Q1. What items (product and size) are included in the indigent kits?

A1. Main Jail Indigent Kits are shown on the following pages.
Work Annex (Road Prison):

- 1 box of 500 stamped envelopes ($366.40)
- 1 dozen pens ($2.90)
- 1 ream of wide-rule paper ($1.00)

Please note that Indigent Kits are not included with this proposal as the County prepares their own kits. This answer is in response to the question of what is included in the kits.

Q2. How much are inmates currently charged to transfer money to their phone account?

A2. No charge. Inmates buy phone time.

Q3. What were tobacco sales from 10/1/2018 - 9/30/2019?

A3. Quantity 10,022 = $117,615.62

Q4. Is it the intent of Escambia County to continue to sell tobacco products at the Road Prison?

A4. Yes, but the County reserves the right to change this policy.

Q5. How many dorm kiosks are currently installed at the different locations?

A5. Please see Addendum 3, Question 36.

Q6. Do the dorm kiosks currently in place utilize power and Cat-6 cabling to operate?

A6. Yes.

Q7. It has been requested that we use the proposal format shown on page 42 of 73. In this format, there is no indication as to where the information regarding where the Qualifications of Firm (experience, history, reference, etc.) or Qualifications of Staff should be included.

A7. The department has requested that this information should be included in Part A after the Letter of Transmittal, and before the written technical approach. However, the location of the information within the proposal will not cause a response to be deemed non-responsive. As long as all the requested information is included, the firm's response will be deemed responsive as it relates to this specific item.

Main Jail Hygiene Kit (includes Work Release)

Hygiene Kit Price 4.49

(1) 20oz. cup with lid

(1) 4oz. shampoo

(1) 2.7 clear toothpaste

(1) thumb toothbrush

(1) # 3 soap

(1) 1.5 oz. roll on deodorant

4(packs) acetaminophen

4 (packs) allergy tablets

4(packs) ibuprofen

4 (packs) antacid tablets

1 flex pen

2 stamped envelopes

6 sheets of paper

Hygiene Kit # 1 Price 3.84

(1) 4oz. shampoo

(1) 2.7 clear toothpaste

(1) thumb toothbrush

(1) # 3 soap

(1) 1.5 oz. roll on deodorant

4(packs) acetaminophen

4 (packs) allergy tablets

4(packs) ibuprofen

4 (packs) antacid tablets

1 flex pen

2 stamped envelopes

6 sheets of paper

Hygiene Kit # 2 Price 4.56

(1) petroleum jelly

(1) comb

(1) 4oz. shampoo

(1) 2.7 clear toothpaste

(1) thumb toothbrush

(1) # 3 soap

(1) 1.5 oz. roll on deodorant

4(packs) acetaminophen

4 (packs) allergy tablets

4(packs) ibuprofen

4 (packs) antacid tablets

1 flex pen

2 stamped envelopes

6 sheets of paper

AGREEMENT FOR INMATE COMMISSARY AND BANKING SERVICES FOR THE ESCAMBIA COUNTY CORRECTIONS DEPARTMENT (PD 18-19.102)

THIS AGREEMENT is entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Keefe Commissary Network, LLC (hereinafter referred to as "Contractor"), a foreign limited liability company authorized to conduct business in the State of Florida, FEI/EIN 43-1856999, whose principal address is 10880 Lin Page Place, St. Louis, MO 63132, and whose mailing address is 1260 Andes Boulevard, St. Louis, MO 63132.

WITNESSETH:

WHEREAS, on August 23, 2019, the County issued a Request for Proposals (PD 18-19.102) seeking a qualified contractor to provide inmate commissary and banking services for the Escambia County Corrections Department; and

WHEREAS, Contractor was the most responsive and responsible firm proposing to deliver, install, operate and maintain such services; and

WHEREAS, the County desires to enter into an agreement with Contractor as specified herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The initial term of this Agreement shall commence on April 1, 2020, and continue for a term of thirty-six (36) months expiring on March 31, 2023. Upon mutual agreement, the contract may be renewed for two (2) additional twelve (12) month renewal terms. Either party may provide written notice of the desire to extend the agreement no later than thirty (30) days prior to the expiration of the current term. The total duration of this agreement, including the exercise of all options to renew/extend, shall not exceed the duration of sixty (60) months.

3. Scope of Services. Contractor agrees to perform in accordance with the scope of work outlined in Escambia County's Request for Proposals for "*Inmate Commissary and Banking Services for the Escambia County Corrections Department," Specification No. P.D. 18-19.102*, attached hereto as **Exhibit A,** and as further specified in the *Contractor's Proposal*, attached hereto as **Exhibit B**. In the event of a conflict between the terms of the Exhibits referenced in this Agreement, the terms of this Agreement shall prevail and the terms of **Exhibit A** shall take precedence over **Exhibit B**.

4. Fee. As consideration for the Contractor's right to provide an inmate commissary services for the Escambia County Corrections Department, Contractor shall pay County a monthly fee equal to 51% of the Contractor's *Adjusted Gross Sales*, as provided in the *Contractor's Proposal*, attached hereto as **Exhibit B**.

Contractor shall offset the cost of all "indigent items" sold to the County by the amount of the total monthly fee owed to the County. If the total monthly fee exceeds the total cost of items sold to the County during the preceding month then the Contractor will remit payment to the County within

thirty (30) days of the close of each monthly billing cycle. If the total cost of items sold to the County exceeds the monthly fee owed to the County then the County will remit payment to the Contractor as provided herein and as further specified in **Exhibit A**.

At the end of each fiscal year, if the total amount of monthly fees paid to the County is less than the guaranteed minimum annual commission (GMAC) rate as determined by the annual average daily inmate population (ADP) then the final invoice for the current fiscal year will be reduced by the difference between the total amount of monthly fees paid to the County during the previous fiscal year and the guaranteed minimum annual commission rate. Contractor shall remit any additional fees owed to the County within thirty (30) days of the close of last monthly billing cycle.

5. Reporting Requirements. Contractor shall provide daily, monthly, and annual reports as specified in the scope of work attached hereto as **Exhibit A**.

6. Method of Payment/Billing. Contractor may request payment from County on a monthly basis by the submission of a properly executed original invoice. Invoices shall reflect the amount due and owing for the value of goods/services received and accepted with appropriate supporting documentation. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Local Government Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

7. Ownership of Equipment. All equipment, fixtures, and supplies furnished by Contractor for the operation of the inmate commissary service and banking system provided pursuant to this Agreement shall remain the sole property of the Contractor. Upon the termination or expiration of this Agreement, the County shall allow the Contractor reasonable access to the facility during normal business hours to remove the equipment. Contractor shall be responsible for restoring the premises to the condition that existed immediately prior to the installation of said equipment.

8. Maintenance. Contractor shall be responsible for the maintenance and repair of all equipment, fixtures, and supplies furnished by Contractor for the operation of the inmate commissary service and banking system at no cost to the County. County will allow the Contractor reasonable access to the facilities during normal business hours to perform such maintenance and repair. Should the County receive any notification of equipment malfunction or loss of service, County shall promptly notify the Contractor. The Contractor's failure to properly maintain the inmate commissary service and banking system to the reasonable satisfaction of the County shall constitute a breach of the Agreement and grounds for immediate termination.

9. Loss, Damage, Destruction. County will not be liable for any loss, damage, or destruction to equipment, fixtures, and supplies furnished by Contractor for the operation of the inmate commissary service and banking system. The parties will cooperate and use their best efforts to prevent fraudulent usage and any theft, excessive vandalism, or other damage to the equipment, fixtures and supplies.

10. EFT and Miscellaneous Fees. The applicable fees that may be charged to inmates for transactional services using the inmate banking system shall be in accordance with the *Contractor's Fee Proposal*, attached hereto as **Exhibit B**. Contractor shall be solely responsible for any fraudulent usage or expenses related to fraudulent use of the inmate banking service.

11. Liquidated Damages.

County and Contractor recognize that time is of the essence in the performance of this Agreement, and County will suffer damages if commissary orders are not delivered within the time specified herein. Should Contractor fail to make timely delivery of commissary orders, County shall be entitled to assess liquidated damages.

If the Contractor fails to deliver commissary orders within four (4) hours of the scheduled delivery time, the Contractor shall pay the County liquidated damages in the amount of $500.00. If the Contractor fails to deliver commissary orders within twenty-four (24) hours of the scheduled delivery time, the Contractor shall pay the County liquidated damages in the amount of $1,000.00 per calendar day until the orders are delivered. If the Contractor makes timely delivery but fails to deliver 100% of the commissary orders on a scheduled delivery day, the Contractor shall pay the County liquidated damages in the amount of $100 if the undelivered orders exceed 2% of the orders scheduled for delivery. Failure to maintain a 98% “on-time” order completion rate on four (4) or more occasions within a fixed three-month period (calendar quarter) shall be considered a material breach of the Agreement and grounds for termination.

Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to make timely delivery of commissary orders within the time periods specified herein.

12. Termination. This Agreement will be subject to immediate termination for cause by County and may be terminated for convenience by County upon providing thirty (30) days written notice to Contractor. This Agreement may be terminated for cause by the Contractor upon providing ninety (90) days written notice to the County.

13. Indemnification. The Contractor agrees to save harmless, indemnify, and defend County and its agents, officers and employees from any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of any kind, losses, penalties, interest, demands, judgments, and cost of suit, including attorneys’ fees and paralegals’ fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly, on account of or in connection with the Contractor’s negligent, reckless, or intentional wrongful misconduct in the performance of this Agreement or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Contractor or by anyone for whom the Contractor is legally liable. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor’s obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County’s exclusive remedy.

14. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;

(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles;

(c) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease; and

(d) Fidelity Bond with $1,000,000 per occurrence coverage limit.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days' advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

15. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

16. Excused Performance**.** In case performance of any term or provision herein (other than payment of money) shall be delayed or prevented because of compliance with any law, decree or order of any governmental agency or authority, either local, state, federal, or because of riots, war, public disturbances, strikes, lockouts, differences with workmen, fires, floods, Acts of God, or any other reason whatsoever that is not within the control of the party whose performance is interfered with and which, by the exercise of reasonable diligence said party is unable to prevent, the party so suffering may at its option suspend without liability, which includes the payment of liquidated damages pursuant to Section 11, the performance of its obligations hereunder during the period such cause continues.

17. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by

hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Keefe Commissary Network, LLC	To: Escambia County
Attention: President	Attention: County Administrator
10880 Lin Page Place	221 Palafox Place, Suite 420
St. Louis, MO 63132	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

18. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

19. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

20. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises,

agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

21. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement.

22. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

23. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

24. Authority. Each individual executing this Agreement on behalf of a corporate or governmental party represents and warrants that he is duly authorized to execute and deliver this Agreement on behalf of said party, in accordance with any a duly adopted action of the governing board of said party in accordance with applicable law, and that this Agreement is binding upon said party in accordance with its terms.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A),
FLORIDA STATUES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(Print Name of Public Entity)

By _____
(Print Individual's Name and Title)

For _____
(Print Name of Entity Submitting Sworn Statement)

Whose business address is:

_____

_____

And, if applicable, its Federal Employer Identification Number (FEIN) is: _____

If the entity has no FEIN, include the Social Security Number of the Individual signing this

sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.

   c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise

transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Indicate which statement applies.**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it is not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(Attach a copy of the final order.)**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY, AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

DRUG-FREE WORKPLACE FORM

The undersigned vendor, in accordance with Florida Statute 287.087, hereby certifies that

_____ does:
(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the danger of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph One (1).

4. In the statement specified in Paragraph One (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or pleas of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs One (1) through Five (5).

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer' to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgement is from the lowest, most responsible, and responsive Offeror(s).

Instructions to Offerors

1. General Information

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed or delivered to the Office of Purchasing, 2nd Floor, Room 11.101, Matt Langley Bell, III Building, 213 Palafox Place, Pensacola, FL, 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.102, Inmate Commissary and Banking Services for the Escambia County Corrections Department, Name of Submitting Firm, September 23, 2019 at 2:00 PM CDT.

Note: If using a courier service (e.g. FedEx, UPS, US Post Office, etc.) the air-bill and envelope or box must be marked with the specification Number and Project Name.

Regardless of the method of delivery, each Offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the Offeror(s).

The following policy will apply to all methods of source selection:

A. Conduct of Participants

After the issuance of any solicitation, all bidders/proposers/protestors, or individuals action on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County official, their agents or employees, or any member of the relevant Selection Committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/ protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the Purchasing Manager.

B. Definitions

Blackout Period means the period between the time the bids/proposals for Invitations to Bid or the Request for Proposal, or Qualification, or Information, or Request for Letters of Interest, or the Invitation to Negotiate, as applicable, are received at the Escambia County Office of Purchasing, and the time the Board awards the Contract and any resulting bid protest is resolved or the solicitation is otherwise cancelled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees, or any member of the relevant Selection Committee, for or against a specific cause related to a pending solicitation for goods or

services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

C. Sanctions

The Board may impose any one or more of the following sanctions on a non-employee for violations of the policy set forth herein:

1) Rejection/disqualification of submittal;

2) Termination of contract; or

3) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

2. Procurement Questions

Questions shall be directed to Jeffrey Lovingood, Purchasing Coordinator, at JDLovingood@myescambia.com. The last day for questions will be September 16, 2019 at 5:00 PM CDT.

3. Proposal Forms (Select One)

This Solicitation contains a Solicitation, Offer, and Proposal Form which shall be submitted in a sealed envelope, signed with original signatures in indelible ink, and signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offeror's Checklist included in the Solicitation provides instructions to the Offeror on the documentation to be submitted during the procurement process.

4. Pre-Solicitation Conference

A non-mandatory Pre-Solicitation Conference will be held at the Office of Purchasing, 213 Palafox Place, 2nd Floor, Pensacola, FL 32502, Conference room 11.407, at 1:00 PM CDT on September 09, 2019.

It is strongly encouraged that all potential bidders attend this non-mandatory conference, so they can ask questions and be automatically notified of any updates prior to the Bid Opening.

5. Payment

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

6. Compliance with Governing Laws and Regulations

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations.

7. Contract Term/Renewal/Termination

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for up to two (2) additional twelve (12) month periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

8. Price Adjustment

The contract resulting from this Solicitation may include provisions for Twelve (12) month, price adjustments. Written request for price adjustment may be made every Twelve (12) months, no less than 30 days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bonafide cost increase to the vendor. All price adjustments shall be reviewed by the County's designated representative. If an adjustment in price is approved, it shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

9. Changes – Service Contracts

The County may at any time by issuance of an executed change order make changes within the general scope of the contract in any of the following areas.

A. Description of services to be performed

B. Time of performance (i.e., hours of the day, days of the week, etc.)

C. Place of performance of the services.

If additional work or other changes are required in the areas described above, an offer will be requested from the contractor. Upon negotiation of the offer, execution and receipt of the change order, the contractor shall commence performance of the work as specified.

The contractor shall not commence the performance of additional work or other changes not covered by this contract without an executed change order issued by the Office of Purchasing. If the contractor performs additional work beyond the specific requirements of this contract without an executed change order, it shall be at his own risk. The County

assumes no responsibility for any additional costs for work not specifically authorized by an executed change order.

10. Termination

A. The contract may be canceled by the contractor, for good cause, upon ninety (90) days prior written notice.

B. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

C. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. Licenses, Certifications, Registrations

The offeror shall at any time of proposal submission meet the license, certification, registration and any other requirements of the State, County, City and/or any other agency of authority with jurisdiction in such matters as necessary to perform the contractual services requested in this solicitation.

Copies of such licenses, certification, registrations and any other requirements should be provided with the proposal submission; and, the offeror shall provide follow up evidence that as the contractor they maintain such credentials throughout the period of agreement.

12. Award

Award shall be made on an "all-or-none total" basis.

Escambia County reserves the right to increase or decrease estimated quantities as required. It is understood by all bidders that the County can only provide estimated quantities and is not obligated to purchase any minimum or maximum amount during the life of this contract.

13. Termination

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the County's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

14. Termination (Services)

The Contract Administrator shall notify the Office of Purchasing of unsatisfactory performance and/or deficiencies in service that remain unresolved or recurring. The Office of Purchasing shall notify the contractor, in writing, of such unresolved or recurring deficiencies within five (5) working days of notification by the Contract Administrator.

Upon the third such written notification of unsatisfactory performance and/or deficiencies to the contractor by the Office of Purchasing within a four (4) month period, or the sixth such notification within any contract term, shall result in issuance of written notice of

immediate contract termination to the contractor by the Office of Purchasing. Such termination may also result in suspension or debarment of the contractor.

15. Termination (Public Records Request)

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the County may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work).

Non-Contract Insurance Requirements

16. Standard Insurance Requirements and Certificates

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the level of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

A. County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred", however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities but are merely minimums.

Except for worker's compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the County, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

B. Workers Compensation Coverage

The contractor shall purchase and maintain worker's compensation insurance for all worker's compensation obligations imposed by state law and with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

C. General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000.00 per occurrence for all liability must be provided with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the worker's compensation coverage section) and the total amount of coverage required.

D. General Liability Coverage – Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

E. Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30-day notification of cancellation.

F. Excess or Umbrella Liability Coverage (if utilized to achieve required policy limits)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

G. Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability and business auto liability policies.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:

   Escambia County
   Attention: Jeffrey Lovingood, Purchasing Coordinator
   Office of Purchasing, Room 11.101
   213 Palafox Place 2nd Floor
   Pensacola, FL 32591
   Email: Purchasing@myescambia.com

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage, the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

H. Endorsements/Additional Insurance

The County may require the following endorsements or additional types of insurance.

Termination/Adverse Change Endorsement

All of contractor's policies, except for professional liability and worker's compensation insurance, are to be endorsed, and the contractor's certificate(s) of insurance shall state, that the County shall be notified at least 30 days in advance of cancellation, nonrenewal or adverse change.

Fidelity/Dishonesty/Liability Coverage – for County

Fidelity/dishonesty/liability insurance is to be purchased or extended to cover dishonest acts of the contractor's employees resulting in loss to the County.

17. Indemnification

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgements, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

Part IV **Scope of Work**

PART I GENERAL INFORMATION

1-1 PURPOSE

The Board of County Commissioners of Escambia County is seeking competitive proposals from qualified and experienced bidders for the provision and operation of Inmate Commissary and Banking Services for the Escambia County Corrections Department.

1-2 OBJECTIVE

The Primary objective of The RFP is the selection of the most qualified and experienced Contractor to provide inmate banking and commissary services that are most advantageous to the County.

1-3 ISSUING OFFICER

The project Director shall be Janice P. Gilley, County Administrator. The liaison officer shall be Whitney Lucas, Corrections Financial Manager, Escambia County Corrections Department. The contracting agency shall be the Escambia County Board of Commissioners, c/o the Office of Purchasing, 213 Palafox Place, 2nd Floor, Pensacola, Florida, 32502.

1-4 CONTRACT CONSIDERATION

After negotiation, it is expected that the contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for up to two (2) additional twelve (12) month periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

All questions regarding this Request for Proposal shall be directed to Jeffrey Lovingood, Purchasing Coordinator, in writing via email at JDLovingood@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

A. Mailing (Advertisement) Date……..……..….August 23, 2019

B. Non-Mandatory Pre-Proposal Conference.....September 10, 2019 at 3:30 PM CDT

C. Receipt of Proposals.....September 23, 2019 at 2:00 PM CDT

D. Short-List Meeting.....October 01, 2019

E. Discussion/Ranking Meeting.....October 09, 2019 at 1:00 PM CDT

F. First Negotiation with Top-Ranked Firm……October 31, 2019 at 9:00 AM CDT

G. 2nd Negotiation Meeting (If Necessary)……..November 04, 2019 at 9:00 AM CDT

H. Target Board Date……..…….December 05, 2019

1-9 PROPOSAL CONTENT AND SIGNATURE

One (1) copy physical copy of the proposal shall be required with original signature (no photocopies or digital signatures), having been signed by a company official with the power to bind the company in its proposal and shall be completely responsive to the RFP for consideration.

One (1) electronic copy of the complete submittal shall be included (CD or flash drive is acceptable). The County requests that bidders, whenever possible, provide electronic copies that are ADA compliant.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straightforward and concise description of their ability to meet the RFP requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals, all proposals shall be in spiral binding or “GBC” type binder with all pages 8.5" x 11" format.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this RFP shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

1-14 DELAYS

The Project Manager reserves the right to delay scheduled due dates if it is to the advantage of the project.

1-15 WORK PLAN CONTROL

Control of the work plan to be developed under the RFP shall remain totally with the Escambia County Board of Commissioners.

1-16 METHOD OF PAYMENT

Payment schedule and basis of payment shall be negotiated.

PART II INFORMATION REQUIRED FROM CONTRACTORS

ALL PROPOSALS SHALL INCLUDE THE FOLLOWING: TECHNICAL AND COST PROPOSAL

2-1 PROPOSAL FORMAT AND CONTENT

The County discourages overly lengthy and costly proposals, however, in order for the County to evaluate proposals fairly and completely, proposers should follow the format set out herein and provide all of the information requested.

2-2 INTRODUCTION

Proposals shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the proposal.

Proposals shall confirm that the firm will comply with all of the provisions in this RFP; and, if applicable, provide notice that the firm qualifies as a County proposer. Proposals shall be signed by a company officer empowered to bind the company. A proposer's failure to include these items in their proposals may cause their proposal to be determined to be non-responsive and the proposal may be rejected.

2-3 UNDERSTANDING OF THE PROJECT

Proposers shall provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.

2-4 METHODOLOGY USED FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet the County's project schedule.

2-5 MANAGEMENT PLAN FOR THE PROJECT

Proposers shall provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet the County's project schedule.

2-6 EXPERIENCE AND QUALIFICATIONS

Provide an organizational chart specific to the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Provide a narrative description of the organization of the project team.

Provide a personnel roster that identifies each person who will actually work on the contract and provide the following information about each person listed;

[a] title,
[b] resume,
[c] location(s) where work will be performed,
[d] itemize the total cost and the number of estimated hours for each individual named above.

After delivering an initial proposal in response to this solicitation, all submitters are prohibited from substituting, modifying, or amending those subconsultants identified in the initial written submittal at any time during the course of the solicitation process up to the final award of contract and including question-and-answer sessions, presentations or technical clarifications, and submittals as may be required by the Review/Selection Committee. A substitution or addition of subconsultants or any other material changes to the submittal after the initial response will cause the submittal to be invalid for review and selection purposes.

Provide reference names and phone numbers for similar projects your firm has completed

2-7 COST PROPOSAL

Proposer's cost proposals shall include an itemized list of all direct and indirect costs associated with the performance of this contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit.

PART III **SCOPE OF WORK**

COUNTY OF ESCAMBIA
SCOPE OF WORK
PD 18-19.102

INMATE COMMISSARY AND BANKING SERVICES
FOR THE ESCAMBIA COUNTY CORRECTIONS DEPARTMENT

A. INTENT

The intent of this Request for Proposal (RFP) is to seek competitive proposals from qualified experienced bidders for the provision and operation of Inmate Commissary and Banking Services for the Escambia County Corrections Department.

B. BACKGROUND

The Escambia County Corrections Department is responsible for the care, custody and control of the population housed within three residential facilities located throughout the County. Escambia County is currently in the process of designing and constructing a correctional facility to replace their Central Booking and Detention facility which was destroyed in 2014. Until the new facility is completed, the locations, average daily populations, and housing designations will be as listed in the table below.

Facility Name	Facility Address	Average Daily Population (FY 2018)	Housing Designation
Main Jail	2935 North L Street, Pensacola, Florida 32501	920	High Medium to High Maximum
Work Release	1211 West Fairfield Drive, Pensacola, Florida 32501	290	Minimum to Low Medium
Road Prison	601 County Road 297A, Cantonment, Florida 32533	236	Minimum

Upon completion of the new facility (expected completion is April 2020), there are some anticipated adjustments to the ADP of the facilities listed above. Below are the projected headcounts once the new facility is completed.

Facility Name	Facility Address	Projected Average Daily Population (April 2020)	Housing Designation
Main Jail+ New Facility	2935 North L Street, Pensacola, Florida 32501	1,320	Minimum to High Maximum
Work Release	1211 West Fairfield Drive, Pensacola, Florida 32501	100	Minimum
Road Prison	601 County Road 297A, Cantonment, Florida 32533	236	Minimum

C. PRE-SOLICITATION CONFERENCE

In order to ensure an understanding of the RFP requirements and current facility system operation, a pre-solicitation conference will be held as follows:

Office of Purchasing – 213 Palafox Place, 2nd Floor, Pensacola, FL 32502
September 10, 2019 at 1:00 PM CDT

D. VENDOR QUALIFICATIONS

1. Qualifications of Firm

Escambia County requires that each Company or firm responding to this Request for Proposals identify its qualifications as they relate to the services required. The information provided shall specifically include:

A. Provide five (5) references that are of comparable size (1,500 inmates or greater) and complexity of Escambia County Corrections, for which the firm has performed similar work including the contact name, address, telephone number, e-mail address and date of the contract.

i. The contact persons listed as references shall be someone who has personal knowledge of the Proposer's performance during the referenced contract. Contact persons must have been informed that they are being used as a reference and that the County may be calling them. More than one person can be listed but all must have knowledge of the project. DO NOT list principals or officers who will not be able to answer specific questions regarding the project.

ii. Failure of references listed to respond to the County's inquiries may negatively impact the evaluation of the Proposal.

B. Provide a description and history of Proposer's experience in the field of correctional inmate commissary and banking services. List all contracts over the past ten (10) years, services provided, year(s) in which the services were provided, number of inmates served, and the name, phone number and e-mail address of the agency's Contract Monitor for each contract.

C. Identify all terminated "with cause" correctional inmate commissary and banking services contracts awarded but never entered, the reasons for the termination or failure to contract, and the name, phone number and e-mail address of a contract person for the former contracting agency.

2. Qualifications of Staff

A. Provide resumes of key management personnel detailing their qualifications and experience in the delivery of inmate commissary and banking services including, but not limited to, their correctional experience in the following areas:

1) security
2) inmate problem resolution relating to inmate commissary and banking issues
3) employee training
4) institutional inmate commissary and banking services

Response to this requirement shall not exceed one (1) page per individual, single spaced, with attachments as necessary, to demonstrate either awards or certifications pertinent to the individuals' qualifications.

B. Provide a list of job descriptions, minimum qualifications of all employee positions to be employed at the Facilities.

A. SPECIFICATIONS

1. General Duties, Obligations and Standards

Beginning on the Service Commencement Date, the Contractor shall operate and provide all Commissary Services in accordance with the Contract and the Operating Standards. If the computer system is a web-based, Contractor-hosted application, it shall comply with all County Standards for hosted systems. Further, if the banking system, or components therein, are installed at Escambia County and solely supported by the Contractor, the provision and costs related to infrastructure, hardware, software and maintenance to operate the system shall be borne solely by the Contractor. All systems installed on the Escambia County network shall adhere to all County Computing Standards (see attached Exhibit 3) for network, security, hardware, etc. If the County is provided with the licensure to own and operate system, it shall comply with all County standards in order to be installed, maintained and managed by the County.

The Contractor shall have, after date of award, a maximum forty-five (45) day transition period prior to Service Commencement Date. During this transition period the Contractor shall, at a minimum, submit their proposed inventory list and applicable paperwork for Escambia County for approval, obtain (and install) the needed computer equipment (based on the specifications outlined in Exhibit 3 (Escambia County Computing Standards), process and submit all security requirements, mutually agree on pickup/delivery schedule/routes, create and test the interface with the Jail Management System (JMS) and inmate telephone systems, create and test the real-time account statement/balance inquiry, run and test the monthly invoice and general ledger reports, test and train staff on banking system, and distribute/pickup inmates order forms.

The Contractor shall attend meetings with County employees and meet at least once every three (3) months with the Contract Monitor to review the Contractor's performance in the preceding quarter and to discuss other issues regarding the service being received and/or needed.

2. Definitions

The following terms used in this RFP, together with amendments and attachments, shall, unless the context indicates otherwise, have the meanings set forth below:

"Contract Monitor" means the employee or employees of the Escambia County Corrections Department designated to monitor operation of the Contractor for compliance with contract provisions and to coordinate actions and communications between the Department and the Contractor.

"Contractor" means the Proposer awarded the Contract to manage the Commissary.

"Commissary Services" means those functions set forth in the RFP/Contract and the Proposer's proposal.

"Commissionable Items" means items sold to inmates at a profit. These items warrant the paying of commission to the County at the rate agreed upon in the

contract. Note: Sales tax is not included as commissionable in these items.

"County" means Escambia County, Florida.

"Court Orders" means any existing or future orders or judgments issued by a court of competent jurisdiction or any existing or future settlements, stipulations, agreements to plans entered into in connection with litigation which are applicable to the operation and management of inmate Commissary Services

"Department" or **"ECCD"** means the Escambia County Corrections Department.

"Direct Supervision" means the overall philosophy of operation in which the detention officer is stationed in the pod with the inmates for the duration of his/her shift and the basic principles of direct supervision as identified by the National Institute of Corrections, which are mandatory for the performance of the Contract.

"Fair Market Value" of inmate commissary items, for the purposes of this RFP, is defined as the average price of an item (per ounce or quantity) determined by the gathering of three prices for the like item found at local community retailers. See Section 4, Technical Approach to Commissary and Banking, paragraph B, for County's expectation.

"FMJS" means the Florida Model Jail Standards, referenced in Chapter 951.23 of the Florida Statutes.

"Indigent Inmate" means an inmate who has less than $1 in his/her inmate account for seven (7) or more consecutive days.

"Inmate" means adult male and female offenders held in the Corrections facility awaiting trial, serving a jail sentence, awaiting transportation to another jurisdiction or being held for any lawful purpose.

"New Commit Kit" means kits sold directly to ECCD for (ECCD) distribution to newly processed inmates.

"Non - (Profit) Commissionable Items" means items sold to inmates at a cost that does not include a profit (i.e. postage items, stamps, stamped envelopes, indigent items, etc.) These items are billed on the County's monthly invoice as a separate amount.

"Non-Taxable Items" means items sold to inmates that are non-taxable as stated by statute (i.e. baked goods, medications, stamps, etc.) These items are billed on the County's invoice at the amount charged to the inmate as a separate item and where appropriate, may be commissionable items.

"Operating Standards" means all applicable federal, state and local laws, rules, codes, regulations, Court Orders and FCAC, FMJS and NCCHC Standards, as any of the same may be supplemented or amended and those rules, regulations, policies, procedures and ordinances reasonably made applicable to a Contractor by the County. If any of the Operating Standards are in conflict with each other or with this RFP, the more stringent shall apply, as reasonably determined by the County.

"Service Commencement Date" means the first day of delivery of Commissary Orders.

3. Inmate Services

A. The Contractor shall be responsible for:

1) Commissary order forms: Providing an adequate amount of commissary order forms for the inmate population. The commissary order forms shall contain the necessary information for ECCD to identify the inmate and his/her location in the Corrections facility, as well as the items ordered, including, at a minimum:

a) Last name, first name, middle initial
b) Jail Number
c) Housing location
d) Item name and cost
e) Separation of male and female (allowable) items
f) List of indigent items and recoverable costs
g) Signature line for inmate
h) Date of Order
i) Statement of tax rate

Commissary ordering via kiosk is a preferred alternative, although forms must still be made available in the event of a kiosk malfunction or service interruption.

2) Receiving (including retrieving of) commissary order forms from all housing locations in the event they are utilized.

3) Processing commissary orders into the Inmate Banking Services System

4) Packing individual inmates' commissary orders

5) Delivering individual inmates' commissary orders to the inmate. Exhibit (2) outlines the housing facilities, current full-service delivery schedules. Final delivery schedules shall be mutually agreed upon

6) Accounting of all transactions

7) All inventory procurement

8) Storage and maintenance of all inventory

B. Contractor shall provide a twenty-four (24) hour response time to calls for services involving store discrepancies, which in the sole opinion of the ECCD, may result in inmate management issues for the ECCD. The Contractor shall handle all other inmate grievances and complaints over Commissary Services in an expeditious manner, in accordance with the Operating Standards.

C. For those inmates housed at the Main Jail or Work Release Facility, the Contractor shall package each inmate order individually and provide delivery to the inmate at his/her cell location and obtain a signed receipt from the inmate for the merchandise delivered. Regarding those inmates housed at the Road Prison, order must be received by staff to be distributed during non-working hours.

D. The Contractor shall provide a complete Commissary Inmate Banking Services System that includes, but is not necessarily limited to, the following:

1) A detailed invoice of each inmate's individual order

2) A system to identify and collect sales taxes from inmate orders

3) A billing system for inmates' individual accounts that also provides for credits to inmates' accounts for items ordered and billed, but which were determined not to have been received by the inmate

4) A clear audit trail of all individual inmate banking transactions to include deposits, withdrawals, store ordering, etc.

5) An inmate receipt that includes a received by acknowledgement line (for the inmate's signature) and details the items received and charges to his/her account.

6) An active, real-time interface from the existing ECCD JMS to establish the Inmate Bank accounts (within the Inmate Banking System) by extracting (from JMS) and updating the banking system information in real-time (at time of creation of the Booking Record within the JMS). The current inmate management system utilized by the ECCD is *SmartJail version 9.12.2.11.* The interface shall need to extract the following information and the Inmate Banking System shall need to receive the listed items in separate files within the Inmate Banking System:

a) Inmate name
b) Inmate number
c) Inmate birth date
d) Inmate gender
e) Inmate housing location
f) Fee indicator (equal to "Y" or "N")
g) Inmate address
h) Last 4 of inmate social security number

Immediately after completion of the noted interface and creation of the inmate banking account, the system shall create an automatic debt event/transaction for charging of the one-time (per booking number) Jail Processing/Booking fee. This fee (currently $20) is set by the Board of County Commissioners and is subject to change at their discretion. The fee is only applied to inmates whose fee indicator is equal to a "Y".

7) A means for staff and/or inmates to obtain real-time inmate account statement information (balances, deposits, charges, store order charge/credit amounts, etc.) through the use of internal kiosks, telephone systems, web-based connection (i.e., Microsoft ASP.net) or other technology. This functionality shall provide (at a minimum) the inmate's name, inmate number, account balance (including debt balance,) housing location, date of birth and the last 30 transactions processed against the inmate's account with descriptive transaction/event information. Store order transactions

shall include a link to identify the items within the order.

8) The Contractor will be responsible for providing their own work stations (computers) for utilization by their staff.

9) Manual inmate deposit transactions/events to include the following (at a minimum), receiving area (i.e. initial booking, mail, drop box, etc.) type of deposit item received (i.e. cash, money order, government/certified check, etc.).

10) Acceptance of cash funds for initial cash deposits through the use of a booking kiosk. The system shall include the ability to obtain end of shift/period reports for all transactions processed through the booking kiosk. A transaction receipt number shall be included on the report and the receipt numbers shall be in sequential order without crossing over with other deposits at other kiosks or being made manually at other posts (see Paragraph I below for specifics).

11) Automated/Electronic Funds Transfers (EFT) events/capabilities to include at a minimum the following:

The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction as listed on Fee Proposal Form herein.**

i) Acceptance of public credit card deposits through the use of a public kiosk, telephone and Internet access. The Contractor shall be Payment Card Industry (PCI) compliant and able to prove PCI compliance by providing an Attestation of Compliance document to the County on a quarterly basis. This document shall be produced by an independent security firm that audits the Contractor's systems.

ii) These credit card transactions shall interface with the Contractor's banking system and update the inmate's banking account balances in real-time. The EFT transactions should also update (debit) the County's bank account in real time (or not later than the end of the next day) to account for the funds that the inmate is able to expend and/or to ensure that the County's bank account balance is reflective and includes funds that have been debited to an inmate's banking account and are subject to being released with the inmate's release or transfer to another agency. The Contractor shall assume full liability for all losses (stolen/bad credit cards, etc.) and hold the County harmless from any "put/charge back" transactions.

iii) The Contractor's EFT process shall track all deposits and real-time posting of transactions made to inmate accounts during the shift and include the ability to obtain end of shift/period reports for all transactions sent to the County's

bank. A transaction receipt number shall be included on the report and the receipt numbers shall be in sequential order without crossing over with other deposits being made manually at other posts (see Paragraph I below for specifics).

iv) The EFT transactions shall be at no cost to ECCD or the County (to include the booking kiosk transactions) and the Contractor shall identify proposed fees to be charged to external customers for each transaction.

12) The system shall issue sequential receipt numbers for each deposit item processed. The receipt numbers shall be assigned based on specific posts/means for deposit (i.e. In post, Drop/Mail Deposit post, booking kiosk, public kiosk, telephone, internet, etc.) and receipt numbers shall be issued in sequence for each post/means for deposit in specific order relative to the transactions processed at that particular post or by those means. In no cases are the receipt numbers to be issued across posts or means for deposit (i.e. the In post should issue receipts as I0000001, I0000002, etc., the Drop/Mail post should issue receipts as D0000001, D0000002, etc., booking kiosk deposits as BK0000001, BK0000002, etc. and so on). The system shall also contain separate input fields for money order, check number, etc. as well as a memo field for notes (depositor's name, etc.).

13) When any type of deposit is processed against an inmate's banking account, and an inmate's account is carrying an accounts receivable/debt amount, the system shall have the ability to collect a portion/percentage of the deposit as set by ECCD (currently this feature is available but not being utilized) and to process the collected funds into the general ledger account established for the specific debt (i.e. Dental Assistant charges, Doctor Sick Call charges, etc.).

14) Inmate withdrawal transactions/events to include the following (at a minimum):

i) 3rd Party Check Release
ii) Bond Check Disbursement
iii) Facility Transfer Check Disbursement
iv) Main Bond release
v) Pre-paid Card release

15) The system shall have the ability to issue and write checks. The check number shall be contained in a separate field as well as a memo filed for notes (county name, etc.) The check writing process shall include the ability to download daily (seven days per week) check information and the ability to create (and submit) a "positive-pay" file to the County's bank's automated banking system (currently Bank of America's online banking system). This requirement allows the bank to screen out unauthorized/ invalid checks prior to acceptance/cashing.

16) The system shall have the ability to issue (at the time of release) pre-paid debit/release cards loadable with varying amounts based on inmate account balances and ECCD policy.

i) The card shall be able to be used to make cash withdrawals at varying automated transaction machines and this service shall be provided at no cost to the County. The Contractor shall identify proposed fees to be charged to external customers for each transaction.

ii) The system shall have the ability to issue pre-paid transaction cards. The pre-paid card number shall be contained in a separate field and a memo field for notes (county name, etc.) shall be included. The pre-paid card process shall include the ability to download daily (seven days per week) card information. The Contractor shall assume full liability for all cash losses (stolen/bad pre-paid cards, etc.) and hold the County harmless from any "put/charge back" transactions.

17) Inmate charge transactions/events to include, at a minimum, the following:

Automated Daily Subsistence Fee – The system shall automatically charge a *daily subsistence fee. This fee (currently $3.00 per day) is set by the Board of County Commissioners and is subject to change at their discretion and is currently charged at 12 a.m. each day. The fee shall be charged to inmates whose fee indicator is equal to a "Y".

Manual Charge Transactions (at a minimum):

i) Dental Sick Call charges
ii) Doctor Sick Call charges
iii) Nurse Sick Call charges
iv) Medication charges
ix) Property Damage charges
xii) Daily subsistence fee (for use with manual needs as determined by ECCD)
xiii) Jail (booking) processing fee (for use with manual needs as determined by ECCD)

At any such time that one of the above noted charge events is processed against an inmate account that does not have the available fund balance to pay for the charge, the system shall have the ability to collect what is available based on a minimum remaining account balance as set by ECCD and to create an accounts receivable balance/debt for the uncollected amount within the inmate's account to be collected (by the system) at such time that the account receives any deposit after the debt/accounts receivable amount is created. The collection transaction is to be established to collect debt amounts based on a percentage of the deposit as set by ECCD (currently this feature is not being utilized by Escambia County) and to process the collected funds into the general ledger account established for the specific debt (i.e. Dental Assistant charges, Doctor Sick Call charges, etc.). ECCD also

requires the ability to disable all debt collection (related to automated fees and manual charges) so that balances owed are only collected upon an inmate's release from custody.

18) The system shall include the capability to remove/purge all debt amounts owed when the posted debt remains uncollected three (3) years past the initial date of input.

