Meeting Date: 10/21/2020
CASE: CU-2020-07
APPLICANT: HSC Pensacola South, LLC agent for Bullseye LLC/Mark Lyons III
ADDRESS: 2800 BLK BLUE ANGEL PKWY
PROPERTY REFERENCE NO.: 05-3S-31-1500-013-005
ZONING DISTRICT: Commercial (Com)
FUTURE LAND USE: Commercial (COM)
OVERLAY DISTRICT: AIPD-2

SUBMISSION DATA:

REQUESTED CONDITIONAL USE:

A 15,000 SF fenced outdoor display area, a 3,000 SF permanent trailer display area, and a permanent sidewalk display area out in front of the building totaling to 2,980 SF.

RELEVANT AUTHORITY:

Land Development Code of Escambia County, Florida (Ordinance 96-3 as amended), Section Sec. 3-2.10(c)(8)a. and b. Commercial district (Com)

(c) Conditional uses. Through the conditional use process prescribed in Chapter 2, the BOA may conditionally allow the following uses within the Commercial district:

(8) Other uses.

a. Outdoor sales not among the permitted uses of the district.

b. Outdoor storage not among the permitted uses of the district, including outdoor storage of trailered boats and operable recreational vehicles, but no repair, overhaul, or salvage activities. All such storage shall be screened from residential uses and maintained to avoid nuisance conditions.

CRITERIA:

Land Development Code of Escambia County, Florida (Ordinance 96-3 as amended), Section 2-6.4(c)(3)

CRITERION (a)

General compatibility. The proposed use can be conducted and operated in a manner that is compatible with adjacent properties and other properties in the immediate area.

FINDINGS-OF-FACT

The parcel is located along the south section of Blue Angel Pkwy near the intersection with Sorrento road. Adjacent parcel to the south is zoned Commercial and fully developed as a retail store. The parcel to the immediate north is currently vacant, zoned Heavy Commercial and Light Industrial district (HC/LI). The proposed use, as

requested can be conducted and operated in a manner that would be compatible with adjacent parcels. On July 22, 2020, the applicant attended a pre-application meeting with the Development Review Committee and received staff comments related to their proposed use and site plan.

CRITERION (b)

Facilities and services. Public facilities and services, especially those with adopted levels of service, will be available, will provide adequate capacity to serve the proposed use consistent with capacity requirements.

FINDINGS-OF-FACT

The applicant stated that public facilities are available and will be provided with the proposed development. If the Conditional Use is approved, the applicant will need to continue the process with the Development Review Committee for review of the proposed plans, to ensure compliance with the Land Development Code and Comprehensive Plan.

CRITERION (c)

On-site circulation. Ingress to and egress from the site and its structures will be sufficient, particularly regarding vehicle and pedestrian safety and convenience, efficient traffic flow and control, on-site parking and loading, and emergency vehicle access.

FINDINGS-OF-FACT

Although the applicant did submit a proposed site plan, the information contained is preliminary and will need to be reviewed and approved via the established DRC process. If the Conditional Use is approved, the applicant will need to address the comments provided by staff during the pre-application meeting, and address the minimum requirements of the Land Development Code related to on-site circulation.

CRITERION (d)

Nuisances and hazards. The scale, intensity, and operation of the use will not generate unreasonable noise, glare, dust, smoke, odor, vibration, electrical interference, or other nuisances or hazards for adjoining properties and other properties in the immediate area.

FINDINGS-OF-FACT

Nuisances and hazards, as defined, will be reviewed during the DRC process for impact to properties in the immediate area. The proposed commercial use would be similar in scale and intensity to the existing developed properties in the immediate area.

CRITERION (e)

Solid waste. All on site solid waste containers will be appropriately located for functional access, limited off-site visibility and minimal odor and other nuisance impacts.

FINDINGS-OF-FACT

Waste containers are proposed on the site plan submitted by the applicant; as part of the site plan review during the DRC process, the location and buffering of containers will be addressed using current regulations.

