THROUGH THESE DOORS WALK ONLY THE FINEST PEOPLE – THE CITIZENS OF ESCAMBIA COUNTY. DECISIONS ARE MADE IN THIS ROOM AFFECTING THE DAILY LIVES OF OUR PEOPLE. DIGNIFIED CONDUCT IS APPRECIATED.

CHAMBER RULES

1. IF YOU WISH TO SPEAK, YOU WILL BE HEARD.
2. YOU MUST SIGN UP TO SPEAK. SIGN-UP SHEETS ARE AVAILABLE AT THE BACK OF THE ROOM.
3. YOU ARE REQUESTED TO KEEP YOUR REMARKS BRIEF AND FACTUAL.
4. BOTH SIDES ON AN ISSUE WILL BE GRANTED UNIFORM/MAXIMUM TIME TO SPEAK.
5. DURING QUASI-JUDICIAL HEARINGS (I.E., REZONINGS), CONDUCT IS VERY FORMAL AND REGULATED BY SUPREME COURT DECISIONS.

Escambia County is committed to making our website accessible. If you use assistive technology, for example a screen reader, and have difficulty accessing information in this agenda online, please contact our ADA Coordinator at ADA@myescambia.com or 850-595-1637.

PLEASE NOTE THAT ALL BCC MEETINGS ARE RECORDED AND TELEVISED

AGENDA
Board of County Commissioners
Regular Meeting – May 16, 2019 – 9:00 a.m.
Ernie Lee Magaha Government Building – First Floor

1. Call to Order.

   Please turn your cell phone to the vibrate, silence, or off setting.

   The Board of County Commissioners allows any person to speak regarding an item on the Agenda. The speaker is limited to three (3) minutes, unless otherwise determined by the Chairman, to allow sufficient time for all speakers. Speakers shall refrain from abusive or profane remarks, disruptive outbursts, protests, or other conduct which interferes with the orderly conduct of the meeting. Upon completion of the Public comment period, discussion is limited to Board members and questions raised by the Board.

2. Invocation – Commissioner Bender.

3. Pledge of Allegiance to the Flag.

4. Are there any items to be added to the agenda?

   Recommendation: That the Board adopt the agenda as prepared **(or duly amended).**

5. Commissioners' Forum.

6. Proclamation.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation proclaiming the week of May 19 - 25, 2019, as "Emergency Medical Services Week" in Escambia County, and reminding the community of the vital importance of the services provided by Escambia County Emergency Medical Services, and encouraging all citizens to honor the "Everyday Heroes" dedicated to emergency medical care; and

B. Ratify the Proclamation dated May 3, 2019, proclaiming Saturday, May 4, 2019, as "Rosamond Johnson Beach Day" in Escambia County, in honor and memory of Private Rosamond Johnson, Jr., who made the ultimate sacrifice for our freedom.

7. Written Communication.

April 12, 2019, communication from Joe M. Barham Jr., requesting Lien relief for property located at 6011 Hilltop Road.

Recommendation: That the Board review and consider the Lien relief request made by Joe M. Barham Jr., part owner of the properties, against 2501 E Olive Road and attached to 6011 Hilltop Road.

On August 21, 2014, the Board amended the "Guidelines for Relief from Environmental (Code) Enforcement Special Magistrate Liens' policy, Section III, H2. Staff was instructed to review all requests for forgiveness of Environmental (Code) Enforcement Liens to determine if the request met the criteria for forgiveness and allowing the County Administrator to act on the Board's behalf if set criteria are met.

After reviewing the request for forgiveness of liens, staff made the determination that the request does not fall within the criteria that would allow the County Administrator to act on the Board's behalf and grant relief, in accordance with the Board's Policy, "Guidelines for Relief from Environmental (Code) Enforcement Special Magistrate Liens" Policy, Section III, H2.

The owner is requesting a partial release of lien for the property located at 6011 Hilltop Road from the lien generated at 2501 E Olive Road so they can sell the property.

8. Did the Clerk's Office receive the proofs of publication for the Public Hearing(s) on the agenda and the Board's Weekly Meeting Schedule?

Recommendation: That the Board waive the reading of the legal advertisement(s) and accept, for filing with the Board's Minutes, the certified affidavit(s) establishing proof of publication for the Public Hearing(s) on the agenda, and the Board of County Commissioners – Escambia County, Florida, Meeting Schedule.

9. Committee of the Whole Recommendation.

Recommendation: That the Board take the following action concerning public safety training options and the appointment of an Acting County Administrator, as recommended by the Committee of the Whole (C/W) at the May 9, 2019, C/W Workshop:

A. Recognize that the Board has a training issue that needs to be addressed, and move forward with the procurement of training services to meet the criteria set forth by the Medical Director using the expedited procurement process (C/W Item #5); and

B. Appoint Matt Coughlin as Acting County Administrator through July 1st with the minimum County Administrator salary and all benefits of the position, including a car allowance (Verbal Add-On Item #1).

10. Reports:

CLERK & COMPTROLLER'S REPORT

Backup Not Included With The Clerk's Report Is Available For Review In The Office Of The Clerk To The Board
Ernie Lee Magaha Government Building, Suite 110

I. Consent Agenda

1. Recommendation Concerning Uncollectible Bad Debt Write-Off

That the Board adopt, and authorize the Chairman to sign, the Resolution authorizing the write-off of $3,690.79 of returned checks and accounts receivable in various funds of the County that have been determined to be uncollectible bad debts

2. Recommendation Concerning Minutes and Reports Prepared by the Clerk to the Board's Office

That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's Office:

A. Approve the Minutes of the Special Board Meeting held April 29, 2019;

B. Accept, for filing with the Board's Minutes, the Report of the Agenda Work Session and the Report of the Gary Sansing Public Forum held May 2, 2019; and

C. Approve the Minutes of the Regular Board Meeting held May 2, 2019.

COUNTY ADMINISTRATOR'S REPORT

I. Technical/Public Service Consent Agenda

1. Recommendation Concerning a Data Use Agreement for Limited Data Set between the University of Florida and Escambia County - John Dosh, Interim Public Safety Department Director

   That the Board take the following action concerning the Data Use Agreement between the University of Florida and Escambia County:

   A. Approve the Data Use Agreement, to allow the disclosing of limited data set of Protected Health Information for research; and

   B. Authorize the Interim County Administrator to sign the Agreement.

2. Recommendation Concerning Approving Amendment 1 to the Contract for Services Agreement Between Escambia County and the University of West Florida for the Market Analysis for the Town of Century - Stephan Hall, Budget Manager, Management and Budget Services

   That the Board approve and authorize the Chairman to sign Amendment 1 to the Contract for Services Agreement between Escambia County and the University of West Florida, for the Market Analysis for the Town of Century, to remove the deliverable to receive feedback from the community on the draft Market Analysis Report. No payment was due on this deliverable and all other terms and conditions remain the same.

3. Recommendation Concerning a Letter to Governor DeSantis Regarding the Cervantes Street Pedestrian Safety Plan - Amy Lovoy, Interim County Administrator

   That the Board ratify the Chairman's signature on the letter, dated May 3, 2019, to Governor DeSantis regarding the Cervantes Street Pedestrian Safety Plan.

4. Recommendation Concerning Disposition of Property for the Tax Collector's Office - Scott Lunsford, Escambia County Tax Collector

That the Board approve the request for Disposition of Property Form for the Escambia County Tax Collector's Office for property that is described and listed on the Disposition Form with reason for disposition stated. The listed item has been found to be of no further usefulness to the County/Tax Collector; thus, it is requested that it be auctioned as surplus or disposed of properly.

II. Budget/Finance Consent Agenda

1. Recommendation Concerning the Lake Stone Campground Facility Management Agreement - Michael Rhodes, Parks & Recreation Department Director

   That the Board approve the Agreement between the Escambia County Board of County Commissioners and Dennis Keith Cole for the Management of the Lake Stone Campground Facility and authorize the Interim County Administrator to sign the Agreement.

   [Funding Source: Fund 001, General Fund, Lake Stone, Cost Center 350204, in the amount of $11,400, paid via 12 equal monthly installments of $950, with housing and utilities provided. This amount is currently allocated in the Fiscal Year 2019 Budget and will be budgeted in Fiscal Year 2020]

2. Recommendation Concerning Federal Elections Activities Grant Funding for the Office of the Supervisor of Elections - David H. Stafford, Supervisor of Elections

   That the Board take the following action concerning Federal Elections Activities Grant Funds from the Department of State:

   A. Certify that the County will match State Grant funds with $4,689.93, from the Supervisor of Elections' Fiscal Year 2018/2019 Budget; and

   B. Authorize the Chairman to sign the Certificate County Match to Federal Grant Trust Funds and the Certificate of Equipment for Casting and Counting Ballots.

   In order to receive the Federal Elections Activities funds, the Legislature has required that the Chairman of the Board of County Commissioners certify that the County will match the State funds with a 15% County match. Both the State funds and the County matching funds must be held in a separate account to be used solely for activities relating to Federal Elections. The required match for this Grant is $4,689.93. The match is included in the Supervisor of Elections' Fiscal Year 2018/2019 Budget under Cost Center 550101 and various Object Codes.

3. Recommendation Concerning a Bureau of Justice Assistance Application for the Fiscal Year 2019 Prison Rape Elimination Act Standards, Protecting Inmates and Safeguarding Communities Grant - William R. Powell, Director of Corrections

That the Board take the following action regarding the Bureau of Justice Assistance Application for the Fiscal Year 2019 Prison Rape Elimination Act (PREA) Standards, Protecting Inmates and Safeguarding Communities Grant:

A. Approve the Bureau of Justice Assistance application for the Fiscal Year 2019 PREA Standards, Protecting Inmates and Safeguarding Communities Grant. This Application is for a two-year grant period totaling $337,032. The grant program requires a 50% match that will be paid from existing departmental funds;

B. Authorize the Chairman to execute the letter of support required as part of the application process; and

C. Authorize the Corrections Department to electronically submit the Application on behalf of the Board through the Bureau of Justice Assistance Grant portal.

[Match Funding: Fund 001, Cost Center 290401 and Fund 111, Cost Center 290406]

4. Recommendation Concerning the Acceptance of the Florida Department of Law Enforcement Justice Assistance Grant (JAG) Countywide Program Subgrant in the Amount of $30,000, for the Fiscal Year 2017-2018 Jail Alternative Initiative Project - William R. Powell, Director of Corrections

That the Board take the following action concerning the Justice Assistance Grant for the Fiscal Year 2017-2018 Jail Alternative Initiative project:

A. Approve the acceptance of the Justice Assistance Grant (JAG) Countywide Program subgrant award in the amount of $30,000, related to the Fiscal Year 2017-2018 Jail Alternative Initiative project;

B. Authorize the Chairman to sign the Certificate of Acceptance; and

C. Authorize the Chairman, as the County's authorized official, to execute any Amendments or other related documents as may be required for the Jail Alternative Initiative project.

5. Recommendation Concerning the First Extension of the Interlocal Agreement for the Management and Operation of County Parking Facilities - Robert E. Dye, Interim Department Director

   That the Board take the following action concerning the First Extension of Interlocal Agreement between Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board for the management and operation of County parking facilities:

   A. Approve the First Extension of the Interlocal Agreement; and

   B. Authorize the Chairman to sign the First Extension of Interlocal Agreement and any subsequent Agreement-related documents, including time extensions.

   [Funding: Fund 001, General Fund, Cost Center 310203, Maintenance; Fund 001, General Fund, Cost Center 310207, Utilities]

6. Recommendation Concerning the Second Renewal of Lease Agreement between Escambia County and Artel, Inc. - Robert E. Dye - Facilities Management Interim Department Director

   That the Board take the following action regarding the Second Renewal of Lease Agreement between Escambia County and Artel, Inc.:

   A. Approve the Second Renewal of Lease Agreement between Escambia County and Artel Inc., for space on the first floor of the Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida, for an additional five-year term, commencing on February 19, 2020; and

   B. Authorize the Chairman to sign the Renewal of Lease Agreement.

   [Funding: Lessee shall pay the County rent in the amount of $1.00 per year for the renewal term]

7. Recommendation Concerning Pitney Bowes Digital Mailing System Lease Agreement, State of Florida Contract #44102100-17-1 - Mike Crittenden, Mass Transit Department Director

   That the Board authorize the Chairman to sign the Lease Agreement with Pitney Bowes, per State of Florida Contract #44102100-17-1, for the Pitney Bowes digital mailing system for the Mass Transit Department for 60 months at the monthly cost of $26.97.

   [Funding Source: Fund 104, Mass Transit Fund, Cost Center 211216]

8. Recommendation Concerning the Surplus and Sale of County-Owned Real Property Located at 39 North Cypress Street - Stephan Hall, Budget Manager, Management and Budget Services

That the Board take the following action concerning the surplus and sale of County-owned real property located at 39 North Cypress Street, shown below:

A. Authorize the County Attorney's Office to take such necessary actions to evict occupants of County-owned property, if occupied;

B. Declare surplus the Board's real property located at 39 North Cypress Street, located in District 5, Account #: 12-3553-140, Reference #: 02-4N-33-4400-005-300, Property Appraiser's current assessed value: $684;

C. Authorize the sale of the property to the bidder with the highest offer received at or above the minimum bid, which will be set at the Property Appraiser's current assessed value. It has been determined that the County does not have a need for this property; and

D. Authorize the County Attorney's Office to prepare, and the Chairman to sign, all documents related to the sale of this property, without further action of the Board.

9. Recommendation Concerning Supplemental Budget Amendment #150 - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #150, Other Grants and Projects Fund (110), in the amount of $8,046, to recognize Grant proceeds from the Florida Fish and Wildlife Conservation Commission (FWC) for FWC #18212 - Derelict Vessel Grant to remove and dispose of an eligible derelict vessel. Total project cost is $10,727 and requires a 25% match of $2,682 and has unanticipated contingency costs of $2,318, which will be provided from Vessel Registration Fees. Natural Resources Management will also provide project management for in-kind match.

10. Recommendation Concerning Supplemental Budget Amendment #152 - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #152, General Fund (001) and Other Grants and Projects Fund (110), in the amount of $35,956, to recognize Grant proceeds from the Florida Department of State - Division of Elections in the amount of $31,266, and to appropriate these funds to be used solely for activities related to Federal Elections. A 15% match or $4,690, is required by the State, and matching funds will come from the Adopted Fiscal Year 2018/2019 Supervisor of Elections Budget to cover this requirement.

11. Recommendation Concerning the Acceptance of a Drainage Easement for the Blueberry Lane Dirt Road Paving and Drainage Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning a Drainage Easement located in the 5000 Block of Barrineau Park School Road, from Mary Nell Wells:

A. Accept the donation of a Drainage Easement (approximately 2,571 square feet), located in the 5000 Block of Barrineau Park School Road, for drainage improvements;

B. Authorize the payment of documentary stamps considering the property is being donated for governmental use for drainage improvements, and the County benefits from the acceptance of this property, which enhances the safety and well-being of the citizens of Escambia County;

C. Authorize the payment of incidental expenditures associated with the recording of documents; and

D. Authorize the Chairman or Vice Chairman to accept the Easement on the day of delivery of the Easement to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to acknowledge the Board's acceptance at that time.

This property is located in Commission District 5.

[Funding: Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office]

12. Recommendation Concerning the Exchange of County Property on Brickton Road - Joy Jones, P.E., Engineering Department Director

That the Board take the following action regarding the exchange of County property, for property owned by Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Revocable Trust, dated December 14, 2017:

A. Adopt a Resolution authorizing the exchange of a portion of a County-owned parcel (approximately 2.06 acres), for a portion of a parcel (approximately 3.16 acres), owned by Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Trust, dated December 14, 2017, in accordance with the terms and conditions contained in the Agreement for Sale and Purchase and Contract for Sale and Purchase;

B. Waive the retention of the fractional interest in the phosphates, minerals, metals, and petroleum in the parcel to be conveyed by the County, in accordance with Section 270.11(3), Florida Statutes;

C. Authorize the payment of documentary stamps because the property is being acquired for public use, which is for the Brickton Road right-of-way, and the public benefits from the exchange by having safer, more efficient traffic flow and improved stormwater drainage; and

D. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute any documents, subject to Legal review and sign-off, necessary to complete the exchange of the properties, without further action of the Board.

[Funding Source: Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office]

This property exchange is located in District 5.

13. Recommendation Concerning Modification to Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, from the Florida Division of Emergency Management, for the Construction of Lake Charlene Drainage Improvements Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning Modification to Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, from the Florida Division of Emergency Management (FDEM), for the construction of Lake Charlene Drainage Improvements Project:

A. Approve and authorize the Chairman to execute Modification Number One of Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, for the construction of Lake Charlene Drainage Improvements Project, increasing the Grant amount to $2,162,366.35; and

B. Authorize the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and program-related documents for this project that do not alter the finite terms of funding amounts or budgets.

.

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement: *Section (22) Mandated Conditions, subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."*

[Funding source: Current grant funds are available in Fund 352, LOST III (HMGP Grant), Cost Center 210121, Object Code 56301, Project #16EN3602]

This project is located in Commission District 2.

14. Recommendation Concerning the Purchase of One 2020 International HV 513 SFA Cab and Chassis with Swaploader Hook Lift System 42H42 SL-650 65,000# Lift/Dump for Public Works - Waste Services Department - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action:

A. Authorize the County to utilize the Sourcewell (formerly NJPA) Contract #81716-NVS in accordance with the Escambia County, Florida Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Board approval, for the purchase of One 2020 International HV 513 SFA Cab and Chassis with Swaploader Hook Lift System 42H42 SL-650 65,000# Lift/Dump, Solicitation VE 18-19.007; and

B. Authorize the Interim County Administrator to execute all related documents and Purchase Orders in excess of $50,000, for the Public Works - Waste Services Department for the Purchase Order to Ward International Trucks of Florida, LLC, in the amount of $168,606.42.

In an effort to encourage competition for local businesses, and in compliance with Board-adopted policy, this vehicle purchase was advertised on the Escambia County web site for thirty days. Ward International Trucks of Florida, LLC, was the lowest price based on contract amounts and quotations.

[Funding: Fund 401, Solid Waste Fund; Cost Center 230315, Solid Waste Projects; Object Code 56401, Machinery & Equipment]

15. Recommendation Concerning Contract Award for M.C. Blanchard Wi-Fi Project - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve and authorize the Interim County Administrator to sign the Agreement between Escambia County, Florida, and Infinity Datacom Solutions, LLC, per the terms and conditions of PD 18-19.032, M.C. Blanchard Wi-Fi Project, in the amount of the Base Bid amount of $220,501.84.

[Funding: Fund 353, LOST IV; 410147, Judicial Cap Imp LOST IV; 56201, Buildings]

16. Recommendation Concerning the Issuance of a Purchase Order for Four 2019 Model Pierce Fire Engines for the Public Safety - Fire Department - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action regarding the purchase of four 2019 Model Pierce Fire Engines:

A. Authorize the County to utilize the National Purchasing Partners (NPP) d/b/a NPPGov, a national competitively solicited purchasing cooperative, Contract Number 1420, Specification 2.1, in accordance with Escambia County, Florida, Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Board approval; and

B. Authorize the issuance of a Purchase Order for the purchase of four 2019 Model Pierce Fire Engines for the Public Safety - Fire Department of Escambia County, Florida, to Ten-8 Fire Equipment, Inc., in the amount of $2,036,267.10, according to the specification outlines in Solicitation PD 18-19.047.

There are no local businesses able to sell a new fire truck, therefore the Board-adopted policy regarding local businesses having the opportunity to bid in not applicable.

[Funding:
Fund 352, LOST III; Cost Center 330228, Fire Services Cap Project; Object Code 56401, Machinery and Equipment; Project Code 08FS0018 Vehicle/Apparatus Replacement $633,000; and

Fund 353, LOST IV; Cost Center 330434, Public Safety Cap Project; Object Code 56401, Machinery and Equipment; Project Code 19FS0429, Vehicle/Apparatus Replacement $1,403,267.10
Total: $2,036,267.10]

17. Recommendation Concerning Contract Award for PD 18-19.033, Motley Court Gully Improvements - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve and authorize the Interim County Administrator to sign the Agreement Between Escambia County, Florida, and Chavers Construction, Inc., per the terms and conditions of PD 18-19.033, Motley Court Gully Improvements, in the amount of $565,228.78.

[Funding:
Grant (75%) - Fund 352, LOST III; Cost Center 210131, Motley Court Clear Creek; Object Code 56301, Improvements Other Than Buildings; Project Code 08EN0068; $423,921.58; and

County Match (25%) - Fund 352, LOST III; Cost Center 210107, Transportation & Drainage; Object Code 56301, Improvements Other Than Buildings; Project Code 08EN0068; $141,307.20
Total - $565,228.78]

18. Recommendation Concerning Contract Renewal for Pharmaceutical Supplies for Escambia County - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve the utilization of the first of two possible one-year renewal periods, as outlined in Section 2, Term of the Agreement, Relating to Pharmaceutical Supplies with Bound Tree Medical, LLC, per PD 14-15.084, Pharmaceutical Supplies for Escambia County, retroactive to January 7, 2019. The original Agreement was approved by the Board on January 7, 2016.

[Funding: Fund 408, Emergency Medical Services, Cost Center 330302, EMS Operations, Object Code 55201, Operating Supplies]

19. Recommendation Concerning the Contract Award for HOME/SHIP Substantial Rehabilitation/Reconstruction, for 1809 West Bobe Street - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve and authorize the Chairman or Vice Chairman to sign the Agreement between Escambia County, Florida, Bill Walther Construction, Inc., and Mattie L. Price, homeowner, per the terms and conditions of PD 18-19.036, HOME/SHIP Substantial Rehabilitation/Reconstruction for 1809 West Bobe Street, in the total amount of $115,350 (Base bid of $113,500 plus alternate #1 of $1000 and alternate #2 of $850).

[Funding: Fund 147, 2013 HOME HUD Consortium; Cost Center 370265, 2013 HUD Consortium; Object Code 58301, Other Grants and Aids ($58,805.84);

Fund 147 2014 HOME HUD Consortium; Cost Center 370266, 2014 HUD Consortium; Object Code 58301, Other Grants and Aids ($31,544.16); and

Fund 120, 2018 SHIP Grant Admin; Cost Center 370205, SHIP 2018 Grant Admin; Object Code 58301, Grants and Other Aids ($25,000)]

20. Recommendation Concerning Contract Award for Financial Auditing Services - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve and authorize the Chairman to sign the Agreement between Escambia County, Florida, and Warren Averett, LLC, per the terms and condition of PD 18-19.004, Financial Auditing Services as follows:

1. Year 1, in the amount of $220,000;
2. Year 2, in the amount of $222,200;
3. Year 3, in the amount of $224,422;
4. Year 4, in the amount of $226,666; and
5. Year 5, in the amount of $228,933.

Grand Total Price for Audit Services for 5 years - $1,122,221.

[Funding: Fund 001, General Fund, Cost Center 140201, Object Code 53101]

21. Recommendation Concerning the Discretionary Allocation for County Employee Morale and "Thank You" Events - Robert Bender, County Commissioner, District 4

That the Board approve funding $2,000 from Commissioner Robert Bender's discretionary funds that he can use toward County Employee Morale and "Thank you" events through September 30, 2019.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

III. For Discussion

1. Recommendation Concerning State Law Enforcement Trust Fund - Henrique Dias, Chief Financial Officer, Escambia County Sheriff's Office Finance Division

   That the Board approve the following allocations of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5), for Outside Agency partners in Escambia County for Fiscal Year 2018/2019:

   A. General Daniel Chappie James Flight Academy, in the amount of $5,000;

   B. Studer Community Institute, in the amount of $2,500; and

   C. Dixon School of the Arts & Sciences, in the amount of $1,000.

   Upon approval of these funding allocations, the Sheriff's Office will process all appropriate paperwork and submit for payment from LET Funds to the Escambia Clerk of the Circuit Court and Comptroller.

   [Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

2. Recommendation Concerning the Acquisition of Real Property Located at 123 Diego Circle for the Erress Boulevard and Diego Circle Blight Reduction Project - Tonya Green, Neighborhood & Human Services Department Director

   That the Board either approve, by super majority vote, or deny the following action:

   A. Authorize the purchase of real property, located at 123 Diego Circle, from 5T Wealth Partners, LP, a California limited partnership, for the Erress Boulevard and Diego Circle Blight Reduction Project, in the amount of $9,500 (County's appraised value is $8,000);

   B. Approve the Contract for Sale and Purchase for the acquisition of real property located at 123 Diego Circle (.0384 acres); and

   C. Authorize the County Attorney's office to prepare, and the Chairman or Vice Chairman to execute, subject to Legal Review and sign-off, any documents necessary to complete the acquisition of this property without further action of the Board.

   This parcel is located in District 3.

   [Funding: Fund 129/2017 CDBG, Cost Center 370231]

3. Recommendation Concerning the Acquisition of Property Located on Old Chemstrand Road - Joy Jones, P.E., Engineering Department Director

That the Board take the following action regarding the acquisition of a parcel of real property (approximately 0.67 acres), located in the 1600 Block of Old Chemstrand Road, from Hussein and Anne Sharaway:

A. Approve, by super-majority vote, or deny the purchase of a parcel of real property located in the 1600 Block of Old Chemstrand Road from Hussein and Anne Sharaway for $25,000; and

B. Authorize staff to draft the Contract for Sale and Purchase for the acquisition of real property located in the 1600 Block of Old Chemstrand Road, and bring the Contract to the Board for final approval and execution.

[Funding source: District 5 Discretionary Fund]

This property is located in Commission District 5.

4. Recommendation Concerning Acquisition of Real Property Located at 416 and 450 West Herman Street for the Delano/Herman Streets Drainage Improvement Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action regarding the acquisition of real property (approximately 2.15 acres) located at 416 and 450 West Herman Street from Rocky's Collision Center, Inc.:

A. Authorize the purchase of three parcels of real property located at 416 and 450 West Herman Street (approximately 2.15 acres), owned by Rocky's Collision Center, Inc., for the Delano/Herman Streets Drainage Improvement Project, for an average of the County's appraised values of $820,000 and $870,000, which equals $845,000, in accordance with the terms and conditions contained in the Contract for Sale and Purchase;

B. Approve the Contract for Sale and Purchase for the acquisition of three parcels of real property located at 416 and 450 West Herman Street (approximately 2.15 acres) from Rocky's Collision Center, Inc., for $845,000; and

C. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute any documents, subject to Legal review and sign-off, necessary to complete the acquisition of this property, without further action of the Board.

[Funding Source: Fund 352, LOST III/HMGP Grant, Cost Center 210124, Object Code 56101, Project 17EN3743. Funds spent toward this project are eligible for reimbursement through the Hazard Mitigation Grant Program]

These properties are located in District 3.

5. Recommendation Concerning the Acquisition of Real Property Located at 4253 Erress Boulevard for the Erress Boulevard and Diego Circle Blight Reduction Project - Tonya Green, Neighborhood & Human Services Department Director

   That the Board either approve, by super majority vote, or deny the following action:

   A. Authorize the purchase of real property located at 4253 Erress Boulevard (0.080 acres), from JoAnna Lyn Cope, for the Erress Boulevard and Diego Circle Blight Reduction Project, in the amount of $20,000 (County's appraised value is $18,000);

   B. Approve the Contract for Sale and Purchase for the acquisition of real property located at 4253 Erress Boulevard (0.080 acres); and

   C. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute any documents, subject to Legal review and sign-off, necessary to complete the acquisition of this property without further action of the Board.

   This parcel is located in District 3.

   [Funding Source: Fund 129, 2017 CDBG, Cost Center 370231]

6. Recommendation Concerning the County Commissioners' Technology Policy - Commissioner Jeff Bergosh, District 1

   That the Board discuss the County Commissioners' Technology Policy, per Board direction of the May 9, 2019, Committee of the Whole Workshop.

COUNTY ATTORNEY'S REPORT

I. For Action

1. Recommendation Concerning Approval of Proposed Settlement of Workers' Compensation Claims Brought by Former Employee Donna Balsan.

   That the Board approve a proposed settlement agreement in the sum of $17,500.00. The proposed settlement would constitute a complete resolution of all outstanding Workers' Compensation claims including medical benefits, indemnity benefits, attorney's fees and costs brought by Donna Balsan. The County would be responsible for payment of the settlement in full.

2. Recommendation Concerning Approval of Proposed Settlement in Escambia County, Florida v. Evanston Insurance Co. and Markel Service, Inc., Case No. 3:19-cv-00538-MCR/EMT.

   That the Board take the following action:

   A. Approve acceptance of payment of $75,520.00 from Evanston Insurance Co. and Markel Service, Inc. for closure and post-closure costs as provided by the endorsements to the Environmental Impairment Liability policy obtained by Louisiana Investment Group, LLC regarding closure of Saufley Landfill. In exchange for this payment, the County would execute a general release of all claims in favor of Evanston Insurance Co. and Markel Service, Inc.; and

   B. Authorize the Chairman to execute the general release to be drafted by the attorneys for Evanston Insurance Co. and Markel Service, Inc.; and

   C. Authorize the County Attorney's Office to execute all documents necessary to effectuate the settlement, including a joint stipulation for dismissal with prejudice.

3. Recommendation Concerning Engagement of Steven K. Hall as Special Master for Relief by Terramore Development, et. al. from a decision of the Escambia Co. Board of Adjustment.

That the Board take the following action:

A. Approve a proposed settlement with Defendants; and

B. Authorize the Chairman to execute the proposed settlement agreement, if approved by the Board.

[THE PROPOSED SETTLEMENT AGREEMENT TO BE PROVIDED UNDER SEPARATE COVER].

4. Recommendation Concerning Agreement for Sale and Purchase - Navy Federal Credit Union.

That the Board take the following action:

A. Authorize the sale of up to 100 acres adjacent to Navy Federal Credit Union's campus on Nine Mile Road in accordance with the terms and conditions of the Agreement for Sale and Purchase; and

B. Waive the retention of the fractional interest in the phosphates, minerals, metals, and petroleum in the property to be conveyed by the County, in accordance with Section 270.11(3), Florida Statutes; and

C. Authorize the Chairman or Vice-Chairman to execute the Agreement for Sale and Purchase and other documents necessary to complete the transaction.

[THE PROPOSED AGREEMENT TO BE PROVIDED UNDER SEPARATE COVER].

II. For Discussion

1. Recommendation Concerning the County Administrator's Contract

That the Board consider a contract for County Administrator Janice Gilley.

[THE PROPOSED CONTRACT TO BE PROVIDED UNDER SEPARATE COVER].

11. Items added to the agenda.

12. Announcements.

13. Adjournment.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16136 **Proclamations 6.**
BCC Regular Meeting
Meeting Date: 05/16/2019
Issue: Adoption/Ratification of Proclamations
From: Amy Lovoy, Assistant County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:
Proclamation.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation proclaiming the week of May 19 - 25, 2019, as "Emergency Medical Services Week" in Escambia County, and reminding the community of the vital importance of the services provided by Escambia County Emergency Medical Services, and encouraging all citizens to honor the "Everyday Heroes" dedicated to emergency medical care; and

B. Ratify the Proclamation dated May 3, 2019, proclaiming Saturday, May 4, 2019, as "Rosamond Johnson Beach Day" in Escambia County, in honor and memory of Private Rosamond Johnson, Jr., who made the ultimate sacrifice for our freedom.

BACKGROUND:
Various departments, outside agencies, special interest groups, civic and religious organizations in recognition of specific events, occasions, people, etc., request Proclamations. Information provided on the Proclamation is furnished by the requesting party and placed in the proper acceptable format for BCC approval by the County Administration staff. Board approval is required by Board Policy Section I, A (6).

EMS Week 2019
Rosamond Johnson Beach Day

PROCLAMATION

***WHEREAS**, emergency medical services is a vital public service; and*

***WHEREAS**, the members of emergency medical services teams are ready to provide lifesaving care to those in need 24 hours a day, seven days a week; and*

***WHEREAS**, access to quality emergency care dramatically improves the survival and recovery rate of those who experience sudden illness or injury; and*

***WHEREAS**, the emergency medical services system consists of emergency physicians, emergency nurses, emergency medical technicians, paramedics, firefighters, educators, administrators, and others; and*

***WHEREAS**, the members of emergency medical services teams, whether career or volunteer, engage in thousands of hours of specialized training and continuing education to enhance their lifesaving skills; and*

***WHEREAS**, it is appropriate to recognize the value and the accomplishments of emergency medical services providers by designating "Emergency Medical Services Week."*

***NOW, THEREFORE**, the Board of County Commissioners of Escambia County, Florida, does hereby proclaim the week of May 19 - 25, 2019, as*

"EMERGENCY MEDICAL SERVICES WEEK"

*in Escambia County, reminds the community of the vital importance of the services provided by Escambia County Emergency Medical Services, and encourages all citizens to honor the "**Everyday Heroes**" dedicated to emergency medical care.*

Lumon J. May, Chairman, District One

Steven Barry, Vice Chairman
District Five

Jeff Bergosh, District One

Douglas Underhill, District Two

Robert D. Bender, District Four

ATTEST: Pam Childers
Clerk of the Circuit Court

_____
Deputy Clerk

Adopted: May 16, 2019

***WHEREAS**, the life of Private Rosamond Johnson, an African-American hero and the first Escambia County resident to die in the Korean War, will commemorated Saturday, May 4th, 2019; and*

***WHEREAS**, after joining the military when he was just 15 years old, Private Rosamond Johnson, Jr., was killed at the age of 17, during the Korean Conflict on July 26, 1950; and*

***WHEREAS**, having carried two wounded men to safety under enemy fire, Private Johnson was killed going back to save a third man; and*

***WHEREAS**, Private Johnson posthumously received the Purple Heart on August 21, 1950; and*

***WHEREAS**, Pensacola beaches were racially segregated at the time of Private Johnson's death; the Gulf Beach area was a popular area for African-Americans. After the Korean Conflict, the County-owned recreational area was named "Rosamond Johnson Beach" to honor our fallen hero; and*

***WHEREAS**, Rosamond Johnson Beach became part of the Gulf Islands National Seashore in 1973, and a permanent monument in honor of Private Johnson was erected at Johnson Beach in 1996.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners of Escambia County, Florida, does hereby proclaim Saturday, May 4th, 2019, as*

"ROSAMOND JOHNSON BEACH DAY"

in Escambia County, in honor and memory of Private Rosamond Johnson, Jr., who made the ultimate sacrifice for our freedom.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16056 **Written Communication 7.**

BCC Regular Meeting

Meeting Date: 05/16/2019

Issue: Environmental (Code) Enforcement Lien Relief- 2501 E Olive Road and Attached to 6011 Hilltop Road

From: Chips Kirschenfeld, Director

Organization: Natural Resources

CAO Approval:

RECOMMENDATION:

April 12, 2019, communication from Joe M. Barham Jr., requesting Lien relief for property located at 6011 Hilltop Road.

Recommendation: That the Board review and consider the Lien relief request made by Joe M. Barham Jr., part owner of the properties, against 2501 E Olive Road and attached to 6011 Hilltop Road.

On August 21, 2014, the Board amended the "Guidelines for Relief from Environmental (Code) Enforcement Special Magistrate Liens' policy, Section III, H2. Staff was instructed to review all requests for forgiveness of Environmental (Code) Enforcement Liens to determine if the request met the criteria for forgiveness and allowing the County Administrator to act on the Board's behalf if set criteria are met.

After reviewing the request for forgiveness of liens, staff made the determination that the request does not fall within the criteria that would allow the County Administrator to act on the Board's behalf and grant relief, in accordance with the Board's Policy, "Guidelines for Relief from Environmental (Code) Enforcement Special Magistrate Liens" Policy, Section III, H2.

The owner is requesting a partial release of lien for the property located at 6011 Hilltop Road from the lien generated at 2501 E Olive Road so they can sell the property.

BACKGROUND:

The property located at 2501 E Olive Road was noticed for code violations. Owner failed to comply with notice of violation and a court date was set. A hearing was held March 19, 2019, and the owners were found to be in violation of current codes. The owners were given until September 17, 2019, to abate all violations. If they fail to comply, a fine in the amount of $100.00 per day will be assessed.

Mr. Barham also is one of several owners of a property located at 6011 Hilltop Road which they are selling. They are requesting the property at 6011 Hilltop Road be released from the Special Magistrate Lien generated from 2501 E Olive Road.

The Special Magistrate Order is still an open order and the violations remain. Property is not in compliance.

BUDGETARY IMPACT:

Court Cost: $310.00
Fines: Pending

This does not include the Clerk's recording fees or interest.

LEGAL CONSIDERATIONS/SIGN-OFF:

If approved by the Board, the County Attorney Office will prepare the release.

If you fail to fully correct the violation within the time required, you will be assessed a fine of $ 100.00 per day, commencing Sept 17, 2019. This daily fine shall continue until this violation is abated and the violation brought into compliance or until as otherwise provided by law. **YOU ARE REQUIRED,** immediately upon your full correction of this violation(s), to contact the Escambia County Environmental Enforcement Office in writing to request that they immediately inspect the property to make an official determination of whether the violation has been abated and brought into compliance. If the violation is not abated within the specified time period, then the County may elect to take whatever measurers are necessary to abate the violation for you. These measurers could include, but are not limited to, **DEMOLISHING YOUR STRUCTURE (S), LEGALLY DISPOSING OF ALL CONTRIBUTING CONDITIONS, AND TOWING OF DESCRIBED VEHICLE (S).** The reasonable cost of such will be assessed against you and will constitute a lien on the property. Pursuant to Escambia County Resolution R2017-132, costs in the amount of $ 310.00 are awarded in favor of Escambia County as the prevailing party against BARHAM, JOE AND TERESA LIVING TRUST BARHAM JOE M JR & BARHAM TERESA G & SEXTON .

This fine shall be forwarded to the Board of County Commissioners. Under the authority of sec.162.09 (1), Fla. Stat., and Sec. 30-34(d) of the Code of Ordinances, the Board of County Commissioners will certify to the Special Magistrate all costs imposed pursuant to this order. All Monies owing hereunder shall constitute a lien on **ALL YOUR REAL AND PERSONAL PROPERTY** including any property involved herein, which lien can be enforced by foreclosure and as provided by law.

You have the right to appeal orders of the Special Magistrate to the Circuit Court of Escambia County. If you wish to appeal, you must give notice of such in writing to both the Environmental Enforcement Division at 3363 W Park Place, Pensacola, Florida 32505 and the Escambia County Circuit Court at the M.C. Blanchard Judicial Building, 190 Governmental Center, Pensacola, Florida 32501, no later than **30 days** from the date of this Order. Failure to timely file a Written Notice of Appeal will waive your rights to appeal.

Jurisdiction is retained to enter such further orders as may be appropriate and necessary.

DONE AND ORDERED at Escambia County, Florida on the 19th day of March, 2019.

Ordinance Description

Violation 1 LDC. Ch. 4. Art. 7. Sec. 4-7.13 Temporary uses and structures. (b) Specific uses and structures. The following uses and structures are allowed temporarily under the conditions prescribed for each: (6) Portable storage containers. On a lot where a portable storage container is not allowed as outdoor storage by the applicable zoning, the container may be allowed as a temporary use according to the following provisions: a. The on-site use of a container for 30 days or less only requires notification to the Planning Official of the placement by the provider of the container, and tracking by the official for enforcement purposes. b. The on-site use of a container for more than 30 days requires issuance of a 90-day permit by the Planning Official after a reasonable demonstration by the applicant of temporary circumstances that make the additional on-site storage time necessary. Such circumstances may include damage to or destruction of the principle structure, remodeling, renovation, construction, or relocation. A weatherproof copy of the permit indicating the date of issuance, date of expiration, and address of the approved placement shall be attached to the container. c. Prior to expiration of the original permit and upon additional demonstration by the applicant of unforeseen circumstances, the Planning Official may grant not more than one 90-day extension to the permit for good cause shown. If granted, a weatherproof copy of the extension shall be attached with the initial permit. d. Applicants are generally limited to one portable storage container per principal use. For residential uses the limit is one container per dwelling unit. The use of more than one storage container per principal use may be approved by the Planning Official upon a demonstration of need, such as the scope of work or extent of construction. e. The exterior dimensions of a container shall not exceed nine feet in height, 20 feet in length, and eight feet in width. f. The container shall not obstruct the line of sight for traffic or otherwise present a safety hazard. The placement of containers in fire lanes or public rights-of-way is prohibited. g. Front yard placement of a container may only be permitted where no alternative location on the parcel exists, or if placement at an alternative location would create an unreasonable hardship on the owner or occupant. h. The provider of a container shall be responsible to ensure that it is in good condition, free from evidence of deterioration, weathering, discoloration, graffiti, rust, rips, tears or other holes or breaks. Method of abatement: Contact Planning and Zoning (595-3475) to obtain the required permit. Comply with the placement requirements listed above or remove all portable storage containers from the property.

Violation 2 Sec. 42-196 (b) Trash and Debris. The accumulation of garbage, or other solid waste materials which violates any state law, regulation, or ordinance of the county or which poses a danger to the health, safety, and welfare to residents of the county;Sec. 42-197 Method of abatement: (a) Complete removal of all contributing conditions

Violation 3 Sec. 42-196 (d) Overgrowth. The existence of overgrowth on any residentially or commercially classified lands, except on lands classified agricultural, or on undeveloped and uncleared land in its natural vegetative state, or on land in which the property owner is in the process of restoring to its natural vegetative state and for which there are no plans to build upon and upon which no building structures or signs of such structures exist above ground. Sec. 42-197 Method of abatement: (c) For overgrowth, weeds, and shrubbery constituting a nuisance under this article: Removal of all nuisance conditions.

Officer Comments

COMMERCIAL ZONING DOESN'T ALLOW SHIPPING CONTAINERS OR SEMI TRAILERS ON THE PROPERTY. DO NOT BRING ANY MORE CONTAINERS ONTO THIS PROPERTY. YOU MUST REMOVE THESE CONTAINERS. COMPLY AND MAINTAIN ABOVE ORDINANCES WITHIN THE TIME SPECIFIED TO AVOID FURTHER ENFORCEMENT ACTION. CONTACT OFFICER WITH QUESTIONS OR FURTHER INSTRUCTIONS.

(B and D) Remove all trash and debris from the property and dispose of it properly. Cut and remove all overgrowth from the property and dispose of it properly. Maintain the property in a clean condition to avoid further enforcement action. MOW GRASS AND REMOVE AND PROPERLY DISPOSE OF ALL TRASH AND DEBRIS , INCLUDING THE PALLETS.

Contact the planning and zoning department (850-595-3475) for directions regarding compliance with zoning for the subject parcel, to include issues related to current use, re-zoning, variances or development review that may be required.

Contact officer Ronald Gilbert at rbgilber@myescambia.com or 850-554-2993 upon compliance or with questions regarding this notice.

BCC Regular Meeting
Meeting Date: 05/16/2019
Issue: Committee of the Whole Recommendation
From: Pam Childers, Clerk of the Circuit Court & Comptroller

Recommendation:
Committee of the Whole Recommendation.

Recommendation: That the Board take the following action concerning public safety training options and the appointment of an Acting County Administrator, as recommended by the Committee of the Whole (C/W) at the May 9, 2019, C/W Workshop:

A. Recognize that the Board has a training issue that needs to be addressed, and move forward with the procurement of training services to meet the criteria set forth by the Medical Director using the expedited procurement process (C/W Item #5); and

B. Appoint Matt Coughlin as Acting County Administrator through July 1st with the minimum County Administrator salary and all benefits of the position, including a car allowance (Verbal Add-On Item #1).

Recommendation:

Recommendation Concerning Uncollectible Bad Debt Write-Off

That the Board adopt, and authorize the Chairman to sign, the Resolution authorizing the write-off of $3,690.79 of returned checks and accounts receivable in various funds of the County that have been determined to be uncollectible bad debts

Attachments

Write-off for March 2019

RESOLUTION R2019-

WHEREAS, certain returned checks and other receivables totaling **$3,690.79** are owed to the various funds of Escambia County for services furnished to the persons named on the list which is attached hereto (Attachment "A") and made a part hereof by reference and have been determined to be uncollectible bad debts.

WHEREAS, diligent efforts have been made to collect the amounts as shown on the attached list and all returned checks which meet the qualifications per State Statute §68.065 have been transferred to the State Attorney's Worthless Check Division.

NOW THEREFORE, it is resolved by the Board of County Commissioners of Escambia County, Florida, that:

These accounts shall be written off as uncollectible bad debts. The above designations have been made solely to enable the Clerk of the Circuit Court and Comptroller to carry out her duties in accordance with generally accepted accounting principles. Escambia County does not waive any rights it may have to collect any of the above-referenced accounts receivable, including but not limited to use of a collection agency under contract to Escambia County.

BE IT FURTHER RESOLVED, that all past efforts to designate these delinquent accounts receivable as bad debts are hereby ratified and approved.

INTER-OFFICE MEMORANDUM

TO: Honorable Pam Childers
Clerk of the Circuit Court

FROM: Lorraine Hudson
Manager, Treasury/Payroll

DATE: April 23. 2019

SUBJECT: Returned Checks and Receivables Write-Off Ended

The following is a list of all outstanding returned checks and accounts receivable greater than 120 days old (prior to December 1, 2018) and uncollectible receivables at March 31, 2019. All phases of the collection process have been attempted and have been determined to be uncollectible. This write-off allows an accounting transaction to be recorded and in no way should be construed to be a forgiveness of the debt.

Name	Date of Return	Fund	Amount

COUNTY ADMINISTRATOR'S REPORT – Amy Lovoy, Interim County Administrator

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA

1. Recommendation: That the Board approve the following individual Special Event Permit applications for a limited waiver of the noise restrictions imposed by the Escambia County Noise Abatement Ordinance regarding Pensacola Beach, allowing the number of sound decibels to exceed 70 dbA (sound level measured by taking four sound readings over a continuous 15 minute period, with the four readings taken at approximately equal intervals at or within the property boundary of the receiving land use). Each of the noise waiver applications listed below coincides with an application for a fireworks exhibition for the 2019 seasonal fireworks displays sponsored by Portofino and launched from a floating platform near the Portofino Pier on Pensacola Beach:

   A. Application for May 26, 2019, 9:00 p.m. to 9:30 p.m.;
   B. Application for May 31, 2019, 9:00 p.m. to 9:30 p.m.;
   C. Application for June 7, 2019, 9:00 p.m. to 9:30 p.m.;
   D. Application for June 12, 2019, 9:45 p.m. to 10:00 p.m.;
   E. Application for June 21, 2019, 9:00 p.m. to 9:30 p.m.;
   F. Application for June 28, 2019, 9:00 p.m. to 9:30 p.m.;
   G. Application for July 4, 2019, 9:00 p.m. to 9:30 p.m.;
   H. Application for July 12, 2019, 9:00 p.m. to 9:30 p.m.;
   I. Application for July 19, 2019, 9:00 p.m. to 9:30 p.m.;
   J. Application for July 26, 2019, 9:00 p.m. to 9:30 p.m.;
   K. Application for August 2, 2019, 9:00 p.m. to 9:30 p.m.;
   L. Application for August 9, 2019, 9:00 p.m. to 9:30 p.m.;
   M. Application for September 1, 2019, 9:00 p.m. to 9:30 p.m.; and
   N. Application for December 31, 2019, at 11:59 p.m., to January 1, 2020, at 12:15 a.m.

Motion: To move the balance **For Information:** The "balance" refers to Consent Agenda Items 1 through 11, with the exception of Item 2, which was held for a separate vote.
Made by: Commissioner Bergosh **Seconded by:** Commissioner Barry
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

2. Recommendation: That the Board review and approve the Special Event Permit applications for a limited waiver of the noise restrictions imposed by the Escambia County Noise Abatement Ordinance for the Haunted Attraction, located at 4914 West Jackson Street, to include loud screaming and chainsaw sounds, occurring on the following dates and times:

   A. Application for October 4, 2019, 7:00 p.m. to 12:00 a.m.;
   B. Application for October 5, 2019, 7:00 p.m. to 12:00 a.m.;
   C. Application for October 11, 2019, 7:00 p.m. to 12:00 a.m.;

3. Recommendation: That the Board take the following action concerning the Client Agreement [with Page, Wolfberg & Wirth, LLC]:

   A. Authorize the Interim County Administrator to sign the Client Agreement with Page, Wolfberg & Wirth, LLC, for a total flat fee of $5,000; and

   B. Authorize a payment to be paid up front at a 5% discount.

   Page, Wolfberg & Wirth (PWW) will be providing a claims audit by reviewing 30 random Medicare Part B claims. The claims audit will include a review of all relevant documentation for the selected claims, including a detailed review of our crew's clinical documentation, to include, but not limited to, patient care reports, patient signature forms, Medicare remittance reports, and dispatch intake records. After reviewing the documentation, PWW provided feedback on ICD 10 coding, modifier coding, supporting documentation, medical necessity determinations, and reasonableness determination to ensure the Escambia County is compliant with Medicare rules and regulations. This audit is a self-imposed audit to ensure compliance that EMS Billing conducts every other year. Quotes were requested via Vendor Registry. No other vendors responded to the request.

15. Recommendation: That the Board authorize the issuance of an emergency Purchase Order to Carlos Tavarez, DBA The Rescue Company 1, in the amount of $124,950, in order to immediately begin additional training for the Public Safety Paramedics and Emergency Medical Technicians.

This is an emergency request for the Board of County Commissioners' approval to authorize the issuance of an emergency Purchase Order to Carlos Tavarez, DBA The Rescue Company 1, in order to immediately begin additional training for the Public Safety Paramedics and Emergency Medical Technicians. This is a documented training need/requirement. This will improve service outcomes in the future and assure the highest quality patient care for citizens and visitors of Escambia County.

The Rescue Company 1 was one of two companies to provide quotes for the requested service. The Rescue Company 1 quote was for $124,950, and Baptist Hospital quoted the same training for $236,338. We also reached out to Pensacola State College for a quote, but they were unable to provide the requested service.

[Funding: Fund 408, Emergency Medical Service Fund, Cost Center 330302; and Fund 143, Fire Services, Cost Center 330206]

   A. Authorize the purchase of real property, located at 127 Diego Circle, from R & R Capital Holdings, LLC, for the Erress Boulevard and Diego Circle Blight Reduction Project, in the amount of $5,000 (County's appraised value is $2,500);

   B. Approve the Contract for Sale and Purchase for the acquisition of real property located at 127 Diego Circle (.0382 acres); and

   C. Authorize the County Attorney's office to prepare, and the Chairman or Vice Chairman to execute, subject to Legal Review and sign-off, any documents necessary to complete the acquisition of this property, without further action of the Board.

   This parcel is located in the District 3.

   [Funding: Fund 129, 2015 CDBG, Cost Center 370224 and 2017 CDBG, Cost Center 370231]

Motion: To move the item, A, B, and C, in the affirmative
Made by: Commissioner Underhill **Seconded by:** Commissioner Barry
Disposition: Carried unanimously

COUNTY ADMINISTRATOR'S REPORT – Continued

III. FOR DISCUSSION – Continued

5. Recommendation: That the Board discuss the content for a proposed Ordinance related to the non-binding referendum on Escambia County policy for preservation of Santa Rosa Island, and allow the Santa Rosa Island Authority to have a voice in the proposed Ordinance.

Motion: To have the Santa Rosa Island Authority review an Ordinance regarding the referendum vote in November regarding the vote that was taken
Made by: Commissioner Bender **Seconded by:** Commissioner Barry
Disposition: Carried unanimously
Speaker(s): Lorrie Newman, Lilly Eubanks, Frances Hinely, Anita Feliciano, Dianne Krumel, Nancy Hagman, Larry Downs, Jr., Melissa Pino

COUNTY ATTORNEY'S REPORT

I. FOR ACTION

1. Recommendation: That the Board approve a proposed settlement agreement, in the sum of $550,000.00, inclusive of any and all medical and indemnity benefits, attorney's fees, and costs to which Ms. Laura Petrill-Knisbell might be entitled under the Florida Workers' Compensation Act. If the proposed settlement agreement is approved, Midwest Employers Casualty Company, the excess insurer for this claim, will be ultimately responsible for reimbursing and paying the full amount of the settlement.

Motion: To move Action Items 1 through 3
Made by: Commissioner Barry **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

COUNTY ATTORNEY'S REPORT – Continued

I. FOR ACTION – Continued

2. Recommendation: That the Board take the following action regarding the "Special District" designation of the Escambia-Pensacola Human Relations Commission:

Acknowledge, and authorize the County Attorney's Office to notify the Florida Department of Economic Opportunity, that the Escambia-Pensacola Human Relations Commission is now established by Ordinance 2019-13 rather than by Interlocal Agreement and does not meet the statutory requirements of a "Special District" as provided in the Uniform Special District Accountability Act, Chapter 189, Florida Statutes.

Motion: To move Action Items 1 through 3
Made by: Commissioner Barry **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

3. Recommendation: That the Board ratify Commissioner Douglas B. Underhill's appointment of Jack P. Brown as his appointee on the Pensacola Bay Bridge Naming Committee, effective April 18, 2019, and continuing until the Board sunsets the Committee, or through Commissioner Underhill's term of office (2022).

Motion: To move Action Items 1 through 3
Made by: Commissioner Barry **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

COUNTY ATTORNEY'S REPORT – Continued

I. FOR ACTION – Continued

4. Recommendation: That the Board take the following action concerning waiver of the 90-day requirement and assignment pay for Interim County Administrator:

   A. Waive 63 days of the 90-day notice period for Interim County Administrator Amy Lovoy, and allow her last day at the County to be May 10, 2019, with pay through July 12, 2019, as provided for in sections 2-101 through 2-105 of the Escambia County Code of Ordinances;

   B. Authorize a 5% retroactive pay increase per Section 18.13 of the BCC Human Resources Policies and Procedures, for the dates September 27, 2018, through May 10, 2019; and

   C. Acknowledge a leave cash out will occur pursuant to existing policy and at the rate of $65.76 per hour, and acknowledge pay at the rate of $65.76 per hour for the dates May 11, 2019, through July 12, 2019.

Motion: That the Board recognize that she's [Amy Lovoy] satisfied her notice requirements, and Item B and C, in the narrative exactly as it's laid out
Made by: Commissioner Barry **Seconded by:** Commissioner Underhill
Disposition: Carried unanimously

II. FOR DISCUSSION

1. Recommendation: That the Board, at the request of Commissioner Bergosh, discuss whether to direct the County Attorney's Office to draft an Ordinance relating to non-interference with Administration, and whether to schedule a public hearing to consider enacting such an Ordinance. A non-interference Ordinance would have provisions like the provided example.

Disposition: No action taken
Speaker(s): Melissa Pino, Larry Downs, Jr., Michael Bearden, Scott Trotter, Margaret Hostetter, Jacqueline Rogers, Harlan Jennings

ITEMS ADDED TO THE AGENDA – COMMISSIONER JEFFREY W. BERGOSH

1. Recommendation: That the Board approve funding for $1,000 for Pensacola Children's Business Fair, May 18, 2019, from Commissioner Jeff Bergosh's discretionary money, and approve a Purchase Order for this purpose.

   [Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

Motion: "Two from my discretionary, $1,000 for Gulf Coast Kid's House and $1,000 for Pensacola Children's…"
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

2. Recommendation: That the Board approve funding for $1,000 for Gulf Coast Kid's House – "Brunch and Bubbles 2019" fundraiser on May 19, 2019, from Commissioner Jeff Bergosh's discretionary money, and approve a Purchase Order for this purpose.

   [Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

Motion: "Two from my discretionary, $1,000 for Gulf Coast Kid's House and $1,000 for Pensacola Children's…"
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried unanimously

ANNOUNCEMENTS – None.

DATA USE AGREEMENT FOR LIMITED DATA SET

This Data Use Agreement ("Agreement") is entered into by and between Escambia County, a political subdivision of the State of Florida, with administrative offices located at 221 Palafox Place, Suite 420, Pensacola, FL 32502 ("Covered Entity") and the University of Florida, on behalf of its Board of Trustees, a public body corporate of the State of Florida, located at 207 Grinter Hall, Gainesville, FL 32611("Recipient"), hereinafter collectively referred to as ("the Parties").

WHEREAS, the Covered Entity possesses Individually Identifiable Health Information that is protected under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the HIPAA Regulations, and is permitted to use or disclose such information only in accordance with HIPAA and the HIPAA Regulations; and

WHEREAS, the Covered Entity wishes to disclose a Limited Data Set ("LDS") of Protected Health Information ("PHI") to Recipient and Recipient desires to use the Limited Data Set for research; and

WHEREAS, both Parties agree to fully comply with HIPAA, and other state and federal laws related to confidentiality and information security.

NOW THEREFORE, the Parties agree as follows:

I. Definitions

A. HIPAA: the Health Insurance Portability and Accountability Act of 1996, as amended.

B. HIPAA Regulations: The regulations promulgated under HIPAA by the United States Department of Health and Human Services, including, but not limited to, 45 C.F.R. Part 160 and 45 C.F.R. Part 164.

C. Individually Identifiable Health Information: Information that is a subset of health information, including demographic information, collected from an individual and is created or received by a health care provider, health plan, employer, or health care clearinghouse; relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

D. Limited Data Set ("LDS"): PHI as defined in 45 CFR 164.514(e)(2) that does not contain any of the following identifiers of the individual who is the subject of the Protected Health Information, or of relatives, employers or household members of the individual:

a. Names; postal address information, other than town or city, State, and zip code;
b. Telephone numbers;
c. Fax numbers;
d. Electronic mail addresses;
e. Social security numbers;
f. Medical record numbers;
g. Health plan beneficiary numbers;
h. Account numbers;
i. Certificate/license numbers;
j. Vehicle identifiers and serial numbers, including license plate numbers;
k. Device identifiers and serial numbers;
l. Web Universal Resource Locators (URLs);
m. Internet Protocol (IP) address numbers;
n. Biometric identifiers, including finger and voice prints; and
o. Full face photographic images and any comparable images.

E. Protected Health Information ("PHI"): Individually Identifiable Health Information that is transmitted by electronic media; maintained in any medium described in the definition of the term *electronic media* in the HIPAA Regulations; or transmitted or maintained in any other form or medium.

II. Responsibilities of Recipient

A. Recipient agrees to limit the use and disclosure of the LDS to the authorized purpose described below ("Authorized Purpose"):

To conduct research for the purposes of quality assurance and quality improvement for pediatric pre-hospital care. Emergency Medical Services (EMS) patient care data will be abstracted to measure treatments and interventions for pediatric patients, focusing on protocol adherence and patient outcomes. Data will be collected on EMS scene location and destination hospital location as well as, EMS crew treatment.

B. Recipient agrees to limit the use and disclosure of the PHI to those members of its workforce and any agents or subcontractors who have a legitimate business need to access the LDS for the purposes described in Section A. above.

C. Recipient agrees that it, and any members of its workforce, who have access to the LDS will not use or further disclose the PHI other than as permitted by this Agreement, or as otherwise required by law or regulation.

D. Recipient agrees to ensure that any agent, including a subcontractor, to whom it provides the LDS, agrees to the same restrictions and conditions that apply through this Agreement to the Recipient with respect to such information.

E. Recipient will use appropriate safeguards to protect the PHI from misuse or inappropriate disclosure and to prevent any use or disclosure of the PHI other than as provided in this Agreement, or as otherwise required by law or regulation.

F. Recipient will not attempt to identify the individuals to whom the PHI pertains, or attempt to contact such individuals.

G. Recipient agrees to report to Covered Entity any use or disclosure of the LDS not provided for by this Agreement, of which it becomes aware, including, without limitation, any disclosure of PHI to an unauthorized subcontractor, within ten (10) days of its discovery.

III. Responsibilities of Covered Entity

A. Covered Entity agrees to provide PHI to Recipient as a LDS, which will include the following data elements:

1. Patient age (patients between 0-18 years)
2. Date of service
3. Chief complaint
4. Vital signs
5. Patient assessment
6. Medications administered
7. Procedures performed
8. Scene location
9. Hospital destination
10. EMS crew identifier

B. Covered Entity will ensure that any LDS provided meets the requirements set forth in 45 CFR 164.514(e).

IV. Term and Termination

A. The term of this Agreement will be effective as of the date first written above and will terminate after a period of six (6) years from the effective date. Upon termination, all of the PHI provided by Covered Entity to Recipient is destroyed or returned to Covered Entity. This provision will apply to PHI that is in the possession of subcontractors or agents of Recipient. If it is not feasible to return or destroy the PHI, the obligation under the Agreement to protect such information will survive termination of this Agreement.

B. In the event that Recipient breaches this Agreement, Covered Entity, in its sole discretion, may:

   a. Terminate this Agreement upon written notice to Recipient;

   b. Request that Recipient, to the satisfaction of Covered Entity, take appropriate steps to cure such breach. If Recipient fails to cure such breach to Covered Entity's satisfaction in the time prescribed by Covered Entity, Covered Entity may terminate this Agreement upon written notice to Recipient; or

   c. Inspect the facilities, systems, books and records of Recipient pertaining to this Agreement to monitor compliance with this Agreement. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Recipient's facilities, systems and procedures does not relieve Recipient of its responsibility to comply with this Agreement, nor does Covered Entity's failure to detect or detection of, but failure to notify Recipient or require Recipient's remediation of, any unsatisfactory practices constitute acceptance of such practice or a waiver of Covered Entity's enforcement or termination rights under this Agreement. The Parties' respective rights and obligations under this will survive termination of the Agreement.

V. Rights of Proprietary Information: Covered Entity retains any and all rights to the proprietary information, confidential information, and Limited Data Set Covered Entity discloses to Recipient.

VI. Return or Destruction of Records: Upon termination of this Agreement for any reason, Recipient must return or destroy, as specified by Covered Entity, the Limited Data Set that Recipient still maintains in any form, and must not retain any copies of such Limited Data Set. If Covered Entity, in its sole discretion, requires that Recipient destroy the Limited Data Set, Recipient must certify to Covered Entity that the Limited Data Set has been destroyed. If return or destruction is not feasible, Recipient must inform Covered Entity within ten (10) days of the reason it is not feasible and limit further use and disclosure of such Limited Data Set to those purposes that make the return or destruction of such Limited Data Set infeasible.

VII. Miscellaneous

A. Any ambiguity in this Agreement will be resolved to permit Covered Entity to comply with HIPAA.

B. Covered Entity and Recipient agree that amendment of this Agreement may be required to ensure that Covered Entity and Recipient comply with changes in state and federal laws and regulations relating to the privacy, security, and confidentiality of PHI or the Limited Data Set. Covered Entity may terminate this Agreement upon 15 days written notice in the event that Recipient does not promptly enter into an amendment that Covered Entity, in its sole discretion, deems sufficient to ensure that Covered Entity will be able to comply with such laws and regulations.

C. This Agreement will be construed and enforced in accordance with the laws of the State of Florida.

D. Any notice permitted or required by this Agreement will be in writing and sent to the contact address as noted below or as may be provided by either party to the other in writing from time to time.

Notice to Covered Entity:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, FL 32502

Notice to Recipient:

Tina Bottini
University of Florida Health Science Center
Office of Research Affairs, 9th Floor, Tower II, Ste 9015
580 West Eighth Street
Jacksonville, FL 32209

E. Nothing in this Agreement will be construed to create any relationship between the Parties, other than that of independent entities contracting with each other for the sole purpose of transferring a LDS. This Agreement does not constitute either party as the agent, legal representative, or employee for any purpose whatsoever of the other party and neither party is hereby granted any right or authority to assume or create any obligation for or on behalf of, or in the name of, or in any way to bind the other party.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the effective date stated above.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16094 **County Administrator's Report 10. 2.**
BCC Regular Meeting **Technical/Public Service Consent**
Meeting Date: 05/16/2019
Issue: Amendment 1 to Contract for Services Agreement for the Town of Century Market Analysis
From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Approving Amendment 1 to the Contract for Services Agreement Between Escambia County and the University of West Florida for the Market Analysis for the Town of Century - Stephan Hall, Budget Manager, Management and Budget Services

That the Board approve and authorize the Chairman to sign Amendment 1 to the Contract for Services Agreement between Escambia County and the University of West Florida, for the Market Analysis for the Town of Century, to remove the deliverable to receive feedback from the community on the draft Market Analysis Report. No payment was due on this deliverable and all other terms and conditions remain the same.

BACKGROUND:

The Board approved the Market Analysis proposal of $24,500 from the Town of Century and the HAAS Center on October 18, 2018. Purchase Order #190682 was ordered November 2, 2018, for the Market Analysis for the Town of Century by UWF/HAAS Center to access the feasibility of mixed-used commercial and residential development for various parcels in the Town of Century.

The Senior Grant Specialist with Research and Sponsored Programs at the University of West Florida contacted the County on November 19, 2018, to enter into a contract agreement for this type of project to outline the details of the project and to establish certain contractual terms and conditions.

Approval of the contract agreement established a statement of work, schedule of compensation, and outlines the details of the Market Analysis for the Town of

Century.

The Senior Grant Specialist with Research and Sponsored Programs at the University of West Florida contacted the County in mid March to provide direction for the Amendment and whether or not focus groups could still be an effective method of feedback for the Market Analysis Report. Amendment 1 to Contract Services Agreement removes the deliverable to receive feedback from the community. No payment was due on this deliverable and all other terms and conditions remain the same.

BUDGETARY IMPACT:

The Amendment 1 to Contract for Services Agreement does not change the budget as approved in the original agreement.

The Board approved $24,5000 from Fund 353, Cost Center 110277, Account 58201, Project Number 19ED0585. Purchase Order 190682 has been issued to the University of West Florida in the amount of $24,500.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office has reviewed and approved the amendment.

Terms and Conditions

(1) SPONSOR hereby awards a ☐ cost reimbursable ☒ firm fixed price ☐ firm fixed rate contract for services to the University, as described above. The statement of work and schedule of compensation are as specified in UNIVERSITY's proposal dated September 13, 2018, as shown in Attachment 1.

(2) SPONSOR shall pay UNIVERSITY as shown in the payment schedule in Attachment 1. All invoices shall be submitted in form and detail sufficient for proper pre- and post-audit of expenditures using UNIVERSITY's standard invoice. Invoices and questions concerning invoice receipt or payments should be directed to the appropriate party's Financial Point of Contact, as shown in Attachment 2. Payment for invoices is due upon receipt and shall be considered past due after 30 days. Past due invoices shall bear interest at the statutory rate applicable to state agencies.

(3) A final statement of costs incurred, marked "FINAL", will be submitted to SPONSOR's Financial Point of Contact thirty (30) days after project end date or as shown in Attachment 1. The final statement of costs shall constitute UNIVERSITY's final financial report.

(4) Matters concerning the technical performance of this contract should be directed to the appropriate party's Program/Technical Point of Contact, as shown in Attachment 2.

(5) Matters concerning the request or negotiation of any changes in the terms, conditions, or amounts cited in this Contract should be directed to the appropriate party's Administrative Contact, as shown in Attachment 2. Any such changes made to this Contract require the written approval of each party's Authorized Official, as shown in Attachment 2.

(6) The Project Budget is set forth in Attachment 1. Funds may be allocated between expenditure categories at the discretion of the University, provided that no additional costs are incurred beyond the amount referenced above. This paragraph is inapplicable to fixed price or fixed rate contracts.

(7) Either party may terminate this Contract with thirty (30) days written notice to the appropriate party's Administrative Point of Contact, as shown in Attachment 2. In the event of termination, SPONSOR shall pay UNIVERSITY for work performed to the date of termination and all allowable, non-cancellable obligations.

(8) Changes to Period of Performance, including no-cost extensions require the approval of the SPONSOR

(9) This Contract is comprised of this document and the Attachments 1-3 attached hereto, which are made part hereof by reference.

By signing below authorized representatives have executed this Contract to be effective for the Period of Performance shown above.

Attachment 1: STATEMENT OF WORK AND SCHEDULE OF COMPENSATION

This is a ☐cost reimbursable ☒ fixed price ☐ fixed rate contract for services in the amount not to exceed $24,500 to cover costs associated with the project identified on the previous page and as shown on the following University proposal and/or quotation.

The following deliverable items are due pursuant to the timetable identified below. The numbered invoice for each report or deliverable shall be sent concurrent with the period of performance corresponding to the deliverable on the due date shown.

REPORT/DELIVERABLE	DATE DUE	PAYMENT
Project Start Date	Upon acceptance of contract by both parties	$12,250
Draft Market Analysis Report	March 1, 2019	$0
Feedback from Community on Draft Market Analysis Report	April 30, 2019	
Final Market Analysis Report	June 30, 2019	$12,250
Total		$24,500

University's Tasks:

The University will supply personnel and resources to accomplish the scope of work at the price in the proposal/cost quotation as shown in the following pages.

Town of Century

7995 N. Century Blvd

Century, Florida 32535

September 13, 2018

To Whom It May Concern:

Previously, the Haas Center presented the 2014 Six Pillar Community Economic Development Strategic Plan to the Town of Century after a successful completion of a DEO Technical Assistance Grant. The strategic plan was presented at the end of a yearlong collaboration between the Haas Center and the Town of Century. The plan ultimately outlined a series of goals, objectives and tactics that could help facilitate change for the Town of Century. The vision was outlined as such:

"The Town of Century will be the model for rural economic redevelopment, excelling in cultivating its workforce, facilitating the growth of regional industry, and enhancing the quality of life for its residents and the surrounding communities."

Over 2014-2015, the Haas Center also supplied a full-time staff person to help facilitate action items that would move Century toward its goals. It was clear that progress toward the strategic plan would be incremental and would require a long-term, sustainable effort

Those plans did not include consideration for the substantial impact of an EF-3 Tornado, which caused considerable damage to approximately 25% of the Town. Now that the Town of Century is on the cusp of adoption of its Community Redevelopment Agency (CRA) Plan, it is time to revisit the original strategic plan. The clear alignment of goals and objectives between the CRA Plan and Strategic Plan indicate that town stakeholders agree that many of the goals remain the same or similar, but there is still work to be done to improve quality of life and industry.

The Haas Center's partnership with the Town has never wavered, but we believe that it is an appropriate time to formalize that relationship once again. We have considered various ways that our organization can assist the Town of Century in planning for and moving into its next phase of growth. In particular, we want to be able to provide Escambia County and the Town of Century with enough information to support informed decision making, plan for strategic growth and capitalize on the full advantages offered to the community through Century's designation as an "Opportunity Zone." For these reasons, the Haas Center proposes the following project for the utilization of monies appropriated by the Escambia County Board of County Commissioners for economic development-related activities benefitting the Town of Century for Fiscal Years 2017- 2018 and 2018-2019:

Market Analysis. Several sites within the Town continue to be an untapped asset and missed opportunities for redevelopment. The Haas Center proposes to conduct a market analysis to assess the feasibility of mixed/use/commercial and/or residential development about various vacant parcels and buildings within the Town. The analysis will help define community needs, a profile of customers, potential for profitability and growth, as well as consider both competition and barriers to development onto the market.

This assessment will call for community input through focus groups, as well as outreach to North Escambia County and South Alabama residents to determine the amount of interest in such a redevelopment initiative.

Price: $24,500

Attachment 3
ADDITIONAL TERMS AND CONDITIONS

THIS AGREEMENT is entered into by and between the Board of County Commissioners, Escambia County Florida, (hereafter "Sponsor") and The University of West Florida, for and on behalf of the University of West Florida Board of Trustees, a public body corporate, a Florida public post-secondary educational institution (hereafter "University").

The terms of this Agreement are intended to provide the administrative framework for Sponsor and the University (the "Parties") to cooperate in the performance of this project. The University shall make all reasonable efforts to perform the scope of work as outlined in Appendix A.

STATEMENT OF WORK The University shall provide the necessary personnel and facilities to conduct the work of this agreement for the project titled "Market Analysis for the Town of Century."

PERIOD OF PERFORMANCE This Agreement shall begin upon execution and shall not extend beyond end date unless the period is extended by modification of this Agreement. Final deliverables will be provided to Sponsor as specified in Appendix A. University staff will be available for follow up consultation and assistance to the Sponsor regarding project deliverables through the ending date of this Agreement at no additional cost. Continuing support and assistance for additional periods will be provided only if the amount and scope of work is modified by amendment to this Agreement.

FORCE MAJEURE University shall not be responsible for its failure to perform any terms or conditions herein when failure to perform is due to causes beyond University's reasonable control, determined in the University's discretion, including, but not limited to: strikes; lockouts; actions or inactions of governmental authorities; epidemics; acts of war or terrorism; embargoes; fire; earthquake; hurricane; windstorm; tornados, acts of God or default of common carrier.

SEVERABILITY In the event any provision of this contract shall be held invalid or unenforceable, such holding shall not invalidate or render unenforceable any other provision hereof.

NONDISCRIMINATION The nondiscrimination clause contained in Section 202, Executive Order 11246, and any subsequent amendments thereto, relative to Equal Employment Opportunity for all persons without regard to race, color, religion, sex, gender identity or national origin, and the Implementing rules and regulations prescribed by the Secretary of Labor, Veteran's Act 38 U.S.C. 4212, Section 503 - Rehabilitation Act of 1973, Title I of the Americans with Disabilities Act of 1990 42 U.S.C. 12101 are incorporated into this Contract by reference as if fully set forth herein.

TAXES, FEES AND PERMITS The University is a tax immune sovereign and exempt from the payment of all sales, use or excise taxes.

PUBLIC RECORDS Sponsor shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received in conjunction with this Agreement, except as exempted by Florida law. Refusal by Sponsor to allow such public access shall be grounds for unilateral cancellation of this Agreement by the University.

INSURANCE University will maintain, at its own cost and expense, at all times while this Agreement is in effect, general liability insurance to the extent, and in such amounts as, provided under the State of Florida Risk Management Trust Fund. University will also maintain at its own expense or from the quoted fringe/payroll tax rates, workers' compensation insurance as required by law. University will furnish evidence of such insurance

upon request. Copies of certificates of coverage are available on request from the Research & Sponsored Programs office contractual contact representative.

LIMITATION OF LIABILITY In the performance of professional services, the University shall use that degree of care and skill ordinarily exercised by other similar professionals in the field under similar conditions in similar localities, having due regard for acceptable standards. No other warranties, expressed or implied, are made.

In no event shall University or its employees be liable (in contract or in tort, including negligence, or otherwise) to the Sponsor for indirect, incidental or consequential damages, resulting from or related to this Contract. Further, University shall not be liable for use by the Sponsor of any plans, documents, studies, or other data for any purpose other than intended by the terms of this Contract. In no event shall University's liability to Sponsor for any reason exceed the dollar amount of this Contract.

The parties to this agreement recognize and acknowledge that University of West Florida is a constituent institution of the State University System of Florida (the "State") and an agency or subdivision of the State within the meaning of §768.28, Florida Statutes. Nothing contained herein shall be construed or interpreted as: i) denying the University or other state entity any remedy or defense available under the laws of the State; ii) the consent of the University to be sued; iii) a waiver of sovereign immunity of the University or other state entity beyond the waiver provided in § 768.28, Florida Statutes.

GOVERNING LAWS/VENUE This Agreement is governed by the laws of the State of Florida and any provisions contained in this Agreement in conflict therewith shall be void and of no effect. University and Sponsor hereby agree that venue shall lie in the State Courts of Escambia County, Florida.

INTELLECTUAL PROPERTY The University reserves the ownership for any intellectual property developed as part of the compensated performance of this Agreement by its faculty and staff. Sponsor is granted a royalty-free non-exclusive license to use and distribute reports furnished to Sponsor hereunder (the "Work Product") without modification. University ownership of copyright shall be properly attributed. Sponsor may not grant others the right to use the Work Product or underlying information and data without written permission from the University.

The University reserves the right to publish articles, monographs and other scholarly publications based on this work in its chosen form. All work shall acknowledge support as "This project was supported by the Board of County Commissioners, Escambia County Florida through the University of West Florida."

INDEPENDENT CONTRACTOR STATUS Each of the parties is an independent contractor and nothing contained herein shall constitute or designate any of the employees or agents of one party as employees or agents of the other party.

From: AMY LOVOY, Interim County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:
Recommendation Concerning a Letter to Governor DeSantis Regarding the Cervantes Street Pedestrian Safety Plan - Amy Lovoy, Interim County Administrator

That the Board ratify the Chairman's signature on the letter, dated May 3, 2019, to Governor DeSantis regarding the Cervantes Street Pedestrian Safety Plan.

BACKGROUND:
The Florida Legislature has approved $600,000 for this project, but there is concern that the funding may be cut by the Governor. This neccesitated the urgency of sending the letter.

Office of Governor Ron DeSantis
State of Florida
The Capitol
400 S. Monroe Street
Tallahassee, Florida 32399-0001

The Honorable DeSantis:

Escambia County is grateful for your consideration of the West Cervantes Street Pedestrian Safety Improvements. This project will include much needed pedestrian safety improvements along West Cervantes Street that have been recommended by a complete FDOT safety as well as "complete streets" type improvements to improve multi-modal traffic.

Unfortunately, this corridor is extremely dangerous for vehicular traffic as well as pedestrians. In the past five years there have been 682 crashes along this stretch of Cervantes Street and 9 fatalities. Of these fatalities 6 were either pedestrians or bicyclists.

We would very much appreciate your favorable consideration for this project in order to make this stretch of road far safer. Thank you again for your time and attention to this matter. If you have any questions or if I can be of any assistance, please do not hesitate to call me at (850) 595-4930 or email me at district3@myescambia.com.

Sincerely,

Lumon J. May, Chairman
Board of County Commissioners

Issue: Lake Stone Campground Facility Management Agreement
From: Michael Rhodes, Dept Director
Organization: Parks and Recreation
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Lake Stone Campground Facility Management Agreement - Michael Rhodes, Parks & Recreation Department Director

That the Board approve the Agreement between the Escambia County Board of County Commissioners and Dennis Keith Cole for the Management of the Lake Stone Campground Facility and authorize the Interim County Administrator to sign the Agreement.

[Funding Source: Fund 001, General Fund, Lake Stone, Cost Center 350204, in the amount of $11,400, paid via 12 equal monthly installments of $950, with housing and utilities provided. This amount is currently allocated in the Fiscal Year 2019 Budget and will be budgeted in Fiscal Year 2020]

BACKGROUND:

The Lake Stone Campground is located at 801 W. Highway 4, Century, Florida. Since the inception of the Lake Stone Campground, the BCC has entered into an Agreement for onsite caretaker/management services at the facility. Dennis Keith Cole has served as the caretaker since June 2013.

BUDGETARY IMPACT:

The funding source for the Agreement is General Fund 001, Lake Stone Cost Center 350204, in the amount of $11,400, paid via 12 equal monthly installments of $950, with housing and utilities provided. This amount is currently allocated in the Fiscal Year 2019 budget and will be budgeted in Fiscal Year 2020.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office has approved the Agreement as to form and legal sufficiency.

AGREEMENT BETWEEN ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AND DENNIS KEITH COLE FOR THE MANAGEMENT OF THE LAKE STONE CAMPGROUND FACILITY

THIS AGREEMENT is made and entered into by and between Escambia County, a political subdivision of the State of Florida, by and through its Board of County Commissioners (hereinafter referred to as "County") and Dennis Keith Cole, as an independent contractor (hereinafter referred to as "Contractor").

WITNESSETH:

WHEREAS, Escambia County, Florida, by and through its Board of County Commissioners, operates and maintains that certain recreational property known as Lake Stone Campground for the use and benefit of the general public; and

WHEREAS, supervision is required to properly and adequately render services to the public utilizing the facilities of said property; and

WHEREAS, the duties, obligations, operation, and responsibilities for same may be performed through the employment by the County of an independent contractor.

NOW, THEREFORE, in consideration of the mutual terms and conditions contained herein and other good and valuable consideration, the County and Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. This Agreement shall commence on June 1, 2019, and shall be for a period of one (1) year ending on May 31, 2020, unless earlier terminated in accordance with paragraph 8. This Agreement may be extended for an additional term of one (1) year upon written agreement of the parties provided no less than thirty (30) days prior to the expiration date of the Agreement.

Unless otherwise agreed to by the parties, the Contractor shall vacate the premises immediately upon the expiration date of the Agreement. Contractor shall forfeit ownership of any items that remain on the premises.

3. Scope of Work. Contractor shall furnish labor, service, and maintenance to the area known and designated as Lake Stone Campground. This work shall consist of the hereinafter designated contractual duties:

A. The Contractor shall maintain the grounds of the Lake Stone Campground, carry out janitorial cleaning of the restrooms and bathhouse area at the campground, the janitorial cleaning of the restrooms at the boat ramp, the janitorial cleaning and setup of the group pavilion, and the keeping of the campground area, the bathhouse, and all restroom areas clean and free of litter.

B. The Contractor shall operate and maintain the concession sales on the premises. The Contractor shall sell soft drinks, snacks, fish bait, fishing tackle, and other campground related items. The Contractor shall not sell beer, wine or alcoholic beverages. All revenue derived from the sale of such concession items shall be

retained by the Contractor as part of his compensation package.

C. The Contractor shall collect user fees as established by the Board of County Commissioners and shall maintain records of the fees in accordance with the terms of this Agreement. All user fees shall be deposited as Escambia County revenues for the Lake Stone Campground account.

D. The Contractor shall adhere to and enforce all policy regulations established by the Board of County Commissioners.

E. The Contractor shall have an individual on the premises at all times during the regular business hours to render services to the public. The Contractor will be responsible for taking reservations, collecting fees, and assigning campsites.

F. The Contractor shall police the grounds for trash and debris, including the road along the north side of the lake. The Contractor also shall remove any fallen limbs and other debris from the campground area.

4. Compensation. In exchange for the provision of the scope of work pursuant to this agreement, County shall pay Contractor an annual management fee in the amount of $11,400.00 with payments made in twelve (12) equal monthly installments of $950.00. Contractor shall also receive 100% of all concession sales at Lake Stone Campground.

As non-monetary compensation valued in the amount of $1,200.00, County shall provide Contractor with a caretaker dwelling on the premises with payment of utilities and telephone service to the dwelling, except for personal long distance telephone calls.

5. County's Responsibilities. The County shall furnish the following items and services for the operation of Lake Stone Campground:

A. All utility services used in the operation of the campground facilities.

B. All materials for the cleaning and upkeep of the bathhouse, restrooms, pavilion, and campground.

C. Garbage dumpster service for the campground.

D. Materials, equipment, and labor for any improvements and repairs on the grounds and all facilities, including the Contractor's dwelling.

E. A caretaker dwelling for the Contractor with payment of utilities and telephone service to the dwelling, except for personal long-distance telephone calls. The contractor is responsible for insuring any and all personal belongings on the premises.

F. All gasoline, oils, and grease for the operation of equipment used on or about the campground.

G. A "golf cart" as a means of transportation for use in upkeep of the grounds around the campground.

H. A power mower for maintenance of the campground.

6. Records. The Contractor shall keep in good order and to the County's standards, records of pertinent books, documents, receipts, expenditures, and other papers involving transactions relating to this Agreement or any extensions thereof so that the County's authorized representatives can regularly audit these records. The Contractor shall also keep procurement and supply records to include requisitions for materials, maintenance work orders, and equipment use and status reports.

The authorized representatives of the County shall have access to and the right to examine, audit, excerpt and transcribe pertinent books, documents, papers, and records of the Contractor involving transactions relating to this Agreement or any extensions thereof. Such materials must be submitted to the County upon the completion of each fiscal year in which records were created. The retention time shall be calculated from the end of the fiscal year in which final entry was made in the records retained.

7. Insurance. The Contractor shall provide the following insurance coverage:

A. Commercial general liability insurance with $1,000,000.00 limits per occurrence/$2,000,000.00 aggregate, including coverage parts of bodily injury, broad from property damage, personal injury, and contractual liability, independent contractors, and products and completed operations;

B. Personal Auto Insurance with $300,000.00 combined single limits, on all personal vehicles that will be operating on County premises; and

C. Renters Insurance, Form HO-4 with minimum limits of $50,000.00. The required limit is a minimum amount. Consideration should be taken to ensure the coverage limit purchased is adequate to sufficiently protect the Caretaker's personal property in the event of a covered loss. Renters Insurance does not protect from loss by FLOOD. Optional Flood insurance must be purchased separately to insure against loss caused by FLOOD.

The Board of County Commissioners and Escambia County shall be named as an "additional insured" on all liability policies. All coverages shall be secured through an insurance carrier admitted in the State of Florida with an "A" rating and a minimum financial size category of "VII", according to the most current A.M. Best Company Key Rating Guide.

Escambia County shall be provided with said certificates of insurance which reflect the Board of County Commissioners and Escambia County, Post Office Box 1591, Pensacola, Florida 32597-1591, as an "additional insured" and the certificate holder. Certificates also shall reflect a thirty (30) day notice of cancellation and non-renewal clauses. Certificates of insurance shall be satisfactory to the County with all succeeding coverages and carriers to be consecutive to prior coverages.

8. Termination. This Agreement may be terminated by either party for cause, or by the County for convenience, upon thirty (30) days written notice by the terminating party to the other party of such termination in which event the Contractor shall be paid compensation for services performed through the termination date. In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages.

If the Agreement is terminated by the Contractor or the County for convenience, the Contractor shall vacate the premises on or before the expiration of the thirty (30) day notice period. If the Agreement is terminated for cause by the County, the Contractor shall be required to vacate the premises immediately. Contractor shall forfeit ownership of any items that remain on the premises.

9. Indemnification. The Contractor agrees to save harmless, indemnify, and defend County and its agents, officers and employees from any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of any kind, losses, penalties, interest, demands, judgments, and cost of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly, on account of or in connection with the Contractor's negligent, reckless, or intentional wrongful misconduct in the performance of this Agreement or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Contractor or by anyone for whom the Contractor is legally liable. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

10. Compliance with Laws. The Contractor shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, the Contractor shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

11. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

12. Subcontractors. The County approves the use of subcontractors by the Contractor. In the event the Contractor, during the course of the work under this Agreement, requires the services of any subcontractor or other associates in connection with services covered by this Agreement, the Contractor must secure the prior written approval of the County for employment of such subcontractors. Workers' compensation insurance will be required if the Contractor hires employees such that worker's compensation insurance is required by the State of Florida.

13. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State or Florida, and the parties stipulate that venue for any matter, which is a subject of this Agreement, shall be in the County of Escambia.

14. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Contractor
Attention: Dennis K. Cole
801 West Highway 4
Pensacola, Florida 32535

To: Escambia County Parks Department
Attention: Michael Rhodes
1651 East Nine Mile Road
Pensacola, Florida 32514

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract. In such case, the Contractor shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Contractor (excluding monies owed the Contractor for subcontractor work).

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Assignment. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Contractor, without the prior written

consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

17. Survival. All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

18. Interpretation. For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Contractor discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Contractor shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

19. Severability. The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

20. Further Documents. The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provisions of this Agreement.

21. No Waiver. The failure of the Contractor or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Federal Elections Activities Funds FY 2018/2019
From: David Stafford, Supervisor of Elections
Organization: Escambia County Super. of Elections
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Federal Elections Activities Grant Funding for the Office of the Supervisor of Elections - David H. Stafford, Supervisor of Elections

That the Board take the following action concerning Federal Elections Activities Grant Funds from the Department of State:

A. Certify that the County will match State Grant funds with $4,689.93, from the Supervisor of Elections' Fiscal Year 2018/2019 Budget; and

B. Authorize the Chairman to sign the Certificate County Match to Federal Grant Trust Funds and the Certificate of Equipment for Casting and Counting Ballots.

In order to receive the Federal Elections Activities funds, the Legislature has required that the Chairman of the Board of County Commissioners certify that the County will match the State funds with a 15% County match. Both the State funds and the County matching funds must be held in a separate account to be used solely for activities relating to Federal Elections. The required match for this Grant is $4,689.93. The match is included in the Supervisor of Elections' Fiscal Year 2018/2019 Budget under Cost Center 550101 and various Object Codes.

BACKGROUND:

Up to two million dollars from the Help America Vote Act grant fund are available for distribution for FY 2018-2019. These funds will be distributed to the Supervisor of Elections pursuant to a formula based on active registered voters in each county as of booksclosing for the 2018 General Election, as certified by the Department of State. The amount for Escambia County is $31,266.20. The Legislature specified that these funds could be used for activities relating to

federal election activities.

BUDGETARY IMPACT:

In order to receive the federal elections activities funds, the Legislature has required the Chairman of the Board of County Commissioners certify that the county will match the state funds with a 15% county match. Both the state funds and the county matching funds must be held in a separate account to be used solely for activities relating to federal elections. The required match for this grant is $4,689.93. The match is included in the Supervisor of Elections' FY 18/19 Budget under Cost Center 550101 and various object codes.

LEGAL CONSIDERATIONS/SIGN-OFF:

The documentation has been reviewed and approved by the County Legal Department.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

No county Supervisor of Elections shall receive funds pursuant to the agreement until the Board of County Commissioners certifies to the Department that the county will provide matching funds in an amount equal to 15% of the amount to be received by the state.

IMPLEMENTATION/COORDINATION:

This agreement will be implemented by the Supervisor of Elections.

MEMORANDUM OF AGREEMENT
FOR FEDERAL ELECTION ADMINISTRATION ACTIVITIES

This agreement is between the State of Florida, Department of State, Division of Elections ("Department"), an agency of the State of Florida, and David H. Stafford Supervisor of Elections for Escambia County, ("Sub-recipient"). This agreement governs the receipt and use of federal funds as specified herein.

I. Governing Law

Grant funds are made available pursuant to Specific Appropriation 3081, Chapter 2018-9, Laws of Florida to provide funds to the 67 county supervisor of elections offices in the ongoing effort to improve the administration of federal elections. See **Attachment A** for appropriation proviso.

The Department of State is authorized to distribute to all 67 county Supervisors of Elections a sum total of two million dollars ($2,000,000) in non-recurring funds for fiscal year 2018-2019 from the Federal Grants Trust Fund, pursuant to section 251 of the Help America Vote Act of 2002 (HAVA) and the Catalog of Federal Domestic Assistance (CFDA) 90.401 ("Help America Vote Act Requirements Payments").

II. Scope of Work, Deliverables, Restrictions

A. Scope of Work.

Funds provided under this agreement shall be used for advance payment for allowable expenses to improve the administration of federal elections. Those allowable expenses and the timeline by when requests must be submitted are detailed in Table 1 in subsection B. For additional guidance on allowable and non-allowable expenses, see *DE Guide 0018 - Allowable and Non-Allowable Expenses for HAVA Expenditures – Federal Election Activities Grant.*

B. Deliverables, Minimum Levels of Service, and Financial Consequences

Table 1

Deliverables (1, 2, 3, and/or 4)	Minimum Level of Service	Financial Consequences
1. Federal Election Administration Activities - Voter Education. Examples include: Mailing and publishing of sample ballots Mailing or publishing voter information cards Publishing of voter guides Voting system Demonstrations	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020. No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020, or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds.

	allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit Annual Expenditure Reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a Final Expenditure Report due no later than December 31, 2020, that includes documentation evidencing the services and/or products purchased, used and/or implemented.	Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.
2. Federal Election Administration Activities – Poll Worker Training Examples include: Poll worker training stipends Poll worker training materials	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020. No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit Annual Expenditure Reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a Final Expenditure Report due no later than December 31, 2020, that includes documentation evidencing the services	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020 (or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds. Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.

	and/or products purchased, used and/or implemented.	
3. Federal Election Administration Activities – Standardizing Election Results Reporting Examples include: Software or hardware technology that enhances or facilitates the reporting of election results	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020. No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit Annual Expenditure reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a Final Expenditure Report due no later than December 31, 2020, that includes documentation evidencing the services and/or products purchased, used and/or implemented.	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020 (or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds. Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.
4. Federal Election Administration Activities - Other Federal Election Administration Activities, as approved in advance by the Department of State. Examples include:	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020.	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020 (or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the

MOVE Act implementation and maintenance; Software or hardware technology that enhances or facilitates the delivery of vote-by-mail ballots, casting and counting of valid votes, voting systems audits or recounts, or the certification of accurate and complete election results.	No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit annual expenditure reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a final expenditure report due no later than December 31, 2020, that includes documentation evidencing the services and/or products purchased, used and/or implemented.	Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds. Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.

C. Request and Disbursement Process

The Department shall distribute to each eligible Sub-recipient upon request and submission of a completed grant application a minimum payment amount of five thousand dollars ($5,000) plus a proportional amount based on the voting age population in the Sub-recipient's county. See **Attachment B.** The amount per county is based on the aggregated remaining amount of the total grant for the 67 Sub-recipients divided by the total number of voting age population for the State in the most recent decennial census and then multiplied by the respective county's voting age population.

To receive funds, the Sub-recipient shall submit a complete grant application no later than June 1, 2019, using the Department of State's Online Grants Program at https://www.dosgrants.com. The application must contain a description of the plan to be implemented. If a county has remaining funds from one or more prior federal election activities grant distributions, as part of their application for 2018-2019 funds, the sub-recipient shall provide an explanation as to why those funds have yet to be expended.

Additionally, before the Sub-recipient may receive funds, the Sub-recipient must submit the following:

1. *A* completed ED Form GCAS-009 (6/88), entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion Lower Tier Covered Transactions", and attached hereto as **Attachment C.** [Executive Order 12549, Debarment and Suspension, 45 CFR 1183.35, prohibits the disbursement of federal funds to the intended recipient of such funds or to any sub-recipient thereunder unless such recipient and each sub-recipient, if any, certify that they are not excluded or disqualified from receiving federal funds by any federal department or agency.]

2. A completed "Certificate of Equipment for Casting and Counting Ballots" (DS-DE 135, Effective 8/16), attached hereto as **Attachment D**. This is required if the request, in part or in full, is to use HAVA funds for the purpose of purchasing emerging or enhancing software and hardware technology.

3. A completed "Matching Funds Certification" (DS-DE 127), attached hereto as **Attachment E.** The form certifies that the county governing body shall provide addition matching funds in an amount equal to fifteen percent (15%) of the amount to be received from the state. If the county governing body fails to appropriate the matching funds, the Supervisor must return to the Department all funds received under this agreement.

D. Reporting

The Sub-recipient must submit an annual expenditure report that includes supporting documentation evidencing allowable expenses no later than July 31, 2019 and again on July 31, 2020. The Sub-recipient must provide a final expenditure report including submitting supporting documentation evidencing allowable expenses no later than December 31, 2020 and written confirmation that all remaining previously distributed grant funds remaining were expended first. Supporting documentation shall include invoices, canceled checks, purchase orders, vendor contracts, sample publications, and other records that detail the services or products provided and the costs of such services and/or products. Documentation must account for all expenditures made from grant funds awarded under this agreement. Documentation must also provide details regarding matching funds and any interest earned. Failure to submit the report may result in immediate notice to return all funds, including any interest accrued. Any funds determined not to be expended in accordance with this agreement shall be returned, including any interest earned, to the Department within 30 days of written notice. All funds returned shall revert to the Federal Grants Trust Fund.

Using the Form DS-DE 129, the Sub-recipient shall report annually to the Department any unspent funds remaining on June 30 of each fiscal year. The Sub-recipient shall submit the annual report no later than July 31 of every year until funds are fully expended, or returned, whichever is earlier.

E. Restrictions

Sub-recipient shall not use any funds received hereunder to support lobbying activities to influence proposed or pending federal or state legislation or appropriations, but this does not affect the right of the Sub-recipient, or that of any other organization to petition Congress, or any other level of Government, through the use of other resources.

If the Sub-recipient expends any funds on expenses that are not allowable, the Sub-recipient must reimburse immediately the Department the funds, not otherwise expended for allowable costs, including any interest earned during the term of this agreement.

The Sub-recipient must establish and maintain the grant funds in an interest bearing account in a "qualified public depository" as defined by section 280.02(26), Florida Statutes. The Sub-recipient must segregate the funds in a separate account established to hold only such funds. Sub-recipient must comply with the applicable requirements of chapter 280, including but not limited to:

- The execution and retention in your official records of a Public Deposit Identification and Acknowledgement Form.
- The submission each year by November 30th of a Public Depositor Annual Report to the Chief Financial Officer (DFS-J1-1009)

For more information refer to the Department of Financial Services Collateral Management for Governmental Units webpage or contact the Program Administrator at 850-413-3167.

III. Payments

The Sub-recipient is encouraged to use electronic funds transfer (EFT) to receive payment as an alternative to receipt of payment by warrant. All Sub-recipients wishing to receive funds through electronic funds transfer must submit a Direct Deposit Authorization form to the Florida Department of Financial Services. If EFT has already been set up for your organization, you do not need to submit another authorization form unless you have changed bank accounts.

IV. Monitoring, Audits, and Audit Reporting

The administration of resources awarded to the Sub-recipient, as indicated on **Attachment F**, may be subject to monitoring, audits and reporting requirements herein.

A. Monitoring

In addition to reviews of audits conducted in accordance with OMB Circular A-133, as revised, and Section 215.97, F.S., (see Part B "Audits") monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this agreement, the Sub-recipient agrees to comply and cooperate with any monitoring procedures/processes the Department deems appropriate.

B. Audits

1. *Federally Funded Audits (*OMB Circular A-133, as revised in supplemental 2017.)

In the event that the Sub-recipient expends $750,000 or more in Federal awards in its fiscal year, the Sub-recipient **is required to** have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. In determining the Federal awards expended in its fiscal year, the Sub-recipient shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit conducted by the Auditor General must satisfy the requirements of Subpart E of OMB Circular A-133, as revised. In connection with the audit requirements the Sub-recipient shall fulfill the responsibilities of an auditee as provided in Subpart C of OMB Circular A-133, as revised.

If the Sub-recipient expends less than $750,000 in Federal awards in its fiscal year, an audit **is not required.** The Sub-recipient, however, must make records available for review or audit upon request by appropriate officials of U.S. Election Assistance Commission, the Department, and the General Accounting Office (GAO). If the Sub-recipient elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-federal resources (i.e., resources obtained from other than Federal entities).

2. *Other audits*

The Department may conduct a limited scope audit of federal funds as defined by OMB Circular A-133 (as revised) or other financial analysis or review of federal funds as permitted by federal law. In the event the Department determines that a limited scope audit or other type of audit of the Sub-recipient is appropriate, the Sub-recipient agrees to comply with any additional instructions provided by Department staff to the Sub-recipient regarding such audit. If the Department determines that federal funds received under this Agreement were used for any unauthorized purpose or that the Sub-recipient did not comply with this agreement or state or federal requirements for receipt, expenditure, or accounting, the Sub-recipient must return or repay these federal funds in an amount sufficient to ensure or obtain compliance, including expenses for any corrective or remedial action.

The Sub-recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department of State, Chief Financial Officer (CFO) or Auditor General.

Additional guidance to state and federal monitoring and auditing requirements may be found at http://www.eac.gov.

C. Audit Reporting

Copies of financial reporting packages as described in Subpart C- Auditees, section ____.320(c), OMB A-133 (as revised) for audits conducted by or on behalf of the Sub-recipient pursuant to Section IV.B.1 of this agreement, shall be submitted as required by sections .320(d) of such circular to:

Department of State *Division of Elections* *R.A. Gray Bldg., Ste 316* *500 S. Bronough St.* *Tallahassee, FL* *32399-0250*	*Department of State* *Office of Inspector General* *R.A. Gray Bldg., Rm. 406* *500 S. Bronough Street* *Tallahassee, FL* *32399-0250*	*Auditor General's Office* *Claude Pepper Bldg.* *111 West Madison St.* *Tallahassee, FL* *32399-1450*	*Federal Audit Clearinghouse* *Bureau of the Census* *1201 East 10th St.* *Jeffersonville, IN* *47130*

Any reports, management letter, or other information required to be submitted to the Department pursuant to this agreement shall be submitted timely and in accordance with OMB Circular A-133, the Florida Statutes, and/or Chapter 10.550 (local governmental entities) of the Rules of the Auditor General, whichever is applicable . The correspondence accompanying the financial reporting package forwarded to the Department must include the date the Sub-recipient received the reporting package.

V. Record Retention

The Sub-recipient shall keep and maintain accurate and detailed records sufficient to demonstrate its compliance with the terms of this agreement. The Sub-recipient shall retain these records for five fiscal years in accordance with the guidelines of the Department of Financial Services and the Office of the Auditor General, or three years after the date an audit report is issued, whichever is later. The Sub-recipient shall allow the Department or its designee, CFO, or Auditor General access to such records, including access to the audit working papers upon request.

VI. Entirety of the Agreement

All terms and conditions of this agreement are fully set forth in this document and its attachments and shall be governed by the laws of the State of Florida regardless of any conflict of laws provisions. In any proceeding or action brought under this section, the parties agree that the prevailing party will be entitled to its reasonable attorney's fees from the other party. The parties agree that proper venue will be in Leon County, Florida. This agreement is effective as of the date it is fully executed.

IN WITNESS THEREOF, the parties have caused this Agreement to be executed by their undersigned officials as duly authorized.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION LOWER TIER COVERED TRANSACTIONS

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 45 CFR 1183.35, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211). Copies of the regulations may be obtained by contacting the person to which this proposal is submitted.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

David H. Stafford, Escambia County SOE

Name and Title of Authorized Representative

ED Form GCS-009, 6/88

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (Telephone Number).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certificate
County Match to Federal Grant Trust Funds under the Help America Vote Act

I, Lumon J. May, Chairman of the Board of County Commissioners of Escambia County, Florida, do hereby certify that the Board of County Commissioners shall provide the county Supervisor of Elections a minimum 15% county match* to the total amount that the county Supervisor of Elections may request and receive from the State in FY 2018-19. The Board shall appropriate an amount equal to or greater than $4,689.93. I understand that if the Board fails to appropriate the matching funds, all funds received from the State for this grant during the 2018-2019 state fiscal year, including interest, will be required to be returned to the Department of State and shall revert to the Federal Grant Trust Funds.

Chairman, Board of County Commissioners
Lumon J. May

Certificate of Equipment for Casting and Counting Ballots

We, David H. Stafford, Supervisor of Elections and Lumon J. May Chairperson of Board of County Commissioners, of Escambia County, Florida, do hereby certify that prior to the receipt and use of fiscal year 2018-2019 HAVA funds for the purchase of State-approved or certified (whichever is applicable) emerging or enhancing software or hardware technology as allowable per Attachment A, the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors for the next regularly scheduled general election. If the Florida Department of State determines that there is insufficient equipment for casting and counting ballots for the next regularly scheduled general election as herein certified, we shall return the HAVA funds that were used to purchase other emerging or enhancing software and hardware technology to the State.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16122 **County Administrator's Report 10. 3.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Bureau of Justice Assistance Application for the FY2019 PREA Standards, Protecting Inmates, and Safeguarding Communities Grant
From: William Powell, Director, Corrections
Organization: Corrections
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Bureau of Justice Assistance Application for the Fiscal Year 2019 Prison Rape Elimination Act Standards, Protecting Inmates and Safeguarding Communities Grant - William R. Powell, Director of Corrections

That the Board take the following action regarding the Bureau of Justice Assistance Application for the Fiscal Year 2019 Prison Rape Elimination Act (PREA) Standards, Protecting Inmates and Safeguarding Communities Grant:

A. Approve the Bureau of Justice Assistance application for the Fiscal Year 2019 PREA Standards, Protecting Inmates and Safeguarding Communities Grant. This Application is for a two-year grant period totaling $337,032. The grant program requires a 50% match that will be paid from existing departmental funds;

B. Authorize the Chairman to execute the letter of support required as part of the application process; and

C. Authorize the Corrections Department to electronically submit the Application on behalf of the Board through the Bureau of Justice Assistance Grant portal.

[Match Funding: Fund 001, Cost Center 290401 and Fund 111, Cost Center 290406]

BACKGROUND:

Through the Prison Rape Elimination Act (PREA) and the National PREA Standards, the grant award will allow the Department to pursue and improve the overall safety of facilities for inmates, residents, detainees, and staff. In addition, expanding the Department's implementation of PREA Standards within the Escambia County Jail will support DOJ's critical goals of reducing crime, enhancing public safety, and providing vital services to crime victims. Most notably the grant award will increase the Department's capacity to prevent, detect, and respond to sexual abuse in the Escambia County Jail. This program provides 50% of the funding for both the personnel and equipment required to implement the standards outlined in the Prison Rape Elimination Act (PREA). The full request of the application is $337,032 over a two-year period. The required match breakdown over a two-year period ($168,517) would consist of salaries for current staff members totaling $116,017 (Fund 001, Cost Center 290401) and equipment totaling $52,500 (Fund 111, Cost Center 290406). The match requirement will come from already approved and existing department funds. The grant deadline is May 22, 2019. Should there be an award, the award will be brought before the Board for approval and acceptance.

BUDGETARY IMPACT:

The grant funds are designed as a cost reimbursement program to Escambia County with a direct 50% match over a two-year implementation period. The match has already been identified from within existing departmental allocations. No additional funds are being requested from the Board.

LEGAL CONSIDERATIONS/SIGN-OFF:

The attached application has been reviewed by Kristin Hual, Senior Assistant County Attorney, and has been found to be legally sufficient.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board of County Commissioners' Policies require grant applications with match requirements to be approved.

IMPLEMENTATION/COORDINATION:

The Department of Corrections will coordinate the electronic submission of the grant application upon Board approval and authorization.

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C.§§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593(identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).

14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.

15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.

16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities
FY 2019 Competitive Grant
Competition ID BJA-2019-15327

Budget Detail - Year 1

Does this budget contain conference costs which is defined broadly to include meetings, retreats, seminars, symposia, and training activities? - Y/N (DOJ Financial Guide, Section 3.10)	*No*

A. Personnel

Name *List each name, if known.*	Position *List each position, if known.*	Computation *Show annual salary rate & amount of time devoted to the project for each name/position.*						
		Salary	***Rate***	***Time Worked (# of hours, days, months, years)***	***Percentage of Time***	***Total Cost***	***Non-Federal Contribution***	***Federal Request***
TBD	PREA Manager	$80,326.00	yearly	1	45%	$36,147	$18,074	$18,074
TBD	PREA Coordinator	$37,876.00	yearly	1	95%	$35,983	$17,992	$17,992
					Total(s)	**$72,130**	**$36,065**	**$36,065**

Narrative

Escambia County Corrections intends to designate a high-ranking staff member to manage the agency's PREA efforts with a direct line of communication to the Corrections Chief. The designated PREA Manager will assign the role of PREA Coordinator to an individual that will spend a majority of the time on PREA tasks. The PREA Coordinator will direct all jail facilities to achieve compliance with PREA standards. The PREA Coordinator will be responsible for the compilation of data to ensure that the grant project is progressing and to ensure that goals and objectives are being met. The data collected by the PREA Coordinator will be provided to the Grant Administrator who will submit reports online through BJA's online Performance Measurement Tool (PMT) and Grants Management System (GMS) as applicable.

B. Fringe Benefits					
Name *List each grant-supported position receiving fringe benefits.*	**Computation** *Show the basis for computation.*				
	Base	***Rate***	***Total Cost***	***Non-Federal Contribution***	***Federal Request***
PREA Manager	$36,147.00	51.45%	$18,598	$9,299	$9,299
PREA Coordinator	$35,983.00	65.51%	$23,573	$11,787	$11,787
		Total(s)	**$42,171**	**$21,086**	**$21,086**

Narrative

Fringe Benefits includes Family Health Insurance, Annual/Sick Leave or Paid Time Off, Accidental Death and Dismemberment Coverage, Life Insurance, State Pension Contribution, FICA, Medicare.