19) Non-drawer balance inmate account affecting transactions/events to include at a minimum the following):

    i) Returned Deposit transaction (reduces inmate's account balance for NSFs, etc.)
    ii) Bad Deposit transaction (reduces inmate's account for transaction posted in error, works/washes with Deposit Correction transaction, noted below)
    iii) Deposit Correction transaction (used to place funds into correct inmate's account when input error is identified after deposit has been sent to bank, works/washes with Bad Deposit transaction, noted above)
    iv) Abandoned Funds removal - used to reduce inmate's account (without affecting cash/drawer balance) for submission to state

20) The Contractor agrees to provide the system, server, software and hardware (including peripherals, printers, check printers, etc.) involved with all aspects of the Inmate Banking System in strict compliance with the County's Computing Standards as outlined in Exhibit 3 herein.

21) The system shall allow for voiding of any and all transactions/events noted above. This feature shall be able to be restricted to certain users as determined by ECCD.

22) The system shall include a reports module that allows for real-time downloading (at a minimum) of the following Inmate Banking reports:

    i) End-of-shift deposit, withdrawal, and checking reports
    ii) Deposit, withdrawal and checking reports by user specified to and from date/timeframes, post locations, money order/check numbers, etc.
    iii) Reports specific to user specified transaction/event types (i.e. deposits by type, withdrawals by type, and charges by type) by user specified to and from date/timeframes
    iv) Inmate account balance reports by inmate name and/or jail number to include system balance, debt and closeout/release amounts (needed during downtimes and for contingencies)
    v) Report for jail/booking processing fee and daily subsistence fee collection data by inmate to include daily charged amount, daily amount collected and summary data for total inmate population

    Note: The reports module shall include the ability to download all reports into Excel spreadsheet files. Each report shall include (at a

minimum,) the inmate's name, inmate number, transaction/event processed, amount, date and time processed, receipt number, and provide the ability to query by any other field contained within the database.

23) The system shall provide an interface which creates the ability for inmates to purchase phone time minutes from the commissary and have the purchase information provided to the contractor utilized by the facilities for the inmate telephone system (Main Jail and Work Release currently utilize Global Tel*Link and the Road Prison currently utilizes Network Communications International Corporation).

E. The Contractor shall keep full and accurate accounts of sales and other records related to the Commissary Services. The Contractor shall retain all such records for a period of five (5) years after the termination of any contract for the purpose of inspection or audit anytime during normal business hours at the Contractor's place of business. This right to audit shall include the Contractor's sub-contractors used to procure goods or services under the contract with the County. Contractor shall ensure the County has these same rights with sub-contractor(s) and suppliers.

F. The system shall also allow for a minimum of four (4) security levels for the purpose of establishing input capability, reporting capability, inquiry/view-only and administration of user accounts.

G. The Contractor shall provide system changes at no charge to the County. These changes may include (but are not limited to) adjustments to any interfaced data, additional transactions/events, and inclusion of additional automated transactions as needed.

H. If at any time ECCD or the County decides to implement their own inmate Banking system, the Contractor shall be responsible for the following:

1) Providing of an interface to convert the data within the Contractor's inmate banking system to the ECCD/County's system. The interface shall include, at a minimum, all inmate items interfaced during the booking process as noted in Inmate Services Section E. paragraph 6, items a. through f. above, as well as the inmate's system balance, debt information (including history of open/unpaid items, etc.), closeout/release amounts, and other information as deemed necessary by ECCD.

2) Creating an interface for the exchanging of inmate store sales/order information to include, but not limited to, commissionable items, non-commissionable items, indigent items, sales tax information, etc.

3) Continuing and/or creation of reports as determined by ECCD needed to validate and reconcile store sales/order transactions, the Contractor's invoice, etc.

I. The Contractor shall provide an inmate request/grievance tracking system.

J. The Contractor shall provide the general public with a platform from which they can order pre-packaged selections of items to be delivered to inmates

no more than 3 business days after the receipt of the order.

4. Preferred/Optional Services

A. In addition to the required services listed in Section 3, the Escambia County Corrections Department has an interest in any options that reduce the level of time required of operational staff. These options may include software/hardware tools and/or procedural changes that automate and simplify various staff-intensive processes.

B. Any additional specialty offers/value added services should be clearly outlined as part of the Contractor's submittal.

5. Inventory Requirements

A. The current approved list of items for sale to inmates is attached as Exhibit 1, "Escambia County Store Item List". There are quantity and/or frequency limitations on over the counter medications and indigent items. These limitations will be provided to the Contractor upon contract execution. ECCD retains the right to limit quantities and frequencies of any item sold as well as place ordering caps as they deem necessary. ECCD also determines "gender specific" items. Note: The Contractor's system shall contain the ability for item quantity and frequency limits as well as gender limits as specified by ECCD.

B. The Contractor shall **not** provide any items for sale to inmates that have **not** been approved by the ECCD in accordance with the terms of this contract.

C. The Contractor shall provide, purchase and maintain custody of items mutually agreed upon by the Contractor and the ECCD for purchase by inmates of the ECCD under the provisions of this contract. The Contractor's stock shall not be maintained on the premises of the ECCD.

D. After Board approval and award of contract, the Contractor shall submit a proposed Store Items List to the County. The County will review said list and work with the Contractor on any recommended changes. As part of this review, the County will request a sample of any item which it deems requires a physical inspection prior to acceptance. All samples will be returned to the Contractor in the same condition as received. Prior to the County's final approval of an acceptable Store Items List, the Contractor shall hire an independent 3rd party company to provide a certified "fair market value" survey of items sold in the local community that are comparable to items contained on the Store Items List. "Fair market value" prices shall be obtained form three retail establishments within Escambia County, one (1) of which shall be a large retail store, i.e. Kmart, Wal-Mart, Target, Publix, etc. The prices obtained from the three stores shall be added together and the total divided by three to obtain an average price based on per ounce/item equivalents). The average price shall be considered the "fair market value" for the purposes of the contract. The contractor shall comply with Florida Model Jail Standards, Section 10.01 (b) and Florida Statute 951.23 (9) B requiring inmate commissary prices be set at "fair market value". The 3rd party company conducting the "fair market value" survey shall submit their results with a cover memo. Items found to be above the fair market value shall be reduced to a price within fair market value as determined by ECCD.

The Fair Market Value survey shall be a requirement of the Contractor on an annual basis for the duration of the contract.

The Contractor may request price increases for items determined to be below the Fair Market Value. Proposed price increases must be approved by ECCD prior to implementation.

E. The Contractor shall bill the ECCD for the Contractor's cost of goods (only) provided to indigent inmates (i.e. indigent medications, indigent clothing, indigent hygiene, indigent kits, etc.) No other costs for the provision of goods to inmates pursuant to this contract may be billed to the ECCD.

F. The Contractor shall request in writing and obtain written approval from the ECCD Contract Monitor for the substitution of any item prior to offering said substitution item for sale to inmates.

G. The Contractor shall, whenever possible, utilize items packaged for institutional use. Any items packaged in glass, heavy metal or containers that, in the opinion of the ECCD Staff, may be used as weapons or tools will not be permitted in the Corrections facilities.

H. The Contractor shall, whenever possible, provide non-food items offered for sale to inmates packaged in clear or translucent containers.

I. The Contractor shall not provide any products containing alcohol for sale to inmates.

J. The Contractor shall sell "Security Sensitive" items whenever possible. In particular, the Contractor shall sell the transparent GPX (brand/trademark) AM/FM Radio and each radio shall be engraved with the inmate's jail number and the headphones shall be removed from the package before delivery to the ECCD premises. The Contractor shall sell a separate set of "ear buds" in place of the removed headphones.

K. The ECCD retains the discretion to approve/disapprove any product for distribution to inmates and the quantities allowed, as well as the frequency of sale of items.

L. The Contractor shall, at a minimum, provide products in all the following categories (see Exhibit 1 for detailed items, sizes, etc.):

1) Stamps, stationary, greeting cards and writing supplies
2) Candy, cookies, crackers, chips, peanuts and like snacks
3) Approved personal hygiene items such as shampoo, conditioner, deodorant, toothpaste, etc.
4) Approved over-the-counter medications
5) Underwear, socks, shorts and shoes
6) Indigent clothing, hygiene items and over the counter
7) Indigent Kits (the contents of which will be established by the Department upon award)

Note: Indigent inmates are defined as inmates who maintain an account balance of less than $1.00 for a consecutive period greater than seven (7) days. At any such time that an indigent inmate orders an indigent item(s) or kit, the inmate banking system shall collect any available balance and create an accounts receivable balance/debt within the inmate's account for

any uncollected difference. The system shall be able to collect the accounts receivable/debt amount at any such time that the account receives any deposit after the debt/accounts receivable amount is created. The collection transaction is to be established to collect up to 50% (as needed) of the deposited amount against the debt/accounts receivable amount and to process the collected funds into the general ledger account established for the specific indigent debt (i.e. indigent repayment). The features which allows the system to collect debt automatically on deposit must also have the ability to be disengaged when its use is not desired.

6. Delivery of Commissary Items to Inmates

A. The Contractor shall deliver commissary items to the Main Jail and Work Release through the identified service delivery entrance and to the inmates within the cell areas under the supervision of the Correctional Officers on duty. In regard to the Road Prison facility, the orders should be delivered to the Road Prison for distribution by the Road Prison staff during non-working hours.

B. In cases where an inmate has been moved to a different housing location after placing a store order, the Contractor shall verify that the inmate is authorized to receive the goods purchased in the new housing location. When it is determined that the inmate is authorized to receive the items, the Contractor shall deliver the order to the new housing location. If the inmate is NOT authorized to receive the items in the new housing location, the store order shall be returned to stock and the Contractor shall process a refund to the inmate's account.

C. The Contractor shall package the inmate orders in sealed containers that allow for visual inspection of the contents without breaking the seal.

D. The Contractor shall deliver commissary items to inmates once per week.

E. Off-line sales - In some instances, inmate claims of lost commissary items is substantiated due to movement for medical, courts, etc. and ECCD authorizes re-issuance of the lost items by the Contractor. When these cases arise, ECCD will notify the Contractor of the need for an off-line sale. The Contractor shall provide the replacement items to the inmate based on the ECCD notification and shall not process the order as a sale item against the inmate's account. The Contractor shall invoice ECCD for the items delivered (without charging sales tax) and the County will pay the invoice at the end of the month with the monthly invoice.

7. Inmate New Commit Kit Requirements

A. Inmates that are retained after the initial appearance process are provided with a hygiene/stationary kit known as a "new commit kit." This kit is distributed by ECCD staff and will be purchased from the Contractor. The pricing of the kits must be at cost and the contents of the kit are as follows:

1) Five (5) 0.34oz packets of body wash/shampoo
2) One (1) 0.85oz Naturemint Toothpaste
3) One (1) 3" thumb toothbrush
4) One (1) 5" Black Comb

B. ECCD will order the kits in bulk (approximately 1,500 per month) and the

Contractor shall provide a shipping receipt with each order.

C. The Contractor shall invoice ECCD after each delivery and ECCD will add the cost of the new commit kits to the monthly invoice.

D. The new commit kits are purchased by ECCD, paid from the Inmate Welfare Fund and are tax exempt.

8. Systems Reports, Daily Batch files, Monthly and End-of-Year Invoicing/Payment and Bank System Reconciliation

A. The Contractor shall provide ECCD with an interface (i.e. Crystal Reports, etc. as approved through County standards), to allow for real-time running of all reports noted throughout this Scope of Services.

B. Contractor shall be responsible for debiting the account balance of each inmate for the cost of his/her commissary order upon processing of the received commissary order form.

C. The Contractor shall provide to ECCD daily batch files that include:

1) Batch number and date orders were processed. Note: Charges and credits (refunds) shall be contained in separate batch files.

2) Inmate order summary information to include, (each) inmate's name, jail number and total cost of items delivered/charged. Note: Indigent orders and other specialty/ value added orders shall be included (by inmate) in the batch file.

3) Batch sales summary information that includes the following:

a) Total amount of merchandise sold (or refunded), plus sales tax, plus amount of indigent meds issued and indigent clothing issued
b) Applicable sales tax related to total (taxable) merchandise ordered/purchased (or refunded)
c) Gross sales (total merchandise sold amount, less sales tax amount)
d) Non-Commissionable sales amount (amount of non-profit items sold/refunded,) plus the indigent medications and clothing issued
e) Commissionable sales amount (gross sales less the non-commissionable sales amount)
f) Amount of Escambia County commission (commissionable sales amount multiplied by agreed commission rate)
g) Sub total amount due to/from Contractor (commissionable sales amount less amount of Orange County commission)
h) Amount due to/from Contractor (sub total amount plus non-commissionable sales amount)

4) The preferred method for receiving the batch files is via daily email in Adobe file format. When this is not possible, the Contractor shall ensure that the batch files are received at ECCD not later than three (3) business days after processing

D. The Contractor shall provide ECCD with the ability to run an invoice through use of a real-time report. The report shall allow for a beginning and ending date and the output file shall be in Excel format. The invoice shall detail the following items:

1) A row for summary information for each day of the month by batch number and credit batch information by date processed. Note: each column should end with a total amount

2) A column identifying the total amount of items sold (relative to the batch/row)

3) A column identifying the portion of the total amount of items sold that was subject to commission

4) A column identifying the portion of the total amount of items sold that was for any specialty/value added item sales (commissionable item)

5) A column identifying the portion of the total amount of items sold that was not subject to commission (non-profit/commissionable items)

6) A column identifying the portion of the total amount of items sold that were non-taxable items

7) A column identifying the portion of the total amount of items sold that were taxable items

8) A column identifying the amount of sales tax related to the taxable items sold

9) A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent medications issued

10) A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent clothing issued

11) A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent kits issued

12) The amount owed to the Contractor with summary information identifying the total of commissionable items less commission due ECCD (at rate agreed upon in contract,) plus non-profit items sold, plus amount due for indigent medications, clothing and kits.

Note: Any invoices for costs of new commit kits received during the month shall be added to the monthly invoice (by ECCD), as a non-commissionable purchase item and ECCD will include these costs in the monthly payment.

E. On the first business day of each month, ECCD will run a monthly invoice report (for the prior calendar month) and reconcile the daily batch file information to the invoice report. Once validated as correct, ECCD will submit the invoice to the Escambia County Comptroller's Finance section for payment. Note: In normal circumstances the payment voucher will be submitted no later than fourteen (14) calendar days after the first of the

month and the Comptroller will need up to an additional ten (10) days to pay the invoice, however, discrepancies with the invoice report and batch files could be cause for delay.

F. Any time the batch file information does not reconcile with the invoice, the Contractor shall be responsible for assisting with finding the discrepancy and shall correct account entries as needed.

G. At the end of each Escambia County Fiscal Year (FY), the County will total the actual amount of cumulative commissions paid and determine the appropriate guaranteed minimum annual commission amount for the FY based on the annual Average Daily Population (ADP) for that FY. The cumulative commission paid/due amount for the FY shall be compared to the guaranteed minimum annual commission amount and in cases where the cumulative commissions paid/due amount for the FY is less than the guaranteed minimum annual commission amount, the final invoice for inmate goods shall be reduced by the amount needed to reach the guaranteed minimum annual commission amount.

Note: Partial FY One and Year One Renewal contract periods will be prorated; all other contract periods will be calculated based upon Escambia County Fiscal Year periods (October 1st through September 30th). In any case, where reducing the final invoice does not provide for the guaranteed minimum annual commission amount based on the average inmate population, the County will notify the Contractor of the shortfall in writing and the Contractor shall remit the difference by check to ECCD within thirty (30) days of written notice.

As an attachment to the final payment invoice for each FY, the County will include a report listing the monthly amount of commissions received for that contract period, to include the cumulative commission total and the annual daily ADP for the FY.

H. The Contractor shall provide ECCD with the ability to run a General Ledger report through use of a real-time reporting system. The report shall allow for the following:

1) A beginning and ending date and the output file shall be in Excel format and shall summarize the daily amounts for all transactions/events noted throughout this Scope of Services.

2) The amount related to the cost of indigent items and kits purchased.

3) The amount pertaining to the costs collected (from subsequent deposits) for accounts receivables created for previously ordered indigent items and kits.

4) The amount of store orders processed against inmate accounts.

5) The amount of store order refunds pertaining previously charged/purchased goods.

6) Columns identifying every event type (deposits by type/location, withdrawals by type, charges by type, EFT deposits by type/location, etc.) Note: each column should end with a total amount.

7) The beginning (total) inmate balance amount based on balance as of midnight for beginning (requested) date.

8) A net change total of all items listed (this represents the actual change in the total of all inmate balances based on the transaction processed).

8) The ending (total) inmate balance amount based on balance as of 11:59 p.m. for ending (requested) date.

9. Liquidated Damages

A. On any scheduled commissary delivery day in which the Contractor fails to deliver the commissary orders within four (4) hours of the scheduled time, the Contractor shall pay liquidated damages of $500.00.

B. In the event the Contractor does not deliver the commissary orders within twenty-four (24) hours of the scheduled delivery time, the Contractor shall pay liquidated damages of $1,000 for every day, or portion of a day, after the day scheduled for delivery.

C. On any scheduled commissary delivery day in which the Contractor fails to deliver 100% of the commissary orders, the Contractor shall pay liquidated damages of $100 if undelivered orders equal over 2% of the orders scheduled for delivery.

D. Failure of the Contractor to maintain a 98% on time order completion rate shall be considered a material breach of the Contract.

10. Security and Identification

A. All costs for background investigations shall be Contractor's responsibility. At all times, the County retains the right to request any additional investigative background information including, but not limited to, the employment record, Right-To-Know records, training records, payroll records, position for which hired including site location of any personnel assigned to perform the services. The Contractor shall furnish, in writing, such information to the extent allowed by law, prior to commencement of services. The County reserves the right to conduct its own investigation of any employee of the Contractor.

B. Background checks for the Contractor’s staff must be approved by the County prior to working in any County facility. The Contractor is responsible for obtaining the necessary forms for background checks as follows:

1) All Contractor’s staff working at any Corrections related facility - request forms via e-mail from internal affairs.

2) All Contractor’s staff working at other Escambia County facilities - submit a completed FDLE form found at www.fdle.state.fl.us/ (if there is a cost, this will be passed on to the Contractor) via e-mail to internal affairs for approval.

For security purposes and to maintain privacy when submitting FDLE Background Checks via e-mail the subject line of the email must contain the following: ***EXEMPT***

Due to the time required to process background checks, the Contractor should allow 2-3 weeks turn-around time. Each County representative will inform the Contractor of their background check results.

Upon background check approval, the Contractor's staff shall go to the Escambia County Human Resources office located at 221 Palafox Place, Pensacola, Florida 32501 with an Affidavit of Identity form (issued by the Contractor**)** and a State of Florida I.D. or Driver's License to obtain their Escambia County photo I.D. badge.

C. Contractor's employees shall not be allowed to work in Escambia County facilities without completed and approved background investigations.

D. Upon termination or transfer of any employee of the Contractor working under this contract, the Contractor shall immediately notify the County's representative in writing, of such termination or transfer.

E. The Contractor shall report the arrest of any employee working under the terms of this contract to the County's representative within twenty four (24) hours of knowledge of the arrest. It shall be subject to the approval of the County whether the employee shall continue to work at County locations within this contract.

F. The Contractor shall remove from County premises any of their employees who, in the opinion of the County's representative, is not performing the services in a proper manner, or does not comply with the rules and regulations of the County. The Contractor shall in no way, interpret such removal to require dismissal or other disciplinary action of the employee. The County's representative will request that anyone suspected of working under the influence of alcohol or controlled substances be removed from the workplace. The Contractor shall establish, implement and maintain procedures and controls to ensure that their employees comply with all applicable provisions of the contract and all site rules and practices of the County.

G. The Contractor shall not use employees of any temporary help-type employment agency to supplement their work force in County facilities for any reason. Only Contractor employees shall be used to perform the required services of this contract unless otherwise approved, in writing, by the County's representative.

H. The Contractor shall prevent its employees from tampering with any owned items of County employees or County owned property or entering any area unless required in the performance of the services.

11. Special Conditions for Working at the Corrections Facilities

The following are specific conditions and rules that must be followed while providing services at any Corrections Facilities.

A. All Contractor employees shall carry a valid ID at all times.

B. The Contractor shall provide a list of all employees that will be working inside any Corrections facility. A full criminal history shall be run on each employee by the Corrections Department at no cost to the Contractor. No Contractor employee will be allowed to work inside any Corrections facility if they are on active probation, home confinement, and parole or have been arrested within the last five (5) years or have been arrested for any crime involving violence, drugs, or theft. The Contractor employee list shall include:

1. Employee's full name
2. Employee's date of birth
3. Employee's race/sex
4. Employee's Social Security number
5. Employee's Driver's License number

C. Only authorized employees of the Contractor shall be allowed to work at any Corrections facility. WORK RELEASE INMATES ARE NOT AUTHORIZED TO WORK ON ANY CORRECTIONS FACILITY CONTRACT.

D. Contractor's employee shall wear their Contractor issued ID on the collar of their shirt at all times while in any Corrections facility. This ID will be issued to each Contractor employee at the Escambia County Human Resources Department and will only be given upon surrendering of a valid personal ID.

E. If an ID is lost, the Contractor's employee shall report it immediately to their escort officer.

F. In the event of an emergency, the Contractor's employee shall report it to the nearest Corrections staff member. They will contact 911.

G. The Contractor's employees shall always follow the direction of the escort officer.

H. The Contractor's employees shall not bring tobacco or tobacco products inside any Corrections facility or on top of any roof or within any Corrections facility fence line.

I. The Contractor's employees shall not bring or wear hats or sunglasses inside any Corrections facility.

J. The Contractor's employees shall not bring any cell phones inside the facility unless authorized by Corrections.

K. Contractor vehicles shall have the windows rolled up and be locked at all times and parked in only pre-authorized areas.

L. The Contractor shall ensure that during breaks, if a Contractor's employee leaves an area, all tools must be removed.

M. All Contractor tools will be inventoried going into and out of a Corrections facility. Contractor shall ensure that employees take in only what is needed to perform the services.

N. At the end of each workday, the Contractor shall ensure that all tools and debris are collected. The Contractor shall conduct an inspection of all areas to ensure all tools are accounted for and properly stored.

O. No illegal drugs or drug paraphernalia are allowed in the compound.

P. No weapons, guns or ammunition are allowed in any Corrections facility.

Q. The Contractor shall ensure that no inmate interaction occurs. The Contractor's employees shall not talk to or give or receive anything from an inmate, including cigarettes.

R. The Contractor shall only use storage areas approved at the beginning of the contract, unless otherwise permitted by an authorized County representative.

S. The Contractor shall not leave clothing unattended, including hats and sunglasses.

T. The Contractor and their employees shall be subject to search upon entering or exiting the facility. The Contractor shall also make employees aware that random searches may be conducted while they are within the facility at any time.

12. Right of Inspection:

The Contractor shall permit ECCD personnel to inspect all parts of the commissary areas of ECCD without notice at any time. The Contract Monitor shall be provided access to all areas under the control of the Contractor at any time, as well as unrestricted access to all Contractors' documents pertaining to the operation of the ECCD commissary sections, with or without advance notice from the Contract Monitor.

PROPOSAL FORMAT

The County reserves the right to award a contract pursuant to this RFP without further discussion with proposers. Therefore, it is important that each proposal is complete, adheres to the format and instructions contained herein, and is submitted in the most favorable manner possible.

Proposers must respond in the format delineated below and tabbed as applicable.

The following information shall be submitted with your proposal. Failure to submit this information in its entirety will negatively impact the evaluation of your proposal.

PHASE 1 – QUALIFICATIONS AND WRITTEN TECHNICAL APPROACH

A. Letter of Transmittal

Each Proposal shall be accompanied by a letter of transmittal which summarizes key points of the response to this Request for Proposals and is signed by an officer of the firm who is responsible for committing the firm's resources.

Your letter of transmittal shall include the following:

1. Name of the firm submitting the proposal,
2. Name and title of the individual with responsibility for this response and to whom matters regarding this RFP should be directed,
3. Mailing address, telephone number, fax number and email address of firm's primary contact.

B. Technical Approach to Commissary and Inmate Banking

Proposers shall demonstrate an understanding of every task or service required and each shall be clearly identified. A restatement of tasks or mere affirmation of willingness and ability to perform the tasks will not be considered responsive. The information presented shall be in sufficient detail to enable the County to ascertain the Proposer understands the results to be accomplished and the way in which the Proposer intends to accomplish them.

1. Proposers shall provide a complete description of the processes and systems proposed for:

    a) Inmate ordering of goods, from the point of inmates receiving blank forms (including a copy of the proposed form) through receipt of the order by the Proposer and/or the ability for inmates to order goods through the use of a housing kiosk and/or telecommunications device.

    b) The Proposer's ability to establish multiple store item menus, in both English and Spanish, to accommodate item restrictions levied on inmates housed in various housing units (i.e. hygiene only, female only, etc.).

    c) The Proposer's ability to establish multiple store item menus, in both English and Spanish, to accommodate item restrictions levied on inmates based on medical needs (i.e. salt-free items, diabetic items, etc.).

    d) Delivering the filled order to the inmate, including details of packaging, receipting and discrepancy reconciliation.

    e) All inmate billing and banking (including copies of issued receipts, end of shift reports, general ledger information/reports, inmate account statements, etc.).

    f) Handling of deposit items to include use of kiosks for initial booking funds receipt, public deposit transactions, web-based and telecommunications technology and manual systems input transactions.

    g) Funds release processing to include manual cash and check release transactions and debit card release capabilities.

    h) Provision of a receipt to individual inmates.

    i) Provision for refund of charges for orders undelivered due to the transfer of an inmate to another agency.

    j) All billing to ECCD (including copies of daily batch files, monthly invoices, general ledger information/reports, etc.).

    k) Process and timeline for (potential) transition from old commissary provider to new commissary provider with regards to account balance transfers (to include inmate debt balances), installation of needed hardware and software applications, sales of items during the transition period, and etc.

    l) Process and timeline for transitioning to new commissary provider at the end of contract term with regards to items noted in item 9 above.

1. The current approved list of items for sale to inmates is attached as Exhibit 1, "Escambia County Store Item List". Proposers shall provide an "items to be sold

list" which includes both name brand and generic items for the best possible price for inmate purchases. The list shall include item information, name brand (manufacturer), item sizes/net weights (ounces, small, medium, etc,) and proposed price. NOTE- A third party fair market value survey is not required with the RFP submittal, however the fair market value survey will be required form the awarded Contractor prior to the County's acceptance of the final Store Item List and annually thereafter.

2. Proposers shall also include a product list identifying proposed indigent items (to include sizes, net weights, etc.). The Proposer shall price all indigent items and the indigent kit based on their cost of goods.

3. Proposed pricing for all items noted on the submitted "items to be sold list" shall be all inclusive prices and no other costs (i.e. packaging, shipping, etc.) shall be added to the listed prices.

4. Proposers shall provide a list of the proposed items (including net weights, etc.) to be contained in any specialty/value added order offers.

5. Proposers shall provide sample new commit kits and proposed pricing for the kits (see Scope of Services, Section 6 for specifics) on Attachment B, Fee Proposal Form herein.

6. Proposers shall provide a complete description of any automated ordering, billing or discrepancy reconciliation system (to include copies where possible,) including the database utilized and any computer hardware that would be installed at the ECCD.

7. Proposers shall describe in detail the training that would be provided for any ECCD staff that may be required to enter or retrieve data in the Proposer's automated system.

8. Proposers shall provide a proposed schedule for the delivery of commissary goods to the inmate housing areas of the Corrections complex (see Exhibit 2). An example of ECCD's current delivery schedule is noted in Exhibit 2.

9. Proposers shall submit a written plan (limited to 2 pages) for transferring control of commissary services to the County or to another Proposer upon termination of the contract.

EVALUATION OF PHASE 1 - Qualifications and Written Technical Approach

County staff will evaluate proposer's submitted documentation for the qualification of firm, qualification of staff and written technical approach as required in Sections 2, 3 and 4. The evaluation score for Phase 1 will be calculated based on the weighted criteria in the table below. Only those proposers scoring 600 or above in Phase 1 will be selected to continue to Phase 2 of the evaluation process.

Phase 1 will be calculated based on the following weighted criteria.

SECTION	SELECTION CRITERIA	SCORE RANGE	WEIGHT
1.	Qualification of Firm	1 - 5	60
2.	Qualification of Staff	1 - 5	60
3.	Technical Approach	1 – 5	80
		Total Possible Final Points for Phase 1 -	**1000**

Each section will be evaluated using a score of 1 to 5 with 1 being the lowest score and 5 being the highest score.

The formula for calculating an evaluation score is as follows: each section has a maximum number of five points. The total number of points the proposer receives for each section will be multiplied by the weight of said section to obtain the final section score. The total score for each section shall be added together to derive each proposer's final score for Phase 1.

EVALUATION OF PHASE 2 - On-Site Product Demonstrations with Review of Phase 1 Responses and Fact Finding

Only those proposers scoring 600 or above in Phase 1 will be allowed to participate in Phase 2 of the evaluation process, product demonstrations and fact finding.

1. During the product demonstrations, proposers will be asked to make an oral, on-site, WEBEX or GoToMeeting type presentation and provide a demonstration of their proposed solution. The presentation will provide proposers with an opportunity to explain the functional and technical capabilities of their product. Proposers shall also be prepared to answer detailed questions regarding their response to the County's functional requirements identified in the RFP including required custom modifications, data conversion and interface requirements. All demonstrations must be presented by staff that are familiar with the technical aspects and design constraints of the product. This presentation shall either be conducted in Pensacola, Florida or from the proposer's location via WEBEX or GoToMeeting or similar web conferencing platform that will allow the County to view the full functionality of the product. The County may videotape the demonstrations at its discretion.

2. The fact-finding portion of the presentation will follow the product demonstration. The fact finding provides the opportunity for the proposer to hear/view and understand County existing systems, processes and procedures, and gather all of the necessary information, details and clarifications that will assist the proposer in the preparation and finalization of their cost proposal.

3. The specific place and time for the product presentation and fact finding will be determined after the Phase 1 evaluation of the proposals has been completed. Qualified proposers shall be notified of their scheduled demonstration date as soon as possible. The County anticipates that the length of demonstrations and fact finding combined will be limited to one eight-hour business day. Therefore, each proposer that qualifies for Phase 2 shall have one day to provide both the product demonstration and fact finding.

4. **Proposer's product demonstration shall be presented using only the information, data and scenarios in Attachment A.** Proposer shall have all inmate data and scenario details setup in their system prior to the demonstration.

Phase 2 will be evaluated and calculated based on the following weighted criteria:

SECTION	SELECTION CRITERIA	SCORE RANGE	WEIGHT
1.	Scenarios 1 through 28 Each scenario will be scored separately based on the product's ability to perform the required function within that specific scenario	1 – 5 per scenario	5 per scenario
2.	Scenario 29-31 - Reports	1 - 5 per scenario	20 per scenario

Total Possible Final Points for Phase 2 - 1000

Each product demonstration/fact finding will be evaluated in all scenarios with the weight listed above being a maximum score. Each scenario will be scored with a range of 1 through 5 and the score multiplied by the weight listed for the applicable section. Section 1 has 28 scenarios, each with a weight of 5, totaling 700 possible points. Section 2 has 3 scenarios, each with a weight of 20, totaling 300 possible points. The total score for both sections shall be added together to derive each proposer's final score for Phase 2.

Only those proposers scoring 600 or above in Phase 2 will be selected to continue to Phase 3 of the evaluation process.

EVALUATION OF PHASE 3 - Fee Proposal and Location

Only those proposers scoring 600 or above in Phase 2 will be selected to continue to Phase 3 of the evaluation process, fee proposal, and location.

1. Fee Proposal

A. Proposer shall complete and submit the Fee Proposal Form herein as Attachment B.

B. Proposer shall propose the payable commission percentage rate as follows:

1. An Escambia County Inmate Sales Commission rate/percentage to be paid to Escambia County (based on Adjusted Gross Sales, as defined below) for each period of the contract. Each month, ECCD will reduce the amount due on the Proposer's monthly invoice by the calculated commission amount and shall deposit these proceeds into the Inmate Welfare Fund.

   The adjusted gross sales amount to be utilized for each noted commission is defined/calculated as follows:

   Total amount of merchandise sold/issued to inmates on behalf of ECCD
   Minus Applicable Sales Tax
   Minus all "Indigent Items" issued
   Minus Non-Profit Items (stamps, stamped envelopes, etc.)
   Equals Adjusted Gross Sales

2. The Escambia County Inmate Sales Commission fee proposal shall also include a scaled guaranteed minimum commission payable amount based

on ECCD's non-Work Release annual average daily inmate population calculated at the end of each timeframe as noted in Attachment B. Rules governing how this item is calculated versus actual paid/due commission amount are noted in Attachment B.

C. Proposer shall propose the cost of individual new commit kits as defined in Section IX, item 6 herein.

D. The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction.**

The following EFT fees for transactions shall be as defined in Scope of Services, Section 3, Sub-Section H, paragraphs 1 through 5:

1) Proposer shall propose a fee charge for public debit/credit card deposits through the use of a public deposit machine/kiosk. The proposed fee cannot exceed $3.00 per deposit transaction.

2) Proposer shall propose a fee charge for public credit card deposits through the use of telephone or Internet access. The proposed fee cannot exceed $4.95 per deposit transaction.

3) Proposer shall propose a fee associated with pre-paid debit card/release transactions. The use of the card shall be free for the first 72 hours after release. The maximum fee that can be charged is $3.00/day thereafter.

E. Proposer shall outline in detail any specialty/value added items or services that they would propose offering as part of the contract award.

The Proposer understands that this RFP does not constitute an agreement or contract with the Proposers. Any Proposers who submits a Proposal to the County with any information that is determined by the County, in its sole opinion, to be substantially inaccurate, misleading, exaggerated, or incorrect may be disqualified from consideration.

Evaluation of Phase 3 - Fee Proposal and Location

Criteria	**Weight**
Inmate Sales Commission	900
Guaranteed Minimum Annual Commissions	700
New Commit Kits	200
EFT and Miscellaneous Fees/Charges	100
Specialty/Value Added Offerings	100
Total Possible Fee Proposal Points	**2000**
Total Possible Final Points for Phase 3	**2000**
Phase 1 Score	1000
Phase 2 Score	1000
Phase 3 Score	2000
Total Phase 1, Phase 2 and Phase 3 Score	4000

ATTACHMENT A

PHASE 2

ON-SITE BANKING SYSTEM DEMONSTRATION

Only those proposers scoring 600 or above in Phase 1 will be selected to continue to Phase 2 of the evaluation process.

Proposer's banking system demonstration shall be presented using only the information, data and scenarios in this attachment. Proposer shall have all inmate data, scenario details and any applicable software customization setup in their system prior to the demonstration. The County will not pay any additional cost for customization of proposer's software to accommodate the banking services required in this RFP.

SECTION 1 - INMATE ACCOUNTING

Proposer shall only utilize the inmate account information as set forth in the following table. An account shall be set up for each individual inmate as listed to be used during the presentation of scenarios 1 through 28 below:

Inmate Last Name	Inmate First Name	Booking/Jail #	Date of birth	Sex	Building (Location)	Fee (Y/N)	Active/ Inactive
Davidson	David	12111111	6/2/1956	M	Genesis 2a	Y	Active
Lawrence	Larry	12000230	6/9/1958	M	Horizon 6D	N	Active
Robertson	Robert	12033556	12/6/1957	M	Main 3T	Y	Active
Jamison	Jimmy	12044455	9/17/1992	M	Whitcomb	N	Active
Ghost	Kasper	12012345	8/20/1988	M	Phoenix	Y	Active
Ghost	Kasper	09002340	8/20/1988	M	Phoenix	Y	Inactive
Rabbit	Roger	12102245	5/5/1933	M	Pod B	Y	Active
Rabbit	Roger	10000345	5/5/1933	M	Phoenix	Y	Inactive
Jamison	Jenny	12055444	9/15/1987	F	FDC B	Y	Active
Rat	Randy	12123465	6/1/1955	M	Whitcomb	N	Active
Mole	Mandy	12321456	5/23/1945	F	FCD C	Y	Active
Mole	Mandy	11007865	5/23/1945	F	FCD K	Y	Inactive
Poppins	Marilyn	12111110	1/1/1910	F	FDC K	Y	Active
Rainbow	Arielle	12243570	3/31/1950	F	FDC K	N	Active
Missy	Mylinda	12087609	2/25/1945	F	FDC A	Y	Active

1. **Mandatory:**

   a. System shall accommodate all of the above-mentioned fields.

   b. System shall differentiate the receipts according to which drawer entered/processed the transaction (including the deposits, withdrawals, charges, etc.).

   c. Demonstrate the various security levels and the differences between.

Proposer shall demonstrate the following:

2. Account creation (accounts for inmates noted above); posting, accounts receivable and collection (booking fee); initial deposit; end of shift report; clearing the cash drawer.

a. **Scenario 1:** Show the automated $10.00 booking fee posted to the previously indicated accounts.

b. **Scenario 2:** The following inmates had money when he/she was booked; display the process of depositing these amounts into his/her account:

Inmate Last Name	Booking/Jail #	Amount Deposited	Type of Deposit	Item Number
Davidson	12111111	3.00	Cash	
Robertson	12033556	30.00	Cash	
Jamison	12044455	200.00	Cash	
Ghost	12012345	5.00	Cash	
Rabbit	12102245	22.50	Cash	
Mole	12321456	522.67	Government Check	1000051112
Poppins	12111110	34.54	Cash	
Missy	12087609	234.87	Money Order	R2356798410

c. **Scenario 3:** Update the following inmate for funds located after the initial booking (found while inmate still in booking, but monies already processed).

Inmate Last Name	Booking/Jail #	Amount Found
Rainbow	12243570	50.00

d. **Scenario 4:** Display each inmate's accounts with accounts receivable and collections.

e. **Scenario 5:** Display the End of Shift Report for processed deposit transactions with receipt numbers.

f. **Scenario 6:** Display the clearing of the cash drawer totals (removal of funds deposited for current shift) that reset the drawer balance to zero.

3. Charge/process the daily subsistence fee (posting, account receivable and collection) and fee refunds.

a. **Scenario 7:** Display the automated $3.00 daily fee per day to the following accounts:

Inmate Last Name	Booking/Jail #	# Days
Davidson	12111111	3
Robertson	12033556	2
Jamison	12055444	1
Ghost	12012345	4
Rainbow	12243570	2
Rabbit	12102245	4
Mole	12321456	4

b. **Scenario 8:** Display how an inmate daily fee status is changed from yes to no; and process a refund of the daily fee to the following inmate (Rabbit PO0654321 #12102245 for 2 days). How does the application maintain when the change was made?

4. Display how to process sequenced deposits – displaying the location, item details, account receivable collection, end of shift report with receipt numbers, and clearing of drawer total.

a. **Scenario 9:** Display that the public deposited the following in the Corrections' Drop Box, and process the following deposit(s) into the inmate's accounts:

Inmate Last Name	Booking/Jail #	Received from Drop Box	From	Item #
Davidson	12111111	$10 money order	Mom Davidson	9517532684
Davidson	12111111	$20 money order	Joy Davidson	9517532685
Lawrence	12000230	$100 Money order	Honey Mama	R2058963147
Robertson	12033556	$30 money order	C. Robertson	R2645319872
Jamison	12055444	$500 government check	Lakeville County	63985
Ghost	12012345	$55 money order	Johnny Scumbag	497856231
Rabbit	12243570	$200 money order	Becky Rabbit	357984612
Rabbit	12243570	$40 money order	Peter Rabbit	R852369741
Jamison	12044455	$50 money order	Dad Jamison	123654789
Rat	12123465	$200 money order	Sister Mole	741369852

b. **Scenario 10:** Display each inmate's accounts with account receivables and collections.

c. **Scenario 11:** Display the End of Shift Report with receipt numbers for processed receivables and collections.

d. **Scenario 12:** Display the clearing of the cash drawer total (removal of funds deposited for the shift) and reset the drawer balance to zero.

