PLEASE NOTE THAT ALL BCC MEETINGS ARE RECORDED AND TELEVISED

AGENDA
Board of County Commissioners
Regular Meeting – March 5, 2020 – 5:30 p.m.
Ernie Lee Magaha Government Building – First Floor

1. Call to Order.

   Please turn your cell phone to the vibrate, silence, or off setting.

   The Board of County Commissioners allows any person to speak regarding an item on the Agenda. The speaker is limited to three (3) minutes, unless otherwise determined by the Chairman, to allow sufficient time for all speakers. Speakers shall refrain from abusive or profane remarks, disruptive outbursts, protests, or other conduct which interferes with the orderly conduct of the meeting. Upon completion of the Public comment period, discussion is limited to Board members and questions raised by the Board.

2. Invocation – Commissioner Bergosh.

3. Pledge of Allegiance to the Flag.

4. Are there any items to be added to the agenda?

   Recommendation: That the Board adopt the agenda as prepared **(or duly amended).**

5. Commissioners' Forum.

6. Proclamations.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation commending and congratulating Ronnie Johnson, a Field Supervisor in the Operations Division of the Waste Services Department, on his selection as the "Employee of the Month" for March 2020;

B. Adopt the Proclamation commending and congratulating the University of West Florida Football Team, the Argonauts, for winning their first National Title in the program's fourth year of NCAA Division II competition;

C. Adopt the Proclamation honoring and recognizing Rebuild Northwest Florida for the tremendous affect they have had assisting our residents in preparing their homes against hurricane force winds and storm damage; and

D. Ratify the Proclamation dated February 13, 2020, declaring February 7th through February 14, 2020, as Congenital Heart Defect Awareness Week.

7. Did the Clerk's Office receive the proofs of publication for the Public Hearing(s) on the agenda and the Board's Weekly Meeting Schedule?

Recommendation: That the Board waive the reading of the legal advertisement(s) and accept, for filing with the Board's Minutes, the certified affidavit(s) establishing proof of publication for the Public Hearing(s) on the agenda, and the Board of County Commissioners – Escambia County, Florida, Meeting Schedule.

8. 5:32 p.m. Public Hearing for Consideration of the Petition to Vacate a Portion of Unopened Right-of-Way Known as Juan Road, as petitioned by Breland Homes Coastal, LLC, represented by its Agent, Joe Rector.

Recommendation: That the Board take the following action concerning the Petition to Vacate a portion of unopened right-of-way known as Juan Road (0.49 acres, more or less), as petitioned by Breland Homes Coastal, LLC, represented by its Agent, Joe Rector:

A. Approve or deny the Petition to Vacate a portion of Unopened Right-of-Way known as Juan Road (0.49 acres, more or less), as petitioned by Breland Homes Coastal, LLC, represented by its Agent, Joe Rector;

B. Accept the Hold/Harmless Agreement;

C. Adopt the Resolution to Vacate; and

D. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery of the documents to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 1.

9. 5:33 p.m. Public Hearing to Consider the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat on the Board's Own Motion.

Recommendation: That the Board take the following action concerning the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat on the Board's Own Motion:

A. Approve or deny the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat on the Board's Own Motion;

B. Adopt the Resolution to Vacate; and

C. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery of the documents to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 2.

10. 5:34 p.m. Public Hearing for Consideration of the Petition to Vacate Two Drainage Easements located at the 7200 Block of Hilburn Road (1.55 acres, more or less) from Robins Ridge Development, LLC, to Escambia County, Florida, as petitioned by SNS Iron Rock, LLC, represented by its Agent, Rodney Sutton.

Recommendation: That the Board take the following action concerning the Petition to Vacate Two Drainage Easements located at the 7200 Block of Hilburn Road (1.55 acres, more or less) from Robins Ridge Development, LLC, to Escambia County, Florida, as petitioned by SNS Iron Rock, LLC, represented by its Agent, Rodney Sutton:

A. Approve or deny the Petition to Vacate Two Drainage Easements located at the 7200 Block of Hilburn Road (1.55 acres, more or less) from Robins Ridge Development, LLC, to Escambia County, Florida, as petitioned by SNS Iron Rock, LLC, represented by its Agent, Rodney Sutton;

B. Accept the Hold/Harmless Agreement;

C. Adopt the Resolution to Vacate; and

D. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery of the documents to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 3.

11. 5:35 p.m. Public Hearing for consideration of the Fiscal Year 2020 Proposed Grant Application for Mass Transit Projects

Recommendation: That the Board take the following action concerning the Fiscal Year 2020 Grant Application for Federal Transit Administration (FTA), Section 5307 Funds, for operating and capital expenses:

A. Conduct a Public Hearing for the purpose of receiving comments from the general public on the Grant Application by the Mass Transit Department, for $3,648,678 in Federal Assistance, for Operating and Capital expenses;

B. Approve, or amend and approve, the Grant Application after receiving comments at the Public Hearing;

C. Adopt the Resolution authorizing the Chairman to execute all appropriate documents for the processing and receipt of federal funds from the Federal Transit Administration; and

D. Authorize the Mass Transit Department Director to file the Grant Application via the Federal Transportation Award Management System (TrAMS).

NON-ADA COMPLIANT DOCUMENTS TO BE DISTRIBUTED UNDER SEPERATE COVER:

- **5307 Grant Application for Fiscal Year 2019/2020**

[The Grant Application is for a total of $3,648,678. Operating Assistance of $2,500,000 requires a local 50% match. Operating costs will be reimbursed at 50% up to the allowed maximum of $2,500,000. The local match is included in the Fiscal Year 2020 Budget. Preventive Maintenance, ADA Paratransit service, Baldwin County and Safety requires a 20% local match of $337,169.50. The 20% local Match is covered by Florida Toll Revenue Credits.]

12. 5:36 p.m. Public Hearing to Consider an Ordinance Amending Volume I, Chapter 100, Article I, Sections 100-1 through 100-6, Establishing the Escambia-Pensacola Human Relations Commission.

Recommendation: That the Board adopt an Ordinance amending Chapter 100, Article I, Sections 100-1 through 100-6, of the Escambia County Code of Ordinances establishing the Escambia-Pensacola Human Relations Commission.

13. 5:37 p.m. Public Hearing to Consider an Ordinance Amending Volume I, Chapter 58, Article IV, Sections 58-95 and 58-97, Relating to Fair Housing.

Recommendation: That the Board adopt an Ordinance amending Chapter 58, Article IV, Sections 58-95 and 58-97, relating to Fair Housing to accurately reflect the current name of the Commission that is vested with the authority to act as the Fair Housing Board.

14. Reports:

CLERK & COMPTROLLER'S REPORT

Backup Not Included With The Clerk's Report Is Available For Review In The Office Of The Clerk To The Board
Ernie Lee Magaha Government Building, Suite 110

I. Consent Agenda

1. Recommendation Concerning Acceptance of Comprehensive Annual Financial Reports

That the Board accept, for filing with the Board's Minutes, the following two Comprehensive Annual Financial Reports (the reports will be available online at https://www.escambiaclerk.com/Archive.aspx?AMID=36) :

A. The Government Finance Officer's Association version of the Escambia County Florida, Comprehensive Annual Financial Report, Fiscal Year Ended September 30, 2019; and

B. The Auditor General version of the Escambia County Florida, Comprehensive Annual Financial Report, Fiscal Year Ended September 30, 2019.

2. Recommendation Concerning Acceptance of TDT Collection Data for the December 2019 Returns Received in January 2020

That the Board accept, for filing with the Board's Minutes, the Tourist Development Tax (TDT) Collections Data for the December 2019 returns received in the month of January 2020, as prepared by the Finance Department of the Clerk and Comptroller's Office. This is the fourth month of collections for the Fiscal Year 2020; total collections for the month of December 2019 returns was $499,839.95; this is a 10.19% increase from December 2018 returns; total collections year to date are .14% less than the comparable time frame in Fiscal Year 2019.

3. Recommendation Concerning Acceptance of the January 31, 2020, Investment Report.

That the Board accept, for filing with the Board's Minutes, the Investment Portfolio Summary Report for the month ended January 31, 2020, as required by Ordinance Number 95-13. On January 31, 2020, the portfolio market value was $361,312,603 and portfolio earnings totaled $673,582 for the month. The short term portfolio achieved a yield of 1.87%. The long-term CORE portfolio achieved a yield of 1.45%.

4. Recommendation Concerning Uncollectible Bad Debt Write-Off

That the Board adopt, and authorize the Chairman to sign, the Resolution authorizing the write-off of $1,457.95 of a returned check and account receivable in various funds of the County that have been determined to be uncollectible bad debts.

5. Recommendation Concerning Documents Provided for Filing with the Board's Minutes

That the Board accept, for filing with the Board's Minutes, the following documents as provided to the Clerk to the Board's office:

A. The Santa Rosa Island Authority Financial Statements and Supplementary Information, September 30, 2019, as provided by Vickie S. Johnson, Director of Finance, Santa Rosa Island Authority;

B. The Escambia County, Florida, Schedule of Activity for the Landfill Management Escrow Cash Account for the year ended September 30, 2019;

C. The Single Audit Report, Escambia County, Florida, September 30, 2019; and

D. The Modification to Subgrant Agreement Between the Division of Emergency Management and Escambia County, Project Number 4177-09-R, Contract Number 16NF-00-01-27-01-453, based on the Board's action of June 16, 2016, authorizing the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and Program-related documents for the projects.

6. Recommendation Concerning Minutes and Reports Prepared by the Clerk to the Board's Office

That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's office:

A. Accept, for filing with the Board's Minutes, the Report of the Committee of the Whole Workshop held February 13, 2020;

B. Accept, for filing with the Board's Minutes, the Report of the Gary Sansing Public Forum held February 20, 2020; and

C. Approve the Minutes of the Regular Board meeting held February 20, 2020.

GROWTH MANAGEMENT REPORT

2. 5:45 p.m. A Public Hearing for Consideration of Adopting an Ordinance Amending the Official Zoning Map

   That the Board adopt an Ordinance to amend the Official Zoning Map to include the rezoning cases heard by the Planning Board on February 4, 2020, and approved during the previous agenda item and to provide for severability, inclusion in the code, and an effective date.

3. 5:46 p.m. A Public Hearing Concerning the Review of an Ordinance Removing a Parcel from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-02

   That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing a parcel within Section 21, Township 1N, Range 31W, Parcel Number 4301-000-000, totaling 84.10 (+/-) acres, located north of Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to a parcel within Section 21, Township 1N, Range 31W, Parcel Number 4301-000-000, totaling 84.10 (+/-) acres, of Mixed-Use Suburban (MU-S).

   This hearing is the first of two public hearings before the BCC.

4. 5:47 p.m. A Public Hearing Concerning the Review of an Ordinance Removing Two Parcels from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-01 **(On February 25, 2020, the applicant sent an email (see attached) requesting that this case be withdrawn from the BCC meeting.)**

   That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-000, totaling 12.27 (+/-) acres, and Parcel Number 2203-000-005, totaling 10.01 (+/-) acres, located on Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-000, totaling 12.27 (+/-) acres, and Parcel Number 2203-000-005, totaling 10.01 (+/-) acres, of Mixed-Use Suburban (MU-S).

   This hearing is the first of two public hearings before the BCC.

   On February 25, 2020, the applicant sent an email (see attached) requesting that this case be withdrawn from the BCC meeting.

5. 5:48 p.m. A Public Hearing Concerning the Review of an Ordinance Removing a Parcel from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-03

   That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing a parcel within Section 30, Township 1N, Range 31W, Parcel Number 2203-001-001, totaling 4.04 (+/-) acres, located on Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to a parcel within Section 30, Township 1N, Range 31W, Parcel Number 2203-001-001, totaling 4.04 (+/-) acres, of Mixed-Use Suburban (MU-S).

   This hearing is the first of two public hearings before the BCC.

6. 5:49 p.m. A Public Hearing Concerning the Review of an Ordinance Removing Two Parcels from the Escambia County Mid-West Sector Plan and Assigning a Compatible Future Land Use to the Parcel - OSP-2019-04

   That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending the Escambia County Mid-West Sector Plan, Final Land Use Plan, Figure 2.01.A, removing two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-003, totaling 3.04 (+/-) acres, and Parcel Number 2203-000-002 totaling 2.95 (+/-) acres, located on Kingsfield Road, from the Escambia County Mid-West Sector Plan; further amending Part II of the Escambia County Code of Ordinances, the Escambia County Comprehensive Plan: 2030, as amended; amending Chapter 7, "the Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, assigning a Future Land Use category to two parcels within Section 30, Township 1N, Range 31W, Parcel Number 2203-000-003, totaling 3.04 (+/-) acres, and Parcel Number 2203-000-002, totaling 2.95 (+/-) acres, of Mixed-Use Suburban (MU-S).

   This hearing is the first of two public hearings before the BCC.

7. 5:50 p.m. - A Public Hearing Concerning the Review of an Ordinance Amending the Future Land Use Map - LSA-2020-01

   That the Board of County Commissioners (BCC) review and approve for transmittal to the Department of Economic Opportunity (DEO), an Ordinance amending Chapter 7, "The Future Land Use Element," Policy FLU 1.1.1, to provide for an amendment to the 2030 Future Land Use map, changing the Future Land Use category of a parcel, which is located within Section 05, Township 3S, Range 31W, and which is identified as Parcel ID Number 05-3S-31-1500-000-000, totaling 26.76 (+/-) acres, located on Blue Angel Parkway, from Commercial (C) to Mixed-Use Urban (MU-U).

   This hearing serves as the first of two public hearings.

II. Action Item

1. Recommendation Concerning Final Plat Brylington Manor, Permit FP# 19124160

That the Board take the following action concerning recording of Brylington Manor (a 74-lot public residential subdivision) located in the Saufley Field Community, lying south of Mobile Highway (U.S. Highway 90), and west of Klondike Road. Owned and developed by Ashton, LLP. Prior to recording the County Surveyor and the Clerk of the Circuit Court must sign the Final Plat as set forth in Section 2-5.7, of the Escambia Land Development Code; also, prior to recording the County Surveyor must sign the Final Plat as set forth in Chapter 177.081 (1) Florida Statutes:

A. Approve the final plat for recording;

B. Accept all public easements, pond, drainage improvements within public easements as depicted upon the final plat for permanent County maintenance; the cost of maintenance is to be funded through the establishment of a storm water management Municipal Services Benefit Unit (MSBU); and

C. Authorize the Chairman or Vice Chairman to execute a Two-Year Warranty Agreement with Surety for Streets and Drainage improvements.

III. Consent Agenda

1. Recommendation Concerning the Scheduling of Public Hearings

That the Board authorize the scheduling of the following Public Hearings:

April 2, 2020

A. 5:45 p.m. - A Public Hearing - CIP Ordinance

Summary: The purpose of this ordinance is to fulfill the requirements of Section 163.3177(3)(b), Florida Statutes and Objective CIE 1.2, Five-Year Schedule, Escambia County Comprehensive Plan: 2030 by adopting the 2019-2023 update to the Five-Year Schedule of Capital Improvements.

B. 5:46 p.m. - A Public Hearing - LSA-2019-05 - 7045 Pine Forest Road (first of two public hearings)

Summary: Applicant is requesting to change the Future Land Use from Commercial to Mixed-Use Urban.

C. 5:47 p.m. - A Public Hearing - Perdido Landfill - Renewal of Concrete Recycling Facility Permit

Summary: Review and approve, modify, or deny the renewal of a permit for a concrete recycling facility located at 13009 Beulah Road.

D. 5:48 p.m. - A Public Hearing - Brickton Borrow Pit Permit Renewal

Summary: Review and approve, modify, or deny the renewal of a permit for a borrow pit located at 8800 N. Highway 29.

E. 5:49 p.m. - A Public Hearing - Eager Beaver Recycling Permit Renewal

Summary: Review and approve, modify, or deny the renewal of a permit for a concrete recycling facility located at 2170 Longleaf Drive.

COUNTY ADMINISTRATOR'S REPORT

I. Technical/Public Service Consent Agenda

1. Recommendation Concerning Request for Disposition of Property for the Office of the State Attorney - Dispose of Obsolete Equipment/Computers - Kris Blom, Information Technology Director, Office of the State Attorney

   That the Board approve the three Request for Disposition of Property Forms for the Office of the State Attorney for equipment/computers that have reached the end of their service life and are now of no value. Due to the condition of the items, which are described and listed on the Request Forms, it is requested they be declared surplus and disposed of properly.

2. Recommendation Concerning Community Redevelopment Agency Meeting Minutes, February 6, 2020 - Clara Long, Interim Neighborhood & Human Services Department Director

   That the Board accept for filing with the Board's Minutes, the February 6, 2020, Community Redevelopment Agency's (CRA) Meeting Minutes, prepared by Melanie Johnson, CRA Administrative Assistant.

3. Recommendation Concerning the Limited Waiver of the Escambia County Noise Abatement Ordinance for the 2020 Seasonal Fireworks Displays, Launched From a Floating Platform Near the Portofino Pier on Pensacola Beach - Tim Tolbert, Building Official/Department Director

That the Board approve the following individual "Special Event Permit Applications" for a limited waiver of the noise restrictions imposed by the Escambia County Noise Abatement Ordinance regarding Pensacola Beach, allowing the number of sound decibels to exceed 70 dbA (sound level measured by taking four sound readings over a continuous 15 minute period, with the four readings taken at approximately equal intervals at or within the property boundary of the receiving land use.) Each Noise Waiver Application listed below coincides with an Application for a fireworks exhibition for the 2020 Seasonal Fireworks Displays sponsored by Portofino and launched from a floating platform near the Portofino Pier on Pensacola Beach.

A. Application for May 24, 2020, 9:00 p.m. to 9:15 p.m.;
B. Application for June 5, 2020, 9:00 p.m. to 9:15 p.m.;
C. Application for June 12, 2020, 9:00 p.m. to 9:15 p.m.;
D. Application for June 17, 2020, 9:45 p.m. to 10:00 p.m.;
E. Application for June 26, 2020, 9:00 p.m. to 9:15 p.m.;
F. Application for July 4, 2020, 9:00 p.m. to 9:15 p.m.;
G. Application for July 10, 2020, 9:00 p.m. to 9:15 p.m.;
H. Application for July 17, 2020, 9:00 p.m. to 9:15 p.m.;
I. Application for July 24, 2020, 9:00 p.m. to 9:15 p.m.;
J. Application for July 31, 2020, 9:00 p.m. to 9:15 p.m.;
K. Application for August 7, 2020, 9:00 p.m. to 9:15 p.m.;
L. Application for September 6, 2020, 9:00 p.m. to 9:15 p.m.;
M. Application for October 31, 2020, 9:00 p.m. to 9:15 p.m.; and
N. Application for January 1, 2021, 12:00 a.m. to 12:15 a.m.

4. Recommendation Concerning the Limited Waiver of the Escambia County Noise Abatement Ordinance for the Soundside Merchants Association Crawfish Festival Fireworks Display - Tim Tolbert, Building Official/Department Director

That the Board approve the following individual "Special Event Permit Application" for a limited waiver of the noise restrictions imposed by the Escambia County Noise Abatement Ordinance regarding Pensacola Beach, allowing the number of sound decibels to exceed 70 dbA (sound level measured by taking four sound readings over a continuous 15 minute period, with the four readings taken at approximately equal intervals at or within the property boundary of the receiving land use) for the Soundside Merchants Association Crawfish Festival Fireworks Display to be launched from a barge offshore near 400 Quietwater Beach Road on April 18, 2020, from 8:00 p.m. to 8:30 p.m.

5. Recommendation Concerning the Scheduling of a Public Hearing for the Repeal and Replacement of Chapter 14 of the Escambia County Code of Ordinances - Tim Tolbert, Building Official/Department Director

   That the Board authorize the scheduling of a Public Hearing for April 2, 2020, at 5:35 p.m., for the purpose of receiving comments from the public concerning the repeal and replacement of Chapter 14 of the Escambia County Code of Ordinances, entitled "Buildings and Building Regulations."

6. Recommendation Concerning the Scheduling of a Public Hearing for the Makenna Estates Subdivision Street Lighting Municipal Service Benefit Unit - Stephan Hall, Budget Manager, Management & Budget Services

   That the Board authorize the scheduling of a Public Hearing on April 2, 2020, at 5:32 p.m., to consider adoption of an Ordinance creating the Makenna Estates Subdivision Street Lighting Municipal Services Benefit Unit (MSBU).

7. Recommendation Concerning the Scheduling of a Public Hearing for the Sonoma Ridge Subdivision Street Lighting Municipal Service Benefit Unit - Stephan Hall, Budget Manager, Management & Budget Services

   That the Board authorize the scheduling of a Public Hearing on April 2, 2020, at 5:33 p.m., to consider adoption of an Ordinance creating the Sonoma Ridge Subdivision Street Lighting Municipal Services Benefit Unit (MSBU).

8. Recommendation Concerning the Revised 2020 Board of County Commissioners' Meeting/Committee of the Whole Workshop Schedule - Janice P. Gilley, County Administrator

   That the Board approve the Revised 2020 Board of County Commissioners' Meeting/Committee of the Whole Workshop Schedule, as submitted, to include the First and Second Budget Public Hearings, scheduled on Tuesday, September 8, 2020, at 5:31 p.m., and Tuesday, September 22, 2020, at 5:31 p.m., respectively.

   The Budget Workshops have also been scheduled for Tuesday, July 14, 2020, at 9:00 a.m., and Wednesday, July 15, 2020, at 9:00 a.m.

9. Recommendation Concerning the Approval of Gallery Night Pensacola, Inc., to Use the County Tax Collector Courtyard as a Performance Venue on March 20, 2020 - Janice P. Gilley, County Administrator

That the Board approve, and authorize the County Administrator to sign, the Hold Harmless Agreement and Indemnification Agreement for Gallery Night Pensacola, between Escambia County, Florida, and Gallery Night Pensacola, Inc., for use of the County Tax Collector Courtyard as a performance venue on March 20, 2020, from approximately 4:00 p.m. to 11:00 p.m.

10. Recommendation Concerning the Medical Examiner Search - Janice P. Gilley, County Administrator

That the Board discuss and support the Medical Examiner Search Committee actions, from the January 22, 2020, Medical Examiner Search Committee meeting.

II. Budget/Finance Consent Agenda

1. Recommendation Concerning a Memorandum of Understanding Between Escambia County and AMIKids Pensacola, Inc., for Support and Donation of Grant - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning a Memorandum of Understanding (MOU) between Escambia County and AMIKids Pensacola, Inc., to support the Block by Block Project:

A. Approve funding, in the amount of $50,000, to support the AMIKIds Pensacola, Inc., Workforce Development Program, as outlined in the MOU;

B. Authorize the Chairman to sign the Memorandum of Understanding between Escambia County and AMIKids Pensacola, Inc., to support the donation of the Grant to AMIKids Pensacola, Inc., Workforce Development Program, as outlined in the Agreement; and

C. Authorize County Administration to take any further actions necessary to implement the Agreement.

[Funding Source: Fund 001, General Fund, Cost Center 370102]

2. Recommendation Concerning Gulf Power Street Lighting Project Contract in the Warrington Redevelopment Area - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Gulf Power Street Lighting Project Contract:

A. Approving the Gulf Power Company Contract for Street and General Area Lighting Service Rate Schedule to install 12 LED streetlights on North Street in the Warrington Redevelopment Area;

B. Approving one of the following payment plans:

1. Pay upfront cost of $14,857.39, which includes Installation and 1-year of Energy cost; thereafter monthly Energy cost will be $88.42;

OR

2. Pay no upfront cost, and the monthly Energy cost will be $223.97; and

C. Authorizing the Chairman to sign the Gulf Power Contract for Street and General Area Lighting Service for a full term of five years, and thereafter from year-to-year until terminated by notice to either party by the other party.

Project is located in Commission District 2.

[Funding: Fund 151, CRA Warrington, Cost Center 370114]

3. Recommendation Concerning Residential Rehab Grant Program Funding and Lien Agreements - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the following March 5, 2020, action of the Board of County Commissioners of Escambia County, acting in its capacity as the Escambia County Community Redevelopment Agency (CRA), concerning the Residential Rehab Grant Program Funding and Lien Agreements:

A. Approving the following three Residential Rehab Grant Program Funding and Lien Agreements:

1. The Agreements between Escambia County CRA and Robert J. Davies, owner of residential property located at 507 Northwest Syrcle Drive, Warrington Redevelopment District, each in the amount of $4,579, representing an in-kind match through the Warrington Tax Increment Financing (TIF), Fund 151, Cost Center 370114, replacement windows and storm shutter installation;

2. The Agreements between Escambia County CRA and Jeff C. Kennedy Trust dated 10-1-2012, owner of residential property located at 210 Delray Drive, Warrington Redevelopment District, each in the amount of $4,438, representing an in-kind match through the Warrington Tax Increment Financing (TIF), Fund 151, Cost Center 370114, replacement windows;

3. The Agreements between Escambia County CRA and Charles S. and Joan M. Shellito, owners of residential property located at 103 Gilliland Road, Warrington Redevelopment District, each in the amount of $3,116, representing an in-kind match through the Warrington Tax Increment Financing (TIF), Fund 151, Cost Center 370114, storm shutter installation; and

B. Authorizing the Chairman to sign the Funding and Lien Agreements and any related documents necessary to implement the Grant awards.

4. Recommendation Concerning Change Orders to Purchase Order #201069 to Design Homebuilders, Inc. - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board ratify the County Administrator's signature concerning the following Change Orders to Purchase Order #201069 to Design Homebuilders, Inc., for housing repairs at 432 Oakfield Road:

Department:	Neighborhood & Human Services
Division:	Neighborhood Enterprise
Type:	Addition
Amount:	$8460
Vendor:	Design Homebuilders, Inc.
Purchase Order #:	201069
Original Award Amount:	$24,280
Change Order #1 (1/30/20):	$7200
Change Order #2 (2/18/20):	$1260
New P.O. Total:	$32,740

[Funding: Fund 120/2018 SHIP, Cost Center 370205 ($5720) and Fund 124/Affordable Housing, Cost Center 370290 ($2740)]

5. Recommendation Concerning Issuance of Change Order #2 to Purchase Order #201052 to Larry Gates Construction - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board approve and authorize the County Administrator to execute Change Order #2 to Purchase Order #201052 to Larry Gates Construction for asbestos removal and disposal at 101 and 103 Diego Circle:

Department:	Neighborhood & Human Services
Division:	Neighborhood Enterprise
Type:	Addition
Amount:	$18,300
Vendor:	Larry Gates Construction
Purchase Order #:	201052

Funding Fund 129/2017 CDBG, Cost Center 370231	

6. Recommendation Concerning the Contract Award for Community Development Block Grant Housing Rehabilitation Services for 5711 Almax Court - Clara Long, Interim Neighborhood & Human Services Department Director

That the Board take the following action concerning the Contract Award for Community Development Block Grant (CDBG) Housing Rehabilitation Services for 5711 Almax Court:

A. Authorize the County Administrator to sign the CDBG Housing Rehabilitation Services Program Agreement between Escambia County, Florida; McDELT, LLC, Contractor; and Beverly Avergel Faubion, Owner; per the terms and conditions of NED C-R-2020-5, NED CDBG Housing Repair for 5711 Almax Court, for a base bid of $56,100; and

B. Authorize the issuance of a Purchase Order.

[Funding: Fund 129/2017 CDBG Housing Rehab, Cost Center 370230]

7. Recommendation Concerning the Funding for Spring Harvest Fest, Shiloh Primitive Baptist Church - Commissioner Lumon J. May, District 3

That the Board approve funding $250 to sponsor Spring Harvest Fest, Shiloh Primitive Baptist Church from Commissioner Lumon May's discretionary fund.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

8. Recommendation Concerning the Issuance of a Purchase Order to Safe Lawn, Inc., for Groundskeeping at Perdido Landfill and Palafox Transfer Station - Patrick T. Johnson, Waste Services Department Director

That the Board take the following action concerning a Purchase Order to Safe Lawn, Inc., for Groundskeeping at Perdido Landfill and Palafox Transfer Station:

A. Authorize the issuance of a Purchase Order to Safe Lawn, Inc., in the amount of $31,075, for groundskeeping at Perdido Landfill and Palafox Transfer Station, per the terms provided in the Groundskeeping Scope of Work, for Fiscal Year 2019-2020; and

B. Authorize the County Administrator to sign the Purchase Order.

This request for quotations was emailed to 166 registrants in Vendor Registry, representing 99 firms. 51 firms opened and viewed the request for quotations. At closing on September 27, 2019, 12:00 p.m., five quotations had been received, with three registered through Vendor Registry and two hand delivered.

Vendor/Contractor	Amount	Contract Number
SAFE LAWN, INC. **Groundskeeping Services** **Fund 401, Solid Waste Fund** **Cost Center: 230314, SW Operations;** **Object Code: 53401, Other Contractual Services; ($27,025)** **Cost Center: 230307, SW Transfer Station** **Object Code: 53401, Other Contractual Services; ($4,050)**	**$31,075**	**N/A** **Request for Quotations via Vendor Registry and/or Hand Delivery**

9. Recommendation Concerning the approval of Information Technology Hardware and Software Expenses - William “Bart” Siders, Information Technology Director

That the Board authorize the Department, in conjunction with the Office of Purchasing, to issue Purchase Orders as required.

10. Recommendation Concerning the Conveyance of a Portion of Real Property Located at 3085 Robertson Road - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the conveyance of a portion of real property, located at 3085 Robertson Road, to Jerry David Westmoreland and Jean Ann Westmoreland:

A. Authorize conveyance of a Quit Claim Deed to Jerry David Westmoreland and Jean Ann Westmoreland, to confirm the return of this portion of real property previously conveyed to Escambia County in 1995; and

B. Authorize the Chairman or Vice Chairman to execute the Quit Claim Deed, and have it recorded at the County's expense in the Clerk of the Court Public Records.

This property is located in Commission District 2.

[Funding: Funds for incidental expenses associated with the recording of documents are available in an Engineering Escrow Account accessed by the Escambia County Clerk's Office]

11. Recommendation Concerning Approval to Issue Fiscal Year 2019/2020 Purchase Orders, in Excess of $25,000, for the Engineering Department - Joy Jones, P.E., Engineering Department Director

That the Board, for Fiscal Year 2019/2020, approve the issuance of blanket and/or individual Purchase Orders, in excess of $25,000, based upon previously-awarded Contracts, Contractual Agreements, or annual requirements as provided, for the Engineering Department as follows:

	Vendor/Contractor	**Amount**	**Contract Number**
	Vendors to be determined based on quotes: Alfred Watson Construction, Vendor Number 011322 Infrastructure Specialty Services, Vendor Number 420809 Christopher Bargaineer Concrete, Vendor Number 033086 Roads Inc. of NWF, Vendor Number 182328 Chavers Construction, Vendor Number 032335 LTS Construction, LLC, Vendor Number 426732 Adhering to Purchasing Policy PP060, quotes are solicited from at least three local contractors for each project, and the work is awarded based on the lowest cost. Over the course of the year, some contractors may receive Purchase Orders for work on Americans with Disabilities Act (ADA) upgrades on a cumulative amount not to exceed $100,000. The Engineering Department will solicit quotes for these projects from the qualified local contractors listed above, and also from other qualified local contractors throughout the course of Fiscal Year 2019/2020.	$100,000	N/A

[Funding is currently available in Fund 353, Local Option Sales Tax (LOST) IV, Cost Center 210106 "Transportation and Drainage", Project #20EN0938.]

12. Recommendation Concerning the Florida Department of Transportation County Incentive Grant Program Application for the County Road 184 (Muscogee Road) Freight Corridor Project - Joy Jones, P.E., Engineering Department Director

That the Board take the following action concerning the Florida Department of Transportation (FDOT) County Incentive Grant Program (CIGP) Application for the County Road (CR) 184 (Muscogee Road) Freight Corridor Project:

A. Authorize staff to submit an Application for CIGP Funds to the Florida Department of Transportation (FDOT), to request Grant funding for the CR 184 (Muscogee Road) Freight Corridor Project, from the Perdido River to Beulah Road (CR 99), and from Carlisle Drive to Nowak Road; and

B. Authorize the County Administrator or designee to sign the Application, and any other documents related to the request for CIGP funds, subject to Legal review and sign-off, if applicable, and without further action of the Board.

This project is located in Commission District 5.

[Funding: Fund 353, Local Option Sales Tax IV; CIGP requires a 50/50 funding match. Staff recommends requesting that CIGP funds for the project totaling $2,700,000 (construction estimate, including contingency and construction engineering and inspection) be awarded. If awarded, FDOT and Escambia County would each fund $1,350,000 towards the project.]

13. Recommendation Concerning Supplemental Budget Amendment #064 - Joy Jones, P.E., Engineering Department Director - Stephan Hall, Budget Manager, Management and Budget Services

That the Board adopt the Resolution approving Supplemental Budget Amendment #064, Local Option Sales Tax III (Fund 352), in the amount of $8,250, to recognize proceeds from Escambia County Utilities Authority (ECUA) for reimbursement for the Interlocal Cost Sharing Agreement for the Detroit Boulevard and Cove Avenue Utility Relocation project, and to appropriate these funds back into the LOST III project budget.

Escambia County and ECUA entered a 50/50 cost sharing agreement to share the cost of relocating utilities as part of the bridge installation at Detroit Boulevard and Cove Avenue. Total cost of the utilities relocation was $16,500, and ECUA's contribution is $8,250. These funds have been received and need to be transferred back into the project's budget.

14. Recommendation Concerning the Miscellaneous Appropriations Agreement between Escambia County and Visit Pensacola, Inc. - Stephan Hall, Budget Manager, Management and Budget Services

That the Board take the following action concerning the Fiscal Year 2020/2021 Miscellaneous Appropriations Agreement between Escambia County and Visit Pensacola, Inc.:

A. Approve allocating the remaining available balance in the Tourist Promotion Fund, Fund 108, to Visit Pensacola, Inc., from Cost Center 360101, in the amount of $1,996,867, and from Cost Center 360105, in the amount of $803,133, for a combined total of $2,800,000; and

B. Approve the Amendment to the Miscellaneous Appropriations Agreement, amending Section 3, increasing the allocation by $2,800,000, for a total allocation of $9,249,534, to be paid from the Tourist Promotion Fund (108), Cost Centers 360101 and 360105, Account 58201; and amending Exhibit "A" as follows:

1. Direct programming: Expenses of ~~$4,925,816~~$6,922,683 related to acquiring visitors to the destination. This includes the purchase of advertising, payments for firms managing the advertising, public relations and market research programs, registration and travel for related trade shows and conferences, brochures and collateral, consumer promotions, sales promotions, website development and marketing, production of marketing materials, and customer sites/familiarization trips. Also included are expenses related to the marketing and operational support of local festivals and events that occur in Escambia County and attract visitors to our community;

2. Operations: Expenses of ~~$340,622~~$498,147 related to the operations of the Visit Pensacola office and the Pensacola Sports Association (PSA); and

3. Personnel: Expenses of ~~$1,183,096~~ $1,828,704 related to salaries and benefits for employees working for Visit Pensacola and the Pensacola Sports Association (PSA);

C. Authorize the Chairman to sign the Amendment and all other necessary documents; and

D. Authorize the execution of the necessary Change Order.

15. Recommendation Concerning the Rescindment of Prior Board Actions for the Surplus and Sale of Real Property that Escheated to the County - Stephan Hall, Budget Manager, Management and Budget Services

That the Board take the following action concerning the Rescindment of Prior Board Actions for the Surplus and Sale of Real Property that Escheated to the County:

A. Rescind the Board's action of February 16, 2012, taking the following action concerning the surplus and sale of real property located at 1209 West Bobe Street:

1. Declaring surplus the Board's real property, Account Number 06-2179-000, Reference Number 17-2S-30-1600-381-038;

2. Authorizing the sale of the property to the bidder with the highest offer received at or above the minimum bid of $46,781, in accordance with Section 46.134 of the Escambia County Code of Ordinances;

3. Authorizing the County Attorney to take such necessary actions to evict the occupants of this County-owned property if they are still occupying the premises; and

4. Authorizing the Chairman to sign all documents related to the sale;

B. Rescind the Board's action of July 10, 2014, taking the following action concerning surplus and sale of real property, located at 3403 West Lloyd Street:

1. Authorizing the County Attorney to take such necessary actions to evict the occupants of County-owned properties, if they are still occupying the premises;

2. Declaring surplus the Board's real property, as listed below, with the Property Appraiser's (PA) Value and District noted:

Account	Reference	2013 PA Value	Address	District
064094000	332S303301005274	$7,434	3403 West Lloyd Street	3

3. Authorizing the sale of property to the bidder with the highest offer received at or above the minimum bid, which will be set at the current assessed value assessed by the Property Appraiser, in accordance with Section 46.134 of the Escambia County Code of Ordinances; and

4. Authorizing the Chairman to sign all documents related to the sales; and

C. Rescind the Board's action of November 6, 2014, taking the following action concerning the surplus and sale of real properties, located at the following locations:

1. Authorizing the County Attorney to take such necessary actions to evict the occupants of the County-owned properties listed below, if they are still occupying the premises;

2. Declaring surplus the Board's real properties, as listed below, with the Property Appraiser's (PA) Value and District (Dist.) noted:

Account	Reference	2014 PA Value	Address	District
150646000	000S009060014053	$4,868	1021 North "F" Street	3
150780000	000S009060110068	$2,250	1209 West Gonzalez Street	3
150783000	000S009060122068	$5,398	1015 North "G" Street	3
150784100	000S009060150068	$4,499	1017 North "G" Street	3

3. Authorizing the sale of each property to the bidder with the highest offer received at or above the minimum bid, which will be set at the current value assessed by the Property Appraiser, in accordance with Section 46.134 of the Escambia County Code of Ordinances; and

4. Authorizing the Chairman to sign all documents related to the sales.

Each of the above-referenced parcels has previously been declared surplus and authorized for sale. A sale has not been achieved on these parcels to date. The prior Board actions are now being rescinded to allow the parcels to be designated for use in an infill housing project in District 3.

16. Recommendation Concerning the Contract Award for PD 18-19.081, Design Services for Muldoon, Velma, and Saufley Field Area Drainage Project - Joy Jones, P.E., Engineering Department Director, and Paul Nobles, Purchasing Manager, Office of Purchasing

That the Board award and authorize the County Administrator to sign the Agreement between Escambia County and Mott MacDonald Florida, LLC, per the terms and conditions of PD 18-19.081, Design Services for Muldoon, Velma, and Saufley Field Area Drainage Project for Phase I Base Services, in the amount of $386,235, and Phase I Optional Services, in the amount of $69,930. The total estimated cost for Phase I is $456,165.

Contingent upon an appropriation of additional Project funding, the County will budget funds for Phase II Base Services, in the amount of $313,055, Phase II Optional Services, in the amount of $82,335, Phase III Base Services, in the amount of $34,665, and Phase III Optional Services, in the amount of $12,985. The total estimated cost for Phase II is $395,390, and Phase III is $47,650.

The total estimated Project cost (Phases I-III) is $899,205.

Vendor/Contractor	Amount	Contract Number
Phase I: Fund 352, LOST III; Cost Center 210107, Transportation & Drainage; Object Code 56301, Improvements Other Than Buildings; Project Code 17EN2791	$456,165	PD 18-19.081

Three firms submitted Technical Responses on January 2, 2020. All three firms were deemed responsive to the technical requirements. Fee Proposals were opened on February 14, 2020.

25. Recommendation Concerning the Funding for Jim C. Bailey Middle School, "Florida Science Olympiad"- Commissioner Jeff Bergosh, District 1

That the Board approve the funding of $2,000 to Jim C. Bailey Middle School for the "Florida Science Olympiad", on March 21, 2020, in Gainesville, Florida, from Commissioner Jeff Bergosh's discretionary money, and approve a Purchase Order for this purpose.

[Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

26. Recommendation Concerning a Strategic Organizational Assessment of County Procurement Processes - J. Taylor “Chips” Kirschenfeld, Interim Assistant County Administrator

That the Board take the following action concerning a Strategic Organizational Assessment of County Procurement Processes:

A. Approve the County Administrator’s recommendation for Accenture Consulting to perform a Strategic Organizational Assessment of County Procurement Processes;

B. Approve an administrative waiver of the requirement for competitive solicitation and allow approval of professional consulting services upon the recommendation of the Administrator, as per Section 46-96(c) of the Escambia County Code of Ordinances; and

C. Authorize the County Administrator to sign a Contract with Accenture Consulting to perform a Strategic Organizational Assessment of County Procurement Processes, not to exceed $165,000.

[Funding: Fund 001, General Fund; Cost Center 110201, BCC Non-Departmental]

III. For Discussion

1. Recommendation Concerning the Request for Subordination of the State Housing Initiatives Partnership Mortgage at 519 North "H" Street - Clara Long, Interim Neighborhood & Human Services Department Director

   That the Board take the following action concerning the Request for Subordination of the State Housing Initiatives Partnership (SHIP) Mortgage at 519 North "H" Street, as requested by Kimson Nobles:

   A. Approve the Request for Subordination of the SHIP Mortgage at 519 North "H" Street, in the amount of $35,000, as requested by Kimson Nobles in order to allow the homeowner to refinance her first mortgage to obtain a lower interest rate;

   B. Authorize the County Attorney's office to prepare a Subordination Agreement or loan modification as necessary to correct the scrivener's error regarding the loan term in the SHIP second mortgage; and

   C. Authorize the Chairman or Vice Chairman to execute the Subordination Agreement and related documents required to complete this request, including actions that may be required of the County Attorney's Office.

   [Funding: Not applicable]

2. Recommendation Concerning an Appointment to the Merit System Protection Board - Jana Still, Human Resources Department Director

That the Board take the following action concerning an appointment to the Merit System Protection Board:

A. Waive the requirement for the Sheriff to appoint two individuals;

B. Reappoint Gene Hudson to serve another two-year term, effective March 6, 2020, through March 5, 2022, whose term expired on September 30, 2019; or

C. Appoint Rafael Lopez to serve a two-year term, effective March 6, 2020, through March 5, 2022; or

D. Appoint Curt Carver to serve a two-year term, effective March 6, 2020, through March 5, 2022.

The Merit System Protection Board (MSPB) is presently comprised of three Board members, all of whom were properly sworn with an oath of office. The chairman is Gene Hudson. He is the Board of County Commissioners (BCC) appointment to the Board. His term expired on September 30, 2019, but continues to serve until the BCC names his replacement. He submitted his name for reappointment and can serve one more two-year term should the BCC name him as its appointee.

Fay Harvey serves on the MSPB as the BCC employee's elected member. She is serving her last term allowed.

The third Board member of the MSPB, as elected by the other two board members, is Silvia Switzer.

The Ordinance provided for two additional board members designated to the sheriff and the sheriff's employees; however, these have not been filled.

3. Recommendation Concerning State Law Enforcement Trust Fund - Henrique Dias, Chief Financial Officer, Escambia County Sheriff's Office Finance Division

That the Board approve the following allocations of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5), for Outside Agency partners in Escambia County for Fiscal Year 2019/2020:

A. Lamplighters Academic and Mentoring Program, Inc., in the amount of $3,000;

B. Epilepsy Florida, in the amount of $1,000;

C. Pensacola Teen Challenge, in the amount of $2,500;

D. FavorHouse of Northwest Florida, Inc., in the amount of $15,000;

E. James B. Washington Educational Sports, Inc., in the amount of $5,000; and

F. Project Empower of NWFL, Inc., in the amount of $5,000.

Upon approval of these funding allocations, the Sheriff's Office will process all appropriate paperwork, and submit for payment from LET Funds to the Escambia Clerk of the Circuit Court and Comptroller.

[Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

4. Recommendation Concerning the Employee Health Clinic Solicitation - Jana Still, Human Resources Department Director

That the Board be made aware of the status of the Employee Health Clinic Solicitation.

COUNTY ATTORNEY'S REPORT

I. For Action

1. Recommendation Concerning Written Notice of Claim under the Bert J. Harris, Jr. Private Property Rights Protection Act Concerning Lots 14, 15, 21 and 22 of Santa Rosa Villas 1st Addition, Pensacola Beach, Florida.

   That the Board take the following action:

   Submit a written settlement offer to the Nowells through their attorney that there will be no changes to the action taken by Santa Rosa Island Authority in not authorizing a dwelling unit to be constructed on each of lots 21 and 22.

2. Recommendation Concerning the Amendment to EPHRC Interlocal Agreement Between the Escambia County Board of County Commissioners and the City of Pensacola.

   That the Board take the following action regarding the Amendment to Interlocal Agreement between the Escambia County Board of County Commissioners and the City of Pensacola relating to the funding of the Escambia-Pensacola Human Relations Commission for the purpose of amending the name of the Commission:

   A. Approve the Amendment to Interlocal Agreement with the City of Pensacola relating to the funding of the Escambia-Pensacola Human Relations Commission for the purpose of amending the name of the Commission; and

   B. Authorize the Chairman to execute the Amendment to Interlocal Agreement.

II. For Discussion

1. Recommendation Concerning Enforcement of Order Granting Petition for Certiorari brought by Petitioners Teramore Development, LLC, et al. v. Escambia County, Florida, Case No. 2017 CA 001778.

That the Board take the following action:

A. Accept the settlement proposal made by the Teramore Petitioners as outlined in the amended June 25, 2019 letter and hard copy of emails, make a finding that locational criteria has been met as set forth in Section 3-2.10(e)(5) of County's Land Development Code in that the Teramore Petitioners submitted competent substantial evidence in the form of documented compatibility of unique circumstances that the proposed use will achieve long-term compatibility with existing and potential uses, consider the Teramore Petitioners Administrative Appeal to the BOA as granted, and allow the construction of a Dollar General store so long as the development review process is satisfied;

OR

B. Reject the settlement proposal made by the Teramore Petitioners and allow the order of Judge Burns granting enforcement to stand and take no further action.

15. Items added to the agenda.

16. Announcements.

17. Adjournment.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17435 **Proclamations 6.**
BCC Regular Meeting
Meeting Date: 03/05/2020
Issue: Adoption/Ratification of Proclamations
From: Janice Gilley, County Administrator
Organization: County Administrator's Office
CAO Approval:

RECOMMENDATION:

Proclamations.

Recommendation: That the Board take the following action:

A. Adopt the Proclamation commending and congratulating Ronnie Johnson, a Field Supervisor in the Operations Division of the Waste Services Department, on his selection as the "Employee of the Month" for March 2020;

B. Adopt the Proclamation commending and congratulating the University of West Florida Football Team, the Argonauts, for winning their first National Title in the program's fourth year of NCAA Division II competition;

C. Adopt the Proclamation honoring and recognizing Rebuild Northwest Florida for the tremendous affect they have had assisting our residents in preparing their homes against hurricane force winds and storm damage; and

D. Ratify the Proclamation dated February 13, 2020, declaring February 7th through February 14, 2020, as Congenital Heart Defect Awareness Week.

BACKGROUND:

On March 21, 2013, the Board approved the "Employee of the Month and Employee of the Year Awards Program." Each Department will submit one employee to be nominated as the "Employee of the Month." The County Administrator will then select one employee from the nominations. The employee who is selected will receive a check in the amount of $250, a Proclamation, and a plaque that will hang in the lobby of the Ernie Lee Magaha Government Building for that month.

Various departments, outside agencies, special interest groups, civic and religious organizations in recognition of specific events, occasions, people, etc., request Proclamations.

Information provided on the Proclamation is furnished by the requesting party and placed in the proper acceptable format for BCC approval by the County Administration staff.

Board approval is required by Board Policy Section I, A (6).

BUDGETARY IMPACT:

The Employee of the Month Award Program will cost $250 per month; the Employee of the Year Award Program will cost $500 per year. Funding is available through Fund 001, General Fund, Cost Center 150101, Object code 55201.

Congenital Heart Defect Awareness Week

PROCLAMATION

***WHEREAS**, Escambia County has established an "Employee of the Month Program" to recognize one employee to represent the various departments; and*

***WHEREAS**, Ronnie Johnson, a Field Supervisor, in the Operations Division of the Waste Services Department, is selected for "Employee of the Month" for March 2020, for the standards of excellence that he has displayed in the performance of his duties; and*

***WHEREAS**, Mr. Johnson began his employment with the County on July 13, 1991, and provides excellent service to the citizens of Escambia County through all of his assigned duties; and*

***WHEREAS**, Mr. Johnson is currently employed as a "working" Field Supervisor in the Landfill Operations Division. He oversees approximately 1.5 million dollars worth of heavy equipment, and up to 10 skilled equipment operators daily to complete site maintenance and waste placement job tasks. He exemplifies an employee who is dedicated, hard-working, and determined to persevere through obstacles to complete the task at hand; and*

***WHEREAS**, multi-tasking is standard procedure as Mr. Johnson balances supervisory duties, while performing technical equipment operating duties. Recently he operated equipment full-time while establishing a volunteer workforce for the installation of a landfill cover system, all-weather access roads, and tipping pads. As a result, cover installation was back on schedule, and customer access to the C-I landfill exceeded expectations; and*

***WHEREAS**, Mr. Johnson has demonstrated proficiency in road building, earthwork construction, waste handling, over-the-road tractor trailer driving, and underground utilities installation. He demonstrates a strong capacity for team building, and while operating heavy equipment, he often coaches and provides guidance and leadership from his tractor's operations compartment to subordinate staff; and*

***WHEREAS**, Mr. Johnson has a natural mechanical aptitude. With that, on numerous occasions, he has sacrificed his personal time off to assist others, free of charge, to repair personal vehicles for transportation, to and from work; thereby relieving them of an undue financial hardship; and*

***WHEREAS**, Mr. Johnson has a diverse background and is considered a highly specialized and experienced heavy equipment operator. Additionally, he has been challenged to increase his administrative skills and abilities associated with utilizing computers and software to generate reports and documentation, which he has successfully accomplished. He has also achieved Florida Department of Environmental Protection's "Trained" Landfill Operator status.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners of Escambia County, Florida, commends and congratulates Ronnie Johnson on his selection as the "Employee of the Month" for March 2020.*

PROCLAMATION

***WHEREAS**, the Division II National Championship of the National Collegiate Athletic Association (NCAA) was held in McKinney, Texas, December 20, 2019; and*

***WHEREAS**, the University of West Florida Argonauts defeated the Minnesota State University, Mankato Mavericks, to win its first NCAA Division II Football National Championship in the program's fourth year of existence; and*

***WHEREAS**, on Saturday, December 20, 2019, the University of West Florida Football Team, the Argonauts, secured their first National Championship with a 48-40 victory over the Minnesota State University, Mankato Mavericks of Mankato, Minnesota; and*

***WHEREAS**, with 1:51 left on the clock and the score 48-40, the Mavericks drove down the field and into the red zone in less than a minute. A key sack by Andre Duncombe, Jr., followed by a game clinching fourth down incompletion secured the championship and sent the Argo faithful at the game and in homes, restaurants, and many locations across Northwest Florida watching on ESPN, into celebration. The Argonauts were led in the title game by quarterback Austin Reed, who had a record setting day by throwing for 523 yards and six touchdown passes; and*

***WHEREAS**, with this win, the Argonauts, led by Head Coach Pete Shinnick, secured their first National Title in the program's fourth year of NCAA Division II competition with a 13-2 record; and*

***WHEREAS**, with its dedication and commitment to excellence, the Argonauts Football Program has become an NCAA Division II powerhouse in four short years.*

***NOW, THEREFORE, BE IT PROCLAIMED**, that the Board of County Commissioners of Escambia County, Florida, commends and congratulates the University of West Florida Football Team, the Argonauts, for winning their first National Title in the program's fourth year of NCAA Division II competition, wishes them good luck in their future endeavors, and thanks them for their commitment and accomplishments to the University and the Northwest Florida area.*

***WHEREAS**, a congenital heart defect is a problem with the structure of the heart; and*

***WHEREAS**, congenital heart defects are present at birth, the most common type of birth defect, and can be fatal due to their seriousness, insufficient effective medical intervention options and the limited availability of infant donor hearts; and*

***WHEREAS**, according to the Centers for Disease Control and Prevention, congenital heart defects affect nearly one percent of – or about 40,000 – births per year in the United States; and*

***WHEREAS**, the origins and symptoms of congenital heart defects are becoming more readily identifiable, and the range of surgical options are expanding continuously thanks to doctors' and scientists' diligent research efforts, and field experiences that extend our body of knowledge every day; and*

***WHEREAS**, there is much to learn about the causes of, and effective treatments for congenital heart defects, and it is extremely important for parents, pediatricians and nurses to recognize the warning signs associated with congenital heart defects among newborns, so they can provide the proper treatment as early as possible; and*

***WHEREAS**, about one in four babies born with a heart defect has a critical congenital heart defect; and*

***NOW, THEREFORE, BE IT PROCLAIMED,** that the Board of County Commissioners of Escambia County, Florida, hereby declares February 7th through February 14th, 2020, as*

"CONGENITAL HEART DEFECT AWARENESS WEEK"

and applauds the efforts of doctors and scientists everywhere who work diligently to solve life's mysteries and improve the quality of life for everyone.

AI-17362 **Public Hearings 8.**

BCC Regular Meeting

Meeting Date: 03/05/2020

Issue: 5:32 p.m. Public Hearing - Vacation of a Portion of Unopened Right-of-Way Known as Juan Road

From: Joy Jones, Director

Organization: Engineering

CAO Approval:

RECOMMENDATION:

5:32 p.m. Public Hearing for Consideration of the Petition to Vacate a Portion of Unopened Right-of-Way Known as Juan Road, as petitioned by Breland Homes Coastal, LLC, represented by its Agent, Joe Rector.

Recommendation: That the Board take the following action concerning the Petition to Vacate a portion of unopened right-of-way known as Juan Road (0.49 acres, more or less), as petitioned by Breland Homes Coastal, LLC, represented by its Agent, Joe Rector:

A. Approve or deny the Petition to Vacate a portion of Unopened Right-of-Way known as Juan Road (0.49 acres, more or less), as petitioned by Breland Homes Coastal, LLC, represented by its Agent, Joe Rector;

B. Accept the Hold/Harmless Agreement;

C. Adopt the Resolution to Vacate; and

D. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery of the documents to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 1.

BACKGROUND:

The Petitioner recently purchased several parcels of real property, totaling 21 acres, lying between Bronson Road and Bauer Road. This portion of unopened right-of-way, known as Juan Road, lies in the middle of two of those parcels.

The Petitioner has met with the Developmental Review Committee and has submitted plans for a 50-lot residential development on the property, with access from Bronson Road. Vacating Juan Road would make the property one continuous property, allowing the development to move forward.

Staff has no concerns with the Petition to Vacate. The utility companies have no concerns about or objections to the request.

BUDGETARY IMPACT:

Indirect staff cost associated with the preparation of documents and Recommendation.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is based on the Board's Vacating, Abandoning, and Closing Existing Public Streets, Rights-of-Way, Alleyways, Roads, Highways, Other Places Used for Travel or Other Lands Dedicated for Public Use or Purposes, or Any Portions Thereof to Renounce and Disclaim Any right of the County and The Public In and To Said Lands policy for closing, vacating and abandoning County Owned property- Section III, and Florida Statues, Chapter 336.

IMPLEMENTATION/COORDINATION:

Upon Board approval of the Petition to Vacate, the necessary documents will be signed and delivered to the Petitioner or the Petitioner's agent who will have them recorded in the public records and will have notices published.

HOLD/HARMLESS AGREEMENT

WHEREAS, Breland Homes Coastal, LLC hereafter called "Petitioner(s)" has requested that the Board of County Commissioners of Escambia County, Florida, on behalf of Escambia County, vacate certain public road rights-of-way, alleyway, or other lands pursuant to the provisions of Section 336.09, Florida Statutes, and Vacation Policy - Section III(A) of the Board of County Commissioners; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida, hereafter called "County" has no objection to granting such petition, providing that certain covenants and agreements are made on behalf of the citizens and residents of Escambia County, Florida, and on behalf of Escambia County;

NOW, THEREFORE, in consideration of One Dollar ($1.00) and the mutual promises contained herein, Petitioner(s) and County do agree as follows:

1. County, pursuant to the authority of and after compliance with the requirements of Chapter 336, Florida Statutes and Vacation Policy - Section III(A), agrees to vacate, abandon, and close the following described public street, road, alleyway or a portion thereof, or other land dedicated for public use and to surrender, renounce and disclaim any right of the County and public in and hereto:

BEGINNING AT THE NW CORNER OF LOT 15, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3 SECTION 2, TOWNSHIP 2 SOUTH, RANGE 32 WEST OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED ALONG THE WESTERLY LINE OF SAID LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 15, ALSO BEING THE NW CORNER OF LOT 16, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE WESTERLY LINE OF SAID LOT 16 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 16; THENCE PROCEED NORTH 87 DEGREES 37 MINUTES 27 SECONDS WEST 31.89 FEET TO THE SE CORNER OF LOT 17, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF SAID LOT 17 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 17, ALSO BEING THE SE CORNER OF LOT 15, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 15; THENCE PROCEED SOUTH 87 DEGREES 21 MINUTES 33 SECONDS EAST 31.91 FEET TO THE POINT OF BEGINNING, CONTAINING 0.45 ACRES, MORE OR LESS.

2. Petitioner(s), hereby covenant(s) and agree(s) that they have complied with all requirements of Chapter 336, Florida Statutes and Vacation Policy - Section

III(A) of the Board of County Commissioners in bringing this request before the County and in obtaining the County's agreement set forth above.

3. Petitioner(s), hereby covenant(s) and warrant(s) that no person will be denied ingress/egress or access to their property or use by the vacation of the public rights-of-way or other land which is described herein.

4. Petitioner(s), further hereby agree(s) to defend, indemnify and hold harmless Escambia County, its agents and employees against any and all liability, claims, suits, actions, debts, damages, losses, costs, charges and expenses, including court costs and attorney's fees which may or might arise because of or related to the vacation of the public rights-of-way, alleyway, or other land dedicated for public use which is described herein.

Approved by the B.C.C. on: _____

RESOLUTION NUMBER R_____-_____

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, VACATING, ABANDONING, AND CLOSING CERTAIN PUBLIC PROPERTY ACQUIRED FOR EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS, OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

WHEREAS, Breland Homes, Coastal, LLC. has petitioned this Board to vacate, abandon, and close the following public rights-of-way, alleyway, or other lands and to renounce and disclaim the right of Escambia County, Florida and of the public, and;

WHEREAS, the Board of County Commissioners of Escambia County, Florida, has determined it to be in the best interest of Escambia County to adopt a resolution vacating, abandoning, and closing the following described property:

BEGINNING AT THE NW CORNER OF LOT 15, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3 SECTION 2, TOWNSHIP 2 SOUTH, RANGE 32 WEST OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED ALONG THE WESTERLY LINE OF SAID LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 15, ALSO BEING THE NW CORNER OF LOT 16, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE WESTERLY LINE OF SAID LOT 16 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 16; THENCE PROCEED NORTH 87 DEGREES 37 MINUTES 27 SECONDS WEST 31.89 FEET TO THE SE CORNER OF LOT 17, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF SAID LOT 17 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 17, ALSO BEING THE SE CORNER OF LOT 15, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 15; THENCE PROCEED SOUTH 87 DEGREES 21 MINUTES 33 SECONDS EAST 31.91 FEET TO THE POINT OF BEGINNING, CONTAINING 0.45 ACRES, MORE OR LESS.

and any right of the County and the public in and to the above described road rights-of-way, alleyway or other land dedicated for public use is hereby surrendered, renounced and disclaimed; and

WHEREAS, Petitioner(s), Breland Homes, Coastal, LLC., has caused to be published on February 20, , A.D., 2020, notice in a newspaper of general circulation in Escambia County, Florida, of the filing of said petition and that a public hearing thereon would be held at 5:32 p.m. on March 5, 2020 in the Board meeting room, Escambia County Governmental Complex, Pensacola, Florida; and

WHEREAS, the vacating, abandoning, and closing of existing public streets, rights-of-way, alleyways, roads, highways, other places used for travel, or other lands dedicated for public use or purposes, or any portions thereof, to renounce and disclaim any right of the County and the Public in and to said lands will not materially interfere with the County road system or the delivery of public services and will not deprive any person of any reasonable means of ingress/egress to such person's property.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

1. That the motion to vacate is hereby adopted and approved.

2. That the following described property acquired for public road rights-of-way, alleyway, or other public purposes is hereby vacated, abandoned, and closed;

BEGINNING AT THE NW CORNER OF LOT 15, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3 SECTION 2, TOWNSHIP 2 SOUTH, RANGE 32 WEST OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED ALONG THE WESTERLY LINE OF SAID LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 15, ALSO BEING THE NW CORNER OF LOT 16, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE WESTERLY LINE OF SAID LOT 16 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 16; THENCE PROCEED NORTH 87 DEGREES 37 MINUTES 27 SECONDS WEST 31.89 FEET TO THE SE CORNER OF LOT 17, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF SAID LOT 17 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 17, ALSO BEING THE SE CORNER OF LOT 15, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 15; THENCE PROCEED SOUTH 87 DEGREES 21 MINUTES 33 SECONDS EAST 31.91 FEET TO THE POINT OF BEGINNING, CONTAINING 0.45 ACRES, MORE OR LESS.

and any rights of the County and the public in and to the above described land is hereby surrendered, renounced and disclaimed.

3. That this resolution shall be spread upon the minutes of the Board of County Commissioners of Escambia County, Florida, and said petitioner shall publish a notice of its adoption one time within thirty (30) days hereafter in a newspaper of general circulation in Escambia County, Florida.

ESCAMBIA COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS

By_____
Steven Barry, Chairman

ATTEST: PAM CHILDERS
CLERK OF THE CIRCUIT COURT

By_____
Deputy Clerk

Adopted: _____

NOTICE OF ADOPTION OF RESOLUTION OF BOARD OF COUNTY COMMISSIONERS VACATING, ABANDONING, AND CLOSING EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

NOTICE IS HEREBY GIVEN that on March 5, A.D., 2020, in accordance with Sections 336.09 and 336.10, Florida Statutes and Vacation Policy - Section III(A) of the Board of County Commissioners Policy Manual, the Board of County Commissioners of Escambia County, Florida, adopted a resolution vacating, abandoning and closing use of that certain public road rights-of-way, alleyway, or other land in Escambia County, Florida, described as follows:

BEGINNING AT THE NW CORNER OF LOT 15, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3 SECTION 2, TOWNSHIP 2 SOUTH, RANGE 32 WEST OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED ALONG THE WESTERLY LINE OF SAID LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 15, ALSO BEING THE NW CORNER OF LOT 16, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE WESTERLY LINE OF SAID LOT 16 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 16; THENCE PROCEED NORTH 87 DEGREES 37 MINUTES 27 SECONDS WEST 31.89 FEET TO THE SE CORNER OF LOT 17, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF SAID LOT 17 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 17, ALSO BEING THE SE CORNER OF LOT 15, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 15; THENCE PROCEED SOUTH 87 DEGREES 21 MINUTES 33 SECONDS EAST 31.91 FEET TO THE POINT OF BEGINNING, CONTAINING 0.45 ACRES, MORE OR LESS.

and surrendered, renounced and disclaimed any right of Escambia County, Florida and the public in and to the aforesaid property.

Dated this _____day of _____, A.D., 20_____.

SITE DATA TABLE

69 - 50' LOTS

High Density Residential district (HDR)

Density. A maximum density of 18 dwelling units per acre.

Floor area ratio. A maximum floor area ratio of 2.0 for all uses.

Structure height. A maximum structure height of 120 feet above highest adjacent grade.

Lot area. No minimum lot area unless prescribed by use.

Lot width. Except for cul-de-sac lots which shall provide a minimum lot width of 20 feet at the street right-of-way, the following minimum lot widths are required:

Single-family detached. Forty feet at the street right-of-way for single-family detached dwellings.

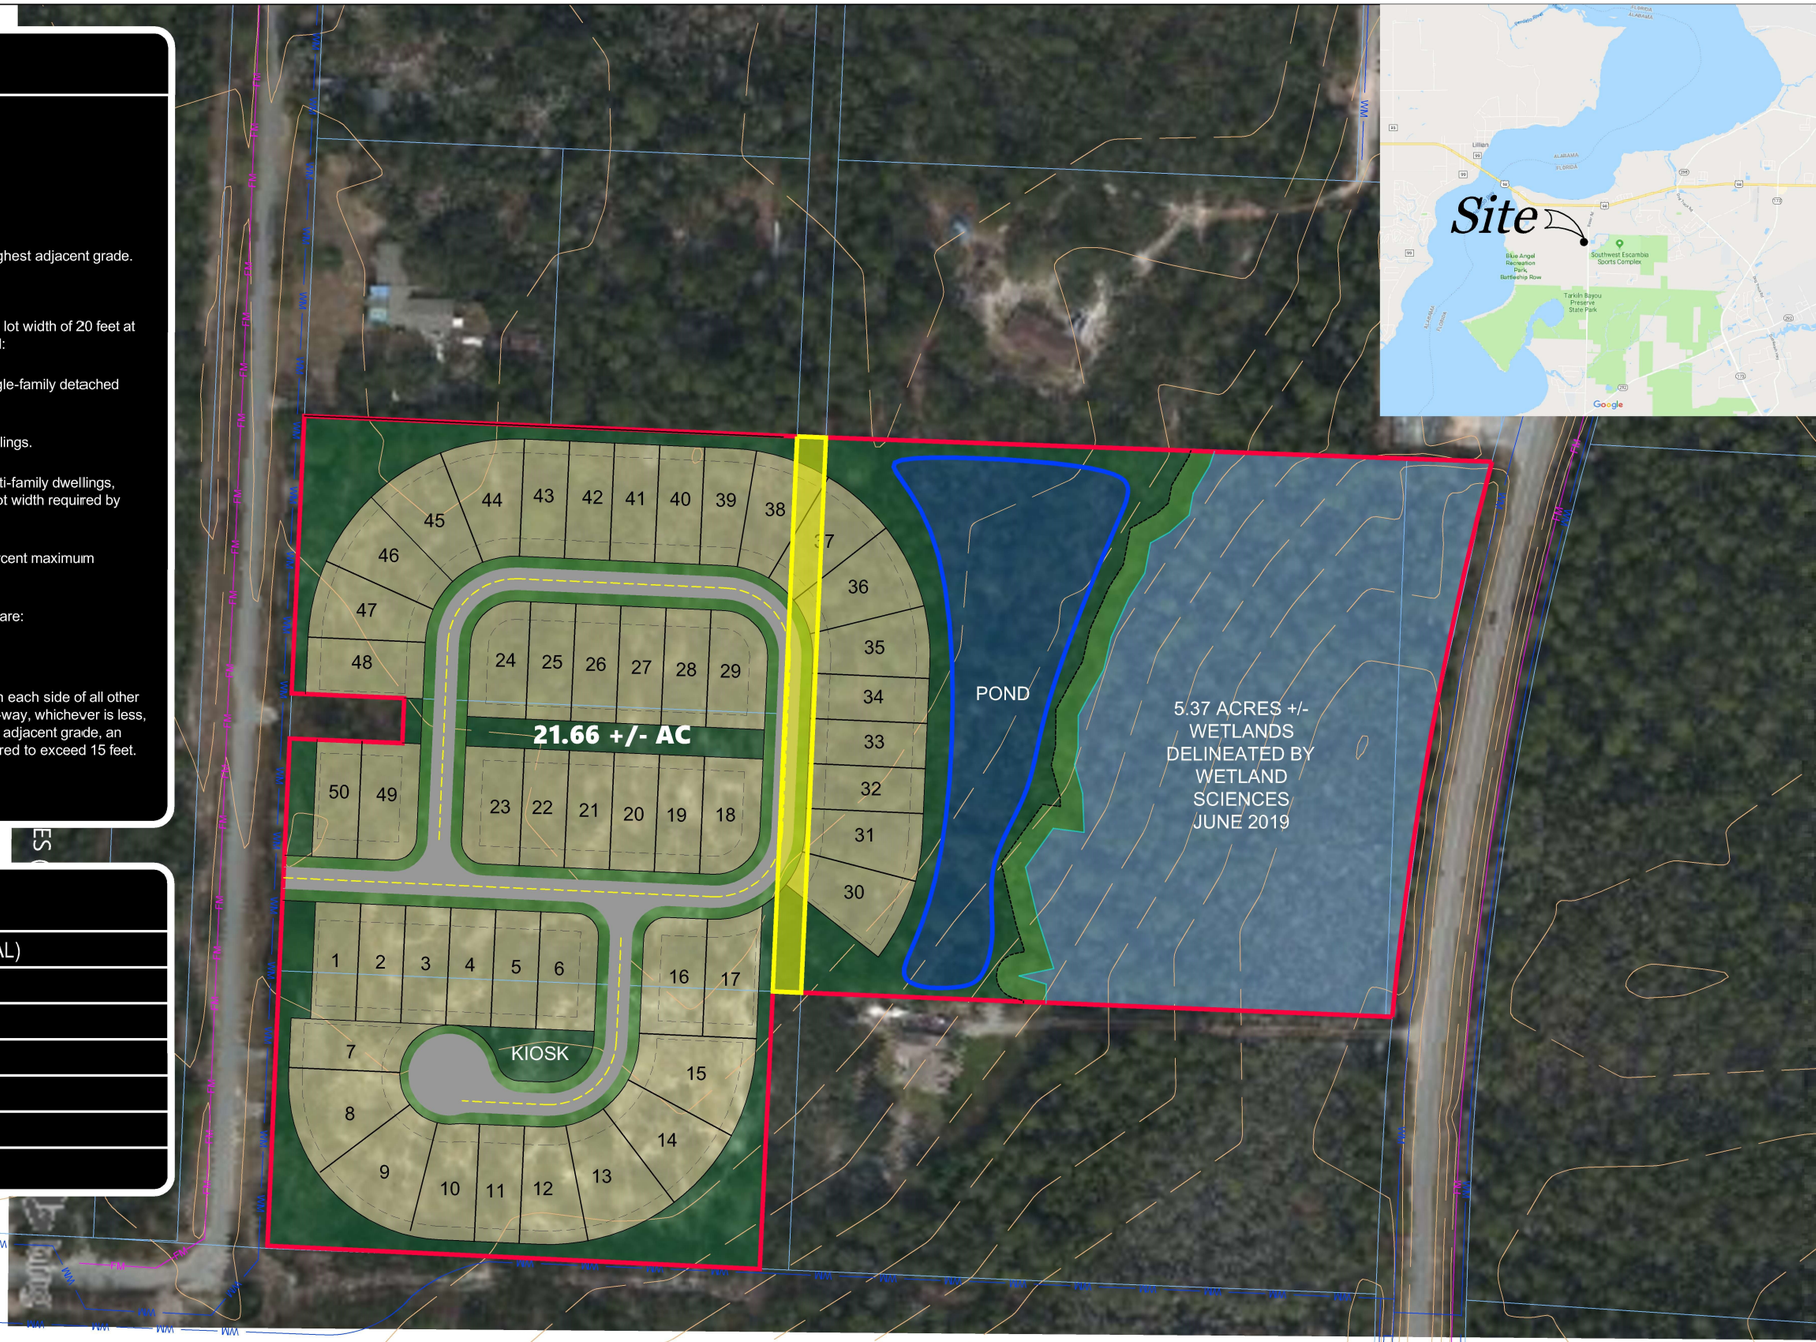
Two-family. Eighty feet at the street right-of-way for two-family dwellings.

Multi-family and other. Eighty feet at the street right-of-way for multi-family dwellings, boarding or rooming houses, and townhouse groups. No minimum lot width required by zoning for other uses.

Lot coverage. Minimum pervious lot coverage of 20 percent (80 percent maximum semi-impervious and impervious cover) for all uses.

Structure setbacks. For all principal structures, minimum setbacks are:

Front and rear. Twenty feet in the front and 15 feet in the rear.



Sides. Ten feet on each side of a group of attached townhouses. On each side of all other structures, 10 feet or 10 percent of the lot width at the street right-of-way, whichever is less, but at least five feet. For structures exceeding 35 feet above highest adjacent grade, an additional two feet for each additional 10 feet in height, but not required to exceed 15 feet.

Corner lots. Will have one front setback and one side setback.

PETITION TO VACATE, ABANDON, AND CLOSE EXISTING PUBLIC STREETS, RIGHTS-OF-WAY, ALLEYWAYS, ROADS, HIGHWAYS OTHER PLACES USED FOR TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

Petitioner(s), hereby file this petition with the Board of County Commissioners of Escambia County, Florida, to vacate, abandon, close and disclaim any right of the County and the public in and to certain land delineated as a An unopened Right-of-Way known as Juan Road. in Escambia County, Florida, a copy of map thereto being attached hereto as Exhibit "A", and further states as follows:

1. That the Petitioner(s), Breland Homes Coastal, LLC. presently X own(s)_____do/does not own an interest in the real property, which adjoins said public road right-of-way, alleyway, or other land. Said public road rights-of-way, alleyway, or other land being more particularly described as follows:

BEGINNING AT THE NW CORNER OF LOT 15, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3 SECTION 2, TOWNSHIP 2 SOUTH, RANGE 32 WEST OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED ALONG THE WESTERLY LINE OF SAID LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 15, ALSO BEING THE NW CORNER OF LOT 16, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE WESTERLY LINE OF SAID LOT 16 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 16; THENCE PROCEED NORTH 87 DEGREES 37 MINUTES 27 SECONDS WEST 31.89 FEET TO THE SE CORNER OF LOT 17, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF SAID LOT 17 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 17, ALSO BEING THE SE CORNER OF LOT 15, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 15; THENCE PROCEED SOUTH 87 DEGREES 21 MINUTES 33 SECONDS EAST 31.91 FEET TO THE POINT OF BEGINNING, CONTAINING 0.45 ACRES, MORE OR LESS.

2. That the Petitioner(s), Breland Homes Coastal, LLC. desire(s) that the Board of County Commissioners surrender, renounce and disclaim any right of the County and the public in and to that portion of the public road rights-of-way, alleyway, or other land described above and lying and being in Section(s) 2 Township 2 South Range 32 West and recorded in Plat Book 1, Page 3 of the public records of Escambia County, Florida.

3. That the portion of public road rights-of-way, alleyway, or other lands sought to be vacated, abandoned, and closed herein, is no longer needed to fulfill a public purpose.

THEREFORE, petitioner(s) request that the above described public road rights-of-way, alleyway, or other land be vacated, abandoned, and closed and that the Board of County Commissioners of Escambia County, Florida, surrender, renounce and disclaim any right of the County and the public in and to said public road rights-of-way, alleyway, or other land.

Petitioner acknowledges that:

Approval by the Board of County Commissioners of a petition to vacate, abandon, discontinue, close, renounce, or disclaim any right of the County or the public in any land does not operate to confirm the vesting or return of title to the land in the petitioner or any other interested party. Any interested party who wishes to verify the title to land or the effect of the approval of a petition to vacate, abandon, discontinue, close, renounce, or disclaim any right of the County or the public in any land should seek legal counsel.

TRAVEL, OR OTHER LANDS DEDICATED FOR PUBLIC USE OR PURPOSES, OR ANY PORTIONS THEREOF, TO RENOUNCE AND DISCLAIM ANY RIGHT OF THE COUNTY AND THE PUBLIC IN AND TO SAID LANDS.

TO WHOM IT MAY CONCERN:

Notice is hereby given that a public hearing will be held on March 5, A.D., 2020, at 5:32 p.m., in the Board of County Commissioner's meeting room, on the 1st floor of the Ernie Lee Magaha Government Building, Room 100, 221 Palafox Place, Pensacola, Florida, to consider the feasibility of vacating, closing, and abandoning the following described public road rights-of-way, alleyway or other land dedicated for public use:

BEGINNING AT THE NW CORNER OF LOT 15, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3 SECTION 2, TOWNSHIP 2 SOUTH, RANGE 32 WEST OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED ALONG THE WESTERLY LINE OF SAID LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 15, ALSO BEING THE NW CORNER OF LOT 16, BLOCK D, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE WESTERLY LINE OF SAID LOT 16 AND THE RIGHT OF WAY OF JUAN ROAD SOUTH 02 DEGREES 38 MINUTES 42 SECONDS WEST 307.87 FEET TO THE SW CORNER OF SAID LOT 16; THENCE PROCEED NORTH 87 DEGREES 37 MINUTES 27 SECONDS WEST 31.89 FEET TO THE SE CORNER OF LOT 17, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF SAID LOT 17 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 17, ALSO BEING THE SE CORNER OF LOT 15, BLOCK C, A RESUBDIVISION OF SUBDIVISION NUMBER ONE TO PERDIDO HEIGHTS AS RECORDED IN PLAT BOOK 1 PAGE 3; THENCE ALONG THE EASTERLY LINE OF LOT 15 AND THE RIGHT OF WAY OF JUAN ROAD NORTH 02 DEGREES 38 MINUTES 38 SECONDS EAST 307.94 FEET TO THE NE CORNER OF SAID LOT 15; THENCE PROCEED SOUTH 87 DEGREES 21 MINUTES 33 SECONDS EAST 31.91 FEET TO THE POINT OF BEGINNING, CONTAINING 0.45 ACRES, MORE OR LESS.

Board of County Commissioners
Escambia County, Florida

A copy of the agenda for these meetings containing specific items to be considered in the order of presentation may be obtained from the County Administrator's Office, Room 420, Ernie Lee Magaha Government Building, 221 Palafox Place at Government Street. Persons who need an accommodation, pursuant to the American Disabilities Act, in order to attend or participate in the above meetings should contact Ms. Shamara Jernigan at 595-4900 at least 72 hours in advance of the meeting.

Any person who decides to appeal any decision made by any board, agency or commission with respect to any matter considered at its meeting or hearing, will need a record of the proceedings of the meeting. Since the Board of County Commissioners does not make verbatim records of its meeting, such person may need to independently secure a record which should include the testimony or evidence on which the appeal is to be based on.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17398 **Public Hearings 9.**
BCC Regular Meeting
Meeting Date: 03/05/2020
Issue: 5:33 p.m. Public Hearing to Consider the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

5:33 p.m. Public Hearing to Consider the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat on the Board's Own Motion.

Recommendation: That the Board take the following action concerning the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat on the Board's Own Motion:

A. Approve or deny the Vacation of a Portion of the First Addition of Wesleyan Terrace Subdivision Plat on the Board's Own Motion;

B. Adopt the Resolution to Vacate; and

C. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery of the documents to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 2.

BACKGROUND:

In 2015, the National Fish and Wildlife (NFWF) awarded Escambia County over $11 million in RESTORE funding for the construction of five projects within the Bayou Chico watershed to improve water quality and enhance wildlife habitat. Projects are located in all three of the main freshwater tributaries to Bayou Chico, including a floodplain restoration/expansion project along Jackson Creek.

Meeting in regular session on July 23, 2015, the Board authorized staff to begin the process of obtaining necessary easements, parcels, and permits to complete the NFWF-funded restoration projects. In support of the floodplain project, Escambia County has, to date, acquired a total of 16 vacant parcels along Jackson Creek. Jackson Creek floodplain expansion will be accomplished, in part, by the removal of existing cul-de-sacs at the south ends of Citrus Street, Beth Circle, and Danbury Circle. The floodplain project, currently managed by the Natural Resources Management Department, will also allow for improvements to traffic flow and public safety within Wesleyan Terrace First Addition by connecting all three of the existing roadways together through an extension of Citrus Street.

There are no staff concerns about the vacation of this property. AT&T wishes to retain an easement for cables that are located in the vacation area. Pensacola Energy has existing gas mains at the end of each cul-de-sac and they feel it would be easier to reserve the easement now and work with the project to relocate or abandon the mains for the new right-of-way construction.

BUDGETARY IMPACT:

Indirect staff cost associated with the preparation of documents and Recommendation.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is based on the Board's Vacating, Abandoning, and Closing Existing Public Streets, Rights-of-Way, Alleyways, Roads, Highways, Other Places Used for Travel or Other Lands Dedicated for Public Use or Purposes, or Any Portions Thereof to Renounce and Disclaim Any right of the County and The Public In and To Said Lands policy for closing, vacating and abandoning County Owned property- Section III, and Florida Statues, Chapter 336.

IMPLEMENTATION/COORDINATION:

Upon Board approval of the Petition to Vacate, the necessary documents will be signed and it will be the responsibility of county staff to have them recorded in the public records and to have notices published.

RESOLUTION NUMBER R2020-_____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA, VACATING AND ANNULLING A SUBDIVISION PLAT OR A PORTION THEREOF AND RETURNING THE PROPERTY TO ACREAGE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the **Escambia County Board of County Commissioners, on its own motion**, has considered the vacation of a subdivision plat or a portion thereof and return of the property to acreage; and

WHEREAS, the County owns the fee simple title to the whole or that portion of the plat sought to be vacated, as described in Exhibits **A and C**; and

WHEREAS, the approval of the vacation of the whole or that portion of the plat by the Board of County Commissioners of Escambia County, Florida, will not affect the ownership or right of convenient access of persons owning other parts of the subdivision; and

WHEREAS, in accordance with Section 177.101, Florida Statutes, the County has caused notice of its intention to vacate the plat to be published as a legal notice in a newspaper of general circulation in Escambia County; and

WHEREAS, that all state and county taxes assessed against the whole or that portion of the plat sought to be vacated have been paid; and

WHEREAS, the County has complied with all of the requirements of Chapter 177, Florida Statutes, regarding vacation and annulment of plats subdividing lands:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

1. The foregoing recitals are true and correct and incorporated in the findings of the Board.

2. The vacation is approved and the whole or that portion of the plat described in Exhibits **A and C** is hereby vacated and annulled, and the property is returned to acreage, subject to any existing utility lines.

3. The vacation shall not become effective until a certified copy of this resolution has been filed in the offices of the Circuit Court Clerk, duly recorded in the public records of Escambia County, Florida, and the County publishes notice of its adoption one time within 30 days hereafter in a newspaper of general circulation in Escambia County, Florida.

GENERAL NOTES:

1. NORTH AND THE HORIZONTAL COMPONENTS SHOWN HEREON ARE BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM NORTH ZONE, AND 83 (2007). THE CONTROL MONUMENTS USED WERE ESC 4100 AND ESC 4104. DATA FOR THESE CONTROL MONUMENTS CAN BE FOUND ON THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION LAND WORKS.
2. REFERENCES USED: A COPY OF THE PLAT OF CHURCH DIMENSION, AS RECORDED IN PLAT BOOK 3, AT PAGE 3, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; A COPY OF THE PLAT OF WESLEYAN TERRACE, AS RECORDED IN PLAT BOOK 6, AT PAGE 91, OF SAID PUBLIC RECORDS; A COPY OF THE PLAT OF THE FIRST ADDITION WESLEYAN TERRACE, AS RECORDED IN PLAT BOOK 7, AT PAGE 7, OF SAID PUBLIC RECORDS; A PREVIOUS SURVEY OF OLD STREET FIELD ROAD BY THIS FIRM, PROJECT NO. 1800382000, DATED 10/31/2018; A PREVIOUS SURVEY PREPARED BY THIS FIRM, PROJECT NO. 1700382, DATED OF RECORD AND EXISTING FIELD MONUMENTATION.
3. MEASUREMENTS AS SHOWN HEREON WERE MADE TO UNITED STATES STANDARDS AND ARE EXPRESSED IN DECIMAL OF FEET. THE ACCURACY OF MEASUREMENTS MEETS SURVEYOR (±0'0.00').
4. NO TITLE SEARCH WAS PERFORMED BY NOR PROVIDED TO THIS FIRM FOR THE SUBJECT PROPERTY. THERE MAY BE DEEDS OF RECORD, UNRECORDED DEEDS, EASEMENTS, RIGHTS-OF-WAY, BUILDING SETBACKS, RESTRICTIVE COVENANTS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE BOUNDARIES OR USE OF THE SUBJECT PROPERTY.
5. THE SURVEYING BUSINESS CERTIFICATE OF AUTHORIZATION NUMBER FOR MARK A. CREED, INC. IS LB7417.
6. THIS SURVEY DOES NOT REPRESENT NOR GUARANTEE OWNERSHIP.
7. THIS IS NOT A BOUNDARY SURVEY.

NOTICE OF ADOPTION OF RESOLUTION VACATING AND ANNULLING A SUBDIVISION PLAT OR PORTION THEREOF

NOTICE IS HEREBY GIVEN that following a public hearing held on March 5th, 2020, the Board of County Commissioners of Escambia County, Florida, adopted a resolution vacating and annulling the subdivision plat or portion thereof of 1st Addition - Wesleyan Terrace, being more particularly described as follows:

Vacation of Lots and Right-of-Way
Lots 5, 6, 7, 8, 16, 17, 18, 19, 20, 21, 28, 29, 30, 31 and 32 of Block B, First Addition Wesleyan Terrace as recorded in Plat Book 7, at page 7, of the Public Records of Escambia County, Florida.

and

That portion of the Beth Circle (60' R/W) lying south of the extension of the northerly lot line of lots 16 and 21.

and

That portion of the Danbury Circle (60' R/W) lying south of the extension of the northerly lot line of Lots 28 and 32.

All lying and being in Section 37, Township 2 South, Range 30 West, Escambia County, Florida, and containing 4.95 acres, more or less.

and returning the property to acreage.

Dated this _____ day of _____, 2020.

BOARD OF COUNTY COMMISSIONERS
ESCAMBIA COUNTY, FLORIDA

CERTIFICATION OF PROPERTY OWNERS
WITHIN 500 FEET

The undersigned petitioner(s) does hereby certify that the individuals whose names and addresses are attached represent all of those individuals owning property which lies within 500 feet of the subdivision plat or portion thereof which is subject to the Petition to Vacate, dated January 22, 2020.

Marcia Wieborg
Petitioner(s)

STATE OF Florida

COUNTY OF Escambia

The foregoing instrument was acknowledged before me by means of (✓) physical presence or (__) online notarization, this 5 day of February, 2020 by Marcia Wieborg, as an Employee of Escambia County BOCC Engineering Dept. He/She is personally known to me or has produced _____ as identification.

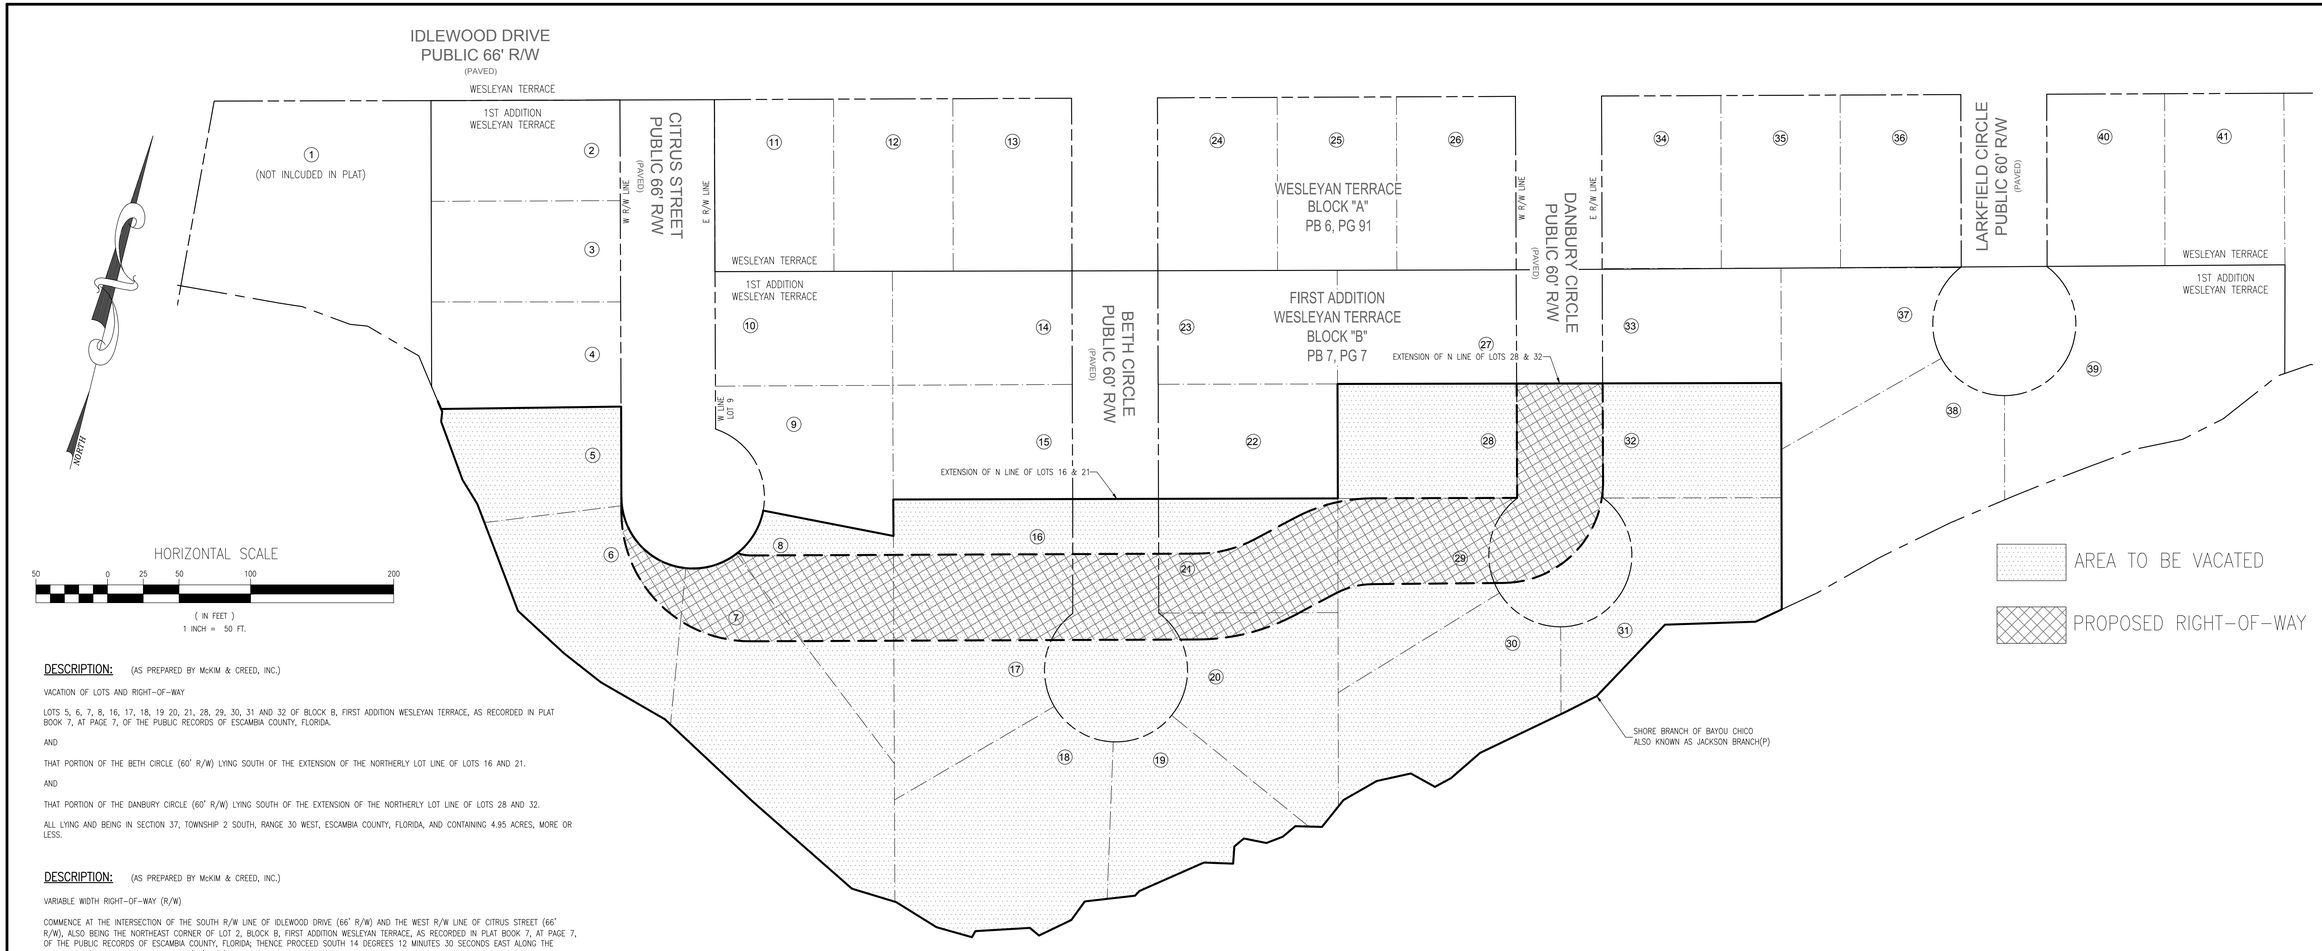
REQUEST TO VACATE A PORTION OF THE FIRST ADDITION OF WESLEYAN TERRACE SUBDIVISION PLAT
Petitioner: ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS



ESCAMBIA COUNTY
ENGINEERING DIVISION

MLW 2/7/2020 DISTRICT 2

2016
Aerial Photo

County Owned Parcels

Area to be Vacated

DESCRIPTION: (AS PREPARED BY McKIM & CREED, INC.)

VACATION OF LOTS AND RIGHT-OF-WAY

LOTS 5, 6, 7, 8, 16, 17, 18, 19 20, 21, 28, 29, 30, 31 AND 32 OF BLOCK B, FIRST ADDITION WESLEYAN TERRACE, AS RECORDED IN PLAT BOOK 7, AT PAGE 7, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA.

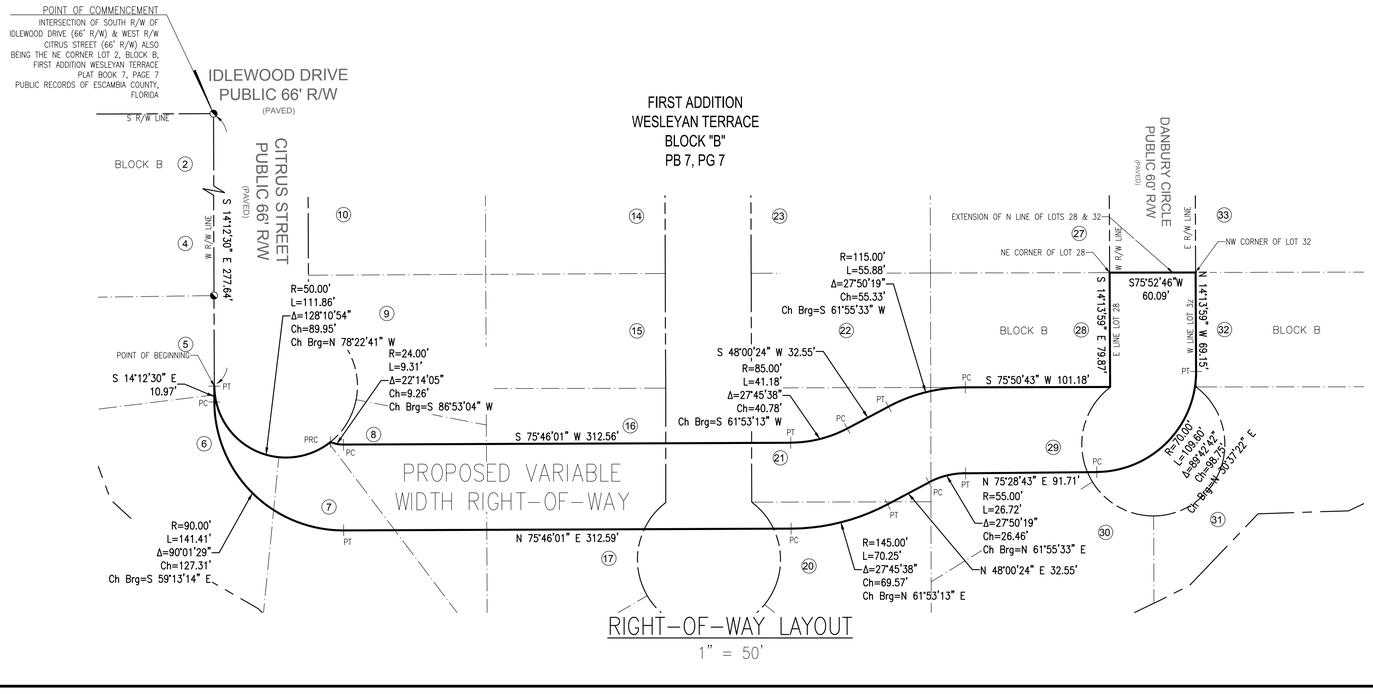
AND

THAT PORTION OF THE BETH CIRCLE (60' R/W) LYING SOUTH OF THE EXTENSION OF THE NORTHERLY LOT LINE OF LOTS 16 AND 21.

AND

THAT PORTION OF THE DANBURY CIRCLE (60' R/W) LYING SOUTH OF THE EXTENSION OF THE NORTHERLY LOT LINE OF LOTS 28 AND 32.

ALL LYING AND BEING IN SECTION 37, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA, AND CONTAINING 4.95 ACRES, MORE OR LESS.



DESCRIPTION: (AS PREPARED BY McKIM & CREED, INC.)

VARIABLE WIDTH RIGHT-OF-WAY (R/W)

COMMENCE AT THE INTERSECTION OF THE SOUTH R/W LINE OF IDLEWOOD DRIVE (66' R/W) AND THE WEST R/W LINE OF CITRUS STREET (66' R/W), ALSO BEING THE NORTHEAST CORNER OF LOT 2, BLOCK B, FIRST ADDITION WESLEYAN TERRACE, AS RECORDED IN PLAT BOOK 7, AT PAGE 7, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; THENCE PROCEED SOUTH 14 DEGREES 12 MINUTES 30 SECONDS EAST ALONG THE WESTERLY R/W LINE OF CITRUS STREET (66' R/W) FOR A DISTANCE OF 277.64 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE LAST COURSE PROCEED SOUTH 14 DEGREES 12 MINUTES 30 SECONDS EAST ALONG SAID R/W LINE FOR A DISTANCE OF 10.97 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHEAST HAVING A RADIUS OF 90.00 FEET; THENCE PROCEED SOUTHEASTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 141.41 FEET (DELTA= 90 DEGREES 01 MINUTES 29 SECONDS, CHORD= 127.31 FEET, CHORD BEARING= SOUTH 59 DEGREES 13 MINUTES 14 SECONDS EAST) TO THE POINT OF TANGENCY; THENCE PROCEED NORTH 75 DEGREES 46 MINUTES 01 SECONDS EAST FOR A DISTANCE OF 312.59 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 145.00 FEET; THENCE PROCEED NORTHEASTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 70.25 FEET (DELTA= 27 DEGREES 45 MINUTES 38 SECONDS, CHORD= 69.57 FEET, CHORD BEARING= NORTH 61 DEGREES 53 MINUTES 13 SECONDS EAST) TO THE POINT OF TANGENCY; THENCE PROCEED NORTH 48 DEGREES 00 MINUTES 24 SECONDS EAST FOR A DISTANCE OF 32.55 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHEAST HAVING A RADIUS OF 55.00 FEET; THENCE PROCEED NORTHEASTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 26.72 FEET (DELTA= 27 DEGREES 50 MINUTES 19 SECONDS, CHORD= 26.46 FEET, CHORD BEARING= NORTH 61 DEGREES 55 MINUTES 33 SECONDS EAST) TO THE POINT OF TANGENCY; THENCE PROCEED NORTH 75 DEGREES 28 MINUTES 43 SECONDS EAST FOR A DISTANCE OF 91.71 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 70.00 FEET; THENCE PROCEED NORTHEASTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 109.60 FEET (DELTA= 89 DEGREES 42 MINUTES 42 SECONDS, CHORD= 98.75 FEET, CHORD BEARING= NORTH 30 DEGREES 37 MINUTES 22 SECONDS EAST) TO THE POINT OF TANGENCY AND THE WEST LINE OF LOT 32 OF AFORESAID BLOCK B; THENCE PROCEED NORTH 14 DEGREES 13 MINUTES 59 SECONDS WEST ALONG THE WEST LINE OF SAID LOT 32 FOR A DISTANCE OF 69.15 FEET TO THE NORTHWEST CORNER OF SAID LOT 32; THENCE DEPARTING SAID WEST LINE PROCEED SOUTH 75 DEGREES 52 MINUTES 46 SECONDS WEST ALONG THE EXTENSION OF THE NORTH LINE OF SAID LOT 32 AND LOT 28 OF AFORESAID BLOCK B FOR A DISTANCE OF 60.09 FEET TO THE NORTHEAST CORNER OF SAID LOT 28; THENCE DEPARTING SAID EXTENSION LINE PROCEED SOUTH 14 DEGREES 13 MINUTES 59 MINUTES EAST ALONG THE EAST LINE OF SAID LOT 28 FOR A DISTANCE OF 79.87 FEET TO THE SOUTHEAST CORNER OF SAID LOT 28; THENCE DEPARTING SAID EAST LINE PROCEED SOUTH 75 DEGREES 50 MINUTES 43 SECONDS WEST ALONG THE SOUTH LINE OF SAID LOT 28 FOR A DISTANCE OF 101.18 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHEAST HAVING A RADIUS OF 115.00 FEET; THENCE DEPARTING SAID SOUTH LINE PROCEED SOUTHWESTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 55.88 FEET (DELTA= 27 DEGREES 50 MINUTES 19 SECONDS, CHORD= 55.33 FEET, CHORD BEARING= SOUTH 61 DEGREES 55 MINUTES 33 SECONDS WEST) TO THE POINT OF TANGENCY; THENCE PROCEED SOUTH 48 DEGREES 00 MINUTES 24 SECONDS WEST FOR A DISTANCE OF 32.55 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 85.00 FEET; THENCE PROCEED SOUTHWESTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 41.18 FEET (DELTA= 27 DEGREES 45 MINUTES 38 SECONDS, CHORD= 40.78 FEET, CHORD BEARING= SOUTH 61 DEGREES 53 MINUTES 13 SECONDS WEST) TO THE POINT OF TANGENCY; THENCE PROCEED SOUTH 75 DEGREES 46 MINUTES 01 SECONDS WEST FOR A DISTANCE OF 312.56 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHEAST HAVING A RADIUS OF 24.00 FEET; THENCE PROCEED NORTHWESTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 9.31 FEET (DELTA= 22 DEGREES 14 MINUTES 05 SECONDS, CHORD= 9.26 FEET, CHORD BEARING= SOUTH 86 DEGREES 53 MINUTES 04 SECONDS WEST) TO THE POINT OF REVERSE CURVATURE ON THE SOUTHERLY R/W LINE OF CITRUS STREET (66' R/W) OF A CIRCULAR CURVE CONCAVE TO THE NORTH HAVING A RADIUS OF 50.00 FEET; THENCE PROCEED WESTERLY ALONG THE ARC OF SAID CURVE FOR A DISTANCE OF 111.86 FEET (DELTA= 128 DEGREES 10 MINUTES 54 SECONDS, CHORD= 89.95 FEET, CHORD BEARING= NORTH 78 DEGREES 22 MINUTES 41 SECONDS WEST) TO THE POINT OF TANGENCY AND THE POINT OF BEGINNING. ALL LYING AND BEING IN SECTION 37, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA, AND CONTAINING 1.00 ACRES, MORE OR LESS.

GENERAL NOTES:

1. NORTH AND THE HORIZONTAL COMPONENTS SHOWN HEREON ARE BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM NORTH ZONE, NAD 83 (2007). THE CONTROL MONUMENTS USED WERE ESC 4105 AND ESC 4106. DATA FOR THESE CONTROL MONUMENTS CAN BE FOUND ON THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION LABINS WEBSITE.
2. REFERENCES USED: A COPY OF THE PLAT OF GALVEZ GARDENS, AS RECORDED IN PLAT BOOK 3, AT PAGE 3, OF THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA; A COPY OF THE PLAT OF WESLEYAN TERRACE, AS RECORDED IN PLAT BOOK 6, AT PAGE 91, OF SAID PUBLIC RECORDS; A COPY OF THE PLAT OF THE FIRST ADDITION WESLEYAN TERRACE, AS RECORDED IN PLAT BOOK 7, AT PAGE 7, OF SAID PUBLIC RECORDS; A PREVIOUS SURVEY OF OLD CORRY FIELD ROAD BY THIS FIRM, PROJECT NO. 160050.S000, DATED 10/31/2016; A PREVIOUS SURVEY PREPARED BY THIS FIRM, PROJECT NO. 110056; DEEDS OF RECORD AND EXISTING FIELD MONUMENTATION.
3. MEASUREMENTS AS SHOWN HEREON WERE MADE TO UNITED STATES STANDARDS AND ARE EXPRESSED IN DECIMAL OF FEET. THE ACCURACY OF MEASUREMENTS MEETS SUBURBAN LAND STANDARDS (1:7500).
4. NO TITLE SEARCH WAS PERFORMED BY NOR PROVIDED TO THIS FIRM FOR THE SUBJECT PROPERTY. THERE MAY BE DEEDS OF RECORD, UNRECORDED DEEDS, EASEMENTS, RIGHTS-OF-WAY, BUILDING SETBACKS, RESTRICTIVE COVENANTS OR OTHER INSTRUMENTS WHICH COULD AFFECT THE BOUNDARIES OR USE OF THE SUBJECT PROPERTY.
5. THE SURVEYING BUSINESS CERTIFICATE OF AUTHORIZATION NUMBER FOR McKIM & CREED, INC. IS LB7917.
6. THIS SURVEY DOES NOT REPRESENT NOR GUARANTEE OWNERSHIP.
7. THIS IS NOT A BOUNDARY SURVEY.

Escambia
Sun Press
PUBLISHED WEEKLY SINCE 1948
(Warrington) Pensacola, Escambia County, Florida

STATE OF FLORIDA

County of Escambia

Before the undersigned authority personally appeared Michael P. Driver who is personally known to me and who on oath says that he is Publisher of The Escambia Sun Press, a weekly newspaper published at (Warrington) Pensacola in Escambia County, Florida; that the attached copy of advertisement, being a NOTICE in the matter of INTENT MEETING HELD 03-05-2020 – VACATE A PORTION OF 1ST ADDITION Wesleyan Terrace Subdivision in the _____ Court was published in said newspaper in the issues of FEBRUARY 13 & 20, 2020

Affiant further says that the said Escambia Sun-Press is a newspaper published at (Warrington) Pensacola, in said Escambia County, Florida, and that the said newspaper has heretofore been continuously published in said Escambia County, Florida each week and has been entered as second class mail matter at the post office in Pensacola, in said Escambia County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

August 24, 2020

NOTICE OF INTENTION TO CONSIDER VACATION OF PLAT

NOTICE IS HEREBY GIVEN in accordance with Section 177.101, Florida Statutes, that the Board of County Commissioners of Escambia County, Florida, will consider at a public meeting to be held at 5:33 p.m. on March 5, 2020 in the Ernie Lee Magaha Government Building, Board Meeting Room, First Floor, 221 Palafox Place, Pensacola, Florida, 32502, adoption of a resolution vacating and annulling all or a portion of the plat of First Addition – Wesleyan Terrace subdivision in Escambia County Florida.

The following is the legal description of the platted lands that are subject to the plat vacation:

Vacation of Lots and Right-of-Way

Lots 5, 6, 7, 8, 16, 17, 18, 19, 20, 21, 28, 29, 30, 31 and 32 of Block B, First Addition Wesleyan Terrace as recorded in Plat Book 7, at page 7, of the Public Records of Escambia County, Florida
and
That portion of the Beth Circle (60' R/W) lying south of the extension of the northerly lot line of lots 16 and 21
and
That portion of the Danbury Circle (60' R/W) lying south of the extension of the northerly lot line of Lots 28 and 32
All lying and being in Section 37, Township 2 South, Range 30 West, Escambia County, Florida, and containing 4.95 acres, more or less.

All interested parties may appear at the public meeting and be heard with respect to the proposed plat vacation. A copy of the agenda and other items to be considered at the meeting may be obtained from the County Administrator's Office, Room 420, Ernie Lee Magaha Government Building, 221 Palafox Place, Pensacola, FL 32502.

Any person who wishes to appeal a decision made with respect to the matter considered at the public meeting will need a record of the proceedings. Since the Board of County Commissioners does not make verbatim records of its meetings, such person may need to independently secure a record, which should include the testimony or evidence on which the appeal is to be based.

In accordance with the Americans With Disabilities Act, persons needing special accommodation or an interpreter to participate in the public meeting should contact the Program Coordinator in the County Administrator office at 595-4947 at least seven days prior to the date of the meeting.

Dated this 7th day of February, 2020.

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17363 **Public Hearings 10.**
BCC Regular Meeting
Meeting Date: 03/05/2020
Issue: 5:34 p.m. Public Hearing - Vacation of Two Drainage Easements Located at the 7200 Block of Hilburn Road
From: Joy Jones, Director
Organization: Engineering
CAO Approval:

RECOMMENDATION:

5:34 p.m. Public Hearing for Consideration of the Petition to Vacate Two Drainage Easements located at the 7200 Block of Hilburn Road (1.55 acres, more or less) from Robins Ridge Development, LLC, to Escambia County, Florida, as petitioned by SNS Iron Rock, LLC, represented by its Agent, Rodney Sutton.

Recommendation: That the Board take the following action concerning the Petition to Vacate Two Drainage Easements located at the 7200 Block of Hilburn Road (1.55 acres, more or less) from Robins Ridge Development, LLC, to Escambia County, Florida, as petitioned by SNS Iron Rock, LLC, represented by its Agent, Rodney Sutton:

A. Approve or deny the Petition to Vacate Two Drainage Easements located at the 7200 Block of Hilburn Road (1.55 acres, more or less) from Robins Ridge Development, LLC, to Escambia County, Florida, as petitioned by SNS Iron Rock, LLC, represented by its Agent, Rodney Sutton;

B. Accept the Hold/Harmless Agreement;

C. Adopt the Resolution to Vacate; and

D. Authorize the Chairman or Vice Chairman to accept the documents as of the day of delivery of the documents to the Chairman or Vice Chairman, and authorize the Chairman or Vice Chairman to execute them at that time.

The real property mentioned in this Petition to Vacate is located in Commission District 3.

BACKGROUND:

On October 13, 2014, a Drainage Easement was executed by Robin's Ridge Development, LLC, (Grantor) in favor of Escambia County (Grantee). The Drainage Easement was recorded on November 25, 2015, in OR Book 7441 at Page 82 in the Official Records of Escambia County by the Grantor. This Drainage Easement was not brought before the Board of County Commissioners of Escambia County nor was the Drainage Easement accepted by the Board. Escambia County is not confirming that it ever had any interest in the Drainage Easement dated October 13, 2014.

To correct the previous Easement that was not Board approved, on August 9, 2017, an overlapping Drainage Easement over the previous Easement was executed by Robin's Ridge Development, LLC, (Grantor) in favor of Escambia County (Grantee). This Drainage Easement was accepted by the Board of County Commissioners of Escambia County on September 7, 2017, and was recorded on September 14, 2017, in OR Book 7777 at Page 476 in the Official Records of Escambia County.

In September 2019, the Petitioner purchased the property located at the 7200 Block of Hilburn Road. The Petitioner has met with the Development Review Committee and has submitted plans for a residential development of 81 lots (Cardinal Cove) with access from Hilburn Road to Burgess Road. The vacation of these two Drainage Easements will allow the Petitioner to develop the petition area and to install a new drainage system on the property.

Staff from the Engineering Department's Stormwater Management Section and from the Public Works Department commented on the Hilburn pond outfall. Cardinal Cove is currently under construction and the new outfall system from Hilburn Grove is nearing completion.

Public Safety nor Environmental Department staff had any concerns with vacating this existing Easement.

There are no utility company concerns with this Petition to Vacate.

BUDGETARY IMPACT:

Indirect staff cost associated with the preparation of documents and Recommendation.

LEGAL CONSIDERATIONS/SIGN-OFF:

N/A

PERSONNEL:

All work associated with this request is being done in-house and no additional staff is required.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is based on the Board's Vacating, Abandoning, and Closing Existing Public Streets, Rights-of-Way, Alleyways, Roads, Highways, Other Places Used for Travel or Other Lands Dedicated for Public Use or Purposes, or Any Portions Thereof to Renounce and Disclaim Any right of the County and The Public In and To Said Lands policy for closing, vacating and abandoning County Owned property- Section III, and Florida Statues, Chapter 336.

IMPLEMENTATION/COORDINATION:

Upon Board approval of the Petition to Vacate, the necessary documents will be signed and delivered to the Petitioner or the Petitioners' agent, who will have them recorded in the public records and will have notices published.

HOLD/HARMLESS AGREEMENT

WHEREAS, SNS Iron Rock, LLC hereafter called "Petitioner(s)" has requested that the Board of County Commissioners of Escambia County, Florida, on behalf of Escambia County, vacate certain public road rights-of-way, alleyway, or other lands pursuant to the provisions of Section 336.09, Florida Statutes, and Vacation Policy - Section III(A) of the Board of County Commissioners; and

WHEREAS, the Board of County Commissioners of Escambia County, Florida, hereafter called "County" has no objection to granting such petition, providing that certain covenants and agreements are made on behalf of the citizens and residents of Escambia County, Florida, and on behalf of Escambia County;

NOW, THEREFORE, in consideration of One Dollar ($1.00) and the mutual promises contained herein, Petitioner(s) and County do agree as follows:

1. County, pursuant to the authority of and after compliance with the requirements of Chapter 336, Florida Statutes and Vacation Policy - Section III(A), agrees to vacate, abandon, and close the following described public street, road, alleyway or a portion thereof, or other land dedicated for public use and to surrender, renounce and disclaim any right of the County and public in and hereto:

DESCRIPTION (OR 7441, Pg 82)

A 20 foot wide Drainage Easement in Section 29, Township 1 South, Range 30 West, Escambia County, Florida, being 10 feet on each side of the following described centerline:

Commence at a point of the East line of Section 29, Township 1 South, Range 30 West, Escambia County, Florida, said point of beginning 1320.00 feet South of the Northeast corner of said Section 29; thence North 89 degrees 41 minutes 20 seconds West along the South line of the North 1320.00 feet of the said Section for a distance of 1320.00 feet; Thence North 01 degrees 10 minutes 40 seconds East along the West line of the East 1320.00 feet on the said Section for a distance of 810.00 feet; Thence North 88 degrees 49 minutes 20 seconds West for a distance of 10.00 feet to the Point of Beginning; Thence South 01 degrees 10 minutes 40 seconds West and Parallel to the said West line of the East 1320.00 feet of Section 29 for a distance of 800.00 feet; Thence North 89 degrees 41 minutes 20 seconds West and parallel to the said South line of the North 1320.00 feet, more or less, to the Centerline of a Tributary to CARPENTER'S CREEK AND POINT OF TERMINATION.

DESCRIPTION AS PREPARED BY NORTHWEST FLORIDA LAND SURVEYING, INC. (OR 7777, Pg 476)

A 20 FOOT WIDE DRAINAGE EASEMENT

THE CENTERLINE DESCRIBED AS FOLLOWS:

COMMENCE AT A POINT ON THE EAST LINE OF SECTION 29, TOWNSHIP 1 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA SAID POINT BEING 1320.00 FEET SOUTH OF THE NORTHEAST CORNER OF SECTION 29, TOWNSHIP 1 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA; THENCE GO NORTH 89 DEGREES 41 MINUTES 20 SECONDS WEST ALONG THE SOUTH LINE OF THE NORTH 1320.00 FEET OF SAID SECTION 29 FOR A DISTANCE OF 1320.00 FEET; THENCE GO NORTH 01 DEGREES 10 MINUTES 40 SECONDS EAST FOR A DISTANCE OF 809.70 FEET; THENCE GO NORTH 88 DEGREES 49 MINUTES 20 SECONDS WEST FOR A DISTANCE OF 10.00 FEET TO THE POINT OF BEGINNING OF THE CENTERLINE OF SAID 20 FOOT WIDE DRAINAGE EASEMENT; THENCE GO SOUTH 01 DEGREES 20 MINUTES 26 SECONDS WEST FOR A DISTANCE OF 409.32 FEET; THENCE GO SOUTH 06 DEGREES 48 MINUTES 35 SECONDS WEST FOR A DISTANCE OF 137.16 FEET; THENCE GO SOUTH 03 DEGREES 22 MINUTES 45 SECONDS EAST FOR A DISTANCE OF 61.45 FEET; THENCE GO SOUTH 01 DEGREES 35 MINUTES 31 SECONDS WEST FOR A DISTANCE OF 181.83 FEET; THENCE GO SOUTH 84 DEGREES 30 MINUTES 01 SECONDS WEST FOR A DISTANCE OF 307.24 FEET; THENCE GO SOUTH 86 DEGREES 04 MINUTES 28 SECONDS WEST FOR A DISTANCE OF 80.19 FEET; THENCE GO NORTH 89 DEGREES 41 MINUTES 20 SECONDS WEST PARALLEL TO AFORESAID SOUTH LINE OF THE NORTH 1320 FEET OF SECTION 29 FOR A DISTANCE OF 421.26 FEET TO THE POINT OF TERMINATION OF SAID CENTERLINE OF A 20 FOOT WIDE DRAINAGE EASEMENT. THE ABOVE DESCRIBED PARCEL OF LAND IS SITUATED IN A PORTION OF SECTION 29, TOWNSHIP 1 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA AND CONTAINS 0.46 ACRES MORE OR LESS.

