SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. **Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site**

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. **Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site**

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5
9	0.6	49	17.2

Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.	Estimated Quantity	$ Per CY	Total
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.	Estimated Quantity	$ Per CY	Total
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04

	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and DRC Emergency Services, LLC (hereinafter referred to as "Contractor"), a for profit limited liability company authorized to conduct business in the State of Florida, FEI/EIN 63-1283729, whose principal address is 6702 Broadway Street, Galveston, Texas 77554.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: DRC Emergency Services, LLC	To: Escambia County
Attention: Kristy Fuentes, VP	Attention: County Administrator
6702 Broadway Street	221 Palafox Place, Suite 420
Galveston, TX 77554	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or

allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts,

such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Panhandle Grading & Paving, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 59-1879185, whose principal address is 2665 Solo Dos Familiaf, Pensacola, FL 32534.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Panhandle Grading & Paving, Inc.
Attention: Donald Long, VP
2665 Solo Dos Familiaf
Pensacola, FL 32534

To: Escambia County
Attention: County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or

allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts,

such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5
9	0.6	49	17.2
10	0.7	50	17.9
11	0.9	51	18.6

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00

	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Date: 10/18/2019

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Phillips and Jordan, Incorporated (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 56-0694573, whose principal address is 10201 Parkside Drive, Suite 300, Knoxville, TN 37922.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Phillips and Jordan, Inc.	To: Escambia County
Attention: Dudley Orr	Attention: County Administrator
10201 Parkside Drive, Suite 300	221 Palafox Place, Suite 420
Knoxville, TN 37922	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

_____

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. **Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site**

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. **Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site**

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Roads, Inc. of NWF (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 59-3598732, whose principal address is 106 Stone Boulevard., Cantonment, Florida 32533.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Roads, Inc. of NWF	To: Escambia County
Attention: Cody Rawson	Attention: County Administrator
106 Stone Blvd	221 Palafox Place, Suite 420
Cantonment, FL 32533	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Southern Disaster Recovery, LLC (hereinafter referred to as "Contractor"), a for profit limited liability company authorized to conduct business in the State of Florida, FEI/EIN 45-5312400, whose principal address is 109 White Oak Road, Greenville, SC 29609.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Southern Disaster Recovery, LLC
Attention: Al McClaran
109 White Oak Road
Greenville, SC 29609

To: Escambia County
Attention: County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80

	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50

				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and T.F.R., Inc. of Texas (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 72-1149862, whose principal address is 601 Leander Drive, Leander, TX 78641.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and

the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work

under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment

shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: T.F.R., Inc. of Texas	To: Escambia County
Attention: Tipton Rowland	Attention: County Administrator
601 Leander Dr.	221 Palafox Place, Suite 420
Leander, TX 78641	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed

except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

NOTE: Any and all Special Terms and Conditions and specifications referenced within the solicitation which vary from these General Terms and Conditions shall have precedence. Submission of the Bidder/Proposal Solicitation, Offer and Award Form and Bid/Proposal Form(s) in accordance with these General Terms and Conditions and Special Terms and Conditions constitutes an offer from the offeror. If any or all parts of the offer are accepted by Escambia County Florida, an authorized representative of the county shall affix his signature hereto, and this shall then constitute a written agreement between parties. The conditions incorporated herein become a part of the written agreement between the parties.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17547 **County Administrator's Report 14. 22.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020

Notice

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee Vendor until such time as the contract is executed by the last party to the transaction.

NOTICE

In accordance with Sec. 46-110(e) of the Escambia Code of Ordinances, all bid solicitation documents shall include the following notice to Vendors of the local Vendor preference policy:

Sec. 46-110.-Local Preference in Bidding

a) Legislative Intent:

The Escambia County Board of County Commissioners finds that local businesses are often at a disadvantage when competing with other non-local businesses in that the cost of doing business in Escambia County is higher than other areas of the state and giving local businesses a preference in the procurement of goods and services serves a compelling public purpose for the benefit of the taxpayer and residents of Escambia County as such preference encourages local industry, employment opportunities, and increases the County's overall tax base.

b) "Local Business" Defined:

For the purposes of this section, "Local Business" shall mean a business which meets all of the following criteria:

1. Has had a fixed office or distribution point located in and having a street address within Escambia County of Santa Rosa County for at least one (1) year immediately prior to the issuance of the request for competitive bids by the County. The fixed office or distribution point must be staffed by at least one (1) employee. Post Office boxes are not verifiable and shall not be used for the purpose of establishing a physical address, and

2. Holds any business license required by Escambia County or Santa Rosa County, and

3. Is the principal Offeror who is a single Offeror; a business which is the prime Contractor and not a Sub-Contractor, or a partner, or joint venture submitting an offer in conjunction with other businesses.

c) Certification:

Any Vendor claiming to be a local business as defined above shall so certify in writing to the Escambia County Office of Purchasing. The certification shall provide all necessary information to meet the requirements provided herein. The purchasing agent shall not be required to verify the accuracy of any such certification and shall have the sole discretion to determine if a Vendor meets the definition of a "Local Business."

d) Preference in Purchase of Commodities and Services by Means of Competitive Bid:

Except where federal or state law, or any other funding source, mandates to the contrary, Escambia County may give preference to local businesses in the following manner:

Competitive Bid (Local Price Match Option): Each formal competitive bid solicitation (i.e. sealed bids) shall clearly identify how the price order of the bids received will be evaluated and determined.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **Community Redevelopment Area (CRA)** is within **seven percent (7%)** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualifies and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **three percent (3%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses is within **two percent (2%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **four percent (4%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

In such instances, staff shall first verify whether the lowest non-local bidder and the lowest local bidder are in fact qualified and responsive bidders. Next, the purchasing department shall invite the lowest local bidder in writing to submit a matching offer which shall be submitted in writing to the Escambia County Office of Purchasing within five (5) business days thereafter.

If the lowest local bidder does not respond or otherwise submits a written offer that does not

fully match the lowest bid from the lowest non-local bidder tendered previously then award shall be made to the lowest overall qualified and responsive non-local bidder.

In the event a local bidder is awarded a contract pursuant to this section, any requests for change orders increasing the cost of the project must be approved by the Escambia County Board of County Commissioners.

e) Notice:

All bid solicitation documents shall include notice to Vendors of the local preference policy.

f) Waiver of the Application of Local Preference:

The application of local preference to a particular purchase or contract for which the Board of County Commissioners is the awarding authority may be waived upon approval of the Board of County Commissioners.

g) Limitations:

1. The provisions of this section shall apply only to procurements which are above the formal bid threshold as set forth in the Escambia County Purchasing Code.

2. The provisions of this section shall not apply where prohibited by federal or Florida law, or where prohibited under the conditions of any grant.

3. The provisions of this section shall not apply to any purchase exempted from the provisions of the Escambia County Purchasing Code.

4. The provisions of this section shall not apply to contracts made under the Consultants Competitive Negotiation Act (CCNA), F.S. § 287.055.

h) Penalties:

1. Misrepresentation:

A Vendor who misrepresents the local preference status of its firm in a bid or proposal submitted to the County will lose the privilege to claim local preference status for a period of up to one (1) year from the date of the award of the contract or upon completion of the contract, whichever is greater.

2. Failure to Maintain Local Business Preference Qualifications:

Any Vendor that does not maintain its local preference status resulted in the awarded contract shall be in breach of contract and will be subject to termination of the contract, suspension of payments under the contract, and loss of the local preference status on the contract awarded.

3. Lack of Good Faith:

The Contractor or firm may show that it attempted through reasonable and objective means and in good faith to comply with the terms of the contract relating to local businesses but was unable to comply. If the County determines that the Contractor or firm did not act in good faith, all amounts paid to the Contractor or firm under the

County contract intended for expenditure with the local business shall be forfeited and recoverable by the County. In addition, the contract may be rescinded, and the County may return all or a portion of the goods received and recover all amounts paid under the contract for the goods which were returned.

Effective July 1, 2015, the County **may not** use a local preference for a "competitive solicitation for **construction services** in which **fifty percent (50%) or more** of the cost will be paid from state appropriated funds which have been appropriated at the time of the competitive solicitation." For any such solicitation, the County must disclose in the bid package that "any applicable local ordinance or regulation does not include any local preference…" See §255.0991, Florida Statutes.

ESCAMBIA COUNTY, FLORIDA
INVITATION TO BID
BIDDER'S CHECKLIST
PPE EXTRACTOR WASHERS PER NFPA-1851 GUIDELINES
SPECIFICATION PD 19-20.014

HOW TO SUBMIT YOUR BID:
Please review this document carefully. Offers that are accepted by the County are binding contracts. **Incomplete bids are not acceptable.** All documents and submittals shall be received by the Office of Purchasing on or before the date and hour specified for receipt. Late bids will be returned unopened.

* *Documents submitted with Bids are to be on the forms provided in the Invitation to Bid and photocopies of other required documents.*

THE FOLLOWING DOCUMENTS SHALL BE RETURNED WITH THE BID:
- Solicitation, Offer, and Bid Form. The Bid Form must contain an original signature in indelible ink. Bids with photocopies or scanned signatures will not be accepted.
- Bid Surety (bond, check, etc.)

THE FOLLOWING DOCUMENTS SHOULD BE RETURNED WITH THE BID:
- Sworn Statement Pursuant to Section 287.133(3)(A), Florida Statutes on Entity Crimes.
- Drug-Free Workplace Form.
- Information Sheet for Transactions and Conveyances Corporate Identification.
- Certificate of Authority to do Business from the State of Florida.
- Occupational License.
- Florida Department of Business and Professional Regulation – License(s), Certification(s), and/or Registration(s).

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted Vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

_____
Signature

Sworn to and subscribed before me this _____ day of _____,

(Printed, Typed, or Stamped Commissioned Name of Notary Public)

Drug-Free Workplace Form

The undersigned Vendor, in accordance with Florida Statue 287.087 hereby certifies that _____ does:

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph One (1).

4. In the statement specified in Paragraph One (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or please of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, FL 32502, in a sealed envelope clearly marked:

Specification Number PD 19-20.014, "PPE Extractor Washers per NFPA-1851 Guidelines", Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service (FedEx, Airborne, UPS, etc.) you must mark the air-bill and envelope or box with the Specification number and project name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The Following Policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the Bids for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/Disqualification of Submittal,

2) Termination of Contract; or

3) Suspension or Debarment as Provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

2. Scope of Work

Escambia County Fire-Rescue is accepting bids from qualified distributors of commercial laundry equipment or fire service equipment for the purposes of cleaning and/or decontaminating structural firefighting personal protective equipment, referred to as “PPE Extractor/Washers.”

3. Bid Surety

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **one thousand dollars ($1000**).

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the Offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful Offeror(s) will be returned immediately after the Offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the Offeror and the County, and/or the Offeror accepts the purchase order by signing the Solicitation, Offer and Bid Form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful Offeror(s) will have the amounts of his cashier's or certified check returned via County warrant promptly after award.

All Offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. Procurement Questions

Questions shall be directed to Savannah Kruse, Purchasing Specialist, at SLKruse@myescambia.com. Last day for questions will be January 14, 2020 at 5:00 p.m.

5. Bid Forms

This Solicitation contains a Solicitation, Offer, and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on Vendor forms will not be accepted.

The Offeror's Checklist included in this Solicitation provides instructions to the Offeror on the documentation to be submitted during the procurement process.

6. Pre-Solicitation Conference

A non-mandatory Pre-Solicitation Conference will be held at the Escambia County Office of Purchasing, 213 Palafox Place, Pensacola, FL 32502 in Conference Room #11.407 on January 8, 2020 at 11:00 AM.

7. F.O.B. Point

The F.O.B. point shall be destination within Escambia County. The prices offered shall include all costs of packaging, transporting, delivery and unloading **(this includes inside delivery if requested)** to designated point within Escambia County.

8. Delivery

Delivery to be provided within ninety (90) days after receipt of a Purchase Order from Escambia County, signed by someone authorized to sign on behalf of the County.

9. Compliance with Occupational Safety and Health

Offeror certifies that all material, equipment, etc., contained in their offer meets all Occupational Safety and Health Administration (OSHA) requirements.

Offeror further certifies that, if he is the awarded Vendor, and the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirement in effect on date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the Vendor.

Any item delivered under a contract resulting from this solicitation shall be accompanied by a Material Safety Data Sheet (MSDS) The MSDS shall include the following information.

A. The chemical name and the common name of the toxic substance.

B. The hazards or other risks in the use of the toxic substance, including:

1. The potential for fire, explosion, corrosiveness and reactivity;

2. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substance; and

3. The primary route of entry and symptoms of over exposure.

C. The proper precautions, handling practices, necessary personal protective equipment and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of over exposure.

D. The emergency procedure for spills, fire, disposal and first aid.

E. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.

F. The year and month, if available, that the information was compiled and the name, address and emergency telephone number of the manufacturer responsible for preparing the information.

10. Payment

Partial billing will not be accepted. Escambia County will pay 100% of the contract price after all items have been delivered and accepted. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 South Palafox Place
Pensacola, FL 32502

11. Information and Descriptive Literature

Offerors shall furnish all information and specifications regarding the products being bid. Furthermore, each Offeror offering an alternate other than the brand(s) specified shall submit with his offer, descriptive literature and/or complete specifications covering the products offered. Reference to literature submitted with a previous offer will not satisfy this provision. Offers which do not comply with these requirements shall be subject to rejection.

12. Brand/Manufacturer Referenced

Reference manufacturer indicated. Products similar in design and equal in function and performance may also be considered. Alternate offers shall include detailed specifications and/or descriptive literature. Failure to include such specifications or literature may be cause for disqualification of the offer.

13. Samples/Demonstrations

Samples of any product or demonstrations shall be furnished upon request for a quality test or comparison without cost to the County. **All samples shall be identified by Vendor name and solicitation number.**

14. Equipment/Service

The scope of these specifications is to insure the delivery of a complete unit ready for operation. Omission of any essential detail from these specifications does not relieve the awarded Vendor from furnishing a complete unit.

All equipment shall be new, of current manufacturer in production at the time of solicitation opening and carry standard warranties. The awarded Vendor shall service all equipment prior to delivery.

Offers will be considered only on equipment which can, on short notice, be serviced and maintained by the successful Offeror. At the time of solicitation opening, the Offeror shall be an authorized dealer, distributor, and/or representative of the manufacturer for the brand/model being offered. For the purposes of this solicitation, dealer, distributor, and/or representative means a firm or person that owns, operates, or maintains a store,

warehouse, or other establishment in which materials, supplies, parts, articles, or equipment of the general character described in the specifications are bought, kept in stock and sold commercially or to the public in the usual course of business. The Offeror shall maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with a minimum delay. Failure to meet these requirements, in the County's sole opinion, may be cause for rejection.

Offeror shall indicate the nearest available location for replacement parts, how long parts will be available on the market and the number of days to receive parts after receipt of order. The space for this information is included on the Bid form.

15. Assembly and/or Placement

All items shall be completely assembled when delivered to Escambia County.

All items shall be completely assembled by the awarded Vendor prior to acceptance by Escambia County. Space will be provided by the County for on-site assembly by the awarded Vendor. It will be the responsibility of the awarded Vendor to supply the necessary labor and materials for the placement of all equipment as specified herein. Equipment is to be set-up, serviced, tested and demonstrated at no charge to Escambia County.

16. Warranty

The awarded Vendor shall fully warrant all equipment furnished hereunder against defect in materials and/or workmanship for a period of one (1) year from date of delivery/acceptance by Escambia County.

Should any defect in materials or workmanship, except ordinary wear and tear, appear during the above stated warranty period, the awarded Vendor shall repair or replace same at no cost to the County, immediately upon written notice from the Purchasing Chief.

17. Packaging/Shipping Labels

Shipping labels shall be attached to each carton and shall contain the following information: purchase order number, quantity contained in each package and total number of items being delivered.

18. Emergency Services

The contractor resulting from this solicitation is for services that are required during **EMERGENCY** situations such as hurricanes, major fires, etc. Time is of the essence during these situations and the Vendor awarded this contract should be able to be contacted at any time, day or night.

The Bid Form provides for the emergency information to be supplied. Please be sure to include **all** this information when returning your bid.

19. Compliance with Governing Laws and Regulations

The Offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The Offeror should carefully review these requirements which are detailed in this solicitation.

20. Evaluation of Options

The County shall evaluate offers for award purposes by adding the total price. However, the evaluation of options will not obligate the County to exercise the option(s).

21. Pricing

All items sold to the County as a result of this award are subject to post sale audit adjustment. In the event an audit indicates Offeror has not honored quoted price lists and discounts, Offeror will be liable for any and all overage charges.

22. Award

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

23. As Specified

All items delivered shall meet the specifications herein. Items delivered not as specified will be returned at no expense by Escambia County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards.

24. Quantity

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the Bid form. It is understood by all Offeror's that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

25. Additional Quantities

For a period not exceeding twelve (12) months from the day of solicitation opening, the right is reserved to purchase any amount of additional items at the prices offered in this Solicitation. If additional quantities are not acceptable, the Bid form shall be noted "offer is for specified quantity only."

Non-Contract Insurance Requirements

26. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the Offeror's insurance carrier will be required as evidence that the Offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings

if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Savannah Kruse, Purchasing Specialist
   Office of Purchasing, Room 11.101
   213 S. Palafox Place
   Pensacola, FL 32502

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

27. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

“Exhibit A”
Equipment Specifications

1. Hot water setting must not exceed 105°F
2. Wash cycles must not exceed 100g
3. Must operate on 120 volts
4. Must follow NFPA-1851 Guidelines
5. Stainless steel inner and outer tub
6. Must not have an agitator in the tub
7. Soft-mount installation
8. Capacity 2Cu. Ft. or greater

Paul R. Nobles/Purchasing Manager
Office of Purchasing

January 8, 2020

To: All Known Prospective Bidders

ADDENDUM NUMBER 1:

Re: PD 19-20.014 PPE Extractor Washers per NFPA-1851 Guidelines

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification. This Addendum Number 1 states questions from vendors and answers from the project manager.

Question 1: Is there a preference in manufacturer?

Answer: There is no preference in manufacturer; the products being bid must meet the specifications. It is required that the vendor provide a separate sheet with the bid that includes the manufacturer or product number. The project manager must be able to look up the manufacturer or product number in order to verify that it meets specifications. Extra specifications aside from the required specifications will not be considered.

Question 2: Does it matter if the washer is top loading or front loading?

Answer: Loading specification is based on the revisions made to the NFPA-1851 2020 Guidelines.

Question 3: How much greater than 2 cu. Ft. would you like the capacity to be?

Answer: The capacity must at least meet the 2 cu. Ft. specification.

Question 4: Why do the washers need to be soft-mount only?

Answer: This is necessary for easy accessibility.

Question 5: Are we installing these machines?

Answer: No, I understand we are responsible for providing the machines and unloading.

Question 6: If we are installing or unloading, is there more than one location?

Answer: All machines will be delivered to 7009 Pine Forest Rd. Pensacola, FL 32526.

Question 7: Do you need the machines to accept chemicals? If no, who will be providing these for you, as we would be interested?

Answer: Mild high efficiency laundry detergent. Our laundry detergent is quoted every year with janitorial supplies.

All specifications for this solicitation must meet the revisions made to the NFPA-1851 2020 Guidelines.

This Addendum Number 1 is furnished to all known prospective bidders. Please sign and submit one copy of this Addendum, with signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Savannah Kruse
Purchasing Specialist

ADDENDUM NUMBER 2:

Re: PD 19-20.014 PPE Extractor Washers per NFPA-1851 Guidelines

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification. This Addendum Number 2 states a question from a vendor and an answer from the project manager.

Question 1: Are the existing washer locations configured for a pump drain washer or a gravity drain washer? Is there a preference for either type?

Answer: The existing washer locations are for a pump drain washer, and we would prefer to keep them this way.

This Addendum Number 2 is furnished to all known prospective bidders. Please sign and submit one copy of this Addendum, with signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Savannah Kruse

AGREEMENT RELATING TO PPE EXTRACTOR/WASHERS (P.D. 19-20.014)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida, whose mailing address is 221 Palafox Place, Pensacola, Florida 32502 (hereinafter referred to as "County**"**), and Ten-8 Fire Equipment, Inc., a for-profit corporation authorized to transact business in the State of Florida, FEI/EIN Number: 59-2812764, whose principal address is 2904 59th Avenue Drive East, Bradenton, FL 34203 (hereinafter referred to as "Contractor").

WITNESSETH:

WHEREAS, on December 17, 2019, the County issued an Invitation to Bid (P.D. 19-20.014) seeking a contractor to provide personal protective equipment (PPE) Extractor/Washers per NFPA-1851 Guidelines; and

WHEREAS, in response to the solicitation, Contractor submitted a bid demonstrating that the Contractor was the most responsive and responsible bidder proposing to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such service as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Bid, PPE Extractor Washers Per NFPA-1851 Guidelines, Specification No. P.D. 19-20.014*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibits referenced herein and this Agreement, the terms of this Agreement shall prevail.

3. Pricing. County shall pay Contractor at a rate of *$4,607 per unit* as provided in the Contractor's bid form. The price shall include all costs of packaging, transporting, delivery and unloading to designated point(s) within Escambia County. In the event an audit indicates Contractor has not honored quoted prices and discounts, Contractor will be liable for any and all overage charges.

4. Purchase Orders. The County shall issue a written purchase order to the Contractor specifying the quantity and the time frame in which delivery needs to be accomplished. No minimum quantity is guaranteed during the term of this agreement, and only those ordered pursuant to a purchase order may be compensated.

5. Warranty. Contractor shall fully warrant all products purchased pursuant to this Agreement against defect in materials and/or workmanship for a period of one (1) year from date of delivery and acceptance by the County. Should any defect in materials or workmanship, excluding ordinary wear and tear, appear during the above stated warranty period, the Contractor shall promptly repair or replace same at no cost to the County upon receiving written notice from the County.

6. Method of Payment/Billing. Contractor may request payment from County by the submission of a properly executed original invoice. Invoices shall reflect the amount due and owing for the value of goods received and accepted with appropriate supporting documentation. Invoices shall be submitted in duplicate to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Local Government Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

7. Termination. The County retains the right to immediately terminate this Agreement for cause at any time and the right to terminate this Agreement for convenience upon providing thirty (30) days written notice to Contractor. This Agreement may be terminated for cause by the Contractor upon providing ninety (90) days written notice to the County. In the event of termination by either party as provided herein, the Contractor shall be paid for products received and accepted through the date of termination. Contractor shall not be entitled to any other recovery against County, including, but not limited to, damages or any anticipated profit.

8. Indemnification. The Contractor agrees to save harmless, indemnify, and defend County and its agents, officers and employees from any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of any kind, losses, penalties, interest, demands, judgments, and cost of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly, on account of or in connection with the Contractor's negligent, reckless, or intentional wrongful misconduct in the performance of this Agreement or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Contractor or by anyone for whom the Contractor is legally liable. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

9. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and

(c) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

It is understood and agreed by the parties that if the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies except Workers' Compensation. Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

10. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

11. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice will be made to each party as follows:

To: Ten-8 Fire Equipment, Inc. Attention: Keith Chapman 2904 59th Avenue Drive East Bradenton, FL 34203	To: Escambia County Attention: County Administrator 221 Palafox Place, Suite 420 Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, will be deemed to be receipt of the notice sent. Any party will have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

12 Governing Law. This Agreement will be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue will be in the County of Escambia.

13. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

14. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

15. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, those dealing with taxation, worker's compensation, equal employment, and safety.

16. Assignment. This Agreement, or any interest herein, will not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County.

17. Severability. If any term or condition of this Agreement is invalid or unenforceable, the remainder of the terms and conditions of this Agreement will remain in full force and effect.

18. Survival. All provisions that, by their inherent character, sense, and context, are intended to survive the termination or expiration of this Agreement will survive the termination or expiration of this Agreement.

19. Interpretation: For the purpose of this Agreement, the singular includes the plural and the

plural includes the singular. References to statutes or regulations will include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons will include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the either party discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, it shall immediately notify the other party and request clarification of the interpretation of this Agreement.

(b) This Agreement will not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

20. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement will be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

21. Authority. Each individual executing this Agreement on behalf of a corporate or governmental party represents and warrants that he/she is duly authorized to execute and deliver this Agreement on behalf of said party, in accordance with any duly adopted action of the governing board of said party in accordance with applicable law, and that this Agreement is binding upon said party in accordance with its terms.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SPECIAL ACCOMMODATIONS:
Any person requiring special accommodations to attend or participate, pursuant to the Americans with Disabilities Act, should call the Office of Purchasing (850-595-4980) at least five (5) working days prior to the solicitation opening.

Notice

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee Vendor until such time as the contract is executed by the last party to the transaction.

NOTICE

In accordance with Sec. 46-110(e) of the Escambia Code of Ordinances, all bid solicitation documents shall include the following notice to Vendors of the local Vendor preference policy:

Sec. 46-110.-Local Preference in Bidding

a) Legislative Intent:

The Escambia County Board of County Commissioners finds that local businesses are often at a disadvantage when competing with other non-local businesses in that the cost of doing business in Escambia County is higher than other areas of the state and giving local businesses a preference in the procurement of goods and services serves a compelling public purpose for the benefit of the taxpayer and residents of Escambia County as such preference encourages local industry, employment opportunities, and increases the County's overall tax base.

b) "Local Business" Defined:

For the purposes of this section, "Local Business" shall mean a business which meets all of the following criteria:

1. Has had a fixed office or distribution point located in and having a street address within Escambia County of Santa Rosa County for at least one (1) year immediately prior to the issuance of the request for competitive bids by the County. The fixed office or distribution point must be staffed by at least one (1) employee. Post Office boxes are not verifiable and shall not be used for the purpose of establishing a physical address, and

2. Holds any business license required by Escambia County or Santa Rosa County, and

3. Is the principal Offeror who is a single Offeror; a business which is the prime Contractor and not a Sub-Contractor, or a partner, or joint venture submitting an offer in conjunction with other businesses.

c) Certification:

Any Vendor claiming to be a local business as defined above shall so certify in writing to the Escambia County Office of Purchasing. The certification shall provide all necessary information to meet the requirements provided herein. The purchasing agent shall not be required to verify the accuracy of any such certification and shall have the sole discretion to determine if a Vendor meets the definition of a "Local Business."

d) Preference in Purchase of Commodities and Services by Means of Competitive Bid:

Except where federal or state law, or any other funding source, mandates to the contrary, Escambia County may give preference to local businesses in the following manner:

Competitive Bid (Local Price Match Option): Each formal competitive bid solicitation (i.e. sealed bids) shall clearly identify how the price order of the bids received will be evaluated and determined.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $50,000.00 and $249,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **Community Redevelopment Area (CRA)** is within **seven percent (7%)** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualifies and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses is within **three percent (3%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between $250,000.00 and $999,999.99, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **five percent (5%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses is within **two percent (2%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of $1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated **CRA** is within **four percent (4%)** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

In such instances, staff shall first verify whether the lowest non-local bidder and the lowest local bidder are in fact qualified and responsive bidders. Next, the purchasing department shall invite the lowest local bidder in writing to submit a matching offer which shall be submitted in writing to the Escambia County Office of Purchasing within five (5) business days thereafter.

If the lowest local bidder does not respond or otherwise submits a written offer that does not

fully match the lowest bid from the lowest non-local bidder tendered previously then award shall be made to the lowest overall qualified and responsive non-local bidder.

In the event a local bidder is awarded a contract pursuant to this section, any requests for change orders increasing the cost of the project must be approved by the Escambia County Board of County Commissioners.

e) Notice:

All bid solicitation documents shall include notice to Vendors of the local preference policy.

f) Waiver of the Application of Local Preference:

The application of local preference to a particular purchase or contract for which the Board of County Commissioners is the awarding authority may be waived upon approval of the Board of County Commissioners.

g) Limitations:

1. The provisions of this section shall apply only to procurements which are above the formal bid threshold as set forth in the Escambia County Purchasing Code.

2. The provisions of this section shall not apply where prohibited by federal or Florida law, or where prohibited under the conditions of any grant.

3. The provisions of this section shall not apply to any purchase exempted from the provisions of the Escambia County Purchasing Code.

4. The provisions of this section shall not apply to contracts made under the Consultants Competitive Negotiation Act (CCNA), F.S. § 287.055.

h) Penalties:

1. Misrepresentation:

A Vendor who misrepresents the local preference status of its firm in a bid or proposal submitted to the County will lose the privilege to claim local preference status for a period of up to one (1) year from the date of the award of the contract or upon completion of the contract, whichever is greater.

2. Failure to Maintain Local Business Preference Qualifications:

Any Vendor that does not maintain its local preference status resulted in the awarded contract shall be in breach of contract and will be subject to termination of the contract, suspension of payments under the contract, and loss of the local preference status on the contract awarded.

3. Lack of Good Faith:

The Contractor or firm may show that it attempted through reasonable and objective means and in good faith to comply with the terms of the contract relating to local businesses but was unable to comply. If the County determines that the Contractor or firm did not act in good faith, all amounts paid to the Contractor or firm under the

County contract intended for expenditure with the local business shall be forfeited and recoverable by the County. In addition, the contract may be rescinded, and the County may return all or a portion of the goods received and recover all amounts paid under the contract for the goods which were returned.

Effective July 1, 2015, the County **may not** use a local preference for a "competitive solicitation for **construction services** in which **fifty percent (50%) or more** of the cost will be paid from state appropriated funds which have been appropriated at the time of the competitive solicitation." For any such solicitation, the County must disclose in the bid package that "any applicable local ordinance or regulation does not include any local preference…" See §255.0991, Florida Statutes.

ESCAMBIA COUNTY, FLORIDA
INVITATION TO BID
BIDDER'S CHECKLIST
PPE EXTRACTOR WASHERS PER NFPA-1851 GUIDELINES
SPECIFICATION PD 19-20.014

HOW TO SUBMIT YOUR BID:
Please review this document carefully. Offers that are accepted by the County are binding contracts. **Incomplete bids are not acceptable.** All documents and submittals shall be received by the Office of Purchasing on or before the date and hour specified for receipt. Late bids will be returned unopened.

* *Documents submitted with Bids are to be on the forms provided in the Invitation to Bid and photocopies of other required documents.*

THE FOLLOWING DOCUMENTS SHALL BE RETURNED WITH THE BID:
- Solicitation, Offer, and Bid Form. The Bid Form must contain an original signature in indelible ink. Bids with photocopies or scanned signatures will not be accepted.
- Bid Surety (bond, check, etc.)

THE FOLLOWING DOCUMENTS SHOULD BE RETURNED WITH THE BID:
- Sworn Statement Pursuant to Section 287.133(3)(A), Florida Statutes on Entity Crimes.
- Drug-Free Workplace Form.
- Information Sheet for Transactions and Conveyances Corporate Identification.
- Certificate of Authority to do Business from the State of Florida.
- Occupational License.
- Florida Department of Business and Professional Regulation – License(s), Certification(s), and/or Registration(s).

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with a convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that is not in the public interest to place the entity submitting this sworn statement on the convicted Vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY INDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned Vendor, in accordance with Florida Statue 287.087 hereby certifies that _____ does:

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph One (1).

4. In the statement specified in Paragraph One (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or please of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, FL 32502, in a sealed envelope clearly marked:

Specification Number PD 19-20.014, "PPE Extractor Washers per NFPA-1851 Guidelines", Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service (FedEx, Airborne, UPS, etc.) you must mark the air-bill and envelope or box with the Specification number and project name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The Following Policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the Bids for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/Disqualification of Submittal,

2) Termination of Contract; or

3) Suspension or Debarment as Provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

2. Scope of Work

Escambia County Fire-Rescue is accepting bids from qualified distributors of commercial laundry equipment or fire service equipment for the purposes of cleaning and/or decontaminating structural firefighting personal protective equipment, referred to as “PPE Extractor/Washers.”

3. Bid Surety

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **one thousand dollars ($1000**).

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the Offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful Offeror(s) will be returned immediately after the Offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the Offeror and the County, and/or the Offeror accepts the purchase order by signing the Solicitation, Offer and Bid Form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful Offeror(s) will have the amounts of his cashier's or certified check returned via County warrant promptly after award.

All Offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. Procurement Questions

Questions shall be directed to Savannah Kruse, Purchasing Specialist, at SLKruse@myescambia.com. Last day for questions will be January 14, 2020 at 5:00 p.m.

5. Bid Forms

This Solicitation contains a Solicitation, Offer, and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on Vendor forms will not be accepted.

The Offeror's Checklist included in this Solicitation provides instructions to the Offeror on the documentation to be submitted during the procurement process.

6. Pre-Solicitation Conference

A non-mandatory Pre-Solicitation Conference will be held at the Escambia County Office of Purchasing, 213 Palafox Place, Pensacola, FL 32502 in Conference Room #11.407 on January 8, 2020 at 11:00 AM.

7. F.O.B. Point

The F.O.B. point shall be destination within Escambia County. The prices offered shall include all costs of packaging, transporting, delivery and unloading **(this includes inside delivery if requested)** to designated point within Escambia County.

8. Delivery

Delivery to be provided within ninety (90) days after receipt of a Purchase Order from Escambia County, signed by someone authorized to sign on behalf of the County.

9. Compliance with Occupational Safety and Health

Offeror certifies that all material, equipment, etc., contained in their offer meets all Occupational Safety and Health Administration (OSHA) requirements.

Offeror further certifies that, if he is the awarded Vendor, and the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirement in effect on date of delivery, all costs necessary to bring the material, equipment, etc., into compliance with the aforementioned requirements shall be borne by the Vendor.

Any item delivered under a contract resulting from this solicitation shall be accompanied by a Material Safety Data Sheet (MSDS) The MSDS shall include the following information.

A. The chemical name and the common name of the toxic substance.

B. The hazards or other risks in the use of the toxic substance, including:

1. The potential for fire, explosion, corrosiveness and reactivity;

2. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by the exposure to the toxic substance; and

3. The primary route of entry and symptoms of over exposure.

C. The proper precautions, handling practices, necessary personal protective equipment and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of over exposure.

D. The emergency procedure for spills, fire, disposal and first aid.

E. A description in lay terms of the known specified potential health risks posed by the toxic substance intended to alert any person reading this information.

F. The year and month, if available, that the information was compiled and the name, address and emergency telephone number of the manufacturer responsible for preparing the information.

10. Payment

Partial billing will not be accepted. Escambia County will pay 100% of the contract price after all items have been delivered and accepted. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 South Palafox Place
Pensacola, FL 32502

11. Information and Descriptive Literature

Offerors shall furnish all information and specifications regarding the products being bid. Furthermore, each Offeror offering an alternate other than the brand(s) specified shall submit with his offer, descriptive literature and/or complete specifications covering the products offered. Reference to literature submitted with a previous offer will not satisfy this provision. Offers which do not comply with these requirements shall be subject to rejection.

12. Brand/Manufacturer Referenced

Reference manufacturer indicated. Products similar in design and equal in function and performance may also be considered. Alternate offers shall include detailed specifications and/or descriptive literature. Failure to include such specifications or literature may be cause for disqualification of the offer.

13. Samples/Demonstrations

Samples of any product or demonstrations shall be furnished upon request for a quality test or comparison without cost to the County. **All samples shall be identified by Vendor name and solicitation number.**

14. Equipment/Service

The scope of these specifications is to insure the delivery of a complete unit ready for operation. Omission of any essential detail from these specifications does not relieve the awarded Vendor from furnishing a complete unit.

All equipment shall be new, of current manufacturer in production at the time of solicitation opening and carry standard warranties. The awarded Vendor shall service all equipment prior to delivery.

Offers will be considered only on equipment which can, on short notice, be serviced and maintained by the successful Offeror. At the time of solicitation opening, the Offeror shall be an authorized dealer, distributor, and/or representative of the manufacturer for the brand/model being offered. For the purposes of this solicitation, dealer, distributor, and/or representative means a firm or person that owns, operates, or maintains a store,

warehouse, or other establishment in which materials, supplies, parts, articles, or equipment of the general character described in the specifications are bought, kept in stock and sold commercially or to the public in the usual course of business. The Offeror shall maintain a normal supply of repair parts and be equipped with personnel and facilities to provide such service as necessary to keep the equipment in operation with a minimum delay. Failure to meet these requirements, in the County's sole opinion, may be cause for rejection.

Offeror shall indicate the nearest available location for replacement parts, how long parts will be available on the market and the number of days to receive parts after receipt of order. The space for this information is included on the Bid form.

15. Assembly and/or Placement

All items shall be completely assembled when delivered to Escambia County.

All items shall be completely assembled by the awarded Vendor prior to acceptance by Escambia County. Space will be provided by the County for on-site assembly by the awarded Vendor. It will be the responsibility of the awarded Vendor to supply the necessary labor and materials for the placement of all equipment as specified herein. Equipment is to be set-up, serviced, tested and demonstrated at no charge to Escambia County.

16. Warranty

The awarded Vendor shall fully warrant all equipment furnished hereunder against defect in materials and/or workmanship for a period of one (1) year from date of delivery/acceptance by Escambia County.

Should any defect in materials or workmanship, except ordinary wear and tear, appear during the above stated warranty period, the awarded Vendor shall repair or replace same at no cost to the County, immediately upon written notice from the Purchasing Chief.

17. Packaging/Shipping Labels

Shipping labels shall be attached to each carton and shall contain the following information: purchase order number, quantity contained in each package and total number of items being delivered.

18. Emergency Services

The contractor resulting from this solicitation is for services that are required during **EMERGENCY** situations such as hurricanes, major fires, etc. Time is of the essence during these situations and the Vendor awarded this contract should be able to be contacted at any time, day or night.

The Bid Form provides for the emergency information to be supplied. Please be sure to include **all** this information when returning your bid.

19. Compliance with Governing Laws and Regulations

The Offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The Offeror should carefully review these requirements which are detailed in this solicitation.

20. Evaluation of Options

The County shall evaluate offers for award purposes by adding the total price. However, the evaluation of options will not obligate the County to exercise the option(s).

21. Pricing

All items sold to the County as a result of this award are subject to post sale audit adjustment. In the event an audit indicates Offeror has not honored quoted price lists and discounts, Offeror will be liable for any and all overage charges.

22. Award

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

23. As Specified

All items delivered shall meet the specifications herein. Items delivered not as specified will be returned at no expense by Escambia County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards.

24. Quantity

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the Bid form. It is understood by all Offeror's that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

25. Additional Quantities

For a period not exceeding twelve (12) months from the day of solicitation opening, the right is reserved to purchase any amount of additional items at the prices offered in this Solicitation. If additional quantities are not acceptable, the Bid form shall be noted "offer is for specified quantity only."

Non-Contract Insurance Requirements

26. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the Offeror's insurance carrier will be required as evidence that the Offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings

if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (If utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Savannah Kruse, Purchasing Specialist
   Office of Purchasing, Room 11.101
   213 S. Palafox Place
   Pensacola, FL 32502

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

27. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

“Exhibit A”
Equipment Specifications

1. Hot water setting must not exceed 105°F
2. Wash cycles must not exceed 100g
3. Must operate on 120 volts
4. Must follow NFPA-1851 Guidelines
5. Stainless steel inner and outer tub
6. Must not have an agitator in the tub
7. Soft-mount installation
8. Capacity 2Cu. Ft. or greater

Paul R. Nobles/Purchasing Manager
Office of Purchasing

January 8, 2020

To: All Known Prospective Bidders

ADDENDUM NUMBER 1:

Re: PD 19-20.014 PPE Extractor Washers per NFPA-1851 Guidelines

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification. This Addendum Number 1 states questions from vendors and answers from the project manager.

Question 1: Is there a preference in manufacturer?

Answer: There is no preference in manufacturer; the products being bid must meet the specifications. It is required that the vendor provide a separate sheet with the bid that includes the manufacturer or product number. The project manager must be able to look up the manufacturer or product number in order to verify that it meets specifications. Extra specifications aside from the required specifications will not be considered.

Question 2: Does it matter if the washer is top loading or front loading?

Answer: Loading specification is based on the revisions made to the NFPA-1851 2020 Guidelines.

Question 3: How much greater than 2 cu. Ft. would you like the capacity to be?

Answer: The capacity must at least meet the 2 cu. Ft. specification.

Question 4: Why do the washers need to be soft-mount only?

Answer: This is necessary for easy accessibility.

Question 5: Are we installing these machines?

Answer: No, I understand we are responsible for providing the machines and unloading.

Question 6: If we are installing or unloading, is there more than one location?

Answer: All machines will be delivered to 7009 Pine Forest Rd. Pensacola, FL 32526.

Question 7: Do you need the machines to accept chemicals? If no, who will be providing these for you, as we would be interested?

Answer: Mild high efficiency laundry detergent. Our laundry detergent is quoted every year with janitorial supplies.

All specifications for this solicitation must meet the revisions made to the NFPA-1851 2020 Guidelines.

This Addendum Number 1 is furnished to all known prospective bidders. Please sign and submit one copy of this Addendum, with signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

ADDENDUM NUMBER 2:

Re: PD 19-20.014 PPE Extractor Washers per NFPA-1851 Guidelines

All:

Your firm recently received an Invitation to Bid for the above-mentioned specification. This Addendum Number 2 states a question from a vendor and an answer from the project manager.

Question 1: Are the existing washer locations configured for a pump drain washer or a gravity drain washer? Is there a preference for either type?

Answer: The existing washer locations are for a pump drain washer, and we would prefer to keep them this way.

This Addendum Number 2 is furnished to all known prospective bidders. Please sign and submit one copy of this Addendum, with signature, with your bid as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Savannah Kruse

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17549 **County Administrator's Report 14. 23.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Contract Award for Solid Waste Ground Water Monitoring Services
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Contract Award for Waste Services Ground Water Monitoring Services - Patrick T. Johnson, Waste Services Department Director, through Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board approve and authorize the County Administrator to sign the Agreement between Escambia County and Geosyntec Consultants, Inc., per the terms and conditions of PD 19-20.010, Waste Services Ground Water Monitoring Services, in the amount of $96,400, for groundwater reporting activities.

Vendor/Contractor	Amount	Contract Number
Fund 401, Solid Waste Fund; Cost Center 230304, Environmental Quality, Object Code 53101, Professional Services	$96,400	PD 19-20.010

BACKGROUND:

The Consultant will be responsible for conducting activities needed to prepare a total of nine semi-annual groundwater monitoring reports in 2020 to meet permit requirements for the specific sites. The Perdido Landfill, Beulah Landfill, Klondike Landfill, and Saufley Landfills require both spring and fall reporting with an additional report for the Beulah Landfill Remedial Action Plan (RAP) required in the fall of 2020. The Beulah Landfill RAP report will include data from two groundwater monitoring events. In the fall of 2020, the Consultant will also prepare the annual technical report for the Perdido Landfill Corrective Action Program (CAP) for submittal to FDEP. Finally, the Consultant will prepare a five-year technical report as required by the Beulah Landfill solid waste permit for

submittal to the FDEP by the required due date.

ECWSD will provide data in electronic data deliverable (EDD) format from the analytical laboratory. All reports should generally be consistent in format with the reporting submitted by the ECWSD over the past 5 years and bear the signature and seal of a registered Professional Geologist in the State of Florida. These semi-annual reports should be prepared on a schedule that allows ECWSD adequate time for review prior to submitting final documents to FDEP by due dates specified in their respective regulatory permits. The final report will be provided as an electronic copy to FDEP and ECWSD.

This Request for Letters of Interest were submitted to 274 registrants representing 154 firms on November 26, 2019. Two firms responded, and the Selection/Negotiation Meeting Committee ranked the firms in the following order:

1. Geosyntec Consultants, Inc.; and
2. Jones Edmunds & Associates, Inc.

Three negotiation meetings were held resulting in the Final and Best Offer being established on February 10, 2020, in the amount of $96,400, for groundwater reporting services.

BUDGETARY IMPACT:

Vendor/Contractor	Amount	Contract Number
Fund 401, Solid Waste Fund; Cost Center 230304, Environmental Quality, Object Code 53101, Professional Services	$96,400	PD 19-20.010

LEGAL CONSIDERATIONS/SIGN-OFF:

Attorney Standard Form of Contract, Form G, Consulting Services for Stand-Alone Projects.

PERSONNEL:

All work associated with this Recommendation was done in-house and no additional staff was required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, Florida 1999, Chapter 46, Finance, Article ll Purchases and Contracts, and Florida Statute 287.055, Competitive Consultants Negotiation Act.

IMPLEMENTATION/COORDINATION:

The Office of Purchasing will issue the Attorney Standard Form of Contract, Form G, Consulting Services for Stand-Alone Projects.

How to Submit Your Proposal
Please review this document carefully. Offers that are accepted by the county are binding contracts. Incomplete proposals are not acceptable. All documents and submittals must be received by the Office of Purchasing on or before date and hour specified for receipt. Late proposals will be returned unopened.

The County has implemented a new Electronic Submittal Process, which requires the use of GovernmentForms.software®. This software, which generates and posts a customized version the Standard Form (SF) 330 along with the capability to upload other required items, can be downloaded at the following address: **http://submittals.myescambia.com/**

- GSA Standard Form 330 (**the following forms must be submitted in the order listed below**)
  - Part II **(update if already submitted)**
  - Part I

The remaining forms are PDF's to be uploaded

- Letter of Interest
- Letter from Insurance Carrier as to Capacity to Provide a Certificate of Insurance as Specified In the "Insurance Requirements"
- Certificate of Authority to do Business from the State of Florida (Information Can Be Obtained at **http://www.sunbiz.org/search.html**)

Note: While the following forms are attached to this solicitation, they are provided as an example only. Use the forms listed on **http://submittals.myescambia.com/, General Information/Sample Forms/Required Items**, they are PDF Forms.

- Certification Regarding E-Verify System
- Truth in Negotiation Certification
- Sworn Statement Pursuant to Section 287.133 (3)(A), Florida Statutes, On Entity Crimes
- Drug-Free Workplace Form
- Information Sheet for Transactions and Conveyances Corporate Identification

The Following Submittals Are Required Upon Notice of Award:

- Certificate of Insurance

How to Submit a No Proposal

- If you do not wish to propose at this time, please respond to the Office of Purchasing providing your firm's name, address, a signature, and a reason for not responding in a sealed envelope. This will ensure your company's active status in our vendor's list.

This form is only for your convenience to assist in filling out your proposal. Do not return with your proposal.

I. INFORMATION PACKAGE

Solid Waste Ground Water Monitoring Services
Solicitation Identification Number PD 19-20.010

Scope of Work

Introduction

The Escambia County Waste Services Department (ECWSD) is seeking Consultant support to prepare various groundwater monitoring reports for ECWSD landfill sites in 2020. The reporting is in accordance with the Florida Department of Environmental Protection (FDEP) groundwater monitoring requirements for landfill sites; the Perdido Landfill, Beulah Landfill, Klondike Landfill, and Saufley Landfill. The scope of work will consist of completing the various reporting requirements for these sites but also coordinating with the County's groundwater sampling crew, the County-designated laboratory, and the FDEP.

