ Yes ☐ No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

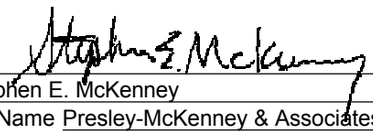
23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

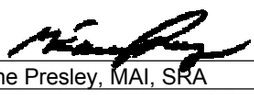
SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.



2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.



4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

ADDENDUM

Borrower: N/A		File No.: 16153Z8
Property Address: 10060 Bristol Park Road		Case No.: SEM
City: Cantonment	State: FL	Zip: 32533
Lender: Escambia County, Engineering Dept		

Neighborhood Description
The subject neighborhood is at the northern edge of suburban growth of the urbanized areas of the City of Pensacola. With physical barriers to urban growth of Pensacola on the south, east, and west, the northern edge is the default area where any future growth will occur. The subject neighborhood includes established commercial development along US Highway 29 and most of Nine Mile Road. Commercial development and uses are increasing along Nine Mile Road, extending to the west of its intersection with Pine Forest Road. This commercial growth is in response to increasing residential subdivision development in the area over the last 10 to 25 years. Most residential development in this former agricultural-oriented band of the metropolitan area has occurred as branches from Nine Mile Road, Kingsfield Road, and Pine Forest Road.

Additional Features
High ceiling in living room, built-in entertainment, gas fireplace integrated w/ HVAC, granite countertops, wet bar, soft close cabinets & drawers, intercom/stereo system, outdoor cook area, detached finished garage/gameroom, pool, attic storage, insulated garage door, tankless water heater, plant ledges.

Comments on Sales Comparison
From our research of the market area, three sales have been selected to which to compare the subject. These sold properties bracket the subject for home size and are of similar quality of construction. The subject property has had significant interior renovations within the last two years. The subject has a similar effective age to Sales One and Two. The subject has an inferior condition to Sale Three, which is three years out from new.

Size adjustments have been applied to all sales with the subject being most similar to Sale One for this characteristic. Sale One requires a fairly large adjustment for its land of just over two and one-half acres, while Sale Three requires a negative adjustment for its lake view. Sale One requires an upward adjustment to account for the subject's detached work shop. The subject's detached workshop and pool are accounted for with fairly significant positive adjustments the Sales Two and Three.

Following all adjustments, the sales show a range of market value for the subject property between $337,800 and $367,500. With weight to each, it is our opinion that the sales indicate a current market value of $350,000 for the subject property.

Final Reconciliation
Of the three approaches to value, the direct sales comparison approach is the most reliable in rendering an opinion of market value for the subject property. With the subject involving a recently renovated home of over 25 years old, development of the cost approach is not considered as reliable a method of determining current market value as the direct sales comparison approach. Development of the cost approach is most applicable with new construction located in areas where recent sales of similar vacant lots are abundant and the market area has a reasonable supply of newly built, speculative homes inventory. Development of the income approach is most reliable in markets where there are an abundance of rental properties; homes within the subject neighborhood are almost entirely owner-occupied. Based on the research and analysis, we estimate the current market value of the subject property as $350,000.

Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 90-180 days.

Exposure time is the estimated length of time that the proeprty interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. This is a retrospective opinion based on an analysis of past events that assumes a competitive and open market. The appraiser has determined that the subject property would have to be exposed for three to six months on the open market of the effective date of this appraisal, at the appraised market value.

Additional Certifications

[X] I have performed **NO** services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

[ ] I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

Additional Comments

Stephen McKenney, Florida State Registered Real Estate Trainee Appraiser #RI8246, provided significant real property appraisal assistance to the person signing this certification. This assistance included visiting the subject property with the appraiser; researching the market area, subject property, and market trends; analyzing the market and comparable properties; and reporting of descriptions, research, and analysis.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): WILMA L. CARLTON TRUST
Address of property adjoining 11-Mile Creek: 10110 BRISTOL PARK ROAD CANTON MENT
Phone Number(s): _____
Email address (optional): _____
How many years have you lived at this location? 0 Yrs. Bought house for grand daughters family

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☑ Home flooding: Depth of flooding: 5/6 feet 7 inches
   - ☐ Severe yard flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Severe street flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Other: _____ Depth of flooding: _____ feet _____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☐ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No ✓

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ I had no flood insurance

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? no
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment? no
If so, how much ICC funds do you plan on receiving? _____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: 0

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: 0

Owner Name: Wilma L. Carlton

Property Address: 1010 Bristol Park Rd, Cantonment 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

PRIVACY ACT STATEMENT

AUTHORITY: The Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).

PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.

ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.

DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Grant Management			$11,650.00
Sub-Total Cost for Acquisition and Demolition			**$299,944.20**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

Presley-McKenney & Associates, Inc.

Uniform Residential Appraisal Report

SEM
File No. 16157Z8

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 10110 Bristol Park Road | City Cantonment | State FL | Zip Code 32533
Borrower N/A | Owner of Public Record Wilma L. Carlton Trust | County Escambia
Legal Description Lt 33, Blk B, Bristol Park, Unit I, PB 13, P 100, OR 5743, P 1535
Assessor's Parcel # 03-1S-31-1500-033-002 | Tax Year 2015 | R.E. Taxes $ 1,766.12
Neighborhood Name Bristol Park | Map Reference Z8 | Census Tract 37860-12-033-0036.12
Occupant [X] Owner [ ] Tenant [ ] Vacant | Special Assessments $ None [ ] PUD | HOA $ 50.00 [X] per year [ ] per month
Property Rights Appraised [X] Fee Simple [ ] Leasehold [ ] Other (describe)
Assignment Type [ ] Purchase Transaction [ ] Refinance Transaction [X] Other (describe) Current market value determination
Lender/Client Escambia County, Engineering Dept | Address 3363 W. Park Place, Pensacola, FL 32505
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? [ ] Yes [X] No
Report data source(s) used, offering price(s), and date(s). Pensacola Association or Realtor Multiple Listing Service (PARMLS)

CONTRACT

I [ ] did [X] did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed.
N/A

Contract Price $ N/A | Date of Contract N/A | Is the property seller the owner of public record? [ ] Yes [ ] No | Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? [ ] Yes [ ] No
If Yes, report the total dollar amount and describe the items to be paid.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends				One-Unit Housing		Present Land Use %	
Location	[ ] Urban	[X] Suburban	[ ] Rural	Property Values	[ ] Increasing	[X] Stable	[ ] Declining	PRICE	AGE	One-Unit	40 %
Built-Up	[ ] Over 75%	[X] 25-75%	[ ] Under 25%	Demand/Supply	[ ] Shortage	[X] In Balance	[ ] Over Supply	$(000)	(yrs)	2-4 Unit	5 %
Growth	[ ] Rapid	[X] Stable	[ ] Slow	Marketing Time	[ ] Under 3 mths	[X] 3-6 mths	[ ] Over 6 mths	60 Low	New	Multi-Family	5 %
Neighborhood Boundaries	Nine Mile Road to south, US Hwy 29 to east, Kingsfield Road to north,							500 High	55	Commercial	15 %
Beulah Road to west								190 Pred.	10-15	Other vacant	35 %

Neighborhood Description See Attached Addendum

Market Conditions (including support for the above conclusions) Following several years of declining residential real estate prices during the most recent recession of 2007-2012, market conditions for detached, single-family residences in the subject neighborhood have been stable to slightly increasing during the last 24 to 30 months. This is supported by per unit price indications from closed sales transactions.

SITE

Dimensions Undetermined | Area 1.1556 Acres | Shape Wedge | View Interior
Specific Zoning Classification MDR | Zoning Description Medium density residential, per Escambia County
Zoning Compliance [X] Legal [ ] Legal Nonconforming (Grandfathered Use) [ ] No Zoning [ ] Illegal (describe)
Is the highest and best use of the subject property as improved (or as proposed per plans and specifications) the present use? [X] Yes [ ] No If No, describe.

Utilities	Public	Other (describe)		Public	Other (describe)	Off-site Improvements—Type	Public	Private
Electricity	[X]	[ ]	Water	[X]	[ ]	Street Asphalt	[X]	[ ]
Gas	[X]	[ ]	Sanitary Sewer	[X]	[ ]	Alley None	[ ]	[ ]

FEMA Special Flood Hazard Area [ ] Yes [ ] No | FEMA Flood Zone undetermined | FEMA Map # 12033C0290G | FEMA Map Date 9/29/2006
Are the utilities and off-site improvements typical for the market area? [X] Yes [ ] No If No, describe.
Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)? [ ] Yes [X] No If Yes, describe. We are aware that there have been two flooding events in the subject neighborhood during the last 28 years. However, judging by the strength of the market in the subdivisions affected by these events, as evidenced by recent sales, it does not appear that the market recognizes any discounting associated with this history.

PUD INFORMATION

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? ☐ Yes ☐ No Unit type(s) ☐ Detached ☐ Attached

Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.

Legal name of project

Total number of phases Total number of units Total number of units sold

Total number of units rented Total number of units for sale Data source(s)

Was the project created by the conversion of an existing building(s) into a PUD? ☐ Yes ☐ No If Yes, date of conversion.

Does the project contain any multi-dwelling units? ☐ Yes ☐ No Data source(s)

Are the units, common elements, and recreation facilities complete? ☐ Yes ☐ No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

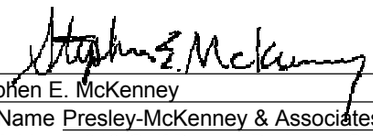
23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

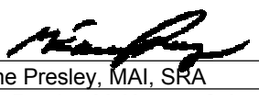
SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.



2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.



4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

ADDENDUM

Borrower: N/A		File No.: 16157Z8
Property Address: 10110 Bristol Park Road		Case No.: SEM
City: Cantonment	State: FL	Zip: 32533
Lender: Escambia County, Engineering Dept		

Neighborhood Description
The subject neighborhood is at the northern edge of suburban growth of the urbanized areas of the City of Pensacola. With physical barriers to urban growth of Pensacola on the south, east, and west, the northern edge is the default area where any future growth will occur. The subject neighborhood includes established commercial development along US Highway 29 and most of Nine Mile Road. Commercial development and uses are increasing along Nine Mile Road, extending to the west of its intersection with Pine Forest Road. This commercial growth is in response to increasing residential subdivision development in the area over the last 10 to 25 years. Most residential development in this former agricultural-oriented band of the metropolitan area has occurred as branches from Nine Mile Road, Kingsfield Road, and Pine Forest Road.

Comments on Sales Comparison
From our research of the market area, three sales have been selected to which to compare the subject. These sold properties bracket the subject for home size and are of similar quality of construction. The subject property has had significant interior renovations within the last two years. Sale One has had similar renovations. The subject has a similar effective age to Sales Two and Three.

Sales One and Three require adjustment for having a third bathroom. Size adjustments have been applied to all sales with the subject being most similar to Sale Two for this characteristic. The only other adjustment is given to Sale One to account for the subject's lack of a yard building.

Following all adjustments, the sales show a range of market value for the subject property between $230,600 and $264,400. With weight to each, it is our opinion that the sales indicate a current market value of $245,000 for the subject property.

Final Reconciliation
Of the three approaches to value, the direct sales comparison approach is the most reliable in rendering an opinion of market value for the subject property. With the subject involving a recently renovated home of over 22 years old, development of the cost approach is not considered as reliable a method of determining current market value as the direct sales comparison approach. Development of the cost approach is most applicable with new construction located in areas where recent sales of similar vacant lots are abundant and the market area has a reasonable supply of newly built, speculative homes inventory. Development of the income approach is most reliable in markets where there are an abundance of rental properties; homes within the subject neighborhood are almost entirely owner-occupied. Based on the research and analysis, we estimate the current market value of the subject property as $245,000.

Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 90-180 days.

Exposure time is the estimated length of time that the proeprty interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. This is a retrospective opinion based on an analysis of past events that assumes a competitive and open market. The appraiser has determined that the subject property would have to be exposed for three to six months on the open market of the effective date of this appraisal, at the appraised market value.

Additional Certifications

[X] I have performed **NO** services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

[ ] I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

Additional Comments

Stephen McKenney, Florida State Registered Real Estate Trainee Appraiser #RI8246, provided significant real property appraisal assistance to the person signing this certification. This assistance included visiting the subject property with the appraiser; researching the market area, subject property, and market trends; analyzing the market and comparable properties; and reporting of descriptions, research, and analysis.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Frances M Garner
Address of property adjoining 11-Mile Creek: 2791 Silhouette DRIVE Cantonment, FL 32533
Phone Number(s): (850) 780-0073
Email address (optional): emmygarner@hotmail.com
How many years have you lived at this location? in July it will be 15 years Yrs.

1. Are you current owner of the property? Yes: ☐ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:

☑ Home flooding:	★ Depth of flooding: 4 feet 6 inches	- flood line
☐ Severe yard flooding of extended duration:	Depth of flooding: ____ feet ____ inches	Sheet Rock
☐ Severe street flooding of extended duration:	Depth of flooding: ____ feet ____ inches	ruined to
☐ Other: _____	Depth of flooding: ____ feet ____ inches	8!

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

★ I did not see the water at its height (I was in the water at the other end of the subdivision. I tried to leave but got stuck in the water for 2 hrs. At the

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No _____

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ _____

I Paid for house Rebuild:
$ 12700 = Mitigation
$ 91 025 = rebuild
$103, 725 = My costs/reinvested

I Rec'd:
Insurance = 88 982.00
FEMA - 14000.00
TOTAL $102 982 (mortgage company paid)

My insurance on-site verification

I paid - Fences $1300
claim #DR#4079

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? _____
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: I must be $11,000

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: $3000
I am not sure but I think this money was designated for housing

Owner Name: Frances M Garner

Property Address: 2701 Silhouette Drive

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

Frances M Garner _____

MULTI-PURPOSE APPRAISAL FORM

September 8, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Kara Johnson, Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	2701 Silhouette Drive Cantonment, Florida 32533	B&A Job#:	RE16JP8632
		Effective Date of Value:	August 26, 2016
County:	Escambia	Date of Inspection:	August 26, 2016
Tax Parcel #:	03-1S-31-1500-027-002	Nature of Subject Property:	Single Family Dwelling
Owner:	Frances M. Garner	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of a 25,345 SF residential lot improved with a detached 1,850 SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

ONE HUNDRED NINETY FIVE THOUSAND DOLLARS
$195,000
*****SUBJECT TO ASSUMPTIONS AND CONDITIONS*****

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **We were permitted to measure and photograph the exterior of the subject property; however the owner refused to allow us access to inspect the interior. Our analysis of the subject property is based on the extraordinary assumption that the subject interior is as described in our analysis and of average condition..**
2. **We are aware flooding issues have impacted the surrounding area including the subject property. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the subject and surrounding area have been rectified.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

Sale, Option, Listing and Offer History

Comments The most recent transaction involving the subject property occurred on June 25, 2002, when Frances M. Garner (grantee) acquired the subject property from Alan D. Vickory, et al (grantor) for $138,000. The transaction occurred via a Warranty Deed recorded in OR Book 4933, Page 0270.

Neighborhood & Market Analysis

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses area located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

Property Description

Assessment/Taxes	$147,965 / $1,418.30	Utilities	All available
Site Size:	25,345 SF per plat	Zoning	MDR; Medium Density Residential
FEMA Flood Zone	"X" and "AE"	Soil Type	Garcon-Bigbee-Yemassee complex, occasionally flooded (Poorly Drained)
Site Frontage	39.47-ft Silhouette Drive	Road Type	Typical 2-lane asphalt paved road
Property Type	Detached Single Family	Current Use	Single Family Residential
Building Area (SF)	1,850-SF	Source of Bldg. Area	Appraiser's measurements
Year Built	1994 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	5-years	Rem. Econ. Life	45-years
Bedroom/Bath Count	3-bed / 2-bath	Occupancy	Owner
Quality	Average	Condition	Average
Foundation	Concrete	Wall and Roof Covering	Brick exterior with composition shingle roof
Ceiling & Wall Coverings	Finished drywall	Flooring	Carpet and tile
Doors	Decorative entry doors and sliding glass door at rear	Windows	Insulated windows in vinyl frames
HVAC	Central HVAC	Lighting	Mix of incandescent, fluorescent and recessed fixtures
Appliances & Fixtures	Average quality	Parking	2-Garage

Comments about the subject property: The site is level from the street to just beyond the rear of the dwelling, then drops steeply down to the creek along the rear boundary. The upland portion was dry and it appears the site has benefitted from prior fill activity. We observed good quality landscaping in the yard that appears to be well maintained. As previously stated we were not allowed to inspect the interior of the dwelling. We found the exterior of the dwelling to be in average condition with no known issues of deferred maintenance. We are aware many dwellings in the area were affected by flooding in 2014 and have undergone extensive renovation. Based on our observation it appears the subject has been recently renovated thus we estimate an effective age of 10 years despite its actual age of 22 years. For purposes of our analysis we assume the quality of finishes in the subject dwelling are average.

Highest and Best Use

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling.

The Sales Comparison Approach

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.
Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

of Comparable	Gross % Adjustment	12%	$194,425	13%	$195,125	11%	$196,400	15%	$193,000

Analysis of Sales: The selected comps represent sales of competitive residential dwellings in the subject area. Comp 4 is adjusted positively for its inferior site size. The subject and two comps back up to a greenbelt providing an insulating buffer. Comp 3 does not have a buffer and is adjusted positively. Comp 4 is located near a county retention pond and a utility structure and is adjusted positively for these inferior views. Comps 1 and 2 have superior quality interior finishes and are adjusted negatively. Adjustments are made as needed to account for differences in gross living area. Adjustments are applied to the comps to account for differences in amenity when compared to the subject property. The adjustment to Comp 1 is modest as its sunroom is included in the gross living area. The adjusted comps provide a range of values from $193,000 to $196,440 and average $194,738. We reconcile at a rounded $195,000 for the subject property.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

LAND VALUATION – SALES COMPARISON APPROACH

Analysis of Land Sales and Reconciliation:

COST APPROACH

Replacement-Cost-New		$ -
Less Depreciation		
Physical	$0

Estimated Value by Direct Capitalization*			
Estimated Value by Direct Capitalization "R"*			**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$195,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $195,000 for the subject property. (Fee-Simple).

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:

1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. This assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.

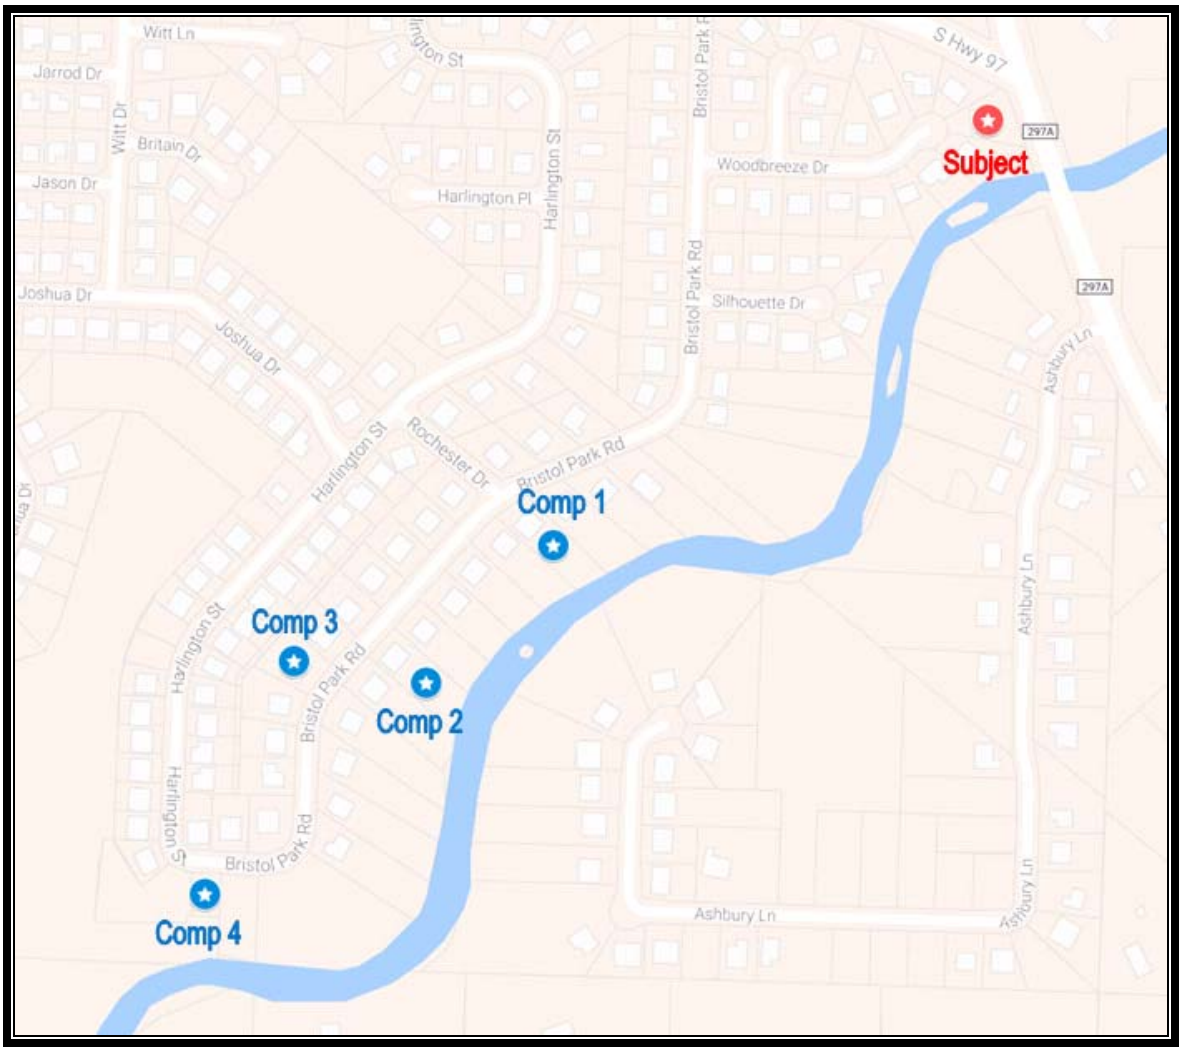
SOIL SURVEY MAP

Number	Soil	Slope %	Drainage	Soil Material and Characteristics
46	Garcon-Bigbee-Yemassee complex, occasionally flooded	0-5	Poorly Drained	This map unit consists of the somewhat poorly drained Garcon and Yemassee soils and the excessively drained Bigbee soil. It is on flood plains and low terraces in the central and northern parts of the county. This map unit is suited to pines and hardwoods. The potential productivity is moderately high for slash pine, longleaf pine, loblolly pine, and hardwoods. The main management concerns are an equipment limitation, seedling mortality, and plant competition. The seasonal high water table and the flooding restrict the use of equipment to periods when the soils are dry. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.
99	Water			

FEMA FLOOD MAP OF SUBJECT PROPERTY



T The subject site is contained on FEMA Map Panel 12033C0290G, dated 9/29/2006. According to the map panels, the entire subject property is located in an area designated with a 0.2% chance of annual flooding and an area designated as an “AE” flood zone.

ESCAMBIA COUNTY FLOOD MAP OF SUBJECT PROPERTY

The grapic above is an excerpt from the Escambia County GIS indicating flood mapping for the subject (outlined in red) and the surrounding area. The Escambia County Flood Map indicates the westernmost area of the subject property is located in an area of 0.2 percent annual chance of flooding. The easternmost area is located in a Flood Zone “AE”.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): MICHAEL A. NERI
Address of property adjoining 11-Mile Creek: 2703 WOODBREEZE DR CANTONMENT FL 32533

Phone Number(s): 757-589-0681 757.589-0705
Email address (optional): NERMUN@GMAIL.COM
How many years have you lived at this location? 5 Yrs.

1. Are you current owner of the property? Yes: ☒ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☑ Home flooding: Depth of flooding: 1 feet ____ inches
   - ☑ Severe yard flooding of extended duration: Depth of flooding: 4 feet ____ inches
   - ☑ Severe street flooding of extended duration: Depth of flooding: 3 feet ____ inches
   - ☐ Other: _____ Depth of flooding: ____ feet ____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☑

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes ✓ No _____

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ _____.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? NO
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: $18,000

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: $0

Owner Name:
Michael Neri

Property Address:
2703 Woodbreeze Dr
Cantonment, FL 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

DECLARATON AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

- [x] I am a citizen or non-citizen national of the United States.
- [ ] I am a qualified alien of the United States.
- [ ] Print full name and age of minor child:I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information in an attempt to obtain disaster aid, it is a violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property/place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance; and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank financial or credit data service to release information to FEMA and/or the State upon request.

PRIVACY ACT STATEMENT

AUTHORITY: The Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).

PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.

ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.

DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Cost Estimate to Acquire and Demolish 2703 Woodbreeze Drive

Final Closing Costs			**$2,473.87**
Grant Management			$11,650.00
Sub-Total Cost for Acquisition and Demolition			**$260,411.80**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Property Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

Uniform Residential Appraisal Report

17-17-6-1778888
File # 16185CWT

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 2703 Woodbreeze Dr | City Cantonment | State FL | Zip Code 32533
Borrower Michael Neri | Owner of Public Record Michael A Neri | County Escambia
Legal Description LT 14 BLK B BRISTOL PARK UNIT I PB 13 P 100 OR 6944 P 1845
Assessor's Parcel # 031S311500014002 | Tax Year 2015 | R.E. Taxes $ 1,674
Neighborhood Name BRISTOL PARK | Map Reference 37860 | Census Tract 0036.12
Occupant ☒ Owner ☐ Tenant ☐ Vacant | Special Assessments $ 0 | ☐ PUD | HOA $ 0 | ☐ per year | ☐ per month
Property Rights Appraised ☒ Fee Simple ☐ Leasehold ☐ Other (describe)
Assignment Type ☐ Purchase Transaction ☒ Refinance Transaction ☐ Other (describe)
Lender/Client New Day Financial LLC/VA | Address 8160 Maple Lawn Blvd, Ste 300, Fulton, MD 20759
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? ☐ Yes ☒ No
Report data source(s) used, offering price(s), and date(s). According to local MLS there are no listings currently or in the last 12 months prior to the date of this appraisal.

CONTRACT

I ☐ did ☒ did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed. This is a refinance loan, there is no contract.

Contract Price $ | Date of Contract | Is the property seller the owner of public record? ☐ Yes ☐ No | Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? ☐ Yes ☐ No
If Yes, report the total dollar amount and describe the items to be paid.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics			One-Unit Housing Trends			One-Unit Housing			Present Land Use %	
Location	☐ Urban	☒ Suburban ☐ Rural	Property Values	☐ Increasing	☒ Stable ☐ Declining	PRICE	AGE		One-Unit	40 %
Built-Up	☐ Over 75%	☒ 25-75% ☐ Under 25%	Demand/Supply	☐ Shortage	☒ In Balance ☐ Over Supply	$ (000)	(yrs)		2-4 Unit	5 %
Growth	☐ Rapid	☒ Stable ☐ Slow	Marketing Time	☐ Under 3 mths	☒ 3-6 mths ☐ Over 6 mths	76	Low	0	Multi-Family	%
Neighborhood Boundaries	Subject is located North of W Nine Mile Rd, South of Hwy 29, East of Perdido					535	High	47	Commercial	15 %
River and West of Pensacola Blvd.						208	Pred.	11	Other	40 %

Neighborhood Description The area is convenient to major transportation routes , which offer easy access to schools, military bases, and most residential services. The homes in the area exhibit good quality and appeal. The homes are typically frame or masonry construction. The subject present land use in the market area consists of vacant (other), single family, apartments and commercial property.
Market Conditions (including support for the above conclusions) Typical financing is mostly Conventional,FHA and VA. Generally each sale is individually negotiated. Buydowns and other concessions are not common. Interest rates have remained affordable over the past year. Typical marketing time for home in the area are 3-6 months.

SITE

Dimensions See Plat Map | Area 30,139 sf | Shape Irregular | View N;Res;
Specific Zoning Classification MDR | Zoning Description Medium Density Residential
Zoning Compliance ☒ Legal ☐ Legal Nonconforming (Grandfathered Use) ☐ No Zoning ☐ Illegal (describe)
Is the highest and best use of subject property as improved (or as proposed per plans and specifications) the present use? ☒ Yes ☐ No If No, describe

I ☒ did ☐ did not research the sale or transfer history of the subject property and comparable sales. If not, explain

My research ☐ did ☒ did not reveal any prior sales or transfers of the subject property for the three years prior to the effective date of this appraisal.

Data Source(s) Public Records

My research ☒ did ☐ did not reveal any prior sales or transfers of the comparable sales for the year prior to the date of sale of the comparable sale.

Data Source(s) Public Records

Report the results of the research and analysis of the prior sale or transfer history of the subject property and comparable sales (report additional prior sales on page 3).

ITEM	SUBJECT	COMPARABLE SALE #1	COMPARABLE SALE #2	COMPARABLE SALE #3
Date of Prior Sale/Transfer				
Price of Prior Sale/Transfer				
Data Source(s)	MLS/Public Records	MLS/Public Records	MLS/Public Records	MLS/Public Records
Effective Date of Data Source(s)	07/15/2016	07/15/2016	07/15/2016	07/15/2016

Analysis of prior sale or transfer history of the subject property and comparable sales No sales/transfers of the subject were recorded for the 3 years prior to the effective date of this appraisal. Comp 4 on 02/09/2015 for $100 (OT=Death Certificate) B/P 7296/1795. No other sales/transfers of the comparables were recorded for the year prior to the sale dates noted above.

Summary of Sales Comparison Approach The 5 comparables provided are considered to be the best available and the most similar to the subject in terms of size, age, quality, location, amenities, are located in the subjects market area and sold within in the last 10 months. Comps 3 & 5 were sold within the last 1 months. Comps 1 & 4 are located in the subject subdivision. Adjustments for identifiable differences based on market extraction and determined by limited observation, MLS comments, MLS/data photo and public records. After adjustments, equal weight +/- given to all comparables in support of the subject's estimated market value. After all adjustments were applied, net and gross adjustments are within typical lender guidelines. All comparables were weighted in determining the indicated value for the subject property by the sales comparison approach. Comps bracket the subject both in value and square footage. **Although the subject property exceeds the predominant value for the area, there are larger, similar homes in the immediate area and it is not considered to be an over-improvement.**

Indicated Value by Sales Comparison Approach $ 242,000

RECONCILIATION

Indicated Value by: Sales Comparison Approach $ 242,000 **Cost Approach (if developed) $** **Income Approach (if developed) $**

Principle reliance is placed upon the Direct Sales Comparison Approach which reflects interactions of buyers and sellers in open market transactions. The Cost Approach is not required for VA appraisals and thus, was not reported. The Income Approach is considered not applicable as this is predominantly an owner-occupied neighborhood.

This appraisal is made ☒ "as is", ☐ subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, ☐ subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or ☐ subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair:

Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is $ 242,000 **, as of** 07/15/2016 **, which is the date of inspection and the effective date of this appraisal.**

File # 16185CWT

ADDITIONAL COMMENTS

Site Comments:
The Flood zone designation is not a guarantee that the subject site or improvements will not experience flooding. Additionally, flood maps, flood zones,coastal barrier zones and minimum base slab or floor levels are subject to change without notice. It is recommended that a qualified surveyor verify the exact flood zone designation, site dimensions, site area, position of improvements and any easement s on the site and verify that all of the improvements at the address shown are incorporated inside the site described by the legal description.

Zoning-Limited Scope Analysis:
Zoning typically involves the regulation of structure type, density, setbacks, height and many other aspects of site development and use. The scope of the analysis is limited to conformity of the main structure to the uses permitted within the applicate zoning district. Zoning information is obtained from the property appraiser website and is assumed to be correct.

DETERMINATION OF SUBJECTS GROSS LIVING AREA: The appraiser has provided a sketch in the appraisal report to show the approximate dimensions of the improvements and is included only to assist the reader of this report in visualizing the property and understanding the appraisers determination of size.

The subject property meets HUD's minimum property standards for existing dwellings as outlined in HUD handbook 4000.1.

At a minimum, a head and shoulders inspection was performed in the attic.

I "Clayton Wells", certify that i did not receive any assistance from any other person in completing report.

R= 07/12/2016
A= 07/15/2016
M= 07/15/2016

Marketing time is 30-90 days.

1004MC Additional Comment: In recent years, area market values have decreased or corrected some from the peak market values of late 2005 and early 2006. However, the subject market area is not considered to be in a declining market area as the current market area values appear stable. It should be noted there recently have been fewer number of foreclosures and short sales in the subjects market area resulting in increased stability on area market values. The data located at the top of page #2 and the data on the 1004MC, do not always have paralleled findings. This is due to 1004MC information is analyzing sales and listings that simular to the subject. Top of page #2 is a larger analyzation of the subjects market area.

Energy efficient items include double pane glass windows and automatic thermostat controls.

Neighborhood Additional Comment: "I have considered relevant competitive listings/contract offerings in performing this appraisal, and any trend indicated by that data is supported by the listing/offering information included in this report."

Uniform Residential Appraisal Report

17-17-6-1778888
File # 16185CWT

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

File # 16185CWT

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

17-17-6-1778888
File # 16185CWT

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.

4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Market Conditions Addendum to the Appraisal Report

17-17-6-1778888
File No. 16185CWT

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address 2703 Woodbreeze Dr City Cantonment State FL ZIP Code 32533

Borrower Michael Neri

Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

MARKET RESEARCH & ANALYSIS

Inventory Analysis	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend
Total # of Comparable Sales (Settled)	7	3	2	☐ Increasing ☐ Stable ☒ Declining
Absorption Rate (Total Sales/Months)	1.17	1.00	0.67	☐ Increasing ☐ Stable ☒ Declining
Total # of Comparable Active Listings	0	3	3	☐ Declining ☒ Stable ☐ Increasing
Months of Housing Supply (Total Listings/Ab.Rate)	0	3.0	4.5	☐ Declining ☐ Stable ☒ Increasing
Median Sale & List Price, DOM, Sale/List %	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend
Median Comparable Sale Price	260,000	264,000	242,425	☐ Increasing ☐ Stable ☒ Declining
Median Comparable Sales Days on Market	96	12	30	☒ Declining ☐ Stable ☐ Increasing
Median Comparable List Price	252,500	244,850	255,375	☒ Increasing ☐ Stable ☐ Declining
Median Comparable Listings Days on Market	94	58	48	☒ Declining ☐ Stable ☐ Increasing
Median Sale Price as % of List Price	100.00	100.00	101.06	☒ Increasing ☐ Stable ☐ Declining
Seller-(developer, builder, etc.)paid financial assistance prevalent? ☐ Yes ☒ No				☐ Declining ☒ Stable ☐ Increasing

Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). The market trends for the past 12 months have increased with the sellers paying all closing cost from the typical shared closing cost.

Are foreclosure sales (REO sales) a factor in the market? ☒ Yes ☐ No If yes, explain (including the trends in listings and sales of foreclosed properties).

Foreclosures in the overall market area does result in declining values in the market as a whole. However, there have been a fewer number of foreclosures, short sale listings in the subjects market area resulting in increased stability in the subjects market area. It is the appraisers opinion this does not effect the marketability of the subject.

Cite data sources for above information. County Public Records, Pensacola Association of Realtors Multiple Listing Service(MLS)

Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.

Based on the research provided by the MLS and public records the conclusion of value for the subject property is derived from the data supplied in this appraisal assignment. The market research indicates the subject's comparable sales have decreased in the past 6 months with days on the market increasing. Sale price of comparables appear to have decreased in the past 6 months in the subjects market area.

Search criteria for the data provided above include: All Solds, Contingent, Pendings and Actives based on detached single family structures located within a mile radius of the subjects location, a list or sale price from $230,000 to $280,000, Sqft of 2150-2850, and Status Dates 07/15/2015 to 07/14/2016.

CONDO/CO-OP PROJECTS

If the subject is a unit in a condominium or cooperative project, complete the following: **Project Name:**

Subject Project Data	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend
Total # of Comparable Sales (Settled)				☐ Increasing ☐ Stable ☐ Declining
Absorption Rate (Total Sales/Months)				☐ Increasing ☐ Stable ☐ Declining
Total # of Active Comparable Listings				☐ Declining ☐ Stable ☐ Increasing
Months of Unit Supply (Total Listings/Ab.Rate)				☐ Declining ☐ Stable ☐ Increasing

Are foreclosure sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.

Summarize the above trends and address the impact on the subject unit and project.

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:

3.2 indicates three full baths and two half baths.

Exemption from FATCA reporting code (if any) N/A
(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)
8530 SHADESVIEW PLACE

Requester's name and address (optional)

6 City, state, and ZIP code
NAVARRE, FL 32566

7 List account number(s) here (optional)

Print or type
See Specific Instructions on page 2.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Social security number: ___ - ___ - ____

or

Employer identification number: 11-3782997

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Wayne Pinnon & Mike Wheeless
Address of property adjoining 11-Mile Creek: 2705 Ashbury

Phone Number(s): 850 450 4291 (Wayne)
Email address (optional): _____
How many years have you lived at this location? -0- Yrs.

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☑ Home flooding: Depth of flooding: 5 feet 3 inches
   - ☑ Severe yard flooding of extended duration: Depth of flooding: 5 feet 3 inches
   - ☐ Severe street flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Other: _____ Depth of flooding: _____ feet _____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No _____

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ _____.

No loans or insurance proceeds were paid to current owners.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? _____
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received:_____

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received:_____

Owner Name: Property Address:

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

DECLARATION AND RELEASE

O.M.B. No. 1660-0002
Expires August 31, 2013

DECLARATON AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

☑ I am a citizen or non-citizen national of the United States.

☐ I am a qualified alien of the United States.

☐ Print full name and age of minor child:I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information in an attempt to obtain disaster aid, it is a violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property/place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance; and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank financial or credit data service to release information to FEMA and/or the State upon request.

Title Services and Insurance			$400.00
Escambia County Doc Stamps	$.70 per $100		$5.22
Property Tax (to be prorated)			$540.66
Recording Fees			$50.00
Final Closing Costs			**$1,395.88**
Grant Management			$11,650.00
Sub-Total Cost for Acquisition and Demolition			**$213,821.35**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

Presley-McKenney & Associates, Inc.

Uniform Residential Appraisal Report

SEM
File No. 16138Z8

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 2705 Ashbury Lane | City Cantonment | State FL | Zip Code 32533
Borrower N/A | Owner of Public Record Wayne L. Pinnon & Mike Wheless | County Escambia
Legal Description Lt 58, Ashbury Hills, PB 14, P 24, OR 7311, P 1701
Assessor's Parcel # 03-1S-31-1800-000-058 | Tax Year 2015 | R.E. Taxes $ 522.12
Neighborhood Name Ashbury Hills | Map Reference Z8 | Census Tract 37860-12-033-0036.12
Occupant [ ] Owner [ ] Tenant [X] Vacant | Special Assessments $ N/A [ ] PUD | HOA $ 150.00 [X] per year [ ] per month
Property Rights Appraised [X] Fee Simple [ ] Leasehold [ ] Other (describe)
Assignment Type [ ] Purchase Transaction [ ] Refinance Transaction [X] Other (describe) Current market value determination
Lender/Client Escambia County, Engineering Dept | Address 3363 W. Park Place, Pensacola, FL 32505
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? [X] Yes [ ] No
Report data source(s) used, offering price(s), and date(s). Pensacola Association or Realtor Multiple Listing Service (PARMLS) & Mr. Pinnon--Listed in as-is condition since 9/2/2016, asking $169,000 (MLS#505590).

CONTRACT

I [ ] did [X] did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed.
N/A

Contract Price $ N/A | Date of Contract N/A | Is the property seller the owner of public record? [ ] Yes [ ] No | Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? [ ] Yes [ ] No
If Yes, report the total dollar amount and describe the items to be paid.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends				One-Unit Housing		Present Land Use %	
Location	[ ] Urban	[X] Suburban	[ ] Rural	Property Values	[ ] Increasing	[X] Stable	[ ] Declining	PRICE	AGE	One-Unit	40 %

Growth	[ ] Rapid	[X] Stable	[ ] Slow	Marketing Time	[ ] Under 3 mths	[X] 3-6 mths	[ ] Over 6 mths	60 Low	New	Multi-Family	5 %
Neighborhood Boundaries	Nine Mile Road to south, US Hwy 29 to east, Kingsfield Road to north, Beulah Road to west							500 High	55	Commercial	15 %
								190 Pred.	10-15	Other vacant	35 %

Neighborhood Description See Attached Addendum

Market Conditions (including support for the above conclusions) Following several years of declining residential real estate prices during the most recent recession of 2007-2012, market conditions for detached, single-family residences in the subject neighborhood have been stable to slightly increasing during the last 24 to 30 months. This is supported by per unit price indications from closed sales transactions.

SITE

Dimensions Undetermined | Area 0.7278 Acres | Shape Rectangular | View Interior
Specific Zoning Classification MDR | Zoning Description Medium density residential, per Escambia County
Zoning Compliance [X] Legal [ ] Legal Nonconforming (Grandfathered Use) [ ] No Zoning [ ] Illegal (describe)
Is the highest and best use of the subject property as improved (or as proposed per plans and specifications) the present use? [X] Yes [ ] No If No, describe.

Utilities	Public	Other (describe)		Public	Other (describe)	Off-site Improvements—Type	Public	Private
Electricity	[X]	[ ]	Water	[X]	[ ]	Street Asphalt	[X]	[ ]
Gas	[X]	[ ]	Sanitary Sewer	[X]	[ ]	Alley None	[ ]	[ ]

FEMA Special Flood Hazard Area [X] Yes [ ] No | FEMA Flood Zone AE | FEMA Map # 12033C0290G | FEMA Map Date 9/29/2006
Are the utilities and off-site improvements typical for the market area? [X] Yes [ ] No If No, describe.
Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)? [ ] Yes [X] No If Yes, describe. We are aware that there have been two flooding events in the subject neighborhood during the last 28 years. However, judging by the strength of the market in the subdivisions affected by these events, as evidenced by recent sales, it does not appear that the market recognizes any discounting associated with this history.

I [X] did [ ] did not research the sale or transfer history of the subject property and comparable sales. If not, explain

My research [X] did [ ] did not reveal any prior sales or transfers of the subject property for the three years prior to the effective date of this appraisal.
Data source(s) Public records, PARMLS, Metro Market Trends
My research [ ] did [X] did not reveal any prior sales or transfers of the comparable sales for the year prior to the date of sale of the comparable sale.
Data source(s) Public records, PARMLS, Metro Market Trends
Report the results of the research and analysis of the prior sale or transfer history of the subject property and comparable sales (report additional prior sales on page 3).

ITEM	SUBJECT	COMPARABLE SALE NO. 1	COMPARABLE SALE NO. 2	COMPARABLE SALE NO. 3
Date of Prior Sale/Transfer	3/10/2015			
Price of Prior Sale/Transfer	$80,000			
Data Source(s)	Owner, public records			
Effective Date of Data Source(s)	Current			

Analysis of prior sale or transfer history of the subject property and comparable sales The subject property was purchased by the current owners when it was still in a damaged condition from the flooding of April 2014. Since the time of purchase, the current owners have made the repairs and renovations as noted in the section of this appraisal report describing the current condition of the property.

Summary of Sales Comparison Approach. See Attached Addendum

Indicated Value by Sales Comparison Approach $ 170,000

RECONCILIATION

Indicated Value by: Sales Comparison Approach $ 170,000 **Cost Approach (if developed) $** 190,000 **Income Approach (if developed) $**

The indication from the cost approach sets the upper limit to value. This is not unusual, particularly with new construction or recently renovated improvements. Since the subject has not yet been fully renovated, we give all weight to the indication of value from the sales comparison approach in estimating the current market value of the subject property as $170,000.

This appraisal is made [X] "as is," [ ] subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, [ ] subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or [ ] subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair:

Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is $ 170,000 **as of** October 11, 2016 **, which is the date of inspection and the effective date of this appraisal.**

ADDITIONAL COMMENTS

COST APPROACH

COST APPROACH TO VALUE (not required by Fannie Mae)

Provide adequate information for the lender/client to replicate the below cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value) Recent sales of vacant lots with similar characteristics, as well as historic sales trends in the subject market area. These sales of lots between about one-third of an acre to 1.6 acres indicate a per lot sales price range from $12,000 to $50,000 and a sales price per square foot range from about $0.70 to $0.85.

ESTIMATED ☐ REPRODUCTION OR ☒ REPLACEMENT COST NEW	OPINION OF SITE VALUE		= $	30,000
Source of cost data Marshall & Swift Residential Cost Handbook	Dwelling 1,874 Sq. Ft. @ $	89.34	= $	167,423
Quality rating from cost service Average Effective date of cost data Sept 2016	Porches 148 Sq. Ft. @ $	24.32	= $	3,599
Comments on Cost Approach (gross living area calculations, depreciation, etc.)	Detchd Wrkshp, Appliances, Fireplace			32,303
This cost approach renders an estimate of "as-is" value. This is	Garage/Carport 416 Sq. Ft. @ $	31.38	= $	13,054
accomplished by: 1) estimating the replacement cost, assuming	Total Estimate of Cost-New		= $	216,379
that all required renovation work has been completed, 2)	Less 55 Physical	Functional	External	
deducting for the estimated cost of all required renovation work	Depreciation $39,341		= $ (	39,341)
that remains to be done. For example, although the subject has	Depreciated Cost of Improvements		= $	177,038
no appliances, appliances are added for the "finished product" and	"As-is" Value of Site Improvements		= $	5,000
then later deducted as part of the $22,000 unfinished cost.	Estimate of Unfinished Renovation Cost			-22,000

PUD INFORMATION

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? ☐ Yes ☐ No Unit type(s) ☐ Detached ☐ Attached

Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.

Legal name of project

Total number of phases Total number of units Total number of units sold

Total number of units rented Total number of units for sale Data source(s)

Was the project created by the conversion of an existing building(s) into a PUD? ☐ Yes ☐ No If Yes, date of conversion.

Does the project contain any multi-dwelling units? ☐ Yes ☐ No Data source(s)

Are the units, common elements, and recreation facilities complete? ☐ Yes ☐ No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

Uniform Residential Appraisal Report

SEM
File No. 16138Z8

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

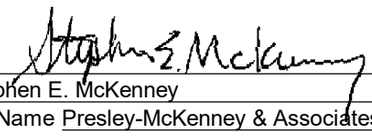
23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

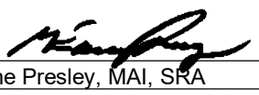
SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.



2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.



4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

ADDENDUM

Borrower: N/A		File No.: 16138Z8
Property Address: 2705 Ashbury Lane		Case No.: SEM
City: Cantonment	State: FL	Zip: 32533
Lender: Escambia County, Engineering Dept		

Neighborhood Description
The subject neighborhood is at the northern edge of suburban growth of the urbanized areas of the City of Pensacola. With physical barriers to urban growth of Pensacola on the south, east, and west, the northern edge is the default area where any future growth will occur. The subject neighborhood includes established commercial development along US Highway 29 and most of Nine Mile Road. Commercial development and uses are increasing along Nine Mile Road, extending to the west of its intersection with Pine Forest Road. This commercial growth is in response to increasing residential subdivision development in the area over the last 10 to 25 years. Most residential development in this former agricultural-oriented band of the metropolitan area has occurred as branches from Nine Mile Road, Kingsfield Road, and Pine Forest Road.

Condition of the Property
The subject home is in an unfinished condition. The home was severely damaged during the flooding of April 2014. The owner reported to us that the flood waters were several feet high inside the home as a result of the event.

Repair and renovation work to date includes demolition of the interior "down to the studs," mold treatment/prevention, rewiring of electrical, replacement of ceiling with new textured and painted drywall, replacement of the interior walls with new textured and painted drywall, and new ceramic tile floor cover in most of the house.

Work that still remains to be completed includes: installation of kitchen cabinets; installation of bathroom vanities; installation of all countertops; installation of all sinks; installation of all door casings & doors; installation of fireplace wall paneling/cladding, mantel, and trim panels; removal of old french doors & installation of new french doors; installation of all baseboards/trim, door trim, and window trim; installation of light fixtures and switch plates; installation of all toilets; installation of new HVAC air handler & condenser & registers; installation of hot water heater. Additionally, new windows are needed for the detached workshop. For most of these items, the materials have already been purchased and are on hand. The current owner estimates a cost of between $20,000 and $29,000 to complete all remaining work. From our research of anticipated costs, we estimate about $22,000.

Comments on Sales Comparison
For the sales comparison approach, we have compared the subject property--assuming that all necessary renovations have been completed for the estimated $22,000--to each of the three sold properties. This comparison set renders a market value range from $189,100 to $193,900 before consideration is given to deducting the necessary $22,000 cost for completing all remaining renovations to the subject property. Deducting this $22,000 from each of the indications yields $167,100, $171,900, and $170,500, or a range between $167,100 to $171,900 as the current "as-is" market value of the subject property.

The sold properties bracket the subject for size and are of a similar age as the subject. Each of the comparable properties have also been renovated and are in a similar condition to what we would expected the subject to be in following completion of all needed remaining renovation work. The subject site is considered to be overall superior to each of the site's of the comparable properties. All comparables require adjustment for improvement size with Sale Two also requiring adjustment for its third bathroom. The subject is at least slightly superior to each of the sales for several other items. The single largest adjustment for each comparable sale price is to take into consideration the subject's significant detached workshop; none of the sold properties include a similar structure.

As noted above, following deduction of the estimated necessary cost of $22,000 to bring the subject up to a condition that is similar to the sales, the indicated market value range is $167,100 to $171,900, with a mean of $169,833, a median of $170,500, and a standard deviation of $2,468. With consideration to all available information, it is our opinion that the sales comparison approach indicates a current market value of $170,000 for the subject property.

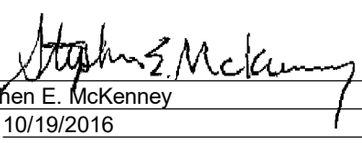
Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 30-90 days.

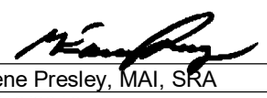
Exposure time is the estimated length of time that the proeprty interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. This is a retrospective opinion based on an analysis of past events that assumes a competitive and open market. The appraiser has determined that the subject property would have to be exposed for three to six months on the open market of the effective date of this appraisal, at the appraised market value.

Additional Certifications



[X] I have performed **NO** services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

[ ] I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.



Additional Comments

Stephen McKenney, Florida State Registered Real Estate Trainee Appraiser #RI8246, provided significant real property appraisal assistance to the person signing this certification. This assistance included visiting the subject property with the appraiser; researching the market area, subject property, and market trends; analyzing the market and comparable properties; and reporting of descriptions, research, and analysis.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Paul and Maria Sadur
Address of property adjoining 11-Mile Creek: 2705 Woodbreeze Drive, Cantonment FL 32533

Phone Number(s): 850-505-9931 954-547-6431
Email address (optional): _____
How many years have you lived at this location? 24 Yrs.

1. Are you current owner of the property? Yes: ☐ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☒ Home flooding: Depth of flooding: 1 feet 0 inches
   - ☐ Severe yard flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Severe street flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Other: _____ Depth of flooding: _____ feet _____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you ~~will~~ willing to ~~sale~~ sell the County ~~you~~ your property to prevent future flooding? Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☐

Does anyone proofread these forms?

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No ✓

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ 0.00.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? No
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: $8,500 (approx.)

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: 0.00

DECLARATON AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

☒ I am a citizen or non-citizen national of the United States.

☐ I am a qualified alien of the United States.

☐ Print full name and age of minor child:I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information in an attempt to obtain disaster aid, it is a violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property/place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance; and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank financial or credit data service to release information to FEMA and/or the State upon request.

PRIVACY ACT STATEMENT

AUTHORITY: The Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).

PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.

ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.

DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Cost Estimate to Acquire and Demolish 2705 Woodbreeze Drive

Sub-Total Cost for Acquisition and Demolition			**$254,207.54**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

Presley-McKenney & Associates, Inc.

Uniform Residential Appraisal Report

SEM
File No. 16145Z8

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address 2705 Woodbreeze Drive | City Cantonment | State FL | Zip Code 32533
Borrower N/A | Owner of Public Record Paul R. & Maria M. Sadur | County Escambia
Legal Description Lt 15, Blk B, Bristol Park, Unit I, PB 13, P 100, OR 3479, P 297
Assessor's Parcel # 03-1S-31-1500-015-002 | Tax Year 2015 | R.E. Taxes $ 1,552.28
Neighborhood Name Bristol Park | Map Reference Z8 | Census Tract 37860-12-033-0036.12
Occupant [X] Owner [ ] Tenant [ ] Vacant | Special Assessments $ None [ ] PUD | HOA $ 50.00 [X] per year [ ] per month
Property Rights Appraised [X] Fee Simple [ ] Leasehold [ ] Other (describe)
Assignment Type [ ] Purchase Transaction [ ] Refinance Transaction [X] Other (describe) Current market value determination
Lender/Client Escambia County, Engineering Dept | Address 3363 W. Park Place, Pensacola, FL 32505
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? [ ] Yes [X] No
Report data source(s) used, offering price(s), and date(s). Pensacola Association or Realtor Multiple Listing Service (PARMLS)

CONTRACT

I [ ] did [X] did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed.
N/A

Contract Price $ N/A | Date of Contract N/A | Is the property seller the owner of public record? [ ] Yes [ ] No | Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower? [ ] Yes [ ] No
If Yes, report the total dollar amount and describe the items to be paid.

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends					One-Unit Housing		Present Land Use %	
Location	[ ] Urban	[X] Suburban	[ ] Rural	Property Values	[ ] Increasing	[X] Stable	[ ] Declining		PRICE	AGE	One-Unit	40 %
Built-Up	[ ] Over 75%	[X] 25-75%	[ ] Under 25%	Demand/Supply	[ ] Shortage	[X] In Balance	[ ] Over Supply		$(000)	(yrs)	2-4 Unit	5 %
Growth	[ ] Rapid	[X] Stable	[ ] Slow	Marketing Time	[ ] Under 3 mths	[X] 3-6 mths	[ ] Over 6 mths		60 Low	New	Multi-Family	5 %
Neighborhood Boundaries	Nine Mile Road to south, US Hwy 29 to east, Kingsfield Road to north, Beulah Road to west								500 High	55	Commercial	15 %
									190 Pred.	10-15	Other vacant	35 %

Neighborhood Description See Attached Addendum

Market Conditions (including support for the above conclusions) Following several years of declining residential real estate prices during the most recent recession of 2007-2012, market conditions for detached, single-family residences in the subject neighborhood have been stable to slightly increasing during the last 24 to 30 months. This is supported by per unit price indications from closed sales transactions.