5. Display (demo as appropriate or show restriction tables, etc.) the following information for each inmate:

- Store Ordering
- Refunds
- Frequency
- Diet restrictions
- Gender
- Indigent items with frequency limits
- Housing restrictions
- Receipts

- Daily Order Reports

a. **Scenario 13: Display and process** commissary orders and/or refunds for the following inmates:

Inmate Last Name	Booking/Jail #	Commissary Order
Davidson	12111111	$50 commissary order
Ghost	12012345	$44 commissary order
Jamison	12044455	$20 commissary order
Rat	12123465	$70 commissary order
Mole	12321456	$50 commissary order
Jamison	12055444	$70 commissary order
Mole	12321456	$10 partial commissary refund
Ghost	12012345	$15 indigent order

b. **Scenario 14:** The following inmates tried to order commissary items, show their commissary order form and the items being denied due to commissary restrictions:

- Rabbit 12243570 Tries to order a bra (Rabbit is a male)
- Rat 12123465 Is diabetic, but tries to order a candy bar

6. Process the following charge transactions by various types and amounts with posting, collections and account receivable updates. Show end of processing report.

a. **Scenario 15:** Process the various charge transactions and voids to the following inmate's accounts:

Inmate Last Name	Booking/Jail #	Charge Transactions
Davidson	12111111	$5 Nurse visit
Lawrence	12000230	$10 Doctor visit
Lawrence	12000230	$10 Refund /void for Doctor
Jamison	12044455	$48 Methadone
Rainbow	12243570	$20 Medication charge
Rainbow	12243570	$10 Refund for medication
Mole	11007865	$5 Lost/damaged ID

7. Deposit the noted voids, returned money orders, account adjustments for inadvertently placed funds, etc.

a. **Scenario 16:** It was discovered that the $200.00 deposited into inmate Rat's 12123465 account should have been deposited into Mole's 12321456 account. Money was spent on commissary; however, commissary was able to stop delivery. Show how to recover the funds from the wrong account and place into the correct account.

b. **Scenario 17:** A counterfeit $50.00 was discovered at the bank (following deposit). It was determined that it had belonged to inmate Jamison 12044455. Display how to recover the funds from inmate Jamison's account.

c. **Scenario 18:** A stop payment/returned money order $40.00 for inmate Rabbit 12243570 was received from the bank. Show how to recover the funds from inmate Rabbit's account.

8. Process withdrawal transactions: Display initial drawer balance; releases to the public or bondsman, etc.; withdrawal to other agencies, inmate cash releases, cash card releases, and combinations thereof; display end of shift report.

   a. **Scenario 19:** Display initial drawer balance (Note: Prior to demo set balance @ $2,000.00).

   b. **Scenario 20:** Display $1,000.00 petty cash issued to cash drawer and new drawer balance.

   c. **Scenario 21:** Process and display the release of the following funds from the inmate's account (release to public may be to a friend, relative, other inmate, etc.):

Inmate Last Name	Booking/Jail #	Amount	Released type	Released To
Jamison	12044455	$100.00	Public	Ms. Jones
Jamison	12055444	$250.00	Ck IRM	Clerk of Courts
Robertson	12033556	$52.00	TOT/TDY	Miami-Dade Department of Corrections
Lawrence	12000230	$50.00	Public	N. Grace
Mole	12321456	$200.00	Ck - IRM	Clerk of Courts
Lawrence	12087609	$50.00	TOT/TDY	FL State Department of Corrections
Rabbit	12102245	$164.50	Released with $10 cash and $154.50 remaining with cash card	Inmate released
Mole	12321456	$100.00	Public	Rat (released inmate)
Mole	12321456	$266.67	TOT/TDY	Transferred to FL State Department of Corrections with a check;
Poppins	12111110	$29.54	TOT/TDY	FL State Department of Corrections
Rainbow	12243570	$37.00	Released with $10 in cash and $27 cash card	Inmate released

   d. **Scenario 22:** Display the End of Shift Report from the previous transactions (should include inmate jail #/name, amount of transaction, receipt numbers, total amount, transaction count, etc.).

9. Process and display withdrawal transaction voids (cash release, check, cash card).

   a. **Scenario 23:** The withdrawal of $100.00 from Jamison, Jimmy's account 12044455 was discovered to be an error. Void the $100.00 withdrawal.

b. **Scenario 24:** Poppins check to FL State Department of Corrections ($29.54) was never cashed after 180 days. The check needs to be voided and the funds returned to Poppins's account.

10. Transactions from the safe: balancing, general journal, funds replenishment – issue funds processing, cash losses – replenishment from safe.

a. **Scenario 25:** Prior to demo, set safe balance to $40,000.00 (cross reference scenario # 21). Process issuance of $1,000.00 to cash drawer from safe's petty cash (due to low funds available in cash drawer) and show safe balance.

b. **Scenario 26:** Received petty cash replenishment of $25,000.00 from downtown. Process and display how this is entered into the banking system.

c. **Scenario 27:** Upon making a deposit to the bank, a $50.00 counterfeit bill was discovered (the owner of the bill was unknown); process and display how to deduct the cash loss from the safe balance.

d. **Scenario 28:** A $50.00 check is received from downtown; process and display how these funds replenish the cash loss into the safe balance.

SECTION 2

1. MONTHLY INVOICING REPORT

Scenario 29: Display or provide the monthly invoicing report, is the report available in real-time, can it be exported to Excel and does the report contain the following items?

- A row for summary information for each day of the month by batched (inmate orders) number and credit batch information by date processed. Note: Each column should end with a total amount.
- A column identifying the total amount of items sold (relative to the batch/row).
- A column identifying the portion of the total amount of items sold that was subject to commission
- A column identifying the portion of the total amount of items sold that was for each specialty/value added item sales category (commissionable items).
- A column identifying the portion of the total amount of items sold that was not subject to commission (non-profit/commissionable items).
- A column identifying the portion of the total amount of items sold that were non-taxable items.
- A column identifying the portion of the total amount of items sold that were taxable items.
- A column identifying the amount of sales tax related to the taxable items sold.
- A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent medications issued.
- A column identifying the amount pertaining to (uncollected/unpaid amounts for)

indigent clothing issued.

- A column identifying the amount pertaining to (uncollected/unpaid amounts for) indigent kits issued.

- The amount owed to the Contractor with summary information identifying the total of
commissionable items less commission due ECCD (at rate agreed upon in contract,) plus non-profit items sold, plus amount due for indigent medications, clothing and kits.

2. MONTHLY GENERAL LEDGER REPORT

Scenario 30: Display or provide the monthly general ledger report, is the report available in real-time, can it be exported to Excel and does the report contain the following items?

- A beginning and ending date summarizing the daily amounts for all transactions/events noted throughout the Scope of Services.

- Columns related to the cost of indigent items and kits purchased.

- A column for the amount pertaining to the costs collected (from subsequent deposits) for accounts receivables created for previously ordered indigent items and kits.

- A column for the monetary amount of store orders processed against inmate accounts.

- A column for the monetary amount of store order refunds pertaining previously charged/purchased goods.

- Columns identifying every event type (deposits by type/location, withdrawals by type, charges by type, EFT deposits by type/location, etc.) Note: Each column should end with a total amount.

- The beginning (total) inmate balance amount based on balance as of midnight for beginning (requested) date.

- A net change total of all items listed (this represents the actual change in the total of all inmate balances based on the transaction processed).

- The ending (total) inmate balance amount based on balance as of 11:59 p.m. for ending (requested) date.

3. OTHER REPORTS

Scenario 31: Display or provide the following reports:

- Daily booking fees charged and collected
- Daily subsistence fees charged and collected
- Daily checks and void(s) report
- Monthly funds recoverable
- Weekly and Monthly Cash Withdrawal Report
- Daily, Weekly and Monthly Check Transaction Report
- Daily Inmate Balance Report with Debt and Release Balance Amounts
- Cash Card Report

PHASE 2

INMATE COMMISSARY AND BANKING SERVICES

The following is a check list of the above Scenarios and their individual functional requirements (see Scenario Ref # column). Proposer shall answer each question according to the following legend:

Yes Column ----- Requirement is met fully by the proposed banking system and will be demonstrated.

No Column ------ Requirement not included in this proposal.

SCENARIO REF #	FUNCTIONAL REQUIREMENT	PLACE AN" X" IN APPROPRIATE BOX	
	Section 1	**YES**	**NO**
	Inmate Accounting		
1.	**Mandatory**		
1.a	Does your banking system accommodate all of the mentioned fields?		
1.b	Does your banking system differentiate the receipts according to which drawer entered/processed the transaction (including the deposits, withdrawals, charges, etc.)?		
1.c	Does your banking system demonstrate the various security levels and the differences between?		
2.	**Account creation (accounts for inmates noted above); posting, accounts receivable and collection (booking fee); initial deposit; end of shift report; clearing the cash drawer. Scenarios 1 thru 6**		
2.a	Does your banking system successfully demonstrate Scenario 1?		
2.b	Does your banking system successfully demonstrate Scenario 2?		
2.c	Does your banking system successfully demonstrate Scenario 3?		

SCENARIO REF #	FUNCTIONAL REQUIREMENT	YES	NO
2.d	Does your banking system successfully demonstrate Scenario 4?		
2.e	Does your banking system successfully demonstrate Scenario 5?		
2.f	Does your banking system successfully demonstrate Scenario 6?		
3.	**Charge/process the daily subsistence fee (posting, account receivable and collection) and fee refunds.**		
3.a	Does your banking system successfully demonstrate Scenario 7?		
3.b	Does your banking system successfully demonstrate Scenario 8?		
4.	**Display how to process sequenced deposits – displaying the location, item details, account receivable collection, end of shift report with receipt numbers, and clearing of drawer total.**		
4.a	Does your banking system successfully demonstrate Scenario 9?		
4.b	Does your banking system successfully demonstrate Scenario 10?		
4.c	Does your banking system successfully demonstrate Scenario 11?		
4.d	Does your banking system successfully demonstrate Scenario 12?		
5.	**Display (demo as appropriate or show restriction tables, etc.) the following information for each inmate:**		
	• Store Ordering		
	• Refunds		
	• Frequency		
	• Diet restrictions		
	• Gender		

SCENARIO REF #	FUNCTIONAL REQUIREMENT	YES	NO

	• Columns identifying every event type (deposits by type/location, withdrawals by type, charges by type, EFT deposits by type/location, etc. Note: each column should end with a total amount.		
	• The beginning (total) inmate balance amount based on balance as of midnight for beginning (requested) date.		
	• A net change total of all items listed (this represents the actual change in the total of all inmate balances based on the transaction processed).		
	• The ending (total) inmate balance amount based on balance as of 11:59 p.m. for ending (requested) date.		
3.	**Does your banking system successfully demonstrate Scenario 31- for the following Other Reports?**		
	• Daily booking fees charged and collected		
	• Daily subsistence fees charged and collected		
	• Daily checks and void(s) report		
	• Monthly funds recoverable		
	• Weekly and Monthly Cash Withdrawal Report		
	• Daily, Weekly and Monthly Check Transaction Report		
	• Daily Inmate Balance Report with Debt and Release Balance Amounts		
	• Cash Card Report		

ATTACHMENT B

PD18-19.102
Inmate Commissary and Banking Services for Escambia County Corrections Department

FEE PROPOSAL FORM

The Contractor shall provide all plant, labor, equipment, manpower and other resources necessary to provide the supplies, equipment and/or services in strict accordance with the Scope of Services defined in this solicitation for the amounts specified in this Fee Proposal Form. *The County is asking for two fee proposals. "Proposal A" will take into account the listed storage/packing space that may be available to the vendor once the new jail facility is constructed (estimated date of July 2020). "Proposal B" shall be provided as if no storage or workspace is to be provided at Jail facility. "Proposal B" necessitates a vendor furnished offsite location at which all commissary work is to be completed.*

PROPOSAL A: INMATE SALES COMMISSION PERCENTAGE

Only a single fixed percentage for each contract period shall be proposed. Proposals submitting a range of percentages will not be accepted and proposal shall be determined non-responsive.

The Contractor shall pay the County the following commission (% of adjusted gross sales as defined below) for each year of the contract period (start date through end of contract as noted, including applicable renewal years) as follows:

Contract/Fiscal Periods	**Inmate Sales Commission**
Partial Fiscal Year One (contract start date through Sep. 30, 2019)	_____%
Full Fiscal Year 2020 (Oct. 1, 2019 through Sep. 30, 2020)	_____%
Full Fiscal Year 2021 (Oct. 1, 2020 through Sep. 30, 2021)	_____%
Full Fiscal Year 2022 (Oct. 1, 2021 through Sep. 30, 2022)	_____%
Full Fiscal Year 2023 and Partial Year Five (Oct. 1, 2022 through end of contract date)	_____%

Two (2) Year Renewal Commission Rates:

Year One Renewal (Partial Fiscal Year - Contract Renewal date through Sept. 30, 2023)	_____%
Full Fiscal Year and Partial Year Two Renewal 2024 (Oct. 1, 2023 through end of contract date)	_____%

Adjusted Gross Sales is defined herein as:

Total amount of merchandise sold/issued to inmates on behalf of the County
Minus Applicable Sales Tax
Minus all "Indigent Items" issued
Minus Non-Profit Items (stamps, stamped envelopes, etc.)
Equals Adjusted Gross Sales

ATTACHMENT B – Continued

PD18-19.102
Inmate Commissary and Banking Services for Escambia County Corrections Department

FEE PROPOSAL FORM

PROPOSAL A: GUARANTEED MINIMUM ANNUAL COMMISSION

Only a single fixed Guaranteed Minimum Annual Commission (GMAC) for each Annual Average Daily Population as listed below shall be proposed. Proposals submitting ranges of GMAC will not be accepted and proposal shall be determined non-responsive.

Guaranteed Minimum Period/Annual Commissions payment (for all periods noted in Attachment B) shall be based on the County's non-Work Release annual average daily inmate population as follows:

Annual Average Daily (Inmate) Population (ADP)	Guaranteed Minimum Annual Commission
1,000 - 1,199	$_____
1,200 - 1,399	$_____
1,400 - 1,599	$_____
1,600 - 1,799	$_____
1,800 - 1,999	$_____
2,000 – above	$_____

At the end of each FY, the County will total the actual amount of cumulative commissions paid and determine the appropriate guaranteed minimum annual commission amount for the FY based on the annual Average Daily Population (ADP) for that FY. The cumulative commission paid/due amount for the FY shall be compared to the guaranteed minimum annual commission amount and in cases where the cumulative commissions paid/due amount for the FY is less than the guaranteed minimum annual commission amount, the final invoice for inmate goods shall be reduced by the amount needed to reach the guaranteed minimum annual commission amount.

Note: Partial FY One and Year One Renewal contract periods will be prorated; all other contract periods will be calculated based upon Escambia County Fiscal Year periods (October 1st through September 30th). In any case, where reducing the final invoice does not provide for the guaranteed minimum annual commission amount based on the average inmate population, the County will notify the Contractor of the shortfall in writing and the Contractor shall remit the difference by check to ECCD within 30 days of written notice.

PD18-19.102
Inmate Commissary and Banking Services for Escambia County Corrections Department

PROPOSAL A: FEE PROPOSAL FORM

DESCRIPTION	ESTIMATED ANNUAL USAGE	UNIT COST	EXTENDED COST
New Commit Kit as defined in Scope of Services, Section 6.A herein	18,000 EACH	$_____	$_____

Total Estimated Annual Cost of Kits - $_____

PROPOSAL A: EFT AND MISCELLANEOUS FEES/CHARGES

The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction.**

The following EFT fees for transactions shall be as defined in Scope of Services, Section 3, Sub-Section H, paragraphs 1 through 5:

Proposed fee charge for public debit/credit card deposits .....$_____
through the use of a kiosk. The proposed fee cannot exceed
$3.00 per transaction.

Proposed fee charge for public credit card deposits through the .....$_____
use of telephone or Internet access. The proposed fee cannot
exceed $4.95 per transaction.

Proposed fee associated with Pre-paid Debit Card/release.....$_____
transactions. The use of the card is free for the first 72 hours after
release. The maximum fee that can be charged is $3.00/per day thereafter.

PROPOSAL A: SPECIALTY/VALUE ADDED SERVICES

All specialty/value added items and services must be clearly defined and outlined in detail in order to be reviewed as part of the Contractor's submission.

PROPOSAL B: INMATE SALES COMMISSION PERCENTAGE

Only a single fixed percentage for each contract period shall be proposed. Proposals submitting a range of percentages will not be accepted and proposal shall be determined non-responsive.

The Contractor shall pay the County the following commission (% of adjusted gross sales as defined below) for each year of the contract period (start date through end of contract as noted, including applicable renewal years) as follows:

Contract/Fiscal Periods	**Inmate Sales Commission**
Partial Fiscal Year One (contract start date through Sep. 30, 2019)	_____%
Full Fiscal Year 2020 (Oct. 1, 2019 through Sep. 30, 2020)	_____%
Full Fiscal Year 2021 (Oct. 1, 2020 through Sep. 30, 2021)	_____%
Full Fiscal Year 2022 (Oct. 1, 2021 through Sep. 30, 2022)	_____%
Full Fiscal Year 2023 and Partial Year Five (Oct. 1, 2022 through end of contract date)	_____%

Two (2) Year Renewal Commission Rates:

Year One Renewal (Partial Fiscal Year - Contract Renewal date through Sept. 30, 2023)	_____%
Full Fiscal Year and Partial Year Two Renewal 2024 (Oct. 1, 2023 through end of contract date)	_____%

Adjusted Gross Sales is defined herein as:

Total amount of merchandise sold/issued to inmates on behalf of the County
Minus Applicable Sales Tax
Minus all “Indigent Items” issued
Minus Non-Profit Items (stamps, stamped envelopes, etc.)
Equals Adjusted Gross Sales

ATTACHMENT B – Continued

PD18-19.102
Inmate Commissary and Banking Services for Escambia County Corrections Department

FEE PROPOSAL FORM

PROPOSAL B: GUARANTEED MINIMUM ANNUAL COMMISSION

Only a single fixed Guaranteed Minimum Annual Commission (GMAC) for each Annual Average Daily Population as listed below shall be proposed. Proposals submitting ranges of GMAC will not be accepted and proposal shall be determined non-responsive.

Guaranteed Minimum Period/Annual Commissions payment (for all periods noted in Attachment B) shall be based on the County's non-Work Release annual average daily inmate population as follows:

Annual Average Daily (Inmate) Population (ADP)	Guaranteed Minimum Annual Commission
1,000 - 1,199	$_____
1,200 - 1,399	$_____
1,400 - 1,599	$_____
1,600 - 1,799	$_____
1,800 - 1,999	$_____
2,000 – above	$_____

At the end of each FY, the County will total the actual amount of cumulative commissions paid and determine the appropriate guaranteed minimum annual commission amount for the FY based on the annual Average Daily Population (ADP) for that FY. The cumulative commission paid/due amount for the FY shall be compared to the guaranteed minimum annual commission amount and in cases where the cumulative commissions paid/due amount for the FY is less than the guaranteed minimum annual commission amount, the final invoice for inmate goods shall be reduced by the amount needed to reach the guaranteed minimum annual commission amount.

Note: Partial FY One and Year One Renewal contract periods will be prorated; all other contract periods will be calculated based upon Escambia County Fiscal Year periods (October 1st through September 30th). In any case, where reducing the final invoice does not provide for the guaranteed minimum annual commission amount based on the average inmate population, the County will notify the Contractor of the shortfall in writing and the Contractor shall remit the difference by check to ECCD within 30 days of written notice.

PROPOSAL B: FEE PROPOSAL FORM

DESCRIPTION	ESTIMATED ANNUAL USAGE	UNIT COST	EXTENDED COST
New Commit Kit as defined in Scope of Services, Section 6.A herein	18,000 EACH	$_____	$_____

Total Estimated Annual Cost of Kits - $_____

PROPOSAL B: EFT AND MISCELLANEOUS FEES/CHARGES

The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction.**

The following EFT fees for transactions shall be as defined in Scope of Services, Section 3, Sub-Section H, paragraphs 1 through 5:

Proposed fee charge for public debit/credit card deposits .....$_____
through the use of a kiosk. The proposed fee cannot exceed
$3.00 per transaction.

Proposed fee charge for public credit card deposits through the .....$_____
use of telephone or Internet access. The proposed fee cannot
exceed $4.95 per transaction.

Proposed fee associated with Pre-paid Debit Card/release.....$_____
transactions. The use of the card is free for the first 72 hours after
release. The maximum fee that can be charged is $3.00/per day thereafter.

PROPOSAL B: SPECIALTY/VALUE ADDED SERVICES

All specialty/value added items and services must be clearly defined and outlined in detail in order to be reviewed as part of the Contractor's submission.

Exhibit 3

ENTERPRISE SECURITY STANDARDS, POLICIES, AND GUIDELINES

ENCRYPTION AND CERTIFICATION AUTHORITIES

1.0 Purpose

The purpose of this document is to ensure that all Escambia County Board of County Commissioner's (ECBCC) sensitive data is secured by using strong encryption algorithms that have received substantial public review and have been proven to work effectively. Escambia County Information Technology provides access to a variety of Encryption Services and Enterprise Certification Authorities (CA).

2.0 Scope

This document applies to all data transmitted and stored within the ECGBCC information systems. It applies to all ECGBCC employees, contractors, consultants, and all other affiliated third parties operating within the ECGBCC information systems and networks.

3.0 Policies

3.1 Activity

3.1.1 Any and all activity within and through the ECBCC information systems involving encryption shall require direct involvement and documented approval by the Information Technology Department.

3.1.2 The ISS-ESU shall approve the storage and transfer of any data containing personal information and/or residing in the DMZ.

3.2 Encryption Algorithms

3.2.1 One of the following standard encryption ciphers shall be used to encrypt data. The key length for these algorithms shall be no less than 256 bits:

□□□□□□□□□□□□□□□□□□□□

· Rijndael (AES)

3.2.2 PGP is an approved encryption standard provided that the PGP private key used to encrypt and /or sign data has been generated using a cipher meeting the requirements in section 3.2.1.

3.3 Data Hashing

The following standard data hashing algorithms shall be used to hash data. The key length for the algorithms shall be no less than 256 bits.

· SHA-2

- PKI

3.4 SSL Certificates

Web Server, SSH, IMAPS, SMTPS SSL certificates should have key lengths of no less than 256 bits.

3.5 Sensitive Data

Any data containing sensitive information, including, but not limited to: name, addresses, phone numbers, email addresses, birthdates, federal/state/local document numbers, account numbers, race or religious information, employee identification numbers and all HIPAA information, should be encrypted when stored and during network transfers.

3.6 DMZ

3.6.1 Any and all activity within and through the ECBCC DMZ shall require direct involvement and documented approval by the Information Technology Department.

3.6.2 Any data accessible within the ECBCC DMZ or directly accessible from it should be encrypted.

3.6.3 Any data accessible within the ECBCC DMZ or directly accessible from it meeting the following criteria shall be encrypted: name, addresses, phone numbers, email addresses, birthdates, federal/state/local document numbers, account numbers, race or religious information, employee identification numbers and all HIPAA information.

3.7 Data Backups

3.7.1 Any backup of ECGBCC should be encrypted. Sensitive data as listed in 3.5 of this document shall be backed up using encryption algorithm standards found in 3.2.

3.8 Laptops and Removal Devices

3.8.1 All laptop hard drives should be encrypted.

3.8.2 Any sensitive data (see section 3.5 of this document) stored on laptops and removable devices shall be encrypted.

3.8.3 All individuals who work with sensitive data (see section 3.5 of this document) shall have their laptop hard drives encrypted.

4.0 Guidelines

Exhibit 3

ENTERPRISE SECURITY STANDARDS, POLICIES, AND GUIDELINES

ENCRYPTION AND CERTIFICATION AUTHORITIES - continued

· SSL certificates issued to servers and applications used by internet users should be provided by commercial CA authorities (i.e. Verisign, Thawte) to avoid security warnings from being presented to the end users.

· SSL certificates issued to servers and applications used by internal ECBCC resources should be issued by ECBCC's Certification Authority.

5.0 Enforcement

Any employee found to have violated these policies may be subject to disciplinary action, up to and including termination of employment.

6.0 Definitions

Term Definition

Encryption - Transforming understandable data into a form that is incomprehensible and that looks like random noise.

Hashing - An algorithm that takes an entire message and, through process of shuffling, manipulating, and processing the bytes using logical operations, generates a small message digest of the data.

DMZ De-Militarized Zone – A computer term used for a protected network that sits between the Internet and the corporate network.

Certification Authority (CA) In cryptography, a certificate authority or certification authority (CA) is an entity which issues digital certificates for use by other parties

7.0 Revision History

EXTERNAL DATA HOSTING STANDARD

1.0 Purpose

The purpose of this policy is to establish a standard in order to execute the proper retrieval, storage, transmission, processing, and handling of electronic data.

2.0 Scope

This document applies to all Contractors, networks, systems, and applications that will transmit, process, store, or handle electronic data provided by Escambia County Board of County Commissioner's (ECBCC).

3.0 Audience

This document is intended for distribution to those that are involved in the retrieval, storage, transmission, processing, and handling of electronic data.

4.0 Policies

4.1 Data Input and Processing

Any use of Social Security Number information shall adhere to and abide by Florida Statutes, specifically F.S. 119.071.

4.1.1 The hosted application shall not have access to social security information.

4.1.2 The hosted application shall not have access to data containing bank information.

4.2 Data Storage and Handling

4.2.1 Any data accessible from the hosted application meeting the following criteria shall be encrypted: Name, addresses, phone numbers, email addresses, birthdates, federal/state/local document numbers, account numbers, race or religion information, employee identification numbers, HIPAA and all PCI information.

4.2.2 Any data accessible from the hosted application or directly accessible from it should be encrypted.

4.3 Disposal of Data

Once data is no longer needed or shall be removed from the system it shall be sanitized and disposed using one of the methods below:

4.3.1 Sanitization - Overwriting of data previously stored on a disk or drive with a random pattern of meaningless information.

4.3.2 Destruction - Physically damaging a medium so that it is not usable by any device that may normally be used to read information on the media such as a computer, tape reader, audio or video player.

Exhibit 3

ENTERPRISE SECURITY STANDARDS, POLICIES, AND GUIDELINES

ENCRYPTION AND CERTIFICATION AUTHORITIES - continued

4.3.3 Purging data - Using strong magnetic devices; such as a degausser, it is possible to render data unrecoverable.

4.4 External Audit

4.4.1 The Contractor shall ensure that the web hosting environment and the application is secured using information security best practices.

4.4.2 If deemed necessary by the County, the external service, system, and application shall pass a yearly penetration test performed by Escambia County ISS personnel. This test will be billed to the Contractor.

5.0 Definitions

Term Definition

Bank Information - Checking account numbers, credit card numbers, or any unique number from a bank institution.

Electronic Media - Physical objects on which data can be stored, such as hard drives, zip drives, CD-ROMs, DVDs, USB drives, and tapes.

Sanitization - To expunge data from storage media so that data recovery is impossible.

Physical Destruction - A sanitization method for optical media, such as CDs.

Florida Statue 119.071 - Detailed guidelines on usage of Social Security information.

JDL

Q1. How many lobby kiosks does the current vendor provide at each facility?
A1. Main Jail – 2 (1 at Main Jail, 1 at Video Visitation) and
Road Prison – 1

Q2. What are annual commissary sales at each facility (excluding postage, phone time, web sales, and sales tax)?
A2. Main Jail - $884,942.27
Road Prison - $274,642.34

Q3. What is the current commission rate?
A3. The Main Jail currently receives a 47% commission on commissary sales, while the Road Prison receives a 38% commission on commissary sales excluding tobacco products and 20-ounce beverage vouchers. Those two categories receive a 28% commission.

Q4. What is the current ADP for each facility?
A4. Please refer to RFP page 22 of 73 for this information.

Q5. How do the inmates currently order commissary at each facility?
A5. Kiosks.

Q5.1. What form of ordering is preferred for the new facility?
A5.1. Kiosks are the only permitted method of ordering for the new agreement.

Q6. Does the facility utilize debit phone time?
A6. Yes.

Q6.1 Are the inmates charged a fee to transfer money to their phone account?
A6.1. This will no longer be permitted under the new agreement.

Q7. Who is the current food provider?
A7. The Jail utilizes Aramark and the Road Prison provides their meals in-house. The food itself is provided under a separate, multi-award agreement.

Q8. Does the facility currently purchase indigent/welfare from the commissary vendor?
A8. Yes, please refer to RFP pages 35 & 36 of 73 for this information.

Q9. What is the cost of the current indigent kit?

A9. Indigent Kit (1-Time Only)	$4.49
Indigent Kit Resupply (14-day)	$3.84
Indigent Kit Resupply (60-day)	$4.56

Q10. What is the cost of the current New Commit Kit?
A10. The County does not currently purchase New Commit Kits from the Commissary vendor.

Q11. Can friends and family order commissary items for inmates via a web site?
A11. Yes.

Q11.1 What are annual sales?

A11.1 Main Jail - $850,088.07, Road Prison just initiated a program and there are no sales figures available.

Q11.2 Does the facility receive commission on web sales? If so, what is the commission rate on these items?

A11.2 Yes. The commission rate is the same as noted in Q3 above.

Q12. For delivery of commissary orders to inmates, how many delivery personnel does the current vendor employ, how many hours does it take to complete delivery, and what is their rate of pay?

A12. Main Jail Delivery Personnel – 6
Delivery Time – 4-6 hours on average
Rate of Pay - $10-$16/per hour

Road Prison Commissary items are delivered to the facility by the vendor are distributed by staff at the facility.

The County expects that the new agreement will follow the same protocols.

Q13. What is the current cash transaction fee for lobby kiosks?

A13. Jail – $2.95 for up to $100.00, and $3.95 for deposits over $100.00.
Road Prison – a $3.00 fee on all deposits.

Q14. Please list all fees that are commissionable.

A14. Fees are not commissionable.

Q15. For how many dorms will the vendor be required to provide service at the new facility?

A15. Sixteen.

Q16. How many dorm kiosks does the Road Prison have or need?

A16. Two

Q17. How many kiosks will be required in each dorm of the new facility?

A17. Each dorm will need two wired kiosks and the vendor will need to run their own conduit and Cat-5 cables, however, Dorm B, Dorm D, and the Infirmary will require wireless kiosks. The vendor will be allowed to coordinate a connection to the Jail's wireless network with the County's I.T. department. With this connection, the County will be able to authenticate the kiosks based on their wireless NIC MAC address.

Q18. Is the County interested in a secure messaging feature that would allow inmates to message friend and family through a secure portal?

A18. All messages are to be reviewable by the facility. This can be presented as a value-add service during the proposal process.

Q19. Is the facility interested in inmate tables?

A19. This can be presented as a value-add service during the proposal process.

Q20. What other fees are charged to the inmate (e.g. medical, booking, etc.)?

A20. There is a $20.00 Booking Fee that is automatically assessed to the account, along with the $3.00 daily subsistence fee. Additionally, fees manually assessed include $3.00 prescription fee as well as $5.00 and $10.00 medical fees.

Q21. What inmate accounting software is the facility utilizing?

A21. Jail – Core and Work
Road Prison – Lockdown.

Q22. In the RFP on Page 39 of 73, Section 9 covering Liquidated Damages, sub-item "A", how many times under the current contract did the current vendor have to pay $500.00 for not delivering the commissary orders within four hours?

A22. The County's current agreement does not include Liquidated Damages. This is applicable for Section 9, sub-items A, B & C.

Q23. Please list all hardware that the commissary vendor will be required to provide.

A23. The commissary vendor is required to provide all hardware required for the delivery and provision of Inmate Commissary Services.

Q24. What is the Guaranteed Minimum Annual Commission Payment for the previous fiscal year?

A24. The County's current agreement does not provide for Guaranteed Minimum Annual Commission.

Q25. Can the County please provide the most recent FMV survey for the Work Release?

A25. Work Release is part of the Main Jail – under one commissary vendor.

Q26. How many individual inmate orders were delivered at the Main Jail for the months of June, July, and August?

A26. Main Jail – Average is 6,200 orders per month.
Road Prison – 361, 492, and 369 respectively.

Q27. What is the number of inmate workers used by the current vendor?

A27. Main Jail – On 9/25, there were 9.
Road Prison – N/A

Q28. What is the current schedule of inmate workers used by the current vendor?

A28. Pick-up: Between 6:30-7:30 AM, depending on headcount, and back to the floor by 11:30-13:30.

Q29. If an off-site operation is chosen, what would be the preferred delivery date and time for the orders to be delivered to the facility?

A29. This would have to be coordinated with the Jail's schedule at that time.

Q30. Please provide the size of the on-site workspace provided to the current commissary vendor at the Main Jail.

A30. We have an estimated 1,150 square feet of space in the current facility that can be utilized for commissary services.

Q31. Does the Main Jail utilize any package programs?

A31. Yes, the current commission rate is 47%.

Gross sales are: June: $68,735.13
July: $74,267.53
August: $72,830.18

Average number of orders over the last three months is 1,749, and there is no spending limit.

The Road Prison just started a package program 9/2019 so there is no sales data, however, the commission rate is 38%.

Q32. Does the Main Jail currently utilize a deposit service?

A32. Yes. Please see below for fee structures.

Main Jail – Fee Structure				
Gross Amount Deposited	Credit Card (Web)	Credit Card (Phone)	Credit Card (Lobby Kiosk)	Cash (Lobby Kiosk)
$0.01 - $19.99	$4.95 + 3.5%	$4.95 + 3.5%	$4.95 + 3.5%	$2.95
$20.00 - $100.00	$4.95 + 3.5%	$4.95 + 3.5%	$4.95 + 3.5%	$2.95
$100.01 - $199.99	$4.95 + 3.5%	$4.95 + 3.5%	$4.95 + 3.5%	$3.95
$200.00 - $300.00	$4.95 + 3.5%	$4.95 + 3.5%	$4.95 + 3.5%	$3.95

A32.1 The average dollar amount of deposits for the period of 10/01/2019 – 9/23/2019 is as follows:

Web $45.51
Phone $46.98
Kiosk $91.02

A32.2 The average transaction volume by type for the period of 10/01/2018 – 9/23/2019 is as follows:

Web 13,653 Purchases
Phone 1,907 Purchases
Kiosk 35,924 Purchases

A32.3 The Road Prison does utilize a deposit service and the fee is $3.00 on ALL deposits.

A32.4 The Road Prison average dollar amount of deposits for the period of June 2019 – August 2019 is as follows:

Web $44.04
Phone N/A
Kiosk $41.09

A32.5 The Road Prison average transaction volume by type for the period of June 2019 – August 2019 is as follows:

Web 2,021
Phone N/A
Kiosk 419

Q33. Does the County currently receive a commission on trust fund deposits?
A33. No.

Q34. Will the vendor be responsible for the wiring and installation of the kiosks required in the RFP?
A34. Yes, in addition to the kiosks, the vendor will need to install all wiring and conduit if there is no existing cabling. Where wiring exists, the vendor will need to maintain the wiring network to ensure proper operation of all kiosk units.

Q35. Will the County allow the vendor to install their own network?
A35. Potentially, yes, but this must be approved and then coordinated with the County's I.T. department as well as the Corrections Department.

Q36. Please list the number of kiosks needed at the following locations:
A36. Main Jail 39
Work Release 4
Road Prison 2

Q37. In reference to Page 23, D, (1a), must all five references be facilities where the vendor currently provides Commissary Services?
A37. Yes.

Q38. Were there any sales for Fresh Favorites over the last twelve months?
A38. No.

Q39. How does the County handle confidential documents submitted by the vendor such as financial statements or customer references?
A39. Generally, all information submitted in response to the RFP shall be public record and subject to Florida Statutes regarding public disclosure.

In addition to the Florida Statutes referenced below, please see Escambia County, FL Ordinance Sec. 86-137 – General Registration Conditions, specifically item "(m)" which states:

"Any proprietary confidential business information obtained from a registrant in connection with an application shall be held confidential by the county to the extent required by F.S. § 202.195 provided the registrant notifies the county of such confidential information and identifies same pursuant to state law, including without limitation F.S. Ch. 119."

Please note that any items marked as confidential must meet Florida Statute definition(s) on what is and is not considered confidential.

Q40. Should the vendor own, write, operate and support the provided commissary and banking software for this project?

A40. Please refer to RFP Page 24 of 73, specifically A1, for the answer to this question.

Q41. Regarding item 3D10 on Page 28 of 73, is the County wanting the receipt numbers in sequential order to be the only recorded receipt number?

A41. Please see item 3D12 on Page 29 of 73.

Q42. For Inmate Release, who is the County's current provider, how many inmates are released on average each month, and does the County intend to issue a debit card to all inmates being released or is there a dollar threshold that must be met?

A42. The provider is Numi and the County currently averages 1,058 released inmates per month. Please see the RFP for complete information on how to handle the return of funds for released inmates.

Q43. Regarding cash bond and bail payment services, are bail/bond services included in this RFP?

A43. The County does not currently have the ability to accept and process bond payments.

Q44. Who will be responsible for the removal of cash from the lobby and intake kiosks?

A44. The vendor is responsible for removal of the cash from the lobby and intake kiosks.

Q45. Please clarify which proposal format is to be utilized. There is one on Page 20 of 73 and another on Page 42 of 73.

A45. Please utilize the proposal format shown in page 42 of 73.

Q46. Please provide a copy of the current commissary menus with pricing from each facility, copies of the last three months sales invoices for each facility, and a product sales report for one month from each facility.

A46. These are attached on the pages that follow.

To: All Known Prospective Bidders

ADDENDUM NUMBER 4:

Re: PD 18-19.102 Inmate Commissary and Banking Services for Escambia County Corrections Department

All:

Your firm recently received a Request for Proposals for the above-mentioned specification. This Addendum Number 4 provides for a clarification regarding the Term of the Agreement.

As noted on Solicitation Page 10 of 73, Section 7, and Page 17 of 73, Section 1-4, the term of the agreement with the awarded firm is expected to be ~~twelve (12) months with the potential for up to two (2) one-year renewal periods for a total term of thirty-six (36) months~~.

This Addendum provides an update that the term of the agreement with the awarded firm is now expected – upon negotiation – to be thirty-six (36) months with up to two (2) one-year renewal periods, for a total of sixty (60) months.

This Addendum Number 4 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photocopy this form for your records.

Sincerely,

Jeffrey D. Lovingood

ADDENDUM NUMBER 5:

Re: PD 18-19.102 Inmate Commissary and Banking Services for Escambia County Corrections Department

All:

Your firm recently received a Request for Proposals for the above-mentioned specification. This Addendum Number 5 provides answers to the questions found on the following pages.

This Addendum Number 5 is furnished to all known prospective bidders. Please sign and return one copy of this Addendum, with original signature, with your bid as an acknowledgement of your having received same. You may photocopy this form for your records.

Sincerely,

Jeffrey D. Lovingood

Q1. What items (product and size) are included in the indigent kits?

A1. Main Jail Indigent Kits are shown on the following pages.
Work Annex (Road Prison):

- 1 box of 500 stamped envelopes ($366.40)
- 1 dozen pens ($2.90)
- 1 ream of wide-rule paper ($1.00)

Please note that Indigent Kits are not included with this proposal as the County prepares their own kits. This answer is in response to the question of what is included in the kits.

Q2. How much are inmates currently charged to transfer money to their phone account?

A2. No charge. Inmates buy phone time.

Q3. What were tobacco sales from 10/1/2018 - 9/30/2019?

A3. Quantity 10,022 = $117,615.62

Q4. Is it the intent of Escambia County to continue to sell tobacco products at the Road Prison?

A4. Yes, but the County reserves the right to change this policy.

Q5. How many dorm kiosks are currently installed at the different locations?

A5. Please see Addendum 3, Question 36.

Q6. Do the dorm kiosks currently in place utilize power and Cat-6 cabling to operate?

A6. Yes.

Q7. It has been requested that we use the proposal format shown on page 42 of 73. In this format, there is no indication as to where the information regarding where the Qualifications of Firm (experience, history, reference, etc.) or Qualifications of Staff should be included.

A7. The department has requested that this information should be included in Part A after the Letter of Transmittal, and before the written technical approach. However, the location of the information within the proposal will not cause a response to be deemed non-responsive. As long as all the requested information is included, the firm's response will be deemed responsive as it relates to this specific item.

Main Jail Hygiene Kit (includes Work Release)

Hygiene Kit Price 4.49

(1) 20oz. cup with lid

(1) 4oz. shampoo

(1) 2.7 clear toothpaste

ATTACHMENT B
COST/FEE PROPOSAL
FINAL OFFER

Keefe has prepared Proposal A and Proposal B for the ECCD with the option to include Keefe's Direct Debit Inmate Vending Program with each one as well. Each offer will be followed by Commission Offer Details including the estimated annual commission return. Details on Specialty / Value Added Services will follow all of the offers.

Proposal A-1 –
Keefe Staff at Facility and orders pulled at facility **with** Vending Option

Proposal A-2 –
Keefe Staff at Facility and orders pulled at facility **without** Vending Option

Proposal B-1 –
Keefe Staff at Facility and orders pulled offsite at Keefe's Warehouse **with** Vending Option

Proposal B-2 –
Keefe Staff at Facility and orders pulled offsite at Keefe's Warehouse **without** Vending Option

The cost of the New Commit Kits remain the same across all proposals at $0.65 each or an extended annual cost of $11,700.

Deposits fees remain the same across all proposals at $3.00 for deposits via kiosk and $4.95 for web and phone deposits.