Scope of Work:

The Consultant will be responsible for conducting activities needed to prepare a total of nine semi-annual groundwater monitoring reports in 2020 to meet permit requirements for the specific sites. The Perdido Landfill, Beulah Landfill, Klondike Landfill, and Saufley Landfills require both spring and fall reporting with an additional report for the Beulah Landfill Remedial Action Plan (RAP) required in the fall of 2020. The Beulah Landfill RAP report will include data from two groundwater monitoring events. In the fall of 2020, the Consultant will also prepare the annual technical report for the Perdido Landfill Corrective Action Program (CAP) for submittal to FDEP. Finally, the Consultant will prepare a five-year technical report as required by the Beulah Landfill solid waste permit for submittal to the FDEP by the required due date. ECWSD will provide data in electronic data deliverable (EDD) format from the analytical laboratory. All reports should generally be consistent in format with the reporting submitted by the ECWSD over the past 5 years and bear the signature and seal of a registered Professional Geologist in the State of Florida. These semi-annual reports should be prepared on a schedule that allows ECWSD adequate time for review prior to submitting final documents to FDEP by due dates specified in their respective regulatory permits. The final report will be provided as an electronic copy to FDEP and ECWSD.

Selection Criteria:

Consultants will be asked to respond to a request for qualifications for the described scope of work. An ECWSD selection committee will review and rank the Consultants' proposals based on selection criteria. In general, the Consultants will be evaluated on their ability to demonstrate similar experience at landfill sites, knowledge of the Escambia County sites and past performances on other Escambia County projects.

GSA Codes

Anticipated Disciplines (Function Codes SF 330) for this project

	Code	Description
Primary	12	Civil Engineer

23	Environmental Engineer
30	Geologist
55	Soils Engineer
62	Water Resources Engineer

II. INSTRUCTIONS TO SUBMITTERS

Firms desiring to provide described Professional Services shall submit one (1) electronic copy of your firms Letter of Interest containing all of the requested information no later than the date and time listed on the cover sheet. Submittals delivered late shall not be accepted or considered. No exceptions will be made.

A. Government Forms Software: http://submittals.myescambia.com/

All information requested must be submitted. Failure to submit all information may result in a lower evaluation of the proposal. Letters, which are substantially incomplete or lack key information, may be rejected by the County at its discretion. The selection of the short listed firms will be based on the information provided in the submittal.

The submittals shall be in the GSA Standard Form (SF) 330 format with one additional section as described below (include in Letter of Interest). No other format will be acceptable.

Information submitted with your letter of interest should include documentation to demonstrate your firm's qualifications and abilities to provide the scope of services. The submittal should include sufficient information to permit a clear understanding of similar past projects, especially in Florida, staff experience and abilities, and any other additional, pertinent details to describe the team's capabilities.

A committee will review the information submitted and short-list the firms. On-site presentations, interviews, and or discussions will be requested of a short list of three or more firms. Once all review is complete, the short-listed firms will be ranked by the selection committee with the top ranked firm being scheduled for negotiations.

Award(s) resulting from this solicitation shall be subject to the provisions of Chapter 1-9-5, CONSULTANTS of the Ordinances of Escambia County and Procedure PP-250 VENDOR PERFORMANCE EVALUATIONS of the Purchasing Policies and Procedures of Escambia County.

The following policy will apply to all methods of source selection:

B. CONDUCT OF PARTICIPANTS

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

C. IDENTIFICATION OF SUBCONSULTANTS/CHANGES AFTER THE FACT

After delivering an initial proposal in response to this solicitation, all submitters are prohibited from substituting, modifying, or amending those sub-consultants identified in the initial written submittal at any time during the course of the solicitation process up to the final award of contract and including question and answer sessions, presentations or technical clarifications and submittals as may be required by the Review/Selection Committee. A substitution or addition of sub-consultants or any other material changes to the submittal after the initial response will cause the submittal to be invalid for review and selection purposes.

D. FLORIDA EXECUTIVE ORDER 11-116 COMPLIANCE

III. FIRMS' EVALUATIONS AND SELECTION

The County shall follow the procedures of the Consultants' Competitive Negotiation Act, Title XIX, Chapter 287, Section 055 of the Florida Statutes. The selection committee shall consider such factors as:

Selection Criteria	Points
Demonstration of expertise in the area of landfill hydrogeology	**25**
Past performance on projects for Escambia County BCC	**25**
Understanding of hydrogeological conditions in Escambia County	**25**
Qualifications of the firm including local professionals	**25**

TOTAL: 100 points

Award(s) resulting from this solicitation shall be subject to the provisions of Chapter 1-9-5, CONSULTANTS of the Ordinances of Escambia County and Procedure PP-250 VENDOR PERFORMANCE EVALUATIONS of the Purchasing Policies and Procedures of Escambia County.

IV. SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of requests	**November 26, 2019**
Letters of Interest due date	**11:59 p.m. CST, December 17, 2019**
Short-Listing Meeting	**10:00 a.m., CST, January 7, 2020**
Discussions, Ranking Meeting	**1:00 p.m., CST, January 16, 2020**
Written Scope due to Committee for Review	**January 24, 2020**
Fee Proposal due to Committee for Review	**January 31, 2020**
1st Negotiations with First Ranked Firms	**10:30 a.m., CST, February 6, 2020**
2nd Negotiations with First Ranked Firms	**If Required, 10:00 a.m., CST, February 11, 2020**
Board of County Commissioners approval	**March 5, 2020**

Note: Per Florida Statute 119.071, General exemptions from inspection or copying of public records 2. Sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation are exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as the agency provides notice of an intended decision or until 30 days after opening the bids, proposals, or final replies, whichever is earlier.

Public Records of this solicitation will not be available until **January 20, 2020.**

V. SUBMITTAL REQUIREMENTS

The County has implemented an Electronic Submittal Process that utilizes GovernmentForms.software® (GFS) to generate a customized version of the Standard Form (SF) 330 in a specific format. Other items shall be in PDF format and must be submitted by electronic upload via GFS or manually via the County's web site at http://submittals.myescambia.com/

Required items are described below (**The following forms must be submitted electronically in the order listed below**):

1. **Update Standard Form (SF) 330 – Part II (GFS format)**
   For those firms that have already provided an SF 330 Part II update as required

   Note: The wording on the form can't be changed, but include information as though the listing reads as follows:

11. ~~ANNUAL AVERAGE~~ PROFESSIONAL SERVICES REVENUES INVOICED AND PAID BY ~~OF~~ FIRM FOR LAST 3 YEARS

11. a. ~~Federal~~ Escambia County Florida Board of County Commissioners
11. b. ~~Non-Federal~~ Non-Escambia County Florida Board of County Commissioners Work

2. Standard Form (SF) 330 – Part I (GFS format)

Generated by GovernmentForms.software®, includes:

- Standard Form (SF) 330 - Part I, Section A-C
- Standard Form (SF) 330 - Part I, Section D
  - For each individual shown on the organizational chart list the following:

    - Position relative to the project
    - Firm
    - Position in the firm
- Standard Form (SF) 330 - Part I, Section E
  Page Limit: 20 pages/resumes
- Standard Form (SF) 330 - Part I, Section F
  Page Limit: 10 pages/projects
- Standard Form (SF) 330 - Part I, Section G
  Page Limit: 1 page
- Standard Form (SF) 330 - Part I, Section H
  - The firm should provide three (3) examples of projects for government entities/municipalities indicating experience in the following:
    - Past Performance:
      - Provide at least three (3) samples showing performance records for the past five (5) years. Records should indicate:
        - Performance record
        - Background Experience
        - Technical Expertise
  - Current Work
    - Proposers shall list all currently active contracts or task orders with the following:
      - Escambia County, Florida,
      - Other Government Entities,
      - Private, and provide the following relative information
        - Contract or Task Order name
        - Current status
        - Costs
          - Original cost, to include any change orders
          - Remaining balance
  - Proposers shall list any work which their organization failed to complete in the last five (5) years and describe the when, where, how and why of such failure.
  - Proposers shall list any officer or partner of their team who in the last five (5) years failed to complete a contract handled in his/her name and to discuss the reasons thereof.
  - Proposers shall list any lawsuits in which their team (firms and individuals) is involved relative to services performed or failed to perform over the last five (5) years

Proposers shall include any additional information to represent your firm for consideration

3. **Letter of Interest (PDF format)**
   Letter of Interest prepared by a corporate officer or principal of the firm authorized to obligate the firm contractually (Page Limit: Total Letter of Interest length shall not exceed 20 pages).

Documents

The following forms are PDF's to be uploaded

- Letter Of Interest
- Letter From Insurance Carrier as to Capacity to Provide a Certificate Of Insurance as Specified In the "Insurance Requirements"
- Certificate of Authority to do Business from the State Of Florida (Information Can Be Obtained at **http://www.sunbiz.org/search.html**)
  Note: While the following forms are attached to this solicitation. They are provided as an example only. Use the forms listed on **http://submittals.myescambia.com/, General Information/Sample Forms/Required Items**, they are PDF Forms.
- Certification Regarding E-Verify System
- Truth in Negotiation Certification
- Sworn Statement Pursuant to Section 287.133 (3)(A), Florida Statutes, On Entity Crimes
- Drug-Free Workplace Form
- Information Sheet for Transactions and Conveyances Corporate Identification

No additional information is to be included in the Letter of Interest.

Note: Failure to provide the information listed above could be reason for deeming a firm non-responsive.

Certification Regarding E-Verify System

Contractor hereby certifies compliance with the following:
Pursuant to State of Florida Executive Order No.: 11-116, Contractor shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by Contractor while performing work or providing services for Escambia County. Contractor shall also include in any related subcontracts a requirement that subcontractors performing work or providing services for Escambia County on its behalf utilize the E-Verify system to verify employment of all new employees hired by subcontractor.

TRUTH IN NEGOTIATION CERTIFICATION

For any lump-sum or cost-plus-a-fixed-fee professional service agreement over $60,000 the Agency requires the Consultant to execute this certificate and include it with the submittal of the Technical Proposal.

The Consultant hereby certifies, covenants and warrants that wage rates and other factual unit costs supporting the compensation for this project's agreement will be accurate, complete, and current at the time of contracting.

The Consultant further agrees that the original agreement price and any additions thereto shall be adjusted to exclude any significant sums by which the Agency determines the agreement price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such agreement adjustments shall be made within one (1) year following the end of the agreement. For purpose of this certificate, the end of the agreement shall be deemed to be the date of final billing or acceptance of the work by the Agency, whichever is later.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by _____
(print individual's name and title)

for _____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:
   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____ does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

AGREEMENT

THIS AGREEMENT is made and entered into this ___th day of _____, 201_, by and between Escambia County, a political subdivision of the State of Florida (hereinafter referred to as "the County"), whose address is 221 Palafox Place, Pensacola, Florida 32502, and___, a for-profit corporation authorized to transact business in the State of Florida, whose address is__, (City), (State) (Zip), and whose Federal tax identification number is XX-XXXXXXX (hereinafter referred to as the "Consultant").

ARTICLE I
DEFINITIONS AND IDENTIFICATIONS

For purposes of this Agreement and the various covenants, conditions, terms, and provisions which follow, the definitions and identifications set forth below are assumed to be true and correct and are, therefore, agreed upon by the parties.

1.1 BOARD OF COUNTY COMMISSIONERS: The Board of County Commissioners of Escambia County, Florida, means the governing body of the Escambia County Government.

1.2 CONSULTANT: _____ is the Consultant selected to perform professional services pursuant to this Agreement.

1.3 CONTRACT ADMINISTRATOR: Whenever t term "Contract Administrator" is used herein, it is intended to mean (Name), (Title), (Department). In the administration of this contract, as contrasted with matters of policy, all parties may rely upon instructions or determinations made by the Contract Administrator.

1.4 CONTRACT SERVICES: The ent of this Contract is to make available certain professional consultant services to Escambia County as outlined herein.

1.5 COUNTY: Escambia County is a body corporate and politic and a political subdivision of the State of Florida.

1.6 LUMP SUM COMPENSATION: Lump sum computation refers to the method of payment under this Agreement for the professional services of the Consultant.

1.7 NOTICE TO PROCEED: A Notice to Proceed is the written authorization issued by the County or the Contract Administrator to commence the Project.

1.8 PROJECT: It is the intent of this Agreement that the Consultant provide to the County certain professional services for_____.

SAMPLE

ARTICLE 2
PREAMBLE

In order to establish the background, context, and frame of reference for this Agreement and to generally express the objectives and intentions of the respective parties herein, the following statements, representations, and explanations shall be accepted as predicates for the undertakings and commitments included within the provisions which follow and may be relied upon by the parties as essential elements of the mutual considerations upon which this Agreement is based.

2.1 Under this Agreement, Escambia County will budget funds during Fiscal Year(s) XX-XX in the amount of_____($_____) for this Project.

2.2 The Board of County Commissioners has met the requirements of the Consultants' Competitive Negotiation Act, as contained in Section 287.055, Florida Statutes, as amended, and has selected the Consultant to perform the services hereunder.

2.3 Negotiations pertaining to the services to be performed by the Consultant were undertaken between Consultant and a committee selected by the Board of County Commissioners, and this Agreement incorporates the results of such negotiation.

ARTICLE 3
SCOPE OF WORK

The Consultant will provide certain professional consultant services for the tasks outlined in Escambia County's Request for Letters of Interest (RLI) in Specification No. PD XX-XX.XXX, _____, and as represented in the Consultant's Letter of Interest response to PD XX-XX.XXX, subsequent interview, and proposal presentation. In the event of a conflict between the terms of the proposal and this Agreement, the terms of this Agreement shall prevail.

3.1 The basic services to be provided are set forth in Exhibit "A," attached hereto and incorporated by reference herein, and unless otherwise specified, such services shall be completed in accordance with the standard care in the profession at the time such services are rendered.

3.2 Such services, generally, shall include those services performed by a consultant, its employees, and subcontractors, as more specifically enumerated in the Scope of Work of Exhibit "A" and any other services specifically included therein.

3.3 The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Consultant under this Agreement. The consultant shall, without additional compensation, correct or revise any errors or omissions in its designs, drawings, specifications, and other services furnish pursuant to the Agreement.

SAMPLE

(a) Neither the County's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(b) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies provided by law.

(c) If the Consultant is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

3.4 The Consultant shall accomplish the design services required under this Agreement so as to permit the award of a contract at a price that does not exceed the estimated construction contract price as set forth in paragraph (b) below. When bids or proposals for the construction contract are received that exceed the estimated price, he Consultant shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this Agreement. However, the Consultant shall not be required to perform such additional services at no cost to the County if the unfavorable bids or proposals are the of conditions beyond its reasonable control.

(a) The Consultant will promptly advise the County if it finds that the project being designed will exceed or is likely to exceed the funding limitations, and it is unable to design a usable facility within these limitations. Upon receipt of such information, the County will review the Consultant's revised estimate of construction cost. The County may, if it determines that the estimated construction contract price set forth in this Agreement is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (b) below, or the County may adjust such estimated construction contract price. When bids or proposals are not solicited or are unreasonably delayed, the County shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation. In the event the county increases the amount in
(b) below the compensation to the consultant may be increased equitably.

(b) The estimated construction contract price for the project described in the Agreement is $ _____.

3.5 The Consultant may be liable for County costs resulting from negligent, reckless or intentionally wrongful errors or omissions in designs furnished under this Agreement, or failure to timely perform its services under this Agreement. Therefore, when a modification to a construction contract is required because of a negligent, reckless or intentionally wrongful error or omission in the services provided under this Agreement, the County (with the advice of technical personnel and legal counsel) shall consider the extent to which the Consultant may be reasonably liable. The County shall enforce such liability and collect the amount due, if the recoverable cost will exceed the administrative cost involved or is otherwise in the County's interest.

SAMPLE

ARTICLE 4
TIME FOR PERFORMANCE

4.1 The schedule for completion of the Consultant's services shall be in accordance with Exhibit "B," which is attached hereto and made a part hereof. Such schedule may be modified from time to time upon the mutual consent of the County and the Consultant.

4.2 These services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. The Consultant's schedule for the performance of its services shall include allowances for periods of time required for the County's review and for its approval of submissions by the Consultant. Time limits established by this schedule, which are hereby approved by the County, shall not be exceeded by the Consultant, except for reasonable cause.

4.3 Prior to beginning the performance of any basic services under this Agreement, the Consultant must receive in writing a Notice to Proceed from the Contract Administrator.

ARTICLE 5
COMPENSATION AND METHOD OF BILLING AND PAYMENT

5.1 COMPENSATION: The County agrees to pay the Consultant, as compensation for its services under Section 3.1 of this Agreement, an aggregate fee for certain project tasks pursuant to the fee schedule set forth in Exhibit "C," attached hereto and made a part hereof. At the completion of each task, the Consultant will be compensated by a lump sum amount, which has been negotiated for that task, unless otherwise mutually agreed to by the parties hereto. The total fee for all such services, to be performed by the Consultant, including costs, direct expenses, and any other charges described Section 5.3, is to be paid as follows: A lump sum amount of ___ ($_____). Final payment will be subject to approval by the Board of County Commissioners.

5.2 FEE SCHEDULE: The "fee schedule," as used herein, shall mean the charges shown in Exhibit "C" for certain tasks to be performed by the Consultant. Such fees shall include, all inclusively the Consultant's salaries of professional and administrative staff, sick leave, vacation, unemployment, excise and payroll taxes, contributions for social security, unemployment compensation insurance, retirement benefits, medical and insurance benefits, air travel, auto travel, telephone, facsimile, reproduction costs, other routine overhead expenses, profit, and all other expenses of every type.

5.3 DIRECT EXPENSES: Direct expenses are those expenses directly attributable to the Project, which will be exclusively borne by Consultant, and are included in its aggregate fee, they shall include, but not be limited to, the following:

(a) Transportation expenses in connection with the Project.
(b) Living expenses in connection with travel and any other travel expenses.
(c) Long distance communications and other miscellaneous budget expenses.
(d) Cost of printing plans, drawings, and specifications which are required by or of the Consultant to deliver the services set forth in this Agreement. The Consultant agrees and understands that it will furnish to the County two (2) sets of all Project plans, reports, and specifications in a bound format acceptable to the County.

SAMPLE

(e) Cost of any software or hardware used or developed for the Project, including CAD/CADD time.

5.4 METHOD OF BILLING AND PAYMENT:

(a) For lump sum contracts, the Consultant may submit bills to the County at the completion and approval of each task or at the partial completion of a task on a pro-rata basis. However, requests for payment shall not be made more frequently than once a month. The Consultant shall submit such monthly statements identifying the nature of the work performed.

Calculations shall be made monthly of the amount and value of the work accomplished and services performed by the Consultant which meet the standards of quality established under this Agreement. The estimates shall be prepared by the Consultant and accompanied by such supporting data as required by the Contract Administrator.

(b) The County agrees that it shall pay the Consultant within forty five (45) business days of receipt of the Consultant's statement provided that the invoice is correct and is consistent with the terms of this Agreement.

(c) Payments under this Agreement and interest on any late payments shall be governed by the Florida Prompt Payment Act, §§ 218.70, et seq., as amended.

5.5 NOTICES:

(a) Any notice, invoice, payment, or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or other private courier service, such as Federal Express.

(b) Unless otherwise notified in writing of a new address, notices, payment, and invoices shall be made to each party at the below listed addresses. Rejection, or other refusal by the addressee to accept, or the inability of the courier service, or the United Postal Service deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party least ten (10) days prior notice of the address change.

(c) Payments and Notices to the Consultant shall be made to:

_____
_____
_____

(d) Invoices to the County shall be sent to:

_____

ARTICLE 6
ADDITIONAL SERVICES AND CHANGES IN SCOPE OF WORK

6.1 The County or the Consultant may request changes that would increase, decrease, or otherwise modify the Scope of Work to be provided under this Agreement. Such changes must be in accordance with the procurement policies of the County and must be contained in a written amendment, executed by the parties thereto, with the same formality and of equal dignity prior to any deviation from the terms of this Agreement, including the initiation of any extra work.

ARTICLE 7
COUNTY'S RESPONSIBILITIES

7.1 The County shall furnish to the Consultant, as required for performance of the Consultant's basic services, all available data prepared by or the result of services of others, including without limitation (as may be appropriate): building plans and related drawings, core borings, probings, and subsurface explorations, hydraulic surveys, laboratory tests, and inspections of samples, materials, and equipment, appropriate professional interpretations of all of the foregoing; environmental assessments and impact statements, appropriate professional interpretations of all of the foregoing; property boundary, easement, rights-of-way, topographic and utility surveys; property descriptions; zoning, deed, and other land use restrictions; and any other special data or consultations relating to this Project.

7.2 The County shall arrange for access to and make all provisions for the Consultant to enter upon public and private property as required for the Consultant to perform its services.

7.3 Within a reasonable time so as not to delay the services of the Consultant, the County shall examine all studies, reports, sketches, drawings, specifications, proposals, and other documents presented by the Consultant, obtain advice of an attorney, insurance counselor, or other Consultants, as the County deems appropriate, for such examinations and the rendering, if required, of written opinions pertaining thereto.

7.4 The County shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.

7.5 The County shall give prompt written notice to the Consultant whenever the County observes otherwise becomes aware of any development that affects the scope of timing of the Consultant's services, or any defect in the work of the Consultant.

ARTICLE 8
CONSULTANT'S RESPONSIBILITIES

8.1 QUALITY OF SERVICES:

(a) The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished pursuant to this Agreement.

(b) To that end, the Consultant shall correct or shall revise, without additional compensation, any errors or omissions in its work product or shall make such revisions as are necessary as the result of the failure of the Consultant to provide an accurate,

SAMPLE

more efficient, and properly constructable product in its designs, drawings, specifications, or other services.

(c) The County's review/approval/acceptance of or payment for the services required by this Agreement shall NOT be construed to operate as a waiver of any rights or of any cause of action arising out of the performance of this Agreement. Additionally, the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(d) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies otherwise provided by law.

8.2 CONSULTANT PROFESSIONAL REGISTRATION AND CERTIFICATION:

(a) The design services provided to the County by the Consultant shall be certified by professional consultants registered to practice and in good standing in the State of Florida. Any project inspection services also shall be reviewed and shall be approved by such professional consultants.

(b) The survey services provided to the County by the Consultant shall be certified by professional land surveyors registered to practice and in good standing in the State of Florida.

(c) Permit applications to State and Federal agencies prepared by the Consultant shall be signed and shall be sealed by the Consultant, as the project's Consultant of Record. For all such permit applications, post-construction certification also shall be made by the Consultant to appropriate State or Federal permitting agency.

ARTICLE 9
GENERAL PROVISIONS

9.1 OWNERSHIP OF DOCUMENTS:

(a) Drawings, specifications, design, models, photographs, reports, surveys, and other data, including intellectual property of any type or description, produced by the Consultant in connection with this Agreement are and shall remain the property of the County whether the Project for which they were made is completed or not. Such ownership also shall include any electronic files developed or created of such documents.

(b) When such documents are provided to other parties, the Consultant shall ensure return of the County's property by collecting, if appropriate, a deposit equal to the cost of reproduction. Such deposit shall be returned if the documents are timely returned in a useable condition. Otherwise, such deposit shall be retained by the Consultant.

SAMPLE

9.2 TERMINATION:

(a) This Agreement may be terminated by either party for cause, or by the County for convenience, upon fourteen (14) days written notice by the terminating party to the other party of such termination in which event the Consultant shall be paid its compensation for services performed to termination date, including all reimbursable expenses then due or incurred to the date of termination.

(b) Termination for cause shall include, but not be limited to, misuse of funds, fraud, lack of compliance with applicable rules, laws, regulations, and ordinances, and failure to perform in a timely manner any provision of this Agreement.

(c) In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages. If the Consultant abandons this Agreement or causes it to be terminated, the Consultant shall indemnify the County against any loss pertaining to this termination up to a maximum of 1.3 times the full contracted fee amount of the Project. All finished or unfinished documents, data, studies surveys, drawings, maps, models, photographs, and reports prepared by the Consultant shall become the property of the County and shall be immediately delivered by the Consultant to the County.

(d) Vendor suspension or debarment proceedings brought by County pursuant to Chapter 46, Article II, Division 2, Section 46-102, Escambia County Code of Ordinances, shall be grounds for immediate termination of this Agreement.

9.3 RECORDS:

(a) The Consultant shall keep such records and accounts and shall require any subcontractors to keep records d accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to this engagement and any expenses for which the Consultant expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by the County, and shall be kept for a period of three (3) years after the completion of all work to be performed pursuant to t is Agreement. Incomplete or incorrect entries in such books and records will be grounds for disallowance by the County of any fees or expenses based upon such entries.

(b) The Consultant acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. The Consultant shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. The Consultant shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Consultant agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Consultant fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any right or remedy and after giving the Consultant and its surety, if any, seven (7) days written notice, during which period the Consultant still fails to allow access to such documents,

SAMPLE

terminate the employment of the Consultant. In such case, the Consultant shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Consultant (excluding monies owed the Consultant for subcontractor work).

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator 221
Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

9.4 NO CONTINGENT FEES: The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid agreed to pay any person, company, corporation, individual, or firm, other a bona fide employee working solely for the Consultant any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate the Agreement without liability and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

9.5 COMPLIANCE WITH LAWS: The Consultant agrees to comply, at its own expense, with all federal, state, and local laws, codes, statutes, ordinances, rules, regulations and requirements related to the performance of this Agreement, including but not limited to the Local Agency Program Federal-Aid Terms for Professional Services Contracts, attached hereto as Exhibit D.

9.6 SUBCONTRACTORS: The County approves the use of subcontractors by the Consultant. In the event the Consultant, during the course of the work under this Agreement, requires the services of any subcontractors or other professional associates in connection with services covered by Agreement, it must secure the prior written approval of the County for employment of such subcontractors.

9.7 ASSIGNMENT: This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Consultant, without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

SAMPLE

9.8 HOLD HARMLESS AND INDEMNIFICATION OF COUNTY:

The Consultant agrees to hold harmless and indemnify the County and its agents, officers, and employees from all liabilities, damages, losses, and costs, including attorneys' fees and paralegals' fees, incurred by County to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Consultant, or by any other person for whom the Consultant is legally liable. Consultant's obligation as provided herein shall be limited to its proportionate share of liability to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm or corporation to whom any portion of the Work is subcontracted by Consultant, and Consultant shall not be required to indemnify and hold harmless County where County's negligence, recklessness, or intentional wrongful misconduct is determined by a court of competent jurisdiction to be the sole cause of its liabilities, damages, losses and costs, including attorney's and paralegal fees.

County and Consultant agree one percent (1%) of the Contract Amount paid by County to Consultant shall be given as separate consideration for this indemnification, a any other indemnification of County by Consultant provided for wit in the Contract Documents, the sufficiency of such separate consideration being acknowledged by Consultant by Consultant's acceptance and execution of the Agreement.

Consultant agrees that such indemnification by the Consultant relating to any matter which is the subject of this Agreement shall extend throughout the term of this Agreement and any statutes of limitations thereafter. The Consultant's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9.9 INSURANCE: The Consultant is required to carry the following insurance:

(a) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(b) Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Professional Liability coverage with $1,000,000 minimum limit, except where the estimated construction contract price for the project described in the Agreement is greater than $5 Million dollars, the minimum limit of professional liability coverage shall be equal to 25% of the estimated construction contract price for the project. Said coverage shall be continuously maintained and in effect for a period of not less than **five (5) years** from the effective date of this Agreement. The policy limit of liability shall not include legal fees and other defense costs. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the effective date of this Agreement and shall not be advanced.

If at any time during the aforementioned policy period there should be a cancellation, non-renewal, or lapse in coverage, professional liability coverage shall be extended for the remainder of the five year period with a supplemental extended reporting period (SERP) endorsement to take effect upon expiration of the policy period referenced

SAMPLE

above. The limits of liability applicable to the SERP coverage shall be equal to the limits of liability applicable to the policy referenced above and to which the endorsement attaches.

(d) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

(e) It is understood and agreed by the parties that in the event that the Consultant, as defined in Section 1.2, consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

(f) All liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be a minimum financial size of VII, according to the latest edition of the A.M. Best Key Rating Guide. An A or better Best Rating is referred; however, other ratings if "Secure Best Ratings" may be considered. Liability policies shall be underwritten on the occurrence basis, except the professional and environmental impairment coverage may be provided on a claims made basis. Escambia County and the Board of County Commissioners shall be "additional insured's" on all liability policies (except professional liability). Certificates of insurance shall be provided to Jeffrey Lovingood, Purchasing Coordinator,213 Palafox Place 2nd Floor, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days' notice of cancellation. Escambia County and the Board of County Commissioners also shall be the certificate holders.

9.10 REPRESENTATIVE OF COUNTY AND CONSULTANT:

(a) It is recognized that questions in the day-to-day conduct of the Project will arise. The Contract Administrator, upon request by the Consultant, shall designate and shall advise the Consultant in writing, persons to whom all communications pertaining to the day-to-day conduct of the Project shall be addressed.

(b) The Consultant shall inform the Contract Administrator in writing of the representative of the Consultant to whom matters involving the conduct of the Project shall addressed.

9.11 ALL PRIOR AGREEMENTS SUPERSEDED:

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

SAMPLE

9.12 TRUTH-IN-NEGOTIATION CERTIFICATE: The signing of this Agreement by the Consultant shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such contract adjustments shall be made within one (1) year following the end of this Agreement.

9.13 HEADINGS: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

9.14 GRATUITIES: Neither the Consultant nor any of its employees, agents, and representatives shall offer or give to an officer, official, or employee of the County gifts, entertainment, payments, loans, or other gratuities. The Consultant acknowledges knowledge of the State of Florida's ethics statutes and to the extent applicable the Consultant, the Consultant agrees to abide with such statutes.

9.15 CONFLICT OF INTEREST: The Consultant hereby certifies that it will completely disclose to the County all facts bearing upon any possible conflicts, direct or indirect, with its performance which it believes that any officer, employee, or agent of e Consultant now has or will have. Said disclosure shall be made by the Consultant contemporaneously with the execution of this Agreement and at any time thereafter that such facts become known to the Consultant. The Consultant at all times shall perform its obligations under this Agreement in a manner consistent with the best interests of the County. Failure to abide by this section shall result in the immediate termination of this Agreement pursuant to Chapter 46, Article II, Division 4 of the Escambia County Code of Ordinances.

9.16 SURVIVAL: All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

9.17 GOVERNING LAW: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is a subject of this Agreement shall be in the County of Escambia.

9.18 INTERPRETATION: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Consultant discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Consultant shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

SAMPLE

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

9.19 SEVERABILITY: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

9.20 COMPLIANCE WITH LAWS: The Consultant shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, the Consultant shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

9.21 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

9.22 PARTICIPATION IN OTHER PROCEEDINGS: At the County's request, the Consultant shall allow itself to be joined as a party in any legal proceeding that involves the County regarding the design, construction, or installation of any matter which is the subject of this Agreement. This provision is for the benefit of the County and not for the benefit of any other party.

9.23 FURTHER DOCUMENTS: The parties shall execute and deliver all documents and perform further actions that may reasonably necessary to effectuate the provisions of this Agreement.

9.24 NO WAIVER: The failure of the Consultant or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

SAMPLE

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the respective dates under each signature: Escambia County, Florida through its Board of County Commissioners, signing by its County Administrator, duly authorized to execute this Agreement through the express delegation of authority set forth in Chapter 46, Article II of the Escambia County Code of Ordinances, and_____, signing by and through its President, duly authorized to execute same.

COUNTY:
ESCAMBIA COUNTY, FLORIDA, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

ADDENDUM NUMBER 1:

Re: PD 19-20.010 Solid Waste Ground Water Monitoring Services

All:

Your firm recently received a Request for Letters of Interest for the above-mentioned specification. This Addendum Number 1 states questions from a vendor and answers from the purchasing specialist.

Question 1: On page "i" of the RLI, it says "Offers that are accepted by the county are binding contracts." Does this mean that there will not be an opportunity to further discuss the contract and its terms after submitting a proposal?

Answer: There will be negotiation meetings with the top-ranked firm. An agreement will then be drafted based on the conclusion of the negotiation meetings. If negotiations can not be made with the top-ranked firm, the committee will then move to the second-ranked firm.

Question 2: On page 7 of the RLI, it asks that proposers list all currently active contracts or task orders with Escambia County, other governmental entities and private clients. We have over 300 active projects in our system. Is the expectation that we list all 300+ projects or provide this information only for environmental water quality-oriented contracts/task orders that are similar to this project? Please provide additional guidance.

Answer: Escambia County wants to know if your firm has the capacity to handle this project on top of your current workload. Only list the projects that are relevant to water quality testing or are similar to this solicitation.

Question 3: The following requested information is listed under private as a sub-bullet: contract or task order name, current status, costs (original costs, to include any change orders, remaining balance). Is this information required only for private entities or for all the active contracts/task orders that are listed in Section H?

Answer: The info noted above is for all contracts that are related to water quality testing.

Question 4: On page 8 of the RLI, it states that the Letter of Interest shall not exceed 20 pages. Can you please confirm that the LOI is a pdf document separate from the SF330 requirements?

Answer: Yes, the LOI is a separate document from the SF330 requirements.

This Addendum Number 1 is furnished to all known prospective submitters. Please sign and submit one copy of this Addendum, with signature, with your submittals in GovernmentForms as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Savannah Kruse
Purchasing Specialist

Savannah Kruse

AGREEMENT

THIS AGREEMENT is made and entered into this 12th day of February, 2020, by and between Escambia County, a political subdivision of the State of Florida (hereinafter referred to as "the County"), whose address is 221 Palafox Place, Pensacola, Florida 32502, and Geosyntec Consultants, Inc., a for-profit corporation authorized to transact business in the State of Florida, whose address is 900 Broken Sound Parkway NW, Suite 200, Boca Raton, Florida, 33487 and whose Federal tax identification number is 59-2355134 (hereinafter referred to as the "Consultant").

ARTICLE I
DEFINITIONS AND IDENTIFICATIONS

For purposes of this Agreement and the various covenants, conditions, terms, and provisions which follow, the definitions and identifications set forth below are assumed to be true and correct and are, therefore, agreed upon by the parties.

1.1 BOARD OF COUNTY COMMISSIONERS: The Board of County Commissioners of Escambia County, Florida, means the governing body of the Escambia County Government.

1.2 CONSULTANT: Geosyntec Consultants, Inc. is the Consultant selected to perform professional services pursuant to this Agreement.

1.3 CONTRACT ADMINISTRATOR: Whenever the term "Contract Administrator" is used herein, it is intended to mean Pat Johnson, Department Director, Escambia County Waste Services. In the administration of this contract, as contrasted with matters of policy, all parties may rely upon instructions or determinations made by the Contract Administrator.

1.4 CONTRACT SERVICES: The intent of this Contract is to make available certain professional consultant services to Escambia County as outlined herein.

1.5 COUNTY: Escambia County is a body corporate and politic and a political subdivision of the State of Florida.

1.6 LUMP SUM COMPENSATION: Lump sum computation refers to the method of payment under this Agreement for the professional services of the Consultant.

1.7 NOTICE TO PROCEED: A Notice to Proceed is the written authorization issued by the County or the Contract Administrator to commence the Project.

1.8 PROJECT: It is the intent of this Agreement that the Consultant provide to the County certain professional services for PD 19-20.010, Waste Services Ground Water Monitoring Services.

ARTICLE 2
PREAMBLE

In order to establish the background, context, and frame of reference for this Agreement and to generally express the objectives and intentions of the respective parties herein, the following statements, representations, and explanations shall be accepted as predicates for the undertakings and commitments included within the provisions which follow and may be relied upon by the parties as essential elements of the mutual considerations upon which this Agreement is based.

2.1 Under this Agreement, Escambia County will budget funds during Fiscal Year(s) 19-20 in the amount of Ninety-Six Thousand, Four Hundred Dollars ($96,400) for this Project.

2.2 The Board of County Commissioners has met the requirements of the Consultants' Competitive Negotiation Act, as contained in Section 287.055, Florida Statutes, as amended, and has selected the Consultant to perform the services hereunder.

2.3 Negotiations pertaining to the services to be performed by the Consultant were undertaken between Consultant and a committee selected by the Board of County Commissioners, and this Agreement incorporates the results of such negotiation.

ARTICLE 3
SCOPE OF WORK

The Consultant will provide certain professional consultant services for the tasks outlined in Escambia County's Request for Letters of Interest (RLI) in Specification No. PD 19-20.010, Solid Waste Ground Water Monitoring Services, and as represented in the Consultant's Letter of Interest response to PD 19-20.010, subsequent interview, and proposal presentation. In the event of a conflict between the terms of the proposal and this Agreement, the terms of this Agreement shall prevail.

3.1 The basic services to be provided are set forth in Exhibit "A," attached hereto and incorporated by reference herein, and unless otherwise specified, such services shall be completed in accordance with the standard care in the profession at the time such services are rendered.

3.2 Such services, generally, shall include those services performed by a consultant, its employees, and subcontractors, as more specifically enumerated in the Scope of Work of Exhibit "A" and any other services specifically included therein.

3.3 The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Consultant under this Agreement. The consultant shall, without additional compensation, correct or revise any errors or omissions in its designs, drawings, specifications, and other services furnish pursuant to the Agreement.

(a) Neither the County's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(b) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies provided by law.

(c) If the Consultant is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

3.4 The Consultant shall accomplish the design services required under this Agreement so as to permit the award of a contract at a price that does not exceed the estimated construction contract price as set forth in paragraph (b) below. When bids or proposals for the construction contract are received that exceed the estimated price, the Consultant shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this Agreement. However, the Consultant shall not be required to perform such additional services at no cost to the County if the unfavorable bids or proposals are the result of conditions beyond its reasonable control.

(a) The Consultant will promptly advise the County if it finds that the project being designed will exceed or is likely to exceed the funding limitations, and it is unable to design a usable facility within these limitations. Upon receipt of such information, the County will review the Consultant's revised estimate of construction cost. The County may, if it determines that the estimated construction contract price set forth in this Agreement is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (b) below, or the County may adjust such estimated construction contract price. When bids or proposals are not solicited or are unreasonably delayed, the County shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation. In the event the county increases the amount in (b) below the compensation to the consultant may be increased equitably.

(b) The estimated construction contract price for the project described in the Agreement is $75,000.

3.5 The Consultant may be liable for County costs resulting from negligent, reckless or intentionally wrongful errors or omissions in designs furnished under this Agreement, or failure to timely perform its services under this Agreement. Therefore, when a modification to a construction contract is required because of a negligent, reckless or intentionally wrongful error or omission in the services provided under this Agreement, the County (with the advice of technical personnel and legal counsel) shall consider the extent to which the Consultant may be reasonably liable. The County shall enforce such liability and collect the amount due, if the recoverable cost will exceed the administrative cost involved or is otherwise in the County's interest.

ARTICLE 4
TIME FOR PERFORMANCE

4.1 The schedule for completion of the Consultant's services shall be in accordance with Exhibit "B," which is attached hereto and made a part hereof. Such schedule may be modified from time to time upon the mutual consent of the County and the Consultant.

4.2 These services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. The Consultant's schedule for the performance of its services shall include allowances for periods of time required for the County's review and for its approval of submissions by the Consultant. Time limits established by this schedule, which are hereby approved by the County, shall not be exceeded by the Consultant, except for reasonable cause.

4.3 Prior to beginning the performance of any basic services under this Agreement, the Consultant must receive in writing a Notice to Proceed from the Contract Administrator.

ARTICLE 5
COMPENSATION AND METHOD OF BILLING AND PAYMENT

5.1 COMPENSATION: The County agrees to pay the Consultant, as compensation for its services under Section 3.1 of this Agreement, an aggregate fee for certain project tasks pursuant to the fee schedule set forth in Exhibit "C," attached hereto and made a part hereof. At the completion of each task, the Consultant will be compensated by a lump sum amount, which has been negotiated for that task, unless otherwise mutually agreed to by the parties hereto. The total fee for all such services, to be performed by the Consultant, including costs, direct expenses, and any other charges described in Section 5.3, is to be paid as follows: A lump sum amount of Ninety-Six Thousand, Four Hundred Dollars ($96,400)). Final payment will be subject to approval by the Board of County Commissioners.

5.2 FEE SCHEDULE: The "fee schedule," as used herein, shall mean the charges shown in Exhibit "C" for certain tasks to be performed by the Consultant. Such fees shall include, all inclusively the Consultant's salaries of professional and administrative staff, sick leave, vacation, unemployment, excise and payroll taxes, contributions for social security, unemployment compensation insurance, retirement benefits, medical and insurance benefits, air travel, auto travel, telephone, facsimile, reproduction costs, other routine overhead expenses, profit, and all other expenses of every type.

5.3 DIRECT EXPENSES: Direct expenses are those expenses directly attributable to the Project, which will be exclusively borne by Consultant, and are included in its aggregate fee, they shall include, but not be limited to, the following:

(a) Transportation expenses in connection with the Project.
(b) Living expenses in connection with travel and any other travel expenses.
(c) Long distance communications and other miscellaneous budget expenses.
(d) Cost of printing plans, drawings, and specifications which are required by or of the Consultant to deliver the services set forth in this Agreement. The Consultant agrees and understands that it will furnish to the County two (2) sets of all Project plans, reports, and specifications in a bound format acceptable to the County.

(e) Cost of any software or hardware used or developed for the Project, including CAD/CADD time.

5.4 METHOD OF BILLING AND PAYMENT:

(a) For lump sum contracts, the Consultant may submit bills to the County at the completion and approval of each task or at the partial completion of a task on a pro-rata basis. However, requests for payment shall not be made more frequently than once a month. The Consultant shall submit such monthly statements identifying the nature of the work performed.

Calculations shall be made monthly of the amount and value of the work accomplished and services performed by the Consultant which meet the standards of quality established under this Agreement. The estimates shall be prepared by the Consultant and accompanied by such supporting data as required by the Contract Administrator.

(b) The County agrees that it shall pay the Consultant within forty five (45) business days of receipt of the Consultant's statement provided that the invoice is correct and is consistent with the terms of this Agreement.

(c) Payments under this Agreement and interest on any late payments shall be governed by the Florida Prompt Payment Act, §§ 218.70, et seq., as amended.

5.5 NOTICES:

(a) Any notice, invoice, payment, or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or other private courier service, such as Federal Express.

(b) Unless otherwise notified in writing of a new address, notices, payment, and invoices shall be made to each party at the below listed addresses. Rejection, or other refusal by the addressee to accept, or the inability of the courier service, or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

(c) Payments and Notices to the Consultant shall be made to:

Geosyntec Consultants, Inc.
900 Broken Sound PKWY, NW, Suite 200
Boca Raton, FL 33487

(d) Invoices to the County shall be sent to: Notices to the County shall be sent to:

Escambia County Waste Services Department	County Administrator
13009 Beulah Rd.	P.O. Box 1591
Cantonment, Florida 32533	Pensacola, Florida 32597-1591
Attn: Pat Johnson	Attn: Janice P. Gilley

ARTICLE 6
ADDITIONAL SERVICES AND CHANGES IN SCOPE OF WORK

6.1 The County or the Consultant may request changes that would increase, decrease, or otherwise modify the Scope of Work to be provided under this Agreement. Such changes must be in accordance with the procurement policies of the County and must be contained in a written amendment, executed by the parties thereto, with the same formality and of equal dignity prior to any deviation from the terms of this Agreement, including the initiation of any extra work.

ARTICLE 7
COUNTY'S RESPONSIBILITIES

7.1 The County shall furnish to the Consultant, as required for performance of the Consultant's basic services, all available data prepared by or the result of the services of others, including without limitation (as may be appropriate): building plans and related drawings, core borings, probings, and subsurface explorations, hydraulic surveys, laboratory tests, and inspections of samples, materials, and equipment, appropriate professional interpretations of all of the foregoing; environmental assessments and impact statements, appropriate professional interpretations of all of the foregoing; property boundary, easement, rights-of-way, topographic and utility surveys; property descriptions; zoning, deed, and other land use restrictions; and any other special data or consultations relating to this Project.

7.2 The County shall arrange for access to and make all provisions for the Consultant to enter upon public and private property as required for the Consultant to perform its services.

7.3 Within a reasonable time so as not to delay the services of the Consultant, the County shall examine all studies, reports, sketches, drawings, specifications, proposals, and other documents presented by the Consultant, obtain advice of an attorney, insurance counselor, or other Consultants, as the County deems appropriate, for such examinations and the rendering, if required, of written opinions pertaining thereto.

7.4 The County shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.

7.5 The County shall give prompt written notice to the Consultant whenever the County observes or otherwise becomes aware of any development that affects the scope of timing of the Consultant's services, or any defect in the work of the Consultant.

ARTICLE 8
CONSULTANT'S RESPONSIBILITIES

8.1 QUALITY OF SERVICES:

(a) The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished pursuant to this Agreement.

(b) To that end, the Consultant shall correct or shall revise, without additional compensation, any errors or omissions in its work product or shall make such revisions as are necessary as the result of the failure of the Consultant to provide an accurate,

more efficient, and properly constructable product in its designs, drawings, specifications, or other services.

(c) The County's review/approval/acceptance of or payment for the services required by this Agreement shall NOT be construed to operate as a waiver of any rights or of any cause of action arising out of the performance of this Agreement. Additionally, the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(d) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies otherwise provided by law.

8.2 CONSULTANT PROFESSIONAL REGISTRATION AND CERTIFICATION:

(a) The design services provided to the County by the Consultant shall be certified by professional consultants registered to practice and in good standing in the State of Florida. Any project inspection services also shall be reviewed and shall be approved by such professional consultants.

(b) The survey services provided to the County by the Consultant shall be certified by professional land surveyors registered to practice and in good standing in the State of Florida.

(c) Permit applications to State and Federal agencies prepared by the Consultant shall be signed and shall be sealed by the Consultant, as the project's Consultant of Record. For all such permit applications, post-construction certification also shall be made by the Consultant to the appropriate State or Federal permitting agency.

ARTICLE 9
GENERAL PROVISIONS

9.1 OWNERSHIP OF DOCUMENTS:

(a) Drawings, specifications, design, models, photographs, reports, surveys, and other data, including intellectual property of any type or description, produced by the Consultant in connection with this Agreement are and shall remain the property of the County whether the Project for which they were made is completed or not. Such ownership also shall include any electronic files developed or created of such documents.

(b) When such documents are provided to other parties, the Consultant shall ensure return of the County’s property by collecting, if appropriate, a deposit equal to the cost of reproduction. Such deposit shall be returned if the documents are timely returned in a useable condition. Otherwise, such deposit shall be retained by the Consultant.

9.2 TERMINATION:

(a) This Agreement may be terminated by either party for cause, or by the County for convenience, upon fourteen (14) days written notice by the terminating party to the other party of such termination in which event the Consultant shall be paid its compensation for services performed to termination date, including all reimbursable expenses then due or incurred to the date of termination.

(b) Termination for cause shall include, but not be limited to, misuse of funds, fraud, lack of compliance with applicable rules, laws, regulations, and ordinances, and failure to perform in a timely manner any provision of this Agreement.

(c) In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages. If the Consultant abandons this Agreement or causes it to be terminated, the Consultant shall indemnify the County against any loss pertaining to this termination up to a maximum of 1.3 times the full contracted fee amount of the Project. All finished or unfinished documents, data, studies surveys, drawings, maps, models, photographs, and reports prepared by the Consultant shall become the property of the County and shall be immediately delivered by the Consultant to the County.

(d) Vendor suspension or debarment proceedings brought by County pursuant to Chapter 46, Article II, Division 2, Section 46-102, Escambia County Code of Ordinances, shall be grounds for immediate termination of this Agreement.