2. Petitioner(s), hereby covenant(s) and agree(s) that they have complied with all requirements of Chapter 336, Florida Statutes and Vacation Policy - Section

III(A) of the Board of County Commissioners in bringing this request before the County and in obtaining the County's agreement set forth above.

3. Petitioner(s), hereby covenant(s) and warrant(s) that no person will be denied ingress/egress or access to their property or use by the vacation of the public rights-of-way or other land which is described herein.

4. Petitioner(s), further hereby agree(s) to defend, indemnify and hold harmless Escambia County, its agents and employees against any and all liability, claims, suits, actions, debts, damages, losses, costs, charges and expenses, including court costs and attorney's fees which may or might arise because of or related to the vacation of the public rights-of-way, alleyway, or other land dedicated for public use which is described herein.

DRAINAGE EASEMENT

THIS AGREEMENT, made and entered into this 13th day of October, 2014 between **Robin's Ridge Development, LLC, A Florida Limited Liability Company,** party of the First Part, and **Escambia County, a Political Subdivision of the State of Florida**, as Party of the Second Part.

W I T N E S S E T H:

THAT WHEREAS, the Party of the Second Part proposes to construct and maintain a drainage easement across real property located in Section 29, Township 1 South, Range 30 West, Escambia County, Florida;

AND WHEREAS, the Party of the First Part is the owner of the hereinafter described real property, over, across and upon which said drainage easement;

NOW, THEREFORE, it is hereby agreed as follows:

The Party of the First Part does hereby bargain, sell, convey, transfer and delivery unto Board of County Commissioners of Escambia County, Florida, a drainage easement 20 feet in width for the purpose of construction and/or maintaining a drainage easement and the right of ingress and egress over and across the hereinafter described property upon which the said drainage easement is to be located for the sole purpose of maintaining the drainage easement on the following described property, to-wit:

DESCRIPTION

A 20 foot wide Drainage Easement in Section 29, Township 1 South, Range 30 West, Escambia County, Florida, being 10 feet on each side of the following described centerline:

Commence at a point of the East line of Section 29, Township 1 South, Range 30 West, Escambia County, Florida, said point of beginning 1320.00 feet South of the Northeast corner of said Section 29; thence North 89 degrees 41 minutes 20 seconds West along the South line of the North 1320.00 feet of the said Section for a distance of 1320.00 feet; Thence North 01 degrees 10 minutes 40 seconds East along the West line of the East 1320.00 feet on the said Section for a distance of 810.00 feet; Thence North 88 degrees 49 minutes 20 seconds West for a distance of 10.00 feet to the Point of Beginning; Thence South 01 degrees 10 minutes 40 seconds West and Parallel to the said West line of the East 1320.00 feet of Section 29 for a distance of 800.00 feet; Thence North 89 degrees 41 minutes 20 seconds West and parallel to the said South line of the North 1320.00 feet, more or less, to the Centerline of a Tributary to CARPENTER'S CREEK AND POINT OF TERMINATION.

IT IS FURTHER AGREED that the Party of Second Part shall not construct or develop in such a manner that would burden the easement area with material additional drainage than the easement is burdened as of the execution of this Agreement. Any construction on the easement shall be approved by the Party of the First Part, which approval shall not be unreasonably withheld.

TO HAVE AND TO HOLD, said easement unto the Board of County Commissioners of Escambia County, Florida, and its successors and assigns, forever,

The Party of the First Part does hereby covenant with the Party of the Second Part that he is lawfully seized and possessed of the real property above described, that he has a good and lawful right to convey the same, or any part thereof, and that it is free from all encumbrances.

IN WITNESS WHEREOF; the Party of the First Party hereto has hereunto set this hand and seal the date first above written.

Signed, Sealed and Delivered

DRAINAGE EASEMENT
(Limited Liability Company)

THIS DRAINAGE EASEMENT made this 9th day of August, 2017, by and between Robins Ridge Development, LLC, a limited liability company organized under the laws of the State of Florida, whose mailing address is 120 East Main Street, Suite A, Pensacola, Florida 32502 (Grantor), and Escambia County, a political subdivision of the State of Florida, acting by and through its duly authorized Board of County Commissioners, whose mailing address is 221 Palafox Place, Pensacola, Florida 32502 (Grantee).

(Wherever used, the terms "Grantor" and "Grantee" shall include the singular and plural, masculine and feminine, heirs, legal representatives, successors and assigns.)

WITNESSETH

WHEREAS Grantee proposes to construct and/or maintain a drainage easement across real property located in Section 29, Township 1S, Range 30 West, Escambia County, Florida; and

WHEREAS, Grantor is the owner of the real property, over, across, and upon which Grantee proposes to construct and maintain said drainage easement;

NOW, THEREFORE, in consideration of One Dollar ($1.00), the promises contained herein and other good and valuable consideration, Grantor does hereby grant to Grantee, a permanent drainage easement over the real property described below for the purposes of constructing and/or maintaining a drainage easement, together with the right of ingress and egress over and across the drainage easement and the right to excavate, construct and maintain the drainage easement.

See attached Exhibit A

GRANTOR also hereby grants, bargains, conveys, transfers, dedicates, and delivers to Grantee the right to clear, keep clear, and remove from the drainage easement, all trees, undergrowth and other obstructions that may interfere with the location, excavation, operation or maintenance of the drainage easement or any structures installed thereon by Grantee. Notwithstanding the issuance of any permit to construct or erect any structure in the drainage easement, Grantor agrees not to build, construct or create or permit others to build, construct or create any building or other structure in the drainage easement that may interfere with the location, excavation, operation or maintenance of the drainage easement or any structures installed thereon. Easily

removable improvements, such as fences, may be constructed with the prior consent of Grantee.

In the event of any discrepancy between the actual location of drainage improvements and the legal description of the drainage easement, the actual location of drainage improvements shall control to the extent of such discrepancy and said legal description shall be deemed to have been modified, and the Grantor agrees to execute corrective instruments as may be required by Grantee.

GRANTOR does hereby covenant with Grantee that it is lawfully seized and possessed of the real property above described and that the easement is free from all encumbrances that would prohibit Grantee from using the easement for drainage, and Grantor hereby waives any right to compensation for Grantee's use of the drainage easement and an appraisal of the drainage easement unless otherwise provided for herein.

TO HAVE AND TO HOLD said drainage easement upon the said Grantee forever.

IN WITNESS WHEREOF, Grantor has hereunto set its hand and seal the date first above written.

SIGNED IN THE PRESENCE OF:

BCC Regular Meeting

Meeting Date: 03/05/2020

Issue: 5:35 p.m. Public Hearing Concerning Proposed Grant Application for Federal Transit Administration (FTA) 5307 Funding for Operating and Capital

From: TONYA ELLIS, Director, Mass Transit

Organization: Mass Transit

CAO Approval:

RECOMMENDATION:

5:35 p.m. Public Hearing for consideration of the Fiscal Year 2020 Proposed Grant Application for Mass Transit Projects

Recommendation: That the Board take the following action concerning the Fiscal Year 2020 Grant Application for Federal Transit Administration (FTA), Section 5307 Funds, for operating and capital expenses:

A. Conduct a Public Hearing for the purpose of receiving comments from the general public on the Grant Application by the Mass Transit Department, for $3,648,678 in Federal Assistance, for Operating and Capital expenses;

B. Approve, or amend and approve, the Grant Application after receiving comments at the Public Hearing;

C. Adopt the Resolution authorizing the Chairman to execute all appropriate documents for the processing and receipt of federal funds from the Federal Transit Administration; and

D. Authorize the Mass Transit Department Director to file the Grant Application via the Federal Transportation Award Management System (TrAMS).

NON-ADA COMPLIANT DOCUMENTS TO BE DISTRIBUTED UNDER SEPERATE COVER:

- **5307 Grant Application for Fiscal Year 2019/2020**

[The Grant Application is for a total of $3,648,678. Operating Assistance of $2,500,000 requires a local 50% match. Operating costs will be reimbursed at 50% up to the allowed maximum of $2,500,000. The local match is included in the Fiscal Year 2020 Budget. Preventive Maintenance, ADA Paratransit service, Baldwin County and Safety requires a 20% local match of $337,169.50. The 20% local Match is covered by Florida Toll Revenue Credits.]

BACKGROUND:

FTA guidelines require that all Applications for financial assistance from FTA be submitted after a public hearing is held for the purpose of receiving comments from the public concerning the Grant Program of Projects. Effective January 1, 2016, Grant Applications, Execution, and Grant Administration Progress Reports must be submitted electronically via the Transportation Award Management System (TrAMS).

The FTA publishes apportionments annually and have apportioned $3,582,564 to Escambia County for Fiscal Year 2020 . An additional $66,114 has been apportioned to Baldwin County. Mass Transit staff recommend that Escambia County Board of County Commissioners apply for these apportionments by approving this Application for the below Program of Projects:

BUDGET CATEGORY	DEFINITION / REASONING	PROJECT COST
Preventive Maintenance	Preventive Maintenance is defined as all maintenance costs related to vehicles and non-vehicles in relation to fixed route services and associated costs required to preserve or extend that functionality and serviceability of the asset in a cost effective manner.	**$681,209**
ADA Paratransit Service	A maximum of 10% of the grant amount is eligible for ADA reimbursement, these funds are used to offset payments made to the Paratransit Contractor.	**$364,868**
Operating Assistance	Operating Costs associated with Fixed Route service including Operator Salaries	**$2,500,000**
Safety	The FTA requires that grantees spend at least 1% of grant funds on Safety and Security measures.	**$36,487**
Transit Development Plan (TDP) Major Update	The Major TDP update is done in conjunction with the FL-AL TPO. Florida Rule 14-73 requires a major TDP update is submitted to FDOT every 5 years.	**$200,000**

Baldwin County	At the May 15,2014 BOCC regular meeting, the Board approved an MOA between Escambia County and Baldwin County for Escambia County to pass through Pensacola UZA Alabama funding apportioned from the FTA. Moving Ahead for Progress in the 21st Century Act (MAP-21) apportions the Pensacola UZA in Florida and the Pensacola UZA in Alabama	**$66,114**
Total		**$3,648,678**

BUDGETARY IMPACT:

The Grant Application is for a total of $3,648,678. Operating Assistance of $2,500,000 requires a local 50% match. Operating costs will be reimbursed at 50% up to the allowed maximum of $2,500,000. The local match is included in the Fiscal Year 2020 Budget. Preventive Maintenance, ADA Paratransit service, Baldwin County and Safety requires a 20% local match of $337,169.50. The 20% local Match is covered by Florida Toll Revenue Credits.

LEGAL CONSIDERATIONS/SIGN-OFF:

Kristin Hual, Senior Assistant County Administrator has reviewed as to form and legal sufficiency.

PERSONNEL:

No change in personnel results from this action.

POLICY/REQUIREMENT FOR BOARD ACTION:

This Recommendation is based on the Board of County Commissioners Comprehensive Plan - Mobility Element.

IMPLEMENTATION/COORDINATION:

Mass Transit staff will electronically file all required documentation, and will coordinate with FTA and FDOT for all necessary funding activities.

Resolution

RESOLUTION NUMBER R2020-___

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AUTHORIZING ESCAMBIA COUNTY TO APPLY FOR AND ACCEPT CERTAIN GRANT AWARDS MADE BY THE UNITED STATES DEPARTMENT OF TRANSPORTATION FOR FEDERAL TRANSPORTATION ASSISTANCE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to 49 U.S.C. §5307, the Secretary of Transportation of the U.S. Department of Transportation ("USDOT") is authorized to make urbanized area formula grants for capital projects, planning, job access and reverse commute projects, and operating costs of equipment and facilities for use in public transportation in an urbanized area with fewer than 200,000 individuals; and

WHEREAS, the recipient of an urbanized area formula grant from the USDOT shall be required to provide additional funds as the local matching share of net project costs; and

WHEREAS, the recipient of federal financial assistance from the USDOT shall comply with the requirements of Title VI of the Civil Rights Act of 1964 and 49 U.S.C. §5332 relating to nondiscrimination; and

WHEREAS, the recipient of such assistance shall also make a good faith effort to utilize minority business enterprises to the fullest extent possible in connection with grant funded projects and definite procedures shall be established and administered to ensure that minority businesses shall have the maximum feasible opportunity to compete for contracts when procuring construction contracts, supplies, equipment contracts, or consultants and other services.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA AS FOLLOWS:

Section 1. That the above stated recitals are true and correct and incorporated herein by reference.

Section 2. That the Chairman of the Escambia County Board of County Commissioners or the County Administrator is authorized to execute and file a grant application on behalf of Escambia County with the USDOT for aid in financing the planning and capital assistance program of projects and budget (FY20) pursuant to 49 U.S.C. §5307.

Section 3. That the County Administrator is authorized to execute and file with the grant application an assurance or any other document required by the USDOT effectuating the purpose of Title VI of the Civil Rights Act of 1964 and 49 U.S.C. §5332 relating to nondiscrimination.

Section 4. That the Mass Transit Director is authorized to file the grant application and any other documents required by the USDOT for the administration of this program of projects and budget (FY20) on behalf of Escambia County utilizing the Federal Transportation Award Management System (TrAMS).

Section 5. That the County Administrator is authorized to furnish such additional information as the USDOT may require in connection with the grant application for the planning and capital assistance program of projects and budget (FY20) on behalf of Escambia County.

Section 6. That the County Administrator is authorized to set forth and execute affirmative minority business enterprise policies in connection with the planning and capital assistance program of projects and budget (FY20) on behalf of Escambia County.

Section 7. That the Chairman of the Escambia County Board of County Commissioners is authorized to execute a grant agreement for aid in financing the planning and capital assistance program of projects and budget (FY20) on behalf of Escambia County.

Section 8. That this Resolution shall take effect immediately upon adoption by the Board of County Commissioners.

Escambia County, Florida

AI-17574 **Public Hearings 12.**
BCC Regular Meeting
Meeting Date: 03/05/2020
Issue: 5:36 p.m. Public Hearing to Consider an Ordinance Amending Volume I, Chapter 100, Article I, Sections 100-1 Through 100-6 Establishing the EPHRC
From: KRISTIN HUAL, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:

5:36 p.m. Public Hearing to Consider an Ordinance Amending Volume I, Chapter 100, Article I, Sections 100-1 through 100-6, Establishing the Escambia-Pensacola Human Relations Commission.

Recommendation: That the Board adopt an Ordinance amending Chapter 100, Article I, Sections 100-1 through 100-6, of the Escambia County Code of Ordinances establishing the Escambia-Pensacola Human Relations Commission.

BACKGROUND:

The Escambia-Pensacola Human Relations Commission was created by Interlocal Agreement by and between Escambia County, Florida and the City of Pensacola. The purpose of the EPHRC is to provide the community with local assistance to review and resolve employment and fair housing discrimination complaints and improve community relations for all persons in Escambia County.

On March 7, 2019, the Board enacted Ordinance 2019-13 to reestablish the EPHRC by Ordinance. The Ordinance defined the composition, duties, and powers of the Commission for the purpose of continuing to provide the community with local assistance to review and resolve employment and fair housing discrimination complaints and improve community relations in Escambia County.

The proposed Ordinance will serve to amend the previously enacted Ordinance to accurately reflect the current name of the Commission, clarify the stated purpose of the Commission, revise the terms for removal of a member, and revise the provisions relating to the Chairman's term of office.

BUDGETARY IMPACT:

N/A

LEGAL CONSIDERATIONS/SIGN-OFF:

The proposed Ordinance was drafted by Senior Assistant County Attorney, Kristin D. Hual, and advertised in the Pensacola News Journal on February 15, 2020.

ORDINANCE 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA AMENDING VOLUME I, CHAPTER 100, ARTICLE I, SECTIONS 100-1 – 100-3 AND 100-5 – 100-6 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO THE ESCAMBIA COUNTY HUMAN RELATIONS COMMISSION (FORMERLY THE ESCAMBIA-PENSACOLA HUMAN RELATIONS COMMISSION); AMENDING SECTIONS 100-1 AND 100-3 TO CLARIFY THE STATED PURPOSE OF THE COMMISSION; AMENDING SECTION 100-2 TO REVISE PROVISIONS RELATING TO REMOVAL AND OFFICERS; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, on March 7, 2019, the Board of County Commissioners enacted Ordinance 2019-13 to reestablish the Escambia-Pensacola Human Relations Commission for the purpose of continuing to provide the community with local assistance to review and resolve employment and fair housing discrimination complaints and improve community relations in Escambia County; and

WHEREAS, since the enactment of Ordinance 2019-13, the agency was renamed the Escambia County Human Relations Commission; and

WHEREAS, the Board of County Commissioners finds that Sections 100-1 through 100-3 and 100-5 through 100-6 require amendment to accurately reflect the current name of the Commission; and

WHEREAS, the Board of County Commissioners finds that Sections 100-1 and 100-3 require amendment to clarify the stated purpose of the Commission; and

WHEREAS, the Board of County Commissioners finds that Section 100-2 requires amendment to revise provisions relating to the removal of a member and the Chairman's term of office; and

WHEREAS, the Board further finds the proposed amendments to the Escambia County Code of Ordinances serve a compelling public purpose for the benefit of the citizens of Escambia County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. **Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.

Section 2. **Amendment.** Volume I, Chapter 100, Article I, Sections 100-1 through 100-3 and 100-5 through 100-6 of the Code of Ordinances of Escambia County, Florida are hereby amended as follows (words underlined are additions and words ~~stricken~~ are deletions):

ARTICLE I. – ESCAMBIA-~~PENSACOLA~~ COUNTY HUMAN RELATIONS COMMISSION

Sec. 100-1. – Establishment; Purpose of Commission.

The Escambia-~~Pensacola~~ County Human Relations Commission is hereby established for the

following purposes: 1) to provide local assistance to review and resolve employment discrimination complaints based upon race, color, religion, sex, pregnancy, national origin, age disability, or marital status, and fair housing discrimination complaints based upon race, color, religion, national origin, sex, disability, or familial status ~~and improve community relations for all persons in Escambia County regardless of race, color, national origin, age, disability, family or religious status~~; and 2) to improve community relations, which shall be defined as programs that promote or improve relations between races and ethnic groups in the community.

Sec. 100-2. – Membership; Terms of Office.

A. Composition- ~~Upon the effective date of this Ordinance~~ Commencing on October 1, 2019, and for two years thereafter, the Escambia ~~Pensacola~~ County Human Relations Commission shall be composed of nine (9) voting members:

One (1) member of the Escambia County Board of County Commissioners who is appointed by a majority vote of the Escambia County Board of County Commissioners to perform *ex officio* the functions of an additional office;

One (1) member of the City of Pensacola City Council who is appointed by a majority vote of the City of Pensacola City Council to perform *ex officio* the functions of an additional office;

Four (4) members appointed by the Escambia County Board of County Commissioners; and

Three (3) members appointed by the City of Pensacola.

Upon the expiration of the initial two-year term, the ~~Escambia Pensacola Human Relations~~ Commission shall be composed of seven (7) voting members:

Four (4) members appointed by the Escambia County Board of County Commissioners; and

Three (3) members appointed by the City of Pensacola.

B. Terms of Office- Upon the expiration of the initial two-year term, two members appointed by the Escambia County Board of County Commissioners and one member appointed by the City of Pensacola shall each serve a three-year term. The remaining two members appointed by the Escambia County Board of County Commissioners and two members appointed by the City of Pensacola shall each serve a two-year term. Thereafter, all Commissioners will serve two-year staggered terms. There will be no term limits for a member to serve on the Commission. All members of the Commission shall be electors of Escambia County.

C. Vacancies- In the event of a vacancy in any office of a Commissioner appointed by the County or City, the appointing authority will appoint a new Commissioner to serve the balance of the unexpired term. Upon the expiration of the term of office of any Commissioner, the appointing authority shall appoint a new Commissioner or reappoint the same Commissioner.

D. Removal- Members of the Commission may be removed by the appointing authority at any time. Additionally, the Commission may recommend to the relevant appointing authority the removal of a member who accrues ~~two (2) unexcused~~ three (3) absences from scheduled regular

DRAFT

meetings of the Commission during a calendar year (January-December). Absences may be excused by a majority vote of the members present at any meeting. ~~The Commission shall recommend to the relevant appointing authority the removal of a member who accrues three (3) or more absences, either excused or unexcused, from scheduled regular meetings of the Commission during a calendar year (January-December).~~

E. Officers-

1) Chairman. The ~~Escambia-Pensacola Human Relations~~ Commission shall elect a Chairman by a majority vote of the Commission to preside at all Commission meetings. The Chairman will ~~be elected at the first meeting in January of each year and~~ serve for a term of ~~one~~ two years ~~until the first meeting in January of the following year~~. ~~There shall be no term limits to serve as Chairman.~~

2) Vice Chairman. The ~~Escambia-Pensacola Human Relations~~ Commission shall elect a Vice Chairman by a majority vote of the Commission to preside and act on behalf of the Chairman in the Chairman's absence or incapacity.

F. Compensation- Commissioners will not receive any salary or compensation for services performed for the Commission.

Sec. 100-3. – Duties and Powers of the Commission.

The Escambia-~~Pensacola~~ County Human Relations Commission shall have the following duties and powers:

1) To maintain an office at a location within Escambia County;
2) To conduct regular meetings within Escambia County;
3) To accept gifts, bequests, grants, or other payments from public or private donors, for the purpose of carrying out the powers and duties enumerated herein;
4) To enter into contracts for the purpose of carrying out the powers and duties enumerated herein;
5) To adopt, amend, and rescind rules and regulations to effectuate the purposes and policies of the Commission;
6) To receive and evaluate grant applications and forward to the County Administrator for review prior to final submission;
7) To serve as the Fair Housing Board established pursuant to Chapter 58, Article IV, Sec. 58-91 – 58-103, Escambia County Code of Ordinances;
8) To receive or initiate complaints alleging employment discrimination or fair housing discrimination in Escambia County ~~on the basis of race, color, national origin, age, disability, family or religious status,~~ and provide recommendations to eliminate such discrimination;
9) To investigate complaints alleging employment or fair housing discrimination and conduct public hearings to determine the relevant facts concerning such complaints;
10) To refer complaints to the appropriate local, state, or federal agencies;
11) To recommend methods to eliminate employment or fair housing discrimination;
12) To conduct programs and activities that promote or improve relations between the public and law enforcement, between races and ethnic groups, or otherwise alleviate ethnic tension;
13) To promote equal opportunity in employment and housing in Escambia County;
14) To render an annual comprehensive written report to the Escambia County Board of County Commissioners concerning the operations of the Commission;

DRAFT

15) On or before May 1st, to submit a proposed budget for the upcoming fiscal year to the County Administrator;
16) On or before September 1st, to adopt and amend a line item budget for the upcoming fiscal year, including all estimated receipts, fund balances, and all estimated expenditures;
17) To maintain detailed records of all transactions relating to the operation of the Commission, including, but not limited to, financial and cost accounting data, and payroll administration records, and procurement and supply records;
18) To retain an independent auditor to perform an annual audit, which shall be included in the annual comprehensive written report;
19) To procure and maintain adequate insurance coverage, including workers' compensation, commercial general liability, business automobile and umbrella liability coverage;
20) To appoint an Executive Director who shall serve at the pleasure of the Commission.

Sec. 100-4. –Quorum; Voting.

During the initial two-year term, five (5) of the nine (9) Commission members shall constitute a quorum. Thereafter, four (4) of the seven (7) Commission members shall constitute a quorum. Each member shall exercise one vote for all matters subject to a vote of the Commission. All matters will be decided by a majority vote of the members present. No member may abstain from voting unless the member has a conflict of interest.

Sec. 100-5. –Meetings.

A. Meetings- The Escambia-~~Pensacola~~ County Human Relations Commission shall establish a schedule of regular meetings, which shall be held at least monthly. A schedule of each year's regular meeting dates shall be distributed to all Commission members in December of the preceding calendar year. Special meetings may also be scheduled as the Commission deems necessary or upon the request of the Chairman. The meetings of the Commission will be subject to the requirements of Florida's Government in the Sunshine Law and the Florida Public Records Act.

B. Rules of Procedure- All meetings will be conducted in accordance with the current edition of Robert's Rules of Order, except to the extent the provisions thereof are inconsistent with this Ordinance.

C. Records- Minutes shall be taken at all meetings of the Commission. The minutes of the previous meeting shall be submitted for approval to the Commission at the next scheduled regular meeting. The written summary of each meeting shall reflect the meeting date, time, and location, confirmation of public notice, persons in attendance, items discussed, and a record of any official action taken by the Commission during the meeting. The minutes will also record the vote of each member for each action and any member's absence or failure to vote.

Sec. 100-6. – Executive Director; Staff Liaison.

A. Executive Director- The Executive Director of the Escambia-~~Pensacola~~ County Human Relations Commission will be appointed by and serve at the pleasure of the Commission. The Executive Director and any staff will, at all times, remain the sole and exclusive employees or agents of the Commission and shall be paid by the Commission. The Executive Director will be responsible for the following duties:

1) Effectuating the purposes and policies of the Commission and assisting the

DRAFT

Commission with implementing the provisions of this Ordinance and all other applicable rules, regulations, or other Code provisions pertaining to employment and fair housing discrimination;

2) Concurrently serving as the Fair Housing Director as further described in Sec. 58-95 – 58-96, Escambia County Code of Ordinances;
3) Serving as the Secretary to the Commission and attending all Commission meetings;
4) Preparing, in consultation with the Chairman, the agenda for all Commission meetings;
5) Distributing the agenda for all Commission meetings at least one day prior to the scheduled meeting date;
6) Preparing and retaining the minutes of all Commission meetings.
7) Serving as the records custodian for the Commission;
8) Submitting a proposed annual budget and comprehensive written report to the Commission on or before April 1st of each fiscal year;
9) Monitoring all expenditures and administering the approved annual budget so as to maintain the operations of the Commission without incurring an operating deficit;
10) Ensuring compliance with the spending limitations imposed by the Commission's annual budget;
11) Managing and supervising all staff, including the authority to hire and discharge all staff employed by the Commission;
12) Ensuring compliance with all federal, state, and local laws and regulations relating to employment, including, but not limited to, wage rates, social security, unemployment insurance and workers' compensation insurance;
13) Maintaining a record of all current employees and a description of each job classification.

B. County Staff Liaison- The Division Manager of the Escambia County Neighborhood Enterprise Division will serve as the County's staff liaison to the Commission. The staff liaison will attend all meetings of the Commission and coordinate with the Executive Director to provide necessary support to carry out the purposes and objectives of the Commission.

Section 3. Severability. If any section, subsection, paragraph, sentence, clause, phrase, or portion of this Ordinance is for any reason found void, invalid, unlawful, or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, independent, and severable provision such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 4. Inclusion in the Code. It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code of Ordinances; and that the sections of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.

Section 5. Effective Date. This Ordinance shall become effective upon filing with the Department of State.

ORDINANCE 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA AMENDING VOLUME I, CHAPTER 100, ARTICLE I, SECTIONS 100-1 – 100-3 AND 100-5 – 100-6 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO THE ESCAMBIA COUNTY HUMAN RELATIONS COMMISSION (FORMERLY THE ESCAMBIA-PENSACOLA HUMAN RELATIONS COMMISSION); AMENDING SECTIONS 100-1 AND 100-3 TO CLARIFY THE STATED PURPOSE OF THE COMMISSION; AMENDING SECTION 100-2 TO REVISE PROVISIONS RELATING TO REMOVAL AND OFFICERS; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, on March 7, 2019, the Board of County Commissioners enacted Ordinance 2019-13 to reestablish the Escambia-Pensacola Human Relations Commission for the purpose of continuing to provide the community with local assistance to review and resolve employment and fair housing discrimination complaints and improve community relations in Escambia County; and

WHEREAS, since the enactment of Ordinance 2019-13, the agency was renamed the Escambia County Human Relations Commission; and

WHEREAS, the Board of County Commissioners finds that Sections 100-1 through 100-3 and 100-5 through 100-6 require amendment to accurately reflect the current name of the Commission; and

WHEREAS, the Board of County Commissioners finds that Sections 100-1 and 100-3 require amendment to clarify the stated purpose of the Commission; and

WHEREAS, the Board of County Commissioners finds that Section 100-2 requires amendment to revise provisions relating to the removal of a member and the Chairman's term of office; and

WHEREAS, the Board further finds the proposed amendments to the Escambia County Code of Ordinances serve a compelling public purpose for the benefit of the citizens of Escambia County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. **Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.

Section 2. **Amendment.** Volume I, Chapter 100, Article I, Sections 100-1 through 100-3 and 100-5 through 100-6 of the Code of Ordinances of Escambia County, Florida are hereby amended as follows (words underlined are additions and words ~~stricken~~ are deletions):

ARTICLE I. – ESCAMBIA-~~PENSACOLA~~ COUNTY HUMAN RELATIONS COMMISSION

Sec. 100-1. – Establishment; Purpose of Commission.

The Escambia-~~Pensacola~~ County Human Relations Commission is hereby established for the

following purposes: 1) to provide local assistance to review and resolve employment discrimination complaints based upon race, color, religion, sex, pregnancy, national origin, age disability, or marital status, and fair housing discrimination complaints based upon race, color, religion, national origin, sex, disability, or familial status ~~and improve community relations for all persons in Escambia County regardless of race, color, national origin, age, disability, family or religious status~~; and 2) to improve community relations, which shall be defined as programs that promote or improve relations between races and ethnic groups in the community.

Sec. 100-2. – Membership; Terms of Office.

A. Composition- ~~Upon the effective date of this Ordinance~~ Commencing on October 1, 2019, and for two years thereafter, the Escambia~~-Pensacola~~ County Human Relations Commission shall be composed of nine (9) voting members:

One (1) member of the Escambia County Board of County Commissioners who is appointed by a majority vote of the Escambia County Board of County Commissioners to perform *ex officio* the functions of an additional office;

One (1) member of the City of Pensacola City Council who is appointed by a majority vote of the City of Pensacola City Council to perform *ex officio* the functions of an additional office;

Four (4) members appointed by the Escambia County Board of County Commissioners; and

Three (3) members appointed by the City of Pensacola.

Upon the expiration of the initial two-year term, the ~~Escambia-Pensacola Human Relations~~ Commission shall be composed of seven (7) voting members:

Four (4) members appointed by the Escambia County Board of County Commissioners; and

Three (3) members appointed by the City of Pensacola.

B. Terms of Office- Upon the expiration of the initial two-year term, two members appointed by the Escambia County Board of County Commissioners and one member appointed by the City of Pensacola shall each serve a three-year term. The remaining two members appointed by the Escambia County Board of County Commissioners and two members appointed by the City of Pensacola shall each serve a two-year term. Thereafter, all Commissioners will serve two-year staggered terms. There will be no term limits for a member to serve on the Commission. All members of the Commission shall be electors of Escambia County.

C. Vacancies- In the event of a vacancy in any office of a Commissioner appointed by the County or City, the appointing authority will appoint a new Commissioner to serve the balance of the unexpired term. Upon the expiration of the term of office of any Commissioner, the appointing authority shall appoint a new Commissioner or reappoint the same Commissioner.

D. Removal- Members of the Commission may be removed by the appointing authority at any time. Additionally, the Commission may recommend to the relevant appointing authority the removal of a member who accrues ~~two (2) unexcused~~ three (3) absences from scheduled regular

meetings of the Commission during a calendar year (January-December). Absences may be excused by a majority vote of the members present at any meeting. ~~The Commission shall recommend to the relevant appointing authority the removal of a member who accrues three (3) or more absences, either excused or unexcused, from scheduled regular meetings of the Commission during a calendar year (January-December).~~

E. Officers-

1) Chairman. The ~~Escambia-Pensacola Human Relations~~ Commission shall elect a Chairman by a majority vote of the Commission to preside at all Commission meetings. The Chairman will ~~be elected at the first meeting in January of each year and~~ serve for a term of ~~one~~ two years ~~until the first meeting in January of the following year~~. ~~There shall be no term limits to serve as Chairman.~~

2) Vice Chairman. The ~~Escambia-Pensacola Human Relations~~ Commission shall elect a Vice Chairman by a majority vote of the Commission to preside and act on behalf of the Chairman in the Chairman's absence or incapacity.

F. Compensation- Commissioners will not receive any salary or compensation for services performed for the Commission.

Sec. 100-3. – Duties and Powers of the Commission.

The Escambia-~~Pensacola~~ County Human Relations Commission shall have the following duties and powers:

1) To maintain an office at a location within Escambia County;
2) To conduct regular meetings within Escambia County;
3) To accept gifts, bequests, grants, or other payments from public or private donors, for the purpose of carrying out the powers and duties enumerated herein;
4) To enter into contracts for the purpose of carrying out the powers and duties enumerated herein;
5) To adopt, amend, and rescind rules and regulations to effectuate the purposes and policies of the Commission;
6) To receive and evaluate grant applications and forward to the County Administrator for review prior to final submission;
7) To serve as the Fair Housing Board established pursuant to Chapter 58, Article IV, Sec. 58-91 – 58-103, Escambia County Code of Ordinances;
8) To receive or initiate complaints alleging employment discrimination or fair housing discrimination in Escambia County ~~on the basis of race, color, national origin, age, disability, family or religious status,~~ and provide recommendations to eliminate such discrimination;
9) To investigate complaints alleging employment or fair housing discrimination and conduct public hearings to determine the relevant facts concerning such complaints;
10) To refer complaints to the appropriate local, state, or federal agencies;
11) To recommend methods to eliminate employment or fair housing discrimination;
12) To conduct programs and activities that promote or improve relations between the public and law enforcement, between races and ethnic groups, or otherwise alleviate ethnic tension;
13) To promote equal opportunity in employment and housing in Escambia County;
14) To render an annual comprehensive written report to the Escambia County Board of County Commissioners concerning the operations of the Commission;

15) On or before May 1st, to submit a proposed budget for the upcoming fiscal year to the County Administrator;
16) On or before September 1st, to adopt and amend a line item budget for the upcoming fiscal year, including all estimated receipts, fund balances, and all estimated expenditures;
17) To maintain detailed records of all transactions relating to the operation of the Commission, including, but not limited to, financial and cost accounting data, and payroll administration records, and procurement and supply records;
18) To retain an independent auditor to perform an annual audit, which shall be included in the annual comprehensive written report;
19) To procure and maintain adequate insurance coverage, including workers' compensation, commercial general liability, business automobile and umbrella liability coverage;
20) To appoint an Executive Director who shall serve at the pleasure of the Commission.

Sec. 100-4. –Quorum; Voting.

During the initial two-year term, five (5) of the nine (9) Commission members shall constitute a quorum. Thereafter, four (4) of the seven (7) Commission members shall constitute a quorum. Each member shall exercise one vote for all matters subject to a vote of the Commission. All matters will be decided by a majority vote of the members present. No member may abstain from voting unless the member has a conflict of interest.

Sec. 100-5. –Meetings.

A. Meetings- The Escambia-~~Pensacola~~ County Human Relations Commission shall establish a schedule of regular meetings, which shall be held at least monthly. A schedule of each year's regular meeting dates shall be distributed to all Commission members in December of the preceding calendar year. Special meetings may also be scheduled as the Commission deems necessary or upon the request of the Chairman. The meetings of the Commission will be subject to the requirements of Florida's Government in the Sunshine Law and the Florida Public Records Act.

B. Rules of Procedure- All meetings will be conducted in accordance with the current edition of Robert's Rules of Order, except to the extent the provisions thereof are inconsistent with this Ordinance.

C. Records- Minutes shall be taken at all meetings of the Commission. The minutes of the previous meeting shall be submitted for approval to the Commission at the next scheduled regular meeting. The written summary of each meeting shall reflect the meeting date, time, and location, confirmation of public notice, persons in attendance, items discussed, and a record of any official action taken by the Commission during the meeting. The minutes will also record the vote of each member for each action and any member's absence or failure to vote.

Sec. 100-6. – Executive Director; Staff Liaison.

A. Executive Director- The Executive Director of the Escambia-~~Pensacola~~ County Human Relations Commission will be appointed by and serve at the pleasure of the Commission. The Executive Director and any staff will, at all times, remain the sole and exclusive employees or agents of the Commission and shall be paid by the Commission. The Executive Director will be responsible for the following duties:

1) Effectuating the purposes and policies of the Commission and assisting the

Commission with implementing the provisions of this Ordinance and all other applicable rules, regulations, or other Code provisions pertaining to employment and fair housing discrimination;

2) Concurrently serving as the Fair Housing Director as further described in Sec. 58-95 – 58-96, Escambia County Code of Ordinances;
3) Serving as the Secretary to the Commission and attending all Commission meetings;
4) Preparing, in consultation with the Chairman, the agenda for all Commission meetings;
5) Distributing the agenda for all Commission meetings at least one day prior to the scheduled meeting date;
6) Preparing and retaining the minutes of all Commission meetings.
7) Serving as the records custodian for the Commission;
8) Submitting a proposed annual budget and comprehensive written report to the Commission on or before April 1st of each fiscal year;
9) Monitoring all expenditures and administering the approved annual budget so as to maintain the operations of the Commission without incurring an operating deficit;
10) Ensuring compliance with the spending limitations imposed by the Commission's annual budget;
11) Managing and supervising all staff, including the authority to hire and discharge all staff employed by the Commission;
12) Ensuring compliance with all federal, state, and local laws and regulations relating to employment, including, but not limited to, wage rates, social security, unemployment insurance and workers' compensation insurance;
13) Maintaining a record of all current employees and a description of each job classification.

B. County Staff Liaison- The Division Manager of the Escambia County Neighborhood Enterprise Division will serve as the County's staff liaison to the Commission. The staff liaison will attend all meetings of the Commission and coordinate with the Executive Director to provide necessary support to carry out the purposes and objectives of the Commission.

Section 3. Severability. If any section, subsection, paragraph, sentence, clause, phrase, or portion of this Ordinance is for any reason found void, invalid, unlawful, or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, independent, and severable provision such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 4. Inclusion in the Code. It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code of Ordinances; and that the sections of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.

Section 5. Effective Date. This Ordinance shall become effective upon filing with the Department of State.

NOTICE OF INTENT TO ADOPT
A COUNTY ORDINANCE

NOTICE IS HEREBY GIVEN of the intention of the Board of County Commissioners of Escambia County, Florida at a public hearing to be held on March 5, 2020 at 5:36 p.m. in the BCC Meeting Room, Ernie Lee Magaha Government Building, 221 Palafox Place, First Floor, to consider the adoption of the following ordinance:
AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA AMENDING VOLUME I, CHAPTER 100, ARTICLE I, SECTIONS 100-1 - 100-3 AND 100-5 - 100-6 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO THE ESCAMBIA COUNTY HUMAN RELATIONS COMMISSION (FORMERLY THE ESCAMBIA-PENSACOLA HUMAN RELATIONS COMMISSION); AMENDING SECTIONS 100-1 AND 100-3 TO CLARIFY THE STATED PURPOSE OF THE COMMISSION; AMENDING SECTION 100-2 TO REVISE PROVISIONS RELATING TO REMOVAL AND OFFICERS; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

Any interested party may appear at the public hearing and be heard regarding the proposed ordinance. A draft of the proposed ordinance is available for review at the Ernie Lee Magaha Government Building, Deputy Clerk's Office, 221 Palafox Place, Suite 110.
Please note any person who decides to appeal any decision made with respect to any matter considered at the public hearing will need a record of the proceedings of the meeting. Since the Board of County Commissioners does not make verbatim records of its meetings, such person may need to independently secure a record, which should include the testimony or evidence on which the appeal is to be based. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in the public hearing should contact Sharon Pitts, County Administration (850) 595-4900 at least seven days prior to the date of hearing.

BCC Regular Meeting
Meeting Date: 03/05/2020
Issue: 5:37 p.m. Public Hearing to Consider an Ordinance Amending Volume I, Chapter 58, Article IV, Sections 58-95 and 58-97
From: KRISTIN HUAL, Senior Assistant County Attorney
Organization: County Attorney's Office
CAO Approval:

RECOMMENDATION:
5:37 p.m. Public Hearing to Consider an Ordinance Amending Volume I, Chapter 58, Article IV, Sections 58-95 and 58-97, Relating to Fair Housing.

Recommendation: That the Board adopt an Ordinance amending Chapter 58, Article IV, Sections 58-95 and 58-97, relating to Fair Housing to accurately reflect the current name of the Commission that is vested with the authority to act as the Fair Housing Board.

BACKGROUND:
On March 7, 2019, the Board enacted Ordinance 2019-13 to reestablish the Escambia-Pensacola Human Relations Commission by Ordinance. Thereafter, the agency was renamed the Escambia County Human Relations Commission. The proposed ordinance will serve to amend Sections 58-95 and 58-97 relating to Fair Housing to accurately reflect the current name of the Commission that is vested with the authority to act as the Fair Housing Board.

ORDINANCE 2020-_____

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA AMENDING VOLUME I, CHAPTER 58, ARTICLE IV, SECTIONS 58-95 and 58-97 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO THE ESCAMBIA COUNTY HUMAN RELATIONS COMMISSION (FORMERLY THE ESCAMBIA-PENSACOLA HUMAN RELATIONS COMMISSION) ACTING AS THE FAIR HOUSING BOARD; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners reestablished the Escambia-Pensacola Human Relations Commission by ordinance, and the agency was subsequently renamed the Escambia County Human Relations Commission; and

WHEREAS, the Board of County Commissioners finds that Sections 58-95 and 58-97 require amendment to accurately reflect the current name of the Commission that is vested with the authority to act as the Fair Housing Board; and

WHEREAS, the Board further finds the proposed amendments to the Escambia County Code of Ordinances serve a compelling public purpose for the benefit of the citizens of Escambia County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. **Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.

Section 2. **Amendment.** Volume I, Chapter 58, Article IV, Sections 58-95 and 58-97 of the Code of Ordinances of Escambia County, Florida are hereby amended as follows (words underlined are additions and words ~~stricken~~ are deletions):

Sec. 58-95. – Fair Housing Director --- Appointment.

(a) The fair housing director shall be appointed by and serve at the will of the Escambia~~-Pensacola~~ County Human Relations Commission~~,~~ and shall be chosen on the basis of qualifications and experience.

(b) The fair housing director shall serve under the supervision of the Escambia~~-Pensacola~~ County Human Relations Commission. This office shall be funded annually with community development block grant funds as approved by the board of county commissioners.

Sec. 58-97. – Fair Housing Board --- Appointment.

The Escambia~~-Pensacola~~ County Human Relations Commission is hereby vested with the authority to act as the fair housing board. The qualifications of members, terms of office, organization of the fair housing board and meetings of the board will coincide with those of the Escambia~~-Pensacola~~ County Human Relations Commission.

Section 3. **Severability.** If any section, subsection, paragraph, sentence, clause, phrase, or portion of this Ordinance is for any reason found void, invalid, unlawful, or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, independent,

DRAFT

and severable provision such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 4. **Inclusion in the Code.** It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code of Ordinances; and that the sections of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.

Section 5. **Effective Date.** This Ordinance shall become effective upon filing with the Department of State.

WHEREAS, the Board further finds the proposed amendments to the Escambia County Code of Ordinances serve a compelling public purpose for the benefit of the citizens of Escambia County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ESCAMBIA COUNTY, FLORIDA:

Section 1. **Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.

Section 2. **Amendment.** Volume I, Chapter 58, Article IV, Sections 58-95 and 58-97 of the Code of Ordinances of Escambia County, Florida are hereby amended as follows (words underlined are additions and words ~~stricken~~ are deletions):

Sec. 58-95. – Fair Housing Director --- Appointment.

(a) The fair housing director shall be appointed by and serve at the will of the Escambia~~-Pensacola~~ County Human Relations Commission~~,~~ and shall be chosen on the basis of qualifications and experience.

(b) The fair housing director shall serve under the supervision of the Escambia~~-Pensacola~~ County Human Relations Commission. This office shall be funded annually with community development block grant funds as approved by the board of county commissioners.

Sec. 58-97. – Fair Housing Board --- Appointment.
The Escambia~~-Pensacola~~ County Human Relations Commission is hereby vested with the authority to act as the fair housing board. The qualifications of members, terms of office, organization of the fair housing board and meetings of the board will coincide with those of the Escambia~~-Pensacola~~ County Human Relations Commission.

Section 3. **Severability.** If any section, subsection, paragraph, sentence, clause, phrase, or portion of this Ordinance is for any reason found void, invalid, unlawful, or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, independent,

and severable provision such holding shall not affect the validity of the remaining portions of this Ordinance.

Section 4. **Inclusion in the Code.** It is the intention of the Board of County Commissioners that the provisions of this Ordinance shall become and be made a part of the Escambia County Code of Ordinances; and that the sections of this Ordinance may be renumbered or re-lettered and the word "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.

Section 5. **Effective Date.** This Ordinance shall become effective upon filing with the Department of State.

DONE AND ENACTED this ___ day of _____ 2020.

NOTICE OF INTENT TO ADOPT A COUNTY ORDINANCE

NOTICE IS HEREBY GIVEN of the intention of the Board of County Commissioners of Escambia County, Florida at a public hearing to be held on March 5, 2020 at 5:32 p.m. in the BCC Meeting Room, Ernie Lee Magaha Government Building, 221 Palafox Place, First Floor, to consider the adoption of the following ordinance:

AN ORDINANCE OF ESCAMBIA COUNTY, FLORIDA AMENDING VOLUME I, CHAPTER 58, ARTICLE IV, SECTIONS 58-95 and 58-97 OF THE ESCAMBIA COUNTY CODE OF ORDINANCES RELATING TO THE ESCAMBIA COUNTY HUMAN RELATIONS COMMISSION (FORMERLY THE ESCAMBIA-PENSACOLA HUMAN RELATIONS COMMISSION) ACTING AS THE FAIR HOUSING BOARD; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE.

Any interested party may appear at the public hearing and be heard regarding the proposed ordinance. A draft of the proposed ordinance is available for review at the Ernie Lee Magaha Government Building, Deputy Clerk's Office, 221 Palafox Place, Suite 110.

Please note any person who decides to appeal any decision made with respect to any matter considered at the public hearing will need a record of the proceedings of the meeting. Since the Board of County Commissioners does not make verbatim records of its meetings, such person may need to independently secure a record, which should include the testimony or evidence on which the appeal is to be based. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in the public hearing should contact Sharon Pitts, County Administration (850) 595-4900 at least seven days prior to the date of hearing.

Pam Childers
Clerk of the Circuit Court and Comptroller, Escambia County

Clerk of Courts • County Comptroller • Clerk of the Board of County Commissioners • Recorder • Auditor

February 10, 2020

To the Honorable Members of the
Board of County Commissioners and
Citizens of Escambia County, Florida

Florida Statutes require that all general-purpose local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP), and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby submit the Comprehensive Annual Financial Report (CAFR) of the County of Escambia (County), Florida for the fiscal year ended September 30, 2019 which fulfills this requirement.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report. To provide a reasonable basis for making these representations, the County has established a comprehensive framework of internal control designed both to protect the government's assets from unauthorized use or disposition, loss or theft, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by an independent firm of certified public accountants, Warren Averett CPAs and Advisors. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2019, are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

The independent audit firm of Warren Averett CPAs and Advisors has issued an unmodified ("clean") opinion on the Escambia County, Florida financial statements for the year ended September 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

The independent audit of the financial statements of the County was also designed to meet the requirements of the Office of Management and Budget (OMB) Single Audit Act; and the requirements of the Code of Federal Regulations Subpart F of 2 C.F.R. part 200 (Uniform Guidance). The standards governing single audit engagements require the independent auditor to report on the government's internal controls and compliance with legal requirements with special emphasis on the administration of federal awards and state financial assistance. These reports are in the compliance section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). The MD&A complements this Letter of Transmittal and the two should be read in conjunction with each other. Escambia County's MD&A can be found immediately following the Independent Auditors' Report.

Profile of the County of Escambia, Florida

Escambia County, located in the northwestern part of the state, was established July 21, 1821 as a non-charter government when the Provisional Governor Andrew Jackson signed an ordinance making the County one of the first two counties in Florida, the other being St. Johns County. Escambia County encompasses approximately 661 square miles with 64,000 acres of water area and serves a population of approximately 315,543. There are two municipalities within the County, the City of Pensacola, the County seat, and the Town of Century which is located 38 miles from the County seat.

Escambia County is a political subdivision of the State of Florida. As such, it is governed by and derives its operating authority from the constitution and laws of the State of Florida. The County operates under a commission/administrator form of government, with a governing board consisting of five elected County Commissioners who are elected by district to staggered four-year terms. The Chairman presides over the Board and the chair is rotated annually in sequential order by district. In addition to the Board of County Commissioners, there are five elected constitutional officers performing specifically designated governmental functions: The Clerk of the Circuit Court and Comptroller (Clerk), Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector.

The Clerk serves the function of "Clerk to the Board" for County Commissioners. The Clerk also performs the duties of auditor, accountant, recorder and custodian of County funds. Such duties are set forth in the Florida Constitution.

The financial reporting entity (the County) includes all the funds of the primary government (Escambia County Board of County Commissioners) as well as its component unit. Component unit are legally separate entities for which the primary government is financially accountable. The County provides a full range of services including fire protection, emergency medical services, county jail and detention facilities, planning and zoning, solid waste disposal, construction and maintenance of highways, streets, and other infrastructure, mass transportation services, conservation and resource management, cultural and recreational programs, library, tourism and economic development.

Although legally separate entities, the general funds of the Clerk, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector are included as a General Fund component of the County.

The Santa Rosa Island Authority (SRIA) is reported separately as discrete component unit within Escambia County's financial statements. SRIA operations include management services and leasing activities for County owned property on Santa Rosa Island. For additional information on Escambia County's Component Unit, please refer to the Notes Section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

Escambia County is located in Florida's Panhandle, along the emerald shores of the Gulf Coast, wherein the tourism sector employs approximately 25,600 in the leisure and hospitality industry with accommodations and food services representing 13% of the area workforce. The largest major industry sector is health care and social assistance with 18.0% of the area workforce. There are four major hospitals located in Escambia County, all of which have surgical centers; Baptist Hospital, West Florida Regional Medical Center, Navy Hospital and Sacred Heart Hospital. There are approximately 23,400 employed in health care and other health related services.

The military is another large factor in the area's economy. Navy and Air Force expenditures, including construction, have historically accounted for nearly half the total payroll in the Pensacola metro area. Navy installations include Pensacola Naval Air Station, Saufley Field and Corry Station. Whiting Field is located in Milton Florida, about 30 miles northeast of Pensacola. In neighboring Okaloosa County, Eglin Air Force Base and Hurlburt Field have an impact on the local economy as well as serving as magnets for high-tech businesses.

Escambia County has several commercial/industrial parks. The County's commerce parks consist of Central and Heritage Oaks, as well as the downtown Technology Park. The properties in the Central Commerce Park and the downtown Technology Park are being marketed in partnership with the Greater Pensacola Chamber of Commerce. This will allow the County to reach a wider audience for promoting economic development and attracting new businesses to the area. The goal of the technology campus is to serve as a location for innovation-based businesses.

The Heritage Oaks Commerce Park, home to Navy Federal Credit Union, continues to stimulate growth in the local economy by increasing job creation and expanding operations in the area. Navy Federal Credit Union continues to add jobs bringing its regional employment to 7,614 employees. Continued expansion at the Pensacola campus will include facilities and parking for additional employees. The total number of jobs is expected to increase to 10,000 by the year 2026.

Escambia County's unemployment rate has remained unchanged at 3.0% from the previous year. This 3.0% rate follows seven years of declining unemployment rates.

Long-term Financial Planning and Major Initiatives

Unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) in the general fund at year end exceeded 2 months of operating expenditures and transfers out. This amount is favorable based on the policy guidelines set by the County for budgetary and planning purposes.

The adopted budget is developed around the framework set by the County's strategic planning initiative. The primary themes of the strategic initiative are to improve customer service, restore public trust and confidence, economic development, maintenance of infrastructure, and fiscal responsibility.

Process improvement is key to improving customer service. We continue to promote and adopt and review process improvements to determine ways to improve them. The County's website www.myescambia.com contains many updates for greater utility, transparency and accessibility by citizens. The "Ask My Escambia" citizen's information portal will be replaced during the next fiscal year with "My Government Online". This will allow questions on a variety of subjects with quick responses. The County continues this positive trend into the future.

The County's commitment to customer service and quality is promoted by the continuation of equipping County vehicles with tracking systems, and continuation of the fraud abuse hotline initiatives which will provide continuous tracking and reporting, allowing employees and citizens to have more involvement in their government.

A long term goal of the County is to foster economic growth and development. The County uses Tax Increment Financing (TIF) Districts to fund a variety of Community Redevelopment Areas (CRA) in the County. For the upcoming fiscal year, the TIF rate

was maintained at 75% while budgeted districts increased from 20 to 22. These funds are used to pay for infrastructure improvements, neighborhood programs, and safety initiatives, and street lighting in these districts.

With tourism as a major part of the economy, newer and more up-to-date hotel/motel facilities have led to increasing revenue streams over $12 million annually in bed tax collections. Additional funding is expected from grant revenues associated with the Restore Act, Natural Resource Damage Assessment (NRDA), and the National Fish and Wildlife Federation (NFWF), to provide future revenue sources for environmental, economic, and tourism related activities. There is potential for $162 million in direct and indirect future revenue for Escambia County as projects are submitted and approved.

The RESTORE Act established the Gulf Coast Restoration Trust Fund in the U.S. Department of Treasury to account for civil penalties paid under the Federal Water Pollution Control Act in connection with the Deepwater Horizon oil spill. Grants will be used for programs, projects, and activities which restore and protect the environment and the economy of the Gulf Coast region. Escambia County's RESTORE Act Direct Component calculated proportion, which is cumulative through 2031, is estimated at $70.6 million. The Board of County Commissioners are expected to approve the first amendment to the multi-year implementation plan in the first quarter of 2020. This plan includes eight new projects and three project revisions. The Florida Department of Transportation is also expected to finalize the design of the Perdido Key multi-use path.

The County land swap with the United States Navy was approved for design of an additional commerce park to grow the local economy. The property is geographically close to Navy Federal Credit Union and is a prime location for economic growth with close access to Interstate 10. This new development is currently in the master planning stages and expected to be approved in the fiscal year 2020.

Between 2008 and 2020, the County will have invested more than $474 million in infrastructure with the current and fourth allocation of the One Cent Local Option Sales Tax (LOST). At its conclusion, the County is expected to invest $951 million in infrastructure. The citizens of Escambia voted to extend the one-cent local option sales tax for infrastructure. This is the fourth time the citizens have approved levying this tax; a 10 year extension was approved by public referendum; extending the tax to December 2028. The proceeds from this tax will make large investments in construction of new libraries, road construction, dirt road paving, drainage improvements and vehicle replacement for EMS, Fire and the Sheriffs' office.

Approximately $50.4 million of future LOST proceeds will be used towards the construction of the new Escambia County Jail Facility, with an expected completion date of summer 2020. The new Beulah library facility is also expected to come online during the next fiscal year.

The fiscal year 2020 adopted budget increased by $16 million over the prior year to $493.4 million. While the total direct millage rate for property tax remained unchanged

at 7.661 mills, property values increased an average of 8.0% over the prior year for both the County-wide and unincorporated areas of Escambia County.

The long term goal is to promote fiscal responsibility and cost effectiveness by identifying service level changes needed within the County. Efforts are on-going with regard to maintaining a cohesive service driven organizational structure, and to mobilize and peruse strategies capitalizing on the use of all available revenue sources, particularly in identifying an implementing alternative funding sources.

Relevant Financial Policies

The County has established a fund balance policy in accordance with GASB Statement No. 54 *"Fund Balance Reporting and Governmental Fund Type Definitions"*. The adopted policy outlines the County's goal to maintain an unrestricted general fund balance of at least 2 months of regular operating expenditures and transfers out to mitigate risks of either natural or man-made disasters and to provide for revenue shortfalls.

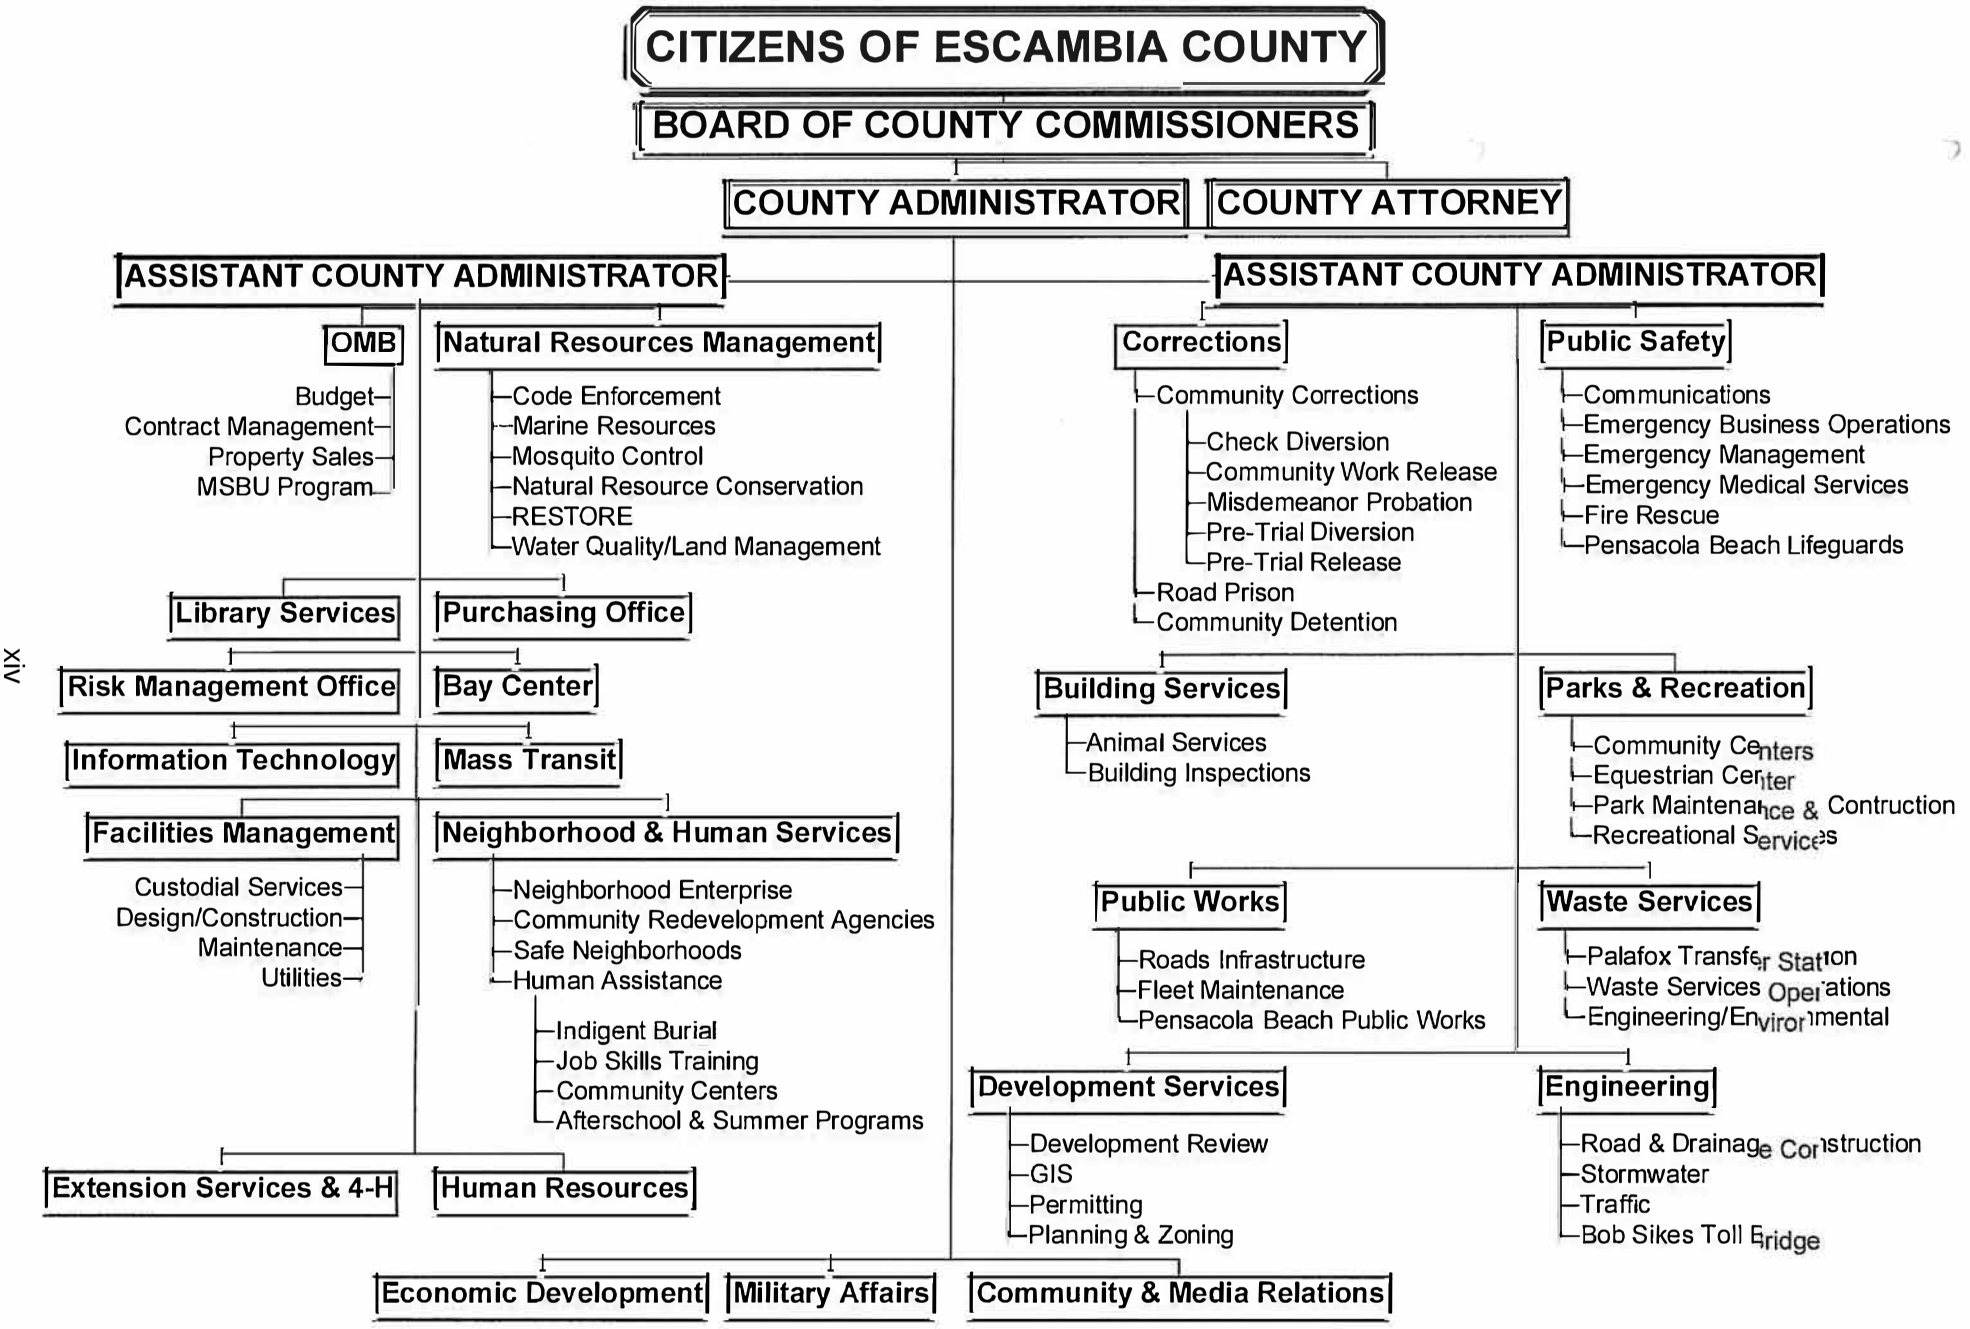
The County is in the fourth year of implementation for GASB Statement No 68 "*Accounting and Financial Reporting for Pensions"* and GASB Statement No 71 "*Pension Transition for Contributions Made Subsequent to the Measurement Date"* to recognize its unfunded portion of the statewide plan as a liability. The County provides pension benefits for all employees through a statewide plan managed by the Florida Department of Management Services, Division of Retirement. The statewide plan is a contributory plan. While a liability has been recorded in accordance with GASB requirements, the County currently has no obligation in connection with employee pension benefits offered through this plan beyond its monthly payments to the Division of Retirement.

The County has implemented GASB Statement No 75 "*Accounting and Financial Reporting for Postemployment Benefits Other Than Pension"* to recognize its unfunded liability. The County provides postemployment benefits at the same rate as active participants. While a liability has been recorded in accordance with GASB requirements, there is no requirement for a funded plan. All approved benefits are budgeted and paid when due.

Awards and Acknowledgements

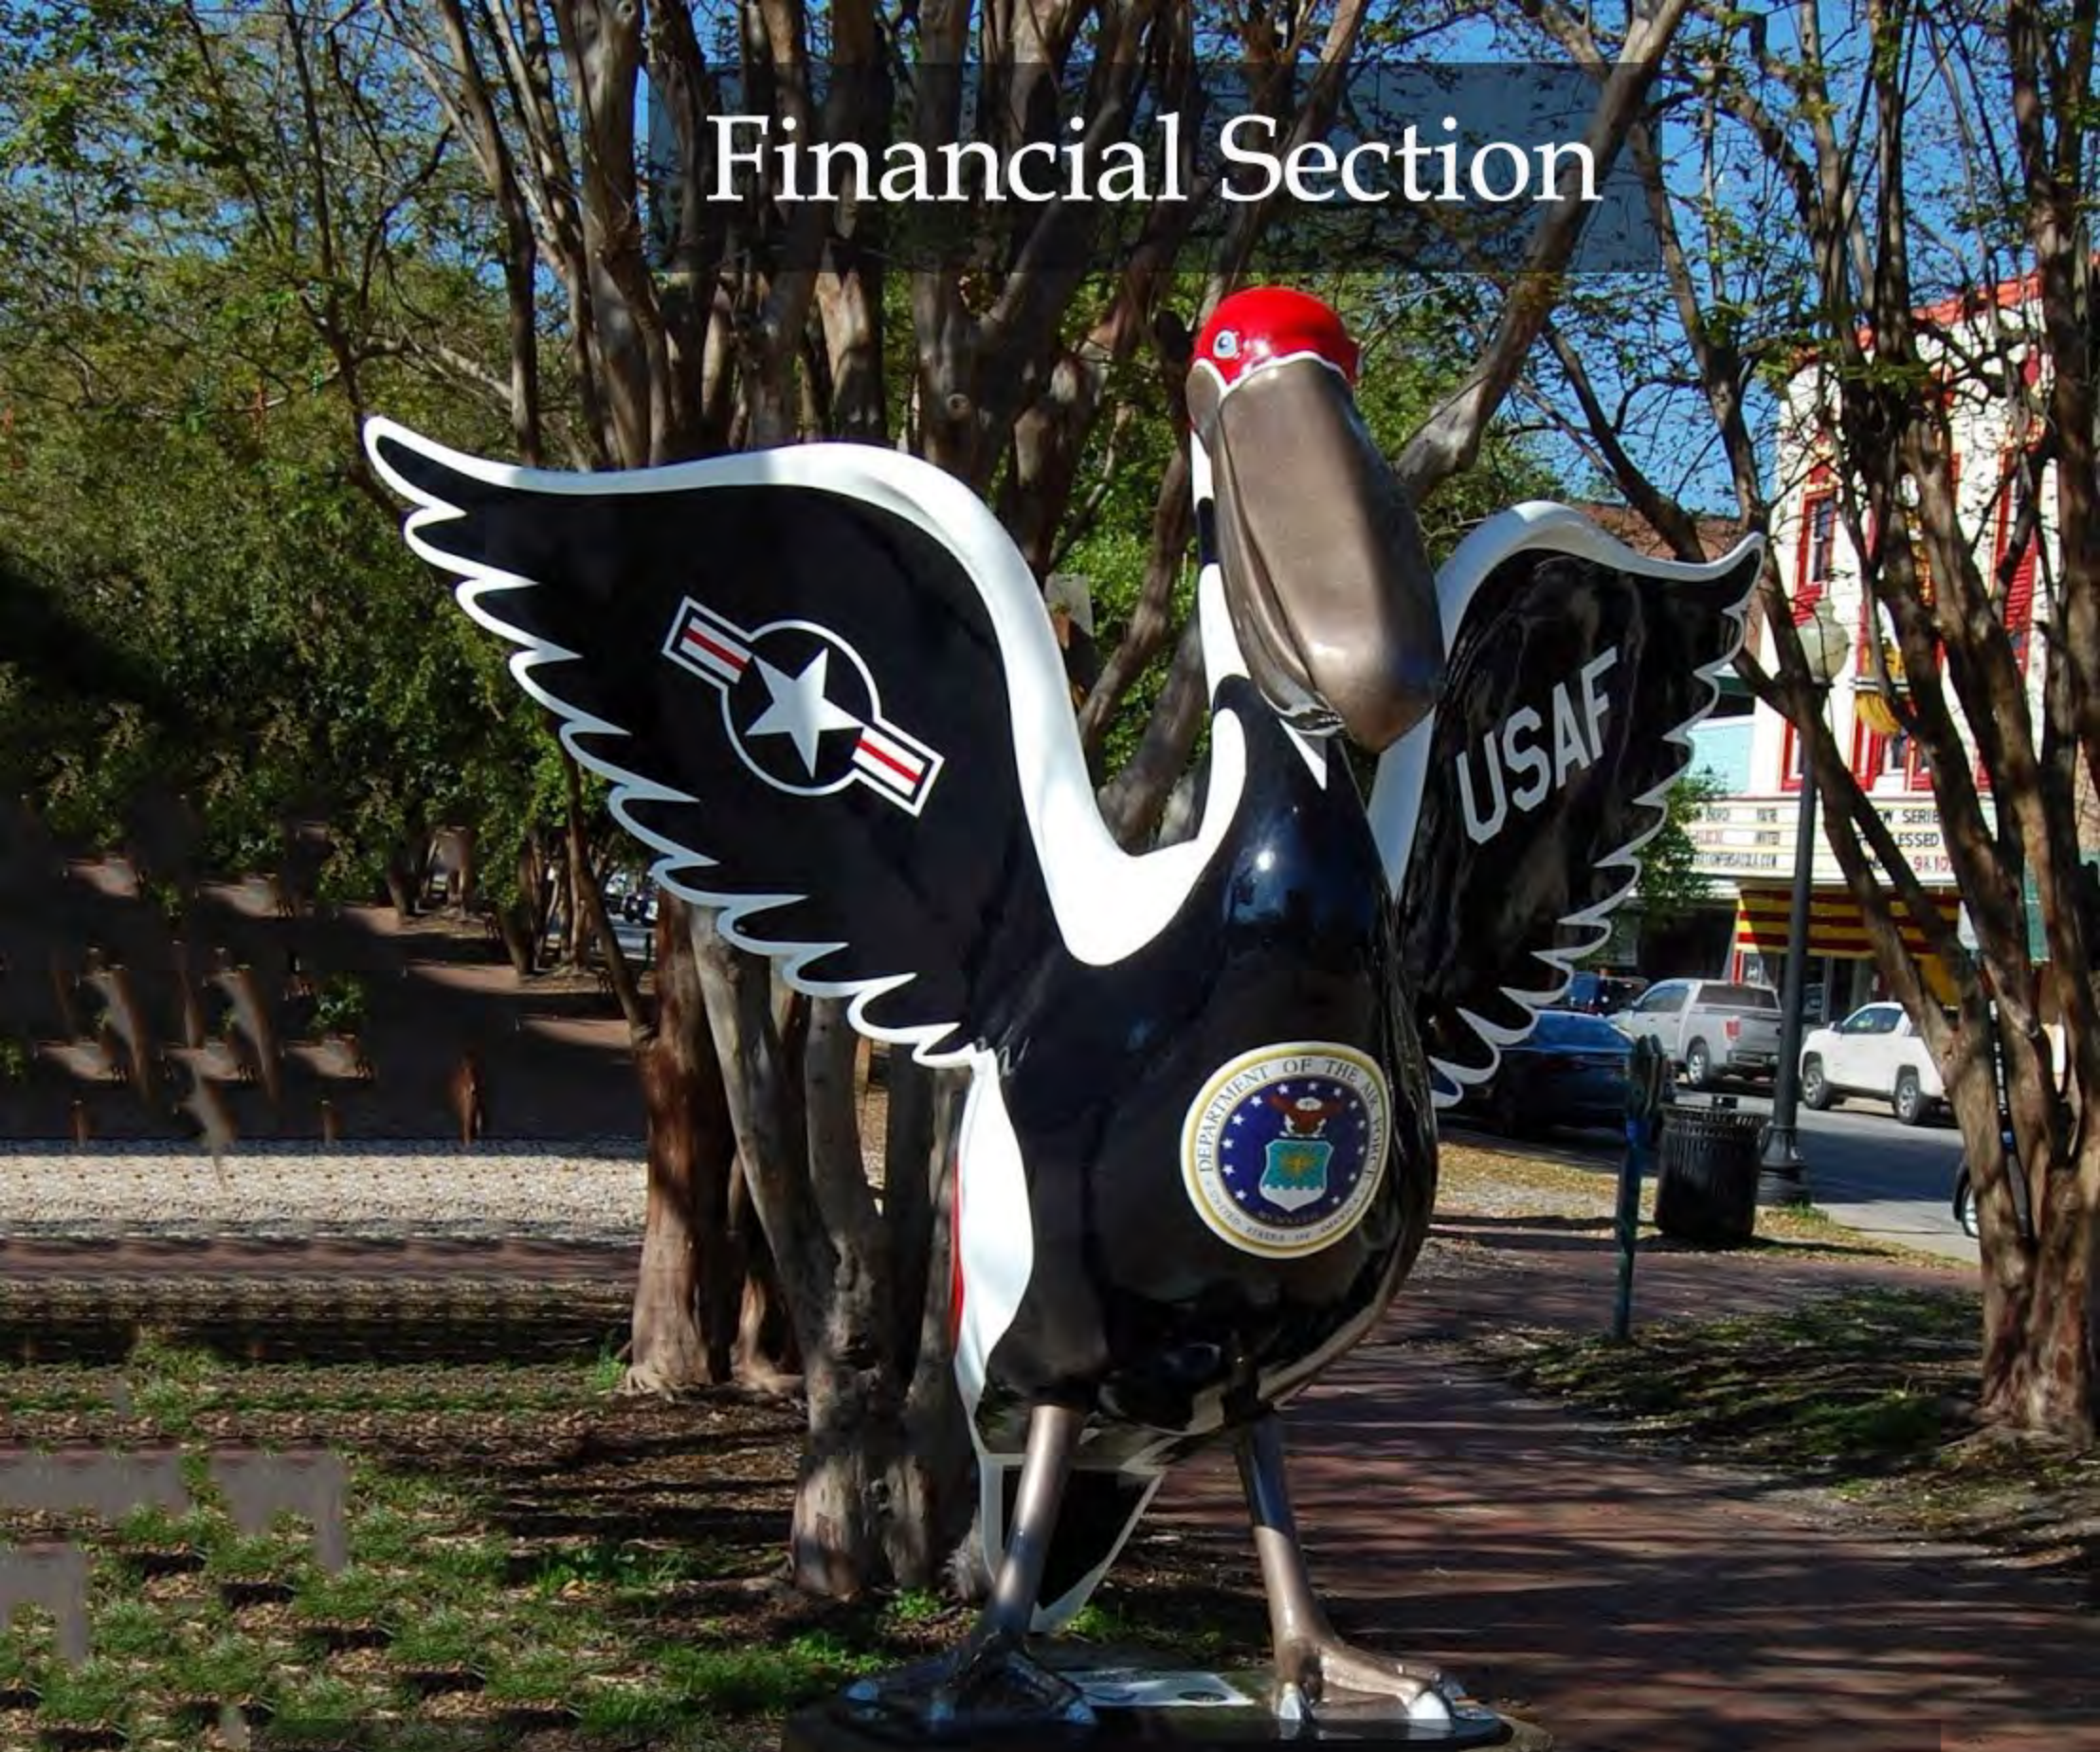
The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Escambia County for its comprehensive annual financial report for the fiscal year ended September 30, 2018. This was the 23rd consecutive year that Escambia County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, Escambia County must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another Certificate.



Escambia County also received the GFOA's Distinguished Budget Presentation Award for its Annual Budget Document for fiscal year beginning October 1, 2018. This is the 23rd consecutive year that Escambia County has received this award. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communication device.

The preparation of this comprehensive annual financial report (CAFR) would not have been possible without the skill, effort, and dedication of the entire financial staff of the Clerk of the Circuit Court and Comptroller. I would like to express my appreciation to the Financial Reporting and Grants Department: Sharon Harrell, Finance Director; Tammy Plant, Beth Parker, Kara Cowen, Harold Coats, Ashley Dodds, and Shannon Erdwins. I also wish to thank all government departments for their assistance in providing the data necessary to prepare this report; and to thank Visit Pensacola for providing the photographs used in this document. Credit is due to the Board of County Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of Escambia County.



Respectfully submitted,

Pam Childers

Escambia County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Escambia County, Florida, (hereinafter referred to as "County") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We did not audit the financial statements of the Santa Rosa Island Authority, a business type activities-discrete component unit, as of and for the year ended September 30, 2019, which statements reflect total assets and deferred outflows of $8,450,638 and total revenues of $6,832,988.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Santa Rosa Island Authority, which are included in the basic financial statements as a discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Santa Rosa Island Authority, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund, mass transit authority fund, disaster recovery fund, and community redevelopment agency fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the County's total OPEB liability and related ratios, schedule of the County's proportionate share of the net pension liability, and schedule of the County's contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining financial statements, individual fund budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements and individual fund budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2020 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Warren Averett, LLC

Pensacola, Florida
February 10, 2020

This Management's Discussion and Analysis ("MD&A") presents the readers of the financial statements a narrative overview of the financial activities of Escambia County, Florida (the "County") for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that has been furnished in the Letter of Transmittal, which can be found in the introductory section of this report.

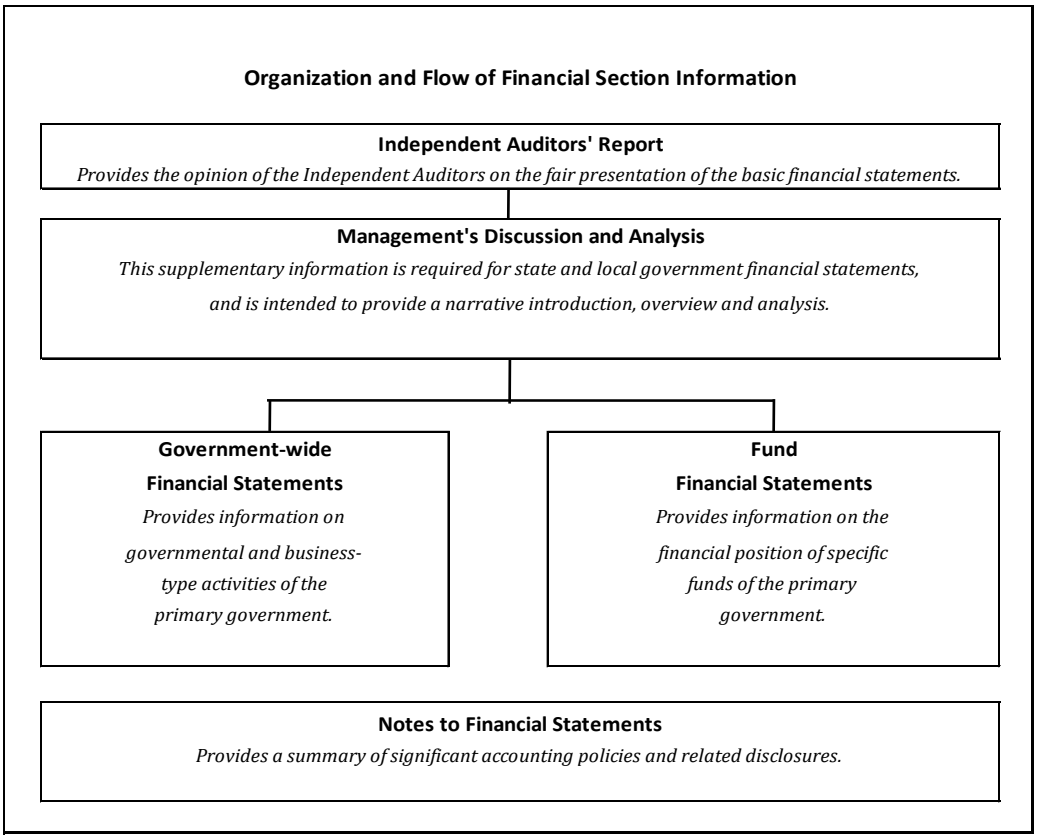
Financial Highlights

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by $637,564,123 (net position). Of this amount, ($113,490,001) represents unrestricted deficit net position.

- The County's total net position increased by $27,221,712; governmental activities increased by $27,494,840 and business-type activities decreased by $273,128.

- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of $268,147,001, a decrease of $30,053,806 in comparison with the prior year.

- At the end of the current fiscal year, unassigned fund balance available for spending at the government's discretion for the General Fund was $29,036,549 or 14.7% of total general fund expenditures and transfers out.



- At the end of the current fiscal year, unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) for the General Fund was $47,520,609, or approximately 24% of total general fund expenditures and transfers out.

- Governmental funds revenues increased $30,010,770 or 8.7% from the prior fiscal year primarily due to increases in property tax revenue, sales tax revenues, and fuel tax revenues. Intergovernmental revenue increases were from state revenue sharing, and grant revenue for the new jail construction and RESTORE projects. Sales tax collected on the one-cent local option sales tax for funding primarily transportation and infrastructure projects of the County increased due to increased consumer spending.

- At the end of the current fiscal year, the net pension liability increased $28,169,705 for governmental funds and $2,574,777 for business-type activities for an ending net pension liability of $230,972,113, an approximate increase of 15.35% from the prior fiscal year end. These liabilities are actuarially determined and provided by the State of Florida Retirement System (FRS).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide financial statements

The *government-wide financial statements*, which consist of the following two statements, are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the County's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. Additionally, nonfinancial factors, such as a change in the County's property tax base or the condition of County facilities and infrastructure, should be considered to assess the overall health of the County.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities)* from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities)*. The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, culture/recreation, and court related activities. The business-type activities of the County include solid waste disposal/landfill operations, emergency medical/ambulance services, building inspections, and the Pensacola Bay Center (Bay Center).

The government-wide financial statements include not only the County itself (known as the primary government) but also the legally separate entity of the Santa Rosa Island Authority (SRIA) for which the County is financially accountable and has a financial benefit/burden relationship. This entity is known as a "component unit". Financial information for this component unit is reported separately from the financial information presented for the primary government itself. The County's component unit will not be addressed in this MD&A.

Fund financial statements

A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains dozens of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Mass Transit Authority Fund, Disaster Recovery Fund, Community Redevelopment Agency Fund, Series 2017 Capital Project Fund, Mass Transit Authority FTA Capital Project Fund and Local Option Sales Tax (LOST) Capital Projects Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the other supplementary information section of this report.

The County adopts an annual appropriated budget for its general, special revenue, debt service, and capital projects funds. Budgetary comparison statements have been provided for the General Fund and major special revenue funds to demonstrate budgetary compliance. Due to the nature of the Disaster Recovery Fund, the original budget is generally adopted with an appropriation of zero.

The County maintains two different types of *proprietary funds*. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to solid waste disposal/landfill operations, emergency medical/ambulance services, building inspections, and the Bay Center. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses the internal service fund to account for fleet and fuel activities, insurance activities and for certain costs related to the Clerk of Circuit Court and Comptroller's compensated absences policy. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste and Emergency Medical Service (EMS) funds, which are considered to be major funds of the County. Non-major

funds include the Inspection and Bay Center funds, which are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for each of these non-major enterprise funds are provided in the form of combining statements in the other supplementary information section of this report. Internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for internal service funds are also provided in the form of combining statements in the other supplementary information section of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is similar to proprietary funds. The County only has agency funds.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, *required supplementary information* is presented concerning the County's changes in total OPEB liability and related ratios for providing other post employment benefits (OPEB) to its employees; and for the County's proportionate share of the net pension liability and contributions for employee participation in the Florida Retirement System pension plan and health insurance subsidy program.

The *other supplementary information* section contains the combining statements referred to earlier in connection with nonmajor governmental funds, proprietary and internal service funds, and fiduciary funds, along with budgetary comparison schedules for the County's three major capital project funds (LOST, Mass Transit Authority FTA Capital and Series 2017 Capital Project), and for all nonmajor governmental funds.

Government-wide Financial Analysis

Net position over time may serve as a useful indicator of a government's financial position. For the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows by $637,564,123 at the close of the most recent fiscal year.

At the end of fiscal year 2019, the County is able to report positive balances in restricted categories of net position, for the government as a whole, as well as for its separate governmental and business-type activities. Negative unrestricted net position was reported for governmental activities. The same situation held true for the prior fiscal year.

The County's restricted net position represents resources that are subject to external restrictions on how they may be used. The County's restricted net position is primarily for capital projects and other special revenue purposes. The largest portion of the County's net position reflects its investment in capital assets (e.g., land, buildings, and equipment); less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining balance ($113,490,001) is negative unrestricted net position. Unrestricted net position is primarily negative due to the effect of the recognition of the net pension liability in accordance with GASB 68.

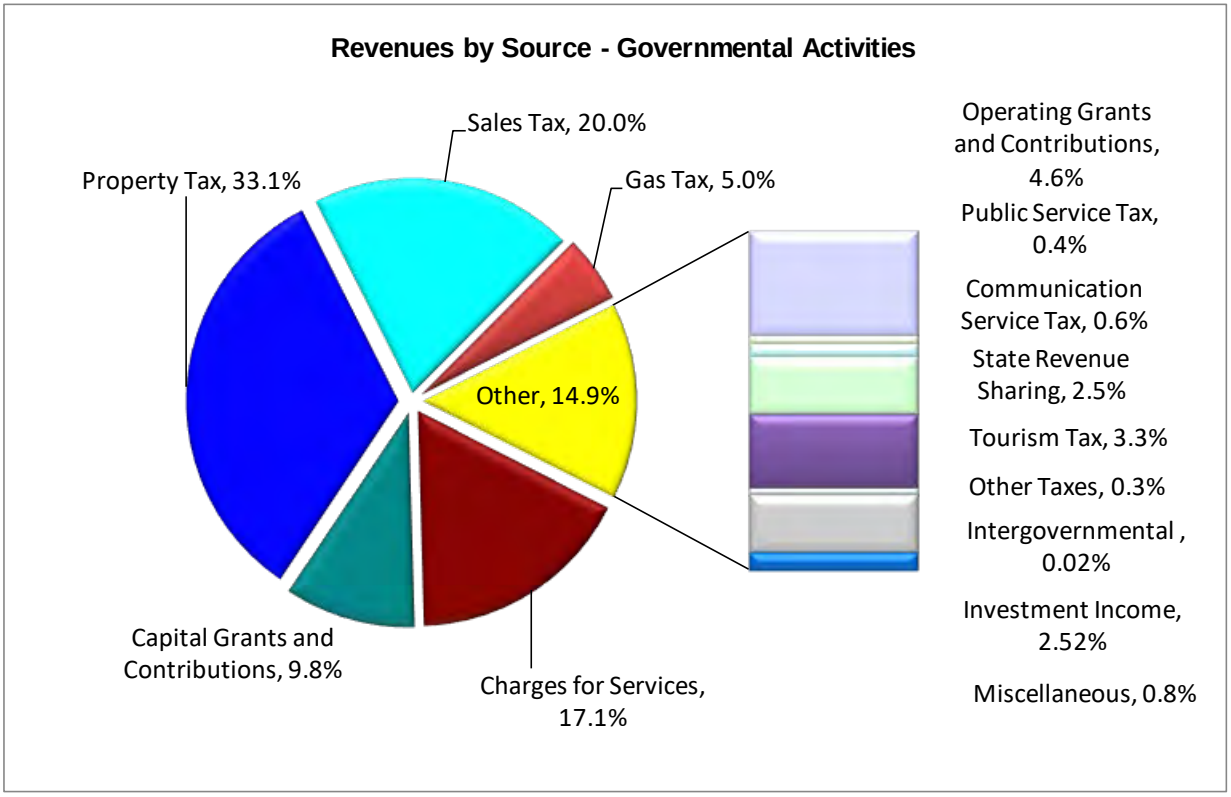
Governmental Activities

Governmental activities increased the County's net position by $27,494,840 from the prior fiscal year for an ending balance of $564,547,133. Although millage rates remained the same, property tax revenue increased due to rising taxable assessed values. Capital grant revenue increased primarily from FEMA revenue for the construction of the new jail facility.

Government expenditures increases were primarily due to increased non-recurring capital outlay for public facilities and the new jail facility. Additional increases were attributable to economic development project costs.



Expenses and Program Revenues – Governmental

Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense) Revenue

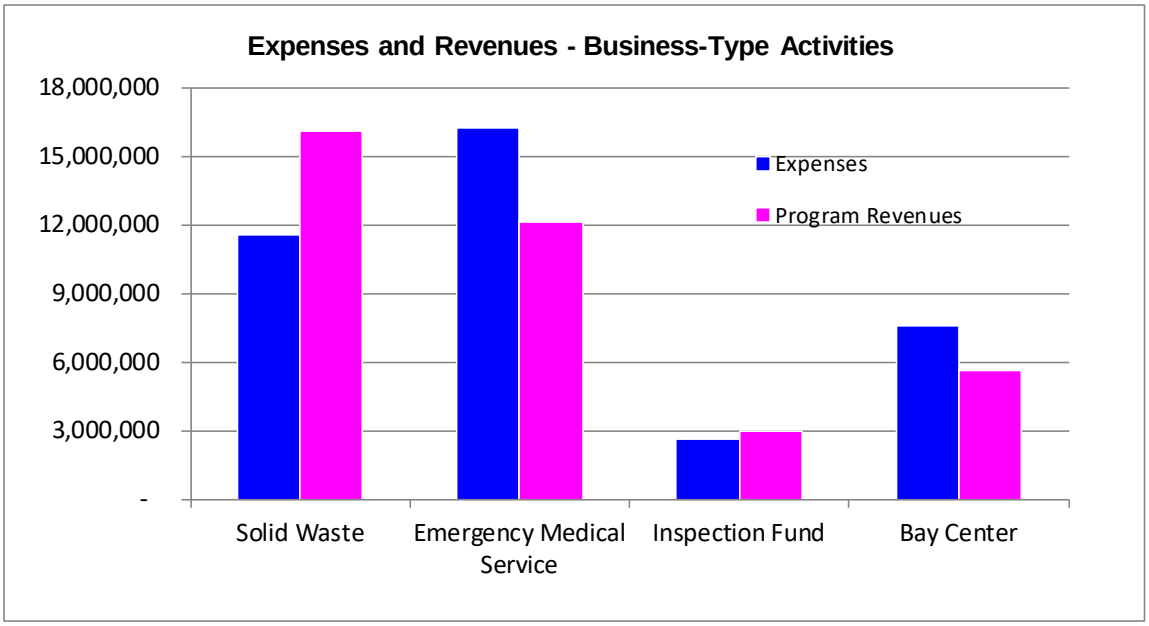
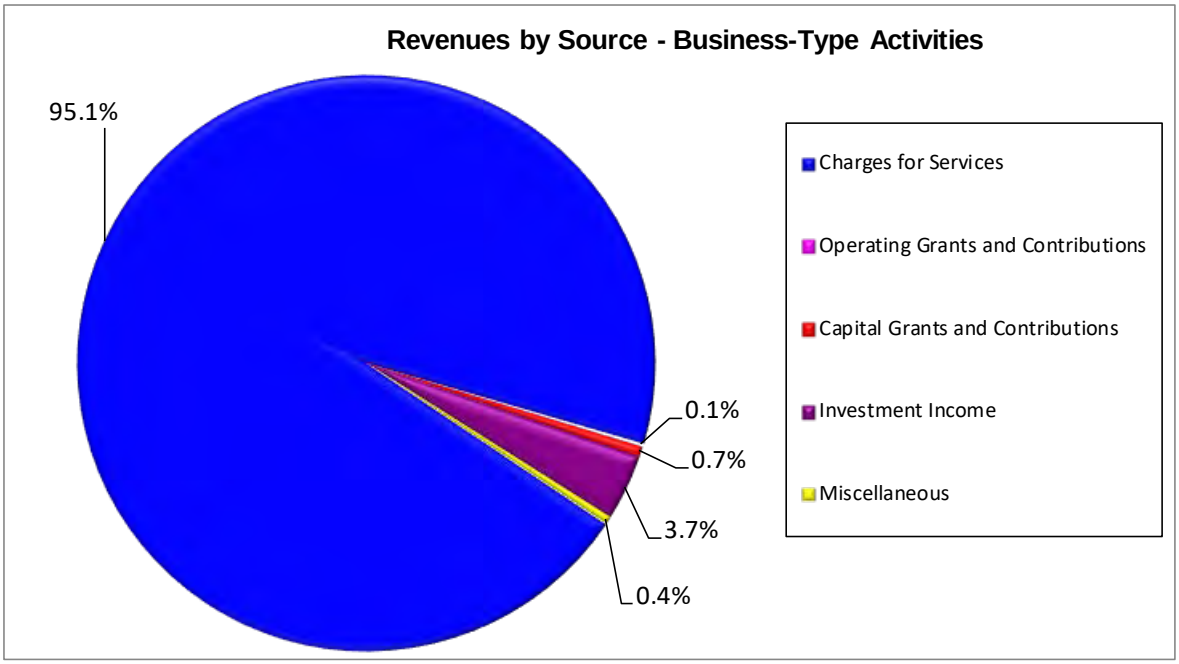
	$	377,388,362	100.0%



Business-type Activities

Business-type activities decreased the County's net position by $273,128, a slight decline from the prior fiscal year, for an ending balance of $73,016,990. Charges for services contributed 95.1% of the total program revenues for the County's business-type activities. Solid Waste's increase was due to higher charges for service from increased use of transfer facilities. EMS expenses and transfers out exceeded program revenues by $5.9 million; the net position decrease for the EMS Fund was primarily due to reduced revenue from charges for services and an increase in pension expense. The Bay Center expenses exceeded program revenues by $1.93 million and operations were subsidized by a transfer from the Tourist Promotion Fund of $1.7 million. The Bay Center's revenue and expense increased from the prior fiscal year. This combination was not sufficient to cover operating costs and required maintenance.

Expenses and Program Revenues – Business-type Activities



Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense) Revenue
Solid Waste	$ 11,556,201	30.5%	$ 16,074,867	43.8%	$ 4,518,666

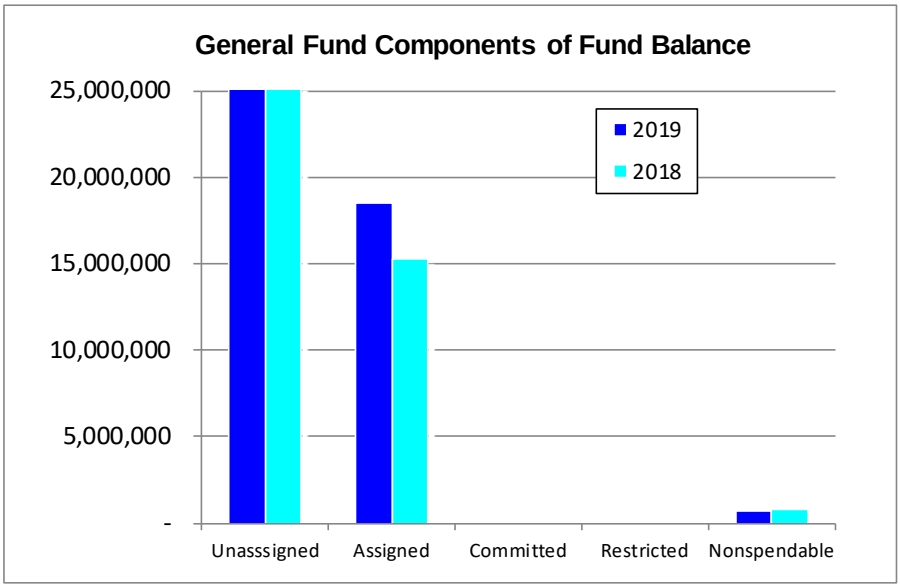
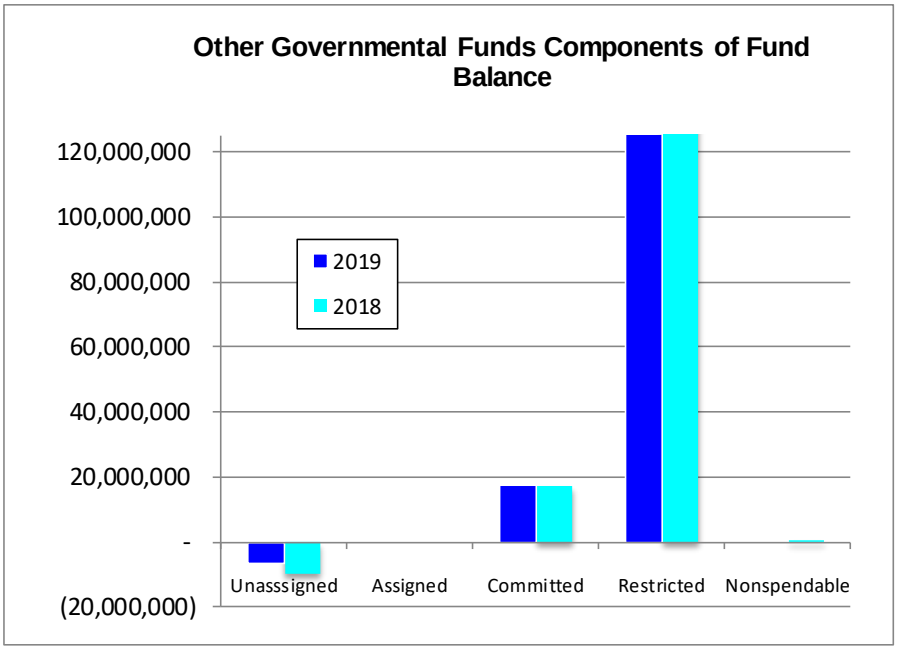
Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds



The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable resources.* Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not been limited to use for a particular purpose by either an external party, the County itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the County's Board of County Commissioners.

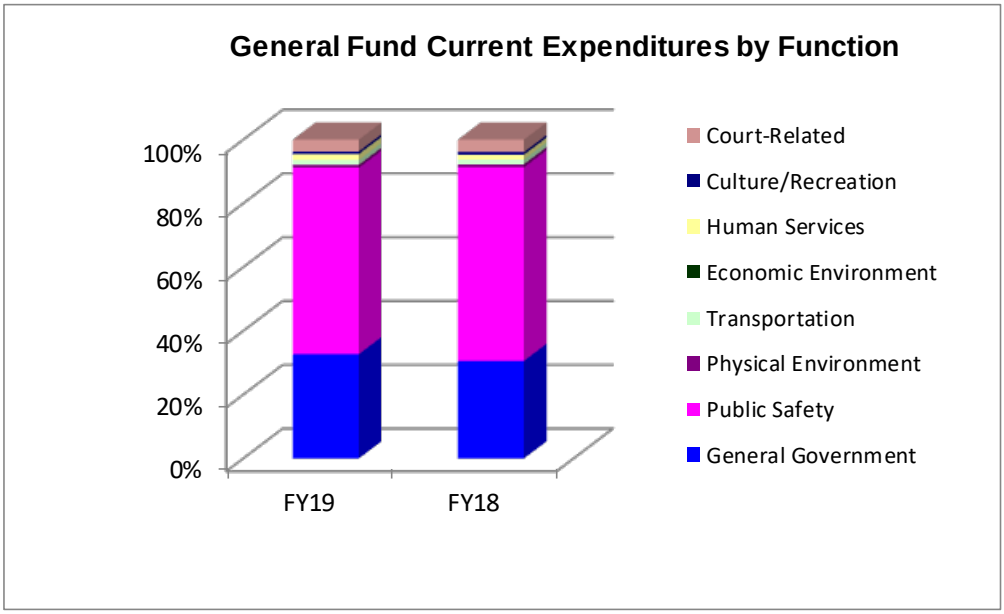


At the end of fiscal year 2019, the County's governmental funds reported combined fund balances of $268,147,001, a decrease of $30,053,806 in comparison with the prior year. Approximately 8% of this

amount, $22,451,156 constitutes *unassigned fund balance*, which is available for spending at the County's discretion. The remainder of the fund balance is either nonspendable, restricted, committed or assigned. *Restricted* fund balances of $208,757,526 represent amounts that can only be spent for specific purposes as stipulated by external resource providers either constitutionally or through enabling legislation such as Florida Statutes, laws and regulations or grantors. *Committed fund balances* of $17,393,262 represent amounts committed by County ordinance, whereas *assigned fund balances* of $18,484,060 consists of funds budgeted in the subsequent year to balance the 2020 budget. *Nonspendable fund balances* are not available for spending because they are not in spendable form, or are legally required to be maintained intact. The ending *nonspendable fund balances* consists of $1,060,997 for inventories.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year unassigned fund balance of the General Fund was $29,036,549 while total fund balance increased to $48,247,851. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 14.7% of the total General Fund expenditures, while total fund balance represents 24.0% of that same amount.

The following graphs represent the components of fund balance in the General Fund, and the components of fund balance in the other governmental funds:



The decrease in fund balance of the County's General Fund was $1,963,307 during the current fiscal year, a change from prior year increase of $3,070,833. Key factors in this are as follows:

- The overall increase in revenues and decrease in transfers in over fiscal year 2018 were primarily attributable to property taxes increases due to a higher certified property values. Interest earnings were higher due to favorable interest rates. Sales tax and tourist development tax also increased due to efforts to stimulate the economy. Local half cent sales tax and state revenue sharing increased intergovernmental revenue. Transfers in decreased primarily due to reduced cost reimbursements for various programs.

- An increase in expenditures and transfers out over fiscal year 2018 for General Government was due primarily from operational costs for utilities, insurance, Medicaid, and state detention cost sharing programs. Public safety increased primarily due to increased cost associated with detention personnel and operating expenditures, and increased transfers for the Sheriff and road prison. Human Services increased community mental health services. Physical environment, transportation, and culture and recreation all increased slightly due to increased operational and personnel costs.

The following graph displays the General Fund's current expenditures by function for FY19 and FY18 (it does not include debt service or other financing uses).

The Disaster Recovery Fund was established to account for the costs and related funding assistance from state and federal sources for hurricane or other major disaster events. The negative fund balance of $6,585,393 represents expenditures for the April 2014 flood event. The County will continue to seek reimbursement from federal or state sources. An advance from the LOST Fund provided the initial resources to pay for these costs and the advance will be paid off as these outstanding reimbursement claims are resolved. Should the County be denied reimbursement for these claims, the County will have to use resources from other funds to pay off the LOST advance and fund deficit. In 2019, the County collected approximately $3.5 million from federal sources and incurred an additional $527 thousand in disaster costs.

The Mass Transit Authority Fund was established to account for the cost of operations of the Escambia County Area Transit Authority. On October 1, 2017 the County took operations in house, on February 15, 2018, Ordinance 2018-8 re-established the Fund as a Dependent Special District of Escambia County. Sources of revenue are operating grants, local option fuel tax, passengers and user fees, contributions from the University of West Florida, Santa Rosa Island Authority. At the end of fiscal year 2019, restricted fund balance was $2,708,699 and this represents 21% of the fund's total expenditures and transfers out. The fund balance increased $703,817, this was primarily due to increased grant revenues and increased user fees, in addition to savings on operating cost.

The Capital Project fund of the Mass Transit Authority is the Mass Transit Authority FTA-Capital Fund which was established to account for the revenue received from FTA and FDOT Grants and the costs associated with various mass transit capital projects. At the end of fiscal year 2019 fund balance was $347,143 this represents 94% of expenditures and transfers out. The fund balance increased $24,532 and was primarily due to transfers in and investment earnings.

The CRA Fund was established to account for the operations of the community redevelopment initiative. There are eight established redevelopment districts which are funded by tax increment financing (TIF) portions of property taxes for each respective district. At the end of fiscal year 2019 restricted fund balance was $3,773,068 and this represents 178% of the fund's total expenditures and transfers out. The fund balance increased $510,106. While the TIF funding remained at 75%, the rate remained constant primarily due to more projects expenditures within the TIF districts in order to expedite cleaner, safer neighborhoods and increase property values.

The restricted components of the fund balance of the CRA are comprised of the following:

	2019	2018
Warrington CRA	$ 1,238,726	$ 1,180,210
Brownsville CRA	354,694	306,755
Englewood CRA	332,267	228,332
Ensley CRA	168,701	24,245
Atwood CRA	61,502	5,087
Oakfield CRA	12,044	-
Palafox CRA	1,223,512	1,058,387
Barrancas CRA	248,241	366,135
Cantonment CRA	127,982	66,821
Neighborhood	5,399	26,990
	$ 3,773,068	$ 3,262,962

The Series 2017 Capital Projects Fund was established to account for the revenues associated with the Sales Tax Revenue Bonds, Series 2017 issued during FY2017; and to account for the expenditures associated with the planning, design and construction of the new Escambia County Jail Facility. Additional revenues funding this project will be Local Option Sales Tax, Insurance proceeds and Grant Revenue. Expenditures exceeded revenues by $30,979,430 for a fund balance of $54,724,387. At the end of fiscal year 2019 restricted fund balance was $54,724,387, a decrease of 36.1% over the prior year. Although grant revenue increased 143% from $11M to $27M, the fund balance decrease was mainly attributable to construction progress for the Escambia County Jail Facility.

The Local Option Sales Tax Fund's primary revenue is a 1% local option sales tax imposed by Escambia County, which was restricted by voter referendum primarily for capital projects and public safety expenditures. At the end of the current fiscal year, restricted fund balance was $115,169,975 or 208% of the fund's total expenditures and transfers out. While local option sales tax revenue includes a 4.5% increase in the sales tax revenue, driven by improvements in the local economy; fund balance decreased by $618,214. This was primarily a result of decreased capital expenditures of $2,347,787 or -5.1% over the prior year for infrastructure, transportation and drainage projects. Even though the revenue source is stable and predictable, the planning, budgeting, and execution of large projects results in variances from year to year in the amount of actual expenditure for projects.

Proprietary funds

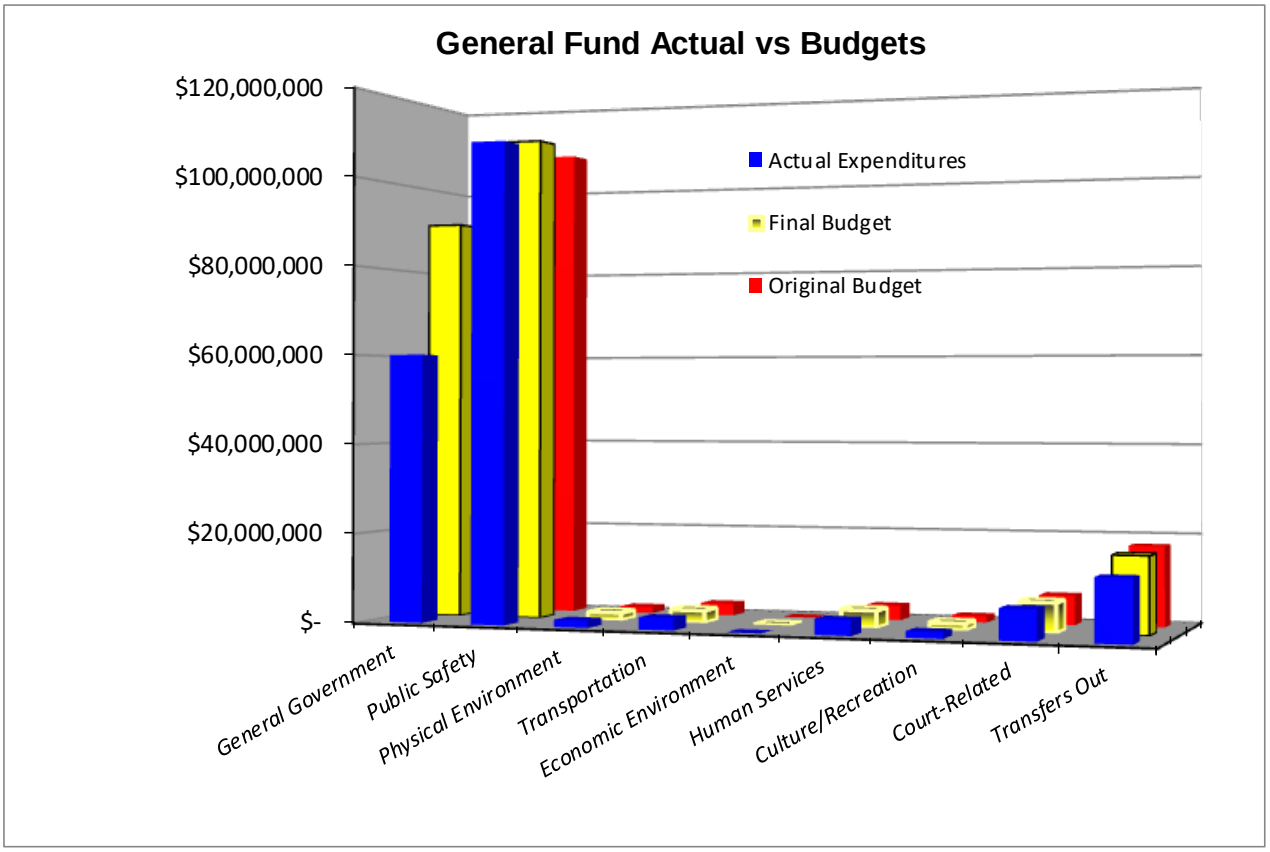
The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Solid Waste and the Emergency Medical Service Funds are reported as major enterprise funds. The Inspection and Bay Center Funds are reported as non-major enterprise funds. As previously discussed, the internal service fund is combined with governmental funds to arrive at governmental activities.

Unrestricted net position of proprietary funds at the end of the year amounted to:

	2019	2018
Solid Waste	$ 21,209,468	$ 17,803,387
Emergency Medical Service	(2,796,331)	2,395,334
Inspection	2,640,296	2,139,144
Bay Center	594,974	144,515
	$ 21,648,407	$ 22,482,380

Unrestricted net position for proprietary funds decreased $833,973 which is a 3.7% decrease from the prior fiscal year. The total change in net position for proprietary funds for the Solid Waste, Emergency Medical Services, Inspection and Bay Center funds was $5,272,787, ($5,856,143), $549,745 and ($239,517) respectively. Solid Waste increases are due to franchise fees and dumping fees, which were attributable to increased tonnage from debris, construction and demolition waste. The Emergency Medical Services decrease was attributable to lower revenue from charges for service, reduced transfers out and an increase in pension expense.

General Fund Budgetary Highlights



The General Fund's original budget was increased by $5,833,928, to arrive at the final amended budget for expenditures and transfers out. During the year there was a need to make an amendment to reallocate appropriations among departments when the prior year fund balances were finalized and purchase commitments were approved for re-budgeting. Generally the movement between departments was not significant. The largest change was to general government, contingency reserves and transfers out for road prison. The changes within functions are summarized in the following table.

	Original Budget	Final Budget	Change
General Government	$ 86,261,023	$ 90,485,579	$ 4,224,556
Public Safety	107,685,413	109,387,269	1,701,856
Physical Environment	1,455,438	1,669,244	213,806
Transportation	2,717,439	2,728,646	11,207
Economic Environment	-	-	-
Human Services	3,289,133	3,777,385	488,252
Culture/Recreation	1,454,373	1,508,740	54,367
Court-Related	6,522,959	6,522,959	-
Transfers Out	17,845,028	16,984,912	(860,116)
	$ 227,230,806	$ 233,064,734	$ 5,833,928

The General Fund under spent the final budget by $35,603,285 or 15.28% for expenditures and transfers out. The variance within functions is summarized in the table below:

	Actual Expenditures	Final Budget	Variance	
General Government	$ 60,098,452	$ 90,485,579	$ 30,387,127	33.6%
Public Safety	107,504,624	109,387,269	1,882,645	1.7%
Physical Environment	1,622,767	1,669,244	46,477	2.8%
Transportation	2,746,727	2,728,646	(18,081)	-0.7%
Economic Environment	-	-	-	
Human Services	3,499,267	3,777,385	278,118	7.4%
Culture/Recreation	1,464,725	1,508,740	44,015	2.9%
Court-Related	6,819,974	6,522,959	(297,015)	-4.6%
Transfers Out	13,704,913	16,984,912	3,279,999	19.3%
	$ 197,461,449	$ 233,064,734	$ 35,603,285	15.3%

General Fund actual expenditures were less than anticipated expenditures by $35,603,285. Of this amount $18.48 million for purchase commitments was re-budgeted and assigned to the subsequent year budget. A review of actual expenditures compared to appropriations in the final budget yields no significant variances with the exception of an overall reduction of $1.3 million in salary and $3.1 million in operating. The majority of transfers out are offset by the elimination of budgeted General Fund transfers in, so they are not an actual budgeted expenditure. Transfers out increases were attributable to debt service and public safety programs. Cost and fuel allocation in the amount of $2.3 million in general government are budgeted, but eliminated expenditures. The remainder of unspent budget is primarily due to unspent budgeted contingency and reserves.

Capital Asset and Debt Administration

Capital assets

The County's investment in capital assets for its governmental and business-type activities as of September 30, 2019 amounts to $707,897,336 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings, improvements other than buildings (including leasehold improvements), equipment, software, infrastructure, and construction in progress. The total increase in the County's investment in capital assets for the current fiscal year was 12.5%.

Major capital asset events during the current fiscal year included the following:

- Building projects include the continued construction of the new Jail Facility, the renovations of Supervisor of Elections Building, the purchase of the Bellview Library, renovations to the Sheriffs building and the construction of restrooms at the Beulah Regional Park.

- Ongoing transportation infrastructure projects include Olive Road East corridor, Beach Haven NE Drainage, the replacement of the South Old Corry Field Road Bridge and OLF-X property improvements.

- Net construction in progress (CIP) increased to $96,637,515 primarily due to the construction of the new Jail and the improvements to infrastructure consisting of more than 100 projects for roads, drainage and bridge replacement including renovations.

- The net increase of $3.3 million in land includes Hazard Mitigation Grant Project-Bristol Park Creek, Navy Boulevard Project, OFL-X Land improvements, and the Beulah Library Land.

- Equipment purchases include the purchase of road construction equipment, security equipment, county vehicles, trucks, computers and communication radios.

Capital Assets, net	$ 656,528,753	$ 578,504,918	$ 51,368,583	$ 50,807,738	$ 707,897,336	$ 629,312,656

Additional information on the County's capital assets, including major construction commitments, can be found in Note 3 of this report.

Long-term debt

At the end of the current fiscal year, the County had total notes and bonded debt outstanding of $153,255,000. Of this amount, $41,355,000 consists of debt backed by Non-Ad valorem tax revenue. The remainder of the debt, $111,900,000 represents bonds and notes secured solely by specified revenue sources (i.e., sales tax). The unamortized bond issue premium for the Series 2017 Sales Tax Revenue Bond and Series 2018 Capital Improvement Refunding Revenue Bond is $14,854,399.

Escambia County, Florida
Outstanding Notes and Bonded Debt

	Governmental Activities	
	2019	2018
Revenue Bonds	$ 115,890,000	$ 115,545,000
Revenue Notes	37,365,000	50,484,000
	$ 153,255,000	$ 166,029,000
Unamortized Bond Issue Premium	14,854,399	10,228,121
	$ 168,109,399	$ 176,257,121

The County's outstanding debt; including the unamortized bond issue premium; had a net decrease of $8,147,722 or 4.62% during fiscal year 2019. Decreases were attributable to normal debt service principal reductions for revenue notes and revenue bonds.

Additional information on the County's debt, including any major changes to the County's credit ratings, can be found in Note 6 of this report.

There is no outstanding debt for Business-type activities.

Economic Factors and Next Year's Budgets and Rates

The following economic factors currently affect Escambia County and were considered in developing the 2019-2020 fiscal year budget.

- The annual average unemployment rate for the County for 2019 was 3.0%. The average adjusted rate for 2018 was 3.0%. There was no change from the prior year unemployment rate.
- The taxable assessed value increased 5.6% in the 2019 fiscal year.
- Population was updated to 315,534 at September 30, 2019, which is the revised 2018 population. This was a 0.1% increase from 2 years prior year. Current year population was not available at the time of the CAFR release.