For the Secure Release Debit Cards there is no charge for use for the first 72 hours. After the first 72 hours the weekly maintenance fee is $2.50.

*****Please note that all options proposed are negotiable****

Inmate Commissary and Banking Services for Escambia County Corrections Department

FEE PROPOSAL FORM

The Contractor shall provide all plant, labor, equipment, manpower and other resources necessary to provide the supplies, equipment and/or services in strict accordance with the Scope of Services defined in this solicitation for the amounts specified in this Fee Proposal Form. *The County is asking for two fee proposals. "Proposal A" will take into account the listed storage/packing space that may be available to the vendor once the new jail facility is constructed (estimated date of July 2020). "Proposal B" shall be provided as if no storage or workspace is to be provided at Jail facility. "Proposal B" necessitates a vendor furnished offsite location at which all commissary work is to be completed.*

FINAL PROPOSAL: INMATE SALES COMMISSION PERCENTAGE

Only a single fixed percentage for each contract period shall be proposed. Proposals submitting a range of percentages will not be accepted and proposal shall be determined non-responsive.

The Contractor shall pay the County the following commission (% of adjusted gross sales as defined below) for each year of the contract period (start date through end of contract as noted, including applicable renewal years) as follows:

Contract/Fiscal Periods	**Inmate Sales Commission**
Partial Fiscal Year One (contract start date through Sep. 30, 2019)	51% %
Full Fiscal Year 2020 (Oct. 1, 2019 through Sep. 30, 2020)	51% %
Full Fiscal Year 2021 (Oct. 1, 2020 through Sep. 30, 2021)	51% %
Full Fiscal Year 2022 (Oct. 1, 2021 through Sep. 30, 2022)	51% %
Full Fiscal Year 2023 and Partial Year Five (Oct. 1, 2022 through end of contract date)	51% %

Two (2) Year Renewal Commission Rates:

Year One Renewal (Partial Fiscal Year - Contract Renewal date through Sept. 30, 2023)	51% %
Full Fiscal Year and Partial Year Two Renewal 2024 (Oct. 1, 2023 through end of contract date)	51% %

Adjusted Gross Sales is defined herein as:

Total amount of merchandise sold/issued to inmates on behalf of the County
Minus Applicable Sales Tax
Minus all "Indigent Items" issued
Minus Non-Profit Items (stamps, stamped envelopes, etc.)
Equals Adjusted Gross Sales

ATTACHMENT B – Continued

PD18-19.102
Inmate Commissary and Banking Services for Escambia County Corrections Department

FEE PROPOSAL FORM

FINAL PROPOSAL: GUARANTEED MINIMUM ANNUAL COMMISSION

Only a single fixed Guaranteed Minimum Annual Commission (GMAC) for each Annual Average Daily Population as listed below shall be proposed. Proposals submitting ranges of GMAC will not be accepted and proposal shall be determined non-responsive.

Guaranteed Minimum Period/Annual Commissions payment (for all periods noted in Attachment B) shall be based on the County's non-Work Release annual average daily inmate population as follows:

Annual Average Daily (Inmate) Population (ADP)	Guaranteed Minimum Annual Commission
1,000 - 1,199	$ $670,894
1,200 - 1,399	$ $792,874
1,400 - 1,599	$ $914,855
1,600 - 1,799	$ $1,036,836
1,800 - 1,999	$ $1,158,816
2,000 – above	$ $1,219,807

At the end of each FY, the County will total the actual amount of cumulative commissions paid and determine the appropriate guaranteed minimum annual commission amount for the FY based on the annual Average Daily Population (ADP) for that FY. The cumulative commission paid/due amount for the FY shall be compared to the guaranteed minimum annual commission amount and in cases where the cumulative commissions paid/due amount for the FY is less than the guaranteed minimum annual commission amount, the final invoice for inmate goods shall be reduced by the amount needed to reach the guaranteed minimum annual commission amount.

Note: Partial FY One and Year One Renewal contract periods will be prorated; all other contract periods will be calculated based upon Escambia County Fiscal Year periods (October 1st through September 30th). In any case, where reducing the final invoice does not provide for the guaranteed minimum annual commission amount based on the average inmate population, the County will notify the Contractor of the shortfall in writing and the Contractor shall remit the difference by check to ECCD within 30 days of written notice.

ATTACHMENT B - Continued

PD18-19.102
Inmate Commissary and Banking Services for Escambia County Corrections Department

FINAL PROPOSAL: FEE PROPOSAL FORM

DESCRIPTION	ESTIMATED ANNUAL USAGE	UNIT COST	EXTENDED COST
New Commit Kit as defined in Scope of Services, Section 6.A herein	18,000 EACH	$ $0.65	$

Total Estimated Annual Cost of Kits - $ $11,700

FINAL PROPOSAL: EFT AND MISCELLANEOUS FEES/CHARGES

The following EFT fees are the only contractually allowed fees that may be charged directly to inmates for any and all additional services outside of the purchase of commissary products. Any additional EFT fees or miscellaneous charges to inmates will not be allowed throughout the life of the contract. **In addition, the EFT fees listed below will be limited to a maximum charge per transaction.**

The following EFT fees for transactions shall be as defined in Scope of Services, Section 3, Sub-Section H, paragraphs 1 through 5:

Proposed fee charge for public debit/credit card deposits through the use of a kiosk. The proposed fee cannot exceed $3.00 per transaction. ..... $ $3.00

Proposed fee charge for public credit card deposits through the use of telephone or Internet access. The proposed fee cannot exceed $4.95 per transaction. ..... $ $4.95

Proposed fee associated with Pre-paid Debit Card/release transactions. The use of the card is free for the first 72 hours after release. The maximum fee that can be charged is $3.00/per day thereafter. ..... $ $2.50

FINAL PROPOSAL: SPECIALTY/VALUE ADDED SERVICES

All specialty/value added items and services must be clearly defined and outlined in detail in order to be reviewed as part of the Contractor's submission.

FINAL Commission Offer

Keefe Staff at Facility and orders pulled at facility **without** Vending Option

Noncommissioned Items
Stamped envelopes / Postage stamps
Phone Time
Indigent Kits
Admission Kits
On-site, special commissary item sales sold by the Jail

How Commissions Are Determined

The commissions will be based on the weekly, adjusted gross commissary sales. Adjusted gross sales are gross sales less postage sales or other noncommissioned sales.

Commissary and SecurePak Monthly Sales
Less Postage, Phone and any Non-Commissionable Sales
= Adjusted Gross Sales

51% Commission Offer on Commissary and Vending
51% Commission Offer on Securepak Program

Based on the Commissary and Package sales provided by Escambia County the estimated annual commission revenue back to the county will be **$1,181,596**

- KCN's Online Banking on all necessary ECCD Workstations – estimated at 25 workstations
- Securepak Friends and Family Package Program
- Interface with SmartJail JMS
- Interface with Global Tel Link
  - Edge Commissary Application installed on GTL Tablets
  - Includes Centralized Phone Order Entry and Direct Debit Inmate Calling
- Access Secure Deposit Program with Kiosk, Web and Phone Deposits
  - Access Corrections Payments by Purpose including Bail/Bond and County Payments
- 2 New Lobby Kiosks – Main Jail (will be moved to New Jail) and Video Visitation Center
- 1 New Intake Kiosk with Credit Card Reader at Main Jail (will be moved to New Jail)
- 4 Edge Inmate Kiosks at County Work Annex
- 4 Debit Card Secure Release Scanners & Debit Cards
- 1 Full-time Commissary Manager and 3 Full-time Commissary Reps
- All necessary workstations, printers and equipment required for Onsite Commissary Staff
- Keefe will provide a van for Keefe Staff to use to transport orders to the Work Release Center and Road Prison
- Optional Direct Debit Vending Program with commission adjustment dependent upon number of inmates with access to Vending

*Postage, stamped envelopes, indigent kits, phone time sales are noncommissioned. Commissions are based on proposed menu and service levels specified as well as information obtained through the RFP process. Significant changes to sales, order methods, facility policy or inmate count can alter commission rates. KCN will negotiate any and all terms of this offering to fit your requirements and needs.

NOTE – There is absolutely **NO COST** to the county for any of the products or services outlined in this proposal!

©2019 Keefe Group®

Agreement for Secure Release™ Prepaid Debit Card Release

THIS AGREEMENT FOR DISTRIBUTION OF PREPAID DEBIT CARDS ("Agreement") is entered into by and between Keefe Commissary Network, L.L.C. d/b/a Access Corrections ("KCN"), located at 10880 Linpage Place, St. Louis Missouri 63132 and Escambia County, a political subdivision of the State of Florida ("Client"), with administrative offices located at 221 Palafox Place, Suite 420, Pensacola, Florida 32502.

WHEREAS, KCN, a solution provider for the correctional market, coordinates inmate trust fund release services for correctional facilities via a third party's provision of prepaid debit cards; and

WHEREAS, Client desires to coordinate **Secure Release™** inmate trust fund release services at the Escambia County Corrections facilities (the "Services") as defined further hereunder; and

WHEREAS, the parties, intending to be legally bound, hereby agree as follows:

1. **Term.** This Agreement shall commence on April 1, 2020 ("Effective Date") and shall and shall remain in effect for so long as the *Agreement for Inmate Commissary and Banking Services for the Escambia County Corrections Department (P.D. 18-19.102)* remains in effect unless earlier terminated as provided in paragraph 17.
2. **Services.** KCN shall provide technical support and coordination for the following release Services for processing inmate trust fund balances to Client inmates at time of release from the Client:

   Prepaid Debit Cards ("Cards")***:*** described as, a debit card which may be used for ATM withdraws and/or pin-based and signature purchases after inmate activation. The Cards will be issued by and the funds will be held by Cache Valley Bank in Logan, Utah. All transactions are processed by a third-party processor - Rapid Financial Solutions.

   * Additional Release Services may be made available to the Client throughout the term of this Agreement and shall become part of this Agreement with the Client's acceptance. No Release Services shall be implemented without Client approval. Another Card Brand, Issuing Bank or Program Manager may be substituted during the term of this agreement at KCN's discretion and shall not constitute an "Additional Release Service." The Client will be notified in writing of any such change.
3. **Maintenance of Designated Account.** Client agrees to maintain an account ("Designated Account") from which funds will be withdrawn by KCN and sent to Cache Valley Bank, which issues the Cards.
4. **Authorization to Withdraw Funds from Designated Account.** Client hereby authorizes KCN to withdraw funds from the Designated Account without signature or notice to effect all deductions and other transactions due KCN provided for in this Agreement. KCN shall notify Client if at any time there are insufficient funds in the Designated Account to cover any amount that is due and owing to KCN. Client shall promptly pay such amount to KCN. KCN will withdraw funds from the Designated Account every business day to cover the funds necessary to issue the Cards.

   This authorization is to remain in full force and effect until KCN has received written notification from Client of its termination in such time and in such manner as to afford KCN and the Bank named above reasonable opportunity to act on it. Client shall give KCN no less than three banking business days notice if the Designated Account is to be changed so as to allow enough time for KCN to make the necessary system modifications.
5. **Responsibilities of the Client.** All responsibilities of the Client are outlined in the attached **"Security Requirements for the Storage of Prepaid Cards", "Exhibit A"** of this Agreement. KCN reserves the right to modify "Security Requirements for the Storage of Prepaid Cards", "Exhibit A" of this Agreement. KCN shall notify the Client of any such change in writing.
6. **Representation and Warranty of Client.** Client represents and warrants that it is lawful in its respective jurisdiction of Escambia County, Florida to provide the Services as detailed in this Agreement, including, but not limited to, charging the inmates a fee for the Services.

8. **Fees and Charges.** KCN shall charge a fee for its role in setting up the bank account with the bank issuing the Cards and for coordinating third party processing services. **"Coordination Fees" are in accordance with the fee structure located in "Exhibit C".** All fees shall be assessed to the card holder/inmate.

9. **Taxes.** Each party shall be responsible for calculating, collecting and remitting their own Federal, state and/or local taxes, associated with the release services.

***Taxes should not be levied on the issuance of a Card unless Client's laws dictate such.**

10. **Equipment.** Upon expiration or termination of this Agreement, Client agrees that all equipment and materials remain the property of KCN and upon expiration or termination of this Agreement KCN agrees to promptly remove all equipment and materials from the above mentioned Client. Client shall be responsible for any unusual wear and tear, lost or stolen equipment as well as any lost, stolen or improperly funded Cards during the term of this Agreement as per "Exhibit A" of this Agreement.

11. **Confidentiality.** KCN agrees to keep all information about inmates confidential and to make no disclosure thereof to any third party, except as may otherwise be required by law. KCN agrees to give Client prompt notice of any such disclosure.

12. **Exclusivity.** Client acknowledges that based on this Agreement, KCN has the sole and exclusive right and authority to provide the services contemplated by this Agreement for all inmate accounts under the Client's control and Client shall not, throughout the term of the Agreement, engage the services of any other company to provide such services.

13. **Compliance.** KCN and the Client shall comply with all laws, orders, rules and regulations applicable to it that are associated with the performance of its duties and obligations under this Agreement and as stated in "Exhibit A " of this Agreement.

14. **Governing Law.** This Agreement shall be governed and construed in accordance with the laws of the State of Florida.

15. Client agrees that it shall hold KCN harmless for any losses resulting from Client's or its employees' willful or intentional acts that result in improper Card funding or Card loss.

16. **Indemnification.** KCN shall indemnify and hold the Client, its officers, directors, agents, employees, representatives, affiliates, and customers harmless for any losses, claims, damages, awards, penalties, or injuries incurred by any third party, including reasonable attorney's fees, which arise from any alleged breach of KCN's representations and warranties made under this Agreement, provided that KCN is promptly notified of any such claims. KCN shall defend such claims at its own expense. The Client shall provide, at KCN's expense, such assistance in investigating and defending such claims as KCN may reasonably request. This indemnity shall survive the termination of this Agreement.

17. **Force Majeure.** Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing hereunder if such delay or default is caused by conditions beyond its control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.

18. **Termination.** In the event that either party believes that the other party has materially breached any obligations under this Agreement, or if either party believes that the other party has exceeded the scope of the Agreement, such party shall so notify the breaching party in writing. The breaching party shall have 30 days from the receipt of notice to cure the alleged breach and to notify the non-breaching party in writing that cure has been effected. If the breach is not cured within the 30 days, the non-breaching party shall have the right to terminate the Agreement without further notice. Client may terminate this agreement without cause upon providing thirty (30) days written notice.

19. **Entire Agreement.** This Agreement constitutes the entire agreement of the parties and supersedes all prior communications, understandings and agreements relating to the subject matter hereof, whether oral or written.

20. **Assignment.** This agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors of interest, except that Client may not assign this Agreement to any person or entity without the written consent of KCN.

21. **Notices.** All notices given pursuant to this Agreement shall be in writing and may be hand delivered or shall be deemed received within 10 days after mailing if sent by registered or certified mail, return receipt requested. If any notice is sent by facsimile or email, confirmation copies must be sent by mail or hand delivery to the addresses listed above.

IN WITNESS WHEREOF, the parties have executed this Agreement by their respective, duly authorized representatives on the respective dates under each signature.

Exhibit A
Security Requirements for the Storage of Prepaid Cards

The security requirements in this document are based on policies and guidelines developed by the Payment Networks and industry best practices. These requirements must be implemented at all locations that store and distribute instant-issue card products.

Card Ordering
Card orders will be shipped to the designated locations by Rapid or its assignees by bonded and approved carrier. Card orders must be signed for upon arrival. All cards must be placed at the time of receipt into inventory in a secured storage area. An employee designated by management should be appointed to ensure the physical and procedural security policies are implemented.

Card Inventory
Physical security of the cards in inventory must be maintained at all times. Cards must be stored in a controlled environment, such as a safe or locked storage device, with access limited to employees who have successfully passed background screening checks.

An inventory log must account for the number of cards received, cards used, cards spoiled (cards that cannot be used due to damage, tampering or expiration) and remaining cards that should balance to the number of cards on hand at any time. An explanation of spoilage should be included on the log. Any inventory discrepancy must be reported to Rapid as soon as detected.

Card Destruction
Rapid may request return of unused cards in inventory for destruction for any of the reasons listed below.

1. Cards are compromised or tampered with;
2. Card stock expired;
3. Cards are damaged or defective;
4. Program is terminated.

Cards to be returned should be securely packaged. A copy of the inventory log should be included in the shipment. A second copy of the inventory log should be transmitted to Rapid electronically.

Alternatively, the location may destroy any defective or damaged card and certify its destruction by maintaining a detailed inventory log, and destroying the cards using a cross cut shredder that creates pieces no larger than ¼ “ by ½” in size. **A certified report of destruction outlined in Exhibit B**, attached hereto and incorporated herein by this reference must be submitted to Rapid on a monthly cycle even if no cards were destroyed in that period.

The remainder of this page intentionally left blank.

Exhibit B
Certificate of Destruction of Defective or Damaged Cards

I _____ certify that the cards listed below were either damaged or defective. I further certify that the cards below were destroyed using a cross cut shredder that created pieces no larger than ¼ " by ½" in size.

Destruction Date (mmddyyyy)	Card Number	Expiration	Name (first, last)	Signature

Exhibit C

Inmate Release Card Program Fees

Cardholder Fees Associated with the Inmate Release Program

	Charge
Card Activation Fee	FREE
Support Calls Fee	FREE

PAYMENT SERVICES AGREEMENT

THIS PAYMENT SERVICES AGREEMENT ("**Agreement**") is entered into by and between Escambia County, a political subdivision of the State of Florida, with administrative offices at 221 Palafox Place, Suite 420, Pensacola, Florida 32502 ("**Client**") and Keefe Commissary Network, LLC d/b/a Access Corrections, a Missouri limited liability company with its principal place of business located at 10880 Lin Page Place, St. Louis, Missouri 63132 ("**KCN**"). The Client and KCN are referred to herein individually as Party and collectively as the Parties.

WHEREAS, the Client desires to add certain cash handling and payment processing services offered by KCN; and

WHEREAS, the Parties desire to memorialize herein their respective obligations in regard to the provision of payment processing services.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements expressed herein, the receipt and sufficiency of which are acknowledged, the Parties, intending to be legally bound by the terms stated in this Agreement, do agree as follows:

1. **Services.** KCN will provide cash handling services and payment processing services for payments made through kiosks, walk-in retailers, online websites and/or mobile sites, call centers or applications operated by KCN or such other methods ("**Transactions**") for crediting account balances held by Client on behalf of the recipients of funds (the "**Services**"). KCN provides the Services in its capacity as a licensed money services business. KCN represents and warrants to Client that KCN is duly licensed to provide the Services and will do so in compliance with applicable laws and regulations.

2. **Authorization.** By executing this Agreement**,** Client authorizes KCN to act on its behalf in handling cash and to submit Transactions initiated by individuals through the Services to the credit card networks or otherwise for authorization, processing and settlement to Client for the benefit of designated recipients.

3. **Responsibilities of KCN.**

   a. KCN will receive payments from the public, directed to recipients by way of the Services.
   b. KCN will transfer payment files to Client on a daily basis. KCN will deliver payments to Client by the second business day following (but not including) the day of the transaction by means of an electronic funds transfer ("**EFT**") to Client's designated bank account; provided, however, KCN, in its sole discretion, reserves the right to delay its acceptance of any transaction that KCN determines to be suspicious and warrants further investigation. Client acknowledges and agrees that KCN may terminate/cancel any proposed transaction should KCN determine the transaction is being made for an improper or illegal purpose.
   c. KCN will provide Client with daily payment information by way of the KCN Client interface.
   d. KCN will be responsible for responding to and resolving inquiries and complaints from senders of funds arising out of KCN's failure to timely transmit any payment to Client.
   e. KCN will provide sufficient promotional material to be posted by Client.
   f. KCN, upon receipt of written notice from Client, shall place limitations on transactions. The limitations will be implemented by KCN as soon as is reasonably practicable.
   g. KCN may contract with a third-party to remove cash from kiosks, to replace receipt paper and to assume responsibility for the funds until deposited into the designated bank account.

4. **Responsibilities of Client**.

   a. Client will provide KCN with the required bank account information for transmission of an EFT. Client agrees to notify KCN, in writing, giving fourteen (14) days' notice, of any changes to the bank account information.

b. Client will, upon receipt of written documentation of overpayment, promptly, but in no event more than ten (10) business days, refund any overpayment made by KCN, for any reason. This is to include, but not be limited to, duplicate payments, payments refunded to customers by KCN and any incorrect payments. At KCN's sole option and in lieu of the foregoing, KCN may offset any such overpayments from future payment amounts transmitted by KCN to Client and notify Client of any such offset.
c. Upon implementation of the Services, Client agrees that it will not accept payments designated for recipient accounts. Client will close any window or other collection method currently used to accept payments within sixty (60) days of kiosk implementation.
d. Client will promptly report receipt of each payment to the designated account or recipient in accordance with the Client's policy.
e. KCN will provide all labor necessary for and will guarantee the workmanship of the installation of a lobby kiosk including, but not limited to, material handling within the facility and all costs associated with the networking, internet connectivity and electrical enhancements required to install a kiosk at the Client's location.
f. Client agrees that KCN may determine, in its sole discretion, to suspend, terminate or place restrictions on one or more individual's ability to use the Services.

5. Effective Date/Term. This Agreement shall commence on April 1, 2020 ("Effective Date") and continue for so long as the *Agreement for Inmate Commissary and Banking Services for the Escambia County Corrections Department (P.D. 18-19.102)* remains in effect, unless sooner terminated as provided for herein.

6. Rates. The Services shall be provided at no cost to Client. KCN shall charge persons initiating a Transaction a service fee in accordance with its rate schedule which the Client acknowledges may be amended by KCN in its sole discretion from time to time.

7. Exclusivity. KCN has the exclusive right to provide the Services for the Client and the exclusive right to collect and receive money handling fees associated with the Services which fees will belong to KCN.

8. Termination. This Agreement may be immediately terminated by either Party, in its sole discretion, in the event Party has not cured a breach of this Agreement within thirty (30) days of written notice of such purported breach from the non-terminating Party. This Agreement may be terminated by Client without cause upon providing KCN thirty (30) days written notice. Termination of this Agreement does not affect either Party's rights or obligations as to any transaction submitted for processing prior to termination.

9. Refunds/Chargebacks.

a. The Parties acknowledge that once KCN accepts a transaction submitted to the applicable payment network or otherwise for processing, KCN cannot cancel or change the transaction. Except to the extent required by applicable law, payments processed by KCN are non-refundable to the individual by KCN. Individuals may have additional refund or chargeback rights under their cardholder agreement with the card issuer or applicable law.

b. In the case of chargebacks or returned funds, KCN will be responsible for pursuing the chargeback through the card association's dispute resolution processes, if appropriate in KCN's sole discretion. Upon written request from KCN, Client agrees to provide requested information needed to pursue the chargeback.

c. If an individual requests a refund, KCN will not be responsible for making those funds available if they have been already settled to a designated account by KCN or are beyond KCN's control.

d. If Client and sender of funds issue inconsistent instructions or requests to KCN, Client's instructions will control, and Client will hold KCN harmless from any and all losses, costs and expenses as a result of complying with Client's instructions.

10. **Indemnification.** KCN agrees to reimburse, defend, indemnify and hold harmless the Client and its directors, officers, managers, employees, agents, successors and assigns from and against all losses, claims, damages, actions, suits, proceedings or judgments, including costs, expenses and reasonable attorneys' fees assessed against or otherwise incurred by the Client arising, in whole or in part, from claims by a third party (a) arising from KCN's negligent acts or omission, and/or willful misconduct; (b) material breach of this Agreement; or (c) violation of any applicable laws, rules, regulations or ordinances. Indemnification provided in this Section does not apply to any claim or complaint to the extent caused by Client's own negligence or willful misconduct. This Section survives termination of this Agreement.

11. **Limitation of Liability; No Other Warranty.** OTHER THAN KCN'S OBLIGATION FOR ANY FUNDS RECEIVED FROM INDIVIDUALS, IN NO EVENT SHALL KCN'S AGGREGATE LIABILITY IN TOTAL FOR ALL CLAIMS ARISING FROM OR RELATING TO THIS AGREEMENT EXCEED THE AMOUNT OF SERVICE FEES PAID TO KCN FOR THE TRANSACTIONS RELATING TO THE CLAIM. THE FOREGOING LIMITATION APPLIES REGARDLESS OF THE NATURE OF THE CLAIM OR THE FORM OF THE ACTION EMPLOYED, WHETHER IN CONTRACT, WARRANTY, TORT OR OTHERWISE. IN NO EVENT WILL KCN BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST INCOME OR LOST REVENUE WHETHER BASED IN CONTRACT, TORT, OR ANY OTHER THEORY. THE SERVICES ARE PROVIDED "AS IS." EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, NEITHER PARTY MAKES, AND EACH PARTY EXPRESSLY DISCLAIMS, ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS, OR IMPLIED WARRANTIES ARISING FROM THE COURSE OF DEALING OR COURSE OF PERFORMANCE.

12. **Notice.**

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17593 **County Administrator's Report 14. 20.**
BCC Regular Meeting **Budget & Finance Consent**
Meeting Date: 03/05/2020
Issue: Agreement for OLF-8 Master Plan (PD 17-18.105)
From: PAUL NOBLES, Purchasing Manager
Organization: Asst County Administrator
CAO Approval:

RECOMMENDATION:

Recommendation Concerning the Agreement for the OLF-8 Master Plan (PD 17-18.105) with DPZ CoDESIGN, LLC - Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board take the following action:

A. Rescind the Board's previous action of December 5, 2019, to approve and authorize the County Administrator to execute, subject to Legal sign-off, the Agreement between Escambia County and DPZ CoDESIGN, LLC, per the terms and conditions of PD 17-18.105, OLF-8 Master Plan, for a base rate of $1,159,757, expenses not-to-exceed (NTE) $75,000, and optional services NTE $88,750;

B. Waive any potential conflict of interest relating to subconsultant, Weitzman Associates; and

C. Approve and authorize the County Administrator to execute the final Agreement for Professional Consulting Services between Escambia County and DPZ CoDESIGN, LLC, per the terms and conditions of PD 17-18.105, OLF-8 Master Plan, for a base rate of $1,159,757, expenses NTE $75,000, and optional services NTE $88,750, to include a provision acknowledging the Consultant's disclosure of a potential conflict of interest relating to subconsultant, Weitzman Associates.

Vendor/Contractor	Amount	Contract Number

Fund 352, LOST III, Cost Center 110267, Object Code 53101 (funded by Navy Federal Credit Union through a Memorandum of Understanding, excluding $60,000 for optional Land Valuation/Appraisal)	$1,323,507 Less $60,000 for optional Land Valuation/Appraisal	PD 17-18.105

BACKGROUND:

On December 5, 2019, the Board approved, subject to Legal sign-off, and authorized the County Administrator to execute the Standard Form Agreement for Consulting Services (Form H) between Escambia County, Florida, and DPZ CoDESIGN, LLC, per the terms and conditions of PD 17-18.105, OLF-8 Master Plan, for a base rate of $1,159,757, expenses not-to-exceed (NTE) $75,000, and optional services NTE $88,750.

Following the Board's approval, the County Attorney's Office prepared the final Agreement based upon the Standard Form Agreement for Consulting Services. At the Consultant's request, the Agreement includes a provision concerning a potential conflict of interest relating to subconsultant, Weitzman Associates, who will be serving on the Consultant's project team. As stated in correspondence dated July 15, 2019, Weitzman Associates is presently engaged on a project located within two miles of the subject property involving a multi-family rental housing and retail space development. The scope of work includes a marketability study, focus groups and survey research.

Paragraph 8.4 of the proposed Agreement with DPZ CoDESIGN, LLC, includes a provision acknowledging the Consultant has disclosed the potential conflict of Weitzman Associates by letter to the County dated July 15, 2019, and the County hereby approves proceeding with Weitzman Associates in its current role on the team notwithstanding such potential conflict.

BUDGETARY IMPACT:

Vendor/Contractor	Amount	Contract Number
Fund 352, LOST III, Cost Center 110267, Object Code 53101 (funded by Navy Federal Credit Union through a Memorandum of Understanding, excluding $60,000 for optional Land Valuation/Appraisal)	$1,323,507 Less $60,000 for optional Land Valuation/Appraisal	PD 17-18.105

AGREEMENT FOR PROFESSIONAL CONSULTING SERVICES

This Agreement is made by and between Escambia County, a political subdivision of the State of Florida, by and through its Board of County Commissioners (hereinafter referred to as "County"), with administrative offices located at 221 South Palafox Place, Pensacola, Florida 32502, and DPZ CoDESIGN, LLC, a Florida for-profit limited liability company, authorized to do business in the State of Florida (hereinafter referred to as "Consultant"), whose federal identification number is 20-2563570, and whose principal address is 1023 Southwest 25th Avenue, Miami, Florida 33135.

WITNESSETH:

WHEREAS, on March 11, 2019, the County issued a Request for Letters of Interest for the "OLF-8 Master Plan," Specification No. P.D. 17-18.105; and

WHEREAS, Consultant is a firm with expertise in the area of providing consulting services for Master Planning; and

WHEREAS, the County is in need of a consultant to provide such services to create a Master Plan for a parcel identified as the Outlying Landing Field Eight ("OLF-8").

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Consultant agree as follows:

ARTICLE I
PREAMBLE

1.1 The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

1.2 The Board of County Commissioners has met the requirements of the Consultants' Competitive Negotiation Act, as contained in Section 287.055, Florida Statutes, as amended, and has selected the Consultant to perform the services hereunder.

1.3 Negotiations pertaining to the services to be performed by the Consultant were undertaken between Consultant and a committee selected by the Board of County Commissioners, and this Agreement incorporates the results of such negotiation.

ARTICLE 2
SCOPE OF WORK

2.1 The Consultant will provide certain professional consultant services for the tasks outlined in Escambia County's Request for Letters of Interest (RLI) in Specification No. P.D. 17-18.105, OLF-8 Master Plan, and as represented in the Consultant's Letter of Interest response to P.D. 17-18.105, subsequent interview, and proposal presentation. In the event of a conflict between the terms of the proposal and this Agreement, the terms of this Agreement shall prevail.

2.2 The Scope of Services is set forth in **Exhibit A**, attached hereto and incorporated by reference herein, and unless otherwise specified, such services shall be completed by the Consultant in accordance with the standard care in the profession at the time such services are rendered.

2.3 Such services, generally, shall include those services performed by a consultant, its employees, and subcontractors, as more specifically enumerated in the Scope of Work attached hereto as **Exhibit A** and any other services specifically included therein.

2.4 The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Consultant under this Agreement. The Consultant shall, without additional compensation, correct or revise any errors or omissions in its designs, drawings, specifications, and other services furnish pursuant to the Agreement.

(a) Neither the County's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(b) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies provided by law.

(c) If the Consultant is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

ARTICLE 3
TIME FOR PERFORMANCE

3.1 The schedule for completion of the Consultant's services shall be in accordance with **Exhibit B**, which is attached hereto and made a part hereof. Such schedule may be modified from time to time upon the mutual consent of the County and the Consultant.

3.2 These services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. The Consultant's schedule for the performance of its services shall include allowances for periods of time required for the County's review and for its approval of submissions by the Consultant. Time limits established by this schedule, which are hereby approved by the County, shall not be exceeded by the Consultant, except for reasonable cause.

3.3 Prior to beginning the performance of any basic services under this Agreement, the Consultant must receive in writing a Notice to Proceed from the Contract Administrator.

ARTICLE 4
COMPENSATION AND METHOD OF BILLING AND PAYMENT

4.1 The County agrees to pay the Consultant, as compensation for its services under this Agreement, an aggregate fee for certain project tasks pursuant to the fee schedule set forth in **Exhibit C**, attached hereto and made a part hereof. At the completion of each task, the Consultant will be compensated by a lump sum amount, which has been negotiated for that task, unless otherwise mutually agreed to by the parties hereto. The total fee for all such services, to be performed by the Consultant, including costs, direct expenses, and any other charges is to be paid as follows: A Base Rate of One Million, One Hundred Fifty-Nine

Thousand, Seven Hundred Fifty-Seven Dollars ($1,159,757), a Not to Exceed Amount of Seventy-Five Thousand Dollars ($75,000) for Expenses and a Not to Exceed Amount of Eight-Eight Thousand Seven Hundred Fifty Dollars ($88,750) for Optional Services. Final payment will be subject to approval by the Board of County Commissioners.

4.2 FEE SCHEDULE: The "fee schedule," as used herein, shall mean the charges shown in **Exhibit C** for certain tasks to be performed by the Consultant. Such fees shall include, all inclusively the Consultant's salaries of professional and administrative staff, sick leave, vacation, unemployment, excise and payroll taxes, contributions for social security, unemployment compensation insurance, retirement benefits, medical and insurance benefits, air travel, auto travel, telephone, facsimile, reproduction costs, other routine overhead expenses, profit, and all other expenses of every type.

4.3 DIRECT EXPENSES: Direct expenses are those expenses directly attributable to the Project, which will be exclusively borne by Consultant, and are included in its aggregate fee, they shall include, but not be limited to, the following:

(a) Transportation expenses in connection with the Project.
(b) Living expenses in connection with travel and any other travel expenses.
(c) Long distance communications and other miscellaneous budget expenses.
(d) Cost of printing plans, drawings, and specifications which are required by or of the Consultant to deliver the services set forth in this Agreement. The Consultant agrees and understands that it will furnish to the County two (2) sets of all Project plans, reports, and specifications in a bound format acceptable to the County.
(e) Cost of any software or hardware used or developed for the Project, including CAD/CADD time.

4.4 METHOD OF BILLING AND PAYMENT:

(a) For lump sum contracts, the Consultant may submit bills to the County at the completion and approval of each task or at the partial completion of a task on a pro-rata basis. However, requests for payment shall not be made more frequently than once a month. The Consultant shall submit such monthly statements identifying the nature of the work performed.

Calculations shall be made monthly of the amount and value of the work accomplished and services performed by the Consultant which meet the standards of quality established under this Agreement. The estimates shall be prepared by the Consultant and accompanied by such supporting data as required by the Contract Administrator.

(b) The County agrees that it shall pay the Consultant within forty five (45) business days of receipt of the Consultant's statement provided that the invoice is correct and is consistent with the terms of this Agreement.

(c) Payments under this Agreement and interest on any late payments shall be governed by the Florida Prompt Payment Act, §§ 218.70, et seq., Florida Statutes, as amended.

ARTICLE 5
ADDITIONAL SERVICES AND CHANGES IN SCOPE OF WORK

5.1 The County or the Consultant may request changes that would increase, decrease, or otherwise modify the Scope of Work to be provided under this Agreement. Such changes must be in accordance with the procurement policies of the County and must be contained in a written amendment, executed by the parties hereto, with the same formality and of equal dignity prior to any deviation from the terms of this Agreement, including the initiation of any extra work.

ARTICLE 6
COUNTY'S RESPONSIBILITIES

6.1 The County shall furnish to the Consultant, as required for performance of the Consultant's basic services, all available data prepared by or the result of the services of others, including without limitation (as may be appropriate): building plans and related drawings, core borings, probings, and subsurface explorations, hydraulic surveys, laboratory tests, and inspections of samples, materials, and equipment, appropriate professional interpretations of all of the foregoing; environmental assessments and impact statements, appropriate professional interpretations of all of the foregoing; property boundary, easement, rights-of-way, topographic and utility surveys; property descriptions; zoning, deed, and other land use restrictions; and any other special data or consultations relating to this Project.

6.2 The County shall arrange for access to and make all provisions for the Consultant to enter upon public and private property as required for the Consultant to perform its services.

6.3 Within a reasonable time so as not to delay the services of the Consultant, the County shall examine all studies, reports, sketches, drawings, specifications, proposals, and other documents presented by the Consultant, obtain advice of an attorney, insurance counselor, or other Consultants, as the County deems appropriate, for such examinations and the rendering, if required, of written opinions pertaining thereto.

6.4 The County shall furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.

6.5 The County shall give prompt written notice to the Consultant whenever the County observes or otherwise becomes aware of any development that affects the scope of timing of the Consultant's services, or any defect in the work of the Consultant.

ARTICLE 7
CONSULTANT'S RESPONSIBILITIES

7.1 QUALITY OF SERVICES:

(a) The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished pursuant to this Agreement.

(b) To that end, the Consultant shall correct or shall revise, without additional compensation, any errors or deficiencies in its work product or shall make such revisions as are necessary as

the result of the failure of the Consultant to provide an accurate, more efficient product in its designs, drawings, specifications, or other services.

(c) The County's review/approval/acceptance of or payment for, the services required by this Agreement shall NOT be construed to operate as a waiver of any rights or of any cause of action arising out of the performance of this Agreement. Additionally, the Consultant shall be and remain liable to the County in accordance with applicable law for all damages to the County caused by the Consultant's negligent performance of any of the services furnished under this Agreement.

(d) The rights and remedies of the County provided for under this Agreement are in addition to any other rights and remedies otherwise provided by law.

ARTICLE 8
GENERAL PROVISIONS

8.1 OWNERSHIP OF DOCUMENTS:

(a) Drawings, specifications, design, models, photographs, reports, surveys, and other data, including intellectual property of any type or description, produced by the Consultant in connection with this Agreement are and shall remain the property of the County whether the Project for which they were made is completed or not. Such ownership also shall include any electronic files developed or created of such documents.

(b) When such documents are provided to other parties, the Consultant shall ensure return of the County's property by collecting, if appropriate, a deposit equal to the cost of reproduction. Such deposit shall be returned if the documents are timely returned in a useable condition. Otherwise, such deposit shall be retained by the Consultant.

8.2. TERMINATION:

(a) This Agreement may be terminated by either party for cause, or by the County for convenience, upon fourteen (14) days written notice by the terminating party to the other party of such termination in which event the Consultant shall be paid its compensation for services performed to termination date, including all reimbursable expenses then due or incurred to the date of termination.

(b) Termination for cause shall include, but not be limited to, misuse of funds, fraud, lack of compliance with applicable rules, laws, regulations, and ordinances, and failure to perform in a timely manner any provision of this Agreement.

(c) In no event shall a termination for convenience by the County be deemed a default, and any such termination shall not subject the County to any penalty or other claim for damages. If the Consultant abandons this Agreement or causes it to be terminated, the Consultant shall indemnify the County against any loss pertaining to this termination up to a maximum of 1.3 times the full contracted fee amount of the Project. All finished or unfinished documents, data, studies surveys, drawings, maps, models, photographs, and reports prepared by the Consultant shall become the property of the County and shall be immediately delivered by the Consultant to the County.

(d) Vendor suspension or debarment proceedings brought by County pursuant to Chapter 46, Article II, Division 2, Section 46-102, Escambia County Code of Ordinances, shall be grounds for immediate termination of this Agreement.

8.3 RECORDS:

(a) The Consultant shall keep such records and accounts and shall require any subcontractors to keep records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to this engagement and any expenses for which the Consultant expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by the County and shall be kept for a period of three (3) years after the completion of all work to be performed pursuant to this Agreement. Incomplete or incorrect entries in such books and records will be grounds for disallowance by the County of any fees or expenses based upon such entries.

(b) The Consultant acknowledges that this Agreement and any related financial records, audits, reports, plans, correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes, as amended. Consultant shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Consultant shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Consultant agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Consultant fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any right or remedy and after giving the Consultant and its surety, if any, seven (7) days written notice, during which period the Consultant still fails to allow access to such documents, terminate the employment of the Consultant. In such case, the Consultant shall not be entitled to receive any further payment. Reasonable terminal expenses incurred by the County may be deducted from any payments left owing the Consultant (excluding monies owed the Consultant for subcontractor work).

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

8.4 CONFLICT OF INTEREST. Consultant agrees it shall not contract for or accept employment for the performance of any work or service with any individual, business corporation, or government unit that would create a conflict of interest in the performance of its

obligations under this Agreement. Consultant further agrees it will neither take any action nor engage in any conduct that would cause any County employee or official to violate the provisions of Chapter 112, Florida Statutes, relating to ethics in government. Consultant also agrees to comply with the County's ordinance prohibiting conflicts of interest among retained consultants, provided that the Consultant has disclosed the potential conflict of the consultant *Weitzman Associates* by letter to the County dated as of July 15, 2019, and the County hereby approves proceeding with *Weitzman Associates* in its current role in the team notwithstanding such potential conflict.

8.5 NO CONTINGENT FEES: The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Consultant any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate the Agreement without liability and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

8.6 SUBCONTRACTORS: The County approves the use of subcontractors by the Consultant. In the event the Consultant, during the course of the work under this Agreement, requires the services of any subcontractors or other professional associates in connection with services covered by this Agreement, it must secure the prior written approval of the County for employment of such subcontractors.