9.3 RECORDS:

(a) The Consultant shall keep such records and accounts and shall require any subcontractors to keep records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to this engagement and any expenses for which the Consultant expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by the County, and shall be kept for a period of three (3) years after the completion of all work to be performed pursuant to this Agreement. Incomplete or incorrect entries in such books and records will be grounds for disallowance by the County of any fees or expenses based upon such entries.

(b) The Consultant acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. The Consultant shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. The Consultant shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Consultant agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Consultant fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any right or remedy and after giving the Consultant and its surety, if any, seven (7) days written notice, during which period the Consultant still fails to allow access to such documents,

terminate the employment of the Consultant. In such case, the Consultant shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Consultant (excluding monies owed the Consultant for subcontractor work).

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

9.4 NO CONTINGENT FEES: The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Consultant any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate the Agreement without liability and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

9.5 SUBCONTRACTORS: The County approves the use of subcontractors by the Consultant. In the event the Consultant, during the course of the work under this Agreement, requires the services of any subcontractors or other professional associates in connection with services covered by this Agreement, it must secure the prior written approval of the County for employment of such subcontractors.

9.6 ASSIGNMENT: This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Consultant, without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

9.7 HOLD HARMLESS AND INDEMNIFICATION OF COUNTY:

The Consultant agrees to hold harmless and indemnify the County and its agents, officers, and employees from all liabilities, damages, losses, and costs, including attorneys' fees and paralegals' fees, incurred by County to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Consultant, or by any other person for whom the Consultant is legally liable. Consultant's obligation as provided herein shall be limited to its proportionate share of liability to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person,

firm or corporation to whom any portion of the Work is subcontracted by Consultant, and Consultant shall not be required to indemnify and hold harmless County where County's negligence, recklessness, or intentional wrongful misconduct is determined by a court of competent jurisdiction to be the sole cause of its liabilities, damages, losses and costs, including attorney's and paralegal fees.

County and Consultant agree one percent (1%) of the Contract Amount paid by County to Consultant shall be given as separate consideration for this indemnification, and any other indemnification of County by Consultant provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Consultant by Consultant's acceptance and execution of the Agreement.

Consultant agrees that such indemnification by the Consultant relating to any matter which is the subject of this Agreement shall extend throughout the term of this Agreement and any statutes of limitations thereafter. The Consultant's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9.8 INSURANCE: The Consultant is required to carry the following insurance:

(a) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(b) Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Professional Liability coverage with $1,000,000 minimum limit, except where the estimated construction contract price for the project described in the Agreement is greater than $5 Million dollars, the minimum limit of professional liability coverage shall be equal to 25% of the estimated construction contract price for the project. Said coverage shall be continuously maintained and in effect for a period of not less than **five (5) years** from the effective date of this Agreement. The policy limit of liability shall not include legal fees and other defense costs. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the effective date of this Agreement and shall not be advanced.

If at any time during the aforementioned policy period there should be a cancellation, non-renewal, or lapse in coverage, professional liability coverage shall be extended for the remainder of the five year period with a supplemental extended reporting period (SERP) endorsement to take effect upon expiration of the policy period referenced above. The limits of liability applicable to the SERP coverage shall be equal to the limits of liability applicable to the policy referenced above and to which the endorsement attaches.

(d) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

(e) It is understood and agreed by the parties that in the event that the Consultant, as defined in Section 1.2, consists of a joint venture, partnership, or other association of

professional or business firms, each such firm shall be required to individually carry the above cited coverages.

(f) All liability coverage shall be through carriers admitted to do business in the State of Florida. Carriers shall be a minimum financial size of VII, according to the latest edition of the A.M. Best Key Rating Guide. An A or better Best Rating is referred; however, other ratings if "Secure Best Ratings" may be considered. Liability policies shall be underwritten on the occurrence basis, except the professional and environmental impairment coverage may be provided on a claims made basis. Escambia County and the Board of County Commissioners shall be "additional insured's" on all liability policies (except professional liability). Certificates of insurance shall be provided to Paul Nobles, Purchasing Manager, 213 Palafox Place, Pensacola, Florida 32502 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days notice of cancellation. Escambia County and the Board of County Commissioners also shall be the certificate holders.

9.9 REPRESENTATIVE OF COUNTY AND CONSULTANT:

(a) It is recognized that questions in the day-to-day conduct of the Project will arise. The Contract Administrator, upon request by the Consultant, shall designate and shall advise the Consultant in writing, persons to whom all communications pertaining to the day-to-day conduct of the Project shall be addressed.

(b) The Consultant shall inform the Contract Administrator in writing of the representative of the Consultant to whom matters involving the conduct of the Project shall be addressed.

9.10 ALL PRIOR AGREEMENTS SUPERSEDED:

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

9.11 TRUTH-IN-NEGOTIATION CERTIFICATE: The signing of this Agreement by the Consultant shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such contract adjustments shall be made within one (1) year following the end of this Agreement.

9.12 HEADINGS: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

9.13 GRATUITIES: Neither the Consultant nor any of its employees, agents, and representatives shall offer or give to an officer, official, or employee of the County gifts, entertainment, payments, loans, or other gratuities. The Consultant acknowledges knowledge of the State of Florida's ethics statutes and to the extent applicable to the Consultant, the Consultant agrees to abide with such statutes.

9.14 CONFLICT OF INTEREST: The Consultant hereby certifies that it will completely disclose to the County all facts bearing upon any possible conflicts, direct or indirect, with its performance which it believes that any officer, employee, or agent of the Consultant now has or will have. Said disclosure shall be made by the Consultant contemporaneously with the execution of this Agreement and at any time thereafter that such facts become known to the Consultant. The Consultant at all times shall perform its obligations under this Agreement in a manner consistent with the best interests of the County. Failure to abide by this section shall result in the immediate termination of this Agreement pursuant to Chapter 46, Article II, Division 4 of the Escambia County Code of Ordinances.

9.15 SURVIVAL: All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

9.16 GOVERNING LAW: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is a subject of this Agreement shall be in the County of Escambia.

9.17 INTERPRETATION: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Consultant discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Consultant shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

9.18 SEVERABILITY: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

9.19 COMPLIANCE WITH LAWS: The Consultant shall keep fully informed regarding and shall fully and timely comply with all current laws and future laws that may affect those engaged or employed in the performance of this Agreement. Without limiting the generality of the foregoing, the Consultant shall observe all rules and regulations of federal, state, and local officials relating to the subject matter of this Agreement.

9.20 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

9.21 PARTICIPATION IN OTHER PROCEEDINGS: At the County's request, the Consultant shall allow itself to be joined as a party in any legal proceeding that involves the County regarding the design, construction, or installation of any matter which is the subject of this Agreement. This provision is for the benefit of the County and not for the benefit of any other party.

9.22 FURTHER DOCUMENTS: The parties shall execute and deliver all documents and perform further actions that may reasonably necessary to effectuate the provisions of this Agreement.

9.23 NO WAIVER: The failure of the Consultant or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the respective dates under each signature: Escambia County, Florida through its Board of County Commissioners, signing by its County Administrator, duly authorized to execute this Agreement through the express delegation of authority set forth in Chapter 46, Article II of the Escambia County Code of Ordinances, and Geosyntec Consultants, Inc., signing by and through its President, duly authorized to execute same.

COUNTY:
ESCAMBIA COUNTY, FLORIDA, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

Subject: Proposal for 2020 Groundwater Reporting and Additional Services
Four Landfill Sites, Escambia County, Florida

Dear Mr. Johnson:

Pursuant to your request, Geosyntec Consultants (Geosyntec) is submitting this Task Order proposal to the Escambia County Waste Services Department (ECWSD) to prepare up to eleven semi-annual monitoring reports on behalf of ECWSD for the spring and fall 2020 events and prepare two technical reports to meet specific permit requirements for the Beulah Landfill monitoring and Perdido Landfill Corrective Action Program (CAP). The remainder of this proposal is organized to provide the following information: (i) proposed scope of work; (ii) proposed schedule; and (iii) budget estimate.

SCOPE OF WORK

Tasks 1 through 5: Spring and Fall 2020 Semi-Annual Reports

Geosyntec will prepare spring and fall 2020 semi-annual water quality reports for Perdido Landfill (Task 1), Beulah Landfill (Task 2), Beulah RAP Annual (Task 3), Klondike Landfill (Task 4), and Saufley Landfill (Task 5). It has been assumed that ECWSD will provide Geosyntec the data in an electronic data deliverable (EDD) format from the analytical laboratory. The semi-annual monitoring reports will include a summary of groundwater and surface water results consistent with the reports submitted under this program since 2015. Documents for regulatory submittals developed by Geosyntec undergo a rigorous internal peer and senior review process prior to submittal to ESWSD. A draft of the document will be provided to ECWSD electronically for review. Geosyntec will incorporate ECWSD's comments and finalize the document. The document will be signed and sealed by a registered Professional Geologist in the State of Florida. The final report will be provided as an electronic copy to FDEP and ECWSD. These semi-annual reports are due to FDEP on 1 June and 1 December 2020 and it has been assumed that Escambia County Water Quality and Land Management Department (ECWQLM) will provide the field sheets and calibration reports to Geosyntec at least 45 days in advance of the regulatory deadline and laboratory data to Geosyntec at least 30 days in advance of the regulatory deadline. A technical review will be performed to confirm that these field and laboratory reports have been completed in accordance with their respective regulatory permits.

As part of this scope, Geosyntec will complete the following activities for each report:

- Verify that the field data collected by ECWQLM is reported accurately (by checking field forms provided by ECWQLM and associated lab reports).
- Develop a potentiometric surface map for each site to provide a hydrogeologic interpretation of groundwater flow. The potentiometric surface maps will be signed and sealed by a Florida licensed Professional Geologist and state that "the potentiometric surface map was prepared under my supervision". It has been assumed that two potentiometric surface maps will be developed for the groundwater monitoring under the Perdido Landfill solid waste permit and one potentiometric surface map will be generated for each of the other monitoring programs.
- Prepare standard data tables, field forms, and lab reports and incorporate into semi-annual report for FDEP submittal.

Task 6: Preparation of Five-Year Technical Report for Beulah Landfill

Under this task, Geosyntec will prepare the Five-Year Technical Report for the Beulah Landfill, as required by the long-term care permit for the site. The report will summarize data from 2016 to 2020 and will include: (i) tabular and graphical displays of water quality data and detections; (ii) trend analyses using ESdat environmental data management software of monitoring parameters consistently detected; (iii) comparisons among shallow, middle, and deep zone wells; (iv) comparisons between background water quality and the water quality in detection and compliance wells; (v) correlations between related parameters; (vi) discussions of erratic and/or poorly correlated data; (vii) interpretations of groundwater contour maps, including an evaluation of groundwater flow rates; and (viii) evaluation of the adequacy of the water quality monitoring frequency and sampling locations based upon Site conditions.

The laboratory data from the 2016 to 2020 timeframe will be requested from TestAmerica Laboratories and ENCO as electronic files in our site-specific database format. It is our understanding that it will take up to four weeks to receive the electronic data from the laboratories. Once received, Geosyntec will incorporate the electronic data into the site-specific database and prepare the report. An electronic draft of the document will be provided to the County for review. Geosyntec will incorporate the County's comments and finalize the document. The document will be signed and sealed by a registered Professional Geologist in the State of Florida. The final report will be provided as one electronic copy to FDEP and the County.

Task 7: Preparation of 2020 Annual Technical Report for Perdido CAP

As required by FDEP, Geosyntec will prepare the annual technical report for the Perdido CAP for submittal to FDEP by the required due date. It has been assumed that ECWSD will provide Geosyntec

the data in an EDD format from the analytical laboratory. The technical report will include a summary of historic groundwater results, as well as interpretations and conclusions for the data, consistent with the reports submitted under this program since 2015. A draft of the document will be provided to ECWSD electronically for review. Geosyntec will incorporate ECWSD's comments and finalize the document. The document will be signed and sealed by a registered Professional Geologist in the State of Florida. The final report will be provided as an electronic copy to FDEP and ECWSD.

Task 8: Meetings

Under this task, Geosyntec has included budget to prepare for and attend up to two meetings related to the scope under this project and to obtain potentially relevant data from ECWSD. It has been assumed that the meetings will be with ECWSD, ECWQLM, and/or FDEP.

Task 9: Ongoing Support

Under this task, Geosyntec will provide ongoing project support related to groundwater monitoring and water quality reporting for the Perdido Landfill, Beulah Landfill, Saufley Landfill, and/or Klondike Landfill. Activities under this task may include: (i) ongoing regulatory negotiation and support; (ii) project support for groundwater activities; (iii) responding to communications from FDEP staff; (iv) responding to requests for information from ECWSD or ECWQLM; (v) researching historical data or historical reporting questions; (vi) responding to FDEP comments on submitted documents to meet regulatory requirements; (vii) correspondence and field training activities with ECWQLM; (viii) developing an electronic management system for permits; and/or (x) developing a streamlined field data entry platform.

SCHEDULE

Geosyntec will initiate the tasks described in this proposal upon receipt of the ECWSD's authorization of this Task Order. Geosyntec will prepare the eleven documents described herein to meet the FDEP deadlines. It has been assumed that ECWQLM will provide applicable field sheets and calibration reports to Geosyntec at least 45 days in advance of the regulatory deadline and laboratory data to Geosyntec at least 30 days in advance of the regulatory deadline. The draft technical reports will be submitted to ECWSD for review prior to submittal to FDEP.

BUDGET

Geosyntec will perform the above scope of work on a lump sum basis. A budget estimate for the scope of work outlined in this proposal is summarized below. If this proposal is acceptable, please provide an executed Task Order and return to my attention at your earliest convenience.

Task 1: Preparation of Spring and Fall 2020 Semi-Annual Reports - Perdido Landfill	$10,400
Task 2: Preparation of Spring and Fall 2020 Semi-Annual Reports - Beulah Landfill	$8,600
Task 3: Preparation of 2020 Annual Report - Beulah RAP Landfill	$5,800
Task 4: Preparation of Spring and Fall 2020 Semi-Annual Reports - Klondike Landfill	$9,200
Task 5: Preparation of Spring and Fall 2020 Semi-Annual Reports - Saufley Landfill	$9,200
Task 6: Beulah Five-Year Technical Report	$19,700
Task 7: Perdido CAP Annual Technical Report	$18,200
Task 8: Meetings	$4,200
Task 9: Ongoing Support	$11,100
TOTAL	**$96,400**

CLOSURE

Geosyntec is prepared to initiate work on this scope of services immediately upon authorization from ECWSD. As always, we appreciate the opportunity to work with you and Escambia County. If you have any questions, please do not hesitate to call.

Sincerely,

Mollie Taylor
Scientist

Jill W. Johnson, P.G.
Principal Geologist

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17599 **County Administrator's Report 14. 24.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Contract Award for Perdido Landfill, Phase 2 , Landfill Mining
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Contract Award for Perdido Landfill, Phase 2, Landfill Mining - Patrick T. Johnson, Waste Services Department Director, through Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action:

A. Approve and authorize the County Administrator to sign the Agreement between Escambia County, Florida, and Thalle Construction Company, Inc., per the terms and conditions of PD 18-19.107, Perdido Landfill, Phase 2, Landfill Mining, in the amount of $7,612,711; and

B. Approve the remaining budget of $387,289 for contingency funding for similar and/or related tasks.

Vendor/Contractor	Amount	Contract Number
Fund 401, Solid Waste Fund; Cost Center 230315, Solid Waste Projects; Object Code 56301, Improvements Other Than Buildings	$7,612,711	PD 18-19.107

A Request for Proposals for PD 18-19.107, Perdido Landfill, Phase 2 , Landfill Mining was publicly noticed to 149 firms via Vendor Registry on November 19, 2019. Three firms submitted Technical Responses on January 2, 2020. All three firms were deemed responsive to the technical requirements. Fee Proposals were opened on February 14, 2020.

BACKGROUND:

A Request for Proposals for PD 18-19.107, Perdido Landfill, Phase 2, Landfill Mining was publicly noticed to 146 firms via Vendor Registry on November 19, 2019. The solicitation was viewed by 51 firms. Technical Proposals were received from three firms on January 2, 2020, and fee proposals on January 24, 2020. Thalle Construction Company, Inc., was deemed to be the most qualified and responsible firm with the lowest total cost.

Background narrative for Landfill Mining Project Management and CQA Services by Patrick Johnson, Director, Waste Services Department:
With respect to meeting future waste disposal capacity needs for Escambia County, Initial Assessment and Feasibility studies were conducted in 2005/2007 to explore landfill mining to extend the life of the existing landfill while upgrading unlined portion of the site to the current EPA Subtitle D criteria. Studies accounted for:

- net airspace gained
- cost benefit analysis comparison to development of new green space
- existing groundwater contamination liability
- existing site infrastructure
- increased horizontal and vertical cell construction footprint
- final closure costs reductions
- recovery/beneficial reuse of existing final cover soil
- recovery/beneficial reuse of in-place clay soils from previous trench fill operation
- beneficial reuse of screened waste for daily cover
- methane recovery

Studies indicated mining could be more cost effective than developing a new landfill on new green space. On 8/16/07, the BCC awarded contract for $360,815.42 to provide site investigations to collect specific waste and soil composition data relative to landfill mining. On 12/13/07, the BCC awarded contract for a three-acre pilot landfill mining for $530,000.00 to perform actual mining activity to evaluate the technical and economic feasibility of a full-scale waste mining. Pilot study indicated a large amount of final cover soil was available for reuse. No significant odors, no leachate or hazardous waste was encountered. Daily cover soil was generated in sufficient quantities. On 8/6/2009, BCC awarded contract for Phase I mining for $4,623,981.97. Phase I mining resulted in approximately 485,120 in-place cubic yards of waste mined from 16.9 acres. Actual project cost was $3.09 million over a 25-month duration. Approximately 386,600 cubic yards of airspace was recovered. Considering the increased compaction and recovered airspace from the removal of final cover soils, the total net airspace gained for Phase II Landfill Mining will be approximately 392,000 tons of waste.

BUDGETARY IMPACT:

Funding: Fund 401 Solid Waste Fund; Cost Center 230315, Solid Waste Projects; Object Code 56301, Improvements Other Than Buildings

LEGAL CONSIDERATIONS/SIGN-OFF:

Attorney Standard form of Agreement, Form D: Paving/Drainage

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is in compliance with the Code of Ordinances of Escambia County, Florida 1999, Chapter 46, Finance, Article II, Purchases and Contracts.

IMPLEMENTATION/COORDINATION:

The Office of Purchasing will issue the Agreeement, as well as the Purchase Order.

How To Submit Your Proposal

- Please review this document carefully. Offers that are accepted by the county are binding contracts. Incomplete proposals are not acceptable. All documents and submittals shall be received by the office of purchasing on or before date and hour for specified for receipt. Late proposals will be returned unopened.

One (1) original and one (1) electronic (CD or memory stick is acceptable) copies of the following documents shall be included with the proposal:

- Information Required from Proposer
  - Technical Proposal Format and Content
  - Transmittal Letter
  - Company Experience and Financial Capacity
  - Similar Project Experience
  - Project Understanding and Implementation Methodology
  - Team Qualifications
  - References from Past Project Owners
  - Appendix A
  - Cost Proposal
- Statements and Documentation
  - Sworn Statement Pursuant to Section 287.133 (3)(a), Florida Statutes, on Entity Crimes
  - Drug-Free Workplace Form
  - Information Sheet for Transactions and Conveyances and Corporate Identification

The Following Submittals Are Required Upon Notice of Award:

- Certificate of Insurance
- Performance & Payment Bonds

Before You Submit Your Proposal, Have You:

- Placed your proposal with all required submittal items in a sealed envelope clearly marked for specification number, project name, name of proposer, and due date and time of proposal receipt?

This form is for your convenience to assist in filling out your proposal only.
Do not return with your proposal

Figure 4 Proposed Grading Plan

PD 18-19.107, Landfill Mining, Perdido Landfill

PART A SUMMARY

The Escambia County Waste Services Department (WSD) owns and operates the Perdido Landfill. The WSD intends to excavate the final cover soil and municipal solid waste (MSW) from portions of the unlined cell of Perdido Landfill, to screen the excavated MSW for recovery of soil and compost-like material referred herein as (reclaimed soil), and to transport and dispose of the screened MSW in the active lined cell or other area designated by at the same site. The process of excavating and processing waste from the landfill is commonly referred to as landfill mining or landfill reclamation. The WSD intends to complete the mining of unlined cells at the Perdido Landfill in separate phases. The WSD is interested in contracting out the following elements of the Phase II landfill mining project to a qualified contractor: excavation of the final cover soil and waste in the target area; the screening of the waste to recover the reclaimed soil; transportation of the screened MSW and soil to designated disposal or stockpile areas on site; control of leachate and stormwater; control of odor, dust and litter; and the overall coordination of the project activities with the WSD.

The WSD estimates that approximately 220,000 cubic yards of the final cover soil would need to be excavated and stockpiled, and approximately 300,000 cubic yards of the MSW (including soil) would need to be excavated and screened for the Phase II project. Quantities are based on the current information available and the total volume and distribution (quantity of waste versus quantity of soil) of material excavated from the Phase I full- scale mining project, however, actual quantities of cover soil and waste to be excavated may vary from these estimates. The contractor shall complete the landfill mining within a period of eighteen (18) months from notice to proceed.

PART I GENERAL INFORMATION

1-1 PURPOSE

The Board of County Commissioners of Escambia County is seeking the services of a qualified contractor for mining of a portion of the unlined landfill cells at the Perdido Landfill.

1-2 OBJECTIVE

The primary objective of the Request for Proposal (RFP) is the selection of the most responsive and responsible contractor to conduct landfill mining of a portion of the unlined cells at the Perdido Landfill. WSD will use a two-step evaluation process to select the contractor. In the first step, WSD will select proposer(s) based on evaluation of the technical proposals submitted by the interested parties. The technical proposals will be evaluated based on the criteria listed in Part III of this RFP. WSD will evaluate the cost proposals (submitted with after the technical proposal) of the proposers only in the second step.

An award, if made, will be made to the lowest most responsible and responsive approved proposer (hereinafter referred as the *contractor*) whose proposal (technical and cost) is the most advantageous to SOLID WASTE MANAGEMENT. The award, if made, will be made either for the preferred option or an alternate option whichever is deemed most advantageous to the County.
Proposers may also propose alternative solutions to achieve the requirements of the scope of services. Alterative proposals only from those proposers completing the RFP submittal requirements will be considered for evaluation.

1-3 ISSUING OFFICER

The contracting agency shall be the Escambia County Board of Commissioners, c/o the

Office of Purchasing, P.O. Box 1591, Pensacola, Florida, 32597-1591. The project Director shall be Pat Johnson, Director of Waste Services. The liaison officer shall be Brent Schneider, Engineering, Escambia County Department of WSD.

1-4 CONTRACT CONSIDERATION

It is expected that the contract shall be a combination of a unit-price contract and a lump sum contract. The contractor shall be paid a lump sum for mobilization and demobilization, and for environmental controls such as leachate and stormwater management, dust control, and litter control, and paid for the actual quantity of the final cover soil and waste excavated, screened, transported/stockpiled based on the negotiated unit price.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most qualified, responsive and responsible proposer.

1-6 INQUIRIES

All submitters or individuals acting on behalf of submitters are hereby prohibited from lobbying or otherwise attempting to persuade or influence any member of the Escambia County Board of County Commissioners or any member of the selection committee at any time during the solicitation process. Failure to comply with this procedure will result in rejection/disqualification of said submittal without exception.

All submitters or individuals acting on behalf of submitters are further prohibited from contacting or otherwise attempting to communicate with any member of the relevant Selection Committee regarding the pending solicitation or its outcome until after the committee has arrived at a recommendation of the most qualified submitter. Until such recommendation is disclosed, any contact with the Selection Committee shall be channeled through the Office of Purchasing. Failure to comply with this procedure will result in rejection/disqualification of said submittal without exception.

For questions and additional information, contact:

Lawrence A. Gordon
Purchasing Specialist
Escambia County Office of Purchasing
213 Palafox Place
2nd Floor, Matt Langley Bell III Building
Pensacola, FL 32502
Phone: 850-595-4987
Email: Lagordon@myescambia.com

1-7 ADDENDA

Should a Submitter find discrepancies in the proposal documents, or should he be in doubt as to the meaning or intent of any part thereof, he/she must, no later than seven (7) working days prior to the proposal due date, request clarification in writing from the Office of Purchasing, which may, as required issue a written addendum to the proposal. Requests shall include the RFP name.

Oral explanations or instructions with respect to the RFP will not be binding; only written addenda shall be relied upon. Any addenda resulting from these requests will be E-Mailed to all listed holders of the RFP no later than five (5) calendar days prior to the proposal due date.

Any addendum / amendments to the RFP must be acknowledged with submission of the proposal.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

A. Mailing date of proposals Tuesday, November 19, 2019

B. Non-Mandatory pre-proposal conference & Walk-thru
Tuesday, November 26, 2019

C. Technical Proposals due date
Wednesday, December 11,2019

D. Review of proposals Thursday December 18, 2019

E. Fee Proposals due Monday, January 6, 2019

F. Board of County Commissioners approval
Thursday, February 6, 2020

The landfill office is located at 13009 Beulah Road, Cantonment, Florida 32533. If a site visit is required to familiarize proposers with the site. Prospective proposers must contact Brent Schneider at (850-937-2197) in order to schedule a visit.

1-9 PROPOSAL CONTENT AND SIGNATURE

All submissions to be considered shall be in the possession of the Office of Purchasing prior to the time of the receipt. Submissions may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32501, in a sealed envelope clearly marked:

Specification Number PD 18-19.107, Landfill Mining Project, Name of Submitting Firm, Time and Date Due.
Note: If proposal is mailed using a courier service (Federal Express, Airborne, UPS etc.), the outside of the airbill and envelope or box shall be marked with Specification Number and Project Name.

Proposers desiring to provide on the above referenced project shall submit one (1) original Technical Proposal with manual signature and one (1) electronic copies (CD or memory data stick acceptable) of their Technical Proposal containing all the requested information by December 11, 2019 2: P.M., CDT. Submittals received after the above time and/or date shall not be accepted or considered. No exceptions will be made.

All information requested must be provided. Submittals which are substantially incomplete, or lack key information may be rejected by the County at its discretion.

1-10 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All proposers shall provide a straightforward and concise description of their ability to meet the RFP requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational.

1-11 PRIME CONTRACT RESPONSIBILITIES

The contractor shall be required to assume responsibility for all services offered in his proposal. The contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract. The contractor shall not employ services of any subcontractor, person or organization without the county's approval.

1-12 DISCLOSURE

All information submitted in response to this RFP shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

1-13 DELAYS

The Project Director reserves the right to delay scheduled due dates if it is to the advantage of the project.

1-14 WORK PLAN CONTROL

Control of the work plan to be developed under the RFP shall remain totally with the Escambia County Board of Commissioners.

PART II INFORMATION REQUIRED FROM PROPOSER

ALL INITIAL PROPOSALS SHALL INCLUDE THE FOLLOWING AS PART OF THE TECHNICAL PROPOSAL

2-1 TECHNICAL PROPOSAL FORMAT AND CONTENT

The County discourages overly lengthy and costly proposal. In order for the County to evaluate proposals fairly and completely, proposers should follow the format set out herein and provide all of the information requested.

Technical proposal format and content shall conform to the outline and section set forth in the table below. The technical proposal shall contain the sections described below and the sections shall be placed in the order shown below. Each section shall be clearly labeled and separated by tabs. A proposer's failure to include these items in their proposals may cause their proposal to be determined to be non-responsive and the proposal may be rejected.

A description of the content of each section is presented later in this Part of the RFP.

Section No.	Section Title	Details presented in Section
1	Transmittal Letter	2-2
2	Table of Content	
3	Company Experience and Financial Capacity	2-3
4	Similar Project Experience	2-4
5	Project Understanding and Implementation Methodology	2-5
6	Team Qualifications	2-6
7	References from Past Project Owners	2-7
8	Appendix A (optional)	2-8
9	Cost Proposal (in a sealed envelope)	2-9

2-2 TRANSMITTAL LETTER

The Transmittal Letter shall be prepared on the letterhead of the firm that would execute the agreement with the County. The letter, at the least, shall contain the following information:

- Profile of Submitter
  - Brief history of firm including year first organized
  - Organizational structure, (e.g. LLC, Corp., Partnership, etc.)
  - State of incorporation
  - Number of years in business under present name
  - Corporate officers
  - Major shareholders/partners

- Corporate Identification
  - Complete name and address of the firm
  - Mailing address

- Contact
  - Name
  - Telephone number
  - Fax number
  - Email address

- A statement of proposer(s) interest and commitment to execute the project and compliance with all the provisions including implementation schedule set forth in this RFP.

- A statement noting receipt of each addenda and the associated receipt date.

- The letter shall be signed by a company officer empowered to bind the company.

PART III CRITERIA FOR SELECTION

The County will appoint a selection committee to review and evaluate submitted proposals. The factors to be considered in the evaluation of proposal are listed below.

No.	Step 1 Criteria	Points
1.	Company Experience and Financial Capacity	15
2.	Similar Project Experience	15
3.	Project Understanding and Proposed Implementation Methodology	20
4.	Team Qualification	20
5.	References from Past Project Owners	10
	Step 2 Criteria	
1.	Cost Proposal	20

PART IV 4-1 *SCOPE OF WORK*

SUMMARY

The Escambia County Waste Services Department (WSD) owns and operates the Perdido Landfill. The WSD intends to excavate the final cover soil and municipal solid waste (MSW) from portions of the unlined cell of Perdido Landfill, to screen the excavated MSW for recovery of soil and compost-like material referred herein as (reclaimed soil), and to transport and dispose of the screened MSW in the active lined cell or other area designated by at the same site. The process of excavating and processing waste from the landfill is commonly referred to as landfill mining or landfill reclamation. The WSD intends to complete the mining of unlined cells at the Perdido Landfill in separate phases. The WSD is interested in contracting out the following elements of the Phase II landfill mining project to a qualified contractor: excavation of the final cover soil and waste in the target area; the screening of the waste to recover the reclaimed soil; transportation of the screened MSW and soil to designated disposal or stockpile areas on site; control of leachate and stormwater; control of odor, dust and litter; and the overall coordination of the project activities with the WSD.

The WSD estimates that approximately 220,000 cubic yards of the final cover soil would need to be excavated and stockpiled, and approximately 300,000 cubic yards of the MSW (including soil) would need to be excavated and screened for the Phase II project. Quantities are based on the current information available and the total volume and distribution (quantity of waste versus quantity of soil) of material excavated from the Phase I full- scale mining project, however, actual quantities of cover soil and waste to be excavated may vary from these estimates. The contractor shall complete the landfill mining within a period of eighteen (18) months from notice to proceed.

COST PROPOSAL

The proposer shall use the line items and units presented in the table below for the cost proposal. No other task or unit shall be substituted or added. Proposer's unit cost ($/ in-place cubic yard) shall include all direct and indirect costs associated with the performance of this contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit. The WSD reserves the right to request further breakdown of the proposed cost. The proposers shall provide details on the proposed cost when requested by the WSD.

Item	Details Presented in Section	Cost Basis
Mobilization/Bonds/Insurance Note: Mobilization/Demobilization- the contractor shall be responsible for the mobilization and demobilization of equipment throughout the project due to changes in the mining strategy to accommodate the site's operation needs. No additional mobilization or demobilization cost shall be added to the contract.	4.0	Lump sum
Final cover soil excavation, transportation and stockpiling	1.0 - 2.1	Unit price ($/in- place cubic yard)
Excavation, and loading excavated waste onto screen	2.1	Unit price ($/in- place cubic yard)
Waste Screening	2.3	Unit price ($/in- place cubic yard)
Transportation of the screened waste to the working face of the active lined cell	2.1	Unit price ($/in- place cubic yard)
Transportation and stockpiling of the reclaimed soil recovered by waste screening	2.5 – 2.8	Unit price ($/in- place cubic yard)
Excavation and transportation of the excavated waste to the active lined cell (without screening)	2.1	Unit price ($/in- place cubic yard)
Bermed soil excavation, transportation, and stockpiling (without screening).	2.6	Unit price ($/in- place cubic yard)
Maintenance of the final cover soil stockpiles	2.0 – 2.1	Lump sum
Maintenance of the reclaimed soil stockpile	2.1	Lump sum
Regulated asbestos containing waste spotting and sorting	2.9-2.10	Unit price ($/in- place cubic yard)
Regulated asbestos containing waste bagging and transportation to active lined cell	2.10	Unit price ($/in- place cubic yard)
Prohibited waste spotting and sorting (excluding hazardous waste)	2.11	Unit price ($/in- place cubic yard)
Hazardous waste spotting, sorting, and transportation to an on-site containment pad supplied by the WSD	2.12	Unit price ($/in- place cubic yard)
Area restoration	2.13	Unit price ($/acre)
Leachate and stormwater runoff control	2.14	Lump sum
Odor control	2.15	Lump sum
Dust control	2.16	Lump sum

Litter control	2.17	Lump sum
Demobilization Note: Mobilization/Demobilization- the contractor shall be responsible for the mobilization and demobilization of equipment throughout the project due to changes in the mining strategy to accommodate the site's operation needs. No additional mobilization or demobilization cost shall be added to the contract.	4.0	Lump sum
Construction of stormwater diversion berms and let down structures	2.14	Lump sum
Additional Excavation, Waste Screening and Transportation	2.1, 2.3	Unit Pricing

METHOD OF PAYMENT

For final cover soil excavation and mined waste excavation, the contractor will be paid for the actual surveyed in- place quantities which will be determined based on the surveys conducted throughout the project. In-place quantity surveys shall be performed by a third-party surveyor (licensed and registered in the State of Florida) employed by WSD. The WSD will provide the in-place volume estimates to the contractor after each topographic survey. The contractor may hire their own third-party surveyor (licensed and registered in the State of Florida) to confirm the volumes estimated by the WSD.

During months when survey data are not available, the volumes of mined in-place waste and/or excavated final cover soil volumes will be estimated utilizing truckload counts to approximate material volumes for contractor payment. The volume of excavated final cover soil will be estimated by multiplying the number of final cover soil truckloads by the manufacturer-specified truck capacity (tailgate heaped volume or heaped volume). This number will then be divided by a swell factor of 1.6 to approximate the total in-place volume excavated of all material categories except the final cover soil. For the final cover soil, truckload count will be multiplied by the manufacturer-specified truck capacity (tailgate heaped volume or heaped volume) and then divided by a swell factor of 1.3 to approximate the total in-place final cover soil volume mined. Anytime mined in-place waste quantities or excavated final cover soil quantities are estimated utilizing the methodology above, total mined in-place waste or excavated final cover soil volumes will be determined based on subsequent surveys and will be adjusted by these previous volumes so that all payments to the contractor are based on surveyed quantities.

An estimation of waste composition (screened waste, reclaimed soil recovered with excavated waste screening, regulated asbestos containing material, prohibited waste, and hazardous waste) would be needed for payment based on cost items and basis presented in Cost Proposal of the RFP. The WSD will track the truckload counts and truckload volume of different waste materials transported. The truckload and volume data will be used for waste composition. The records will be available for contractor's review at the end of each day. Contractor may retain an independent license surveyor to cross check this data.

1.0 INTRODUCTION

The Escambia County Waste Services Department (WSD) is seeking to mine the unlined cell(s) at the Perdido Landfill for future lined cell(s) construction, (See Attachment 1- Site Plan). The final cover soil and waste deposited in these cells will be excavated. The final cover soil will be stockpiled on site. The excavated waste will be screened to separate soil from the waste material. The screened waste will be transported to and deposited in the active Section 5, Cell 1A and the soil recovered from screening operation will be stockpiled on the lined cell(s) or other area designated by the WSD. The Mining Excavation Plan presented in Attachment 1, provides the estimated limits of the area proposed for waste excavation and the estimated bottom grades resulting from the proposed waste excavation. The proposed mining area (Phase II) is estimated to contain approximately 520,000 cubic yards of material (final cover soil and waste material). It is estimated that the Phase II mining area contains approximately 220,000 cubic yards of the final cover soil and 300,000 cubic yards of to MSW (mixed with soil) (including soil). Quantities and limits of excavation are based on the current information available from previous investigations and the total volume and distribution (quantity of waste versus quantity of soil) of material excavated from Phase I the full- scale mining project, however, actual quantities of cover soil and waste to be excavated may vary from the estimates provided. The WSD provides no warranty or guarantee concerning the accuracy of quantity, characteristics, or composition of the waste materials and quantity of the final cover soil in the unlined cells. Furthermore, the WSD may request that the contractor perform additional mining (beyond the 520,000 cubic yards) transportation as per the scope described in this section to complete the rest of the XX-acre of unlined area containing approximately XXX,000 cubic yards of waste utilizing the established unit rates for Phase II mining project.

2.0 SCOPE OF WORK & SPECIFICATIONS

The proposed project entails the following activities and scope of work:

- Excavation, transportation and stockpiling of the final cover soil in an area to be designated by WSD. The thickness of final cover soil varies.
- Excavation and screening of the waste to separate the waste fraction from the soil fraction of the mined material.
- Transportation of the screened waste to the working face of the active lined cell in accordance with the landfill's operations plan and the direction provided by WSD.
- Transportation and stockpiling of the reclaimed soil recovered by waste screening in accordance with the direction provided by WSD.
- Sort and stockpile the wastes that are prohibited from disposal in the Perdido Landfill (e.g., whole tires, lead acid batteries) in accordance with FDEP solid waste rules and the Perdido Landfill's operations plan in a roll-off container. The WSD will transport stockpiled waste to the designated area.
- Spot and sort regulated asbestos containing material waste.
- Bag and transport regulated asbestos containing material to the active lined cell per WSD policy.
- Spot and transport encountered hazardous waste to the WSD supplied lined pad.
- Implement and maintain measures to control leachate and stormwater runoff from the exposed waste of the mining area.
- Implement measures to control litter.
- Implement measures to control dust.
- Implement measures to control odor.

Special Note: The WSD may consider executing some of the project tasks described in this section themselves including in-house resources. These tasks include but not limited to dust control, litter control, odor control, and hazardous waste transportation to the containment pad.

Specifications pertaining to the tasks listed above are presented below.

2.1 SOIL EXCAVATION, TRANSPORTATION, AND STOCKPILING

The proposed mining area consists of a top cover layer (referred to as final cover soil) that ranges in thickness from approximately 0.5 to 13 ft. The final cover generally consists of three layers -topsoil, a sandy drainage layer, and a clay layer. The contractor shall excavate/scrape, transport and stockpile the final cover soil layers. The scope of services pertaining to this task shall include, but not be limited to:

- The contractor shall excavate or scrape and separate the three layers of the final cover soil to the extent practicable. These layers shall be individually transported and stockpiled. In other words, the topsoil, sand drainage layer and clay layer shall be transported and stockpiled into a topsoil stockpile, sand stockpile and a clay stockpile, respectively. Location of the final cover soil stockpiling area to be determined.

- The final cover soil should be excavated (or scraped) to the elevation determined by the WSD and their engineers in the field. WSD's on-site engineer or designee will visually inspect the excavated material to decide whether the load is managed as the final cover soil or the waste material while the final cover soil near the soil-waste interface is being excavated.

- Final cover soil stockpiles shall be routinely shaped to have a side slope not steeper than 33% (3 ft horizontal distance per 1 ft vertical rise) and be sodded/seeded and maintained as needed to minimize erosion and sediment loss.

- The final in-place cover soil volume shall be determined by the following approaches:
  The contractor shall mobilize appropriate equipment resources to excavate at least 2 test pits or boreholes per acre to estimate the final cover depth in the mining area before the start of the project. The in-place final cover soil volume shall be calculated by multiplying the mining area with the average final cover depth. The location of the test pits or boreholes shall be determined by WSD. This volume final cover soil excavation (with approximately 6 inches left in place) shall be surveyed by a licensed surveyor employed by the County to quantify the volume of the final cover soil excavated for billing purposes. Survey is to take place monthly for the first three (3) months of the project and every third month thereafter. The WSD shall provide the in-place volume estimate to the contractor based on the survey data. The contractor will immediately notify, in writing, the WSD of any discrepancy. The WSD's project manager will make the final decision.

- Approximately six (6) inches of final cover soil should remain over waste interface until waste screening activity begins. Final cover soil is expected not to contain waste and, therefore, need not be screened.

- The contractor shall perform sequencing of final cover soil excavation and waste screening activity to effectively control and minimize sediment from stormwater run -off.

2.2 WASTE EXCAVATION, AND LOADING ON SCREEN

The scope of services pertaining to this task shall include, but not be limited to:

- Contractor shall excavate/scrape waste to the unlined cell bottom elevation shown in the Mining Excavation Plan (Attachment 1) or the elevation determined by the WSD's on-site supervisor during the excavation process.

- Waste excavation shall be sequenced such that the working face is minimized (to reduce leachate generation). Leachate is defined as liquid that has passed through or emerged from solid waste and may contain soluble, suspended or miscible materials.

- The waste excavation shall be sequenced such that stormwater runs off freely and does not collect or pond on the landfill surface.

- The contractor should create smooth transitions between the existing grades and adjacent new grades.

- Excavation shall be conducted in compliance with OSHA regulations (29 CFR 1926 Subpart P).

- The exposed waste surfaces in the area(s) where no excavation is planned within 48 hours shall be covered with a six-inch thick soil layer or a 6-mil (minimum) polyethylene sheeting to minimize the working face. The contractor shall cover the exposed waste surface at the end of each working day if an excessive odor problem is noticed from the excavated waste.

- The contractor is responsible for arranging inspection/evaluation of the presence of underground utilities in the proposed mining area. If uncharted utilities are encountered, contractor shall stop working and notify the WSD and their engineer.

- The site supervisor shall be 40-hour HAZWOPER trained as detailed in OSHA regulations (29 CFR 1910.120) and shall have completed an initial spotter training course in accordance with Florida Administrative Code 62-701.320. In addition, the site supervisor shall be trained to identify regulated asbestos containing material and hazardous waste.

- If any waste items that are prohibited for disposal in the landfill are encountered during excavation (Section 2.1.1 of the RFP for the list of prohibited waste), the contractor shall be responsible for identifying prohibited wastes after they are excavated and stockpiling these materials in a roll-off or another impervious container provided by the WSD. The WSD will transport the stored (or stockpiled) waste from the site.

- Whole tires, white goods (appliances etc.), and other materials that the WSD on-site supervisor deems to have a salvageable value shall be separated from the MSW (either before or after screening), individually stockpiled near the mining area. The WSD will transport the stockpiled waste to the respective on-site management areas.

- The contractor shall stop waste excavation and immediately notify the WSD in the event suspicious industrial/commercial hazardous waste (e.g., drums larger than 20 gallons) or asbestos containing materials (ACM) is spotted. As with any landfill excavation project some hazardous or asbestos-containing wastes may be encountered during excavation. The WSD will assist the contractor in identification of hazardous waste and ACM. The area in which suspicious hazardous waste is spotted shall be evacuated and cordoned off until the waste is removed from the area. While the suspicious waste is being characterized and removed, the contractor can relocate equipment and continue waste excavation in area(s) at least 100 ft from the suspicious waste spot.

2.3 WASTE SCREENING

The excavated waste shall be screened to segregate soil from the waste materials. The waste fraction resulting from the screening of the excavated waste is referred herein as *screened waste* and

the soil fraction recovered with waste screening is referred to as *reclaimed soil.* From the Phase I mining project at the Perdido Landfill, waste screening was determined to be the rate limiting step. The requirements specific to waste screening shall include, but not be limited to:

- The screen should be track mounted, and the screen opening size shall not exceed 3 inches.

- The soil content of the screened waste should not be more than 10% by weight (wet weight basis). The WSD and their engineers, at their discretion, will collect samples of the screened waste to determine its soil content. The screened waste sample(s) (which will be approximately 1 to 2 cubic yards) may be collected either from the screened waste stockpile near the screen or as it drops off the screen conveyor or from the truck hauling screened waste for disposal in the active cell. The sample may be collected at any time during the operating hours of the project.

- In the event soil content of the screened waste sample is determined to be more than 10%, the contractor shall suspend mining operation until the contractor takes steps necessary to maximize the soil recovery. The WSD will not be responsible for loss of productivity or capital in the event the contract shall suspend mining operation to optimize soil recovery from waste screening.

- Because of wet conditions resulting from rain events, waste excavation and screening may need to be suspended during rain events. Furthermore, if the stormwater run-off management results in highly wet conditions at the working face and the areas where equipment is staged, excavation may be suspended following rain events as well. The contract time includes rain days. No additional time will be allowed for rain days.

- If directed by the WSD's on-site supervisor, the contractor shall temporarily suspend waste screening and transport the excavated waste directly to the active lined cell.

- The contractor shall also plan for screening equipment breakdowns – results of the pilot mining project revealed that screening equipment would require maintenance throughout to allow for cleaning (unclogging) and repair of the equipment.

- The contractor is recommended to take the lessons learned from the Phase I mining project (as presented in Attachment 2) into account for selecting a screen for the project.

2.4 SCREENED WASTE TRANSPORTATION

The contractor shall transport the screened waste to Section-5. The WSD will compact the screened waste in the active lined cell.

2.5 RECLAIMED SOIL TRANSPORTATION AND STOCKPILING

The contractor shall transport and stockpile the reclaimed soil to Section 5, or an alternative area as directed by county staff. The stockpile(s) shall be routinely shaped with a dozer with a slope not steeper than 3 ft horizontal to 1 ft vertical rise.

2.6 BERMED SOIL EXCAVATION, TRANSPORTATION, AND STOCKPILING

Soil lenses/berms embedded in waste are expected to be present. Soil excavated from these locations, if visually not contaminated with waste, shall not be screened. The top 2 ft (approximately) of the soil excavated from the embedded berms shall be transported directly to the reclaimed soil stockpile and the balance shall be transported to the final cover soil stockpile. Please note that the final cover soil is

expected not to contain waste and, therefore, need not be screened. The waste is expected to contain berms of soil embedded in waste. The contractor shall excavate, transport, and stockpile the embedded berm soil with the final cover soil (the top 2 ft of bermed soil that has been in contact with waste shall be stockpiled with the reclaimed soil). The bermed soil will be stockpiled either with the final cover soil or reclaimed soil depending on quality.

2.7 MAINTENANCE OF THE FINAL COVER SOIL STOCKPILES

The contractor shall implement measures including but not limited to seeding/sodding and silt fencing to control erosion and sediment loss. The vegetative layer shall be maintained until established. All control measures shall be routinely inspected. The contractor shall begin repair to damaged control measures within 24 hours of discovery of the damage.

2.8 MAINTENANCE OF THE RECLAIMED SOIL STOCKPILE

The contractor shall implement measures including but not limited to seeding/sodding and silt fencing to control erosion and sediment loss. The vegetative layer shall be maintained until established. The contractor shall implement measures to control stormwater run-off from the reclaimed soil stockpile. All control measures shall be routinely inspected. The contractor shall begin repair to damaged control measures within 24 hours of discovery of the damage.

2.9 REGULATED ASBESTOS CONTAINING MATERIAL SPOTTING AND SORTING

The contractor may encounter some asbestos containing materials (ACM) during waste excavation. The contractor shall notify the landfill operator immediately if regulated ACM is spotted. The contractor shall adequately wet the regulated ACM to prevent any visible emission when handled and set aside the ACM encountered during waste excavation.