BUDGET DETAIL WORKSHEET

Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities
FY 2019 Competitive Grant
Competition ID BJA-2019-15327

C. Travel										
Purpose of Travel *Indicate the purpose of each trip or type of trip (training, advisory group meeting)*	**Location** *Indicate the travel destination.*	**Type of Expense** *Lodging, Meals, Etc.*	**Basis** *Per day, mile, trip, Etc.*	**Computation** *Compute the cost of each type of expense X the number of people traveling.*						
				Cost	***Quantity***	***# of Staff***	***# of Trips***	***Total Cost***	***Non-Federal Contribution***	***Federal Request***
NONE			N/A					$0		$0
							Total(s)	**$0**	**$0**	**$0**
Narrative										
NONE										

BUDGET DETAIL WORKSHEET

Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities
FY 2019 Competitive Grant
Competition ID BJA-2019-15327

D. Equipment					
Item *List and describe each item of equipment that will be purchased*	**Computation** *Compute the cost (e.g., the number of each item to be purchased X the cost per item)*				
	# of Items	***Unit Cost***	***Total Cost***	***Non-Federal Contribution***	***Federal Request***
Assessment and Acquisition of Monitoring Technology	1	$100,000.00	$100,000	$50,000	$50,000
		Total(s)	**$100,000**	**$50,000**	**$50,000**

Narrative

Assess current use of monitoring technology in order to build an effective design to enhance the ability to protect inmates from sexual abuse. Due to the out of dated architectural design of the Main Jail and Road Prison, pockets of obscured areas exist. With the upgrades and additions to the monitoring equipment it will be possible to achieve a 360-degree approach to view all areas of the facility that inmates occupy. Due to the older construction of both facilities a much greater camera density will be necessary to achieve adequate visibility to meet modern construction and PREA standards.

Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities
FY 2019 Competitive Grant
Competition ID BJA-2019-15327

E. Supplies

Supply Items *Provide a list of the types of items to be purchased with grant funds.*	**Computation** *Describe the item and the compute the costs. Computation: The number of each item to be purchased X the cost per item.*				
	# of Items	***Unit Cost***	***Total Cost***	***Non-Federal Contribution***	***Federal Request***
Printing Materials for Training and Education	1	$5,000.00	$5,000	$2,500	$2,500
		Total(s)	**$5,000**	**$2,500**	**$2,500**

Narrative

Costs reflect modification to employee orientation pamphlet and inmate handbook to incorporate PREA material. Also includes the development and printing of poster boards with PREA material posted for staff and inmates.

F. Construction						
Purpose *Provide the purpose of the construction*	**Description of Work** *Describe the construction project(s)*	**Computation** *Compute the costs (e.g., the number of each item to be purchased X the cost per item)*				
		# of Items	***Cost***	***Total Cost***	***Non-Federal Contribution***	***Federal Request***
NONE				$0		$0
			Total(s)	**$0**	**$0**	**$0**
Narrative						
NONE						

G. Subawards (Subgrants)

Description *Provide a description of the activities to be carried out by subrecipients.*	Purpose *Describe the purpose of the subaward (subgrant)*	Consultant? *Is the subaward for a consultant? If yes, use the section below to explain associated travel expenses included in the cost.*			
			Total Cost	*Non-Federal Contribution*	*Federal Request*
NONE					$0
		Total(s)	**$0**	**$0**	**$0**

Consultant Travel (if necessary)

Purpose of Travel *Indicate the purpose of each trip or type of trip (training, advisory group meeting)*	Location *Indicate the travel destination.*	Type of Expense *Hotel, airfare, per diem*	Computation *Compute the cost of each type of expense X the number of people traveling.*					
			Cost	*Duration or Distance*	*# of Staff*	*Total Cost*	*Non-Federal Contribution*	*Federal Request*
NONE						$0		$0
						$0		$0
						$0		$0
					Total	$0	$0	$0

Narrative

NONE

H. Procurement Contracts

Description	Purpose	Consultant?			
Provide a description of the products or services to be procured by contract and an estimate of the costs. Applicants are encouraged to promote free and open competition in awarding contracts. A separate justification must be provided for sole source procurements in excess of the Simplified Acquisition Threshold (currently $150,000).	*Describe the purpose of the contract*	*Is the subaward for a consultant? If yes, use the section below to explain associated travel expenses included in the cost.*			
			Total Cost	***Non-Federal Contribution***	***Federal Request***
NONE					$0
		Total(s)	**$0**	**$0**	**$0**

Consultant Travel (if necessary)

Purpose of Travel	Location	Type of Expense	Computation

Standard Form - LLL (Rev. 7-97)

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

OMB Number: 1121-0329
Expiration Date: 11/30/2020

Background

Recipients' financial management systems and internal controls must meet certain requirements, including those set out in the "Part 200 Uniform Requirements" (2.C.F.R. Part 2800).

Including at a minimum, the financial management system of each OJP award recipient must provide for the following:

(1) Identification, in its accounts of all Federal awards received and expended and the Federal programs under which they were received. Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, and the name of the Federal agency.

(2) Accurate, current, and complete disclosure of the financial results of each Federal award or program.

(3) Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

(4) Effective control over, and accountability for, all funds, property, and other assets. The recipient must adequately safeguard all assets and assure that they are used solely for authorized purposes.

(5) Comparison of expenditures with budget amounts for each Federal award.

(6) Written procedures to document the receipt and disbursement of Federal funds including procedures to minimize the time elapsing between the transfer of funds from the United States Treasury and the disbursement by the OJP recipient.

(7) Written procedures for determining the allowability of costs in accordance with both the terms and conditions of the Federal award and the cost principles to apply to the Federal award.

(8) Other important requirements related to retention requirements for records, use of open and machine readable formats in records, and certain Federal rights of access to award-related records and recipient personnel.

1. Name of Organization and Address:

Organization Name: Escambia County Board of County Commissioners

Street1: 221 Palafox Place, Ste. 400

Street2:

City: Pensacola

State: FL: Florida

Zip Code: 32502

2. Authorized Representative's Name and Title:

Prefix:	First Name:	Middle Name:
Mr.	Lumon	J.

Last Name: May

Suffix:

Title: Chairman

3. Phone: 8505954930

4. Fax:

5. Email: district3@myescambia.com

6. Year Established:	7. Employer Identification Number (EIN):	8. DUNS Number:
1821	596000598	0750796730000

9. a) Is the applicant entity a nonprofit organization (including a nonprofit institution of higher education) as described in 26 U.S.C. 501(c)(3) and exempt from taxation under 26 U.S.C. 501(a)? ☐ Yes ☒ No

If "No" skip to Question 10.

If "Yes" skip to Questions 9. b) and 9. c).

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

OMB Number: 1121-0329
Expiration Date: 11/30/2020

AUDIT INFORMATION

9. b) Does the applicant nonprofit organization maintain offshore accounts for the purpose of paying the tax described in 26 U.S.C. 511(a)?	☐ Yes ☐ No
9. c) With respect to the most recent year in which the applicant nonprofit organization was required to file a tax return, does the applicant nonprofit organization believe (or assert) that it satisfies the requirements of 26 C.F.R. 53.4958-6 (which relate to the reasonableness of compensation of certain individuals)? If "Yes", refer to "Additional Attachments" under "What an Application Should Include" in the OJB solicitation (or application guidance) under which the applicant is submitting its application. If the solicitation/guidance describes the "Disclosure of Process related to Executive Compensation," the applicant nonprofit organization must provide -- as an attachment to its application -- a disclosure that satisfies the minimum requirements as described by OJP.	☐ Yes ☐ No

For the purposes of this questionnaire, an "audit" is conducted by an independent, external auditor using generally accepted auditing standards (GAAS) or Generally Governmental Auditing Standards (GAGAS), and results in an audit report with an opinion.

10. Has the applicant entity undergone any of the following types of audit(s)(Please check all that apply):

☒ "Single Audit" under OMB A-133 or Subpart F of 2 C.F.R. Part 200
☐ Financial Statement Audit
☐ Defense Contract Agency Audit (DCAA)
☐ Other Audit & Agency (list type of audit):

☐ None (if none, skip to question 13)

11. Most Recent Audit Report Issued: ☒ Within the last 12 months ☐ Within the last 2 years ☐ Over 2 years ago ☐ N/A

Name of Audit Agency/Firm: Warren Averett CPAs and Advisors

AUDITOR'S OPINION:

12. On the most recent audit, what was the auditor's opinion?

☒ Unqualified Opinion ☐ Qualified Opinion ☐ Disclaimer, Going Concern or Adverse Opinions ☐ N/A: No audits as described above

Enter the number of findings (if none, enter "0"): 0

Enter the dollar amount of questioned costs (if none, enter "$0"): 0.00

Were material weaknesses noted in either the report or opinion? ☐ Yes ☒ No

13. Which of the following best describes your accounting system:

☐ Manual ☒ Automated ☐ Combination of Manual and Automated

14. Does the applicant entity's accounting system have the capability to identify the receipt and expenditure of award funds separately for each Federal award?	☒ Yes ☐ No ☐ Not Sure
15. Does the applicant entity's accounting system have the capability to record expenditures for each Federal award by budget cost categories shown in the approved budget?	☒ Yes ☐ No ☐ Not Sure

16. Does the applicant entity's accounting system have the capability to record cost sharing ("match") separately for each Federal award, and maintain documentation to support recorded match or cost share?	☒ Yes ☐ No ☐ Not Sure
17. Does the applicant entity's accounting system have the capability to accurately track employees actual time spent performing work for each federal award, and to accurately allocate charges for employee salaries and wages for each federal award, and maintain records to support the actual time spent and specific allocation of charges associated with each applicant employee?	☒ Yes ☐ No ☐ Not Sure
18. Does the applicant entity's accounting system include budgetary controls to preclude the applicant entity from incurring obligations or costs that exceed the amount of funds available under a federal award (the total amount of the award, as well as the amount available in each budget cost category)?	☒ Yes ☐ No ☐ Not Sure
19. Is the applicant entity familiar with the "cost principles" that apply to recent and future federal awards, including the general and specific principles set out in 2 C.F.R. Part 200?	☒ Yes ☐ No ☐ Not Sure
PROPERTY STANDARDS AND PROCUREMENT STANDARDS	
20. Does the applicant entity's property management system(s) maintain the following information on property purchased with federal award funds: (1) a description of the property; (2) an identification number; (3) the source of the funding for the property, including the award number; (4) who holds title; (5) acquisition date; (6) acquisition cost; (7) federal share of acquisition cost; (8) location and condition of the property; (9) ultimate disposition information?	☒ Yes ☐ No ☐ Not Sure
21. Does the applicant entity maintain written policies and procedures for procurement transactions that -- (1) are designed to avoid unnecessary or duplicative purchases; (2) provide for an analysis of lease and purchase alternatives; and (3) set out a process for soliciting goods and services and (4) include standards of conduct the address conflicts of interest?	☒ Yes ☐ No ☐ Not Sure
22. a) Are the applicant entity's procurement policies and procedures designed to ensure that procurements are conducted in a manner that provides full and open competition to the extent practicable, and to avoid practices that restrict competition?	☒ Yes ☐ No ☐ Not Sure
22. b) Do the applicant entity's procurement polices and procedures require documentation of the history of a procurement, including the rationale for the method of procurement, selection of contract type, selection or rejection of contractors, and basis for the contract price?	☒ Yes ☐ No ☐ Not Sure
23. Does the applicant entity have written policies and procedures designed to prevent the applicant entity from entering into a procurement contract under a federal award with any entity or individual that is suspended or debarred from such contracts, including provisions for checking the "Excluded Parties List" system (www.sam.gov) for suspended or debarred sub-grantees and contractors, prior to award?	☒ Yes ☐ No ☐ Not Sure
TRAVEL POLICY	
24. Does the applicant entity: (a) maintain a standard travel policy? (b) adhere to the Federal Travel Regulation? (FTR)	☒ Yes ☐ No ☒ Yes ☐ No

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

OMB Number: 1121-0329
Expiration Date: 11/30/2020

SUBRECIPIENT MANAGEMENT AND MONITORING

25. Does the applicant entity have written policies, procedures, and/or guidance designed to ensure that any subawards made by the applicant entity under a federal award -- (1) clearly document applicable federal requirements, (2) are appropriately monitored by the applicant, and (3) comply with the requirements in 2 CFR Part 200 (see 2 CFR 200.331)?	☒ Yes ☐ No ☐ Not Sure ☐ N/A - Applicant does not make subawards under any OJP awards
26. Is the applicant entity aware of the differences between subawards under federal awards and procurement contracts under federal awards, including the different roles and responsibilities associated with each?	☒ Yes ☐ No ☐ Not Sure ☐ N/A - Applicant does not make subawards under any OJP awards
27. Does the applicant entity have written policies and procedures designed to prevent the applicant entity from making a subaward under a federal award to any entity or individual who is suspended or debarred from such subawards?	☒ Yes ☐ No ☐ Not Sure ☐ N/A - Applicant does not make subawards under any OJP awards

DESIGNATION AS 'HIGH-RISK' BY OTHER FEDERAL AGENCIES

28. Is the applicant entity designated "high risk" by a federal grant-making agency outside of DOJ? (High risk includes any status under which a federal awarding agency provides additional oversight due to the applicant's past performance, or other programmatic or financial concerns with the applicant.)

☐ Yes ☒ No ☐ Not Sure

If "Yes", provide the following:

(a) Name(s) of the federal awarding agency:

(b) Date(s) the agency notified the applicant entity of the "high risk" designation:

(c) Contact information for the "high risk" point of contact at the federal agency:

Name:
Phone:
Email:

(d) Reason for "high risk" status, as set out by the federal agency:

CERTIFICATION ON BEHALF OF THE APPLICANT ENTITY

(Must be made by the chief executive, executive director, chief financial officer, designated authorized representative ("AOR") or other official with the requisite knowledge and authority)

On behalf of the applicant entity, I certify to the U.S. Department of Justice that the information provided above is complete and correct to the best of my knowledge. I have the requisite authority and information to make this certification on behalf of the applicant entity.

May 16, 2019

Bureau of Justice Assistance
BJA-2019-15327
810 Seventh Street NW
Washington, D.C. 20531

To whom it may concern:

Please accept this letter as Escambia County's full commitment to the Escambia County Corrections Department's (Department) effort to secure the FY 2019 PREA Standards, Protecting Inmates, and Safeguarding Communities Grant.

Through the Prison Rape Elimination Act (PREA) and the National PREA Standard, the grant award will allow the Department to pursue and improve the overall safety of facilities for inmates, residents, detainees, and staff. In addition, expanding the Department's implementation of PREA Standards within Escambia Jail will support DOJ's critical goals of reducing crime, enhancing public safety, and providing vital services to crime victims. Most notably the grant award will increase the Department's capacity to prevent, detect, and respond to sexual abuse in the Escambia Jail.

Escambia County is hopeful that the Bureau of Justice Assistance will look favorably upon our support of the Department which will consequently enhance the quality of correctional services to the offenders and community we serve.

Sincerely,

Lumon J. May
Chairman

IRS Department of the Treasury
Internal Revenue Service

CINCINNATI OH 45999-0038

Dear Taxpayer:

This responds to your request for information about your federal tax status. Our records do not specify your federal tax status. However, the following general information about the tax treatment of state and local governments and affiliated organizations may be of interest to you.

GOVERNMENTAL UNITS
Governmental units, such as States and their political subdivisions, are not generally subject to federal income tax. Political subdivisions of a State are entities with one or more of the sovereign powers of the State such as the power to tax. Typically they include counties or municipalities and their agencies or departments. Charitable contributions to governmental units are tax-deductible under section 170(c)(1) of the Internal Revenue Code if made for a public purpose.

ENTITIES MEETING THE REQUIREMENTS OF SECTION 115(1)
An entity that is not a governmental unit but that performs an essential government function may not be subject to federal income tax, pursuant to Code section 115(1). The income of such entities is excluded from the definition of gross income as long as the income (1) is derived from a public utility or the exercise of an essential government function, and (2) accrues to a State, a political subdivision of a State, or the District of Columbia. Contributions made to entities whose income is excluded income under section 115 may not be tax deductible to contributors.

TAX-EXEMPT CHARITABLE ORGANIZATIONS
An organization affiliated with a State, county, or municipal government may qualify for exemption from federal income tax under section 501(c)(3) of the Code, if (1) it is not an integral part of the government, and (2) it does not have governmental powers inconsistent with exemption (such as the power to tax or to exercise enforcement or regulatory powers). Note that entities may meet the requirements of both sections 501(c)(3) and 115 under certain circumstances. See Revenue Procedure 2003-12, 2003-1 C.B. 316.

0248288031

COUNTY OF ESCAMBIA
BOARD OF COUNTY COMMISSIONERS
221 PALAFOX PL STE 130
PENSACOLA FL 32502

Most entities must file a Form 1023, Application for Recognition of Exemption Under Section 501(c))(3) of the Internal Revenue Code, to request a determination that the organization is exempt from federal income tax under 501(c)(3) of the Code and that charitable contributions are tax deductible to contributors under section 170(c)(2). In addition, private foundations and other persons sometimes want assurance that their grants or contributions are made to a governmental unit or a public charity. Generally, grantors and contributors may rely on the status of governmental units based on State or local law. Form 1023 and Publication 4220, Applying for 501(c)(3) Tax-Exempt Status, are available online at www.irs.gov/eo.

We hope this general information will be of assistance to you. This letter, however, does not determine that you have any particular tax status. If you are unsure of your status as a governmental unit or state institution whose income is excluded under section 115(1) you may seek a private letter ruling by following the procedures specified in Revenue Procedure 2007-1, 2007-1 I.R.B. 1 (updated annually).

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Kim A. Billups, Operations Manager
Accounts Management Operations 1

(c.) POSITION DESCRIPTIONS

Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities
FY 2019 Competitive Grant
Competition ID BJA-2019-15327

PREA MANAGER

JOB DESCRIPTION:

The primary role of the PREA Manager involves oversight of implementation of PREA and related compliance initiatives. This position will develop training, draft policy and procedures as well as provide expertise and training for policies and procedures regarding PREA. This position is required to meet and be responsive with stakeholders ensuring the structure of the program meets required timelines and inmates' rights are adhered to. In addition, the incumbent will create strategic plans and goals that meet the department initiatives and ensure compliance with department policy, state and federal laws as well as professional standards. The PREA Manager will be cross trained in other areas of compliance and may be used at the direction of the Chief Correctional Officer.

KNOWLEDGE, SKILLS AND ABILITIES

Knowledge of the Prison Rape Elimination Act (PREA), policy formation, implementation and evaluation strategies, issues and services.

Knowledge of Florida criminal code.

Knowledge of organizational, functional, and operational systems within a correctional environment.

Knowledge of professional standards and standards compliance.

Knowledge of State and Federal sexual assault requirements and laws.

Knowledge of social service agencies.

ADDITIONAL ATTACHMENT

(c.) POSITION DESCRIPTIONS

Knowledge of criminal investigatory practices.

Knowledge of statistical research in evidence-based practice.

Ability to establish productive and collaborative work groups and relationships.

Ability to research and to develop correctional policies and strategies.

Ability to review, evaluate, and integrate PREA issues and initiatives.

Ability to articulate complex ideas, clearly and concisely.

Ability to identify and implement industry best practices and audit for compliance.

Ability to design, access, coordinate, identify and deliver training opportunities.

Assists in the development of the agency plan for PREA implementation.

Educates themselves about PREA and serves as the lead source for understanding PREA in the agency.

Heads the team for policy review, analysis, and revisions.

Works with training staff to develop education and training for staff, inmates, contractors, and volunteers.

Coordinates with outside entities, such as victim advocates, sexual assault nurse examiners (SANE), medical and mental health providers, investigating agencies or bodies, prosecutors, and others as needed.

Keeps up to date with all new information concerning PREA standards.

Seeks, evaluates, and uses resources to ensure compliance. Ensures that staff understand their duties and responsibilities.

Implements training requirements, new policies, and operational procedures and practices.

Maintains documentation as required by the standards.

Manages by “walking around” to be available for questions and assistance.

Works with the auditor and prepares for an audit.

Maintains close contact with leadership concerning progress to ensure PREA compliance.

Models the behavior and integrity that demonstrate agency commitment to zero tolerance.

Observes operations in the agency and identifies gaps in achieving PREA compliance.

Conducts agency/facility assessments to evaluate compliance with standards.

Is the main point of contact for the agency, both internally and externally, for all things PREA.

Supervises and coordinates with PREA Coordinator.

MINIMUM QUALIFICATIONS

A Bachelor s Degree in assigned area and four (4) years of related work experience. Equivalent related experience may be substituted for education on a year-for-year basis.

Preference will be given to candidates who possess the following:

Correctional experience to include experience with interpretation of professional standards, professional standard compliance, and monitoring/inspection correctional programs.

Project_Abstract.pdf

PROJECT ABSTRACT

Legal Name: **County of Escambia Board of County Commissioners (59-6000598)**
Project Title: **Implementing PREA Standards of Protecting Inmates, and Safeguarding Communities at the Escambia County Corrections Facilities**
Competition ID: BJA-2019-15327

Program Objectives

- To reduce sexual abuse in confinement facilities Escambia County Corrections (ECC) intends to utilize PREA Training and Technical Assistance staff (TTA) designated by the Bureau of Justice Assistance (BJA) grant award to review current PREA compliance and to establish a comprehensive PREA policy that will be compliant for implementation. PREA standards will be integrated into existing training, screening, emergency response, investigation, and health care procedures.
- As increasing staff capacity is significant in preventing sexual abuse in confinement areas, ECC initially intends to develop a strong PREA compliant staffing plan with the TTA.
- PREA integration is currently promoted through training of all corrections staff members at hire and every two years. Zero-tolerance regarding sexual abuse, sexual battery, staff sexual misconduct, and sexual harassment are stressed. To shape the day-to-day operations and culture of ECC's confinement facilities, the TTA will be utilized to evaluate existing department PREA training procedures for improvements and suggestions.
- ECC is committed to changing the institutional culture by overcoming resistance to change among corrections staff and inmates. The PREA Coordinator established in the compliant staffing plan will identify and research innovate and promising practices to develop a departmentwide strategy. Inmate education as well as investigation, prosecution, victim services, and accurate documentation of sexual assaults will be exercised.
- The Corrections Chief is committed to sexual abuse prevention, strong response policies and procedures. This message is communicated through the ranks. The culture of "zero tolerance" will be presented through the active involvement of the Chief, PREA Manager, and PREA Coordinator.

Program Deliverables

- Site specific PREA implementation plan finalized with BJA and a TTA lead/coach within in 6 months of budget approval.
- ECC will actively monitor and document progress of PREA implementation strategies to define progress in preventing, detecting, and responding to sexual abuse.
- A sustainability plan developed to incorporate into future years budget planning.
- ECC will document innovative and promising work accomplished utilizing the PREA implementation plan.

Priority Considerations

ECC has identified the day-to-day operation and culture of confinement facilities as a priority consideration. Due to limited resources for capital improvements of aging facilities and staffing, day-to-day PREA compliance and culture is challenging.

PROGRAM NARRATIVE

Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities
FY 2019 Competitive Grant
Competition ID BJA-2019-15327

APPLICANT BACKGROUND

Escambia County is the western-most county in the state of Florida. Situated in Northwest Florida on the tip of the Florida Panhandle, Escambia County covers 662 square miles of land and 213 square miles of water. The county is bordered on the west and north by the state of Alabama on the east by Santa Rosa County and the south by the Gulf of Mexico. Escambia County Corrections is responsible for processing and housing all persons arrested out of Escambia County's over 318,000 residents. Escambia County Corrections and its team of correctional officers and support personnel are responsible for the care, custody and control of over 1,600 inmates. In consideration of the FY 2019 PREA grant focus areas will be inmates housed at three corrections locations:

- Main Jail, 2935 North "L" Street, Pensacola
- Road Prison, 601 Highway 297-A, Cantonment
- Work Release Facility, 1211 W. Fairfield Drive, Pensacola

The majority of inmates are awaiting trial on charges ranging from violation of probation to murder. Annually, Escambia County Corrections books and releases over 17,000 inmates.
On October 1st, 2013 The Escambia County Board of County Commissioners (BCC) assumed responsibility for the Jail operations previously operated under the Escambia County Sheriff's Office (ECSO) and placed them under the supervision of the Escambia County Corrections Department. Prior to October 1, 2013 Escambia County Corrections consisted of Community Corrections and the Road Prison. The change added the County Jail, Booking & Transportation,

PREVIEW Date: Apr 24, 2019 Workspace ID: WS00284302 Funding Opportunity Number: BJA-2019-15245

and the Video Visitation Facility previously under the direction of the ECSO to the BCC Escambia County Corrections area of responsibility. The leadership in place is committed to enhancing the professionalism of the Escambia County Corrections through efficient and effective use of resources.

Main Jail

The Main Jail is managed by a Commander and assisted by a Captain. The Main Jail has two facilities totaling approximately 217,015 SF. Phase I was completed in 1982 and Phase II was completed in 1984. Renovations have been completed several times over the years with the most recent in 2003. The Main Jail is a traditional podular design facility. Within the facility are 862 beds, of which 36 are designated as infirmary, 62 as special housing, and 84 as administrative/disciplinary confinement. PREA standards are being focused on the Main Jail due to the outdated construction that was in place prior to the PREA Act.

Road Prison

The Road Prison is managed by a Commander and Captain. Shifts A, B, C and D are responsible for care, custody, and control of inmates and activities of inmate crews working on a variety of maintenance, operations, farming, and construction projects. The building housing inmates was constructed in 1970 is approximately 10,000 SF. There are 256 beds within the facility. PREA standards are being focused on the Road Prison facility due to the outdated construction that was in place prior to the PREA Act.

Currently under construction is a state-of-the-art 300,000 SF, three-story detention facility adjacent to the Main Jail. The new facility is scheduled for completion in early 2020 and will house 720 inmates. The Main Jail will remain in service while the new jail will assist in alleviating the overcrowding experienced at the Main Jail.

The new jail construction will incorporate National PREA Standards upon completion. This will allow for the FY 2020-21 Implementing PREA Standards, Protecting Inmates, and Safeguarding Communities Grant to be exclusively utilized for improvements at the aging Main Jail and Road Prison.

Booking & Transportation

The Booking & Transportation Section is supervised by a 1st Lieutenant. Booking & Transportation includes: Booking Shifts A, B, C and D; Court Services; Transportation; Inmate Property; Classification; and Inmate Records.

Video Visitation Facility

The Video Visitation Facility Section is supervised by a 1st Lieutenant.

Specialized Units

- The Central Services Unit, Training Unit, Accreditation, Public, Records Unit, and Contract Services Unit report directly to the Captain.
- The Support Operation is supervised by a Lieutenant. This unit includes: Video Visitation, Custodial Services, Laundry, and Warehouse & Supplies.
- The Health Services Unit is managed by a Health Services Administrator. This unit is responsible for providing health care services to inmates.
- The Training Unit is supervised by a Sergeant. This unit is responsible for providing or arranging training for Escambia County Corrections employees.
- The Accreditation Unit is supervised by an Accreditation Lieutenant and Assistant Accreditation Sergeant. This unit is responsible for managing the accreditation program and scheduling required annual inspections.
- The Public Records Unit is supervised by Records Supervisor. This unit is responsible for receiving and processing requests for records.
- Two areas are facilitated by private companies: Food Services and Commissary contracted to Aramark.

MISSION STATEMENT

We are a dedicated team of professionals, devoted to the protection of the public by maintaining a balanced, safe and secure correctional system of institutional and community programs. Collectively, we provide an environment for criminal offenders to maximize opportunities through accountability, treatment, education, and positive reinforcement within a safe, secure and fair atmosphere.

ACCREDITATIONS

An accreditation program has long been recognized as a means of maintaining the highest standards of professionalism. Accreditation is the certification by an independent reviewing authority that an entity has met specific requirements and prescribed standards. Escambia County Corrections is proud to have achieved and maintained both state and national accreditation standards.

Florida Corrections Accreditation Commission

Accredited in 2003, Reaccredited in 2006, 2009, 2013, 2016, 2019.

Awarded the Excelsior Agency designation during 2019 reaccreditation.

National Commission on Correctional Health Care

Accredited in 2003, Reaccredited in 2006, 2010, 2013, and 2016 (2019 reaccreditation anticipated in June 2019).

Florida Model Jail Inspection and Florida Model Jail Medical Inspection (Road Prison)

Achieved by the Road Prison in 2018.

DESCRIPTION OF THE ISSUE

Due to overcrowding and outdated correctional facility design at the Main Jail it is evident that PREA standards are not being met to its full intended scope. Escambia County Corrections has endeavored to actively make changes in response to PREA guidelines within the confines of budgetary and infrastructure restrictions. Escambia County Corrections by employing the FY 2019 Implementing PREA Standards, Protecting Inmates, and Safeguarding Communities Grant (Category 2, Competition ID BJA-

2019-15327) intends to uphold a PREA implementation plan with BJA training and technical assistance (TTA) through agency/staff buy-in, staffing plans to reduce sexual abuse, agency training to achieve PREA standards, identify and remedy vulnerable areas of the Main Jail and implement strategies to better protect inmates and staff.

Escambia County Corrections will focus on four activities for the proposed implementation plan:

1. Strategies to promote and institutionalize agency and facility staff buy-in for new policies, procedures, and practices that address sexual abuse.
2. Facility-specific staffing plans to reduce the likelihood of sexual abuse that result from examining current staffing levels and patterns, the sizes and compositions of inmate/resident/detainee populations, and the physical layouts of facilities.
3. Agency/facility staff training on preventing, detecting, and responding to sexual abuse, and building skills necessary to achieve PREA implementation.
4. Analyses of confinement facility blueprints to identify vulnerable areas and implement strategies, which implement technology such as concealed video, alterations to facility layouts, and data analysis, in order to better protect inmates/residents/detainees, and staff.

PROJECT DESIGN AND IMPLEMENTATION

Program Objectives

1. Reduce sexual abuse in confinement facilities.

Escambia County Corrections intends to utilize TTA assistance to review current PREA compliance to establish a comprehensive PREA policy that is fully compliant for implementation. Escambia County Corrections will strive to integrate PREA into existing training, screening, emergency response, investigation, and health care procedures.

2. Increase staff capacity for preventing sexual abuse in confinement facilities.

Initially, Escambia County Corrections intends to develop a vigorous PREA compliant staffing plan with TTA assistance along with a cross-section of facility personnel and other stakeholders including a PREA Coordinator.

3. Promote integration of the PREA standards into the day-to-day operations and cultures of confinement facilities.

All staff (including medical healthcare practitioners, investigators, and those that work with inmates regularly) are thoroughly trained and informed regarding Escambia County Correction's zero-tolerance policy on sexual abuse, sexual battery, staff sexual misconduct, and sexual harassment at hire and at least every two (2) years. With grant award, Escambia County Corrections will utilize the TTA team to review current PREA training procedures for improvements and suggestions on how to execute the training.

4. Identify and document innovations and promising practices in order to inform similar efforts across the nation.

Escambia County Corrections is committed to changing the institutional culture, overcome resistance to change among corrections staff, corrections officers, as well as inmates. The PREA Coordinator will identify and research innovate and promising practices to develop a departmentwide strategy with specific policies and programs for inmate education as well as investigation, prosecution, provision of victim services, and accurate documentation of sexual assaults.

5. Create cultures of "zero tolerance" for sexual abuse in confinement facilities.

The Corrections Chief is committed to sexual abuse prevention, strong response policies and procedures and communicates this message through the ranks. Escambia County Corrections

intends to designate a high-ranking staff member to manage the agency's PREA efforts with a direct line of communication to the Corrections Chief. The designated PREA manager will assign the role of PREA Coordinator to an individual that will spend a majority of the time on PREA tasks. The PREA Coordinator will direct all jail facilities to achieve compliance with PREA standards. The PREA Coordinator will be responsible for the compilation and reporting of data related to PREA.

Program Deliverables

1. A comprehensive, individualized PREA implementation plan that will guide the grantee's PREA-related activities.

During the first six months of grant award and budget approval, a site specific PREA implementation plan will be finalized by means of consultation with BJA and a TTA lead/coach. A PREA planning committee will be organized to review and revise policies including outside partners. The collaborative effort would include hospitals, community-based sexual abuse advocates in addition to internal key agency team members. Key team members from Escambia County Corrections including the Corrections Chief, PREA Coordinator, Main Jail Commander and Captain, Road Prison Commander and Captain, and various division managers of the jail. The agency recognizes that collaborating and making connections with community service providers are critical components of any PREA implementation plan.

2. Agency- and facility-specific PREA implementation strategies designed to generate progress in preventing, detecting, and responding to sexual abuse, and in complying with the PREA standards.

By February 10, 2020 the PREA implementation strategies will have been comprehensively categorized by TTA and lead correctional staff members. The strategies will specifically address

the prevention, detection, and response to sexual abuse to be compliant with PREA. The PREA Coordinator will monitor and document progress of implementation strategies.

3. A sustainability plan, developed in conjunction with the TTA lead/coach, which ensures that the BJA-funded PREA strategies and activities continue after the grant period ends.

The anticipated grant period ends October 1, 2021. A sustainability plan will be developed and presented to the Corrections Chief, Financial Manager, and Grant Administrator. These staff members will analyze the sustainability plan and determine if it is feasible to incorporate into future years budget planning.

4. Documentation, developed in conjunction with the TTA lead/coach, of innovative and promising work accomplished during the grant period.

As the PREA implementation plan progresses at Escambia County Corrections, the PREA Coordinator will document the innovate and promising work accomplished utilizing the PREA implementation plan. This work will be available to BJA as requested and will be presented in a professional manner.

Priority Considerations

1. Target one or more PREA standards that applicants have found to be particularly challenging to implement.

Promoting integration of PREA standards into the day-to-day operations and cultures of confinement facilities is targeted for Escambia's Main Jail and Road Prison facilities. The day-to-day operational challenge is attributable to outdated architectural design which is problematic relative to achieving PREA standards. The additional challenge is changing correctional culture, lack of resources, and unintended consequences of using classification systems to identify victims and perpetrators. With grant funding and strategic support from the designated TTA,

PREVIEW Date: Apr 24, 2019 Workspace ID: WS00284302 Funding Opportunity Number: BJA-2019-15245

Escambia intends to collaboratively seek ways to increase PREA compliance with limited resources for capital improvements and staffing.

Timeline

Major Objectives/Deliverables	Responsible Party	Completion Date
Grant Award	*DOJ/BJA*	*October 1, 2019*
Objectives		
1. Reduce sexual abuse in confinement facilities.	ALL Corrections Staff	January 1, 2021
2. Increase staff capacity for preventing sexual abuse in confinement facilities.	Escambia County BCC/ Corrections Chief	October 1, 2020
3. Promote integration of the PREA standards into the day-to-day operations and cultures of confinement facilities.	PREA Coordinator	December 1, 2020
4. Identify and document innovations and promising practices in order to inform similar efforts across the nation.	Corrections Chief/ PREA Coordinator	August 31, 2021
5. Create cultures of "zero tolerance" for sexual abuse in confinement facilities	Corrections Chief/ PREA Coordinator	December 31, 2020
Deliverables		
1. A comprehensive, individualized PREA implementation plan that will guide the grantee's PREA-related activities.	TTA Team/ Corrections Leadership Staff	April 1, 2020
2. Agency- and facility-specific PREA implementation strategies.	TTA Team/ Corrections Leadership Staff	May 10, 2020
3. A sustainability plan, developed in conjunction with the TTA lead/coach.	Corrections Chief/ Finance Manager/ Grant Administrator	January 31, 2021
4. Documentation of innovative and promising work accomplished during the grant period.	PREA Coordinator	October 1, 2021

PREVIEW Date: Apr 24, 2019 Workspace ID: WS00284302 Funding Opportunity Number: BJA-2019-15245

CAPABILITIES AND COMPETENCIES

As outlined in PROJECT DESIGN AND IMPLEMENTATION, the Corrections Chief is committed to sexual abuse prevention, strong response policies and procedures and communicates this message through the ranks. Escambia County Corrections will designate a high-ranking staff member to manage the agency's PREA efforts with a direct line of communication to the Corrections Chief. This staff member will be selected among existing corrections staff leadership that possess the institutional knowledge that is desirable for and endeavor of this magnitude. The designated PREA manager will assign the role of PREA Coordinator to an individual that will spend a majority of the time on PREA tasks. The PREA Coordinator will be the most qualified individual that will have the ability to strategically coordinate the agency's PREA efforts. Escambia County Corrections is continually seeking and hiring corrections officers. The PREA Coordinator may be selected from the pool of applicants or from existing staff. The PREA Coordinator will direct all jail facilities to achieve compliance with PREA standards. The PREA Coordinator will be responsible for the compilation and reporting of data related to PREA.
The existing management structure and staffing has the ability to facilitate and achieve designated project goals and complete project deliverables. The Corrections Chief is committed to achieve PREA standards through a solid implementation plan. In addition, the Financial Manager and Grant Administrator are permanent administrative staff members that will be available to address day-to-day activities while the PREA Manager and Coordinator will be fully immersed in the project.

PERFORMANCE MEASURES DATA COLLECTION

Regular performance data will be collected by the agency's PREA Coordinator utilizing a case management system and spreadsheets that will demonstrate the results of the work carried out

under the award. The performance data will directly relate to the (5) program objectives and (4) program deliverables identified in the FY 2019 PREA Competitive Grant Announcement and as demonstrated in the agency Narrative document. The collection of data will allow the agency to assess whether the correct processes are being performed and if the desired outcomes are being achieved. The agency is dedicated to collect meaningful data to display how the grant is progressing and to ensure goals and objectives are being met. The data collected by the PREA Coordinator will be provided to the Grant Administrator who will be responsible in submitting the required quarterly performance reports through BJA's online Performance Measurement Tool (PMT) utilizing quantitative and qualitative responses as applicable. Every (3) months the Grant Administrator will submit the necessary quantitative data and biannually submit a narrative progress report through the Grants Management System (GMS). At the conclusion of the project a Final Report will be generated and submitted in GMS.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16100 **County Administrator's Report 10. 4.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Florida Department of Law Enforcement Justice Assistance Grant (JAG) Acceptance for the Jail Alternative Initiative
From: William Powell, Director, Corrections
Organization: Corrections
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Acceptance of the Florida Department of Law Enforcement Justice Assistance Grant (JAG) Countywide Program Subgrant in the Amount of $30,000, for the Fiscal Year 2017-2018 Jail Alternative Initiative Project - William R. Powell, Director of Corrections

That the Board take the following action concerning the Justice Assistance Grant for the Fiscal Year 2017-2018 Jail Alternative Initiative project:

A. Approve the acceptance of the Justice Assistance Grant (JAG) Countywide Program subgrant award in the amount of $30,000, related to the Fiscal Year 2017-2018 Jail Alternative Initiative project;

B. Authorize the Chairman to sign the Certificate of Acceptance; and

C. Authorize the Chairman, as the County's authorized official, to execute any Amendments or other related documents as may be required for the Jail Alternative Initiative project.

BACKGROUND:

As authorized by the Board on October 18, 2018, the Escambia County Corrections Department completed the Application for Funding Assistance related to the Justice Assistance Grant for the Jail Alternative Initiative. This $30,000 grant will be utilized to ensure that qualified offenders who are eligible for release are not penalized due to their inability to remit payment for the alternative electronic monitoring or drug patch programs offered by the County. This grant will provide the needed funding to offset the costs associated with providing these

services to indigent offenders. The funding will be utilized to reimburse the department for a portion of the expenses that were incurred during FY17-18. The $30,000 allocated to this project will cover GPS/SCRAM services that were provided to appoximately 200 participants over a seven-week period. The total number of monitored days covered by the allocated funding was in excess of 8,200.

BUDGETARY IMPACT:

These grant funds are designed as a reimbursement program. There is no local match requirement. Administration fees are not specifically designated as eligible under this grant. The reimbursement funds will be identified in Fund 114, Revenue Account 331241.

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Senior Assistant County Attorney, has reviewed the award acceptance documentation and approved it as to form and legal sufficiency.

PERSONNEL:

The Corrections Department staff will manage and implement the grant project.

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation complies with all provisions of the the Board of County Commissioners' Grant Policy.

IMPLEMENTATION/COORDINATION:

Corrections Department Staff will administer the grant related project.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-14991 **County Administrator's Report 9. 7.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 10/18/2018
Issue: Application for Funding Assistance for JAG County-wide Funds to Support The Jail Alternative Initiative Project For FY 2017-2018
From: William Powell, Director, Corrections
Organization: Corrections
CAO Approval: BS for JB

RECOMMENDATION:

Recommendation Concerning Approval of the Application for Funding Assistance Regarding the Florida Department of Law Enforcement Justice Assistance Grant (JAG) County-wide Program to Support the Jail Alternative Initiative Project, in the Amount of $30,000 - William R. Powell, Director of Corrections

That the Board take the following action concerning the Application for the Jail Alternative Initiative Project, in the amount of $30,000:

A. Approve the Application for Funding Assistance regarding the Florida Department of Law Enforcement Justice Assistance Grant (JAG) County-wide Program for the Jail Alternative Initiative project, in the amount of $30,000; and

B. Authorize the Chairman to sign the Application for Funding Assistance regarding the Jail Alternative Initiative project.

[Funding: This Grant does not require matching funds]

BACKGROUND:

This $30,000 grant will be utilized to ensure that qualified offenders who are eligible for release are not penalized due to their inability to remit payment for the alternative electronic monitoring programs or drug patch program offered by the County. Eligibility is only for offenders with no monetary bond requirement but a monitored GPS or SCRAM (secure continuous remote alcohol monitor) unit or a drug patch as a condition of release. This grant will provide the needed funding to offset the costs associated with providing these services to indigent offenders during fiscal year 2017-2018 (October 1, 2017 to September 30, 2018).

BUDGETARY IMPACT:

These grant funds are designed as a reimbursement program. There is no local match requirement. Administrative fees are not specifically designated as eligible under this grant. The reimbursement funds will be identified in Fund 114, Revenue Account 331241.

LEGAL CONSIDERATIONS/SIGN-OFF:

This Application for Funding Assistance was reviewed by Kristin Hual, Assistant County Attorney, and deemed legally sufficient.

PERSONNEL:

The Corrections Department staff will submit the grant application along with the required supporting documentation.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy section 11. A requires Board approval of grants.

IMPLEMENTATION/COORDINATION:

The Corrections Department staff will submit the grant application along with the required supporting documentation.

Tallahassee, Florida 32308

CERTIFICATE OF ACCEPTANCE

The subgrantee, through its authorized representative, acknowledges receipt and acceptance of subgrant award number 2019-JAGC-ESCA-1-N2-072, in the amount of $30,000.00, for a project titled, JAIL ALTERNATIVE INITIATIVE , for the period of 10/01/2017 through 09/30/2019, to be implemented in accordance with the approved subgrant application, and subject to the Florida Department of Law Enforcement's Standard Conditions and any special conditions governing this subgrant.

This subaward requires that the subrecipient adhere to the following:

SUPPLANTING: Federal funds must be used to supplement existing state or local funds for program activities and may not replace state or local funds which have been appropriated or allocated for the same purpose. Federal funds may also not be used to replace state or local funds required by law. In accepting this award the subrecipient certifies that it will not or has not supplanted with federal funds for the approved project.

PROCUREMENT STANDARDS: The subrecipient certifies all procurement transactions will comply with the subrecipient's procurement policy provided the policy is compliant with the requirements set forth in the Office of Management and Budget (OMB) Uniform Requirements, 2 C.F.R. 200.317-326. In the event the subrecipient's procurement policy does not comply with the OMB procurement requirements, the subrecipient ensures all grant-related procurements will be conducted in a manner consistent with the federal standards.

CONFLICT OF INTEREST: Decisions related to use these grant funds must be free from undisclosed personal or organizational conflicts of interest, both in fact and in appearance. The subrecipient certifies the unit of government below is compliant with OMB Uniform Requirements, 2 C.F.R. 200.112, regarding conflict of interest, and will notify FDLE's Office of Criminal Justice Grants, in writing, of any potential conflicts of interest in accordance with this agreement. The subrecipient also agrees to disclose in a timely manner, in writing, all violations of state or federal criminal law involving fraud, bribery, or gratuity violations.

8 U.S.C. 1373: The subrecipient certifies the unit of government below is in, and will maintain throughout the life of this subaward, compliance with the conditions outlined in the subaward Standard Conditions, Section VII Compliance with 8 U.S.C. 1373. The subrecipient also agrees to disclose in a timely manner, in writing, all violations of these conditions, and any credible evidence indicating a federally funded program or activity, at any tier, is subject to an "information communication restriction."

Re: Contract No. 2019-JAGC-ESCA-1-N2-072

Dear Chairman May:

The Florida Department of Law Enforcement is pleased to award to the Escambia County Board of Commissioners a subgrant in the amount of $30,000.00 for the project titled JAIL ALTERNATIVE INITIATIVE . This subgrant is provided under the Edward Byrne Memorial Justice Assistance Grant (JAG) Countywide Program and approved under Florida's state JAG award 2017-MU-BX-0187 from the United States Department of Justice (DOJ). These funds shall be used for the purpose(s) identified in the enclosed subaward agreement.

This subaward is subject to all administrative and financial requirements, including timely submission of all financial and performance reports and compliance with all standard conditions.

In order to meet the requirements of the Transparency Florida Act (215.985, F.S.), this agreement is provided to the Florida Accountability Contract Tracking System (FACTS). If this agreement contains confidential or exempt information not subject to disclosure under Chapter 119, F.S., please contact the Office of Criminal Justice Grants (OCJG) for guidance on requesting an exemption.

The enclosed Certificate of Acceptance is required to be completed and returned within thirty (30) calendar days from the date of award. Completion of the Certificate of Acceptance constitutes official acceptance of the subaward and all associated terms and conditions. The Department is unable to reimburse any project expenditures until this certificate is received.

We look forward to working with you on this project. Please contact your grant manager at (850) 617-1250 if you have any questions or if we can be of further assistance.

Sincerely,

FOR RKC

Rona Kay Cradit

CERTIFICATE OF SUBAWARD

Subrecipient: Escambia County Board of Commissioners

Date of Award: 04/17/2019

Grant Period: From: 10/01/2017 TO: 09/30/2019

Project Title: JAIL ALTERNATIVE INITIATIVE

Grant Number: 2019-JAGC-ESCA-1-N2-072

Federal Funds: $30,000.00

Matching Funds: $0.00

Total Project Cost: $30,000.00

CFDA Number: 16.738

Federal Award Number: 2017-MU-BX-0187

Federal Awarding Agency: U.S. Department of Justice (USDOJ)

Pass-through Entity: Florida Department of Law Enforcement (FDLE)

Award is hereby made in the amount and for the period shown above of a subgrant under Part E of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 as amended Subpart 1 of such part (42 U.S.C. 3751-3759); the Consolidated Appropriations Act, 2008, Public Law 110-161; and Public Law 109-162, Title XI, Department of Justice Reauthorization, Subtitle B, Improving the Department of Justice's Grant Programs, Chapter 1, Assisting Law Enforcement and Criminal Justice Agencies, Section 1111. Merger of Byrne Grant Program and Local Law Enforcement Block Grant Program, to the above mentioned subgrantee and subject to any attached or special conditions.

This award is subject to all applicable rules, regulations, and conditions as contained in the Office of Justice Programs (OJP) Financial Guide, Common Rule for State and Local Governments, and/or Office of Management and Budget (OMB) Uniform Grant Requirements (2 C.F.R. Part 200), in their entirety. It is also subject to the attached standard conditions and such further rules, regulations and policies as may be reasonably prescribed by the State or Federal Government consistent with the purposes and authorization of Public Law 90-351, as amended, and Public Law 100-690.

This award is a cost-reimbursement agreement for satisfactory performance of eligible activities. Requests for reimbursement may be submitted quarterly or monthly as designated in the Financial Section of the agreement. Requests for reimbursement will be processed in conjunction with receipt and review of programmatic performance reports to determine successful completion of minimum performance for deliverables. Expenditures must be supported with documentation and provided to the Department upon request.

Failure to comply with provisions of this agreement, or failure to meet minimum performance specified in the agreement will result in required corrective action up to and including project costs being disallowed, withholding of federal funds and/or termination of the project, as specified within the terms of the agreement and OMB Uniform Guidance 200.338 - 200.342.

Within thirty (30) days from the date of award, a properly executed Certificate of Acceptance of Subgrant Award must be returned to the Department.

Florida Department of Law Enforcement
Justice Assistance Grant - County-wide

Section 2: Project Overview

General Project Information

Project Title: JAIL ALTERNATIVE INITIATIVE
Subgrant Recipient: Escambia County Board of Commissioners
Implementing Agency: Escambia County Department of Corrections
Project Start Date: 10/1/2017 **End Date:** 9/30/2019

Problem Identification

This is a continuation JAGC program grant for contractual services from 2017-JAGC-ESCA-1-F9-140. This grant was awarded for the project period 10/1/16-9/30/17 in the amount of $50,000. During the course of the grant period all funding was expended and the program has been deemed a success. In the 4th quarter of this grant the Escambia County Department of Corrections was able to successfully monitor 280 participants, this effort reduced the total number of incarcerated offenders.

Escambia County is consistently experiencing overcrowding at the existing correctional facility the Escambia County Jail in Pensacola, Florida. In an effort to mitigate overcrowding, Escambia County advocates for providing alternatives to incarceration in the form of alternative programs and/or monitoring. Offenders frequently are unable to participate in alternative programs due to their inability to pay the fees associated with these programs. These fees are necessary to cover the operating costs of the respective program and are the financial responsibility of the offender. For offenders that are determined to be indigent this provision of financial responsibility creates a barrier preventing offenders from participating in alternative programs. Offenders remain incarcerated even with the availability of alternative programs due to their inability to pay these fees which contributes to the incidence of overcrowding experienced at the Escambia County Jail. Indigent offenders find themselves at an immediate disadvantage compared to those with the financial means to pay the fees associated with release.

There are numerous offenders currently incarcerated with no monetary bond that have been granted release by a judge but remain incarcerated due to the inability to meet the financial obligations associated with the added condition of release. The added condition typically requires the offender to utilize electronic GPS monitoring, drug patches, or SCRAM (secure continuous remote alcohol monitor). Indigent offenders are forced to remain incarcerated simply because they cannot meet the financial obligations of the required tracking equipment and/or supervision. The offenders inability to take part in alternative programs translates into a host of other issues outside of overcrowding at the Escambia County Jail.

Incarcerated offenders are unable to reengage with their families and other vital support systems. The interaction with and support from family members has been shown to reduce offender recidivism. In addition, incarcerated offenders who cannot fulfill the financial obligations associated with court ordered monitoring and/or supervision are again at a disadvantage to their fee-paying counterparts as they are unable to retain or maintain gainful employment. Finally, it is important to note that every incarcerated offender not only adds to the overcrowding problem at the Escambia County Jail, it also results in increased operating costs that are passed along to the taxpayers of Escambia County.

Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

Section 2: Project Overview

Currently the budget for the Escambia County Board of commissioners does not have the resources to fund the Jail Alternative Initiative. Grant funding will provide the assistance necessary for this much needed enhancement.

Project Summary (Scope of Work)

The mission of the Escambia County Community Corrections Division is to provide community-based alternatives to incarceration that ensure public safety, promote responsible behavior and encourage positive lifestyles. When an offender is sentenced to a period of supervision via a community-based alternative to incarceration, the offender is required to pay the associated operational fees. These fees are necessary to maintain the viability of the various programs offered through Escambia County Community Corrections. For offenders who are deemed indigent by the Court and/or the Community Corrections staff, assistance with payment of these fees through the Edward Byrne Memorial Justice Assistance Grant is being sought. The grant will assist in ensuring the release of qualified low-level offenders from the Escambia County Jail. This would reflect a direct reduction in incarcerated offenders at the already overcrowded Escambia County Jail who will alternatively be placed in a supervised community-based program with assistance from the Edward Byrne Memorial Justice Assistance Grant.

The primary emphasis of the Jail Alternative Initiative is to ensure that qualified offenders who are eligible for release are not penalized due to their inability to remit payment for the alternative programs associated fees. The grant will be utilized to offset the cost for indigent offenders released from the Escambia County Jail with an Electronic GPS monitoring device, drug patch, or SCRAM (secure continuous remote alcohol monitor) condition accompanying their terms of release. The fundamental objective of the Jail Alternative Initiative is to provide community-based alternatives to indigent offenders who are incarcerated and have been court-ordered to be released under Community Corrections supervision. This program is not designed and will be prohibited from paying any court ordered bond requirements. Eligible offenders will have no bond requirement and as a condition of release will follow their court ordered provision of monitored GPS, drug patch, or SCRAM program. Providing for the indigent offender population will assist in alleviating the overcrowding at the Escambia County Jail while simultaneously providing indigent individuals the opportunity to participate in an alternative program they would not otherwise have access to.

Escambia County Department of Corrections has a goal to convert 9% of offenders with bonds less than $1,000 to GPS/SCRAM/Drug Patch monitoring as an alternative to jail confinement. The major activities associated with reaching the goals as outlined are the identification of candidates in the target population, registration of those candidates to GPS monitoring, followed by continued growth of the effectiveness of the program using factual data. The timeline for this grant equates to 60 offenders per year or approximately 5 offenders per month with the average length of the sentencing at 180 days.

Escambia County Community Corrections is contracting with Western States Contracting Association-National Association of Purchasing Officers (WSCA-BASPO) to provide indigent offenders with the court ordered tracking component required for their release. Grant funding would be used to remit payment for contractual obligations for approximately 444 offenders in our three (3) target groups: SCRAM; GPS Active; GPS Passive. The provider's minimum

performance required for payment by the County will be established and accounted for through the local subcontract agreement.

Documentation to support costs and activities will consist of a copy of the contractual agreement with the equipment provider, monthly logs with the name or identification number of each participant, the date of enrollment into the program and the date, time and duration of each monitoring appointment. Copies of invoices and payment records will also be provided to support expenditures for reimbursement.

The deliverable for this agreement is the quarterly performance of the tasks and activities described in the scope of work in accordance with the local agency agreement. The County will request reimbursement of allowable costs identified in Section 4, pages 1-2 on a quarterly basis.

All activities discussed in the scope of work or project deliverables are for the contractual services provided to the Escambia County Department of Corrections.

Application for Funding Assistance

Florida Department of Law Enforcement

Section 2: Project Overview

Section Questions:

Question: What percentage of the total cost of this project is being funded by sources other than this award?

Answer: 80

Question: What is the name of the jurisdiction(s) your agency provides service to. (e.g., City of Miami, Orange County, State of Florida)

Answer: Escambia County

Question: What is the address of the location being used to provide services for this project?

Answer: 2251 North Palafox Street, Pensacola, Florida 32501

Question: Describe your agency. (e.g., non-profit, community based, government)

Answer: Government

Question: Have you verified that the subgrantee has an active and current registration in SAM.gov?

Answer: Yes

Question: What is the Operating Capital Outlay threshold used by the subgrantee?
If the implementing agency is a sheriff's office, indicate the sheriff's office's threshold instead.

Answer: $1,000

Question: Does the subgrantee receive a single grant in the amount of $750,000 or more from the U.S. Department of Justice?

Answer: No

Question: Does the implementing agency receive a single grant in the amount of $750,000 or more from the U.S. Department of Justice?

Answer: No

Question: In your organization's preceding completed fiscal year, did your organization (the subgrantee) receive at least (a) 80 percent or (b) $25,000,000 of your annual gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements?

Answer: No

Question: If you answered yes above, does the public have access to information about the compensation of the executives in your organization (the subgrantee) through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986? If answer to Part 1, above, was "no," answer N/A.

Answer: No

Question: What is the combined population of the jurisdiction(s) your agency provides services to (according to the 2010 census)?

Answer: 297619

Florida Department of Law Enforcement
Justice Assistance Grant - County-wide

Section 3: Performance

General Performance Info:

Performance Reporting Frequency: Quarterly

Prime Purpose Area: 08 - Community corrections

State Purpose Area: 1G - General Questions

Objectives and Measures

Objective: General Questions - General Questions for All Recipients

Measure: General 01

Will your organization be using the crimesolutions.gov website during the grant period regardless of JAG funding? Crimesolutions.gov provides information on several crime reduction and prevention programs and practices.

Goal: No

Measure: General 02

Will your organization be using the The National Training and Technical Assistance Center (NTTAC) during the grant period, regardless of JAG funding? The NTTAC serves as BJA's training and technical assistance center. You can find resources, tools, webinars, and TTA support on a variety of criminal justice issues and initiatives.

Goal: No

Measure: General 03

Will your organization be using the NCJP.org website during the grant period, regardless of JAG funding? NCJP.org contains resources to support strategic planning, program development, and implementation of evidence-based policy and practice.

Goal: No

Measure: General 04

Will your organization be using the Evidence-Based Policing Matrix during the grant period regardless of JAG funding? The Evidence-Based Policing Matrix provides information on evidence-based practices for law enforcement.

Goal: No

Measure: General 05

Will your organization be using the What Works in Reentry Clearinghouse during the grant period regardless of JAG funding? The clearinghouse provides research on the effectiveness of reentry programs and practices.

Goal: No

Measure: General 06

Section 3: Performance

Will your organization be using Research to Practice during the grant period regardless of JAG funding? Research to Practice promotes the dissemination of research on drug courts to practitioners and policymakers.

Goal: No

Measure: General 07

Will your organization be using any other resources during the grant period regardless of JAG funding? If yes, please describe them.

Goal: No

Measure: General 08

During the grant period, will your agency conduct or sponsor (with or without JAG funds) a survey or focus group of citizens on any of the following topics? Enter all that apply from the following list: Public satisfaction with police services; public satisfaction with prosecution services; public satisfaction with public defender/indigent defense services; public satisfaction with courts; public perceptions of crime/disorder problems; personal crime experiences of citizens; none of the above; unsure/don't know.

Goal: None of the above

Measure: General 09

During the grant period, which of the following community activities will your organization be involved in, with or without JAG funds and how often will they each occur (yearly, monthly, etc.)? Choose from the following list: Hosting community meetings; attending community meetings; distributing a newsletter, e-mail, or other bulletin; attending community events; conducting social media activities; conducting outreach to minority populations; other (please describe)

Goal: None

Measure: General 10

Law Enforcement Agencies ONLY: In which of the following ways has your agency fostered community involvement in the last year? Enter all that apply from the following list: Citizen Review Board or other review board with citizen representation, Citizen's Police Academy, Internships for university or high school students, Volunteer Program, Auxiliary police officer program, Police Cadet Program, k-12 school programs, Youth Athletic Programs, Other (please Describe), None of the above, Unsure/Don't know.

Goal: N/A

Measure: General 11

Identify the goal(s) you hope to achieve with your funding. If you have multiple goals, describe each goal separately.

Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

Section 3: Performance

Goal: The overall goal is to reduce the total number of incarcerated offenders int he target population.

Measure: General 12

Are the subrecipient and implementing agency aware that they will be required to report on the status of the identified goals during each reporting period?

Goal: Yes

Measure: General 13

Describe any barriers you may encounter which may prevent you from achieving your identified goal(s).

Goal: The only possible barrier would be that of judicial indifference.

Measure: General 14

Are you aware that the Office of Criminal Justice Grants encourages recipients to report on any noteworthy accomplishments, success stories, or program results that they would like to showcase?

Goal: Yes

Measure: General 11b

What major activities are planned for each of your goals listed in question 11?

Goal: The major activities associated with reaching the goals as outlined are the identification of candidates in the target population, matriculation of those candidates to GPS monitoring, followed by evolution of the effectiveness of the program using empirical criteria.

State Purpose Area: 5C - Consultants/Contracts

Objectives and Measures

Objective: Consultants/Contracts - Questions for all recipients using consultants/contracts.

Measure: Consultants1

Please describe what consultants/contracts will be paid for with JAG funds during the grant period. Include names, titles and areas of expertise where applicable.

Goal: Escambia County Community Corrections is currently utilizing the Western States Contracting Association-National Association of Purchasing Officers (WSCA-BASPO) cooperative purchasing agreement. The grant will be utilized to remit payment for GPS services in accordance with this agreement

Section #3 Performance

State Purpose Area: R25 - Questions for recipients of an award $25,000 or more.

Objectives and Measures

Objective: CC General - Community corrections questions for recipients of an award $25,000 or more.

Measure: CC01

How many supervisees does your agency currently have under supervision, regardless of JAG funding?

Goal: 3611

Measure: CC02

How many supervision employees does your office/facility currently have on staff? Please count both full- and part-time employees.

Goal: 10

Measure: CC03

Of the supervision employees your office/facility currently has on staff, how many are JAG funded?

Goal: 0

Measure: CC04

How many nonsupervision employees does your office/facility currently have on staff? Please count both full- and part-time employees.

Goal: 32

Measure: CC05

Of the nonsupervision employees your office/facility currently has on staff, how many are JAG funded?

Goal: 0

Objective: CC Project - Project specific community corrections questions for recipients of an award $25,000 or more.

Measure: CC06

Will you have a specific community corrections program which is partially or fully funded by JAG? If yes, what is the name of this program? (Programs are considered continuous initiatives, processes, or other focused efforts defined by goals and objectives.) If you are operating more than one program, include the names of each one.

Goal: Yes, the Jail Alternative Initiative will be fully funded by JAG.

Measure: CC07

If you will operate a community corrections program with JAG funds during the grant period, what percentage of the program's total costs will be paid for with sources other than this JAG award? If you operated more than one

Section 3: Performance

program, answer for each separately.

Goal: There is no other funding for the Jail Alternative Initiative.

Measure: CC08

If you will operate a community corrections program with JAG funds during the grant period, what was the initiation year of that program, regardless of when it received JAG funding? If you will operate more than one program, answer for each separately.

Goal: 2016

Measure: CC09

Are you or a partner planning or conducting an evaluation of your community corrections program? If you will operate more than one program, answer for each separately.

Goal: Yes

Measure: CC10

If you or a partner are planning or conducting an evaluation of your community corrections program, describe the current status of the evaluation, its purpose, who is conducting the evaluation and the evaluation results if applicable. If you will operate more than one program being evaluated, answer for each separately.

Goal: We will be performing internal evaluation that will be conducted by the Community Corrections Division Manager. It will assess the impact of the Jail Alternative Initiative on the jail population. The evaluation will not begin until the program commences.

Measure: CC11

If you will operate a community corrections program with JAG funds during the grant period, who is the target population. If you will operate more than one program, answer for each separately. Choose all that apply from the following list: All adult community supervisees, All juvenile community supervisees, Subset of adult community supervisees, Subset of juvenile community supervisees, Other (please describe).

Goal: Other, currently incarcerated inmates with bods of $1,000 or less.

Measure: CC12

What community corrections services will you provide during the grant period? If you will operate more than one program, answer for each separately. Choose all that apply from the following list: Cognitive based, Educational, Employment, Healthcare/Medicaid eligibility, Housing, Mental Health, Pro-social, Substance abuse, Transportation, Vocational, Individualized case planning, Family engagement, Other (please describe).

Goal: Educational, employment, mental health, individualized case management and planning, and family engagement.

Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

Section 3: Performance

Measure: CC13

How many JAG-funded staff members are involved in the program? If you will operate more than one program, answer for each separately.

Goal: Zero, there are no JAG-funded staff members.

Measure: CC14

How many non JAG-funded staff members are involved in the program? If you will operate more than one program, answer for each separately.

Goal: There are 4 non JAG-funded staff members that are involved in the program.

Measure: CC15

When are candidates typically assessed/screened for eligibility for services, regardless of JAG funding? Choose from the following: Upon arrest/preadjudication, Within the first 6 weeks of sentencing, Within the first 6 months of sentence/time served, Post release, None of the above, Other (please describe).

Goal: Upon arrest/preadjudication.

Measure: CC16

Regardless of JAG funding, approximately how many candidates will be screened for eligibility for your community corrections program during the grant period? Candidates are those identified at the time of arrest or referred by criminal justice professionals but who may not necessarily be deemed eligible for participation. If you will operate more than one program, answer for each separately.

Goal: Approximately 444 candidates a year will be screened for eligibility related to the Jail Alternative Initiative.

Measure: CC17

Regardless of JAG funding, approximately how many new participants will receive services for the first time during the grant period? If you will operate more than one program, answer for each separately.

Goal: Without JAG funding zero new participants will be considered for the Jail Alternative Initiative.

Measure: CC18

Regardless of JAG funding, how many total participants are currently enrolled in your community corrections program? If you operated more than one program, answer for each separately.

Goal: 4,500

Measure: CC19

Regardless of JAG funding, approximately how many participants will successfully complete all corrections program requirements during the

Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

Section 3: Performance

grant period? If you will operate more than one program, answer for each separately.

Goal: Misdemeanor Probation-528 successful
Check Diversion-939 cases paid
Work Release-204 successful
Pre-Trial Release-1,360 successful
Pre-Trial Diversion-1,212 successful
Electronic Monitoring-389 successful
Community Service Work-626 successful

Measure: CC20

Regardless of JAG funding, approximately how many participants will not complete your community corrections program (unsuccessfully exited) for any reason during the grant period? If you will operate more than one program, answer for each separately.

Goal: Misdemeanor Probation-769 unsuccessful
Check Diversion-761 cases not paid
Work Release-90 unsuccessful
Pre-Trial Release-359 unsuccessful
Pre-Trial Diversion-809 unsuccessful
Electronic Monitoring-157 unsuccessful
Community Service Work-137 unsuccessful

Measure: CC21

Are you aware that you will be required to complete the community corrections questionnaire and submit it to your grant manager alongside each performance report.

Goal: Yes

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

Section 4: Financial (cont.)

Budget Narrative:

In an effort to provide indigent offenders with the court ordered tracking component required for their release, the department aims to utilize the Edward Byrne Memorial Justice Assistance Grant to remit payment for our contractual obligations related to the cost of monitoring equipment. Payment of any bond will be the sole responsibility of the offender. The grant nor the county will provide financial assistance in paying bonds. Community Corrections staff will assess each case referred by the judicial system to determine if a request can be made to the respective judge to waive bond requirements to expedite offender processing into a jail alternative program through monitoring rather than keeping the offender in jail.

The department currently offers two types of electronic GPS monitoring, active monitoring and passive monitoring. Active monitoring is billed at the rate of $3.20 per offender per day and the passive monitoring is billed at the rate of $3.10 per offender per day. The grant funding will also be used to remit payment for the contractual obligations related to SCRAM (secure continuous remote alcohol monitor). The daily monitoring fee for SCRAM is currently $4.05 per offender per day. The drug patch cost for continuous drug monitoring is a one-time fee per patch of $39.35 per unit. All quoted fees are the actual cost to the department, no program income is generated.

Annually, it is estimated that approximately 678 unduplicated offenders will have bonds less than $1,000. Due to financial constraints of many offenders, not all will have the resources to post bond for release and pay for fees associated with the various monitoring programs. While Community Corrections desires to convert a majority of the offenders to a jail alternative initiative program, offender financial constraints and departmental budgetary limitations prevent this from becoming a reality. Community Corrections will not provide financial assistance with posting bond for any referred offender. Taking into consideration the $30,000 potentially available through the Edward Byrne Memorial Justice Assistance Grant, Community Corrections has a goal to convert 9% of offenders with bonds less than $1,000 to GPS/SCRAM/Drug Patch monitoring as an alternative to jail confinement. This equates to 60 offenders per year or approximately 5 offenders per month. Of the 60 offenders per year projected, 7 will be on SCRAM monitoring, 27 will have active GPS monitoring, 16 will have passive GPS monitoring, and 10 will submit to drug patch monitoring. With the average length of the sentencing resulting in 180 days, the financial breakdown for the various types of monitoring is as follows:

7 SCRAM at $4.05/day for 181 days = $5,131
27 Active GPS at $3.20/day for 180 days = $15,552
16 Passive GPS at $3.10/day for 180 days = $8,928
10 Drug Patch at $39.35/each = $394

Budget Total: $30,005.00

In FY17-18, Community Corrections expended in excess of $150,000 in monitoring fees for the indigent population. The Edward Byrne Memorial Justice Assistance Grant is projected to award $30,000 during the grant period leaving a deficit of over $120,000. Community Corrections has limited financial resources to compensate for the shortfall and will continue to seek outside the department to cover the deficit. If this additional funding is not secured, indigent offenders will not have the opportunity to consider jail alternatives even when judges offer release with the added condition

Budget Narrative (Continued):

of electronic GPS monitoring, drug patches, or SCRAM. These offenders will remain incarcerated until their court date.

Since the introduction of the jail alternative program for the indigent in 2016 through the Edward Byrne Memorial Justice Grant, the demand has far exceeded the available funding. Due to increased demand, it is anticipated that the grant award will be fully expended within 2 months. Any expenditures over the cost of allocated JAG funding will be paid by Escambia County.

Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

Section 4: Financial

Section Questions:

Question: If the budget contains salaries and benefits, will this project result in a net personnel increase, or continue to fund a prior federally grant funded net personnel increase?

Answer: No

Question: If Expenses or Operating Capital Outlay are included in your budget, what will be the method of procurement for those items? (e.g., competitive bid, sole source, state term contract)

Answer: Three (3) verbal quotes.

Question: If indirect cost is included, explain the indirect cost plan. Provide documentation of approval.

Answer: N/A

Question: If contractual services in the budget are based on unit costs, provide a definition and breakdown of cost for each service. Include the methodology for the unit cost plan and when it was approved.

Answer: Escambia County Community Corrections is currently utilizing the Western States Contracting Association-National Association of Purchasing Officers (WSCA-BASPO) Contract #00212 as deemed appropriate by the Escambia County Board of County Commissioners competitive bidding process. This agreement was approved for utilization on February 18, 2016 and applies to the pricing plan for both active and passive GPS monitoring units. The current rate is fixed at $3.20 per offender per day for active monitoring and $3.10 per offender per day for passive monitoring. The Community Corrections Division is currently utilizing the lowest priced vendor for SCRAM (secure continuous remote alcohol monitor) units as determined by competitive quotes obtained by the department in October 2015. The current rate for the SCRAM units are $4.05 per offender per day. The drug test patch uses sweat as the specimen source and is worn on the skin for up to 7 days or longer. The patches cost $39.35 per unit for the device and one-time installation. The procurement of drug patches is through a competitive process to ensure that the lowest price is obtained.

Section 5: Standard Conditions

Insert Standard Conditions Page here.

Edward Byrne Memorial Justice Assistance Grant (JAG) Program

SUBAWARD STANDARD CONDITIONS

The State of Florida, Department of Law Enforcement (FDLE) is a recipient of federal JAG funds. FDLE, as the non-federal pass-through entity and State Administering Agency (SAA) for this program, subawards JAG funds to eligible units of government. All subawards made by FDLE to units of government under this program require compliance with the agreement and Standard Conditions upon signed acceptance of the subaward.

Upon approval of the application, or subaward, the following terms and conditions will become binding. As a unit of government, the subrecipient will maintain required state and federal registrations and certifications for eligibility under this program. For JAG-Countywide subawards, the designated County Coordinator for local units of government will submit documentation in accordance with Florida Administrative Code 11D-9 supporting the strategic planning for allocation of these funds. The subrecipient agrees to submit required programmatic and financial reports supporting eligible activities were completed in accordance with the grant and program requirements.

The Department will only reimburse subrecipients for authorized activities. The Department will not reimburse for costs incurred for any purpose other than those specified in the agreement. Failure to comply with provisions of this agreement, or failure to perform grant activities as specified in the agreement, will result in required corrective action up to and including financial consequences. A financial consequence may be imposed for non-compliance in accordance with 2 C.F.R. § 200 and these Standard Conditions, including but not limited to project costs being disallowed, withholding of federal funds and/or termination of the project.

GENERAL REQUIREMENTS

All subrecipients must comply with the financial and administrative requirements set forth in the following:

DEFINITIONS

Disallowed costs means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. See also §§200.12 Capital assets, 200.20 Computing devices, 200.48 General purpose equipment, 200.58 Information technology systems, 200.89 Special purpose equipment, and 200.94 Supplies.

Grant agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302, 6304, is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal awarding agency or pass-through entity's direct benefit or use; and is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Improper payment means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements and; Improper payment includes any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions). It is $3,500 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Non-Federal entity is a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Non-federal pass-through entity is a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program; the Florida Department of Law Enforcement (FDLE) is the non-federal pass-through entity for this agreement, also referred to as the State Administering Agency (SAA).

Period of performance means the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award. The Federal awarding agency or pass-through entity must include start and end dates of the period of performance in the Federal award (see §§200.210 Information contained in a Federal award paragraph (a)(5) and 200.331 Requirements for pass-through entities, paragraph (a)(1)(iv)).

Protected Personally Identifiable Information (PII) means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to social security numbers; passport numbers; credit card numbers; clearances; bank numbers; biometrics; date and place of birth; mother's maiden name; criminal, medical, and financial records; and educational transcripts. This does not include PII that is required by law to be disclosed. (See also § 200.79 Personally Identifiable Information (PII)).

Questioned cost means a cost that is questioned by the auditor because of an audit finding 1) that resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; 2) where the costs, at the time of the audit, are not supported by adequate documentation; or 3) where the costs incurred appear unreasonable and do

not reflect the actions a prudent person would take in the circumstances.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. As of the publication of this part, the simplified acquisition threshold is $150,000, but this threshold is periodically adjusted for inflation. (Also see definition of Micro-purchase, 2 C.F.R.§ 200.67)

Subaward is an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. See also §§200.20 Computing devices and 200.33 Equipment.

SECTION I: TERMS AND CONDITIONS

1.0 **Payment Contingent on Appropriation and Available Funds** - The State of Florida's obligation to pay under this agreement is contingent upon an annual appropriation by the Florida Legislature. Furthermore, the obligation of the State of Florida to reimburse subrecipients for incurred costs is subject to available federal funds.

2.0 **Commencement of Project** - If a project is not operational within 60 days of the original start date of the award period, the subrecipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date.

If a project is not operational within 90 days of the original start date of the award period, the subrecipient must submit a second statement to the Department explaining the implementation delay.

Upon receipt of the ninety (90) day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, unilaterally terminate this agreement and re-obligate subaward funds to other Department approved projects. The Department, where warranted by extenuating circumstances, may extend the starting date of the project past the ninety (90) day period, but only by formal written adjustment to this agreement.

3.0 **Supplanting** - The subrecipient agrees that funds received under this award will not be used to supplant state or local funds, but will be used to increase the amounts of such funds that would, in the absence of federal funds, be made available for law enforcement activities.

4.0 **Personnel Changes** - The subrecipient agrees to promptly notify the Department through the SIMON Help Desk of any change in chief officials or key project staff, including changes to contact information or title changes. The subrecipient acknowledges that some changes in points of contact will require formal grant adjustment to reflect the change in the agreement.

5.0 **Non-Procurement, Debarment and Suspension** - The subrecipient agrees to comply with Executive Order 12549, Debarment and Suspension and 2 C.F.R. § 180, "OMB Guidelines To Agencies On Government wide Debarment And Suspension (Non-procurement)". These procedures require the subrecipient to certify it shall not enter into any lower tiered covered transaction with a person who is debarred, suspended, declared ineligible or is voluntarily excluded from participating in this covered transaction, unless authorized by the Department. If the subaward is $100,000 or more, the sub recipient and implementing agency certify that they and their principals:

1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency;

2) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal

offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

4) Have not within a three-year period preceding this application had one or more public transactions (federal, state, or local) terminated for cause or default.

6.0 Federal Restrictions on Lobbying - In general, as a matter of federal law, federal funds may not be used by any subrecipient at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. § 1913.

Another federal law generally prohibits federal funds from being used by any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. § 1352.

7.0 State Restrictions on Lobbying - In addition to the provisions contained above, the expenditure of funds for the purpose of lobbying the legislature or a state agency is prohibited under this agreement.

8.0 Additional Restrictions on Lobbying - The subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of the Office of Justice Programs.

9.0 "Pay–to–Stay" - Funds from this award may not be used to operate a "pay-to-stay" program in any local jail. Furthermore, no funds may be given to local jails that operate "pay-to-stay" programs. "Local jail", as referenced in this condition, means an adult facility or detention center owned and/or operated by city, county, or municipality. It does not include juvenile detention centers. "Pay-to-stay" programs as referenced in this condition, means a program by which extraordinary services, amenities and/or accommodations, not otherwise available to the general inmate population, may be provided, based upon an offender's apparent ability to pay, such that disparate conditions of confinement are created for the same or similar offenders within a jurisdiction.

10.0 The Coastal Barrier Resources Act - The subrecipient will comply and assure the compliance of all contractors with the provisions of the Coastal Barrier Resources Act (P.L. No. 97-348) dated October 19, 1982 (16 USC 3501 et seq.) which prohibits the expenditure of most new federal funds within the units of the Coastal Barrier Resources System.

11.0 Background Check - Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of § 435, F.S. shall apply.

All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile records checks through the Florida Department of Law Enforcement, and federal criminal records checks through the Federal Bureau of Investigation, and may include local criminal records checks through local law enforcement agencies.

12.0 Such background investigations shall be conducted at the expense of *the employing agency or employee.* Privacy Certification - The subrecipient must comply with all confidentiality requirements of 42 U.S.C. § 3789g and 28 C.F.R. § 22 that are applicable to collection, use, and revelation of data or information. Subrecipient further agrees, as a condition of grant approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. §§ 22 and, in particular, 22.23. Privacy Certification forms must be signed by the subrecipient or implementing agency chief official or an individual with formal, written signature authority for the chief official.

13.0 Conferences and Inspection of Work - Conferences may be held at the request of any

party to this agreement. At any time, a representative of the Department, of the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right of visiting the project site to monitor, inspect and assess work performed under this agreement.

14.0 **Insurance for Real Property and Equipment** - The subrecipient must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with Federal funds as provided to property owned by the non-Federal entity.

15.0 **Flood Disaster Protection Act** - The sub recipient will comply with Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, requiring that the purchase of flood insurance in communities where such insurance is available as a condition of the receipt of any federal financial assistance for construction or acquisition purposes for use in any area that has been identified as an area having special flood hazards.

16.0 **Immigration and Nationality Act** - No public funds will intentionally be awarded to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e), Section 274A(e) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the subrecipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of this contract by the Department.

SECTION II: CIVIL RIGHTS REQUIREMENTS

1.0 **Participant Notification of Non-discrimination** FDLE does not discriminate on the basis of race, color, religion, national origin, sex, disability or age in the delivery of services, benefits or in employment.

2.0 **Title VI of the Civil Rights Act of 1964** - The subrecipient at any tier, must comply with all applicable requirements of 28 CFR § 42, specifically including any applicable requirements in Subpart E that relate to an equal employment opportunity program.

Equal Employment Opportunity Certification (EEOC) - A subrecipient or implementing agency must submit an EEO Certification annually within 120 days of award.

Equal Employment Opportunity Program (EEOP) - A subrecipient or implementing agency must comply with all applicable requirements in 28 C.F.R. §42, Subpart E.

Subrecipients are advised to use the Office for Civil Rights EEO Reporting Tool to satisfy this condition (https://ojp.gov/about/ocr/eeop.htm).

3.0 **Title IX of the Education Amendments of 1972** If the subrecipient operates an education program or activity, the subrecipient must comply with all applicable requirements of 28 C.F.R. § 54, "Nondiscrimination on the basis of sex in education programs or activities receiving federal financial assistance."

4.0 **Equal Treatment for Faith Based Organizations** The subrecipient at any tier, must comply with all applicable requirements of 28 C.F.R. § 38, "Equal Treatment for Faith Based Organizations", specifically including the provision for written notice to current or prospective program beneficiaries.

5.0 **Americans with Disabilities Act** - Subrecipients must comply with the requirements of the Americans with Disabilities Act (ADA), Public Law 101-336, which prohibits discrimination on the basis of disability including provision to provide reasonable accommodations.

6.0 **Section 504 of the Rehabilitation Act of 1973 (28 C.F.R. § 42, Subpart G)** - Subrecipients must comply with all provisions prohibiting discrimination on the basis of disability in both employment and the delivery of services.

7.0 **Age Discrimination Act of 1975** - Subrecipients must comply with all requirements in Subpart I of 28 C.F.R. §42 which prohibits discrimination based on age in federally assisted programs.

8.0 **Limited English Proficiency (LEP)** - In accordance with Department of Justice Guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, subrecipients of federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with LEP. FDLE strongly advises subrecipients to have a written LEP Language Access Plan. For more information visit www.lep.gov.

9.0 **Finding of Discrimination** - In the event a federal or state court or federal or state administrative agency makes, after a due process hearing, a finding of discrimination on the grounds of race, color, religion, national origin, sex, or disability against a subrecipient of funds, the subrecipient will forward a copy of the

finding to FDLE and to the Office for Civil Rights, Office of Justice Programs.

10.0 Filing a Complaint - If the subrecipient or any of its employees, contractors, vendors, or program beneficiaries has a discrimination complaint, they may file a complaint with the subrecipient, with FDLE, or with the Office for Civil Rights.

Discrimination complaints may be submitted to FDLE at Office of the Inspector General, Post Office Box 1489, Tallahassee, Florida 32302-1489, or online at info@fdle.state.fl.us. Any discrimination complaints filed with FDLE will be reviewed by FDLE's Inspector General and referred to the Office for Civil Rights, the Florida Commission on Human Relations, or the Equal Employment Opportunity Commission, based on the nature of the complaint.

Discrimination complaints may also be submitted to the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice, 810 7th Street, Northwest, Washington, D.C. 20531, or by phone at (202) 307-0690.

11.0 Retaliation - In accordance with federal civil rights laws, the subrecipient shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.

12.0 Non-discrimination Contract Requirements - Subrecipients must include comprehensive Civil Rights nondiscrimination provisions in all contracts funded by the subrecipient.

13.0 Pass-through Requirements - Subrecipients are responsible for the compliance of contractors and other entities to whom they pass-through funds including compliance with all Civil Rights requirements. These additional tier subrecipients must be made aware that they may file a discrimination complaint with the subrecipient, with FDLE, or with the USDOJ Office for Civil Rights and provided the contact information.

SECTION III: FINANCIAL REQUIREMENTS AND RESPONSIBILTY

1.0 Fiscal Control and Fund Accounting Procedures - All expenditures and cost accounting of funds shall conform to the DOJ Grants Financial Guide, the 28 C.F.R. § 66, and 2 C.F.R. § 200 as applicable, in their entirety.

Subrecipients are required to establish and maintain adequate accounting systems and financial records and to accurately account for funds awarded to them. Financial management systems must be able to record and report on the receipt, obligation, and expenditure of grant funds; and able to accommodate a fund and account structure to separately track receipts, expenditures, assets, and liabilities for awards, programs, and additional tiered subrecipients. The awarded funds may or may not be an interest bearing account, but any earned interest must be used for program purposes and expended before the federal grant period end date. Any unexpended interest remaining at the end of the federal grant period must be submitted to the Office of Criminal Justice Grants for transmittal to DOJ.

2.0 Match - The value or amount of any "non-federal share," "match," or cost-sharing contribution incorporated into the approved budget is part of the "project cost" for purposes of the 2 C.F.R. § 200 Uniform Requirements, and is subject to audit. In general, the rules and restrictions that apply to award funds from federal sources also apply to funds in the approved budget that are provided as "match" or through "cost sharing."

SECTION IV: SUBAWARD MANAGEMENT AND REPORTING REQUIREMENTS

1.0 Obligation of Subrecipient Funds - Subaward funds shall not under any circumstances be obligated prior to the effective date, or subsequent to the termination date, of the period of performance. Only project costs incurred on or after the effective date, and on or prior to the termination date of the subrecipient's project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the subaward period of performance.

2.0 Use of Funds - Grant funds may be used only for the purposes in the subrecipient's approved application. Subrecipients shall not undertake any work or activities not described in the approved grant award, and that use staff, equipment, or other goods or services paid for with grant funds, without prior written approval from FDLE's Office of Criminal Justice Grants (OCJG).

3.0 Advance Funding - Advance funding may be provided to a subrecipient upon a written request to the Department. The request must be electronically signed by the subrecipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

4.0 Performance and Reporting

Reporting Time Frames - The Project Director,

Application Manager, or Performance Contacts shall submit Monthly or Quarterly Project Performance Reports to the Department, within fifteen (15) days after the end of the reporting period. In addition, if the subaward period is extended beyond the "original" project period, additional Project Performance Reports shall be submitted.

Failure to Submit - Performance Reports that are not complete, accurate, and timely may result in sanctions, as specified in Section IV, Subaward Management and Reporting Requirements.

Report Contents - Performance Reports must include a response to all objectives included in your subaward. A detailed response is required in the narrative portion for yes/no performance objectives. Submitted performance reports must clearly articulate, where appropriate, performance during the execution of the award has met a standard against which the subrecipient's performance can be measured. The narrative must also reflect on accomplishments for the period and identify problems with project implementation and address actions being taken to resolve the problems. Additional information may be required if necessary to comply with federal reporting requirements.

Requirement for Data on Performance and Effectiveness Under the Award - The subrecipient must collect and maintain data that measures the performance and effectiveness of work under this award. The data must be provided to OCJG in the manner (including within the timeframes) specified by OCJG. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, and other applicable laws.

Financial Consequences for Failure to Perform - In accordance with s. 215.971 F.S., payments for state and federal financial assistance must be directly related to the scope of work and meet the minimum level of performance for successful completion. If the subrecipient fails to meet the minimum level of service or performance identified in this agreement, or is customary for subawards, then the Department will apply financial consequences commensurate with the deficiency. Financial consequences may include but are not limited to withholding payments or reimbursement until the deficiency is resolved, tendering only partial payment/reimbursement, imposition of other financial consequences according to the Standard Conditions as applicable, and/or termination of contract and requisition of goods or services from an alternate source. Any payment made in reliance on subrecipient's evidence of performance, which evidence is subsequently determined to be erroneous, will be immediately due to the Department as an overpayment.

5.0 Grant Adjustments - Subrecipients must submit a grant adjustment through SIMON for major substantive changes such as changes in project activities or scope of the project, target populations, service providers, implementation schedules, project director, and designs or research plans set forth in the approved agreement and for any budget changes that affect a cost category that was not included in the original budget. Adjustments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.

Subrecipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.

Under no circumstances can transfers of funds increase the total budgeted award.

Requests for changes to the subaward agreement must be electronically signed by the subrecipient or implementing agency's chief official or the chief official's designee.

All requests for changes must be submitted in SIMON no later than ninety (90) days prior to grant expiration date.

6.0 Financial Expenditures and Reporting

Reporting Requirements - The subrecipient shall have a choice of submitting either a Monthly or a Quarterly Project Expenditure Report to the Department. Project Expenditure Reports are due thirty (30) days after the end of the reporting period. In addition, if the subaward period is extended, additional Project Expenditure Reports shall be submitted.

All project expenditures for reimbursement of subrecipient costs shall be submitted on the Project Expenditure Report Forms prescribed and provided by the Office of Criminal Justice Grants (OCJG) through the SIMON (Subgrant Information Management Online).

All Project Expenditure Reports shall be submitted in sufficient detail for proper pre-audit and post-audit.

All reports must relate financial data to performance accomplishments.

Before the "final" Project Expenditure Report will be processed, the subrecipient must submit to the Department all outstanding project reports and must have satisfied all special conditions. Failure to comply with the above provisions shall result in forfeiture of reimbursement.

Reports are to be submitted even when no reimbursement is being requested.

Submission - The report must be electronically signed by the subrecipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

7.0 **Project Generated Income (PGI)** - All income generated as a direct result of a sub project shall be deemed program income. Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (i.e., law enforcement entity).

Required Reports - The subrecipient shall submit Quarterly PGI Earnings and Expenditures Reports to the Department within thirty (30) days after the end of the reporting period covering subaward project generated income and expenditures during the previous quarter. If any PGI remains unspent after the subaward ends, the subrecipient must continue submitting quarterly PGI reports until all funds are expended.

PGI Expenditure - Program income should be used as earned and expended as soon as possible and used to further the objects in which the award was made. Any unexpended PGI remaining at the end of the federal grant period must be submitted to OCJG for transmittal to the Bureau of Justice Assistance.

Submission - PGI Earnings and Expenditures reports must be electronically signed by the subrecipient or implementing agency's chief financial officer or the chief financial officer's designee.

8.0 **Subrecipient Integrity and Performance Matters** - Requirement to report information on certain civil, criminal, and administrative proceedings to OCJG, SAM and FAPIIS.

The subrecipient must comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either this award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, subrecipients of OJP awards are required to report information about such proceedings, through the federal System for Award Management ("SAM"), to the designated federal integrity and performance system ("FAPIIS").

SECTION V: MONITORING AND AUDITS

1.0 **Access to Records** - The Florida Department of Law Enforcement, the Auditor General of the State of Florida, the U.S. Department of Justice, the U.S. Comptroller General or any of their duly authorized representatives, shall have access to books, documents, papers and records of the subrecipient, implementing agency and contractors for the purpose of audit and examination according to the Financial Guide and the 28 C.F.R. § 66. At any time, a representative of the Department, the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right to visit the project site to monitor, inspect and assess work performed under this agreement.

The Department reserves the right to unilaterally terminate this agreement if the subrecipient, implementing agency, or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of s. 119, F.S., unless specifically exempted and/or made confidential by operation of s. 119, F.S., and made or received by the subrecipient or its contractor in conjunction with this agreement.

The subrecipient will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.

2.0 **Monitoring** - The recipient agrees to comply with FDLE's grant monitoring guidelines, protocols, and procedures; and to cooperate with FDLE on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide FDLE all documentation necessary to complete monitoring of the award. Further, the recipient agrees to abide by reasonable deadlines set by FDLE for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the recipient's award, including, but not limited to: withholding and/or other restrictions on the recipient's access to funds, referral to the Office of the Inspector General for audit review, designation of the recipient as a FDLE High Risk grantee, or termination of award(s).

3.0 **Property Management** - The subrecipient shall establish and administer a system to protect,

preserve, use, maintain and dispose of any property furnished to it by the Department or purchased pursuant to this agreement according to federal property management standards set forth in the DOJ Grants Financial Guide, and 28 C.F.R. § 66. This obligation continues as long as the subrecipient retains the property, notwithstanding expiration of this agreement.

Property Use - The subrecipient must use equipment acquired under a Federal award for the authorized purposes of the project during the period of performance, or until the property is no longer needed. Subrecipients must use, manage and dispose of equipment acquired under a Federal award in accordance with ss. 274, F.S. Tangible Property and 200.313, F.S., Equipment.

4.0 Subaward Closeout - A Financial Closeout Audit shall be submitted to the Department within forty-five (45) days of the end date of the performance period.

The Financial Closeout Audit report located in SIMON must be electronically signed .by the subrecipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

Subaward Closeout will be initiated by the Department after the Financial Closeout has been completed and approved. Failure to submit closeout reports timely will result in an Administrative Closeout by the Department.

5.0 High Risk Subrecipients - If a subrecipient is designated "high risk" by a federal grant-making agency, currently or at any time during the course of the period of performance under this award, the subrecipient must disclose that fact and certain related information to FDLE's OCJG. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the subrecipient's past performance, or other programmatic or financial concerns with the subrecipient. The subrecipient's disclosure must include the following: 1. The federal awarding agency that currently designates the subrecipient high risk, 2. The date the subrecipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

6.0 Imposition of Additional Requirements - The subrecipient agrees to comply with any additional requirements that may be imposed by OCJG during the period of performance for this award, if the subrecipient is designated as "high risk" for purposes of the DOJ high-risk grantee list.

7.0 Retention of Records - The subrecipient shall maintain all records and documents for a minimum of five (5) years from the date of the final financial statement and be available for audit and public disclosure upon request of duly authorized persons. The subrecipient shall comply with State of Florida General Records Schedule GS1-SL for State and Local Government Agencies: http://dos.myflorida.com/media/693574/general-records-schedulegs01-sl.pdf .

8.0 Disputes and Appeals - The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The subrecipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the subrecipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The subrecipient's right to appeal the Department's decision is contained in § 120, F.S., and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S.

9.0 Failure to Address Audit Issues - The subrecipient understands and agrees that FDLE's OCJG may withhold award funds, or may impose award conditions or other related requirements, if (as determined by OCJG) the subrecipient does not satisfactorily and promptly address outstanding issues from audits required by the 2 C.F.R. § 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews.

10.0 Single Annual Audit - Subrecipients that expend $750,000 or more in a year in federal awards shall have a single audit or program-specific audit conducted for that year. The audit shall be performed in accordance with the OMB 2 C.F.R. § 200 Subpart F – Audit Requirements and other applicable federal law. The contract for this agreement shall be identified in the Schedule of Federal Financial Assistance in the subject audit. The contract shall be identified as federal funds passed through the Florida Department of Law Enforcement and include the contract number, CFDA number, award amount, contract period, funds received and disbursed. When applicable, the subrecipient shall submit an annual financial audit that meets the requirements of 2 C.F.R. § 200 Subpart F, "Audit Requirements" s. 215.97, F.S., "Florida Single Audit Act" and Rules of the Auditor General, Chapter 10.550, and Chapter

10.650, "Local Governmental Entity Audits" and "Florida Single Audit Act Audits Nonprofit and For-Profit Organizations."

A complete audit report that covers any portion of the effective dates of this agreement must be performed and submitted to the Federal Audit Clearinghouse within the earlier of thirty (30) calendar days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Submissions must include required elements described in Appendix X to 2 C.F.R. § 200 on the specified Data Collection Form (Form SF-SAC).

Records shall be made available upon request for a period of five (5) years from the date the audit report is issued, unless extended in writing by the Department.

Subrecipients that expend less than $750,000 in federal awards during a fiscal year are exempt from the Single Audit Act audit requirements for that fiscal year. In this case, written notification, in the form of the "Certification of Audit Exemption" form, shall be provided to the Department by the Chief Financial Officer, or designee, that the subrecipient is exempt. This notice shall be provided to the Department no later than March 1 following the end of the fiscal year.

SECTION VI: SUBAWARD PROCUREMENT AND COST PRINCIPLES

1.0 Procurement Procedures - Subrecipients must have written procedures for procurement transactions. Procedures must conform to applicable Federal law and the standards in 2 C.F.R. §§ 200.318-326.

This condition applies to agreements that OCJG considers to be a procurement "contract", and not a second tier subaward.

The details of the advance approval requirement to use a noncompetitive approach in a procurement contract under this award are posed on the OJP website at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm.

Additional information on Federal purchasing guidelines can be found in the Guide to Procurements Under DOJ Grants and Cooperative agreements at https://ojp.gov/funding/Implement/Resources/GuideToProcurementProcedures.pdf.

2.0 Cost Analysis - A cost analysis must be performed by the subrecipient if the cost or price is at or above the $35,000 acquisition threshold and the contract was awarded non-competitively in accordance with s. 216.3475, F.S. The subrecipient must maintain records to support the cost analysis, which includes a detailed budget, documented review of individual cost elements for allowability, reasonableness, and necessity. See also Chief Financial Officer Memorandum No. 02 (2012-2013).

3.0 Allowable Costs - Allowance for costs incurred under the subaward shall be determined according to the general principles and standards for selected cost items set forth in the DOJ Grants Financial Guide, 28 C.F.R. § 66, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments", and 2 C.F.R. § 200.405(e), "Cost Principles".

4.0 Unallowable Costs - Payments made for costs determined to be unallowable by either the Federal awarding agency, or the Department, either as direct or indirect costs, must be refunded (including interest) to FDLE and the Federal Government in accordance with instructions that determined the costs are unallowable unless state or Federal statute or regulation directs otherwise. See also 2 C.F.R. §§ 200.300-309.

5.0 Indirect Cost Rate - A subrecipient that is eligible to use the "de minimis" indirect cost rate described in 2 C.F.R. § 200.414(f), and elects to do so, must advise OCJG in writing of both its eligibility and its election, and must comply with all associated requirements in the 2 C.F.R. § 200 and Appendix VII.

6.0 Sole Source - If the project requires a non-competitive purchase from a sole source, the subrecipient must complete the Sole Source Justification for Services and Equipment Form and submit to OCJG upon application for pre-approval. If the subrecipient is a state agency and the cost meets or exceeds $150,000, the subrecipient must also receive approval from the Department of Management Services (DMS) (s. 287.057(5), F.S.). The Sole Source form must be signed by the subrecipient or implementing agency chief official or chief official designee. Additional details on the sole source requirement can be found at 2 C.F.R. § 200 and the DOJ Grants Financial Guide.

7.0 Personal Services - Subrecipients may use grant funds for eligible personal services including salaries, wages, and fringe benefits, including overtime in accordance with the DOJ Grants Financial Guide Section 3.9 - Compensation for Personal Services, consistent with the principles set out in 2 C.F.R. § 200, Subpart E and those permitted in the federal

program's authorizing legislation. Subrecipient employees should be compensated with overtime payments for work performed in excess of the established work week and in accordance with the subrecipient's written compensation and pay plan.

Documentation - Charges for salaries, wages, and fringe benefits must be supported by a system of internal controls providing reasonable assurance that charges are accurate, allowable, and properly allocated. Documentation supporting charges must be incorporated into the official records of the organization.

Charges made to the Personnel Budget Category must reasonably reflect the total time and activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies. Where grant subrecipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives.

8.0 Contractual Services - The subrecipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts as described in 2 C.F.R. § 200.318, General procurement.

Requirements for Contractors of Subrecipients - The subrecipient assures the compliance of all contractors with the applicable provisions of Title I of the Omnibus Crime Control and Safe Streets Act of 1968, as amended 42 U.S.C. § 3711 et seq.; the provisions of the current edition of the DOJ Grants FinancialGuide(https://ojp.gov/financialguide/doj/pdfs/DOJ FinancialGuide.pdf); and all other applicable federal and state laws, orders, circulars, or regulations. The subrecipient must pass-through all requirements and conditions applicable to the federal grant award/subaward to any subcontract. The term "contractor" is used rather than the term "vendor" and means an entity that receives a contract as defined in 2 C.F.R. § 200.22, the nature of the contractual relationship determines the type of agreement.

Approval of Consultant Contracts Compensation for individual consultant services must be reasonable and consistent with that paid for similar services in the marketplace. The Federal awarding agency and pass-through entity must review and approve in writing all consultant contracts prior to employment of a consultant when the individual compensation rate exceeds $650 (excluding travel and subsistence costs) per eight-hour day, or $81.25 per hour. A detailed justification must be submitted to and approved by FDLE, who will coordinate written approval of the Federal awarding agency, prior to subrecipient obligation or expenditures of such funds. Approval shall be based upon the contract's compliance with requirements found in the Financial Guide Section 3.6 Consultant Rates, 28 C.F.R. § 66, and applicable state statutes. The Department's approval of the subrecipient agreement does not constitute approval of individual consultant contracts or rates. If consultants are hired through a competitive bidding process (not sole source), the $650 threshold does not apply.

FFATA Reporting Requirements - Subrecipients that enter into subawards of $25,000 or more should review the Federal Funding Accountability and Transparency Act of 2006 (FFATA), website for additional reporting requirements at https://ojp.gov/funding/Explore/FFATA.htm

9.0 Travel and Training - The cost of all travel shall be reimbursed according to the subrecipient's written travel policy. If the subrecipient does not have a written travel policy, cost of all travel will be reimbursed according to State of Florida Travel Guidelines § 112.061, F.S. Any foreign travel must obtain prior written approval from the Federal awarding agency and pass-through entity.

10.0 Expenses Related to Conferences, Meetings, Trainings, and Other Events - Subgrant funds requested for meetings, retreats, seminars, symposia, events, and group training activities and related expenses must receive written pre-approval from the Federal awarding agency and pass-through entity and comply with all provisions in 2 C.F.R. § 200.432 and DOJ Grants Financial Guide Section 3.10; Conference Approval, Planning, and Reporting. Subgrant applications requesting approval for meeting, training, conference, or other event costs must include a completed Conference & Events Submission Form for approval prior to obligating subgrant funds for these purposes.

11.0 Training and Training Materials – Any training or training materials that has been developed or delivered with grant funding under this award must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at www.ojp.gov/funding/ojptrainingguidingprinciples.htm.

12.0 Publications, Media and Patents Ownership of Data and Creative Material - Ownership of material, discoveries, inventions, and results developed, produced, or discovered subordinate

to this agreement is governed by the terms of the DOJ Grants Financial Guide, 28 C.F.R. §§ 66, and 200.315.

Publication or Printing of Materials - Publication costs for electronic and print media, including distribution, promotion, and general handling are allowable. If these costs are not identifiable with a particular direct cost objective, it should be allocated as indirect costs. Publication includes writing, editing, and preparing the illustrated material (including videos and electronic mediums).

Subrecipients must request pre-approval in writing for page charges for professional journal publications. All publication materials must comply with provisions in 2 C.F.R. § 200.461 and DOJ Grants Financial Guide, Section 3.9; Allowable Costs – Publication.

Subrecipients must submit for review and approval one (1) copy of any curricula, training materials, or any other written materials to be published, including web-based materials and website content, to be paid under this award at least thirty (30) days prior to the targeted dissemination date.

All electronic and print materials paid under this award must contain the following statements identifying the federal award:

1) "This project was supported by Grant No. 2017-MU-BX-0187 awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for Victims of Crime, and the SMART Office. Points of view or opinions in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice."

   Any website that funded in whole or in part under this award must include the same statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a web-based service, including any pages that provide results or outputs from the service.

Patents - Subrecipients are subject to applicable regulations governing patents and inventions, including government wide regulations issued by the Department of Commerce (27 C.F.R. § 401 and 2 C.F.R. § 200.315(c)).

Subrecipients must promptly and fully report to FDLE and the Federal awarding agency if any program produces patentable items, patent rights, processes, or inventions, in the course of work sponsored under this award.

13.0 Information Technology Projects

Criminal Intelligence Systems - The subrecipient agrees that any information technology system funded or supported by the Office of Justice Programs funds will comply with 28 C.F.R. § 23, Criminal Intelligence Systems Operating Policies, if the Office of Justice Programs determines this regulation to be applicable. Should the Office of Justice Programs determine 28 C.F.R. § 23 to be applicable, the Office of Justice Programs may, at its discretion, perform audits of the system, as per 28 C.F.R. § 23.20(g). Should any violation of 28 C.F.R. § 23 occur, the subrecipient may be fined as per 42 U.S.C. § 3789g(c)-(d). The subrecipient may not satisfy such a fine with federal funds.

The subrecipient understands and agrees that no awarded funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. In doing so the subrecipient agrees that these restrictions will not limit the use of awarded funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.

State IT Point of Contact - The subrecipient must ensure that the State IT Point of Contact receives written notification regarding any information technology project funded by this grant during the obligation and expenditures period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these grant funds. In addition, the subrecipient must maintain an administrative file documenting the meeting of this requirement. For a list of State IT Points of Contact, go to https://it.ojp.gov/technology-contacts.

The State IT Point of Contact will ensure the subrecipient's project follows a statewide comprehensive strategy for information sharing systems that improve the functioning of the criminal justice system, with an emphasis on integration of all criminal justice components, law enforcement, courts, prosecution, corrections, and probation and parole.

Interstate Connectivity - To avoid duplicating existing networks or IT systems in any initiatives funded by the Bureau of Justice Assistance for

law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the subrecipient can demonstrate to the satisfaction of the Bureau of Justice Assistance that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

ADP Justification - The subrecipient must complete an Automated Data Processing (ADP) equipment and Software and Criminal Justice Information and Communication Systems Request for Approval form if the purchase of any ADP equipment is to be made. This form must be submitted upon application if applicable and pre-approval must be obtained. ADP Justification must be signed by the subrecipient or implementing agency chief official or an individual with formal, written signature authority for the chief official.

14.0 Interoperable Communications Guidance - Subrecipients using funds to support emergency communications activities must comply with the current SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334.

Subrecipients interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The subrecipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP) and are fully coordinated with the full-time Statewide Interoperability Coordinator (SWIC). If any future regulatory requirement (from the FCC or other governmental entity) results in a material technical or financial change in the project, the subrecipient should submit associated documentation, and other material, as applicable, for review by the SWIC to ensure coordination. Subrecipients must provide a listing of all communications equipment purchased with grant award funding (plus the quantity purchased of each item) to FDLE once items are procured during any periodic programmatic progress reports.

15.0 Global Standards Package - In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the grantee to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular grant. Grantee shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at www.it.ojp.gov/gsp_grantcondition. Grantee shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

SECTION VII: COMPLIANCE WITH 8 U.S.C. § 1373

1.0 In regards to the program or activity funded under this subaward and throughout the period of performance for this award, no state or local government entity, agency or official may prohibit or in any way restrict:

Any government entity or official from sending or receiving information regarding citizenship or immigration status as described in 8 U.S.C. 1373(a); or a government entity or agency from sending, requesting or receiving, maintaining, or exchanging information regarding immigration status as described in 8 U.S.C. 1373(b). For the purposes of this subaward, any prohibition (or restriction) that violates this condition is an "information-communication restriction."

2.0 A subaward to a state or local government or a public institution of higher education, cannot be made unless a properly executed certification of compliance with 8 U.S.C. 1373, signed by the chief legal officer of the subrecipient entity has been received by OCJG. Similarly, subrecipients cannot make a further subaward to a state or local government or a public institution of higher education, unless it first obtains a properly executed certification of compliance with 8 U.S.C. 1373 signed by the chief legal officer of the third tier subrecipient.

3.0 Funding under this award cannot be subawarded to any subrecipient at any tier that is either a state or unit of local government or a public institution of higher education that is subject to any "information-communication restriction."

4.0 Subrecipients must notify FDLE (in writing) if it has credible evidence that indicates that a funded program or activity of a subrecipient at any tier that is either a state or local government or a public institution of higher education, may be subject to any "information-communication restriction."

5.0 For **STATE AGENCIES**: With respect to the program or activity that is funded by this subaward, as of the date the subrecipient accepts this subaward, and throughout the remainder of the period of performance for the award-

i. A state statute or a state rule, regulation, policy or practice must be in place that is designed to ensure that agents of the United States acting under color of federal law are given access to any state (or state contracted) correctional facility for the purpose of permitting such agents to meet with individuals who are (or are believed by such agents to be) aliens and to inquire as to such individuals' right to be or remain in the United States.

ii. A state statute, or a state rule, regulation, policy or practice must be in place that is designed to ensure that, when a state (or state contracted) correctional facility receives a formal written request authorized by the Immigration and Nationality Act from DHS that seeks advance notice of the scheduled release date and time for a particular alien, they will honor the request and as early as practicable, provide the request notice to DHS.