During the current fiscal year, unassigned fund balance in the General Fund decreased to $29,036,549. The County has budgeted $229,173,057 for spending in the 2020 fiscal year budget, and assigned $18,484,060 of the ending 2019 fund balance to the subsequent year's budget. The total ad valorem tax rate remained the same at 7.661 mills for the 2020 fiscal year budget.

In an effort to help stimulate job creation and the economy, the County continues to work with the Greater Pensacola Chamber of Commerce and the City of Pensacola to recruit new industry to the area and stimulate job growth.

Requests for information

This financial report is designed to present users with a general overview of the County's finances and to demonstrate the County's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact the Escambia County Clerk of the Circuit Court and Comptroller, Finance Department, 221 Palafox Place Suite 130 Pensacola Florida 32502; 850-595-4825. ESCAMBIA COUNTY, FLORIDA

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

as of September 30, 2019

Total fund balances of governmental funds		$ 268,147,001
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore, are not reported in governmental funds. The cost of assets is $1,464,683,700 Accumulated depreciation and amortization is $808,703,658. The difference does not include the net capital assets of the internal service funds $548,711 which are included below.		655,980,042
The internal service fund is used by management to charge the costs of risk management services to individual funds. The assets, liabilities, outflows/inflows of the internal service fund are included in activities in the Statement of Net Position.		4,811,658
At the governmental fund level, certain other long term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.		2,066,335
Deferred inflows and outflows of resources related to debt:		
Deferred charge on refunding (to be amortized as interest expense)		1,872,240
Deferred outflows and inflows of resources related to pensions and other post employment benefits (OPEB) are applicable to future periods and not reported in governmental funds. The difference does not include certain amounts from the internal service fund which is included above.		
Deferred outflows of resources - Pensions	74,372,331	
Deferred inflows of resources - Pensions	(18,475,783)	
Deferred outflows of resources - OPEB	1,070,780	
Deferred inflows of resources - OPEB	(977,597)	
		55,989,731
Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities --both current and long-term--are reported in the Statement of Net Position. The difference does not include the internal service funds $11,180,798 which is included above. Long-term liabilities at year-end consist of:		
Bonds payable	115,890,000	
Notes payable	37,365,000	
Bond issuance premiums	14,854,399	
Pollution remediation	180,000	
Compensated absences	25,486,402	
Other post employment benefits	19,277,640	
Net pension liability proportionate share	211,266,433	
		(424,319,874)
Total net position of governmental activities		$ 564,547,133

The notes to the financial statements are an integral part of the financial statements.

ESCAMBIA COUNTY, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds		$ (30,053,806)
Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital additions ($116,512,830) exceeds depreciation ($38,043,714) in the current period. Total capital additions consist of capital expenditures of $113,614,333 and non-cash contributions of $2,898,497 for donated roads.		78,469,116
Collections of principal on long-term sales type lease receivable provides current financial resources to governmental funds.		(76,974)
The issuance of bonds and similar long-term debt provides current financial resources to governmental funds and thus contributes to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the statement of net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amounts of the items that make up these differences in the treatment of long-term debt and related items are:		
Debt issued or repaid:		
Issuance of refunding notes/bonds	(41,545,000)	
Discount (premium) on issuance	(5,318,882)	
Principal repayments	7,765,000	
Amortization of deferred charge on refunding	(156,020)	
Amortization of interest expense on bond premium	692,604	
Payment to bond holders for refunding	46,554,000	
		7,991,702

ESCAMBIA COUNTY, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES - Continued

For the Year Ended September 30, 2019

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. These adjustments are as follows:		
Changes in compensated absences	603,504	
Changes in other post employment benefits	21,210	
		624,714
Governmental funds report County pension contributions as expenditures. In the statement of activities, the cost of the pension benefits earned net of contributions is reported as pension expense.		
Difference between pension contribution and net pension expense		(28,634,564)
Governmental funds report other post employment benefit contributions as expenditures. However, in the statement of activities, the actuarial cost of benefits earned net of employee contributions is reported as an expense.		(317,457)
In the statement of activities, only the loss on the sale/disposal of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets sold/disposed.		(399,256)
The internal service fund is used by management to charge the costs of risk management and other services to other funds. The net income of the internal service fund is reported with governmental activities.		(108,635)
Change in net position of governmental activities:		$ 27,494,840

The notes to the financial statements are an integral part of the financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-wide Financial Statements

The financial statements of Escambia County, Florida (the "County") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all nonfiduciary activities of the primary government and its component unit. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component unit for which the primary government is financially accountable. Significant County accounting policies are described below.

B. Financial Reporting Entity

Escambia County, Florida (the County) is a political subdivision of the State of Florida created pursuant to Chapter 7 of the Florida Statutes. The County is governed by a five member Board of County Commissioners (the Board), elected from single-member districts. The Board has no powers other than those expressly vested in it by State Statute. In addition to the Board, there are five elected Constitutional Officers: pursuant to Article 8, Section 1(d), of the Constitution of the State of Florida; the Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Constitutional Officers maintain separate accounting records and budgets. The Board funds a portion or, in certain instances, all of the operating budgets of the County's Constitutional Officers.

The combining financial statements include the operations of the Board of County Commissioners, Clerk of the Circuit Court and Comptroller, Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections and those separately administered organizations for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the government.

Blended Component Unit
Community Redevelopment Agency (CRA) – Pursuant to Florida Statutes section 163 Part III, the Community Redevelopment Act of 1969 authorized governments to use tax increment financing as a means for community redevelopment. The primary purpose of this act is to provide local governments with a source of funds to revitalize the deteriorated portions of their communities; thus establishing a financial benefit or burden relationship between the primary government and the CRA. The primary government also has operational responsibility for the Community Redevelopment Agency. In 1995, the Board of County Commissioners adopted Ordinance No. 95-6 which established the Community Redevelopment Agency (CRA) of Escambia County. Eight redevelopment areas are included under the CRA jurisdiction. The County Board serves as the CRA Board and has all rights, powers, duties, privileges and immunities authorized by the Act. The CRA is reported as a major special revenue fund in the fund financial statements of the County; a copy of this report may be found at the Community Redevelopment Agency Office; 221 Palafox Place; Suite 305, Pensacola Florida 32502.

Escambia County Area Transit Authority (Mass Transit Authority) – Pursuant to Florida Statutes section 189 Uniform Special District Accountability Act, is classified as a Dependent Special District because the membership of the Mass Transit Authority's governing body is identical to Escambia County and the Mass Transit Authority's budget requires approval through an affirmative vote or can be vetoed by Escambia County. The primary purpose of this Mass Transit Authority is to own, operate and manage the public transportation system in Escambia County on behalf of the Board of County Commissioners of Escambia County; providing an efficient and coordinated public transportation system servicing rural and urban areas. The 1 to 5 Cents Local Option Fuel Tax (4 cents levied) is used to fund public transportation operations and maintenance pursuant to Sections 206 and 336, Florida Statutes. Funding is also provided by Federal Transit Administration operating grants, user fees and reimbursements for non-transit activities, thus establishing a financial benefit or burden relationship between the primary government and the Mass Transit Authority. The Mass Transit Fund was a fund of the County until 2018, when Ordinance No. 2018-8 established the Escambia County Area Transit Authority. However, the Board of County Commissioners adopted Ordinance 2019-28, repealing the ordinance establishing the Mass Transit Authority subsequent to year end. The Mass Transit Authority Fund is reported as a major special revenue fund in the fund financial statements of the County; the capital projects of the Mass Transit Authority are reported as a major capital project fund in the fund financial statements of the County. A copy of this report (the fund financial statement of the County) may be found at the Escambia County Area Transit Authority Office; 1515 West Fairfield Drive, Pensacola Florida 32501.

Discretely Presented Component Unit

Proprietary Fund Type:

Santa Rosa Island Authority (SRIA) – The Santa Rosa Island Authority (SRIA) was established by the provisions of Chapter 24-500, Laws of Florida, Special Acts of 1947, as amended. The County appoints five (5) members of the Authority's six (6) member Board, and one (1) member is elected by the eligible voters who are full time residents of the Island. The County approves the SRIA's budget and issuance of debt. The County has veto power over decisions of the SRIA. The SRIA serves as the County's leasing agent for property on Santa Rosa Island owned by the County. The operations of SRIA are reported in the SRIA Fund, a discrete component unit in this report. Financial statements for the SRIA can be obtained at 1 Via Deluna, Pensacola Beach, Florida 32561.

Joint Venture:

As defined in Governmental Accounting Standards Board (GASB) Statement No. 14, a joint venture is a separate legal entity or other organization that results from a contractual arrangement (or interlocal agreement) and that is owned, operated or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain (a) an on-going financial interest or (b) an on-going financial responsibility. The County participates and provides financial support to the following non-equity joint venture:

Pensacola – Escambia County Promotion and Development Commission (PEDC) – This Commission was created in 1967 by Chapter 67-1365, Laws of Florida, amended in 1980 by Chapter 80-579, to promote and develop tourism and industry in Escambia County and in the City of Pensacola. The nine (9) member Commission consists of the President of the Chamber of Commerce, two (2) members of the Pensacola City Council, two (2) members of the Escambia County Commission, one (1) member of the Century City Council, one (1) representative of the Committee of 100 or the Tourist Advisory Council, one (1) at-large member appointed by the Pensacola City Council and one (1) at-large member appointed by the Escambia County Commission. The County and the City of Pensacola each contribute funds annually for the operation of the Commission, but neither has control of the budget or finances of the Commission. Separate financial statements are available from the Pensacola – Escambia County Promotion and Development Commission at 117 West Garden Street, Pensacola, Florida 32593-0550.

Summary financial statements as of September 30, 2019, for the joint venture are as follows:

STATEMENTS OF NET POSITION

Net position - beginning		4,467,857
Net position - ending	$	4,452,507

C. Basis of Presentation – Government-wide and Fund Financial Statements

The basic financial statements consist of the government-wide (based on the County as a whole, including its component unit) and fund financial statements. Both sets of statements categorize primary activities as either governmental or business-type activities.

The government-wide financial statements include a statement of net position and a statement of activities which report on the government as a whole and provide a consolidated financial picture of the government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund activities are eliminated to avoid distorted financial results. The amounts reported as internal balances represent the residual amounts due between governmental and business-type activities. Fiduciary Funds of the government are also eliminated from this presentation since these resources are not available for general government funding purposes.

The statement of activities reports functional categories of programs provided by the County, and demonstrate how and to what degree those programs are supported by specific revenue. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on external fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given program are supported by specific revenues. *Direct expenses* are those that are clearly identifiable with a specific program. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. G*eneral revenues* consist of all taxes and other items collected that help support all functions of Escambia County government.

Individual fund financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The general fund includes the Board of County Commissioners, Clerk of Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

Escambia County Area Transit Authority (Mass Transit Authority) Fund accounts for the operations and maintenance of the Escambia County Transit System. The 1 to 5 Cents Local Option Fuel Tax (4 cents levied) is used to fund public transportation operations and maintenance pursuant to Sections 203 and 336, Florida Statutes. Funding is also by Federal Transit Administration operating grants, user fees and reimbursements for non-transit activities.

Escambia County Area Transit Authority FTA Capital (Mass Transit Authority - FTA Capital) Fund is the capital project fund of the Escambia Area Transit Authority and is reported as a major capital project fund in the fund financial statements of the County. It accounts for revenue received from the United States Department of Transportation and cost associated with federal transportation assistance. The Federal Transit Administration (FTA) provides capital assistance for mass transit projects including mass transit fixed route and ADA paratransit services for citizens through urban areas of Escambia County. FTA funding is provided by Grants, State matching funds, and Escambia County Area Transit Authority matching funds.

The *Disaster Recovery Fund* accounts for financing provided from various grants, or reimbursements to aid the County's recovery from either natural or man-made disasters. Due to the nature of this major fund, the County generally adopts an appropriated budget of zero.

The *Community Redevelopment Agency Fund (CRA)* was established to account for the revenues and expenditures of the redevelopment areas established within the County. The CRA Fund is a blended component unit of Escambia County. Pursuant to Florida Statutes Section 163 Part III, the Community Redevelopment Act of 1969 authorized government to use tax increment financing as a means for community redevelopment.

The *Series 2017 Project Fund* is a capital project fund created pursuant to Resolution 2017-70 to account for the proceeds of the Sales Tax Revenue Bonds, Series 2017, issued June 22, 2017. This fund will account for the expenditures associated with the acquisition, planning, design and construction of a new 1,500 rated bed correctional facility. This new facility will be constructed in two phases utilizing the design-build construction delivery method pursuant to section 287.055, Florida Statutes (acquisition of professional architectural and engineering services). Upon completion, the new correctional facility will replace the existing correctional facilities known as the Central Booking Detention Facility and Main Jail.

The *Local Option Sales Tax Fund (LOST)* accounts for monies collected pursuant to Florida Statutes 212.055, which authorizes the County to impose a one percent (1%) local option infrastructure sales surtax upon taxable transactions occurring within Escambia County, to provide for road and drainage projects and improvements, recreation projects, public safety, expansion of jail and court facilities, and community redevelopment projects. This tax was approved by referendum on March 10, 1992, and was originally set to expire on December 31, 2017. On November 4, 2014, this tax was extended by referendum through December 31, 2028, as permitted by law.

The County reports the following major proprietary funds:

The *Solid Waste Fund* accounts for solid waste disposal (landfill) operations, primarily financed through franchise fees and user charges.

The *Emergency Medical Service Fund* accounts for the cost of emergency medical services provided in Escambia County. All activities necessary to provide such services are accounted for in this fund.

Additionally, the government reports the following fund types:

The *Internal Service Fund* accounts for risk management activities, activities for garage and fuel services provided to County departments, and for administration of employee benefits. Additionally, the internal service fund is used to account for balances and activity related to compensated absences policies of the Clerk of the Circuit Court and Comptroller, for court related activities.

Agency Funds are custodial in nature, and are therefore excluded from the governmental-wide financial statements. These funds are used to account for assets held by the County as an agent for individuals, private organizations and governments. Fiduciary funds use the economic resource measurement focus; agency funds have no measurement focus. Agency funds are utilized by the Clerk of the Circuit Court and Comptroller, the Tax Collector, and the Sheriff. Resources include fines, forfeitures, and filing fees collected for other governmental agencies, support payments, jury and witness services, posted bonds collected for individuals, prisoner's funds, confiscated monies held as evidence, property taxes and fees for licenses.

D. Measurement Focus and Basis of Accounting

The **government-wide financial statements** and the **proprietary fund and fiduciary fund financial statements** are reported using the *economic resources measurement focus* and the *accrual basis of accounting.* Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. State shared revenues, sales taxes, franchise taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Expenditures generally are recorded when a liability is incurred, except debt service expenditures and expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due. Capital asset acquisitions are recorded as expenditures in governmental funds. Monies received from issuing long-term debt and acquisitions under capital leases are reported as *other financing sources*.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

Escambia County allocates indirect costs comprised of administrative overhead costs to functional activities using various allocation charge methods. Therefore, expenses reported for functional activities include these allocated indirect costs. Elimination of these charges would distort the direct costs of the functions concerned.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements, with the exception of administrative overhead components as discussed above.

Amounts reported as program revenue include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. All taxes, including those dedicated for specific purposes, and internally dedicated resources are reported as general revenues rather than as program revenue.

Proprietary fund financial statements are reported using economic resource measurement focus and the accrual basis of accounting, distinguishing *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Budgetary Information

Annual budgets are adopted on a basis consistent with *generally accepted accounting principles* as required by Florida Statute 129 for all governmental funds. In fiscal year 2018, the Disaster Recovery Fund adopted an original budget appropriation of zero, which was subsequently amended.

On or before May 1 of each year, the Clerk of the Circuit Court and Comptroller, Property Appraiser, Supervisor of Elections, Sheriff and Tax Collector each submit to the Board of County Commissioners a tentative budget for the ensuing fiscal year.

Within fifteen days after certification of the ad valorem tax roll by the Property Appraiser, the County's Office of Management and Budget submits to the Board of County Commissioners a proposed budget for the fiscal year commencing the following October 1st. Pursuant to the provisions of Section 129.01, Florida Statutes, the proposed budgets as submitted contain balanced statements of estimated revenue and proposed appropriations for each fund required to be presented by law or sound financial practice, including the general, special revenue, debt service, and capital projects funds.

The Board holds public hearings and a final budget must be prepared and adopted no later than September 30. The County's budget is legally enacted through passage of a resolution.

The appropriated budget is prepared by fund, function and department. The Office of Management and Budget is authorized to transfer budgeted amounts within departments of a fund and between departments of a fund; however, the Board of County Commissioners must approve any revisions that alter the total expenditures of any fund. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level. The Board of County Commissioners approved supplemental budget amendments during the year that increased the original budget.

All appropriations lapse at the end of each fiscal year, although the county expects to honor purchase orders and contracts in process, subject to authority provided in the subsequent year's budget.

F. Property Taxes

Under Florida law, the assessments of all properties and the collections of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and the County Tax Collector. The laws of the state regulating tax assessments are also designed to assure a consistent property valuation method statewide. Pursuant to the State Constitution, Florida Statutes permit counties to levy ad valorem taxes on real and tangible personal property taxes at a rate not to exceed 10 mills for countywide purposes, exclusive of taxes levied for the payments of bonds and taxes levied for periods of not longer than 2 years and approved by a vote of the electors. All property is assessed at 100% of just value. For fiscal year 2019, the County-wide operating millage rate was 6.6165 mills. The County-wide operating millage rate for the Library was .359 mills for a total of 6.9755 mills. The Law Enforcement MSTU rate is .685 for a total direct rate of 7.6605 mills.

The tax levy of the County is established by the Board of County Commissioners prior to October 1 of each year and the Tax Collector incorporates the millage into the total tax levy, which includes the municipalities, special districts, and the County School Board tax requirements and produces the tax bill. All property is reassessed by the Property Appraiser, according to its fair market value on January 1 of each year. The certified assessment roll is delivered by the Property Appraiser to the Tax Collector.

All property taxes are billed in arrears and become due and payable on November 1 of each year. All unpaid taxes become delinquent on April 1 following the year which they are assessed. The legal lien date is January 1 of each year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. Taxes paid in March are without discount. Tax certificates are sold for all delinquent taxes on real property. Virtually all unpaid taxes are collected via the sale of tax certificates prior to year end. The county does not accrue its portion of the County-held tax sale certificates or personal property tax warrants because such amounts are not considered to be material.

G. Cash and Cash Equivalents

The County defines cash and cash equivalents as cash held at a depository and cash on hand for operating purposes and those investments which are short term and highly liquid. Generally, those investments have original maturities of three (3) months or less from the date of acquisition. The County maintains an equity in pooled cash fund. All monies which are not legally restricted to separate administration are pooled together for investment and are maintained on a daily transaction basis. Investment earnings are distributed in accordance with the participating funds' relative equity. The County's cash deposits are held by banks that qualify as public depositories under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes. The County's cash deposits are fully insured by the Public Deposits Trust Fund.

H. Investments

Investments for the County are reported at fair value (generally based on quoted market prices) except for the Florida Prime Investment Pool, FL CLASS Investment Pool, and Florida Fixed Income Trust are reported at amortized cost. The Florida Fixed income Trust Cash Pool Has a floating Net Asset Value (NAV) however the investment pool is managed to maintain a constant NAV. Investments are pooled together for investment purposes with each individual fund and/or account maintained on a daily transaction basis. Investment earnings are distributed in accordance with the participating funds' relative equity. Such investments consist of Certificates of Deposit, U.S. Treasury Securities, Federal Instruments, Commercial Paper, Corporate Notes, and State and/or Local Government Debt.

I. Inventories and Prepaid Items

Inventories are valued at cost, using the first-in/first-out method. Annual inventory expenditures reflect supplies consumed. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These payments are recorded as expenditures/expenses when consumed rather than when purchased.

J. Restricted Assets

The use of certain assets in business-type activities is restricted by resolution or ordinance. Assets are designated as restricted since their use is limited. Restricted assets reported represent escrow deposits for customers, funds held for the Saufley Construction and Demolition (C&D) project closure, and the Landfill Escrow held for landfill closure and post closure liability.

K. Accounts Receivable

Accounts Receivable are shown net of an allowance for uncollectible accounts. The Solid Waste Fund records an allowance for receivables older than 90 days, while the Internal Service Fund provides an allowance for receivables without collections during the past year. All other County funds record an allowance on accounts older than 120 days. Accounts in the General Fund consist primarily of franchise fees receivable. The receivables at the end of the fiscal year include an estimated total allowance for uncollectable accounts in the amount of $8.899 million. This allowance is comprised of $7.99 million for ambulance receivables in the Emergency Medical Services Fund; $802,000 for the Internal Service Funds related to the self insurance third party receivables; $63,000 for the Local Option Sales Tax Fund; $40,000 for HUD-CDBG housing programs, $3,000 for the General Fund, and $1,000 for the Solid Waste.

L. Interfund Transactions

Reimbursements to a fund for expenditures/expenses initially made from it, which are applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund, and reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

M. Interfund Payables and Receivables

Unpaid amounts of interfund transactions at year end are reflected as “due from other funds” or “due to other funds” in the related fund financial statements. Noncurrent portions of interfund payables and receivables are reported as advances. In governmental funds, advances are offset equally by nonspendable fund balance unless the funds are restricted or committed. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

N. Capital Assets

Capital Assets, which include property, plant, equipment, intangibles, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Purchased or constructed assets are recorded at historical cost or at a price that would be paid to acquire the asset with equivalent service potential in an orderly market transaction at the acquisition date. Donated capital assets are recorded at acquisition value at the acquisition date.

The County capitalizes items costing $1,000 and having an estimated useful life in excess of one year. Buildings, public domain, and system infrastructure assets which represent major expenditures for such items as roads, water and sewer lines, landfill improvements, parks, and drainage systems are capitalized at historical cost. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital Assets are depreciated over their estimated useful lives unless they are inexhaustible or are intangible assets with indefinite useful lives. The term depreciation (and related forms of the term) includes amortization of intangible assets.

Depreciation has been provided using the straight-line method. The estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings	10 – 50 years
Improvements	20 – 50 years
Infrastructure	20 – 50 years
Equipment	3 – 10 years
Intangibles	3 – 5 years

O. Unearned Revenues

Unearned revenues include amounts collected before revenue recognition criteria are met. Expenditure-driven grants and unearned revenue for exchange type transactions are reported as unearned at the end of the fiscal year.

P. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will *no*t be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net position that applies to future periods and, will not be recognized as an inflow of resources (revenue) until that applicable time.

The County has three items that qualify for reporting as deferred outflows of resources. The first is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the deferred outflow of resources related to pensions reported in the government-wide and proprietary statements of net position. The deferred outflows for pensions are an aggregate of items related to pensions as calculated in accordance with GASB Statements No. 68, *Accounting and Financial Reporting for Pensions* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. These deferred outflows for pension will be recognized as pension expense or a

reduction of the net pension liability in future reporting years. The third is the deferred outflow of resources related to OPEB reported in the government-wide and proprietary statements of net positon. The deferred outflows for OPEB are an aggregate of items related to changes in assumptions and other inputs as calculated in accordance with GASB Statements No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions.* These deferred outflows for OPEB will be recognized as benefit expense or a reduction of the net OPEB liability in future reporting years.

The County also reports deferred inflows of resources in the government-wide and proprietary statements of net position. The unavailable revenue for capital leases is deferred and recognized as an inflow of resources in the period that the amounts become available. The SRIA also has deferred inflows for fees collected prior to the time requirements being met. The deferred inflows for pensions are an aggregate of items related to pensions as calculated under the same principles as the deferred outflows for pensions, and will be recognized as a reduction to pension expense in future reporting years. The deferred inflows for OPEB are an aggregate of items related estimated benefits paid after the measurement date as calculated under the same principles as the deferred outflows for OPEB, and will be recognized as a reduction to benefit expense in future reporting years.

Q. Self-Insurance Claims

Liabilities for reported claims and incurred but not reported claims (IBNR) are estimated based on an actuarial review of claims pending and historical experience.

R. Landfill Closure and Postclosure Care Payable

The County recognizes municipal solid waste landfill closure and post closure care costs under the State of Florida's Solid Waste Management Act of 1988, regulations of the Federal Environmental Protection agency and the GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post closure Care Costs*. The County is required to place a final cover on closed landfills and to provide long-term care for up to thirty years after final cover. These obligations for closure and postclosure are recognized in the Solid Waste Fund over the active life of the landfill, based on landfill capacity used to date.

S. Long Term Obligations

Payments on long term liabilities which are expected to be financed from governmental funds are accounted for as debt service expenditures. For proprietary fund types, long term debt and other obligations are reported as liabilities in the fund financing the obligation. In the government-wide and the proprietary fund financial statements these amounts are reported as liabilities in the statement of net position.

Debt issuance cost, except for prepaid insurance, are expensed in the period incurred. Prepaid insurance cost are reported as an asset and amortized in a systematic and rational manner over the duration of the related debt.

Legal debt margin for bond payments are governed by Florida Statutes 200.181. None of the provisions of this chapter limit or restrict the rate or amount of ad valorem taxes levied for the payment of the principal and the interest on any debt service secured by revenue certificates or by bonds for which the full faith and credit of any taxing district may be pledged.

The County reports pollution remediation obligations, in accordance with GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. The circumstances under which the County will have to estimate, record, and disclose its expected outlays for pollution remediation include: the pollution is an imminent danger to public health or welfare; the government is in violation of a pollution prevention-related permit or license; the government has been named as a responsible party under Superfund or similar state laws; the government is named in a lawsuit that would require

participation in remediation activities; or the government legally commits itself to conduct remediation activities.

T. Compensated Absences

The County's reporting of accumulated compensated absences complies with GASB Statement No. 16, *Accounting for Compensated Absences.* The County's policy permits eligible employees to accumulate a limited amount of earned but unused leave based on years of employment. While employees are encouraged to use their annual leave in the year that it is earned, unused leave time is paid upon separation of service. Compensated absences are recorded as a liability when the benefits are earned in the government-wide and proprietary fund financial statements. The governmental funds recognize an expenditure at the time payments are made to employees.

U. Other Post Employment Benefits (OPEB)

Under the provisions of GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (OPEB), the government-wide and proprietary fund financial statements recognize the OPEB expense along with the related liability, deferred outflows and inflows of resources. The OPEB liability is the difference between the total OPEB liability and the plan's fiduciary net position. The plan is currently unfunded. The government-wide financial statements include the liability of all plan participants for the Board of County Commissioners, the Constitutional Officers, and the Santa Rosa Island Authority.

V. Net Pension Liability

The government-wide and proprietary fund financial statements net pension liability represents the County's proportionate share of the net pension liability of the cost-sharing pension plan in which it participates. The County participates in the Florida Retirement System (FRS) and the Health Insurance Subsidy Program (HIS) which are administered by the Florida Division of Retirement. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, additions/deductions, and information about the fiduciary's net position have been determined on the same basis as they are reported by this cost-sharing plan. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The government-wide financial statements include the liability of all plan participants for the Board of County Commissioners and the Constitutional Officers.

W. Fund Balance Reporting and Governmental Fund-Type Definitions

GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions* clarify governmental fund balance classifications and fund-type definitions. The Board of County Commissioners is the County's highest level of decision-making authority. Governmental fund balances are classified either as nonspendable or spendable. Spendable fund balances (restricted, committed, assigned, or unassigned) are further classified below in a hierarchy based on the extent to which there are external and internal constraints on spending of these fund balances. These classifications are described as follows:

Nonspendable fund balance - include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. Nonspendable types consist of inventories, prepaid amounts, long-term amounts of other assets, loans, notes, and advances receivable, and may include property acquired for resale.

Restricted fund balance – include amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or

regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action of an ordinance of the Board of County Commissioners, the highest level of decision making authority. Commitments may be changed or lifted only by the Board of County Commissioners taking the same formal action of an ordinance that imposed the constraint originally.

Assigned fund balance – comprises amounts intended to be used by the government for specific purposes. The Board of County Commissioners or management designee (via action by the Board of County Commissioners) has the authority as the official authorized to assign fund balance to a specific purpose as provided by the fund balance policy. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that the resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned fund balance – is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. Unassigned amounts are technically available for any purpose. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The County has adopted a formal fund balance policy. It is the County's goal to maintain a targeted minimum unrestricted fund balance (the sum of the Committed, Assigned and Unassigned fund balance) equal to 2 months of the current fiscal year's operating expenditures and transfers out budgeted for the fund. This unrestricted fund balance is needed to cover short-term cash flow variations, economic downturns, or unanticipated events that would adversely affect the financial condition of the County and jeopardize the continuation of necessary public services.

Compliance with the provisions of the fund balance policy is reviewed as part of the annual budget adoption process and revisions to the levels of fund balance can be determined during this process. Budgeting of amounts of unassigned fund balance for the purpose of balancing the budget requires the Board of County Commissioners' approval.

When multiple categories of fund balance are available for expenditures, the County will start with the most restricted category, unless there are legal documents/contracts that prohibit this order, such as grant agreements requiring dollar for dollar spending. Unassigned fund balance is used when expenditures are incurred for purposes which amounts in any classification could be used.

X. Net Position

The net positions of proprietary funds, governmental activities and business-type activities are made up of three components. *Net Investment in Capital Assets* which represents net capital assets less related long-term liabilities; unspent debt proceeds will increase this amount. The *Restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. The restricted component represents assets that are legally restricted. They include reserve funds, special revenues restricted by statute or ordinance, bond proceeds, and other sources restricted for capital or improvements. The *unrestricted* component of net position is the balance not included in the determination of net investment in capital assets or the restricted component of net position.

NOTE 2 - DEPOSITS AND INVESTMENTS

A. Cash and Cash Equivalents

At September 30, 2019, the County's carrying value of cash and cash equivalents totaled $214,187,859, which is presented as $202,725,259 in the statement of net position and $11,462,600 in the statement of fiduciary net position.

Additionally, funds are placed with the State Board of Administration for participation in the Florida Prime Investment Pool, created by Section 218.405, Florida Statutes. This investment pool operates under investment guidelines established by Section 215.47, Florida Statutes. The County's investment in the Florida Prime Investment Pool, a Security and Exchange Commission (SEC) Rule 2a7-like external investment pool is reported at amortized cost, which is not materially different from fair value. Rule 2a-7 is the rule that permits money market funds to use amortized cost to maintain a constant Net Asset Value (NAV) of $1.00 per share, provided that such funds meet certain conditions. The Florida Prime Investment Pool has a dollar weighted average days to maturity "WAM" of 37 days as of September 30, 2019. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The weighted average life (WAL) of Florida Prime at September 30, 2019 is 85 days. There are no restrictions on redemptions. The Florida Prime Investment Pool is rated by Standard and Poors. The current rating is AAAm.

The County participates in the Florida Cooperative Liquid Asset Securities System (FLCLASS). This investment pool is a stable NAV Government Investment Pool established under Section 218.415, Florida Statutes; and is an intergovernmental investment authorized pursuant to the Florida Interlocal Cooperation Act of 1969. The County's investment in FLCLASS is reported at amortized cost, which is not materially different from fair value. FLCLASS has a dollar weighted average days to maturity "WAM" of 54 days as of September 30, 2019. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The weighted average life (WAL) of FLCLASS at September 30, 2019 is 81 days. There are no restrictions on redemptions. FLCLASS is rated by Standard and Poors. The current rating is AAAm.

The County also participates in the Florida Fixed Income Trust (FL FIT). This investment pool is managed as a Floating NAV and managed to dollar in/dollar out Local Government Investment Pool authorized under Section 218.415, Florida Statutes; and is an intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969. The County's investment in the FL FIT cash pool is reported at net asset value. FL FIT has a dollar weighted average days to maturity "WAM" of 135 days as of September 30, 2019. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM to reset. The weighted average life (WAL) of FL FIT at September 30, 2019 is 135 days; this duration is equivalent to WAM to final. There are no restrictions on redemptions. FL FIT is rated by Standard and Poors. The current rating is AAAf.

The County's cash deposits are held by banks that qualify as public depositories under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes. At September 30, 2019 the carrying amount of the County's cash deposits totaled $128,300,501, cash in money market funds totaled $1,533,984, the County's investment in the Florida Prime Investment Pool totaled $64,023,708, the County's investment in FLCLASS totaled $5,272,603 and the County's investment in FL FIT totaled $15,057,063.

B. Investment Portfolio

The Escambia County Board of County Commissioners and Escambia County Clerk of the Circuit Court and Comptroller (Clerk) formally adopted the comprehensive investment policy in January 2010. The policy was created pursuant to Section 218.415, Florida Statutes and established permitted investments, asset allocation limits, issuer limits, credit ratings requirements, and maturity limits to protect the County's

cash and investment assets. The County maintains a common cash and investment pool for the use of all funds.

Section 218.415, Florida Statutes, limits the types of investments that a government can invest in unless specifically authorized in the County's investment policy. The Board adopted a list of permitted investments by ordinance, and updated the investment policy in May 2018. The policy allows for the following investments: US Government Securities, US Government Agencies, Federal Instruments, Interest Bearing Time Deposit or Savings Accounts, Agency Mortgage-Backed Securities, Asset-Backed Securities, Repurchase Agreements, Commercial Paper, Corporate Notes, Bankers' Acceptances, State and/or local government taxable and/or tax-exempt debt Registered Investment Companies (Money Market Mutual Funds), and Intergovernmental Investment Pools that contain no derivatives. Derivatives and reverse repurchase agreements are not permitted by the County's investment policy.

The County's investment policy provides asset allocation, issuer, and maturity limits to protect the County's cash and investments. The policy allows for a short-term strategy (maturities of 12 months or less) to provide for operating funds and a longer-term strategy (maturities not exceeding 5 years) for the "core" portion of the portfolio. As defined by GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, money market investments are reported at amortized costs rather than fair value. The County's investments as defined by GASB Statement No. 72, *Fair Value Measurement and Application* are reported at fair value based on level 1 inputs for quoted prices for identical investments in active markets.

The Constitutional Officers electing not to adopt a written investment policy are limited to investing funds pursuant to Section 218.415, Florida Statutes, and subsection (17). Those investments include the Local Government Surplus Trust Fund, or any authorized intergovernmental investment pool, SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency, interest-bearing time deposits or savings accounts in qualified public depositories, and direct obligations of the U.S. Treasury.

The County's investment portfolio consists of $137,009,881 in direct obligations of United States Treasury Securities, Federal Instruments, Commercial Paper, Corporate Notes, State and/or Local Government debt, and Local Government Investment Pool funds which are reported at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and GASB Statement No. 72, *Fair Value Measurement and Application*.

As of September 30, 2019, interest receivable on the County's investment portfolio amounted to $1,139,425.

The County had the following investment types by issuer and effective duration presented in terms of years:

Security Type		Fair Value	Weighted Average Duration (Years)	Credit Rating	Percentage of Portfolio
Short Term Investments:					
United States Treasury Securities	$	13,527,203	0.68	AA+	9.87%
Federal Instruments		5,146,734	0.09	AA+	3.76%
Commercial Paper		0	0.00	A-1+	0.00%
State and/or Local Government Debt		2,859,808	0.03	AA	2.09%
Corporate Notes		2,842,840	0.83	A	2.07%
Total short term investments		24,376,585			17.79%
Long Term Investments:					
United States Treasury Securities		46,503,330	2.18	AA+	33.94%
Federal Instruments		3,473,632	1.58	AA+	2.54%
Corporate Notes		14,120,671	2.24	A+	10.31%
State and/or Local Government Debt		0	0.00	AA	0.00%
Local Government Investment Pool		48,535,663	1.92	AAA	35.42%
Total long term investments		112,633,296			82.21%
Total Fair Value	$	137,009,881			100.00%
Portfolio Weighted Average Duration			1.78		

C. Fair Value of Investments

Escambia County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1*: Quoted prices for identical investments in active markets;
- *Level 2*: Observable inputs other than quoted market prices; and
- *Level 3*: Unobservable inputs

At September 30, 2019, Escambia County had the following recurring fair value measurements.

	9/30/2019	Level 1	Level 2	Level 3
Investments by fair value level				
Debt Securities				
Corporate Notes - Long Term	$ 14,120,670	$ 14,120,670	$ -	$ -
Corporate Notes - Short Term	2,842,840	2,842,840	-	-
United States Treasury Securities - Long Term	46,503,330	46,503,330	-	-
United States Treasury Securities - Short Term	13,527,204	13,527,204	-	-
Federal Instruments - Long Term	3,473,632	3,473,632	-	-
Federal Instruments - Short Term	5,146,734	5,146,734	-	-
Local Government Investment Pool	48,535,663	48,535,663	-	-
State and/or Local Government Debt - Short Term	2,859,808	2,859,808	-	-
Total debt securities	$ 137,009,881	$ 137,009,881	$ -	$ -
Investments (cash equivalents) measured at the net asset value (NAV)				
LGIP - FL Prime	64,023,708			
LGIP - FL FIT	15,057,063			
LGIP - FLCLASS	5,272,603			
Total investments measured at the NAV	84,353,374			
Total investments measured at fair value	**$ 221,363,255**			

D. Interest Rate Risk

The County's investment policy sets limits for investment maturities to match known cash needs and anticipated cash flow requirements. Investments of current operating funds have maturities no longer than twelve (12) months. Core funds, investments of reserves, project funds, debt proceeds, and other non-operating funds have a term appropriate for the needs of the funds in accordance with debt covenants, with a maximum term of five (5) years, and the average duration of the funds as a whole may not exceed three (3) years.

The County utilizes "weighted average duration" as a measurement of interest rate risk; as of September 30, 2019, the investments had a weighted average duration of 1.78 years.

The County had $7,216,527 of securities with embedded options consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate as follows:

CUSIP	Description	Maurity Date	Market Value	Call Schedule	Call Date
46625HQJ2	JP Morgan Chase Corp (Callable) Notes	3/1/2021	$1,005,613	Continuous	2/1/2021
438516BM7	Honeywell International (Callable) Notes	11/1/2021	749,696	Continuous	10/1/2021
57636QAF1	Mastercard Inc Corp (Callable) Notes	11/21/2021	753,134	Continuous	10/21/2021
594918BA1	Microsoft Corp (Callable) Notes	2/12/2022	506,863	Continuous	1/12/2022
458140BB5	Intel Corp (Callable) Notes	5/11/2022	1,011,450	Continuous	4/11/2022
037833CO1	Apple Inc Corp (Callable) Notes	5/11/2022	1,011,837	Continuous	4/11/2022
68389XBB0	Oracle Corp (Callable) Notes	5/15/2022	1,012,187	Continuous	3/15/2022
911312BC9	United Parcel Service (Callable) Notes	5/16/2022	504,039	Continuous	4/16/2022
92826CAG7	Visa (Callable) Notes	9/15/2022	661,708	Continuous	8/15/2022
			$7,216,527		

The County's long term portfolio has no federal instrumentalities mortgage pass-through securities.

The Local Government Investment Pool Short-Term Bond Fund contains asset-backed securities rated AAA, and collateralized mortgage obligations.

E. Credit Risk

The County's investment policy permits the following investments, which are limited to credit quality ratings from nationally recognized rating agencies as described below:

- U.S. Government Treasury Securities, U.S. Government Agency, and Federal Instruments.
- Commercial paper of any United States company that is rated, at the time of purchase, "Prime-1" by Moody's and "A-1" by Standard & Poor's (prime commercial paper).
- Corporate notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum "A" by Moody's and a minimum long-term debt rating of "A" by Standard & Poor's.
- Bankers' acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System, if at the time of purchase, the short-term paper is rated, at a minimum "P-1" by Moody's Investors Services and "A-1" by Standard & Poor's.

- Agency Mortgage Backed Securities that are issued or fully guaranteed as to principal and interest by a U.S. Federal agency or government sponsored enterprise; and asset backed securities with underlying collateral.

- State and/or local government taxable and/or tax-exempt debt, general obligation and/or revenue bonds, rated at least "Aa" by Moody's and "AA" by Standard & Poor's for long-term debt, or rated at least "MIG-2" by Moody's and "SP-2" by Standard & Poor's for short-term debt.

- Registered Investment Companies (Money Market Mutual Funds) rated "AAAm" by Standard & Poor's or the equivalent by another rating agency.

- Intergovernmental Investment Pool rated "AAAm, AAAf, S1" by Standard & Poor's or the equivalent by another rating agency.

As of September 30, 2019, the majority of the County's investment securities in the amount of $137,009,881 were all individually rated AAA, AA+, A+ or A by Standard & Poors Rating Services.

The County's $64,023,708 investment in the Florida State Board of Administration's Local Government Surplus Funds Trust Fund (FL PRIME) was rated by Standard and Poors. The current rating as of September 30, 2019 was AAAm. Additional information for the Florida Prime Investment Pool can be found at https://www.sbafla.com/prime.

The County's $48,535,663 investment in the Local Government Investment Pool Short-Term Bond Fund is rated by Fitch. The current rating as of September 30, 2019 was AAAf, consisting of individually rated securities, primarily AAA rated. Additional information for the Florida Trust Short-Term Bond fund can be found at http://www.floridatrustonline.com.

The County's $5,272,603 investment in Florida Cooperative Liquid Asset Securities System (FLCLASS) Local Government Investment Pool was rated by Standard and Poors. The current rating as of September 30, 2019 was AAAm. Additional information for FLCLASS can be found at https://www.flclass.com.

The County's $15,057,063 investment in Florida Fixed Income Trust (FL FIT) Local Government Investment Pool was rated by Standard and Poors. The current rating as of September 30, 2019 was AAAf. Additional information for FL FIT can be found at https://fl-fit.com.

F. Custodial Credit Risk

The County's investment policy requires securities, with the exception of certificates of deposits, to be held with a third party custodian; and all securities purchased by, and all collateral obtained by the County to be properly designated as an asset of the County. The securities must be held in an account separate and apart from the assets of the financial institution. Certificates of deposits are placed in the provider's safekeeping department for the term of the deposit.

As of September 30, 2019, the County's securities portfolio was held with a third-party custodian as required by the County's investment policy.

G. Concentration of Credit Risk

The County's investment policy establishes asset allocation and issuer limits on the following investments to reduce concentration of credit risk of the County's investment portfolio:

	Asset Allocation Maximum	Individual Issuer Limit
United States Government Securities	100%	N/A
United States Government Agencies (1)	100%	40%
Federal Instruments (1)	50%	25%
Interest Bearing Time Deposit or Saving Account	50%	15%
Repurchase Agreements	20%	10%
Commercial Paper	25%	5%
Corporate Notes	25%	5%
Agency Mortgage-Backed Securities	25%	25%
Asset-Backed Securities	25%	5%
Bankers' Acceptances	10%	5%
State and/or Local Government Taxable and/or Tax-Exempt Debt	25%	5%
Registered Investment Companies (Money Market Mutual Funds)	50%	25%
Intergovernmental Investment Pool (2)	75%	50%

(1) Treasury Strips are limited to 10% of available funds
(2) Fund may not contain derivatives

NOTE 3 – CAPITAL ASSETS

A. Changes in Capital Assets

The following show the changes in capital assets of governmental activities:

	Primary Government			
Governmental Activities	**Beginning Balance 10/1/2018**	**Increases**	**Decreases**	**Ending Balance 9/30/2019**
Capital Assets, Not Being Depreciated:				
Land	$ 64,511,375	$ 3,308,227	$ -	$ 67,819,602
Construction In Progress	34,264,008	67,235,090	(4,861,583)	96,637,515
Total Capital Assets, Not Being Depreciated	98,775,383	70,543,317	(4,861,583)	164,457,117
Capital Assets, Being Depreciated and Amortized:				
Buildings and Improvements	235,774,341	2,666,943	-	238,441,284
Equipment	144,485,045	9,376,254	(5,162,905)	148,698,394
Intangible Computer Software	8,780,878	2,325	(91,720)	8,691,483
Infrastructure	867,220,907	38,809,385	-	906,030,292
Total Capital Assets Being Depreciated	1,256,261,171	50,854,907	(5,254,625)	1,301,861,453
Less Accumulated Depreciation For:				
Buildings and Improvements	(118,391,853)	(7,287,112)		(125,678,965)
Equipment	(119,520,464)	(7,961,860)	4,763,649	(122,718,675)
Intangible Computer Software	(6,630,792)	(927,289)	91,720	(7,466,361)
Infrastructure	(531,988,527)	(21,937,289)	-	(553,925,816)
Total Accumulated Depreciation	(776,531,636)	(38,113,550)	4,855,369	(809,789,817)
Total Capital Assets, Being Depreciated, Net	479,729,535	12,741,357	(399,256)	492,071,636
Governmental Activities Capital Assets, Net	$ 578,504,918	$ 83,284,674	$ (5,260,839)	$ 656,528,753

The following is a summary of governmental activities depreciation and amortization expense by function. As used in this section, the term depreciation includes amortization of intangible assets:

Depreciation Governmental Activities:	
General Government	$ 5,150,466
Public Safety	8,470,208
Physical Environment	2,998,407
Transportation	15,794,321
Economic Environment	1,007,492
Human Services	102,345
Culture/Recreation	3,132,503
Court Related	1,387,972
Capital Assets held by the government's Internal Service Fund and charged to individual functions based on usage	69,836
Total Depreciation Expense - Governmental Activities	$ 38,113,550

The following shows the changes in capital assets of business type activities:

	Primary Government			
Business-type Activities	**Beginning Balance 10/1/2018**	**Increases**	**Decreases**	**Ending Balance 9/30/2019**
Capital Assets, Not Being Depreciated:				
Land	$ 5,793,269	$ -	$ -	$ 5,793,269
Construction In Progress	4,968,712	3,005	-	4,971,717
Total Capital Assets, Not Being Depreciated	10,761,981	3,005	-	10,764,986
Capital Assets, Being Depreciated:				
Buildings and Improvement	37,341,150	36,630	-	37,377,780
Equipment	27,562,219	3,554,104	(958,127)	30,158,196
Intangible Computer Software	176,255	-	-	176,255
Infrastructure	49,657,042	2,081,660	-	51,738,702
Total Capital Assets Being Depreciated	114,736,666	5,672,394	(958,127)	119,450,933
Less Accumulated Depreciation For:				
Buildings and Improvements	(29,020,174)	(878,610)	-	(29,898,784)
Equipment	(19,307,153)	(2,600,593)	958,086	(20,949,660)

Total	$ 132,988,011	$ 95,087,244
Business Type Activities		
Solid Waste Landfill Projects	$ 3,690,437	$ 629,512
Solid Waste Landfill Equipment	-	1,273,534
Total	$ 3,690,437	$ 1,903,046

D. Discretely Presented Component Unit

Capital assets activity for the Santa Rosa Island Authority, a discretely presented component unit, for the year ended September 30, 2019, was as follows:

	Component Unit			
Santa Rosa Island Authority	**Beginning Balance 10/1/2018**	**Increases**	**Decreases**	**Ending Balance 9/30/2019**
Capital Assets, Being Depreciated:				
Buildings	1,110,272	-	(45,663)	1,064,609
Improvements other than Buildings	28,084	10,680	-	38,764
Equipment	236,709	15,870	(4,070)	248,509
Total Capital Assets Being Depreciated	1,375,065	26,550	(49,733)	1,351,882
Less Accumulated Depreciation For:				
Capital Assets	(788,323)	(37,443)	39,399	(786,367)
Capital Assets, Net	$ 586,742	$ (10,893)	$ (10,334)	$ 565,515

The following is a summary of the component unit business-type activities depreciation expense by program:

Depreciation component unit:	
Santa Rosa Island Authority	$ 37,443
Total Depreciation Expense - Component Unit	$ 37,443

NOTE – 4 INTERFUND RECEIVABLES, PAYABLES, ADVANCES, AND TRANSFERS

The composition of interfund balances as of September 30, 2019 is as follows:

	Receivable From Other Funds	**Payable to Other Funds**
Major Funds:		
General Fund	$ 143,795	$ 326,417
Major Capital Project Fund:		
Local Option Sales Tax Fund (LOST)	-	143,795
Non-major Funds:		
Special Revenue Funds	234,669	538,819
Internal Service Fund	630,567	-
	$ 1,009,031	$ 1,009,031

	Advances Receivable from Other Funds	Advances Payable to Other Funds
Major Funds:		
Major Special Revenue Funds:		
Disaster Recovery Fund	$ -	$ 6,644,790
Major Capital Project Fund:		
Local Option Sales Tax Fund (LOST)	9,121,289	-
Non-major Funds:		
Special Revenue Funds	-	2,476,499
	$ 9,121,289	$ 9,121,289

Interfund receivables and payables resulted primarily from revenues accrued in certain funds that are transferred to other funds. Advances consist primarily of transactions between funds to finance operations, provide services, construction of assets and to service debt.

	Transfers In	Transfers Out
Major Funds:		
General Fund	$ 4,349,231	$ 13,704,913
Major Special Revenue Funds:		
CRA	17,500	-
Major Capital Project Fund:		
Local Option Sales Tax (LOST)	-	6,912,244
Major Enterprise Fund:		
Solid Waste Fund	-	529,744
Emergency Medical Service Fund	-	1,793,753
Non-major Funds:		
Special Revenue Funds	9,392,026	5,622,161
Debt Service Funds	13,104,058	-
Enterprise Funds	1,700,000	-
	$ 28,562,815	$ 28,562,815

Transfers to or from other funds are based on budgetary requirements. Transfers are also used to move pledged revenue for debt service from the funds collecting the revenue to the debt service fund as required for bond coverage.

NOTE 5 – OTHER ASSETS

A summary of other assets as of September 30, 2019 is as follows:

	General Fund	LOST Fund	Total
PEDC receivable	$ 12,735	$ 2,272,742	$ 2,285,477
City of Pensacola receivable	-	3,200,000	3,200,000
IHMC loan receivable	-	7,050,000	7,050,000
SRIA loan receivable	-	2,515,000	2,515,000
PDC lease receivable	3,055,064	-	3,055,064
	$ 3,067,799	$ 15,037,742	$ 18,105,541

A. PEDC Receivable

The County has an interlocal agreement with the Pensacola Economic Development Commission (PEDC) to fund the development of the Downtown Technology Park Infrastructure. The majority of the funding source is from Local Option Sales Tax. There is no time limitation on the repayment; however, net proceeds from the sale of each Downtown Technology Park lot will be applied to the outstanding balance.

B. City of Pensacola Receivable

The County has an interlocal agreement with the City of Pensacola relating to the funding of a capital construction project at the Pensacola International Airport to aid in the development and improvement of the local economy. Under this agreement, the County provided $3.2 million to the City to assist with this project and the funds are required to be repaid no later than December 31, 2019.

C. IHMC Note Receivable

On November 14, 2013, the County and the Florida Institute for Human and Machine Cognition, Inc., (IHMC) entered into an agreement whereby the County's LOST Fund committed to loan up to $12 million to IHMC for paying off existing indebtedness and expansion of facilities in downtown Pensacola. During prior years IHMC borrowed $11,994,700, and the remaining $5,300 was utilized to pay debt service. On November 28, 2018, the County restructured the loan to an effective yield rate of 1.98%-3.25% payable to the County over the remaining 15 year period from the inception of the agreement. The principal balance owed at September 30, 2019 was $7,050,000. IHMC is committed to making the following payments to the County under the payment plan:

Year	Principal	Interest	IHMC Payment Schedule
2020	$ 660,000	$ 352,500	$ 1,012,500
2021	690,000	319,500	1,009,500
2022	715,000	285,000	1,000,000
2023	745,000	249,250	994,250
2024	780,000	212,000	992,000
2025-2028	3,460,000	441,750	3,901,750
	$ 7,050,000	$ 1,860,000	$ 8,910,000

D. SRIA Note Receivable

On September 30, 2014, the County and the Santa Rosa Island Authority (SRIA) entered into an interlocal agreement for the County to provide up to $8.5 million of financing for sand re-nourishment and restoration on Santa Rosa Island. During prior years, SRIA borrowed the entire $8.5 million under this agreement at a variable interest rate. The loan is payable to the County over a 7 year period requiring fixed payments on the assumption that all $8.5 million was drawn by SRIA at inception of the agreement. The principal balance owed at September 30, 2019 was $2,515,000. SRIA is committed to making the following payments to the County under the payment plan:

Year	
2020	1,250,000
2021	1,265,000
	$ 2,515,000

E. PDC Capital Lease Receivable

The County has a capital lease agreement with Pensacola Developmental Center (PDC) for 7.08 acres of property and buildings used as an intermediate care facility for the developmentally disabled. The lease provides for transfer of ownership of the buildings and property at the conclusion of the lease. Terms of the lease include monthly payments of principal and interest at 5% per annum. The lease expires June 30, 2036.

The remaining lease payments are a deferred inflow of resources of the General Fund. As of September 30, 2019 future lease payments totaling $3,055,064 consists of principal of $2,066,335, and interest of $988,729. In the government-wide financial statements, only the interest is reported as a deferred inflow.

The future capital lease receivable and the net present value of the minimum lease payments as of September 30, 2019, were as follows:

Capital Lease Receivable		
Balance 10/01/2018	$	2,143,309
Additions		-
Principal reductions		(76,974)
Balance 09/30/2019	$	2,066,335

Future Lease Payments		
2020	$	182,392
2021		182,392
2022		182,392
2023		182,392
2024		182,392
2025-2036		2,143,104
Total minimum lease payment		3,055,064
Less: amount representing interest		(988,729)
Present value of minimum lease payments	$	2,066,335

NOTE 6 - LONG TERM LIABILITIES

A. Schedule of Changes in Long Term Liabilities

The County's outstanding long-term debt includes bonds payable, revenue notes payable, claims payable, compensated absences, other post employment benefits, net pension liability-proportionate share, claims and judgments, accrued landfill closure costs, and remediation costs.

The following is a schedule of changes in the County's long term liabilities for the fiscal year ended September 30, 2019:

	Balance 10/1/18	Additions	Reductions	Balance 9/30/2019	Due Within One Year
Governmental Activities:					
Revenue bonds payable	$ 115,545,000	$ 41,545,000	$ (41,200,000)	$ 115,890,000	$ 3,270,000
Revenue notes payable	50,484,000	-	(13,119,000)	37,365,000	3,355,000
Bonds/notes payable	166,029,000	41,545,000	(54,319,000)	153,255,000	6,625,000
Unamortized Bond Issue Premiums	10,228,121	5,318,882	(692,604)	$ 14,854,399	-
Total bonds/notes payable	176,257,121	46,863,882	(55,011,604)	168,109,399	6,625,000
Claims payable	9,971,921	1,982,591	(2,476,512)	9,478,000	2,916,000
Compensated absences	27,052,325	14,955,911	(15,595,179)	26,413,057	2,641,306
Net other post employment benefits	19,388,287	-	(30,421)	19,357,866	-
Net pension liability *	183,891,998	28,169,705	-	212,061,703	-
Pollution remediation obligation	180,000	-	-	180,000	120,000
Governmental activities long-term liabilities	$ 416,741,652	$ 91,972,089	$ (73,113,716)	$ 435,600,025	$ 12,302,306
Business-type Activities:					
Compensated absences	$ 1,361,491	$ 848,543	$ (999,940)	$ 1,210,094	$ 120,502
Net other post employment benefits*	926,077	36,068	(121)	962,024	-
Net pension liability	16,335,633	2,574,777	-	18,910,410	-
Landfill closure costs	16,483,068	1,150,451	-	17,633,519	77,116
Business-type activities Long-term liabilities	$ 35,106,269	$ 4,609,839	$ (1,000,061)	$ 38,716,047	$ 197,618

* presented net increases (decreases)

Compensated absences, other net post employment benefits, and net pension liability will be liquidated in future periods primarily by the General Fund.

B. Bonds and Notes Payable

The County has revenue bonds and revenue notes payable outstanding at year end. There are no lines of credit issued for the County. There are no significant, finance-related consequences, or subjective acceleration clauses contained in the County debt issues. The Sales Tax Refunding Revenue Note, Series 2012 is subject to mandatory prepayment at the option of the note holder on 10/1/2027, and thereafter. The County revenue bonds have been issued as public offerings. The County revenue notes are not issued directly to investors or lenders, but are issue issued through a financial intermediary; note terms are not directly negotiated by the County with the investor or lender. The County bonds and notes are not direct borrowing or direct placement debt. As of September 30, 2019, there are no business type-activity notes or bonds payable.

The following is a schedule of bonds and notes outstanding at September 30, 2019:

	Purpose of Issue	Amount Issued	Amount Outstanding	Interest Rates	Final Maturity
Governmental Activities:					
Revenue Bonds:					
Sales Tax Revenue Bonds,					
Series 2017	Capital Project	78,060,000	77,050,000	2%-5%	10/1/2047
Capital Improvement Refunding Revenue Bond					
Series 2018	Capital Project	$ 41,545,000	$ 38,840,000	5.000%	10/1/2031
Total Revenue Bonds			115,890,000		
Revenue Notes:					
Sales Tax Refunding Revenue Note					
Series 2012	Refunding	$ 48,040,000	$ 34,850,000	2.820%	10/1/2032
Tourist Development Refunding Revenue Note					
Series 2012	Refunding	8,406,000	-	1.599%	10/1/2019
Capital Improvement Revenue Note					
Series 2014	Capital Project	8,500,000	2,515,000	1.390%	10/1/2021
Total Revenue Notes			37,365,000		
Total Bonds & Notes Payable - Governmental Activities			**$ 153,255,000**		

C. Pledged Revenues

Escambia County has pledged certain revenues to repay certain bonds and notes outstanding at September 30, 2019. There are no assets pledged as collateral for debt. The following table reports the revenues, sometimes net of related operating expenses, pledged for each debt issue, the amount of such revenues received in the current year, the current year principal and interest paid on the debt, the approximate percentage of each revenue which is pledged to meet the debt obligation, the date through which the revenue is pledged under the debt agreement, and the total pledged future revenues for each debt, which is the amount of the remaining principal and interest on the bonds and notes at September 30, 2019:

Governmental Activities	**Revenue Pledged**	**Current Year Total Revenue**	**Pledged Outstanding Principal & Interest**	**Estimated Revenue Percentage Pledged**	**Principal & Interest Paid**	**Maturity Calandar Year**
Revenue Bonds and Notes:						
Sales Tax Revenue Bond Series 2017	Half Cent Sales Tax	$ 27,392,846	$ 150,527,500	19.6%	$ 4,197,000	2047
Capital Improvement Refunding Revenue Bond Series 2018	Non-Ad valorem	4,789,509	51,820,750	90%	4,453,352	2031

Capital Improvement Revenue Note Series 2014	Non-Ad valorem	1,282,556	2,567,542	100%	1,282,056	2021
Total Revenue Bonds and Notes - Governmental Activities			$ 247,503,145		$ 14,330,227	

D. Compensated Absences

Compensated absences are accrued in proprietary funds at year end. The County does not accrue compensated absences in governmental funds; however, compensated absences paid in governmental funds are charged to the fund and function in which the employee was related and are reported as a liability on the governmental activities statement of net position. The following is a summary schedule of compensated absences as of September 30, 2019:

	Balance 10/1/18	Additions	(Reductions)	Balance 9/30/19
Governmental Activities:				
Board of County Commissioners	$ 13,243,143	$ 6,847,535	$ (7,764,930)	$ 12,325,748

	$ 1,361,491	$ 848,543	$ (999,940)	$ 1,210,094

E. Other Post Employment Benefits (OPEB)

Other Post Employment Benefits (OPEB) are accrued in proprietary funds at year end. The County does not accrue OPEB in governmental funds; however, these benefits in governmental funds are charged to the fund and function in which the employee was related and are reported as a liability on the governmental activities statement of net position. The following is a summary schedule of OPEB as of September 30, 2019:

	Balance 10/1/18	Additions	(Reductions)	Balance 9/30/19
Governmental Activities:				
Governmental Activities	$ 19,388,287	$ -	$ (30,421)	$ 19,357,866
	$ 19,388,287	$ -	$ (30,421)	$ 19,357,866
Business-type Activities:				
Solid Waste Fund	$ 190,950	$ 1,994	$ -	$ 192,944
Emergency Medical Service Fund	591,226	34,074	-	625,300
Inspections Fund	143,901	-	(121)	143,780
	$ 926,077	$ 36,068	$ (121)	$ 962,024

F. Net Pension Liability (NPL)

The following is a summary schedule of the net pension liability as of September 30, 2019:

Net pension liability FRS

	Balance 10/1/18	Increase (Decrease)	Balance 9/30/19

(1) Includes debt service on the County's Sales Tax Refunding Revenue Note, Series 2012, Sales Tax Revenue Bonds, Series 2017 and Capital Improvement Revenue Note, Series 2014.

H. Long-Term Debt – Bonds and Notes

The **Sales Tax Refunding Revenue Note, Series 2012** in the aggregate amount of $48,040,000 was issued on August 1, 2012. The Note has a fixed interest rate of 2.820% and a maturity date of October 1, 2032. The proceeds of the 2012 Note refunded on a current basis the balance of the Sales Tax Revenue Refunding Bonds Series 2002. The Bond is secured by certain pledged revenues consisting primarily of amounts received by the County as proceeds of the local Government Half-Cent Sales Tax.

The **Tourist Development Refunding Revenue Note, Series 2012** in the aggregate amount of $8,406,000 was issued on November 19, 2012. The note has a fixed interest rate of 1.599% and a maturity date of October 1, 2019. The proceeds of this note advance refunded the Tourist Development Revenue Refunding Bond, Series 2002; authorized for the purpose of the acquisition, construction, reconstruction of certain transportation facilities and certain beach nourishment improvements. The Bond is secured by a covenant to budget and appropriate from available Non-Ad Valorem revenues, and certain pledged revenues consisting of amounts received by the County as proceeds of the local Tourist Development Tax.

The **Capital Improvement Revenue Note, Series 2014** in the amount of $8,500,000 was issued on September 30, 2014. The Note has a fixed interest rate of 1.390% and a maturity date of October 1, 2021. The proceeds of this note, in addition to matching funds approved by the State of Florida, were used to re-nourish 8.2 miles of Pensacola Beach located on Santa Rosa Island. The Note is secured by a covenant to budget and appropriate from legally available Non-Ad Valorem revenues.

The **Sales Tax Revenue Bond, Series 2017** for a par amount of $78,060,000 and a net premium of $10,682,424 was issued on June 22, 2017. The bonds have coupon rates ranging from 2% to 5%, with the yield ranging from .93% to 3.69% and a maturity date of October 1, 2047. The proceeds of this bond are reported in the 2017 Capital Projects fund and are being used for the construction of the new Jail Facility. The bond is secured by certain pledged revenues consisting of amounts received by the County as proceeds of the Local Government Half-Cent Sales Tax. As of September 30, 2019 there were unspent proceeds and net premium of $45,429,170.

Bond compliance updates for the Sales Tax Revenue Bond, Series 2017 consist of:

- Historical sales tax revenue, which can be found in the Statistical Section (schedule 12).
- Pro forma debt service coverage from sales tax revenue, which can be in the Statistical Section (schedule 13)

The **Capital Improvement Refunding Revenue Bond, Series 2018** for a par amount of $41,545,000 and a net premium of $5,318,882 was issued on November 28, 2018. The bonds have an average coupon rate 5%, with a true interest cost of 2.978988% and a maturity date of October 1, 2031. The Bonds are secured by a covenant to budget and appropriate from legally available Non-Ad Valorem revenues, and will use the same source of pledged revenue as the refunded issues. The proceeds of this bond are reported in the debt service fund and used to current refund the following three issues:

- The Sales Tax Refunding Revenue Bond, Series 2011 which was issued in the aggregate amount of $29,535,000 on October 21, 2011. The proceeds of this bond were used to advance refund a portion of the Sales Tax Revenue Refunding Bonds Series 2002. The Bond was secured by certain pledged revenues consisting primarily of amounts received by the County as proceeds of the Local Government Half-Cent Sales Tax.

- The Capital Improvement Refunding Revenue Bond, Series 2011 which was issued in the aggregate amount of $19,345,000 on December 9, 2011. The proceeds of this 2011 Bond were used to advance refund all of the outstanding Capital Improvement Revenue Bonds Series 2002. The Bond was secured by a covenant to budget and appropriate from available Non-Ad Valorem revenues.

- The Capital Improvement Revenue Note, Series 2013 which was issued in the aggregate amount of $12,000,000 on November 14, 2013. The proceeds of this note reimbursed the LOST fund for acquisition and construction of certain transportation and drainage related capital improvements of the County. The Note was secured by a covenant to budget and appropriate from legally available Non-Ad Valorem revenues.

Bond compliance updates for the Capital Improvement Refunding Revenue Bond, Series 2018 consist of:

- Historical Non-Ad Valorem Revenues, which can be found in the Statistical Section (schedule 14).
- Debt Service Requirements, which can be found in Note 6 of this financial statement.
- Compliance with Anti-Dilution Test, which can be found in the Statistical Section (schedule 15).

I. Current Year Defeased Debt

During the current year, the County issued at par $41,545,000 of Series 2018 Capital Improvement Refunding Revenue Bonds with an average coupon rate of 5% and a true interest cost of 2.979%. The current refunding proceeds were used to repay the following previously issued debt:

- $12,435,000 of outstanding Series 2011 Capital Improvement Refunding Bonds with an interest rate of 3.78%.
- $21,410,000 of outstanding Series 2011 Sales Tax Refunding Revenue Bonds with a with a variable interest rate ranging between 2.0% and 5.0%
- $7,700,000 of outstanding Series 2013 Capital Improvement Revenue Note with an interest rate of 3.861%.

The gross proceeds of $41,545,000 plus a premium of $5,318,882, were deposited in the County's debt service fund to make payments of $309,882 in bond counsel fees and issuance costs, and to repay the two 2011 Series Bonds and, the 2013 Series Note. As a result, these series bonds and note are considered to be defeased and, the liability for those bonds and note has been removed from the government-wide statement of net position.

The refunding resulted in a premium of $5,318,882. In the government-wide financial statements, bond premiums and discounts are amortized over the term of the bonds using the straight-line (bonds outstanding) method, which approximates the effective interest method. Bond premiums/discounts are presented as additions/reductions to the face amount of bonds payable. On the governmental fund financial statements, bond premiums and discounts are recognized in the period when the debt is issued. Note premiums are presented as an addition to the face of the notes payable. The County completed the current refunding to reduce its total debt service payments over the next thirteen years by $2,395,456 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of $1,982,426.

J. Arbitrage Liability

This liability represents the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The Sales Tax Revenue Bond, Series 2017 has an arbitrage yield rate of 3.174739%. Pursuant to Section 148 (f) of the U.S. Internal Revenue Code, the County must rebate any excess to the United States Government. Arbitrage rebate, if any is due and payable on each five-year anniversary of the respective bond issue. For the fiscal year ended September 30, 2019, there is no arbitrage liability outstanding.

K. Conduit Debt Obligations

Conduit debt obligations have been established in the County's name by private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans and leases. Neither the County, nor the State, nor any political subdivision thereof, is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2019, the outstanding conduit debt of Escambia County is $378,950,000.

L. Landfill Closure and Postclosure Care Liability

State and federal laws and regulations require the County to place a final cover on its landfill when closed and to perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The cost of closure and postclosure care is allocated based on landfill capacity used to date and the type of waste being collected. The Beulah, Klondike, Mobile Highway, and Camp Five landfills are closed. Perdido Landfill is the only currently open landfill. Perdido Landfill design life is 66 years and future landfill cells will provide disposal capacity through 2055.

As of September 30, 2019, Perdido Landfill's Class I capacity is at 45.45%, leaving an estimated life of thirty seven (36) years remaining. The accrued cost for closure care and postclosure care as of September 30, 2019, is $17,633,519. The remaining closure and postclosure costs to be recognized, based upon the current engineering estimates are $20,976,325, and will be recognized as the remaining estimated capacity is used. All amounts recognized are based on an estimate by the County's engineers of the cost to perform all closure and postclosure care as of September 30, 2019. Actual costs may be different due to inflation, deflation, changes in technology, or changes in laws and regulations. The landfill is in the process of expansion to add additional capacity and useful life.

The County is required by state and federal laws and regulations to establish escrow accounts for closure and postclosure costs of the landfill. The County has complied with these requirements by depositing required amounts into a landfill management escrow account. Any balance in the account is reported as a restricted asset on the statement of net position of the Solid Waste Enterprise Fund. The restricted escrow balance as of September 30, 2019 is $9,723,660.

Closure and Postclosure Care Liability:

	2019	2018
Current	$ 77,116	$ 74,693
Long-term	17,556,403	16,408,375
Total Liability	$ 17,633,519	$ 16,483,068

M. Pollution Remediation Obligation

The County has identified potential pollution sites within the County which may require remediation. The county tracks, but does not report a liability for sites which are part of the State of Florida Department of Environmental Protection (FDEP) cleanup program funded by the State. Information on these locations and on scoring of projects is located on the FDEP website at www.dep.state.fl.us./waste.

The former Escambia County Mosquito Control Facility pollution remediation expenditures were approximately $31,000 during fiscal year 2019. Revised estimates for projected costs through 2020 are $100,000.

Pollution remediation obligations are an estimate and subject to changes resulting from price increases or reductions, technology or changes in applicable laws or regulations. The government does not expect to recover any amounts for remediation cost from any other party. The total pollution remediation obligation reported at September 30, 2019 in the governmental activities statement of net position is estimated to be approximately $180,000.

NOTE 7 - RISK MANAGEMENT PROGRAM

The County maintains a risk management program whereby the County is responsible for specific workers' compensation, general property and casualty, and auto liability claims. The risk management program is additionally responsible for active employee and retiree medical, prescription drug, and dental plans. The Santa Rosa Island Authority and Escambia County Law Library Board are also covered through the County's risk management program. The following are the types of risks and coverage:

Workers Compensation – The County is covered for workers' compensation claims through a policy with the Florida Municipal Insurance Trust. The County was self-insured for workers compensation claims prior to 2008. Coverage limits under the policy include statutory limits, as well as $1,000,000 bodily injury for each accident and $1,000,000 bodily injury by disease for each employee with an aggregate $1,000,000 policy limit.

Casualty and Property – The County is self-insured for liability. Limits, unless immunity is waived, are $200,000 per claim with a $300,000 aggregate limit pursuant to Florida's Sovereign Immunity Statute § 768.28. Property limits are $75 million for all risks including flood and wind with a $25,000 deductible per occurrence.

Medical – The County offers medical and dental benefits to employees and retirees, under self-insured plans administered by Florida Blue and Delta Dental. Effective January 1, 2016 medical limits are self-insured for $250,000 annually per covered individual, with annual $1,000,000 aggregate stop loss coverage.

The County currently reports all of its risk management activities, including claims liabilities, in the Internal Service Fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities on workers compensation, casualty and property claims prior to June 9, 2008 include an amount for claims that have been incurred but not reported (IBNR). The claims liabilities totaling $9,478,000 reported in the Internal Service Fund at September 30, 2019 are actuarially determined based on historical and current information regarding the Fund. There were no settlements in excess of the insurance coverage in any of the three prior fiscal years.

Changes in the estimated liability for self-insured losses for the past two years are as follows:

Workers compensation, casualty & property:

	2019	2018
Unpaid claims, beginning	$ 8,272,921	$ 8,680,464
Claims incurred and changes in estimates	1,861,591	1,260,869
Less: claims paid	(2,476,512)	(1,668,412)
Unpaid claims, ending	$ 7,658,000	$ 8,272,921
Estimated claims due within one year	(1,096,000)	(1,469,831)
Estimated claims due longer than one year	$ 6,562,000	$ 6,803,090

Medical:

	2019	2018
Unpaid claims, beginning	$ 1,699,000	$ 1,105,000
Changes in estmates	121,000	594,000
Claims incurred	23,123,384	22,596,188
Less: claims paid	(23,123,384)	(22,596,188)
Unpaid claims, ending	$ 1,820,000	$ 1,699,000
Estimated claims due within one year	(1,820,000)	(1,699,000)
Estimated claims due longer than one year	$ -	$ -

NOTE 8 - RETIREMENT SYSTEM

The County participates in the Florida Retirement System (FRS) which is a cost sharing multiple employer contributory retirement system administered by the State of Florida (State). The FRS was established in 1970 by Chapter 121, Florida Statutes. In 2002 the FRS was amended to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. Chapter 112, Florida Statutes established the Retiree Health Insurance Subsidy (HIS) Program, a cost–sharing multiple employer defined benefit pension plan to assist retired members of any state-administered retirement system in paying the cost of health insurance.

The State of Florida Retirement System issues a publicly available stand-alone financial report (CAFR) which includes financial statements and required supplementary information. Also available are the pension systems actuarial reports to support the schedules of employer allocations and schedules of pension amounts by employer. These reports are available on the division's website at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The CAFR and actuarial reports may also be obtained by contacting the Division of Retirement at:

Department of Management Services

There are six classes of membership applicable to the County. Members are eligible for normal retirement when they have met the requirements listed below. Early retirement may be taken any time after vesting within 20 years of normal retirement age; however, there is a 5 percent benefit reduction for each year prior to the normal retirement age.

- ***Regular Class, Senior Management Service Class, and Elected Officers' Class Members –*** For members initially enrolled in the FRS before July 1, 2011, six or more years of creditable service and age 62, or the age after completing six years of creditable service if after age 62. Thirty years of creditable service regardless of age before age 62. For members initially enrolled in the FRS on or after July 1, 2011, eight or more years of creditable service and age 65, or the age after completing eight years of creditable service if after age 65. Thirty-three years of creditable service regardless of age before age 65.

- ***Special Risk Class and Special Risk Administrative Support Class Members*** – For members initially enrolled in the FRS before July 1, 2011, six or more years of Special Risk Class service and age 55, or the age after completing six years of Special Risk Class service if after age 55. Twenty- five years of special risk service regardless of age before age 55. A total of 25 years of service including special risk service and up to four years of active duty wartime service and age 52. Without six years of Special Risk Class service, members of the Special Risk Administrative Support Class must meet the requirements of the Regular Class. For members initially enrolled in the FRS on or after July 1, 2011, eight or more years of Special Risk Class service and age 60, or the age after completing eight years of Special Risk Class service if after age 60. Thirty years of special risk service regardless of age before age 60. Without eight years of Special Risk Class service, members of the Special Risk Administrative Support Class must meet the requirements of the Regular Class.

- **The Deferred Retirement Option Program (DROP)** is available under the FRS Pension Plan when the member first reaches eligibility for normal retirement. The DROP allows a member to retire while continuing employment for up to 60 months.

FRS Membership and Plan Benefits - The FRS Pension Plan provides retirement and disability benefits, death benefits and survivor's benefits. Members are also eligible for in-line-of-duty or regular disability benefits if permanently disabled and unable to work. Benefits are established by State Statutes. Retirement benefits are based on a formula comprised of age, average compensation, length of FRS service, and membership class. Average compensation is computed as the average of an individual's five highest years of earnings for employees hired before July 1, 2011 or eight highest years of earnings for employees hired on or after July 1, 2011. The amount of benefit payments is also affected by the retirement income option chosen by the plan participant.

Pension plan participants may choose to receive benefit in retirement under one of four options which will include a 3% cost-of-living adjustment each July (adjustments are only applicable for FRS service earned prior to July 1, 2011).

If a pension plan participant leaves FRS-covered employment, the pension plan benefit is frozen until the employee returns to FRS-covered employment or begins receiving early or normal retirement benefit.

HIS Membership and Plan Benefits - The HIS membership is available to all members within the FRS and defined contribution Investment Plan. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $5. The minimum payment is $30 and the maximum payment is $150 per month, pursuant to section 112.363 Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Contribution Requirements -The County is required to contribute at an actuarially determined rate; these rates are a percent of annual covered payroll. Employees are required to contribute 3% of their annual salary, while members participating in DROP are not required to make the 3% contribution. The County's contractually required contribution rate includes the HIS contribution, .06% administrative and educational fee and any applicable unfunded actuarial liability "UAL" rates. The HIS required contribution rate is 1.66% for both the 2018 and 2019 FRS plan years. This contribution when combined with the employee contribution is expected to finance the cost of the benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Descriptions and contribution rates in effect during the period ended September 30, 2019 and two preceding FRS fiscal years are as follows:

	7/1/19-9/30/19	7/1/18-6/30/19	7/1/17-6/30/17	7/1/16-6/30/16
Regular Class - Members not qualifying for other classes:	8.47%	8.26%	7.92%	7.52%
Senior Management:	25.41%	24.06%	22.71%	21.77%
Elected Officials Class:	48.82%	48.70%	45.50%	42.47%
Deferred Retirement Option Program (DROP):	14.60%	14.03%	13.26%	12.99%
Special Risk Class - Members employed as law enformement officers, firefighters, or correctional officers meet the criteria to qualify for this class:	25.48%	24.50%	23.27%	22.57%
Special Risk Administrative Support:	38.59%	34.98%	34.63%	28.06%

For the years ending September 30, 2019, 2018, 2017, the County contributed $20,797,709, $19,300,469, and $17,499,025, respectively, equal to 100% of the required contributions for each year.

The Florida Legislature has the authority for establishing or amending retirement legislation and related bills of significance to members of the Florida Retirement System (FRS). Passed bills are presented to the Governor and approved before they may be enacted into law.

Net pension liability, deferred outflows/inflows of resources and pension expense related to the County defined benefit pension plan

At September 30, 2019, the County reported a liability of $230,972,113 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The County's proportion of the net pension liability was based on the County's long-term share of contributions to the FRS relative to the contributions of all participating governments. At June 30, 2019, the County's change in proportion was decreased from its proportion measured as of June 30, 2018.

The following table presents the information on the County's proportionate share of the FRS and HIS:

	FRS	HIS	County Total
Proportionate Share of Net Pension Liability at June 30, 2019	$ 189,114,199	$ 41,857,914	$ 230,972,113
County's proportion at June 30, 2019	0.0054913	0.0037410	
County's proportion at June 30, 2018	0.0053661	0.0036467	
Change in proportion during current year	0.0001252	0.0000943	

For the fiscal year ended September 30, 2019, the County recognized pension expense of $31,362,449.

At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS		County Total
	Deferred Outflow	Deferred Inflow	Deferred Outflow	Deferred Inflow	Deferred Outflow (Deferred Inflow)
Differences between expected and actual experience	$ 11,216,904	$ 117,363	$ 508,411	$ 51,251	$ 11,556,701
Changes in assumptions	48,572,663	-	4,846,751	3,421,125	49,998,289
Net difference between projected and actual earnings on pension plan investments	-	10,462,784	27,010	-	(10,435,774)
Changes in proportion and differences between County contributions and proportionate share of contributions	8,256,955	4,317,947	3,280,130	1,676,210	5,542,928
County contributions subsequent to the measurement date	4,094,130	-	480,660	-	4,574,790
	$ 72,140,652	$ 14,898,094	$ 9,142,962	$ 5,148,586	$ 61,236,934

The $4,574,790 reported as deferred outflows related to pensions resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2020. The significant change in assumption was the decrease in the discount rate. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Reporting year Ending Sept 30,	FRS	HIS	County Total Deferred Outflow (Deferred Inflow)
2020	$ (19,274,778)	$ (1,497,411)	$ (20,772,189)
2021	(5,814,609)	(1,198,423)	(7,013,032)
2022	(14,048,643)	(656,013)	(14,704,656)
2023	(10,597,778)	476,372	(10,121,406)
2024	(2,733,121)	(86,530)	(2,819,651)
Thereafter	(679,499)	(551,711)	(1,231,210)
TOTALS	$ (53,148,428)	$ (3,513,716)	$ (56,662,144)

The total FRS pension liability as of the actuarial valuation date of July 1, 2019 was determined based on the discount rate using the following actuarial assumptions, applied to all periods included in the measurement. The total pension liability is calculated using the Individual Entry Age Normal cost allocation method, which differs from the Ultimate Entry Age Normal cost allocation method used in the funding valuation for the system.

FRS actuarial methods and assumptions are:

Valuation Date	7/1/2019
Measurement Date	6/30/2019
Actuarial cost allocation method	Individual Entry Age Normal
Amortization method	Level Percentage of Pay, Closed
Equivalent single amortization period	30 years
Asset valuation method	Fair market value
Actuarial Assumptions:	
Discount rate	6.90%
Long-term expected rate of return, net of investment expense, including inflation	6.90%
Municipal bond rate	N/A
Inflation	2.60%
Salary increases including inflation	3.25%

Mortality rates were based on the PUB2010 base table, projected generationally with Scale MP-2018.

HIS actuarial methods and assumptions are:

Valuation Date	7/1/2019
Measurement Date	6/30/2019
Actuarial Assumptions:	
Discount rate	3.50%
Long-term expected rate of return, net of investment expense, including inflation	N/A
Municipal bond rate	3.50%
Inflation	2.60%
Salary increases including inflation	3.25%

Mortality rates were based on the Generational RP-2000 with projection scale BB.

The actuarial assumptions that determined the total pension liability as of June 30, 2019 were based on the results of an actuarial experience study for the period of July 1, 2013 – June 30, 2018.

The discount rate used for calculating the total FRS pension liability was 6.9%, The FRS plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long term expected rate of return. The discount rate used for calculating the total HIS pension liability is equal to the single rate that results in the same actuarial present value as would be calculated by using two different discount rates for the discount at the long-term expected rate of return for benefit payments prior to the projected depletion of the fiduciary net pension (trust assets) and the discount at a municipal bond rate for benefit payments after the projected depletion date. The HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor.

The long term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The target allocation and best estimates of arithmetic and geometric real rates of returns for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	2.9%	2.9%	1.8%
Fixed income	18%	4.4%	4.3%	4.0%
Global equity	54%	7.6%	6.3%	17.0%
Real estate	11%	6.6%	6.0%	11.3%
Private equity	10%	10.7%	7.8%	26.5%
Strategic investments	6%	6.0%	5.7%	8.6%
	100.0%			
Assumed Inflation - Mean			2.6%	1.9%

(1) As outlined in the Plan's investment policy

Sensitivity of the County's proportionate share of the pension liability to changes in the discount rate is calculated using the discount rate for the respective plans, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

FRS Net Pension Liability (Asset)		
1% Decrease 5.90%	Current Discount Rate 6.90%	1% Increase 7.90%
$ 326,915,475	$ 189,114,199	$ 74,026,824

HIS Net Pension Liability (Asset)		
1% Decrease 2.50%	Current Discount Rate 3.50%	1% Increase 4.50%
$ 47,782,955	$ 41,857,914	$ 36,923,026

Detailed information about the pension plan's fiduciary net position is available in the separately issued FRS financial report.

NOTE 9 - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Other postemployment benefits are provided by the County in the form of life and health insurance for pre-Medicare eligible retirees at the same rate as active participants. In health insurance plans where a government's retirees and current employees are insured together as a group, the premiums paid by the retirees may be lower than they would have been if the retirees were insured separately. This is called an *implicit rate subsidy*. Under this single-employer OPEB plan, benefit provisions are essentially the same for the Board of County Commissioners and all of the other Constitutional Officers, except for the Sheriff, who maintains a separate health insurance contract and therefore has different costs associated with the premium payments on behalf of the Sheriff's employees.

A stand-alone financial report is not prepared for the OPEB plan.

The County has the authority to establish and amend the OPEB funding policy, and is not required by law or other contractual agreement to provide funding for the implicit rate subsidy other than the pay-as-you-

go amount necessary to provide current benefits for participants in its health insurance plan. Post-employment benefits are extended to retirees and continued at the discretion of the Employer, which reserves the right (subject to State Statutes and any collective bargaining agreements) to change or terminate benefits and to change premium contributions required from retirees in the future. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for this purpose. All approved benefits are paid from the Employer's general assets when due.

The County is required to recognize the net OPEB liability and the OPEB expense on it's financial statements, along with the related deferred outflows and inflows of resources. The net OPEB liability is the difference between the total OPEB liability and the plan's fiduciary net position.

The following table provides a summary of the number of participants covered by the benefit terms as of the September 30, 2018 measurement date:

Active plan members	2,272
Inactive plan members or beneficiaries currently receiving benefits	1,473
Inactive plan members entitled to but not yet receiving benefits	0
Total plan members	3,745

Total OPEB Liability and Changes in OPEB Liability

The County's total OPEB liability of $20,319,890 was determined by an actuarial valuation as of September 30, 2017, and was "rolled" forward to the September 30, 2018 measurement date. These liabilities are used for the reporting date of September 30, 2019.

The total OPEB liability for the September 30, 2019 reporting date was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date:	September 30, 2017
Measurement Date:	September 30, 2018
Employers Reporting Date:	September 30, 2019
Methods and Assumptions:	
Actuarial cost method	Individual Entry Age Normal
Inflation	2.50%
Discount Rate	3.50%
Salary Increases	Salary increase rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System; 3.7%-7.8%, including inflation.
Retirement Age	Retriement rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.
Mortality	Mortality tables used in the July 1, 2016 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.
Healthcare Cost Trend Rates	Based on the Getzen Model, with trend starting at 7.00% and gradually decreasing to an ultimate trend rate of 4.24% plus .40% increase for excise tax.
Aging factors	Based on the 2013 SOA Study "Health Care Costs - From Birth to Death".
Expenses	Administrative expenses are included in the per capita health costs.
Other information	Changes in assumptions and other inputs include the change in the discount rate from 3.50% as of the beginning of the measurement period to 3.83% as of September 30, 2018. This change is reflected in the Schedule of Changes in Total OPEB Liablity. There were no benefit changes during the year.

The discount rate Long-Term Municipal Bond Rate was based on the Fidelity General Obligation AA index rate as of September 28, 2018, the most recent date available on or before the measurement date. This is the rate for Fixed Income Market Yield Curve for Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's 20-year Municipal GO AA Index.

Mortality rates were based pm the RP-2000 Combined Healthy Participant Mortality Table for active members and the RP-2000 Mortality Table for Annuitants for non-disabled inactive members, with mortality improvement projected to all future years from the year 2000 under Projection Scale BB.

There were no changes in benefit terms during the year.

Changes of assumptions and other inputs reflect a change in the discount rate from 3.5% in 2018 to 3.83% in 2019.

The following table shows the Changes the County's Total OPEB liability:

	Total OPEB Liability
Balance at 9/30/2018	$ 20,314,364
Changes for the Year:	
Service Cost	953,064
Interest on Total OPEB liability	725,595
Changes of benefit terms	-
Difference between expected & actual experience	-
Changes in assumptions & other inputs	(600,829)
Benefit payments	(1,072,304)
Net changes	5,526
Balance at 9/30/2019	**$ 20,319,890**

The County recognized OPEB expense of $1,488,301 during the fiscal year. GASB statement No. 75 states the employer contributions made to the OPEB plan subsequent to the measurement date and before the end of the employer's reporting period should be reported as a deferred outflow of resources.

Differences between expected and actual experience and changes in assumptions are recognized in OPEB expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the OPEB plan (active employees and inactive employees) determined as of the beginning of the measurement period. At the beginning of the current measurement period, the average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the current measurement period is 7.5 years, with 6.5 years for Sheriff Employees.

The following table shows the County's total OPEB expense:

	Total
Service cost	$ 953,064
Interest	725,595
Recognition of Outflow/(Inflow) of Resources due to Liabilities	(190,358)
Total OPEB Expense	**1,488,301**

Sensitivity of the total OPEB liability to changes in the discount rate is calculated using the discount rate for the plan. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower, or 1 percentage point higher than the current discount rate:

	1% decrease	Current Discount Rate	1% Increase
	2.83%	3.38%	4.83%
Total OPEB liability	$ 22,218,804	$ 20,319,890	$ 18,632,955

Sensitivity of the total OPEB liability to changes in the healthcare cost rates is calculated using the assumed trend rates. The following represents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower, or 1 percentage point higher than the current healthcare cost trend rates.

	1% Decrease (6.0% decreasing to 3.24%)	Current Healthcare Cost Trend Rate (7.0% decreasing to 4.24%)	1% Increase (8.0% decreasing to 5.24%)
Total OPEB liability	$ 18,763,016	$ 20,319,890	$ 22,175,127

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflow	**Deferred Inflow**	**County Total Deferred Outflow (Deferred Inflow)**
Changes in assumptions and other inputs		$ 1,048,628	$ (1,048,628)
Estimated benefits paid after the measurement date	1,141,018	-	1,141,018
	$ 1,141,018	$ 1,048,628	$ 92,390

Amounts reported as deferred outflows related to OPEB resulting from the County's benefits paid after the measurement date will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Reporting year Ending Sept 30,	County Total Deferred Outflow (Deferred Inflow)
2019	$ (190,358)
2020	$ (190,358)
2021	$ (190,358)
2022	$ (190,358)
2023	$ (167,107)
Thereafter	$ (120,089)
TOTALS	$ (1,048,628)

NOTE 10 – NET POSITION RESTRICTED FOR OTHER PURPOSES

Net position restricted for other purposes in the governmental-wide statement of net position at September 30, 2019 are as follows:

Court-Related	$ 3,872,036
Culture & Recreation	3,642,794
Health	35,964
Resource Conservation	1,008,526
Records Modernization	2,822,088
Tourism	5,311,218
	$ 16,692,626

NOTE 11 – TAX ABATEMENTS

Escambia County enters into property tax abatement agreements with local businesses under Section 196.1995, Florida Statutes, and Chapter 90, Article IV, Division 2, Sections 90-146 through 90-153, Escambia County Code of Ordinances. Escambia County is authorized to grant economic development ad valorem tax exemptions (EDATE) for new and expanding business established in the County meeting certain statutory requirements.

The County may grant an ad valorem tax exemption to eligible new businesses, or improvements to real property which additions are made to facilitate the expansion of an existing business for up to 100% of the assessed value of all improvements to real property made by or for the use of the new or expanded business and tangible personal property of such businesses for up to 10 years. There are no provisions for recapturing the abated taxes.

For fiscal year ended September 30, 2019, Escambia County abated property taxes totaling $1,800,402 under this program including the following tax abatement agreements that each exceeded $100,000 of the total amount abated:

- A 100% property tax abatement to a provider of financial services for business expansion, which Includes construction of office buildings, multi-level parking deck and central energy plant. The abatement amounted to $1,080,009.
- A 62% property tax abatement to a manufacturer of nylon products to expand and equip the existing production facility. The abatement amounted to $391,295.
- A 100% property tax abatement for business expansion of a leading supplier of filtration, separation and purification technologies. The abatement amounted to $197,814.
- There are several smaller value EDATE agreements for new and expanded businesses which range from a 23% to 100% property tax abatement. These cumulative abatements amounted to $131,284.

NOTE 12 – COMMITMENTS AND CONTINGENCY

A. Litigation

The County is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of operations. Claims covered by the risk management self-insurance program are reviewed and losses are accrued as required in the judgment of management. The County is a defendant in various lawsuits. In the opinion of management, based on the advice of legal counsel, the ultimate disposition of lawsuits and claims will not have a material adverse effect on the financial position of the County.

B. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If expenditures are disallowed as a result of these audits, the claim for reimbursement to the grantor agency would become a liability of the County. In the opinion of management, any such adjustments would not be significant, and therefore do not have a material adverse effect on the financial position of the County.

C. Deficit Fund Equity

At September 30, 2019 the Disaster Recovery Special Revenue Fund, a major fund, has a deficit fund balance of $6,585,393. The deficit is due to expenditures related to the April 2014 flood event, and expenditures that were unreimbursed through grant funding. The deficit has been funded by advances from the LOST Fund.

NOTE 13 – SUBSEQUENT EVENTS

The County has evaluated events and transactions that occurred between September 30, 2019, and February 10, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. No other subsequent events have been recognized or disclosed.

ESCAMBIA COUNTY, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The following changes in actuarial assumptions occurred in 2019:

PENSION RELATED NOTES TO SCHEDULE:

FRS: The Mortality assumption was changed from Generational RP-2000 with Projection Scale BB to PUB-2010 base table projected generationally with Scale MP-2018. The inflation rate assumption remained at 2.60%. Payroll growth, including inflation remained at 3.25%. The long-term expected rate of return decreased from 7.0% to 6.9%, and the active member mortality assumption was updated.

HIS: The municipal rate used to determine total pension liability was decreased from 3.87% to 3.50%.

OPEB RELATED NOTES TO SCHEDULE:

Changes of Benefit Terms. There were no benefit changes during the year.

Changes in Assumptions . Changes in assumptions and other inputs include the change in the discount rate from 3.5% to 3.83% as of September 30, 2019. The following are the discount rates used in each period:

2019	3.83%
2018	3.50%
2017	3.10%

Healthcare Cost Trend Rates . Based on the Getzen Model, with trending starting at 7.00% and gradually decreasing to an ultimate trend rate of 4.24% plus .04% increase for excise tax.

GOVERNMENTAL FUNDS

GENERAL FUND

The *General Fund* is the government's primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund. The General Fund includes the Board of County Commissioners, Clerk of Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector:

Board of County Commissioners
This fund is the primary operating fund of Escambia County. It is used to account for all financial resources of the general government except those required to be accounted for in other funds.

Clerk of the Circuit Court and Comptroller
This fund reflects the activities of the Office of the Clerk of Circuit Court. Services provided are in accordance with provisions of the Florida Statutes related primarily to the county and circuit court systems, recording operations, and various other services.

Property Appraiser
This fund reflects the operations of the Office of the Property Appraiser who provides independent appraisals of tangible and personal property for all taxing authorities within the County.

Sheriff
This fund reflects the operations of the Office of the Sheriff. Services provided are for all the law enforcement activities within the County.

Supervisor of Elections
This fund reflects the operations of the Office of the Supervisor of Elections in the performance of its duties in accordance with Florida Statutes.

Tax Collector
This fund reflects the operations of the Office of the Tax Collector who collects and remits ad valorem taxes, licenses, and other revenues, to the related taxing authorities.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The County has the following Special Revenue Funds:

Escambia County Restricted Fund
Created to account for monies donated to the County for a specific purpose.

Economic Development Fund
Created pursuant to the Economic Development Incentive Program Ordinance to account for revenues associated with land sales at the various County commerce parks and other economic development related revenues. Expenditures will be used to promote economic development initiatives in Escambia County.

Code Enforcement Fund
Created to account for the enforcement of ordinances and statutes to enhance the quality of life for and protect citizens from environmentally unsafe conditions.

M and A State Revenue Fund
Created to account for the cost of mosquito and other arthropod control. Financing is provided by State matching funds on a dollar for dollar basis.

Tourist Promotion Fund
Created to account for revenues restricted for promotion, development and advertisement of Escambia County tourism. Financing is provided by a tourist development tax levied under Chapter 125.0104 Florida Statutes.

Other Grant Projects Fund
Created to account for financing provided from various State and Federal grants.

Detention/Jail Commissary Fund
Created to account for the cost of the inmate commissary and the inmate welfare fund; operated in the detention facility pursuant to Section 951.23, Florida Statutes. The fiscal management of the commissary is audited in conjunction with the audit of the County.

Library Fund
Created to account for the revenue and expenditures associated with administrative and operational functions of the West Florida Library System. A countywide Library MSTU assessment is imposed for the purpose of funding library services.

Misdemeanor Probation Fund
Created to account for the cost of supervision of the misdemeanor program. Financing is provided by a fee charged to a person on parole pursuant to Section 945.30, Florida Statutes.

Article V Fund
Created to account for revenues and costs for court related fees, charges, costs, fines and other monetary penalties.

SPECIAL REVENUE FUNDS - Continued

Development Review Fund
Created to account for fees generated by the review of all development plans within the County and support of the Development Review Committee, the Planning Board, the Board of Adjustments, the Rezoning Hearing Examiner and the Board of County Commissioners.

Perdido Key Beach Mouse Fund
Created to account for the Perdido Key Beach Mouse Special Assessment revenue established by Ordinance 2006-1 and 2006-2 and by interlocal agreement with the US Fish and Wildlife Service and the Florida Fish and Wildlife Commission. This revenue will be utilized for the mitigation process for impacts to the Perdido Key Beach Mouse habitat.

RESTORE Fund
Created in accordance with the Resources and Ecosystem Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act; Subtitle F of Public Law 112-141); to account for revenues and expenditures for programs, projects and activities that restore and protect the environment and economy of the Gulf Coast Region.

State Housing Initiative Partnership Fund (SHIP)
Created to account for the revenues and expenditures of the SHIP program, authorized pursuant to Section 420.907-420.9079, Florida Statutes. State revenue sharing proceeds received by the County for the SHIP program are used to create partnerships that produce and preserve affordable homeownership and multifamily housing.

Law Enforcement Trust Fund
Created pursuant to the provisions of Section 932.704, Florida Statutes, to account for the net proceeds from the sale or conversion of forfeited properties. Expenditures payable from this fund are legally restricted to nonrecurring obligations of the Sheriff's office, including equipment purchases. Although legally entitled as a trust fund, this fund is more properly accounted for as a special revenue fund due to the nature of the transactions recorded therein.

Escambia County Affordable Housing Fund
Created to account for funding to assist with delivery of affordable housing assistance and support for low income families in Escambia County and the City of Pensacola, primarily in conjunction with the Escambia Consortium Home Program. The fund also provides a source for payment of up-front costs while awaiting reimbursement from the HOME program letter of credit.

CDBG HUD Entitlement Fund
Created to account for Federal HUD Block Grant revenues and the expenditures. The HUD funded Community Block Grant program provides financial support primarily for low and moderate-income families in the County.

Handicapped Parking Fines Fund
Created to account for monies collected under Chapter 316, Florida Statutes, also known as the State Uniform Traffic Control, which authorizes counties to regulate the parking of vehicles and to enforce regulations relating to disabled persons parking.

Family Mediation Fund
Created to account for monies provided through a private grant and authorized under Chapters 44.102 and 44.108, Florida Statutes. These funds were used to assure each minor child frequent and continuing contact with both parents after separation or dissolved marriages and to encourage parents to share the rights and responsibilities of child rearing.

SPECIAL REVENUE FUNDS - Continued

Fire Protection Fund
Created to account for monies assessed by the Board of County Commissioners to property owners in unincorporated areas of Escambia County to provide for fire protection.

Emergency 911 Operations Fund
Created in accordance with the provisions of the Florida Emergency Telephone Act (Sections 365.171 and 365.172, Florida Statutes) to account for the Enhanced 911 (E911) fees imposed and collected from local telephone exchange customers and subscribers of wireless telephone services. 911 service directs 911 calls to the appropriate public safety answering point and provides for automatic number and location identification. The E911 Board may adjust the allocation percentages or adjust the amount of the fee, or both, if necessary, to ensure full cost recovery or prevent over recovery of costs incurred in the provision of E911. Expenditures are restricted to the establishment and maintenance of an enhanced emergency telephone number 911 system or enhanced 911 service.

HUD-CDBG Housing Rehabilitation Loan Fund
Created to account for funding to provide assistance for low/moderate income families within the unincorporated county through the rehabilitation of several substandard homes.

HUD Home Fund
Created to account for the HUD Housing Assistance revenues and expenditures. This grant provides for the rehabilitation of severely substandard homes.

Bob Sikes Toll Facilities Fund
Established by County Ordinance No. 93-23 which authorizes the collection of bridge tolls for uses of the Bob Sikes Toll Bridge by passage seekers. The Board of County Commissioners establish toll rates for the Bob Sikes Bridge in order to pay for the proper maintenance, administration, debt service of the bridge, and other expenses for parks and recreation on Santa Rosa Island as approved by the Board of County Commissioners. In addition to cash tolls, annual permits (transponder sales) may be purchased for access to the Bridge.

Transportation Trust Fund
Created pursuant to the provisions of Section 129.02 Florida Statutes, to account for transportation related revenues and expenditures. The primary revenue source is fuel taxes which are the Seventh-cent/1 cent County, Ninth-cent, Local Option fuel tax, and Constitutional fuel tax. Fuel tax revenues are used to fund transportation expenditures allowable pursuant to Sections 206 and Section 366, Florida Statutes.

MSBU Assessment Program Fund
Created to account for monies collected for Municipal Service Benefit Units (MSBU) pursuant to County Ordinance No. 94-24 and Chapter 125, Florida Statutes.

Master Drainage Basin Fund
Created to account for monies to provide drainage within specific districts.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS - Continued

Clerk Programs
This fund reflects the activities of the Office of the Clerk of the Circuit Court and Comptroller Trust Funds. Services provided are in accordance with provisions of the Florida Statutes Chapter 28.24 for records modernization.

Sheriff Programs
This fund reflects the activities of the Escambia County Sheriff's Office; primarily to account for the collection and expenditures of US Treasury and US Justice forfeiture sharing programs, and for revenues and disbursements of various Federal and State Grants.

Supervisor Programs
This fund reflects the activities of the Escambia Supervisor of Elections Office; primarily to account for the revenues and disbursements of various Federal and State Grants.

DEBT SERVICE FUND

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt Service funds are also used to report resources of legally mandated and financial resources that are being accumulated for principal and interest maturing in the future. The County has the following Debt Service Fund:

Debt Service Fund – Created to account for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital outlay. Capital Project funds exclude capital-related outflows financed by Proprietary Fund or for assets held in trust for individuals, private organizations, or other governments. The County has the following Capital Projects Funds:

There are no non-major Capital Project Funds.

FIDUCIARY FUNDS

AGENCY FUNDS

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, and other governments.

Clerk of the Circuit Court and Comptroller
Used to account for resources received and held by the Clerk in a fiduciary capacity. These resources represent fines, forfeitures and filing fees collected for other governmental agencies and support payments, jury and witness services and posted bonds collected for individuals.

Sheriff
Used to account for the assets held by the Sheriff for individuals such as prisoner's funds, confiscated monies held as evidence, and prepayments of the Sheriff's fees for serving papers.

Tax Collector
Used to account for property taxes and fees for licenses.

Statistical Section

This part of the Escambia County, Florida's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant years.

Escambia County, Florida

HISTORICAL SALES TAX REVENUE (1)

Last Ten Fiscal Years

Fiscal Year	Half-Cent Sales Tax Revenues (2)	Percentage Change
2010	18,089,862	-0.7%
2011	19,531,628	8.0%
2012	19,793,471	1.3%
2013	20,617,921	4.2%
2014	21,735,479	5.4%
2015	22,513,589	3.6%
2016	23,418,049	4.0%
2017	24,173,396	3.2%
2018	25,920,787	7.2%
2019	27,392,846	5.7%

(1) The table sets forth the historical Sales Tax Revenues received by the county (net of amounts distributed to municipalities within the County) for the Fiscal Years Ending September 30, 2010 through 2019 (audited).

(2) The Amount of Sales Tax Revenues distributed to the County is subject to increase or decrease due to (i) more or less favorable economic conditions, (ii) increases or decreases in the dollar volume of taxable sales within the County, (iii) legislative changes relating to the sales tax, which may include changes in the scope of taxable sales, changes in tax rate and changes in the amount of Sales Tax Revenues deposited into the Trust Fund, and (iv) other factors which may be beyond the control of the County or the Series 2017 Bondholders, including but not limited to the potential for increased use of electronic commerce and other internet-related sales activity that could have a material adverse impact upon the amount of sales tax collected by the State, deposited into the Trust Fund and then distributed to the County.

(2) In particular, the share of the Sales Tax Revenues deposited in the Trust Fund which is to be distributed to the County will be affected by changes in the relative populations of the incorporated and unincorporated areas with in the County. Such relative populations are subject to change through normal increases and decreases in population within the existing unincorporated and incorporated areas of the County and are also subject to change by the annexation of previously unincorporated areas of the County by the municipalities within the County. Such annexations would not only increase the population of the incorporated areas but also would, in equal amount, decrease the population of the unincorporated areas.

PRO FORMA DEBT SERVICE COVERAGE FROM SALES TAX REVENUES

Last Eight Fiscal Years

	Fiscal Year Ended September 30,			
	2019	**2018**	**2017**	**2016**
Sales Tax Revenue	$ 27,392,846	$ 25,920,787	$ 24,173,396	$ 23,418,049
Maximum Annual Debt Service on the Series 2012 Note and Series 2017 Bonds (1)	9,571,501	9,572,824	9,572,824	9,572,824
Sales Tax Revenue coverage of Maximum Annual Debt Service on the Series 2012 Note and Series 2017 Bonds (1)	2.86 x	2.71 x	2.53 x	2.45 x

(1) The coverage table compares the historical Sales Tax Revenues to the pro forma aggregate maximum annual debt service on the Series 2012 Note and the Series 2017 Bonds. The pro forma aggregate maximum annual debt service would occur in Fiscal Year 2024, based on the assumptions set forth below.

(1) Assumes that the 2012 Sales Tax Refunding Revenue Note matures on October 1, 2032 with no change in the interest rate of 2.82%, subject to adjustment as set forth in the resolution authorizing the same; however, the entire unpaid principal and interest accrued thereon may be subject to mandatory prepayment at the option of the owner of the Note on October 1, 2027 or any date thereafter through but not including October 1, 2028. The maximum annual debt service above assumes the owner of the Note does not exercise the mandatory prepayment option.

Clerk of Courts • County Comptroller • Clerk of the Board of County Commissioners • Recorder • Auditor

February 10, 2020

To the Honorable Members of the
Board of County Commissioners and
Citizens of Escambia County, Florida

Florida Statutes require that all general-purpose local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP), and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby submit the Comprehensive Annual Financial Report (CAFR) of the County of Escambia (County), Florida for the fiscal year ended September 30, 2019 which fulfills this requirement.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report. To provide a reasonable basis for making these representations, the County has established a comprehensive framework of internal control designed both to protect the government's assets from unauthorized use or disposition, loss or theft, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by an independent firm of certified public accountants, Warren Averett CPAs and Advisors. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2019, are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

The independent audit firm of Warren Averett CPAs and Advisors has issued an unmodified ("clean") opinion on the Escambia County, Florida financial statements for the year ended September 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

The independent audit of the financial statements of the County was also designed to meet the requirements of the Office of Management and Budget (OMB) Single Audit Act; and the requirements of the Code of Federal Regulations Subpart F of 2 C.F.R. part 200 (Uniform Guidance). The standards governing single audit engagements require the independent auditor to report on the government's internal controls and compliance with legal requirements with special emphasis on the administration of federal awards and state financial assistance. These reports are in the compliance section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). The MD&A complements this Letter of Transmittal and the two should be read in conjunction with each other. Escambia County's MD&A can be found immediately following the Independent Auditors' Report.

Profile of the County of Escambia, Florida

Escambia County, located in the northwestern part of the state, was established July 21, 1821 as a non-charter government when the Provisional Governor Andrew Jackson signed an ordinance making the County one of the first two counties in Florida, the other being St. Johns County. Escambia County encompasses approximately 661 square miles with 64,000 acres of water area and serves a population of approximately 315,543. There are two municipalities within the County, the City of Pensacola, the County seat, and the Town of Century which is located 38 miles from the County seat.

Escambia County is a political subdivision of the State of Florida. As such, it is governed by and derives its operating authority from the constitution and laws of the State of Florida. The County operates under a commission/administrator form of government, with a governing board consisting of five elected County Commissioners who are elected by district to staggered four-year terms. The Chairman presides over the Board and the chair is rotated annually in sequential order by district. In addition to the Board of County Commissioners, there are five elected constitutional officers performing specifically designated governmental functions: The Clerk of the Circuit Court and Comptroller (Clerk), Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector.

The Clerk serves the function of "Clerk to the Board" for County Commissioners. The Clerk also performs the duties of auditor, accountant, recorder and custodian of County funds. Such duties are set forth in the Florida Constitution.

The financial reporting entity (the County) includes all the funds of the primary government (Escambia County Board of County Commissioners) as well as its component unit. Component unit are legally separate entities for which the primary government is financially accountable. The County provides a full range of services including fire protection, emergency medical services, county jail and detention facilities, planning and zoning, solid waste disposal, construction and maintenance of highways, streets, and other infrastructure, mass transportation services, conservation and resource management, cultural and recreational programs, library, tourism and economic development.

Although legally separate entities, the general funds of the Clerk, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector are included as a General Fund component of the County.

The Santa Rosa Island Authority (SRIA) is reported separately as discrete component unit within Escambia County's financial statements. SRIA operations include management services and leasing activities for County owned property on Santa Rosa Island. For additional information on Escambia County's Component Unit, please refer to the Notes Section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

Escambia County is located in Florida's Panhandle, along the emerald shores of the Gulf Coast, wherein the tourism sector employs approximately 25,600 in the leisure and hospitality industry with accommodations and food services representing 13% of the area workforce. The largest major industry sector is health care and social assistance with 18.0% of the area workforce. There are four major hospitals located in Escambia County, all of which have surgical centers; Baptist Hospital, West Florida Regional Medical Center, Navy Hospital and Sacred Heart Hospital. There are approximately 23,400 employed in health care and other health related services.

The military is another large factor in the area's economy. Navy and Air Force expenditures, including construction, have historically accounted for nearly half the total payroll in the Pensacola metro area. Navy installations include Pensacola Naval Air Station, Saufley Field and Corry Station. Whiting Field is located in Milton Florida, about 30 miles northeast of Pensacola. In neighboring Okaloosa County, Eglin Air Force Base and Hurlburt Field have an impact on the local economy as well as serving as magnets for high-tech businesses.

Escambia County has several commercial/industrial parks. The County's commerce parks consist of Central and Heritage Oaks, as well as the downtown Technology Park. The properties in the Central Commerce Park and the downtown Technology Park are being marketed in partnership with the Greater Pensacola Chamber of Commerce. This will allow the County to reach a wider audience for promoting economic development and attracting new businesses to the area. The goal of the technology campus is to serve as a location for innovation-based businesses.

The Heritage Oaks Commerce Park, home to Navy Federal Credit Union, continues to stimulate growth in the local economy by increasing job creation and expanding operations in the area. Navy Federal Credit Union continues to add jobs bringing its regional employment to 7,614 employees. Continued expansion at the Pensacola campus will include facilities and parking for additional employees. The total number of jobs is expected to increase to 10,000 by the year 2026.

Escambia County's unemployment rate has remained unchanged at 3.0% from the previous year. This 3.0% rate follows seven years of declining unemployment rates.

Long-term Financial Planning and Major Initiatives

Unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) in the general fund at year end exceeded 2 months of operating expenditures and transfers out. This amount is favorable based on the policy guidelines set by the County for budgetary and planning purposes.

The adopted budget is developed around the framework set by the County's strategic planning initiative. The primary themes of the strategic initiative are to improve customer service, restore public trust and confidence, economic development, maintenance of infrastructure, and fiscal responsibility.

Process improvement is key to improving customer service. We continue to promote and adopt and review process improvements to determine ways to improve them. The County's website www.myescambia.com contains many updates for greater utility, transparency and accessibility by citizens. The "Ask My Escambia" citizen's information portal will be replaced during the next fiscal year with "My Government Online". This will allow questions on a variety of subjects with quick responses. The County continues this positive trend into the future.

The County's commitment to customer service and quality is promoted by the continuation of equipping County vehicles with tracking systems, and continuation of the fraud abuse hotline initiatives which will provide continuous tracking and reporting, allowing employees and citizens to have more involvement in their government.

A long term goal of the County is to foster economic growth and development. The County uses Tax Increment Financing (TIF) Districts to fund a variety of Community Redevelopment Areas (CRA) in the County. For the upcoming fiscal year, the TIF rate

was maintained at 75% while budgeted districts increased from 20 to 22. These funds are used to pay for infrastructure improvements, neighborhood programs, and safety initiatives, and street lighting in these districts.

With tourism as a major part of the economy, newer and more up-to-date hotel/motel facilities have led to increasing revenue streams over $12 million annually in bed tax collections. Additional funding is expected from grant revenues associated with the Restore Act, Natural Resource Damage Assessment (NRDA), and the National Fish and Wildlife Federation (NFWF), to provide future revenue sources for environmental, economic, and tourism related activities. There is potential for $162 million in direct and indirect future revenue for Escambia County as projects are submitted and approved.

The RESTORE Act established the Gulf Coast Restoration Trust Fund in the U.S. Department of Treasury to account for civil penalties paid under the Federal Water Pollution Control Act in connection with the Deepwater Horizon oil spill. Grants will be used for programs, projects, and activities which restore and protect the environment and the economy of the Gulf Coast region. Escambia County's RESTORE Act Direct Component calculated proportion, which is cumulative through 2031, is estimated at $70.6 million. The Board of County Commissioners are expected to approve the first amendment to the multi-year implementation plan in the first quarter of 2020. This plan includes eight new projects and three project revisions. The Florida Department of Transportation is also expected to finalize the design of the Perdido Key multi-use path.

The County land swap with the United States Navy was approved for design of an additional commerce park to grow the local economy. The property is geographically close to Navy Federal Credit Union and is a prime location for economic growth with close access to Interstate 10. This new development is currently in the master planning stages and expected to be approved in the fiscal year 2020.

Between 2008 and 2020, the County will have invested more than $474 million in infrastructure with the current and fourth allocation of the One Cent Local Option Sales Tax (LOST). At its conclusion, the County is expected to invest $951 million in infrastructure. The citizens of Escambia voted to extend the one-cent local option sales tax for infrastructure. This is the fourth time the citizens have approved levying this tax; a 10 year extension was approved by public referendum; extending the tax to December 2028. The proceeds from this tax will make large investments in construction of new libraries, road construction, dirt road paving, drainage improvements and vehicle replacement for EMS, Fire and the Sheriffs' office.

Approximately $50.4 million of future LOST proceeds will be used towards the construction of the new Escambia County Jail Facility, with an expected completion date of summer 2020. The new Beulah library facility is also expected to come online during the next fiscal year.

The fiscal year 2020 adopted budget increased by $16 million over the prior year to $493.4 million. While the total direct millage rate for property tax remained unchanged

at 7.661 mills, property values increased an average of 8.0% over the prior year for both the County-wide and unincorporated areas of Escambia County.

The long term goal is to promote fiscal responsibility and cost effectiveness by identifying service level changes needed within the County. Efforts are on-going with regard to maintaining a cohesive service driven organizational structure, and to mobilize and peruse strategies capitalizing on the use of all available revenue sources, particularly in identifying an implementing alternative funding sources.

Relevant Financial Policies

The County has established a fund balance policy in accordance with GASB Statement No. 54 *"Fund Balance Reporting and Governmental Fund Type Definitions"*. The adopted policy outlines the County's goal to maintain an unrestricted general fund balance of at least 2 months of regular operating expenditures and transfers out to mitigate risks of either natural or man-made disasters and to provide for revenue shortfalls.