2.10 REGULATED ASBESTOS CONTAINING MATERIALS BAGGING AND TRANSPORTATION

The contractor shall bag the regulated ACM in clear (see-through) sealed plastic bags of six (6) mil minimum strength and thickness. The bags must be clearly labeled with a warning which states:

CAUTION CONTAINS ASBESTOS, AVOID OPENING OR BREAKING CONTAINER. BREATHING ASBESTOS IS HAZARDOUS TO YOUR HEALTH.

The contractor shall then transport the bags to the active lined cell (Section 5) and coordinate disposal of ACM with the landfill operator.

2.11 PROHIBITED WASTE SORTING, STORAGE AND TRANSPORTAITON

The contractor shall identify and remove waste materials that are prohibited from disposal in the Perdido Landfill's lined cell(s). The following waste items that are prohibited for disposal in landfill may be encountered. These waste items when encountered shall be separated from the excavated waste and temporarily stockpiled. The WSD will routinely transport the stored (or stockpiled) waste to the designated areas.

i. Whole waste tires.

ii. White goods. "White goods" means inoperative and discarded refrigerators, ranges, washers, water heaters, freezers, and other similar domestic and commercial large appliances.

iii. Lead-acid batteries. "Lead-acid batteries" means those lead- acid batteries designed for use in motor vehicles, vessels, and aircraft, and includes such batteries when sold as a component

part of a motor vehicle, vessel, or aircraft.

iv. Used oil. "Used oil" means any oil which has been refined from crude oil or synthetic oil and, as a result of use, storage, or handling, has become contaminated and unsuitable for its original purpose due to the presence of physical or chemical impurities or loss of original properties.

2.12 HAZARDOUS WASTE SORTING AND TRANSPORTATION

The contractor shall spot, sort, and transport the hazardous waste to an on-site hazardous waste storage pad supplied by the WSD. The method of hazardous waste transportation between the mining area and the containment pad is up to the contractor; however, the contractor would be responsible for the cleanup of any spills during transportation. The WSD will be responsible for the management of hazardous waste.

2.13 AREA RESTORATION

Upon completion of the mining operation in an area, the exposed waste surfaces shall be covered with 18 inches of soil. The top 4 to 6 inches of the cover shall consist of top soil capable of supporting vegetation growth. The stockpiled final cover soil and top soil may be used for this purpose. The reclaimed soils shall not be used for this purpose. The final cover shall be seeded/sodded to control erosion and sediment loss. The contractor shall use erosion control mat or equivalent provisions to stabilize slopes and minimize soil erosion until the vegetation is well established. The vegetative layer shall be maintained until established. The contractor shall repair any erosion at their cost until the vegetation is well established.

2.14 LEACHATE AND STORMWATER RUNOFF CONTROL

The scope of services pertaining to this task includes:

- The contractor shall construct stormwater diversion berms and let down structures to divert all stormwater from adjacent areas around the mining area (refer to Attachment 1-Mining Excavation Plan).

- The contractor shall construct berm(s) to divert stormwater from running on to the exposed waste surface(s). The stormwater that contacts waste shall be managed as leachate. *Leachate* is defined as liquid that has passed through or emerged from solid waste and may contain soluble, suspended or miscible materials. The contractor shall construct berms to prevent mixing of leachate with stormwater runoff and keep the excavation area free of standing water with pumps, hoses, and other necessary equipment.

- The contractor should transport leachate generated to the leachate storage ponds located south of the Section 4. WSD must be notified prior to any discharging of leachate into the designated storage ponds. The method of leachate transportation between the mining area and the leachate storage ponds is up to the contractor; however, the contractor would be responsible for the cleanup of any leachate spills.

- The contractor shall ensure that soil (native or reclaimed) is not transported to the leachate storage ponds along with leachate. The contractor shall be responsible for cleanup of the leachate storage ponds and damage to pump and aerator (installed at the ponds) caused by excessive soil transported to the pond along with the leachate from the mining area.

- The WSD will bear the cost of management of the leachate once pumped/transported to the leachate storage ponds.

- The contractor shall prevent the transportation of soil (native or reclaimed) to stormwater ponds along with stormwater. The contractor shall be responsible for cleanup of stormwater ponds and damage to pumps (installed at the ponds) caused by soil transported to the pond along with stormwater from the mining area. The contractor shall be responsible for restoring and/or removing silt from drainage media layer of the pond per its design in the event its performance is compromised because of blinding of the drainage media or a change in grades.

- All control measures shall be routinely inspected. The contractor shall begin repair to damaged control measures within 24 hours of discovery of the damage.

2.15 ODOR CONTROL

The contractor shall implement measures such as application of soil cover on working face or spraying of odor masking agents to control odor originating from the excavated waste. All control measures shall be routinely inspected. The contractor shall begin repair to damaged control measures within 24 hours of discovery of the damage.

2.16 DUST CONTROL

The contractor shall implement methods to control dust. Stormwater can be used for controlling dust during landfill mining operations and is available onsite at a storm water pond located at the southwest stormwater pond. The contractor will use their own equipment to pump and haul water to the job site as required.

2.17 LITTER CONTROL

The contractor shall implement measures to control blowing litter resulting from the mining operations, which may include but not be limited to the application of cover soil at the end of the working day, wind screens, and fences. The contractor shall be responsible for implementing, monitoring, and repairing litter control devices as needed to minimize blowing litter. All control measures shall be routinely inspected. The contractor shall begin repair to damaged control measures within 24 hours of discovery of the damage.

2.18 Waste Excavation and Transport (without screening)

Because of wet conditions or other unforeseen events, the WSD may decide the suspend waste screening and consider direct transportation and disposal in the active cell. If directed by the WSD's on-site supervisor, the contractor shall temporarily or permanently suspend waste screening and transport the excavated waste directly to the active lined cell. The contractor shall not be compensated for waste screening in the event that the excavated waste is directly transported without screening to the active cell.

2.19 Waste Placement and Compaction in Active Cell

The contractor shall place and compact the screened waste from the mining area in the active cell upon a written authorization from the WSD. The contractor shall comply with site operating procedures associated with waste placement and compaction. The WSD is seeking bid for this task as a contingency only. The contractor shall not be compensated for this task unless specifically authorized in writing to proceed with this task.

3.0 HEALTH AND SAFETY

The contractor's responsibility pertaining to health and safety include as a minimum:

- Contractor is responsible for following the general safety rules as listed in the Perdido Landfill permitted operations plan at all times while on site. A copy of the operations plan may be obtained from the WSD.

- Contractor shall prepare a site-specific health and safety plan (HASP) for the project that must be followed by the contractor and its temporary workers and subconsultants (if applicable). If the contractor is not capable of preparing a HASP, the contractor shall employ consultants with appropriate capabilities. Contractor is solely responsible for adequacy of HASP's preparation and implementation for its employees. At a minimum, contractor shall comply with all the HASP requirements of the current Florida Department of Environmental Protection (FDEP) permit for the landfill. A copy of the permit can be obtained from WSD.

- Contractor shall ensure personnel comply with basic provisions of OSHA Safety and Health Standards 29 CFR 1910, General Construction Standards 29 CFR 1926, and all state of Florida requirements. Contractor personnel (site supervisor and the operator(s) performing excavation) shall have current 40-hour HAZWOPER certification per 29 CFR 1910.

- Contractor is responsible for initiating, maintaining, and supervising safety precautions and programs. Contractor must take necessary safety precautions for project site employees as well as other persons and organizations that may be affected by project activities. Contractor's responsibility shall continue until engineer has issued notice to contractor that work is complete.

- Contractor shall submit copies of HASP to WSD within 10 days of receiving the notice to proceed for informational purposes and to aid in WSD's compliance with the contractor's HASP. Work on-site shall not proceed until HASP has been submitted to WSD. Submittal of contractor's HASP shall neither impose on the engineer the responsibility for adequacy of HASP nor relieve contractor from full responsibility for HASP implementation.

- Contractor shall conduct orientation of all subcontractors and others that will be onsite during the project including WSD staff and engineer before construction activities commence.

- Contractor shall conduct daily safety meetings to discuss changing working conditions, problems encountered, personal protective equipment, etc.

- All personnel are required to be in personal protection equipment Level "D" at a minimum. The contractor must supply all personal protection equipment and enforce the wearing of the personal protection equipment. This will include at a minimum the following items:

    - Coveralls
    - Steel-toed and steel-shank boots
    - Hard hat
    - Safety glasses
    - Rubber gloves shall be used when handling waste materials

- This listing is not intended to limit the level of personal protection equipment that the contractor uses. If an upgrade of personal protection equipment and clothing to Protection Level A, B, or C is required, contractor shall notify the WSD and evacuate the mining site. The WSD's emergency response team will complete the work requiring such protection and procedures.

- Contractor shall be capable of safely exiting the site in the event that potentially hazardous or unsafe conditions are encountered.

- Contractor shall conduct mining operation (waste excavation and screening) in adequate lighting condition. Contractor shall not conduct mining operation during rain events and comply with County's operating procedures during adverse weather conditions.

- Screened waste and reclaimed soil are to be delivered to the Class- I landfill area throughout the project. Contractor's vehicles transporting this material could encounter intermittent congested traffic conditions at the Class-I landfill. For safety considerations Contractor personnel i.e. dump truck drivers, must have radio communications with Class-I landfill personnel.

4.0 OTHER RESPONSIBILITIES AND CONSTRAINTS TO CONTRACTOR

Other responsibilities and constraints of the project and the project contractor include:

- The contractor shall be responsible for the mobilization and demobilization of equipment throughout the project due to changes in the mining strategy to accommodate the site's operation needs. No additional mobilization or demobilization costs shall be added to the contract.

- Contractor shall submit a construction activity schedule along with an excavation and mining sequence plan, leachate and stormwater management plan, dust and litter control plan, and HASP to the WSD and their engineer within 10 days of the notice to proceed for approval prior to commencement of landfill mining activities.

- Two weeks' notice must be provided to WSD and engineer prior to the start of construction.

- The contractor shall meet with the WSD project manager and staff at Perdido Landfill weekly to discuss project related issues including, but not limited to, the work progress, field observation, and problems.

- Gas collection system devices (well heads, below-ground header pipe, condensate sump etc.) will be encountered during the final cover soil and waste excavation. The contractor shall dismantle/decommission these devices when encountered. The contractor shall cap headers or laterals, when needed, to minimize air intrusion into the gas collection system. Further details on the gas collection system layout can be obtained from the WSD.

- Unless otherwise stated in the RFP, the contractor shall comply with all the requirements of the current FDEP permit for the landfill. A copy of the permit can be obtained from WSD.

- Mining operation shall occur during the working days and hours of the facility operations (Monday to Saturday 5:00 AM to 5:00 PM). No work will be conducted on site by the Contractor beyond the operating hours of the landfill, or any time of the day on Sundays and legal holidays without obtaining written permission from the WSD. The WSD may revoke such permission at any time. Emergency work may be done without prior permission. However, the contractor shall notify the WSD of emergency events within one (1) hour of the emergency event.

- The contractor should protect existing site features including liner and groundwater and gas monitoring wells. Damaged site features will be repaired at contractor's expense. If marked corners and monuments are damaged by the contractor or contractor's subcontractor or supplier, contractor shall repair or replace the damaged features and document repair under

the supervision of Registered Professional Land Surveyor (LS) licensed in the State of Florida, employed by or subcontracted to contractor. Contractor shall protect any adjacent property from damage due to dewatering operations.

- The contractor shall immediately report any incidents of accidents, spills, releases, discovery or excavation of drums, potentially hazardous substances, and other related incidents to the WSD and its Engineer.

- The contractor shall confine the mining operations (screening, waste sorting etc.) within the boundaries of the unlined cells.

- The contractor shall not impact existing landfill operations, and coordinate all activities related to this project with the landfill operator to minimize conflicts and delays. Contractor shall conduct operations to avoid inconvenience to owner, other contractors, general public, and operation, maintenance and monitoring of the landfill site.

- The contractor shall provide the WSD the expected storage requirements for this project. The WSD shall designate the storage and processing areas for the project. Contractor may store equipment and materials on the premises in areas approved by the WSD at no charge to the contractor. If additional storage area is needed, it shall be obtained and paid for at no additional cost to the WSD. Contractor shall schedule deliveries to minimize space and time requirements for storage of materials and equipment on the site. Contractor shall coordinate material delivery and stockpiling with WSD.

- The contractor shall always keep driveways and entrances serving premises clear and available to WSD and their staff . These areas will not be used for parking or storage of materials or equipment.

- The contractor assumes full responsibility for protection and safe keeping of material and equipment stored on site.

- The contractor will have communications equipment like telephones, cell phones, and equipment to communicate with WSD personnel and the landfill operator at all times and shall provide the contact numbers of its personnel to the WSD before the start of the project.

- Should the Contractor be found to have failed to perform his services in a manner satisfactory to the WSD, the WSD may terminate the contract immediately. The WSD shall be sole judge of non-performance.

5.0 FACILITY INFORMATION & SITE DESCRIPTION

The Escambia County Waste Services Department (WSD) owns and operates the Perdido Landfill located at 13009 Beulah Road in Cantonment, Florida, approximately 20 miles northwest of downtown Pensacola (see Attachment 1). The site covers approximately 557 acres, north of Nine Mile Road. The facility serves the residents of Escambia County and has been accepting residential, commercial and industrial waste for disposal since 1980.

The site contains closed and active Class-I and Class-III landfill areas, and other related waste management operations and facilities. From 1981 through part of 1990, Class I waste was disposed into approximately 45 acres of unlined landfill cells using a trench-and-fill disposal method. Construction and demolition (C&D) debris was later disposed of in some portions of the unlined area. Several lined landfill cells (Section 1, 2A, 2B, 3A, 3B, 3C, and 4) were constructed contiguous to the unlined landfill area. Figure 2 in Attachment A presents a plan

view of the site with individual cells delineated. Waste is currently being placed in Section 3C/Section 4. The WSD intends to mine (or reclaim) the unlined cells and use the reclaimed land for future lined landfill cell(s) construction to meet the Escambia County's future waste disposal needs. The Site Plan in Attachment 1 depicts the location of the unlined cells and the limits of the lined cells. The Mining Excavation Plan presents the existing grades and limit of excavation for Phase II mining.

The landfill gas from unlined cells is collected via a number of vertical wells and below-grade high density polyethylene (HOPE) piping that connects the well field to the blower and flare station.

5.1 LANDFILL MINING: HISTORICAL INVESTIGATION AT PERDIDO LANDFILL

The WSD has taken a phased approach in the past few years to explore the idea of mining the waste and soil from its unlined landfill cells with the idea of lining the mined area for future waste disposal. In the first phase, a desktop economic and technical feasibility analysis was conducted. In the second phase, the WSD advanced 39 boreholes and excavated and screened waste from eight test pits to collect site-specific waste composition data and verify the bottom elevation of the unlined cells. The preliminary economic feasibility analysis was updated based on the data collected in the second phase. The key lessons WSD learned from the first two phases of its evaluation are summarized as follows:

- The data gathered with the advancement of 39 boreholes indicated that the topographic data available for the unlined cell bottom that were used for the estimation of waste volume contained in the unlined cells are representative of the true landfill bottom (borehole locations are presented in Attachment 3). Estimates indicated that approximately 1.5 million cubic yards of material in the unlined cells (final cover soil and waste) can be mined without any substantial mining of the Class Ill waste that is deposited over a portion of the unlined cells.

- The thickness of final cover soil was assessed at the 39 borehole locations. The final cover soil thickness at the site ranges from approximately 0.5 ft to 13 ft and comprises approximately 30% of the total volume of the material that will be excavated from the unlined landfill cells.

- The soil fraction of the excavated material (consisting of soil and MSW) was estimated to be 24% of the volume (60% by weight) of the material excavated from the unlined cells (this excludes the final cover fraction). This volume of soil also does not include the soil contained in the berms that separate the trenches of waste in the lower portion of the unlined cells.

- Leachate seepage was observed in two of eight test pits, suggesting that leachate seepage control may be an operational issue during full-scale mining. *Leachate* is defined as liquid that has passed through or emerged from solid waste and may contain soluble, suspended or miscible materials.

- Waste screening evaluation suggested that a screen with an opening size between 1 inch and 3 inches would result in optimum segregation of soil from the excavated waste material.

- Either a shaker screen (with vibrating fingers) or a trommel screen should be used for waste screening. The screener should be able to provide sufficient contact time between the material and the screen for efficient soil separation. A mesh- type screen that was used for waste screening during the test pit excavation was found to clog over time. Punch-plate trommel screen was found to be more effective and efficient in screening waste than a shaker screen during the previous mining activities at the site.

- In the third phase of its full-scale mining feasibility assessment, the ~~ECS~~WSD conducted a pilot-scale landfill mining project to confirm some of the findings of the previous investigations and to further evaluate site- and project-specific operational issues. The waste excavation, screening, and transportation activities for the pilot project were performed by Aero Training & Rental, Inc. (Destin, Florida) between early June 2008 and mid-November 2008. Approximately 46,000 cubic yards of waste was excavated from a 3-acre section of unlined landfill cells located east of Section 3C as shown in Figure 3 (Attachment A). The findings of the pilot-scale project are summarized as follows:

- Soil constitutes approximately 60% (by volume) of the excavated material (this figure excludes the final cover soil that was initially removed before excavation).

- The trommel screen was more efficient in separating soil from the waste than the shaker screen. The material screening rate achieved with the trommel was greater than that of the shaker screen.

- No hazardous waste or asbestos-containing material was encountered during the pilot-scale project.

- Wetting of the waste from rainfall negatively impacted screen performance and hindered movement of dump trucks in and out of the mining area.

- Waste screening was determined to be the rate limiting step of the project.

- Waste shredding before screening did not result in significant increase in soil separation efficiency.

6.0 COMPANY EXPERIENCE AND FINANCIAL CAPACITY

- Proposer shall provide information to demonstrate their firm's qualifications and ability to provide the scope of services described in this RFP. Information regarding:
  - Parent companies
  - Affiliates, subsidiaries
  - Subcontractors which would assist in performing the scope of services shall be included in this section.
- Provide a letter from a surety company licensed to issue bonds in the State of Florida or that has an agent licensed to do business in the State of Florida indicating the Submitter's bonding capacity and bonding rate.

- Annual dollar workload listed for each of the last six (6) years inclusive of projects per year:

2018 # projects_____$_____
2017 # projects_____$_____
2016 # projects_____$_____
2015 # projects_____$_____
2014 # projects_____$_____
2013 # projects_____$_____

Specifically identify those projects that are of a similar nature.

- List projects for which firm is currently committed including:
  - Name & location of each project

- Time frame to complete each project
- Construction cost of each project
- Type of project

6.1 SIMILAR PROJECT EXPERIENCE

This section shall include the following information for each of the projects of similar complexity (MSW excavation, soil excavation, MSW screening, soil screening, stormwater control, asbestos containing material handling) completed by the firm within the past 6 years:

- Project name
- Project location
- Project owner
- Project scope
- Your role (Prime, Joint Venture, or Subcontractor) and work your company self-performed
- Construction cost
- Extent and type of work you subcontracted out
- Dates construction began and completed
- Were you terminated or assessed liquidated damages? (If yes, attach an explanation)

6.2 PROJECT UNDERSTANDING AND IMPLEMENTATION METHODOLOGY

Proposer shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule. Proposers shall provide a comprehensive narrative statement that sets out the management plan and methodology they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule. Include major tasks and sub-tasks that will address the following (please refer Part IV of the RFP for detailed scope of work and Part V for facility information):

- A project organization chart showing Project Manager, Site Superintendent and other key personnel proposed to work on this project, and their related experience;
- Proposed final cover and waste excavation techniques and equipment to be used;
- Proposed identification and separation techniques for whole tires, white goods, and other wastes prohibited from disposal in landfill and equipment to be used;
- Proposed asbestos containing material (ACM) identification and regulated ACM handling techniques.
- Proposed screening equipment to be used;
- Proposed methods to minimize leachate generation and control stormwater; *Leachate* is defined as liquid that has passed through or emerged from solid waste and may contain soluble, suspended or miscible materials.
- Proposed methods for control of odor, dust, and litter.
- Proposed equipment storage requirements;
- Proposed contingency procedures to be followed for emergencies such as discovery of drums or hazardous substances, spills, releases or discharges of petroleum products or hazardous substances, control of fires or smoke during excavation operations.
- Project implementation schedule

6.3 TEAM QUALIFICATIONS

This section shall include the following information:

- A narrative description of the organization of the project team.
- A list of sub-contractors(s) that the contractor is planning to contract for the project.
- An organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; such personnel should include, but are not limited to, the Project Manager, On- site Manager (Superintendent), and other key personnel; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP. For each of the personnel who will work on the project, provide the following information:
    - Individual's name and title
    - Individual's assignment on this project and the number of estimated hours for each individual
    - Years of experience:
    - With this firm
    - With other firms
    - Education
    - Current Certification(s) / Registration(s) and state(s) in which held
    - A description of specific experience and qualifications relevant to this project
    - Resume (optional)
    - A statement committing to the assignment of these proposed persons to the project if firm is selected.

6.4 REFERENCES FROM PAST PROJECT OWNERS

Proposer shall include references from owners of past 3 projects with cost over $1 million with specific mention of firm's ability to meet schedule and ability to complete project within the budget, and the following information for reference:

- Name of Project
- Location of Project
- Owner of Project
- General Scope of Project
- Your Role (Prime, Joint Venture, or Subcontractor) and work your company self-performed
- Construction Cost
- Extent and Type of Work you Subcontracted Out
- Dates of Construction:
    - Began
    - Completed
    - Your Performance Evaluation by Owner, if known
    - Were You Terminated or Assessed Liquidated Damages? (If yes, attach an explanation)
    - Owner's Point of Contact for Reference
    - Name
    - Company
    - Phone Number
    - Fax Number
    - Email Address

6.5 APPENDIX A (OPTIONAL)

Proposer can include any other additional, pertinent details to describe the proposer technical

capabilities.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a),
FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by _____
(print individual's name and title)

for _____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a

prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (attach a copy of the final order)

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT HIS FORM IS VALID THOROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Information Sheet
for Transactions and Conveyances
Corporation Identification

The following information will be provided to the Escambia County legal department for incorporation in legal documents. It is; therefore, vital all information is accurate and complete. Please be certain all spelling, capitalization, etc. is exactly as registered with the state or federal government.

(Please Circle One)

Is this a Florida Corporation: Yes or No

If not a Florida Corporation,
In what state was it created:
Name as spelled in that State:

What kind of corporation is it: "For Profit" or "Not for Profit"

Is it in good standing: Yes or No

Authorized to transact business
in Florida: Yes or No

State of Florida Department of State Certificate of Authority Document No.:_____

Does it use a registered fictitious name: Yes or No

Names of Officers:

President:_____ Secretary:_____
Vice President:_____ Treasurer:_____
Director:_____ Director:_____
Other: _____ Other:_____

Name of Corporation (As used in Florida):

_____

(Spelled exactly as it is registered with the state or federal government)

Corporate Address: _____
Post Office Box: _____

City, State Zip: _____

Street Address: _____

City, State, Zip: _____

(Please provide post office box and street address for mail and/or express delivery; also for recorded instruments involving land) (Please continue and complete page 2)

Corporate Identification

Federal Identification Number:_____

(For all instruments to be recorded, taxpayer's identification is needed)

Contact person for company:
Telephone Number:_____ Facsimile Number:_____

Name of individual who will sign the instrument on behalf of the company:

_____

(Contract must be signed by the President or Vice-President. Any other officer must have permission to sign via a resolution approved by the Board of Directors on behalf of the company. Awarded contractor shall submit a copy of the resolution together with the executed contract to the Office of Purchasing)
(Spelled exactly as it would appear on the instrument)

Title of the individual named above who will sign on behalf of the company:

_____

END

(850) 488-9000 Verified by:_____ Date:_____

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____ does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

Check one:

_____ As the person authorized to sign this statement, I certify that this firm complies fully with above requirements.

_____ As the person authorized to sign this statement, this firm does not comply fully with the above requirements.

ESCAMBIA COUNTY, FLORIDA GENERAL TERMS and CONDITIONS

The following General Terms and Conditions are incorporated by reference and have the same legal effect as if printed in its entirety.

A full textual copy of these conditions may be obtained by visiting the Office of Purchasing Home Page (see Bid Information), by telephoning the Office of Purchasing at (850) 595-4980 or by Fax at (850) 595-4805.

NOTE: Any and all Special Terms and Conditions and specifications referenced within the solicitation which vary from these General Terms and Conditions shall have precedence. Submission of the Solicitation Offer and Award Form and Bid/Proposal Form(s) in accordance with these General Terms and Conditions and Special Terms and Conditions constitutes an offer from the offeror. If any or all parts of the offer are accepted by Escambia County Florida, an authorized representative of the county shall affix his signature hereto, and this shall then constitute a written agreement between parties. The conditions incorporated herein become a part of the written agreement between the parties.

SPECIAL TERMS AND CONDITIONS

INSURANCE AND SAFETY

INSURANCE - BASIC COVERAGES REQUIRED

The Contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the Contract Documents, whether such services, work and operations be by the Contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The Contractor shall require and shall be responsible for assuring throughout the time the Agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the Contractor. The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the Contractor's interests or liabilities but are merely minimums.

Except for workers compensation and professional liability, the Contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The Contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The Contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The Contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the Contractor or any other insurance of the Contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage

The Contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The Contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the Commercial General Liability and Business Auto policies of the Insurance Services Office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employers liability required in the Workers Compensation Coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The Contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business Auto Liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowner and hired automobiles and employee nonowner ship use.

Excess or Umbrella Liability Coverage
Umbrella Liability insurance is preferred, but an Excess Liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in Certificates of Insurance. If and when required by the County, Certificates of Insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the Certificate of Insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverages(s) indicated on each Certificate of Insurance.

New Certificates of Insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the Contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information.

1. Indicate that Escambia County is an additional insured on the general liability policy.
2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.
4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Lawrence A. Gordon
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4805
5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the Contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested. For Commercial General Liability coverage, the Contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

ENDORSEMENTS/ADDITIONAL INSURANCE

If checked below, the County requires the following endorsements or additional types of insurance.

- BUILDERS RISK COVERAGE
  Builders Risk insurance is to be purchased to cover subject property for all risks of loss, subject to a waiver of coinsurance, and covering off-site storage, transit and installation risks as indicated in the Installation Floater and Motor Truck Cargo insurance described hereafter, if such coverages are not separately provided.

  The Builders Risk insurance is to be endorsed to cover the interests of all parties, including the County and all contractors and subcontractors. The insurance is to be endorsed to grant permission to occupy.

- POLLUTION/ENVIRONMENTAL IMPAIRMENT LIABILITY COVERAGE
  Pollution/environmental impairment liability insurance is to be purchased to cover pollution and/or environmental impairment which may arise from this agreement or contract.

MINIMUM PROJECT SAFETY REQUIREMENTS

The following safety requirements represent the minimum conditions which shall be met by all Contractors and subcontractors performing work for Escambia County. The Contractor shall be responsible to ensure his compliance with all State and Federal safety regulations as specified in County contract documents. Reported or observed violations of OSHA (29 CFR 1910 or 1926) and other regulations shall be brought to the attention of the County project manager and County Safety Office and shall be immediately corrected by the Contractor. Failure to comply with required safety procedures shall result in the suspension of the Work of the Contractor until such time as his operations are brought into compliance. Items which are not corrected or that are disputed by the Contractor may be referred by the County to either the project insurance coordinator or the Department of Labor and Employment Security, Division of Safety, for inspection or interpretation. The Contractor shall take reasonable precautions for work place safety and shall provide reasonable

protection to prevent damage, injury, or loss to employees on the work site and to other persons who may be affected by the Work.

(1) Prior to the commencement of the project, the Contractor and all subcontractors shall provide to the County a written copy of their respective safety and health plans for review as part of the pre-submittal bid package.

(2) The Contractor shall establish and maintain an access control system at the work site, including a daily sign-in log, for all visitors, including County and regulatory personnel. Prior to commencement of construction, the project manager may designate specific individuals for routine access so that their duties are not impeded. All visitors that are not pre-approved for admittance shall be escorted through the project by either a Contractor representative or by the project manager or designee.

(3) The Contractor shall provide all necessary safety equipment for County staff, employees, and visitors to enter the work site. This equipment may include hard hats, hearing protection, safety glasses, or any other safety items deemed necessary by the Contractor or required by State or Federal safety regulations.

(4) Construction vehicles on the work site shall always be operated in a safe manner. The Contractor shall take appropriate action to ensure the safety of County staff, visitors, and the general public while operating work vehicles at a controlled construction site. Where conditions warrant, or at the request of the County, temporary barriers shall also be established for these traffic areas.

(5) The Contractor shall prominently mark the work site and ensure its security. Site security shall include appropriate fencing, barricades, warning tape, covered walkways and warning signs. In no instance shall a work site be accessible, without obvious warning, to County staff, visitors, or the general public. At a minimum, the project site shall be posted with the

appropriate trespass warning signs as specified in Section 810.09(2)(d), Florida Statutes: ATHIS AREA IS A DESIGNATED CONSTRUCTION SITE; ANYONE TRESPASSING ON THIS PROPERTY SHALL, UPON CONVICTION, BE GUILTY OF A FELONY; A DANGER, CONSTRUCTION SITE. AUTHORIZED PERSONNEL ONLY, and other general safety warning signs, i.e., AHARD HAT AREA, as are deemed necessary by the Contractor and project manager.

(6) In the event barricading of a work site is not feasible, alternative measures may be used upon prior approval by the County safety Office. Alternative measures may include, but are not limited to, working during A off@ hours such as nights, weekends, or holidays, or the providing of temporary accommodations for building occupants (to be prearranged, if necessary, at the discretion of the County).

(7) The Contractor shall ensure compliance with all fire safety codes at the work site, especially as to egress, during the construction phase of an occupied facility. In no instance, (except where impractical and with the prior approval of the County Safety Office and the appropriate life safety code inspector), shall the life safety code components of an occupied facility be reduced or otherwise compromised. A set of these construction plans, with a signature of

approval by the appropriate life safety code inspector, shall be kept at each construction site and available for routine inspection. The Contractor shall communicate with each subcontractor as to scheduling of events that may pose hazards or inconveniences to building occupants. The Contractor shall also ensure that appropriate scheduling information is also conveyed to the project manager.

(8) Noise, dust, and the use of chemical products may create inside health hazards at the work site to building occupants requiring that the Contractor to adhere to the following guidelines at a minimum:

(a) The Contractor shall initiate construction and engineering safety controls to minimize exposure of dusts, noise, and chemical odors to building occupants. These controls may involve the construction or use of temporary walls, plastic barriers, mechanical ventilation, elimination of make-up air returns from work areas, pressurizing occupied areas, or a combination of several methods. The Contractor shall coordinate all such engineering efforts with the project manager, and these control measures shall require prior approval by the County Safety Office. In cases where these efforts may not be feasible, alternative work schedules on evenings and weekends may be instituted as a part of this process.

(b) Material Safety Data Sheets (MSDS) shall be provided for all hazardous substances used on the project or brought on the job site. These products include, but are not limited to, paints, solvents, roofing compounds, and cleaning compounds.

(c) Appropriate precautions shall be taken to prevent occupant exposure to hazardous respirable dusts, contaminants, and fumes from welding, cutting, or drilling of concrete and masonry, or the operation of internal combustion engines. The Contractor shall also determine whether respirable crystalline silica, which is a potential carcinogen contained in many building products, is present at the work site. Control of dusts from these types of products and operations shall be an essential safety requirement for the Contractor.

(d) The Contractor should be aware of other buildings adjacent to his work areas and shall be prepared to take necessary actions to prevent the spread of dusts and fumes to those facilities.

(9) The Contractor shall ensure that all emergency notifications, including those for fires and medical needs, shall be promptly made by dialing County 911 dispatchers. The Caller should state the exact location of the work site emergency, the nature of the emergency, and specifically indicate if medical or fire services are needed.

(10) The Contractor agrees and understands that all County construction/renovation sites shall be subject to periodic inspection by life safety code inspectors, Florida Department of Labor and Employment Security, Division of Safety, Occupational Safety and Health Administration, Florida Department of Environmental Protection, Environmental Protection Agency, and other Federal, State, or County regulatory agencies.

(11) The Contractor shall provide adequate refuse containers for the disposal of construction

debris. Refuse shall not be allowed to accumulate on the project site grounds, and the Contractor shall ensure that these containers are subsequently emptied on a regular basis.

(12) Water runoff and soil erosion from the project site shall be controlled by the Contractor pursuant to the regulations of the Florida Department of Environmental Protection.

(13) Water-based paint and stain products shall be used by the Contractor in the place of solvent-based products where the application so permits. Use of organic solvent-based products shall be used only where absolutely necessary and with the prior approval of the project manager. Lead-containing paints shall not be normally used or specified for any application. If the use of lead-containing paint is essential for a specific application, prior approval from the project manager or County Safety Office shall be obtained before their use.

(14) The use of any products containing toxic metals, especially those regulated by Resource Conservation and Recovery Act (RCRA), (i.e. lead, chromium, barium, silver, arsenic, cadmium, mercury, selenium), on the work site shall be avoided. Prior approval for use of these metals shall be obtained by the Contractor from the project manager.

(15) The use of any radioactive materials by the Contractor on project sites shall require pre-approval. Copies of appropriate certifications, licenses, testing, and inspection records shall be provided by the Contractor to the project manager and County Safety Office for review.

(16) The County maintains programs for the identification and abatement of asbestos containing building materials. Asbestos abatement can only be performed by state licensed asbestos abatement contractors. General contractors, therefore, shall not be authorized to remove or disturb any asbestos containing materials. Although efforts are made to identify or remove such asbestos containing materials prior to renovations, the possibility exists that asbestos materials may be encountered at a work site. If so, Contractors who encounter such materials shall immediately stop work and notify the project manager or the County Safety Office.

(17) The above-cited guidelines represent minimum expectations and actions which shall be taken by Contractors while under contract for County construction and renovation projects. These guidelines are not all inclusive and will be revised as necessary. In the event these guidelines conflict with other contract documents, the most stringent application shall apply. Any questions or disputes should be brought to the immediate attention of the project manager or County Safety Office.

AGREEMENT BETWEEN ESCAMBIA COUNTY, FLORIDA AND THALLE CONSTRUCTION COMPANY, INC. FOR STANDARD ROAD/DRAINAGE CONSTRUCTION CONTRACT DOCUMENTS.

THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, ("County"), hereby contracts with Thalle Construction Company, Inc., a North Carolina corporation for profit, to perform all work ("Work") in connection with Landfill Mining, Perdido Landfill Phase 2 ("Project"), as detailed in the attached Plans and Specifications and other Contract Documents hereafter specified.

SECTION 1. CONTRACT DOCUMENTS

A. The Contract Documents include this Agreement, including Amendments and Exhibits, the Exhibits described in Section 6, Change Orders, Work Directive Changes, Field Orders and the solicitation documents, including addenda. These Contract Documents are incorporated by reference and made a part of this Agreement. A copy of all Contract Documents shall be maintained by Contractor at the Project site at all times during the performance of the Work.

B. In case of any inconsistency or conflict among the provisions of the agreement and any other terms and conditions of any documents comprising the Contract Documents, the provisions of the Agreement shall control. Concerning the Contract Documents, the order of precedence shall be as follows: 1) the Agreement, including Amendments and Exhibits; 2) Change Orders; 3) Work Directive Changes; 4) Field Orders; 5) the Solicitation Documents, including addenda. The Contract Documents listed above represent the entire and integrated agreement between the parties hereto, and supersede prior negotiations, representations, or agreements, either written or oral.

C. County shall furnish to the Contractor up to four (4) sets of the Contract Documents for execution of the Work. Additional copies of the Contract Documents are available at the cost of reproduction.

SECTION 2. SCOPE OF WORK

Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, utilities, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good workmanlike manner the Work required by the Contract Documents.

SECTION 3. CONTRACT AMOUNT

For satisfactory completion of the Work the County agrees to pay the Contractor the following amount (herein "Contract Amount"), in accordance with the terms of this Agreement:

Seven Million, Six Hundred Twelve Thousand, Seven Hundred Eleven Dollars

$7,612,711.00

SECTION 4. BONDS

A. Contractor shall provide at his expense Performance and Payment Bonds, in the form prescribed in **Exhibit B**, in the amount of 100% of the Contract Amount. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to County; provided; however, the surety shall be rated as "A-" (excellent) or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holder's surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

B. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Document, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the County's approval. Failure by Contractor to maintain its bonds in full force and effect at all times, including the warranty period, shall be grounds for termination of this Contract.

C. As per Florida Statutes, Section 255.05, the Contractor shall be required to execute and record the Performance and Payment bonds. The bonds must state the name and principal business address of both the Principal and the Surety and a description of the project sufficient to identify it. (The filing costs are $10.00 for the first page and $8.50 for each remaining page).

SECTION 5. CONTRACT TIME AND LIQUIDATED DAMAGES.

A. Time is of the essence in the performance of the Work under this Agreement. Contractor shall commence the Work within ten (10) calendar days from the Commencement Date, established in the Notice to Proceed. No Work shall be performed at the Project site prior to the Commencement Date. Contractor shall provide 48 hours' notice prior to beginning the Work. The Work shall be substantially completed within **Five Hundred Fifty (550)** calendar days from the Commencement Date. The Work shall be fully completed and deemed ready by the County for final completion within **Thirty (30)** calendar days from the Substantial Completion Date. The Contract Time shall be the time period from the Commencement Date to the date of final completion totaling **Five Hundred Eighty (580)** calendar days (herein "Contract Time"). No work under this contract shall commence until certificates of insurance have been received and acknowledged by the Purchasing Manager.

B. County and Contractor recognize that, since time is of the essence for this Agreement, the County will suffer financial loss if the Work is not substantially completed within the time specified. Should Contractor fail to substantially complete the Work within the time period noted above, County shall be entitled to assess, as liquidated damages, but not as a penalty, **$1,000.00** for each calendar day thereafter until substantial completion is achieved. The Project shall be deemed to be substantially completed by the County on the date that the County's Architect certifies in writing that the construction of the project, or specified part thereof, is sufficiently completed in accordance with the Contract Documents, so that the Project or specified part can be utilized for the purposes for which it is intended. Along with such certification, the Architect shall compile a "punch list" of

any remaining exceptions that do not adversely affect the use of the Project. Completion of these items will be required prior to final payment.

C. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to substantially complete the Work in accordance with the progress schedule.

D. When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

SECTION 6. EXHIBITS INCORPORATED

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

Exhibit A: General Terms and Conditions
Exhibit B: Form of Performance and Payment Bonds

SECTION 7. NOTICES

A. All notices required or made pursuant to this Agreement by the Contractor to the County shall be in writing. All correspondence with the County should be addressed as follows:

Escambia County Waste Services
13009 Beulah Road
Cantonment, Florida 32533
Attention: Pat Johnson

B. All correspondence with the Contractor will be addressed to the following:

Thalle Construction Co. Inc.
900 NC 86 North
Hillsborough, NC 27278
Attention: Stephen Kohler, President/COO

C. Either party may change its above noted address by giving written notice to the other party in accordance with the requirements of this Section.

SECTION 8. MODIFICATION

No modification or change to the Agreement shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

SECTION 9. SUCCESSORS AND ASSIGNS

Subject to other provisions hereof, the Agreement shall be binding upon and shall inure to the benefit of the successors and assigns of the parties to the Agreement.

SECTION 10. GOVERNING LAW

The Agreement shall be interpreted under and its performance governed by the laws of the State of Florida and the parties agree that venue shall be in Escambia County, Florida for any matter which is the subject of this Contract.

SECTION 11. NO WAIVER

The failure of the County to enforce at any time or for any period of time any one or more of the provisions of the Agreement shall not be construed to be and shall not be a waiver of any such provision or provisions or of its right thereafter to enforce each and every such provision.

SECTION 12. ENTIRE AGREEMENT

Each of the parties hereto agrees and represents that the Agreement comprises the full and entire agreement between the parties affecting the Work contemplated, and no other agreement or understanding of any nature concerning the same has been entered into or will be recognized, and that all negotiations, acts, work performed, or payments made prior to the execution hereof shall be deemed merged in, integrated and superseded by the Agreement.

SECTION 13. SEVERABILITY

Should any provision of the Agreement be determined by a court to be unenforceable, such a determination shall not affect the validity or enforceability of any other section or part thereof.

SECTION 14. PUBLIC RECORDS.

The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County

may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract. In such case, the Contractor shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Contractor (excluding monies owed the Contractor for subcontractor work).

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature: the parties hereto have made and executed this Agreement on the respective dates under each signature: Escambia County, Florida through its Board of County Commissioners, signing by its County Administrator, duly authorized to execute this Agreement, and Thalle Construction Co., Inc. signing by and through its President, duly authorized to execute same.

COUNTY:
Escambia County, Florida, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

EXHIBIT A
GENERAL TERMS AND CONDITIONS

Section 1. INTENT OF CONTRACT DOCUMENTS

1.1. It is the intent of the Contract Documents to describe a functionally complete project (or portion thereof) to be constructed in accordance with the Contract Documents. Any work, materials or equipment that may reasonably be inferred from the Contract Documents, as being required to produce the intended result shall be supplied whether or not specifically called for. When words, which have a well-known technical or trade meaning, are used to describe work, materials or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association or to the laws or regulations of any governmental authority having jurisdiction over the Project, whether such reference be specific or by implication, shall mean the latest standard specification, manual, code, law or regulation in affect at the time the Work is performed, except as may be otherwise specifically stated herein.

1.2. If, during the performance of the Work, Contractor discovers a conflict, error or discrepancy in the Contract Document, Contractor immediately shall report same to County and before proceeding with the Work affected thereby shall obtain an interpretation or clarification from the County. Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to Contractor with the Contract Documents before commencing any portion of the Work.

1.3. Drawings are intended to show general arrangements, design and extent of Work and are not intended to serve as shop drawings. Specifications are separated into divisions for convenience of reference only and shall not be interpreted as establishing divisions for the Work, trades, subcontracts, or extent of any part of the Work. In the event of a discrepancy between or among the drawings, specifications of other Contract Document provisions, Contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the Contractor, as determined by the County. Unless otherwise specifically mentioned, all anchors, bolts, screws, fittings, fillers, hardware, accessories, trim and other parts required in connection with any portion of the Work to make a complete, serviceable, finished and first quality installation shall be furnished and installed as part of the Work, whether or not called for by the Contract Documents.

1.4. "Engineer", where referenced on the drawings or in the specifications or in other related documents, shall mean the Escambia County Engineer or the designated representative thereof.

Section 2. INVESTIGATION AND UTILITIES

2.1. Contractor shall have the sole responsibility of satisfying itself concerning the nature and location of the Work and the general and local conditions, and particularly, but without limitation, with respect to the following: those affecting transportation, access, disposal, handling and storage of materials; availability and quality of labor; water and electric power; availability and condition of roads; work area; living facilities; climatic conditions and seasons; physical conditions at the work-site and the Project area as a whole; topography and ground surface conditions; nature and quality of the surface materials to be encountered; subsurface conditions; equipment and facilities needed preliminary to and during performance of the Work; and all other costs associated with such performance. The failure of Contractor to acquaint itself with any applicable conditions shall not relieve Contractor from any of its responsibilities to perform under the Contract Documents, nor shall it be considered the basis for any claim for additional time or

compensation.

2.2. Contractor shall locate all existing roadways, railways, drainage facilities and utility services above, upon, or under the Project site, said roadways, railways, drainage facilities and utilities being referred to in this Section 2 as the "Utilities". Contractor shall contact the owners of all Utilities to determine the necessity for relocating or temporarily interrupting any Utilities during the construction of the Project. Contractor shall schedule and coordinate its Work around any such relocation or temporary service interruption. Where Utilities block construction, Contractor shall aggressively pursue relocation by the Utility owners. Contractor shall immediately notify the County of any delays due to Utilities blockage and document all attempts to resolve such blockage. Contractor shall be responsible for properly shoring, supporting and protecting all Utilities at all times during the course of the Work.

Section 3. SCHEDULE

3.1. The Contractor, within ten (10) calendar days after receipt of the Notice of Award, shall prepare and submit to County, for review and approval, a progress schedule for the Project (herein "Progress Schedule"). The Progress schedule may be provided in an electronic format. The Progress Schedule shall relate to all Work required by the Contract Documents and shall provide for expeditious and practicable execution of the Work within the Contract Time. The Progress Schedule shall indicate the dates for starting and completing the various stages of the Work and shall include dates of Shop Drawing Submittals.

3.2. The Progress Schedule shall be updated monthly by the Contractor. All monthly updates to the Progress Schedule shall be subject to the County's review and approval. Contractor shall submit the updates to the Progress Schedule with its Applications for Payment noted below. The County's review and approval of the submitted Progress Schedule updates shall be a condition precedent to the County's obligation to pay Contractor.

Section 4. PROGRESS PAYMENTS

4.1. Prior to submitting its first Application for Payment, Contractor shall submit to County, for its review and approval, a schedule of values based upon the Contract Price, listing the major elements of the Work and the dollar value for each element. After its approval by the County, this schedule of values shall be used as the basis for the Contractor's Applications for Payment. This schedule shall be updated and submitted along with a completed and notarized copy of the Application for Payment form attached to the Agreement as **Exhibit E.**

4.2. Prior to submitting its first Monthly Application for Payment, Contractor shall submit to County a complete list of all its proposed subcontractors and material men, showing the work and materials involved. The first Application for Payment shall be submitted no earlier than thirty (30) days after Commencement Date.

4.3. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the site or at another location agreed to by the County in writing, the Application for Payment will subdivide the work into component parts in sufficient detail to serve as the basis for a progress payment and shall also be accompanied by a bill of sale, invoice or other documentation warranting that upon payment by County, the County shall receive the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect County's interest therein, all of which shall be subject to the County's prior written approval.

4.4. Contractor shall submit three (3) copies of its applications for Payment to the County on or about the 25th day of each month for work performed during that month. Contractor shall submit no more than one application for payment each month. Within ten (10) calendar days after receipt of each Application for Payment, the County shall either: (1) indicate approval of the requested payment; (2) indicate approval of only a portion of the requested payment, stating in writing the reasons therefore; or (3) return the Application for Payment to the Contractor indicating, in writing, the reason for refusing to approve payment. In the event of a total or partial denial of the Application for Payment, the Contractor may make the necessary corrections and resubmit the Application for Payment for reconsideration within ten (10) calendar days of receiving notice of refusal.

If re-submittal of the Application for Payment is refused, in whole or in part, the Contractor may submit a written request to the County Administrator for an administrative decision within two (2) business days of receiving notice of refusal. Upon receiving a timely request, an administrative decision shall be rendered within ten (10) calendar days with written notification provided to the Contractor.

If the administrative decision is disputed, the Contractor may submit a written request to the County Administrator for an administrative hearing before the Dispute Resolution Committee (DRC) within two (2) business days of receiving said decision. A hearing shall be scheduled within ten (10) business days from the date the request is received, and the Contractor will receive written notice of the hearing date. The DRC may, within its discretion, render a final decision at the hearing or may elect to mail a written decision within a period not to exceed ten (10) calendar days from the hearing date. The DRC's written decision shall be considered administratively final.

The County shall, within twenty (20) business days after County approval of an Application for Payment, pay the Contractor the amounts so approved. Provided, however, in no event shall the County be obligated to pay an amount greater than that portion of the Application for Payment approved by the County.