6.0 For units of **LOCAL GOVERNMENT**: With respect to the program or activity that is funded by this subaward, as of the date the subrecipient accepts this subaward, and throughout the remainder of the period of performance for the award-

i. A local ordinance, rule, regulation, policy or practice (or an applicable state statute, rule, regulation policy or practice) must be in place that is designed to ensure that agents of the United States acting under color of federal law are given access to any state (or state contracted) correctional facility for the purpose of permitting such agents to meet with individuals who are (or are believed by such agents to be) aliens and to inquire as to such individuals' right to be or remain in the United States.

ii. A local ordinance, rule, regulation, policy or practice (or an applicable state statute, rule, regulation policy or practice) must be in place that is designed to ensure that, when a local government (or local government contracted) correctional facility receives a formal written request authorized by the Immigration and Nationality Act from DHS that seeks advance notice of the scheduled release date and time for a particular alien, they will honor the request and as early as practicable, provide the request notice to DHS.

7.0 Monitoring of compliance with the requirements of this condition will be conducted by FDLE.

8.0 Nothing in this condition shall be understood to authorize any subrecipient at any tier to violate any federal law, including any applicable civil rights or nondiscrimination law.

IMPORTANT NOTE: Any questions about the meaning or scope of this condition should be directed to FDLE prior to award acceptance.

SECTION VIII: ADDITIONAL REQUIREMENTS

1.0 **Environmental Protection Agency's (EPA) list of Violating Facilities** - The subrecipient assures that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.

2.0 **National Environmental Policy Act (NEPA)**

The subrecipient agrees to assist FDLE in complying with the NEPA, the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of subaward funds by the subrecipient. This applies to the following new activities whether or not they are being specifically funded with these subaward funds. That is, it applies as long as the activity is being conducted by the subrecipient or any third party and the activity needs to be undertaken in order to use these subaward funds. Accordingly, the subrecipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes.

If it is determined that any of the following activities will be funded by the grant, the recipient agrees to contact FDLE OCJG.

1) New construction;

2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain; a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;

3) A renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;

4) Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or educational environments; and

5) Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The subrecipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by the Bureau of Justice Assistance. The subrecipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed by the Department of Justice at https://www.bja.gov/Funding/nepa.html, for programs relating to methamphetamine laboratory operations.

3.0 National Historic Preservation Act – The Act will assist the Department (if necessary) in assuring compliance with section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. § 470), Ex. Order 11593 (identification and protection of historic properties), the Archeological and Historical Preservation Act of 1974 (16 U.S.C. § 469 a-1 et seq.), and the National Environmental Policy Act of 1969 (42 U.S.C. § 4321).

4.0 Human Research Subjects - Subrecipient agrees to comply with the requirements of 28 C.F.R. part 46 and all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.

5.0 Disclosures

Conflict of Interest - The subrecipient and implementing agency will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. Subrecipients must disclose in writing any potential conflict of interest to FDLE (the non-federal pass-through entity).

Violations of Criminal Law - The subrecipient and implementing agency must disclose all violations of state or federal criminal law involving fraud, bribery or gratuity violations potentially affecting the sub award.

6.0 Uniform Relocation Assistance and Real Property Acquisitions Act - The subgrant recipient will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. § 4601 et seq.), which govern the treatment of persons displaced as a result of federal and federally-assisted programs.

7.0 Limitations on Government Employees Financed by Federal Assistance - The subrecipient will comply with requirements of 5 U.S.C. §§ 1501-08 and §§ 7324-28, which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

8.0 Funds to Association of Community Organizations for Reform Now (ACORN) Unallowable - Subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract or subaward to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of OJP.

9.0 Text Messaging While Driving - Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), and §316.305, F.S., the subrecipient is encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this subaward and to establish workplace safety policies and conduct education, awareness, and

other outreach to decrease crashes caused by distracted drivers.

10.0 DNA Testing of Evidentiary Materials and Upload of DNA Profiles to a Database - If PREA program funds will be used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System (CODIS), by a government DNA lab with access to CODIS. No profiles generated with JAG funding may be entered into any other non-governmental DNA database without prior express written approval from BJA. For more information, refer to the NIJ FY 2012 DNA Backlog Reduction Program, available at https://www.ncjrs.gov/pdffiles1/nij/sl001062.pdf.

In addition, funds may not be used for purchase of DNA equipment and supplies when the resulting DNA profiles from such technology are not accepted for entry into CODIS (the National DNA Database operated by the FBI).

11.0 Environmental Requirements and Energy - For subawards in excess of $100,000, the subrecipient must comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). The subrecipient must comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871), if any.

12.0 Other Federal Funds - The subrecipient agrees that if it currently has an open award of federal funds or if it receives an award of federal funds other than this award, and those awards have been, are being, or are to be used, in whole or in part, for one or more of the identical cost items for which funds are being provided under this award, the subrecipient will promptly notify, in writing the grant manager for this award, and, if so requested by OCJG seek a budget modification or change of project scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

13.0 Trafficking in Persons - The subrecipient must comply with applicable requirements pertaining to prohibited conduct relating to the trafficking of persons, whether on the part of recipients, subrecipients or individuals defined as "employees" of the subrecipient. The details of the recipient and subrecipient obligations related to prohibited conduct related to trafficking in persons are incorporated by reference and posted at www.ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm.

AI-16029 **County Administrator's Report 10. 5.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: 1st Extension to the Interlocal Agreement between Escambia County and the Pensacola DIB for Management and Operation of County Parking Facilities
From: Robert E. Dye, Interim Facilites Director
Organization: Facilities Management
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the First Extension of the Interlocal Agreement for the Management and Operation of County Parking Facilities - Robert E. Dye, Interim Department Director

That the Board take the following action concerning the First Extension of Interlocal Agreement between Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board for the management and operation of County parking facilities:

A. Approve the First Extension of the Interlocal Agreement; and

B. Authorize the Chairman to sign the First Extension of Interlocal Agreement and any subsequent Agreement-related documents, including time extensions.

[Funding: Fund 001, General Fund, Cost Center 310203, Maintenance; Fund 001, General Fund, Cost Center 310207, Utilities]

BACKGROUND:

This is the First Extension of the Interlocal Agreement between Escambia County and the Pensacola Downtown Improvement Board (DIB) for the period of April 7, 2019 through April 6, 2024.

On April 3, 2014 the Board approved an Interlocal Agreement between the County and the DIB. The DIB is responsible for parking enforcement at the Intendencia Street Parking Garage from 7:00am until 5:30pm Monday through Friday, except

on designated holidays. For after-hours special events parking occurring from 5:30pm until 6:00am Monday through Friday and on weekends, the DIB has the authority and responsibility for the management and operation of the two parking structures.

The DIB shall pay the County a minimum fee of $50.00 for each parking structure per special event, and the County and DIB shall share on an equal basis (50/50) any net revenue collected in excess of the $50.00 for each parking structure.

BUDGETARY IMPACT:

Funding: Fund 001 - General Fund, Cost Center 310203 Maintenance; Fund 001 - General Fund, Cost Center 310207 Utilities

LEGAL CONSIDERATIONS/SIGN-OFF:

This First Extension of Interlocal Agreement was prepared by and approved as to form and legal sufficiency by the County Attorney's Office.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires approval of Interlocal Agreements.

IMPLEMENTATION/COORDINATION:

The First Extension of Interlocal Agreement will be coordinated with the Pensacola Downtown Improvement Board (DIB).

DIB 1st Extension

Interlocal Agreement April 2014

STATE OF FLORIDA
COUNTY OF ESCAMBIA

FIRST EXTENSION OF INTERLOCAL AGREEMENT BETWEEN THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AND THE PENSACOLA DOWNTOWN IMPROVEMENT BOARD

THIS FIRST EXTENSION OF INTERLOCAL AGREEMENT is made by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as the "County"), with administrative offices located at 221 Palafox Place, Pensacola, Florida 32502 and the Pensacola Downtown Improvement Board of Pensacola, Florida, a public body corporate and politic of the State of Florida (hereinafter referred to as the "DIB"), with administrative offices at 41 North Jefferson Street, Suite 401, Pensacola, Florida 32502 (each being at times referred to as a "party" or "parties").

WITNESSETH:

WHEREAS, the parties entered into that certain Interlocal Agreement between Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board with an effective date of April 7, 2014 to address their respective responsibilities relating to management and operation of the County parking facilities located in the downtown area; and

WHEREAS, Section 3.1 of the Interlocal Agreement states that it may be extended for three additional five (5) year periods upon mutual agreement of the parties; and

WHEREAS, the parties have agreed to extend the Interlocal Agreement under the same terms and conditions for an additional five-year period;

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the receipt of sufficiency of which is hereby acknowledged, the parties agree as follows:

1. The foregoing recitals are true and correct and incorporated herein by reference.

2. The Interlocal Agreement is hereby extended for an additional five-year period beginning on April 7, 2019 and continuing through April 6, 2024.

3. In all other respects, the Interlocal Agreement remains unchanged and in full force and effect.

IN WITNESS WHEREOF, the parties hereto have made and executed this First Extension on the respective dates under each signature.

COUNTY:
ESCAMBIA COUNTY, FLORIDA, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

STATE OF FLORIDA
COUNTY OF ESCAMBIA

INTERLOCAL AGREEMENT BETWEEN THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AND THE PENSACOLA DOWNTOWN IMPROVEMENT BOARD

THIS AGREEMENT is made by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as the "County"), with administrative offices located at 221 Palafox Place, Pensacola, Florida 32502 and the Pensacola Downtown Improvement Board of Pensacola, Florida, a public body corporate and politic of the State of Florida (hereinafter referred to as the "DIB"), with administrative offices at 41 North Jefferson Street, Suite 401, Pensacola, Florida 32502 (each being at times referred to as a "party" or "parties").

WITNESSETH:

WHEREAS, the parties have legal authority to perform certain public works within their respective jurisdictions; and

WHEREAS, the parties are authorized by §§163.01, Florida Statutes et seq., to enter into Interlocal agreements and thereby cooperatively utilize their powers and resources in the most efficient manner possible; and

WHEREAS, as the governing bodies of the County and the City, they recognize the leadership roles they play in assisting and guiding the development of the County's local economy and improving its economic base; and

WHEREAS, the DIB was created through an act of the Legislature of the State of Florida for the purpose of correcting blight, preserving and enhancing property values, encouraging and facilitating economic development, attracting and retaining commercial and residential development, beautifying downtown Pensacola, and marketing and promoting downtown Pensacola to attract more customers, clients, residents, and other users of downtown Pensacola; and

WHEREAS, on or about February 21, 2008, the parties previously entered into an Interlocal Agreement wherein the DIB assumed responsibility for the management and operation of County parking facilities located in downtown area; and

WHEREAS, the parties have agreed to revise their respective responsibilities as it relates to the management and operation of said County parking facilities; and

WHEREAS, as a result, the parties now jointly find it advantageous and appropriate to enter into this Agreement to establish the terms relating to the management and operation of said County parking facilities as provided herein.

Verified By: OH
Date: 4/7/2014

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the receipt of sufficiency of which is hereby acknowledged, the parties agree as follows:

Article 1
Purpose

1.1 The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

1.2 This Agreement hereby establishes the terms relating to the management and operation of County parking facilities as provided herein.

1.3 This Agreement is intended to supersede in its entirety the prior Interlocal Agreement between the County and the DIB, dated February 21, 2008, relating to the creation of a comprehensive downtown parking strategy for centralized and efficient management of downtown parking facilities.

Article 2
Responsibilities of Parties

2.1 The County parking facilities that are the subject of this agreement shall be the Intendencia Street Parking Garage located on the corner of Baylen Street and Intendencia Street (hereinafter the "*Intendencia Garage*") and the Judicial Center Parking Garage located on the corner of Baylen Street and Main Street (hereinafter the "*Judicial Garage*"). For the purpose of this Agreement, said facilities may be referred to collectively as the "*Parking Facilities*".

2.2 Upon the effective date of this Agreement, the County shall assume authority and responsibility for the maintenance and daily operating costs of the County Parking Facilities subject to the following terms and conditions:

A. Maintenance. The County shall be responsible for the cleaning and maintenance of the County Parking Facilities.

B. Utilities. The County shall be responsible for the payment of all utilities associated with the operation of the County Parking Facilities.

C. Security Cameras. The County shall be responsible for the maintenance and operation of any security cameras in the County Parking Facilities.

D. Signage. The County shall have the authority and responsibility to select, site, and install parking directional, informational, branding, promotional, and way finding signage in the County Parking Facilities.

E. Planning and Procedures. The County shall have the authority and responsibility for all parking planning, modification and implementation, including parking and loading configurations, parking times and schedules.

F. ADA Compliance. The County shall be responsible for providing accessible parking facilities for disabled citizens as required by the Americans with Disabilities Act (ADA) and Chapter 11 of the Florida Building Code. Any changes undertaken to reconfigure existing handicapped parking placement or any other modifications to the Parking Facilities shall comply with all applicable governmental regulations and the Federal Accessibility Board Guidelines relating to the Americans with Disabilities Act (ADA).

G. Property Casualty Insurance. The County shall maintain property casualty insurance for the Parking Facilities at its sole expense, which may be self-insured at the sole discretion of the County. In the event said Parking Facilities may be damaged by fire, casualty or natural disaster and such damage renders the facilities totally or partially destroyed or substantially untenantable, the County reserves the right in its sole discretion to repair the facilities or terminate this Agreement.

2.3 Upon the effective date of this Agreement, the DIB shall assume authority and responsibility for the management of the County Parking Facilities subject to the following terms and conditions:

A. Parking Enforcement. As permitted by state law, the DIB shall have authority and responsibility to provide personnel that meet all state statutory and County Code requirements for the provision of parking enforcement duties in the *Intendencia Garage* from 7:00 a.m. until 5:30 p.m., Monday through Friday, except on designated holidays. Said parking enforcement shall include, but not be limited to, loading zone violations, taxi zone violations, unpermitted parking violations, and handicapped parking violations. Parking violation rates will be consistent with on-street parking violation rates and shall be determined by the DIB . The DIB may not lease parking spaces to third parties or otherwise permit third parties to utilize County Parking Facilities unless specifically provided in this agreement.

All costs incurred by the DIB in connection with the performance of Parking Enforcement pursuant to this Agreement shall be borne by the DIB.

B. Special Event Parking. The DIB shall have authority and responsibility for the management and operation of County Parking Facilities for special events occurring from 5:30 p.m. until 6:00 a.m., Monday through Friday, and on weekends. Special event parking rates shall be determined by the DIB. The DIB may not lease parking spaces to third parties or otherwise permit third parties to utilize County Parking Facilities unless specifically provided in this agreement.

The DIB shall pay a minimum fee of $50.00 for each parking facility per special event, and the County and DIB shall share on an equal basis (50/50) any net revenue

collected in excess of $50.00 for each parking facility per event for special event parking.

The DIB shall be responsible for providing parking attendants and security during such events and all post-event clean-up. All costs associated with the employment of any parking attendants, insurance per subsection 2.3 G. herein, security, and post-event clean-up shall be authorized operating costs. Unless otherwise specified herein, all costs incurred by the DIB in connection with the performance of this Agreement shall be borne by the DIB.

C. Net Revenue. The DIB shall maintain separate accounting for net revenue collected pursuant to this Agreement. Said funds shall be separately identified from any other DIB funds. All parking net revenue collected pursuant to this Agreement shall be accounted in said manner and reported to the County on a monthly basis along with payment of the County's net revenue share for special event parking as provided above.

For the purpose of this Agreement, *net revenue* shall mean gross receipts less authorized operating costs per subsection 2.3 B. herein from special event parking revenues.

D. ADA Compliance. The parties recognize and agree that certain special events must provide accessible parking for disabled citizens. The DIB shall be responsible for providing access to such parking facilities as required by the Americans with Disabilities Act (ADA).

E. Employee Parking Placards. The DIB shall be responsible for preparing and distributing employee parking placards that will permit any County employee displaying such placard access to the County Parking Facilities at any time, subject to space availability.

F. Loss Control and Safety. The DIB shall retain control over its employees, agents, subcontractors, and invitees and its activities on and about the subject County Parking Facilities, and to that end, the DIB shall not be deemed an agent of the County. The DIB shall exercise precaution at all times for the protection of all persons, including its employees, agents, subcontractors and invitees on and about the Parking Facilities. Further, the DIB shall take prompt action where loss control/safety measures would be reasonably expected.

G. Insurance. During the term of this Agreement, the DIB shall maintain the following insurance coverage at its sole expense:

(1) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(2) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(3) Excess or Umbrella Liability coverage.

(4) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

All liability coverage shall be through carriers admitted to do business in the State of Florida. Certificates of insurance shall be provided to the County. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days notice of cancellation.

The DIB's required coverage shall be considered primary as it relates to all provisions of the Agreement and any other insurance considered excess, over and above the DIB's coverage.

2.4 Effective Date. This Agreement shall become effective when filed in the Office of the Clerk of the Circuit Court of Escambia County, Florida. The County shall be responsible for such filing.

Article 3
General Provisions

3.1 Term and Termination: The term of this agreement shall be for five (5) years beginning on the effective date as provided herein. The Agreement may be extended for three additional five (5) year periods upon mutual agreement of the parties.

This Agreement may be terminated at any time upon mutual agreement of the parties. This Agreement may be terminated by either party for cause or convenience upon 30 days written notice by the terminating party to the other party of such termination.

3.2 Records: The parties acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to

disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. In the event a party fails to abide by the provisions of Chapter 119, Florida Statutes, the other party may, without prejudice to any right or remedy and after giving that party, seven (7) days written notice, during which period the party fails to allow access to such documents, terminate this Agreement.

3.3 Assignment: This Agreement or any interest herein shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the parties, without the prior written consent of the other party.

3.4 All Prior Agreements Superseded:

A. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

B. It is further agreed that no modification, amendment, or alteration in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

3.5 Headings: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

3.6 Survival: All other provisions, which by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

3.7 Governing Law: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue, for any matter, which is the subject of this Agreement shall be in the County of Escambia.

3.8 Interpretation: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

A. If the City discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the City shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

B. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

3.9 Severability: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed to enforced as if this Agreement did not contain such invalid or unenforceable portion of provision.

3.10 Further Documents: The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provisions of this Agreement.

3.11 No Waiver: The failure of a party to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

3.12 Notices: All notices required or made pursuant to this Agreement by either party to the other shall be in writing and delivered by hand or by United States Postal Service, first class mail, postage prepaid, return receipt requested, addressed to the following:

TO THE COUNTY
County Administrator
221 Palafox Place
Post Office Box 1591
Pensacola, FL 32597

TO THE DIB
Executive Director
41 North Jefferson Street
Suite 401
Pensacola, FL 32502

Either party may change its above noted address by giving written notice to the other party in accordance with the requirements of this section.

3.13 Liability: The parties hereto, their respective elected officials, officers, and employees shall not be deemed to assume any liability for the acts, omissions, or negligence of the other party. The County and DIB, as local governmental bodies of the State of Florida as defined in §768.28, Florida Statutes, agree to be fully responsible for their individual negligent acts or omissions or tortious acts which result in claims or suits against the other party and agree to be fully liable for any damages caused by said acts or omissions. Nothing herein is intended to serve as a waiver of sovereign immunity by either party and nothing herein shall be construed as consent by either party to be sued by third parties in any matter arising out of this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates, under each signature.

Issue: Interlocal Agreement Between Escambia County and the Pensacola Downtown Improvement Board for Management and Operation of County Parking Facilities
From: David Wheeler, Department Director
Organization: Facilities Management
CAO Approval:

RECOMMENDATION:

Recommendation Concerning an Interlocal Agreement for the Management and Operation of County Parking Facilities - David W. Wheeler, CFM, Facilities Management Department Director

That the Board take the following action concerning the Interlocal Agreement between Escambia County Board of County Commissioners and the Pensacola Downtown Improvement Board for the management and operation of County parking facilities:

A. Approve the Interlocal Agreement; and

B. Authorize the Chairman to sign the Interlocal Agreement and any subsequent Agreement-related documents, including time extensions.

[Funding: Fund 001, General Fund, Cost Center 310203, Maintenance; Fund 001, General Fund, Cost Center 310207, Utilities]

BACKGROUND:

On February 21, 2008 the Board approved an Interlocal Agreement between Escambia County and the Pensacola Downtown Improvement Board (DIB) for the Creation of a Comprehensive Downtown Parking Strategy for the Centralized and Efficient Management of Downtown Parking Facilities. This agreement provides for the management of the County's two Parking Structures; Intendencia Street Parking Garage (Ernie Lee Magaha Government Building) and the Baylen Street Parking Garage (M.C. Blanchard Judicial Building). This agreement authorized the DIB to lease 116 parking spaces on the top level of the Intendencia Street Parking Garage and manage all after-hours and weekend parking for special events in both parking structures. The DIB's management of these two parking structures began on April 1, 2008.

This new Interlocal Agreement will supersede in its entirety the prior Interlocal Agreement

between the County and the DIB, dated February 21, 2008. The County and the DIB have agreed to revise their respective responsibilities as it relates to the management and operation of the County's two parking structures.

The DIB has agreed to terminate its lease rights for the exclusive use of the 116 designated parking spaces in the Intendencia Street Parking Garage and cease reimbursing the County the agreed upon monthly pro-rata share of the Gulf Power electrical account. The County has agreed to resume the responsibilities of providing the maintenance and repairs to this parking structure.

The DIB will be responsible for parking enforcement at the Intendencia Street Parking Garage from 7:00am until 5:30pm Monday through Friday, except on designated holidays. For after-hours special events parking occurring from 5:30pm until 6:00am Monday through Friday and on weekends, the DIB will have the authority and responsibility for the management and operation of the two parking structures.

The DIB shall pay the County a minimum fee of $50.00 for each parking structure per special event, and the County and DIB shall share on an equal basis (50/50) any net revenue collected in excess of the $50.00 for each parking structure.

BUDGETARY IMPACT:

Funding: Fund 001 - General Fund, Cost Center 310203 Maintenance; Fund 001 - General Fund, Cost Center 310207 Utilities

LEGAL CONSIDERATIONS/SIGN-OFF:

This Interlocal Agreement has been reviewed and approved as to form and legal sufficiency by the County Attorney's Office.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires approval of Interlocal Agreements.

IMPLEMENTATION/COORDINATION:

This Interlocal Agreement will be coordinated with the Pensacola Downtown Improvement Board (DIB).

DIB Interlocal

STATE OF FLORIDA
COUNTY OF ESCAMBIA

INTERLOCAL AGREEMENT BETWEEN THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AND THE PENSACOLA DOWNTOWN IMPROVEMENT BOARD

THIS AGREEMENT is made by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as the "County"), with administrative offices located at 221 Palafox Place, Pensacola, Florida 32502 and the Pensacola Downtown Improvement Board of Pensacola, Florida, a public body corporate and politic of the State of Florida (hereinafter referred to as the "DIB"), with administrative offices at 41 North Jefferson Street, Suite 401, Pensacola, Florida 32502 (each being at times referred to as a "party" or "parties").

WITNESSETH:

WHEREAS, the parties have legal authority to perform certain public works within their respective jurisdictions; and

WHEREAS, the parties are authorized by §§163.01, Florida Statutes et seq., to enter into Interlocal agreements and thereby cooperatively utilize their powers and resources in the most efficient manner possible; and

WHEREAS, as the governing bodies of the County and the City, they recognize the leadership roles they play in assisting and guiding the development of the County's local economy and improving its economic base; and

WHEREAS, the DIB was created through an act of the Legislature of the State of Florida for the purpose of correcting blight, preserving and enhancing property values, encouraging and facilitating economic development, attracting and retaining commercial and residential development, beautifying downtown Pensacola, and marketing and promoting downtown Pensacola to attract more customers, clients, residents, and other users of downtown Pensacola; and

WHEREAS, on or about February 21, 2008, the parties previously entered into an Interlocal Agreement wherein the DIB assumed responsibility for the management and operation of County parking facilities located in downtown area; and

WHEREAS, the parties have agreed to revise their respective responsibilities as it relates to the management and operation of said County parking facilities; and

WHEREAS, as a result, the parties now jointly find it advantageous and appropriate to enter into this Agreement to establish the terms relating to the management and operation of said County parking facilities as provided herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the receipt of sufficiency of which is hereby acknowledged, the parties agree as follows:

Article 1
Purpose

1.1 The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

1.2 This Agreement hereby establishes the terms relating to the management and operation of County parking facilities as provided herein.

1.3 This Agreement is intended to supersede in its entirety the prior Interlocal Agreement between the County and the DIB, dated February 21, 2008, relating to the creation of a comprehensive downtown parking strategy for centralized and efficient management of downtown parking facilities.

Article 2
Responsibilities of Parties

2.1 The County parking facilities that are the subject of this agreement shall be the Intendencia Street Parking Garage located on the corner of Baylen Street and Intendencia Street (hereinafter the "*Intendencia Garage*") and the Judicial Center Parking Garage located on the corner of Baylen Street and Main Street (hereinafter the "*Judicial Garage*"). For the purpose of this Agreement, said facilities may be referred to collectively as the "*Parking Facilities*".

2.2 Upon the effective date of this Agreement, the County shall assume authority and responsibility for the maintenance and daily operating costs of the County Parking Facilities subject to the following terms and conditions:

A. Maintenance. The County shall be responsible for the cleaning and maintenance of the County Parking Facilities.

B. Utilities. The County shall be responsible for the payment of all utilities associated with the operation of the County Parking Facilities.

C. Security Cameras. The County shall be responsible for the maintenance and operation of any security cameras in the County Parking Facilities.

D. Signage. The County shall have the authority and responsibility to select, site, and install parking directional, informational, branding, promotional, and way finding signage in the County Parking Facilities.

E. Planning and Procedures. The County shall have the authority and responsibility for all parking planning, modification and implementation, including parking and loading configurations, parking times and schedules.

F. ADA Compliance. The County shall be responsible for providing accessible parking facilities for disabled citizens as required by the Americans with Disabilities Act (ADA) and Chapter 11 of the Florida Building Code. Any changes undertaken to reconfigure existing handicapped parking placement or any other modifications to the Parking Facilities shall comply with all applicable governmental regulations and the Federal Accessibility Board Guidelines relating to the Americans with Disabilities Act (ADA).

G. Property Casualty Insurance. The County shall maintain property casualty insurance for the Parking Facilities at its sole expense, which may be self-insured at the sole discretion of the County. In the event said Parking Facilities may be damaged by fire, casualty or natural disaster and such damage renders the facilities totally or partially destroyed or substantially untenantable, the County reserves the right in its sole discretion to repair the facilities or terminate this Agreement.

2.3 Upon the effective date of this Agreement, the DIB shall assume authority and responsibility for the management of the County Parking Facilities subject to the following terms and conditions:

A. Parking Enforcement. As permitted by state law, the DIB shall have authority and responsibility to provide personnel that meet all state statutory and County Code requirements for the provision of parking enforcement duties in the *Intendencia Garage* from 7:00 a.m. until 5:30 p.m., Monday through Friday, except on designated holidays. Said parking enforcement shall include, but not be limited to, loading zone violations, taxi zone violations, unpermitted parking violations, and handicapped parking violations. Parking violation rates will be consistent with on-street parking violation rates and shall be determined by the DIB . The DIB may not lease parking spaces to third parties or otherwise permit third parties to utilize County Parking Facilities unless specifically provided in this agreement.

All costs incurred by the DIB in connection with the performance of Parking Enforcement pursuant to this Agreement shall be borne by the DIB.

B. Special Event Parking. The DIB shall have authority and responsibility for the management and operation of County Parking Facilities for special events occurring from 5:30 p.m. until 6:00 a.m., Monday through Friday, and on weekends. Special event parking rates shall be determined by the DIB. The DIB may not lease parking spaces to third parties or otherwise permit third parties to utilize County Parking Facilities unless specifically provided in this agreement.

The DIB shall pay a minimum fee of $50.00 for each parking facility per special event, and the County and DIB shall share on an equal basis (50/50) any net revenue

collected in excess of $50.00 for each parking facility per event for special event parking.

The DIB shall be responsible for providing parking attendants and security during such events and all post-event clean-up. All costs associated with the employment of any parking attendants, insurance per subsection 2.3 G. herein, security, and post-event clean-up shall be authorized operating costs. Unless otherwise specified herein, all costs incurred by the DIB in connection with the performance of this Agreement shall be borne by the DIB.

C. Net Revenue. The DIB shall maintain separate accounting for net revenue collected pursuant to this Agreement. Said funds shall be separately identified from any other DIB funds. All parking net revenue collected pursuant to this Agreement shall be accounted in said manner and reported to the County on a monthly basis along with payment of the County's net revenue share for special event parking as provided above.

For the purpose of this Agreement, *net revenue* shall mean gross receipts less authorized operating costs per subsection 2.3 B. herein from special event parking revenues.

D. ADA Compliance. The parties recognize and agree that certain special events must provide accessible parking for disabled citizens. The DIB shall be responsible for providing access to such parking facilities as required by the Americans with Disabilities Act (ADA).

E. Employee Parking Placards. The DIB shall be responsible for preparing and distributing employee parking placards that will permit any County employee displaying such placard access to the County Parking Facilities at any time, subject to space availability.

F. Loss Control and Safety. The DIB shall retain control over its employees, agents, subcontractors, and invitees and its activities on and about the subject County Parking Facilities, and to that end, the DIB shall not be deemed an agent of the County. The DIB shall exercise precaution at all times for the protection of all persons, including its employees, agents, subcontractors and invitees on and about the Parking Facilities. Further, the DIB shall take prompt action where loss control/safety measures would be reasonably expected.

G. Insurance. During the term of this Agreement, the DIB shall maintain the following insurance coverage at its sole expense:

(1) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(2) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(3) Excess or Umbrella Liability coverage.

(4) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

All liability coverage shall be through carriers admitted to do business in the State of Florida. Certificates of insurance shall be provided to the County. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days notice of cancellation.

The DIB's required coverage shall be considered primary as it relates to all provisions of the Agreement and any other insurance considered excess, over and above the DIB's coverage.

2.4 Effective Date. This Agreement shall become effective when filed in the Office of the Clerk of the Circuit Court of Escambia County, Florida. The County shall be responsible for such filing.

Article 3
General Provisions

3.1 Term and Termination: The term of this agreement shall be for five (5) years beginning on the effective date as provided herein. The Agreement may be extended for three additional five (5) year periods upon mutual agreement of the parties.

This Agreement may be terminated at any time upon mutual agreement of the parties. This Agreement may be terminated by either party for cause or convenience upon 30 days written notice by the terminating party to the other party of such termination.

3.2 Records: The parties acknowledge that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to

disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. In the event a party fails to abide by the provisions of Chapter 119, Florida Statutes, the other party may, without prejudice to any right or remedy and after giving that party, seven (7) days written notice, during which period the party fails to allow access to such documents, terminate this Agreement.

3.3 Assignment: This Agreement or any interest herein shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the parties, without the prior written consent of the other party.

3.4 All Prior Agreements Superseded:

A. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

B. It is further agreed that no modification, amendment, or alteration in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

3.5 Headings: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

3.6 Survival: All other provisions, which by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

3.7 Governing Law: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue, for any matter, which is the subject of this Agreement shall be in the County of Escambia.

3.8 Interpretation: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

A. If the City discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the City shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

B. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

3.9 Severability: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed to enforced as if this Agreement did not contain such invalid or unenforceable portion of provision.

3.10 Further Documents: The parties shall execute and deliver all documents and perform further actions that may be reasonably necessary to effectuate the provisions of this Agreement.

3.11 No Waiver: The failure of a party to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

3.12 Notices: All notices required or made pursuant to this Agreement by either party to the other shall be in writing and delivered by hand or by United States Postal Service, first class mail, postage prepaid, return receipt requested, addressed to the following:

TO THE COUNTY	**TO THE DIB**
County Administrator	Executive Director
221 Palafox Place	41 North Jefferson Street
Post Office Box 1591	Suite 401
Pensacola, FL 32597	Pensacola, FL 32502

Either party may change its above noted address by giving written notice to the other party in accordance with the requirements of this section.

3.13 Liability: The parties hereto, their respective elected officials, officers, and employees shall not be deemed to assume any liability for the acts, omissions, or negligence of the other party. The County and DIB, as local governmental bodies of the State of Florida as defined in §768.28, Florida Statutes, agree to be fully responsible for their individual negligent acts or omissions or tortious acts which result in claims or suits against the other party and agree to be fully liable for any damages caused by said acts or omissions. Nothing herein is intended to serve as a waiver of sovereign immunity by either party and nothing herein shall be construed as consent by either party to be sued by third parties in any matter arising out of this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates, under each signature.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16030 **County Administrator's Report 10. 6.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Second Renewal of Lease Agreement between Escambia County and Artel, Inc.
From: Robert E. Dye, Interim Facilites Director
Organization: Facilities Management
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Second Renewal of Lease Agreement between Escambia County and Artel, Inc. - Robert E. Dye - Facilities Management Interim Department Director

That the Board take the following action regarding the Second Renewal of Lease Agreement between Escambia County and Artel, Inc.:

A. Approve the Second Renewal of Lease Agreement between Escambia County and Artel Inc., for space on the first floor of the Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida, for an additional five-year term, commencing on February 19, 2020; and

B. Authorize the Chairman to sign the Renewal of Lease Agreement.

[Funding: Lessee shall pay the County rent in the amount of $1.00 per year for the renewal term]

BACKGROUND:

On February 9, 2010 the Board approved a Lease Agreement with Artel, Inc. for the space on the first floor of the Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida. Artel, Inc. On December 11, 2014 the Board approved the First Renal of the Lease Agreement. Artel has requested to renew the lease for an additional five (5) year term.

Artel has requested to have this lease approved early so that they can apply for a Sunday's Child Grant. Each year, the membership of Sunday's Child awards

grants to local charities and economic initiatives in amounts ranging from $25,000 to $50,000. Sunday's Child grants help fund initiatives that address a community need or help develop projects in support of the greatest good for the Pensacola Bay Area. Grant funding comes from membership contributions, and each membership of Sunday's Child will have a vote toward selecting the funded projects. The project Artel is submitting for the Grant is to add a kitchen area to an existing room off the main gallery. With the numerous public events that Artel hosts there is a lack of space for event preparation (i.e.. food preparation, general kitchen storage, refrigeration, etc.)

BUDGETARY IMPACT:

Artel, Inc. will pay rent of One Dollar ($1.00) per year.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Renewal of Lease was prepared by the County Attorney's Office and approved as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires the approval of the Board for lease agreements involving County-owned property.

IMPLEMENTATION/COORDINATION:

Signatures are required by both parties.

SECOND RENEWAL OF LEASE AGREEMENT BETWEEN ESCAMBIA COUNTY AND ARTEL, INC.

This Second Renewal to Lease (Second Renewal) is made and entered this ____ day of _____ 2019 by and between Escambia County, a political subdivision of the State of Florida (County) and Artel, Inc., a Florida corporation not-for-profit (Artel).

WITNESSETH

WHEREAS, the County and Artel entered that certain Lease dated February 19, 2010 for a portion of real property known as Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida 32502; and

WHEREAS, section 2 of the Lease states that it may be renewed for successive five (5) year terms, provided that Artel delivers to the County written notice of its intent to renew at least ninety (90) days prior to expiration of the current term; and

WHEREAS, the County and Artel entered that certain First Renewal of Lease Agreement dated December 11, 2014; and

WHEREAS, Artel has timely requested to renew the term of the Lease for a second additional five (5) year term; and

WHEREAS, the County has determined that it is in the best interest of the public to renew the term of the Lease as provided below;

NOW, THEREFORE, for and in consideration of the mutual covenants and conditions set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. The above-recitals are true and correct and incorporated herein by reference.

2. The term of the Lease shall be renewed for an additional five (5) years commencing on February 19, 2020 and ending on February 18, 2025.

3. In all other respects, the provisions of the Lease remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the County and Artel have caused this Second Renewal to be executed on the day and year first written above.

LEASE AGREEMENT
BETWEEN
ESCAMBIA COUNTY
AND
ARTEL, INC.

THIS LEASE AGREEMENT is made and entered into this 18th day of February, 2010 by and between Artel, Inc., a Florida corporation not-for-profit, whose address is Post Office Box 704, Pensacola, Florida 32591 ("Artel"), and Escambia County, a political subdivision of the State of Florida, whose address is 221 Palafox Place, Pensacola, Florida 32502 ("County").

Verified By: K. Wood
Date: 2/19/10

WITNESSETH:

WHEREAS, Escambia County is the owner of real property commonly known as the Old Escambia County Courthouse, formerly the United States Customs Building, and located at 223 Palafox Place, Pensacola, Escambia County, Florida 32502 (the "Courthouse"); and

WHEREAS, Artel ("Lessee") is a non-profit corporation that provides the Northwest Florida region with a forum for experimental and contemporary art exhibitions and programs dedicated to enrichment and education of the community; and

WHEREAS, Artel has requested that the County lease to it a portion of the Courthouse for operation of a visitor's information center, exhibitions, office space, classrooms, and other supporting uses to further promote regional visual arts, education programs and community outreach; and

WHEREAS, the Board of County Commissioners for Escambia County has determined that it is in the best interests of the County and the public to lease a portion of the Courthouse to Artel under the terms and conditions stated below.

NOW, THEREFORE, for the reasons set forth herein and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

1. Recitals. The foregoing recitals are true and correct and incorporated by reference.

2. Property Leased. The County leases to Artel a portion of the First Floor of the Courthouse located at 223 South Palafox Place, Pensacola, Florida, more particularly described in the attached Exhibit A (the "Property").

3. Term. The initial term of the Lease shall be for five (5) years, commencing on February 19th, 2010 ("Effective Date"). This Lease may be renewed for successive terms of five (5) years, provided that Artel delivers to the County written notice of its intent to renew at least ninety (90) days prior to the expiration of the current term.

4. Rent. Artel shall pay to the County as rent the sum of One Dollar ($1.00) per year.

5. Construction of Improvements. No new permanent improvements shall be constructed on the Property unless Artel first obtains written authorization from the County. Artel shall be responsible for obtaining all permits necessary for any construction or improvements. Upon termination or expiration of this Lease, any such improvements or personal property not removed by Artel may be disposed of by the County in any manner the County deems appropriate, without liability to the County. Any and all improvements made must be consistent with the historic character of the Courthouse.

6. Maintenance and Utilities. The County shall be responsible for routine maintenance of the Property. Artel shall be responsible for ensuring that the Property is kept in a neat, safe, and orderly condition. The County will provide electricity, water, sewer, sanitation services, and pest control. Artel shall be responsible for all other utility service charges, including telephone, internet, and cable television.

Routine custodial services shall be provided by the County in accordance with the County's current custodial contract. Artel shall be responsible for any additional custodial services required during weekends, holidays, and any special events. Artel shall obtain any additional custodial services from the County's contracted custodial service, and the costs of any such additional custodial services shall be borne exclusively by Artel.

7. Repairs. The County shall repair the Property, including the structural elements, roof, doors, windows, electrical system, heating and air conditioning system, plumbing system, painting, carpet or other floor covering, and fixtures. The cost of such repairs shall be the responsibility of the County except to the extent that the damage or condition necessitating the repair is the result of the negligent or willful misconduct of Artel, its officers, employees, agents, and invitees.

8. Inspection. Artel shall regularly inspect the Property and any improvements and promptly correct and/or notify the County, as appropriate, of any situation that would reasonably be perceived to represent a danger or hazard to persons or to the Property. ARTEL accepts the Property "as is" on the Effective Date of this Lease Agreement with no warranties regarding suitability of use.

9. Indemnification. Artel agrees to hold harmless, pay on behalf of, protect, defend, and indemnify the County, its officers, agents, and employees from and against any demand, claim, suit, loss, expense, or damage which may be asserted against any of them by reason of any alleged loss or damage to property or injury to or death of any person arising out of or in any way related to the use or possession of the Property by Artel.

10. Insurance. During the term of the Lease, Artel shall procure and maintain general liability insurance (to include liquor liability) with coverage of $1,000,000 per occurrence and aggregate limits, including coverage for bodily injury, broad form property damage, operations, products and completed operations, contractual liability covering this Lease Agreement and personal injury. In anticipation of alcohol being served, Artel shall provide evidence of coverage

for liquor liability in an amount equal to the general/umbrella/excess liability coverage. If the general liability insurance covers liquor liability, Artel's agent or insurer shall provide written documentation to confirm that coverage already applies to this Lease. If liquor liability coverage is not included in the general/umbrella/excess liability policies, the policies must be endorsed to extend coverage for liquor liability, or a separate policy must be purchased to provide liquor liability coverage in the amount required. All insurance carriers must be rated "A," VII or higher by the most recently published edition of A.M. Best rating guide. Artel shall provide thirty (30) days prior written notice to Escambia County before any change in or cancellation of any of the identified coverages.

Escambia County must be provided the certificates of insurance which reflect Escambia County, Post Office Box 1591, Pensacola, Florida 32597-1591, as an "additional insured" and the certificate holder. Certificates must be mailed to Michael Watts, Risk Manager, Post Office Box 1591, Pensacola, Florida 32597-1591. Certificates must reflect a thirty (30) day notice of cancellation and non-renewal clauses. Certificates of insurance will be satisfactory to the County with all succeeding coverages and carriers to be consecutive to prior coverages.

No provision of the Lease can be construed, or in any way is intended to be construed, as a waiver of Escambia County's sovereign immunity or any other limitation of liability of Escambia County. Escambia County is self-insured for liabilities in excess of the amounts provided under Section 768.28, Florida Statutes.

Artel agrees not to violate, or knowingly or negligently permit or allow to be violated, any condition of any insurance policies required by the Lease. All insurance coverage of Artel must be primary to any insurance or self-insurance carried by Escambia County applicable to the Lease. The acceptance by Escambia County of any Certificate of Insurance shall not constitute approval or agreement by Escambia County that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with this Lease Agreement.

11. Use of Premises. Artel shall use the Property solely for operating a visitor information center that provides information to the public on art and cultural events and exhibits and other similar attractions in the local area, and a venue for visual arts exhibitions, educational programs, community outreach programs, and special art and cultural events sponsored by Artel. Artel shall ensure that access to the Property and the visitor's information center is open and available to the public without any admission fee between 10:00 a.m. and 4:00 p.m., Tuesday through Saturday. Artel may charge an admission fee for other events and exhibits sponsored by Artel. During the opening of art exhibitions and other special events, Artel may serve wine to its members and guests, provided, however, that the wine is not sold and that Artel complies with and obtains any permits and licenses that may be required by state and local laws and regulations. Otherwise, consumption of alcoholic beverages on the property is prohibited.

12. Termination. Either party may terminate this Lease for cause upon thirty (30) days' written notice or convenience upon one hundred eighty (180) days' written notice. Upon termination, Artel shall return the Property to the County in good condition and repair any

damage resulting from any improvements installed and removed by Artel, normal wear and tear excepted.

13. Rent, Notices and Correspondence. Rent, notices and correspondence to the County and Artel under this Lease will be addressed to, mailed, or delivered to the following:

COUNTY:
County Administrator or designee
Escambia County, Florida
221 Palafox Place
Pensacola, Florida 32502

ARTEL, INC.:
Suzanne Robbert, President
Artel, Inc.
P. O. Box 704
Pensacola, Florida 32591

With a copy of notices and correspondence to:
County Attorney
Escambia County Attorney's Office
221 Palafox Place, Suite 430
Pensacola, Florida 32502

Notices will be delivered personally, by overnight courier, or by U.S. Mail. Notices delivered personally will be deemed to have been given as of the date of delivery and notices given by overnight courier will be deemed to have been delivered on the next day. Each party may change its address from time to time by written notice to the other as specified above.

14. Right of Entry. The County, its officers, agents, employees, representatives and contractors shall have the right, at all reasonable times, to enter upon the Property for the purpose of inspecting and observing the use of the Property, as long as such inspections and observations do not unreasonably interfere with Artel's use of the Property.

15. Compliance with Laws. Artel agrees to comply with all federal, state and local laws, ordinances, policies or other governmental regulations applicable to the Property and its proposed use.

16. Entire Agreement. This Lease Agreement contains the entire agreement between the parties and supersedes all prior oral and written agreements between them regarding the Property. This Lease Agreement may be modified only by an amendment in writing, dated and signed by the County and Artel after the date of this Lease Agreement. Artel acknowledges it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed this Lease Agreement.

17. Assignments. This Lease Agreement shall not be assigned nor shall the Property be sublet unless first approved by the Board of County Commissioners. Any such assignment or sublease shall be reflected in a written instrument executed by the parties. Arts and cultural events on the Property that are jointly sponsored by Artel and other non-profit arts and cultural organizations shall not constitute a violation of this provision, provided, however, that Artel does not charge or collect any rent or other fees for the use of the Property.

18. Dispute Resolution. Each party shall bear its own attorneys' fees and costs in connection with any litigation or other dispute resolution proceeding related to this Lease Agreement or Artel's use of the Property. Venue for any litigation or dispute resolution proceeding shall be in Escambia County, Florida.

19. Radon Gas. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

20. Taxes. Artel shall be responsible for all taxes assessed against the Property, improvements, or otherwise arising out of this Lease Agreement.

21. Miscellaneous. The captions, headings and paragraph titles in this Lease Agreement are for the convenience of reference only, and are not intended in any way to restrict, affect, or interpret the provisions of any paragraph of this Lease Agreement. If any provision of this Lease Agreement or the its application to any person or circumstance shall, to any extent, be held invalid or unenforceable, the remainder of this Lease Agreement or the application of such provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected, and each provision of this Lease Agreement shall be valid and enforceable to the fullest extent permitted by law. The parties agree this Lease Agreement shall be construed in accordance with the laws of the State of Florida and shall not be more strictly construed against either party by reason of the fact that one party may have drafted or prepared the Lease Agreement.

IN WITNESS WHEREOF, the County and Artel have caused this Lease Agreement to be executed by their duly authorized representatives as of the day and year first above written.

RESOLUTION R2010-25

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AUTHORIZING THE LEASE OF REAL PROPERTY TO ARTEL, INC.; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Escambia County (County) is the owner of a parcel of real property and structure located at 223 Palafox Place, Escambia County, Florida, more commonly referred to as the Old County Courthouse; and

WHEREAS, Artel, Inc. is a non-profit corporation that is organized to promote local art and cultural events and exhibits; and

WHEREAS, Artel, Inc. has requested that the County lease a portion of the first floor of the Old County Courthouse (the Property) to it for a visitor center that provides information to the public on art and cultural events and exhibits and other similar attractions in the local area, and art and cultural events and exhibits sponsored by Artel, Inc.; and

WHEREAS, the Board of County Commissioners for Escambia County has determined that the Property is not needed for County purposes and that it is in the best interest of the County to lease the Property to Artel, Inc. under the terms and conditions stated herein; and

WHEREAS, the conveyance is authorized pursuant to Section 125.38, Florida Statutes.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. The foregoing recitals are true and correct and are incorporated herein by reference.

Section 2. The Property shall be leased to Artel, Inc. for the annual rent of $1.00 and otherwise in accordance with the terms in the Lease Agreement between Escambia County and Artel, Inc., attached to this Resolution.

Section 3. This Resolution shall take effect immediately upon adoption by the Board of County Commissioners.

ADOPTED this 18th day of February, 2010.

FIRST RENEWAL OF LEASE AGREEMENT BETWEEN ESCAMBIA COUNTY AND ARTEL, INC.

This First Renewal to Lease (First Renewal) is made and entered this 11th day of December 2014 by and between Escambia County, a political subdivision of the State of Florida (County) and Artel, Inc., a Florida corporation not-for-profit (Artel).

WITNESSETH

WHEREAS, the County and Artel entered that certain Lease dated February 19, 2010 for a portion of real property known as Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida 32502; and

WHEREAS, section 2 of the Lease provides that it may be renewed for successive five (5) year terms, provided that Artel delivers to the County written notice of its intent to renew at least ninety (90) days prior to expiration of the current term; and

WHEREAS, Artel has timely requested to renew the term of the Lease for an additional five (5) year term; and

WHEREAS, the County has determined that it is in the best interest of the public to renew the term of the Lease as provided below;

NOW, THEREFORE, for and in consideration of the mutual covenants and conditions set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. The above-recitals are true and correct and incorporated herein by reference.

2. The term of the Lease shall be renewed for an additional five (5) years commencing on February 19, 2015 and ending on February 18, 2020.

3. In all other respects, the provisions of the Lease remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the County and Artel have caused this First Renewal to be executed on the day and year first written above.

Escambia County, Florida

AI-7159 **County Administrator's Report 9. 0.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 12/11/2014
Issue: First Renewal of Lease Agreement between Escambia County and Artel, Inc.
From: David Wheeler, Department Director
Organization: Facilities Management
CAO Approval:

RECOMMENDATION:
Recommendation Concerning the First Renewal of Lease Agreement between Escambia County and Artel, Inc. - David W. Wheeler, CFM, Facilities Management Department Director

That the Board take the following action regarding the First Renewal of Lease Agreement between Escambia County and Artel, Inc.:

A. Approve a First Renewal of Lease Agreement between Escambia County and Artel Inc., for space on the first floor of the Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida, for an additional five (5) year term, commencing on February 19, 2015; and

B. Authorize the Chairman to sign the Renewal of Lease Agreement.

[Funding: Lessee shall pay to the County rent in the amount of $1.00 per year for the renewal term]

BACKGROUND:
On February 9, 2010 the Board approved a Lease Agreement with Artel, Inc. for the space on the first floor of the Old Escambia County Courthouse, located at 223 Palafox Place, Pensacola, Florida. Artel, Inc. requested to renew the lease for an additional five (5) year term.

BUDGETARY IMPACT:
Artel, Inc. will pay rent of One Dollar ($1.00) per year.

LEGAL CONSIDERATIONS/SIGN-OFF:
The Renewal of Lease was prepared by the County Attorney's Office and approved as to form and legal sufficiency.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy requires the approval of the Board for lease agreements involving County-owned property.

IMPLEMENTATION/COORDINATION:

Signatures are required by both parties.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16119 **County Administrator's Report 10. 7.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Pitney Bowes Digital Mailing System Lease - Mass Transit Department
From: Mike Crittenden, Director, Mass Transit
Organization: Mass Transit
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Pitney Bowes Digital Mailing System Lease Agreement, State of Florida Contract #44102100-17-1 - Mike Crittenden, Mass Transit Department Director

That the Board authorize the Chairman to sign the Lease Agreement with Pitney Bowes, per State of Florida Contract #44102100-17-1, for the Pitney Bowes digital mailing system for the Mass Transit Department for 60 months at the monthly cost of $26.97.

[Funding Source: Fund 104, Mass Transit Fund, Cost Center 211216]

BACKGROUND:

The current lease agreement for the digital mailing system used by Mass Transit has expired and in order to continue to use the digital mailing system, a new lease is required.

If the new Lease Agreement is approved by the Board, it is anticipated that the new equipment will be installed by the end of May 2019.

BUDGETARY IMPACT:

Funds are budgeted in Fund 104, Mass Transit Fund, Cost Center 211216.

LEGAL CONSIDERATIONS/SIGN-OFF:

Senior Assistant County Attorney Kristin Hual has approved the Lease Agreement as to form and legal sufficiency.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16092 **County Administrator's Report 10. 8.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Surplus and Sale of County-Owned Real Property Located at 39 North Cypress Street
From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Surplus and Sale of County-Owned Real Property Located at 39 North Cypress Street - Stephan Hall, Budget Manager, Management and Budget Services

That the Board take the following action concerning the surplus and sale of County-owned real property located at 39 North Cypress Street, shown below:

A. Authorize the County Attorney's Office to take such necessary actions to evict occupants of County-owned property, if occupied;

B. Declare surplus the Board's real property located at 39 North Cypress Street, located in District 5, Account #: 12-3553-140, Reference #: 02-4N-33-4400-005-300, Property Appraiser's current assessed value: $684;

C. Authorize the sale of the property to the bidder with the highest offer received at or above the minimum bid, which will be set at the Property Appraiser's current assessed value. It has been determined that the County does not have a need for this property; and

D. Authorize the County Attorney's Office to prepare, and the Chairman to sign, all documents related to the sale of this property, without further action of the Board.

BACKGROUND:

The County-owned lot located at 39 North Cypress Street escheated to the County on December 17, 2015. The sale of the parcel will be set at the Property Appraiser's current value, in accordance with Section 46.134 of the Escambia County Code of Ordinances.

BUDGETARY IMPACT:

Sale of this property will provide revenue for the General Fund.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office will prepare or approve all legal documents prior to execution by the Chairman.

Cc: William Hoynacki
Subject: RE: 22' Discrepancy in the Legal Description between the original deed & the escheated deed - 39 N Cypress Street
Attachments: scan0029.pdf

Hi Ms. Cannon,

The original size of the lot per the deed was 138.50' X 78' for 02-4N-31-4400-005-300 (12-3553-140). In 2007 the south 22' of that property was transferred by our office to 02-4N-31-4400-003-300 (12-3553-130) per a split/combo request that we received. Resulting in the current size shown on our maps and tax roll legal of 138.50' X 56'.

I have attached the supporting documents.

Let me know if there is anything else you need help with.

Best Regards,

Daniel Maddox, CFE
GIS/Appraisal Supervisor

Subject: 22' Discrepancy in the Legal Description between the original deed & the escheated deed - 39 N Cypress Street

Good Afternoon Mr. Hoynaki,

The property located at 39 N Cypress Street in Walnut Hill escheated to the County on 12/17/2015.

Someone has approached the County with interest in purchasing this parcel; however, in my departmental review for need our surveyor discovered that there was a 22' discrepancy in the legal description of the original deed and the escheated deed. I spoke with Emily in the Clerk's office and she provided me with a copy of the Tax Collector's Certification, which contained the same legal that is currently on your website (and on the escheated deed). I am trying to determine whether at some point the 22' was cut out or deeded to someone else. I would very much appreciate it if you or someone in your office could assist with this matter.

For your convenient reference, I have attached the following documents:

1. Checklist – For Sale of County-Owned Property with comments noted by Joe Barrett of the 22' discrepancy
2. Escheated Deed dated 12/17/2015 (shows 56 ft)
3. Quit Claim Deed dated 8/17/1994 (shows 78 ft)
4. Tax Collector's Certification (shows 56 ft)

If I can be of further assistance please advise.
Thank you for your time and consideration in this regard.

Have a great day!

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16071 **County Administrator's Report 10. 9.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Supplemental Budget Amendment #150 - FWC #18212 - Derelict Vessel Grant
From: Stephan Hall, Budget Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Supplemental Budget Amendment #150 - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #150, Other Grants and Projects Fund (110), in the amount of $8,046, to recognize Grant proceeds from the Florida Fish and Wildlife Conservation Commission (FWC) for FWC #18212 - Derelict Vessel Grant to remove and dispose of an eligible derelict vessel. Total project cost is $10,727 and requires a 25% match of $2,682 and has unanticipated contingency costs of $2,318, which will be provided from Vessel Registration Fees. Natural Resources Management will also provide project management for in-kind match.

BACKGROUND:

On April 16, 2019, the BCC approved the Derelict Vessel Removal Grant from the Florida Fish and Wildlife Conservation Commission (FWC) in the amount of $8,046. Total project cost is $10,727 and requires a 25% match. Escambia County will provide the $2,682 cash match along with an estimated $2,318 for unanticipated contigency costs from Vessel Registration Fees (Fund 110, Cost Center 220807). Natural Resources will also provide project managment for in-kind match and will continue coordination with FWC on all activities associated with the Grant agreement.

BUDGETARY IMPACT:

This amendment will increase Fund 110 in the amount of $8,046. There is a $2,682 cash match along with an additional $2,318 requested for unanticipated contingency costs which will be provided from Vessel Registration Fees.

Board of County Commissioners
Escambia County
Supplemental Budget Amendment Resolution

Resolution Number
R2019-

WHEREAS, the following revenues were unanticipated in the adopted budget for Escambia County and the Board of County Commissioners now desires to appropriate said funds within the budget.

WHEREAS, Escambia County was awarded grant funds from the Florida Fish and Wildlife Conservation Commission (FWC) for FWC #18212 - Derelict Vessel Grant to remove and dispose of one eligible derelict vessel, and these revenues must be recognized and appropriated.

NOW, THEREFORE, be it resolved by the Board of County Commissioners of Escambia County, Florida, that in accordance with Florida Statutes, Section 129.06 (2d), it does hereby appropriate in the following funds and accounts in the budget of the fiscal year ending September 30, 2019:

Other Grants and Projects	110
Fund Name	**Fund Number**

Revenue Title	Fund Number	Account Code	Amount
Derelict Vessels Grant	110	334260	8,046
Total			**$8,046**

Appropriations Title	Fund Number/Cost Center	Account Code/ Project Number	Amount
Other Contractual Services	110/220339	53401	8,046
Total			**$8,046**

NOW THEREFORE, be it resolved by the Board of County Commissioners of Escambia County, Florida, that the foregoing Supplemental Budget Amendment be made effective upon adoption of this Resolution.

Meeting Date: 05/16/2019
Issue: SBA #152 - Supervisor Of Elections Federal Elections Activity Grant
From: STEPHAN HALL, Budget Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Supplemental Budget Amendment #152 - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #152, General Fund (001) and Other Grants and Projects Fund (110), in the amount of $35,956, to recognize Grant proceeds from the Florida Department of State - Division of Elections in the amount of $31,266, and to appropriate these funds to be used solely for activities related to Federal Elections. A 15% match or $4,690, is required by the State, and matching funds will come from the Adopted Fiscal Year 2018/2019 Supervisor of Elections Budget to cover this requirement.

BACKGROUND:

Escambia County has received grant funds from the Help America Vote Act, through the Florida Department of State. These funds will be used solely for activities related to Federal Elections by the Escambia County Supervisor of Elections. The grant funding level is based on active registered voters.

BUDGETARY IMPACT:

This amendment will increase Other Grants and Project Fund (110) by $31,266 and decrease General Fund (001) by $4,690.

Fed Elec Grant 2019
SBA#152

MEMORANDUM OF AGREEMENT
FOR FEDERAL ELECTION ADMINISTRATION ACTIVITIES

This agreement is between the State of Florida, Department of State, Division of Elections ("Department"), an agency of the State of Florida, and David H. Stafford Supervisor of Elections for Escambia County, ("Sub-recipient"). This agreement governs the receipt and use of federal funds as specified herein.

I. Governing Law

Grant funds are made available pursuant to Specific Appropriation 3081, Chapter 2018-9, Laws of Florida to provide funds to the 67 county supervisor of elections offices in the ongoing effort to improve the administration of federal elections. See **Attachment A** for appropriation proviso.

The Department of State is authorized to distribute to all 67 county Supervisors of Elections a sum total of two million dollars ($2,000,000) in non-recurring funds for fiscal year 2018-2019 from the Federal Grants Trust Fund, pursuant to section 251 of the Help America Vote Act of 2002 (HAVA) and the Catalog of Federal Domestic Assistance (CFDA) 90.401 ("Help America Vote Act Requirements Payments").

II. Scope of Work, Deliverables, Restrictions

A. Scope of Work.

Funds provided under this agreement shall be used for advance payment for allowable expenses to improve the administration of federal elections. Those allowable expenses and the timeline by when requests must be submitted are detailed in Table 1 in subsection B. For additional guidance on allowable and non-allowable expenses, see *DE Guide 0018 - Allowable and Non-Allowable Expenses for HAVA Expenditures – Federal Election Activities Grant.*

B. Deliverables, Minimum Levels of Service, and Financial Consequences

Table 1

Deliverables (1, 2, 3, and/or 4)	Minimum Level of Service	Financial Consequences
1. Federal Election Administration Activities - Voter Education. Examples include: Mailing and publishing of sample ballots Mailing or publishing voter information cards Publishing of voter guides Voting system Demonstrations	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020. No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020, or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds.

	allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit Annual Expenditure Reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a Final Expenditure Report due no later than December 31, 2020, that includes documentation evidencing the services and/or products purchased, used and/or implemented.	Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.
2. Federal Election Administration Activities – Poll Worker Training Examples include: Poll worker training stipends Poll worker training materials	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020. No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit Annual Expenditure Reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a Final Expenditure Report due no later than December 31, 2020, that includes documentation evidencing the services	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020 (or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds. Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.

	and/or products purchased, used and/or implemented.	
3. Federal Election Administration Activities – Standardizing Election Results Reporting Examples include: Software or hardware technology that enhances or facilitates the reporting of election results	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020. No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit Annual Expenditure reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a Final Expenditure Report due no later than December 31, 2020, that includes documentation evidencing the services and/or products purchased, used and/or implemented.	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020 (or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds. Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.
4. Federal Election Administration Activities - Other Federal Election Administration Activities, as approved in advance by the Department of State. Examples include:	Sub-recipient has until June 1, 2019 to submit an application for these funds using the DOS Online Grants program. At the time of grant application, Sub-recipient shall provide a detailed description of the services and/or products to be provided, received and/or used by December 31, 2020. Once submitted and approved by the Department, a plan may be amended once and no later than June 1, 2020.	If an initial application for funds is not submitted by June 1, 2019, funds shall revert to the Federal Grants Trust Fund. Any funds remaining after December 31, 2020 (or not otherwise encumbered for services and/or products received or provided on or before December 31, 2020), including any interest earned, must be returned to the

MOVE Act implementation and maintenance; Software or hardware technology that enhances or facilitates the delivery of vote-by-mail ballots, casting and counting of valid votes, voting systems audits or recounts, or the certification of accurate and complete election results.	No later than December 31, 2020, Sub-recipient shall have expended (and/or encumbered for services and/or products to be used or implemented no later than December 31, 2020) the grant funds allocated under this agreement, including any interest earned and county match. Sub-recipient shall submit annual expenditure reports due no later than July 31, 2019 and July 31, 2020 that includes documentation evidencing the services and/or products purchased, used and/or implemented. Sub-recipient shall submit a final expenditure report due no later than December 31, 2020, that includes documentation evidencing the services and/or products purchased, used and/or implemented.	Department no later than January 31, 2021. An amended Final Expenditure Report must be submitted with the returned funds. Any funds determined not to be expended in accordance with this agreement shall be returned to the Department, within 30 days after the date of written notice. An amended Final Expenditure Report must be submitted with the returned funds. All funds returned shall revert to the Federal Grants Trust Fund.

C. Request and Disbursement Process

The Department shall distribute to each eligible Sub-recipient upon request and submission of a completed grant application a minimum payment amount of five thousand dollars ($5,000) plus a proportional amount based on the voting age population in the Sub-recipient's county. See **Attachment B.** The amount per county is based on the aggregated remaining amount of the total grant for the 67 Sub-recipients divided by the total number of voting age population for the State in the most recent decennial census and then multiplied by the respective county's voting age population.

To receive funds, the Sub-recipient shall submit a complete grant application no later than June 1, 2019, using the Department of State's Online Grants Program at https://www.dosgrants.com. The application must contain a description of the plan to be implemented. If a county has remaining funds from one or more prior federal election activities grant distributions, as part of their application for 2018-2019 funds, the sub-recipient shall provide an explanation as to why those funds have yet to be expended.

Additionally, before the Sub-recipient may receive funds, the Sub-recipient must submit the following:

1. *A* completed ED Form GCAS-009 (6/88), entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion Lower Tier Covered Transactions", and attached hereto as **Attachment C**. [Executive Order 12549, Debarment and Suspension, 45 CFR 1183.35, prohibits the disbursement of federal funds to the intended recipient of such funds or to any sub-recipient thereunder unless such recipient and each sub-recipient, if any, certify that they are not excluded or disqualified from receiving federal funds by any federal department or agency.]

2. A completed "Certificate of Equipment for Casting and Counting Ballots" (DS-DE 135, Effective 8/16), attached hereto as **Attachment D**. This is required if the request, in part or in full, is to use HAVA funds for the purpose of purchasing emerging or enhancing software and hardware technology.

3. A completed "Matching Funds Certification" (DS-DE 127), attached hereto as **Attachment E.** The form certifies that the county governing body shall provide addition matching funds in an amount equal to fifteen percent (15%) of the amount to be received from the state. If the county governing body fails to appropriate the matching funds, the Supervisor must return to the Department all funds received under this agreement.

D. Reporting

The Sub-recipient must submit an annual expenditure report that includes supporting documentation evidencing allowable expenses no later than July 31, 2019 and again on July 31, 2020. The Sub-recipient must provide a final expenditure report including submitting supporting documentation evidencing allowable expenses no later than December 31, 2020 and written confirmation that all remaining previously distributed grant funds remaining were expended first. Supporting documentation shall include invoices, canceled checks, purchase orders, vendor contracts, sample publications, and other records that detail the services or products provided and the costs of such services and/or products. Documentation must account for all expenditures made from grant funds awarded under this agreement. Documentation must also provide details regarding matching funds and any interest earned. Failure to submit the report may result in immediate notice to return all funds, including any interest accrued. Any funds determined not to be expended in accordance with this agreement shall be returned, including any interest earned, to the Department within 30 days of written notice. All funds returned shall revert to the Federal Grants Trust Fund.

Using the Form DS-DE 129, the Sub-recipient shall report annually to the Department any unspent funds remaining on June 30 of each fiscal year. The Sub-recipient shall submit the annual report no later than July 31 of every year until funds are fully expended, or returned, whichever is earlier.

E. Restrictions

Sub-recipient shall not use any funds received hereunder to support lobbying activities to influence proposed or pending federal or state legislation or appropriations, but this does not affect the right of the Sub-recipient, or that of any other organization to petition Congress, or any other level of Government, through the use of other resources.

If the Sub-recipient expends any funds on expenses that are not allowable, the Sub-recipient must reimburse immediately the Department the funds, not otherwise expended for allowable costs, including any interest earned during the term of this agreement.

The Sub-recipient must establish and maintain the grant funds in an interest bearing account in a "qualified public depository" as defined by section 280.02(26), Florida Statutes. The Sub-recipient must segregate the funds in a separate account established to hold only such funds. Sub-recipient must comply with the applicable requirements of chapter 280, including but not limited to:

- The execution and retention in your official records of a Public Deposit Identification and Acknowledgement Form.
- The submission each year by November 30th of a Public Depositor Annual Report to the Chief Financial Officer (DFS-J1-1009)

For more information refer to the Department of Financial Services Collateral Management for Governmental Units webpage or contact the Program Administrator at 850-413-3167.

III. Payments

The Sub-recipient is encouraged to use electronic funds transfer (EFT) to receive payment as an alternative to receipt of payment by warrant. All Sub-recipients wishing to receive funds through electronic funds transfer must submit a Direct Deposit Authorization form to the Florida Department of Financial Services. If EFT has already been set up for your organization, you do not need to submit another authorization form unless you have changed bank accounts.

IV. Monitoring, Audits, and Audit Reporting

The administration of resources awarded to the Sub-recipient, as indicated on **Attachment F**, may be subject to monitoring, audits and reporting requirements herein.

A. Monitoring

In addition to reviews of audits conducted in accordance with OMB Circular A-133, as revised, and Section 215.97, F.S., (see Part B "Audits") monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this agreement, the Sub-recipient agrees to comply and cooperate with any monitoring procedures/processes the Department deems appropriate.

B. Audits

1. *Federally Funded Audits (*OMB Circular A-133, as revised in supplemental 2017.)

In the event that the Sub-recipient expends $750,000 or more in Federal awards in its fiscal year, the Sub-recipient **is required to** have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. In determining the Federal awards expended in its fiscal year, the Sub-recipient shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit conducted by the Auditor General must satisfy the requirements of Subpart E of OMB Circular A-133, as revised. In connection with the audit requirements the Sub-recipient shall fulfill the responsibilities of an auditee as provided in Subpart C of OMB Circular A-133, as revised.

If the Sub-recipient expends less than $750,000 in Federal awards in its fiscal year, an audit **is not required.** The Sub-recipient, however, must make records available for review or audit upon request by appropriate officials of U.S. Election Assistance Commission, the Department, and the General Accounting Office (GAO). If the Sub-recipient elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-federal resources (i.e., resources obtained from other than Federal entities).

2. *Other audits*

The Department may conduct a limited scope audit of federal funds as defined by OMB Circular A-133 (as revised) or other financial analysis or review of federal funds as permitted by federal law. In the event the Department determines that a limited scope audit or other type of audit of the Sub-recipient is appropriate, the Sub-recipient agrees to comply with any additional instructions provided by Department staff to the Sub-recipient regarding such audit. If the Department determines that federal funds received under this Agreement were used for any unauthorized purpose or that the Sub-recipient did not comply with this agreement or state or federal requirements for receipt, expenditure, or accounting, the Sub-recipient must return or repay these federal funds in an amount sufficient to ensure or obtain compliance, including expenses for any corrective or remedial action.

The Sub-recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department of State, Chief Financial Officer (CFO) or Auditor General.

Additional guidance to state and federal monitoring and auditing requirements may be found at http://www.eac.gov.

C. Audit Reporting

Copies of financial reporting packages as described in Subpart C- Auditees, section ____.320(c), OMB A-133 (as revised) for audits conducted by or on behalf of the Sub-recipient pursuant to Section IV.B.1 of this agreement, shall be submitted as required by sections .320(d) of such circular to:

Department of State *Division of Elections* *R.A. Gray Bldg., Ste 316* *500 S. Bronough St.* *Tallahassee, FL* *32399-0250*	*Department of State* *Office of Inspector General* *R.A. Gray Bldg., Rm. 406* *500 S. Bronough Street* *Tallahassee, FL* *32399-0250*	*Auditor General's Office* *Claude Pepper Bldg.* *111 West Madison St.* *Tallahassee, FL* *32399-1450*	*Federal Audit Clearinghouse* *Bureau of the Census* *1201 East 10th St.* *Jeffersonville, IN* *47130*

Any reports, management letter, or other information required to be submitted to the Department pursuant to this agreement shall be submitted timely and in accordance with OMB Circular A-133, the Florida Statutes, and/or Chapter 10.550 (local governmental entities) of the Rules of the Auditor General, whichever is applicable . The correspondence accompanying the financial reporting package forwarded to the Department must include the date the Sub-recipient received the reporting package.

V. Record Retention

The Sub-recipient shall keep and maintain accurate and detailed records sufficient to demonstrate its compliance with the terms of this agreement. The Sub-recipient shall retain these records for five fiscal years in accordance with the guidelines of the Department of Financial Services and the Office of the Auditor General, or three years after the date an audit report is issued, whichever is later. The Sub-recipient shall allow the Department or its designee, CFO, or Auditor General access to such records, including access to the audit working papers upon request.

VI. Entirety of the Agreement

All terms and conditions of this agreement are fully set forth in this document and its attachments and shall be governed by the laws of the State of Florida regardless of any conflict of laws provisions. In any proceeding or action brought under this section, the parties agree that the prevailing party will be entitled to its reasonable attorney's fees from the other party. The parties agree that proper venue will be in Leon County, Florida. This agreement is effective as of the date it is fully executed.

IN WITNESS THEREOF, the parties have caused this Agreement to be executed by their undersigned officials as duly authorized.

Certificate of Equipment for Casting and Counting Ballots

We, David H. Stafford, Supervisor of Elections and Lumon J. May Chairperson of Board of County Commissioners, of Escambia County, Florida, do hereby certify that prior to the receipt and use of fiscal year 2018-2019 HAVA funds for the purchase of State-approved or certified (whichever is applicable) emerging or enhancing software or hardware technology as allowable per Attachment A, the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors for the next regularly scheduled general election. If the Florida Department of State determines that there is insufficient equipment for casting and counting ballots for the next regularly scheduled general election as herein certified, we shall return the HAVA funds that were used to purchase other emerging or enhancing software and hardware technology to the State.

ATTACHMENT A to MOA # 2018-2019-0003

3081 SPECIAL CATEGORIES
GRANTS AND AIDS - FEDERAL ELECTION ACTIVITIES (HELP AMERICA VOTE ACT)
FROM FEDERAL GRANTS TRUST FUND . . . $2,000,000

Funds in Specific Appropriation 3081 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to, any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable, by the Department of State. Additionally, before the supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION LOWER TIER COVERED TRANSACTIONS

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 45 CFR 1183.35, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211). Copies of the regulations may be obtained by contacting the person to which this proposal is submitted.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

David H. Stafford, Escambia County SOE

Name and Title of Authorized Representative

ED Form GCS-009, 6/88

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (Telephone Number).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Board of County Commissioners
Escambia County
Supplemental Budget Amendment Resolution

Resolution Number
R2019-

WHEREAS, the following revenues were unanticipated in the adopted budget for Escambia County and the Board of County Commissioners now desires to appropriate said funds within the budget.

WHEREAS, the Florida Department of State, Division of Elections has allocated Federal Elections Activity Grant funds to Escambia County, these funds must now be recognized and appropriated.

NOW, THEREFORE, be it resolved by the Board of County Commissioners of Escambia County, Florida, that in accordance with Florida Statutes, Section 129.06 (2d), it does hereby appropriate in the following funds and accounts in the budget of the fiscal year ending September 30, 2019:

General Fund	1
Other Grants & Projects	110
Fund Name	**Fund Number**

Revenue Title	Fund Number	Account Code	Amount
T-fers from F-001	110	381001	4,690
Federal Elections Activity Grant	110	331105	31,266
Total			$35,956

Appropriations Title	Fund Number/Cost Center	Account Code/ Project Number	Amount
Promotional Activities	110/550125	54801	4,690
Other Contractual Services	001/550101	53401	(4,690)
T-fers to F-110	001/110215	59108	4,690
Promotional Activities	110/550125	54801	18,760
Printing and Binding	110/550125	54701	12,506
Total			$35,956

NOW THEREFORE, be it resolved by the Board of County Commissioners of Escambia County, Florida, that the foregoing Supplemental Budget Amendment be made effective upon adoption of this Resolution.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16106 **County Administrator's Report 10. 11.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Acceptance of a Drainage Easement for the Blueberry Lane Dirt Road Paving and Drainage Project
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Acceptance of a Drainage Easement for the Blueberry Lane Dirt Road Paving and Drainage Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning a Drainage Easement located in the 5000 Block of Barrineau Park School Road, from Mary Nell Wells:

A. Accept the donation of a Drainage Easement (approximately 2,571 square feet), located in the 5000 Block of Barrineau Park School Road, for drainage improvements;

B. Authorize the payment of documentary stamps considering the property is being donated for governmental use for drainage improvements, and the County benefits from the acceptance of this property, which enhances the safety and well-being of the citizens of Escambia County;

C. Authorize the payment of incidental expenditures associated with the recording of documents; and

D. Authorize the Chairman or Vice Chairman to accept the Easement on the day of delivery of the Easement to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to acknowledge the Board's acceptance at that time.

This property is located in Commission District 5.

[Funding: Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the

Escambia County Clerk's Office]

BACKGROUND:

The Blueberry Lane Dirt Road Paving and Drainage Improvement Project will address paving approximately 4,230 linear feet of dirt road located in District 5. The existing dirt road runs east off Barrineau Park School Road, makes a 90 degree turn to the south and terminates at a proposed cul-de-sac. The paving and drainage project includes construction of grass swales, crossover pipes, inlets, curb and gutter, signs, sub-base, base, asphalt, and all incidentals associated with these improvements. The donated Drainage Easement will be utilized for drainage improvements.

BUDGETARY IMPACT:

Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Clerk's Office.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Drainage Easement was approved as to form and legal sufficiency by the County Attorney's Office.

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

Upon Board approval, county staff will proceed in compliance with Section 46-139 of the Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, staff will proceed in compliance with Section 46-139 of the County Code of Ordinances.

DRAINAGE EASEMENT

THIS DRAINAGE EASEMENT made this 25th day of April, 2019, by and between Mary Nell Wells, a married woman, whose mailing address is 5815 Forest Ridge Drive, Pensacola, Florida 32526 (Grantor), and Escambia County, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose mailing address is 221 Palafox Place, Pensacola, Florida 32502 (Grantee).

(Wherever used, the terms "Grantor" and "Grantee" shall include the singular and plural, masculine and feminine, heirs, legal representatives, successors and assigns.)

WITNESSETH

WHEREAS Grantee proposes to construct and/or maintain a drainage easement across real property located in Section 12, Township 2N, Range 32 West, Escambia County, Florida; and

WHEREAS, Grantor is the owner of the real property, over, across, and upon which Grantee proposes to construct and maintain said drainage easement;

NOW, THEREFORE, in consideration of One Dollar ($1.00), the promises contained herein and other good and valuable consideration, Grantor does hereby grant to Grantee, a permanent drainage easement over the real property described below for the purposes of constructing and/or maintaining a drainage easement, together with the right of ingress and egress over and across the drainage easement and the right to excavate, construct and maintain the drainage easement.

See attached Exhibit A

GRANTOR also hereby grants, bargains, conveys, transfers, dedicates, and delivers to Grantee the right to clear, keep clear, and remove from the drainage easement, all trees, undergrowth and other obstructions that may interfere with the location, excavation, operation or maintenance of the drainage easement or any structures installed thereon by Grantee. Notwithstanding the issuance of any permit to construct or erect any structure in the drainage easement, Grantor agrees not to build, construct or create or permit others to build, construct or create any building or other structure in the drainage easement that may interfere with the location, excavation, operation or maintenance of the drainage easement or any structures installed thereon. Easily removable improvements, such as fences, may be constructed with the prior consent of Grantee.

In the event of any discrepancy between the actual location of drainage improvements and the legal description of the drainage easement, the actual location of drainage improvements shall control to the extent of such discrepancy and said legal description shall be deemed to have been modified, and the Grantor agrees to execute corrective instruments as may be required by Grantee.

GRANTOR does hereby covenant with Grantee that it is lawfully seized and possessed of the real property above described and that the easement is free from all encumbrances that would prohibit Grantee from using the easement for drainage, and Grantor hereby waives any right to compensation for Grantee's use of the drainage easement and an appraisal of the drainage easement unless otherwise provided for herein.

TO HAVE AND TO HOLD said drainage easement upon the said Grantee forever.

GRANTOR FURTHER WARRANTS that the Property is not her homestead as defined by the constitution and laws of the State of Florida.

IN WITNESS WHEREOF, Grantor has hereunto set its hand and seal the date first above written.

BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Exchange of County Property on Brickton Road
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Exchange of County Property on Brickton Road - Joy Jones, P.E., Engineering Department Director

That the Board take the following action regarding the exchange of County property, for property owned by Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Revocable Trust, dated December 14, 2017:

A. Adopt a Resolution authorizing the exchange of a portion of a County-owned parcel (approximately 2.06 acres), for a portion of a parcel (approximately 3.16 acres), owned by Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Trust, dated December 14, 2017, in accordance with the terms and conditions contained in the Agreement for Sale and Purchase and Contract for Sale and Purchase;

B. Waive the retention of the fractional interest in the phosphates, minerals, metals, and petroleum in the parcel to be conveyed by the County, in accordance with Section 270.11(3), Florida Statutes;

C. Authorize the payment of documentary stamps because the property is being acquired for public use, which is for the Brickton Road right-of-way, and the public benefits from the exchange by having safer, more efficient traffic flow and improved stormwater drainage; and

D. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute any documents, subject to Legal review and sign-off, necessary to complete the exchange of the properties, without further action of the Board.

[Funding Source: Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office]

This property exchange is located in District 5.

BACKGROUND:

In 2002, Escambia County paved Brickton Road under the Dirt Road Paving Program. In 2015, an error was discovered in the legal description of what was conveyed to the county versus what was paved as Brickton Road. Mr. Campbell is conveying to the county the area that was actually paved so that the existing paved road is located in the dedicated right-of-way. The county is conveying back to Mr. Campbell the area in the previously-described right-of-way, which is actually located on Mr. Campbell's property.

BUDGETARY IMPACT:

Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office.

LEGAL CONSIDERATIONS/SIGN-OFF:

The Agreement for Sale and Purchase and the Contract for Sale and Purchase were approved as to form and legal sufficiency by Stephen West, Assistant County Attorney.

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

Upon Board approval, county staff will proceed in compliance with Section 46-139 of the Escambia County Code of Ordinances.

IMPLEMENTATION/COORDINATION:

Upon Board approval, the executed Warranty Deed will be recorded in the public records of Escambia County, Florida.

RESOLUTION R2019-_____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, AUTHORIZING THE EXCHANGE OF CERTAIN REAL PROPERTY WITH CLEVELAND RUFUS CAMPBELL, SR., INDIVIDUALLY AND AS TRUSTEE OF THE CLEVELAND RUFUS CAMPBELL, SR., REVOCABLE TRUST DATED DECEMBER 14, 2017, AND JERROD BENTON CAMPBELL AND SAMANTHA ELAINE CAMPBELL; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Escambia County, a political subdivision of the State of Florida (the County), owns certain real property (the County Property) more particularly described in the attached Exhibits A and C; and

WHEREAS, the County Property is not needed for County purposes; and

WHEREAS, Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Revocable Trust dated December 14, 2017, (Campbell) owns certain real property (Campbell Property) more particularly described in the attached Exhibit B; and

WHEREAS, the parties have agreed that Campbell will convey the Campbell Property in exchange for conveyance of the County Property to Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Revocable Trust dated December 14, 2017 and Jarrod Benton Campbell and Samantha Elaine Campbell; and

WHEREAS, such an exchange of property is authorized by Section 125.37, Florida Statutes; and

WHEREAS, the Board of County Commissioners has determined that it is in the best interests of the citizens of Escambia County to authorize and approve the proposed exchange under the terms and conditions set forth herein.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. The above-recitals are true and correct and are incorporated herein by reference.

Section 2. The property exchange between the County and Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr., Revocable Trust dated December 14, 2017, and Jarrod Benton Campbell and Samantha Elaine Campbell is authorized and

approved in accordance with the terms of the Agreement for Sale and Purchase and Contract for Sale and Purchase attached to this Resolution as Exhibit D.

Section 3. This Resolution shall take effect immediately upon adoption by the Board of County Commissioners.

ADOPTED this _____ day of _____, 2019.

CONTAINING (17,281 SQ.FT.) 0.40 ACRES MORE OR LESS.

AGREEMENT FOR SALE AND PURCHASE

THIS AGREEMENT FOR SALE AND PURCHASE (Agreement), is entered into this _____ day of _____, 2019, between Escambia County, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose mailing address is 221 Palafox Place, Pensacola, Florida 32502 (Seller), and Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017, whose address is 10391 Old Dairy Lane, Pensacola, Florida 32534 and Jerrod Benton Campbell and Samantha Elaine Campbell, whose address is 1000 Brickton Road, Molino, Florida 32577 (Buyer).

WITNESSETH:

WHEREAS, Seller is the record owner of the real property described in the attached Exhibits A and C (the Property); and

WHEREAS, at duly advertised meetings of the Board of County Commissioners on _____, Seller approved the sale of the Property to Buyer in exchange for conveyance of the property described in the attached Exhibit B, and

WHEREAS, Seller and Buyer now desire to enter into this Agreement for Sale and Purchase and to set forth the mutually agreed upon terms and conditions associated with the proposed purchase and sale.

NOW, THEREFORE, for and in consideration of the premises, the sums of money to be paid, and for other good and valuable consideration, the parties agree as follows:

1. Agreement to Sell and Purchase. This Agreement is being executed in conjunction with that certain Contract for Sale and Purchase between the parties for the conveyance of the property described in the attached Exhibit B. Seller agrees to sell and Buyer agrees to buy the real property and improvements more particularly described in the attached Exhibits A and C (Property) upon the terms and conditions stated in this Agreement; Seller shall convey the property described in Exhibit A to Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017 and the property described in Exhibit C to Jerrod Benton Campbell and Samantha Elaine Campbell.

2. Purchase Price and Method of Payment. The Seller shall convey the Property to Buyer in exchange for conveyance from Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017, of the property described in the attached Exhibit B, which the parties agree has a value of $255.67.

3. Evidence of Title. Seller shall transfer and convey to Buyer fee simple title to the Property. Within 30 days after the date of execution of this Agreement, Buyer may examine title to the Property and give notice to Seller in writing of any defects or encumbrances upon the Property unacceptable to Buyer except for (a) those exceptions identified in Section 10 of this Agreement

entitled "Conveyance of Property," and (b) those exceptions to title which are to be discharged by Seller at or before closing. Seller is not obligated to provide Buyer with a title commitment.

If Buyer determines title to the Property is unmarketable for reasons other than the existence of the exceptions identified in Section 9 or exceptions that are to be discharged by Seller at or before closing, Buyer shall notify Seller in writing no later than five days after examining title. The written notice shall specify those liens, encumbrances, exceptions or qualifications to title that are either not acceptable or not contemplated by this Agreement to be discharged by Seller at or before closing (Title Defects).

If Seller is unable or unwilling to cure or eliminate the Title Defects prior to closing, Seller shall notify Buyer in writing prior to closing. Buyer and Seller may then extend the time allowed for removal of the Title Defects and the time of closing; or Buyer may waive Title Defects and proceed with closing; or Buyer and Seller may withdraw from the transaction and terminate the obligations under the Agreement. Buyer agrees that any Title Defects present on the day title is transferred, unless expressly objected to by written notice, will be considered accepted by Buyer.

4. Survey. Buyer may obtain a survey of the Property prior to closing at Buyer's expense. Buyer must notify Seller in writing after receipt of the survey of any matters shown on the survey that adversely affect title to the Property. The adverse matters will be deemed Title Defects, and Seller is obligated to undertake a cure within the time and in the manner provided in Section 3 of this Agreement.

5. Possession. Possession of the Property will be surrendered by Seller to Buyer at the time of closing. Seller shall not commit nor permit waste, deterioration or other destruction of the Property prior to that time.

6. Condition of Property. Pursuant to Section 125.411, Florida Statutes, Seller is precluded from warranting or representing any state of facts regarding title to the Property and, as a governmental entity, is exempt from the disclosures otherwise required by local ordinance. Except as set forth in the Agreement, it is understood and agreed that Seller disclaims all warranties or representations of any kind or character, express or implied, with respect to the Property, including, but not limited to, warranties and representations related to title, zoning, tax consequences, physical or environmental conditions, availability of access, ingress or egress, property value, operating history, governmental approvals, governmental regulations or any other matter or thing relating to or affecting the Property. Buyer represents that it is a knowledgeable Buyer of real estate and that it is relying solely on its own expertise and that of its consultants, and that Buyer will conduct inspections and investigations of the Property, including, but not limited to, the physical conditions of the Property, and will rely upon them, and upon closing, will assume the risk of all adverse matters, including but not limited to, adverse physical conditions, which may not have been revealed by Buyer's inspections and investigations. Seller sells and conveys to Buyer and Buyer accepts the Property "As Is, Where Is," with all faults and there are no oral agreements, warranties or representations collateral to or affecting the Property to Buyer by Seller or any third party. The terms and conditions of this paragraph expressly survive the closing of the Agreement.

7. Right to Inspect Property. Prior to undertaking any inspections and testing, Buyer must provide notice to Seller and coordinate with Seller's designee. Buyer must not intentionally nor unreasonably interfere with Seller's activities on the Property.

Prior to closing, Buyer, and its agents and consultants, have the right to enter upon the Property and undertake at Buyer's expense, any physical inspections and other investigations of the Property, including surveys, soil bores, percolation tests, engineering studies, tests for radon gas and other tests or studies that Buyer considers necessary or desirable to review and evaluate the physical characteristics of the Property. Results of any investigation or testing conducted on the Property must promptly be disclosed to Seller.

Buyer shall notify Seller in writing of any defects disclosed by its inspections and testing within five days of completion of the inspection or test. For purposes of this paragraph, "defect" means a condition on or under the Property that violates applicable state or federal environmental laws, rules or regulations, or may present an imminent and substantial danger to the public health or welfare. Upon receipt, Seller shall notify Buyer that 1) it will terminate this Agreement, whereupon all rights and obligations of the parties shall cease; or 2) it will remedy the environmental defect within six months of the date of the notice, or as otherwise agreed by the parties, in which case the closing date will automatically be extended.

Buyer, as a condition precedent to its entry rights, will defend, indemnify, save and hold Seller harmless from any loss, damage, liability, suit, claim, cost or expense, including reasonable attorneys' fees, arising from the exercise by Buyer of its entry rights.

8. Radon Gas. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

9. Conveyance of Property. At closing, Seller will convey to Buyer title to the Property by deed, which will identify the following exceptions to title:

a. Ad valorem real property taxes and assessments for the year 2019 and subsequent years; outstanding and unpaid taxes and assessments, if any, for previous years; conditions, easements, and restrictions of record, if any, but this reference does not operate to reimpose them; zoning ordinances and other restrictions and prohibitions imposed by applicable governmental authorities.

The parties expressly acknowledge that Buyer accepts title as it exists on the day title is transferred from Seller to Buyer unless written notice has been provided to Seller in accordance with Section 3.

10. Closing. Subject to satisfaction of the obligations of Seller and Buyer as set forth in the Agreement, the Purchase Price will be paid to Seller and the Deed and other closing documents

reasonably required by either party will be executed and delivered at the time of closing. The purchase and sale contemplated by this Agreement will be closed in the Office of the Escambia County Attorney, 221 Palafox Place, Suite 430, Pensacola, Florida. Seller's attorney will prepare and furnish all documents for closing including any necessary corrective documents. Closing shall occur on or before 90 days from the date that the last party executes this Agreement unless the date for closing is extended by written agreement of the parties or as otherwise provided herein.

11. Costs and Expenses at Closing. Upon closing, Seller and Buyer shall pay the following costs and expenses:

SELLER	BUYER	
X	____	Deed Documentary Stamps
____	X	Survey, if any
X	____	Recording (Deed)
____	X	Title Insurance, if any
____	X	Structural and Environmental Inspections, if any
____	X	Real Estate Professional Fee or Commission, if any

12. Taxes, Fees, and Charges. Taxes, fees and charges will be paid as follows:

a. Buyer is responsible for all ad valorem taxes and assessments, if any, assessed against the Property. Any outstanding taxes or tax certificates or assessments encumbering the Property must be satisfied by the Buyer at closing. Seller is immune from ad valorem taxes and will not pay ad valorem taxes on the Property.

b. All impact fees, permit fees, systems charges, and any other amounts charged or assessed as a result of, arising from, or necessary for Buyer's proposed construction on, or development of, the Property will be paid solely by Buyer.

13. Conditions Precedent to Closing. The obligation of Buyer to close the sale and purchase transaction contemplated in this Agreement is expressly conditioned on the prior occurrence, satisfaction or fulfillment of the following:

a. Prior to closing, all obligations of Seller and Buyer in this Agreement must have been either fully satisfied or have occurred or have been waived by Seller or Buyer in writing or as otherwise provided in this Agreement.

b. Within the time provided in the Agreement, Buyer will have established to its satisfaction that Seller is the owner of good and marketable fee simple title to the

Property, subject only to the Permitted Exceptions and those exceptions which are to be discharged by Seller at or before the closing or, alternatively, waived by Buyer.

c. There are no pending or threatened building, utility (including sewer or water) or other moratoria, injunctions or court orders in effect which would interfere with the immediate use or occupancy of any portion of the Property.

d. There is no litigation or administrative proceeding pending or threatened against or relating to either the Property or Seller which would preclude Buyer's purchase and Seller's sale of the Property under the Agreement.

e. There are no pending or threatened zoning, condemnation or eminent domain proceedings against or in any way affecting the Property or any known pending or threatened suits, actions or other proceedings against Seller or affecting the Property or its use in any manner permitted as of the date of the Agreement by the land development regulations of the local government entity with land development regulatory authority over the Property (either as a primary or permitted conditional use) and that the Property and such uses are not in any manner encumbered or adversely affected by any judgment, order, writ, injunction, rule or regulation or any court or governmental agency or officer.

f. The results of inspections, investigations and inquiries Buyer has made with respect to the Property are, in Buyer's sole opinion and in Buyer's sole discretion, acceptable to Buyer.

If one or more of the above requirements precedent to Buyer's obligation to close this Agreement has not occurred or been satisfied, or expressly waived by Buyer or by the terms of this Agreement on or before the closing date for any reason, then Buyer is entitled to terminate this Agreement and the obligations of the parties, by giving written notice to the other party.

14. Assignability. This Agreement cannot be assigned by Buyer without the prior written consent of Seller.

15. Litigation and Attorneys' Fees. Each party will pay for its own attorneys' fees and costs in the event of litigation related to the sale and purchase of the Property.

16. Time of the Essence. Time is of the essence of this Agreement and in the performance of all conditions and covenants to be performed or satisfied by either party. Waiver of performance or satisfaction of timely performance or satisfaction of any condition or covenant by one party is not to be deemed to be a waiver of the performance or satisfaction of any other condition or covenant unless specifically consented to in writing. Whenever a date in the Agreement falls on a Saturday, Sunday or legal holiday, the date is extended to the next business day.

17. Counterparts. This Agreement will be executed in duplicate counterparts, each of which upon execution by all parties is deemed to be an original.

18. Governing Law and Binding Effect. The interpretation and enforcement of this Agreement will be governed by and construed in accordance with the laws of the State of Florida and bind Buyer and Seller and their respective successors and assigns. The venue for any legal proceeding arising out of this Agreement shall be in a court of competent jurisdiction in Escambia County, Florida.

19. Integrated Agreement, Waiver and Modification. This Agreement represents the complete and entire understanding and agreement between and among the parties with regard to all matters involved in the Agreement and supersedes any prior or contemporaneous agreements, whether written or oral. The Agreement cannot be modified or amended and no provision is waived, except in writing signed by all parties, or if such modification, amendment or waiver is for the benefit of one or more of the parties and to the detriment of the others, then the amendment or waiver must be in writing, signed by all parties to whose detriment the modification, amendment or waiver inures.

20. Brokerage. Seller and Buyer acknowledge, represent and warrant to each other that no broker or finder has been employed by either Seller or Buyer in connection with the sale and purchase contemplated in the Agreement.

21. Default and Termination. If either party fails to perform any of its obligations set forth in the Agreement within the times specified, the other party, at its option and at any time, may terminate the Agreement. Neither party can declare the other in default without giving the other party at least five days written notice of intention to do so, during which time the other party will have an opportunity to remedy the default or to commence to remedy. The notice must specify, in detail, the default.

22. Notices. All notices must be in writing and served either personally or by deposit with the U.S. Postal Service, certified mail, return receipt requested, or by deposit with a nationally recognized overnight courier service, postage pre-paid and addressed to the Seller and Buyer at the following addresses:

TO THE SELLER:
Escambia County
County Administrator
221 Palafox Place
Pensacola, FL 32502

WITH A COPY TO:
County Attorney's Office
221 Palafox Place, Suite 430
Pensacola, FL 32502

TO THE BUYER:
Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017
10391 Old Dairy Lane
Pensacola, FL 32534

Jerrod Benton Campbell
Samantha Elaine Campbell
1000 Brickton Road
Molino, FL 32577

All notices are deemed served when received, except that any notice mailed or deposited in the manner provided in this section are deemed served on the postmark date or courier pickup date.

23. Further Assurances. Each party, without further consideration, will act and execute and deliver documents as the other may reasonably request to effectuate the purposes of the Agreement.

24. Relationship of the Parties. Nothing in this Agreement or any act of the parties is deemed or construed by the parties or by any third party to create a relationship of principal and agent or of partnership or of joint venture or of any association whatsoever between Buyer and Seller.

25. Risk of Loss. The risk of loss to the property is the responsibility of Seller until closing.

26. Property Tax Disclosure Summary. Buyer should not rely on the Seller's current property taxes as the amount of property taxes that the Buyer may be obligated to pay in the year subsequent to purchase. A change of ownership or property improvements triggers reassessments of the property that could result in higher property taxes. If you have any questions concerning valuation, contact the County Property Appraiser's Office for information.

27. Miscellaneous. If any term, provision, covenant, or condition of the Agreement or the application to any person or circumstances is invalid or unenforceable, the remainder of the Agreement is valid and enforceable to the extent permitted by law.

THIS AGREEMENT SHALL NOT BE EFFECTIVE UNLESS FIRST APPROVED BY THE BOARD OF COUNTY COMMISSIONERS AT A DULY NOTICED PUBLIC MEETING.

IN WITNESS WHEREOF, Seller and Buyer have made and executed this Agreement as of this date and year first above written.

CONTRACT FOR SALE AND PURCHASE

THIS IS A CONTRACT for Sale and Purchase (Contract), between Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017, whose address is 10391 Old Dairy Lane, Pensacola, Florida 32534 (Seller), and Escambia County, Florida, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose address is 221 Palafox Place, Pensacola, Florida 32502, (Buyer).

1. AGREEMENT. This Contract is being executed in conjunction with that certain Agreement for Sale and Purchase between the parties for the conveyance of property described in the attached Exhibit A and Exhibit C. Seller agrees to sell and Buyer agrees to buy the real property and improvements more particularly described in the attached Exhibit B (Property) upon the terms and conditions stated in this Contract. Approval authorizing this purchase was obtained during a duly advertised meeting of the Board of County Commissioners held on _____.

2. PURCHASE PRICE; PAYMENT. The Seller shall convey the Property to Buyer as described in attached Exhibit B (which the parties agree has a value of $255.67) in exchange for Buyer's conveyance of the Property(ies) described in the attached Exhibit A (which the parties agree has a value of $134.31) and Exhibit C (which the parties agree has a value of $542.03).

3. TIME FOR ACCEPTANCE; EFFECTIVE DATE; FACSIMILE. If the Contract is not executed by and delivered to all parties, or fact of execution communicated in writing between the parties, the Contract will be null and void. A facsimile copy of the Contract and any signatures on the Contract will be considered for all purposes as originals. The effective date (Effective Date) of the Contract is the date when the last party signs the Contract.

4. TITLE EVIDENCE. Within 30 days from the Effective Date of the Contract, Buyer shall examine title to the Property. If title is found to be defective in Buyer's opinion, Buyer shall notify Seller in writing and specify the defects. If the defects render title unmarketable, Seller has 120 days from receipt of Buyer's notice to remove the defects. Seller shall, if title is found to be unmarketable, use diligent effort to correct the defects in title within the time provided in the Contract. If Seller is unsuccessful in removing the defects within the time provided in the Contract, Buyer may accept title as it then stands or terminate the Contract.

5. ENVIRONMENTAL ASSESSMENT. Buyer may procure a Phase I Environmental Site Assessment of the property from a firm decided by Buyer. Buyer may terminate this agreement if the Site Assessment Report shows the environmental status of the property to be in a condition unacceptable to prudent buyers and lenders.

6. SELLER'S AFFIDAVIT AS TO UNRECORDED MATTERS, POSSESSION AND MECHANIC'S LIENS. Subject to any provisions in the Contract to the contrary, Seller must furnish to Buyer at closing an affidavit in a form acceptable to the Buyer and sufficient to remove standard printed exceptions to title in an owner's policy of title insurance regarding (i) unrecorded matters (except for taxes not yet due and payable and special assessments not shown by the public records), (ii) parties in possession, except for the rights of tenants, if any, as tenants only, in possession and occupancy of the Property under written leases which have been

furnished to Buyer by Seller and accepted by Buyer in writing, and (iii) mechanics liens exceptions. Seller represents to Buyer that there are and at closing there will be no tenants or lessees occupying the Property or any portion of the Property. The Seller's Affidavit must contain information required for completion of Internal Revenue Service 1099 Form and a FIRPTA disclosure.

7. DOCUMENTS FOR CLOSING. Buyer's attorney must prepare and furnish all documents for closing including, but not limited to, the Contract for Sale and Purchase, Satisfaction of Conditions Precedent to Closing, Seller's Affidavit, Settlement Statement, Warranty Deed and Public Disclosure of Interest Form required by Section 286.23, Florida Statutes.

8. COSTS AND EXPENSES. Seller and Buyer will pay costs and expenses as follows: prorated ad valorem taxes and assessments (Seller); Deed Documentary Stamp Tax (Buyer); Title Insurance (Buyer); Document Preparation Fee (Buyer); Recording of Deed (Buyer); Buyer's Attorney's Fees (Buyer); Seller's Attorney's Fees (Seller); Costs to cure title defects and encumbrances (Seller).

9. BROKERS. Neither Buyer nor Seller has utilized the services of, or for any other reason owes compensation to, a licensed real estate broker.

10. TAXES AND ASSESSMENTS. All real estate taxes and assessments which are or which may become a lien against the Property must be satisfied by Seller at closing. In the event the closing occurs between January 1 and November 1, Seller must, in accordance with Section 196.295, Florida Statutes, place in escrow with the county tax collector an amount equal to the current taxes prorated to the date of transfer, based upon the current assessment and millage rates on the Property. In the event the closing occurs on or after November 1, Seller must pay to the tax collector an amount equal to the taxes that are determined to be legally due and payable.

11. CONVEYANCE AND TRANSFER OF TITLE. Seller shall convey title to the Property by Warranty Deed.

12. CLOSING. This transaction will be closed and the Warranty Deed and other closing documents delivered to Buyer at the Office of the County Attorney, 221 Palafox Place, Suite 430, Pensacola, Florida 32502.

13. CLOSING PROCEDURE; DISBURSEMENT OF PROCEEDS OF SALE. At closing, Seller shall deliver the Warranty Deed and the proceeds of the sale will be disbursed in accordance with a settlement statement signed by both parties.

14. FAILURE OF PERFORMANCE. If Buyer fails or refuses to perform the Contract and Seller is not in default under this Contract, Seller will receive the deposit/earnest money, if any, plus all interest accrued, paid by Buyer as liquidated damages, consideration for the execution of the Contract and in full settlement of any claims for damages and as Seller's sole remedy under the Contract and Seller has no right of specific performance. If Seller fails or refuses to perform the Contract for any reason and Buyer is not in default under the Contract, (i) Buyer may proceed in law or in equity to enforce Buyer's rights under the Contract, or (ii) Buyer may elect to terminate the Contract and to receive the return of Buyer's deposit, plus interest

earned, and reimbursement from Seller for all costs and expenses Buyer incurred with regard to the Contract in full settlement of any claims for damages.

15. ATTORNEY FEES; COSTS. In connection with any litigation arising out of the Contract, each party is responsible for its own attorneys' fees and costs.

16. SURVIVAL. It is understood and agreed that all representations and warranties contained in the Contract and any provision of the Contract which by their nature and effect are required to be observed, kept or performed after closing, (i) survive closing and the delivery of the Warranty Deed, and (ii) remain binding upon and for the benefit of the parties to the Contract, their respective successors and assigns, until fully observed, kept or performed.

17. ASSIGNABILITY. Buyer and Seller cannot assign the Contract or rights under the Contract without the express written consent of the other.

18. RISK OF LOSS. The risk of loss to the Property is the responsibility of Seller until closing.

19. RADON GAS. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from the Escambia County public health unit.

20. OTHER AGREEMENTS. Except as noted herein, no prior or present agreements or representations are binding upon Buyer or Seller unless included in the Contract. No modification or change in the Contract are valid or binding upon the parties unless in writing and executed by the parties to be bound.

21. NOTICES. Any notice or demand to be given or that may be given under this Contract must be in writing and delivered by hand or delivered through the United States mail to:

TO THE SELLER:
Escambia County
County Administrator
221 Palafox Place
Pensacola, FL 32502

WITH A COPY TO:
County Attorney's Office
221 Palafox Place, Suite 430
Pensacola, FL 32502

TO THE BUYER:
Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017
10391 Old Dairy Lane
Pensacola, FL 32534

22. COUNTERPARTS. The Contract will be executed in duplicate counterparts, both of which taken together constitute one and the same instrument and any party or signatory may execute the Contract by signing a counterpart.

23. THIRD PARTY LEASES AND CONTRACTS. Seller shall at closing furnish to Buyer releases or subordination from any mortgage or existing leases.

24. SURVEY. Buyer may obtain a survey at its own expense. If Buyer prepares a survey and objectionable items are disclosed, objectionable matters will be viewed as title defects and the provisions of Paragraph 4 shall apply.

25. INSPECTION OF PROPERTY. Upon reasonable notice and without disruption of Seller's current use of the Property, Buyer may have subsurface investigations and environmental audits of the Property made by qualified geotechnical and environmental engineers sufficient in the judgment of the inspecting engineer to ascertain whether or not the Property meets the standards acceptable to Buyer. In the event that the report indicates that the Property does not meet Buyer's standards, Buyer, by notice to Seller on or before 10 days prior to closing, has the option of terminating the Contract and Seller agrees to return any deposit paid by Buyer. Seller warrants that there are no facts known to Seller materially affecting the value of the Property, which are not readily observable by Buyer or which have not been disclosed to Buyer.

26. ACCESS. Upon prior notice to Seller, Buyer and Buyer's agents and representatives have the right of access to the Property at any reasonable time prior to closing for the purpose of making the investigations, environmental audits, inspections and surveys authorized by the Contract, provided neither Buyer nor its agents interfere with the use of the Property by Seller or its employees or customers.

27. OCCUPANCY AND POSSESSION. Seller warrants delivery of possession of the Property to Buyer at closing.

28. CONDEMNATION. Seller conveys by sale the Property for public use and waives any right to compensation for the Property other than as provided for in the Contract. If at any time prior to closing, the Property or any portion of the Property is taken by the exercise of eminent domain by another entity possessing those powers or if any preliminary steps in any taking by eminent domain of all or any portion of the Property occurs prior to closing, Buyer may, at Buyer's option, within 10 days after notice of this fact from Seller, rescind the Contract and Seller must return any deposit paid under the Contract to Buyer. Upon refund of the deposit, plus any interest earned, Buyer and Seller are released, as to one another, of all further obligations under the Contract. Seller shall notify Buyer of any taking by eminent domain and all steps preliminary to any taking immediately upon Seller's knowledge of the occurrence. If Buyer does not exercise Buyer's option to rescind under this Paragraph, the Contract remains in full force and effect. In this event Seller, (i) shall pay to Buyer at closing all proceeds previously received by Seller from the condemning authority, and (ii) shall assign to Buyer at closing all proceeds to be paid by the condemning authority after closing by an instrument of assignment in a form reasonably acceptable to Buyer.

29. FOREIGN INVESTMENT AND REAL PROPERTY TAX ACT (FIRPTA) AFFIDAVIT. Seller agrees to furnish to Buyer at closing a transferor's certification disclosing under penalty of perjury Seller's foreign or non-foreign status and Seller's United States federal identification number. The certification must be, (i) in a form acceptable to Buyer, and (ii) if Buyer has non-foreign status, in a form meeting the requirements of Section 1445(a) of the Internal Revenue Code of 1986, as amended, and the Regulations under Section 1445(a).

THIS CONTRACT IS INTENDED TO BE A LEGALLY BINDING CONTRACT. IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING.

CONTAINING (17,281 SQ.FT.) 0.40 ACRES MORE OR LESS.

AGREEMENT FOR SALE AND PURCHASE

THIS AGREEMENT FOR SALE AND PURCHASE (Agreement), is entered into this _____ day of _____, 2019, between Escambia County, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose mailing address is 221 Palafox Place, Pensacola, Florida 32502 (Seller), and Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017, whose address is 10391 Old Dairy Lane, Pensacola, Florida 32534 and Jerrod Benton Campbell and Samantha Elaine Campbell, whose address is 1000 Brickton Road, Molino, Florida 32577 (Buyer).

WITNESSETH:

WHEREAS, Seller is the record owner of the real property described in the attached Exhibits A and C (the Property); and

WHEREAS, at duly advertised meetings of the Board of County Commissioners on _____, Seller approved the sale of the Property to Buyer in exchange for conveyance of the property described in the attached Exhibit B, and

WHEREAS, Seller and Buyer now desire to enter into this Agreement for Sale and Purchase and to set forth the mutually agreed upon terms and conditions associated with the proposed purchase and sale.