CRITERION (f)

Screening and buffering. Where not otherwise required by the LDC, screening and buffering will be provided if appropriate to the proposed use and site.

FINDINGS OF FACT:

Comments from planning staff related to screening and buffering for the proposed development were provided to the applicant during the pre-application meeting. If the Conditional Use is approved, the applicant must address the screening and buffering requirements of the Land Development Code.

CRITERION (g)

Signs and lighting. All exterior signs and lights, whether attached or freestanding, will be compatible with adjoining properties and other properties in the immediate area, especially regarding glare and traffic safety.

FINDINGS OF FACT:

All proposed signs and lighting will show on the site plan and will meet the requirements in the Land Development Code. The applicant has already received staff's comments addressing the permitting requirements. If the Conditional Use is approved, the applicant will continue with the DRC process to obtain final approval.

CRITERION (h)

Site characteristics. The size, shape, location and topography of the site appear adequate to accommodate the proposed use, including setbacks, intensity, bulk, height, open space and aesthetic considerations .

FINDINGS OF FACT:

The applicant's submittal of a proposed site plan to the pre-application process for the intended use, shows that consideration was taken into producing a design on the parcel that can accommodate the proposed use and that can meet the requirements of the Land Development Code. The applicant will need to continue the review process by addressing DRC staff's comment received during prior meetings, in order to ensure compliance with current regulations.

CRITERION (i)

Use requirements. The proposed use complies with any additional conditional use requirements of the applicable zoning district, use, or other provisions of the LDC.

FINDINGS OF FACT:

There are no additional Conditional Use requirements that need addressing.

STAFF FINDINGS

Staff finds that the applicant has addressed the Conditional Use requirements in the Land Development Code for the proposed use. Staff recommends approval of the Conditional Use, as requested, pending completion of the DRC process and receipt of a Development Order.

3. Amendment Request

- A.** Please provide a general description of the proposed request, explaining why it is necessary and/or appropriate.

HSC Pensacola South, LLC (Developer) is requesting as part of a new development for a commercial Tractor Supply Company tenant, a 15,000 SF Fenced Outdoor Display Area, 3000 SF Permanent Trailer Display Area, and Permanent Sidewalk Display areas out in front of the building totaling to 2,980 SF. This area is a trademark of the Tractor Supply store brand and is intended for the sale and display of larger items that cannot be kept inside the confines of the building. Please see attached Narrative for further details.

- B. For Variance Request – Please address *ALL* the following approval conditions for your Variance request. (use supplement sheets as needed)**

- 1.** Special conditions and circumstances exist which are peculiar to the land, structure or building and which are not applicable to other lands, structures or buildings in the same zoning district.

- 2.** The special conditions and circumstances do not result from the actions of the applicant.

- 3.** Granting the variance requested will not confer on the applicant any special privilege that is denied by this land development code to other lands, buildings or structures in the same zoning district.

- 4.** Strict application of the provisions of the land development code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development code and would create an unnecessary and undue hardship on the applicant.

- 5.** The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure.

- 6.** The granting of the variance will be consistent with the general intent and purpose of the land development code and that such variance will not be injurious to the area or otherwise detrimental to the public welfare.

C. For Conditional Use Request – Please address *ALL* the following approval conditions for your Conditional Use request. (use supplement sheets as needed)

- 1. General compatibility.** The proposed use can be conducted and operated in a manner that is compatible with adjacent properties and other properties in the immediate area. *If this is for the sale of alcohol within a 1000 ft of a place of worship or child care facility; please explain a-e below: a.) The existing times of use of the places of worship or child care facilities coincide with the hours of operation of the subject business b.) The 1000-foot minimum distance is not achieved. c.) The conflicting uses are visible to each other. d.) Any on-premises consumption is outdoors. e.) Any conditions or circumstances mitigate any incompatibility.*

Yes, the proposed development is compatible with the existing surrounding retail operations including Walmart and Target. Hours of operation will be similar to these merchants as well. Please see attached narrative for further details on hours of operation.