4.5 County shall retain ten percent (10%) of the gross amount of each monthly payment request or ten percent (10%) of the portion thereof approved by the County for payment whichever is less. The retained sum shall be accumulated and not released to Contractor until final payment is due. Any interim interest on such sums shall accrue to County.

At the County's sole discretion, a percentage of the amount retained from the gross amount of each monthly payment may be reduced prior to final completion of the Project and said percentage released to the Contractor upon receiving a certificate of substantial completion and approval from the Architect/Engineer.

Release of any portion or percentage of sums retained prior to final completion of the Project shall in no way imply approval or acceptance of Contractor's work.

4.6 Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work.

4.7 Each Application for Payment shall be accompanied by Release and Affidavit, in the form attached as **Exhibit D**, showing that all materials, labor, equipment and other bills associated with that portion of the Work payment is being requested or have been paid in full. The County shall not be required to make payment until and unless these affidavits are furnished by Contractor.

4.8 Applications for Payment will not be approved unless all submittals required by the Contract documents, up to that point, are provided and "As-Built" record documents are maintained as required by Section 8.2.

Section 5. PAYMENTS WITHHELD

5.1. The County may decline to approve any Application for Payment, or portions thereof, because of subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and County may withhold any payments otherwise due Contractor under this Agreement or any other agreement between County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents. If these conditions are not remedied or removed, County may, after three (3) days written notice, rectify the same at Contractor's expense. County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to County, whether relating to or arising out of this Agreement or any other agreement between Contractor and County.

Section 6. FINAL PAYMENT

6.1. County shall make final payment to Contractor within forty- five (45) calendar days after the Work is finally inspected and accepted by County in accordance with Section 20.1 herein, provided that Contractor first, and as an explicit condition precedent to the accrual of Contractor's right to final payment, shall have furnished County with a properly executed and notarized copy of the Release and Affidavit attached as Exhibit D, as well as, a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents or the County.

6.2. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final Application for Payment. Neither the acceptance of the Work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective Work not discovered by the County at the time of final inspection.

Section 7. SUBMITTALS AND SUBSTITUTIONS

7.1. Contractor shall carefully examine the Contract Documents for all requirements for approval of materials to be submitted such as shop drawings, data, test results, schedules and samples. When submitted for the Engineer's review, Shop Drawings shall bear the Contractor's certification that the Contractor has reviewed, checked, and approved the Shop Drawings and that they are in conformance with the requirements of the Contract Documents. Contractor shall submit all such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

7.2. Prior to submitting its first Application for Payment, Contractor shall provide to County a DVD format showing the pre-existing conditions located within the limits of construction.

7.3. Whenever materials or equipment are specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular supplier, the naming of the item is intended to establish the type, function and quality required. Unless the name is followed by words indicating that no substitution is permitted, materials or equipment of other suppliers may be accepted by County if sufficient information is submitted by Contractor to allow the County to determine that the material or equipment proposed is equivalent or equal to that named. Requests for review of substitute items of material and equipment will not be accepted by County from anyone other than Contractor and all such requests must be submitted by Contractor to County within thirty (30) calendar days after Notice to Proceed is received by Contractor.

7.4. If Contractor wishes to furnish or use a substitute item of material or equipment, Contractor shall make application to the County for acceptance thereof, certifying that the proposed substitute shall perform adequately the functions and achieve the results called for by the general design, be similar and of equal substance to that specified and be suited to the same use as that specified. The application shall state that the evaluation and acceptance of the proposed substitute will not prejudice Contractor's achievement of substantial completion on time, whether or not acceptance of the substitute for use in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with County for the Project) to adapt the design to the proposed substitute and whether or not incorporation or use by the substitute in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute from that specified will be identified in the application and available maintenance, repair and replacement service shall be indicated. The application also shall contain an itemized estimate of all costs that will result directly or indirectly from acceptance of such substitute, including costs for redesign and claims of other contractors affected by the resulting change, all of which shall be considered by the County in evaluating the proposed substitute. The County may require Contractor to furnish at Contractor's expense additional data about the proposed substitute.

7.5. If a specific means, method, technique, sequence or procedure of construction is indicated in or required by the Contract Documents, Contractor may furnish or utilize a substitute means, method, sequence, technique or procedure of construction acceptable to the County, if Contractor submits sufficient information to allow the County to determine that the substitute proposed is equivalent to that indicated or required by the Contract Documents. The procedures for submission to and review by the County shall be the same as those provided herein for substitute materials and equipment.

7.6. The County shall be allowed a reasonable time within which to evaluate each proposed substitute. The County shall be the sole judge of acceptability, and no substitute will be ordered, installed or utilized without the County's prior written acceptance, which shall be evidenced by either a Change Order or an approved Shop Drawing. The County may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

Section 8. DAILY REPORTS, AS-BUILTS, AND MEETINGS

8.1. Unless waived in writing by County, Contractor shall complete and submit, along with its Application for Payment, to the County on a monthly basis a daily log of the Contractor's work for the preceding month in a format approved by the County. The daily log shall document all activities of Contractor at the Project site including, but not limited to, the following:

8.1.1. Weather conditions showing the high and low temperatures during work hours, the amount of precipitation received on the Project site, and any other weather conditions

which adversely affect the Work;

8.1.2. Soil conditions which adversely affect the Work;

8.1.3. The hours of operation by Contractor's personnel and subcontractor's personnel;

8.1.4. The number of Contractor's and subcontractor's personnel present and working at the Project site, by subcontract and trade;

8.1.5. All equipment present at the Project site, description of equipment use and designation of time equipment was used (specifically indicating any down time);

8.1.6. Description of Work being performed at the Project site;

8.1.7. Any unusual or special occurrences at the Project site;

8.1.8. Materials received at the Project site

The daily log shall not constitute nor take the place of any notice required to be given by Contractor to County pursuant to the Contract Documents.

8.2. Contractor shall maintain in a safe place at the Project site one record copy of the Contract Documents, as well as all shop drawings and other Contractor submittals and all written interpretations and clarifications issued by the County, in good order and annotated to show all changes made during construction. The annotated drawings shall be continuously updated by the Contractor throughout the prosecution of the Work to accurately reflect all field changes that are made to adapt the Work to field conditions, changes resulting from Change Orders, Work Directive Changes and Field Orders, and all concealed and buried installations of piping, conduit and utility services. All buried and concealed items, both inside and outside the Project site, shall be accurately located on the annotated drawings as to depth and in relationship to not less than two (2) permanent features (e.g. interior or exterior wall faces). The annotated drawings shall be clean and all changes, corrections and dimensions shall be given in a neat and legible manner in a contrasting color. The "As-Built" record documents, together with all approved samples and a counterpart of all approved shop drawings shall be available to County for reference. Upon completion of the Work, and as a condition precedent to Contractor's entitlement to final payment, these "As-Built" record documents, samples and shop drawings shall be delivered to County by Contractor.

8.3. Contractor shall keep all records and supporting documentation which concern or relate to the Work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed, whichever is later. County, or any duly authorized agents or representatives of County, shall have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above; provided, however, such activity shall be conducted only during normal business hours.

Section 9. CONTRACT TIME AND TIME EXTENSIONS

9.1. Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and material men, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission of Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures, as well as

coordination of all portions of the Work under the Contract Documents.

9.2. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay. Written supporting data with specific details of Contractor operations, which were delayed, shall be submitted to the County within fifteen (15) calendar days after the occurrence of the delay, unless the County grants additional time in writing for such submittals, or else the Contractor shall be deemed to have waived any right which Contractor may have had to request a time extension.

9.3. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against County will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damages For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

9.4. Requests for delays due to adverse weather conditions shall meet all of the following conditions:

9.4.1. Contractor notified the County in writing within forty-eight (48) hours of the delay.

9.4.2. The weather was unusual as documented by supporting data.

9.4.3. The weather did have an adverse impact on the contractor’s schedule (critical path only).

9.4.4. The Contractor and inspector’s daily logs corroborate the adverse impact. Where a conflict exists between the weather data and the daily reports, the daily reports will take precedence.

Section 10. CHANGES IN THE WORK

10.1. County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost and/or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of County, and County shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of County is authorized to direct any extra or changed work orally.

10.2. A Construction Change Order, in the form attached as **Exhibit F** to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor and County concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount shall be adjusted in the Change Order in the manner as County and Contractor shall mutually agree.

10.3. If County and Contractor are unable to agree on a Change Order for the requested change, Contractor shall, nevertheless, promptly perform the change as directed by County in a written

Work Directive Change. In that event, the Contract Amount and Contract Time shall be adjusted as directed by County. If Contractor disagrees with the County's adjustment determination, Contractor must make a claim pursuant to Section 11 of these General Conditions or else be deemed to have waived any claim on this matter it might otherwise have had.

10.4. In the event a requested change results in an increase to the Contract Amount, the amount of the increase shall be limited to the Contractor's reasonable direct labor and material costs and reasonable actual equipment costs as a result of the change (including allowance for labor burden costs) plus a maximum ten percent (10%) markup for all overhead and profit. In the event such change Work is performed by a Subcontractor, a maximum ten percent (10%) markup for all overhead and profit for all Subcontractors' and sub-subcontractors' direct labor and material costs and actual equipment costs shall be permitted, with a maximum five percent (5%) markup thereon by the Contractor for all of its overhead and profit, for a total maximum markup of fifteen percent (15%). All compensation due Contractor and any Subcontractor or sub-subcontractor for field and home office overhead is included in the markups noted above.

10.5. County shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Change Order.

10.6. The County shall have authority to order minor changes in the Work not involving an adjustment to the Contract Amount and not inconsistent with the intent of the Contract Documents. Such changes may be affected by Field Order or by other written order. Such changes shall be binding on the Contractor.

Section 11. CLAIMS AND DISPUTES

11.1. A Claim is a demand or assertion by one of the parties seeking an adjustment or interpretation of the terms of the Contract Documents, payment of money, extension of time or other relief with respect to the terms of the Contract Documents. The term "Claim" also includes other disputes and matters in question between County and Contractor arising out of or relating to the Contract Documents. The responsibility to substantiate a Claim shall rest with the party making the Claim.

11.2. Claims by the Contractor shall be made in writing to the County within forty-eight (48) hours after the first day of the event giving rise to such Claim or else the Contractor shall be deemed to have waived the Claim. Written supporting data shall be submitted to the County within fifteen (15) calendar days after the occurrence of the event, unless the County grants additional time in writing, or else the Contractor shall be deemed to have waived the Claim. All claims shall be priced in accordance with the provisions of Subsection 10.4.

11.3. The Contractor shall proceed diligently with its performance as directed by the County, regardless of any pending Claim, action, suit or administrative proceeding, unless otherwise agreed to by the County in writing. County shall continue to make payments in accordance with the Contract Documents pending Claim.

Section 12. OTHER WORK

12.1. County may perform other work related to the Project at the site by County's own forces, have other work performed by utility owners or let other direct contracts. If the fact that such other work is to be performed is not noted in the Contract Documents, notice thereof will be given to Contractor. If Contractor believes that such performance will involve additional expense to Contractor or require additional time, Contractor shall send written notice of that fact with specific details of anticipated costs and delays to County within forty-eight (48) hours of being notified of

the other work. Written supporting data of actual need for additional time or additional expense, shall be submitted to the County within fifteen (15) calendar days after completion of other work, unless the County grants additional time in writing, or else the Contractor shall be deemed to have waived any right which Contractor may have had to request a time extension or adjustment to the Contract Amount.

12.2. Contractor shall afford each utility owner and other contractor (or County, if County is performing the additional work with County's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its Work with theirs. Contractor shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of the County and the others whose work will be affected.

12.3. If any part of Contractor's Work depends for proper execution or results upon the work of any other contractor or utility owner (or County), Contractor shall inspect and promptly report to County in writing any delays, defects or deficiencies in such work that render it unavailable or unsuitable for such proper execution and results. Contractor's failure to report will constitute an acceptance of the other work as fit and proper for integration with Contractor's Work.

Section 13. INDEMNIFICATION AND INSURANCE

13.1 Contractor shall pay on behalf of or indemnify and hold harmless County and its agents, officers and employees from and against all liabilities, damages, losses, and costs, including attorney's and paralegal fees, incurred by County to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of Contractor or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by anyone for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. Contractor's obligation as provided herein shall be limited to its proportionate share of liability to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Contractor or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor, and Contractor shall not be required to pay on behalf of or indemnify and hold harmless County where County's negligence, recklessness, or intentional wrongful misconduct is determined by a court of competent jurisdiction to be the sole cause of its liabilities, damages, losses and costs, including attorney's fees and paralegal fees.

County and Contractor agree one percent (1%) of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement.

Contractor agrees that such indemnification by Contractor relating to any matter which is the subject of this Agreement shall extend throughout the term of this Agreement and any applicable statutes of limitations thereafter. Contractor's obligation to indemnify shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

13.2 Contractor shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in Exhibit C to the Agreement.

All insurance policies shall be from responsible companies duly authorized to do business in the State of Florida and/or responsible risk retention group insurance companies, which are registered with the State of Florida. All commercial insurance carriers providing the Contractor with required insurance shall be a minimum financial size category of VII according to the AM Best Rating Guide, latest edition. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Within ten (10) calendar days after Notice of Award is received by Contractor and prior to the commencement of work, Contractor shall provide County with properly executed Certificates of Insurance to evidence Contractor's compliance with the insurance requirements of the Contract Documents. Said Certificates of Insurance shall be on forms approved by County, such as "Acord Form 25". The Certificates of Insurance shall be personally, manually signed by the authorized representatives of the insurance company/companies shown on the Certificates of Insurance, with proof that they are authorized representatives thereof. Certificates of Insurance shall be mailed to Escambia County in care of: Purchasing Manager, Purchasing Division, P.O. Box 1591, Pensacola, Florida 32597-1591. In addition, certified, true and exact copies of all insurance policies required hereunder shall be provided to County, on a timely basis, when requested by County.

13.3 The Certificates of Insurance and required insurance policies shall contain provisions that thirty (30) days' prior written notice by registered or certified mail shall be given County of any cancellation, intent not to renew, or reduction in the policies or coverages, except in the application of the aggregate limits provisions. In the event of a reduction in the aggregate limit of any policy, Contractor shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

13.4 All insurance coverages of the Contractor shall be primary to any insurance or self-insurance program carried by the County applicable to this Project. The acceptance by County of any Certificate of Insurance does not constitute approval or agreement by the County that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with the requirements of the Contract Documents. No work shall commence at the Project site unless and until the required Certificates of Insurance are received by the County.

13.5 Contractor shall require each of its subcontractors to procure and maintain, until the completion of the subcontractor's work, insurance of the types and to the limits specified in **Exhibit C**, unless such insurance requirements for the subcontractor is expressly waived in writing by the County. All liability insurance policies, other than professional liability, worker's compensation and employer's liability policies, obtained by Contractor to meet the requirements of the Contract Documents shall name Escambia County as an additional insured and shall contain Severability of Interest provisions. Escambia County shall also be designated as certificate holder with the address of P. O. Box 1591, Pensacola, Florida 32597-1591. If any insurance provided pursuant to the Contract Documents expires prior to the completion of the Work, renewal Certificates of Insurance and, if requested by County, certified, true copies of the renewal policies shall be furnished by Contractor within thirty (30) days prior to the date of expiration.

13.6 All liability policies shall be underwritten on the "occurrence" basis, unless otherwise approved in writing by the County Division of Risk Management. "Claims made" policies, if approved by the Risk Manager, and subsequent insurance certificates shall provide a "retro-date" which shall include the effective date of the contract. "Claims-made" renewals or carrier and policy replacements shall reflect the original "retro-date."

13.7 Should at any time the Contractor not maintain the insurance coverages required herein, the County may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverages and charge the Contractor for such coverages purchased. The County shall be

under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the County to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Contract Documents.

13.8 Contractor shall submit to County a copy of all accident reports arising out of any injuries to its employees or those of any firm or individual to whom it may have subcontracted a portion of the Work, or any personal injuries or property damages arising or alleged to have arisen on account of any work by Contractor under the Contract Documents.

13.9 Duty to Provide Legal Defense. Contractor shall pay for and provide a legal defense for the County, which shall include attorneys' fees and costs, both of which will be done only if and when requested by the County, for all liabilities, damages, losses, and costs as described in paragraph 13.1 above. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

Section 14. COMPLIANCE WITH LAWS

14.1 Contractor agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to the Project, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety. If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify County in writing. Compliance with the above laws shall include but is not limited to: (1) the Occupational Safety and Health Act, 29 CFR 1910 and 1926, respectively, General Industry Standards and Construction Industry Standards, including regulations regarding Trenching and Shoring; (2) the Florida Workers' Compensation Law, Chapter 440, Florida Statutes; (3) Rules 38F and 38I, Florida Administrative Code; and (4) Section 102, Standard Specifications for Road and Bridge Construction, Florida Department of Transportation.

14.2 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

Section 15. CLEANUP AND PROTECTIONS

15.1. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surface materials, and shall leave the Project site clean and ready for occupancy by County. Non-compliance with directives of this section may serve as a basis of rejection of Application for Payment.

15.2. Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery, not indicated in the Contract Documents to be removed or altered, shall be protected by Contractor from damage during the prosecution of the Work. Any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the Work.

Section 16. ASSIGNMENT

16.1. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of County. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward County.

Section 17. PERMITS, LICENSES AND TAXES

17.1. Except as noted in paragraph 17.2 below, all permits and licenses necessary for the prosecution of the Work shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents or other request for proposal at the time the Project was let for bid. If Contractor performs any Work without obtaining, or contrary to, such permits or licenses, Contractor shall bear all costs arising there from. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work.

17.2. Permits required for the Work from FDOT, FDEP, the Army Corps of Engineers, and any archeological permitting agency will be paid for and obtained by the County.

17.3. Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work.

Section 18. TERMINATION FOR DEFAULT

18.1. Contractor shall be considered in material default of the Agreement and such default shall be considered cause for County to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (1) fails to begin the Work under the Contract Documents within the time specified herein; or (2) fails to properly and timely perform the Work as directed by the County or as provided for in the approved Progress Schedule; or (3) performs the Work unsuitably or neglects or refuses to remove materials or to correct or replace such Work as may be rejected as unacceptable or unsuitable; or (4) discontinues the prosecution of the Work; or (5) fails to resume Work which has been suspended within a reasonable time after being notified to do so; or (6) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (7) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (8) makes an assignment for the benefit of creditors; or (9) fails to obey any applicable codes, laws,

ordinances, rules or regulations with respect to the Work; or (10) materially breaches any other provision of the Contract Documents.

18.2. County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

18.3. If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the County to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

18.4. The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefore or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

18.5. If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that County is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against County shall be the same as and limited to those afforded Contractor below under Subsection 19.1, Termination for Convenience.

18.6. If the Contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Contractor in conjunction with this Agreement then the County may, without prejudice to any right or remedy and after giving the Contractor and his surety, if any, seven (7) days' written notice, during which period Contractor still fails to allow access, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the Contractor, and may finish the project by whatever method it may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Contractor (excluding monies owed the Contractor for subcontract work).

Section 19. TERMINATION FOR CONVENIENCE AND RIGHT OF SUSPENSION

19.1. County shall have the right to terminate this Agreement without cause upon seven (7) calendar days written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to that portion of the Contract Amount earned through the date of termination, together with any retainage withheld and reasonable termination expenses incurred, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the Work not performed.

19.2. County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

Section 20. COMPLETION

20.1. Upon receipt of written notice, the County will ascertain whether the work or designated portions thereof are ready for the Engineer's substantial completion inspection. From the Engineer's list of incomplete or unsatisfactory items, a schedule for the County's review will be prepared for their completion indicating such completion dates. The County will issue a Certificate of Substantial Completion when the work on the punch list has been accomplished.

20.2. Upon receipt of written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the County shall promptly make such inspection and, if it finds the work acceptable and fully performed under the Contract Documents, shall promptly issue a Certificate of Final Completion and Recommendation for Payment, stating that, on the basis of observations and inspections, the Work has been completed in accordance with the terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor is due and payable. The final payment shall not become due and payable until Contractor submits: (1) the Release and Affidavit in the form attached as **Exhibit D**, (2) consent of surety to final payment, (3) if required by County, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by County, and (4) a published copy of the Notice of Completion as provided for in this section. County reserves the right to inspect the Work and make an independent determination as to the Work's acceptability. Unless and until the County is completely satisfied, the final payment shall not become due and payable.

20.3. After the Work is ready for final inspection and acceptance by the County, a legal advertisement must be published by the Contractor in a local newspaper of a general countywide circulation at least thirty (30) days before final payment shall be made. Example of such publication is as follows:

Legal Notice of Completion

Notice is hereby given that the undersigned Contractor has completed and has ready for acceptance by the Board of County Commissioners of Escambia County, Florida, the following construction project:

_____
(Project Name and Address)

_____
(Legal Name and Address - entity of the Contractor)

Subcontractors, material men, and other persons having payment claims against the Contractor relating to this project should govern themselves accordingly.

Section 21. WARRANTY

21.1. Contractor shall obtain and assign to County all express warranties given to Contractor or any subcontractors by any material men supplying materials, equipment or fixtures to be incorporated into the Project. Contractor warrants to County that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all Work shall be of good quality, free from all defects and in conformance with the Contract Documents. Contractor further warrants to County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. If, within one (1) year after substantial completion and acceptance, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work, which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which County is entitled as a matter of law. The Performance Bond shall remain in full force and effect throughout the one (1) year Warranty Period.

Section 22. PROJECT LAYOUT AND CONTROL

22.1. Engineer will provide survey control, referencing beginning and ending stations, P.C.'s, P.T.'s and intermediate stations at 500 foot intervals. Staking is to be set along control line (base line or centerline of right-of-way, as indicated on plans) or at an offset determined by the Engineer. Bench Marks will be provided at intervals no greater than 1000 feet. The Engineer at the Contractor’s expense shall replace any of these points, which are disturbed or destroyed by the Contractor.

22.2. Contractor shall employ a competent Engineer or Land Surveyor licensed in the State of Florida familiar with construction control procedures to lay out all other parts of the work, and to establish all points, grades and levels necessary to locate the work. The Contractor shall be held responsible for all mistakes that may be caused by his incorrect layout and grade spotting work, or caused by the loss or disturbance of the Engineer's layout work.

22.3. Should the Contractor in the course of the work find that the points, grades, and levels which are shown upon the Drawings are not conformable to the physical conditions of the locality at the proposed work or structure, he shall immediately inform the Engineer of the discrepancy between the actual physical conditions of the locality of the proposed work, and the points, grades and levels which are shown on the Drawings. No claim shall be made by the Contractor against the Owner for compensation or damage by reasons for failure of the Engineer to represent upon said Drawings, points, grades and levels conformable to the actual physical conditions of the locality of the proposed work.

Section 23. TESTS AND INSPECTIONS

23.1. County, its respective representatives, agents and employees, and any governmental agencies with jurisdiction over the Project shall have access at all times to the Work, whether the Work is being performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide County with timely notice of readiness of the Work for all required inspections, tests or approvals.

23.2. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

23.3. If any Work that is to be inspected, tested or approved is covered without written concurrence from the County, such work must, if requested by County, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given County timely notice of Contractor's intention to cover the same and County has not acted with reasonable promptness to respond to such notice. If any Work is covered contrary to written directions from County, such Work must, if requested by County, be uncovered for County's observation and be replaced at Contractor's sole expense.

23.4. Neither observations by the County nor inspections, tests or approvals by others shall relieve Contractor from Contractor's obligations to perform the Work in accordance with the Contract Documents.

23.5. Prior to payment for any Work for which testing is specified, Contractor shall provide the County a copy of reasonably acceptable test results relating to such work as required by the technical specifications of the solicitation.

Section 24. DEFECTIVE WORK

24.1. Work not conforming to the requirements of the Contract Documents shall be deemed defective Work. If required by County, Contractor shall, as directed, either correct all defective Work, whether or not fabricated, installed or completed, or, if the defective Work has been rejected by County, remove it from the site and replace it with acceptable Work. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold County harmless for same.

24.2. If the County considers it necessary or advisable that covered Work be observed by County or inspected or tested by others, Contractor, at County's request, shall uncover, expose or otherwise make available for observation, inspection or tests as County may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and County shall be entitled to an appropriate decrease in the Contract Amount. If, however, such Work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension of the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

24.3. If any portion of the Work is defective, or Contractor fails to supply sufficient skilled workers with suitable materials or equipment, or fails to finish or perform the Work in such a way that the completed Work will conform to the Contract Documents, County may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop the Work shall not give rise to any duty on the part of County to exercise this right for the benefit of Contractor or any other party.

24.4. Should the County determine, at its sole opinion, it is in the County's best interest to accept defective Work, the County may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the County's evaluation of and determination to accept defective Work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective Work, incorporating the necessary revisions in the Contract Documents and reflecting an appropriate decrease in the Contract Amount. If the County accepts such defective Work after final payment, Contractor at the discretion of the County shall promptly pay County an appropriate amount to adequately compensate County for its acceptance of the defective Work or shall increase in the Work's warranty period beyond two (2) years.

24.5. If Contractor fails, within a reasonable time after the written notice from County, to correct defective Work or to remove and replace rejected defective Work as required by County, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any of the provisions of the Contract Documents, County may, after seven (7) days' written notice to Contractor, correct and remedy any such deficiency. To the extent necessary to complete corrective and remedial action, County may exclude Contractor from any or all of the Project site, take possession of all or any part of the Work, and suspend Contractor's services related thereto, take possessions of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the Work all materials and equipment stored at the Project site or for which County has paid Contractor but which are stored elsewhere. Contractor shall allow County, and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable County to exercise the rights and remedies under this Subsection. All direct, indirect and consequential costs of

County in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Contract Documents, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court and arbitration costs and all costs of repair and replacement of work or others destroyed or damaged by correction, removal or replacement of Contractor's defective Work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by County of County's rights and remedies hereunder.

Section 25. SUPERVISION AND SUPERINTENDENTS

25.1. Contractor shall supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be responsible to see that the finished Work complies accurately with the Contract Documents. Contractor shall keep on the Work at all times during its progress a competent resident superintendent acceptable to the County, who shall not be replaced without prior written notice to County except under extraordinary circumstances. The resident superintendent shall possess Florida Department of Transportation approved training and certifications applicable to the Work, including but not limited to National Pollutant Discharge Elimination System (NPDES) Stormwater Management and Maintenance of Traffic Control Devices. The superintendent shall be Contractor's representative at the Project site and shall have authority to act on behalf of Contractor. All communications given to the superintendent shall be as binding as if given to the Contractor. County shall have the right to direct Contractor to remove and replace its Project superintendent, with or without cause.

Section 26. PROTECTION OF WORK

26.1. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor, or any one for whom Contractor is legally liable, is responsible for any loss or damage to the Work, or other work or materials of County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.

26.2. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

Section 27. EMERGENCIES

27.1. In the event of an emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from County is obligated to act to prevent threatened damage, injury or loss. Contractor shall give County written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Document have been caused thereby. If the County determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations. If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

Section 28. USE OF PREMISES

28.1. Contractor shall confine all construction equipment, the storage of materials and equipment and the operations of workers to the Project site and land and areas identified in and permitted by the Contract Documents and other lands and areas permitted by law, rights of way, permits and easements, and shall not unreasonably encumber the Project site with construction equipment or other material or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the Work.

28.2. Contractor shall provide and maintain in a neat, sanitary condition such accommodation for the use of his employees as may be necessary to comply with the regulations of the State Board of Health or other bodies having jurisdiction. He shall commit no public nuisance.

Section 29. SAFETY

29.1. The Contractor shall designate in writing the individual responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. The Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

29.1.1. All employees of the Work and other persons and/or organizations who may be affected thereby;

29.1.2. All the Work and materials and equipment to be incorporated therein, whether in storage on or off the Project site; and

29.1.3. Other property on Project site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and any underground structures or improvements not designated for removal, relocation or replacement in the contract documents.

29.2. The Contractor shall comply with all applicable codes, laws, ordinances, rules and regulations of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss. The Contractor shall erect and maintain all necessary safeguards for such safety and protection. The Contractor shall notify owners of adjacent property and of underground structures and improvements and utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation or replacement of their property. Contractor's duties and responsibilities for the safety and protection of the Work shall continue until such time as the Work is completed and final acceptance of same by County has occurred.

29.3 The Contractor shall designate a responsible representative at the Project site whose duty shall be the prevention of accidents. This person shall be Contractor's superintendent unless otherwise designated in writing by the Contractor to the County.

29.4 The Contractor shall adhere at all times to the minimum safety guidelines for construction and renovation projects as set out in **Exhibit C** of this Agreement.

Section 30. PROJECT MEETINGS

Prior to the commencement of Work, the Contractor shall attend a pre-construction conference

with the County to discuss the Progress Schedule, procedures for handling shop drawings and other submittals, and for processing Applications for Payment, and to establish a working understanding among the parties as to the Work. During the prosecution of the Work, the Contractor shall attend any and all meetings convened by the County with respect to the Project, when directed to do so by County. Contractor shall have its subcontractors and suppliers attend all such meetings (including the pre-construction conference) as may be directed by the County.

EXHIBIT B
PERFORMANCE AND PAYMENT BOND

BOND NO. _____

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS: That

_____

_____

(Insert name, address, and phone number of contractor), as Principal, and

_____

_____

_____, (Insert full name, home office address and phone number of surety) as Surety, are held and firmly bound unto the Board of County Commissioners for Escambia County, Florida, 221 Palafox Place, Pensacola, Florida 32597-1591, (850) 595-4900, as Obligee in the sum of

_____

____ Dollars ($_____), for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these present.

WHEREAS, Principal has entered into a contract dated as of the _____ day of_____, 20____, with Obligee for Contract No._____,_____

_____

_____

(Insert name of project, including legal description, street address of property and general description of improvement) in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs and attorneys' fees that Obligee sustains because of any default by Principal under the Contract; and

3. Performs the guarantee of all work and materials furnished under the Contract applicable to the work and materials, then this bond is void; otherwise it remains in full force; and

4. Principal understands and agrees that this bond shall remain in full force and effect throughout the two (2) year warranty period after substantial completion of the work.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligation under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penalty sum of this Performance Bond, regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20____, the name and corporate seal of each corporate party being hereto affixed and these premises duly signed by its undersigned representative, pursuant to authority of its governing body.

_____

said Contract being made a part of this Bond by this reference.

NOW, THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Performs the contract dated _____, _____, between Principal and County for construction of _____, the contract being made a part of this bond by reference, at the times and in the manner prescribed in the contract; and

2. Promptly makes payments to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays County all loses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that the County sustains because of a default by Principal under the contract; and

4. Performs the guarantee of all work and materials furnished under the contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the

notice and time limitation provisions in Section 255.05(2), Florida Statutes.

BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the County of any extension of time for the performance of the said Contract, or any other forbearance on the part of the County or Principal to the other, shall not in any way release the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in Section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to Section 255.05, Florida Statutes.

THIS BOND DATED THE _____ DAY OF _____, 20____ (the date of issue by the Surety or by the Surety's agent and the date of such agents power-of-attorney).

EXHIBIT C
INSURANCE AND SAFETY

INSURANCE - BASIC COVERAGES REQUIRED

The Contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such on policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the Contract Documents, whether such services, work and operations be by the Contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The Contractor shall require, and shall be responsible for assuring throughout the time the Agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the Contractor. The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the Contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the Contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The Contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The Contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The Contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the Contractor or any other insurance of the Contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations, which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The Contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid

certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile And Excess Or Umbrella Liability Coverage

The Contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the Commercial General Liability and Business Auto policies of the Insurance Services Office.
Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employers liability required in the Workers Compensation Coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The Contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business Auto Liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

Excess or Umbrella Liability Coverage
Umbrella Liability insurance is preferred, but an Excess Liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in Certificates of Insurance. If and when required by the County, Certificates of Insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the Certificate of Insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverages(s) indicated on each Certificate of Insurance.

New Certificates of Insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the Contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information.

1. Indicate that Escambia County is an additional insured on the general liability policy.
2. Include a reference to the project and the Office of Purchasing number.
3. Disclose any self-insured retentions in excess of $1,000.
4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles, Purchasing Manager
   Office of Purchasing
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4805
5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the Contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For Commercial General Liability coverage the Contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

MINIMUM PROJECT SAFETY REQUIREMENTS

The following safety requirements represent the minimum condition, which shall be met by all Contractors and subcontractors performing work for Escambia County: Reported or observed violations of Federal and State laws and regulations, or County ordinances shall be brought to the attention of the County project manager and County's Department of Safety and Risk Services and shall be immediately corrected by the Contractor. Additionally, the County may order work to be stopped if conditions exist that present immediate danger to persons or property. The Contractor acknowledges that any such stoppage will not shift responsibility for any damages from the Contractor to the County. Failure to comply with required safety procedures shall result in the suspension of the Work of the Contractor until such time as his operations are brought into compliance. Items which are not corrected or that are disputed by the Contractor may be referred by the County's Department of Safety and Risk Services for inspection or interpretation. The Contractor shall take reasonable precautions for work place safety and shall provide reasonable protection to prevent damage, injury, or loss to employees on the work site and to other persons who may be affected by the Work.

(1) Prior to the commencement of the project, the Contractor and all subcontractors shall provide to the County a written copy of their respective safety and health plans for review as part of the pre-submittal bid package.

(2) The Contractor shall establish and maintain an access control system at the work site, including a daily sign-in log, for all visitors, including County and regulatory personnel. Prior to commencement of construction, the project manager may designate specific individuals for routine access so that their duties are not impeded. All visitors that are not pre-approved for admittance shall be escorted through the project by either a Contractor representative or by the project manager or designee.

(3) The Contractor shall provide all necessary safety equipment for County staff, employees, and visitors to enter the work site. This equipment may include hard hats, hearing protection, safety glasses, or any other safety items deemed necessary by the Contractor or required by State or Federal safety regulations.

(4) Construction vehicles on the work site shall always be operated in a safe manner. The Contractor shall take appropriate action to ensure the safety of County staff, visitors, and the general public while operating work vehicles at a "controlled" construction site. Where conditions warrant, or at the request of the County, temporary barriers shall also be established for these traffic areas.

(5) The Contractor shall prominently mark the work site and ensure its security. Site security shall include appropriate fencing, barricades, warning tape, covered walkways and warning signs. In no instance shall a work site be accessible, without obvious warning, to County staff, visitors, or the general public. At a minimum, the project site shall be posted with the appropriate trespass warning signs as specified in Section 810.09(2)(d), Florida Statutes: THIS AREA IS A DESIGNATED CONSTRUCTION SITE; ANYONE TRESPASSING ON THIS PROPERTY SHALL, UPON CONVICTION, BE GUILTY OF A FELONY; "A DANGER, CONSTRUCTION SITE. AUTHORIZED PERSONNEL ONLY," and other general safety warning signs, i.e., "HARD HAT AREA," as are deemed necessary by the Contractor and project manager.

(6) In the event barricading of a work site is not feasible, alternative measures may be used upon prior approval by the County safety Office. Alternative measures may include, but are not limited to, working during "off 'hours such as nights, weekends, or holidays, or the

providing of temporary accommodations for building occupants (to be prearranged, if necessary, at the discretion of the County).

(7) The Contractor shall ensure compliance with all fire safety codes at the work site, especially as to egress, during the construction phase of an occupied facility. In no instance, (except where impractical and with the prior approval of the County's Department of Safety and Risk Services and the appropriate life safety code inspector), shall the life safety code components of an occupied facility be reduced or otherwise compromised.

A set of these construction plans, with a signature of approval by the appropriate life safety code inspector, shall be kept at each construction site and available for routine inspection. The Contractor shall communicate with each subcontractor and County's Department of Safety and Risk Services as to scheduling of events that may pose hazards or inconveniences to building occupants. The Contractor shall also ensure that appropriate scheduling information is also conveyed to the project manager.

- When a project alters a building's fire protection compartment features, such as fire barriers, smoke barriers, or corridor walls, exits must provide free and unobstructed egress. Employees shall receive notice if any alternative exits have been designated. Buildings or areas under construction must maintain escape egress for construction workers at all times. These means of egress shall be inspected daily by the Contractor.

- When a project affects fire alarms, fire detection, or fire suppression systems, of a building that is occupied, the Contractor must ensure that such systems are not functionally impaired. Any temporary systems, which are installed, must be inspected and tested monthly by the Contractor. Employees must be notified when such temporary systems are in place.

- When any sources of ignition are present, such as welding torches, smoking by all persons shall be prohibited on any construction site and in any County facility.

(8) Noise, dust, and the use of chemical products may create inside health hazards at the work site to building occupants requiring that the Contractor to adhere to the following guidelines at a minimum:

(a) The Contractor shall initiate construction and engineering safety controls to minimize exposure of dusts, noise, and chemical odors to building occupants. These controls may involve the construction or use of temporary walls, plastic barriers, mechanical ventilation, elimination of make-up air returns from work areas, pressurizing occupied areas, or a combination of several methods. The Contractor shall coordinate all such engineering efforts with the project manager, and these control measures shall require prior approval by the County's Department of Safety and Risk Services. In cases where these efforts may not be feasible, alternative work schedules on evenings and weekends may be instituted as a part of this process.

(b) Material Safety Data Sheets (MSDS) shall be provided to the County's Department of Safety and Risk Services for all hazardous substances used on the project or

brought on the job site. These products include, but are not limited to, paints, solvents, roofing compounds, and cleaning compounds.

(c) Appropriate precautions shall be taken to prevent occupant exposure to hazardous respirable dusts, contaminants, and fumes from welding, cutting, or drilling of concrete and masonry, or the operation of internal combustion engines. The Contractor shall also determine whether respirable crystalline silica, which is a potential carcinogen contained in many building products, is present at the work site. Control of dusts from these types of products and operations shall be an essential safety requirement for the Contractor.

(d) The Contractor should be aware of other buildings adjacent to his work areas and shall be prepared to take necessary actions to prevent the spread of dusts and fumes to those facilities.

(9) The Contractor shall ensure that all emergency notifications, including those for fires and medical needs, shall be promptly made by dialing County 911 dispatchers. The Caller should state the exact location of the work site emergency, the nature of the emergency, and specifically indicate if medical or fire services are needed.

(10) The Contractor agrees and understands that all County construction/renovation sites shall be subject to periodic inspection by life safety code inspectors, Florida Department of Labor and Employment Security, Division of Safety, Occupational Safety and Health Administration, Florida Department of Environmental Protection, Environmental Protection Agency, and other Federal, State, or County regulatory agencies.

(11) The Contractor shall provide adequate refuse containers for the disposal of construction debris. Refuse shall not be allowed to accumulate on the project site grounds, and the Contractor shall ensure that these containers are subsequently emptied on a regular basis.

(12) Water runoff and soil erosion from the project site shall be controlled by the Contractor pursuant to the regulations of the Florida Department of Environmental Protection.

(13) Water-based paint and stain products shall be used by the Contractor in the place of solvent-based products where the application so permits. Use of organic solvent-based products shall be used only where absolutely necessary and with the prior approval of the project manager. Lead-containing paints shall not be normally used or specified for any application. If the use of lead-containing paint is essential for a specific application, prior written approval from the County's Department of Safety and Risk Services shall be obtained before their use.

(14) The use of any products containing toxic metals, especially those regulated by Resource Conservation and Recovery Act (RCRA), (i.e. lead, chromium, barium, silver, arsenic, cadmium, mercury, selenium), on the work site shall be avoided. Prior written approval for use of these metals shall be obtained by the Contractor from the County's Department of Safety and Risk Services.

(15) The use of any radioactive materials by the Contractor on project sites shall require pre-approval. Copies of appropriate certifications, licenses, testing, and inspection records shall be provided by the Contractor to the project manager and County's Department of Safety and Risk Services for review.

(16) The County contracts out the identification and abatement of asbestos containing building materials. Asbestos abatement can only be performed by state licensed asbestos abatement contractors. General contractors, therefore, shall not be authorized to remove or disturb any asbestos containing materials. Although efforts are made to identify or remove such asbestos containing materials prior to renovations, the possibility exists that asbestos materials may be encountered at a work site. If so, Contractors who encounter such materials shall immediately stop work and notify the project manager and the County's Department of Safety and Risk Services.

(17) The above-cited guidelines represent minimum expectations and actions, which shall be taken by Contractors while under contract for County construction and renovation projects. These guidelines are not all inclusive and will be revised as necessary. In the event these guidelines conflict with other contract documents, the most stringent application shall apply. Any questions or disputes should be brought to the immediate attention of the project manager and County's Department of Safety and Risk Services.

EXHIBIT D
RELEASE AND AFFIDAVIT

COUNTY OF ESCAMBIA
STATE OF FLORIDA

Before me, the undersigned authority, personally appeared _____, who after being duly sworn, deposes and says:

(1) In accordance with the Contract Documents and in consideration of $_____ paid, _____ ("Contractor") releases and waives for itself and its subcontractors, material men, successors and assigns, all claims demands, costs and expenses, whether in contract or in tort, against the Board of County Commissioners of Escambia County, Florida, ("County") relating in any way to the performance of the Agreement between Contractor and County dated _____, 20____, for the period from _____ to _____.

(2) Contractor certifies for itself and its subcontractors, material men, successors and assigns, that all charges for labor, materials, supplies, lands, licenses and other expenses for which County might be sued or for which a lien or a demand against any payment bond might be filed, have been fully satisfied and paid.

(3) Contractor agrees to indemnify, defend and save harmless County from all demands or suits, actions, claims of liens or other charges filed or asserted against the County arising out of the performance by Contractor of the Work covered by this Release and Affidavit.

(4) This Release and Affidavit is given in connection with Contractor's (monthly/final) Application for Payment No. _____.

EXHIBIT G
PAYMENT ADJUSTMENT - BITUMINOUS MATERIALS.

1. The bid unit price for Bituminous Material will be adjusted to reflect changes, both increases and decreases, in the Asphalt Index price of bituminous material from that in effect during the month in which bids were received for this contract. The Contractor will not be given the option to reject this cost adjustment of Bituminous Materials. This adjustment will be made in accordance with the following criteria:

1.1. Price adjustments will apply only to the price of bituminous material F. O. B. manufacturer's asphalt terminal and will not reflect variations in the cost of transportation from the terminal to the job site.

1.2. Price adjustments will be made for all bituminous material incorporated into asphalt pavement whether paid for under a separate bid item or under other items, which include the cost of bituminous material.

1.3. Price adjustments will not be made until the semi-final or final payment is made on the contract. The bid unit price for bituminous material will be used in preparing monthly progress payments.

1.4. No price adjustment reflecting any further increases in the cost of bituminous material will be made for any month after expiration of the allowable contract time, including any extensions that may be granted.

1.5. The adjusted unit price shall be calculated for the month during which the material was incorporated into the project in accordance with the following formula:

Pa ' PbX(Id-Ib) where:

Pa ' Adjusted unit price for Bituminous Material. (To be calculated separately for each month during which bituminous material is used and will reflect an increased or decreased price.)

Pb ' Bid unit price for Bituminous Material.

Id ' Asphalt Price Index during the month in which the material is incorporated into the project.

Ib ' Asphalt Price Index during the month in which bids were received for this contract.

1.6. The County will determine the Asphalt Price Index for each month. The Index shall be determined by averaging quotations in effect on the first day of the month at all terminals, which could reasonably be expected to furnish bituminous material to projects in the State of Florida.

1.7. A price adjustment will be made only when the current Asphalt Price Index varies by 5% or more from the Index that was applicable when bids were received or 5% or more from when the last previous adjustment was made.

The Asphalt Price Index to be used by the County will be that used by the Florida Department of Transportation, as available from them after the 15th of each month.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17605 **County Administrator's Report 14. 25.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Jim C. Bailey Middle School, "Florida Science Olympiad"
From: Jeff Bergosh, Commissioner, District 1
Organization: Commissioner, District 1
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Funding for Jim C. Bailey Middle School, "Florida Science Olympiad"- Commissioner Jeff Bergosh, District 1

That the Board approve the funding of $2,000 to Jim C. Bailey Middle School for the "Florida Science Olympiad", on March 21, 2020, in Gainesville, Florida, from Commissioner Jeff Bergosh's discretionary money, and approve a Purchase Order for this purpose.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

BACKGROUND:

Bailey Middle School is going to the Florida Science Olympiad for the 8th consecutive time. These funds will help defer transportation, hotel and other costs associated with sending 18 students to the State Science Olympiad in Gainesville, Florida, on March 21, 2020.

BUDGETARY IMPACT:

The Board approved $50,000 in the Fiscal Year 2019-2020 Budget for each Commissioner to use as discretionary funds.

LEGAL CONSIDERATIONS/SIGN-OFF:

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17621 **County Administrator's Report 14. 26.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Strategic Organizational Assessment of County Procurement Processes
From: Chips Kirschenfeld, Director
Organization: Natural Resources
CAO Approval:

RECOMMENDATION:

Recommendation Concerning a Strategic Organizational Assessment of County Procurement Processes - J. Taylor "Chips" Kirschenfeld, Interim Assistant County Administrator

That the Board take the following action concerning a Strategic Organizational Assessment of County Procurement Processes:

A. Approve the County Administrator's recommendation for Accenture Consulting to perform a Strategic Organizational Assessment of County Procurement Processes;

B. Approve an administrative waiver of the requirement for competitive solicitation and allow approval of professional consulting services upon the recommendation of the Administrator, as per Section 46-96(c) of the Escambia County Code of Ordinances; and

C. Authorize the County Administrator to sign a Contract with Accenture Consulting to perform a Strategic Organizational Assessment of County Procurement Processes, not to exceed $165,000.

[Funding: Fund 001, General Fund; Cost Center 110201, BCC Non-Departmental]

BACKGROUND:

Escambia County's Purchasing Department is experiencing a heavy workload, they are having difficulty attracting and retaining experienced staff, and they are challenged to maintain timeliness with the incoming requests for procurement services from other County Departments. As a result, the Purchasing Department's increased workload and backlog of services is slowing down the desired timeline for many County projects. This proposed Strategic Organizational Assessment of County Procurement Processes will provide a complete analysis of procurement operations, policies and procedures, staff resources, eProcurement technology, Pcard systems, and Small Business and Minority/Woman-Owned Business programs. The findings of the Assessment will lead to the development of recommendations and a plan for implementation.

BUDGETARY IMPACT:

Fund 001, General Fund; Cost Center 110201, BCC Non-Departmental

LEGAL CONSIDERATIONS/SIGN-OFF:

The County Attorney's Office will review and approve the Contract prior to execution.

PERSONNEL:

No additional impact to personnel with the Recommendation.

POLICY/REQUIREMENT FOR BOARD ACTION:

Board Policy II.B.8

IMPLEMENTATION/COORDINATION:

County Administration will manage this Contract.

Procurement Assessment Statement of Work

Procurement Memorandum

STATEMENT OF WORK

BETWEEN ACCENTURE AND ESCAMBIA COUNTY

This Statement of Work ("SOW") is entered into as of March 2, 2020 (the "Effective Date"). This SOW is subject to the terms of the Master Services Agreement (the "MSA") dated March 2, 2020 between Escambia County ("Client") and Accenture LLP ("Accenture"). All capitalized terms used in this SOW have the meanings defined in this document or otherwise, if undefined, shall have the meanings set forth in the MSA. In the event of an inconsistency between this SOW and the MSA, this SOW shall govern.