NOW, THEREFORE, for and in consideration of the premises, the sums of money to be paid, and for other good and valuable consideration, the parties agree as follows:

1. Agreement to Sell and Purchase. This Agreement is being executed in conjunction with that certain Contract for Sale and Purchase between the parties for the conveyance of the property described in the attached Exhibit B. Seller agrees to sell and Buyer agrees to buy the real property and improvements more particularly described in the attached Exhibits A and C (Property) upon the terms and conditions stated in this Agreement; Seller shall convey the property described in Exhibit A to Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017 and the property described in Exhibit C to Jerrod Benton Campbell and Samantha Elaine Campbell.

2. Purchase Price and Method of Payment. The Seller shall convey the Property to Buyer in exchange for conveyance from Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017, of the property described in the attached Exhibit B, which the parties agree has a value of $255.67.

3. Evidence of Title. Seller shall transfer and convey to Buyer fee simple title to the Property. Within 30 days after the date of execution of this Agreement, Buyer may examine title to the Property and give notice to Seller in writing of any defects or encumbrances upon the Property unacceptable to Buyer except for (a) those exceptions identified in Section 10 of this Agreement

entitled "Conveyance of Property," and (b) those exceptions to title which are to be discharged by Seller at or before closing. Seller is not obligated to provide Buyer with a title commitment.

If Buyer determines title to the Property is unmarketable for reasons other than the existence of the exceptions identified in Section 9 or exceptions that are to be discharged by Seller at or before closing, Buyer shall notify Seller in writing no later than five days after examining title. The written notice shall specify those liens, encumbrances, exceptions or qualifications to title that are either not acceptable or not contemplated by this Agreement to be discharged by Seller at or before closing (Title Defects).

If Seller is unable or unwilling to cure or eliminate the Title Defects prior to closing, Seller shall notify Buyer in writing prior to closing. Buyer and Seller may then extend the time allowed for removal of the Title Defects and the time of closing; or Buyer may waive Title Defects and proceed with closing; or Buyer and Seller may withdraw from the transaction and terminate the obligations under the Agreement. Buyer agrees that any Title Defects present on the day title is transferred, unless expressly objected to by written notice, will be considered accepted by Buyer.

4. Survey. Buyer may obtain a survey of the Property prior to closing at Buyer's expense. Buyer must notify Seller in writing after receipt of the survey of any matters shown on the survey that adversely affect title to the Property. The adverse matters will be deemed Title Defects, and Seller is obligated to undertake a cure within the time and in the manner provided in Section 3 of this Agreement.

5. Possession. Possession of the Property will be surrendered by Seller to Buyer at the time of closing. Seller shall not commit nor permit waste, deterioration or other destruction of the Property prior to that time.

6. Condition of Property. Pursuant to Section 125.411, Florida Statutes, Seller is precluded from warranting or representing any state of facts regarding title to the Property and, as a governmental entity, is exempt from the disclosures otherwise required by local ordinance. Except as set forth in the Agreement, it is understood and agreed that Seller disclaims all warranties or representations of any kind or character, express or implied, with respect to the Property, including, but not limited to, warranties and representations related to title, zoning, tax consequences, physical or environmental conditions, availability of access, ingress or egress, property value, operating history, governmental approvals, governmental regulations or any other matter or thing relating to or affecting the Property. Buyer represents that it is a knowledgeable Buyer of real estate and that it is relying solely on its own expertise and that of its consultants, and that Buyer will conduct inspections and investigations of the Property, including, but not limited to, the physical conditions of the Property, and will rely upon them, and upon closing, will assume the risk of all adverse matters, including but not limited to, adverse physical conditions, which may not have been revealed by Buyer's inspections and investigations. Seller sells and conveys to Buyer and Buyer accepts the Property "As Is, Where Is," with all faults and there are no oral agreements, warranties or representations collateral to or affecting the Property to Buyer by Seller or any third party. The terms and conditions of this paragraph expressly survive the closing of the Agreement.

7. Right to Inspect Property. Prior to undertaking any inspections and testing, Buyer must provide notice to Seller and coordinate with Seller's designee. Buyer must not intentionally nor unreasonably interfere with Seller's activities on the Property.

Prior to closing, Buyer, and its agents and consultants, have the right to enter upon the Property and undertake at Buyer's expense, any physical inspections and other investigations of the Property, including surveys, soil bores, percolation tests, engineering studies, tests for radon gas and other tests or studies that Buyer considers necessary or desirable to review and evaluate the physical characteristics of the Property. Results of any investigation or testing conducted on the Property must promptly be disclosed to Seller.

Buyer shall notify Seller in writing of any defects disclosed by its inspections and testing within five days of completion of the inspection or test. For purposes of this paragraph, "defect" means a condition on or under the Property that violates applicable state or federal environmental laws, rules or regulations, or may present an imminent and substantial danger to the public health or welfare. Upon receipt, Seller shall notify Buyer that 1) it will terminate this Agreement, whereupon all rights and obligations of the parties shall cease; or 2) it will remedy the environmental defect within six months of the date of the notice, or as otherwise agreed by the parties, in which case the closing date will automatically be extended.

Buyer, as a condition precedent to its entry rights, will defend, indemnify, save and hold Seller harmless from any loss, damage, liability, suit, claim, cost or expense, including reasonable attorneys' fees, arising from the exercise by Buyer of its entry rights.

8. Radon Gas. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

9. Conveyance of Property. At closing, Seller will convey to Buyer title to the Property by deed, which will identify the following exceptions to title:

a. Ad valorem real property taxes and assessments for the year 2019 and subsequent years; outstanding and unpaid taxes and assessments, if any, for previous years; conditions, easements, and restrictions of record, if any, but this reference does not operate to reimpose them; zoning ordinances and other restrictions and prohibitions imposed by applicable governmental authorities.

The parties expressly acknowledge that Buyer accepts title as it exists on the day title is transferred from Seller to Buyer unless written notice has been provided to Seller in accordance with Section 3.

10. Closing. Subject to satisfaction of the obligations of Seller and Buyer as set forth in the Agreement, the Purchase Price will be paid to Seller and the Deed and other closing documents

reasonably required by either party will be executed and delivered at the time of closing. The purchase and sale contemplated by this Agreement will be closed in the Office of the Escambia County Attorney, 221 Palafox Place, Suite 430, Pensacola, Florida. Seller's attorney will prepare and furnish all documents for closing including any necessary corrective documents. Closing shall occur on or before 90 days from the date that the last party executes this Agreement unless the date for closing is extended by written agreement of the parties or as otherwise provided herein.

11. Costs and Expenses at Closing. Upon closing, Seller and Buyer shall pay the following costs and expenses:

SELLER	BUYER	
X	____	Deed Documentary Stamps
____	X	Survey, if any
X	____	Recording (Deed)
____	X	Title Insurance, if any
____	X	Structural and Environmental Inspections, if any
____	X	Real Estate Professional Fee or Commission, if any

12. Taxes, Fees, and Charges. Taxes, fees and charges will be paid as follows:

a. Buyer is responsible for all ad valorem taxes and assessments, if any, assessed against the Property. Any outstanding taxes or tax certificates or assessments encumbering the Property must be satisfied by the Buyer at closing. Seller is immune from ad valorem taxes and will not pay ad valorem taxes on the Property.

b. All impact fees, permit fees, systems charges, and any other amounts charged or assessed as a result of, arising from, or necessary for Buyer's proposed construction on, or development of, the Property will be paid solely by Buyer.

13. Conditions Precedent to Closing. The obligation of Buyer to close the sale and purchase transaction contemplated in this Agreement is expressly conditioned on the prior occurrence, satisfaction or fulfillment of the following:

a. Prior to closing, all obligations of Seller and Buyer in this Agreement must have been either fully satisfied or have occurred or have been waived by Seller or Buyer in writing or as otherwise provided in this Agreement.

b. Within the time provided in the Agreement, Buyer will have established to its satisfaction that Seller is the owner of good and marketable fee simple title to the

Property, subject only to the Permitted Exceptions and those exceptions which are to be discharged by Seller at or before the closing or, alternatively, waived by Buyer.

c. There are no pending or threatened building, utility (including sewer or water) or other moratoria, injunctions or court orders in effect which would interfere with the immediate use or occupancy of any portion of the Property.

d. There is no litigation or administrative proceeding pending or threatened against or relating to either the Property or Seller which would preclude Buyer's purchase and Seller's sale of the Property under the Agreement.

e. There are no pending or threatened zoning, condemnation or eminent domain proceedings against or in any way affecting the Property or any known pending or threatened suits, actions or other proceedings against Seller or affecting the Property or its use in any manner permitted as of the date of the Agreement by the land development regulations of the local government entity with land development regulatory authority over the Property (either as a primary or permitted conditional use) and that the Property and such uses are not in any manner encumbered or adversely affected by any judgment, order, writ, injunction, rule or regulation or any court or governmental agency or officer.

f. The results of inspections, investigations and inquiries Buyer has made with respect to the Property are, in Buyer's sole opinion and in Buyer's sole discretion, acceptable to Buyer.

If one or more of the above requirements precedent to Buyer's obligation to close this Agreement has not occurred or been satisfied, or expressly waived by Buyer or by the terms of this Agreement on or before the closing date for any reason, then Buyer is entitled to terminate this Agreement and the obligations of the parties, by giving written notice to the other party.

14. Assignability. This Agreement cannot be assigned by Buyer without the prior written consent of Seller.

15. Litigation and Attorneys' Fees. Each party will pay for its own attorneys' fees and costs in the event of litigation related to the sale and purchase of the Property.

16. Time of the Essence. Time is of the essence of this Agreement and in the performance of all conditions and covenants to be performed or satisfied by either party. Waiver of performance or satisfaction of timely performance or satisfaction of any condition or covenant by one party is not to be deemed to be a waiver of the performance or satisfaction of any other condition or covenant unless specifically consented to in writing. Whenever a date in the Agreement falls on a Saturday, Sunday or legal holiday, the date is extended to the next business day.

17. Counterparts. This Agreement will be executed in duplicate counterparts, each of which upon execution by all parties is deemed to be an original.

18. Governing Law and Binding Effect. The interpretation and enforcement of this Agreement will be governed by and construed in accordance with the laws of the State of Florida and bind Buyer and Seller and their respective successors and assigns. The venue for any legal proceeding arising out of this Agreement shall be in a court of competent jurisdiction in Escambia County, Florida.

19. Integrated Agreement, Waiver and Modification. This Agreement represents the complete and entire understanding and agreement between and among the parties with regard to all matters involved in the Agreement and supersedes any prior or contemporaneous agreements, whether written or oral. The Agreement cannot be modified or amended and no provision is waived, except in writing signed by all parties, or if such modification, amendment or waiver is for the benefit of one or more of the parties and to the detriment of the others, then the amendment or waiver must be in writing, signed by all parties to whose detriment the modification, amendment or waiver inures.

20. Brokerage. Seller and Buyer acknowledge, represent and warrant to each other that no broker or finder has been employed by either Seller or Buyer in connection with the sale and purchase contemplated in the Agreement.

21. Default and Termination. If either party fails to perform any of its obligations set forth in the Agreement within the times specified, the other party, at its option and at any time, may terminate the Agreement. Neither party can declare the other in default without giving the other party at least five days written notice of intention to do so, during which time the other party will have an opportunity to remedy the default or to commence to remedy. The notice must specify, in detail, the default.

22. Notices. All notices must be in writing and served either personally or by deposit with the U.S. Postal Service, certified mail, return receipt requested, or by deposit with a nationally recognized overnight courier service, postage pre-paid and addressed to the Seller and Buyer at the following addresses:

TO THE SELLER:
Escambia County
County Administrator
221 Palafox Place
Pensacola, FL 32502

WITH A COPY TO:
County Attorney's Office
221 Palafox Place, Suite 430
Pensacola, FL 32502

TO THE BUYER:
Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017
10391 Old Dairy Lane
Pensacola, FL 32534

Jerrod Benton Campbell
Samantha Elaine Campbell
1000 Brickton Road
Molino, FL 32577

All notices are deemed served when received, except that any notice mailed or deposited in the manner provided in this section are deemed served on the postmark date or courier pickup date.

23. Further Assurances. Each party, without further consideration, will act and execute and deliver documents as the other may reasonably request to effectuate the purposes of the Agreement.

24. Relationship of the Parties. Nothing in this Agreement or any act of the parties is deemed or construed by the parties or by any third party to create a relationship of principal and agent or of partnership or of joint venture or of any association whatsoever between Buyer and Seller.

25. Risk of Loss. The risk of loss to the property is the responsibility of Seller until closing.

26. Property Tax Disclosure Summary. Buyer should not rely on the Seller's current property taxes as the amount of property taxes that the Buyer may be obligated to pay in the year subsequent to purchase. A change of ownership or property improvements triggers reassessments of the property that could result in higher property taxes. If you have any questions concerning valuation, contact the County Property Appraiser's Office for information.

27. Miscellaneous. If any term, provision, covenant, or condition of the Agreement or the application to any person or circumstances is invalid or unenforceable, the remainder of the Agreement is valid and enforceable to the extent permitted by law.

THIS AGREEMENT SHALL NOT BE EFFECTIVE UNLESS FIRST APPROVED BY THE BOARD OF COUNTY COMMISSIONERS AT A DULY NOTICED PUBLIC MEETING.

IN WITNESS WHEREOF, Seller and Buyer have made and executed this Agreement as of this date and year first above written.

CONTAINING (17,281 SQ.FT.) 0.40 ACRES MORE OR LESS.

CONTRACT FOR SALE AND PURCHASE

THIS IS A CONTRACT for Sale and Purchase (Contract), between Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017, whose address is 10391 Old Dairy Lane, Pensacola, Florida 32534 (Seller), and Escambia County, Florida, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose address is 221 Palafox Place, Pensacola, Florida 32502, (Buyer).

1. AGREEMENT. This Contract is being executed in conjunction with that certain Agreement for Sale and Purchase between the parties for the conveyance of property described in the attached Exhibit A and Exhibit C. Seller agrees to sell and Buyer agrees to buy the real property and improvements more particularly described in the attached Exhibit B (Property) upon the terms and conditions stated in this Contract. Approval authorizing this purchase was obtained during a duly advertised meeting of the Board of County Commissioners held on _____.

2. PURCHASE PRICE; PAYMENT. The Seller shall convey the Property to Buyer as described in attached Exhibit B (which the parties agree has a value of $255.67) in exchange for Buyer's conveyance of the Property(ies) described in the attached Exhibit A (which the parties agree has a value of $134.31) and Exhibit C (which the parties agree has a value of $542.03).

3. TIME FOR ACCEPTANCE; EFFECTIVE DATE; FACSIMILE. If the Contract is not executed by and delivered to all parties, or fact of execution communicated in writing between the parties, the Contract will be null and void. A facsimile copy of the Contract and any signatures on the Contract will be considered for all purposes as originals. The effective date (Effective Date) of the Contract is the date when the last party signs the Contract.

4. TITLE EVIDENCE. Within 30 days from the Effective Date of the Contract, Buyer shall examine title to the Property. If title is found to be defective in Buyer's opinion, Buyer shall notify Seller in writing and specify the defects. If the defects render title unmarketable, Seller has 120 days from receipt of Buyer's notice to remove the defects. Seller shall, if title is found to be unmarketable, use diligent effort to correct the defects in title within the time provided in the Contract. If Seller is unsuccessful in removing the defects within the time provided in the Contract, Buyer may accept title as it then stands or terminate the Contract.

5. ENVIRONMENTAL ASSESSMENT. Buyer may procure a Phase I Environmental Site Assessment of the property from a firm decided by Buyer. Buyer may terminate this agreement if the Site Assessment Report shows the environmental status of the property to be in a condition unacceptable to prudent buyers and lenders.

6. SELLER'S AFFIDAVIT AS TO UNRECORDED MATTERS, POSSESSION AND MECHANIC'S LIENS. Subject to any provisions in the Contract to the contrary, Seller must furnish to Buyer at closing an affidavit in a form acceptable to the Buyer and sufficient to remove standard printed exceptions to title in an owner's policy of title insurance regarding (i) unrecorded matters (except for taxes not yet due and payable and special assessments not shown by the public records), (ii) parties in possession, except for the rights of tenants, if any, as tenants only, in possession and occupancy of the Property under written leases which have been

furnished to Buyer by Seller and accepted by Buyer in writing, and (iii) mechanics liens exceptions. Seller represents to Buyer that there are and at closing there will be no tenants or lessees occupying the Property or any portion of the Property. The Seller's Affidavit must contain information required for completion of Internal Revenue Service 1099 Form and a FIRPTA disclosure.

7. DOCUMENTS FOR CLOSING. Buyer's attorney must prepare and furnish all documents for closing including, but not limited to, the Contract for Sale and Purchase, Satisfaction of Conditions Precedent to Closing, Seller's Affidavit, Settlement Statement, Warranty Deed and Public Disclosure of Interest Form required by Section 286.23, Florida Statutes.

8. COSTS AND EXPENSES. Seller and Buyer will pay costs and expenses as follows: prorated ad valorem taxes and assessments (Seller); Deed Documentary Stamp Tax (Buyer); Title Insurance (Buyer); Document Preparation Fee (Buyer); Recording of Deed (Buyer); Buyer's Attorney's Fees (Buyer); Seller's Attorney's Fees (Seller); Costs to cure title defects and encumbrances (Seller).

9. BROKERS. Neither Buyer nor Seller has utilized the services of, or for any other reason owes compensation to, a licensed real estate broker.

10. TAXES AND ASSESSMENTS. All real estate taxes and assessments which are or which may become a lien against the Property must be satisfied by Seller at closing. In the event the closing occurs between January 1 and November 1, Seller must, in accordance with Section 196.295, Florida Statutes, place in escrow with the county tax collector an amount equal to the current taxes prorated to the date of transfer, based upon the current assessment and millage rates on the Property. In the event the closing occurs on or after November 1, Seller must pay to the tax collector an amount equal to the taxes that are determined to be legally due and payable.

11. CONVEYANCE AND TRANSFER OF TITLE. Seller shall convey title to the Property by Warranty Deed.

12. CLOSING. This transaction will be closed and the Warranty Deed and other closing documents delivered to Buyer at the Office of the County Attorney, 221 Palafox Place, Suite 430, Pensacola, Florida 32502.

13. CLOSING PROCEDURE; DISBURSEMENT OF PROCEEDS OF SALE. At closing, Seller shall deliver the Warranty Deed and the proceeds of the sale will be disbursed in accordance with a settlement statement signed by both parties.

14. FAILURE OF PERFORMANCE. If Buyer fails or refuses to perform the Contract and Seller is not in default under this Contract, Seller will receive the deposit/earnest money, if any, plus all interest accrued, paid by Buyer as liquidated damages, consideration for the execution of the Contract and in full settlement of any claims for damages and as Seller's sole remedy under the Contract and Seller has no right of specific performance. If Seller fails or refuses to perform the Contract for any reason and Buyer is not in default under the Contract, (i) Buyer may proceed in law or in equity to enforce Buyer's rights under the Contract, or (ii) Buyer may elect to terminate the Contract and to receive the return of Buyer's deposit, plus interest

earned, and reimbursement from Seller for all costs and expenses Buyer incurred with regard to the Contract in full settlement of any claims for damages.

15. ATTORNEY FEES; COSTS. In connection with any litigation arising out of the Contract, each party is responsible for its own attorneys' fees and costs.

16. SURVIVAL. It is understood and agreed that all representations and warranties contained in the Contract and any provision of the Contract which by their nature and effect are required to be observed, kept or performed after closing, (i) survive closing and the delivery of the Warranty Deed, and (ii) remain binding upon and for the benefit of the parties to the Contract, their respective successors and assigns, until fully observed, kept or performed.

17. ASSIGNABILITY. Buyer and Seller cannot assign the Contract or rights under the Contract without the express written consent of the other.

18. RISK OF LOSS. The risk of loss to the Property is the responsibility of Seller until closing.

19. RADON GAS. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from the Escambia County public health unit.

20. OTHER AGREEMENTS. Except as noted herein, no prior or present agreements or representations are binding upon Buyer or Seller unless included in the Contract. No modification or change in the Contract are valid or binding upon the parties unless in writing and executed by the parties to be bound.

21. NOTICES. Any notice or demand to be given or that may be given under this Contract must be in writing and delivered by hand or delivered through the United States mail to:

TO THE SELLER:
Escambia County
County Administrator
221 Palafox Place
Pensacola, FL 32502

WITH A COPY TO:
County Attorney's Office
221 Palafox Place, Suite 430
Pensacola, FL 32502

TO THE BUYER:
Cleveland Rufus Campbell, Sr., individually and as Trustee of the Cleveland Rufus Campbell, Sr. Revocable Trust dated December 14, 2017
10391 Old Dairy Lane
Pensacola, FL 32534

22. COUNTERPARTS. The Contract will be executed in duplicate counterparts, both of which taken together constitute one and the same instrument and any party or signatory may execute the Contract by signing a counterpart.

23. THIRD PARTY LEASES AND CONTRACTS. Seller shall at closing furnish to Buyer releases or subordination from any mortgage or existing leases.

24. SURVEY. Buyer may obtain a survey at its own expense. If Buyer prepares a survey and objectionable items are disclosed, objectionable matters will be viewed as title defects and the provisions of Paragraph 4 shall apply.

25. INSPECTION OF PROPERTY. Upon reasonable notice and without disruption of Seller's current use of the Property, Buyer may have subsurface investigations and environmental audits of the Property made by qualified geotechnical and environmental engineers sufficient in the judgment of the inspecting engineer to ascertain whether or not the Property meets the standards acceptable to Buyer. In the event that the report indicates that the Property does not meet Buyer's standards, Buyer, by notice to Seller on or before 10 days prior to closing, has the option of terminating the Contract and Seller agrees to return any deposit paid by Buyer. Seller warrants that there are no facts known to Seller materially affecting the value of the Property, which are not readily observable by Buyer or which have not been disclosed to Buyer.

26. ACCESS. Upon prior notice to Seller, Buyer and Buyer's agents and representatives have the right of access to the Property at any reasonable time prior to closing for the purpose of making the investigations, environmental audits, inspections and surveys authorized by the Contract, provided neither Buyer nor its agents interfere with the use of the Property by Seller or its employees or customers.

27. OCCUPANCY AND POSSESSION. Seller warrants delivery of possession of the Property to Buyer at closing.

28. CONDEMNATION. Seller conveys by sale the Property for public use and waives any right to compensation for the Property other than as provided for in the Contract. If at any time prior to closing, the Property or any portion of the Property is taken by the exercise of eminent domain by another entity possessing those powers or if any preliminary steps in any taking by eminent domain of all or any portion of the Property occurs prior to closing, Buyer may, at Buyer's option, within 10 days after notice of this fact from Seller, rescind the Contract and Seller must return any deposit paid under the Contract to Buyer. Upon refund of the deposit, plus any interest earned, Buyer and Seller are released, as to one another, of all further obligations under the Contract. Seller shall notify Buyer of any taking by eminent domain and all steps preliminary to any taking immediately upon Seller's knowledge of the occurrence. If Buyer does not exercise Buyer's option to rescind under this Paragraph, the Contract remains in full force and effect. In this event Seller, (i) shall pay to Buyer at closing all proceeds previously received by Seller from the condemning authority, and (ii) shall assign to Buyer at closing all proceeds to be paid by the condemning authority after closing by an instrument of assignment in a form reasonably acceptable to Buyer.

29. FOREIGN INVESTMENT AND REAL PROPERTY TAX ACT (FIRPTA) AFFIDAVIT. Seller agrees to furnish to Buyer at closing a transferor's certification disclosing under penalty of perjury Seller's foreign or non-foreign status and Seller's United States federal identification number. The certification must be, (i) in a form acceptable to Buyer, and (ii) if Buyer has non-foreign status, in a form meeting the requirements of Section 1445(a) of the Internal Revenue Code of 1986, as amended, and the Regulations under Section 1445(a).

THIS CONTRACT IS INTENDED TO BE A LEGALLY BINDING CONTRACT. IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING.

CONTAINING (32,215.58 SQ.FT.) 0.74 ACRE MORE OR LESS.

SURVEYOR'S NOTES:

1) The sketch shown hereon was prepared for description purposes only and is not intended to represent a field (boundary) survey. An accurate field (boundary) survey of the parcel described hereon may result in variations in bearings and distances.
2) Measurements were made in accordance with the United States Standard Foot (US Survey Foot definition).
3) Basis of Bearings Reference: Grid north and the grid bearings shown hereon are based on the following:
   a. Projection Zone: Florida North (State Plane)
   b. Projection Type: Lambert Conformal Conic
   c. Datum: North American Datum of 1983 with a datum tag of 2011 (NAD83 2011)).
4) Joseph Barrett, Florida Professional Surveyor and Mapper did not perform a title search, nor has a title search been provided. Therefore, the sketch and description shown hereon (Parcels 1 & 3 is subject to any facts that may be disclosed by a full and accurate title search.
5) Lands shown hereon were not abstracted by Joseph Barrett, Florida Professional Surveyor and Mapper, and is, therefore, subject to deeds of record, unrecorded deeds, easements, right-of-ways, building setbacks, restrictive covenants, or other instruments which could affect the boundaries or use of the subject property.
6) This sketch and description does not reflect, determine, or guarantee ownership.
7) Internal improvements were not located, if any.
8) No attempt was made to locate any underground foundations,septic/drain fields, underground utilities, or overhead utilities.
9) No attempt was made to locate written or unwritten easements or right of ways.
10) Additions or deletions to the sketch and description by other than the signing party or parties is prohibited without written consent of the signing parties.
11) The sketch and description or copies thereof are not valid without the signature and the original raised seal of a Florida licensed Surveyor and Mapper.
12) The sketch and description are not full and complete without the other.
13) No other person(s) and/or entity(ies) other than those certified to hereon may use this sketch and description or copies thereof, for any reason whatsoever, without the prior written consent of the undersigned.
14) Documents used in the preparation of this sketch and description: Deeds of record as shown hereon in the public records of Escambia County, Florida; and existing field monumentation.
15) The official record of this sketch and description is the original signed and sealed paper version. Any electronic version(s) is not valid unless it is identical in all forms and respects to the original signed and sealed paper version. The onus of comparison is placed on the user of the electronic version.
16) The survey error of closure meets the Survey Standards of Practice.

ESCAMBIA COUNTY FLORIDA

I hereby certify that the survey shown hereon was made under my responsible charge and meets the Standards of Practice as set forth by the Florida Board of Professional Surveyors and Mappers in Chapter 5J-17.050, 5J-17.051, and 5J-17.052, pursuant to Section 472.027 Florida Statutes.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16087 **County Administrator's Report 10. 13.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Modification to Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, Lake Charlene Drainage Project
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Modification to Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, from the Florida Division of Emergency Management, for the Construction of Lake Charlene Drainage Improvements Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning Modification to Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, from the Florida Division of Emergency Management (FDEM), for the construction of Lake Charlene Drainage Improvements Project:

A. Approve and authorize the Chairman to execute Modification Number One of Federally-Funded Subaward and Grant Agreement #19HM-H4-01-27-01-201, Project #4177-19-A, for the construction of Lake Charlene Drainage Improvements Project, increasing the Grant amount to $2,162,366.35; and

B. Authorize the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and program-related documents for this project that do not alter the finite terms of funding amounts or budgets.

.

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement: *Section (22) Mandated Conditions, subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."*

[Funding source: Current grant funds are available in Fund 352, LOST III (HMGP

Grant), Cost Center 210121, Object Code 56301, Project #16EN3602]

This project is located in Commission District 2.

BACKGROUND:

Meeting in regular session on November 6, 2014, the Board of County Commissioners (BOCC/the Board) awarded the Lake Charlene Area of the Warrington Basin Study Project, PD 13-14.081, to HDR Engineering, Inc. At their regularly-scheduled meeting on December 11, 2014, the Board approved submittal of this project for Hazard Mitigation Grant Program (HMGP) funding consideration. Florida Division of Emergency Management (FDEM) awarded the design phase grant and, meeting in regular session, the BOCC approved the Grant Agreement on June 16, 2016. That HMGP Grant Agreement provided for reimbursement of $314,274.00 for Phase 1 design. At their regularly-scheduled meeting on August 4, 2016, the Board approved a design scope change order with HDR to complete design plans specified in the grant. Design deliverables were submitted to FDEM, and FDEM awarded Phase 2 construction funding Grant Agreement #19HM-H4-01-27-01-201 for $2,101,252.00, which was approved by the Board at their regularly-scheduled meeting on October 4, 2018.

Modification Number one of the Phase 2 construction Grant Agreement increases the grant amount by $61,114.35 to a total of $2,162,366.35, to provide for reimbursement of some additional design services referenced as Pre-award Costs totaling $17,421.84, and increasing project management costs to $52,385.51. This grant increase will be transferred from the remaining design balance under the previous Phase 1 Grant Agreement for design.

The project will reduce repetitive flooding that has occurred since the 1970s, affecting 266 homes. All project activities will be executed in compliance with applicable codes and regulations. The completed project shall provide protection against a 50-year storm event per grant requirements, protect 75 structures from flooding, and reduce flood frequency of 266 properties during a 100-year storm event. This project will improve stormwater management systems in the associated drainage area and reduce future flood damage as experienced in April 2014, June 2012, April 2005, September 1998, and storm events.

Phase 2 construction includes drainage improvements and adding approximately 1,635 feet of double 60-inch concrete pipe to 61st Avenue, 813 feet of 66-inch pipe, and 110 feet of 60-inch pipe from Lake Charlene to the south side of US Highway 98.

This Grant Agreement Modification provides 100% federal funds for Phase 2 construction. Funding match was leverage as a global match under the Beach Haven Northeast Phase 1 project. This Grant Agreement will reimburse Escambia

County $2,162,366.35, as specified in the Grant Agreement Modification. The agreement period of performance currently extends through March 31, 2020; once this Modification is approved, FDEM indicated we could submit another Grant Modification to extend the grant to cover delays associated with acquiring a drainage easement from the Lake Charlene Home Owners Association.

BUDGETARY IMPACT:

Current grant funds are available in Fund 352, LOST III (HMGP Grant), Cost Center 210121, Object Code 56301, Project #16EN3602.

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office has reviewed the agreement and signed off for legal sufficiency, and has requested that the Board be made aware of the agreement language in Section 22, Mandated Conditions, Subsection (b) that, *"This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of the agreement shall be in the Circuit Court of Leon County."*

PERSONNEL:

Engineering Department staff will manage this grant. Legal staff will also be necessary to acquire the drainage easement from the Lake Charlene Home Owners Association for the project to proceed to construction.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board policy Section 11.A requires Board approval of grants.

IMPLEMENTATION/COORDINATION:

Engineering Department staff will manage this grant. Legal staff will also be necessary to acquire the drainage easement from the Lake Charlene Home Owners Association for the project to proceed to construction.

MODIFICATION TO SUBGRANT AGREEMENT BETWEEN THE DIVISION OF EMERGENCY MANAGEMENT AND ESCAMBIA COUNTY

This Modification Number One is made and entered into by and between the State of Florida, Division of Emergency Management ("the Division"), and Escambia County ("the Recipient") to modify Contract Number: 19HM-H4-01-27-01-201, dated October 29, 2018 ("the Agreement").

WHEREAS, the Division and the Recipient have entered into the Agreement, pursuant to which the Division has provided a subgrant to the Recipient under the Hazard Mitigation Grant Program of $2,101,252.00, in Federal Funds; and

WHEREAS, the Division and the Recipient desire to modify the Agreement; and

WHEREAS, the Division and the Recipient desire to modify the Budget and Scope of Work by increasing the Federal funding by $61,114.35 under the Agreement.

NOW, THEREFORE, in consideration of the mutual promises of the parties contained herein, the parties agree as follows:

1. The Agreement is amended to increase the Federal Funding by $61,114.25, for the maximum amount payable under the Agreement to $2,162,366.35, (Two Million, One Hundred Sixty Two Thousand, and Three Hundred Sixty Six Dollars and Thirty Five Cents).

2. The Budget and Scope of Work, Attachment A to the Agreement, are hereby modified as set forth in 1st Revision Attachment A to this Modification, a copy of which is attached hereto and incorporated herein by reference.

3. All provisions of the Agreement being modified and any attachments in conflict with this Modification shall be and are hereby changed to conform with this Modification, effective on the date of execution of this Modification by both parties.

4. All provisions not in conflict with this Modification remain in full force and effect, and are to be performed at the level specified in the Agreement.

5. Quarterly Reports are due to the Division no later than 15 days after the end of each quarter of the program year and shall be sent each quarter until submission of the administrative close-out report. The ending dates for each quarter of the program year are March 31, June 30, September 30 and December 31.

IN WITNESS WHEREOF, the parties hereto have executed this Modification as of the dates set out below.

Budget and Scope of Work

STATEMENT OF PURPOSE:

The purpose of this Scope of Work (SOW) is to improve drainage of Lake Charlene in Escambia County, Florida; funded through the Hazard Mitigation Grant Program (HMGP) **DR-4177-19-A,** as approved by the Florida Division of Emergency Management (Division) and the Federal Emergency Management Agency (FEMA).

The Sub-Recipient, Escambia County agrees to administer, complete the project per sealed engineering designs and construction plans as submitted by the Sub-Recipient, and subsequently approved by the Division and FEMA. The Sub-Recipient shall complete the work in accordance with all applicable Federal, State and Local Laws, Regulations and Codes.

PROJECT OVERVIEW:

As a HMGP project, the Sub-Recipient proposes to improve the drainage of Lake Charlene neighborhood, located in Pensacola, Florida, 32506. Specifically, the project starts on Lake Joanne Drive about 320 feet west from the intersection of Lake Joanne Drive and 61st Avenue, continues southward along east side on 61st Avenue approximately 2,150 feet and ends at the final outfall on the south side of US 98 intersection with 61st Avenue, near Jones Creek.

The Phase II – construction SOW proposes drainage improvement that shall provide protection for residential areas neighboring Lake Charlene by increasing the outfall capacity and stage capacity within Lake Charlene. Concrete pipe system shall be constructed from Lake Joanne Drive to 61st Avenue and south on 61st Avenue, where the proposed system intersects the existing outfall. The existing outfall shall be retained and supplemented by additional storm drain; from Outfall Confluence additional concrete pipe is proposed, adjacent to existing pipe to the final outfall on US 98. The project shall resolve a repetitive flood problem that has occurred in Lake Charlene area including 2014, 2012 and 2005 storm events in addition to 1979, 2004 and summer of 2010 flooding.
When completed the project shall provide protection against a 50-year event.

TASKS & DELIVERABLES:

A) Tasks:

1) The Sub-Recipient shall procure the services of a qualified and licensed Florida contractor and execute a contract with the selected bidder to complete the scope of work as approved by the Division and FEMA. The Sub-Recipient shall select the qualified, licensed Florida contractor in accordance with the Sub-Recipient's procurement policy as well as all federal and state laws and regulations. All procurement activities shall contain sufficient source documentation and be in accordance with all applicable regulations.

The Sub-Recipient shall be responsible for furnishing or contracting all labor, materials, equipment, tools, transportation and supervision and for performing all work per sealed engineering designs and construction plans presented to the Division by the Sub-Recipient and subsequently approved by the Division and FEMA.

The Sub-Recipient and contractor shall be responsible for maintaining a safe and secure worksite for the duration of the work. The contractor shall maintain all work staging areas in a neat and presentable condition.

The Sub-Recipient shall ensure that no contractors or subcontractors are debarred or suspended from participating in federally funded projects.

The selected contractor shall have a current and valid occupational license/business tax receipt issued for the type of services being performed.

The Sub-Recipient shall provide documentation demonstrating the results of the procurement process. This shall include a rationale for the method of procurement and selection of contract type, contractor selection and/or rejection and bid tabulation and listing, and the basis of contract price.

The Sub-Recipient shall provide an executed "Debarment, Suspension, Ineligibility, Voluntary Exclusion Form" for each contractor and/or subcontractor performing services under this agreement.

The Sub-Recipient shall provide executed contracts with contractors and/or subcontractors to the Division.

The Sub-Recipient shall provide copies of professional licenses for contractors selected to perform services. The Sub-Recipient shall provide a copy of a current and valid occupational license or business tax receipt issued for the type of services to be performed by selected contractor.

2) The Sub-Recipient shall monitor and manage the installation to improve the drainage and provide flood protection

The project shall be implemented in accordance with sealed engineering designs and construction plans previously presented to the Division by the Sub-Recipient and subsequently approved by the Division and FEMA. The Sub-Recipient shall ensure that all applicable state, local and federal laws and regulations are followed and documented, as appropriate.

The project consists of the general construction and furnishing of all materials, equipment, labor and fees to minimize recurring flooding and reduce repetitive flood loss to structures and roadways.

The Sub-Recipient shall fully perform the approved project, as described in the submitted documents, in accordance with the approved scope of work, budget line item, allocation of funds and applicable terms and conditions indicated herein. The Sub-Recipient shall not deviate from the approved project terms and conditions.

A qualified and licensed Florida contractor shall complete construction activities. The professional of record shall monitor all construction activities. The Sub-Recipient shall

complete the project in accordance with all required permits. All work shall be completed in accordance with applicable codes and standards.

Upon completion of the work, the Sub-Recipient shall schedule and participate in a final inspection of the completed project by the local municipal or county official, or other approving official, as applicable. The official shall inspect and certify that all installation was in accordance with the manufacturer's specifications. Any deficiencies found during this final inspection shall be corrected by the Sub-Recipient prior to Sub-Recipient's submittal of the final inspection request to the Division.

Upon completion of Task 2, the Sub-Recipient shall submit the following documents with sufficient supporting documentation, and provide a summary of all contract scope of work and scope of work changes, if any. Additional documentation for closeout shall include:

a) Signed and Sealed As-built project plans (drawings) by the Professional of Record, two hard copies and electronic version (via email or CD); and

b) Letter of Completion:

    1. Affirming that the project was completed in conformance with the approved project drawings, specifications and scope; and

    2. Certifying Compliance with all applicable codes;

c) Permit(s) and verification of compliance

    1. United States Army Corps of Engineers (USACE)

    2. Department of Transportation (DOT)

d) Letter verifying that all gopher tortoise burrows (active or inactive) were evacuated prior to any site activities.

e) Proof of compliance with Project Requirements and Conditions contained herein.

3) During the course of this Agreement, the Sub-Recipient shall submit requests for reimbursement. Adequate and complete source documentation shall be submitted to support all costs (federal share and local share) related to the project. In some cases, not all project activities may be fully complete prior to requesting reimbursement of costs incurred in completion of this scope of work; however, a partial reimbursement may be requested.

The Sub-Recipient shall submit an Affidavit signed by the Sub-Recipient's project personnel with each reimbursement request attesting to the completion of the work, disbursements or payments were made in accordance with all agreement and regulatory conditions, and that reimbursement is due and has not been previously requested.

The Sub-Recipient shall maintain accurate time records. The Sub-Recipient shall ensure invoices are accurate and any contracted services were rendered within the terms and timelines of this agreement. All supporting documentation shall agree with the requested billing period. All costs submitted for reimbursement shall contain adequate source documentation, which may include but not be limited to cancelled checks, bank statements, Electronic Funds Transfer, paid bills and invoices, payrolls, time and attendance records, contract and subcontract award documents.

Construction Expense: The Sub-Recipient shall pre-audit bills, invoices, and/or charges submitted by the contractors and subcontractors and pay the contractors and subcontractors for approved bills, invoices, and/or charges. Sub-Recipient shall ensure that all contractor/subcontractor bills, invoices, and/or charges are legitimate and clearly identify the activities being performed and associated costs.

Project Management Expenses: The Sub-Recipient shall pre-audit source documentation such as payroll records, project time sheets, attendance logs, etc. Documentation shall be detailed information describing tasks performed, hours devoted to each task, and the hourly rate charged for each hour including enough information to calculate the hourly rates based on payroll records. Employee benefits shall be clearly shown.

The Division shall review all submitted requests for reimbursement for basic accuracy of information. Further, the Division shall ensure that no unauthorized work was completed prior to the approved project start date by verifying vendor and contractor invoices. The Division shall verify that reported costs were incurred in the performance of eligible work, that the approved work was completed, and that the mitigation measures are in compliance with the approved scope of work prior to processing any requests for reimbursement.

The Division in coordination with the Sub-Recipient, if applicable, shall conduct review and approval of any third party in-kind services. Quarterly reports shall be submitted by the Sub-Recipient and received by the Division at the times provided in this agreement prior to the processing of any reimbursement.

The Sub-Recipient shall submit to the Division requests for reimbursement of actual construction and managerial costs related to the project as identified in the project application, sealed engineering designs, and construction plans. The requests for reimbursement shall include:

a) Contractor, subcontractor, and/or vendor invoices which clearly display dates of services performed, description of services performed, location of services performed, cost of services performed, name of service provider and any other pertinent information;

b) Proof of payment from the Sub-Recipient to the contractor, subcontractor, and/or vendor for invoiced services;

c) Clear identification of amount of costs being requested for reimbursement as well as costs being applied against the local match amount;

The Sub-Recipient's final request for reimbursement shall include the final construction project cost. Supporting documentation shall show that all contractors and subcontractors have been paid.

B) <u>Deliverables:</u>

Mitigation Activities consist of drainage improvements in Pensacola, Florida 32506 that shall provide protection for residential areas neighboring Lake Charlene by increasing the outfall

capacity and stage capacity within Lake Charlene. In Addition, the project shall also resolve a repetitive flood problem that has occurred in Lake Charlene area from previous storms.

The completed project shall provide protection against a 50-year storm event.

Provided the Sub-Recipient performs in accordance with the SOW outlined in this Agreement, the Division shall reimburse the Sub-Recipient based on the percentage of overall project completion.

PROJECT CONDITIONS AND REQUIREMENTS:

C) Engineering:

1) The Sub-Recipient shall submit to the Division an official letter stating that the project is 100% complete and ready for the Division's Final Inspection of the project.
2) The Sub-Recipient shall submit a signed and sealed final copy of the completed project's As-built drawings and all necessary supporting documentation, and provide a summary of all contract scope of work changes, if any.
3) The Sub-Recipient shall provide a copy of the Notice of commencement, and any local official Inspection Report and/or Final approval, as applicable.
4) The Sub-Recipient shall submit a certified letter of completion from Engineer of Record. The Sub-Recipient's Engineer of Record shall provide a formal certificate or letter affirming that the project has been completed in conformance with the approved project drawings, specifications, scope, and applicable codes.

D) Environmental:

1) Sub-Recipient shall follow all applicable state, local and federal laws regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. Failure to obtain all appropriate federal, state, and local environmental permits and clearances may jeopardize federal funding. If project work is delayed for a year or more after the date of the categorical exclusion (CATEX), then coordination with and project review by regulatory agencies shall be redone.
2) Any change, addition or supplement to the approved Scope of Work that alters the project (including other work not funded by FEMA, but done substantially at the same time), regardless of the budget implications, shall require re-submission of the application to FEMA through the Division for National Environmental Policy Act (NEPA) re-evaluation before starting project work.
3) The Sub-Recipient shall monitor ground disturbing activities during construction, and if any potential archeological resources are discovered, shall immediately cease construction in that area and notify the Division and FEMA.

   If human remains or intact archaeological deposits are uncovered, work in the vicinity of the discovery shall stop immediately and all reasonable measures to avoid or minimize harm to the finds shall be taken. The Sub-Recipient shall ensure that archaeological discoveries are secured in place, that access to the sensitive area is restricted, and that all reasonable measures are taken to avoid further disturbance of the discoveries.

   The Sub-Recipient's contractor shall provide immediate notice of such discoveries to the Sub-Recipient. The Sub-Recipient shall notify the Florida Division of Historic Resources, the Division's State Environmental Liaison Officer and FEMA within 24 hours of the

discovery. Work in the vicinity of the discovery may not resume until FEMA and the Division has completed consultation with SHPO, Tribes, and other consulting parties as necessary.

In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately and the proper authorities notified in accordance with ***Florida Statutes, Section 872.05***.

4) FDOT and USACE final permit or No Permit Required (NPR) shall need to be on file prior to any ground disturbance activities.

5) Per the USACE permit dated 12/27/2017, all gopher tortoise burrows, active or inactive, shall be evacuated prior to site manipulation in the vicinity of the burrow. If excavating potentially occupied burrows, active or inactive, individuals must first obtain state authorization via a Florida and Wildlife Conservation Commission (FWC) Authorized Gopher Tortoise Agent permit. The excavation method selected shall minimize the potential for injury of an indigo snake. The Permittee shall follow the excavation guidance provided in the most current FWC Gopher tortoise Permitting Guidelines found at http://myfwc.com/gophertortoise. If an indigo snake is encountered, the snake must be allowed to vacate the area prior to additional site manipulation in the vicinity. Holes, cavities, and snake refugia other than gopher tortoise burrows shall be inspected each morning before planned site manipulation of a particular area, and if occupied by an indigo snake, no work shall commence until the snake has vacated the vicinity of the proposed work.

6) Construction vehicles and equipment used for this project shall be maintained in good working order to minimize pollutant emissions.

E) Programmatic:

1) A change in the scope of work *must* be approved by the Division and FEMA in advance regardless of the budget implications.

2) The Sub-Recipient must notify the Division as soon as significant developments becomes known, such as delays or adverse conditions that might raise costs or delay completion, or favorable conditions allowing lower costs or earlier completion.

3) The Sub-Recipient must “obtain prior written approval for any budget revision which would result in a need for additional funds” [44 CFR 13(c)], from the Division and FEMA.

4) Project is approved with the condition that the enclosed list of deliverables shall be submitted, 30-days prior to the Period of Performance date, for review and approval by the Division; for submittal to FEMA for closeout.

5) Any extension of the Period of Performance shall be submitted to FEMA, 60 days prior to the expiration date. Therefore, any request for a Period of Performance Extension shall be in writing and submitted along with substantiation of new expiration date, and a new schedule of work, to the Division a minimum of seventy (70) days prior to the expiration date, for Division processing.

6) A copy of the executed subcontract agreement must be forwarded to the Division within 10 days of execution.

7) The Sub-Recipient must avoid duplication of benefits between the HMGP and any other form of assistance, as required by Section 312 of the Stafford Act, and further clarification in 44 CFR 206.191.

8) If the Sub-Recipient is not the current titleholder of the affected properties, the Sub-Recipients shall provide documentation confirming the property acquisition and easement rights were obtained voluntarily. If condemnation or eminent domain is used to obtain easement rights, FEMA shall not pay for any associated costs or payments to the property owner. Furthermore, FEMA shall not consider it an eligible contribution to the non-Federal cost share requirement and shall not financially participate in that component of a project if land or easements are obtained involuntarily.

This is FEMA Project Number **4177-19-A,** is funded under HMGP-4177-DR-FL.

FEMA awarded this project on June 4, 2018; this Agreement shall begin upon execution by both parties, and the Period of Performance for this project shall end on March 31, 2020.

F) FINANCIAL CONSEQUENCES:

If the Sub-Recipient fails to comply with any term of the award, the Division shall take one or more of the following actions, as appropriate in the circumstances:

1) Temporarily withhold cash payments pending correction of the deficiency by the Sub-Recipient;
2) Disallow all or part of the cost of the activity or action not in compliance;
3) Wholly or partly suspend or terminate the current award for the Sub-Recipient's program;
4) Withhold further awards for the program; or
5) Take other remedies that may be legally available.

12. Taking the following action concerning the United States Department of Homeland Security (USDHS), Federal Emergency Management Agency (FEMA), Hazard Mitigation Grant Program (HMGP), for the Delano Drainage Area Project and the Lake Charlene Warrington Drainage Area Project (Funding: funding for the 25% match is available in Fund 352, Local Option Sales Tax [LOST] III, Project Number 12EN1763):

A. Authorizing submittal of the following projects and approving funding of the 25% match, as available in Fund 352, LOST III:

Delano Drainage Area:

This proposed mitigation project will modify existing stormwater facilities and infrastructure to increase efficiency and capacity as well as acquire and improve new sites to add capacity within the drainage area. Construction of this project is planned in four phases, although necessary work at each site may be initiated and conducted in parallel from a timing perspective.

The proposed project will reduce the 25-year/24-hour flood stage significantly, thereby preventing recurring flood impacts to infrastructure and to a number of buildings. Many of these structures will be entirely protected from future flood events, which eliminates future flood damage. The original Delano Street drainage area was bound by Fairfield Drive, Pace Boulevard, Massachusetts Avenue, and "W" Street. The project area was expanded due to flooding from the June 2012 and April 2014 storm events, to include consideration of down-gradient areas of the "L" Street Pond, Leonard Street, “M” Street just south of St. Mary Avenue, the "L" Street drainage system from Herman Street to Leonard Street, a portion of Fairfield Drive and Pace Boulevard’s drainage system within the contributing drainage basin, Herman Street from Pace Boulevard to Palafox Street, and an old pit/pond on Herman Street. Drainage improvements for this project will address flooding of multiple properties, including Escambia County Sheriff’s property - the Central Booking & Detention Facility, the recently built Waterfront Mission, the former Gulf Winds Credit Union building, and other businesses in this focus area.

Estimated Cost in application: $4,133,772.90

A. Continued…

Lake Charlene Warrington Drainage Area:

This proposed mitigation project will modify existing stormwater facilities and infrastructure to increase efficiency and capacity to add capacity and/or improve conveyance within the drainage area. The goal of the current study is to provide conceptual drainage alternatives and cost estimates, considering existing stormwater data, limited new data collection, and rainfall event analysis. The primary drainage analysis will focus on flooding solutions around the properties, roadways, and infrastructure adjoining and within the vicinity of the Lake Charlene water body and Bridle Trail Estates pond, including but limited to, Lake Charlene Terrace, Lake Charlene Drive, Lake Charlene Lane, Clydesdale Drive, 61st Avenue, Arabian Drive, Arabian Circle, Bunker Hill Drive, Bunker Hill Circle, Kitty Hawk Circle, Kitty Hawk Drive, Lake Joanne Drive, Long Lake Drive, and surrounding roadways. Solutions reviewed in previous studies and/or developed in this study will be included in the upcoming grant application, which will be submitted for the County Administrator's signature.

Estimated Cost: $5,000,000

B. Authorizing the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and program-related documents for these two projects;

C. Authorizing the County Administrator or his designee, subject to Legal review and sign-off, to execute provided and subsequent applications for these two projects; and

D. Accepting, subject to Legal review and sign-off, Agreements, Easements, Hold Harmless Agreements, and other documents of conveyance as may be required from property owners of Escambia County whose properties are adjacent to the designated HMGP sites.

II. BUDGET/FINANCE CONSENT AGENDA

1-32. Approval of Various Consent Agenda Items

Motion made by Commissioner Barry, seconded by Commissioner Underhill, and carried unanimously, approving Consent Agenda Items 1 through 32, as follows, with the exception of Items 17 and 19, which were held for separate votes, as amended to drop Items 1, 12.A.(1), and 15:

1. Dropping the recommendation that the Board adopt the Resolution approving Supplemental Budget Amendment #164, Community Redevelopment Block Grant Fund (129), in the amount of $281,868, recognizing Funds from the sale of voluntary tax credits and appropriating these Funds to assist the City of Pensacola in remediating the site known as the Corrine Jones Park.

2. Taking the following action concerning the United States Department of Homeland Security (USDHS), Federal Emergency Management Agency (FEMA), Hazard Mitigation Grant Program (HMGP), for the Bristol Creek/Bristol Park/Ashbury Hills Area, Lake Charlene Warrington Drainage Area Project, and the Beach Haven Northeast Phase 1, Drainage and Sanitary Sewer Project (Global Match):

The Scope of Work for Bristol Park Area Acquisition Project was Modified and is Filed with the 12/8/2016 BCC Minutes, CAR III-1.

A. Approving the *Federally-Funded Subgrant Agreement*, Project Number 4177-08-R, between the State of Florida, Division of Emergency Management, and Escambia County Board of County Commissioners, for the Bristol Creek/Bristol Park/Ashbury Hills Area, providing for 100% Federal funding, with Local Global Match approval, awarded at $6,189,379;

A modification to the Subgrant Agreement for the Lake Charlene Warrington Project is filed with the 5/25/2017 BCC Minutes, Item CR I-4.

B. Approving the *Federally-Funded Subgrant Agreement*, Project Number 4177-19-R, between the State of Florida, Division of Emergency Management, and Escambia County Board of County Commissioners, for the Lake Charlene Warrington Drainage Area, providing for 100% Federal funding, with Local Global Match approval, awarded at $314,274;

C. Approving the *Non-Financial Subgrant Agreement, Escambia County*, Project Number 4177-09-R, between the State of Florida, Division of Emergency Management and Escambia County Board of County Commissioners, for the Local Global Match applied to projects 4177-08-R and 4177-19-R, for the Beach Haven Northeast Phase 1 Drainage and Sanitary Sewer Project, as the fully qualified and eligible project for Local Global Match;

D. Ratifying the December 11, 2014, and February 19, 2015, Board approval authorizing the County Administrator to execute any subsequent Agreements and Program-related documents for these projects, specifically the Local Global Match Application, as referenced in the February 19, 2015, Board Minutes, and specifically authorizing execution of the application to leverage Funds for Local Global Match for these projects;

E. Authorizing the Chairman to sign the Subgrant Agreements and any subsequent grant-related documents;

F. Authorizing the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and Program-related documents for these projects; and

G. Accepting, subject to Legal review and sign-off, any Agreements, Easements, Hold Harmless Agreements, and other documents of conveyance as may be required from property owners of Escambia County whose properties are part of the project scopes.

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement:

Section (19), Mandated Conditions, Subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."

29. Recommendation: That the Board take the following action concerning United States Department of Homeland Security, Federal Emergency Management Agency, and Florida Division of Emergency Management (FDEM) Hazard Mitigation Grant Program Federally-Funded Subaward and Grant Agreement #18HM-H4-01-27-01-XXX, Project #4177-19-A, from the Florida Division of Emergency Management, for the construction of the Lake Charlene Drainage Improvements Project:

A. Approve, and Authorize the Chairman to execute, Federally-Funded Subaward and Grant Agreement #18HM-H4-01-27-01-XXX, Project #4177-19-A, for the construction of the Lake Charlene Drainage Improvements Project; and

B. Authorize the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and program-related documents for this project that do not alter the finite terms of funding amounts or budgets.

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement: *Section (22) Mandated Conditions, subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."*

[Funding for the project is 100% federal funding, due to leveraged funds from Beach Haven Northeast Phase 1 Project that provides 100% federal funding as a global match, under FDEM non-financial agreement #FDEM No. 16NF-00-01-27-01-453, for all Escambia County 4177 disaster declaration HMGP projects.]

This project is located in Commission District 2.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16121 **County Administrator's Report 10. 14.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Purchase of One 2020 International HV 513 SFA Cab and Chassis with Swaploader Hook Lift System 42H42 SL-650 65,000# Lift/Dump
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Purchase of One 2020 International HV 513 SFA Cab and Chassis with Swaploader Hook Lift System 42H42 SL-650 65,000# Lift/Dump for Public Works - Waste Services Department - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action:

A. Authorize the County to utilize the Sourcewell (formerly NJPA) Contract #81716-NVS in accordance with the Escambia County, Florida Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Board approval, for the purchase of One 2020 International HV 513 SFA Cab and Chassis with Swaploader Hook Lift System 42H42 SL-650 65,000# Lift/Dump, Solicitation VE 18-19.007; and

B. Authorize the Interim County Administrator to execute all related documents and Purchase Orders in excess of $50,000, for the Public Works - Waste Services Department for the Purchase Order to Ward International Trucks of Florida, LLC, in the amount of $168,606.42.

In an effort to encourage competition for local businesses, and in compliance with Board-adopted policy, this vehicle purchase was advertised on the Escambia County web site for thirty days. Ward International Trucks of Florida, LLC, was the lowest price based on contract amounts and quotations.

[Funding: Fund 401, Solid Waste Fund; Cost Center 230315, Solid Waste Projects; Object Code 56401, Machinery & Equipment]

BACKGROUND:

In accordance with Board Policy adopted on September 16, 2013 regarding the posting of pending vehicle and equipment purchases sourced from State of Florida Contracts, Federal Schedules or other Purchasing Cooperative contracts sanctioned for use by Escambia County, Florida Board of County Commissioners to allow for local vendors to make offers that meet or beat the stated purchase price, specifications for VE 18-19.007, Public Works - Waste Services Department Vehicle Purchase were posted beginning December 28, 2018 for a period of thirty days. One bid was received against the original quote.

The Sourcewell (formerly NJPA) agreement is with Navistar, which has requested that the invoicing be handled by the local dealer representative, Ward International Trucks, LLC. A letter from Navistar requesting this action has been attached.

BUDGETARY IMPACT:

Funding: Fund 401, Solid Waste Fund; Cost Center 230315, Solid Waste Projects; Object Code 56401, Machinery & Equipment

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation is in compliance with the Code of Ordinances of Escambia County, Florida 1999, Chapter 46, Finance, Article II, Section 46-44, Application; exemptions; and Section 46-64, Board approval, and Award a Purchase Order.

IMPLEMENTATION/COORDINATION:

The Office of Purchasing will issue the Purchase Order.

SPECIAL ACCOMMODATIONS:
Any person requiring special accommodations to attend or participate, pursuant to the Americans with Disabilities Act, should call the Office of Purchasing (850-595-4980) at least five (5) working days prior to the solicitation opening.

Notice

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee Vendor until such time as the contract is executed by the last party to the transaction.

NOTICE

In accordance with Sec. 46-110(e) of the Escambia Code of Ordinances, all bid solicitation documents shall include the following notice to Vendors of the local Vendor preference policy:

Sec. 46-110.-Local Preference in Bidding

a) Legislative Intent:

The Escambia County Board of County Commissioners finds that local businesses are often at a disadvantage when competing with other non-local businesses in that the cost of doing business in Escambia County is higher than other areas of the state and giving local businesses a preference in the procurement of goods and services serves a compelling public purpose for the benefit of the taxpayer and residents of Escambia County as such preference encourages local industry, employment opportunities, and increases the County's overall tax base.

b) "Local Business" Defined:

For the purposes of this section, "Local Business" shall mean a business which meets all of the following criteria:

1. Has had a fixed office or distribution point located in and having a street address within Escambia County of Santa Rosa County for at least one (1) year immediately prior to the issuance of the request for competitive bids by the County. The fixed office or distribution point must be staffed by at least one (1) employee. Post Office boxes are not verifiable and shall not be used for the purpose of establishing a physical address, and

2. Holds any business license required by Escambia County or Santa Rosa County, and

3. Is the principal Offeror who is a single Offeror; a business which is the prime Contractor and not a Sub-Contractor, or a partner, or joint venture submitting an offer in conjunction with other businesses.

c) Certification:

Any Vendor claiming to be a local business as defined above shall so certify in writing to the Escambia County Office of Purchasing. The certification shall provide all necessary information to meet the requirements provided herein. The purchasing agent shall not be required to verify the accuracy of any such certification, and shall have the sole discretion to determine if a Vendor meets the definition of a "Local Business."

d) Preference in Purchase of Commodities and Services by Means of Competitive Bid:

Except where federal or state law, or any other funding source, mandates to the contrary, Escambia County may give preference to local businesses in the following manner:

Competitive Bid (Local Price Match Option): Each formal competitive bid solicitation (i.e. sealed bids) shall clearly identify how the price order of the bids received will be evaluated and determined.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **Community Redevelopment Area (CRA)** is within **seven percent (7%)** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualifies and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **three percent (3%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses is within **two percent (2%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **four percent (4%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

In such instances, staff shall first verify whether the lowest non-local bidder and the lowest local bidder are in fact qualified and responsive bidders. Next, the purchasing department shall invite the lowest local bidder in writing to submit a matching offer which shall be submitted in writing to the Escambia County Office of Purchasing within five (5) business days thereafter.

If the lowest local bidder does not respond or otherwise submits a written offer that does not

fully match the lowest bid from the lowest non-local bidder tendered previously then award shall be made to the lowest overall qualified and responsive non-local bidder.

In the event a local bidder is awarded a contract pursuant to this section, any requests for change orders increasing the cost of the project must be approved by the Escambia County Board of County Commissioners.

e) Notice:

All bid solicitation documents shall include notice to Vendors of the local preference policy.

f) Waiver of the Application of Local Preference:

The application of local preference to a particular purchase or contract for which the Board of County Commissioners is the awarding authority may be waived upon approval of the Board of County Commissioners.

g) Limitations:

1. The provisions of this section shall apply only to procurements which are above the formal bid threshold as set forth in the Escambia County Purchasing Code.

2. The provisions of this section shall not apply where prohibited by federal or Florida law, or where prohibited under the conditions of any grant.

3. The provisions of this section shall not apply to any purchase exempted from the provisions of the Escambia County Purchasing Code.

4. The provisions of this section shall not apply to contracts made under the Consultants Competitive Negotiation Act (CCNA), F.S. § 287.055.

h) Penalties:

1. Misrepresentation:

A Vendor who misrepresents the local preference status of its firm in a bid or proposal submitted to the County will lose the privilege to claim local preference status for a period of up to one (1) year from the date of the award of the contract or upon completion of the contract, whichever is greater.

2. Failure to Maintain Local Business Preference Qualifications:

Any Vendor that does not maintain its local preference status resulted in the awarded contract shall be in breach of contract and will be subject to termination of the contract, suspension of payments under the contract, and loss of the local preference status on the contract awarded.

3. Lack of Good Faith:

The Contractor or firm may show that it attempted through reasonable and objective means and in good faith to comply with the terms of the contract relating to local businesses but was unable to comply. If the County determines that the Contractor or firm did not act in good faith, all amounts paid to the Contractor or firm under the

County contract intended for expenditure with the local business shall be forfeited and recoverable by the County. In addition, the contract may be rescinded and the County may return all or a portion of the goods received and recover all amounts paid under the contract for the goods which were returned.

Effective July 1, 2015, the County **may not** use a local preference for a "competitive solicitation for **construction services** in which **fifty percent (50%) or more** of the cost will be paid from state appropriated funds which have been appropriated at the time of the competitive solicitation." For any such solicitation, the County must disclose in the bid package that "any applicable local ordinance or regulation does not include any local preference…" See §255.0991, Florida Statutes.

ESCAMBIA COUNTY, FLORIDA
INVITATION TO BID
BIDDER'S CHECKLIST
M.C. Blanchard Wi-Fi Project
SPECIFICATION PD 18-19.032

HOW TO SUBMIT YOUR BID:
Please review this document carefully. Offers that are accepted by the County are binding contracts. **Incomplete bids are not acceptable.** All documents and submittals shall be received by the Office of Purchasing on or before the date and hour specified for receipt. Late bids will be returned unopened.

* *Documents submitted with Bids are to be on the forms provided in the Invitation to Bid and photocopies of other required documents.*

THE FOLLOWING DOCUMENTS SHALL BE RETURNED WITH THE BID:
- Solicitation, Offer, and Bid Form. The Bid Form must contain an original signature in indelible ink. Bids with photocopies or scanned signatures will not be accepted.
- Bid Surety (bond, check, etc.)

THE FOLLOWING DOCUMENTS SHOULD BE RETURNED WITH THE BID:
- Sworn Statement Pursuant to Section 287.133(3)(A), Florida Statutes on Entity Crimes.
- Drug-Free Workplace Form.
- Information Sheet for Transactions and Conveyances Corporate Identification.
- Certificate of Authority to do Business from the State of Florida.
- Occupational License.
- Florida Department of Business and Professional Regulation – License(s), Certification(s), and/or Registration(s).
- Public Records Exemption of Building Plans

BEFORE YOU SUBMIT YOUR BID, HAVE YOU:
Placed your bid with all required submittal items in a sealed envelope, clearly marked for specification number, project name, name of bidder, and due date and time of bid receipt?

THE FOLLOWING DOCUMENTS ARE REQUIRED UPON NOTICE OF AWARD:
- Certificate of Insurance
- Payment and Performance Bonds

HOW TO SUBMIT A NO BID:
If you do not wish to bid at this time, please remove the Solicitation, Offer, and Bid Form from the Bid Package and enter No Bid in the "Reason for No Offer" block, your company's name, address, signature, and return the Solicitation, Offer, and Bid Form in a sealed envelope. This will ensure your company's active status in our Bidder's list.

This form is for your convenience to assist in filling out your bid.
Do not return this form with your bid.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted Vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned Vendor, in accordance with Florida Statue 287.087 hereby certifies that _____ does:
(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph One (1).

4. In the statement specified in Paragraph One (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or please of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, FL 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.032, "M.C. Blanchard Wi-Fi Project", Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service (FedEx, Airborne, UPS, etc.) you must mark the air-bill and envelope or box with the Specification number and project name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The Following Policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the Bids for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/Disqualification of Submittal,

2) Termination of Contract; or

3) Suspension or Debarment as Provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

2. Project Narrative

The work covered by this solicitation consists of providing all labor, equipment, and materials, and performing all aperations necessary for the installation of the electrical work as shown in the drawings (Exhibit H) and technical specifications (Exhibit I)

3. Bid Surety

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **5%** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the Offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful Offeror(s) will be returned immediately after the Offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the Offeror and the County, and/or the Offeror accepts the purchase order by signing the Solicitation, Offer and Bid Form, and returning to the County Purchasing department. Any unsuccessful Offeror(s) will have the amounts of his cashier's or certified check returned via County warrant promptly after award.

All Offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. Performance and Payment Bonds

The County **shall** require the successful Offeror(s) to furnish **separate performance and payment bonds**, under pledge of adequate surety and covering up to **100% of the dollar value of award** on the forms provided by the County. Such bonds shall be issued by sureties authorized to act as a surety by the State of Florida. Bonds of the successful Offeror(s) shall be reviewed by the Office of Purchasing to assure compliance, then

recorded in the Office of the Clerk of the Circuit Court Recording Office, 1st Floor, 221 Palafox Place, Pensacola, Florida, by the successful Offeror at his expense before the contract is executed. The cost of recording is $10.00 for the first page and $8.50 for each additional page.

5. Procurement Questions

Questions shall be directed to Jeffrey Lovingood, Purchasing Specialist, at JDLovingood@myescambia.com. Last day for questions will be April 18, 2019 at 5:00 p.m. CDT.

6. Bid Forms

This Solicitation contains a Solicitation, Offer, and Bid Form, which shall be submitted in a sealed envelope, with Original signatures in indelible ink signed in the proper spaces. Responses on Vendor forms will not be accepted.

The Offeror's Checklist included in this Solicitation provides instructions to the Offeror on the documentation to be submitted during the procurement process.

7. Pre-Solicitation Conference

A non-mandatory Pre-Solicitation Conference will be held at the Escambia County Office of Purchasing, 213 Palafox Place, Pensacola, FL 32502 in Conference Room #11.407 on April 09, 2019 at 3:00 PM CDT.

It is **strongly** encouraged that all potential bidders attend this non-mandatory conference so they can ask questions and be automatically notified of any updates prior to the Bid Opening.

8. Liquidated Damages

Should the awarded Vendor fail to complete the required services or make delivery of the commodities or equipment within the time(s) specified in the contract, or within such additional time(s) as may be granted by Escambia County, the County will suffer damage, the amount of which is difficult, if not impossible to ascertain therefore, the Vendor shall pay to the County, as liquidated damages, the sum of $100.00 for each calendar day of delay that actual completion extends beyond the time limit specified until such reasonable time as may be required for final completion of the work. Such sum is mutually agreed upon as a reasonable and proper amount of damages the County will sustain per diem by failure of the Vendor to complete the services or make delivery within the specified time. The costs for liquidated damages shall not be construed as a penalty on the Vendor.

9. Safety Regulations

Equipment shall meet all state and federal safety regulations for grounding of electrical equipment.

10. Codes and Regulations

The awarded Vendor shall strictly comply with all federal, state and local building and safety codes.

11. Payment

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

12. Assembly and/or Placement

All items shall be completely assembled when delivered to Escambia County.

All items shall be completely assembled by the awarded Vendor prior to acceptance by Escambia County. Space will be provided by the County for on-site assembly by the awarded Vendor. It will be the responsibility of the awarded Vendor to supply the necessary labor and materials for the placement of all equipment as specified herein. Equipment is to be set-up, serviced, tested and demonstrated at no charge to Escambia County.

13. Warranty

The awarded Vendor shall fully warrant all equipment furnished hereunder against defect in materials and/or workmanship for a period of Two (2) years from date of delivery/acceptance by Escambia County.

Should any defect in materials or workmanship, except ordinary wear and tear, appear during the above stated warranty period, the awarded Vendor shall repair or replace same at no cost to the County, immediately upon written notice from the Purchasing Chief.

14. Measurements

The linear footage noted are only estimates. Offerors will be responsible for their own measurements and shall submit a firm price accordingly.

There will be no adjustments, for increase or decrease, of footage required for the job; therefore, the total offer shall be based on accurate measurements by Offerors during inspection. Failure to do so will be at Offeror's risk. Any request for unit price on the Bid form is for information only.

Award shall be based solely on "total offer", with no adjustments made for increased/decreased quantities after award.

15. Drawings

A. New Public Records Exemptions of Building Plans Florida Statutes Chapter 119.07 www.leg.state.fl.us/statutes (To View Full Text of this Chapter)

Florida Statutes Chapter 119.07 has been amended as it relates to the inspection, examination and duplication of certain documents pertaining to County building construction.

Section 119.07(3)(b) provides the following:

1. Building plans, blueprints, schematic drawings, and diagrams, including draft,

preliminary, and final formats, which depict the internal layout and structural elements of a building, arena, stadium, water treatment facility, or other structure owned or operated by an agency as defined in s. 119.011 are exempt from the provisions of subsection (1) and s. 24(a), Art. 1 of the State Constitution.

2. This exemption applies to building plans, blueprints, schematic drawings, and diagrams, including draft, preliminary, and final formats, which depict the internal layout and structural elements of a building, arena, stadium, water treatment facility, or other structure owned or operated by an agency before, on, or after the effective date of this act.

3. Information made exempt by this paragraph may be disclosed:

   a. To another governmental entity if disclosure is necessary for the receiving entity to perform its duties and responsibilities;

   b. To a licensed architect, engineer, or contractor who is performing work on or related to the building, arena, stadium, water treatment facility, or other structure owned or operated by an agency; or

   c. Upon a showing of good cause before a court of competent jurisdiction.

4. The entities or persons receiving such information shall maintain the exempt status of the information.

Therefore, all CD's and copies of CD's together with any reproductions of any of these documents shall be returned with your bid, together with a signed copy of the acknowledgement and certification letter contained in the bid form section of the solicitation.

B. Drawings "M.C. Blanchard Judicial Building Telecommunications Upgrades," dated October 15, 2018 are included in this Solicitation as Exhibit H.

16. Debris

Awarded Vendor shall be responsible for the prompt removal of all debris, which is a result of this contractual service.

17. Protection of Property/Security

The awarded Vendor shall provide all barricades and take all necessary precautions to protect buildings and personnel.

All work shall be completed in every respect and accomplished in a professional manner and awarded Vendor shall provide for removal of all debris from County property.

The awarded Vendor shall at all times guard against damage or loss to property of Escambia County, or of other Vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded Offeror or his agent.

The awarded Vendor shall at all times guard against injury to Escambia County employees. The Vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded Vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

18. Permits

The County and/or its contracted consultant(s) have conducted a review of required permits and fees required to be purchased by the contractor from the County permitting agencies for this specific project and they are listed on the Bid form(s) to the best of our knowledge.

19. Pricing

All items sold to the County as a result of this award are subject to post sale audit adjustment. In the event an audit indicates Offeror has not honored quoted price lists and discounts, Offeror will be liable for any and all overage charges.

20. Termination

A. The contract may be canceled by the contractor, for good cause, upon ninety (90) days prior written notice.

B. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

C. In the event of termination by either party as provided herein, the awarded Vendor shall be paid for services performed through the date of termination.

21. Licenses, Certifications, Registrations

The Offeror shall at any time of Bid submission meet the license, certification, registration and any other requirements of the State, County, City and/or any other agency of authority with jurisdiction in such matters as necessary to perform the contractual services requested in this solicitation.

Copies of such licenses, certifications, registrations and any other requirements should be provided with the Bid submission; and, the Offeror shall provide follow-up evidence that as the contractor they maintain such credentials throughout the period of agreement.

22. Term of Offer

An offer shall constitute an irrevocable offer for a period of ninety (90) days from the solicitation opening date or until the date of award, whichever is earlier, without forfeiting bid bond or check. In the event that an award is not made by the County within ninety (90) days from the solicitation opening date, the Offeror may withdraw his offer or provide a written extension of his offer.

23. Award

Award shall be made on an "all-or-none total" basis.

24. Termination

The purchase order or contract will be subject to immediate termination if either product or

service does not comply with specifications as stated herein or fails to meet the County's performance standards. In the event that any of the provisions of the contract are violated by awarded Vendor, Escambia County may serve written notice upon the awarded Vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the Vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

25. Termination (Services)

The Contract Administrator shall notify the Office of Purchasing of unsatisfactory performance and/or deficiencies in service that remain unresolved or recurring. The Office of Purchasing shall notify the contractor, in writing, of such unresolved or recurring deficiencies within five (5) working days of notification by the Contract Administrator.

Upon the third such written notification of unsatisfactory performance and/or deficiencies to the contractor by the Office of Purchasing within a four (4) month period; or the sixth such notification within any contract term, shall result in issuance of written notice of immediate contract termination to the contractor by the Office of Purchasing. Such termination may also result in suspension or debarment of the contractor.

26. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice,

during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

27. As Specified

All items delivered shall meet the specifications herein. Items delivered not as specified will be returned at no expense by Escambia County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards.

Non-Contract Insurance Requirements

28. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the Offeror's insurance carrier will be required as evidence that the Offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. <u>Workers Compensation Coverage</u>

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Specialist
   Office of Purchasing, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32591-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

H. Endorsements/Additional Insurance

The County may require the following endorsements or additional types of insurance.

Termination/Adverse Change Endorsement

All of contractor's policies, except for professional liability and worker's compensation insurance, are to be endorsed, and the contractor's certificate(s) of insurance shall state, that the County shall be notified at least 30 days in advance of cancellation, nonrenewal or adverse change.

Builders Risk Coverage

Builders risk insurance is to be purchased to cover subject property for all risks of loss, subject to a waiver of coinsurance, and covering off-site storage, transit and installation risks as indicated in the installation floater and motor truck cargo

insurance described hereafter, if such coverages are not separately provided.

The builders risk insurance is to be endorsed to cover the interests of all parties, including the County and all contractors and subcontractors. The insurance is to be endorsed to grant permission to occupy.

Installation Floater Coverage

Installation floater insurance is to be purchased when builder's risk insurance is inappropriate, or when builder's risk insurance will not respond, to cover damage or destruction to renovations, repairs or equipment being installed or otherwise being handled or stored by the contractor, including off-site storage, transit and installation. The amount of coverage should be adequate to provide full replacement value of the property, repairs, additions or equipment being installed, otherwise being handled or stored on or off premises. All risks coverage is preferred.

Fidelity/Dishonesty/Liability Coverage - for County

Fidelity/dishonesty/liability insurance is to be purchased or extended to cover dishonest acts of the contractor's employees resulting in loss to the County.

29. <u>Indemnification</u>

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

ADDENDUM NUMBER 1:

Re: PD 18-19.032 M.C. Blanchard Wi-Fi Project

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification.

his Addendum 1 provides for a new bid form which shall be used in place of the original bid form included in the solicitation. Use of the original bid form and not the attached bid form could be grounds to deem a bid submittal as non-responsive. The Alternate Bid 1 included on the attached bid form is for the purchase, installation, and configuration of equipment shown in the attached "Exhibit J - Equipment" and would be performed at the time of the wire installation which is the Base Bid. This Alternate Bid 1 shall not include the Base Bid amount. Firms have the option of not bidding on the Alternate Bid 1, however, all bids submitted shall include a Base Bid. Please contact Jeffrey Lovingood at JDLovingood@myescambia.com with any questions prior to submitting your bid.

This Addendum Number 1 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Jeffrey Lovingood
Purchasing Specialist

ADDENDUM NUMBER 2:

Re: PD 18-19.032 M.C. Blanchard Wi-Fi Project

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification.

This Addendum Number 2 provides for drawings and specifications for 100% construction. These are the documents which vendors shall utilize for putting together their bid. Please review at your earliest convenience and submit questions directly to JDLovingood@myescambia.com as the last date for submitting questions is April 15, 2019.

This Addendum Number 2 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Jeffrey Lovingood

ADDENDUM NUMBER 3:

Re: PD 18-19.032 M.C. Blanchard Wi-Fi Project

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification. This Addendum Number 3 provides for answers to the following questions:

1. The newest Bid Form asks for a Base Bid and Alternate Bid 1 price. Please verify if the Base Bid is just for wi-fi cabling and new backbone fiber, or if the electrical contractor's conduit work should be included.
   a. The Base Bid includes all wi-fi access point cabling, backbone fiber, and conduit.

2. Alternate Bid 1 requires Aruba products and associated network equipment. If a firm is not a vendor for Aruba products, do we need to submit a price for it?
   a. Firms are not required to bid on Alternate Bid 1, however, all firms submitting bids must bid on the Base Bid for this solicitation.

3. The specifications call for Cat-6 cables for the Access Points, but the drawings reference "Cat6A". Which is required?
   a. The 100% Specifications issued in Addendum 2 specify Category 6A cabling.

4. When should the old Access Points be disconnected, removed, and demo'd?
   a. The demolition of the old Access Points shall only not take place after the new system has been installed, is operational, and has been accepted as complete by the County.

This Addendum Number 3 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Jeffrey Lovingood
Purchasing Specialist

NOT TO SCALE

RESPONSIBILITIES & COORDINATION NOTE

THIS LIST IS NOT COMPREHENSIVE. THE STRUCTURED CABLING SYSTEM CONTRACTOR (SCSC) SHALL BE RESPONSIBLE FOR ANY ADDITIONAL REQUIREMENTS SHOWN ON THE TELECOMMUNICATIONS DRAWINGS AND/OR REQUIRED TO PROVIDE A COMPLETE SYSTEM.

1. RACEWAYS:
   THE EC SHALL BE RESPONSIBLE FOR ANY NEW REQUIRED BACKBONE CONDUIT, HORIZONTAL CONDUIT, AND CABLING PATHWAYS, THIS IS TO INCLUDE ALL INTERIOR CONDUIT, ALL WALL PENETRATIONS AND CONDUIT SLEEVES WHETHER SHOWN ON THE DRAWINGS OR AS REQUIRED TO PENETRATE FULL HEIGHT PARTITIONS. CONDUIT PATHWAYS SHALL INCLUDE ALL DEVICE BOXES, PULLBOXES, PULLTAPE, PULLSTRINGS, CONDUIT MARKINGS, ETC. PROVIDE END BUSHINGS ON ALL CONDUIT. THE SCSC SHALL BE RESPONSIBLE FOR THE FOLLOWING ITEMS IN TELECOMMUNICATIONS ROOMS ONLY: CABLE TIES AND/OR ANY OTHER REQUIREMENTS FOR ROUTING AND SECURING CABLE IN THE TELECOMMUNICATIONS ROOMS. THE SCSC SHALL PROVIDE ANY INNERDUCT IN BACKBONE CONDUITS AS REQUIRED IN THE SPECIFICATIONS AND DRAWINGS. WAP ENCLOSURES SHALL BE OFOI, WAP ELECTRONICS SHALL BE OFOI.

2. COMMUNICATIONS CABLING:
   THE SCSC SHALL BE RESPONSIBLE FOR PROVIDING, INSTALLING, TERMINATING, TESTING AND LABELING ALL COMMUNICATIONS CABLES.

TELECOMMUNICATIONS LEGEND

- WAP — WIRELESS ACCESS POINT. PROVIDE TWO (2) CAT6A CABLES FROM NEW HORIZONTAL PATCH PANEL LOCATE IN SERVING TELECOMMUNICATIONS ROOM. SEE PARTIAL FLOOR PLANS.
- EXISTING TELECOMMUNICATIONS GROUNDING BUSBAR (TGB).
- EXISTING PULL BOX.
- EXISTING CONDUIT TERMINATION TO INSULATED BUSHING.
- 1 — SHEET NOTE TAG.
- LEADERS.

GENERAL NOTES

1. EXISTING CONDITIONS SHOWN ARE DERIVED FROM FIELD INVESTIGATION AND AS-BUILT DRAWINGS.
2. CONTRACTOR SHALL PREPARE AND MAINTAIN A TOOL INVENTORY LIST WITH COURT ADMIN.
3. CONTRACTOR SHALL BE ESCORTED BY ESCAMBIA COUNTY IT SERVICES AT ALL TIMES WHEN ON SITE. CONTRACTOR SHALL COORDINATE WITH ECITS ONE (1) WEEK IN ADVANCE.
4. WORK SHALL BE PERFORMED OUTSIDE OF BLANCHARD BUILDING WORKING HOURS ON FLOORS 3 THROUGH 6. CONTRACTOR SHALL COORDINATE WORK SCHEDULE WITH ECITS ONE (1) WEEK PRIOR TO COMMENCING WORK.

ADDENDUM NUMBER 4:

Re: PD 18-19.032 M.C. Blanchard Wi-Fi Project

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification. This Addendum Number 4 provides for answers to the questions on the pages that follow.

This Addendum Number 4 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Jeffrey Lovingood

04/10/2019

Comment:

1. Sheet T-001, Item 6: Typical WAP Detail shows the WAP enclosure with cabling entering from a j-hook pathway. Are as-built drawings of current existing above ceiling structured cabling pathways (cable tray, conduit, and/or j-hook) available? Reference also Section 271500 – HORIZONTAL CABLING SYSTEM, PART 2, 2.1 (D) which references conduit, j-hooks and cable tray.

Response:

1. ***As-Built drawings of existing above ceiling structured cabling pathways are not available. The specification referenced applies only to work area outlets installed within walls. Horizontal cabling from Wireless Access Points (WAPs) shall be routed from the WAP to the serving TR via J-hooks in accordance with Detail 6, Sheet T-001 and Specification Section 260530.3.3.A.***

Comment:

2. As no site visit is possible prior to award, please identify Plenum and Non-Plenum spaces on this project. (MCE, CC's, Mechanical Rooms.

Response:

2. ***Reference the 100% Construction Documents.***

   A site visit was conducted on 04/09/2019. Provide plenum rated horizontal cabling in accordance with Specification Section 271500.2.2.B.4. Associated cable supports shall also be plenum rated. Fiber optic backbone cabling installed within conduits is not required to be plenum rated per Specification Section 271300.

Comment:

3. Section 270000 – TELECOMMUNICATIONS GENERAL, there are numerous references to items and requirements in Division 1 Specification sections, Structural, Architectural Specifications and drawings, and references to General Contractor, submittal control log, General and Supplementary Conditions and Division 1 Specification Sections, Test Reports and Verification Submittals, O&M Data Submittals, etc. Please review and advise.

Response:

3. ***See responses below:***
    a. ***270000.1.2.A – Replace "Division 1" with "Escambia County Standard Construction Contract Documents."***
    b. ***270000.1.11 – Replace "Division 1" with "Escambia County Standard Construction Contract Documents."***
    c. ***270000.1.13 – Replace "Division 1" with "Escambia County Standard Construction Contract Documents."***
    d. ***270000.3.12 – Replace "Division 1" with "Escambia County Standard Construction Contract Documents."***

Comment:

4. Section 270500 – COMMUNICAITONS RELATED WORK, Part 1, (1.1) states all Division 1 Sections apply to all Division 27 Sections. Division 1 Sections not provided. Please review and advise.

Response:

4. ***270500.1.1 – Replace "Division 1" with "Escambia County Standard Construction Contract Documents."***

Comment:

5. Section 271300 – BACKBONE CABLING SYSTEM, PART 2 – PRODUCTS, 2.2 B 50/125UM Multimode Optical Fiber Cable conflicts with 2.4 A (1) Duplex two-strand 62.5/125-micron patch cord. Please advise.

Response:

5. ***Reference the 100% Construction Documents***

    There is no conflict here. Specification Section 271300.2.4.A.1 requires Duplex, two strand, 50/125 micron fiber. There is no reference within the specifications to 62.5/125-micron fiber optic cable.

Comment:

6. Section 271300 - BACKBONE CABLING SYSTEM, PART 2 – PRODUCTS, 2.2 B 50/125UM Multimode Optical Fiber Cable, please advise OM3 or OM4.

Response:

6. ***Reference the 100% Construction Documents***

    Referenced Specification Section specifies OM3.

Comment:

7. Section 271300 – BACKBONE CABLING SYSTEM, PART 2 – PRODUCTS, 2.3 B (2) Type SC connectors conflicts with Sheet T-401 note 33, 4RU, 288-port enclosed fiber backbone patch panel.
    a. 4U space will accommodate 144 SC type connectors. LC type connectors will accommodate 288 connectors in a 4U (difference manufacturer). Please advise.
    b. Will splice pigtail and/or splice cassette be acceptable alternate to 3M Hot Melt.

Response:

7. ***Reference the 100% Construction Documents.***

   There is no conflict here. Specification Section 271300.2.3.B.2 specifies Duplex LC connectors.
   - ***a. Duplex LC connectors are specified.***
   - ***b. Fusion splicing is acceptable.***

Comment:

8. Section 271300 – BACKBONE CABLING SYSTEM, PART 2 – PRODUCTS, 2.3 C (8) Manufacturer: Superior Modular Fiber LIU, merged with OCC in 2009. Current OCC LIU Maximum capacity is 196 fibers utilizing quad LC adapters. Please advise.

Response:

8. ***Reference the 100% Construction Documents.***

   The referenced specification section and the drawings state that Panduit is the basis of design, not Superior. Utilize either the basis of design LIU or another equivalent LIU from one of the pre-approved manufacturers/system partners specified in Specification Section 2.3.A.

Comment:

9. Section 271300 – BACKBONE CABLING SYSTEM, PART 3 – EXECUTION, 3.2 (E) Innerduct: Provide a minimum of one set of innerducts in each of the backbone conduits containing backbone cables in all backbone conduit runs, conflicts with T-001 which specifies which conduits and quantity of innerduct to provide as well as which existing conduits are filled. Please clarify.

Response:

9. ***The specifications and drawings are not in conflict. The referenced specification section states to provide a minimum of one set of innerducts <u>in each backbone conduit containing backbone cabling</u> in all backbone conduit runs. The details illustrate this requirement. The intent of the drawings is to provide new innerduct wherever new backbone cabling is provided.***

Comment:

10. Section 271300 – BACKBONE CABLING SYSTEM, PART 3 – EXECUTION 3.9 (A) Deliver all patch cords to Owner…by type and length as scheduled on the drawing. Please advise location of the patch cord schedule referenced. Same for Section 271500 Horizontal cabling part 3, 3.9….

Response:

10. ***See upcoming addendum for patch cord schedule.***

Comment:

11. Several WAP locations for MCE CER.10026 exceed 295', some at 310', 360' and 375. These are closest to TR CC.10003. This includes the Snack Bar, Doc, Large Mechanical room, PA office etc. Reference sheets T-123 and T-124. Of note, these locations also appear outside the distance limitations of TR CC.10017.

Response:

11. ***See upcoming addendum. The referenced WAPs shall be fed from TR CC.10003.***

Comment:

12. Similar to #11 above, floors 3, 4, and 5 appear to have similar issues with distance limitations.

Response:

12. ***The WAPs shown are within the 295' distance limit. Contractor shall ensure that the WAPs are installed within 295'***

    The 5th floor east wing wireless access points shall be fed from telecommunications rom 54008K. See upcoming addendum.

Comment:

13. Sheet T-125 shows one each WAP inside a room labeled as Vault/Safe. Is this location correct? Are there existing usable penetrations into this space? If not, please advise material and thickness to penetrate.

Response:

13. ***There is no WAP specified in the stated location.***

Comment:

14. Sheet T-125 shows WAP above ceiling in Women's restroom. Is this location correct?

Response:

14. ***Reference the 100% Construction Documents.***

    There is no WAP specified in the stated location.

Comment:

15. Sheet T-132 Note 1 states level 5 TRCC.55005B. Should this state TR CC.54008K?

Response:

15. ***Yes, the note should read "TR CC.54008K." These are existing conduits and are included for reference only. New fiber and innerduct shall be installed in the new conduit shown per Detail 9, Sheet T-001.***

Comment:

16. Please define acceptable working hours onsite.

Response:

16. ***Reference the 100% Construction Documents.***

    Work shall be performed outside of Blanchard Building working hours on Floors 3 through 6 per General Note 4, Sheet T-001. Work on Floors 1 and 2 may be performed during normal business hours. All work shall be coordinated with Escambia County ITS 1 week prior to commencing work.

Comment:

17. Are escorts required and if so, will multiple escorts be provided?

Response:

17. ***Reference the 100% Construction Documents.***

    Yes, escorts are required per General Note 3, Sheet T-001. Multiple escorts are not available.

Comment:

18. Multiple sheets, General Note, Disconnect and remove all existing wireless access point equipment. Return existing equipment to user group.
    a. Is this to be scheduled following completion and acceptance of the entire new system?
    b. Please define "ALL existing wireless access point equipment." Is this the cabling, WAP electronics, WAP enclosures, horizontal patch panels, network switches?

Response:

18. ***All existing wireless access point equipment shall be removed and returned to the User Group unless noted otherwise.***
    a. Yes, the existing equipment shall be removed after final acceptance of the new system. Wireless services shall not be interrupted during construction.
    b. Equipment is defined as WAP electronics, enclosures, and network switches. Components of the horizontal cabling system is not defined as "equipment." The cabling serving the existing wireless access points shall be completely removed. Any patch panels made spare during demolition shall remain as spares within the rack.

04/16/2019

Comment:

19. The spec's call for Cat 6 cables for the AP's but the drawings reference CAT6A, which do you want?

Response:

19. ***Reference the 100% Construction Documents. The 100% Specifications specify Category 6A cabling. Category 6 cabling is not specified within the Contract Documents.***

Comment:

20. When do we demo the old AP's, I assume after the new ones are installed?

Response:

20. ***The demolition of the old APs shall be performed after the new system has been installed, is operational, and has been finally accepted.***

Comment:

21. Are as-built drawings of current existing above ceiling structured cabling pathways (cable tray, conduit, and/or j-hook) available?

Response:

21. ***As-built drawings are not available.***

Comment:

22. As no site visit is possible prior to award, please identify Plenum and Non-Plenum spaces on this project. (MCE, CC's, Mech rooms). Note, the Cat 6 cable is specifically called out as Plenum.

Response:

22. ***See response to Comment 2.***

Comment:

23. Section 271300-BACKBONE CABLING SYSTEM, PART 3-EXECUTION,3.2 (E) Innerduct: Provide a minimum of one set of innerducts in each of the backbone conduits containing backbone cables in all backbone conduit runs. Please clarify this requirement is for the new backbone cabling being installed on this project only and not to every backbone conduit currently in place containing backbone cable.

Response:

23. ***Innerducts shall be installed in existing backbone conduits and sleeves where new backbone is being provided in accordance with Details 7 and 8 on Sheet T-001. All new intrabuilding backbone conduit shall be provided with innerduct in accordance with Detail 9, Sheet T-001.***

Comment:

24. Section 271300-BACKBONE CABLING SYSTEM, PART 3-EXECUTION, 3.9 (A) Deliver all patch cords to Owner along with a typed inventory of the patch cords broken down by type and length as scheduled on the drawings. Please advise location of the patch cord schedule referenced that includes type and length. Same for Section 271500 Horizontal cabling part 3, 3.9…

Response:

24. ***Patch cord schedules were issued in Addendum #3.***

Comment:

25. 100% drawings continue the appearance of WAP locations outside cable distance limitations. As no site survey is possible prior to award allowing verification of actual distances please advise.

Response:

25. ***See response to Comments 11 and 12.***

AGREEMENT BETWEEN ESCAMBIA COUNTY, FLORIDA AND INFINITY DATACOM SOLUTIONS, LLC FOR ARCHITECT/ENGINEER DESIGNED CONSTRUCTION CONTRACT DOCUMENTS.

THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA**,** ("County"), hereby contracts with Infinity Datacom Solutions, LLC (“Contractor”), a Florida company for profit, to perform all work ("Work") in connection with PD 18-19.032, M.C. Blanchard Wi-Fi Projects ("Project"), as detailed in the attached Plans and Specifications and other Contract Documents hereafter specified.

SECTION 1. CONTRACT DOCUMENTS.

A. The Contract Documents include this Agreement, including Amendments and Exhibits, the Exhibits described in Section 6, Change Orders, Work Directive Changes, Field Orders and the solicitation documents, including addenda. These Contract Documents are incorporated by reference and made a part of this Agreement. A copy of all Contract Documents shall be maintained by Contractor at the Project site at all times during the performance of the Work.

B. In case of any inconsistency or conflict among the provisions of the agreement and any other terms and conditions of any documents comprising the Contract Documents, the provisions of the Agreement shall control. Concerning the Contract Documents, the order of precedence shall be as follows: 1) the Agreement, including Amendments and Exhibits; 2) Change Orders; 3) Work Directive Changes; 4) Field Orders; 5) the Solicitation Documents, including addenda. The Contract Documents listed above represent the entire and integrated agreement between the parties hereto, and supersede prior negotiations, representations, or agreements, either written or oral.

C. County shall furnish to the Contractor up to four (4) sets of the Contract Documents for execution of the Work. Additional copies of the Contract Documents are available at the cost of reproduction.

SECTION 2. SCOPE OF WORK.

Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, utilities, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the Work required by the Contract Documents.

SECTION 3. CONTRACT AMOUNT.

In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of County, County agrees to pay, or cause to be paid, to Contractor the following amount (herein "Contract Amount"), in accordance with the terms of this Agreement:

Two Hundred Twenty Thousand, Five Hundred One Dollars and Eighty-Four Cents

$220,501.84

SECTION 4. BONDS.

A. Contractor shall provide at his expense Performance and Payment Bonds, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holder's surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

B. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Document, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

C. Per §255.05, Florida Statutes, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

SECTION 5. CONTRACT TIME AND LIQUIDATED DAMAGES.

A. Time is of the essence in the performance of the Work under this Agreement. Contractor shall commence the Work within ten (10) calendar days from the Commencement Date, established in the Notice to Proceed. No Work shall be performed at the Project site prior to the Commencement Date. Contractor shall provide 48 hours' notice prior to beginning the Work. The Work shall be substantially completed within **One Hundred Forty** (**140**) calendar days from the Commencement Date. The Work shall be fully completed and deemed ready by the County for final completion within **Fifty-Six** (**56**) calendar days from the Substantial Completion Date. The Contract Time shall be the time period from the Commencement Date to the date of final completion totaling **One Hundred Ninety-Six** (**196**) calendar days (herein "Contract Time").

B. County and Contractor recognize that, since time is of the essence for this Agreement, the County will suffer financial loss if the Work is not substantially completed within the time specified. Should Contractor fail to substantially complete the Work within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$100.00** for each calendar day thereafter until substantial completion is achieved. The Project shall be deemed to be substantially completed by the County on the date that the County's Architect certifies in writing that the construction of the project, or specified part thereof, is sufficiently completed in accordance with the Contract Documents, so that the Project or specified part can be utilized for the purposes for which it is intended. Along with such certification, the County's Architect shall compile a "punch list" of any remaining exceptions that do not adversely affect the use of the Project. Completion of these items

will be required prior to final payment.

C. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to substantially complete the Work in accordance with the progress schedule.

D. When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

SECTION 6. EXHIBITS INCORPORATED.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

Exhibit A:	General Terms and Conditions
Exhibit B:	Form of Performance and Payment Bonds
Exhibit C:	Insurance Requirements
Exhibit D:	Form of Release and Affidavit
Exhibit E:	Form of Contractor Application for Payment
Exhibit F:	Form of Change Order
Exhibit H:	Working Drawings / Plans prepared by Architect/Engineer and Identified as Follows: **[Description/Sheet No./Date]**
Exhibit I:	Technical Specifications **[Description/Date]**
Exhibit L:	Solicitation Documents Index

SECTION 7. NOTICES.

A. All notices required or made pursuant to this Agreement by the Contractor to the County shall be in writing and delivered by hand or by United States Postal Service Department, first class mail, postage pre-paid, return receipt requested, addressed to the following:

Escambia County - Information Technology Department
221 Palafox Place
Pensacola, Florida 32502
Attn: Scott MacDonald

B. All notices required or made pursuant to this Agreement by County to Contractor shall be made in writing and shall be delivered by hand or by United States Postal Service Department, first class mail, postage pre-paid, return receipt requested, addressed to the following:

Infinity Datacom Solutions, LLC
140 B Lurton Street
Pensacola, FL 32505
Attn: Rick Johnston, VP Operations

C. Either party may change its above noted address by giving written notice to the other party in accordance with the requirements of this Section.

SECTION 8. MODIFICATION.

No modification or change to the Agreement shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

SECTION 9. SUCCESSORS AND ASSIGNS.

Subject to other provisions hereof, the Agreement shall be binding upon and shall inure to the benefit of the successors and assigns of the parties to the Agreement.

SECTION 10. GOVERNING LAW.

The Agreement shall be interpreted under and its performance governed by the laws of the State of Florida and the parties agree that venue shall be in Escambia County, Florida for any matter which is the subject of this Contract.

SECTION 11. NO WAIVER.

The failure of the County to enforce at any time or for any period of time any one or more of the provisions of the Agreement shall not be construed to be and shall not be a waiver of any such provision or provisions or of its right thereafter to enforce each and every such provision.

SECTION 12. ENTIRE AGREEMENT.

Each of the parties hereto agrees and represents that the Agreement comprises the full and entire agreement between the parties affecting the Work contemplated, and no other agreement or understanding of any nature concerning the same has been entered into or will be recognized, and that all negotiations, acts, work performed, or payments made prior to the execution hereof shall be deemed merged in, integrated and superseded by the Agreement.

SECTION 13. SEVERABILITY.

Should any provision of the Agreement be determined by a court to be unenforceable, such a determination shall not affect the validity or enforceability of any other section or part thereof.

SECTION 14. PUBLIC RECORDS.

The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the

event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract. In such case, the Contractor shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Contractor (excluding monies owed the Contractor for subcontractor work).

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature: the parties hereto have made and executed this Agreement on the respective dates under each signature: Escambia County, Florida through its Board of County Commissioners, signing by its County Administrator, duly authorized to execute this Agreement, and Infinity Datacom Solutions, LLC signing by and through its President, duly authorized to execute same.

COUNTY:
Escambia County, Florida, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

EXHIBIT A
GENERAL TERMS AND CONDITIONS

Section 1. INTENT OF CONTRACT DOCUMENTS

1.1. It is the intent of the Contract Documents to describe a functionally complete project (or portion thereof) to be constructed in accordance with the Contract Documents. Any work, materials or equipment that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, materials or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association or to the laws or regulations of any governmental authority having jurisdiction over the Project, whether such reference be specific or by implication, shall mean the latest standard specification, manual, code, law or regulation in affect at the time the Work is performed, except as may be otherwise specifically stated herein.

1.2. If during the performance of the Work Contractor discovers a conflict, error or discrepancy in the Contract Document, Contractor immediately shall report same to Architect/Engineer in writing and before proceeding with the Work affected thereby shall obtain a written interpretation or clarification from the Architect/Engineer. Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to Contractor with the Contract Documents before commencing any portion of the Work.

1.3. Drawings are intended to show general arrangements, design and extent of Work and are not intended to serve as shop drawings. Specifications are separated into divisions for convenience of reference only and shall not be interpreted as establishing divisions for the Work, trades, subcontracts, or extent of any part of the Work. In the event of a discrepancy between or among the drawings, specifications of other Contract Document provisions, Contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the Contractor, as determined by the Architect/Engineer. Unless otherwise specifically mentioned, all anchors, bolts, screws, fittings, fillers, hardware, accessories, trim and other parts required in connection with any portion of the Work to make a complete, serviceable, finished and first quality installation shall be furnished and installed as part of the Work, whether or not called for by the Contract Documents.

1.4. "Architect", where referenced on the drawings or in the specifications or in other related documents, shall mean the Escambia County Architect or the designated representative thereof.

Section 2. INVESTIGATION AND UTILITIES

2.1. Contractor shall have the sole responsibility of satisfying itself concerning the nature and

location of the Work and the general and local conditions, and particularly, but without limitation, with respect to the following: those affecting transportation, access, disposal, handling and storage of materials; availability and quality of labor; water and electric power; availability and condition of roads; work area; living facilities; climatic conditions and seasons; physical conditions at the work-site and the Project area as a whole; topography and ground surface conditions; nature and quality of the surface materials to be encountered; subsurface conditions; equipment and facilities needed preliminary to and during performance of the Work; and all other costs associated with such performance. The failure of Contractor to acquaint itself with any applicable conditions shall not relieve Contractor from any of its responsibilities to perform under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

2.2. Contractor shall locate all existing roadways, railways, drainage facilities and utility services above, upon, or under the Project site, said roadways, railways, drainage facilities and utilities being referred to in this Section 2 as the "Utilities". Contractor shall contact the owners of all Utilities to determine the necessity for relocating or temporarily interrupting any Utilities during the construction of the Project. Contractor shall schedule and coordinate its Work around any such relocation or temporary service interruption. Contractor shall be responsible for properly shoring, supporting and protecting all Utilities at all times during the course of the Work.

Section 3. SCHEDULE

3.1. The Contractor, within ten (10) calendar days after receipt of the Notice of Award, shall prepare and submit to County, for review and approval, a progress schedule for the Project (herein "Progress Schedule"). The Progress Schedule may be provided in an electronic format. The Progress Schedule shall relate to all Work required by the Contract Documents and shall provide for expeditious and practicable execution of the Work within the Contract Time. The Progress Schedule shall indicate the dates for starting and completing the various stages of the Work and shall include dates of Shop Drawing Submittals.

3.2. The Progress Schedule shall be updated monthly by the Contractor. All monthly updates to the Progress Schedule shall be subject to the County's review and approval. Contractor shall submit the updates to the Progress Schedule with its Applications for Payment noted below. The County's review and approval of the submitted Progress Schedule updates shall be a condition precedent to the County's obligation to pay Contractor.

Section 4. PROGRESS PAYMENTS

4.1. Prior to submitting its first Application for Payment, Contractor shall submit to County and the Architect/Engineer, for its review and approval, a schedule of values based upon the Contract Price, listing the major elements of the Work and the dollar value for each element. After its approval by the County and Architect/Engineer, this schedule of values shall be used as the basis for the Contractor's Applications for Payment. This schedule

shall be updated and submitted along with a completed and notarized copy of the Application for Payment form attached to the Agreement as **Exhibit E**.

4.2. Prior to submitting its first monthly Application for Payment, Contractor shall submit to County and the Architect/Engineer a complete list of all its proposed subcontractors and materialmen, showing the work and materials involved and the dollar amount of each proposed subcontract and purchase order. The first Application for Payment shall be submitted no earlier than thirty (30) days after the Commencement Date.

4.3. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the site or at another location agreed to by the County in writing, the Application for Payment will subdivide the work into component parts in sufficient detail to serve as the basis for a progress payment and shall also be accompanied by a bill of sale, invoice or other documentation warranting that upon payment by County, the County shall receive the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect County's interest therein, all of which shall be subject to the County's prior written approval.

4.4. Contractor shall submit **Four** (**4**) original copies of each of its Applications for Payment to the Architect/Engineer on or before the 25th day of each month for work performed during the previous month. Invoices received after the 25th day of each month shall be considered for payment as part of the next month's application. Within ten (10) calendar days after receipt of each Application for Payment, the Architect/Engineer shall either: (1) indicate approval of the requested payment; (2) indicate approval of only a portion of the requested payment, stating in writing the reasons therefore; or (3) return the Application for Payment to the Contractor indicating, in writing, the reason for refusing to approve payment. In the event of a total or partial denial of the Application for Payment by the Architect/Engineer, the Contractor may make the necessary corrections and resubmit the Application for Payment for reconsideration within ten (10) calendar days of receiving notice of refusal.

If re-submittal of the Application for Payment is refused by the Architect/Engineer, in whole or in part, the Contractor may submit a written request to the County Administrator for an administrative decision within two (2) business days of receiving notice of refusal. Upon receiving a timely request, an administrative decision shall be rendered within ten (10) calendar days with written notification provided to the Contractor.

If the administrative decision is disputed, the Contractor may submit a written request to the County Administrator for an administrative hearing before the Dispute Resolution Committee (DRC) within two (2) business days of receiving said decision. A hearing shall be scheduled within ten (10) business days from the date the request is received, and the Contractor will receive written notice of the hearing date. The DRC may, within its discretion, render a final decision at the hearing or may elect to mail a written decision to

the property owner within a period not to exceed ten (10) calendar days from the hearing date. The DRC's written decision shall be considered administratively final.

The County shall, within twenty (20) business days after County approval of an Application for Payment, pay the Contractor the amounts so approved. Provided, however, in no event shall the County be obligated to pay an amount greater than that portion of the Application for Payment approved.

4.5 County shall retain ten percent (10%) of the gross amount of each monthly payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. The retained sum shall be accumulated and not released to Contractor until final payment is due. Any interim interest on such sums shall accrue to County.

If the Contract Amount is $200,000.00 or less, the following shall apply:
At the County's sole discretion, a percentage of the amount retained from the gross amount of each monthly payment may be reduced prior to final completion of the Project and said percentage released to the Contractor upon receiving a certificate of substantial completion and approval from the Architect/Engineer.

If the Contract Amount is in excess of $200,000.00, the following shall apply:
After fifty percent (50%) completion of Work, the County shall reduce the retainage to five percent (5%) of the gross amount of each monthly payment request or five percent (5%) of the portion thereof approved by the County for payment, whichever is less. After fifty percent (50%) completion of Work, the Contractor may request payment of up to one-half of the retainage held by the County, and the County shall make payment unless there are grounds for withholding the payment of retainage. The County shall not pay or release any amounts that are the subject of a good faith dispute, claim, or demand.

Release of any portion or percentage of sums retained prior to final completion of the Project shall in no way imply approval or acceptance of Contractor's work.

4.6 Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work.

4.7 Each Application for Payment shall be accompanied by Release and Affidavit, in the form attached as **Exhibit D**, showing that all materials, labor, equipment and other bills associated with that portion of the Work payment is being requested on have been paid in full. The County shall not be required to make payment until and unless these affidavits are furnished by Contractor.

4.8 Applications for Payment will not be approved unless all submittals required by the Contract documents, up to that point, are provided and "As-Built" record documents are maintained as required by Section 8.2.

4.9 Contractor agrees and understands that funding limitations exist and that the expenditure of funds must be spread over the duration of the Project at regular intervals based on the Contract Amount and Progress Schedule. Accordingly, prior to submitting its first monthly Application for Payment, Contractor shall prepare and submit for County's and Architect/Engineer's review and approval, a detailed Project Funding Schedule, which shall be updated as necessary and approved by County to reflect approved adjustments to the Contract Amount and Contract Time. No voluntary acceleration or early completion of the Work shall modify the time of payments to Contractor as set forth in the approved Project Funding Schedule.