SITE

Dimensions 89.47' x 236.22' x 121.08 x 215.18' | Area 0.5286 Acres | Shape Wedge | View Cul de Sac
Specific Zoning Classification MDR | Zoning Description Medium density residential, per Escambia County
Zoning Compliance [X] Legal [ ] Legal Nonconforming (Grandfathered Use) [ ] No Zoning [ ] Illegal (describe)
Is the highest and best use of the subject property as improved (or as proposed per plans and specifications) the present use? [X] Yes [ ] No If No, describe.

Utilities	Public	Other (describe)		Public	Other (describe)	Off-site Improvements—Type	Public	Private
Electricity	[X]	[ ]	Water	[X]	[ ]	Street Asphalt	[X]	[ ]
Gas	[X]	[ ]	Sanitary Sewer	[X]	[ ]	Alley None	[ ]	[ ]

FEMA Special Flood Hazard Area [ ] Yes [ ] No | FEMA Flood Zone undetermined | FEMA Map # 12033C0290G | FEMA Map Date 9/29/2006
Are the utilities and off-site improvements typical for the market area? [X] Yes [ ] No If No, describe.
Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)? [ ] Yes [X] No If Yes, describe. We are aware that there have been two flooding events in the subject neighborhood during the last 28 years. However, judging by the strength of the market in the subdivisions affected by these events, as evidenced by recent sales, it does not appear that the market recognizes any discounting associated with this history.

PUD INFORMATION

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? ☐ Yes ☐ No Unit type(s) ☐ Detached ☐ Attached

Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.

Legal name of project

Total number of phases | Total number of units | Total number of units sold

Total number of units rented | Total number of units for sale | Data source(s)

Was the project created by the conversion of an existing building(s) into a PUD? ☐ Yes ☐ No If Yes, date of conversion.

Does the project contain any multi-dwelling units? ☐ Yes ☐ No Data source(s)

Are the units, common elements, and recreation facilities complete? ☐ Yes ☐ No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.

2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.

3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.

5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.

6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.

2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.

3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.

5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.

6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.

7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.

8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.

9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.

10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.

11. I have knowledge and experience in appraising this type of property in this market area.

12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.

13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.

14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.

15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.

16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.

17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.

18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).

19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

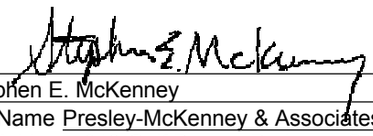
23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

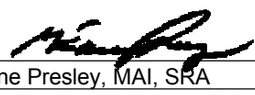
SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.



2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.

3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.



4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.

5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

ADDENDUM

Borrower: N/A	File No.: 16145Z8	
Property Address: 2705 Woodbreeze Drive	Case No.: SEM	
City: Cantonment	State: FL	Zip: 32533
Lender: Escambia County, Engineering Dept		

Neighborhood Description
The subject neighborhood is at the northern edge of suburban growth of the urbanized areas of the City of Pensacola. With physical barriers to urban growth of Pensacola on the south, east, and west, the northern edge is the default area where any future growth will occur. The subject neighborhood includes established commercial development along US Highway 29 and most of Nine Mile Road. Commercial development and uses are increasing along Nine Mile Road, extending to the west of its intersection with Pine Forest Road. This commercial growth is in response to increasing residential subdivision development in the area over the last 10 to 25 years. Most residential development in this former agricultural-oriented band of the metropolitan area has occurred as branches from Nine Mile Road, Kingsfield Road, and Pine Forest Road.

Comments on Sales Comparison
From our research of the market area, three sales have been selected to which to compare the subject. These sold properties bracket the subject for home size and are of a similar quality of construction. The subject property has had significant interior renovations within the last two years. Sale One has had similar renovations. The subject has a similar effective age to Sale Two. Being only about three years old, Sale Three is superior for condition when the subject is compared to it, necessitating an adjustment.

Sales Two and Three require adjustment for a third bathroom. Size adjustments have been applied to all sales with Sale Two being the most similar to the subject for this characteristic. Finally, the subject's attached sun room is compared against additional items found associated with each of the sold properties. In each instance, this results in a positive adjustment to the subject.

Following all adjustments, the sales show a range of market value for the subject property between $202,600 and $221,000. With weight to each, it is our opinion that the sales indicate a current market value of $212,000 for the subject property.

Final Reconciliation
Of the three approaches to value, the direct sales comparison approach is the most reliable in rendering an opinion of market value for the subject property. With the subject involving a recently renovated home of over 27 years old, development of the cost approach is not considered as reliable a method of determining current market value as the direct sales comparison approach. Development of the cost approach is most applicable with new construction located in areas where recent sales of similar vacant lots are abundant and the market area has a reasonable supply of newly built, speculative homes inventory. Development of the income approach is most reliable in markets where there are an abundance of rental properties; homes within the subject neighborhood are almost entirely owner-occupied. Based on the research and analysis, we estimate the current market value of the subject property as $212,000.

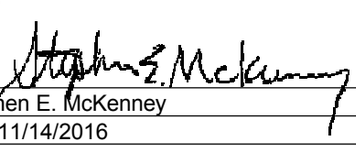
Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 90-180 days.

Exposure time is the estimated length of time that the proeprty interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. This is a retrospective opinion based on an analysis of past events that assumes a competitive and open market. The appraiser has determined that the subject property would have to be exposed for three to six months on the open market of the effective date of this appraisal, at the appraised market value.

Additional Certifications



[X] I have performed **NO** services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

[ ] I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

Additional Comments

Stephen McKenney, Florida State Registered Real Estate Trainee Appraiser #RI8246, provided significant real property appraisal assistance to the person signing this certification. This assistance included visiting the subject property with the appraiser; researching the market area, subject property, and market trends; analyzing the market and comparable properties; and reporting of descriptions, research, and analysis.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Jonathan + Amy Thacker
Address of property adjoining 11-Mile Creek: 2707 Woodbreeze DR Cantonment, FL 32533
Phone Number(s): 850-291-3147
Email address (optional): jonthack192@hotmail.com
How many years have you lived at this location? 4 Yrs.

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:

☑ Home flooding:	Depth of flooding: 1 feet 2 inches	
☑ Severe yard flooding of extended duration:	Depth of flooding: 3 feet 0 inches	
☑ Severe street flooding of extended duration:	Depth of flooding: 3 feet 0 inches	
☐ Other: _____	Depth of flooding: _____ feet _____ inches	

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No ✓

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ _____.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? _____
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: $15,676.75 ALL WAS REINVESTED INTO PROPERTY

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received:_____

PRIVACY ACT STATEMENT

AUTHORITY: The Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).

PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.

ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.

DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

MULTI-PURPOSE APPRAISAL FORM

September 7, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Kara Johnson, Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	2707 Woodbreeze Drive Cantonment, Florida 32533	B&A Job#:	RE16JP8637
		Effective Date of Value:	August 26, 2016
County:	Escambia	Date of Inspection:	August 26, 2016
Tax Parcel #:	03-1S-31-1500-016-002	Nature of Subject Property:	Single Family Dwelling
Owner:	Jonathan D. and Amy C. Thacker	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of a 20,650 SF parcel improved with a detached 2,804 SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

TWO HUNDRED EIGHTEEN THOUSAND DOLLARS
$218,000
*****SUBJECT TO ASSUMPTIONS AND CONDITIONS*****

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **We are aware flooding issues have impacted the surrounding area including the subject property. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the subject and surrounding area have been rectified.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

SALE, OPTION, LISTING AND OFFER HISTORY

Comments The most recent arm's length transaction involving the subject property occurred on December 6, 2012 when Jonathan D. Thacker and Amy C. Thacker acquired the subject property from Timothy E. Busbee for $174,900 via a General Warranty Deed recorded in OR Book 6950, Page 669.

NEIGHBORHOOD & MARKET ANALYSIS

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses area located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

PROPERTY DESCRIPTION

Assessment/Taxes	$195,811 / $1,940.88	Utilities	All available
Site Size:	20,650 SF per plat	Zoning	MDR, Medium Density Residential
FEMA Flood Zone	"X" and "AE"	Soil Type	Garcon-Bigbee-Yemassee complex, occasionally flooded (Poorly Drained)
Site Frontage	58.24-ft Woodbreeze Dr	Road Type	Typical 2-lane asphalt paved roads
Property Type	Detached Two Story Single Family	Current Use	Single Family Residential
Building Area (SF)	2,804-SF	Source of Bldg. Area	Appraiser's measurements
Year Built	1989 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	10-years	Rem. Econ. Life	40-years
Bedroom/Bath Count	4-bed / 2.5-bath	Occupancy	Owner
Quality	Average	Condition	Average
Foundation	Concrete	Wall and Roof Covering	Vinyl exterior and composition shingle roof
Ceiling & Wall Coverings	Finished drywall	Flooring	Wood laminate, carpet, split brick and ceramic tile
Doors	Metal and glass entry doors	Windows	Insulated windows in aluminum frames
HVAC	Central HVAC	Lighting	Mix of incandescent, recessed and fluorescent fixtures
Appliances & Fixtures	Average quality	Parking	2-Garage

Comments about the subject property: The site is level then drops steeply down to the creek at its rear boundary. The upland portion is dry and appears the site has benefitted from prior fill activity. The rear yard is fenced with a wood privacy fence along three sides and a five foot tall chain link fence along the rear boundary. The dwelling is a two story detached with a large covered front porch and a large covered wood deck on both stories along the rear. As seen in the photography, we observed minor items of deferred maintenance during our inspection including a hole in the vinyl at the rear of the dwelling that appears to have been a speaker that was removed. The remaining exterior appears to be in average condition with no other issues of deferred maintenance. The interior of the dwelling has seen some renovation due to the 2014 flooding including some new flooring, paint, kitchen cabinets and countertops. However some of the interior finishes appeared to be original finishes and are dated. As seen in the accompanying photography, the stairwell was in process of being renovated, and the stair coverings were missing. Additionally, there is a small area (approx. 6 SF) along the ceiling in the upstairs family room that was partially repaired. The sheetrock was replaced but the joints had not been taped, mudded or painted. Our photography includes the stairwell and sheetrock along with the removed speaker along the exterior of the dwelling.

HIGHEST AND BEST USE

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling.

THE SALES COMPARISON APPROACH

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.
Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

Adjusted Sales Price	Net % Adjustment	-8%		13%		-2%		-11%	
of Comparable	Gross % Adjustment	8%	$217,000	14%	$217,250	14%	$218,475	17%	$218,050

Analysis of Sales: The selected comps represent sales of competitive residential dwellings in the subject area. The subject and three comps back up to a greenbelt providing an insulating buffer. Comp 2 does not have a buffer and is adjusted positively. A negative adjustment is applied to all of the comps for their superior brick exterior. Comps 3 and 4 are adjusted negatively for superior interior quality of finishes. Adjustments are made to the comps for differences in effective ages. Adjustments are applied to three comps for differences in bathrooms. Adjustments are applied to three comps for differences in size. Adjustments are applied to the comps for differences in amenity when compared to the subject. For Comp 2, the amenity adjustment is minimal because the sunroom is included in the living area. The adjusted comps provide a range of values from $217,000 to $218,475 and average $217,693. We reconcile at a rounded $218,000 for the subject property.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

Estimated Value by Direct Capitalization*			
Estimated Value by Direct Capitalization "R"*			**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$218,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $218,000 for the subject property. (Fee-Simple).

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:

1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. This assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.

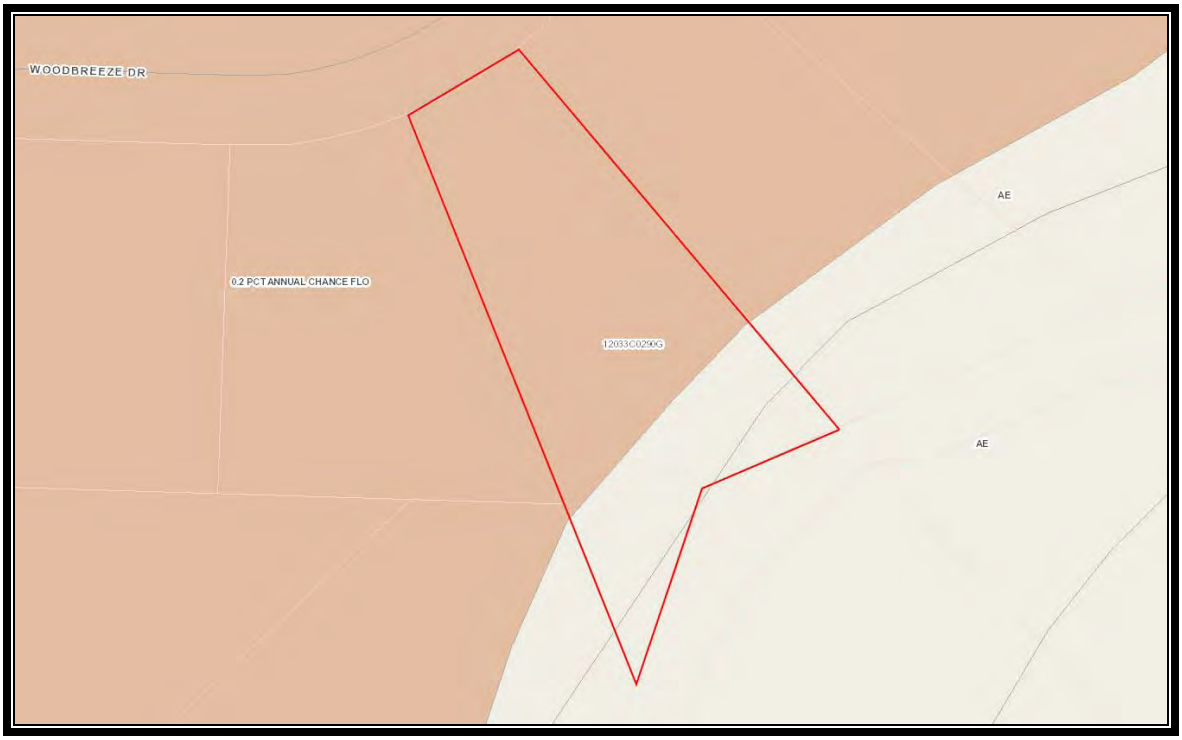
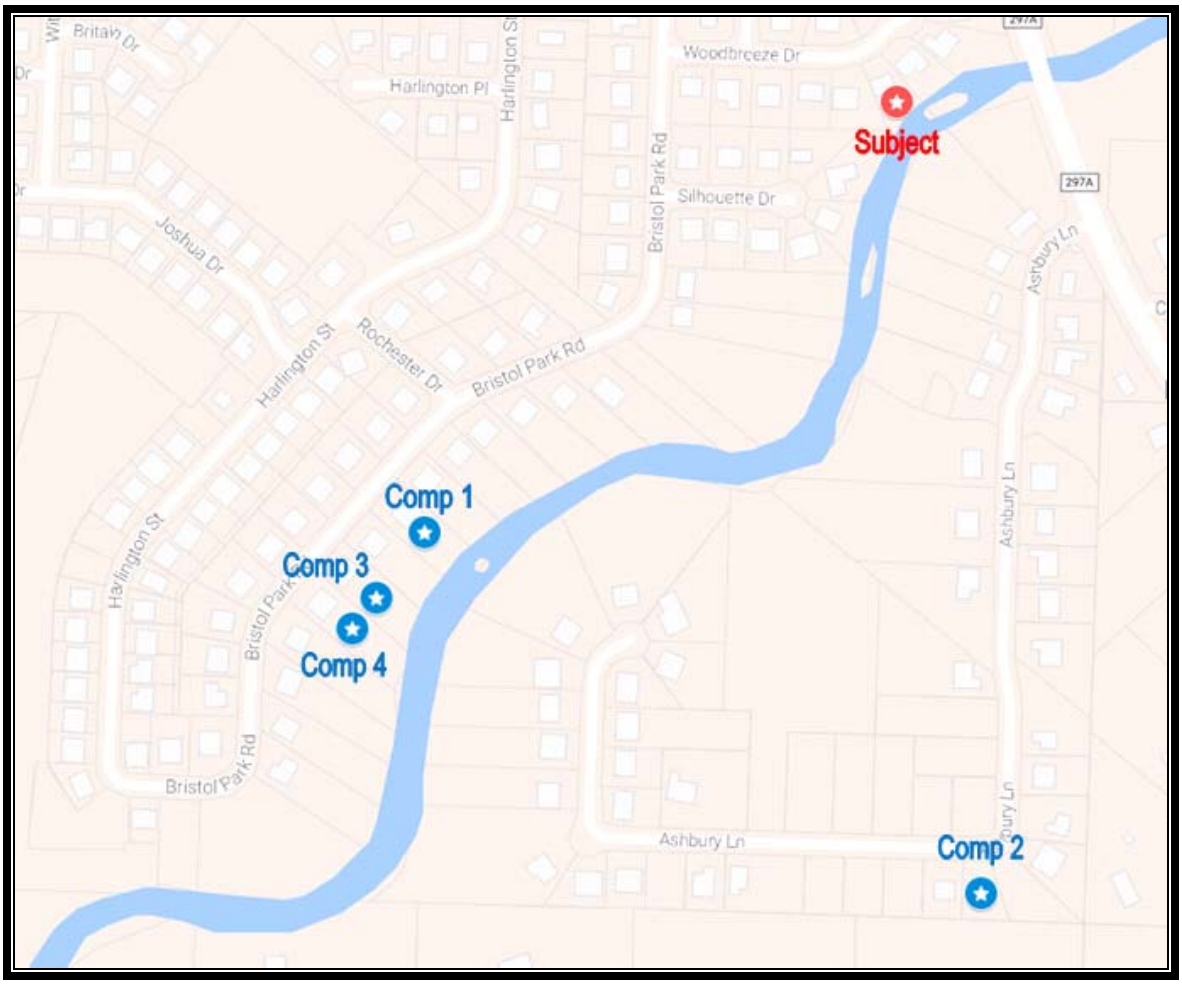
SOIL SURVEY MAP



Number	Soil	Slope %	Drainage	Soil Material and Characteristics
46	Garcon-Bigbee-Yemassee complex, occasionally flooded	0-5	Poorly Drained	This map unit consists of the somewhat poorly drained Garcon and Yemassee soils and the excessively drained Bigbee soil. It is on flood plains and low terraces in the central and northern parts of the county. This map unit is suited to pines and hardwoods. The potential productivity is moderately high for slash pine, longleaf pine, loblolly pine, and hardwoods. The main management concerns are an equipment limitation, seedling mortality, and plant competition. The seasonal high water table and the flooding restrict the use of equipment to periods when the soils are dry. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.
99	Water			

FEMA FLOOD MAP OF SUBJECT PROPERTY



The subject site is contained on FEMA Map Panel 12033C0290G, dated 9/29/2006. According to the map panels, the entire subject property is located in an “X” and “AE” flood zone.

ESCAMBIA COUNTY FLOOD MAP OF SUBJECT PROPERTY

The grapic above is an excerpt from the Escambia County GIS indicating flood mapping for the subject (outlined in red) and the surrounding area. The Escambia County Flood Map indicates the north westernmost area of the subject property is located in an area of 0.2 percent annual chance of flooding. The southeastern most corner is located in a Flood Zone “AE”.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): John D. Braun and Sheryl A. Braun
Address of property adjoining 11-Mile Creek: 3012 Ashbury Ln. Cantonment FL 32533

Phone Number(s): 850-380-0614, 850-380-0333
Email address (optional): scooby_sheryl@hotmail.com
How many years have you lived at this location? 5 Yrs.

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:

☑ Home flooding:	Depth of flooding: 3 feet ____ inches	
☑ Severe yard flooding of extended duration:	Depth of flooding: 12+ feet ____ inches	
☑ Severe street flooding of extended duration:	Depth of flooding: 3-6? feet ____ inches	
☐ Other: _____	Depth of flooding: _____ feet ____ inches	

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

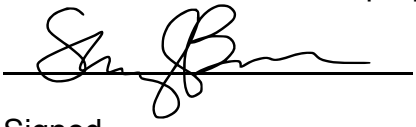
> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No ~~x~~_____

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ ~~70,000.00~~_____.



3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? _____
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received:_____

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received:_____

Owner Name: Property Address:

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

DECLARATON AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

☑ I am a citizen or non-citizen national of the United States.

☐ I am a qualified alien of the United States.

☐ Print full name and age of minor child:I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information in an attempt to obtain disaster aid, it is a violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property/place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance; and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank financial or credit data service to release information to FEMA and/or the State upon request.

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

MULTI-PURPOSE APPRAISAL FORM

November 18, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Stacey Ward, Interim Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	3012 Ashbury Lane Cantonment, Florida 32533	B&A Job#:	RE16JP8685
		Effective Date of Value:	November 2, 2016
County:	Escambia	Date of Inspection:	November 2, 2016
Tax Parcel #:	03-1S-31-1800-000-034	Nature of Subject Property:	Single Family Dwelling
Owner:	John D. and Sheryl Braun	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of a 105,977-SF parcel improved with a detached 4,652-SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

FOUR HUNDRED TWENTY FIVE THOUSAND DOLLARS
$425,000
*****SUBJECT TO ASSUMPTIONS AND CONDITIONS*****

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **The subject property is located in a platted subdivision and the survey provided vaguely describes the subject. The plat map is vague in its description of the subject site and we have made our best efforts to accurately describe the subject property using information gleaned from the Escambia County Tax Assessor's office. We invoke an extraordinary assumption that the subject site exists as described in this analysis.**

2. **We are aware flooding issues have impacted the surrounding area including the subject property. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the subject and surrounding area have been rectified.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

SALE, OPTION, LISTING AND OFFER HISTORY

Comments The most recent arm's length transaction involving the subject property occurred on April 29, 2011 when John D. and Sheryl Braun acquired the subject property from Sandra Sue Blair, et al for $279,000 via a Warranty Deed recorded in OR Book 6716, Page 1196. Because this transaction occurred several years prior, we have not given it consideration in our analysis.

NEIGHBORHOOD & MARKET ANALYSIS

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses are located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

PROPERTY DESCRIPTION

Assessment/Taxes	$356,922 / $4,009.88	Utilities	All available
Site Size:	105,977 SF per assessor	Zoning	MDR, Medium Density Residential
FEMA Flood Zone	"X" and "AE"	Soil Type	Excessive to very poorly drained (sloping)
Site Frontage	85.43-ft Ashbury Lane	Road Type	Typical 2-lane asphalt paved road
Property Type	Detached Single Family	Current Use	Single Family Residential
Building Area (SF)	4,652-SF	Source of Bldg. Area	Appraiser's measurements
Year Built	1999 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	15-years	Rem. Econ. Life	35-years
Bedroom/Bath Count	6-bed / 3.5-bath	Occupancy	Owner
Quality	Good finishes	Condition	Average
Foundation	Pier	Wall and Roof Covering	Brick and vinyl exterior and composition shingle roof
Ceiling & Wall Coverings	Finished drywall	Flooring	Wood flooring, carpet and ceramic tile
Doors	Metal and glass entry doors	Windows	Insulated windows in vinyl coated frames
HVAC	Central HVAC	Lighting	Mix of incandescent, recessed and fluorescent fixtures
Appliances & Fixtures	Good quality	Parking	2-Garage

Comments about the subject property: The site slopes down from the adjoining roadway to the rear of the site to a creek that forms the northern boundary. The rear portion of the property is overgrown with dense understory. The dwelling is a split level with 3-bedrooms and 2.5-baths on the main floor and 3-bedrooms and 1-bath on the ground floor. The property owner reports the ground floor was flooded with approximately 3-feet of water during a flood in 2014. The ground floor area was renovated and we observed new flooring, bathroom cabinets and countertops, drywall and paint. The main floor of the dwelling was not impacted by the flood. The property owner reports the HVAC was replaced in 2013, the central vacuum cleaner motor was recently replaced and the garage door is new. There is a partially finished storage space on the ground floor containing 457-SF. The dwelling also features a 166-SF wood deck and 384-SF of patios. Based on our observation, the dwelling appears to be well maintained and we estimate an effective age of 15 years.

HIGHEST AND BEST USE

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling.

THE SALES COMPARISON APPROACH

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.
Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

of Comparable	Gross % Adjustment	38%	$411,530	14%	$425,000	15%	$420,000

Analysis of Sales: The selected comps represent sales of competitive residential dwellings in the subject area. Comp 3 is located southwest of the subject property in a less densely populated area and we apply a positive adjustment. All of the comps are adjusted for differences in site area. A positive adjustment is applied to Comps 2 and 3 for inferior residential views. Adjustments are applied to the comps for differences in effective age. All of the comps are adjusted for more bathrooms. Adjustments are applied to Comp 1 for differences in gross living area. Adjustments are applied to Comps 2 and 3 for differences in amenity when compared to the subject property. The adjusted comps provide a range of values from $411,530 to $425,000 and average $418,843. We give added consideration to Comp 2 as it is most similar to the subject and reconcile at a rounded $425,000 for the subject property.

MARKETING AND EXPOSURE TIME

Estimated Value by Direct Capitalization*			
Estimated Value by Direct Capitalization "R"*			**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$425,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $425,000 for the subject property. (Fee-Simple)**.**

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:

1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. If in Alabama, this assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.
18. I, the supervisory appraiser of a registered appraiser trainee who contributed to the development or communication of this appraisal, hereby accepts full and complete responsibility for any work performed by the registered trainee appraiser named in this report as if it were my own work.

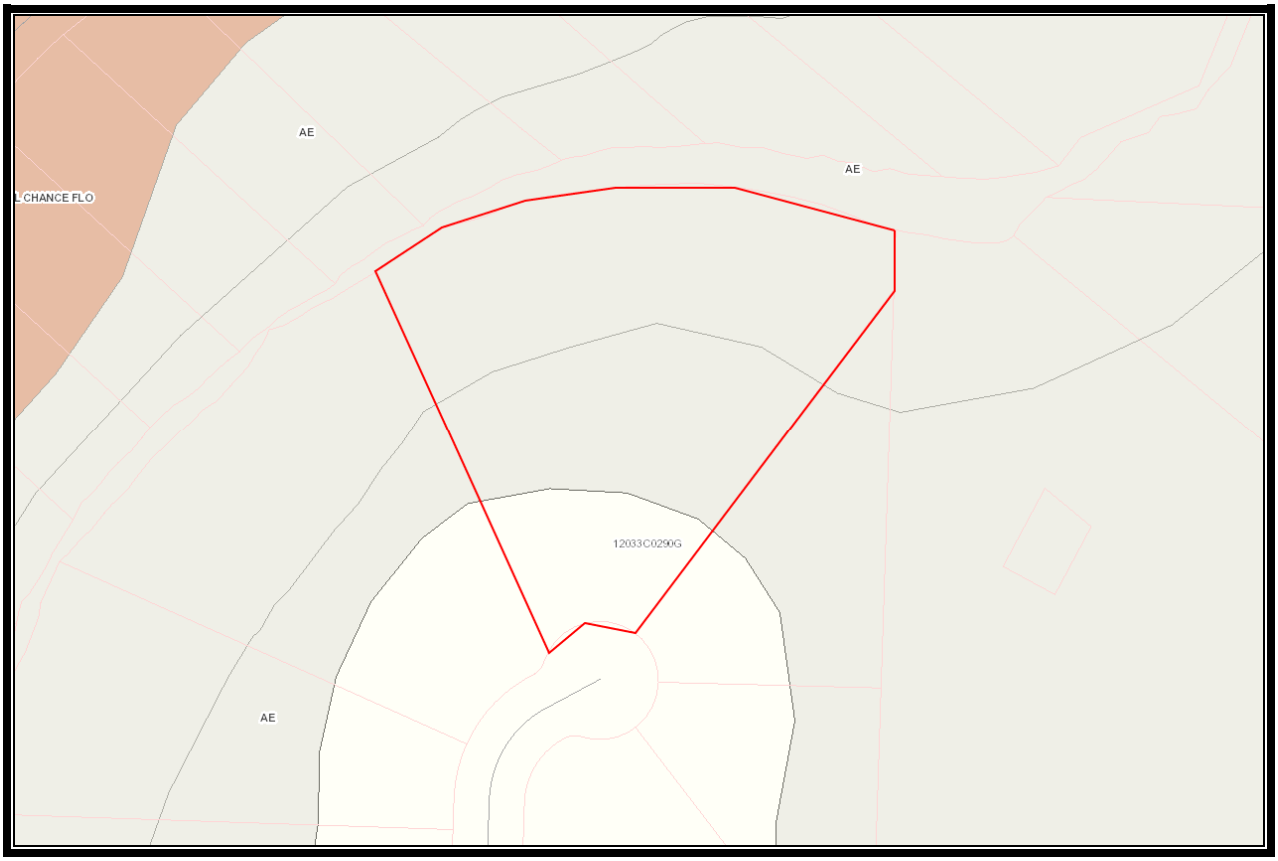
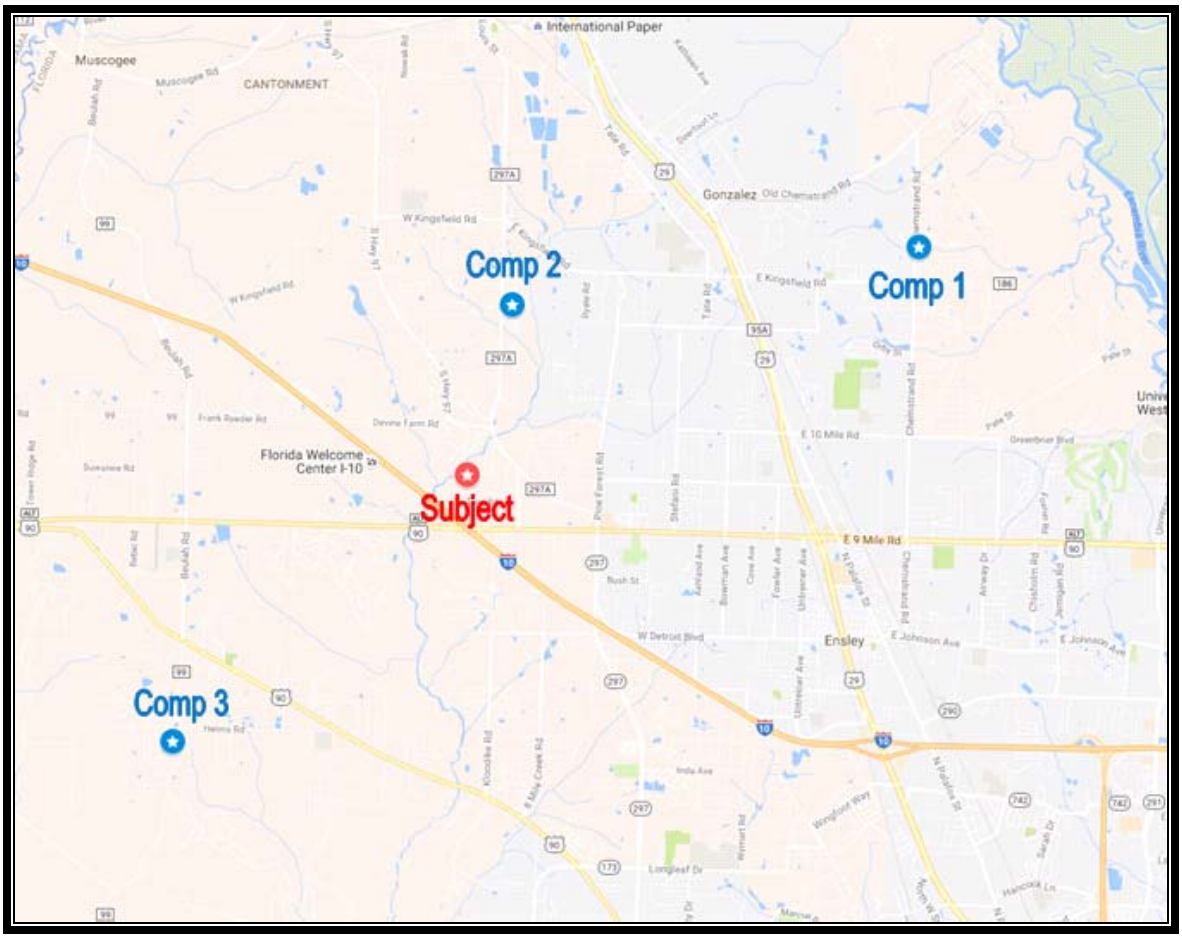
SOIL SURVEY MAP



Number	Soil	Slope %	Drainage	Soil Material and Characteristics
50	Bigbee-Garcon-Fluvaquents complex, flooded	0-2	Excessive to Very Poorly Drained	This map unit consists of the excessively drained Bigbee soil; the somewhat poorly drained Garcon soil, and the very poorly drained Fluvaquents. It is on the flood plains along the Perdido River, Eight-Mile Creek, and Eleven-Mile Creek in the central and northern parts of the county. This map unit is poorly suited to cultivated crops. This map unit is suited to pine and hardwoods. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.
57	Cowarts Troup Complex	12-18	Well Drained	This map unit consists of the very deep, well-drained Cowarts soil and the somewhat excessively drained Troup soil. It is on hill slopes in the central and northern parts of the county. This map unit is suited to slash pine, loblolly pine, and longleaf pine. This map unit is poorly suited to most urban and recreational uses. It is generally not suitable as a site for buildings because of the slope.
99	Water			

FEMA FLOOD MAP OF SUBJECT PROPERTY



The subject site is contained on FEMA Map Panel 12033C0290G, dated 9/29/2006. According to the map panels, the subject property is located in an “X” and “AE” flood zone.

ESCAMBIA COUNTY FLOOD MAP OF SUBJECT PROPERTY

The grapic above is an excerpt from the Escambia County GIS indicating flood mapping for the subject (outlined in red) and the surrounding area. The Escambia County Flood Map indicates the north bulk portion of the subject property is located in a Flood Zone “AE”, while the south portion of the site is located in a Flood Zone “X”.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Cornelia Gooden
Address of property adjoining 11-Mile Creek: 3016 Ashbury Lane Cantonment, FL 32533
Phone Number(s): 850-433-7979
Email address (optional): dgoxley@att.com
How many years have you lived at this location? 27 Yrs.

1. Are you current owner of the property? Yes: ☒ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☒ Home flooding: basement — Depth of flooding: 3 feet ____ inches
   - ☒ Severe yard flooding of extended duration: — Depth of flooding: 6 feet ____ inches
   - ☒ Severe street flooding of extended duration: — Depth of flooding: 3 feet ____ inches
   - ☐ Other: _____ — Depth of flooding: ____ feet ____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☒ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☒ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☐ No: ☒

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No X

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ .00 _____.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? NONE
If so, how much ICC funds have you received? NONE
Do you plan on receiving ICC payment? NO
If so, how much ICC funds do you plan on receiving? NONE

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: NONE

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: NONE

Owner Name: Cornelia Gooden

Property Address:
3016 Ashbury LANE
Cantonment, FL 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

POB 12505, Pensacola, Florida 32591
850-433-5075 – shawnbrantley@brantleyassociates.com

MULTI-PURPOSE APPRAISAL FORM

November 15, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Stacey Ward, Interim Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	3016 Ashbury Lane Cantonment, Florida 32533	B&A Job#:	RE16JP8687
		Effective Date of Value:	November 7, 2016
County:	Escambia	Date of Inspection:	November 7, 2016
Tax Parcel #:	03-1S-31-1800-000-032	Nature of Subject Property:	Single Family Dwelling
Owner:	Cornelia H. Gooden	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of an 83,557 SF parcel improved with a detached 1,856 SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

TWO HUNDRED TWENTY THOUSAND DOLLARS
$220,000
*****SUBJECT TO ASSUMPTIONS AND CONDITIONS*****

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **The subject property is located in a platted subdivision and we were not provided with a survey. The plat map is vague in its description of the subject site and we have made our best efforts to accurately describe the subject property using information gleaned from the Escambia County Tax Assessor's office. We invoke an extraordinary assumption that the subject site exists as described in this analysis.**
2. **We are aware flooding issues have impacted the surrounding area including the subject property. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the subject and surrounding area have been rectified.**
3. **We were not permitted access to measure or inspect the subject property. The extent of our observation was exterior only from the adjoining roadway. We have relied on assessment records of the size of the subject improvements. Our analysis of the subject property is based on the extraordinary assumption that the subject property is as described in our analysis.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

Sale, Option, Listing and Offer History

Comments The most recent transaction involving the subject property occurred on December 23, 2008 when Charles T. Gooden and Cornelia H. Gooden acquired the subject property from Darrell Gooden Development Company for $100 via a Warranty Deed recorded in OR Book 6447, Page 1343. Because this was not an arm's length transaction, we have not given it consideration in our analysis.

Neighborhood & Market Analysis

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses are located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

Property Description

Assessment/Taxes	$164,523 / $1,232.60	Utilities	All available
Site Size:	83,557 SF per plat	Zoning	MDR, Medium Density Residential
FEMA Flood Zone	"X" and "AE"	Soil Type	Excessive to very poorly drained (sloping)
Site Frontage	107.67-ft Ashbury Lane	Road Type	Typical 2-lane asphalt paved road
Property Type	Detached Single Family	Current Use	Single Family Residential
Building Area (SF)	1,856-SF	Source of Bldg. Area	Assessment information
Year Built	1990 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	20-years	Rem. Econ. Life	30-years
Bedroom/Bath Count	3-bed / 2-bath	Occupancy	Owner
Quality	Average	Condition	Average
Foundation	Pier	Wall and Roof Covering	Brick and composition shingle roof
Ceiling & Wall Coverings	Finished drywall	Flooring	Wood flooring, carpet and ceramic tile
Doors	Metal and glass entry doors	Windows	Insulated windows in vinyl coated frames
HVAC	Central HVAC	Lighting	Mix of incandescent, recessed and fluorescent fixtures
Appliances & Fixtures	Average quality	Parking	2-Garage

Comments about the subject property: The site slopes down from the adjoining roadway to the rear of the site. We were not allowed access to inspect the subject property and our observation was exterior only from the adjoining roadway. For purposes of our analysis we assume the quality of finishes in the subject dwelling are average and we assume no significant deferred maintenance for the subject property. We have also relied on assessment information when necessary for information regarding accessory structures. From our exterior only perspective, the dwelling appears to be well maintained.

Highest and Best Use

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling.

The Sales Comparison Approach

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.
Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

Garage/Carport	2-Garage	2-Garage		2-Garage		2-Garage		2-Garage	
Porch, Patio, Deck, Fireplace(s), etc.	Deck, fireplace, utility room	Fireplace, sunroom		Gazebo, outbuilding, screened porch	-$5,000	Fireplace	$5,000	Large outbuilding, storage building	-$15,000
Net Adj. (total)	$218,356		$20,050		-$2,725		$35,000		-$30,900
Adjusted Sales Price	Net % Adjustment	10%		-1%		19%		-12%	
of Comparable	Gross % Adjustment	26%	$212,050	19%	$220,275	24%	$219,000	24%	$222,100

Analysis of Sales: The selected comps represent sales of competitive residential dwellings in the subject area. Comp 3 is a pending sale and the agent has provided the contract price, thus no adjustment is needed for negotiations. Comp 4 is located to the north of the subject property more distant from nearby residential support services and interstate access thus a positive adjustment is applied. Comps 1, 2 and 3 have smaller site areas and a positive adjustment is applied. Conversely, comp 4 has a larger site area and a negative adjustment is applied. Comps 1, 3 and 4 do not have a buffer and each is adjusted positively. Comps 2, 3 and 4 have lower effective ages due to recent renovations documented in the MLS and we apply a negative adjustment to each. Comps 1, 2 and 4 are adjusted to account for differences in gross living area. Adjustments are applied to comps 2, 3 and 4 to account for differences in amenity when compared to the subject property. No adjustment is needed for Comp 1 as the sunroom is included in the gross living area and has been accounted for. The adjusted comps provide a range of values from $212,050 to $220,275 and average $218,356. We give added consideration to Comp 4 as it is the most recent sale and reconcile at $220,000 for the subject property.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

LAND VALUATION – SALES COMPARISON APPROACH

Estimated Value by Direct Capitalization*			
Estimated Value by Direct Capitalization "R"*			**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$220,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $220,000 for the subject property. (Fee-Simple)**.**

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:

1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an exterior only inspection of the property. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. If in Alabama, this assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.
18. I, the supervisory appraiser of a registered appraiser trainee who contributed to the development or communication of this appraisal, hereby accepts full and complete responsibility for any work performed by the registered trainee appraiser named in this report as if it were my own work.

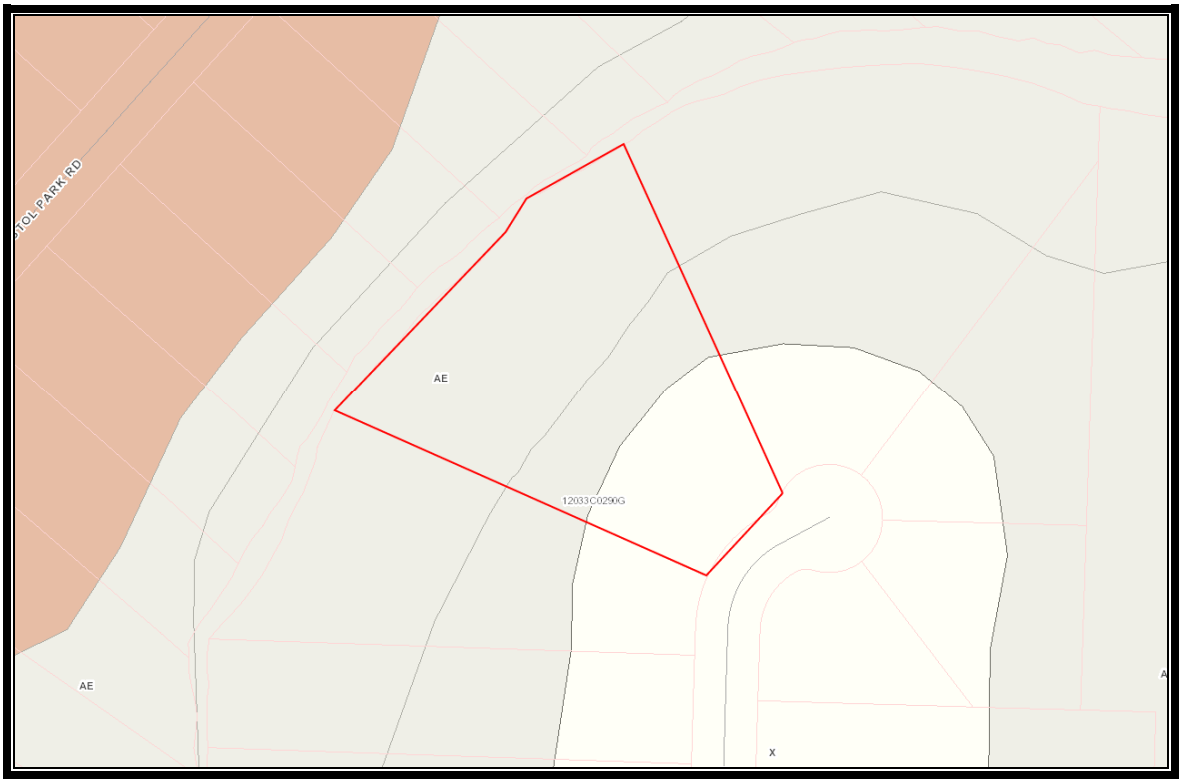
SOIL SURVEY MAP



Number	Soil	Slope %	Drainage	Soil Material and Characteristics
50	Bigbee-Garcon-Fluvaquents complex, flooded	0-2	Excessive to Very Poorly Drained	This map unit consists of the excessively drained Bigbee soil; the somewhat poorly drained Garcon soil, and the very poorly drained Fluvaquents. It is on the flood plains along the Perdido River, Eight-Mile Creek, and Eleven-Mile Creek in the central and northern parts of the county. This map unit is poorly suited to cultivated crops. This map unit is suited to pine and hardwoods. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.
57	Cowarts Troup Complex	12-18	Well Drained	This map unit consists of the very deep, well-drained Cowarts soil and the somewhat excessively drained Troup soil. It is on hill slopes in the central and northern parts of the county. This map unit is suited to slash pine, loblolly pine, and longleaf pine. This map unit is poorly suited to most urban and recreational uses. It is generally not suitable as a site for buildings because of the slope.
99	Wate			

FEMA FLOOD MAP OF SUBJECT PROPERTY

The subject site is contained on FEMA Map Panel 12033C0290G, dated 9/29/2006. According to the map panels, the subject property is located in an “X” and “AE” flood zone.

ESCAMBIA COUNTY FLOOD MAP OF SUBJECT PROPERTY

The grapic above is an excerpt from the Escambia County GIS indicating flood mapping for the subject (outlined in red) and the surrounding area. The Escambia County Flood Map indicates the northwestern bulk portion of the subject property is located in a Flood Zone “AE”, while the southeastern portion of the site is located in a Flood Zone “X”.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Jacob and Amber Hutchins
Address of property adjoining 11-Mile Creek: 3020 Ashbury Lane
Cantonment, FL 32533
Phone Number(s): Jacob: 850-516-8677 Amber: 850-516-8791
Email address (optional): hutchins.jacob@gmail.com
How many years have you lived at this location? 4.5 Yrs.

1. Are you current owner of the property? Yes: ☒ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:

☒ Home flooding:	Depth of flooding: 4 feet 0 inches	
☒ Severe yard flooding of extended duration:	Depth of flooding: 8-10 feet 0 inches	
☐ Severe street flooding of extended duration:	Depth of flooding: _____ feet _____ inches	
☐ Other: _____	Depth of flooding: _____ feet _____ inches	

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☒ No: ☐

4. Are you ~~will to sale~~ willing to sell the County your property to prevent future flooding: Yes: ☒ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☐ No: ☒

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes X No _____

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ 0 - No flood Insurance at time of flood

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? No
If so, how much ICC funds have you received? —
Do you plan on receiving ICC payment? No
If so, how much ICC funds do you plan on receiving? —

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: see attached

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: see attached

DECLARATION AND RELEASE

O.M.B. No. 1660-0002
Expires August 31, 2013

DECLARATON AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

- [x] I am a citizen or non-citizen national of the United States.
- [ ] I am a qualified alien of the United States.
- [ ] Print full name and age of minor child:I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information in an attempt to obtain disaster aid, it is a violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property/place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance; and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank financial or credit data service to release information to FEMA and/or the State upon request.

PRIVACY ACT STATEMENT

AUTHORITY: The Robert T. Stafford Disaster Relief and Emergency Assistance Act as amended, 42 U.S.C. § 5121 -5207 and Reorganization Plan No. 3 of 1978; 4 U.S.C. §§ 2904 and 2906; 4 C.F.R. § 206.2(a)(27); the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) and Executive Order 13411. DHS asks for your SSN pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3325(d) and § 7701(c) (1).
PRINCIPAL PURPOSE(S): This information is being collected for the primary purpose of determining eligibility and administering financial assistance under a Presidentially-declared disaster. Additionally, information may be reviewed internally within FEMA for quality control purposes.
ROUTINE USE(S): The information on this form may be disclosed as generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act of 1974, as amended. This includes using this information as necessary and authorized by the routine uses published in DHS/FEMA - 008 Disaster Recovery Assistance Files System of Records (September 24, 2009, 74 FR 48763) and upon written request, by agreement, or as required by law.
DISCLOSURE: The disclosure of information on this form is voluntary; however, failure to provide the information requested may delay or prevent the individual from receiving disaster assistance.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 2 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0002) **NOTE: Do not send your completed form to this address.**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

BRANTLEY AND ASSOCIATES REAL ESTATE APPRAISAL CORP.

MULTI-PURPOSE APPRAISAL FORM

November 18, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Stacey Ward, Interim Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	3020 Ashbury Lane Cantonment, Florida 32533	B&A Job#:	RE16JP8689
		Effective Date of Value:	November 7, 2016
County:	Escambia	Date of Inspection:	November 7, 2016
Tax Parcel #:	03-1S-31-1800-000-030	Nature of Subject Property:	Single Family Dwelling
Owner:	Jacob T. and Amber S. Hutchins	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of a 45,141 SF parcel improved with a detached 3,937 SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

THREE HUNDRED SIXTY THOUSAND DOLLARS
$360,000
*****SUBJECT TO ASSUMPTIONS AND CONDITIONS*****

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **The subject property is located in a platted subdivision and we were not provided with a survey. The plat map is vague in its description of the subject site and we have made our best efforts to accurately describe the subject property using information gleaned from the Escambia County Tax Assessor's office. We invoke an extraordinary assumption that the subject site exists as described in this analysis.**

2. **We are aware flooding issues have impacted the surrounding area including the subject property. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the subject and surrounding area have been rectified.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

SALE, OPTION, LISTING AND OFFER HISTORY

Comments The most recent transaction involving the subject property occurred on June 28, 2012 when Jacob T. and Amber S. Hutchins acquired the subject property from Trevor B. Seifert, for $290,000 via a Warranty Deed recorded in OR Book 6883, Page 405. Because this transaction occurred several years prior, we have not given it consideration in our current analysis.

NEIGHBORHOOD & MARKET ANALYSIS

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses are located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

PROPERTY DESCRIPTION

Assessment/Taxes	$328,442 / $3,604.94	Utilities	All available
Site Size:	45,141 SF per assessor	Zoning	MDR, Medium Density Residential
FEMA Flood Zone	"X" and "AE"	Soil Type	Excessive to very poorly drained (sloping)
Site Frontage	100-ft Ashbury Lane	Road Type	Typical 2-lane asphalt paved road
Property Type	Detached Single Family	Current Use	Single Family Residential
Building Area (SF)	3,937-SF	Source of Bldg. Area	Appraiser's measurements
Year Built	1998 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	15-years	Rem. Econ. Life	35-years
Bedroom/Bath Count	6-bed / 3-bath	Occupancy	Owner
Quality	Good	Condition	Average
Foundation	Pier	Wall and Roof Covering	Brick and composition shingle roof
Ceiling & Wall Coverings	Finished drywall	Flooring	Wood, carpet, linoleum and ceramic tile flooring
Doors	Metal and glass entry doors	Windows	Insulated windows in aluminum frames
HVAC	Central HVAC	Lighting	Mix of incandescent, recessed and fluorescent fixtures
Appliances & Fixtures	Average quality	Parking	2-Garage

Comments about the subject property: The site slopes down from the adjoining roadway to the rear of the site to a creek that forms the western boundary. The rear portion of the property is overgrown with dense understory. The dwelling is a split level with 4-bedrooms and 2-baths on the main floor and 2-bedrooms and 1-bath on the ground floor. The dwelling features a 394-SF screened porch on the main floor and 394-SF of covered porch on the ground floor. There is a 283-SF bonus room accessed from the garage. This room is fully finished with ceramic tile flooring, painted drywall ceiling and wall coverings and is heated and cooled. As indicated in the pictures, we observed damaged/missing sheetrock in the bonus room which the owner reports as caused by a HVAC leak. The owner reports the leak is repaired. Sheetrock replacement and painting is needed, however these are only minor repairs and would likely be repaired if the property were marketed for sale. We note that some of the interior finishes are dated such as linoleum kitchen countertops, linoleum flooring and wall paper in the master bathroom. The ground floor was renovated in 2014 and has more modern finishes such as ceramic tile flooring. Based on our observation, the dwelling is in average condition and appears to be regularly maintained, we estimate an effective age of 15 years.

HIGHEST AND BEST USE

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling.

THE SALES COMPARISON APPROACH

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.

Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

of Comparable	Gross % Adjustment	24%	$358,170	21%	$356,590	32%	$360,820

Analysis of Sales: The selected comps represent sales of competitive residential dwellings in the subject area. The agent reports seller concessions were paid for Comp 3 and a negative adjustment is applied in the amount of the reported concessions. Comps 1 and 3 are adjusted positively for smaller site areas. A positive adjustment is applied to Comps 2 and 3 for inferior residential views. Adjustments are applied to each comp for differences in effective age. Comps 1 and 2 are adjusted for differences in the number of bathrooms. Adjustments are applied to each comp for differences in gross living area. Adjustments are applied to each comp for differences in amenity when compared to the subject property. The adjusted comps provide a range of values from $356,590 to $360,820 and average $358,527. We give added consideration to Comp 3 as it is the most recent sale and reconcile at a rounded $360,000 for the subject property.

MARKETING AND EXPOSURE TIME

Estimated Value by Direct Capitalization "R"*			**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$360,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $360,000 for the subject property. (Fee-Simple)**.**

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:

1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. If in Alabama this assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.
18. I, the supervisory appraiser of a registered appraiser trainee who contributed to the development or communication of this appraisal, hereby accepts full and complete responsibility for any work performed by the registered trainee appraiser named in this report as if it were my own work.