- 2. Facilities and services.** Public facilities and services, especially those with adopted levels of service, will be available, will provide adequate capacity to serve the proposed use consistent with capacity requirements.

Public facilities are available and will be provided with the proposed development.

- 3. On-site circulation.** Ingress to and egress from the site and its structures will be sufficient, particularly regarding vehicle and pedestrian safety and convenience, efficient traffic flow and control, on-site parking and loading, and emergency vehicle access. Adequate circulation has been incorporated into the proposed development as per attached site plan.
-
-
-

- 4. Nuisances and hazards.** The scale, intensity, and operation of the use will not generate unreasonable noise, glare, dust, smoke, odor, vibration, electrical interference, or other nuisances or hazards for adjoining properties and other properties in the immediate area. None of the above pertain to the proposed development.
-
-
-

- 5. Solid waste.** All on-site solid waste containers will be appropriately located for functional access, limited off-site visibility and minimal odor and other nuisance impacts. Solid waste has been addressed as per the attached site plan.
-
-
-

- 6. Screening and buffering.** Where not otherwise required by the LDC, screening and buffering will be provided if appropriate to the proposed use and site. Screening and buffering have been incorporated into the attached site plan per code and per comments given in the pre-app with the DRC.
-
-
-

- 7. Signs and lighting.** All exterior signs and lights, whether attached or freestanding, will be compatible with adjoining properties and other properties in the immediate area, especially regarding glare and traffic safety.

All signs and lighting associated with this project will be compatible with the adjoining properties and comply with any applicable Escambia County code.

- 8. Site characteristics.** The size, shape, location and topography of the site appear adequate to accommodate the proposed use, including setbacks, intensity, bulk, height, open space and aesthetic considerations.

Site characteristics have been taken into consideration when developing site plan.

- 9. Use requirements.** The proposed use complies with any additional conditional use requirements of the applicable zoning district, use, or other provisions of the LDC.

This application is for the conditional use of an outdoor display area as described in the attached narrative and depicted in attached site plan.

RE: Conditional Use Request Narrative - Tractor Supply Company
Pensacola, FL

We, HSC Pensacola South, LLC (Developer) are proposing a new 4.63-acre development for a commercial Tractor Supply Company tenant located at 2820 South Blue Angel Parkway in Pensacola, FL. We are respectfully requesting a conditional use approval for the outdoor display areas, described below, associated with this project.

The proposed concept plan depicts 19,097 SF of retail sales area, an adjacent 15,000 SF Fenced Outdoor Display Area, 3,000 SF Permanent Trailer Display Area, and Permanent Sidewalk Display Areas out in front of the building totaling to 2,980 SF. The Fenced Outdoor Display area is a trademark of the Tractor Supply Store brand and includes items such as fencing materials, pet and livestock equipment such as feeding equipment and watering tanks as well as miscellaneous items such as bulk propane and motorized vehicles including UTV's & ATV's. These items are typically large enough to require loading onto the customer's vehicle through the gate/drive aisle through the middle of the Fenced Outdoor Display area as shown on the Concept plan provided. The Permanent Trailer Display area is generally marked off near the parking lot area holding utility trailers and tractor implements, typically not stacked over 3' tall. The Permanent Sidewalk Display areas hold items such as lawn and garden equipment, 3-point equipment, and Pet equipment. Attached is a further detailed list of items that will be in each of these Outdoor sales areas.

Please also refer to the attached for additional information about Tractor Supply Company operations and employment.

TRACTOR SUPPLY COMPANY'S INTENDED USE AND TYPICAL OUTSIDE DISPLAY MERCHANDISE

Intended Use: A typical Tractor Supply Company retail facility is primarily used for the sale of farm/ranch equipment and maintenance products; general maintenance products; animal (domestic and farm) feeds, equipment and health products; horse and rider tack, equipment and related products; bird feed, pet grooming and pet wash stations, housing and related products; lawn and garden equipment and products; tools and hardware; farm vehicle equipment and maintenance products; clothing and footwear.