8.7 ASSIGNMENT: This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the Consultant, without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

8.8 HOLD HARMLESS AND INDEMNIFICATION OF COUNTY:

The Consultant agrees to hold harmless and indemnify the County and its agents, officers, and employees from all liabilities, damages, losses, and costs, including attorneys' fees and paralegals' fees, incurred by County to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm, or corporation to whom any portion of the performance of this Agreement is subcontracted to or used by the Consultant, or by any other person for whom the Consultant is legally liable. Consultant's obligation as provided herein shall be limited to its proportionate share of liability to the extent caused by the negligence, recklessness or intentional wrongful misconduct of Consultant or by any person, firm or corporation to whom any portion of the Work is subcontracted by Consultant, and Consultant shall not be required to indemnify and hold harmless County where County's negligence, recklessness, or intentional wrongful misconduct is determined by a court of competent jurisdiction to be the sole cause of its liabilities, damages, losses and costs, including attorney's and paralegal fees.

County and Consultant agree one percent (1%) of the Contract Amount paid by County to Consultant shall be given as separate consideration for this indemnification, and any other indemnification of County by Consultant provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Consultant by Consultant's acceptance and execution of the Agreement.

Consultant agrees that such indemnification by the Consultant relating to any matter which is the subject of this Agreement shall extend throughout the term of this Agreement and any statutes of limitations thereafter. The Consultant's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

8.9 INSURANCE. The Consultant is required to carry the following insurance:

(a) Commercial General Liability with $1,000,000 minimum per occurrence, including coverage parts of bodily injury, property damage, broad form property damage, personal injury, independent contractors, blanket contractual liability, and completed operations.

(b) Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles.

(c) Professional Liability coverage with $1,000,000 minimum limit, except where the estimated construction contract price for the project described in the Agreement is greater than $5 Million dollars, the minimum limit of professional liability coverage shall be equal to 25% of the estimated construction contract price for the project. Said coverage shall be continuously maintained and in effect for a period of not less than **five (5) years** from the effective date of this Agreement. The policy limit of liability shall not include legal fees and other defense costs. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the effective date of this Agreement and shall not be advanced.

If at any time during the aforementioned policy period there should be a cancellation, non-renewal, or lapse in coverage, professional liability coverage shall be extended for the remainder of the five year period with a supplemental extended reporting period (SERP) endorsement to take effect upon expiration of the policy period referenced above. The limits of liability applicable to the SERP coverage shall be equal to the limits of liability applicable to the policy referenced above and to which the endorsement attaches.

(d) Florida statutory workers' compensation and employers' liability with employer's liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease.

(e) It is understood and agreed by the parties that in the event that the Consultant consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

(f) Consultant agrees all liability coverage shall be through carriers admitted to do business in the State of Florida. Certificates of insurance shall be provided to the County prior to commencement of work hereunder. Certificates shall reflect the additional insured status of Escambia County and shall provide for a minimum of thirty (30) days notice of cancellation. Escambia County and the Board of County Commissioners also shall be the certificate holders.

8.10 REPRESENTATIVE OF COUNTY AND CONSULTANT:

(a) It is recognized that questions in the day-to-day conduct of the Project will arise. The Contract Administrator, upon request by the Consultant, shall designate and shall advise the Consultant in writing, persons to whom all communications pertaining to the day-to-day conduct of the Project shall be addressed.

(b) The Consultant shall inform the Contract Administrator in writing of the representative of the Consultant to whom matters involving the conduct of the Project shall be addressed.

8.11 ALL PRIOR AGREEMENTS SUPERSEDED:

(a) This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or Agreements whether oral or written.

(b) It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

8.12 TRUTH-IN-NEGOTIATION CERTIFICATE: The signing of this Agreement by the Consultant shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such contract adjustments shall be made within one (1) year following the end of this Agreement.

8.13 HEADINGS: Headings and subtitles used throughout this Agreement are for the purpose of convenience only, and no heading or subtitle shall modify or be used to interpret the text of any section.

8.14 GRATUITIES: Neither the Consultant nor any of its employees, agents, and representatives shall offer or give to an officer, official, or employee of the County gifts, entertainment, payments, loans, or other gratuities. The Consultant acknowledges knowledge of the State of Florida's ethics statutes and to the extent applicable to the Consultant, the Consultant agrees to abide with such statutes.

8.15 NOTICE. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: DPZ CoDESIGN, LLC
Attention: Galina Tachieva
1023 Southwest 25th Avenue
Miami, Florida 33135

To: Escambia County, Florida
Attention: County Administrator
221 Palafox Place
Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

8.16 SURVIVAL: All other provisions which, by their inherent character, sense, and context are intended to survive termination of this Agreement, shall survive the termination of this Agreement.

8.17. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

8.18 ENTIRE AGREEMENT. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Consultant acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

8.19 INTERPRETATION: For the purpose of this Agreement, the singular includes the plural and the plural shall include the singular. References to statutes or regulations shall include all statutory or regulatory provisions consolidating, amending, or replacing the statute or regulation referred to. Words not otherwise defined that have well-known technical or industry meanings, are used in accordance with such recognized meanings. References to persons include their respective permitted successors and assigns and, in the case of governmental persons, persons succeeding to their respective functions and capacities.

(a) If the Consultant discovers any material discrepancy, deficiency, ambiguity, error, or omission in this Agreement, or is otherwise in doubt as to the meaning of any provision of the Agreement, the Consultant shall immediately notify the County and request clarification of the County's interpretation of this Agreement.

(b) This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

8.20 SEVERABILITY: The invalidity or non-enforceability of any portion or provision of this Agreement shall not affect the validity or enforceability of any other portion or provision. Any invalid or unenforceable portion or provision shall be deemed severed from this Agreement and the balance hereof shall be construed and enforced as if this Agreement did not contain such invalid or unenforceable portion or provision.

8.21. COMPLIANCE WITH LAWS. Consultant agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including but not limited to properly registering as a lobbyist for representation of the County with the appropriate governmental entities as well as making all necessary lobbying reports in a timely manner to the proper authorities.

8.22 EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

8.23 PARTICIPATION IN OTHER PROCEEDINGS: At the County's request, the Consultant shall allow itself to be joined as a party in any legal proceeding that involves the County regarding the design, construction, or installation of any matter which is the subject of this Agreement. This provision is for the benefit of the County and not for the benefit of any other party.

8.24 FURTHER DOCUMENTS: The parties shall execute and deliver all documents and perform further actions that may reasonably necessary to effectuate the provisions of this Agreement.

8.25 NO WAIVER: The failure of the Consultant or the County to insist upon the strict performance of the terms and conditions hereof shall not constitute or be construed as a waiver or relinquishment of any other provision or of either party's right to thereafter enforce the same in accordance with this Agreement.

8.26 ANNUAL APPROPRIATION. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

8.27 EFFECTIVE DATE. The Effective Date of this Agreement shall be the date last executed by the parties hereto.

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the respective dates under each signature:

COUNTY:
ESCAMBIA COUNTY, FLORIDA, a political subdivision of the State of Florida acting by and through its duly authorized Board of County Commissioners.

By: _____

Escambia County, Florida

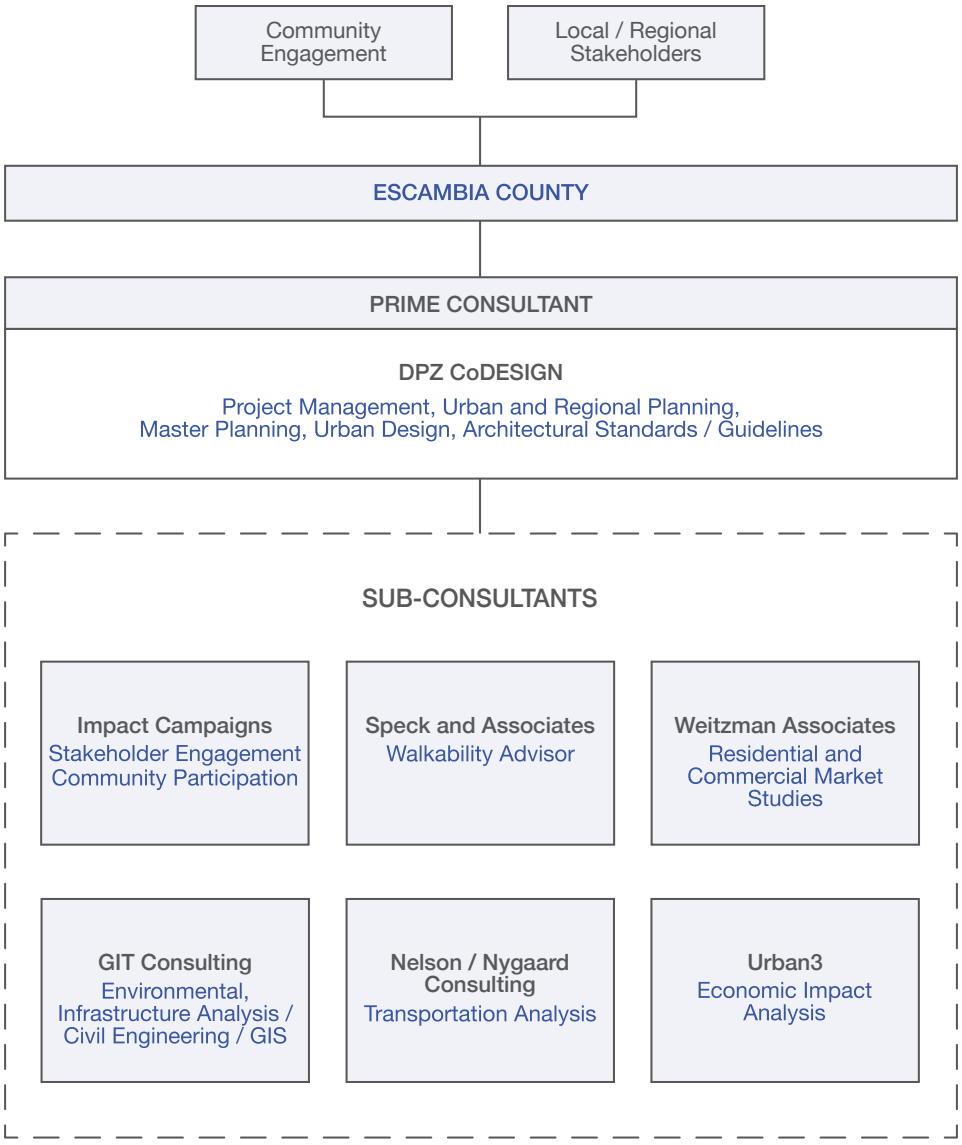
Re: OLF-8 MASTER PLAN SCOPE
ESCAMBIA COUNTY, FL

Dear Paul,

Thank you for invitation to submit an outline of our proposed scope. The following information expands on our initial Letter of Interest and subsequent responses to your clarification questions. We would be very happy to discuss and/or expand on any points as necessary.

Project Management and Communications

DPZ will be responsible for overall project management and coordination of sub-consultants. DPZ has exercised due diligence to confirm we have both the capacity to perform this scope of work and complete the project within the scheduled 9 months.



In executing the project DPZ will deploy agile project management techniques. The use of short feedback loops with the County will maintain open communication and ensure the team works to the expected budget, timeline, and scope. DPZ will work with the County to identify and monitor any potential project risks and ensure any issues that do arise are managed effectively.

The overall scope has been broken down into individual work packages for each consultant working on the project. The following organizational chart and responsibility matrix outlines how the delivery and timing of work packages will be coordinated by DPZ. A compact, flexible and efficient team is deployed to complete each phase quickly and professionally.

DPZ will also hold project meetings with County staff at various points, to be agreed. To be effective with time and resources these will include a combination of in-person meetings and conference calls (particularly for the more regular short focused updates with County staff). The Team will also establish a coordination mechanism with representatives of related ongoing projects, studies, and planning efforts.

DPZ CoDESIGN

DPZ CODESIGN

PHASE I: ASSESSMENT & ANALYSES

1.1 Project Kick-Off Workshop and Site Tour'

The DPZ team will conduct a Project Kick-Off 2-day workshop with the County's Project team, other identified decision-makers, and other invited participants / stakeholders to discuss the project history, prior planning efforts, and other technical studies; to discuss an overview/general analysis of area, current zoning, and entitlements; and to review and comment on possible development programs, elements mix, proximities, and market demand.

The work session shall also include the clarification of Project goals and objectives, including community engagement strategies; a review the Project design approach; a discussion of any needed refinements to the scope of work and schedule; and the establishment of protocols as outlined above in the Project Management and Communications scope of work.

Deliverables: Finalized Project Work Plan and Schedule, Finalized Process and Deliverables

The Impact Campaigns team will work with the County in identifying, and contacting key stakeholders to participate in the kickoff meeting.

OPTIONAL: Create and manage stakeholder focus group.

The Impact Campaigns team will work with the County to identify, manage, and utilize a small focus group of stakeholders to provide input and feedback throughout the planning process. Meetings would take place every two weeks during the project and feedback integrated into planning effort.

Last but not least, the kick-off meeting will include a review of the available Project base information including those prepared by the County and/or the County's third-party consultants, and the subsequent identification of data gaps to be remediated. With this purpose in mind, GIT, Weitzman and Nelson\Nygaard (N\N) will attend the kick-off and use it to start meeting stakeholders and gathering data as indicated below:

- Gather any market relevant data from the County.
- Review preliminary transportation, civil and environmental engineering information for the site and vicinity.
- Determine data needs and accessibility, summarize information related from similar projects related to transportation, civil and environmental infrastructure optimized for best environmental performance.
- Conduct a meeting with the Project Team and Client to discuss and refine tasks, and gathering of spatial data needed for the site analysis

A Project Site Tour also will be conducted as part of the Project Kick-off.

DPZ CODESIGN

1.2 Gather and Assess Existing Conditions Analysis

The DPZ team will work with the County (and as appropriate, other pertinent entities) to identify relevant planning studies, reports, and development proposals (e.g. prior/current plans by the various pertinent developers, the County's Regulatory Framework, and any other prior/current master plan studies and reports), policy documents (e.g. the local Zoning Map and regulations), and potential research data for use in the master planning process.

DPZ will review these studies and plans, the local ordinances and codes, and any other applicable documents. DPZ, with assistance and provision from the County, will also begin collating the base plan information needed for the physical planning and design. The items below are among the other materials and data the DPZ team will collate and format, with assistance from the County:

- Base maps (GIS/CAD), aerial photography, eye-level site photos, and other pertinent digital survey information at the regional and local scales, of the Four Corners site/s and the surrounding context;
- Current regulatory context: land use regulations, municipal policies, and other regulations affecting the town center development and its environs;
- Civil works/utilities data, impact assessments, and other studies for the site and its context; proposed municipal capital improvements and civic infrastructure projects;
- Other reports and datasets pertinent to OLF-8 site and prepared as part of previous planning efforts, as well as documentation of local and regional precedents of development; and
- Other approved development plans and proposed capital improvements in pertinent neighboring areas.

GIT will:

- Obtain available civil and environmental infrastructure data from County;
- Review work to date and existing reports, geotechnical, environmental, water resources, climate change, for the site and adjacent neighborhoods; and
- Provide analysis of the existing conditions, assess limitations for development and provide a series of maps which indicate site features.

Deliverable: Provide a GIS database with data collection for data relevant for the site and the immediate adjacent neighborhoods

Nelson\Nygaard will support the team to ensure that transportation considerations are reflected in the existing conditions analysis. This support will include review and recommendations of drafts produced by the team, as well as development of maps and other materials for inclusion in other draft elements.

Urban3's Economic Impact Analysis will help the community realize the power of data-driven planning. The 3D economic modeling techniques capture the true value of infill and present it visually, empowering the Design Team to be surgical in recommendations for future growth and development on the OLF8 site. Urban3's method will allow the County to further understand the current and future fiscal

landscape of the new development within and surrounding the OLF8 site.

Urban3's analytic method focuses on the Per Acre metric as a unit of productivity. After all, cities and counties are finite areas of land, and how that land is used has a direct effect on the long term fiscal health of the community. This metric normalizes overall revenues and tax values into a direct comparison, utilizing land consumed as a unit of productivity.

Urban3's analytic method focuses on normalizing tax values on a per-acre basis. To perform the analysis, the project analyst will make an initial 2 day site visit. They will arrange this visit when other team members will be in the County, ideally. The analyst will procure data, connect with key members of the City team to field data questions, as well as make site visits to key properties around the County, as well as the OLF8 site area.

*(Note: The DPZ team will rely on the completeness and accuracy of the Project base information available to date and shall not be responsible for updating and/or correcting such information. A full, itemized list of Project information/base materials that DPZ typically requires for its planning and design work shall be provided upon contract award.)

Following the collection of the above materials an analysis of the Land Use and Physical Character; Environmental Concerns, Civil Works/Utility Infrastructure, Transportation and Parking; and Market and Fiscal Considerations will be undertaken and recommendations captured.

For this project Jeff Speck, Walkability Advisor, will provide peer review, a public lecture, and advise on multi-modal transport considerations. Along with DPZ, Jeff Speck will begin by reviewing all the Existing Conditions Analyses in order to properly understand the development potential context.

1.2.1 Land Use and Physical Character Analysis

DPZ intends organizing the land use and physical analysis in three parts:

Land Use and Development - Existing land uses and development patterns on the site and its environs, including, without limitation, retail, commercial, office, residential, parking, vacant/underutilized, open space/park, government, religious, educational, medical, recreational and other uses;

Organizational and Regulatory Context - City/County codes, policies, regulations and ordinances affecting development in the project area, for the purposes of assessing the effectiveness and impacts on investment and development. This review will be undertaken in light of anticipated broad-brush goals and objectives of the project and the overall parameters of the proposed code, forming the basis of recommendations for proposed amendments to regulations; and

Form and Character - The natural and built environments, focusing on the form, scale, and character of existing and planned development, historic areas and/or buildings; review of architectural syntax; adjacent building stock

DPZ CODESIGN

review; streets/streetscapes (including landscaping and hardscaping, e.g. street furniture, signage, and lighting); edge conditions; and areas of connection and public spaces.

1.2.2 Civil and Infrastructure Analysis

GIT will conduct a Civil and Infrastructure Analysis to:

- Obtain and review information about local conditions which to optimize developable areas for a desired range of objectives.
- Coordinate digital data needs and requirements with Project team
- Review existing Soils and subsurface investigations (soil maps, borings)
- Review Topography, slopes and existing natural features
- Review existing records for flooding, erosion
- Summarize Existing infrastructure (power lines, roads, pipelines) in Project vicinity
- Review Floodplain maps, regional and site subsurface and surface hydrology
- Review Wetlands within project, and in vicinity

Deliverable: Provide a narrative of findings and GIS database with data collection for the civil infrastructure and environmental features within Project Site and the adjacent neighborhoods

1.2.3 Environmental Analysis

GIT will conduct a Environmental Analysis to:

- Research existing environmental conditions and permits for the site and site vicinity
- Review Community's Comprehensive Plans, Land Use and Vegetation maps
- Identify resource constraints that may affect the natural environment or Project viability.
- Review pre-existing hydrology and any limitations to urban development related to stream flow, water bodies, water quality, natural drainage, buffer zones and wetlands which may add constrains to the urban plan.
- Review State, regional and local constraints, and Community's zoning ordinances

Deliverable: Provide a narrative of findings and GIS database with data collection for environmental features within Project Site and adjacent neighborhoods

1.2.4 Transportation Analysis

Nelson\Nygaard will lead the transportation analysis, which will consist of obtaining and analyzing information about the existing and planned transportation systems in the vicinity of OLF-8 and the region; identifying and collecting additional data as required; mapping and other technical documentation; and specification of future

transportation analyses in conjunction with County and other transportation stakeholders.

Nelson\Nygaard (N\N) will review available data sources for potential use in this analysis. Informed by that review, if necessary they will conduct a site visit to collect daily and peak-hour vehicle traffic volumes as well as peak-hour vehicle turning counts. N\N will inventory general conditions of sidewalks, roadway conditions, intersection crossings at adjacent intersections, bicycle facilities, and transit stations/stops. A general assessment of gaps in the pedestrian and bicycle network and/or deficiencies at any transit stations/stops will be conducted. Nelson\Nygaard will collect traffic and transportation data in accordance with County and FDOT methodology and standard assumptions in the identified study area.

Nelson\Nygaard will describe and present graphically the analyses of existing conditions and performance for travelers using all modes. This will include appropriate quality of service measures for studied intersections and roadways; such as:, vehicle-delay level-of-service (LOS) and/or multi-modal LOS or other measures.

> Optional: If required for complete analysis, Nelson\Nygaard may contract with specialty data collection firms to obtain street network and travel condition data. Nelson\Nygaard will obtain written permission from DPZ CoDESIGN before conducting primary data collection.

1.3 Conduct Market and Fiscal Analysis

In addition to the above Development Diagnostics, the DPZ team shall work with our sub-consultants to prepare a detailed Market and Fiscal Analysis for OLF-8. The development challenges facing OLF-8 will include not only creating a vibrant, livable place in form, but also directing and leveraging that growth and its resulting income into economically efficient development, while still maintaining / coordinating a carefully envisioned character. At its core, meeting these varied challenges is a function of economics.

1.3.1 Market Analysis

The intent of the marketability analysis conducted by Weitzman Associates (WA) is to examine all potential uses that could be included within the project, and determine which may be most viable given sufficient detailed market research. The analysis will include a minimum of now trip to the site ad market area. Through this process, WA will identify gaps or areas of insufficient supply in the market that may be exploited for maximum viability at the project site.

A. Property Analysis

WA will begin their highest and best use analysis by analyzing the physical site and its situation within the market. WA will evaluate the physical characteristics of the development site comprising the property and its immediate environment in order to establish its competitive position within the broader Pensacola area market. WA will analyze those factors which influence the marketability of various uses at the development to include:

DPZ CoDESIGN

- the physical situation of the site within the market, and potential exposures and access points that may contribute to a marketable site plan and general massing of a mixed-use development at the property;
- proximity to major complementary destinations such as shopping, employment nodes, cultural facilities, public and private schools, etc;
- the impact and compatibility of adjacent and nearby land uses;
- community and area image;
- the quality of public and private services;
- views and visibility;
- access and modes of transportation (both public and private) and the impact of infrastructure needs; and
- visibility, among other important considerations.

In this phase, WA will consider the potential massing or density of various uses at the site, any restrictions or limitations on these uses, and other design considerations informed by the planning process. WA will seek to understand some degree of ingress/egress and other logistical features, and the size of the project and its potential components given constraints on the site. Our collaboration with the broader team will inform our determination of the marketable mix of uses that can be accommodated by the site, and will be refined further in our second phase of work.

B. Economic and Demographic Analysis

In order to support their understanding of the context within which new development uses can be feasibly built at the site, WA will prepare a brief analysis of the economic health of the relevant market and trade areas, and the metropolitan area, and the outlook for job creation and continued economic vitality during the foreseeable future. WA will highlight and discuss major economic influences that will be likely to affect new residential and commercial development at the project site during the coming years. WA's demographic analysis will document the critical population, household, and income trends necessary to understand the demographic-based development opportunities in the relevant market area. WA will undertake residential and commercial demand analyses based upon demographic-based housing demand, consumer expenditures, and hospitality trends.

C. Residential Rental Apartment and For-Sale Housing Market Analysis

WA will define the primary housing submarket and its direct competition; the housing market analysis will address trends in the competitive market area and throughout the relevant market area. WA will analyze housing market growth patterns to include a survey of selected residential apartment and for-sale communities to determine resident profiles, rent and price structure, amenities, home design, product features, location, and the types of homes that appear to be achieving the highest level of market acceptance in the residential markets. WA's field survey of selected residential communities will include the following information, where available:

- Existing Residential Developments
- Name / Location / Age / Developer
- Total units / Housing Types / Unit mix

DPZ CODESIGN

- Rent and price range / Rent and price per square foot
- Absorption rate (since opening date and during past 6 months if available)
- Product features, amenities, and services
- Tenant and purchaser profile

WA will analyze historical trends in construction, absorption, vacancy, and rents plus address the historic profile of the user of housing within the relevant submarkets.

WA will analyze competitive or comparable rental apartment projects under construction or planned within the market area. Our survey will include the following, where available:

- Proposed Residential Apartment and Condominium Construction
- Project name / Location / Developer
- Development status / Number of units / General project characteristics
- Projected rents and prices
- Competitive position

D. Hotel Analysis

The hotel market analysis will focus on the depth of the market for hospitality facilities at this site. Specifically, it will determine the projected demand for this type of space from the local area and beyond. This analysis will require a review of the current performance of the existing competitive set as well as an analysis of current and potential demand generators.

WA will analyze the hospitality industry from the perspective of (a) a potential hotel's competitive set, and (b) the overall Pensacola area market, to determine the overall health of the market applicable to this project.

WA will analyze the existing product segmentation and brand segmentation that currently exist in the marketplace in order to determine opportunities for a hotel to capture market share.

WA will conduct interviews with selected managers of the competitive facilities, as well as other industry professionals, to gauge their opinion on the depth of the market for hotel rooms, as well as to better understand the operation of their facilities. The interviews will focus on historic demand, the status of the existing supply, marketing methods, proposed renovations/expansions and a discussion of the primary and secondary demand generators.

WA will analyze the current and historical operating figures for existing hotels in the market, as well as industry trends for properties in the Pensacola area.

The final phase of our research will focus on similar projects that are under development or proposed in the competitive market area. We will identify the developer, the type of proposed facility, the amenity package and the development status of the project.

Our market analysis will conclude with a "fair share analysis" that will provide you

DPZ CODESIGN

with data concerning the projected primary and secondary demand generators for the property along with the projected average daily rates and anticipated market share for each segment of demand (i.e. leisure, group, business, transient, etc.).

This analysis will assist us in determining the optimum number of hotel rooms that should be incorporated into the development.

E. Retail, Office and Industrial Market Analyses

This component to the study will analyze the key economic and market variables that influence the demand for retail, office, and industrial space at this location. This will include:

- An overview of existing and recent retail, office and industrial developments by type.
- An evaluation of existing and proposed retail, office and industrial development in the relevant market area - focusing on development in, or near, the immediate neighborhood - within regard to market location, positioning, target segment, tenant profile, physical space characteristics and property characteristics such as:

  - Total gross leasable area
  - Asking and actual rental rates by type of uses / vacancy rates
  - Source of demand and absorption history
  - Competitive position in the market area / transit orientation
  - Physical configuration (depth, ceiling heights, fenestration, access, loading facilities and structural elements, etc.)

An analysis will be prepared of retail, office and industrial space that is under construction and planned in order to better understand the state of equilibrium in each market.

Based upon supply and demand considerations, the competitive position of the property, and the results of the above analysis, WA will:

- Establish the competitive position of the project as a location for a successful retail, office and industrial uses, including whether there is the potential to develop specialty retail, medical office space, and/or specialty research and development or manufacturing facilities;
- Evaluate the depth of the market for retail, office and industrial space at this location;
- Identify the specific retail and commercial space features required to attract tenants to this location.

F. Initial Program Recommendations

Based upon our marketability analysis, WA will recommend the appropriate number of units, unit types, unit sizes, tenant sizes and types of commercial space, hotel rooms and meeting and conference facilities, as applicable, to be incorporated into the project's working plan. This initial program recommendation will be used to inform the planning effort, and will include the following specific conclusions and

DPZ CoDESIGN

recommendations, among others:

- Estimate the optimal timing and phasing of the development process;
- Estimate the residential rents and/or sale prices, commercial rents, and hotel revenues, as applicable;
- Estimate the length of time it will take: (1) to lease-up or sellout each component to the project; and, (2) reach stabilized hotel, commercial and residential occupancy, as applicable;
- Analyze the improved marketability from the synergy in recommended uses created at the proposed development;
- Identify the primary target markets for the various uses recommended at this location, and estimate the depth of demand for each use; and
- Identify and recommend the features, finishes, services and amenities that need to be incorporated into each use component in order to ensure the success of the proposed development program, based on optimum absorption and revenues.

Throughout the process of completing our initial study, WA will collaborate with the DPZ team in support of defining the other factors that will determine the master plan, such as the exploration of stakeholder interests, planning challenges, economic or fiscal benefits or challenges, and infrastructure considerations. While WA's initial marketability study will incorporate early consideration of these factors, and provide a framework for the marketable product features that are supportable at the site, WA's ongoing collaboration with the project team will enable the marketability study to be refined during the second phase of work to reflect the planning realities, once determined.

WA will revisit the original marketability study of the site after the development scenarios have been explored. WA's work in this phase will include the following:

- Update and adapt all market research to the working plan for the project, as informed by the public process, stakeholder engagement, physical planning realities, and other factors that will not have been fully established prior to the completion of our original study.
- Adopt the working master plan as a framework to make updated and specific recommendations related to project features, product mix and phasing, as well as the overall vision for the market strategy that can be deployed in order to support the strongest possible performance of the project.
- Provide master-plan-specific revenue, absorption, and phasing assumptions that can be utilized in development proformas and financial projections by various stakeholders, including prospective development partners.

OPTIONAL: FOCUS GROUP RESEARCH

At the client's discretion, WA will conduct focus groups to further explore the development of the project's residential, hospitality and commercial offerings. The number of focus groups and the content will be determined based upon the needs of the client and the planning process. Focus groups may explore a variety of issues related to the prospective development, and

DPZ CODESIGN

will provide additional qualitative feedback from market participants that can aid both the planning and underwriting process. Often, focus groups explore lifestyle tastes, with the discussion directed at the types of design features, on-site amenities, quality, services, proximities, parking facilities, and type of entertainment and recreation that the market may find acceptable or would desire as part of a project.

WA will develop a specific scope for this optional focus group research in collaboration with the project team and the client.

Each focus group will be facilitated with a slide presentation to guide the discussion, explore style tastes, and to spur topics of discussion. Each group will also be asked to complete a written questionnaire, the results of which will be analyzed to determine more objectively where the participants' opinions may have the greatest impact on product design and pricing. Often, focus group participants are reluctant to offer genuine opinions in front of their co-participants, and a written questionnaire is a helpful gauge to compare specific responses with the more subjective feedback obtained during the guided discussion session.

1.3.2 Economic Impact Baseline Analysis

Urban3's work will be executed in coordination with related projects tasks on which Urban3's deliverables are dependent. Their core process is broken into two phases. First, parcel data with ownership, tax values, exemptions, and building information is cataloged and processed. Many times, there are anomalies in Tax Assessor's files that misrepresent acreage amounts or allocate tax values across multiple semi-related parcels. The team will dedicate time to correcting and synthesizing different tax parcel data for the County.

Additionally, Urban3 will work with County staff to contact the Florida Department of Revenue in order to obtain sales tax data for the entire County. Urban3 has worked with several communities in Florida and across the country to obtain and map sales tax data at a spatially meaningful level, while still maintaining business' privacy. This data will inform how the potential new retail uses on the OLF8 site will contribute to the long term tax revenues of the County.

Following the data processing and analysis, analysts work with Mr. Minicozzi to storyboard all the findings. Over a period of days, staff conducts a deep dive into all the data outputs. From this, Urban3 will create a holistic economic story for the County, as well as the impacts of the design for the OLF8 development, upon the County's future municipal finances.

1.4. Define Public Engagement Plan

DPZ will work with Impact Campaigns and the County to prepare a detailed and meaningful public engagement plan. The focus of this effort will be an interactive Charrette supported by a range of innovative techniques that will both raise awareness and provide multiple opportunities for the community to input into the process. The plan will ensure that all feedback received will be carefully considered and help shape the overall goals of the master plan and detailed components of the

design.

The Public Engagement Plan will define the following tasks:

- Identify stakeholders and influencer groups - The Impact Campaigns team will identify Beulah area and countywide key project stakeholders, influencer groups, neighborhood associations, civic groups, and other community organizations to comprise the target audience for the public engagement effort. They will also work with the County to identify stakeholders outside of Beulah too.
- Develop and execute public engagement plan - The team will create and execute a public engagement plan for the duration of the project. Tactics for this plan may include media stories, online articles/blog content, social media posts, email outreach, at least 3 town-hall style meetings, (outside of the charrette), and other efforts required by the County.
- Build public engagement platforms - Impact Campaigns will develop the various platforms to house and distribute content for the public engagement effort. These platforms will include a project website, social media platforms, email lists and media contacts. It will also include a County-wide pre-charrette survey, up to a 15-minute questionnaire.
- Develop and distribute stakeholder input tools - The Team will create a survey instrument and platform to capture stakeholder and community input and feedback. This will be distributed digitally and in print during the project.
- Collect and analyze stakeholder data - Impact Campaigns will compile and analyze stakeholder data throughout the project. Data will be presented to the public, the media, and other stakeholders / influencer groups.

This will be coordinated with the County, but at a minimum should include: biweekly content and email updates, ongoing social media posts, FAQs, and project updates, publicizing all project deliverables and materials, 2-3 community and/or digital town-hall-style meetings, literature drops and/or direct mail to Beulah area residents and businesses, and earned media outreach.

Finally, Impact Campaigns will provide logistical and publicity support for presentations, including promotion and distribution to local media, citizen groups, and stakeholders.

Deliverables: Comprehensive Public Engagement Plan

OPTIONAL SCOPE: Perform pre-charrette direct-engagement phone survey to non-Beulah residents. As an additional scope option, the Impact Campaigns team will develop and field a telephone survey of out-of-area residents to solicit opinions and feedback prior to the design charrette.

1.5 Provide Urban Diagnostics Report

In addition to carrying out the Land use and Physical Character Analysis outlined above, DPZ will also oversee the delivery and review of all sub-consultant work packages relating to Market & Fiscal, Transportation, Environmental, and Civil/ Infrastructure Analyses. These early results will be collated into a comprehensive

Urban Diagnostics Report and provide the basis for the next 'Scenario Planning' phase.

GIT will develop information for the Civil and Environmental aspects of the report and provide a narrative for relevant sections, figures, diagrams and images supporting the report.

Nelson\Nygaard will also support the team by providing maps and other materials documenting the state, performance, and needs of the current and planned transportation system around OLF-8. It will include descriptions, diagrams, and analyses of regional and local roadways, transit facilities, and bicycle and pedestrian facilities, as appropriate.

Jeff Speck will review Urban Diagnostics Report in order to properly understand the design context.

Deliverables: Urban Diagnostics Report

PHASE II: SCENARIO PLANNING

2.1 Conduct multi-day Charrette

To accomplish the scenario planning phase we propose a charrette process to initially identify and examine various scenarios. An explanation of the Charrette process and its associated benefits has been included the Letter of Interest. The Charrette will be followed by a period of further evaluation, synthesis, and public engagement to allow the Master Plans scenarios to considered and developed further.

Additional workshop or town-hall style meeting outside of Beulah area - In addition to the community-focused charrette, the team will coordinate and host a secondary town-hall style public input meeting at some other location in the county, to ensure wider input into the project.

Pre-Charrette Preparations

Prior to the Charrette, DPZ and Impact Campaigns will work with the County on a Charrette schedule and an annotated Charrette agenda. The Pre-Charrette preparations shall also include the logistical planning for the Charrette including include arranging travel, accommodations, and local transportation for team members; and coordinating other Charrette requirements. Impact Campaigns will identify, secure, and set up the charrette venue, including any required AV or technical needs for the duration of the charrette. GIT will prepare GIS information required for the Charrette.

Deliverables: Charrette Schedule and Annotated Agenda, Charrette Logistics, and Charrette Manual

Pre-charrette community engagement campaign - The Impact Campaigns team will execute an additional public engagement effort specific to the charrette event, to

drive attendance and participation. This will include more public awareness tactics, earned media outreach, social media advertising, as well as organizational outreach to specific groups (PTAs, businesses, HOAs, etc.) to ensure stakeholder participation in the charrette.

OPTIONAL: Mass media pre-charrette promotional campaign - In addition to traditional media outreach, social media promotions, organizational outreach, we will also invest in paid media opportunities, including billboards, digital signage, radio and/or television ads or PSAs, and paid digital campaigns.

Scenario Planning Charrette

The Charrette will be a minimum of 5 days, excluding travel. The DPZ team, the County, other consultants, and local stakeholders (e.g development partners, members of the community), will assemble in a single location for the period of the Charrette. We assume a studio space could be provided by the County in proximity to the OLF-8 area and in a location convenient for Beulah community to participate. The DPZ team will set up a complete working office for that week and The Impact Campaigns team will assist with staffing and support for the design team during the charrette.

On the first day of the Charrette, a thorough briefing of site data and project planning/design parameters will be provided by the County. Initial planning/design goals for the OLF-8 development will be reviewed addressing *potential* uses, mix, and development intensity, height, form, and design character; and streetscape and public space design. Initial findings of DPZ and the consultants research will also be shared. The first afternoon/evening may also include a DPZ presentation on the findings of Phase 1 and to the specific conditions and opportunities of the OLF-8 site.

Jeff Speck will prepare and give a public lecture on the value of walkability and the impact of the walkability mandate on the design principles and practices being brought to bear on the project.

DPZ understands the importance of not bringing preconceived notions of development to the Charrette but to explore a full range of opportunities and alternatives. Interactive work sessions and themed meetings will be organized during the week in a manner so that various development scenarios and issues can be discussed and reviewed in a thoughtful and efficient manner and translated into Master Plan alternatives. Plan scenarios may include:

- Scenario A: What happens if you do nothing?
- Scenario B: What does the population at large want?
- Scenario C: What would the affected neighbors like or not?
- Scenario D: What is best for the municipality?
- Scenario E: What is the consultant's professional advice based on the ideas derived from these scenarios?

Other scenarios may be identified in consultation with the County and identified stakeholders. During the Charrette (and post Charrette) such scenarios will be analyzed with both a subjective set and an objective set of criteria. The subjective

DPZ CoDESIGN

analysis involves the evaluation of the merits and demerits of each scenario from a physical design and community standpoint. Meaningful community engagement will be interwoven throughout and input fed immediately into the design process.

In conjunction with the subjective work, an objective analysis will be undertaken that comprises the technical assessment of each scenario using sustainable and economic impact performance criteria. Together these two modes of analyses help prioritize and confirm the most appropriate models for development for accommodating the anticipated growth among the various scenarios.

Peter Bazelli and a project manager of Weitzman will attend the Charrette for two days minimum to present their findings to date. Urban3 will work with the Weitzman and the Design Team during public meetings to conduct a community education session on municipal finance. This will allow elected officials and community stakeholders to approach the Comprehensive Planning process with a fundamental understanding of the County's and the OLF8 site's current fiscal landscape. As they determine the vision for the future of their community, citizens will see how changes to the design of the site will affect their community's overall financial future.

Mr. Minicozzi and a project manager of Urban 3 will attend the charrette for 3 days, providing presentations on the County's current fiscal health to a variety of audiences. Additionally, Urban3 will provide the Design Team with printed poster boards of various building typologies from around the County, so that as stakeholders imagine a future for the OLF8 site, they will have a fundamental understanding of what different land uses and building types will create in long term sales and property tax revenues.

GIT will:

- Participate in the Charrette for 3 days minimum to provide engineering input to planners for the design process, participate in meetings and presentations and implement feedback
- Coordinate with planners the implementation of Civil and Environmental infrastructure including:
  - Maximizing pervious surfaces (green areas which are completely pervious):
  - Private realm - include privately accessible green areas
  - Public - include public open space, parks, green alleys
  - Substituting impervious surfaces with semi-pervious surfaces where possible
  - Private - include privately accessible alleys
  - Public - include thoroughfare for light and pedestrian traffic
  - Reducing the impervious surfaces
  - Roads for heavy vehicular traffic,
- Develop Civil and Environmental plans with emphasis on preservation of hydrology and environment, Stormwater management, flood mitigation, water treatment and other relevant civil infrastructure

Deliverable: Provide project narrative, and a set of GIS and CAD plans for civil infrastructure

DPZ CoDESIGN

The Nelson\Nygaard team will prepare for and participate in the design charrette, for up to 5 days. At the charrette, N\N will prepare and present on topics related to transportation/circulation and assist with land-use options, covering topics such as complete streets design concepts, street network layout, multimodal access, at-grade crossings and safety treatments, transit route and facility improvements, bicycle connectivity and pedestrian facility plans, on- and off-street parking management, and policy planning related to traffic impacts, vehicle miles traveled (VMT), and parking requirements for new developments, as appropriate.

The Nelson\Nygaard team will work hand-in-hand with DPZ staff and team to develop conceptual designs during the charrette; providing guidance and Best Practice approaches to street elements, infrastructure treatments, and user access, mobility, and safety for all modes. We will also engage community stakeholders and obtain critical information pertaining to project vision and goals as well as understand key challenges and opportunities with respect to transportation and mobility for the project environs and specifically, existing and future users. The N\N team will also collaborate with Jeff Speck in proposing best practices for walkability.