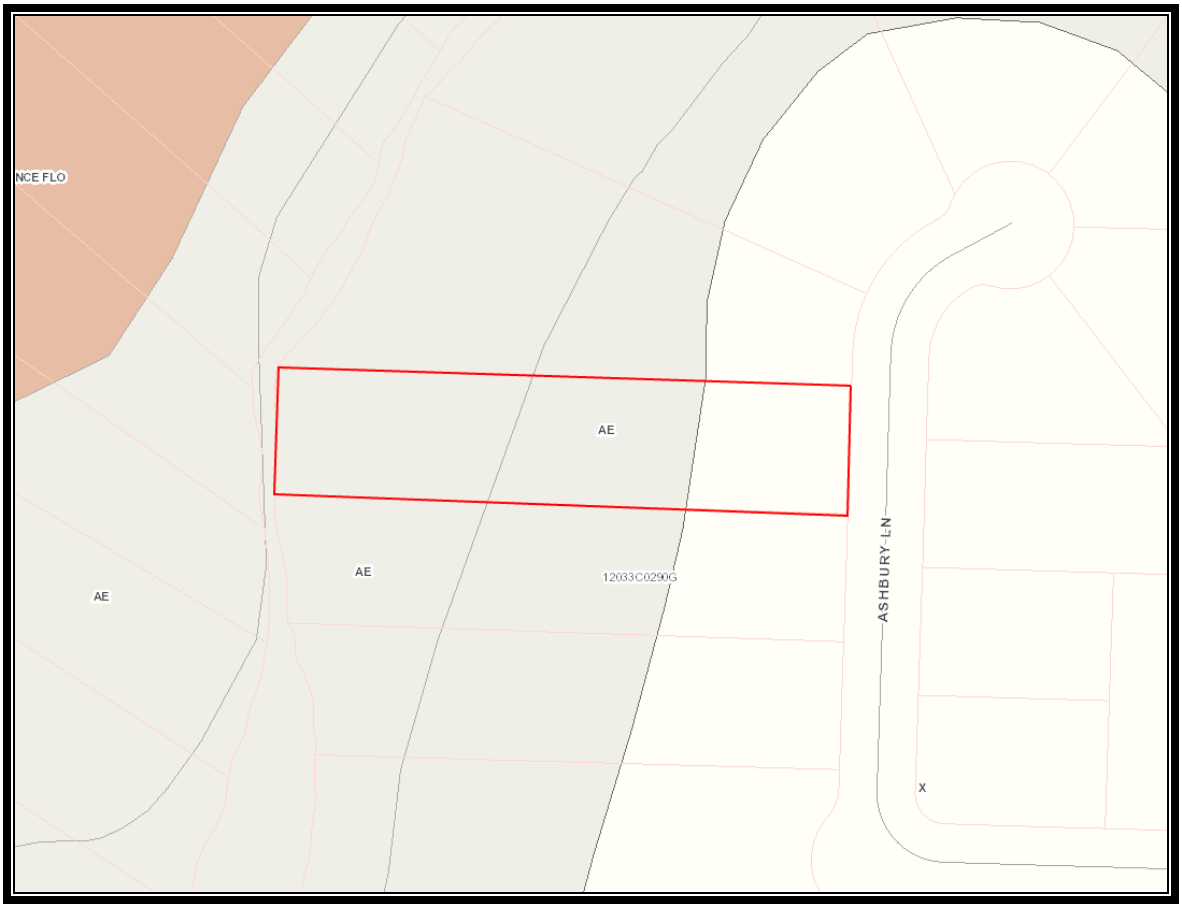
SOIL SURVEY MAP



Number	Soil	Slope %	Drainage	Soil Material and Characteristics
50	Bigbee-Garcon-Fluvaquents complex, flooded	0-2	Excessive to Very Poorly Drained	This map unit consists of the excessively drained Bigbee soil; the somewhat poorly drained Garcon soil, and the very poorly drained Fluvaquents. It is on the flood plains along the Perdido River, Eight-Mile Creek, and Eleven-Mile Creek in the central and northern parts of the county. This map unit is poorly suited to cultivated crops. This map unit is suited to pine and hardwoods. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Rodney P. & Catherine E. Wallace
Address of property adjoining 11-Mile Creek: 3022 Ashbury Lane
Cantonment, FL 32533
Phone Number(s): 484-2715
Email address (optional): RodneyPWallace@hotmail.com
How many years have you lived at this location? 13 1/2 Yrs.

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☐ Home flooding: Depth of flooding: ____ feet ____ inches
   - ☑ Severe yard flooding of extended duration: Depth of flooding: 15 feet ____ inches
   - ☑ Severe street flooding of extended duration: Depth of flooding: 15 feet ____ inches
   - ☐ Other: (NOT IN FRONT OF OUR HOUSE BUT UP THE STREET ALWAYS THE ROAD GOES UNDER WATER IN ANY BIG RAIN EVENT — PREVENTING US FROM GETTING OUT AND EMS/FIRE VEHICLES FROM GETTING TO US). Depth of flooding: ____ feet ____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐ (AS LONG AS IT DOES NOT RESULT IN SPECIAL ASSESSMENTS AGAINST US)

4. Are you will to sale the County you property to prevent future flooding: Yes: ☐ No: ☑ (EXCEPT FOR →)

5. Are you willing to grant an easement (i.e., SELL) of the wetland portion of your property to prevent future flooding of the area? (UP TO 100 FT. – OR N 10,000 SF) Yes: ☑ No: ☐ (FOR A MUTUALLY AGREEABLE SALE PRICE)

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No N/A

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ N/A.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? NO
If so, how much ICC funds have you received? N/A
Do you plan on receiving ICC payment? NO
If so, how much ICC funds do you plan on receiving? N/A

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: N/A

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: N/A

Owner Name: Rodney P. and Catherine E. Wallace

Property Address: 3022 Ashbury Lane Cantonment, FL 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

Sub-Total Cost for Acquisition and Demolition			**$259,895.27**

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

ASSIGNMENT PARAMETERS

Intended User(s): Escambia County

Intended Use: Establish market value for acquisition purposes.

This report is not intended by the appraiser for any other use or by any other user.

Type of Value: Market Value **Effective Date of Value:** 8/15/2016

Interest Appraised: ☒ Fee Simple ☐ Leasehold ☐ Other

Hypothetical Conditions: **(A hypothetical condition is that which is contrary to what exists, but is asserted by the appraiser for the purpose of analysis. Any hypothetical condition may affect the assignment results.)**

Extraordinary Assumptions: **(An extraordinary assumption is directly related to a specific assignment and presumes uncertain information to be factual. If found to be false this assumption could alter the appraiser's opinions or conclusions. Any extraordinary assumption may affect the assignment results.)**

In accordance with Standard Rule 2-2(b) of the Uniform Standard of Professional Appraisal Practice (USPAP), this is a summary appraisal report.

SCOPE OF WORK

Definition: The scope of work is the type and extent of research and analysis in an assignment. Scope of work includes the extent to which the property is identified, the extent to which tangible property is inspected, the type and extent of data research, and the type and extent of analysis applied to arrive at credible opinions or conclusions. The specific scope of work for this assignment is identified below and throughout this report.

Scope of Subject Property Inspection/Data Sources Utilized

Appraiser

Property Inspection: ☒ Yes ☐ No

Date of Inspection: 8/15/2016

Describe scope of Property Inspection, Source of Area Calculations and Data Sources Consulted: Inspected subject property and neighborhood, measured house, researched MLS and public records.

Co-Appraiser

Property Inspection: ☐ Yes ☐ No

Date of Inspection:

Describe scope of Property Inspection, Source of Area Calculations and Data Sources Consulted:

Approaches to Value Developed

Cost Approach:

☐ Is necessary for credible results and is developed in this analysis
☒ Is not necessary for credible results; not developed in this analysis
☐ Is not necessary for credible results but is developed in this analysis

Sales Comparison Approach:

☒ Is necessary for credible results and is developed in this analysis
☐ Is not necessary for credible results; not developed in this analysis
☐ Is not necessary for credible results but is developed in this analysis

Income Approach:

☐ Is necessary for credible results and is developed in this analysis
☒ Is not necessary for credible results; not developed in this analysis
☐ Is not necessary for credible results but is developed in this analysis

Additional Scope of Work Comments: I researched improved sales in the subject's neighborhood for use in comparison purposes with the subject. The comparable sales were adjusted to reflect a value range for the subject property.

Significant Real Property Appraisal Assistance: ☒ None ☐ Disclose Name(s) and contribution:

PUD ☐ Condo ☐ HOA: $ /

Amenities:

Market area description and characteristics: The subject neighborhood is the Pine Forest area with northern boundary of Kingsfield Road, southern boundary being Interstate 10, Highway 29 to the East and I-10 to the West. The expansion of the Navy Federal Credit Union campus and plans for 10,000 employees by 2020 has increased the demand for the area. New growth is occurring west of Navy Federal and prices within the subject's neighborhood are trending upward. There were 387 detached single-family homes sold since January 2015 or about 18 per month with prices ranging from $19,500 to $680,000. There are currently 75 homes listed for sale on MLS with prices ranging from $47,000 to $825,000.

Above Grade Gross Living Area (GLA)

	Living	Dining	Kitchen	Den	Family	Rec.	Bdrms	# Baths	Utility	Other	Area Sq. Ft.
Level 1	1	1	1				4	3	1		2,158
Level 2											

Finished area above grade contains: Bedroom(s): 4 Bath(s): 3 GLA: 2,158

Summarize Above Grade Improvements: The improvements are a good quality one-story residence with a functional floor plan. The property is owner-occupied.

Below Grade Area or Other Area

	Living	Dining	Kitchen	Den	Family	Rec.	Bdrms	# Baths	Utility	% Finished	Area Sq. Ft.
Below Grade											
Other Area											

Summarize below grade and/or other area improvements:

Discuss physical depreciation and functional or external obsolescence: The subject reflects an actual age of 13 years with an effective age of 8 years and a remaining economic life of 52 years. Overall, the physical depreciation appears to be limited to the age/life method of depreciation with no noticeable deferred maintenance noted. No external or functional obsolescence was noted.

Discuss style, quality, condition, size, and value of improvements including conformity to market area: The improvements are a good quality single-family residence that appears to be in good condition. The size and location of the property conform well to the neighborhood.

SITE VALUATION

Site Valuation Methodology

☐ **Sales Comparison Approach:** A set of procedures in which a value indication is derived by comparing the property being appraised to similar properties that have been sold recently, then applying appropriate units of comparison and making adjustments to the sale prices of the comparables based on the elements of comparison. The sales comparison approach may be used to value improved properties, vacant land, or land being considered as though vacant; it is the most common and preferred method of land valuation when an adequate supply of comparable sales are available.

☐ **Market Extraction:** A method of estimating land value in which the depreciated cost of the improvements on the improved property is estimated and deducted from the total sale price to arrive at an estimated sale price for the land; most effective when the improvements contribute little to the total sale price of the property.

☐ **Alternative Method:** (Describe methodology and rationale)

COST APPROACH

Cost Approach Definitions

☐ **Reproduction Cost** is the estimated cost to construct, at current prices as of the effective appraisal date, an exact duplicate or replica of the building being appraised, using the same materials, construction standards, design, layout, and quality of workmanship, and embodying all of the deficiencies, superadequacies, and obsolescence of the subject building.

☐ **Replacement Cost** is the estimated cost to construct, at current prices as of the effective appraisal date, a building with utility equivalent to the building being appraised, using modern materials and current standards, design and layout.

Prior Transfer History	None noted three years prior.	None noted three years prior.		Foreclosure 2015.		None noted three years prior.	

Comments and reconciliation of the sales comparison approach: The three sales were the best comparables for this analysis. The sales reflected an unadjusted price range from $168,000 to $244,850. An upward adjustment was applied to sale three for prior flood stigma of $7,500. An upward site size adjustment of $20,000 was applied to sales two and three for the much smaller lots. An upward adjustment of $3,000 was applied to sales two and three for the lack of a third bathroom. An upward size adjustment of $22,000 or $65/SF was applied to sale two for its smaller size. A downward adjustment of $25,000 was applied to sale one for the screened pool and an upward adjustment of $3,500 was applied to sale two for the lack of a screened porch. Once the sales are adjusted, a narrow range of $216,500 to $219,850 is reflected. Based upon the adjusted sales, I reconcile the subject's value via the sales comparison approach at $218,000.

Indication of Value by Sales Comparison Approach	$ 218,000

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal is subject to the following assumptions and limiting conditions:

- This report is prepared using forms developed and copyrighted by the Appraisal Institute. However, the content, analyses, and opinions set forth in this report are the sole product of the appraiser. The Appraisal Institute is not liable for any of the content, analyses, or opinions set forth herein.
- No responsibility is assumed for matters legal in character or nature. No opinion is rendered as to title, which is assumed to be good and marketable. All existing liens, encumbrances, and assessments have been disregarded, unless otherwise noted, and the property is appraised as though free and clear, having responsible ownership and competent management.
- I have examined the property described herein exclusively for the purposes of identification and description of the real property. The objective of our data collection is to develop an opinion of the highest and best use of the subject property and make meaningful comparisons in the valuation of the property. The appraiser's observations and reporting of the subject improvements are for the appraisal process and valuation purposes only and should not be considered as a warranty of any component of the property. This appraisal assumes (unless otherwise specifically stated) that the subject is structurally sound and all components are in working condition.
- I will not be required to give testimony or appear in court because of having made an appraisal of the property in question, unless specific arrangements to do so have been made in advance, or as otherwise required by law.
- I have noted in this appraisal report any significant adverse conditions (such as needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) discovered during the data collection process in performing the appraisal. Unless otherwise stated in this appraisal report, I have no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and have assumed that there are no such conditions and make no guarantees or warranties, express or implied. I will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because I am not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable public and/or private sources that I believe to be true and correct.
- I will not disclose the contents of this appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and/or applicable federal, state or local laws.
- The Client is the party or parties who engage an appraiser (by employment contract) in a specific assignment. A party receiving a copy of this report from the client does not, as a consequence, become a party to the appraiser-client relationship. Any person who receives a copy of this appraisal report as a consequence of disclosure requirements that apply to an appraiser's client, does not become an intended user of this report unless the client specifically identified them at the time of the assignment. The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
- If this valuation conclusion is subject to satisfactory completion, repairs, or alterations, it is assumed that the improvements will be completed competently and without significant deviation.

VALUE DEFINITION

☒ **Market Value Definition (below)** ☐ **Alternate Value Definition (attached)**

MARKET VALUE is defined as the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

APPRAISER CERTIFICATION

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analysis, opinions, and conclusions are limited only by the report assumptions and limiting conditions, and are my personal, unbiased professional analysis, opinions, and conclusions.
- I have no present (unless specified below) or prospective interest in the property that is the subject of this report, and I have no (unless specified below) personal interest with respect to the parties involved.
- I have no bias with respect to any property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon the developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analysis, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.
- Individuals who have provided significant real property appraisal assistance are named below. The specific tasks performed by those named are outlined in the Scope of Work section of this report.

  ☒ None ☐ Name(s)

  As previously identified in the Scope of Work section of this report, the signer(s) of this report certify to the inspection of the property that is the subject of this report as follows:

  Property inspected by Appraiser ☒ Yes ☐ No

  Property inspected by Co-Appraiser ☐ Yes ☐ No

- Services provided, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment: ☒ None ☐ Specify services provided:

ADDITIONAL CERTIFICATION FOR APPRAISAL INSTITUTE MEMBERS

Appraisal Institute Designated Member, Candidate for Designation, or Practicing Affiliate Certify:

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No X

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ 0

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? No
If so, how much ICC funds have you received? 0
Do you plan on receiving ICC payment? No
If so, how much ICC funds do you plan on receiving? 0

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: 0

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: 0

Owner Name:	Property Address:
Patricia Hintz	3925 Bentwood Lane, Cantonment FL 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

DECLARATION AND RELEASE

O.M.B. No. 1660-0002
Expires August 31, 2013

DECLARATION AND RELEASE

In order to be eligible to receive FEMA Disaster Assistance, a member of the household must be a citizen, non-citizen national or qualified alien of the United States. **Please read the form carefully, sign the sheet and return it to the Inspector, and show him/her a current form of photo identification.** Please feel free to consult with an attorney or other immigration expert if you have any questions.

I hereby declare, under penalty of perjury that (check one):

- [x] I am a citizen or non-citizen national of the United States.
- [ ] I am a qualified alien of the United States.
- [ ] Print full name and age of minor child. I am the parent or guardian of a minor child who resides with me and who is a citizen, non-citizen national or qualified alien of the United States. Print full name and age of minor child: _____

By my signature I certify that:

* Only one application has been submitted for my household.
* All information I have provided regarding my application for FEMA disaster assistance is true and correct to the best of my knowledge.
* I will return any disaster aid money I received from FEMA or the State if I receive insurance or other money for the same loss, or if I do not use FEMA disaster aid money for the purpose for which it was intended.

I understand that, if I intentionally make false statements or conceal any information I may be guilty of violation of federal and State laws, which carry severe criminal and civil penalties, including a fine up to $250,000, imprisonment, or both (18 U.S.C. §§ 287, 1001, and 3571).

I understand that the information provided regarding my application for FEMA disaster assistance may be subject to sharing within the Department of Homeland Security (DHS) including, but not limited to, the Bureau of Immigration and Custom Enforcement.

I authorize FEMA to verify all information given by me about my property, place of residence, income, employment and dependents in order to determine my eligibility for disaster assistance, and

I authorize all custodians of records of my insurance, employer, any public or private entity, bank, financial or credit data service to release information to FEMA and/or the State upon request.

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

MULTI-PURPOSE APPRAISAL FORM

November 15, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Stacey Ward, Interim Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	3925 Bentwood Lane Cantonment, Florida 32533	B&A Job#:	RE16JP8697
		Effective Date of Value:	November 4, 2016
County:	Escambia	Date of Inspection:	November 4, 2016
Tax Parcel #:	03-1S-31-4100-000-016	Nature of Subject Property:	Single Family Dwelling
Owner:	Patricia D. Hintz	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of a 4.03-acre parcel improved with a detached 2,092-SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

TWO HUNDRED THOUSAND DOLLARS
$200,000
*****SUBJECT TO ASSUMPTIONS AND CONDITIONS*****

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **We are aware flooding issues have impacted the surrounding area. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the subject and surrounding area have been rectified.**
2. **The legal description contained in the most recent deed is vague in its description of the size of the subject site and we have made our best efforts to accurately describe the subject property using information gleaned from the Escambia County Tax Assessor's office. We invoke an extraordinary assumption that the subject site exists as described in this analysis.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

SALE, OPTION, LISTING AND OFFER HISTORY

Comments The most recent arm's length transaction involving the subject property occurred on October 9, 1990 when Patricia D. and Mark W. Hintz acquired the subject property from Eva G. and Edward D. Cook for $90,000 via a Warranty Deed recorded in OR Book 2920, Page 5. Because this transfer of the subject property occurred more than 26 years prior we have not given it consideration in our current analysis. Subsequent to this transaction, on February 11, 2013, Mark W. Hintz, quitclaimed his interest in the subject property to Patricia D. Hintz in a Quitclaim Deed recorded in OR Book 6974, Page 523 and corrected in OR Book 7024, Page 406. Because this was not an arm's length transaction, we have not given it consideration in our current analysis.

NEIGHBORHOOD & MARKET ANALYSIS

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses are located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

PROPERTY DESCRIPTION

Assessment/Taxes	$157,516 / $1,015.95	Utilities	All available except public sewer
Site Size:	4.03-acres per assessment	Zoning	R-R, Rural Residential
FEMA Flood Zone	"X" and "AE"	Soil Type	Excessive to very poorly drained
Site Frontage	124.9-ft Bentwood Lane	Road Type	Typical, 2-lane asphalt paved, county maintained private road
Property Type	Detached Single Family	Current Use	Single Family Residential
Building Area (SF)	2,092-SF	Source of Bldg. Area	Appraiser's measurements
Year Built	1980 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	30-years	Rem. Econ. Life	30-years
Bedroom/Bath Count	3-bed / 2-bath	Occupancy	Owner
Quality	Average	Condition	Average
Foundation	Concrete	Wall and Roof Covering	Brick exterior and composition shingle roof
Ceiling & Wall Coverings	Finished drywall, wood paneling	Flooring	Carpet and ceramic tile flooring
Doors	Metal and glass entry doors	Windows	Insulated windows in aluminum frames
HVAC	Central HVAC	Lighting	Mix of incandescent and fluorescent fixtures
Appliances & Fixtures	Average quality	Parking	Drive only

Comments about the subject property: The subject site has a level to rolling topography and slopes down toward Eleven Mile Creek, which forms a portion of the northern boundary offering scenic views of the creek. We observed steep slopes in the area of Eleven Mile Creek, however the bulk of the site was suitable for development. The property owner recently had a retaining wall built along a portion of the creek near the dwelling with a stairway down to the creek. The property features an in-ground pool, an enclosed porch, a wood deck and an outbuilding. These structures were in average condition. The dwelling appears dated with few recent upgrades to the interior. There is a large sunroom that is fully finished and included in the heated and cooled space. The owner reports the plumbing was replaced in 2011 and the HVAC in 2012. Overall, we found the dwelling to be in average condition with minor issues of deferred maintenance including water stains on a bedroom ceiling and a bedroom wall. The owner reports the roof leak has been repaired but the ceiling hasn't been repainted. She tells us the water stain on the wall is from an aquarium and the wall hasn't been repainted. These issues are minor and are typical of dwellings the age of the subject. We also see a freestanding screened enclosure near the rear of the house that we rate to be in fair condition with damage to the roof and entry door.

HIGHEST AND BEST USE

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling on large acreage tract.

THE SALES COMPARISON APPROACH

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.

Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

of Comparable	Gross % Adjustment	17%	$197,300	17%	$201,510	26%	$195,575	60%	$199,575

Analysis of Sales: The selected comps represent sales and a listing of competitive residential dwellings in the subject area. The agent reports seller paid concessions for Comp 2 and a negative adjustment is applied. Comp 4 is an active listing and we have applied a negative adjustment to account for negotiations. Three comps are adjusted positively for inferior views. Comp 4 is adjusted positively for inferior design and appeal and also for inferior quality of construction. Three comps are adjusted for differences in effective age when compared to the subject. One comp is adjusted for additional bathrooms. Adjustments are applied to each comp to account for differences in gross living area. Three comps have superior parking characteristics and a negative adjustment is applied to each. Each comp is adjusted for differences in amenity when compared to the subject property. The adjusted comps provide a range of values from $195,575 to $201,510 and average $198,490. We reconcile at a rounded $200,000 for the subject property, giving added weight to the most recent sale.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

LAND VALUATION – SALES COMPARISON APPROACH

Estimated Value by Direct Capitalization*			
Estimated Value by Direct Capitalization "R"*			**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$200,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $200,000 for the subject property. (Fee-Simple)**.**

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

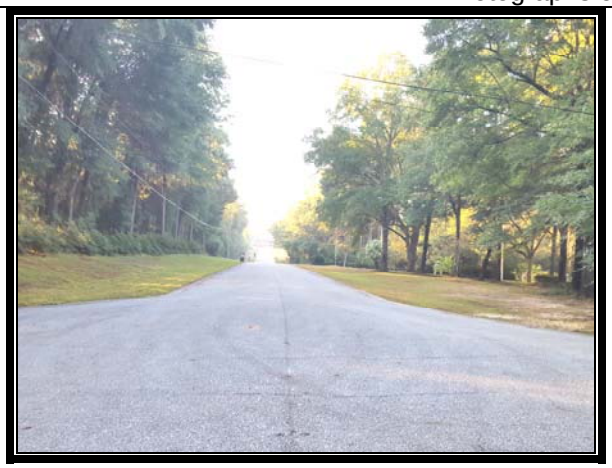
This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:



1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. If in Alabama, this assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.
18. I, the supervisory appraiser of a registered appraiser trainee who contributed to the development or communication of this appraisal, hereby accepts full and complete responsibility for any work performed by the registered trainee appraiser named in this report as if it were my own work.

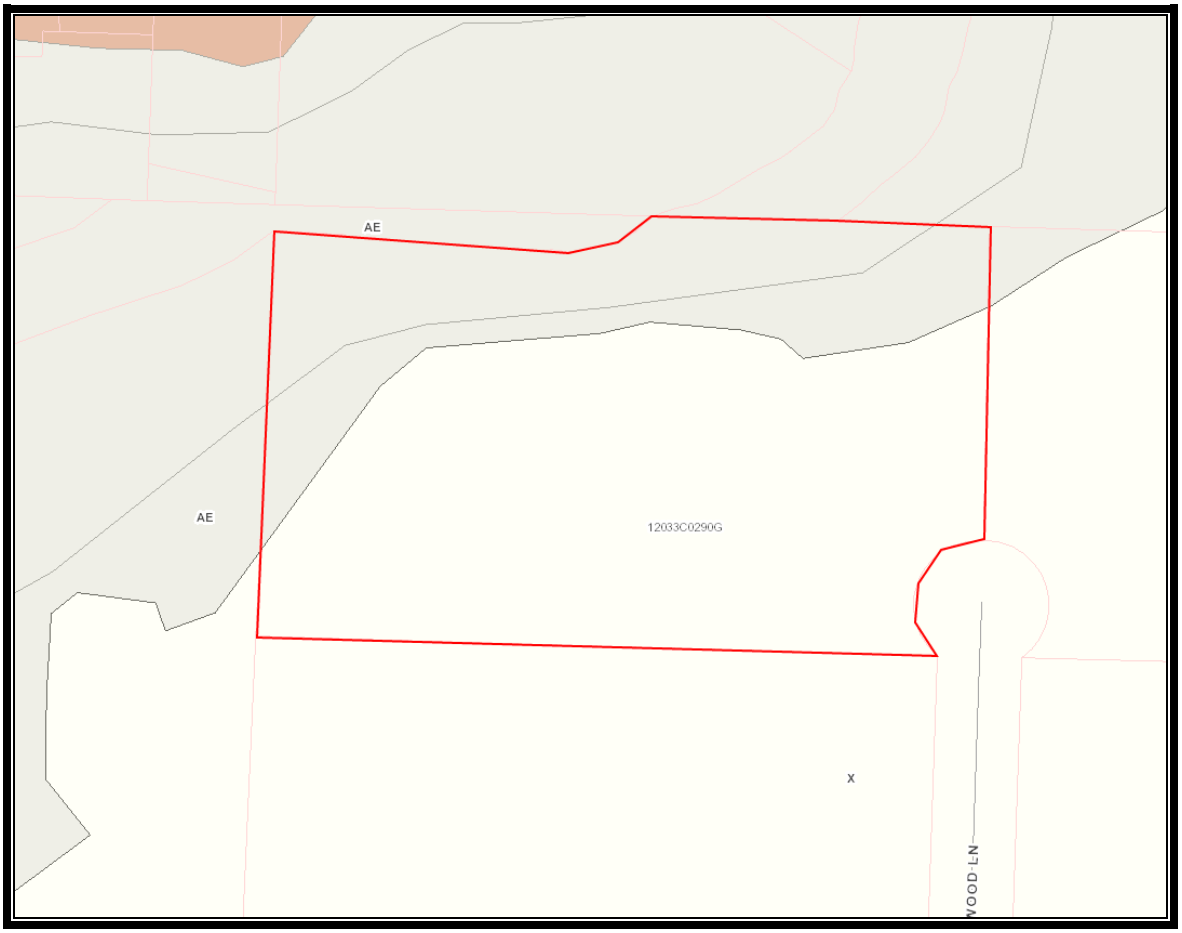
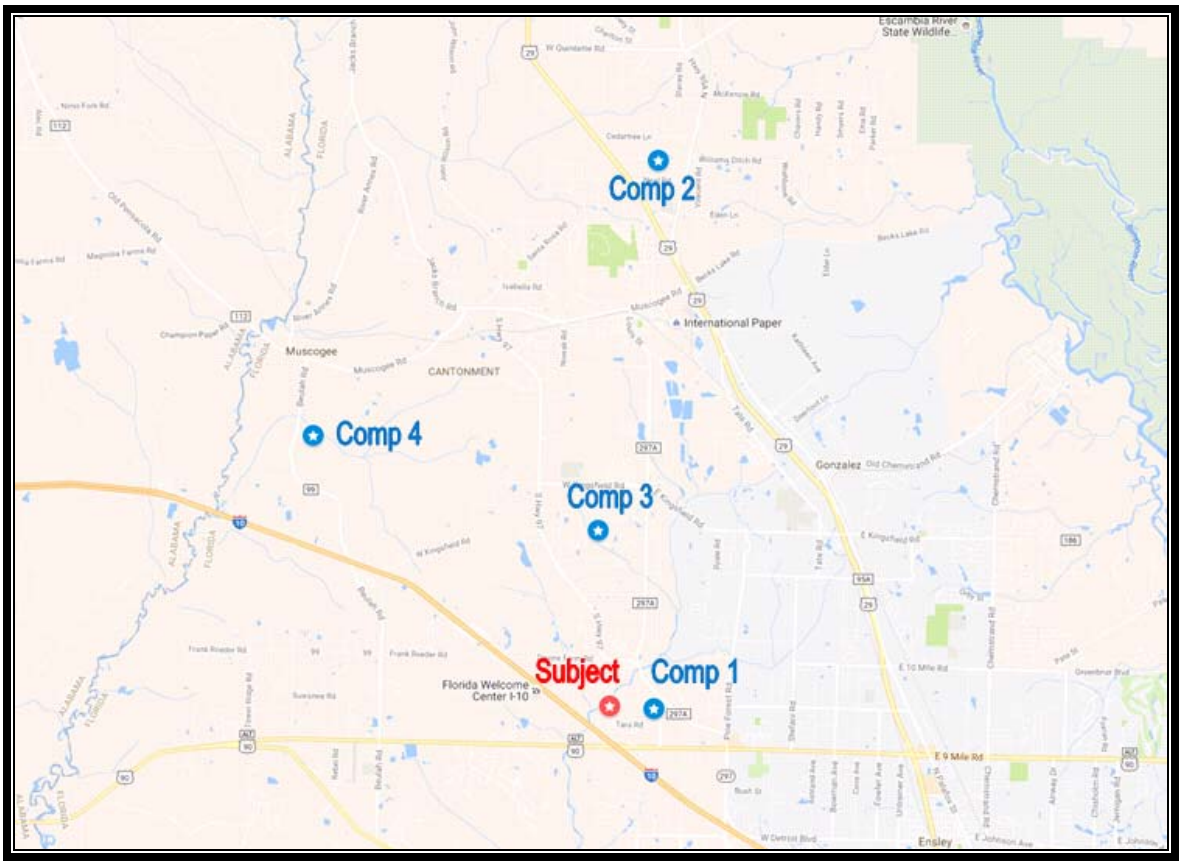
SOIL SURVEY MAP



Number	Soil	Slope %	Drainage	Soil Material and Characteristics
50	Bigbee-Garcon-Fluvaquents complex, flooded	0-2	Excessive to Very Poorly Drained	This map unit consists of the excessively drained Bigbee soil; the somewhat poorly drained Garcon soil, and the very poorly drained Fluvaquents. It is on the flood plains along the Perdido River, Eight-Mile Creek, and Eleven-Mile Creek in the central and northern parts of the county. This map unit is poorly suited to cultivated crops. This map unit is suited to pine and hardwoods. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.
54	Troup-Poarch complex	8-12	Somewhat excessive	Located on strongly sloping hillsides in Central and Northern Escambia County. The soil is found on shoulder slopes and upper side slopes. Has moderate water capacity, moderately slow water permeability and does not flood. Not suitable for cultivated crops, urban or recreational uses due to sandy texture and poor septic ability during wet periods. Suited to pasture use, growth of hay, and slash, loblolly and longleaf pines.
99	Water			

FEMA FLOOD MAP OF SUBJECT PROPERTY



The subject site is contained on FEMA Map Panel 12033C0290G, dated 9/29/2006. According to the map panels, the subject property is located in an “X” flood zone and an “AE” flood zone.

ESCAMBIA COUNTY FLOOD MAP OF SUBJECT PROPERTY

The grapic above is an excerpt from the Escambia County GIS indicating flood mapping for the subject (outlined in red) and the surrounding area. The Escambia County Flood Map indicates the southeastern bulk portion of the subject property is located in a Flood Zone “X”, while a portion in the northwest and along the northern boundary is located in a Flood Zone “AE” .

FLOODING QUESTIONNAIRE
FOR
11-Mile Creek Flood Plain Restoration

Did you experience drainage problems during the April 2014 storm event or are you aware of the flooding? If yes, please complete the following questionnaire to the best of your knowledge. Escambia County has been awarded a Hazard Mitigation Grant (HMGP) grant to acquire and demolish single-family residences in the area of Bristol Park and Ashbury Hills area adjacent to 11-Mile Creek located in the Special Flood Hazard Zone. We are in the process of acquisition of those properties listed in the HMGP grant, potential properties to be amended for inclusion in the grant, and properties to develop a creek restoration and flood plain expansion project. The project intent is to reduce historical flooding problems, convert the land or easements to deed-restricted open space, allowing flood water to be stored in the area of acquired property. Successful acquisition will lead to a comprehensive approach to mitigate flooding, restore floodplain, and reduce the overall flood stage for 11-Mile Creek

The purpose of this questionnaire is to determine if you are willing participant in the overall flood solution, so the project can further proceed to design. Your willingness to participate is needed before the County can complete the grant amendment request and move forward with a conceptual design.

Property Owner Name(s): Steven McKittrick
Address of property adjoining 11-Mile Creek: 9940 Bristol Park Rd
Cantonment FL 32533
Phone Number(s): 850 313 6949
Email address (optional): spmckitt@gmail.com
How many years have you lived at this location? 9 mos. ~~Yrs.~~

1. Are you current owner of the property? Yes: ☑ If no, please provide contact information of the owner above.

2. What type(s) of flooding have you experienced? Select and describe below:
   - ☐ Home flooding: Depth of flooding: _____ feet _____ inches
   - ☐ Severe yard flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Severe street flooding of extended duration: Depth of flooding: _____ feet _____ inches
   - ☐ Other: N/A Depth of flooding: _____ feet _____ inches

3. Are you willing to participate in an overall solution to flooding in the Bristol Park, Bristol Creek, Ashbury Hills subdivisions area of 11-Mile Creek? Yes: ☑ No: ☐

4. Are you will to sale the County you property to prevent future flooding: Yes: ☑ No: ☐

5. Are you willing to grant an easement of the wetland portion of your property to prevent future flooding of the area? Yes: ☑ No: ☐

Mail the completed questionnaire to the address listed above to attention Terri Berry, Chris Curb, or Stacey Ward. Responses to this questionnaire provide the Escambia County Engineering Department with valuable information to proceed with this project. Please feel free to contact us at the number listed above.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes __1__ No _____

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ __0__.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? NA
If so, how much ICC funds have you received? _____
Do you plan on receiving ICC payment?_____
If so, how much ICC funds do you plan on receiving?_____

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: NA

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: NA

Owner Name:
Steve McKitfrick

Property Address:
9940 Bristol Park Rd

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

Duplication of Benefits

The Federal Emergency Management Agency has adopted a policy that prohibits duplication of benefits in the Hazard Mitigation Assistance Program that includes Flood Mitigation Assistance grants. The policy was developed in response to federal regulations that dictate the use of the primary funds used to mitigate property. The Federal Emergency Agency (FEMA) provides the following specific instructions in the Hazard Mitigation Assistance Program Guidelines for mitigation projects.

> In the administration of Flood Mitigation Assistance Program (FMA) grants, FEMA and the grantee should avoid any duplication of benefits with other forms of assistance. FEMA's policy on duplication of benefits for individuals and families is mandated by Section 312 of the Stafford Act and is set forth in 44 CFR 206.191. This Section of the FEMA regulations delineates a delivery sequence establishing the order in which the disaster relief agencies and organizations provide assistance to individuals and families. Programs listed later in the sequence are responsible for ensuring that they do not duplicate assistance which should be provided by a program listed earlier on the list (the program with primary responsibility).
>
> In the case of flood-damaged property programs (Section 1362, Section 404, etc.), they are not listed in the delivery sequence, and therefore are positioned after the eight listed programs. This means that all eight programs listed in the sequence at 44 CFR 206.191 (d) are "primary programs" in relation to mitigation grant programs. The Flood Mitigation Assistance program is required to ensure that it does not duplicate assistance which should be provided by any of the eight primary assistance programs.

Certification of Funds Used

Receipt of or pending receipt of the following benefit amounts must be disclosed to the State of Florida

1. SBA Loans - A property owner who has an SBA loan on the property being acquired will either be required to repay the loan to SBA, or roll it over to a new property at closing. Yes _____ No X

2. Flood Insurance for Structure Repairs - That portion of a flood insurance payment that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property being acquired. If flood insurance funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount reinvested is $ none.

3. Increased Cost of Compliance -The NFIP Increased Cost of Compliance (ICC) claim payment from a flood event may be used to contribute to the non-Federal cost-share requirements so long as the claim is made within the timelines allowed by the NFIP. ICC payments can only be used for costs that are eligible for ICC benefits; for example, ICC cannot pay for property acquisition, but can pay for structure demolition or relocation. In addition, Federal funds cannot be provided where ICC funds are available; if the ICC payment exceeds the required non-Federal share, the Federal funding award will be reduced to the difference between the cost of the activity and the ICC payment.
Have you received ICC payments? No
If so, how much ICC funds have you received? none
Do you plan on receiving ICC payment? No
If so, how much ICC funds do you plan on receiving? none

4. FEMA Individual Family Grant and Emergency Minimal Repair Grant (EMR) - That portion of an IFG grant that a property owner has received or is eligible to receive intended to cover structural repairs to the property being acquired will be deducted from the purchase price of the property. Additionally, grants received from FEMA as part of Temporary Housing Assistance Program to quickly repair or restore owner-occupied primary residences to habitable and safe condition will be deducted from the purchase price of the property. If the funds have been reinvested into repairs to the property, this amount will not be deducted. Proof of reinvestment can be supplied through receipts for materials and/or labor, or through on-site verification. Amount received: none

5. FEMA Disaster Housing - FEMA Disaster Housing money received by the property owner will not be deducted if the property owner has used the grant for housing related expenses. These can include: transient accommodations while an existing home is being elevated or relocated; combining it with other funds to make more substantial home repairs; minor home repairs made to make a home more livable prior to a buyout offer; down payments toward the purchase of a new home; moving expenses; closing costs; insurance; and deposits. Amount received: none

Owner Name:	Property Address:
Wilbert K. Altman	2701 Wood Breeze Drive Cantonment, Fl. 32533

I hereby certify that the SBA Loans, Flood Insurance for Structure Repairs, FEMA Individual and Family Grant, Emergency Minimal Repair Grant (EMR) and FEMA Disaster Housing benefits defined above have been accurately reported and that the amounts not used for the purposes identified above have been fully disclosed.

Notes

1. Based on RSMEANS-Residential Cost Data 2014. SF and SY estimates based on Property Appraiser house layouts. 6% escalation used to bring 2014 RSMEANS numbers to 2017 values.

2. Lump sum/percentage of construction cost, based on RSMEANS- Residential Cost Data 2014 and Escambia County Permitting Information.

3. Costs are based on RSMEANS values and guidance provided from the Association for the Advancement of Cost Engineering for cost estimate classification accuracy.

4. Closing costs represent an estimate of the sellers responsibility and are based on estimated percentages of the Independent Appraiser assessed value. Property taxes are estimated based on 2016 taxes due.

MULTI-PURPOSE APPRAISAL FORM

September 8, 2016

TO INTENDED USER & CLIENT:	Escambia County Attn.: Mrs. Kara Johnson, Real Estate Acquisition Manager
ADDRESS:	3363 W. Park Place Pensacola, FL 32505
PHONE NUMBER:	850-595-1882

REGARDING THE APPRAISAL OF:

Address:	2701 Woodbreeze Drive Cantonment, Florida 32533	B&A Job#:	RE16JP8635
		Effective Date of Value:	September 6, 2016
County:	Escambia	Date of Inspection:	September 6, 2016
Tax Parcel #:	03-1S-31-1500-013-002	Nature of Subject Property:	Single Family Dwelling
Owner:	Wilbert L. and Alice F. Altman	Property Rights Appraised:	Fee Simple

SUBJECT PROPERTY

The subject property is comprised of an 18,663 SF parcel improved with a detached 2,258 SF single-family residence.

Dear Sir or Madame:

At your request, we have inspected the above referenced property for the purpose of obtaining an opinion of its market value as of the effective date. By reason of our inspection and analysis, which is described in the accompanying appraisal report, we are of the opinion that the market value of the stated property rights in the subject property as of the effective date is:

FINAL VALUE OPINIONS

ONE HUNDRED NINETY THOUSAND DOLLARS
$190,000

The above value opinion is subject to the limiting conditions and general assumptions contained in this appraisal, plus the following extraordinary assumptions and/or hypothetical conditions. The reader is alerted that the deployment of extraordinary assumptions or limiting conditions can significantly affect the value opinion.

EXTRAORDINARY ASSUMPTIONS AND/OR HYPOTHETICAL CONDITIONS

1. **We are aware flooding issues have impacted the surrounding area. Our value is predicated on the extraordinary assumption that the flooding issues that impacted the surrounding area have been rectified and no flood stigma exists.**

We are attaching our appraisal analysis, which contains certain factual data and opinions formed in making the value estimate. This appraisal has been made in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) and with the Code of Professional Ethics of the Appraisal Institute. This report is intended to comply with the reporting requirements set forth under the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. As such, it presents only discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's files. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated herein. The appraiser is not responsible for unauthorized use of this report. This appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount that would result in the approval of a loan.

In order to minimize the expense of the appraisal, the client has requested the appraiser to limit the reporting to as brief of a format as possible and to limit the valuation procedures to only those necessary to produce a credible appraisal report sufficient for the intended use of the appraisal, which is for valuation purposes. Based upon the nature of the subject property and the comparable data available, the appraiser has selected the valuation techniques deployed in this document. Valuation techniques that are not used are grayed out.

SALE, OPTION, LISTING AND OFFER HISTORY

Comments The most recent arm's length transaction involving the subject property occurred on August 2, 2003 when Wilbert L. and Alice F. Altman acquired the subject property from Marion L. and Joyce E. Shaffer for $168,900 via a Warranty Deed recorded in OR Book 5219, Page 0207.

NEIGHBORHOOD & MARKET ANALYSIS

Comments: The subject neighborhood is located just north of Pensacola, FL and is bound to the west by the Alabama state line, to the north by the rural areas of North Escambia County, to the east by US Hwy 29 and to the south by Michigan Ave. The area is a suburban location to the more populous areas in the City of Pensacola. This is a popular area and there is abundant residential and commercial growth seen throughout the neighborhood. The primary traffic corridor through the neighborhood is W 9 Mile Road. Commercial uses area located along 9 Mile Road while residential development is typically seen in neighborhoods located off of the primary roadways. Residential support services are seen throughout the neighborhood including, retail, grocery, convenience stores, hospitals, doctors and professional offices.

PROPERTY DESCRIPTION

Assessment/Taxes	$165,041 / $1,517.44	Utilities	All available
Site Size:	18,663 SF per plat	Zoning	MDR, Medium Density Residential
FEMA Flood Zone	"X"	Soil Type	Garcon-Bigbee-Yemassee complex, occasionally flooded (poorly drained) and Hurricane and Albany soils (somewhat poorly)
Site Frontage	35.29-ft Woodbreeze Dr	Road Type	Typical 2-lane asphalt paved roads
Property Type	Detached Single Family	Current Use	Single Family Residential
Building Area (SF)	2,258-SF	Source of Bldg. Area	Appraiser's measurements
Year Built	1989 (per Assessment)	Conformance to Zoning	Conforming
Effective Age	15-years	Rem. Econ. Life	45-years
Bedroom/Bath Count	3-bed / 2.5-bath	Occupancy	Owner
Quality	Average	Condition	Average
Foundation	Concrete	Wall and Roof Covering	Brick exterior and composition shingle roof
Ceiling & Wall Coverings	Finished drywall	Flooring	Carpet, linoleum and ceramic tile
Doors	Wood, metal and glass entry doors	Windows	Insulated windows in aluminum frames
HVAC	Central HVAC	Lighting	Mix of incandescent, recessed and fluorescent fixtures
Appliances & Fixtures	Average quality	Parking	2-Garage

Comments about the subject property: The site is level throughout. The site is dry and appears to have benefitted from prior fill activity. There is wood privacy fencing along the rear boundary that fronts on Highway 297. The road noise was evident from this location. We found the exterior of the dwelling to be in average condition with minor deferred maintenance. The interior of the dwelling was in average condition but appears dated in comparison to some of the comparables. Minor items of deferred maintenance evident during our inspection were wood rot around a door frame leading into the garage and water staining along the front wall in the living room at the fireplace. We estimate an effective age of 15 years despite its actual age of 27 years due to adequate maintenance. The dwelling also features a 431 SF two car garage, and a 300 SF patio and a 20 SF covered entry. Our photography includes the exterior door frame to the garage and the stained sheetrock along the living room ceiling.

HIGHEST AND BEST USE

Comments: Based on the zoning classification, the specific design of the structure, and the surrounding uses the maximally productive use of the subject is deemed to be to for continued occupancy as a single family residential dwelling.

THE SALES COMPARISON APPROACH

The Sales Comparison Approach relies upon the principle of substitution, which asserts that no person is justified in paying more for a property then the price of purchasing a similar property of equal utility on the open market. The Sales Comparison Approach is much like the approach taken by buyers who consider several offerings of properties before deciding to purchase a particular property. We have gathered several sales and listings of comparable properties within the subject's general area, but have relied upon the most similar comps in arriving at an indication of value for the subject. Data sheets relative to these comps are attached.

Below are sales comparison grid(s) that summarize the amenities of the subject property and those of the comps that are perceived to cause variation in price. A unit of comparison is identified in the grid(s). A unit of comparison is a component into which price is divided to facilitate comparison. Typical units of comparison employed by appraisers are price per square foot, price per acre, price per front foot, price per square foot of building area, price per room, etc. The function of the selected unit of comparison is to automatically adjust the comps for size.

The grid also summarizes adjustments made by the appraiser to arrive at an indicated value of the subject property. Adjustments are applied to the calculated unit of comparison to account for observed differences between the subject and the comps. In making adjustments, the appraiser has assumed the subject property to be the market standard. When the amenities of a particular comparable sale exceed those of the subject, the sale price of the comparable sale has been reduced or adjusted downward. When the reverse is true and the comparable sale is inferior to the subject, the sale price of the comparable sale is increased. The reader should note that the magnitudes of the adjustments deployed are supported by hundreds of similar grids that the appraiser has prepared over the course of the last 30 years as a full time appraiser. The grids from the last thirteen of these years are preserved in the Appraisers files and serve to repetitively isolate the same or similar elements of comparison within the same or similar submarkets. Thus, hundreds of comparison grids exist in the appraiser's files that effectively contain hundreds of paired sales which support a relatively tight range for the percentage impacts upon price caused by the dissimilarities dealt with in our analysis of the subject property.
Following are the adjustment grids.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

IMPROVED RESIDENTIAL SALES COMPARISON APPROACH

Select Unit of Comparison: Total Price

Justification for Unit of Comparison: Whole transactions are typical in the marketplace.

of Comparable	Gross % Adjustment	4%	$189,600	14%	$186,500	15%	$191,125	18%	$186,825

Analysis of Sales: The selected comps represent sales of competitive residential dwellings in the subject area. Comps 3 and 4 have superior locations that back up to a greenbelt and offer an insulated buffer, thus a negative adjustment is applied. Comps 3 and 4 have superior interior finishes and are adjusted negatively. Comps 2, 3 and 4 have lower effective ages and we apply a negative adjustment. As discussed we saw minor items of deferred maintenance which are typical of dwellings with a similar effective age as the subject. Comps 2, 3 and 4 were in superior condition and each is adjusted negatively based on our estimation of a cost to cure the subject's minor deferred maintenance. A positive adjustment is applied to each of the comps for differences in the number of bathrooms. Comps 1, 2 and 3 are adjusted to account for differences in gross living area. Adjustments are applied to three of the comps to account for differences in amenity when compared to the subject property. The adjustment to Comp 3 is modest as the sunroom is included in the gross living area and the adjustment accounts for the deck, outbuilding and fireplace. Also Comp 1 is not adjusted because the sunroom is included in the gross living area. The adjusted comps provide a range of values from $186,500 to $191,125 and average $188,512. We reconcile at a rounded $190,000 for the subject property.

MARKETING AND EXPOSURE TIME

The marketing period is estimated at: six to twelve months	The exposure period is estimate at: six to twelve months

Estimated Value by Direct Capitalization*		
Estimated Value by Direct Capitalization "R"*		**$ -**

Comments on Income, Rents, etc. We have not utilized an Income Capitalization Approach or a Rent Multiplier Approach in this appraisal of a single-family residence because: (1) there is an inadequate number of comparables in the marketplace that have sold while rented in order to produce indications of a credible multiplier AND/OR (2) the market indications for the multiplier are so divergent and occupy such a wide range as to be inconclusive AND/OR (3) the motivations of buyers and sellers in the market place are not for investment/income production, but rather for occupancy and amenity.

Vacancy Expenses and Cap Rate: n/a

Analysis of income data and reconciliation: n/a

FINAL RECONCILIATION

The indications of value by the various approaches are:

Sales Comparison:	$190,000
Income	Not Used
Cost	Not Used

With all weight placed on the sales comparison approach, as it is the most applicable approach, we reconcile at $190,000 for the subject property. (Fee-Simple)**.**

DEFINITION OF MARKET VALUE

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1) **buyer and seller are typically motivated;**
2) **both parties are well informed or well advised and each acting in what they consider their own best interests;**
3) **a reasonable time is allowed for exposure in the open market;**
4) **payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and**
5) **the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.**

(USPAP, as promulgated by the Appraisal Standards Board of the Appraisal Foundation (1/1/12-12/31/13).)

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. **.This is an Appraisal Report, as defined by Standard Rule 2 of the Uniform Standards of Professional Appraisal Practice. Supporting documentation concerning the data, reasoning and analyses is retained in the appraiser's file. The information contained in the report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.**
2. **No responsibility is to be assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.**
3. **The property is appraised free and clear of all liens and encumbrances unless otherwise stated in this report.**
4. **Responsible ownership and competent property management are assumed unless otherwise stated in this report.**
5. **The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.**
6. **All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.**
7. **It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.**
8. **It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.**
9. **It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.**
10. **It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.**
11. **Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied.**
12. **It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property descried and that there is no encroachment or trespass unless otherwise stated in this report.**
13. **The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.**
14. **Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.**
15. **Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.**
16. **The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.**
17. **Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.**
18. **Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.**

SCOPE AND EXTENT OF DATA COLLECTION AND ANALSIS

The SCOPE of the appraisal encompasses the necessary research and analysis to prepare a report in accordance with the intended use. Primary data concerning region, neighborhood and the property was obtained through discussions with city and county government officials, County Property Appraiser, Planning and Zoning Department, County Public Records, County Tax Collector, GIS and aerial maps and local utility companies. Secondary data was obtained from the Chamber of Commerce, Realtor Publications, and Metro Market Trends (a local data base company).

This firm has completed numerous appraisal assignments in the subject neighborhood, and we have compiled considerable data for it. Much of the data incorporated in this appraisal analysis has come from our files and was updated/expanded as necessary in performing this appraisal analysis.

The nature of the market data collected has been determined based upon a thorough inspection of the subject property and resulting highest and best use analysis. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography. The appraisers together certify that the property has been inspected sufficiently to insure that a credible value opinion has been achieved.

Within the confines of this analysis, the appraiser has made an examination of all available and pertinent market data that could be located within a minimum time frame of at least six months before the effective date of the appraisal. However, this search has been extended substantially in many areas, in order to obtain a sufficient quantity of market data. The search for comparable land sales was limited to the areas proximate to the subject. Also, the selection of the data reported is limited to that data which the appraiser considers relevant to the assignment and to the purpose of the appraisal, under the terms of the highest and best use conclusions rendered herein. Data sources employed for the selection of comparable sales included the Multiple Listing Services for Pensacola and Metro Market Trends (regional data base). Additional Comments on scope:

CERTIFICATION

We certify that, to the best of my knowledge and belief:

1. The statements contained in this appraisal report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
8. We have made a personal inspection for the property that is the subject of this report. Associate Appraiser John Price, Florida Registered Trainee Appraiser RI23955 conducted an intensive inspection of the subject property including measuring the building, on site photographing, and describing the real estate. R. Shawn Brantley, MAI, CCIM, M.S. Florida Certified General Appraiser RZ289 conducted a more cursory inspection from the street and reviewed maps, aerials, descriptions, and photography.
9. No one provided significant professional assistance to the person(s) signing this certification other than duly authorized employees of Brantley & Associates Real Estate Appraisal Corp., which includes: Bruce Black, M.S., FL Cert Gen RZ 2714; David Singleton, MAI, MBA, FL Cert Gen RZ 3501 & AL Certified General Real Property Appraiser G01003; John Price, B.S., FL Trainee RI23955 & AL Trainee Real Property Appraiser T02003; Rosanna Banks, Clerical and Davis Allen, Clerical. Any Trainee contributing to this report has contributed no more than 16 hours in the appraisal process.
10. This appraisal was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
11. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
12. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
13. As of the date of this report, R. Shawn Brantley, MAI, and David C. Singleton, MAI have the completed the requirements of the continuing education program of the Appraisal Institute.
14. This assignment was made subject to regulations of the State of Alabama Real Estate Appraisers Board. The undersigned state licensed real estate appraiser has met the requirements of the Board that allow this report to be regarded as a "certified appraisal" .
15. We certify that we have not appraised this property within the previous three years.
16. I certify, as the Appraiser(s), that we have completed all aspects of this valuation, including reconciling our opinion of value, free of influence from the client, client's representatives, borrower, any other party to the transaction, or anybody else on this planet.
17. I am (We are) competent to appraise this property.