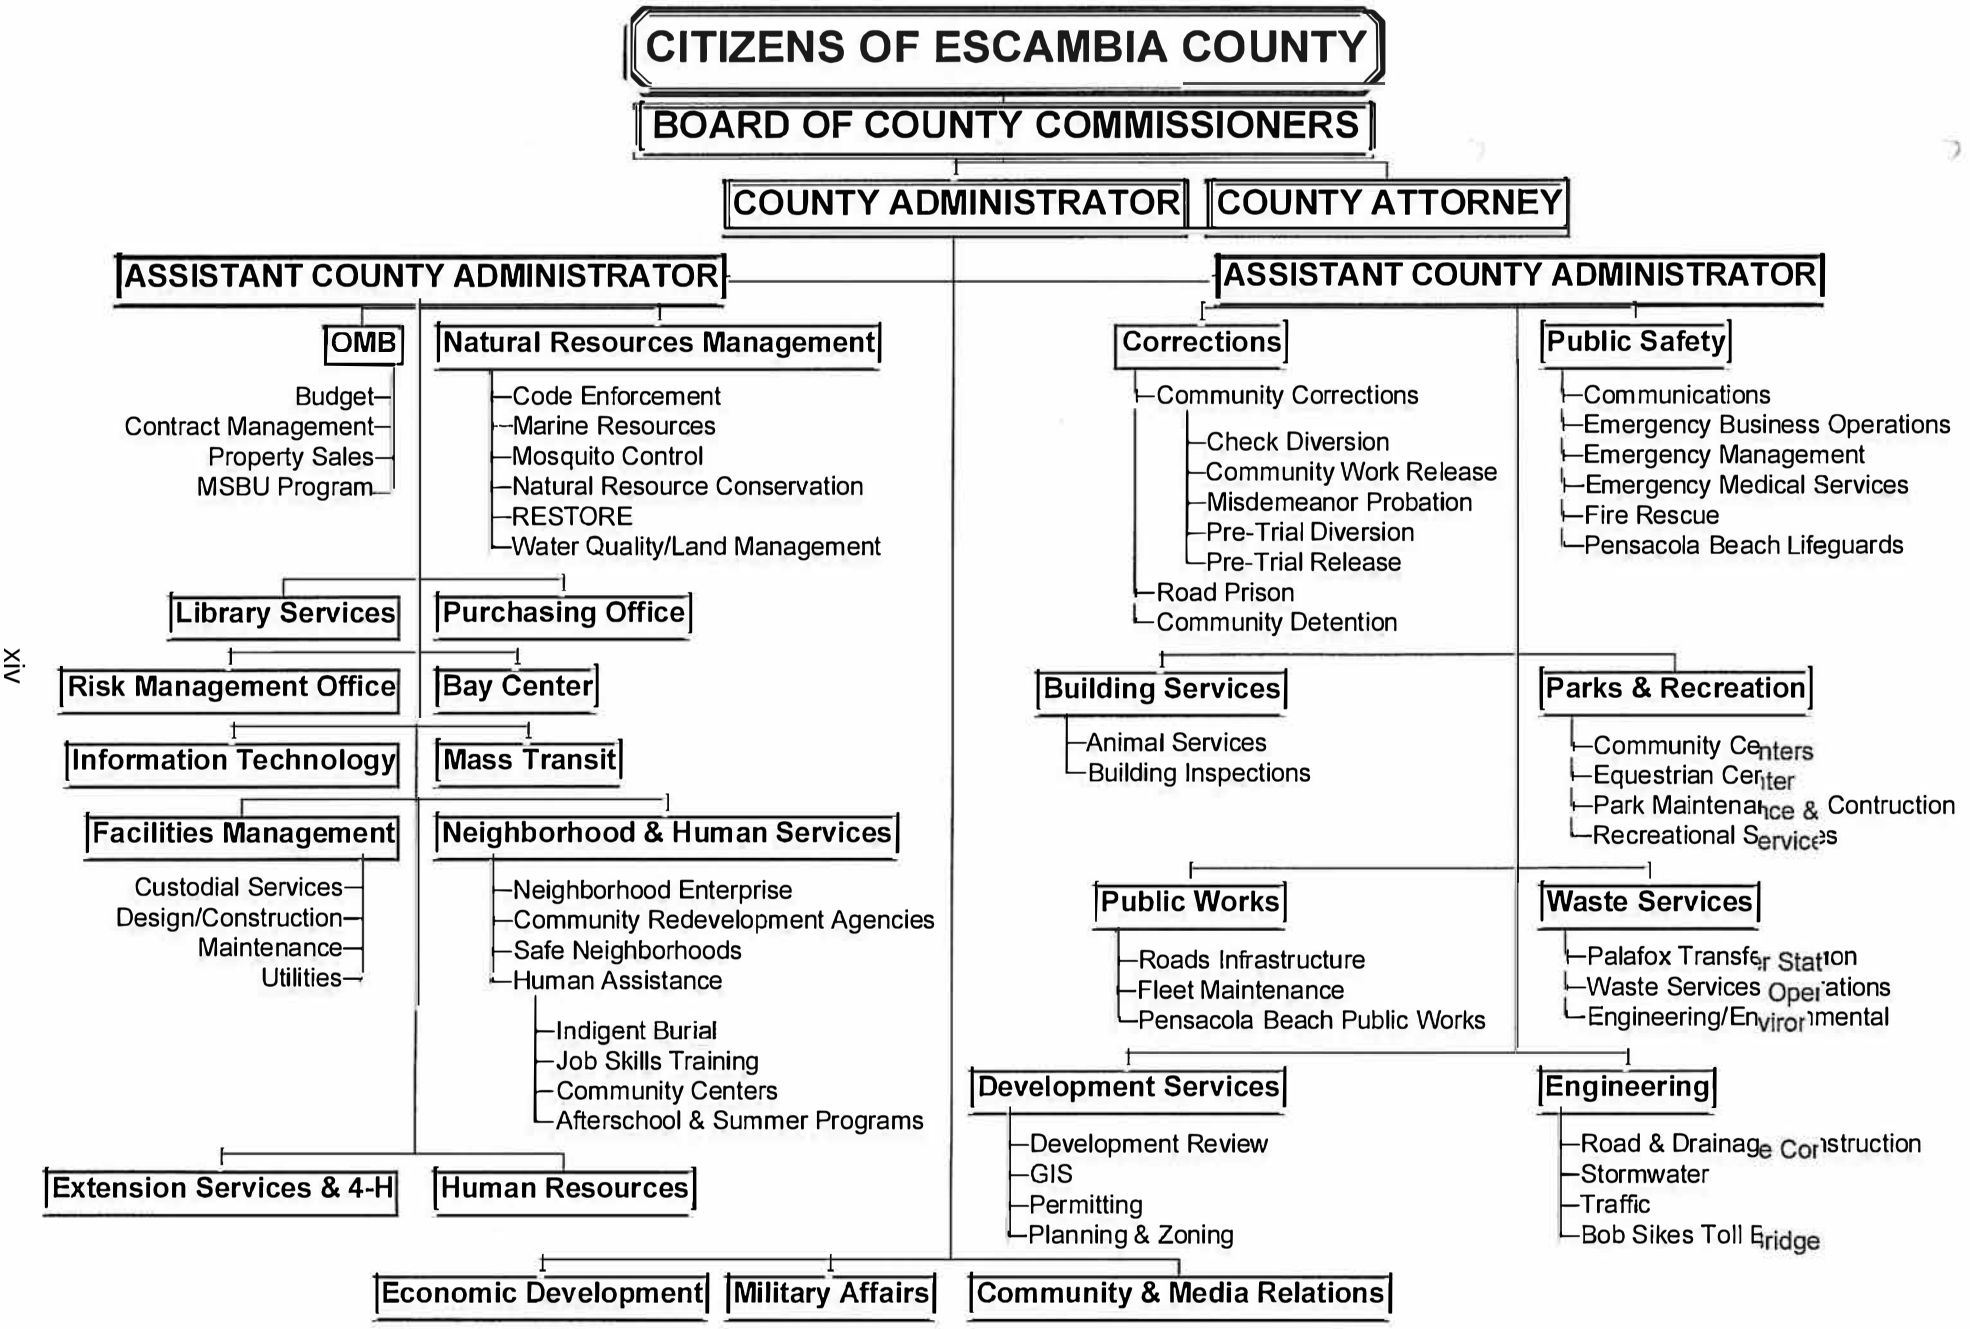
The County is in the fourth year of implementation for GASB Statement No 68 "*Accounting and Financial Reporting for Pensions"* and GASB Statement No 71 "*Pension Transition for Contributions Made Subsequent to the Measurement Date"* to recognize its unfunded portion of the statewide plan as a liability. The County provides pension benefits for all employees through a statewide plan managed by the Florida Department of Management Services, Division of Retirement. The statewide plan is a contributory plan. While a liability has been recorded in accordance with GASB requirements, the County currently has no obligation in connection with employee pension benefits offered through this plan beyond its monthly payments to the Division of Retirement.

The County has implemented GASB Statement No 75 "*Accounting and Financial Reporting for Postemployment Benefits Other Than Pension"* to recognize its unfunded liability. The County provides postemployment benefits at the same rate as active participants. While a liability has been recorded in accordance with GASB requirements, there is no requirement for a funded plan. All approved benefits are budgeted and paid when due.

Awards and Acknowledgements

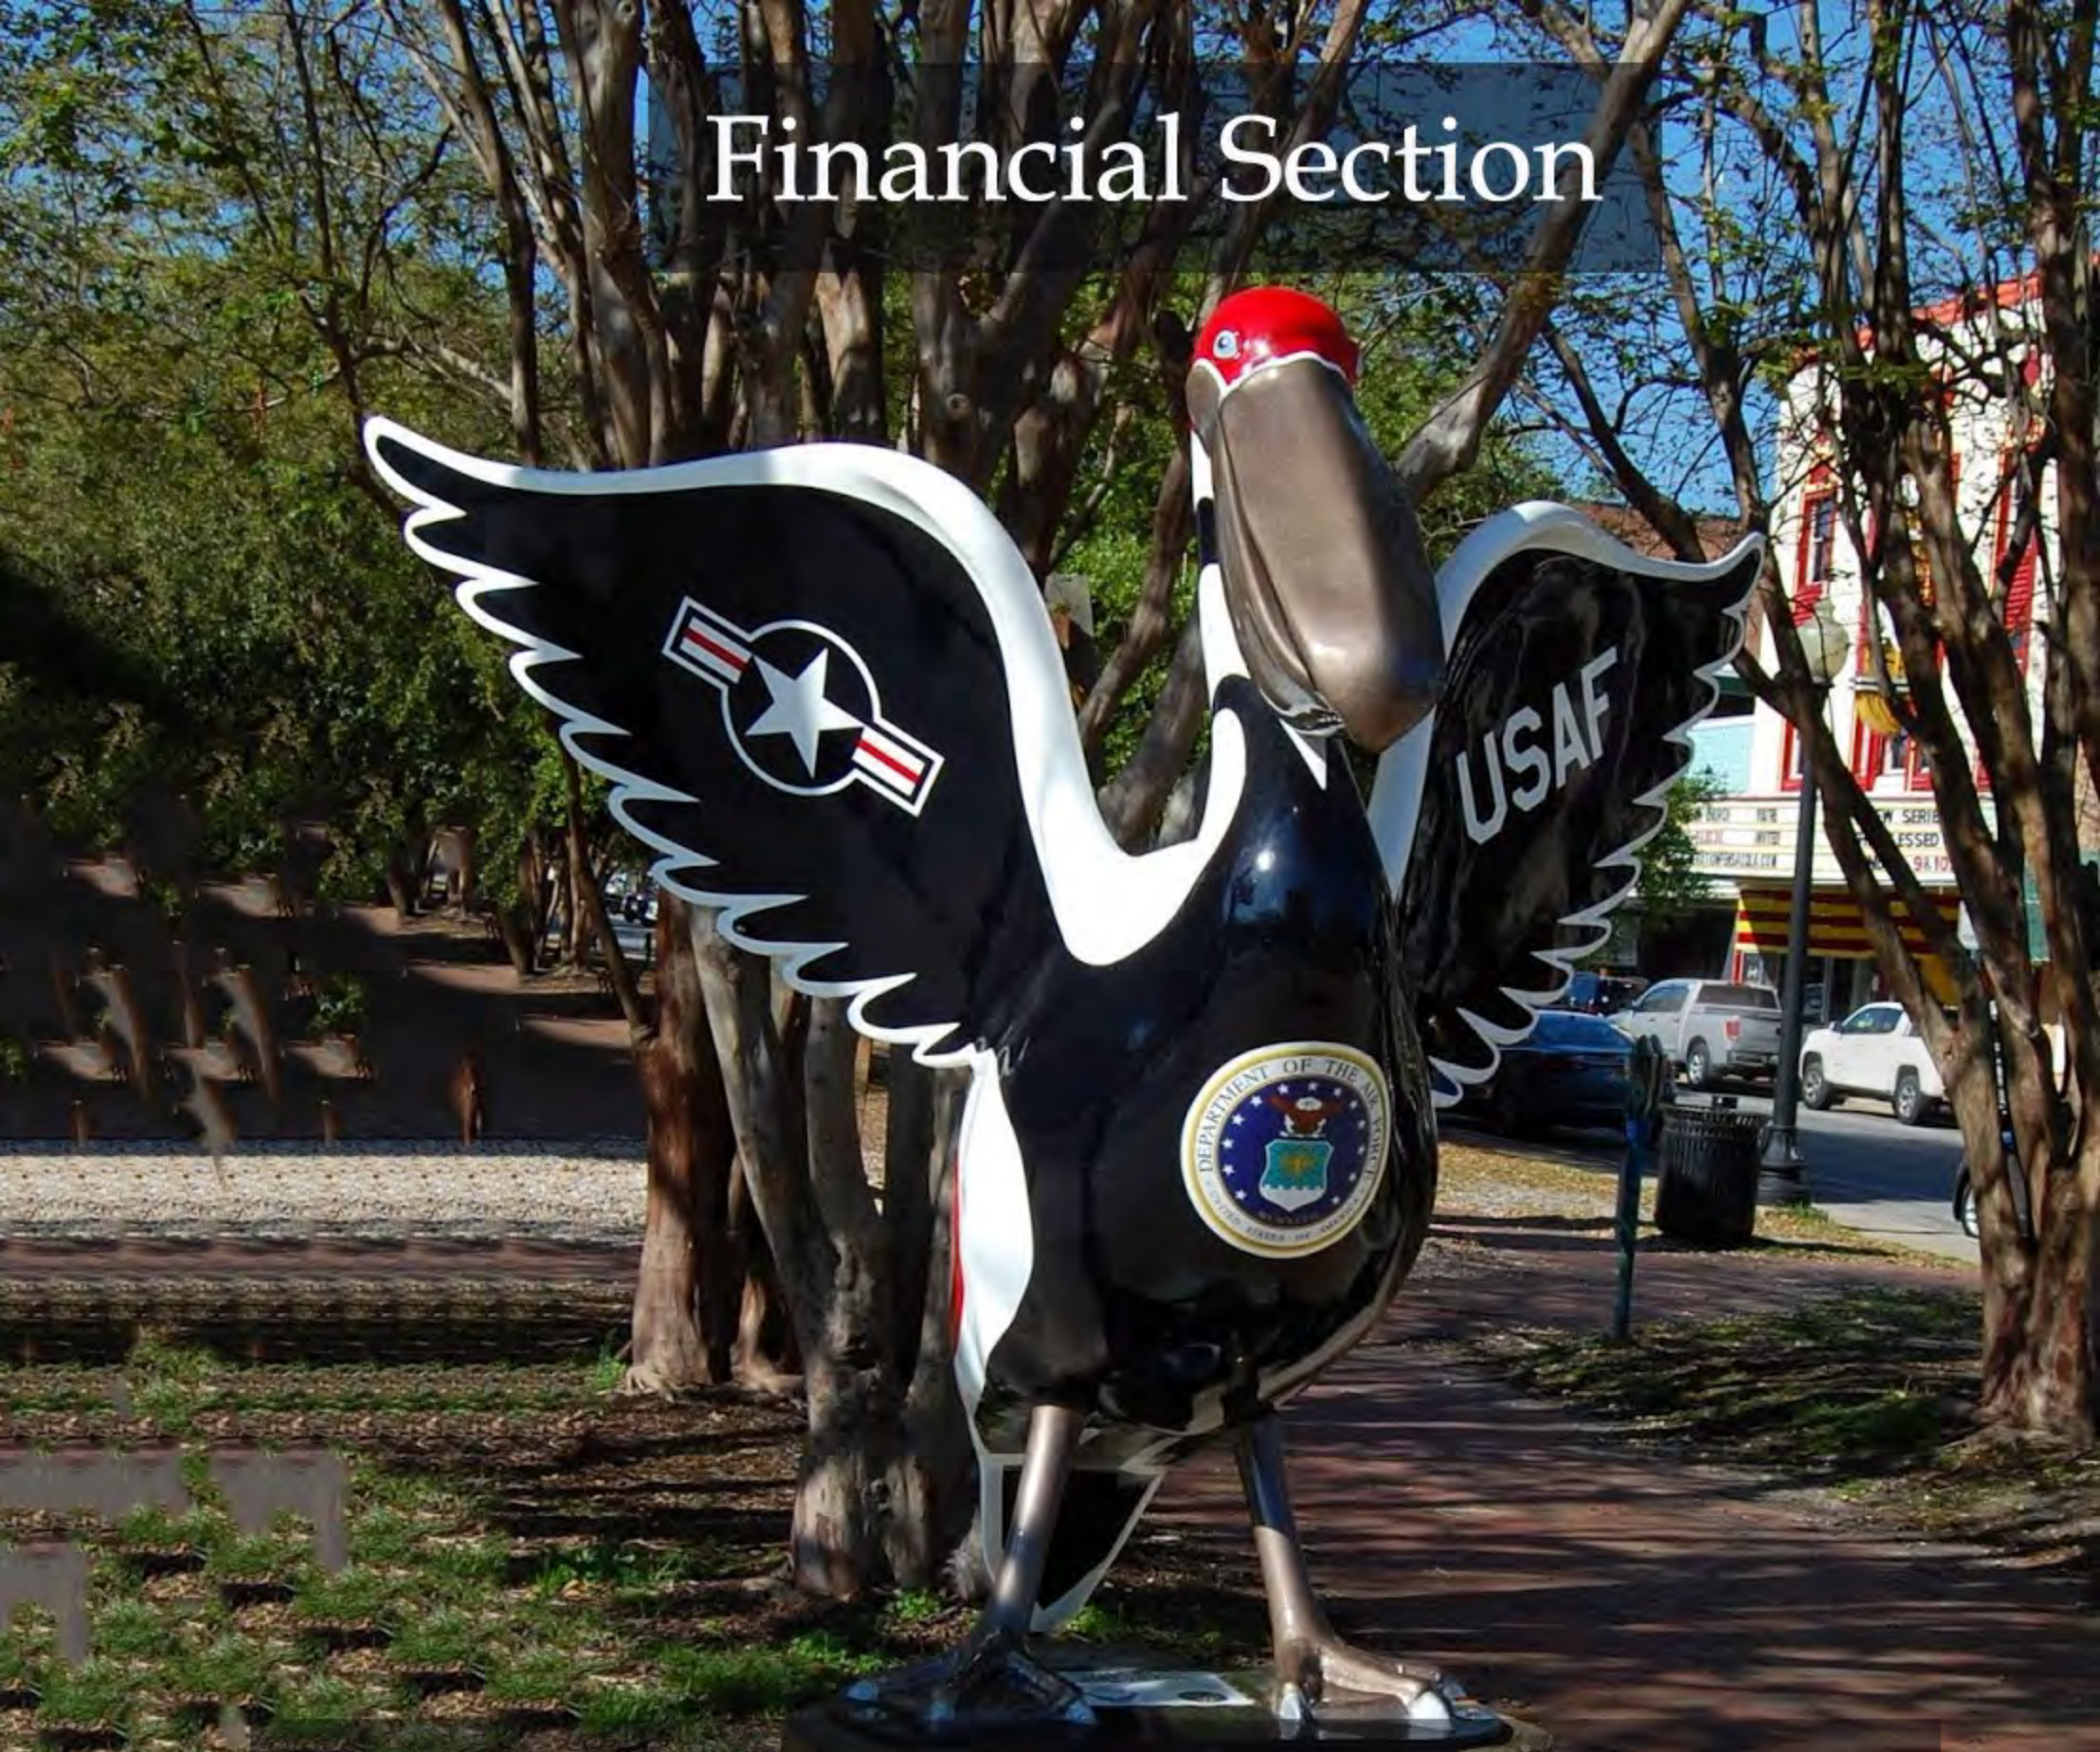
The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Escambia County for its comprehensive annual financial report for the fiscal year ended September 30, 2018. This was the 23rd consecutive year that Escambia County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, Escambia County must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another Certificate.



Escambia County also received the GFOA's Distinguished Budget Presentation Award for its Annual Budget Document for fiscal year beginning October 1, 2018. This is the 23rd consecutive year that Escambia County has received this award. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communication device.

The preparation of this comprehensive annual financial report (CAFR) would not have been possible without the skill, effort, and dedication of the entire financial staff of the Clerk of the Circuit Court and Comptroller. I would like to express my appreciation to the Financial Reporting and Grants Department: Sharon Harrell, Finance Director; Tammy Plant, Beth Parker, Kara Cowen, Harold Coats, Ashley Dodds, and Shannon Erdwins. I also wish to thank all government departments for their assistance in providing the data necessary to prepare this report; and to thank Visit Pensacola for providing the photographs used in this document. Credit is due to the Board of County Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of Escambia County.



Respectfully submitted,

Pam Childers

REPORT OF INDEPENDENT AUDITORS'

The Honorable Board of County Commissioners
Escambia County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Escambia County, Florida, (hereinafter referred to as "County") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We did not audit the financial statements of the Santa Rosa Island Authority, a business type activities-discrete component unit, as of and for the year ended September 30, 2019, which statements reflect total assets and deferred outflows of $8,450,638 and total revenues of $6,832,988.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Santa Rosa Island Authority, which are included in the basic financial statements as a discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Santa Rosa Island Authority, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund, mass transit authority fund, disaster recovery fund, and community redevelopment agency fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the County's total OPEB liability and related ratios, schedule of the County's proportionate share of the net pension liability, and schedule of the County's contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining financial statements, individual fund budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements and individual fund budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2020 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Warren Averett, LLC

Pensacola, Florida
February 10, 2020

This Management's Discussion and Analysis ("MD&A") presents the readers of the financial statements a narrative overview of the financial activities of Escambia County, Florida (the "County") for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that has been furnished in the Letter of Transmittal, which can be found in the introductory section of this report.

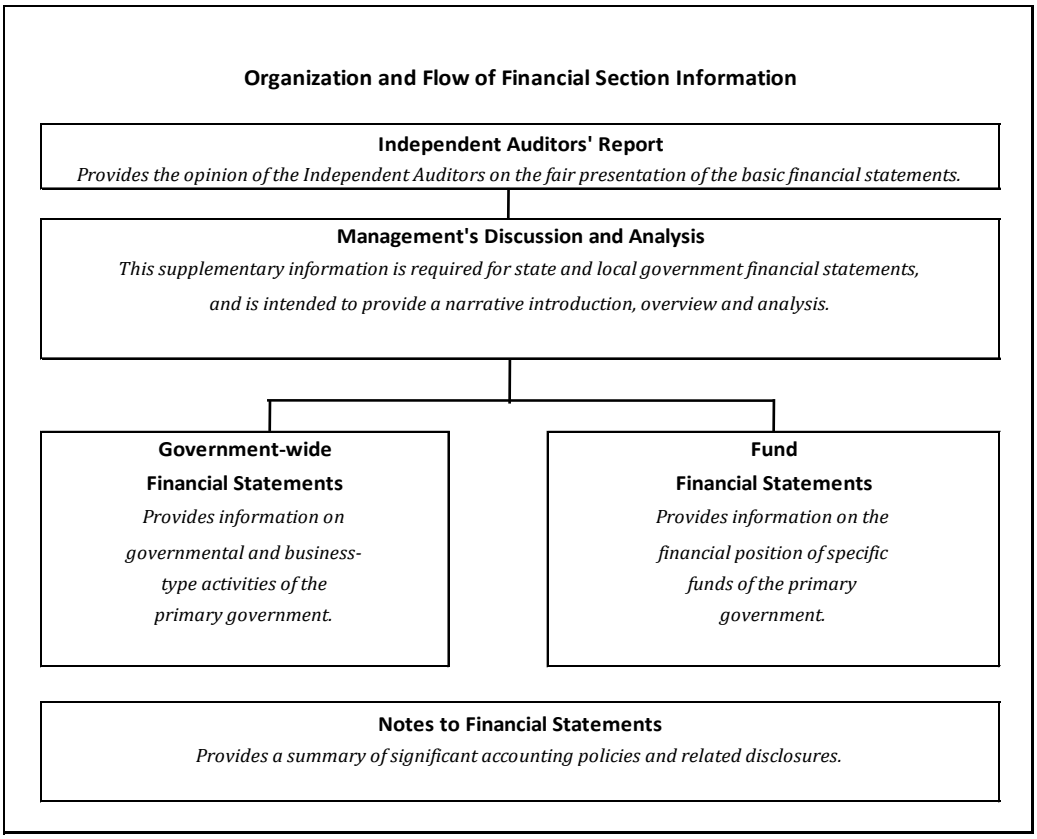
Financial Highlights

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by $637,564,123 (net position). Of this amount, ($113,490,001) represents unrestricted deficit net position.

- The County's total net position increased by $27,221,712; governmental activities increased by $27,494,840 and business-type activities decreased by $273,128.

- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of $268,147,001, a decrease of $30,053,806 in comparison with the prior year.

- At the end of the current fiscal year, unassigned fund balance available for spending at the government's discretion for the General Fund was $29,036,549 or 14.7% of total general fund expenditures and transfers out.



- At the end of the current fiscal year, unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) for the General Fund was $47,520,609, or approximately 24% of total general fund expenditures and transfers out.

- Governmental funds revenues increased $30,010,770 or 8.7% from the prior fiscal year primarily due to increases in property tax revenue, sales tax revenues, and fuel tax revenues. Intergovernmental revenue increases were from state revenue sharing, and grant revenue for the new jail construction and RESTORE projects. Sales tax collected on the one-cent local option sales tax for funding primarily transportation and infrastructure projects of the County increased due to increased consumer spending.

- At the end of the current fiscal year, the net pension liability increased $28,169,705 for governmental funds and $2,574,777 for business-type activities for an ending net pension liability of $230,972,113, an approximate increase of 15.35% from the prior fiscal year end. These liabilities are actuarially determined and provided by the State of Florida Retirement System (FRS).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide financial statements

The *government-wide financial statements*, which consist of the following two statements, are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the County's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. Additionally, nonfinancial factors, such as a change in the County's property tax base or the condition of County facilities and infrastructure, should be considered to assess the overall health of the County.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities)* from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities)*. The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, culture/recreation, and court related activities. The business-type activities of the County include solid waste disposal/landfill operations, emergency medical/ambulance services, building inspections, and the Pensacola Bay Center (Bay Center).

The government-wide financial statements include not only the County itself (known as the primary government) but also the legally separate entity of the Santa Rosa Island Authority (SRIA) for which the County is financially accountable and has a financial benefit/burden relationship. This entity is known as a "component unit". Financial information for this component unit is reported separately from the financial information presented for the primary government itself. The County's component unit will not be addressed in this MD&A.

Fund financial statements

A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains dozens of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Mass Transit Authority Fund, Disaster Recovery Fund, Community Redevelopment Agency Fund, Series 2017 Capital Project Fund, Mass Transit Authority FTA Capital Project Fund and Local Option Sales Tax (LOST) Capital Projects Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the other supplementary information section of this report.

The County adopts an annual appropriated budget for its general, special revenue, debt service, and capital projects funds. Budgetary comparison statements have been provided for the General Fund and major special revenue funds to demonstrate budgetary compliance. Due to the nature of the Disaster Recovery Fund, the original budget is generally adopted with an appropriation of zero.

The County maintains two different types of *proprietary funds*. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to solid waste disposal/landfill operations, emergency medical/ambulance services, building inspections, and the Bay Center. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses the internal service fund to account for fleet and fuel activities, insurance activities and for certain costs related to the Clerk of Circuit Court and Comptroller's compensated absences policy. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste and Emergency Medical Service (EMS) funds, which are considered to be major funds of the County. Non-major

funds include the Inspection and Bay Center funds, which are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for each of these non-major enterprise funds are provided in the form of combining statements in the other supplementary information section of this report. Internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for internal service funds are also provided in the form of combining statements in the other supplementary information section of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is similar to proprietary funds. The County only has agency funds.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, *required supplementary information* is presented concerning the County's changes in total OPEB liability and related ratios for providing other post employment benefits (OPEB) to its employees; and for the County's proportionate share of the net pension liability and contributions for employee participation in the Florida Retirement System pension plan and health insurance subsidy program.

The *other supplementary information* section contains the combining statements referred to earlier in connection with nonmajor governmental funds, proprietary and internal service funds, and fiduciary funds, along with budgetary comparison schedules for the County's three major capital project funds (LOST, Mass Transit Authority FTA Capital and Series 2017 Capital Project), and for all nonmajor governmental funds.

Government-wide Financial Analysis

Net position over time may serve as a useful indicator of a government's financial position. For the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows by $637,564,123 at the close of the most recent fiscal year.

At the end of fiscal year 2019, the County is able to report positive balances in restricted categories of net position, for the government as a whole, as well as for its separate governmental and business-type activities. Negative unrestricted net position was reported for governmental activities. The same situation held true for the prior fiscal year.

The County's restricted net position represents resources that are subject to external restrictions on how they may be used. The County's restricted net position is primarily for capital projects and other special revenue purposes. The largest portion of the County's net position reflects its investment in capital assets (e.g., land, buildings, and equipment); less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining balance ($113,490,001) is negative unrestricted net position. Unrestricted net position is primarily negative due to the effect of the recognition of the net pension liability in accordance with GASB 68.

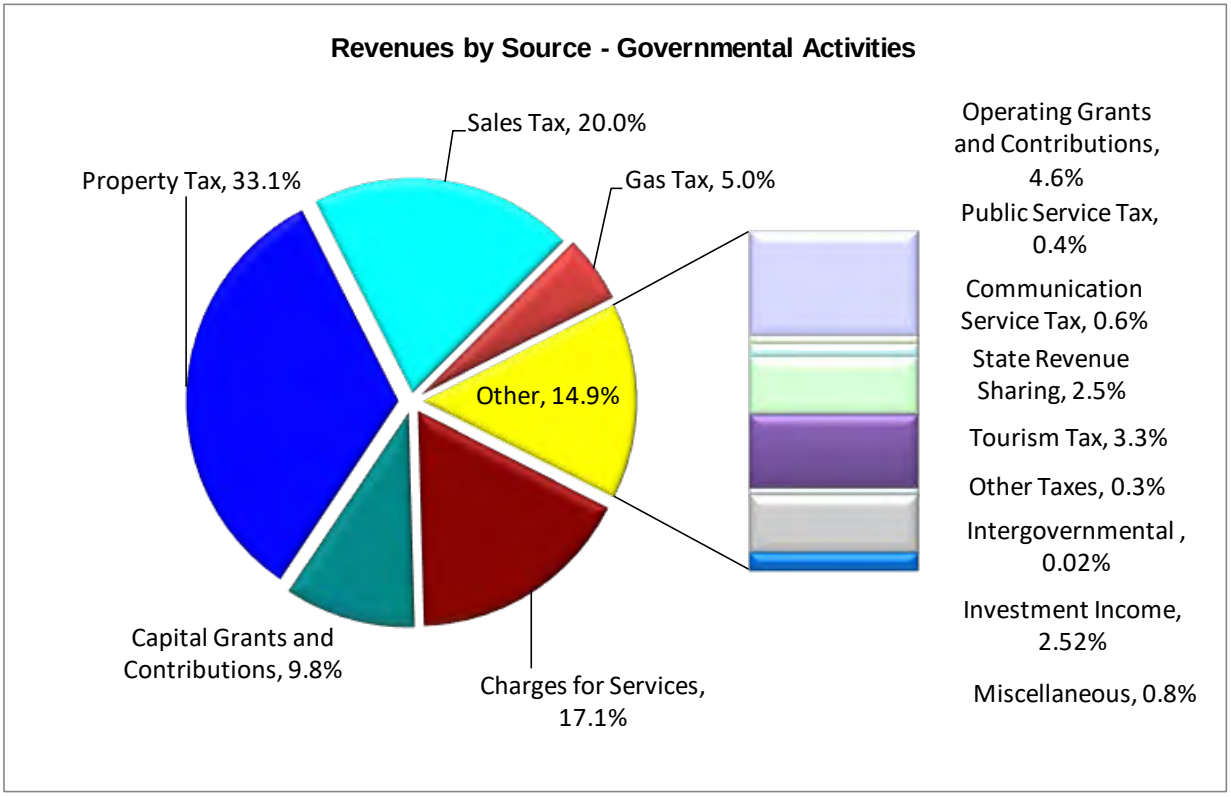
Governmental Activities

Governmental activities increased the County's net position by $27,494,840 from the prior fiscal year for an ending balance of $564,547,133. Although millage rates remained the same, property tax revenue increased due to rising taxable assessed values. Capital grant revenue increased primarily from FEMA revenue for the construction of the new jail facility.

Government expenditures increases were primarily due to increased non-recurring capital outlay for public facilities and the new jail facility. Additional increases were attributable to economic development project costs.



Expenses and Program Revenues – Governmental

Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense) Revenue

Business-type Activities

Business-type activities decreased the County's net position by $273,128, a slight decline from the prior fiscal year, for an ending balance of $73,016,990. Charges for services contributed 95.1% of the total program revenues for the County's business-type activities. Solid Waste's increase was due to higher charges for service from increased use of transfer facilities. EMS expenses and transfers out exceeded program revenues by $5.9 million; the net position decrease for the EMS Fund was primarily due to reduced revenue from charges for services and an increase in pension expense. The Bay Center expenses exceeded program revenues by $1.93 million and operations were subsidized by a transfer from the Tourist Promotion Fund of $1.7 million. The Bay Center's revenue and expense increased from the prior fiscal year. This combination was not sufficient to cover operating costs and required maintenance.

Expenses and Program Revenues – Business-type Activities

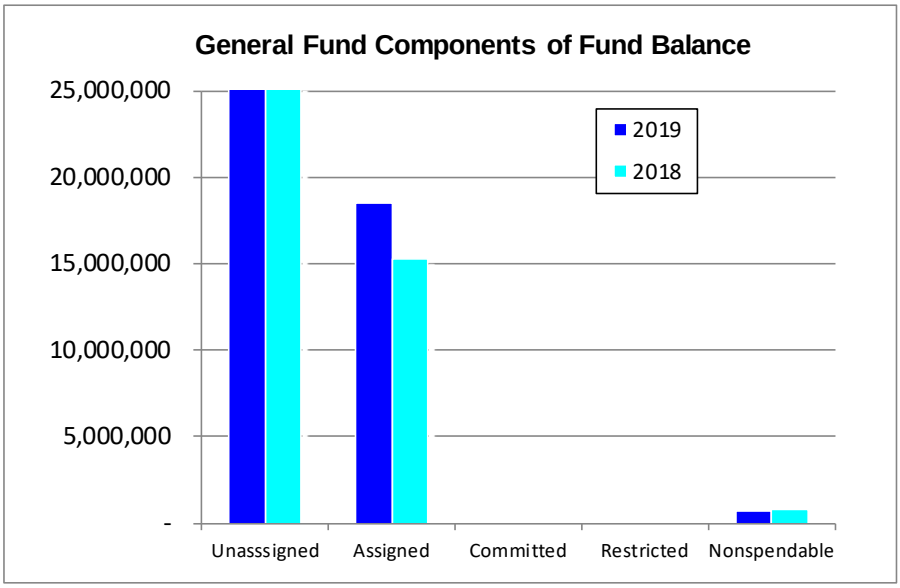
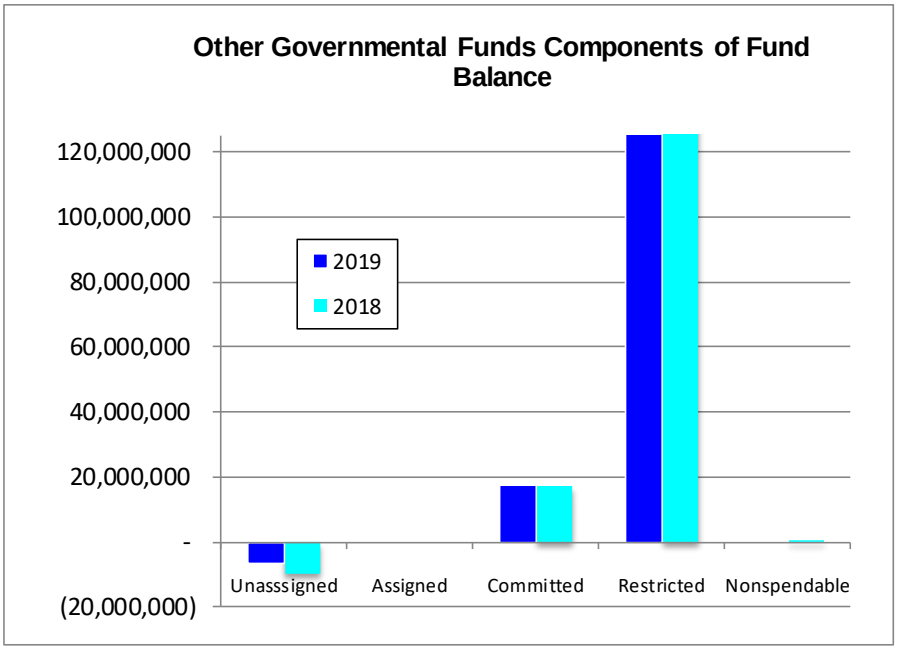
Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds



The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable resources.* Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not been limited to use for a particular purpose by either an external party, the County itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the County's Board of County Commissioners.

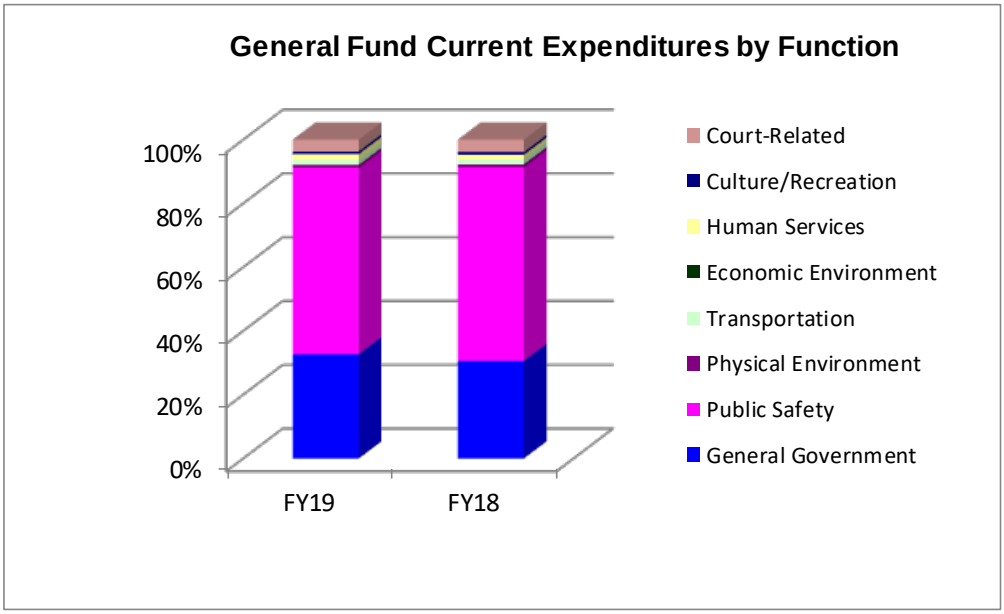


At the end of fiscal year 2019, the County's governmental funds reported combined fund balances of $268,147,001, a decrease of $30,053,806 in comparison with the prior year. Approximately 8% of this

amount, $22,451,156 constitutes *unassigned fund balance*, which is available for spending at the County's discretion. The remainder of the fund balance is either nonspendable, restricted, committed or assigned. *Restricted* fund balances of $208,757,526 represent amounts that can only be spent for specific purposes as stipulated by external resource providers either constitutionally or through enabling legislation such as Florida Statutes, laws and regulations or grantors. *Committed fund balances* of $17,393,262 represent amounts committed by County ordinance, whereas *assigned fund balances* of $18,484,060 consists of funds budgeted in the subsequent year to balance the 2020 budget. *Nonspendable fund balances* are not available for spending because they are not in spendable form, or are legally required to be maintained intact. The ending *nonspendable fund balances* consists of $1,060,997 for inventories.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year unassigned fund balance of the General Fund was $29,036,549 while total fund balance increased to $48,247,851. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 14.7% of the total General Fund expenditures, while total fund balance represents 24.0% of that same amount.

The following graphs represent the components of fund balance in the General Fund, and the components of fund balance in the other governmental funds:



The decrease in fund balance of the County's General Fund was $1,963,307 during the current fiscal year, a change from prior year increase of $3,070,833. Key factors in this are as follows:

- The overall increase in revenues and decrease in transfers in over fiscal year 2018 were primarily attributable to property taxes increases due to a higher certified property values. Interest earnings were higher due to favorable interest rates. Sales tax and tourist development tax also increased due to efforts to stimulate the economy. Local half cent sales tax and state revenue sharing increased intergovernmental revenue. Transfers in decreased primarily due to reduced cost reimbursements for various programs.

- An increase in expenditures and transfers out over fiscal year 2018 for General Government was due primarily from operational costs for utilities, insurance, Medicaid, and state detention cost sharing programs. Public safety increased primarily due to increased cost associated with detention personnel and operating expenditures, and increased transfers for the Sheriff and road prison. Human Services increased community mental health services. Physical environment, transportation, and culture and recreation all increased slightly due to increased operational and personnel costs.

The following graph displays the General Fund's current expenditures by function for FY19 and FY18 (it does not include debt service or other financing uses).

The Disaster Recovery Fund was established to account for the costs and related funding assistance from state and federal sources for hurricane or other major disaster events. The negative fund balance of $6,585,393 represents expenditures for the April 2014 flood event. The County will continue to seek reimbursement from federal or state sources. An advance from the LOST Fund provided the initial resources to pay for these costs and the advance will be paid off as these outstanding reimbursement claims are resolved. Should the County be denied reimbursement for these claims, the County will have to use resources from other funds to pay off the LOST advance and fund deficit. In 2019, the County collected approximately $3.5 million from federal sources and incurred an additional $527 thousand in disaster costs.

The Mass Transit Authority Fund was established to account for the cost of operations of the Escambia County Area Transit Authority. On October 1, 2017 the County took operations in house, on February 15, 2018, Ordinance 2018-8 re-established the Fund as a Dependent Special District of Escambia County. Sources of revenue are operating grants, local option fuel tax, passengers and user fees, contributions from the University of West Florida, Santa Rosa Island Authority. At the end of fiscal year 2019, restricted fund balance was $2,708,699 and this represents 21% of the fund's total expenditures and transfers out. The fund balance increased $703,817, this was primarily due to increased grant revenues and increased user fees, in addition to savings on operating cost.

The Capital Project fund of the Mass Transit Authority is the Mass Transit Authority FTA-Capital Fund which was established to account for the revenue received from FTA and FDOT Grants and the costs associated with various mass transit capital projects. At the end of fiscal year 2019 fund balance was $347,143 this represents 94% of expenditures and transfers out. The fund balance increased $24,532 and was primarily due to transfers in and investment earnings.

The CRA Fund was established to account for the operations of the community redevelopment initiative. There are eight established redevelopment districts which are funded by tax increment financing (TIF) portions of property taxes for each respective district. At the end of fiscal year 2019 restricted fund balance was $3,773,068 and this represents 178% of the fund's total expenditures and transfers out. The fund balance increased $510,106. While the TIF funding remained at 75%, the rate remained constant primarily due to more projects expenditures within the TIF districts in order to expedite cleaner, safer neighborhoods and increase property values.

The restricted components of the fund balance of the CRA are comprised of the following:

	2019	2018
Warrington CRA	$ 1,238,726	$ 1,180,210
Brownsville CRA	354,694	306,755
Englewood CRA	332,267	228,332
Ensley CRA	168,701	24,245
Atwood CRA	61,502	5,087
Oakfield CRA	12,044	-
Palafox CRA	1,223,512	1,058,387
Barrancas CRA	248,241	366,135
Cantonment CRA	127,982	66,821
Neighborhood	5,399	26,990
	$ 3,773,068	$ 3,262,962

The Series 2017 Capital Projects Fund was established to account for the revenues associated with the Sales Tax Revenue Bonds, Series 2017 issued during FY2017; and to account for the expenditures associated with the planning, design and construction of the new Escambia County Jail Facility. Additional revenues funding this project will be Local Option Sales Tax, Insurance proceeds and Grant Revenue. Expenditures exceeded revenues by $30,979,430 for a fund balance of $54,724,387. At the end of fiscal year 2019 restricted fund balance was $54,724,387, a decrease of 36.1% over the prior year. Although grant revenue increased 143% from $11M to $27M, the fund balance decrease was mainly attributable to construction progress for the Escambia County Jail Facility.

The Local Option Sales Tax Fund's primary revenue is a 1% local option sales tax imposed by Escambia County, which was restricted by voter referendum primarily for capital projects and public safety expenditures. At the end of the current fiscal year, restricted fund balance was $115,169,975 or 208% of the fund's total expenditures and transfers out. While local option sales tax revenue includes a 4.5% increase in the sales tax revenue, driven by improvements in the local economy; fund balance decreased by $618,214. This was primarily a result of decreased capital expenditures of $2,347,787 or -5.1% over the prior year for infrastructure, transportation and drainage projects. Even though the revenue source is stable and predictable, the planning, budgeting, and execution of large projects results in variances from year to year in the amount of actual expenditure for projects.

Proprietary funds

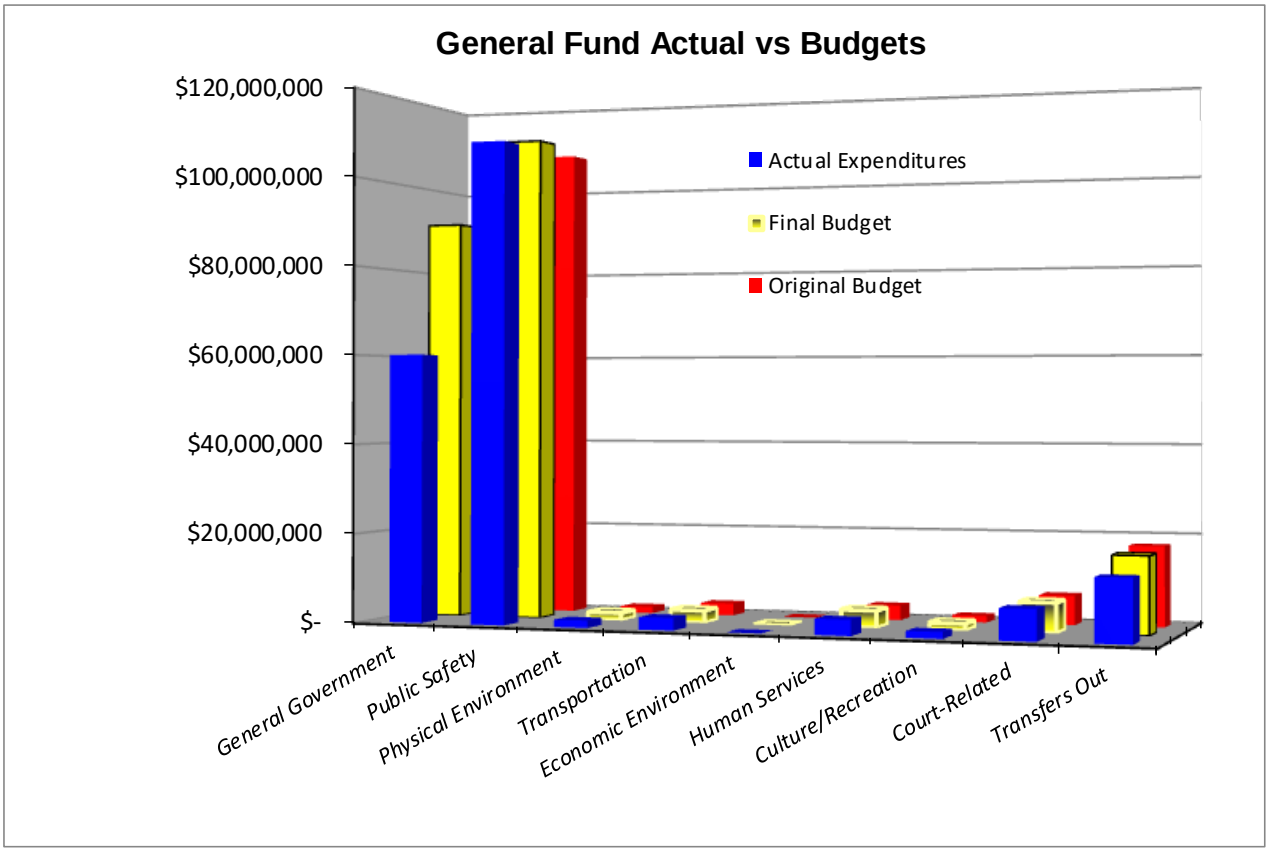
The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Solid Waste and the Emergency Medical Service Funds are reported as major enterprise funds. The Inspection and Bay Center Funds are reported as non-major enterprise funds. As previously discussed, the internal service fund is combined with governmental funds to arrive at governmental activities.

Unrestricted net position of proprietary funds at the end of the year amounted to:

	2019	2018
Solid Waste	$ 21,209,468	$ 17,803,387
Emergency Medical Service	(2,796,331)	2,395,334
Inspection	2,640,296	2,139,144
Bay Center	594,974	144,515
	$ 21,648,407	$ 22,482,380

Unrestricted net position for proprietary funds decreased $833,973 which is a 3.7% decrease from the prior fiscal year. The total change in net position for proprietary funds for the Solid Waste, Emergency Medical Services, Inspection and Bay Center funds was $5,272,787, ($5,856,143), $549,745 and ($239,517) respectively. Solid Waste increases are due to franchise fees and dumping fees, which were attributable to increased tonnage from debris, construction and demolition waste. The Emergency Medical Services decrease was attributable to lower revenue from charges for service, reduced transfers out and an increase in pension expense.

General Fund Budgetary Highlights



The General Fund's original budget was increased by $5,833,928, to arrive at the final amended budget for expenditures and transfers out. During the year there was a need to make an amendment to reallocate appropriations among departments when the prior year fund balances were finalized and purchase commitments were approved for re-budgeting. Generally the movement between departments was not significant. The largest change was to general government, contingency reserves and transfers out for road prison. The changes within functions are summarized in the following table.

	Original Budget	Final Budget	Change
General Government	$ 86,261,023	$ 90,485,579	$ 4,224,556
Public Safety	107,685,413	109,387,269	1,701,856
Physical Environment	1,455,438	1,669,244	213,806
Transportation	2,717,439	2,728,646	11,207
Economic Environment	-	-	-
Human Services	3,289,133	3,777,385	488,252
Culture/Recreation	1,454,373	1,508,740	54,367
Court-Related	6,522,959	6,522,959	-
Transfers Out	17,845,028	16,984,912	(860,116)
	$ 227,230,806	$ 233,064,734	$ 5,833,928

The General Fund under spent the final budget by $35,603,285 or 15.28% for expenditures and transfers out. The variance within functions is summarized in the table below:

	Actual Expenditures	Final Budget	Variance	
General Government	$ 60,098,452	$ 90,485,579	$ 30,387,127	33.6%
Public Safety	107,504,624	109,387,269	1,882,645	1.7%
Physical Environment	1,622,767	1,669,244	46,477	2.8%
Transportation	2,746,727	2,728,646	(18,081)	-0.7%
Economic Environment	-	-	-	
Human Services	3,499,267	3,777,385	278,118	7.4%
Culture/Recreation	1,464,725	1,508,740	44,015	2.9%
Court-Related	6,819,974	6,522,959	(297,015)	-4.6%
Transfers Out	13,704,913	16,984,912	3,279,999	19.3%
	$ 197,461,449	$ 233,064,734	$ 35,603,285	15.3%

General Fund actual expenditures were less than anticipated expenditures by $35,603,285. Of this amount $18.48 million for purchase commitments was re-budgeted and assigned to the subsequent year budget. A review of actual expenditures compared to appropriations in the final budget yields no significant variances with the exception of an overall reduction of $1.3 million in salary and $3.1 million in operating. The majority of transfers out are offset by the elimination of budgeted General Fund transfers in, so they are not an actual budgeted expenditure. Transfers out increases were attributable to debt service and public safety programs. Cost and fuel allocation in the amount of $2.3 million in general government are budgeted, but eliminated expenditures. The remainder of unspent budget is primarily due to unspent budgeted contingency and reserves.

Capital Asset and Debt Administration

Capital assets

The County's investment in capital assets for its governmental and business-type activities as of September 30, 2019 amounts to $707,897,336 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings, improvements other than buildings (including leasehold improvements), equipment, software, infrastructure, and construction in progress. The total increase in the County's investment in capital assets for the current fiscal year was 12.5%.

Major capital asset events during the current fiscal year included the following:

- Building projects include the continued construction of the new Jail Facility, the renovations of Supervisor of Elections Building, the purchase of the Bellview Library, renovations to the Sheriffs building and the construction of restrooms at the Beulah Regional Park.

- Ongoing transportation infrastructure projects include Olive Road East corridor, Beach Haven NE Drainage, the replacement of the South Old Corry Field Road Bridge and OLF-X property improvements.

- Net construction in progress (CIP) increased to $96,637,515 primarily due to the construction of the new Jail and the improvements to infrastructure consisting of more than 100 projects for roads, drainage and bridge replacement including renovations.

- The net increase of $3.3 million in land includes Hazard Mitigation Grant Project-Bristol Park Creek, Navy Boulevard Project, OFL-X Land improvements, and the Beulah Library Land.

- Equipment purchases include the purchase of road construction equipment, security equipment, county vehicles, trucks, computers and communication radios.

Escambia County, Florida
Capital Assets (Net)

Capital Assets, net	$ 656,528,753	$ 578,504,918	$ 51,368,583	$ 50,807,738	$ 707,897,336	$ 629,312,656

Additional information on the County's capital assets, including major construction commitments, can be found in Note 3 of this report.

Long-term debt

At the end of the current fiscal year, the County had total notes and bonded debt outstanding of $153,255,000. Of this amount, $41,355,000 consists of debt backed by Non-Ad valorem tax revenue. The remainder of the debt, $111,900,000 represents bonds and notes secured solely by specified revenue sources (i.e., sales tax). The unamortized bond issue premium for the Series 2017 Sales Tax Revenue Bond and Series 2018 Capital Improvement Refunding Revenue Bond is $14,854,399.

Escambia County, Florida
Outstanding Notes and Bonded Debt

	Governmental Activities	
	2019	2018
Revenue Bonds	$ 115,890,000	$ 115,545,000
Revenue Notes	37,365,000	50,484,000
	$ 153,255,000	$ 166,029,000
Unamortized Bond Issue Premium	14,854,399	10,228,121
	$ 168,109,399	$ 176,257,121

The County's outstanding debt; including the unamortized bond issue premium; had a net decrease of $8,147,722 or 4.62% during fiscal year 2019. Decreases were attributable to normal debt service principal reductions for revenue notes and revenue bonds.

Additional information on the County's debt, including any major changes to the County's credit ratings, can be found in Note 6 of this report.

There is no outstanding debt for Business-type activities.

Economic Factors and Next Year's Budgets and Rates

The following economic factors currently affect Escambia County and were considered in developing the 2019-2020 fiscal year budget.

- The annual average unemployment rate for the County for 2019 was 3.0%. The average adjusted rate for 2018 was 3.0%. There was no change from the prior year unemployment rate.
- The taxable assessed value increased 5.6% in the 2019 fiscal year.
- Population was updated to 315,534 at September 30, 2019, which is the revised 2018 population. This was a 0.1% increase from 2 years prior year. Current year population was not available at the time of the CAFR release.

During the current fiscal year, unassigned fund balance in the General Fund decreased to $29,036,549. The County has budgeted $229,173,057 for spending in the 2020 fiscal year budget, and assigned $18,484,060 of the ending 2019 fund balance to the subsequent year's budget. The total ad valorem tax rate remained the same at 7.661 mills for the 2020 fiscal year budget.

In an effort to help stimulate job creation and the economy, the County continues to work with the Greater Pensacola Chamber of Commerce and the City of Pensacola to recruit new industry to the area and stimulate job growth.

Requests for information

This financial report is designed to present users with a general overview of the County's finances and to demonstrate the County's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact the Escambia County Clerk of the Circuit Court and Comptroller, Finance Department, 221 Palafox Place Suite 130 Pensacola Florida 32502; 850-595-4825. ESCAMBIA COUNTY, FLORIDA

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

as of September 30, 2019

Total fund balances of governmental funds		$ 268,147,001
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore, are not reported in governmental funds. The cost of assets is $1,464,683,700 Accumulated depreciation and amortization is $808,703,658. The difference does not include the net capital assets of the internal service funds $548,711 which are included below.		655,980,042
The internal service fund is used by management to charge the costs of risk management services to individual funds. The assets, liabilities, outflows/inflows of the internal service fund are included in activities in the Statement of Net Position.		4,811,658
At the governmental fund level, certain other long term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.		2,066,335
Deferred inflows and outflows of resources related to debt:		
Deferred charge on refunding (to be amortized as interest expense)		1,872,240
Deferred outflows and inflows of resources related to pensions and other post employment benefits (OPEB) are applicable to future periods and not reported in governmental funds. The difference does not include certain amounts from the internal service fund which is included above.		
Deferred outflows of resources - Pensions	74,372,331	
Deferred inflows of resources - Pensions	(18,475,783)	
Deferred outflows of resources - OPEB	1,070,780	
Deferred inflows of resources - OPEB	(977,597)	
		55,989,731
Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities --both current and long-term--are reported in the Statement of Net Position. The difference does not include the internal service funds $11,180,798 which is included above. Long-term liabilities at year-end consist of:		
Bonds payable	115,890,000	
Notes payable	37,365,000	
Bond issuance premiums	14,854,399	
Pollution remediation	180,000	
Compensated absences	25,486,402	
Other post employment benefits	19,277,640	
Net pension liability proportionate share	211,266,433	
		(424,319,874)
Total net position of governmental activities		$ 564,547,133

The notes to the financial statements are an integral part of the financial statements.

ESCAMBIA COUNTY, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds		$ (30,053,806)
Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital additions ($116,512,830) exceeds depreciation ($38,043,714) in the current period. Total capital additions consist of capital expenditures of $113,614,333 and non-cash contributions of $2,898,497 for donated roads.		78,469,116
Collections of principal on long-term sales type lease receivable provides current financial resources to governmental funds.		(76,974)
The issuance of bonds and similar long-term debt provides current financial resources to governmental funds and thus contributes to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the statement of net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amounts of the items that make up these differences in the treatment of long-term debt and related items are:		
Debt issued or repaid:		
Issuance of refunding notes/bonds	(41,545,000)	
Discount (premium) on issuance	(5,318,882)	
Principal repayments	7,765,000	
Amortization of deferred charge on refunding	(156,020)	
Amortization of interest expense on bond premium	692,604	
Payment to bond holders for refunding	46,554,000	
		7,991,702

ESCAMBIA COUNTY, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES - Continued

For the Year Ended September 30, 2019

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. These adjustments are as follows:		
Changes in compensated absences	603,504	
Changes in other post employment benefits	21,210	
		624,714
Governmental funds report County pension contributions as expenditures. In the statement of activities, the cost of the pension benefits earned net of contributions is reported as pension expense.		
Difference between pension contribution and net pension expense		(28,634,564)
Governmental funds report other post employment benefit contributions as expenditures. However, in the statement of activities, the actuarial cost of benefits earned net of employee contributions is reported as an expense.		(317,457)
In the statement of activities, only the loss on the sale/disposal of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets sold/disposed.		(399,256)
The internal service fund is used by management to charge the costs of risk management and other services to other funds. The net income of the internal service fund is reported with governmental activities.		(108,635)
Change in net position of governmental activities:		$ 27,494,840

The notes to the financial statements are an integral part of the financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-wide Financial Statements

The financial statements of Escambia County, Florida (the "County") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all nonfiduciary activities of the primary government and its component unit. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component unit for which the primary government is financially accountable. Significant County accounting policies are described below.

B. Financial Reporting Entity

Escambia County, Florida (the County) is a political subdivision of the State of Florida created pursuant to Chapter 7 of the Florida Statutes. The County is governed by a five member Board of County Commissioners (the Board), elected from single-member districts. The Board has no powers other than those expressly vested in it by State Statute. In addition to the Board, there are five elected Constitutional Officers: pursuant to Article 8, Section 1(d), of the Constitution of the State of Florida; the Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Constitutional Officers maintain separate accounting records and budgets. The Board funds a portion or, in certain instances, all of the operating budgets of the County's Constitutional Officers.

The combining financial statements include the operations of the Board of County Commissioners, Clerk of the Circuit Court and Comptroller, Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections and those separately administered organizations for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the government.

Blended Component Unit
Community Redevelopment Agency (CRA) – Pursuant to Florida Statutes section 163 Part III, the Community Redevelopment Act of 1969 authorized governments to use tax increment financing as a means for community redevelopment. The primary purpose of this act is to provide local governments with a source of funds to revitalize the deteriorated portions of their communities; thus establishing a financial benefit or burden relationship between the primary government and the CRA. The primary government also has operational responsibility for the Community Redevelopment Agency. In 1995, the Board of County Commissioners adopted Ordinance No. 95-6 which established the Community Redevelopment Agency (CRA) of Escambia County. Eight redevelopment areas are included under the CRA jurisdiction. The County Board serves as the CRA Board and has all rights, powers, duties, privileges and immunities authorized by the Act. The CRA is reported as a major special revenue fund in the fund financial statements of the County; a copy of this report may be found at the Community Redevelopment Agency Office; 221 Palafox Place; Suite 305, Pensacola Florida 32502.

Escambia County Area Transit Authority (Mass Transit Authority) – Pursuant to Florida Statutes section 189 Uniform Special District Accountability Act, is classified as a Dependent Special District because the membership of the Mass Transit Authority's governing body is identical to Escambia County and the Mass Transit Authority's budget requires approval through an affirmative vote or can be vetoed by Escambia County. The primary purpose of this Mass Transit Authority is to own, operate and manage the public transportation system in Escambia County on behalf of the Board of County Commissioners of Escambia County; providing an efficient and coordinated public transportation system servicing rural and urban areas. The 1 to 5 Cents Local Option Fuel Tax (4 cents levied) is used to fund public transportation operations and maintenance pursuant to Sections 206 and 336, Florida Statutes. Funding is also provided by Federal Transit Administration operating grants, user fees and reimbursements for non-transit activities, thus establishing a financial benefit or burden relationship between the primary government and the Mass Transit Authority. The Mass Transit Fund was a fund of the County until 2018, when Ordinance No. 2018-8 established the Escambia County Area Transit Authority. However, the Board of County Commissioners adopted Ordinance 2019-28, repealing the ordinance establishing the Mass Transit Authority subsequent to year end. The Mass Transit Authority Fund is reported as a major special revenue fund in the fund financial statements of the County; the capital projects of the Mass Transit Authority are reported as a major capital project fund in the fund financial statements of the County. A copy of this report (the fund financial statement of the County) may be found at the Escambia County Area Transit Authority Office; 1515 West Fairfield Drive, Pensacola Florida 32501.

Discretely Presented Component Unit

Proprietary Fund Type:

Santa Rosa Island Authority (SRIA) – The Santa Rosa Island Authority (SRIA) was established by the provisions of Chapter 24-500, Laws of Florida, Special Acts of 1947, as amended. The County appoints five (5) members of the Authority's six (6) member Board, and one (1) member is elected by the eligible voters who are full time residents of the Island. The County approves the SRIA's budget and issuance of debt. The County has veto power over decisions of the SRIA. The SRIA serves as the County's leasing agent for property on Santa Rosa Island owned by the County. The operations of SRIA are reported in the SRIA Fund, a discrete component unit in this report. Financial statements for the SRIA can be obtained at 1 Via Deluna, Pensacola Beach, Florida 32561.

Joint Venture:

As defined in Governmental Accounting Standards Board (GASB) Statement No. 14, a joint venture is a separate legal entity or other organization that results from a contractual arrangement (or interlocal agreement) and that is owned, operated or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain (a) an on-going financial interest or (b) an on-going financial responsibility. The County participates and provides financial support to the following non-equity joint venture:

Pensacola – Escambia County Promotion and Development Commission (PEDC) – This Commission was created in 1967 by Chapter 67-1365, Laws of Florida, amended in 1980 by Chapter 80-579, to promote and develop tourism and industry in Escambia County and in the City of Pensacola. The nine (9) member Commission consists of the President of the Chamber of Commerce, two (2) members of the Pensacola City Council, two (2) members of the Escambia County Commission, one (1) member of the Century City Council, one (1) representative of the Committee of 100 or the Tourist Advisory Council, one (1) at-large member appointed by the Pensacola City Council and one (1) at-large member appointed by the Escambia County Commission. The County and the City of Pensacola each contribute funds annually for the operation of the Commission, but neither has control of the budget or finances of the Commission. Separate financial statements are available from the Pensacola – Escambia County Promotion and Development Commission at 117 West Garden Street, Pensacola, Florida 32593-0550.

Summary financial statements as of September 30, 2019, for the joint venture are as follows:

STATEMENTS OF NET POSITION

Expenses		(2,632,780)
Change in net position		(15,350)
Net position - beginning		4,467,857
Net position - ending	$	4,452,507

C. Basis of Presentation – Government-wide and Fund Financial Statements

The basic financial statements consist of the government-wide (based on the County as a whole, including its component unit) and fund financial statements. Both sets of statements categorize primary activities as either governmental or business-type activities.

The government-wide financial statements include a statement of net position and a statement of activities which report on the government as a whole and provide a consolidated financial picture of the government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund activities are eliminated to avoid distorted financial results. The amounts reported as internal balances represent the residual amounts due between governmental and business-type activities. Fiduciary Funds of the government are also eliminated from this presentation since these resources are not available for general government funding purposes.

The statement of activities reports functional categories of programs provided by the County, and demonstrate how and to what degree those programs are supported by specific revenue. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on external fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given program are supported by specific revenues. *Direct expenses* are those that are clearly identifiable with a specific program. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. G*eneral revenues* consist of all taxes and other items collected that help support all functions of Escambia County government.

Individual fund financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The general fund includes the Board of County Commissioners, Clerk of Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

Escambia County Area Transit Authority (Mass Transit Authority) Fund accounts for the operations and maintenance of the Escambia County Transit System. The 1 to 5 Cents Local Option Fuel Tax (4 cents levied) is used to fund public transportation operations and maintenance pursuant to Sections 203 and 336, Florida Statutes. Funding is also by Federal Transit Administration operating grants, user fees and reimbursements for non-transit activities.

Escambia County Area Transit Authority FTA Capital (Mass Transit Authority - FTA Capital) Fund is the capital project fund of the Escambia Area Transit Authority and is reported as a major capital project fund in the fund financial statements of the County. It accounts for revenue received from the United States Department of Transportation and cost associated with federal transportation assistance. The Federal Transit Administration (FTA) provides capital assistance for mass transit projects including mass transit fixed route and ADA paratransit services for citizens through urban areas of Escambia County. FTA funding is provided by Grants, State matching funds, and Escambia County Area Transit Authority matching funds.

The *Disaster Recovery Fund* accounts for financing provided from various grants, or reimbursements to aid the County's recovery from either natural or man-made disasters. Due to the nature of this major fund, the County generally adopts an appropriated budget of zero.

The *Community Redevelopment Agency Fund (CRA)* was established to account for the revenues and expenditures of the redevelopment areas established within the County. The CRA Fund is a blended component unit of Escambia County. Pursuant to Florida Statutes Section 163 Part III, the Community Redevelopment Act of 1969 authorized government to use tax increment financing as a means for community redevelopment.

The *Series 2017 Project Fund* is a capital project fund created pursuant to Resolution 2017-70 to account for the proceeds of the Sales Tax Revenue Bonds, Series 2017, issued June 22, 2017. This fund will account for the expenditures associated with the acquisition, planning, design and construction of a new 1,500 rated bed correctional facility. This new facility will be constructed in two phases utilizing the design-build construction delivery method pursuant to section 287.055, Florida Statutes (acquisition of professional architectural and engineering services). Upon completion, the new correctional facility will replace the existing correctional facilities known as the Central Booking Detention Facility and Main Jail.

The *Local Option Sales Tax Fund (LOST)* accounts for monies collected pursuant to Florida Statutes 212.055, which authorizes the County to impose a one percent (1%) local option infrastructure sales surtax upon taxable transactions occurring within Escambia County, to provide for road and drainage projects and improvements, recreation projects, public safety, expansion of jail and court facilities, and community redevelopment projects. This tax was approved by referendum on March 10, 1992, and was originally set to expire on December 31, 2017. On November 4, 2014, this tax was extended by referendum through December 31, 2028, as permitted by law.

The County reports the following major proprietary funds:

The *Solid Waste Fund* accounts for solid waste disposal (landfill) operations, primarily financed through franchise fees and user charges.

The *Emergency Medical Service Fund* accounts for the cost of emergency medical services provided in Escambia County. All activities necessary to provide such services are accounted for in this fund.

Additionally, the government reports the following fund types:

The *Internal Service Fund* accounts for risk management activities, activities for garage and fuel services provided to County departments, and for administration of employee benefits. Additionally, the internal service fund is used to account for balances and activity related to compensated absences policies of the Clerk of the Circuit Court and Comptroller, for court related activities.

Agency Funds are custodial in nature, and are therefore excluded from the governmental-wide financial statements. These funds are used to account for assets held by the County as an agent for individuals, private organizations and governments. Fiduciary funds use the economic resource measurement focus; agency funds have no measurement focus. Agency funds are utilized by the Clerk of the Circuit Court and Comptroller, the Tax Collector, and the Sheriff. Resources include fines, forfeitures, and filing fees collected for other governmental agencies, support payments, jury and witness services, posted bonds collected for individuals, prisoner's funds, confiscated monies held as evidence, property taxes and fees for licenses.

D. Measurement Focus and Basis of Accounting

The **government-wide financial statements** and the **proprietary fund and fiduciary fund financial statements** are reported using the *economic resources measurement focus* and the *accrual basis of accounting.* Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. State shared revenues, sales taxes, franchise taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Expenditures generally are recorded when a liability is incurred, except debt service expenditures and expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due. Capital asset acquisitions are recorded as expenditures in governmental funds. Monies received from issuing long-term debt and acquisitions under capital leases are reported as *other financing sources*.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

Escambia County allocates indirect costs comprised of administrative overhead costs to functional activities using various allocation charge methods. Therefore, expenses reported for functional activities include these allocated indirect costs. Elimination of these charges would distort the direct costs of the functions concerned.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements, with the exception of administrative overhead components as discussed above.

Amounts reported as program revenue include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. All taxes, including those dedicated for specific purposes, and internally dedicated resources are reported as general revenues rather than as program revenue.

Proprietary fund financial statements are reported using economic resource measurement focus and the accrual basis of accounting, distinguishing *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Budgetary Information

Annual budgets are adopted on a basis consistent with *generally accepted accounting principles* as required by Florida Statute 129 for all governmental funds. In fiscal year 2018, the Disaster Recovery Fund adopted an original budget appropriation of zero, which was subsequently amended.

On or before May 1 of each year, the Clerk of the Circuit Court and Comptroller, Property Appraiser, Supervisor of Elections, Sheriff and Tax Collector each submit to the Board of County Commissioners a tentative budget for the ensuing fiscal year.

Within fifteen days after certification of the ad valorem tax roll by the Property Appraiser, the County's Office of Management and Budget submits to the Board of County Commissioners a proposed budget for the fiscal year commencing the following October 1st. Pursuant to the provisions of Section 129.01, Florida Statutes, the proposed budgets as submitted contain balanced statements of estimated revenue and proposed appropriations for each fund required to be presented by law or sound financial practice, including the general, special revenue, debt service, and capital projects funds.

The Board holds public hearings and a final budget must be prepared and adopted no later than September 30. The County's budget is legally enacted through passage of a resolution.

The appropriated budget is prepared by fund, function and department. The Office of Management and Budget is authorized to transfer budgeted amounts within departments of a fund and between departments of a fund; however, the Board of County Commissioners must approve any revisions that alter the total expenditures of any fund. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level. The Board of County Commissioners approved supplemental budget amendments during the year that increased the original budget.

All appropriations lapse at the end of each fiscal year, although the county expects to honor purchase orders and contracts in process, subject to authority provided in the subsequent year's budget.

F. Property Taxes

Under Florida law, the assessments of all properties and the collections of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and the County Tax Collector. The laws of the state regulating tax assessments are also designed to assure a consistent property valuation method statewide. Pursuant to the State Constitution, Florida Statutes permit counties to levy ad valorem taxes on real and tangible personal property taxes at a rate not to exceed 10 mills for countywide purposes, exclusive of taxes levied for the payments of bonds and taxes levied for periods of not longer than 2 years and approved by a vote of the electors. All property is assessed at 100% of just value. For fiscal year 2019, the County-wide operating millage rate was 6.6165 mills. The County-wide operating millage rate for the Library was .359 mills for a total of 6.9755 mills. The Law Enforcement MSTU rate is .685 for a total direct rate of 7.6605 mills.

The tax levy of the County is established by the Board of County Commissioners prior to October 1 of each year and the Tax Collector incorporates the millage into the total tax levy, which includes the municipalities, special districts, and the County School Board tax requirements and produces the tax bill. All property is reassessed by the Property Appraiser, according to its fair market value on January 1 of each year. The certified assessment roll is delivered by the Property Appraiser to the Tax Collector.

All property taxes are billed in arrears and become due and payable on November 1 of each year. All unpaid taxes become delinquent on April 1 following the year which they are assessed. The legal lien date is January 1 of each year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. Taxes paid in March are without discount. Tax certificates are sold for all delinquent taxes on real property. Virtually all unpaid taxes are collected via the sale of tax certificates prior to year end. The county does not accrue its portion of the County-held tax sale certificates or personal property tax warrants because such amounts are not considered to be material.

G. Cash and Cash Equivalents

The County defines cash and cash equivalents as cash held at a depository and cash on hand for operating purposes and those investments which are short term and highly liquid. Generally, those investments have original maturities of three (3) months or less from the date of acquisition. The County maintains an equity in pooled cash fund. All monies which are not legally restricted to separate administration are pooled together for investment and are maintained on a daily transaction basis. Investment earnings are distributed in accordance with the participating funds' relative equity. The County's cash deposits are held by banks that qualify as public depositories under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes. The County's cash deposits are fully insured by the Public Deposits Trust Fund.

H. Investments

Investments for the County are reported at fair value (generally based on quoted market prices) except for the Florida Prime Investment Pool, FL CLASS Investment Pool, and Florida Fixed Income Trust are reported at amortized cost. The Florida Fixed income Trust Cash Pool Has a floating Net Asset Value (NAV) however the investment pool is managed to maintain a constant NAV. Investments are pooled together for investment purposes with each individual fund and/or account maintained on a daily transaction basis. Investment earnings are distributed in accordance with the participating funds' relative equity. Such investments consist of Certificates of Deposit, U.S. Treasury Securities, Federal Instruments, Commercial Paper, Corporate Notes, and State and/or Local Government Debt.

I. Inventories and Prepaid Items

Inventories are valued at cost, using the first-in/first-out method. Annual inventory expenditures reflect supplies consumed. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These payments are recorded as expenditures/expenses when consumed rather than when purchased.

J. Restricted Assets

The use of certain assets in business-type activities is restricted by resolution or ordinance. Assets are designated as restricted since their use is limited. Restricted assets reported represent escrow deposits for customers, funds held for the Saufley Construction and Demolition (C&D) project closure, and the Landfill Escrow held for landfill closure and post closure liability.

K. Accounts Receivable

Accounts Receivable are shown net of an allowance for uncollectible accounts. The Solid Waste Fund records an allowance for receivables older than 90 days, while the Internal Service Fund provides an allowance for receivables without collections during the past year. All other County funds record an allowance on accounts older than 120 days. Accounts in the General Fund consist primarily of franchise fees receivable. The receivables at the end of the fiscal year include an estimated total allowance for uncollectable accounts in the amount of $8.899 million. This allowance is comprised of $7.99 million for ambulance receivables in the Emergency Medical Services Fund; $802,000 for the Internal Service Funds related to the self insurance third party receivables; $63,000 for the Local Option Sales Tax Fund; $40,000 for HUD-CDBG housing programs, $3,000 for the General Fund, and $1,000 for the Solid Waste.

L. Interfund Transactions

Reimbursements to a fund for expenditures/expenses initially made from it, which are applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund, and reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

M. Interfund Payables and Receivables

Unpaid amounts of interfund transactions at year end are reflected as “due from other funds” or “due to other funds” in the related fund financial statements. Noncurrent portions of interfund payables and receivables are reported as advances. In governmental funds, advances are offset equally by nonspendable fund balance unless the funds are restricted or committed. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

N. Capital Assets

Capital Assets, which include property, plant, equipment, intangibles, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Purchased or constructed assets are recorded at historical cost or at a price that would be paid to acquire the asset with equivalent service potential in an orderly market transaction at the acquisition date. Donated capital assets are recorded at acquisition value at the acquisition date.

The County capitalizes items costing $1,000 and having an estimated useful life in excess of one year. Buildings, public domain, and system infrastructure assets which represent major expenditures for such items as roads, water and sewer lines, landfill improvements, parks, and drainage systems are capitalized at historical cost. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital Assets are depreciated over their estimated useful lives unless they are inexhaustible or are intangible assets with indefinite useful lives. The term depreciation (and related forms of the term) includes amortization of intangible assets.

Depreciation has been provided using the straight-line method. The estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings	10 – 50 years
Improvements	20 – 50 years
Infrastructure	20 – 50 years
Equipment	3 – 10 years
Intangibles	3 – 5 years

O. Unearned Revenues

Unearned revenues include amounts collected before revenue recognition criteria are met. Expenditure-driven grants and unearned revenue for exchange type transactions are reported as unearned at the end of the fiscal year.

P. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will *no*t be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net position that applies to future periods and, will not be recognized as an inflow of resources (revenue) until that applicable time.

The County has three items that qualify for reporting as deferred outflows of resources. The first is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the deferred outflow of resources related to pensions reported in the government-wide and proprietary statements of net position. The deferred outflows for pensions are an aggregate of items related to pensions as calculated in accordance with GASB Statements No. 68, *Accounting and Financial Reporting for Pensions* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. These deferred outflows for pension will be recognized as pension expense or a

reduction of the net pension liability in future reporting years. The third is the deferred outflow of resources related to OPEB reported in the government-wide and proprietary statements of net positon. The deferred outflows for OPEB are an aggregate of items related to changes in assumptions and other inputs as calculated in accordance with GASB Statements No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions.* These deferred outflows for OPEB will be recognized as benefit expense or a reduction of the net OPEB liability in future reporting years.

The County also reports deferred inflows of resources in the government-wide and proprietary statements of net position. The unavailable revenue for capital leases is deferred and recognized as an inflow of resources in the period that the amounts become available. The SRIA also has deferred inflows for fees collected prior to the time requirements being met. The deferred inflows for pensions are an aggregate of items related to pensions as calculated under the same principles as the deferred outflows for pensions, and will be recognized as a reduction to pension expense in future reporting years. The deferred inflows for OPEB are an aggregate of items related estimated benefits paid after the measurement date as calculated under the same principles as the deferred outflows for OPEB, and will be recognized as a reduction to benefit expense in future reporting years.

Q. Self-Insurance Claims

Liabilities for reported claims and incurred but not reported claims (IBNR) are estimated based on an actuarial review of claims pending and historical experience.

R. Landfill Closure and Postclosure Care Payable

The County recognizes municipal solid waste landfill closure and post closure care costs under the State of Florida's Solid Waste Management Act of 1988, regulations of the Federal Environmental Protection agency and the GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post closure Care Costs*. The County is required to place a final cover on closed landfills and to provide long-term care for up to thirty years after final cover. These obligations for closure and postclosure are recognized in the Solid Waste Fund over the active life of the landfill, based on landfill capacity used to date.

S. Long Term Obligations

Payments on long term liabilities which are expected to be financed from governmental funds are accounted for as debt service expenditures. For proprietary fund types, long term debt and other obligations are reported as liabilities in the fund financing the obligation. In the government-wide and the proprietary fund financial statements these amounts are reported as liabilities in the statement of net position.

Debt issuance cost, except for prepaid insurance, are expensed in the period incurred. Prepaid insurance cost are reported as an asset and amortized in a systematic and rational manner over the duration of the related debt.

Legal debt margin for bond payments are governed by Florida Statutes 200.181. None of the provisions of this chapter limit or restrict the rate or amount of ad valorem taxes levied for the payment of the principal and the interest on any debt service secured by revenue certificates or by bonds for which the full faith and credit of any taxing district may be pledged.

The County reports pollution remediation obligations, in accordance with GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. The circumstances under which the County will have to estimate, record, and disclose its expected outlays for pollution remediation include: the pollution is an imminent danger to public health or welfare; the government is in violation of a pollution prevention-related permit or license; the government has been named as a responsible party under Superfund or similar state laws; the government is named in a lawsuit that would require

participation in remediation activities; or the government legally commits itself to conduct remediation activities.

T. Compensated Absences

The County's reporting of accumulated compensated absences complies with GASB Statement No. 16, *Accounting for Compensated Absences.* The County's policy permits eligible employees to accumulate a limited amount of earned but unused leave based on years of employment. While employees are encouraged to use their annual leave in the year that it is earned, unused leave time is paid upon separation of service. Compensated absences are recorded as a liability when the benefits are earned in the government-wide and proprietary fund financial statements. The governmental funds recognize an expenditure at the time payments are made to employees.

U. Other Post Employment Benefits (OPEB)

Under the provisions of GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (OPEB), the government-wide and proprietary fund financial statements recognize the OPEB expense along with the related liability, deferred outflows and inflows of resources. The OPEB liability is the difference between the total OPEB liability and the plan's fiduciary net position. The plan is currently unfunded. The government-wide financial statements include the liability of all plan participants for the Board of County Commissioners, the Constitutional Officers, and the Santa Rosa Island Authority.

V. Net Pension Liability

The government-wide and proprietary fund financial statements net pension liability represents the County's proportionate share of the net pension liability of the cost-sharing pension plan in which it participates. The County participates in the Florida Retirement System (FRS) and the Health Insurance Subsidy Program (HIS) which are administered by the Florida Division of Retirement. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, additions/deductions, and information about the fiduciary's net position have been determined on the same basis as they are reported by this cost-sharing plan. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The government-wide financial statements include the liability of all plan participants for the Board of County Commissioners and the Constitutional Officers.

W. Fund Balance Reporting and Governmental Fund-Type Definitions

GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions* clarify governmental fund balance classifications and fund-type definitions. The Board of County Commissioners is the County's highest level of decision-making authority. Governmental fund balances are classified either as nonspendable or spendable. Spendable fund balances (restricted, committed, assigned, or unassigned) are further classified below in a hierarchy based on the extent to which there are external and internal constraints on spending of these fund balances. These classifications are described as follows:

Nonspendable fund balance - include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. Nonspendable types consist of inventories, prepaid amounts, long-term amounts of other assets, loans, notes, and advances receivable, and may include property acquired for resale.

Restricted fund balance – include amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or

regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action of an ordinance of the Board of County Commissioners, the highest level of decision making authority. Commitments may be changed or lifted only by the Board of County Commissioners taking the same formal action of an ordinance that imposed the constraint originally.

Assigned fund balance – comprises amounts intended to be used by the government for specific purposes. The Board of County Commissioners or management designee (via action by the Board of County Commissioners) has the authority as the official authorized to assign fund balance to a specific purpose as provided by the fund balance policy. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that the resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned fund balance – is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. Unassigned amounts are technically available for any purpose. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The County has adopted a formal fund balance policy. It is the County's goal to maintain a targeted minimum unrestricted fund balance (the sum of the Committed, Assigned and Unassigned fund balance) equal to 2 months of the current fiscal year's operating expenditures and transfers out budgeted for the fund. This unrestricted fund balance is needed to cover short-term cash flow variations, economic downturns, or unanticipated events that would adversely affect the financial condition of the County and jeopardize the continuation of necessary public services.

Compliance with the provisions of the fund balance policy is reviewed as part of the annual budget adoption process and revisions to the levels of fund balance can be determined during this process. Budgeting of amounts of unassigned fund balance for the purpose of balancing the budget requires the Board of County Commissioners' approval.

When multiple categories of fund balance are available for expenditures, the County will start with the most restricted category, unless there are legal documents/contracts that prohibit this order, such as grant agreements requiring dollar for dollar spending. Unassigned fund balance is used when expenditures are incurred for purposes which amounts in any classification could be used.

X. Net Position

The net positions of proprietary funds, governmental activities and business-type activities are made up of three components. *Net Investment in Capital Assets* which represents net capital assets less related long-term liabilities; unspent debt proceeds will increase this amount. The *Restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. The restricted component represents assets that are legally restricted. They include reserve funds, special revenues restricted by statute or ordinance, bond proceeds, and other sources restricted for capital or improvements. The *unrestricted* component of net position is the balance not included in the determination of net investment in capital assets or the restricted component of net position.

NOTE 2 - DEPOSITS AND INVESTMENTS

A. Cash and Cash Equivalents

At September 30, 2019, the County's carrying value of cash and cash equivalents totaled $214,187,859, which is presented as $202,725,259 in the statement of net position and $11,462,600 in the statement of fiduciary net position.

Additionally, funds are placed with the State Board of Administration for participation in the Florida Prime Investment Pool, created by Section 218.405, Florida Statutes. This investment pool operates under investment guidelines established by Section 215.47, Florida Statutes. The County's investment in the Florida Prime Investment Pool, a Security and Exchange Commission (SEC) Rule 2a7-like external investment pool is reported at amortized cost, which is not materially different from fair value. Rule 2a-7 is the rule that permits money market funds to use amortized cost to maintain a constant Net Asset Value (NAV) of $1.00 per share, provided that such funds meet certain conditions. The Florida Prime Investment Pool has a dollar weighted average days to maturity "WAM" of 37 days as of September 30, 2019. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The weighted average life (WAL) of Florida Prime at September 30, 2019 is 85 days. There are no restrictions on redemptions. The Florida Prime Investment Pool is rated by Standard and Poors. The current rating is AAAm.

The County participates in the Florida Cooperative Liquid Asset Securities System (FLCLASS). This investment pool is a stable NAV Government Investment Pool established under Section 218.415, Florida Statutes; and is an intergovernmental investment authorized pursuant to the Florida Interlocal Cooperation Act of 1969. The County's investment in FLCLASS is reported at amortized cost, which is not materially different from fair value. FLCLASS has a dollar weighted average days to maturity "WAM" of 54 days as of September 30, 2019. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The weighted average life (WAL) of FLCLASS at September 30, 2019 is 81 days. There are no restrictions on redemptions. FLCLASS is rated by Standard and Poors. The current rating is AAAm.

The County also participates in the Florida Fixed Income Trust (FL FIT). This investment pool is managed as a Floating NAV and managed to dollar in/dollar out Local Government Investment Pool authorized under Section 218.415, Florida Statutes; and is an intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969. The County's investment in the FL FIT cash pool is reported at net asset value. FL FIT has a dollar weighted average days to maturity "WAM" of 135 days as of September 30, 2019. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM to reset. The weighted average life (WAL) of FL FIT at September 30, 2019 is 135 days; this duration is equivalent to WAM to final. There are no restrictions on redemptions. FL FIT is rated by Standard and Poors. The current rating is AAAf.

The County's cash deposits are held by banks that qualify as public depositories under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes. At September 30, 2019 the carrying amount of the County's cash deposits totaled $128,300,501, cash in money market funds totaled $1,533,984, the County's investment in the Florida Prime Investment Pool totaled $64,023,708, the County's investment in FLCLASS totaled $5,272,603 and the County's investment in FL FIT totaled $15,057,063.

B. Investment Portfolio

The Escambia County Board of County Commissioners and Escambia County Clerk of the Circuit Court and Comptroller (Clerk) formally adopted the comprehensive investment policy in January 2010. The policy was created pursuant to Section 218.415, Florida Statutes and established permitted investments, asset allocation limits, issuer limits, credit ratings requirements, and maturity limits to protect the County's

cash and investment assets. The County maintains a common cash and investment pool for the use of all funds.

Section 218.415, Florida Statutes, limits the types of investments that a government can invest in unless specifically authorized in the County's investment policy. The Board adopted a list of permitted investments by ordinance, and updated the investment policy in May 2018. The policy allows for the following investments: US Government Securities, US Government Agencies, Federal Instruments, Interest Bearing Time Deposit or Savings Accounts, Agency Mortgage-Backed Securities, Asset-Backed Securities, Repurchase Agreements, Commercial Paper, Corporate Notes, Bankers' Acceptances, State and/or local government taxable and/or tax-exempt debt Registered Investment Companies (Money Market Mutual Funds), and Intergovernmental Investment Pools that contain no derivatives. Derivatives and reverse repurchase agreements are not permitted by the County's investment policy.

The County's investment policy provides asset allocation, issuer, and maturity limits to protect the County's cash and investments. The policy allows for a short-term strategy (maturities of 12 months or less) to provide for operating funds and a longer-term strategy (maturities not exceeding 5 years) for the "core" portion of the portfolio. As defined by GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, money market investments are reported at amortized costs rather than fair value. The County's investments as defined by GASB Statement No. 72, *Fair Value Measurement and Application* are reported at fair value based on level 1 inputs for quoted prices for identical investments in active markets.

The Constitutional Officers electing not to adopt a written investment policy are limited to investing funds pursuant to Section 218.415, Florida Statutes, and subsection (17). Those investments include the Local Government Surplus Trust Fund, or any authorized intergovernmental investment pool, SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency, interest-bearing time deposits or savings accounts in qualified public depositories, and direct obligations of the U.S. Treasury.

The County's investment portfolio consists of $137,009,881 in direct obligations of United States Treasury Securities, Federal Instruments, Commercial Paper, Corporate Notes, State and/or Local Government debt, and Local Government Investment Pool funds which are reported at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and GASB Statement No. 72, *Fair Value Measurement and Application*.

As of September 30, 2019, interest receivable on the County's investment portfolio amounted to $1,139,425.

The County had the following investment types by issuer and effective duration presented in terms of years:

Security Type		Fair Value	Weighted Average Duration (Years)	Credit Rating	Percentage of Portfolio
Short Term Investments:					
United States Treasury Securities	$	13,527,203	0.68	AA+	9.87%
Federal Instruments		5,146,734	0.09	AA+	3.76%
Commercial Paper		0	0.00	A-1+	0.00%
State and/or Local Government Debt		2,859,808	0.03	AA	2.09%
Corporate Notes		2,842,840	0.83	A	2.07%
Total short term investments		24,376,585			17.79%
Long Term Investments:					
United States Treasury Securities		46,503,330	2.18	AA+	33.94%
Federal Instruments		3,473,632	1.58	AA+	2.54%
Corporate Notes		14,120,671	2.24	A+	10.31%
State and/or Local Government Debt		0	0.00	AA	0.00%
Local Government Investment Pool		48,535,663	1.92	AAA	35.42%
Total long term investments		112,633,296			82.21%
Total Fair Value	$	137,009,881			100.00%
Portfolio Weighted Average Duration			1.78		

C. Fair Value of Investments

Escambia County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1*: Quoted prices for identical investments in active markets;
- *Level 2*: Observable inputs other than quoted market prices; and
- *Level 3*: Unobservable inputs

At September 30, 2019, Escambia County had the following recurring fair value measurements.

	9/30/2019	Level 1	Level 2	Level 3
Investments by fair value level				
Debt Securities				
Corporate Notes - Long Term	$ 14,120,670	$ 14,120,670	$ -	$ -
Corporate Notes - Short Term	2,842,840	2,842,840	-	-
United States Treasury Securities - Long Term	46,503,330	46,503,330	-	-
United States Treasury Securities - Short Term	13,527,204	13,527,204	-	-
Federal Instruments - Long Term	3,473,632	3,473,632	-	-
Federal Instruments - Short Term	5,146,734	5,146,734	-	-
Local Government Investment Pool	48,535,663	48,535,663	-	-
State and/or Local Government Debt - Short Term	2,859,808	2,859,808	-	-
Total debt securities	$ 137,009,881	$ 137,009,881	$ -	$ -
Investments (cash equivalents) measured at the net asset value (NAV)				
LGIP - FL Prime	64,023,708			
LGIP - FL FIT	15,057,063			
LGIP - FLCLASS	5,272,603			
Total investments measured at the NAV	84,353,374			
Total investments measured at fair value	**$ 221,363,255**			

D. Interest Rate Risk

The County's investment policy sets limits for investment maturities to match known cash needs and anticipated cash flow requirements. Investments of current operating funds have maturities no longer than twelve (12) months. Core funds, investments of reserves, project funds, debt proceeds, and other non-operating funds have a term appropriate for the needs of the funds in accordance with debt covenants, with a maximum term of five (5) years, and the average duration of the funds as a whole may not exceed three (3) years.

The County utilizes "weighted average duration" as a measurement of interest rate risk; as of September 30, 2019, the investments had a weighted average duration of 1.78 years.

The County had $7,216,527 of securities with embedded options consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate as follows:

CUSIP	Description	Maurity Date	Market Value	Call Schedule	Call Date
46625HQJ2	JP Morgan Chase Corp (Callable) Notes	3/1/2021	$1,005,613	Continuous	2/1/2021
438516BM7	Honeywell International (Callable) Notes	11/1/2021	749,696	Continuous	10/1/2021
57636QAF1	Mastercard Inc Corp (Callable) Notes	11/21/2021	753,134	Continuous	10/21/2021
594918BA1	Microsoft Corp (Callable) Notes	2/12/2022	506,863	Continuous	1/12/2022
458140BB5	Intel Corp (Callable) Notes	5/11/2022	1,011,450	Continuous	4/11/2022
037833CO1	Apple Inc Corp (Callable) Notes	5/11/2022	1,011,837	Continuous	4/11/2022
68389XBB0	Oracle Corp (Callable) Notes	5/15/2022	1,012,187	Continuous	3/15/2022

The County's long term portfolio has no federal instrumentalities mortgage pass-through securities.

The Local Government Investment Pool Short-Term Bond Fund contains asset-backed securities rated AAA, and collateralized mortgage obligations.

E. Credit Risk

The County's investment policy permits the following investments, which are limited to credit quality ratings from nationally recognized rating agencies as described below:

- U.S. Government Treasury Securities, U.S. Government Agency, and Federal Instruments.
- Commercial paper of any United States company that is rated, at the time of purchase, "Prime-1" by Moody's and "A-1" by Standard & Poor's (prime commercial paper).
- Corporate notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum "A" by Moody's and a minimum long-term debt rating of "A" by Standard & Poor's.
- Bankers' acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System, if at the time of purchase, the short-term paper is rated, at a minimum "P-1" by Moody's Investors Services and "A-1" by Standard & Poor's.

- Agency Mortgage Backed Securities that are issued or fully guaranteed as to principal and interest by a U.S. Federal agency or government sponsored enterprise; and asset backed securities with underlying collateral.

- State and/or local government taxable and/or tax-exempt debt, general obligation and/or revenue bonds, rated at least "Aa" by Moody's and "AA" by Standard & Poor's for long-term debt, or rated at least "MIG-2" by Moody's and "SP-2" by Standard & Poor's for short-term debt.

- Registered Investment Companies (Money Market Mutual Funds) rated "AAAm" by Standard & Poor's or the equivalent by another rating agency.

- Intergovernmental Investment Pool rated "AAAm, AAAf, S1" by Standard & Poor's or the equivalent by another rating agency.

As of September 30, 2019, the majority of the County's investment securities in the amount of $137,009,881 were all individually rated AAA, AA+, A+ or A by Standard & Poors Rating Services.

The County's $64,023,708 investment in the Florida State Board of Administration's Local Government Surplus Funds Trust Fund (FL PRIME) was rated by Standard and Poors. The current rating as of September 30, 2019 was AAAm. Additional information for the Florida Prime Investment Pool can be found at https://www.sbafla.com/prime.

The County's $48,535,663 investment in the Local Government Investment Pool Short-Term Bond Fund is rated by Fitch. The current rating as of September 30, 2019 was AAAf, consisting of individually rated securities, primarily AAA rated. Additional information for the Florida Trust Short-Term Bond fund can be found at http://www.floridatrustonline.com.

The County's $5,272,603 investment in Florida Cooperative Liquid Asset Securities System (FLCLASS) Local Government Investment Pool was rated by Standard and Poors. The current rating as of September 30, 2019 was AAAm. Additional information for FLCLASS can be found at https://www.flclass.com.

The County's $15,057,063 investment in Florida Fixed Income Trust (FL FIT) Local Government Investment Pool was rated by Standard and Poors. The current rating as of September 30, 2019 was AAAf. Additional information for FL FIT can be found at https://fl-fit.com.

F. Custodial Credit Risk

The County's investment policy requires securities, with the exception of certificates of deposits, to be held with a third party custodian; and all securities purchased by, and all collateral obtained by the County to be properly designated as an asset of the County. The securities must be held in an account separate and apart from the assets of the financial institution. Certificates of deposits are placed in the provider's safekeeping department for the term of the deposit.

As of September 30, 2019, the County's securities portfolio was held with a third-party custodian as required by the County's investment policy.

G. Concentration of Credit Risk

The County's investment policy establishes asset allocation and issuer limits on the following investments to reduce concentration of credit risk of the County's investment portfolio:

	Asset Allocation Maximum	Individual Issuer Limit
United States Government Securities	100%	N/A
United States Government Agencies (1)	100%	40%
Federal Instruments (1)	50%	25%
Interest Bearing Time Deposit or Saving Account	50%	15%
Repurchase Agreements	20%	10%
Commercial Paper	25%	5%
Corporate Notes	25%	5%
Agency Mortgage-Backed Securities	25%	25%
Asset-Backed Securities	25%	5%
Bankers' Acceptances	10%	5%
State and/or Local Government Taxable and/or Tax-Exempt Debt	25%	5%
Registered Investment Companies (Money Market Mutual Funds)	50%	25%
Intergovernmental Investment Pool (2)	75%	50%

(1) Treasury Strips are limited to 10% of available funds
(2) Fund may not contain derivatives

NOTE 3 – CAPITAL ASSETS

A. Changes in Capital Assets

The following show the changes in capital assets of governmental activities:

	Primary Government			
Governmental Activities	**Beginning Balance 10/1/2018**	**Increases**	**Decreases**	**Ending Balance 9/30/2019**
Capital Assets, Not Being Depreciated:				
Land	$ 64,511,375	$ 3,308,227	$ -	$ 67,819,602
Construction In Progress	34,264,008	67,235,090	(4,861,583)	96,637,515
Total Capital Assets, Not Being Depreciated	98,775,383	70,543,317	(4,861,583)	164,457,117
Capital Assets, Being Depreciated and Amortized:				
Buildings and Improvements	235,774,341	2,666,943	-	238,441,284
Equipment	144,485,045	9,376,254	(5,162,905)	148,698,394
Intangible Computer Software	8,780,878	2,325	(91,720)	8,691,483
Infrastructure	867,220,907	38,809,385	-	906,030,292
Total Capital Assets Being Depreciated	1,256,261,171	50,854,907	(5,254,625)	1,301,861,453
Less Accumulated Depreciation For:				
Buildings and Improvements	(118,391,853)	(7,287,112)		(125,678,965)
Equipment	(119,520,464)	(7,961,860)	4,763,649	(122,718,675)
Intangible Computer Software	(6,630,792)	(927,289)	91,720	(7,466,361)
Infrastructure	(531,988,527)	(21,937,289)	-	(553,925,816)
Total Accumulated Depreciation	(776,531,636)	(38,113,550)	4,855,369	(809,789,817)
Total Capital Assets, Being Depreciated, Net	479,729,535	12,741,357	(399,256)	492,071,636
Governmental Activities Capital Assets, Net	$ 578,504,918	$ 83,284,674	$ (5,260,839)	$ 656,528,753

The following is a summary of governmental activities depreciation and amortization expense by function. As used in this section, the term depreciation includes amortization of intangible assets:

Depreciation Governmental Activities:	
General Government	$ 5,150,466
Public Safety	8,470,208
Physical Environment	2,998,407
Transportation	15,794,321
Economic Environment	1,007,492
Human Services	102,345
Culture/Recreation	3,132,503
Court Related	1,387,972
Capital Assets held by the government's Internal Service Fund and charged to individual functions based on usage	69,836
Total Depreciation Expense - Governmental Activities	$ 38,113,550

The following shows the changes in capital assets of business type activities:

	Primary Government			
Business-type Activities	**Beginning Balance 10/1/2018**	**Increases**	**Decreases**	**Ending Balance 9/30/2019**
Capital Assets, Not Being Depreciated:				
Land	$ 5,793,269	$ -	$ -	$ 5,793,269
Construction In Progress	4,968,712	3,005	-	4,971,717
Total Capital Assets, Not Being Depreciated	10,761,981	3,005	-	10,764,986
Capital Assets, Being Depreciated:				
Buildings and Improvement	37,341,150	36,630	-	37,377,780
Equipment	27,562,219	3,554,104	(958,127)	30,158,196
Intangible Computer Software	176,255	-	-	176,255
Infrastructure	49,657,042	2,081,660	-	51,738,702
Total Capital Assets Being Depreciated	114,736,666	5,672,394	(958,127)	119,450,933
Less Accumulated Depreciation For:				
Buildings and Improvements	(29,020,174)	(878,610)	-	(29,898,784)
Equipment	(19,307,153)	(2,600,593)	958,086	(20,949,660)

RESTORE Projects	199,642	1,967,523
Total	$ 132,988,011	$ 95,087,244
Business Type Activities		
Solid Waste Landfill Projects	$ 3,690,437	$ 629,512
Solid Waste Landfill Equipment	-	1,273,534
Total	$ 3,690,437	$ 1,903,046

D. Discretely Presented Component Unit

Capital assets activity for the Santa Rosa Island Authority, a discretely presented component unit, for the year ended September 30, 2019, was as follows:

	Component Unit			
Santa Rosa Island Authority	**Beginning Balance 10/1/2018**	**Increases**	**Decreases**	**Ending Balance 9/30/2019**
Capital Assets, Being Depreciated:				
Buildings	1,110,272	-	(45,663)	1,064,609
Improvements other than Buildings	28,084	10,680	-	38,764
Equipment	236,709	15,870	(4,070)	248,509
Total Capital Assets Being Depreciated	1,375,065	26,550	(49,733)	1,351,882
Less Accumulated Depreciation For:				
Capital Assets	(788,323)	(37,443)	39,399	(786,367)
Capital Assets, Net	$ 586,742	$ (10,893)	$ (10,334)	$ 565,515

The following is a summary of the component unit business-type activities depreciation expense by program:

Depreciation component unit:	
Santa Rosa Island Authority	$ 37,443
Total Depreciation Expense - Component Unit	$ 37,443

NOTE – 4 INTERFUND RECEIVABLES, PAYABLES, ADVANCES, AND TRANSFERS

The composition of interfund balances as of September 30, 2019 is as follows:

	Receivable From Other Funds	**Payable to Other Funds**
Major Funds:		
General Fund	$ 143,795	$ 326,417
Major Capital Project Fund:		
Local Option Sales Tax Fund (LOST)	-	143,795
Non-major Funds:		
Special Revenue Funds	234,669	538,819
Internal Service Fund	630,567	-
	$ 1,009,031	$ 1,009,031

	Advances Receivable from Other Funds	Advances Payable to Other Funds
Major Funds:		
Major Special Revenue Funds:		
Disaster Recovery Fund	$ -	$ 6,644,790
Major Capital Project Fund:		
Local Option Sales Tax Fund (LOST)	9,121,289	-
Non-major Funds:		
Special Revenue Funds	-	2,476,499
	$ 9,121,289	$ 9,121,289

Interfund receivables and payables resulted primarily from revenues accrued in certain funds that are transferred to other funds. Advances consist primarily of transactions between funds to finance operations, provide services, construction of assets and to service debt.

	Transfers In	Transfers Out
Major Funds:		
General Fund	$ 4,349,231	$ 13,704,913
Major Special Revenue Funds:		
CRA	17,500	-
Major Capital Project Fund:		
Local Option Sales Tax (LOST)	-	6,912,244
Major Enterprise Fund:		
Solid Waste Fund	-	529,744
Emergency Medical Service Fund	-	1,793,753
Non-major Funds:		
Special Revenue Funds	9,392,026	5,622,161
Debt Service Funds	13,104,058	-
Enterprise Funds	1,700,000	-
	$ 28,562,815	$ 28,562,815

Transfers to or from other funds are based on budgetary requirements. Transfers are also used to move pledged revenue for debt service from the funds collecting the revenue to the debt service fund as required for bond coverage.

NOTE 5 – OTHER ASSETS

A summary of other assets as of September 30, 2019 is as follows:

	General Fund	LOST Fund	Total
PEDC receivable	$ 12,735	$ 2,272,742	$ 2,285,477
City of Pensacola receivable	-	3,200,000	3,200,000
IHMC loan receivable	-	7,050,000	7,050,000
SRIA loan receivable	-	2,515,000	2,515,000
PDC lease receivable	3,055,064	-	3,055,064
	$ 3,067,799	$ 15,037,742	$ 18,105,541

A. PEDC Receivable

The County has an interlocal agreement with the Pensacola Economic Development Commission (PEDC) to fund the development of the Downtown Technology Park Infrastructure. The majority of the funding source is from Local Option Sales Tax. There is no time limitation on the repayment; however, net proceeds from the sale of each Downtown Technology Park lot will be applied to the outstanding balance.

B. City of Pensacola Receivable

The County has an interlocal agreement with the City of Pensacola relating to the funding of a capital construction project at the Pensacola International Airport to aid in the development and improvement of the local economy. Under this agreement, the County provided $3.2 million to the City to assist with this project and the funds are required to be repaid no later than December 31, 2019.

C. IHMC Note Receivable

On November 14, 2013, the County and the Florida Institute for Human and Machine Cognition, Inc., (IHMC) entered into an agreement whereby the County's LOST Fund committed to loan up to $12 million to IHMC for paying off existing indebtedness and expansion of facilities in downtown Pensacola. During prior years IHMC borrowed $11,994,700, and the remaining $5,300 was utilized to pay debt service. On November 28, 2018, the County restructured the loan to an effective yield rate of 1.98%-3.25% payable to the County over the remaining 15 year period from the inception of the agreement. The principal balance owed at September 30, 2019 was $7,050,000. IHMC is committed to making the following payments to the County under the payment plan:

Year	Principal	Interest	IHMC Payment Schedule
2020	$ 660,000	$ 352,500	$ 1,012,500
2021	690,000	319,500	1,009,500
2022	715,000	285,000	1,000,000
2023	745,000	249,250	994,250
2024	780,000	212,000	992,000
2025-2028	3,460,000	441,750	3,901,750
	$ 7,050,000	$ 1,860,000	$ 8,910,000

D. SRIA Note Receivable

On September 30, 2014, the County and the Santa Rosa Island Authority (SRIA) entered into an interlocal agreement for the County to provide up to $8.5 million of financing for sand re-nourishment and restoration on Santa Rosa Island. During prior years, SRIA borrowed the entire $8.5 million under this agreement at a variable interest rate. The loan is payable to the County over a 7 year period requiring fixed payments on the assumption that all $8.5 million was drawn by SRIA at inception of the agreement. The principal balance owed at September 30, 2019 was $2,515,000. SRIA is committed to making the following payments to the County under the payment plan:

Year	
2020	1,250,000
2021	1,265,000
	$ 2,515,000

E. PDC Capital Lease Receivable

The County has a capital lease agreement with Pensacola Developmental Center (PDC) for 7.08 acres of property and buildings used as an intermediate care facility for the developmentally disabled. The lease provides for transfer of ownership of the buildings and property at the conclusion of the lease. Terms of the lease include monthly payments of principal and interest at 5% per annum. The lease expires June 30, 2036.

The remaining lease payments are a deferred inflow of resources of the General Fund. As of September 30, 2019 future lease payments totaling $3,055,064 consists of principal of $2,066,335, and interest of $988,729. In the government-wide financial statements, only the interest is reported as a deferred inflow.

The future capital lease receivable and the net present value of the minimum lease payments as of September 30, 2019, were as follows:

Capital Lease Receivable		
Balance 10/01/2018	$	2,143,309
Additions		-
Principal reductions		(76,974)
Balance 09/30/2019	$	2,066,335

Future Lease Payments		
2020	$	182,392
2021		182,392
2022		182,392
2023		182,392
2024		182,392
2025-2036		2,143,104
Total minimum lease payment		3,055,064
Less: amount representing interest		(988,729)
Present value of minimum lease payments	$	2,066,335

NOTE 6 - LONG TERM LIABILITIES

A. Schedule of Changes in Long Term Liabilities

The County's outstanding long-term debt includes bonds payable, revenue notes payable, claims payable, compensated absences, other post employment benefits, net pension liability-proportionate share, claims and judgments, accrued landfill closure costs, and remediation costs.

The following is a schedule of changes in the County's long term liabilities for the fiscal year ended September 30, 2019:

	Balance 10/1/18	Additions	Reductions	Balance 9/30/2019	Due Within One Year
Governmental Activities:					
Revenue bonds payable	$ 115,545,000	$ 41,545,000	$ (41,200,000)	$ 115,890,000	$ 3,270,000
Revenue notes payable	50,484,000	-	(13,119,000)	37,365,000	3,355,000
Bonds/notes payable	166,029,000	41,545,000	(54,319,000)	153,255,000	6,625,000
Unamortized Bond Issue Premiums	10,228,121	5,318,882	(692,604)	$ 14,854,399	-
Total bonds/notes payable	176,257,121	46,863,882	(55,011,604)	168,109,399	6,625,000
Claims payable	9,971,921	1,982,591	(2,476,512)	9,478,000	2,916,000
Compensated absences	27,052,325	14,955,911	(15,595,179)	26,413,057	2,641,306
Net other post employment benefits	19,388,287	-	(30,421)	19,357,866	-
Net pension liability *	183,891,998	28,169,705	-	212,061,703	-
Pollution remediation obligation	180,000	-	-	180,000	120,000
Governmental activities long-term liabilities	$ 416,741,652	$ 91,972,089	$ (73,113,716)	$ 435,600,025	$ 12,302,306
Business-type Activities:					
Compensated absences	$ 1,361,491	$ 848,543	$ (999,940)	$ 1,210,094	$ 120,502
Net other post employment benefits*	926,077	36,068	(121)	962,024	-
Net pension liability	16,335,633	2,574,777	-	18,910,410	-
Landfill closure costs	16,483,068	1,150,451	-	17,633,519	77,116
Business-type activities Long-term liabilities	$ 35,106,269	$ 4,609,839	$ (1,000,061)	$ 38,716,047	$ 197,618

* presented net increases (decreases)

Compensated absences, other net post employment benefits, and net pension liability will be liquidated in future periods primarily by the General Fund.

B. Bonds and Notes Payable

The County has revenue bonds and revenue notes payable outstanding at year end. There are no lines of credit issued for the County. There are no significant, finance-related consequences, or subjective acceleration clauses contained in the County debt issues. The Sales Tax Refunding Revenue Note, Series 2012 is subject to mandatory prepayment at the option of the note holder on 10/1/2027, and thereafter. The County revenue bonds have been issued as public offerings. The County revenue notes are not issued directly to investors or lenders, but are issue issued through a financial intermediary; note terms are not directly negotiated by the County with the investor or lender. The County bonds and notes are not direct borrowing or direct placement debt. As of September 30, 2019, there are no business type-activity notes or bonds payable.

The following is a schedule of bonds and notes outstanding at September 30, 2019:

	Purpose of Issue	Amount Issued	Amount Outstanding	Interest Rates	Final Maturity

(1) Includes debt service on the County's Sales Tax Refunding Revenue Note, Series 2012, Sales Tax Revenue Bonds, Series 2017 and Capital Improvement Revenue Note, Series 2014.

H. Long-Term Debt – Bonds and Notes

The **Sales Tax Refunding Revenue Note, Series 2012** in the aggregate amount of $48,040,000 was issued on August 1, 2012. The Note has a fixed interest rate of 2.820% and a maturity date of October 1, 2032. The proceeds of the 2012 Note refunded on a current basis the balance of the Sales Tax Revenue Refunding Bonds Series 2002. The Bond is secured by certain pledged revenues consisting primarily of amounts received by the County as proceeds of the local Government Half-Cent Sales Tax.

The **Tourist Development Refunding Revenue Note, Series 2012** in the aggregate amount of $8,406,000 was issued on November 19, 2012. The note has a fixed interest rate of 1.599% and a maturity date of October 1, 2019. The proceeds of this note advance refunded the Tourist Development Revenue Refunding Bond, Series 2002; authorized for the purpose of the acquisition, construction, reconstruction of certain transportation facilities and certain beach nourishment improvements. The Bond is secured by a covenant to budget and appropriate from available Non-Ad Valorem revenues, and certain pledged revenues consisting of amounts received by the County as proceeds of the local Tourist Development Tax.

The **Capital Improvement Revenue Note, Series 2014** in the amount of $8,500,000 was issued on September 30, 2014. The Note has a fixed interest rate of 1.390% and a maturity date of October 1, 2021. The proceeds of this note, in addition to matching funds approved by the State of Florida, were used to re-nourish 8.2 miles of Pensacola Beach located on Santa Rosa Island. The Note is secured by a covenant to budget and appropriate from legally available Non-Ad Valorem revenues.

The **Sales Tax Revenue Bond, Series 2017** for a par amount of $78,060,000 and a net premium of $10,682,424 was issued on June 22, 2017. The bonds have coupon rates ranging from 2% to 5%, with the yield ranging from .93% to 3.69% and a maturity date of October 1, 2047. The proceeds of this bond are reported in the 2017 Capital Projects fund and are being used for the construction of the new Jail Facility. The bond is secured by certain pledged revenues consisting of amounts received by the County as proceeds of the Local Government Half-Cent Sales Tax. As of September 30, 2019 there were unspent proceeds and net premium of $45,429,170.

Bond compliance updates for the Sales Tax Revenue Bond, Series 2017 consist of:

- Historical sales tax revenue, which can be found in the Statistical Section (schedule 12).
- Pro forma debt service coverage from sales tax revenue, which can be in the Statistical Section (schedule 13)

The **Capital Improvement Refunding Revenue Bond, Series 2018** for a par amount of $41,545,000 and a net premium of $5,318,882 was issued on November 28, 2018. The bonds have an average coupon rate 5%, with a true interest cost of 2.978988% and a maturity date of October 1, 2031. The Bonds are secured by a covenant to budget and appropriate from legally available Non-Ad Valorem revenues, and will use the same source of pledged revenue as the refunded issues. The proceeds of this bond are reported in the debt service fund and used to current refund the following three issues:

- The Sales Tax Refunding Revenue Bond, Series 2011 which was issued in the aggregate amount of $29,535,000 on October 21, 2011. The proceeds of this bond were used to advance refund a portion of the Sales Tax Revenue Refunding Bonds Series 2002. The Bond was secured by certain pledged revenues consisting primarily of amounts received by the County as proceeds of the Local Government Half-Cent Sales Tax.

- The Capital Improvement Refunding Revenue Bond, Series 2011 which was issued in the aggregate amount of $19,345,000 on December 9, 2011. The proceeds of this 2011 Bond were used to advance refund all of the outstanding Capital Improvement Revenue Bonds Series 2002. The Bond was secured by a covenant to budget and appropriate from available Non-Ad Valorem revenues.

- The Capital Improvement Revenue Note, Series 2013 which was issued in the aggregate amount of $12,000,000 on November 14, 2013. The proceeds of this note reimbursed the LOST fund for acquisition and construction of certain transportation and drainage related capital improvements of the County. The Note was secured by a covenant to budget and appropriate from legally available Non-Ad Valorem revenues.

Bond compliance updates for the Capital Improvement Refunding Revenue Bond, Series 2018 consist of:

- Historical Non-Ad Valorem Revenues, which can be found in the Statistical Section (schedule 14).
- Debt Service Requirements, which can be found in Note 6 of this financial statement.
- Compliance with Anti-Dilution Test, which can be found in the Statistical Section (schedule 15).

I. Current Year Defeased Debt

During the current year, the County issued at par $41,545,000 of Series 2018 Capital Improvement Refunding Revenue Bonds with an average coupon rate of 5% and a true interest cost of 2.979%. The current refunding proceeds were used to repay the following previously issued debt:

- $12,435,000 of outstanding Series 2011 Capital Improvement Refunding Bonds with an interest rate of 3.78%.
- $21,410,000 of outstanding Series 2011 Sales Tax Refunding Revenue Bonds with a with a variable interest rate ranging between 2.0% and 5.0%
- $7,700,000 of outstanding Series 2013 Capital Improvement Revenue Note with an interest rate of 3.861%.

The gross proceeds of $41,545,000 plus a premium of $5,318,882, were deposited in the County's debt service fund to make payments of $309,882 in bond counsel fees and issuance costs, and to repay the two 2011 Series Bonds and, the 2013 Series Note. As a result, these series bonds and note are considered to be defeased and, the liability for those bonds and note has been removed from the government-wide statement of net position.

The refunding resulted in a premium of $5,318,882. In the government-wide financial statements, bond premiums and discounts are amortized over the term of the bonds using the straight-line (bonds outstanding) method, which approximates the effective interest method. Bond premiums/discounts are presented as additions/reductions to the face amount of bonds payable. On the governmental fund financial statements, bond premiums and discounts are recognized in the period when the debt is issued. Note premiums are presented as an addition to the face of the notes payable. The County completed the current refunding to reduce its total debt service payments over the next thirteen years by $2,395,456 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of $1,982,426.

J. Arbitrage Liability

This liability represents the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The Sales Tax Revenue Bond, Series 2017 has an arbitrage yield rate of 3.174739%. Pursuant to Section 148 (f) of the U.S. Internal Revenue Code, the County must rebate any excess to the United States Government. Arbitrage rebate, if any is due and payable on each five-year anniversary of the respective bond issue. For the fiscal year ended September 30, 2019, there is no arbitrage liability outstanding.

K. Conduit Debt Obligations

Conduit debt obligations have been established in the County's name by private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans and leases. Neither the County, nor the State, nor any political subdivision thereof, is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2019, the outstanding conduit debt of Escambia County is $378,950,000.

L. Landfill Closure and Postclosure Care Liability

State and federal laws and regulations require the County to place a final cover on its landfill when closed and to perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The cost of closure and postclosure care is allocated based on landfill capacity used to date and the type of waste being collected. The Beulah, Klondike, Mobile Highway, and Camp Five landfills are closed. Perdido Landfill is the only currently open landfill. Perdido Landfill design life is 66 years and future landfill cells will provide disposal capacity through 2055.

As of September 30, 2019, Perdido Landfill's Class I capacity is at 45.45%, leaving an estimated life of thirty seven (36) years remaining. The accrued cost for closure care and postclosure care as of September 30, 2019, is $17,633,519. The remaining closure and postclosure costs to be recognized, based upon the current engineering estimates are $20,976,325, and will be recognized as the remaining estimated capacity is used. All amounts recognized are based on an estimate by the County's engineers of the cost to perform all closure and postclosure care as of September 30, 2019. Actual costs may be different due to inflation, deflation, changes in technology, or changes in laws and regulations. The landfill is in the process of expansion to add additional capacity and useful life.

The County is required by state and federal laws and regulations to establish escrow accounts for closure and postclosure costs of the landfill. The County has complied with these requirements by depositing required amounts into a landfill management escrow account. Any balance in the account is reported as a restricted asset on the statement of net position of the Solid Waste Enterprise Fund. The restricted escrow balance as of September 30, 2019 is $9,723,660.