Section 5. PAYMENTS WITHHELD.

5.1. The Architect/Engineer or County may decline to approve any Application for Payment, or portions thereof, because of subsequently discovered evidence or subsequent inspections. The Architect/Engineer or County may nullify the whole or any part of any approval for payment previously issued and County may withhold any payments otherwise due Contractor under this Agreement or any other agreement between County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents. If these conditions are not remedied or removed, County may, after three (3) days written notice, rectify the same at Contractor's expense. County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to County, whether relating to or arising out of this Agreement or any other agreement between Contractor and County.

Section 6. FINAL PAYMENT

6.1. County shall make final payment to Contractor within thirty (30) calendar days after the Work is finally inspected and accepted by County and Architect/Engineer in accordance with Section 20.1 herein, provided that Contractor first, and as an explicit condition precedent to the accrual of Contractor's right to final payment, shall have furnished County with a properly executed and notarized copy of the Release and Affidavit attached as **Exhibit D**, as well as, a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents or the County.

6.2. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final Application for Payment. Neither the acceptance of the Work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective Work not

discovered by the Architect/Engineer or County at the time of final inspection.

Section 7. SUBMITTALS AND SUBSTITUTIONS

7.1. Contractor shall carefully examine the Contract Documents for all requirements for approval of materials to be submitted such as shop drawings, data, test results, schedules and samples. When submitted for the Architect's review, Shop Drawings shall bear the Contractor's certification that the Contractor has reviewed, checked, and approved the Shop Drawings and that they are in conformance with the requirements of the Contract Documents. Contractor shall submit all such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

7.2. Prior to submitting its first Application for Payment, Contractor shall provide to County a CD/DVD in digital format and/or photographs showing the pre-existing conditions located within the limits of construction.

7.3. Whenever materials or equipment are specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular supplier, the naming of the item is intended to establish the type, function and quality required. Unless the name is followed by words indicating that no substitution is permitted, materials or equipment of other suppliers may be accepted by County if sufficient information is submitted by Contractor to allow the County to determine that the material or equipment proposed is equivalent or equal to that named. Requests for review of substitute items of material and equipment will not be accepted by County from anyone other than Contractor and all such requests must be submitted by Contractor to County within thirty (30) calendar days after Notice to Proceed is received by Contractor.

7.4. If Contractor wishes to furnish or use a substitute item of material or equipment, Contractor shall make application to the County for acceptance thereof, certifying that the proposed substitute shall perform adequately the functions and achieve the results called for by the general design, be similar and of equal substance to that specified and be suited to the same use as that specified. The application shall state that the evaluation and acceptance of the proposed substitute will not prejudice Contractor's achievement of substantial completion on time, whether or not acceptance of the substitute for use in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with County for the Project) to adapt the design to the proposed substitute and whether or not incorporation or use by the substitute in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute from that specified will be identified in the application and available maintenance, repair and replacement service shall be indicated. The application also shall contain an itemized estimate of all costs that will result directly or indirectly from acceptance of such substitute, including costs for redesign and claims of other contractors affected by the resulting change, all of which shall be considered by the County in evaluating the proposed substitute. The County may require Contractor to furnish at Contractor's expense additional data about the proposed substitute.

7.5. If a specific means, method, technique, sequence or procedure of construction is indicated in or required by the Contract Documents, Contractor may furnish or utilize a substitute means, method, sequence, technique or procedure of construction acceptable to the County, if Contractor submits sufficient information to allow the County to determine that the substitute proposed is equivalent to that indicated or required by the Contract Documents. The procedures for submission to and review by the County shall be the same as those provided herein for substitute materials and equipment.

7.6. The County shall be allowed a reasonable time within which to evaluate each proposed substitute. The County shall be the sole judge of acceptability, and no substitute will be ordered, installed or utilized without the County's prior written acceptance, which shall be evidenced by either a Change Order or an approved Shop Drawing. The County may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

Section 8. DAILY REPORTS, AS-BUILTS, AND MEETINGS

8.1. Unless waived in writing by County, Contractor shall complete and submit, along with its Application for Payment, to the County on a monthly basis a daily log of the Contractor's work for the preceding month in a format approved by the County. The daily log shall document all activities of Contractor at the Project site including, but not limited to, the following:

8.1.1. Weather conditions showing the high and low temperatures during work hours, the amount of precipitation received on the Project site, and any other weather conditions which adversely affect the Work;

8.1.2. Soil conditions which adversely affect the Work;

8.1.3. The hours of operation by Contractor's personnel and subcontractor's personnel;

8.1.4. The number of Contractor's and subcontractor's personnel present and working at the Project site, by subcontract and trade;

8.1.5. All equipment present at the Project site, description of equipment use and designation of time equipment was used (specifically indicating any down time);

8.1.6. Description of Work being performed at the Project site;

8.1.7. Any unusual or special occurrences at the Project site;

8.1.8. Materials received at the Project site; and

8.1.9. A list of all visitors to the Project site.

The daily log shall not constitute nor take the place of any notice required to be given by Contractor to County or Architect/Engineer pursuant to the Contract Documents.

8.2. Contractor shall maintain in a safe place at the Project site one record copy of the Contract Documents, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County, in good order and annotated to show all changes made during construction. The annotated drawings shall be continuously updated by the Contractor throughout the prosecution of the Work to accurately reflect all field changes that are made to adapt the Work to field conditions, changes resulting from Change Orders, Work Directive Changes and Field Orders, and all concealed and buried installations of piping, conduit and utility services. All buried and concealed items, both inside and outside the Project site, shall be accurately located on the annotated drawings as to depth and in relationship to not less than two (2) permanent features (e.g. interior or exterior wall faces). The annotated drawings shall be clean and all changes, corrections and dimensions shall be given in a neat and legible manner in a contrasting color. The "As-Built" record documents, together with all approved samples and a counterpart of all approved shop drawings shall be available to County for reference. Upon completion of the Work, and as a condition precedent to Contractor's entitlement to final payment, these "As-Built" record documents, samples and shop drawings shall be delivered to County by Contractor.

8.3. Contractor shall keep all records and supporting documentation which concern or relate to the Work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. County, or any duly authorized agents or representatives of County, shall have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 9. CONTRACT TIME AND TIME EXTENSIONS

9.1. Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission of Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures, as well as coordination of all portions of the Work under the Contract Documents.

9.2. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

9.3. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

Section 10. CHANGES IN THE WORK

10.1. County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of County, and County shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of County is authorized to direct any extra or changed work orally.

10.2. A Change Order, in the form attached as Exhibit F to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor and County concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as County and Contractor shall mutually agree.

10.3. If County and Contractor are unable to agree on a Change Order for the requested change, Contractor shall, nevertheless, promptly perform the change as directed by County in a written Work Directive Change. In that event, the Contract Amount and Contract Time shall be adjusted as directed by County. If Contractor disagrees with the County's adjustment determination, Contractor must make a claim pursuant to Section 11 of these General Conditions or else be deemed to have waived any claim on this matter it might otherwise have had.

10.4. In the event a requested change results in an increase to the Contract Amount, the amount of the increase shall be limited to the Contractor's reasonable direct labor and material costs and reasonable actual equipment costs as a result of the change (including allowance for labor burden costs) plus a maximum ten percent (10%) markup for all overhead and profit. In the event such change Work is performed by a Subcontractor, a maximum ten percent (10%) markup for all overhead and profit for all Subcontractors' and sub-subcontractors' direct labor and material costs and actual equipment costs shall be permitted, with a maximum five percent (5%) markup thereon by the Contractor for all of its overhead and profit, for a total maximum markup of fifteen percent (15%). All

compensation due Contractor and any Subcontractor or sub-subcontractor for field and home office overhead is included in the markups noted above.

10.5. County shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Change Order.

10.6. The County shall have authority to order minor changes in the Work not involving an adjustment to the Contract Amount and not inconsistent with the intent of the Contract Documents. Such changes may be affected by Field Order or by other written order. Such changes shall be binding on the Contractor.

Section 11. CLAIMS AND DISPUTES

11.1. A Claim is a demand or assertion by one of the parties seeking an adjustment or interpretation of the terms of the Contract Documents, payment of money, extension of time or other relief with respect to the terms of the Contract Documents. The term "Claim" also includes other disputes and matters in question between County and Contractor arising out of or relating to the Contract Documents. The responsibility to substantiate a Claim shall rest with the party making the Claim.

11.2. Claims by the Contractor shall be made in writing to the County and Architect/Engineer within forty-eight (48) hours after the first day of the event giving rise to such Claim or else the Contractor shall be deemed to have waived the Claim. Written supporting data shall be submitted to the County and Architect/Engineer within fifteen (15) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the Contractor shall be deemed to have waived the Claim. All claims shall be priced in accordance with the provisions of Subsection 10.4.

11.3. The Contractor shall proceed diligently with its performance as directed by the County, regardless of any pending Claim, action, suit or administrative proceeding, unless otherwise agreed to by the County in writing. County shall continue to make payments in accordance with the Contract Documents during the pendency of any Claim.

Section 12. OTHER WORK

12.1. County may perform other work related to the Project at the site by County's own forces, have other work performed by utility owners or let other direct contracts. If the fact that such other work is to be performed is not noted in the Contract Documents, notice thereof will be given to Contractor. If Contractor believes that such performance will involve additional expense to Contractor or require additional time, Contractor shall send written notice of that fact to County and Architect/Engineer within forty-eight (48) hours of being notified of the other work. If the Contractor fails to send the above required forty-eight (48) hour notice, the Contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the Contract Time or adjustment to the Contract Amount.

12.2. Contractor shall afford each utility owner and other contractor (or County, if County is performing the additional work with County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its Work with theirs. Contractor shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of the Architect/Engineer and the others whose work will be affected.

12.3. If any part of Contractor's Work depends for proper execution or results upon the work of any other contractor or utility owner (or County), Contractor shall inspect and promptly report to Architect/Engineer in writing any delays, defects or deficiencies in such work that render it unavailable or unsuitable for such proper execution and results. Contractor's failure to report will constitute an acceptance of the other work as fit and proper for integration with Contractor's Work.

Section 13. INDEMNIFICATION AND INSURANCE

13.1 Contractor shall pay on behalf of or indemnify and hold harmless County and its agents, officers and employees from and against all liabilities, damages, losses, and costs, including attorney's and paralegal fees, incurred by County to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of Contractor or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by anyone for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. Contractor's obligation as provided herein shall be limited to its proportionate share of liability to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Contractor or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor, and Contractor shall not be required to pay on behalf of or indemnify and hold harmless County where County's negligence, recklessness, or intentional wrongful misconduct is determined by a court of competent jurisdiction to be the sole cause of its liabilities, damages, losses and costs, including attorney's fees and paralegal fees.

County and Contractor agree one percent (1%) of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement.

Contractor agrees that such indemnification by Contractor relating to any matter which is the subject of this Agreement shall extend throughout the term of this Agreement and any applicable statutes of limitations thereafter. Contractor's obligation to indemnify shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

13.2 Contractor shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in Exhibit C to the Agreement. All insurance policies shall be from responsible companies duly authorized to do business in the State of Florida and/or responsible risk retention group insurance companies or trusts which are registered with the State of Florida. Foreign or off-shore insurance carriers are not acceptable for work under this contract unless admitted to the State of Florida. All commercial insurance carriers providing the Contractor with required insurance shall be a minimum financial size category of VII according to the AM Best Rating Guide, latest edition. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Within ten (10) calendar days after Notice of Award is received by Contractor and prior to the commencement of work, Contractor shall provide County with properly executed Certificates of Insurance to evidence Contractor's compliance with the insurance requirements of the Contract Documents. Said Certificates of Insurance shall be on forms approved by County, such as "Acord Form 25". The Certificates of Insurance shall be personally, manually signed by the authorized representatives of the insurance company/companies shown on the Certificates of Insurance, with proof that they are authorized representatives thereof. Certificates of Insurance shall be mailed to Escambia County in care of: Purchasing Manager, Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32597-1591. In addition, certified, true and exact copies of all insurance policies required hereunder shall be provided to County, on a timely basis, when requested by County.

13.3 The Certificates of Insurance and required insurance policies shall contain provisions that thirty (30) calendar days' prior written notice by registered or certified mail shall be given County of any cancellation, intent not to renew, or reduction in the policies or coverages, except in the application of the aggregate limits provisions. In the event of a reduction in the aggregate limit of any policy, Contractor shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

13.4 All insurance coverages of the Contractor shall be primary to any insurance or self-insurance program carried by the County applicable to this Project. The acceptance by County of any Certificate of Insurance does not constitute approval or agreement by the County that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with the requirements of the Contract Documents. No work shall commence at the Project site unless and until the required Certificates of Insurance are received by the County.

13.5 Contractor shall require each of its subcontractors to procure and maintain, until the completion of the subcontractor's work, insurance of the types and to the limits specified in Exhibit C, unless such insurance requirements for the subcontractor is expressly waived in writing by the County. All liability insurance policies, other than professional liability, worker's compensation and employer's liability policies, obtained by Contractor to meet the requirements of the Contract Documents shall name Escambia County as an additional insured and shall contain severability of interest provisions. Escambia County shall also be designated as certificate holder with the address of P. O. Box 1591, Pensacola, Florida 32597-1591. If any insurance provided pursuant to the Contract

Documents expires prior to the completion of the Work, renewal Certificates of Insurance and, if requested by County, certified, true copies of the renewal policies, shall be furnished by Contractor within thirty (30) days prior to the date of expiration. Upon expiration of an insurance policy term during the course of work under the contract, succeeding insurance policies shall be consecutive to the expiring policy.

13.6 All liability policies shall be underwritten on the "occurrence" basis, unless otherwise approved in writing by the County Division of Risk Management. "Claims made" policies, if approved by the Risk Manager, and subsequent insurance certificates shall provide a "retro-date" which shall include the effective date of the contract. "Claims-made" renewals or carrier and policy replacements shall reflect the original "retro-date."

13.7 Should at any time the Contractor not maintain the insurance coverages required herein, the County may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverages and charge the Contractor for such coverages purchased. The County shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the County to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Contract Documents.

13.8 Contractor shall submit to County a copy of all accident reports arising out of any personal injuries or property damages arising or alleged to have arisen on account of any work by Contractor or sub-Contractor under the contract documents.

13.9 Duty to Provide Legal Defense. Contractor shall pay for and provide a legal defense for the County, which shall include attorneys' fees and costs, both of which will be done only if and when requested by the County, for all liabilities, damages, losses, and costs as described in paragraph 13.1 above. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

Section 14. COMPLIANCE WITH LAWS

14.1. Contractor agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to the Project, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety. If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify County and Architect/Engineer in writing. Compliance with the above laws shall include but is not limited to: (1) the Occupational Safety and Health Act, 29 CFR 1910 and 1926, respectively, General Industry Standards and Construction Industry Standards, including regulations regarding Trenching and Shoring; (2) the Florida Workers' Compensation Law, Chapter 440, Florida Statutes; (3) Rules 38F and 38I, Florida Administrative Code; and (4) Florida Department of Transportation Manual of Traffic Control and Safe Practices. Failure to adhere to the requirements of the abovenamed laws and regulations regarding safety and traffic control shall be grounds for an immediate work stoppage, either by County staff or the Contractor,

until the deficiency is corrected.

14.2 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY)

In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

Section 15. CLEANUP AND PROTECTIONS.

15.1. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy by County.

15.2. Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery, not indicated in the Contract Documents to be removed or altered, shall be protected by Contractor from damage during the prosecution of the Work. Any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the Work. Non-compliance with directives of this section may serve as a basis of rejection of Application for Payment.

Section 16. ASSIGNMENT

16.1 Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of County. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward County.

Section 17. PERMITS, LICENSES AND TAXES.

17.1. All permits and licenses necessary for the prosecution of the Work shall be procured and

paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents or other request for proposal at the time the Project was let for bid. If Contractor performs any Work without obtaining, or contrary to, such permits or licenses, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work.

17.2. Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work.

Section 18. TERMINATION FOR DEFAULT.

18.1 Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (1) fails to begin the Work under the Contract Documents within the time specified herein; or (2) fails to properly and timely perform the Work as directed by the County or Architect/Engineer or as provided for in the approved Progress Schedule; or (4) performs the Work unsuitably or neglects or refuses to remove materials or to correct or replace such Work as may be rejected as unacceptable or unsuitable; or (5) discontinues the prosecution of the Work; or (6) fails to resume Work which has been suspended within a reasonable time after being notified to do so; or (7) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (8) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (9) makes an assignment for the benefit of creditors; or (10) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the Work; or (11) materially breaches any other provision of the Contract Documents.

18.2 County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

18.3 If County deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including Architect/Engineer and attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount,

Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, shall be certified by the Architect/Engineer, upon application, and this obligation for payment shall survive termination of the Agreement.

18.4 The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefore or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

18.5 If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below under Subsection 19.1, Termination for Convenience.

18.6 If the Contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Contractor in conjunction with this Agreement then the County may, without prejudice to any right or remedy and after giving the Contractor and his surety, if any, seven (7) calendar days' written notice, during which period Contractor still fails to allow access, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the Contractor, and may finish the project by whatever method it may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Contractor (excluding monies owed the Contractor for subcontract work).

Section 19. TERMINATION FOR CONVENIENCE AND RIGHT OF SUSPENSION

19.1. County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, together with any retainage withheld and reasonable termination expenses incurred, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the Work not performed.

19.2. County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

Section 20. COMPLETION

20.1. Upon receipt of written notice, the County will ascertain whether the work or designated portions thereof are ready for the Architect's substantial completion inspection. From the Architect's list of incomplete or unsatisfactory items, a schedule for the County's review will be prepared for their completion indicating such completion dates. The County will issue a Certificate of Substantial Completion when the work has been deemed substantially complete by the County.

20.2. Upon receipt of written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the County shall promptly make such inspection and, if it finds the work acceptable and fully performed under the Contract Documents, shall promptly issue a Certificate of Final Completion and Recommendation for Payment, stating that, on the basis of observations and inspections, the Work has been completed in accordance with the terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor is due and payable. The final payment shall not become due and payable until Contractor submits: (1) the Release and Affidavit in the form attached as **Exhibit D**, (2) consent of surety to final payment, (3) if required by County, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by County, (4) a published copy of the Notice of Completion as provided for in this section and (5) all required close out document as provided in the contract documents. County reserves the right to inspect the Work and make an independent determination as to the Work's acceptability. Unless and until the County is completely satisfied, the final payment shall not become due and payable.

20.3. After the Work is ready for final inspection and acceptance by the County, a legal advertisement must be published by the Contractor in a local newspaper of a general countywide circulation at least thirty (30) days before final payment shall be made. Example of such publication is as follows:

Legal Notice of Completion

Notice is hereby given that the undersigned Contractor has completed and has ready for acceptance by the Board of County Commissioners of Escambia County, Florida, the following construction project:

_____

(Project Name and Address)

_____

(Legal Name and Address - entity of the Contractor)

Subcontractors, material men, and other persons having payment claims against the Contractor relating to this project should govern themselves accordingly.

Section 21. WARRANTY

21.1. Contractor shall obtain and assign to County all express warranties given to Contractor or any subcontractors by any material men supplying materials, equipment or fixtures to be incorporated into the Project. Contractor warrants to County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all Work shall be of good quality, free from all defects and in conformance with the Contract Documents. Contractor further warrants to County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. If, within two (2) years after substantial completion and acceptance, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work, which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which County is entitled as a matter of law. The Performance Bond shall remain in full force and effect throughout the two (2) year Warranty Period.

Section 22. TESTS AND INSPECTIONS

22.1. County, Architect/Engineer, their respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the Work, whether the Work is being performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide Architect/Engineer with timely notice of readiness of the Work for all required inspections, tests or approvals.

22.2. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any

public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish Architect/Engineer the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the Architect/Engineer and County.

22.3. If any Work that is to be inspected, tested or approved is covered without written concurrence from the Architect/Engineer, such work must, if requested by Architect/Engineer, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given Architect/Engineer timely notice of Contractor's intention to cover the same and Architect/Engineer has not acted with reasonable promptness to respond to such notice. If any Work is covered contrary to written directions from Architect/Engineer, such Work must, if requested by Architect/Engineer, be uncovered for Architect/Engineer's observation and be replaced at Contractor's sole expense.

22.4. The County shall charge to Contractor and may deduct from any payments due Contractor all engineering and inspection expenses incurred by County in connection with any overtime work. Such overtime work consisting of any work during the construction period beyond the regular eight (8) hour day and for any work performed on Saturday, Sunday or holidays.

22.5. Neither observations by the Architect/Engineer nor inspections, tests or approvals by others shall relieve Contractor from Contractor's obligations to perform the Work in accordance with the Contract Documents.

22.6. Prior to payment for any Work for which testing is specified, Contractor shall provide the County a copy of reasonably acceptable test results relating to such work as required by the technical specifications of the solicitation.

Section 23. DEFECTIVE WORK

23.1. Work not conforming to the requirements of the construction plans or Contract Documents or work conforming to the construction plans or contract documents containing errors or omissions, including, but not limited to, design flaws shall be deemed defective Work. If required by County or Architect/Engineer, Contractor shall, as directed, either correct all defective Work, whether or not fabricated, installed or completed, or, if the defective Work has been rejected by County or Architect/Engineer, remove it from the site and replace it with undefective Work. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

23.2. If the County or Architect/Engineer considers it necessary or advisable that covered Work be observed by Architect/Engineer or inspected or tested by others, Contractor, at

County's or Architect/Engineer's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County or Architect/Engineer may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such Work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

23.3. If any portion of the Work is defective, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the Work in such a way that the completed Work will conform to the Contract Documents, County or Architect/Engineer may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County or Architect/Engineer to stop the Work shall not give rise to any duty on the part of County or Architect/Engineer to exercise this right for the benefit of Contractor or any other party.

23.4. Should the County determine, at its sole opinion, it is in the County's best interest to accept defective Work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective Work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective Work, incorporating the necessary revisions in the Contract Documents and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective Work after final payment, Contractor at the discretion of the County shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective Work or shall increase in the Work’s warranty period beyond two (2) years.

23.5. If Contractor fails, within a reasonable time after the written notice from County or Architect/Engineer, to correct defective Work or to remove and replace rejected defective Work as required by Architect/Engineer or County, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any of the provisions of the Contract Documents, County may, after seven (7) days' written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the Work, and suspend Contractor's services related thereto, take possessions of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the Work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County or Architect/Engineer, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Subsection. All direct, indirect and consequential costs of County in exercising such rights and

remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Contract Documents, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective Work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by County of County's rights and remedies hereunder.

Section 24. SUPERVISION AND SUPERINTENDENTS

24.1. Contractor shall supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be responsible to see that the finished Work complies accurately with the Contract Documents. Contractor shall keep on the Work at all times during its progress a competent resident superintendent, who shall not be replaced without prior written notice to County except under extraordinary circumstances. The superintendent shall be Contractor's representative at the Project site and shall have authority to act on behalf of Contractor. All communications given to the superintendent shall be as binding as if given to the Contractor. County shall have the right to direct Contractor to remove and replace its Project superintendent, with or without cause.

Section 25. PROTECTION OF WORK

25.1. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor, or any one for whom Contractor is legally liable, is responsible for any loss or damage to the Work, or other work or materials of County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.

25.2. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

Section 26. EMERGENCIES

26.1. In the event of an emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from County or Architect/Engineer is obligated to act to prevent threatened damage, injury or loss. Contractor shall give Architect/Engineer written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Document have been caused thereby. If the Architect/Engineer determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations. If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjacent to the Contract Amount or an extension to the Contract Time.

Section 27. USE OF PREMISES

27.1. Contractor shall confine all construction equipment, the storage of materials and equipment and the operations of workers to the Project site and land and areas identified in and permitted by the Contract Documents and other lands and areas permitted by law, rights of way, permits and easements, and shall not unreasonably encumber the Project site with construction equipment or other material or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the Work.

Section 28. SAFETY

28.1. The Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. The Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

28.1.1. All employees of the Work and other persons and/or organizations who may be affected thereby;

28.1.2. All the Work and materials and equipment to be incorporated therein, whether in storage on or off the Project site; and

28.1.3. Other property on Project site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and any underground structures or improvements not designated for removal, relocation or replacement in the contract documents.

28.2 The Contractor shall comply with all applicable codes, laws, ordinances, rules and regulations of any public body having jurisdiction for the safety of persons or property or

to protect them from damage, injury or loss. The Contractor shall erect and maintain all necessary safeguards for such safety and protection. The Contractor shall notify owners of adjacent property and of underground structures and improvements and utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation or replacement of their property. Contractor's duties and responsibilities for the safety and protection of the Work shall continue until such time as the Work is completed and final acceptance of same by County has occurred.

28.3 The Contractor shall designate a responsible representative at the Project site whose duty shall be the prevention of accidents. This person shall be Contractor's superintendent unless otherwise designated in writing by the Contractor to the County.

28.4 The Contractor shall adhere at all times to the minimum safety guidelines for construction and renovation projects as set out in **Exhibit C** of this Agreement.

Section 29. PROJECT MEETINGS.

29.1. Prior to the commencement of Work, the Contractor shall attend a preconstruction conference with the County to discuss the Progress Schedule, procedures for handling shop drawings and other submittals, and for processing Applications for Payment, and to establish a working understanding among the parties as to the Work. During the prosecution of the Work, the Contractor shall attend any and all meetings convened by the Architect/Engineer or County with respect to the Project, when directed to do so by County or Architect/Engineer. Contractor shall have its subcontractors and suppliers attend all such meetings (including the preconstruction conference) as may be directed by the County or Architect/Engineer.

EXHIBIT B

PERFORMANCE AND PAYMENT BOND

BOND NO. _____

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS: That _____,
(Insert name, address, and phone number of contractor)
as Principal, and _____,
(Insert full name, home office address and phone number of surety)
as Surety, are held and firmly bound unto the Board of County Commissioners for Escambia County, Florida, 223 Palafox Place, Pensacola, Florida 32597-1591, (850) 595-4900, as Obligee in the sum of _____
_____ Dollars ($_____), for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Principal has entered into a contract dated as of the _____ day of_____, 20____, with Obligee for Contract No. _____
_____
(Insert name of project, including legal description, street address of property and general description of improvement)
_____

_____

in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs and attorneys' fees that Obligee sustains because of any default by Principal under the Contract; and

3. Performs the guarantee of all work and materials furnished under the Contract applicable to the work and materials, then this bond is void; otherwise it remains in full force; and

4. Principal understands and agrees that this bond shall remain in full force and effect throughout the warranty period after substantial completion of the work.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder,

or the specifications referred to therein shall in anywise affect its obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penalty sum of this Performance Bond, regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20____, the name and corporate seal of each corporate party being hereto affixed and these premises duly signed by its undersigned representative, pursuant to authority of its governing body.

said Contract being made a part of this Bond by this reference.

NOW, THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Performs the contract dated _____, _____ between Principal and County for construction of _____, the contract being made a part of this bond by reference, at the times and in the manner prescribed in the contract; and

2. Promptly makes payments to all claimants as defined in Section 255.05(1)(a), Florida Statutes, supplying the Principal with labor, materials or supplies, used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

3. Pays the County for all losses, damages, expenses, costs, and attorneys' fees, including appellate proceedings, that the County sustains because of a default by the Principal under the contract; and

4. Performs the guarantee of all work and materials furnished under the contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this pond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the County of any extension of time for the performance of the said Contract, or any other forbearance on the part of the County or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to Section 255.05, Florida Statutes.

THIS BOND DATED THE _____ DAY OF _____, 20____ (the date of issue by the Surety or by the Surety's agent and the date of such agent's power-of-attorney).

EXHIBIT C
INSURANCE AND SAFETY

INSURANCE - BASIC COVERAGES REQUIRED

The Contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such on policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the Contract Documents, whether such services, work and operations be by the Contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The Contractor shall require and shall be responsible for assuring throughout the time the Agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the Contractor. The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the Contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the Contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The Contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The Contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The Contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the Contractor or any other insurance of the Contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations, which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The Contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess Or Umbrella Liability Coverage

The Contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the Commercial General Liability and Business Auto policies of the Insurance Services Office.
Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employers liability required in the Workers Compensation Coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The Contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business Auto Liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

Excess or Umbrella Liability Coverage
Umbrella Liability insurance is preferred, but an Excess Liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in Certificates of Insurance. If and when required by the County, Certificates of Insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the Certificate of Insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverages(s) indicated on each Certificate of Insurance.

New Certificates of Insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the Contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information.

1. Indicate that Escambia County is an additional insured on the general liability policy.
2. Include a reference to the project and the Office of Purchasing number.
3. Disclose any self-insured retentions in excess of $1,000.
4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Coordinator
   Office of Purchasing
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Email: JDLovingood@myescambia.com
5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the Contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For Commercial General Liability coverage, the Contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

ENDORSEMENTS/ADDITIONAL INSURANCE

If checked below, the County requires the following endorsements or additional types of insurance.

TERMINATION/ADVERSE CHANGE ENDORSEMENT

All of Contractor's policies, except for professional liability and workers compensation insurance, are to be endorsed, and the Contractor's Certificate(s) of Insurance shall state, that the County shall be notified at least 30 days in advance of cancellation, non-renewal or adverse change.

BUILDERS RISK COVERAGE

Builders Risk insurance is to be purchased to cover subject property for all risks of loss, subject to a waiver of coinsurance, and covering off-site storage, transit and installation risks as indicated in the Installation Floater and Motor Truck Cargo insurance described hereafter, if such coverages are not separately provided.

The Builders Risk insurance is to be endorsed to cover the interests of all parties, including the County and all contractors and subcontractors. The insurance is to be endorsed to grant permission to occupy.

INSTALLATION FLOATER COVERAGE

Installation Floater insurance is to be purchased when Builder's Risk insurance is inappropriate, or when Builder's Risk insurance will not respond, to cover damage or destruction to renovations, repairs or equipment being installed or otherwise being handled or stored by the Contractor, including off-site storage, transit and installation. The amount of coverage should be adequate to provide full replacement value of the property, repairs, additions or equipment being installed, otherwise being handled or stored on or off premises. All risks coverage is preferred.

FIDELITY/DISHONESTY/LIABILITY COVERAGE - FOR COUNTY

Fidelity/Dishonesty/Liability insurance is to be purchased or extended to cover dishonest acts of the Contractor's employees resulting in loss to the County.

MINIMUM PROJECT SAFETY REQUIREMENTS

The following safety requirements represent the minimum condition, which shall be met by all Contractors and subcontractors performing work for Escambia County: Reported or observed violations of Federal and State laws and regulations, or County ordinances shall be brought to the attention of the County project manager and County's Department of Safety and Risk Services and shall be immediately corrected by the Contractor. Additionally, the County may order work to be stopped if conditions exist that present immediate danger to persons or property. The Contractor acknowledges that any such stoppage will not shift responsibility for any damages from the Contractor to the County. Failure to comply with required safety procedures shall result in the suspension of the Work of the Contractor until such time as his operations are brought into compliance. Items which are not corrected or that are disputed by the Contractor may be referred by the County's Department of Safety and Risk Services for inspection or interpretation. The Contractor shall take reasonable precautions for work place safety and shall provide reasonable protection to prevent damage, injury, or loss to employees on the work site and to other persons who may be affected by the Work.

(1) Prior to the commencement of the project, the Contractor and all subcontractors shall provide to the County a written copy of their respective safety and health plans for review as part of the pre-submittal bid package.

(2) The Contractor shall establish and maintain an access control system at the work site, including a daily sign-in log, for all visitors, including County and regulatory personnel. Prior to commencement of construction, the project manager may designate specific individuals for routine access so that their duties are not impeded. All visitors that are not pre-approved for admittance shall be escorted through the project by either a Contractor representative or by the project manager or designee.

(3) The Contractor shall provide all necessary safety equipment for County staff, employees, and visitors to enter the work site. This equipment may include hard hats, hearing protection, safety glasses, or any other safety items deemed necessary by the Contractor or required by State or Federal safety regulations.

(4) Construction vehicles on the work site shall always be operated in a safe manner. The Contractor shall take appropriate action to ensure the safety of County staff, visitors, and the general public while operating work vehicles at a "controlled" construction site. Where conditions warrant, or at the request of the County, temporary barriers shall also be established for these traffic areas.

(5) The Contractor shall prominently mark the work site and ensure its security. Site security shall include appropriate fencing, barricades, warning tape, covered walkways and warning signs. In no instance shall a work site be accessible, without obvious warning, to County staff, visitors, or the general public. At a minimum, the project site shall be posted with the appropriate trespass warning signs as specified in Section 810.09(2)(d), Florida Statutes: THIS AREA IS A DESIGNATED CONSTRUCTION SITE; ANYONE TRESPASSING ON THIS PROPERTY SHALL, UPON CONVICTION, BE GUILTY OF A FELONY; "A DANGER, CONSTRUCTION SITE. AUTHORIZED PERSONNEL ONLY," and other general safety warning signs, i.e., "HARD HAT AREA," as are deemed

necessary by the Contractor and project manager.

(6) In the event barricading of a work site is not feasible, alternative measures may be used upon prior approval by the County safety Office. Alternative measures may include, but are not limited to, working during "off 'hours such as nights, weekends, or holidays, or the providing of temporary accommodations for building occupants (to be prearranged, if necessary, at the discretion of the County).

(7) The Contractor shall ensure compliance with all fire safety codes at the work site, especially as to egress, during the construction phase of an occupied facility. In no instance, (except where impractical and with the prior approval of the County's Department of Safety and Risk Services and the appropriate life safety code inspector), shall the life safety code components of an occupied facility be reduced or otherwise compromised.

A set of these construction plans, with a signature of approval by the appropriate life safety code inspector, shall be kept at each construction site and available for routine inspection. The Contractor shall communicate with each subcontractor and County's Department of Safety and Risk Services as to scheduling of events that may pose hazards or inconveniences to building occupants. The Contractor shall also ensure that appropriate scheduling information is also conveyed to the project manager.

- When a project alters a building's fire protection compartment features, such as fire barriers, smoke barriers, or corridor walls, exits must provide free and unobstructed egress. Employees shall receive notice if any alternative exits have been designated. Buildings or areas under construction must maintain escape egress for construction workers at all times. These means of egress shall be inspected daily by the Contractor.

- When a project affects fire alarms, fire detection, or fire suppression systems, of a building that is occupied, the Contractor must ensure that such systems are not functionally impaired. Any temporary systems, which are installed, must be inspected and tested monthly by the Contractor. Employees must be notified when such temporary systems are in place.

- When any sources of ignition are present, such as welding torches, smoking by all persons shall be prohibited on any construction site and in any County facility.

(8) Noise, dust, and the use of chemical products may create inside health hazards at the work site to building occupants requiring that the Contractor to adhere to the following guidelines at a minimum:

(a) The Contractor shall initiate construction and engineering safety controls to minimize exposure of dusts, noise, and chemical odors to building occupants. These controls may involve the construction or use of temporary walls, plastic barriers, mechanical ventilation, elimination of make-up air returns from work

areas, pressurizing occupied areas, or a combination of several methods. The Contractor shall coordinate all such engineering efforts with the project manager, and these control measures shall require prior approval by the County's Department of Safety and Risk Services. In cases where these efforts may not be feasible, alternative work schedules on evenings and weekends may be instituted as a part of this process.

(b) Material Safety Data Sheets (MSDS) shall be provided to the County's Department of Safety and Risk Services for all hazardous substances used on the project or brought on the job site. These products include, but are not limited to, paints, solvents, roofing compounds, and cleaning compounds.

(c) Appropriate precautions shall be taken to prevent occupant exposure to hazardous respirable dusts, contaminants, and fumes from welding, cutting, or drilling of concrete and masonry, or the operation of internal combustion engines. The Contractor shall also determine whether respirable crystalline silica, which is a potential carcinogen contained in many building products, is present at the work site. Control of dusts from these types of products and operations shall be an essential safety requirement for the Contractor.

(d) The Contractor should be aware of other buildings adjacent to his work areas and shall be prepared to take necessary actions to prevent the spread of dusts and fumes to those facilities.

(9) The Contractor shall ensure that all emergency notifications, including those for fires and medical needs, shall be promptly made by dialing County 911 dispatchers. The Caller should state the exact location of the work site emergency, the nature of the emergency, and specifically indicate if medical or fire services are needed.

(10) The Contractor agrees and understands that all County construction/renovation sites shall be subject to periodic inspection by life safety code inspectors, Florida Department of Labor and Employment Security, Division of Safety, Occupational Safety and Health Administration, Florida Department of Environmental Protection, Environmental Protection Agency, and other Federal, State, or County regulatory agencies.

(11) The Contractor shall provide adequate refuse containers for the disposal of construction debris. Refuse shall not be allowed to accumulate on the project site grounds, and the Contractor shall ensure that these containers are subsequently emptied on a regular basis.

(12) Water runoff and soil erosion from the project site shall be controlled by the Contractor pursuant to the regulations of the Florida Department of Environmental Protection.

(13) Water-based paint and stain products shall be used by the Contractor in the place of solvent-based products where the application so permits. Use of organic solvent-based products shall be used only where absolutely necessary and with the prior approval of the

project manager. Lead-containing paints shall not be normally used or specified for any application. If the use of lead-containing paint is essential for a specific application, prior written approval from the County's Department of Safety and Risk Services shall be obtained before their use.

(14) The use of any products containing toxic metals, especially those regulated by Resource Conservation and Recovery Act (RCRA), (i.e. lead, chromium, barium, silver, arsenic, cadmium, mercury, selenium), on the work site shall be avoided. Prior written approval for use of these metals shall be obtained by the Contractor from the County's Department of Safety and Risk Services.

(15) The use of any radioactive materials by the Contractor on project sites shall require pre-approval. Copies of appropriate certifications, licenses, testing, and inspection records shall be provided by the Contractor to the project manager and County's Department of Safety and Risk Services for review.

(16) The County contracts out the identification and abatement of asbestos containing building materials. Asbestos abatement can only be performed by state licensed asbestos abatement contractors. General contractors, therefore, shall not be authorized to remove or disturb any asbestos containing materials. Although efforts are made to identify or remove such asbestos containing materials prior to renovations, the possibility exists that asbestos materials may be encountered at a work site. If so, Contractors who encounter such materials shall immediately stop work and notify the project manager ~~or~~ and the County's Department of Safety and Risk Services.

(17) The above-cited guidelines represent minimum expectations and actions, which shall be taken by Contractors while under contract for County construction and renovation projects. These guidelines are not all inclusive and will be revised as necessary. In the event these guidelines conflict with other contract documents, the most stringent application shall apply. Any questions or disputes should be brought to the immediate attention of the project manager and County's Department of Safety and Risk Services.

EXHIBIT D
RELEASE AND AFFIDAVIT

COUNTY OF ESCAMBIA)
)
STATE OF FLORIDA)

Before me, the undersigned authority, personally appeared _____, who after being duly sworn, deposes and says:

(1) In accordance with the Contract Documents and in consideration of $_____ paid, _____ ("Contractor") releases and waives for itself and its subcontractors, materialmen, successors and assigns, all claims demands, costs and expenses, whether in contract or in tort, against the Board of County Commissioners of Escambia County, Florida, ("County") relating in any way to the performance of the Agreement between Contractor and County dated _____, 20____, for the period from _____ to _____.

(2) Contractor certifies for itself and its subcontractors, materialmen, successors and assigns, that all charges for labor, materials, supplies, lands, licenses and other expenses for which County might be sued or for which a lien or a demand against any payment bond might be filed, have been fully satisfied and paid.

(3) Contractor agrees to indemnify, defend and save harmless County from all demands or suits, actions, claims of liens or other charges filed or asserted against the County arising out of the performance by Contractor of the Work covered by this Release and Affidavit.

(4) This Release and Affidavit is given in connection with Contractor's (monthly/final) Application for Payment No. _____.

CONSTRUCTION CHANGE ORDER

Change Order Number _____ Contract Number PD _____
Date: _____ Dated _____ _____

To: _____
_____
_____
_____

Project Name: _____
You hereby are authorized and directed to make the following changes in accordance with terms and conditions of the Agreement:
Describe changes here;

	Dollars	Time in Calendar Days
Original Contract Amount	**$**_____	_____
Sum of Previous Changes	**$**_____	_____
This Change Order	**$**_____	_____

Adjusted Agreement Amount	**$**_____	_____

The contract substantial completion date will be **increased/decreased** by ___ calendar days due to this Change Order. The new contract substantial completion date is _____. Your acceptance of this Change Order shall constitute a modification to our Agreement and will be performed subject to all the same terms and conditions in our Agreement indicated above, as fully as if the same were repeated in this acceptance.

The adjustment, if any, to this Agreement shall constitute a full and final settlement of any and all claims arising out of or related to the change set forth herein, including claims for impact and delay cost.

The Contract Administrator has directed the Contractor to increase the penal sum of the existing Performance and Payment Bonds or to obtain additional bonds on the basis of a $25,000.00 or greater value Change Order.
□ Check if applicable and provide written confirmation from the bonding company/agent (attorney-in-

fact) that the amount of the Performance and Payment bonds have been adjusted to 100% of the new contract amount.

RESPONSIBILITIES & COORDINATION NOTE

THIS LIST IS NOT COMPREHENSIVE. THE STRUCTURED CABLING SYSTEM CONTRACTOR (SCSC) SHALL BE RESPONSIBLE FOR ANY ADDITIONAL REQUIREMENTS SHOWN ON THE TELECOMMUNICATIONS DRAWINGS AND/OR REQUIRED TO PROVIDE A COMPLETE SYSTEM.

1. RACEWAYS:
   THE EC SHALL BE RESPONSIBLE FOR ANY NEW REQUIRED BACKBONE CONDUIT, HORIZONTAL CONDUIT, AND CABLING PATHWAYS, THIS IS TO INCLUDE ALL INTERIOR CONDUIT, ALL WALL PENETRATIONS AND CONDUIT SLEEVES WHETHER SHOWN ON THE DRAWINGS OR AS REQUIRED TO PENETRATE FULL HEIGHT PARTITIONS. CONDUIT PATHWAYS SHALL INCLUDE ALL DEVICE BOXES, PULLBOXES, PULLTAPE, PULLSTRINGS, CONDUIT MARKINGS, ETC. PROVIDE END BUSHINGS ON ALL CONDUIT. THE SCSC SHALL BE RESPONSIBLE FOR THE FOLLOWING ITEMS IN TELECOMMUNICATIONS ROOMS ONLY: CABLE TIES AND/OR ANY OTHER REQUIREMENTS FOR ROUTING AND SECURING CABLE IN THE TELECOMMUNICATIONS ROOMS. THE SCSC SHALL PROVIDE ANY INNERDUCT IN BACKBONE CONDUITS AS REQUIRED IN THE SPECIFICATIONS AND DRAWINGS. WAP ENCLOSURES SHALL BE OFOI, WAP ELECTRONICS SHALL BE OFOI.

2. COMMUNICATIONS CABLING:
   THE SCSC SHALL BE RESPONSIBLE FOR PROVIDING, INSTALLING, TERMINATING, TESTING AND LABELING ALL COMMUNICATIONS CABLES.

TELECOMMUNICATIONS LEGEND

WAP	WIRELESS ACCESS POINT. PROVIDE TWO (2) CAT6A CABLES FROM NEW HORIZONTAL PATCH PANEL LOCATE IN SERVING TELECOMMUNICATIONS ROOM. SEE PARTIAL FLOOR PLANS.
	EXISTING TELECOMMUNICATIONS GROUNDING BUSBAR (TGB).
	EXISTING PULL BOX.
	EXISTING CONDUIT TERMINATION TO INSULATED BUSHING.
1	SHEET NOTE TAG.
	LEADERS.

GENERAL NOTES

1. EXISTING CONDITIONS SHOWN ARE DERIVED FROM FIELD INVESTIGATION AND AS-BUILT DRAWINGS.
2. CONTRACTOR SHALL PREPARE AND MAINTAIN A TOOL INVENTORY LIST WITH COURT ADMIN.
3. CONTRACTOR SHALL BE ESCORTED BY ESCAMBIA COUNTY IT SERVICES AT ALL TIMES WHEN ON SITE. CONTRACTOR SHALL COORDINATE WITH ECITS ONE (1) WEEK IN ADVANCE.
4. WORK SHALL BE PERFORMED OUTSIDE OF BLANCHARD BUILDING WORKING HOURS ON FLOORS 3 THROUGH 6. CONTRACTOR SHALL COORDINATE WORK SCHEDULE WITH ECITS ONE (1) WEEK PRIOR TO COMMENCING WORK.

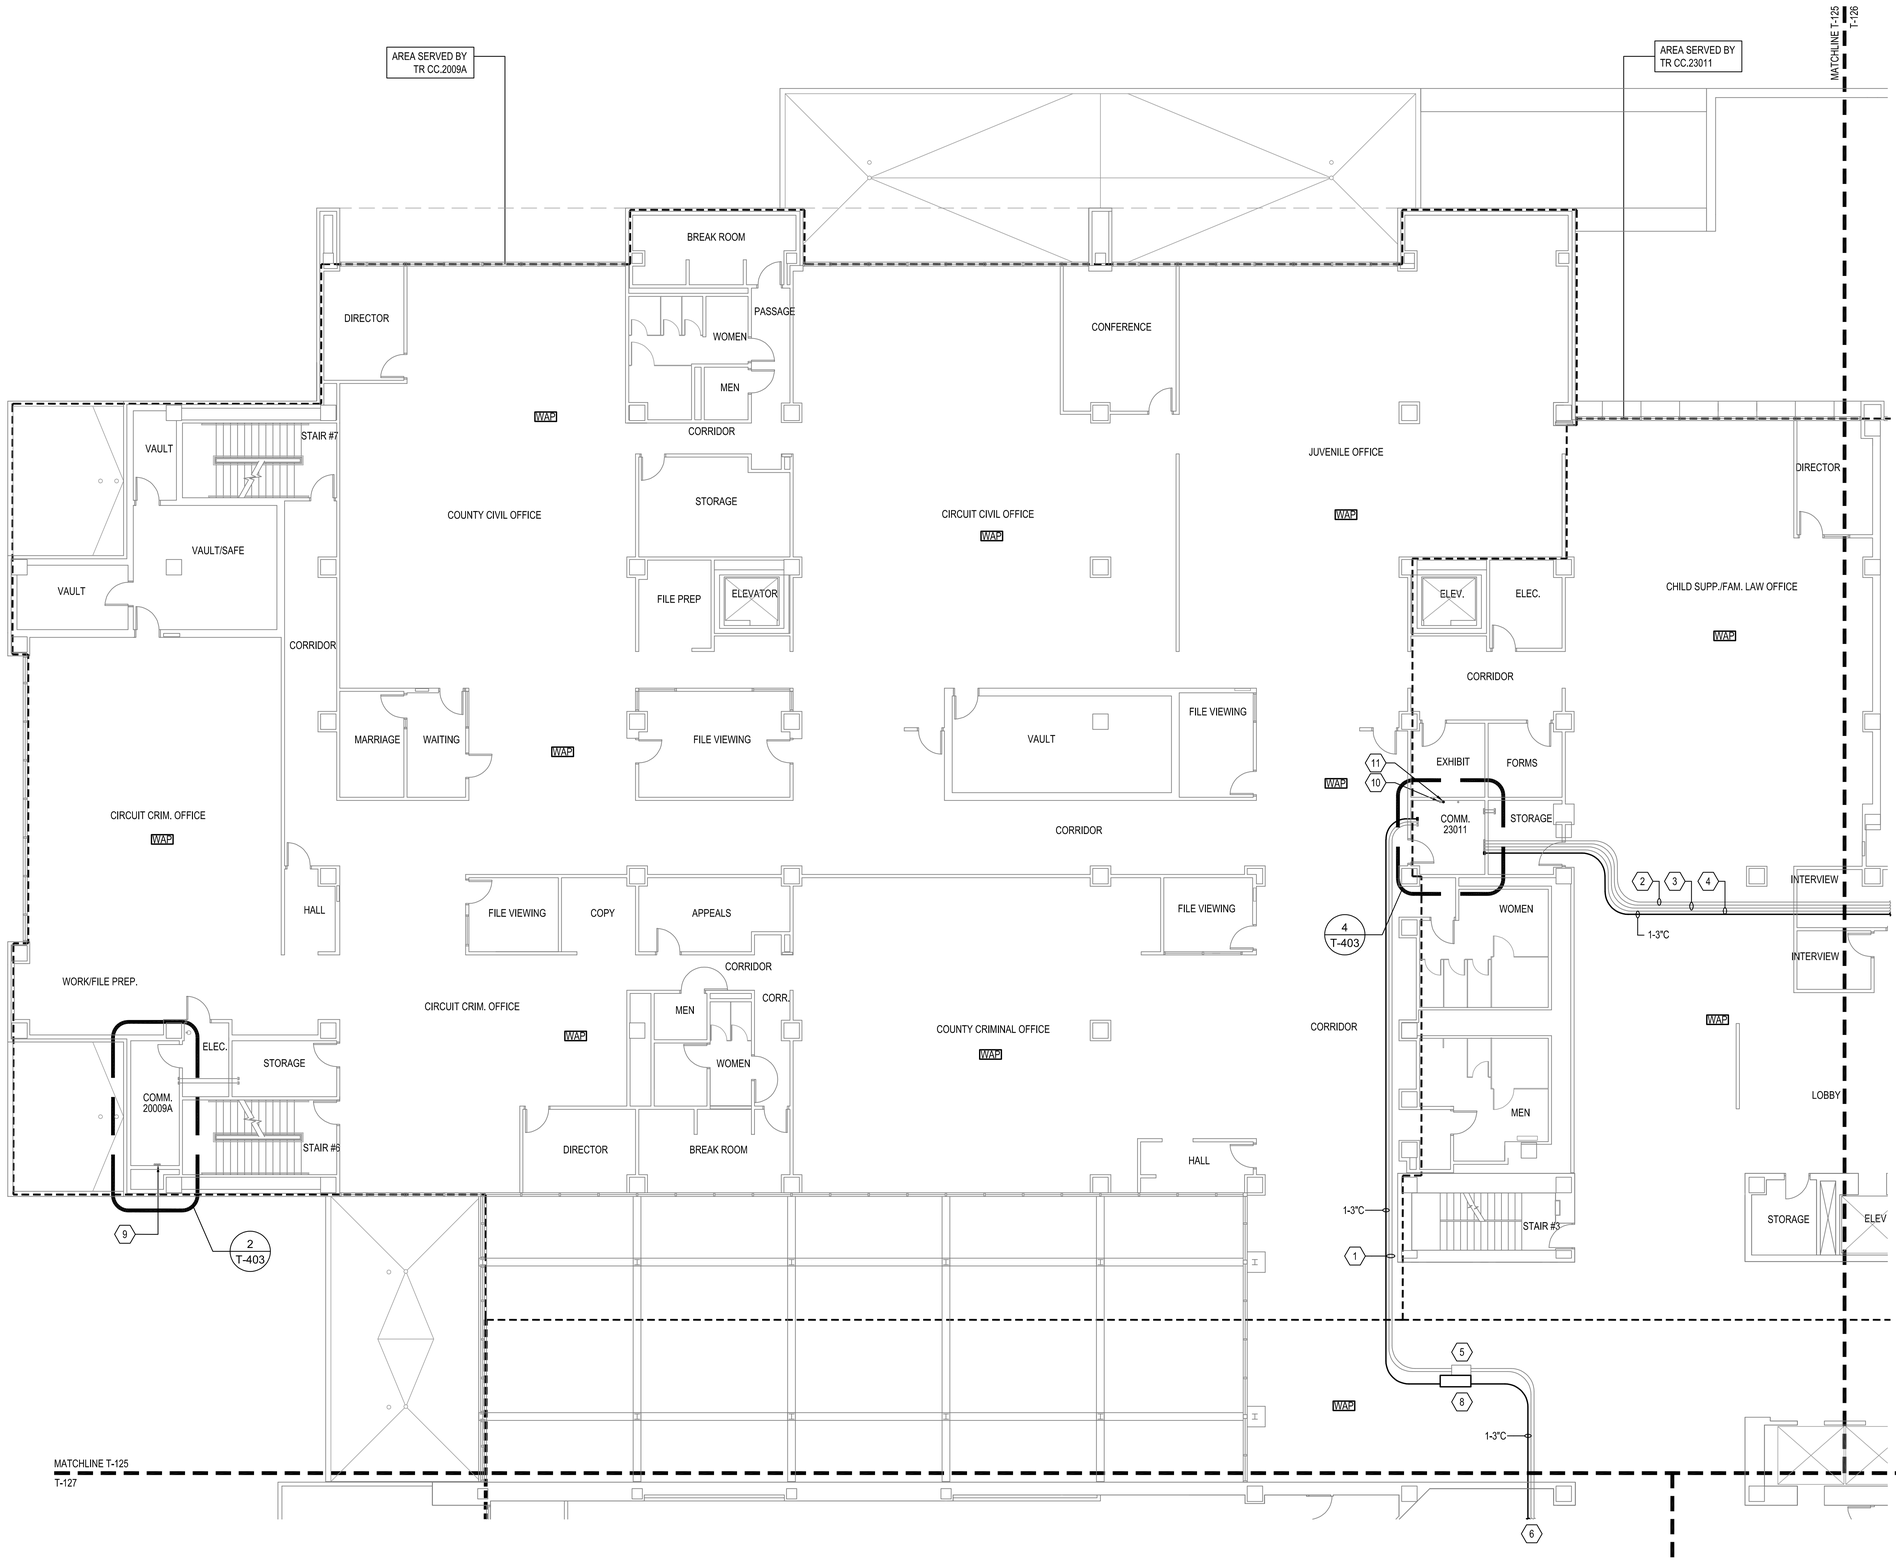
SHEET TITLE: FIRST FLOOR PARTIAL FLOOR PLAN SOUTHEAST - TELECOMMUNICATIONS

SHEET: T-124



SHEET NOTES

1. EXISTING TWO (2) 3" CONDUITS ROUTED ABOVE CEILING TO TR CC.20003 FROM TR CC.23011. SEE CONDUIT ROUTING DIAGRAM ON SHEET T-601.
2. EXISTING ONE (1) 3" CONDUIT ROUTED ABOVE CEILING FROM TR CC.23011 TO COMP RM 2B113.
3. EXISTING TWO (2) 3" CONDUITS ROUTED ABOVE CEILING FROM TR CC.23011 TO OPEN OFFICE 2B112.
4. EXISTING ONE (1) 3' CONDUIT ROUTED ABOVE CEILING FROM TR CC.23011 TO SHELL SPACE 2B126.
5. EXISTING 16"x30"x6" PULL BOX MOUNTED ABOVE CEILING.
6. SEE SHEET T-127 FOR CONDUIT CONTINUATION.
7. SEE SHEET T-126 FOR CONDUIT CONTINUATION.
8. PROVIDE NEW 18"x48"X5" CONDUIT PULL BOX MOUNTED ABOVE CEILING.
9. EXISTING 3" CONDUIT SLEEVES UP TO LEVEL 3 TR CC.30007. SEE CONDUIT ROUTING DIAGRAM ON SHEET T-601.
10. EXISTING TWO (2) 3" CONDUITS ROUTED TO TR CC.23011 FROM LEVEL 1 MCE CER.10026. SEE CONDUIT ROUTING DIAGRAM ON SHEET T-601.
11. NEW ONE (1) 3" CONDUIT ROUTED TO TR CC.23011 FROM LEVEL 1 MCE CER.10026. SEE CONDUIT ROUTING DIAGRAM ON SHEET T-601.

GENERAL NOTES

1. WIRELESS ACCESS POINT DATA LOCATIONS SHOWN SHALL BE SERVED BY THE TR NOTED FOR THAT ZONE.
2. ALL WAPS SHALL BE INSTALLED IN ACT CEILING, UNLESS NOTED OTHERWISE.

RESPONSIBILITIES & COORDINATION NOTE

THIS LIST IS NOT COMPREHENSIVE. THE STRUCTURED CABLING SYSTEM CONTRACTOR (SCSC) SHALL BE RESPONSIBLE FOR ANY ADDITIONAL REQUIREMENTS SHOWN ON THE TELECOMMUNICATIONS DRAWINGS AND/OR REQUIRED TO PROVIDE A COMPLETE SYSTEM.

1. RACEWAYS:
   THE EC SHALL BE RESPONSIBLE FOR ANY NEW REQUIRED BACKBONE CONDUIT, HORIZONTAL CONDUIT, AND CABLING PATHWAYS, THIS IS TO INCLUDE ALL INTERIOR CONDUIT, ALL WALL PENETRATIONS AND CONDUIT SLEEVES WHETHER SHOWN ON THE DRAWINGS OR AS REQUIRED TO PENETRATE FULL HEIGHT PARTITIONS. CONDUIT PATHWAYS SHALL INCLUDE ALL DEVICE BOXES, PULLBOXES, PULLTAPE, PULLSTRINGS, CONDUIT MARKINGS, ETC. PROVIDE END BUSHINGS ON ALL CONDUIT. THE SCSC SHALL BE RESPONSIBLE FOR THE FOLLOWING ITEMS IN TELECOMMUNICATIONS ROOMS ONLY: CABLE TIES AND/OR ANY OTHER REQUIREMENTS FOR ROUTING AND SECURING CABLE IN THE TELECOMMUNICATIONS ROOMS. THE SCSC SHALL PROVIDE ANY INNERDUCT IN BACKBONE CONDUITS AS REQUIRED IN THE SPECIFICATIONS AND DRAWINGS. WAP ENCLOSURES SHALL BE OFOI, WAP ELECTRONICS SHALL BE OFOI.

2. COMMUNICATIONS CABLING:
   THE SCSC SHALL BE RESPONSIBLE FOR PROVIDING, INSTALLING, TERMINATING, TESTING AND LABELING ALL COMMUNICATIONS CABLES.

TELECOMMUNICATIONS LEGEND

- WAP — WIRELESS ACCESS POINT. PROVIDE TWO (2) CAT6A CABLES FROM NEW HORIZONTAL PATCH PANEL LOCATE IN SERVING TELECOMMUNICATIONS ROOM. SEE PARTIAL FLOOR PLANS.
- EXISTING TELECOMMUNICATIONS GROUNDING BUSBAR (TGB).
- EXISTING PULL BOX.
- EXISTING CONDUIT TERMINATION TO INSULATED BUSHING.
- 1 — SHEET NOTE TAG.
- LEADERS.

GENERAL NOTES

1. EXISTING CONDITIONS SHOWN ARE DERIVED FROM FIELD INVESTIGATION AND AS-BUILT DRAWINGS.
2. CONTRACTOR SHALL PREPARE AND MAINTAIN A TOOL INVENTORY LIST WITH COURT ADMIN.
3. CONTRACTOR SHALL BE ESCORTED BY ESCAMBIA COUNTY IT SERVICES AT ALL TIMES WHEN ON SITE. CONTRACTOR SHALL COORDINATE WITH ECITS ONE (1) WEEK IN ADVANCE.
4. WORK SHALL BE PERFORMED OUTSIDE OF BLANCHARD BUILDING WORKING HOURS ON FLOORS 3 THROUGH 6. CONTRACTOR SHALL COORDINATE WORK SCHEDULE WITH ECITS ONE (1) WEEK PRIOR TO COMMENCING WORK.

DIVISION 26 – ELECTRICAL

260000	GENERAL ELECTRICAL
260010	CODES AND STANDARDS
260020	WORK REQUIRED FOR EQUIPMENT FURNISHED BY OTHERS
260500	ELECTRICAL RELATED WORK
260512	ALTERATIONS AND ADDITIONS TO EXISTING WORK
260526	GROUNDING AND BONDING
260530	BASIC ELECTRICAL MATERIALS AND METHODS

DIVISION 27 – COMMUNICATIONS

270000	TELECOMMUNICATIONS GENERAL
270010	CODES AND STANDARDS
270020	CONTRACTOR QUALIFICATIONS
270500	COMMUNICATIONS RELATED WORK
271300	BACKBONE CABLING SYSTEM
271500	HORIZONTAL CABLING SYSTEM

SECTION 260000 - GENERAL ELECTRICAL

PART 1 - GENERAL

1.1 The work covered by this division consists of providing all labor, equipment and materials and performing all operations necessary for the installation of the electrical work as herein called for and shown on the Drawings. The work shall include but shall not be limited to the following:

Provide all power, lighting, fire alarm, intercom, telephone, communications, and other electrical systems for the project. Fully coordinate all electrical requirements of equipment being furnished by other Divisions under this construction contract. Each system shall be complete and fully functional.

1.2 Related Documents:

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to work of this Section.

B. Provisions of this Section apply to work of all Division 26 Sections.

C. All control wiring for Division 23 shall be governed by Division 26 requirements. All control wiring shall be in conduit in compliance with the Specifications.

D. Review all project Drawings to be aware of conditions affecting work herein.

1.3 Definitions:

A. Provide: Furnish, install, and test, complete and ready for intended use.

B. Furnish: Supply and deliver to project site, ready for subsequent requirements.

C. Install: Operations at project site, including unloading, unpacking, assembly, erection, placing, anchoring, applying, working to dimension, finishing, curing, protecting, cleaning, and similar requirements.

1.4 Permits and Fees: Contractor shall obtain all necessary permits, meters, and inspections required for his work and pay all fees and charges incidental thereto.

1.5 Verification of Owner's Survey Data: Prior to commencing any excavation or grading the Contractor shall satisfy himself as to the accuracy of all survey data indicated on the Drawings and/or provided by the Owner. Should the Contractor discover any inaccuracies, errors, or omissions in the survey data, he shall immediately notify the Engineer. Commencement by the Contractor of any excavation or upgrading shall be held as an acceptance of the survey data by

him after which time the Contractor has no claim against the Owner resulting from alleged errors, omissions or inaccuracies of the said survey data.

1.6 Delivery and Storage of Materials: Materials delivered to site shall be inspected for damage, unloaded, and stored with a minimum of handling. All material shall be stored to provide protection from the weather and accidental damage.

1.7 Extent of work is indicated in the Drawings, Schedules, and Specification. Singular references shall not be construed as requiring only one device if multiple devices are shown on the Drawings or are required for proper system operation.

1.8 Field Measurements and Coordination:

A. The intent of the Drawings and Specifications is to obtain a complete and satisfactory installation. Separate divisional Drawings and Specifications shall not relieve the Contractor or Subcontractors from full compliance of work of his trade indicated on any of the Drawings or in any Section of the Specifications. Report conflicts prior to start of work.

B. Verify all field dimensions and locations of equipment to ensure close, neat fit with other trades' work. Make use of all Contract Documents and approved shop drawings to verify exact dimension and locations. Do not scale electrical drawings; rely on dimensions shown on architectural or structural drawings.

C. Coordinate work in this Division with all other trades in proper sequence to ensure that the total work is completed within Contract time schedule and with minimum cutting and patching.

D. Locate all equipment, materials, and apparatus symmetrical with architectural elements. Install to exact height and locations when shown on architectural drawings. When locations are shown only on mechanical drawings, be guided by architectural details and conditions existing at job and correlate this work with that of others. Provide all required work clearances as defined in the NEC.

E. Install work as required to fit structure, avoid obstructions, and retain clearance, headroom, openings and passageways. Cut no structural members without written approval from Engineer or Architect.

F. Carefully examine any existing conditions, piping, and premises. Compare Drawings with existing conditions. Report any observed discrepancies. Written instructions will be issued by the Engineer to resolve discrepancies.

G. Because of the small scale of the Drawings, it is not possible to indicate all offsets and fittings or to locate every accessory. Drawings are essentially diagrammatic. Study carefully the sizes and locations of structural members, wall and partition locations, trusses, and rooms dimensions and take actual measurements on the job. Locate material, equipment and accessories with sufficient space for installing and servicing. Contractor is responsible for accuracy of his measurements and shall not order materials or perform work without verification. No extra

compensation will be allowed because field measurements vary from the dimensions on the Drawings. If field measurements show that equipment or material cannot be fitted, the Engineer shall be consulted. Remove and relocate, without additional compensation, any item that is installed and is later found to encroach on space assigned to another use.

H. Coordinate all equipment being supplied in other divisions to ensure proper electrical connections. Obtain full manufacturer's electrical information and coordinate with electrical system specified. Make adjustments prior to submitting electrical shop drawings. Mark on shop drawings necessary modifications due to equipment being supplied. Contractor shall be responsible for replacement and upgrade of electrical equipment if at time of completion, it is apparent that electrical requirements do not meet the electrical system's supply.

I. Verify all ceiling clearances prior to ordering panelboards and switchboards. Dimensioned drawings are required for all electrical rooms showing actual plan and elevation layouts. Any equipment ordered prior to verifying that it will fit, will be returned at the contractor's expense. Coordinate panelboard and switchboard locations with structural members, beams and column foundations.

J. Coordinate location of electrical equipment with pipes and duct work being supplied by other Divisions. The equipment space included all referenced NEC clearances shall be maintained. If any pipes or duct work violate any electrical clearance requirements, it shall be removed and relocated at the contractor's expense. Drip pans are not permitted unless specifically called for in the construction documents.

K. Guarantee and Service:

1. The Contractor shall guarantee labor, materials and equipment for a period of one (1) year from Substantial Completion, or from Owner's occupancy, whichever is earlier. Contractor shall make good any defects and shall include all necessary adjustments to and replacement of defective items without expense to the Owner.
2. In addition to the manufacturer's guarantee of each item, Contractor shall provide his standard guarantee after final acceptance and make good any defects of materials or workmanship occurring during this period without expense to the Owner.
3. Owner reserves the right to make emergency repairs as required to keep equipment in operation without voiding Contractor's Guarantee Bond nor relieving Contractor of his responsibilities during guarantee period.

1.9 Shop Drawings:

A. Shop drawings, product literature, and other approved submittals will only be reviewed if they are submitted in full accordance with the General and Supplementary Conditions and Division 1 Specification sections and the following:

1. Submittals shall not include items from more than one specification in the same submittal package.
2. Submittals shall be properly identified by a cover sheet showing the project name, Architect and Engineer names, submittal control numbers, specification section, a list of

products or item names with model numbers in the order they appear in the package, and spaces for approved stamps. A sample cover sheet is included at the end of this section.

3. Submittals shall have been reviewed and approved by the General Contractor (or Prime Contractor). Evidence of this review and approval shall be an "Approved" stamp with a signature and date on the cover sheet.
4. Submittals that include a series of fixtures or devices (such as lighting fixtures) shall be organized by the fixture number and be marked accordingly. Each fixture must include all items associated with that fixture regardless of whether or not those items are used on other fixtures.
5. The electrical design shown on the drawings supports the mechanical equipment basis of design specifications at the time of design. If mechanical equipment is submitted with different electrical requirements, it is the responsibility of the mechanical contractor to resolve all required electrical design changes (wire and conduit size, type of disconnect or overload protection, point(s) of connection, etc.) and clearly show the new electrical design on the mechanical submittal with a written statement that this change will be provided at no additional cost. Mechanical submittals made with no written reference to the electrical design will be presumed to work with the electrical design. Any corrections required will be at no additional cost.

B. Before ordering any materials or equipment, and within 30 days after the award of Contract the Contractor shall submit to the Engineer one complete schedule showing the make, type, manufacturer's name and trade designation of all equipment.

1. This schedule shall be accompanied by six (6) copies of the manufacturer's printed specifications and shop drawings for each piece of equipment or specialty and shall give dimensions, diagrams, descriptive literature, capacity or rating, kind of material, finish, guarantee, etc., and such other detailed information as the Engineer may require.
2. When approved, such schedule shall be an addition to these Specifications, and shall be of equal force in that no deviation will be permitted except with the approval of the Engineer.
3. Each shop drawing shall reference the Specification section.
4. The submittal should reference any delivery/scheduling problems with the equipment being supplied.
5. The submittal shall not contain any equipment and/or systems that have not been either listed in the construction documents or provided in an addendum as “approved for bidding”. This formality may be waved by the Engineer, if in his opinion, it is to the Owner’s benefit.

C. If shop drawings show variation from the requirements of the Contract Documents, the Contractor shall make specific mention of such variation in his letter of transmittal. If acceptable, Contractor will not be relieved of the responsibility for executing the work in accordance with the Contract.

D. Review of shop drawings, descriptive literature, catalog data, or schedules by the Engineer shall not relieve the Contractor from responsibility for deviations from Contract Drawings or Specifications, unless he has in writing called to the attention of the Engineer such deviation at the time of submission, nor shall it relieve him from responsibility for errors of any sort in shop

drawings, descriptive literature, catalog data, or schedules. Any feature or function specified but not mentioned in the submittal shall be assumed to be included per the specification.

E. Submit shop drawings and any other drawings specifically called for in other sections. Shop drawings shall consist of plans, sections, elevations and details to scale (not smaller than 1/4" per foot), with dimensions clearly showing the installation. Direct copies of small-scale project drawings issued to the Contractor are not acceptable. Drawings shall take into account equipment furnished under other Sections and shall show space allotted for it. Include construction details and materials.

F. Submit product data after award of the Contract and before any equipment or materials are purchased. Product data are defined as manufacturer's printed literature specifically marked to indicate size and model and accompanied by rating sheets listing values showing that equipment meets scheduled or specified values. Properly coded stamp from the Engineer on returned submittal is required before ordering equipment.

G. Coordinate with other division's supplying equipment prior to submitting shop drawings.

H. Shop drawings shall be submitted in one package unless approved otherwise by the Engineer. Provide an index of sections list manufacturers and "as-specified" or not. Each Specification Section shall be tabbed with equipment inserted.

I. Electrical Room Drawings: A detailed, 1/4"=1'-0" scaled plan view drawing shall be submitted for each electrical room to ensure that the equipment being supplied will fit properly. Include on the drawings and obstruction from building structural or mechanical. Review all duct work and piping shop drawings to ensure proper clearance. Specific grounding requirements shall be noted on the drawings. This includes additional driven grounds and bonding to building steel, water piping, and foundation rebar. This drawing shall make specific mention of any NEC violation. Conduit and/or equipment placement shall take into account any structural or foundation interference. All equipment within the electrical room shall be labeled and actual dimensions shown. The drawings shall be submitted with the shop drawings and manufacturer's product sheets. Failure to supply scaled drawings shall be the basis of rejecting the entire submittal package.

1.10 Test Reports and Verification Submittals: Submit test reports, certifications and verification letters as called for in other sections. Contractor shall coordinate the required testing and documentation of system performance such that sufficient time exists to prepare the reports, review the reports, and take corrective action within the scheduled contract time.

1.11 O & M Data Submittals: Submit Operations and Maintenance data as called for in other sections when a copy of approved submittals is included in the O & M Manual, only the final "Furnish and Submitted" or "Furnish as Corrected" copy shall be used. Contractor shall organize these later in the O & M Manuals tabbed by specification number. Prepare O & M Manuals as required by Division 1 and as described herein.[Submit O & M manuals on CD-Rom in addition to required hard bound copies.] Submit manuals at the substantial completion inspection

PART 2 - PRODUCTS

2.1 All materials shall be new and unused, Owner-supplied, or reused as shown on the Drawings, the best of their respective kinds, suitable for the conditions and duties imposed on them. The description, characteristics, and requirements of materials to be used shall be in accordance with qualifying conditions established in the following Sections.

2.2 Equipment and Materials

A. Equipment and materials furnished under this Division shall be the product of a manufacturer regularly engaged in the manufacture of such items for a period of three years. Where practical, all of the components shall be products of a single manufacturer in order to provide proper coordination and responsibility. Where required, Contractor shall furnish proof of installation of similar equipment or materials.

B. Each item of equipment shall bear a nameplate showing the manufacturer's name, trade name, model number, serial number, ratings and other information necessary to fully identify it. This plate shall be permanently mounted in a prominent location and shall not be concealed, insulated or painted.

C. The label of the approving agency, such as UL or NEMA, by which a standard has been established for the particular item shall be in full view. Materials shall be UL-listed for the application specified or indicated on the Drawings or Specifications.

D. The equipment shall be essentially the standard product of a manufacturer regularly engaged in the production of such equipment and shall be a product of the manufacturer's latest design.

E. A service organization with personnel and spare parts shall be available within two hours for each type of equipment furnished.

F. Install in accordance with manufacturer's recommendations. Place in service by a factory trained representative where required.

G. Materials and equipment are specified herein by a single or by multiple manufacturers to indicate quality, material and type of construction desired. Manufacturer's products shown on the Drawings have been used as basis for design; it shall be the Contractor's responsibility to ascertain that alternate manufacturer's products meet detailed specifications and that size and arrangement of equipment are suitable for installation.

H. Model Numbers: Catalog numbers and model numbers indicated in the Drawings and Specifications are used as a guide in the selection of the equipment and are only listed for the Contractor’s convenience. The Contractor shall determine the actual model numbers for ordering equipment and materials in accordance with the written description of each item and with the intent of the Drawings and Specifications.

2.3 Requests for Substitution:

A. Where a particular system, product or material is specified by name, consider it as standard basis for bidding, and base proposal on the particular system, product or material specified. Other systems, products, equipment or materials may be accepted only if in the opinion of the Engineer, they are equivalent in quality and workmanship and will perform satisfactorily its intended purpose. The Engineer shall approve all such substitutions in materials or equipment in writing. This shall occur prior to bidding.

B. In making requests for substitutions, the Contractor shall list the particular system, product, equipment or material he wishes to substitute and at bid time the Contractor shall state the amount he will add or deduct from his base bid if the substitution is approved by the Engineer. If the Contractor allows no deduction or addition to the base bid for such substitution, it shall be so stated on the request.

C. Requests by Contractor for substitution will be considered only when reasonable, timely, fully documented, and qualifying under one or more of the following circumstances.

1. Required product cannot be supplied in time for compliance with Contract time requirements.
2. Required product is not acceptable to governing authority, or determined to be non-compatible, or cannot be properly coordinated, warranted or insured, or has other recognized disability as certified by Contractor.
3. Substantial cost advantage is offered Owner after deducting offsetting disadvantages including delays, additional compensation for redesign, investigation, evaluation and other necessary services and similar considerations.

D. All requests for substitution shall contain a "Comparison Schedule" and clearly and specifically indicate any and all differences or omissions between the product specified as the basis of design and the product proposed for substitution. Differences shall include but shall not be limited to data as follows for both the specified and substituted products:

1. Principle of operation.
2. Materials of construction or finishes.
3. Thickness of materials.
4. Weight of item.
5. Deleted features or items.
6. Added features or items.
7. Changes in other work caused by the substitution.
8. Performance and rating data.

If the approved substitution contains differences or omissions not specifically called to the attention of the Engineer, the Owner reserves the right to require equal or similar features to be added to the substituted products at the Contractor's expense.

2.4 Prior Approval: Prior Approval shall be required for any manufacturer other than those listed for all specified items in the Drawings and Specifications. Submit all requests for approval of the alternate manufacturer's products two weeks prior to bid opening. Approval will be in the form of an Addendum to the Specifications and Drawings. Clearly indicate all differences between the specified and proposed product following the guidelines for substitution herein. This requirement may be waived if, in the opinion of the Engineer, it is in the best interest of the Owner. Submittals received after the award of the bid for equipment that has not been Prior Approved is subject to immediate rejection. *Any Engineering time required due to equipment that has not been Prior Approved is subject to billing charged directly to the contractor at the Engineer's current billing rate.*

PART 3 - EXECUTION

3.1 Workmanship: All materials, fixtures, and equipment shall be installed and completed in a first-class workmanlike manner and in accordance with the best modern methods and practice. Any materials installed which do not present an orderly and reasonably neat and/or workmanlike appearance, or do not allow adequate space for maintenance, shall be removed and replaced when so directed by the Engineer.

3.2 Coordination

A. The Contractor shall be responsible for full coordination of the electrical systems with shop drawings of the building construction so the proper openings and sleeves or supports etc., are provided for conduit, devices, or other equipment passing through slabs or walls.

B. Any additional steel supports required for the installation of any electrical equipment, etc., shall provided by the Contractor.

C. It shall be the Contractor's responsibility to see that all equipment that may require maintenance and operation are made easily accessible, regardless of the diagrammatic location shown on the Drawings.

D. All connections to fixtures and equipment shown on the Drawings shall be considered diagrammatic unless otherwise indicated by a specific detail on the Drawings. The actual connections shall be made to fully suit the requirements of each case and adequately provide for servicing.

E. The Contractor shall protect equipment and fixtures at all times during storage and construction. He shall replace all equipment and fixtures, which are damaged as a result of inadequate protection. Any electrical equipment with electronic components shall be stored off-site in a climate controlled facility until the building conditions are suitable for installation. Any equipment damaged or compromised by unprotected climate control, in the opinion of the Engineer, shall be replaced at contractor's cost with factory new equipment.

F. Prior to starting and during progress of work, examine work and materials installed by others as they apply to work in this division. Report conditions, which will prevent satisfactory installation.

G. Start of work will be construed as acceptance of suitability of work of others.

H. The Contractor shall review all equipment being supplied by other divisions prior to ordering electrical equipment. Any conflicts between equipment being supplied and the electronic requirements on the drawings shall be corrected and incorporated into the electrical submittals prior to ordering equipment. Installation of the electrical system is the contractor's acceptance of equipment requirements. Any conflict with equipment's electrical requirements after electrical system has been installed shall be the responsibility of the contractor to make corrective action. Any corrective action shall be at the contractor's expense.

3.3 Utilities Coordination: The Contractor shall meet with respective personnel of the telephone, cable TV and electric utilities and review all details of the service and distribution. All details shown on contract documents shall be verified for adequacy and accuracy. The Contractor shall incorporate any required revisions without additional cost to the Owner.

3.4 Construction Electrical Utilities: Provide all temporary wiring for power and light required for construction purposes and remove such temporary wiring when use is no longer required. The contractor shall be responsible to provide all cabinets, meter enclosures and conduit required by the local utility for the permanent electrical service.

3.5 Interruption of Service: Before any equipment is shut down for disconnecting or tie-ins, arrangements shall be made with the Engineer and this work shall be done at the time best suited to the Owner. Outages must be scheduled through the Engineer. The Engineer shall review extent, length, and timing of outages. Services shall be restored the same day. Provide temporary power or other services as required during outages. All overtime or premium costs associated with this work shall be invoiced in the base bid.

3.6 Cutting and Patching: Contractor shall be responsible for cutting and patching of all holes, chases, sleeves, and other openings required for installation of equipment furnished and installed under these Specifications. Obtain permission from Engineer before cutting any structural items.

3.7 Equipment Setting: Bolt equipment directly to concrete pads or foundations, using hot-dipped galvanized anchor bolts, nuts and washers. Level equipment. All floor mounted equipment shall be provided with a housekeeping pad at least 4" in depth.

3.8 Painting: Touch-up factory finishes on equipment located inside and outside shall be done under Division 26. Obtain matched color coatings from the manufacturer and apply as directed by manufacturer. If corrosion is found during inspection on the surface of any equipment, clean,

prime, and paint, as required. If corrosion is found to be extensive by the Engineer, the equipment shall be removed and replaced with factory new at the expense of the contractor.

3.9 Clean-up: Thoroughly clean all exposed parts of apparatus and equipment of cement, plaster, and other materials and remove all oil and grease spots. Repaint or touch up as required to look like new. During progress of work, Contractor is to carefully clean and leave premises free from debris and in a safe condition.

3.10 Start-up and Operational Test: Start each item of equipment in strict accordance with the manufacturer's instructions; or where noted under equipment specification, a qualified representative of the manufacturer shall do start-up. Alignment, lubrication, safety, and operating control shall be included in start-up check.

3.11 Record Drawings:

A. During the progress of the work the Contractor shall record on their field set of Drawings the corrections, variations, and deviations for systems which are not installed exactly as shown on the Contract Drawings.

B. Upon completion of the work, record drawings shall be prepared as described in the General Conditions, Supplementary Conditions, and Division 1 Sections.

3.12 Certificate of Occupancy:

Following items are required for issue of Certificate of Occupancy. These shall be provided at or before of Substantial Completion Inspection:

A. Provide certification that asbestos containing products were not used in the project.

B. Fire Alarm Certification. In addition, the documentation shall contain witnessed accounts of the shut-down of electrical and mechanical equipment and the operation of fire doors as required by Code and the Construction Documents.

C. Provide certification that the Intercommunications System is fully operational (If applicable).

D. Provide certification that all emergency lights and exit signs are operational.

E. Provide certification that all selective protective devices have been set according to the coordination study/recommendations including all ground fault selections.

3.13 Acceptance

A. Request inspections as required under the Supplementary or General Conditions. Conceal no work until inspected.

B. Punch List: Submit written confirmation that all punch lists have been checked and the required work completed. The contractor at the Engineer's current billing rate shall pay for additional field time required by the Engineer to report or check on past punch list deficiencies.

C. Instructions: At completion of the work, provide a competent and experienced person who is thoroughly familiar with the project, for a period deemed necessary by the Owner to instruct permanent operating personnel in the operation of equipment and control systems.

D. Operation and Maintenance Manuals: Furnish four complete manuals bound in ring binders and organized by system or section. Manuals shall contain:

1. Detailed operating instructions and instructions for making minor adjustments.
2. Complete wiring and control diagrams.
3. Routine maintenance operations.
4. Manufacturer's catalog data, service instructions, and parts list for each piece of operating equipment.
5. Copies of approved submittals.
6. Copies of all manufacturers' warranties.
7. Copies of test reports and verification submittals.

E. Control Diagrams: Frame under glass and mount on equipment room wall. Include copy in O and M Manuals.

F. Test together and separately to determine that:

1. System is free from short circuits and other faults.
2. Motor starter overload devices are sized correctly.
3. Motors rotate correctly.
4. All equipment operates correctly and as specified.

G. Warranties: Submit copies of all manufacturers' warranties.

H. Record Drawings: Submit "Record Drawings".

I. Install engraved metal or plastic nameplates or tags on controls, panels, switches, starters, timers, and similar operable equipment, keyed by number to operating instructions. Dymo type labels are not acceptable.

J. Acceptance will be on the basis of tests and inspections of the work. A representative of the firm, which performed the testing, shall be in attendance to assist during inspection. Contractor shall furnish necessary electricians to operate system, make any necessary adjustments and assist with final inspection.

This is a sample cover sheet. Use one for each shop drawing.

SECTION 260010 - CODES AND STANDARDS

PART 1 - GENERAL

1.1 All work under Division 26 shall be constructed in accordance with the codes and standards listed herein. The design has been based on the requirements of these codes and standards. While it is not the responsibility of the Contractor to verify that all work called for complies with these codes and standards, he shall be responsible for calling to the Engineer's attention any details on the Drawings and/or Specifications that are not in conformance with these or other codes and standards. Current issue of code applies unless specifically noted otherwise.

1.2 Comply with regulations and codes of suppliers of utilities.

1.3 Where no specific method or form of construction is called for in the Contract Documents, the Contractor shall comply with code requirements when carrying out such work.

1.4 Where code conflict exists, generally the most stringent requirement applies.

1.5 Codes or standards applying to a specific part of the work may be included in that section.

PART 2 - CODES AND STANDARDS

2.1 Codes:

A. Florida Building Code – Building – 2017

B. National Electric Code (NFPA-70) – 2014

C. National Fire Alarm Code (NFPA-72) – 2013

D. Uniform Fire Code (NFPA 1) – 2015 Florida Edition

E. National Electric Safety Code (NESC)

F. Life Safety Code (NFPA 101) – 2012 Florida Edition with 2014 Amendments.

2.2 Standards:

A. All electrical materials, installation and systems shall meet the requirements of the following standards, including the latest addenda and amendments:

1. American National Standard Institutes (ANSI)
2. Institute of Electrical and Electronics Engineers (IEEE).
3. National Electrical Manufacturer's Associations (NEMA).
4. National Fire Protection Association (NFPA).
5. Occupational Safety and Health Act (OSHA).
6. Underwriter's Laboratories, Inc. (UL).
7. TIA/EIA-568-A-5 Additional Transmission Performance Specifications for 4-Pair 100 Ohm Enhanced Category 5 Cabling
8. ANSI/TIA/EIA-568-B Commercial Building Telecommunications Cabling Standard
9. ANSI/EIA/TIA-569-A Commercial Building Standard for Telecommunications Pathways and Spaces
10. ANSI/EIA/TIA-606-A Administration Standard for the Telecommunications Infrastructure of Commercial Buildings – May, 2002
11. ANSI/J-STD-607 Commercial Building Grounding and Bonding Requirements for Telecommunications
12. BICSI - Telecommunications Distribution Methods Manual (TDMM) – 13th Edition
13. SCTE - Society of Cable Television Engineers

PART 3 - EXECUTION

3.1 Not used.

END OF SECTION

SECTION 260020 - WORK REQUIRED FOR EQUIPMENT FURNISHED BY OTHER DIVISIONS

PART 1 - GENERAL

1.1 Related Documents

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

B. Division-26 Basic Electrical Materials and Methods Sections apply to work of this Section.

C. Review all project drawings to be aware of conditions affecting work herein.

PART 2 - PRODUCTS

2.1 Materials for this section are specified in the Section "Basic Materials and Methods."

PART 3 - EXECUTION

3.1 Make connections for the electrical power to equipment furnished and installed in other Divisions.

3.2 Provide raceway boxes, fittings, devices and conductors for the electrical power to equipment furnished and installed in the other Divisions.

3.3 Coordinate wiring and conduit requirements with equipment being furnished prior to rough-in.

3.4 Verify voltage, phase, and current requirements for all equipment being supplied by other divisions. Any modifications shall be incorporated into the electrical submittals with references to any modification and reason. The electrical system is designed around the specified equipment. Any change in the equipment shall be coordinated so that proper electrical protection is obtained. In addition, if the supplied equipment has higher minimum circuit ampacity that the equipment specified, the contractor shall call the modification to the Engineer’s attention and make necessary conduit, wire, circuit breaker and equipment changes to accommodate the higher ampacity requirements.

3.5 Any change from the specified equipment requirements shall be the responsibility of the contractor.

3.6 The electrical contractor shall meet with the Division 23 contractor and fully coordinate locations of mechanical equipment, duct work and piping to ensure that proper working

clearance as required in the NEC is obtained. Any conflict shall be reported to the Engineer in writing prior to the installation of any of the equipment. Refer to additional requirements for planning drawings.

3.7 Coordinate exact locations and electrical rough-in requirements with other Divisions prior to installation to ensure proper clearances and code requirements are met.

END OF SECTION

SECTION 260500 - ELECTRICAL RELATED WORK

PART 1 - GENERAL

1.1 All Division 1 Sections apply to all Division 26 Sections.

1.2 Coordinate for all cutting and patching. Contractor shall review all cutting and patching required prior to bidding and shall coordinate installation.

PART 2 - DIVISION 27 - TELECOMMUNICATIONS

2.1 See “Contractor Coordination and Responsibilities Note” on the Drawings.

END OF SECTION

SECTION 260512 - ALTERATIONS AND ADDITIONS TO EXISTING WORK

PART 1 - GENERAL

1.1 The provisions of this Section are in addition to the provisions of Division 1, Building Modifications.

1.2 Building will be occupied by owner during construction.

PART 2 - PERFORMANCE

2.1 General:

A. All necessary additions and alterations to existing work shall be included as required to provide and maintain a complete and proper electrical installation. As necessary, relocate existing electrical work so other trades can pursue their work and maintain building in service, when occupied.

B. The work shall include, but not be limited to, the following:

1. Relocation of fixtures, pull-boxes, electrical ducts, and other similar items, to permit the installation of new equipment.

2. Installation of new conduits, conductors, wiring, and wiring devices, in order to maintain temporary and permanent use of electrical facilities.
3. Disconnection and reconnection of circuits as required for continued operation of services.
4. Provision for the relocation of all mechanical work as required for proper installation of electrical work where not shown or specified in other sections or on other drawings.
5. Repair or replace, as required, any damage due to the installation of the new electrical system in existing areas.

C. Unused, existing, surface mounted work shall be removed and concealed. Outlets shall be blanked off.

D. Existing work to be maintained shall be reconnected and shall have all outlets, boxes and devices accessible after completion of work by other trades.

E. Within NEC limitations, existing conduits may be reused after cleaning.

F. All new work in existing areas shall be exposed on walls in unfinished areas and concealed in finishes in finished areas. Where cutting and patching are required, finishes shall match existing surface finishes. In existing finished areas, all work shall be concealed in new finishes.

G. Consolidate existing and new building ground systems.

H. In general, all new work is intended to be concealed in finishes to be added under this project.

2.2 Existing Building Power Outages:

A. All necessary power outages in existing and in renovated areas shall be at a time approved by Owner in writing and of shortest possible duration. Coordinate details with Engineer, who will assist in determining Owner's requirements, prior to work.

B. Where portions of buildings are altered, and remainder of building continues in operation, temporary wiring shall be provided to maintain all necessary building functions. Provide all equipment, material, labor for a continuous functional system.

2.3 Temporary Wiring for Remodeled Areas:

A. Progress of the work will require temporary wiring installations to utilize a portion of the remodeled area. Wiring may not be the final, permanent installation, and shall be included, as necessary to supply required electrical function.

2.4 Planning for Sequence of the Work:

A. Electrical feeders, branch wiring, signal wiring, and other similar work as shown and specified shall be scheduled to correspond with the sequence of work necessary to demolish, remove and construct new work.

B. Close coordination in scheduling is required between the Owner, Contractor, and other trades to assure a smooth work flow with minimum interference and interruption to building power and communication systems.

2.5 Openings in Existing Work:

A. Provide cutting and patching of existing work as required. Verify exact locations and materials before performing work. Cutting of structural members and bearing walls shall not be done without written approval of the Engineer. Provide access covers were required to meet code requirements.

2.6 Verification of Existing Work:

A. Where shown on the Drawings, work which is "existing" is assumed to be in place and suitable for the necessary alterations and additions required. Contractor shall carefully field check these items and include alterations as may be necessary for proper installation and guarantee.

2.7 Removal and Ownership of Existing Work:

A. Unless noted otherwise, existing electrical work shall be removed. Parts of existing electrical systems that are required to maintain service after the alteration shall remain in service. Unless

otherwise specified, all equipment and materials shall remain the property of the Owner except as that judged obsolete or unusable. The Engineer shall provide all final decisions about obsolete or unusable equipment.

B. Property of Owner shall be delivered to a location where directed by the Owner and all other items shall be promptly removed from the job site. The equipment shall be protected during demolition.

2.8 Cutting of Concrete Materials:

A. Holes for materials and supports shall be made with uniform speed rotation drilling equipment which does not provide effects associated with impact type equipment.

B. The use of impact drills, air drills, and the like is not acceptable for this project.

2.9 Maintenance of Existing Lighting Systems and Electric Outlets:

A. Where new lighting layouts are not shown on the Drawings, the existing lighting fixtures and wiring controls shall be reused. If necessary, these items shall be temporarily removed (as light fixtures), if necessary, and shall be reinstalled where removed. New wiring from existing sources shall be provided where remodeling operations require. These items are not shown on the Drawings and shall be site determined by the Contractor.

B. Where existing electrical outlets are located in areas of remodeling, these shall be maintained in service. This work is not shown on the Drawings and shall be site determined by the Contractor.

2.10 Concealed Work: Where required, provide accessed doors to make electrical devices accessible as required by the NEC. If impractical to install access doors, relocate existing electrical work so that access is not required. This shall include, but not limited to, adding additional conduit, pulling new wire, and adding junction boxes.

PART 3 - EXECUTION

3.1 Not used.

END OF SECTION

SECTION 260526 - GROUNDING AND BONDING

PART 1 - GENERAL

1.1 Related Documents

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

1.2 Summary

A. This Section includes grounding of electrical systems and equipment. Grounding requirements specified in this Section may be supplemented by special requirements of systems described in other Sections.

1.3 Submittals

A. Product Data: For each type of product indicated.

B. Field Test Reports: Submit written test reports to include the following:

1. Test procedures used.
2. Test results that comply with requirements.
3. Results of failed tests and corrective action taken to achieve test results that comply with requirements.

C. Test Reports and Verification Submittals:

1. Provide ground system drawings per section 3 of this specification.
2. Perform the following field tests and inspections and prepare test reports.

    a. Ground Resistance Test: See Part 3 of this specification.

1.4 Quality Assurance

A. Electrical Components, Devices, and Accessories: Listed and labeled as defined in NFPA 70, Article 100, by a testing agency acceptable to authorities having jurisdiction, and marked for intended use.

1. Comply with UL 467.

B. Comply with NFPA 70; for overhead-line construction and medium-voltage underground construction, comply with IEEE C2.

C. Comply with NFPA 780 and UL 96 when interconnecting with lightning protection system.

PART 2 - PRODUCTS

2.1 Manufacturers

A. Manufacturers: Subject to compliance with requirements.

2.2 Grounding Conductors

A. For insulated conductors, comply with Division 26 Section "Conductors and Cables."

B. Material: Copper.

C. Equipment Grounding Conductors: Insulated with green-colored insulation.

2.3 Connector Products

A. Comply with IEEE 837 and UL 467; listed for use for specific types, sizes, and combinations of conductors and connected items.

B. Bolted Connectors: Copper or Bronze bolted-pressure-type connectors, or compression type. Do not use below grade.

PART 3 - EXECUTION

3.1 Application

A. Equipment Grounding Conductor Terminations: Use bolted pressure clamps.

3.2 Equipment Grounding Conductors

A. Signal and Communication Systems: For telephone, alarm, voice and data, and other communication systems, provide No. 6AWG minimum insulated grounding conductor in raceway from grounding electrode system to each service location, terminal cabinet, wiring closet, and central equipment location.

1. Service and Central Equipment Locations and Wiring Closets: Terminate grounding conductor on a 1/4-by-4by-12-inch grounding bus.
2. Terminal Cabinets: Terminate grounding conductor on cabinet grounding terminal.

3.3 Installation

A. Grounding Conductors: Route along shortest and straightest paths possible, unless otherwise indicated. Avoid obstructing access or placing conductors where they may be subjected to strain, impact, or damage.

B. Bonding Straps and Jumpers: Install so vibration by equipment mounted on vibration isolation hangers and supports is not transmitted to rigidly mounted equipment. Use exothermic-welded connectors for outdoor locations, unless a disconnect-type connection is required; then, use a bolted clamp. Bond straps directly to the basic structure taking care not to penetrate any adjacent parts. Install straps only in locations accessible for maintenance.

3.4 Connections

A. General: Make connections so galvanic action or electrolysis possibility is minimized. Select connectors, connection hardware, conductors, and connection methods so metals in direct contact will be galvanically compatible.

1. Use electroplated or hot-tin-coated materials to ensure high conductivity and to make contact points closer to order of galvanic series.
2. Make connections with clean, bare metal at points of contact.
3. Coat and seal connections having dissimilar metals with inert material to prevent future penetration of moisture to contact surfaces.

B. Equipment Grounding Conductor Terminations: For No. 8 AWG and larger, use pressure-type grounding lugs. No. 10 AWG and smaller grounding conductors may be terminated with winged pressure-type connectors.

C. Noncontact Metal Raceway Terminations: If metallic raceways terminate at metal housings without mechanical and electrical connection to housing, terminate each conduit with a grounding bushing. Connect grounding bushings with a bare grounding conductor to grounding bus or terminal in housing. Bond electrically noncontinuous conduits at entrances and exits with grounding bushings and bare grounding conductors, unless otherwise indicated.

D. Tighten screws and bolts for grounding and bonding connectors and terminals according to manufacturer's published torque-tightening values. If manufacturer's torque values are not indicated, use those specified in UL 486A.

3.5 Field Quality Control

A. Testing: Perform the following field quality-control testing:

1. After installing grounding system but before permanent electrical circuitry has been energized, test for compliance with requirements.

2. Ground Resistance Test

a. Test completed grounding system at each ground bar in each telecommunications room. Measure ground resistance not less than two full days after the last trace of precipitation, and without the soil being moistened by any means other than natural drainage or seepage and without chemical treatment or other artificial means of reducing natural ground resistance. Perform tests, by the fall-of-potential method according to IEEE 81.

b. Provide drawings locating each ground rod bar, identify each by letter in alphabetical order, and key to the record of tests and observations. Include the number of rods driven and their depth at each location and include observations of weather and other phenomena that may affect test results. Describe measures taken to improve test results.

    1) Communications System: 5ohms.

c. Excessive Ground Resistance: If resistance to ground exceeds specified values, notify Engineer promptly and include recommendations to reduce ground resistance.

END OF SECTION

SECTION 260530 - BASIC ELECTRICAL MATERIALS AND METHODS

PART 1 - GENERAL

1.1 Related Documents

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

B. This Section is a Division-26 Basic Materials and Methods Section, and is part of each Division-26 Section making reference to or requiring products specified herein.

C. The requirements of these specifications also apply to Divisions 23, 27, and 28 unless clearly indicated within those Divisions.

1.2 Summary

A. This Section includes the following:

1. Raceways.
2. Building wire and connectors.
3. Supporting devices for electrical components.
4. Cutting and patching for electrical construction.
5. Touchup painting.

1.3 Definitions

A. EMT: Electrical metallic tubing.

B. FMC: Flexible metal conduit.

C. IMC: Intermediate metal conduit.

D. RGS: Rigid galvanized steel conduit.

E. LFMC: Liquidtight flexible metal conduit.

F. RNC: Rigid nonmetallic conduit.

1.4 Submittals

A. Product Data: Submit the producer's standard descriptive data sheets for each type of product being provided. Mark the data sheet for the product being provided with an identifying mark or arrow. The following shall be submitted:

1. All Conduit.
2. All conduit fittings.
3. Fire stopping compound (if required by project requirements).
4. Any other special items being supplied on the project.
5. Cable tray, fittings and shop drawings.

1.5 Quality Assurance

A. Electrical Components, Devices, and Accessories: Listed and labeled as defined in NFPA 70, Article 100, by a testing agency acceptable to authorities having jurisdiction, and marked for intended use.

B. Comply with NFPA 70.

C. All materials and equipment specified herein shall be UL listed or approved according to the requirements of applicable NEC articles.

1.6 Coordination

A. Coordinate chases, slots, inserts, sleeves, and openings with general construction work and arrange in building structure during progress of construction to facilitate the electrical installations that follow.

1. Set inserts and sleeves in poured-in-place concrete, masonry work, and other structural components as they are constructed.

B. Sequence, coordinate, and integrate installing electrical materials and equipment for efficient flow of the Work. Coordinate installing large equipment requiring positioning before closing in the building.

C. Coordinate electrical service connections to components furnished by utility companies.

1. Coordinate installation and connection of exterior underground and overhead utilities and services, including provision for electricity-metering components.
2. Comply with requirements of authorities having jurisdiction and of utility company providing electrical power and other services.

D. Coordinate location of access panels and doors for electrical items that are concealed by finished surfaces.

E. Coordinate equipment clearance and working space with other equipment, pipes, duct work and obstructions prior to rough in. If clearances are compromised during construction, the contractor shall be required to relocate/modify as required to meet clearance requirements.

1.7 Other Divisions

A. The requirements of these specifications also apply to Divisions 27 unless clearly indicated on the Drawings.

PART 2 - PRODUCTS

2.1 Manufacturers

A. Manufacturers: Subject to compliance with requirements, provide products by the following:

1. Allied Tube and Conduit;
2. Appleton Electric;
3. Belden Corporation;
4. W.H. Brady Co.;
5. Carlon;
6. Challenger,
7. Crouse-Hinds Co.;
8. ETP;
9. Elcen Metal Products Co.;
10. General Cable Co.;
11. General Electric Co.;
12. Hoffman Engineering Co.;
13. E-Box, Inc;
14. Harvey Hubbell, Inc.;
15. Midland-Ross Corporation;
16. Okonite Co.;
17. 0-Z/Gedney;
18. Raco, Inc.;
19. Republic Steel Corporation;
20. 3M; Southwire;
21. Seton Nameplate;
22. Square D Co.;
23. Thomas and Betts;
24. Triangle PWC, Inc.;
25. Walker Parkersburg Textron;
26. Wiremold Co.
27. Westinghouse.Engine Div.

2.2 Raceways

A. Electrical Metallic Tubing (EMT) Federal Specification WWC-563 and ANSI C80.3: ANSI C80.3, galvanized steel, protected inside and out. Maximum size of EMT shall be 4". Minimum size shall be 1/2" unless noted otherwise on the Drawings. EMT shall only be used with cables rated 600 volts or less and in indoor locations not subject to physical abuse.

B. Intermediate Metal Conduit (IMC) Federal Specification WWC-581: ANSI C80.6, galvanized steel, protected inside and out.

C. Rigid Galvanized Steel Conduit (RGS) NEC Article 346: galvanized steel, protected inside and out.

D. Raceway Fittings: Specifically designed for the raceway type with which used.

1. Electrical Metallic Tubing (EMT): Federal Specification W-F-408, except only material of steel is acceptable. Couplings and connectors shall be concrete and rain tight, with connectors having insulated throats. Use gland and ring compression type couplings and connectors for conduit sizes 2” (50mm) and smaller. Use set screw type couplings with four set screws each for conduit sizes over 2” (50mm). Use set screws of case-hardened steel with hex head and cup point to firmly seat in wall of conduit for positive grounding. Set screw fittings shall be provided with double set screws for each conduit termination (4 set screws total). Indent type connectors or couplings are prohibited. Die-cast or pressure-cast zinc-alloy fittings or fittings made of “pot metal” are prohibited.
2. Intermediate Metal Conduit shall have threaded galvanized steel fittings; threadless, compression, galvanized steel fittings or threadless, compression, cadmium plated malleable iron fittings. Fittings shall be rain tight/concrete tight.
3. Rigid Galvanized Steel Conduit shall have threaded fittings, galvanized steel or threadless compression galvanized steel or threadless compression cadmium plated malleable iron. Fittings shall be rain tight/concrete tight.
4. Wireway fittings shall be steel with rust resistant undercoat and finish coat to match the wireway. The fittings shall be so designed that the sections can be electrically and mechanically fitted together to form a complete system. Dead ends shall be closed.
5. Couplings and Unions shall be galvanized steel, tapered thread standard conduit couplings for intermediate metal conduit and rigid metal conduit. Split couplings shall be galvanized steel. Unions shall be ground joint type galvanized steel.
6. Conduit seals shall be galvanized steel, tapered threads for IMC and RMC with sealing compound and fiber.

E. Bushings: Shall be provided at the end of all conduits prior to pulling cables to protect the insulation of the conductor. Provide grounding bushings for metal raceways, boxes, and cabinets to insure that all metallic surfaces are effectively grounded. Metallic raceway may be bonded to cabinets, boxes and panelboards by double locknut and bushing to ensure the metallic parts are all effectively grounded. Bushings shall be one of the following types:

1. Zinc plated steel, threaded or threadless
2. Zinc plated steel of threaded or threadless, phenolic insulated with temperature rating of 150 degree C
3. Cadmium plated malleable iron, threaded or threadless

4. Cadmium plated malleable iron, threaded or threadless, phenolic insulated, with temperature rating of 150 degree C
5. Phenolic with temperature rating of 150 degree C
6. Zinc plated steel, or cadmium plated malleable iron; threaded or threadless; non-insulated or insulated with grounding connector or grounding lug.
7. Insulated bushings shall have phenolic insulation molded to the bushing (NEC Article 362).

2.3 Boxes, Enclosures, And Cabinets

A. Sheet Metal Outlet and Device Boxes: Galvanized, NEMA OS 1. Boxes shall be 4"x 4" x 1-1/2" deep or larger(4” x 4” x 2 1/8” deep or larger for telecommunications and CATV). Use only in flush interior applications or non-finished surface mounted interior applications.

B. Cast-Metal Outlet and Device Boxes: NEMA FB 1, Type FD, with gasketed cover. Use in exterior applications and interior finished surface mounted applications.

C. Hinged-Cover Enclosures: NEMA 250, Type 1, with continuous hinge cover and flush latch.

1. Metal Enclosures: Galvanized steel, finished inside and out with manufacturer's standard enamel.

D. Fabricated Boxes shall be steel with inside and outside surfaces coated with corrosion-resistant paint or weather resistant coating. Covers shall be hinged or screwed with or without gaskets depending on location. All exterior boxes shall be rated NEMA 3R. Boxes shall be sized to meet the NEC Article 370-6 fill requirements.

2.4 Conductors

A. Conductors, No. 10 AWG and Smaller: 98% conductivity solid or stranded copper.

B. Conductors, No 8 AWG and Larger: 98% conductivity stranded copper.

C. Insulation: THW, THWN or XHHW unless noted otherwise on the Drawings.

D. Low Voltage Cables: Provide plenum rated where required.

E. Wire Connectors and Splices: Connectors for 600-volt conductors Size No. 18 to No. 6 AWG shall be pressure type, spring connectors. Use 600 volt splicer-reducer pressure connectors for copper conductors to 500 KCMIL. Use rectangular, solderless pressure connectors or split bolt-copper alloy connectors for copper conductors to 1000 KCMIL.

F. Wire Pulling Lubricant shall be a product produced specifically for wire pulling lubrication.

2.5 Supporting Devices

A. Material: Cold-formed steel, with corrosion-resistant coating acceptable to authorities having jurisdiction.

B. Slotted-steel channel supports for multiple conduit (trapeze) hangers: Not less than 1-1/2"x1-1/2" (38 mm x 38mm), 12 gage steel, cold formed, lipped channels; with not less than 3/8" (9 mm) diameter steel hanger rods.

1. Channel Thickness: Adjust to suit structural loading of conduit and cables.
2. Fittings and Accessories: Products of the same manufacturer as channel supports.

C. Raceway and Cable Supports: Manufactured clevis hangers, riser clamps, straps, threaded C-clamps with retainers, ceiling trapeze hangers, wall brackets, and spring-steel clamps or click-type hangers.

D. Conduit Straps: All conduit shall be secured with two hole galvanized straps where the following conditions exist:

1. All exterior locations.
2. All interior locations other than mechanical and electrical rooms where the conduit is below 10'. Conduit concealed in wall finishes and ceilings may use single hole strap if allowed by NEC.
3. All other locations not listed above and approved by the NEC may use single hole galvanized straps.
4. Single hole or double hole straps may not be used on direct grade. All conduits on grade shall be mounted to galvanized strut and properly attached and anchored.

E. Pipe Sleeves: ASTM A 53, Type E, Grade A, Schedule 40, galvanized steel, plain ends.

F. Expansion Anchors: Carbon-steel wedge or sleeve type.

G. Toggle Bolts: All-steel springhead type.

2.6 Touchup Paint

A. For Equipment: Equipment manufacturer's paint selected to match installed equipment finish.

B. Galvanized Surfaces: Zinc-rich paint recommended by item manufacturer.

2.7 Sleeves: Sleeves shall be galvanized metal flanged type or schedule 40 galvanized steel pipe.

2.8 Concrete Inserts: Concrete inserts shall be galvanized steel, minimum 14 gauge cut to necessary length for the purpose. Use galvanized hardware.