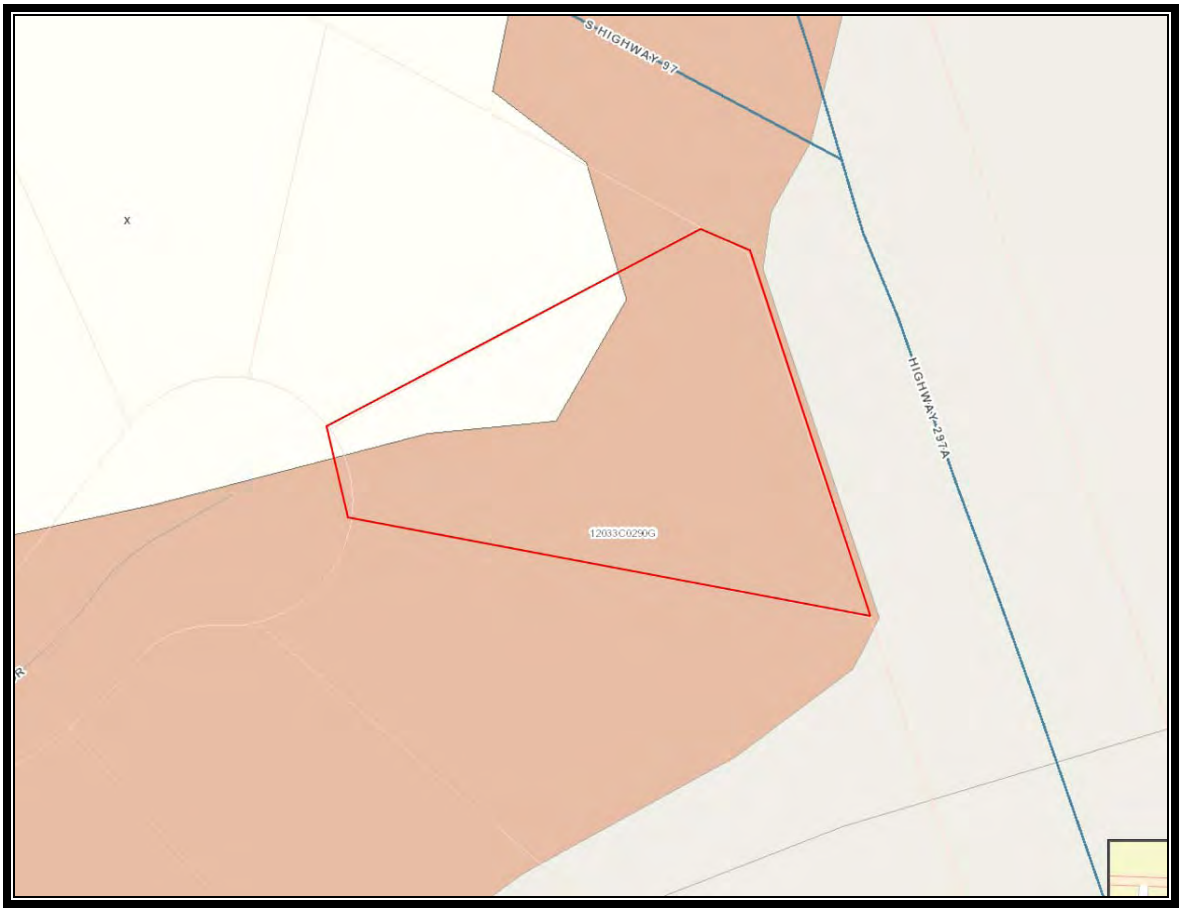
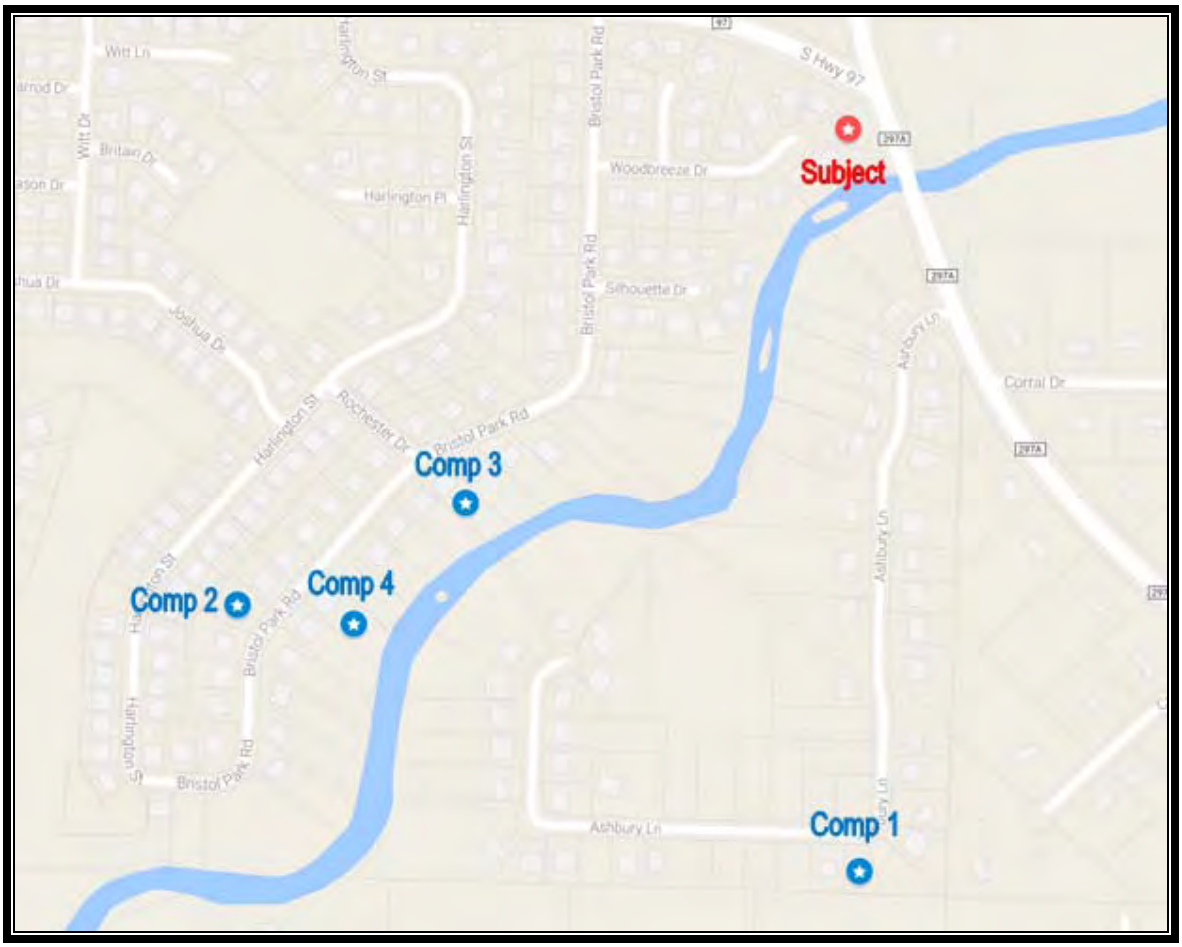
SOIL SURVEY MAP



Number	Soil	Slope %	Drainage	Soil Material and Characteristics
46	Garcon-Bigbee-Yemassee complex, occasionally flooded	0-5	Poorly Drained	This map unit consists of the somewhat poorly drained Garcon and Yemassee soils and the excessively drained Bigbee soil. It is on flood plains and low terraces in the central and northern parts of the county. This map unit is suited to pines and hardwoods. The potential productivity is moderately high for slash pine, longleaf pine, loblolly pine, and hardwoods. The main management concerns are an equipment limitation, seedling mortality, and plant competition. The seasonal high water table and the flooding restrict the use of equipment to periods when the soils are dry. This map unit is not suited to most urban and recreational uses. The flooding and wetness are severe limitations affecting most uses. Buildings can be elevated above the expected level of flooding by constructing them on pilings or on well-compacted fill.
47	Hurricane and Albany soils	0-5	Somewhat poorly drained	Located on low terraces that parallel the Escambia and Perdido Rivers in the central and northern parts of Escambia County. Has very low water capacity, moderate permeability and occasionally floods for brief periods. Poorly suited for cultivated crops, recreational uses and most urban uses due to wetness and occasional flooding. Suited for pasture and hay and well suited for growth of slash, loblolly and longleaf pines.

FEMA FLOOD MAP OF SUBJECT PROPERTY



The subject site is contained on FEMA Map Panel 12033C0290G, dated 9/29/2006. According to the map panels, the entire subject property is located in an “X” and “AE” flood zone.

ESCAMBIA COUNTY FLOOD MAP OF SUBJECT PROPERTY

The grapic above is an excerpt from the Escambia County GIS indicating flood mapping for the subject (outlined in red) and the surrounding area. The Escambia County Flood Map indicates the north westernmost area of the subject property is located in a Flood Zone X with the bulk southeast portion is located in an area of 0.2 percent annual chance of flooding.

Bristol Park Area Acquisitions
Tribal Scope of Work

Project Title: HAZARD MITIGATION GRANT PROGRAM APPLICATION - DR-4283

Subgrantee/Applicant Name: Escambia County

Project Type: Acquisition/Demolition Project

Project Purpose and Need:

In the Bristol Creek - Bristol Park - Ashbury Hills- Tara Circle study area of 11-Mile Creek, a tributary from the bridge crossing at Devine Farms Road joins with the main 11-Mile Creek channel south of the Bristol Creek/Park area and north of the Ashbury Hills subdivision. These merging creeks present a hydraulic and hydrological challenge in addressing a most serious flooding condition, resulting from the overall 22,000-acre basin that contributes to this portion of 11-Mile Creek. There are approximately 160 historically flood-damaged homes, several areas of infrastructure damage, several pond failures and roadway flooding damage in this area, most of which have experienced repetitive flooding. The April 29-30, 2014 flood event was a devastating storm event for Escambia County and many property owners in the subject area. Several of the homes in the area are repetitive flood loss properties as defined by FEMA. Numerous residents had to be rescued quickly by boat during the 2014 event.

There are limited solutions to addressing the flood stage in this area of 11-Mile Creek; the subapplicant believes that acquisition of flood hazard property is the first step toward the overall solution. The ultimate intent of the applicant is to combine property acquisition with stream and flood plain restoration/ improvements over the course of many years. The applicant's ultimate goal is to increase flood plain storage to offset development impacts to the natural flood plain of 11-Mile Creek. For this grant application, however, only property acquisition and demolition is included in the scope of work.

Current and Historic use of the existing structures: The proposed project structures consist of 15 residential properties constructed between 1980 and 2007. The structures have been used as such since construction.

Site Information:

- *Current and historic uses of the site:* Currently the proposed sites are 15 residential properties. There are no known historic uses for the project locations before 1980.
- *Any previous ground disturbing activities:* Previous ground disturbing activities include the original construction of the structures.
- *Characteristics of the surrounding area:* The proposed project site is located in a residential area in Escambia County. The site is northeast of Interstate-10 and is surrounded by residential and wooded areas.

All Proposed Project Activities

Scope of Work:

Escambia County proposes to mitigate 15 single family residences primarily located in the special flood hazard area – homes that also flooded during the April 2014 event (several up to almost 5 feet deep inside the structure.) The structures were built between 1980 and 2007, primarily slab-on-grade foundations, and have been repeatedly impacted by flooding. The majority of the structures have active insurance policies with the NFIP.

The 15 residential properties will be mitigated through acquisition/demolition projects, where Escambia County intends to acquire, demolish, and remove or decommission infrastructure on these properties. The proposed project will eliminate the historic flooding problems at these addresses by the acquisition of the property and conversion of the land to deed-restricted open space, allowing flood water to be naturally stored on the property. Work will be done in accordance with all FEMA program requirements and as described in 44 CFR 206.434(e) as well as 44 CFR Part 80. All work will be completed in accordance with the Florida Building Code. The proposed project is part of a comprehensive approach to mitigate flooding issues and restore the floodplain in the Bristol Creek, Bristol Park, and Ashbury Hills area. A benefit of this project is increased floodplain storage; due to the large number of property owners impacted by this project, the applicant previously conducted an educational and public input workshop.

The applicant will be responsible for obtaining all necessary environmental surveys, mandatory FDEP notifications and filing NESHAP reports with FDEP. Proof of all necessary permits, environmental surveys, FDEP and NESHAP compliance will be on file with the Escambia County Project Manager prior to any demolition activities. The applicant will be responsible for legally disposing of any and all materials/waste found on site.

The acquired property will be deed restricted and maintained as open space in perpetuity to restore and conserve the natural functions of the floodplain as set forth in FEMA program guidance and requirements, including but not limited to 44 CFR Part 9 and Part 80.

Hazard Mitigation Grant Program (HMGP) – Escambia County, Florida

To Whom it May Concern:

Escambia County is submitting an application to the Federal Emergency Management Agency (FEMA) for a grant under FEMA's Hazard Mitigation Grant Program. Within this application, Escambia County proposes to acquire 15 single family residences that are located in a flood hazard area.

A requirement for FEMA's HMGP application is to identify the presence of any regulated resources in the project area. At this time, Escambia County would like to inform you of the project and request SHPO clearance or conditions for implementation. A narrative describing the proposed scope of work, a table of proposed project site addresses, project area maps, and pictures showing the proposed project sites and the nearby structures is attached for your review.

The structures to be acquired are less than 50 years old. However, if approved, project implementation will require more than 6 inches of ground disturbance. Your response is greatly appreciated. If you have any questions regarding this project, please contact me by phone, by email, or by letter at the address in the margin.

Sincerely,

Chris Curb,
Engineering Manager – Stormwater
Escambia County, Florida

SHPO Concurrence Attachment A: Project Scope of Work

Escambia County proposes to mitigate 15 single family residences primarily located in the special flood hazard area– many of these homes flooded during the April 2014 event (several up to almost 5 feet deep inside the structure.) The structures were built between 1980 and 2007, primarily slab-on-grade foundations, and have been repeatedly impacted by flooding. The majority of the structures have active insurance policies with the NFIP.

The 15 residential properties will be mitigated through acquisition/demolition projects, where Escambia County intends to acquire, demolish, and remove or decommission infrastructure on these properties. The proposed project will eliminate the historic flooding problems at these addresses by the acquisition of the property and conversion of the land to deed-restricted open space, allowing flood water to be naturally stored on the property. Work will be done in accordance with all FEMA program requirements and as described in 44 CFR 206.434(e) as well as 44 CFR 80. All work will be completed in accordance with the Florida Building Code. The proposed project is part of a comprehensive approach to mitigate flooding issues and restore the floodplain in the Bristol Creek, Bristol Park, and Ashbury Hills area. A benefit of this project is increased floodplain storage; due to the large number of property owners impacted by this project, an educational and public input workshop was previously conducted by the applicant.

The applicant will be responsible for obtaining all necessary environmental surveys, mandatory FDEP notifications and filing NESHAP reports with FDEP. Proof of all necessary permits, environmental surveys, FDEP and NESHAP compliance will be on file with the Escambia County Project Manager prior to any demolition activities. The applicant will be responsible for legally disposing of any and all materials/waste found on site.

The acquired property will be deed restricted and maintained as open space in perpetuity to restore and conserve the natural functions of the floodplain as set forth in FEMA program guidance and requirements, including but not limited to 44 CFR Part 9 and Part 80.

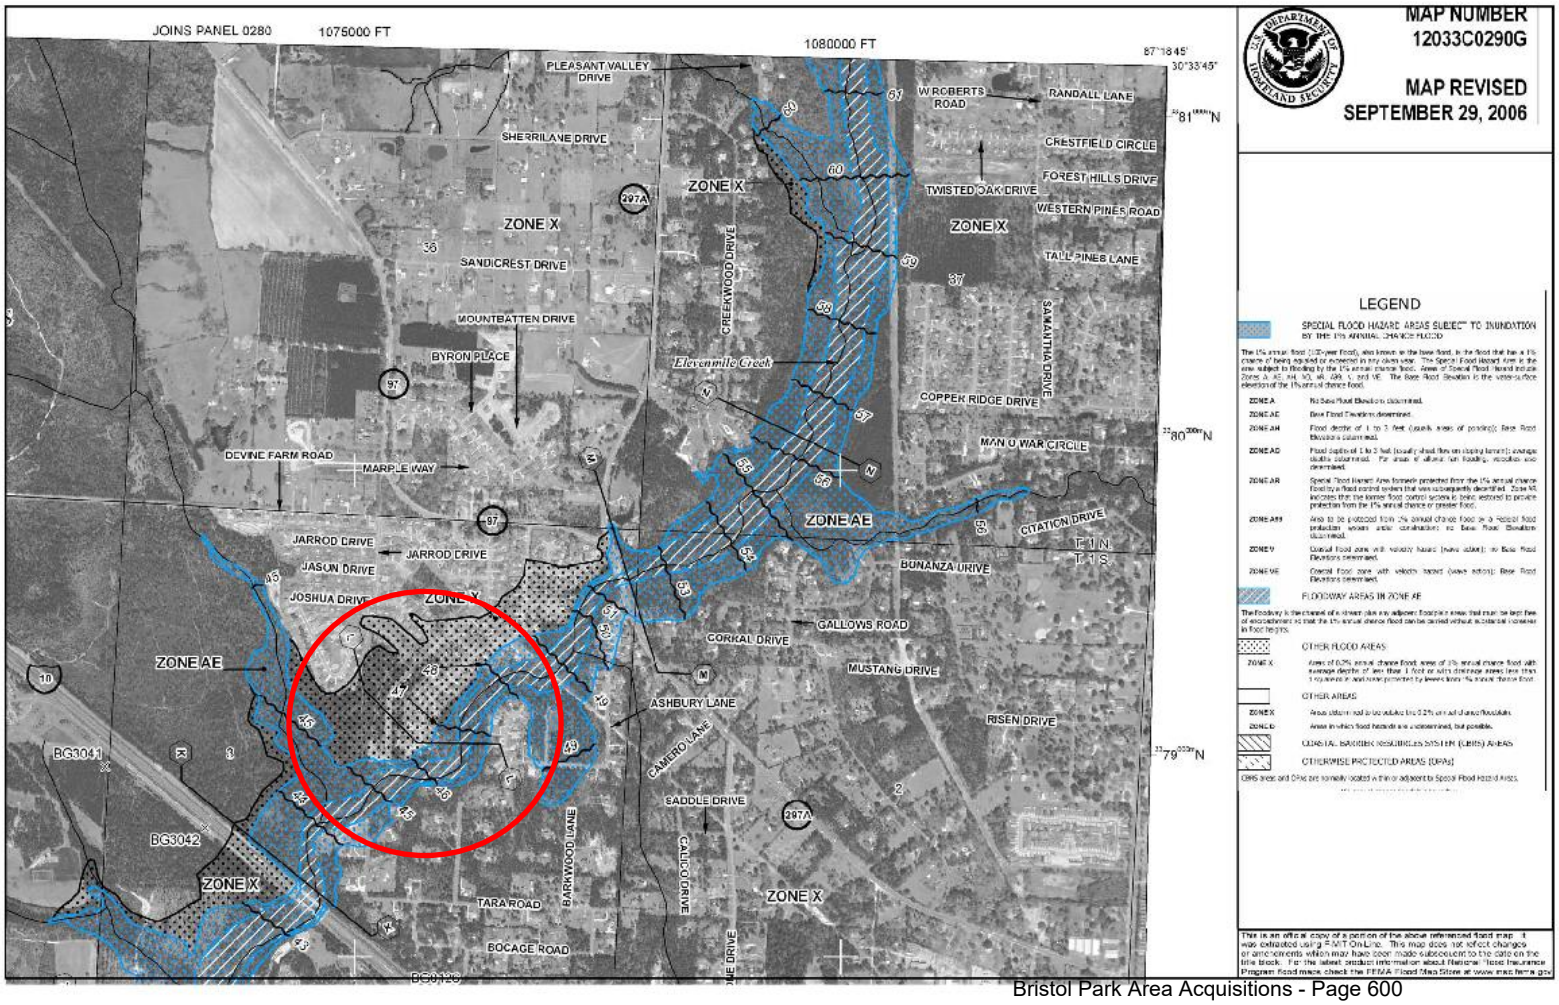
Pensacola, Florida 32505

Subject:
Federal Emergency Management (FEMA) Hazard Mitigation Grant Program (HMGP) Floodplain Manager Coordination Letter

Mr. Gibson,



Escambia County is currently working to develop a mitigation grant modification for FEMA's Hazard Mitigation Grant Program (HMGP). At this time, the County would like to inform you of the intent to pursue flood mitigation on the structures listed below. Within this application, Escambia County proposes to acquire 15 single family residences located within the Bristol Creek, Bristol Park, and Ashbury Hills neighborhoods. The project will undergo FEMA review, and if funded will be permitted by local building officials and must be conducted in accordance with all floodplain management regulations. Escambia County requests your concurrence with the submittal of these applications. At this time, there is no evidence to indicate that acquisition of these properties will negatively impact the floodplain. Please respond to Chris Curb at your earliest convenience. Should you have any questions or concerns, please do not hesitate to contact Mr. Curb at 850-595-3419.

Sincerely,

Chris Curb,
Engineering Manager – Stormwater
Escambia County, Florida

Required Documents - Sub Applicant

Section V. Maintenance Agreement

All applicants whose proposed project involves the retrofit or modification of existing public property or whose proposed project would result in the public ownership or management of property, structures, or facilities, must first sign the following agreement prior to submitting the application to FEMA.

(NOTE: Those applicants whose project only involves the retrofitting, elevation, or other modification to private property where the ownership will remain private after project completion DO NOT have to complete this form.)

The County of Escambia, State of Florida, hereby agrees that if it receives any Federal aid as a result of the attached project application, it will accept responsibility, at its own expense if necessary, for the ***routine*** maintenance of any real property, structures, or facilities acquired or constructed as a result of such Federal aid. Routine maintenance shall include, but not be limited to, such responsibilities as keeping vacant land clear of debris, garbage, and vermin; keeping stream channels, culverts, and storm drains clear of obstructions and debris; and keeping detention ponds free of debris, trees, and woody growth.

The purpose of this agreement is to make clear the Subgrantee's maintenance responsibilities following project award and to show the Subgrantee's acceptance of these responsibilities. It does not replace, supercede, or add to any other maintenance responsibilities imposed by Federal law or regulation and which are in force on the date of project award.

ASSURANCES - CONSTRUCTION PROGRAMS

OMB Number: 4040-0009
Expiration Date: 06/30/2014

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant:, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29) U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statue(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statue(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.

14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq).

18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

Model Statement of Assurances for
Property Acquisition Projects

SEND THIS STATEMENT OF ASSURANCES ATTACHED WITH THE PROJECT APPLICATION, OR SEND TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY AT THE TIME OF APPLICATION.

NOTE: If you have questions regarding any of these assurances, please consult the program guidance and contact the sponsoring agency.

Name of Applicant: Escambia County

As the duly authorized representative of the sub-applicant, I certify that the sub-applicant:

1. Will ensure that participation by property owners is voluntary. The prospective participants have been informed in writing that participation in the program is voluntary, that the Sub-applicant will not use its eminent domain authority to acquire their property for the project purposes should negotiations fail;
2. Will ensure each property owner will be informed, in writing, of what the Sub- applicant considers to be the fair market value of the property. The Sub-applicant will use the Model Statement of Voluntary Transaction to document this and will provide a copy for each property after award;
3. Will accept all of the requirements of the FEMA grant and the deed restriction governing the use of the land, as restricted in perpetuity to open-space uses. The Sub-applicant will apply and record a deed restriction on each property in accordance with the language in the FEMA Model Deed Restriction. The community will seek FEMA approval for any changes in language differing from the Model Deed Restriction.
4. Will ensure that the land will be unavailable for the construction of flood damage reduction levees and other incompatible purposes, and is not part of an intended, planned, or designated project area for which the land is to be acquired by a certain date;
5. Will demonstrate that it has consulted with the US Army Corps of Engineers regarding the subject land's potential future use for the construction of a levee system, and will reject future consideration of such use if it accepts FEMA assistance to convert the property to permanent open-space;
6. Will demonstrate that it has coordinated with its State Department of Transportation to ensure that no future, planned improvements or enhancements to the Federal aid systems are under consideration that will affect the subject property;
7. Will remove existing structures within 90 days of settlement;

8. Post grant award, will ensure that a property interested is conveyed only with the prior approval of the FEMA Regional Director and only to another public entity or to a qualified conservation organization pursuant to 26 CFR 1.170A-14;
9. Will submit every three years to the Grantee, who will then submit to the FEMA Regional Director, a report certifying that it has inspected the subject property within the month preceding the report, and that the property continues to be maintained consistent with the provisions of the grant. If the subject property is not maintained according to the terms of the grant, the Grantee and FEMA, its representatives, designated authorities, and assigns are responsible for taking measures to bring the property back into compliance; and
10. Will not seek or accept the provision of, after settlement, disaster assistance for any purpose from any Federal entity with respect to the property, and FEMA will not distribute flood insurance benefits for that property for claims related to damage occurring after the date of the property settlement.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the identified assurances and certifications.

FEMA Model Deed Restriction

Hazard Mitigation Assistance (HMA) Programs

Exhibit A is FEMA's Model Deed Restrictions that support 44 C.F.R. Part 80 requirements. Applications requesting mitigation assistance to acquire properties for open space purposes must include a copy of the deed restriction language proposed to meet these requirements.

The deed conveying the property to the locality must reference and incorporate Exhibit A (or equivalent name). Any variation from the model deed restriction can only be made with prior approval from FEMA's Office of Chief Counsel. Such requests should be made to the FEMA Regional Administrator through the relevant State or Tribal Office. Exhibit A shall be attached to the deed when recorded.

Exhibit A

In reference to the property or properties ("Property") conveyed by the Deed between [*property owner*] participating in the federally-assisted acquisition project ("the Grantor") and [the local government], ("the Grantee"), its successors and assigns:

SELECT THE APPROPRIATE MITIGATION GRANT PROGRAM AND DELETE ALL OTHERS:

WHEREAS, the **Flood Mitigation Assistance Program ("FMA"),** as authorized in the National Flood Insurance Reform Act of 1994,Sections 1366 and 1367, (42 USC §§ 4104c,4104d), identifies the use of FMA funds for planning and carrying out activities designed to reduce the risk of flood damage to structures insurable under the National Flood Insurance Program ("NFIP");

WHEREAS, The Robert T. Stafford Disaster Relief and Emergency Assistance Act, ("The Stafford Act"), 42 U.S.C. § 5121 et seq., identifies the use of disaster relief funds under § 5170c, **Hazard Mitigation Grant Program ("HMGP"),** including the acquisition and relocation of structures in the floodplain;

WHEREAS, The Robert T. Stafford Disaster Relief and Emergency Assistance Act, ("The Stafford Act"), 42 U.S.C. § 5121 et seq., identifies the use of pre-disaster mitigation grants under § 5133, **Pre-Disaster Mitigation ("PDM"),** to assist States and local governments in implementing cost-effective hazard mitigation measures to reduce injuries, loss of life, and damage and destruction of property;

WHEREAS, the **Repetitive Flood Claims program ("RFC"),** as authorized by Section 1323 of the National Flood Insurance Act of 1968 (42 USC §§ 4030), as amended by the Bunning- Bereuter-Blumenauer Flood Insurance Reform Act of 2004, Public Law 108-264, identifies the use of RFC funds for reducing flood damages to individual properties for which one or more claim payments for losses have been made under flood insurance coverage and that will result in

the greatest savings to the National Flood Insurance Fund in the shortest period of time;

WHEREAS, the **Severe Repetitive Loss Pilot Program ("SRL"),** as authorized under Sections 1361(A) of the National Flood Insurance Act of 1968 (NFIA, or "the Act"), 42 USC 4011 et seq., as amended by the National Flood Insurance Reform Act of 1994 (NFIRA); Public Law 103-325, and the Bunning-Bereuter-Blumenauer Flood Insurance Reform Act of 2004, Public Law 108-264, identifies the use of SRL funds for uses that reduce flood damages to properties insured under the National Flood Insurance Program ("NFIP");

WHEREAS, the mitigation grant program provides a process for a local government, through the State, to apply for federal funds for mitigation assistance to acquire interests in property, including the purchase of structures in the floodplain, to demolish and/or remove the structures, and to maintain the use of the Property as open space in perpetuity;

Whereas, [State or Tribe] has applied for and been awarded such funding from the Department of Homeland Security, Federal Emergency Management Agency ("FEMA") and has entered into a mitigation grant program Grant Agreement dated [date] with FEMA and herein incorporated by reference; making it a mitigation grant program grantee.

Whereas, the Property is located in [*Village/City/County*], and [*Village/City/County*] participates in the National Flood Insurance Program ("NFIP") and is in good standing with NFIP as of the date of the Deed;

Whereas, the [*local government*], acting by and through the [*local government*] Board, has applied for and been awarded federal funds pursuant to an agreement with [*State*] dated [*date*] ("State-Local Agreement"), and herein incorporated by reference, making it a mitigation grant program subgrantee;

WHEREAS, the terms of the mitigation grant program statutory authorities, Federal program requirements consistent with 44 C.F.R. Part 80, the Grant Agreement, and the State-local Agreement require that the Grantee agree to conditions that restrict the use of the land to open space in perpetuity in order to protect and preserve natural floodplain values;

Now, therefore, the grant is made subject to the following terms and conditions:

1. Terms. Pursuant to the terms of the [select mitigation grant program] program statutory authorities, Federal program requirements consistent with 44 C.F.R. Part 80, the Grant Agreement, and the State-local Agreement, the following conditions and restrictions shall apply in perpetuity to the Property described in the attached deed and acquired by the Grantee pursuant to FEMA program requirements concerning the acquisition of property for open space:

a. Compatible uses. The Property shall be dedicated and maintained in perpetuity as open space for the conservation of natural floodplain functions. Such uses may include: parks for outdoor recreational activities; wetlands management; nature reserves; cultivation; grazing; camping (except where adequate warning time is not available to allow evacuation); unimproved, unpaved parking lots; buffer zones; and other uses

consistent with FEMA guidance for open space acquisition, Hazard Mitigation Assistance, Requirements for Property Acquisition and Relocation for Open Space.

b. Structures. No new structures or improvements shall be erected on the Property other than:

i. A public facility that is open on all sides and functionally related to a designated open space or recreational use;

ii. A public rest room; or

iii. A structure that is compatible with open space and conserves the natural function of the floodplain, including the uses described in Paragraph 1.a., above, and approved by the FEMA Administrator in writing before construction of the structure begins.

Any improvements on the Property shall be in accordance with proper floodplain management policies and practices. Structures built on the Property according to paragraph b. of this section shall be floodproofed or elevated to at least the base flood level plus 1 foot of freeboard, or greater, if required by FEMA, or if required by any State, Tribal, or local ordinance, and in accordance with criteria established by the FEMA Administrator.

c. Disaster Assistance and Flood Insurance. No Federal entity or source may provide disaster assistance for any purpose with respect to the Property, nor may any application for such assistance be made to any Federal entity or source. The Property is not eligible for coverage under the NFIP for damage to structures on the property occurring after the date of the property settlement, except for pre-existing structures being relocated off the property as a result of the project.

d. Transfer. The Grantee, including successors in interest, shall convey any interest in the Property only if the FEMA Regional Administrator, through the State, gives prior written approval of the transferee in accordance with this paragraph.

i. The request by the Grantee, through the State, to the FEMA Regional Administrator must include a signed statement from the proposed transferee that it acknowledges and agrees to be bound by the terms of this section, and documentation of its status as a qualified conservation organization if applicable.

ii. The Grantee may convey a property interest only to a public entity or to a qualified conservation organization. However, the Grantee may convey an easement or lease to a private individual or entity for purposes compatible with the uses described in paragraph (a), of this section, with the prior approval of the FEMA Regional Administrator, and so long as the conveyance does not include authority to control and enforce the terms and conditions of this section.

iii. If title to the Property is transferred to a public entity other than one with a conservation mission, it must be conveyed subject to a conservation easement that shall be recorded with the deed and shall incorporate all terms and conditions set forth in this section, including the easement holder's responsibility to enforce the easement.

This shall be accomplished by one of the following means:

a) The Grantee shall convey, in accordance with this paragraph, a conservation easement to an entity other than the title holder, which shall be recorded with the deed, or

b) At the time of title transfer, the Grantee shall retain such conservation easement, and record it with the deed.

iv. Conveyance of any property interest must reference and incorporate the original deed restrictions providing notice of the conditions in this section and must incorporate a provision for the property interest to revert to the State, Tribe, or local government in the event that the transferee ceases to exist or loses its eligible status under this section.

2. Inspection. FEMA, its representatives and assigns including the State or Tribe shall have the right to enter upon the Property, at reasonable times and with reasonable notice, for the purpose of inspecting the Property to ensure compliance with the terms of this part, the Property conveyance and of the grant award.

3. Monitoring and Reporting. Every three years on [date], the Grantee (mitigation grant program subgrantee), in coordination with any current successor in interest, shall submit through the State to the FEMA Regional Administrator a report certifying that the Grantee has inspected the Property within the month preceding the report, and that the Property continues to be maintained consistent with the provisions of 44 C.F.R. Part 80, the property conveyance, and the grant award.

4. Enforcement. The Grantee (mitigation grant program subgrantee), the State, FEMA, and their respective representatives, successors and assigns, are responsible for taking measures to bring the Property back into compliance if the Property is not maintained according to the terms of 44 C.F.R. Part 80, the property conveyance, and the grant award. The relative rights and responsibilities of FEMA, the State, the Grantee, and subsequent holders of the property interest at the time of enforcement, shall include the following:

a. The State will notify the Grantee and any current holder of the property interest in writing and advise them that they have 60 days to correct the violation.

i. If the Grantee or any current holder of the property interest fails to demonstrate a good faith effort to come into compliance with the terms of the grant within the 60-day period, the State shall enforce the terms of the grant by taking any measures it deems appropriate, including but not limited to bringing an action at law or in equity in a court of competent jurisdiction.

ii. FEMA, its representatives, and assignees may enforce the terms of the grant by taking any measures it deems appropriate, including but not limited to 1 or more of the following:

a) Withholding FEMA mitigation awards or assistance from the State or Tribe, and Grantee; and current holder of the property interest.

b) Requiring transfer of title. The Grantee or the current holder of the property interest shall bear the costs of bringing the Property back into compliance with the terms of the grant; or

c) Bringing an action at law or in equity in a court of competent jurisdiction against any or all of the following parties: the State, the Tribe, the local community, and their respective successors.

5. Amendment. This agreement may be amended upon signatures of FEMA, the State, and the Grantee only to the extent that such amendment does not affect the fundamental and statutory purposes underlying the agreement.

6. Severability. Should any provision of this grant or the application thereof to any person or circumstance be found to be invalid or unenforceable, the rest and remainder of the provisions of this grant and their application shall not be affected and shall remain valid and enforceable.

[*Signed by Grantor(s) and Grantee, witnesses and notarization in accordance with local law.]*

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12189 **County Administrator's Report 12. 22.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: Joint Project Agreement - Purchase Traffic Signal Controller Replacements
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Joint Project Agreement (JPA) between the State of Florida Department of Transportation and Escambia County - Purchase Traffic Signal Controller Replacements for Region - Joy D. Blackmon, P.E., Public Works Department Director

That the Board take the following action concerning the Joint Project Agreement (JPA), Financial Project Number: 436739-3-58-01, between the State of Florida Department of Transportation and Escambia County for the purchase of Traffic Signal Controller Replacements for Escambia/Santa Rosa Counties:

A. Approve and authorize the Chairman to sign the JPA between the State of Florida Department of Transportation and Escambia County for the Purchase of Traffic Signal Controller Replacements; and

B. Approve and authorize the Chairman to sign the Resolution.

[Budgetary Impact: FDOT will reimburse the County for direct costs of purchasing traffic signal controllers in an amount up to but not to exceed $140,000. Installation costs for Escambia County are included in the current Traffic Signal Maintenance and Compensation Agreement funded by FDOT. All other jurisdictions will handle their own installations. There are no matching funds required.]

BACKGROUND:

The Florida Department of Transportation (FDOT) would like Escambia County to purchase approximately 38 replacement traffic signal controllers for the State Highway system for the five jurisdictions in our two county region (Escambia County, Santa Rosa County, City of Pensacola, City of Milton, and City of Gulf Breeze). Each of these jurisdictions has contracted with the FDOT to operate and maintain the State Highway System Traffic Signals within their respective areas.

This effort is part of the Traffic Controller Obsolescence Replacement Plan for the Escambia/Santa Rosa Region. The existing Peek 3000E controllers are no longer being maintained and certified by the manufacturer. A total of 305 Peek 3000E controllers are on state roads within the Escambia/Santa Rosa Area.

The recommendation is for the existing Peek 3000E controllers maintained by the agencies under the current Traffic Signal Maintenance and Compensation Agreement to be removed and replaced with these new replacement controllers at as many locations selected by the maintaining agencies that the budget for replacement controllers will allow. The obsolete Peek 3000E controllers collected should be placed in the maintaining agencies spare controller cache to be used as an exchange for other failed obsolete traffic signal controllers until the Escambia-Santa Rosa Regional Advanced Traffic Management System (ATMS) is implemented.

The 38 new replacement controllers at an estimated cost of $3,700.00 each, will be distributed as follows based on the percentage breakdown of the total existing Peek 3000E controllers currently in use:
18 Each Escambia County
10 Each City of Pensacola
6 Each Santa Rosa County
3 Each City of Milton
1 Each City of Gulf Breeze

Remaining available funds up to and not to exceed the budgetary ceiling shall be used to purchase additional controllers or ancillary devices to support/establish traffic signal connectivity to the ATMS Phase 1. All other parts, cabling, hardware, installation and integration will be the responsibility of the maintaining agencies through the current Traffic Signal Maintenance and Compensation Agreement that each agency has with the State.

Having met multiple times with each of these jurisdictions through our regional ITS Working Group, all are willing to allow Escambia County to continue as a lead agency for our region and manage this JPA with the State.

FDOT will reimburse the County for direct costs of purchasing traffic signal controllers in an amount up to but not to exceed $140,000.

BUDGETARY IMPACT:

FDOT will reimburse the County for direct costs of purchasing traffic signal controllers in an amount up to but not to exceed $140,000. Installation costs for Escambia County are included in the current Traffic Signal Maintenance and Compensation Agreement funded by FDOT. All other jurisdictions will handle their own installations. There are no matching funds required.

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Assistant County Attorney, has reviewed and signed off on the JPA and the Resolution. Legal would like it noted that the venue for any judicial proceeding shall be in Leon County.

PERSONNEL:

No additional personnel will be required.

POLICY/REQUIREMENT FOR BOARD ACTION:

N/A

IMPLEMENTATION/COORDINATION:

Upon approval and authorization, Transportation & Traffic Operations staff will continue to coordinate with FDOT.

JPA - Traffic Signal Controller

Resolution

Financial Project Number(s): 436739-3-58-01
Contract No.: BE362
COUNTY: ESCAMBIA

JOINT PROJECT AGREEMENT
BETWEEN
THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
AND
ESCAMBIA COUNTY

Traffic Signal Controller Replacement

This AGREEMENT is between the State of Florida Department of Transportation (the "DEPARTMENT"), and the County of Escambia, with offices at 3363 West Park Place Pensacola, FL 32505 (the "COUNTY"). The DEPARTMENT and the COUNTY are sometimes referred to in this AGREEMENT as a "Party" and collectively as the "Parties."

1. The Parties are desirous of having the COUNTY and other recipient agencies identified in this document replace traffic signal controllers at approximately 38 locations identified within this agreement, identified to the Parties as the "PROJECT"; and

2. The DEPARTMENT is prepared to reimburse the COUNTY for direct costs of purchasing traffic signal controllers for the PROJECT in an amount up to but not to exceed ONE HUNDRED FORTY THOUSAND AND 00/100 DOLLARS ($140,000.00) that it has allocated in the fiscal year designated as FY 2017; and

3. This AGREEMENT is in the best interest of both the Parties, and it would be more practical, expeditious, and economical for the COUNTY and other recipient agencies identified in this document to perform such activities; and

4. The COUNTY by a vote of its COUNTY Commission on _____, 2017 has authorized the proper COUNTY officials to enter into this AGREEMENT. A copy of the resolution is included on Exhibit "C."

NOW THEREFORE, in consideration of the mutual benefits to be derived by the terms of this AGREEMENT, and in compliance with Sections 334.044 and 339.12, Florida Statutes, F.S., the Parties agree to the following:

5 – SERVICES AND PERFORMANCE

A. The recitals set forth in paragraphs 1-4 above are true and correct and are deemed incorporated herein.

B. The COUNTY shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and adhere to the criteria for evaluating successful completion. The PROJECT and the quantifiable, measurable, and verifiable units of deliverables are described more fully in Exhibit "A" – Scope of Services.

C. The COUNTY and other recipient agencies shall obtain any and all necessary permits as required for completion of the PROJECT.

D. The COUNTY agrees that all work performed and materials used in administering the PROJECT shall be in accordance with the DEPARTMENT'S Standard Specifications for Road and Bridge Construction, Design Standards and Federal Manual of Uniform Traffic Control Devices ("MUTCD"), the DEPARTMENT'S Structures Design Manual, the DEPARTMENT'S Plans Preparation Manual ("PPM"), Manual for Uniform Minimum Standards for Design, Rule 14-51, Florida Administrative Code, and the DEPARTMENT'S Traffic Engineering Manual ("TEM"). The COUNTY and other involved agencies identified in this document shall not perform any work and/or use any materials in administering the PROJECT which are not in accordance with the foregoing without the prior written consent of the DEPARTMENT.

E. If the COUNTY or other recipient agencies identified in this document hire a consultant, it must certify that its consultant has been selected in accordance with the Consultants Competitive Negotiation Act (Section 287.055, F.S.).

F. The COUNTY or other recipient agencies identified in this document shall not sublet, assign or transfer this AGREEMENT without prior written consent of the DEPARTMENT.

G. Upon completion of the work authorized by this AGREEMENT, the COUNTY shall notify the DEPARTMENT in writing of completion.

H. The COUNTY (and other recipient agencies identified in this document):

i). Shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the COUNTY during the term of the AGREEMENT; and

ii). Shall expressly require any subcontractors performing work or providing services pursuant to the AGREEMENT to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of the AGREEMENT.

I. Notices pursuant to this AGREEMENT shall be sent by U.S. Mail to the following addresses:

FOR THE COUNTY:

Escambia County
3363 West Park Place
Pensacola, FL 32505
Attn: Joy D. Blackmon P.E., Public Works Director & County Engineer

FOR THE DEPARTMENT:

Florida Department of Transportation
District Traffic Operations Office
Post Office Box 607
Chipley, Florida 32428
Attn: Kenneth Shiver, District Traffic Systems Specialist

6 – COMPENSATION AND PAYMENT

A. The DEPARTMENT shall reimburse the COUNTY for direct costs of the PROJECT incurred by the COUNTY and other recipient agencies identified in this document, excluding any overhead, in an amount up to but not to exceed **ONE HUNDRED FORTY THOUSAND AND 00/100 DOLLARS ($140,000.00)** that the DEPARTMENT has allocated in its fiscal year designated as FY 2017 for services described in Exhibit "A" – Scope of Services. It shall be noted that any accrued funding allocated by the DEPARTMENT in any previous fiscal year toward the PROJECT shall be permitted to "roll over" to be available for expenditure by the COUNTY in subsequent fiscal years. Any additional costs, or other items not covered by this AGREEMENT shall be the COUNTY'S sole responsibility. The Method of Compensation is included as Exhibit "B."

B. The DEPARTMENT shall reimburse the COUNTY contingent upon receipt of a properly submitted invoice and supporting documentation. Supporting documentation shall include a copy of the canceled check tendered by the COUNTY to the consultant/contractor/vendor who performed the work or provided services or materials under the PROJECT. Supporting documentation shall also include dates of services and items of work performed on the PROJECT.

C. Invoices shall be submitted by the COUNTY in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable deliverables as established in Exhibit "A" – Scope of Services. Deliverables must be received and accepted in writing by the DEPARTMENT's Project Manager or designee prior to reimbursements.

D. Supporting documentation must establish that the deliverables were received and accepted in writing by the COUNTY and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in Exhibit "A" – Scope of Services was met.

i). See the Exhibit "B" for additional measurement and payment provisions.

E. The COUNTY may receive progress payments for deliverables based on documented expenses incurred in support of the PROJECT, and where applicable the vendor's Schedule of Values and on a percentage of services that have been completed, approved and accepted to the satisfaction of the DEPARTMENT when properly supported by detailed invoices and acceptable evidence of payment. The final balance due under this AGREEMENT will be reimbursed upon the completion of all PROJECT services, receipt of final cost documentation and proper submission of a detailed invoice and when the PROJECT has been inspected, approved and accepted to the satisfaction of the DEPARTMENT in writing.

F. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapter 215 and 216, Florida Statutes. If the DEPARTMENT determines that the performance of the COUNTY is unsatisfactory, the DEPARTMENT shall notify the COUNTY of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the DEPARTMENT. The COUNTY shall, within five (5) days after notice from the DEPARTMENT, provide the DEPARTMENT with a corrective action plan describing how the COUNTY will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the DEPARTMENT, the COUNTY shall be assessed a non-performance retainage equivalent to 10% of the total invoice amount. The retainage shall be applied to the invoice for the then-current billing period. The retainage shall be withheld until the COUNTY resolves the deficiency. If the deficiency is subsequently resolved, the COUNTY may bill the DEPARTMENT for the retained amount during the next billing period. If the COUNTY is unable to resolve the deficiency, the funds retained may be forfeited at the end of the Agreement's term.

G. The COUNTY should be aware of the following time frames. Inspection and approval of goods or services shall take no longer than twenty (20) working days unless bid specifications, purchase order, or the AGREEMENT specifies otherwise. The DEPARTMENT has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

H. If a payment is not available within forty (40) days after receipt of a properly completed invoice, a separate interest penalty at a rate as established pursuant to Section 55.03(1), F.S., will be due and payable, in addition to the invoice amount, to the COUNTY. Interest penalties of less than one (1) dollar will not be enforced unless the COUNTY requests payment. Invoices that have to be returned to the COUNTY because of COUNTY preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the DEPARTMENT.

I. A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for contractors/vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516 or by calling the Division of Consumer Services at 1-877-693-5236.

J. The DEPARTMENT shall make payment(s) by check payable to Escambia County, and forward payment(s) to: Joy D. Blackmon, 3363 West Park Place, Pensacola, FL 32505

K. The DEPARTMENT, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The DEPARTMENT shall require a statement from the comptroller of the DEPARTMENT that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding one (1) year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the DEPARTMENT which are for an amount in excess of $25,000.00 and which have a term for a period of more than one (1) year.

L. The DEPARTMENT'S obligation to pay under this section is contingent upon an annual appropriation of the Florida Legislature.

M. Records of costs incurred under the terms of this AGREEMENT shall be maintained and made available upon request to the DEPARTMENT at all times during the period of this AGREEMENT for five (5) years after final payment is made. Copies of these documents and records shall be furnished to the DEPARTMENT upon request. Records of costs incurred includes the COUNTY's general accounting records and the project records, together with supporting documents and records, of the contractor and all subcontractors performing work on the PROJECT, and all other records of the contractor and subcontractors considered necessary by the DEPARTMENT for a proper audit of costs.

N. There shall be no reimbursement for travel expenses under this AGREEMENT.

O. The DEPARTMENT shall have the right to retain out of any payment due the COUNTY under this AGREEMENT an amount sufficient to satisfy any amount due and owing to the DEPARTMENT by the COUNTY on any other Agreement between the COUNTY and the DEPARTMENT.

P. PROJECT costs eligible for DEPARTMENT participation shall be allowed only for costs incurred after the date of final execution of this AGREEMENT.

7 – INDEMNITY AND INSURANCE

A. It is specifically agreed between the Parties executing this AGREEMENT that it is not intended by any of the provisions of any part of the AGREEMENT to create in the public or any member thereof, a third party beneficiary under this AGREEMENT, or to authorize anyone not a party to this AGREEMENT to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this AGREEMENT. The COUNTY guaranties the payment of all just claims for materials, supplies, tools, or labor and other just claims against the COUNTY or any subcontractor, in connection with this AGREEMENT. Additionally, the COUNTY agrees to include the following indemnification in all contracts with contractors/subcontractors, or consultants/sub consultants who perform work in connection with this AGREEMENT.

> "To the fullest extent permitted by law the COUNTY'S contractor shall indemnify and hold harmless the COUNTY, the State of Florida, Department of Transportation, and its officers and employees, from liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness or intentional wrongful misconduct of contractor and persons employed or utilized by contractor in the performance of this Contract.
>
> This indemnification shall survive the termination of this Agreement. Nothing contained in this paragraph is intended to nor shall it constitute a waiver of the State of Florida and the COUNTY'S sovereign immunity.
>
> To the fullest extent permitted by law, the COUNTY and other recipient agencies identified in this document consultants shall indemnify and hold harmless the COUNTY, the State of Florida, Department of Transportation, and its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney fees to the extent caused, in whole or in part, by the professional negligence, error or omission, recklessness, or intentional wrongful conduct of the consultant or persons employed or utilized by the consultant in the performance of the Agreement.
>
> This indemnification shall survive the termination of this Agreement. Nothing contained in this paragraph is intended to nor shall it constitute a waiver of the State of Florida and the COUNTY'S sovereign immunity."

B. If the COUNTY and other recipient agencies identified in this document obtain a contractor/consultant for the PROJECT, The COUNTY and other recipient agencies identified in this document shall carry or cause its contractor/consultant to carry and keep in force during the period of this AGREEMENT a general liability insurance policy or policies with a company or companies authorized to do business in Florida, affording public liability insurance with combined bodily injury limits of at least $200,000 per person and $300,000 each occurrence, and property damage insurance of at least $200,000 each

occurrence, for the services to be rendered in accordance with this AGREEMENT. In addition to any other forms of insurance or bonds required under the terms of the AGREEMENT, when it includes construction within the limits of a railroad right-of-way, the COUNTY and other recipient agencies identified in this document must provide or cause its contractor to provide insurance coverage in accordance with Section 7-13 of the DEPARTMENT'S Standard Specifications for Road and Bridge Construction, as amended. The COUNTY and other recipient agencies identified in this document shall also carry or cause its contractor/consultant to carry and keep in force Worker's Compensation insurance as required for the State of Florida under the Worker's Compensation Law. With respect to any general liability insurance policy required pursuant to this AGREEMENT, all such policies shall be issued by companies licensed to do business in the State of Florida. The COUNTY shall provide to the DEPARTMENT certificates showing the required coverage to be in effect with endorsements showing the DEPARTMENT to be an additional insured prior to commencing any work under this AGREEMENT. Policies that include Self Insured Retention will not be accepted. The certificates and policies shall provide that in the event of any material change in or cancellation of the policies reflecting the required coverage, thirty (30) days advance notice shall be given to the DEPARTMENT or as provided in accordance with Florida law.

8 – COMPLIANCE WITH LAWS

A. The COUNTY shall allow public access to all documents, papers, letters, or other materials subject to the provisions of Chapter 119, Florida Statutes, and made or received by the COUNTY in conjunction with this AGREEMENT. Specifically, if the COUNTY is acting on behalf of a public agency the COUNTY shall:

1. Keep and maintain public records required by the DEPARTMENT in order to perform the services being performed by the COUNTY.
2. Provide the public with access to public records on the same terms and conditions that the DEPARTMENT would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law; and upon request from the DEPARTMENT, provide the DEPARTMENT with a copy of the requested record at no cost to the DEPARTMENT.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the AGREEMENT and following completion of the AGREEMENT if the COUNTY does not transfer the record to the DEPARTMENT.
4. Upon completion of the AGREEMENT, transfer, at no cost to the DEPARTMENT, all public records related to the AGREEMENT in possession of the COUNTY or keep and maintain public records required by the DEPARTMENT to perform the service. If the COUNTY transfers all public records to the DEPARTMENT upon completion of the AGREEMENT, the COUNTY shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the COUNTY keeps and maintains

public records upon completion of the AGREEMENT, the COUNTY shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the DEPARTMENT, upon request from the DEPARTMENT'S custodian of public records, in a format that is compatible with the information technology systems of the DEPARTMENT.

Failure by the COUNTY to grant such public access shall be grounds for immediate unilateral cancellation of this AGREEMENT by the DEPARTMENT. The COUNTY shall promptly provide the DEPARTMENT with a copy of any request to inspect or copy public records in possession of the COUNTY and shall promptly provide the DEPARTMENT a copy of the COUNTY'S response to each such request.

B. The COUNTY and other recipient agencies identified in this document warrant that it has not employed or obtained any company or person, other than bona fide employees of the COUNTY and other recipient agencies identified in this document to solicit or secure this AGREEMENT, and it has not paid or agreed to pay any company, corporation, individual or firm, other than a bona fide employee employed by the COUNTY and other recipient agencies identified in this document. For breach or violation of this provision, the DEPARTMENT shall have the right to terminate the AGREEMENT without liability.

C. The COUNTY shall comply with all federal, state, and local laws and ordinances applicable to the work or payment for work thereof. The COUNTY shall not discriminate on the grounds of race, color, religion, sex or national origin in performance of work under this AGREEMENT.

D. This AGREEMENT is governed by and shall be construed in accordance with the laws of the State of Florida. Venue of any judicial proceedings arising out of this AGREEMENT shall be in Leon County, Florida.

E. No funds received pursuant to this AGREEMENT may be expended for lobbying the Legislature, the judicial branch, or a state agency.

F. The COUNTY and other recipient agencies identified in this document and the DEPARTMENT agree that the COUNTY and other recipient agencies identified in this document, employees, and subcontractors are not agents of the DEPARTMENT as a result of this AGREEMENT.

G. Any PROJECT funds made available by the DEPARTMENT pursuant to this AGREEMENT which are determined by the DEPARTMENT to have been expended by the COUNTY in violation of this AGREEMENT or any other applicable law or regulation shall be promptly refunded in full to the DEPARTMENT. Acceptance by the DEPARTMENT of any documentation or certifications, mandatory or otherwise permitted, that the COUNTY files shall not constitute a waiver of the DEPARTMENT'S rights as the funding agency to verify all information at a later date by audit or investigation.

H. PUBLIC ENTITY CRIME INFORMATION AND ANTI-DISCRIMINATION STATEMENT: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

9 – TERMINATION AND DEFAULT

A. If the DEPARTMENT determines the performance of the COUNTY is not satisfactory, the DEPARTMENT shall have the option of (a) immediately terminating the AGREEMENT, or (b) notifying the COUNTY of the deficiency with a requirement that the deficiency be corrected within a specified time, otherwise the AGREEMENT will be terminated at the end of such time, or the DEPARTMENT will take whatever action is deemed appropriate by the DEPARTMENT.

B. The DEPARTMENT may cancel this AGREEMENT in whole or in part at any time the interest of the DEPARTMENT requires such termination. The DEPARTMENT also reserves the right to terminate or cancel this AGREEMENT in the event the COUNTY shall be placed in either voluntary or involuntary bankruptcy. The DEPARTMENT further reserves the right to terminate or cancel this AGREEMENT in the event of an assignment being made for the benefit of creditors. This AGREEMENT may be canceled by the COUNTY upon (60) sixty days written notice to the DEPARTMENT.

C. If the DEPARTMENT requires termination of the AGREEMENT for reasons other than unsatisfactory performance of the COUNTY, the DEPARTMENT shall notify the COUNTY of such termination, with instructions to the effective date of termination or specify the stage of work at which the AGREEMENT is to be terminated.

D. If the AGREEMENT is terminated before performance is completed, the COUNTY shall be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed an amount which is the same percentage of the contract price as the amount of work satisfactorily completed is a percentage of the total

work called for by this AGREEMENT. All work in progress will become the property of the DEPARTMENT and will be turned over promptly by the COUNTY.

10 - MISCELLANEOUS

A. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the Parties agree that there are no commitments, agreements or understandings concerning the subject matter of this AGREEMENT that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representation or agreements whether oral or written. It is further agreed that no modification, amendment, or alteration in the terms and conditions herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

B. This AGREEMENT and any interest herein shall not be assigned, transferred or otherwise encumbered by the COUNTY under any circumstances without the prior written consent of the DEPARTMENT. However, this AGREEMENT shall run to the DEPARTMENT and its successors.

C. In no event shall the making by the DEPARTMENT of any payment to the COUNTY constitute or be construed as a waiver by the DEPARTMENT of any breach of covenant or any default which may then exist, on the part of the COUNTY, and the making of such payment by the DEPARTMENT while any such breach or default shall exist in no way impair or prejudice any right or remedy available to the DEPARTMENT with respect to such breach or default.