Closure and Postclosure Care Liability:

	2019	2018
Current	$ 77,116	$ 74,693
Long-term	17,556,403	16,408,375
Total Liability	$ 17,633,519	$ 16,483,068

M. Pollution Remediation Obligation

The County has identified potential pollution sites within the County which may require remediation. The county tracks, but does not report a liability for sites which are part of the State of Florida Department of Environmental Protection (FDEP) cleanup program funded by the State. Information on these locations and on scoring of projects is located on the FDEP website at www.dep.state.fl.us./waste.

The former Escambia County Mosquito Control Facility pollution remediation expenditures were approximately $31,000 during fiscal year 2019. Revised estimates for projected costs through 2020 are $100,000.

Pollution remediation obligations are an estimate and subject to changes resulting from price increases or reductions, technology or changes in applicable laws or regulations. The government does not expect to recover any amounts for remediation cost from any other party. The total pollution remediation obligation reported at September 30, 2019 in the governmental activities statement of net position is estimated to be approximately $180,000.

NOTE 7 - RISK MANAGEMENT PROGRAM

The County maintains a risk management program whereby the County is responsible for specific workers' compensation, general property and casualty, and auto liability claims. The risk management program is additionally responsible for active employee and retiree medical, prescription drug, and dental plans. The Santa Rosa Island Authority and Escambia County Law Library Board are also covered through the County's risk management program. The following are the types of risks and coverage:

Workers Compensation – The County is covered for workers' compensation claims through a policy with the Florida Municipal Insurance Trust. The County was self-insured for workers compensation claims prior to 2008. Coverage limits under the policy include statutory limits, as well as $1,000,000 bodily injury for each accident and $1,000,000 bodily injury by disease for each employee with an aggregate $1,000,000 policy limit.

Casualty and Property – The County is self-insured for liability. Limits, unless immunity is waived, are $200,000 per claim with a $300,000 aggregate limit pursuant to Florida's Sovereign Immunity Statute § 768.28. Property limits are $75 million for all risks including flood and wind with a $25,000 deductible per occurrence.

Medical – The County offers medical and dental benefits to employees and retirees, under self-insured plans administered by Florida Blue and Delta Dental. Effective January 1, 2016 medical limits are self-insured for $250,000 annually per covered individual, with annual $1,000,000 aggregate stop loss coverage.

The County currently reports all of its risk management activities, including claims liabilities, in the Internal Service Fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities on workers compensation, casualty and property claims prior to June 9, 2008 include an amount for claims that have been incurred but not reported (IBNR). The claims liabilities totaling $9,478,000 reported in the Internal Service Fund at September 30, 2019 are actuarially determined based on historical and current information regarding the Fund. There were no settlements in excess of the insurance coverage in any of the three prior fiscal years.

Changes in the estimated liability for self-insured losses for the past two years are as follows:

Workers compensation, casualty & property:

	2019	2018
Unpaid claims, beginning	$ 8,272,921	$ 8,680,464
Claims incurred and changes in estimates	1,861,591	1,260,869
Less: claims paid	(2,476,512)	(1,668,412)
Unpaid claims, ending	$ 7,658,000	$ 8,272,921
Estimated claims due within one year	(1,096,000)	(1,469,831)
Estimated claims due longer than one year	$ 6,562,000	$ 6,803,090

Medical:

	2019	2018
Unpaid claims, beginning	$ 1,699,000	$ 1,105,000
Changes in estmates	121,000	594,000
Claims incurred	23,123,384	22,596,188
Less: claims paid	(23,123,384)	(22,596,188)
Unpaid claims, ending	$ 1,820,000	$ 1,699,000
Estimated claims due within one year	(1,820,000)	(1,699,000)
Estimated claims due longer than one year	$ -	$ -

NOTE 8 - RETIREMENT SYSTEM

The County participates in the Florida Retirement System (FRS) which is a cost sharing multiple employer contributory retirement system administered by the State of Florida (State). The FRS was established in 1970 by Chapter 121, Florida Statutes. In 2002 the FRS was amended to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. Chapter 112, Florida Statutes established the Retiree Health Insurance Subsidy (HIS) Program, a cost–sharing multiple employer defined benefit pension plan to assist retired members of any state-administered retirement system in paying the cost of health insurance.

The State of Florida Retirement System issues a publicly available stand-alone financial report (CAFR) which includes financial statements and required supplementary information. Also available are the pension systems actuarial reports to support the schedules of employer allocations and schedules of pension amounts by employer. These reports are available on the division's website at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The CAFR and actuarial reports may also be obtained by contacting the Division of Retirement at:

Department of Management Services

P.O. Box 9000
Tallahassee, FL 32315-9000

850-488-5706 or toll free 844-377-1737

There are six classes of membership applicable to the County. Members are eligible for normal retirement when they have met the requirements listed below. Early retirement may be taken any time after vesting within 20 years of normal retirement age; however, there is a 5 percent benefit reduction for each year prior to the normal retirement age.

- ***Regular Class, Senior Management Service Class, and Elected Officers' Class Members –*** For members initially enrolled in the FRS before July 1, 2011, six or more years of creditable service and age 62, or the age after completing six years of creditable service if after age 62. Thirty years of creditable service regardless of age before age 62. For members initially enrolled in the FRS on or after July 1, 2011, eight or more years of creditable service and age 65, or the age after completing eight years of creditable service if after age 65. Thirty-three years of creditable service regardless of age before age 65.

- ***Special Risk Class and Special Risk Administrative Support Class Members*** – For members initially enrolled in the FRS before July 1, 2011, six or more years of Special Risk Class service and age 55, or the age after completing six years of Special Risk Class service if after age 55. Twenty- five years of special risk service regardless of age before age 55. A total of 25 years of service including special risk service and up to four years of active duty wartime service and age 52. Without six years of Special Risk Class service, members of the Special Risk Administrative Support Class must meet the requirements of the Regular Class. For members initially enrolled in the FRS on or after July 1, 2011, eight or more years of Special Risk Class service and age 60, or the age after completing eight years of Special Risk Class service if after age 60. Thirty years of special risk service regardless of age before age 60. Without eight years of Special Risk Class service, members of the Special Risk Administrative Support Class must meet the requirements of the Regular Class.

- **The Deferred Retirement Option Program (DROP)** is available under the FRS Pension Plan when the member first reaches eligibility for normal retirement. The DROP allows a member to retire while continuing employment for up to 60 months.

FRS Membership and Plan Benefits - The FRS Pension Plan provides retirement and disability benefits, death benefits and survivor's benefits. Members are also eligible for in-line-of-duty or regular disability benefits if permanently disabled and unable to work. Benefits are established by State Statutes. Retirement benefits are based on a formula comprised of age, average compensation, length of FRS service, and membership class. Average compensation is computed as the average of an individual's five highest years of earnings for employees hired before July 1, 2011 or eight highest years of earnings for employees hired on or after July 1, 2011. The amount of benefit payments is also affected by the retirement income option chosen by the plan participant.

Pension plan participants may choose to receive benefit in retirement under one of four options which will include a 3% cost-of-living adjustment each July (adjustments are only applicable for FRS service earned prior to July 1, 2011).

If a pension plan participant leaves FRS-covered employment, the pension plan benefit is frozen until the employee returns to FRS-covered employment or begins receiving early or normal retirement benefit.

HIS Membership and Plan Benefits - The HIS membership is available to all members within the FRS and defined contribution Investment Plan. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $5. The minimum payment is $30 and the maximum payment is $150 per month, pursuant to section 112.363 Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Contribution Requirements -The County is required to contribute at an actuarially determined rate; these rates are a percent of annual covered payroll. Employees are required to contribute 3% of their annual salary, while members participating in DROP are not required to make the 3% contribution. The County's contractually required contribution rate includes the HIS contribution, .06% administrative and educational fee and any applicable unfunded actuarial liability "UAL" rates. The HIS required contribution rate is 1.66% for both the 2018 and 2019 FRS plan years. This contribution when combined with the employee contribution is expected to finance the cost of the benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Descriptions and contribution rates in effect during the period ended September 30, 2019 and two preceding FRS fiscal years are as follows:

	7/1/19-9/30/19	7/1/18-6/30/19	7/1/17-6/30/17	7/1/16-6/30/16
Regular Class - Members not qualifying for other classes:	8.47%	8.26%	7.92%	7.52%
Senior Management:	25.41%	24.06%	22.71%	21.77%
Elected Officials Class:	48.82%	48.70%	45.50%	42.47%
Deferred Retirement Option Program (DROP):	14.60%	14.03%	13.26%	12.99%
Special Risk Class - Members employed as law enformement officers, firefighters, or correctional officers meet the criteria to qualify for this class:	25.48%	24.50%	23.27%	22.57%
Special Risk Administrative Support:	38.59%	34.98%	34.63%	28.06%

For the years ending September 30, 2019, 2018, 2017, the County contributed $20,797,709, $19,300,469, and $17,499,025, respectively, equal to 100% of the required contributions for each year.

The Florida Legislature has the authority for establishing or amending retirement legislation and related bills of significance to members of the Florida Retirement System (FRS). Passed bills are presented to the Governor and approved before they may be enacted into law.

Net pension liability, deferred outflows/inflows of resources and pension expense related to the County defined benefit pension plan

At September 30, 2019, the County reported a liability of $230,972,113 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The County's proportion of the net pension liability was based on the County's long-term share of contributions to the FRS relative to the contributions of all participating governments. At June 30, 2019, the County's change in proportion was decreased from its proportion measured as of June 30, 2018.

The following table presents the information on the County's proportionate share of the FRS and HIS:

	FRS	HIS	County Total
Proportionate Share of Net Pension Liability at June 30, 2019	$ 189,114,199	$ 41,857,914	$ 230,972,113
County's proportion at June 30, 2019	0.0054913	0.0037410	
County's proportion at June 30, 2018	0.0053661	0.0036467	
Change in proportion during current year	0.0001252	0.0000943	

For the fiscal year ended September 30, 2019, the County recognized pension expense of $31,362,449.

At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS		County Total
	Deferred Outflow	Deferred Inflow	Deferred Outflow	Deferred Inflow	Deferred Outflow (Deferred Inflow)
Differences between expected and actual experience	$ 11,216,904	$ 117,363	$ 508,411	$ 51,251	$ 11,556,701
Changes in assumptions	48,572,663	-	4,846,751	3,421,125	49,998,289
Net difference between projected and actual earnings on pension plan investments	-	10,462,784	27,010	-	(10,435,774)
Changes in proportion and differences between County contributions and proportionate share of contributions	8,256,955	4,317,947	3,280,130	1,676,210	5,542,928
County contributions subsequent to the measurement date	4,094,130	-	480,660	-	4,574,790
	$ 72,140,652	$ 14,898,094	$ 9,142,962	$ 5,148,586	$ 61,236,934

The $4,574,790 reported as deferred outflows related to pensions resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2020. The significant change in assumption was the decrease in the discount rate. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Reporting year Ending Sept 30,	FRS	HIS	County Total Deferred Outflow (Deferred Inflow)
2020	$ (19,274,778)	$ (1,497,411)	$ (20,772,189)
2021	(5,814,609)	(1,198,423)	(7,013,032)
2022	(14,048,643)	(656,013)	(14,704,656)
2023	(10,597,778)	476,372	(10,121,406)
2024	(2,733,121)	(86,530)	(2,819,651)
Thereafter	(679,499)	(551,711)	(1,231,210)
TOTALS	$ (53,148,428)	$ (3,513,716)	$ (56,662,144)

The total FRS pension liability as of the actuarial valuation date of July 1, 2019 was determined based on the discount rate using the following actuarial assumptions, applied to all periods included in the measurement. The total pension liability is calculated using the Individual Entry Age Normal cost allocation method, which differs from the Ultimate Entry Age Normal cost allocation method used in the funding valuation for the system.

FRS actuarial methods and assumptions are:

Valuation Date	7/1/2019
Measurement Date	6/30/2019
Actuarial cost allocation method	Individual Entry Age Normal
Amortization method	Level Percentage of Pay, Closed
Equivalent single amortization period	30 years
Asset valuation method	Fair market value
Actuarial Assumptions:	
Discount rate	6.90%
Long-term expected rate of return, net of investment expense, including inflation	6.90%
Municipal bond rate	N/A
Inflation	2.60%
Salary increases including inflation	3.25%

Mortality rates were based on the PUB2010 base table, projected generationally with Scale MP-2018.

HIS actuarial methods and assumptions are:

Valuation Date	7/1/2019
Measurement Date	6/30/2019
Actuarial Assumptions:	
Discount rate	3.50%
Long-term expected rate of return, net of investment expense, including inflation	N/A
Municipal bond rate	3.50%
Inflation	2.60%
Salary increases including inflation	3.25%

Mortality rates were based on the Generational RP-2000 with projection scale BB.

The actuarial assumptions that determined the total pension liability as of June 30, 2019 were based on the results of an actuarial experience study for the period of July 1, 2013 – June 30, 2018.

The discount rate used for calculating the total FRS pension liability was 6.9%, The FRS plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long term expected rate of return. The discount rate used for calculating the total HIS pension liability is equal to the single rate that results in the same actuarial present value as would be calculated by using two different discount rates for the discount at the long-term expected rate of return for benefit payments prior to the projected depletion of the fiduciary net pension (trust assets) and the discount at a municipal bond rate for benefit payments after the projected depletion date. The HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor.

The long term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The target allocation and best estimates of arithmetic and geometric real rates of returns for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	2.9%	2.9%	1.8%
Fixed income	18%	4.4%	4.3%	4.0%
Global equity	54%	7.6%	6.3%	17.0%
Real estate	11%	6.6%	6.0%	11.3%
Private equity	10%	10.7%	7.8%	26.5%
Strategic investments	6%	6.0%	5.7%	8.6%
	100.0%			
Assumed Inflation - Mean			2.6%	1.9%

(1) As outlined in the Plan's investment policy

Sensitivity of the County's proportionate share of the pension liability to changes in the discount rate is calculated using the discount rate for the respective plans, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

FRS Net Pension Liability (Asset)		
1% Decrease 5.90%	Current Discount Rate 6.90%	1% Increase 7.90%
$ 326,915,475	$ 189,114,199	$ 74,026,824

HIS Net Pension Liability (Asset)		
1% Decrease 2.50%	Current Discount Rate 3.50%	1% Increase 4.50%
$ 47,782,955	$ 41,857,914	$ 36,923,026

Detailed information about the pension plan's fiduciary net position is available in the separately issued FRS financial report.

NOTE 9 - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Other postemployment benefits are provided by the County in the form of life and health insurance for pre-Medicare eligible retirees at the same rate as active participants. In health insurance plans where a government's retirees and current employees are insured together as a group, the premiums paid by the retirees may be lower than they would have been if the retirees were insured separately. This is called an *implicit rate subsidy*. Under this single-employer OPEB plan, benefit provisions are essentially the same for the Board of County Commissioners and all of the other Constitutional Officers, except for the Sheriff, who maintains a separate health insurance contract and therefore has different costs associated with the premium payments on behalf of the Sheriff's employees.

A stand-alone financial report is not prepared for the OPEB plan.

The County has the authority to establish and amend the OPEB funding policy, and is not required by law or other contractual agreement to provide funding for the implicit rate subsidy other than the pay-as-you-

go amount necessary to provide current benefits for participants in its health insurance plan. Post-employment benefits are extended to retirees and continued at the discretion of the Employer, which reserves the right (subject to State Statutes and any collective bargaining agreements) to change or terminate benefits and to change premium contributions required from retirees in the future. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for this purpose. All approved benefits are paid from the Employer's general assets when due.

The County is required to recognize the net OPEB liability and the OPEB expense on it's financial statements, along with the related deferred outflows and inflows of resources. The net OPEB liability is the difference between the total OPEB liability and the plan's fiduciary net position.

The following table provides a summary of the number of participants covered by the benefit terms as of the September 30, 2018 measurement date:

Active plan members	2,272
Inactive plan members or beneficiaries currently receiving benefits	1,473
Inactive plan members entitled to but not yet receiving benefits	0
Total plan members	3,745

Total OPEB Liability and Changes in OPEB Liability

The County's total OPEB liability of $20,319,890 was determined by an actuarial valuation as of September 30, 2017, and was "rolled" forward to the September 30, 2018 measurement date. These liabilities are used for the reporting date of September 30, 2019.

The total OPEB liability for the September 30, 2019 reporting date was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date:	September 30, 2017
Measurement Date:	September 30, 2018
Employers Reporting Date:	September 30, 2019
Methods and Assumptions:	
Actuarial cost method	Individual Entry Age Normal
Inflation	2.50%
Discount Rate	3.50%
Salary Increases	Salary increase rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System; 3.7%-7.8%, including inflation.
Retirement Age	Retriement rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.
Mortality	Mortality tables used in the July 1, 2016 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.
Healthcare Cost Trend Rates	Based on the Getzen Model, with trend starting at 7.00% and gradually decreasing to an ultimate trend rate of 4.24% plus .40% increase for excise tax.
Aging factors	Based on the 2013 SOA Study "Health Care Costs - From Birth to Death".
Expenses	Administrative expenses are included in the per capita health costs.
Other information	Changes in assumptions and other inputs include the change in the discount rate from 3.50% as of the beginning of the measurement period to 3.83% as of September 30, 2018. This change is reflected in the Schedule of Changes in Total OPEB Liablity. There were no benefit changes during the year.

The discount rate Long-Term Municipal Bond Rate was based on the Fidelity General Obligation AA index rate as of September 28, 2018, the most recent date available on or before the measurement date. This is the rate for Fixed Income Market Yield Curve for Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's 20-year Municipal GO AA Index.

Mortality rates were based pm the RP-2000 Combined Healthy Participant Mortality Table for active members and the RP-2000 Mortality Table for Annuitants for non-disabled inactive members, with mortality improvement projected to all future years from the year 2000 under Projection Scale BB.

There were no changes in benefit terms during the year.

Changes of assumptions and other inputs reflect a change in the discount rate from 3.5% in 2018 to 3.83% in 2019.

The following table shows the Changes the County's Total OPEB liability:

	Total OPEB Liability
Balance at 9/30/2018	$ 20,314,364
Changes for the Year:	
Service Cost	953,064
Interest on Total OPEB liability	725,595
Changes of benefit terms	-
Difference between expected & actual experience	-
Changes in assumptions & other inputs	(600,829)
Benefit payments	(1,072,304)
Net changes	5,526
Balance at 9/30/2019	**$ 20,319,890**

The County recognized OPEB expense of $1,488,301 during the fiscal year. GASB statement No. 75 states the employer contributions made to the OPEB plan subsequent to the measurement date and before the end of the employer's reporting period should be reported as a deferred outflow of resources.

Differences between expected and actual experience and changes in assumptions are recognized in OPEB expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the OPEB plan (active employees and inactive employees) determined as of the beginning of the measurement period. At the beginning of the current measurement period, the average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the current measurement period is 7.5 years, with 6.5 years for Sheriff Employees.

The following table shows the County's total OPEB expense:

	Total
Service cost	$ 953,064
Interest	725,595
Recognition of Outflow/(Inflow) of Resources due to Liabilities	(190,358)
Total OPEB Expense	**1,488,301**

Sensitivity of the total OPEB liability to changes in the discount rate is calculated using the discount rate for the plan. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower, or 1 percentage point higher than the current discount rate:

	1% decrease	Current Discount Rate	1% Increase
	2.83%	3.38%	4.83%
Total OPEB liability	$ 22,218,804	$ 20,319,890	$ 18,632,955

Sensitivity of the total OPEB liability to changes in the healthcare cost rates is calculated using the assumed trend rates. The following represents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower, or 1 percentage point higher than the current healthcare cost trend rates.

	1% Decrease (6.0% decreasing to 3.24%)	Current Healthcare Cost Trend Rate (7.0% decreasing to 4.24%)	1% Increase (8.0% decreasing to 5.24%)
Total OPEB liability	$ 18,763,016	$ 20,319,890	$ 22,175,127

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflow	**Deferred Inflow**	**County Total Deferred Outflow (Deferred Inflow)**
Changes in assumptions and other inputs		$ 1,048,628	$ (1,048,628)
Estimated benefits paid after the measurement date	1,141,018	-	1,141,018
	$ 1,141,018	$ 1,048,628	$ 92,390

Amounts reported as deferred outflows related to OPEB resulting from the County's benefits paid after the measurement date will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Reporting year Ending Sept 30,	County Total Deferred Outflow (Deferred Inflow)
2019	$ (190,358)
2020	$ (190,358)
2021	$ (190,358)
2022	$ (190,358)
2023	$ (167,107)
Thereafter	$ (120,089)
TOTALS	$ (1,048,628)

NOTE 10 – NET POSITION RESTRICTED FOR OTHER PURPOSES

Net position restricted for other purposes in the governmental-wide statement of net position at September 30, 2019 are as follows:

Court-Related	$ 3,872,036

NOTE 11 – TAX ABATEMENTS

Escambia County enters into property tax abatement agreements with local businesses under Section 196.1995, Florida Statutes, and Chapter 90, Article IV, Division 2, Sections 90-146 through 90-153, Escambia County Code of Ordinances. Escambia County is authorized to grant economic development ad valorem tax exemptions (EDATE) for new and expanding business established in the County meeting certain statutory requirements.

The County may grant an ad valorem tax exemption to eligible new businesses, or improvements to real property which additions are made to facilitate the expansion of an existing business for up to 100% of the assessed value of all improvements to real property made by or for the use of the new or expanded business and tangible personal property of such businesses for up to 10 years. There are no provisions for recapturing the abated taxes.

For fiscal year ended September 30, 2019, Escambia County abated property taxes totaling $1,800,402 under this program including the following tax abatement agreements that each exceeded $100,000 of the total amount abated:

- A 100% property tax abatement to a provider of financial services for business expansion, which Includes construction of office buildings, multi-level parking deck and central energy plant. The abatement amounted to $1,080,009.
- A 62% property tax abatement to a manufacturer of nylon products to expand and equip the existing production facility. The abatement amounted to $391,295.
- A 100% property tax abatement for business expansion of a leading supplier of filtration, separation and purification technologies. The abatement amounted to $197,814.
- There are several smaller value EDATE agreements for new and expanded businesses which range from a 23% to 100% property tax abatement. These cumulative abatements amounted to $131,284.

NOTE 12 – COMMITMENTS AND CONTINGENCY

A. Litigation

The County is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of operations. Claims covered by the risk management self-insurance program are reviewed and losses are accrued as required in the judgment of management. The County is a defendant in various lawsuits. In the opinion of management, based on the advice of legal counsel, the ultimate disposition of lawsuits and claims will not have a material adverse effect on the financial position of the County.

B. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If expenditures are disallowed as a result of these audits, the claim for reimbursement to the grantor agency would become a liability of the County. In the opinion of management, any such adjustments would not be significant, and therefore do not have a material adverse effect on the financial position of the County.

C. Deficit Fund Equity

At September 30, 2019 the Disaster Recovery Special Revenue Fund, a major fund, has a deficit fund balance of $6,585,393. The deficit is due to expenditures related to the April 2014 flood event, and expenditures that were unreimbursed through grant funding. The deficit has been funded by advances from the LOST Fund.

NOTE 13 – SUBSEQUENT EVENTS

The County has evaluated events and transactions that occurred between September 30, 2019, and February 10, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. No other subsequent events have been recognized or disclosed.

GOVERNMENTAL FUNDS

GENERAL FUND

The *General Fund* is the government's primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund. The General Fund includes the Board of County Commissioners, Clerk of Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector:

Board of County Commissioners
This fund is the primary operating fund of Escambia County. It is used to account for all financial resources of the general government except those required to be accounted for in other funds.

Clerk of the Circuit Court and Comptroller
This fund reflects the activities of the Office of the Clerk of Circuit Court. Services provided are in accordance with provisions of the Florida Statutes related primarily to the county and circuit court systems, recording operations, and various other services.

Property Appraiser
This fund reflects the operations of the Office of the Property Appraiser who provides independent appraisals of tangible and personal property for all taxing authorities within the County.

Sheriff
This fund reflects the operations of the Office of the Sheriff. Services provided are for all the law enforcement activities within the County.

Supervisor of Elections
This fund reflects the operations of the Office of the Supervisor of Elections in the performance of its duties in accordance with Florida Statutes.

Tax Collector
This fund reflects the operations of the Office of the Tax Collector who collects and remits ad valorem taxes, licenses, and other revenues, to the related taxing authorities.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The County has the following Special Revenue Funds:

Escambia County Restricted Fund
Created to account for monies donated to the County for a specific purpose.

Economic Development Fund
Created pursuant to the Economic Development Incentive Program Ordinance to account for revenues associated with land sales at the various County commerce parks and other economic development related revenues. Expenditures will be used to promote economic development initiatives in Escambia County.

Code Enforcement Fund
Created to account for the enforcement of ordinances and statutes to enhance the quality of life for and protect citizens from environmentally unsafe conditions.

M and A State Revenue Fund
Created to account for the cost of mosquito and other arthropod control. Financing is provided by State matching funds on a dollar for dollar basis.

Tourist Promotion Fund
Created to account for revenues restricted for promotion, development and advertisement of Escambia County tourism. Financing is provided by a tourist development tax levied under Chapter 125.0104 Florida Statutes.

Other Grant Projects Fund
Created to account for financing provided from various State and Federal grants.

Detention/Jail Commissary Fund
Created to account for the cost of the inmate commissary and the inmate welfare fund; operated in the detention facility pursuant to Section 951.23, Florida Statutes. The fiscal management of the commissary is audited in conjunction with the audit of the County.

Library Fund
Created to account for the revenue and expenditures associated with administrative and operational functions of the West Florida Library System. A countywide Library MSTU assessment is imposed for the purpose of funding library services.

Misdemeanor Probation Fund
Created to account for the cost of supervision of the misdemeanor program. Financing is provided by a fee charged to a person on parole pursuant to Section 945.30, Florida Statutes.

Article V Fund
Created to account for revenues and costs for court related fees, charges, costs, fines and other monetary penalties.

SPECIAL REVENUE FUNDS - Continued

Development Review Fund
Created to account for fees generated by the review of all development plans within the County and support of the Development Review Committee, the Planning Board, the Board of Adjustments, the Rezoning Hearing Examiner and the Board of County Commissioners.

Perdido Key Beach Mouse Fund
Created to account for the Perdido Key Beach Mouse Special Assessment revenue established by Ordinance 2006-1 and 2006-2 and by interlocal agreement with the US Fish and Wildlife Service and the Florida Fish and Wildlife Commission. This revenue will be utilized for the mitigation process for impacts to the Perdido Key Beach Mouse habitat.

RESTORE Fund
Created in accordance with the Resources and Ecosystem Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act; Subtitle F of Public Law 112-141); to account for revenues and expenditures for programs, projects and activities that restore and protect the environment and economy of the Gulf Coast Region.

State Housing Initiative Partnership Fund (SHIP)
Created to account for the revenues and expenditures of the SHIP program, authorized pursuant to Section 420.907-420.9079, Florida Statutes. State revenue sharing proceeds received by the County for the SHIP program are used to create partnerships that produce and preserve affordable homeownership and multifamily housing.

Law Enforcement Trust Fund
Created pursuant to the provisions of Section 932.704, Florida Statutes, to account for the net proceeds from the sale or conversion of forfeited properties. Expenditures payable from this fund are legally restricted to nonrecurring obligations of the Sheriff's office, including equipment purchases. Although legally entitled as a trust fund, this fund is more properly accounted for as a special revenue fund due to the nature of the transactions recorded therein.

Escambia County Affordable Housing Fund
Created to account for funding to assist with delivery of affordable housing assistance and support for low income families in Escambia County and the City of Pensacola, primarily in conjunction with the Escambia Consortium Home Program. The fund also provides a source for payment of up-front costs while awaiting reimbursement from the HOME program letter of credit.

CDBG HUD Entitlement Fund
Created to account for Federal HUD Block Grant revenues and the expenditures. The HUD funded Community Block Grant program provides financial support primarily for low and moderate-income families in the County.

Handicapped Parking Fines Fund
Created to account for monies collected under Chapter 316, Florida Statutes, also known as the State Uniform Traffic Control, which authorizes counties to regulate the parking of vehicles and to enforce regulations relating to disabled persons parking.

Family Mediation Fund
Created to account for monies provided through a private grant and authorized under Chapters 44.102 and 44.108, Florida Statutes. These funds were used to assure each minor child frequent and continuing contact with both parents after separation or dissolved marriages and to encourage parents to share the rights and responsibilities of child rearing.

SPECIAL REVENUE FUNDS - Continued

Fire Protection Fund
Created to account for monies assessed by the Board of County Commissioners to property owners in unincorporated areas of Escambia County to provide for fire protection.

Emergency 911 Operations Fund
Created in accordance with the provisions of the Florida Emergency Telephone Act (Sections 365.171 and 365.172, Florida Statutes) to account for the Enhanced 911 (E911) fees imposed and collected from local telephone exchange customers and subscribers of wireless telephone services. 911 service directs 911 calls to the appropriate public safety answering point and provides for automatic number and location identification. The E911 Board may adjust the allocation percentages or adjust the amount of the fee, or both, if necessary, to ensure full cost recovery or prevent over recovery of costs incurred in the provision of E911. Expenditures are restricted to the establishment and maintenance of an enhanced emergency telephone number 911 system or enhanced 911 service.

HUD-CDBG Housing Rehabilitation Loan Fund
Created to account for funding to provide assistance for low/moderate income families within the unincorporated county through the rehabilitation of several substandard homes.

HUD Home Fund
Created to account for the HUD Housing Assistance revenues and expenditures. This grant provides for the rehabilitation of severely substandard homes.

Bob Sikes Toll Facilities Fund
Established by County Ordinance No. 93-23 which authorizes the collection of bridge tolls for uses of the Bob Sikes Toll Bridge by passage seekers. The Board of County Commissioners establish toll rates for the Bob Sikes Bridge in order to pay for the proper maintenance, administration, debt service of the bridge, and other expenses for parks and recreation on Santa Rosa Island as approved by the Board of County Commissioners. In addition to cash tolls, annual permits (transponder sales) may be purchased for access to the Bridge.

Transportation Trust Fund
Created pursuant to the provisions of Section 129.02 Florida Statutes, to account for transportation related revenues and expenditures. The primary revenue source is fuel taxes which are the Seventh-cent/1 cent County, Ninth-cent, Local Option fuel tax, and Constitutional fuel tax. Fuel tax revenues are used to fund transportation expenditures allowable pursuant to Sections 206 and Section 366, Florida Statutes.

MSBU Assessment Program Fund
Created to account for monies collected for Municipal Service Benefit Units (MSBU) pursuant to County Ordinance No. 94-24 and Chapter 125, Florida Statutes.

Master Drainage Basin Fund
Created to account for monies to provide drainage within specific districts.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS - Continued

Clerk Programs
This fund reflects the activities of the Office of the Clerk of the Circuit Court and Comptroller Trust Funds. Services provided are in accordance with provisions of the Florida Statutes Chapter 28.24 for records modernization.

Sheriff Programs
This fund reflects the activities of the Escambia County Sheriff's Office; primarily to account for the collection and expenditures of US Treasury and US Justice forfeiture sharing programs, and for revenues and disbursements of various Federal and State Grants.

Supervisor Programs
This fund reflects the activities of the Escambia Supervisor of Elections Office; primarily to account for the revenues and disbursements of various Federal and State Grants.

DEBT SERVICE FUND

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt Service funds are also used to report resources of legally mandated and financial resources that are being accumulated for principal and interest maturing in the future. The County has the following Debt Service Fund:

Debt Service Fund – Created to account for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital outlay. Capital Project funds exclude capital-related outflows financed by Proprietary Fund or for assets held in trust for individuals, private organizations, or other governments. The County has the following Capital Projects Funds:

There are no non-major Capital Project Funds.

FIDUCIARY FUNDS

AGENCY FUNDS

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, and other governments.

Clerk of the Circuit Court and Comptroller
Used to account for resources received and held by the Clerk in a fiduciary capacity. These resources represent fines, forfeitures and filing fees collected for other governmental agencies and support payments, jury and witness services and posted bonds collected for individuals.

Sheriff
Used to account for the assets held by the Sheriff for individuals such as prisoner's funds, confiscated monies held as evidence, and prepayments of the Sheriff's fees for serving papers.

Tax Collector
Used to account for property taxes and fees for licenses.

Statistical Section

This part of the Escambia County, Florida's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant years.

Escambia County, Florida

HISTORICAL SALES TAX REVENUE (1)

Last Ten Fiscal Years

Fiscal Year	Half-Cent Sales Tax Revenues (2)	Percentage Change
2010	18,089,862	-0.7%
2011	19,531,628	8.0%
2012	19,793,471	1.3%
2013	20,617,921	4.2%
2014	21,735,479	5.4%
2015	22,513,589	3.6%
2016	23,418,049	4.0%
2017	24,173,396	3.2%
2018	25,920,787	7.2%
2019	27,392,846	5.7%

(1) The table sets forth the historical Sales Tax Revenues received by the county (net of amounts distributed to municipalities within the County) for the Fiscal Years Ending September 30, 2010 through 2019 (audited).

(2) The Amount of Sales Tax Revenues distributed to the County is subject to increase or decrease due to (i) more or less favorable economic conditions, (ii) increases or decreases in the dollar volume of taxable sales within the County, (iii) legislative changes relating to the sales tax, which may include changes in the scope of taxable sales, changes in tax rate and changes in the amount of Sales Tax Revenues deposited into the Trust Fund, and (iv) other factors which may be beyond the control of the County or the Series 2017 Bondholders, including but not limited to the potential for increased use of electronic commerce and other internet-related sales activity that could have a material adverse impact upon the amount of sales tax collected by the State, deposited into the Trust Fund and then distributed to the County.

(2) In particular, the share of the Sales Tax Revenues deposited in the Trust Fund which is to be distributed to the County will be affected by changes in the relative populations of the incorporated and unincorporated areas with in the County. Such relative populations are subject to change through normal increases and decreases in population within the existing unincorporated and incorporated areas of the County and are also subject to change by the annexation of previously unincorporated areas of the County by the municipalities within the County. Such annexations would not only increase the population of the incorporated areas but also would, in equal amount, decrease the population of the unincorporated areas.

Schedule 13
Escambia County, Florida

PRO FORMA DEBT SERVICE COVERAGE FROM SALES TAX REVENUES

Last Eight Fiscal Years

	Fiscal Year Ended September 30,			
	2019	**2018**	**2017**	**2016**
Sales Tax Revenue	$ 27,392,846	$ 25,920,787	$ 24,173,396	$ 23,418,049
Maximum Annual Debt Service on the Series 2012 Note and Series 2017 Bonds (1)	9,571,501	9,572,824	9,572,824	9,572,824
Sales Tax Revenue coverage of Maximum Annual Debt Service on the Series 2012 Note and Series 2017 Bonds (1)	2.86 x	2.71 x	2.53 x	2.45 x

(1) The coverage table compares the historical Sales Tax Revenues to the pro forma aggregate maximum annual debt service on the Series 2012 Note and the Series 2017 Bonds. The pro forma aggregate maximum annual debt service would occur in Fiscal Year 2024, based on the assumptions set forth below.

(1) Assumes that the 2012 Sales Tax Refunding Revenue Note matures on October 1, 2032 with no change in the interest rate of 2.82%, subject to adjustment as set forth in the resolution authorizing the same; however, the entire unpaid principal and interest accrued thereon may be subject to mandatory prepayment at the option of the owner of the Note on October 1, 2027 or any date thereafter through but not including October 1, 2028. The maximum annual debt service above assumes the owner of the Note does not exercise the mandatory prepayment option.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Board of County Commissioners
Escambia County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Escambia County, Florida, (hereinafter referred to as "County"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated February 10, 2020. Our report includes a reference to another auditor who audited the financial statements of the Santa Rosa Island Authority, as described in our report on the County's basic financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by the other auditor.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

The Honorable Board of County Commissioners
Escambia County, Florida

We have examined Escambia County, Florida's, (hereinafter referred to as the "the County") compliance with the following requirements for the year ended September 30, 2019:

(1) Florida Statute 218.415 in regard to investments.

(2) Florida Statute 288.8018 in regard to the Deepwater Horizon Oil Spill receipts and expenditures.

(3) Florida Statutes 365.172 and 365.173 in regard to use of E-911 revenues and expenditures.

Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County has complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF RECEIPTS AND EXPENDITURES OF FUNDS RELATED TO THE DEEPWATER HORIZON OIL SPILL

The Honorable Board of County Commissioners
Escambia County, Florida

We have audited the financial statements of Escambia County, Florida as of and for the year ended September 30, 2019, and have issued our report thereon dated February 20, 2019, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole.

The Schedule of Receipts and Expenditures of Funds related to the Deepwater Horizon Oil Spill on page 223 is presented for the purpose of additional analysis as required by Florida Statute 288.8018 and the Rules of the Auditor General Chapter 10.557(3)(f) and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MANAGEMENT LETTER

The Honorable Board of County Commissioners
Escambia County, Florida

Report on the Financial Statements
We have audited the financial statements Escambia County, Florida (hereinafter referred to as the "County"), as of and for the year ended September 30, 2019, and have issued our report thereon dated February 10, 2020.

Auditors' Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550 *Rules of the Florida Auditor General*.

Other Reports Requirements
We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550*, Rules of the Auditor General.* Disclosures in those reports and schedules, which are dated February 10, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings were reported in the prior year.

Financial Condition and Management
Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c, *Rules of the Auditor General*, requires that we determine whether a special district that is a component unit of the County provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the County in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements or abuse that have occurred or are likely to have occurred that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such to include.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable Board of County Commissioners
Escambia County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of Escambia County, Florida (hereinafter referred to as "County"), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2019. The County's major federal programs and state projects are identified in the summary of auditor results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations and the terms and conditions of its federal and state awards applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550*, Rules of the Auditor General*. Those standards, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on Each Major Federal Program and State Project
In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2019.

Report on Internal Control over Compliance
Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Florida Department of Financial Services *State Projects Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General
We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Escambia County, Florida, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated February 10, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General.* Accordingly, this report is not suitable for any other purpose.

ESCAMBIA COUNTY FLORIDA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE A – BASIS OF PRESENTATION

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance includes the federal and state grant activity of Escambia County, Florida under programs of the federal and state government for the year ended September 30, 2019. Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Escambia County, Florida did not elect to utilize the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE C – MATCH

The County's match on Federal Transit Administration grants is received from the State of Florida as a non-cash award via Florida Toll Road Credits.

NOTE D – EXPENDITURES INCURRED IN PRIOR FISCAL YEAR

Total CFDA 97.036 expenditures for contract 13-IS-3S-01-27-02-558 of $2,744,481 were incurred in a prior fiscal year and obligated by FEMA in the current fiscal year.

INDEPENDENT AUDITORS' REPORT

Honorable Pam Childers
Escambia County, Clerk of the Circuit Court and Comptroller

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Office of the Clerk of the Circuit Court and Comptroller of Escambia County, Florida ("Clerk"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Clerk's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each major fund and the aggregate remaining fund information of the Clerk, as of September 30, 2019, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the financial statements referred to above have been prepared for the purpose of complying with the Rules of the Auditor General, State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information, of Escambia County, Florida that are attributable to the Clerk. They do not purport to, and do not, present fairly the financial position of Escambia County, Florida as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters
Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the budgetary comparison schedules on pages 18 - 19 be presented to supplement the basic financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information
Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk's financial statements. The accompanying combining and individual fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of these financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading *"Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards."*

Purpose of this Report

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control over financial reporting and compliance.

ESCAMBIA COUNTY, FLORIDA
CLERK OF THE CIRCUIT COURT AND COMPTROLLER

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The following is a summary of the significant principles and policies used in the preparation of these financial statements.

A. Reporting entity

The Escambia County, Florida, Clerk of the Circuit Court and Comptroller (the "Clerk") is an elected constitutional officer as provided by Article VIII, Section 1 (d) of the Constitution of the State of Florida.

For financial reporting purposes, the Clerk is deemed to be a part of the primary government of Escambia County, Florida (the County), and therefore, is included as such in the Escambia County, Florida, Comprehensive Annual Financial Report.

B. Basis of presentation – fund financial statements

These financial statements have been prepared for the purpose of complying with the *Rules of the Auditor General, State of Florida*, which require presentation of *fund level* only financial statements and permit omission of entity-wide full accrual financial statements and management's discussion and analysis. Therefore, these financial statements are intended to present only the financial position and changes in financial position of that portion of Escambia County, Florida that relate to transactions of the Clerk and are not intended to present the financial position and changes in financial position of Escambia County, Florida, taken as a whole.

The Clerk's financial records and accounts are maintained in accordance with the principles of "fund accounting," whereby resources are classified for accounting and reporting purposes into funds to insure compliance with any special restrictions or limitations on the use of such resources. The Clerk's major funds are defined as follows:

The ***General Fund*** – a governmental fund, is used to account for and report all financial resources of the Clerk not accounted for and reported in other funds.

The ***Public Records Modernization Fund -*** a special revenue fund, accounts for monies collected according to Chapter 28.24, Florida Statutes to be used exclusively for the purchase and maintenance of equipment, personal training and technical assistance in modernizing the official records system and for funding court-related technology needs of the Clerk as defined in Chapter 29.008, Florida Statutes. Also included in the Special Revenue Fund are activities related to Title IV-D child support cases. Title IV-D funding provides assistance to the plaintiff and enforcement of collections through the Office of Child Support Enforcement.

1. Summary of Significant Accounting Policies *(Continued)*

Additionally, the Clerk reports the following fund types:

Agency Funds - are used to account for assets received and held by the Clerk as an agent for individuals, private organizations and other governments. Agency funds are custodial in nature. The Clerk has numerous agency funds for varying purposes.

Internal Service Fund – is a proprietary fund that accounts for the balances and activity related to the court-related personnel compensated absences policies.

C. Measurement focus and basis of accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements, and also refers to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when received in cash or when they become both measurable and available to finance expenditures of the current period.

The Clerk considers receivables collected within 60 days after year end to be available and recognizes them as revenues of the current year. Expenditures are recorded when the liability is incurred, except for compensated absences for non-court related activities, which are not recorded until paid by the General Fund. Court-related compensated absences are accrued when earned in the internal service fund.

The accounting and financial reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or “financial flow" measurement focus. This means that generally, only current assets, deferred outflows, current liabilities and deferred inflows are included in the balance sheet. Governmental fund operating statements present increases (revenues, inflows and other financing sources) and decreases (expenditures, outflows and other financing uses) in fund balance. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

Proprietary funds (the internal service fund) are reported using the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from non-operating items. The principal operating revenues of the internal service fund are charges related to the Clerk’s court-related compensated absences activity.

Agency fund financial statements have no measurement focus, but report assets and liabilities using the accrual basis of accounting.

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Capital asset acquisitions are recorded as expenditures in governmental funds.

1. Summary of Significant Accounting Policies *(Continued)*

The preparation of financial statements in conformity with GAAP requires management to make use of estimates that affect the reported amounts in the financial statements and note disclosures. Actual results could differ from estimates.

D. Fund balance and flow assumptions

Fund balance at September 30, 2019, consists of the following:

Nonspendable fund balance – include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. Nonspendable in governmental fund types typically are for inventories and prepaid items. As of September 30, 2019, the Clerk had no nonspendable fund balances.

Restricted fund balance – include amounts that can be spent only for specific purposes which are externally imposed by creditors, grantors, contributors, or laws or regulations or are imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – include amounts that can only be used for the specific purpose determined by a formal action of the Clerk's highest level of decision-making authority. Commitments may be changed or lifted only by the Clerk taking the same formal action that imposed the constraint originally. As of September 30, the Clerk had no committed fund balances.

Assigned fund balance – include amounts intended to be used by the Clerk for specific purposes, but which do not meet any of the criterion to be considered either restricted or committed. As of September 30, 2019, the Clerk had no assigned fund balances.

Unassigned fund balance – is the residual classification of the general fund only and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose.

Periodically, the Clerk may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Clerk's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

1. Summary of Significant Accounting Policies *(Continued)*

E. Capital Assets

Capital assets (vehicles, equipment and other property costing at least $1,000 with a useful life of more than one year) and intangible assets costing at least $5,000 are recorded as expenditures at the time of purchase. These assets are capitalized at cost and depreciated or amortized in Escambia County's government-wide financial statements. The Clerk maintains custodial responsibility for the capital assets used by the Clerk.

F. Accumulated compensated absences

Employees may accumulate, subject to limitations, amounts of earned, but unused sick leave, annual leave and compensatory time, which will be paid upon separation from service. The amount of vested accumulated compensated absences payable (related to governmental fund activities) based upon the Clerk's paid-time-off (PTO) policy is reported as a liability in the statement of net position in the County's government-wide financial statements. That liability includes earned but unused vacation and sick time, as well as FICA taxes and retirement contributions related thereto.

The court-related portion of compensated absences are recorded in the internal service fund, which was established to accumulate resources for such payment in future years.

G. Funding Provided by the State of Florida and Board of County Commissioners

The Clerk and Comptroller functions are funded by two primary sources, the State of Florida and the Board of County Commissioners.

The State provides operating funds for court-side activities of the Clerk through a State of Florida Clerk of Court Trust Fund. Clerks retain their revenues up to the budget amount appropriated from the Trust Fund. Also, any shortage of revenues up to the approved budget is funded by the Trust Fund. Excess revenues above the appropriation are returned to the State.

The Board of County Commissioners funds operating activities and capital expenditures for the comptroller functions. The Clerk submits a proposed budget to the Board for approval for each fiscal year. Funding by the Board is recorded as a "transfer out" in the financial statements of the County and as a "transfer in" on the financial statements of the Clerk.

Florida Statutes require that the excess of the Board's appropriations (and other revenues) over expenditures be returned to the Board at the end of the fiscal year.

2. Cash deposits with financial institutions

Cash and cash equivalents are highly liquid investments with original maturities of three months or less when purchased. Investments are recorded at fair value.

The investment of surplus funds is governed by the provisions of Florida Statute 218.415, as to the type of investments that can be made. Deposits may be exposed to custodial credit risk, which is the risk of loss in the event of a bank failure.

The Clerk manages custodial credit risk by maintaining its deposits in financial institutions designated as “Qualified Public Depositories” by the State Treasurer.

The Clerk's cash deposits are held by banks, which qualify as public depositories under the Florida Security for Public Deposits Act, as required by Chapter 280, Florida Statutes. All of the Clerk’s deposits are fully insured by the Public Deposit Trust Fund.

At September 30, 2019, the reported amount of the Clerk’s deposits was approximately $13.5 million, and the bank balance was approximately $13.7 million, consisting entirely of cash and deposit accounts.

3. Interfund receivables, payables and transfers

Interfund receivables and payables consist of amounts due to or from funds during the normal course of business. At September 30, 2019, there were no interfund receivables or payables within the Clerk’s funds. Transfers consist of $2,995,100 of “transfers in” from the Board of County Commissioners and “transfers out” of excess budget and fees totaling $1,022,842.

4. Due from/to other governments

At September 30, 2019, due from other governments contains $80,124 due from the State for Title IV-D services. The due to other governments includes $1,291,537 payable to the Board of County Commissioners of which $1,022,842 was excess budget and fees.

Based on the legal opinion provided by Clerks of Court Operations Corporation general counsel of the provisions of Section 28.37(3), F.S., which was adopted as a policy by the CCOC Finance and Budget Committee, excess court-related funds of $843,611 have been included in due to other governments.

5. Retirement plan

The Clerk participates in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. The FRS was established in 1970 by Chapter 121, Florida Statutes. Changes to the FRS can only be made by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The State of Florida issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for FRS. The report maybe be obtained on the division's website at http://www.dms.myflorida.com. The report may also be obtained by contacting the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, FL 32315-9000.

Employees elect participation in either the defined benefit plan (Pension Plan), a multiple-employer cost–sharing defined benefit retirement plan, or the defined contribution plan (Investment Plan). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university community college or a participating city or special district within the State of Florida.

The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members' highest five or eight fiscal years of earnings, depending upon enrollment date. A post-employment health insurance subsidy is also provided to eligible retired members through the FRS in accordance with Florida Statutes.

For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with six or more years of service or to those employees who have at least 30 years of creditable service, regardless of age.

For employees who were enrolled in the plan after July 1, 2011, normal retirement benefits are available at age 65 with eight or more years of service or to those employees who have at least 33 years of creditable service, regardless of age.

Early retirement is available for vested members with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class.

In addition to the above benefits, the Deferred Retirement Option Program (DROP) is available under the Pension Plan when the member first reaches eligibility for normal retirement. This program allows eligible members to defer receipt of monthly retirement benefit payments, while continuing employment with an FRS employer for a period not to exceed 60 months after electing to participate.

For those members who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs at one year of service. The Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class.

5. Retirement plan *(Continued)*

Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program.

The contribution requirements of the Clerk and members are established and may be amended by FRS. Both plans are contributory for employees and require a 3% employee contribution. This is in addition to the contributions that are the obligation of the employer. The Clerk's contributions to FRS for the years ended September 30, 2019, 2018 and 2017 were $702,507, $689,477, and $654,247, respectively, equal to the required contributions for each year.

The contribution rates in effect during the period ended September 30, 2019, 2018, and 2017 were as follows:

	2019	2018	2017
Regular Class: Members not qualifying for other classes.	8.47%	8.26%	7.92%
Senior Management Class: Members of senior management who do not elect the optional annuity retirement program.	25.41%	24.06%	22.71%
Elected Officials Class: Certain elected county officials.	48.82%	48.70%	45.50%
Deferred Retirement Option Program (DROP): Members are enrolled in DROP from FRS	14.60%	14.03%	13.26%

Net Pension Obligation-Proportionate Share

The Clerk has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions.* This long-term liability is only reported in the county-wide financial statements and is not a current liability of the governmental funds. All required disclosures and schedules may be found in the Comprehensive Annual Financial Report of Escambia County, Florida.

6. Other post-employment benefits (OPEB), other than pensions

The Board offers post-employment health care benefits (OPEB) to all retired employees of the Clerk's Office and their dependents. Participating retirees are required to reimburse the Board for 100% of the premium cost, which is netted against the premium payment, so that no net expense is initially recorded in the Board's financial statements. However, these retirees are receiving an "implicit subsidy" because the premium is a group rate, which includes active, lower cost employees. This implicit subsidy has a cost, however, this annual cost, and the total OPEB liability is measured as the portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service. The total OPEB liability and other required disclosures have been calculated for the County, as a whole and not separately for the Clerk's Office. Accordingly, these calculations and disclosures can be found in the County's Comprehensive Annual Financial Report.

7. Risk management

The County has a risk management program to insure claims against the BOCC, Constitutional Officers and Santa Rosa Island Authority for the following types of risks:

Workers Compensation – The County is covered for workers' compensation claims through a policy with the Florida Municipal Insurance Trust. Coverage limits under the policy include statutory limits, as well as $1,000,000 bodily injury for each accident and $1,000,000 bodily injury by disease for each employee with an aggregate $1,000,000 policy limit.

Casualty and Property – Casualty limits are self-insured for $200,000 per claim with a $300,000 aggregate limit. Property limits are $50,000 - $250,000 self-insured retentions per occurrence with excess limits of $45 million including wind.

The Clerk participated in the County's insurance program during fiscal year 2019 at a cost of $16,899. There also were no significant reductions in insurance coverage from the prior year and there have been no settlements which exceeded the Clerk's insurance coverage in any of the past three fiscal years.

8. Litigation

From time to time, the Clerk may be involved as a defendant in certain litigation and claims arising from the ordinary course of operations. In the opinion of legal counsel, there are no lawsuits or claims outstanding, which will have a material adverse effect on the financial position of the Clerk.

ESCAMBIA COUNTY, FLORIDA
CLERK OF THE CIRCUIT COURT AND COMPTROLLER

Notes to Required Supplementary Information

The Clerk's Office operates under budget procedures pursuant to Florida Statutes. Annual budgets are legally adopted for the general fund and the public records modernization fund and are on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is at the fund level. Budgetary changes within the funds are made at the discretion of the Clerk.

The proposed budget is also prepared, summarized, and submitted by the Clerk to the Florida Clerks of Court Operations Corporation. The proposed budget must provide detailed information on the anticipated revenues available and expenditures necessary for the performance of the court-related functions listed in Florida Statute 28.35(3)(a) of the Clerk's office.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Pam Childers
Escambia County, Clerk of Circuit Court and Comptroller

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements (hereinafter referred to as "financial statements") of each major fund and the aggregate remaining fund information of the Office of the Clerk of the Circuit Court and Comptroller of Escambia County, Florida (hereinafter referred to as "Clerk"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, and have issued our report thereon dated January 3, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

Compliance and Other Matters-Continued
However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable Pam Childers
Escambia County, Clerk of Circuit Court and Comptroller

We have examined the Office of the Clerk of the Circuit Court and Comptroller of Escambia County, Florida's (hereinafter referred to as the "Clerk") compliance with Florida Statute 218.415 in regards to investments, Florida Statutes 28.35 and 28.36 in regard to certain court-related functions, and Florida Statute 61.181 in regard to operation of a depository for alimony and child support for the year ended September 30, 2019. Management is responsible for the Clerk's compliance with those requirements. Our responsibility is to express an opinion on the Clerk's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk complied, in all material respects, with the specified requirements. An examination involves performing procedures to obtain evidence about whether the Clerk complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Clerk's compliance with specified requirements.

In our opinion, the Clerk complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

MANAGEMENT LETTER

Honorable Pam Childers
Escambia County, Clerk of the Circuit Court and Comptroller

Report on the Financial Statements
We have audited the financial statements of each major fund and the aggregate remaining fund information of the Office of the Clerk of the Circuit Court and Comptroller of Escambia County, Florida (hereinafter referred to as "Clerk"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated January 3, 2020.

Auditors' Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General.*

Other Reporting Requirements
We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Accountant's Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated January 3, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Financial Management
Section 10.554(1)(i)2, *Rules of the Auditor General,* requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters
Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements or abuse that have occurred or are likely to have occurred that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Clerk and the Escambia County Board of County Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Chris Jones
Escambia County Property Appraiser

Report on the Financial Statements
We have audited the accompanying financial statements of the general fund of the Escambia County Property Appraiser, Escambia County, Florida (the Property Appraiser), as of and for the fiscal year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Property Appraiser's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund of the Property Appraiser as of September 30, 2019, and the changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund of the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Escambia County, Florida as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*
In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements and other matters included under the heading "Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards."* The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant principles and policies used in the preparation of these financial statements.

A. Reporting Entity

The Escambia County, Florida Property Appraiser (Property Appraiser), is an elected constitutional officer as provided by Article VIII, Section 1 (d) of the Constitution of the State of Florida. The Property Appraiser's budget is submitted to the Florida Department of Revenue (per Florida Statute 195.087) for approval. The Board appropriates and distributes to the Property appraiser on a quarterly basis the funds necessary to operate the Property Appraiser's office.

For financial reporting purposes, the Property Appraiser is deemed to be a part of the primary government of Escambia County, Florida (the County), and therefore, is included as such in the Escambia County, Florida, Comprehensive Annual Financial Report.

B. Basis of Presentation – Fund Financial Statements

These financial statements have been prepared for the purpose of complying with *Rules of the Auditor General, State of Florida*, which require presentation of *fund level* only financial statements and permit omission of entity-wide full accrual financial statements and management's discussion and analysis. Therefore, these financial statements are intended to present only the financial position and changes in financial position of that portion of Escambia County, Florida, that relate to transactions of the Property Appraiser and are not intended to present the financial position and changes in financial position of Escambia County, Florida, taken as a whole.

The Property Appraiser's financial records and accounts are maintained in accordance with the principles of "fund accounting," whereby resources are classified for accounting and reporting purposes into funds to insure compliance with any special restrictions or limitations on the use of such resources. The Property Appraiser's general fund (a governmental fund type) is the sole operating fund of the Property Appraiser. No additional funds are required to be maintained.

Fund Balance – Fund balances are classified either as non-spendable or as restricted, committed, assigned and unassigned, based on the extent to which there are external and internal constraints on the spending.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

C. Measurement Focus and Basis of Accounting

The general fund is accounted for using the *modified accrual basis of accounting*. Revenues are recognized when they become susceptible to accrual—that is when they are both measurable and available to finance expenditures of the current period. The Property Appraiser considers receivables collected within 60 days after year-end to be available and recognizes them as revenues of the current year.

Expenditures generally are recognized under the *modified accrual basis of accounting* when the fund liability is incurred. However, expenditures for compensated absences are recognized when payments are made to employees.

D. Funding from the Board of County Commissioners

Appropriations from the Board are recorded as “transfers in” on the Statement of Revenues, Expenditures and Changes in Fund Balance.

In accordance with Florida Statutes, the General Fund’s excess of revenues and transfers over expenditures is returned to the Board at year end and is reported as a “transfer out” on the Statement of Revenues, Expenditures and Changes in Fund Balance.

E. Capital Assets

Capital assets (vehicles, equipment and other property costing at least $1,000 with a useful life of more than one year) are recorded as expenditures at the time of purchase. These assets are capitalized at cost and depreciated in Escambia County’s government-wide financial statements.

F. Accumulated Compensated Absences

Employees may accumulate, subject to limitations, amounts of earned but unused sick leave, annual leave and compensatory time, which will be paid upon separation from service. The amount of vested accumulated compensated absences payable (related to governmental fund activities) based upon the Property Appraiser’s paid-time-off (PTO) policy is reported as a liability in the statement of net position in the County’s basic financial statements. That liability includes earned, but unused vacation, sick and comp time, as well as FICA taxes and retirement contributions related thereto.

2. CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

The investment of surplus funds is governed by the provisions of Florida Statute 218.415 as to the type of investments that can be made. Deposits may be exposed to custodial credit risk, which is the risk of loss in the event of a bank failure.

The Property Appraiser manages custodial credit risk by maintaining its deposits in a financial institution designated as a "Qualified Public Depository" by the State Treasurer. All deposits were fully insured through a combination of federal depository insurance and participation of the financial institution in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. Accordingly, risk of loss due to bank failure is not significant.

At September 30, 2019, the reported amount of the Property Appraiser's deposits and the bank balance consisting entirely of deposits in a checking account were approximately $543,000.

3. TRANSFERS

Transfers in consist of $6,179,396 from the Escambia County Board of County Commissioners, and transfers out represent excess appropriations and fees returned to the Board in the amount of $297,874.

4. DUE TO/FROM OTHER GOVERNMENTS

At September 30, 2019, the amounts due to other governments totals $298,558 and mainly consists of excess appropriations and fees over expenditures payable to the Board in the amount of $297,874.

5. RETIREMENT PLAN

The Property Appraiser participates in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. The FRS was established in 1970 by Chapter 121, Florida Statutes. Changes to the FRS can only be made by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The State of Florida issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for FRS. The report maybe be obtained on the division's website at http://www.dms.myflorida.com. The report may also be obtained by contacting the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, FL 32315-9000.

5. RETIREMENT PLAN – CONTINUED

Employees elect participation in either the defined benefit plan (Pension Plan), a multiple-employer cost –sharing defined benefit retirement plan or the defined contribution plan (Investment Plan). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university community college or a participating city or special district within the State of Florida.

The FRS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members' highest five or eight fiscal years of earnings, depending upon enrollment date. A post-employment health insurance subsidy is also provided to eligible retired members through the FRS in accordance with Florida Statutes.

For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with six or more years of service or to those employees who have at least 30 years of creditable service, regardless of age.

For employees who were enrolled in the plan after July 1, 2011, normal retirement benefits are available at age 65 with eight or more years of service, or to those employees who have at least 33 years of creditable service, regardless of age.

Early retirement is available for vested members with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class.

In addition to the above benefits, the Deferred Retirement Option Program (DROP) is available under the Pension Plan when the member first reaches eligibility for normal retirement. This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate.

For those members who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs at one year of service. The Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Members in the Investment Plan decide how their funds are allocated between various investment accounts, and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program.

The contribution requirements of the Property Appraiser and members are established and may be amended by FRS. Both plans are contributory for employees and require a 3% employee contribution. This is in addition to the contributions that are the obligation of the employer.

5. RETIREMENT PLAN – CONTINUED

The Property Appraiser's contributions to FRS for the years ended September 30, 2019, 2018 and 2017, were $405,363, $380,963 and $361,711, respectively, equal to the required contributions for each year.

The contribution rates in effect during the period ended September 30, 2019, 2018 and 2017, are as follows:

	2019	2018	2017
Regular Class:	8.47%	8.26%	7.92%
Members not qualifying for other classes.			
Senior Management Class:	25.41%	24.06%	22.71%
Members of senior management who do not elect the optional annuity retirement program.			
Elected Officials Class:	48.82%	48.70%	45.50%
Certain elected county officials.			
Deferred Retirement Option Program (DROP):	14.60%	14.03%	13.26%
Members are enrolled in DROP from FRS			

Net Pension Liability-Proportionate Share

The Property Appraiser has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the General Fund. All required disclosures and schedules may be found in the Comprehensive Annual Financial Report of Escambia County, Florida.

6. OTHER POST-EMPLOYMENT BENEFITS (OPEB), OTHER THAN PENSIONS

The Board offers post-employment health care benefits (OPEB) to all retired employees of the Property Appraiser's Office and their dependents. Participating retirees are required to reimburse the Board for 100% of the premium cost, which is netted against the premium payment, so that no net expense is initially recorded in the Board's financial statements. However, these retirees are receiving an "implicit subsidy" because the premium is a group rate which includes active, lower cost employees. This implicit subsidy has a cost; however, this annual cost and the total OPEB liability is measured as the portion of the actuarial present value of projected benefit payments that are attributed to past periods of employee service. The total OPEB liability and other required disclosures have been calculated for the County as a whole and not separately for the Property Appraiser's Office. Accordingly, these calculations and disclosures can be found in the County's Comprehensive Annual Financial Report.

7. RISK MANAGEMENT

The County has a risk management program to insure claims against the Board, Constitutional Officers and Santa Rosa Island Authority for the following types of risks:

Workers Compensation – The County is covered for workers' compensation claims through a policy with the Florida Municipal Insurance Trust. Coverage limits under the policy include statutory limits, as well as $1,000,000 bodily injury for each accident and $1,000,000 bodily injury by disease for each employee with an aggregate $1,000,000 policy limit.

Casualty and Property – Casualty limits are self-insured for $200,000 per claim with a $300,000 aggregate limit. Property limits are $50,000 - $250,000 self-insured retentions per occurrence with excess limits of $45 million including wind.

The Property Appraiser participated in the County's insurance program during the year at a cost of $28,075. There also were no significant reductions in insurance coverage from the prior year, and there have been no settlements, which exceeded the Property Appraiser's insurance coverage in any of the past three fiscal years.

8. LITIGATION

The Property Appraiser is contingently liable with respect to lawsuits and other claims, which might be filed incidental to the ordinary course of operations. In the opinion of management, based on the advice of legal counsel, there are no lawsuits or claims outstanding which will have a material adverse effect on the financial position of the Property Appraiser's Office.

9. SUBSEQUENT EVENTS

The Property Appraiser has evaluated events and transactions for potential recognition or disclosure in the financial statements through November 22, 2019, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

SEPTEMBER 30, 2019

The Property Appraiser's Office operates under budget procedures pursuant to Florida Statutes. Annual budgets are legally adopted for the general fund on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is at the fund level.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Chris Jones
Escambia County Property Appraiser

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Escambia County, Florida Property Appraiser (the Property Appraiser) as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated November 22, 2019.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of the Property Appraiser's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Property Appraiser's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable Chris Jones
Escambia County Property Appraiser

We have examined the Office of the Property Appraiser of Escambia County, Florida's (hereinafter referred to as "Property Appraiser") compliance with Florida Statute 218.415 in regard to investments for the year ended September 30, 2019.

Management is responsible for the Property Appraiser's compliance with those requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Property Appraiser complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Property Appraiser complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence that we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

MANAGEMENT LETTER

Honorable Chris Jones
Escambia County Property Appraiser

Report on the Financial Statements
We have audited the financial statements of the general fund of the Office of the Property Appraiser of Escambia County**,** Florida, as of and for the fiscal year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated November 22, 2019.

Auditors' Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements
We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and our Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated November 22, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Financial Management
Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters
Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements or abuse that have occurred or are likely to have occurred that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Property Appraiser, the Escambia County Board of County Commissioners and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable David Morgan, Sheriff
Escambia County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Office of the Sheriff of Escambia County, Florida ("Sheriff"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each major fund and the aggregate remaining fund information of the Sheriff, as of September 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the financial statements referred to above have been prepared for the purpose of complying with the Rules of the Auditor General, State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information, of Escambia County, Florida that are attributable to the Sheriff. They do not purport to, and do not, present fairly the financial position of Escambia County, Florida as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters
Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule on page 15 be presented to supplement the basic financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information
Our audit was conducted for the purpose of forming opinions on the financial statements. The accompanying budgetary comparison schedule and combining financial statements on pages 17 - 20 are presented for purposes of additional analysis and are not a required part of these financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2019, on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading, *"Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards."* The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The following is a summary of the significant principles and policies used in the preparation of these financial statements.

A. Reporting entity

The Escambia County, Florida, Sheriff (the "Sheriff") is an elected constitutional officer as provided by Article VIII, Section 1 (d) of the Constitution of the State of Florida. The Sheriff's budget is submitted to the Escambia County Board of County Commissioners (the Board) for approval. The Board appropriates and distributes to the Sheriff on a monthly basis, funds necessary to operate the Sheriff's office.

For financial reporting purposes, the Sheriff is deemed to be a part of the primary government of Escambia County, Florida (the County) and therefore, is included as such in the Escambia County, Florida, Comprehensive Annual Financial Report.

B. Basis of presentation – fund financial statements

These financial statements have been prepared for the purpose of complying with *Rules of the Auditor General, State of Florida*, which require presentation of *fund level* only financial statements and permit omission of entity-wide full accrual financial statements and management's discussion and analysis. Therefore, these financial statements are intended to present only the financial position and changes in financial position of that portion of Escambia County, Florida, that relate to transactions of the Sheriff and are not intended to present the financial position and changes in financial position of Escambia County, Florida, taken as a whole.

The Sheriff's financial records and accounts are maintained in accordance with the principles of "fund accounting," whereby resources are classified for accounting and reporting purposes into funds to insure compliance with any special restrictions or limitations on the use of such resources. The Sheriff's major funds are the General Fund and the Sheriff's Programs Fund.

The ***General Fund*** is the general operating fund of the Sheriff. It is used to account for all financial resources except those required to be accounted for in other funds.

Additionally, the Sheriff reports the following fund types:

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The ***Sheriff's Programs Fund*** is used to account for various grant and federal forfeiture activities.

1. Summary of Significant Accounting Policies *(Continued)*

Agency Funds are used to account for assets received and held by the Sheriff as an agent for individuals, private organizations and other governments. Agency funds are custodial in nature and do not involve measurement of changes in financial position. The Sheriff has several agency funds for varying purposes.

C. Capital Assets

Capital assets (vehicles, equipment and other property costing at least $1,000 with a useful life of more than one year) are recorded as expenditures at the time of purchase. These assets are capitalized at cost and depreciated in the County's government-wide financial statements. It is not appropriate to report capital assets and the related depreciation in the governmental fund financial statements.

D. Fund balance and flow assumptions

Fund balance at September 30, 2019, consists of the following:

Non-spendable fund balances include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. Non-spendable fund balance at the Sheriff consists of $302,666 for inventory.

Remaining fund balances are classified as following, depending upon the Sheriff's ability to control the spending of these balances:

Restricted fund balances can only be used for specific purposes, which are externally imposed by creditors, grantors, contributors or laws or regulations or are imposed by law through constitutional provisions or enabling legislation. As of September 30, 2019, the Sheriff had no restricted fund balances.

Committed fund balances can only be used for specific purposes imposed internally by the Sheriff's formal action of highest level of decision-making authority. As of September 30, 2019, the Sheriff had no committed fund balances.

Assigned fund balances are fund balances intended to be used for specific purposes, but do not meet the more formal criterion to be considered either restricted or committed. As of September 30, 2019, the Sheriff had no assigned fund balances.

Unassigned fund balances represent the residual positive fund balance within the General Fund, which has not been assigned to other funds and has not been restricted, committed or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances. As of September 30, 2019, the Sheriff had no unassigned fund balances because all excess revenues within the General Fund are required to be remitted to the Board, and there were no negative residual balances in the special revenue fund.

1. Summary of Significant Accounting Policies *(Continued)*

Periodically, the Sheriff will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Sheriff's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

E. Accumulated compensated absences

Employees may accumulate, subject to limitations, amounts of earned, but unused sick leave, annual leave and compensatory time, which will be paid upon separation from service. The amount of vested, accumulated, compensated absences payable, based upon the Sheriff's paid-time-off (PTO) policy, is reported as a liability in the statement of net position in the County's government-wide financial statements. That liability also includes earned, but unused sick leave, annual leave and compensatory time, as well as FICA taxes and retirement contributions related thereto.

F. Measurement focus and basis of accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and also refers to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when received in cash or when they become both measurable and available to finance expenditures of the current period. The Sheriff considers receivables collected within 60 days after year end to be available and recognizes them as revenues of the current year. Grants and similar items are recognized as revenue, as soon as all eligibility requirements imposed by the provider have been met. Compensated absences are paid from the general fund. Capital asset acquisitions are recorded as expenditures in the governmental funds.

Measurement Focus - The accounting and financial reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that generally, only current assets, deferred outflows, current liabilities and deferred inflows are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance. Accordingly, they present a summary of sources and uses of "available spendable resources" during a period.

Fiduciary fund financial statements (agency funds) have no measurement focus, but utilize the accrual basis of accounting for reporting assets and liabilities.

1. Summary of Significant Accounting Policies *(Continued)*

G. Funding Provided by Board of County Commissioners

The Board funds the majority of the operating budget of the Sheriff. Payment by the Board to fund the operations of the Sheriff is recorded as a "transfer out" in the basic financial statements of the County, and as an operating "transfer in" on the financial statements of the Sheriff.

In accordance with Florida Statutes, the General Fund's excess of revenues over expenditures is returned to the Board at the end of the fiscal year. Repayments to the Board are recorded as a "transfer out" in the financial statements of the Sheriff, and the amount of undistributed excess appropriations at the end of the fiscal year is reported as amounts due the Board.

2. Deposits and Investments

Cash and cash equivalents are highly liquid investments with original maturities of three months or less when purchased. Investments, if any, are recorded at fair value. The Sheriff has an investment policy governed by the provisions of Florida Statute 218.415 as to the type of investments that can be made. Authorized investments include the Local Government Surplus Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, Security and Exchange registered money market funds with the highest credit quality rating from a recognized rating agency, savings accounts or certificates of deposit in state-certified depositories, notes, bonds or treasury bills or other direct obligations of the United States Treasury, federal agencies and instruments, and repurchase agreements.

Deposits may be exposed to custodial credit risk, which is the risk of loss in the event of a bank failure. The Sheriff manages custodial credit risk by maintaining its deposits in financial institutions designated as "Qualified Public Depositories" by the State Treasurer. The Sheriff's cash deposits are held by a bank that qualifies as a public depository under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes. All of the Sheriff's deposits are fully insured by the Public Deposit Trust Fund.

At September 30, 2019, the reported amount of the Sheriff's deposits was approximately $3.6 million, and the bank balance was approximately $4.2 million consisting entirely of cash and deposit accounts.

3. Interfund receivables and payables

Interfund receivables and payables consist of amounts due to or from funds during the normal course of business. Transfers consist of $61,263,474 of "transfers in" from the Board and "transfers out" of unspent appropriations in the amount of $700,333.

4. Due to / from Board of County Commissioners

At September 30, 2019, the $143,795 receivable from the Board is comprised mainly of expenditures paid on their behalf. The $542,081 payable to the Board is partially comprised of unspent appropriations of $200,333.

5. Inventory

Inventory is valued at cost using the first-in/first out (FIFO) method and consists of expendable supplies. The costs of such inventory are recorded as expenditures when purchased and also reported as inventory assets based on a physical inventory of supplies on hand at year end.

6. Retirement plan

The Sheriff participates in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. The FRS was established in 1970 by Chapter 121, Florida Statutes. Changes to the FRS can only be made by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The State of Florida issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for FRS. The report maybe be obtained on the division's website at http://www.dms.myflorida.com. The report may also be obtained by contacting the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, FL 32315-9000.

Employees elect participation in either the defined benefit plan (Pension Plan), a multiple-employer cost –sharing defined benefit retirement plan or the defined contribution plan (Investment Plan). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university community college or a participating city or special district within the State of Florida.

The FRS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members' highest five or eight fiscal years of earnings, depending upon enrollment date. A post-employment health insurance subsidy is also provided to eligible retired members through the FRS in accordance with Florida Statutes.

For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with six or more years of service or to those employees who have at least 30 years of creditable service, regardless of age.

For employees who were enrolled in the plan after July 1, 2011, normal retirement benefits are available at age 65 with eight or more years of service or to those employees who have at least 33 years of creditable service, regardless of age.

6. Retirement plan – *(Continued)*

Early retirement is available for vested members with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class.

In addition to the above benefits, the Deferred Retirement Option Program (DROP) is available under the Pension Plan when the member first reaches eligibility for normal retirement. This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with an FRS employer for a period not to exceed 60 months after electing to participate.

For those members who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs at one year of service. The Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class.

Members in the Investment Plan decide how their funds are allocated between various investment accounts, and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program.

The contribution requirements of the Sheriff and members are established and may be amended by FRS. Both plans are contributory for employees and require a 3% employee contribution. This is in addition to the contributions that are the obligation of the employer. The Sheriff's contributions to FRS for the years ended September 30, 2019, 2018 and 2017 were $6.5 million, $6 million and $5.6 million, respectively, equal to the required contributions for each year.

The contribution rates in effect during the period ended September 30, 2019, 2018 and 2017 were as follows:

	2019	2018	2017
Regular Class: Members not qualifying for other classes.	8.47%	8.26%	7.92%
Senior Management Class: Members of senior management who do not elect the optional annuity retirement program	25.41%	24.06%	22.71%
Elected Officials Class: Certain elected county officials.	48.82%	48.70%	45.50%
Deferred Retirement Option Program (DROP): Members are enrolled in DROP from FRS	14.60%	14.03%	13.26%
Special Risk Class: Members employed as law enforcement officers, firefighters, or correctional officers meet the criteria to qualify for this class	25.48%	24.50%	23.27%

6. Retirement plan – *(Continued)*

Net Pension Obligation-Proportionate Share
The Sheriff has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions.* This long-term liability is only reported in the county-wide financial statements and is not a current liability of the governmental funds. All required disclosures and schedules may be found in the comprehensive annual financial report of Escambia County, Florida.

7. Other Postemployment Benefit (OPEB) Obligations, Other Than Pensions

The Sheriff offers post-employment health care benefits (OPEB) to all retired employees and their dependents. Participating retirees are required to reimburse the Sheriff for 100% of the premium cost, which is netted against the premium payment, so that no net expenditure is initially recorded in the financial statements. However, these retirees are receiving an "implicit subsidy" because the premium is a group rate which includes active, lower cost employees. This implicit subsidy has a cost; however, this annual cost and the total OPEB liability is measured as the portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service. The total OPEB liability and other required disclosures have been calculated for the County, as a whole and not separately for the Sheriff. Accordingly, these calculations and disclosures can be found in the County's comprehensive annual financial report.

8. Risk Management

The Sheriff participates in the Florida Sheriff's Self Insurance Fund with an annual premium cost for the year ended September 30, 2019, of approximately $1.2 million. Coverage limits under the policy include $1.0 million bodily injury for each accident and $1.0 million bodily injury by disease for each employee with a $1.0 million limit. The plan calls for an annual final premium calculation after fiscal year end using the actual premium basis, proper classifications and experience modifications and rates that lawfully apply to the Sheriff.

During the fiscal year ended September 30, 2019, the Sheriff had no significant reductions in insurance coverage from the prior year. In addition, there have been no settlements which exceeded the Sheriff's insurance coverage in any of the three past fiscal years.

9. Federal and State Financial Assistance

At September 30, 2019, due from other governments contains $400,261 receivable from federal and state awards. The following programs are presented in the schedules of expenditures of federal and state awards within the Escambia County financial report under the *Uniform Guidance*.

Edward Byrne Memorial-Justice Assistance Grant Program
Florida Division of Emergency Management – All Hazard Incident Management Team
Coach Aaron Feis Guardian Program

10. Fund Expenditure Details

The following is a schedule of the General Fund's expenditures for the year ended September 30, 2019:

Account Description	Law Enforcement	Court Security	Totals
Salary & Benefits	$ 49,267,446	$ 3,317,389	$ 52,584,835
Other Operating	7,449,539	2,779	7,452,318
Capital Outlay	521,288	4,700	525,988
Totals	$ 57,238,273	$ 3,324,868	$ 60,563,141

11. Litigation

The Sheriff is contingently liable with respect to lawsuits and other claims, which might be filed incidental to the ordinary course of operations. In the opinion of management, based on the advice of legal counsel, there are no lawsuits or claims outstanding which will have a material adverse effect on the financial position of the Sheriff's Office.

12. Commitments and Contingencies

The Sheriff receives financial assistance from federal and state agencies primarily in the form of operating grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by grantor agencies. Disallowed claims, if any, resulting from such audits, may become liabilities of the Sheriff.

13. Subsequent events

The Sheriff has evaluated events and transactions that occurred between September 30, 2019 and December 11, 2019, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The Sheriff's Office operates under budget procedures pursuant to Florida Statutes. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. The budget for the Sheriff's general fund is a "legally adopted" budget, whereas the budget for the Sheriff's Programs Fund is prepared and used solely as an internal management tool and is not considered "legally adopted." The legal level of budgetary control is at the fund level.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable David Morgan, Sheriff
Escambia County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements (hereinafter referred to as "financial statements") of each major fund and the aggregate remaining fund information of the Office of the Sheriff of Escambia County, Florida (hereinafter referred to as "Sheriff"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements, and have issued our report thereon dated December 11, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable David Morgan, Sheriff
Escambia County, Florida

We have examined the Office of the Sheriff of Escambia County, Florida's (hereinafter referred to as "Sheriff") compliance with Florida Statute 218.415 in regards to investments for the year ended September 30, 2019. Management is responsible for the Sheriff's compliance with those requirements. Our responsibility is to express an opinion on the Sheriff's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Sheriff complied, in all material respects, with the specified requirements. An examination involves performing procedures to obtain evidence about whether the Sheriff complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

MANAGEMENT LETTER

Honorable David Morgan, Sheriff
Escambia County, Florida

Report on the Financial Statements
We have audited the financial statements ("financial statements") of each major fund and the aggregate remaining fund information of the Office of the Sheriff of Escambia County, Florida (hereinafter referred to as "Sheriff"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated December 11, 2019.

Auditors' Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550 Rules of the Florida Auditor General.

Other Report Requirements
We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated December 11, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial report.

Financial Management
Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters
Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Sheriff, and the Escambia County Board of County Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable David Stafford
Escambia County, Florida Supervisor of Elections

Report on the Financial Statements
We have audited the accompanying financial statements of the general fund and the grant fund of the Escambia County, Florida Supervisor of Elections, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund and the grant fund of the Supervisor of Elections as of September 30, 2019, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund and grant fund attributable solely to the operations of the Supervisor of Elections.

Emphasis of Matter – Continued

They do not purport to and do not present fairly the financial position of Escambia County, Florida, as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedules and related notes, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Supervisor of Elections' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters included under the heading, *"Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards."* The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control over financial reporting and compliance.

ESCAMBIA COUNTY, FLORIDA
SUPERVISOR OF ELECTIONS

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The following is a summary of the significant principles and policies used in the preparation of these financial statements.

A. Reporting entity

The Escambia County, Florida Supervisor of Elections is an elected constitutional officer, as provided by Article VIII, Section 1 (d) of the Constitution of the State of Florida. The Supervisor of Elections' budget is submitted to the Escambia County Board of County Commissioners (the Board) for approval. The Board appropriates and provides funding necessary to operate the Supervisor of Elections' office.

For financial reporting purposes, the Supervisor of Elections is deemed to be a part of the primary government of Escambia County, Florida (the County) and therefore, is included as such in the Escambia County, Florida, Comprehensive Annual Financial Report.

B. Basis of presentation – fund financial statements

These financial statements have been prepared for the purpose of complying with *Rules of the Auditor General, State of Florida*, which require presentation of *fund level* only financial statements and permit omission of entity-wide full accrual financial statements and management's discussion and analysis. Therefore, these financial statements are intended to present only the financial position and changes in financial position of that portion of Escambia County, Florida, that relate to transactions of the Supervisor of Elections and are not intended to present the financial position and changes in financial position of Escambia County, Florida, taken as a whole.

The Supervisor of Elections' financial records and accounts are maintained in accordance with the principles of "fund accounting," whereby resources are classified for accounting and reporting purposes into funds to insure compliance with any special restrictions or limitations on the use of such resources. The Supervisor of Elections maintains two governmental funds as follows:

General Fund - Accounts for all financial resources except those required to be accounted for in other funds.

Grant Fund - Accounts for activities of various federal and state grants.

C. Basis of accounting and measurement focus

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and also refers to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when received in cash or when they become both measurable and available to finance expenditures of the current period. The Supervisor of Elections considers receivables collected within 60 days after year end to be available and recognizes them as revenues of the current year. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Compensated absences are paid from the general fund. Capital asset acquisitions are recorded as expenditures in the governmental funds.

1. Summary of Significant Accounting Policies (Continued)

C. Basis of accounting and measurement focus (Continued)

The accounting and financial reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or “financial flow" measurement focus. This means that generally, only current assets, deferred outflows, current liabilities and deferred inflows are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

D. Funding from the Board of County Commissioners

Appropriations from the Board are recorded as “transfers in” on the Statement of Revenues, Expenditures and Changes in Fund Balance.

In accordance with Florida Statutes, the general fund’s excess of revenues and transfers in over expenditures and interfund transfers out is returned to the Board at year end and is reported as a “transfer out” on the Statement of Revenues, Expenditures and Changes in Fund Balance. This amount was zero for the year.

E. Fund balance and flow assumptions

Fund balances are classified either as non-spendable or as restricted, committed, assigned, and unassigned, based on the extent to which there are external and internal constraints on the spending. Fund balance at September 30, 2019, consists of the following:

Non-spendable fund balances include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. As of September 30, 2019, the Supervisor of Elections had no non-spendable fund balance.

Remaining fund balances are classified as following, depending upon the Supervisor of Elections ability to control the spending of these balances:

Restricted fund balances can only be used for specific purposes, which are externally imposed by creditors, grantors, contributors or laws or regulations or are imposed by law through constitutional provisions or enabling legislation. As of September 30, 2019, the Supervisor of Elections had no restricted fund balances.

Committed fund balances can only be used for specific purposes imposed internally by the Supervisor of Elections’ formal action of highest level of decision making authority. As of September 30, 2019, the Supervisor of Elections had no committed fund balances.

Assigned fund balances are fund balances intended to be used for specific purposes, but which do not meet the more formal criterion to be considered either restricted or committed. As of September 30, 2019, the Supervisor of Elections had no assigned fund balances.

Unassigned fund balances represent the residual positive fund balance within the General Fund, which has not been assigned to other funds and has not been restricted, committed, or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances. As of September 30, 2019, the Supervisor of Elections had no unassigned fund balances because all excess revenues within the General Fund are required to be remitted to the Board and there were no negative residual balances in the special revenue fund.

1. Summary of Significant Accounting Policies (Continued)

E. Fund balance and flow assumptions (Continued)

Periodically, the Supervisor of Elections will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Supervisor of Elections' policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance.

Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

F. Capital assets

Capital assets (vehicles, equipment and other property costing at least $1,000 with a useful life of more than one year) are recorded as expenditures at the time of purchase. These assets are capitalized at cost and depreciated in Escambia County's government-wide financial statements.

G. Accumulated compensated absences

Employees may accumulate, subject to limitations, amounts of earned, but unused paid time off, which will be paid upon separation from service. The amount of vested accumulated compensated absences payable based upon the Supervisor of Elections' paid-time-off (PTO) policy is reported as a liability in the statement of net position in the County's basic financial statements. That liability includes earned, but unused PTO, as well as FICA taxes and retirement contributions related thereto. Compensated absences are paid from the General Fund.

2. Cash deposits with financial institutions

The Supervisor of Elections does not maintain a separate cash account. The Escambia County Clerk of the Circuit Court and Comptroller, serving as the accountant for the Supervisor of Elections, records all cash activity using a pooled cash account of the Board of County Commissioners. The "due from" reflected on the Supervisor of Elections' balance sheet represents the amount of cash held by the Board on behalf of the Supervisor of Elections.

The Board manages custodial credit risk by maintaining its deposits in financial institutions designated as "Qualified Public Depositories" by the State Treasurer. All deposits were fully insured through a combination of Federal depository insurance and participation of the financial institution in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. Accordingly, risk of loss due to bank failure is not significant.

3. Due to/from other governments

At September 30, 2019, the amounts due to other governmental units totaled $716 and was payable to the Board. The due from other governmental units totaled $96,243 and was receivable from the Board.

4. Retirement plan

Plan Description — The Supervisor of Elections participates in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. The FRS was established in 1970 by Chapter 121, Florida Statutes. Changes to the FRS can only be made by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The State of Florida issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for FRS. The report maybe be obtained on the division's website at http://www.dms.myflorida.com. The report may also be obtained by contacting the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, FL 32315-9000.

Employees elect participation in either the defined benefit plan (Pension Plan), a multiple-employer cost – sharing defined benefit retirement plan or the defined contribution plan (Investment Plan). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university community college or a participating city or special district within the State of Florida.

The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members' highest five or eight fiscal years of earnings, depending upon enrollment date. A post-employment health insurance subsidy is also provided to eligible retired members through the FRS in accordance with Florida Statutes.

For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with six or more years of service or to those employees who have at least 30 years of creditable service, regardless of age.

For employees who were enrolled in the plan after July 1, 2011, normal retirement benefits are available at age 65 with eight or more years of service or to those employees who have at least 33 years of creditable service, regardless of age.

Members in the Investment Plan decide how their funds are allocated between various investment accounts and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program.

4. Retirement plan (Continued)

The contribution requirements of the Supervisor of Elections and members are established and may be amended by FRS. Both plans are contributory for employees and require a 3% employee contribution. This is in addition to the contributions that are the obligation of the employer. The Supervisor of Election's contributions to FRS for the years ended September 30, 2019, 2018 and 2017 were $126,918, $120,165 and $110,263, respectively, equal to the required contributions for each year.

The contribution rates in effect during the period ended September 30, 2019, 2018 and 2017 were as follows:

	2019	2018	2017
Regular Class: Members not qualifying for other classes.	8.47%	8.26%	7.92%
Senior Management Class: Members of senior management who do not elect the optional annuity retirement program.	25.41%	24.06%	22.71%
Elected Officials Class: Certain elected county officials.	48.82%	48.70%	45.50%
Deferred Retirement Option Program (DROP): Members are enrolled in DROP from FRS	14.60%	14.03%	13.26%

Net Pension Obligation-Proportionate Share

The Supervisor of Elections has a net FRS pension liability determined in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions.* This long-term liability is only reported in the county-wide financial statements and is not a current liability of the governmental funds. All required disclosures and schedules may be found in the comprehensive annual financial report of Escambia County, Florida.

5. Other postemployment (OPEB) benefits, other than pensions

The Board offers post-employment health care benefits (OPEB) to all retired employees of the Supervisor of Elections' Office and their dependents. Participating retirees are required to reimburse the Board for 100% of the premium cost, which is netted against the premium payment, so that no net expense is initially recorded in the Board's financial statements. However, these retirees are receiving an "implicit subsidy" because the premium is a group rate, which includes active, lower cost employees. This implicit subsidy has a cost; however, this annual cost and the total OPEB liability is measured as the portion of the actuarial present value of the projected benefit payments that is attributed to past periods of employee service. The total OPEB liability and other required disclosures have been calculated for the County as a whole and not separately for the Supervisor of Elections' Office. Accordingly, these calculations and disclosures can be found in the County's comprehensive annual financial report.

6. Risk management

The County has a risk management program to insure claims against the Board, Constitutional Officers and Santa Rosa Island Authority for the following types of risks:

Workers Compensation – The County is covered for workers' compensation claims through a policy with the Florida Municipal Insurance Trust. Coverage limits under the policy include statutory limits, as well as $1,000,000 bodily injury for each accident and $1,000,000 bodily injury by disease for each employee with an aggregate $1,000,000 policy limit.

Casualty and Property – Casualty limits are self-insured for $200,000 per claim with a $300,000 aggregate limit. Property limits are $50,000 – $250,000 self-insured retentions per occurrence with excess limits of $45 million including wind.

The Supervisor of Elections participated in the County's insurance program during fiscal year 2019 at a cost of $2,190. There also were no significant reductions in insurance coverage from the prior year, and there have been no settlements, which exceeded the Supervisor of Elections' insurance coverage, in any of the past three fiscal years.

7. Commitments and contingencies

The Supervisor of Elections receives federal and state financial assistance primarily in the form of capital and operating grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by grantor agencies. Disallowed costs, if any, resulting from such audits, may become liabilities of the Supervisor of Elections. However, in the opinion of management, disallowed costs, if any, will not have a material effect on the financial statements.

8. Subsequent events

The Supervisor of Elections has evaluated events and transactions for potential recognition or disclosure in the financial statements through December 16, 2019, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable David Stafford
Supervisor of Elections Escambia County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements (hereinafter referred to as "financial statements") of the general fund and the grant fund of the Supervisor of Elections of Escambia County, Florida (hereinafter referred to as "Supervisor of Elections"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements, and have issued our report thereon dated December 16, 2019.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the Supervisor of Elections' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor of Elections' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the Supervisor of Elections' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable David Stafford
Supervisor of Elections Escambia County, Florida

We have examined the Office of the Supervisor of Elections of Escambia County, Florida's (hereinafter referred to as the "Supervisor of Elections") compliance with Florida Statute 218.415, in regards to investments for the year ended September 30, 2019.

Management is responsible for the Supervisor of Elections' compliance with those requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Supervisor of Elections complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Supervisor of Elections complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Supervisor of Elections' compliance with specified requirements.

In our opinion, the Supervisor of Elections complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

MANAGEMENT LETTER

Honorable David Stafford
Supervisor of Elections of Escambia County

Report on the Financial Statements
We have audited the financial statements of the general fund and the grant fund of the Office of the Supervisor of Elections of Escambia County, Florida (hereinafter referred to as the "Supervisor of Elections"), as of and for the year ended September 30, 2019, and the related notes to the financial statements and have issued our report thereon dated December 16, 2019.

Auditors' Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550 *Rules of the Florida Auditor General.*

Other Reporting Requirements
We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated December 16, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No recommendations were made in the preceding annual financial audit report.

Financial Management
Section 10.554(1)(i)2., *Rules of the Auditor General,* requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters
Section 10.554(1)(i)3., *Rules of the Auditor General,* requires that we address noncompliance with provisions of contracts or grant agreements or abuse that have occurred or are likely to have occurred that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter
Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Supervisor of Elections, Escambia County Board of County Commissioners and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Scott Lunsford
Tax Collector Escambia County, Florida

Report on the Financial Statements
We have audited the accompanying financial statements of the general fund and the aggregate remaining fund information of the Office of the Tax Collector of Escambia County, (hereinafter referred to as "Tax Collector"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund and the aggregate remaining fund information of the Tax Collector as of September 30, 2019, and the respective changes in financial position, where applicable, thereof and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and the aggregate remaining fund information, only for the portion of the major funds, and the aggregate remaining fund information, of Escambia County, Florida that are attributable to the Tax Collector.

They do not purport to and do not present fairly the financial position of Escambia County, Florida, as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule and related notes, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Tax Collector's financial statements. The combining statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of these financial statements. The combining statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements are fairly stated, in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Tax Collector's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters included under the heading *"Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards."* The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control over financial reporting and compliance.

ESCAMBIA COUNTY, FLORIDA
TAX COLLECTOR

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The following is a summary of the significant accounting principles and policies used in the preparation of these financial statements.

A. Reporting entity

The Escambia County, Florida Tax Collector (Tax Collector) is an elected constitutional officer as provided by Article VIII, Section 1 (d) of the Constitution of the State of Florida. The Tax Collector's budget is approved by the Florida Department of Revenue and submitted to the Escambia County Board of County Commissioners (the Board). The Board pays a monthly fee to the Tax Collector for collection of property taxes based on a statutory formula. The remainder of the budget is funded by fees earned for providing services for other governmental agencies.

For financial reporting purposes, the Tax Collector is deemed to be a part of the primary government of Escambia County, Florida (the County) and therefore, is included as such in the Escambia County, Florida, Comprehensive Annual Financial Report.

B. Basis of presentation – fund financial statements

These financial statements have been prepared for the purpose of complying with *Rules of the Auditor General, State of Florida*, which require presentation of *fund level* only financial statements and permit omission of entity-wide full accrual financial statements and management's discussion and analysis. Therefore, these financial statements are intended to present only the financial position and changes in financial position of that portion of Escambia County, Florida, that relate to transactions of the Tax Collector and are not intended to present the financial position and changes in financial position of Escambia County, Florida, taken as a whole.

The Tax Collector's financial records and accounts are maintained in accordance with the principles of "fund accounting," whereby resources are classified for accounting and reporting purposes into funds to insure compliance with any special restrictions or limitations on the use of such resources. The Tax Collector's funds are defined as follows:

Governmental Funds:

The G*eneral Fund* is the general operating fund of the Tax Collector. It is used to account for all financial resources except those required to be accounted for in other funds.

Fiduciary Funds:

The *agency funds* are used to account for assets held for individuals, private organizations or other governments and consist primarily of taxes and fees collected, but not distributed to other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of the results of operations.

Fund balances are classified either as non-spendable or as restricted, committed, assigned and unassigned, based on the extent to which there are external and internal constraints on the spending.

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

C. Measurement focus and basis of accounting

The general fund is accounted for using the *current resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they become susceptible to accrual—that is when they are both measurable and available to finance expenditures of the current period. The Tax Collector considers receivables collected within 60 days after year-end to be available and recognizes them as revenues of the current year. Expenditures generally are recorded when the related fund liability is incurred. However, expenditures for compensated absences are recognized when payments are made to employees.

Fiduciary fund financial statements are reported using the accrual basis of accounting.

D. Funding from Board of County Commissioners

Commissions from the Board are recorded as “transfers in” on the Statement of Revenues, Expenditures and Changes in Fund Balance.

In accordance with Florida Statutes, the General Fund’s excess of revenues and transfers over expenditures is returned to the Board at year end and is reported as a “transfer out” on the Statement of Revenues, Expenditures and Changes in Fund Balance.

E. Capital Assets

Capital assets (vehicles, equipment and other property costing at least $1,000 with a useful life of more than one year) are recorded as expenditures at the time of purchase. These assets are capitalized at cost and depreciated in Escambia County’s government-wide financial statements.

F. Accumulated Compensated Absences

Employees may accumulate, subject to limitations, amounts of earned, but unused paid time off, which will be paid upon separation from service. The amount of vested accumulated compensated absences payable is reported as a liability in the statement of net position in the County’s basic financial statements. That liability includes earned, but unused paid time off, as well as FICA taxes and retirement contributions related thereto.

2. Deposits and Investments

The investment of surplus funds is governed by the provisions of Florida Statute 218.415 as to the type of investments that can be made. Deposits may be exposed to custodial credit risk, which is the risk of loss in the event of a bank failure.

The Tax Collector manages custodial credit risk by maintaining its deposits in a financial institution designated as “Qualified Public Depository” by the State Treasurer.

2. Deposits and Investments (Continued)

All deposits were fully insured through a combination of federal depository insurance and participation of the financial institution in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes. Accordingly, risk of loss due to bank failure is not significant.

At September 30, 2019, the reported amount of the Tax Collector's deposits was approximately $6.6 million, and the bank balance was approximately $9.4 million, consisting entirely of deposits in checking and saving accounts.

3. Interfund Receivables, Payables and Transfers

Interfund receivables and payables consist of amounts due to or from funds during the normal course of business. At September 30, 2019, there were no interfund receivables or payables within the Tax Collector's funds. Transfers in consist of $4,634,025 from the Board of County Commissioners, and transfers out (excess budget and fees to the Board) totaled $670,491.

4. Due To/From Other Governments

At September 30, 2019, the due to other governmental units totals $672,156 and primarily is payable to the Board and is comprised mainly of excess fees over expenditures.

5. Retirement Plan

The Tax Collector participates in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. The FRS was established in 1970 by Chapter 121, Florida Statutes. Changes to the FRS can only be made by an act of the Florida Legislature. Rules governing the operation and administration of the system may be found in Chapter 60S of the Florida Administrative Code. The State of Florida issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for FRS. The report maybe be obtained on the division's website at http://www.dms.myflorida.com. The report may also be obtained by contacting the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, FL 32315-9000.

Employees elect participation in either the defined benefit plan (Pension Plan), a multiple-employer cost–sharing defined benefit retirement plan or the defined contribution plan (Investment Plan). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university community college or a participating city or special district within the State of Florida.

5. Retirement Plan (Continued)

The FRS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of the members' highest five or eight fiscal years of earnings, depending upon enrollment date. A post-employment health insurance subsidy is also provided to eligible retired members through the FRS in accordance with Florida Statutes.

For employees who were enrolled in the plan prior to July 1, 2011, normal retirement benefits are available at age 62 with six or more years of service or to those employees who have at least 30 years of creditable service, regardless of age.

For employees who were enrolled in the plan after July 1, 2011, normal retirement benefits are available at age 65 with eight or more years of service or to those employees who have at least 33 years of creditable service, regardless of age.

Early retirement is available for vested members with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement age and years of service requirements also vary depending on membership class.

In addition to the above benefits, the Deferred Retirement Option Program (DROP) is available under the Pension Plan when the member first reaches eligibility for normal retirement. This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate.

For those members who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs at one year of service. The Investment Plan is a defined contribution plan funded monthly by employer and employee contributions based on salary and membership class. Members in the Investment Plan decide how their funds are allocated between various investment accounts, and the vested funds are portable upon termination. The final retirement benefit is equal to the vested contributions plus investment earnings less expenses and losses allocated to the member's account. Members in the Investment Plan are not eligible for participation in the Deferred Retirement Option Program.

The contribution requirements of the Tax Collector and members are established and may be amended by FRS. Both plans are contributory for employees and require a 3% employee contribution. This is in addition to the contributions that are the obligation of the employer. The Tax Collector's contributions to FRS for the years ended September 30, 2019, 2018 and 2017 were $508,102, $471,709, and $432,519, respectively, equal to the required contributions for each year.

5. Retirement Plan (Continued)

The contribution rates in effect during the period ended September 30, 2019, 2018 and 2017 were as follows:

	2019	2018	2017
Regular Class: Members not qualifying for other classes.	8.47%	8.26%	7.92%
Senior Management Class: Members of senior management who do not elect the optional annuity retirement program.	25.41%	24.06%	22.71%
Elected Officials Class: Certain elected county officials.	48.82%	48.70%	45.50%
Deferred Retirement Option Program (DROP): Members are enrolled in DROP from FRS	14.60%	14.03%	13.26%

Net Pension Obligation-Proportionate Share

The Tax Collector has a net FRS pension liability determined in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions. This long-term liability is only reported in the county-wide financial statements and is not a current liability of the governmental funds. All required disclosures and schedules may be found in the comprehensive annual financial report of Escambia County, Florida.

6. Other Post-Employment Benefits (OPEB), Other Than Pensions

The Board offers post-employment health care benefits (OPEB) to all retired employees of the Tax Collector's Office and their dependents. Participating retirees are required to reimburse the Board for 100% of the premium cost, which is netted against the premium payment, so that no net expense is initially recorded in the Board's financial statements. However, these retirees are receiving an "implicit subsidy" because the premium is a group rate, which includes active, lower cost employees. This implicit subsidy has a cost; however, this annual cost, and the total OPEB liability is measured as the portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service. The total OPEB liability and other required disclosures have been calculated for the County as a whole and not separately for the Tax Collector's Office. Accordingly, these calculations and disclosures can be found in the County's comprehensive annual financial report.

7. Risk Management

The County has a risk management program to insure claims against the Board, Constitutional Officers and Santa Rosa Island Authority for the following types of risks:

Workers Compensation – The County is covered for workers' compensation claims through a policy with the Florida Municipal Insurance Trust. Coverage limits under the policy include statutory limits, as well as $1,000,000 bodily injury for each accident and $1,000,000 bodily injury by disease for each employee with an aggregate $1,000,000 policy limit.

Casualty and Property – Casualty limits are self-insured for $200,000 per claim with a $300,000 aggregate limit. Property limits are $50,000 - $250,000 self-insured retentions per occurrence with excess limits of $45 million including wind.

The Tax Collector participated in the County's insurance program during fiscal year 2019 at a cost of $9,656. There also were no significant reductions in insurance coverage from the prior year, and there have been no settlements, which exceeded the Tax Collector's insurance coverage in any of the past three fiscal years.

8. Commitments and Contingencies

Operating leases

The Tax Collector is committed to operating leases for office space with non-cancellable terms in excess of one year. Future minimum lease payments are as follows:

Year	Amount
2020	$ 278,652
2021	202,500
2022	50,625
	$ 531,777

Rent expense for the year ended September 30, 2019 was $317,698.

9. Litigation

The Tax Collector is contingently liable with respect to lawsuits and other claims, which might be filed incidental to the ordinary course of operations. In the opinion of management, based on the advice of legal counsel, there are no lawsuits or claims outstanding, which will have a material adverse effect on the financial position of the Tax Collector's Office.

TAX COLLECTOR

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The Tax Collector's Office operates under budget procedures pursuant to Florida Statutes. An annual budget is adopted for the general fund on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is at the fund level.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Scott Lunsford
Tax Collector Escambia County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements (hereinafter referred to as "financial statements") of the general fund and aggregate remaining fund information of the Tax Collector of Escambia County, Florida (hereinafter referred to as "Tax Collector"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements, and have issued our report thereon dated December 5, 2019.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the Tax Collector's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable Scott Lunsford
Escambia County Tax Collector

We have examined the Office of the Tax Collector of Escambia County, Florida's (hereinafter referred to as "Tax Collector") compliance with Florida Statute 218.415 in regards to investments for the year ended September 30, 2019. Management is responsible for the Tax Collector's compliance with those requirements. Our responsibility is to express an opinion on the Tax Collector's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Tax Collector complied, in all material respects, with the specified requirements. An examination involves performing procedures to obtain evidence about whether the Tax Collector complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

In our opinion, the Tax Collector complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

MANAGEMENT LETTER

Honorable Scott Lunsford
Tax Collector Escambia County, Florida

Report on the Financial Statements
We have audited the financial statements (hereinafter referred to as "financial statements") of the general fund and the aggregate remaining fund information of the Office of the Tax Collector of Escambia County, Florida (hereinafter referred to as "Tax Collector"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated December 5, 2019.

Auditors' Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550 *Rules of the Florida Auditor General.*

Other Reporting Requirements
We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Accountant's Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated December 5, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Financial Management
Section 10.554(1)(i)2, *Rules of the Auditor General,* requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters
Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Tax Collector, the Escambia County Board of County Commissioners and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Recommendation Concerning Uncollectible Bad Debt Write-Off

That the Board adopt, and authorize the Chairman to sign, the Resolution authorizing the write-off of $1,457.95 of a returned check and account receivable in various funds of the County that have been determined to be uncollectible bad debts.

Attachments

Write-off for February 2020

RESOLUTION R2020-

WHEREAS, certain returned checks and other receivables totaling **$1,457.95** are owed to the various funds of Escambia County for services furnished to the persons named on the list which is attached hereto (Attachment "A") and made a part hereof by reference and have been determined to be uncollectible bad debts.

WHEREAS, diligent efforts have been made to collect the amounts as shown on the attached list and all returned checks which meet the qualifications per State Statute §68.065 have been transferred to the State Attorney's Worthless Check Division.

NOW THEREFORE, it is resolved by the Board of County Commissioners of Escambia County, Florida, that:

These accounts shall be written off as uncollectible bad debts. The above designations have been made solely to enable the Clerk of the Circuit Court and Comptroller to carry out her duties in accordance with generally accepted accounting principles. Escambia County does not waive any rights it may have to collect any of the above-referenced accounts receivable, including but not limited to use of a collection agency under contract to Escambia County.

BE IT FURTHER RESOLVED, that all past efforts to designate these delinquent accounts receivable as bad debts are hereby ratified and approved.

INDEPENDENT AUDITORS' REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of Santa Rosa Island Authority, a component unit of Escambia County, Florida, (hereinafter referred to as "Authority"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority as of September 30, 2019, and the changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

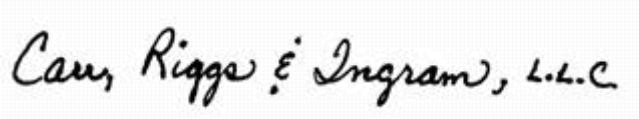
Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net OPEB Liability and Related Ratios, Schedules of Proportionate Share of Net Pension Liability, and Schedules of Contributions, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information



Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The Schedule of Revenues and Expenses – Budget and Actual and Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part

200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a require part of the basic financial statements.

The Schedule of Revenues and Expenses – Budget and Actual, Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill, and the Schedule of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Revenues and Expenses – Budget and Actual, Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 10, 2020, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Cash and cash equivalents - restricted		1,234,106
Cash and cash equivalents, end of year	$	6,556,288

The accompanying notes are an integral part of these financial statements.

NOTE 1: ORGANIZATION

The Santa Rosa Island Authority ("Authority"), exists pursuant to the provisions of Chapter 24500, Laws of Florida, Special Acts of 1947, as amended. The Authority is the governing body of a portion of Santa Rosa Island and consists of five members appointed by the Board of County Commissioners of Escambia County, and one member elected by the leaseholders of Santa Rosa Island. The Authority has been constituted a body corporate and an agency of Escambia County and, accordingly, meets the criteria of a component unit and will be included in the Basic Financial Statements of Escambia County, Florida.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Authority maintains its books and records under the accrual method of accounting. Under this method, revenues are recognized when earned rather than when received, and related expenses are recognized when they are incurred rather than when paid. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority classifies fund equity into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of fund equity consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same fund equity component as the unspent proceeds.

Restricted – This component of fund equity consists of constraints placed on fund equity imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of fund equity consists of fund equity that does not meet the definition of "restricted" or "net investment in capital assets".

The Authority is accounted for as an enterprise fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of providing

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Authority complies with generally accepted accounting principles (GAAP) and applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the Authority are lease fees and related charges. Operating expenses of the Authority include personal services, contractual and professional services, supplies, utilities, advertising and promotion, capital outlay, other expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Restricted Assets

Certain assets of the Authority are restricted for use by agreements with third-parties; therefore, they are not available to be used at management's discretion. These restrictions include assets restricted by outside parties for beach renourishment and certain capital improvements as further discussed in Note 7.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

General Budget Policies

Prior to the beginning of each fiscal year, the Executive Director submits an operating budget to the Authority Board. The budget includes proposed expenses necessary for operation of the Authority and estimated revenues available to finance those expenses. Once approved by the Authority Board, the budget is submitted for approval by the Board of County Commissioners of Escambia County. The legal level of budgetary control is by total expenditures. Any amendments that alter total expenditures must be approved by the Authority Board and the Board of County Commissioners of Escambia County. All appropriations lapse at year end.

The budget is prepared on a basis that differs from generally accepted accounting principles as follows:

A. The budget does not include a provision for depreciation expense or for gain or loss from disposal of capital assets.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. The budget includes a provision for capital outlay, which is not included in the results of operations under generally accepted accounting principles, except for certain non-capital items expensed by the Authority. These non-capital items include dredging, renourishment and improvements to property not owned by the Authority.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents, excluding investments in the Local Government Surplus Funds Trust Fund Investment Pool.

Capital Assets

Capital assets are defined by the Authority as assets with an initial/individual cost of more than $1,000 and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Upon being placed into service, property, plant and equipment of the Authority are depreciated using the straight-line method over the estimated useful lives. Estimated useful lives for financial reporting purposes are as follows: transportation equipment, maintenance equipment, office equipment and miscellaneous: 3 – 10 years; and buildings and shelters: 10 – 40 years.

Compensated Absences

It is the Authority's policy to permit employees to accumulate a limited amount of earned but unused annual leave and, for those employees who have achieved retirement age or are entitled under a negotiated contract, a limited amount of earned but unused sick leave. Accordingly, the Authority records an accrual for earned but unused annual leave and sick leave.

Lease Fees

Lease fees, including consideration fees, are generally recognized as income over the lease term as it becomes due according to the provisions of the lease. Lease fees received but not yet earned according to the provisions of the lease are recorded as deferred revenue. The Authority has agreed to bill certain lease fees quarterly or monthly even though the full amount is due at the beginning of the renewal year. Amounts due from year-end through the lease renewal date are reflected as unbilled receivables on the accompanying Statements of Net Position.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of net position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources,* represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The items that qualify for reporting in this category are the items related to the pension and OPEB amounts reported in the Statements of Net Position. The deferred outflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has three items, deferred revenue, unearned consideration fees, and pension and OPEB amounts, which qualify for reporting in this category. Deferred revenue and unearned consideration fees result from the collection of revenues in advance of the year for which they are due. The deferred inflows of resources related to pension and OPEB amounts result generally from changes between the expected and actual experience of the pension and OPEB plans.

Other Post-Employment Benefits

The Authority utilizes uniform reporting standards for other postemployment benefit (OPEB) expense and related liabilities, note disclosures, and required supplementary information (RSI) in annual financial reports of governmental entities. See Note 11 for a description of the OPEB expenses and liabilities.

NOTE 3: CASH AND INVESTMENTS

The Authority maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public

NOTE 3: CASH AND INVESTMENTS (Continued)

depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all of the Authority's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40*, Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3).*

The Authority is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others direct obligations of the U.S. Treasury; the Local Government Surplus Funds Trust Fund as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

The following is a summary of the Authority's investments:

September 30,	**2019**	**Credit Risk**	**Maturities**
Certificate of deposit	$ 537,788	not rated	03/20/20

In accordance with GAAP*,* the certificate of deposit is considered a nonparticipating interest-earning investment contract and is appropriately reported in the financial statements at cost.

Concentration risk – The Authority places no limit on the amount the Authority may invest in any one issuer.

Interest rate risk –The Authority does not have a formal policy for addressing interest rate risk; however, investments are made with discretion to seek reasonable returns, preserve capital, and in general, avoid speculative investments. The Authority manages its exposure to declines in fair values from interest rate changes by reviewing the portfolio on an ongoing basis for changes in effective yield rates.

Custodial credit risk – For an investment, custodial credit risk is the risk that the Authority will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Authority has no formal policy for custodial risk. None of the investments listed above are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE 4: CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended September 30, 2019:

September 30,	2018	Additions	Transfers and Retirements	2019
Other capital assets:				
Buildings	$ 1,110,272	$ -	$ (45,663)	$ 1,064,609
Other improvements	28,084	10,680	-	38,764
Equipment	236,709	15,870	(4,070)	248,509
Total other capital assets	1,375,065	26,550	(49,733)	1,351,882
Less accumulated depreciation for:				
Buildings	(587,272)	(22,721)	36,440	(573,553)
Other improvements	(9,907)	(3,126)	-	(13,033)
Equipment	(191,144)	(11,596)	2,959	(199,781)
Total other capital assets	(788,323)	(37,443)	39,399	(786,367)
Total capital assets, net	$ 586,742	$ (10,893)	$ (10,334)	$ 565,515

NOTE 5: LONG-TERM LIABILITIES

As described more fully in Note 12, the Authority has borrowed certain amounts from Escambia County. In addition, the Authority has a compensated absence liability for unpaid leave.

Changes in long-term liabilities were as follows:

September 30,	2018	Additions	Reductions	2019	Amount Due Within One Year
Compensated absences	$ 110,780	$ -	$ (38,053)	$ 72,727	$ -
Interagency loan - Escambia County	3,745,000	-	(1,230,000)	2,515,000	1,250,000
	$ 3,855,780	$ -	$ (1,268,053)	$ 2,587,727	$ 1,250,000

NOTE 6: LEASING ACTIVITIES

Substantially all of the Authority's revenue is derived from leasing activities. The Authority leases the land of Santa Rosa Island to residents and businesses on the Island but does not convey ownership.

The Authority's policy is to report all leases as operating leases since the land of the island is not recorded as an asset on the financial statements and the leases do not meet the criteria of a capital lease.

Most residential and many commercial leases are for a period of 99 years. Many of these 99-year leases have options to renew for another 99-year term. Some leases, particularly those for restaurants and concessions, are generally for a shorter period. Each lease provides that any construction on the premises must be performed within an established length of time, and detailed plans and specifications must be approved by the Authority before a building permit is issued. Failure to pay any rentals due or failure to comply with any other covenants of the lease constitutes a violation under the terms of the lease and the Authority may repossess the land and the improvements after required notice if the lessee fails to correct the default.

The following is a schedule of estimated future minimum rentals to be received under these leases for the periods ending September 30. In addition, certain leases have a provision that allows for an increase in minimum lease fees every five years in proportion to the consumer price index (CPI). During fiscal year 2010, the Board approved a CPI percentage increase of 6.5% for leases with an escalation clause. However, an effective date for the increase has not been established.

2020	$ 1,852,371
2021	1,852,371
2022	1,852,371
2023	1,852,371
2024	1,852,371

The following is a schedule of the number of residential and commercial leaseholders as of:

September 30,	2019
Residential	3,942
Commerical	221

NOTE 7: RESTRICTED NET POSITION

Restricted net position is comprised of two primary components: Portofino island improvement funds and certain claim proceeds related to the BP oil spill. The Portofino restricted funds are derived from a portion of the Portofino lease and must be used for future Island improvements. As of September 30, 2019, the restricted Portofino funds equal $882,328.

The Authority also considers certain funds received from BP relating to the Deepwater Horizon Oil Spill as restricted for the restoration of the Quietwater Beach area. These amounts total $278,248 at September 30, 2019.

The Authority also has certain funds set aside for maintaining Sabine Park and paying mitigation expenses. The other restricted balances totaled $73,530 at September 30, 2019.

In addition to restricted net position, the Authority has also designated certain unrestricted net asset amounts for future contingencies and beach renourishment. These amounts total $3,296,418 as of September 30, 2019, and are included in Unrestricted net position on the accompanying Statement of Net Position.

NOTE 8: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority has established a self-insurance program to cover its risk of loss related to general liability claims and natural disasters. As of September 30, 2019, the Authority has set aside $1,121,089 in contingency funds to cover any claims that may be filed or other emergencies for which cash flow, particularly in off-seasons, might not be sufficient to cover. This amount is included in the designated net position amount identified in Note 7.

The sovereign immunity limits of the State of Florida restrict general liability claims to $100,000. General liability claims above $100,000 would have to be approved by the State Legislature. The Authority participates in the Escambia County self-insurance program to cover its risks of loss related to workers' compensation claims. The Authority pays an annual premium to the program for its coverage. Details of this self-insurance program can be found in the Escambia County, Florida Comprehensive Annual Financial Report. The Authority continues to carry commercial insurance for risks of loss, including property insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9: FEDERAL AND STATE GRANT PROJECTS

The Authority has entered into various grant agreements with the Federal Emergency Management Agency to fund the elevation of certain properties on Santa Rosa Island. The total of the award agreements approximates $3.2 million. During 2019, the Authority incurred approximately $1.8 million of expenses related to this program.

The Authority has been awarded grant funds from the State of Florida for beach re-nourishment and restoration and preservation projects as well as for projects and enhancements benefiting Santa Rosa Island. The maximum amount to be received under the two grants is $125,000. The grants require a match of $125,000. During 2019, the Authority incurred approximately $104,000 of expenses related to this program.

Revenue recognized under these federal and state grants totaled $1,747,779 for the year ended September 30, 2019.

NOTE 10: PENSION PLAN

Essentially all regular employees of the Authority are covered by the Florida Retirement System Pension Plan and Retiree Health Insurance Subsidy Program.