1 PROJECT DESCRIPTION

Client's Purchasing Department is reported as not functioning effectively, thereby causing delays and issues for the county departments that depend on it. This includes long delays and numerous errors in its solicitation process. Client is seeking an assessment of its procurement processes and functions to better understand its specific issues and problems in order to develop recommendations for improvement.

This SOW is for Accenture to conduct a 4-week assessment of Client's procurement function against leading practices within public procurement organizations across the people, process, and technology dimensions to identify opportunities for improvement ("Purpose"). The parties will work towards the Purpose in a collaborative manner through the Mobilization, Current State Assessment and Final Report Phases.

2 DEFINITIONS

2.1 **"Activities"** shall mean actions or tasks the parties may perform collaboratively or individually to achieve a significant Outcomes.

2.2 **"Outcomes"** shall mean the results of the Activities being performed.

2.3 **"Outputs"** shall mean tangible or documented Outcomes.

2.4 **"Interim"** or **"Draft"** Deliverables shall mean iterations of the Deliverables prior to final delivery of the Deliverables.

2.5 **"Final Deliverables"** shall mean Deliverables indicated by Accenture to be final and which are subject to the acceptance process.

3 ANTICIPATED PROJECT APPROACH

The anticipated Activities, Outcomes and Deliverables under each Phase are described below:

3.1 ACTIVITIES AND OUTCOMES

Phase	Accenture Activities	Client Activities	Outcomes
1 - Mobilization	• Gather and review initially requested information • Review and finalize workplan and logistics • Finalize Stakeholder Map • Schedule interviews & workshop with identified customers and Purchasing staff	• Provide sponsorship for initiative and assist with project direction • Participate in kick off session to decide on logistics decisions and stakeholder mapping • Respond to data request or other information gathering techniques	• Final Project Scope • Stakeholder Map • Interview Schedule

Phase	Accenture Activities	Client Activities	Outcomes

Transformation Roadmap	• Summary of findings and recommendations • Road map of prioritized initiatives (Not intended to be a detailed transition plan • Implementation considerations (e.g. change management, communication approach)	End of Week 4

4 STREAMLINED CHANGE CONTROL PROCESS

The parties recognize that there will be changes to the SOW throughout this project. Notwithstanding (Note: refer to change order section) of Agreement, Changes to Activities, Outcomes/Outputs, or Interim Deliverables, and/or minor changes to Scope such as timeline, ("In-scope Changes") may be mutually agreed-upon at any point and confirmed in writing, including by e-mail, by the parties' project managers.

For changes beyond In-scope Changes, including changes to pricing or material changes to Accenture's scope of Services, the Accenture Engagement Director or the Client Project Manager will deliver a written request to the other of them in the form of Attachment A, "Change Order Form," attached hereto, and may be communicated by e-mail, specifying in reasonable detail, the material change and impacts to timeline

and pricing, if applicable. Upon written approval from the non-requesting party, the requested change will be deemed incorporated into the SOW.

5 SIGN-OFF/ACCEPTANCE

5.1 Interim Deliverables. Draft Deliverables may be shared for review by Client stakeholders prior to final delivery date. Draft Deliverables will not be subject to Acceptance process in the Agreement, however, Client may elect to sign-off and accept Draft Deliverables as having materially conformed to the applicable agreed upon requirements.

5.2 Acceptance. Final Deliverables presented by Accenture for acceptance will be reviewed by Client within the review period of two (2) business days. This may require Client collaboration for certain Activities related to the Final Deliverable. If notice of material nonconformities is not provided within the review period, the Final Deliverable shall be deemed accepted.

7 ADDITIONAL RESPONSIBILITIES

In addition to the responsibilities described above and as set forth in the Agreement, the parties will also perform the following additional responsibilities (together, "Responsibilities") below for the project. Any changes to the Responsibilities or Assumptions will affect scope, timeline and fees.

7.1 Client will provide information, materials, or access to systems, resources, or other information which Accenture will require to begin initial activities at the start of the project.

7.2 Each party will identify a project lead to oversee project progress. Client's project lead will have authority to provide sign-off on all Deliverables.

7.3 Client will provide timely and consistent participation in meetings and all decisions to be made will be made reasonably promptly.

7.4 Client will frequently provide consolidated written feedback from its relevant stakeholders.

7.5 Client will be responsible for its use of the Deliverables, and Client understands and agrees that it will be responsible for determining (a) whether the finalized Deliverables provided by Accenture, including any revised business processes implemented pursuant to this SOW, meet Client's business requirements; b) and if any how it will implement any recommendations by Accenture.

7.6 Client will be responsible for (a) Client's compliance with all applicable federal, state and local laws and regulations, and (b) obtaining all necessary consents from third parties, including any necessary third-party rights to use software, that are required for Accenture to perform its obligations under this SOW.

7.7 Client will be responsible for the performance of other contractors or vendors engaged by Client in connection with the Project, even if Accenture has been involved in recommending or selecting such contractors or vendors, or in the monitoring of their work.

8 ASSUMPTIONS

8.1 APPROACH ASSUMPTIONS

8.1.1. Accenture's performance under this SOW depends on active and consistent collaboration by Client during each Phase in accordance with the Project Approach and Estimated Project Timeline.

8.1.2. Client will provide the following information (if available) to Accenture in advance of the project start date

1. Purchasing Organization Chart with names, titles, and responsibilities
2. Purchasing Handbook or Manual
3. Listing of all Formal and Informal procurements managed by Purchasing for past two years
4. Accounts Payable data showing all payments to vendors by Department, by category, by vendor for past 2 fiscal years
5. Listing of all active vendor contracts, with name of vendor, start and end date of contract, and number of remaining extensions / renewals
6. P-Card spend data showing all payments by Department, by category, by merchant for past two fiscal years
7. Current Procurement Scorecard with Key Performance Indicators, Target Thresholds, and Actual Performance for past 24 months
8. Procurement Technology Map, showing all applications / tools in use or planned (e.g., Analytics, Sourcing, Buying, Contract Management, Supplier Relationship Management, Document Management)

8.1.3 Accenture will conduct up to 4 interviews with Purchasing's customers during Week 2 to understand their role in the purchasing process, their perspective of Purchasing's performance, and opportunities for improvement.

8.1.4 Accenture will conduct 1 interview with Purchasing's leadership during Week 2 to understand the current purchasing process, their perspective of Purchasing's performance, and opportunities for improvement.

8.1.5 Accenture will conduct 2 four-hour workshops with Purchasing's staff during Week 2 and Week 3 to understand the current purchasing process, procurement tools, and opportunities for improvement.

8.1.6 Client will not provide any Personal Data to Accenture under this SOW.

8.1.7 Accenture will focus on the twenty-one (21) Procurement Sub-Capabilities shaded white in Figure 1. The seven (7) Procurement Sub-Capabilities shaded gray in Figure 1 will not be included in the scope of this SOW.

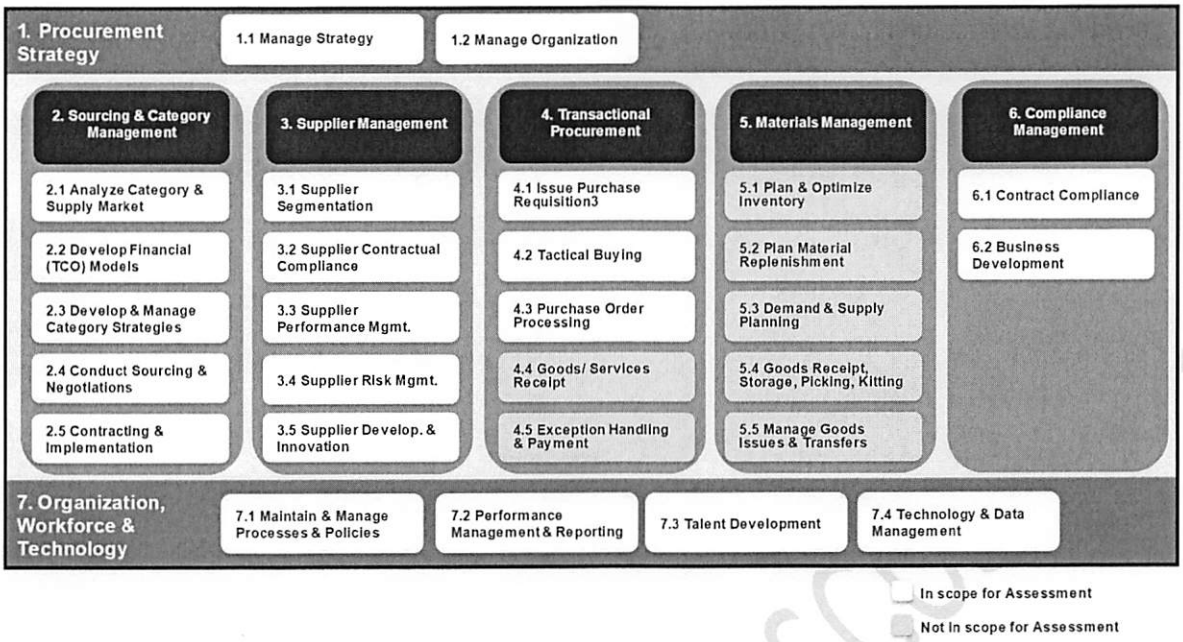

Figure 1 – Accenture's Procurement Logical Operating Model showing In-Scope and Out-Of-Scope Procurement Sub-Capabilities

9 PRICING

Accenture will perform the Services on a fixed fee basis. Based on the terms set forth in this SOW, Accenture's fees for its Services as defined above will be $165,000. Accenture will submit invoice to Client on last day of Project with payment terms of 30 days.

Accenture reserves the right to adjust the staffing plan as it deems appropriate based on project progress, but in no event will Accenture provide work in excess of the staffing plan in Section 6 or bill in excess of the Fees unless the parties mutually agree in writing to additional levels of staffing and fees.

10 ADDITIONAL TERMS

10.1 Notwithstanding anything to the contrary in the Agreement, only a Final Deliverable, and not an Interim Deliverable, will be considered under any applicable warranties or indemnities provided by Accenture under the Agreement.

10.2 Notwithstanding Section 5 of the MSA, all software, patents, graphics, photos, designs, trademarks, logos or other artwork and materials provided to Accenture by Client under this Agreement ("Client IP") are and shall remain the sole and exclusive property of Client or its third party licensors and Client shall obtain any relevant consents and licenses necessary for Accenture to use Client IP to perform Services and provide Deliverables under this Agreement. Client hereby grants to Accenture, during the term of this Agreement, a non-exclusive, fully paid, worldwide, non-transferable, limited license to use and permit Accenture's subcontractors to use the Client IP, solely for the purposes of providing the Services and Deliverables under this Agreement. Effective upon final payment, Accenture hereby grants to Client, subject to any restrictions applicable to any third party materials embodied in the Deliverables, a perpetual, worldwide, nontransferable, non-exclusive, irrevocable right and license to use, copy, modify and prepare derivative works of the Deliverables for purposes of Client's and its affiliated companies' internal business

DRAFT - NOT FOR DISCLOSURE

only (excluding any Accenture IP, defined below, governed by separate license agreements signed by Client, if any). All intellectual property in the Deliverables remain in and/or are assigned to Accenture.

All other intellectual property: (a) of Accenture existing prior to the Services, (b) used in the Services (except Client IP), (c) developed by Accenture, or (d) licensed to Accenture by third parties and used in the Services, and (e) any enhancements or modifications to, or derivative works of, any intellectual property in categories (a)-(d), are the sole and exclusive property of Accenture ("Accenture IP"). Accenture IP embedded in Deliverables may not be used separately and no Accenture IP may be used beyond the license rights granted above. The Deliverables and Accenture IP are proprietary to Accenture and embody valuable intellectual property rights, which may include Accenture patents, copyrights, trade secrets, know-how and other proprietary rights. Client agrees to pay a license fee, if any, specified in the applicable SOW for the rights granted herein. Each party is otherwise free to use concepts, techniques and know-how retained in the unaided memories of those involved in the performance or receipt of the Services. Accenture is not precluded from independently developing for itself, or for others, anything, whether in tangible or non-tangible form, which is competitive with, or similar to, the Deliverables provided and to the extent that they do not contain Client Information. Within ten (10) business days of termination of this Agreement for any reason, Accenture will destroy or return any Client IP in Accenture's possession to Client (subject to retaining copies of any information required for its internal recordkeeping requirements). Third-party intellectual property, such as the licensing of third-party assets or third-party components, may require additional terms of usage, which will be addressed in a SOW where applicable.

10.3 Client's rights to use Deliverables include Accenture IP embedded in Deliverables. Accenture's rights to use Deliverables include Client IP embedded in Deliverables. Neither party may use IP of the other Party embedded in Deliverables separately from the Deliverables.

10.4 If Accenture's performance hereunder is terminated or suspended, all Deliverables (which includes in progress Deliverables) will be retained, and remain solely owned by Accenture. The foregoing shall not modify each party's ownership of all intellectual property and other proprietary rights associated with technology and processes that it owned before this SOW was entered into or that it develops outside of the activities performed under this SOW, and nothing contained herein shall limit or restrict Accenture's right to perform the same or similar services for its other clients, without use of (or reference to) any Client Confidential Information, in the course of other engagements. Deliverables shall not include any Client Confidential Information or other Client IP.

10.5 Client agrees, notwithstanding any provision to the contrary, that Accenture has the right to anonymize and aggregate Client data with other data and leverage anonymous learnings and insights regarding use of Accenture products and/or services (the anonymized data, "Accenture Insights Data" or "AID"), and that Accenture owns AID and may use AID for any business purpose during and after the term of this Agreement (e.g., to develop, provide,

MEMORANDUM

TO: Janice Gilley, County Administrator

FROM: Chips Kirschenfeld, Interim Assistant County Administrator

DATE: February 11, 2020

RE: Assessment of Procurement Processes

I have researched three potential entities who are capable of providing services to Escambia County in regards to an assessment of our County purchasing/procurement policies, procedures, practices and operations. This assessment will provide recommendations and best practices for efficient, expeditious, and effective procurement operations. The three entities are:

1 – Accenture Consulting – Atlanta, GA
2 – Civic Initiatives, LLC – Austin, TX
3 – NIGP: The Institute for Public Procurement – Herndon, VA

All three of these entities have the capabilities to provide this assessment task. I have reviewed the firms' levels of expertise and years of experience. I have checked references for work performed for other local and state governments. Accenture and Civic Initiatives could be procured utilizing existing Georgia and Florida state contracts, and NIGP could be procured as a 501(c)3 not-for-profit corporation.

My recommendation is to utilize Accenture because they have been successfully working with the State of Florida Department of Management Services for the past 16 years to provide MyFloridaMarketPlace eProcurement services and maintenance. Since Accenture was involved in the initial build and implementation of MyFloridaMarketPlace, I feel that their unique expertise and perspective would be invaluable as they recommend improvements to our County processes so that they will seamlessly align with the State's eProcurement system. Accenture has managed over 35,000 procurement sourcing contracts nationwide, and they are currently working with Miami-Dade County, the Florida Department of Financial Services, the Florida Department of Highway Safety & Motor Vehicles, and the Florida Office of Financial Regulation. Accenture's Tallahassee Office has been open since 1996.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17501 **County Administrator's Report 14. 1.**
BCC Regular Meeting **Discussion**
Meeting Date: 03/05/2020
Issue: Request for Subordination of the SHIP Mortgage at 519 North H Street
From: CLARA LONG, Acting Director
Organization: Neighborhood & Human Svcs
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Request for Subordination of the State Housing Initiatives Partnership Mortgage at 519 North "H" Street - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Request for Subordination of the State Housing Initiatives Partnership (SHIP) Mortgage at 519 North "H" Street, as requested by Kimson Nobles:

A. Approve the Request for Subordination of the SHIP Mortgage at 519 North "H" Street, in the amount of $35,000, as requested by Kimson Nobles in order to allow the homeowner to refinance her first mortgage to obtain a lower interest rate;

B. Authorize the County Attorney's office to prepare a Subordination Agreement or loan modification as necessary to correct the scrivener's error regarding the loan term in the SHIP second mortgage; and

C. Authorize the Chairman or Vice Chairman to execute the Subordination Agreement and related documents required to complete this request, including actions that may be required of the County Attorney's Office.

[Funding: Not applicable]

BACKGROUND:

Kimson Nobles received $35,000 in State Housing Initiatives Partnership (SHIP) Program Principal Mortgage Reduction (PMR) assistance to purchase a new home in October 2008. The SHIP program placed a 0% interest second mortgage and note on the property (Exhibit I). The SHIP PMR strategy terms as provided in the 2008 SHIP Local Housing Assistance Plan (LHAP) state that the SHIP second mortgage term is 30 years or the term of the first mortgage, whichever is less (Exhibit II). The loan will depreciate to zero at this time provided that the borrower has not defaulted due to sale, transfer, rental, or other encumbrance of the property. However, Ms. Nobles' SHIP mortgage contains a scrivener's error in Section 2.08, which states that the SHIP loan must be repaid on a transfer or assignment after the first mortgage expiration, which is in conflict with the SHIP LHAP and requires correction.

On January 27, 2020, Ms. Nobles submitted correspondence (Exhibit III) to the Neighborhood Enterprise Division (NED) requesting that the SHIP second mortgage be subordinated so she can refinance and obtain a new first mortgage with Quicken Loans. The SHIP program policy is not to subordinate as is noted in the program loan documents. Ms. Nobles has provided the NED office with her proposed loan estimate and appraisal in order to review her request. The current appraised value of the property is $123,500, with the proposed new first mortgage loan amount being $75,007. The equity in the home is sufficient to provide a 89.07% cumulative loan to value ratio. The new monthly principal, interest, and escrow payment will be $688.49, which is slightly higher than the current $599.60 monthly payment; however, the new loan is a fixed loan term of 15 years. The new interest rate will be 3.65% fixed rate instead of the 6.15% on her current first mortgage, which will save Ms. Nobles money over the life of the loan. No funds will be received by Ms. Nobles at closing and any closing costs will be covered by the applicant. The homeowner has complied with all SHIP program requirements to date and the proposed loan is within affordability guidelines.

BUDGETARY IMPACT:

No impact to the SHIP program if the Board approves this request.

LEGAL CONSIDERATIONS/SIGN-OFF:

If approved by the Board, a closing disclosure must be provided by the homeowner before closing. Legal will review and approve a Subordination Agreement and/or mortgage modification as necessary.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

Current SHIP policy is not to subordinate liens or mortgages. Any deviation from policy requires Board approval.

IMPLEMENTATION/COORDINATION:

If approved by the Board, Neighborhood Enterprise Division (NED) will coordinate paperwork with the County Attorney's office and the homeowner as needed.

Imposed by Part 11, CH. 199, F.S.

ESCAMBIA/PENSACOLA AFFORDABLE HOUSING INITIATIVE
NEW CONSTRUCTION - PMR
MORTGAGE AND SECURITY AGREEMENT

THIS MORTGAGE (hereinafter referred to as to "Mortgage"), is made and entered into this 30th day of October, 2008, between the Mortgagor **Kimson A. Nobles, a single woman,** (herein "Borrower"), and the Mortgagees, ESCAMBIA COUNTY, a political subdivision of the/State of Florida, and the **CITY OF PENSACOLA**, a municipality chartered in the State of Florida, whose address for purposes of this Mortgage is 223 Palafox Street, P.O. Box 1591, Pensacola, Florida 32597, (hereafter "Lender").

WITNESSETH:

1.01 **PREMISES.** For and in consideration of an Indebtedness from Borrower to Lender in the principal sum of **Thirty-Five Thousand Dollars ($35,000.00)** which Indebtedness is evidenced by the Grant and Loan Agreement for Participation in the Escambia County Affordable Housing Initiative ("Loan Agreement") and Borrower's Note of even date herewith (herein "Note"). In order to secure the Indebtedness and other obligations of Borrower hereinafter set forth, Borrower does hereby grant, bargain, sell, convey, assign, transfer, pledge and set over unto Lender and the successors, successors in title, and assigns of County all of the following land and interest in land, estates, easements, rights, improvements, personal property, fixtures, equipment, furniture, furnishings, appliances, and appurtenances (herein referred to individually and collectively as the "Premises").

A. **LAND.** All those certain tracts, pieces or parcels of land (herein "Property") located in the County of Escambia, State of Florida, described as follows: **519 North "H" Street, Pensacola, FL 32501**

SEE EXHIBIT "A"

B. **APPURTENANCES.** All easements, rights-of-way, strips and gores of land, vaults, streets, ways, alleys and passages, sewer rights, water rights and powers, minerals, flowers, shrubs, trees and other emblem now or hereafter located on the land or under or above the same or any part of parcel thereof and all estates, rights, titles, interests, privileges, liberties, tenements, hereditaments and appurtenances, reversions and remainders, whatsoever, in any way belonging, relating or appertaining to the Premises or any part thereof, or which hereafter shall in any way belong, relate or be appurtenant thereto, whether now owned or hereafter acquired by Home buyer (hereinafter sometimes referred to as "Appurtenances").

1.02 **WARRANTIES OF TITLE.** Borrower covenants that Borrower is lawfully seized and possessed of the Premises as aforesaid, and has a good right to convey the same, that the same are unencumbered, and that the Borrower does warrant and will forever defend the title thereto against the claims of all persons whomsoever.

Lender acknowledges that the property is subject to a first mortgage in favor of **Peoples First Community Bank** in the amount of $79,324.00 and that this mortgage is subordinate and inferior to said mortgage (such mortgage shall be hereinafter referred to as the "first mortgage").

1.03 **INDEBTEDNESS.** This mortgage is given to secure the performance of all obligations set forth herein and the following described Indebtedness:

A. The debt evidenced by the Loan Agreement and Promissory Note referred to in Paragraph 1.01, together with any and all renewals, modifications, consolidations and extension of the Indebtedness evidenced by the Note;

B. Any and all additional advances made by County to protect or preserve the Premises or the security interest created hereby on the Premises, or for taxes, assessments or insurance premiums as hereinafter provided or for performance of any of Borrower's obligations hereunder provided or for performance of any of Borrower's obligations hereunder or for any other purpose provided herein (whether or not Borrower remains the owner of the Premises at the time of such advances); and

Provided, always, and it is the true intent and meaning of the parties to these presents, that when Borrower, his successors or assigns, shall pay or cause to be paid to Lender, his successors or assigns, the Indebtedness according to the conditions and agreements of the Note and of this Mortgage, and shall perform all of the obligations according to the true intent and meaning of the Note and this Mortgage and the conditions there under and hereunder, then this Mortgage shall cease, determine and be null and void; otherwise this Mortgage shall remain in full force and effect.

COVENANTS AND AGREEMENTS

2.01 **PAYMENT OF INDEBTEDNESS.** Homebuyer shall pay the Note(s) according to the tenure thereof and the remainder of the Indebtedness promptly as the same shall become due and payable in accordance with the terms of the Note.

2.02 **TAXES, LIENS AND OTHER CHARGES.**

A. Borrower shall pay, on or before the due date thereof, all taxes, assessments, levies, license fees, permit fees and other charges (in each case whether general or special, ordinary or extraordinary, foreseen or unforeseen) of every character whatsoever (including all penalties and interest thereon) now or hereafter levied, assessed, confirmed or imposed on, or in respect of, or which may be a lien upon, the Premises or any part thereof, or any estate, right or interest therein, or upon the rents, issues, income or profits thereof, and shall submit to Lender such evidence of the due and punctual payment of all taxes, assessments and other fees and charges as Lender may require.

B. Borrower shall pay, on or before the due date thereof, all taxes, assessments, charges, expenses, costs and fees against, or incurred in connection with, the Note(s), the other Indebtedness, this Mortgage or any other instrument now or hereafter evidencing, securing or otherwise relating to the Indebtedness, and shall submit to Lender such evidence of the due and punctual payment of all such taxes, assessments, charges, expenses, costs and fees as Lender may require.

C. In the event of the passage of any state, federal, municipal or other governmental law, order, rule or regulations, the law now in force governing the taxation of mortgages to secure debt or security agreements or debts secured thereby or the manner of collecting such taxes so as to adversely affect Borrower, Lender will pay any such tax on or before the due date thereof.

D. Borrower will not permit or suffer any construction, mechanics, materialmen, laborers or statutory or other liens to be filed of record or to remain outstanding against the Premises or any portion thereof.

2.03 PRESERVATION AND MAINTENANCE OF PROPERTY.

A. Borrower will keep the buildings, improvements, facilities, furnishings, landscaping, the Premises and other improvements of any kind now or hereafter erected on the Land or any part thereof in good repair and shall not commit waste or permit impairment or deterioration of the property. Borrower will do nothing which would or could increase the risk of fire or other hazard to the Premises or any part thereof or which would or could result in the cancellation of any insurance policy carried with respect to the Premises.

B. Borrower will not allow the removal, demolition or alteration of the structural character of any improvement located on the land, and once the improvements are completed, without the written consent of Lender. Borrower shall not remove or permit to be removed from the Land any item or items referred to in Paragraph 1.01(B) of this Mortgage which are or may hereafter be in any way attached or affixed to the Land or any improvements thereof.

C. If the Premises or any part thereof is damaged by f ire or other cause, Borrower will give immediate written notice thereof to Lender.

D. Lender or its representative is hereby authorized to enter upon and inspect the Premises at any time during normal business hours.

E. Borrower will promptly comply with all present and future laws, ordinances, rules and regulations of any governmental authority affecting the Premises or any part thereof.

F. Violation of any of the foregoing provisions shall constitute a default.

2.04 LIMIT OF VALIDITY. If from any circumstances whatsoever, fulfillment of any provision of this Mortgage or the Note(s) which it secures, at the time performance of such provision shall be due, shall involve transcending the limit of validity presently prescribed by any applicable usury statute or any other applicable law, with regard to obligations of like character and amount, then, ipso facto, the obligation to be fulfilled shall be reduced to the limit of such validity, so that in no event shall any exaction be possible under this Mortgage or under the Note that is in excess of the current limit of such validity, but such obligation shall be fulfilled to the limit of such validity. The provisions of this paragraph shall control every other provision of this Mortgage and of the Note.

2.05 CONVEYANCE OR ENCUMBRANCE OF PREMISES. Borrower hereby acknowledges to Lender that any encumbrance which encumbrance is in addition to those set forth in this Mortgage, of the Premises or any portion thereof would materially impair or jeopardize the security granted to Lender by this Mortgage. Borrower therefore covenants and agrees with Lender, as part of the consideration for the extending to Borrower of the Indebtedness evidenced by the Note,that Home buyer shall not directly or indirectly encumber, pledge, convey, transfer or assign any or all of the Borrower's interest in the Premises. A violation of the terms of this provision shall be a default hereunder and, in that event, all of the sums secured by this Mortgage shall be immediately due and payable. If Borrower fails to pay such sums when due, Lender may without further notice or demand on Borrower, invoke any remedies permitted by this instrument.

2.06 SUBORDINATION.

A. The Mortgage shall not be subordinated under any circumstances.

B. To include any form of refinancing the loan or debt consolidation loan.

2.07 OCCUPATION OF PREMISES. Borrower shall occupy and use the premises as Borrower's principal place of residency during the term of this mortgage. A violation of the terms of this provision shall be a default hereunder and, in that event, all of the sums secured by this Mortgage shall be immediately due and payable. If Borrower fails to pay such sums when due, Lender may without further notice or demand on Borrower, invoke any remedies permitted by this instrument.

2.08 CONVEYANCE AFTER THE DATE HEREOF. Upon Borrower's conveyance, transfer, encumbrance, refinancing, or assignment of any or all of Borrower's interest in the property, the total amount of the PMR - Principal Mortgage Reduction shall become due and payable to the **SHIP Affordable Housing Trust Fund.** Lender may without further notice of demand on Borrower, invoke any remedies permitted by this instrument. If the Borrower's conveyance, transfer or assignment of any or all of the Borrower's interest in the property occurs after the original period the first mortgage (i.e. thirty years), then the total sum set forth in the note shall be due and payable by Borrower.

DEFAULT AND REMEDIES

3.01 DEFAULT. The terms "Default" or "Defaults", wherever used in this mortgage, shall mean any one or more of the following events:

A. Failure by Borrower to pay as and when due and payable any portion of the Indebtedness as evidenced by the first mortgage; or

B. Failure by Borrower duly to observe or perform any other term, covenant, condition or agreement of the first Mortgage; or

C. Failure by Borrower to pay as and when due and payable any portion of the Indebtedness; or

D. Failure by Borrower duly to observe or perform any other term, covenant, condition or agreement of this Mortgage; or

E. Failure by Borrower duly to observe or perform any term, covenant, condition, or agreement in any other agreement now or hereafter evidencing, securing or otherwise relating to the Notes(s) or this Mortgage or the Indebtedness including the Loan Agreement; or

F. Any representation or warranty of Borrower relating to the Note(s), the Loan Agreement, Borrower's program application for participation in the Escambia County's Hurricane Housing Recovery Program, this Mortgage or the Indebtedness proves to be untrue or misleading in any material respect; or

G. The filing by Borrower (or any maker, endorser or guarantor of the Note(s) of a voluntary petition in bankruptcy or the filing by Borrower (or such maker, endorser or guarantor) or any petition or answer seeking or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief for itself under any present or future federal, state or other laws or regulation relating to bankruptcy, insolvency or other relief for debtors, or Borrower (or any such makers, endorsers or guarantors) seeking or consenting to or acquiescing in the appointment of any trustee, receiver or liquidator of Borrower (such maker, endorser or guarantor) or all or any substantial part of the Premises or of any other property or assets of Borrower (such maker, endorser or guarantor) or of any or all of the income, rents, issues, profits or revenues thereof, or the making by Borrower (or any such maker, endorser or guarantor) of any general assignment for the benefit of creditors, or the admission in writing by Borrower (or for any such maker, endorser or guarantor) of its inability to pay its debts generally as they become due or the commission by Borrower (or any such maker, endorser or guarantor) of an act of bankruptcy; or

H. The filing of a petition against Borrower (or any maker, endorser or guarantor) of the Note(s), seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under any present or future federal, state or other law or regulation relating to bankruptcy, insolvency or other relief for debtors, or the appointment of any trustee, receiver or liquidator of Borrower (or any such maker, endorser or guarantor) or of all or any substantial part of the Premises or of any or all of the incomes, rents, issues, profits or revenues thereof unless such petition shall be dismissed within thirty (30) days after such filing, but in any event prior to the entry of an order, judgment or decree approving such petition; or

I. The Premises are subjected to actual or threatened waste, or any part thereof is removed, demolished or altered without the prior written consent of Lender.

3.02 ACCELERATION OF MATURITY. If a default shall have occurred, then the entire Indebtedness shall accelerate, at the option of Lender, immediately become due and payable in full without notice or demand, time being of the essence of the Note(s) and of this Mortgage; and no omission on the part of Lender to exercise such option when entitled to do so shall be construed as a waiver of such right.

3.03 RIGHT TO ENTER AND TAKE POSSESSION. If a Default shall have occurred, Borrower, upon demand of Lender, shall forthwith surrender to Lender the actual possession of the Premises and if, and to the extent, permitted by law, Lender itself, or by such officers or agents as it may appoint, may enter and take possession of all of the Premises without the appointment of a receiver, or an application therefore, and may exclude Borrower.

3.04 RECEIVER. If a Default shall have occurred, Lender, upon application to a court of competent jurisdiction, shall be entitled as a matter of strict right, without notice and without regard to the adequacy or value of any security for the Indebtedness of the solvency of any party bound for its payment, to the appointment of a receiver to take possession of and to operate the Premises and to collect and apply the incomes, rents, issues, profits and revenues thereof. The receiver shall have all of the rights and powers permitted under the laws of the State of Florida. Borrower will pay to Lender upon demand all expenses, including reasonable receiver's fees, reasonable attorney's fees, costs and agent's compensation, incurred pursuant to the provisions of this Article III and any such amounts paid by Lender shall be added to the Indebtedness and shall be secured by this Mortgage.

3.05 ENFORCEMENT.

A. If a Default shall have occurred, Lender, at its option, may institute legal proceedings for the foreclosure of any or all of its rights under this Mortgage.

B. Lender shall have the right from time to time to enforce any legal or equitable remedy against Borrower, including without limitation suing for any sums, whether interest, principal or any installment of either or both, taxes, penalties or any other sums required to be paid under the terms of this Mortgage, as the same become due, without regard to whether or not all of the Indebtedness shall then be due, and without prejudice to the right of Lender thereafter to enforce any other remedy, including without limitation an action of foreclosure, whether or not such other remedy be based upon a Default which existed at the time of commencement of an earlier or pending action, and whether or not such remedy be based upon the same Default upon which an earlier or pending action is based.

3.06 WAIVER OF EXEMPTIONS. Borrower warrants that no portion of the Premises constitutes the "homestead" of any person whomsoever as defined by the laws and constitution of the State of Florida and hereby waives and renounces all exemption rights in and to the Premises as against the collection of the Indebtedness or any part thereof.

3.07 REMEDIES CUMULATIVE. No right, power or remedy conferred upon or reserved to Lender by this Mortgage is intended to be exclusive or any other right, power or remedy, but each and every right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law, in equity or by statute.

3.08 WAIVER. Any forbearance by Lender in exercising any right or remedy hereunder, or otherwise afforded by applicable law, shall not be a waiver of or preclude the exercise of any such right or remedy. The procurement of insurance or the payment of taxes or other liens or charges by Lender shall not be a waiver of Lender's rights to accelerate the maturity of the Indebtedness secured by this Mortgage.

3.09 SUITS TO PROTECT THE PREMISES. Lender shall have the power to institute and maintain such suits and proceedings as it may deem expedient (i) to prevent any impairment of the Premises by any acts which may be unlawful or constitute a Default under this Mortgage, (ii) to preserve or protect its interest in the Premises and in the income, rents, issues, profits and revenues arising there from and (iii) to restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that be unconstitutional or otherwise invalid, if the enforcement of or compliance with such enactment, rule or order would impair the security hereunder or be prejudicial to the interest of Lender. In any such action Lender shall be entitled to receive from Borrower all costs and reasonable attorney's fees.

MISCELLANEOUS

4.01 SUCCESSORS AND ASSIGNS. This Mortgage shall inure to the benefit of and be binding upon Borrower and Lender and their respective heirs, executors, legal representatives, successors, successors-in-title and assigns. Whenever a reference in this Mortgage is made to "Borrower" or "Lender" such reference shall be deemed to include a reference to the heirs, executors, legal representatives, successors, successors-in-title and assigns of Borrower and Lender., as the case may be. The foregoing shall not authorize the encumbrance, pledge, conveyance, transfer or assignment of all or any portion of Borrower's interest in the Premises without the prior written consent of Lender.

4.02 SEVERABILITY. If any provision of this Mortgage or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Mortgage and the application of such provisions to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

4.03 APPLICABLE LAW. This instrument shall be governed by and construed in accordance with the laws of the State of Florida.

4.04 TIME OF THE ESSENCE. Time is of the essence with respect to each and every covenant, agreement and obligation of Borrower under this Mortgage, the Note(s) and any and all other instruments now or hereafter evidencing, securing or otherwise relating to the Indebtedness.

4.05 ATTORNEY'S FEES. The enforcement of the Note(s), this Mortgage or any other obligation evidencing, securing or otherwise relating to the Indebtedness, Lender shall be entitled to recover from Borrower all costs and reasonable attorney's fees. The meaning of the term "legal fees" or attorney's fees" or other references to the fees of attorneys or counsel, wherever used in this Mortgage, shall be deemed to include, without limitation, all reasonable legal fees relating to litigation or appeals at any and all levels of courts and administrative tribunals.

IN WITNESS WHEREOF, Homebuyer has executed this Mortgage as of the date first above written.

PROMISSORY NOTE

$35,000.00

Pensacola, Florida
October 30, 2008

FOR VALUE RECEIVED, the undersigned Maker promises to pay to the **ESCAMBIA COUNTY (SHIP Affordable Housing Trust Fund)** a political subdivision of the State of Florida or assigns, or its duly authorized servicing Agent, the principal sum of **Thirty-Five Thousand Dollars ($35,000.00)** payable at 223 Palafox Street, P. 0. Box 1591, Pensacola, FL 32597, or other place as the holder may designate in writing. This Promissory Note is secured by a mortgage between the parties hereto and dated even herewith (the "mortgage"). The amount payable hereunder shall be paid as follows:

The total principal sum as set forth above shall be due and payable upon the default of any terms of obligations pursuant to the mortgage.

The total principal sum as set forth above shall be due and payable upon the sale, conveyance, transfer or assignment of any interest in the property referred to in the mortgage.

If the said sale, conveyance, transfer, encumbrance, refinance, or assignment of any interest in the property referred to in the mortgage occurs during the original period of the First Mortgage (i.e., thirty years), then the total loan amount shall become due. This note and the associated mortgage shall not be subordinated under any circumstances.

This note and all sums due hereunder shall not bear interest.

Each maker and endorser waives presentment, notice of dishonor, protest and other notices or demand in connection with the delivery, acceptance, performance, default, or enforcement of this note, and all other requirements necessary to hold each of them liable as makers or endorsers as applicable. Each maker and endorser further waives any "venue privilege" and/or "diversity of citizenship privilege" which they have not or have in the future, and do hereby specifically agree notwithstanding the provision of any state or federal law to the contrary, that the venue for the enforcement, construction or interpretation of this note shall be the County Court or Circuit Court selected by the holder hereof and they do hereby specifically waive the right to sue or be sued in the court of any other county or in any federal court, or in any state of federal administrative tribunal.

It is agreed that on failure to pay the principal of this note when due and payable, each maker and endorser, jointly or severally, shall pay to the holder hereof all costs of collection, including attorney's fees equal to ten percent of the unpaid indebtedness or such larger amount as may be reasonable and just, whether incurred with respect to the collection, trial, appeal, endorsement or any judgment based on this note, or otherwise.

If any of said installments shall not be paid when due, or if a default occurs in the performance of any other agreement in this note or in the Mortgage referred to below, or if a default occurs in the performance of any other obligation of any maker or endorser to the holder of this note which default is not cured within the time provided thereof, or upon the happening of any one of the following specified events by any maker or endorser: insolvency (however evidenced) or the commission of any act of insolvency; the making of a general assignment for the benefit of creditors; the filing of any petition or the commencement of any proceeding by or against any maker or endorser for any relief under any bankruptcy or insolvency laws, or any laws relating to the relief of debtors, extension, which proceeding is not dismissed within thirty (30) days; suspension of the transaction of the usual business or any maker or endorser; or the past or future making of false representation or warranty by any maker or endorser in connection with any loan or loans by the holder of this note to any maker or endorser, then entire principal sum and accrued interest shall immediately become due and payable without notice, at the option of the holder of this note, time being of the essence of this note. Failure to exercise such option shall not constitute a waiver of the right to exercise the same in the event of any subsequent default.

It is agreed that each maker and endorser, jointly and severally, consents to any extensions or renewals or modifications of this note, or any part hereof, without notice and each maker and endorser agrees that they will remain liable as such during any extension or renewal or modification hereof until the entire indebtedness evidenced by this note is fully paid.

This note shall be construed in all respects and enforced according to the laws of the State of Florida.

TERMS AND CONDITIONS
FOR PARTICIPATION IN THE ESCAMBIA/PENSACOLA
PRINCIPAL MORTGAGE REDUCTION (PMR)
NEW CONSTRUCTION

STATE OF FLORIDA
COUNTY OF ESCAMBIA

THIS DOCUMENT is executed this 30th day of October, 2008, in Escambia County, Florida by Kimson A. Nobles, a single woman, ("Homebuyer").

WHEREAS, Homebuyer desires to participate in the Escambia County Affordable Housing Initiative (the "Project"), and further declares that he/she/they meet(s) the low income family definition cited in Chapter 420 Florida Statutes; and

WHEREAS, the Neighborhood Enterprise Foundation, Inc., a Florida nonprofit corporation, as agent for the Escambia County ("NEFI/County"), and/or the City of Pensacola Housing Department, an operating department of the City of Pensacola, as agent for the City of Pensacola, ("PHD/City") , has confirmed the eligibility of Homebuyer for participation in the Escambia County Affordable Housing Initiative Project as based upon information provided by Homebuyer; and

WHEREAS, pursuant to the Project, Homebuyer herein requests home purchase assistance to Homebuyer pursuant to the terms, provisions and conditions of this document.

NOW, THEREFORE, the Homebuyer does hereby agree as follows.

1. **Adoption of Recitals and Application**. The Homebuyer and PMR Representative adopt the recitals in the foregoing paragraphs each of which the parties present as being true and correct. The Homebuyer further adopts all responses made in the original PMR/Escambia County Affordable Principal Mortgage Reduction application as filed with a County approved participating Lenders and hereby represents that all responses are true correct to the best of Homebuyer's knowledge and belief.

2. **Grant/Loan**. Escambia County/City of Pensacola shall, subject to the terms, provisions and conditions of this Agreement, deliver on behalf of Homebuyer a **loan not to exceed Forty Percent (40%) of the sales price or $50,000.00, whichever is less.**

Homebuyer agrees that NEFI/County shall make reasonable efforts, subject to the terms, provisions and conditions of this Agreement, to deliver on behalf of the Homebuyer a loan, solely available from funds provided through the Principal Mortgage Reduction Program (PMR), in the maximum amount of **Thirty-Five Thousand Dollars ($35,000.00)** expressly to assist the Homebuyer with meeting down payment assistance associated with the purchase of the affordable home located at:

519 North "H" Street, Pensacola, FL 32501

Homebuyer asserts that the purchase price of said housing unit does not exceed 90% of the Pensacola area median housing purchase price and that the projected total monthly housing cost, including principal, interest, taxes and insurance (PITI), does not exceed 30% of the Homebuyers gross annual income, except where expressly approved by the Homebuyer. Homebuyer acknowledges that this publicly supported assistance is provided solely as based upon his qualification as a low/moderate income, homebuyer meeting the eligibility criteria for participation in the Project.

3. **Consideration**. As and for consideration for the loan, Homebuyer shall be obligated to pay Escambia County or the City of Pensacola the deferred sum evidenced by promissory note and mortgage to be recorded in the public records of Escambia County following the mortgage loan closing. Pursuant to the Project, the grant repayment shall not be due and payable unless and until:

a. The Homebuyer defaults pursuant to the terms of the mortgage;

b. The Homebuyer sells, encumbers, transfers or conveys any interest in the property before the original period of the first mortgage (i.e., thirty years), the total amount shall become due and payable. If, however, the sale or conveyance occurs after the original period of the First Mortgage (i.e., thirty years), then the total sum shall be reduced to zero.

4. **Payment of Project Related Costs.**

a. Homebuyer/Seller shall pay all costs for any prepaid or escrow items such hazard insurance and property taxes required by Lenders participating in the PMR Principal Mortgage Reduction Assistance Project;

b. Homebuyer/Seller shall also pay the costs for documentary stamps on the deed, first and second mortgage recording fees, intangible tax on first and second mortgages, documentary stamps on the notes, appraisal fee, credit report fee, origination fee or service fee charged by the participating lender or lender as closing agent, charges for title search and title insurance, and property surveying fees.

c. Payment for any legal fees for attorneys or other professionals retained or commissioned by Homebuyer shall be solely the responsibility of the Homebuyer.

5. **Conditions Precedent.** All obligations hereunder are subject to and conditioned upon the following.

a. **Homebuyer's compliance with program requirements**. Homebuyer agrees and hereby authorizes NEFI/County and/or PHD/City to make such investigations as deemed necessary to determine whether Homebuyer meets the qualifications for participation in the Project. This determination shall be at the sole discretion of NEFI/County and PHD/City. Further, Homebuyer herein authorizes NEFI/County, PHD/City or their authorized representatives to access pertinent records; contact employers, lenders, or creditors; review Homebuyer provided information; secure income and household composition verifications; or obtain copies of such records as required to fully verify and substantiate Homebuyers eligibility to participate in the Project.

b. **Homebuyer's obligation to obtain first mortgage financing**. Homebuyer has made application and obtained a first mortgage financing commitment from a participating Lender as required to complete the purchase of an affordable home to be newly constructed within the City of Pensacola, Florida; Homebuyer has provided or caused the participating Lender to provide evidence of such commitment to the County. The mortgage Lender must be a participating bank under the (PMR) Principal Mortgage Reduction Program. The obligation to secure such first mortgage financing is the responsibility of the Homebuyer.

c. **Homebuyer's compliance with State housing Incentives Program (SHIP)** Requirements, Homebuyer acknowledges that the terms stated herein are subject to limitations, policies and regulations imposed by the State Housing Incentives Program (SHIP), the Florida Housing Finance Agency and subsequent amendments thereto. Homebuyer agrees to comply with all of the terms and conditions of such laws and regulations as they may be amended from time to time.

d. **SUBORDINATION.** The Mortgage shall not be subordinated under any circumstances; to include any form of refinancing the loan or debt consolidationloan, etc.

6. **Payment of Taxes**. Homebuyer acknowledges responsibility for the payment of taxes and special assessments for the year in which PMR home purchase assistance is provided, and for all years thereafter.

7. **Homebuyer to Occupy Property**. Homebuyers assisted with purchase of available newly constructed housing shall take occupancy of the home within thirty (30) days of the date of the mortgage loan closing or a home to be constructed following the mortgage loan closing shall take occupancy of the home within thirty (30) days of the completion of construction as evidenced by the date of the Certificate of occupancy issued by the local Building Inspection Official(s). Homebuyer shall continue occupancy of the Property as Homebuyer's principal residence for the term of the mortgage hereunder.

8. **Inspections**. Homebuyer shall permit reasonable periodic inspections at reasonable times by inspectors of NEFI/County, PHD/City, or their agents, and any other of Escambia County's or the City of Pensacola's inspectors or Department(s) deemed necessary, for the purpose of determining compliance with Project requirements, and to comply with such additional terms, conditions, and requirements as may be reasonably imposed.

9. **Insurance**. Homebuyer shall carry fire and liability insurance on the Property during the term of this Agreement in an amount not less than the fair market value of the Property. Said policy or policies shall be issued in the name of the Homebuyer and Escambia County or the City of Pensacola, as applicable, shall be named as an additional insured thereon.

10. **No Discrimination**. Homebuyer shall not discriminate upon the basis of race, creed, color, familial status, handicap, sex or national origin, in the sale, lease or rental, or in the use or occupancy of such property or any improvements erected or to be erected thereon.

11. **Single Family Dwelling Only.** The Property shall not have any attached / detached structures that may become Income producing as a result of formal or informal rental or lease to other parties. The final determination regarding such structures shall be made by inspectors with Escambia County, or the City of Pensacola Building Inspection Departments, or other County or City agencies as deemed necessary. Applicant agrees and acknowledges that this PMR assisted property must continually be used solely for occupancy as denoted in Section 12 of this agreement in order to remain in compliance with the PMR and provisions of the PMR mortgage.

12. **No Occupancy by other than Homebuyer and Family**. The Property may not be rented, leased, or occupied by persons other than Homebuyer and Homebuyer's family as described in the original application submitted by the Homebuyer. Homebuyer shall use the Property with due care and in a reasonable manner and shall keep the same in good repair at the Homebuyer's expense.

13. **Recordation of Mortgage and Note Related to the Terms and Conditions**. All obligations of Homebuyer contained herein shall be covenants running with the land (the Property), and shall be evidenced by a separate Mortgage and Note recorded in the public records of Escambia County, Florida.

14. **Default**. A default by Homebuyer under any loan, mortgage or agreement with the County or any other party relating to the Property shall be deemed a default under the terms and conditions stated herein.