Board of Adjustment**6. B.**

Meeting Date: 10/21/2020
CASE: V-2020-03
APPLICANT: Clyde Jolly, Agent for Ted and Judy Gund, Owners
ADDRESS: 931 Fairway Drive, Pensacola, FL 32507
PROPERTY REFERENCE NO.: 50-2S-30-5070-005-002
ZONING DISTRICT: Medium Density Residential (MDR)
FUTURE LAND USE: Mixed Use Urban (MU-U)

SUBMISSION DATA:**REQUESTED VARIANCE:**

The applicant is requesting an 8 foot variance to the 20 foot rear setback requirement, resulting in a rear setback of 12 feet.

RELEVANT AUTHORITY:

Land Development Code of Escambia County, Florida (Ordinance No. 96-3 as amended),
Section: Sec. 3-2.7 Medium Density Residential district (MDR).

(d) Site and building requirements.

(7) Structure setbacks. For all principal structures, minimum setbacks are:

a. Front and rear. Twenty feet in the front and rear.

Land Development Code of Escambia County, Florida (Ordinance No. 96-3 as amended),
Section 2-6.3

CRITERION (1)

Special conditions and circumstances exist which are peculiar to the land, structure or building and which are not applicable to other lands, structures or buildings in the same zoning district.

FINDINGS-OF-FACT

Prior to Hurricane Ivan this parcel was shaded by a 150'± buffer of trees on the golf course parcel to the South. The loss of that shading now exposes the backyard to constant direct sun from the South and West year-round. The requested variance would allow for a covered deck to provide shade in the same manner as was intended in the original subdivision and golf course layout.

CRITERION (2)

The special conditions and circumstances do not result from the actions of the applicant.

FINDINGS-OF-FACT

The special conditions of the land did not result from the actions of the applicant.

CRITERION (3)

Granting the variance requested will not confer on the applicant any special privilege that is denied by this land development code to other lands, buildings or structures in the same zoning district.

FINDINGS-OF-FACT

The granting of the variance will not confer on the applicant any special privileges that are not available to other lands, buildings or structures in the same zoning district.

CRITERION (4)

Strict application of the provisions of the land development code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development code and would create an unnecessary and undue hardship on the applicant..

FINDINGS-OF-FACT

Given the unique layout of the structure and the property, approval of the variance, as requested, would enable the owners to have full use of the property.

CRITERION (5)

The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure.

FINDINGS-OF-FACT

The location of the proposed structure, as submitted, is the minimum variance that will make possible the use of the land based on the physical limitations of the existing structure and the lot.

CRITERION (6)

The granting of the variance will be consistent with the general intent and purpose of the land development code and that such variance will not be injurious to the area or otherwise detrimental to the public welfare.

FINDING OF FACT:

Granting of the variance will be consistent with the general intent and purpose of the land development code and the requested variance will not be injurious to the area or otherwise detrimental to the public welfare. The adjacent Pensacola Country Club Association has been made aware of the proposed construction and provided the applicant with a letter of support for their project.

STAFF RECOMMENDATION:

Staff finds that applicant has addressed the variance criteria and recommends approval of the variance as requested.

DO NOT SUBMIT INFORMATION BELOW WITH APPLICATION

BOARD OF ADJUSTMENT APPLICATION FOR CONDITIONAL USE/VARIANCE

A. Prior to Application Submittal

Please contact the Development Services Department located at 3363 West Park Place (595-3475) to make an appointment for a **pre-application meeting** with a Planner to personally discuss your site and prospective plans for it, to review the application forms and criteria with you, to answer any questions you may have, and/or any possible alternatives.

B. Application Submittal

It is important for the application packet to be **complete** and **on time** in order to process and schedule your request for the required public hearing(s). The submittal deadline is the **SECOND THURSDAY of the PREVIOUS MONTH**. In order for the application request to proceed in a timely manner, all items on the application forms and checklist (attached herein) must be completed and submitted prior to the deadline. *Scheduling a pre-application meeting with a Planner is recommended.* Any incomplete application will not be accepted by Staff and any application submitted after the deadline will be processed for the next available meeting.