Plan Descriptions, Membership and Plan Benefits, and Contribution Requirements

Plan Descriptions

The Florida Retirement System (FRS) is a cost-sharing, multiple-employer retirement system. The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan, and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan (INV). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS, HIS, and INV are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

NOTE 10: PENSION PLAN (Continued)

The FRS, HIS, and INV financial information is included in the Florida Retirement System (System) Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report (CAFR). The System CAFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The System CAFR and actuarial reports may also be obtained by contacting the Division of Retirement by mail or phone at:

Division of Management Services
Division of Retirement
Bureau of Research and Member Contributions
P.O. Box 9000
Tallahassee, FL 32315-9000
850-907-6500 or toll-free 844-377-1888

Membership and Plan Benefits - FRS

The FRS has several classes of membership applicable to the Authority, including regular class, senior management and DROP. Employees enrolled in the FRS prior to July 1, 2011, vest at six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service and are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS also includes an early retirement provision, but imposes a penalty for each year a member retires before the normal retirement date. Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to

NOTE 10: PENSION PLAN (Continued)

participate, except certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS plan. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by $5. The minimum payment is $30 and the maximum payment is $150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

Contribution Requirements

Employer contributions rates are actuarially recommended but set, and may be amended, by the Florida Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

	Employee Required Contribution	Employer Required Contribution	Total Required Contribution
Regular employees:			
July 1, 2018 through June 30, 2019	3.00%	8.26%	11.26%
July 1, 2019 through September 30, 2019	3.00%	8.47%	11.47%
Employees in the Deferred Retirement Option Program (DROP):			
July 1, 2018 through June 30, 2019	n/a	14.03%	14.03%
July 1, 2019 through September 30, 2019	n/a	14.60%	14.60%
Senior Management Service Class (SMSC):			
July 1, 2018 through June 30, 2019	3.00%	24.06%	27.06%
July 1, 2019 through September 30, 2019	3.00%	25.41%	28.41%

NOTE 10: PENSION PLAN (Continued)

Employer rates include 1.66 percent for the HIS program. In addition, regular employees are required to contribute an amount equal to 3% of their salary as retirement contributions. Members participating in the DROP are not required to make 3 percent contributions. The Authority's contributions to the Plan totaled $70,162 for the year ended September 30, 2019.

FRS and HIS Significant Assumptions and Rate of Return

Basis of Accounting

Information about the FRS and HIS assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position can be found in the System CAFR. The System CAFR is available online or can be obtained as mentioned previously The FRS and HIS fiduciary net position and additions to/deductions from the fiduciary net position have been determined based on the System's records, which utilize the flow of economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refund of employee contributions) are recognized when due and payable. Investments are reported at fair value. Contributions are recognized as revenue when due, pursuant to statutory and contractual requirements. There have been no significant changes since the publication of the System CAFR.

Actuarial Methods and Assumptions

Actuarial assumptions for both the FRS and HIS are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually and the HIS has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS was completed in 2019 for the period July 1, 2013 through June 30, 2018. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed.

The total pension liability for the FRS and HIS was determined by an actuarial valuation as of July 1, 2019, using the individual entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.6 percent. Payroll growth for both plans is assumed at 3.25 percent. Mortality assumptions for the FRS Pension Plan were based on the PUB-2010 base table, projected generationally with Scale MP-2018, and mortality assumptions for the HIS program were based on the Generational RP-2000 with projection scale BB tables. Both the discount rate and long-term expected rate of return used for FRS investments is 6.9 percent, a decrease from 7 percent in the prior year. The FRS fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees; therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.5 percent was used to determine its total pension liability.

NOTE 10: PENSION PLAN (Continued)

In October 2018, the Actuarial Assumptions Conference adopted the Bond Buyer General Obligation 20-Bond Municipal Bond Index as the applicable municipal bond index. As of June 30, 2019, the municipal rate used by HIS decreased from 3.87 percent to 3.5 percent.

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2019 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets assumption team and Aon Hewitt Investment Consulting. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.00%	3.3%
Fixed Income	18.00%	4.1%
Global Equity	54.00%	8.0%
Real Estate (Property)	10.00%	6.7%
Private Equity	11.00%	11.2%
Strategic Investments	6.00%	5.9%
Total	100.00%	

The HIS is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan, or assumed asset allocation.

District's Share of Net Pension Liability

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS net pension liability (NPL), deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2019. The underlying financial information used to prepare the pension allocation schedules is based on the same basis as mentioned previously.

NOTE 10: PENSION PLAN (Continued)

At September 30, 2019, the Authority reported a liability of $883,227 for its proportionate share of the net pension liability of the FRS and HIS. The net pension liability was measured as of June 30, 2019, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019.

The Authority's proportionate share was calculated using the retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2019. The aggregate employer contribution amounts for the fiscal year ended June 30, 2019, in the pension allocation schedules agree to the total employer contribution amounts reported in the System CAFR.

For the year ended September 30, 2019, the Authority recognized pension expense (recovery) of $119,749 related to the FRS and $(24,159) related to the HIS. At September 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

September 30, 2019

	FRS		HIS	
Description	**Def Outflows**	**Def Inflows**	**Def Outflows**	**Def Inflows**
Differences between expected and actual experience	$ 38,647	$ 404	$ 2,814	$ 284
Changes of assumptions	167,355	-	26,819	18,932
Net difference between projected and actual investment earnings	-	36,049	149	-
Changes in proportion	23,366	180,883	4,588	164,995
Authority contributions subsequent to the measurement date	12,572	-	2,482	-
Total	$ 241,940	$ 217,336	$ 36,852	$ 184,211

Deferred outflows of resources of $15,054 are reported by the Authority for employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Deferred outflows of resources of $14,754 for the year ended September 30, 2018, were recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019.

NOTE 10: PENSION PLAN (Continued)

Other amounts reported as deferred outflows of resources and inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ending September 30,	FRS	HIS	Net
2020	$ 19,804	$ 50,748	$ (39,153)
2021	(43,618)	(42,534)	(41,629)
2022	7,396	(44,166)	(43,292)
2023	27,284	(46,667)	(22,825)
2024	10,286	(45,006)	(2,759)
Thereafter	2,912	(19,735)	2,299

The following table presents information on the Authority's proportionate share of the FRS and HIS.

	FRS	HIS	Total
Proportionate Share of Net Pension:			
June 30, 2019	$ 651,585	$ 231,642	$ 883,227
Authority's proportion at June 30, 2019	0.001892%	0.002070%	

Discount Rate Sensitivity Analysis

The following tables demonstrate the sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact if the discount rate was 1 percent higher or 1 percent lower than the current discount rate at September 30, 2019.

FRS Net Pension Liability			HIS Net Pension Liability		
	Current			Current	
1% Decrease	Discount Rate	1% Increase	1% Decrease	Discount Rate	1% Increase
5.90%	6.90%	7.90%	2.50%	3.50%	4.50%
$ 1,126,373	$ 651,585	$ 255,056	$ 264,431	$ 231,642	$ 204,332

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS

Plan Description: The Authority participates in the benefit plans and programs of Escambia County, Florida (the "County"). Pursuant to Section 112.0801 Florida Statutes, the Authority is required to provide eligible retirees (as defined in the County's pension plans) the opportunity to participate in this Plan at the same cost that is applicable to active employees. Eligible retirees must be drawing an immediate benefit from their respective pension plan and be enrolled in medical coverage prior to retirement. Surviving spouses of participants are allowed access to the Plan but must pay the full premium. Benefit provisions for the Plan were established by the County's Board of Directors and may only be amended by the County's Board of Directors. The County does not issue stand-alone financial statements for this Plan. All financial information related to the Plan is accounted for in the County's basic financial statements.

Funding Policy: The Authority is funding the post employee benefits on a pay-as-you-go basis. Contribution rates for the Plan are established by the County annually. For the fiscal year ended September 30, 2019, the Authority contributed $7,315. Blended premium rates for active and retired employees combined provide an implicit subsidy for retirees because on actual basis, their current and future claims are expected to result in higher costs to the Plan than those of active employees. The current year contribution represents an estimate of this implied subsidy.

Plan Membership: At October 1, 2019, OPEB membership consisted of the following:

	SRIA
Inactive members currently receiving benefits	7
Active members	13
Total	20

The Authority's covered payroll constituted approximately 0.73%, for the year ended September 30, 2019 of the total payroll costs for all entities included in the actuarial calculation. Accordingly, the County has allocated approximately 0.73% of the actuarially calculated amounts to the Authority in fiscal year 2019.

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (Continued)

Actuarial Assumptions and Other Inputs: The total OPEB liability in the September 30, 2019 actuarial assumptions and other inputs, applied to all period in the measurement, unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.70 percent to 7.80 percent, including inflation
Discount rate	3.83 percent
Health care cost trend rates	7.00 percent using the Getzen Model

The discount rate was based on an index rate for 20 year tax-exempt general obligation municipal bonds with an average AA credit rating or higher.

Mortality rates were based on the RP 2000 Healthy Annuitant Mortality Table for Males and Females as appropriate, fully generational with adjustments for mortality improvements based on Scale BB. RP 2000 Disabled Annuitant Combined Healthy Mortality Table set forward 3 years, with no projected improvement. The actuarial assumptions used in the September 30, 2019 valuation were based on the results of an actuarial experience study performed as of September 30, 2017.

At September 30, 2019, the Authority reported a net OPEB liability of $115,222. The GASB 75 information has been provided as of the September 30, 2017 measurement date. The change in net OPEB liability for the year ended September 30, 2019 is as follows:

	Increase (Decrease) Net OPEB Liability
Balance as of September 30, 2018	$ 114,132
Changes for the year:	
Service cost	4,907
Interest	3,195
Changes in assumptions	(2,654)
Benefit payments	(4,358)
Net Change in OPEB	1,090
Balance as of September 30, 2019	$ 115,222

NOTE 11: OTHER POSTEMPLOYMENT BENEFITS (Continued)

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50% as of September 30, 2018 to 3.83% as of September 30, 2019. The methods, assumptions, and participant data used are detailed in the actuarial valuation report dated September 25, 2018. These calculations are based in the Entry Age Normal cost method required by GASB 75.

Sensitivity of the Net OPEB Liability: The following table represents the Authority's total and net OPEB liability calculated using the discount rate of 3.83%, as well as what the Authority's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.83%) or one percentage point higher (4.83%) than the current rate:

	1% Decrease (2.83%)	Discount Rate (3.83%)	1% Increase (4.83%)
Net OPEB liability	$ 126,002	$ 115,222	$ 105,619

The following table represents the Authority's total and net OPEB liability calculated using the health care cost trend rate of 7% decreasing to 4.24%, as well as what the Authority's net OPEB liability would be if it were calculated using a health care cost trend rate that is one percentage point lower (6% decreasing to 3.24%) or one percentage point higher than the current rate:

	1% Decrease (6.00% decreasing to 3.24%)	Healthcare Cost Trend Rate (7.00% decreasing to 4.24%)	1% Increase (8.00% decreasing to 5.24%)
Net OPEB liability	$ 106,790	$ 115,222	$ 125,226

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended September 30, 2019, the Authority recognized OPEB expense of $7,315.

NOTE 11: OTHER POSTEMPLOYMENT BENEFITS (Continued)

In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions and other inputs	$ -	$ 4,678
Estimated benefits paid after the measurement date	4,626	-
Total	$ 4,626	$ 4,678

The deferred outflows of resources related to OPEB, totaling $4,626 resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the fiscal year ending September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in the expense as follows:

Fiscal Year Ending September 30,	
2020	$ (786)
2021	(786)
2022	(786)
2023	(786)
2024	(786)
Thereafter	(748)

NOTE 12: RELATED PARTY TRANSACTIONS

The Authority reimburses Escambia County for Pensacola Beach trolley services, which totaled $187,251 for the year ended September 30, 2019. In addition, the Authority pays Escambia County for its employees' workers' compensation insurance and health and life insurance. During the year ended September 30, 2019, the Authority expended $1,709 for workers' compensation insurance and $101,707 for health and life insurance. The Authority also reimbursed the County $206,000 for fire and rescue services during the year ended September 30, 2019. Total amounts due to the County at September 30, 2019 equaled $2,063.

NOTE 12: RELATED PARTY TRANSACTIONS (Continued)

In September 2014, the Authority entered into interlocal agreement with Escambia County, whereby the County agreed to loan the Authority $8.5 million for its beach re-nourishment and restoration project. The Authority will repay this loan from any and all available revenues over a seven year period to commence upon the effective date of this agreement. Under the interlocal agreement, the Authority is scheduled to make annual principal and interest payments to the County each year through 2021 as follows:

September 30,	Principal	Interest	Total
2020	$ 1,250,000	$ 34,959	$ 1,284,959
2021	1,265,000	17,583	1,282,583
Total	$ 2,515,000	$ 52,542	$ 2,567,542

NOTE 13: COMMITMENTS AND CONTINGENCIES

Grants Contingencies

The Authority has received federal and state financial assistance for costs related to capital improvements and disaster assistance on Santa Rosa Island. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the Authority. In the opinion of management, any such claims should not have a material adverse effect on the financial statements.

Windstorm

The insurance policy for windstorm coverage includes a deductible amount for named hurricane storms estimated at approximately $44,340. In addition, the Authority's windstorm policy is underwritten by the State of Florida's Citizens Property Insurance Corporation (Citizens). In the event Citizens incurs a deficit that exceeds the amount collected via regular premiums, an emergency assessment may be levied. The Authority may be required to pay substantially more in insurance premiums relating to the year for which the emergency assessment is levied.

Litigation

The Authority is involved in various lawsuits and claims incidental to the normal course of its operations. In the opinion of management, the ultimate liability, if any, resulting from such litigation will not materially affect the financial position or results of operations of the Authority.

NOTE 1: OPEB PLAN

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 11 to the financial statements.

The net OPEB liability amount presented for each fiscal year was determined as of September 30 measurement date prior to the fiscal year-end.

The schedule is intended to present ten years of data. Additional years of data will be presented as they become available.

The Authority has not presented a Schedule of Contributions since an actuarially determined contribution has not been calculated and there is no contractually or statutorily determined contribution applicable to the Authority.

NOTE 2: PENSION PLAN

The actuarial methods and assumptions used to calculate the total pension liability (asset) are described in Note 10 to the financial statements.

The net pension liability amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

The schedules are intended to present ten years of data. Additional years of data will be presented as they become available.

FRS: The long-term expected rate of return was decreased from 7.0% to 6.9%.

HIS: The municipal bond rate used to determine total pension liability was decreased from 3.87% to 3.50%.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Santa Rosa Island Authority
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Santa Rosa Island Authority (hereinafter referred to as the "Authority"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 10, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a deficiency in internal control, IC 2019-001, described in the attached schedule of findings and questioned costs that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Santa Rosa Island Authority's Response to Findings

Santa Rosa Island Authority's response to the findings identified in our audit is described in the attached schedule. Santa Rosa Island Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Santa Rosa Island Authority
Pensacola, Florida

Report on Compliance for Each Major Federal and State Program

We have audited Santa Rosa Island Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have direct and material effect on Santa Rosa Island Authority's major federal program for the year ended September 30, 2019. Santa Rosa Island Authority's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Santa Rosa Island Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Santa Rosa Island Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Santa Rosa Island Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, Santa Rosa Island Authority, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2019.

Report on Internal Control over Compliance

Management of Santa Rosa Island Authority, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Santa Rosa Island Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Santa Rosa Island Authority's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control* over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control* over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Carr, Riggs & Ingram, L.L.C

CARR, RIGGS & INGRAM, LLC

Miramar Beach, Florida
February 10, 2020

Santa Rosa Island Authority
(A Component Unit of Escambia County, Florida)
Schedule of Expenditures of Federal Awards
For the Year Ended September 30, 2019

Year ended September 30, 2019

Grantor/Program Title	CFDA Number	Grant Contract Number	Expenditures
FEDERAL AWARDS:			
US Department of Homeland Security			
Indirect Programs:			
Passed through State of Florida Division of Emergency Management:			
Flood Mitigation Assistance	97.029	FMA2013-021	$ 21,850
Flood Mitigation Assistance	97.029	FMA2015-013	1,195,029
Flood Mitigation Assistance	97.029	FMA2016-010	577,296
Total US Department of Homeland Security			1,794,175
Total Expenditures of Federal Awards			$ 1,794,175

The Authority did not provide any funds to subrecipients for any of its federal programs.

NOTE 1: BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Santa Rosa Island Authority (SRIA) under programs of the federal government for the year ended September 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Santa Rosa Island Authority, it is not intended to and does not present the financial position, changes in net assets or cash flows of Santa Rosa Island Authority.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3: INDIRECT COST RATE

Santa Rosa Island Authority has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4: LOANS

Santa Rosa Island Authority did not expend federal awards related to loans or loan guarantees during the year ended September 30, 2019.

NOTE 5: FEDERALLY FUNDED INSURANCE

Santa Rosa Island Authority has no federally funded insurance.

NOTE 6: NONCASH ASSISTANCE

Santa Rosa Island Authority did not receive any federal noncash assistance during the year ended September 30, 2019.

SECTION I–SUMMARY OF AUDITORS' RESULTS

Financial Statements

Type of auditors' report issued:	Unmodified	
Internal control over financial reporting:		
• Material weakness(es) identified?	_X_ yes	___ no
• Significant deficiency(es) identified?	___ yes	_X_ none noted
Noncompliance material to financial statements noted?	___ yes	_X_ no

Federal Awards

Internal control over major federal programs:		
• Material weakness(es) identified?	___ yes	_X_ no
• Significant deficiency(es) identified?	___ yes	_X_ none noted
Type of auditors' report issued on compliance for major federal programs:	Unmodified	
Any audit findings disclosed that are required to be reported in accordance with 2 CFR Part 200.516(a)?	_X_ yes	___ none noted

Identification of major federal programs:

XX.XXX	Name of Grant
97.029	Flood Mitigation Assistance

The dollar threshold used to distinguish between type A and B programs was $750,000 for major federal programs.

Auditee qualified as a low-risk auditee for federal purposes? ___ yes _X_ no

Findings Related To The Financial Statements That Are Required To Be Reported Under Generally Accepted Government Auditing Standards (GAGAS)

The results of our audit of Santa Rosa Island Authority disclosed a finding required to be reported in accordance with GAGAS. Finding 2019-001 is detailed on page 45.

Findings And Questioned Costs For Major Federal Programs And For Major State Projects

The results of our audit of Santa Rosa Island Authority disclosed no findings required to be reported under the provisions of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Finding IC2019-001: Financial Close Process

Criteria: Rules 10.557(3)(i) and 10.556(3) of the Florida Auditor General, along with other rules and laws, require that the Authority's financial statements be in accordance with the GASB *Codification of Governmental Accounting and Financial Reporting Standards*. The statements should be prepared in accordance with generally accounting principles (GAAP).

Condition: One of the principal methods that a government uses to document accountability for public resources it receives and uses is by the information included in its financial statements. As such, Authority personnel should ensure that the financial information is accurate. In addition, during our audit procedures, while most areas were prepared accurately and correctly, audit adjusting entries were required to correct certain items. These include:

- The balances for grant revenue, deferred revenue and grant receivables were not adjusted to account for current year activity.
- Certain pension and other post-employment benefit liabilities.
- Reversal of retainage accrual.

Cause: The above adjustments occurred mainly as a result of a lack of knowledge regarding complicated accounting pronouncements or simple errors. We were able to identify the necessary adjustments during our audit procedures to ensure the Authority's financial statements and supplementary information were properly reported, and Authority personnel accepted these adjustments. However, our audit procedures cannot substitute for management's responsibility to ensure that the Authority's financial statements are completely accurate.

Effect: The Authority's financial statements could contain inaccuracies.

Recommendation: The Authority should improve its financial reporting procedures to ensure that financial statement account balances and transactions are properly reported. Such procedures may include enhanced review to ensure accuracy of the financial statements.

Management's response: The costs of internally preparing the financial statements outweigh the benefit; therefore the Authority will continue to have Carr, Riggs & Ingram, LLC assist in drafting the financial statements.

MANAGEMENT LETTER

To the Board of Directors and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the Santa Rosa Island Authority ("Authority") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated February 10, 2020.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal* Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal* Awards (Uniform Guidance) and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 10, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to partially address findings and recommendations made in the preceding financial audit report. Certain aspects of prior year finding IC2018-001, such as grant revenues and pension liabilities, have been repeated in the current year. That comment was also included in the second preceding fiscal year audit report. The Authority's response to the comment identified in our audit is described on page 45.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

To the Board Members and Chief Executive Officer
Santa Rosa Island Authority
Pensacola, Florida

We have examined Santa Rosa Island Authority's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2019. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standard require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirement referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that our examination provides a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Board of County Commissioners
Escambia County, Florida

We have audited the accompanying Schedule of Activity for the Landfill Management Escrow Cash Account of Escambia County, Florida (Schedule) as of and for the year ended September 30, 2019, and the related notes.

Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of this schedule in accordance with the requirements of Rule 62.701.630(5), Florida Administrative Code; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedule referred to above presents fairly, in all material respects the deposits into and withdrawals from the Landfill Management Escrow account of Escambia County, Florida for the year ended September 30, 2019, in accordance with the requirements of Rule 62.701.630(5), Florida Administrative Code.

Basis of Accounting

We draw attention to Note 1 to the schedule, which describes the basis of accounting. The Schedule was prepared by Escambia County, Florida on the cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the provisions of the requirements of Rule 62.701.630(5), Florida Administrative Code referred to above. Our opinion is not modified with respect to that matter.

Report on the Financial Statements
We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of Escambia County, Florida as of and for the year ended September 30, 2019, and our report thereon dated February 10, 2020, expressed an unmodified opinion on those financial statements.

Restriction on Use
This report is intended solely for the information of management, the Board of County Commissions of Escambia County, Florida, and the State of Florida's Department of Environmental Protection, and is not intended to be and should not be used by anyone other than these specified parties.

ESCAMBIA COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
LANDFILL MANAGEMENT ESCROW CASH ACCOUNT
NOTES TO SCHEDULE OF ACTIVITY
SEPTEMBER 30, 2019

1. PURPOSE

The "Schedule of Activity" for the Landfill Management Escrow Cash Account (the "Schedule") of Escambia County, Florida is prepared on the cash basis of accounting and submitted to the State of Florida Department of Environmental Protection pursuant to Section 62-701.630 (5) (c) of the Florida Administrative Code (the "Code"). The Schedule contains only the escrow balance required by the Code and is not intended to present the financial position of Escambia County, Florida, Solid Waste Fund.

2. LANDFILL MANAGEMENT ESCROW

The County records the landfill management escrow as restricted cash and cash equivalents to fund closing costs of the Perdido Landfill, and to fund postclosure costs of the closed Beulah landfill. The escrow account consists of funds held in the County's pooled cash and investments, of which the balance and earnings have been allocated to the respective landfills. The County maintains its pooled cash and investments in accordance with the County's investment policy, which is consistent with the requirements of Florida Statute 218.415. The required escrow amount is calculated based on estimates made annually by either a Registered Professional Engineer or County personnel. Per the escrow agreement dated February 15, 2013, at September 30, 2019, the escrow consists of $9,723,660 held in a pooled interest bearing money market account (cash equivalent) with the Florida State Board of Administration's *Florida Prime Investment Program*.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*

Honorable Board of County Commissioners
Escambia County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of Escambia County, Florida (hereinafter referred to as "County"), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2019. The County's major federal programs and state projects are identified in the summary of auditor results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations and the terms and conditions of its federal and state awards applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550*, Rules of the Auditor General*. Those standards, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on Each Major Federal Program and State Project
In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2019.

Report on Internal Control over Compliance
Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Florida Department of Financial Services *State Projects Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General
We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Escambia County, Florida, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated February 10, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General.* Accordingly, this report is not suitable for any other purpose.

ESCAMBIA COUNTY FLORIDA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
FOR THE YEAR ENDED SEPTEMBER 30, 2019

NOTE A – BASIS OF PRESENTATION

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance includes the federal and state grant activity of Escambia County, Florida, under programs of the federal and state government for the year ended September 30, 2019. Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Escambia County, Florida did not elect to utilize the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE C – MATCH

The County's match on Federal Transit Administration grants is received from the State of Florida as a non-cash award via Florida Toll Road Credits.

NOTE D – EXPENDITURES INCURRED IN PRIOR FISCAL YEAR

Total CFDA 97.036 expenditures for contract 13-IS-3S-01-27-02-558 of $2,744,481 were incurred in a prior fiscal year and obligated by FEMA in the current fiscal year.

Contract Number: **16NF-00-01-27-01-453**
Project Number: **4177-09-R**

MODIFICATION TO SUBGRANT AGREEMENT BETWEEN THE DIVISION OF EMERGENCY MANAGEMENT AND ESCAMBIA COUNTY

This Modification Number Three made and entered into by and between the State of Florida, Division of Emergency Management ("the Division"), and Escambia County ("the Sub-Recipient") to modify Contract Number 16NF-00-01-27-01-453 , dated July 14, 2016, ("the Agreement").

WHEREAS, the Division and the Sub-Recipient have entered into the Agreement, pursuant to which the Division has provided a subgrant to the Sub-Recipient under the Hazard Mitigation Grant Program of $0.00, in Federal Funds; and

WHEREAS, the Division and the Sub-Recipient desire to modify the Agreement; and

WHEREAS, the Agreement expired on December 31, 2019; and

WHEREAS, the Division and the Sub-Recipient desire to reinstate and extend the terms of the Agreement.

NOW, THEREFORE, in consideration of the mutual promises of the parties contained herein, the parties agree as follows:

1. The Agreement is hereby reinstated and extended as though it had never expired.

2. Paragraph 8 of the Agreement is hereby amended to read as follows:
   (8) PERIOD OF AGREEMENT
   This Agreement shall begin July 14, 2016 and shall end June 30, 2020, unless terminated earlier in accordance with the provisions of Paragraph (17) of this Agreement.

3. The Budget and Scope of Work, Attachment A to the Agreement, are hereby modified as set forth in 3rd Revision Attachment A to this Modification, a copy of which is attached hereto and incorporated herein by reference.

4. All provisions of the Agreement being modified and any attachments in conflict with this Modification shall be and are hereby changed to conform with this Modification, effective on the date of execution of this Modification by both parties.

5. All provisions not in conflict with this Modification remain in full force and effect, and are to be performed at the level specified in the Agreement.

Not Agenda Backup
1/14/2020

6. Quarterly Reports are due to the Division no later than 15 days after the end of each quarter of the program year and shall be sent each quarter until submission of the administrative close-out report. The ending dates for each quarter of the program year are March 31, June 30, September 30 and December 31.

IN WITNESS WHEREOF, the parties hereto have executed this Modification as of the dates set out below.

Attachment A

(3rd Revision)

Budget and Scope of Work

STATEMENT OF PURPOSE:

The purpose of this Scope of Work (SOW) is to improve drainage for Beach Haven located in Pensacola, Escambia County, Florida, funded as a Global Match Project, through the Hazard Mitigation Grant Program (HMGP) **DR-4177-09-R**, as approved by the Florida Division of Emergency Management (Division) and the Federal Emergency Management Agency (FEMA).

The Sub-Recipient, Escambia County, agrees to administer and complete the project per sealed engineering designs and construction plans as submitted by the Sub-Recipient and subsequently approved by the Division and FEMA. The Sub-Recipient shall complete the work in accordance with all applicable Federal, State and Local Laws, Regulations and Codes.

PROJECT OVERVIEW:

As a Hazard Mitigation Grant Program (HMGP) project, the Sub-Recipient proposes to provide protection and to improve the drainage of Beach Haven, located in Pensacola, Escambia County, Florida, 32507. The project boundaries extend from Gulf Beach Highway on the south to Jones Swamp on the north, Decatur Avenue on the west and Mills Avenue on the east, excluding a portion of Bartow Avenue north of Eliasburg Street.

The HMGP Construction Scope of Work (SOW), proposes drainage improvements to the existing drainage system, replacement of unsafe deep roadside ditches, prevention of roadway and adjacent lot flooding by grading the roads to the appropriate elevations so that they will sit lower than the adjacent properties, to allow prevention of roadside shoulder ponding, to assist in preventing flooding, and provide sanitary sewer services as directed by Emerald Coast Utilities Authority with elimination of septic tanks and associated drain fields.

Sanitary sewer services will be provided to all lots within the project area. A majority of the parcels in the project area can be served by providing a gravity sewer main connection to an existing 21" gravity sewer main located along the north boundary of the project area up to the north end of Decatur Avenue. The roads will be paved so that they are 20 feet wide, all driveways that had been removed will be replaced and sod all remaining disturbed areas. The stormwater will be directed north towards the wet retention ponds where the stormwater will be treated before entering the adjacent wetlands.

The project shall provide protection against a 25-year storm event.

Coordinates that define the boundaries include: Intersection of Mills Avenue and Gulf Beach Highway: (30.386208, -87.292356); Mills Avenue and Jones Swamp: (30.392969, -87.291367); Decatur Avenue and Jones Swamp: (30.392036, -87.299842); Decatur Avenue and Gulf Beach Highway: (30.383256, -87.301206); and the Parcel where ponds will be located: (30.392592, -87.295347).

TASKS & DELIVERABLES:

A) Tasks:

1. The Sub-Recipient shall procure the services of a qualified and licensed Florida contractor and execute a contract with the selected bidder to complete the scope of work as approved

by the Division and FEMA. The Sub-Recipient shall select the qualified, licensed Florida contractor in accordance with the Sub-Recipient's procurement policy as well as all federal and state laws and regulations. All procurement activities shall contain sufficient source documentation and be in accordance with all applicable regulations.

The Sub-Recipient shall be responsible for furnishing or contracting all labor, materials, equipment, tools, transportation and supervision and for performing all work per sealed engineering designs and construction plans presented to the Division by the Sub-Recipient and subsequently approved by the Division and FEMA.

The Sub-Recipient and contractor shall be responsible for maintaining a safe and secure worksite for the duration of the work. The contractor shall maintain all work staging areas in a neat and presentable condition.

The Sub-Recipient shall ensure that no contractors or subcontractors are debarred or suspended from participating in federally funded projects.

The selected contractor shall have a current and valid occupational license/business tax receipt issued for the type of services being performed.

The Sub-Recipient shall provide documentation demonstrating the results of the procurement process. This shall include a rationale for the method of procurement and selection of contract type, contractor selection and/or rejection and bid tabulation and listing, and the basis of contract price.

The Sub-Recipient shall provide an executed "Debarment, Suspension, Ineligibility, Voluntary Exclusion Form" for each contractor and/or subcontractor performing services under this agreement.

Executed contracts with contractors and/or subcontractors shall be provided to the Division by the Sub-Recipient.

The Sub-Recipient shall provide copies of professional licenses for contractors selected to perform services. The Sub-Recipient shall provide a copy of a current and valid occupational license or business tax receipt issued for the type of services to be performed by the selected contractor.

2. The Sub-Recipient shall monitor and manage the installation to improve the drainage and provide flood protection.

   The project shall be implemented in accordance with sealed engineering designs and construction plans previously presented to the Division by the Sub-Recipient and subsequently approved by the Division and FEMA. The Sub-Recipient shall ensure that all applicable state, local and federal laws and regulations are followed and documented, as appropriate.

   The project consists of the general construction and furnishing of all materials, equipment, labor and fees to minimize recurring flooding and reduce repetitive flood loss to structures and roadways.

   The Sub-Recipient shall fully perform the approved project, as described in the submitted documents, in accordance with the approved scope of work, budget line item, allocation of funds and applicable terms and conditions indicated herein. The Sub-Recipient shall not deviate from the approved project terms and conditions.

   Construction activities shall be completed by a qualified and licensed Florida contractor. All construction activities shall be monitored by the professional of record. The Sub-Recipient shall complete the project in accordance with all required permits. All work shall be

completed in accordance with applicable codes and standards.

Upon completion of the work, the Sub-Recipient shall schedule and participate in a final inspection of the completed project by the local municipal or county official, or other approving official, as applicable. The official shall inspect and certify that all installation was in accordance with the manufacturer's specifications. Any deficiencies found during this final inspection shall be corrected by the Sub-Recipient prior to Sub-Recipient's submittal of the final inspection request to the Division.

Upon completion of Task 2, the Sub-Recipient shall submit the following documents with sufficient supporting documentation, and provide a summary of all contract scope of work and scope of work changes, if any. Additional documentation for closeout shall include:

a) Signed and Sealed As-built project plans (drawings) by the Professional of Record, two hard copies and an electronic version (via email or CD).

b) Letters of Completion:

   1. Affirming that the project was completed in conformance with the approved project drawings, specifications and scope; and

   2. Certifying Compliance with all applicable codes.

c) Local building Official Inspection Report and Final approval, as applicable;

d) Letter verifying compliance with the National Historic Preservation Act, to include if archaeological material or human remains were encountered during project activities. If any archaeological material or human remains were encountered, provide a detailed description of how they were handled.

e) Verification that gopher tortoise conditions were complied with, to include:

   1. Written confirmation that the gopher tortoise borrows were evacuated prior to site manipulation;

   2. Copy of Florida Fish and Wildlife Conservation Commission (FWC) Authorized Gopher Tortoise Agent permit(s) if excavating potentially occupied burrows;

   3. Written confirmation that the excavation method selected minimized the potential injury of an eastern indigo snake;

   4. Written confirmation that the Recipient followed the excavation guidance provided in the most current FWC Gopher Tortoise Permitting Guidelines;

   5. Written confirmation that if an eastern indigo snake was encountered, the snake was allowed to vacate the area prior to additional site manipulation in the vicinity; and

   6. Written confirmation that the holes, cavities, and snake refuge other than gopher tortoise burrows were inspected each morning before site area manipulation, and if occupied by an eastern indigo snake, no work was done until after the snake vacated the vicinity of the proposed work.

f) Verification that the U.S. Fish and Wildlife Service (USFWS) Standard Protection Measures for the Eastern Indigo Snake, dated August 12, 2013 was complied with, to include:

   1. Copy of notification sent to the local USFWS Field Office 30 days prior to any clearing/land alteration activities, notifying them that the education plan was to be implemented;

2. If the Recipient decided to use an eastern indigo snake protection/education plan other than the approved USFWS plan, the Recipient must provide the Division a copy of the USFWS concurrence of the new plan;
3. Copies of the sign-in sheet for the pre-construction meeting for all construction staff;
4. Written verification that all protection measures listed in the Standard Protection Measures for the Eastern Indigo Snake were complied with during construction activities; and
5. Copy of the post-construction monitoring report submitted to the USFWS Field Office.

g) Proof of compliance with Project Requirements and Conditions contained herein.

3. During the course of this agreement, the Sub-Recipient shall submit requests for reimbursement. Adequate and complete source documentation shall be submitted to support all costs (federal share and local share) related to the project. In some cases, all project activities may not be fully complete prior to requesting reimbursement of costs incurred in completion of this scope of work; however, a partial reimbursement may be requested.

   The Sub-Recipient shall submit an Affidavit signed by the Sub-Recipient's project personnel with each reimbursement request attesting to the completion of the work, that disbursements or payments were made in accordance with all agreement and regulatory conditions, and that reimbursement is due and has not been previously requested.

   The Sub-Recipient shall maintain accurate time records. The Sub-Recipient shall ensure invoices are accurate and any contracted services were rendered within the terms and timelines of this agreement. All supporting documentation shall agree with the requested billing period. All costs submitted for reimbursement shall contain adequate source documentation which may include but not be limited to: cancelled checks, bank statements, Electronic Funds Transfer, paid bills and invoices, payrolls, time and attendance records, contract and subcontract award documents.

   Construction Expense: The Sub-Recipient shall pre-audit bills, invoices, and/or charges submitted by the contractors and subcontractors and pay the contractors and subcontractors for approved bills, invoices, and/or charges. Sub-Recipient shall ensure that all contractor/subcontractor bills, invoices, and/or charges are legitimate and clearly identify the activities being performed and associated costs.

   Project Management Expenses: The Sub-Recipient shall pre-audit source documentation such as payroll records, project time sheets, attendance logs, etc. Documentation shall be detailed information describing tasks performed, hours devoted to each task, and the hourly rate charged for each hour including enough information to calculate the hourly rates based on payroll records. Employee benefits shall be clearly shown.

   The Division shall review all submitted requests for reimbursement for basic accuracy of information. Further, the Division shall ensure that no unauthorized work was completed prior to the approved project start date by verifying vendor and contractor invoices. The Division shall verify that reported costs were incurred in the performance of eligible work, that the approved work was completed, and that the mitigation measures are in compliance with the approved scope of work prior to processing any requests for reimbursement.

   Review and approval of any third party in-kind services, if applicable, shall be conducted by the Division in coordination with the Sub-Recipient. Quarterly reports shall be submitted by the Sub-Recipient and received by the Division at the times provided in this agreement prior

to the processing of any reimbursement.

The Sub-Recipient shall submit to the Division requests for reimbursement of actual construction and managerial costs related to the project as identified in the project application, sealed engineering designs, and construction plans. The requests for reimbursement shall include:

a) Contractor, subcontractor, and/or vendor invoices which clearly display dates of services performed, description of services performed, location of services performed, cost of services performed, name of service provider and any other pertinent information;

b) Proof of payment from the Sub-Recipient to the contractor, subcontractor, and/or vendor for invoiced services;

c) Clear identification of amount of costs being requested for reimbursement as well as costs being applied against the local match amount.

The Sub-Recipient's final request for reimbursement shall include the final construction project cost. Supporting documentation shall show that all contractors and subcontractors have been paid.

B) Deliverables

Mitigation Activities consist of drainage improvements to existing drainage system in project area that extends from Gulf Beach Highway on the south to Jones Swamp on the north, Decatur Avenue on the west and Mills Avenue on the east, excluding a portion of Bartow Avenue north of Eliasburg Street.

The project will provide protection for Beach Haven located in Pensacola, Florida 32507; to include replacement of unsafe deep roadside ditches, prevention of road way and adjacent lot flooding by grading the roads to the appropriate elevations so that they will sit lower than the adjacent properties, prevention of roadside shoulder ponding, to assist in preventing flooding, and provide sanitary sewer services as directed by Emerald Coast Utilities Authority with elimination of septic tanks and associated drain fields.

The completed project shall provide protection against a 25-year event.

Provided the Recipient performs in accordance with the scope of work outlined in this Agreement, the Division shall allow the Recipient to utilize this project as a Global Match project.

PROJECT CONDITIONS AND REQUIREMENTS:

C) Engineering:

1. The Sub-Recipient shall submit to the Division an official letter stating that the project is 100% complete and ready for the Division's Final Inspection of the project.
2. The Sub-Recipient shall submit a signed and sealed final copy of the completed project's As-built drawings and all necessary supporting documentation, and provide a summary of all contract scope of work changes, if any.
3. The Sub-Recipient shall provide a copy of the Notice of Commencement, and any local official Inspection Report and/or Final Approval, as applicable.
4. The Sub-Recipient shall submit a certified letter of completion from Engineer of Record. The Sub-Recipient's Engineer of Record shall provide a formal certificate or letter affirming

that the project has been completed in conformance with the approved project drawings, specifications, scope, and applicable codes.

5. All installations shall be done in strict compliance with the Florida Building Code or any local codes and ordinances. All materials shall be certified to exceed the wind and impact standards of the current local codes.
6. The Sub-Recipient shall follow all applicable State, Local and Federal Laws, Regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. Failure to obtain all appropriate Federal, State, and Local permits and clearances may jeopardize federal funding.
7. The Sub-Recipient shall submit a certified letter of completion from Engineer of Record. The Sub-Recipient's Engineer of Record shall provide a formal certificate or letter affirming that the project has been completed in conformance with the approved project drawings, specifications, scope, and applicable codes.

D) Environmental:

1. Sub-Recipient shall follow all applicable state, local and federal laws, regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. Failure to obtain all appropriate federal, state, and local environmental permits and clearances may jeopardize federal funding. If project work is delayed for a year or more after the date of the categorical exclusion (CATEX), then coordination with and project review by regulatory agencies shall be redone.
2. Any change, addition or supplement to the approved Scope of Work that alters the project (including other work not funded by FEMA, but done substantially at the same time), regardless of the budget implications, shall require re-submission of the application to FEMA through the Division for National Environmental Policy Act (NEPA) re-evaluation before starting project work.
3. The Sub-Recipient shall monitor ground disturbing activities during construction, and if any potential archeological resources are discovered, shall immediately cease construction in that area and notify the Division and FEMA.

   If human remains or intact archaeological deposits are uncovered, work in the vicinity of the discovery shall stop immediately and all reasonable measures to avoid or minimize harm to the finds shall be taken. The Sub-Recipient shall ensure that archaeological discoveries are secured in place, that access to the sensitive area is restricted, and that all reasonable measures are taken to avoid further disturbance of the discoveries.

   The Sub-Recipient's contractor shall provide immediate notice of such discoveries to the Sub-Recipient. The Sub-Recipient shall notify the Florida Division of Historic Resources, the Division's State Environmental Liaison Officer and FEMA within 24 hours of the discovery. Work in the vicinity of the discovery may not resume until FEMA and the Division have completed consultation with SHPO, Tribes, and other consulting parties as necessary.

   In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately and the proper authorities notified in accordance with ***Florida Statutes, Section 872.05***.
4. Construction vehicles and equipment used for this project shall be maintained in good working order to minimize pollutant emissions.

5. Best management practices shall be used during project work to minimize soil erosion, sediment migration and turbidity with special focus on work in or around wetlands and other sensitive areas.
6. A National Pollutant Discharge Elimination System (NPDES) stormwater permit shall be obtained (if area of disturbance shall be greater than one acre). The Sub-Recipient shall prepare and implement a Storm Water Pollution Prevention Plan (SWPPP). A copy of the Notice of Intent (NOI) submitted to use the State of Florida Generic Permit for stormwater discharge from construction activities; response letter from Florida Department of Environmental Protection (FDEP) if provided; and a copy of the Notice of Termination (NOT) shall be submitted at project closeout.
7. All gopher tortoise burrows, active or inactive, shall be evacuated prior to site manipulation in the vicinity of the burrow. If excavating potentially occupied burrows, active or inactive, individuals must first obtain authorization via a Florida Fish and Wildlife Conservation Commission (FWC) Authorized Gopher Tortoise Agent permit. The excavation method selected shall minimize the potential for injury of an indigo snake. The Recipient shall follow the excavation guidance provided in the most current FWC Gopher Tortoise Permitting Guidelines. If an indigo snake is encountered, the snake must be allowed to vacate the area prior to additional site manipulation in the vicinity. Holes, cavities, and snake refuge other than gopher tortoise burrows shall be inspected each morning before planned site manipulation of a particular area, and if occupied by an indigo snake, no work shall commence until the snake has vacated the vicinity of the proposed work.
8. The Sub-Recipient shall comply with U.S. Fish and Wildlife Service "Standard Protection Measures for the Eastern Indigo Snake" dated August 12, 2013.
9. An Environmental Resource Permit shall be obtained prior to any construction activities. Verification of compliance and copies of all permits shall be provided at project closeout.

E) <u>Programmatic:</u>

1. A change in the scope of work *must* be approved by the Division and FEMA in advance regardless of the budget implications.
2. The Sub-Recipient must notify the Division as soon as significant developments become known, such as delays or adverse conditions that might raise costs or delay completion, or favorable conditions allowing lower costs or earlier completion.
3. The Sub-Recipient must "obtain prior written approval for any budget revision which would result in a need for additional funds" [44 CFR 13(c)], from the Division and FEMA.
4. Any extension of the Period of Performance shall be submitted to FEMA 60 days prior to the expiration date. Therefore, any request for a Period of Performance Extension shall be in writing and submitted, along with substantiation of the new expiration date and a new schedule of work, to the Division a minimum of seventy (70) days prior to the expiration date, for Division processing to FEMA.
5. All close out documentation shall be delivered to the Division 30-days prior to POP.
6. The Sub-Recipient must avoid duplication of benefits between the HMGP and any other form of assistance, as required by Section 312 of the Stafford Act, and further clarification in 44 CFR 206.191.
7. A copy of the executed subcontract agreement must be forwarded to the Division within 10 days of execution.

8. If the Sub-Recipient is not the current title holder of the affected properties, the Sub-Recipient shall provide documentation confirming the property acquisition and easement rights were obtained voluntarily. If condemnation or eminent domain is used to obtain easement rights, FEMA shall not pay for any associated costs or payments to the property owner. Furthermore, FEMA shall not consider it an eligible contribution to the non-Federal cost share requirement and shall not financially participate in that component of a project if land or easements are obtained involuntarily.

This FEMA project number **4177-09-R,** is funded under HMGP/FEMA-4177-DR-FL and must adhere to all program guidelines established for the HMGP in accordance with the PAS Operational Agreement for Disaster 4177 Severe Floods.

FEMA awarded this project on March 23, 2016; the HMGP Agreement was executed on **July 14, 2016** and the Period of Performance for this project shall end on **June 30, 2020**.

F) FINANCIAL CONSEQUENCES:

If the Sub-Recipient fails to comply with any term of the award, the Division shall take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the Sub-Recipient;
2. Disallow all or part of the cost of the activity or action not in compliance;
3. Wholly or partly suspend or terminate the current award for the Sub-Recipient's program;
4. Withhold further awards for the program; or
5. Take other remedies that may be legally available.

SCHEDULE OF WORK

State and Local Contracting	4	Months
Construction Plan/Technical Specifications	10	Months
Bidding/Permitting	12	Months
Construction	34	Months
Final Inspection & Closeout Compliance	3	Months
Total Period of Performance:	**63**	**Months**

BUDGET

Line Item Budget*

	Project Cost	Federal Share	Non-Federal Share
Storm Water Improvements	$4,076,817.00	$0.00	$4,076,817.00
Roadway Improvements	$3,775,188.00	$0.00	$3,775,188.00
Demolition/Restoration	$1,004,651.00	$0.00	$1,004,651.00

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA

1-32. Approval of Various Consent Agenda Items

Motion made by Commissioner Barry, seconded by Commissioner Underhill, and carried unanimously, approving Consent Agenda Items 1 through 32, as follows, with the exception of Items 17 and 19, which were held for separate votes, as amended to drop Items 1, 12.A.(1), and 15:

1. Dropping the recommendation that the Board adopt the Resolution approving Supplemental Budget Amendment #164, Community Redevelopment Block Grant Fund (129), in the amount of $281,868, recognizing Funds from the sale of voluntary tax credits and appropriating these Funds to assist the City of Pensacola in remediating the site known as the Corrine Jones Park.

2. Taking the following action concerning the United States Department of Homeland Security (USDHS), Federal Emergency Management Agency (FEMA), Hazard Mitigation Grant Program (HMGP), for the Bristol Creek/Bristol Park/Ashbury Hills Area, Lake Charlene Warrington Drainage Area Project, and the Beach Haven Northeast Phase 1, Drainage and Sanitary Sewer Project (Global Match):

   A. Approving the *Federally-Funded Subgrant Agreement*, Project Number 4177-08-R, between the State of Florida, Division of Emergency Management, and Escambia County Board of County Commissioners, for the Bristol Creek/Bristol Park/Ashbury Hills Area, providing for 100% Federal funding, with Local Global Match approval, awarded at $6,189,379;

   B. Approving the *Federally-Funded Subgrant Agreement*, Project Number 4177-19-R, between the State of Florida, Division of Emergency Management, and Escambia County Board of County Commissioners, for the Lake Charlene Warrington Drainage Area, providing for 100% Federal funding, with Local Global Match approval, awarded at $314,274;

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

1-32. Approval of Various Consent Agenda Items – Continued

2. Continued…

C. Approving the *Non-Financial Subgrant Agreement, Escambia County*, Project Number 4177-09-R, between the State of Florida, Division of Emergency Management and Escambia County Board of County Commissioners, for the Local Global Match applied to projects 4177-08-R and 4177-19-R, for the Beach Haven Northeast Phase 1 Drainage and Sanitary Sewer Project, as the fully qualified and eligible project for Local Global Match;

D. Ratifying the December 11, 2014, and February 19, 2015, Board approval authorizing the County Administrator to execute any subsequent Agreements and Program-related documents for these projects, specifically the Local Global Match Application, as referenced in the February 19, 2015, Board Minutes, and specifically authorizing execution of the application to leverage Funds for Local Global Match for these projects;

E. Authorizing the Chairman to sign the Subgrant Agreements and any subsequent grant-related documents;

F. Authorizing the Chairman to execute, subject to Legal review and sign-off, any subsequent Agreements and Program-related documents for these projects; and

G. Accepting, subject to Legal review and sign-off, any Agreements, Easements, Hold Harmless Agreements, and other documents of conveyance as may be required from property owners of Escambia County whose properties are part of the project scopes.

The County Attorney's Office has requested that the Board be made aware of the following language within the Agreement:

Section (19), Mandated Conditions, Subsection (b), that "This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County."

AI-17596 **Clerk & Comptroller's Report 14. 6.**
BCC Regular Meeting **Consent**
Meeting Date: 03/05/2020
Issue: Minutes and Reports
From: Pam Childers, Clerk of the Circuit Court & Comptroller
Organization: Clerk & Comptroller's Office

Recommendation:

Recommendation Concerning Minutes and Reports Prepared by the Clerk to the Board's Office

That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's office:

A. Accept, for filing with the Board's Minutes, the Report of the Committee of the Whole Workshop held February 13, 2020;

B. Accept, for filing with the Board's Minutes, the Report of the Gary Sansing Public Forum held February 20, 2020; and

C. Approve the Minutes of the Regular Board meeting held February 20, 2020.

REPORT OF THE COMMITTEE OF THE WHOLE WORKSHOP OF THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS

FEBRUARY 13, 2020

Present: Commissioner Steven L. Barry, Chairman, District 5
Commissioner Jeffrey W. Bergosh, District 1
Commissioner Lumon J. May, District 3
Commissioner Douglas B. Underhill, District 2
Janice Gilley, County Administrator
Alison Rogers, County Attorney
DeLana Allen-Busbee, Administrative Specialist, Clerk and Comptroller's Office
Krykyt Fisher, Office Assistant III, Clerk and Comptroller's Office
Shamara Jernigan, Agenda Program Coordinator, County Administrator's Office

Absent: Commissioner Robert D. Bender, Vice Chairman, District 4

Location: Ernie Lee Magaha Government Building, Board Chambers, First Floor
221 Palafox Place, Pensacola, Florida

Report prepared by: DeLana Allen-Busbee

AGENDA ITEMS

1. Call to Order

   Chairman Barry called the Committee of the Whole (C/W) Workshop to order at 9:14 a.m.

2. Was the Meeting Properly Advertised?

   The C/W was advised by DeLana Allen-Busbee, Administrative Specialist, Clerk and Comptroller's Office, that the meeting was advertised in the *Pensacola News Journal* on February 8, 2020, in the Board's weekly meeting schedule.

AGENDA ITEMS – Continued

3. Introduction of MyGovernmentOnline

A. Board Discussion – The C/W viewed and discussed a PowerPoint presentation, which was also provided in hard copy, entitled *Escambia Implementation Overview, One Software System for Accountability and Transparency*, presented by Ryan Hutchinson, Chief Technology Officer at South Central Planning and Development Commission (SCPDC):

(1) Was advised by Mr. Hutchinson that:

- SCPDC is not a private company and is an Economic Development District or Continuity of Government created in 1978
- Their funding comes through services provided to other government agencies
- MyGovernmentOnline (MGO) operates in its own enterprise fund and is completely self-sustaining
- The software has been in use since 2006 with hundreds of implementations in 14 states
- The software is currently being used by the Escambia County Permitting, Planning and Zoning, and Code Enforcement departments
- The City of Pensacola uses the software for building permits with other modules to follow
- There are many benefits to an integrated system for both the jurisdictions and the public
- The framework of the software is not a singular module, and some aspects include integrated feature groups and strong mobile support for the public and field staff
- The software also increases transparency and accountability

(2) Heard discussion from Commissioner Barry, County Administrator Gilley, and Mr. Hutchinson regarding the current GPS service used on County vehicles and the integration of those features into the new software;

(3) Heard comments from Commissioner May and Ms. Gilley concerning a cost analysis and working with IT on the project;

(4) Heard comments from Commissioner Barry regarding the need for the tools to be user friendly, and was advised by Mr. Hutchinson that the software is constantly being improved and improvements are rolled out at no additional cost;

(Continued on Page 3)

AGENDA ITEMS – Continued

3. Continued…

   A. Continued…

      (5) Discussed the software's potential impact on County departments, such as Fleet, and its potential to identify both efficiencies and inefficiencies, as well as other features;

      (6) In response to inquiry from Commissioner Bergosh, was advised by Mr. Hutchinson that no security or data breach has ever been traced back to MGO software;

      (7) Heard positive feedback from County staff currently utilizing aspects of MGO, including Horace Jones, Development Services Director, Andrew Holmer, Development Services Manager, and Tim Day, Environmental Programs Manager;

      (8) Discussed integrating the data from Live Link into the new system and hiring a temporary employee or intern to help facilitate this process using enterprise funds;

      (9) Heard positive feedback from the Board regarding the implementation of MGO, and was advised by Mr. Hutchinson that implementation can begin as early as March, with other parts taking from three months to one year to become fully active; and

      (10) Discussed current costs/programs that could be eliminated by the use of MGO and how that would improve the return on investment; and

   B. Board Direction – None.

4. Progress Update on the New Correctional Facility

A. Board Discussion – The C/W:

(1) Heard an update on the new Correctional Facility from Cassie Boatwright, Facilities Director, including the following information:

- The facility is nearing 70% completion, to date about 62% of the budget has been expended, and the project remains on budget
- There are several milestone dates that must be met to complete the project and move into the facility in 2020
- Substantial completion has an aggressive timeline to be able to meet early August of 2020
- Currently substantial completion is tracking to be over 67 days from the original completion date
- The building commissioning deadlines are required for move in and they have been split into two phases in order to speed up commissioning of the building
- The remaining commissioning of the systems is slated to be completed by August of 2020
- A construction punch list will have to be completed and is being handled in multiple phases to avoid waiting until the end of the project and is targeted for September of 2020
- Afterwards, there is a 60 day window to ensure the building is ready for occupancy, therefore occupancy is anticipated for November of 2020

(2) Heard information from Chief Rich Powell, Corrections Director, regarding the transition plan, which is in draft, including a load test that will be done once the building is turned over to Corrections and a field demo on software and locking systems;

(3) Heard comments and inquiry from Commissioner Underhill regarding the repurposing of commercial area in the vicinity of the new facility, protecting Commissioner May's TIF (Tax Increment Financing), and his thoughts on it being a good time to ask for interest from developers and not missing opportunities for economic development in the area;

(4) Heard comments from Commissioner Barry regarding looking at any revenue loss to Commissioner May's TIF and finding ways to compensate the Community Redevelopment Agency for the loss;

(Continued on Page 5)

AGENDA ITEMS – Continued

4. Continued…

   A. Continued…

      (5) Was advised by County Administrator Gilley that a Master Plan of the corridor will be on the agenda for the February 20, 2020, Board meeting and heard information from Chips Kirschenfeld, Natural Resources Management Director, regarding the area currently being remediated for lead contamination;

      (6) Heard comments from Commissioner Barry and Commissioner Underhill concerning enhancements and an injection of capital and resources into the Englewood Boys and Girls Club south of Fairfield that were discussed and committed to previously by the Board; discussed ironing out what the Board's intentions are and what the needs are; and

      (7) Heard comments from County Administrator Gilley regarding the facility being on time and under budget (with the new date), and was advised that she will work with Director Boatwright to look for opportunities to save money and bring a number to the Board; and

   B. Board Direction – None.

   COMMISSIONER MAY WAS ABSENT DURING DISCUSSION OF THIS ITEM

AGENDA ITEMS – Continued

5. Custodial Services Review

A. Board Discussion – The C/W heard a brief update on custodial services from Cassie Boatwright, Facilities Director, and

(1) Was advised by Director Boatwright that:

- The previous custodial services contract expired in April and new bids were submitted to the Board back in June
- The bids were rejected and the current vendor is being utilized on a month-to-month basis
- A new solicitation has been created, mirroring what Director Mike Rhodes did in Parks and Recreation
- Multiple zones have been created to solicit additional bids from various vendors, especially the small and minority vendors
- Cleaning times are being ramped up and down depending on the facility's needs and that is being built into the contract to ensure that during the summer the additional use at the community centers can be accommodated
- Staff has been developing a very detailed daily, weekly, and monthly checklist to audit what the vendor is actually doing in order to hold back payment for non-performance
- Various options have been looked at, including analyzing outsourcing, in-house, and temporary employees

(2) Upon inquiry from Commissioner May, was advised by Director Boatwright that she would ensure that local preference is being included in the procurement and a Request for Proposals would be brought back to the Board; and

B. Board Direction – None.

6. Perdido Beach Access #4

A. Board Discussion – The C/W viewed slides related to an update on Perdido Key Beach Access presented by Tim Day, Environmental Programs Manager, and the CW:

(1) Was advised by Mr. Day that:

- In February of 2014, the site was acquired with funding assistance from United States Fish and Wildlife Services and in November of 2018 a conditional use approval was granted
- The approval was appealed by the neighboring condominium and it is still in circuit court
- On February 5, 2020, the project received approval through the Development Review Committee (DRC) and it will provide 31 parking spaces and 4 handicap parking spaces
- The DRC approval is subject to appeal until February 20, 2020
- The probable cost of construction, based on the paving and drainage agreement, is $402,509, with no funding source identified as of now
- Staff needs direction on a funding source to proceed

(2) Was advised by County Attorney Rogers that at this point there is no legal prohibition on proceeding with any aspect of the project, but there is a case that is currently pending in circuit court, and Legal does anticipate that an appeal will be filed on the Development Order;

(3) Heard additional comments from County Attorney Rogers regarding the process if an appeal on the Development Order is filed, as well as advice that the project will proceed at the Board's own risk if activity takes place and money is expended prior to a resolution of legal proceedings;

(4) Heard comments from Commissioner Barry regarding his opinion that proceeding with demolition of the current structure and improving/prepping the site would only leave the site in a better condition than it began; heard agreement from County Attorney Rogers that she is not concerned with the demolition and preparation aspect, as well as comments on the broad nature of the appeal that was already filed; and was advised by Mr. Day that demolition and prep would constitute as much as 2/3 of the cost of the project;

(Continued on Page 8)

AGENDA ITEMS – Continued

6. Continued…

   A. Continued…

      (5) Heard comments from Commissioner Bergosh regarding his support for opening the beach access and his ideas for various funding sources that could make sense for the project, including his proposal to use a portion of the funds from the sale of approximately 100 acres to Navy Federal Credit Union;

      (6) Heard comments from Commissioner Underhill concerning his support of the removal of the existing asphalt and unsuitable soil, as well as concerns over opening the access in regards to legal actions, Fish and Wildlife concerns, costs, and the Defenders of Wildlife in relation to the risk of permitting on the island being halted;

      (7) Discussed using discretionary Local Option Sales Tax from District 2 as matching funds to what the Board identifies, and heard comments from Commissioner Underhill regarding his unwillingness to use those funds as he has other more pressing needs in the pockets of poverty in his district; and

      (8) Heard consensus from the Board and staff direction regarding moving forward with the demolition and site preparations aspect of the project (as well as an RFP [Request for Proposals] for the same) and discussed the item being brought back at the next business meeting so that the whole Board could identify and vote on a funding source; and

   B. Board Direction – None.

   COMMISSIONER MAY WAS ABSENT DURING DISCUSSION OF THIS ITEM

7. Adjourn

   Chairman Barry declared the C/W Workshop adjourned at 10:58 a.m.

REPORT OF THE GARY SANSING PUBLIC FORUM OF THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS

FEBRUARY 20, 2020

Present: Commissioner Steven L. Barry, Chairman, District 5
Commissioner Robert D. Bender, Vice Chairman, District 4
Commissioner Jeffrey W. Bergosh, District 1
Commissioner Lumon J. May, District 3
Janice Gilley, County Administrator
Codey Leigh, General Counsel, Clerk and Comptroller's Office
Alison Rogers, County Attorney
Krykyt Fisher, Office Assistant III, Clerk and Comptroller's Office
Shamara Jernigan, Agenda Program Coordinator, County Administrator's Office

Absent: Commissioner Douglas B. Underhill, District 2

Location: Ernie Lee Magaha Government Building, Board Chambers, First Floor, 221 Palafox Place, Pensacola, Florida

Report prepared by: Krykyt Fisher

AGENDA ITEMS

1. Call to Order

   Chairman Barry called the Gary Sansing Public Forum to Order at 8:32 a.m.

2. Speakers

   The Board heard comments from the following individuals:

Michelle Gray	Tim Smith	Kevin Wade
Charles Krupnick	Glenn Conrad	Larry Downs, Jr.
Michael Bearden	Melissa Pino	

3. Adjournment

   Chairman Barry declared the Gary Sansing Public Forum adjourned at 9:00 a.m.

MINUTES OF THE REGULAR MEETING OF
THE ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS

FEBRUARY 20, 2020

Present: Commissioner Steven L. Barry, Chairman, District 5
Commissioner Robert D. Bender, Vice Chairman, District 4
Commissioner Jeffrey W. Bergosh, District 1
Commissioner Lumon J. May, District 3
Janice Gilley, County Administrator
Codey Leigh, General Counsel, Clerk and Comptroller's Office
Alison Rogers, County Attorney
Krykyt Fisher, Office Assistant III, Clerk and Comptroller's Office
Shamara Jernigan, Agenda Program Coordinator, County Administrator's Office

Absent: Commissioner Douglas B. Underhill, District 2

Location: Ernie Lee Magaha Government Building, Board Chambers, First Floor
221 Palafox Place, Pensacola, Florida

Minutes prepared by: Krykyt Fisher

REGULAR BCC AGENDA

1. Call to Order

   Chairman Barry called the Regular Meeting of the Board of County Commissioners to order at 9:03 a.m.

2. Invocation

   Nathan Brown of Ray's Chapel delivered the invocation.

3. Pledge of Allegiance to the Flag

   Commissioner Barry led the Pledge of Allegiance to the Flag.

REGULAR BCC AGENDA – Continued

4. Recommendation: That the Board adopt the agenda as prepared (or duly amended).

Motion: So moved
Made by: Commissioner May **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

5. Commissioners' Forum:

   A. District 3 – Commissioner May provided comments;

   B. District 1 – Commissioner Bergosh provided comments;

   C. District 4 – Commissioner Bender provided comments; and

   D. District 5 – Commissioner Barry provided comments.

6. Recommendation: That the Board waive the reading of the legal advertisement(s) and accept, for filing with the Board's Minutes, the certified affidavit(s) establishing proof of publication for the *Board of County Commissioners – Escambia County, Florida, Meeting Schedule February 17 – February 21, 2020,* as published in the *Pensacola News Journal* on February 18, 2020.

Motion: So moved
Made by: Commissioner May **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

7. Written Communication – January 15, 2020, communication from Rudnick Development regarding the consideration of rescheduling the public hearing for the Pine Forest Amendment.

Motion: So moved **For information:** The Board discussed working with the applicant to schedule a Public Hearing for the first available meeting after the March 5th meeting.
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent
Speaker(s): William J. Dunaway

CLERK & COMPTROLLER'S REPORT – Honorable Pam Childers, Clerk of the Circuit Court and Comptroller

I. CONSENT AGENDA

1. Recommendation: That the Board accept, for filing with the Board's Minutes, the following documents as provided to the Clerk to the Board's Office:

   A. The Escambia County, Florida, Detention/Jail Commissary Fund Financial Statements and Required Supplementary Information, September 30, 2019;

   B. The Visit Pensacola, Inc., Financial Statements, September 30, 2019, and 2018, as provided by Kimberly Sparks, Director, Finance and Administration, Visit Pensacola; and

   C. The Pensacola-Escambia County Promotion and Development Commission Pensacola, Florida, Financial Statements September 30, 2019, as provided by Philip de Boer, Senior Manager, Audit Services, Saltmarsh, Cleaveland & Gund.

Motion: So moved **For information:** Chairman Barry advised that he would entertain a motion for the Clerk's Report.
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

2. Recommendation: That the Board take the following action concerning Minutes and Reports prepared by the Clerk to the Board's Office:

   A. Accept, for filing with the Board's Minutes, the Reports of the Agenda Work Session and the Gary Sansing Public Forum held February 6, 2020; and

   B. Approve the Minutes of the Regular BCC Meeting held February 6, 2020.

Motion: So moved **For information:** Chairman Barry advised that he would entertain a motion for the Clerk's Report.
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

GROWTH MANAGEMENT REPORT – Horace Jones, Director, Development Services Department

I. CONSENT AGENDA

1. Recommendation: That the Board authorize the scheduling of the following Public Hearing:

   March 5, 2020

   5:50 p.m. - A Public Hearing - Large Scale Map Amendment - LSA-2020-01 (first of two public hearings)

   Summary: The applicant is requesting to change the Future Land Use designation for a 26.7 (+/-) acre parcel in the 2700 BLK of Blue Angel Parkway from Commercial (C) to Mixed-Use Urban (MU-U).

Motion: So moved
Made by: Commissioner May **Seconded by:** Commissioner Bergosh
Disposition: Carried 3-0 with Commissioner Underhill absent and Commissioner Barry abstaining and filing Form 8B Memorandum of Voting Conflict for County, Municipal, and Other Local Public Officers.

COUNTY ADMINISTRATOR'S REPORT – Janice Gilley, County Administrator

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA

1. Recommendation: That the Board approve and authorize the Chairman to sign Modification #2 to the Subgrant Agreement between the Division of Emergency Management and Escambia County, regarding Escambia County Fire Rescue's request to extend the Agreement for six months, ending June 30, 2020.

Motion: Move Item 1 in the affirmative
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

COUNTY ADMINISTRATOR'S REPORT – Continued

I. TECHNICAL/PUBLIC SERVICE CONSENT AGENDA – Continued

2. Recommendation: That the Board take the following action concerning the Interlocal Agreement between the Escambia County Sheriff's Office and Escambia County Public Safety First Responders:

   A. Approve the Interlocal Agreement with the Escambia County Sheriff's Office for one year commencing the effective date upon filing with the Clerk of the Circuit Court of Escambia County, Florida, and automatically renewing for successive 12-month terms beginning on January 1st of each calendar year until terminated by either party; and

   B. Authorize the Chairman to sign the Agreement.

Motion: Move item 2 in the affirmative A and B
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

3. Recommendation: That the Board take the following action regarding the Agreement for SUNPASS and TOLL-BY-PLATE Electronic Toll Collection at the Bob Sikes Bridge Toll Plaza:

   A. Approve the Agreement for SUNPASS and TOLL-BY-PLATE Electronic Toll Collection at the Bob Sikes Bridge Toll Plaza between Escambia County and the Florida Department of Transportation; and

   B. Authorize the Chairman to sign the Agreement.

   The Bob Sikes Toll Plaza is located in Commission District 4.

   [Funding: There is no additional funding anticipated for this Agreement; however, costs for the signage and pavement marking upgrades required at the Bob Sikes Toll Plaza for the All Electronic Tolling conversion are anticipated to be approximately $30-40K, which will be funded out of the Bob Sikes Toll Fund.]

Motion: Move A and B in the affirmative
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 3-1 with Commissioner May voting "no" and Commissioner Underhill absent
Speaker(s): Tim Smith, Larry Downs, Jr., Dianne Krumel

    (Continued on Page 14)

COUNTY ADMINISTRATOR'S REPORT – Continued

II. BUDGET/FINANCE CONSENT AGENDA – Continued

12. Continued…

Trust for Public Lands will be donating the property located at 5806 Bob O Link Road (Innerarity Point Park) to Escambia County to provide passive use recreational opportunities for the benefit of the public. This property is adjacent to the Galvez boat ramp to the west. On July 7, 2016, the BCC approved the FDEP Grant Agreement #OGC114 for operating and maintenance costs of Innerarity Point Park. This Agreement provides funding over a 10-year period to assist with expenses. Once the funding runs out, the County will be responsible for on-going park maintenance.

Motion: Move the item
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

13. Recommendation: That the Board accept the U.S. Department of Interior, National Park Service Award/Contract, for Order Number 140P5220P0032, to reimburse Escambia County up to $114,000, for the period of May 16, 2020 to September 7, 2020.

The National Park Services (NPS) and the Water Safety Division manage approximately 30 consecutive miles of public beaches within Escambia County, Florida. Water Safety manages the beaches and associated lifeguard services within the Pensacola Beach area, and the NPS manages the beaches and associated lifeguard services within the adjoining Fort Pickens, Santa Rosa Areas, and the Perdido Key Area. The NPS and Water Safety continuously respond to and provide assistance to each other on a daily basis for water-related emergencies. The NPS and Water Safety both hire, train, and supervise lifeguard staff, competing for the same applicant pool, conducting separate training sessions that meet similar certification standards, and providing program management and staff supervision, and often driving past each other in fulfilling these responsibilities.

The Contract will assure consistency of lifeguard services and enable efficiencies realized through resource sharing and economies of scale. The Contract will enhance the safety of beach users in Escambia County, Florida, and within the Florida District of Gulf Islands National Seashore.

[Funding: Fund 001, General Fund, Cost Center 330801, Water Safety]

Disposition: Carried 4-0 with Commissioner Underhill absent

III. FOR DISCUSSION

1. Recommendation: That the Board approve the following allocations of Law Enforcement Trust (LET) Funds, per the requirements of F.S. 932.7055(5) for Outside Agency partners in Escambia County for Fiscal Year 2019/2020:

A. The King Richard Foundation, Inc., in the amount of $1,000; and

B. Christian Surfers, in the amount of $2,000.

Upon approval of these funding allocations, the Sheriff's Office will process all appropriate paperwork and submit for payment from LET Funds to the Escambia Clerk of the Circuit Court and Comptroller.

[Funding Source: Fund 121, Law Enforcement Trust Fund, Cost Center 540103, Aids to Private Organizations 58201]

Motion: Approve the two items on the agenda today and the Board will not agenda any further LETF requests until a strategy for use of LETF funds has been discussed with the Sheriff
Made by: Commissioner May **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent
Speaker(s): Melissa Pino

COUNTY ADMINISTRATOR'S REPORT – Continued

III. FOR DISCUSSION – Continued

2. Recommendation: That the Board take the following action regarding the acquisition of real property located in the 7600 Block of Winodee Drive, owned by Gulf Timberlands, Inc.:

   A. Authorize the purchase of real property located in the 7600 block of Winodee Drive (approximately 5.23 acres), for $108,208.70, which is the Board's approved purchase price for the Carpenter's Creek Riparian Preservation project;

   B. Approve by super-majority vote, or deny the Contract for Sale and Purchase for the acquisition of real property located in the 7600 block of Winodee Drive (approximately 5.23 acres) from Gulf Timberlands, Inc., for $108,208.70, for the Carpenter Creek Riparian Preservation project;

   C. Accept, for information, the Public Disclosure of Interest Form provided by Gulf Timberlands, Inc.;

   D. Authorize the County Administrator to execute an IRS Form 8283, subject to Legal sign-off; and

   E. Authorize the County Attorney's Office to prepare, and the Chairman or Vice Chairman to execute any documents, subject to Legal review and sign-off, necessary to complete the acquisition of these properties, without further action of the Board.

   The real property is located in Commission District 4.

   [Funding Source: Fund 352, LOST III, Cost Center 220102, NESD Capital Projects, Project 08NE0028, Environmentally Sensitive Lands]

Motion: Approve A through E
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

COUNTY ADMINISTRATOR'S REPORT – Continued

III. FOR DISCUSSION – Continued

3. Recommendation: That the Board take the following action concerning funding for Perdido Key beach access #4 located at 16477 Perdido Key Drive:

   A. Authorize staff to proceed with procurement of a contractor to initiate site preparation work to include removal of existing asphalt and debris, red clay, and replacement with beach-quality sand;

   B. Identify a funding source, in the amount of $228,208, in support of this project phase; and

   C. Authorize the execution of a Budget Amendment in support of this project with the approved funding source.

Motion: Allocate $228,208 from TDT [Tourist Development Tax] toward completion of the project **For information:** The Board agreed that if the $228,208 did not complete the entire project then they would come back for additional funding.
Made by: Commissioner Bergosh **Seconded by:** Commissioner May
Disposition: Carried 4-0 with Commissioner Underhill absent
Speaker(s): Michael Bearden, Tim Smith, Anita Feliciano, Larry Downs, Jr., William J. Dunaway, Randy Cudd, Kevin Wade, Melissa Pino, Glenn Conrad, Dianne Krumel, and Antonio Caprario

COUNTY ATTORNEY'S REPORT – Alison Rogers, County Attorney

I. FOR ACTION

1. Recommendation: That the Board authorize the scheduling of a public hearing on Thursday, March 5, 2020, at 5:36 p.m. to consider an Ordinance amending Chapter 100, Article I, Sections 100-1 through 100-6 establishing the Escambia-Pensacola Human Relations Commission.

Motion: Move the item
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

COUNTY ATTORNEY'S REPORT – Continued

I. FOR ACTION – Continued

2. Recommendation: That the Board authorize the rescheduling of a public hearing from Thursday, March 5, 2020 at 5:31 p.m., to Thursday, June 4, 2020, at 5:31 p.m. to consider an Ordinance creating Volume 1, Chapter 94, Article 1, Section 94-9 relating to Micromobility Devices and Motorized Scooters on Pensacola Beach.

Motion: Move I-2
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

3. Recommendation: That the Board take the following action:

   A. Approve the settlement reached during mediation for the sum of $50,000.00 to be paid to Edward Shelby as Personal Representative of the Estate of Martin Detzel in exchange for the execution of a general release and stipulation of dismissal with prejudice; and

   B. Authorize the County Attorney's Office to execute a stipulation for dismissal with prejudice once the general release is executed and delivered to the County Attorney's Office and settlement payment is made.

Motion: Move A and B
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

4. Recommendation: That the Board authorize the scheduling of a public hearing on Thursday, March 5, 2020, at 5:37 p.m. to consider an Ordinance amending Chapter 58, Article IV, Sections 58-95 and 58-97 relating to Fair Housing to accurately reflect the current name of the Commission that is vested with the authority to act as the Fair Housing Board.

Motion: Move the item in the affirmative
Made by: Commissioner Bergosh **Seconded by:** Commissioner May
Disposition: Carried 4-0 with Commissioner Underhill absent

COUNTY ATTORNEY'S REPORT – Continued

I. FOR ACTION – Continued

5. Recommendation: That the Board approve and authorize the Chairman to sign the Taxing Authority Memorandum of Understanding (MOU), allowing for an arrangement among the Property Appraiser, the Tax Collector and Escambia County that addresses the retention of a vendor to assist with identification of homestead fraud and for the vendor to be compensated from recouped tax proceeds.

Motion: Move the Item number 5 of the County Attorney's Report.
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 3-0 with Commissioner Underhill absent and Commissioner Bergosh temporarily out of Board Chambers

6. Recommendation: That the Board take the following action:

   A. Approve a settlement reached during mediation for the sum of $85,000.00 to be paid to Escambia County in exchange for the mutual execution of general releases by and between Escambia County and Spirit Solutions, Inc. and Spirit, Inc.; and

   B. That the Board authorize the County Attorney's Office to execute a settlement and release agreement which provides for payments to be made by Spirit Solutions, Inc. and Spirit, Inc. to Escambia County on a monthly basis until the full settlement payment is made and that the litigation remain stayed so as to allow enforcement of the payment schedule.

Motion: Move Item 6, A and B
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

7. Recommendation: That the Board take the following action:

   A. Rescind the previous Board action of December 5, 2019, to approve and authorize the County Administrator to execute the Amendment of Agreement for PD 16-17.068, Re-Solicit Operator for Paratransit Services, between Escambia County, Florida and Innovative Transport and Logistics Solutions, LLC in the amount of $200,000 for year three of the original Agreement in order to offset the increase in vehicle insurance costs to be paid in monthly reimbursements retroactive to October 1, 2019; and

(Continued on Page 26)

COUNTY ATTORNEY'S REPORT – Continued

7. Continued…

B. Approve and authorize the Chairman to execute the Amendment to Agreement for Paratransit Transportation Services (PD 16-17.068) between Escambia County, Florida and Innovative Transport and Logistics Solutions, LLC to increase the contract amount by $200,000 for year three of the original Agreement in order to offset the increase in vehicle insurance costs to be paid in monthly reimbursements effective October 1, 2019.

[Funding: Fund 104, Mass Transit, Cost Center 320401, Object Code 53401/56404]

Motion: Move the item
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

8. Recommendation: That the Board approve and authorize the Chairman to execute the Agreement allowing for the use of certain buildings on Baptist Hospital property for Escambia County Fire Rescue training purposes.

Motion: I'll make the motion
Made by: Commissioner Bender **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent

COUNTY ATTORNEY'S REPORT – Continued

II. FOR DISCUSSION

1. Recommendation: That the Board take the following action:

   A. Interpret its Daily Convo, LLC, EDATE ordinance to require the expiration of the exemption upon the conveyance of the property and authorize the County Attorney to send a letter to the new owner alerting them of the ordinance terms and schedule a public hearing for April 2, 2020 at 5:34 p.m., to consider an ordinance repealing the exemption;

   OR

   B. Interpret its Daily Convo, LLC, EDATE ordinance to allow the exemption to remain in effect regardless of the transfer of ownership and authorize the County Attorney to send letters to the Property Appraiser and the new owner indicating the exemption shall remain in place.

Motion: Move B
Made by: Commissioner May **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

2. Recommendation: That the Board take the following action:

   A. Accept the settlement proposal made by the Teramore Petitioners as outlined in the amended June 25, 2019 letter and hard copy of emails, consider the Teramore Administrative Appeal to the BOA as granted, and allow the construction of a Dollar General store so long as the development review process is satisfied;

   OR

   B. Reject the settlement proposal made by the Teramore Petitioners and allow the order of Judge Burns granting enforcement to stand and take no further action.

Motion: Move to drop it **For information:** The Board discussed dropping this item and bringing it back when Commissioner Underhill is available to weigh in on the item.
Made by: Commissioner Bergosh **Seconded by:** Commissioner May
Disposition: Carried 4-0 with Commissioner Underhill absent
Speaker(s): Larry Downs, Jr. and Michael Bearden.

COUNTY ATTORNEY'S REPORT – Continued

II. FOR DISCUSSION – Continued

3. Recommendation: That the Board approve and authorize the Chairman to sign, subject to legal sign-off, the Letter of Agreement (LOA) between Escambia County and the Sun Belt Conference (SBC), to provide for a five-year arrangement for hosting of the SBC basketball championship tournaments, with a possibility of a two-year extension.

Motion: Move it **For information:** County Attorney Rogers advised the Board of two verbal edits to the Letter of Agreement. In Paragraph 2, the Sunbelt Conference is requesting that the decision regarding the two year extension be made following the 2022 tournament, not the 2023 tournament. The other item is a request from Visit Pensacola that the Sunbelt Conference has agreed to, which is including a Paragraph 6-K to indicate that promotion and marketing related to Visit Pensacola for the Conference tournaments would be included within that $250,000 from Escambia County and its community partners. The Board gave direction to County Attorney Rogers to negotiate with the Conference certain points of the contract but if changes are unable to be made, they would proceed with the contract as is.
Made by: Commissioner May **Seconded by:** Commissioner Bergosh
Disposition: Carried 4-0 with Commissioner Underhill absent
Speaker(s): Ray Palmer

III. FOR INFORMATION

1. Recommendation: That the Board accept the following information:

   On January 29, 2020, Arbitrator Daniel R. Saling issued a Final and Binding Arbitration Award upholding the termination of the grievant, and dismissing the grievance initiated by the Florida Police Benevolent Association (FPBA).

Disposition: No action taken

ITEMS ADDED TO THE AGENDA – COMMISSIONER JEFFREY W. BERGOSH

1. Recommendation: That the Board adopt the Proclamation expressing its appreciation and gratitude to Retired Lieutenant General Charles H. Pitman for outstanding service to United States of America and for bringing honor and dignity to the Community, and Escambia County, Florida.

Motion: Move this forward
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent
Speaker(s): Pete Southerland

2. Recommendation: That the Board approve funding $2,500 to Pink Ribbon Pensacola, Inc., for the Pink Ribbon Tennis Tournament on May 1 & 2, 2020, from Commissioner Jeff Bergosh's discretionary money, and approve a Purchase Order for this purpose.

   [Funding: Fund 001, General Fund, Board of County Commissioners' Discretionary Money, Cost Center 110101, Object Code 58201]

Motion: "It is for the Funding for the Pink Ribbon Pensacola Breast Cancer Tennis Tournament, $2,500 from my discretionary. That's my motion."
Made by: Commissioner Bergosh **Seconded by:** Commissioner Bender
Disposition: Carried 4-0 with Commissioner Underhill absent

ANNOUNCEMENTS – None.

ADJOURNMENT

There being no further business to come before the Board, Chairman Barry declared the Regular Meeting of the Board of County Commissioners adjourned at 12:56 p.m.

BOARD OF COUNTY COMMISSIONERS
ESCAMBIA COUNTY, FLORIDA

Steven Barry, Chairman

ATTEST:

Pam Childers
Clerk of the Circuit Court & Comptroller

_____
Deputy Clerk

Approved: March 5, 2020

BOARD OF COUNTY COMMISSIONERS
Escambia County, Florida

AI-17524 **Growth Management Report 14. 1.**
BCC Regular Meeting
Meeting Date: 03/05/2020
Issue: Review of Rezoning Cases Heard by the Planning Board on February 4, 2020
From: HORACE JONES, Director
Organization: Development Services

RECOMMENDATION:

Recommendation Concerning the Review of the Rezoning Cases Heard by the Planning Board on February 4, 2020

That the Board take the following action concerning the rezoning cases heard by the Planning Board on February 4, 2020:

A. Review and either adopt, modify, or overturn the Planning Board's recommendations for Rezoning Cases Z-2020-01 and Z-2020-02 or remand the cases back to the Planning Board; and
B. Authorize the Chairman to sign the Orders of the Escambia County Board of County Commissioners for the rezoning cases that were reviewed.

1. Case No.:	**Z-2020-01**
Address:	7000 BLK Pine Forest Road (off)
Property Reference No.:	24-1S-31-4302-000-000
Property Size:	4.95 (+/-) acres
From:	Com, Commercial District (25 du/acre)
To:	HC/LI-NA, Heavy Commercial and Light Industrial district, prohibiting the subsequent establishment of any microbreweries, microdistilleries, microwineries, bars, nightclubs, or adult entertainment uses (25 du/acre)
FLU Category:	MU-U, Mixed-Use Urban
Commissioner District:	1
Requested by:	Wiley C. "Buddy" Page, Agent for Kader, Inc., Owner
Planning Board Recommendation:	Approval

Speakers:	Buddy Page, Larry Downs, Jr.
2. Case No.:	***Z-2020-02***
Address:	11545 Sorrento Road
Property Reference:	12-3S-31-3301-000-000
Property Size:	18.78 (+/-) acres
From:	LDR, Low Density Residential district (four du/acre)
To:	Com, Commercial district (25 du/acre)
FLU Category:	MU-S, Mixed-Use Suburban
Commissioner District:	2
Requested by:	Curtis and Kelli Sumrock, Owners
Planning Board Recommendation:	Approval
Speakers:	Curtis Sumrock, Chris Dosev, Melissa Pino, Brian Barr, Michael Russo, Karen Sindel, Carole Tebay, Medora Mullins, Larry Downs, Jr., Suzanne Wells, Jennifer Powell, William McLendon,

BACKGROUND:

The above cases were owner initiated and heard at the February 4, 2020, Planning Board Meeting. Under the Land Development Code (LDC) Chapter 2, Article 7, "the Board of County Commissioners, at its scheduled hearing shall adopt, modify, or reject the recommendation of the Planning Board or SRIA or return the rezoning case to the board with instructions for additional facts or clarification. The staff of the recommending board shall inform the board of all formal actions taken by the BCC on the rezoning request.

To further the County's policy of "decreasing response time from notification of citizen needs to ultimate resolution," the Board is acting on both the approval of the Planning Board recommended order and the LDC Map Amendment for this month's rezoning cases. This report item addresses only the review and upholding of the Planning Board's recommendation. The next report item will address the Public Hearing for the LDC Zoning Map Amendment.

BUDGETARY IMPACT:

This action may increase the ad valorem tax base for Escambia County.

LEGAL CONSIDERATIONS/SIGN-OFF:

The recommended order is the result of deliberations by the Planning Board based the applicants presentation of competent substantial evidence for each of the approval conditions, on staff analysis, public testimony, and knowledge of the Comprehensive Plan and Land Development Code as well as case law and Florida Statutes.

PERSONNEL:

N/A

POLICY/REQUIREMENT FOR BOARD ACTION:

The Chairman will need to sign the Orders of the Escambia County Board of County Commissioners either denying or approving the rezoning requests.

IMPLEMENTATION/COORDINATION:

The cases under review are presented to the Planning Board for collection of evidence. The Planning Board conducts a quasi-judicial public hearing and issues a recommended order to the Board of County Commissioners.

PROCEEDINGS.....4

CERTIFICATE OF REPORTER.....29

P R O C E E D I N G S

THE CHAIRMAN: Good morning, everyone. I hereby call to order the Escambia County Planning Board quasi-judicial rezoning hearings for February 4th.

We have a quorum, and we have both of our School Board and Navy representatives here with us as well.

At this time I'd like to ask everyone to please stand for the Pledge of Allegiance.

MR. JONES: Mr. Chairman, if I may, I do have an email from Mr. Reed Rushing stating he will not be in attendance today.

THE CHAIRMAN: Okay. Thank you.

(Pledge of Allegiance recited.)

THE CHAIRMAN: Let the record reflect that Mr. Rushing sent in a letter concerning his absence for today.

At this time, staff members, do we have proof of publication of the meeting?

MS. LINDSAY: Yes, we do.

THE CHAIRMAN: Okay. And does that publication meet all of the legal requirements?

MS. LINDSAY: Yes, it does.

THE CHAIRMAN: Okay. Chair will entertain a motion to accept the legal and the advertisements.
MR. PYLE: So moved.
MR. FEARS: Second.
THE CHAIRMAN: Second.
All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: Motion carries.
All right. You've been previously provided meeting minutes from the last meeting.
Are there any additions, deletions or corrections to those meeting minutes?
(No response.)
THE CHAIRMAN: Hearing none, Chair will entertain a motion to accept.
MR. PYLE: So moved.
THE CHAIRMAN: Second?
MR. FEARS: Second.
THE CHAIRMAN: All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?

(No response.)
THE CHAIRMAN: Motion carries.
Board members, you've been previously provided the rezoning hearing package for February 4th, with the findings of fact.
Chair will now entertain a motion to accept that rezoning hearing package, the findings of facts, and the legal advertisement into evidence.
MR. PYLE: So moved.
MR. FEARS: Second.
THE CHAIRMAN: Motion and second.
All those in favor?
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: Motion carries.
The rezoning hearing package, with the findings of facts and the legal advertisement will be marked and included in the record for all of today's cases.
At this time, we'll ask our court reporter to please swear in the members of staff that will be giving testimony.
(All staff members sworn.)

THE CHAIRMAN: All right. Thank you, sir.
Board members, all of these individuals have been previously qualified to offer expert testimony in the area of land use and planning.
Do any of you have any questions regarding their qualifications or their ability to offer expert testimony?
(No response.)
THE CHAIRMAN: Hearing none, let the record reflect that these individuals will be noted as experts in the area of land use and planning for all of today's cases.
At this hearing, the Planning Board is acting under its authority to hear and make recommendations to the Board of County Commissioners on rezoning applications.
These hearings are quasi-judicial in nature. Quasi-judicial hearings are like evidentiary hearings in a court of law. However, they are less formal.
All testimony will be given under oath, and anyone testifying before the Planning Board will be subject to cross-examination. All documents and exhibits that the Planning Board considers will be entered into evidence and made

part of the record. Opinion testimony will be limited to experts. Closing arguments will be limited to the evidence in the record.
Before making a decision, the Planning Board will consider the relevant testimony, the exhibits entered into evidence, and the applicable laws.
Each individual who wishes to address the Planning Board must complete a speaker request form. They are located at the back of our chambers. Please turn them in to the staff members if you wish to speak.
Please note that only those individuals that are present today and give testimony on the record will be allowed to speak at the subsequent Board of County Commission meeting.
No new evidence can be presented at the BCC meeting. Therefore, all testimony and evidence must be presented today.
The Planning Board will provide a recommendation for each rezoning request to the BCC. They will then review the testimony, documents, exhibits, consider the closing arguments, and make a final decision. All decisions by the BCC are final.

Anyone who wishes to seek judicial review of that decision must do so in a court of competent jurisdiction within 30 days of the date that the BCC either approves or rejects the recommended order from the Planning Board.

All written or oral communications outside of this hearing with members of the Planning Board are considered ex parte communications.

Ex parte communications are presumed prejudicial under Florida law and must be disclosed as provided in BCC Resolution 96-13.

As each case is heard, the Chair will ask that any board members who have been involved in ex parte communications please identify themselves and describe that communication.

The rezoning criteria. As required by Section 2-7.2 of the Escambia County Land Development Code, the Planning Board's recommendations to BCC shall include consideration of the following approval conditions.

(Approval conditions recited.)

THE CHAIRMAN: At the beginning of each case, as long as there are no objections from the applicant, we will allow the staff to do

their presentation.

The zoning maps, photographs -- and we're making a slight change this year. We're going to allow the staff to give their full findings of facts up front so that we have a basis of what laws we're looking at and what statutes are involved.

Then we will hear from the applicant and any witnesses that they may wish to call. And then we will hear from members of the public who have completed a speaker request form.

Okay. We have a large crowd today. We have quite a few items on the agenda. We are going to have time limits in place on speakers.

Please be concise. If you're going to speak on a topic, it's very important that what you're saying is pertinent to our decision. Okay.

Sometimes when we start talking about rezonings and things, folks want to talk about stormwater, and traffic, and things that we do not have any control of in this board.

Remember, we only can vote on those criteria which we just presented on the board. So if it's anything outside of that, there's

another meeting, another place for that, which would be the Development Review Committee and that process there, which Horace can explain later.

We have to be out of this room -- there's a Special Magistrate that comes in later today. He has the room reserved. And I believe that's at 1:00. Okay. So please keep your comments concise and clear.

All right. We're going to go directly into our rezoning requests. We have two cases to be heard today.

The first rezoning application for consideration is Case Z-2020-01, Clint Geci, agent for Kader, Incorporated, the owner, 7000 block of Pine Forest Road, 4.95 plus-minus acres.

Commercial, 25 dwelling units an acre to HC/LI-NA which is the heavy commercial, light industrial district, prohibiting the subsequent establishment of microbreweries, microdistilleries, microwineries, bars, nightclubs or adult entertainment uses.

Okay. Before we go into the case, members of the Board, has there been any ex parte

communication between you, the applicant, agents, attorneys, witnesses, fellow Planning Board members, or anyone from the general public prior to this hearing?

I'll also ask that you disclose if you have visited the subject property, and if you are a relative or business associate to any of the parties.

MS. HIGHTOWER: Good morning.

No to all the above.

THE CHAIRMAN: Thank you, Patty.

MR. SAMMONS: No.

THE CHAIRMAN: All right. Thank you.

MR. PYLE: No to all. Familiar with the property.

THE CHAIRMAN: All right.

Chairman, no to all.

MR. FEARS: No to all.

MR. INGWELL: No to all.

THE CHAIRMAN: Okay. And I've noticed that Steve, our Navy representative, has stepped out of the room briefly. We'll get him on the record when he comes back in.

Okay. Staff, on this hearing, was notice sent to all interested parties?

Page 13

MS. LINDSAY: Yes, sir, it was.
THE CHAIRMAN: Was it also correctly posted on the subject property?
MS. LINDSAY: Yes, sir, it was.
THE CHAIRMAN: Do we have our sound person in here? We're getting a lot of feedback.
MR. JONES: And, Mr. Chairman, while they're doing that, I do want to -- And I know I want to recognize Ms. Karen Sindel, a longtime Planning Board member, who worked with Mr. Briske for many years. So I want to recognize her.
MS. SINDEL: Thank you.
THE CHAIRMAN: Good morning.
MS. SINDEL: Good morning.
THE CHAIRMAN: That's right. Good morning and welcome.
Okay. At this time, like I said, we're changing up our format just a little bit, where the staff will be doing their pictures and their presentation first. And then we'll hear from the applicant. So who's presenting on behalf of staff. Allyson? Okay.
MS. LINDSAY: Allyson Lindsay, urban planner for Development Services.

Page 14

First off, I'd like to ask the board if they would accept this as another affidavit of power of attorney for the project.
The owner has signed to let Mr. Buddy Page be the agent, who is here. And so if you would accept this, and then we can substitute this in the packet for the Board of County Commissioners.
THE CHAIRMAN: Okay. So the original agent was going to be client Clint Geci. And now it's Mr. Buddy Page.
MS. LINDSAY: Yes, sir.
THE CHAIRMAN: And the Chair will entertain a motion to accept.
MR. PYLE: So moved.
MR. FEARS: Second.
THE CHAIRMAN: Motion and second.
All those in favor say "aye."
(Chorus of "ayes.")
MR. JONES: Mr. Briske, did you want to say that we're going to make a correction on the top sheets going forward for the GMR, so the record can be clear.
THE CHAIRMAN: Okay. Has the correction been provided to the agent or the owners, or is

Page 15

this just a minor change?
MS. LINDSAY: This is an actual form that the owner had to sign to allow Mr. Page to be their agent. So this will replace the one that is in there for Mr. Geci.
THE CHAIRMAN: Okay. All right. Very good. Okay. Steve, I'm sorry. While you were gone, we went through our quasi-judicial.
Do you have any outside ex parte communication on any of -- well, this case particularly? Have you visited the subject site or are you a relative or business associate of any of the parties?
MR. OPALENIK: I'm aware of the site. That's no to all.
THE CHAIRMAN: Okay. Thank you, sir.
All right. So at this time, Allyson, we'll let you go ahead and start presenting.
MS. LINDSAY: Okay. This is the address, 7000 block Pine Forest Road. And it's changing the zoning from -- it's requesting to change the zoning from commercial to HC/LI-NA.
So on the first . . . on the first criterion 1, consistent with Comprehensive Plan, the proposed amendment to HC/LI-NA IS consistent

Page 16

with the future land use of mixed-use urban. And mixed-use urban does allow for a mix of residential, nonresidential, and some public and civic uses.
The criterion B, consistent with the Land Development Code. The proposed amendment is consistent with the intent and purpose of the Land Development Code.
Parcel is currently wooded and vacant, surrounded by commercial uses, public land, and residential. The proposed zoning allows for light manufacturing, limited to the confines of a building not to --
THE CHAIRMAN: Excuse me, Allyson.
MS. LINDSAY: Yes.
THE CHAIRMAN: Horace, can we have someone follow along on the screen with the presentation?
MS. LINDSAY: Yes.
THE CHAIRMAN: Just so members of the public can see everything.
Thank you.
Allyson, you're going to have to walk and chew gum at the same time, I think.
MS. LINDSAY: Okay. I'll try.

MR. JONES: Mr. Lemos is going to work the maps.

THE CHAIRMAN: All right. Juan to the rescue.

MR. JONES: He's better at pushing buttons than me.

MS. LINDSAY: I'm going to back up. And I think I'm going to do the maps first and the pictures, since I seem to have forgotten that first.

See, I still can't chew gum and walk at the same time.

THE CHAIRMAN: Throw you a curve ball by doing it a little differently today, but we're trying to be more efficient.

MS. LINDSAY: So this is the location map of the parcel off of Pine Forest Road.

And then this is the zoning map showing the current zoning of commercial surrounded by HC/LI, HC/LI-NA, commercial, and HDMU, and public.

And then the future land use map currently is mixed-use urban, surrounded by mixed-use urban, commercial, and public FLU.

The existing land use map, showing the

parcel surrounding the subject property.

And the aerial map showing the site with the red outline.

Here's the public notice signs posted on site off of Nathan Road.

And this is the second sign that's posted along Pine Forest Road.

This is looking north into the Nathan Road sign.

This is looking from Nathan Road looking northwest.

This is from the parcel looking east.

This is looking south on Nathan Road from the property.

And this is looking east from Pine Forest Road.

I was in B for LDC. So the proposed zoning, it allowed for the light manufacturing, limited to the confines of a building.

And the second parcel is adjacent to HC/LI and HC/LI-NA parcels.

And if granted, the subject property will be an expansion of the current HC/LI property that's adjoining the subject parcel to the northwest.

Access will be off of Pine Forest Road. The parcel is under unified ownership by the applicant for the parcel to the northwest. And it's not yet been combined, but I think they're in the process of combining the two properties.

Criterion C, compatible with surrounding uses. The proposed amendment is compatible with the surrounding existing uses in the area.

Within the 500-foot impact area, there were districts that were commercial, public, HC/LI, HC/LI-NA, and HDMU.

The request to HC/LI-NA is to allow for the same use as the adjoining site of the parcel to the northwest, to allow an expansion of the 3.4, plus or minus, acre parent site -- HC/LI parcel -- sorry -- site to the west.

To the south and adjacent to the subject parcel that are single-family homes, which access -- single-family homes which access Nathan Road. They aren't a platted subdivision.

The primary access from the subject parcel will only be off of Pine Forest Road and the existing buffer along the southern portion of the property -- a requirement for any commercial activity that's adjacent to residential. And at

site plan review, that will be one of the things that they review.

Criterion D, appropriate with spot zoning. The parcel is not considered to be spot zoning, due to the fact that the same zoning exists and is adjoining the property to the north and the west of the subject property.

Appropriate for changed conditions. The land use or development conditions within the area surrounding the parcel of the zoning have not changed since 2014, when there were two parcels to the north of the subject property that were rezoned from R-1 to C-2-NA, when they were adjacent to the HC/LI.

The rezoning request for the rezoning to HC/LI-NA is in keeping with the existing HC-LI on the adjacent parcel. And the request will allow for the applicant to use the parcel as a continuation of his parcel adjoining to the northwest.

And that concludes staff's findings.

THE CHAIRMAN: All right. Thank you.

Board members, any questions at this point for staff?

(No response.)

Page 21

THE CHAIRMAN: All right. Mr. Page. Good morning, sir. Please be sworn in and then state your name and address for the record.

WILEY C. "BUDDY" PAGE, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Good morning, sir.

MR. PAGE: Thank you, Mr. Chairman. Buddy Page, 5337 Hamilton Lane in Pace, representing Geci Engineering and Superior Granite, the applicant whose application is being reviewed by the board this morning.

THE CHAIRMAN: Mr. Page, before you go on, I have the quasi-judicial questions to ask you. Mr. Page, have you received a copy of the rezoning hearing package and the findings of fact?

MR. PAGE: Yes, sir.

THE CHAIRMAN: Okay. And do you understand that you have the burden of providing substantial competent evidence that the proposed rezoning is consistent with the Comprehensive Plan, furthers the goals, objectives and

Page 22

policies of that plan, and is not in conflict with the Land Development Code?

MR. PAGE: I do.

THE CHAIRMAN: Thank you, sir. Please proceed.

MR. PAGE: Mr. Chairman, the application as you've heard reviewed by staff this morning, it appears that all five of the items, the applicant is consistent with and substantially in compliance with the findings of the staff. And, Mr. Chairman, I'm just wondering, based upon your earlier comments about your lengthy agenda today, do we have any speakers for this?

THE CHAIRMAN: Yes, sir, we do have one speaker. Mr. Page is alluding to is that sometimes when the applicant and the staff are in agreement on the findings and they are all in compliance or consistent with the code, we do an expedited approval, as long as there's no one from the public present to speak. But we do have a speaker signed up on this one, so . . .

MR. PAGE: Okay. Mr. Chairman, I think I

Page 23

would add at this point, then, I think the general concern for the neighborhood has been the southerly access, as mentioned earlier by the staff. The owner of the property has no intention of having an access -- permanent access to the south. That accessway will be gated off. And, of course, the major reason for that not only is just the concern about the neighbors, but the county has an obvious ordinance against allowing commercial traffic to enter in through a neighborhood to gain access to a commercial site. So in order to be compliant with that, at the Development Review Committee meeting, which is actually where it will be addressed, there will be an affirmation made at that meeting that that connection will not be allowed by way of a gated and locked gate to the south. But other than that, as the staff has already indicated, access to this piece will be by an existing piece owned by the owner, which goes out west and connects into Pine Forest Road. Access from that, transportation concerns

Page 24

in terms of turning movements, peak hour, peak direction, those types of things will be addressed by the engineers at that Development Review Committee meeting. So, Mr. Chairman, I would assert here, too, that we feel like we are consistent with items A, B, C, and D. The staff has affirmed that, based upon their review and the findings. And we would ask the board's consideration to approve it, based upon those findings.

THE CHAIRMAN: All right. Thank you, Mr. Page. Any questions for Mr. Page at this time?

(No response.)

THE CHAIRMAN: All right, sir. If you'll stand by, we'll give you a chance for a closing, if necessary.

MR. PAGE: Thank you.

THE CHAIRMAN: Okay. We're now going to go into the public comment portion of the meeting. And this will be for this meeting as well as all the other ones that we do today. But we have to read it because we're in quasi-judicial. For those members of the public who wish to speak on this matter, please note

that the Planning Board bases its decisions on the approval conditions and exceptions described in Section 2-7.2 of the Escambia County Land Development Code.

During our deliberations, the Planning Board does not consider general statements of support or opposition.

Accordingly, please limit your testimony to the approval conditions and exceptions in 2-7.2, which are on the board as well.

Please also note that only those individuals who are present and give testimony on the record at this hearing will be allowed to speak at the hearing before the BCC.

Mr. Larry Downs. Please be sworn in, state your name and address for the record, sir.

- - -

LARRY DOWNS, JR., upon being duly sworn, was examined and testified as follows:

- - -

MR. DOWNS: I just wanted to get on the records, in case some shenanigans goes down at the next meeting.

But I am in agreement that this -- that this property meets all the criteria to approve

the rezoning.

And also I'd just like to say, because it was mentioned in this one, you know, that the citizens have the burden of proving their property rights.

I think -- I think that's backwards. I think the county should have the burden of proving we don't have property rights.

Thank you.

THE CHAIRMAN: Thank you, Mr. Downs.

All right. That's the only speaker request forms that have been filled out on this.

Is there anyone else from the general public that has not already spoken that wishes to speak on this case?

(No response.)

THE CHAIRMAN: Are there any in there for number one, Juan?

(No response.)

THE CHAIRMAN: Okay. Mr. Thompson. Fred Thompson. Are you wishing to speak on this case or are you on Planning Board -- you had 2019-01.

MR. THOMPSON: Yes.

THE CHAIRMAN: Regular Planning Board meeting? Okay.

So that will go over here.

And Ms. Pino, same thing?

MS. PINO: Yes.

THE CHAIRMAN: Okay. All right. Thank you.

With that, we have no more speakers. I will hereby close the public comment portion for this hearing.

Mr. Page, did you wish to add anything at this time?

MR. PAGE: No, sir.

THE CHAIRMAN: All right. He's indicated no.

Chair will entertain a motion.

MR. SAMMONS: Move to approve.

MR. PYLE: Second.

THE CHAIRMAN: Motion to approve and a second.

Does your motion include accepting the findings of facts and the applicant's testimony?

MR. SAMMONS: Yes.

THE CHAIRMAN: All right. Thank you.

And second?

MR. PYLE: Second.

THE CHAIRMAN: Second stands.

Any further discussion?

(No response.)

THE CHAIRMAN: All those in favor, please indicate "aye."

(Chorus of "ayes.")

THE CHAIRMAN: Against?

(No response.)

THE CHAIRMAN: All right. Motion carries unanimously.

Thank you, Mr. page.

(Hearing concluded at 9:00 a.m.)

Planning Board-Rezoning **6. A.**

Meeting Date: 02/04/2020
CASE : Z-2020-01
APPLICANT: Clint Geci, Agent for Kader, Inc., Owner
ADDRESS: 7000 Blk Pine Forest Rd (off)
PROPERTY REF. NO.: 24-1S-31-4302-000-000
FUTURE LAND USE: MU-U, Mixed-Use Urban
DISTRICT: 1
OVERLAY DISTRICT: N/A
BCC MEETING DATE: 03/05/2020

SUBMISSION DATA:
REQUESTED REZONING:

FROM: Com, Commercial district (25 du/acre)

TO: HC/LI-NA, Heavy Commercial and Light Industrial district, prohibiting the subsequent establishment of any microbreweries, microdistilleries, microwineries, bars, nightclubs, or adult entertainment uses (25 du/acre)

RELEVANT AUTHORITY:

(1) Escambia County Comprehensive Plan
(2) Escambia County Land Development Code
(3) Board of County Commissioners of Brevard County v. Snyder, 627 So. 2d 469 (Fla. 1993)
(4) Resolution 96-34 (Quasi-judicial Proceedings)
(5) Resolution 96-13 (Ex-parte Communications)

APPROVAL CONDITIONS

Criterion a., LDC Sec. 2-7.2(b)(4)
Consistent with Comprehensive Plan
The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

CPP FLU 1.3.1 Future Land Use Categories The Mixed-Use Urban (MU-U) Future Land Use (FLU) category is intended for an intense mix of residential and nonresidential uses while promoting compatible infill development and the separation of urban and suburban land uses within the category as a whole. Range of allowable uses include: Residential, Retail and Services, Professional Office, Light Industrial, Recreational Facilities, Public and Civic. The maximum residential density is 25 dwelling units per acre.

CPP FLU 1.5.1 New Development and Redevelopment in Built Areas. To promote the efficient use of existing public roads, utilities and service infrastructure, the County will encourage redevelopment in underutilized properties to maximize
development densities and intensities located in the Mixed Use-Suburban, Mixed Use-Urban, Commercial and Industrial Future Land Use districts categories (with the exception of residential development). .

FINDINGS

The proposed amendment to HC/LI-NA is consistent with the intent and purpose of Future Land Use category MU-U as stated in CPP FLU 1.3.1.

Criterion b., LDC Sec. 2-7.2(b)(4)

Consistent with The Land Development Code

The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

Sec. 3-2.10 Commercial district (Com).

(a) Purpose. The **Commercial (Com)** district establishes appropriate areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. To maintain compatibility with surrounding uses, all commercial operations within the Commercial district are limited to the confines of buildings and not allowed to produce undesirable effects on surrounding property. To retain adequate area for commercial activities, new and expanded residential development within the district is limited, consistent with the Commercial (C) future land use category.

Sec. 3-2.11 Heavy Commercial and Light Industrial district (HC/LI).

a) Purpose. The Heavy Commercial and Light Industrial (HC/LI) district establishes appropriate areas and land use regulations for a complementary mix of industrial uses with a broad range of commercial activities. The primary intent of the district is to allow light manufacturing, large-scale wholesale and retail uses, major services, and other more intense uses than allowed in the Commercial district. The variety and intensity of non-residential uses within the HC/LI district is limited by the applicable FLU and their compatibility with surrounding uses. All commercial and industrial operations are limited to the confines of buildings and not allowed to produce undesirable effects on other property. To retain adequate area for commercial and industrial activities, other uses within the district are

limited.

(b) Permitted uses. Permitted uses within the HC/LI district are limited to the following:

(1) Residential. Any residential uses outside of the Industrial (I) future land use category but if within the Commercial (C) future land use category (and not the principal single-family dwelling on an existing lot of record), only as part of a predominantly commercial development; and excluding new or expanded manufactured (mobile) home parks and subdivisions. See also conditional uses in this district.

(2) Retail sales. Retail sales, including Low-THC marijuana dispensing facilities, sales of alcoholic beverages, sales of automotive fuels, and sales of new and used automobiles, motorcycles, boats, and manufactured (mobile) homes.

(3) Retail services.

a. Car washes, automatic or manual, full service or self-serve.

b. Child care facilities.

c. Hotels, motels and all other public lodging, including boarding and rooming houses.

d. Personal services, including those of beauty shops, health clubs, pet groomers, dry cleaners and tattoo parlors.

e. Professional services, including those of realtors, bankers, accountants, engineers, architects, dentists, physicians, and attorneys.

f. Rental of automobiles, trucks, utility trailers and recreational vehicles.

g. Repair services, including appliance repair, furniture refinishing and upholstery, watch and jewelry repair, small engine and motor services, and major motor vehicle and boat service and repair, but excluding outdoor work or storage.

h. Restaurants and brewpubs, including on-premises consumption of alcoholic beverages, drive-in and drive-through service, and brewpubs with the distribution of on-premises produced alcoholic beverages for off-site sales. The parcel boundary of any restaurant or brewpub with drive-in or drive-through service shall be at least 200 feet from any LDR or MDR zoning district unless separated by a 50-foot or wider street right-of-way.

i. Taxi and limousine services

See also conditional uses in this district.

(4) Public and civic.

a. Broadcast stations with satellite dishes and antennas, including towers.

b. Cemeteries, including family cemeteries.

c. Community service facilities, including auditoriums, libraries, museums, and neighborhood centers.

d. Educational facilities, including preschools, K-12, colleges, and vocational schools.

e. Emergency service facilities, including law enforcement, fire fighting, and medical assistance.

f. Funeral establishments.

g. Homeless shelters.

h. Hospitals.

i. Offices for government agencies or public utilities.
j. Places of worship.
k. Public utility structures, including telecommunications towers, but excluding industrial uses not otherwise permitted.
See also conditional uses in this district.

(5) Recreation and entertainment.
a. Commercial entertainment facilities, indoor or outdoor, including movie theatres, amusement parks, and stadiums, but excluding motorsports facilities.
Carnival-type amusements shall be at least 500 feet from any residential district.
Bars, nightclubs, and adult entertainment are prohibited in areas with the zoning designation HC/LI-NA or areas zoned ID-CP or ID-1 prior to adoption of HC/LI zoning.
b. Commercial recreation facilities, passive or active, including those for walking, hiking, bicycling, camping, recreational vehicles, swimming, skateboarding, bowling, court games, field sports, and golf, but excluding off-highway vehicle uses and outdoor shooting ranges. Campgrounds and recreational vehicle parks require a minimum lot area of five acres.
c. Marinas, private and commercial.
d. Parks, with or without permanent restrooms or outdoor event lighting.
See also conditional uses in this district.

(6) Industrial and related. The following industrial and related uses, except within MU-S.
a. Light industrial uses, including research and development, printing and binding, distribution and wholesale warehousing, and manufacturing, all completely within the confines of buildings and without adverse off-site impacts.
b. Marinas, industrial.
c. Microbreweries, microdistilleries, and microwineries, except in areas with the zoning designation HC/LI-NA.
See also conditional uses in this district.

(7) Agricultural and related.
a. Food produced primarily for personal consumption by the producer, but no farm animals.
b. Nurseries and garden centers, including adjoining outdoor storage or display of plants.
c. Veterinary clinics, excluding outside kennels.
See also conditional uses in this district.

(8) Other uses. Within MU-S, outside storage is permitted only when adequately screened per LDC regulations.
a. Billboards structures, excluding areas zoned ID-CP, GBD, or GID prior to adoption of HC/LI zoning.
b. Building or construction trades shops and warehouses, including on-site outside storage.
c. Bus leasing and rental facilities, not allowed within MU-S.
d. Deposit boxes for donation of used items when placed as an accessory structure on the site of a charitable organization.

e. Outdoor adjacent display of plants by garden shops and nurseries.
f. Outdoor sales.
g. Outdoor storage of trailered boats and operable recreational vehicles, excluding repair, overhaul or salvage activities.
h. Parking garages and lots, commercial, not allowed within MU-S.
i. Sales and outdoor display of prefabricated storage sheds.
j. Self-storage facilities, including vehicle rental as an accessory use

(2) HC/LI-NA designation. Any applicant for rezoning to the HC/LI zoning district may request a HC/LI-NA designation prohibiting the subsequent establishment of any microbreweries, microdistilleries, microwineries, bars, nightclubs, or adult entertainment uses on the rezoned property. The request shall be in the form of a notarized affidavit that acknowledges this use restriction and affirms that it is a voluntary request. Once approved according to the rezoning process of Chapter 2, the HC/LI-NA zoning designation and its prohibitions shall apply to the property, regardless of ownership, unless the parcel is rezoned.

FINDINGS

The proposed amendment **is consistent** with the intent and purpose of the Land Development Code. The parcel is currently wooded and vacant, surrounded by commercial uses, public land and residential. The proposed zoning allows for light manufacturing limited to the confines of buildings, not to produce undesirable effects on other property. The subject parcel is adjacent to HC/LI parcels and if granted, the subject parcel will be an expansion of the current HC/LI property adjoining the subject parcel to the northeast. Access will be off of Pine Forest Rd.

Criterion c., LDC Sec. 2-7.2(b)(4)

Compatible with surrounding uses

All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

FINDINGS

The proposed amendment is compatible with surrounding existing uses in the area. Within the 500 radius impact area, staff observed properties with zoning districts Com, Pub, HCLI, HC/LI-NA, HDMU. The request to HC/LI-NA is to allow the same use as the adjoining site parcel to the northwest, to allow an expansion of the 3.4 (+/-) acre; HC/LI parcel site to the west. To the south and adjacent to the subject parcel, there are many single-family homes which access Nathan Road. The primary access for the subject property is off Pine Forest Rd, and the existing buffering along the southern portion of the property is a requirement for

any commercial activity adjacent to residential, which will be reviewed at the time of Site Plan Review.

Criterion d., LDC Sec. 2-7.2(b)(4)

Appropriate if spot zoning

Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balancing of interests between the isolated district and adjoining lands.