2.9 Pull Wire and Pull Rope:

A. Pullwire shall be galvanized steel wire, No. 14 AWG minimum size.

B. Pullrope shall be ply cord with 2000 lbs. tensile strength, minimum.

PART 3 - EXECUTION

3.1 Raceway Application

A. Use the following raceways for indoor installations:

1. Exposed: IMC or RGS except EMT is acceptable in mechanical and electrical rooms above 6' AFF. Conduit may be exposed in equipment rooms, vertical chases, mechanical and electrical rooms, other similar spaces not normally habitable or exposed to public view, and where electrical drawings specifically note "exposed conduit."
2. Concealed: EMT.

3.2 Raceway And Cable Installation

A. Conceal raceways, unless otherwise indicated, within finished walls, ceilings, and floors.

B. Install raceways at least 6 inches (150 mm) away from parallel runs of flues and steam or hot-water pipes. Locate horizontal raceway runs above water and steam piping.

C. Layout and install raceways with sufficient clearance to permit proper installation.

D. Install raceways straight and plumb. Squarely cut conduit and properly ream to remove all constriction and burrs before making up joints. Paint exposed threads to retard rusting. Bending of conduit with a pipe tee or vise is prohibited.

E. Conductors shall not be installed until conduit system is complete. Bending radius of insulated wire or cable shall not be less than the minimum recommended by wire or cable manufacturer. Maximum pulling tension of any wire or cable shall not exceed manufacturer's recommended values. Do not injure insulation while installing wire in conduits.

F. Use temporary raceway caps to prevent foreign matter from entering. During construction, after the building has been dried in and prior to any wire being pulled, all conduit shall be cleaned so that it is free of foreign material and water.

G. Make conduit bends and offsets so inside diameter is not reduced. Keep legs of bends in the same plane and straight legs of offsets parallel, unless otherwise indicated.

H. Make bends in exposed parallel or banked runs from the same centerline.

I. Use raceway fittings compatible with raceways and suitable for use and location.

J. Install pull wires in empty raceways. Use No. 14 AWG zinc-coated steel or monofilament plastic line with not less than 200-lb (90-kg) tensile strength. Leave at least 12 inches (300 mm) of slack at each end of the pull wire.

K. Boxes: Attach boxes to concrete formwork, or to other surrounding building material. Provide additional junction and pull boxes where injury to insulation or deformation of wire would occur due to excessive pulling resistance. When several feeders pass through a common pull box, tag each feeder separately, indicating electrical characteristics and destination.

1. Boxes shall be accurately located.
2. Boxes for use with raceway systems shall be minimum 1 1/2 inches deep, except where shallower boxes required by structural conditions are approved. Boxes for other than lighting fixture outlets shall be minimum 4 inches square, except 4-by-2 inch boxes may be used where only one raceway enters outlet.
3. Pull boxes shall be at least the minimum size required by NFPA 70 and of code-gauge galvanized sheet steel, or compatible with nonmetallic raceway systems, except where cast-metal boxes are required in locations specified herein. Furnish boxes with screw-fastened covers. Where several feeders pass through a common pull box, tag feeders to indicate clearly electrical characteristics, circuit number, and panel designation.
4. Recessed Installation: Boxes and covers shall be installed so that the covers are flush with the finished surfaces. Boxes in masonry or tile construction shall have masonry boxes or boxes with square cut tile covers. Do not cut concrete block through its entirety in order to accommodate any type box. "Handy" boxes shall not be used.
5. Boxes in Partitions: Through type boxes are not permitted except where shown on electrical drawings. Recessed outlet boxes, cabinets, consoles, etc., when shown located back-to-back shall be provided with 1/2" fiberglass insulation between the boxes.
6. Verify box/enclosure placement in rated assemblies and comply with UL spacing/opening requirements. Fire stop as required.

L. Wet or Damp Locations:

1. Use rigid steel or IMC unless noted otherwise.
2. Provide sealing fittings, to prevent passage of water vapor, where conduits pass from warm to cold locations, i.e., (refrigerated spaces, constant temperature rooms, air conditioned spaces building exterior walls, roofs) or similar spaces.
3. Use rigid steel or IMC conduit within five feet of the exterior and below concrete building slabs in contact with soil, gravel, or vapor barriers. Cover conduit on the outside with factory coating of 20 mil bonded PVC or field coat with asphaltum before installation. After installation, completely coat damaged areas of coating.
4. Wireways and fittings shall be used for exposed work and when installed outdoors or in wet locations shall be approved weatherproof construction.

M. Bushings shall be provided at the end of all conduits to protect the insulation of the conductor. Provide grounding bushings for metal raceways, boxes, and cabinets to insure that all metallic surfaces are effectively grounded. Metallic raceway may be bonded to cabinets, boxes and panelboards by double locknut and bushing to ensure the metallic parts are all effectively grounded.

N. Install pull boxes in conduit at intervals of 100 feet or less. Request for each deviation or extension of interval shall be made and approval granted by the Engineer before proceeding with the installation. If any conduit run is found to be greater than 100 feet and the contractor has not secured prior approval from the engineer, a new raceway shall be installed to replace the deficient one at the contractor's expense.

3.3 Raceway Methods For Voice, Data And Catv

A. J-hook: A conduit shall be stubbed up above ceiling from each data outlet and each CATV outlet to an accessible ceiling space. Each conduit shall serve one CO outlet only. Conduit shall be 1" trade size for data outlets and 1" trade size for CATV outlets. Cables will then be J-hooked to serving telecommunications room.

B. Conduit bodies such as 'LB' fittings are not allowable.

C. Pull boxes for 1" data conduits conduits shall be 4" wide x 4" long x 2-1/8" deep NEMA 1 galvanized steel with screw cover. Where 1" data conduits are tightly racked with uniform spacing, wider pull boxes may be provided to serve multiple conduits. Terminate conduits at opposite ends of pullboxes. Do not terminate conduits at right angles to each other except as specifically indicated.

D. Provide pullboxes for each run of conduit at every 100 feet on center and at each end of conduit runs containing a total of two 90 deg bends or a combination of lesser bends totaling 180 deg (minimum requirements - provide whether specifically indicated or not). Conduit runs containing more than two 90 deg bend without a pullbox are not acceptable. Factory conduit elbows and all other bends shall have a minimum radius of six times the internal conduit diameter. Conduit offsets and pullboxes required to suit field conditions and to conform to these requirements shall be provided at no additional cost to the owner.

E. Conduits that extend outside the building shall be metallic, no exceptions.

3.4 Caulking And Seals:

A. Where conduits, wireways, and other electrical raceways pass through fire partitions, fire walls, smoke partitions, or floors, install a fire stop that provides an effective barrier against the spread of fire, smoke and gases. Fire stop shall be rock wool fiber, silicone foam sealant or approved equal. Completely fill and seal clearances between raceways and openings with the fire stop material. Adhere to manufacturer's installation instructions.

B. At floor, exterior wall, and roof conduit penetrations, completely seal clearances around the conduit and make watertight.

3.5 Electrical Supporting Device Application

A. Damp Locations and Outdoors: Hot-dip galvanized materials.

B. Dry Locations: Steel materials.

C. Selection of Supports: Comply with manufacturer's written instructions.

D. Strength of Supports: Adequate to carry present and future loads, times a safety factor of at least four; minimum of 200-lb (90-kg) design load.

3.6 Support Installation

A. Install support devices to securely and permanently fasten and support electrical components.

B. Support no electrical work from piping, ductwork, etc. Where metal decking is used, provide supports independent of decking so that loads will not be transferred to decking. Drill through decking and secure supports to concrete slab.

C. Support conduit within one foot of changes of direction, and within one foot of each enclosure to which it is connected.

D. Electrical devices in lay-in and gypsum board ceilings: Coordinate location of electrical outlets with architectural features of the building and with the equipment of other trades. Boxes or devices mounted between bar joists or "T" bars shall be supported from two bars or joists. Devices and associated boxes shall not be supported by the lay-in tiles.

E. Install individual and multiple raceway hangers and riser clamps to support raceways. Provide U-bolts, clamps, attachments, and other hardware necessary for hanger assemblies and for securing hanger rods and conduits.

F. Support parallel runs of horizontal raceways together on trapeze- or bracket-type hangers.

G. Size supports for multiple raceway installations so capacity can be increased by a 25 percent minimum in the future.

H. Support individual horizontal raceways with separate, malleable-iron pipe hangers or clamps.

I. Install 1/4-inch- (6-mm-) diameter or larger threaded steel hanger rods, unless otherwise indicated.

J. Spring-steel fasteners specifically designed for supporting single conduits or tubing may be used instead of malleable-iron hangers for 1-1/2-inch (38-mm) and smaller raceways serving lighting and receptacle branch circuits above suspended ceilings and for fastening raceways to slotted channel and angle supports.

K. Arrange supports in vertical runs so the weight of raceways and enclosed conductors is carried entirely by raceway supports, with no weight load on raceway terminals. Vertical conduit inside building shall be supported at each floor level and at 10'0" intervals. Simultaneously install vertical conductor supports with conductors.

L. Separately support cast boxes that are threaded to raceways and used for fixture support. Support sheet-metal boxes directly from the building structure or by bar hangers. If bar hangers are used, attach bar to raceways on opposite sides of the box and support the raceway with an approved fastener not more than 24 inches (610 mm) from the box.

M. Install metal channel racks for mounting cabinets, panelboards, disconnect switches, control enclosures, pull and junction boxes, transformers, and other devices unless components are mounted directly to structural elements of adequate strength.

N. Install sleeves for cable and raceway penetrations of concrete slabs and walls unless core-drilled holes are used. Install sleeves for cable and raceway penetrations of masonry and fire-rated gypsum walls and of all other fire-rated floor and wall assemblies. Install sleeves during erection of concrete and masonry walls.

O. Securely fasten electrical items and their supports to the building structure, unless otherwise indicated. Perform fastening according to the following unless other fastening methods are indicated:

1. Wood: Fasten with wood screws or screw-type nails.
2. Masonry: Toggle bolts on hollow masonry units and expansion bolts on solid masonry units.
3. New Concrete: Concrete inserts with machine screws and bolts.
4. Existing Concrete: Expansion bolts.
5. Steel: Welded threaded studs or spring-tension clamps on steel.
   a. Field Welding: Comply with AWS D1.1.
6. Welding to steel structure may be used only for threaded studs, not for conduits, pipe straps, or other items.
7. Light Steel: Sheet-metal screws.
8. Fasteners: Select so the load applied to each fastener does not exceed 25 percent of its proof-test load.

P. Equipment Supports: Concrete bases and structural steel to support this Division's equipment and raceways, and not specifically shown on Structural or Architectural Drawings shall be furnished by Contractor whose equipment or raceways is to be supported. Provide a raised reinforced 4" concrete base for all floor supported equipment. Equipment installed outdoors on concrete slabs shall be provided with a 4" raised concrete base. If equipment is being installed on grade, concrete base shall be provided that will allow a minimum of 3” above finished grade and sod.

3.7 Firestopping

A. Apply firestopping to cable and raceway penetrations of fire-rated floor and wall assemblies to achieve fire-resistance rating of the assembly. Comply with UL assembly rating requirements.

B. Space junction boxes, receptacles and panels installed in rated assemblies to comply with UL listings. Verify prior to installation.

C. Cracks, voids, or holes up to 4" diameter shall be filled with putty, caulking, or one-piece intumescent elastomer which is non-corrosive to metal, compatible with synthetic cable jackets, and capable of expanding 10 times when exposed to flame or heat.

D. For openings 4" or greater use a sealing system capable of passing 3-hour fire test in accordance with ASTM E-814. Sealing system shall consist of wall wrap or liner, partitions, and end caps capable of expanding when exposed to temperatures of 250 to 350°F.

3.8 Cutting And Patching

A. Cut, channel, chase, and drill floors, walls, partitions, ceilings, and other surfaces required to permit electrical installations. Perform cutting by skilled mechanics of trades involved.

B. Repair and refinish disturbed finish materials and other surfaces to match adjacent undisturbed surfaces. Install new fireproofing where existing firestopping has been disturbed. Repair and refinish materials and other surfaces by skilled mechanics of trades involved.

C. Sleeves Through Roof: Coordinate setting with Division 7. Contractor setting sleeves for his electrical conduit is responsible for filling sleeve pockets with roof bitumen and insuring there is no moisture leakage during roof guarantee period.

3.9 Field Quality Control

A. Inspect installed components for damage and faulty work, including the following:

1. Raceways.
2. Building wire and connectors.
3. Supporting devices for electrical components.
4. Electrical identification.
5. Cutting and patching for electrical construction.
6. Touchup painting.

3.10 Refinishing And Touchup Painting

A. Refinish and touch up paint.

1. Clean damaged and disturbed areas and apply primer, intermediate, and finish coats to suit the degree of damage at each location.
2. Follow paint manufacturer's written instructions for surface preparation and for timing and application of successive coats.
3. Repair damage to galvanized finishes with zinc-rich paint recommended by manufacturer.
4. Repair damage to PVC or paint finishes with matching touchup coating recommended by manufacturer.
5. Finishes in areas not listed or otherwise noted shall be black enamel.
6. Hangers, supports, structural steel and equipment that are not factory finished shall be prime coated and finished coated with color to match the area in which it will be located.
7. Electric cabinets, switchboards, panelboards and equipment that is factory finished and has damaged finish shall be touched up to match the factory finish.
8. All surfaces that are to be painted shall be free of rust, scale, oil and grease before prime coat is applied.
9. Paint all junction boxes and conduit as described herein.

3.11 Grounding

A. Ground and bond in accordance with NEC Article 250 and other applicable articles.

B. Provide an equipment grounding conductor which shall be separate from the electrical system neutral conductor. The equipment grounding conductor shall be colored green.

C. Bond bushings of the raceway system to ground lugs in boxes, cabinets, motors and equipment to assure electrical continuity of all metallic components of the electrical systems. Comply with the requirements of NEC Articles 250D, 250E, 250F, 250G, 250J and 250K. Where equipment is not provided with a grounding lug, provide ground lugs suitable for wire being installed.

3.12 Cleaning And Protection

A. On completion of installation, including outlets, fittings, and devices, inspect exposed finish. Remove burrs, dirt, paint spots, and construction debris.

B. Protect equipment and installations and maintain conditions to ensure that coatings, finishes, and cabinets are without damage or deterioration at time of Substantial Completion.

END OF SECTION

SECTION 270000 - TELECOMMUNICATIONS GENERAL

PART 1 - GENERAL

1.1 The work covered by this division consists of providing all labor, equipment and materials and performing all operations necessary for the installation of the structured cabling system work as herein called for and shown on the Drawings.

1.2 Related Documents

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to work of this Section.

B. This is a Basic Telecommunications Requirements Section. Provisions of this Section apply to work of all Division 27 Sections.

C. Comply with all requirements of Division 26 Sections, Basic Electrical Materials and Methods and Electrical Grounding.

D. Review all project Drawings to be aware of conditions affecting work herein.

1.3 Definitions

A. Provide: Furnish, install, and test, complete and ready for intended use.

B. Furnish: Supply and deliver to project site, ready for subsequent requirements.

C. Install: Operations at project site, including unloading, unpacking, assembly, erection, placing, anchoring, applying, working to dimension, finishing, curing, protecting, cleaning, test complete ready for intended use, and similar requirements.

D. Other definitions used throughout these Division 27 specifications:

1. BICSI: Building Industry Consulting Service International.
2. CO: Communications Outlet.
3. CP: Consolidation Point.
4. EMI: Electromagnetic Interference
5. FUT: Fiber under test.
6. LAN: Local area network.
7. MCE: Main Communications Equipment Room.
8. M/M: Multimode.
9. OFOI: Owner furnished, owner installed.
10. OFCI: Owner furnished, contractor installed.

11. RCDD: Registered Communications Distribution Designer.
12. SCSC: Structured Cabling System Contractor.
13. S/M: Single mode.
14. TR: Telecommunications Room
15. UTP: Unshielded twisted pair.
16. VOIP: Voice Over Internet Protocol
17. WAO: Work Area Outlet.
18. Horizontal Cabling: The portion of the communications cabling system that extends from the work area outlet (WAO) to the horizontal cross-connect in the TR.
19. Intrabuilding Backbone: The portion of the communications cabling system within a building that connects each TR to the MCE.
20. Interbuilding Backbone: The portion of the communications cabling system exterior to a building that connects one buildings MCE to anothers.
21. Active Equipment: The active data network and telephone system equipment will not be included as a part of this contract. The wiring infrastructure to support connectivity will be installed under this contract. The contractor shall assist providers of these systems to integrate and install as required to interface to the cabling systems installed under this contract.

1.4 Permits and Fees: Contractor shall obtain all necessary permits, meters, and inspections required for his work and pay all fees and charges incidental thereto.

1.5 Verification of Owner's Data: Prior to commencing work the Contractor shall satisfy himself as to the accuracy of all data indicated on the Drawings and/or provided by the Owner. Should the Contractor discover any inaccuracies, errors, or omissions in the data, he shall immediately notify the Engineer. Commencement of work by the Contractor shall be held as an acceptance of the data by him after which time the Contractor has no claim against the Owner resulting from alleged errors, omissions or inaccuracies of the said data.

1.6 Delivery and Storage of Materials: Materials delivered to site shall be inspected for damage, unloaded, and stored with a minimum of handling. All material shall be stored to provide protection from the weather and damage.

1.7 Extent of work is indicated in the Drawings, Schedules, and Specification. Singular references shall not be construed as requiring only one device if multiple devices are shown on the Drawings or are required for proper system operation.

1.8 Field Measurements And Coordination

A. The intent of the Drawings and Specifications is to obtain a complete and satisfactory installation. Separate divisional Drawings and Specifications shall not relieve the Contractor or Subcontractors from full compliance of work of his trade indicated on any of the Drawings or in any Section of the Specifications. Report conflicts prior to start of work.

B. Verify all field dimensions and locations of equipment to ensure close, neat fit with other trades' work. Make use of all Contract Documents and approved shop drawings to verify exact dimension and locations. Do not scale structured cabling system drawings; rely on dimensions shown on architectural or structural drawings.

C. Coordinate work in this Division with all other trades in proper sequence to insure that the total work is completed within Contract time schedule and with minimum cutting and patching.

D. Locate all equipment, materials, and apparatus symmetrical with architectural elements. Install to exact height and locations when shown on architectural drawings. When locations are shown only on structured cabling system drawings, be guided by architectural details and conditions existing at job and correlate this work with that of others.

E. Install work as required to fit structure, avoid obstructions, and retain clearance, headroom, openings and passageways. Cut no structural members without written approval from Engineer or Architect.

F. Carefully examine any existing conditions, piping, and premises. Compare Drawings with existing conditions. Report any observed discrepancies. Written instructions will be issued by the Engineer to resolve discrepancies.

G. Because of the small scale of the Drawings, it is not possible to indicate all offsets and fittings or to locate every accessory. Drawings are essentially diagrammatic. Study carefully the sizes and locations of structural members, wall and partition locations, trusses, and room dimensions and take actual measurements on the job. Locate material, equipment and accessories with sufficient space for installing and servicing. Contractor is responsible for accuracy of his measurements and shall not order materials or perform work without verification. No extra compensation will be allowed because field measurements vary from the dimensions on the Drawings. If field measurements show that equipment or material cannot be fitted, the Engineer shall be consulted. Remove and relocate, without additional compensation, any item that is installed and is later found to encroach on space assigned to another use.

1.9 Guarantee And Service:

A. Owner reserves the right to make emergency repairs as required to keep equipment in operation without voiding Contractor's Guarantee Bond nor relieving Contractor of his responsibilities during guarantee period.

B. The Contractor shall guarantee labor, materials and equipment for a period of one (1) year from Substantial Completion, or from Owner's occupancy, whichever is earlier. Contractor shall make good any defects and shall include all necessary adjustments to and replacement of defective items without expense to the Owner.

C. Special Structured Cabling System Warranty:

1. See sections 27 13 00 and 27 15 00 for special structured cabling system warranty.

1.10 Codes And Standards

A. All work done under this contract shall be performed in accordance with the most recent issue of the following codes, standards and guidelines. Where there is a perceived conflict between a standard or guideline and the contract documents, the Contractor shall perform the work as directed by the Engineer.

B. NFPA - National Fire Protection Association

C. NEC - 2005 Edition

D. SCTE - Society of Cable Television Engineers

E. TIA/EIA-568-A-5 Additional Transmission Performance Specifications for 4-Pair 100 Ohm Enhanced Category 5 Cabling

F. ANSI/TIA/EIA-568-B Commercial Building Telecommunications Cabling Standard

G. ANSI/EIA/TIA-569-A Commercial Building Standard for Telecommunications Pathways and Spaces

H. ANSI/EIA/TIA-606-A Administration Standard for the Telecommunications Infrastructure of Commercial Buildings - May, 2002

I. ANSI/J-STD-607 Commercial Building Grounding and Bonding Requirements for Telecommunications

J. BICSI - Telecommunications Distribution Methods Manual (TDMM) - 13th Edition

1.11 Approval Submittals

A. When approved, the submittal control log and submittals shall be an addition to the specifications herewith, and shall be of equal force in that no deviation will be permitted except with the approval of the Architect/Engineer.

B. Shop drawings, product literature, and other approval submittals will only be reviewed if they are submitted in full accordance with the General and Supplementary Conditions and Division 1 Specification sections and the following:

1. Submittals shall be properly organized in accordance with the approved submittal control log.

2. Submittals shall not include items from more than one specification section in the same submittal package unless approved in the submittal control log.

3. Submittals shall be properly identified by a cover sheet showing the project name, Architect and Engineer names, submittal control number, specification section, a list of

products or item names with model numbers in the order they appear in the package, and spaces for approval stamps. A sample cover sheet is included at the end of this section.

4. Submittals shall have been reviewed and approved by the General Contractor (or Prime Contractor). Evidence of this review and approval shall be an "Approved" stamp with a signature and date on the cover sheet.

5. Submittals that include a series of devices shall be organized by device and be marked accordingly.

C. If the shop drawings show variation from the requirements of contract because of standard shop practice or other reasons, the Contractor shall make specific mention of such variation in writing in his letter of transmittal and on the submittal cover sheet in order that, if acceptable, Contractor will not be relieved of the responsibility for executing the work in accordance with the contract.

D. Review of shop drawings, product literature, catalog data, or schedules shall not relieve the Contractor from responsibility for deviations from contract drawings or specifications, unless he has in writing called to the attention of the Architect/Engineer each such deviation in writing at the time of submission, nor shall it relieve him from responsibility for errors of any sort in shop drawings, product literature, catalog data, or schedules. Any feature or function specified but not mentioned in the submittal shall be assumed to be included per the specification.

E. Submit shop drawings as called for in other sections after award of the contract and before any material is ordered or fabricated. Shop drawings shall consist of plans, sections, elevations and details to scale (not smaller than 3" per foot), with dimensions clearly showing the installation. Direct copies of small scale project drawings issued to the Contractor are not acceptable. Drawings shall take into account equipment furnished under other sections and shall show space allotted for it. Include construction details and materials.

1.12 Test Reports And Verification Submittals: Submit test reports, certifications and verification letters as called for in other sections. Contractor shall coordinate the required testing and documentation of system performance such that sufficient time exists to prepare the reports, submit the reports, review the reports and take corrective action within the scheduled contract time. Where testing by an independent testing agency is required or selected by the Contractor, the requirements below shall be met.

A. The testing firm shall be regularly engaged in the testing of structured cabling system equipment devices, installations, and systems.

B. The testing firm shall utilize technicians who are regularly employed by the firm for testing services.

1.13 O&M Data Submittals: Submit Operation and Maintenance data as called for in other sections. When a copy of approval submittals is included in the O&M Manual, only the final “Furnish as Submitted” or “Furnish as Corrected” copy shall be used. Contractor shall organize these data in the O&M Manuals tabbed by specification number. Prepare O&M Manuals as required by Division 1 and as described herein. Submit manuals at the Substantial Completion inspection.

PART 2 - PRODUCTS

2.1 All materials shall be new or Owner-supplied reused as shown on the drawings, the best of their respective kinds, suitable for the conditions and duties imposed on them at the building and shall be of reputable manufacturers. The description, characteristics, and requirements of materials to be used shall be in accordance with qualifying conditions established in the following sections.

2.2 Equipment And Materials

A. Shall be new and the most suitable grade for the purpose intended. Equipment furnished under this division shall be the product of a manufacturer regularly engaged in the manufacture of such items for a period of three years. Where practical, all of the components shall be products of a single manufacturer in order to provide proper coordination and responsibility. Where required, Contractor shall furnish proof of installation of similar units or equipment.

B. Each item of equipment shall bear a name plate showing the manufacturer's name, trade name, model number, serial number, ratings and other information necessary to fully identify it. This plate shall be permanently mounted in a prominent location and shall not be concealed, insulated or painted.

C. The equipment shall be essentially the standard product of a manufacturer regularly engaged in the production of such equipment and shall be a product of the manufacturer's latest design.

D. A service organization with personnel and spare parts shall be available within two hours for each type of equipment furnished.

E. Install in accordance with manufacturer's recommendations. Place in service by a factory trained representative where required.

F. Materials and equipment are specified herein by a single or by multiple manufacturers to indicate quality, material and type of construction desired. Manufacturer's products shown on the Drawings have been used as basis for design; it shall be the Contractor's responsibility to ascertain that alternate manufacturer's products meet detailed specifications and that size and arrangement of equipment are suitable for installation.

G. Model Numbers: Catalog numbers and model numbers indicated in the Drawings and Specifications are used as a guide in the selection of the equipment and are only listed for the Contractor's convenience. The Contractor shall determine the actual model numbers for ordering equipment and materials in accordance with the written description of each item and with the intent of the Drawings and Specifications.

2.3 Requests For Substitution

A. Where a particular system, product or material is specified by name, consider it as standard basis for bidding, and base proposal on the particular system, product or material specified.

B. Requests by Contractor for substitution will be considered only when reasonable, timely, fully documented, and qualifying under one or more of the following circumstances.

C. Required product cannot be supplied in time for compliance with Contract time requirements.

D. Required product is not acceptable to governing authority, or determined to be non-compatible, or cannot be properly coordinated, warranted or insured, or has other recognized disability as certified by Contractor.

E. Substantial cost advantage is offered Owner after deducting offsetting disadvantages including delays, additional compensation for redesign, investigation, evaluation and other necessary services and similar considerations.

F. All requests for substitution shall contain a "Comparison Schedule" and clearly and specifically indicate any and all differences or omissions between the product specified as the basis of design and the product proposed for substitution. Differences shall include but shall not be limited to data as follows for both the specified and substituted products:

1. Principal of operation.
2. Materials of construction or finishes.
3. Thickness of gauge of materials.
4. Weight of item.
5. Deleted features or items.
6. Added features or items.
7. Changes in other work caused by the substitution.
8. Performance curves.

G. If the approved substitution contains differences or omissions not specifically called to the attention of the Architect/Engineer, the Owner reserves the right to require equal or similar features to be added to the substituted products (or to have the substituted products replaced) at the Contractor's expense.

PART 3 - EXECUTION

3.1 Workmanship: All materials and equipment shall be installed and completed in a first-class workmanlike manner and in accordance with the best modern methods and practice. Any materials installed which do not present an orderly and reasonably neat and/or workmanlike appearance, or do not allow adequate space for maintenance, shall be removed and replaced when so directed by the Architect/Engineer.

3.2 Coordination

A. The Contractor shall be responsible for full coordination of the structured cabling system with shop drawings of the building construction so the proper openings and sleeves or supports etc., are provided for conduit, devices, or other equipment passing through slabs or walls.

B. Any additional steel supports required for the installation of any structured cabling system equipment, devices or conduit shall be provided by the Contractor.

C. It shall be the Contractor's responsibility to see that all equipment that may require maintenance and operation are made easily accessible, regardless of the diagrammatic location shown on the Drawings.

D. All connections to devices and equipment shown on the Drawings shall be considered diagrammatic unless otherwise indicated by a specific detail on the Drawings. The actual connections shall be made to fully suit the requirements of each case and adequately provide for servicing.

E. The Contractor shall protect equipment and devices at all times during storage and construction. He shall replace all equipment and devices which are damaged as a result of inadequate protection.

F. Prior to starting and during progress of work, examine work and materials installed by others as they apply to work in this division. Report conditions which will prevent satisfactory installation.

G. Start of work will be construed as acceptance of suitability of work of others.

3.3 Interruption of Service: Before any equipment is shut down for disconnecting or tie-ins, arrangements shall be made with the Architect/Engineer and this work shall be done at the time best suited to the Owner. This will typically be on weekends and/or holidays and/or after normal working hours. Services shall be restored the same day unless prior arrangements are made. All overtime or premium costs associated with this work shall be included in the base bid.

3.4 Cutting and Patching: Notify General Contractor to do all cutting and patching of all holes, chases, sleeves, and other openings required for installation of equipment furnished and installed under this section. Utilize experienced trades for cutting and patching. Obtain permission from Architect/Engineer before cutting any structural items.

3.5 Equipment Setting: Bolt equipment directly to concrete pads or foundations, using hot-dipped galvanized anchor bolts, nuts and washers. Level equipment.

3.6 Painting: Touch-up factory finishes on equipment located inside and outside shall be done under Division 27. Obtain matched color coatings from the manufacturer and apply as directed by manufacturer. If corrosion is found during inspection on the surface of any equipment, clean, prime, and paint, as required.

3.7 Clean-Up: Thoroughly clean all exposed parts of apparatus and equipment of cement, plaster, and other materials and remove all oil and grease spots. Repaint or touch up as required to look like new. During progress of work, Contractor is to carefully clean and leave premises free from debris and in a safe condition.

3.8 Service Coordination: Prior to commencing any work , coordinate with utility/service provider to ensure proper services are available to project when needed.

3.9 All equipment which cannot be repaired on-site shall be transported at the contractor's expense.

3.10 Operation and Maintenance Manuals: Furnish four complete manuals bound in ring binders with Table of Contents, organized, and tabbed by specification section.

3.11 Start-Up and Operational Test: Start each item of equipment in strict accordance with the manufacturer's instructions; or where noted under equipment specification, start-up shall be done by a qualified representative of the manufacturer. Alignment, lubrication, safety, and operating control shall be included in start-up check.

3.12 Record Drawings

A. During the progress of the work the Contractor shall record on their field set of Drawings the corrections, variations, and deviations for systems which are not installed exactly as shown on the Contract Drawings.

B. Upon completion of the work, record drawings shall be prepared as described in the General Conditions, Supplementary Conditions, and Division 1 Sections.

3.13 Acceptance

A. Punch List: Submit written confirmation that all punch lists have been checked and the required work completed.

B. Instructions: At completion of the work, provide a competent and experienced person who is thoroughly familiar with the project, for a period deemed necessary by the Owner to instruct permanent operating personnel in the operation of equipment and control systems.

C. Operation and Maintenance Manuals: Furnish complete manuals bound in ring binders and organized by system or section.

D. Record Drawings: Submit "Record Drawings".

E. Acceptance will be on the basis of tests and inspections of the work. A representative of the firm which performed the testing shall be in attendance to assist during inspection. Contractor shall furnish necessary electricians to operate system, make any necessary adjustments and assist with final inspection.

END OF SECTION

SECTION 270010 - CODES AND STANDARDS

PART 1 - GENERAL

1.1 All work under Division 27 shall be constructed in accordance with the codes and standards listed herein. The design has been based on the requirements of these codes and standards. While it is not the responsibility of the Contractor to verify that all work called for complies with these codes and standards, he shall be responsible for calling to the Engineer's attention any details on the Drawings and/or Specifications that are not in conformance with these or other codes and standards. Current issue of code applies unless specifically noted otherwise.

1.2 Comply with regulations and codes of suppliers of utilities.

1.3 Where no specific method or form of construction is called for in the Contract Documents, the Contractor shall comply with code requirements when carrying out such work.

1.4 Where code conflict exists, generally the most stringent requirement applies.

1.5 Codes or standards applying to a specific part of the work may be included in that section.

PART 2 - CODES AND STANDARDS

2.1 Codes

A. Florida Building Code - Building - 2017

B. National Electrical Code (NFPA 70) - 2014

C. National Fire Alarm Code (NFPA 72) - 2013

D. Standard for Health Care Facilities (NFPA-99) – 2012 with 2014 Amendments

E. Life Safety Code (NFPA 101) – 2012 with 2014 Amendments

F. Florida Americans with Disabilities Accessibility Implementation Act (October 1, 1993) as described in Accessibility Requirements Manual, Department of Community Affairs (January 1, 1997).

G. Americans with Disabilities Act Accessibility Guidelines (ADAAG).

2.2 Standards

A. All electrical materials, installation and systems shall meet the requirements of the following standards, including the latest addenda and amendments:

1. American National Standard Institutes (ANSI)
2. Institute of Electrical and Electronics Engineers (IEEE).
3. National Electrical Manufacturer's Associations (NEMA).
4. National Fire Protection Association (NFPA).
5. Occupational Safety and Health Act (OSHA).
6. Underwriter's Laboratories, Inc. (UL).
7. TIA/EIA-568-A-5 Additional Transmission Performance Specifications for 4-Pair 100 Ohm Enhanced Category 5 Cabling
8. ANSI/TIA/EIA-568-B Commercial Building Telecommunications Cabling Standard
9. ANSI/EIA/TIA-569-A Commercial Building Standard for Telecommunications Pathways and Spaces
10. ANSI/EIA/TIA-606-A Administration Standard for the Telecommunications Infrastructure of Commercial Buildings – May, 2002
11. ANSI/J-STD-607 Commercial Building Grounding and Bonding Requirements for Telecommunications
12. BICSI - Telecommunications Distribution Methods Manual (TDMM) – 13th Edition
13. SCTE - Society of Cable Television Engineers

PART 3 - EXECUTION

3.1 Not Used

END OF SECTION

SECTION 270020 - CONTRACTOR QUALIFICATIONS

PART 1 - GENERAL

1.1 Related Documents

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

1.2 Summary

A. This Section includes:
   1. Structured Cabling System Contractor qualifications.

1.3 Quality Assurance

A. Structured Cabling System Contractor Installer Qualifications:

   1. The Structured Cabling System Contractor (SCSC) shall be regularly engaged in the layout and installation of structured cabling systems of similar size and complexity as required for this installation. The Structured Cabling System Contractor shall have successfully completed the layout, installation, testing and warranty of not less than five Structured Cabling Systems of the scope of the largest system on this project for a minimum period of three years prior to the bid date, and shall have been regularly engaged in the business of Structured Cabling Systems contracting continuously since. The Contractor shall have an existing permanent office located within 100 miles of the job site from which installation and warranty service operations will be performed.

   2. The SCSC shall present the name and certification number of a BICSI certified Registered Communications Distribution Designer (RCDD) who is a permanent employee of the Contractor. The Contractor shall maintain this RCDD, in his permanent employment throughout this project. The RCDD shall have overall responsibility for certifying that the installed structured cabling system conforms to these contract documents.

   3. The Structured Cabling System Subcontractor's present on site Project Manager, Fore Person, Lead Techs, and all Technicians shall be Factory Certified to install this building's Structured Cabling system. The Structured Cabling System Subcontractor shall provide copies of all on site personnel's Factory Certifications for the Structured Cabling System to installed in this building.

1.4 Proof Of Contractor Qualifications

A. The SCSC shall provide the following documentation, as evidence that the requirements for SCSC qualifications listed above are satisfied.

1. A list of not less than five (5) references for jobs of similar size and complexity including project name, location, contact person and phone number.
2. RCDD name, BICSI certification number, and qualifications.
3. Factory Certifications of all onsite personnel.
4. Location of permanent existing office from which installation and warranty work will be performed.

1.5 Approval Submittals

A. Qualification Data: For Installer.

PART 2 - PRODUCTS

A. NOT APPLICABLE

PART 3 - EXECUTION

A. NOT APPLICABLE

END OF SECTION

SECTION 270500 - COMMUNICATIONS RELATED WORK

PART 1 - DIVISION 1 - GENERAL REQUIREMENTS

1.1 All Division 1 Sections apply to all Division 27 Sections.

1.2 Coordinate for all cutting and patching. Contractor shall review all cutting and patching required prior to bidding and shall coordinate installation.

PART 2 - DIVISION 26 – ELECTRICAL

2.1 All cabling and raceways for communications as indicated on the communications drawings shall be furnished and installed by the communications contractor, complying with the requirements of Division 27 specifications.

2.2 See “Contractor Coordination and Responsibilities Note” on the Drawings.

END OF SECTION

SECTION 271300 - BACKBONE CABLING SYSTEM

PART 1 - GENERAL

1.1 Related Documents:

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

1.2 Summary:

A. This Section includes:

1. Pathways.
2. UTP cable.
3. Optical fiber cabling.
4. Cable connecting hardware, patch panels, and cross-connects.
5. Grounding products.
6. Fire-stopping products.
7. Racks and cable management.
8. Identification products.
9. Cable testing.

1.3 System Description:

A. The work consists of all labor, materials, equipment and services necessary to provide, install, test and certify a new backbone cabling system as described in the contract documents.

B. The installation shall include all accessories and appurtenances required to provide a complete and operational system. Any materials not specifically mentioned in these specifications or not shown on the drawings, but required for a complete and finished installation shall be furnished and installed at no additional cost to the Owner.

C. Backbone cabling system shall provide interconnections between communications equipment rooms, main terminal space, and entrance facilities in the telecommunications cabling system structure. Cabling system consists of backbone cables, intermediate and main cross-connects, mechanical terminations, and patch cords or jumpers used for backbone-to-backbone cross-connection.

D. Backbone cabling cross-connects may be located in communications equipment rooms or at entrance facilities. Bridged taps and splitters shall not be used as part of backbone cabling except as specifically noted in coaxial video systems.

1.4 Performance Requirements:

A. The installation shall be in compliance with the requirements of the National Electrical Code, Florida Building Code and OSHA recommendations, and the rules, regulations and requirements of Federal Communications Commission.

B. The installation shall comply fully with all county, city, and state laws and ordinances, regulations and codes applicable to the installation.

C. Local electrical and building codes may differ with national codes. Follow the most stringent code or recommendations. Where there are instances of ambiguity, refer to the Owner/Engineer for interpretation.

D. All equipment shall be equal to or exceed the minimum requirements of NEMA, IEEE, ASME, ANSI, TIA/EIA and Underwriters Laboratories.

E. General Performance: Backbone cabling system shall comply with transmission standards in TIA/EIA-568-B.1, when tested according to test procedures of this standard.

F. Should any change in plans or specifications be required to comply with governmental regulations, the Contractor shall notify the Owner at the time of submitting the construction schedule.

G. All work done under this contract shall be performed in accordance with the most recent issue of the codes, standards and guidelines stated in section 27 00 00. Where there is a perceived conflict between a standard or guideline and the Contract Documents, the Contractor shall perform the work as directed by the Engineer.

1.5 Special Backbone Cabling System Warranty:

A. The Contractor shall warrant the entire backbone cabling system (End-to-End Certification) under the manufacturers systems warranty for a minimum period of 15 years. The warranty will begin on the first day after final acceptance. The warranty shall include cable and connectivity components and have one point of contact for all cabling system issues. The warranty shall include materials, parts and labor. If any failure or defect occurs within the warranty period, the contractor and/or manufacturers shall remedy it within 48 hours at no cost to the owner, or any owner representative or consultant. Structured cabling systems warranty shall cover cable, connecting hardware and the labor cost for the repair or replacement.

1.6 Approval Submittals:

A. Product Data: Submit manufacturer's technical product data, specifications and installation instructions for each type of product indicated.

B. Shop Drawings:

1. System Labeling Schedules: Electronic copy of labeling schedules, in software and format selected by Owner.

C. Qualification Data: For Installer, qualified layout technician, installation supervisor, and testing supervisor.

D. Test Reports and Verification Submittals:

1. Pre-installation Testing: Test cables upon receipt at Project site.

a. Test optical fiber cable while on reels. Use an optical time domain reflectometer to verify the cable length and locate cable defects, splices, and connector, including the loss value of each. Retain test data and include the record in maintenance data.

2. Cable Field Testing: Submit as described in these specifications.
3. Training: Submit letter verifying that Owner training has been received as described in these specifications.

E. O&M Data Submittals:

1. Submit as described in these specifications.

1.7 Quality Assurance:

A. Installer Qualifications: Cabling Installer must have personnel certified by BICSI on staff.

1. Layout Responsibility: Preparation of Shop Drawings by an RCDD.
2. Installation Supervision: Installation shall be under the direct supervision of a Level 2 Installer who shall be present at all times when Work of this Section is performed at Project site.
3. Testing Supervisor: Currently certified by BICSI as an RCDD to supervise on-site testing.

B. Electrical Components, Devices, and Accessories: Listed and labeled as defined in NFPA 70, by a qualified testing agency, and marked for intended location and application.

C. Telecommunications Pathways and Spaces: Comply with TIA/EIA-569-A.

D. Grounding: Comply with ANSI-J-STD-607-A.

1.8 Project Conditions:

A. Environmental Limitations: Do not deliver or install cables and connecting materials until wet work in spaces is complete and dry, and temporary HVAC system is operating and maintaining

ambient temperature and humidity conditions at occupancy levels during the remainder of the construction period.

1.9 Coordination:

A. Coordinate layout and installation of telecommunications pathways and cabling with Owner's telecommunications and LAN equipment and service suppliers.

PART 2 - PRODUCTS

2.1 Pathways:

A. General Requirements: Comply with TIA/EIA-569-A.

B. Cable Support: NRTL labeled for support of Category 6A cabling, designed to prevent degradation of cable performance and pinch points that could damage cable.

C. Inside TRs:

1. Support brackets with cable tie slots for fastening cable ties to brackets.
2. Lacing bars, spools and D-rings.
3. Velcro straps and other devices.
4. Cable trays: Existing
5. Ladder trays: Existing

D. Outside TRs:

1. Backbone cabling shall be routed in new and existing conduit. Conduit materials shall be as specified in section 26 05 30.

2.2 Optical Fiber Cable:

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. General.
2. Siecore.
3. Comm Scope.

B. 50/125um Laser Optimized OM3 Multimode Optical Fiber Cable:

1. Multimode, 50/125-micrometer, multi-fiber, nonconductive, optical fiber cable.
2. Provide tight buffered for interior cables and loose-buffered for exterior cables.
3. Gel filled cable shall be used for all underground cabling requirements between buildings.

4. Comply with ICEA S-83-596 (ICEA S-87-640 for outside plant) for mechanical properties.
5. Comply with TIA/EIA-568-B.3 for performance specifications.
6. Comply with TIA/EIA-492AAAA-A for detailed specifications.
7. All cables routed only in riser rated AND in conduit areas may be riser (OFNR) rated. Any cables routed in plenum spaces shall be plenum rated (OFNP). All fiber optic cables not installed in conduit must be plenum rated.
8. Listed and labeled by an NRTL acceptable to authorities having jurisdiction as complying with UL 444, UL 1651, and NFPA 70 for the following types:

    a. Plenum Rated, Nonconductive: Type OFNP, complying with NFPA 262.
    b. Riser Rated, Nonconductive: Type OFNR, complying with UL 1666.

9. Maximum Attenuation: 3.5 dB/km at 850 nm; 1.25 dB/km at 1300 nm.
10. Minimum Modal Bandwidth: >= 200 MHz-km at 850 nm; >= 500 MHz-km at 1300 nm.
11. Jacket Color: Orange for interior, Black for exterior cables.
12. Cable cordage jacket, fiber, unit, and group color shall be according to TIA/EIA-598-B.
13. Imprinted with fiber count, fiber type, and aggregate length at regular intervals not to exceed 40 inches.
14. Gigabit Ethernet: 1,000 meters at 850 nm; 550 meters at 1,300 nm.
15. 10 Gigabit Ethernet: 300 meters at both 850 nm and 1,300 nm.

2.3 Optical Fiber Cable Hardware:

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. Ortronics, Inc., or Ortronics approved system partner.
2. Panduit Corp., or Panduit approved system partner.
3. Comm Scope, or Comm Scope approved system partner.

B. Cable Connecting Hardware:

1. Comply with Optical Fiber Connector Intermateability Standards (FOCIS) specifications of TIA/EIA-604-2, TIA/EIA-604-3-A, and TIA/EIA-604-12. Comply with TIA/EIA-568-B.3.

2. Duplex LC connectors with zirconia ceramic alignment sleeves.
3. Insertion loss: < 0.5dB per pair.
4. Provide dust cover for unused adapters.

C. Fiber Patch Panels:

1. Basis of design is Panduit HD Flex series fiber optic enclosures.

2. High-density fiber enclosure shall be designed to manage and organize fiber optic cable to and from equipment or cross-connects that support data, voice video and audio. Enclosure shall accommodate up to 144 fibers per rack space. Enclosures shall have bend radius control for transition to front vertical cabling. Fiber optic enclosures shall be constructed of steel material. Molded ABS front and back covers shall be removable for wiring installation. Enclosures shall have pass-through holes in the top and bottom for use with splice enclosures.
3. Includes fiber optic cable routing kits (grommets, cable ties, saddle clips, spools, strain relief and ID/caution labels) for various cable management solutions.
4. Multiple cable entry locations provided in rear of enclosure on top, bottom, and side.
5. Durable molded hinged front and rear lockable doors.
6. Slide-out, tilt-down drawer for access to cables.
7. Provide in all fiber optic patch panels yellow colored caps over unused S/M ports, red colored caps over unused M/M ports and black colored caps over unterminated ports.

2.4 Patch Cords:

A. M/M Duplex Fiber Optic Patch Cable:

1. Duplex, two strand, 50/125 micron, FDDI rated, with heavy duty outer PVC jacket (orange).
2. Assembly shall meet TIA/EIA-568-B.3 performance requirements, factory assembled and tested.
3. End connectors shall be duplex LC.
4. Unit shall be factory assembled and tested.
5. Unit shall be marked with overall loss value and coded for test result comparisons.
6. Test results from manufacturer shall be shipped with assembly.
7. End connector to be color coded with white and red boots.

2.5 Other Equipment:

A. Equipment shall be of the same manufacturer, unless noted otherwise on drawings.

B. Rack Mounted Horizontal Cable Managers:

1. 19" wide 2 RU.
2. Duct on front and rear.
3. Hinged covers on front and rear.

C. Manufacturers

1. Panduit Corporation
2. Siemon Network Cabling
3. Chatsworth.

D. Innerduct:

1. 3”, 3-cell fiber mesh innerduct with integral pull wire per cell.

2.6 Grounding:

A. Comply with ANSI-J-STD-607-A.

1. Cables shall be insulated (green) with stranded copper conductors.

2.7 Fire-stopping Products:

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. S.T.I.
2. 3M.
3. Wiremold.

2.8 Cable Ties:

A. Provide hook and loop cable ties. Provide plenum rated where required.

2.9 Identification Products:

A. Comply with TIA/EIA-606-A and UL 969 for a system of labeling materials, including label stocks, laminating adhesives, and inks used by label printers.

PART 3 - EXECUTION

3.1 Wiring Methods:

A. Wiring Method: Install cables in raceways except within TRs. Conceal raceway and cables except in unfinished spaces.

B. Wiring within Enclosures: Bundle, lace, and train cables within enclosures. Connect to terminal points with no excess and without exceeding manufacturer's limitations on bending radii. Provide and use lacing bars and distribution spools.

3.2 Installation of Pathways:

A. Cable Trays: Comply with NEMA VE 2 and TIA/EIA-569-A.

B. Comply with TIA/EIA-569-A for pull-box sizing and length of conduit and number of bends between pull points.

C. Install manufactured conduit sweeps and long-radius elbows whenever possible.

D. Pathway Installation in TRs:

1. Position conduit ends adjacent to a corner on backboard where a single piece of plywood is installed, or in the corner of room where multiple sheets of plywood are installed around perimeter walls of room.
2. Secure conduits to backboard when entering room from overhead.
3. Extend conduits above finished floor.
4. Install metal conduits with grounding bushings and connect with grounding conductor to grounding system.

E. Innerduct: Provide a minimum of one set of innerducts in each of the backbone conduits containing backbone cables in all backbone conduit runs.

3.3 Installation of Cables:

A. Comply with NECA 1.

B. General Requirements for Cabling:

1. Comply with TIA/EIA-568-B.1.
2. Comply with BICSI ITSIM, Ch. 6, "Cable Termination Practices."
3. Install 110-style IDC termination hardware unless otherwise indicated.
4. Terminate all conductors; no cable shall contain unterminated elements. Make terminations only at indicated outlets, terminals, cross-connects, and patch panels.
5. Cables may not be spliced. Secure and support cables at intervals not exceeding 12 inches and not more than 6 inches from cabinets, boxes, fittings, outlets, racks, frames, and terminals.
6. Install lacing bars to restrain cables, to prevent straining connections, and to prevent bending cables to smaller radii than minimums recommended by manufacturer.
7. Bundle, lace, and train conductors to terminal points without exceeding manufacturer's limitations on bending radii, but not less than radii specified in BICSI ITSIM, "Cabling Termination Practices" Chapter. Use lacing bars and distribution spools.
8. Do not install bruised, kinked, scored, deformed, or abraded cable. Do not splice cable between termination, tap, or junction points. Remove and discard cable if damaged during installation and replace it with new cable.
9. Cold-Weather Installation: Bring cable to room temperature before dereeling. Heat lamps shall not be used for heating.
10. In TRs, install a 10 foot long service loop on each end of cable.
11. Support all cable not installed in conduit or cable tray using cable support brackets and D-rings installed on 12” centers minimum.

12. All cables shall be bundled and cable tie wrapped together. Cables shall be separately bundled with like cables (e.g., multimode fiber, single mode fiber, voice backbone, horizontal cables). Velcro tie wrapping shall occur on 12 inch (6 inch for vertical cable runs) intervals throughout the TRs unless noted otherwise. Tie wraps should not bite into the cable insulation, but should form securely around the cables so as not to depress the cable.
13. All cables shall be neatly bundled and cable tie wrapped down to the racks and patch panels. Group horizontal cables with not more than 24 cables per bundle.
14. Route cables along cable rack trays in a neat and straight order in 24 cable bundles. Use drop out shields to protect cables as they drop out of cable trays or cable rack trays. Use rear of vertical cable management rails at racks to support and manage cables terminated to rear of patch panels. Maintain a neat and straight order of the cables inside the cable management rails. Adjust length of cables terminating on the rear of patch panels so that cables exit out of vertical cable management rail, fan into the proper port and are punched down in the proper order.
15. Pulling Cable: Comply with BICSI ITSIM, Ch. 4, "Pulling Cable." Monitor cable pull tensions.

C. Optical Fiber Cable Installation:

1. Comply with TIA/EIA-568-C.3.
2. Cable may be terminated on connecting hardware that is rack or cabinet mounted.

D. Open-Cable Installation:

1. Install cabling with horizontal and vertical cable guides in telecommunications spaces with terminating hardware and interconnection equipment.

E. Separation from EMI Sources:

1. Comply with BICSI TDMM and TIA/EIA-569-A recommendations for separating unshielded copper voice and data communication cable from potential EMI sources, including electrical power lines and equipment.
2. Separation between open communications cables or cables in nonmetallic raceways and unshielded power conductors and electrical equipment shall be as follows:

    a. Electrical Equipment Rating Less Than 2 kVA: A minimum of 5 inches.
    b. Electrical Equipment Rating between 2 and 5 kVA: A minimum of 12 inches.
    c. Electrical Equipment Rating More Than 5 kVA: A minimum of 24 inches.

3. Separation between communications cables in grounded metallic raceways and unshielded power lines or electrical equipment shall be as follows:

    a. Electrical Equipment Rating Less Than 2 kVA: A minimum of 2-1/2 inches.
    b. Electrical Equipment Rating between 2 and 5 kVA: A minimum of 6 inches.
    c. Electrical Equipment Rating More Than 5 kVA: A minimum of 12 inches.

4. Separation between communications cables in grounded metallic raceways and power lines and electrical equipment located in grounded metallic conduits or enclosures shall be as follows:

    a. Electrical Equipment Rating Less Than 2 kVA: No requirement.
    b. Electrical Equipment Rating between 2 and 5 kVA: A minimum of 3 inches.
    c. Electrical Equipment Rating More Than 5 kVA: A minimum of 6 inches.

5. Separation between Communications Cables and Electrical Motors and Transformers, 5 kVA or HP and Larger: A minimum of 48 inches.
6. Separation between Communications Cables and Fluorescent Fixtures: A minimum of 5 inches.

3.4 Firestopping:

A. Comply with TIA/EIA-569-A, Annex A, "Firestopping."

B. Comply with BICSI TDMM, "Firestopping Systems" Article.

3.5 Grounding:

A. Install grounding according to BICSI TDMM, "Grounding, Bonding, and Electrical Protection" Chapter.

B. Comply with ANSI-J-STD-607-A.

C. Bond metallic equipment to the grounding bus bar, using not smaller than No. 6 AWG equipment grounding conductor. Do not loop grounds. Ground all racks, punchdown block towers, etc individually from busbar. Route along rack rear across runway and to busbar.

3.6 Identification:

A. Identify system components, wiring, and cabling complying with TIA/EIA-606-A.

1. Administration Class: 3.
2. Color-code cross-connect fields and apply colors to voice and data service backboards, connections, covers, and labels.

B. See Division 27 Section Horizontal Cabling System for additional identification requirements. See Evaluations for discussion about TIA/EIA standard as it applies to this Section. Paint and label colors for equipment identification shall comply with TIA/EIA-606-A for Class 3 level of administration including optional identification requirements of this standard.

C. Comply with requirements in Division 27 Section Horizontal Cabling System.

D. Cable Schedule: Install in a prominent location in each equipment room and wiring closet. List incoming and outgoing cables and their designations, origins, and destinations. Protect with

rigid frame and clear plastic cover. Furnish an electronic copy of final comprehensive schedules for Project.

E. Cabling Administration Drawings: Show building floor plans with cabling administration-point labeling. Identify labeling convention and show labels for telecommunications closets, backbone pathways and cables, entrance pathways and cables, terminal hardware and positions, horizontal cables, work areas and workstation terminal positions, grounding buses and pathways, and equipment grounding conductors.

F. Labels shall have an adhesive backing for permanent attachment where required.

G. All labels shall be of sufficient size. All labels shall be easily readable from floor level when viewing a backboard, panel, or communications outlet from the front.

H. Labels attached to riser cable bundles shall be installed on a label holder of sufficient size. Label holder to be plastic and have tie wrapping provisions.

I. All labels shall be installed straight.

J. Text shall be as large and as bold as possible.

K. Labels shall be preprinted or computer-printed type with printing area and font color that contrasts with cable jacket color but still complies with requirements in TIA/EIA 606-A, for the following:

1. Cables use flexible vinyl or polyester that flexes as cables are bent.

L. The following items shall receive labeling:

1. Raceways (both ends).
2. Backbone cables.
3. Fiber strands.
4. Patch panels.
5. Patch panel ports.
6. Firestop locations

M. Cable and Wire Identification:

1. Label each cable within 4 inches of each termination and tap, where it is accessible in a cabinet or junction or outlet box, and elsewhere as indicated.
2. Each wire connected to building-mounted devices is not required to be numbered at device if color of wire is consistent with associated wire connected and numbered within panel or cabinet.
3. Exposed Cables and Cables in Cable Trays and Wire Troughs: Label each cable at intervals not exceeding 15 feet.
4. Label each terminal strip and screw terminal in each cabinet, rack, or panel.

5. Individually number wiring conductors connected to terminal strips and identify each cable or wiring group being extended from a panel or cabinet to a building-mounted device with name and number of particular device as shown.
6. Label each unit and field within distribution racks and frames.
7. Identification within Connector Fields in Equipment Rooms and Wiring Closets: Label each connector and each discrete unit of cable-terminating and connecting hardware. Where similar jacks and plugs are used for both voice and data communication cabling, use a different color for jacks and plugs of each service.

3.7 Constructing Names:

A. Example name for backbone cables and pathways (label both ends within 12" of termination):

1. 0053-1A/0053-3B,FSM1
2. This element starts in building 0053 TR1A and ends in building 0053 TR3B. This element is a fiber optic cable singlemode and is index 1.

B. The following is a list of backbone cable and pathway elements:

1. FMM = fiber multimode.
2. FSM = fiber singlemode.
3. FCM = fiber composite.
4. CUT = copper unshielded twisted pair.
5. CVI = copper voice panel interconnect cable.
6. PCO = pathway conduit.
7. TBB = telecommunications bonding backbone.

C. Example name for equipment:

1. 0053-2C-PRK1
2. This element starts in building 0053 TR2C and is a pathway rack and is index 1.

D. The following is a list of equipment elements:

1. PRK = pathway rack.
2. TGB = telecommunications grounding busbar.
3. TMGB = telecommunications main grounding busbar.
4. FPL = fiber panel.
5. CPL = copper twisted pair panel.
6. WCPL = wall-mounted copper twisted pair panel.

3.8 Field Quality Control:

A. Data for each measurement shall be documented. Data for submittals shall be printed in a summary report that is formatted similar to Table 10.1 in BICSI TDMM, or transferred from the instrument to the computer, saved as text files, and printed and submitted.

B. Remove and replace cabling where test results indicate that they do not comply with specified requirements.

C. End-to-end cabling will be considered defective if it does not pass tests and inspections.

D. Prepare test and inspection reports.

E. Optical Fiber Cable Field Testing:

1. Test instruments shall meet or exceed applicable requirements in TIA/EIA-568-C.1. Use only test cords and adapters that are qualified by test equipment manufacturer for channel or link test configuration.
2. Link End-to-End Attenuation Tests:

a. Horizontal and multimode backbone link measurements: Test at 850 or 1300 nm in 1 direction according to TIA/EIA-526-14-A, Method B, One Reference Jumper.

b. Attenuation test results for backbone links shall be less than 1.0 dB. Attenuation test results shall be less than that calculated according to equation in TIA/EIA-568-C.1.

3.9 Patch Cord Delivery:

A. Deliver all patch cords to the Owner along with a typed inventory of the patch cords broken down by type and length as scheduled on the drawings. The Contractor shall provide a copy of the inventory, signed by the Owner, in the O&M Manuals.

3.10 Owner Personnel Training:

A. After Substantial Completion but before Final Completion, provide on-site training to Owner personnel on the operation and use of the system. Provide one copy of the training material.

B. The Engineer shall be notified prior to training and may participate in training at their discretion.

C. The instruction shall be presented in an organized and professional manner by personnel who are thoroughly familiar with the structured cabling system installation and who have demonstrated knowledge in the data equipment specified for installation under the project.

D. Training shall include a "walk-through" of the systems to identify and locate closets, panels, and important system components, a discussion of overall system concepts and configuration, specific instruction in labeling, a review of the as-built drawings, a review of the system verification and acceptance documentation, and guidelines for basic trouble-shooting and operation of the structured cabling system.

E. The Contractor shall provide documentation of training (including names of personnel present at each training session) to the Engineer at the Final Completion Inspection. The documentation shall be signed-off by the Owner. The documentation shall be three-hole punched and ready for insertion in the O&M manuals.

END OF SECTION

SECTION 271500 - HORIZONTAL CABLING SYSTEM

PART 1 - GENERAL

1.1 Related Documents:

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

1.2 Summary:

A. This Section includes:

1. Pathways.
2. UTP cabling.
3. Coaxial cable
4. Cable connecting hardware, patch panels, and cross-connects.
5. Telecommunications outlet/connectors.
6. Fire-stopping products.
7. Identification products.
8. Cable management system.
9. Cable testing.

1.3 System Description:

A. The work consists of all labor, materials, equipment and services necessary to provide, install, test and certify a new horizontal cabling system as described in the contract documents.

B. The installation shall include all accessories and appurtenances required to provide a complete and operational system. Any materials not specifically mentioned in these specifications or not shown on the drawings, but required for a complete and finished installation shall be furnished and installed at no additional cost to the Owner.

C. The installed system shall be a complete and warranted Category 6A horizontal cabling system solution with all outlet and termination hardware and cable assemblies provided by one single manufacturer. Cabling shall be by the same manufacturer or by a cable manufacturer approved by the connectivity manufacturer for that particular system solution.

D. Horizontal cable and its connecting hardware provide the means of transporting signals between the telecommunications outlet/connector and the horizontal cross-connect located in the TR. This cabling and its connecting hardware are called "permanent link," a term that is used in the testing protocols.

1. TIA/EIA-568-B.1 requires that a minimum of two telecommunications outlet/connectors be installed for each work area.
2. Horizontal cabling shall contain no more that one transition point or consolidation point between the horizontal cross-connect and the telecommunications outlet/connector.
3. Bridged taps and splices shall not be installed in the horizontal cabling.

E. A work area is approximately 100 sq. ft., and includes the components that extend from the telecommunications outlet/connectors to the station equipment.

F. The maximum allowable horizontal cable length is 295 feet. This maximum allowable length does not include an allowance for the length of 16 feet to the workstation equipment. The maximum allowable length does not include an allowance for the length of 16 feet in the horizontal cross-connect.

1.4 System Solution:

A. Provide one of the following solutions:

1. Panduit, TX 6000.
2. General Cable Genspeed 6000 Enhanced.
3. Or by connective device approved cabling.
4. Berk-tek / Ortronics, Netclear GT2
5. Comm Scope, Uniprise.

1.5 Performance Requirements:

A. The installation shall be in compliance with the requirements of the National Electrical Code, Standard Building Code and OSHA recommendations, and the rules, regulations and requirements of Federal Communications Commission.

B. The installation shall comply fully with all county, city, and state laws and ordinances, regulations and codes applicable to the installation.

C. Local electrical and building codes may differ with national codes. Follow the most stringent code or recommendations. Where there are instances of ambiguity, refer to the Owner/Engineer for interpretation.

D. All equipment shall be equal to or exceed the minimum requirements of NEMA, IEEE, ASME, ANSI, TIA/EIA and Underwriters' Laboratories.

E. Should any change in plans or specifications be required to comply with governmental regulations, the Contractor shall notify the Owner at the time of submitting the construction schedule.

F. All work done under this contract shall be performed in accordance with the most recent issue of the codes, standards and guidelines stated in section 270000. Where there is a perceived conflict between a standard or guideline and the contract documents, the Contractor shall perform the work as directed by the Engineer.

G. General Performance: Horizontal cabling system shall comply with transmission standards in TIA/EIA-568-C.1, when tested according to test procedures of this standard.

1.6 Special Structured Cabling System Warranty

A. The Contractor shall warrant the entire structured cabling system (End-to-End Certification) under the manufacturer's systems warranty for a minimum period of 15 years. The warranty will begin on the first day after final acceptance. The warranty shall include cable and connectivity components and have one point of contact for all cabling system issues. The warranty shall include materials, parts and labor. If any failure or defect occurs within the warranty period, the contractor and/or manufacturers shall remedy it within 48 hours at no cost to the owner, or any owner representative or consultant. Structured cabling systems warranty shall cover cable, connecting hardware and the labor cost for the repair or replacement.

1.7 Approval Submittals:

A. Product Data: Submit manufacturer's technical product data, specifications and installation instructions for each type of product indicated.

B. Shop Drawings:

1. System Labeling Schedules: Electronic copy of labeling schedules, in software and format selected by Owner.

C. Qualification Data: For Installer, qualified layout technician, installation supervisor, and testing supervisor.

D. Samples: For workstation outlets, jacks, jack assemblies, in specified finish, one for each size and outlet configuration and faceplates for color selection and evaluation of technical features.

E. Test Reports and Verification Submittals:

1. Cable Field Testing: Submit as described in these specifications.
2. Training: Submit letter verifying that Owner training has been received as described in these specifications.

F. O&M Data Submittals:

1. Submit as described in these specifications.

1.8 Quality Assurance:

A. Installer Qualifications: Cabling Installer must have personnel certified by BICSI on staff.

1. Layout Responsibility: Preparation of Shop Drawings by an RCDD.

2. Installation Supervision: Installation shall be under the direct supervision of a Level 2 Installer who shall be present at all times when Work of this Section is performed at Project site.

3. Testing Supervisor: Currently certified by BICSI as an RCDD to supervise on-site testing.

B. Electrical Components, Devices, and Accessories: Listed and labeled as defined in NFPA 70, by a qualified testing agency, and marked for intended location and application.

C. Telecommunications Pathways and Spaces: Comply with TIA/EIA-569-A.

D. Grounding: Comply with ANSI-J-STD-607-A.

1.9 Project Conditions:

A. Environmental Limitations: Do not deliver or install cables and connecting materials until wet work in spaces is complete and dry, and temporary HVAC system is operating and maintaining ambient temperature and humidity conditions at occupancy levels during the remainder of the construction period.

1.10 Coordination:

A. Coordinate layout and installation of telecommunications pathways and cabling with Owner's telecommunications and LAN equipment and service suppliers.

PART 2 - PRODUCTS

2.1 Pathways:

A. General Requirements: Comply with TIA/EIA-569-A.

B. Cable Support: NRTL labeled for support of Category 6A cabling, designed to prevent degradation of cable performance and pinch points that could damage cable.

C. Inside TRs:

1. Support brackets with cable tie slots for fastening cable ties to brackets.
2. Lacing bars, spools and D-rings.
3. Straps and other devices.
4. Cable trays.
5. Ladder trays.

D. Outside TRs:

1. Horizontal cabling shall be routed in 1 inch or larger EMT conduit from outlet boxes to jhooks, then in cable trays to the serving TR. Outlet boxes shall be a minimum of 4 inches by 4 inches by 2 1/8 inches. Conduit materials shall be as specified in section 26 05 30.

2.2 UTP Cable:

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. Ortronics, Inc., or Ortronics approved system partner.
2. General Cable Corporation or approved system partner.
3. PAN-NET Panduit Corp., or Panduit approved system partner.
4. Amp/Netconnect or Amp/Netconnect approved system partner.

B. Category 6A Horizontal Cable:

1. 100-ohm, four unshielded twisted pairs of 23 AWG copper, insulated solid conductors enclosed by an overall jacket.
2. Cable outside diameter shall not exceed 0.250 inches.
3. The cable shall exceed the requirements of ANSI/TIA/EIA-568-C.2.
4. Plenum (CMP) rated.
5. Cable jacket color shall be blue unless noted otherwise.
6. Supports the following applications: Ethernet 10Base-T, 100Base-T (Fast Ethernet), 1000Base-T (Gigabit Ethernet), 10G BASE-T; POE+, POE++; 1.2 Gb/s ATM; Token Ring 4/16; digital video; and broadband/baseband analog video.
7. Performance tested to 650 MHz.
   a. Gel filled cable to be used for all underground cabling requirements between buildings and cabling serving in-grade floor boxes.

2.3 UTP Cable Hardware:

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following:

1. Ortronics, Inc., or Ortronics approved system partner.
2. Panduit Corp., or Panduit approved system partner.
3. Comm Scope or Comm Scope approved system partner.

B. General Requirements for Cable Connecting Hardware: Comply with TIA/EIA-568-B.2, IDC type, with modules designed for punch-down caps or tools. Cables shall be terminated with connecting hardware of same category or higher.

C. Work Area Outlets (WAOs):

1. Accommodate up to 6-ports per gang.
2. Have labels for circuit identification with a clear plastic cover and tool-less removal
3. Have stainless steel and gravity feed versions available.
4. Have surface mount boxes and standoff rings available for both single and double gang faceplates.
5. Have rear protective strain relief caps with side or rear entry, which can be installed onto cable before or after termination.
6. Support T568A or T568B wiring.
7. Allow jack installation from the front or rear of the faceplate, and allow for the jack to pass through the faceplate without re-termination.

D. Copper Patch Panels:

1. Use the same modular jacks used in the WAOs.
2. Black aluminum construction.
3. 24 (1 RU), 48 (2 RU) and 72 (3 RU) port configurations.
4. Allow terminated jacks to pass through panel for easy rearrangement without re-termination.
5. Have a rear wire management bar.
6. Provided with labels and self-adhesive clear label holders.

2.4 Patch Cords:

A. Category 6A UTP modular patch cable:

1. Assembly shall meet TIA/EIA-568-C.2 Category 6A standard, factory assembled and tested.

2. 23 AWG stranded, 4 pair.
3. Gold plated plug contacts
4. Universal T568A/B compatibility.
5. Modular and snag-less 8 position plug (RJ45) on each end.

6. PVC jacket.
7. No protective boot.
8. Panduit TX6 plus, or Siemon Network Communication or approved connective manufactures patch cables.

2.5 Other Equipment:

A. Grounding Products:

1. All grounding products used shall comply with J-STD-607A.
2. Cables shall be insulated (green) with stranded copper conductors.

B. Fire-stopping Products:

1. Manufacturers: Subject to compliance with requirements, provide products by one of the following:
2. S.T.I.
3. 3M.
4. Wiremold.

C. Cable Ties:

1. Provide hook and loop cable ties. Provide plenum rated where required.

2.6 Identification Products:

A. Comply with TIA/EIA-606-A and UL 969 for a system of labeling materials, including label stocks, laminating adhesives, and inks used by label printers.

PART 3 - EXECUTION

3.1 Wiring Methods:

A. Wiring Method: Install cables in raceways except within TRs. Conceal raceway and cables except in unfinished spaces.

B. Wiring within Enclosures: Bundle, lace, and train cables within enclosures. Connect to terminal points with no excess and without exceeding manufacturer's limitations on bending radii. Provide and use lacing bars and distribution spools.

3.2 Installation of Pathways:

A. Comply with TIA/EIA-569-A for pull-box sizing and length of conduit and number of bends between pull points.

B. Install manufactured conduit sweeps and long-radius elbows whenever possible.

C. Pathway Installation in TRs:

1. Position conduit ends adjacent to a corner on backboard where a single piece of plywood is installed, or in the corner of room where multiple sheets of plywood are installed around perimeter walls of room.
2. Secure conduits to backboard when entering room from overhead.
3. Extend conduits above finished floor.
4. Install metal conduits with grounding bushings and connect with grounding conductor to grounding system.

3.3 Installation of Cables:

A. Comply with NECA 1.

B. General Requirements for Cabling:

1. Comply with TIA/EIA-568-B.1.
2. Comply with BICSI ITSIM, Ch. 6, "Cable Termination Practices."
3. Install 110-style IDC termination hardware unless otherwise indicated.
4. Terminate all conductors; no cable shall contain unterminated elements. Make terminations only at indicated outlets, terminals, cross-connects, and patch panels.
5. Cables may not be spliced. Secure and support cables at intervals not exceeding 12 inches and not more than 6 inches from cabinets, boxes, fittings, outlets, racks, frames, and terminals.
6. Install lacing bars to restrain cables, to prevent straining connections, and to prevent bending cables to smaller radii than minimums recommended by manufacturer.
7. Bundle, lace, and train conductors to terminal points without exceeding manufacturer's limitations on bending radii, but not less than radii specified in BICSI ITSIM, "Cabling Termination Practices" Chapter. Use lacing bars and distribution spools.
8. Do not install bruised, kinked, scored, deformed, or abraded cable. Do not splice cable between termination, tap, or junction points. Remove and discard cable if damaged during installation and replace it with new cable.
9. Cold-Weather Installation: Bring cable to room temperature before dereeling. Heat lamps shall not be used for heating.
10. In TRs, install a 10 foot long service loop on each end of cable.
11. Support all cable not installed in conduit or cable tray using cable support brackets and D-rings installed on 12” centers minimum.
12. All cables shall be bundled and cable tie wrapped together. Cables shall be separately bundled with like cables (e.g., multimode fiber, single mode fiber, voice backbone,

horizontal cables). Velcro tie wrapping shall occur on 12 inch (6 inch for vertical cable runs) intervals throughout the TRs unless noted otherwise. Tie wraps should not bite into the cable insulation, but should form securely around the cables so as not to depress the cable.

13. All cables shall be neatly bundled and cable tie wrapped down to the racks and patch panels. Group horizontal cables with not more than 24 cables per bundle.
14. Route cables along cable rack trays in a neat and straight order in 24 cable bundles. Use drop out shields to protect cables as they drop out of cable trays or cable rack trays. Use rear of vertical cable management rails at racks to support and manage cables terminated to rear of patch panels. Maintain a neat and straight order of the cables inside the cable management rails. Adjust length of cables terminating on the rear of patch panels so that cables exit out of vertical cable management rail, fan into the proper port and are punched down in the proper order.
15. Pulling Cable: Comply with BICSI ITSIM, Ch. 4, "Pulling Cable." Monitor cable pull tensions.

C. UTP Cable Installation:

1. Comply with TIA/EIA-568-B.2.
2. Do not untwist UTP cables more than 2 inch from the point of termination to maintain cable geometry.

D. Open-Cable Installation:

1. Install cabling with horizontal and vertical cable guides in telecommunications spaces with terminating hardware and interconnection equipment.

E. Separation from EMI Sources:

1. Comply with BICSI TDMM and TIA/EIA-569-A recommendations for separating unshielded copper voice and data communication cable from potential EMI sources, including electrical power lines and equipment.
2. Separation between open communications cables or cables in nonmetallic raceways and unshielded power conductors and electrical equipment shall be as follows:

    a. Electrical Equipment Rating Less Than 2 kVA: A minimum of 5 inches.
    b. Electrical Equipment Rating between 2 and 5 kVA: A minimum of 12 inches.
    c. Electrical Equipment Rating More Than 5 kVA: A minimum of 24 inches.

3. Separation between communications cables in grounded metallic raceways and unshielded power lines or electrical equipment shall be as follows:

    a. Electrical Equipment Rating Less Than 2 kVA: A minimum of 2-1/2 inches.
    b. Electrical Equipment Rating between 2 and 5 kVA: A minimum of 6 inches.
    c. Electrical Equipment Rating More Than 5 kVA: A minimum of 12 inches.

4. Separation between communications cables in grounded metallic raceways and power lines and electrical equipment located in grounded metallic conduits or enclosures shall be as follows:

    a. Electrical Equipment Rating Less Than 2 kVA: No requirement.
    b. Electrical Equipment Rating between 2 and 5 kVA: A minimum of 3 inches.
    c. Electrical Equipment Rating More Than 5 kVA: A minimum of 6 inches.

5. Separation between Communications Cables and Electrical Motors and Transformers, 5 kVA or HP and Larger: A minimum of 48 inches.

6. Separation between Communications Cables and Fluorescent Fixtures: A minimum of 5 inches.

3.4 Firestopping:

A. Comply with TIA/EIA-569-A, Annex A, "Firestopping."

B. Comply with BICSI TDMM, "Firestopping Systems" Article.

3.5 Grounding:

A. Install grounding according to BICSI TDMM, "Grounding, Bonding, and Electrical Protection" Chapter.

B. Comply with ANSI-J-STD-607-A.

C. Bond metallic equipment to the grounding bus bar, using not smaller than No. 6 AWG equipment grounding conductor. Do not loop grounds. Ground all racks, punchdown block towers, etc individually from busbar. Route along rack rear across runway and to busbar.

3.6 Identification:

A. Identify system components, wiring, and cabling complying with TIA/EIA-606-A.

1. Administration Class: 3.
2. Color-code cross-connect fields and apply colors to voice and data service backboards, connections, covers, and labels.

B. See Division 27 Section Backbone Cabling System for additional identification requirements. See Evaluations for discussion about TIA/EIA standard as it applies to this Section. Paint and label colors for equipment identification shall comply with TIA/EIA-606-A for Class 3 level of administration including optional identification requirements of this standard.

C. Comply with requirements in Division 27 Section Backbone Cabling System.

D. Cable Schedule: Install in a prominent location in each equipment room and wiring closet. List incoming and outgoing cables and their designations, origins, and destinations. Protect with rigid frame and clear plastic cover. Furnish an electronic copy of final comprehensive schedules for Project.

E. Cabling Administration Drawings: Show building floor plans with cabling administration-point labeling. Identify labeling convention and show labels for telecommunications closets, backbone pathways and cables, entrance pathways and cables, terminal hardware and positions, horizontal cables, work areas and workstation terminal positions, grounding buses and pathways, and equipment grounding conductors.

F. Labels shall have an adhesive backing for permanent attachment where required.

G. All labels shall be of sufficient size. All labels shall be easily readable from floor level when viewing a backboard, panel, or communications outlet from the front.

H. All labels shall be installed straight.

I. Provide temporary labels on all horizontal cables as they are roughed-in.

J. Text shall be as large and as bold as possible.

K. Labels shall be preprinted or computer-printed type with printing area and font color that contrasts with cable jacket color but still complies with requirements in TIA/EIA 606-A, for the following:

1. Cables use flexible vinyl or polyester that flexes as cables are bent.

L. The following items shall receive labeling:

1. Cables.
2. Raceways (both ends).
3. Patch panels.
4. Patch panel ports.
5. Firestop locations.

M. Cable and Wire Identification:

1. Label each cable within 4 inches of each termination and tap, where it is accessible in a cabinet or junction or outlet box, and elsewhere as indicated.
2. Each wire connected to building-mounted devices is not required to be numbered at device if color of wire is consistent with associated wire connected and numbered within panel or cabinet.
3. Exposed Cables and Cables in Cable Trays and Wire Troughs: Label each cable at intervals not exceeding 15 feet.

4. Label each terminal strip and screw terminal in each cabinet, rack, or panel.
5. Individually number wiring conductors connected to terminal strips and identify each cable or wiring group being extended from a panel or cabinet to a building-mounted device with name and number of particular device as shown.
6. Label each unit and field within distribution racks and frames.
7. Identification within Connector Fields in Equipment Rooms and Wiring Closets: Label each connector and each discrete unit of cable-terminating and connecting hardware. Where similar jacks and plugs are used for both voice and data communication cabling, use a different color for jacks and plugs of each service.

3.7 Constructing Names:

A. Example name for equipment:

1. 0053-2C-CPL1A
2. This element starts in building 0053 TR2C and is a copper twisted pair patch panel located in rack 1 and is index A.

B. The following is a list of equipment elements:

1. WAO = work area outlet.
2. CPL = copper twisted pair panel.

C. Example name for horizontal cable:

1. 0053-1A-2D38
2. This horizontal cable terminates in building 0053 TR1A, in pathway rack #2, in horizontal patch panel D, port 38.

3.8 Field Quality Control:

A. Perform the following tests and inspections.

1. Visually inspect UTP and optical fiber jacket materials for NRTL certification markings. Inspect cabling terminations in communications equipment rooms for compliance with color-coding for pin assignments, and inspect cabling connections for compliance with TIA/EIA-568-B.1.
2. Visually inspect cable placement, cable termination, grounding and bonding, equipment and patch cords, and labeling of all components.

B. UTP Performance Field Tests:

1. Test for each outlet. Perform the following tests according to TIA/EIA-568-C.1 and TIA/EIA-568-C.2:

a. Wire map.
b. Length (physical vs. electrical, and length requirements).
c. Insertion loss.
d. Near-end crosstalk (NEXT) loss.
e. Power sum near-end crosstalk (PSNEXT) loss.
f. Equal-level far-end crosstalk (ELFEXT).
g. Power sum equal-level far-end crosstalk (PSELFEXT).
h. Return loss.
i. Propagation delay.
j. Delay skew.

C. Data for each measurement shall be documented. Data for submittals shall be printed in a summary report that is formatted similar to Table 10.1 in BICSI TDMM, or transferred from the instrument to the computer, saved as text files, and printed and submitted.

D. Remove and replace cabling where test results indicate that they do not comply with specified requirements.

E. End-to-end cabling will be considered defective if it does not pass tests and inspections.

F. Prepare test and inspection reports.

3.9 Patch Cord Delivery:

A. Deliver all patch cords to the Owner along with a typed inventory of the patch cords broken down by type and length as scheduled on the drawings. The Contractor shall provide a copy of the inventory, signed by the Owner, in the O&M Manuals.

3.10 Owner Personnel Training:

A. After Substantial Completion but before Final Completion, provide on-site training to Owner personnel on the operation and use of the system. Provide one copy of the training material.

B. The Engineer shall be notified prior to training and may participate in training at their discretion.

C. The instruction shall be presented in an organized and professional manner by personnel who are thoroughly familiar with the structured cabling system installation and who have demonstrated knowledge in the data equipment specified for installation under the project.

D. Training shall include a "walk-through" of the systems to identify and locate closets, panels, and important system components, a discussion of overall system concepts and configuration,

specific instruction in labeling, a review of the as-built drawings, a review of the system verification and acceptance documentation, and guidelines for basic trouble-shooting and operation of the structured cabling system.

E. Engage a factory-authorized service representative to train Owner's maintenance personnel in cable-plant management operations, including changing signal pathways for different workstations, rerouting signals in failed cables, and keeping records of cabling assignments and revisions when extending wiring to establish new workstation outlets. Include training in cabling administration software.

F. The Contractor shall provide documentation of training (including names of personnel present at each training session) to the Engineer at the Final Completion Inspection. The documentation shall be signed-off by the Owner. The documentation shall be three-hole punched and ready for insertion in the O&M manuals.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-16090 **County Administrator's Report 10. 16.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 05/16/2019
Issue: Purchase of Four 2019 Model Pierce Fire Engines
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator - Lovoy
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Issuance of a Purchase Order for Four 2019 Model Pierce Fire Engines for the Public Safety - Fire Department - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action regarding the purchase of four 2019 Model Pierce Fire Engines:

A. Authorize the County to utilize the National Purchasing Partners (NPP) d/b/a NPPGov, a national competitively solicited purchasing cooperative, Contract Number 1420, Specification 2.1, in accordance with Escambia County, Florida, Code of Ordinances, Chapter 46, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Board approval; and

B. Authorize the issuance of a Purchase Order for the purchase of four 2019 Model Pierce Fire Engines for the Public Safety - Fire Department of Escambia County, Florida, to Ten-8 Fire Equipment, Inc., in the amount of $2,036,267.10, according to the specification outlines in Solicitation PD 18-19.047.

There are no local businesses able to sell a new fire truck, therefore the Board-adopted policy regarding local businesses having the opportunity to bid in not applicable.

[Funding:
Fund 352, LOST III; Cost Center 330228, Fire Services Cap Project; Object Code 56401, Machinery and Equipment; Project Code 08FS0018 Vehicle/Apparatus Replacement $633,000; and

Fund 353, LOST IV; Cost Center 330434, Public Safety Cap Project; Object Code

56401, Machinery and Equipment; Project Code 19FS0429, Vehicle/Apparatus Replacement $1,403,267.10
Total: $2,036,267.10]

BACKGROUND:

In compliance with the department's apparatus replacement plan, the following front line apparatus are being replaced and will be assigned to a reserve status in the fleet. The current apparatus replacement plan follows industry standards with 10 years of front line service and 5 years of reserve service. Other considerations for replacement of apparatus are mileage, engine hours, and annual repair and maintenance costs.

The purchase of the "standard engine" will replace the current "rescue engine" assigned to Escambia County Fire Rescue Station 11 (Myrtle Grove - District 2). The current front line engine is a 2004 model year apparatus and has in excess of 100,000 miles.

One of the two "rescue engines" being purchased will replace the current front line engine assigned to Station 6 (Ensley - District 3), which is a 2011 model year apparatus and has in excess of 100,000 miles. The other "rescue engine" will replace the front line engine assigned to Station 18 (Molino - District 5), which is a 2003 model year apparatus with in excess of 100,000 miles.

The "squad engine" will replace a rescue engine currently assigned to Station 14 (Pleasant Grove - District 2), which is a 2002 model year apparatus which has in excess of 100,000 miles.

The replacement of these apparatuses will provide the safe, efficient, dependable, state-of-the-art equipment on which our firefighters depend to get them to the scene and provide water when necessary for the extinguishment of fires. Having apparatuses under warranty will also decrease repair and maintenance costs which have increased significantly do to the aging fleet.

BUDGETARY IMPACT:

Fund 352, LOST III; Cost Center 330228, Fire Services Cap Project; Object Code 56401, Machinery and Equipment; Project Code 08FS0018 Vehicle/Apparatus Replacement $633,000.00

Fund 353, LOST IV; Cost Center 330434, Public Safety Cap Project; Object Code 56401, Machinery and Equipment; Project Code 19FS0429, Vehicle/Apparatus Replacement $1,403,267.10

Total: $2,036,267.10

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This recommendation is in compliance with the Code of Ordinances of Escambia County, Florida 1999, Chapter 46, Finance, Article II, Section 46-44, Application; Exemptions; and Section 46-64, Award approval and threshold authority

IMPLEMENTATION/COORDINATION:

The Office of Purchasing will issue the Purchase Order.

Equipment Proposal

This Equipment Proposal (the "Proposal") has been prepared by Ten-8 Fire Equipment, Inc. ("Company") in response to the undersigned Customer's request for a proposal. This Proposal is comprised of the special terms set forth below, the Proposal Option List, Warranty, and Company's Purchasing Terms and Conditions. Through its signature below or other Acceptance (as defined below), Customer acknowledges having received, read and being bound by this Proposal, all attachments and Company's Purchasing Terms and Conditions.

Date: March 18, 2019 ("Proposal Date") **Customer:** Escambia County Fire Rescue ("Customer")

Customer Address: 6575 North W Street, Pensacola, FL 32505

Quantity	Product Description & Options	Price
1	**Pierce Saber FR Rescue Engine,based National Purchasing Partners DBA**	**$376,067.00**
	NPPGov GPO Contract 1420 Spec 2.1 List Price $556,500.81	
	Dealer Supplied Equipment	**$13,019.57**
	Customer Specified Options per bid 941	**$177,900.00**
	Additional Dealer and Manufacturer Discount	**($61,957.00)**
	Sub total	**$505,029.57**
	Quantity two (2) units	**$1,010,059.14**
	Purchase Price:	**$1,010,059.14**

Delivery Timing: The Product described above in the Product Description and Options Section of this document will be built by and shipped from the manufacturer approximately 9 (months) after Company receives Customer's acceptance of this Proposal as defined below.

Other: Pricing includes GPO contract access fee.

Unless accepted within 45 days from date of proposal, the right is reserved to withdraw this proposal.

ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN COMPANY AND CUSTOMER. "ACCEPTANCE" MEANS THAT CUSTOMER DELIVERS TO COMPANY: (A) A PROPOSAL SIGNED BY AN AUTHORIZED REPRESENTATIVE, OR (B) A PURCHASE ORDER INCORPORATING THIS PROPOSAL, WHICH IS DULY APPROVED, TO THE EXTENT APPLICABLE, BY CUSTOMER'S GOVERNING BOARD. ACCEPTANCE OF THIS PROPOSAL IS EXPRESSLY LIMITED TO THE TERMS CONTAINED IN THIS PROPOSAL AND COMPANY'S PURCHASING TERMS AND CONDITIONS. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER'S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and Company have each caused this Proposal to be executed by their duly authorized representatives as of date of the last signature below.

EXHIBIT B

WARRANTY

Fire and Rescue Apparatus

One (1) Year Material and Workmanship Basic Apparatus

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Twelve (12) months.
Conditions and Exclusions: See Also Paragraphs 2 thru 4	No specific exclusions apply

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Lifetime Fifty (50) Year Structural Integrity
Custom Chassis Frame
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Custom chassis frame rail manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Fifty (50) Years (Expected Life of Apparatus)
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity

Custom Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Pierce Custom Cab shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the cab tubular support and mounting structures and other structural components of the cab of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity
Apparatus Body
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The apparatus body shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the body tubular support and mounting structures and other structural components of the body of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the cab painted by Pierce shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion

Custom Body

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the body shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

One (1) Year Material and Workmanship
Graphics Fading and Deterioration

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each graphic lamination shall be free from defects in material, workmanship, fading, and deterioration.
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	One (1) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual).

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

NEW PRODUCT WARRANTY

Allison Transmission.

PARTICIPATING OEM SALES
DISTRIBUTOR SALES

LIMITED WARRANTY ON NEW ALLISON AUTOMATIC TRANSMISSIONS USED IN EMERGENCY VEHICLE APPLICATIONS

Allison Transmission will provide for repairs or replacement, at its option, during the warranty period of each new Allison transmission listed below that is installed in an Emergency Vehicle in accordance with the following terms, conditions, and limitations.

WHAT IS COVERED

- **WARRANTY APPLIES** — This warranty is for new Allison transmission models listed below installed in an Emergency Vehicle and is provided to the original and any subsequent owner(s) of the vehicle during the warranty period.
- **REPAIRS COVERED** — The warranty covers repairs or replacement, at Allison Transmission's option, to correct any transmission malfunction resulting from defects in material or workmanship occurring during the warranty period. Needed repairs or replacements will be performed using the method Allison Transmission determines most appropriate under the circumstances.
- **TOWING** — Towing is covered to the nearest Allison Transmission Distributor or authorized Dealer only when necessary to prevent further damage to your transmission.
- **PAYMENT TERMS** — Warranty repairs, including parts and labor, will be covered per the schedule shown in the chart contained in section "APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE."
- **OBTAINING REPAIRS** — To obtain warranty repairs, take the vehicle to any Allison Transmission Distributor or authorized Dealer within a reasonable amount of time and request the needed repairs. A reasonable amount of time must be allowed for the Distributor or Dealer to perform necessary repairs.
- **TRANSMISSION REMOVAL AND REINSTALLATION** — Labor costs for the removal and re-installation of the transmission, when necessary to make a warranty repair, are covered by this warranty.
- **WARRANTY PERIOD** — The warranty period for all coverages shall begin on the date the transmission is delivered to the first retail purchaser, with the following exception:

  Demonstration Service - A transmission in a new truck or bus may be demonstrated to a total of 5000 miles (8000 kilometers). If the vehicle is within this limit when sold to a retail purchaser, the warranty start date is the date of purchase. Normal warranty services are applicable to the demonstrating Dealer. Should the truck or bus be sold to a retail purchaser after these limits are reached, the warranty period will begin on the date the vehicle was first placed in demonstration service and the purchaser will be entitled to the remaining warranty.

APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE

APPLICABLE MODELS	WARRANTY LIMITATIONS (Whichever occurs first)		ADJUSTMENT CHARGE TO BE PAID BY THE CUSTOMER	
	Months	Transmission Miles Or Kilometers	Parts	Labor
MT, MD 3000, 3200, 3500, 3700	0–24	No Limit	No Charge	No Charge
HT with Hydraulic Controls	0–24	No Limit	No Charge	No Charge
AT, 1000 Series™, 2000 Series™, 2400 Series™	0–36	No Limit	No Charge	No Charge
HT with Electronic Controls	0–60	No Limit	No Charge	No Charge
HD 1000 EVS, 2100 EVS, 2200 EVS 2350 EVS, 2500 EVS, 2550 EVS, 3000 EVS, 3500 EVS, 4000, 4000 EVS, 4500, 4500 EVS, 4700, 4700 EVS, 4800, 4800 EVS	0–60	No Limit	No Charge	No Charge

WHAT IS NOT COVERED

- **DAMAGE DUE TO ACCIDENT, MISUSE, or ALTERATION** — Defects and damage caused as the result of any of the following are not covered:
  - — Flood, collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle;
  - — Misuse of the vehicle;
  - — Installation into unapproved applications and installations;
  - — Alterations or modification of the transmission or the vehicle, and
  - — Damage resulting from improper storage (refer to long-term storage procedure outlined in the applicable Allison Service Manual)
  - — Anything other than defects in Allison Transmission material or workmanship

  NOTE: This warranty is void on transmissions used in vehicles currently or previously titled as salvaged, scrapped, junked, or totaled.
- **CHASSIS, BODY, and COMPONENTS** — The chassis and body company (assemblers) and other component and equipment manufacturers are solely responsible for warranties on the chassis, body, component(s), and equipment they provide. Any transmission repair caused by an alteration(s) made to the Allison transmission or the vehicle which allows the transmission to be installed or operated outside of the limits defined in the appropriate Allison Installation Guideline is solely the responsibility of the entity making the alteration(s).
- **DAMAGE CAUSED by LACK of MAINTENANCE or by the USE of TRANSMISSION FLUIDS NOT RECOMMENDED in the OPERATOR'S MANUAL** — Defects and damage caused by any of the following are not covered:
  - — Failure to follow the recommendations of the maintenance schedule intervals applicable to the transmission;
  - — Failure to use transmission fluids or maintain transmission fluid levels recommended in the Operator's Manual.
- **MAINTENANCE** — Normal maintenance (such as replacement of filters, screens, and transmission fluid) is not covered and is the owner's responsibility.
- **REPAIRS by UNAUTHORIZED DEALERS** — Defects and damage caused by a service outlet that is not an authorized Allison Transmission Distributor or Dealer are not covered.
- **USE of OTHER THAN GENUINE ALLISON TRANSMISSION PARTS** — Defects and damage caused by the use of parts that are not genuine Allison Transmission parts are not covered.
- **EXTRA EXPENSES** — Economic loss and extra expenses are not covered. Examples include but are not limited to: loss of vehicle use; inconvenience; storage; payment for loss of time or pay; vehicle rental expense; lodging; meals; or other travel costs.
- **"DENIED PARTY" OWNERSHIP** — Warranty repair parts and labor costs are not reimbursed to any participating or non-participating OEMs, dealers or distributors who perform warranty work for, or on behalf of, end users identified by the United States as being a "denied party" or who are citizens of sanctioned or embargoed countries as defined by the U.S. Department of Treasury Office of Foreign Assets Control. Furthermore, warranty reimbursements are not guaranteed if the reimbursement would be contrary to any United States export control laws or regulations as defined by the U.S. Department of Commerce, the U.S. Department of State, or the U.S. Department of Treasury.

OTHER TERMS APPLICABLE TO CONSUMERS AS DEFINED by the MAGNUSON-MOSS WARRANTY ACT

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Allison Transmission does not authorize any person to create for it any other obligation or liability in connection with these transmissions. **ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO THESE TRANSMISSIONS IS LIMITED IN DURATION TO THE DURATION OF THIS WRITTEN WARRANTY. PERFORMANCE OF REPAIRS AND NEEDED ADJUSTMENTS IS THE EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, LOST WAGES OR VEHICLE RENTAL EXPENSES) RESULTING FROM BREACH OF THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY.****

** Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

OTHER TERMS APPLICABLE TO OTHER END-USERS

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE ALLISON TRANSMISSION MODELS LISTED ABOVE AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALLISON TRANSMISSION DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATION OR LIABILITY IN CONNECTION WITH SUCH TRANSMISSIONS. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY.

QUESTIONS

If you have any questions regarding this warranty or the performance of warranty obligations, you may contact any Allison Transmission Distributor or Dealer or write to:

FOR IMMEDIATE RELEASE

5 YEAR WARRANTY FOR YOUR FIRE/RESCUE VEHICLE

Dana Holding Corporation's Commercial Vehicle Systems Group is pleased to announce a change in our standard warranty for fire/rescue vehicles. Starting in 2011, all steer and drive axle applications for fire or rescue vehicles will carry a minimum 5 year / 100,000 mile warranty. Additional 1 and 2 year extended warranty packages are available. (Applicable fees apply) That's a total of 7 years of warranty coverage. Our experience in extended warranty coverage's dates back to the mid 80's. Since then, we have pioneered many new programs designed to deliver warranties, which meet the demands of an ever-changing industry. From our first versions of the on/off-highway coverage's, to our more recent vocational warranties, customization and customer satisfaction, have always been our goals.

For further information and requirements, please go to www.roadranger.com.

24K STEER BEAM NOW AVAILABLE

Dana Holding Corporation is continually working with chassis manufactures to determine needs and how best to offer a solution. The amount of equipment has increased over the years and not all firehouses can accommodate a tandem axle vehicle. We have listened to your requests for a slightly higher front GAWR for single axle vehicles. Dana can now offer a front steer beam with a 5 ¼" drop at 24K GAWR. This will allow chassis manufactures to meet the limited length requirements while still carrying the same amount of equipment.

Please contact your Dana representative for further information

Van Buren Township, Michigan 48111
www.dana.com

New for 2011!

Dana Holding Corporation is pleased to announce a change in our standard warranty for fire/rescue vehicles. All steer and drive axles will now come with a 5 year / 100,000 mile warranty. For further information, please go to www.roadranger.com.

Dana Holding Corporation is working with chassis manufactures to supply a 24K front steer beam with a 5 ¼' drop. We have listened to your requests for a slightly higher GAWR for single axle aerials. Not all fire stations can accommodate a long wheel base application. This allows manufactures to meet the limited length requirements for smaller fire houses. Please submit your requests through our website. Please indicate on the application your need for 24K GAWR.

Finally, our drive axles will accommodate simultaneous auxiliary braking. Dana axles are built tough and were design with Telma retarders in mind. Submit your application for single or tandem designation.

Dana Holding Corporation will work with you to provide the best drive train solution with the best warranty in the fire/rescue industry. For additional information please contact:

Warranty Statement

Subject to the following general and specific terms and conditions, Hale, Inc. ("Hale") hereby warrants to the original Purchaser* that Products sold under Hale and Class 1 brands will be free of defects in material and workmanship for the applicable Warranty Period. General terms and conditions applicable for all Products are set forth under the heading **General Terms and Conditions** below. Product specific terms and conditions, including Warranty Periods and Warranty Coverages, are set forth in the Tables following the **General Terms and Conditions**.

General Terms and Conditions

The following limitations, exclusions, procedures and other terms and conditions shall apply for all Products:

Warranty is voided if:

- Product is used for an application, with products or in a manner other than the application, products and manner for which such Product is designed and intended
- Product is subjected to a use, service, condition or environment other than a use, service, condition or environment for which such Product is designed and intended
- Product is not properly installed
- Product is not properly maintained in accordance with Hale's instruction manual and industry standards
- Product is altered, modified, serviced (except routine maintenance performed in accordance with Hale's instruction manual for Product and Industry accepted standards and guidelines), or repaired by a person other than Hale or a person authorized by Hale to make such alteration or modification or perform such service or repair
- Hale is not paid the full amount of the purchase price for Product when due

No Warranty covers:

- Ordinary wear and tear
- Failure due to compliance with a specification or design provide or required by Purchaser
- Failure due to improper operation, excess pressure, excess voltage or other similar cause
- Failure due to operator error
- Damage during or after shipment and failure attributable thereto or resulting there from
- Failure attributable to or resulting from the failure or substandard, inadequate or improper performance of any part, component or equipment not supplied by Hale
- Failure attributable to or resulting from the failure or substandard, inadequate or improper performance of any third party (e.g., not Hale or Class 1 brand) part, component, product or equipment, whether or not combined, packaged, incorporated, installed or used with a Hale or Class 1 brand part, component, product or equipment.

Hale shall have no obligation under any Warranty unless Purchaser or its customer promptly notifies Hale of the failure giving rise to the Warranty claim, such notice is received by Hale within the applicable Warranty Period, and Hale is provided with such information, data and records (including, but not limited to, in service date, run hours, and service and repair records) as Hale may reasonable request in evaluating the Warranty claim. The notice of failure must be given in writing, identify the Product claimed to be defective (including serial number, if any), and describe in reasonable detail the circumstances surrounding the failure.

Repaired Product and replacement Product shall be warranted only for the remainder of the original Warranty Period.

---

* *The "Purchaser" is the original purchaser from Hale, whether the original purchaser is a distributor, dealer or other reseller, an OEM, or an end user.*

Hale reserves the right to use reconditioned parts for Warranty repairs and to use reconditioned Products for Warranty replacements.

Hale shall have the right to physically inspect Product claimed to be defective. If requested by Hale, Purchaser shall deliver the Product claimed to be defective to Hale at its manufacturing facility or to another party or location designated by Hale. In such event, Hale shall issue to Purchaser a Return Materials Authorization (RMA) for the Product to be delivered. The Product must be delivered to Hale within 30 days of issuance of the RMA. The RMA number must be included with the Product when delivered to Hale. Failure to make timely delivery to Hale of the Product claimed to be defective shall void any Warranty.

Purchaser or its customer shall be responsible for all freight and shipping changes in connection with the delivery of Product claimed to be defective to Hale at its manufacturing facility or to another party or location designated by Hale and the delivery of repaired or replacement Product or parts to Purchaser. Product claimed to be defective must be shipped by Purchaser freight prepaid. Repaired and replacement Product and parts therefore will be shipped to Purchaser freight collect. Purchaser shall bear all risk of loss or damage during shipment.

If requested to do so by Purchaser, Hale may, at its sole option and in its sole discretion, supply a replacement Product or part to Purchaser prior to making a final determination as to whether Warranty Coverage is available. If Hale ultimately determines that no Warranty Coverage is available for the Product claimed to be defective, whether the determination is based on the Warranty being voided, the Product failure being due to a cause not covered by the Warranty, the failure to make a timely and proper Warranty claim, or otherwise, Purchaser or its customer will be required to purchase the replacement Product or part that has been supplied to it by Hale at the price at which Purchaser is then entitled to purchase such Product or part under the Supply Agreement.

If Hale ultimately determines that no Warranty Coverage is available for a Product claimed to be defective, whether the determination is based on the Warranty being voided, the Product failure being due to a cause not covered by the Warranty, the failure to make a timely and proper Warranty claim, or otherwise, Purchaser shall have the option of either (i) having the Product returned to it freight collect, without repair or replacement, or (ii) if Hale determines that the Product is repairable, have the Product repaired by Hale or another party designated by it on a time and materials basis at Hale's then current standard charges for non-warranty repairs and then returned to Purchaser freight collect.

HALE'S WARRANTY AS SET FORTH HEREIN IS HALE'S SOLE AND EXCLUSIVE WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGMENT ALL OF WHICH OTHER WARRANTIES ARE EXPRESSLY EXCLUDED.

THE RIGHTS AND REMEDIES SET FORTH HEREIN ARE THE SOLE AND EXCLUSIVE RIGHTS AND REMEDIES AGAINST HALE. EXCEPT FOR THE SPECIFIC LIABILITIES AND OBLIGATIONS PROVIDED HEREIN, HALE SHALL HAVE NO LIABILITY OR OBLIGATION WITH RESPECT TO ANY PRODUCT CLAIMED TO BE DEFECTIVE IN ANY MANNER.

UNDER NO CIRCUMSTANCES SHALL HALE BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, LOST OR UNREALIZED SALES, REVENUES, PROFITS, INCOME, COST SAVINGS OR BUSINESS, LOST OR UNREALIZED CONTRACTS, LOSS OF GOODWILL, DAMAGE TO REPUTATION, LOSS OF PROPERTY, LOSS OF INFORMATION OR DATA, LOSS OF PRODUCTION, DOWNTIME, OR INCREASED COSTS, IN CONNECTION WITH ANY PRODUCT, EVEN IF HALE IS ADVISED OR PLACED ON NOTICE OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING THE FAILURE OF ANY ESSENTIAL PURPOSE OF ANY PRODUCT.

HALE, INC.			
Product Specific Warranty Terms and Conditions (January 1, 2013)			
Product *		**Warranty Period**	**Warranty Coverage ****
Pumps Mid-Ship, Rear Mount, and Booster (Excludes all Engine Driven Units)	Fire Service Applications (non-Marine)	Earlier of (i) 5 years from in service date of vehicle or equipment in which Product is initially installed, or (ii) 5-1/2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship.
			At time pump is ordered, original Purchaser may take Standard Warranty at no charge or purchase Extended Warranty for an additional charge which will be quoted by Hale at original purchaser's request at time of order.
			Under Standard Warranty, Hale will cover parts and labor for first 2 years of Warranty Period and parts only (no labor) for remainder of the Warranty Period .
			Under Extended Warranty (if purchased by original Purchaser), Hale will cover parts and labor for the full Warranty Period.
			When labor is covered, Service Provider will be reimbursed at Hale's then current standard labor hours and rates for labor to make repair (if not repaired by Hale) and to remove defective Product and re-install repaired or replacement Product. Hale's approval of repair estimate is required prior to performance of repair work. If applicable, actual mileage will be reimbursed at Hale's then current mileage reimbursement rate.
	Marine, Refueller and Other Applications	Earlier of (i) 2 years from the date of shipment of Product to original Purchaser, or (ii) 2,000 run hours .	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Engine Driven Units ***	Pump Ends Backpacks Floats	If not used for rental or contracting, 2 years from the date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. Repair labor is included, but any other labor (including removal and re-installation) and mileage are excluded. Service Provider will be reimbursed at Hale's then current standard labor hours and rates for labor to make repair (if not repaired by Hale). Hale's written authorization of repair estimate is required prior to performance of repair work.
		If used for rental or contracting, earlier of (i) 6 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	HP Portables	If not used for rental or contracting, 3 years from the date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
		If used for rental or contracting, earlier of (i) 6 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	Cross-Chassis Skids Trailer Units	Earlier of (i) 12 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.

HALE, INC. Product Specific Warranty Terms and Conditions (January 1, 2013)			
Product *		**Warranty Period**	**Warranty Coverage ****
Pump Modules Pump Body Weldments, Stainless Manifolds, and Fabricated Panels		10 years from the date of shipment of Product to original Purchaser	Repair or replacement of Product that Hale determines failed (including cracks resulting from stress and rust through of panels) during Warranty Period due to a defect in material or workmanship. No labor is included.
			Pump modules are built to original Purchaser's specification or design. Although individual Hale and Class 1 components used for pump modules comply with NFPA standards, pump modules are not NFPA compliant. Original Purchaser is solely responsible for (i) ensuring finished pump houses are NFPA complaint and adhere to industry accepted standards and guidelines, and (ii) supplying manuals that include appropriate directions, instructions and warnings concerning pump house operation.
Foam CAFS Systems, FoamLogix Proportioners, and EZ Fill		1 year from the date of shipment to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Pump Repair & Replacement Parts		90 days from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Pressure Gauges		3 years from date of shipment of Product to the original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Plumbing		2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Valves	SVS "Torrent" Valves	10 years from date of shipment of Product to original Purchaser on everything except seal. 2 years from date of shipment of Product to original Purchaser on seal.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	Class 1 Valves	10 years from date of shipment of Product to original Purchaser on everything except seal. No warranty on seal.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Electronics		2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.

* *When Products are combined to form a module or package, each Product will have its own separate Warranty Period and Warranty Coverage.*

** *For each Product, Hale will have the option to refund to Purchaser (in cash or by credit) the purchase price Hale was paid for such Product, less depreciation determined on a straight line basis over the Warranty Period, in lieu of repair or replacement (including, when applicable, labor). The decision whether to repair, replace or refund (and, if there is a refund, whether to refund in cash or by credit) shall be made by Hale in its sole discretion.*

*** *All engine related service, performance and warranty issues will be handled by the engine OEM or their local distributor.*

Fire and Rescue Apparatus

Ten (10) Year Material and Workmanship
Pierce 12V LED Strip Light

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Pierce 12V LED strip lights installed on the apparatus occuring during the warranty period.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Material and Workmanship
Stainless Steel Piping
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	**Stainless steel piping shall be free from structural failures caused by defects in material and workmanship, or perforation caused by corrosion.**
Warranty Begins:	**The date of the original purchase invoice (issued when the product ships from the factory).**
Warranty Period Ends After:	**Ten (10) Years - or - 100,000 Miles**
Conditions and Exclusions: See Also Paragraphs 2 thru 4	**Pierce's obligation under this warranty is limited to repairing or replacing without charge, as Pierce may elect, the stainless steel piping or components which Pierce determines to have failed due to defective material and workmanship, or perforation caused by corrosion.** **This warranty does not cover the use of fluoroprotein (FP) type foam. The sodium chloride within FP foam can cause long-term damage to system components if not thoroughly flushed immediately after use.**

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship
Meritor Wabco ABS Brake System
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Meritor Wabco ABS brake system shall be covered by Meritor Wabco as indicated in the attached Meritor Wabco warranty coverage description
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	The exclusions listed in the attached Meritor Wabco warranty description shall apply.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

MERITOR WABCO

Safety Strong. Efficiency Smart.