The owner and/or agent acting in his/her behalf, **must** sign the certification(s) where indicated on the application. If an agent is handling the request, the owner **must** submit an Affidavit of Ownership & Limited Power of Attorney (attached herein) authorizing said agent to act in his/her behalf. Signatures must be properly notarized and dated **no more than sixty (60) days** prior to application submittal.

*No guarantee is made for the approval of any petition. Fees are **non-refundable** regardless of the decision.*

C. Public Hearing(s)

It is the **Applicant's burden** to show consistency with all applicable criteria. **NOTE:** The applicant, or his/her agent, must be present at the Board of Adjustment meeting. The Applicant/Agent will receive Staff's Findings of Fact prior to the Planning Board Meeting.

D. Public Notice

Per the Land Development Code Chapter 2, Article 7: Adequate public notice/advertisement will be consistent with Florida Statutes and the Comprehensive Plan prior to the hearing. Current property owners within a 500 foot radius of the subject property will be notified of the proposed conditional use request by DSD at least fifteen (15) days prior to the hearing. Staff will obtain the list of mailing addresses from the Escambia County Property Appraiser's Office website (escpa.org).

D. Is the subject property developed (if yes, explain): YES

E. Sanitary Sewer: X Septic: _____

3. Amendment Request

- A. Please provide a general description of the proposed request, explaining why it is necessary and/or appropriate.

We are asking for a variance in order to put a roof
over our existing deck. The deck is 12' from the
property line that we share with the Pensacola
Country Club (PCC). Therefore we are requesting
a variance of 8' to provide shade on the deck.

- B. For Variance Request – Please address ALL the following approval conditions for your Variance request. (use supplement sheets as needed)**

1. Special conditions and circumstances exist which are peculiar to the land, structure or building and which are not applicable to other lands, structures or buildings in the same zoning district.

1 When we first purchased the house a few months before Hurricane Ivan (2004) the back yard looking out towards the golf course was covered in trees and the deck was shaded most of the day. After Hurricane Ivan the country club had to remove about 3,500 trees that were dead or dying. Since that time our deck has been mostly unusable due to the southern exposure to the back of the house and the heat of the sun. Since there are practical difficulties in being able to utilize our outdoor living space this variance will allow us to cover an already existing deck using the same footprint and will provide much needed shade for us and the grandkids (one of which has eczema and can't stay in the direct sunshine) to enjoy the outdoors.

2. The special conditions and circumstances do not result from the actions of the applicant.

We lost all of our shade trees after the
hurricane

3. Granting the variance requested will not confer on the applicant any special privilege that is denied by this land development code to other lands, buildings or structures in the same zoning district.

Most of the other houses on the golf course have a covered outdoor living space. We will keep the same footprint of the existing deck.

4. Strict application of the provisions of the land development code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the land development code and would create an unnecessary and undue hardship on the applicant.

Most of the other houses on the golf course have a covered outdoor living space. Because of the direct sunlight during most of the day, the existing outdoor deck is pretty much unusable.

5. The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure.

We will keep the same dimensions as the current deck, the addition of the roof over the deck will make the deck usable for us and the grand kids.

6. The granting of the variance will be consistent with the general intent and purpose of the land development code and that such variance will not be injurious to the area or otherwise detrimental to the public welfare.

We have included a letter from the Pensacola Country Club stating that they agree that this project will not negatively impact the PCC.

Dear Mr. and Mrs. Gund:

The PCC Association and PCC Inc., Board of Director recently discussed your plans to build a cover over your existing deck at your home overlooking PCC's 7th fairway. We very much value our warm relationship with our neighbors. We agree that this project will not negatively impact the PCC Inc. ownership interest or the ability of PCC members to enjoy the PCC Assoc. leasehold interest. Thank you for notifying us of your plans. We look forward to watching the progress of this addition to your beautiful home.

Very truly yours,

Thomas F. Gonzalez
PCC President