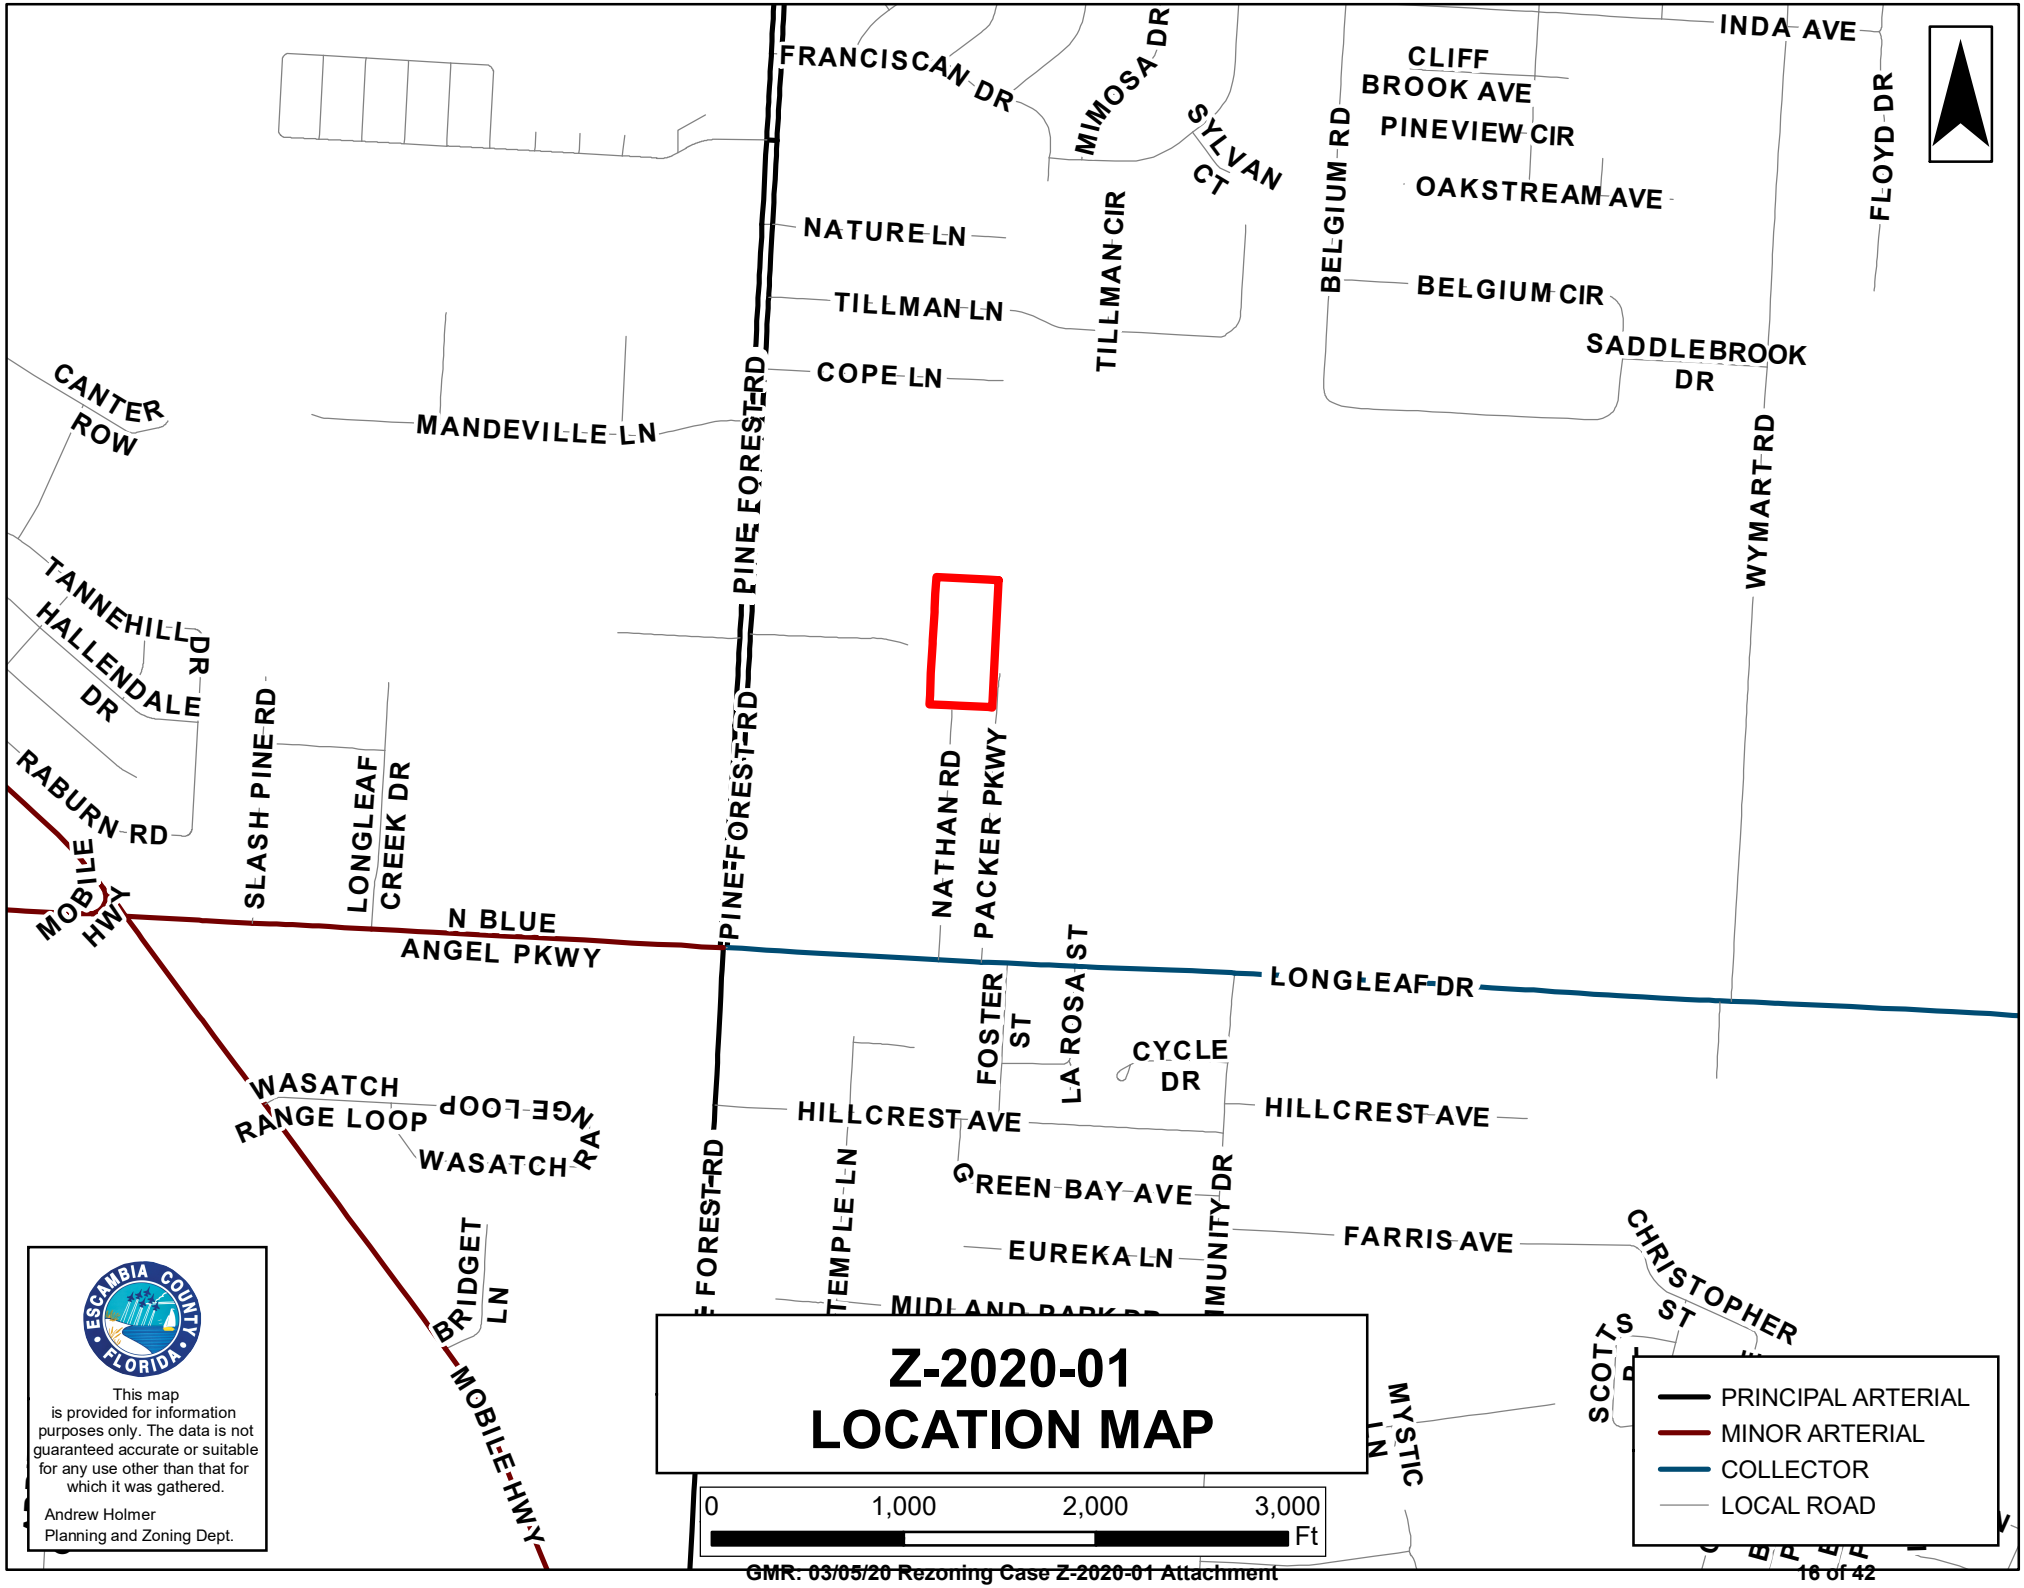
As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development.*

FINDINGS

The parcel is **not** considered as spot zoning due to the fact that the same zoning exists and is adjoining the property to the north and west of the subject property.

Criterion e., LDC Sec. 2-7.2(b)(4)

Appropriate with changed or changing conditions



If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

FINDINGS

The land uses or development conditions within the area surrounding the property of rezoning **have not** changed. The request to rezone to HC/LI-NA is in keeping with the existing HC/LI on the adjacent parcels and the request will allow the applicant to use this parcel as a continuation of his parcel adjoing to the northwest.

RE: Parcel 24-1S-31-4302-000-000
Rezoning Application Submittal

Dear Allyson:

On behalf of Kader, Inc., we are submitting a Rezoning Application for Parcel 24-1S-31-4302-000-000. With this letter, please find the following items:

1. One (1) complete, signed & notarized Rezoning Application
2. One (1) copy of the Warranty Deed and Corporation Info as proof of ownership
3. One (1) Certified copy of the Boundary Survey
4. One (1) check in the amount of $1,275.50
5. One (1) CD containing all information listed above

Please let us know if you need any further information to complete your review.

Sincerely,

GECI AND ASSOCIATES ENGINEERS, INC.

Rezoning Application

FOR OFFICE USE ONLY - Case Number: Z-2020-01 _ Accepted by: AL PB Meeting: 2/4/2020

1. **Contact Information:**

   A. **Property Owner/Applicant:** Kader, Inc.

   Mailing Address: 7011 Pine Forest Road

   Business Phone: 840-941-0270 Cell: _____

   Email: wkader@superiorgranite.com

   B. **Authorized Agent (if applicable):** Clint Geci (Geci & Associates Engineers, Inc.)

   Mailing Address: 2950 N 12th Ave

   Business Phone: 850-432-2929 Cell: _____

   Email: clint@geciengineering.com

   Note: Owner must complete the attached Agent Affidavit. If there is more than one owner, each owner must complete an Agent Affidavit. Application will be voided if changes to this application are found.

2. **Property Information:**

   A. Existing Street Address: 7000 BLK PINE FOREST RD (OFF) 32526

   Parcel ID (s): 241S314302000000

   B. Total acreage of the subject property: 4.95

   C. Existing Zoning: Com

   Proposed Zoning: HC/LI -NA; explain why necessary and/or appropriate
   Zoning to HC/LI is necessary to facilitate manufacturing warehousing which is the proposed land use for the subject property.

   FLU Category: MU-U

D. Is the subject property developed (if yes, explain): The subject property is undeveloped.

E. Sanitary Sewer: X Septic: _____

3. **Amendment Request**

Approval conditions. The applicant has the burden of presenting competent substantial evidence to the reviewing board establishing that the requested zoning district would contribute to or result in a logical and orderly development pattern. The appropriate surrounding area within which uses and conditions must be considered may vary with those uses and conditions and is not necessarily the same area required for mailed notification. A logical and orderly pattern shall require demonstration of each of the following conditions:

Please address *ALL* the following approval conditions for your rezoning request. (use supplement sheets as needed)

a. **Consistent with Comprehensive Plan.** The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

The FLU for the subject property is Mixed-Use Urban (MU-U) which intends for an intense mix of residential and non-residential uses. MU-U allows for commercial & light industrial uses with a maximum Floor Area Ration of 2.0. As the permitted uses of HC/LI-NA zoning are allowable under MU-U, the proposed zoning designation is consistent with the Future Land Use.

b. **Consistent with zoning district provisions.** The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3

Per LDC Sec. 3-2.11, the primary intent of zoning district HC/LI-NA "is to allow light manufacturing, large-scale wholesale and retail uses, major services, and other more intense uses than allowed in the commercial district". Light industrial operations will be limited to the confines of the building(s) and will not produce undesirable effects on other property. Any proposed land use for the subject property will be consistent with the zoning district provisions.

c. **Compatible with surroundings.** All of the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

The surrounding uses are single-family residential, school, & warehouse. Parcels lying to the west are zoned HC/LI and are light industrial use. The permitted uses of HC/LI are residential, retail sales, retail services, public/civic, recreation and entertainment, light industrial, & agricultural; all of the listed permitted uses of HC/LI are compatible with the existing adjacent uses. Vegetative landscape buffers and fencing will be installed to buffer different land uses. Access to Nathan Rd will be restricted to eliminate truck traffic on the residential street.

d. **Appropriate if spot zoning.** Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site-specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

N/A - No spot Zoning will exist.

e. **Appropriate with changed or changing conditions.** If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

New uses allowed by the proposed zoning will be appropriate with the area surrounding the property given the adjacent zoning and land use types. The subject parcel is the only parcel in the vicinity undeveloped, therefore the rezoning will not create or contribute to sprawl.

4. **Please complete the following Forms: Concurrency Determination Acknowledgement and Affidavit of Owner/Limited Power of Attorney (if applicable).**

CONCURRENCY DETERMINATION ACKNOWLEDGMENT

Property Reference Number(s): 241S314302000000

Property Address: 7000 BLK PINE FOREST RD (OFF), 32526

I/We acknowledge and agree that no future development for which concurrency of required facilities and services must be certified shall be approved for the subject parcel(s) without the issuance of a certificate of concurrency for the development based on the actual densities and intensities proposed in the future development's permit application.

I/We also acknowledge and agree that approval of a zoning district amendment (rezoning) or Future Land Use Map amendment does not certify, vest, or otherwise guarantee that concurrency of required facilities and services is, or will be, available for any future development of the subject parcels.

I/We further acknowledge and agree that no development for which concurrency must be certified shall be approved unless at least one of the following minimum conditions of the Comprehensive Plan will be met for each facility and service of the County's concurrency management system prior to development approval:

a. The necessary facilities or services are in place at the time a development permit is issued.

b. A development permit is issued subject to the condition that the necessary facilities and services will be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

c. For parks and recreation facilities and roads, the necessary facilities are under construction at the time the development permit is issued.

d. For parks and recreation facilities, the necessary facilities are the subject of a binding executed contract for the construction of the facilities at the time the development permit is issued and the agreement requires that facility construction must commence within one year of the issuance of the development permit.

e. The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.3220, F.S., or as amended, or an agreement or development order issued pursuant to Chapter 380, F.S., or as amended. For wastewater, solid waste, potable water, and stormwater facilities, any such agreement will guarantee the necessary facilities and services to be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

f. For roads, the necessary facilities needed to serve the development are included in the first three years of the applicable Five-Year Florida Department of Transportation (FDOT) Work Program or are in place or under actual construction no more than three years after the issuance of a County development order or permit.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 16th DAY OF December, YEAR OF 2019.

5. Submittal Requirements

A. ✓ Completed application: All applicable areas of the application shall be filled in and submitted to the Planning and Zoning Department, 3363 West Park Place, Pensacola, FL 32505.

B. ✓ Application Fees: To view fees visit the website: http://myescambia.com/business/ds/planning-board or contact us at 595-3547

Note: Application fees include a $5 technical fee. Cost of the public notice mailing is to be borne by the applicant. Payments must be submitted prior to 3 pm of the closing date of acceptance of application. Please make checks payable to Escambia County. MasterCard and Visa are also accepted (a 3% fee will be added for credit card payments).

C. ✓ Legal Proof of Ownership (ex: copy of Tax Notice or Warranty Deed) **AND** a Certified Boundary Survey (Include Corporation/LLC documentation if applicable.)

D. NA Compatibility Analysis (if applicable): If the subject property does not meet the roadway requirements of Locational Criteria, a compatibility analysis prepared by the applicant is required to provide substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria. (See "Documented Compatibility" within the request zoning district of the LDC.)

E. ✓ Signed and Notarized Affidavit of Owner/Limited Power of Attorney AND Concurrency Determination Acknowledgement (pages 4 and 5).

By my signature, I hereby certify that:

1) I am duly qualified as owner(s) or authorized agent to make such application, this application is of my own choosing, and staff has explained all procedures relating to this request; and

2) All information given is accurate to the best of my knowledge and belief, and I understand that deliberate misrepresentation of such information will be grounds for denial or reversal of this application and/or revocation of any approval based upon this application; and

3) I understand that there are no guarantees as to the outcome of this request, and that the application fee is non-refundable; and

4) I authorize County staff to enter upon the property referenced herein at any reasonable time for purposes of site inspection and authorize placement of a public notice sign(s) on the property referenced herein at a location(s) to be determined by County staff; and

5) I am aware that Public Hearing notices (legal ad and/or postcards) for the request shall be provided by the Development Services Bureau.

Warranty Deed

This Warranty Deed is made this November 8, 2019 A.D. between **Pensacola Properties Investments Group, LLC, a Florida limited liability company** whose post office address is: 36008 Emerald Coast Pkwy, Suite 201, Destin, Florida 32541 a corporation existing under the laws of the State of Florida, (hereinafter referred to as "Grantor") and **Kader, Inc., Florida corporation** whose post office address is: 7011 Pine Forest Road, Pensacola, Florida 32526, (hereinafter referred to as "Grantee"),

Witnesseth, that the said Grantor, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), to it in hand paid by the said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee forever, the following described land, situate, lying and being in the County of Escambia, State of Florida, to wit:

A PORTION OF THE SOUTH 1/2 OF THE SOUTHWEST /4 OF THE SOUTHEAST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA, DESCRIBED AS FOLLOWS: BEGINNING AT AN IRON PIPE AT THE SOUTHEAST CORNER OF THE SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 24; THENCE NORTH 88°18'42" WEST, ALONG THE SOUTH LINE OF SAID SECTION 326.78 FEET; THENCE NORTH 1°42'40" EAST, 665.56 FEET; THENCE SOUTH 88°18'28" EAST, 327.72 FEET TO THE NORTHEAST CORNER OF THE SOUTH 1/2 OF THE SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION; THENCE SOUTH 1°47'30" WEST ALONG THE EAST LINE OF SAID SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 665.54 FEET TO THE POINT OF BEGINNING.

Subject to taxes for the current year, covenants, restrictions and easements of record, if any.
Parcel Identification Number: **241S314302000000**

And the said Grantor does hereby fully warrant the title to said land, and will defend the same against the lawful claims of all persons whomsoever.

In Witness Whereof, the said Grantor has caused this instrument to be executed in its name by its duly authorized officer and caused its corporate seal to be affixed the day and year first above written.

DESCRIPTION: (OFFICIAL RECORDS BOOK 7954, PAGE 1834)

A PORTION OF THE SOUTH 1/2 OF THE SOUTHWEST /4 OF THE SOUTHEAST 1/4 OF SECTION 24, TOWNSHIP 1 SOUTH, RANGE 31 WEST, ESCAMBIA COUNTY, FLORIDA, DESCRIBED AS FOLLOWS:
BEGINNING AT AN IRON PIPE AT THE SOUTHEAST CORNER OF THE SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 24;
THENCE NORTH 88°18'42" WEST, ALONG THE SOUTH LINE OF SAID SECTION 326.78 FEET;
THENCE NORTH 1°42'40" EAST, 665.56 FEET;
THENCE SOUTH 88°18'28" EAST, 327.72 FEET OF THE NORTHEAST CORNER OF THE SOUTH 1/2 OF THE SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION;
THENCE SOUTH 1°47'30" WEST ALONG THE EAST LINE OF SAID SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 665.54 FEET TO THE **POINT OF BEGINNING.**

SURVEYORS NOTES:

- THE MAP OF SURVEY AS SHOWN HEREON IS A BOUNDARY AND TOPOGRAPHIC SURVEY FOR WHICH PURPOSE IS TO DEFINE THE RECORD BOUNDARY ON THE GROUND BY RETRACEMENT OF THE RECORD DEED, RECOVERY, AND/OR PLACEMENT OF MONUMENTATION OF SAID BOUNDARY, AND ALSO; VERTICALLY DEPICT GROUND SURFACE ELEVATIONS BY SPOT ELEVATIONS, AND/OR 1.0 FOOT CONTOUR INTERVALS RELATIVE TO MEAN SEA LEVEL, AND ALSO; LOCATE HORIZONTALLY AND VERTICALLY, DIMENSIONALLY MEASURED FIXED PERTINENT STORMWATER STRUCTURES AND VISIBLE SURFACE FEATURE UTILITIES AND ALSO; GRAPHICALLY DEPICT FIXED NON-PERTINENT VISIBLE SURFACE FEATURE IMPROVEMENTS TO SCALE AND THEIR RELATIONSHIP TO THE BOUNDARY, PREPARED FOR THE CLIENT AS SHOWN AND IS NOT TO BE USED FOR ANY OTHER PURPOSES WITHOUT PRIOR CONSENT FROM THIS SURVEYOR.
- BASIS OF STATE PLANE FIELD BEARINGS: GRID NORTH AND THOSE BEARINGS AS SHOWN HEREON ARE REFERENCED TO THE STATE PLANE GRID BEARING OF S03°08'40"W ALONG THE EAST LINE OF THE SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 24 AS MONUMENTED. THE SURVEY DATUM SHOWN HEREON IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM (FLORIDA NORTH ZONE)– (NAD83) – (2011) – (EPOCH 2010.0000).
- BASIS OF RECORD BEARINGS: NORTH AND THOSE RECORD BEARINGS AS SHOWN HEREON ARE REFERENCED TO THE RECORD BEARING OF S01°47'30"W ALONG THE EAST LINE OF THE SOUTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 24 AS MONUMENTED.
- THE BEARING EQUATION; DIFFERENCE BETWEEN STATE PLANE GRID AND RECORD OF THE SURVEY AS SHOWN HEREON IS 01°21'10", AS BOTH CANNOT RETAIN THEIR INTEGRITY BY ROTATION OF ONE INTO THE OTHER ARE DIFFERENTIATED FOR CLIENTS NEEDS AND DUE DILIGENCE TO THE LATTER, FOR RECORD INTENTS AND PURPOSES.
- VERTICAL DATA AS SHOWN HEREON ARE BASED ON STATIC GPS/GNSS OBSERVATIONS AND IN PART, THROUGH THE FPRN, CORS REFERENCE STATION NETWORK, PROCESSED UTILIZING THE NGS OPUS SOFTWARE. DATA REDUCED IN METERS AND CONVERTED TO THE UNITED STATES STANDARD SURVEY FEET. ELEVATIONS ARE DETERMINED USING THE GEOID 12B MODEL, AND ARE RELATIVE TO NAVD '88 WITH ACCURACIES TO 2–3 CM. ELEVATIONS DEPICTED WITHIN THIS SURVEY ARE SUB-CM INFORMATIONAL PURPOSES ONLY AND MAY NOT MEET THE ACCURACY REQUIREMENTS TO SURVEY STANDARDS.
- ALL MEASUREMENTS WERE MADE IN ACCORDANCE WITH THE UNITED STATES STANDARD SURVEY FOOT.
- NO TITLE SEARCH WAS PERFORMED BY THIS SURVEYOR, NOR WAS KJM LAND SURVEYING, LLC PROVIDED WITH SAME.
- NO INSTRUMENTS OF RECORD REFLECTING EASEMENTS, RIGHTS-OF-WAYS, AND/OR OWNERSHIPS WERE PROVIDED TO THIS SURVEYOR, EXCEPT AS SHOWN.
- NO UNDERGROUND INSTALLATIONS OR IMPROVEMENTS HAVE BEEN LOCATED; EXCEPT AS SHOWN.
- UNLESS OTHERWISE NOTED RECORD AND MEASURED CALLS AGREE.
- THE SURVEY ERROR OF CLOSURE MEETS THE SURVEY STANDARDS OF PRACTICE.
- THERE MAY BE ADDITIONAL RESTRICTIONS AFFECTING THE SUBJECT PROPERTY THAT MAY BE FOUND RECORDED IN THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA THAT DO NOT APPEAR ON THE FACE OF THIS MAP.
- REFERENCE SOURCE: IN FIELD DATA GATHERING OF EXISTING PROJECT SITE FIELD MONUMENTATION, COPY OF ESCAMBIA COUNTY PROPERTY APPRAISERS MAP OF SECTION 24.
- ENCROACHMENTS ARE AS SHOWN.
- FENCES MAY BE EXAGGERATED FOR CLARITY PURPOSES.
- THIS SURVEY DOES NOT REFLECT OR DETERMINE OWNERSHIP NOR AN ENCROACHMENT OF FENCES, WALLS, ETC.
- THE CERTIFICATE OF AUTHORIZATION NUMBER FOR KJM LAND SURVEYING, LLC., IS L.B. 8298.
- THIS SURVEY MEETS THE STANDARDS OF PRACTICE AS SET FORTH BY THE FLORIDA BOARD OF PROFESSIONAL LAND SURVEYORS & MAPPERS IN CHAPTER 5J-17.050, 5J-17.051 AND 5J-17.052, PURSUANT TO SECTION 472.027, FLORIDA STATUTES.
- IT IS OF THE OPINION OF THE UNDERSIGNED SURVEYOR THAT THE PARCEL OF LAND SHOWN HEREON AS PER THE FLOOD INSURANCE RATE MAP INFORMATION IS AS FOLLOWS:

INDEX OF EXHIBITS

NO.	DESCRIPTION	PAGE
1	Applicant's Exhibits A through J	30
2	Applicant's alternate findings of fact	73

P R O C E E D I N G S

Our next case is Case Z-2020-02, Curtis and Kelli Sumrock, the owners, 11545 Sorrento Road, 18.78 acres, from low-density residential district, four dwelling units an acre, to commercial district, 25 dwelling units per acre.

Members of the board, on this case, has there been any ex parte communication with you, the applicant, agents, attorneys, witnesses, fellow Planning Board members, or anyone from the general public prior to the hearing?

Also disclose if you have visited the subject property and if you are a relative or business associate to any of the parties.

And, Steve, good morning.

MR. OPALENIK: Good morning. I'm familiar with the site. No to all.

MS. HIGHTOWER: No to all.

MR. SAMMONS: No to all.

MR. PYLE: Very familiar with the site. No to all.

THE CHAIRMAN: All right. Chairman, no, to all.

MR. FEARS: No to all.

Page 5

MR. INGWELL: No to all.
THE CHAIRMAN: All right. Staff, on this case, was notice of hearing sent to all interested parties?
MS. LINDSAY: Yes, it was.
THE CHAIRMAN: Okay. And was it also properly posted on the subject property?
MS. LINDSAY: Yes, sir.
THE CHAIRMAN: Okay. All right. At this time we'll ask the staff to present the maps, and then their findings of fact on the case.
MR. LEMOS: Good morning, board members. Juan Lemos, Development Services planner.
This is rezoning case 2020-02.
The request is going from low-density residential to commercial.
Consistency with Comprehensive Plan. That's Criterion A. Oh, I'm sorry.
Let's look at the maps. This is the location map for the parcel right off Sorrento Road.
This is the 500-foot radius with the zoning for the property.
The property itself is LDR, surrounded by LDR. They do have some commercial across the

Page 6

street and lots of conservation zoning.
The future land use for the parcel in question is mixed-use suburban and conservation, with some commercial future land use across the street.
This is existing land use. Single-family residence, lots of vacant state-land property. And there is a concrete plant that is in there to the west side of the property.
This is the aerial map for the property in question.
This is the AIPD map. It's under AIPD-2 in its entirety.
This is the wetlands map for the property.
The sign posted on site.
This is looking onto the property from Sorrento Road.
This is looking southeast onto the property.
Looking southwest onto Sorrento Road from the property.
Looking southwest onto the property.
Looking southwest on Sorrento Road.
And looking north across from Sorrento Road.

Page 7

And then the findings.
Criterion A, consistency with the Comprehensive Plan.
The proposed amendment to commercial is consistent with the intent and proposed -- I'm sorry -- with intent and purpose of the future land-use category mixed-use suburban, as stated in Comprehensive Plan Policy Future Land Use 1.3.1.
Based on public records, the parcel was previously developed and used as an operational plant, nursery, landscape business and leased to use under the retail sales and services of the mixed-use suburban future land-use category.
Redevelopment of this property would promote the future use of utilities and infrastructure, redevelopment of an underutilized property, making the proposed use compatible with the intent of Comprehensive Plan Policy Future Land Use 1.5.1.
Criterion B, consistency with the Land Development Code.
The proposed amendment is not consistent with the intent and purpose of the Land Development Code.

Page 8

All new nonresidential uses proposed within the commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy the locational criteria requirements.
The location criteria is designated to create the smooth transition of use intensity from large-scale concentrations of general commercial uses near major street intersections to small-scale dispersed neighborhood commercial uses in proximity to residential areas.
Such transition prevents the adverse impact of continuous street commercial development along major streets and avoid negative influences of some commercial uses on adjacent residential neighborhoods.
The parcel location does not satisfy the locational criteria, and the applicant did not provide a compatibility analysis presenting evidence of unique circumstances regarding the potential uses of the parcel that were not anticipated by the alternative criteria as stated in Section 3-2.10(e) of the Land Development Code.

Page 9

Criterion C, compatibility with surrounding uses.

The proposed amendment is not compatible with the surrounding existing uses in the area.

Parcels located immediately to the east and west are zoned low-density residential, with some large tracks of conservation zoning.

Within the 500-foot radius, there are properties with zoning districts commercial, low-density residential, and conservation.

One storage-warehouse business zoned commercial across the highway to the north, five-acre residential parcels, two single-family residences, two large parcels owned by the State of Florida, and one mineral processing plant zoned low-density residential in place since 1993, based on the public records.

Therefore, compatibility with the processing plant nonconforming use is not considered, as the maintained use is addressed under Section 1-1.7(3) of the Land Development Code.

Criterion D, appropriate if spot zoning.

The proposed zoning will create a spot zoning. Based on the LDC definition in Chapter

Page 10

6, spot zoning is zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land.

Such isolated or spot zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area.

Spot zoning is not by itself prohibited, but due to its potential adverse impacts on adjoining zoning, it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development.

The applicant's request to commercial zoning is different from the zoning of all contiguous land.

Although the Land Development Code does not specifically define contiguous, the staff relies on the professional planning definitions contained in the Planning Advisory Service Report 521/522, A Planner's Dictionary from the American Planning Association.

Contiguous is defined as properties sharing a property line; (a), touching along a

Page 11

common boundary for at least 15 feet; (b), the contiguity of land areas shall not be affected by the existence between them of a road or alley; a public or private right-of-way, a public or private transportation or utility right-of-way; a river, creek, stream, or other natural or artificial waterway; or an intersecting mining claim; (c), the contiguity of land areas shall be assumed to be disrupted by the existence of a freeway, expressway, principal arterial, minor arterial, and by the lands contained within the legal boundaries of any municipality.

Based on that language, the contiguous zoning is LDR. The proposed zoning would create a spot zoning.

Site visit reveals the parcel's location about midway between Bauer and Blue Angel to be sparsely developed as compared to the east and west major intersections.

Due to the parcel's location, the proposed zoning request will not create a logical zoning transition between the low-residential districts and other existing zoning districts in the adjacent area.

Page 12

Criterion E, appropriate with changed or changing conditions.

The land uses or development conditions within the area surrounding the property of the rezoning have not changed.

Based on public records, both the current commercial uses have existed since 1984 and 1993. The site is located midway between Blue Angel and Bauer Roads in an area that is currently scarcely developed.

Allowing commercial zoning for the property will contribute to commercial development sprawl.

And that concludes the staff's findings.

THE CHAIRMAN: Thank you, Juan.

MR. LEMOS: Yes, sir.

THE CHAIRMAN: Board members, any questions of staff at this time?

MR. PYLE: Yeah. I've got a couple questions. I know that this is deja all over again. And it would be nice if we didn't have to go through the exact same points that we went through last time.

I just have for staff -- it's kind of a conundrum for me. It seems that this location

was a business actively operating for well over ten years.

Now it's been -- you know, after it was vacated, I guess, basically down-zoned. And now the only possible way for this property to be utilized in any commercial fashion would be by way of a PUD, which is not going to happen because of the wetlands surrounding it, in my imagination.

So it seems as though the majority of -- I think we were swayed in great part by the residents surrounding the area concerned about traffic.

The road has always been a dangerous road. There's always been terrible accidents. I don't think any of those accidents were caused at the time by the particular commercial property that was in -- you know, functioning for years.

In fact, the more I thought about it, I felt as though the only thing this would be available for is residential use.

And I would think that a residential property would, in fact, create far more commercial -- or traffic than a commercial use.

And I'm just trying to play devil's

advocate and kind of push back against the county on a couple of these things, where, you know, it was a functioning business, as a matter of fact.

And I know that I get it. Once it's vacated, it goes back to what the designation is. However, I think in this particular case, it renders this piece of property virtually useless at that point in time.

MR. JONES: If I may.

MR. PYLE: Sure.

MR. JONES: If I may, several -- Horace Jones, Director for the Planning and Zoning Department.

Several things I would like to comment on. Because the Land Development Code is clear, and it's always just my tenure with the county, starting in 2000, that if a use goes out of business for more than a year, that it must revert back to the zoning, and it loses all of its legal nonconforming rights.

And in this case, Mr. Pyle, you are correct: There was a business there. However, that business was permitted under the old zoning of SDD.

SDD was specific, was very, very specific for floraculture, horticulture-type uses. It still did not allow for the high intensity of commercial uses that the applicant is requesting for now.

So if he . . . and you've got the backup information. SDD, again, horticulture floraculture, that type; not this high intensity of retail. So that's the business that -- that it was.

So because of that, SDD got converted back to LDR. I know you're going to hear many conversations about the savings clause, and all of that.

Those things . . . if the savings clause was applicable, we would not be here. But the applicant made a choice the first time to come through, as well as the second time. The savings clause, if you would have went to the savings clause, we would not -- have no use for this meeting at all.

The rezoning is completely different. We're looking at the more intense use, which is going to commercial. That area -- that area is clearly -- and I'm saying it again -- clearly a

suburban area.

The zoning is LDR, low-density residential. Any type of commercial type of business is going to contribute, is going to foster urban sprawl.

That area is not a business retail area at all. It's got that subdivision right in front of it. It's surrounded by LDR, the old HC/LI. That is an old, old business that's continuing in operation.

MR. PYLE: So I would humbly disagree with you.

MR. JONES: Yes, sir.

MR. PYLE: And I'll tell you why.

It was a commercial property, not just a nursery, but a retail store. There was a gift shop there. It was.

MR. JONES: Mm-hmm. Yes, sir.

MR. PYLE: I've been there plenty of times.

MR. JONES: Yes, sir.

MR. PYLE: In fact, my daughter took pictures for the Santa Claus, and all the kids came there. It was very much a commercial gift shop.

Page 17

MR. JONES: Mm-hmm.
THE CHAIRMAN: So, again . . . and I find it interesting that because -- and this is a case where, because it failed for a year without being used, the land and the use thereof is punished.
Meanwhile, adjacent to it, a concrete plant is going to continue to operate --
MR. JONES: Yes, sir.
MR. PYLE: -- the way it is because it's nonconforming as long as they keep it functioning and moving. And, you know, we can't look back and decide why that happened.
What I'm trying to do is utilize -- you know, again, in the past, that we do have the criteria. But I've got an ongoing dispute with one of our wonderful members of the public that states that we don't use our brain during these items and think about the actual use of the property.
I live by there. I am not -- I don't want to punish the people on Nighthawk Lane and have bars and have, you know, tons of people there, again, traffic.
For over 10 years this was a retail. It

Page 18

wasn't just a nursery. It was a very active, number one, location for a management company, the business that occurred there.
MR. JONES: Mm-hmm.
MR. PYLE: It was a retail shop and it was a nursery.
And, again, what I'm afraid of is that we've rendered this property useless, and in my opinion, opened the county up, if I were a property owner, to . . . I just -- I think it's wrong. And it is not just clearly a residential and the surroundings, given a concrete plant.
And, again, there's no way you could ever use a planned urban development around there, due to the nature of all the wetlands. And it's a very odd piece of property.
MR. JONES: Mm-hmm.
MR. PYLE: It's an odd road. The traffic has been and always will be terrible. People go fast on that, and they have since the beginning of -- before I ever got here. And there have been horrible accidents on there.
Again, I am not -- I have no interest, other than the fact that I think I find it punitive in the way -- you know, I put the

Page 19

burden on the applicant to persuade the neighbors.
The last time, and I -- and my opinion is that they didn't do a good enough job of that. And that's, you know, why I know the people come up and say, "Hey, we don't want this in our back yard."
I understand that. I've always stated that I felt like the applicant -- it was his job to either market and/or advertise and tell people what he plans to do.
That has no business here. All we can do is go by the criteria of what could potentially be there. I understand your position in that aspect.
This is a unique piece of property. I will ask those people now, reformulating their arguments in the public speaking, to come at me hard because this is our neighborhood, to just don't go down that road, as far as there will be more traffic, there will be more accidents, because I understand clearly what this could potentially be if the zoning was changed.
But I'm just trying to wrap my head around the fact that we are really rendering this site

Page 20

useless, in my opinion.
But that's all I have for the county. I'm sorry to belabor this. I just -- again, my attempt, Mr. Chair, is to not retread ground we have gone over painfully and long -- you know, at length the last time around.
THE CHAIRMAN: All right. Thank you, sir.
And, unfortunately, I think we're going to go through a lot of those again because we have a lot of speakers.
I do have one question for Horace, or actually two questions.
The first one is, in the staff's interaction with the applicant, did the staff discuss the savings clause and how that may be different than a rezoning request?
MR. JONES: If I may, yes, sir, we discussed it on numerous occasions.
I've had several conversations, several conversations. There's an email even in your backup. Several conversations with Mr. Sumrock. I have; Ms. Allyson Cain has, to explain that if you want to use the savings clause, and it's applicable, but you've got to go back to those same uses that limited it.

Mr. Pyle, the primary use of that was a nursery and farming. If you had some retail and that was the primary use, and if you did a lot of agriculture, floraculture-type uses . . .

Now, you could have some retail, but the primary use, which was at the time, it was not a retail center. Again, with all of those uses.

So, Mr. Briske, we -- in fact, we discussed it primarily. Very, very thought provoking. I had -- I remember I had at least a two-hour conversation.

I was on my way to Sam's Club. And he called me. And I pulled over. And I had a lengthy conversation with Mr. Sumrock, trying to explain to him the process, what other processes that he may want to go through.

So the savings clause, again, if he were to utilize the savings clause, the rezoning process would not be necessary, but it's very limited on what he can do with what he already was doing only.

THE CHAIRMAN: Okay. All right. Very good.

And the second question. First of all, I'm impressed that you remembered exactly where

you were when you had the conversation.

The second part is, the staff indicated that we did not receive a compatibility analysis.

Was that offered as an option to mitigate some of these concerns as part of the process?

MR. JONES: Yes, sir. The accountability. He's going to address part of his compatibility analysis.

It still does not meet the Land Development Code as is. We must go with the Land Development Code. Good ideas, speculation. It's all good, but the Land Development Code, believe me -- and I've been challenged enough to know that Horace will go by what the code says.

THE CHAIRMAN: Okay. Thank you, sir.

Okay. Now we'll call Mr. Sumrock up. I know you've been very patient, sir. Please be sworn in and state your name and address for the record.

CURTIS SUMROCK, upon being duly sworn, was examined and testified as follows:

THE CHAIRMAN: Thank you, sir. Name and

address for the record.

MR. SUMROCK: Curtis Sumrock from the great State of California. 205 Ratto Road, Alameda, California.

THE CHAIRMAN: All right. Thank you, sir.

And have you received a copy of the rezoning hearing package with the findings of fact?

MR. SUMROCK: I received a link to the -- to it. I did not receive anything hard mail.

THE CHAIRMAN: Okay. You were able to access the link and --

MR. SUMROCK: Yes, sir. The working files were not working, unfortunately, on the Web site as well.

THE CHAIRMAN: I'm sorry?

MR. SUMROCK: The working files at the bottom were also not working, especially this morning when I checked, but . . .

THE CHAIRMAN: Okay. Is the fact that it was sent by electronic sufficient to meet the standard for providing the findings to the applicant?

MS. JOHNSON: If he was ultimately able to access the documents.

MR. SUMROCK: I was.

MS. JOHNSON: Okay.

MR. SUMROCK: Yes, ma'am.

THE CHAIRMAN: So on the record, you were able to get --

MR. SUMROCK: I was able to access them, yes.

THE CHAIRMAN: Okay. Thank you.

And that was our board attorney. Kia, thank you.

Do you understand, sir, that you have the burden of providing substantial, competent evidence that the proposed rezoning is consistent with our Comprehensive Plan, furthers the goals, objectives, and policies of that plan, and is not in conflict with any portion of the Land Development Code?

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: All right. Please proceed, sir.

MR. SUMROCK: I'd like to start off by saying, well, good morning, and thank you for your service as well.

I have a list of exhibits that I've created a folder for all of you. It's A through

Page 25

K. There's a lot of information here.
Rather than go one by one, I'd like to -- I have a list of the exhibits that gives an explanation of what they are.
It's nothing I've created. It's just stuff I've copied off the Internet or files that I've had regarding this property. I'd like to submit those to the board for exhibits. And I'm not sure of the process to do that.
MR. JONES: Give them to me.
THE CHAIRMAN: Yes, there is a process.
So what we'd like for you to do, if you would, is to introduce what each one of the documents are.
Do you have a copy of it for yourself?
MR. SUMROCK: I do. I only have eight copies, so I didn't know it would have to be -- I didn't realize there was going to be so many people today.
THE CHAIRMAN: Okay. That's fine. We're good at sharing.
MR. SUMROCK: Okay.
THE CHAIRMAN: I'd like for you to explain what each one of those -- just briefly, what each document is.

Page 26

MR. SUMROCK: Sure.
THE CHAIRMAN: And if you personally got that information off the Internet. We're trying to enter it into evidence.
MR. SUMROCK: Yes, sir.
THE CHAIRMAN: So just explain what it is, and where you got it, and the approximate time.
MR. SUMROCK: Okay. I'll kind of hold them up as I go through. Okay?
So the first one is going to be -- Exhibit A is Escambia County Conservation Easement from July of 1998.
This is basically from the files that I have from purchasing the real estate.
And it shows basically there is a conservation easement on the south end of this property. And it also provides a graph or a map of what it looks like, so when we go through the slides later, you'll see where that conservation easement is.
Unfortunately, it is not indicated on the GIS mapping, so it's a little bit . . . you'd have to keep that in mind as we're looking through that stuff.
Exhibit B is a site utility plan that was

Page 27

issued by Escambia County for this commercial property. And we have that for proof that it was actually permitted as a commercial property.
Exhibit C is a location gradient from May 2001. And it's recorded from Bill Salter Advertising because there's a large advertising billboard on the property, which we'll cover at length.
Exhibit D is a billboard structure. You see the large billboard on the property. That was just a picture that I took.
Exhibit E is special development district density and uses savings clause that was signed by this department in August of 2018.
Exhibit F is just from a download from the GIS map and current zoning from February 2020, if we're just going to discuss the GIS mapping on here.
Exhibit G is a Google Earth pro screenshot distance to residents. It's basically showing you a screenshot from Google Earth. And there's a ring that shows the distance of residents around the property, which was misrepresented by the staff's findings.
Exhibit H is just another Google Earth

Page 28

shot that's going to show you the distance between the buildings and the property to the west.
Exhibit I is just another picture of the northwest corner of the property that I took this Sunday.
Exhibit J is the Google Earth pro screenshot distance along the northwest border. It's going to show you that there is actually an overlay of the commercial property on the northwest border that was not presented before.
And then the last one is Exhibit K, which is a photo of the northeast border of the property. I also took this photograph.
THE CHAIRMAN: Okay, sir.
And to the best of your knowledge, are all of these copies that you're giving true and accurate copies of the information you're presenting?
MR. SUMROCK: Yes, sir.
THE CHAIRMAN: Okay. The Chair will entertain a motion to accept the applicant's exhibits.
We're putting in all --
MR. JONES: Mr. Briske, if I may --

Page 29

THE CHAIRMAN: I'm sorry?
MR. JONES: I want to clarify something --
THE CHAIRMAN: Okay.
MR. JONES: -- for the record.
It appears that in one of his exhibits he stated some type of utility site plan permit.
In looking at it -- just for the record for clarity, in looking at the permit, I believe that is not from the county.
I believe that it's a DEP permit. I want to be clear for the record. He stated it was from the county. This is -- appears to be that this is a permit that was approved by DEP.
THE CHAIRMAN: Which is Environmental Protection.
MR. JONES: Yes, sir, which is a state agency.
MR. SUMROCK: Correct.
And it was also submitted to the county for approval, and it's recorded. Okay?
THE CHAIRMAN: Okay.
MR. SUMROCK: Clearly this site did not get developed without the approval of the county, so that's what -- that's what the intent of this was to show.

Page 30

THE CHAIRMAN: Okay. With that clarification, Chair will entertain a motion to accept all of the exhibits at one time as the applicant's exhibits. He's explained them in detail for the record.
MR. FEARS: Move to accept all as a packet.
MR. PYLE: Second.
THE CHAIRMAN: Motion and a second.
Any further discussion?
(No response.)
THE CHAIRMAN: All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: All right. So we will label this as a package Applicant's Exhibit Package 1, just for the record.
(Documents marked Exhibit A through Exhibit J received in evidence as Applicant's Exhibit Package No. 1.)
MR. PYLE: Briefly, Mr. Chair, could I request you or Mr. Jones or somebody to give a quick Cliff note version of the savings clause

Page 31

for folks who are new on the board, old or otherwise, just so we don't sit here and hear it and talk about it and have no idea what it is, and be embarrassed about it.
THE CHAIRMAN: Since Horace's memory is so good, we're going to let him do that.
MR. JONES: Okay. As you know, the Land Development Code was adopted in 2015. It was at the conference plan in 2015. I believe that, Mr. Briske, if this memory -- you were on the board.
THE CHAIRMAN: Yes, sir.
MR. JONES: This was 2015.
So at the time because we had a -- we had lots of consolidation of zoning districts and consolidation of future land use, the county thought it would be in the best interests of the county, out of 33 zoning categories, 36 briefly, and we -- the county thought it would be best, and not to -- not to try to do too much with eliminating property rights.
More people got uses. More people got additional uses. Some may have lost some things. So the purpose of this savings clause, if I may read it directly from the provision of

Page 32

the Land Development Code as written.
It says . . . Okay. This is not it.
MR. PYLE: Cliff note version.
MR. JONES: Cliff Note. Basically the Cliff note version.
It says, if an applicant believes that his uses or his densities was eliminated due to the -- due to the adoption of the new zoning categories, that he would be able to make a request to the county to apply for the savings clause provision.
He cannot get no more uses or no more density. Only what he lost, as long as the future land use category is consistent.
And I believe in 2018, Mr. Sumrock came. Someone came. It says his name. And he filed for a savings clause to get -- he was previously SDD.
And the use, as I said it before, SDD was very, very limited -- very, very limited on what it allowed for. So . . . and it's -- on this it says that horticulture floraculture, greenhouse. That's all that the savings clause he could get. No more of those things.
So in a nutshell, if he would have used

the savings clause provision, we would not be in this rezoning process.

But, again, he decided to proceed, which every applicant can decide to proceed to make their request to the rezoning. So that is what -- that's what the savings clause was in a nutshell.

THE CHAIRMAN: Okay. Horace, is this document that you just presented part of the findings of fact?

MR. JONES: Yes, it is, sir.

THE CHAIRMAN: All right. Mr. Sumrock? Sumrock?

MR. SUMROCK: Sumrock.

THE CHAIRMAN: Sumrock.

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: Is this document accurate, and did you apply for this during the process some time ago?

MR. SUMROCK: We did apply for the process. And I had -- I did engage Mr. Jones on the phone call. It was not two hours, though. I can probably guarantee that. It may have seemed like it to him.

The problem with the SDD is that it

provides one use. And it goes away when you click on nonconforming. It's not of great value to the homeowner.

And while we're in litigation or while we're going through this process, that clock is running. And so his -- his claim that after a year you die and it goes away, it's kind of a bogus thing because how can I sell something quicker? Especially when it's under this kind of a proceeding?

So they have to realize the implications of those things to commercial business owners, property owners, everyone else. All these things have implications that you can't necessarily meet, especially when they're going before boards and before legal proceedings.

So his description was accurate, but we had to go through this proceeding because we couldn't get, frankly, a clear answer of what -- what that entitled us to do.

So by not having a clear answer, nobody that's purchasing a piece of property wants some -- they want to know very clearly what they're getting, what the zoning is. We couldn't get that from the county. That's why

we're here.

THE CHAIRMAN: Okay. All right. Thank you for addressing this one.

And now please continue with your presentation.

MR. SUMROCK: All right. My name is Curtis Sumrock. I'm a retired Coast Guard commander, and we currently reside in California, after 22 years of active duty service.

We owned this property from 2002 to 2005, and then sold the property but retained the lien as owner-financed mortgage. The property was then foreclosed in 2016 and we regained ownership.

After going through the foreclosure process, imagine our surprise when we discovered that the parcel had been rezoned in 2015. It should be noted that as a lienholder, we were not notified of the rezoning action. And we obviously resided outside the local area and were not aware of any public announcements or notices in local media.

In addition, the subject parcel of land was previously zoned as special development

district, as we just went through.

If you will start by taking a look at the three pages of Exhibit A, in the late 1990s, the southern portion of the parcel, consisting of approximately 9.6 acres, was surrendered and placed in a conservation easement in an agreement with the Florida Department of Environmental Protection in exchange for developing approximately one acre of wetlands along the frontage road of Sorrento.

Escambia County approved and issued a comprehensive site and utility plan shown in Exhibit B and issued permits for the construction of two steel commercial buildings, two other supporting structures, a parking lot area that included a handicap parking area, and corresponding utilities to support the infrastructure.

A retail nursery and garden center business was operated harmoniously as a commercial entity on the parcel from 1999 to 2015.

In addition, a commercial billboard that is owned and operated by Bill Salter Advertising permanently resides on the northwest corner of

the subject parcel.

The building permit for the billboard and location contract were recorded and approved by Escambia County, as shown in Exhibit C.

These massive advertising structures are not allowed to be constructed on residentially zoned property, but rather are reserved for commercially zoned parcels. And that is in accordance with the Land Development Code itself, 3.2.10(b)(8). A picture of the billboard is provided as Exhibit B.

As we all know, this is not -- this is not a structure that would be authorized in any front yard of LDR-zoned property.

With the knowledge of the previous agreement between Escambia County and the Florida Department of Environmental Protection, combined with the long history of commercial retail sales and use, it is difficult to comprehend why Escambia County would involuntarily down-zone this parcel to a residential district, which would effectively and unilaterally nullify the contractual agreement between the parties from around 1998.

After hundreds of thousands of dollars

were spent developing this parcel into a business entity, there is long evidence of a complete disregard of due process that may similarly affect many other landowners in this county.

This adverse government action affecting potentially so many landowners may be catastrophic to Escambia County.

And the taxpayers if the state of -- if the State of Florida Bert Harris Act is pursued by those affected by this arbitrary and capricious action that created this situation.

Can you imagine purchasing a home or a piece of property, leaving for a few years, and returning to find that the arbitrary zoning change had reduced the value of your investment by $200,000? Would you not fight with every bone in your body to rectify this injustice?

Protecting the rights of landowners is certainly important to Americans, including members of this community, similar in importance to the rights we expect and share for voting and our very freedom.

As a litmus test, if 100 or even 100,000 people were taken to this parcel or the concrete

plant next door, and asked if the property was commercial or residential, I am 100 percent confident, without one ounce of doubt, that 100 percent of them would conclude that this parcel is commercial, based on obvious evidence, including general appearance and the physical characteristics consistent with the business.

Given that, how is it possible that when a rezoning decision between commercial and residential -- between commercial and residential, the latter was chosen? Possibly just a massive oversight?

It should be abundantly clear that we are going through this process today and analyzing rezoning criteria because of the lack of due process.

If the course of action that the Planning Department recommends were to be followed all the way resulting in sustained LDR zoning, the property would be rendered useless and worthless, as Mr. Pyle pointed out, because it is not suitable for constructing a residential structure, and the costs associated with removing the steel buildings and large concrete foundations and altering the utilities would

simply be cost prohibitive.

As other concerned members of this community and the media outlets watch the broadcast of this proceeding, now we're in the future.

Everyone should be mindful that similar types of action are possible against other landowners, if this level of carelessness or reckless governance is allowed to continue without corrective measure.

Now you know the rest of the story, as the late, great Paul Harvey would say -- often say.

The knowledge of this parcel history and background is important in putting the analysis of the rezoning criteria into context and perspective.

Now let's look at each of the rezoning criteria.

For Criterion A, our findings are the requested commercial zoning is consistent with the FLU mixed-use category, as identified on the chart for the Land Development Code 3.1.3(i). So we ultimately concur with the staff findings.

It should also be noted that this parcel is currently zoned limited-density residential,

but Escambia County approved the Special Development District density and use of savings clause, Exhibit E.

Despite the staff's findings concluding consistency with the Land Development Code, they noted that the range of available uses, paragraph listed in FLU 1.3.1, does not mention commercial or general commercial activities.

This absolutely does --

THE CHAIRMAN: Excuse me just a second, sir.

Yes, I'd like to have the findings up there. So I just want to make sure we have the right thing for the board --

MR. SUMROCK: Well, these are in addition to my submitted findings toward the application.

THE CHAIRMAN: Yes, sir.

MR. SUMROCK: Okay.

This absolutely does not mean that commercial zoning and uses are not permitted in areas designated mixed-use suburban.

In fact, mixed-use suburban is specifically for a mix of residential and nonresidential uses in suburban areas where nonresidential uses include retail, commercial,

office, industrial, civic, or recreation uses per the Comprehensive Plan definitions.

MR. JONES: Mr. Sumrock, I want to be clear for the record.

Are you reading -- are you reading your findings that you gave or are those additional findings that you're reading? Because they're not part -- we've got to carry this to the Board of County Commission.

And if it's new information that you are reading that are not in our records, the board -- we've got to make sure -- I want to make sure you get --

MR. SUMROCK: I'm making my comments based on the findings of fact that you provided on record.

So I -- I submitted my application. You submitted -- and I'm responding to those, in addition to what I submitted.

MR. JONES: So are those findings?

MR. SUMROCK: This is my presentation. This isn't -- this is something I'm submitting.

MR. PYLE: He's making his case.

MR. SUMROCK: I'm making my case.

THE CHAIRMAN: Hold on. Time out. One

person at a time.

If I could just clarify, the reason I believe Horace is asking that is that when the board makes a motion --

MR. JONES: Right.

THE CHAIRMAN: -- they must base it on substantial, competent evidence, which is typically findings. And in this case, the findings say that it's not compatible, and so forth.

MR. SUMROCK: Correct.

THE CHAIRMAN: If you are presenting alternate findings that say it is compliant or compatible, then that's what he's asking you about, so --

MR. SUMROCK: I can -- I can submit the document.

MR. JONES: Yes, that's what I want you to do.

MR. SUMROCK: Okay.

THE CHAIRMAN: In that way, if the board wants to vote for your position --

MR. SUMROCK: Okay.

THE CHAIRMAN: -- they have findings which to --

MR. SUMROCK: I'll just have to do it at a later date. I didn't bring a copy.

THE CHAIRMAN: That's okay.

MR. SUMROCK: Okay.

THE CHAIRMAN: That's okay. We just want to be clear that's --

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: All right.

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: Go ahead.

MR. SUMROCK: Got it.

THE CHAIRMAN: I'm sorry.

MR. SUMROCK: So, in fact, specifically -- let me find where -- oh.

So we concur with Criterion A, with that additional note.

For Criterion B, our findings. The proposed amendment is consistent with the intent and purpose of the Land Development Code.

The primary intent of the district is to allow for more diverse and intense commercial uses than the neighborhood commercial allowed in mixed-use districts.

Along the section of Sorrento Road, there are other parcels zoned commercial and HC/LI, as

shown in Exhibit F, if you'll turn to that. The GIS data.

THE CHAIRMAN: Okay. And this document has handwritten area --

MR. SUMROCK: Yes, sir. So --

THE CHAIRMAN: -- as far as that.

MR. SUMROCK: -- it wasn't enough contrast on the -- on the printer. So I wrote in the area. But it's consistent with the other slides.

THE CHAIRMAN: Okay.

MR. SUMROCK: Okay.

THE CHAIRMAN: And you made those marks on this --

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: -- Exhibit F.

MR. SUMROCK: And I'm going to -- I'm going to address that.

THE CHAIRMAN: All right.

MR. SUMROCK: So . . . which is GIS current zoning map from the county Web site.

To get oriented, the subject parcel should be filed in like a barber pole in the middle of the page.

As you can see, land directly to the east

and northeast of this parcel -- east and northeast of this parcel cannot be developed because they are zoned in state conservation land.

The adjoining land to the northwest is a ministorage facility that is zoned commercial.

The land -- adjoining land to the -- directly to the west is a concrete plant that is operating HC/LI but zoned LDR. And we'll see it better in pictures to follow.

Without question, the neighboring uses surrounding the property are consistent with the proposed zoning. Taking a look at the wetlands map -- I don't know if we have ability to pick up the wetlands map up here -- provided by the staff shows the wetlands areas, the current zoning and surrounding parcels and geographic restrictions along Sorrento Road preclude the furtherance of continuous strip commercial development, as was previously discussed with the staff. In other words, there is simply no more land that is available for commercial or industrial zoning.

We wholeheartedly reject the staff's finding that Criterion B is inconsistent. The

staff findings for this criterion are confusing because they simply recite code for LDR.

The approach does not demonstrate or show that in any way commercial zoning is not consistent with the Land Development Code.

The applicable code guidance for commercial rezoning listed in Section 3.2.10(f) states, "Rezoning to commercial. Commercial zoning may be established only within mixed-use suburban, mixed-use urban or commercial future land-use categories.

The district is appropriate to provide transitions between areas zoned or used as high-density mixed-use and areas zoned as heavy commercial or industrial.

Referring to Exhibit F again, you can see that the subject parcel is clearly situated between a high-density mixed-use and commercial areas to the east, which is that Blue Angel Parkway intersection on the north -- top right, and heavy commercial industrial to the west near the Bauer intersection. That's that other heavy intersection to the -- on the left side bottom.

Therefore, the commercial zoning -- it is a textbook example of creating smooth and

logical transition between the applicable zonings.

Now turning to Exhibit G, which is a Google Earth screenshot showing residential structures in relation to the subject property, and contrary to the staff findings, once again, the cluster of parcels surrounding the subject parcel is clearly not a single-family residential area.

In fact, there is not a residential structure within 975 feet of the parcel driveway, and no residential structure is visible from the subject parcel in any direction.

In contrast, someone standing on the northwest corner of the property could throw a ball onto the property of the concrete plant and the ministorage facility, each of which share a boundary line.

If you look at the Exhibit G, you'll see there's a ring around there. And it shows the distance in the upper left-hand corner of the 978 feet for that ring.

Turning back to Exhibit F for a moment, in response to -- in response to Section 3.2.10(e),

location criteria, the staff findings did not provide any analysis for determination of location for this section.

Contrary to the unsupported conclusion they had, paragraph 3, infill development, satisfies the location criteria.

If you look at those criteria specifically, Sorrento Road is an arterial street by definition. The parcel is in an area with already established nonresidential uses, including the ministorage facility and concrete plant, which obviously have similar intensity as the proposed commercial uses.

The location would promote compact development and not promote strip commercial development because there is simply no more available parcels for commercial or industrial rezoning, especially considering the vast parcels of conservation property blocking most of the western and the entire southern, eastern and northern borders.

Given these facts, the location criteria is also clearly consistent with the Land Development Code.

All of the permitted uses of the proposed

zoning, not just those anticipated by the rezoning applicant -- I'm sorry. In the wrong section.

We're going to move on to Criterion C. The proposed amendment -- Criterion C is compatibility with the surrounding uses.

The proposed amendment is compatible with surrounding existing uses in the area. The definition of compatible in Chapter 6, which was not provided by staff, of the LDC states, "A condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time, such that no use, activity or condition is unduly negatively impacted directly or indirectly by another use, activity or condition. What does that mean in more simple terms? Neighbors that can live side by side.

As previously noted with the visual aid in Exhibit G, there is -- there are clearly other commercial and industrial land uses and activities in the surrounding area adjoining to this parcel that are absolutely obviously similar and commensurate with commercial zoning.

Within a 500-foot radius, there's a

ministorage facility, and as we talked about, a commercial concrete plant.

On the southern border, the entire southern border of the property is buffered by that conservation easement that we started off talking about that was part of the agreement with the Florida Department of Environmental Protection seen in Exhibit B.

The eastern border, referencing Exhibit G and K, which is the last . . . last exhibit, is a photo of the northwest border that you can see a single-lane dirt-access road running parallel along the eastern border that leads to a single-family residence that is approximately 1,150 feet from Sorrento Road. The residence is not visible from the subject parcel nor north of the conservation easement.

Referencing back to the wetlands map -- if I can go back to the wetlands map -- provided by the staff, protected wetlands also consume approximately 50 percent of the land mass from Sorrento Road, which is on the right side of that top right corner. You can see that the -- going into that other parcel. About -- It's approximately 50 percent of the land mass from

Sorrento Road down the access road about 400 feet.

As such, no building development can be pursued in this protected area, so a determination of coexistence is not necessary because the road is the only developed feature.

On the northwest border, the subject parcel is zoned conservation and vacant, so a determination of coexistence is also not necessary. Excuse me. A lot of talking.

The northwest border, if you turn to Exhibit I . . . this may blow your mind from the last meeting . . . you will see a picture that I took on Sunday.

You can clearly see that the ministorage warehouse has about 45 feet of shared border. And it is obviously compatible with commercial uses. This was not brought up in the last meeting. Said there was no overlap.

On the western border, this border is primarily the concrete plant that was also involuntarily downzoned from a special development district to LDR in 2015, despite operating HC/LI since 1993.

It is true that compatibility with the

current land use should not be considered because it is nonconforming with LDR.

However, it should be noted that both the subject parcel and the concrete plant parcel were SDD conforming and subsequently made nonconforming by Escambia County Administrative Act, rezoning in 2015.

Nonetheless, for the purpose of a compatibility analysis, the proposed uses of the subject parcel can reasonably coexist with a future LDR use.

If you would please turn to Exhibit H, this is another Google Earth screenshot that shows all of the development on the subject parcel, which includes two preexisting commercial buildings, a parking lot with a concrete handicap spot, greenhouse supported by a concrete slab, and respective infrastructure and utilities. They are all located on the eastern -- if you'll notice, everything is on the eastern part of the property.

If you'll see the yellow line going through the middle that's been highlighted with a distance of 295 feet, this means that the vast majority of the commercial uses will be

concentrated a distance of 295 feet from the western border. That's a long ways.

If you now turn to Exhibit J, this is a Google Earth screenshot of the northwest corner -- that's this one. It's a little different orientation.

This is a Google screenshot of the northwest corner looking westward towards Alabama. You'll have noticed that -- you will notice that from the northwest corner point southward to the beginning of the wetlands, which is where the trees start, there is only a distance of 62 feet, which means there is very little exposure along this entire border.

Now referencing back to Exhibit H -- sorry for going back and forth -- you can see that usable upland property tapers from the northwest to the southeast along the back side of the upland property, leaving only a relatively small area abutting the two parcels.

Exhibit I, going back to this photograph of the western border, a photograph of the actual area shows this area is extremely dense, with mature trees and vegetation. So the parcels are virtually isolated.

Sharing only 62 feet along the northwest border minimizes the potential impact of uses and actions on either side, and thereby supports coexistence with limited-density residential.

In summary, we again reject the staff findings for this criteria, and we have demonstrated how the rezoning is completely compatible with surrounding uses.

Moving on to Criterion D, appropriate if spot zoning, the most probably confusing part of this application. It means if spot zoning, is it appropriate? Spot zoning is not illegal or inappropriate by itself.

The proposed amendment may or may not create spot zoning, based on which definitions are used for the law -- termed contiguous and adjoining, which are not further defined in Chapter 6 of the Land Development Code.

However, if you turn once again to Exhibit I, which is the picture here, the subject parcel clearly shares approximately 45 feet of border with the miniwarehouse to the northwest that is zoned commercial, although this is separated by a public right-of-way.

For instance, gauging -- for instance,

gauging -- each rolling door on the ministorage building is about 10 feet across. In addition -- so there's about four-and-a-half doors down is the area that we share.

In addition, the parcel shares a border on the western boundary with the concrete plant that is operating HC/LI.

It is extremely important to understand that this criterion is based not solely on spot zoning, but rather on appropriateness if there is spot zoning is determined.

Even if it was determined that spot zoning is created, a spot zoning case -- the commercial activity is appropriate because it is consistent with and furthers the purpose of the Escambia County Comprehensive Plan and FLU category, as previously referenced.

You will find the staff provided definitions of spot zoning, but there is literally no analysis or determination of appropriate, which is the entire objective of this criterion.

Government planning Web sites and published legal articles overwhelmingly and consistently reference compliance with the

Comprehensive Plan and the respective FLU category for determination of spot zoning and appropriateness.

Furthermore, the Land Development Code, Section 2.7.2(b)(4) provides the guidance for determination of appropriate spot zoning.

In accordance with this section, one must determine if the difference between the districts would be minor or sufficiently limited, which is on the directions.

This pertains to the current limited-density residential border on the east and west side. On the eastern border, again referencing Exhibit H, which is this, and the wetland's slide provided by the staff, the upland property is only a strip of land wide enough for an access road. And the majority of the remaining frontage property is designated wetlands. That's the eastern boundary with the road going up and down.

Therefore, as also shown in Exhibit K, there is literally no impact to that neighbor, an LDR parcel, that would result from a rezoning change because the access road is the only developed feature, and there is a line of mature

trees and heavy vegetation that completely isolates and buffers the two parcels.

Turning back to Exhibit I, which is a picture, on the western border, there is only 62 feet of shared border that could be accessed from either side of a 10-foot fence that also separates the parcels.

The border area consists of mature trees and dense vegetation that completely isolates and buffers the two parcels as well. Because this is a very small area of shared boundary with virtually no exposure between the parcels, there is literally no impact that would result from a zoning change.

These physical limits on the borders unquestionably make the difference between the districts or zoned parcels minor or sufficiently limited, per the directions.

As such, rezoning of this parcel to commercial results in no adverse impacts on adjoining parcels. Because all other surrounding parcels are zoned conservation in perpetuity or have development restrictions due to the presence of protected wetlands, it is not possible for rezoning to impact these areas in

any perceivable way.

Because of all these reasons, the rezoning requests were to be determined by spot zoning -- I'm sorry. Because of all these reasons, if the rezoning request were to be determined as spot zoning, it is unquestionable that this rezoning is appropriate and consistent with the Land Development Code in all aspects.

Moving on to the last criterion, E, it's appropriate with changed or changing conditions. Once again, if there is a change, is it appropriate is the question.

The land uses and development conditions within the area surrounding the property of rezoning have not significantly changed. Because of this, this criterion -- the criterion of this approval condition is already compliant and consistent with the Land Development Code.

The surrounding commercial businesses have been operating for an extended period of time. Development sprawl has not taken place and is not possible because there is simply no more land available in the surrounding area that can be zoned to support commercial or industrial uses.

In response to the staff's findings, the rezoning application is much more different than the original submission presented to the Planning Board on 8/6/19, as you now hopefully have seen.

Included in the current application is relevant history, zoning and land-use data that was not previously presented or considered by either party and much more in-depth analysis of all the criteria.

The staff findings in this criterion simply provided only a definition of sprawl but did not provide any level of analysis or any level of determination, once again.

In any event, a haphazard development pattern of any kind is simply impossible because of the permanent land zoning constraints surrounding the subject parcel.

Wetlands also dominate much of the geography in that area, as you know, which naturally prevents sprawl and to environmentally sensitive areas that are protected by local, state, and federal law.

In closing, I understand that much of this presentation is technical in nature, and was --

and I appreciate your patience. We have gone to great lengths to prove beyond a reasonable doubt that this application is unquestionably consistent and in accordance with the Land Development Code and Comprehensive Plan.

And we believe it should be supported and recommended, based on these objective criteria alone. Thank you.

THE CHAIRMAN: Thank you, sir.

I did have one question for you. And Horace also would like for you to speak to this. You mentioned in your presentation the installation of the billboard on the property.

Would you clarify the dates that that was done? And was that something that you were party to, or was it the previous owner when you held the owner financing on the property?

MR. SUMROCK: Yes, sir.

Referencing on C -- I know you haven't had time to look at it -- that was part of the previous owner's dealings. And it was on -- the agreement date was on the 18th day of May in 2001. So it was just prior to us taking over the property.

THE CHAIRMAN: Okay. So that was

installed in 2001.

MR. SUMROCK: The agreement was signed in 2001. It probably wasn't -- it was probably -- I'm not sure if that's after it was built or before it was built.

THE CHAIRMAN: Okay. You took --

MR. SUMROCK: I took ownership when it was already built.

THE CHAIRMAN: Okay. So it was there when you took over.

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: Okay. Horace, anything you'd like to add on that?

MR. JONES: I would like to add on that that there were and there still are billboard regulations in place.

But the placement of the billboard is -- I know you made reference, but it's not -- it's not applicable for the use of the land, the rezoning criteria.

Again, one of the rezoning criteria is that you cannot use nonconforming uses as a -- as an avenue of venue going forward. To make sure you've got the appropriate zoning going forward, so --

THE CHAIRMAN: Right.

MR. JONES: -- just as it was there, nonconforming, just like that he made reference to the concrete plant, all of those things are nonconforming uses. And it's clear you cannot use nonconforming uses to establish better zoning principles going forward.

THE CHAIRMAN: All right. I understand.

And ignoring the nonconforming use, I was trying to figure out the timing of when it was placed there and what zoning or procedure was covered at the time when it was approved.

And now I see that it's actually before he took ownership of the property, so . . .

MR. JONES: Right. And the state did have guidelines on that. The state still does, and they did have guidelines.

Again, we do not know when it was placed. Could have been a replacement. But there were previous old billboard guidelines. But, again, it could have predated zoning at the time. We just don't -- we just don't -- because the state covers all of those things.

MR. SUMROCK: Mr. Chairman, can I address that?

Couple things I'm not sure are real accurate there.

First of all, it was built around that time because I even talked to the person at the Bill Salter Advertising. So it was not preexisting, and it is a very modern structure.

And the other thing is that we were zoned SDD. And we've had long discussions about SDD, and we have a difference of opinion.

But SDD basically was, if you have wetlands on your property, you're not going to get commercial. You're going to get SDD. That's what it basically boils down to.

Because there's a section in paragraph 13, which Mr. Jones says doesn't apply anymore because we took the zoning away, but that we fell under when they built this is, we are construction -- or we are commercial, but they don't want to give it to you because they had a special development district that was specifically for protecting wetlands properties. That was the -- that was the key to this. Okay.

So when they went back through it and they said, "Oh, let's get rid of this SDD. We're going to send everybody to LDR. We don't care

what you've done with the property."

Come on, guys. We put $200,000 worth of investment into that property, and you're saying we're residential now? Well, we were perfectly conforming before. It makes absolutely no sense.

MR. JONES: Mr. Briske, if I may. And as I told Mr. Sumrock -- he's very, very passionate, which I understand. It's his property. Everyone has the right to be passionate about their property.

But I do want to say this emphatically: If he feels like that there was some takings or anything, there is -- and I told him this -- there is another process to -- for him to go through.

Again, the rezoning has to do with the set criteria. He's passionate about some takings and things like that. And I'm not going to address those things.

SDD did not -- had a very, very limited use of retail. He made the argument for staff. He really did. When you look at LDR, currently LDR is a low-impact area.

SDD was compatible because of all those

conservations. And when you bring in commercial to conservation, you're going to have some type of adverse impact.

Again, so that's why it was -- SDD is a low -- is a low suburban area because of the surrounding LDR. Got it converted properly. All of the wetlands.

So to go up to a higher-up zoning, a higher-up zoning to bring in more of an adverse impact on the conservation area on that suburban area, it is -- it is not -- it is not consistent with the threshold for the rezoning criteria.

He may can take another route if he feels like he had been adversely impacted, through another process which we call vested rights. That is a potential process you can go through.

But the rezoning criteria is basically, do you want to have upzone, this low impact area, to bring in more commercial uses?

And I -- and that would definitely impact this area. This is what we are here today for to decide on. The board made the decision unanimously last time.

His presentation definitely changed, but the facts of the land still exist.

THE CHAIRMAN: All right. Mr. Jones, you mentioned the vested rights option.

During your extensive conversations with the gentleman, has that been discussed as to what options may be --

MR. JONES: Yes, sir. Yes, we did. Yes, we did. Myself, Allyson Cain, Mr. Andrew Holmer. We had extensive conversation -- phone conversations with him. Yes, sir.

I made a Planning Board interpretation about that we cannot use the old SDD, as far as those other uses. And back in the email.

So I told him he could have challenged that. But, again, his intent -- I'm speaking for him, but I think it's clear -- is to get that higher-up zoning from LDR all the way up to commercial. That is an extensive transition that would definitely have an adverse impact on that area of low-impact suburban area.

THE CHAIRMAN: Okay. And we're going to take a break here just for a moment.

But I understand why Mr. Pyle made his opening comments because obviously this is a very special case, and there's --

MR. JONES: Yes, yes.

THE CHAIRMAN: -- very special circumstances here.

When we look at the actual rezoning criteria, there are some issues there with this being upzoned, but we also obviously are sensitive to --

MR. JONES: Absolutely.

THE CHAIRMAN: -- you know, the fact that you bought a piece of property that you, you know, want to enjoy the uses of.

So that's, I think, what most of us are really wrestling with is, you know, where do we fall in there?

So I wanted explore all the options that he might have to try to remedy this.

MR. JONES: Yes, sir.

Mr. Briske, again, the vested rights -- that is -- that is an option. It's his burden of proof to make. If you want to go down that road, it's his burden of proof.

The savings clause is still there. I mean, there are -- there are -- I just can't promote going against the county, but there are other venues that could be available for him to make his case that he made so passionately

about.
MR. PYLE: If I may briefly, I may -- we sat in the same spot. And I said this is going to happen.
I called it on Gulf Breeze Highway. And it's going to happen on Sorrento Road. This is simply a collision of old, weak zoning. We did a good thing to go ahead and rezone. And this is inevitable.
However, it is not just as cut and dry as interpreting what we've set in place. Unfortunately, it's a small community. I know people who live in that neighborhood. I know the owners of the storage. I knew the previous owner. And I betcha everybody in here does because it's a small community.
There's a lot more to the story. And, quite frankly, I think that the applicant has made a great case. I am certain -- I'm not trying to rile up those speakers against. Feel free to come up and speak against. I'm going to listen, as I did last time.
But what I'm telling you is this is what I said. It's going to put the burden upon us as the board members to use our brain and interpret

these things because there may not be another avenue just as easy to go down to get what the applicant is after. It's going to be placed upon us. And that's our problem. And, unfortunately, that's where we are. And we're going to see this again and again.
THE CHAIRMAN: Okay. Sir, I'm going to let you have a brief statement. Then we're going to take a little short break, and then we'll come back.
MR. SUMROCK: I just want to say, the time to address these issues is before development. It's not after you've built it. You can't build a warehouse and then come down here and say, "You're zoned agriculture now. Tear down your warehouse." Who can justify that reasoning? You simply can't.
So reducing it down is not an option. I can't go down and tear out everything that's been put in over these years. That's my case.
THE CHAIRMAN: I understand, sir.
Yes.
MR. SAMMONS: I know that it's been recorded, but I just want to make -- I would like to have what he read from definitely

entered into the record --
MR. JONES: Yes, definitely.
MR. SAMMONS: -- as part of the file.
MR. JONES: Yes, sir.
MR. SAMMONS: Preferably as an exhibit.
THE CHAIRMAN: Sir, is that a motion to accept that document as an exhibit?
MR. SAMMONS: Yes.
THE CHAIRMAN: Okay.
MR. FEARS: Second.
MR. JONES: You'll have to give him a copy because that's not part of the record.
THE CHAIRMAN: Hold on, Horace.
Is there a way that we can make a copy?
MR. JONES: I'll be glad to make a copy, yes, sir.
MR. SUMROCK: Well, I prefer to come down and give you an electronic copy later because this has my notes and stuff on it as well.
THE CHAIRMAN: All evidence has to be entered in today into the record.
MR. SUMROCK: Okay. If you want to keep -- if you want to deal with my notes. I just wanted to keep my notes as well, but --
MR. JONES: I'll give you a copy back.

I'll make you a copy back.
MR. SUMROCK: Okay.
MR. JONES: I just want to get to what you -- enter it for the record because --
THE CHAIRMAN: Because we're in quasi-judicial, all evidence has to be entered in today. We can't say you can bring it next week.
MR. SUMROCK: Okay.
THE CHAIRMAN: It has to be in today.
MR. SUMROCK: I understand. I understand.
THE CHAIRMAN: So, Gary, your motion is to accept that exhibit into evidence as alternate findings this gentleman read from.
MR. SAMMONS: Yes, sir.
THE CHAIRMAN: Okay. Do we have a second for that?
MR. FEARS: Second.
THE CHAIRMAN: Second.
All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: Okay. So we will label that as Applicant Exhibit 2.

(Document received in evidence as Applicant Exhibit No. 2.)
THE CHAIRMAN: And that's alternate findings of fact presented by the applicant.
And if you'll work with staff during our little short break here.
Members of the public, I'll remind you, we are still in quasi-judicial session, so please do not address any of the Planning Board members if you see us in the hallway or the restroom or anything because we cannot talk to you at all. So just get that out of the way.
So we are in recess. Let's just take -- let's just take five minutes. And please come back quickly so we can get back into session.
(Brief recess.)
THE CHAIRMAN: All right. I'm hereby calling the quasi-judicial hearing for February 4th back into session. Please take your seats and come to order. Okay.
One quick housekeeping item before we go back into session. There's some information in the applicant's Exhibit 1 that will have to be redacted before it goes on.
Inadvertently someone's Social Security

number is referenced in there, and so we want to protect that information. So we're going to ask all of the Planning Board members to leave that exhibit here. The staff will take care of the redaction of that information. And that's the only thing that will be removed from the exhibit, is that Social Security number, which is not pertinent to the issue today. So just wanted to get that on the record.
Okay. Mr. Sumrock, do you have anything else before we go into public comment?
MR. SUMROCK: I don't, sir.
THE CHAIRMAN: Okay. Thank you.
Okay. At this time we're going to go into the public comment portion. And we do have a lot of speakers signed up.
We are going to have a timer, and we have to stick to it because this room is being used by the magistrate at one o'clock.
Please, please, please keep your comments consistent with one of these five areas on the board. If you're going to get up and start talking about traffic, and stormwater, and things that are done through the Development Review process, it's not pertinent to our

decision. It has to be addressed to one of these categories.
These are the only things we're allowed to vote on by law. Okay? So we must vote on these. So please keep your comments to those.
For those members of the public who wish to speak on this matter, please note that the Planning Board bases its decisions on approval conditions and exceptions described in Section 2-102 of the Land Development Code.
During our deliberations, the Planning Board does not consider general statements of opposition or support. Please limit your testimony to the approval conditions and exceptions described in 2-7.2.
And also please note that only individuals here today giving testimony on the record will be allowed to speak at the subsequent BCC meeting.
Our first speaker is Mr. Fred Thompson. Not on this one? You had 20-02?
MR. THOMPSON: No, sir.
THE CHAIRMAN: Okay. Okay. We'll get you over there. Okay.
Chris Dosev. Sir, if you'll please state

your name and address for the record.
- - -
CHRIS DOSEV, upon being duly sworn, was examined and testified as follows:
- - -
MR. DOSEV: Chris Dosev. I'm a resident of Pensacola. My address is 1725 Whaley Avenue.
THE CHAIRMAN: Good morning, sir.
MR. DOSEV: Good morning.
THE CHAIRMAN: And thank you for your service to our country.
MR. DOSEV: Thank you.
THE CHAIRMAN: You may proceed.
MR. DOSEV: My concern is, and one of the things that I hadn't heard mentioned, is the military mission and encroachment.
In this particular location with commercial, there's a possibility of future use as multifamily residential.
And my concern would be if that were to be the case, that encroachment on the military mission would be detrimental not only to the military community but also to the civilian community because that impacted -- if, as many of the other area -- local areas have done, like

Whiting Field -- around Whiting Field and Eglin, they've done everything they could to prepare themselves for any possibility of a future BRAC. And they're doing these things, and they're trying to incubate their communities so that they wouldn't have issues with potential future residents living in very close proximity to military bases and the possibility of new tenant comments coming in that would impact people's just normal day-to-day living, with noise and operations.

So, you know, one of the things that I wanted to illustrate to that point is a perspective.

When I first came into the Marine Corps back in 1984, we were at the rifle range. And a gunnery sergeant, crusty old gunnery sergeant, made it clear to us -- that two officers, future military officers -- that we would be responsible sometime in the future for maintaining and securing those areas that we have now for military operations.

And my -- two of my own classmates when I was the assistant commandant of the Marine Corps, responsible for that sort of thing. And

the other one happens to be the general in charge of First Marine Division on Camp Pendleton.

And that's really where we were always concerned. California is a growing state. And all these people love the beach. And here you had this base right on the water.

Similar situation here, where, if you look at south of Sorrento Road, those areas, a lot of them currently wetland areas.

So it allows itself that in the future that there wouldn't be development. So I think that it would be in the best interests of the community to heed those things, and not make it or allow future development that would cause due burden -- or undue burden on the military, and also that potentially provide people that move or work in those areas or live in those areas a conflict. And so that's what I'm here to discuss.

And thank you very much for taking the time.

THE CHAIRMAN: Thank you, sir. And you're exactly right. The mission of the Navy here is very important. We actually have Steve on our

board here, who is a representative from the Navy.

I'm going to let him speak to the AIPD-2 zone that this encompasses.

Steve, you have the floor.

MR. OPALENIK: Yes. Thank you, Mr. Chair.

So AIPD-2 is where this property sits. And unlike AIPD-1, which is directly underneath our most used flight paths, is of less concern as far as our air installation compatible use zone.

That is the book that we have or the study that we have that is in agreement with the Land Development Code. It's adopted by the county also.

So in this case AIPD-2 is outside of our primary flight path. That's not to say that we won't overfly it. That's not to say that there won't be noise.

When I look at the density, density is certainly the concern. As Mr. Dosev was pointing out, density is not our friend when it comes to air installations.

We don't have the study that says the Navy absolutely disagrees with this, but we certainly

have concerns.

Anytime that there is a density of 25 dwellings per acre, that's a concern for us. Could we stand on the desk and stop it? No. We could recommend against it.

And in this case, my concern would be the future development. We don't know the -- we don't know the use of this property, but the concern of density is certainly a concern for our mission, and certainly future development in that area is a concern for our mission.

THE CHAIRMAN: Thank you, Steve. And just for the record, if you would just please state your full name and your position as part of the board here and with the Navy.

MR. OPALENIK: Yes. Steve Opalenik, the community planning liaison officer for NAS Pensacola.

THE CHAIRMAN: All right. Thank you, sir.

Our next speaker is Brian Barr.

Okay, sir. Please be sworn in and state your name and address for the record.

- - -

BRIAN BARR, upon being duly sworn, was examined and testified as follows:

Page 81

MR. BARR: Brian Barr, 762 Halcyon Circle, Pensacola, Florida 32506.
THE CHAIRMAN: Yes, sir.
MR. BARR: My business partner -- good morning, and good morning.
My business partner and I built -- McLendon's back there. We're the ones that have the contract on the property. We've had that contract now for over a year, trying to get this to go through.
I guess I'd like to just try to put at ease some of the rumors that were flying around last time. And that is, we're not out-of-town corporate developers. We're both from this area.
I grew up on Perdido Bay. Bill grew up in Seaglade. We both worked at Holiday Harbour Marina. We both attended the same church on Innerarity Point for over the last 20 years.
We've started a business 19 years ago, Test and Balance. It's more like an engineering firm. We test commercial systems, certify operating rooms, stuff like that.
We need an office. That's our primary reason we're trying to buy this property, is for

Page 82

an office.
And I don't think -- I don't -- in anything we do -- Billy has four kids. We had one. We have nine people working for us with families, all with kids. Anything we do out there is going to be family friendly.
I don't think you'll find a better steward for that property than us at this time. That's all I wanted to say for now.
THE CHAIRMAN: All right. Thank you, sir.
MR. BARR: Thank you.
THE CHAIRMAN: Michael Russo.
I'm going to say the same thing for everybody. Come up, be sworn in, state your name and address for the record, and then just start going, so we can save time.
So go ahead, sir.
- - -
MICHAEL RUSSO, upon being duly sworn, was examined and testified as follows:
- - -
MR. RUSSO: Michael Russo, 4607 Calle Ventoso, Pensacola 32514.
I am actually the broker for this property with Mr. Sumrock.

Page 83

I have been in Pensacola here, residing for 37 years. I've been a broker since 1994, and I've had a real estate license since 1986.
And I've got a bunch of stuff to read, but I'm going to just go straight out with it and say, some of this stuff that we get involved in -- and I've sold many a property up and down that Gulf Beach Highway, Sorrento Road. And it is absolutely ridiculous what we run into. Okay.
This doesn't fare well with any taxes or anything that -- that the county is going to lose. There's going to be more lawsuits. There's going to be more everything. So this may be a good example to get things straightened out. You're the board. Okay.
There's been many, many inconsistencies when I visited the Planning and Zoning Department, even with my own property. Okay?
So let there be no mistake about it. Okay? This is not textbook. Not everything is all black and white when you do this stuff. That's not the case. Okay?
The LDR zoning and all that stuff is just crazy. Inadvertently they just go and change

Page 84

things. That doesn't fare well with the community.
There's a lot of people that I know that are angry, without a doubt. They are angry. Okay? So I would just tell you this: I'm still a broker. I'm not going anywhere. And you'll probably see us again, because this is -- this is crazy. What is all happening here is just crazy. It really is crazy.
So, in the meantime, a broker from 1994, still in business and going to continue to do business. And I just wanted to speak my opinion.
Thank you.
THE CHAIRMAN: Thank you, sir.
Karen Sindel.
- - -
KAREN SINDEL, upon being duly sworn, was examined and testified as follows:
- - -
MS. SINDEL: Karen Sindel, 14 Star Lake Drive, Pensacola.
First let me thank you for your willingness to serve in this capacity. As someone who did this job for literally under

five different Commissioners, I understand the work that is involved.

Second, I'm here to support staff's findings. Their due diligence with this case is what they do with every case. They take their time, and they come back to you with as clear and definitive answers as possible. And that's not always easy.

Our community spent many years with no zoning, and then we spent years trying to correct some of the sins of the past by a Comprehensive Plan, land use, future land use, Land Development Codes.

I sat and helped craft, along with Mr. Briske, a lot of that message. That included taking -- what was it, Horace? Like 48 different zonings?

MR. JONES: Yes, ma'am.

MS. SINDEL: And trying to pare them down.

When you go through that process, you realize that you are not going to make everyone happy.

MR. JONES: Absolutely.

MS. SINDEL: But you also understand that you're doing what's known as planned smart

growth, planned smart growth.

The decisions you make aren't always about what's happening today. It's what we need to happen in five years or ten years down the road.

A big concern of ours because, number one, I live on the west side. Number two, I'm the wife of a Naval aviator.

So the protection of our community's largest employer, which is NAS Pensacola, always factored into the conversations that we had. Always.

Not just the protection of today's flight path, but the protection when the Blue Angels moved to the Super Hornets, the protection of future potential military operations on that base.

We've had lawyers come before us, great lawyers, who have threatened Harris takings before, but the bottom line is that you oftentimes have to look at the good of the community versus the needs of one.

There's a lot of times people buy land in this community and they're able to immediately go and do what they want to do with it.

There's other times when it's square peg,

round hole, and they have the opportunity to come before you or go before the Board of County Commissioners. There's always an opportunity for discussion.

The conditional -- the conditions under which you legally make your decision to agree or to deny may look arbitrary to someone who's not familiar with our community, but trust me. They have been extremely well thought out.

I cannot stress enough that when you take any kind of development into consideration on the west side over by NAS or more west of us, even around the Sorrento Road area, the concerns about protection of the NAS mission today and in the future is critical.

NAS Oceana will tell you, if you have anyone you run into, that was their -- just before 9/11, it wasn't the concern of flights, as much as it was the concern of the disturbance requests that were coming. People calling in saying, we moved into this apartment complex or we've moved into this neighborhood, and we're very unhappy with the noise we're having to deal with.

And Stephen will tell you, the base will

not come here and tell you not to do this, but they will tell you that they can foresee using a crystal ball that has worked well, the problems that are going to occur.

And we do not want to be putting another nail in the coffin of creating issues for NAS or for the Blue Angels.

Again, thank you so much for your service. I can't tell you how much I appreciate the work and the effort you do.

Thanks.

THE CHAIRMAN: Thank you, Karen. And thank you for your service. We certainly miss you on the board.

MR. JONES: Absolutely.

THE CHAIRMAN: She indicated she was a long-time member of this board, so . . .

All right. Carole Tebay.

- - -

CAROLE TEBAY, upon being duly sworn, was examined and testified as follows:

- - -

MS. TEBAY: Carole Tebay, 4060 Indigo Drive, Pensacola.

I have a map that I'd like to enter into

Page 89

evidence. Do you want me to describe it first?
THE CHAIRMAN: Yes. Just stop her timer for just a minute while we do this procedural.
Could you just describe what it is, how you acquired it, and just in general?
MS. TEBAY: Sure. I got this off the FDEP Web site. It's about the Perdido pitcher plant prairie.
THE CHAIRMAN: Okay.
MS. TEBAY: It's a map of the existing parcels and the parcels that they hope to acquire as part of the Perdido pitcher plant prairie.
And it shows in the middle as the -- where the subject parcel is. And the development is kind of an in-holding within the Perdido pitcher plant prairie.
THE CHAIRMAN: Okay. If you would just share that with the staff members for a minute there.
MS. TEBAY: And I just want to remind y'all that this is an in-holding in the Perdido pitcher plant prairie, which has been set aside to protect the water quality of Perdido Bay and the Big Lagoon.

Page 90

THE CHAIRMAN: Okay. And hold on just a moment. Let's take care of a procedural matter.
MR. SUMROCK: I just want to be privy to all the evidence that's presented.
THE CHAIRMAN: Yes, sir.
MR. JONES: Yes, sir.
THE CHAIRMAN: Do we have a copy for the applicant? We'll get you a copy of that.
To follow up on the document that you're submitting, that information came off of the Internet site, and you personally pulled that information?
MS. TEBAY: I did.
THE CHAIRMAN: Okay. In preparation for today.
All right. Board, Chair will entertain a motion to accept Mrs. Tebay's exhibit for consideration.
MS. TEBAY: I didn't pull it off for today. I pulled it off quite a few years ago. It's from 2016.
THE CHAIRMAN: Okay.
MR. FEARS: Motion to accept.
THE CHAIRMAN: Okay. Do we have a second?
MR. PYLE: Second. Sure.

Page 91

THE CHAIRMAN: Second.
All right. Any further discussion?
(No response.)
THE CHAIRMAN: All those in favor say "aye."
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: Okay. We're not quite sure how it's going to fall into these criteria, so you're going to have to tie that into one of these criteria for it to be pertinent --
MS. TEBAY: I felt it was --
THE CHAIRMAN: -- for our discussion.
MS. TEBAY: -- consistent with the Comprehensive Plan.
THE CHAIRMAN: Okay. Go ahead with your --
MS. TEBAY: So all I'm doing is pointing out that this is an in-holding in the Perdido pitcher plant prairie, which was set aside to protect the water quality of Perdido Bay and Big Lagoon.
And so it's -- it would normally have been brought up as conservation probably, if it

Page 92

hadn't already been developed.
THE CHAIRMAN: This particular parcel, the subject parcel, is not part of this. You're talking about the surrounding properties --
MS. TEBAY: Right.
THE CHAIRMAN: -- just to be clear.
MS. TEBAY: This property, the concrete property, and the storage houses, and the little one-street development are all in in-holding in the middle of Perdido pitcher plant prairie.
THE CHAIRMAN: Okay.
MS. TEBAY: In a perfect world, the whole thing would have been set aside, but there's this in-holding there.
THE CHAIRMAN: All right. If you'll start the timer again, please.
MS. TEBAY: That was my -- the extent of my comment.
THE CHAIRMAN: Okay. This is Tebay Exhibit 1.
(Document received in evidence as Tebay Exhibit No. 1.)
THE CHAIRMAN: Okay. Thank you, ma'am.
Medora Mullins.

MEDORA MULLINS, upon being duly sworn, was examined and testified as follows:

MS. MULLINS: I'm Medora Mullins. I live at 11557 Sorrento Road, which is diagonally to the northwest of the parcel that we're talking about.

I do agree with Planning staff's findings and their recommendation to deny the request of commercial zoning for that parcel.

Being zoned commercial would be allowing the possibility of too many other types of businesses that would be inappropriate to the neighborhood.

However, personally I have no objection to the type of business that I've been told wants to move in there, using the existing infrastructure and buildings and things that are already there that wouldn't be making any changes.

But I think it does not need to be rezoned commercial, but that the owners need to pursue the other avenues of being able to have a business there that were alluded to by staff. So I think that's what they need to do, rather

than a rezoning to commercial.

Thank you very much for the opportunity to speak.

THE CHAIRMAN: Thank you.

Larry Downs, Jr.

LARRY DOWNS, JR., having been previously sworn, was examined and testified as follows:

MR. DOWNS: Larry Downs, Jr., 12156 Havburg Drive, Pensacola, Florida.

As usual, we hear all the reasons why we can't -- you know, can't have property rights.

I'm for allowing these people to have their property rights to be able to sell this property and utilize it as they see fit.

The new -- the new purchasers, Mr. Barr, I believe it is. Yeah, Brian. I do believe they'll be good stewards.

Now, of course, you can use the -- you can use the -- you know, everything from traffic to wetlands to snails to -- you know, to military flight patterns. You can use everything to deny people's property rights. It's just wrong.

It's wrong.

Our military has the whole Gulf of Mexico. They can take off and go right out there. There's going to be a school going right down the road from the same property that's going to have 1,000 kids and however many teachers. My wife's one of them.

My kids went to Pleasant Grove Elementary School, right in the flight path. So what? Ain't none of us getting out of here alive. Let's try to live free. This is ridiculous.

I mean, come on. Is that -- you know, you think I raised my children to be -- to be this? This is -- this is a matter -- I mean, life, liberty and pursuit of happiness if it's -- if it's authorized and dictated and mandated by government is not -- that's -- that's not what this is.

I mean, I made so many notes, I don't even know where to -- you know, and we can't even fight y'all because y'all got our taxes. Not y'all per se, but our government.

Our taxes. We gotta -- we gotta pay for attorneys. We have no rights here. We have to prove. We have to -- the burden of proof is on

us. Y'all the ones changing property zoning. Y'all are the ones denying property rights.

Why is the proof on us that, hey, this was built in such and such time or authorized -- authorized -- by mommy and daddy government?

That's not what -- this is -- I mean, I listen to so much of it, I don't even know where to start, you know. I mean, we know the government's going to put a school in there. I advocated for it.

They gotta have a place to go to school on this side of town. That supplies a school for -- elementary school for military families to go to. They're going to it right now right in the flight pattern, the Pleasant Grove Elementary School.

I mean, all the language. And Horace did a good job of explaining this government overreach. He does an excellent job of it. It's his job.

Doesn't change the fact that every one of us know right here (indicating heart) -- we know right here that this is just not the way this country was founded. Prosperity was not created upon this mess, and it can only do more harm

than good.
Thank y'all.
THE CHAIRMAN: Thank you, Mr. Downs.
Suzanne Wells.

SUZANNE WELLS, upon being duly sworn, was examined and testified as follows:

MR. JONES: Thank you, Larry, for your vote of confidence.
MS. WELLS: Hey. I'm Suzanne Wells, 3298 Nighthawk Lane.
I'm president of the homeowners association there.
I do recognize that this zoning request being denied for commercial could potentially render the property useless, as has been said.
The potential buyers -- and I emphasize potential -- state they will only have office space with minimal traffic in and out of the property. And I understand that. But how long will they have the business? To whom will it be sold after that?
And with that being said, I still support the staff findings that the property should not

be rezoned to commercial. If it's rezoned to commercial, there is no assurance about what type of commercial business will be in there now because they are potential buyers or what would happen in the future.
Thank you.
THE CHAIRMAN: Thank you.
Jennifer Powell.

JENNIFER POWELL, upon being duly sworn, was examined and testified as follows:

MS. POWELL: Jennifer Eicher Powell, actually, but technically.
11535 Sorrento Road. I am in the little parcel next door. And I'd like to reiterate everything that Ms. Wells said.
I firmly agree there is nothing stopping someone from owning a business for a couple of months and then putting in another starter place right next door.
And I agree with the county's findings. Again -- well, not again. But I hear what you're saying about the current landowner and distress, and . . . Where was I going with that?

Retail shop. Yes, the address, that there was a retail shop in there. I stopped at that store a number of times. When I was there, I never ever saw another customer.
That is completely different from having heavy commercial use. And I would totally be okay with a nursery or floraculture or something like that being put back in there.
But going from where it is right now to apartment complexes, heavy -- expanding the concrete plant -- I mean, opening up to commercial is anything.
So thank you.
THE CHAIRMAN: Thank you.
Now, a clarification. Some of you that turned in speaker request forms, I just want to make sure I have you for the right case.
Mr. William McLendon, I believe you just turned in one that says Z-2020-01.
That case has already been heard earlier. Is that --
MR. McLENDON: That was a mistake. I'm the other purchaser of this property.
THE CHAIRMAN: This one.
MR. McLENDON: Yes, sir.

THE CHAIRMAN: Okay. Well, then come on forward. It's your turn.

WILLIAM McLENDON, upon being duly sworn, was examined and testified as follows:

MR. McLENDON: My name is William McLendon. I live at 11320 Seaglade Drive. I moved into Seaglade in 1965. I've been living -- so I've lived in the flight path for more than 50 years. And it's a glorious place to live. My father was a Naval pilot, and, you know, it's -- it's . . . so I want to develop the piece of property with Mr. Barr.
We've been in business for almost 20 years together. And we need an office. And we've been paying taxes in this county for almost 20 years now, supporting, you know, nine other families. And that's about all I can say.
THE CHAIRMAN: All right. Thank you, sir.
(The following speakers' forms were not supplied by staff, so names and/or addresses may be misspelled:)
THE CHAIRMAN: Okay. Mr. William Beach. You didn't indicate which case you wanted to

speak on.
MR. BEACH: It's the other case.
THE CHAIRMAN: So it's the OSP. We'll just put you down for OSP, and when we get to that.
Okay. And Fred, I know I kind of already asked you this. There says 2020-02. And you had one in for the OSP 2019-01. Did you want to speak on this case?
FRED: No, sir.
THE CHAIRMAN: Okay. So these are just for the OSP cases?
FRED: That's correct.
THE CHAIRMAN: Okay. All right.
And same thing. Ms. Pino, you did not want to speak on this one or you do?
MS. PINO: I do.
THE CHAIRMAN: You want to do both. Okay. So come forward on this one. And this is you had a 1 on here, but there is 02.
MS. PINO: Sorry.
THE CHAIRMAN: So just to clarify. Okay.
MS. PINO: Thank you.
THE CHAIRMAN: All right. Go ahead.

MELISSA PINO, upon being duly sworn, was examined and testified as follows:

MS. PINO: Melissa Pino, 413 Southeast Bauritz.
Once again, I'm so sorry about the position you guys are in with this stuff constantly. I don't know how you do it. I really don't.
I mean, I'm sitting watching this going, will we lose a member of this Planning Board after today? Because people just can't stand going through this anymore. I mean, it's horrible.
Mr. Dosev's comments about encroachment, to my mind -- I'm going to be candid -- it's campaign stumping during a quasi-judicial meeting, which is why we have the camera close down shop.
And those of us who are aware of the politics indeed do know that encroachment is being used all over the place these days as excuses against particular kinds of development. That's not to say I don't take it seriously.
I live on Navy Point. Actually, I love

the argument because we're getting set to try to knock our land use down from MUU to MUS, and maybe we can use the flight path argument to do that.
But until then, with all due respect to Ms. Sindel, most people realize it's nothing but a red herring. Of course, everybody's going to use every argument they can.
And as you've stated over and over, this is about the criteria, right? And that Ms. Sindel recognized clear and definitive criteria.
Anyone in this room with ears can tell that the property owner made another case on the criteria. And I'm sorry. Horace, I gotta tell it like it is.
He was more precise. He was more detailed. He stuck to the language more. He wasn't vague. I listened to all of the staff findings on every single one of those criteria. He knocked it out of the park. Absolutely knocked it out of the park.
What argument can you make? You don't even need to make the general argument of in what universe have we gotten to where you're going to take away the rights of somebody that

spent $200,000 in steel structures for their property? What's he going to do? Tear them down?
Now, I'm usually side by side with Ms. Tebay on the pitcher plant stuff. And I don't want to downgrade her concerns, but there is plenty of conservation buffer on this property.
So, you know, one of the other -- the concerns that was raised was the expansion of the concrete plant.
Correct me if I'm wrong. They couldn't do that, just with this zoning change. The land use would hem them in from that concrete plant expanding. And I can understand why they would have that concern.
Lastly, there was a concern mentioned about the jump, the big jump in the -- in the zoning now to commercial. That may be a philosophical concern. I don't think that that is any legal concern of yours, when you are simply evaluating criteria.
And, quite frankly, the property owner, his findings? I am willing to bet when they go in front of the BCC they're going to agree that those were a little bit more accurate than

Page 105

staff's findings.
Thank you.
THE CHAIRMAN: Okay.
That's all that I have signed up for this hearing.
Is there anyone else who has not spoken that wishes to speak in this case?
(No response.)
THE CHAIRMAN: Okay. All right.
Mr. Sumrock, you have a chance to come back up.
MR. SUMROCK: And I have another nine pages to read, sir.
(Laughter.)
MR. SUMROCK: No. I'm just kidding.
(Laughter.)
MR. SUMROCK: I just want to start by saying to the people that came out, I understand when you come and advocate for yourself.
But, you know, we just have a difference of opinion. And this -- and this board has to follow a Land Development Code. That's your marching orders. So it is what it is.
I want to address one thing with the other options. A couple people have said, hey, look

Page 106

at the other options.
Friends, we have looked at the other options. I have went round and round with my friend here about other options. And they just don't work out for us. Okay?
So I wish there were other options, but we're in a corner. And we've been here for a year and a half. We want out. I had brown -- black hair before I came into this process.
So . . . and just -- the other thing is just for -- there are protective codes out there and procedures in place that will limit the types of commercial activity on this property.
People seem to think when you get a commercial license you can do anything on that property. And that's far from the truth. You still have to have land-use authorization, and you have to use the facilities that are in place. So it's not a free-for-all.
So given that, we have shown that the staff findings were not persuasive and not supported by facts or any level of relevant analysis.
On that hand, we have demonstrated that each of the five criteria is consistent with the

Page 107

Land Development Code.
We are also aware of the history and background of this parcel, and that one could argue has been handled inappropriately, and zoning would help to remedy the past incursions.
Please don't forget the 9.6 acres of land in conservation easement that were exchanged in good faith for the development along Sorrento Road.
Don't forget the county issued a site and utility plan for this commercial structure and permitted all the structures to be built. Don't forget the presence of the billboard only allowed on commercial property, and please don't forget all the common sense items that show this parcel should not have been downzoned in the first place.
Thank you for the opportunity to plead our case.
THE CHAIRMAN: Thank you.
MR. JONES: Yes. Again, I want to thank the board members and everyone that spoke. A couple of things to be very, very brief because we've got -- we definitely have to move on.
First of all, again, the facts are the

Page 108

facts. The threshold is the threshold. Regardless of how much we may not like it, it may need to be improved. It may have been said with more passion or more inflammatory statements, the facts are the facts.
Number one, this is urban sprawl. This will contribute to urban sprawl. Definitely. If you look at the definition of urban sprawl, it's a strip or haphazardly a leapfrog development. That's number one.
SDD. It was -- it was previously zoned SDD. SDD is not a downzoning. SDD was adequately commerged into LDR. LDR -- SDD had three dwelling units per acre, with very limited commercial uses because of the impact to the wetlands, special development district, to eliminate commercial adverse impact of commercial uses.
When it got converted, it got converted properly. It was not a downzoning. It got converted to low-density residential. Low density residential is strictly for residential uses only. That area on that map. I can make the case. That area -- but I won't have time to go and rehearse what Mr. Juan Lemos said.

That area is LDR. It is surrounded by conservation area. The purpose of a conservation area is to protect against adverse uses that may have an impact on wetlands, that may have an impact on the environmental sensitive land. That's the Land Development Code. That's the Comprehensive Plan.

Number two -- number three, we cannot -- consideration of a billboard cannot be considered in the threshold criteria of commercial uses because, again -- again, that billboard could have been grandfathered in, could have been -- we do not have all of the facts on that. So that is a relevant point to be made. It sounds good, but it does not meet the threshold of the criteria.

The other points is that -- I would like to make is that -- is that, again, the surrounding area, one of the criteria that you must look at, you must look at --

UNIDENTIFIED PERSON: (Indicating.)

THE CHAIRMAN: Hold on. I'll give you a chance.

MR. JONES: After I get finished here, I'm not going to come back because of the time. I'm

just telling you what -- I'm just rehearsing -- I'm just stating my facts. He brought his points. I'm just reiterating, so I'm not making no new remarks. Okay?

LDR -- It's surrounded by LDR. That subdivision is across the street.

Now, he made a point of this is not contiguous. We can use sound planning principles and planning definitions.

And he stated that this is separate, not going against one. Just talking about what he stated. This is not a contiguous property at all.

It is separated by a public right-of-way. And any -- there was a definition. And the planning definition said contiguous means it cannot be separated.

So his argument of that as being contiguous, so staff does concur, Mr. Pyle, that, yes, there could be some changes that are needed in the future.

But the threshold, the criteria that this board is tasked with -- and I am challenged -- I'm the one that's got to go before the court.

And look at the threshold. The threshold

is governed by the threshold. Does he meet the rezoning criteria? Those other uses, those other avenues, takings. If those are available for him, if you want to pursue.

Yes, we -- correct, we had discussions on them only, but there was not an in-depth because he disagreed with the Land Development Code.

And that's his right to. He disagreed with what I told him. But I gave him opportunity. But they were not -- they were not really, really -- not fully on to pursue those.

So nonconformance cannot be used. I understand the area. I understand commercial and Sorrento and Gulf Breeze Highway, but that is not why we're here today.

It was denied once. The board -- it was denied by this board, based upon -- the facts of this land have not changed. The surrounding area has not changed. The maps, the existing uses, they are still existing today.

Thank you.

THE CHAIRMAN: Mr. Sumrock.

MR. SUMROCK: No. I was going to just object to his --

THE CHAIRMAN: You have to come to the

microphone.

MR. SUMROCK: What's that?

THE CHAIRMAN: You have to come to the microphone.

MR. SUMROCK: I'm sorry.

No. I was just objecting that he took the last opportunity to speak, and that's outside the quasi-judicial hearing.

THE CHAIRMAN: I was going to give you the opportunity to make a closing statement.

MR. SUMROCK: I don't have after that, but I'll close with that.

THE CHAIRMAN: Thank you.

Okay. Board members, discussion.

MR. PYLE: A quick question for Horace.

MR. JONES: Yes, sir.

MR. PYLE: If you look at the Exhibit A, the 4.3 acre preserved wetland and the 9.6 acre preserved wetland, are those, in fact -- it doesn't necessarily state. Are those, in fact, protected? Are they wetlands?

MR. JONES: Again, it's hard for me to -- without being -- without me looking at the official --

MR. PYLE: Do you have --

MR. JONES: -- that's what he presented.
MR. PYLE: So the wetlands map, as it shows there, the blue area that cannot be built upon; is that correct?
MR. JONES: On the screen.
That is on the -- that's our GIS wetlands map now.
MR. PYLE: Yes.
MR. JONES: This -- I cannot -- I cannot say what this is.
So he says wetlands, but . . . so I cannot answer that question, but I do -- I do know there's -- if it is wetlands, there are some provisions where you cannot impact wetland area, but DEP does allow that you can build in them if you got to give me certain criteria.
But our GIS map is not showing this much -- what it may be -- it may be because this -- both of them just depict -- I just don't know what this is.
MR. PYLE: Okay. That's fine.
So my other question, the other one of the speakers that basically stated that they should use one of the other avenues.
What avenue -- and I'm being pragmatic.

MR. JONES: Yes, sir.
MR. PYLE: Just hear me out.
Being pragmatic, to get what they have portrayed -- and I'm mindful, residents, of what could happen in the future.
But given the current circumstances, what avenue would you advise them to take to get what they're seeking?
MR. JONES: Okay. As I told Mr. Sumrock before, number one, there's an avenue, if he wants to appeal my Planning Board interpretation of what I gave him for the record, he could appeal it. That's number one.
Number two, if he wants to pursue -- if he feels like that some downzoning, some type of actions that was taken upon by the county, he could pursue those. Those are vested rights or other avenues.
He could -- he can use -- number three, he could use the savings clause. The rezoning -- the rezoning option to go up to a higher zoning is not -- the criteria -- the process does not allow for that.
This is an upzoning. We've got to establish upon the strict rezoning criteria

that's before this board to consider.
But those other options, they are available. They will work with him. And he was told that on many occasions.
THE CHAIRMAN: Now, Horace, just to be clear, to follow up on Mr. Pyle's question, if he were to appeal your -- as the director of the department, he has the opportunity to appeal your decision. And that goes to the Board of Adjustment or does it go to a board of competent jurisdiction?
MR. JONES: It goes -- it goes to an administrative appeal on my Planning Board decision. It goes before the Board of Adjustments. He would have to --
THE CHAIRMAN: And then it would go to a court of competent jurisdiction if he wanted to appeal their decision.
MR. JONES: Yes.
THE CHAIRMAN: Okay.
MR. JONES: It would be his case to make.
THE CHAIRMAN: Okay. I just want to make sure we're exploring all of the options out there.
Go ahead. You still have the floor.

MR. PYLE: Are you entertaining motions? Or does anybody else wish to speak?
Go ahead, sir.
MR. SUMROCK: He just asked me to come up.
I wanted to address that one parcel in the back. That is a protected area, and it's vividly outlined in the 9.6 acres, as outlined. And the front acreage corresponds with that exact wetlands area on the map.
THE CHAIRMAN: Just to be clear, your exhibit that's labeled A in the package --
MR. SUMROCK: Yes, sir.
THE CHAIRMAN: -- that you entered, how was that delineation done? Did you have a wetlands delineation expert do that?
MR. SUMROCK: It was Edmundson & Associates did the wetlands determination of the property.
THE CHAIRMAN: Okay. And this is just a page from that file?
MR. SUMROCK: That's correct.
THE CHAIRMAN: Okay.
MR. SUMROCK: It's three pages from it.
THE CHAIRMAN: Okay. Gary.
MR. SAMMONS: Yes, I do want to speak.

I am new to this. This is only my third meeting. And I'm going to continue to use that excuse when I do something silly.

But the fact is, I feel for you. I personally feel like that any -- any set of rules, any set of actions by this county that has created this situation is wrong because I feel for you.

Having looked at the property, realizing I've gone up and down the road, and it's clearly more of a commercial operation there and has been. And even if it is defunct now.

And I would love to see us find a way in the criteria to approve this request. And that's the reason why I wanted his information in the record.

MR. SUMROCK: Yes, sir.

THE CHAIRMAN: All right. Anyone else?

I'll speak to it briefly. I've been on the board here quite a long time. And these things come up from time to time.

There's compelling evidence on both sides. I don't want to discard anybody's comments that they made.

Horace and his staff is tasked with what's

in the code and how does it apply. That's it. That's what they can do.

They can't go outside of that because then they get criticized for being subjective. They have to be objective with what they have.

Saying that, I also agree if I had a piece of property that I enjoyed uses with, and it was taken away or I was no longer allowed to use that, I'd be upset, too. So I see both sides of it.

Quite frankly, I don't think it's going to be decided today in this case. Obviously, the Board of County Commissioners have the final say in our decision.

So moving it forward to that board is the next logical step in this, which he's more than happy to go to a court to appeal that decision if it doesn't come out his way.

What I'm hoping -- and I don't -- I'm not an attorney, so I can't tell you how this would work -- is that in the past, I know there have been agreements between the county and landowners in some very special cases where the county works with that landowner and makes a special agreement.

MR. JONES: True.

THE CHAIRMAN: It's not within our authority at this board to do that. That's obviously the county attorney and the Board of County Commissioners.

But I'd like for that avenue to be explored, to see if there's a way of doing this, because I get it.

Horace is doing his job. He's saying, "Nope. This is what the code says. I gotta stick to it."

The gentleman obviously has a very compelling case, "Hey, look what's happened to me." You know, "Can we fix this?"

Honestly? We can't fix it right here, right now.

Now, going forward in the codes, can there be a provision put in there to fix something like this? I think we really need to look at that because, like Mr. Pyle said, this comes up from time to time, and we sit here.

So regardless of how the board members vote today, I think it's important that it's going to the next level. And all of you that have spent time to come in here, I know it's

burdensome, but go to the next meeting, and make sure that the Commissioners hear what you're saying, because ultimately they have all the authority. We make a recommendation. They get to make the final vote.

So we tried to vet the technical aspects of it in this case because they, quite frankly, don't have the time to vet all of the technical issues. So that's what we try to do here. So with that, the Chair will entertain a motion, if you wish to make one.

MR. PYLE: Yes, sir.

First of all, Horace and staff, I think historically I've probably 90 percent taken your advice and respect the work you put into it.

It is difficult. It's challenging. It appears to me that there's been some boots dug in deep on this, either philosophically and/or on one side. And the other side is personal and actual -- personal finances invested in it.

And answering one person from the public, I didn't hear, quite frankly, an alternative solution. I just didn't see it.

And where I said that each one of these cases we're going to have to use our brains, I

Page 121

feel, though, given the property, knowing the surrounding areas, the wetlands, I think that they have been kind enough to construct for us a natural barrier for the potential types of construction that could occur, given a change in the zoning.

Enough of which gives me a comfort level. I am going to recommend that we do pass the zoning of Case Z-2020-02 from LDR to commercial, and find the applicant's arguments were -- all points on this were very coherent, articulate, and I happen to simply agree with them.

And I know that staff won't get their feelings hurt, but I believe that their argument was more compelling.

MR. JONES: I don't have my feelings hurt.

MR. PYLE: And so I move that we pass Z-02 as the applicants desire.

MR. FEARS: Second the motion.

THE CHAIRMAN: Okay. Just a housekeeping item.

Kia, with Mr. Ingwell being out of the hearing for -- were you here, sir, when we asked for quasi-judicial, if you had any ex parte communication on this?

Page 122

MR. INGWELL: Yes.

THE CHAIRMAN: You were here for that.

Okay.

MR. INGWELL: I missed probably an hour and a half of testimony.

THE CHAIRMAN: Okay. So he's indicated he's missed about an hour and a half of testimony. He had another engagement he had to attend.

What is your recommendation, as far as voting or recusing in this case, knowing that we have four board members if he does not vote, and it could possibly be a tie?

MS. JOHNSON: While it's unfortunate that it could possibly be a tie, all members that are present do have to vote, unless there's a legal reason to abstain. And there's not in this case. I believe he was here at the beginning of this matter, though.

THE CHAIRMAN: Yes.

MS. JOHNSON: So because he is present, he does need to vote.

THE CHAIRMAN: Okay. And he's indicated that he has reviewed all of the package and the findings of fact. Just was not here for the

Page 123

testimony.

MR. INGWELL: Well, the applicant was explaining Criterion B or they were taking up Criterion B when I stepped out.

THE CHAIRMAN: Okay. All right. Thank you.

We have a motion and a second on the floor.

Any further discussion?

(No response.)

MR. INGWELL: Could you repeat the motion?

MR. PYLE: I simply . . . a motion, simply put, is that I found in favor of the applicant and their criteria and their explanation of the criteria and moved that we pass the Z-2020-02 of zoning change from LDR to commercial.

THE CHAIRMAN: Okay. And the motion has a second as it stands.

MR. FEARS: Yes.

THE CHAIRMAN: Okay. Any further discussion?

(No response.)

THE CHAIRMAN: All those in favor of the motion say "aye."

(Chorus of "ayes.")

Page 124

THE CHAIRMAN: And opposed?

MR. INGWELL: Nay.

THE CHAIRMAN: Nay.

All in favor, please raise your hand.

(Messers Pyle, Fears and Sammons raised their hands.)

THE CHAIRMAN: And opposed?

(Messers Ingwell and Chairman Briske raised their hands.)

THE CHAIRMAN: Three to two.

So it will be recommended to the Board of County Commissioners for approval.

Again, I expected a split vote. That just indicates how difficult of a decision it is.

I probably could have gone either way, but in order to move it to the next level, we will send a split vote, indicating that there's been a lot of discussion, and that we've considered both sides of it.

So with that, sir, we wish you good luck with the Commissioners, and all of you that have contributed. Thank you. It's been a tough one.

So, with that, are there any additional items for the quasi-judicial rezoning hearing?

(No response.)

THE CHAIRMAN: Hearing none, we will close the quasi-judicial hearing.

(Hearing concluded at 11:15 a.m.)

CERTIFICATE OF REPORTER

Planning Board-Rezoning **6. A.**

Meeting Date: 02/04/2020
CASE : Z-2020-02
APPLICANT: Curtis and Kelli Sumrock, Owners
ADDRESS: 11545 Sorrento Rd
PROPERTY REF. NO.: 12-3S-31-3301-000-000
FUTURE LAND USE: MU-S, Mixed-Use Suburban
DISTRICT: 2
OVERLAY DISTRICT: N/A
BCC MEETING DATE: 03/05/2020

SUBMISSION DATA:
REQUESTED REZONING:

FROM: LDR, Low Density Residential district (4 du/acre)

TO: Com, Commercial district (25 du/acre)

RELEVANT AUTHORITY:

(1) Escambia County Comprehensive Plan
(2) Escambia County Land Development Code
(3) Board of County Commissioners of Brevard County v. Snyder, 627 So. 2d 469 (Fla. 1993)
(4) Resolution 96-34 (Quasi-judicial Proceedings)
(5) Resolution 96-13 (Ex-parte Communications)

APPROVAL CONDITIONS

Criterion a., LDC Sec. 2-7.2(b)(4)
Consistent with Comprehensive Plan
The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

CPP FLU 1.3.1 Future Land Use Categories. The MU-S category is intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses.
Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture. The maximum residential density is 25 dwelling units per acre.
CPP FLU 1.5.1 New Development and Redevelopment in Built Areas. To promote the efficient use of existing public roads, utilities and service infrastructure, the County will encourage redevelopment in underutilized properties to maximize
development densities and intensities located in the Mixed Use-Suburban, Mixed Use-Urban, Commercial and Industrial Future Land Use districts categories (with the exception of residential development).

FINDINGS
The proposed amendment to Commercial **is consistent** with the intent and purpose of Future Land Use category MU-S, as stated in CPP FLU 1.3.1. Based on public records, the parcel was previously developed and used as an operational plant nursery/landscape business, a listed use under the retail sales and services of the MU-S FLU category. Redevelopment of this property will promote the efficient use of utilities and infrastructure and redevelopment of an under-utilized property making the proposed use compatible with the intent of CPP FLU 1.5.1.