D. Unless otherwise provided herein or by Amendment, the provisions of this AGREEMENT will remain in full force and effect until the PROJECT is completed and appropriate reimbursements are made, or for a one (1) year term from the date of execution of this AGREEMENT, whichever occurs first.

E. The COUNTY agrees to comply with, and to incorporate in all subcontracts the obligation to comply with, Section 20.055(5), Florida Statutes and Section 255.0991, Florida Statutes.

F. The effective date of this AGREEMENT shall be the latest date on which a party executes this AGREEMENT.

SCOPE OF SERVICES

Traffic Signal Controller Replacement

Project Summary:

This PROJECT is part of the Traffic Controller Obsolescence Replacement Plan for the Escambia/Santa Rosa Region. The existing Peek 3000E controllers are no longer being maintained and certified by the manufacturer. A total of 305 Peek 3000E controllers are on state roads within the Escambia/Santa Rosa Region.

The recommendation is for the existing Peek 3000E controllers maintained by the agencies under the current Traffic Signal Maintenance and Compensation Agreement to be replaced at as many locations selected by the maintaining agencies that the budget for replacement controllers will allow. The obsolete controllers collected should be placed in the maintaining agencies spare controller cache to be used as an exchange for other failed obsolete traffic signal controllers until the Escambia-Santa Rosa Regional Advanced Traffic Management System (ATMS) is implemented.

Scope of Services/Deliverables:

The Scope of Services for this AGREEMENT includes procurement of new signal traffic controllers that are necessary to successfully replace approximately 38 Peek 3000E controllers (12% of regional total) within the Region with new controllers.

A breakdown of the 38 traffic signal controllers to be procured (total number of controllers procured will be based on the available funds of $140,000) is shown below and based on the percentage breakdown of the total existing Peek 3000E controllers currently in use:

18 Each	Escambia County at $3700 (approximate)
10 Each	City of Pensacola
6 Each	Santa Rosa County
3 Each	City of Milton
1 Each	City of Gulf Breeze

Remaining available funds up to and not to exceed the budgetary ceiling shall be used to purchase additional controllers or ancillary devices to support/establish traffic signal connectivity to the

ATMS Phase 1. All other parts, cabling, hardware, installation and integration will be the responsibility of the maintaining agencies.

Benefits of Deployment:

Benefits to the COUNTY addressed in this AGREEMENT will provide more efficient overall traffic management through the corridor by providing better tools to the traffic management system operations personnel. Replacing obsolete equipment will improve the maintenance process and operations of the signal system.

EXHIBIT "B"
METHOD OF COMPENSATION

For satisfactory completion of all services detailed in Exhibit "A" (Scope of Services) of this AGREEMENT, The DEPARTMENT shall reimburse the COUNTY for direct costs of the PROJECT incurred by the COUNTY and other recipient agencies identified in this document, excluding any overhead, in an amount up to but not to exceed **ONE HUNDRED FORTY THOUSAND AND 00/100 DOLLARS ($140,000.00)**. An approximate number of traffic signal controllers to be replaced is shown in Exhibit "A", Scope of Services. The type of controller and exact number of controllers to be replaced shall be determined by the budget amount. Invoices and other backup documentation shall be clearly associated with the goal of procurement of traffic signal controllers for use within municipalities as stated in this AGREEMENT. Utilization of funding for the intended purpose under the terms of this AGREEMENT shall be plainly evident, otherwise the COUNTY should seek advance approval from the DEPARTMENT prior to expenditure of the funds. The DEPARTMENT in some cases may require a memorandum of justification or clarification from the COUNTY as backup for certain expenditures reimbursable under the terms of this AGREEMENT.

The COUNTY may receive progress payments up to the DEPARTMENT's participation limit for deliverables based on documentation of Invoice from vendor, approved and accepted to the satisfaction of the DEPARTMENT when properly supported by detailed invoices and acceptable evidence of payment. The final balance due under this AGREEMENT will be reimbursed upon the completion of all PROJECT services, receipt of final cost documentation and proper submission of a detailed invoice and when the PROJECT has been inspected, approved and accepted to the satisfaction of the DEPARTMENT in writing.

RESOLUTION R2017-_____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, SUPPORTING A JOINT PROJECT AGREEMENT (FPN: 436739-3-58-01) FROM THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION TO PURCHASE TRAFFIC SIGNAL CONTROLLERS; AUTHORIZING THE CHAIRMAN TO SIGN THE AGREEMENT; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Escambia County, Florida has agreed to procure replacement traffic signal controllers for approximately 38 locations as part of the Traffic Controller Obsolescence Replacement Plan for the Escambia/Santa Rosa region (hereinafter referred to as the "Project"); and

WHEREAS, the Florida Department of Transportation (hereinafter referred to as the "Department") has agreed to fund, by way of a Joint Project Agreement (FPN: 436739-3-58-01), the Project cost in an amount not to exceed one hundred and forty thousand dollars ($140,000.00), which is the maximum participation by the Department.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AS FOLLOWS:

Section 1. The above stated recitals are true and correct and incorporated herein by reference.

Section 2. The Board hereby supports the Joint Project Agreement between the Department and the County and instructs its staff to coordinate and cooperate with the Department for the completion of the Project.

Section 3. The Board hereby authorizes the Chairman to sign the Joint Project Agreement between the Department and the County.

Section 4. This Resolution shall take effect immediately upon adoption by the Board of County Commissioners.

ADOPTED this _____ day of _____ 2017.

BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: Contracts for the Bob Sikes Bridge Toll Facillity
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Contracts for the Bob Sikes Bridge Toll Facility - Joy D. Blackmon, P.E., Public Works Department Director

That the Board take the following action concerning Contracts for the Bob Sikes Bridge Toll Facility:

A. Approve the annual allocation, in the amount of $171,298.71, plus an additional 10% ($17,129.87) for equipment repairs, for the Time and Materials Maintenance Contract Agreement through July 7, 2018, to Transcore, LP;

B. Amend the Board's action of December 8, 2016, CAR II-32, Item "B" and approve a 12-month extension, effective July 1, 2017, thru June 30, 2018, between Escambia County and JJW Services, Inc., d/b/a Accustaff, for the estimated annual amount of $410,000, subject to the terms of the Agreement. The estimated annual amount is based on "all-in rates" per hour, for 1 Manager, 4 Supervisors, and 25 Toll Collectors, per the original Contract.

[Funding: Funds are available in Fund 167, "Bob Sikes Toll Facility," Cost Center 140301, Object Codes 54601 and 53401]

BACKGROUND:

Bob Sikes Bridge Electronic Toll Collection System Maintenance Contract:

Meeting in regular session on November 17, 2016, the Board issued a formal direction to staff to postpone the All-Electronic Tolling (no cash) conversion at the Bob Sikes Bridge Toll Facility. Due to discussion, both by the Board of County Commissioners and by the public since that direction, staff is requesting that the aforementioned maintenance contract allocation be approved.

At the regularly-scheduled meeting on July 7, 2015, the Board approved Contract PD

14-15.030, Bob Sikes Bridge (BSB) Toll System Upgrade Project to Transcore, LP, to install the State of Florida Sun Pass electronic tolling system at the BSB Toll Plaza. In addition, the Board approved five years Time and Materials Maintenance, with the option to renew for an additional five years. Funding for the Maintenance Contract is subject to appropriations by the Board of County Commissioners. On an annual basis, the County may opt to convert to an all-inclusive maintenance at the rates provided.

The Bob Sikes Bridge Toll Facility System Upgrades Project consisted of the installation of all new hardware and software for the toll collection function. The new system consists of 4 lanes that include a single dedicated annual pass lane, and 3 mixed-use lanes. The dedicated annual pass lane allows for free movement of vehicles with an active Escambia County annual pass, and/or an active Sun Pass account. The 3 mixed-use lanes are open to pass holders and/or offer the $1 cash transaction option.

Bob Sikes Bridge Toll Plaza Staffing:

In order to align the staffing contract with the original Agreement, Staff is requesting a change in the dates of the extensions to the existing contracts.

The Board awarded Contract PD 14-15.048, for Toll Collection Personnel Services at Bob Sikes Bridge on June 2, 2015. The Agreement relating to Toll Collection Personnel Service for the Bob Sikes Toll Bridge (PD 14-15-048), between Escambia County and JJW Services, Inc., d/b/a Accustaff, was effective July 1, 2015, for a term of 1 year, with options for renewal up to 4 additional 12 month periods, subject to the terms of the Agreement. This recommendation will modify the December 8, 2016 Board action from a 16 month extension to a 12 month extension, and will extend the contract for an additional year effective July 1, 2017. The estimated annual amount is based on "all-in rates" per hour, for 1 Manager, 4 Supervisors, and 25 Toll Collectors, per the original contract.

BUDGETARY IMPACT:

Funds are available in Fund 167 "Bob Sikes Toll Facility", Cost Center 140301, Object Codes 54601 and 53401.

AGREEMENT RELATING TO TOLL COLLECTION PERSONNEL SERVICE FOR THE BOB SIKES TOLL BRIDGE (PD 14-15.048)

This Agreement is made this 2nd day of June, 2015, by and between Escambia County, a political subdivision of the State of Florida, by and through its Board of County Commissioners (hereinafter referred to as "County"), with administrative offices located at 221 South Palafox Street, Pensacola, Florida 32502, and JJW Services, Inc. d/b/a Accustaff, a for-profit corporation, authorized to do business in the State of Florida (hereinafter referred to as "Contractor"), whose federal identification number is 52-2107466 and whose principal address is 220 West Garden Street, Suite 805, Pensacola, Florida 32502.

WITNESSETH:

WHEREAS, Escambia County (hereinafter referred to as "County") owns and operates the Bob Sikes Toll Bridge (hereinafter referred to as the "Bridge") which spans Santa Rosa Sound connecting Pensacola Beach, Florida to the City of Gulf Breeze, Florida; and

WHEREAS, the Florida Legislature has authorized operation of the Bridge as a County toll facility; and

WHEREAS, the County is authorized to contract for the operation of toll facilities used in connection with the roads and bridges of Escambia County; and

WHEREAS, the County issued an Invitation to Bidders seeking bids for toll collection personnel service for the Bob Sikes Toll Bridge (PD 14-15.048); and

WHEREAS, the Contractor was the most responsive and responsible bidder proposing to provide such services; and

WHEREAS, the County desires to enter into an agreement with Contractor for the provision of such services as specified herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. This Agreement shall commence on July 1, 2015, and continue for a term of one (1) year unless terminated earlier pursuant to paragraph 7. Upon mutual agreement of the parties, the contract may be renewed for up to four (4) additional twelve month periods.

After exercising all options to renew, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to extend the agreement no later than sixty (60) days prior to the expiration of the contract term. The total duration of this agreement, including the exercise of all options to renew/extend, shall not exceed the duration of five (5) years and six (6) months.

3. Scope of Services. Contractor agrees to provide services including, but not limited to, the scope of services outlined in Escambia County's Invitation to Bidders for Toll Collection Personnel Service for the Bob Sikes Toll Bridge, Specification No. P.D. 14-15.048, attached

hereto as Exhibit "A". In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor in accordance with the Bid Form, dated May 5, 2015, provided as part of the Contractor's Proposal, attached hereto as Exhibit "B".

5. Purchase Orders. The County shall assign tasks to the Contractor in writing utilizing work orders relating to a blanket purchase order or by individual purchase order. The task(s) to be accomplished shall be described in detail and the time frame in which it needs to be accomplished will be stated in the work order. No minimum quantity of work is guaranteed during the term of this agreement, and only those tasks assigned pursuant to a work order may be compensated.

6. Method of Billing. Contractor may request payment from County on a monthly basis by the submission of a properly executed original invoice. Invoices shall reflect the number of hours expended and the amount due and owing for services rendered with appropriate supporting documentation. The County agrees it shall make its best efforts to pay Contractor within thirty (30) days of receipt and approval of Contractor's invoice. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

7. Termination. This Agreement may be terminated for cause or convenience by the County upon providing thirty (30) days written notice to Contractor. This Agreement may be terminated for cause by the Contractor upon providing ninety (90) days written notice to the County. In the event of termination by either party as provided herein, the Contractor shall be paid for services performed through the date of termination.

8. Indemnification. The Contractor agrees to save harmless, indemnify, and defend County and its agents, officers and employees from any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of any kind, losses, penalties, interest, demands, judgments, and cost of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly, on account of or in connection with the Contractor's negligent, reckless, or intentional wrongful misconduct in the performance of this Agreement or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Contractor or by anyone for whom the Contractor is legally liable. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

12. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

13. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and its surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

14. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

15. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including but not limited to properly registering as a lobbyist for representation of the County with the appropriate governmental entities as well as making all necessary lobbying reports in a timely manner to the proper authorities.

16. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

17. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

18. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

19. Authority. Each individual executing this Agreement on behalf of a corporate or governmental party represents and warrants that he/she is duly authorized to execute and deliver this Agreement on behalf of said party, in accordance with any a duly adopted action of

9. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies.

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Employment Practices Liability with $1,000,000 per occurrence minimum limits.

(d) Florida statutory Workers' Compensation.

(e) It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

(f) Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Joseph Pillitary, Jr., Purchasing Coordinator, Post Office Box 1591, Pensacola, Florida 32597.

(g) The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Joseph Pillitary, Jr., Purchasing Coordinator, Post Office Box 1591, Pensacola, Florida 32597 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

10. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

11. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: JJW Services, Inc.
Attention: Julie Estess
220 West Garden Street, Suite 805
Pensacola, Florida 32502

To: County
Attention: County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

the governing board of said party in accordance with applicable law, and that this Agreement is binding upon said party in accordance with its terms.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

Recommendation Concerning the Contract Award for the Bob Sikes Bridge Toll System Upgrade Project - Stephan Hall, Management and Budget Services Interim Department Director

That the Board take the following action concerning the Contract Award for the Bob Sikes Bridge Toll System Upgrade Project:

A. Approve and authorize the County Administrator to sign the Agreement between Escambia County, Florida, and TransCore, LP, per the terms and conditions of PD 14-15.030, Bob Sikes Bridge Toll System Upgrade Project, for a lump sum of $1,675,379.02;

B. Approve and authorize the County Administrator to sign the Purchase Orders for materials included in the Scope of Work, being purchased by Escambia County due to contract savings, as follows:

1. Dell, State of Florida Contract #250WSCA10ACS;B27160, Primary Domain Controller, in the amount of $4,365.25, and Storage Array, in the amount of $5,264.91, for a sub-total of $14,928.53;

2. Technology Integration Group, State of Florida Contract #43220000-WSCA-14-ACS, Cisco LAN Switch, in the amount of $25,743;

3. Microsemi, Time Server (SyncServer 300 mfg.), in the amount of $5,495;

4. Dell, State of Florida Contract #250WSCA10ACS;B27160, Tape Loaders for Archival, in the amount of $9,663.62;

5. Technology Integration Group, State of Florida Contract #43220000-WSCA-14-ACS,

DMZ Switch, in the amount of $477.00;

6. Third Party Software Purchase Orders, as follows:

a. Microsoft, Microsoft Server Exchange, in the amount of $2,381.22;

b. Microsoft, Microsoft Visual Exchange, in the amount of $363.75;

c. Symantec Buying Programs; Express level D, Symantec Endpoint Protection - (v. 12.1), License plus one year Essential Support, in the amount of $389.85;

d. Solarwinds, Patch Manager, License plus one year Maintenance, in the amount of $3,495;

e. Solarwinds, Orion NPM SL100 1SVR, License with Maintenance, in the amount of $2,795;

f. Dell, State of Florida Contract #250WSCA10ACS;B27160, App Assure software-base, Exchange, SQL Server, in the amount of $8,385.75;

7. Dell, State of Florida Contract #250WSCA10ACS;B27160, Rack, in the amount of $1,965.17; and

8. Graybar, UPS, in the amount of $10,908.80, for computer hardware totaling $86,991.69;

C. Acknowledge for the Board's Record the total for installation, in the amount of $1,762,370.71; and

D. Approve five years Time and Materials Maintenance, with the option to renew for an additional five years. Funding for the Maintenance Contract is subject to appropriations by the Board of County Commissioners. On an annual basis the County may opt to convert to an All Inclusive Maintenance at the rates provided.

[Funding: Fund 167, "Bob Sikes Toll Facility," Cost Center 140301, Object Code 56401]

BACKGROUND:

The Bob Sikes Bridge Toll Plaza System Upgrades Project will consist of the installation of all new hardware and software for the toll collection function. The new system will be modeled after the Florida Turnpike Toll Facilities with the ultimate goal of full integration with the Florida Turnpike Sunpass System. The new system will have 4 new lanes that will include a single dedicated annual pass lane, and 3 mixed use lanes. The dedicated annual pass lane will allow for free movement of active Escambia County annual pass, and/or an active SunPass account. The 3 mixed use lanes will also allow for the use of pass holders, but will also offer the $1 cash transaction as well.

Request for Proposals, PD 14-15.030, Bob Sikes Bridge Toll System Upgrade Project, was publicly noticed on Monday, March 2, 2015 to thirteen known firms. One proposal

was received on Tuesday, April 28, 2015.

TransCore, LP provided their initial fee proposal with their submittal for PD 14-15.030, Bob Sikes Bridge Toll System Upgrade Project dated Tuesday, April 28, 2015, based on the scope of work in the solicitation as a lump sum of $4,349,072.80 (5 years warranty). Negotiations were held on Tuesday, May 12, 2015, Thursday, May 21, 2015, Thursday, June 4, 2015, Thursday, June 11, 2015 and Thursday, June 18, 2015. The fifth negotiation meeting established the fee of $1,757,072.34 plus maintenance.

Savings as follow:

- Original April 28, 2015 Proposal
  - Construction $2,450,440.00
  - Maintenance $1,898,632.80

  Total $4,349,072.80
- June 18, 2015 Negotiation Meeting
  - Construction $1,757,072.34
  - Maintenance
    - Time & Materials $1,084,089.48
    - All Inclusive (possible future) $2,203,189.44

  Total $2,841,161.82 (w/time & materials maintenance)

A savings of $1,507,910.98 based on Time and Materials or $388,811.02 for All Inclusive Maintenance (both savings calculated on only 5 years maintenance, the original scope of work).

BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 12/08/2016
Issue: Contracts for the Bob Sikes Bridge
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval: RZ for JB

RECOMMENDATION:
Recommendation Concerning the Bob Sikes Bridge - Joy D. Blackmon, P.E., Public Works Department Director

That the Board take the following action concerning the Bob Sikes Bridge:

A. Approve the annual allocation, in the amount of $180,000, for the Time and Materials Maintenance Contract Agreement through September 30, 2016, to Transcore, LP;

B. Approve a 16-month extension effective July 1, 2016, between Escambia County and JJW Services, Inc. d/b/a, Accustaff, for the estimated annual amount of $410,000 subject to the terms of the Agreement. The estimated annual amount is based on "all in rates" per hour, for 1 Manager, 1 Supervisor, and 25 Toll Collectors, per the original Contract; and

C. Authorize the Chairman to sign all related documents.

[Funding: Fund 167, "Bob Sikes Toll Facility," Cost Center 140301, Object Code 54601/53401]

BACKGROUND:
A. Due to the discussions over the recent months and the Board's formal direction at its November 17, 2016 regular meeting to postpone the All-Electronic Tolling (no cash) conversion at the Bob Sikes Bridge Toll Plaza, County Staff is requesting that the two aforementioned contract allocations be approved. On July 7, 2015, the Board approved Contract PD 14-15.030, Bob Sikes Bridge (BSB) Toll System Upgrade Project to Transcore, LP, to install the State of Florida Sun Pass electronic tolling system at the BSB Toll Plaza. In addition, the Board approved five years Time and Materials Maintenance, with the option to renew for an additional five years. Funding for the Maintenance Contract is subject to appropriations by the Board of County Commissioners.

On an annual basis the County may opt to convert to an All Inclusive Maintenance at the rates provided. The Bob Sikes Bridge Toll Plaza System Upgrades Project consisted of the installation of all new hardware and software for the toll collection function. The new system consists of 4 lanes that include a single dedicated annual pass lane, and 3 mixed use lanes. The dedicated annual pass lane allows for free movement of vehicles with an active Escambia County annual pass, and/or an active Sun Pass account. The 3 mixed use lanes allow for the use of pass holders and/or offer the $1 cash transaction.

B. The Board awarded Contract PD 14-15.048, for Toll Collection Personnel Services at Bob Sikes Bridge on June 2, 2015, and approved the Agreement relating to Toll Collection Personnel Service for the Bob Sikes Toll Bridge (PD 14-15.048), between Escambia County and JJW Services, Inc., d/b/a Accustaff, effective July 1, 2015, for a term of 1 year, with options for renewal up to 4 additional 12-month periods, subject to the terms of the Agreement. This recommendation will extend the contract for an additional year effective July 1, 2016. The estimated annual amount is based on "all in rates" per hour, for 1 Manager, 4 Supervisors, and 25 Toll Collectors, per the original contract. This contract will be re-bid this year based on the impact of electronic tolling. This contract is being extended for 16 months so that the yearly approvals are in our fiscal year calendar period.

BUDGETARY IMPACT:

1-25. Approval of Various Consent Agenda Items – Continued

10. Amending the Board's action taken on December 8, 2016, CAR II-32A, approving the annual allocation, in the amount of $180,000, for the Bob Sikes Bridge Time and Materials Maintenance Contract Agreement, through September 30, 2016, to Transcore, LP, to correct, due to a scrivener's error, the date noted in item "A" of the recommendation to September 30, 2017, rather than September 30, 2016; this does not affect the Five year Time and Maintenance Contract, 14-15.030, that was approved July 7, 2015.

11. Dropping the recommendation that the Board approve, and authorize the Chairman to sign, the Florida Department of Environmental Protection Agreement No. S0878, Amendment Number 1, which includes the following changes (Funding Source: Fund 352, "Local Option Sales Tax III," Cost Center 110211, Object Code 56301, Project 16PF3502):

    Task 1 Design and Permitting is being changed from $78,000 to $45,000, which is based on actual expenses.

    Task 2 Construction is being changed from $864,000 to $758,000, which is based on the completed design.

    Task 3 Administration, Operation, and Repair of Water and Wastewater System is being changed from $40,200 to $180,000, which is based on historical charges by the City of Gulf Breeze and with the understanding that the City of Gulf Breeze will operate and maintain the system through June 2017.

    None of the task descriptions have changed, and the total amount of the Grant remains unchanged at $1,000,000.

From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Change Order to Roads, Inc., of NWF, on Contract PD 14-15.064, "Mack's Road Dirt Road Paving Project" - Joy D. Blackmon, P.E., Public Works Department Director

That the Board approve and authorize the County Administrator to execute the following Change Order to Roads, Inc., of NWF, on Contract PD 14-15.064, General Paving and Drainage Agreement, for the Mack's Road Dirt Road Paving Project:

Department:	Public Works
Division:	Engineering/Infrastructure
Type:	Addition
Amount:	$19,500.00
Vendor:	Roads, Inc., of NWF
Project Name:	Mack's Road Dirt Road Paving Project
Contract:	PD 14-15.064, General Paving and Drainage Agreement
PO No.:	161394
CO No.:	1
Original Award Amount:	$337,890.80
Cumulative Amount of Change Orders through this CO:	$19,500.00
New Contract Total:	$357,390.80

[Funding Source: Fund 352, Local Option Sales Tax III, Cost Center 210107/56301, Project #16EN3655]

BACKGROUND:

Meeting in regular session on July 7, 2016, the Board approved issuing a purchase order to Roads, Inc. of NWF, on Contract PD 14-15.064 "General Paving and Drainage Agreement" to pave approximately 0.8286 miles of Mack's Road from Highway 99 to the East End. This project also included clearing and grubbing, the installation of 1.5" of SP 12.5 asphalt, base preparation, drainage, sod, shoulder establishment, installation of driveways, and shoulder work.

This Change Order, #1, in the amount of $19,500.00, is an additive change order to add 1950 linear feet of 4-foot high woven wire fence which was inadvertently left off the original contract.

Section 14 "Contract Term/Renewal/Termination" of the contract states that "No project shall exceed $350,000 without prior approval of the Board of County Commissioners." Because this Change Order takes the amount of the purchase order over $350,000, Board approval is required.

BUDGETARY IMPACT:

Funds for this project are available in Fund 352, Local Option Sales Tax III, Cost Center 210107/56301, Project #16EN3655.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation is in compliance with the provisions of the Code of Ordinances of Escambia County, Florida, Chapter 46, Finance, Article II, Purchase and Contracts.

IMPLEMENTATION/COORDINATION:

Upon approval of this recommendation, a Change Order will be transmitted to the Office of Purchasing for processing.

weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

Contract Information

14. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective October 1, 2015 after award by the Board of County Commissioners and extend for a period of Thirty-six (36) months to expire on September 30, 2018.

B. Annual continuation of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

C. The initiating County Department/Division shall issue release (purchase) orders against the term contract on an "as needed" basis. Any project requiring the issuance of a Purchase Order of fifty thousand dollars ($50,000.00) and greater or a Change Order increasing the total dollar value of a purchase order to $50,000.00 or greater shall be requested by the client Department and authorized by the Board of County Commissioners in accordance with the County Ordinance 2001-60, Section 46-64, prior to issuance of a Purchase Order/Change Order. No project shall exceed $350,000.00 without prior approval of the Board of County Commissioners.

D. The contract may be canceled by the awarded vendor, for cause, upon ninety (90) days prior written notice. The County retains the right to terminate the contract, with or without cause, upon thirty (30) days prior written notice.

15. **Price Adjustment**

The contract resulting from this Solicitation includes provision for price adjustments. Written request for price adjustments may be made annually. Any request shall be submitted to the Engineering Construction Manager no later than July 1 of the fiscal Year. All awarded vendors will be allowed to adjust their unit price, whether as an increase or a decrease, at the established annual renewal time (The Effective Date for all requested Changes shall be October 1, the start of a new fiscal year). If any vendor should choose not to adjust their unit prices, it is an understood acceptance of the updated fuel index and understands that any bituminous adjustments will be utilizing the current fuel index for the month of renewal (September). Any requested increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bonafide cost increase to the awarded contractor by its suppliers. Adjustments in prices shall be accomplished by written amendment to this contract submitted by the Contract Administrator and approved by the Board of County Commissioners, with an Effective Date of October 1st.

16. **Purchasing Agreements with other Government Agencies**

The submission of any offer in response to this Solicitation constitutes an offer made under the same terms and conditions, for the same contract price, to other governmental agencies within the offeror's area of responsibility, territory, zone, region, etc..

Each governmental agency desiring to accept these offers, and make an award thereof, shall do so independently of any other governmental agency. Each agency shall be responsible for its own purchases and each shall be liable only for materials ordered and received by it, and no agency

You hereby are authorized and directed to make the following changes in accordance with terms and conditions of the Agreement:
Describe changes here;

Addition of 1950LF of 4 wire fence that was left out of the original contract. 1950lf at $10/ft totaling $19,500.00

	Dollars	Time in Calendar Days
Original Contract Amount	$ 337,890.80	
Sum of Previous Changes	$ 0	
This Change Order	$ 19,500.00	
Adjusted Agreement Amount	$ 357,890.80	

This contract substantial completion date will be increased/decreased by 47 calendar days due to the Change Order. The new contract substantial completion date is 3/31/2017. Your acceptance of this Change Order shall constitute a modification to our Agreement and will be performed subject to all the same terms and conditions in our Agreement indicated above, as fully as if the same were repeated in this acceptance.

The adjustment if any, to the Agreement shall constitute a full and final settlement of any and all claims arising out of or related to the change set forth herein, including claims for impact and delay cost.

The Contract Administrator has directed the Contractor to increase the penal sum of the existing Performance and Payment Bonds or to obtain additional bonds on the basis of a $25,000.00 or greater value Change Order.

☐ Check if applicable and provide written confirmation from the bonding company/agent (attorney-in-fact) that the amounts of the Performance and Payment bonds have been adjusted to 100% of the new contract amount.

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

27. PD 14-15.064

Motion made by Commissioner Robinson, seconded by Commissioner May, and carried unanimously, amending the Board's action of September 24, 2015, awarding an Indefinite Quantity, Indefinite Delivery Multiple Awards Contract PD 14-15.064, for General Paving and Drainage, for a term of 36 months to the following contractors, for an estimated annual amount of $3,000,000, to each contractor, which was based on the Attorney's Standard Form of Contract, to instead approve the award of an Indefinite Quantity, Indefinite Delivery Multiple Awards Contract PD 14-15.064, for a term of 36 months for the estimated annual amount of $3,000,000, to each of the following contractors, and approve the General Paving and Drainage Agreement PD 14-15.064, between Escambia County and the following contractors:

Allsouth Construction Services, LLC
Chavers Construction
Gulf Atlantic Constructors, Inc.
J Miller Construction, Inc.
Midsouth Paving, Inc.
Infrastructure Specialty Services, Inc.
Panhandle Grading and Paving, Inc.
Roads, Inc., of NWF
Utility Service Co., Inc.

The recommendation to award the Contract PD 14-15.064 to the ten contractors, for an estimated annual amount of $3,000,000, went before the Board of County Commissioners on September 24, 2015, and the Contract form indicated at that time was the Attorney's Standard Form of Contract; the Contract PD 14-15.064 is not the Attorney's Standard Form of Contract; the Contract PD 14-15.064 was prepared by Kristin Hual, Assistant County Attorney, for the General Paving and Drainage Pricing Agreement (Funding: Fund 352, Local Option Sales Tax [LOST] III, Cost Center 210107, Object Code 56301; Fund 352, LOST III, Cost Center 350229, Object Code 56301; Fund 181, Master Drainage Basin Funds, Cost Center 210719-210736, Object Code 56301; and Fund 112, Disaster Recovery Fund, Cost Centers 330490-330495, Object Codes 54612-56301).

13. Continued...

B. Approve the Issuance of a Purchase Order to Roads, Inc., of NWF, in the amount of $337,890.80, on Contract PD 14-15.064, General Paving and Drainage Agreement, for the Mack's Road Dirt Road Paving Project; and

C. Approve the Issuance of a Purchase Order to Roads, Inc., of NWF, in the amount of $280,518.87, on Contract PD 14-15-064, General Paving and Drainage Agreement, for the Cecil Road Dirt Road Paving Project.

Approved 4-0, with Commissioner Underhill absent

14. Recommendation: That the Board take the following action concerning the acceptance of the donation of a portion of a parcel of property, for road right-of-way on Marge Lane, from Jason L. and Catherine Shawn Flory (Funding: funds for incidental expenses associated with recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office):

A. Authorize staff to negotiate and resolve any matters related to or associated with the acceptance of the property, via donation, for road right-of-way on Marge Lane, from Jason L. and Catherine Shawn Flory;

B. Authorize the payment of documentary stamps because the property is being donated for governmental use, which is for road right-of-way, and the County benefits from the acceptance of the property because it facilitates the construction and maintenance of paving and drainage systems for use by the citizens of Escambia County;

C. Authorize the payment of incidental expenditures associated with the recording of documents; and

D. Authorize the Chairman or Vice Chairman to accept the Quit Claim Deed as of the day of delivery of the Quit Claim Deed to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to acknowledge the Board's acceptance at that time.

Approved 4-0, with Commissioner Underhill absent

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12266 **County Administrator's Report 12. 25.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: Flexible Benefits Plan Administrative Services
From: Eric Kleinert, Department Director
Organization: Human Resources
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Flexible Benefits Plan Administrative Services - Eric Kleinert, Human Resources Department Director

That the Board take the following action concerning the Flexible Benefits Program:

A. Approve the updated Escambia County Board of County Commissioners Flexible Benefits Plan to reflect changes in relevant Federal Laws and governance. The updated document reflects the organization's ability to provide par and other benefits in lieu of health insurance coverage. The option to "opt out" of health insurance coverage requires proof of other health insurance coverage. Employees who elect to "opt out" would receive $10,000 in additional life insurance coverage, a $12.98 discount on their dental coverage, and a $100 per calendar month stipend; and

B. Authorize the County Administrator to sign the Escambia County Board of County Commissioners Flexible Benefits Plan document.

[Funding Source: Fund 501, Internal Service Fund, Cost Center 150108, Object Code 53101. The budgetary impact will be determined by the number of eligible employees who enroll in the opt out provision.]

BACKGROUND:

The plan document requires updates periodically as the laws change, either through a Summary Material Modification (SMM)
or rewrite depending on the changes in the plan. In 2013 and 2014, a SMM was approved for changing the plan year, adding a $500 rollover, and increased the limit for Health Care Reimbursement, per IRS requirements. Due to these changes, it was determined a rewrite would be appropriate to include the prior language changes and add an "opt out" provision for employees declining to take County-sponsored health coverage. The interpretation of relevant communications on this subject is that the $100 stipend will be considered taxable income and employees that are TRICARE eligible or

employees who are eligible for Medicare will not be eligible for the benefit due to prohibitions of such payments by the Centers for Medicare and Medicaid Services and the Department of Defense.

BUDGETARY IMPACT:

[Funding Source: Fund 501, Internal Service Fund, Cost Center 150108, Object Code 53101]

The budgetary impact will be determined by the number of eligible employees who enroll in the opt out provision.

LEGAL CONSIDERATIONS/SIGN-OFF:

We will continue to monitor the guidance issued by the Internal Revenue Service (IRS) regarding provisions of providing payments
to employees who elect to "opt out" as guidance on this topic from the IRS has been limited to date. The County Attorney's Office has reviewed the Plan Document and deemed it legally sufficient.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

N/A

IMPLEMENTATION/COORDINATION:

The Human Resources Department will coordinate with the Lockard and Williams Insurance Company to ensure the plan document is updated. The Human Resources Department will coordinate with the Clerk of Courts to ensure the procedures for employees to receive appropriate payment if they elect to "opt-out" are mutually agreeable and efficient.

ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS FLEXIBLE BENEFITS PLAN

INTRODUCTION

The Employer has restated the Escambia County Board of County Commissioners Flexible Benefits Plan (the "Plan"), effective 01/01/2018. The purpose of the Plan is to allow Eligible Employees to choose between cash and certain qualified benefits. Specifically, the Plan allows Eligible Employees to pay for their share of premiums on a pre-tax, salary reduction basis. In addition, the Plan allows Eligible Employee to contribute on a pre-tax, salary reduction basis to accounts for reimbursement of certain medical and dependent care expenses under the respective Health Flexible Spending Account, Limited Purpose Health Flexible Spending Account, and Dependent Care Flexible Spending Account. Only employees may participate in the Plan, and the provisions of the Plan shall apply uniformly to all Participants. This Plan is a restatement of a Plan which was originally effective on 10/01/2004.

The intention of the Employer is that the Plan qualify as a "Cafeteria Plan" within the meaning of Code Section 125 and the regulations thereunder, and that the salary reductions that an Employee elects under the Plan be excludable from the Employee's income. It is intended that the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account operate in accordance with the rules under Code Section 125, and qualify as an "accident and health plan" within the meaning of Code Section 105(e) such that reimbursements will be eligible for exclusion from Participants' taxable income under Code Section 105(b). It is intended that the Dependent Care Flexible Spending Account qualify as a dependent care assistance program within the meaning of Code Section 129 such that reimbursements will be eligible for exclusion from Participants' taxable income under Code Section 129(a). To the extent that a provision of this Plan relates to a requirement of the Code, it must be interpreted to impose such requirement, but only to the extent required by law, unless the terms of the provision expressly provide otherwise.

Neither the Plan, nor the action of an Employer in establishing or continuing the Plan, nor participation in the Plan may be construed as giving any person the right to be employed by or remain employed with an Employer or, except as provided in the Plan, the right to any payment or benefit.

The Plan is an unfunded plan without a trust or any other separate funding vehicle. Although Plan bookkeeping accounts are maintained, including for amounts attributable to Employee pre-tax salary reduction elections, all Plan benefits are paid from the general assets of the Employer.

ARTICLE I
DEFINITIONS

1.1 **"Administrator"** means the Employer unless another person or entity has been designated by the Employer pursuant to Section **1** to administer the Plan on behalf of the Employer. If the Employer is the Administrator, the Employer may appoint any person, including, but not limited to, the Employees of the Employer, to perform the duties of the Administrator. Any person so appointed shall signify acceptance by filing written acceptance with the Employer. Upon the resignation or removal of any individual performing the duties of the Administrator, the Employer may designate a successor.

1.2 **"Affiliated Employer"** means the Employer and any corporation which is a member of a controlled group of corporations (as defined in Code Section 414(b)) which includes the Employer; any trade or business (whether or not incorporated) which is under common control (as defined in Code Section 414(c)) with the Employer; any organization (whether or not incorporated) which is a member of an affiliated service group (as defined in Code Section 414(m)) which includes the Employer; and any other entity required to be aggregated with the Employer pursuant to Treasury regulations under Code Section 414(o).

1.3 **"Benefit"** or **"Benefit Options"** means any of the optional benefit choices as outlined in Section **1** that Participants can elect and pay for with Salary Redirection.

1.4 **"Code"** means the Internal Revenue Code of 1986, as amended from time to time.

1.5 **"Dependent"** means

(a) for purposes of the premium payment arrangement, the Health Flexible Spending Account, and Limited Purpose Health Flexible Spending Account, a child of the Eligible Employee who is under the age of 27 as of the end of the year. A child is a (1) a natural child; (2) an adopted child or a child placed for adoption; (3) a stepchild; or (4) a foster child.

(b) for purposes of the Dependent Care Flexible Spending Account, a "Qualifying Dependent," as defined in Section 7.2(d).

1.6 **"Dependent Care Account"** means the individual notional account established under the Dependent Care Flexible Spending Account in the name of each Participant for the purpose of accounting for credits and for benefits for Employment-Related Dependent Care Expenses paid for or on behalf of the Participant.

1.7 **"Dependent Care Flexible Spending Account"** means the Employer's Dependent Care Spending Account Plan as described in Article VII.

1.8 **"Effective Date"** means January 1, 2018.

1.9 **"Election Period"** means the period immediately preceding the beginning of each Plan Year established by the Administrator, such period to be applied on a uniform and nondiscriminatory basis for all Employees and Participants. However, an Employee's initial Election Period shall be determined pursuant to Section **1**.

1.10 **"Eligible Employee"** means any Employee who has satisfied the provisions of Section **1**.

1.11 **"Employee"** means any person who is employed by the Employer on its payroll records as a common law employee. The term Employee shall include leased employees within the meaning of Code Section 414(n)(2).

1.12 **"Employer"** means Escambia County Board of County Commissioners and any other Affiliated Employer which shall adopt this Plan; any successor which shall maintain this Plan; and any predecessor which has maintained this Plan. Escambia County Clerk of Court, Escambia County Property Appraiser, Escambia County Tax Collector, Santa Rosa Island Authority, Health Facilities Authority, Escambia County Housing Authority and Human Relations Commission are Participating Employers who will adopt this Plan.

1.13 **"FMLA Leave"** means leave under The Family and Medical Leave Act of 1993, as amended from time to time.

1.14 **"Health Account"** means the individual notional account established under the Health Flexible Spending Account in the name of each Participant for the purpose of accounting for credits and for benefits for Medical Expenses paid for or on behalf of the Participant.

1.15 **"Health Flexible Spending Account"** means the Employer's Health Flexible Spending Account Plan, as described in Article VI.

1.16 **"Highly Compensated Employee"** means an Employee who:

(a) performs services for the Employer during the determination year;

(b) for the look-back year received compensation (as defined in Code Section 415(c)(3), including elective deferrals as defined in Code Section 402(g) and amounts excludible from salary under Code Sections 125, 132(f)(4), or 457) in excess of $120,000 (for 2017), as adjusted to reflect cost-of-living increases; and

(c) was a Participant of the top 20% of Employees during the look-back year when ranked on the basis of compensation received during the year.

For purposes of this definition of Highly Compensated Employee, the "determination year" is the Plan Year, and the "look-back year" is the 12-month period immediately preceding the determination year.

1.17 **"Highly Compensated Individual"** means, with respect to Code Section 125, a Participant who is (a) an officer, (b) a Highly Compensated Employee, (c) a more-than-5 percent owner, or (d) a Spouse or Dependent of an individual described in (a), (b) or (c) above. With respect to Code Section 105(h), Highly Compensated Individual means an individual who is (1) one of the five highest paid officers, (2) a more-than-10% owners of the employer's stock, or (3) among the highest paid 25% of all Employees.

1.18 **"HIPAA"** means the Health Insurance Portability and Accountability Act of 1996, as amended from time to time.

1.19 **"Insurance Contract"** means any contract issued by an Insurer underwriting a Benefit.

1.20 **"Insurer"** means any insurance company that issues an Insurance Contract .

1.21 **"Key Employee"** means an Employee described in Code Section 416(i)(1) and the Treasury regulations thereunder.

1.22 **"Limited Purpose Health Account"** means the individual notional account established under the Limited Purpose Health Flexible Spending Account in the name of each Participant for the purpose of accounting for credits and for benefits for Limited Purpose Medical Expenses paid for or on behalf of the Participant.

1.23 **"Limited Purpose Health Flexible Spending Account"** means the Employer's Limited Purpose Health Flexible Spending Account Plan, as described in Article XIII.

1.24 **"Participant"** means any Eligible Employee who elects to become a Participant pursuant to Section **3** and has not for any reason become ineligible to participate further in the Plan.

1.25 **"Plan"** means the Escambia County Board of County Commissioners Flexible Benefits Plan.

1.26 **"Plan Year"** means the 12-month period beginning January 1 and ending December 31. In the event a Participant commences participation during a Plan Year, then the initial coverage period shall be that portion of the Plan Year commencing on such Participant's date of entry and ending on the last day of such Plan Year.

1.27 **"Premium Expenses"** or **"Premiums"** mean the Participant's cost for the Benefits described in Sections **1**(4) – (10).

1.28 **"Salary Redirection"** means the contributions made by the Employer on behalf of Participants pursuant to Section 1and Article V.

1.29 **"Salary Redirection Agreement"** means an agreement between the Participant and the Employer under which the Employer allows a Participant to elect Benefits and specify Salary Redirections. The Salary Redirection Agreement shall apply only to compensation that has not been actually or constructively received by the Participant as of the date of the agreement (after taking this Plan and Code Section 125 into account) and, subsequently does not become currently available to the Participant. The Salary Redirection Agreement may be undertaken through electronic means.

1.30 **"Spouse"** means an individual who is lawfully married to a Participant and not legally separated. An individual shall be considered lawfully married regardless of where the individual is domiciled if either of the following are true: (1) the individual was married in a state, possession, or territory of the U.S. and the individual is recognized as lawfully married by that state, possession, or territory of the U.S.; or (2) the individual was married in a foreign jurisdiction and the laws of at least one state, possession, or territory of the U.S. would recognize the individual as lawfully married.

ARTICLE II
PARTICIPATION

2.1 ELIGIBILITY

With respect to the Benefits except for the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account, an Employee shall be eligible to participate in the Plan as to such Benefit the first of the month following 30 days of employment after his initial date of employment with the Employer. An Eligible Employee shall be eligible to participate in the Plan with respect to the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account the first day of the plan year that begins following 30 days of employment after his initial date of employment with the Employer. Eligible Employees are full-time employees who work at least thirty hours per week.

2.2 EFFECTIVE DATE OF PARTICIPATION

An Eligible Employee shall become a Participant effective as of the date on which he satisfies the requirements of Section **2.1** and files a Salary Redirection Agreement, as described in Section 2.3.

2.3 APPLICATION TO PARTICIPATE

An Eligible Employee shall, during the applicable Election Period, submit a Salary Redirection Agreement in a manner set forth by the Administrator. The election shall be irrevocable until the end of the applicable Plan Year unless the Participant is entitled to change his Benefit elections pursuant to Section hereof.

Any such Salary Redirection Agreement shall be effective for the first pay period beginning on or after the Employee's effective date of participation pursuant to Section **2.2.**

Notwithstanding the foregoing, an Employee who is eligible to participate in this Plan and who is covered by the Benefits under this Plan listed in Section 4.1(4)-(10) shall automatically become a Participant to the extent of the Premiums for such benefits.

2.4 TERMINATION OF PARTICIPATION

A Participant shall no longer participate with respect to any of the Benefits under this Plan upon the earliest occurrence of any of the following events:

(a) **Termination of employment.** The date on which the Participant's termination of employment, subject to the provisions of Section **5**;

(b) **Death.** The date on which the Participant dies, subject to the provisions of Section **6**;

(c) **Termination of the Plan or Benefit.** The date on which the Plan or such Benefit terminates;

(d) **Termination of Eligibility.** With respect to any Benefit, the date on which the Employee ceases to satisfy the eligibility requirements of such Benefit;

(e) **Termination of Salary Redirection Agreement.** The date on which the Participant's Salary Redirection Agreement expires or is terminated under the Plan; or

(f) **Change from Full-Time to Part-Time.** The date on which an employee changes from full-time to part-time unless the employee continues to work 30 hours/week.

2.5 TERMINATION OF EMPLOYMENT

If a Participant's employment with the Employer is terminated for any reason other than death, his participation in the Benefit Options provided under Section **1** shall be governed in accordance with the following:

(a) **Certain Benefits.** With regard to Benefits provided under Section **1**(4) – (10), the Participant's participation in the Plan shall cease, subject to the Participant's right to continue coverage under any Insurance Contract or self-funded benefit for which premiums have already been paid.

(b) **Dependent Care FSA.** With regard to the Dependent Care Flexible Spending Account, the Participant's participation in the Plan shall cease and no further Salary Redirection contributions shall be made. However, such Participant may submit claims for employment related Dependent Care Expense reimbursements for claims incurred up to the date of termination and submitted within 60 days after termination, based on the level of the Participant's Dependent Care Flexible Spending Account as of the date of termination.

(c) **COBRA applicability.** With regard to the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account, the Participant may submit claims for expenses that were incurred during the portion of the Plan Year before the end of the period for which payments to the Health Flexible Spending Account orLimited Purpose Health Flexible Spending Account have already been made. Thereafter, the health benefits under this Plan including the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account shall be applied and administered consistent with such further rights a Participant and his Dependents may be entitled to pursuant to Code Section 4980B and Section **.13** of the Plan.

2.6 DEATH

If a Participant dies, his participation in the Plan shall cease. However, such Participant's Spouse or Dependents may submit claims for expenses or benefits for the remainder of the Plan Year. In no event may reimbursements be paid to someone who is not a Spouse or Dependent. If the Plan is subject to the provisions of Code Section 4980B, then those provisions and related regulations shall apply for purposes of the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account.

2.7 REINSTATEMENT DURING PLAN YEAR

If a Participant terminates employment with the Employer and is rehired within thirty (30) days, his or her Benefit Option elections (and corresponding Salary Redirection Agreement) in effect at the time of the Participant's termination of employment will automatically resume and remain in effect for the balance of the Plan Year in which re-employment occurs; provided, however, to the extent such Benefit Options or previously elected levels of coverage are no longer available due to a modification of the Benefit Options, a change in the Employee's classification or otherwise, the Participant shall be deemed to have elected those Benefit Options and levels of coverage determined by the Administrator to be the default elections in like circumstances. Any other rehired Employee shall be treated as a new Employee for purposes of this Plan.

2.8 PARTICIPATION DURING OR UPON RETURN FROM LEAVES OF ABSENCE

(a) a Participant while on an approved paid leave of absence must continue any and all Benefit Options elected under this Plan, and the Participant's Salary Redirection Agreement shall continue without modification while on such paid leave of absence, subject to adjustments due to changes in costs.

(b) In accordance with the terms of the Benefit Option, Participants while on an approved unpaid leave of absence may continue or discontinue any or all of the Benefit Options in effect on the leave commencement.

For all Benefit Options except for the Health Flexible Spending Account, Limited Purpose Health Flexible Spending Account, and Dependent Care Flexible Spending Account, if the Participant continues coverage during the leave, he or she must make catch-up contributions for the missed contributions when he or she returns to work. If a Participant returns from an approved unpaid leave of absence, the Participant's last Salary Redirection Agreement timely made during an Election Period shall automatically resume (subject to adjustment for changes in costs) and be given effect for the balance of the Plan Year in which the Participant returns from leave; provided, however, to the extent such Benefit Options or previously elected levels of coverage are no longer available due to a modification of the Benefit Options, a change in the Participant's classification or otherwise, the Participant shall be deemed to have elected those Benefit Options and levels of coverage determined by the Administrator to be the default elections in like circumstances.

For the Health Flexible Spending Account, Limited Purpose Health Flexible Spending Account, and Dependent Care Flexible Spending Account, if the Participant continues coverage during the leave, he must either pay his contributions on an after-tax basis during his leave or make catch-up contributions for the missed contributions when he returns to work. If the Participant discontinues coverage and returns from an approved unpaid leave of absence, he will be reinstated in coverage when he returns to work. At that time, the Participant can elect to either resume his elections on his last Salary Redirection Agreement and resume coverage at a reduced level or make new elections on the Salary Redirection Agreement, make up the unpaid payments, and resume coverage in effect at the level before the leave.

ARTICLE III
SALARY REDIRECTIONS

3.1 SALARY REDIRECTION

Participants shall make Salary Redirections sufficient to pay the cost of the Benefits that the Participant has elected hereunder. The salary administration program of the Employer shall be revised to allow each Participant to agree to reduce his pay during a Plan Year by an amount determined necessary to purchase the elected Benefit Options. The amount of such Salary Redirection shall be specified in the Salary Redirection Agreement and shall be applicable for a Plan Year. Notwithstanding the above, for new Participants, the Salary Redirection Agreement shall only be applicable from the first day of the pay period following the Employee's entry date up to and including the last day of the Plan Year.

Any Salary Redirection shall be determined prior to the beginning of a Plan Year (subject to initial elections pursuant to Section 1) and prior to the end of the Election Period and shall be irrevocable for such Plan Year. However, a Participant may revoke a Benefit election or a Salary Redirection Agreement after the Plan Year has commenced and make a new election with respect to the remainder of the Plan Year, if both the revocation and the new election are on account of and consistent with a change in status and such other permitted events as determined under Article V of the Plan and consistent with the Code Section 125 rules and regulations of the Department of the Treasury. Salary Redirection amounts shall be contributed on a pro rata basis for each pay period during the Plan Year. All individual Salary Redirection Agreements are deemed to be part of this Plan and incorporated by reference hereunder.

3.2 PERIODIC CONTRIBUTIONS

Notwithstanding the requirement provided above and in other Articles of this Plan that Salary Redirections be contributed to the Plan by the Employer on behalf of an Employee on a level and pro rata basis for each payroll period, the Employer and Administrator may implement a procedure in which Salary Redirections are contributed throughout the Plan Year on a periodic basis that is not pro rata for each payroll period. However, with regard to the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account, the payment schedule for the required contributions may not be based on the rate or amount of reimbursements during the Plan Year.

ARTICLE IV
BENEFITS

4.1 BENEFIT OPTIONS

Each Participant may elect to forego receiving a portion of his or her compensation during the Plan Year and, in lieu of receiving in cash the foregone compensation, elect any one or more of the following Benefits:

(1) Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account

(2) Dependent Care Flexible Spending Account

(3) Health Savings Account Benefit

In addition, each Participant may elect to forego receiving a portion of his or her compensation during the Plan Year and, in lieu of receiving in cash the foregone compensation and any additional cash payment as described in Section 4.4, elect one or more of the following Benefits:

(4) Health Insurance Benefit

(5) Dental Insurance Benefit

(6) Group-Term Life Insurance Benefit

(7) Cancer Insurance Benefit

(8) Vision Insurance Benefit

(9) Accidental Death and Dismemberment Insurance Benefit

(10) Other Insurance Benefit

4.2 HEALTH FLEXIBLE SPENDING ACCOUNT BENEFIT AND LIMITED PURPOSE HEALTH FLEXIBLE SPENDING ACCOUNT

Each Participant who does not elect to contribute to an HSA may elect to participate in the Health Flexible Spending Account option, in which case Article VI shall apply. Each Participant who elects to contribute to an HSA may elect to participate in the Health Flexible Spending Account option, in which case Article XIII shall apply.

4.3 DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT BENEFIT

Each Participant may elect to participate in the Dependent Care Flexible Spending Account option, in which case Article VII shall apply.

4.4 HEALTH INSURANCE BENEFIT

(a) **Coverage for Participant, Spouse, and Dependents.** Each Eligible Employee may elect to purchase coverage under the Employer's health plan on pre-tax basis for the him/herself, his or her Spouse, and his or her Dependents.

(d) **Eligible employees who decline coverage**. Eligible Employees who do not elect to purchase coverage under the Employer's health plan may receive an additional cash payment from the Employer in an amount of $100 per calendar month. Such Eligible Employees will also receive $10,000 in additional life insurance benefits, which may result in taxable income to the Eligible Employee, and their required contribution for the Dental Insurance Benefit will be reduced by $12.98 per month. Such cash payment shall be considered a taxable benefit under the Plan, and such additional life insurance benefit may be considered a taxable benefit under the Plan. Such payments, benefits, and Dental Insurance Benefit discount shall be made available on a uniform and consistent basis to Participants. Notwithstanding the foregoing, this Section 4.4(d) shall not apply to Eligible Employees who are eligible for Medicare or Tricare.

4.5 DENTAL INSURANCE BENEFIT

Each Eligible Employee may elect to purchase coverage under the Employer's dental plan on pre-tax basis for him/herself, his or her Spouse, and his or her Dependents.

4.6 GROUP-TERM LIFE INSURANCE BENEFIT

Each Eligible Employee may elect to purchase coverage under the Employer's group-term life plan for him/herself.

4.7 CANCER INSURANCE BENEFIT

Each Eligible Employee may elect to purchase coverage under the Employer's cancer plan for him/herself, his or her Spouse, and his or her Dependents.

4.8 VISION INSURANCE BENEFIT

Each Eligible Employee may elect to purchase coverage under the Employer's vision plan for him/herself, his or her Spouse, and his or her Dependents.

4.9 ACCIDENTAL DEATH AND DISMEMBERMENT INSURANCE BENEFIT

Each Eligible Employee may elect to purchase coverage under the Employer's accidental death and dismemberment plan for him/herself, his or her Spouse, and his or her Dependents.

4.10 OTHER INSURANCE BENEFIT

The Employer may allow Eligible Employees to elect to purchase other types of coverage allowed under Code Section 125.