Model Year 2018 Vehicles

SIMPLER IS BETTER

Warranty coverage is essential to protecting your investment. But understanding the full details of your coverage can be challenging. This straightforward approach allows you, our valued customer, to better understand how your specific vehicle applications will be covered in your region. Our component warranty coverage is provided according to vocation/usage categories listed below.

- Linehaul covers high mileage operation (over 60,000 miles/year) on well maintained major highways of concrete or asphalt construction.
- General Service covers moderate mileage operations (less than 60,000 miles/year) on well maintained public roads (less than 10 percent off-road) typically with less than three (3) stops per mile.
- Heavy Service (Vocational) covers vehicles with more than 10 percent off-road OR moderate to frequent starts/stops typically with more than three (3) stops per mile.
- Off-Highway Service covers lower mileage operations. Vehicles are not typically licensed for highway use.

TERMS AND CONDITIONS

Coverage Exclusions

Product Description

All

The cost of any repairs, replacements or adjustments to a covered product due to the following: (1) damage to the product or its component parts caused by incorrect use, installation, maintenance or repair, including without limitation (a) improper fit of mating components or brackets, (b) damaged threads, (c) cut, broken, chafed, pinched or otherwise damaged wiring (sensors, harnesses and connectors), (d) damaged sensors from removal when seized in block, or associated with sensor adjustments/ alignments, and (e) damage resulting from the use or installation of non-genuine Meritor WABCO components or materials; (2) damage to the product, its component parts, or diminished product or component part performance due to incorrect operation, deviation from approved conditions or misapplication; (3) any unauthorized disassembly of the product or its component parts including without limitation (a) obliterated, defaced or missing WABCO or Meritor WABCO name plate, serial numbers or label identifying the device as a Meritor WABCO product or WABCO component, (b) changes to sealed adjusting screws, and (c) opening or attempted repair of non-serviceable components; (4) malfunction of the component due to internal contamination out of the vehicle system including without limitation (a) water and other contamination damage that is due to the use of a non-genuine air dryer cartridge or (b) valve failures due to contamination in air system, (5) complaints associated with noise, (6) damage resulting from corrosion (including oxidation of electrical devices and connections).

Air Dryers

Mounting brackets (see vehicle OEM). Desiccant cartridge housing only.

Air System Components

Normal wear items; Gladhand seals, dash valve knobs, valve actuation handles, treadles, pedals.

ABS, Electronic Stability Control (ESC), Roll Stability Control (RSC), OptiRide™, OnGuard™ and OnLane™, collectively "Electronics"

Failure of electronic components due to overvoltage condition, improper grounding, electrostatic discharge (ESD), improper shielding, electromagnetic interference (EMI), or other wiring or installation issues.

Malfunctions and failure codes caused by other electronic subsystem failures (data bus, engine, transmission, dashboard, etc.)

Hydraulic Components

For certain components, brake fluid DOT3 or DOT4 is used as the operating medium. Use of any other fluid will void all warranties associated with that component. For hydraulic braking applications the brake fluid is considered a maintenance item. Maintenance intervals are listed in TB-1367.

Coverage Limitations

Product Description

All

Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program.

Products purchased on an incomplete vehicle (glider) are limited to one year, 1/Unl/P.

For vehicles that operate full- or part-time outside of the United States and Canada, a 1-Year/Unlimited Miles parts only (1/Unl/P) will apply.

TOOLBOX™ Software

Proper diagnostics of Meritor WABCO Electronics may require the latest version of TOOLBOX™. Additional labor due to use of an outdated version of TOOLBOX™. TOOLBOX™ software, and/or the time to purchase or install latest version of TOOLBOX™ are not covered under product warranty.

TERMS AND CONDITIONS

(1) What is Covered by this Commercial Warranty?
Meritor WABCO Vehicle Control Systems warrants to the owner ("Owner") that the components listed in this publication, which have been installed by an Original Equipment Manufacturer ("OEM") as original equipment will be free from defects in material and workmanship. This warranty coverage begins from the original in-service date to the limits provided and runs concurrently with any warranties provided by OEMs and/or any service contracts that cover the components listed in this publication, if any. If the components listed in this publication are covered by an OEM warranty and/or service contract, then the OEM's warranty and/or service contract shall supersede Meritor WABCO's warranty and Owner shall comply with all OEM's warranty and/or service contract requirements for claims under such OEM's warranty and/or service contract until those agreements expire. Once those agreements expire and provided the Meritor WABCO warranty has not expired under the terms stated above, the Meritor WABCO warranty would be in effect until its expiration date.

Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner, or, the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed previously in this publication. Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Additional diagnostic time due to use of an outdated version of TOOLBOX™, time to purchase or install latest version of TOOLBOX™ are the responsibility of the authorized Meritor WABCO service location and are not covered under product warranty. Components installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

(2) Designation of Vocational Use Required.
To obtain warranty coverage, each Owner must notify Meritor WABCO through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the Meritor WABCO components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with Meritor WABCO directly. Failure to notify Meritor WABCO of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date.

A second Owner and each subsequent Owner must also notify Meritor WABCO as to the intended vocational use of the vehicle. This notification can be sent directly to Meritor WABCO or through the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use.

Coverage under Meritor WABCO's warranty requires that the application of products be properly approved pursuant to OEM and Meritor WABCO, approvals.

(3) What is the Cost of this Warranty?
There is no charge to the Owner for this warranty.

(4) What is not Covered by this Warranty?
In addition to the items listed on page 7, this warranty does not cover normal wear and tear, or service items; nor does it cover a component that fails, malfunctions or is damaged as a result of (a) improper handling, storage, installation, adjustment, repair or modification including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage, or vocation from that which was originally approved by Meritor WABCO, (b) accident, fire or other casualty, natural disaster, road debris, negligence, misuse, abuse, or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the brake system capacity), or (c) improper or insufficient maintenance (including deviation from maintenance intervals, approved lubricants, or lube levels). This warranty does not cover any component or part that is not sold by Meritor WABCO.

(5) Remedy.
The exclusive remedy under this warranty shall be the repair or replacement of the defective component at Meritor WABCO's option. Meritor WABCO reserves the right to require that all applicable covered components are available and/or returned to Meritor WABCO for review and evaluation.

(6) DISCLAIMER OF WARRANTY.
THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED OR STATUTORY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. SOME STATES LIMIT OR DO NOT ALLOW THE DISCLAIMER OF IMPLIED OR OTHER WARRANTIES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE EXTENT SUCH STATE'S LAW IS APPLICABLE TO THESE TERMS.

(7) LIMITATION OF REMEDIES.
IN NO EVENT SHALL MERITOR WABCO BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES OF ANY KIND OR UNDER ANY LEGAL THEORY, INCLUDING, BUT NOT LIMITED TO, TOWING, DOWNTIME, LOST PRODUCTIVITY, CARGO DAMAGE, TAXES, LOST PROFITS, COSTS OF PROCUREMENT OF A SUBSTITUTE COMPONENT OR ANY OTHER LOSSES OR COSTS RESULTING FROM A COVERED COMPONENT. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE EXTENT SUCH STATE'S LAW IS APPLICABLE TO THESE TERMS.

(8) TIME LIMIT ON COMMENCING LEGAL ACTION.
ANY LEGAL ACTION OR CLAIM ARISING FROM OR RELATED TO THIS WARRANTY, IN CONTRACT OR OTHERWISE, MUST BE COMMENCED WITHIN ONE YEAR FROM THE ACCRUAL OF THAT CAUSE OF ACTION, OR BE BARRED FOREVER.

(9) To Obtain Service.
If the Owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either Meritor WABCO or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM new truck and/or trailer dealer or authorized Meritor WABCO service location. The dealer will inspect the vehicle and contact Meritor WABCO for an evaluation of the claim. When authorized by Meritor WABCO, the dealer will repair or replace during the term of this warranty any defective Meritor WABCO component covered by this warranty.

(10) Entire Agreement.
This is the entire agreement between Meritor WABCO and the Owner about warranty and no Meritor, Meritor WABCO employee, or dealer is authorized to make any additional warranty on behalf of Meritor WABCO unless in writing and signed by an authorized representative of Meritor WABCO.

For more information on Meritor WABCO Warranty, call our OnTrac Customer Service team at 866-OnTrac1 (866-668-7221) or visit meritorwabco.com.

TRW COMMERCIAL STEERING SYSTEMS
800 HEATH STREET
LAFAYETTE, INDIANA 47904

PRODUCT WARRANTY

I. **WARRANTY**: The Commercial Steering Systems group of TRW, Inc., hereinafter referred to as "CSS", warrants that each new product supplied by CSS to its customer, when properly installed, used and maintained, shall be free from defect in material and workmanship for the period specified below:

(A) CSS Product installed in **New On-highway Motor Vehicle**:

Within twelve (12) months after date of delivery of such vehicle to the original retail purchaser, or before such vehicle has been driven one hundred thousand (100,000) miles, whichever event shall first occur.

(B) CSS Product installed in **New Agricultural, Turf, Industrial, or Construction Vehicles and Related Equipment**:

Within twelve (12) months after date of delivery of such vehicle/equipment to the original retail purchaser or before such vehicle/equipment has been operated for two thousand (2000) hours or fifty thousand (50,000) miles, whichever occurs first.

(C) CSS Product installed in **New End Product, Not Specifically Mentioned in Classifications (A) or (B) Above and All Other Off-Highway/Severe Applications**:
Within six (6) months after date of delivery of the original equipment manufacturer's end product to the original retail purchaser.

II. **REMEDY**: Customer's sole remedy under the foregoing warranty is limited to correction by means of repair, replacement or issuance of credit, at the option of CSS, of any product which is:

(A) Returned to CSS within the specified warranty time period, with prior notice to, and the written consent of, CSS, with transportation and handling charges prepaid, together with a statement describing the alleged defect, the part number, model number and application, and mileage or hours of use of such product; and

(B) Upon examination, determined by CSS not to conform to the warranty.

III. Any product which is repaired or replaced under this warranty will be returned to customer prepaid. Disposition of any product determined not to be covered by this warranty will be at the customer's expense.

IV. CSS will not be liable for any repairs, replacements, or adjustments to any product or any cost of labor performed by or at the request of customer without the express prior written consent of CSS.

V. **EXCEPTIONS**: The provision of this warranty shall not apply to any CSS product which is used for a purpose for which it is not designed, or which shall have been repaired or altered in any way, or which has been subject to misuse, negligence or accident, neglect of normal maintenance services, so as, in the judgement of CSS to adversely affect its performance and reliability. In no case will the CSS warranty exceed the standard published warranty of its customer in terms of time and/or distance. In all events, the CSS warranty will expire thirty (30) months after the date of manufacture as stamped on the Product. In the case of hydraulic equipment, operation with unapproved fluid or temperatures voids this warranty.

VI. **EXCLUSION OF ALL OTHER REMEDIES AND LIMITATION OF LIABILITY**: Customer's sole and exclusive remedy under the foregoing warranty shall be for the repair, replacement or issuance of credit with respect to a defective product, as set forth and described above. Other provisions hereof notwithstanding, CSS shall not be liable to Customer, or any successor in interest, beneficiary or assignee of Customer, based upon any claim against CSS, whether in contract, warranty, negligence, strict liability, indemnity or otherwise, for any special, consequential, incidental or other damages relating in any way to the design, manufacture, sale, installation or other use of any product purchased from CSS.

VII. **EXCLUSION OF ALL OTHER WARRANTIES: THE FOREGOING WARRANTY IS THE EXCLUSIVE WARRANTY BY CSS AND IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES AND REPRESENTATIONS, WHETHER ORAL, WRITTEN, EXPRESSED, IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTIBILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship - Transmission Oil Cooler
Three (3) Year Collateral Damage Coverage

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The transmission cooler shall be free from component or structural failures caused by defects in material and/or workmanship. Collateral damage up to $10,000 per occurrence is available for the first three (3) years.
Warranty Begins:	The date of delivery to the first retail purchaser.
Warranty Period Ends After:	Five (5) Years on Oil Cooler and three (3) years on collateral damage coverage
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover repair due to accidents, misuse, and excessive vibration, flying debris, storage damage (freezing), negligence or modification. This warranty is void if any modification or repairs are performed without authorization. This also voids any future warranty. This warranty does not cover cost of maintenance or repairs due to lack of required maintenance services as recommended. Performance of the required maintenance and use of proper fluids are the responsibility of the owner. Towing is covered to the nearest distributor or authorized dealer only when necessary to prevent further damage to your transmission. Labor costs for the removal and reinstallation of goods may be covered when necessary to make repairs. Please contact your OEM for authorization. Replacement of cooler during the warranty period is limited to 100% of reasonable labor costs up to a maximum of $700 to remove, replace, or repair the oil cooler.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Effective 1 August, 2009

UNITED PLASTIC FABRICATING, INC.

WARRANTY

FOR: POLY-TANK®, POLYSIDE®, INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™

LIFETIME SERVICE WARRANTY

United Plastic Fabricating, Inc. (hereinafter called "UPF") warrants each POLY-TANK®, Booster/Foam Tank POLYSIDE® Wetside Tank, Integrator Tank/Body, ELLIPSE™ Elliptical Tank, Ellip-T-Tank Tank and DEFENDER™ Skid Tank to be free from defects in material and workmanship for the service life of the original vehicle (vehicle must be actively used in an emergency response for fire suppression). All UPF Tanks must be installed and operated in accordance with the UPF Installation and Operating Guidelines. Failure to do so can void the warranty.

Every UPF Tank is inspected and tested before leaving our facility. Should your UPF Tank require service, please notify UPF via email, fax, in writing or by calling UPF at 1-978-975-4520. Please provide the serial number, a description of the service request, the location along with the phone number and name of the contact person. Our goal is to have scheduled work completed within a reasonable time period.

Under a valid warranty claim, UPF will cover the cost to repair the UPF Tank including the customary and reasonable costs to make the tank accessible such as the removal and reinstallation of the tank if authorized in advance (pre-approved) by UPF. The warranty will not cover tanks that have been improperly installed, operated, misused, abused, or modified from its intended or designed use. Serial number must not have been altered, defaced or removed. Tanks that are not stored or installed properly which results in the tank suffering UV damage will not be covered by this agreement.

Should UPF determine that the service claim is valid under this warranty for a tank located outside of the United States and Canada, UPF will assume the costs for labor and material for the warranty repair as described above plus all travel costs to the U.S. port of embarkation. Costs for airline travel outside of the U.S. and Canada will not be the responsibility of UPF.

In the event the tank shall become stationed in an area of the world that is considered to be a war zone or where unsafe conditions exist for the safe passage of United States Nationals, as reported by the United States Department of State, (http://www.state.gov), and a request to perform service or warranty repairs, UPF reserves the right to refuse to honor such requests. It is the purchaser's responsibility to relocate the tank to an area where such repairs can be performed without undue risk to UPF employees or their designee. UPF will make every reasonable effort to support our products though alternative means.

For Ellipse™ elliptical tanks, a separate five year warranty provided by the subcontractor is applied to the sub-frames, chute linings (rubber isolation strips) and metal components. The stainless steel wrap provided by UPF shall be warranted by the subcontractor performing the wrap installation in accordance with their warranty in place at the time of the installation. UPF will not be liable for any warranty costs associated with the wrap, sub-frames, chute linings (rubber isolation strips) and metal components but will assist with all claims on behalf of its customer.

For PolySide® wetsided tanks and Integrator™ Tank/Body units, all polypropylene components related to the tank shall carry the standard UPF lifetime

Continued on back

UNITED PLASTIC FABRICATING, INC.

WARRANTY

FOR: POLY-TANK®, POLYSIDE®, INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™

service warranty. Other polypropylene components, including but not limited to compartments, wheel wells, fenders and other body related components shall be warranted by UPF for a period of ten years. The warranty for the PolySide® and Integrator™ units excludes paint or hardware, which shall be covered by the manufacturer of the paint/hardware.

All UPF tanks 50 gallons or less utilized for non-fire applications and installed on specialty vehicles such as ATVs, trailers, boats, etc. are covered under a separate warranty policy available from UPF. Further, UPF Protector™ foam and water trailers are warranted under a separate warranty policy available from UPF.

This UPF warranty is transferable within the United States only with prior written approval by UPF (except an original apparatus manufacturer may assign this warranty to the first titled owner/lessee of the apparatus).

UPF will NOT reimburse any unnecessary work and/or work that has not been pre-approved. Any and all third party charges must be pre-authorized and approved in writing by UPF prior to commencing the work. Any unauthorized third party repairs, alterations, actions or modifications will not be covered and can void the warranty. UPF will be the sole determining authority as to whether a service claim will be valid and covered under this warranty.

In no event will UPF be liable for an amount in excess of the purchase price of the booster/foam tank at the time of manufacture or for any loss or damage, whether direct, indirect, incidental, consequential, or otherwise arising out of failure of its product. Loss of contents (water, foam, etc.) shall not be the responsibility of UPF. Further, UPF is not responsible for costs associated with service repairs to chassis, sub-frames, bodies, valves, dumps, hoses, pressure vacuum vents, and other components (i.e. liquid level transducers, etc.). Further, UPF will not cover the cost for travel of the vehicle to and from a repair facility.

This warranty contains the entire warranty. It is the sole warranty and price agreements or representation, whether oral or written, are either merged herein or expressly cancelled. UPF neither assumes, nor authorizes any person supposing to act on its behalf to change, nor assume for it, any warranty or liability concerning its product.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow exclusion or limitation or incidental or consequential damage, so the above limitation or exclusion may not apply to you. Since some states do not allow limitations on the length of an implied warranty, the above limitation may not apply to you.

THERE ARE NO WARRANTIES, EXPRESSED OR IMPLIED, WHICH EXTEND BEYOND THE DESCRIPTION OF THE FACE HEREOF. THERE IS NO EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR A WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. ADDITIONALLY, THIS WARRANTY IS IN LIEU OF ALL OTHER OBLIGATION OR LIABILITIES ON THE PART OF UPF.

POLY-TANK®,& POLYSIDE® are registered trademarks of UPF, Inc. INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™ are trademarks of UPF, Inc. © 08/01/09 UPF, Inc. Printed in the USA

Effective March 15, 2010

AMDOR
SPECIALTY ROLL-UP DOORS

AMDOR Inc. TERMS OF BUSINESS AND GENERAL INFORMATION

Warranty:

All AMDOR Inc. roll-up door products are warranted for a period of 10 years from the date of delivery (with the exception of wet paint adhesion - please see below). AMDOR Inc. liability covers the replacement or repair of any component that fails due to defects in material and / or workmanship during the coverage period. We accept no liability for claims made for damages to any part (or parts) of a vehicle and / or machine (of any type) or injury claims by a person or persons assumed or alleged to have been brought about by the use or misuse of any product supplied by AMDOR Inc. Warranty coverage does not extend to door attachments including (but not limited to) decals, emblems, stripes and adhesives.

In order to initiate the claims process please contact your authorized representative of AMDOR Inc. Warranty claims must be accompanied by a written description providing full and reasonable details as to the nature of the defect. Upon receipt of your claim arrangements will be made to inspect the defective product (if necessary). Justified warranty claims will be repaired, exchanged, or credited to the customer's account at AMDOR Inc.'s discretion. All warranty claims must be approved in writing by the Customer Service Manager for AMDOR Inc. There are no exceptions to this clause.

Limited warranty coverage includes the labor associated with the disassembly and assembly of products deemed to be defective by AMDOR Inc. Labor allowances are based on a set time schedule as determined by AMDOR Inc. The maximum allowable hourly labor rate is $ 50. All warranty labor claims must be approved in writing by an authorized representative of AMDOR Inc. prior to commencement of work. Allowances for removal and installation:

Curtain replacement:	3/4 hour
Balancer replacement:	1 hour
Door ajar switch	3/4 hour
Bottom Panel Assembly:	1/2 hour
Slat replacement:	3/4 hour
Door removal and replacement	1 1/2 hours

Items authorized for return must be accompanied by a Return Goods Authorization (RGA) number. We will accept collect shipments of items deemed to be defective provided that they are returned via the most economical carrier. Should items be

returned by means other than the most economical carrier the difference will be charged back to the sender.

AMDOR Inc. reserves the right to reject any claim when a product has been opened, interfered with or modified. Claims may also be rejected when damage to the product (or any sub-assembly) has been brought about by accident, misuse, abuse, vandalism, incorrect installation, temperature extremes, chemical exposure or any factor other than regular operating conditions.

Limited Wet Paint Match Adhesion Warranty

AMDOR Inc. warrants wet paint finishes applied by AMDOR utilizing our approved factory paint specification. All wet paint match colors must be approved in writing by an authorized OEM representative. AMDOR Inc. will provide a color spray out for this purpose. The time required for shipping and consideration of initial color spray outs will be considered over and above stated lead times. Warranty coverage will extend for a period of not less than 5 years from the date of delivery as determined by AMDOR Inc.'s Packing Slip. AMDOR reserves the right to determine whether individual units will be replaced and / or repaired by an AMDOR approved vendor. An allowance will be made for labor associated with the disassembly and assembly of individual units at the prescribed hourly rate of $ 50 per hour. Compensation for labor will not exceed the maximum time allowance permitted for door removal and replacement. Written approval including specified allowance for time must be obtained from AMDOR prior to initiating work. Warranty coverage will extend to the following visible paint system defects:

1./ Loss of mechanical adhesion as evidenced by peeling, cracking or blistering which exposes the substrate material.

2./ Corrosion of the substrate due to paint system failure.

3./ Fading which results in a substantial departure from the primary AMDOR approved body color.

Wet paint adhesion limited warranty coverage will be excluded when damages to the system are determined by AMDOR Inc. to be a result of the following:

1./ Damage caused through the use of attachments including (but not limited to) decals, labels, adhesives, non factory approved coatings.

2./ Loss of gloss, discoloration or damage due to improper maintenance (including but not limited to) mechanical wash systems, pressure washers, steam cleaners, non approved wash or polishing agents.

3./ Abuse, acts of nature, excessive heat / cold, chemical exposure, vandalism and / or accidents.

4./ Scratches, chips, abrasions, or dents from any source.

This document supercedes all previous written and / or verbal warranties provided by AMDOR Inc. and / or it's affiliates.

Fire and Rescue Apparatus

54 Months Material and Workmanship

Camera System

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Sharpvision camera system installed on the apparatus occuring during the warranty period.
Warranty Begins:	The date of delivery.
Warranty Period Ends After:	Fifty - Four (54) months
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

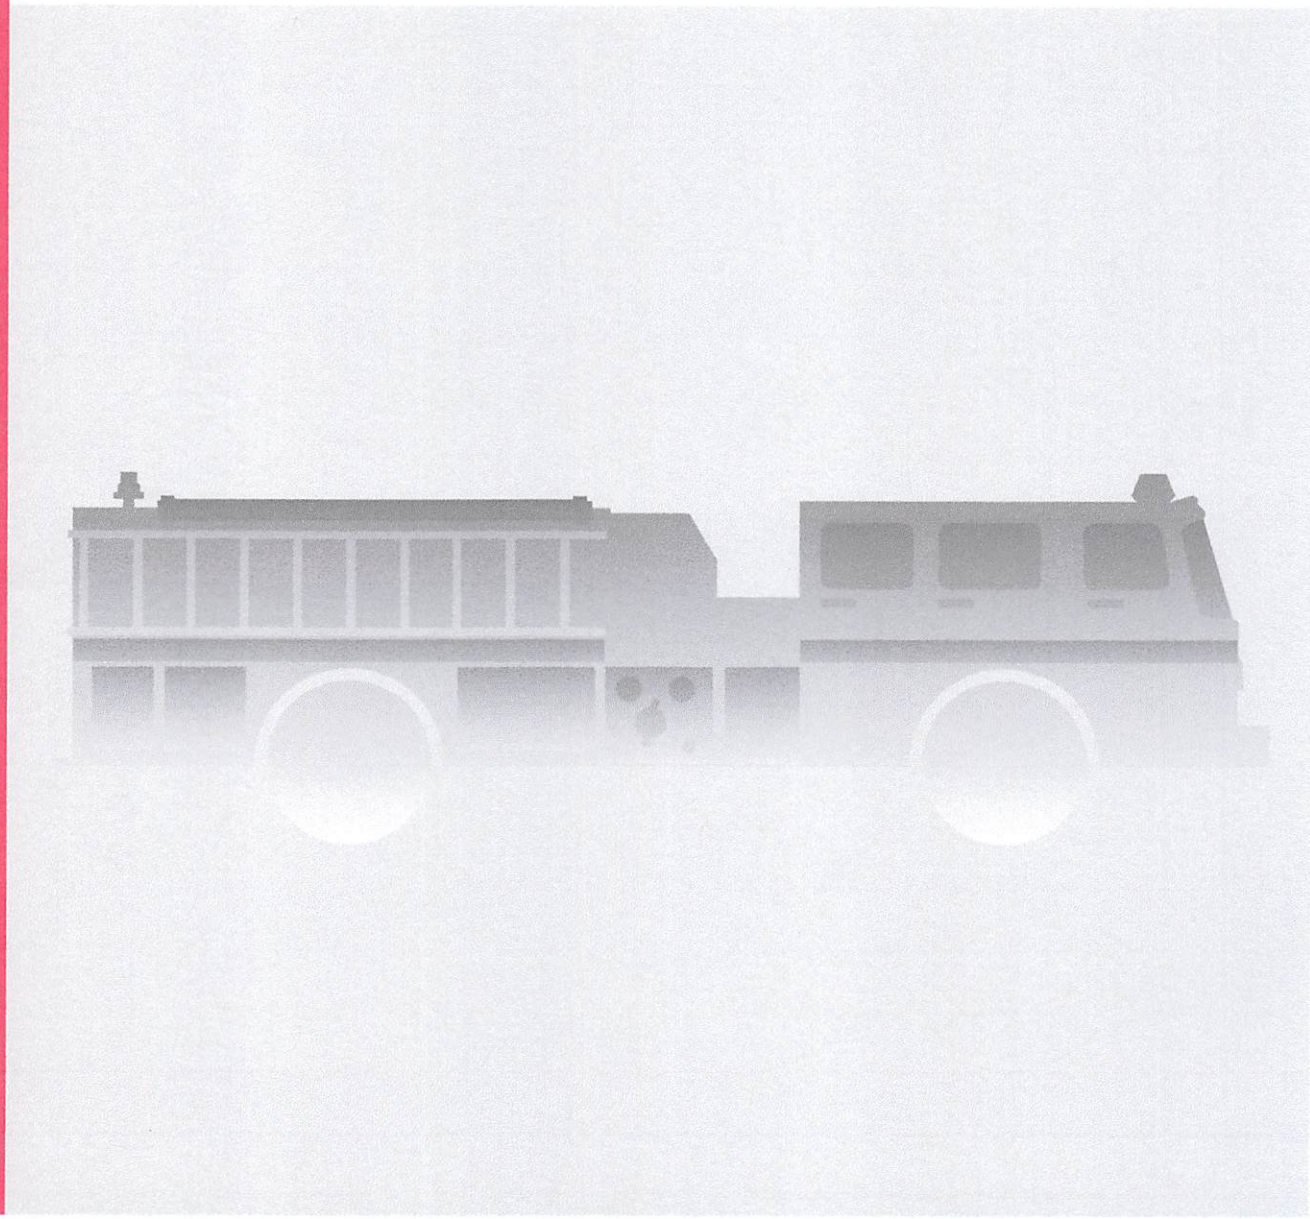
4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Cummins Warranty

Worldwide
Fire Apparatus/Crash Trucks



Coverage

Products Warranted

This Warranty applies to new diesel Engines sold by Cummins and delivered to the first user on or after April 1, 2007, that are used in fire apparatus truck and crash truck* applications Worldwide.

Base Engine Warranty

The Base Engine Warranty covers any failures of the Engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the Engine by Cummins and ends five years or 100,000 miles (160,935 kilometers), whichever occurs first, after the date of delivery of the Engine to the first user.

Engine aftertreatment components included in the Cummins Critical Parts List (CPL) and marked with a Cummins part number are covered under Base Engine Warranty.

Additional Coverage is outlined in the Emission Warranty section.

These Warranties are made to all Owners in the chain of distribution and Coverage continues to all subsequent Owners until the end of the periods of Coverage.

Cummins Responsibilities

Cummins will pay for all parts and labor needed to repair the damage to the Engine resulting from a Warrantable Failure.

Cummins will pay for the lubricating oil, antifreeze, filter elements, belts, hoses and other maintenance items that are not reusable due to the Warrantable Failure.

Cummins will pay for reasonable labor costs for Engine removal and reinstallation when necessary to repair a Warrantable Failure.

Cummins will pay reasonable costs for towing a vehicle disabled by a Warrantable Failure to the nearest authorized repair location. In lieu of the towing expense, Cummins will pay reasonable costs for mechanics to travel to and from the location of the vehicle, including meals, mileage and lodging when the repair is performed at the site of the failure.

Owner Responsibilities

Owner is responsible for the operation and maintenance of the Engine as specified in Cummins Operation and Maintenance Manuals. Owner is also responsible for providing proof that all recommended maintenance has been performed.

Before the expiration of the applicable Warranty, Owner must notify a Cummins distributor, authorized dealer or other repair location approved by Cummins of any Warrantable Failure and make the Engine available for repair by such facility. Except for Engines disabled by a Warrantable Failure, Owner must also deliver the Engine to the repair facility.

Service locations are listed on the Cummins Worldwide Service Locator at cummins.com.

Owner is responsible for the cost of lubricating oil, antifreeze, filter elements and other maintenance items provided during Warranty repairs unless such items are not reusable due to the Warrantable Failure.

Owner is responsible for communication expenses, meals, lodging and similar costs incurred as a result of a Warrantable Failure.

Owner is responsible for non-Engine repairs and for "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs and other losses resulting from a Warrantable Failure.

Owner is responsible for a $100 (U.S. Dollars) deductible per each service visit under this plan in the 3rd, 4th and 5th years of Base Engine Warranty. The deductible will not be charged during the first 2 years of the Base Engine Warranty.

Limitations

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel

exhaust fluid.

This Warranty does not apply to accessories supplied by Cummins which bear the name of another company. Such non-warranted accessories include, but are not limited to: alternators, starters, fans, air conditioning compressors, clutches, filters, transmissions, torque converters, vacuum pumps, power steering pumps, fan drives and air compressors. Cummins branded alternators and starters are covered for the first two years from the date of delivery of the Engine to the first user, or the expiration of the Base Engine Warranty, whichever occurs first.

Failures resulting in excessive oil consumption are not covered beyond the duration of the Coverage or 100,000 miles (160,935 kilometers) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first. Before a claim for excessive oil consumption will be considered, Owner must submit adequate documentation to show that consumption exceeds Cummins published standards.

Failures of belts and hoses supplied by Cummins are not covered beyond the first year from the date of delivery of the Engine to the first user or the duration of the Warranty, whichever occurs first.

Parts used to repair a Warrantable Failure may be new Cummins parts, Cummins approved rebuilt parts or repaired parts. Cummins is not responsible for failures resulting from the use of parts not approved by Cummins.

A new Cummins or Cummins approved rebuilt part used to repair a Warrantable Failure assumes the identity of the part it replaced and is entitled to the remaining Coverage hereunder.

Cummins Inc. reserves the right to interrogate Electronic Control Module (ECM) data for purposes of failure analysis.

CUMMINS DOES NOT COVER WEAR OR WEAROUT OF COVERED PARTS.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THIS WARRANTY AND THE EMISSION WARRANTY SET FORTH HEREINAFTER ARE THE SOLE WARRANTIES MADE BY CUMMINS IN REGARD TO THESE ENGINES. CUMMINS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Emission Warranty

Products Warranted

This Emission Warranty applies to new Engines marketed by Cummins that are used in the United States** in vehicles designed for transporting persons or property on a street or highway. This Warranty applies to Engines delivered to the first user on or after September 1, 1992.

Coverage

Cummins warrants to the first user and each subsequent purchaser that the Engine is designed, built and equipped so as to conform at the time of sale by Cummins with all U.S. federal emission regulations applicable at the time of manufacture and that it is free from defects in material or factory workmanship which would cause it not to meet these regulations within the longer of the following periods: (A) Five years or 100,000 miles (160,935 kilometers) of operation, whichever occurs first, as measured from the date of delivery of the Engine to the first user or (B) The Base Engine Warranty.

If the vehicle in which the Engine is installed is registered in the state of California, a separate California Emission Warranty also applies.

Limitations

Failures, other than those resulting from defects in material or factory workmanship, are not covered by this Warranty.

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

Cummins is not responsible for non-Engine repairs, "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs or other losses resulting from a Warrantable Failure.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

* Airport operated crash trucks and fire department operated trucks employed to respond to fires, hazardous material releases, rescue and other emergency-type situations.

PURCHASING TERMS AND CONDITIONS

PURCHASING TERMS AND CONDITIONS

(Florida)

These Purchasing Terms and Conditions, together with the Equipment Proposal and all attachments (collectively, the "Agreement") are entered into by and between Ten-8 Fire Equipment, Inc., a Florida corporation ("Company") and Customer (as defined in Ten-8 Fire Equipment, Inc.'s Equipment Proposal document) and is effective as of the date specified in Section 3 of these Purchasing Terms and Conditions. Both Company and Customer may be referred throughout this document individually as a "party" or collectively as the "parties."

1. Definitions.
   a. **"Acceptance"** has the same meaning set forth in Company's Equipment Proposal.
   b. **"Company's Equipment Proposal"** means the Equipment Proposal provided by Company and prepared in response to Customer's request for proposal for a fire apparatus, associated equipment or an ambulance.
   c. **"Cooperative Purchasing Contract"** means an Agreement between Company and a public authority, including without limitation, a department, division, agency of a municipal, county or state government ("Public Authority"), that adopts or participates in an existing agreement between Company and another non-party customer (including, but not limited to such non-party customer's equipment proposal, its applicable exhibits, attachments and purchasing terms and conditions), often referred to as a "piggyback arrangement," which is expressly agreed to, in writing, by Company. Company has sole discretion to determine whether it will agree to such a Cooperative Purchasing Contract.
   d. **"Delivery"** means when Company delivers physical possession of the Product to Customer.
   e. **"Manufacturer"** means the Manufacturer of any Product.
   f. **"Prepayment Discount"** means the prepayment discounts, if any, specified in Company's Equipment Proposal.
   g. **"Product"** means the fire apparatus and any associated equipment, or ambulance manufactured or furnished for Customer by Company pursuant to the Specifications.
   h. **"Purchasing Terms and Conditions"** means these Purchasing Terms and Conditions; however, if the Company's Equipment Proposal or the Customer's related Purchase Order states that it is governed by a Cooperative Purchasing Agreement, "Purchasing Terms and Conditions" shall mean those terms and conditions set forth in the applicable Cooperative Purchasing Agreement.
   i. **"Specifications"** means the general specifications, technical specifications, training, and testing requirements for the Product contained in Company's Equipment Proposal and its Exhibit A (Proposal Option List or for ambulance sales, the Quotation, or Order Form, as applicable), prepared in response to Customer's request for such a proposal.

2. Purpose. This Agreement sets forth the terms and conditions of Company's sale of the Product to Customer.

3. Term of Agreement. This Agreement will become effective on the date of Acceptance as defined in Company's Equipment Proposal ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon Delivery and payment in full of the Purchase Price.

4. Purchase and Payment. Customer agrees to pay Company the Purchase Price for the Product(s) as set forth in Company's Equipment Proposal ("Purchase Price"). The Purchase Price is in U.S. dollars. Where Customer opts for a Prepayment Discount that specifies that Customer will tender one or more prepayments to Company, Customer must provide each prepayment within the time frame specified in the Equipment Proposal in order to receive the Prepayment Discount for that prepayment installment.

5. Representations and Warranties. Customer hereby represents and warrants to Company that the purchase of the Product(s) has been approved by Customer in accordance with applicable general laws and, as applicable, Customer's charter, ordinances and other governing documents, and funding for the purchase has been duly budgeted and appropriated.

6. Cancellation/Termination.

   a. Fire Equipment and Apparatus Sales. In the event this Agreement is cancelled or terminated by Customer before completion, Company may charge Customer a cancellation fee. The following

charge schedule is based on costs incurred by Manufacturer and Company for the Product, which may be applied and charged to Customer: (a) 12% of the Purchase Price after the order for the Product(s) is accepted and entered into Manufacturer's system by Company; (b) 22% of the Purchase Price after completion of approval drawings by Customer, and; (c) 32% of the Purchase Price upon any material requisition made by the Manufacturer for the Product. The cancellation fee will increase in excess of (c) in this Section 6, accordingly, as additional costs are incurred by Manufacturer and Company as the order progresses through engineering and into the manufacturing process.

b. Ambulance Sales. This Section 6 for Cancellation/Termination does not apply to Ambulance Sales. An order for an ambulance cannot be cancelled or terminated once Company receives and processes Customer's Acceptance of Company's Equipment Proposal.

7. Delivery. The Product is scheduled to be delivered as specified in the Delivery Timing section of the Equipment Proposal ("Delivery Timing"), which will be F.O.B. Company's facility. The Delivery Timing is an estimate, and Company is not bound to such date unless it otherwise agrees in writing. Company is not responsible for Delivery delays caused by or as the result of actions, omissions or conduct of the Manufacturer, its employees, affiliates, suppliers, contractors, and carriers. All right, title and interest in and to the Product, and risk of loss, shall pass to Customer upon Delivery of the Product(s) to Customer.

8. Standard Warranty. The manufacturer warranties applicable to this Agreement, if any, are attached to Company's Equipment Proposal as Exhibit A and are incorporated herein as part of the Agreement.

a. Disclaimer. EXCEPT AS OTHERWISE SET FORTH IN THIS AGREEMENT, COMPANY, INCLUDING ITS PARENT COMPANY, AFFILIATES, SUBSIDIARIES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS OR REPRESENTATIVES DO NOT MAKE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCTS PROVIDED UNDER THIS AGREEMENT, WHETHER ORAL OR WRITTEN, EXPRESS, IMPLIED OR STATUTORY. WITHOUT LIMITING THE FOREGOING DISCLAIMER, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, IMPLIED WARRANTY AGAINST INFRINGEMENT, AND IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED AND DISCLAIMED. STATEMENTS MADE BY SALES REPRESENTATIVES OR IN PROMOTIONAL MATERIALS DO NOT CONSTITUTE WARRANTIES.

9. Limitation of Liability. COMPANY WILL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, ECONOMIC, PUNITIVE, SPECIAL OR EXEMPLARY DAMAGES ARISING FROM OR IN ANY WAY CONNECTED WITH THIS AGREEMENT WITHOUT REGARD TO THE NATURE OF THE CLAIM OR THE UNDERLYING THEORY OR CAUSE OF ACTION (WHETHER IN CONTRACT, TORT, STRICT LIABILITY, EQUITY OR ANY OTHER THEORY OF LAW) ON WHICH SUCH DAMAGES ARE BASED. COMPANY'S LIMIT OF LIABILITY UNDER THIS AGREEMENT SHALL BE CAPPED AT THE TOTAL AMOUNT OF THE MONIES PAID BY CUSTOMER TO COMPANY UNDER THIS AGREEMENT.

10. Force Majeure. Company shall not be responsible nor deemed to be in default on account of delays in performance due to causes which are beyond Company's control which make Company's performance impracticable, including but not limited to civil wars, insurrections, strikes, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, including transportation or delivery losses outside of Company's control, any act of government, delays in transportation, inability to obtain necessary labor supplies or manufacturing facilities, allocation regulations or orders affecting materials, equipment, facilities or completed products, failure to obtain any required license or certificates, acts of God or the public enemy or terrorism, failure of transportation, epidemics, quarantine restrictions, failure of vendors (due to causes similar to those within the scope of this clause) to perform their contracts or labor troubles causing cessation, slowdown, or interruption of work.

11. Customer's Obligations. Customer shall provide its timely and best efforts to cooperate with Company and Manufacturer during the manufacturing process to create the Product. Reasonable and timely cooperation

includes, without limitation, Customer's providing timely information in response to a request from Manufacturer or Company and Customer's participation in traveling to Manufacturer's facility for inspections and approval of the Product.

12. Default. The occurrence of one or more of the following shall constitute a default under this Agreement: (a) Customer's failure to pay any amounts due under this Agreement or Customer's failure to perform any of its obligations under this Agreement; (b) Company's failure to perform any of its obligations under this Agreement; (c) either party becoming insolvent or becoming subject to bankruptcy or insolvency proceedings; (d) any representation made by either party to induce the other to enter into this Agreement, which is false in any material respect; (e) an action by Customer to dissolve, merge, consolidate or transfer a substantial portion of its property to another entity; or (f) a default or breach by Customer under any other contract or agreement with Company.

13. Manufacturer's Statement of Origin. Company shall retain possession of the manufacturer's statement of origin ("MSO") for the Product until the entire Purchase Price has been paid. If more than one Product is covered by this Agreement, Company shall retain the MSO for each individual Product until the Purchase Price for that Product has been paid in full.

14. Arbitration. Any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. The Arbitration shall take place in Bradenton, Florida.

15. Miscellaneous. The relationship of the parties established under this Agreement is that of independent contractors and neither party is a partner, employee, agent, or joint venture of or with the other. Neither party may assign its rights and obligations under this Agreement without the prior written approval of the other party. This Agreement and all transactions between Ten-8 Fire Equipment, Inc. will be governed by and construed in accordance with the laws of the State of Florida. The delivery of signatures to this Agreement may be via facsimile transmission or other electronic means and shall be binding as original signatures. This Agreement shall constitute the entire agreement and supersede any prior agreement between the parties concerning the subject matter of this Agreement. This Agreement may only be modified by an amendment, in writing, signed by duly authorized representatives of both parties with authority to sign such amendments to this Agreement. In the event of a conflict between the Ten-8 Proposal and these Terms and Conditions, the Ten-8 Proposal shall control except in the case of a Cooperative Purchasing Contract as set forth in Section 1(c) and (h) of these Purchasing Terms and Conditions. If any term of this Agreement is determined to be invalid or unenforceable by a competent legal authority, such term will be either reformed or deleted, as the case may be, but only to the extent necessary to comply with the applicable law, regulation, order or rule, and the remaining provisions of the Agreement will remain in full force and effect.

IN SERVICE TO SERVE YOU

Equipment Proposal

This Equipment Proposal (the "Proposal") has been prepared by Ten-8 Fire Equipment, Inc. ("Company") in response to the undersigned Customer's request for a proposal. This Proposal is comprised of the special terms set forth below, the Proposal Option List, Warranty, and Company's Purchasing Terms and Conditions. Through its signature below or other Acceptance (as defined below), Customer acknowledges having received, read and being bound by this Proposal, all attachments and Company's Purchasing Terms and Conditions.

Date: March 18, 2019 ("Proposal Date") **Customer:** Escambia County Fire Rescue ("Customer")

Customer Address: 6575 North W Street, Pensacola, FL 32505

Quantity	Product Description & Options	Price
1	**Pierce Saber FR Squad Engine,based on National Purchasing Partners DBA**	**$376,067.00**
	NPPGov GPO Contract 1420 SPec 2.1 List Price $591386.29	**$0.00**
	Dealer Supplied Equipment	**$14,519.57**
	Customer Specified Options per bid 944	**$210,581.20**
	Additional Dealer and Manufacturer Discount	**($72,371.00)**
	Purchase Price:	**$528,795.79**

Delivery Timing: The Product described above in the Product Description and Options Section of this document will be built by and shipped from the manufacturer approximately 9 (months) after Company receives Customer's acceptance of this Proposal as defined below.

Other: Pricing includes GPO contract access fee

Unless accepted within 45 days from date of proposal, the right is reserved to withdraw this proposal.

ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN COMPANY AND CUSTOMER. "ACCEPTANCE" MEANS THAT CUSTOMER DELIVERS TO COMPANY: (A) A PROPOSAL SIGNED BY AN AUTHORIZED REPRESENTATIVE, OR (B) A PURCHASE ORDER INCORPORATING THIS PROPOSAL, WHICH IS DULY APPROVED, TO THE EXTENT APPLICABLE, BY CUSTOMER'S GOVERNING BOARD. ACCEPTANCE OF THIS PROPOSAL IS EXPRESSLY LIMITED TO THE TERMS CONTAINED IN THIS PROPOSAL AND COMPANY'S PURCHASING TERMS AND CONDITIONS. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER'S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and Company have each caused this Proposal to be executed by their duly authorized representatives as of date of the last signature below.

EXHIBIT B

WARRANTY

Fire and Rescue Apparatus

One (1) Year Material and Workmanship Basic Apparatus

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Twelve (12) months.
Conditions and Exclusions: See Also Paragraphs 2 thru 4	No specific exclusions apply

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Lifetime Fifty (50) Year Structural Integrity
Custom Chassis Frame
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Custom chassis frame rail manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Fifty (50) Years (Expected Life of Apparatus)
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity

Custom Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Pierce Custom Cab shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the cab tubular support and mounting structures and other structural components of the cab of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity
Apparatus Body
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The apparatus body shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the body tubular support and mounting structures and other structural components of the body of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the cab painted by Pierce shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Custom Body

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the body shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

One (1) Year Material and Workmanship
Graphics Fading and Deterioration

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each graphic lamination shall be free from defects in material, workmanship, fading, and deterioration.
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	One (1) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual).

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

NEW PRODUCT WARRANTY

Allison Transmission.

PARTICIPATING OEM SALES
DISTRIBUTOR SALES

LIMITED WARRANTY ON NEW ALLISON AUTOMATIC TRANSMISSIONS USED IN EMERGENCY VEHICLE APPLICATIONS

Allison Transmission will provide for repairs or replacement, at its option, during the warranty period of each new Allison transmission listed below that is installed in an Emergency Vehicle in accordance with the following terms, conditions, and limitations.

WHAT IS COVERED

- **WARRANTY APPLIES** — This warranty is for new Allison transmission models listed below installed in an Emergency Vehicle and is provided to the original and any subsequent owner(s) of the vehicle during the warranty period.
- **REPAIRS COVERED** — The warranty covers repairs or replacement, at Allison Transmission's option, to correct any transmission malfunction resulting from defects in material or workmanship occurring during the warranty period. Needed repairs or replacements will be performed using the method Allison Transmission determines most appropriate under the circumstances.
- **TOWING** — Towing is covered to the nearest Allison Transmission Distributor or authorized Dealer only when necessary to prevent further damage to your transmission.
- **PAYMENT TERMS** — Warranty repairs, including parts and labor, will be covered per the schedule shown in the chart contained in section "APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE."
- **OBTAINING REPAIRS** — To obtain warranty repairs, take the vehicle to any Allison Transmission Distributor or authorized Dealer within a reasonable amount of time and request the needed repairs. A reasonable amount of time must be allowed for the Distributor or Dealer to perform necessary repairs.
- **TRANSMISSION REMOVAL AND REINSTALLATION** — Labor costs for the removal and re-installation of the transmission, when necessary to make a warranty repair, are covered by this warranty.
- **WARRANTY PERIOD** — The warranty period for all coverages shall begin on the date the transmission is delivered to the first retail purchaser, with the following exception:

  Demonstration Service - A transmission in a new truck or bus may be demonstrated to a total of 5000 miles (8000 kilometers). If the vehicle is within this limit when sold to a retail purchaser, the warranty start date is the date of purchase. Normal warranty services are applicable to the demonstrating Dealer. Should the truck or bus be sold to a retail purchaser after these limits are reached, the warranty period will begin on the date the vehicle was first placed in demonstration service and the purchaser will be entitled to the remaining warranty.

APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE

APPLICABLE MODELS	WARRANTY LIMITATIONS (Whichever occurs first)		ADJUSTMENT CHARGE TO BE PAID BY THE CUSTOMER	
	Months	Transmission Miles Or Kilometers	Parts	Labor
MT, MD 3000, 3200, 3500, 3700	0–24	No Limit	No Charge	No Charge
HT with Hydraulic Controls	0–24	No Limit	No Charge	No Charge
AT, 1000 Series™, 2000 Series™, 2400 Series™	0–36	No Limit	No Charge	No Charge
HT with Electronic Controls	0–60	No Limit	No Charge	No Charge
HD 1000 EVS, 2100 EVS, 2200 EVS 2350 EVS, 2500 EVS, 2550 EVS, 3000 EVS, 3500 EVS, 4000, 4000 EVS, 4500, 4500 EVS, 4700, 4700 EVS, 4800, 4800 EVS	0–60	No Limit	No Charge	No Charge

WHAT IS NOT COVERED

- **DAMAGE DUE TO ACCIDENT, MISUSE, or ALTERATION** — Defects and damage caused as the result of any of the following are not covered:
  - — Flood, collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle;
  - — Misuse of the vehicle;
  - — Installation into unapproved applications and installations;
  - — Alterations or modification of the transmission or the vehicle, and
  - — Damage resulting from improper storage (refer to long-term storage procedure outlined in the applicable Allison Service Manual)
  - — Anything other than defects in Allison Transmission material or workmanship

  NOTE: This warranty is void on transmissions used in vehicles currently or previously titled as salvaged, scrapped, junked, or totaled.
- **CHASSIS, BODY, and COMPONENTS** — The chassis and body company (assemblers) and other component and equipment manufacturers are solely responsible for warranties on the chassis, body, component(s), and equipment they provide. Any transmission repair caused by an alteration(s) made to the Allison transmission or the vehicle which allows the transmission to be installed or operated outside of the limits defined in the appropriate Allison Installation Guideline is solely the responsibility of the entity making the alteration(s).
- **DAMAGE CAUSED by LACK of MAINTENANCE or by the USE of TRANSMISSION FLUIDS NOT RECOMMENDED in the OPERATOR'S MANUAL** — Defects and damage caused by any of the following are not covered:
  - — Failure to follow the recommendations of the maintenance schedule intervals applicable to the transmission;
  - — Failure to use transmission fluids or maintain transmission fluid levels recommended in the Operator's Manual.
- **MAINTENANCE** — Normal maintenance (such as replacement of filters, screens, and transmission fluid) is not covered and is the owner's responsibility.
- **REPAIRS by UNAUTHORIZED DEALERS** — Defects and damage caused by a service outlet that is not an authorized Allison Transmission Distributor or Dealer are not covered.
- **USE of OTHER THAN GENUINE ALLISON TRANSMISSION PARTS** — Defects and damage caused by the use of parts that are not genuine Allison Transmission parts are not covered.
- **EXTRA EXPENSES** — Economic loss and extra expenses are not covered. Examples include but are not limited to: loss of vehicle use; inconvenience; storage; payment for loss of time or pay; vehicle rental expense; lodging; meals; or other travel costs.
- **"DENIED PARTY" OWNERSHIP** — Warranty repair parts and labor costs are not reimbursed to any participating or non-participating OEMs, dealers or distributors who perform warranty work for, or on behalf of, end users identified by the United States as being a "denied party" or who are citizens of sanctioned or embargoed countries as defined by the U.S. Department of Treasury Office of Foreign Assets Control. Furthermore, warranty reimbursements are not guaranteed if the reimbursement would be contrary to any United States export control laws or regulations as defined by the U.S. Department of Commerce, the U.S. Department of State, or the U.S. Department of Treasury.

OTHER TERMS APPLICABLE TO CONSUMERS AS DEFINED by the MAGNUSON-MOSS WARRANTY ACT

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Allison Transmission does not authorize any person to create for it any other obligation or liability in connection with these transmissions. **ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO THESE TRANSMISSIONS IS LIMITED IN DURATION TO THE DURATION OF THIS WRITTEN WARRANTY. PERFORMANCE OF REPAIRS AND NEEDED ADJUSTMENTS IS THE EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, LOST WAGES OR VEHICLE RENTAL EXPENSES) RESULTING FROM BREACH OF THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY.****

** Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

OTHER TERMS APPLICABLE TO OTHER END-USERS

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE ALLISON TRANSMISSION MODELS LISTED ABOVE AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALLISON TRANSMISSION DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATION OR LIABILITY IN CONNECTION WITH SUCH TRANSMISSIONS. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY.

QUESTIONS

If you have any questions regarding this warranty or the performance of warranty obligations, you may contact any Allison Transmission Distributor or Dealer or write to:

Van Buren Township, Michigan 48111
www.dana.com

FOR IMMEDIATE RELEASE

5 YEAR WARRANTY FOR YOUR FIRE/RESCUE VEHICLE

Dana Holding Corporation's Commercial Vehicle Systems Group is pleased to announce a change in our standard warranty for fire/rescue vehicles. Starting in 2011, all steer and drive axle applications for fire or rescue vehicles will carry a minimum 5 year / 100,000 mile warranty. Additional 1 and 2 year extended warranty packages are available. (Applicable fees apply) That's a total of 7 years of warranty coverage. Our experience in extended warranty coverage's dates back to the mid 80's. Since then, we have pioneered many new programs designed to deliver warranties, which meet the demands of an ever-changing industry. From our first versions of the on/off-highway coverage's, to our more recent vocational warranties, customization and customer satisfaction, have always been our goals.

For further information and requirements, please go to www.roadranger.com.

24K STEER BEAM NOW AVAILABLE

Dana Holding Corporation is continually working with chassis manufactures to determine needs and how best to offer a solution. The amount of equipment has increased over the years and not all firehouses can accommodate a tandem axle vehicle. We have listened to your requests for a slightly higher front GAWR for single axle vehicles. Dana can now offer a front steer beam with a 5 ¼" drop at 24K GAWR. This will allow chassis manufactures to meet the limited length requirements while still carrying the same amount of equipment.

Please contact your Dana representative for further information

Warranty Statement

Subject to the following general and specific terms and conditions, Hale, Inc. ("Hale") hereby warrants to the original Purchaser* that Products sold under Hale and Class 1 brands will be free of defects in material and workmanship for the applicable Warranty Period. General terms and conditions applicable for all Products are set forth under the heading **General Terms and Conditions** below. Product specific terms and conditions, including Warranty Periods and Warranty Coverages, are set forth in the Tables following the **General Terms and Conditions**.

General Terms and Conditions

The following limitations, exclusions, procedures and other terms and conditions shall apply for all Products:

Warranty is voided if:

- Product is used for an application, with products or in a manner other than the application, products and manner for which such Product is designed and intended
- Product is subjected to a use, service, condition or environment other than a use, service, condition or environment for which such Product is designed and intended
- Product is not properly installed
- Product is not properly maintained in accordance with Hale's instruction manual and industry standards
- Product is altered, modified, serviced (except routine maintenance performed in accordance with Hale's instruction manual for Product and Industry accepted standards and guidelines), or repaired by a person other than Hale or a person authorized by Hale to make such alteration or modification or perform such service or repair
- Hale is not paid the full amount of the purchase price for Product when due

No Warranty covers:

- Ordinary wear and tear
- Failure due to compliance with a specification or design provide or required by Purchaser
- Failure due to improper operation, excess pressure, excess voltage or other similar cause
- Failure due to operator error
- Damage during or after shipment and failure attributable thereto or resulting there from
- Failure attributable to or resulting from the failure or substandard, inadequate or improper performance of any part, component or equipment not supplied by Hale
- Failure attributable to or resulting from the failure or substandard, inadequate or improper performance of any third party (e.g., not Hale or Class 1 brand) part, component, product or equipment, whether or not combined, packaged, incorporated, installed or used with a Hale or Class 1 brand part, component, product or equipment.

Hale shall have no obligation under any Warranty unless Purchaser or its customer promptly notifies Hale of the failure giving rise to the Warranty claim, such notice is received by Hale within the applicable Warranty Period, and Hale is provided with such information, data and records (including, but not limited to, in service date, run hours, and service and repair records) as Hale may reasonable request in evaluating the Warranty claim. The notice of failure must be given in writing, identify the Product claimed to be defective (including serial number, if any), and describe in reasonable detail the circumstances surrounding the failure.

Repaired Product and replacement Product shall be warranted only for the remainder of the original Warranty Period.

---

* *The "Purchaser" is the original purchaser from Hale, whether the original purchaser is a distributor, dealer or other reseller, an OEM, or an end user.*

Hale reserves the right to use reconditioned parts for Warranty repairs and to use reconditioned Products for Warranty replacements.

Hale shall have the right to physically inspect Product claimed to be defective. If requested by Hale, Purchaser shall deliver the Product claimed to be defective to Hale at its manufacturing facility or to another party or location designated by Hale. In such event, Hale shall issue to Purchaser a Return Materials Authorization (RMA) for the Product to be delivered. The Product must be delivered to Hale within 30 days of issuance of the RMA. The RMA number must be included with the Product when delivered to Hale. Failure to make timely delivery to Hale of the Product claimed to be defective shall void any Warranty.

Purchaser or its customer shall be responsible for all freight and shipping changes in connection with the delivery of Product claimed to be defective to Hale at its manufacturing facility or to another party or location designated by Hale and the delivery of repaired or replacement Product or parts to Purchaser. Product claimed to be defective must be shipped by Purchaser freight prepaid. Repaired and replacement Product and parts therefore will be shipped to Purchaser freight collect. Purchaser shall bear all risk of loss or damage during shipment.

If requested to do so by Purchaser, Hale may, at its sole option and in its sole discretion, supply a replacement Product or part to Purchaser prior to making a final determination as to whether Warranty Coverage is available. If Hale ultimately determines that no Warranty Coverage is available for the Product claimed to be defective, whether the determination is based on the Warranty being voided, the Product failure being due to a cause not covered by the Warranty, the failure to make a timely and proper Warranty claim, or otherwise, Purchaser or its customer will be required to purchase the replacement Product or part that has been supplied to it by Hale at the price at which Purchaser is then entitled to purchase such Product or part under the Supply Agreement.

If Hale ultimately determines that no Warranty Coverage is available for a Product claimed to be defective, whether the determination is based on the Warranty being voided, the Product failure being due to a cause not covered by the Warranty, the failure to make a timely and proper Warranty claim, or otherwise, Purchaser shall have the option of either (i) having the Product returned to it freight collect, without repair or replacement, or (ii) if Hale determines that the Product is repairable, have the Product repaired by Hale or another party designated by it on a time and materials basis at Hale's then current standard charges for non-warranty repairs and then returned to Purchaser freight collect.

HALE'S WARRANTY AS SET FORTH HEREIN IS HALE'S SOLE AND EXCLUSIVE WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGMENT ALL OF WHICH OTHER WARRANTIES ARE EXPRESSLY EXCLUDED.

THE RIGHTS AND REMEDIES SET FORTH HEREIN ARE THE SOLE AND EXCLUSIVE RIGHTS AND REMEDIES AGAINST HALE. EXCEPT FOR THE SPECIFIC LIABILITIES AND OBLIGATIONS PROVIDED HEREIN, HALE SHALL HAVE NO LIABILITY OR OBLIGATION WITH RESPECT TO ANY PRODUCT CLAIMED TO BE DEFECTIVE IN ANY MANNER.

UNDER NO CIRCUMSTANCES SHALL HALE BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, LOST OR UNREALIZED SALES, REVENUES, PROFITS, INCOME, COST SAVINGS OR BUSINESS, LOST OR UNREALIZED CONTRACTS, LOSS OF GOODWILL, DAMAGE TO REPUTATION, LOSS OF PROPERTY, LOSS OF INFORMATION OR DATA, LOSS OF PRODUCTION, DOWNTIME, OR INCREASED COSTS, IN CONNECTION WITH ANY PRODUCT, EVEN IF HALE IS ADVISED OR PLACED ON NOTICE OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING THE FAILURE OF ANY ESSENTIAL PURPOSE OF ANY PRODUCT.

HALE, INC. Product Specific Warranty Terms and Conditions (January 1, 2013)			
Product *		**Warranty Period**	**Warranty Coverage ****
Pumps Mid-Ship, Rear Mount, and Booster (Excludes all Engine Driven Units)	Fire Service Applications (non-Marine)	Earlier of (i) 5 years from in service date of vehicle or equipment in which Product is initially installed, or (ii) 5-1/2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship.
			At time pump is ordered, original Purchaser may take Standard Warranty at no charge or purchase Extended Warranty for an additional charge which will be quoted by Hale at original purchaser's request at time of order.
			Under Standard Warranty, Hale will cover parts and labor for first 2 years of Warranty Period and parts only (no labor) for remainder of the Warranty Period .
			Under Extended Warranty (if purchased by original Purchaser), Hale will cover parts and labor for the full Warranty Period.
			When labor is covered, Service Provider will be reimbursed at Hale's then current standard labor hours and rates for labor to make repair (if not repaired by Hale) and to remove defective Product and re-install repaired or replacement Product. Hale's approval of repair estimate is required prior to performance of repair work. If applicable, actual mileage will be reimbursed at Hale's then current mileage reimbursement rate.
	Marine, Refueller and Other Applications	Earlier of (i) 2 years from the date of shipment of Product to original Purchaser, or (ii) 2,000 run hours .	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Engine Driven Units ***	Pump Ends Backpacks Floats	If not used for rental or contracting, 2 years from the date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. Repair labor is included, but any other labor (including removal and re-installation) and mileage are excluded. Service Provider will be reimbursed at Hale's then current standard labor hours and rates for labor to make repair (if not repaired by Hale). Hale's written authorization of repair estimate is required prior to performance of repair work.
		If used for rental or contracting, earlier of (i) 6 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	HP Portables	If not used for rental or contracting, 3 years from the date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
		If used for rental or contracting, earlier of (i) 6 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	Cross-Chassis Skids Trailer Units	Earlier of (i) 12 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.

HALE, INC. Product Specific Warranty Terms and Conditions (January 1, 2013)			
Product *		**Warranty Period**	**Warranty Coverage ****
Pump Modules Pump Body Weldments, Stainless Manifolds, and Fabricated Panels		10 years from the date of shipment of Product to original Purchaser	Repair or replacement of Product that Hale determines failed (including cracks resulting from stress and rust through of panels) during Warranty Period due to a defect in material or workmanship. No labor is included.
			Pump modules are built to original Purchaser's specification or design. Although individual Hale and Class 1 components used for pump modules comply with NFPA standards, pump modules are not NFPA compliant. Original Purchaser is solely responsible for (i) ensuring finished pump houses are NFPA complaint and adhere to industry accepted standards and guidelines, and (ii) supplying manuals that include appropriate directions, instructions and warnings concerning pump house operation.
Foam CAFS Systems, FoamLogix Proportioners, and EZ Fill		1 year from the date of shipment to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Pump Repair & Replacement Parts		90 days from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Pressure Gauges		3 years from date of shipment of Product to the original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Plumbing		2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Valves	SVS "Torrent" Valves	10 years from date of shipment of Product to original Purchaser on everything except seal. 2 years from date of shipment of Product to original Purchaser on seal.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	Class 1 Valves	10 years from date of shipment of Product to original Purchaser on everything except seal. No warranty on seal.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Electronics		2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.

* *When Products are combined to form a module or package, each Product will have its own separate Warranty Period and Warranty Coverage.*

** *For each Product, Hale will have the option to refund to Purchaser (in cash or by credit) the purchase price Hale was paid for such Product, less depreciation determined on a straight line basis over the Warranty Period, in lieu of repair or replacement (including, when applicable, labor). The decision whether to repair, replace or refund (and, if there is a refund, whether to refund in cash or by credit) shall be made by Hale in its sole discretion.*

*** *All engine related service, performance and warranty issues will be handled by the engine OEM or their local distributor.*

Fire and Rescue Apparatus

Ten (10) Year Material and Workmanship
Pierce 12V LED Strip Light

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Pierce 12V LED strip lights installed on the apparatus occuring during the warranty period.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Material and Workmanship
Stainless Steel Piping
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	**Stainless steel piping shall be free from structural failures caused by defects in material and workmanship, or perforation caused by corrosion.**
Warranty Begins:	**The date of the original purchase invoice (issued when the product ships from the factory).**
Warranty Period Ends After:	**Ten (10) Years - or - 100,000 Miles**
Conditions and Exclusions: See Also Paragraphs 2 thru 4	**Pierce's obligation under this warranty is limited to repairing or replacing without charge, as Pierce may elect, the stainless steel piping or components which Pierce determines to have failed due to defective material and workmanship, or perforation caused by corrosion.** **This warranty does not cover the use of fluoroprotein (FP) type foam. The sodium chloride within FP foam can cause long-term damage to system components if not thoroughly flushed immediately after use.**

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship
Meritor Wabco ABS Brake System
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Meritor Wabco ABS brake system shall be covered by Meritor Wabco as indicated in the attached Meritor Wabco warranty coverage description
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	The exclusions listed in the attached Meritor Wabco warranty description shall apply.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

MERITOR WABCO

Safety Strong. Efficiency Smart.

Warranty
Model Year 2018 Vehicles

SIMPLER IS BETTER

Warranty coverage is essential to protecting your investment. But understanding the full details of your coverage can be challenging. This straightforward approach allows you, our valued customer, to better understand how your specific vehicle applications will be covered in your region. Our component warranty coverage is provided according to vocation/usage categories listed below.

- Linehaul covers high mileage operation (over 60,000 miles/year) on well maintained major highways of concrete or asphalt construction.
- General Service covers moderate mileage operations (less than 60,000 miles/year) on well maintained public roads (less than 10 percent off-road) typically with less than three (3) stops per mile.
- Heavy Service (Vocational) covers vehicles with more than 10 percent off-road OR moderate to frequent starts/stops typically with more than three (3) stops per mile.
- Off-Highway Service covers lower mileage operations. Vehicles are not typically licensed for highway use.

TERMS AND CONDITIONS

Coverage Exclusions

Product Description

All

The cost of any repairs, replacements or adjustments to a covered product due to the following: (1) damage to the product or its component parts caused by incorrect use, installation, maintenance or repair, including without limitation (a) improper fit of mating components or brackets, (b) damaged threads, (c) cut, broken, chafed, pinched or otherwise damaged wiring (sensors, harnesses and connectors), (d) damaged sensors from removal when seized in block, or associated with sensor adjustments/ alignments, and (e) damage resulting from the use or installation of non-genuine Meritor WABCO components or materials; (2) damage to the product, its component parts, or diminished product or component part performance due to incorrect operation, deviation from approved conditions or misapplication; (3) any unauthorized disassembly of the product or its component parts including without limitation (a) obliterated, defaced or missing WABCO or Meritor WABCO name plate, serial numbers or label identifying the device as a Meritor WABCO product or WABCO component, (b) changes to sealed adjusting screws, and (c) opening or attempted repair of non-serviceable components; (4) malfunction of the component due to internal contamination out of the vehicle system including without limitation (a) water and other contamination damage that is due to the use of a non-genuine air dryer cartridge or (b) valve failures due to contamination in air system, (5) complaints associated with noise, (6) damage resulting from corrosion (including oxidation of electrical devices and connections).

Air Dryers

Mounting brackets (see vehicle OEM). Desiccant cartridge housing only.

Air System Components

Normal wear items; Gladhand seals, dash valve knobs, valve actuation handles, treadles, pedals.

ABS, Electronic Stability Control (ESC), Roll Stability Control (RSC), OptiRide™, OnGuard™ and OnLane™, collectively "Electronics"

Failure of electronic components due to overvoltage condition, improper grounding, electrostatic discharge (ESD), improper shielding, electromagnetic interference (EMI), or other wiring or installation issues.

Malfunctions and failure codes caused by other electronic subsystem failures (data bus, engine, transmission, dashboard, etc.)

Hydraulic Components

For certain components, brake fluid DOT3 or DOT4 is used as the operating medium. Use of any other fluid will void all warranties associated with that component. For hydraulic braking applications the brake fluid is considered a maintenance item. Maintenance intervals are listed in TB-1367.

Coverage Limitations

Product Description

All

Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program.

Products purchased on an incomplete vehicle (glider) are limited to one year, 1/Unl/P.

For vehicles that operate full- or part-time outside of the United States and Canada, a 1-Year/Unlimited Miles parts only (1/Unl/P) will apply.

TOOLBOX™ Software

Proper diagnostics of Meritor WABCO Electronics may require the latest version of TOOLBOX™. Additional labor due to use of an outdated version of TOOLBOX™. TOOLBOX™ software, and/or the time to purchase or install latest version of TOOLBOX™ are not covered under product warranty.

TERMS AND CONDITIONS

(1) What is Covered by this Commercial Warranty?
Meritor WABCO Vehicle Control Systems warrants to the owner ("Owner") that the components listed in this publication, which have been installed by an Original Equipment Manufacturer ("OEM") as original equipment will be free from defects in material and workmanship. This warranty coverage begins from the original in-service date to the limits provided and runs concurrently with any warranties provided by OEMs and/or any service contracts that cover the components listed in this publication, if any. If the components listed in this publication are covered by an OEM warranty and/or service contract, then the OEM's warranty and/or service contract shall supersede Meritor WABCO's warranty and Owner shall comply with all OEM's warranty and/or service contract requirements for claims under such OEM's warranty and/or service contract until those agreements expire. Once those agreements expire and provided the Meritor WABCO warranty has not expired under the terms stated above, the Meritor WABCO warranty would be in effect until its expiration date.

Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner, or, the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed previously in this publication. Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Additional diagnostic time due to use of an outdated version of TOOLBOX™, time to purchase or install latest version of TOOLBOX™ are the responsibility of the authorized Meritor WABCO service location and are not covered under product warranty. Components installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

(2) Designation of Vocational Use Required.
To obtain warranty coverage, each Owner must notify Meritor WABCO through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the Meritor WABCO components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with Meritor WABCO directly. Failure to notify Meritor WABCO of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date.

A second Owner and each subsequent Owner must also notify Meritor WABCO as to the intended vocational use of the vehicle. This notification can be sent directly to Meritor WABCO or through the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use.

Coverage under Meritor WABCO's warranty requires that the application of products be properly approved pursuant to OEM and Meritor WABCO, approvals.

(3) What is the Cost of this Warranty?
There is no charge to the Owner for this warranty.

(4) What is not Covered by this Warranty?
In addition to the items listed on page 7, this warranty does not cover normal wear and tear, or service items; nor does it cover a component that fails, malfunctions or is damaged as a result of (a) improper handling, storage, installation, adjustment, repair or modification including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage, or vocation from that which was originally approved by Meritor WABCO, (b) accident, fire or other casualty, natural disaster, road debris, negligence, misuse, abuse, or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the brake system capacity), or (c) improper or insufficient maintenance (including deviation from maintenance intervals, approved lubricants, or lube levels). This warranty does not cover any component or part that is not sold by Meritor WABCO.

(5) Remedy.
The exclusive remedy under this warranty shall be the repair or replacement of the defective component at Meritor WABCO's option. Meritor WABCO reserves the right to require that all applicable covered components are available and/or returned to Meritor WABCO for review and evaluation.

(6) DISCLAIMER OF WARRANTY.
THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED OR STATUTORY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. SOME STATES LIMIT OR DO NOT ALLOW THE DISCLAIMER OF IMPLIED OR OTHER WARRANTIES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE EXTENT SUCH STATE'S LAW IS APPLICABLE TO THESE TERMS.

(7) LIMITATION OF REMEDIES.
IN NO EVENT SHALL MERITOR WABCO BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES OF ANY KIND OR UNDER ANY LEGAL THEORY, INCLUDING, BUT NOT LIMITED TO, TOWING, DOWNTIME, LOST PRODUCTIVITY, CARGO DAMAGE, TAXES, LOST PROFITS, COSTS OF PROCUREMENT OF A SUBSTITUTE COMPONENT OR ANY OTHER LOSSES OR COSTS RESULTING FROM A COVERED COMPONENT. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE EXTENT SUCH STATE'S LAW IS APPLICABLE TO THESE TERMS.

(8) TIME LIMIT ON COMMENCING LEGAL ACTION.
ANY LEGAL ACTION OR CLAIM ARISING FROM OR RELATED TO THIS WARRANTY, IN CONTRACT OR OTHERWISE, MUST BE COMMENCED WITHIN ONE YEAR FROM THE ACCRUAL OF THAT CAUSE OF ACTION, OR BE BARRED FOREVER.

(9) To Obtain Service.
If the Owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either Meritor WABCO or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM new truck and/or trailer dealer or authorized Meritor WABCO service location. The dealer will inspect the vehicle and contact Meritor WABCO for an evaluation of the claim. When authorized by Meritor WABCO, the dealer will repair or replace during the term of this warranty any defective Meritor WABCO component covered by this warranty.

(10) Entire Agreement.
This is the entire agreement between Meritor WABCO and the Owner about warranty and no Meritor, Meritor WABCO employee, or dealer is authorized to make any additional warranty on behalf of Meritor WABCO unless in writing and signed by an authorized representative of Meritor WABCO.

TRW COMMERCIAL STEERING SYSTEMS
800 HEATH STREET
LAFAYETTE, INDIANA 47904

PRODUCT WARRANTY

I. **WARRANTY**: The Commercial Steering Systems group of TRW, Inc., hereinafter referred to as "CSS", warrants that each new product supplied by CSS to its customer, when properly installed, used and maintained, shall be free from defect in material and workmanship for the period specified below:

(A) CSS Product installed in **New On-highway Motor Vehicle**:

Within twelve (12) months after date of delivery of such vehicle to the original retail purchaser, or before such vehicle has been driven one hundred thousand (100,000) miles, whichever event shall first occur.

(B) CSS Product installed in **New Agricultural, Turf, Industrial, or Construction Vehicles and Related Equipment**:

Within twelve (12) months after date of delivery of such vehicle/equipment to the original retail purchaser or before such vehicle/equipment has been operated for two thousand (2000) hours or fifty thousand (50,000) miles, whichever occurs first.

(C) CSS Product installed in **New End Product, Not Specifically Mentioned in Classifications (A) or (B) Above and All Other Off-Highway/Severe Applications**:
Within six (6) months after date of delivery of the original equipment manufacturer's end product to the original retail purchaser.

II. **REMEDY**: Customer's sole remedy under the foregoing warranty is limited to correction by means of repair, replacement or issuance of credit, at the option of CSS, of any product which is:

(A) Returned to CSS within the specified warranty time period, with prior notice to, and the written consent of, CSS, with transportation and handling charges prepaid, together with a statement describing the alleged defect, the part number, model number and application, and mileage or hours of use of such product; and

(B) Upon examination, determined by CSS not to conform to the warranty.

III. Any product which is repaired or replaced under this warranty will be returned to customer prepaid. Disposition of any product determined not to be covered by this warranty will be at the customer's expense.

IV. CSS will not be liable for any repairs, replacements, or adjustments to any product or any cost of labor performed by or at the request of customer without the express prior written consent of CSS.

V. **EXCEPTIONS**: The provision of this warranty shall not apply to any CSS product which is used for a purpose for which it is not designed, or which shall have been repaired or altered in any way, or which has been subject to misuse, negligence or accident, neglect of normal maintenance services, so as, in the judgement of CSS to adversely affect its performance and reliability. In no case will the CSS warranty exceed the standard published warranty of its customer in terms of time and/or distance. In all events, the CSS warranty will expire thirty (30) months after the date of manufacture as stamped on the Product. In the case of hydraulic equipment, operation with unapproved fluid or temperatures voids this warranty.

VI. **EXCLUSION OF ALL OTHER REMEDIES AND LIMITATION OF LIABILITY**: Customer's sole and exclusive remedy under the foregoing warranty shall be for the repair, replacement or issuance of credit with respect to a defective product, as set forth and described above. Other provisions hereof notwithstanding, CSS shall not be liable to Customer, or any successor in interest, beneficiary or assignee of Customer, based upon any claim against CSS, whether in contract, warranty, negligence, strict liability, indemnity or otherwise, for any special, consequential, incidental or other damages relating in any way to the design, manufacture, sale, installation or other use of any product purchased from CSS.

VII. **EXCLUSION OF ALL OTHER WARRANTIES: THE FOREGOING WARRANTY IS THE EXCLUSIVE WARRANTY BY CSS AND IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES AND REPRESENTATIONS, WHETHER ORAL, WRITTEN, EXPRESSED, IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTIBILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship - Transmission Oil Cooler
Three (3) Year Collateral Damage Coverage

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	**The transmission cooler shall be free from component or structural failures caused by defects in material and/or workmanship. Collateral damage up to $10,000 per occurrence is available for the first three (3) years.**
Warranty Begins:	**The date of delivery to the first retail purchaser.**
Warranty Period Ends After:	**Five (5) Years on Oil Cooler and three (3) years on collateral damage coverage**
Conditions and Exclusions: See Also Paragraphs 2 thru 4	**This warranty does not cover repair due to accidents, misuse, and excessive vibration, flying debris, storage damage (freezing), negligence or modification. This warranty is void if any modification or repairs are performed without authorization. This also voids any future warranty.** **This warranty does not cover cost of maintenance or repairs due to lack of required maintenance services as recommended. Performance of the required maintenance and use of proper fluids are the responsibility of the owner.** **Towing is covered to the nearest distributor or authorized dealer only when necessary to prevent further damage to your transmission.** **Labor costs for the removal and reinstallation of goods may be covered when necessary to make repairs. Please contact your OEM for authorization.** **Replacement of cooler during the warranty period is limited to 100% of reasonable labor costs up to a maximum of $700 to remove, replace, or repair the oil cooler.**

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Effective 1 August, 2009

UNITED PLASTIC FABRICATING, INC.

WARRANTY

FOR: POLY-TANK®, POLYSIDE®, INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™

LIFETIME SERVICE WARRANTY

United Plastic Fabricating, Inc. (hereinafter called "UPF") warrants each POLY-TANK®, Booster/Foam Tank POLYSIDE® Wetside Tank, Integrator Tank/Body, ELLIPSE™ Elliptical Tank, Ellip-T-Tank Tank and DEFENDER™ Skid Tank to be free from defects in material and workmanship for the service life of the original vehicle (vehicle must be actively used in an emergency response for fire suppression). All UPF Tanks must be installed and operated in accordance with the UPF Installation and Operating Guidelines. Failure to do so can void the warranty.

Every UPF Tank is inspected and tested before leaving our facility. Should your UPF Tank require service, please notify UPF via email, fax, in writing or by calling UPF at 1-978-975-4520. Please provide the serial number, a description of the service request, the location along with the phone number and name of the contact person. Our goal is to have scheduled work completed within a reasonable time period.

Under a valid warranty claim, UPF will cover the cost to repair the UPF Tank including the customary and reasonable costs to make the tank accessible such as the removal and reinstallation of the tank if authorized in advance (pre-approved) by UPF. The warranty will not cover tanks that have been improperly installed, operated, misused, abused, or modified from its intended or designed use. Serial number must not have been altered, defaced or removed. Tanks that are not stored or installed properly which results in the tank suffering UV damage will not be covered by this agreement.

Should UPF determine that the service claim is valid under this warranty for a tank located outside of the United States and Canada, UPF will assume the costs for labor and material for the warranty repair as described above plus all travel costs to the U.S. port of embarkation. Costs for airline travel outside of the U.S. and Canada will not be the responsibility of UPF.

In the event the tank shall become stationed in an area of the world that is considered to be a war zone or where unsafe conditions exist for the safe passage of United States Nationals, as reported by the United States Department of State, (http://www.state.gov), and a request to perform service or warranty repairs, UPF reserves the right to refuse to honor such requests. It is the purchaser's responsibility to relocate the tank to an area where such repairs can be performed without undue risk to UPF employees or their designee. UPF will make every reasonable effort to support our products though alternative means.

For Ellipse™ elliptical tanks, a separate five year warranty provided by the subcontractor is applied to the sub-frames, chute linings (rubber isolation strips) and metal components. The stainless steel wrap provided by UPF shall be warranted by the subcontractor performing the wrap installation in accordance with their warranty in place at the time of the installation. UPF will not be liable for any warranty costs associated with the wrap, sub-frames, chute linings (rubber isolation strips) and metal components but will assist with all claims on behalf of its customer.

For PolySide® wetsided tanks and Integrator™ Tank/Body units, all polypropylene components related to the tank shall carry the standard UPF lifetime

Continued on back

UNITED PLASTIC FABRICATING, INC.

WARRANTY

FOR: POLY-TANK®, POLYSIDE®, INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™

service warranty. Other polypropylene components, including but not limited to compartments, wheel wells, fenders and other body related components shall be warranted by UPF for a period of ten years. The warranty for the PolySide® and Integrator™ units excludes paint or hardware, which shall be covered by the manufacturer of the paint/hardware.

All UPF tanks 50 gallons or less utilized for non-fire applications and installed on specialty vehicles such as ATVs, trailers, boats, etc. are covered under a separate warranty policy available from UPF. Further, UPF Protector™ foam and water trailers are warranted under a separate warranty policy available from UPF.

This UPF warranty is transferable within the United States only with prior written approval by UPF (except an original apparatus manufacturer may assign this warranty to the first titled owner/lessee of the apparatus).

UPF will NOT reimburse any unnecessary work and/or work that has not been pre-approved. Any and all third party charges must be pre-authorized and approved in writing by UPF prior to commencing the work. Any unauthorized third party repairs, alterations, actions or modifications will not be covered and can void the warranty. UPF will be the sole determining authority as to whether a service claim will be valid and covered under this warranty.

In no event will UPF be liable for an amount in excess of the purchase price of the booster/foam tank at the time of manufacture or for any loss or damage, whether direct, indirect, incidental, consequential, or otherwise arising out of failure of its product. Loss of contents (water, foam, etc.) shall not be the responsibility of UPF. Further, UPF is not responsible for costs associated with service repairs to chassis, sub-frames, bodies, valves, dumps, hoses, pressure vacuum vents, and other components (i.e. liquid level transducers, etc.). Further, UPF will not cover the cost for travel of the vehicle to and from a repair facility.

This warranty contains the entire warranty. It is the sole warranty and price agreements or representation, whether oral or written, are either merged herein or expressly cancelled. UPF neither assumes, nor authorizes any person supposing to act on its behalf to change, nor assume for it, any warranty or liability concerning its product.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow exclusion or limitation or incidental or consequential damage, so the above limitation or exclusion may not apply to you. Since some states do not allow limitations on the length of an implied warranty, the above limitation may not apply to you.

THERE ARE NO WARRANTIES, EXPRESSED OR IMPLIED, WHICH EXTEND BEYOND THE DESCRIPTION OF THE FACE HEREOF. THERE IS NO EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR A WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. ADDITIONALLY, THIS WARRANTY IS IN LIEU OF ALL OTHER OBLIGATION OR LIABILITIES ON THE PART OF UPF.

POLY-TANK®,& POLYSIDE® are registered trademarks of UPF, Inc. INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™ are trademarks of UPF, Inc. © 08/01/09 UPF, Inc. Printed in the USA

DATE: **January 4, 2010**

RE: **UPF Tank Warranty Policy – Truck in Accident**

Service Topic #292

To keep the UPF tank warranty valid on trucks that have been involved in a vehicular accident, it is UPF's policy that the customer must remove the tank from the truck and send it back to one of UPF's facilities for inspection. In the event that this does not take place, the warranty will be considered null and void.

The customer must remove and send the tank back to UPF for inspection in order to maintain the original warranty coverage, at which time it will be:

- *Filled with water*
- *Visually inspected*
- *Ultraviolet spark tested on articulating test stand in the dark*
- *Recommendation for repairs if necessary provided by UPF*
- *Fully evaluated and repaired by UPF*

If your customer chooses to leave the tank on the truck and wants a technician to inspect and/or repair the tank in the field, then **the warranty is no longer in effect**. This direction is upheld by UPF because the technician cannot inspect the entire tank when it is still installed on the truck.

Note: This memo is intended to relay the information Pierce has received on UPF's tank warranty for trucks that are in a vehicular accident. In the event of an actual claim, we direct you to consult with UPF's service Manager Maura Watts (800-638-8265 x253)

Effective March 15, 2010

AMDOR
SPECIALTY ROLL-UP DOORS

AMDOR Inc. TERMS OF BUSINESS AND GENERAL INFORMATION

Warranty:

All AMDOR Inc. roll-up door products are warranted for a period of 10 years from the date of delivery (with the exception of wet paint adhesion - please see below). AMDOR Inc. liability covers the replacement or repair of any component that fails due to defects in material and / or workmanship during the coverage period. We accept no liability for claims made for damages to any part (or parts) of a vehicle and / or machine (of any type) or injury claims by a person or persons assumed or alleged to have been brought about by the use or misuse of any product supplied by AMDOR Inc. Warranty coverage does not extend to door attachments including (but not limited to) decals, emblems, stripes and adhesives.

In order to initiate the claims process please contact your authorized representative of AMDOR Inc. Warranty claims must be accompanied by a written description providing full and reasonable details as to the nature of the defect. Upon receipt of your claim arrangements will be made to inspect the defective product (if necessary). Justified warranty claims will be repaired, exchanged, or credited to the customer's account at AMDOR Inc.'s discretion. All warranty claims must be approved in writing by the Customer Service Manager for AMDOR Inc. There are no exceptions to this clause.

Limited warranty coverage includes the labor associated with the disassembly and assembly of products deemed to be defective by AMDOR Inc. Labor allowances are based on a set time schedule as determined by AMDOR Inc. The maximum allowable hourly labor rate is $ 50. All warranty labor claims must be approved in writing by an authorized representative of AMDOR Inc. prior to commencement of work. Allowances for removal and installation:

Curtain replacement:	3/4 hour
Balancer replacement:	1 hour
Door ajar switch	3/4 hour
Bottom Panel Assembly:	1/2 hour
Slat replacement:	3/4 hour
Door removal and replacement	1 1/2 hours

Items authorized for return must be accompanied by a Return Goods Authorization (RGA) number. We will accept collect shipments of items deemed to be defective provided that they are returned via the most economical carrier. Should items be

returned by means other than the most economical carrier the difference will be charged back to the sender.

AMDOR Inc. reserves the right to reject any claim when a product has been opened, interfered with or modified. Claims may also be rejected when damage to the product (or any sub-assembly) has been brought about by accident, misuse, abuse, vandalism, incorrect installation, temperature extremes, chemical exposure or any factor other than regular operating conditions.

Limited Wet Paint Match Adhesion Warranty

AMDOR Inc. warrants wet paint finishes applied by AMDOR utilizing our approved factory paint specification. All wet paint match colors must be approved in writing by an authorized OEM representative. AMDOR Inc. will provide a color spray out for this purpose. The time required for shipping and consideration of initial color spray outs will be considered over and above stated lead times. Warranty coverage will extend for a period of not less than 5 years from the date of delivery as determined by AMDOR Inc.'s Packing Slip. AMDOR reserves the right to determine whether individual units will be replaced and / or repaired by an AMDOR approved vendor. An allowance will be made for labor associated with the disassembly and assembly of individual units at the prescribed hourly rate of $ 50 per hour. Compensation for labor will not exceed the maximum time allowance permitted for door removal and replacement. Written approval including specified allowance for time must be obtained from AMDOR prior to initiating work. Warranty coverage will extend to the following visible paint system defects:

1./ Loss of mechanical adhesion as evidenced by peeling, cracking or blistering which exposes the substrate material.

2./ Corrosion of the substrate due to paint system failure.

3./ Fading which results in a substantial departure from the primary AMDOR approved body color.

Wet paint adhesion limited warranty coverage will be excluded when damages to the system are determined by AMDOR Inc. to be a result of the following:

1./ Damage caused through the use of attachments including (but not limited to) decals, labels, adhesives, non factory approved coatings.

2./ Loss of gloss, discoloration or damage due to improper maintenance (including but not limited to) mechanical wash systems, pressure washers, steam cleaners, non approved wash or polishing agents.

3./ Abuse, acts of nature, excessive heat / cold, chemical exposure, vandalism and / or accidents.

4./ Scratches, chips, abrasions, or dents from any source.

This document supercedes all previous written and / or verbal warranties provided by AMDOR Inc. and / or it's affiliates.

Fire and Rescue Apparatus

54 Months Material and Workmanship

Camera System

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Sharpvision camera system installed on the apparatus occuring during the warranty period.
Warranty Begins:	The date of delivery.
Warranty Period Ends After:	Fifty - Four (54) months
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

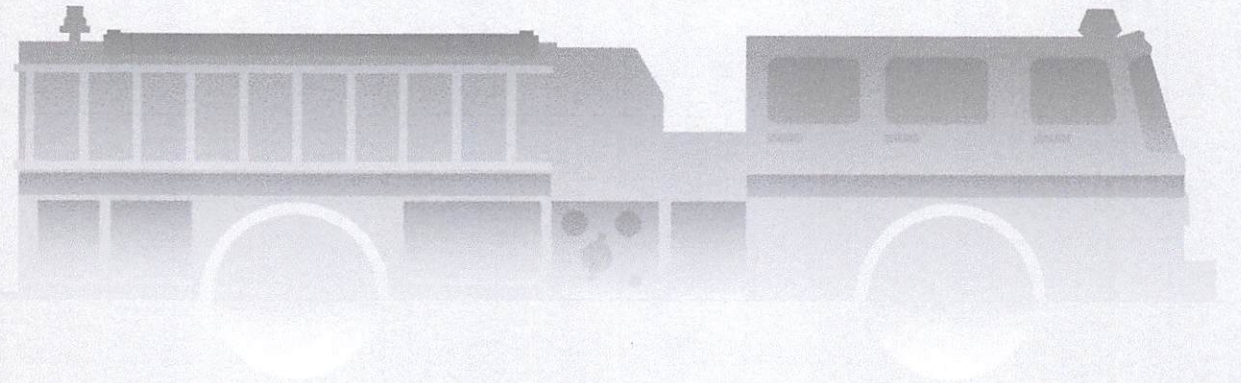
4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Cummins Warranty

Worldwide
Fire Apparatus/Crash Trucks



Coverage

Products Warranted

This Warranty applies to new diesel Engines sold by Cummins and delivered to the first user on or after April 1, 2007, that are used in fire apparatus truck and crash truck* applications Worldwide.

Base Engine Warranty

The Base Engine Warranty covers any failures of the Engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the Engine by Cummins and ends five years or 100,000 miles (160,935 kilometers), whichever occurs first, after the date of delivery of the Engine to the first user.

Engine aftertreatment components included in the Cummins Critical Parts List (CPL) and marked with a Cummins part number are covered under Base Engine Warranty.

Additional Coverage is outlined in the Emission Warranty section.

These Warranties are made to all Owners in the chain of distribution and Coverage continues to all subsequent Owners until the end of the periods of Coverage.

Cummins Responsibilities

Cummins will pay for all parts and labor needed to repair the damage to the Engine resulting from a Warrantable Failure.

Cummins will pay for the lubricating oil, antifreeze, filter elements, belts, hoses and other maintenance items that are not reusable due to the Warrantable Failure.

Cummins will pay for reasonable labor costs for Engine removal and reinstallation when necessary to repair a Warrantable Failure.

Cummins will pay reasonable costs for towing a vehicle disabled by a Warrantable Failure to the nearest authorized repair location. In lieu of the towing expense, Cummins will pay reasonable costs for mechanics to travel to and from the location of the vehicle, including meals, mileage and lodging when the repair is performed at the site of the failure.

Owner Responsibilities

Owner is responsible for the operation and maintenance of the Engine as specified in Cummins Operation and Maintenance Manuals. Owner is also responsible for providing proof that all recommended maintenance has been performed.

Before the expiration of the applicable Warranty, Owner must notify a Cummins distributor, authorized dealer or other repair location approved by Cummins of any Warrantable Failure and make the Engine available for repair by such facility. Except for Engines disabled by a Warrantable Failure, Owner must also deliver the Engine to the repair facility.

Service locations are listed on the Cummins Worldwide Service Locator at cummins.com.

Owner is responsible for the cost of lubricating oil, antifreeze, filter elements and other maintenance items provided during Warranty repairs unless such items are not reusable due to the Warrantable Failure.

Owner is responsible for communication expenses, meals, lodging and similar costs incurred as a result of a Warrantable Failure.

Owner is responsible for non-Engine repairs and for "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs and other losses resulting from a Warrantable Failure.

Owner is responsible for a $100 (U.S. Dollars) deductible per each service visit under this plan in the 3rd, 4th and 5th years of Base Engine Warranty. The deductible will not be charged during the first 2 years of the Base Engine Warranty.

Limitations

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel

exhaust fluid.

This Warranty does not apply to accessories supplied by Cummins which bear the name of another company. Such non-warranted accessories include, but are not limited to: alternators, starters, fans, air conditioning compressors, clutches, filters, transmissions, torque converters, vacuum pumps, power steering pumps, fan drives and air compressors. Cummins branded alternators and starters are covered for the first two years from the date of delivery of the Engine to the first user, or the expiration of the Base Engine Warranty, whichever occurs first.

Failures resulting in excessive oil consumption are not covered beyond the duration of the Coverage or 100,000 miles (160,935 kilometers) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first. Before a claim for excessive oil consumption will be considered, Owner must submit adequate documentation to show that consumption exceeds Cummins published standards.

Failures of belts and hoses supplied by Cummins are not covered beyond the first year from the date of delivery of the Engine to the first user or the duration of the Warranty, whichever occurs first.

Parts used to repair a Warrantable Failure may be new Cummins parts, Cummins approved rebuilt parts or repaired parts. Cummins is not responsible for failures resulting from the use of parts not approved by Cummins.

A new Cummins or Cummins approved rebuilt part used to repair a Warrantable Failure assumes the identity of the part it replaced and is entitled to the remaining Coverage hereunder.

Cummins Inc. reserves the right to interrogate Electronic Control Module (ECM) data for purposes of failure analysis.

CUMMINS DOES NOT COVER WEAR OR WEAROUT OF COVERED PARTS.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THIS WARRANTY AND THE EMISSION WARRANTY SET FORTH HEREINAFTER ARE THE SOLE WARRANTIES MADE BY CUMMINS IN REGARD TO THESE ENGINES. CUMMINS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Emission Warranty

Products Warranted

This Emission Warranty applies to new Engines marketed by Cummins that are used in the United States** in vehicles designed for transporting persons or property on a street or highway. This Warranty applies to Engines delivered to the first user on or after September 1, 1992.

Coverage

Cummins warrants to the first user and each subsequent purchaser that the Engine is designed, built and equipped so as to conform at the time of sale by Cummins with all U.S. federal emission regulations applicable at the time of manufacture and that it is free from defects in material or factory workmanship which would cause it not to meet these regulations within the longer of the following periods: (A) Five years or 100,000 miles (160,935 kilometers) of operation, whichever occurs first, as measured from the date of delivery of the Engine to the first user or (B) The Base Engine Warranty.

If the vehicle in which the Engine is installed is registered in the state of California, a separate California Emission Warranty also applies.

Limitations

Failures, other than those resulting from defects in material or factory workmanship, are not covered by this Warranty.

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

Cummins is not responsible for non-Engine repairs, "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs or other losses resulting from a Warrantable Failure.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

* Airport operated crash trucks and fire department operated trucks employed to respond to fires, hazardous material releases, rescue and other emergency-type situations.

Fire and Rescue Apparatus

Two (2) Year Material and Workmanship
Meritor Axles

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	**The Meritor axle shall be covered by Meritor as indicated in the attached Meritor warranty coverage description**
Warranty Begins:	**The date of the original purchase invoice (issued when the product ships from the factory).**
Warranty Period Ends After:	**Two (2) Year**
Conditions and Exclusions: **See Also Paragraphs 2 thru 4**	**The exclusions listed in the attached Meritor warranty description shall apply.**

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

MERITOR® COMMERCIAL VEHICLE SYSTEMS

WARRANTY/MODEL YEAR 2018 VEHICLES

WARRANTY INFORMATION CONTENTS

Effective Model Year 2018 Vehicles

Linehaul 3-4
General Service 5-6
Heavy Service 7-8
Off-Highway Service 9
Terms and Conditions 10

How to Read Warranty Coverage

Number of Years	Mileage (in thousands) Unl=Unlimited	P=Parts Only P&L=Parts & Labor

Notice:

Models or components that are approved for use by Meritor's vocational guidelines contained in Meritor Publication TP-9441 for axles, SP-8320 for trailer axles, TP-12126 for drivelines, which are not specifically listed, are warranted for one year, unlimited miles, parts only (1/Unl/P).

Products purchased on an incomplete vehicle (glider) are limited to one year, unlimited miles parts only (1/Unl/P).

Advantage Program

Purchasing additional coverage on select components will continue to safeguard your investment against major repair costs after the initial base coverage expires. You can find out more about the Advantage Program by visiting www.meritor.com or by contacting Meritor at 866-OnTrac1 (866-668-7221).

LINEHAUL WARRANTY INFORMATION

Linehaul Vehicles

- Auto Hauler
- Bulk Hauler
- Chip Hauler (Truck)*
- Doubles
- Flatbed
- General Freight
- Grain Hauler
- Livestock Hauler
- Moving Van
- Pipe Hauler
- Refrigerated Freight
- Tanker
- Triples

* Chip Hauler vehicles require specific axle models listed below and Linehaul condition to be eligible for Linehaul warranty consideration.

Linehaul Typically Is

- High mileage operation (over 60,000 miles/year)
- Well maintained major highways of concrete or asphalt construction
- Greater than 30 miles between starting and stopping

Coverage under Meritor's warranty require that the application of products be properly approved pursuant to OEM and Meritor approvals. Refer to TP-9441 for axles, SP-8320 for trailer axles, TP-12126 for drivelines, and/or contact Meritor regarding specific application approval questions on any product line.

[1] These models required for Chip Hauler and Linehaul warranty consideration.
[2] Each vehicle must have a Request for Application Recommendation (RAR) approved by Meritor prior to vehicle build. All RARs must identify the chassis number or VIN. Refer to Product Information Letter #303 and #396 for further details.

LINEHAUL WARRANTY INFORMATION

Brake Components

Cam Q Series Trailer Brakes	5/500/P, 1/100/L
LX500 Feature[1]	5/750/P&L
Q+ Drum Brake™	5/500/P, 1/Unl/P&L
ASA	5/500/P, 1/Unl/P&L
Hubs/Cast Drums and Other Wheel-end Components	1/Unl/P
Hydraulic Disc Brakes	1/Unl/P
All Other Brakes	1/Unl/P
STEELite X30 Drum Brake™[2]	12-Years or Wearable Life/P
EX+ Air Disc Brake™	5/500/P, 1/Unl/L

[1] Includes: bushing, seal, cam, ASA lubrication and wear coverage of 3/500/P&L.

[2] Based on stamped wear diameter max.

Trailer Axles

Beam and Brackets	5/500/P, 1/100/L
Wheel End Systems[1]	
Standard System[2]	1/100/P&L
PreSet by Meritor[3]	5/500/P&L
AxlePak5[4]	5P/L
AxlePak7[5]	7P/L

[1] Includes hub, wheel seals and wheel bearings—all systems require annual inspections and proper documentation to ensure full coverage.

[2] When installed by Meritor.

[3] Requires approved hubcap stating PreSet by Meritor on hubcap face.

[4] When specified with AxlePak5 wheel end system, coverage on MTIS thru-tee and stator is 5/500P, 3/500L.

[5] When specified with AxlePak7 wheel end system, coverage on MTIS thru-tee and stator is 7/750P, 3/500L.

(For brake components and ABS coverage, refer to appropriate product warranties.)

TAG/Pusher Axles[1]

TQ, TQD, TR, TRD Beam and Brackets	5/750/P&L

[1] For brake components and ABS Coverage, refer to appropriate product warranties.

Meritor Tire Inflation System by PSI

MTIS Components	3/500/P&L

Trailer Air Suspension Systems

MPA38/40 (Tandem Axle Parallelogram)[1]	
Major Structural Components	5/500/P, 1/100/L
Curbing Damage Warranty[2]	5/500/P, 1/100/L
Height Control Valve	1/100/P&L
Shock Absorbers	2/200/P&L
Air Springs	2/200/P, 1/100/L

MTA (Trailing Arm)	
Major Structural Components	5/500/P, 1/100/L
Height Control Valve	1/100/P&L
Shock Absorbers	2/200/P&L
Air Springs & Rebound Straps	2/200/P, 1/100/L
Bushings	5/500/P, 3/300/L

[1] Fastener torque coverage is limited to 2/Unl P&L when torqued by Meritor

(For axle and ABS coverage, refer to appropriate product warranties.)

[2] "Curbing damage" is defined as deformation (bending, buckling, or breakage), caused by sudden impact with a curb or similar fixed object. Damage to the RideSentry slider box (the suspension sliding subframe, consisting of the frame rails, crossmembers, and central A-frame assembly), caused by accidental trailer impact with a curb or similar fixed object, is eligible for warranty coverage. Damage to other components or damage resulting from collision with another vehicle, rollover or fire is not covered under this provision. Warranty is not transferrable to another trailer VIN, and coverage does not apply if the trailer is deemed to be a total loss, scrapped, or otherwise not salvageable.

GENERAL SERVICE WARRANTY INFORMATION

General Service Vehicles

- Aerial Ladder Truck
- Aerial Platform
- Ambulance
- Auto Hauler
- Beverage Truck
- Chip Hauler
- Cross Country Coach
- Flatbed
- Front Engine Commercial Chassis
- Front Engine Integral Coach
- General Freight

TERMS AND CONDITIONS

Coverage Exclusions

Product Description

All
The cost of any repairs, replacements or adjustments to a covered component (1) associated with noise; (2) resulting from the use or installation of non-genuine Meritor components or materials; (3) due to vibration associated with improper operation or misapplication of drivetrain components; and (4) damage resulting from corrosion.

For axle assemblies supplied by Meritor with suspension and interface brackets designed and/or attached by non-Meritor parties, Meritor warranty coverage does not apply to the brackets, bracket attachment methods, and field issues caused by brackets or bracket attachments to any covered component unless specified in a separate OEM agreement.

Front Axles
King Pin Bushings.

Rear Axles
Self-contained traction equalizers and oil filters. The use of NoSPIN differentials will result in the exclusion of axle shafts from warranty considerations. NoSPIN is a product of Eaton.

ASA
Boot and bushing. Bent, broken, over-torqued, missing or otherwise damaged pawl assemblies.

Cam Brake
Brake lining wear and brake shoe "rust-jacking."

Disc Brake
Pad wear, rotor wear.

Coverage Limitations

Product Description

All
Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program. Products purchased on an incomplete vehicle (glider) are limited to one year, unlimited miles parts only (1/Unl/P).

Front Axles
Tie rod and tie rod ends limited to 3-year/300,000-mile or published vocational coverage, whichever is less. Wheel seals, gaskets and wheel bearings are covered for 1 year/unlimited miles if the wheel end equipment is supplied and assembled by Meritor.

Rear Axles
Pinion and through shaft seals limited to 3-year/300,000-mile or published vocational coverage, whichever is less, if yoke is installed by Meritor. If yoke is not installed by Meritor, then Meritor does not warrant pinion seals. Wheel seals, gaskets and wheel bearings are covered for 1 year/unlimited miles if the wheel end equipment is supplied and assembled by Meritor.

Rear Axles
The Meritor® breather part number A-2297-C-8765 with A-3196-J-1336 hose must be used for eligibility of any potential warranty consideration relating to contamination and/or loss of lube in axles.

Cam Brake
Limited to bracket, brake spider and camshaft structural integrity.

STEELite X30
Wearable life is up to the discard diameter of the drum.

Disc Brake
Warranty coverage for boots, seals, bushings and pins is 2/200/P. Warranty coverage for pads is 1/100/P.

Warranty coverage on vehicles with 1,850 lb-ft engine torque and over may be reduced on individual drivetrain components. Contact your Meritor representative for specific details.

TERMS AND CONDITIONS

(1) What is Covered by this Commercial Warranty?

Meritor Inc. warrants to the owner ("Owner") that the components listed in this publication, which have been installed by an Original Equipment Manufacturer ("OEM") as original equipment in vehicles licensed for on-highway use, will be free from defects in material and workmanship. This warranty coverage begins only after the expiration of the OEM's vehicle warranty for the applicable covered components. Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner, or, the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed elsewhere in this warranty statement.

Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Components (whether new, used or remanufactured) installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

For certain components, coverage requires the use of specific extended drain interval or synthetic lubricants. For further information about lubrication and maintenance, see Meritor publication Maintenance Manual Number I and the applicable Meritor maintenance manual for the product in question. Other conditions and limitations applicable to this warranty are detailed below.

(2) Designation of Vocational Use Required.

To obtain warranty coverage, each Owner must notify Meritor through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the Meritor components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with Meritor directly. Failure to notify Meritor of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date.

A second Owner and each subsequent Owner must also notify Meritor as to the intended vocational use of the vehicle. This notification can be sent directly to Meritor or through the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use.

Coverage under Meritor's warranty requires that the application of products be properly approved pursuant to OEM and Meritor approvals. Refer to TP-9441 for axles, SP-8320 for trailer axles, TP-12126 for drivelines, and/or contact Meritor regarding specific application approval questions on any product line.

(3) What is the Cost of this Warranty?

There is no charge to the Owner for this warranty.

(4) What is not Covered by this Warranty?

This warranty does not cover normal wear and tear; nor does it cover a component that fails, malfunctions or is damaged as a result of (I) improper installation, adjustment, repair or modification (including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage, or vocation from that which was originally approved by Meritor), (II) accident, natural disaster, abuse, or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the axle and/or driveline capacity), or (III) improper or insufficient maintenance (including deviation from approved lubricants, change intervals, or lube levels). This warranty does not cover any component or part that is not sold by Meritor. For vehicles that operate full or part time outside of the United States and Canada, a one year, unlimited mileage, parts only warranty (1/Unl/P) will apply.

(5) Remedy.

The exclusive remedy under this warranty shall be the repair or replacement of the defective component at Meritor's option. Meritor reserves the right to require that all applicable failed materials are available and/or returned to Meritor for review and evaluation.

(6) Disclaimer of Warranty.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESSED, IMPLIED OR STATUTORY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.

(7) Limitation of Remedies.

In no event shall Meritor be liable for special, incidental, indirect, or consequential damages of any kind or under any legal theory, including, but not limited to, towing, downtime, lost productivity, cargo damage, taxes, or any other losses or costs resulting from a defective covered component.

(8) To Obtain Service.

If the Owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either Meritor or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM new truck and/or trailer dealer or authorized Meritor service location. The dealer will inspect the vehicle and contact Meritor for an evaluation of the claim. When authorized by Meritor, the dealer will repair or replace during the term of this warranty any defective Meritor component covered by this warranty.

(9) Entire Agreement.

This is the entire agreement between Meritor and the Owner about warranty and no Meritor employee or dealer is authorized to make any additional warranty on behalf of Meritor. This agreement allocates the responsibilities for component failure between Meritor and the Owner.

Vehicle models, brands and names depicted herein are the property of their respective owners, and are not in any way associated with Meritor Inc., or its affiliates.

PURCHASING TERMS AND CONDITIONS

PURCHASING TERMS AND CONDITIONS

(Florida)

These Purchasing Terms and Conditions, together with the Equipment Proposal and all attachments (collectively, the "Agreement") are entered into by and between Ten-8 Fire Equipment, Inc., a Florida corporation ("Company") and Customer (as defined in Ten-8 Fire Equipment, Inc.'s Equipment Proposal document) and is effective as of the date specified in Section 3 of these Purchasing Terms and Conditions. Both Company and Customer may be referred throughout this document individually as a "party" or collectively as the "parties."