15. **Waiver**. Failure of NEFI/County, PHD/City or their representatives in any one or more instances to insist on the performance of any of the terms and conditions cited herein, or to exercise any right or privilege conferred herein, or the waiver of any breach of any terms or conditions shall not thereafter be construed as a waiver of such terms, which shall continue in force as if no such waiver had occurred.

16. **Governing Law**. Homebuyer acknowledges that the terms and conditions associated with provision of Project assistance shall be construed in accordance with and governed by the laws of the State of Florida.

17. **No Assignment**. Homebuyer shall not have the right to assign its rights or obligations hereunder to any other person or entity without the prior written consent of the County.

18. **Captions**. The captions and headings contained herein are inserted for the convenience of reference only and are not a part hereof.

19. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

20. **Binding Effect**. This document shall be binding upon the Homebuyer, their heirs, personal representatives, successors and assigns.

21. **Invalidation**. The continuing applicability of the terms and conditions cited herein is contingent upon the Homebuyer purchasing the residential unit legally described in Section 2. In the event the Homebuyer fails to consummate the purchase as evidenced by PMR assisted mortgage loan closing and concurrent execution of mortgage and security documents, the commitments made herein and the terms and conditions related thereto shall be rendered null and void and of no effect.

22. **Further Acts**. The parties hereto agree to do, execute, acknowledge and deliver all such further acts, instruments and assurances, and to take all such further actions for or after the consummation of the transaction described herein as shall be necessary.

23. **Time is of the Essence**. Time is of the essence in culminating the actions necessary for compliance with terms and conditions cited herein.

IN WITNESS WHEREOF, Homebuyer and PMR Project Representative assert, affirm and acknowledge the terms and conditions stipulated herein with respect to the Homebuyers application for PMR home purchase assistance as evidenced by mutual execution on the day and year first above written.

D. STRATEGY 4. Principal Mortgage Reduction Assistance (Homeownership):

a. **Summary of the Strategy:**
Brief Description:

SHIP funds may be used to support production of new affordable homes through either: (1) principal mortgage reduction assistance (soft second mortgages) provided to enable SHIP eligible families to directly purchase newly constructed homes available on the open market; or (2) provision for short term, zero interest, interim construction financing to pre-qualified, locally designated, HUD approved Community Housing Development Organizations (CHDO) directly functioning as residential housing builders/developers with said financing to be fully repaid at closing on the sale of the unit to a SHIP eligible homebuyer, less any long-term second mortgage assistance passed through to the SHIP eligible buyer. Completed homes will be purchased by approved SHIP eligible families with permanent first mortgage financing provided by area private financial institutions. A minimum of 70% of the permanent mortgage financing will be provided by participating lenders. The remaining 30%, or a portion thereof, may be held as a deferred SHIP second mortgage to assure or enhance the affordability of the home for the lower income homebuyer.

b. **Fiscal Years Covered:** 2007/2008, 2008/2009, 2009/2010

c. **Income Categories to be served:**
All of the homes produced through this activity will be sold to families with incomes below 120% of the median income.

d. **Maximum award is noted on the Housing Delivery Goals Charts:**
The maximum award level for this strategy is stipulated in the HDGC.

e. **Terms, Recapture and Default:**
Deferred Payment Loan @ 0% interest secured by mortgage and note due upon default as a result of the sale, transfer or rental of the housing unit. Maximum term is 30 years or the term of the first mortgage whichever is less. Repayment requirements are: full repayment is required upon default or if the sale, transfer, encumbrance, or rental of the subject housing unit occurs within the term of the first mortgage. Assuming occupancy and compliance with program requirements for the full duration of the first mortgage, the SHIP assistance is forgivable.

Good Morning,
Attached is my request to be considered by the Board of County Commissioners to allow the existing loan to be subordinated to the new mortgage and a modification for the loan to be forgiven once the primary mortgage is satisfied. Thanks for your consideration.

Thank you,
Kimson

Kimson Nobles

519 North H St

Pensacola, FL 32501

November 6, 2019

Commissioner Lumon May

Commissioner Robert Bender

Commissioner Steven Barry

Commissioner Doug Underhill

Commissioner Jeff Bergosh

Dear Board of County Commissioners,

I am submitting a request to be considered by the Board of County Commissioners to allow the existing loan that I have with Escambia County/City of Pensacola for $35,000 for my home at 519 North H Street to be subordinated to a new mortgage due to re-financing. I would like to refinance my mortgage in order to obtain a lower interest rate on my primary mortgage that I currently have. I purchased my home on October 31, 2008 and my current first mortgage balance is $65,046.55 and the payoff will be $69,936.25. My current interest rate is 6.15% and my monthly payment is $599.60. My proposed new first mortgage amount will be $75,007.00 which includes the payoff for the current first mortgage and fees. The new proposed interest rate will be 3.625% and the proposed monthly payment will be $688.49 on a 15 year FHA fixed mortgage. I will not be receiving any cash out during this refinance. If I am able to refinance I will be able to almost cut my interest rate in half which will save me thousands of dollars in interest cost over the life of the loan. This will enable me to make needed repairs to my home to include plumbing and HVAC issues. My proposed new lender has assured that Escambia County will remain in the second (subordinate) position. I am also requesting a modification on my subordinate mortgage that the total amount of the Principal Mortgage Reduction be forgiven at the end of my primary mortgage term. Currently the total amount of the Principal Mortgage Reduction is perpetual even after the life of my primary mortgage term. According to the Florida Hardest Hit Fund Principal Reduction Advisor Procedures Manual, the intent was for the loan to be forgiven at a rate of 20% per year over a 5 year period. I am requesting that the Board honor this intent and allow a modification to the subordinate mortgage to be forgiven once the primary mortgage has been satisfied. Thank you in advance for allowing me to submit my request.

Sincerely,

Kimson Nobles

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17383 **County Administrator's Report 14. 2.**
BCC Regular Meeting **Discussion**
Meeting Date: 03/05/2020
Issue: Appointment to the Merit System Protection Board
From: Jana Still, Department Director
Organization: Human Resources
CAO Approval:

RECOMMENDATION:

Recommendation Concerning an Appointment to the Merit System Protection Board - Jana Still, Human Resources Department Director

That the Board take the following action concerning an appointment to the Merit System Protection Board:

A. Waive the requirement for the Sheriff to appoint two individuals;

B. Reappoint Gene Hudson to serve another two-year term, effective March 6, 2020, through March 5, 2022, whose term expired on September 30, 2019; or

C. Appoint Rafael Lopez to serve a two-year term, effective March 6, 2020, through March 5, 2022; or

D. Appoint Curt Carver to serve a two-year term, effective March 6, 2020, through March 5, 2022.

The Merit System Protection Board (MSPB) is presently comprised of three Board members, all of whom were properly sworn with an oath of office. The chairman is Gene Hudson. He is the Board of County Commissioners (BCC) appointment to the Board. His term expired on September 30, 2019, but continues to serve until the BCC names his replacement. He submitted his name for reappointment and can serve one more two-year term should the BCC name him as its appointee.

Fay Harvey serves on the MSPB as the BCC employee's elected member. She is serving her last term allowed.

The third Board member of the MSPB, as elected by the other two board members, is Silvia Switzer.

The Ordinance provided for two additional board members designated to the sheriff and the sheriff's employees; however, these have not been filled.

BACKGROUND:

Due to the establishment of the Merit System Protection Board (MSPB), defined in Ordinance 2005-38, the Board of County Commissioners has the responsibility to select a member to this Board. Ordinance 2012-II was amended for the the Board to select one of the three Board members.

Escambia County's Community and Media Relations Department posted a General Alert on the County's website from September 20, 2019, through October 4, 2019, to announce that the Board of County Commissioners was seeking Escambia County residents interested in volunteering for appointments to the MSPB. Rafael Lopez's Resume was the only Resume that was received for consideration.

Per Board direction, due to only one Resume being received, the General Alert was reposted from November 14, 2019 to December 1, 2019. Resumes were received from Gene Hudson and Curt Carver to be considered for an appointment to this Board.

Appointee Sought for Escambia County Merit System Protection Board

The Escambia County Board of County Commissioners is seeking Escambia County residents interested in volunteering to be considered for an appointment to the Escambia County Merit System Protection Board.

Escambia County residents interested in being considered for a possible appointment on the Merit System Protection Board are asked to submit a resume and letter indicating their desire to serve by the close of business on Friday, Oct. 4. Resumes should be submitted to Shamara Jernigan, Program Coordinator, Board of County Commissioners, P.O. box 1591, Pensacola, FL 32502, or emailed to boardapply@myescambia.com.

Please be aware that resumes submitted to a BCC agenda for consideration will become part of the official minutes and are subject to public records requests.

Merit System Protection Board

The MSPB was created to provide a fair and equitable mechanism for the expeditious review of appeals and grievances of the classified employees of the county before a non-partisan deliberative body. County Ordinance 2005-38 provides the means for a classified, permanent employee under the jurisdiction of the MSPB to appeal disciplinary actions, and that these employees may file an appeal or grievance for perceived violations of the ordinance or the rules. Presently, the classified employees under the jurisdiction of the Board of County Commissioners, the Sheriff's Office and the Supervisor of Elections are covered under the MSPB. The term of office of the member appointed by the BCC is two years.

Qualifications of Board Members

No person shall be appointed to the Merit System Protection Board as a member who:

1. Has not been a resident of Escambia County for two or more years preceding the appointment to the MSPB.
2. Is holding an elective or appointive office in federal, state, county or municipal government provided that prior appointment as a member of the MSPB shall not disqualify a person from being reappointed.
3. Held political office in, or was a salaried or hourly employee of Escambia County, during the 12 months preceding appointment to the MSPB.
4. Is a member of the immediate family of a current employee or elected official of Escambia County.
5. Is a current officer of any union representing employees of Escambia County.
6. Is working for any vendor who has a current contractual agreement with any participating appointing authority.
7. Has been convicted of, or has had adjudication withheld of, a felony or any crime involving moral turpitude.

Qualifications must be maintained throughout the member's tenure, or the member must resign his position on the MSPB.

Attendance

Any member of the MSPB shall be removed and replaced after being absent from more than three consecutive meetings during any calendar year. The MSPB shall determine whether any member's absence is unexcused.

Compensation of Board Members

The MSPB members shall serve on a voluntary basis and not be financially compensated for their service.

Meeting Schedule

MSPB meetings are held once per month on the second Tuesday; the meeting is generally less than one hour. Hours will vary depending on whether an appeal is being heard from an employee. If hearings are scheduled, they would be held immediately after the meeting. There has been less than one appeal/hearing in the past years.

Mrs. Gilley,

Let me introduce myself. I am Rev. Gene Hudson, chairman of the Merit System Protection Board and BCC appointed representative to the board. Pursuant to County Ordinance 2005-38, I am eligible to serve two consecutive extensions and am willing to serve another term. I am currently chairman of the board, so if the county wishes to extend my term, I will willingly accept the position.

Sincerely,
Rev. Gene Hudson

FOCUS

Serving as a Senior Pastor for the past 31 years, I am endlessly involved with my community. In addition to leading my church, visiting the sick and shut-ins, and participating in community outreaches, I also work with the local funeral homes. Whenever a bereaved family is without a Pastor, the funeral directors know that they can call me any time. I am here to help my community in any way possible.

Appointee Sought for Escambia County Merit System Protection Board

The Escambia County Board of County Commissioners is seeking Escambia County residents interested in volunteering to be considered for an appointment to the Escambia County Merit System Protection Board.

Escambia County residents interested in being considered for a possible appointment on the Merit System Protection Board are asked to submit a resume and letter indicating their desire to serve by the close of business on Friday, Oct. 4. Resumes should be submitted to Shamara Jernigan, Program Coordinator, Board of County Commissioners, P.O. box 1591, Pensacola, FL 32502, or emailed to boardapply@myescambia.com.

Please be aware that resumes submitted to a BCC agenda for consideration will become part of the official minutes and are subject to public records requests.

Merit System Protection Board

The MSPB was created to provide a fair and equitable mechanism for the expeditious review of appeals and grievances of the classified employees of the county before a non-partisan deliberative body. County Ordinance 2005-38 provides the means for a classified, permanent employee under the jurisdiction of the MSPB to appeal disciplinary actions, and that these employees may file an appeal or grievance for perceived violations of the ordinance or the rules. Presently, the classified employees under the jurisdiction of the Board of County Commissioners, the Sheriff's Office and the Supervisor of Elections are covered under the MSPB. The term of office of the member appointed by the BCC is two years.

Qualifications of Board Members

No person shall be appointed to the Merit System Protection Board as a member who:

1. Has not been a resident of Escambia County for two or more years preceding the appointment to the MSPB.
2. Is holding an elective or appointive office in federal, state, county or municipal government provided that prior appointment as a member of the MSPB shall not disqualify a person from being reappointed.
3. Held political office in, or was a salaried or hourly employee of Escambia County, during the 12 months preceding appointment to the MSPB.
4. Is a member of the immediate family of a current employee or elected official of Escambia County.
5. Is a current officer of any union representing employees of Escambia County.
6. Is working for any vendor who has a current contractual agreement with any participating appointing authority.
7. Has been convicted of, or has had adjudication withheld of, a felony or any crime involving moral turpitude.

Qualifications must be maintained throughout the member's tenure, or the member must resign his position on the MSPB.

Attendance

Any member of the MSPB shall be removed and replaced after being absent from more than three consecutive meetings during any calendar year. The MSPB shall determine whether any member's absence is unexcused.

Compensation of Board Members

The MSPB members shall serve on a voluntary basis and not be financially compensated for their service.

Meeting Schedule

MSPB meetings are held once per month on the second Tuesday; the meeting is generally less than one hour. Hours will vary depending on whether an appeal is being heard from an employee. If hearings are scheduled, they would be held immediately after the meeting. There has been less than one appeal/hearing in the past years.

Ms. Shamara Jernigan
Project Coordinator
Board of County Commissioners
PO Box 1591
Pensacola, Florida 32502

Dear Ms. Jernigan:

Please accept the enclosed resume for your consideration regarding the vacancy on the Merit System Protection Board. I believe I can offer the County a relevant skillset to successfully handle the responsibilities of a member of the MSBP. My career includes over 30 years of local government experience, most of which was at a senior level.

As you can see from the enclosed resume, this experience included managing numerous labor agreements, resolving grievances and administering personal policies. I gained a reputation as a credible professional who dealt with these matters in a transparent and ethical manner. Labor agreements and grievances were settled without the need for binding arbitration or external legal process.

I would welcome a chance to discuss my credentials with you at your convenience. Thank you for your consideration.

Sincerely,

Curt Carver

Professional Experience

Seasonal Park Guide, National Park Service
May 2019 to July 2019- Gulf Islands National Seashore
July 2018 to January 2019- Fort Sumter National Monument

- Provided historical and resource related programing to park visitors. Communicated/interpreted park values to visitors with varying interests and backgrounds.
- Responded to a wide variety of visitor questions.

Deputy City Manager, City of Gulf Breeze, Florida
August 2014 to May 2016

- Coordinated operations for a full-service municipality with over 155 employees serving a community of 6,000 people.
- Oversaw the preparation and management of the City's $32 million budget and facilitated staff interaction with outside auditors.
- Negotiated a labor agreement with sworn police personnel. Also negotiated employment/separation agreements with select staff members. Participated in all key aspects of the human relations function.
- Provided policy direction to department directors and managed activities requiring inter-department cooperation.
- Analyzed and made recommendations regarding both operations and overall strategic focus. Emphasized financial sustainability and efficiency.

Village Administrator, Village of Inverness, Illinois
May 1997 to February 2014

- Oversaw the delivery of municipal services to a residential community of 7,500. Negotiated and administered numerous contracts for the delivery of these services.
- Implemented the first 5-year capital plan for infrastructure improvements.
- Planned for and created a municipal police department, to include staff selection, implementation steps and operational policies. Developed written materials and made public presentations to educate stakeholders.
- Established financial policies and cost efficiencies that resulted in the Village receiving a Standard & Poor's AAA bond rating, which was reaffirmed.

Professional Experience Continued

- Prepared extensive written material for public outreach, including the publication of quarterly community newsletters and website monthly public board meetings.

Village Manager, Village of Carpentersville, Illinois
July 1987 to May 1997

- Managed a full-service municipality of 150 employees serving a community of 27,000.
- Oversaw a comprehensive update to the Village's personnel manual.
- Prepared annual budgets of over $30 million.
- Negotiated multi-year labor agreements with four employee bargaining units. All agreements settled without binding arbitration. Adjudicated grievances and disciplinary appeals.
- Planned for and created a Village fire department after disconnection from a fire protection district. Negotiated transition issues to avoid litigation.
- Negotiated multiple annexation agreements, which increased the size of the Village by 1300 acres, created the potential for an addition 10,000 residents and 1.7 million square feet of commercial development. Directed efforts to finance and construct over $15 million of related utility improvements.
- Organized public information efforts resulting in voter approval of several public referenda. These efforts included written materials and public presentations.

Education

Northern Illinois University, B.A., Political Science, Magna Cum Laude, 1982

University of Illinois, graduate level coursework in public administration 1983-1984

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17515 **County Administrator's Report 14. 3.**
BCC Regular Meeting **Discussion**
Meeting Date: 03/05/2020
Issue: State Law Enforcement Trust Fund Appropriation
From: Henrique Dias, Chief Financial Officer
Organization: Escambia County Sheriff's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning State Law Enforcement Trust Fund - Henrique Dias, Chief Financial Officer, Escambia County Sheriff's Office Finance Division

That the Board approve the following allocations of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5), for Outside Agency partners in Escambia County for Fiscal Year 2019/2020:

A. Lamplighters Academic and Mentoring Program, Inc., in the amount of $3,000;

B. Epilepsy Florida, in the amount of $1,000;

C. Pensacola Teen Challenge, in the amount of $2,500;

D. FavorHouse of Northwest Florida, Inc., in the amount of $15,000;

E. James B. Washington Educational Sports, Inc., in the amount of $5,000; and

F. Project Empower of NWFL, Inc., in the amount of $5,000.

Upon approval of these funding allocations, the Sheriff's Office will process all appropriate paperwork, and submit for payment from LET Funds to the Escambia Clerk of the Circuit Court and Comptroller.

[Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

BACKGROUND:

Per F.S. 932.7055(5), certain law enforcement activities generate a revenue stream that must be appropriated into the Law Enforcement Trust to be expended by the Sheriff. These funds support various law enforcement related activities in Escambia County.

List of Agencies with amount (appropriate backup for each agency is attached):

Lamplighters Academic and Mentoring Program, Inc. - $3,000
Epilepsy Florida - $1,000
Pensacola Teen Challenge - $2,500
FavorHouse of Northwest Florida, Inc. - $15,000
James B. Washington Educational Sports Inc. - $5,000
Project Empower of NWFL, Inc. - $5,000

BUDGETARY IMPACT:
N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated January 31, 2020.

Dear Dr. Vanessa L. Phillips,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Crime Prevention or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $3000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

The staff of the Pensacola Omega Lamplighters and LAMP, Inc. are seeking financial assistance for The Gulf Coast Omega Dance/Step Extravaganza (GCODE). This event will be held at the Pensacola High School on March 9, 2019. It features over 300 Escambia School District youth performers in a one of a kind, once a year, cultural/talent showcase. These students have worked more than 6 months on this production with professional sound, staging, and concert style set up. The event has taken place sheerly from grass roots fundraising and partnership efforts. As the show grows and the number of youth performers increases, so does the need for extended partnerships and financial commitments. For the past 3 years we have watched the city shift positively as we promote Kings and Queens and not gangsters and thugs. The Omega Lamplighters are shifting the culture and showing that the cool things to do are to have integrity, high standards, high grades, and pride in self and community rather than commit crime and do drugs. This group touts grade point averages over 3.5 for more than 95% of the organization. Our matriculation from our mentoring program has seen 100% of mentee graduates enter a major 4 year college/university. to show how serious we have about academics and positive promotion, at the 2018 show, we award 5 financial scholarship on stage for high academic performace to spectators who brought in their report cards and proof of grades. We are building leaders. We are building dreamers, doers, achievers and deterring negative behavior along the way. The community supports this initiative. For the past 3 years we have had more than 2700 spectators at this one event. This is a captive audience that will receive message of crime, drug, and violence prevention in a myriad of ways, in addition to our large social media following. It is my hope that you would consider supporting this event and the students and community that you know, love, and protect each day.

PENSACOLA, FL 32526

For assistance you may call us at:
1-800-829-4933

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 82-4385923. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

Based on the information received from you or your representative, you must file the following form(s) by the date(s) shown.

Form 1120 01/15/2019

If you have questions about the form(s) or the due date(s) shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2004-1, 2004-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

IMPORTANT INFORMATION FOR S CORPORATION ELECTION:

If you intend to elect to file your return as a small business corporation, an election to file a Form 1120-S must be made within certain timeframes and the corporation must meet certain tests. All of this information is included in the instructions for Form 2553, *Election by a Small Business Corporation*.

If you are required to deposit for employment taxes (Forms 941, 943, 940, 944, 945, CT-1, or 1042), excise taxes (Form 720), or income taxes (Form 1120), you will receive a Welcome Package shortly, which includes instructions for making your deposits electronically through the Electronic Federal Tax Payment System (EFTPS). A Personal Identification Number (PIN) for EFTPS will also be sent to you under separate cover. Please activate the PIN once you receive it, even if you have requested the services of a tax professional or representative. For more information about EFTPS, refer to Publication 966, *Electronic Choices to Pay All Your Federal Taxes*. If you need to make a deposit immediately, you will need to make arrangements with your Financial Institution to complete a wire transfer.

The IRS is committed to helping all taxpayers comply with their tax filing obligations. If you need help completing your returns or meeting your tax obligations, Authorized e-file Providers, such as Reporting Agents (payroll service providers) are available to assist you. Visit the IRS Web site at www.irs.gov for a list of companies that offer IRS e-file for business products and services. The list provides addresses, telephone numbers, and links to their Web sites.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

* Keep a copy of this notice in your permanent records. **This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you.** You may give a copy of this document to anyone asking for proof of your EIN.
* Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
* Refer to this EIN on your tax-related correspondence and documents.

If you have questions about your EIN, you can call us at the phone number or write to us at the address shown at the top of this notice. If you write, please tear off the stub at the bottom of this notice and send it along with your letter. If you do not need to write us, do not complete and return the stub.

Your name control associated with this EIN is LAMP. You will need to provide this information, along with your EIN, if you file your returns electronically.

Thank you for your cooperation.

is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased.

FLORIDA

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Form **W-9**
(Rev. November 2017)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Lamplighter Academic and Mentoring Program Incorporated

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
5040 Port St Joe St

Requester's name and address (optional)

6 City, state, and ZIP code
Pensacola, FL 32526

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
___ - ___ - ____

or

Employer identification number
82 - 4385923

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 5.29.18

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated January 28, 2020.

Dear Cecily Chundriek,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Drug Education, Safe Neighborhood or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $1,000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

We cordially invite you to participate as sponsor of the 2020 Walk the Talk for Epilepsy events taking place all over Florida in the spring. The event in our area will be on May 2nd at Seville Square, Downtown Pensacola. This is an occasion for friends, family and loved ones of those living with epilepsy to come together to support this cause.

89% of every dollar raised will directly benefit the Floridians we help who are living with Epilepsy. We trust that you will find great satisfaction in knowing that your support will help us achieve our goals to serve these families living in our community. Epilepsy affects 400,000 people in Florida, mostly children and the elderly. We provide them with a myriad of programs such as community education, support groups, case management, medical services, prevention, Camp Boggy Creek and much more. We offer epilepsy awareness and seizure first aid to teachers, students, first responders, city personnel, and medical communities. During our training, we also discuss Anti Epilepsy Drugs (AED). AED are very potent and we emphasize their proper use as strictly medicinal, used under a physician's supervision. The education and outreach coupled with our comprehensive case management services work to ensure a safe community. We truly rely on sponsorships and donors to carry our agency and allow us to continue providing such services.

As we have in the past, we would like to invite Sheriff Morgan to sing the National Anthem before our Walk.

I have enclosed a sponsorship package.

Employer ID number: 59-2164525
Form 990 required: Yes

Dear Taxpayer:

We're responding to your request dated July 18, 2018, about your tax-exempt status.

We issued you a determination letter in March 1972, recognizing you as tax-exempt under Internal Revenue Code (IRC) Section 501(c)(3).

We also show you're not a private foundation as defined under IRC Section 509(a) because you're described in IRC Sections 509(a)(1) and 170(b)(1)(A)(vi).

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If you're required to file a return, you must file one of the following by the 15th day of the 5th month after the end of your annual accounting period:

- Form 990, Return of Organization Exempt From Income Tax
- Form 990EZ, Short Form Return of Organization Exempt From Income Tax
- Form 990-N, Electronic Notice (e-Postcard) for Tax-Exempt Organizations Not Required to File Form 990 or Form 990-EZ
- Form 990-PF, Return of Private Foundation or Section 4947(a)(1) Trust Treated as Private Foundation

According to IRC Section 6033(j), if you don't file a required annual information return or notice for 3 consecutive years, we'll revoke your tax-exempt status on the due date of the 3rd required return or notice.

You can get IRS forms or publications you need from our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions, call 877-829-5500 between 8 a.m. and 5 p.m.,

FLORIDA

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

or

Employer identification number

5	9	–	2	1	6	4	5	2	5

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ _____ Date ▶ 1/28/2019

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

February 13, 2020

Pensacola Teen Challenge
Attn: Brian Warner
8600 W. US 98 West, Pensacola, FL 32506

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated February 5, 2020.

Dear Brian Warner,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Drug Prevention, Drug Education or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $2500. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

Employer ID Number: 59-2479228
Form 990 required: YES

Dear Taxpayer:

This is in response to your request dated Apr. 11, 2017, regarding your tax-exempt status.

We issued you a determination letter in April 1985, recognizing you as tax-exempt under Internal Revenue Code (IRC) Section 501(c)(03).

Our records also indicate you're not a private foundation as defined under IRC Section 509(a) because you're described in IRC Sections 509(a)(1) and 170(b)(1)(A)(vi).

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If a return is required, you must file Form 990, 990-EZ, 990-N, or 990-PF by the 15th day of the fifth month after the end of your annual accounting period. IRC Section 6033(j) provides that, if you don't file a required annual information return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

For tax forms, instructions, and publications, visit www.irs.gov or call 1-800-TAX-FORM (1-800-829-3676).

If you have questions, call 1-877-829-5500 between 8 a.m. and 5 p.m., local time, Monday through Friday (Alaska and Hawaii follow Pacific Time).

is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased.

DEPARTMENT OF REVENUE

Important Information for Exempt Organizations

DR-14
R. 04/11

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions regarding your exemption certificate, please contact the Exemption Unit of Account Management at 800-352-3671. From the available options, select "Registration of Taxes," then "Registration Information," and finally "Exemption Certificates and Nonprofit Entities." The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Teen Challenge of Florida, Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☑ Other (see instructions) ▶ Teen Challenge of Florida, Inc.

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
15 West 10th Street

Requester's name and address (optional)

6 City, state, and ZIP code
Columbus, GA 31901

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] - [ ][ ] - [ ][ ][ ][ ]

or

Employer identification number
5 9 - 2 4 7 9 2 2 8

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ Martin E. Dale Date ▶ 10/14/19

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated February 11, 2020.

Dear Sue Hand,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Crime Prevention or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $15,000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Escambia and Santa Rosa Counties Domestic Violence Coalitions Annual Conference:($5,000.00) Domestic violence crime in Escambia and Santa Rosa Counties continues to be a large percentage of reported and unreported crime. This conference is provided annually for law enforcement, victim advocates, prosecutors, medical professionals, probation officers, social workers and others who work with domestic violence crime and crime victims. The 2020 Conference: "Identifying, Investigating, and Prosecuting Domestic Violence STRANGULATION Cases," is presented by Gael Strack, Esq., CEO and Co-Founder of Alliance for HOPE International & the Strangulation Training Institute on Strangulation Prevention. Prior to launching Alliance for Hope International with Casey Gwinn, Gael served as the Founding Director of the San Diego Family Justice Center from October 2002 through May 2007. Prior to her work at the Family Justice Center, Gael was a prosecutor at the San Diego City Attorney's Office. In order to reach a broad base of participants and provide access to expert training in the dynamics of domestic violence, the conference is offered free of charge as a service to the community in a coordinated approach to reduce domestic violence crime and increase prosecution. Strangulation has been identified as one of the most lethal forms of domestic violence and sexual assault.

FavorHouse White Rose Event: ($15,000.00) FavorHouse is the only certified domestic violence center for Escambia and Santa Rosa Counties. Each year law enforcement officers and deputies respond to thousands of domestic violence crime victims who need emergency shelter and direct services. Without a safe place, domestic violence crime victims become homeless on our streets or return to the abusive partner and require another response from law enforcement. FavorHouse provides the non-abusive parent and the children safe, emergency shelter 24-hours a day, which provides a consistent referral for law enforcement. The White Rose Event increases public awareness regarding the prevalence of domestic violence crime in Escambia County and highlights the need for community support for domestic violence crime prevention and community support and cooperation for law enforcement intervention.

This modifies our letter of the above date in which we stated that you would be treated as an organization which is not a private foundation until the expiration of your advance ruling period.

Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Internal Revenue Code, because you are an organization of the type described in section * . Your exempt status under section 501(c)(3) of the code is still in effect.

Grantors and contributors may rely on this determination until the Internal Revenue Service publishes notice to the contrary. However, a grantor or a contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section * status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section * organization.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

District Director

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated April 23, 2019.

Dear James Washington,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Safe Neighborhood or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $5,000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

James B. Washington Education & Sports, Inc.

James B. Washington Education & Sports, Inc. (JBWES) provides educational programs primarily for at-risk youth ranging from ages 6-16 to decrease middle and high school drop-out rates, increase graduation rates and promote higher education. We also promote health and wellness via sports. Our objective is to produce future independent citizens which will create safer neighborhoods and minimize criminal activity in impoverished neighborhoods. We strive to provide underserved children the educational opportunities to see the world through a new set of eyes. We believe "culture of poverty is a cycle that can be broken, and one must see and experience places, people and other ways of life outside of their immediate environment to broaden their mental horizon. Community participation is crucial in reaching this goal and is necessary to bridge the gap between broken families, the community and *EDUCATION IS THE KEY.*

JBWES has an extensive Academic Tutorial Program which not only provides tutoring services to at-risk students in our community but tracks and measures the level of each student and their growth to ensure that when they pass from one grade level to the next they are on or above their grade level versus below to increase the number of students that graduate high school, enroll in college, a branch of the Armed Forces and/or Vocational Trade and Workforce. The productivity of this program is crucial as dropping out of school is not something that occurs at a single point in time. It is an accumulation of events beginning with disengagement due to the precursors, such as, poverty and/or social and single parent family background factors with low educational attainment and/or support for education; lack of programs and/or extracurricular activities. Poor educational performance leads to frustration, grade retention, misbehavior, dropping out, criminal and/or gang activity, incarceration and possibly death. Providing free and/or affordable educational programs for the children in our community and support for their families is a direct factor in uplifting impoverished neighborhoods; minimizing criminal behavior and creating safer neighborhoods.

JBWES hosts a Father & Son Empowerment forum (FSE) every fourth Sunday of the month and have had six (6) successful forums to date since August 2018 with Community Leaders and Motivational Speakers providing a foundation and structure to fifteen (15) to twenty (20) family units, particularly, father and sons. The FSE forum creates positive dialogue to discuss community issues, develop strategies and solutions for strengthening family issues, that include, education and how miseducation can lead to drop out rates, unemployment, underemployment, criminal activity and incarceration. We have joined ties with members of the Correctional Facilities and a retired Chief of Police and would like to build a relationship with the Escambia County Sheriff's Office to ensure that our programs and the people we assist bridge the gap between the community and law enforcement.

Our mission and allegiance at JBWES is steadfast to helping others elevate life by cultivating the youth and their families for economic development and a brighter future; however, we need the help of the community in doing so. The Funding from the Sheriff's Department will be used to expand our Academic Tutorial Program with more technology and continue to provide outreach programs via Life Skills Training, Field Trips, Employment Training/Workshops and Financial Training for the parents and/or families of our children to strengthen the family unit. Most importantly it will assist us in providing services for children in our Summer Life Skills Enrichment Program so students do not experience the loss of their math and reading skills during the summer months which we refer to as the "summer slide". *"Educating our youth is the best way to invest in a prosperous future"* please help us continue our efforts in doing so.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

FLORIDA

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
James B. Washington Education and Sports, Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

Requester's name and address (optional)

6 City, state, and ZIP code
Milton, Florida 32583

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] - [ ][ ] - [ ][ ][ ][ ]

or

Employer identification number
8 3 - 0 7 9 9 9 2 4

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ James B. Washington Date ▶ 4/23/19

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Re: Your Request for Funds from the Escambia Law Enforcement Trust Fund dated February 14, 2020.

Dear Tara Potter,

We have received your request to provide your organization with funds from the Escambia Law Enforcement Trust (LET) fund. Your request for funding for Drug Prevention, Drug Education or other law enforcement purposes has been reviewed and approved by the Sheriff for the amount of $5,000. The Sheriff has submitted your request to the Escambia County Board of County Commissioner with his written certification that the funds will be used for a purpose authorized by law.

Your request for LET funding, as approved by the Sheriff, is now awaiting review by the Escambia County Board of County Commissioners. The funds cannot be provided to you until your request is approved by the Board.

Please contact the County Commissioner for your district for information on the status of your request.

Point of contact in this matter is Daniel Capozzolo, C.F.O. administrative assistant at 850-436-9949.

Justification

Project Empower and Pure Friendship Ministries are nonprofit organizations located at Marcus Pointe Baptist Church that offer life skills training to adults with intellectual and other developmental disabilities. The Empowerment Center, a class that meets each Friday, serves people with intellectual and developmental disabilities such as Down syndrome, autism, cerebral palsy and mental retardation. Too many people with disabilities lead isolated and lonely lives. By simply bringing our neighbors with disabilities together in a supportive environment, isolation is ended. The programs at the Empowerment Center are designed to meet each participant where they are, equip them to progress to the next level of their abilities, and to do this continually.

Highlights

The Empowerment Center located at Marcus Pointe Baptist Church, delivers a safe place where our neighbors living with disability may go to explore, learn and grow. Life skills development and employment programs are individualized, derived from one's strengths. That person seeking meaningful work, opportunities to learn and grow, figuring how to balance professional and personal life while achieving independence, is the perfect candidate for the Empowerment Center. Our programs are for adults with differing levels of disability who are working to develop skills to become more independent and productive. We provide educational, recreational, leisure and socialization activities to increase vocational and independent living skills.

Our Friday Program offered each Friday from 10a-1p at Marcus Pointe Baptist, Building A, Door 3:

- Spiritual Development
    - Bible study (also held each Wednesday through Pure Friendship Ministries at Marcus Pointe Baptist Church)
- Health and Wellness
    - Diet Education - maintaining a healthy diet, (educating how to place nutritional value to what they eat)
    - Chair exercise
    - Drug Prevention Training
    - Crafts – giving to Homeless in our community (learning the value of giving to others)

We hope to add another day for the purpose of enhancing the curriculum already used in Friday's day program. Everything they are doing is working! We wish to continue all trainings that help empower participants and remind them of the things they need to deter from such as drugs and alcohol.

We want to offer the same format we currently use, which may be expanded.

PURE Empowerment Center - Justification

P.U.R.E. Empowerment Center is a community based, church sponsored facility whose leaders are called to minister, through life skills training, to those living in our community with disabilities and to offer support through resources to their caregivers.

P.U.R.E. Empowerment Center founders envisioned a place where people would come, socialize, laugh, learn and grow. We based our ideas off the six dimensions of wellness defined by the National Institute of Health:

Occupational, Physical, Social, Intellectual, Spiritual, Emotional

We hope to build a program for our neighbors living with disability who want to empower themselves to greater independence. Our goal is to train through mentorship. Those who have attended the program for some years now, mentor newcomers. All are achieving participation in meaningful day activities, instead of wasting their time at home, alone, in front of an electronic device. There are no electronic devices at the Friday Day program. The more than regular participants, numbering over forty each week, love to come and socialize through games, sharing each other's achievements, group therapy through chair exercise, best life practices discussions such as how to avoid drugs, bible study, working with their hands to make crafts (holiday themes throughout the year), and so much more. Beverly Marshall, the founding mentor who gives her time with a passion that is unmatched, brings her heart for these neighbors each week and has built quite a following in the way of volunteer parents and caregivers on top of the loyal, students who show up each week, filled with anticipation for the great time they will have with their friends.

Empowerment Parent Resource Center, United Way, Agency for Persons with Disabilities, and Autism Pensacola have been loyal supporters to the Friday Day Program. United Way offered the small grant which started our dream. Today, we are able, due to the dedication of Beverly Marshall and her loyal volunteers, Bo Lyons and others, to keep the program going. However, we hope to do better than that. We trust that as our community partners such as the Escambia County Sherriff's Department learn about our humble program, the donations will begin to flow in support of this awesome ministry.

Please see the attached supporting documentation that describes our vision for Project Empower's additional day to the already successful Friday Day Program.

A Free activity day for adults with disabilities, each Friday...

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Director, Exempt Organizations

Address (number, street, and apt. or suite no.)
6205 N. "W" Street

Requester's name and address (optional)

City, state, and ZIP code
Pensacola, FL 32505

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number
___ - ___ - ____

Employer identification number
46 - 2432685

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below), and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Sign Here Signature of U.S. person ▶ Tara Potter Date ▶ 2/14/2020

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at *www.irs.gov/w9*. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17541 **County Administrator's Report 14. 4.**
BCC Regular Meeting **Discussion**
Meeting Date: 03/05/2020
Issue: Employee Health Clinic Solicitation
From: Jana Still, Department Director
Organization: Human Resources
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Employee Health Clinic Solicitation - Jana Still, Human Resources Department Director

That the Board be made aware of the status of the Employee Health Clinic Solicitation.

BACKGROUND:

The Escambia County Health Clinic was created in January 2011. The Clinic provides Urgent and Primary Care, as well as all new hire and yearly required physicals for approximately 2000 employees and their dependents for the County, and 647 employees and their dependents for the Sheriff. The City has expressed interest to utilize the clinic and their number reflects 750 employees and their dependents.

Concentra was initially awarded the Contact with a 3-year guarantee and multiple extensions. In August of 2016, Concentra was awarded a 2-year Contract with three optional 1-year extensions. The current extension with Concentra will expire on July 31, 2020. Currently the cost of the clinic is split 75% ($839,269.07) County and 25% ($279,756.36) Sheriff.

The County Administrator, County Attorney, and Human Resources staff have coordinated with USI, the brokerage firm that provides consultation for the County regarding the bid for the Clinic. The Board has previously provided guidance in the selection of the provider for the Clinic.

As indicated above, the Board approved a 1-year Concentra extension until August 1, 2020, with the understanding the County would conduct another

Invitation To Negotiate (ITN). Decision Points and timeline for the process of selecting a vendor is provided below:

- The onsite clinic ITN process takes 4-6 months to complete, so we need to begin the Request For Proposal (RFP) process as soon as possible.
- As part of the new ITN, the County wants to explore opportunities to manage costs.
- As part of the new ITN, the County wants to explore opportunities for the clinic to provide expanded services designed to mitigate future claims.
- As part of the new ITN process, the County wants to explore opportunities to provide services beyond the walls of the clinic.
- With the addition of City employees to the eligible clinic participants, the County and Sheriff's teams want to explore the impact of additional members on clinic staffing and utilization.

The following is the proposed timeline regarding the Health Clinic RFP to meet the August 1, 2020, goal:

Mailing date of proposals:	March 16, 2020
Mandatory Pre-Proposal Conference:	10:00 a.m., CST, March 25, 2020
Final Date for Questions:	April 3, 2020
Response to Questions will be provided:	April 8, 2020
Proposal due date:	2:00 p.m. CST, April 15, 2020
Blackout Period Begins:	April 15, 2020
Evaluation Committee Meeting:	1:00 p.m., CST, April 29, 2020
1st Discussions/Presentations Meeting:	9:00 a.m. CST, May 5, 2020
2nd Discussions/Presentations Meeting:	9:00 a.m. CST, May 6, 2020

The vendors will be evaluated by importance on the attached possible services and the following factors listed below:

Medical management (Case Mgt) (Scope of services)
Technology (EMR, Assoc. Portal)
Reporting
Pricing
Corporate Culture
Marketing/Communications
Coaching
Wellness Tracking Challenges
Account Mgt./Customer Service
Compliance

Key components regarding pricing are performance guarantees, staffing model, chronic disease management, preventive care, and technology will be provided by each candidate.

BUDGETARY IMPACT:

Currently the cost of the clinic is split 75% ($839,269.07) County and 25% ($279,756.36) Sheriff.

Scope of Service

Scope of Services			
Primary Care	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service if not included in annual fee**
Acute and Episodic Care	Assessment and treatment of medical conditions that are episodic in nature and short in duration. Examples include, but are not limited to, upper respiratory infections, rashes, urinary tract infections, and first treatment of minor injuries		
Management of Chronic Conditions	Management of chronic conditions for individuals who do not have a primary care provider. Examples include, but are not limited to, hypertension, hypothyroidism, allergic rhinitis, hypercholesterolemia and diabetes		
	For those individuals with an existing primary care provider and/or specialist, and in particular for those individuals who have multiple complicated medical conditions requiring specialty care and/or significant oversight, the clinic health care provider will work in collaboration with said provider to provide adjunct care and education to the patient.		
	For those individuals who do not have a primary care provider, clinic vendor can function as the medical home and provide full primary care, including the management of multiple chronic conditions requiring significant oversight. After hours coverage and in-hospital care not included. The clinic health care provider will work in collaboration with specialty care providers if specialty referral is indicated		
Routine annual exams and screenings	Annual Physicals – Includes a physical exam. Any required external lab processing and imaging is not included in the annual fees.		
	Annual women's health exams to include pelvic exam and pap smear. Pap smear requires external lab processing not included in the annual fees.		

Supplemental Primary Care Services	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service(s) if not included in annual fee**
Lab Draws	Labs may be drawn for diagnostic and monitoring purposes at the recommendation of the onsite Care Provider. The cost of external lab processing is a third party charge to Client that is not included in the annual fee		
Immunizations	Administered at no cost with clinic vendor's cost of vaccine passed through as incurred.		
CLIA-waived labs	Processed in-house during the provision of care, as needed (pending review of state regulations). The following tests are included in the annual fee: A1C Hemoglobin, Fecal Occult Blood Test, Glucose, HCG Pregnancy, Lipid Profile, Mono, Strep A, Urinalysis		

Health Maintenance and Disease Prevention	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service(s) if not included in annual fee**
Health Risk Assessment	Administered online or in paper version screens		
	General health and well-being		
	Health history including symptoms, conditions and family history		
	Tobacco use, alcohol use and stress levels		
Comprehensive Heath Review (CHR)	For high risk individuals and individuals with chronic disease a CHR		
	Online access to complete the Health History and Risk Assessment (HHRA)		
	1:1 consultation with the onsite Care Provider to review assessment results, health history and risk appraisal, set goals and recommend strategies to achieve goals		

Lifestyle Risk Reduction	For high risk individuals agreeing to follow-up with the clinic health care provider as their personal health coach		
	Work 1:1 with individuals to change behaviors putting them at risk for certain conditions, addressing lifestyle habits such as physical activity, smoking, diet, stress, weight control, cholesterol and blood pressure		
	Individualized change management plans		
	Proactive support		

Chronic Condition Coaching	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service if not included in annual fee**
For individuals with chronic diseases (Diabetes, COPD, asthma, CHF, CAD, HTN, depression, low back pain)	Work 1:1 with individuals to empower and educate them to improve their health and quality of life through self-management practices and adherence to a treatment plan that aligns with national clinical guidelines for their disease.		
	Coaching, symptom monitoring, and disease education		
Behavioral Health	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service if not included in annual fee**
Mental Health Services	Education and training to remove stigma and help people recognize signs in themselves and others. Counseling, CBT, Teledoc		

Health Engagement System Technology Platform	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service if not included in annual fee**
Health Engagement System Technology Platform (for up to 110% of the employees and spouses eligible to participate)	· Personal Health Record with risk profile, wellness score, interactive nutrition and activity trackers, and medical content		
	· Online scheduling system and secure messaging		
	· Electronic Medical Record		
	· Ability to import encounter data from carrier to provide historical patient encounter information		
	· Export up to three (3) types of data feeds (encounter, lab, or HRA) in clinic vendor's standard format		
Health Savings Account processing	· For patients with a Health Savings Account (HSA) in a High Deductible Health Plan (HDHP), clinic vendor provides the ability to send a claim for non-preventative care visits, at an agreed upon cost, to be applied against the patient's deductible.		

Account Management and Advisory Services	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service if not included in annual fee**
One Point of Contact	An assigned Account Manager provides one point of contact for triaging issues that may be handled by clinic vendor's team of analysts, Care Providers, communications resources and others to ensure any issues are identified and addressed quickly.		
Clinical Coverage Plan	Clinic vendor will establish and provide a coverage plan for clinical staff absences due to illness, vacation or continuing medical education (CME) time off.		
Monthly Reviews	Account Manager will hold monthly calls with the client to deliver and discuss the reports described below to ensure that the client has data on health center activity and progress toward goals.		
Annual Review	Account Manager will provide face-to-face annual reviews of the health center business, incorporating the Client-specific key performance metrics from the previous year, as well as a strategic plan for the next year		
Ongoing Health Promotions	Account Manager will work together with the Client to manage ongoing communications for the promotion of health center services and operations		

Strategic Planning	Account Manager will work to understand and support client's unique business objectives and goals for the health center. The Account Manager will work collaboratively with the Client's broker/consultant, as well as other health related vendors (EAP, DM, etc.) as needed to ensure that employee health resources are fully leveraged.		

Management Reporting and Analysis	**Description**	**Include in annual fee (Y or N)**	**Per unit cost of service if not included in annual fee**
Monthly client activity and trends report	Including visit volume (visits for acute care, occupational health, risk reduction and chronic condition management, group work and telephonic consults), high risk patients engaged, high risk patients making progress, encounters by CPT code, diagnoses by ICD-9 code, prescriptions written, and overall savings from operations		
Annual reports including:	• Population stratification report identifying percent of the population screened, size and nature of high risk population and size and nature of population with chronic conditions identified through data mining and/or screening.		
	• Review of health center operations including health center volumes and patient engagement		
	• Examination of outcomes including overall improvement in population health status, patient satisfaction, savings from health center operations and return on investment analysis, results of at-risk pay-for-performance metrics, and plan for continuous quality improvement.		

SERVICES NOT EXPECTED TO BE INCLUDED IN ANNUAL FEE:	**Per unit cost of the service(s)**
· Flu vaccine and related supplies supplied at current rates.	
· Mass population biometric screening fees at quoted rates. Actual fee is dependent on number of individuals screened and the number of locations. Individual in-house biometric screenings and all health risk	
· Travel costs for health center staff and health screeners to visit participants at offsite locations (locations other than those regularly operated health centers included at the top of this Schedule A).	