4.11 HEALTH SAVINGS ACCOUNT BENEFIT

Each Eligible Employee may elect to have a portion of his Salary Redirections contributed to a Health Savings Account, as defined in Code Section 223. The amounts contributed shall be subject to the terms of the Health Savings Account as established.

4.12 NONDISCRIMINATION REQUIREMENTS

(a) **Highly Compensated Individuals.** It is the intent of this Plan to not discriminate in favor of Highly Compensated Individuals as to eligibility to participate, or as to contributions and benefits, in compliance with the requirements of Code Section 125(b)(1).

(b) **Key Employees.** It is the intent of this Plan not to provide qualified benefits as defined under Code Section 125 to Key Employees in amounts that exceed 25% of the aggregate of such qualified benefits provided for all Participants under the Plan, in compliance with Code Section 125(b)(2).

(c) **Adjustment to avoid test failure.** If the Administrator deems it necessary to avoid discrimination or possible taxation to Highly Compensated Individuals or Key Employees or a group of employees in whose favor discrimination may not occur in violation of Code Section 125, it may, but shall not be required to, reduce Salary Redirections or non-taxable Benefits in order to assure compliance with the Code and regulations. .

ARTICLE V
PARTICIPANT ELECTIONS

5.1 INITIAL ELECTIONS

An Employee who first meets the eligibility requirements of Section **2.1** on the first day of, or during, a Plan Year may elect to participate in this Plan for all or the remainder of such Plan Year, provided he timely submits a Salary Redirection Agreement .

Notwithstanding the foregoing, an Employee who is eligible to participate in this Plan and who is covered by the Benefits described in Section 4.1(4) –(10) shall automatically become a Participant to the extent of the Premiums for such insurance.

A Salary Redirection Agreement is effective for the remainder of the Plan Year in which it is first entered and is irrevocable during the Plan Year, except as provided in Section 5.4.

5.2 SUBSEQUENT ANNUAL ELECTIONS

During the Election Period prior to each subsequent Plan Year, each Eligible Employee shall be given the opportunity to elect Benefit options for the next Plan Year. Any such election shall be effective for any Benefit expenses incurred during the Plan Year which follows the end of the Election Period. With regard to subsequent annual elections, the following options shall apply:

(a) An Eligible Employee who failed to initially elect to participate may elect new Benefits during the Election Period;

(b) A Participant may terminate his participation in the Plan by notifying the Administrator in writing during the Election Period that he does not want to participate in the Plan for the next Plan Year;

(c) An Employee who elects not to participate for the Plan Year following the Election Period will have to wait until the next Election Period before again electing to participate in the Plan, except as provided for in Section .

A Salary Redirection Agreement is effective for the entire Plan Year to which it relates and is irrevocable during the Plan Year, except as provided in Section 5.4.

5.3 FAILURE TO ELECT

With regard to Benefits listed in Section 4.1(1) –(3), any Participant who fails to complete a new Salary Redirection Agreement pursuant to Section **5.2** by the end of the applicable Election Period shall be deemed to have elected not to participate in the Plan for the upcoming Plan Year. No further Salary Redirections shall therefore be authorized or made for the subsequent Plan Year for such Benefits.

With regard to Benefits listed in Section 4.1(4) – (10), any Participant who fails to complete a new Salary Redirection Agreement pursuant to Section **5.2** by the end of the applicable Election Period shall be deemed to have made the same Benefit elections as are then in effect for the current Plan Year. The Participant shall also be deemed to have elected Salary Redirection in an amount necessary to purchase such Benefit Options.

5.4 CHANGE IN STATUS

(a) **Change in status defined.** Any Participant may change a Benefit election after the Plan Year (to which such election relates) has commenced and make new elections with respect to the remainder of such Plan Year if, under the facts and circumstances, the changes are necessitated by and are consistent with a change in status which is acceptable under rules and regulations adopted by the Department of the Treasury, the provisions of which are incorporated by reference. Notwithstanding anything herein to the contrary, if the rules and regulations conflict with the provisions in the Plan, then such rules and regulations shall control.

In general, a change in election is not consistent if the change in status is the Participant's divorce, annulment or legal separation from a Spouse, the death of a Spouse or Dependent, or a Dependent ceasing to satisfy the eligibility requirements for coverage, and the Participant's election under the Plan is to cancel accident or health insurance coverage for any individual other than the one involved in such event. In addition, if the Participant, Spouse or Dependent gains or loses eligibility for coverage, then a Participant's election under the Plan to cease or decrease coverage for that individual under the Plan corresponds with that change in status only if coverage for that individual becomes applicable or is increased under the family member plan.

Regardless of the consistency requirement, if the individual or the individual's Spouse or Dependent becomes eligible for continuation coverage under the Employer's group health plan as provided in Code Section 4980B or any similar state law, then the individual may elect to increase payments under this Plan in order to pay for the continuation coverage. However, this does not apply for COBRA eligibility due to termination of employment, divorce, annulment or legal separation.

Any new election should be made no later than 30 days of the change in status occurring and shall be effective at such time as the Administrator shall prescribe, but not earlier than the first pay period beginning after the new Salary Redirection Agreement is completed and returned to the Administrator. If the new elections include a Health Insurance Benefit described in Section 4.4, the Employer may require a Participant to return any payment received that Plan Year for waiting health benefits, as described in Section 4.4(b). In

addition, the increased Life Insurance Benefit and Dental Insurance Benefit discount described in Section 4.4(b) may cease on a protective basis.

For the purposes of this subsection, a change in status shall only include the following events or other events permitted by Treasury rules and regulations:

(1) Legal Marital Status: events that change a Participant's legal marital status, including marriage, divorce, death of a Spouse, legal separation or annulment;

(2) Number of Dependents: Events that change a Participant's number of Dependents, including birth, adoption, placement for adoption, or death of a Dependent;

(3) Employment Status: Any of the following events that change the employment status of the Participant, Spouse, or Dependent: termination or commencement of employment, a strike or lockout, commencement or return from an unpaid leave of absence, or a change in worksite. In addition, if the eligibility conditions of this Plan or other employee benefit plan of the Employer of the Participant, Spouse, or Dependent depend on the employment status of that individual and there is a change in that individual's employment status with the consequence that the individual becomes (or ceases to be) eligible under the plan, then that change constitutes a change in employment under this subsection;

(4) Dependent satisfies or ceases to satisfy the eligibility requirements: An event that causes the Participant's Dependent to satisfy or cease to satisfy the definition of Dependent due to attainment of age, student status, or any similar circumstance; and

(5) Residency: A change in the place of residence of the Participant, Spouse or Dependent, that would lead to a change in status (such as a loss of HMO coverage).

For the Dependent Care Flexible Spending Account, a Dependent becoming or ceasing to be a "Qualifying Dependent" as defined under Code Section 21(b) shall also qualify as a change in status.

(b) **Special enrollment rights.** Notwithstanding subsection (a), the Participants may change an election for group health coverage during a Plan Year and make a new election that corresponds with the special enrollment rights provided in Code Section 9801(f), including those authorized under the provisions of the Children's Health Insurance Program Reauthorization Act of 2009 (SCHIP); provided that such Participant meets the sixty (60) day notice requirement imposed by Code Section 9801(f) (or such longer period as may be permitted by the Plan and communicated to Participants). Such change shall take place on a prospective basis, unless otherwise required by Code Section 9801(f) to be retroactive.

(c) **Qualified Medical Support Order.** Notwithstanding subsection (a), in the event of a judgment, decree, or order (including approval of a property settlement) ("order") resulting from a divorce, legal separation, annulment, or change in legal custody which requires accident or health coverage for a Participant's child (including a foster child who is a Dependent of the Participant):

(1) The Plan may change an election to provide coverage for the child if the order requires coverage under the Participant's plan; or

(2) The Participant shall be permitted to change an election to cancel coverage for the child if the order requires the former Spouse to provide coverage for such child, under that individual's plan and such coverage is actually provided.

(d) **Medicare or Medicaid.** Notwithstanding subsection (a), a Participant may change elections to cancel accident or health coverage for the Participant or the Participant's Spouse or Dependent if the Participant or the Participant's Spouse or Dependent is enrolled in the accident or health coverage of the Employer and becomes entitled to coverage (i.e., enrolled) under Part A or Part B of the Title XVIII of the Social Security Act (Medicare) or Title XIX of the Social Security Act (Medicaid), other than coverage consisting solely of benefits under Section 1928 of the Social Security Act (the program for distribution of pediatric vaccines). If the Participant or the Participant's Spouse or Dependent who has been entitled to Medicaid or Medicare coverage loses eligibility, that individual may prospectively elect coverage under the Plan if a benefit package option under the Plan provides similar coverage.

(e) **Cost increase or decrease.** If the cost of a Benefit provided under the Plan increases or decreases during a Plan Year, then the Plan shall automatically increase or decrease, as the case may be, the Salary Redirections of all affected Participants for such Benefit. Alternatively, if the cost of a benefit package option increases significantly, the Administrator shall permit the affected Participants to either make corresponding changes in their payments or revoke their elections and, in lieu thereof, receive on a prospective basis coverage under another benefit package option with similar coverage, or drop coverage prospectively if there is no benefit package option with similar coverage.

A cost increase or decrease refers to an increase or decrease in the amount of elective contributions under the Plan, whether resulting from an action taken by the Participants or an action taken by the Employer.

This subsection (e) applies with respect to the Dependent Care Flexible Spending Account only if the cost change is imposed by a dependent care provider who is not a relative of the Employee.

(f) **Loss of coverage.** If the coverage under a Benefit is significantly curtailed or ceases during a Plan Year, affected Participants may revoke their elections of such Benefit and, in lieu thereof, elect to receive, on a prospective basis, coverage under another plan with similar coverage, or drop coverage prospectively if no similar coverage is offered.

(g) **Addition of a new benefit.** If, during the period of coverage, a new benefit package option or other coverage option is added, an existing benefit package option is significantly improved, or an existing benefit package option or other coverage option is eliminated, then the affected Participants may elect the newly-added option, or elect another option if an option has been eliminated prospectively and make corresponding election changes with respect to other benefit package options providing similar coverage. In addition, those Eligible Employees who are not participating in the Plan may opt to become Participants and elect the new or newly improved benefit package option.

(h) **Loss of coverage under certain other plans.** A Participant may make a prospective election change to add group health coverage for the Participant, the Participant's Spouse or Dependent if such individual loses group health coverage sponsored by a governmental or educational institution, including a state children's health insurance program under the Social Security Act, the Indian Health Service or a health program offered by an Indian tribal government, a state health benefits risk pool, or a foreign government group health plan.

(i) **Change of coverage due to change under certain other plans.** A Participant may make a prospective election change that is on account of and corresponds with a change made under the plan of a Spouse's, former Spouse's or Dependent's employer if (1) the cafeteria plan or other benefits plan of the Spouse's, former Spouse's or Dependent's employer permits its participants to make a change; or (2) the cafeteria plan permits participants to make an election for a period of coverage that is different from the period of coverage under the cafeteria plan of a Spouse's, former Spouse's or Dependent's employer.

(j) **Change in dependent care provider.** A Participant may make a prospective election change that is on account of and corresponds with a change by the Participant in the dependent care provider. The availability of dependent care services from a new childcare provider is similar to a new benefit package option becoming available. A cost change is allowable in the Dependent Care Flexible Spending Account only if the cost change is imposed by a dependent care provider who is not related to the Participant, as defined in Code Section 152(a)(1) through (8).

(k) **Health FSA cannot change due to insurance change.** A Participant shall not be permitted to change an election with respect to the Health Flexible Spending Account or the Limited Purpose Health Flexible Spending Account as a result of a cost or coverage change under any health insurance benefits.

(l) **Health Savings Account changes.** A Participant who has elected the Health Savings Account Benefit specified in Section **4.11** may modify or revoke the election prospectively, provided such change is consistent with Code Section 223 and the Treasury regulations thereunder.

(m) **Changes due to reduction in hours or enrollment in an Exchange Plan.** A Participant may prospectively revoke coverage with respect to the Health Insurance Benefit provided the following conditions are met:

Conditions for revocation due to reduction in hours of service:

(1) The Participant has been reasonably expected to average at least 30 hours of service per week and there is a change in that Participant's status so that the Participant will reasonably be expected to average less than 30 hours of service per week after the change, even if that reduction does not result in the Participant ceasing to be eligible under the group health plan; and

(2) The revocation of coverage under the group health plan corresponds to the intended enrollment of the Participant, and any related individuals who cease coverage due to the revocation, in another plan that provides minimum essential coverage with the new coverage effective no later than the first day of the second month following the month that includes the date the original coverage is revoked.

The Administrator may rely on the reasonable representation of the Participant who is reasonably expected to have an average of less than 30 hours of service per week for future periods that the Participant and related individuals have enrolled or intend to enroll in another plan that provides minimum essential coverage for new coverage that is effective no later than the first day of the second month following the month that includes the date the original coverage is revoked.

Conditions for revocation due to enrollment in a Qualified Health Plan:

(1) The Participant is eligible for a Special Enrollment Period to enroll in a Qualified Health Plan through a Marketplace (federal or state exchange) pursuant to guidance issued by the Department of Health and Human Services and any other applicable guidance, or the Participant seeks to enroll in a Qualified Health Plan through a Marketplace during the Marketplace's annual open enrollment period; and

(2) The revocation of the election of coverage under the group health plan corresponds to the intended enrollment of the Participant and any related individuals who cease coverage due to the revocation in a Qualified Health Plan through a Marketplace for new coverage that is effective beginning no later than the day immediately following the last day of the original coverage that is revoked.

The Administrator may rely on the reasonable representation of a Participant who has an enrollment opportunity for a Qualified Health Plan through a Marketplace that the Participant and related individuals have enrolled or intend to enroll in a Qualified Health Plan for new coverage that is effective beginning no later than the day immediately following the last day of the original coverage that is revoked.

ARTICLE VI
HEALTH FLEXIBLE SPENDING ACCOUNT

6.1 GENERALLY

This Health Flexible Spending Account is intended to qualify as a medical reimbursement plan under Code Section 105(e) such that reimbursements will be eligible from exclusion from Participants' taxable income under Coode Section 105(b). The Health Flexible Spending Account shall be interpreted in a manner consistent with such Code Sections and the Treasury regulations thereunder. Participants who elect to participate in this Health Flexible Spending Account may submit claims for the reimbursement of Medical Expenses. All amounts reimbursed to a Participant shall be periodically paid from amounts allocated to the Participant's Health Account. Periodic payments reimbursing Participants from the Health Account shall in no event occur less frequently than monthly.

The Employer establishes and maintains on its books a Health Account for each Participant who elects to participate in the Health Flexible Spending Account. Each Plan Year is accounted for separately. A Participant's Health Account is credited, as of the first day of the Plan Year, with the full amount elected for the Plan Year under the Participant's Salary Redirection Agreement. All amounts credited to the Health Account are the property of the Employer until paid out pursuant to Article VI.

6.2 DEFINITIONS

For the purposes of this Article and the Plan, the terms below have the following meaning:

(a) **"Medical Expenses"** means any expense for medical care within the meaning of Code Section 213(d) and the rulings and Treasury regulations thereunder (except as otherwise noted below), and not otherwise used by the Participant as a deduction in determining his tax liability under the Code. "Medical Expenses" can be incurred by the Participant, his or her Spouse and his or her Dependents. "Incurred" means, with regard to Medical Expenses, when the Participant is provided with the medical care that gives rise to the Medical Expense and not when the Participant is formally billed or charged for, or pays for, the medical care.

A Participant may not be reimbursed for the cost of any medicine or drug that is not "prescribed" within the meaning of Code Section 106(f) or is not insulin.

A Participant may not be reimbursed for the cost of other health coverage such as premiums paid under plans maintained by the employer of the Participant's Spouse or individual policies maintained by the Participant or his Spouse or Dependent.

A Participant may not be reimbursed for "qualified long-term care services" as defined in Code Section 7702B(c).

(b) The definitions of Article I are hereby incorporated by reference to the extent necessary to interpret and apply the provisions of this Health Flexible Spending Account.

6.3 FORFEITURES

If any balance remains credited to the Participant's Health Account after all reimbursements are made for that Plan Year, up to $500.00 of such balance will be allowed to rollover into the next Plan Year. If a Participant elects to contribute to an HSA in that next Plan Year, the balance will roll over to a Limited Purpose Health Account. The amount in the Participant's Health Account as of the end of any Plan Year after the rollover has taken place (and after the processing of all claims for such Plan Year pursuant to Section 7 hereof) shall be forfeited and is not available to the Participant in any other form or manner. In such event, the Participant shall have no further claim to such amount for any reason. Such balance remains the property of the Employer, and the Participant forfeits all rights with respect to such balance.

6.4 LIMITATION ON ALLOCATIONS

(a) Notwithstanding any provision contained in this Health Flexible Spending Account to the contrary, the maximum amount of Salary Redirections that a Participant may allocated to his or her Health Account in or on account of any Plan Year is $2,600, as adjusted for increases in the cost of living in accordance with Code Section 125(i)(2). The cost of living adjustment in effect for a calendar year applies to any Plan Year beginning with or within such calendar year. The dollar increase in effect on January 1 of any calendar year shall be effective for the Plan Year beginning with or within such calendar year. For any short Plan Year, the limit shall be an amount equal to the limit for the calendar year in which the Plan Year begins multiplied by the ratio obtained by dividing the number of full months in the short Plan Year by twelve (12). A rollover described in Section 6.3 will not be counted as a Salary Redirection for this purpose.

(b) **Participation in Other Plans.** All employers that are treated as a single employer under Code Sections 414(b), (c), or (m), relating to controlled groups and affiliated service groups, are treated as a single employer for purposes of the statutory limit. If a

Participant participates in multiple cafeteria plans offering health flexible spending accounts maintained by members of a controlled group or affiliated service group, the Participant's total Health Flexible Spending Account contributions under all of the cafeteria plans are limited to the statutory limit (as adjusted). However, a Participant employed by two or more employers that are not members of the same controlled group may elect up to the statutory limit (as adjusted) under each employer's health flexible spending account.

6.5 NONDISCRIMINATION REQUIREMENTS

(a) **Intent to be nondiscriminatory.** It is the intent of this Health Flexible Spending Account not to discriminate in favor of Highly Compensated Individuals as to eligibility to participate, or as to contributions and benefits, in compliance with the requirement of Code Section 105(h).

(b) **Adjustment to avoid test failure.** If the Administrator deems it necessary to avoid discrimination under this Health Flexible Spending Account, it may, but shall not be required to, reject any elections or reduce Salary Redirections in order to assure compliance with this Section.

6.6 HEALTH FLEXIBLE SPENDING ACCOUNT CLAIMS

(a) **Expenses must be incurred during Plan Year.** All Medical Expenses incurred by a Participant, his or her Spouse and his or her Dependents during the Plan Year shall be reimbursed during the Plan Year and runout period, subject to Section **2.5**, even though the submission of such a claim occurs after his participation hereunder ceases; but provided that the Medical Expenses were incurred during the applicable Plan Year. Medical Expenses are treated as having been incurred when the Participant is provided with the medical care that gives rise to the medical expenses, not when the Participant is formally billed or charged for, or pays for the medical care.

(b) **Reimbursement available throughout Plan Year.** The Administrator shall direct the reimbursement to each eligible Participant for all allowable Medical Expenses, up to a maximum of the amount designated by the Participant for the Health Flexible Spending Account for the Plan Year. Reimbursements shall be made available to the Participant throughout the year without regard to the level of Salary Redirections which have been allocated to the Participant's Health Account at any given point in time. Furthermore, a Participant shall be entitled to reimbursements only for amounts in excess of any payments or other reimbursements under any health care plan covering the Participant and/or his Spouse or Dependents.

(c) **Payments.** Except as described in Section 6.8, reimbursement payments under this Plan shall be made directly to the Participant. However, in the Administrator's discretion, payments may be made directly to the service provider. The application for payment or reimbursement shall be made to the Administrator on an acceptable form within a reasonable time of incurring the debt or paying for the service. The application shall include a written statement from an independent third party stating that the Medical Expense has been incurred and the amount of such expense. Furthermore, the Participant shall provide a written statement that the Medical Expense has not been reimbursed or is not reimbursable under any other health plan coverage and, if reimbursed from the Health Flexible Spending Account, such amount will not be claimed as a tax deduction.

(d) **Claims for reimbursement.** Claims for the reimbursement of Medical Expenses incurred in any Plan Year shall be paid as soon after a claim has been filed as is administratively practicable; provided however, that if a Participant fails to submit a claim within 60 days after the end of the Plan Year (the "runout period"), those Medical Expense claims shall not be considered for reimbursement by the Administrator. However, if a Participant terminates employment during the Plan Year, claims for the reimbursement of Medical Expenses must be submitted within 60 days after termination of employment.

6.7 DEBIT AND CREDIT CARDS

Participants may, subject to a procedure established by the Administrator and applied in a uniform nondiscriminatory manner, use debit and/or credit (stored value) cards ("cards") provided by the Administrator and the Plan for payment of Medical Expenses, subject to the following terms:

(a) **Card only for medical expenses.** Each Participant issued a card shall certify that such card shall only be used for Medical Expenses. The Participant shall also certify that any Medical Expense paid with the card has not already been reimbursed by any other plan covering health benefits and that the Participant will not seek reimbursement from any other plan covering health benefits.

(b) **Card issuance.** Such card shall be issued upon the Participant's Effective Date of Participation and reissued for each Plan Year the Participant remains a Participant in the Health Flexible Spending Account. Such card shall be automatically cancelled upon the Participant's death or termination of employment, or if such Participant has a change in status that results in the Participant's withdrawal from the Health Flexible Spending Account.

(c) **Maximum dollar amount available.** The dollar amount of coverage available on the card shall be the amount elected by the Participant for the Plan Year. The maximum dollar amount of coverage available shall be the maximum amount for the Plan Year as set forth in Section **6.4**.

(d) **Only available for use with certain service providers.** The cards shall only be accepted by such merchants and service providers as have been approved by the Administrator following IRS guidelines.

(e) **Card use.** The cards shall only be used for Medical Expense purchases at these providers, including, but not limited to, the following:

(1) Co-payments for doctor and other medical care;

(2) Purchase of drugs prescribed by a health care provider, including, if permitted by the Administrator, over-the-counter medications as allowed under Treasury regulations;

(3) Purchase of medical items such as eyeglasses, syringes, crutches, etc.

(f) **Substantiation.** Such purchases by the cards shall be subject to substantiation by the Administrator, usually by submission of a receipt from a service provider describing the service, the date and the amount. The Administrator shall also follow the requirements set forth in Revenue Ruling 2003-43 and Notice 2006-69. All charges shall be conditional pending confirmation and substantiation.

(g) **Correction methods.** If such purchase is later determined by the Administrator to not qualify as a Medical Expense, the Administrator, in its discretion, shall use one of the following correction methods to make the Plan whole. Until the amount is repaid, the Administrator shall take further action to ensure that further violations of the terms of the card do not occur, up to and including denial of access to the card.

(1) Repayment of the improper amount by the Participant;

(2) Withholding the improper payment from the Participant's wages or other compensation to the extent consistent with applicable federal or state law;

(3) Claims substitution or offset of future claims until the amount is repaid; and

(4) if subsections (1) through (3) fail to recover the amount, consistent with the Employer's business practices, the Employer may treat the amount as any other business indebtedness.

ARTICLE VII
DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

7.1 ESTABLISHMENT OF ACCOUNT

This Dependent Care Flexible Spending Account is intended to qualify as a program under Code Section 129 and shall be interpreted in a manner consistent with such Code Section. Participants who elect to participate in the Dependent Care Flexible Spending Account may submit claims for the reimbursement of Employment-Related Dependent Care Expenses. All amounts reimbursed shall be paid from amounts allocated to the Participant's Dependent Care Account.

7.2 DEFINITIONS

For the purposes of this Article and the Cafeteria Plan the terms below shall have the following meaning:

(a) **"Earned Income"** means earned income as defined under Code Section 32(c)(2), but excluding such amounts paid or incurred by the Employer for dependent care assistance to the Participant.

(b) **"Employment-Related Dependent Care Expenses"** means the amounts paid for expenses of a Participant for those services which if paid by the Participant would be considered employment-related expenses under Code Section 21(b)(2). Generally, they shall include expenses for household services and for the care of a Qualifying Dependent, to the extent that such expenses are incurred to enable the Participant and his or her Spouse to be gainfully employed, to enable the Spouse to be a full-time student for at least five months during the year, or if the Spouse is physically or mentally incapable of self-care for any period for which there are one or more Qualifying Dependents with respect to such Participant. Employment-Related Dependent Care Expenses are treated as having been incurred when the Participant's Qualifying Dependents are provided with the dependent care that gives rise to the Employment-Related Dependent Care Expenses, not when the Participant is formally billed or charged for, or pays for the dependent care. The determination of whether an amount qualifies as an Employment-Related Dependent Care Expense shall be made subject to the following rules:

(1) If such amounts are paid for expenses incurred outside the Participant's household, they shall constitute Employment-Related Dependent Care Expenses only if incurred for a Qualifying Dependent as defined in Section 2(d)(1) or (3) who regularly spends at least 8 hours per day in the Participant's household or a Qualifying Dependent as defined in Section 7.2(c)(1).

(2) If the expense is incurred outside the Participant's home at a facility that provides care for a fee, payment, or grant for more than 6 individuals who do not regularly reside at the facility, the facility must comply with all applicable state and local laws and regulations, including licensing requirements, if any; and

(3) Employment-Related Dependent Care Expenses of a Participant shall not include amounts paid or incurred to a child of such Participant who is under the age of 19 or to an individual who is a Dependent of such Participant or such Participant's Spouse.

(c) **"Qualifying Dependent"** means, for Dependent Care Flexible Spending Account purposes,

(1) the Participant's dependent child (as defined in Code Section 152(a)(1)) who has not attained age 13;

(2) a dependent of the Participant (as defined in Code Section 152, without regard to subsections (b)(1), (b)(2), and (d)(1)(B)) who is physically or mentally incapable of caring for himself or herself and has the same principal place of abode as the Participant for more than one-half of such taxable year; or

(3) a Spouse of the Participant who is physically or mentally incapable of caring for himself or herself and has the same principal place of abode as the Participant for more than one-half of such taxable year.

(d) The definitions of Article I are hereby incorporated by reference to the extent necessary to interpret and apply the provisions of this Dependent Care Flexible Spending Account.

7.3 DEPENDENT CARE ACCOUNTS

The Administrator shall establish and maintain on its books a Dependent Care Account for each Participant who elects to participate in the Dependent Care Flexible Spending Account. Each Plan Year shall be accounted for separately.

7.4 INCREASES IN DEPENDENT CARE FLEXIBLE SPENDING ACCOUNTS

A Participant's Dependent Care Account shall be credited each pay period by the portion of Salary Redirections that he has elected to apply toward his Dependent Care Flexible Spending Account pursuant to elections made under Article V hereof. All amounts credited to the Dependent Care Account are the property of the Employer until paid out.

7.5 DECREASES IN DEPENDENT CARE FLEXIBLE SPENDING ACCOUNTS

A Participant's Dependent Care Account shall be reduced by the amount of any Employment-Related Dependent Care Expense reimbursements paid or incurred on behalf of a Participant pursuant to Section **12** hereof.

7.6 ALLOWABLE DEPENDENT CARE REIMBURSEMENT

Subject to limitations contained in Section **9**, and to the extent of the amount contained in the Participant's Dependent Care Account, a Participant who incurs Employment-Related Dependent Care Expenses shall be entitled to receive from the Employer full reimbursement for the entire amount of such expenses incurred during the Plan Year or portion thereof during which he is a Participant.

7.7 ANNUAL STATEMENT OF BENEFITS

On or before January 31st of each calendar year, the Employer shall furnish to each Employee who was a Participant and received benefits under Section **7.6** during the prior calendar year, a statement of all such benefits paid to or on behalf of such Participant during the prior calendar year. This statement is set forth on the Participant's Form W-2.

7.8 FORFEITURES

If any balance remains credited to a Participant's Dependent Care Account as of the end of any Plan Year (and after the processing of all claims for such Plan Year pursuant to Section **12** hereof), such balance is not rolled over to reimburse the Participant for Employment-Related Dependent Care Expenses, is not available to the Participant in any other form or manner, and shall be forfeited. In such event, the Participant shall have no further claim to such amount for any reason. Such balance remains the property of the Employer, and the Participant forfeits all rights with respect to such balance.

7.9 LIMITATION ON PAYMENTS

(a) **Plan limits.** Notwithstanding any provision contained in the Plan to the contrary, the following limits apply in addition to the Code limits. The minimum amount that may be allocated to the Dependent Care Account by a Participant in or on account of any Plan Year is $10.00 per pay period.

(b) **Code limits.** Notwithstanding any provision contained in the Plan to the contrary, amounts paid from a Participant's Dependent Care Account in or on account of any Plan Year shall not exceed the lesser of the Earned Income limitation described in Code Section 129(b) or $5,000 ($2,500 if a separate tax return is filed by a Participant who is married as determined under the rules of paragraphs

(3) and (4) of Code Section 21(e)). In the case of a married Participant who elects Section 125 Contributions to a Dependent Care Account in excess of two thousand five hundred dollars ($2,500), the Plan Administrator shall be entitled to rely on the Participant's election as constituting a certification by the Participant that he or she will file a joint tax return.

7.10 NONDISCRIMINATION REQUIREMENTS

(a) **Intent to be nondiscriminatory.** It is the intent of this Dependent Care Flexible Spending Account that the average benefits provided to employee who are not Highly Compensated Employees shall be at least 55-percent of the average benefits provided to Highly Compensated Employees in compliance with the requirements of Code Section 129(d)(8), and the Dependent Care Spending Account Plan shall not discriminate in favor of Highly Compensated Employees as to eligibility in compliance with Code Section 129(d)(3) or as to contributions or benefits in compliance with Code Section 129(d)(2).

(b) **Adjustment to avoid test failure.** If the Administrator deems it necessary to avoid discrimination or possible taxation to a group of employees in whose favor discrimination may not occur in violation of Code Section 129 it may, but shall not be required to, reject any elections or reduce Salary Redirections to assure compliance with this Section.

7.11 DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT CLAIMS

The Administrator shall direct the payment of all such Employer-Related Dependent Care Expenses to the Participant upon the presentation to the Administrator of documentation of such expenses in a form satisfactory to the Administrator. However, in the Administrator's discretion, payments may be made directly to the service provider. In its discretion in administering the Plan, the Administrator may utilize forms and require documentation of costs as may be necessary to verify the claims submitted. At a minimum, the form shall include a statement from an independent third party as proof that the expense has been incurred during the Plan Year and the amount of such expense. In addition, the Administrator may require that each Participant who desires to receive reimbursement for Employment-Related Dependent Care Expenses submit a statement which may contain some or all of the following information:

(a) The Dependent or Dependents for whom the services were performed;

(b) The nature of the services performed for the Participant, the cost of which he wishes reimbursement;

(c) The relationship, if any, of the person performing the services to the Participant;

(d) If the services are being performed by a child of the Participant, the age of the child;

(e) A statement as to where the services were performed;

(f) If any of the services were performed outside the home, a statement as to whether the Dependent for whom such services were performed spends at least 8 hours a day in the Participant's household;

(g) If the services were being performed in a day care center, a statement:

(1) that the day care center complies with all applicable laws and regulations of the state of residence,

(2) that the day care center provides care for more than 6 individuals (other than individuals residing at the center), and

(3) of the amount of fee paid to the provider.

(h) If the Participant is married, a statement containing the following:

(1) the Spouse's salary or wages if he or she is employed, or

(2) if the Participant's Spouse is not employed, that

(i) he or she is incapacitated, or

(ii) he or she is a full-time student attending an educational institution and the months during the year which he or she attended such institution.

(i) **Claims for reimbursement.** If a Participant fails to submit a claim within 60 days after the end of the Plan Year, those claims shall not be considered for reimbursement by the Administrator. However, if a Participant terminates employment during the Plan Year, claims for reimbursement must be submitted within 60 days after termination of employment.

7.12 DEBIT AND CREDIT CARDS

Participants may, subject to a procedure established by the Administrator and applied in a uniform nondiscriminatory manner, use debit and/or credit (stored value) cards ("cards") provided by the Administrator and the Plan for payment of Employment-Related Dependent Care Expenses, subject to the following terms:

(a) **Card only for Employer-Related Dependent Care Expenses.** Each Participant issued a card shall certify that such card shall only be used for Employment-Related Dependent Care Expenses. The Participant shall also certify that any Employment-Related Dependent Care Expense paid with the card has not already been reimbursed by any other plan covering dependent care benefits and that the Participant will not seek reimbursement from any other plan covering dependent care benefits.

(b) **Card issuance.** Such card shall be issued upon the Participant's Effective Date of Participation and reissued for each Plan Year the Participant remains a Participant in the Dependent Care Flexible Spending Account. Such card shall be automatically cancelled upon the Participant's death or termination of employment, or if such Participant has a change in status that results in the Participant's withdrawal from the Dependent Care Flexible Spending Account.

(c) **Only available for use with certain service providers.** The cards shall only be accepted by such service providers as have been approved by the Administrator. The cards shall only be used for Employment-Related Dependent Care Expenses from these providers.

(d) **Substantiation.** Such purchases by the cards shall be subject to substantiation by the Administrator, usually by submission of a receipt from a service provider describing the service, the date and the amount. The Administrator shall also follow the requirements set forth in Revenue Ruling 2003-43 and Notice 2006-69. All charges shall be conditional pending confirmation and substantiation.

(e) **Correction methods.** If such purchase is later determined by the Administrator to not qualify as an Employment-Related Dependent Care Expense, the Administrator, in its discretion, shall use one of the following correction methods to make the Plan whole. Until the amount is repaid, the Administrator shall take further action to ensure that further violations of the terms of the card do not occur, up to and including denial of access to the card.

(1) Repayment of the improper amount by the Participant;

(2) Withholding the improper payment from the Participant's wages or other compensation to the extent consistent with applicable federal or state law;

(3) Claims substitution or offset of future claims until the amount is repaid; and

(4) if subsections (1) through (3) fail to recover the amount, consistent with the Employer's business practices, the Employer may treat the amount as any other business indebtedness.

ARTICLE VIII
BENEFITS AND RIGHTS

8.1 CLAIM FOR BENEFITS

(a) **Non-Dependent Care Flexible Spending Account and Non-Health Care Flexible Spending Account claims.** Except for the Dependent Care Flexible Spending Account and Health Care Flexible Spending Account, any claim for Benefits shall be made to the party designated under the terms of the Benefit Option. If such party denies any claim, the Participant or beneficiary shall follow such party's claims review procedure.

(b) **Dependent Care Flexible Spending Account, Health Flexible Spending Account, or Limited Purpose Health Flexible Spending Account claims.** Any claim for Dependent Care Flexible Spending Account, Health Flexible Spending Account, or Limited Purpose Health Flexible Spending Account Benefits shall be made to the Administrator. If a Participant fails to submit a claim within 60 days after the end of the Plan Year, those claims shall not be considered for reimbursement by the Administrator. However, if a Participant terminates employment during the Plan Year, claims for the reimbursement of Medical Expenses or Employment-Related Dependent Care Expenses must be submitted within 60 days after termination of employment. If the Administrator denies a claim, the Administrator may provide notice to the Participant or beneficiary, in writing, within 30 days after the claim is filed unless special circumstances require an extension of time for processing the claim. If the Administrator determines that an extension is necessary, the extension notice will describe the required information and the Participant will be given at least 45 days to submit the information. The Administrator then will make its determination within 15 days from the date the Plan receives the additional information, or, if earlier, the deadline to submit the additional information. The notice of a denial of a claim shall be written in a manner calculated to be understood by the claimant and shall set forth:

(1) specific references for the denial of the claim;

(2) a reference to specific Plan provisions on which the denial is based;

(2) a description of any additional material or information necessary for the claimant to perfect the claim and an explanation as to why such material or information is necessary;

(3) an explanation of the Plan's procedure for review of the denied or partially denied claim, (only with respect to the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account);

(4) a disclosure of any internal rule, guideline, or protocol relied on in making the adverse determination (or statement that such information is available free of charge upon request; and

(5) if the denial is based on a medical necessity or experimental treatment or similar limit, an explanation of the scientific or clinical judgment for the determination (or statement that such information will be provided free of charge upon request).

(c) **Appeal.** Upon denial of a claim in whole or in part, a claimant has the right to submit a written request to the Administration for a full and fair review of the denied claim, and upon request and free of charge, the right to reasonable access and copies of all documents, records, and other information relevant to the claimant's claim for benefits and my submit issues and comments in writing. The review will take into account all comments, documents, records, and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination. A request for review must be submitted within 180 days after receipt by the claimant of the written notice of the denial of the claim. If the claimant fails to file a request for review within 180 days of the denial notification, the claim is deemed abandoned and the claimant precluded from reasserting it.

A request must include a description of the issues and evidence the claimant deems relevant. Failure to raise issues or present evidence on review will preclude those issues or evidence from being presented in any subsequent proceeding or judicial review of the claim.

(d) **Review of appeal.** A decision on the review by the Administrator will be made not later than 60 days after receipt of a request for review If the Plan Administrator issues a negative decision, it will provide a written decision setting forth:

(1) the specific reason or reasons for the denial of the claim;

(2) a reference to specific Plan provisions on which the adverse determination was made;

(3) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;

(4) a statement describing any voluntary appeal procedures offered by the Plan (only with respect to the Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account);

(5) a disclosure of any internal rule, guideline, or protocol relied on in making the adverse determination (or statement that such information is available free of charge upon request); and

(6) if the denial is based on a medical necessity or experimental treatment or similar limit, an explanation of the scientific or clinical judgment for the determination (or statement that such information will be provided free of charge upon request).

(e) **Forfeitures.** Any balance remaining in the Participant's Health Account, Limited Purpose Health Flexible Spending Account, or Dependent Care Account as of the end of the time for claims reimbursement for each Plan Year, as described in Section 6.3 and 7.8 shall be forfeited and deposited in the benefit plan surplus of the Employer unless the Participant had made a claim for such Plan Year, in writing, which has been denied or is pending; in which event the amount of the claim shall be held in his account until the claim appeal procedures set forth above have been satisfied or the claim is paid. If any such claim is denied on appeal, the amount held beyond the end of the Plan Year shall be forfeited, as described in Section 6.3 and 7.8.

8.2 APPLICATION OF FORFEITED AMOUNTS

Any forfeited amounts under Sections 6.3 and 7.8 may, but need not be, separately accounted for after the close of the Plan Year (or after such further time specified herein for the filing of claims) in which such forfeitures arose. In no event shall such amounts be carried over to reimburse a Participant for expenses incurred during a subsequent Plan Year for the same or any other Benefit available under the Plan; nor shall amounts forfeited by a particular Participant be made available to such Participant in any other form or manner, except as permitted by Treasury regulations. Forfeited amounts shall be used to defray any administrative costs and experience losses or used to provide additional benefits under the Plan.

8.3 AUTHORITY OF THE ADMINISTRATOR

To the extent of its responsibility to review the denial of benefit claims, the Administrator has full authority to interpret and apply in its discretion the provisions of the Plan. The decision of the Administrator is final and binding upon any and all claimants and any person making a claim through or under them. Benefits will be paid only if the Administrator decides in its discretion that the claimant is entitled to them.

8.4 LIMITS ON RIGHT TO JUDICIAL REVIEW

A claimant must follow the claims procedures described by this Article VIII before taking action in any other forum regarding a claim for benefits under the Plan. Any suit or legal action initiated by a claimant under the Plan must be brought by the claimant no later than one year following a final decision on the claim for benefits under these claims procedures. The one-year statute of limitations on suits for benefits applies in any forum where a claimant initiates such suit or legal action. If a civil action is not filed within this period, the claimant's benefit claim is deemed permanently waived and abandoned.

8.5 PAYMENTS TO MINORS AND INCOMPETENTS

(a) Minors. If proof of legal guardianship satisfactory to the Administrator is provided, payments owing to a minor may be made to the minor's legal guardian.

(b) Incompetents. If the Employer is served with an order of a court of competent jurisdiction that declares that a person entitled to benefits under the terms of the Plan is unable for any reason (including, but not limited to, illness, infirmity, or mental incapacity) to attend to her affairs, the Employer shall comply with such order. The Administrator shall have no duty to investigate whether or not an individual is competent.

8.6 DISCHARGE OF OBLIGATION; RECEIPT AND RELEASE

All payments from the Plan constitute a complete discharge of all obligations of the Plan and the Employer to the extent of the portion of the Account paid. The Administrator may require the payee, as a condition precedent to any payment, to execute a receipt and release.

8.7 NONALIENATION

No benefit payable under the Plan may be subject in any manner to anticipation, sale, transfer, assignment, pledge, encumbrance, security interest or charge, and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge, or grant a security interest in the same is void and of no effect; nor may any such benefit be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the person entitled to such benefit.

8.8 WITHHOLDING TAXES

The Employer may make any appropriate arrangements to deduct from all amounts paid under the Plan any taxes required to be withheld by any government or government agency. The Participant bears all taxes on amounts paid under the Plan to the extent that no taxes are withheld, irrespective of whether withholding is required.

8.9 MISSING PERSONS

If the Employer cannot locate a Participant, after making a reasonably diligent effort, including by giving written notice addressed to the Participant's last known address as shown by the records of the Employer, the amount payable to the Participant is forfeited to the Plan. If the Participant subsequently applies for benefits, the amount so forfeited will be paid to the Participant. The amount payable to a Participant on an uncashed check is also forfeited to the Plan.

8.10 CLERICAL ERRORS OR OMISSIONS

Clerical errors or omissions in information provided to a Participant do not deprive a Participant of his right to receive a benefit, and do not affect the amount of his benefit. Conversely, clerical errors or omissions do not cause a Participant to have the right to receive a benefit to which he is not entitled and a Participant receiving an overpayment by mistake must repay the overpayment, if requested to do so. The Employer reserves the right to correct any mistake in any reasonable manner, including but not limited to, adjusting the amount of future benefit payments, repaying to the Plan any overpayment, or making catch-up payments to a Participant for an underpayment. The failure to enforce any provision of the Plan does not affect the Plan's right thereafter to enforce such provision, nor does such failure affect its right to enforce any other Plan provision.

ARTICLE IX
ADMINISTRATION

9.1 PLAN ADMINISTRATION

The Employer shall be the Administrator, unless the Employer elects otherwise. The Employer may appoint any person, including, but not limited to, the Employees of the Employer, to perform the duties of the Administrator. Any person so appointed shall signify acceptance by filing acceptance in writing (or such other form as acceptable to both parties) with the Employer. Upon the resignation or removal of any individual performing the duties of the Administrator, the Employer may designate a successor.

If the Employer elects, the Employer shall appoint one or more Administrators. Any person, including, but not limited to, the Employees of the Employer, shall be eligible to serve as an Administrator. Any person so appointed shall signify acceptance by filing acceptance in writing (or

such other form as acceptable to both parties) with the Employer. An Administrator may resign by delivering a resignation in writing (or such other form as acceptable to both parties) to the Employer or be removed by the Employer by delivery of notice of removal (in writing or such other form as acceptable to both parties), to take effect at a date specified therein, or upon delivery to the Administrator if no date is specified. The Employer shall be empowered to appoint and remove the Administrator from time to time as it deems necessary for the proper administration of the Plan to ensure that the Plan is being operated for the exclusive benefit of the Employees entitled to participate in the Plan in accordance with the terms of the Plan and the Code.

The operation of the Plan shall be under the supervision of the Administrator. It shall be a principal duty of the Administrator to see that the Plan is carried out in accordance with its terms, and for the exclusive benefit of Employees entitled to participate in the Plan. The Administrator shall have full power and discretion to administer the Plan in all of its details and determine all questions arising in connection with the administration, interpretation, and application of the Plan. The Administrator may establish procedures, correct any defect, supply any information, or reconciles any inconsistency in such manner and to such extent as shall be deemed necessary or advisable to carry out the purpose of the Plan. The Administrator shall have all powers necessary or appropriate to accomplish the Administrator's duties under the Plan. The Administrator shall be charged with the duties of the general administration of the Plan as set forth under the Plan, including, but not limited to, in addition to all other powers provided by this Plan:

(a) To make and enforce such procedures, rules and regulations as the Administrator deems necessary or proper for the efficient administration of the Plan;

(b) To interpret the provisions of the Plan, the Administrator's interpretations thereof in good faith to be final and conclusive on all persons claiming benefits by operation of the Plan;

(c) To decide all questions concerning the Plan and the eligibility of any person to participate in the Plan and to receive benefits provided by operation of the Plan;

(d) To reject elections or to limit contributions or Benefits for certain highly compensated participants if it deems such to be desirable in order to avoid discrimination under the Plan in violation of applicable provisions of the Code;

(e) To provide Employees with a reasonable notification of their benefits available by operation of the Plan and to assist any Participant regarding the Participant's rights, benefits or elections under the Plan;

(f) To keep and maintain the Plan documents and all other records pertaining to and necessary for the administration of the Plan;

(g) To review and settle all claims against the Plan, to approve reimbursement requests, and to authorize the payment of benefits if the Administrator determines such shall be paid if the Administrator decides in its discretion that the applicant is entitled to them. This authority specifically permits the Administrator to settle disputed claims for benefits and any other disputed claims made against the Plan;

(h) To appoint such agents, counsel, accountants, consultants, and other persons or entities as may be required to assist in administering the Plan.

Any procedure, discretionary act, interpretation or construction taken by the Administrator shall be done in a nondiscriminatory manner based upon uniform principles consistently applied and shall be consistent with the intent that the Plan shall continue to comply with the terms of Code Section 125 and the Treasury regulations thereunder.

9.2 EXAMINATION OF RECORDS

The Administrator shall make available to each Participant, Eligible Employee and any other Employee of the Employer such records as pertain to their interest under the Plan for examination at reasonable times during normal business hours.

9.3 PAYMENT OF EXPENSES

Any reasonable administrative expenses shall be paid by the Employer unless the Employer determines that administrative costs shall be borne by the Participants under the Plan. The Administrator may impose reasonable conditions for payments, provided that such conditions shall not discriminate in favor of highly compensated employees.

9.4 INSURANCE CONTROL CLAUSE

In the event of a conflict between the terms of this Plan and the terms of an Insurance Contract of an independent third party Insurer whose product is then being used in conjunction with this Plan, the terms of the Insurance Contract shall control as to those Participants receiving coverage under such Insurance Contract. For this purpose, the Insurance Contract shall control in defining the persons eligible for insurance, the dates of their eligibility, the conditions which must be satisfied to become insured, if any, the benefits Participants are entitled to and the circumstances under which insurance terminates.

9.5 INDEMNIFICATION OF ADMINISTRATOR

The Employer agrees to indemnify and to defend to the fullest extent permitted by law any Employee serving as the Administrator or as a member of a committee designated as Administrator (including any Employee or former Employee who previously served as Administrator or as a member of such committee) against all liabilities, damages, costs and expenses (including attorney's fees and amounts paid in settlement of any claims approved by the Employer) occasioned by any act or omission to act in connection with the Plan, if such act or omission is in good faith.

ARTICLE X
AMENDMENT OR TERMINATION OF PLAN

10.1 AMENDMENT

The Employer, at any time or from time to time, may amend any or all of the provisions of the Plan without the consent of any Employee or Participant. No amendment shall have the effect of modifying any benefit election of any Participant in effect at the time of such amendment, unless such amendment is made to comply with Federal, state or local laws, statutes or regulations.

10.2 TERMINATION

The Employer reserves the right to terminate this Plan, in whole or in part, at any time. In the event the Plan is terminated, no further contributions shall be made. Benefits under any Insurance Contract shall be paid in accordance with the terms of the Insurance Contract.

No further Salary Redirections shall be made with respect to the Health Flexible Spending Account, Limited Purpose Health Flexible Spending Account, or Dependent Care Flexible Spending Account, but all payments from such accounts shall continue to be made according to the elections in effect until 90 days after the termination date of the Plan. Any amounts remaining in any such account as of the end of such period shall be forfeited.

Nothing in this document or other communication from the Employer shall be deemed to create or imply a continuing obligation by the Employer to provide or fund benefits to current Employees or their Spouses or Dependents, or retired or terminated Employees or their Spouses or Dependents.

ARTICLE XI
MISCELLANEOUS

11.1 PLAN INTERPRETATION

All provisions of this Plan shall be interpreted and applied in a uniform, nondiscriminatory manner. This Plan shall be read in its entirety and not severed except as provided in Section .11.

11.2 GENDER AND NUMBER

Wherever any words are used herein in the masculine, feminine or neuter gender, they shall be construed as though they were also used in another gender in all cases where they would so apply, and whenever any words are used herein in the singular or plural form, they shall be construed as though they were also used in the other form in all cases where they would so apply.

11.3 WRITTEN DOCUMENT

This Plan, in conjunction with any separate written document which may be required by law, is intended to satisfy the written Plan requirement of Code Section 125 and any Treasury regulations thereunder relating to cafeteria plans.

11.4 EXCLUSIVE BENEFIT

This Plan shall be maintained for the exclusive benefit of the Employees who participate in the Plan.

11.5 PARTICIPANT'S RIGHTS

This Plan shall not be deemed to constitute an employment contract between the Employer and any Participant or to be a consideration or an inducement for the employment of any Participant or Employee. Nothing contained in this Plan shall be deemed to give any Participant or Employee the right to be retained in the service of the Employer or to interfere with the right of the Employer to discharge any Participant or Employee at any time regardless of the effect which such discharge shall have upon him as a Participant of this Plan.

11.6 ACTION BY THE EMPLOYER

Whenever the Employer under the terms of the Plan is permitted or required to do or perform any act or matter or thing, it shall be done and performed by a person duly authorized by its legally constituted authority.

11.7 NO GUARANTEE OF TAX CONSEQUENCES

Neither the Administrator nor the Employer makes any commitment or guarantee that any amounts paid to or for the benefit of a Participant under the Plan will be excludable from the Participant's gross income for federal or state income tax purposes, or that any other federal or state tax treatment will apply to or be available to any Participant. It shall be the obligation of each Participant to determine whether each payment under the Plan is excludable from the Participant's gross income for federal and state income tax purposes, and to notify the Employer if the Participant has reason to believe that any such payment is not so excludable. Notwithstanding the foregoing, the rights of Participants under this Plan shall be legally enforceable.

11.8 INDEMNIFICATION OF EMPLOYER BY PARTICIPANTS

If any Participant receives one or more payments or reimbursements under the Plan that are not for a permitted Benefit, such Participant shall indemnify and reimburse the Employer for any liability it may incur for failure to withhold federal or state income tax or Social Security tax from such payments or reimbursements. However, such indemnification and reimbursement shall not exceed the amount of additional federal and state income tax (plus any penalties) that the Participant would have owed if the payments or reimbursements had been made to the Participant as regular cash compensation, plus the Participant's share of any Social Security tax that would have been paid on such compensation, less any such additional income and Social Security tax actually paid by the Participant.

11.9 FUNDING

Unless otherwise required by law, Salary Redirections need not be placed in trust or dedicated to a specific Benefit, but may instead be considered general assets of the Employer. Furthermore, and unless otherwise required by law, nothing herein shall be construed to require the Employer or the Administrator to maintain any fund or segregate any amount for the benefit of any Participant, and no Participant or other person shall have any claim against, right to, or security or other interest in, any fund, account or asset of the Employer from which any payment under the Plan may be made.

11.10 GOVERNING LAW

This Plan is governed by the Code and the Treasury regulations issued thereunder (as they might be amended from time to time). In no event shall the Employer guarantee the favorable tax treatment sought by this Plan. To the extent not preempted by Federal law, the provisions of this Plan shall be construed, enforced and administered according to the laws of the State of Florida.

11.11 SEVERABILITY

If any provision of the Plan is held invalid or unenforceable, its invalidity or unenforceability shall not affect any other provisions of the Plan, and the Plan shall be construed and enforced as if such provision had not been included herein.

11.12 CAPTIONS

The captions contained herein are inserted only as a matter of convenience and for reference, and in no way define, limit, enlarge or describe the scope or intent of the Plan, nor in any way shall affect the Plan or the construction of any provision thereof.

11.13 CONTINUATION OF COVERAGE (COBRA)

Pursuant to Code Section 4980B, any qualified beneficiary (as defined in Code Section 4980B(g)(1)), who would lose coverage under the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account as a result of a qualifying event (as defined in Code Section 4980B(f)(3)) can elect, within a stated election period, continuation of coverage of benefits previously received under the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account. If a qualified beneficiary timely elects continuation coverage, the benefits elected will be available for the time period prescribed by law (*i.e.*, the end of the Plan Year).

11.14 FAMILY AND MEDICAL LEAVE ACT (FMLA)

Notwithstanding anything in the Plan to the contrary, in the event any Benefit under this Plan becomes subject to the requirements of the Family and Medical Leave Act and regulations thereunder, this Plan shall be operated in accordance with Regulation 1.125-3.

11.15 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

Notwithstanding anything in this Plan to the contrary, this Plan shall be operated in accordance with HIPAA and regulations thereunder.

11.16 UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT (USERRA)

Notwithstanding any provision of this Plan to the contrary, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with the Uniform Services Employment And Reemployment Rights Act (USERRA) and the regulations thereunder.

11.17 COMPLIANCE WITH HIPAA PRIVACY STANDARDS

(a) **Application.** The Health Flexible Spending Account and Limited Purpose Health Flexible Spending Account are subject to the HIPAA compliance provisions set forth in this Section 11.17. Unless otherwise indicated, any definitions in this Section 11.17 shall have the meaning give to them under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Part 164, the "Privacy Standards").

(b) **Disclosure of PHI.** The Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account shall not disclose Protected Health Information to any member of the Employer's workforce unless each of the conditions set out in this Section are met. "Protected Health Information" shall have the same definition as set forth in the Privacy Standards but generally shall mean individually identifiable information about the past, present or future physical or mental health or condition of an individual, including genetic information and information about treatment or payment for treatment.

(c) **PHI disclosed for administrative purposes.** Protected Health Information disclosed to members of the Employer's workforce shall be used or disclosed by them only for purposes of Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account administrative functions or otherwise permitted by the Privacy Standards. The Health Flexible Spending Account's or Limited Purpose Health Flexible Spending Account's administrative functions shall include all Health Flexible Spending Account payment functions and health care operations. The terms "payment" and "health care operations" shall have the same definitions as set out in the Privacy Standards, but the term "payment" generally shall mean activities taken to determine or fulfill Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account responsibilities with respect to eligibility, coverage, provision of benefits, or reimbursement for health care. Protected Health Information that consists of genetic information will not be used or disclosed for underwriting purposes.