The Charrette will conclude with the presentation of draft multiple master plan options, together with a concise set of illustrative and supporting diagrams that will be further assessed and refined in the subsequent weeks.

Deliverable: PowerPoint and/or PDF of the raw Charrette production

2.2 Develop Master Plan Scenarios

In the weeks following the charrette the team will further develop multiple illustrative Master Plans based on the identified scenarios and shall depict the disposition of the OLF-8 development. At a broad level each of the Plans will address land uses; general locations for private and public tracts; surface infrastructure, access and circulation; proposed massing and form; the schematic delineation of other design features and the surrounding context. Initial Yield Calculations and Other Take-Offs/ Plan Metrics for the Master Plans Willa also be included.

Jeff Speck will review all master plan options in order to participate in choosing among them.

The project will be built on a greenfield with relatively flat topography and minor variations of elevations, including wetlands, and different extent of vegetation. The development can potentially modify the natural surface flow patterns (drainage), and additional consideration of preserving the surface and subsurface hydrological patterns will be taken into consideration. GIT will advise on consideration of distributed storage components and a series of natural stormwater features (rain gardens and similar infrastructure) to provide treatment prior to discharges in the water bodies downstream. GIT will guide the urban plan to incorporate a system of green infrastructure which will preserve the natural hydrology by increasing the aquifer recharge, maintaining the storage on site, and minimizing the stormwater runoff.

The Civil and Environmental Engineering aspects will be developed in coordination with the DPZ team to ensure aesthetic and appealing form of engineering infrastructure. Green areas will be developed to preserve the hydrologic connectivity

DPZ CODESIGN

between urban and natural zones. GIT, in collaboration with DPZ will propose a series of green corridors and a variety of green Infrastructure and light Imprint components to maximize the effects of green Infrastructure and minimize any environmental impacts. GIT will advise on the implementation of a green infrastructure system of distributed ponds, storage, infiltration and channeling green components along the natural drainage paths to provide the required compensation for the built and paved areas which will be introduced. For this project a set of relevant Light Imprint and Green Infrastructure tools will be proposed.

Nelson\Nygaard will support the DPZ team in distilling results from the charrette into a set of master plan options for further assessment. This support will include transportation analysis, design advice, guidance on connectivity to support transportation choices, and other aspects of the transportation system as discussed in Task 2.1 above.

In addition, N\N will conduct analyses as requested to quickly assess feasibility of master plan options to ensure all options perform from the perspective of basic transportation function.

The Impact Campaigns team will review the preferred plan(s) and support public awareness of the plan direction.

2.3 Evaluate and Synthesize Plans

This period provides an opportunity to evaluate and synthesize the Plan alternatives, as well as carry out a detailed assessment of the environmental, transportation, infrastructure and economic impacts by DPZ and sub-consultants.

2.3.1 Assess Civil and Infrastructure Impacts of Plans

GIT will assess Civil & Infrastructure Impacts of the Master Plan scenarios by performing the following tasks:

- Conceptualize the implementation of Green Infrastructure as environmental and cost-efficient strategy for the Project
- Develop Green Infrastructure overlays and plans, and proposed land use maps. The Green Engineering Overlay is based on the master plan and includes:
  - Review Existing Stormwater Requirements as mandated by the local ordinances;
  - Provide detailed Plan, drawn to scale and rendered in color, which shows the optimal Green Engineering tools, optimal build-out and road layout;
  - Provide an annotated Green Engineering Overlay Plan identifying the various paving, channeling, storage and filtration tools for mitigating stormwater;
  - Provide a series of Diagrams in black and white, or color of the catchment drainage areas, diagrams of conventional and green stormwater infrastructure.
- Make recommendations on initial grading of the site optimized for green infrastructure, including green areas within and outside of the Right of Way, semi-pervious areas which are for light traffic, areas for the major

DPZ CODESIGN

traffic within the site, impervious surfaces including roads and building footprints, semi-pervious areas with public access, including light traffic roads, sidewalks, parking areas and other public spaces, semi-pervious areas with privately accessible alleys, including sidewalks and parking areas, pervious green areas publicly accessible, including green areas, parks, detention areas, stormwater trees, pervious green areas privately accessible, including green areas and parks

Deliverable: A set of GIS and CAD plans which identify each of the areas, and showing location of all existing and proposed paving specifications, all existing and proposed spot grades, and all existing and proposed drainage utilities, plan showing all pavement makings and traffic signage, and paving, grading, drainage details

2.3.2 Assess Environmental Impacts of Plans

GIT will also assess Environmental Impacts of Master Plan Scenarios by performing the following tasks:

- Determine potential groundwater and surface water environmental impacts and limitations, and water supply requirements,
- Review wetland requirements, parks, open space and unique natural features,
- Review stormwater discharge requirements and compliance
- Determine solid waste/disposal/recycling impacts, wastewater treatment and disposal,
- Determine Environmental Permit requirements

Deliverable: Develop a set of GIS and CAD plans which identify each of the areas, and showing location of existing and proposed drainage utilities, wetland delineation, protected species, water and sewer plans showing location of all existing and proposed water and sewer utilities, water, drainage, and sewer details

2.3.3 Assess Transportation Impact of Plans

Nelson\Nygaard will support the team to ensure that transportation system composition, design, and performance is reflected in all elements of the implementation strategy. This support will include review and recommendations of drafts produced by the team, as well as develop of maps and other materials for inclusion in other draft elements.

For this task, Nelson\Nygaard will provide transportation planning, engineering, and design services. This will involve coordinating with Escambia County and FDOT to scope the requirements of a transportation impact study and use that scope to define the contents of the assessment. For this preliminary assessment of master plan options, the following tasks will be conducted:

- Review of the master plan options;
- Make recommendations on the transportation elements of master plan options;
- Make recommendations for the multimodal transportation networks;

DPZ CoDESIGN

- Provide street classifications, including cross-sections; bicycle network map; pedestrian network map; and intersection design concepts;
- Make preliminary trip generation estimation, along with trip distribution and mode split;
- Determine preliminary parking supply and demand calculations; and
- Propose conceptual transportation demand management (TDM) plans.

2.3.4 Assess Economic & Fiscal Impacts of Plans

Urban 3 analysts will use scenario planning tools and processes to visualize the potential future revenues created by the designs for the OLF8 site over a 5, 10, 15 and 20 year period. These model projections will be conducted for the financial impact of the developed Scenario options.

Urban3 will use a sample of both common and unique types of development in the region at a variety of scales to demonstrate the tax potency of different types of buildings and uses. These will be used as an educational tool to inform both the public and the eventual recommendations of the Design Team.

WA will revisit the original marketability study of the site after the development scenarios have been explored. WA's work in this phase will include the following:

- Update and adapt all market research to the working plan for the project, as informed by the public process, stakeholder engagement, physical planning realities, and other factors that will not have been fully established prior to the completion of our original study.
- Adopt the working master plan as a framework to make updated and specific recommendations related to project features, product mix and phasing, as well as the overall vision for the market strategy that can be deployed in order to support the strongest possible performance of the project.
- Provide master-plan-specific revenue, absorption, and phasing assumptions that can be utilized in development proformas and financial projections by various stakeholders, including prospective development partners.

OPTIONAL: FINANCIAL FEASIBILITY ANALYSIS AND LAND VALUATION

At the client's discretion, WA will undertake a detailed financial feasibility analysis of one or more master plan scenarios. The financial feasibility analysis would measure the financial viability of profitably developing the site, or its components, informing determinations related to which scenarios provide the most compelling financial returns.

WA's analysis will incorporate the findings from the marketability study with regard to revenue-side assumptions, as well as development costs provided by a third-party construction cost estimation expert. Weitzman is not a construction cost expert, and thus, any development costs must be provided by a third-party. WA will work together with that construction expert to assemble reasonable hard and soft cost budgets, to include assumptions for all categories of these costs, inclusive of interim operations, professional

DPZ CODESIGN

fees, brokerage and marketing expenses, and FF&E, among many other cost items.

WA will develop a proforma model in Microsoft Excel, and/or Argus as necessary, utilizing discounted cash flow analysis to provide the development and financial returns. The cash flows will be a combination of monthly and annual forecasts, and can be projected for the entire master-planned project or for individual components and blocks to the development. The projections will calculate the XIRR and total profit, in addition to any other relevant metrics, such as cash-on-cash return or return on built cost, required to make judgments about the financial viability of the project or its components.

WA will also conduct sensitivity analyses to identify the project features or underwriting metrics to which the project level returns are most sensitive. This understanding will assist in judging project risk, given fluctuations in returns based upon changes to underwriting parameters. WA will share these findings with regard to project sensitivity in the feasibility study deliverable.

Further, WA could readily prepare an appraisal of the land, or its individual parcels and blocks, based upon the feasibility modeling. Weitzman is fully licensed to perform real estate appraisals in the State of Florida, and routinely appraises major mixed-used properties throughout the United States.

2.4 Assess and Document Stakeholder Input

The Impact Campaigns team will lead the effort to assess, capture, document and report stakeholder input and participation. In parallel with the above, the team will carefully review with the County all the stakeholder engagement process to date. Main themes will be identified and concerns and suggestions will be reviewed and incorporated into the master planning process, making further amendments as necessary.

Record, document, and archive charrette meetings - Impact will record all charrette presentations, provide meeting minutes, organize media interviews, and catalog this content for online and offline use by the public, the county, and stakeholders.

Collect and analyze stakeholder data - Impact Campaigns will compile and analyze stakeholder data throughout the project. Data will be presented to the public, the media, and other stakeholders / influencer groups. Sub-Consultants will also review stakeholder feedback and recommendations as it relates to their specialist disciplines.

OPTIONAL: Create focus group report - This option would include creating a detailed report on the focus group's participation, input, feedback, and support for scenarios and preferred plan.

OPTIONAL: Post-charrette telephone survey - This option will allow the team to identify and assess the effectiveness of the public outreach effort and the charrette event. This will also measure the level of public awareness of the

project outside the Beulah community.

Deliverable: Stakeholder Engagement Summary

2.5 Provide Scenario Plan Report

Recommendations from the assessments will be identified and incorporated into the master planning process. Jeff Speck will review the recommendations and translation into the Scenario Plan Report. Modifications to the plans will be clearly identified. The team will present the results of the evaluation period and stakeholder engagement to the County. The Team will demonstrate and discuss how the recommendations have been incorporated into revisions to the Plan options. At this stage, based on the work completed, the Team and the County will likely have in mind Master Plan preferences and narrow the number of scenarios being taken forward. The County will be provided with an opportunity following the presentation to gather formal comments on the proposed revisions and the send to the DPZ Team for consideration and inclusion.

Deliverable: Presentation of Findings

DPZ will prepare an end-of-phase Scenario Plan Report will document all activities to date. It will also include revisions to the Scenario Master Plan(s) based on the results of the post-charrette evaluation, outputs from the stakeholder engagement activities, and feedback from the County. DPZ will provide updated work products and also finalize additional supporting diagrams and illustrations listed below. Impact Campaigns will support the publication, promotion, and public awareness of the scenario plan report. GIT will provide an Civil and Environmental analysis for the report by providing a narrative for relevant sections, and figures, diagrams and images supporting the report. Nelson\Nygaard will support the team by providing maps and other materials documenting the results of transportation plan development and analysis for each of the master plan options.

Deliverable: Draft Scenario Plan Report, to include:

- Revised multiple illustrative Master Plans based on the identified scenarios, hand-drawn to scale and rendered in color, which shall depict recommendations for the disposition of the OLF-8 development, and which at a broad level, will address land uses; general locations for private and public tracts; surface infrastructure, access and circulation; proposed massing and form; the schematic delineation of other design features and the surrounding context.
- Derived from the Concept Options a set of Illustrative Detail Plans, (up to 4 no.), hand-drawn to scale and rendered in color, showing the ideal build-out of key portions of the Recommended OLF-8 Master Plan;
- Perspective Drawings/3D Renderings, by hand and/or computer-generated (up to 4 no.), rendered in color, showing typical thoroughfares, parks, greens, squares, plazas, and/or other locations. Revisions to the Perspective Drawings after the Charrette shall be considered Additional Services;
- Diagrams such as:
  - project vicinity and location

DPZ CODESIGN

- the existing urban structure and development context
- the concept of neighborhood planning
- civic buildings and civic spaces
- the private lots/land parcels
- the open space network
- the vehicular network (circulation, roads and servicing]
- public and private parking
- the proposed development phasing

- Schematic Prototypical Building Floor Plans and Elevations, at a scale appropriate for the building types, based upon a mutually agreed architectural syntax; and
- Initial Yield Calculations and Other Take-Offs/Plan Metrics for the Recommended Master Plan,
- Urban 3's analyses of the scenarios from fiscal / revenue standpoint. .

2.6 Conduct Presentations

Phase Two will culminate with DPZ presentation(s) to the community, stakeholders and the County Commissioners. Sub-consultants will contribute to the presentation and develop information for the proposed master plan related to their respective disciplines by providing figures, diagrams and images supporting relevant sections of presentations. Selected sub-consultants may also present their findings in-person when considered expedient to do so.

The dates for the presentations are to be mutually agreed between DPZ and the County.

PHASE III: Implementation Strategy

3.1 Refine Preferred Master Plan(s)

Following the completion of the Scenario Planing phase refinements to the master plan(s) will be made. Often, new information becomes available and/or the County and stakeholders will likely have have further comments that may affect the development of work products and the implantation strategy.

GIT will revise relevant aspects of site engineering and provide revisions related to engineering diagrams, calculations and analyses related to techniques and tools for stormwater management, including but not limited to paving, channeling, storage and filtration, water supply and distribution, stormwater collection and treatment.

Nelson\Nygaard will support the team in refining master plan options into one or more preferred master plans for final assessment. Their support will include transportation analysis, design advice, guidance on connectivity to support transportation choices, and other aspects of the transportation system.

Jeff Speck will also review and critique the refined Scenario Master Plan(s)

The County will review the work products and provide coordinated and aggregated comments to DPZ. This review is envisioned to include an in-person coordination meeting/review between the County and DPZ. As at all stages of the process, DPZ

DPZ CODESIGN

will use reasonable efforts to incorporate the County's requested changes in the Scenario Master Planning Report.

Deliverables: Updated Scenario Plan Report (including associated work products)

3.2 Draft Implementation Strategies

The OLF-8 Master Plan shall be designed concurrent with a proposed Phasing/ Implementation Plan. Incorporating the regulatory elements – specifically the Urban Regulations and the Architectural Standards – in the development covenants and conditions ensures that the OLF-8 Master Plan is a living document concurrently adhering to the County's overall vision and intent, fostering predictability and preserving value. Moreover, the Phasing/Implementation Plan also is anticipated to include proposed initial/incremental interventions for early activation and placemaking as part of the overall development strategy.

3.3.1 Recommend Master Plan Implementation Strategies

The implementation strategy may include:

- Immediate Priorities
- Short Term and Long Term Actions
- Policy / Regulatory Implications
- Funding Sources
- Action Owners, and Stakeholder Responsibilities

The DPZ Team has experience in not only developing implementation strategies at the initial stage of the project, but also in the execution and follow-up phases of a project's implementation. The realization of a master plan is a long-term process which requires flexibility to recalibrate as markets and trends change. DPZ specializes in flexible and adaptive designs that can be implemented in various ways to accommodate such volatilities. In addition to the these Master Planning Implementation strategies the team will also explore and capture specific strategies relating to:

- Civil & Infrastructure
- Environmental Implementation
- Transportation Implementation
- Economic & Fiscal Implementation

3.3.2 Recommend Civil and Infrastructure Implementation Strategies

GIT will recommend Civil & Infrastructure Implementation Strategies. Green Infrastructure to reduce overall costs of stormwater management and mitigate potential impacts related to modified land use. The implementation strategies will include development of plans, diagrams and tools for paving, channeling, storage and filtration, water supply and distribution, stormwater collection and treatment. This task will address as a minimum the following:

- Develop criteria for onsite retention of stormwater and runoff, plus a minimum of 10 percent above the incremental increase, through the

DPZ CODESIGN

development review process and routine site inspections
- Review county, state, and federal flood control best practices and incorporate appropriate standards into the codes
- Develop and implement the Master Plan of Drainage for the near and long-term protection of the community and its residents.
- Identify and estimate future demand and corresponding facilities required to serve projected local and regional growth
- Provide development standards and guidelines for the construction of onsite storm-water retention facilities that are consistent with community design standards and local and regional drainage plans.
- Make land Use Implementation Actions
- Propose Strategies for stormwater planning to reduce cost of infrastructure and reduce potential risk of flooding
- Propose Green Infrastructure implementation as needed by i) individual review of the requirements of each stormwater catchment, ii) by mixing conventional and green infrastructure and iii) by providing optional piping instead of entirely surface water conveyances.
- Propose Green Infrastructure for reduction of piping (length and sizing), structures and potential reduction of curbs and gutters, and reduced curb and drainage inlets which may be substituted with green infrastructure.
- Propose Strategies for detailed civil engineering planning to include detailed grading at street and curb level, which then will be incorporated in the stormwater master plan
- Advise on the Adoption of a comprehensive grading ordinance that will protect and conserve open space and natural and visual resources.
- Communicate with FEMA information and requirements related to Flood Insurance Rate Maps

Deliverable: A narrative with diagrams and schematics with detailed description of green infrastructure strategies to reduce stormwater flooding

3.3.2 Recommend Environmental Implementation Strategies

GIT will also recommend Environmental Implementation Strategies to address, at a minimum, the following tasks:

- Implement development regulations and guidelines that minimize or eliminate impacts of development on natural open space areas
- Establish standards and regulations in the Development Code that minimize impacts of new development on open space and conservation areas.
- Develop flexible development guidelines, standards, and regulations that encourage the provision of open space amenities within new development.

Deliverable: Narrative with engineering diagrams, calculations and analyses and will depict the techniques and tools for reduction of impacts on water quality on surface and groundwater

DPZ CODESIGN

3.3.4 Recommend Transportation Implementation Strategies

Nelson\Nygaard will support the team to ensure that transportation system performance is reflected in all elements of the implementation strategy. This support will include review and recommendations of drafts produced by the team, as well as develop of maps and other materials for inclusion in other draft elements.

For this task, Nelson\Nygaard will provide transportation planning, engineering, and design services. Having coordinating with Escambia County and FDOT to scope the requirements of a transportation impacts study, N\N will apply that scope to assess the preferred master plan(s).

The intent of the transportation impacts study is to provide an overall characterization of potential roadway/intersection effects and to determine feasible improvements and/or modifications to assure that the current and future transportation network operates adequately as OLF-8 develops according to the preferred master plan(s).

Jeff Speck will provide advice on implementing chosen transportation strategies. For this final assessment, N\N anticipates providing updates to the preliminary work to include the following tasks:

- Review of the preferred master plan(s);
- Make recommendations on all transportation elements;
- Make recommendations on the multimodal transportation networks;
- Provide street classifications, including cross-sections; bicycle network map; pedestrian network map; and intersection design concepts;
- Make trip generation estimation, along with trip distribution and mode split, to estimate future traffic loads along existing and planned streets;
- Provide an assessment of daily and weekday peak-hour roadway and intersection operations with the additional vehicle trips associated with the project. Nelson\Nygaard will develop a traffic simulation model using Synchro/SimTraffic software to provide an evaluation of roadway and intersection level of service (LOS) standards and assess future conditions that will include 6 intersections;
- Provide parking supply and demand calculations;
- Make transportation demand management (TDM) plans; and
- Draft “Transportation and Mobility” chapter for the anticipated Master Plan document.

3.3.5 Recommend Economic and Fiscal Implementation Strategies

Urban3 will also recommend economic & fiscal implementation strategies, based on the baseline analysis and scenarios. This work will include recommendations for economic and fiscal policy to support a healthy financial future for the County.

The goal of Urban3’s implementation recommendations are threefold. First, to assist the Design Team and City staff with policy recommendations to the community at large and key stakeholders like Navy Federal. Second, Urban3 will work with Commissioners to demonstrate cumulative economic thinking, allowing them to understand the true costs of development in a visual way. Lastly, Urban3 will present final models, projections of the future site designs by the Design Team, to citizens, in order to inform their understanding of the true costs of development and maintenance.

At this stage DPZ will also consider any necessary changes to the Scenarios Master Plan Report as necessary to correspond to the suggested implementation strategies. Prior work products will be revised and redistricted, as necessary. Impacts Campaigns will support the team's efforts to identify and draft implementation strategies, including any political or public outreach needs.

Deliverable: Draft Implementation Strategies Report

3.3 Draft Design Standards

Design Standards are essential elements to the effective implementation of the OLF-8 Master Plan, and ensure that the Master Plan is a living guide for decision-makers. The standards become vital documents given the possibility on a large site to have multiple developers implementing various phases.

GIT will propose draft Design Standards to address, at a minimum, the following tasks:

- Review current design standards for Civil and Environmental infrastructure, determine the need of changes to accommodate the proposed master plan. The revisions will focus on open space, stormwater retention on site, road infrastructure as relates to stormwater management
- Propose revisions to the current standards as needed for the site development, floodplain, building code implementation

Nelson\Nygaard will support the team to ensure that design standards reflect best-practice in providing safe and attractive options for all travelers. Conceptual drawings of streets, intersections, and other facilities will be provided. N\N will also review materials developed by others on the team.

Jeff Speck will also review and critique the proposed design standards.

Deliverable: Draft Design Standards

3.4 Assess and Document Stakeholder Input

There will be a further opportunity during the development of phase three for stakeholder and community engagement in relation to the Draft Implementation strategies and Design Standards. The Impact Campaigns team will lead the effort to assess, capture, document and report stakeholder input and participation. DPZ and sub-consultants will consider stakeholders concerns, review and update work work products, as necessary.

Deliverable: Stakeholder Engagement Summary

3.5 Provide Implementation Report (including Design Standards)

The DPZ team will prepare an Implementation Report that will include:

- Recommended implementation approach and associated strategies;
- Revised and/or Prior Scenario Master Plan Products;

DPZ CoDESIGN

- A Regulating Plan keyed to the Urban Regulations and the Street Sections. This plan regulates the land use, building use, and density of the various building types that occur in the Master Plan;
- Thoroughfare Standards specifying the various street designs within the public rights-of-way shown in the Regulating Plan;
- Urban and architectural Regulations specifying each lot/building type in terms of use, setbacks, heights, ancillary elements, parking, retail frontage, building entrances and encroachments, function per floor, signage, storefront specifications, and any special requirements;

Prior to its release, sub-consultants will review the implementation report and coordinate modifications to reflect their respective interests.

Deliverable: Implementation Report (including the above materials)

3.6 Conduct Presentation(s)

The project will conclude with DPZ presentation(s) to the community, stakeholders and the County. Sub-consultants will contribute to the presentation and develop information for the proposed master plan related to their respective disciplines by providing figures, diagrams and images supporting relevant sections of presentations.

OPTIONAL : At the conclusion of the project, Joe Minicozzi will deliver the results of the analysis and lead Commissioners and other appointed officials in a work session. If the budget does not allow for this visit, the DPZ team will be provided with presentation slides and a narrative to present the final work.

_____

Regards, on behalf of the collective DPZ team.

Paul Nobles, via email: prnobles@myescambia.com
Escambia County, Florida

Re: OLF-8 MASTER PLAN FEES
ESCAMBIA COUNTY, FL

Dear Paul,

We are pleased to re-submit to you our final proposed fees based on the agreed-upon scope. We attach to this memo, four documents as indicated below.

File 1: DPZ Team Fees

Project Fees are organized as follows:

- Total Project Fees, broken down by firm for each task.
- Total Firm Fees, broken down by task and man-hours for each firm.
- An Invoice Schedule, estimated over a 9-months timeframe
  - Also attached on page 4 of this memo

File 2: DPZ Team Expenses

Project Fees are organized as follows:

- Total Project Expenses, broken down by firm for each task.
- Total Firm Expenses, broken down by task for each firm.

The reimbursable expenses are an estimate and we erred on the conservative side to be cautious. We would only bill for what we actually use of course and the expenses may be much lower, depending on hotel rates and flights. We standardized expenses for all consultants for lodging and meals to try keep it simple.

File 3: Revised Scope

We re-attach the scope, with two modification.

- Nelson \ Nygaard modified their fee to include an analysis of six intersections and that has ben reflected in Task 3.3.4.
- Impact Campaign modified their fee to include a pre-charrette phone surveying that has been reflected in Task 1.2.4

OPTIONAL TASKS & FEES

We also include here optional tasks, separated out as requested. There are only two firms who have provided those options as discussed in our collective call.

File 4: Weitzman & Associates Memo re: Optional Tasks and Fees.

They are providing a range of fees for land valuation work. The scope is detailed in their memo. Fee varies greatly depending on detail of area selected. $20k - $80k. We understand you are unlikely to request this additional work, but have included it nevertheless.

DPZ CoDESIGN

Impact Campaign: Additional Fees for the following optional tasks.

Task 2.1.3: Additional town-hall style meeting outside of Beulah area. (up to $1,750 per event, including AV and venue fees)
In addition to the community-focused Charrette, the team will coordinate and host secondary town-hall style public input meetings at other locations in the county to ensure taxpayer input into the project. Each meeting will include media outreach, social media marketing, neighborhood outreach, venue management, and written or online surveys of participants. Does not include cost of principal subject matter expert.

For potential additional services, we have included the DPZ Team's hourly rates on page 3 of this memo. It lists personnel from each firm.

Regards, on behalf of the collective DPZ team.

- Ceres Environmental Services, Inc.
- Crowder-Gulf Joint Venture, Inc.
- Custom Tree Care, Inc.
- D & J of Alabama, Inc.
- DRC Emergency Services, LLC
- Panhandle Grading & Paving, Inc.
- Phillips and Jordan, Inc.
- Roads, Inc. of NWF
- Southern Disaster Recovery, LLC
- T.F.R. of Texas, Inc.

Vendor/Contractor	Amount	Contract Number
Funding Source, initially, is Fund 112, Disaster Recovery Fund, pending Federal assistance and reimbursement	TBD	PD 18-19.027

BACKGROUND:

Invitations to Negotiate were advertised April 1, 2019. 96 firms were notified of the solicitation. Responses were received on April 24, 2019, from 12 firms. Counter offer acceptance letters received between September 25, 2019, and October 28, 2019, from all firms.

Per Addendum #1, Clarification - Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County intends to evaluate all pricing and counter offer to all firms a uniform price structure in accordance with accepted FEMA practices.

BUDGETARY IMPACT:

Vendor/Contractor	Amount	Contract Number

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. **Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site**

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. **Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site**

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5
9	0.6	49	17.2

April 17, 2019

To: All Known Prospective Proposers

ADDENDUM NUMBER 1:

Re: PD 18-19.027, Debris Hauling Services for Escambia County

All:

Your firm recently received an Invitation to Negotiate for the above-mentioned specification.

This Addendum Number 1 provides for:

Conflict of Interest Statement

The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

Please find attached the Conflict of Interest Statement form.

Clarifications

1. Is an insurance letter needed or an ACCORD form?

Response – We will accept a letter, but the ACCORD form is preferred.

2. Number of Pages Allowed in Proposal
   a. Please confirm the following required submittals do not count towards the page limit: Litigation, Signing authority, addenda issued, past performance, required forms, licensing, insurance letters and accords form.
   b. Would the County consider extending the page limitation from 25 to 50 in order for the proposer's to answer each request adequately.
   c. 25 Page Limit – The RFP identified the proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes. Would the following be considered required submittals and not be included in the 25 page limitation?

Response – The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to ~~twenty-five (25)~~ fifty (50) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis.

1. Required Submittals
2. Project Understanding and Technical Approach
3. Key Personnel
4. Resumes
5. Typical DMS Site Safety Plan and Operational Plan
6. Subcontracting Plan
7. Licenses and Certificates
8. Insurance Requirements
9. Price Proposal

3. Pricing Evaluation
   Regarding the Evaluation of the hourly pricing and the other ancillary pricing, how does the County intend on weighing these line items compared to other unit price items? Will one hold more weight than the other? If so, what is the distribution of pricing points allocated to each?

Response – It is the intent of Escambia County to award multiple contracts (pg. 32, price proposal).
Special Terms and Conditions - Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County intends to evaluate all pricing and counter offer to all firms a uniform price structure in accordance with accepted FEMA practices.

4. Performance and Payment Bonds

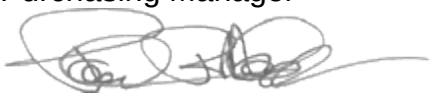
Response – Bonds will be required at the time of need. It is impossible to establish a dollar figure for bonds prior to any event.

5. Bid Bond

Response – A $1,000.00 proposal bond is required.

6. Pre-Solicitation Conference

Response – No Pre-Solicitation Conference has been scheduled



7. Current Contract Pricing

Response – Please see attached our current pricing. This is an average of the prices received from all firms (PD 14-15.053, Debris Hauling Services).

This Addendum Number 1 is furnished to all known prospective proposers. Please sign and return one copy of this Addendum, with original signature, with your proposal as an acknowledgement of your having received same. You may photo copy this form for your records.

Sincerely,

Paul R. Nobles
Purchasing Manager

12	Removal of Hazardous Trees and Limbs															

SCHEDULE 2 - UNIT RATE PRICE SCHEDULE Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.		AshBritt Inc		Bergeron Emergency Services, Inc		Ceres Environmental Services, Inc		CrowderGulf Joint Venture, Inc		Custom Tree Care, Inc		D&J Enterprises, Inc		DRC Emergency Services, LLC	
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal. AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and AshBritt, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 65-0364711, whose principal address is 565 East Hillsboro Blvd., Deerfield Beach, Florida 33441.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: AshBritt, Inc.	To: Escambia County
Attention: Brittany P. Castillo	Attention: County Administrator
565 East Hillsboro Blvd	221 Palafox Place, Suite 420
Deerfield Beach, Florida 33441	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. ROW White Goods Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50’ Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12’ Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25’ Intake and 200’ Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25’ Intake and 200’ Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25’ Intake and 200’ Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Bergeron Emergency Services, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 65-1274968, whose principal address is 19612 S.W. 69th Place, Pembroke Pines, Florida 33332.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Bergeron Emergency Services, Inc.	To: Escambia County
Attention: Brian Thomason	Attention: County Administrator
19612 S.W. 69th Place	221 Palafox Place, Suite 420
Pembroke Pines, Florida 33332	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	**$ Per CY**	**Total**
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Name: Ronald M. Bergeron, Jr.

Date: 9/27/2019

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Ceres Environmental Services, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 41-1816075, whose principal address is 3825 85th Avenue North, Brooklyn Park, MN.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Ceres Environmental Services, Inc.
Attention: David Mcintyre
3825 85th Avenue North
Brooklyn Park, MN 55443

To: Escambia County
Attention: County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502

With copy to: Ceres Environmental Services, Inc
Disaster Relief Operations
6968 Professional Parkway East
Sarasota, FL 34240

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify

the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

ESCAMBIA COUNTY , FLORIDA GENERAL TERMS and CONDITIONS

The following General Terms and Conditions are incorporated by reference and have the same legal effect as if printed in its entirety.

A full textual copy of these conditions may be obtained by visiting the Office of Purchasing Home Page (see Bid Information), by telephoning the Office of Purchasing at (850) 595-4980 or by Fax at (850)595-4805.

NOTE: Any and all Special Terms and Conditions and specifications referenced within the solicitation which vary from these General Terms and Conditions shall have precedence. Submission of the Bidder/Proposal Solicitation, Offer and Award Form and Bid/Proposal Form(s) in accordance with these General Terms and Conditions and Special Terms and Conditions constitutes an offer from the offeror. If any or all parts of the offer are accepted by Escambia County Florida, an authorized representative of the county shall affix his signature hereto, and this shall then constitute a written agreement between parties. The conditions incorporated herein become a part of the written agreement between the parties.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Crowder-Gulf Joint Venture, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 01-0626019, whose principal address is 5435 Business Parkway, Theodore, Alabama 36582.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Crowder-Gulf Joint Venture, Inc.	To: Escambia County
Attention: John Ramsay	Attention: County Administrator
5435 Business Parkway	221 Palafox Place, Suite 420
Theodore, Alabama 36582	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the respective dates under each signature:

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5
9	0.6	49	17.2
10	0.7	50	17.9
11	0.9	51	18.6

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.			
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00

	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and Custom Tree Care, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 48-1245968, whose principal address is 6021 S.W. 29th Street, PMB #130, Topeka, Kansas 66614.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: Custom Tree Care, Inc.	To: Escambia County
Attention: Greg Gathers	Attention: County Administrator
6021 S.W. 29th Street, PMB #130	221 Palafox Place, Suite 420
Topeka, Kansas 66614	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
2. FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide; and
3. FEMA Stump Conversion Table.

By signing this Agreement, Contractor acknowledges receipt of the documents referenced above and agrees to comply with the rules, regulations and policies provided therein.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES, ON ENTITY CRIMES

1. This sworn statement is submitted to _____
(print name of the public entity)

by_____
(print individual's name and title)

for_____
(print name of entity submitting sworn statement)

whose business address is

_____

_____

and (if applicable) its Federal Employer Identification Number (FEIN) is:

_____

(If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision or any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one

person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

c. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

d. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. **(indicate which statement applies.)**

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **(attach a copy of the final order).**

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

_____

Drug-Free Workplace Form

The undersigned vendor, in accordance with Florida Statute 287.087 hereby certifies that _____does:
Name of Business

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in Paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Paragraphs 1 through 5.

SPECIAL TERMS AND CONDITIONS

The Board of County Commissioners, Escambia County, Florida, invites your company to submit a sealed offer on the item(s) as listed in this solicitation request.

All terms and conditions below are a part of this request, and no offer will be accepted unless all these conditions have been complied with. The County reserves the right to waive informalities in any offer; to reject any or all offers, in whole or in part, and/or to accept the offer(s) that in its judgment is from the lowest and most responsible and responsive offeror(s).

Instructions to Offerors

1. **General Information**

All offers to be considered shall be in the possession of the Office of Purchasing prior to the time of the solicitation closing. Offers may be mailed to 213 Palafox Place, Room 11.101, Pensacola, Florida 32502 or delivered to the Office of Purchasing, 2nd floor, Room 11.101, Matt Langley Bell, III Bldg., 213 Palafox Place, Pensacola, Florida 32502, in a sealed envelope clearly marked:

Specification Number PD 18-19.027, Debris Hauling Services for Escambia County, Name of Submitting Firm, Time and Date due.
Note: If you are using a courier service; Federal Express, Airborne, UPS, etc., you must mark airbill and envelope or box with Specification Number and Project Name.

Regardless of the method of delivery, each offeror shall be responsible for his offer(s) being delivered on time as the County assumes no responsibility for same. Offers offered or received after the time set for solicitation closing will be rejected and returned unopened to the offeror(s).

The following policy will apply to all methods of source selection:

2. **Conduct of Participants**

After the issuance of any solicitation, all bidders/proposers/protestors or individuals acting on their behalf are hereby prohibited from **lobbying** as defined herein or otherwise attempting to persuade or influence any elected County officials, their agents or employees or any member of the relevant selection committee at any time during the **blackout period** as defined herein; provided, however, nothing herein shall prohibit bidders/proposers/protestors or individuals acting on their behalf from communicating with the purchasing staff concerning a pending solicitation unless otherwise provided for in the solicitation or unless otherwise directed by the purchasing manager.

Definitions

Blackout period means the period between the time the bids/proposals for invitations for bid or the request for proposal, or qualifications, or information, or requests for letters of interest, or the invitation to negotiate, as applicable, are received at the Escambia County Office of Purchasing and the time the Board awards the contract and any resulting bid protest is resolved or the solicitation is otherwise canceled.

Lobbying means the attempt to influence the thinking of elected County officials, their agents or employees or any member of the relevant Selection Committee for or against a specific cause related to a pending solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication.

Sanctions

The Board may impose any one or more of the following sanctions on a nonemployee for violations of the policy set forth herein:

(a) Rejection/disqualification of submittal
(b) Termination of contracts; or
(c) Suspension or debarment as provided in Sec. 46-102 of the Escambia County Code of Ordinances.

This policy is not intended to alter the procedure for Protested Solicitations and Awards as set forth in the Sec. 46-101 of the Escambia County Code of Ordinances.

3. **Proposal Surety**

Each offer shall be accompanied by a bid bond, cashier's check or certified check in the amount of **$1,000.00** of the total offer.

Checks or bonds are to be made payable to Escambia County, Florida. The amount of the bond or check is the amount of liquidated damages agreed upon should the offeror fail or refuse to enter into a contract with the County.

A County warrant in the amount of the bid check(s) of the successful offeror(s) will be returned immediately after the offeror and the County are mutually bound by contract as evidenced by signatures thereto by an authorized representative of both the offeror and the County, and/or the offeror accepts the purchase order by signing the solicitation, offer and award form/acceptance copy of same and returning to the County Purchasing department. Any unsuccessful offeror(s) will have the amounts of his cashier's or certified check returned via county warrant promptly after award.

All offerors agree that any interest earned on any bid surety while in possession of the County, or its agents, shall be retained by the County.

4. **Questions**

Technical and procurement questions regarding this Request for Proposal shall be directed to Paul R. Nobles, CPPO, CPPB, Purchasing Manager, Telephone (850) 595-4918, Email prnobles@myescambia.com.

5. **Proposal Forms**

This Solicitation contains a Solicitation and Offer Form and Bid Form which shall be submitted in a sealed envelope, in duplicate with Original signatures in indelible ink signed in the proper spaces. Responses on vendor forms will not be accepted.

The Offerors Checklist included in this solicitation provides instructions to the offeror on the documentation to be submitted during the procurement process.

6. **Codes and Regulations**

The awarded vendor shall strictly comply with all federal, state and local building and safety codes.

7. **Liquidated Damages**

See Part V Scope of Services, page 61

8. **Payment**

Partial payments in the full amount for the value of items received and accepted may be requested by the submission of a properly executed **original** invoice, with supporting documents if required. Payment for accepted equipment/supplies/services will be accomplished by submission of an **original** invoice, in duplicate, to:

Clerk of the Circuit Court
Attention: Accounts Payable
221 Palafox Place
Pensacola, FL 32502

Additional Requirements PART V Scope of Services, page 65

9. **Protection of Property/Security**

All work shall be completed in every respect and accomplished in a professional manner and awarded vendor shall provide for removal of all debris from county property.

The awarded vendor shall at all times guard against damage or loss to property of Escambia County, or of other vendors or contractors, and shall be held responsible for replacing or repairing any such loss or damage.

The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the awarded offeror or his agent.

The awarded vendor shall at all times guard against injury to Escambia County employees. The vendor shall properly fence and secure the construction site(s) at all times, including evenings and weekends.

The awarded vendor must, at all times, comply with State of Florida and Occupational Safety and Health Administration (OSHA) safety regulations.

9. **Compliance with Governing Laws and Regulations**

The offeror or contractor will be required to fully comply with all applicable federal, state, and local regulations. The offeror should carefully review these requirements which are detailed in this solicitation.

Contract Information

NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

10. **Contract Term/Renewal/Termination**

A. The contract resulting from this Solicitation shall commence effective upon execution by both parties and extend for a period of twelve (12) months. The contract may be renewed for additional twelve (12) months periods, up to a maximum thirty-six (36) months upon mutual agreement of both parties. If any such renewal results in changes in the terms or conditions, such changes shall be reduced to writing as an addendum to this contract and such addendum shall be executed by both parties and approved by the Board of County Commissioners.

Renewal of the contract shall be subject to appropriation of funds by the Board of County Commissioners.

B. The initiation County department(s) shall issue release (purchase) orders against the term contract on an "as needed" basis.

C. The contract may be canceled by the awarded vendor, for good cause, upon ninety (90) days prior written notice.

D. The County retains the right to terminate the contract, with or without good cause, upon thirty (30) days prior written notice.

E. In the event of termination by either party as provided herein, the awarded vendor shall be paid for services performed through the date of termination.

11. **Option to Extend the Term of the Contract**

The County may unilaterally extend the term of this contract by written notice to the contractor at least sixty (60) days before the expiration of any contract term. The exercise of the option shall be for the period specified and for the prices listed on the bid/proposal form. All other terms and conditions of the contract shall apply to the option periods. The total duration of this contract, including the exercise of all options, shall not exceed 3.5 years.

12. **Interim Extension of Performance**

After all options have been exercised, and it is determined that interim performance is required to allow for the solicitation and award of a new contract, the County may unilaterally extend the contract for a maximum period of six months. Pricing, delivery and all other terms and conditions of the contract shall apply during this period.