PLEASE NOTE WHAT EQUIPMENT IS IN THE IMPLEMENTATION FEE:	**Include in implementation fee (Y or N)**	**Per unit cost of the equipment**
Medical Equipment		
· Exam table(s)		
· Phlebotomy chair		
· Cholestech (system)		
· AED		
· Autoclave		
· Non-CLIA waived tests, CLIA waived tests not included above, external lab processing for physicals, annual exams and screenings.		
· Internet connectivity and telephone service for clinic staff (monthly)		
PLEASE LIST ADDITIONAL EQUIPMENT NEEDS BELOW:		
Lab Storage Cabinet		
Medical Grade Fridge		
Medical Grade Freezer		
Lab Fridge		
Exam Room Equipment		
Lab Room Equipment		

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17557 **County Attorney's Report 14. 1.**
BCC Regular Meeting **Action**
Meeting Date: 03/05/2020
Issue: Written Notice of Claim under the Bert J. Harris, Jr. Private Property Rights Protection Act Concerning Santa Rosa Villas 1st Addition
From: CHARLES PEPPLER, Deputy County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Written Notice of Claim under the Bert J. Harris, Jr. Private Property Rights Protection Act Concerning Lots 14, 15, 21 and 22 of Santa Rosa Villas 1st Addition, Pensacola Beach, Florida.

That the Board take the following action:

Submit a written settlement offer to the Nowells through their attorney that there will be no changes to the action taken by Santa Rosa Island Authority in not authorizing a dwelling unit to be constructed on each of lots 21 and 22.

BACKGROUND:

The establishment of a limitation on the number of dwelling units for Pensacola Beach of 4,128 has a complicated and tortuous history. Ordinance No. 93-20, the Escambia County Comprehensive Plan, provided, in pertinent part, the establishment of a cap of 4,128 dwelling units under the MU-5 category with the maximum allocation of dwelling units to be defined by the lease agreements covering individual parcels. By February 4, 2004, the maximum dwelling units of 4,128 for MU-5 had been reached and all such units had been allocated by SRIA throughout Pensacola Beach.

However, before this date, the SRIA in 1982, in a subdivision popularly known as "The Sugar Bowl," (Santa Rosa Villas 2nd Addition) had subdivided it into 28 lots. In 1990, the SRIA consolidated five lots into one for a total of 27 lots at the request of Mr. and Mrs. Mullet. In 2002, the SRIA reversed that action and separated the five lots, but did not exceed the original number of 28 lots which had

been established in 1982, because at that time in 2002, not all of the 4,128 dwelling units had been allocated. The SRIA had the authority then to re-allocate dwelling units to each of those five lots.

As to Santa Rosa Villas' 1st Addition, Robert Kohlman, on behalf of he and his wife, asked SRIA in 1994 to consolidate their four lots (14, 15, 21 and 22) and their leases into one leasehold. As a result, when SRIA was conducting the final count in 2003 and 2004 of the allocation dwelling units to stay within the cap of 4,128 dwelling units, the Kohlmans were allocated one dwelling unit for the four lots covered by one lease. Therefore, the number of dwelling units for Santa Rosa Villas 1 st Addition went from 34 to 31 to coincide with the number of leases for that subdivision. To allow the building of a dwelling unit each on lots 21 and 22, as the Nowells are now requesting, would exceed the dwelling unit cap of 4,128 because all dwelling units were allocated in 2004. The dwelling unit cap is based on the number of leases for those parcels comprising MU-5 and not on the number of parcels themselves.

When the Nowells went before the SRIA at its regular Board meeting on July 10, 2019, through their agent, Buck Lee, to request that lots 21 and 22 be split from lots 14 and 15, the SRIA Board specifically told the Nowells, that even if lots 21 and 22 were split, and separated into three (3) separate leases (one for lots 14 and 15 and one each for lots 21 and 22), the Nowells would still be limited to only one dwelling unit which currently exists extending over lots 14 and 15. Mr. Lee acknowledged that he understood that the Nowells would not be able to build a dwelling unit on either or both of Lots 21 and 22.

At the present time, the Nowells are pursuing a petition for certiorari through the Circuit Court of Escambia County arguing that there is no competent and substantial evidence to support the SRIA's determination as described above and that the denial of the opportunity to build a dwelling unit on Lots 21 and 22 departs from the essential requirements of the law. In addition, the Nowells have given notice of their intent to bring a claim under the Bert J. Harris, Jr. Private Property Rights Act alleging that the inability to build a dwelling unit on lots 21 and 22 has restricted and limited their rights to develop their property in an inordinate manner, for which, in fairness and equity, the general public should compensate them. The Nowells have attached to their written notice of claim a report of a real property appraiser who has made the determination that the inability to build a dwelling unit on lots 21 and 22 have made the lots essentially worthless and they are entitled to a substantial sum of money.

The Bert J. Harris, Jr. Act provides that the County must make a written settlement offer to the Nowells within 150 days of being served with the notice from one of the eleven (11) options listed in § 70.001(4)(c), Fla. Stat. Option 11 that the County and SRIA preserve the status quo and make no change to the action taken

by SRIA is consistent with preserving the dwelling unit cap of 4,128 for MU-5.

BUDGETARY IMPACT:

Re: Nowell v. Santa Rosa Island Authority
Complaint and Written Notice of Claim Pursuant to F.S. §70.001(4)(d) (the "Harris Notice")
Lots 14, 15, 21, and 22 of Santa Rosa Villas 1st Addition, Pensacola Beach, FL (the "Nowell Property or Nowell Lots")

Dear Ms. Sindel and Mr. May,

Please be advised that I have been retained by John and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007 (the "Nowells") in connection with the above referenced Nowell Property and denial of the right to use each of the platted and vested Lots 21 and 22 of the Nowell Property for the construction of one single family dwelling. Pursuant to Florida Statute § 70.001(d) (the Bert J. Harris, Jr. Private Property Rights Protection Act), this letter, with the enclosed Complaint and its exhibits, shall serve as a formal written claim for damages incurred as a result of Escambia County, through its Santa Rosa Island Authority's (the "SRIA") July 10, 2019 actions in violation of the law.

The Nowells are husband and wife and are the lessees of the real property and the owners of the personal property located with Lots 14, 15, 21, and 22 referenced above. The Nowells acquired the Nowell Property through an Assignment of Leasehold Interest from Jill Friend Kohlmann on June 23, 2010 recorded in Book 6606/ Page 1551in the Official Records of Escambia County, Florida. The SRIA first leased the Lots 21 and 22 to the Nowell's predecessors in title in 1983.

COUNTY ATTORNEYS OFFICE
25 SEP 2019
PM 02:00

On November 21, 1977, the Plat for S.R. Villas 1st Addition subdivision, containing thirty four (34) lots, was approved by the SRIA and Escambia County and recorded by Escambia County, Florida in Plat Book 10, Page 34 of the Official Records of Escambia County, Florida; and, therefore each of the thirty four (34) lots created therein are a "lot of record" which were vested with development rights, pursuant to the Escambia County Land Development Code ("S.R. Villas 1st") in 1977. The Nowell Lots are Lots 14, 15, 21, and 22 of S.R. Villas 1st.

On July 10, 2019, the SRIA voted to deny that the Nowells as the lessee of Lots 21 and 22, had vested development rights to construct a single family home on each of the unimproved platted lots, citing only the SRIA's legal conclusion that the SRIA, and therefore Escambia County had reached or exceeded the Pensacola Beach dwelling unit cap, sometime after the Nowell Lots were vested with the right to use each to construct a single family home thereon.

As a direct result of the SRIA's refusal to allow the Nowells to use either Lot 21 or Lot 22 to construct a single family dwelling thereon, the Nowells cannot obtain their reasonable investment backed expectation for the use of the Lots 21 and 22 of the Nowell Property, causing diminution of value of the Property. Enclosed is a bona fide, valid appraisal attached as an exhibit to the Complaint prepared by Humphrey and Associates, Inc. which supports the claim and demonstrates a loss in fair market value to the Nowells' Property.

Please respond in writing as soon as possible concerning SRIA's decision to either grant the Nowell's request for the use of each of the platted and vested Lots 21 and 22 for construction of a single family home thereon or deliver a written settlement offer within the next one hundred and fifty (150) days as required in Chapter 70 of the Florida Statutes (the Bert J. Harris, Jr. Private Property Rights Protection Act).

Sincerely,

/s/ Lisa S. Minshew

IN THE CIRCUIT COURT IN AND FOR ESCAMBIA COUNTY, FLORIDA
CIVIL DIVISION

JOHN C. NOWELL and LINDA NOWELL, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007,

Petitioners,

v. Case No.:_____

ESCAMBIA COUNTY, a political subdivision of the State of Florida, by and through its SANTA ROSA ISLAND AUTHORITY,

Respondent.
_____/

COMPLAINT
and WRITTEN NOTICE OF CLAIM PURSUANT TO F.S. §70.001

Plaintiffs, JOHN C. NOWELL and LINDA NOWELL, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007 (hereinafter, the "Nowells"), by and through the undersigned attorney, sues Defendant, ESCAMBIA COUNTY, through its SANTA ROSA ISLAND AUTHORITY (hereinafter, the "SRIA"), and as grounds states as follows:

JURISDICTION

1. This actions arises under the Fifth and Fourteenth Amendments to the Constitution of the United States and the Florida Constitution. Plaintiffs bring this action pursuant to 42 U.S.C. § 1983, Florida Statutes §70.001, Chapter 86 and Florida common law.

2. Jurisdiction and venue in this Court is proper as the real property the subject of this action is in Escambia County, Florida.

PARTY PLAINTIFFS

3. Plaintiffs, the Nowells, are husband and wife and are the lessees of the real property and the owners of the personal property located on Lots 14, 15, 21, and 22 (the "Nowell Lots or the Nowell Property") of the Santa Rosa Villas 1st Addition ("S.R. Villas 1st" or "Calle Hermosa").

PARTY DEFENDANT

4. Defendant, Santa Rosa Island Authority ("SRIA") , is a body politic, and authority established to supervise, regulate and lease the land on Santa Rosa Island (otherwise know as "Pensacola Beach"), which the SRIA holds for the benefit of the public as delegated by and from Escambia County, Florida and as established by federal and state law and may be served with process by serving Karen Sindel, the Chairman of the SRIA Board, at 1 Via de Luna, Pensacola Beach, FL 32561 and Lumon May, the Chairman of the Escambia County Board of County Commissioners at 221 Palafox Place, Pensacola, Florida 32502.

GENERAL ALLEGATIONS

5. On March 14, 1977, SRIA and Escambia County approved a thirty four (34) lot residential subdivision on Pensacola Beach known as Santa Rosa Villas 1st Addition, submitted by owners James Keltner and Charles Faddis ("S.R. Villas 1st").

6. On November 21, 1977, the Plat for S.R. Villas 1st Addition subdivision, containing thirty four (34) lots, was recorded by Escambia County, Florida in Plat Book 10, Page 34 of the Official Records of Escambia County, Florida; and, therefore each of the thirty four (34) lots created therein are

a "lot of record" vested with development rights, pursuant to the Escambia County Land Development Code. A true and correct copy of the Plat is attached hereto as Exhibit 1.

7. Since the recording of the Plat for S.R. Villas 1st, the SRIA has chosen to lease each of the platted lots including the Nowell Lots, creating investment backed expectations for the lessee of each platted lot and the title deraignment of the Nowell Lots leasehold interest from the SRIA is as follows:

A. Lot 21 S.R. Villas 1st was leased to Walter F. Tate & Jeannine M. Tate on May 19, 1983 (OR Book 1767/Page 70). A true and correct copy of the Lot 21 original lease is attached hereto as Exhibit 2;

B. Lot 22 S.R. Villas 1st was leased to Charles W. Hilton & Deborah C. Hilton on June 10, 1983 (OR Book 1773/Page 797). A true and correct copy of the Lot 22 original lease is attached hereto as Exhibit 3;

C. Lot 14 S.R. Villas 1st was leased to Richard I. Lott on October 15, 1986 (OR Book 2295/Page 177). A true and correct copy of the Lot 14 original lease is attached hereto as Exhibit 4;

D. Lot 15 S.R. Villas 1st was leased to Fred D. Clark & Alan B. Watts on October 21, 1986 (OR Book 2296/Page 401). A true and correct copy of the Lot 15 original lease is attached hereto as Exhibit 5; and

F. The Nowells are the current lessees of Lots 14, 15, 21 and 22 S.R. Villas 1st pursuant to the Assignment of Lease dated July 3, 2013 (OR Book 7041/Page 393, (the "Nowell Lease"). A true and correct copy of the lease is attached hereto as Exhibit 6.

8. On July 8, 1982, SRIA approved a twenty eight (28) lot residential subdivision known as Santa Rosa Villas 2nd Addition ("S.R. Villas 2nd" or "Sugar Bowl").

9. On July 20, 1982, the Plat for S.R. Villas 2nd subdivision, containing twenty eight (28) lots was recorded by Escambia County, Florida in Plat Book 11, Page 67 of the Official Records of Escambia County, Florida. A true and correct copy of the Plat is attached hereto as Exhibit 7.

10. On April 5, 1990, prior to the adoption of any dwelling unit cap at Pensacola Beach, the SRIA approved the consolidation of the leases of Lots 11, 12, 13,14, and 15 of S.R. Villas 2nd to Mr. and Mrs. Willis Mullet (the "Mullet Lots"). A true and correct copy of the lease is attached hereto as Exhibit 8.

11. On October 20, 1993, Escambia County adopted the Comprehensive Plan 2000, Ord. 93-20, Policy 7.A.4.9, establishing "new development" dwelling unit caps ("du cap") for each area of the County, including Pensacola Beach known therein as MU-5. Pensacola Beach du cap was established at 4,128. A true and correct copy of Policy 7.A.4.9 is attached hereto as Exhibit 9.

In February of 2015, Escambia County adopted the Comprehensive Plan 2030, which supersedes, replaces Comprehensive Plan 2000 and requires as follows: "Residential development MU-PB FLUM category shall be limited to 4,128 dwelling units and 726 lodging units." Pensacola Beach has been referred to as MU-PB, since that time for land use purposes. A true and correct copy of Policy FLUM 1.3.1 in Chapter 7 is attached hereto as Exhibit 10.

12. On April 13, 1994, after the new 4,128 du cap was adopted, SRIA approved the consolidation of the leases of Lots 14, 15, 21, and 22 in S.R. Villas 1st for Robert Kohlmann (OR Book 6603/Page 1525 - not recorded until 6/17/2010) which lease was later assigned to the Nowells. Although consolidated, the lease detailed the lease fee to be paid and lessee's ability to separate the lots into separate leases and build residences on individual lots in the future. A true and correct copy of the Restated and Amended Lease is attached hereto as Exhibit 11.

13. On February 6, 2002, after the 4,128 du cap was established, SRIA approved the request of the Mullets to separate the leases of Lots 11,12,13,14 and 15 of S.R. Villas 2nd into five (5) individual leases, and to allow homes to be built on each of the five (5) Mullet Lots.

14. On February 27, 2002, SRIA staff prepared its density balance schedule for MU-5 of the Escambia County Comprehensive Plan 2000, as required in Policy 7.A.4.9 and Section 14.06 to monitor the du cap at Pensacola Beach, for inclusion in the Escambia County Annual Reports (the "Dwelling Cap Count").

15. In the February 27, 2002 Dwelling Cap Count, the SRIA staff identified as "Correct information as of 27-Feb-02" as previously approved, vested and allocated dwelling units within the 4,128 du cap:

"Santa Rosa Villas 1st Addition - 34 dwelling units" (same as plat and which included each of the Nowell lots) and

"Santa Rosa Villas 2nd Addition - 28 dwelling units" (same as plat and which included each of the Mullet lots)

A true and correct copy of the SRIA 2002 Dwelling Cap Count is attached hereto as Exhibit 12.

16. As shown in the 2002 Dwelling Cap Count, neither the consolidation of leases nor the subsequent separation of leases by the SRIA, for the platted lots of record in the two Santa Rosa Villas Additions subdivisions changed (by reduction or subtraction), SRIA's prior allocation of the vested 34 and 28 dwelling units (du) to each of the platted lots in Santa Rosa Villas subdivision, as included, allocated and therefore permitted within the 4,128 du cap established in the Escambia County Comprehensive Plan 2000 for MU-5 (Pensacola Beach).

17. Thereafter, the SRIA staff continued to include all of the 34 and 28 platted lots in the two Santa Rosa Villas Additions subdivisions as permitted dwelling lots with each lot allocated one (1) dwelling unit (du) within the 4,128 dwelling unit cap, in its mandatory dwelling count reports which were annually sent by Escambia County to the Department of Community Affairs of the State of Florida, as

required under the Escambia County Comprehensive Plan 2000, adopted by County ordinance and as required by the Florida Statutes regulating land use.

18. On January 14, 2004, SRIA through its leasing committee, at a public meeting, considered and voted unanimously to continue its staffs' policy of counting each and every previously platted lot, as previously permitted, vested and approved dwelling units allocated and included with the 4,128 dwelling cap (the "SRIA du Counting Policy").

19. At no time has the SRIA or the Escambia County Board of County Commissioners ever voted to approve a policy or establish by ordinance, any different method of counting the permitted allocated dwelling units within the 4,128 du cap, other than the SRIA du Counting Policy, which allocates one du to each platted lot. This is also verified by the Escambia County Property Appraiser who has at all times relevant herein, maintained and appraised each of the Nowell Lots 21 and 22 as a separate parcel, designated for single family dwelling use, with each lot assigned a separate account number.

20. As previously approved, vested platted lots with allocated dwelling units, SRIA and Escambia County approved building permits for construction of dwellings on each of the individual platted lots approved by the SRIA for lease separation for the Mullets, after the 4,128 dwelling unit cap had been adopted by Escambia County, as follows:

Lot 12 S.R. Villas 2nd - 2014;
Lot 13 S.R. Villas 2nd - 2014 (specific lease amendment acknowledging building);
Lot 14 S.R. Villas 2nd - 2004;
Lot 15 S.R. Villas 2nd - 1996; and
Lot 11 S.R. Villas 2nd - unimproved sold for $490,000.00 April 28, 2017.

21. On March 12, 2019, Mr. and Mrs. Nowell sent a written request to SRIA to separate their lease of Lots 14, 15, 21 and 22 of S.R. Villas 1st, into three (3) individual leases, and to allow one (1) single family home to be built on each of their two (2) unimproved remaining platted lots, just as had

been requested and approved by the SRIA for the Mullet Lots in 2002. A true and correct copy of the letter is attached hereto as Exhibit 13.

22. The Mullet Lots and the Nowell Lots were and are similarly situated properties, at all times relevant to this action.

23. At a duly noticed public hearing on July 10, 2019, the SRIA voted to allow the Nowells to separate their lease of Lots 14, 15, 21 and 22 of S.R. Villas 1st, into three (3) individual leases, one lease (1) for Lots 14 and 15, on which the Nowells' residence is located and two (2) separate leases for the unimproved lots, Lot 21 and Lot 22, which lots were created in 1977 as approved by the SRIA and Escambia County, Florida, as vested platted single family home lots in the plat recorded in the Official Records of Escambia County Florida in Plat Book 10 at Page 34 on November 21, 1977.

24. At the same duly noticed public hearing on July 10, 2019, the SRIA also for the first time voted specifically to deny that in each of the newly separated leases for Lots 21 and 22, that the lessee, the Nowells, had a vested right to apply for and be issued a building permit to construct a single family home on each of the unimproved platted lots, citing the SRIA's legal conclusion that the SRIA, and therefore Escambia County had reached the MU-PB dwelling unit cap adopted in 2015 and would exceed the 4,128 dwelling unit cap for area MU-PB, if the Nowells' Lots 21 and 22 were each allowed to be used or allocated one (1) single family dwelling unit.

25. At the July 10, 2019 meeting, the SRIA denied that the Nowells' Lot 21 and Lot 22, as lots platted in 1977, which were previously approved "lots of record", each vested and approved for the construction and use thereon of one (1) single family home; were immediately and automatically two (2) of the previously approved and allocated dwelling units (dus) on Pensacola Beach, that the SRIA was

required to count to determine how many additional dwelling units the SRIA could approve before the SRIA and Escambia County exceeded the 4,128 du cap.

26. Prior to July 10, 2019, neither the SRIA nor Escambia County, Florida ever took action at any public meeting to vote or to adopt any ordinance to take away the previously allocated and vested dwelling units (dus) from the Nowells' Lot 21 or Lot 22.

27. In 1994 when Escambia County adopted the Comprehensive Plan approving the 4,128 dwelling unit (du) cap for the MU-5, Pensacola Beach area of Escambia County; the MU-5 Pensacola Beach area did not have more than 4,128 existing constructed dwelling units, and neither the SRIA nor Escambia County had (a) approved the construction of; (b) approved the future construction of, or (c) allocated more than 4,128 dwelling units for the MU-5 Pensacola Beach area, at that time.

28. In 2002, there did not exist more than 4,128 constructed dwelling units on Pensacola Beach; neither had the SRIA or Escambia County issued permits for, approved or allocated more than 4,128 dwelling units for the MU-5 Pensacola Beach area, as shown by the 2002 Dwelling Unit Count.

29. As of the service of this Complaint and notice in September of 2019, the existing dwelling units in the MU-PB area do not exceed or equal or even approach exceeding 4,128; and therefore allowing the Nowells' to use the two (2) previously vested and allocated dus to build one (1) home on each of their Lots 21 and 22 could not violate the Escambia County Comprehensive Plan 2030's 4,128 dwelling unit (du) cap for Pensacola Beach MU-PB , as shown by the language of the adopted provisions of the ordinance found at Policy FLUM 1.3.1, Exhibits 10 herein.

30. If the SRIA, and/or Escambia County, Florida, approved for future construction or allocated for future development, additional dwelling(s), on Pensacola Beach after it had adopted the cap, which when added to the previously vested and platted lots for homes (dwellings), have now exceeded

the 4,128 dwelling unit cap; SRIA and/or Escambia County, Florida's failure or violation of the Comprehensive Plan, in so doing, cannot be lawful authority for the SRIA and/or Escambia County to take away the Nowells' property rights which were created and vested in 1977, by the same SRIA and Escambia County.

31. When the SRIA approved building permits for the Mullet's use of each of the Mullet Lots for construction of a single family home thereon, and subsequently denied the Nowells' request to use their previously allocated and approved dwelling units (dus) for each of their platted lots, for construction of a single family home on each of the Nowell Lots, the SRIA treated similarly situated properties differently without any rational basis, in violation of the U.S. and Florida Constitutions.

32. The Nowells timely petitioned the Circuit Court of Escambia County for a writ of certiorari after the SRIA denials on July 10, 2019, exhausting the Nowells' administrative remedies and staying any statutes of limitations for this action, as provided in Chapter 70.001 Florida Statutes.

33. The July 10, 2019, decision of the SRIA is a final decision by SRIA, as all leasing decisions of real property on Santa Rosa Island were delegated by Escambia County, Florida to the SRIA and through the statutory authority establishing the SRIA; and no lease or permit for any development or use of Lots 21 and 22 of the Nowell Property will be granted by the SRIA and/or Escambia County, Florida, absent judicial relief.

34. There is no legal or factual basis for the SRIA's July 10, 2019 denial.

35. When the SRIA and Escambia County, Florida approved the thirty four (34) lot residential subdivision known as Santa Rosa Villas 1st Addition, and the Plat containing the thirty four (34) lots was recorded by Escambia County, Florida in Plat Book 10, Page 34 of the Official Records of Escambia

County, Florida, the Nowell Lots became "lots of record" pursuant to the Escambia County Land Development Code and Florida Statutes regulating land use.

36. By its actions in denying the Nowells' any use of Lots 21 and 22, the SRIA has inordinately burdened the use of the Nowell Lots pursuant to Chapter 70.001(6)(d) Florida Statutes, the Bert J. Harris, Jr. Private Property Rights Protection Act.

37. The July 10, 2019, SRIA decision to deny the Nowells any use of the Nowells' Lots 21 and 22, was also in violation of Escambia County Land Development Code at Chapter 3 - Zoning Regulations, which specifically states:

> Sec. 3-1.4 - Allowed uses.
>
> (d) Single-family dwellings and ***lots of record.*** A single-family dwelling is a vested and conforming principal use on any existing lot of record within any zoning district and future land use category, regardless of applicable density, available lot access, and lot width along any street right-of-way. A single-family dwelling may be authorized for construction on a lot of record in compliance with all remaining applicable requirements of the LDC. Additionally, where a lot of record is completely divided by and along the boundary of an existing public right-of-way, the two separate areas of the lot may each be authorized for a single-family dwelling, regardless of density, lot width, and whether the two areas are retained in common ownership. [emphasis added]

38. As a result of the unlawful conduct of the Defendant SRIA, the Plaintiffs, the Nowells, have suffered lost value, loss of use, lost rents and profits, incurred engineering, surveying, taxes and permitting costs, incurred attorney's fees and costs and have been deprived of the single family residential value of the Nowell Lots 21 and 22 as each is designated in the MU-PB provisions of the Escambia County Comprehensive Plan 2030 and the Escambia County Land Development Code.

COUNT I
PRIVATE PROPERTY RIGHTS
FLORIDA STATUTES § 70.001

39. This is an action for private property rights protection and for damages pursuant to § 70.001, Florida Statutes.

40. The Nowells reallege and incorporate herein by reference Paragraphs one (1) through thirty-eight (38) as if stated fully herein.

41. On July 10, 2019, the SRIA chose to deny the Nowells the right to use or develop the Nowell Lots 21 and 22, as the Nowells' intended for one single family home on each platted lot and as each of the lots was vested as a "lot of record" for use for one dwelling unit, by the SRIA and Escambia County in 1977.

42. By refusing to grant any use for the Nowells' use or development of the Nowell Lots 21 and 22, the Defendant, SRIA, took an action which inordinately burdened the Nowells' reasonably foreseeable, nonspeculative or vested use of the Nowell Lots.

43. Attached hereto as Exhibit 14 is a true and correct copy of an Appraisal Report for Nowell Lots 21 and 22, prepared by Walter Humphrey, State Certified General Real Estate Appraiser, which assesses the loss of value for each lot due to the SRIA inordinately burdening the Nowell Lots, as of July 10, 2019.

44. Pursuant to F.S. §70.001(4)(a), on September 24, 2019, Plaintiffs Nowell, through the undersigned attorney, presented a written claim and a bona fide, valid appraisal supporting said claim to the SRIA. Further, Plaintiffs concurrently presented the written claim and copy of said appraisal to the Bureau of State Liability and Property Claims. A true and correct copy is attached hereto as Exhibit 15.

45. Defendant SRIA failed to make a written settlement agreement as required by Section 70.001(4)(c), Florida Statutes, within the 150-day-notice period.

46. Defendant SRIA failed to issue a written ripeness decision during the 150-day-notice period as required by Section 70.001(5)(a), Florida Statutes, deeming this action ripe for the purposes of filing this lawsuit.

WHEREFORE, Plaintiffs, JOHN C. NOWELL and LINDA NOWELL, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007, request judgment against the Defendant, Santa Rosa Island Authority, and request this Court to award them damages; plus prejudgment per diem interest thereon; and demand a jury to try the cause, recovery of the costs incurred in this action, reasonable attorney's fees pursuant to F.S. §70.001 and requests such further and other relief as this Court deems proper.

COUNT II
42 U.S.C. § 1983
SUBSTANTIVE DUE PROCESS

47. This action is brought for damages for a substantive due process violation of the Fifth Amendment of the Constitution of the United States and other appropriate relief under 42 U.S.C. §1983 for violation of the Nowells' civil rights under color of law.

48. The Nowells reallege and incorporate herein by reference Paragraphs one (1) through thirty-eight (38) as if stated fully herein.

49. By its actions, the SRIA has violated the Fifth Amendment of the Constitution of the United States as incorporated into the Fourteenth Amendment of the United States Constitution, as it

violated the Nowells' substantive due process rights by its arbitrary and capricious actions against the Nowells which have damaged Plaintiffs and which are actionable pursuant to 42 U.S.C. §1983.

50. At all times herein, the acts of Defendant SRIA, as contained in Paragraphs one (1) through thirty-eight (38), were committed under the color of state law.

51. The actions of Defendant SRIA were committed by Defendant SRIA, even though the law established the contours of the Nowells' rights so clearly that a reasonable official would have understood that such acts in refusing to allow any use of the Nowell Lots were arbitrary, capricious, unlawful and a clear violation of the Nowells' constitutional rights.

52. SRIA's acts as set forth herein above were arbitrary and capricious in that said Defendant SRIA acted with an improper motive, without reason, or upon a reason that was merely pretextual. Such acts were committed intentionally, with reckless indifference, or with malice to the federally protected rights of the Nowells.

53. As a consequence of the acts of the SRIA, the Nowells have been required to obtain the services of the undersigned attorney to assert their claim and have agreed to pay her a reasonable fee for her services. The Nowells additionally requests that the Court, in its discretion, award the Plaintiffs reasonable and necessary attorney's fees as part of the costs of this case pursuant to 42 U.S.C. § 1988.

WHEREFORE, Plaintiffs, JOHN C. NOWELL and LINDA NOWELL, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007, respectfully request that this Court grant the Plaintiffs the aforementioned relief, including compensatory damages, plus prejudgment per diem interest thereon, trial by jury and any other and further relief that the Court deems just and proper. The Nowells additionally request that the Court, in its discretion, award Plaintiffs reasonable and necessary attorney's fees as part of the costs of this case pursuant to 42 U.S.C. § 1988.

COUNT III
42 U.S.C. § 1983
EQUAL PROTECTION

54. This action is brought for damages for violation of the Fourteenth Amendment of the Constitution of the United States and other appropriate relief under 42 U.S.C. §1983 for violation of the Nowells' civil rights under color of law.

55. The Nowells reallege and incorporate herein by reference Paragraphs one (1) through thirty-eight (38) as if stated fully herein.

56. By its actions, the SRIA has violated the Fourteenth Amendment of the United States Constitution by its infringement of the Nowells' right to equal protection under the law by SRIA's intentional unequal treatment of the Nowells, allowing through its leasing authority for similarly situated vested platted lots to be approved as a part of their lease, to be used for and permitted for the construction of one (1) single family dwelling on each lot thereon; and refusing to allow the Nowells' same use of the Nowell Lots 21 and 22, which is actionable pursuant to 42 U.S.C. §1983.

57. Although the Nowells demanded to be treated equally, SRIA has selectively chosen to deny their use of the Nowell Lots 21 and 22 while allowing other real property lessees of similarly situated properties, including but not limited to the Mullett Lots to use their similar properties to construct and occupy the lots with one single family home (dwelling); and therefore, selectively discriminates against the Plaintiffs, the Nowells. SRIA has chosen to treat the similarly situated properties preferentially, damaging the Plaintiffs.

58. At all times herein, the acts of Defendant SRIA, as contained in Paragraphs one (1) through thirty-eight (38), were committed under the color of state law.

59. The actions of Defendant SRIA, as set forth herein above, were committed by Defendant even though the law established the contours of the Nowells' rights so clearly that SRIA would have

understood that such unequal and disparate treatment was a clear violation of the Nowells' constitutional rights.

60. The Nowells, by virtue of their lease of the Nowell Lots have a property interest worthy of constitutional protection and SRIA's discriminatory governmental actions encroach upon a fundamental right created by the United States Constitution for equal treatment.

61. The SRIA acted with an improper motive, without reason, or upon a reason that was merely pretextual. Such acts were committed intentionally, with reckless indifference, or with malice to the federally protected rights of the Nowells.

62. As a consequence of the acts of the SRIA as set forth herein above, the Nowells have been required to obtain the services of the undersigned attorney to assert their claim and has agreed to pay her a reasonable fee for her services.

WHEREFORE, Plaintiffs, JOHN C. NOWELL and LINDA NOWELL, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007, respectfully request that this Court grant the Plaintiffs the aforementioned relief, including compensatory damages, plus prejudgment per diem interest thereon, trial by jury and any other and further relief that the Court deems just and proper. The Nowells additionally request that the Court, in its discretion, award Plaintiffs' reasonable and necessary attorney's fees as part of the costs of this case pursuant to 42 U.S.C. § 1988.

COUNT IV
INVERSE CONDEMNATION
ARTICLE X §6(a) FLORIDA CONSTITUTION

63. This is an action for inverse condemnation, for damages that exceed the amount of $15,000.00, and is within the jurisdiction of this Court.

64. The Nowells reallege and incorporate herein by reference Paragraphs one (1) through thirty-eight (38) as if stated fully herein.

65. Defendant, SRIA, intended, or knew or had substantial reason to know, that the aforementioned actions would cause the Nowells to lose all use of their real property interest in the Nowell Lots 21 and 22 and their personal property, including but not limited to one allocated and vested dwelling unit approval, which is a part of each of the same lots.

66. These actions on the part of Defendant amount to a deliberate physical invasion, intrusion and substantial interference of the Nowell Lots 21 and 22, tantamount to the physical taking of the Plaintiffs' real and personal property.

67. The Defendant, SRIA's actions constitute a taking and are ripe.

68. Defendant's actions render theNowells' lease and occupancy of Lots 21 and 22 and the personal property a part thereof without beneficial use.

69. Defendant's actions have resulted in a substantial deprivation of the beneficial use of the Nowell Lots 21 and 22 , in violation of Article X §6(a) of the Florida Constitution.

70. All conditions precedent to the bringing of this action have been met by Plaintiffs, the Nowells.

71. As a consequence of Defendant's taking of the Nowell Lots 21 and 22 without compensation, Plaintiffs have been required to obtain the services of the undersigned attorney to assert their claim and have agreed to pay her a reasonable fee for her services.

72. Plaintiffs are entitled to their reasonable attorney's fees, costs and prejudgment interest pursuant to Sections 73.091, 73.092 and 74.061, Florida Statutes.

WHEREFORE, Plaintiffs, JOHN C. NOWELL and LINDA NOWELL, individually and as Trustees of the Revocable Living Trust Agreement of John C. Nowell dated April 27, 2007, and John C. Nowell and Linda Nowell, individually and as Trustees of the Revocable Living Trust Agreement of Linda Nowell dated April 27, 2007, respectfully request that this Court grant the Plaintiffs the aforementioned relief, including compensatory damages, plus prejudgment per diem interest thereon, trial by jury, and any other and further relief that the Court deems just and proper. The Nowells additionally request that the Court, in its discretion, award Plaintiffs' reasonable and necessary attorney's fees as part of the costs of this case pursuant to Sections 73.091, 73.092 and 74.061, Florida Statutes.

COUNT V
BREACH OF LEASE

73. This is an action for breach of lease, for damages that exceed the amount of $15,000.00, and is within the jurisdiction of this Court.

74. The Nowells reallege and incorporate herein by reference Paragraphs one (1) through thirty-eight (38) as if stated fully herein.

75. Defendant, SRIA, is the lessor under the Nowell Lease and breached the terms of the Nowell Lease, failing to comply with the obligations of the lessor, under the Nowell Lease.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17561 **County Attorney's Report 14. 2.**
BCC Regular Meeting **Action**
Meeting Date: 03/05/2020
Issue: Amendment to EPHRC Interlocal Agreement Between the Escambia County Board of County Commissioners and the City of Pensacola
From: KRISTIN HUAL, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Amendment to EPHRC Interlocal Agreement Between the Escambia County Board of County Commissioners and the City of Pensacola.

That the Board take the following action regarding the Amendment to Interlocal Agreement between the Escambia County Board of County Commissioners and the City of Pensacola relating to the funding of the Escambia-Pensacola Human Relations Commission for the purpose of amending the name of the Commission:

A. Approve the Amendment to Interlocal Agreement with the City of Pensacola relating to the funding of the Escambia-Pensacola Human Relations Commission for the purpose of amending the name of the Commission; and

B. Authorize the Chairman to execute the Amendment to Interlocal Agreement.

BACKGROUND:

The Escambia-Pensacola Human Relations Commission (EPHRC) was created by Interlocal Agreement by and between Escambia County, Florida and the City of Pensacola. The purpose of the EPHRC is to provide the community with local assistance to review and resolve employment and fair housing discrimination complaints and improve community relations for all persons in Escambia County.

On March 7, 2019, the Board enacted Ordinance 2019-13 to reestablish the EPHRC by ordinance. The ordinance defined the composition, duties and powers of the Commission for the purpose of continuing to provide the community with local assistance to review and resolve employment and fair housing discrimination

complaints and improve community relations in Escambia County.

By Board action on April 16, 2019, the County entered into an Interlocal Agreement with the City superseding the terms of the previous Interlocal Agreement dated September 15, 2005, to establish the parties' funding responsibilities for the operation of the Commission. The proposed Amendment to the Interlocal Agreement will amend the terms to reflect the current name of the Commission that is the subject of the Interlocal Agreement and for which the parties have established their respective funding responsibilities.

BUDGETARY IMPACT:

Amendment to Interlocal Agreement

AMENDMENT TO INTERLOCAL AGREEMENT BETWEEN ESCAMBIA COUNTY AND THE CITY OF PENSACOLA RELATING TO THE FUNDING OF THE ESCAMBIA-PENSACOLA HUMAN RELATIONS COMMISSION FOR THE PURPOSE OF AMENDING THE NAME OF THE COMMISSION

THIS AMENDMENT TO THE AGREEMENT is entered into by and between the County of Escambia, a political subdivision of the State of Florida with an administrative address of P.O. Box 1591, Pensacola, Florida, 32597-1591, its successors and assigns (hereinafter referred to as the "County"), acting through its Board of County Commissioners, and the City of Pensacola, a Florida municipal corporation created and existing under the laws of the State of Florida, with administrative offices at 222 West Main Street, Pensacola, Florida 32502 (hereinafter referred to as the "City").

WITNESSETH:

WHEREAS, on or about April 22, 2019, the County and City entered into an Interlocal Agreement to establish the parties' funding responsibilities for the operation of the Escambia-Pensacola Human Relations Commission (hereinafter referred to as the "Interlocal Agreement"); and

WHEREAS, the Escambia-Pensacola Human Relations Commission (EPHRC) was renamed the Escambia County Human Relations Commission (ECHRC); and

WHEREAS, the County and City agree that the County shall take the necessary steps to file a fictitious name company so that the ECHRC will do business as the Escambia Pensacola Human Relations Commission; and

WHEREAS, the County and City find it in the best interest of the public to amend the Interlocal Agreement as provided herein.

NOW THEREFORE, it is mutually agreed that the County and City enter into this Amendment to the Interlocal Agreement subject to the terms and conditions recited below:

1. That the foregoing recitals are declared to be true and correct and are incorporated herein by reference.

2. That the Interlocal Agreement is hereby amended to reflect the name of the Commission that is the subject of this Interlocal Agreement and for which the parties have established their respective funding responsibilities is now the Escambia County Human Relations Commission (ECHRC). All references in the Interlocal Agreement to the Escambia-Pensacola Human Relations Commission (EPHRC) shall mean the Escambia County Human Relations Commission (ECHRC), which intends to register a fictitious name company in order to do business as "Escambia Pensacola Human Relations Commission".

3. The parties hereby agree that all other terms and conditions of the Interlocal Agreement shall remain in full force and effect.

4. The Interlocal Agreement and any amendments thereto shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue for any matter which is a subject of the Agreement shall be in the County of Escambia.

5. That this Amendment to the Interlocal Agreement shall become effective when filed in the Office of the Clerk of the Circuit Court of Escambia County, Florida. Upon execution by the parties, the County shall be responsible for such filing.

IN WITNESS WHEREOF, the parties hereto have made and executed this Amendment to the Interlocal Agreement on the respective dates, under each signature:

ESCAMBIA COUNTY, FLORIDA, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17571 **County Attorney's Report 14. 1.**
BCC Regular Meeting **Discussion**
Meeting Date: 03/05/2020
Issue: Enforcement of Order Granting Petition for Cert brought by Petitioners Teramore Development, LLC et al. v. Escambia County, Case No. 2017 CA 001778
From: CHARLES PEPPLER, Deputy County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

Recommendation Concerning Enforcement of Order Granting Petition for Certiorari brought by Petitioners Teramore Development, LLC, et al. v. Escambia County, Florida, Case No. 2017 CA 001778.

That the Board take the following action:

A. Accept the settlement proposal made by the Teramore Petitioners as outlined in the amended June 25, 2019 letter and hard copy of emails, make a finding that locational criteria has been met as set forth in Section 3-2.10(e)(5) of County's Land Development Code in that the Teramore Petitioners submitted competent substantial evidence in the form of documented compatibility of unique circumstances that the proposed use will achieve long-term compatibility with existing and potential uses, consider the Teramore Petitioners Administrative Appeal to the BOA as granted, and allow the construction of a Dollar General store so long as the development review process is satisfied;

OR

B. Reject the settlement proposal made by the Teramore Petitioners and allow the order of Judge Burns granting enforcement to stand and take no further action.

BACKGROUND:

Recently, the Circuit Court granted Teramore Development, LLC, Shu Cheng Shurett and Leo Huang's Motion to Enforce the Order of Judge Scott Duncan, who had granted their petition for certiorari and determined that the BOA had no competent substantial evidence to support the Planning Official's determination that the construction of a Dollar General Store was incompatible with the locational criteria in the Land Development Code. As this Board may remember, the appeal was brought back before the Board of Adjustment on February 20, 2019. The Board of Adjustment allowed the County to call its own expert planner and to provide additional evidence as to why a Dollar General Store would be incompatible with the surrounding neighborhood. At the conclusion of the second hearing, the Board of Adjustment, by a 4-2 vote, after an initial 3-3 vote, denied the appeal of the Teramore Petitioners.

The Teramore Petitioners then filed a second petition for writ certiorari and then attempted to mediate this case through a statutory special magistrate proceeding. However, the mediation resulted in an impasse. The Teramore Petitioners subsequently filed motions for contempt and to enforce the original decision by Judge Duncan that no competent substantial evidence supported the incompatibility analysis by the planning official. After oral argument, Judge Burns entered his order granting both the motion for contempt and the motion to enforce Judge Duncan's original order. However, Judge Dannheisser, who assumed Judge Burn's cases when Judge Burns was transferred to a different division (as part of a regular rotation), decided that the contempt finding was not supported by the evidence or the law and vacated the contempt finding, but left intact the order of Judge Burns enforcing the order of Judge Duncan.

Subsequent to the entry of an order vacating contempt, the parties have been in contact and the Teramore Petitioners have made the following settlement proposal as set forth in the attached amended June 25, 2019 letter and as set forth in the hard copy of the email by the Teramore group's attorney, David Theriaque. In essence, the Teramore group is proposing that the Dollar General store would have design enhancements along with screening vegetation, LED lights that point downward, a knee wall to block glare from headlights and other amenities to meet the concerns of neighboring residents. The Teramore group has also agreed that they would not pursue the County for attorney's fees or expert witness fees. The County, in exchange, would not pursue an appeal of Judge Burns' enforcement order, would consider the Teramore Administrative Appeal to the BOA as granted and would make a finding that the locational criteria has been met through documented compatibility.

The proposed settlement has several favorable features that this office recommends accepting. It would remove any financial exposure to the County for expert witness fees, which could be substantial, or the possibility of the assessment of attorney's fees. The County, in exchange, would be obtaining an enhanced design and amenities for the Dollar General store including preservation

of certain acreage within the proposed project area which would not be subject to further development. Further, an appeal or review proceeding of Judge Burns' order would have had a low chance of success.

BUDGETARY IMPACT:

WARNING! This email originated from an outside network. **DO NOT CLICK** links or attachments unless you recognize the sender and know the content is safe.

Charlie,

Our clients are willing to settle on the attached proposed terms. Our clients would like to counter with the removal of items 1-9 which would be replaced with the proposed new DG wood prototype building which I have attached a rendering of here. This was not an option for our clients when this process was started on this project and believe it will be better fit for this location. Our clients are willing to keep all other conditions.

There would be a very slight site plan modification to accommodate this prototype due to the need for ground mounted HVAC units in lieu of roof top, which is actually an advantage to the neighbors, and the building is about 2 feet shorter than the original.

Please advise whether Alison and you can recommend approval of our clients' counter-offer.

Thank you,

Dave

P.S.
I am on vacation in Hawaii so there will be delays in my ability to respond to your e-mails.

Re: ***Teramore Development LLC, et al. v. Escambia County, Florida,***
Escambia County Circuit Court Case Number 17-CA-1778
Confidential and Privileged Settlement Communication

Dear Ms. Rogers:

Our law firm represents Shu Cheng Shurett, Leo Huang, and Teramore Development, LLC ("Teramore" and collectively "Petitioners"), in regard to the above-referenced case. In an effort to avoid the time and expense associated with litigation, the Petitioners are making the following confidential and privileged settlement offer.

In regard to the proposed Dollar General store, Teramore reaffirms the following building and site upgrades that Teramore offered to the Escambia County Board of Adjustment:

Each of these items would be replaced with the proposed wood prototype building as the attached rendering shows

1. Storefront vestibule to add depth to break up the front wall of the proposed building.
2. Hardi Lap Residential Siding for the exterior of the proposed building.
3. Hardi Plank Residential Siding for the exterior of the proposed building.
4. Painted Split Face Block for first four (4) feet of the exterior of the proposed building.
5. Inset Shutters.

WINDERMERE, FLORIDA 34786
(407) 258-3733
FAX: (407) 264-6132

www.theriaquelaw.com

See note above

6. Brick Columns -- including Wainscotting and Soldier Courses to enhance design.

7. Triple Step Coping as a decorative cap to frame out the eaves on the proposed building.

8. Upgraded Modern Storefront Canopy.

9. Full Parapet Screening on all four sides.

10. Enhanced lighting package to include downward direct full cutoff lights.

11. Upgraded Dumpster Enclosure to match Building Facade.

These upgrades include full masonry on all four (4) sides of the proposed building. The cost for these upgrades is approximately $140,000.00. Depictions of the proposed building with these upgrades are attached hereto as Exhibits "A" and "B."

Moreover, Teramore proposes the following additional settlement terms:

12. Teramore will shift the proposed building pad to the east which results in greater undeveloped space to the west of the building.

13. Teramore will convey approximately 1.60 acres to the County at no cost. The conveyed property would be deed restricted for passive recreational uses only. This acreage includes the greater undeveloped space which was created by shifting the proposed building pad to the east as well as property located to the north of the proposed building.

14. Teramore will shift the parking spaces so there will not be any parking spaces facing to the south.[1]

15. Teramore will construct a six (6) foot wooden privacy fence along the project limits.

16. Teramore will not install any lights on the back of the proposed building.

---

[1] This change eliminates the need for a three (3) foot knee wall.

17. Teramore will not back light the Dollar General sign on the proposed building.

18. Teramore will utilize a Monument Sign.

19. Teramore will install a sidewalk connection to the front door of the proposed building.

A copy of the proposed revised site plan which includes these additional building and site design upgrades is attached hereto as Exhibit "C."

In exchange for these building and site design upgrades and Teramore's donation of approximately 1.60 acres to the County, the Petitioners request the following two (2) items:

A. The County shall conclude that Teramore's revised proposed site plan complies with Section 3-2.10(e)(5) of the County's Land Development Code; and

B. The County Staff shall expedite its review and approval of Teramore's revised proposed site plan.

This confidential and privileged settlement offer expires on Monday, July 8, 2019, unless such deadline is mutually extended.

I appreciate your attention to this matter. Please do not hesitate to contact me if you have any questions or need further information.

Sincerely,

David A. Theriaque

Dave,

This is the alternative settlement offer that our office would be willing to recommend to the Board with the provisos mentioned in your letter regarding approval of the project and with the added points that I set forth in my email this date concerning the vacating of the order of contempt, no atty fees and expert costs, and waiver of the right to appeal or rehear Judge Burns' order/opinion. Thanks, Charlie