(d) **PHI disclosed to certain workforce members.** The Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account shall disclose Protected Health Information only to members of the Employer's workforce who are designated and authorized to receive such Protected Health Information, and only to the extent and in the minimum amount necessary for that person to perform his or her duties with respect to the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account. "Members of the Employer's workforce" shall refer to all employees and other persons under the control of the Employer. The Employer shall keep an updated list of those authorized to receive Protected Health Information.

(1) An authorized member of the Employer's workforce who receives Protected Health Information shall use or disclose the Protected Health Information only to the extent necessary to perform his or her duties with respect to the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account.

(2) In the event that any member of the Employer's workforce uses or discloses Protected Health Information other than as permitted by this Section and the Privacy Standards, the incident shall be reported to the Health Flexible Spending Account's or Limited Purpose Health Flexible Spending Account's privacy official. The privacy official shall take appropriate action, including:

(i) investigation of the incident to determine whether the breach occurred inadvertently, through negligence or deliberately; whether there is a pattern of breaches; and the degree of harm caused by the breach;

(ii) appropriate sanctions against the persons causing the breach which, depending upon the nature of the breach, may include oral or written reprimand, additional training, or termination of employment;

(iii) mitigation of any harm caused by the breach, to the extent practicable; and

(iv) documentation of the incident and all actions taken to resolve the issue and mitigate any damages.

(e) **Certification.** The Employer must provide certification to the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account that it agrees to:

(1) Not use or further disclose the information other than as permitted or required by the Health Flexible Spending Account plan or Limited Purpose Health Flexible Spending Account plan documents or as required by law;

(2) Ensure that any agent or subcontractor, to whom it provides Protected Health Information received from the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account , agrees to the same restrictions and conditions that apply to the Employer with respect to such information;

(3) Not use or disclose Protected Health Information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer;

(4) Report to the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account any use or disclosure of the Protected Health Information of which it becomes aware that is inconsistent with the uses or disclosures permitted by this Section, or required by law;

(5) Make available Protected Health Information to individual Plan members in accordance with Section 164.524 of the Privacy Standards;

(6) Make available Protected Health Information for amendment by individual Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account members and incorporate any amendments to Protected Health Information in accordance with Section 164.526 of the Privacy Standards;

(7) Make available the Protected Health Information required to provide an accounting of disclosures to individual Plan members in accordance with Section 164.528 of the Privacy Standards;

(8) Make its internal practices, books and records relating to the use and disclosure of Protected Health Information received from the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account available to the Department of Health and Human Services for purposes of determining compliance by the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account with the Privacy Standards;

(9) If feasible, return or destroy all Protected Health Information received from the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account that the Employer still maintains in any form, and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible; and

(10) Ensure the adequate separation between the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account and members of the Employer's workforce, as required by Section 164.504(f)(2)(iii) of the Privacy Standards and set out in (d) above. The Employer will limit access to Protected Health Information to those employees or classes of employees entitled to use or disclose such information and will require that these employees only may use or disclose such information for plan administration functions.

(11) Resolve issues of noncompliance with the terms of this Section 11.17 by persons entitled to use or disclose Protected Health Information in a timely manner.

11.18 COMPLIANCE WITH HIPAA ELECTRONIC SECURITY STANDARDS

Under the Security Standards for the Protection of Electronic Protected Health Information (45 CFR Part 164.300 et. seq., the "Security Standards"):

(a) **Implementation.** The Employer agrees to implement reasonable and appropriate administrative, physical and technical safeguards to protect the confidentiality, integrity and availability of Electronic Protected Health Information that the Employer creates, maintains or transmits on behalf of the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account. "Electronic Protected Health Information" shall have the same definition as set out in the Security Standards, but generally shall mean Protected Health Information that is transmitted by or maintained in electronic media.

(b) **Agents or subcontractors shall meet security standards.** The Employer shall ensure that any agent or subcontractor to whom it provides Electronic Protected Health Information shall agree, in writing, to implement reasonable and appropriate security measures to protect the Electronic Protected Health Information.

(c) **Employer shall ensure security standards.** The Employer shall ensure that reasonable and appropriate security measures are implemented to comply with the conditions and requirements set forth in Section **11.17.**

(d) **Employer shall report any security incidents.** The Employer will report to the Health Flexible Spending Account or Limited Purpose Health Flexible Spending Account any security incident under the Security Standards of which it becomes aware.

11.19 AGENT FOR SERVICE OF LEGAL PROCESS

The name and address of the person designated as agent for the service of legal process with respect to this Plan shall be:

Attention: [INSERT NAME]
[INSERT ADDRESS]

Service of process may also be made upon the Administrator.

ARTICLE XII

HEALTH SAVINGS ACCOUNT BENEFIT

The Health Savings Account is an individual trust or custodial account established under Code Section 223 by an Employee with a trustee/custodian that has contracted with the Employer to receive Salary Redirections.

12.1 HSA BENEFITS

An Eligible Employee who elects to participate in an Employer -sponsored high deductible health plan for a plan year can elect to participate in the HSA for that plan year by electing Salary Redirections to the Employee's HSA established and maintained outside the Plan by a trustee/custodian with which the Employer has entered into an agreement to forward contributions to be deposited (this funding feature constitutes the Health Savings Account Benefit offered under this Plan). Such election can be increased, decreased, or revoked prospectively at any time during the Plan Year, effective no later than the first day of the next calendar month following the date that the election change was filed.

The Employer may, in its discretion, make contributions to an Employee's HSA. The Employer's contributions, if any, may be prorated for an Eligible Employee who is not employed for the entire Plan Year.

HSA benefits cannot be elected with Health Flexible Spending Account benefits, but can be elected with Limited Purpose Health Flexible Spending Account benefits.

12.2 CONTRIBUTIONS; MAXIMUM LIMITS

The annual contribution for a Participant's HSA Benefits is equal to the annual benefit amount elected by the Participant, but in no event shall the amount elected exceed the statutory maximum amount for HSA contributions applicable to the Participant's high-deductible health plan coverage option (i.e., single or family) for the calendar year in which the contribution is made. An additional catch-up contribution of $1,000 may be made for Participants who are age 55 or older.

In addition, the maximum annual contribution elected by a Participant shall be reduced by any Employer contribution made on the Participant's behalf.

12.3 RECORDING CONTRIBUTIONS

The HSA is not an employer-sponsored employee benefit plan—it is an individual trust or custodial account separately established and maintained by a trustee/custodian outside the Plan. Consequently, the HSA trustee/custodian, not the Employer, will establish and maintain the HSA. The Employer will select the HSA provider to whom it will forward contributions that the Participant makes via an Salary Redirection Agreement – this selection is not an endorsement of the particular HSA provider. The Administrator will maintain records to track HSA contributions a Participant makes, but it will not create a separate fund or otherwise segregate assets for this purpose. The Employer has no authority or control over the funds once they are deposited in an HSA.

12.4 TAX TREATMENT OF CONTRIBUTIONS AND DISTRIBUTIONS

The federal income tax treatment of the HSA (including contributions and distributions) is governed by Code Section 223.

12.5 TRUST/CUSTODIAL AGREEMENT

Health Savings Account Benefits under this Plan consist solely of the ability to make contributions to the HSA pursuant to a Salary Redirection Agreement. The terms and conditions of each Participant's HSA trust or custodial account are described in the HSA trust or custodial agreement provided by the applicable trustee/custodian to each electing Participant and are not a part of this Plan.

The HSA is not an employer-sponsored employee benefits plan. It is a savings account that is established and maintained by an HSA trustee/custodian outside this Plan to be used primarily for reimbursement of "qualified eligible medical expenses" as set forth in Code Section 223(d)(2).

ARTICLE XIII
LIMITED PURPOSE HEALTH FLEXIBLE SPENDING ACCOUNT

13.1 GENERALLY

This Limited Purpose Health Flexible Spending Account is intended to qualify as a medical reimbursement plan under Code Section 105(e) such that reimbursements will be eligible from exclusion from Participants' taxable income under Coode Section 105(b). The Limited Purpose Health Flexible Spending Account shall be interpreted in a manner consistent with such Code Sections and the Treasury regulations thereunder. Participants who elect to participate in this Limited Purpose Health Flexible Spending Account may submit claims for the reimbursement of Limited Purpose Medical Expenses. All amounts reimbursed to a Participant shall be periodically paid from amounts allocated to the Participant's Limited Purpose

Health Account. Periodic payments reimbursing Participants from the Limited Purpose Health Account shall in no event occur less frequently than monthly.

The Employer establishes and maintains on its books a Limited Purpose Health Account for each Participant who elects to participate in the Limited Purpose Health Flexible Spending Account. Each Plan Year is accounted for separately. A Participant's Limited Purpose Health Account is credited, as of the first day of the Plan Year, with the full amount elected for the Plan Year under the Participant's Salary Redirection Agreement. All amounts credited to the Limited Purpose Health Account are the property of the Employer until paid out pursuant to Article XIII.

13.2 DEFINITIONS

For the purposes of this Article and the Plan, the terms below have the following meaning:

(a) **"Limited Purpose Medical Expenses"** means any expense for vision, dental, or preventive care medical care within the meaning of Code Section 213(d) and the rulings and Treasury regulations thereunder (except as otherwise noted below), and not otherwise used by the Participant as a deduction in determining his tax liability under the Code. "Limited Purpose Medical Expenses" can be incurred by the Participant, his or her Spouse and his or her Dependents. "Incurred" means, with regard to Limited Purpose Medical Expenses, when the Participant is provided with the medical care that gives rise to the Limited Purpose Medical Expense and not when the Participant is formally billed or charged for, or pays for, the medical care.

A Participant may not be reimbursed for the cost of any medicine or drug that is not "prescribed" within the meaning of Code Section 106(f) or is not insulin.

A Participant may not be reimbursed for the cost of other health coverage such as premiums paid under plans maintained by the employer of the Participant's Spouse or individual policies maintained by the Participant or his Spouse or Dependent.

A Participant may not be reimbursed for "qualified long-term care services" as defined in Code Section 7702B(c).

(b) The definitions of Article I are hereby incorporated by reference to the extent necessary to interpret and apply the provisions of this Limited Purpose Health Flexible Spending Account.

13.3 FORFEITURES

If any balance remains credited to the Participant's Limited Purpose Health Account after all reimbursements are made for that Plan Year, up to $500.00 of such balance will be allowed to rollover into the next Plan Year. If a Participant does not elect to contribute to an HSA in that next Plan Year, the balance will roll over to a General Purpose Health Account. The amount in the Participant's Limited Purpose Health Account as of the end of any Plan Year after the rollover has taken place (and after the processing of all claims for such Plan Year pursuant to Section **6.7** hereof) shall be forfeited and is not available to the Participant in any other form or manner. In such event, the Participant shall have no further claim to such amount for any reason. Such balance remains the property of the Employer, and the Participant forfeits all rights with respect to such balance.

13.4 LIMITATION ON ALLOCATIONS

(a) Notwithstanding any provision contained in this Limited Purpose Health Flexible Spending Account to the contrary, the maximum amount of Salary Redirections that a Participant may allocated to his or her Limited Purpose Health Account in or on account of any Plan Year is $2,600, as adjusted for increases in the cost of living in accordance with Code Section 125(i)(2). The cost of living adjustment in effect for a calendar year applies to any Plan Year beginning with or within such calendar year. The dollar increase in effect on January 1 of any calendar year shall be effective for the Plan Year beginning with or within such calendar year. For any short Plan Year, the limit shall be an amount equal to the limit for the calendar year in which the Plan Year begins multiplied by the ratio obtained by dividing the number of full months in the short Plan Year by twelve (12). A rollover described in Section 6.3 will not be counted as a Salary Redirection for this purpose.

(b) **Participation in Other Plans.** All employers that are treated as a single employer under Code Sections 414(b), (c), or (m), relating to controlled groups and affiliated service groups, are treated as a single employer for purposes of the statutory limit. If a Participant participates in multiple cafeteria plans offering health flexible spending accounts maintained by members of a controlled group or affiliated service group, the Participant's total Limited Purpose Health Flexible Spending Account contributions under all of the cafeteria plans are limited to the statutory limit (as adjusted). However, a Participant employed by two or more employers that are not members of the same controlled group may elect up to the statutory limit (as adjusted) under each employer's health flexible spending account.

13.5 NONDISCRIMINATION REQUIREMENTS

(a) **Intent to be nondiscriminatory.** It is the intent of this Limited Purpose Health Flexible Spending Account not to discriminate in favor of Highly Compensated Individuals as to eligibility to participate, or as to contributions and benefits, in compliance with the requirement of Code Section 105(h).

(b) **Adjustment to avoid test failure.** If the Administrator deems it necessary to avoid discrimination under this Limited Purpose Health Flexible Spending Account, it may, but shall not be required to, reject any elections or reduce Salary Redirections in order to assure compliance with this Section.

13.6 LIMITED PURPOSE HEALTH FLEXIBLE SPENDING ACCOUNT CLAIMS

(a) **Expenses must be incurred during Plan Year.** All Limited Purpose Medical Expenses incurred by a Participant, his or her Spouse and his or her Dependents during the Plan Year shall be reimbursed during the Plan Year and runout period, subject to Section **2.5**, even though the submission of such a claim occurs after his participation hereunder ceases; but provided that the Limited Purpose Medical Expenses were incurred during the applicable Plan Year. Limited Purpose Medical Expenses are treated as having been incurred when the Participant is provided with the medical care that gives rise to the medical expenses, not when the Participant is formally billed or charged for, or pays for the medical care.

(b) **Reimbursement available throughout Plan Year.** The Administrator shall direct the reimbursement to each eligible Participant for all allowable Limited Purpose Medical Expenses, up to a maximum of the amount designated by the Participant for the Limited Purpose Health Flexible Spending Account for the Plan Year. Reimbursements shall be made available to the Participant throughout the year without regard to the level of Salary Redirections which have been allocated to the Participant's Limited Purpose Health Account at any given point in time. Furthermore, a Participant shall be entitled to reimbursements only for amounts in excess of any payments or other reimbursements under any health care plan covering the Participant and/or his Spouse or Dependents.

(c) **Payments.** Except as described in Section 6.8, reimbursement payments under this Plan shall be made directly to the Participant. However, in the Administrator's discretion, payments may be made directly to the service provider. The application for payment or reimbursement shall be made to the Administrator on an acceptable form within a reasonable time of incurring the debt or paying for the service. The application shall include a written statement from an independent third party stating that the Limited Purpose Medical Expense has been incurred and the amount of such expense. Furthermore, the Participant shall provide a written statement that the Limited Purpose Medical Expense has not been reimbursed or is not reimbursable under any other health plan coverage and, if reimbursed from the Limited Purpose Health Flexible Spending Account, such amount will not be claimed as a tax deduction.

(d) **Claims for reimbursement.** Claims for the reimbursement of Limited Purpose Medical Expenses incurred in any Plan Year shall be paid as soon after a claim has been filed as is administratively practicable; provided however, that if a Participant fails to submit a claim within 60 days after the end of the Plan Year (the "runout period"), those Limited Purpose Medical Expense claims shall not be considered for reimbursement by the Administrator. However, if a Participant terminates employment during the Plan Year, claims for the reimbursement of Limited Purpose Medical Expenses must be submitted within 60 days after termination of employment.

13.7 DEBIT AND CREDIT CARDS

Participants may, subject to a procedure established by the Administrator and applied in a uniform nondiscriminatory manner, use debit and/or credit (stored value) cards ("cards") provided by the Administrator and the Plan for payment of Limited Purpose Medical Expenses, subject to the following terms:

(a) **Card only for medical expenses.** Each Participant issued a card shall certify that such card shall only be used for Limited Purpose Medical Expenses. The Participant shall also certify that any Limited Purpose Medical Expense paid with the card has not already been reimbursed by any other plan covering health benefits and that the Participant will not seek reimbursement from any other plan covering health benefits.

(b) **Card issuance.** Such card shall be issued upon the Participant's Effective Date of Participation and reissued for each Plan Year the Participant remains a Participant in the Limited Purpose Health Flexible Spending Account. Such card shall be automatically cancelled upon the Participant's death or termination of employment, or if such Participant has a change in status that results in the Participant's withdrawal from the Limited Purpose Health Flexible Spending Account.

(c) **Maximum dollar amount available.** The dollar amount of coverage available on the card shall be the amount elected by the Participant for the Plan Year. The maximum dollar amount of coverage available shall be the maximum amount for the Plan Year as set forth in Section **6.4**.

(d) **Only available for use with certain service providers.** The cards shall only be accepted by such merchants and service providers as have been approved by the Administrator following IRS guidelines.

(e) **Card use.** The cards shall only be used for Limited Purpose Medical Expense purchases at these providers, including, but not limited to, the following:

(1) Co-payments for doctor and other medical care;

(2) Purchase of drugs prescribed by a health care provider, including, if permitted by the Administrator, over-the-counter medications as allowed under Treasury regulations;

(3) Purchase of medical items such as eyeglasses, syringes, crutches, etc.

(f) **Substantiation.** Such purchases by the cards shall be subject to substantiation by the Administrator, usually by submission of a receipt from a service provider describing the service, the date and the amount. The Administrator shall also follow the requirements set forth in Revenue Ruling 2003-43 and Notice 2006-69. All charges shall be conditional pending confirmation and substantiation.

(g) **Correction methods.** If such purchase is later determined by the Administrator to not qualify as a Limited Purpose Medical Expense, the Administrator, in its discretion, shall use one of the following correction methods to make the Plan whole. Until the amount is repaid, the Administrator shall take further action to ensure that further violations of the terms of the card do not occur, up to and including denial of access to the card.

(1) Repayment of the improper amount by the Participant;

(2) Withholding the improper payment from the Participant's wages or other compensation to the extent consistent with applicable federal or state law;

(3) Claims substitution or offset of future claims until the amount is repaid; and

(4) if subsections (1) through (3) fail to recover the amount, consistent with the Employer's business practices, the Employer may treat the amount as any other business indebtedness.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12270 **County Administrator's Report 12. 26.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: Interlocal Agreement Between Escambia County and the Pensacola Downtown Improvement Board
From: Jack Brown, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning an Interlocal Agreement Between the Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board - Jack R. Brown, County Administrator

That the Board take the following action concerning the Interlocal Agreement between the Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board for parking enforcement:

A. Approve the Interlocal Agreement between the Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board for parking enforcement in the Ernie Lee Magaha Building garage; special event parking in the M. C. Blanchard Judicial Building and the Ernie Lee Magaha Building garages; and renting reserved parking spaces in the Ernie Lee Magaha Building garage (up to 116 spaces); and

B. Authorize the Chairman to sign the Interlocal Agreement and any subsequent Agreement-related documents, including time extensions.

[Revenue collected from the reserved parking spaces along with the Special Event parking will go into Fund 001-General Fund, Cost Center 310203, Maintenance; Fund 001-General Fund, Cost Center 310207, Utilities; to help off-set the cost of repairs and maintenance of the garages]

BACKGROUND:

On February 21, 2008, the Board approved an Interlocal Agreement between Escambia County and the Pensacola Downtown Improvement Board (DIB) for the Creation of a Comprehensive Downtown Parking Strategy for the Centralized and Efficient Management of Downtown Parking Facilities. This agreement provided for the management of the County's two Parking Structures; Intendencia Street Parking Garage

(Ernie Lee Magaha Government Building) and the Baylen Street Parking Garage (M.C. Blanchard Judicial Building). This agreement authorized the DIB to lease 116 parking spaces on the top level of the Intendencia Street Parking Garage and manage all after-hours and weekend parking for special events in both parking structures. The DIB's management of these two parking structures began on April 1, 2008. On April 3, 2014, the Board approved an Interlocal Agreement between Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board for parking enforcement of the Intendencia Street Parking Garage (Ernie Lee Magaha Government Building)from 7:00 a.m., until 5:30 p.m., Monday through Friday, except on designated holidays. For after-hours special event parking occurring from 5:30 p.m., until 6:00 a.m., Monday through Friday and on weekends. Under this agreement, DIB terminated its lease rights for the exclusive use of the 116 designated parking spaces due to lack of interest from employees working in neighboring downtown businesses.

BUDGETARY IMPACT:

Revenue collected from the reserved parking spaces along with the Special Event parking will go into Fund 001-General Fund, Cost Center 310203 Maintenance; Fund 001-General Fund, Cost Center 310207, Utilities; to help off-set the cost of repairs and maintenance of the garages.

LEGAL CONSIDERATIONS/SIGN-OFF:

This Interlocal Agreement has been reviewed and approved as to form and legal sufficiency by the County Attorney's Office and the Downtown Improvement Board's Attorney.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires approval of Interlocal Agreements.

IMPLEMENTATION/COORDINATION:

The County Administrator's Office will work with the Downtown Improvement Board to implement this Agreement.

Interlocal Agreement

STATE OF FLORIDA
COUNTY OF ESCAMBIA

INTERLOCAL AGREEMENT BETWEEN THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AND THE PENSACOLA DOWNTOWN IMPROVEMENT BOARD

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as the "County"), with administrative offices located at 221 Palafox Place, Pensacola, Florida 32502 and the Pensacola Downtown Improvement Board of Pensacola, Florida, a public body corporate and politic of the State of Florida (hereinafter referred to as the "DIB"), with administrative offices at 226 South Palafox Street, Suite 106, Pensacola, Florida 32502 (each being at times referred to as a "party" or "parties").

WITNESSETH:

WHEREAS, the parties have legal authority to perform certain public works within their respective jurisdictions; and

WHEREAS, the parties are authorized by §163.01, Florida Statutes, to enter into Interlocal agreements and thereby cooperatively utilize their powers and resources in the most efficient manner possible; and

WHEREAS, the DIB was created through an act of the Legislature of the State of Florida for the purpose of correcting blight, preserving and enhancing property values, encouraging and facilitating economic development, attracting and retaining commercial and residential development, beautifying downtown Pensacola, and marketing and promoting downtown Pensacola to attract more customers, clients, residents, and other users of downtown Pensacola; and

WHEREAS, on or about April 3, 2014, the parties previously entered into an Interlocal Agreement wherein the DIB assumed responsibility for the management and operation of County parking facilities located in the downtown area to include both the Intendencia Street Parking Garage and the Judicial Center Parking Garage; and

WHEREAS, the parties have agreed to revise their respective responsibilities as it relates to the management and operation of said County parking facilities; and

WHEREAS, as a result, the parties now jointly find it advantageous and appropriate to enter into this Agreement to establish the terms relating to the management and operation of said County parking facilities as provided herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the receipt of sufficiency of which is hereby acknowledged, the parties agree as follows:

Article 1
Purpose

1.1 The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

1.2 This Agreement hereby establishes the terms relating to the management and operation of County parking facilities as provided herein.

1.3 This Agreement is intended to supersede in its entirety the prior Interlocal Agreement between the County and the DIB, dated April 3, 2014, relating to the management and operation of County parking facilities.

Article 2
Responsibilities of Parties

2.1 Facilities. The County parking facilities that are the subject of this agreement shall be the Intendencia Street Parking Garage located on the corner of Baylen Street and Intendencia Street (hereinafter the "*Intendencia Garage*") and the Judicial Center Parking Garage located on the corner of Baylen Street and Main Street (hereinafter the "*Judicial Garage*"). For the purpose of this Agreement, said facilities may be referred to collectively as the "*Parking Facilities*".

2.2 County. Upon the effective date of this Agreement, the County shall assume authority and responsibility for the maintenance, repair, and daily operating costs of the County *Parking Facilities* subject to the following terms and conditions:

A. Maintenance. The County shall be responsible for the cleaning and maintenance of the County *Parking Facilities*.

B. Utilities. The County shall be responsible for the payment of all utilities associated with the operation, maintenance and repair of the County *Parking Facilities*.

C. Security Cameras. The County shall be responsible for the maintenance, repair, and operation of any security cameras in the County *Parking Facilities*.

D. Signage. The County shall have the authority and responsibility to select, site, and install parking directional, informational, branding, promotional, and way finding signage in the County *Parking Facilities*.

E. Planning and Procedures. The County shall have the authority and responsibility for all parking planning, modification and implementation, including parking and loading configurations, parking times and schedules.

F. ADA Compliance. The County shall be responsible for providing accessible parking facilities for disabled citizens as required by the Americans with Disabilities Act (ADA) and Chapter 11 of the Florida Building Code. Any changes undertaken to reconfigure existing handicapped parking placement or any other modifications to the *Parking Facilities* shall comply with all applicable governmental regulations and the Federal Accessibility Board Guidelines relating to the ADA.

G. Property Casualty Insurance. The County shall maintain property casualty insurance for the *Parking Facilities* at its sole expense, which may be self-insured at the sole discretion of the County. In the event said *Parking Facilities* may be damaged by

fire, casualty or natural disaster and such damage renders the facilities totally or partially destroyed or substantially untenantable, the County reserves the right in its sole discretion to repair the *Parking Facilities* or terminate this Agreement.

2.3 DIB. Upon the effective date of this Agreement, the DIB shall assume authority and responsibility for the management of the *Parking Facilities* as follows:

A. Parking Enforcement. As permitted by state law, the DIB shall have authority and responsibility to provide personnel that meet all state statutory and County Code requirements for the provision of parking enforcement duties in the *Intendencia Garage* from 7:00 a.m. until 5:30 p.m., Monday through Friday, except on designated holidays. Said parking enforcement shall include, but not be limited to, loading zone violations, taxi zone violations, unpermitted parking violations, and handicapped parking violations. Parking violation rates shall be determined by the DIB subject to approval by the County. The DIB may not permit third parties to utilize the *Intendencia Garage* except as specifically provided in this agreement.

Unless otherwise specified herein, all costs incurred by the DIB in connection with the performance of Parking Enforcement pursuant Section 2.3 of this Agreement shall be borne by the DIB.

B. Special Event Parking. The DIB shall have authority and responsibility for the management and operation of the *Parking Facilities* for special events occurring from 5:30 p.m. until 6:00 a.m., Monday through Friday, and on weekends. Special event parking rates shall be determined by the DIB subject to approval by the County. The DIB shall be responsible for providing parking attendants and security during such special events and all post-special event clean-up. The DIB may not otherwise permit third parties to utilize the *Parking Facilities* except as specifically provided in this agreement.

The DIB shall pay a minimum fee of $50.00 for each special event, and the County and DIB shall share on an equal basis (50/50) any net operating revenue collected in excess of $50.00 for each special event. Net operating revenue for special event parking shall mean that sum remaining after deducting any applicable taxes or fees assessed by governmental entities from special event gross operating revenue, and all operating expenses, to include costs incurred for providing parking attendants, security, and post-special event clean-up.

Unless otherwise specified herein, all costs incurred by the DIB in connection with the management and operation of the *Parking Facilities* for special events per Section 2.3 of this agreement shall be borne by the DIB.

C. Reserved Parking. The County shall designate parking spaces that may be utilized for reserved parking within the *Intendencia Garage*. The DIB shall have authority and responsibility for the management and operation of all designated reserved parking spaces in the *Intendencia Garage*. Any form of agreement for the use of reserved parking spaces shall be subject to approval by the County and must be terminable with no more than thirty (30) days' notice. Access to reserved parking in the *Intendencia Garage* shall be permitted from 7:00 a.m. until 11:00 p.m., Monday through Friday. The DIB shall provide to County a current list of individuals with access to reserved parking,

to include the following information: name, telephone number(s), vehicle make/model, and tag number.

The DIB may charge a fee of $30.00 per month for the use of each reserved parking space. Any increase in said rate shall be subject to approval by the County Administrator. After deducting any applicable taxes or fees assessed by governmental entities, the DIB shall remit to County 60% of all reserved parking gross operating revenue.

Upon request, the County shall furnish to the DIB an elevator access card for each reserved parking space at a cost of $10.00 each. Unless otherwise specified herein, all costs incurred by the DIB in connection with the management and operation of all reserved parking in the *Intendencia Garage* per Section 2.3 of this Agreement shall be borne by the DIB.

D. Payments. The DIB shall remit payments to the County on a monthly basis for the County's share of all reserved and special event parking revenue attributable to the *Parking Facilities* and the cost of any requested elevator access cards. Payments to the County will be due on the 10th day of the month after the month of collection.

E. Accounting and Reporting. The DIB shall maintain a separate account for all gross operating revenue collected pursuant to this Agreement. Said funds shall not be commingled with any other DIB funds. All gross operating revenue collected pursuant to this Agreement shall be deposited into said account and reported to the County on a monthly basis along with the monthly payment of the County's revenue share for special event and reserved parking as provided above. However, there will be no restrictions on how the DIB uses said funds to accomplish the mission of the DIB under Laws of Florida, Chapter 72-655.

For the purpose of this Agreement, *gross operating revenue* shall mean gross receipts, including, but not limited to, reserved parking space revenues, special event parking revenues, parking enforcement revenues, penalties and interest for late payment of parking enforcement citations, interest earned on the account, and any other revenue derived from or otherwise attributable to the *Parking Facilities*. Gross operating revenue shall not include any applicable taxes or fees assessed by governmental entities.

F. ADA Compliance. The parties recognize and agree that certain special events must provide accessible parking for disabled citizens. The DIB shall be responsible for providing access to such parking as required by the Americans with Disabilities Act (ADA).

G. Parking Placards. The DIB shall be responsible for providing employee parking placards to the County. County employees displaying a current placard shall be permitted to access the County *Intendencia Garage* at any time. The DIB shall also be responsible for providing reserved parking space placards that will permit any vehicle displaying such placard access to reserved parking in the *Intendencia Garage* from 7:00 a.m. until 11:00 p.m., Monday through Friday.

H. Loss Control and Safety. The DIB shall retain control over its employees, agents, subcontractors, and invitees and its activities on and about the subject County *Parking Facilities*, and to that end, the DIB shall not be deemed an agent of the County.

The DIB shall exercise precaution at all times for the protection of all persons, including its employees, agents, subcontractors and invitees on and about the *Parking Facilities.* Further, the DIB shall take prompt action where loss control/safety measures would be reasonably expected. The County shall not assume any responsibility for damage to persons or property, including, but not limited to, loss or damage to any vehicle or its contents arising directly out of the DIB's management and operation of the County *Parking Facilities.*

l. Insurance. During the term of this Agreement, the DIB shall maintain the following insurance coverage at its sole expense:

(1) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(2) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(3) Excess or Umbrella Liability coverage.

(4) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

All liability coverage shall be through carriers admitted to do business in the State of Florida. Certificates of insurance shall be provided to the County. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days' notice of cancellation.

The DIB's required coverage shall be considered primary as it relates to all provisions of the Agreement and any other insurance considered excess, over and above the DIB's coverage

2.4 Effective Date.This Agreement shall become effective when filed in the Office of the Clerk of the Circuit Court of Escambia County, Florida. The County shall be responsible for such filing.

Article 3
General Provisions

3.1 Term and Termination: The term of this agreement shall be for five (5) years beginning on the effective date as provided herein. The Agreement may be extended for an additional five (5) year period upon mutual agreement of the parties. This Agreement may be terminated at any time upon mutual agreement of the parties. This Agreement may be terminated by either party for cause or convenience upon 30 days written notice by the terminating party to the other party of such termination.

3.2 Records: The parties acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. In the event a party fails to abide by the provisions of Chapter 119, Florida Statutes, the other

party may, without prejudice to any right or remedy and after giving that party, seven (7) days written notice, during which period the party fails to allow access to such documents, terminate this Agreement.

3.3 Assignment: This Agreement or any interest herein shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the parties, without the prior written consent of the other party.

3.4 All Prior Agreements Superseded:

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

3.5 Headings: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

3.6 Survival: All other provisions, which by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

3.7 Governing Law: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue, for any matter, which is the subject of this Agreement shall be in the County of Escambia.

3.8 Interpretation: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the DIB discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the DIB shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

3.9 Severability: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed as if this Agreement did not contain such invalid or unenforceable portion of provision.

3.10 Further Documents: The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provisions of this Agreement.

3.11 No Waiver: The failure of a party to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

3.12 Notices: All notices required or made pursuant to this Agreement by either party to the other shall be in writing and delivered by hand or by United States Postal Service, first class mail, postage prepaid, return receipt requested, addressed to the following:

TO THE COUNTY-	TO THE DIB-
County Administrator	Executive Director
221 Palafox Place	226 South Palafox Street
Post Office Box 1591	Suite 106
Pensacola, FL 32597	Pensacola, FL 32502

Either party may change its above noted address by giving written notice to the other party in accordance with the requirements of this section.

3.13 Liability: The parties hereto, their respective elected officials, officers, and employees shall not be deemed to assume any liability for the acts, omissions, or negligence of the other party. The County and DIB, as public agencies of the State of Florida as defined in §768.28, Florida Statutes, agree to be fully responsible for their individual negligent acts or omissions or tortious acts which result in claims or suits against the other party and agree to be fully liable for any damages caused by said acts or omissions. Nothing herein is intended to serve as a waiver of sovereign immunity and nothing herein shall be construed as consent by either party to be sued by third parties in any matter arising out of this Agreement.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12261 **County Administrator's Report 12. 27.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: St. Vincent de Paul Sleeping Bags' Mass Kunfuzion Gala Funding Request
From: Angela Crawley, Assistant to the County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Funding Request for St. Vincent de Paul's "Sleeping Bags' Mass Kunfuzion Gala" Held on May 5, 2017 - Commissioner Jeff Bergosh, Vice Chairman, District 1

That the Board approve funding $500 for the St. Vincent de Paul's, "Sleeping Bags Mass Kunfuzion Gala" held on May 5, 2017, from Commissioner Jeff Bergosh's discretionary money and approve a Purchase Order for this purpose.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

BACKGROUND:

This year marked the 6th year that St. Vincent de Paul held their Annual "Sleeping Bags' Mass Kunfuzion Gala" event. The money raised from this event supports the Alfred-Washburn Center, a place where our homeless community can go to take a shower and wash their clothes. Also during the winter months, St. Vincent de Paul gives out sleeping bags and food to the homeless community.

BUDGETARY IMPACT:

The Board approved $50,000 in the Fiscal Year 2016-2017 Budget for each Commissioner to use as discretionary funds.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12224 **County Administrator's Report 12. 28.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/25/2017
Issue: Adoption of Resolution – Escambia County HFA Multifamily Housing Revenue Bonds for Affordable Housing Project (Perrytown Apartments in Taylor County)
From: JoLinda Herring, Shareholder
Organization: Bryant Miller Olive P.A.
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Multi-family Housing Revenue Bonds for Affordable Housing Project - Patricia D. Lott, Executive Director, Escambia County Housing Finance Authority

That the Board adopt the Resolution approving the plan of finance therein described and the issuance and sale of not exceeding $6,600,000 multi-family housing revenue bonds (the “Bonds”) by the Escambia County Housing Finance Authority (the “Authority”) to be used to finance or refinance the Affordable Housing Project located in Taylor County, Florida (as described in the Background).

BACKGROUND:

Perrytown Apartments, LLC, a Florida limited liability company or its affiliate (the ”Borrower”), has requested that the Authority issue the above-referenced Bonds to finance or refinance the acquisition, upgrading, reconditioning, rehabilitation, improving and beautification by the Borrower of an existing multi-family rental housing facility (and associated capital expenditures) (the “Affordable Housing Project”) within the territorial limits of Taylor County, Florida, and to pay certain costs of issuance in connection therewith. A minimum of $35,000 per unit will be expended for rehabilitation of the complex as detailed in the required Project Capital Needs Assessment (“the “PCNA”). The Authority adopted an inducement resolution with respect to the Affordable Housing Project on June 9, 2015. Because the proposed financing will involve tax-exempt bonds, Federal law requires that public hearings be held in both the county where the facility is located and in Escambia County. At the request of the Borrower and the Authority, the Taylor County Board of County Commissioners (the “Taylor County Board”) held a public hearing and approved the issuance of tax-exempt bonds by the Authority on November 16, 2015. Due to timing associated with the bond financing and TEFRA process, the Taylor County Board conducted a new TEFRA hearing on May 1, 2017 and adopted a new resolution of approval, further endorsing the need for this Project in Taylor County.

The Escambia County public hearing originally was conducted on November 24, 2015 by the Authority on behalf of the Escambia County Board of County Commissioners (the "Escambia County Board"). The results of the November 24, 2015 hearing were provided to the Escambia County Board, and the Escambia County Board originally approved the financing on December 10, 2015. An additional public hearing was held on May 3, 2017 by the Authority. The results of the May 3, 2017 hearing have been provided to the Escambia County Board in the form of the Report of Hearing Officer attached to the Resolution as Exhibit A. The new Resolution is in substantially the same form as the resolution adopted by the Escambia County Board on December 10, 2015, except that the not-to-exceed amount was increased to provide for the possibility of price increases and financing contingencies. Under the terms of standard financing documents, the Borrower is responsible for use and operation of the Affordable Housing Project, and the Bonds will not obligate the credit of the Authority or the County or pose any obligation or liability for the County. Bryant Miller Olive, P.A., the County's Bond Counsel, will serve as Bond Counsel and Disclosure Counsel for the issue.

BUDGETARY IMPACT:

The Authority does not receive funds from the County, and no funds of the County are expended in connection with the Affordable Housing Project or the Bonds.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County's Bond Counsel, Bryant Miller Olive, P.A., will review the documents on behalf of the County to ensure that the County has no liability or obligation under the Bonds, and, to the extent required, the County's Disclosure Counsel, Nabors, Giblin & Nickerson, P.A., will review the documents on behalf of the County to insure federal and state law disclosure requirements are satisfied to assure the County's interests are protected.

PERSONNEL:

None.

POLICY/REQUIREMENT FOR BOARD ACTION:

The Bonds will comply with the Board's requirements for the issuance of conduit bonds, as established in the Conduit Bonds Ordinance. The Affordable Housing Project will improve the prosperity and welfare of the State of Florida and its inhabitants by encouraging the development and preservation of affordable, decent, safe, and sanitary housing. Approval of the Affordable Housing Project will allow the Authority to comply with its statutory mission to assist persons in obtaining safe and adequate housing.

IMPLEMENTATION/COORDINATION:

None.

Resolution

RESOLUTION NO. R2017-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, APPROVING A PLAN OF FINANCE FOR THE ISSUANCE AND SALE FROM TIME TO TIME OF NOT EXCEEDING $6,600,000 MULTI-FAMILY HOUSING REVENUE BONDS BY THE ESCAMBIA COUNTY HOUSING FINANCE AUTHORITY FOR THE PURPOSE OF FINANCING A LOAN PROGRAM TO ASSIST IN THE FINANCING OR REFINANCING THE COSTS OF ACQUIRING, UPGRADING, RECONDITIONING, REHABILITATING, IMPROVING AND BEAUTIFYING AN EXISTING MULTI-FAMILY HOUSING PROJECT LOCATED IN THE STATE OF FLORIDA; GRANTING OTHER APPROVALS REQUIRED BY FEDERAL LAW AND BY COUNTY ORDINANCE NO. 80-12, AS AMENDED; AUTHORIZING THE AUTHORITY TO ENTER INTO FINANCING AGREEMENTS AND OTHER INSTRUMENTS IN CONNECTION WITH THIS BOND ISSUE; PROVIDING APPROVAL OF THE PUBLICATION OF THE NOTICE OF THE PUBLIC HEARING HELD IN CONNECTION WITH THE ISSUANCE OF SUCH BONDS BY THE AUTHORITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Florida Housing Finance Authority Law, being Part IV of Chapter 159, Florida Statutes, as amended (the "Act"), provides for the creation of a housing finance authority in each county in the State of Florida (the "State") for the purpose of alleviating a shortage of housing available at prices or rentals which persons of moderate, middle, or lesser income can afford, and a shortage of capital for investment in such housing; and

WHEREAS, on May 29, 1980, the Board of County Commissioners (the "Board") enacted Ordinance No. 80-12, as amended by Ordinance No. 2003-8 enacted on March 20, 2003 (collectively, the "Ordinance") creating the Escambia County Housing Finance Authority (the "Authority") and authorizing the Authority to exercise all powers under the Act subject to approval by the Board as a condition precedent to the effectiveness of the certain actions of the Authority; and

WHEREAS, pursuant to the provisions of the Act, on September 11, 2012, the Authority adopted its Resolution No. 2012-09 (the "Resolution") indicating its intent to issue not exceeding $6,000,000 of its revenue bonds in one or more series (collectively, the "Bonds"), for the purpose of facilitating the plan of finance consisting of the financing or refinancing of the acquisition, upgrading, reconditioning, rehabilitation, improving and beautification by Perrytown Apartments, LLC (the "Borrower") of an existing low-income multi-family rental housing facility (and associated capital expenditures) (the "Affordable Housing Project") known as Perrytown Apartments (also known as Tidewater Apartments), which presently contains approximately 100 units within the territorial limits of Taylor County, Florida (the "Plan of Finance"), to the end that

the Authority may be able to improve the prosperity and welfare of the State and its inhabitants by encouraging the development and preservation of affordable, decent, safe, and sanitary housing, and to finance the cost of such qualifying housing development and related facilities by the issuance of its revenue bonds; and

WHEREAS, the Board of County Commissioners of Taylor County, pursuant to resolution duly adopted on October 3, 2012, has granted to the Authority "area of operation" authority within Taylor County with respect to the financing of Perrytown Apartments, a multifamily residential rental facility development (as hereinafter further described); and

WHEREAS, Section 147(f) of the Internal Revenue Code of 1986, as amended (the "Code"), requires public approval of certain revenue bonds by the governmental unit on behalf of which such bonds are to be issued, following a public hearing; and

WHEREAS, on December 10, 2015, the Board adopted its resolution R2015-170 approving the Plan of Finance and the issuance and sale of the Bonds in an amount not to exceed $6,000,000; and

WHEREAS, due to increased costs of the Affordable Housing Project since 2012, the Authority provided notice of a public hearing for the not to exceed $6,600,000 principal amount of bonds; and

WHEREAS, pursuant to the requirements of the Code, a public hearing was scheduled for May 3, 2017, at 4:00 p.m., and notice of such hearing was given in the form and in the manner required by the Code; and

WHEREAS, the Authority, on behalf of the Board, has conducted the public hearing and provided reasonable opportunity for all interested persons to express their views, both orally and in writing, and diligently and conscientiously considered all comments and concerns expressed by such individuals, if any; and

WHEREAS, the Authority has presented the Board with a report of such public hearing (the "Report"), a copy of which is attached hereto as Exhibit "A"; and

WHEREAS, the Taylor County Board of County Commissioners, on May 1, 2017, held a public hearing in accordance with the requirements of Section 147(f) of the Code, and following such public hearing adopted its resolution approving the issuance of the Bonds by the Authority in an amount not exceeding $6,600,000; and

WHEREAS, pursuant to the Ordinance and Section 147(f) of the Code, the Board desires to approve the Plan of Finance and the issuance and sale of the Bonds, to express its approval of the action taken by the Authority and its officials pursuant to the Resolution, and to grant all other approvals required by the Ordinance in connection therewith.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

SECTION 1. PUBLIC HEARING NOTICE AND REPORT APPROVED.

The Board hereby approves the form and the manner of publication of the Notice of Public Hearing (the "Notice") published in the *Pensacola News Journal*, a newspaper of general circulation in the jurisdiction of the Board on April 16, 2017, not less than fourteen (14) days prior to the hearing date. A certified affidavit establishing proof of proper publication of the Notice is accepted into the record. The Board hereby approves the Report.

SECTION 2. PLAN OF FINANCE, BONDS AND OTHER ACTIONS APPROVED.

After diligent and conscientious consideration of the views expressed by the persons appearing at the public hearing as described in the Report, the Board hereby approves the Plan of Finance and the issuance by the Authority of the Bonds in the not exceeding amount set forth herein for the purposes herein described and further grants approval (i) of such agreements, indentures, instruments, certifications, applications for bond volume allocation and/or housing tax credits and other documents as may be necessary or convenient or as may be requested by the Borrower to effect, the Plan of Finance and (ii) to take any other action as may be required by the Ordinance.

SECTION 3. NO LIABILITY OF THE COUNTY; COMPLIANCE WITH ARTICLE 46 OF THE ESCAMBIA COUNTY CODE.

Nothing herein shall be deemed to create any obligation or liability of the County in any respect whatsoever. No statement, representation or recital made herein shall be deemed to constitute a legal conclusion or a determination by the Board that any particular action or proposed action is required, authorized or permitted under the laws of the State or the United States. The County makes no recommendation regarding the advisability of investment in the Bonds and has not evaluated the creditworthiness of the bonds for suitability of investment. The Authority, the Borrower and Perrytown Apartments, LLC, the managing member of the Borrower and as the sponsor, shall comply with the applicable provisions of Chapter 46, Article VII of the Escambia County Code.

SECTION 4. REPEALING CLAUSE.

All resolutions or parts thereof of the Board in conflict with the provisions herein contained are, to the extent of such conflict, hereby superseded and repealed.

[Remainder of Page Intentionally Left Blank]

SECTION 5. EFFECTIVE DATE.

This resolution shall take effect immediately upon its adoption this 25th day of May, 2017.

EXHIBIT A

Hearing Officer's Report

[Follows]

EXHIBIT A

REPORT OF HEARING OFFICER

This instrument shall constitute the official report of the undersigned official of the Escambia County Housing Finance Authority (the "Authority"), a body corporate and politic organized and existing under the provisions of Chapter 159, Part IV, Florida Statutes, Escambia County, Florida Ordinance Nos. 80-12 and 2003-8, as amended, and other provisions of law, with respect to a public hearing scheduled and held by the Authority on May 3, 2017, for the proposed issuance and sale from time to time of the Authority's not to exceed $6,600,000 Multifamily Housing Revenue Bonds (Perrytown Apartments Project), Series 2017 (the "Bonds"). The proposed Bonds will be issued on behalf of Perrytown Apartments, LLC, a Florida limited liability company or its affiliate (the "Borrower"), whose principal place of business is 2409 Mall Drive, Suite A, North Charleston, South Carolina 29406. The proceeds of the Loan are expected to be loaned to the Borrower to finance or refinance the costs of acquiring, upgrading, reconditioning, rehabilitating, improving and beautification (and any related and necessary site or infrastructure improvements) by the Borrower of an existing multifamily rental housing facility presently containing 100 units known as Perrytown Apartments (also known as Tidewater Apartments), located at 500 South Warner Avenue, Perry, Florida 32348 (the "Project").

The public hearing was duly advertised in the *Pensacola News Journal* on April 16, 2017, a newspaper of general circulation in Escambia County, Florida. The proof of publication was presented to me at such hearing, and a copy is attached hereto as **Appendix A-1** (the "Notice") and the verbatim transcript of the Public Hearing as **Appendix A-2.**

The hearing commenced at the time and location stated in the Notice. At such hearing, interested individuals were afforded reasonable opportunity to express their views, both orally and in writing, on all matters pertaining to the plan of finance and the financing of the Project. Information about the proposed Bonds, the location of the Project and the Borrower, and the proposed use of the proceeds were presented. When the information had been presented, opportunity was given for members of the public in attendance to give their input.

No interested parties were in attendance at the public hearing.

No written communications were received.

The undersigned then concluded the hearing.

Respectfully submitted,

Patricia D. Lott, Executive Director
Escambia County Housing Finance Authority

STATE OF FLORIDA
COUNTY OF ESCAMBIA

I, Francine Jones, a Notary Public in and for the said County in the State aforesaid, do hereby certify that Patricia D. Lott, Executive Director of the Escambia County Housing Finance Authority, who is personally known to me, subscribed to the foregoing instrument, appeared before me this day in person and severally acknowledged that she, being thereunto duly authorized, signed and delivered the said instrument as the free and voluntary act of said Authority for the uses and purposes therein set forth.

IN WITNESS WHEREOF, under my hand and notarial seal this 3rd day of May, 2017.

NOTICE OF PUBLIC HEARING

For the purpose of Section 147(f) of the Internal Revenue Code of 1986, as amended, notice is hereby given that the Escambia County Housing Finance Authority (the "Authority"), for and on behalf of the Board of County Commissioners of Escambia County, Florida, will hold a public hearing at 4:00 p.m. on Wednesday, May 3, 2017, in the conference room of the Authority located at 700 South Palafox Street, Suite 310, Pensacola, Florida 32502, to consider a plan of finance for the issuance of bonds for the following purpose:

The Authority proposes to issue not exceeding $6,600,000 in aggregate principal amount of its revenue bonds (the "Perrytown Apartments Bonds"), in one or more installments or series and loan the proceeds of such Perrytown Apartments Bonds to Perrytown Apartments, LLC, a Florida limited liability company, whose principal place of business is 2409-A Mall Drive, North Charleston, South Carolina 29406, or its affiliate or subordinate nonprofit corporation (as applicable, the "Perrytown Apartments Company"), or a limited liability company of which the Perrytown Apartments Company is the managing member or a limited partnership of which the Perrytown Apartments Company is the general partner (as applicable, the "Perrytown Apartments Borrower") for the purpose of financing or refinancing the costs of acquiring, upgrading, reconditioning, rehabilitating, improving and beautification by the Perrytown Apartments Borrower of an existing multifamily rental housing facility presently containing 100 units known as Perrytown Apartments (also known as Tidewater Apartments), located at 500 South Warner Avenue, Perry, Florida 32348 (the "Perrytown Apartments Project"), to provide rental housing facilities for persons of low, very low, middle, and moderate income. The Perrytown Apartments Project will be owned and operated by the Perrytown Apartments Borrower.

The Perrytown Apartments Bonds, when issued, will be special, limited obligations payable solely out of the revenues derived from a financing agreement with the Perrytown Apartments Borrower. The Perrytown Apartments Bonds and interest thereon shall never pledge the taxing power, or constitute the debt or indebtedness of the Authority, Escambia County, Florida, the State or any other political subdivision, public agency or municipality thereof within the meaning of any constitutional or statutory prohibition. The Authority has no taxing power.

At the time and place fixed for said public hearing all who appear will be given an opportunity to express their views for or against the proposal to approve said Bonds and the plan of finance, including the Project listed above. Prior to said public hearing, written comments may be delivered to the Executive Director of the Authority at 700 South Palafox Street, Suite 310, Pensacola, Florida 32502. All persons are advised that, if they decide to appeal any decision made by the Authority with respect to any matter considered at this meeting, they will need a record of the proceedings, and for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. All interested persons are invited to present their comments at the time and place set forth above.

The Authority will thereafter submit its public hearing report concerning this public hearing to the Board of County Commissioners, Escambia County, Florida, for issuer approval as the applicable elected representative for the issuance of the Perrytown Apartments Bonds.

Pursuant to the Americans with Disabilities Act, persons needing special accommodation to attend the hearing must contact the Authority at (850) 432-7077 at least five (5) business days prior to the hearing.

TEFRA HEARING PROCEDURES

PATRICIA D. LOTT: I am Patricia D. Lott, Executive Director of the Escambia County Housing Finance Authority, and I will be the hearing officer on behalf of the Authority. This public hearing is being held on Wednesday, May 3, 2017, commencing at 4:15 p.m., in connection with a plan of finance for the issuance of conduit bonds in Taylor County. We delayed commencement of the public hearing for a few minutes to determine whether any members of the public might desire to attend. This is a public hearing held by the Escambia County Housing Finance Authority as required under the federal tax laws for the purpose of issuing tax-exempt bonds for the purpose more fully described during this hearing. This hearing provides an opportunity for the public to make comments and have input on the proposed issuance from time to time of Multifamily Housing Revenue Bonds by the Escambia County Housing Finance Authority. The Authority will be the issuer of the bonds in an amount not exceeding $6,600,000 in aggregate principal amount. Mr. Wilkerson, would you state the date of publication for the Notice of Public Hearing?

RANDY WILKERSON: The Notice of Public Hearing was published in the *Pensacola News Journal* on April 16, 2017.

PATRICIA D. LOTT: Thank you very much. The Notice of Public Hearing and Proof of Publication are accepted into the record. The reading of the Notice is waived.

PATRICIA D. LOTT: What amount of Bonds will be issued for the project?

RANDY WILKERSON: In Taylor County, the bond amount will not exceed $6.6 million.

PATRICIA D. LOTT: Where will the proceeds of these bonds be used?

RANDY WILKERSON: The proceeds of these bonds will be used in Taylor County, Florida as described in the respective Notice of Public Hearing. In general, the proceeds will be used as follows:

In Taylor County, the bonds will be used to acquire, upgrade, recondition, rehabilitate, improve and beautify an existing 100 unit multi-family residential rental housing facility for low and moderate income families to be known as Perrytown Apartments, and currently known as Tidewater Apartments.

The Taylor County Board of County Commissioners, the governing board of the jurisdiction in which the project is located, adopted a resolution on October 1, 2012, for the purpose of extending the area of operation of the Authority to such jurisdiction, for the financing of the project. In addition, the Taylor County Board of County Commissioners, following a public hearing,

adopted a resolution on May 1, 2017, approving the issuance of the bonds in an amount not to exceed $6,600,000.

PATRICIA D. LOTT: What is the public purpose of these bonds?

RANDY WILKERSON: Through the program to be financed with the Bonds, the Authority will improve the prosperity and welfare of the State of Florida and its inhabitants by encouraging the development and preservation of affordable, decent, safe, and sanitary housing.

PATRICIA D. LOTT: Are there any questions from the public concerning the Taylor County Bond issue? For the record, there was no one from the public in attendance. Mr. Wilkerson, has the Authority received any oral or written communication concerning the Taylor County Bond issue?

RANDY WILKERSON: No, it has not.

PATRICIA D. LOTT: Having established a public purpose and use of the bond proceeds and there being no further questions from the public, I deem this hearing to be final and closed with a note that this hearing was electronically recorded and transcripts will be made available to anyone of interest. There being no further comments this public hearing is closed at 4:22 p.m.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12209 **County Administrator's Report 12. 1.**
BCC Regular Meeting **Discussion**
Meeting Date: 05/25/2017
Issue: Acquisition of Real Property Located at 14777 Perdido Key Drive
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Acquisition of Real Property Located at 14777 Perdido Key Drive - Joy D. Blackmon, P.E., Public Works Department Director

That the Board either approve or deny:

A. Authorize staff to make an offer to the property owners, for the purchase of real property located at 14777 Perdido Key Drive, for the average of the County's appraised values of $795,000 and $950,000, which equals $872,500. Any counter-offer will be brought back before the Board for approval;

B. Authorize staff to draft the Contract for Sale and Purchase for the acquisition of real property (approximately 0.91 acres) located at 14777 Perdido Key Drive, from the property owners, and to bring the executed Contract back before the Board; and

C. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute, subject to Legal review and sign-off, any documents necessary to complete the acquisition of this property without further action of the Board (if the purchase is approved).