13. **Price Adjustment**

The contract resulting from this Solicitation may include provisions for **twelve (12) month**, price adjustments. Written request for price adjustment may be made every **twelve (12) months**, no less than **60** days prior to the requested effective date. Any increase price adjustment(s) shall be accompanied by written justification attesting that the request is a bona fide cost increase to the vendor. Adjustment in price shall be accomplished by written amendment to this contract approved by the Board of County Commissioners.

14. **Award**

Multiple awards will be made based upon responsibility and responsiveness to the needs of the County. It is the intent of the County to place Individual Blanket Orders with the responsive and responsible bidders who can provide the services based upon the needs of the County at the time.

Escambia County reserves the right to increase or decrease estimated quantities as required. Estimated quantities are shown on the bid form. It is understood by all bidders that these are only estimated quantities and the County is not obligated to purchase any minimum or maximum amount during the life of this contract.

15. **Termination**

The purchase order or contract will be subject to immediate termination if either product or service does not comply with specifications as stated herein or fails to meet the county's performance standards. In the event that any of the provisions of the contract are violated by awarded vendor, Escambia County may serve written notice upon the awarded vendor of its intention to terminate the contract. Such notice is to state the reason(s) for such intention to terminate contract. The liability of the vendor for any and all such violation(s) shall not be affected by any such termination and his surety, if any, shall be forfeited.

16. **Termination (Public Records Request)**

If the contractor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the contractor in conjunction with this agreement then the county may, without prejudice to any right or remedy and after giving the contractor and his surety, if any, seven (7) days written notice, during which period contractor still fails to allow access, terminate the employment of the contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon, owned by the contractor, and may finish the project by whatever method it may deem expedient. In such case, the contractor shall not be entitled to receive any further payment until the project is finished. Reasonable terminal expenses incurred by the county may be deducted from any payments left owing the contractor (excluding monies owed the contractor for subcontract work.)

Insurance Requirements

17. **Standard Insurance Requirements and Certificates**

This offer contains an extensive insurance requirement. Offerors are encouraged to review these requirements with their insurance agents before submitting offers.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

A letter from the offeror's insurance carrier will be required as evidence that the offeror will be able to obtain the levels of insurance as required by the contract and indicated on the Sample Certificate of Insurance should your firm be awarded the contract.

17.01 **County Insurance Required**

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor’s work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage
The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least $100,000 each accident and $100,000 each employee/$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage
The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employer's liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage
Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

Excess or Umbrella Liability Coverage
Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Evidence/Certificates of Insurance
Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the general liability policy.

2. Include a reference to the project and the Office of Purchasing number.

3. Disclose any self-insured retentions in excess of $1,000.

4. Designate Escambia County as the certificate holder as follows:
   Escambia County
   Attention: Paul R. Nobles
   Office of Purchasing, 2nd FL, Room 11.101
   P.O. Box 1591
   Pensacola, FL 32597-1591
   Fax (850) 595-4806

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

18. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first $100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

PART A SUMMARY

Escambia County is soliciting proposals from interested and qualified firms experienced in providing a full range of services in disaster recovery and debris removal management and services. Escambia County intends to issue contracts to multiple proposers based on the cost proposals.

PART I GENERAL PROPOSAL AND CONTRACT INFORMATION

1-1 PURPOSE

The Escambia County Board of County Commissioners, Escambia County, Florida, is seeking the Professional Services of qualified contractors to establish one or more contracts for Disaster Debris Removal and reduction disposal and other emergency cleanup services following a debris generating event such as a tropical storm or other natural and man-made disasters.

1-2 OBJECTIVE

The primary objective of the ITN is the selection of the most qualified and experienced Contractors that are most advantageous to the County.

1-3 ISSUING OFFICER

The Contract Administrator shall be Amy Lovoy, Interim County Administrator. The liaison officer shall be Jim Howes, Solid Waste. The contracting agency shall be the Escambia County Board of County Commissioner, c/o the Office of Purchasing, P.O. Box 1591, Pensacola, Florida 32502.

1-4 CONTRACT CONSIDERATION

It is expected that the contracts shall be Indefinite Quantity, Indefinite Delivery Contracts after negotiations.

1-5 REJECTION

The right is reserved by the Board of County Commissioners to accept or reject any or all proposals or to waive any informality, existing in any proposal, or to accept the proposal which best serves the interest and intent of this project and is from the most responsive and responsible proposer.

1-6 INQUIRIES

Questions regarding this Invitation to Negotiate shall be directed to Paul R. Nobles, Purchasing Manager, Office of Purchasing, Telephone (850) 595-4918, email prnobles@myescambia.com.

1-7 ADDENDA

Any changes made in the Request for Proposal shall be brought to the attention of all of those who have provided the proper notices of interest in performing the services.

1-8 SCHEDULE

The following schedule shall be adhered to in so far as practical in all actions related to this procurement:

Mailing date of proposals	**April 1, 2019**
Final Date for Questions	**5:00 p.m., CST, April 16, 2019**
Proposal due date	**1:00 p.m. CST, April 24, 2019**
Short-Listing Meeting	**3:30 p.m., CST, April 29, 2019**
Negotiations/Acceptance or Rejection	**12:00 p.m., CST, May 3, 2019**
Board of County Commissioners approval	**May 16, 2019**

1-9 PROPOSAL CONTENT AND SIGNATURE

Responses shall include the complete name and address of their firm and the name, mailing address, and telephone number of the person the County should contact regarding the submittal of proposal. **Provide one (1) paper copy and one (1)** complete submittal in electronic format (memory stick or CD) having been signed by a company official with the power to bind the company in its proposal, and shall be completely responsive to the ITB for consideration.

1-10 NEGOTIATIONS

The contents of the proposal of the successful firm shall become a basis for contractual negotiations.

1-11 RECOMMENDED PROPOSAL PREPARATION GUIDELINES

All contractors shall provide a straight forward and concise description of their ability to meet the ITB requirements. There shall be avoidance of fancy bindings and promotional material within. The proposal shall clearly show the technical approach to include work tasks, estimated time phasing and the proposed approach rational. The County discourages overly lengthy or costly proposals.

1-12 PRIME CONTRACT RESPONSIBILITIES

The selected contractor shall be required to assume responsibility for all services offered in his proposal. The selected contractor shall be the sole point of contact with regard to contractual matters including payments of any and all changes resulting from the contract.

1-13 DISCLOSURE

All information submitted in response to this ITB shall become a matter of public record, subject to Florida Statutes regarding public disclosure.

PART 2 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

1. *Abandoned Vehicles* – Registered vehicles including passenger cars and trucks, motor homes, and motorcycles that have been displaced by a disaster event.
2. *Abandoned Vessels* – Registered vessels including boats and personal water craft that have been displaced by a disaster event.
3. *Authorized Representative* – County employees and/or contracted individuals designated by the County or County Debris Manager.
4. *Automated Debris Management System (ADMS)* -- An automated debris management system (ADMS) is a technology solution that eliminates the need for traditional paper-based ticketing during the debris removal process following a disaster event. The County may request their debris monitoring contractor to utilize an ADMS for debris operations.
5. *CFR* – Code of Federal Regulations.
6. *Chipping or Mulching*: The process of reducing woody material, such as lumber and vegetative debris, by mechanical means into small pieces to be used as mulch or fuel. Woody debris can be reduced in volume by approximately 75 percent, based on data obtained during reduction operations. The terms “chipping” and “mulching” are often used interchangeably.
7. *Contract* – shall mean ITB.
8. *County* – Escambia County, Florida
9. *County Debris Manager* – The County will designate a County Debris Manager. The County Debris Manager shall mean the County Debris Manager and his/her Authorized Representatives who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.
10. *County Designated Final Disposal Site* – Final disposal sites or end users as designated and approved in writing by the County.

11. *Dead Animal Carcasses* –Dead animal carcasses shall consist of livestock, pets, or other animals that are deceased as a result of a disaster event and represent a threat to public health and safety.

12. *Debris*—Items and materials broken, destroyed or displaced by a natural or manmade federally declared disaster. Examples of debris include, but are not limited to, vegetative, construction and demolition debris and personal property.

13. *Debris Management Site (DMS)* – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to its final disposition. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSRS) or Temporary Debris Staging and Processing Facility (TDSPF).

14. *Debris Monitoring* – Actions taken by applicants in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

15. *Debris Removal*—Picking up debris and taking it to a debris management site, compositing facility, recycling facility, permanent landfill or other reuse or end-use facility.

16. *Debris Removal Contractor*—Conducts debris removal operations per the terms of the contract. Term includes primary contractor(s), subcontractors and individual crews.

17. *Demobilization* – Following the completion of services provided under the resulting contract, the Contractor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Contractor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

18. *Demolition*- The act or process of reducing a structure, as defined by the State or local code, to a collapsed condition. It contracts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse. *Disaster Specific Guidance* – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

19. *Eligible* – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Release Orders are issued and executed by the County to the Contractor) of the Public Assistance grant program, FEMA Publication FP-104-009-2 Public Assistance Program and Policy Guide all current FEMA fact sheets, guidance documents and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency prior to or during the course of a debris removal project.

20. *Eligible Construction and Demolition Debris*—FEMA Publication FP- 104-009-2 defines eligible construction and demolition (C&D) debris as damaged components of buildings and structure such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and floor covering, window coverings, plastic pipe, concrete, fully cured asphalt, heating , ventilation and air conditioning systems and

their component, light fixtures, small consumer appliances, equipment, furnishings and fixtures that are a result of a disaster event. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

a. Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.

b. Debris removal must be the legal responsibility of the applicant.

c. Debris must be a result of the major disaster event.

21. *Eligible E-waste Items* – E-waste items shall include televisions, computers, computer monitors, and microwaves that have been damaged or destroyed as a direct result of a disaster. If deemed necessary, the County may expand the definition of e-waste Items (if so, such notice will be provided to the Contractor in writing).

22. *Eligible Hazardous Hanger* – A hazardous hanger is a limb that poses a significant threat to the public. The current eligibility requirements for hazardous hangers according to FEMA Publication FP-104-009-2 are:

- The limb must be greater than two inches in diameter;
- The limb must be suspended in a tree and threatening a public-use area; and
- The limb must be located on improved public property.

23. *Eligible Hazardous Leaning Tree* – A tree is considered hazardous when the tree's present state is caused by a disaster, the tree poses a significant threat to public safety, and the tree is six (6) inches in diameter or greater as measured two (2) feet from the ground. The current eligibility requirements for leaning trees according to FEMA Publication FP-104-009-2 include:

- The tree has a split trunk or broken branches that expose the heartwood.
- The tree has fallen or been uprooted within a public use area.
- The tree is leaning at an angle greater than thirty (30) degrees.

24. *Eligible Hazardous Stump* – A stump is defined as hazardous and eligible for reimbursement if all of the following criteria are met:

- The stump has fifty percent (50%) or more of the root-ball exposed.
- The stump is greater than twenty-four (24) inches in diameter when measured twenty-four (24) inches from the ground.
- The stump is located on a public right-of-way.
- The stump poses an immediate threat to public health and safety.

25. *Eligible Hazardous Waste*- Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at

least one of the following four characteristics: ignitability, corrosivity, reactivity or toxicity.

26. *Eligible Household Hazardous Waste* – The Resource Conservation and Recovery Act (RCRA) defines Household Hazardous Wastes (HHW) as materials that are ignitable, reactive, toxic or corrosive. Examples of eligible HHW include items such as paints, cleaners, pesticides, etc. The eligibility criteria for HHW are as follows:

    - HHW must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - HHW removal must be the legal responsibility of the applicant.
    - HHW must be a result of the major disaster event.

    The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

27. *Eligible Vegetative Debris- As outline in FEMA Publication FP-104-009-2,* , vegetative debris consists of whole trees, tree stumps, tree branches, tree trunks and other leafy material. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers. Current eligibility criteria include:

    - Debris must be located within a designated disaster area and be removed from an eligible applicant's improved property or right-of-way.
    - Debris removal must be the legal responsibility of the applicant.
    - Debris must be a result of the major disaster event.

28. *Eligible White Goods* – As outlined in FEMA PublicationFP-104-009-2, , white goods are defined as discarded disaster related household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, clothes dryers and water heaters. White goods can contain ozone-depleting refrigerants, mercury or compressor oils that the federal Clean Air Act prohibits from being released into the atmosphere. The Clean Air Act specifies that only qualified technicians can extract refrigerants from white goods before they can be recycled. The eligibility criteria for white goods are as follows:

    - White goods must be located within a designated disaster area and be removed from an Eligible applicant's improved property or ROW.
    - White goods removal must be the legal responsibility of the applicant.
    - White goods must be a result of the major disaster event.

29. *Emergency Relief Program* – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways following a Governor declared disaster. This program is administered by the Federal Highway Administration.

30. *EPA* – United States Environmental Protection Agency
31. *FDEP*- Florida Department of Environmental Protection
32. *FDH*– Florida Department of Health
33. *FDOT* – Florida Department of Transportation
34. *FEMA* –Federal Emergency Management Agency
35. *FEMA Public Assistance Program and Policy Guide (PAPPG)* – comprehensive, consolidated program and policy document for Public Assistance program grants. The PAPPG will supersede all pervious policies and publication for disaster declared on or after January 1, 2016. This publication is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses. The PAPPG provides the framework for the debris removal process authorized by the Stafford Act including:
    - Eliminating immediate threats to lives, public health and safety.
    - Eliminating immediate threats of significant damage to improved public or private property.
    - Ensuring the economic recovery of the affected community to the benefit of the community-at-large.
36. *FHWA*- Federal Highway Administration.
37. *Force Account Labor*—Labor performed by the applicant's permanent, full time or temporary employees.
38. *Grinding* – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.
39. *Hold Harmless*- Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.
40. *ITB*- Invitation to Negotiate
41. *Moving Ahead for Progress in the 21st Century (MAP 21)*—In October of 2012, FHWA issued Moving Ahead for Progress in the 21st Century (MAP 21). Among the many changes included in MAP 21 are procedures for managing debris following a disaster. Most significantly, all debris removal for major disasters declared under the Stafford Act is now funded by FEMA rather than FHWA. This provision requires that municipalities monitor debris removal from FHWA road segments in accordance with FEMA guidance and regulations rather than that of the FHWA-ER program.
42. *Mutual Aid Agreement*—A written understanding between communities and States obligating assistance during a disaster. See FEMA Publication FP-104-00902, Mutual Aid Agreements for Public Assistance and Fire Management Assistance.
43. *OSHA* – Occupational Safety and Health Administration

44. *PPE*- Personal Protective Equipment. May also be referred to as “Safety Gear”.
45. *RACM*- Regulated Asbestos Containing Material
46. *RCRA* - Resource Conservation and Recovery Act
47. *Recycling*- The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.
48. *Refrigerant* – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.
49. *Regulated Waste*- Any waste that is regulated by the USEPA, FDEP or local rules/ordinance.
50. *Right of Entry*- As used by FEMA, the document by which a property owner confers to an eligible applicant or its contractor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.
51. *Right-of-Way*- The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.
52. *ROE* – Right-of-entry
53. *ROW* – Right-of-way
54. *RRC* – Rapid Response Crew
55. *Scale/Weigh Station*- A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.
56. *State*- State of Florida.
57. *TSDF* – Hazardous Waste Treatment, Storage and Disposal Facility.
58. *Temporary Debris Management Site* – Temporary Debris Management Sites (DMS) are locations designated by the County for the storage and reduction of disaster related debris.
59. *Tipping Fee* – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.
60. *United States Army Corps of Engineers (USACE)*- A component of the Unites States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

PART 3 PROPOSAL REQUIREMENTS

The proposal must be submitted on 8 1/2 x 11-inch paper, numbered, typewritten, with headings, sections and sub-sections identified appropriately. Proposals are limited to twenty-five (25) pages beyond required submittals and resumes.

The proposal must be divided into nine (9) tabbed sections with references to all parts of this Invitation to Negotiate (ITB) done on a section number/paragraph number/letter basis. The nine (9) sections shall be named:

1. **Required Submittals:**

   A. ***Letter of Transmittal***: This letter will summarize in a brief and concise manner the Proposer's understanding of the scope of work and make a positive commitment to perform the work in a professional and timely manner. The letter should name all of the persons authorized to make representations for the Proposer, including the titles, addresses and telephone numbers of such persons. An authorized agent of the Proposer must sign the Letter of Transmittal indicating the agent's title or authority. The letter should not exceed two pages in length.

   B. ***Type of Business:*** The Proposer shall identify the type of business entity involved (e.g., sole proprietorship, partnership, corporation, joint venture, etc.). The Proposer shall identify whether the business entity is incorporated in Florida, another state, or a foreign country.

   C. ***FEIN:*** Provide the **Federal Employer Identification Number** of the Proposer.

   D. ***SSN:*** In the case of a sole proprietorship or partnership, provide Social Security numbers for all owners/partners.

   E. ***Principals:*** The proposal must name all persons or entities serving, or intending to serve as principals in the Proposer's firm. Identify each principal of the firm and any other "key personnel" who will be professionally associated with the development and/or presentation of the proposal.

   F. ***Corporate Information:*** If a Proposer is a corporation, it shall be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in Florida.

G. ***Summary of Litigation:*** Provide a summary of any litigation, claim(s), or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2019 which is related to the services that Proposer provides in the regular course of business. The summary shall state the nature of the litigation, claim or contract dispute, a brief description of the case, the outcome or projected outcome, and the monetary amounts involved. State if there are no litigation claim(s) or contract dispute(s) filed by or against the Proposer in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business.

H. ***License Sanctions:*** List any regulatory or license agency sanctions in calendar years 2013 through 2018 which is related to the services that Proposer provides in the regular course of business. State if there are no license sanctions against the Proposer in the above stated calendar years.

I. ***Acknowledgment of Addenda:*** Include assigned and dated copy of last addendum issued by the County, if any.

J. ***Conflict of Interest Statement:*** The Proposer shall provide information requested on the Conflict of Interest Statement Form, included in the ITB documents.

K. ***Existing Contracts:*** The Proposer shall provide a listing of current contracts in Florida, Alabama and Mississippi. The Proposer shall also provide a map of Florida depicting current contract locations. Indicate commitment of availability of staff and resources to Escambia County.

L. **Alternative Disposal Sites**: The Proposers shall provide a list of alternative disposal sites that may be used to dispose of disaster debris. The list shall include the alternative disposal sites name, location, FDEP permit number (if applicable), debris type accepted, and one-way mileage from the nearest Escambia County official boundary point.

M. ***Past Performance:*** Proposer(s) shall provide required information of experience in projects with similar complexity within the past seven (7) years. Project experience is defined as work completed for a single applicant and disaster and cannot include a combination of applicants. One project must have involved the removal and processing of greater than one (1) million cubic yards of debris. Required information from each project listed includes total cubic yards (or tons) collected, total revenue to Contractor, completion date, and a project reference. The Proposer must provide a client contact person, telephone number, and e-mail address for each project. The Proposer may NOT use past experience as a subcontractor to demonstrate past experience.

Proposers shall also state any projects or contracts that they have been terminated or dismissed from during the past five years (2013 – 2018). Please provide Contractor's explanation for the termination or dismissal.

N. ***References*** - Provide references from existing contracts and/or past clients' for which the Proposer has actively performed disaster debris removal work. At least three (3) of the references should be from clients where the Proposer has successfully completed debris removal projects in excess of 500,000 cubic yards.

2. **Project Understanding and Technical Approach:** Provide a statement demonstrating an understanding of the services and support required by this ITB. State how the Proposer will approach the project and the methodology to be used to perform the services described in the Scope of Services. The technical approach should also outline the following:

   A. Loading, hauling, and reduction of debris
   B. Ability to manage activation of multiple contracts
   C. Methods for mobilization/demobilization
   D. Documenting and resolving damages
   E. Invoicing and data management

3. **Key Personnel:** Provide a summary table of the Contractor's key personnel assigned to the County in the event of contract activation. The summary shall include key personnel's role, number of years of debris removal experience, sample projects (including references), and contact information. Key personnel shall have the following experience:
   - Project manager – must have five (5) years of experience
   - Operations manager – must have three (3) years of experience

   Changes to personnel listed on the proposal at the time of an event must be communicated to the County and are subject to approval by the County. The County also reserves the right to request the substitution of any personnel as the County deems necessary.

4. **Resumes:** Provide resumes for the project manager, operations manager and other key personnel proposed for this program. Resumes will not be counted toward the twenty-five (25) page limit.

5. **Typical DMS Site Safety Plan and Operational Plan:** Provide a description of the firm's typical DMS safety plan and operational plan. Any changes to the site safety plan or operational plan must be provided to the County and are subject to County approval. The County also reserves the right to request changes to the Proposer(s) site safety plan or operational plan.

6. **Subcontracting Plan:** Provide a plan that includes but is not limited to the following; The total percent of the work to be subcontracted; a list of sub-contractors proposed for this project indicating participation by local sub-contractors and the overall percentage of work scheduled to be performed by local sub-contractors; Proposer's policies and procedures in place to ensure sub-contractors and all sub-tier contractors retain adequate insurances and are paid.

7. **Licenses and Certificates**: List any licenses or certifications related to the scope or work described in this ITB. State if the Proposer does not have any related or applicable licenses or certifications.

8. **Insurance Requirements:** Contractor shall provide evidence of the ability to meet the insurance requirements set forth in the County's Agreement by providing a certificate of Insurance on ACORD Form 25, Section ##. Insurance. The Contractor will either cover subcontractors performing services under the scope of work or require such subcontractors to acquire and maintain the same coverage as specified in the County Agreement, Section ##. Insurance.

9. **Price Proposal:** The Proposer shall submit Price Proposal forms included in these ITB documents. Bidders are warned to price each line item / section independently as the County may elect to award contracts to multiple Contractors for the same or different services (e.g. one contractor for collection, another for DMS site operations, and another for final disposal, etc.).

PART 4 PROPOSAL EVALUATION

Relevant experience and past performance in Disaster Debris Removal Services with a minimum of seven (7) years of experience regarding the attached scope of work, service area, and amount of debris collected.

Previous experience with State and Federal reimbursement programs; including, but not limited to, FEMA, FHWA, NRCS and any other applicable Federal or State agencies associated with funding of debris removal and recovery efforts.

Direct and indirect references.

Firm possesses all appropriate Contractors and professional licenses required to do business in the State of Florida.

The ability, capacity, skill, and organization of the Proposer to perform and support the needs and objectives within the scope of work as proposed.

The character, integrity, reputation, judgment, experience of proposer.

The schedule and availability of the proposer; to include response time.

Financial stability.

The Current and projected workload of the proposer; to include current contracts with other government entities.

Listing of the current condition and amount of resources available to perform the services required, such as the Proposer's heavy equipment, vehicles, and other related equipment.

The explanation of the Proposer's approach to mobilization, operational plans, work procedures, and their processing system to support the needs and objectives of the County.

Proposer's existing Maintenance, Repair, Parts and Resource Programs, including availability of personnel, that would enable and ensure remedial work as maybe required under the guarantee provided.

Contractor's senior representative will be present at County EOC 24 hours prior to anticipated event, if requested by County; if not already present Contractor's senior representative will report to County EOC within 24 hours of notification by County after an event.

PART 5 SCOPE OF SERVICES

Background

Escambia County, Florida (County) seeks to establish one or more contracts for disaster debris removal, reduction, disposal and other emergency cleanup services following a debris-generating event, such as a tropical system or other natural and man-made disasters.

Pre-Event Coordination Meeting

The successful Contractor(s) shall be required to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s).

Scope of Services

Under this contract, a number of services are contemplated including debris clearance, removal, reduction, and disposal. The County will work with the selected Contractor(s) to develop a scope of services and contract that is consistent with the specific scope of services awarded. The sections that follow are intended to provide Proposers with a detailed understanding of the County's requirements associated with disaster debris removal and disposal operations.

Debris removal work shall consist of clearing and removing any and all "Eligible" debris as most currently defined (at the time written Task Orders are issued and executed by the County for the Contractor) by the Public Assistance grant program guidelines, Federal Emergency Management Agency (FEMA) Publication FP-104-009-2 Public Assistance Program and Policy Guide (PAPPG), all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies and as directed by the County Debris Manager. Any debris quantities that are in question with regards to eligibility should be brought to the County Debris Manager's attention for a written determination. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. Work will include: 1) examining debris to determine whether or not debris is Eligible; 2) loading the debris; 3) hauling debris to County approved DMS or County Designated Final Disposal Site(s); 4) reducing disaster related debris; 5) hauling reduced debris to a County Designated Final Disposal Site; and 6) dumping the debris at the dumpsite or County Designated Final Disposal Site. Debris not defined as Eligible by FEMA Publication FP-104-009-2 or state or federal DSGs or policies will not be loaded, hauled or dumped under this contract unless written instructions are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Task Orders, unless otherwise directed by the County Debris Manager, in writing. This includes, but is not limited to:

1. **Emergency Road Clearance**

   Under this element, work shall consist of all labor, equipment, fuel, traffic controls costs, and other associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared

disaster event. Unless otherwise ordered by the County Debris Manager, all roadways designated by the County Debris Manager shall be clear and passable within seventy (70) working hours of the issuance of a Task Order from the County to conduct emergency roadway clearance work. This may include roadways in municipalities within the County. Clearance of these roadways will be performed as identified by the County Debris Manager. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2. ROW Vegetative Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible vegetative debris will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

3. ROW C&D Debris Removal

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County Approved DMS or County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D Debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

4. <u>Demolition, Removal,Transport and Disposal of Non-RACM Structures</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

f. The Contractor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the handling and transportation of Non-RACM debris to a County Designated Final Disposal Site.

5. Demolition, Removal, Transport and Disposal of RACM Structures

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible RACM structures on private property within the jurisdictional limits of the County. Under this service, work will include ACM testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County Designated Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

e. The Contractor is required to strictly adhere to any and all local, state and federal regulatory requirements for the demolition, handling and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

6. DMS Management, Operations and Reduction of Vegetative Debris Through Grinding

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA)

and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

j. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all

utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

7. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Air Curtain Incinerators</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through an Air Curtain Incinerator (ACI) of eligible disaster related debris. ACI reduction must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing County approved twenty-four (24) -hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

8. <u>DMS Management, Operations and Reduction of Vegetative Debris Through Controlled Open Burning</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of vegetative debris through controlled open air burning of eligible disaster related debris. Controlled open air burning must be approved by the County Debris Manager, Division of Forestry, FDH and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the DMS(s) in accordance with OSHA, EPA and FDH guidelines.

c. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

e. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

f. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, traffic cones and staff with traffic flags.

g. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing

h. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

i. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a TSDF.

j. Contractor is responsible for providing twenty-four (24)-hour DMS security and fire tender.

k. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

l. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

m. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

9. <u>DMS Management, Operations and Reduction of Construction and Demolition Debris Through Compaction</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate DMS for the acceptance, management, segregation, staging and reduction of construction and demolition debris through compaction of eligible disaster related debris. Compaction must be approved by the County Debris Manager prior to commencement of compaction activities. The DMS layout and ingress and egress plan must be approved by the County Debris Manager.

n. The management of DMS includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and Florida Department of Health (FDH). The Contractor shall also be responsible for any and all costs associated with third-party groundwater and

soil testing.

o. Contractor is responsible for operating the DMS in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDH guidelines.

p. Debris at DMS will be clearly segregated and managed independently by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

q. All un-reduced storm debris must be staged separately from reduced debris at the DMS.

r. Contractor is responsible for all associated costs necessary to provide DMS utilities such as, but not limited to, water, lighting and portable toilets (both male and female portable toilets).

s. Contractor is responsible for all associated costs necessary to provide DMS traffic control such as, but not limited to, signage, traffic cones, and staff with traffic flags.

t. Contractor is responsible for all associated costs necessary to provide DMS dust control and erosion control such as, but not limited to, an operational water truck and silt fencing.

u. Contractor is responsible for all associated costs necessary to provide DMS fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

v. Contractor is responsible for all associated costs necessary to provide lined containers or containment areas for the segregation of any HHW that may be mixed with disaster debris. The Contractor is also responsible for all associated costs necessary for HHW to be disposed of at a permitted Hazardous Waste Treatment, Storage and Disposal Facility (TSDF).

w. Contractor is responsible for providing County approved twenty-four (24)-hour DMS security.

x. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

y. Contractor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Contractor will at a minimum meet the specifications provided in the Technical Specifications of this ITB (See pages 36-37, Debris Site Tower Specifications).

z. Upon completion of haul-out activities, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental

regulatory requirements and is subject to final approval by the County and FDH.

10. Haul-Out of Reduced Vegetative Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible material such as ash or mulch existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws.

b. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

c. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

d. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

e. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

11. Haul-Out of Reduced Construction and Demolition Debris to a County Designated Final Disposal Site

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and associated costs necessary to load and transport reduced eligible compacted C&D existing at a County approved DMS to a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. The Contractor shall not receive any payment from the County for load tickets related to reduced or un-reduced debris transported and disposed of at a non-County Designated Final Disposal Site.

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the sanitary disposal of eligible Construction and Demolition Debris in accordance with all

applicable local, state, and federal laws.

b. The County may choose to not activate this scope of services item. The Contractor shall not perform work under this scope of services item unless specifically requested in writing by the County.

c. Contractor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. Contractor shall be responsible for all traffic, erosion, and dust controls in the immediate vicinity of Contractor's site.

e. Contractor shall provide the systems (including the printing of weight tickets) and personnel to ensure that loads are properly documented. In support of its invoice, Contractor shall provide a written report matching weigh ticket number with load ticket number and other applicable information.

f. Operating hours shall be from sunrise until sunset, seven days per week unless otherwise instructed by the County Debris Manager.

12. <u>Removal of Hazardous Trees and Limbs</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous trees six (6) inches or greater in diameter, measured three (3) feet from the base of the tree and eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW. Debris generated from the removal of eligible hazardous trees and eligible limbs two (2) inches or greater existing in the County ROW will be placed in the safest possible location on the County ROW and subsequently removed in accordance with scope of services, item 2, under the terms, conditions and procedure described in "ROW Vegetative Debris Removal." Eligible hazardous trees less than six (6) inches in diameter, measured four and half (4.5) feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for scope of services item 2. The County will not compensate the Contractor for cutting trees less than six (6) inches in diameter on a unit rate basis. Any disputes regarding measured diameters will be reviewed and decided by the County.

a. Eligible hazardous trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous trees six (6) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous trees will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous trees to be removed and eligible for

reimbursement, the tree must satisfy a minimum of one (1) of the following requirements:

1. The tree is leaning in excess of thirty (30) degrees in a direction that poses an immediate threat to public health, welfare and safety.
2. The tree is dead, twisted or mangled as a direct result of the storm and a certified Arborist can attest to the fact that the tree will die, and potentially create a falling hazard to the public.
3. The tree has a broken canopy
4. The tree has a split trunk that exposes heartwood.

b. Eligible hazardous limbs will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous limbs two (2) inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Contractor, in writing, by the County Debris Manager. In order for hazardous limbs to be removed and Eligible for payment, the limb must satisfy all of the following requirements:

1. The limb is two (2) inches of greater in diameter when measured at the break.
2. The limb is still hanging in a tree and threatening a public-use area.
3. The limb is located on improved public property.

13. <u>Removal of Hazardous Stumps</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to remove all eligible hazardous uprooted stumps twenty-four (24) inches or greater in diameter, measured twenty-four (24) inches from the base of the tree existing on the County ROW. Contractor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Further, debris generated from the removal of uprooted stumps existing on the County ROW will be transported to a County approved DMS or a County Designated Final Disposal Site in accordance with all federal, state and local rules and regulations. Eligible stumps measured twenty-four (24) inches from the base of the tree and less than twenty-four (24) inches in diameter will be considered normal eligible vegetative debris, converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions of scope of services item 2.

a. Eligible hazardous stumps will be identified by the County or its authorized representative for removal. Removal and transportation of Eligible hazardous uprooted stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Contractor, in writing, by the County Debris Manager. In

order for hazardous stumps to be removed and Eligible for reimbursement, the stump must satisfy the following criteria:

1. Fifty percent (50%) or more of the root ball is exposed.
2. The stump is on County ROW and poses an immediate threat to public health, safety or welfare.

Tree stumps that are not attached to the ground will be considered normal vegetative debris and subject to removal under the terms and conditions of scope of services item 2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of scope of services, item 2. The cubic yard volume of the unattached stump will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

The County or its authorized representative will measure and certify all Eligible stumps prior to removal.

14. Household Hazardous Waste Removal, Transport, and Disposal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal, transportation and disposal of eligible HHW.

a. The removal, transportation and disposal of eligible HHW includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. All HHW shall be managed as hazardous waste and disposed of at a permitted final disposal facility operating in accordance with local, state, and federal laws. County shall be provided with copies of all applicable licenses, permits, manifest, etc. required for HHW handling, transportation, and disposal.

15. Abandoned Vehicle Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of eligible Abandoned Vehicles in areas identified and approved by the County.

Abandoned Vehicle shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to “plug” the breach or remove the product. All petroleum/water removed from the vehicle prior to loading and hauling shall be containerized, hauled to the vehicle staging area and appropriately labeled for disposal.

The removed eligible vehicles will be hauled to County approved staging area and subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped with security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vehicles.

The removal, transportation and disposal of eligible Abandoned Vehicles includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

16. Abandoned Vessel Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transport of Eligible Abandoned Vessels in areas identified and approved by the County. The removed Eligible vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The vessel shall be inspected to identify any possible potential release of petroleum products into the environment. If breaches in the motor or fuel compartments are observed precautions should be made to "plug" the breach or remove the product. All petroleum/water removed from the vessel prior to loading and hauling shall be containerized, hauled to the vessel staging area and appropriately labeled for disposal. The removed eligible vessels will be hauled to a County approved staging area, all free liquids removed from the motor and fuel compartment, placed in an appropriately labelled container and staged for disposal at a facility permitted to accept contaminated petroleum products. The vessel once evacuated of all free liquids will be subsequently disposed of by the appropriate regulatory agency. The staging area must be equipped an approved containment area to stage containers of free liquids removed from the vessels, security lighting and fencing, 24 hour security and paved or otherwise impermeable parking surface on which to stage the vessels.

The removal, transportation and disposal of eligible abandoned vessels includes obtaining all necessary local, state and federal handling permits and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

17. Management and Operation of Staging Areas for Abandoned Vehicles or Vessels

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to manage and operate a staging area for the acceptance, management, and storage of eligible abandoned vehicles or vessels. Staging area layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of staging areas includes assistance in obtaining necessary local, state and federal permits or approval and operating in accordance with all rules and regulations of local, state and federal regulatory agencies which may include, but are not limited, to EPA and FDH. The Contractor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Contractor is responsible for operating the staging area in accordance with OSHA, EPA and FDH guidelines.

c. Contractor is responsible for all associated costs necessary to provide staging area traffic control such as, but not limited to, traffic cones and staff with traffic flags.

d. Contractor is responsible for providing County approved twenty-four (24) -hour staging site security

e. Contractor will only permit Contractor vehicles and others specifically authorized by the County or its authorized representative on site(s).

f. Upon proper disposal or removal of vehicles or vessels, the Contractor will be responsible for remediating the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

18. <u>ROW White Goods Debris Removal</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and transportation of eligible white goods from the ROW to a designated County approved DMS. The Contractor shall also be responsible for the transportation of Eligible white goods from the designated County approved DMS to a County designated facility for recycling. The designated facility for recycling must be approved in writing by the County. Eligible white goods containing refrigerants must first have such refrigerants removed by the Contractor's licensed technicians prior to mechanical loading. Contractor is to provide County with copies of license technician certifications. The Contractor is also responsible for emptying and decontaminating any white goods containing spoiled foods.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants are not damaged.

White goods are banned from landfill disposal in the state of Florida, yet are accepted for recycling.

a. The removal, transportation and recycling of eligible white goods includes obtaining all necessary local, state and federal handling permits and operating in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor shall recycle all eligible white goods in accordance with all rules and regulations of local, State and federal regulatory agencies.

c. The Contractor shall separate/remove all small engine debris such as lawn mowers, weed eaters, etc. from the ROW debris and transport to a designated County approved DMS.

19. E-waste Item Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of televisions, computers, computer monitors, and microwaves in areas identified and approved by the County. The Contractor shall recycle or dispose of all eligible E-waste Items in accordance with all rules and regulations of local, State and federal regulatory agencies.

20. Dead Animal Carcasses

Under this element, work shall consists of all labor, equipment, fuel, traffic control costs and other associated costs necessary for the removal and lawful disposal of dead animal carcasses. Contractor shall coordinate activities with the Escambia County Department of Animal Services and the Escambia County Health Department.

21. ROW Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from the ROW, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to a County approved beach. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade at the County approved beach. All work will be performed in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible sand that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

22. Private Property Sand Debris Removal

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to collect eligible debris laden sand from private property, haul to a processing screen, process the sand through a maximum two inch screen and haul screened sand to back to the original private property collection location. Under this service work will include sand-pile maintenance and the shaping of screened sand to final grade once returned to the original private property collection location. All work will be performed in accordance with all federal, state and local rules and regulations.

a. Entry onto private property for the removal of eligible debris laden sand will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property debris removal programs if requested.

b. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved processing screen. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

c. Eligible vegetative debris or C&D debris removed from screened sand will be loaded and removed in accordance with the terms, conditions and compensation schedule for scope of services items 2 and 3 respectively.

23. <u>Beach Scrape and Clean</u>

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to scrape and collect eligible debris laden sand from County beaches, haul to a processing screen, process the sand through a maximum two inch screen, haul screened sand back to a County beach and shaping of the sand to final grade.

a. Removal of eligible debris laden sand from County beaches will only be permitted when directed in writing by the County or its authorized representative.

b. County designated beaches will be scraped to a maximum depth as prescribed in writing by the County.

24. <u>Marine Debris Removal</u>

a. Under this element, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to clear waterways of Eligible debris that is a direct result of a natural or manmade disaster as directed by the County, in writing. The first response work will focus on clearing blockages and other impediments to water flow. After water flow paths are restored, debris work will then consist of further clearing storm debris in the designated waterways (canals, streams, lakes, etc.). This will include the removal and disposal of trees, branches, brush, rubbish, etc., debris deposited in and adjacent to the waterway up to a maximum of eight (8) feet beyond the top of the bank down to and including items in the water and other items as may be designated by the County or its representative

25. <u>Cradle to Grave – ROW Vegetative Debris</u>

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible Vegetative Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 2, 6, 9, and 19.

26. Cradle to Grave – ROW C&D Debris

a. Under this element, work shall consists of providing all necessary labor, equipment, fuel, supplies, and land capacity for the collection, transport, reduction via grinding, DMS operations, haul-out, and sanitary disposal of eligible C&D Debris in accordance with all applicable local, state, and federal laws. Scope shall include all elements of Scope items 3, 6 (if required), 9 (if required), and 20.

Supplemental Provisions

Mobilization

Within twenty-four (24) hours of the County being placed in the National Oceanic Atmospheric Administration five (5) -day hurricane forecast, the Contractor(s) shall contact the County regarding potential contract activation. The Contractor shall provide a representative to the County Public Works Coordination Center prior to a mandatory evacuation of the County. It shall be the Contractor's responsibility to maintain regular contact with the County prior to any known threats to determine the timing of proposed mandatory evacuations. For unforeseen events (e.g. tornadoes), the Contractor shall report to the Escambia County Public Works Office within eight hours after the event for mobilization orders. Within 72 hours following the disaster event, the Contractor shall have obtained 50% of the resources requested by the County. Within 120 hours following the disaster event, the Contractor shall have obtained 100% of the resources requested by the County. The County reserves the right to retain additional Contractors to the extent deemed necessary.

Task Orders

The County shall authorize work under this contract through the issuance of written Task Orders. Task Orders must be executed by authorized staff of the County and Contractor. Task Orders shall be sent via electronic transmission (facsimile, e-mail, etc.) followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless a written Task Order has been executed by both parties.

Private Work

Neither the Contractor nor any subcontractors shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Contractor to dismiss or remove from the project any laborers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

Designated Work Area

The designated area for debris removal (the County right-of-way) is bounded by the County limits of the County and includes public property and Right-of-Ways (ROW), County and utility easements, County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the

jurisdictional boundaries of the County. The County Debris Manager may also authorize the Contractor to perform debris removal on non-County roadways or other areas, as directed in writing by the County Debris Manager.

Completeness of Debris Removal

All debris identified by the County Debris Manager shall be removed. The number of complete passes the Contractor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Contractor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any Eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Contractor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

Loose leaves and small debris in excess of one bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left on site.