1. Definitions.
   a. **"Acceptance"** has the same meaning set forth in Company's Equipment Proposal.
   b. **"Company's Equipment Proposal"** means the Equipment Proposal provided by Company and prepared in response to Customer's request for proposal for a fire apparatus, associated equipment or an ambulance.
   c. **"Cooperative Purchasing Contract"** means an Agreement between Company and a public authority, including without limitation, a department, division, agency of a municipal, county or state government ("Public Authority"), that adopts or participates in an existing agreement between Company and another non-party customer (including, but not limited to such non-party customer's equipment proposal, its applicable exhibits, attachments and purchasing terms and conditions), often referred to as a "piggyback arrangement," which is expressly agreed to, in writing, by Company. Company has sole discretion to determine whether it will agree to such a Cooperative Purchasing Contract.
   d. **"Delivery"** means when Company delivers physical possession of the Product to Customer.
   e. **"Manufacturer"** means the Manufacturer of any Product.
   f. **"Prepayment Discount"** means the prepayment discounts, if any, specified in Company's Equipment Proposal.
   g. **"Product"** means the fire apparatus and any associated equipment, or ambulance manufactured or furnished for Customer by Company pursuant to the Specifications.
   h. **"Purchasing Terms and Conditions"** means these Purchasing Terms and Conditions; however, if the Company's Equipment Proposal or the Customer's related Purchase Order states that it is governed by a Cooperative Purchasing Agreement, "Purchasing Terms and Conditions" shall mean those terms and conditions set forth in the applicable Cooperative Purchasing Agreement.
   i. **"Specifications"** means the general specifications, technical specifications, training, and testing requirements for the Product contained in Company's Equipment Proposal and its Exhibit A (Proposal Option List or for ambulance sales, the Quotation, or Order Form, as applicable), prepared in response to Customer's request for such a proposal.

2. Purpose. This Agreement sets forth the terms and conditions of Company's sale of the Product to Customer.

3. Term of Agreement. This Agreement will become effective on the date of Acceptance as defined in Company's Equipment Proposal ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon Delivery and payment in full of the Purchase Price.

4. Purchase and Payment. Customer agrees to pay Company the Purchase Price for the Product(s) as set forth in Company's Equipment Proposal ("Purchase Price"). The Purchase Price is in U.S. dollars. Where Customer opts for a Prepayment Discount that specifies that Customer will tender one or more prepayments to Company, Customer must provide each prepayment within the time frame specified in the Equipment Proposal in order to receive the Prepayment Discount for that prepayment installment.

5. Representations and Warranties. Customer hereby represents and warrants to Company that the purchase of the Product(s) has been approved by Customer in accordance with applicable general laws and, as applicable, Customer's charter, ordinances and other governing documents, and funding for the purchase has been duly budgeted and appropriated.

6. Cancellation/Termination.

   a. Fire Equipment and Apparatus Sales. In the event this Agreement is cancelled or terminated by Customer before completion, Company may charge Customer a cancellation fee. The following

charge schedule is based on costs incurred by Manufacturer and Company for the Product, which may be applied and charged to Customer: (a) 12% of the Purchase Price after the order for the Product(s) is accepted and entered into Manufacturer's system by Company; (b) 22% of the Purchase Price after completion of approval drawings by Customer, and; (c) 32% of the Purchase Price upon any material requisition made by the Manufacturer for the Product. The cancellation fee will increase in excess of (c) in this Section 6, accordingly, as additional costs are incurred by Manufacturer and Company as the order progresses through engineering and into the manufacturing process.

b. Ambulance Sales. This Section 6 for Cancellation/Termination does not apply to Ambulance Sales. An order for an ambulance cannot be cancelled or terminated once Company receives and processes Customer's Acceptance of Company's Equipment Proposal.

7. Delivery. The Product is scheduled to be delivered as specified in the Delivery Timing section of the Equipment Proposal ("Delivery Timing"), which will be F.O.B. Company's facility. The Delivery Timing is an estimate, and Company is not bound to such date unless it otherwise agrees in writing. Company is not responsible for Delivery delays caused by or as the result of actions, omissions or conduct of the Manufacturer, its employees, affiliates, suppliers, contractors, and carriers. All right, title and interest in and to the Product, and risk of loss, shall pass to Customer upon Delivery of the Product(s) to Customer.

8. Standard Warranty. The manufacturer warranties applicable to this Agreement, if any, are attached to Company's Equipment Proposal as Exhibit A and are incorporated herein as part of the Agreement.

a. Disclaimer. EXCEPT AS OTHERWISE SET FORTH IN THIS AGREEMENT, COMPANY, INCLUDING ITS PARENT COMPANY, AFFILIATES, SUBSIDIARIES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS OR REPRESENTATIVES DO NOT MAKE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCTS PROVIDED UNDER THIS AGREEMENT, WHETHER ORAL OR WRITTEN, EXPRESS, IMPLIED OR STATUTORY. WITHOUT LIMITING THE FOREGOING DISCLAIMER, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, IMPLIED WARRANTY AGAINST INFRINGEMENT, AND IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED AND DISCLAIMED. STATEMENTS MADE BY SALES REPRESENTATIVES OR IN PROMOTIONAL MATERIALS DO NOT CONSTITUTE WARRANTIES.

9. Limitation of Liability. COMPANY WILL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, ECONOMIC, PUNITIVE, SPECIAL OR EXEMPLARY DAMAGES ARISING FROM OR IN ANY WAY CONNECTED WITH THIS AGREEMENT WITHOUT REGARD TO THE NATURE OF THE CLAIM OR THE UNDERLYING THEORY OR CAUSE OF ACTION (WHETHER IN CONTRACT, TORT, STRICT LIABILITY, EQUITY OR ANY OTHER THEORY OF LAW) ON WHICH SUCH DAMAGES ARE BASED. COMPANY'S LIMIT OF LIABILITY UNDER THIS AGREEMENT SHALL BE CAPPED AT THE TOTAL AMOUNT OF THE MONIES PAID BY CUSTOMER TO COMPANY UNDER THIS AGREEMENT.

10. Force Majeure. Company shall not be responsible nor deemed to be in default on account of delays in performance due to causes which are beyond Company's control which make Company's performance impracticable, including but not limited to civil wars, insurrections, strikes, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, including transportation or delivery losses outside of Company's control, any act of government, delays in transportation, inability to obtain necessary labor supplies or manufacturing facilities, allocation regulations or orders affecting materials, equipment, facilities or completed products, failure to obtain any required license or certificates, acts of God or the public enemy or terrorism, failure of transportation, epidemics, quarantine restrictions, failure of vendors (due to causes similar to those within the scope of this clause) to perform their contracts or labor troubles causing cessation, slowdown, or interruption of work.

11. Customer's Obligations. Customer shall provide its timely and best efforts to cooperate with Company and Manufacturer during the manufacturing process to create the Product. Reasonable and timely cooperation

includes, without limitation, Customer's providing timely information in response to a request from Manufacturer or Company and Customer's participation in traveling to Manufacturer's facility for inspections and approval of the Product.

12. Default. The occurrence of one or more of the following shall constitute a default under this Agreement: (a) Customer's failure to pay any amounts due under this Agreement or Customer's failure to perform any of its obligations under this Agreement; (b) Company's failure to perform any of its obligations under this Agreement; (c) either party becoming insolvent or becoming subject to bankruptcy or insolvency proceedings; (d) any representation made by either party to induce the other to enter into this Agreement, which is false in any material respect; (e) an action by Customer to dissolve, merge, consolidate or transfer a substantial portion of its property to another entity; or (f) a default or breach by Customer under any other contract or agreement with Company.

13. Manufacturer's Statement of Origin. Company shall retain possession of the manufacturer's statement of origin ("MSO") for the Product until the entire Purchase Price has been paid. If more than one Product is covered by this Agreement, Company shall retain the MSO for each individual Product until the Purchase Price for that Product has been paid in full.

14. Arbitration. Any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. The Arbitration shall take place in Bradenton, Florida.

15. Miscellaneous. The relationship of the parties established under this Agreement is that of independent contractors and neither party is a partner, employee, agent, or joint venture of or with the other. Neither party may assign its rights and obligations under this Agreement without the prior written approval of the other party. This Agreement and all transactions between Ten-8 Fire Equipment, Inc. will be governed by and construed in accordance with the laws of the State of Florida. The delivery of signatures to this Agreement may be via facsimile transmission or other electronic means and shall be binding as original signatures. This Agreement shall constitute the entire agreement and supersede any prior agreement between the parties concerning the subject matter of this Agreement. This Agreement may only be modified by an amendment, in writing, signed by duly authorized representatives of both parties with authority to sign such amendments to this Agreement. In the event of a conflict between the Ten-8 Proposal and these Terms and Conditions, the Ten-8 Proposal shall control except in the case of a Cooperative Purchasing Contract as set forth in Section 1(c) and (h) of these Purchasing Terms and Conditions. If any term of this Agreement is determined to be invalid or unenforceable by a competent legal authority, such term will be either reformed or deleted, as the case may be, but only to the extent necessary to comply with the applicable law, regulation, order or rule, and the remaining provisions of the Agreement will remain in full force and effect.

IN SERVICE TO SERVE YOU

Equipment Proposal

This Equipment Proposal (the "Proposal") has been prepared by Ten-8 Fire Equipment, Inc. ("Company") in response to the undersigned Customer's request for a proposal. This Proposal is comprised of the special terms set forth below, the Proposal Option List, Warranty, and Company's Purchasing Terms and Conditions. Through its signature below or other Acceptance (as defined below), Customer acknowledges having received, read and being bound by this Proposal, all attachments and Company's Purchasing Terms and Conditions.

Date: March 18, 2019 ("Proposal Date") **Customer:** Escambia County Fire Rescue ("Customer")

Customer Address: 6575 North W Street, Pensacola, FL 32505

Quantity	Product Description & Options	Price
1	**Pierce Saber FR Standard Engine,based on National Purchasing Partners DBA**	**$376,067.00**
	NPPGov GPO Contract 1420 Spec 2.1 List Price $547,209.99	
	Dealer Supplied Equipment	**$13,019.57**
	Customer Specified Options	**$164,826.60**
	Additional Dealer and Manufacturer Discount	**($56,501.00)**
	Purchase Price:	**$497,412.17**

Delivery Timing: The Product described above in the Product Description and Options Section of this document will be built by and shipped from the manufacturer approximately 9 (months) after Company receives Customer's acceptance of this Proposal as defined below.

Other: Pricing includes GPO Contract access fee.

Unless accepted within 45 days from date of proposal, the right is reserved to withdraw this proposal.

ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN COMPANY AND CUSTOMER. "ACCEPTANCE" MEANS THAT CUSTOMER DELIVERS TO COMPANY: (A) A PROPOSAL SIGNED BY AN AUTHORIZED REPRESENTATIVE, OR (B) A PURCHASE ORDER INCORPORATING THIS PROPOSAL, WHICH IS DULY APPROVED, TO THE EXTENT APPLICABLE, BY CUSTOMER'S GOVERNING BOARD. ACCEPTANCE OF THIS PROPOSAL IS EXPRESSLY LIMITED TO THE TERMS CONTAINED IN THIS PROPOSAL AND COMPANY'S PURCHASING TERMS AND CONDITIONS. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER'S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and Company have each caused this Proposal to be executed by their duly authorized representatives as of date of the last signature below.

Special order parts are not returnable. Full terms and conditions for returns can be found on our website at www.ten8fire.com/returns.

EXHIBIT B

WARRANTY

Fire and Rescue Apparatus

One (1) Year Material and Workmanship
Basic Apparatus
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Twelve (12) months.
Conditions and Exclusions: See Also Paragraphs 2 thru 4	No specific exclusions apply

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Lifetime Fifty (50) Year Structural Integrity
Custom Chassis Frame
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Custom chassis frame rail manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Fifty (50) Years (Expected Life of Apparatus)
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity

Custom Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Pierce Custom Cab shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the cab tubular support and mounting structures and other structural components of the cab of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity
Apparatus Body
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The apparatus body shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the body tubular support and mounting structures and other structural components of the body of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the cab painted by Pierce shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Custom Body

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the body shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

One (1) Year Material and Workmanship
Graphics Fading and Deterioration

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	**Each graphic lamination shall be free from defects in material, workmanship, fading, and deterioration.**
Warranty Begins:	**The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.**
Warranty Period Ends After:	**One (1) Year**
Conditions and Exclusions: See Also Paragraphs 2 thru 4	**This warranty does not cover damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual).**

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

NEW PRODUCT WARRANTY

Allison Transmission.

PARTICIPATING OEM SALES
DISTRIBUTOR SALES

LIMITED WARRANTY ON NEW ALLISON AUTOMATIC TRANSMISSIONS USED IN EMERGENCY VEHICLE APPLICATIONS

Allison Transmission will provide for repairs or replacement, at its option, during the warranty period of each new Allison transmission listed below that is installed in an Emergency Vehicle in accordance with the following terms, conditions, and limitations.

WHAT IS COVERED

- **WARRANTY APPLIES** — This warranty is for new Allison transmission models listed below installed in an Emergency Vehicle and is provided to the original and any subsequent owner(s) of the vehicle during the warranty period.
- **REPAIRS COVERED** — The warranty covers repairs or replacement, at Allison Transmission's option, to correct any transmission malfunction resulting from defects in material or workmanship occurring during the warranty period. Needed repairs or replacements will be performed using the method Allison Transmission determines most appropriate under the circumstances.
- **TOWING** — Towing is covered to the nearest Allison Transmission Distributor or authorized Dealer only when necessary to prevent further damage to your transmission.
- **PAYMENT TERMS** — Warranty repairs, including parts and labor, will be covered per the schedule shown in the chart contained in section "APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE."
- **OBTAINING REPAIRS** — To obtain warranty repairs, take the vehicle to any Allison Transmission Distributor or authorized Dealer within a reasonable amount of time and request the needed repairs. A reasonable amount of time must be allowed for the Distributor or Dealer to perform necessary repairs.
- **TRANSMISSION REMOVAL AND REINSTALLATION** — Labor costs for the removal and re-installation of the transmission, when necessary to make a warranty repair, are covered by this warranty.
- **WARRANTY PERIOD** — The warranty period for all coverages shall begin on the date the transmission is delivered to the first retail purchaser, with the following exception:

  Demonstration Service - A transmission in a new truck or bus may be demonstrated to a total of 5000 miles (8000 kilometers). If the vehicle is within this limit when sold to a retail purchaser, the warranty start date is the date of purchase. Normal warranty services are applicable to the demonstrating Dealer. Should the truck or bus be sold to a retail purchaser after these limits are reached, the warranty period will begin on the date the vehicle was first placed in demonstration service and the purchaser will be entitled to the remaining warranty.

APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE

APPLICABLE MODELS	WARRANTY LIMITATIONS (Whichever occurs first)		ADJUSTMENT CHARGE TO BE PAID BY THE CUSTOMER	
	Months	Transmission Miles Or Kilometers	Parts	Labor
MT, MD 3000, 3200, 3500, 3700	0–24	No Limit	No Charge	No Charge
HT with Hydraulic Controls	0–24	No Limit	No Charge	No Charge
AT, 1000 Series™, 2000 Series™, 2400 Series™	0–36	No Limit	No Charge	No Charge
HT with Electronic Controls	0–60	No Limit	No Charge	No Charge
HD 1000 EVS, 2100 EVS, 2200 EVS 2350 EVS, 2500 EVS, 2550 EVS, 3000 EVS, 3500 EVS, 4000, 4000 EVS, 4500, 4500 EVS, 4700, 4700 EVS, 4800, 4800 EVS	0–60	No Limit	No Charge	No Charge

WHAT IS NOT COVERED

- **DAMAGE DUE TO ACCIDENT, MISUSE, or ALTERATION** — Defects and damage caused as the result of any of the following are not covered:
  - — Flood, collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle;
  - — Misuse of the vehicle;
  - — Installation into unapproved applications and installations;
  - — Alterations or modification of the transmission or the vehicle, and
  - — Damage resulting from improper storage (refer to long-term storage procedure outlined in the applicable Allison Service Manual)
  - — Anything other than defects in Allison Transmission material or workmanship

  NOTE: This warranty is void on transmissions used in vehicles currently or previously titled as salvaged, scrapped, junked, or totaled.
- **CHASSIS, BODY, and COMPONENTS** — The chassis and body company (assemblers) and other component and equipment manufacturers are solely responsible for warranties on the chassis, body, component(s), and equipment they provide. Any transmission repair caused by an alteration(s) made to the Allison transmission or the vehicle which allows the transmission to be installed or operated outside of the limits defined in the appropriate Allison Installation Guideline is solely the responsibility of the entity making the alteration(s).
- **DAMAGE CAUSED by LACK of MAINTENANCE or by the USE of TRANSMISSION FLUIDS NOT RECOMMENDED in the OPERATOR'S MANUAL** — Defects and damage caused by any of the following are not covered:
  - — Failure to follow the recommendations of the maintenance schedule intervals applicable to the transmission;
  - — Failure to use transmission fluids or maintain transmission fluid levels recommended in the Operator's Manual.
- **MAINTENANCE** — Normal maintenance (such as replacement of filters, screens, and transmission fluid) is not covered and is the owner's responsibility.
- **REPAIRS by UNAUTHORIZED DEALERS** — Defects and damage caused by a service outlet that is not an authorized Allison Transmission Distributor or Dealer are not covered.
- **USE of OTHER THAN GENUINE ALLISON TRANSMISSION PARTS** — Defects and damage caused by the use of parts that are not genuine Allison Transmission parts are not covered.
- **EXTRA EXPENSES** — Economic loss and extra expenses are not covered. Examples include but are not limited to: loss of vehicle use; inconvenience; storage; payment for loss of time or pay; vehicle rental expense; lodging; meals; or other travel costs.
- **"DENIED PARTY" OWNERSHIP** — Warranty repair parts and labor costs are not reimbursed to any participating or non-participating OEMs, dealers or distributors who perform warranty work for, or on behalf of, end users identified by the United States as being a "denied party" or who are citizens of sanctioned or embargoed countries as defined by the U.S. Department of Treasury Office of Foreign Assets Control. Furthermore, warranty reimbursements are not guaranteed if the reimbursement would be contrary to any United States export control laws or regulations as defined by the U.S. Department of Commerce, the U.S. Department of State, or the U.S. Department of Treasury.

OTHER TERMS APPLICABLE TO CONSUMERS AS DEFINED by the MAGNUSON-MOSS WARRANTY ACT

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Allison Transmission does not authorize any person to create for it any other obligation or liability in connection with these transmissions. **ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO THESE TRANSMISSIONS IS LIMITED IN DURATION TO THE DURATION OF THIS WRITTEN WARRANTY. PERFORMANCE OF REPAIRS AND NEEDED ADJUSTMENTS IS THE EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, LOST WAGES OR VEHICLE RENTAL EXPENSES) RESULTING FROM BREACH OF THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY.****

** Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

OTHER TERMS APPLICABLE TO OTHER END-USERS

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE ALLISON TRANSMISSION MODELS LISTED ABOVE AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALLISON TRANSMISSION DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATION OR LIABILITY IN CONNECTION WITH SUCH TRANSMISSIONS. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY.

QUESTIONS

If you have any questions regarding this warranty or the performance of warranty obligations, you may contact any Allison Transmission Distributor or Dealer or write to:

FOR IMMEDIATE RELEASE

5 YEAR WARRANTY FOR YOUR FIRE/RESCUE VEHICLE

Dana Holding Corporation's Commercial Vehicle Systems Group is pleased to announce a change in our standard warranty for fire/rescue vehicles. Starting in 2011, all steer and drive axle applications for fire or rescue vehicles will carry a minimum 5 year / 100,000 mile warranty. Additional 1 and 2 year extended warranty packages are available. (Applicable fees apply) That's a total of 7 years of warranty coverage. Our experience in extended warranty coverage's dates back to the mid 80's. Since then, we have pioneered many new programs designed to deliver warranties, which meet the demands of an ever-changing industry. From our first versions of the on/off-highway coverage's, to our more recent vocational warranties, customization and customer satisfaction, have always been our goals.

For further information and requirements, please go to www.roadranger.com.

24K STEER BEAM NOW AVAILABLE

Dana Holding Corporation is continually working with chassis manufactures to determine needs and how best to offer a solution. The amount of equipment has increased over the years and not all firehouses can accommodate a tandem axle vehicle. We have listened to your requests for a slightly higher front GAWR for single axle vehicles. Dana can now offer a front steer beam with a 5 ¼" drop at 24K GAWR. This will allow chassis manufactures to meet the limited length requirements while still carrying the same amount of equipment.

Please contact your Dana representative for further information

New for 2011!

Dana Holding Corporation is pleased to announce a change in our standard warranty for fire/rescue vehicles. All steer and drive axles will now come with a 5 year / 100,000 mile warranty. For further information, please go to www.roadranger.com.

Dana Holding Corporation is working with chassis manufactures to supply a 24K front steer beam with a 5 ¼' drop. We have listened to your requests for a slightly higher GAWR for single axle aerials. Not all fire stations can accommodate a long wheel base application. This allows manufactures to meet the limited length requirements for smaller fire houses. Please submit your requests through our website. Please indicate on the application your need for 24K GAWR.

Finally, our drive axles will accommodate simultaneous auxiliary braking. Dana axles are built tough and were design with Telma retarders in mind. Submit your application for single or tandem designation.

Dana Holding Corporation will work with you to provide the best drive train solution with the best warranty in the fire/rescue industry. For additional information please contact:

Warranty Statement

Subject to the following general and specific terms and conditions, Hale, Inc. ("Hale") hereby warrants to the original Purchaser* that Products sold under Hale and Class 1 brands will be free of defects in material and workmanship for the applicable Warranty Period. General terms and conditions applicable for all Products are set forth under the heading **General Terms and Conditions** below. Product specific terms and conditions, including Warranty Periods and Warranty Coverages, are set forth in the Tables following the **General Terms and Conditions**.

General Terms and Conditions

The following limitations, exclusions, procedures and other terms and conditions shall apply for all Products:

Warranty is voided if:

- Product is used for an application, with products or in a manner other than the application, products and manner for which such Product is designed and intended
- Product is subjected to a use, service, condition or environment other than a use, service, condition or environment for which such Product is designed and intended
- Product is not properly installed
- Product is not properly maintained in accordance with Hale's instruction manual and industry standards
- Product is altered, modified, serviced (except routine maintenance performed in accordance with Hale's instruction manual for Product and Industry accepted standards and guidelines), or repaired by a person other than Hale or a person authorized by Hale to make such alteration or modification or perform such service or repair
- Hale is not paid the full amount of the purchase price for Product when due

No Warranty covers:

- Ordinary wear and tear
- Failure due to compliance with a specification or design provide or required by Purchaser
- Failure due to improper operation, excess pressure, excess voltage or other similar cause
- Failure due to operator error
- Damage during or after shipment and failure attributable thereto or resulting there from
- Failure attributable to or resulting from the failure or substandard, inadequate or improper performance of any part, component or equipment not supplied by Hale
- Failure attributable to or resulting from the failure or substandard, inadequate or improper performance of any third party (e.g., not Hale or Class 1 brand) part, component, product or equipment, whether or not combined, packaged, incorporated, installed or used with a Hale or Class 1 brand part, component, product or equipment.

Hale shall have no obligation under any Warranty unless Purchaser or its customer promptly notifies Hale of the failure giving rise to the Warranty claim, such notice is received by Hale within the applicable Warranty Period, and Hale is provided with such information, data and records (including, but not limited to, in service date, run hours, and service and repair records) as Hale may reasonable request in evaluating the Warranty claim. The notice of failure must be given in writing, identify the Product claimed to be defective (including serial number, if any), and describe in reasonable detail the circumstances surrounding the failure.

Repaired Product and replacement Product shall be warranted only for the remainder of the original Warranty Period.

---

* *The "Purchaser" is the original purchaser from Hale, whether the original purchaser is a distributor, dealer or other reseller, an OEM, or an end user.*

Hale reserves the right to use reconditioned parts for Warranty repairs and to use reconditioned Products for Warranty replacements.

Hale shall have the right to physically inspect Product claimed to be defective. If requested by Hale, Purchaser shall deliver the Product claimed to be defective to Hale at its manufacturing facility or to another party or location designated by Hale. In such event, Hale shall issue to Purchaser a Return Materials Authorization (RMA) for the Product to be delivered. The Product must be delivered to Hale within 30 days of issuance of the RMA. The RMA number must be included with the Product when delivered to Hale. Failure to make timely delivery to Hale of the Product claimed to be defective shall void any Warranty.

Purchaser or its customer shall be responsible for all freight and shipping changes in connection with the delivery of Product claimed to be defective to Hale at its manufacturing facility or to another party or location designated by Hale and the delivery of repaired or replacement Product or parts to Purchaser. Product claimed to be defective must be shipped by Purchaser freight prepaid. Repaired and replacement Product and parts therefore will be shipped to Purchaser freight collect. Purchaser shall bear all risk of loss or damage during shipment.

If requested to do so by Purchaser, Hale may, at its sole option and in its sole discretion, supply a replacement Product or part to Purchaser prior to making a final determination as to whether Warranty Coverage is available. If Hale ultimately determines that no Warranty Coverage is available for the Product claimed to be defective, whether the determination is based on the Warranty being voided, the Product failure being due to a cause not covered by the Warranty, the failure to make a timely and proper Warranty claim, or otherwise, Purchaser or its customer will be required to purchase the replacement Product or part that has been supplied to it by Hale at the price at which Purchaser is then entitled to purchase such Product or part under the Supply Agreement.

If Hale ultimately determines that no Warranty Coverage is available for a Product claimed to be defective, whether the determination is based on the Warranty being voided, the Product failure being due to a cause not covered by the Warranty, the failure to make a timely and proper Warranty claim, or otherwise, Purchaser shall have the option of either (i) having the Product returned to it freight collect, without repair or replacement, or (ii) if Hale determines that the Product is repairable, have the Product repaired by Hale or another party designated by it on a time and materials basis at Hale's then current standard charges for non-warranty repairs and then returned to Purchaser freight collect.

HALE'S WARRANTY AS SET FORTH HEREIN IS HALE'S SOLE AND EXCLUSIVE WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGMENT ALL OF WHICH OTHER WARRANTIES ARE EXPRESSLY EXCLUDED.

THE RIGHTS AND REMEDIES SET FORTH HEREIN ARE THE SOLE AND EXCLUSIVE RIGHTS AND REMEDIES AGAINST HALE. EXCEPT FOR THE SPECIFIC LIABILITIES AND OBLIGATIONS PROVIDED HEREIN, HALE SHALL HAVE NO LIABILITY OR OBLIGATION WITH RESPECT TO ANY PRODUCT CLAIMED TO BE DEFECTIVE IN ANY MANNER.

UNDER NO CIRCUMSTANCES SHALL HALE BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, LOST OR UNREALIZED SALES, REVENUES, PROFITS, INCOME, COST SAVINGS OR BUSINESS, LOST OR UNREALIZED CONTRACTS, LOSS OF GOODWILL, DAMAGE TO REPUTATION, LOSS OF PROPERTY, LOSS OF INFORMATION OR DATA, LOSS OF PRODUCTION, DOWNTIME, OR INCREASED COSTS, IN CONNECTION WITH ANY PRODUCT, EVEN IF HALE IS ADVISED OR PLACED ON NOTICE OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING THE FAILURE OF ANY ESSENTIAL PURPOSE OF ANY PRODUCT.

HALE, INC. Product Specific Warranty Terms and Conditions (January 1, 2013)			
Product *		**Warranty Period**	**Warranty Coverage ****
Pumps Mid-Ship, Rear Mount, and Booster (Excludes all Engine Driven Units)	Fire Service Applications (non-Marine)	Earlier of (i) 5 years from in service date of vehicle or equipment in which Product is initially installed, or (ii) 5-1/2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship.
			At time pump is ordered, original Purchaser may take Standard Warranty at no charge or purchase Extended Warranty for an additional charge which will be quoted by Hale at original purchaser's request at time of order.
			Under Standard Warranty, Hale will cover parts and labor for first 2 years of Warranty Period and parts only (no labor) for remainder of the Warranty Period .
			Under Extended Warranty (if purchased by original Purchaser), Hale will cover parts and labor for the full Warranty Period.
			When labor is covered, Service Provider will be reimbursed at Hale's then current standard labor hours and rates for labor to make repair (if not repaired by Hale) and to remove defective Product and re-install repaired or replacement Product. Hale's approval of repair estimate is required prior to performance of repair work. If applicable, actual mileage will be reimbursed at Hale's then current mileage reimbursement rate.
	Marine, Refueller and Other Applications	Earlier of (i) 2 years from the date of shipment of Product to original Purchaser, or (ii) 2,000 run hours .	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Engine Driven Units ***	Pump Ends Backpacks Floats	If not used for rental or contracting, 2 years from the date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. Repair labor is included, but any other labor (including removal and re-installation) and mileage are excluded. Service Provider will be reimbursed at Hale's then current standard labor hours and rates for labor to make repair (if not repaired by Hale). Hale's written authorization of repair estimate is required prior to performance of repair work.
		If used for rental or contracting, earlier of (i) 6 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	HP Portables	If not used for rental or contracting, 3 years from the date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
		If used for rental or contracting, earlier of (i) 6 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	Cross-Chassis Skids Trailer Units	Earlier of (i) 12 months from date of shipment to original Purchaser, or (ii) 1,000 run hours.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.

HALE, INC. Product Specific Warranty Terms and Conditions (January 1, 2013)			
Product *		**Warranty Period**	**Warranty Coverage ****
Pump Modules Pump Body Weldments, Stainless Manifolds, and Fabricated Panels		10 years from the date of shipment of Product to original Purchaser	Repair or replacement of Product that Hale determines failed (including cracks resulting from stress and rust through of panels) during Warranty Period due to a defect in material or workmanship. No labor is included.
			Pump modules are built to original Purchaser's specification or design. Although individual Hale and Class 1 components used for pump modules comply with NFPA standards, pump modules are not NFPA compliant. Original Purchaser is solely responsible for (i) ensuring finished pump houses are NFPA complaint and adhere to industry accepted standards and guidelines, and (ii) supplying manuals that include appropriate directions, instructions and warnings concerning pump house operation.
Foam CAFS Systems, FoamLogix Proportioners, and EZ Fill		1 year from the date of shipment to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Pump Repair & Replacement Parts		90 days from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Pressure Gauges		3 years from date of shipment of Product to the original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Plumbing		2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Valves	SVS "Torrent" Valves	10 years from date of shipment of Product to original Purchaser on everything except seal. 2 years from date of shipment of Product to original Purchaser on seal.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
	Class 1 Valves	10 years from date of shipment of Product to original Purchaser on everything except seal. No warranty on seal.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.
Electronics		2 years from date of shipment of Product to original Purchaser.	Repair or replacement of Product that Hale determines failed during Warranty Period due to a defect in material or workmanship. No labor is included.

* *When Products are combined to form a module or package, each Product will have its own separate Warranty Period and Warranty Coverage.*

** *For each Product, Hale will have the option to refund to Purchaser (in cash or by credit) the purchase price Hale was paid for such Product, less depreciation determined on a straight line basis over the Warranty Period, in lieu of repair or replacement (including, when applicable, labor). The decision whether to repair, replace or refund (and, if there is a refund, whether to refund in cash or by credit) shall be made by Hale in its sole discretion.*

*** *All engine related service, performance and warranty issues will be handled by the engine OEM or their local distributor.*

Fire and Rescue Apparatus

Ten (10) Year Material and Workmanship
Pierce 12V LED Strip Light

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Pierce 12V LED strip lights installed on the apparatus occuring during the warranty period.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Material and Workmanship
Stainless Steel Piping
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	**Stainless steel piping shall be free from structural failures caused by defects in material and workmanship, or perforation caused by corrosion.**
Warranty Begins:	**The date of the original purchase invoice (issued when the product ships from the factory).**
Warranty Period Ends After:	**Ten (10) Years - or - 100,000 Miles**
Conditions and Exclusions: See Also Paragraphs 2 thru 4	**Pierce's obligation under this warranty is limited to repairing or replacing without charge, as Pierce may elect, the stainless steel piping or components which Pierce determines to have failed due to defective material and workmanship, or perforation caused by corrosion.** **This warranty does not cover the use of fluoroprotein (FP) type foam. The sodium chloride within FP foam can cause long-term damage to system components if not thoroughly flushed immediately after use.**

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship
Meritor Wabco ABS Brake System
Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Meritor Wabco ABS brake system shall be covered by Meritor Wabco as indicated in the attached Meritor Wabco warranty coverage description
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	The exclusions listed in the attached Meritor Wabco warranty description shall apply.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Safety Strong. Efficiency Smart.

Warranty
Model Year 2018 Vehicles

SIMPLER IS BETTER

Warranty coverage is essential to protecting your investment. But understanding the full details of your coverage can be challenging. This straightforward approach allows you, our valued customer, to better understand how your specific vehicle applications will be covered in your region. Our component warranty coverage is provided according to vocation/usage categories listed below.

- Linehaul covers high mileage operation (over 60,000 miles/year) on well maintained major highways of concrete or asphalt construction.
- General Service covers moderate mileage operations (less than 60,000 miles/year) on well maintained public roads (less than 10 percent off-road) typically with less than three (3) stops per mile.
- Heavy Service (Vocational) covers vehicles with more than 10 percent off-road OR moderate to frequent starts/stops typically with more than three (3) stops per mile.
- Off-Highway Service covers lower mileage operations. Vehicles are not typically licensed for highway use.

TERMS AND CONDITIONS

Coverage Exclusions

Product Description

All

The cost of any repairs, replacements or adjustments to a covered product due to the following: (1) damage to the product or its component parts caused by incorrect use, installation, maintenance or repair, including without limitation (a) improper fit of mating components or brackets, (b) damaged threads, (c) cut, broken, chafed, pinched or otherwise damaged wiring (sensors, harnesses and connectors), (d) damaged sensors from removal when seized in block, or associated with sensor adjustments/ alignments, and (e) damage resulting from the use or installation of non-genuine Meritor WABCO components or materials; (2) damage to the product, its component parts, or diminished product or component part performance due to incorrect operation, deviation from approved conditions or misapplication; (3) any unauthorized disassembly of the product or its component parts including without limitation (a) obliterated, defaced or missing WABCO or Meritor WABCO name plate, serial numbers or label identifying the device as a Meritor WABCO product or WABCO component, (b) changes to sealed adjusting screws, and (c) opening or attempted repair of non-serviceable components; (4) malfunction of the component due to internal contamination out of the vehicle system including without limitation (a) water and other contamination damage that is due to the use of a non-genuine air dryer cartridge or (b) valve failures due to contamination in air system, (5) complaints associated with noise, (6) damage resulting from corrosion (including oxidation of electrical devices and connections).

Air Dryers

Mounting brackets (see vehicle OEM). Desiccant cartridge housing only.

Air System Components

Normal wear items; Gladhand seals, dash valve knobs, valve actuation handles, treadles, pedals.

ABS, Electronic Stability Control (ESC), Roll Stability Control (RSC), OptiRide™, OnGuard™ and OnLane™, collectively "Electronics"

Failure of electronic components due to overvoltage condition, improper grounding, electrostatic discharge (ESD), improper shielding, electromagnetic interference (EMI), or other wiring or installation issues.

Malfunctions and failure codes caused by other electronic subsystem failures (data bus, engine, transmission, dashboard, etc.)

Hydraulic Components

For certain components, brake fluid DOT3 or DOT4 is used as the operating medium. Use of any other fluid will void all warranties associated with that component. For hydraulic braking applications the brake fluid is considered a maintenance item. Maintenance intervals are listed in TB-1367.

Coverage Limitations

Product Description

All

Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program.

Products purchased on an incomplete vehicle (glider) are limited to one year, 1/Unl/P.

For vehicles that operate full- or part-time outside of the United States and Canada, a 1-Year/Unlimited Miles parts only (1/Unl/P) will apply.

TOOLBOX™ Software

Proper diagnostics of Meritor WABCO Electronics may require the latest version of TOOLBOX™. Additional labor due to use of an outdated version of TOOLBOX™. TOOLBOX™ software, and/or the time to purchase or install latest version of TOOLBOX™ are not covered under product warranty.

TERMS AND CONDITIONS

(1) What is Covered by this Commercial Warranty?
Meritor WABCO Vehicle Control Systems warrants to the owner ("Owner") that the components listed in this publication, which have been installed by an Original Equipment Manufacturer ("OEM") as original equipment will be free from defects in material and workmanship. This warranty coverage begins from the original in-service date to the limits provided and runs concurrently with any warranties provided by OEMs and/or any service contracts that cover the components listed in this publication, if any. If the components listed in this publication are covered by an OEM warranty and/or service contract, then the OEM's warranty and/or service contract shall supersede Meritor WABCO's warranty and Owner shall comply with all OEM's warranty and/or service contract requirements for claims under such OEM's warranty and/or service contract until those agreements expire. Once those agreements expire and provided the Meritor WABCO warranty has not expired under the terms stated above, the Meritor WABCO warranty would be in effect until its expiration date.

Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner, or, the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed previously in this publication. Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Additional diagnostic time due to use of an outdated version of TOOLBOX™, time to purchase or install latest version of TOOLBOX™ are the responsibility of the authorized Meritor WABCO service location and are not covered under product warranty. Components installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

(2) Designation of Vocational Use Required.
To obtain warranty coverage, each Owner must notify Meritor WABCO through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the Meritor WABCO components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with Meritor WABCO directly. Failure to notify Meritor WABCO of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date.

A second Owner and each subsequent Owner must also notify Meritor WABCO as to the intended vocational use of the vehicle. This notification can be sent directly to Meritor WABCO or through the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use.

Coverage under Meritor WABCO's warranty requires that the application of products be properly approved pursuant to OEM and Meritor WABCO, approvals.

(3) What is the Cost of this Warranty?
There is no charge to the Owner for this warranty.

(4) What is not Covered by this Warranty?
In addition to the items listed on page 7, this warranty does not cover normal wear and tear, or service items; nor does it cover a component that fails, malfunctions or is damaged as a result of (a) improper handling, storage, installation, adjustment, repair or modification including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage, or vocation from that which was originally approved by Meritor WABCO, (b) accident, fire or other casualty, natural disaster, road debris, negligence, misuse, abuse, or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the brake system capacity), or (c) improper or insufficient maintenance (including deviation from maintenance intervals, approved lubricants, or lube levels). This warranty does not cover any component or part that is not sold by Meritor WABCO.

(5) Remedy.
The exclusive remedy under this warranty shall be the repair or replacement of the defective component at Meritor WABCO's option. Meritor WABCO reserves the right to require that all applicable covered components are available and/or returned to Meritor WABCO for review and evaluation.

(6) DISCLAIMER OF WARRANTY.
THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED OR STATUTORY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. SOME STATES LIMIT OR DO NOT ALLOW THE DISCLAIMER OF IMPLIED OR OTHER WARRANTIES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE EXTENT SUCH STATE'S LAW IS APPLICABLE TO THESE TERMS.

(7) LIMITATION OF REMEDIES.
IN NO EVENT SHALL MERITOR WABCO BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES OF ANY KIND OR UNDER ANY LEGAL THEORY, INCLUDING, BUT NOT LIMITED TO, TOWING, DOWNTIME, LOST PRODUCTIVITY, CARGO DAMAGE, TAXES, LOST PROFITS, COSTS OF PROCUREMENT OF A SUBSTITUTE COMPONENT OR ANY OTHER LOSSES OR COSTS RESULTING FROM A COVERED COMPONENT. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO THE EXTENT SUCH STATE'S LAW IS APPLICABLE TO THESE TERMS.

(8) TIME LIMIT ON COMMENCING LEGAL ACTION.
ANY LEGAL ACTION OR CLAIM ARISING FROM OR RELATED TO THIS WARRANTY, IN CONTRACT OR OTHERWISE, MUST BE COMMENCED WITHIN ONE YEAR FROM THE ACCRUAL OF THAT CAUSE OF ACTION, OR BE BARRED FOREVER.

(9) To Obtain Service.
If the Owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either Meritor WABCO or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM new truck and/or trailer dealer or authorized Meritor WABCO service location. The dealer will inspect the vehicle and contact Meritor WABCO for an evaluation of the claim. When authorized by Meritor WABCO, the dealer will repair or replace during the term of this warranty any defective Meritor WABCO component covered by this warranty.

(10) Entire Agreement.
This is the entire agreement between Meritor WABCO and the Owner about warranty and no Meritor, Meritor WABCO employee, or dealer is authorized to make any additional warranty on behalf of Meritor WABCO unless in writing and signed by an authorized representative of Meritor WABCO.

TRW COMMERCIAL STEERING SYSTEMS
800 HEATH STREET
LAFAYETTE, INDIANA 47904

PRODUCT WARRANTY

I. **WARRANTY**: The Commercial Steering Systems group of TRW, Inc., hereinafter referred to as "CSS", warrants that each new product supplied by CSS to its customer, when properly installed, used and maintained, shall be free from defect in material and workmanship for the period specified below:

(A) CSS Product installed in **New On-highway Motor Vehicle**:

Within twelve (12) months after date of delivery of such vehicle to the original retail purchaser, or before such vehicle has been driven one hundred thousand (100,000) miles, whichever event shall first occur.

(B) CSS Product installed in **New Agricultural, Turf, Industrial, or Construction Vehicles and Related Equipment**:

Within twelve (12) months after date of delivery of such vehicle/equipment to the original retail purchaser or before such vehicle/equipment has been operated for two thousand (2000) hours or fifty thousand (50,000) miles, whichever occurs first.

(C) CSS Product installed in **New End Product, Not Specifically Mentioned in Classifications (A) or (B) Above and All Other Off-Highway/Severe Applications**:
Within six (6) months after date of delivery of the original equipment manufacturer's end product to the original retail purchaser.

II. **REMEDY**: Customer's sole remedy under the foregoing warranty is limited to correction by means of repair, replacement or issuance of credit, at the option of CSS, of any product which is:

(A) Returned to CSS within the specified warranty time period, with prior notice to, and the written consent of, CSS, with transportation and handling charges prepaid, together with a statement describing the alleged defect, the part number, model number and application, and mileage or hours of use of such product; and

(B) Upon examination, determined by CSS not to conform to the warranty.

III. Any product which is repaired or replaced under this warranty will be returned to customer prepaid. Disposition of any product determined not to be covered by this warranty will be at the customer's expense.

IV. CSS will not be liable for any repairs, replacements, or adjustments to any product or any cost of labor performed by or at the request of customer without the express prior written consent of CSS.

V. **EXCEPTIONS**: The provision of this warranty shall not apply to any CSS product which is used for a purpose for which it is not designed, or which shall have been repaired or altered in any way, or which has been subject to misuse, negligence or accident, neglect of normal maintenance services, so as, in the judgement of CSS to adversely affect its performance and reliability. In no case will the CSS warranty exceed the standard published warranty of its customer in terms of time and/or distance. In all events, the CSS warranty will expire thirty (30) months after the date of manufacture as stamped on the Product. In the case of hydraulic equipment, operation with unapproved fluid or temperatures voids this warranty.

VI. **EXCLUSION OF ALL OTHER REMEDIES AND LIMITATION OF LIABILITY**: Customer's sole and exclusive remedy under the foregoing warranty shall be for the repair, replacement or issuance of credit with respect to a defective product, as set forth and described above. Other provisions hereof notwithstanding, CSS shall not be liable to Customer, or any successor in interest, beneficiary or assignee of Customer, based upon any claim against CSS, whether in contract, warranty, negligence, strict liability, indemnity or otherwise, for any special, consequential, incidental or other damages relating in any way to the design, manufacture, sale, installation or other use of any product purchased from CSS.

VII. **EXCLUSION OF ALL OTHER WARRANTIES: THE FOREGOING WARRANTY IS THE EXCLUSIVE WARRANTY BY CSS AND IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES AND REPRESENTATIONS, WHETHER ORAL, WRITTEN, EXPRESSED, IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTIBILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship - Transmission Oil Cooler
Three (3) Year Collateral Damage Coverage

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The transmission cooler shall be free from component or structural failures caused by defects in material and/or workmanship. Collateral damage up to $10,000 per occurrence is available for the first three (3) years.
Warranty Begins:	The date of delivery to the first retail purchaser.
Warranty Period Ends After:	Five (5) Years on Oil Cooler and three (3) years on collateral damage coverage
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover repair due to accidents, misuse, and excessive vibration, flying debris, storage damage (freezing), negligence or modification. This warranty is void if any modification or repairs are performed without authorization. This also voids any future warranty. This warranty does not cover cost of maintenance or repairs due to lack of required maintenance services as recommended. Performance of the required maintenance and use of proper fluids are the responsibility of the owner. Towing is covered to the nearest distributor or authorized dealer only when necessary to prevent further damage to your transmission. Labor costs for the removal and reinstallation of goods may be covered when necessary to make repairs. Please contact your OEM for authorization. Replacement of cooler during the warranty period is limited to 100% of reasonable labor costs up to a maximum of $700 to remove, replace, or repair the oil cooler.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Effective 1 August, 2009

UNITED PLASTIC FABRICATING, INC.

WARRANTY

FOR: POLY-TANK®, POLYSIDE®, INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™

LIFETIME SERVICE WARRANTY

United Plastic Fabricating, Inc. (hereinafter called "UPF") warrants each POLY-TANK®, Booster/Foam Tank POLYSIDE® Wetside Tank, Integrator Tank/Body, ELLIPSE™ Elliptical Tank, Ellip-T-Tank Tank and DEFENDER™ Skid Tank to be free from defects in material and workmanship for the service life of the original vehicle (vehicle must be actively used in an emergency response for fire suppression). All UPF Tanks must be installed and operated in accordance with the UPF Installation and Operating Guidelines. Failure to do so can void the warranty.

Every UPF Tank is inspected and tested before leaving our facility. Should your UPF Tank require service, please notify UPF via email, fax, in writing or by calling UPF at 1-978-975-4520. Please provide the serial number, a description of the service request, the location along with the phone number and name of the contact person. Our goal is to have scheduled work completed within a reasonable time period.

Under a valid warranty claim, UPF will cover the cost to repair the UPF Tank including the customary and reasonable costs to make the tank accessible such as the removal and reinstallation of the tank if authorized in advance (pre-approved) by UPF. The warranty will not cover tanks that have been improperly installed, operated, misused, abused, or modified from its intended or designed use. Serial number must not have been altered, defaced or removed. Tanks that are not stored or installed properly which results in the tank suffering UV damage will not be covered by this agreement.

Should UPF determine that the service claim is valid under this warranty for a tank located outside of the United States and Canada, UPF will assume the costs for labor and material for the warranty repair as described above plus all travel costs to the U.S. port of embarkation. Costs for airline travel outside of the U.S. and Canada will not be the responsibility of UPF.

In the event the tank shall become stationed in an area of the world that is considered to be a war zone or where unsafe conditions exist for the safe passage of United States Nationals, as reported by the United States Department of State, (http://www.state.gov), and a request to perform service or warranty repairs, UPF reserves the right to refuse to honor such requests. It is the purchaser's responsibility to relocate the tank to an area where such repairs can be performed without undue risk to UPF employees or their designee. UPF will make every reasonable effort to support our products though alternative means.

For Ellipse™ elliptical tanks, a separate five year warranty provided by the subcontractor is applied to the sub-frames, chute linings (rubber isolation strips) and metal components. The stainless steel wrap provided by UPF shall be warranted by the subcontractor performing the wrap installation in accordance with their warranty in place at the time of the installation. UPF will not be liable for any warranty costs associated with the wrap, sub-frames, chute linings (rubber isolation strips) and metal components but will assist with all claims on behalf of its customer.

For PolySide® wetsided tanks and Integrator™ Tank/Body units, all polypropylene components related to the tank shall carry the standard UPF lifetime

Continued on back

UNITED PLASTIC FABRICATING, INC.

WARRANTY

FOR: POLY-TANK®, POLYSIDE®, INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™

service warranty. Other polypropylene components, including but not limited to compartments, wheel wells, fenders and other body related components shall be warranted by UPF for a period of ten years. The warranty for the PolySide® and Integrator™ units excludes paint or hardware, which shall be covered by the manufacturer of the paint/hardware.

All UPF tanks 50 gallons or less utilized for non-fire applications and installed on specialty vehicles such as ATVs, trailers, boats, etc. are covered under a separate warranty policy available from UPF. Further, UPF Protector™ foam and water trailers are warranted under a separate warranty policy available from UPF.

This UPF warranty is transferable within the United States only with prior written approval by UPF (except an original apparatus manufacturer may assign this warranty to the first titled owner/lessee of the apparatus).

UPF will NOT reimburse any unnecessary work and/or work that has not been pre-approved. Any and all third party charges must be pre-authorized and approved in writing by UPF prior to commencing the work. Any unauthorized third party repairs, alterations, actions or modifications will not be covered and can void the warranty. UPF will be the sole determining authority as to whether a service claim will be valid and covered under this warranty.

In no event will UPF be liable for an amount in excess of the purchase price of the booster/foam tank at the time of manufacture or for any loss or damage, whether direct, indirect, incidental, consequential, or otherwise arising out of failure of its product. Loss of contents (water, foam, etc.) shall not be the responsibility of UPF. Further, UPF is not responsible for costs associated with service repairs to chassis, sub-frames, bodies, valves, dumps, hoses, pressure vacuum vents, and other components (i.e. liquid level transducers, etc.). Further, UPF will not cover the cost for travel of the vehicle to and from a repair facility.

This warranty contains the entire warranty. It is the sole warranty and price agreements or representation, whether oral or written, are either merged herein or expressly cancelled. UPF neither assumes, nor authorizes any person supposing to act on its behalf to change, nor assume for it, any warranty or liability concerning its product.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow exclusion or limitation or incidental or consequential damage, so the above limitation or exclusion may not apply to you. Since some states do not allow limitations on the length of an implied warranty, the above limitation may not apply to you.

THERE ARE NO WARRANTIES, EXPRESSED OR IMPLIED, WHICH EXTEND BEYOND THE DESCRIPTION OF THE FACE HEREOF. THERE IS NO EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR A WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. ADDITIONALLY, THIS WARRANTY IS IN LIEU OF ALL OTHER OBLIGATION OR LIABILITIES ON THE PART OF UPF.

POLY-TANK®,& POLYSIDE® are registered trademarks of UPF, Inc. INTEGRATOR™, ELLIPSE™, ELLIP-T-TANK™ & DEFENDER™ are trademarks of UPF, Inc. © 08/01/09 UPF, Inc. Printed in the USA

Effective March 15, 2010

AMDOR Inc. TERMS OF BUSINESS AND GENERAL INFORMATION

Warranty:

All AMDOR Inc. roll-up door products are warranted for a period of 10 years from the date of delivery (with the exception of wet paint adhesion - please see below). AMDOR Inc. liability covers the replacement or repair of any component that fails due to defects in material and / or workmanship during the coverage period. We accept no liability for claims made for damages to any part (or parts) of a vehicle and / or machine (of any type) or injury claims by a person or persons assumed or alleged to have been brought about by the use or misuse of any product supplied by AMDOR Inc. Warranty coverage does not extend to door attachments including (but not limited to) decals, emblems, stripes and adhesives.

In order to initiate the claims process please contact your authorized representative of AMDOR Inc. Warranty claims must be accompanied by a written description providing full and reasonable details as to the nature of the defect. Upon receipt of your claim arrangements will be made to inspect the defective product (if necessary). Justified warranty claims will be repaired, exchanged, or credited to the customer's account at AMDOR Inc.'s discretion. All warranty claims must be approved in writing by the Customer Service Manager for AMDOR Inc. There are no exceptions to this clause.

Limited warranty coverage includes the labor associated with the disassembly and assembly of products deemed to be defective by AMDOR Inc. Labor allowances are based on a set time schedule as determined by AMDOR Inc. The maximum allowable hourly labor rate is $ 50. All warranty labor claims must be approved in writing by an authorized representative of AMDOR Inc. prior to commencement of work. Allowances for removal and installation:

Curtain replacement:	3/4 hour
Balancer replacement:	1 hour
Door ajar switch	3/4 hour
Bottom Panel Assembly:	1/2 hour
Slat replacement:	3/4 hour
Door removal and replacement	1 1/2 hours

Items authorized for return must be accompanied by a Return Goods Authorization (RGA) number. We will accept collect shipments of items deemed to be defective provided that they are returned via the most economical carrier. Should items be

returned by means other than the most economical carrier the difference will be charged back to the sender.

AMDOR Inc. reserves the right to reject any claim when a product has been opened, interfered with or modified. Claims may also be rejected when damage to the product (or any sub-assembly) has been brought about by accident, misuse, abuse, vandalism, incorrect installation, temperature extremes, chemical exposure or any factor other than regular operating conditions.

Limited Wet Paint Match Adhesion Warranty

AMDOR Inc. warrants wet paint finishes applied by AMDOR utilizing our approved factory paint specification. All wet paint match colors must be approved in writing by an authorized OEM representative. AMDOR Inc. will provide a color spray out for this purpose. The time required for shipping and consideration of initial color spray outs will be considered over and above stated lead times. Warranty coverage will extend for a period of not less than 5 years from the date of delivery as determined by AMDOR Inc.'s Packing Slip. AMDOR reserves the right to determine whether individual units will be replaced and / or repaired by an AMDOR approved vendor. An allowance will be made for labor associated with the disassembly and assembly of individual units at the prescribed hourly rate of $ 50 per hour. Compensation for labor will not exceed the maximum time allowance permitted for door removal and replacement. Written approval including specified allowance for time must be obtained from AMDOR prior to initiating work. Warranty coverage will extend to the following visible paint system defects:

1./ Loss of mechanical adhesion as evidenced by peeling, cracking or blistering which exposes the substrate material.

2./ Corrosion of the substrate due to paint system failure.

3./ Fading which results in a substantial departure from the primary AMDOR approved body color.

Wet paint adhesion limited warranty coverage will be excluded when damages to the system are determined by AMDOR Inc. to be a result of the following:

1./ Damage caused through the use of attachments including (but not limited to) decals, labels, adhesives, non factory approved coatings.

2./ Loss of gloss, discoloration or damage due to improper maintenance (including but not limited to) mechanical wash systems, pressure washers, steam cleaners, non approved wash or polishing agents.

3./ Abuse, acts of nature, excessive heat / cold, chemical exposure, vandalism and / or accidents.

4./ Scratches, chips, abrasions, or dents from any source.

This document supercedes all previous written and / or verbal warranties provided by AMDOR Inc. and / or it's affiliates.

Fire and Rescue Apparatus

54 Months Material and Workmanship

Camera System

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Sharpvision camera system installed on the apparatus occuring during the warranty period.
Warranty Begins:	The date of delivery.
Warranty Period Ends After:	Fifty - Four (54) months
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY.

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

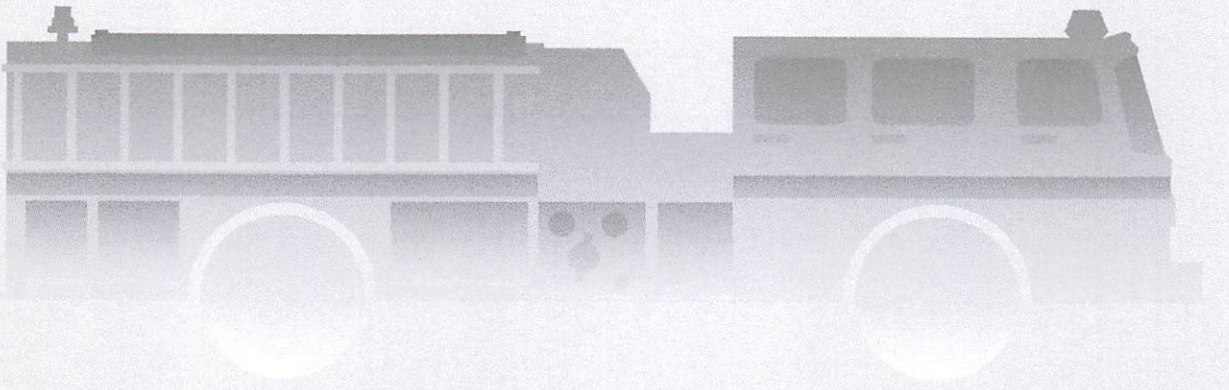
4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Cummins Warranty

Worldwide
Fire Apparatus/Crash Trucks



Coverage

Products Warranted

This Warranty applies to new diesel Engines sold by Cummins and delivered to the first user on or after April 1, 2007, that are used in fire apparatus truck and crash truck* applications Worldwide.

Base Engine Warranty

The Base Engine Warranty covers any failures of the Engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the Engine by Cummins and ends five years or 100,000 miles (160,935 kilometers), whichever occurs first, after the date of delivery of the Engine to the first user.

Engine aftertreatment components included in the Cummins Critical Parts List (CPL) and marked with a Cummins part number are covered under Base Engine Warranty.

Additional Coverage is outlined in the Emission Warranty section.

These Warranties are made to all Owners in the chain of distribution and Coverage continues to all subsequent Owners until the end of the periods of Coverage.

Cummins Responsibilities

Cummins will pay for all parts and labor needed to repair the damage to the Engine resulting from a Warrantable Failure.

Cummins will pay for the lubricating oil, antifreeze, filter elements, belts, hoses and other maintenance items that are not reusable due to the Warrantable Failure.

Cummins will pay for reasonable labor costs for Engine removal and reinstallation when necessary to repair a Warrantable Failure.

Cummins will pay reasonable costs for towing a vehicle disabled by a Warrantable Failure to the nearest authorized repair location. In lieu of the towing expense, Cummins will pay reasonable costs for mechanics to travel to and from the location of the vehicle, including meals, mileage and lodging when the repair is performed at the site of the failure.

Owner Responsibilities

Owner is responsible for the operation and maintenance of the Engine as specified in Cummins Operation and Maintenance Manuals. Owner is also responsible for providing proof that all recommended maintenance has been performed.

Before the expiration of the applicable Warranty, Owner must notify a Cummins distributor, authorized dealer or other repair location approved by Cummins of any Warrantable Failure and make the Engine available for repair by such facility. Except for Engines disabled by a Warrantable Failure, Owner must also deliver the Engine to the repair facility.

Service locations are listed on the Cummins Worldwide Service Locator at cummins.com.

Owner is responsible for the cost of lubricating oil, antifreeze, filter elements and other maintenance items provided during Warranty repairs unless such items are not reusable due to the Warrantable Failure.

Owner is responsible for communication expenses, meals, lodging and similar costs incurred as a result of a Warrantable Failure.

Owner is responsible for non-Engine repairs and for ''downtime'' expenses, cargo damage, fines, all applicable taxes, all business costs and other losses resulting from a Warrantable Failure.

Owner is responsible for a $100 (U.S. Dollars) deductible per each service visit under this plan in the 3rd, 4th and 5th years of Base Engine Warranty. The deductible will not be charged during the first 2 years of the Base Engine Warranty.

Limitations

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel

exhaust fluid.

This Warranty does not apply to accessories supplied by Cummins which bear the name of another company. Such non-warranted accessories include, but are not limited to: alternators, starters, fans, air conditioning compressors, clutches, filters, transmissions, torque converters, vacuum pumps, power steering pumps, fan drives and air compressors. Cummins branded alternators and starters are covered for the first two years from the date of delivery of the Engine to the first user, or the expiration of the Base Engine Warranty, whichever occurs first.

Failures resulting in excessive oil consumption are not covered beyond the duration of the Coverage or 100,000 miles (160,935 kilometers) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first. Before a claim for excessive oil consumption will be considered, Owner must submit adequate documentation to show that consumption exceeds Cummins published standards.

Failures of belts and hoses supplied by Cummins are not covered beyond the first year from the date of delivery of the Engine to the first user or the duration of the Warranty, whichever occurs first.

Parts used to repair a Warrantable Failure may be new Cummins parts, Cummins approved rebuilt parts or repaired parts. Cummins is not responsible for failures resulting from the use of parts not approved by Cummins.

A new Cummins or Cummins approved rebuilt part used to repair a Warrantable Failure assumes the identity of the part it replaced and is entitled to the remaining Coverage hereunder.

Cummins Inc. reserves the right to interrogate Electronic Control Module (ECM) data for purposes of failure analysis.

CUMMINS DOES NOT COVER WEAR OR WEAROUT OF COVERED PARTS.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THIS WARRANTY AND THE EMISSION WARRANTY SET FORTH HEREINAFTER ARE THE SOLE WARRANTIES MADE BY CUMMINS IN REGARD TO THESE ENGINES. CUMMINS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Emission Warranty

Products Warranted

This Emission Warranty applies to new Engines marketed by Cummins that are used in the United States** in vehicles designed for transporting persons or property on a street or highway. This Warranty applies to Engines delivered to the first user on or after September 1, 1992.

Coverage

Cummins warrants to the first user and each subsequent purchaser that the Engine is designed, built and equipped so as to conform at the time of sale by Cummins with all U.S. federal emission regulations applicable at the time of manufacture and that it is free from defects in material or factory workmanship which would cause it not to meet these regulations within the longer of the following periods: (A) Five years or 100,000 miles (160,935 kilometers) of operation, whichever occurs first, as measured from the date of delivery of the Engine to the first user or (B) The Base Engine Warranty.

If the vehicle in which the Engine is installed is registered in the state of California, a separate California Emission Warranty also applies.

Limitations

Failures, other than those resulting from defects in material or factory workmanship, are not covered by this Warranty.

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

Cummins is not responsible for non-Engine repairs, "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs or other losses resulting from a Warrantable Failure.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

* Airport operated crash trucks and fire department operated trucks employed to respond to fires, hazardous material releases, rescue and other emergency-type situations.

EXHIBIT C

PURCHASING TERMS AND CONDITIONS

PURCHASING TERMS AND CONDITIONS

(Florida)

These Purchasing Terms and Conditions, together with the Equipment Proposal and all attachments (collectively, the "Agreement") are entered into by and between Ten-8 Fire Equipment, Inc., a Florida corporation ("Company") and Customer (as defined in Ten-8 Fire Equipment, Inc.'s Equipment Proposal document) and is effective as of the date specified in Section 3 of these Purchasing Terms and Conditions. Both Company and Customer may be referred throughout this document individually as a "party" or collectively as the "parties."

1. Definitions.
   a. **"Acceptance"** has the same meaning set forth in Company's Equipment Proposal.
   b. **"Company's Equipment Proposal"** means the Equipment Proposal provided by Company and prepared in response to Customer's request for proposal for a fire apparatus, associated equipment or an ambulance.
   c. **"Cooperative Purchasing Contract"** means an Agreement between Company and a public authority, including without limitation, a department, division, agency of a municipal, county or state government ("Public Authority"), that adopts or participates in an existing agreement between Company and another non-party customer (including, but not limited to such non-party customer's equipment proposal, its applicable exhibits, attachments and purchasing terms and conditions), often referred to as a "piggyback arrangement," which is expressly agreed to, in writing, by Company. Company has sole discretion to determine whether it will agree to such a Cooperative Purchasing Contract.
   d. **"Delivery"** means when Company delivers physical possession of the Product to Customer.
   e. **"Manufacturer"** means the Manufacturer of any Product.
   f. **"Prepayment Discount"** means the prepayment discounts, if any, specified in Company's Equipment Proposal.
   g. **"Product"** means the fire apparatus and any associated equipment, or ambulance manufactured or furnished for Customer by Company pursuant to the Specifications.
   h. **"Purchasing Terms and Conditions"** means these Purchasing Terms and Conditions; however, if the Company's Equipment Proposal or the Customer's related Purchase Order states that it is governed by a Cooperative Purchasing Agreement, "Purchasing Terms and Conditions" shall mean those terms and conditions set forth in the applicable Cooperative Purchasing Agreement.
   i. **"Specifications"** means the general specifications, technical specifications, training, and testing requirements for the Product contained in Company's Equipment Proposal and its Exhibit A (Proposal Option List or for ambulance sales, the Quotation, or Order Form, as applicable), prepared in response to Customer's request for such a proposal.

2. Purpose. This Agreement sets forth the terms and conditions of Company's sale of the Product to Customer.

3. Term of Agreement. This Agreement will become effective on the date of Acceptance as defined in Company's Equipment Proposal ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon Delivery and payment in full of the Purchase Price.

4. Purchase and Payment. Customer agrees to pay Company the Purchase Price for the Product(s) as set forth in Company's Equipment Proposal ("Purchase Price"). The Purchase Price is in U.S. dollars. Where Customer opts for a Prepayment Discount that specifies that Customer will tender one or more prepayments to Company, Customer must provide each prepayment within the time frame specified in the Equipment Proposal in order to receive the Prepayment Discount for that prepayment installment.

5. Representations and Warranties. Customer hereby represents and warrants to Company that the purchase of the Product(s) has been approved by Customer in accordance with applicable general laws and, as applicable, Customer's charter, ordinances and other governing documents, and funding for the purchase has been duly budgeted and appropriated.

6. Cancellation/Termination.

   a. Fire Equipment and Apparatus Sales. In the event this Agreement is cancelled or terminated by Customer before completion, Company may charge Customer a cancellation fee. The following

charge schedule is based on costs incurred by Manufacturer and Company for the Product, which may be applied and charged to Customer: (a) 12% of the Purchase Price after the order for the Product(s) is accepted and entered into Manufacturer's system by Company; (b) 22% of the Purchase Price after completion of approval drawings by Customer, and; (c) 32% of the Purchase Price upon any material requisition made by the Manufacturer for the Product. The cancellation fee will increase in excess of (c) in this Section 6, accordingly, as additional costs are incurred by Manufacturer and Company as the order progresses through engineering and into the manufacturing process.

b. Ambulance Sales. This Section 6 for Cancellation/Termination does not apply to Ambulance Sales. An order for an ambulance cannot be cancelled or terminated once Company receives and processes Customer's Acceptance of Company's Equipment Proposal.

7. Delivery. The Product is scheduled to be delivered as specified in the Delivery Timing section of the Equipment Proposal ("Delivery Timing"), which will be F.O.B. Company's facility. The Delivery Timing is an estimate, and Company is not bound to such date unless it otherwise agrees in writing. Company is not responsible for Delivery delays caused by or as the result of actions, omissions or conduct of the Manufacturer, its employees, affiliates, suppliers, contractors, and carriers. All right, title and interest in and to the Product, and risk of loss, shall pass to Customer upon Delivery of the Product(s) to Customer.

8. Standard Warranty. The manufacturer warranties applicable to this Agreement, if any, are attached to Company's Equipment Proposal as Exhibit A and are incorporated herein as part of the Agreement.

a. Disclaimer. EXCEPT AS OTHERWISE SET FORTH IN THIS AGREEMENT, COMPANY, INCLUDING ITS PARENT COMPANY, AFFILIATES, SUBSIDIARIES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS OR REPRESENTATIVES DO NOT MAKE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCTS PROVIDED UNDER THIS AGREEMENT, WHETHER ORAL OR WRITTEN, EXPRESS, IMPLIED OR STATUTORY. WITHOUT LIMITING THE FOREGOING DISCLAIMER, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, IMPLIED WARRANTY AGAINST INFRINGEMENT, AND IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED AND DISCLAIMED. STATEMENTS MADE BY SALES REPRESENTATIVES OR IN PROMOTIONAL MATERIALS DO NOT CONSTITUTE WARRANTIES.

9. Limitation of Liability. COMPANY WILL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, ECONOMIC, PUNITIVE, SPECIAL OR EXEMPLARY DAMAGES ARISING FROM OR IN ANY WAY CONNECTED WITH THIS AGREEMENT WITHOUT REGARD TO THE NATURE OF THE CLAIM OR THE UNDERLYING THEORY OR CAUSE OF ACTION (WHETHER IN CONTRACT, TORT, STRICT LIABILITY, EQUITY OR ANY OTHER THEORY OF LAW) ON WHICH SUCH DAMAGES ARE BASED. COMPANY'S LIMIT OF LIABILITY UNDER THIS AGREEMENT SHALL BE CAPPED AT THE TOTAL AMOUNT OF THE MONIES PAID BY CUSTOMER TO COMPANY UNDER THIS AGREEMENT.

10. Force Majeure. Company shall not be responsible nor deemed to be in default on account of delays in performance due to causes which are beyond Company's control which make Company's performance impracticable, including but not limited to civil wars, insurrections, strikes, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, including transportation or delivery losses outside of Company's control, any act of government, delays in transportation, inability to obtain necessary labor supplies or manufacturing facilities, allocation regulations or orders affecting materials, equipment, facilities or completed products, failure to obtain any required license or certificates, acts of God or the public enemy or terrorism, failure of transportation, epidemics, quarantine restrictions, failure of vendors (due to causes similar to those within the scope of this clause) to perform their contracts or labor troubles causing cessation, slowdown, or interruption of work.

11. Customer's Obligations. Customer shall provide its timely and best efforts to cooperate with Company and Manufacturer during the manufacturing process to create the Product. Reasonable and timely cooperation

includes, without limitation, Customer's providing timely information in response to a request from Manufacturer or Company and Customer's participation in traveling to Manufacturer's facility for inspections and approval of the Product.

12. Default. The occurrence of one or more of the following shall constitute a default under this Agreement: (a) Customer's failure to pay any amounts due under this Agreement or Customer's failure to perform any of its obligations under this Agreement; (b) Company's failure to perform any of its obligations under this Agreement; (c) either party becoming insolvent or becoming subject to bankruptcy or insolvency proceedings; (d) any representation made by either party to induce the other to enter into this Agreement, which is false in any material respect; (e) an action by Customer to dissolve, merge, consolidate or transfer a substantial portion of its property to another entity; or (f) a default or breach by Customer under any other contract or agreement with Company.

13. Manufacturer's Statement of Origin. Company shall retain possession of the manufacturer's statement of origin ("MSO") for the Product until the entire Purchase Price has been paid. If more than one Product is covered by this Agreement, Company shall retain the MSO for each individual Product until the Purchase Price for that Product has been paid in full.

14. Arbitration. Any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. The Arbitration shall take place in Bradenton, Florida.

15. Miscellaneous. The relationship of the parties established under this Agreement is that of independent contractors and neither party is a partner, employee, agent, or joint venture of or with the other. Neither party may assign its rights and obligations under this Agreement without the prior written approval of the other party. This Agreement and all transactions between Ten-8 Fire Equipment, Inc. will be governed by and construed in accordance with the laws of the State of Florida. The delivery of signatures to this Agreement may be via facsimile transmission or other electronic means and shall be binding as original signatures. This Agreement shall constitute the entire agreement and supersede any prior agreement between the parties concerning the subject matter of this Agreement. This Agreement may only be modified by an amendment, in writing, signed by duly authorized representatives of both parties with authority to sign such amendments to this Agreement. In the event of a conflict between the Ten-8 Proposal and these Terms and Conditions, the Ten-8 Proposal shall control except in the case of a Cooperative Purchasing Contract as set forth in Section 1(c) and (h) of these Purchasing Terms and Conditions. If any term of this Agreement is determined to be invalid or unenforceable by a competent legal authority, such term will be either reformed or deleted, as the case may be, but only to the extent necessary to comply with the applicable law, regulation, order or rule, and the remaining provisions of the Agreement will remain in full force and effect.

NOTICE OF SOLICITATION

PUBLIC PROCUREMENT AUTHORITY

RFP NUMBER 1420

SOLICITATION FOR: FIRE APPARATUS

Notice is hereby given sealed proposals will be received by the Public Procurement Authority at the address listed below, until **5:00 PM PST** on **February 12**, **2015** for FIRE APPARATUS for the Public Procurement Authority and government members of National Purchasing Partners across the nation, including Oregon and Idaho governmental units incorporated by "ATTACHMENT H" of the RFP, WIPHE members identified in "ATTACHMENT G" of the RFP, as well as government units in all other states. Significant sales potential exists because the resulting Master Price Agreement for national proposers will include piggy backing language that will permit use of the Master Price Agreement nationwide without the need for Participating Agencies to duplicate the formal solicitation process and expend staff resources and funds.

All Proposals must be signed, sealed and addressed to:

Mailing Address:

PPA FIRE APPARATUS RFP #1420

SOLICITATIONS FOR: **FIRE APPARATUS**

1.0 INTENT:

1.1 GENERAL INTENT

The Public Procurement Authority (PPA) serves as the "Lead Contracting Agency" for this solicitation on behalf of its members, and as authorized by the Public Procurement Authority Intergovernmental Agreement, which is an agreement for intergovernmental cooperation among select local Oregon governments and recognized under ORS Chapter 190, in association with National Purchasing Partners, LLC (NPP), on behalf of NPP's government members (hereinafter referred to as "Participating Agencies") across the nation, including members of FireRescue GPO (FRGPO) and Public Safety GPO (PSGPO), Idaho and Oregon local government units (ATTACHMENT H), and WIPHE members (ATTACHMENT G), as well as government units in all other states, as authorized under the terms of the Intergovernmental Cooperative Purchasing Agreement executed by all Lead Contracting and Participating

Agencies, a cooperative procurement group, is soliciting proposals from qualified companies (hereinafter referred to as "Vendor") to enter into a Master Price Agreement for FIRE APPARATUS.

The intent of this Interstate Cooperative Procurement Solicitation (Solicitation) is to invite Proposers active in the retail and wholesale of FIRE APPARATUS to submit a competitive pricing proposal offering FIRE APPARATUS to PPA, which will then be made available to NPP members locally and nationwide; to reduce expenses by eliminating multiple requests for proposals and multiple responses by Vendors; and to obtain discounted pricing through volume purchasing. Significant sales potential exists because the Master Price Agreement will be used nationwide without the need for Participating Agencies to duplicate the formal solicitation process and expend staff resources. Preferably, the successful Proposer will provide its entire catalog ("catalog discount") or products and/or services in order that NPP, FRGPO, and PSGPO members who wish to access the Master Price Agreement may order a broad range of goods and services as needed.

With the exception of successful local Proposer(s) capable of servicing PPA and NPP members within the state of Oregon, successful Proposer(s) should have a strong national presence for FIRE APPARATUS for use by government agencies nationwide.

This Solicitation meets Oregon public contracting requirements and may not be appropriate under or meet Participating Agencies' procurement laws. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements.

1.2 POTENTIAL MARKET

The Public Procurement Authority is publishing this RFP with the express purpose to create publicly awarded contracts for use by it members, which may also benefit the thousands of fellow members of NPP, FireRescue GPO and Public Safety GPO. These are nationwide programs representing member government agencies in all 50 states. **We encourage proposer's response be a collaborative effort including manufacturer and distributor (when they are not the same company) to ensure nationwide contract utilization.**

Proposer's response should also take into consideration the considerable market potential for this solicitation. Because the successful bid will be incorporated into a nationwide purchasing program including thousands of local government participants, the PPA believes that contracts created from this solicitation will provide vendors with a significant market advantage. Members of NPP, FireRescue GPO and Public Safety GPO and current vendors who participate in the program indicate the ability to shorten the sale cycle by eliminating the need to complete individual RFP processes is a significant advantage to participation.

The PPA believes that participation in the NPP purchasing program, benefits both its participating agencies and successful proposers. NPP engages with successful proposers who complete the Vendor Administration Agreement through a marketing and sales partnership. This partnership includes (but is not limited to) contract promotion to members, contract administration support to potential customers and live customer phone support.

1.3 REQUIREMENTS

Solicitation is subject to the Public Procurement Authority's General Conditions & Instructions to Proposer(s), if any, and the following requirements:

1.3.1 This RFP and resulting Master Price Agreement is anticipated for use by the Public Procurement Authority's government members as well as other NPP member government entities and eligible nonprofit entities across the nation. The Public Procurement Authority has entered into an Intergovernmental (interlocal) Cooperative Purchasing Agreement with other Participating Agencies for the purpose of obtaining Master Price Agreements with various vendors. Interlocal purchasing agreements allow Participating Agencies to make purchases at the Public

Procurement Authority's accepted proposal price, terms and conditions, provided that the Participating Agency has satisfied all of its local and state cooperative procurement requirements. By submitting a proposal, the Proposer(s) agrees to make the same proposal terms and price, exclusive of any possible rebates, incentives, freight and transportation fees, available to other Participating Agencies. The Public Procurement Authority and NPP will not incur any direct liability with respect to specifications, delivery, payment, or any other aspect of purchases by such Participating Agencies or nonprofit institutions. A true and correct copy of the Intergovernmental Cooperative Purchasing Agreement is attached hereto as "ATTACHMENT A".

The successful Proposer must deal directly with the Participating Agencies concerning the placement of orders, disputes, invoicing and payment. The Public Procurement Authority and NPP shall not be held liable for any costs or damages incurred by or as a result of the actions of the Vendor or any Participating Agency. Successful Proposers must comply with the state and local laws, rules and regulations in each state and locality where the product or service is provided.

1.3.2 Each Participating Agency shall execute a Participating Agency Endorsement and Authorization included in the Intergovernmental Cooperative Purchasing Agreement. While the terms of the Master Price Agreement shall govern the general pricing terms, each Participating Agency may request modification of the Master Price Agreement in accordance with each Participating Agency's state and/or local purchasing laws, rules, regulations and procedures. Each Participating Agency may, at its discretion, and upon written agreement by the Participating Agency and Successful Proposer, request additional legal and procedural provisions not included herein that the successful Proposer must adhere to if it wishes to conduct business with said Participating Agency using the Master Price Agreement.

1.3.3 NPP, FireRescue GPO and Public Safety GPO provide vendor exposure and marketing support for the successful Proposer's products and services throughout its membership. Successful Proposers servicing the awarded contract to NPP members shall pay a Contract Administration Fee of $2000 per contract order (or invoice) under the Master Price Agreement as established in the NPP Vendor Administration Agreement (available upon request). A portion of the $2000 fee is paid to the Western Fire Chiefs Association pursuant to agreements with NPP, Fire Rescue GPO, and Public Safety GPO. Western Fire Chiefs Association also administers the solicitation and bidding processes for the PPA pursuant to a separate Administration Agreement at no cost to the PPA or its members.

1.4 MULTIPLE AWARDS

Multiple awards may be granted to meet the requirements of this Solicitation provided that such awards are differentiated by product make and model, service, and/or distribution regions and capabilities of the successful Proposers. Specifically, the Public Procurement Authority will award separate contracts to Proposers in order to cover all local and national geographical markets, electronic purchasing capabilities, and products and services identified in this Request for Proposal, as well as the diverse and large number of Participating Agencies. The award of multiple contracts is to be determined upon receipt and review of all proposals, and based upon the general criteria provided herein. The Public Procurement Authority may solicit proposals from local qualified companies with or without a national presence provided that the successful Proposer is able to provide the Public Procurement Authority with the products and services requested. Multiple awards will ensure fulfillment of current and future requirements of the diverse and large number of Participating Agencies. In the event a local Proposer with no national distribution capabilities best meets the proposal selection criteria, multiple local and nationwide responsive proposals may be awarded simultaneously in the best interests of local commerce, the Public Procurement Authority's compliance with local laws, and the Participating Agencies nationwide.

Proposers shall be able to serve the needs of the NPP membership on a national basis. However, this requirement shall not exclude local Proposers without a national presence that are capable of meeting the requirements of the Public Procurement Authority within the state of Oregon.

1.5 CONTRACT USAGE

The actual utilization of any Master Price Agreement will be at the sole discretion of the Participating Agencies. It is the intent of this Request for Proposal and resulting Master Price Agreement that members of NPP, FireRescue GPO, and Public Safety GPO (Participating Agencies) may buy directly from Successful Proposers without the need for further solicitation. However, Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements as well as the need of further notice prior to utilizing the Master Price Agreement

1.6 BACKGROUND OF NPP

NPP, owned by two healthcare organizations, provides group purchasing opportunities and purchasing administrative support for governmental entities and nonprofit institutions within its membership. NPP's membership includes participating public and nonprofit entities across North America.

1.7 EQUAL OPPORTUNITY

The Public Procurement Authority encourages Minority and Women-owned Small Business Proposers to submit proposals.

Oregon Public Agencies are prohibited from use of products and services offered under this contract that are already provided by qualified nonprofit agencies for disabled individuals as listed on the Department of Administrative Service's Procurement List pursuant to ORS 279.835-.855. Please see *www.OregonRehabilitation.org/qrf* for more information.

2.0 SCOPE OF WORK:

2.1 REQUIREMENTS OF PROPOSERS SUBMITTING A RESPONSE:

Proposers must present clear and concise evidence indicating Proposer's ability to comply with the requirements stated herein and to provide and deliver the specified products and services to Participating Agencies.

2.1.1 PROPOSER COMMITMENTS

Each Proposer is required to commit to low pricing, and accurate and timely reporting to NPP pursuant to the reporting requirements identified in the NPP Vendor Administration Agreement. In addition, successful Proposer(s) with a national presence must commit to marketing of the Master Price Agreement nationwide and that the sales force will be trained, engaged and committed to offering NPP pricing to member government agencies nationwide, including the opportunity for NPP to train the Vendor sales staff.

2.1.2 **PROPOSERS MUST COMPLETE "ATTACHMENT B" – PROPOSER PROFILE WORKBOOK".**

2.2 PRODUCTS AND SERVICES:

2.2.1 Provide a description of the FIRE APPARATUS offered as set forth in ATTACHMENT C. The primary objective is for the Proposer(s) to provide the Proposer(s)'s entire product line that are responsive to this RFP so that participating agencies may order a broad range of products and services as appropriate for their needs.

2.2.2 All products offered must be new, unused and most current product lines, unless otherwise clearly identified as remanufactured goods.

2.2.3 Describe any special programs that Proposer offers that shall improve the ability of the Participating Agencies access to the products, such as retail store availability, expedited delivery intervals, item sourcing, or other unique plans and services.

2.2.4 Explain any additional pricing incentives that may be available such as large volume purchases, cash terms, or rebates to Participating Agencies.

2.3 PRICING:

2.3.1 Pricing for the products and services may be based on "ATTACHMENT D" - PRICING SCHEDULE as follows:

A. A fixed percentage (%) off *marked price* based on the Proposer's catalog for each CATEGORY specified in ATTACHMENT D – PRICING SCHEDULE. Proposer shall identify the catalog used.

Option (A) is preferred. If option (A) is not feasible proposer may use option (B) provided proposer includes a justification.

B. Alternatively, contract pricing may be based upon fixed prices (contingencies for economic price adjustments must be identified in the proposal), or a combination fixed percentage off and firm fixed prices. Proposer may offer additional discounts to purchasers based on volume.

2.3.2 If proposer responds with pricing option "B" the following applies. Prices for items listed in the PRICING SCHEDULE ("ATTACHMENT D") shall remain firm for a period of six (6) months. Thereafter, Proposers may request price increases based on manufacturer costs, cost of labor and/or materials which must be supported by appropriate documentation. Proposers may also add or delete products and options identified on the Pricing Schedule, provided that any additions reasonably fall within the intent of the original Pricing Schedule category. If PPA agrees to the price increase or product or option modification, PPA may approve in writing, including electronic mail, without the need for a written amendment to the Master Price Agreement.

2.3.3 All pricing proposals shall clearly explain how freight and/or delivery costs are determined as described in ATTACHMENT D PRICING SCHEDULE herein.

2.4 TAX:

Proposers shall strictly adhere to all federal, state and local tax requirements applicable to their operation, or to any contract or activity resulting from this solicitation.

3.0 SPECIAL TERMS & CONDITIONS:

3.1 MASTER PRICE AGREEMENT TERM:

As a result of this Solicitation the successful Proposer(s) shall be awarded a Master Price Agreement for a two (2) year period. Subject to a written agreement signed by the Public Procurement Authority and Successful Proposer, the Master Price Agreement may be extended up to a maximum of three (3), one (1) year periods. At least thirty (30) calendar days prior to the expiration of the current term the Proposer(s) shall be notified in writing by the Public Procurement Authority of the intention to extend the Master Price Agreement.

3.2 MASTER PRICE AGREEMENT ACCESS PROVISIONS

Utilization of the Master Price Agreement will be at the discretion of the Public Procurement Authority and Participating Agencies. The Public Procurement Authority shall be under no obligation to purchase off of the Master Price Agreement. Assuming all local competitive solicitation requirements have been met, Participating Agencies may purchase directly from the successful Proposer(s) without the need for further solicitation.

3.3 INDEMNIFICATIONS AND INSURANCE:

3.3.1 Indemnification

The successful Proposer shall indemnify the PPA and NPP as specified in the Master Agreement.

3.3.2 Insurance Requirements.

Proposer(s), at Proposer(s)'s own expense, shall purchase and maintain the herein stipulated minimum insurance from a reputable company or companies duly licensed by the State of Oregon. In lieu of State of Oregon licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Oregon, provided that said insurance companies, meet the approval of the Public Procurement Authority. The form of any insurance policies and forms must be acceptable to the Public Procurement Authority.

Proposer(s)'s insurance shall be primary insurance with respect to the Public Procurement Authority, and any insurance or self-insurance maintained by the Public Procurement Authority shall not contribute to it.

Award of this Solicitation is contingent upon the required insurance policies and/or endorsements identified herein. The Public Procurement Authority shall not be obligated, however, to review such policies and/or endorsements or to advise Proposer(s) of any deficiencies in such policies and endorsements, and such receipt shall not relieve Proposer(s) from, or be deemed a waiver of the Public Procurement Authority's right to insist on strict fulfillment of Proposer(s)'s obligations under this RFP.

The insurance policies required by this RFP, except Workers' Compensation, shall name the Public Procurement Authority, its agents, representatives, officers, directors, officials and employees as an Additional Insured.

The policies required hereunder, except Workers' Compensation, shall contain a waiver of transfer of rights of recovery (subrogation) against the Public Procurement Authority, its agents, representatives, officers, directors, officials and employees for any claims arising out of Proposer(s)'s work or service.

3.3.3 Commercial, automobile and workers' compensation insurance.

3.3.3.1 Commercial General Liability. Proposer(s) shall maintain Commercial General Liability Insurance (CGL) and, if necessary, Commercial Umbrella Insurance. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage including, but not limited to, the liability assumed under the indemnification provisions of the Master Price Agreement.

3.3.3.2 Automobile Liability. Proposer(s) shall maintain Automobile Liability Insurance and, if necessary, Commercial Umbrella Insurance. If hazardous substances, materials, or wastes are to be transported, MCS 90 endorsement shall be included.

3.3.3.3 Workers' Compensation. Proposer(s) shall carry Workers' Compensation insurance to

cover obligations imposed by federal and state statutes having jurisdiction over Proposer(s)'s employees engaged in the performance of the work or services, as well as Employer's Liability insurance.

In case any work is subcontracted, Proposer(s) will require the SubProposer(s) to provide Workers' Compensation and Employer's Liability insurance to at least the same extent as required of Proposer(s).

4.0 SCHEDULE, RESPONSE PREPARATION AND SUBMISSION

4.1 SCHEDULE OF EVENTS

4.1.1 Publication of request for proposal

Publication of this Solicitation conforms with ORS 279, to include Public Notice by publication in a newspaper of general circulation in the area where the Public Procurement Authority is located no less than 30 days prior to the proposal due date, as well as posting of the Public Notice on the web site that typically posts Public Notices concerning the Public Procurement Authority.

Solicitation Notice Publications: October 27, 2014, January 12, 2015

4.1.2 Question and answer period

The PPA will post questions and answers concerning this Solicitation for a period of twenty three (23) days after initial publication of the Notice of Solicitation or November 13, 2014, whichever occurs later. All questions shall be submitted in writing via email to questions@ProcurementAuthority.org. The Public Procurement Authority reserves the right to accept and answer questions after the twenty three (23) day question and answer period has expired.

All questions must be submitted via email as directed above. If necessary, questions can be submitted in writing to Public Procurement Authority, c/o Heidi Chames, 25030 SW Parkway Avenue, Suite 330, Wilsonville, OR 97070 or questions@ProcurementAuthority.org. All questions and answers will be posted with the original solicitation on the Public Procurement Authority website at www.ProcurementAuthority.org

There will be no mandatory pre-proposal meeting. In lieu of a pre-proposal meeting, an informational webinar shall be held on Thursday, November 13, 2014 at 11:30 A.M. PST. To join the online webinar:

- Go to https://themeetingson.webex.com/themeetingsonrun/j.php?ED=318348452&UID=2154877612&RT=MiM0
- Follow the onscreen instructions for completing the login process
- Call in information is: (800-504-8071), passcode: (5887665)
- Meeting number is: 713895916
- You may want to check the link and your computer for compatibility in advance of the scheduled webinar.

4.1.3 Submission of proposals

Deadline for submission of proposals is **5:00 PM PST,** on **February 12, 2015.** Heidi Chames must receive all proposals before **5:00 PM PST** on the above date in the office of the Public Procurement Authority, c/o Heidi Chames, 25030 SW Parkway Avenue, Suite 330, Wilsonville, OR 97070.

Approximate opening date: 9:00 AM PST on **February 13, 2015** at the office of the Public Procurement Authority, c/o Heidi Chames, 25030 SW Parkway Avenue, Suite 330, Wilsonville, OR 97070.**Proposal selection and negotiation: Approximately February 13, 2015 to March 15, 2015.**

Approximate award date: April 1, 2015.

All responses to this proposal become the property of the Public Procurement Authority and (other than pricing) will be held confidential, to the extent permissible by law. The Public Procurement Authority will not be held accountable if parties other than the Public Procurement Authority obtain material from proposal responses without the written consent of the Proposer(s).

4.2 REVIEW, INQUIRIES AND NOTICES:

4.2.1 **The solicitation documents may be reviewed in person at the following address:**

Public Procurement Authority
c/o Heidi Chames
25030 SW Parkway Ave.
Suite 330
Wilsonville, OR 97070

All inquiries concerning information herein shall be addressed to:

Public Procurement Authority
c/o Heidi Chames
25030 SW Parkway Ave.
Suite 330
Wilsonville, OR 97070

Administrative telephone inquiries shall be addressed to:

Heidi Chames, 855-524-4572
Email inquiries shall be addressed to:

questions@ProcurementAuthority.org

Inquiries may be submitted by telephone but must be followed up in writing. No oral communication is binding on the Public Procurement Authority.

4.2.2 Proposal Interpretation of the RFP Documents and Issuance of Addenda

If any Proposer(s) finds discrepancy in, or omissions from, or is in doubt to the true meaning of any part of the RFP document, he/she shall submit to:

Public Procurement Authority
c/o Heidi Chames
25030 SW Parkway Ave.
Suite 330
Wilsonville, OR 97070

A written request for a clarification or interpretation thereof at least ten (10) calendar days prior to the RFP closing date.

The Public Procurement Authority is not responsible for any explanation, clarification, interpretation, or approval made or given in any manner, except by addenda. Addenda, if necessary, will be issued not later than five (5) days prior to the RFP closing date by publication on the Public Procurement Authority's web site and NPP website.

4.3 INSTRUCTIONS FOR PREPARING AND SUBMITTING PROPOSALS:

Proposers are to provide two (2) hard copies and two (2) electronic copies of the complete proposal. Electronic copies are to be submitted on a USB flash drive with the core response in a file less than 10 MB, when possible. Electronic files may be used by the evaluation committee so they should be organized and named in an easy to understand manner. Proposers are to address proposals identified with return address, solicitation number and title in the following manner:

RFP 1420: FIRE APPARATUS
Public Procurement Authority
c/o Heidi Chames
25030 SW Parkway Ave.
Suite 330
Wilsonville, OR 97070

All prices shall be held firm for a period of sixty (60) days after the Solicitation closing date. Any Proposer may withdraw its proposal if a Master Price Agreement has not been executed within sixty (60) days from the RFP closing date.

4.4 EXCEPTIONS AND DEVIATIONS TO THE RFP

The Proposer shall identify and list all exceptions taken to all sections of this RFP and list these exceptions, referencing the section (paragraph) where the exception exists and stating the proposed revision. The Proposer shall list these exceptions under the heading, "Exception to the Solicitation, RFP Number1420." Exceptions not listed under the heading, "Exception to the Solicitation, RFP Number 1420." shall be considered invalid. The Public Procurement Authority reserves the right to reject, render the proposal non-responsive, enter into negotiation on any of the Proposer exceptions, or accept them outright.
The Proposer shall detail any and all deviations from specifications, if any, as requested. The Public Procurement Authority may accept or reject deviations, and all Public Procurement Authority decisions shall be final.

4.5 RESPONSE FORMAT AND CONTENT:

To aid in the evaluation, it is desired that all proposals follow the same general format. The proposals are to be submitted in binders and have sections tabbed as follows:

4.5.1 Letter of Transmittal

4.5.2 Table of Contents

4.5.3 Short introduction and executive summary. This section shall contain an outline of the general approach utilized in the proposal.

4.5.4 The proposal should contain a statement of all of the programs and services proposed, including conclusions and generalized recommendations. Proposals should be all-inclusive, detailing the proposer's best offer. Additional related services should be incorporated into the proposal, if applicable.

Format Proposal to specifically address each individual sub-section and sub-set of the SCOPE OF WORK (Section 2.0).

4.5.5 Qualifications – This section shall describe the Proposer's ability and experience related to the programs and services proposed.

4.5.6 Exceptions to the Proposal Solicitation, RFP Solicitation Number 1420

4.5.7 PRICING SCHEDULE ("ATTACHMENT D")

4.5.8 PROPOSER PROFILE WORKBOOK ("ATTACHMENT B")

4.5.9 Complete, Current Catalog Pricing shall be submitted on a USB flash drive.

5.0 EVALUATION AND POST SUBMISSION

5.1 EVALUATION OF PROPOSAL – SELECTION FACTORS:

A Proposal Analysis Committee will be appointed by the Public Procurement Authority on behalf of its membership to evaluate each Proposal and prepare a scoring of each Proposal. Each Proposal received and reviewed shall be awarded points under each criterion solely on the judgment and determination of the Analysis Committee and the PPA. There is a maximum score of 500 points and proposer's average total score must be at least 200 points for consideration of an award. Proposals will be evaluated on the following criteria and further defined in the Proposal Evaluation Form (ATTACHMENT E) utilizing the point system indicated on the form

1) Pricing 2) Product Line 3) Conformance 4) Marketing 5) Customer Service 6) Coverage 7) Proven Experience & References

At the Public Procurement Authority's option, Proposers may be invited to make presentations to the Evaluation Committee. Public Procurement Authority reserves the right to make multiple awards to meet the national membership needs of this Solicitation.

5.1.1 Additional criteria/preferences that are not necessarily awarded points.

5.1.1.1 Pursuant to ORS 279, Lead Contracting Agency shall give preference to the procurement of goods manufactured from recycled materials.

5.1.1.2 Pursuant to ORS 279, Lead Contracting Agency shall give preference to goods and services that have been manufactured or produced within the State of Oregon if price, fitness, availability and quality are otherwise equal; and the Lead Contracting Agency shall add a percent increase to the proposal of a nonresident Proposer equal to the percent, if any, of the preference given to the Proposer in the state in which the Proposer resides. All proposers shall identify the state to which it is a resident bidder.

5.1.1.3 Proposer shall comply with all federal, state and local laws applicable to the work under the Master Price Agreement awarded as a result of this Solicitation, including, without limitation, the provisions of ORS, as set forth on "ATTACHMENT F", attached hereto and incorporated herein by this reference.

5.1.1.4 Pursuant to Section 1.5, the Lead Contracting Agency encourages Minority and Women-owned Small Business Proposers to submit proposals.

5.2 RIGHT OF PUBLIC PROCUREMENT AUTHORITY TO AWARD OR REJECT PROPOSALS

5.2.1 The Request for Proposal does not commit the Public Procurement Authority to award a Master Price Agreement for the products or services specified within the Request for Proposal document. The Public Procurement Authority may cancel the procurement or reject any or all proposals in accordance with ORS 279. Under no circumstance will the Public Procurement Authority pay the costs incurred in the preparation of a response to this request.

5.2.2 The Public Procurement Authority reserves the right to:

5.2.2.1 Accept or reject any or all proposals received as a result of the Request for Proposals;
5.2.2.2 Negotiate with any qualified Proposer(s);
5.2.2.3 Accept a proposal and subsequent offers for a Master Price Agreement from other than the lowest cost proposer;
5.2.2.4 Waive or modify any irregularities in proposals received, after prior notifications to the Proposer(s).

5.2.3 Oral interpretations or statements cannot modify the provisions of this Request for Proposal. If inquiries or comments by Proposers raise issues that require clarification by the Public Procurement Authority, or the Public Procurement Authority decides to revise any part of this Request for Proposal, addenda will be provided to all persons who receive the Request for Proposal. Receipt of an addendum must be acknowledged by signing and returning it with the proposal.

5.2.4 The award, if there is one, will be made to that Proposer(s) who is determined to be the most qualified, responsible and responsive within a competitive price range based upon the evaluation of the information furnished under this RFP.

5.3 WITHDRAWAL OF PROPOSAL

At any time prior to the hour and date set for the receipt of proposals, the Proposer(s) may withdraw its proposal. Withdrawal will not preclude the submission of another proposal prior to the deadline.

5.4 PROTEST PROCESS

A prospective Proposer may protest the procurement process of the Solicitation Document for an Agreement solicited under ORS 279. Before seeking judicial review, a prospective Proposer must file a written protest with the Public Procurement Authority and exhaust all administrative remedies. Written protests must be delivered to the Public Procurement Authority at 25030 SW Parkway Avenue, Suite 330, Wilsonville, OR 97070 not less than ten (10) days prior to the date upon which all proposals are due. The written protest shall contain a statement of the desired changes to the procurement process or solicitation document that the protester believes will remedy the conditions upon which the protest is based. The Public Procurement Authority shall consider the protest if it is timely filed and meets the conditions set forth in ORS 279. The Public Procurement Authority shall respond pursuant to ORS 279. If the Public Procurement Authority upholds the protest, in whole or in part, the Public Procurement Authority may in its sole discretion either issue an Addendum reflecting its disposition or cancel the procurement or solicitation. The Public Procurement Authority may extend the due date of proposals if it determines an extension is necessary to consider and respond to the protest.

A Proposer may protest the Award of the Contract, or the intent to Award the Contract, if the conditions set forth in ORS 279 are satisfied. Judicial review of the protest and the Public Procurement Authority's decision shall be governed by ORS 279.

5.5 NON-ASSIGNMENT

If a Master Price Agreement is awarded, it shall not be assigned in part or in total.

5.6 POST AWARD MEETING:

The successful Proposer(s) may be required to attend a post-award meeting with the PPA to discuss the terms and conditions of the Master Price Agreement.

5.7 PROPOSAL FINAL CERTIFICATION

The Proposer must certify the following:

a) I hereby certify, that the Proposal contained herein, fully and exactly complies with the instruction for proposers and specifications as they appear in this Notice of Solicitation.

b) I hereby further certify that I am authorized by the Board of Directors or Corporate Officers of the Corporation to sign the Requests for Proposals and proposals in the name of the corporation listed below:

Proposer Name: _____

Signature: _____

Name Typed: _____ Title: _____

Proposer is a resident bidder of the state of _____

Date: _____

ATTACHMENT A

INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Intergovernmental Agreement (Agreement) is by and between the "Lead Contracting Agency" and participating government entities ("Participating Agencies"), that are members of National Purchasing Partners ("NPP"), including members of FireRescue GPO and Public Safety GPO, that agree to the terms and conditions of this Agreement. The Lead Contracting Agency and all Participating Agencies shall be considered as "parties" to this agreement.

WHEREAS, upon completion of a formal competitive solicitation and selection process, the Lead Contracting Agency has entered into Master Price Agreements with one or more Vendors to provide goods and services, often based on national sales volume projections;

WHEREAS, NPP provides group purchasing, marketing and administrative support for governmental entities. NPP's marketing and administrative services are free to its membership, which includes participating public entities and nonprofit institutions throughout North America.

WHEREAS, NPP has instituted a cooperative purchasing program under which member Participating Agencies may reciprocally utilize competitively solicited Master Price Agreements awarded by the Lead Contracting Agency;

WHEREAS, the Master Price Agreements provide that all qualified government members of NPP may purchase goods and services on the same terms, conditions and pricing as the Lead Contracting Agency, subject to applicable local and state laws of the Participating Agencies;

WHEREAS, the parties agree to comply with the requirements of the Intergovernmental Cooperation Act as may be applicable to the local and state laws of the Participating Agencies;

WHEREAS, the parties desire to conserve and leverage resources, and to improve the efficiency and economy of the procurement process while reducing solicitation and procurement costs;

WHEREAS, the parties are authorized and eligible to contract with governmental bodies and Vendors to perform governmental functions and services, including the purchase of goods and services; and

WHEREAS, the parties desire to contract with Vendors under the terms of the Master Price Agreements;

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1: LEGAL AUTHORITY

Each party represents and warrants that it is eligible to participate in this Agreement because it is a local government created and operated to provide one or more governmental functions and possesses adequate legal authority to enter into this Agreement.

ARTICLE 2: APPLICABLE LAWS

The procurement of goods and services subject to this Agreement shall be conducted in accordance with and subject to the relevant statutes, ordinances, rules, and regulations that govern each party's procurement policies. Competitive Solicitations are intended to meet the public contracting requirements of the Lead Contracting Agency and may not be appropriate under, or satisfy Participating Agencies' procurement laws. It is the responsibility of each party to ensure it has met all applicable solicitation and procurement requirements. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements.

ARTICLE 3: USE OF BID, PROPOSAL OR PRICE AGREEMENT

a. A "procuring party" is defined as the Lead Contracting Agency or any Participating Agency that desires to purchase from the Master Price Agreements awarded by the Lead Contracting Agency.

b. Each procuring party shall be solely responsible for their own purchase of goods and services under this Agreement. A non-procuring party shall not be liable in any fashion for any violation of law or contract by a procuring party, and the procuring party shall hold non-procuring parties and all unrelated procuring parties harmless from any liability that may arise from action or inaction of the procuring party.

c. The procuring party shall not use this agreement as a method for obtaining additional concessions or reduced prices for similar goods and services outside the scope of the Master Price Agreement.

d. The exercise of any rights or remedies by the procuring party shall be the exclusive obligation of such procuring party.

e. The cooperative use of bids, proposals or price agreements obtained by a party to this Agreement shall be in accordance with the terms and conditions of the bid, proposal or price agreement, except as modified where otherwise allowed or required by applicable law, and does not relieve the party of its other solicitation requirements under state law or local policies.

ARTICLE 4: PAYMENT OBLIGATIONS

The procuring party will make timely payments to Vendors for goods and services received in accordance with the terms and conditions of the procurement. Payment for goods and services, inspections and acceptance of goods and services ordered by the procuring party shall be the exclusive obligation of such procuring party. Disputes between procuring party and Vendor shall be resolved in accordance with the law and venue rules of the state of the procuring party.

ARTICLE 5: COMMENCEMENT DATE

This Agreement shall take effect after execution of the "Lead Contracting Agency Endorsement and Authorization" or "Participating Agency Endorsement and Authorization," as applicable.

ARTICLE 6: TERMINATION OF AGREEMENT

This Agreement shall remain in effect until terminated by a party giving 30 days written notice to "Lead Contracting Agency"

ARTICLE 7: ENTIRE AGREEMENT

This Agreement and any attachments, as provided herein, constitute the complete Agreement between the parties hereto, and supersede any and all oral and written agreements between the parties relating to matters herein.

ARTICLE 8: CHANGES AND AMENDMENTS

This Agreement may be amended only by a written amendment executed by all parties, except that any alterations, additions, or deletions of this Agreement which are required by changes in Federal and State law or regulations are automatically incorporated into this Agreement without written amendment hereto and shall become effective on the date designated by such law or regulation.

ARTICLE 9: SEVERABILITY

All parties agree that should any provision of this Agreement be determined to be invalid or unenforceable, such determination shall not affect any other term of this Agreement, which shall continue in full force and effect.

THIS INSTRUMENT HAS BEEN EXECUTED IN TWO OR MORE ORIGINALS BY EXECUTION AND ATTACHMENT OF "THE LEAD CONTRACTING AGENCY ENDORSEMENT AND AUTHORIZATION" OR "PARTICIPATING AGENCY ENDORSEMENT AND AUTHORIZATION," AS APPLICABLE. ONCE EXECUTED, IT IS THE RESPONSIBILITY OF EACH PARTY TO FILE THIS AGREEMENT WITH THE PROPER AGENCY IF REQUIRED BY LOCAL OR STATE LAW.

SAMPLE

PUBLIC PROCUREMENT AUTHORITY
ENDORSEMENT AND AUTHORIZATION

The undersigned acknowledges, on behalf of the Public Procurement Authority ("Lead Contracting Agency") that he/she has read and agrees to the general terms and conditions set forth in the enclosed Intergovernmental Cooperative Purchasing Agreement regulating use of the Master Price Agreements and purchase of goods and services that from time to time are made available by the Public Procurement Authority to Participating Agencies locally, regionally, and nationally through NPP. Copies of Master Price Agreements and any amendments thereto made available by the Public Procurement Authority will be provided to Participating Agencies and NPP to facilitate use by Participating Agencies.

The undersigned understands that the purchase of goods and services under the provisions of the Intergovernmental Cooperative Purchasing Agreement is at the absolute discretion of the Participating Agencies.

The undersigned affirms that he/she is an agent of the Public Procurement Authority and is duly authorized to sign this Public Procurement Authority Endorsement and Authorization.

Proposer Profile Workbook to be completed by all responders as directed herein

1.0 General questions ***(Section 1.1 only to be completed by vendors with a national presence; i.e. vendors with a sales territory in 25 states or more).***

1.1 The "Yes" or "No" questions below are to help evaluators familiarize themselves with national vendors. Circle "Yes" or "No" as it applies to your company.

- ✓ Do you have a national sales force adequate in size to meet the demands of multiple agencies and their unique needs for the products and services listed herein?
  Yes or No

- ✓ Do you have a national distribution network?
  Yes or No

- ✓ Can you provide product availability to meet the requirements for materials and services listed herein for government and nonprofit agencies nationwide in a timely manner?
  Yes or No

- ✓ Does your company have the ability to provide toll-free telephone/fax access, and an online presence?
  Yes or No

- ✓ Can you provide a single point of contact (National Account Manager) to interact with the lead agency and NPP staff?
  Yes or No

- ✓ Are you a strong competitor in the industry with a minimum of three consecutive years of demonstrated success in all business practices and pursuits?
  Yes or No

1.2 Additional Information:

1.2.1 Provide at least three references of government agencies within the United States that have purchased products/services from Proposer similar to those specified in this solicitation within the last year. Include:
- 1.2.3.1.1 Agency name and address
- 1.2.3.1.2 Contact name, phone and/or email
- 1.2.3.1.3 Description of products/services sold and date.
- 1.2.3.1.4 PPA may use other information, however learned, in evaluation of the response.

1.2.2 OPTIONAL: If a Dun and Bradstreet Comprehensive Report (or similar) for your company is available, please submit it with your response.

1.2.3 OPTIONAL: Attach any case studies, white papers and/or testimonials supporting your company and products/services.

2.0 ABOUT PROPOSER:

2.1 Complete Exhibit 1

2.2 Complete the following table

2.2.1 State of incorporation:	
2.2.2 Federal Tax Identification Number:	
2.2.3 If applicable to the product(s) and/or service(s), describe the Proposer's ability to conduct	

E-commerce. [Insert response in box below]