[Funding Source: Fund 352, "LOST III," Cost Center 210107, Transportation and Drainage (T&D) LOST]

BACKGROUND:

Meeting in regular session on April 6, 2017, the Board approved staff to pursue the acquisition of 14777 Perdido Key Drive.

Escambia County staff had two appraisals performed on this property, which valued the property at $795,000 and at $950,000. The average of the two appraisals is $872,500.

The acquisition of this parcel would expand and enhance the public access to the Gulf of

Mexico and is ideal since it is located next to an existing public beach access.

The property was previously a condominium development with 10 (ten) units. It is currently vacant and the owners of the units are considered to be owners of the whole property.

BUDGETARY IMPACT:

Funding Source: Fund 352, "LOST III," Cost Center 210107, Transportation and Drainage (T&D) LOST

LEGAL CONSIDERATIONS/SIGN-OFF:

The Contract for Sale and Purchase will be reviewed and approved by Stephen West, Senior Assistant County Attorney. The County Attorney's Office will prepare the closing documents and conduct the closing for the purchase of this property.

PERSONNEL:

All work associated with this acquisition is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

These actions are consistent with the provisions of Section 46-139 of the Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, staff will maintain compliance with Section 46-139 of the Escambia County Code of Ordinances.

Neighborhood Description: See Attached Addendum

Market Conditions (including support for the above conclusions): Following several years of per unit price declines, which included foreclosures during the last recession and a few more years of stagnation after the British Petroleum/Deepwater Horizon oil spill, market conditions have shown a tendency toward more positive activity during the last eighteen to twenty-four months. Still, the 64-unit Vista Del Mar is the only mid-rise condominium to be completed in over a decade on Perdido Key. In general, per unit pricing is showing a wider than typical variance, as the market adjusts to find its point of equilibrium.

Are the utilities and off-site improvements typical for the market? [X] Yes [ ] No If No, describe:
Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)? [X] Yes [ ] No If Yes, describe:
The entire subject parcel is located within an area of potential flood hazard. Additionally, the approximate south 40% of the subject parcel is encumbered with a Beach Restoration, Nourishment, and Erosion Control Easement. This is a temporary easement that expires December 31, 2026. The presence of the Beach Mouse on the island requires special consideration for costs of habitat identification.

Site Comments: The subject is a vacant parcel of land having 100 feet of frontage along the north shore of the Gulf of Mexico. The parcel is still condominimized with 10 parts. The property has been listed for sale on the local PARMLS for the last three years. The current asking price is $1,000,000. With the land being approximately 0.9162 acres, this asking price equates to about $1,091,465 per acre. The CC-PK zoning allows for development of 13 dwelling units per acre. The subject can legally support up to 11 dwelling units. Physically, with side setbacks at 10 feet, this 100-foot wide parcel could support a building that is 80 feet wide. As noted above, the parcel is encumbered with a temporary easement. This easement is not considered to be a deterent to development, as it is located south of the dune line in an area that is not eligible for construction anyway.

There are 1 comparable sites currently offered for sale in the subject neighborhood ranging in price from $ 1,290,000 to $ 1,290,000 .

There are 5 comparable sites sold in the past 12 months in the subject neighborhood ranging in sale price from $ 500,000 to $ 2,000,000 .

Comments on Prior Sales/Transfers and Current and Prior Listings: There have been no sales of the subject property, or any condominimized portion of the subject property during the last three years. The subject property has been listed for sale on the PARMLS for over three years; it is currently asking $1,000,000.

Summary of the Sales Comparison Approach: See Attached Addendum

Reconciliation Comments: Two analyses have been conducted within this appraisal to determine the market value of the subject property. The analyses yielded indications of value of $801,675 and $790,000 for the subject property. With equal weight to each, it is our opinion that the market value of the subject property is $795,000.

This appraisal is made [X] "as is", or [ ] subject to the following conditions or inspections:

Based on a complete visual inspection of the subject site and those improvements upon said site, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of market value, as defined, of the real property that is the subject of this report is:
Opinion of Market Value: $ 795,000 , as of: April 26, 2017 , which is the date of inspection and the effective date of this appraisal.

APPRAISAL REPORT

OF A

COMMERCIAL WATERFRONT LAND PARCEL

LOCATED AT

14777 PERDIDO KEY DRIVE
PENSACOLA, ESCAMBIA COUNTY, FLORIDA 32507

EXCLUSIVELY FOR

ESCAMBIA COUNTY PUBLIC WORKS DEPARTMENT

AS OF

APRIL 27, 2017

BY

CHARLES C. SHERRILL, JR., MAI
STATE - CERTIFIED GENERAL APPRAISER #RZ1665

410 EAST GOVERNMENT STREET

PENSACOLA, FLORIDA

32502

APPRAISAL REPORT

The subject property consists of a vacant commercial waterfront land parcel that is located at 14777 Perdido Key Drive in Pensacola, Florida. It should be noted that the gulf-front property is comprised of multiple parcels (tax accounts) that have been appraised as a combined whole. The 0.92-acre land parcel is vacant as the former residential condominium Structure (Sea Shore Condominiums), that was previously situated on the subject property was demolished and removed from the site a number of years ago. The subject parcel has 100 linear feet of water frontage on the Gulf of Mexico.

It should be noted that the federal government has determined the Perdido Key Beach Mouse that inhabits the coastal sand dunes along Perdido Key is a protected species. Accordingly, the Perdido Key Beach Mouse is protected as an Endangered Species by the Federal Endangered Species Act. This environmental factor affects the development, marketability, and overall land values of both residential and commercial properties located on Perdido Key. The U. S. Fish and Wildlife Service has authorized Escambia County through its Perdido Key Habitat Conservation Plan to regulate development permits and anticipated impact fees associated with construction on land that is determined to represent critical habitat for the Perdido Key Beach Mouse. The effective number of these permits is limited by the federal government as land area allocated to Escambia County for development regulation is issued in 5-year increments. Perdido Key Beach Mouse Permits can only be issued in conjunction with final development approval by Escambia County. It is important to note that the Perdido Key Beach Mouse development regulations are more lenient on parcels that were-previously developed and are currently improved with foundation and/or structural remains (as is partially the case of the subject property).

The three traditional approaches to value income-producing properties are the Cost Approach, the Sales Comparison Approach, and the Income Capitalization Approach. Based upon the type and specific characteristics of the subject property, the Cost and Income Capitalization Approaches were not considered to be appropriate to provide credible results for this valuation. Vacant land parcels like the subject in the local market are not typically leased to tenants, so market data was not concluded to be adequate to estimate a credible market rent for the subject in the Income Capitalization Approach. Secondly, due to the absence of improvements, the performing of the Cost Approach was not considered to be applicable. Accordingly, the appraiser did not perform these two particular approaches to value the subject property in this assignment.

The subject is a vacant waterfront land parcel with no improvements that is not encumbered by any leases. Buyers of this type of property in the local market typically rely most heavily on the Sales Comparison Approach in making buying decisions. Additionally, recent sales activity of similar type properties in the local market is considered to be sufficient to produce credible results. Accordingly, the appraiser has determined that the performing of the Sales Comparison Approach in this appraisal process is sufficient to achieve credible assignment results based primarily upon the intended use of this appraisal. The appraiser has clearly identified and explained the scope of work for this assignment within this appraisal report.

This is an Appraisal Report which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a) of the Uniform Standards of Professional Appraisal Practice. As such, it clearly and accurately sets forth the appraisal in a manner that will not be misleading; contains sufficient information to enable the intended users of the appraisal to understand the report properly; and clearly and accurately discloses all assumptions, extraordinary assumptions, hypothetical conditions, and limiting conditions used in the assignment. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated within this report. The appraiser is not responsible for the unauthorized use of this appraisal report.

CURRENT PROPERTY TAX ASSESSMENT (COMBINED):

$648,003; A breakdown of the individual tax assessments is presented in the addendum of this appraisal report.

LEGAL DESCRIPTIONS:

Legal descriptions of the subject property obtained from the Escambia County Property Appraiser's Office are presented in the addendum of this appraisal report.

ZONING CLASSIFICATION:

CC-PK; Commercial Core District, Perdido Key

FUTURE LAND USE CLASSIFICATION:

MU-PK; Mixed-Use Perdido Key

TYPE AND DEFINITION OF VALUE:

The purpose of this appraisal is to provide the appraiser's best estimate of the market value of the subject real property as of the effective date. Market value is defined under 12 U.S.C. 1818, 1819 and title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 ("FIRREA") as well as the Office of the Comptroller of the Currency, as "the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus". Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

(1) buyer and seller are typically motivated;
(2) both parties are well informed or well advised, and acting in what they consider their own best interests;
(3) a reasonable time is allowed for exposure in the open market;
(4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
(5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

INTENDED USER OF APPRAISAL REPORT:	Escambia County Public Works Department; No other party is entitled to rely upon this report without written consent of the appraiser.
INTENDED USE OF APPRAISAL REPORT:	For the sole purpose of assisting the client, Escambia County Public Works Department, in internal business decisions concerning the possible purchase of the subject property. No other party is entitled to rely upon this report without written consent of the appraiser.
INTEREST VALUED:	Fee Simple Title (defined as absolute ownership unencumbered by any other interest or estate; subject only to the limitations of eminent domain, escheat, police power, taxation, and/or any easements that may be present on the property).
DATE OF PROPERTY INSPECTION:	April 27, 2017
EFFECTIVE DATE OF VALUE:	April 27, 2017
DATE OF APPRAISAL REPORT:	May 10, 2017
FINAL ESTIMATE OF VALUE:	$950,000 (Market Value of land parcel as vacant, subject to the appraisal assumptions and limiting conditions that are presented in the addendum of this appraisal report)

14777 Perdido Key Drive

County Owned - Beach Access

COUNTY ADMINISTRATOR'S REPORT – Continued

III. FOR DISCUSSION – Continued

3. 14777 Perdido Key Drive 

Motion made by Commissioner Underhill, seconded by Commissioner Robinson, and carried unanimously, authorizing and directing staff to obtain appraisals, environmental site assessments, surveys, and title insurance commitments, and to complete all other requirements in Section 46-139, Escambia County Code of Ordinances, in accordance with Board of County Commissioners Policy, dated June 2, 2011, regarding Real Property Acquisitions, in anticipation of purchasing real property (with no improvements); the parcel, located at 14777 Perdido Key Drive and owned by Fred Donham, could be utilized by the public for additional beach access (funds for meeting the requirements of Section 46-139, Escambia County Code of Ordinances, are available in Funding Source: Fund 352, Local Option Sales Tax [LOST] III, Cost Center 210107, Transportation and Drainage [T&D] LOST).

(COMMISSIONER BERGOSH RELINQUISHED THE CHAIR TO COMMISSIONER UNDERHILL)

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12025 **County Administrator's Report** **12. 2.**
BCC Regular Meeting **Discussion**
Meeting Date: 05/25/2017
Issue: Reallocation of Capital Improvement Program Funds
From: Joy D. Blackmon, P.E., Director
Organization: Public Works
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Reallocation of Capital Improvement Program Funds - Joy D. Blackmon, P.E., Public Works Department Director

That the Board approve the reallocation of funds from the Capital Improvement Program as follows:

A. Approve allocating $6.5M to the Olive Road East Phase II Project from Local Option Sales Tax IV for multi-lane reconstruction and drainage improvements, from Yancey Street to East Johnson Avenue;

B. Approve allocating $500K to the County Road (CR) 295A (North Old Corry Field Road) Project, from Local Option Sales Tax IV. This is a Local Agency Program (LAP) project that involves the construction of sidewalks and drainage improvements along the eastern right of way of CR 295A between State Road (SR) 30 (US 98/West Navy Boulevard) and CR 298A (West Jackson Street);

C. Approve reallocating funds from Fund 352, (LOST III), Cost Center 210107, “Transportation and Drainage (T&D),” in the amount of $1,000,000, from the Intelligence Transportation System (ITS) Application Box Project, Project #11EN1028, to Perdido Key Beach Access Land Purchase, Fund 352, (LOST III), Cost Center 110267, Project #17PF3862;

D. Approve reallocating funds from Fund 352, (LOST III), Cost Center 210107, “Transportation and Drainage (T&D),” in the amount of $800,000, from the ITS Application Box Project, Project #11EN1028, to the Resurfacing Program, Fund 352, (LOST III), Cost Center 210107, Project #08EN0208, for resurfacing various roads as per the list provided; and

E. Approve reallocating funds from Fund 352, (LOST III), Cost Center 210107, "Transportation and Drainage (T&D)," in the amount of $5,760,988, to the following

projects:

TO:

Type	Description	District	Amount	Description
T	3rd and Winthrop	2	$33,077	Transfer funds to fix negative balance.
T	Bobe Street Sidewalks	2	$7,195	Transfer funds to fix negative balance.

T	Patton Drive (Gulf Beach Hwy)	2	$103,896	Construction of intersection improvements along the corridor; it was determined that the installation of traffic signals at the intersections of Gulf Beach Highway and Sunset, and Gulf Beach Highway and Patton Drive was necessary.
T	Detroit Safety Upgrades	3	$487,297	Safety Improvement project that includes shoulder and roadway widening, drainage improvements, new turn lanes at specific intersections, pedestrian access improvements, and bridge replacements at both Cove and Detroit intersections. There are five phases to this project.
T	Resurfacing	various	$400,000	Resurfacing List attached.
T	Olive Road	4	$54,547	Requesting additional funds for the Olive Road East widening project.
T	Dirt Road Paving	various	$63,923	This fund is utilized to pave dirt roads in Escambia County.
T	Guidy Lane	5	$150	Transfer funds to fix negative balance.
T	Thompson Crary etc.	5	$1,720	Transfer funds to fix negative balance.
T	I-10 Beulah Interchange		$280,203	2017 JPA Design Funds.
T	I-10 Beulah Interchange		$599,846	2018 JPA Design Funds.
T	Sidewalks		$5,510	Transfer funds to Sidewalk Project to construct sidewalks within Escambia County.
T	Ensley Caro Pond		$250	This will cover the cost of the Change Order for conditions found during construction that required a re-design, as well as the cost for the re-design. Items discovered include an abandoned pipe which needed to be removed, additional side drains, additional aggregate base material; and two headwalls that need to be added to correct a pre-existing ditch that traps water upstream along the roadway during heavy rain falls. This pre-existing issue was not captured in the original design. In addition, a 6 inch water line that is in conflict with a proposed 30 inch RCP storm line at Hannah and Rawls Avenues was discovered. The contractor is

				working with ECUA to locate existing water lines that may have been modified in the Ensley area. It appears that the water lines were installed after the utility coordination was performed during the design. It has been requested that the contractor expose the ECUA lines to see if there are any future conflicts. This increase will also cover the additional cost of the added drainage design at Ensley and Grimsley Streets to reduce flooding at two resident properties during heavy rain events. This design includes adding a 14x23 RCP cross drain with a concrete headwall end treatment on Grimsley Street. This design will require building up 50 feet of road by 6 inches and also some ditch cleaning. An additional 15 inch RCP crossover line will be installed on Ensley Street to maintain flow through Laurel Avenue. This additional work will reduce flooding to the surrounding residents and help maintain drainage flow throughout the ditches in the area.
T	Resurfacing		$12,987	Transfer funds to supplement the Resurfacing Program.
T	Highway 297A at Kingsfield	5	$234,600	Transfer funds to supplement the construction of Highway 297A at Kingsfield.
T	Cooley Road	5	$122,250	Construct improvements in the area of Cooley Road.
T	CR 196	5	$4,384	Transfer funds to pay FDOT for costs not eligible for the grant.
T	CR 99	5	$28,878	Transfer funds to pay FDOT for costs not eligible for the grant.
T	Bridge Program		$107,070	Transfer funds to Bridge Program to renovate bridges as per FDOT guidelines.
			$2,547,783	**Total To Transfer Transportation**
D	Muldoon Velma	1	$687,355	Bayou Marcus Basin Study - Velma Drive Pond Outfall Branch C (modified by property acquisition and Velma Drive pond expansion). Drainage System Improvements including Velma Drive pond expansion, outfall, and drainage conveyance to Velma Drive Pond to provide better outfall for Muldoon Area

				Ponds. Project to address extensive home flooding. Project will reduce outfall pipe size and provide more effective outfall for Muldoon-Saufley Field Area ponds.
D	Midas and Muldoon	1	$30,000	The existing pond at the corner of Midas Road and Muldoon Road was expanded, and this will fund a positive outfall for this pond in order to reduce flooding in the area, increase storm water retention, and improve quality of stormwater runoff.
D	Shoshone/Doug Ford	1	$240,000	Several homes flood on Shoshone Drive in severe or moderate rain. Existing piped drainage flows to wetland ditch and outfall south under and across Doug Ford Drive. Evaluate pipe system and obtain permits to restore flow west to wetland outfall.
D	Saufley and Prospect	1	$87,000	FDOT funding for sidewalk design on Saufley Field Road; awaiting FDOT construction funding. Drainage improvements to address drainage capacity issues on Saufley Field Road at Prospect Lane causing street and yard flooding. These funds are for design of this project.
D	South Gulf Manor	1	$150,000	Additional funding is required for property acquisition and design. The existing pond for South Gulf Manor Phase 1 Subdivision has failed to accommodate drainage on numerous occasions resulting in yard, street, and home flooding. In April 2014, 11 homes flooded on the southeast side of the subdivision on Silversides Loop and Cavalla Loop. Acquisition is needed to increase pond capacity and satisfy County standards for maintenance.
D	Beach Haven	2	$330,352	CEI Services for the Beach Haven Construction Project.
D	North Old Corry Field Road	2	$440,672	This project involves the construction of sidewalk and drainage improvements along the eastern right-of-way of CR 295A (North Old Corry Field Road), between SR 30 (US 98 / West Navy Boulevard) and CR 298A (West Jackson Street). This is in addition to the LAP monies of $352K
D	Spring Street	3	$784,090	Joint Project with the District School Board.
D	Massachesetts Avenue	3	$138,000	LAP Agreement; County Portion $138K, FDEP Portion $73K, Total $221k

D	Ortega	3	$45,240	Funds will be utilized for design services to address flooding issues.
D	Ensley Caro Pond	3	$102,130	This will cover the cost of the Change Order for conditions found during construction that required a re-design, as well as the cost for the re-design. Items discovered include an abandoned pipe which needed to be removed, additional side drains, additional aggregate base material; and two headwalls that need to be added to correct a pre-existing ditch that traps water upstream along the roadway during heavy rain falls. This pre-existing issue was not captured in the original design. In addition, a 6 inch water line that is in conflict with a proposed 30 inch RCP storm line at Hannah and Rawls Avenues was discovered. The contractor is working with ECUA to locate existing water lines that may have been modified in the Ensley area. It appears that the water lines were installed after the utility coordination was performed during the design. It has been requested that the contractor expose the ECUA lines to see if there are any future conflicts. This increase will also cover the additional cost of the added drainage design at Ensley and Grimsley Streets to reduce flooding at two resident properties during heavy rain events. This design includes adding a 14x23 RCP cross drain with a concrete headwall end treatment on Grimsley Street. This design will require building up 50 feet of road by 6 inches and also some ditch cleaning. An additional 15 inch RCP crossover line will be installed on Ensley Street to maintain flow through Laurel Avenue. This additional work will reduce flooding to the surrounding residents and help maintain drainage flow throughout the ditches in the area.
D	Bob White Drainage	5	$55,000	The Bob White Drive Pipe Rehabilitation project includes rehabilitating approximately 887 linear feet of existing corrugated metal pipe and installing new storm inlets to improve drainage in the

				area. The pipe lies within a County drainage easement located near 527 Bobwhite Court in the Quail Run Subdivision off Nine Mile Road. The pipe is directly beneath a privacy fence, and access to remove and replace the pipe is very limited. Due to its location and space restrictions, installing a cured-in-place pipe liner is the only viable option.
D	Stillbridge Road Drainage		$120,160	Additional funds are required to initiate design services, identify properties for adequate maintenance access, and provide construction plans for these subdivision improvements.
D	Olive Road	4	$3,206	Requesting additional funds for the Olive Road East widening project.
			$3,213,205	**Total to Transfer Drainage**
			$5,760,988	**Grand Total to Transfer**

[Funding Source: Fund 352, "Local Option Sales Tax III," Account 210107]

BACKGROUND:

A. Olive Road is a multi-lane reconstruction, drainage and pedestrian improvement project. Olive Road East Phase I (Gregg Road to Yancey Avenue) is currently under construction and is 70% complete. Phase 2 starts at Yancey Avenue and continues to East Johnson Avenue. Plans are nearing completion and the project is expected to go to bid late Summer 2017.

B. This project involves the construction of sidewalk and drainage improvements along the eastern right-of-way of CR 295A (North Old Corry Field Road), between SR 30 (US 98 / West Navy Boulevard) and CR 298A (West Jackson Street). The sidewalk portion of this project is included in a LAP Agreement. These additional funds will support the drainage improvements.

C. Perdido Key Beach Access Land Purchase: The acquisition of this parcel would expand and enhance public access to the Gulf of Mexico. The location is ideal due to the existing public access facilities adjacent to the east. The parcel is located at 14777 Perdido Key Drive and could be utilized by the public for additional beach access.

D. Road Resurfacing. The attached list of roads to be resurfaced will complete the current Resurfacing List of Projects.

The ITS Application Project has a remaining balance of $2,339,660. After utilizing $1M for the Perdido Key Beach Access Land Purchase, and $800K for the Road Resurfacing project, there will be a balance of $539,660 in the project. The Traffic and Transportation Division plans to use the balance of these funds on "W" Street to upgrade the county-owned traffic signals and connectivity of various intersections, and then will

dedicate a portion of the balance to a potential future traffic signal to be constructed south of Massachusetts Avenue. The upgrades would be according to, and in the spirit of the regional ITS/ATMS (Automated Traffic and Management System) implementation on the State Highway System in our area. This will further show the county's willingness to move forward with ITS/ATMS within our area. The funding for this project, in the amount of $800,000, will be repaid from LOST IV, from the first year of Resurfacing Project, Fund 352.

E. Escambia County Public Works Department requests the Board's approval to transfer $5,320,316 from Fund 352 (LOST III), Cost Center 210107 "Transportation and Drainage (T&D)" to the following projects:
FROM:

Type	Description	District	Amount	Description
T	69th Avenue South	2	$10,928	This project is complete. Reallocate funds to 3rd and Winthrop to fix negative balance.
T	Perdido Key Pedestrian Crossing	2	$22,149	This project is complete. Transfer funds to 3rd and Winthrop to fix negative balance in project.
T	Perdido Key Pedestrian Crossing	2	$43,896	This project is complete. Transfer funds to Gulf Beach Highway (Patton Drive).
T	Treasure Hills	2	$60,000	Transfer funds to Gulf Beach Highway (Patton Drive).
T	Animal Shelter Turn Lane	3	$250	This project is complete. Transfer funds to Ensley/Caro Project.
T	Sidewalks Project (Cody Lane)	3	$7,195	Transfer funds to fix negative balance in Bobe Street Sidewalks; balance in Cody Lane Sidewalks $168,210 to construct sidewalks.
T	Massachusetts Avenue Sidewalks	3	$5,510	This project is complete. Transfer funds to Sidewalks Project.
T	Palafox Square	3	$87,297	This project is complete. Transfer funds to Detroit Safety Upgrades Project.
T	Langley and 9th	4	$500	This project is complete. Transfer funds to Olive Road Project.
T	Lodestar Avenue Sidewalks	4	$18,647	This project is complete. Transfer funds to Olive Road Project.
T	Lanier and Langley	4	$35,400	Transfer to Olive Road Project.
T	Bratt Road DRP	5	$119	This project is complete. Transfer funds to Dirt Road Paving Program.

T	Campbell Road DRP	5	$14,783	This project is complete. Transfer funds to Dirt Road Paving Program.
T	Crabtree Church Road	5	$12,987	Transfer funds to Resurfacing.
T	Greenland Road DRP	5	$150	This project is complete. Transfer funds to Guidy Lane Sidewalks to fix negative balance.
T	Greenland Road DRP	5	$43,417	This project is complete. Transfer funds to Dirt Road Paving Program.
T	Highway 29/Highway 97	5	$234,600	Transfer funds to Highway 297A at Kingsfield Project.
T	Jacks Branch Road	5	$155,512	This project is complete. Transfer funds to Cooley Road Improvements Project $122,250; transfer funds to pay FDOT for costs not eligible for grant on CR 196 and CR 99 $33,262.
T	Killam Road	5	$848	Transfer funds to Dirt Road Paving Program.
T	Purdue Road	5	$2,646	This project is complete; transfer funds to Thompson, Crary, etc. to fix negative balance ($1720); $926 to Dirt Road Paving Program.
T	Quintette Bridge	5	$107,070	Transfer funds to Bridge Program.
T	Rocky Branch Road	5	$450	This project is complete. Transfer funds to Dirt Road Paving Program.
T	JPA/Design Box	n/a	$280,203	Transfer funds to I-10 Beulah Interchange Project 2017.
T	JPA/Design Box	n/a	$599,846	Transfer funds to I-10 Beulah Interchange Project 2018.
T	Neighborhood Enhancements	various	$400,000	Transfer funds to Detroit Safety Upgrades Project.
T	Neighborhood Enhancements	varous	$400,000	Transfer funds to Resurfacing Program.
T	Open Graded Cold Mix Overlay	various	$3,380	Transfer funds to Dirt Road Paving Program.
			$2,547,783	**Total to Transfer Transportation**
D	Barefoot Estates	1	$11,857	This project is complete; transfer funds to Muldoon Velma project.
D	Bauer Road	1	$5,450	This project is complete; transfer funds to Muldoon Velma project.

D	Choctaw Drainage	1	$303,442	This project is complete; transfer funds to Midas and Muldoon $30,000; and Muldoon Velma $273K.
D	Crescent Lake	1	$872,457	Transfer funds to Muldoon Velma $395,457; Shoshone/Doug Ford $240,000, Saufley and Prospect $87,000, South Gulf Manor $150,000.
D	Woodlin Meadows	1	$1,149	This project is complete; transfer funds to Muldoon Velma project.
D	Perdido Bay Country Club Estates	2	$5,859	Transfer funds to Beach Haven project.
D	Siquenza Cove	2	$9	Transfer funds to Beach Haven project.
D	Englewood Drainage	3	$784,090	Transfer funds to Joint Project with School Board on Spring Street project.
D	Englewood Drainage	3	$138,000	Transfer to Massachusetts Avenue Drainage Project to fund County portion of the LAP Agreement.
D	Figland Drainage	3	$45,240	This project is complete; transfer funds to Ortega project.
D	Lincoln Park Area	3	$7,878	This project is complete; transfer funds to Ensley Caro Pond project.
D	Massachusetts Avenue Drainage	3	$94,172	This project is complete; transfer funds to Ensley Caro Pond project.
D	St Nazaire	3	$80	This project is complete; transfer funds to Ensley Caro Pond project.
D	Ferry Pass	4	$206	This project is complete; transfer funds to Olive Road project.
D	River Gardens	4	$3,000	This project is complete; transfer funds to Olive Road project.
D	Jackson Street Elysian	1,2	$324,484	This project is being addressed by FDOT; $324,484 being transferred to Beach Haven for CEI Services.
D	Jackson Street Elysian	1,2	$440,672	Transferring to North Old Corry Field Road project. LAP includes sidewalks and these funds will take care of the drainage improvements in the area.
D	Water Quality/Flood Control	various	$175,160	Transfer funds to Bobwhite Drainage $55K and Stillbridge Road Drainage $120,160.
			$3,213,205	**Total to Transfer Drainage**
			$5,760,988	**Grand Total to Transfer**

TO:

Type	Description	District	Amount	Description
T	3rd and Winthrop	2	$33,077	Transfer funds to fix negative balance.
T	Bobe Street Sidewalks	2	$7,195	Transfer funds to fix negative balance.
T	Patton Drive (Gulf Beach Hwy)	2	$103,896	Construction of intersection improvements along the corridor, it was determined that the installation of traffic signals at the intersections of Gulf Beach Highway and Sunset, and Gulf Beach Highway and Patton Drive was necessary.
T	Detroit Safety Upgrades	3	$487,297	Safety Improvement project that includes shoulder and roadway widening, drainage improvements, new turn lanes at specific intersections, pedestrian access improvements, and bridge replacements at both Cove and Detroit intersections. There are five phases to this project.
T	Resurfacing Program	various	$400,000	Resurfacing List attached.
T	Olive Road	4	$54,547	Requesting additional funds for the Olive Road East widening project.
T	Dirt Road Paving	various	$63,923	This fund is utilized to pave dirt roads in Escambia County.
T	Guidy Lane	5	$150	Transfer funds to fix negative balance.
T	Thompson Crary etc.	5	$1,720	Transfer funds to fix negative balance.
T	I-10 Beulah Interchange		$280,203	2017 JPA Design Funds.
T	I-10 Beulah Interchange		$599,846	2018 JPA Design Funds.
T	Sidewalks		$5,510	Transfer funds to Sidewalk Project to construct sidewalks within Escambia County.
T	Ensley Caro Pond		$250	This will cover the cost of the Change Order for conditions found during construction that required a re-design, as well as the cost for the re-design. Items discovered include an abandoned pipe which needed to be removed, additional side drains, additional aggregate base

				material; and two headwalls that need to be added to correct a pre-existing ditch that traps water upstream along the roadway during heavy rain falls. This pre-existing issue was not captured in the original design. In addition, a 6 inch water line that is in conflict with a proposed 30 inch RCP storm line at Hannah and Rawls Avenues was discovered. The contractor is working with ECUA to locate existing water lines that may have been modified in the Ensley area. It appears that the water lines were installed after the utility coordination was performed during the design. It has been requested that the contractor expose the ECUA lines to see if there are any future conflicts. This increase will also cover the additional cost of the added drainage design at Ensley and Grimsley Streets to reduce flooding at two resident properties during heavy rain events. This design includes adding a 14x23 RCP cross drain with a concrete headwall end treatment on Grimsley Street. This design will require building up 50 feet of road by 6 inches and also some ditch cleaning. An additional 15 inch RCP crossover line will be installed on Ensley Street to maintain flow through Laurel Avenue. This additional work will reduce flooding to the surrounding residents and help maintain drainage flow throughout the ditches in the area.
T	Resurfacing		$12,987	Transfer funds to supplement the Resurfacing Program.
T	Highway 297A at Kingsfield	5	$234,600	Transfer funds to supplement the construction of Highway 297A at Kingsfield.
T	Cooley Road	5	$122,250	Construct improvements in the area of Cooley Road.
T	CR 196	5	$4,384	Transfer funds to pay FDOT for costs not eligible for the grant.
T	CR 99	5	$28,878	Transfer funds to pay FDOT for costs not eligible for the grant.
T	Bridge Program		$107,070	Transfer funds to Bridge Program to renovate bridges as per FDOT guidelines.

			$2,547,783	**Total To Transfer Transportation**
D	Muldoon Velma	1	$687,355	Bayou Marcus Basin Study - Velma Drive Pond Outfall Branch C (modified by property acquisition and Velma Drive pond expansion). Drainage System Improvements including Velma Drive pond expansion, outfall, and drainage conveyance to Velma Drive Pond to provide better outfall for Muldoon Area Ponds. Project to address extensive home flooding. Project will reduce outfall pipe size and provide more effective outfall for Muldoon-Saufley Field Area ponds.
D	Midas and Muldoon	1	$30,000	The existing pond at the corner of Midas Road and Muldoon Road was expanded, and this will fund a positive outfall for this pond in order to reduce flooding in the area, increase storm water retention, and improve quality of stormwater runoff.
D	Shoshone/Doug Ford	1	$240,000	Several homes flood on Shoshone Drive in severe or moderate rain. Existing piped drainage flows to wetland ditch and outfall south under and across Doug Ford Drive. Evaluate pipe system and obtain permits to restore flow west to wetland outfall.
D	Saufley and Prospect	1	$87,000	FDOT funding for sidewalk design on Saufley Field Road; awaiting FDOT construction funding. Drainage improvements to address drainage capacity issues on Saufley Field Road at Prospect Lane causing street and yard flooding. These funds are for design of this project.
D	South Gulf Manor	1	$150,000	Additional funding is required for property acquisition and design. The existing pond for South Gulf Manor Phase 1 Subdivision has failed to accommodate drainage on numerous occasions resulting in yard, street, and home flooding. In April 2014, 11 homes flooded on the southeast side of the subdivision on Silversides Loop and Cavalla Loop. Acquisition is needed to increase pond capacity and satisfy County standards for maintenance.
D	Beach Haven	2	$330,352	CEI Services for the Beach Haven Construction Project.

D	North Old Corry Field Road	2	$440,672	This project involves the construction of sidewalk and drainage improvements along the eastern right-of-way of CR 295A (North Old Corry Field Road), between SR 30 (US 98 / West Navy Boulevard) and CR 298A (West Jackson Street). This is in addition to the LAP monies of $352K
D	Spring Street	3	$784,090	Joint Project with the District School Board.
D	Massachesetts Avenue	3	$138,000	LAP Agreement; County Portion $138K, FDEP Portion $73K, Total $221k
D	Ortega	3	$45,240	Funds will be utilized for design services to address flooding issues.
D	Ensley Caro Pond	3	$102,130	This will cover the cost of the Change Order for conditions found during construction that required a re-design, as well as the cost for the re-design. Items discovered include an abandoned pipe which needed to be removed, additional side drains, additional aggregate base material; and two headwalls that need to be added to correct a pre-existing ditch that traps water upstream along the roadway during heavy rain falls. This pre-existing issue was not captured in the original design. In addition, a 6 inch water line that is in conflict with a proposed 30 inch RCP storm line at Hannah and Rawls Avenues was discovered. The contractor is working with ECUA to locate existing water lines that may have been modified in the Ensley area. It appears that the water lines were installed after the utility coordination was performed during the design. It has been requested that the contractor expose the ECUA lines to see if there are any future conflicts. This increase will also cover the additional cost of the added drainage design at Ensley and Grimsley Streets to reduce flooding at two resident properties during heavy rain events. This design includes adding a 14x23 RCP cross drain with a concrete headwall end treatment on Grimsley Street. This design will require building up 50 feet of road by 6 inches and also some ditch cleaning. An additional 15 inch RCP crossover line will be installed on Ensley Street to maintain flow through Laurel Avenue. This

				additional work will reduce flooding to the surrounding residents and help maintain drainage flow throughout the ditches in the area.
D	Bob White Drainage	5	$55,000	The Bob White Drive Pipe Rehabilitation project includes rehabilitating approximately 887 linear feet of existing corrugated metal pipe and installing new storm inlets to improve drainage in the area. The pipe lies within a County drainage easement located near 527 Bobwhite Court in the Quail Run Subdivision off Nine Mile Road. The pipe is directly beneath a privacy fence, and access to remove and replace the pipe is very limited. Due to its location and space restrictions, installing a cured-in-place pipe liner is the only viable option.
D	Stillbridge Road Drainage		$120,160	Additional funds are required to initiate design services, identify properties for adequate maintenance access, and provide construction plans for these subdivision improvements.
D	Olive Road	4	$3,206	Requesting additional funds for the Olive Road East widening project.
			$3,213,205	**Total to Transfer Drainage**
			$5,760,988	**Grand Total to Transfer**

BUDGETARY IMPACT:

No budgetary impact occurs. Funding is currently available in Fund 352, "Local Option Sales Tax III", Account 210107.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Scheduling and prioritization of capital improvement projects is at the discretion of the Board.

IMPLEMENTATION/COORDINATION:

Upon Board approval of this request, a budget amendment will be forwarded to the Office of Management and Budget to reallocate the funds to the appropriate projects.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12269 **County Administrator's Report** **12. 3.**
BCC Regular Meeting **Discussion**
Meeting Date: 05/25/2017
Issue: Adopting a Resolution and Letter Requesting the Immediate Relief for Overreaching Federal Fishing Regulations in the Gulf of Mexico
From: Jack Brown, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Resolution and Letter Supporting an Executive Intervention to Eliminate Over-reaching Federal Regulations Restricting Recreational and Commercial Fishing Seasons in the Gulf of Mexico - Commissioner Doug Underhill, Chairman, District 2

That the Board take the following action concerning a Resolution and letter supporting an executive intervention to eliminate over-reaching Federal regulations restricting recreational and commercial fishing seasons in the Gulf of Mexico:

A. Adopt the Resolution, subject to Legal review and sign-off, supporting an executive intervention to eliminate over-reaching Federal regulations restricting recreation and commercial fishing seasons;

B. Approve the letter, **to be distributed under separate cover**, to Wilbur L. Ross, United States Department of Commerce Secretary; and

C. Authorize the Chairman to sign the Resolution and letter.

BACKGROUND:

On May 2, 2017, the National Oceanic and Atmospheric Administration (NOAA) released Fishery Bulletin FB17-023 announcing the 2017 Gulf of Mexico Red Snapper Recreational Seasons. The private angler component season will be 3 days and the federally permitted for-hire component season will be 49 days in federal waters. This decision continues the trend of onerous limitations that failed to protect our fisheries while having a deleterious impact on the coastal economy.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

The draft of the Resolution was prepared by the County Attorney's Office.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

N/A

IMPLEMENTATION/COORDINATION:

Upon Board approval, the County Administrator's Office will send the resolution and letter to Secretary Ross at the Department of Commerce in Washington, DC.

Resolution

RESOLUTION NUMBER R2017- _____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, SUPPORTING AN EXECUTIVE INTERVENTION TO ELIMINATE OVER-REACHING FEDERAL REGULATIONS RESTRICTING RECREATIONAL AND COMMERCIAL FISHING SEASONS; PROVIDING FOR TRANSMITTAL; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, marine fisheries are vital components of commerce, recreation, tourism, and the quality of life for the citizens of Escambia County; and

WHEREAS, the negative economic impact resulting directly from over-reaching federal fishing regulations significantly affects Escambia County's local economy; and

WHEREAS, blanket federal fishing regulations applicable to marine fisheries nationwide fail to consider the unique character of individual marine fishery locales and are therefore incapable of achieving the goal for which they were ostensibly established as to each individual marine fishery locale in the country; and

WHEREAS, the elimination of over-reaching federal fishing regulations will mitigate economic losses for commercial, charter boat, and recreational fishing industries; and

WHEREAS, consistent with the mission statement of the U.S. Department of Commerce, the elimination of over-reaching federal fishing regulations will create conditions for economic growth and opportunity; and

WHEREAS, the 2017 three-day federal Red Snapper season denies the citizens of Escambia County and the citizens nationwide their right to enjoy a publicly owned natural resource; and

WHEREAS, marine fisheries are renewable resources capable of sustainable production while serving extractive and consumptive purposes; and

WHEREAS, the Board of County Commissioners finds it is in the best interest of the health, safety, and welfare of the citizens of Escambia County that the County support an executive intervention to eliminate over-reaching federal regulations restricting recreational and commercial fishing seasons.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AS FOLLOWS:

Section 1. That the Escambia County Board of County Commissioners finds the above recitals to be true and correct and incorporated herein by reference.

DRAFT

Section 2. That the Escambia County Board of County Commissioners supports an executive intervention to eliminate over-reaching federal regulations restricting recreational and commercial fishing seasons.

Section 3. That the Escambia County Board of County Commissioners supports the immediate intervention by the Department of Commerce Secretary and the Florida Congressional Delegation to effect the expansion of the 2017 federal Red Snapper season beyond the current three-day period.

Section 4. That the Escambia County Board of County Commissioners hereby directs the Clerk to forward a copy of this resolution to United States Department of Commerce Secretary Wilbur L. Ross, Senator Bill Nelson, Senator Marco Rubio, and Representative Matt Gaetz.

Section 5. That this resolution shall take effect immediately upon adoption by the Escambia County Board of County Commissioners.

ADOPTED this ____ day of _____ 2017.

AI-12227 **County Administrator's Report 12. 4.**
BCC Regular Meeting **Discussion**
Meeting Date: 05/25/2017
Issue: Noise Waivers for the 2017 Seasonal Fireworks Exhibitions Near the Portofino Pier
From: Tim Tolbert, Building Official/Department Director
Organization: Building Services
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Limited Waiver of the Escambia County Noise Abatement Ordinance for the 2017 Seasonal Fireworks Displays Launched from a Floating Platform near the Portofino Pier on Pensacola Beach - Tim Tolbert, Building Official/Department Director

That the Board approve or deny the following individual "Special Event Permit Applications" for a limited waiver of the noise restrictions imposed by the Escambia County Noise Abatement Ordinance regarding Pensacola Beach, allowing the number of sound decibels to exceed 70 dbA (sound level measured by taking four sound readings over a continuous 15 minute period, with the four readings taken at approximately equal intervals at or within the property boundary of the receiving land use). Each of the noise waiver Applications listed below coincides with an Application for a fireworks exhibition for the 2017 Seasonal Fireworks Displays sponsored by Portofino and launched from a floating platform near the Portofino Pier on Pensacola Beach from 9:00 p.m., through 9:15 p.m.

A. Application for May 28, 2017, 9:00 p.m. - 9:15 p.m.;
B. Application for June 6, 2017, 9:00 p.m. - 9:15 p.m.;
C. Application for June 15, 2017, 9:00 p.m. - 9:15 p.m.;
D. Application for June 20, 2017, 9:00 p.m. - 9:15 p.m.;
E. Application for June 27, 2017, 9:00 p.m. - 9:15 p.m.;
F. Application for July 4, 2017, 9:00 p.m. - 9:15 p.m.;
G. Application for July 11, 2017, 9:00 p.m. - 9:15 p.m.;
H. Application for July 18, 2017, 9:00 p.m. - 9:15 p.m.;
I. Application for July 25, 2017, 9:00 p.m. - 9:15 p.m.;
J. Application for August 1, 2017, 9:00 p.m. - 9:15 p.m.;
K. Application for August 8, 2017, 9:00 p.m. - 9:15 p.m.;
L. Application for September 3, 2017, 9:00 p.m. - 9:15 p.m.; and
M. Application for October 28, 2017, 9:00 p.m. - 9:15 p.m.

BACKGROUND:

Escambia County Noise Abatement Ordinance Number 2001-8 (Escambia County Code of Ordinances, Chapter 42, Article III., Noise), was adopted by the Board of County Commissioners (BCC) on March 1, 2001, for the purpose of protecting, preserving, and promoting the health, safety, welfare, peace and quiet of the citizens of Escambia County through the reduction, control, and prevention of loud and raucous noise, or any noise which unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of reasonable persons of ordinary sensitivity. Subsequently, on August 3, 2001, the BCC adopted Escambia County Ordinance Number 2001-36 to amend Escambia County Ordinance Number 2001-8 in order to provide a means of exemption to the Noise Abatement Ordinance to allow a fair and just application of the Ordinance and grant limited waivers of the restrictions imposed by the Noise Abatement Ordinance to allow special outdoor events to take place in the community while still protecting the health, safety, and welfare of the citizens of Escambia County, and promoting an environment free from sound and noise disruptive of peace and good order. On July, 23, 2013, the BCC adopted Escambia County Ordinance Number 2013-31, stating that the County has authority to regulate within its jurisdiction unreasonably loud noise based on decibel readings beyond certain limits and providing for two different noise regulation standards within Escambia County is consistent with the Equal Protection Clause, so long as the division created is rationally related to a legitimate governmental objective. Again, on January 16, 2014, the BCC of Escambia County adopted Escambia County Ordinance Number 2014-5, defining the core area of Santa Rosa Island and providing two different noise regulation standards for the areas of Santa Rosa Island that are primarily commercial businesses and the areas that are almost exclusively residential to better ensure the health, safety, welfare, tranquility, and peace of the public.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

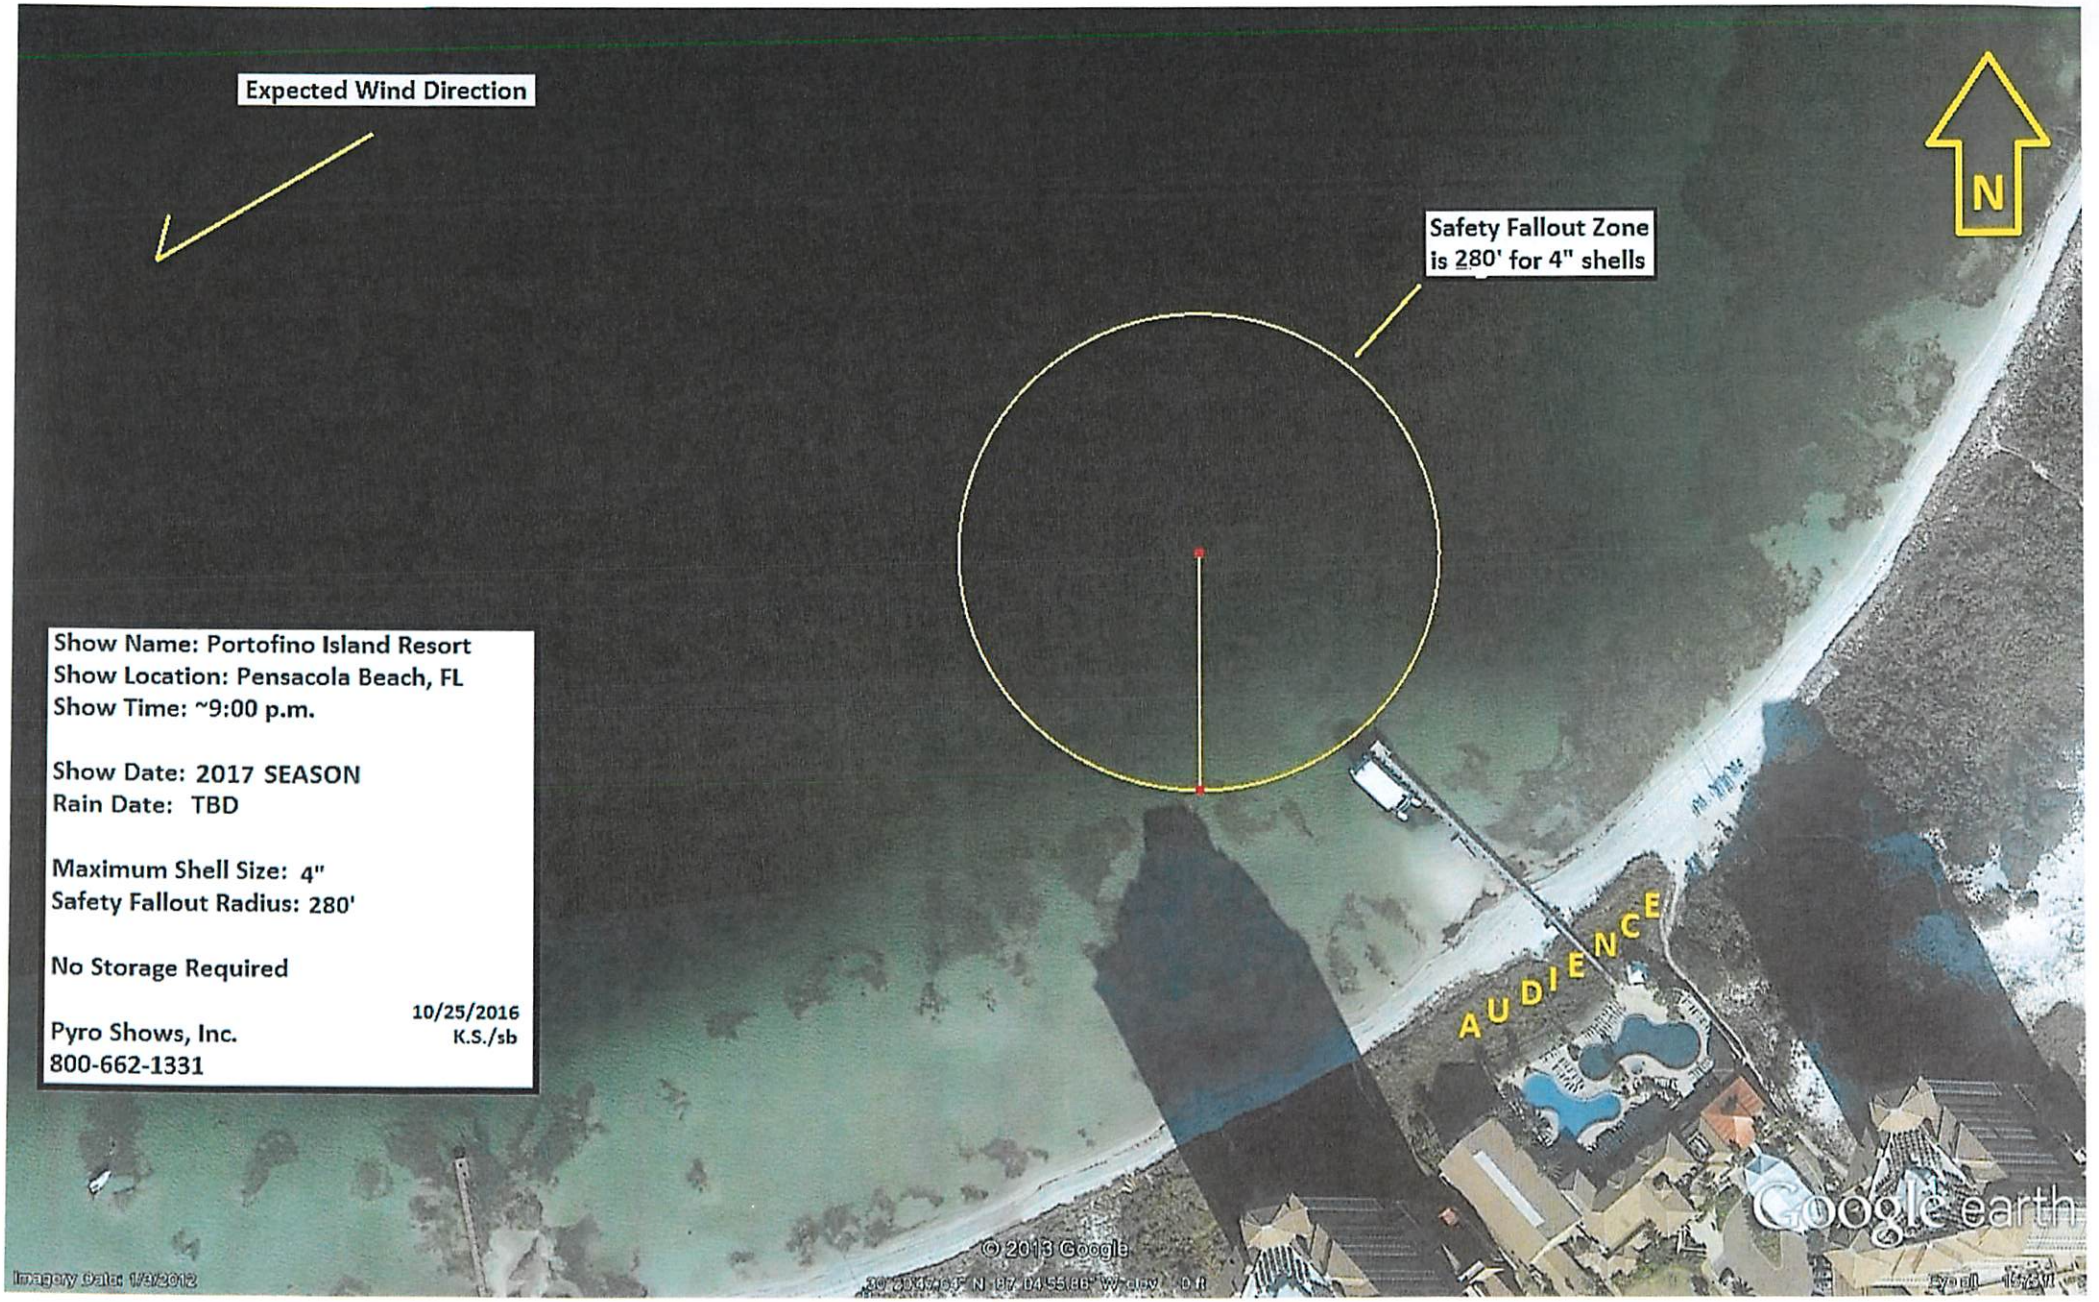
N/A

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Escambia County Code of Ordinances, Chapter 42, Article III. Noise. Section 42-66. Exemptions. (g), provides that the County Administrator shall provide the permit application as well as any other available information, to the Board of County Commissioners for consideration at a meeting of the Board of County Commissioners. The Board of County Commissioners may impose any other conditions on the permit, as it deems necessary to reduce the disturbance to surrounding or neighboring properties.



IMPLEMENTATION/COORDINATION:

The Building Inspections Division will issue a Special Event permit for each exemption approved in this recommendation.

Upon Board approval, the Escambia County Sheriff's Office will be notified of the issuance of each waiver.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-12153 **County Attorney's Report** **12. 1.**
BCC Regular Meeting **Action**
Meeting Date: 05/25/2017
Issue: Scheduling an Attorney/Client Session on June 15, 2017 to Discuss Pending Ligitation
From: Charles Peppler, Deputy County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Scheduling an Attorney/Client Session on June 15, 2017 at 8:30 a.m. to Discuss Pending Litigation in Dellaina Merritt v. Escambia County, Case No.: 3:15-cv-00286-MCR-EMT

That the Board take the following action:

A. Schedule a private meeting with its attorneys to discuss pending litigation in accordance with Section 286.01(8), Florida Statutes, for Thursday, June 15, 2017 at 8:30 a.m.

B. Approve the public notice printed below to be published in the *Pensacola News Journal* on Saturday, June 10, 2017.

PUBLIC NOTICE

IT IS THE INTENTION of the Board of County Commissioners of Escambia County, Florida, to hold a private meeting with its attorneys to discuss pending litigation in the case of Dellaina Merritt v. Escambia County, Case No.: 3:15-cv-00286-MCR/EMT, U.S. District Court, Northern District of Florida, in accordance with Section 286.01(8), Florida Statutes. Such attorney/client session will be held at 8:30 a.m., on Thursday, June 15, 2017, in the Ernie Lee Magaha Government Building, Board Chambers, 221 Palafox Place, Pensacola, Florida. Commissioners Douglas B. Underhill, Jeff Bergosh, Lumon J. May, Grover C. Robinson, IV, and Steven L. Barry, County Administrator Jack Brown, County Attorney Alison P. Rogers, Charles V. Peppler, Deputy County Attorney, attorney representing Escambia County in the pending litigation. A certified court reporter will attend and report the attorney/client session.