Storage and Disposal of Debris

Contractor shall deliver all disaster related debris to County approved Debris Management Site (DMS) or County Designated Final Disposal Sites that have been permitted to receive storm-generated debris and adhere to all local, state and federal regulations.

The County will provide the Contractor with potential DMS locations. In addition to the DMS locations provided by the County, the County may task the Contractor with identifying additional DMS or final disposal sites, subject to final approval by the County. The Contractor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, sod, fencing and other physical features. DMS remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDH.

All DMS and County Designated Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Contractor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state and federal safety and environmental standards. Contractor reduction, handling, disposal and remediation operations must be approved, in writing, by the County Debris Manager.

The Contractor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state and federal governments or agencies, or of any public utilities.

The County reserves the right to inspect DMS, verify quantities and review operations at any time.

Safety

The Contractor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Contractor(s) shall take all reasonable steps to insure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Contractor shall also be responsible for periodically inspecting all Contractor vehicles (including subcontractors) to ensure that vehicles meet state and federal DOT regulations. The Contractor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

Use of Local Resources

As per FEMA regulations, the Contractor(s) shall give first priority to utilizing resources located within the disaster area, including but not limited to, procuring supplies and equipment, awarding subcontracts and employing workers.

On-Site Project Manager

The Contractor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives. Daily meeting topics will include, but not limited to, volume of debris collected, completion progress, County coordination and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Contractor(s)' project manager must be available twenty-four (24) hours a day, or as required by the County Debris Manager.

Equipment

a. All trucks and other equipment must be in compliance with all applicable local, state and federal rules and regulations. Any truck used to haul debris must be capable of rapidly dumping its load without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of two (2) -inch by six (6) -inch boards or greater and not to extend more than two (2) feet above the metal bedsides. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Contractor(s).

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent it from falling off. Measures must be taken to avoid the

debris blowing out of the hauling vehicle during transport to a County approved DMS or a County Designated Final Disposal Site.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Contractor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Contractor(s) mix debris hauled for others with debris hauled under this contract.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

g. The Contractor(s) shall provide an on-site office trailer for the duration of the project or as directed by the County.

Traffic Control

The Contractor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Contractor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Contractor(s) shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state and federal laws, regulations, and ordinances governing personnel, equipment and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Contractor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected.

Rapid Response Crew

Contractor(s) shall be required to provide the County with access to a Rapid Response Crew (RRC). The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

Work Hours

The Contractor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed seven (7) days per week. Adjustments to work

hours, as local conditions may dictate, shall be coordinated between the County and the Contractor(s). Unless directed otherwise, volumetric reduction operations at temporary debris storage and reductions sites shall be conducted on a twenty-four (24) hour, seven (7) days a week basis.

Liquidated Damages

Should the Contractor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore the Contractor shall pay the County, as liquidated damages, the following:

a. The Contractor shall pay the County, as liquidated damages, $10,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued a Task Order.

b. The Contractor shall pay the County, as liquidated damages, $1,000.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County Designated Final Disposal Site. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Contractor shall pay the County, as liquidated damages, $100.00 per incident where the Contractor fails to sufficiently clean collection site(s) so that no loose leaves and small debris in excess of one bushel basket remain, no debris is left on the road surface and no single piece of debris larger than six (6) inches remains on site. Application of liquidated damages does not release the Contractor from the responsibility of sufficiently cleaning collection site(s).

d. The Contractor shall pay the County, as liquidated damages, $500.00 per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Contractor to complete requirements set forth in the scope of work.

Damages

The Contractor(s) shall repair any damages caused by the Contractor's equipment in a timely manner at no expense to the County. If there is disagreement between a resident and Contractor(s) as to the repair of damages, the County shall decide and make the final determination on the repair. Any damages to private property shall be repaired at the Contractor's expense. Failure to restore damage to public property or private property to the satisfaction of the County will result in the County withholding retainage money in an amount sufficient to make necessary repairs.

To the extent that the County deems the Contractor(s) negligent in management practices, the County may withhold from retainage money or invoice the Contractor(s) for time and material costs associated with resolving issues or damages related to the Contractor's work.

Existing Utilities

a. Some trees and debris that are to be removed under this contract may be blocked or entangled with overhead power, telephone and television cables. In this case, it shall be Contractor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Contractor(s) shall pay all such costs to the utility company for any adjustments.

b. The Contractor(s) shall make the necessary repairs or pay all costs incurred to repair damaged utilities that are a result of the Contractor, as determined by the affected utility company. Repairs to all municipal and privately owned utilities shall be made by the Contractor(s).

Debris Site Tower Specifications

a. The Contractor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Contractor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of ten (10) feet from surrounding grade to finish floor level, have a minimum eight (8) feet by eight (8) feet of usable floor area, be covered by a roof with two (2) feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up four (4) feet on all four (4) sides. The expense incurred by the Contractor for the construction of towers is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

b. The Contractor(s) shall provide as many portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. At a minimum two portable toilets will be provided for both male and female designation. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Contractor(s) throughout the duration of dumping operations. The expense incurred by the Contractor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Contractor's compensation under the terms and conditions of scope of services items 5, 6 and 7.

c. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

Ownership of Debris

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County. The County shall retain ownership of all debris until such time as debris is legally disposed in a licensed, permitted disposal site approved by the County.

Environmental Protection

a. Any and all fluids or chemicals (work-related materials such as oil-dry, absorbents, etc.) used by the Contractor(s) must be used and disposed of in accordance with all rules and regulations of local, state and federal regulatory agencies.

b. The Contractor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Contractor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

c. The Contractor(s) shall comply with all laws, rules, regulations and ordinances regarding environmental protection.

d. The Contractor(s) shall document and report incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills or fuel leaks.

Documentation and Measurement

a. All Contractor(s) trucks used for collection and hauling of Eligible debris from the County ROW to County approved DMS or County Designated Final Disposal Sites shall be measured either by weight (tons) or volume (cubic yards) as deemed appropriate by the County. The County or County-authorized representative shall be responsible for the measuring and recording of weights and/or volumes (inside bed measurements). The Contractor shall provide a representative to attest to the weighing / measuring process. It is the Contractors responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to each certified truck and shall clearly state the truck measurement in tons and/or cubic yards, Contractor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or

communities. Throughout the debris removal process, the County or its representative may designate trucks for re-measurement in order to verify weights and volumes.

b. The Contractor(s) is responsible for ensuring all subcontractors maintain a valid driver's licenses, have equipment that is legally fit for travel on the road, and that safety measures are observed for Contractor trucks and equipment during working and non-working hours.

c. Load tickets will be provided by the County or its authorized representative for recording pick-up location and tons/volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as hanger or leaning tree removal. Only tickets designated and approved by the County will be authorized for use.

- Each ticket shall be of a type that consists of one original and four carbon-copy duplicates.
- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Contractor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete load or unit rate tickets submitted for payment.
- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County Designated Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection and/or measured weight (as appropriate). This determination will be made by the County authorized representative present at the DMS or County Designated Final Disposal Site. The County authorized representative will validate, enter the load call and/or actual weight and sign the load ticket. The County will keep the original copy, two (2) copies will be given back to the vehicle operator and the remaining two (2) copies will be provided to the Contractor.
- The Contractor(s) shall give written notice of the location for work scheduled twenty-four (24) hours in advance.

d. The County may elect to use electronic ticketing through an Automated Debris Management System (ADMS). If the County chooses to use

ADMS technology, the Proposer will be required to comply with the requirements of the ADMS technology.

Payment

a. The County, or its authorized representative, will monitor, verify and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor(s) will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be properly completed. Tickets missing loading address, truck number, certified weight/capacity, collection monitor signature, disposal site, weight/load call, or disposal monitor signature will not be paid.

b. Payment for disposal costs such as tipping fees, incurred by the Contractor at a County Designated Final Disposal Site, will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Contractor must furnish an invoice in hard copy and electronic format matching scale/weigh ticket numbers with load ticket or haul-out ticket numbers and other applicable information. The Contractor will also be required to provide proof of Contractor payment to the County Designated Final Disposal Site.

c. Mileage shall be determined by use of a widely-accepted mapping program (such as Microsoft Streets & Trips or Google Maps). The County shall determine allowances for variances such as DMS where the point of site address is a significant distance from the debris site tower.

d. Private property debris removal operations will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, Household Hazardous Waste (HHW) etc.), program (ROW collection, private property debris removal, etc.) and/or applicant(s) (municipalities located within the County).

e. Invoices shall be submitted to the County's authorized representative on a weekly basis. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

f. A ten percent (10%) retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the

Contractor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

g. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

h. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

i. Payment for disposal cost incurred by the Contractor(s) at County Designated Final Disposal Sites will be made at the cost incurred by the Contractor. The Contractor(s) must submit a copy of the invoice received from the County Designated Final Disposal Site, an electronic tabulation cross-referencing load tickets and weigh tickets, and proof of Contractor payment to the County Designated Final Disposal Site.

j. Any revenues resulting from the sale of recyclable materials (mulch, scrap metal, etc.) under this contract shall be off set against the charges billed to the County.

k. Contractor(s) must submit a final invoice within thirty (30) days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked “FINAL INVOICE” and no additional payments will be made after the Contractor’s final invoice.

l. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds. The County will only pay for those items deemed Eligible by FEMA unless the County HAS otherwise agreed to in writing.

m. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of seven (7) years following receipt of final payment for the services referenced herein.

Figure 1 – FEMA Stump Conversion Table

Stump Conversion Table

Diameter to Volume Capacity

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root Ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.
46656 is used to convert cubic inches to cubic yards and is a constant

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

Stump Diameter (Inches)	Debris Volume (Cubic Yards)	Stump Diameter (Inches)	Debris Volume (Cubic Yards)
6	0.3	46	15.2
7	0.4	47	15.8
8	0.5	48	16.5

SCHEDULE 1 – HOURLY EQUIPMENT AND LABOR PRICE SCHEDULE **Escambia County Counter Offer**	
Equipment Type With Operator	Hourly Equipment Rate
Air Curtain Burner, Self Contained System	$143.32
Bobcat Loader	$108.48
50' Bucket Truck	$212.25
Crash Truck w/Impact Attenuator	$142.65
Dozer, Tracked, D4 or Equivalent	$141.90
Dozer, Tracked, D6 or Equivalent	$180.90
Dozer, Tracked, D7 or Equivalent	$224.15
Dozer, Tracked, D8 or Equivalent	$260.68
Dump Truck, 10 CY-17 CY	$100.98
Dump Truck, 18 CY-20 CY	$110.18
Dump Truck, 21 CY-30 CY	$124.93
Generator, 16 to 100 kW, List kW Capacity	$54.40
Generator, 210 to 350 kW, List kW Capacity	$143.30
Generator, 1,100 to 2,500 kW, List kW Capacity	$563.15
Light Plant with Fuel and Support	$57.60
Grader w/12' Blade	$161.73
Hydraulic Excavator, 1.5 CY	$151.55
Hydraulic Excavator, 2.5 CY	$168.58
Knuckleboom Loader	$198.98
Lowboy Trailer w/Tractor	$143.98
Mobile Crane up to 15 Ton	$222.63
Pump, 40 to 140 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$103.68
Pump, 200 HP to 350 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$182.30
Pump, 500 HP to 650 HP (Minimum 25' Intake and 200' Discharge to Include Fuel and Support Personnel)	$335.50
Vac Truck (Mist Capacity), List Capacity	$228.98
Pickup Truck, .5 Ton	$42.98
Skid-Steer Loader, 1,000 LB Capacity	$114.18
Skid-Steer Loader, 2,000 LB Capacity	$132.08
Tub Grinder, 800 to 1,000 HP	$585.45
Track Hoe – John Deere 690 of Equivalent	$178.70
Truck, Flatbed	$102.61
4 Wheel Drive Lift for Tower	$87.13
Water Truck (Non-Potable, Dust Control and Pavement Maintenance)	$102.18
Wheel Loader, 2.5 CY, 950 or Similar	$153.73
Wheel Loader, 3.5 – 4.0 CY, 966 or Similar	$169.45
Wheel Loader, 4.5 CY, 980 or Similar	$194.40

Wheel Loader-Backhoe, 1.0 – 1.5 CY	$128.75
Other – Please List	N/A
Labor Category	Hourly Labor Rate
Operations Manager w/Cell Phone and Pickup	$100.35
Crew Foreman w/Cell Phone and Pickup	$83.83
Tree Climber/Chainsaw and Gear	$96.45
Laborer w/Chain Saw	$50.93
Laborer w/Small Tools, Traffic Control, or Flagperson	$45.75
Bonded and Certified Security Personnel	$73.78
Other – Please List	N/A
Crew Category	Hourly Labor Rate
Wheel Loader, 2.5 CY, 950 or Similar w/Operator, Foreman with Support Vehicle and Small Equipment, Laborer w/Chain Saw, and 2 Laborers w/Small Tools.	$391.45
Other – Please List	N/A

Escambia County Counter Offer PD 18-19.027 Debris Removal Services				
SCHEDULE 2 - UNIT RATE PRICE SCHEDULE				
Reference to RFP Scope of Services Items 2 to 25. All pricing shall be made independent of other line items as County may elect to award multiple contracts for the same or different services. Proposers can elect to "No Bid" individual service offerings however the County may give preference to Proposers with the most comprehensive service offering. Please write in "No Bid" for any service offering that that Proposers elect to not to offer.				
2	ROW Vegetative Debris Removal Work consists of the collection and transportation of eligible vegetative debris on the ROW to a County approved DMS or County Designated Final Disposal Site.	Estimated Quantity	$ Per CY	Total
	0 - 14.99 miles	4,036,530	$7.94	$32,054,084.73
	15 - 29.99 miles	1,718,400	$8.55	$14,687,164.80
	30 - 44.99 miles	5,770	$9.55	$55,086.19
	45 miles or greater	5,770	$11.34	$65,431.80
				$46,861,767.52
3	ROW C&D Debris Removal Work consists of the collection and transportation of eligible C&D debris on the ROW to a County approved DMS or County Designated Final Disposal Site.	Estimated Quantity	$ Per CY	Total
	0 - 29.99 miles	1,297,450	$8.64	$11,204,778.20
	30 - 59.99 miles	123,980	$10.20	$1,263,976.10
	60 - 89.99 miles	14,420	$11.81	$170,271.36
	90 - 119.99 miles	1,440	$13.89	$20,003.04
	120 - 149.99 miles	1,440	$15.83	$22,789.44
	150 - 179.99 miles	1,440	$18.32	$26,383.68
	180 miles or greater	1,440	$20.93	$30,132.00
				$12,738,333.82
4	Demolition, Removal, Transport and Disposal of Non-RACM Structures Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.	Estimated Quantity	$ Per CY	Total
	0 - 29.99 miles	5,000	$17.97	$89,835.00
	30 - 59.99 miles	20,000	$20.95	$418,960.00

	60 - 89.99 miles	20,000	$22.81	$456,280.00
	90 - 119.99 miles	10,000	$25.16	$251,620.00
	120 - 149.99 miles	10,000	$27.29	$272,930.00
	150 - 179.99 miles	5,000	$29.71	$148,555.00
	180 miles or greater	5,000	$32.42	$162,115.00
				$1,800,295.00
5	Demolition, Removal, Transport and Disposal of RACM Structures	Estimated Quantity	$ Per CY	Total
	Work consists of the decommissioning, demolition and disposal of eligible RACM structures on public or private property and hauling the resulting debris to a County Designated Final Disposal Site.			
	0 - 29.99 miles	5,000	$27.97	$139,835.00
	30 - 59.99 miles	20,000	$29.89	$597,860.00
	60 - 89.99 miles	20,000	$32.33	$646,640.00
	90 - 119.99 miles	10,000	$34.97	$349,680.00
	120 - 149.99 miles	10,000	$37.50	$374,990.00
	150 - 179.99 miles	5,000	$39.61	$198,025.00
	180 miles or greater	5,000	$42.12	$210,585.00
				$2,517,615.00
6	DMS Site Management and Reduction of Vegetative Debris Through Grinding	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through grinding.			
		3,459,882	$3.46	$11,974,651.60
7	DMS Site Management and Reduction of Vegetative Debris Through Air Curtain Incinerators	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through air curtain incinerators.			
		1,153,294	$3.00	$3,456,422.12
8	DMS Site Management and Reduction of Vegetative Debris Through Controlled Open Burning	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible vegetative disaster related debris through controlled open burning.			
		1,153,294	$2.53	$2,913,220.64

9	DMS Site Management and Reduction of Construction and Demolition Debris Through Compaction	Estimated Quantity	$ Per CY	Total
	Work consists of managing and operating DMS and reducing eligible construction and demolition disaster related debris through compaction.			
		1,441,610	$2.64	$3,810,175.23
10	Haul-out of Reduced Eligible Vegetative Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	8,650	$4.67	$40,352.25
	15 - 29.99 miles	43,250	$5.62	$243,194.75
	30 - 44.99 miles	60,550	$6.59	$398,903.40
	45 - 59.99 miles	103,800	$7.30	$757,532.40
	60 - 99.99 miles	129,750	$8.51	$1,104,302.25
	100 - 199.99 miles	173,000	$10.64	$1,841,066.00
	200 miles or greater	346,000	$13.04	$4,512,878.00
11	Haul-out of Reduced Eligible Compacted Construction and Demolition Debris to a County Designated Final Disposal Site	Estimated Quantity	$ Per CY	Total
	Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County Designated Final Disposal Site.			
	0 - 14.99 miles	7,210	$4.07	$29,308.65
	15 - 29.99 miles	36,040	$4.89	$176,127.48
	30 - 44.99 miles	50,460	$5.78	$291,557.88
	45 - 59.99 miles	86,500	$6.49	$561,039.00
	60 - 99.99 miles	108,120	$7.97	$861,392.04
	100 - 199.99 miles	144,160	$10.12	$1,459,331.68
	200 miles or greater	188,320	$13.20	$2,486,012.32
				$8,898,229.05

12	Removal of Hazardous Trees and Limbs	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Element 2, ROW Vegetative Debris Removal.			
	6 inch to 12.99 inch diameter	300	$59.03	$17,708.10
	13 inch to 24.99 inch diameter	200	$121.53	$24,306.80
	25 inch to 36.99 inch diameter	100	$199.90	$19,989.70
	37 inch to 48.99 inch diameter	100	$304.81	$30,480.70
	49 inch and larger diameter	50	$417.87	$20,893.65
	Hanger Removal (per Tree)	12,000	$85.13	$1,021,524.00
				$1,134,902.95
13	Removal of Hazardous Stumps	Estimated Quantity	$ Per Tree	Total
	Work consists of removing eligible hazardous stumps and transporting resulting debris on the ROW to a County approved DMS or County Designated Final Disposal Site. Contractor to backfill all stump holes.			
	24 inches to 36.99 inch diameter	100	$256.34	$25,634.40
	37 inch to 48.99 inch diameter	50	$396.54	$19,827.05
	49 inch and larger diameter	25	$527.42	$13,185.50
				$58,646.95
14	Household Hazardous Waste Removal, Transport and Disposal	Estimated Quantity	$ Per Ton	Total
	Work consists of the removal, transportation and disposal of eligible Household Hazardous Waste (HHW). County to designate specific materials to be collected as part of HHW program.			
		2.5	$5,385.85	$13,464.61
15	Abandoned Vehicle Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible abandoned vehicles in areas identified and approved by the County and subsequently transported to a County approved staging area.			
		250	$239.19	$59,798.25

16	Abandoned Vessel Removal	Estimated Quantity	$ Per LF	Total
	Work consists of the removal of eligible abandoned vessels in areas identified and approved by the County and subsequently transported to a County approved staging area.			
	Vessels on land	2500	$259.28	$648,187.50
	Vessels in water	1500	$488.00	$732,000.00
				$1,380,187.50
17	Management and Operation of Staging Areas for Vehicles and Vessels	Estimated Quantity	$ Per Day	Total
	Work consists of managing and operating staging areas for the acceptance and staging of eligible abandoned vehicles or vessels.			
		120	$1,246.00	$149,520.00
16	ROW White Goods Debris Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the removal of eligible white goods from the ROW to a designated County approved DMS. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible White Goods from the designated County approved DMS to a County designated facility for recycling. County to retain any revenue resulting from recycling efforts.			
	Collection of white goods and transportation to County designated DMS or Final Disposal Site	550	$49.81	$27,395.50
	Freon removal from eligible freon containing white goods	250	$41.60	$10,399.00
				$37,794.50
17	E-waste Item Removal	Estimated Quantity	$ Per Unit	Total
	Work consists of the recovery and disposal of eligible e-waste such as televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.			
		500	$35.71	$17,854.50

18	Dead Animal Carcasses	Estimated Quantity	$ Per Ton	Total
	Work consists of the recovery and disposal of eligible dead animal carcasses.			
		2.5	$979.53	$2,448.82
19	Eligible ROW Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible ROW debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand to a County approved beach, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	140,000	$17.94	$2,511,180.00
	15 - 29.99 miles	20,000	$18.72	$374,340.00
	30 - 59.99 miles	5,000	$21.85	$109,270.00
				$2,994,790.00
20	Eligible Private Property Sand Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible Private Property debris laden sand, transportation to a processing screen, processing of sand through a screen, maintenance of the sand-piles, transportation of screened sand back to the original private property collection location, and shaping sand to final grade. Note: mileage tiers listed below are based on clean sand delivery miles			
	0 - 14.99 miles	50,000	$17.86	$893,000.00
	15 - 29.99 miles	5,000	$19.84	$99,185.00
	30 - 59.99 miles	2,000	$23.42	$46,844.00
				$1,039,029.00
21	Beach Scrape and Clean	Estimated Quantity	$ Per CY	Total
	Work consists of the collection of Eligible debris laden sand from County beaches, transportation to a processing screen, processing of sand through a screen, maintenance of sand-pile, transportation of screened sand back to a County beach and shaping sand to final grade.			
		390,000	$17.17	$6,694,350.00

22	Eligible Waterway Debris Removal	Estimated Quantity	$ Per CY	Total
	Work consists of the collection and transportation of eligible waterway debris to a County approved DMS or County Designated Final Disposal Site. Land based debris removal consists of collecting debris from bank or shoreline. Water based debris consists of collecting debris from a boat or barge.			
	Land based debris removal	25,000	$33.75	$843,750.00
	Water based debris removal	25,000	$76.30	$1,907,500.00
				$2,751,250.00
23	Cradle to Grave: ROW Vegetative Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, transportation, reduction via grinding, DMS operations, haul-out, and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		5,520,000	$17.37	$95,904,480.00
24	Cradle to Grave: ROW C&D Debris	Estimated Quantity	$ Per CY	Total
	Work consists of ROW collection, compaction, transportation, DMS operations (if required), haul-out (if required), and final disposal into a licensed, permitted disposal facility in accordance with local, state, and federal law. All final disposal facilities shall be approved by the County debris manager.			
		1,380,000	$18.76	$25,881,900.00

Exhibit C
Federal Contract Compliance.

In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the following provisions, as applicable:

[Federally Assisted Construction Contracts]
1. **Equal Employment Opportunity (41 C.F.R. Part 60).** During the performance of this Agreement, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity or national origin. The Contractor will take affirmative steps to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. Such action shall include but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(g) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such further sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the foregoing provisions in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the US to enter into such litigation to protect the interest of the US.

[Federally Assisted Construction Contracts in excess of $2,000]

2. **Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148).**

(a) All transactions regarding this agreement shall be in compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as may be applicable. The Contractor shall comply with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) and the requirements of 29 C.F.R. Part 5 as applicable.

(b) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination by the Secretary of Labor. Additionally, Contractors are required to pay wages not less than once per week.

[Federally Assisted Contract for Construction or Repair in excess of $2,000]

3. **Copeland Anti-Kickback Act (40 U.S.C. § 3145).**

(a) Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this Agreement.

(b) The Contractor or subcontractor(s) shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as provided in 29 C.F.R. § 5.12.

4. **Contract Work and Hours Safety Standards Act (40 U.S.C. §§ 3701-3708).**

(a) Overtime Requirements. No contractor or subcontractor contracting for any part of the contract work described herein which may require the employment of laborers or mechanics shall

require or permit any such employee in any workweek in which he/she is employed to work in excess of forty hours in such workweek unless such employee receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of a violation of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work performed under contract for the District of Columbia or a territory, to such District or territory), for liquidated damages. Such liquidated damages shall be computed with respect to each employee employed in violation of this section, in the sum of $26 for each calendar day on which such employee was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this section.

(c) Withholding for unpaid wages and liquidated damages. The state or county shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor , such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in this section.

(d) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

[Contracts awarded in excess of $150,000 under a federal grant]

5. **Clean Air Act and Federal Water Pollution Control Act.**

(a) Clean Air Act (42 U.S.C. §§ 7401, et seq.). The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

(b) Federal Water Pollution Control Act (33 U.S.C. §§ 1251, et seq.) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended. The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FEMA, and the appropriate EPA Regional Office. The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal FEMA assistance.

6. **Debarment and Suspension.**

(a) In the event this Agreement is a “covered transaction” as defined in 2 C.F.R. Part. 180 and Part 3000, the contractor is required to verify that the contractor, its principals or affiliates, are not excluded (as defined in 2 C.F.R. § 180.940) or disqualified (as defined in 2 C.F.R. § 180.935).

(b) If applicable, the contractor must comply with 2 C.F.R. Part. 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(c) This certification is a material representation of fact relied upon by the state and county. If it is later determined that the contractor did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to the state and county, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.

(d) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while any bid or proposal is valid and throughout the period of any Agreement that may arise therefrom. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

[Contract of $100,000 or more under a federal grant]

7. **Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).**

Contractors who apply or bid for an award of $100,000 or more shall file the required certification (**APPENDIX A, 44 C.F.R. PART 18 - CERTIFICAITON REGARDING LOBBYING**). Each tier certifies to the tier above that it will not and has not use federal appropriated funds to pay any person or organization for influencing or attempting to influence an office or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certifications to the awarding agency.

8. **Procurement of Recovered Materials.**

(a) In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired: competitively within a timeframe providing for compliance with the contract performance schedule; meeting contract performance requirements; or at a reasonable price. Information about this requirement, along with a list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program

(b) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

9. **Access to Records.**

(a) The Contractor agrees to provide County, the Federal Emergency Management Agency Administrator, the Comptroller General of the US, or any other authorized representatives access to books, records, documents, and papers of the Contractor which are pertinent to this Agreement for the purpose of making audits, examinations, excerpts and transcriptions.

(b) The Contractor agrees to permit the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. The Contractor agrees to provide

the FEMA administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

(c) In compliance with the Disaster Recovery Act of 2018, the County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or Comptroller General of the US.

10. **DHS Seal, Logo, and Flag**. The Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of the flags or any likeness of DHS agency officials without prior FEMA approval.

11. **Compliance with Federal Law, Regulations, and Executive Orders.** Contractor hereby acknowledges that all or a portion of this Agreement may be funded by Federal Emergency Management Agency (FEMA) financial assistance. Contractor shall comply with all applicable Federal laws, regulations, executive orders, and FEMA policies, procedures and directives.

12. **No Obligation.** The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter arising out of this Agreement.

13. **Program Fraud and False or Fraudulent Statements or Related Acts.** The Contractor acknowledges that 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to this Agreement.

14. **Rights to Inventions**. If the federal award meets the definition of a "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient wishes to enter into contract with a small business firm or non-profit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under the "funding agreement," the recipient must comply with the requirements of 37 C.F.R. Part 401 and any implementing regulations issued by FEMA.

AGREEMENT FOR DEBRIS HAULING SERVICES (PD# 18-19.027)

THIS AGREEMENT is made and entered into by and between Escambia County, Florida, a political subdivision of the State of Florida (hereinafter referred to as "County**"**), whose mailing address is 221 Palafox Place, Pensacola, Florida 32502, and D & J of Alabama, Inc. (hereinafter referred to as "Contractor"), a for profit corporation authorized to conduct business in the State of Florida, FEI/EIN 63-0943382, whose principal address is 3495 Lee Road 10, Auburn, Alabama 36832.

WITNESSETH:

WHEREAS, on or about April 1, 2019, the County issued an Invitation to Negotiate (PD# 18-19.027) seeking contractors to perform disaster debris clearance, removal, reduction and disposal and other emergency clean-up services for Escambia County; and

WHEREAS, the Contractor submitted a bid demonstrating the Contractor was qualified to provide such services; and

WHEREAS, the County desires to enter into an agreement with the Contractor for the provision of such services as set forth herein.

NOW, THEREFORE, in consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, the County and the Contractor agree as follows:

1. Recitals. The recitals contained in the preamble of this Agreement are declared to be true and correct and are hereby incorporated into this Agreement.

2. Term. The term of this Agreement shall commence on the date last executed and continue for a term of twelve (12) months. Upon mutual agreement of the parties, the contract may be renewed for two additional twelve (12) month periods, up to a maximum of thirty-six (36) months. Upon the expiration of the Agreement, if it is determined that interim performance is necessary to allow for the solicitation and award of a new contract, the County may extend the Agreement for up to an additional six (6) months. The County shall provide written notice of the desire to renew or extend the Agreement no later than thirty (30) days prior to the expiration of the current term.

3. Scope. Contractor agrees to perform in accordance with the terms and conditions as outlined in Escambia County's *Invitation to Negotiate for Debris Hauling Services for Escambia County, Specification No. P.D. 18-19.027*, attached hereto as **Exhibit A**. In the event of a conflict between the terms of the Exhibit referenced above and this Agreement, the terms of this Agreement shall prevail.

4. Compensation. In exchange for Contractor's provision of the scope of services referenced in Section 3 above, County shall pay Contractor for services rendered on an as-needed basis in accordance with the *Contractor's bid form*, attached hereto as **Exhibit B**. Contractor shall be responsible for providing all consumable supplies, equipment, and labor necessary to perform the scope of services. All services purchased by the County pursuant to this agreement are subject to post sale audit adjustment. In the event an audit indicates Contractor has not honored quoted price lists and discounts, Contractor will be liable for any and all overage charges.

5. Purchase/Task Orders. The County shall issue written purchase orders and/or task orders to the Contractor on an as-needed basis. The services shall be described in detail and the time frame in which service needs to be performed will be stated in the order. No minimum quantity of work is guaranteed during the term of this Agreement, and those services which are ordered pursuant to a purchase order may be compensated.

6. Method of Payment. Contractor may submit invoices requesting payment for services rendered on a weekly basis. Invoices shall reflect the amount due and owing for services rendered with appropriate supporting documentation as specified in **Exhibit A**. Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's work. Payments under this agreement and interest on any late payments shall be governed by and construed in accordance with the Florida Prompt Payment Act, §§218.70, et seq., Florida Statutes, as amended.

County shall retain ten percent (10%) of the gross amount of each payment request or ten percent (10%) of the portion thereof approved by the County for payment, whichever is less. Such sum shall be accumulated and not released to Contractor until final reconciliation is complete. Any interim interest on such sums shall accrue to County.

Contractor must submit a final invoice to County within thirty (30) days of final completion of the scope of work. Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against County arising out of this Agreement or otherwise relating to the Project, except those previously made in writing and identified by Contractor as unsettled at the time of the final invoice. Neither the acceptance of the work nor payment by County shall be deemed to be a waiver of County's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective work not discovered by the County at the time of final inspection.

7. Contract Time and Extensions.

a) Contractor shall diligently pursue the completion of the work. Should Contractor be obstructed or delayed in the prosecution of or completion of the work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of God or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulations, strikes or lockouts, Contractor shall notify the County in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

b) No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work from any cause whatever, including those for which County may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from County. Contractor expressly acknowledges and agrees that it shall receive *no damages for delay*. Contractor's sole remedy, if any, against County will be the right to seek an extension to the time for performance; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

8. Time for Performance and Liquidated Damages.

a) Time is of the essence in the performance of the work under this Agreement. The "Commencement Date" shall be established in each Task Order to be issued by the County. Contractor shall commence the work within seventy-two (72) hours from the Commencement

Date. No work shall be performed prior to the Commencement Date. Any work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. No work under this contract shall commence until certificates of insurance have been received and acknowledged by the County.

b) County and Contractor recognize that, since time is of the essence for this Agreement, County will suffer financial loss if the work is not completed within the time specified. Should Contractor fail to complete the work as specified, County shall be entitled to assess as liquidated damages the following:

1. $10,000.00 per calendar day of delay to commence work within 72 hours of receiving a Task Order;
2. $1,000.00 per load of debris collected in the County that is not disposed of at a County approved DMS or County designated final disposal site;
3. $100.00 per incident for failure to sufficiently clean collection site(s);
4. $500.00 per incident for failure to repair damages caused by the Contractor or subcontractor(s).

c) Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the County's actual damages at the time of contracting if Contractor fails to complete the work within the time period noted above.

d) When any period of time is referenced to by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

9. Termination.

a) Termination for Cause.

If Contractor fails to perform any obligations under this Agreement, County shall notify Contractor in writing of Contractor's default(s). If County determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice, then County, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which County, in its sole discretion, may choose.

If County deems any of the foregoing remedies necessary, Contractor agrees that is shall not be entitled to receive any further payments hereunder until after the Project is completed. All monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including attorneys' fees) or damages incurred by County incident to such completion, shall be deducted from the Contractor’s payment, and if such expenditures exceed the unpaid balance, Contractor agrees to pay promptly to County on demand the full amount of such excess, including costs of collection, attorney's fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance exceeds all such costs, expenditures and damages

incurred by the County to complete the work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or County, as the case may be, and this obligation for payment shall survive termination of the Agreement.

The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by County in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefor or re-letting the Work, in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

b) Termination for Convenience and Right to Suspend.

County shall have the right to terminate this Agreement without cause upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against County shall be limited to amounts earned through the date of termination, together with any retainage withheld, but Contractor shall not be entitled to any other or further recovery against County, including, but not limited to, damages or any anticipated profit on portions of the work not performed.

County shall have the right to suspend all or any portions of the Work upon giving Contractor two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds three (3) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

10. Indemnification. Contractor shall indemnify, defend, and hold harmless Escambia County, and its officers, directors, employees, and affiliates, from and against any and all liability, loss, cost, or expense including, without limitation, reasonable attorney's fees, arising out of or in connection with the negligence, recklessness, or wrongful misconduct of Contractor in the performance of its duties and obligations pursuant to this Agreement. The parties understand and agree that such indemnification by the Contractor relating to any matter, which is the subject of this Agreement, shall extend throughout the term of this Agreement and any statutes of limitation thereafter. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims relating to this Agreement. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

11. Insurance. The Contractor is required to carry the following insurance:

(a) Commercial General Liability, Form CG1, with $1,000,000 per occurrence. Excess or umbrella insurance may be purchased to make up the difference, if any, between the policy limits of the underlying policies;
(b) Business Automobile Liability with $1,000,000 per occurrence minimum combined single limits for all hired, owned, and non-owned vehicles; and
(c) Florida statutory Workers' Compensation.

It is understood and agreed by the parties that in the event that the Contractor consists of a joint venture, partnership, or other association of professional or business firms, each such firm shall be required to individually carry the above cited coverages.

Contractor agrees all liability coverage shall be through carriers admitted to conduct business in the State of Florida. Carriers shall be "A" or other Secure Best Rating with a minimum financial size of "VII", according to the A.M. Best Key Rating Guide Latest Edition. The insurance policies shall be endorsed to provide at least 30 days advance notice of cancellation, nonrenewal or adverse change. Such notices shall be mailed to Escambia County, Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591.

The Board of County Commissioners and Escambia County shall be endorsed as "additional insureds" on all liability policies (except Workers' Compensation and professional liability). Certificates of Insurance shall be provided to Office of Purchasing, Post Office Box 1591, Pensacola, Florida 32591 prior to commencement of any work hereunder. Certificates shall reflect the additional insured status of Escambia County. The Board of County Commissioners and Escambia County shall also be the certificate holders.

12. Independent Contractor Status. In the performance of this Agreement hereunder, Contractor is an independent contractor. Contractor shall not hold itself out as an employee, agent or servant of the County; and Contractor shall not have the power or authority to bind the County in any promise, agreement or representation, other than as specifically provided in this Agreement or as may be expressly provided hereafter in writing by an authorized official of the County.

13. Notice. Any notice, payment or other communication under this Agreement required hereunder or desired by the party giving such notice shall be given in writing and delivered by hand or through the instrumentality of certified mail of the United States Postal Service or private courier service, such as Federal Express. Unless otherwise notified in writing of a new address, notice shall be made to each party as follows:

To: D&J of Alabama, Inc.	To: Escambia County
Attention: Richard Starr	Attention: County Administrator
3495 Lee Road 10	221 Palafox Place, Suite 420
Auburn, Alabama 36832	Pensacola, Florida 32502

Rejection, or other refusal by the addressee to accept, or the inability of the courier service or the United States Postal Service to deliver because of a changed address of which no notice was given, shall be deemed to be receipt of the notice sent. Any party shall have the right, from time to time, to change the address to which notices shall be sent by giving the other party at least ten (10) days prior notice of the address change.

14 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, and the parties stipulate that venue shall be in the County of Escambia.

15. Public Records. The Contractor acknowledges that this Agreement and any related financial records, audits, reports, plans correspondence, and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Contractor shall maintain all such public records and, upon request, provide a copy of the requested records or allow the records to be inspected within a reasonable time. Contractor shall also ensure that any

public records that are exempt or exempt and confidential from disclosure are not disclosed except as authorized by law. Upon the expiration or termination of the Agreement, Contractor agrees to maintain all public records for a minimum period of five (5) fiscal years in accordance with the applicable records retention schedules established by the Florida Department of State. In the event the Contractor fails to abide by the provisions of Chapter 119, Florida Statutes, the County may, without prejudice to any other right or remedy and after giving the Contractor and surety, if any, seven days written notice, during which period the Contractor still fails to allow access to such documents, terminate the contract.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Escambia County
Office of the County Administrator
221 Palafox Place, Suite 420
Pensacola, Florida 32502
(850) 595-4947

16. Entire Agreement. This Agreement contains the entire agreement between the parties and supersedes all prior oral or written agreements. Contractor acknowledges that it has not relied upon any statement, representation, prior or contemporaneous written or oral promises, agreements or warranties, except such as are expressed herein. The terms and conditions of this Agreement can only be amended in writing upon mutual agreement of the parties.

17. Compliance with Laws. Contractor agrees to comply with all federal, state and local laws, rules, policies, or guidelines related to the performance of this Agreement, including, but not limited to, the Occupational Safety and Health Act, 29 CFR §1910 and 1926, respectively; and the Florida Workers' Compensation Law, Chapter 440, Florida Statutes. Failure to adhere to the requirements of any applicable laws and regulations shall be grounds for an immediate work stoppage, either by County staff or the Contractor, until the deficiency is corrected.

18. Employment Eligibility Verification (E-VERIFY): In accordance with State of Florida, Office of the Governor, Executive Order 11-116 (superseding Executive Order 11-02; Verification of Employment Status), in the event performance of this Agreement is or will be funded using state or federal funds, the CONTRACTOR must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONTRACTOR must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States, except if the CONTRACTOR is a state or local government, the CONTRACTOR may choose to verify only new hires assigned to the Agreement; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include these requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be

obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

19. Permits, Licenses and Taxes.

a) All permits and licenses necessary for the performance of the agreement shall be procured and paid for by Contractor. All permits or fees, including but not limited to, all license fees, permit fees, impact fees or inspection fees payable by Contractor to County have been disclosed to Contractor in the bidding documents at the time the project was let for bid. If Contractor performs any work without obtaining, or contrary to, any such permits or licenses necessary for the performance of the agreement, Contractor shall bear all costs arising therefrom. Contractor shall pay all governmental charges and inspection fees necessary for the performance of the agreement.

b) Contractor shall pay all sales, consumer, use and other similar taxes associated with the work or portions thereof, which are applicable during the performance of the work.

20. Assignment of Agreement. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by Contractor without the prior written consent of the County. However, the Agreement shall run with the Escambia County Board of County Commissioners and its successors.

21. Miscellaneous. If any term or condition of this Agreement shall be invalid or unenforceable, the remainder of the terms and conditions of this Agreement shall remain in full force and effect. This Agreement shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

22. Annual Appropriation. Pursuant to the requirements of Florida law and Article II of Chapter 46, Escambia County Code of Ordinances, the County's performance and obligation to fund this Agreement shall be contingent upon an annual appropriation by the Escambia County Board of County Commissioners.

23. Federal Contract Compliance. In the event performance of this Agreement will be funded in whole or in part by federal funds, the Contractor shall comply with the compliance forms, certifications, and standard contract provisions provided in **Exhibit C**, as applicable.

24. Contract Documents Incorporated.

The following documents are expressly agreed to be incorporated by reference and made a part of this Agreement.

1. Escambia County Disaster Debris Management Plan;