Criterion b., LDC Sec. 2-7.2(b)(4)
Consistent with The Land Development Code
The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

FINDINGS
The proposed amendment **is not consistent** with the intent and purpose of the Land Development Code. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy the location criteria requirements. The location criteria is designated to create smooth transition of use intensity from large scale concentrations of general commercial uses near major street intersections to small scale dispersed neighborhood commercial uses in proximity to residential areas. Such transition prevent the adverse impact of continuous strip commercial development along major streets and avoid negative influences of some commercial uses on adjacent residential neighborhoods. The parcel location **does not** satisfy the location criteria and the applicant did not provide a compatibility analysis presenting evidence of unique circumstances regarding the potential uses of the parcel that were not anticipated by the alternative criteria, as stated in Section 3-2.10(e) of the LDC.

Criterion c., LDC Sec. 2-7.2(b)(4)

Compatible with surrounding uses

All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

FINDINGS

The proposed amendment **is not compatible** with surrounding existing uses in the area. Parcels located immediately to the East and West are zoned low-density residential with some large tracks of Conservation zoning. Within the 500 foot radius, there are properties with zoning districts Commercial, Low-Density Residential and Conservation. One storage-warehouse business zoned Commercial, across Lillian Hwy to the North; five vacant residential parcels, two single-family residences, two large parcels owned by the State of Florida and one mineral processing plant parcel, zoned Low-Density Residential in place since 1993, based on public records; therefore, compatibility with the processing plant nonconforming use is not considered, as the maintained use is addressed under Section 1-1.7(3) of the LDC.

Criterion d., LDC Sec. 2-7.2(b)(4)

Appropriate if spot zoning. Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

FINDINGS

The proposed zoning **will create spot zoning.** Based on the LDC definition in Chapter 6, Spot Zoning is zoning applied to an area of land, regardless of its size,

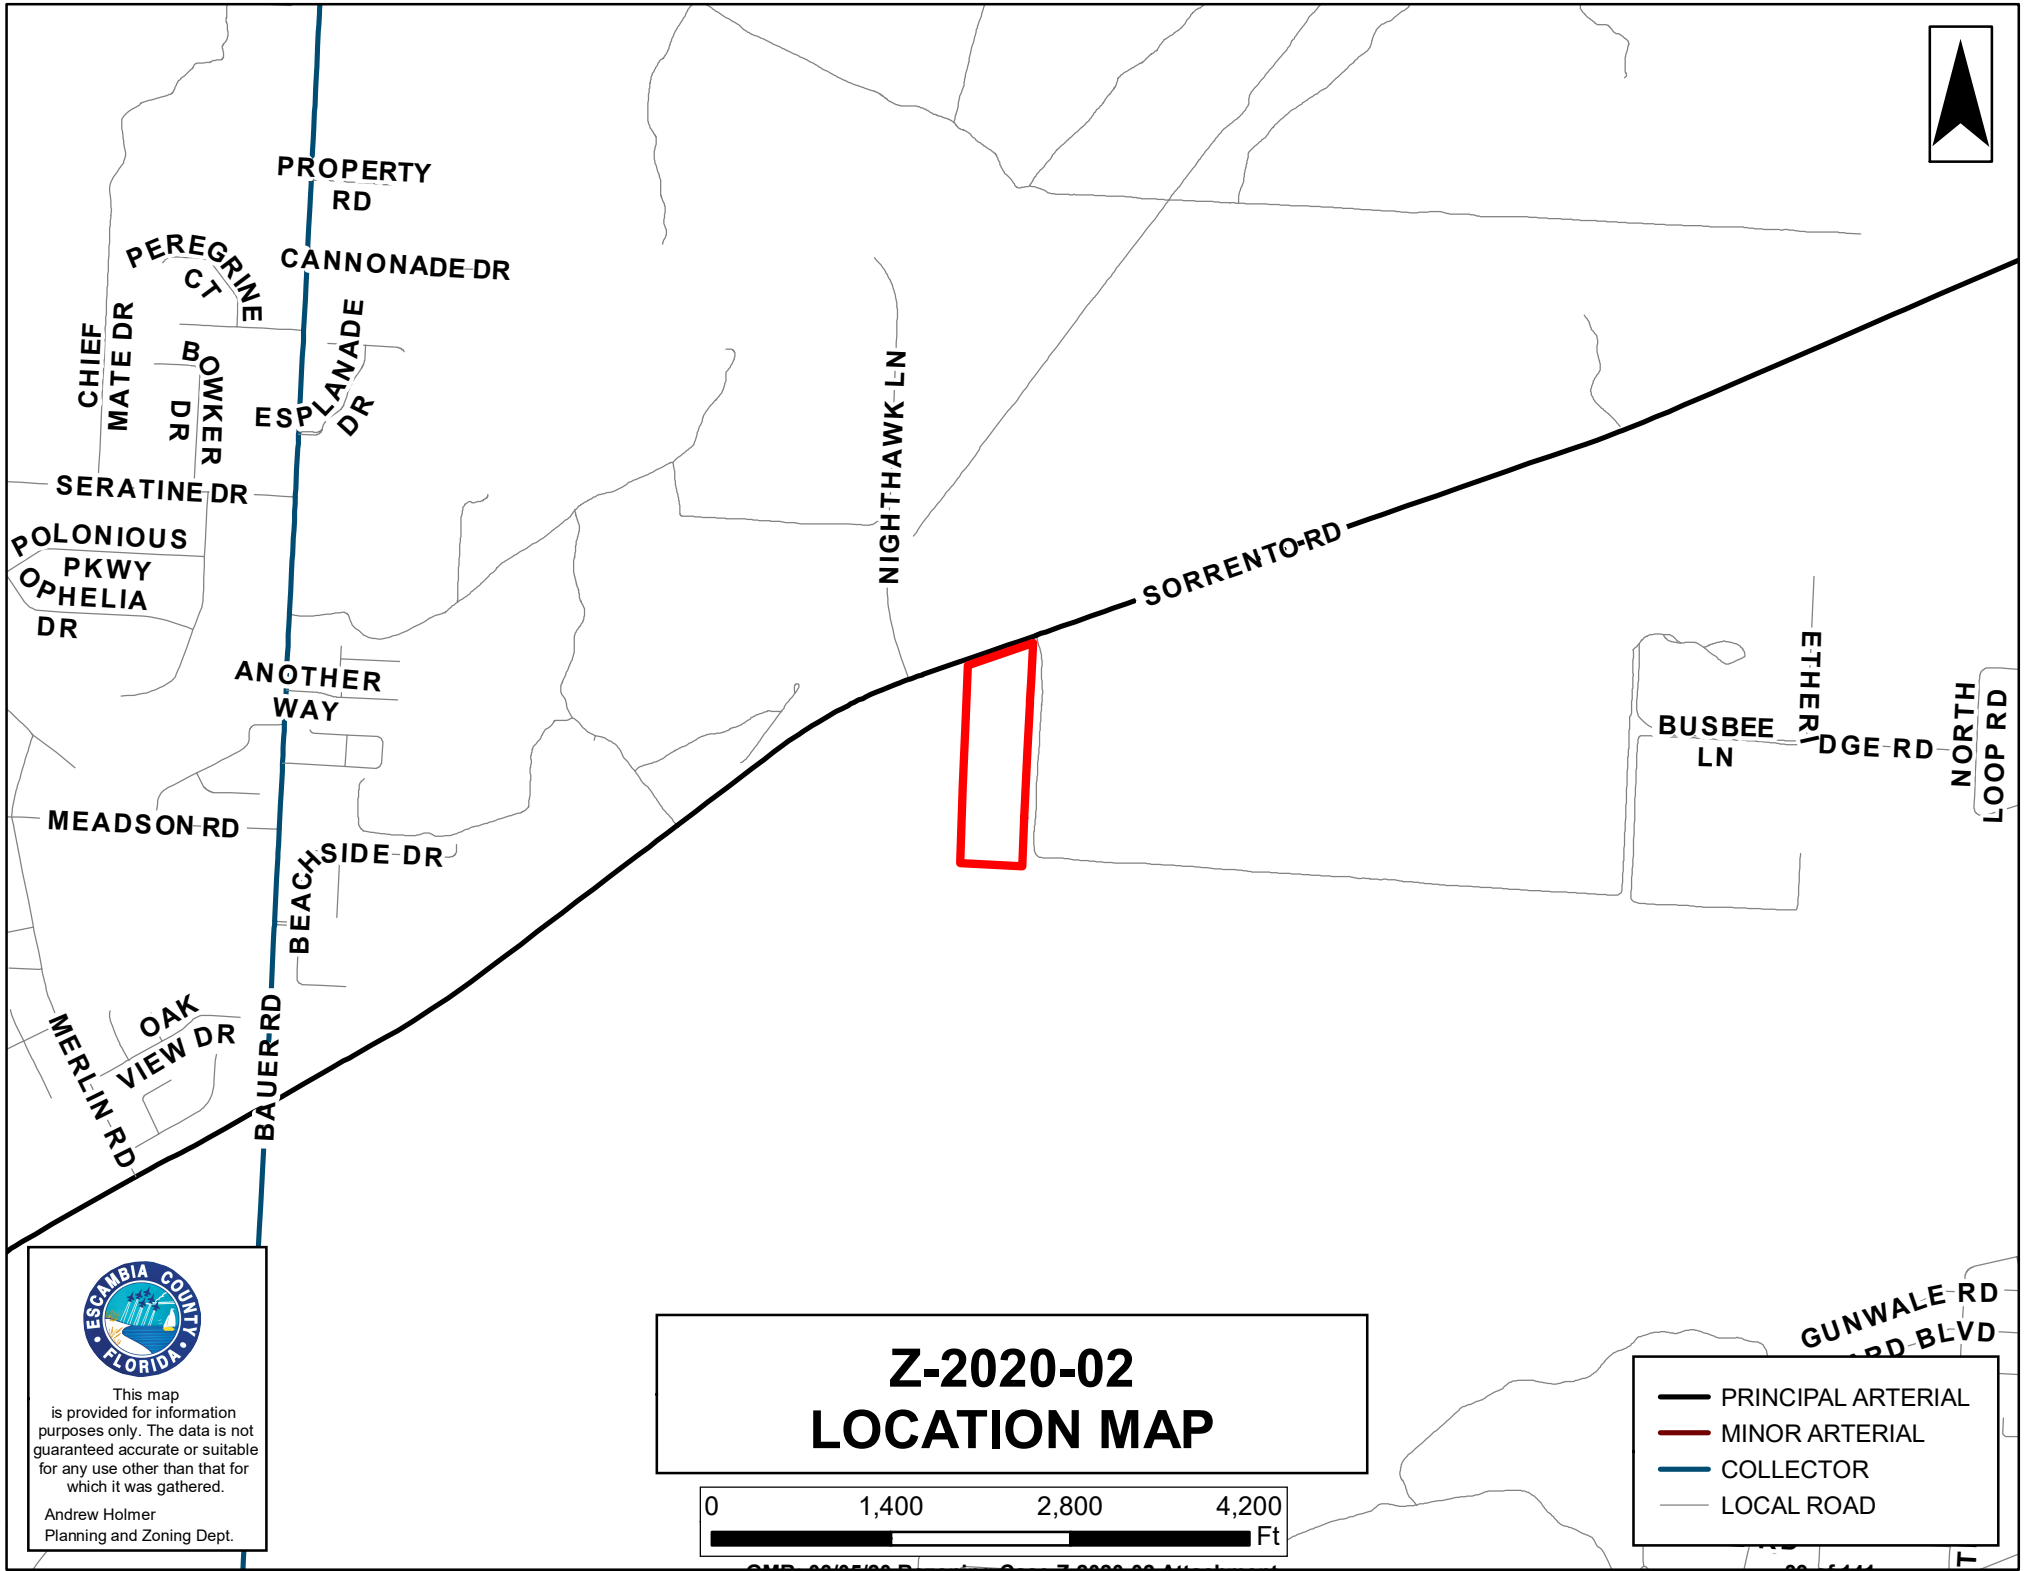
that is different from the zoning of all contiguous land. Such isolated or “spot” zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development. The applicant's request to Commercial zoning is different from the zoning of all contiguous land. Although the LDC does not specifically define contiguous, staff relies on the professional planning definitions contained in the Planning Advisory Service Report 521/522, A Planners Dictionary, from the American Planning Association.

Contiguous is defined as: Properties sharing a property line; (A) Touching along a common boundary for at least 15 feet; (B) The contiguity of land areas shall not be affected by the existence between them of a road or alley; a public or private right-of-way; a public or private transportation or utility right-of-way; a river, creek, stream, or other natural or artificial waterway; or an intersecting mining claim. (C) The contiguity of land areas shall be assumed to be disrupted by the existence of a freeway, expressway, principal arterial, and minor arterial, and by lands contained within the legal boundaries of any municipality.

Based on that language, the contiguous zoning is LDR, the proposed zoning would create spot zoning. Site visit reveals the parcel's location about midway between Bauer and Blue Angel to be sparsely developed as compared to the East and West major intersections. Due to the parcel's location, the proposed zoning request would not create a logical zoning transition between the low-residential districts and other existing zoning districts in the adjacent area.

Criterion e., LDC Sec. 2-7.2(b)(4)

Appropriate with changed or changing conditions.



If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

FINDINGS

The land uses or development conditions within the area surrounding the property of rezoning **have not** changed. Based on public records, both of the current commercial uses have existed since 1984 and 1993. The site is located midway between Blue Angel and Bauer roads in an area that is currently scarcely developed. Allowing a commercial zoning for the property would contribute to commercial development sprawl.

   Note: *Owner must complete the attached Agent Affidavit. If there is more than one owner, each owner must complete an Agent Affidavit. Application will be voided if changes to this application are found.*

2. **Property Information:**

   A. Existing Street Address: 11545 Sorrento Rd Pensacola FL 32507
   Parcel ID (s): 12-3S-31-3301-000-000

   B. Total acreage of the subject property: 18+

   C. Existing Zoning: LDR
   Proposed Zoning: COMM; explain why necessary and/or appropriate
   Proposed office space use not allowed in LDR

   FLU Category: MU-S

D. Is the subject property developed (if yes, explain): Yes, two pre-existing commercial steel buildings and a concrete foundation greenhouse.

E. Sanitary Sewer: _____ Septic: X

3. **Amendment Request**

Approval conditions. The applicant has the burden of presenting competent substantial evidence to the reviewing board establishing that the requested zoning district would contribute to or result in a logical and orderly development pattern. The appropriate surrounding area within which uses and conditions must be considered may vary with those uses and conditions and is not necessarily the same area required for mailed notification. A logical and orderly pattern shall require demonstration of each of the following conditions:

Please address *ALL* the following approval conditions for your rezoning request. (use supplement sheets as needed)

a. **Consistent with Comprehensive Plan.** The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

See Supplement Sheet attached

b. **Consistent with zoning district provisions.** The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3

See Supplement Sheet attached

c. **Compatible with surroundings.** All of the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

See Supplement Sheet Attached

d. **Appropriate if spot zoning.** Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site-specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

See Supplement sheet Attached

e. **Appropriate with changed or changing conditions.** If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

See Supplement Sheet Attached

4. **Please complete the following Forms: Concurrency Determination Acknowledgement and Affidavit of Owner/Limited Power of Attorney (if applicable).**

CONCURRENCY DETERMINATION ACKNOWLEDGMENT

Property Reference Number(s): 12-3S-31-3301-000-000

Property Address: 11545 Sorrento Rd, Pensacola FL 32507

I/We acknowledge and agree that no future development for which concurrency of required facilities and services must be certified shall be approved for the subject parcel(s) without the issuance of a certificate of concurrency for the development based on the actual densities and intensities proposed in the future development's permit application.

I/We also acknowledge and agree that approval of a zoning district amendment (rezoning) or Future Land Use Map amendment does not certify, vest, or otherwise guarantee that concurrency of required facilities and services is, or will be, available for any future development of the subject parcels.

I/We further acknowledge and agree that no development for which concurrency must be certified shall be approved unless at least one of the following minimum conditions of the Comprehensive Plan will be met for each facility and service of the County's concurrency management system prior to development approval:

a. The necessary facilities or services are in place at the time a development permit is issued.

b. A development permit is issued subject to the condition that the necessary facilities and services will be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

c. For parks and recreation facilities and roads, the necessary facilities are under construction at the time the development permit is issued.

d. For parks and recreation facilities, the necessary facilities are the subject of a binding executed contract for the construction of the facilities at the time the development permit is issued and the agreement requires that facility construction must commence within one year of the issuance of the development permit.

e. The necessary facilities and services are guaranteed in an enforceable development agreement. An enforceable development agreement may include, but is not limited to, development agreements pursuant to Section 163.3220, F.S., or as amended, or an agreement or development order issued pursuant to Chapter 380, F.S., or as amended. For wastewater, solid waste, potable water, and stormwater facilities, any such agreement will guarantee the necessary facilities and services to be in place and available to serve the new development at the time of the issuance of a certificate of occupancy.

f. For roads, the necessary facilities needed to serve the development are included in the first three years of the applicable Five-Year Florida Department of Transportation (FDOT) Work Program or are in place or under actual construction no more than three years after the issuance of a County development order or permit.

I HEREBY ACKNOWLEDGE THAT I HAVE READ, UNDERSTAND AND AGREE WITH THE ABOVE STATEMENT ON THIS 02 DAY OF January, YEAR OF 2020.

Supplement to Rezoning Application for 11545 Sorrento Rd

Criterion A., **LDC Sec. 2-7.2(b)(4)**

The requested Commercial zoning is consistent with the FLU Mixed Use category as identified on the chart at LDC Sec. 3-1.3(h). It should also be noted that this parcel is currently zoned Limited Density Residential (LDR) but Escambia County approved a Special Development District (SDD) Density and Uses Savings Clause per LDC Sec. 3-1.8.

Criterion B., LDC Sec. 2-7.2(b)(4)

The proposed amendment is consistent with the intent and purpose of the Land Development Code. Sec. 3-2.10 of the LDC states: “The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed use districts.” Along this section of Sorrento Road, there are other parcels zoned Commercial and HC/LI. Land directly to the East and Northeast of this parcel cannot be developed because they are zoned as State Conservation land. The adjoining land to the Northwest is a mini-storage facility that is zoned Commercial. The adjoining land to the West is a concrete plant that is operating HC/LI but zoned LDR. The current zoning of the surrounding parcels and geographic restrictions along Sorrento Road preclude any furtherance of a continuous strip commercial development. In other words, there is simply no more land that is available for commercial or industrial zoning. This cluster of businesses along Sorrento Road are not near a major traffic intersection and are consistent with desirable transitions to small-scale dispersed neighborhood commercial uses in proximity to residential areas, in accordance with Sec. 3-1.6(b).

Criterion C., LDC Sec. 2-7.2(b)(4)

The proposed amendment is compatible with surrounding existing uses in the area. The definition of “Compatible” in Chapter 6 of the LDC states: “A condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use, activity, or condition is unduly negatively impacted directly or indirectly by another use, activity, or condition.”

As previously noted, there are clearly other commercial and industrial land uses and activities in the surrounding area adjoining to this parcel that are obviously similar and commensurate with commercial zoning. Within a 500 foot radius, there is a

mini-storage facility zoned Commercial and a concrete plant zoned LDR but operating HC/LI.

In addition, the subject parcel of land was previously zoned as a Special Development District (SDD). In the late 1990's, the southern portion of the parcel, consisting of approximately 9.68 acres, was surrendered and placed in a conservation easement in an agreement with the Florida Department of Environmental Protection in exchange for developing approximately one acre of wetlands along the frontage of Sorrento Road. Escambia County approved and issued permits for the construction of 2 steel commercial buildings and and 2 other supporting structures. A nursery and garden center business was operated harmoniously as a commercial entity on the parcel from around 1999 to 2015.

Criterion D., LDC Sec. 2-7.2(b)(4)

The proposed amendment may or may not create spot zoning based on which definitions are used for the terms contiguous and adjoining, which are not further defined in Chapter 6 of the LDC. However, the definition in the Merriam-Webster dictionary is: " being in actual contact or touching along a boundary or at a point." The subject parcel clearly shares a property corner point with the mini-warehouse to the Northwest that is zoned Commercial, although it is separated by a public right-of-way. In addition, it shares a border on the western boundary with the concrete plant that is operating as HC/LI. A common sense approach may also conclude that any two parcels can be considered to be contiguous or adjoining if they are not separated by another zoned parcel of land.

Nonetheless, even if this zoning created a "spot zoning" case, the commercial activity is "appropriate" because it is consistent with and furthers the purposes of the Escambia County comprehensive plan and FLU category, as referenced previously in Criterion A, above. Therefore, rezoning of this parcel to Commercial will result in no adverse impacts on adjoining parcels and contribute to logical and orderly development. It should be acknowledged that "spot zoning" is considered inappropriate only if the use classification is totally different from that of the surrounding area for the benefit of the owner of such property and to the detriment of other owners. Shapiro, D, Esq. 2013. Understanding Spot Zoning, accessed 01 January 2020, <http://plannersweb.com/2013/11/understanding-spot-zoning-2/#return-note-10779-1>

Criterion E., LDC Sec. 2-7.2(b)(4)

The land uses and development conditions within the area surrounding the property of rezoning have not significantly changed. The surrounding commercial businesses have been operating for an extended period of time. Development sprawl has not taken place and is not possible because there is simply no more land available in the surrounding area that can be zoned to support commercial or industrial uses.

Escambia County approved a Site and Development Plan for this property around 1999 to include commercial business operations and retail sales. In 2015, the property was down-zoned involuntarily as a result of a county-wide administrative rezoning action. This replaced the original Special Development District (SDD) zoning with LDR zoning that is ultimately inconsistent with the historical use of the parcel and inconsistent with the pre-existing commercial structures.

Furthermore, a commercial billboard that is owned and operated by Lamar Advertising, permanently resides on the Northwest corner of the subject parcel. These massive advertising structures are generally not allowed to be constructed on LDR zoned property but rather are reserved for commercially zoned parcels, in accordance with the LDC Sec. 3-2.10(b)(8). This is further evidence that the proposed zoning was once deemed to be appropriate and compatible by Escambia County and the action to down-zone the property to residential was abritrary and capricious.

Horace L. Jones, Director
Development Services

MEMORANDUM

TO: Planning Board Members

FROM: Horace L. Jones, Director, Development Services Department

DATE: January 27, 2020

RE: **Z-2020-02 11545 Sorrento Rd**

Introduction

Because of the various issues or points that may be discussed in this rezoning case by Mr. Curtis Sumrock [property owner/applicant] that will be heard on February 4, 2020, here is a brief overview of the staff's previous and numerous discussions with Mr. Curtis Sumrock concerning his property and the potential processes for relief that were discussed as provided for in the Land Development Code (LDC) of Escambia County.

Brief History

On August 6, 2019, Rezoning Case #2019-12 (Z-2019-12) from Low Density Residential (LDR) to Commercial (COM) with a future land category of Mixed-Use Suburban (MU-S) of the parcel in question located at 11545 Sorrento Road was heard by the Planning Board. The Planning Board made a recommendation to deny the rezoning request to the Escambia County Board of County Commissioners (BCC). On September 5, 2019, Z-2019-12, located at 11545 Sorrento Road, was dropped according to the BCC official recorded minutes dated September 5, 2019 (*at the request of the Agent, Wiley C. "Buddy" Page, who requested the item be withdrawn*).

Following that, Mr. Sumrock continued to raise and discuss various points on the parcel in question with staff. For the record, he discussed the issue of his Savings Clause Documents which were approved and recorded in the official records of Escambia County in 2018. Now, it must be noted that if the property owner would have followed the provisions of the Savings Clause Provision of the Land Development Code (LDC), there would not have been a need for a rezoning request in 2019 (Z-2019-12) nor would there have been a need for the pending rezoning request (Z-2020-02) for the same parcel with the same request from LDR to COM. The previous facts concerning the lot in question and the facts to be presented by staff on February 4, 2020 remain the same. In other words, the applicability of the Savings Clause is not relevant or germane to the pending rezoning case-Z-2020-02. By the way, there is an e-mail dated October 10, 2019, within

your rezoning request packet, from myself to Mr. Sumrock as a response for additional information on the Savings Clause Provision of the LDC as it relates to the property in question.

Following that e-mail that was forwarded to the property owner/applicant, there were other discussions with Mr. Sumrock concerning other Land Development Code (LDC) provisions such as vested rights and non-conforming provisions that could have been applicable or pertinent to address his concerns. These are governed by other rules, provisions and processes within the LDC. However, it was his decision to pursue the rezoning process again. To reiterate: the intent of the letter is to provide information only on the many discussions on various topics that were previously discussed with staff and Mr. Sumrock.

Conclusion

To conclude, the subject parcel with the surrounding area have not changed. The testimony and presentation may be different; but, staff's findings, to be presented, will address criteria for meeting rezoning request accordingly.

PROCEEDINGS.....4
CERTIFICATE OF REPORTER.....72

P R O C E E D I N G S

THE CHAIRMAN: All right. And our final case, which we do have quite a few speakers on. Thank you all for being patient.

As you can see, it's arduous sometimes. Z-2019-12, Buddy Page, the agent for Curtis and Kelli Sumrock, 11545 Sorrento Road, 18.78 acres, from LDR low-density residential to commercial.

Members of the board, has there been any ex parte communication with any of the parties in this case?

Have you visited the subject site? And are you a business associate or relative of any of the parties?

MR. GRAY: No to all, Mr. Chair.

MR. PYLE: No to all, other than I'm very familiar with this particular location.

THE CHAIRMAN: Chairman, no to all.

MR. FEARS: No to all.

MR. INGWELL: No to all.

MR. RUSHING: And no to all.

THE CHAIRMAN: Okay. Thank you.

Mr. Page, are you okay with the pictures?

MR. PAGE: Yes.

Page 5

THE CHAIRMAN: All right.
MR. PAGE: Yes, sir.
THE CHAIRMAN: We'll go with the maps and photography.
MR. FISHER: Jon Fisher, senior planner. Juan is going to take care of this one.
THE CHAIRMAN: Okay.
MR. LEMOS: The boss had me out there talking to a customer.
Once again, Juan Lemos, development services planner.
Z-2019-12.
This is the location map for the parcel in question off Sorrento Road.
This is a map of the wetlands surrounding the area and within the parcel.
This is the 500-foot radius for the zoning which shows LDR. Conservation, commercial across the street and HC/LI towards the west side of the property.
The 500-foot radius for the future land use which shows mixed-use suburban on the property and commercial across the street.
This is the actual existing land use for the property within the 500-foot radius.

Page 6

Single-family residences, warehouses across the street, an existing concrete plant adjacent to the southwest. Single-family residence to the -- to the southeast -- or to the east. I'm sorry.
The actual aerial photograph of the site in question, the concrete plant, you can see it right there on the -- on the south side -- on the southwest side.
This is the actual public hearing sign posted on site.
This is looking onto the property from Sorrento Road.
Once again, this is looking onto the property towards the southeast.
Looking southwest onto Sorrento Road from the property entrance.
And looking southwest onto the actual property.
Looking southwest onto Sorrento Road.
Looking north across from Sorrento Road.
And if you stop on that -- I'm sorry. Go back. Yes. For the -- Right there. That's fine.
So this at one point this used to be some

Page 7

type of nursery some time ago. I'm sure the applicant is going to address that.
So that's what I wanted to depict on that picture of the structures that are still standing in there.
And it is obvious -- obviously a review of historical area photographs, that there's always been some type of business on that parcel. Always been. Not something -- a nursery business, some type of plant studying business on that parcel.
And that concludes the photographs and the maps.
Okay.
THE CHAIRMAN: Mr. Page.
Sir, you are still under oath. Please state your name and address for this case.
MR. SCHILLER: Mr. Chairman, for the record, my name is Joe Schiller. I represent the board of directors -- I mean, the homeowners association for Grand Lagoon Subdivision across the street.
I also personally own property within 500 feet. I'm an attorney representing the board.
I -- I object to Mr. Page acting as an

Page 8

attorney.
THE CHAIRMAN: We're recording all of the proceedings.
MR. SCHILLER: Okay.
THE CHAIRMAN: So if you'll please come forward.
MR. SCHILLER: I would object to Mr. Page --
THE CHAIRMAN: Come forward. And let's first start over again.
MR. SCHILLER: All right.
THE CHAIRMAN: Are you an attorney here in the State of Florida?
MR. SCHILLER: That's correct.
THE CHAIRMAN: Yes, sir. Okay.
MR. SCHILLER: 46 years.
THE CHAIRMAN: Okay. Sir, so please again state your name and --
MR. SCHILLER: Joe Schiller, 10407 Rawlings Drive.
THE CHAIRMAN: Okay. All right. We want to make sure we get everything --
MR. SCHILLER: Right.
THE CHAIRMAN: -- because we are in quasi-judicial here --

MR. SCHILLER: Right.
THE CHAIRMAN: -- so that --
MR. SCHILLER: And since this is quasi-judicial, I would object to a nonattorney representing a party in this case in a quasi-judicial proceeding.
He's getting paid for this. I think the law requires or at least the Florida Bar requires him to be an attorney to represent an owner in this proceeding.
Thank you.
THE CHAIRMAN: Thank you.
I'm going to refer to our legal here, Ms. Johnson. Your opinion in this matter, as Mr. Page acting as the agent for the property owner?
MS. JOHNSON: No. It's okay that he acts as the agent for the property owner, as long as he didn't delve into providing legal advice or giving legal analysis that would require a law license.
THE CHAIRMAN: Okay. All right.
Board members, do you have any questions of the attorney about hearing Mr. Page's testimony?
You've heard the objection from the

gentleman.
(No response.)
THE CHAIRMAN: Okay. Hearing none, we will allow him to speak.
Mr. Schiller, we will give you an opportunity to present as well. Okay.
Mr. Page. All right.
Would you state your name and address for the record, please.

WILEY C. "BUDDY" PAGE, having been previously duly sworn, was examined and testified further as follows:

MR. PAGE: Mr. Chairman, Buddy Page, 5337 Hamilton Lane in Pace.
THE CHAIRMAN: Mr. Page, on this case, have you received a copy of the staff's findings?
MR. PAGE: I have.
THE CHAIRMAN: Okay. And in this case, you understand that you have the burden of presenting competent and substantial evidence that's in no way in conflict with the Comprehensive Plan or the Land Development Code

of Escambia County?
MR. PAGE: I do.
THE CHAIRMAN: All right.
Go ahead, sir, please.
MR. PAGE: Mr. Chairman, my presentation this morning will also include a number of documents that which make up our -- our compatibility study that's referenced in the report itself or in the application itself.
And to start that off, I have a handout I'd like to present.
THE CHAIRMAN: Okay. Has this been previously provided to the staff or is this a new document?
MR. PAGE: This is a new document.
THE CHAIRMAN: Okay. Please explain to us what the document is and who prepared it.
MR. PAGE: Mr. Chairman, I prepared this. This is a copy of a wetlands area from the Escambia County Web page.
It also includes two documents representing a mitigation with Florida DOT regarding a small entrance road down the side of the property, and it also establishes a wetland and jurisdictional area that's different from

what the state -- the aerial photo is from the county. And I want to point out that distinction.
THE CHAIRMAN: Okay. So this is information that you researched electronically.
And is this a true and accurate copy of what your research found online?
MR. PAGE: It is.
THE CHAIRMAN: Okay. If you'll present it to the staff here.
Chair will entertain a motion to accept Mr. Page's evidence into the record.
MR. GRAY: Mr. Chair, I make a motion to accept this evidence into the record for this hearing.
MR. PYLE: Second.
THE CHAIRMAN: Motion and a second.
Any further discussion?
(No response.)
THE CHAIRMAN: All those in favor say aye.
(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: All right. We will label this as Applicant's Exhibit 1.

Will you provide a copy to the attorney that's representing, Mr. Page?

MR. LEMOS: Yes, sir, I did.

THE CHAIRMAN: Okay. Thank you.

Applicant Exhibit 1.

All right. Go ahead, sir.

MR. PAGE: Mr. Chairman, the cover -- the cover of the handout shows the location of the property.

Basically, if you look for the words "Sorrento Road" just under the letter "S," you'll see four buildings there that constitute the site of concern here today.

I would also point out to you that directly across the street from the site is a wetlands indicator.

And to the left of that or to the west is a miniwarehouse park. To the south of that directly across the street from the miniwarehouse is a batch concrete facility.

To the west of that facility and to the east of the facility are wetland indicators.

And if you move east of the site itself, back up under Sorrento Road, you'll note that there are additional wetlands in that area as

well.

I would also point out in particular, to the south of the buildings, the four buildings that I referenced that are subject to our application here today, you'll see that the aerial photo itself does not carry the wetlands indicator all the way up to the rear property line of the rear of the parking lot, rather, that you'll see in white. It meanders somewhat beneath that.

I point that out and also point out that all of these wetland areas that we see on here contain wetland indicators, including Florida rosemary, spartina, wire marsh grass, silver leaf magnolia, and a considerable amount of hydric soils in the area.

Mr. Chairman, referencing now page two, page two, you'll see the very top portions of all of these configurations and lines, dark hatched.

And you'll notice that the area that's classified as a wetland comes straight across the rear of the property or the rear of the parking lot where the building is located.

And if you compare that back with the

aerial up front, you'll see that there is a difference in the location of the wetland boundary lines at that particular -- or in that particular area.

The survey was done by Dr. Joe Edmiston, who used to be the head of the biology department out at the University of West Florida, and it also has been surveyed by a professional land surveyor. Both seals are present on the map.

MR. GRAY: Mr. Chairman, may I ask a question, please?

THE CHAIRMAN: Yes.

MR. GRAY: Mr. Page, who's the custodian of the first document that we have in this packet that has the pictorial representation of the wetlands? Who owns -- Who preserves this?

MR. PAGE: That's from the county Web page.

MR. GRAY: Okay. And this one you found a record of . . .

MR. PAGE: That's been provided by the owner who had a mitigation confrontation with DEP.

MR. GRAY: Okay.

MR. PAGE: That's the settlement agreement.

MR. GRAY: Okay. Thank you very much.

MR. PAGE: Mr. Chairman, page 3, then, shows the results of the separation of the core engineer wetlands, Florida DEP wetlands, where the owner at the time agreed to have both of those areas classified as jurisdictional wetlands and be preserved so that no construction could ever occur on it, regardless of whether we zone it -- anything the board might choose today. It's precluded by this arrangement with Florida DEP.

Mr. Chairman, moving, then, back to the application itself, I wanted to establish the fact that those environmental areas in that particular location were such as shown.

I might go back to the very first front map again under the word "Sorrento." We were out yesterday morning early.

And right at the very gate itself, which is, oh, maybe 100 feet under the words -- the letter "r" in Sorrento as you see in that map, we stopped at the front gate and looked to the east and to the area on that aerial that's shown

as a nonwetland area.

But we found the Florida rosemary. We found spartina. We found silver leaf magnolia. And, of course, the hydric soils are very abundant and wet in that area. You can hardly step off the road without at least going up to your ankle.

And my reason in mentioning that is, the aerial, again, that's shown -- the differentiation between a wetland area and what appears to be a dry area under "Sorrento" is in error, as it was underneath the building itself over on the westerly side.

Mr. Chairman, in the application itself, under approval conditions, Criterion A, we appear to be consistent with the staff's findings as well.

Criterion B indicates that it is not consistent with Land Development Code. All new, nonresidential uses proposed within the commercial district.

And it goes on to read -- And then at the bottom it says, "If the zoning -- rezoning is approved, it would encourage the creation of strip commercial development."

If it's going to create a condition of encouraging strip commercial development, Mr. Chairman, we're of the position that you've got to have some land somewhere in order for that additional strip commercial development to be constructed.

It cannot be constructed anywhere across the street. That's all owned by IITF, the Internal Improvement Trust Fund in Tallahassee.

The area to the east we've just described as being wetland all the way up to the roadway.

The area to the west is a batch concrete plant. And the area to the south of these buildings has been designated and agreed to in a settlement between the owner at the time and Florida DEP as being an area that would not be constructed in.

So, Mr. Chairman, we do not agree with item B, only because there's no place to build anything that would resemble a strip commercial development.

The only commercial that's out there now is an existing ministorage facility, which is kitty-cornered and across the street from this proposed rezoning change.

So we don't feel that item B is accurately recorded. Our position on it is, as I've just stated, there's no other room for anything to be a strip commercial of any sort.

And after hearing the presentation preceding this regarding the freeboard and the flood areas, I'm not so sure that anything could be constructed along any of this area out there anymore.

The subdivision that's to the northwest of this across the street from the miniwarehouses, I had some involvement in that back in the day with that. And it was a considerable effort to design and construct that to a standard for flood zones as it appeared back in the day.

So, Mr. Chairman, we feel like that our information regarding B is more consistent rather than what has been offered by the staff's finding.

Under item C, compatibility with surrounding areas, the findings there again say that it is not compatible with surrounding existing uses.

Mr. Chairman, right next door, as you saw in the overheads here, right next door to the

west is a batch concrete plant. It's stated in here that it is a mineral processing parcel. I don't know what -- That sounds rather innocent, mineral processing.

It's actually, Mr. Chairman, out of the Land Development Code under 3-2.12, industrial, the uses that are allowed under the industrial category under D says, "Industrial uses, light, heavy" -- It goes on and on and on. It says, "Landfills and concrete and asphalt batch plants." That's really what that is. A mineral processing? I'm not sure what that is.

So in taking a look at that, then, in terms of compatibility with surrounding uses, we certainly think it's very compatible with the concrete plant to the west.

It's certainly compatible with the miniwarehouses to the northwest. And then due north the property is restricted because it's owned by IITF in Tallahassee.

And the area immediately adjacent and to the east we think is a wetland area that probably would not be allowed to be constructed or filled in, as some of these parcels have been done back in the day.

Page 21

So we feel like we're consistent with item D in terms of compatibility with surrounding uses.

We think that there's an error in terms of the first sentence that says "not compatible with surrounding existing uses." Well, that existing use pulls in at that point, Mr. Chairman, the concrete batch plant.

Item d, appropriate if spot zoning.

Findings would create spot zoning. Let's see. As requested, commercial zoning is different from all contiguous land. Mr. Chairman, the . . . all contiguous land -- And perhaps I left that in the back here.

Mr. Chairman, contiguous land takes on -- the word "contiguous" takes on several definitions. Black's Law Dictionary says, "Contiguous first is in --

MR. SCHILLER: Object to him giving legal opinions.

MR. PAGE: Not a legal opinion, Mr. Chairman. I'm reading from a book.

THE CHAIRMAN: Yes, sir. We're going to allow it. He's just reading the definition out of a book.

Page 22

MR. PAGE: Mr. Chairman, the book reads "contiguous: In close proximity, neighboring, adjoining, near in succession or in actual close contact."

There are a number of definitions there that describe what would be contiguous.

We think that we are not spot zoning because we are contiguous to things that are fairly heavy construction in terms of land use at the present time. So we don't think we're doing any spot zoning at all.

The commercial we're asking for is the same as right across the street with the miniwarehouse.

So, Mr. Chairman, under item E, in terms of appropriate with changed conditions, it says here that if land uses or development conditions for the surrounding area of property for rezoning have changed.

And the area out there has not changed. The buildings that we have there now, the four buildings, were constructed in the early '90s and have been used for fairly heavy commercial activity since that period of time until they closed.

Page 23

And, Mr. Chairman, it says the land -- the land uses or development conditions within the areas surrounding the property have not changed.

We agree with that, but we think that our compatibility analysis that we have where there are existing commercial areas there now, that is a condition of which we are compatible with.

So, Mr. Chairman, out of all of the five criteria, we would ask the board to consider adopting the staff's findings on A. And then the balance of each individual findings, B, C, D, and E, that the board substitute the information that I've provided here today, which we think makes us compatible with all of those. We ask that you replace the staff findings with those as presented here today.

THE CHAIRMAN: Thank you, Mr. Page.

Questions of Mr. Page?

MR. GRAY: I had a question.

So are you trying to contend that -- I'm going to use a visual aid. For the record, this might be difficult.

Are you contending that these are contiguous pieces of paper? That these are parcels and they're by a piece of road?

Page 24

MR. PAGE: I could read the definition again. It certainly would include that they are contiguous.

MR. GRAY: So . . . And in my, I guess short 20 years of experience in urban planning, compared to some of those in the room, we're able to call this contiguous, this contiguous. And this is considered a hopscotch move. Does that make sense to you?

MR. PAGE: It's considered to be what?

MR. GRAY: Well, I'm using a layman's term.

It's considered noncontiguous. It's considered like a checker move, going hopscotch, ticking across a . . . In other words, if I was to say that this was commercial and this was, you know, low-density residential, that these aren't -- these aren't contiguous parcels -- and, again, they're split by a piece of road.

A road doesn't make them noncontiguous. If there's a road between those two, they're still considered contiguous. If they're next to each other, they're obviously . . .

MR. PAGE: Mr. Chairman, I would simply refer to --

Page 25

MR. GRAY: Is that your contention?
MR. PAGE: -- the staff's own findings.
MR. GRAY: Are you -- are you saying that because their corners are across, that the parcels are contiguous?
MR. PAGE: It could or could not be, based on the -- based on the definition that I've read to you, and also rereading again under Criterion C, the proposed amendment is not compatible with surrounding existing uses. Surrounding.
MR. GRAY: It certainly is surrounding. It certainly is surrounding. It's not quite adjacent. My experience has told me I haven't been able to consider this contiguous in the past. Right. I understand what you're saying.
MR. PYLE: Can we go to the existing land-use map? Can you put that up there? Can we go back to the -- Thank you. Zoning map. I'm sorry. One more. Thank you.
And . . . I'm sorry. So the concrete plant would be recognized by that.
MR. LEMOS: LDR. Concrete batch plant -- and I was going to say that on my -- I'm sorry, Mr. Page -- under my findings.
MR. PYLE: Use the microphone.

Page 26

MR. LEMOS: So under my findings --
THE CHAIRMAN: State your name.
MR. LEMOS: So under my findings -- Juan Lemos, development services planner.
Under the findings, you'll see that -- that that's -- that's an existing concrete batch plant that's been there for a long time, since the early '90s, according to the records we could find. So it's grandfathered, but it is on LDR.
The parcel itself is on LDR. The use, absolutely. I've been out there to the site. It is -- it is . . . Yeah, it is a heavy use. I don't know that it's an industrial use, but they do have concrete trucks that go in there and pick up stuff.
MR. PYLE: So let me ask you this: The current -- the previous owner, would they be -- when they were -- let's say when there was a nursery and gift shop, was that a nonconforming use for LDR?
MR. LEMOS: Oh, absolutely. For LDR, absolutely.
MR. PYLE: So it's never actually . . . Okay.

Page 27

MR. LEMOS: Yes, sir.
MR. GRAY: I'm looking at Google street view. And I don't know if we've -- if I've stressed, we -- I was requesting the county purchase a 360 camera. Remember this, Horace?
MR. JONES: Yes.
MR. GRAY: For the purpose of being able to zoom and to move around really well.
But for now, Google gave us a free 360 camera, to show us conditions on that Sorrento Road. And I -- I do remember this being kind of an odd . . . There's a USA Ready-Mix -- like, not your -- not your subject parcel -- which is contiguous to your property, as being sort of an odd-located, but obviously it's there. It's under LDR.
And if we were to be asked permission today for it to be there . . .
MR. JONES: No.
MR. GRAY: Right, would have been the answer. However --
MR. JONES: Wholeheartedly no. No. No. And just because there's a nonconforming use there, you cannot legitimize a zoning request.
MR. GRAY: There's -- Actually, we have

Page 28

wording in our -- our documentation that just because something is a nonconformer in there does not make it . . .
MR. JONES: Right.
MR. GRAY: What is it? Two wrongs don't make a right in this case. I'm just going to lean back on that again.
MR. PAGE: Mr. Chairman, we also would counter that by saying, who made it wrong?
In the early '80s, when the assessment of the various uses was done by windshield survey and put on a map?
That particular site was there. It was missed. I can't imagine that it being overlooked or someone saying we don't like that concrete plant there. And for that reason, we're just going to ignore its presence, and we'll classify it as a residential or mixed use.
I have another one that will be before this board probably next month in the same situation, where it was missed in the early '80s.
And now do you go back and tell them, well, you're nonconforming? Well, I didn't make myself nonconforming. You guys came out here

and did a survey, and you missed me.
It puts both of the landowners in a very difficult situation, Mr. Chairman. So I understand that, the question.
THE CHAIRMAN: Okay. What I'd like to do at this point, let's go ahead and get on the record the staff's findings.
And, Juan, if you would, please, just summarize -- I know that Mr. Schiller has a presentation. And he'll be next after you get these findings on.
But when you give each criteria, just give a very brief summary so we can keep moving.
MR. LEMOS: No problem. Yes, sir.
So the first criterion, consistent with the Comprehensive Plan.
We found that it is consistent with the Comp -- with the future land use.
Under Criterion B, consistent with the Land Development Code, it is inconsistent. Again, the code is very specific about what is allowed under the commercial development and what type of development is supposed to be allowed in there.
Let me clarify that at this point

obviously during the application, I did not have an actual compatibility analysis that Mr. Page has presented to the board now.
So I did mention that in some of my findings. So I'm going to refrain from mentioning that every single time at the point of submittal I did not have that to review.
Criterion C, compatible with the surrounding uses. I say not compatible with the surrounding uses in the area.
Under Criterion D, appropriate if spot zoning. Based on the definition of spot zoning, the Land Development Code, this will be -- this will create a spot zoning situation.
Criterion D. I'm sorry. Criterion E, if it's appropriate with changed or changing conditions.
Basically, we say if you drive between those two roads, Bauer and Blue Angel, that's a really very low development area. There are some existing commercials, in fact, businesses along Sorrento Road, but it is not highly developed.
And Mr. Page cannot point it out that there are a lot of environmental land conditions

that -- that -- that probably have prevented this little corridor from being highly developed because it is highly traffic -- it's traffic -- the traffic count is through probably the roof. I mean, I sat there for 20 minutes in the parcel. And, I mean, it's constant traffic. I got it.
But there is a reason that has never been developed ahead of the commercial. And, yes, environmental aspects, both the flood zones and the wetlands is absolutely one of the things that anybody who knows properties would have a challenge with. And that's it.
Do we have any questions?
THE CHAIRMAN: Okay. Thank you.
We'll bring you back up if we have additional questions.
Mr. Schiller.
MR. SCHILLER: Mr. Chairman.
THE CHAIRMAN: Sir, we haven't had the pleasure of meeting in this forum before, so I'd like to just have you basically share your qualifications, your education and your certification, licenses with the board so that they know who you are and everything.

MR. SCHILLER: I'm a member of the Florida Bar since January 1973.
THE CHAIRMAN: Okay.
MR. SCHILLER: And I'm employed from the State Attorney's Office here.
THE CHAIRMAN: Okay.
MR. SCHILLER: The Florida board . . .
THE CHAIRMAN: Have you had experience working with land usages and --
MR. SCHILLER: Only dealing with --
THE CHAIRMAN: -- views and property values, and --
MR. SCHILLER: This subdivision over the last 30 years.
THE CHAIRMAN: Okay.
MR. SCHILLER: And it's been an experience, I can tell you.
THE CHAIRMAN: Okay.
MR. SCHILLER: And I would like to call a witness out of order, Mr. Chairman.
THE CHAIRMAN: Okay. Let me just do one more housekeeping item here. For qualification of an attorney representing a homeowners association, do we have documentaiton that's required to be submitted for quasi-judicial

or --
MS. JOHNSON: No, no specific documentaiton.
THE CHAIRMAN: Okay. So the members of the homeowners association just appoint him as a spokesman, and then he can call individuals as witnesses in the case.
MS. JOHNSON: That's correct.
THE CHAIRMAN: Okay. All right.
Mr. Gray, did you have a question?
MR. GRAY: I did.
I would love for you to orient me to the subdivision with which you represent in relation to this.
Do we have a map --
MR. SCHILLER: Yes, sir.
MR. GRAY: -- that might show you in it?
MR. SCHILLER: Yes. Yes. Yes, I do, sir.
MR. GRAY: It might be on the screen, that the staff can probably pull it for you, if you have a larger scope.
MR. SCHILLER: I have a handout, too. 13 copies there.
THE CHAIRMAN: Okay. Sir, you're an attorney, so you're familiar with bringing those

into evidence. You have to explain what the documents are and where they came from.
MR. SCHILLER: These are the original plats of Grand Lagoon Ranches Homeowners Association -- Grand Lagoon Ranches subdivision.
THE CHAIRMAN: These are accurate and true copies of --
MR. SCHILLER: These are recorded plats -- recorded plats.
THE CHAIRMAN: Okay.
MR. SCHILLER: And I have copies for -- I think it's 13, so if you look at these, I think it can help you a little bit.
THE CHAIRMAN: How many documents do we have there?
MR. SCHILLER: There's two.
THE CHAIRMAN: Two. All right.
MR. SCHILLER: Exhibit A and Exhibit B.
THE CHAIRMAN: Okay. All right. The Chair will now entertain a motion to accept the Defense Exhibit 1 and 2 into evidence.
MR. GRAY: Motion.
MR. PYLE: Second.
THE CHAIRMAN: Motion and a second.
All those in favor say aye.

(Chorus of "ayes.")
THE CHAIRMAN: Opposed?
(No response.)
THE CHAIRMAN: All right. They're entered into evidence as 1 and 2.
Is there a preference to which one you'll be using first, sir?
MR. SCHILLER: We'll use A.
THE CHAIRMAN: Okay.
MR. SCHILLER: I forgot which one A was.
THE CHAIRMAN: You've already got them labeled. Great. Thank you, sir.
THE CHAIRMAN: Yes, sir.
You've already labeled them, which is great. Thank you.
MR. SCHILLER: And, Mr. Chairman, I'd hate to go out of order, but I have a witness that has a doctor's appointment, and she would like to testify.
THE CHAIRMAN: Yes, sir. Bring her forward.
MR. SCHILLER: Yes, sir. Ms. Wells.
THE CHAIRMAN: Ms. Wells?
MR. SCHILLER: Yes, sir.
THE CHAIRMAN: Okay. We'll have her sworn

in, and state her name and address for the record, please.
- - -
SUZANNE WELLS, upon being duly sworn, was examined and testified as follows:
- - -
MS. WELLS: My name is Suzanne Wells, 3298 Nighthawk Lane.
MR. SCHILLER: And, Ms. Wells, are you the president of the homeowners association?
MS. WELLS: Yeah, I'm the president of the homeowners association.
MR. SCHILLER: And you're looking at Exhibit B there in front of you.
MR. GRAY: The recording is being done. If you'll get in front of the microphone.
THE CHAIRMAN: Yes, sir. If you'll get in front of the microphone.
MR. SCHILLER: Exhibit B represents a plat of your subdivision. That's correct?
MS. WELLS: Yes.
MR. SCHILLER: And you live at -- actually, there's another addition to this that's not here.
MS. WELLS: Yes. This is unit one.

Page 37

MR. SCHILLER: All right.
MS. WELLS: I live in unit one.
MR. SCHILLER: How many homeowners or lot owners are in --
MR. GRAY: I'm sorry. I can't hear what you're saying, and you're only 15 feet away.
MR. JONES: Here's a microphone. Go to the mic. If you can pass the mic behind you.
THE CHAIRMAN: Or we can use Horace's.
MR. JONES: We got one.
MR. SCHILLER: Okay. That will work.
THE CHAIRMAN: It's for the record and for your board. Thank you.
MR. SCHILLER: Ms. Wells, how many lot owners -- lot owners are there in that subdivision?
MS. WELLS: 14.
MR. SCHILLER: So you're a small subdivision; is that correct?
MS. WELLS: Well, 14 in unit one.
MR. SCHILLER: And there's another unit? Three or four more?
MS. WELLS: Maybe seven.
MR. SCHILLER: All right. You're in that one; is that correct?

Page 38

MS. WELLS: Yes.
MR. SCHILLER: Okay. And did you have a comment you want to make to the board about this rezoning?
MS. WELLS: I do.
MR. SCHILLER: And how long have you lived there?
MS. WELLS: Wow. 1986. Since 1986.
MR. SCHILLER: And you have horses out there?
MS. WELLS: Yes.
MR. SCHILLER: And is that the -- each lot in there is five acres?
MS. WELLS: Yes.
MR. SCHILLER: With one house for five acres; is that correct?
MS. WELLS: Mm-hmm.
MR. SCHILLER: And you go down Sorrento Road at least daily; is that correct?
MS. WELLS: Yes.
MR. SCHILLER: And are you familiar with the Perdido pitcher plant prairie preserve . . .
MS. WELLS: Yes.
MR. SCHILLER: . . . park? Okay.
Go ahead with your comments that you have.

Page 39

MS. WELLS: Okay. I just want to say if this is rezoned, it's my opinion that the quality of life -- our quality of life will be impacted.
On -- Just on June 18th this year there was a fatal accident near Sorrento and Bauer, which is only one mile from the area that we're talking about here.
And unfortunately, one person was killed and one was in critical condition. And this happens all the time on Sorrento. There have been numerous other wrecks and several fatalities.
I personally have had several close calls trying to turn left from Sorrento onto Nighthawk.
This intersection is within 500 feet of the property being considered. And I've had cars and even a motorcycle almost rear-end me. And they end up going into the ditch because they're not paying attention.
The speed limit's 45 there. They're going 60. They aren't paying attention. They're texting, whatever they're doing. And then all of a sudden they see me, even though I slow down

Page 40

to 35 miles an hour to try to, you know, get people to slow down. They end up in the ditch.
MR. SCHILLER: So you're talking coming westward towards --
MS. WELLS: Going -- I'm going --
MR. SCHILLER: East from the west --
MS. WELLS: East. Trying to turn left onto Sorrento.
MR. PAGE: Mr. Chairman, could I ask that she identify what criteria she's speaking to, please?
THE CHAIRMAN: I think -- I think that is important because the board here only can identify or vote on the criteria that we have up there. So we would --
MS. WELLS: Okay.
THE CHAIRMAN: -- we would like for --
MS. WELLS: Well, it's about quality of life.
THE CHAIRMAN: That's not one of our criteria.
MS. WELLS: I thought it was on there toward . . .
MR. SCHILLER: It's in the board's public, down here, quality of life.

MS. WELLS: Board action. Oh, guys consider the quality of life.

THE CHAIRMAN: Well, right, but we have to base our decision on competent and substantial evidence that is one of these categories.

MS. WELLS: Okay. Well, impact on the wetlands. No? Yes? Okay. I mean, I don't have to give you-all a lecture about how important wetlands are.

But it will greatly impact our wetlands. The whole area has been designated for -- as Perdido pitcher plant prairie.

And I just feel that with the traffic, increased traffic, it's already too much. And the impact on our environment, it would be -- would truly impact our quality of life.

MR. SCHILLER: Okay. And for the record, Sorrento Road is a two-lane road; is that correct?

MS. WELLS: Yes. No shoulder, by the way.

MR. SCHILLER: No bike path, no shoulder.

MS. WELLS: No. There's nothing.

And I'm going to have to leave. I have an appointment. So I appreciate you letting me go first.

MR. FEARS: Thank you for waiting this morning.

MR. SCHILLER: Madura Mullins.

THE CHAIRMAN: Mr. Schiller, I would ask that you try to ask them to stay focused on the criteria that we have here because that's the only thing that we can really vote on for this board.

- - -

ALICE MADURA MULLINS, upon being duly sworn, was examined and testified as follows:

- - -

MS. MULLINS: My name is Madura Mullins, and I live at 11557 Sorrento Road.

I am diagonally across. My property -- Apparently from -- from the maps, I barely missed getting a letter. I saw the sign on the road.

I may be within 500 feet. I don't know. I didn't mark it, because traffic is too busy on Sorrento.

THE CHAIRMAN: Ms. Mullins, before you go on, do you also go by the name Alice?

MS. MULLINS: Yes. It's Alice Madura.

THE CHAIRMAN: Okay. So you just -- on

the paper here, you gave Alice. I wanted to make sure the record that is preserved, that you're the one speaking.

MS. MULLINS: Okay. Alice -- My name is Alice Madura Mullins.

THE CHAIRMAN: Okay.

MS. MULLINS: So Alice is part of my legal name.

THE CHAIRMAN: Yes, ma'am.

MS. MULLINS: Thank you. Sorry for the confusion.

THE CHAIRMAN: No problem.

MS. MULLINS: Okay. I would like to state that I do agree with staff's findings.

Instead of repeating all of what they said, I agree with that for you to not approve this zoning request.

If you make it commercial, it would open the door to a lot of inappropriate things. I know Mr. Page addressed they're limited in what they can do.

But even at that, there's stuff that could be put in that would not be appropriate for residences across the street or next door to it.

Now, as far as the concrete batch house is

concerned, that originally was part of the subdivision that I'm in on the wrong side of the road. So that's the reason -- a good thing years ago back in the '80s that there was no zoning.

It was sold as residential property, but the new owner took that portion and turned it into a concrete plant.

It is a nonconforming property within the residential zoning. Sorrento has not been four-laned yet. They don't have sewer available on the property in question. It's septic tank.

All of that needs to be taken into consideration whether it would be appropriate to make it commercial.

That's about all I have to say. I do agree with staff's findings.

MR. GRAY: Sorry to interrupt you.

MS. MULLINS: Yes.

MR. GRAY: How are we handling time on this, staff? Jon? How are we handling time on each of these speakers? I'm not really seeing it displayed.

THE CHAIRMAN: These are witnesses being called by the attorney, so they are given

latitude.
MR. GRAY: Oh, is that right? Okay. My mistake. I apologize.
MS. MULLINS: Thank you.
THE CHAIRMAN: That's all you have? Questions by the board?
(No response.)
THE CHAIRMAN: No?
Thank you.
MR. SCHILLER: Call Ms. Buck, Cathy Buck.

CATHERINE BUCK, upon being duly sworn, was examined and testified as follows:

MS. BUCK: My name is Cathy Buck. My address, 3351 Nighthawk Lane.
THE CHAIRMAN: Thank you.
MR. SCHILLER: And, Ms. Buck, did you get one of those orange flyers here in the mail?
MS. BUCK: I did not. I am not within the 500 feet.
MR. SCHILLER: Okay. And you have some comments you'd like to make to the board.
MS. BUCK: I do.
MR. SCHILLER: Concerning the criteria.

MS. BUCK: Yes.
I'm sorry. My first time at this rodeo. In another life, I was a local official, participated in planning and zoning. And I was you in another state in another time.
So I'm not familiar with your format. Forgive me. I did not go A, B, C, D. So if you just give me a little latitude, I'll try to be very brief.
I certainly reiterate what Madura Dora had to say. I believe that traffic, although it's not considered here specifically, in the -- in the back -- backup readings from your staff, they did talk about the traffic differential between Nine Mile Road and Sorrento Road.
We are only 200 vehicle trips a day below Nine Mile Road. So that gives you, if you're not familiar with Sorrento, an idea of the kind of traffic volume that we face on a daily basis. And that was in 19 -- in 2018, I should say.
I would say that any rezoning from LDR to commercial is tantamount to spot zoning. And I agree with staff that this would be absolutely spot zoning.
And, again, two wrongs don't make a right.

I -- I believe that the property owner should have an opportunity to make use of their property.
However, it should fall within the LDR with an eye to the future, which is 11 years coming, so the 18 acres obviously have already been pointed out as riddled with wetlands. They're sensitive and protected by the State of Florida.
The existing uses and structures, as we have already said, are nonconforming.
The original handwritten application said that they were interested in having a microbrewery. I don't know if you were privy to that.
Suddenly it changed to an office. I don't know if either would be . . . Certainly an office would not -- If -- if it was a nanobrewery with a very limited special-use condition or conditional use, I think that could potentially be a use for the property. It could also be a driving range or -- or something of that that would be conforming with the LDR.
So I believe that spot zoning is a no-no and should be prevented at any rate.

Thank you.
THE CHAIRMAN: I did have one question for you, Mr. Schiller.
Ms. Buck indicated her past expertise in the area of land use and planning.
Are you qualifying her as an expert witness?
MR. SCHILLER: No, no.
THE CHAIRMAN: Or just as a layperson?
MR. SCHILLER: I didn't know that. That's the first time I heard that.
THE CHAIRMAN: Okay. Okay. So -- so --
MS. BUCK: I'm -- I'm -- I've only lived here five years, so . . .
THE CHAIRMAN: Okay. Because we would have to voir dire the witness and get all of that out if she's going to be an expert.
MS. BUCK: No. You'll just have to take my word for it. I have 19 years --
THE CHAIRMAN: Yes, ma'am. Okay.
We just want to make sure because in quasi-judicial, if you're going to be an expert witness, we have to go through a few more steps --
MS. BUCK: I understand . . .

Page 49

THE CHAIRMAN: -- to do that.
MS. BUCK: . . . yes.
THE CHAIRMAN: Okay. I don't have any questions.
Any questions of this witness?
(No response.)
THE CHAIRMAN: Okay.
MS. BUCK: Thank you.
THE CHAIRMAN: Thank you, ma'am.
Go ahead, sir.
MR. SCHILLER: I'd like to -- I have some questions for Mr. Page, but I'd like to testify briefly about the . . .
THE CHAIRMAN: Before we do that, is Ms. Carole Tebay -- Is she one of your witnesses as well or -- No. She just wants to testify. Okay. So we give you the opportunity, once the gentleman has finished his presentation.
MR. SCHILLER: Well, as I say, I have some questions for Mr. Page.
But on my Exhibits A and B, Exhibit B is our subdivision. Since this -- We have another unit which is about six houses more. Goes down that street and dead-ends at a creek called Sandy Creek.

Page 50

And Sandy Creek runs under Bauer Road. And there's another part of our subdivision over there that's smaller one-acre lots.
And so Exhibit A is part of the original Grand Lagoon Ranches. And it's broken into 10-to 20-acre parcels for homes.
And as you can see, it's platted there. It's right in the middle. The concrete plant sits right in the middle of that.
When we first moved out there and bought out there in the early 1980s, '79, '80s, there was nothing out there. There was one house on that whole place. And none of this was there. No miniwarehouses.
Walmart wasn't there. Blue Angel Parkway wasn't there. Bauer Road was just a little country road that crossed there. And the only other thing out there was Periodo Bay Country Club.
The developer of Grand Lagoon Ranches decided he was going to convert this back to raw acreage unbeknownst to us, and put a sign out there, one of these -- little sign. No letters went out to anybody. A little -- a little -- Not even as big as this, a little white sign.

Page 51

One night I got a call from one of the people who owned. Went out there at 7:30 at night.
Says, "Look at this." Goes, "A meeting to be held at Bratt Middle School, a special meeting set by the Board of County Commissions to deal with the zoning." Well, that was the same night we looked at it. And we sent somebody up there to object, but they couldn't find Bratt Middle School.
The developer got the County -- Board of County Commission, the people that appointed you, in theory --
MR. PAGE: Mr. Chairman, I'm sorry. I can't follow 1 through 6. If he could tell me where he is in that criteria outline, please.
MR. SCHILLER: I'm explaining to Mr. Gray -- he asked how that plant got there. I'm trying to explain that. That's a question the board raised, Mr. Page.
THE CHAIRMAN: Okay. Mr. Schiller, I'm going to ask you just to hold for one second. The reason is, I have to exit the meeting.
I've got a meeting that I cannot get out of. And I'm going to have to turn it over to

Page 52

the Vice Chairman, who's my best buddy right now. I'm sure to get a note from him.
But if you'll just allow me a moment to just kind of orient him with what documents I have here. Hold on just a moment.
(The Chairman left the hearing room.)
MR. PYLE: I ask we set timing on speakers. Is there some reason there's -- I understand that he's calling witnesses, but on speakers, is he not subject to the three minutes?
MR. GRAY: That's up to the board's call.
MR. SCHILLER: I'm only responding to a question he had about the concrete plant. I'm trying to explain it, but . . .
MR. PYLE: Proceed.
MR. SCHILLER: If you're ready to vote on this, if you want to affirm what staff recommends, then we'll rest right now. I mean, I . . .
MR. PYLE: Sir, you understand the criteria that we have to judge by.
So the applicant has the right to ask what -- if you are speaking in opposition, which criteria you are utilizing for your opposition.

Page 53

MR. SCHILLER: Okay. Well, it's not that we've answered the question, then, that Mr. Gray had.

MR. GRAY: I don't mind allowing the -- a little bit of time to talk about the origin of what we have as nonconforming used as a comparative analysis.

MR. SCHILLER: Okay. And staff raised that question anyway.

They had that meeting. It was converted back to raw acreage.

And about a month later, the owner sold it to the concrete plant owner up at Century to put that plant in.

This was all done secretly on the sly at night at Bratt Middle School. And we didn't get any written notice of it. And we've had to live with that plant for 30-something years now. And it is the highest industrial use you can have on property.

They had to fill in big trenches. I don't think they got permits. They dug trenches to drain it and fill it in with concrete washout and gravel. It's a big dusty eyesore. Noisy.

And since that happened, the homeowners

Page 54

have agreed to fight everything that goes out there that's inconsistent -- you know, opposition on this -- on this property out there.

We fought hard to get this whole area converted to park by the state for the Perdido pitcher plant prairie. This is part of a state park here. There isn't just county land. This is a state park to the east and to the south of this property, and to the north and the northwest and the northeast. It goes all the way to Tarklin Bayou, 3,500 acres.

Okay. A large part of that was done by Grand Lagoon Ranches homeowners. All right. So that's how that concrete plant got there.

And I think if you look at Mr. Page's handout, they filled in the wetlands to do that. I don't know how they got a permit to do that.

But you can see the wetlands was joined right there until they put -- they filled it in and dug their ditches out there.

They dug a ditch down here to drain it. These ditches are -- I don't know who put it in, but they're trying to drain this property out there.

Page 55

MR. SCHILLER: So, again, on Mr. Page's handout, I'm not sure of what -- what page -- page three he's trying to show us. He's trying to show that these first two sections are going to be preserved wetlands? Is that it?

MR. PYLE: He's simply, I think, stating what the existing condition, in contrast to what we were provided.

MR. SCHILLER: He's trying to get this parcel here rezoned? As well as this parcel?

MR. PAGE: Yes.

MR. SCHILLER: And connect them somehow?

MR. PAGE: Yes.

MR. SCHILLER: Okay. Well, anyway, for these -- for these reasons, we -- we recommend that you follow the staff's recommendations.

We've had nothing but -- We've had to fight the county at every turn. We've been to Circuit Court. We had two or three administrative hearings.

The concrete plant tried to expand and go west. And we had to -- had to go to Circuit Court to stop them.

And they finally -- The County Commissioners agreed with us on that. And the

Page 56

owners appealed and we won in Circuit Court.

Anyway, it's been a fight for 35 years, and that's -- that's the history of that area out there.

MR. PYLE: Thank you.

MR. SCHILLER: We recommend that you follow their recommendations.

Thank you.

MR. GRAY: Thank you. Thanks for the chart.

MR. PYLE: Do we have a Carole Tebay, please?

MR. PYLE: You have something for us you need to hand up to staff.

MS. TEBAY: Thank you.

- - -

CAROLE TEBAY, upon being duly sworn, was examined and testified as follows:

- - -

THE CHAIRMAN: Ms. Tebay, if you can state your name and address, and then briefly explain what it is you're handing the board, and see if we can submit that into evidence.

MS. TEBAY: I'm Carol Tebay, 4060 Indigo Drive.

Page 57

This is a map from the DEP Web site, which shows the Perdido pitcher plant prairie.

And in the center you'll see the end holding, which is the development that the citizens have been -- And the property that wants to be rezoned.

So it shows that to the north and east and a little to the west are conservation lands. To the south is the Garcon Swamp, which is -- Those are acquired lands for the Perdido pitcher plant.

MR. PYLE: So if I understand, you're basically talking about surroundings.

Is this something you'd like to submit into this case into evidence?

MS. TEBAY: Yes.

MR. PYLE: Okay. If anybody has any questions or they'd like to . . .

MR. GRAY: I think we should introduce this into evidence.

MR. PYLE: Do we have a motion and do we have a second?

MR. GRAY: Motion.

MR. FEARS: Second.

MR. PYLE: We have a motion and a second.

Page 58

All those in favor say aye.

(Chorus of "ayes.")

MR. PYLE: Any opposed?

(No response.)

MS. TEBAY: Yes. I'm just hoping to show that this property is an end holding within conservation area.

And the green to the south of it is essential parcels remaining to be purchased as part of Florida Forever. And I don't know when it will be eventually, but it's on the Florida Forever wish list of property that the sellers -- of willing sellers. So that would make it completely surrounded by conservation land.

MR. GRAY: I think I'm trying to -- If I may ask, Mr. Chair, to orient myself on this graphic, this map that you've shown.

MS. TEBAY: Yeah. You'll see the small yellow in between in the middle.

MR. GRAY: That is an enclave of nonconservation --

MS. TEBAY: Correct.

MR. GRAY: -- is you folks.

MS. TEBAY: Yes. That -- Those property

Page 59

owners -- I live on Big Lagoon.

MR. GRAY: I'm sorry.

MS. TEBAY: Those property owners --

MR. GRAY: This subdivision.

MS. TEBAY: Subdivision.

MR. GRAY: The subdivision.

MS. TEBAY: And the land across that 292 is Sorrento.

So the property south, the little piece south of Sorrento is the concrete plant and the parcel that's being discussed today.

MR. GRAY: Thank you for helping me orient. Thank you.

MR. JONES: May I ask a question? Because I know we -- if this going to be in evidence, I don't -- this map, is this a county-done map or --

MS. TEBAY: This is a state map.

MR. JONES: State map.

MS. TEBAY: I got it from the DEP Web site.

MR. JONES: okay.

MS. TEBAY: It's for the Florida Forever. And this is the Perdido pitcher plant prairie, which is conservation land.

Page 60

MR. JONES: Right.

MS. TEBAY: And so the green is land that they hope to purchase.

MR. JONES: So this land is -- Is this not adopted by them, or they just -- they're hoping to -- I don't want to . . . Are they hoping to get it?

MS. TEBAY: This is their information map on the DEP Web site of what the Perdido pitcher plant prairie is.

MR. PYLE: You obtained this from a state Web site, correct?

MS. TEBAY: Correct.

MR. PYLE: And you copied it yourself and are submitting it?

MS. TEBAY: Correct.

MR. PYLE: This is existing as the pitcher prairie plant.

MR. GRAY: And the plant also concludes their targeting of . . . Is that correct?

MS. TEBAY: Correct.

MR. GRAY: Essential parcels remaining, which are targeted areas.

MS. TEBAY: Correct. It's on their wish list, so . . .

MR. GRAY: And to be clear again, does their target -- This kind of gets blurry in there. Does their target parcels include the parcel with which we're looking at on the rezoning case today or just --

MS. TEBAY: No, because that would not be a willing seller.

MR. GRAY: I see.

MS. TEBAY: The green is willing sellers. It's just the state coming through with the money to purchase it.

MR. GRAY: Okay. And the concrete plant --

MS. TEBAY: Is not a willing seller. So they're all in holding within conservation lands.

MR. GRAY: And this subdivision itself also is not wishing to become part of conservation.

MS. TEBAY: Correct. And to become part of the pitcher plant prairie, you have to be willing sellers.

MR. GRAY: Got it. Okay. Thank you again.

MS. TEBAY: Thank you.

MR. PYLE: All right. Any other speakers on this case?

Mr. Page, would you like to comment on any of these?

MR. PAGE: Thank you, Mr. Chairman.

Out of the four speakers, there was a number of things that they were concerned about, least of which and last was this pitcher plant map.

Even with my bifocals on, I'm thinking that the area that is south of the highway probably is this piece of property.

And if it is this piece of property, the map is out of date because Florida DEP, according to what I've already handed out to you, has agreed to take two parcels of that because they feel like it is wetlands. And the owner at the time did the same thing. So they're in conservation.

So I would suggest to you that the map perhaps is not completely up to date. And if the homeowners in that area that have the five acres with horses, if they aren't willing to be a part of the pitcher plant preservation designation, I'm not sure how that speaks to

environmental concerns out that way, Mr. Chairman.

But in any event, the other concerns that we heard, one that particularly caught my attention, was highway safety.

And as speaker turned and walked away from the podium, she said that there's no shoulder out there. It's a two-lane road with no shoulder.

Well, yesterday morning we had four trucks and a car parked on the shoulder in front of this facility that -- this piece of property that we're talking about here now, very well maintained and mowed, apparently by the concrete company, as I understand it. They mow all the way down in both directions.

And the miniwarehouse across the way mows probably about a 30- or 40-foot strip all in front of it.

Gentlemen, there's plenty of shoulder out that way. And if there is a safety issue, it's certainly not the -- anything that the owner of the piece of property that I represent can enforce.

That type of thing, as you clearly know,

that's something the Sheriff's Department would certainly handle.

Less quality of life. I'm not sure how -- what quality that would be. If a -- if a commercial establishment, small, especially given the size of this -- it's an existing building -- would have on the quality of life in that area.

I'm sure that there could be some environmental biologist somewhere that would say that that 14-acre subdivision that's out there affected the quality of life, the quality of all the flora and fauna that were part of what was removed in order to put those 14 lots in there. So this goes -- this goes back and forth.

A microbrewery that I heard mentioned, that absolutely was an early consideration, but the need for the zoning for that was a very high plumb to reach, because you had to have a zoning category above where we're requesting in order to put that type of thing in.

The interested buyer in this piece of property is in the air-conditioning business, not in the installation of air conditioning, but insomuch as the tweaking of the baffles and what

have you, to allow certain cubic feet and what have you to come in.

As a matter of fact, my understanding is he has a contract with the county to do this building, and the courthouse, and perhaps other government buildings.

That's who is proposing to occupy this, Mr. Chairman, as an office place they could meet in the morning and then go out to the various buildings and do whatever you do to manage these air-conditioning systems.

The pitcher plant, I still am not all that conversant with -- with -- with what problems that this would present with that, only because DEP identified the environmentally sensitive lands.

And the owner at the time agreed to make that donation, as I previously said. So we think that that perhaps might be a moot point on this particular piece of property and for this application process this morning.

So, Mr. Chairman, based upon the staff's findings, that we concurred with A, I would ask the board to consider all the testimony and the information that I presented as competent and

substantial information concerning the information required on B, C, D and E, and ask that you adopt our findings for each of those, together with the staff's findings of item A. Thank you.

MR. PYLE: Thank you, Mr. Page.

And I will just say, as a resident of that area, this is the -- these are the cases that drive me nuts, this transitory Gulf Beach Highway, Sorrento. It's terrible because I think the benefit of the map that the last speaker brought up was simply to show the size of the pitcher prairie plant was a big deal for a long time and hard-fought battle, if I'm not mistaken, that was -- I just think it simply stands to show the quantity of area that is preserved under that.

Mr. Page would have an argument for or against that. I get it. And I think, Mr. Page, you represented your . . . the applicant as best as you possibly could, especially given that the county's findings were contrary to that.

But do any of the board members have any questions for Mr. Page or any of the other speakers?

MR. GRAY: I don't know that I have any questions. I do, you know, probably have some discussion among us for a few minutes, but I'll pause to do that.

MR. PYLE: I think we're there. I think we're there.

MR. GRAY: Yeah. Again, I think we were looking at one of the criteria being the spot zoning. So if we go to D.

And I'll just -- Maybe I should ask staff. Do you remember the physical representation of my two sheets of paper being catty-corner or kitty-corner, however you say it, in the region as not considered contiguous? That's the question.

So if we look at the map we just passed -- if we can go back down. Sorry. That was a great representation -- graphic on the screen.

The commercial that's across and to the west, are we allowed to hop across the road like that and consider ourselves not spot zoning?

That's the question, staff.

Have you been . . . I was -- I was directed by the former DCA that I can't do that when I was trying to accomplish some things back

in -- I don't know -- 06 'or '05, something like that. Is that the same finding with the county? Do we consider those contiguous and would that be spot zoning in any other situation if those were adjacent but not connected?

Do they have to share an edge is the question. Can they share a corner?

MR. JONES: Yeah. The road -- the road is a dividing point. It's a separation. And we still -- we still would consider this as spot zoning.

MR. GRAY: Okay. So that was my -- that was my one question. So that one has kind of been answered.

So your customary understanding of this is the road's the divider, but furthermore, it has to share an edge.

MR. JONES: Yeah.

MR. GRAY: Yeah. Okay.

So I guess that's been cleared up, one of the questions I had.

My other question might be, you know, for -- Well, it's not really a question. It's more of a statement.

And that is the idea that we've got a

community that's been suffering a neighbor for so long that, sure, next to that neighbor, anything looks probably okay.

But you can't compare that neighbor because they're a legal nonconformer, right?

MR. JONES: Correct.

MR. GRAY: So as against a concrete plant, I'm sure, you know . . . I don't know . . . a firework testing site might look okay, you know. I don't know what it would take to make that -- That's just obnoxious. I really do feel for the residents over there. It just seems like the system has failed you, if that was what I was surviving next to.

And I -- you know, I know the efforts you've been undergoing. I don't know what role you've played in the different plans and the preservation and conservation areas. But applaud -- applaud you guys for that insight to make that work.

So, you know, I -- I feel bad that you feel like -- you probably feel like the system doesn't work.

And I think if we vote in favor of this, that you'll probably be in further in that

assumption that the system doesn't work.

So I mean, I guess you guys can understand where I'm coming from on this. That's all I have for the statement.

MR. PYLE: Do you have a question or comments, board members?

(No response.)

MR. PYLE: Hearing none, entertain a motion.

MR. GRAY: Let's see if this works. I'm going to move to deny the application and going along with staff's findings.

Again, I might need some help on this. Which criteria they were -- that it was -- it was.

It was D was nonconforming or didn't -- C, B.

MR. RUSHING: C, D, and E.

MR. GRAY: C, D, and E.

MR. RUSHING: Based on C, D, and E.

MR. GRAY: C, D, and E. Thank you.

So based on C, D, and E, that this is a no vote for me. This does not pass.

MR. PYLE: We have a motion.

MR. FEARS: Second.

MR. PYLE: We have a motion and second. All those in favor signify by saying aye.

(Chorus of "ayes.")

MR. PYLE: All those opposed say nay.

(No response.)

MR. PYLE: The ayes have it.

And it does not pass.

Adjourns the quasi-judicial meeting.

(Hearing concluded at 11:52 a.m.)

CERTIFICATE OF REPORTER

STATE OF FLORIDA)
)
COUNTY OF ESCAMBIA)

I, DAVID A. DEIK, CP, CPE, Professional Court Reporter, certify that I was authorized to and did stenographically report the foregoing Planning Board proceedings; and that the transcript is a true record, to the best of my ability, of the proceedings contained herein.

I further certify that I am not a relative, employee, attorney, or counsel to any of the parties, nor am I a relative or employee of any of the parties' attorney or counsel connected with the action, nor am I financially interested in the action.

Planning Board-Rezoning **6. E.**

Meeting Date: 08/06/2019

CASE : Z-2019-12

APPLICANT: Wiley C. "Buddy" Page, Agent for Curtis and Kelli Sumrock, Owners

ADDRESS: 11545 Sorrento Rd

PROPERTY REF. NO.: 12-3S-31-3301-000-000

FUTURE LAND USE: MU-S, Mixed-Use Suburban

DISTRICT: 2

OVERLAY DISTRICT: N/A

BCC MEETING DATE: 09/05/2019

SUBMISSION DATA:

REQUESTED REZONING:

FROM: LDR, Low Density Residential district (4 du/acre)

TO: Com, Commercial district (25 du/acre)

RELEVANT AUTHORITY:

(1) Escambia County Comprehensive Plan
(2) Escambia County Land Development Code
(3) Board of County Commissioners of Brevard County v. Snyder, 627 So. 2d 469 (Fla. 1993)
(4) Resolution 96-34 (Quasi-judicial Proceedings)
(5) Resolution 96-13 (Ex-parte Communications)

APPROVAL CONDITIONS

Criterion a., LDC Sec. 2-7.2(b)(4)

Consistent with Comprehensive Plan

The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

CPP FLU 1.3.1 Future Land Use Categories. The MU-S category is intended for a mix of residential and non-residential uses while promoting compatible infill development and the separation of urban and suburban land uses.
Range of Allowable Uses: Residential, retail sales & services, professional office, recreational facilities, public and civic, limited agriculture. The maximum residential density is 25 dwelling units per acre.
CPP FLU 1.5.1 New Development and Redevelopment in Built Areas. To promote the efficient use of existing public roads, utilities and service infrastructure, the County will encourage redevelopment in underutilized properties to maximize
development densities and intensities located in the Mixed Use-Suburban, Mixed Use-Urban, Commercial and Industrial Future Land Use districts categories (with the exception of residential development).

FINDINGS
The proposed amendment to Commercial **is consistent** with the intent and purpose of Future Land Use category MU-S, as stated in CPP FLU 1.3.1. Based on public records, the parcel was previously developed and used as an operational plant nursery/landscape business, a listed use under the retail sales and services of the MU-S FLU category. Redevelopment of this property will promote the efficient use of utilities and infrastructure and redevelopment of an under-utilized property making the proposed use compatible with the intent of CPP FLU 1.5.1.

Criterion b., LDC Sec. 2-7.2(b)(4)
Consistent with The Land Development Code
The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

FINDINGS
The proposed amendment **is not consistent** with the intent and purpose of the Land Development Code. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy the location criteria requirements. The proposed location, if the rezoning is approved, would encourage the creation of strip commercial development. The applicant did not provide a compatibility analysis for review.

Criterion c., LDC Sec. 2-7.2(b)(4)
Compatible with surrounding uses
All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with

potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

FINDINGS

The proposed amendment **is not compatible** with surrounding existing uses in the area. Adjacent parcels are zoned low-density residential with some large tracks of Conservation zoning. Within the 500 foot radius, there are properties with zoning districts Commercial, Low-Density Residential and Conservation. One storage-warehouse business across Lillian Hwy to the North, five vacant residential parcels, two single-family residences, two large parcels owned by the State of Florida and one mineral processing plant parcel, zoned low-density residential in place since 1993, based on public records. The applicant did not provide a compatibility analysis for review.

Criterion d., LDC Sec. 2-7.2(b)(4)

Appropriate if spot zoning. Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balancing of interests between the isolated district and adjoining lands.

As per LDC Chapter 6, Spot Zoning is: *Zoning applied to an area of land, regardless of its size, that is different from the zoning of all contiguous land. Such isolated or "spot" zoning is usually higher in its density or intensity of use than the adjoining zoning and may, therefore, extend privileges not generally extended to property similarly located in the area. Spot zoning is not by itself prohibited, but due to its potentially adverse impacts on adjoining zoning it carries a higher burden of demonstration that, if authorized, it will contribute to or result in logical and orderly development*

FINDINGS

The proposed zoning **will create spot zoning**, based on the LDC definition in Chapter 6, as the requested Commercial zoning is different from the zoning of all contiguous land. Site visit reveals the parcel's location about midway between Bauer and Blue Angel to be sparsely developed as compared to the East and West major intersections. Due to the parcel's location, the proposed zoning request would not create a logical zoning transition between the low-residential districts and other existing zoning districts in the adjacent area. The applicant did not provide a compatibility analysis for review.

Criterion e., LDC Sec. 2-7.2(b)(4)

Appropriate with changed or changing conditions.

If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

FINDINGS

The land uses or development conditions within the area surrounding the property of rezoning **have not** changed. Based on public records, both of the current commercial uses have existed since 1984 and 1993. The site is located midway between Blue Angel and Bauer roads in an area that is currently scarcely developed. Allowing a commercial zoning for the property would contribute to commercial development sprawl. The applicant did not provide a compatibility analysis for review.

Good Afternoon,

Mr. Sumrock,

Here is a copy of the Savings Clause for the property that was signed and recorded with the County as well as an excerpt from the Old Land Development Code zoning designation of SDD. The Signed Savings Clause form as recorded and the e-mail that was forwarded to you October 10th provides the information as requested below.

Respectfully,

Subject: Re: Sumrok email

Hello Mr. Jones,

First of all, thank you for the reply.

Around 1999, Escambia County and other government agencies approved and permitted the construction of two commercial steel buildings and other supporting structures on this parcel in addition to customer and employee parking and bathrooms accessible to the public. The Site and Utility Plan approved by Escambia County was submitted by the owners of Evergreen Gardens and Nursery, Inc. Escambia County issued building permits and approved this company to perform retail sales from this location including infrastructure for general office space, product displays and storage. The development plan was approved and constructed while zoned SDD.

As you reference below, in 2015 the SDD zoning was eliminated and subsequently the zoning changed to LDR despite the permitted use of the property for over 15 years being commercial in nature.

So please confirm that according to your determination below, the Savings Clause restores permitted land uses that were omitted and that the site can continue to operate as a retail business and utilize the existing steel buildings for commercial business purposes including general office space, product display, and storage, etc.

> Briefly, the savings clause (Land Development Code (LDC) Sec. 3-1.8) states, in part, that a landowner who had any "permitted land uses" of the previously applicable zoning district eliminated as a result of the consolidation of zoning districts in the 2015 adoption of a new LDC could

apply to have the previously permitted uses reinstated.

Within the former SDD zoning and several other districts there had been a provision allowing “other uses which are similar or compatible to the uses permitted herein that would promote the intent and purposes of this district. Determination on other permitted uses shall be made by the planning board (LPA)”

By that wording, no uses other than those specifically enumerated by the district were established as the permitted uses of the district. The allowance of any other use would require a determination by the Planning Board – a process that was eliminated by the zoning consolidation and not retained, referenced, or replaced within the savings clause.

A non-enumerated use did not exist as a permitted use in any former zoning; it was conditional to a determination of the Planning Board if the district authorized that process. Accordingly, a non-enumerated use is not within the permitted land uses available by savings clause. The savings clause only refers to uses permitted by right, not uses that could have been requested to be found similar to or compatible with those permitted uses.

Horace, I have a copy of Sumrok's email dated September 14, 2019 to you regarding his property on Sorrento Road. He asks that you provide guidelines to be utilized in order to determine what other environmentally compatible uses that may be allowed. He asked that you provide information within 10 days. This is woefully overdue. Please provide us with your written reply. Thank you. Buddy

DENSITY AND USES SAVINGS CLAUSE DETERMINATION

An official review concerning the applicability of LDC Sec. 3-1.8, Density and Uses Savings Clause, to the property described below has been completed by the Planning Official or his designee. Approval to apply the Density and Uses Savings Clause shall operate to reinstate residential density that was decreased or land uses that were eliminated on the subject parcel as a result of the adoption of the LDC on April 16, 2015, or authorize the processing of a FLU Amendment at no cost to the owner as indicated herein. Only residential density and permitted land uses listed on the date of adoption shall be eligible for reinstatement. **This Determination AND legal description must be filed in the Official Records of Escambia County, Florida, in order to preserve any density or land uses authorized herein.** FLU Amendments must be approved by the Board of County Commissioners (BCC) and may require approval from the Florida Department of Economic Opportunity (DEO) as required by Chapter 163, Florida Statutes. Authorization to process a FLU Amendment shall not constitute BCC approval and does not guarantee that BCC or DEO approval will be granted.

DENSITY AND USES SAVINGS CLAUSE APPLICATION FORM

Sec. 3-1.8 Density and uses savings clause.

General. The owner of any parcel of land that had the residential density of its applicable zoning district decreased or had permitted land uses of that district eliminated as a result of the April 16, 2015 adoption of the LDC, may apply to have the previous residential density or permitted land uses reinstated. Only residential density and permitted land uses listed on the date of adoption shall be eligible for reinstatement pursuant to this section. Applications shall be approved, unless reinstating the previous residential density or land uses would cause the parcel's density or uses to become inconsistent with the existing applicable future land use (FLU) category. If the density or land uses would become inconsistent with the existing applicable FLU, approval for reinstatement shall be granted only after a FLU amendment consistent with the previous density and uses has been approved and adopted according to the amendment provisions in Article 7 of Chapter 2. All applications for reinstatement and FLU amendments made pursuant to this section shall be submitted to the Planning Official and processed at no cost to the land owner.

(b) Applicability. This section is not intended to authorize density or land uses that are otherwise limited by the LDC. These limitations include, but are not limited to, the provisions of the overlay zoning districts, the airport/airfield environs, floodplain management, or location criteria.

I, Curtis Sumrok, owner of the above referenced property, hereby submit this application to the Planning Official (or his designee) to request an official review of the Density and Uses Savings Clause provision of the LDC with respect to my property above. I understand that approval to reinstate residential density and/or permitted land uses listed on April 16, 2015, will be granted only if reinstatement is consistent with the Future Land Use (FLU) for the parcel. I understand that a FLU Amendment will be required **prior to** approval if the request is not consistent with the FLU. I further understand that FLU Amendments must be approved by the Board of County Commissioners (BCC) and may require approval from the Florida Department of Economic Opportunity (DEO) as required by Chapter 163, Florida Statutes. Authorization to process a FLU Amendment shall not constitute BCC approval and does not guarantee that BCC or DEO approval will be granted. I also understand that any approval must be recorded in the official records of Escambia County, Florida, and that I will be responsible for filing such approval with the Clerk of the Circuit Court.

The West 580 feet of that part of the South one-half of Section 12, Township 3 South, Range 31 West, Escambia County, Florida, lying South of the unnamed and unnumbered road and road right of way, sometimes referred to as Re-Location of Gulf Beach Highway which road or road right of way is particularly described in Special Warranty Deed from Gulf Diversified Investment Company to the State of Florida dated January 28, 1969, recorded in O.R. Book 426, Page 922 of the public records of Escambia County, Florida.

Parcel Identification Number: 12-3S-31-3301-000-000

E. *Landscaping.* See section 7.01.00.

F. *Screening adjacent to residential areas.* See section 7.01.06.

G. *Roadway access.* South of Well Line Road, direct access must be provided from a collector or arterial roadway and such access may be provided by curb cuts on the collector or arterial roadway or a private or public road linking the use with a collector or arterial roadway provided that such private or public road does not traverse a predominately residential neighborhood or subdivision between the use and the collector or arterial roadway. No permit shall be issued for any proposed use which requires access through a residential neighborhood or subdivision.

H. *Signs.* See article 8.

I. *Locational criteria.* See article 7 and Comprehensive Plan Policies 7.A.4.13 and 8.A.1.13.

6.05.20. S-1 and S-1PK outdoor recreational district (noncumulative).

A. *Intent and purpose of district.* This district is intended to preserve and maintain the land for outdoor recreational uses and open space. Refer to article 11 for uses, heights and densities allowed in S-1, outdoor-recreational areas located in the Airport/Airfield Environs.

B. *Permitted uses.*

1. Golf courses.
2. Country clubs and their customary accessory uses.
3. Bird and wildlife sanctuaries.
4. Parks and greenbelt areas.
5. Reclamation of borrow pits that existed prior to September 16, 2004 (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, article VIII, and performance standards in Part III, the Land Development Code, article 7).

C. *Conditional uses.*

1. Public utility and service structures (see section 6.08.02).

D. *Lot coverage.* The amount of impervious surface shall not exceed 20 percent of the total area.

E. *Signs.* See article 8.

6.05.21. SDD special development district, (noncumulative) low density.

A. *Intent and purpose.* This district is intended to conserve and protect environmentally sensitive areas that have natural limitations to development. These areas have certain ecological functions which require performance standards for development. SDD is to be phased out over time and no property not now zoned SDD will be zoned SDD in the future. The maximum density of this district is three dwelling units per acre. Refer to article 11 for uses, heights and densities allowed in SDD, special development areas located in the Airport/Airfield Environs.

B. *Permitted uses.*

STATE OF FLORIDA

COUNTY OF ESCAMBIA **CONSERVATION EASEMENT**

KNOW ALL PERSONS BY THESE PRESENTS THAT in consideration for the issuance of State of Florida Department of Environmental Protection Permit No. 17-0127147-001-DF to **LAURA M. MANKA** on June 10, 1998, **LAURA M. MANKA** ("Grantor") has granted to the **STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION**, 160 Governmental Center, Pensacola, Florida 32501 ("Grantee"), a Conservation Easement in accordance with Section 704.06, Florida Statutes, in and over the real property in Escambia County, Florida, as set forth in the legal description attached hereto as Exhibit "A," attached hereto and by this reference made a part hereof.

As used herein the term "Grantor" shall include any successor or assignee of the Grantor, and the term "Grantee" shall include any successor or assignee of the Grantee.

It is the purpose and intent of this Conservation Easement to assure that the subject lands (with the exception of included wetlands which are to enhanced or created as specified in the aforementioned permit) will be retained and maintained forever predominantly in the natural vegetative and hydrological condition existing at the time of execution of the Conservation Easement. The included wetlands which are to be enhanced or created shall be maintained forever in the enhanced or created conditions required by the aforementioned permit.

Except for such specific activities as authorized pursuant to Department of Environmental Protection Permit No. 17-0127147-001-DF, included but not limited to creation, enhancement and maintenance of wetlands as specified mitigation in said permit, the following activities are prohibited on the property subject to the Conservation Easement:

(a) Construction or placing of buildings, roads, signs, billboards, or other advertising, utilities, or other structures on or above the ground.

(b) Dumping or placing of soil or other substances or material as landfill or dumping or placing trash, waste, or unsightly or offensive materials.

(c) Removal or destruction of trees, shrubs, or other vegetation, with exception of nuisance and exotic plant species as may be required by Grantee.

ADVERTISING, INC.
LOCATION AGREEMENT

LESSOR'S TELEPHONE NO. 336-2213/ LESSOR'S SS# [redacted] LEASE NO. _____

THIS AGREEMENT entered into this 18th day of May, 20 01, by and between Laura Manka whose mailing address is 12030 Longwood Drive, Pensacola FL 32507 (hereinafter referred to as "LESSOR") and BILL SALTER ADVERTISING, INC., P.O. BOX 761, MILTON, FLORIDA 32572 (850) 994-4611 (hereinafter referred to as "LESSEE").

WITNESSETH

LESSOR hereby leases to LESSEE a certain outdoor advertising site on real estate in the City of Pensacola, County of Escambia at the street address 11545 Sorrento Road (W 500 ft of S1/2 of Sec Lying S of RD R/W OR 4293 P 1846) (hereinafter referred to as the "Real Estate Site".) The initial term of this agreement shall be for ten years, which term shall commence only on the date of construction of an outdoor advertising structure on the Real Estate Site. Thereafter, this agreement shall be renewed under the same terms and conditions.

Parcel ID#: 10-1771-250-12-3S-31-3301-000-000

LESSOR and LESSEE further agree as follows.

1. The annual rental for this lease during the initial term shall be twelve-hundred* ($ 1200.00 Dollars, payable in monthly installments of Paid on annual basis. ($ _____) each, with the first installment due on the date of construction described above. LESSOR acknowledges receipt of a $10.00 deposit to be applied to the first rent installment.

2. It is the LESSEE'S purpose to erect, illuminate and maintain outdoor advertising structures on the Real Estate Site and LESSEE shall have the right of ingress and egress to the Real Estate Site for such purpose.

3. Any outdoor advertising structures including, without limitation, any other material, erected or placed on the Real Estate Site by LESSEE or its agents shall always remain the personal property of LESSEE and shall not become part of the real estate and shall not be subject to any lien, claim, or other encumbrance on the part of the LESSOR.

4. LESSEE may remove any outdoor advertising structures and materials on the Real Estate Site at any time during the lease period, or within a reasonable time after the expiration thereof. This pertains to structures above ground level.

5. LESSOR represents and warrants that he is the owner of the Real Estate Site with full authority to make this lease and that he will not permit any other part of his property adjoining the Real Estate Site to be used for off-premise outdoor advertising purposes nor will he permit LESSEE'S structures to be obstructed from such purpose. LESSEE reserves the right to remove at any time any trees or brush that may obscure vision of any outdoor advertising structures located on the Real Estate Site.

6. Should LESSEE'S use of the Real Estate Site be prohibited or restrained for any reason, or if the view of the advertising structure place thereon shall, in LESSEE'S opinion, become obstructed for any reason, LESSEE may terminate this lease by giving written notice to LESSOR at which time LESSOR shall refund pro rata any rent paid in advance for the unexpired term.

7. Neither party is bound by any stipulations, representations or agreements not printed or written in this lease or in any special provisions attached hereto. This lease shall inure to the benefit of and be binding upon the heirs, personal representatives, successors or assigns of the parties hereto.

8. This lease is contingent upon LESSEE obtaining all necessary state and local permits.

9. In consideration of the receipt of the rental payment, LESSOR grants to LESSEE the right of first refusal on the future sale of the Real Estate Site. LESSEE will have 15 days to match or decline any proposed offer to purchase said site after being so notified by LESSOR.

10. Special Provisions:

(a) *After first five years, annual payment will increase to $1800 per year.

(b) First payment to be made in June, 2001, will be for first two years of this agreement.

(c) SEE REVERSE SIDE FOR LESSOR'S APPROVAL OF REAL ESTATE SITE DIAGRAM

DENSITY AND USES SAVINGS CLAUSE DETERMINATION

An official review concerning the applicability of LDC Sec. 3-1.8, Density and Uses Savings Clause, to the property described below has been completed by the Planning Official or his designee. Approval to apply the Density and Uses Savings Clause shall operate to reinstate residential density that was decreased or land uses that were eliminated on the subject parcel as a result of the adoption of the LDC on April 16, 2015, or authorize the processing of a FLU Amendment at no cost to the owner as indicated herein. Only residential density and permitted land uses listed on the date of adoption shall be eligible for reinstatement. **This Determination AND legal description must be filed in the Official Records of Escambia County, Florida, in order to preserve any density or land uses authorized herein.** FLU Amendments must be approved by the Board of County Commissioners (BCC) and may require approval from the Florida Department of Economic Opportunity (DEO) as required by Chapter 163, Florida Statutes. Authorization to process a FLU Amendment shall not constitute BCC approval and does not guarantee that BCC or DEO approval will be granted.

A legal description is attached as Exhibit A to this Determination.

Official Determination: The application concerning the above property is hereby:

☐ Approved as to:
- ☐ Residential density listed in the _____ zoning district prior to April 16, 2015.
- ☒ Land uses listed in the SDD zoning district prior to April 16, 2015.
- ☐ FLU Amendment processing at no cost.

☐ Denied:
- ☐ Density and Uses Savings Clause does not apply to the subject property.
  Explanation: _____
- ☐ Other _____

Rezoning Application

Address:
11545 Sorrento Road
Pensacola, FL

Background and History

Introduction: My name is Curtis Sumrok. I am a retired Coast Guard Commander and we currently reside in California after 22 years of active duty service. We owned this property from 2002-2005 and then sold the property but retained the lien as an owner financed mortgage. The property was then foreclosed in 2016 and we regained ownership.

After going through the foreclosure process, imagine our surprise when we discovered that the parcel had been rezoned in 2015. It should be noted that as a lien holder, we were not notified of this rezoning action and we obviously resided outside the local area so we were not aware of any public announcements or notices in local media.

In addition, the subject parcel of land was previously zoned as a Special Development District (SDD). If you will start by taking a look at the three pages of Exhibit A, In the late 1990's, the southern portion of the parcel, consisting of approximately 9.68 acres, was surrendered and placed in a conservation easement in an agreement with the Florida Department of Environmental Protection in exchange for developing approximately one acre of wetlands along the frontage of Sorrento Road. Escambia County approved and issued a comprehensive Site and Utility Plan shown in Exhibit B and issued permits for the construction of 2 steel commercial buildings, 2 other supporting structures, a parking lot area that included a handicap parking slab, and the corresponding utilities to support the infrastructure. A retail nursery and garden center business was operated harmoniously as a commercial entity on the parcel from around 1999 to 2015 with corresponding business licenses issued each year by Escambia County. In addition, a commercial billboard that is owned and operated by Bill Salter Advertising, permanently resides on the Northwest corner of the subject parcel. The building permit for the billboard and Location Contract were recorded and approved by Escambia county as shown in Exhibit C. These massive advertising structures are not allowed to be constructed on residentially zoned property but rather are reserved for commercially zoned parcels, in accordance with the LDC Sec. 3-2.10(b)(8). A picture of the billboard is provided as

Exhibit D. As we all know, this is not a structure that would be authorized in any front yard for LDR zoned property.

With the knowledge of the previous agreement between Escambia County and the Florida Department of Environmental Protection combined with a long history of commercial retails sales and use, it is difficult to comprehend why Escambia County would involuntarily down zone this parcel to a residential district which would effectively and unilaterally nullify the contractual agreement between the parties from around 1998. After hundreds of thousands of dollars were spent developing this parcel into a business entity, there is strong evidence of a complete disregard of due process that may similarly affect many other landowners in this county. This adverse government action affecting potentially so many landowners may be catastrophic to Escambia county and the taxpayers if the State of Florida's Bert Harris Act is pursued by those affected by the arbitrary and capricious action that created this situation. Can you imagine purchasing a home or a piece of property, leaving for a few years and returning to find that an arbitrary zoning change has reduced the value of your investment by $200,000. Would you not fight with every bone in your body to rectify this injustice? Protecting the rights of landowners is certainly important to Americans including members of this community, similar in importance to rights we expect and share for voting and our very freedom.

As a final litmus test, if 100 or even 100,000 people were taken to this parcel or the concrete plant next door and asked if the property was commercial or residential, I am 100% confident, without 1 ounce of doubt, that 100% of them would conclude that this parcel is commercial based on obvious evidence including general appearance and the physical characteristics consistent with a business. Given that, how is it possible that when given a rezoning decision between commercial and residential, the latter was chosen. Possibly, just a massive oversight? It should be abundantly clear that we are going through this process today and analyzing rezoning criterion because of the lack of due process. If the course of action that the Planning Department recommends were to be followed all the way resulting in sustained LDR zoning, the property would be rendered useless and worthless because it is not suitable for constructing a residential structure and the cost associated with removing the steel buildings and large concrete foundations and altering the utilities would simply be cost prohibitive.

As other concerned members of this community and media outlets watch the broadcast of this proceeding now or in the future, everyone should be mindful that similar types of action are possible against other landowners if this level of

carelessness or reckless governance is allowed to continue without corrective measures.

Now, you know the Rest of the Story, as the late great Paul Harvey would often say. This knowledge of the parcel history and background is important for putting analysis of the rezoning criteria into context and perspective. Now it is time to look at each of the rezoning criterion.

Criterion a., LDC Sec. 2-7.2(b)(4)
Consistent with Comprehensive Plan

The proposed zoning is consistent with the future land use (FLU) category as prescribed in LDC Chapter 3, and with all other applicable goals, objectives, and policies of the Comprehensive Plan. If the rezoning is required to properly enact a proposed FLU map amendment transmitted for state agency review, the proposed zoning is consistent with the proposed FLU and conditional to its adoption.

Applicant FINDINGS
The requested Commercial zoning is consistent with the FLU Mixed Use category as identified on the chart at LDC Sec. 3-1.3(i) so we ultimately concur with the staff findings. It should also be noted that this parcel is currently zoned Limited Density Residential (LDR) but Escambia County approved a Special Development District (SDD) Density and Uses Savings Clause per LDC Sec. 3-1.8. Shown as Exhibit E on 27 August 2018.

Despite the staff findings concluding consistency with the LDC, they noted that the Range of Available Uses paragraph listed in CPP FLU 1.3.1 does not mention "commercial or general commercial activities". In response to that, the LDC Section 3-2.10(b) has an enumerated list of Permitted Uses and the Range of Available Uses listed in CP FLU 1.3.1 does not include all of those Permitted Uses, by design. This absolutely does not mean that commercial zoning and uses are not permitted in areas designated MU-S. In fact, MU-S is specifically for a mix of residential and non-residential uses in suburban areas where non-residential uses include retail, commercial, office, industrial, civic or recreation uses, per Comprehensive Plan Chapter 3 Definitions for MU-S. So, we concur with criterion (a) with that additional note.

Criterion b., LDC Sec. 2-7.2(b)(4)
Consistent with The Land Development Code

The proposed zoning is consistent with the purpose and intent and with any other zoning establishment provisions prescribed by the proposed district in Chapter 3.

Applicant FINDINGS
The proposed amendment is consistent with the intent and purpose of the Land Development Code. Sec. 3-2.10 of the LDC states: "The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed use districts." Along this section of Sorrento Road, there are other parcels zoned Commercial and HC/LI as shown in Exhibit F which is GIS current zoning map from the county website. To get oriented, the subject parcel should be filled in like a barber pole in the middle of the page. As you can see, land directly to the East and Northeast of this parcel cannot be developed because they are zoned as State Conservation land. The adjoining land to the Northwest is a mini-storage facility that is zoned Commercial. The adjoining land to the West is a concrete plant that is operating HC/LI but zoned LDR. Without question, the neighboring uses surrounding the property are consistent with the proposed zoning. Taking a look at the Wetlands map provided by the staff, shows that wetland areas, the current zoning of the surrounding parcels and geographic restrictions along Sorrento Road preclude any furtherance of a continuous strip commercial development. In other words, there is simply no more land that is available for commercial or industrial zoning. This cluster of businesses along Sorrento Road are not near a major traffic intersection and are consistent with desirable transitions to small-scale dispersed neighborhood commercial uses in proximity to residential areas. It is in accordance with Sec. 3-1.6(b), Compatibility and Location Criteria.

We wholeheartedly reject the staff's finding that criterion B is inconsistent. The staff findings for this criterion are confusing because they simply recite code for LDR parcels. This approach does NOT demonstrate or show in any way that the Commercial zoning is not consistent with the LDC. The applicable code guidance for Commercial rezoning is listed in Section 3-2.10 (f). It states: ***Rezoning to commercial.*** Commercial zoning may be established only within the mixed-use suburban (MU-S), mixed-use urban (MU-U), or commercial (C) future land use categories. The district is appropriate to provide transitions between areas zoned or used as high density mixed-use and areas zoned or used as heavy commercial or industrial. Rezoning to commercial is subject to the same location criteria as any new nonresidential use proposed within the commercial district. Referencing Exhibit F again, you can see that the subject parcel is clearly situated

between a high density mixed-use and Commercial area to the East around Blue Angel Parkway and heavy commercial and industrial to the west near the Bauer intersection. Therefore, this Commercial zoning is a text book example of creating a smooth and logical transition between the applicable zonings.

Now turning to Exhibit G which is a Google Earth Screen Shot showing residential structures in relation to the subject property, and contrary to the staff findings, the cluster of parcels surrounding the subject parcel is clearly NOT a single-family residential area. In fact, there is not a residential structure within 975 feet of the parcel driveway and no residential structure is visible from the subject parcel in any direction. In contrast, someone standing on the Northwest corner of the property could throw a ball onto the property of the concrete plant or the mini-storage facility, each of which share a boundary line.

Turning back to Exhibit F, In response to Section 3-2.10(e) **Location criteria.** The staff findings did not provide any analysis for a determination of location criteria for this section. Contrary to the unsupported conclusion they had, paragraph (3) Infill Development, satisfies the location criteria. ~~It states~~:

Infill development. Along an arterial or collector street, in an area where already established nonresidential uses are otherwise consistent with the commercial district, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.

Specifically, Sorrento Road is an arterial street by definition. The parcel is in an area with already established non-residential uses including the mini-storage facility and concrete plant which obviously have similar intensity as the proposed commercial uses. The location would promote compact development and not promote strip commercial development because there is simply no more available parcels for commercial or industrial rezoning especially considering the vast parcels of Conservation property blocking most of the western and the entire southern, eastern and northern borders. Given these facts, the location criteria is also clearly consistent with the LDC.

Criterion c., LDC Sec. 2-7.2(b)(4)
Compatible with surrounding uses

All the permitted uses of the proposed zoning, not just those anticipated by the rezoning applicant, are compatible, as defined in Chapter 6, with the surrounding uses. The uses of any surrounding undeveloped land shall be considered the permitted uses of the applicable district. Compatibility is not considered with potential conditional uses or with any nonconforming or unapproved uses. Also, in establishing the compatibility of a residential use, there is no additional burden to demonstrate the compatibility of specific residents or activities protected by fair housing law.

Applicant Findings

Now we turn to criterion C, the proposed amendment is compatible with surrounding existing uses in the area. The definition of "Compatible" in Chapter 6 of the LDC states: "A condition in which land uses, activities or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use, activity, or condition is unduly negatively impacted directly or indirectly by another use, activity, or condition." In more simple terms, neighbors that can live side by side. As previously noted with a visual aid in Exhibit G, there are clearly other commercial and industrial land uses and activities in the surrounding area adjoining to this parcel that are obviously similar and commensurate with commercial zoning. Within a 500 foot radius, there is a mini-storage facility zoned Commercial and a concrete plant zoned LDR but operating HC/LI.

As you can read, the staff findings do not provide any level of compatibility analysis for land use coexistence but rather just identified the various types of zoned parcels surrounding the subject parcel. Corrections to staff findings include with reference to the working files provided, the Existing Zoning and 500 foot radius maps): Within 500 feet of the property line, there are only 4, not five, vacant residential parcels and the large parcel to the south should not be considered because it is on the other side of the Conservation Easement. There is also only one, not two, residential structures within 500 feet and it is located far to the southeast and outside the Conservation Easement boundary.

Southern Border: The entire southern border of the property is buffered by a Conservation Easement that was part of an agreement with the Florida Department of Environment Protection that includes 9.68 acres so a determination of coexistence is not necessary. (Exhibit B)

Eastern Border: Referencing Exhibit G and Exhibit K which is a photo of the NW border, you can see a single-lane, dirt access road runs parallel along the eastern border that leads to a single family residence that is approximately 1,150 feet from Sorrento Road. The residence is not visible from the subject parcel north of the Conservation Easement.

Referencing back to the Wetlands map provided by the staff, protected wetlands also consume approximately 50% of the land mass from Sorrento Road down the access road about 450 ft. As such, no building development can be pursued in this protected area so a determination of coexistence is not necessary because the road is the only developed feature.

Northern Border: All of the land to the North of the subject parcel is zoned Conservation and vacant so a determination of coexistence is not necessary.

Northwest Border: If you turn to Exhibit I, you will see a picture that I took on Sunday. You can clearly see that the the mini-storage warehouse has about 45 feet of shared border and it is obviously compatible with Commercial uses. We will discuss this picture more later.

Western Border: This border is primarily the concrete plant that was also involuntarily down zoned from a Special Development District (SDD) to LDR in 2015 despite operating HC/LI since 1993. It is true that compatibility with the current land use should not be considered because it is nonconforming with LDR zoning. However, it should be noted that both the subject parcel and the concrete plant parcel were SDD conforming and subsequently made nonconforming by the Escambia County administrative rezoning in 2015. Nonetheless, for the purpose of a compatibility analysis, the proposed uses of the subject parcel can reasonably coexist with a future LDR uses as well. If you would please turn to Exhibit H, this is another Google Earth Screen Shot that shows all of the development on the subject parcel, which includes two pre-existing commercial buildings, a parking lot with a concrete handicapped spot, a greenhouse supported by a concrete slab and the respective infrastructure for utilities are located on the eastern half of the property. This means that the vast majority of any Commercial uses will be concentrated a distance of about 295 feet from the western border. If you now turn to Exhibit J, this is a Google Earth Screen Shot of the NW corner looking Westward. You will notice that from the northwest corner point southward to the beginning of the wetlands, there is only a distance of 62 feet which means there is very little exposure along this border. Now referencing Exhibit H again, you can see that the usable upland property tapers from the northwest to the southeast leaving only a relatively small area abutting the two parcels. Exhibit I, a photograph of the actual area, shows this area is extremely dense with mature trees and vegetation so the parcels are virtually isolated. Sharing only 62 feet along the Northwest border minimizes the potential impact of uses and actions on either side and thereby supports coexistence even with LDR.

In summary, we again reject the staff findings for this criterion and we have demonstrated how the rezoning is completely compatible with the surrounding uses.

Addressing other staff findings in this section, We strongly contend that the Density and Uses Savings Clause Determination approved and signed 27 August 2018 continues to be valid for SCD uses. The subject property has been maintained and the utilities have been active since the signing date and there are routine visitors and workers on the parcel.

Criterion D., LDC Sec. 2-7.2(b)(4)
Appropriate if spot zoning

Where the proposed zoning would establish or reinforce a condition of spot zoning as defined in Chapter 6, the isolated district would nevertheless be transitional in character between the adjoining districts, or the differences with those districts would be minor or sufficiently limited. The extent of these mitigating characteristics or conditions demonstrates an appropriate site specific balancing of interests between the isolated district and adjoining lands.

Applicant Findings
The proposed amendment may or may not create spot zoning based on which definitions are used for the terms contiguous and adjoining, which are not further defined in Chapter 6 of the LDC. However, the definition in the Merriam-Webster dictionary is: " being in actual contact or touching along a boundary or at a point." However, if you turn once again to Exhibit I, the subject parcel clearly shares approximately 45 feet of border with the mini-warehouse to the Northwest that is zoned Commercial, although it is separated by a public right-of-way. For distance guaging, each rolling door on the mini-storage building is about 10 feet wide across. This means that the parcels are not kitty corner but rather they share about 45 feet of boundary. In addition, the parcel shares a border on the western boundary with the concrete plant that is operating as HC/LI. A common sense approach may also conclude that any two parcels can be considered to be contiguous or adjoining if they are not separated by another zoned parcel of land.

It is extremely important to understand that this criterion is based NOT solely on spot zoning, but rather on "appropriatenesss" if spot zoning is determined. Even if it was determined that this zoning created a "spot zoning" case, the commercial activity is "appropriate" because it is consistent with and furthers the purposes of the Escambia County comprehensive plan and FLU category, as referenced previously in Criterion A,

above. You will find the staff provided definitions for spot zoning but there is literally no analysis for a determination of "appropriate" which is the entire objective of this criterion. Government planning websites and published legal articles overwhelmingly and consistently reference compliance with the Comprehensive Plan and the respective FLU category for a determination of spot zoning and appropriateness., which was determined in Criterion A. In other words, spot zoning may be considered inappropriate from the start if it is not consistent with the applicable FLU category.
Therefore, rezoning of this parcel to Commercial will result in no adverse impacts on adjoining parcels and contribute to logical and orderly development. It should be acknowledged that "spot zoning" is considered inappropriate only if the use classification is totally different from that of the surrounding area for the benefit of the owner of such property and to the detriment of other owners. Shapiro, D, Esq. 2013. Understanding Spot Zoning. accessed 01 January 2020, <https://plannersweb.com/2013/11/understanding-spot-zoning-2/#return-note-10779-1>

It should also be acknowledged at this point once again, that the 2015 administrative rezoning is precisely what created this scenario and, without changes, even made the mini-storage facility across the street spot zoning.

Furthermore, the LDC Section 2-7.2 (b)(4) provides the guidance for a determination of appropriate spot zoning. In accordance with this Section, one must determine "if the differences between the districts would be minor or sufficiently limited." This pertains to the current LDR border on the east and west side. On the eastern border, again referencing Exhibit H and the Wetlands slide provided by the staff, the upland property is only a strip of land wide enough for an access road and the majority of the remaining frontage property is designated wetlands. Therefore, as also shown in Exhibit K, there is literally no impact to that LDR parcel that would result from a zoning change because the access road is the only developed feature and there is a line of mature trees and heavy vegetation that completely isolates and buffers the two parcels

Turning back to Exhibit I, On the western border, there is only 62 feet of shared border that can be accessed from either side of a 10 foot fence that also separates the parcels. The border area consists of mature trees and dense vegetation that completely isolates and buffers these two parcels as well. Because this is a very small area of shared boundary with virtually no exposure between the parcels, there is literally no impact that would result from a zoning change.

These physical limits on the borders unquestionably make the differences between the districts, or zoned parcels, minor and sufficiently limited. As such, rezoning of this parcel to Commercial will result in no adverse impacts on adjoining parcels. Because all of the other surrounding parcels are zoned conservation in perpetuity or have development restrictions due to the presence of protected wetlands, it is not possible for rezoning to impact these areas in any perceivable way.

Because of all of these reasons, if the rezoning request were to be determined as spot zoning, it is unquestionable that this rezoning is appropriate and consistent with the LDC in all aspects.

Criterion e., LDC Sec. 2-7.2(b)(4)
Appropriate with changed or changing conditions

If the land uses or development conditions within the area surrounding the property of rezoning have changed, the changes are to such a degree and character that it is in the public interest to allow new uses, density, or intensity in the area through rezoning; and the permitted uses of the proposed district are appropriate and not premature for the area or likely to create or contribute to sprawl.

Applicant Findings
The land uses and development conditions within the area surrounding the property of rezoning have not significantly changed. Because of this, the criterion of this "approval condition" is already compliant and consistent with the LDC. The surrounding commercial businesses have been operating for an extended period of time. Development sprawl has not taken place and is not possible because there is simply no more land available in the surrounding area that can be zoned to support commercial or industrial uses.

In response to the staff findings, this rezoning application is much different from the original submission presented to the Planning Board on 8-6-19 as you have now seen. Included in this current application is relevant history, zoning and land use data that was not previously presented or considered by either party and much more in depth analysis of the all the criterion.

The staff findings in this criterion simply provided only a definition of sprawl but did not provide any level of analysis or any level of determination. In any event, a haphazard development pattern of any kind is simply impossible because of permanent land zoning constraints surrounding the subject parcel. Wetlands also dominate much of the geography in the area which naturally prevent sprawl into environmentally sensitive areas protected by local, state and federal laws.

In closing, I understand that much of this presentation is technical in nature and we appreciate your patience. We have gone to great lengths to prove to you beyond a reasonable doubt that this application is unquestionably consistent and in accordance with" the LDC and Comprehensive Plan and we believe it should be supported and recommended based upon these objective criteria. Thank You
